For Businesses, High Incomes

## Nixon Calls For Tax Cut

BOSTON (UPI)—Vice President Richard M. Nixon Saturday proposed cuts in federal taxes on business and persons with high bracket incomes to stimulate continued business prosperity. He did not suggest any reductions for average wage earners. But he said they would benefit because "prosperity for the American people is inseparable from prosperity for American business."

The Vice President emphasized he was speaking only for himself and not the administration which has been strongly opposed to any major tax reduction at this time. Democratic leaders in Congress supported the administration's position in the congressional session concluded last month. Nixon outlined his tax relief program in a speech to the 50th anniversary of the Harvard Business School Assn.

## Noon Lions To Welcome Dist. Governor

The Pampa Noon Lions Club will welcome to town Thursday, W. F. "Bill" Hunter, District Governor of District 27-1 Lions International, which includes 93 clubs in this section of the state.

## Scout Finance Drives Shaping

Boy Scout independent finance campaigns are now taking shape in all towns of the Adobe Walls Council not connected with the United Fund. Scouters in Pampa and Lefors are assisting in the organization of the United Fund campaign.

## Groom Boy Wins Sears Gilt Show

Glen Britten, a Groom 4-H Club boy, showed the first place gilt in the Annual County Sears Gilt Show held at Recreation Park yesterday.

## Demo Leadership Is Armed For Showdown

By O. B. LLOYD Jr. United Press International SAN ANTONIO (UPI)—Sharp fighting lines emerged Saturday night as Texas' Democratic leadership armed for a showdown Tuesday to determine whether Liberals or Conservatives control the party's state convention.

## BULLETIN

ATLANTIC CITY, N.J. (UPI)—Mary Ann Mobley, Miss Mississippi, Saturday night was crowned Miss America.

## Army Stakes Claims In Outer Space

By CHARLES W. CORDDRY United Press International WASHINGTON (UPI)—The Army, traditionally a ground force, Saturday staked out future claims in space and told how Explorer satellites are charting its course.

## Hurricane Ella In Dying Throes

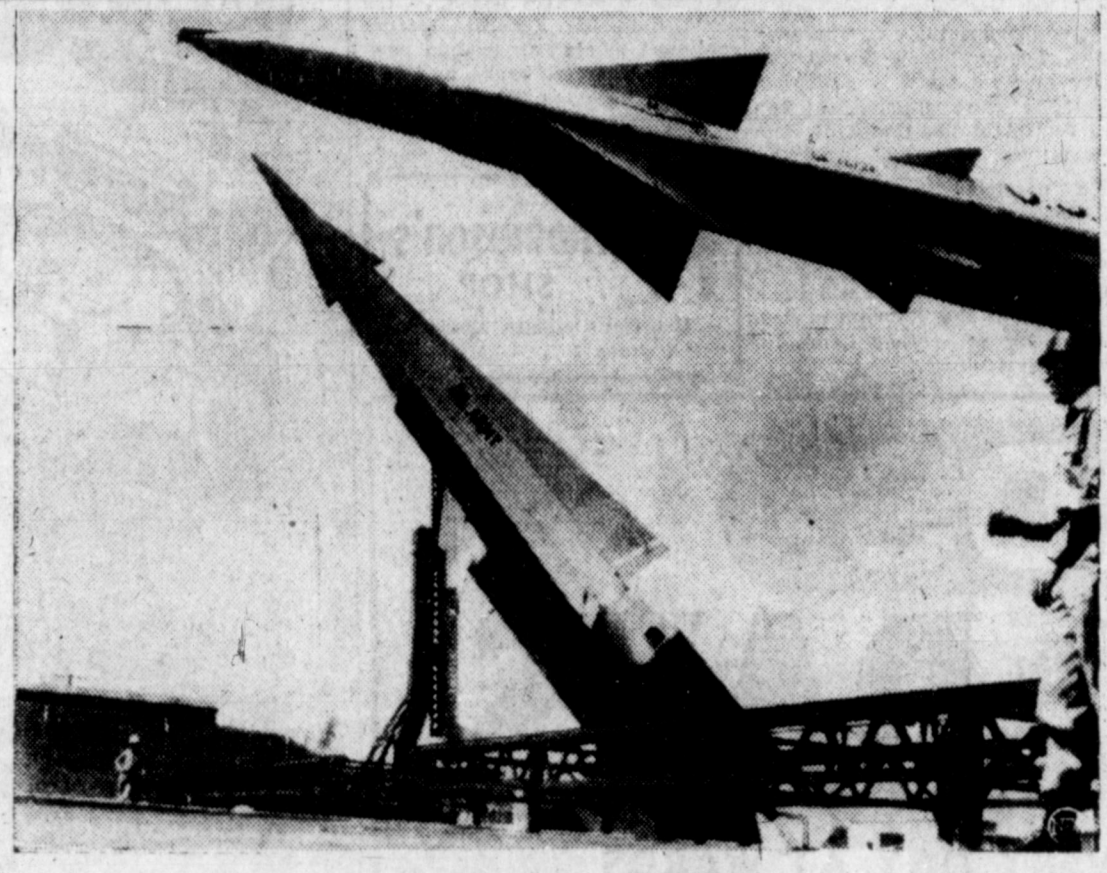

The dying throes of tropical storm Ella dumped up to nearly three inches of rain over a vast area of Texas Saturday. The storm's worst winds never exceeded 5 miles an hour along the coast and Ella blew out when she pushed inland and lost the moisture that kept her going over the Gulf.

## Another Storm

Another tropical storm—Fifi—was swirling through the Atlantic east of San Juan, P. R., and a hurricane watch was set for the Leeward and northern Windward Islands.

## Groom Boy Wins Sears Gilt Show

Glen Britten, a Groom 4-H Club boy, showed the first place gilt in the Annual County Sears Gilt Show held at Recreation Park yesterday.

Nike Hercules, center, described as the most effective weapon in America's arsenal of Air Defense, is shown after being unveiled during formal dedication exercises in Davidsonville, Md. The Nike Hercules can carry a nuclear or conventional warhead, and is considered faster than the Nike Ajax, front, which has guarded key cities and strategic areas of the nation for over four years. ### Economic Help Not Cure-All

By JOSEPH U. HINSHAW  
United Press International

WASHINGTON (UPI) — The United States has taken steps recently to meet many of Latin America's economic demands but such measures will not, in themselves, produce any magical transformation in the hemisphere, in the view of Washington economic observers.

The main burden for the area's development must still be shouldered by the countries themselves, these authorities say.

This will become increasingly evident in the months to come as the United States slowly whittles down the area of diplomatic disagreement with the Latin American over U.S. foreign economic policy.

### Less Dairy Cows; More Production

United Press International

Government dairy experts predict that the number of dairy cows on American farms will keep dropping in the years ahead, but they don't expect the decline to lower milk production.

The reduced number of cows will be offset by the steadily increasing volume of milk production from the remaining cows, USDA spokesmen said. They added that the milk production rate per cow may increase faster in the future than during the past 20 years.

USDA specialists also said they expect some slowdown in the decline in numbers of milk cows. They based this forecast on the prospect that meat prices may decline in a year or two, making it less attractive to sell dairy cows for slaughter.

Agriculture Secretary Ezra T.

### On The Business Scene

United Press International

Budget Director Maurice H. Stans said higher taxes might be avoided and the budget balanced in fiscal 1961 provided persons receiving special services from the government are required to pay more for them. He also laid down the condition of peace. If Benson is echoing the growing optimism of some Republican leaders over their prospects in farm belt campaigns this fall.

At Wellburg, W. Va., Thursday night, Benson told a Republican party meeting there is a distinct possibility that Republicans can win control of the House of Representatives.

He predicted the Democrats will lose several farm belt seats to Republican campaigners. The Agriculture Secretary said integrity in government will be a key issue in the November elections along with other items including agriculture.

all these are realized, he said, the nation actually can look forward to tax cuts and a step up in programs "for the nation's civilian welfare."

The United Auto Workers announced its international executive board would meet next Wednesday to select a strike target and set a strike deadline if no "fair" offer were made by the "big three" auto companies by that time. The union has been working without a contract since the end of May.

The Federal Reserve Board approved hikes in the discount rate of two more banks—Chicago and Minneapolis — from 1 1/2 to 2 per cent. Six out of the 12 Federal Reserve banks so far have raised the key rate which is the charge on loans to member banks. At the same time the Federal Reserve continued to restrain lending power of commercial banks by dropping free reserves 200 million dollars to 128 million, least since mid-January.

## Two Pilots Aloft More Than Month

**By PATRICIA RIEHL**  
**United Press International**  
**DALLAS (UPI)**— Two pilots, who have been aloft for more than a month trying to break the world's endurance record for light planes, say their flying hermitage is nothing like a simulated trip to the moon.

"That one little item of contact with the ground twice a day for refueling, mail and newspapers makes it a lot easier," said 33-year-old William Burkhardt, a former Air Force Psychological Warfare officer. Burkhardt's partner in "The Old Scotchman," a 1968 Cessna 172, is Jim Heth, 25, once a Marine aerial photographer.

The pair will have been flying 34 days Friday over Dallas, Houston, San Antonio and Shreveport, a chain of radio stations owned by Gordon McLendon, of Dallas, whose nickname is "The Old Scotchman."

The plane and its record-bound crew took off from Dallas Aug. 2 at 7:01 p.m. They intend to stay in flight for about 1,200 hours to break the current world record of 1124 ours, 32:05 minutes set in 1959 by two pilots at Yuma, Ariz.

**Daily Refueling**  
 Daily routine calls for refueling at 6 a.m. and 6 p.m. "That's how we get our exercise," Burkhardt said. The plane has a rendezvous with a pickup truck loaded with supplies at a landing strip. The truck gets up to about 60 or 70 miles per hour and the plane synchronizes its speed with it.

The pilots lower a nylon rope with a hook attached and it is fastened to supply packets which they pull up to the plane. They get hot meals, mail and newspapers along with fuel and oil.

Burkhardt and Heth take turns sleeping on a mattress stretched across the airplane floor. The rear seat has been removed.

## Guam-Based Jet Bombers Stand Ready

**By JAMES C. WEBSTER**  
**United Press International**  
**OMAHA (UPI)** — Guam-based B47 jet bombers stand ready to deliver nuclear bombs around the clock under the Strategic Air Command reflex concept.

SAC headquarters at Offutt Air Force Base near here would not say whether the six-wing Stratofortresses were armed with nuclear weapons on a routine bases, only that "they aren't carrying bows and arrows." Nor would a spokesman say how many of the bombers were stationed near Formosa—the current Far East trouble spot.

Burkhardt is 5-foot-7 and fits the mattress nicely, but six-foot Heth "can't quite make it."

The reflex program, operative since last October, keeps B47

mand, Gen. Curtis E. LeMay, former SAC chief and current vice chief of staff for the Air Force, flew to Formosa to consult with Nationalist Chinese officials.

The action did not necessarily mean that the United States was contemplating using the bombers, many of which are kept on 15-minute alert on a routine basis, LeMay said in Honolulu his visit had been planned long before trouble erupted in the Formosa Straits.

SAC's reflex program keeps an undisclosed number of its B47s well forward—in Guam, England, Spain and other countries. More B47s plus wings of longer-range B52s and jet tankers in the United States constantly backstop them.

Jet bombers on Guam come from nine B47 wings stationed at 15th Air Force bases in the western third of the United States.

SAC's underground war room nestled in a Missouri River bluff, keeps constant check on the deployment of its aircraft and direct telephone lines to all SAC bases can be seized to send its full force, armed with nuclear weapons, aloft on short notice.

The reflex program, operative since last October, keeps B47

**Industrial Stocks  
Average New High**

By ELMER C. WALZER  
UPI Financial Editor  
NEW YORK (UPI)—The industrial stock average rose to a new high for more than a year on Wednesday, the anniversary of the peak of the bull market of the 1920s.  
This average slipped back from its high but netted 4.14 points to close the week at 512.77. Railroad shares failed to set a new high and closed with a small loss on the week.  
Utility stocks ran up 1.30 and the average for 65 stocks gained 1.28 points. The latter also set a new high for more than a year on Wednesday. The utility rise was made possible by a spurt in Commonwealth Edison which announced a unique dividend plan to pay out practically all its earnings.  
Trading in the market during the curtailed week amounted to 11,800,284 shares, a daily average of 2,950,071 shares. That compared with a daily average of 2,715,552 shares in the previous week.  
Low priced stocks again featured the market. There was a better demand for the blue bloods later in the week with American Telephone and Eastman Kodak strong features.  
Business news continued favorable. The major lines except autos showed a less than seasonal dip in the labor day week. The indications pointed to new gains ahead

with a good advance in the final quarter, experts said.  
But the market had several things against it. One was the height to which prices have gone, bringing into territory where many people want to take profits. Secondly the Far Eastern situation posed several uncertainties which appeared to be restraining some traders.  
Wall Street said the list-behaved well. Trading quickened when prices were in a rise and fell off when profit-taking developed.  
Not a few of the market men believe there will be a test of the all-time high in the industrial average before long. That high was set on April 2, 1956, at 521.05. Some disappointment was displayed when the rails failed to set a new 1958 top along with the industrials.  
The lure of the projected Studebaker-Packard small car brought heavy trading into that issue and led the market in turnover in several sessions. It reached a new high. Chrysler, however, received without a qualm news that it would go into the small car field domestically if General Motors did.  
Steel shares lost their recent snap and the leading issues retreated small fractions. Orders continue to come in for steel but there is a growing caution in the prospects of a strike in the automobile industry that could slow steel buying quickly.

**Contract Goes  
To McClung**

(Special to The News)  
PERRYTON — J. A. "Shorty" McClung of Perryton won the contract for the completion of the industrial road to SE 9th with a bid of \$13,745.40 in action by the county commissioners court this week.  
McClung was the only bidder for a bank gravel base and his bid was above one by Lee Milligan of Amarillo on a pit caliche base which was about \$600 lower than McClung's bid.  
Another consideration by the court in awarding the bid to McClung was a guarantee for completion of work in 45 days compared to 90 days for the other two bidders on the construction job.  
Bids on a crushed caliche base were \$19,578.44 by Milligan, and \$17,206.92 by Gilvin Terrill. McClung did not bid on a crushed caliche base.  
McClung will have 45 days to complete the work after completion of the engineer's survey and notification to begin construction. All details should be completed and work ready to start within 10 days to two weeks.  
The road will have a 12-inch bank run gravel base, the same as used on the portion of the road already completed. A triple inverted penetration asphalt surface will be laid.

**New Angle  
On Imports  
Reported**

LAREDO, Tex. (UPI)—A new approach to excessive oil imports and a renewed drive toward "price equity" have been announced by the executive committee of the Texas Independent Producers and Royalty Owners Assn.  
In an all-day meeting Friday, TIPO voted to seek relief from oil imports under the "countervailing duty" provision of the 1950 tariff act and called for "improvements" in the administration's imports program to "lessen or remove economic advantage of foreign oil."  
TIPO officers were authorized to seek action before the Federal Power Commission to equalize wellhead prices for similar gas in the same reservoir, using the anti-discrimination provision of the natural gas act.  
Serious concern was voiced over the flow of "unreported out-of-state oil" into Texas, particularly from the Four Corners area of Colorado, Utah, New Mexico and Arizona.  
The road will have a 12-inch bank run gravel base, the same as used on the portion of the road already completed. A triple inverted penetration asphalt surface will be laid.

**New Organization  
Here Races Pigeons**

By WALLACE TRUESDELL  
Pampa News Staff Writer  
One of the newer organizations in Pampa, and something new for the area, is the Top O' Texas Racing Pigeon Association formed by seven pigeon enthusiasts from Pampa and White Deer.  
Buddy Epperson, 1524 Hamilton, is president with Darrell Dupuy of White Deer, vice president; Walter Thomas, White Deer, is secretary-treasurer; and Jim Cantrell, 412 Lowry, publicity director.  
Organized in early summer the club is, as Epperson says, "still in its infancy," just as the sport of pigeon racing in the West has a long way to go.  
Pigeon racing, to begin with, is the national sport of Belgium. Aside from Europe, it comes closest to being a major sport in the East. Some of Epperson's pigeons came from Baltimore, Md., but most of Cantrell's are from Oklahoma.  
Both are concerned with the scientific breeding of pigeons to get the best of the strain. Pigeons will mate for life unless separated. The best mating time is in the spring.  
The racing of pigeons takes a little psychology. For instance, they never race a bird with its mate. There are two reasons why a pigeon comes home, aside from instinct, they believe. One is the meal that is waiting for it. Another is its mate and the young.  
Some of Cantrell's birds have covered the 76 miles from Sayre, Okla., to Pampa in an hour and 20 minutes. A bird's speed is judged on the yards per minute flown, the average on a hundred mile flight being 1,400 yards per minute or about 50 miles per hour. These birds have a tendency to fly best against the wind, according to Cantrell.  
The club is allied with Texas Center, which is a branch of the American Racing Pigeon Association. The local officers plan to hold a rigid inspection of all Club lofts to safeguard the health of the pigeons.

**Weekly  
Livestock**

CHICAGO (UPI) — Weekly livestock:  
Hogs: Steady to 25 higher for the week; prices advanced sharply Wednesday but tended lower the remainder of the week. Top Wednesday 20.75, highest since Aug. 22, for No. 1-2 235-lb butchers; closing top 20.35 for deck of No. 1 210-lb butchers and selected lots No. 2-3 230-240 lbs; several hundred 200-225 lbs 20.10-20.25; bulk No. 1-3 195-225 lbs 19.75-20.10.  
Cattle: Slaughter steers steady to 50 higher, most advance on choice and prime under 1,200 lbs; heifers mostly 50 higher; vealers fully steady; load prime 1,267-lb slaughter steers 29.25, highest since July 23; 25 loads prime 1,175-1,400 lbs 28.75 and 29.00. Most high good to prime 26.00-28.50; bulk choice 26.50-27.50; few loads high choice and prime heifers 27.00 - 27.50; load 1,100 lb weights 27.50; most good and high choice heifers 24.00 - 26.75; good and choice vealers 29.00-33.00.  
Sheep: Spring slaughter lambs 50-1.00 lower; 820 yearlings but not enough yearlings sold to test market; bulk good and choice springers 21.00-24.50; two loads choice 100-lb shorn spring lambs with No. 1 pelts 24.50. Few lots mostly prime 85-100 lbs 25.25-25.50; few mostly good shorn yearlings with No. 1 pelts 22.00-22.50.

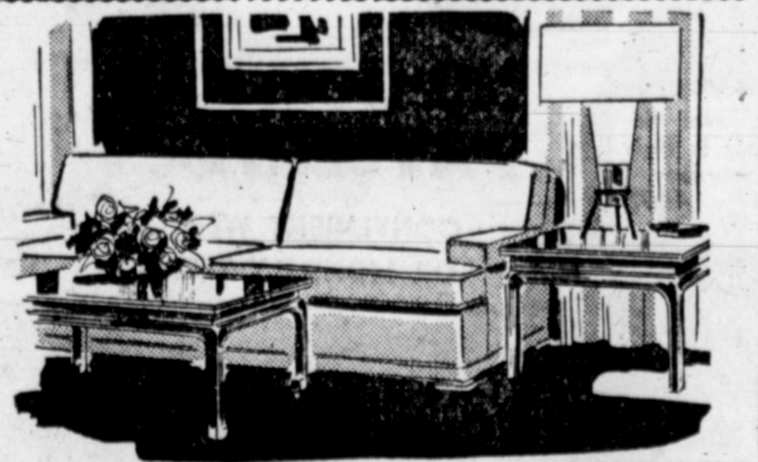

**Cotton Farmers  
May Exceed  
Allotments**

WASHINGTON (UPI) — Cotton farmers will be permitted, under a choice program, to exceed their 1958 cotton planting allotments up to 40 per cent, Agriculture Secretary Ezra Taft Benson announced Friday.  
Farmers taking this choice will be eligible for government price supports at 15 per cent of parity below supports extended to producers who choose to comply with their acreage allotments.  
Supports for farmers who choose to stay within their regular farm allotments will be not less than 80 per cent of parity.  
Parity is the price calculated to give the farmer a fair return in comparison with the cost of things he must buy.  
The choice program was authorized by Congress shortly before adjournment. It gave cotton growers the choice between exceeding allotments up to 40 per cent and sticking by the allotments.  
The law directed the department to set the percentage by which the allotment might be exceeded. Benson elected to permit the growers to take the entire 40 per cent increase.  
Nassau, capital of the Bahamas, began as a pirate town. Buccaneer Henry Jennings made it his headquarters.

"I'll always have a feeling of deep affection for Herbie. He introduced me to Richard."

**YOU and YOUR HOME**  
by Jack Foster

**COMBINE STYLES? ... CERTAINLY!**

We all want the homes we live in to express charm and good design. We like them decorated and furnished in the style that best suits our individual tastes — that most accurately reflects our way of life.  
Style need not be a slavish following of a set pattern — (unless of course, you happen to be a collector with a decided preference for the furnishings of a particular period.) For instance, if you like a Modern room, your furnishings need not all be new Modern to achieve the desired effect. Your room setting, background, colors, grouping, your selection of accent pieces and accessories — all of these factors contribute toward putting your room in a "Contemporary" mood.  
There is a close and congenial relationship between Modern and Traditional furniture — both styles have functional utility as well as beauty as their prime objectives. So it quite naturally follows that

**DO YOU BELIEVE:**

That Jesus Christ is the only begotten Son of God; that He alone is the head of the Church?  
That the Bible is Divinely inspired; that it is the only infallible rule of faith and practice?  
That Jesus' prayer for the unity of the church can be answered by restoring simple New Testament Christianity with its doctrine, its ordinances, its fruits?  
If you believe these truths you will be interested in a new Christian Church to be built in Pampa. One free of outside ecclesiastical domination.  
If interested write to the Panhandle Evangelistic Association, Box K-1, c-o the Pampa Daily News, Pampa, Texas.

## Miss Texas In Atlantic City Finals

By CLAIRE COX

United Press International ATLANTIC CITY, N.J. (UPI)—Seventeen of the 52 girls entered in the Miss America pageant hit pay dirt Saturday night.

The top ten girls who will appear in the semifinals for Miss America are:

Miss Alabama, Lee Thornberry, Birmingham; Miss Arkansas, Sally Miller, Pine Bluff; Miss California, Sandra Lee Jennings, Riverside; Miss Connecticut, Billie June Turner, New Canaan; Miss Iowa, Joanne Lucille MacDonald, Ames.

Miss Mississippi, Mary Ann Mobley, Brandon; Miss North Carolina, Betty Lane Evans, Greenville; Miss Oklahoma, Anita Bryant, Tulsa; Miss Texas, Mary Nell Hendricks, Arlington; and Miss Utah, Janet Carolyn Secor, of Salt Lake City.

Non-finalist scholarships of \$1,000 each were awarded including one to Miss South Carolina, Gene Lenoir Wilson, of Charleston, for the most talented classical or semi-classical singer.

Freckle-faced Ann Louise Willis, one of eight children and a daughter of invalid parents, gave her little state of Rhode Island a big victory earlier Saturday by being chosen "Miss Congeniality" by her 51 competitors.

The other girls clapped and cheered but Miss Willis, 18, burst into tears when her victory was announced in Atlantic City's huge Convention Hall during the last rehearsal for Saturday night's pageant grand finale, at which Miss America will be crowned.

She is one of the tiniest girls here—measuring 5 feet 2 inches, but she finally mustered the biggest smile.

The \$1,000 scholarship she wins along with the title of Miss Congeniality means that she will be able to go to college for at least two years. Otherwise, she might have had to stay at her present job, working in a department store.

The congeniality title is one of the most coveted of the entire beauty pageant. Girls have been campaigning for it all week, but pageant veterans said that as usual, the one who tried the least came out on top.

Also to be chosen before Miss America is crowned shortly before midnight are the 10 top semi-finalists, then the 5 top semi-finalists and the winners in various talent classifications. These will be announced to the nation on a television presentation from 10 p.m. to midnight.

After the pageant ends at midnight sharp, the new Miss America will reign over a grand ball until 4 a.m. West Point upper classmen have been brought to Atlantic City to be the girls' dancing partners.

Then the losers will pack up and go home, each with her \$10 consolation prize, and the winner

starts on a year-long trek back and forth across the country making public appearances, endorsing products and generally plumping for Miss America.

Her prizes include a \$10,000 scholarship, \$15,000 in prizes including a car, a TV set, furs and a complete wardrobe, and a year-long employment assuring her between 50,000 and \$75,000.

The prize money awarded Saturday night totals around 35,000 with scholarships ranging from the \$100 last place awards to the Miss America jackpot.

Rhode Island's little Willie, as she is called by her family, friends and fellow contestants, has won contests before. Her first victory was the winning of a religious medal for writing the best prayer in a prayer contest sponsored by St. Matthews Roman Catholic Church in Cranston.

She also has been Cranston night queen and was head cheerleader at high school last year. She had the lead in the senior class play and has written poetry. Her high school record was so good that she received a scholarship.

The \$1,000 Miss Rhode Island won Saturday means she can attend the Boston Museum of Fine Arts School, associated with Tufts University, for two years.

"With six brothers, you learn how to get along with people," she said to explain her winning the congeniality title.

## C. L. Carter Rites Are Monday

Mr. Charlie Lester Carter, 65, died at 7:15 p.m. yesterday in his home at 404 S. Gray. He was the victim of a heart attack.

Mr. Carter was born on Feb. 7, 1893, in Evening Shade, Ark. In 1926, he moved here from Arkansas.

He is survived by his wife, Minnie of Pampa; two daughters, Miss Fannie Lee Carter of Pampa and Mrs. Pauline Skidmore of Panhandle; four sons, Otto, Laniel, Paul and W. A., all of Pampa; three brothers, R. C. of Mobeetie, Eldon of Lefors and Edgar of Happy; a sister, Mrs. Chester Morris of Borger, and five grandchildren.

He was a member of the Odd Fellows and of the Masonic Lodge. Funeral services will be held at 2 p.m. Monday in the Central Baptist Church with the pastor, Rev. T. O. Upshaw, officiating.

Burial will be in Fairview Cemetery. Funeral arrangements are under the direction of Duenkel - Carmichael Funeral Home.

## Theatre Production Group Planned

A theatre production group for Pampa will stage its first meeting Friday night in Lovett Memorial Library. The organization meeting has been set for 7:30 p.m.

Anyone interested in or experienced in any phase of show business will be enthusiastically welcomed, according to promoters of the new group.

## Soviets Crack Down On Red Army

LONDON (UPI)—The Soviet government and the Communist party have cracked down on the Red Army to bring it under better control, it was disclosed Saturday. The Army was warned to beware of "debauchery, indiscipline and drunkenness."

The political chief of the Moscow military district has been fired in a new move to tighten the grip of the party over the army.

Red Star, the organ of the Defense Ministry, said that Lt. Gen. A. Dubovsky has been "replaced" by Lt. Gen. D. Yegorov, former political chief of the Red Army forces in Hungary, where he apparently proved his reliability.

Dubovsky's downfall followed recent Soviet press attacks against him for permitting hooliganism in the armed forces in his district. But the gravest charge, which

find this interference, then remove it so these nerves can return to normal after which they will not react to such stimuli. Take this case from our clinic files as a good example of how it's done.

This young man, age 16, complained of a nervous allergy. A red swelling resembling a scald would appear on various areas of his face, feet or body. He was nervous, had frequent colds and had an asthmatic wheeze since a bad pneumonia attack. He was taken to several specialists and had allergy tests and various treatments all of which failed. He was advised to stay away from Chiropractors.

Discouraged, he came to the MILLER CLINIC where he was examined and a spinal injury, causing interference to condition of your body. Normal people with normal bodies can be discovered. Under correct adjustments, realignment was made and the interference removed. The complaints rapidly disappeared as normal function was permitted to return. This young man is now serving his country in the Armed Forces, No. 1317.

For health's sake, personally investigate. What have you got to lose except bad health?

MILLER CHIROPRACTIC CLINIC 1431 N. Hobart Ph. MO 4-8424, MO 4-8425 OFFICE HOURS Mon.—Wed.—Fri. 9—12 and 4—7 Tues.—Thurs.—Sat. 9-12

are allergic. Now that we have admitted this quite obvious fact, what are we going to do about it? We can check it with drugs, an endless task, or try to find what causes it and remove the cause to end the whole thing.

An allergy is an abnormal jury, causing interference to condition of your body. Normal people with normal bodies can be discovered. Under correct adjustments, realignment was made and the interference removed. The complaints rapidly disappeared as normal function was permitted to return. This young man is now serving his country in the Armed Forces, No. 1317.

For health's sake, personally investigate. What have you got to lose except bad health?

MILLER CHIROPRACTIC CLINIC 1431 N. Hobart Ph. MO 4-8424, MO 4-8425 OFFICE HOURS Mon.—Wed.—Fri. 9—12 and 4—7 Tues.—Thurs.—Sat. 9-12

Nerves that are tender and easily stimulated are sick nerves because something is irritating or interfering with their normal function. Our job is to search for and

**OUTWARD TO THE STARS (12)—Robot Scouts**

By Don Oakley and Ralph Lane

(1) At the same time that men are undergoing simulated space trips in sealed capsules on Earth, and edging ever further into the fringes of space in rocket planes like the X-15, progress in unmanned vehicles, or robot scouts, will continue to advance. Not too many months should see the launching of a television-equipped satellite which will relay a picture of what the Earth looks like at an altitude of some hundreds or thousands of miles. Vehicle at left is going into orbit, its television device and antennae already extended.

(2) In the first Moon shoot, scientists had a choice of three possible methods: a rocket to orbit around the Moon, or both Moon and Earth; a "hard" landing (crash) against its surface; and a "soft" landing upon it, the most difficult of all.

(3) A robot scout will undoubtedly precede men to the Moon, and probably the other planets. Here, automatic devices have positioned such a rocket tail-first to the Moon's surface as it approaches. Its landing pads have been let down, as a radar altimeter triggers its braking rockets. An atmospheric altimeter and wings would be useless on the airless Moon.

(4) Successfully landed, panels on the sides of the robot fall away, exposing instruments which will measure temperature, atmospheric density (if any) and make other measurements. Solar or battery-powered radio beams this information back to Earth. A lonely sentinel on the Moon's forbidding landscape, it will perform an invaluable service, paving the way for the first venture of man himself to the Moon.

Next: Man Into Space.

**From Previews, It Will Be A Pleasure To Miss Some TV**

Television in Review  
By WILLIAM EWALD  
United Press International

NEW YORK (UPI)—Views and reviews:

A local station here (WTNA-TV) pulled an unusual stunt Thursday night. It devoted two hours of its time to capsule previews of some of its new fall shows. Among the filmed series it trotted out—some of which may be seen in your town this season—were "How to Marry a Millionaire," "Man Without a Gun" and "Alice."

From the brief glimpses that shown of each series, I would say it will be a pleasure to miss them all, particularly "Alice," a situation comedy about a small girl that seems to be feverishly devoted to the notion that the viewing audience is simple-minded.

The more I watch TV family situation comedies, the more I become convinced that CBS-TV's "Leave It to Beaver" is the class of its field. Its humor is warm without being cloying, its plots are inventive without being far-fetched and the members of its family are attractive and real.

The two kids in "Beaver"—Jerry Mathers and Tony Dow—But I think at least a passing nod

Carson will fill in ... There's a good possibility that CBS-TV will continue its summer show, "Keep Talking," in the Tuesday night spot the network originally had assigned for its new "Invisible Man" series.

Fred Astaire's dancing partner for his special one-hour NBC-TV show on Oct. 17 will be Barrie Chase, who has appeared in such films as "Les Girls," "Silk Stockings" and "Designing Woman" ... Rip Torn and Betty Lou Holland have been added to the cast of the NBC-TV special, "Johnny Belinda," on Oct. 13.

Fred Waring's daughter, Dixie, a recent graduate of Penn State, will make her show business bow on the Sept. 15 ABC-TV "Voice of Firestone," when Waring's Pennsylvanians take over the program ... NBC-TV's "This is Your Life" will tape one of its shows in Honolulu this season.

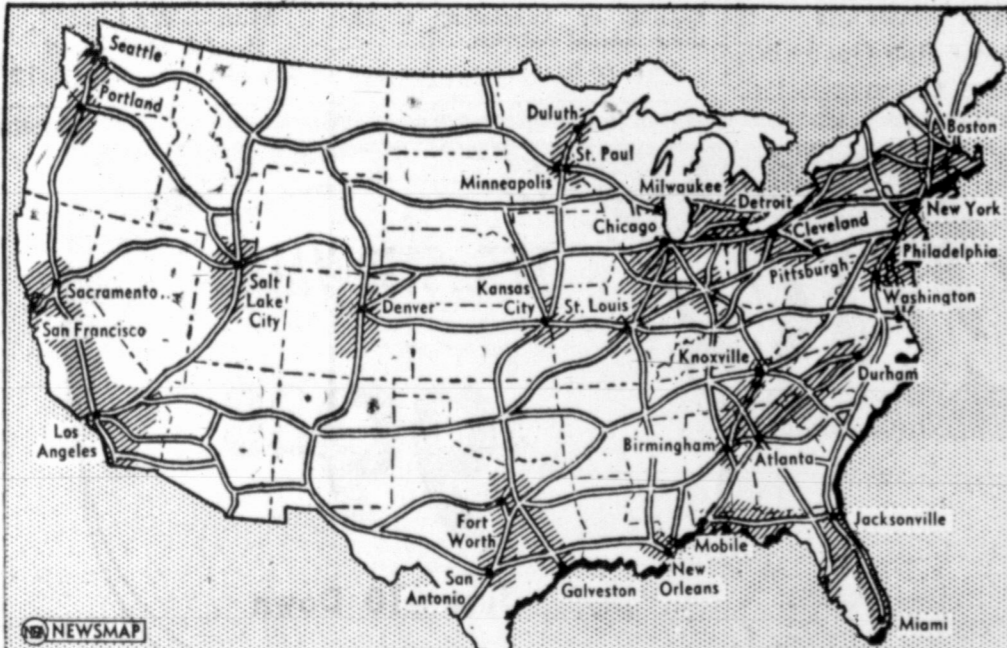

**WHALE'S SKIN**  
Skin of the huge blue whale is about the thickness and color of carbon paper, a covering which is backed by a thick layer of insulating blubber.

Alexander Hamilton is said to have written most of George Washington's farewell address.

Read The News Classified Ads.

The shell of mollusks, made of carbonate of lime, hardens from a liquid which the animal secretes from its body.

Only one of the outlying territories of the United States has commonwealth status, that being Puerto Rico.

**INTERURBIA OF 1980**—America's population is growing rapidly, autos are giving it increasing mobility, aided by the new Interstate Highway network. This combination has led to predictions of a new kind of United States within the next generation—a land of great "strip" cities stretching along the highway arteries. Newsmap above, based on data from Business Horizons magazine, shows how the face of this changed America may look. Already a 600-mile-long interurbia stretches from Maine to Virginia. To the west, an even more tremendous series of connecting strip cities is shaping up. These would connect the Middle West and the Great Lakes with the eastern seaboard.

**"We have cut our food bill by 1/3 since we bought our ELECTRIC Home Freezer!"**

says **MR. RAY MAY,**  
1505 South Kentucky,  
Roswell, New Mexico

"As an average, working couple, we didn't realize how easy it is to buy a freezer until we got ours," says Mr. May. The Mays grow food for their freezer, too, and Mr. May adds, "We fill our freezer from our small garden space every year." How wonderful to pick garden-fresh vegetables out of your home freezer all year 'long. The delightful experience can be yours just as soon as you get your home freezer—whether you 'grow your own' or 'buy 'em on special' at the market.

## Algerians Will Receive Texas Wheat

(Special to The News)  
**PERRYTON**—A dedication service will be held on Wednesday afternoon, to dedicate a carload of wheat being shipped to needy people in Algeria from citizens of Ochiltree County.  
 The ceremony, scheduled at 1:30 p.m. along the eastern section of the Santa Fe railroad tracks in Perryton, will be headed by G. James Huston, director of the Texas Christian Rural Overseas Relief Program, and by Wilson Radway of the national CROP organization.  
 This carload of wheat represents the donations of many Ochiltree county farmers and will be shipped on Sept. 11.  
 The CROP program has been directed locally by Clyde C. Fry, district supervisor of CROP at Waka, along with other area workers.  
 Contributions are being accepted for the CROP program and will be taken locally by Aldon Bell at the Equity; Ed Garland at the Perryton National Bank and by Rev. Clyde Fry at Waka.  
 CROP is administered by churches to provide food from America to those in other lands who are hungry. Most of the work is done by volunteers and the program has drawn world wide acclaim since its inception shortly after World War II.

## School Enrollment Continues To Spiral

**PERRYTON**—Enrollment in the Perryton schools continued on an upward spiral for the fall term, with a record 1,646 students on hand for first classes Wednesday morning. High school students met classes Tuesday morning as junior high and elementary students completed their enrollment.  
 The largest class ever to enroll in Perryton schools checked into the first grade, with 198 pupils starting their first year. Second largest class was in the third grade where 188 students enrolled.  
 Total school enrollment shows almost a 65 per cent increase from five years ago (1953) when only 1,002 pupils were in classes. It is up over 17 per cent from the start of school last year, which showed a total enrollment of 1,406.  
 Enrollment has been climbing steadily in the past five years with 1,034 enrolled in 1954, 1,087 in 1955, and 1,277 in 1956.  
 Elementary classes had 814 this year compared to 720 last year, with 198 in the first, 132 in the second, 188 in the third, 132 in the fourth, and 140 in the fifth.  
 The same spiraling figures prevailed in junior high school which has 403 this year compared to 312 last year. By classes there are 171 in the sixth, 124 in the seventh, and 108 in the eighth.  
 Enrollment in high school classes was up 55 from last year, with 429 compared to 374. The freshman class has 120, sophomores 122, juniors 416, and seniors, 71.  
 Faculty and administrative personnel in the school kept pace with the enrollment, with a record high of 80 persons employed in teaching, administrative and secretarial positions.  
 Thirty teachers are on the elementary staff, 15 on the junior high school faculty, and 25 in high school. Of the remainder, four are in administration, three are secretaries, one is the school nurse, one is guidance director, and one is audio-visual director.  
 Bonds already have been voted to relieve the crowded conditions in the school, with construction due to get underway soon on a new elementary building. A new \$1,370,000 high school is scheduled for opening in 1960. After the high school is built, the present high school will be converted to use by junior high school students.  
 At the close of 1957, the total population of Canada stood at 16,900,000.

**KEEPING COOL**—Finding relief from the Florida heat is no problem to Pengy the Humboldt penguin. He's happily perched on a 25-pound cake of ice at his new home in the Miami Seaquarium. If he ignores the palm trees, he can pretend he's back in his old stamping grounds.

## Clarendon Jr. College New Program

Clarendon Junior College is offering a full schedule of college courses to be taught at night school for the first time this fall to any adult without any prerequisites or course to be taught at night school diploma required, if college credit is not desired, Oliver J. Abel, Dean of the College announced this week.

If college credit is desired, then certain limited prerequisites are required; however, the night school has been established as a branch of a college primarily to serve the adults of this area and the limitations are at a very minimum to qualify for full college credit which can be fully transferred to any college or university since Clarendon Junior College is a fully accredited junior college.

Enrollment is not limited to adults, but is open to all persons interested in furthering their education, as is the day school branch of the college.

Courses to be taught at the night school are as follows: Monday, Beginning and Advanced Typewriting, Bible (The Life and Teaching of Jesus), and The Mathematics of Finance; Tuesday night, Business Law, American & State Government, and Bible (The Prophets); Wednesday night, Secretarial Accounting, and Beginning Chemistry; Thursday night, Art (Creative Hobbies), business Mathematics, and Bible (Survey of the Old Testament); Friday night, American History, and Education (Elementary teaching).

Classes meet for only one night per week from 7 p.m. until 9:40 p.m., with intermissions on the hour.

All courses carry three hours credit except Chemistry and Secretarial Accounting which carry four hours credit, and the cost is \$5.00 per semester hour.

Registration will be held on September 8th, at 7 p.m. in the Administration Building of the College, and further information may be obtained by writing to the Dean, Clarendon Junior College, Clarendon.

The night school program has been established to offer courses required of those who are seeking a college degree, teacher certification or vocational competency, as well as to offer courses that aid persons who have never had the opportunity to attend college the chance to achieve cultural, social artistic, and religious desires and goals they have hoped many times they could pursue.

In addition, the vocational courses are designed to improve the individuals ability on the job he or she now holds, and to aid the individual in choosing a field of employment that will be satisfying.

"We hope that many in this area will form car pools and drive over to Clarendon one night each week to attend this night school," Dean Abel said.

In addition to the night school, a full two year course of Freshman and Sophomore college work which can be fully transferred to the senior college or university of your choice is available during the day school of Clarendon Junior College, the Dean pointed out.

"In the past many recent high school graduates as well as adults have driven to Clarendon daily to attend such classes," he added. "And many of these students have gone on from here to become teachers, lawyers, engineers, and even doctors."

"There are many advantages in attending a small college for the first two years, including the saving of money by living at home, and driving to college in Clarendon," the Dean concluded.

**CHEAP FREIGHT!**  
Before the introduction of railroads, it cost 20 to 25 cents per ton-mile to move freight overland. It cost about \$100 to move a ton of freight from New York City to Buffalo, a distance of about 425 miles.

## Machine Helping Find Brain Tumors

By PATRICIA McCORMACK  
United Press International

BETHESDA, Md. (UPI) — A modified geiger counter with a \$19,000 heart of solid gold is helping doctors to locate brain tumors painlessly and without penetrating the scalp.

The 32-pound block of gold for the tumor detector was obtained from the U.S. Treasury Department. It is guarded carefully and deposited in a safe at the National Institutes of Health in Bethesda, Md., after each use.

The instrument has been used to test 179 patients and, according to Dr. Pearce Bailey, "our localizations have proved to be correct in over 86 per cent of the cases."

The director of the National Institute of Neurological Diseases and Blindness continued:

"The new tumor detector is absolutely painless. You do not have to cut, you do not even have to cut the skin of the scalp. It takes about an hour and a half to scan the complete head.

"I think we have a real contribution here, and that it can be adapted with further improvements for mass screening of brain tumor patients.

"I think eventually it will be-

come standard equipment—it, or some modification of it—in most large general hospitals in the United States."

The gold geiger counter scans the head of a patient who has been given an intravenous injection of radioactive iodine.

Once the radioisotopic material gets into the brain it is soaked up by normal and tumor tissue and at once waves emanate from the patient's head.

The waves are picked up by the solid gold diaphragm of the tumor detector. The diaphragm connects with a complicated system of amplifiers and electronic devices that eventually activate a mechanical marker which makes a dot on paper for each wave.

Since the radioactive isotope concentrates more heavily in tu-

mor tissue than in normal brain tissue, the dots are much more numerous when the scanner gets over a tumor.

The tumor actually rattles on itself, and once the scanning is completed doctors have an accurate dotted drawing of it.

**"BASE METALS"**

The term "base metals" is used to describe common metals, such as nickel, copper and chromium, as distinguished from precious metals, which are gold, iridium, osmium, platinum, palladium, rhodium, ruthenium and silver.

**SOLE IMPEACHMENT**

Only instance of impeachment proceedings against a member of Congress was in the case of William Bount, Tennessee senator, in 1798. The charges were dismissed.

# White Deer, Perryton, McLean Open With Wins

## Bucks Bop Groom By 36-6 Tally

WHITE DEER (Sp) — With fullback Hershel Powell and halfback Allen Harmon clicking on their heels for 304 yards between them, the White Deer "Bucks" battered down Groom High's Tigers, 36-6, in the season opener for both clubs here Friday night.

A capacity crowd watched Powell grind under 160 yards in 18 trips with the ball for an 8.8 rushing average and Harmon dash for 144 yards on 19 carries for a 7.6 average to demoralize the Groom defense.

Powell scored three times on runs of 2, 3, and 24 yards and added a pair of two-point conversions on three-yard bursts. Harmon out loose for two TD's on sprints of 10 and 42 yards, and had a 39-yard scoring jaunt called back when one of his teammates was caught holding on offense.

It was a close contest until the third quarter when the Bucks, champs of District 1-A last year and in 2-A this fall, broke the game wide open with a pair of TD's to hike a 14-lead to 28-0.

Following a lopsided first period punt that gave the Bucks the ball on the Tiger 25, Powell capped a short drive, smacking over right tackle from the two. He ran the three yards up the middle for the extra points.

Powell bucked three yards for a second quarter score to cap a 64-yard march and was stopped

The Pampa Daily News

51st Year SUNDAY, SEPTEMBER 7, 1958 9

short on his run for the conversion. After Harmon had his 39-yard scoring run called back, White Deer punted and Groom rolled 61 yards for their only score of the game, Melvin Butler racing the last 22 yards untouched around right end. A run for the two extra points was halted.

	White Deer	Groom
First Downs	19	7
Net Yards Rushing	335	164
Net Yards Passing	0	0
Total Offense	335	164
Passes Attempted	0	0
Passes Completed	0	0
Passes Intercepted	0	0
Fumbles Lost	1	1
Punts	3	4
Punting Average	44.0	36.2
Penalties	7	2
Yards Lost, Penalties	25	35

White Deer took the second half kickoff and romped 79 yards in seven plays to score, with Harmon going the last ten for the TD. Harmon had a 13-yard run, Powell a 19-yarder and Don Driskell a 17-yarder in the drive. The PAT was no good.

A fourth- and two-gamble failed for Groom on their own 42 and on the first White Deer play from scrimmage after the Bucks took over possession of the ball. Harmon fired 42 yards to score. Powell circled left end and the

Bucks had a 28-6 grip at the end of the third stanza. In the fourth quarter Coach Otis Holladay's potent Bucks went 79 yards for their final score, with Powell picking up 71 of those yards on runs of 47, 5 and 24, the latter going for the TD. Quarterback Jackie Burns flipped a two-point conversion to End Jeff Bearden to climax the winner's scoring derby.

Groom faltered badly in the second half, managing only 43 yards after gaining 121 rushing in the first half. Neither side completed a pass, the Bucks not trying the airways and Groom having three incompletions.

Standing out on defense for the Bucks were tackle Bryan Cody, linebacker Ronnie Cade and Wayne Hughes and Scotty Barnes. The Bucks take on rugged Stinnett, 14-6 winners over Clarendon Friday night this week.

Score by quarters:  
Groom 0 6 0 0 — 6  
White Deer 8 6 14 8 — 36  
Scoring: White Deer, TD — Hershel Powell (2-yards, 3-yards, 24-yards), Allen Harmon (10-yards, 42-yards); PAT — Powell (7 and 14); Groom, TD — Melvin Butler (22-yards).

## Rangers Gun Down Dalhart

By RICK PEZDIRTZ Daily News Sports Editor

PERRYTON—The Rangers of Perryton High galloped to one first half touchdown and had two others nullified on penalties before unholstering three second half TD's to pistol-whip an outclassing visitor—the Dalhart Wolves—in a 27-0 season opener here Friday night.

It was the second straight year the Rangers kept the Wolves away from their door and collected a winning bounty by nailing the pesky Dalhart varmint's hide to the wall. Perryton won last year, 28-25.

	Perryton	Dalhart
First Downs	23	11
Net Yards Rushing	215	132
Net Yards Passing	35	6
Total Offense	250	138
Passes Attempted	4	2
Passes Completed	2	0
Passes Intercepted	1	1
Fumbles Lost	1	1
Punts	3	1
Punting Average	34.5	42.0
Penalties	7	2
Yards Lost, Penalties	65	30

Paced by the brilliant running of left-half Earl McKinley, a 160-pound bundle of driving and twisting energy, the Rangers completely dominated the statistics, gaining 23 first downs to 11 for the Wolves, and picking up 318 yards overland to 133 for Dalhart.

McKinley juggled the mail 20 times for an amazing 173 yards or 8.9 yards every time he touched the ball. The piston-legged halfback scored the third Perryton touchdown mid-way in the final quarter, from five yards out. He also snagged a pass from quarterback Danny Pelcher after fullback Tommy Elizey had busted into the promised land from the two in the third quarter. The pass McKinley hauled down gave the Rangers two points under the new scoring rules, and a 14-0 lead.

They had held only a skimpy 6-0 advantage at halftime. McKinley also broke loose for two long second quarter scores, taking pitchouts from Pelcher, who called a whole of a game, to race down the sidelines for jaunts of 22 and 53 yards, but both times penalties rubbed out the offensive explosions.

Right-half Keith Shaffer got the Perryton touchdown when he put the climaxing touches on an 88 yard drive that started in the first period and extended into the second. Shaffer bulled his way over left tackle with 8:26 left in the first half to give the Rangers a 6-0 lead. The 88-yard march required 11 plays.

The conversion try was deflected off its path to the cross-bar by a Dalhart defender. Dalhart opened like a house on fire, holding the Rangers to nine yards in four plays and forcing a punt to start the game. The Wolves drove from their own 26 to the Perryton three, 71-19 in 13 plays, on the fine running of Ronnie Ledbetter and Butch Brown, before the red-shirted Ranger forward wall rose up to throw Roy Suddarth for a nine and then try yard loss, taking the ball away on downs.

It was after that brilliant spurt of defensive that the Rangers launched their first scoring drive. Pelcher sneaked over for the fourth and final Perryton touchdown from the four late in the last stanza and McKinley booted the extra point.

After McKinley had scored minutes earlier, his conversion try struck the cross-bar and bounded back onto the playing field. End Gale Good spearheaded the Perryton defense with big help coming from tackles Charles Lovett and Brook Baker, guards Terry Gunter and Keith Good, and (See RANGERS, Page 10)

IT'S A TOUCHDOWN—Perryton quarterback, Danny Pelcher, tallies the last of four Ranger TD's against the Dalhart Wolves in a 27-0 win. Pelcher, No. 10 on the ground at left, lays about a yard over the goal line as teammates Tommy Elizey and David Helfenben look on. Rushing up to try and thwart the touchdown blast is Dalhart's Barry Walker, No. 10, in white to the right. Arrow points to the ball in Pelcher's arms.

## Tigers Trip Shamrock By 32-20

By CHARLES CULLEN McLean News Editor

SHAMROCK (Sp) — Sparked by a pair of hard-charging Crockett boys, the lightweight McLean Tigers ripped past the Irish of Shamrock, 32-20, in a flashy opening of the 1958 grid wars here Friday night.

The two cousins, David Crockett at halfback and Billy Crockett at fullback, powered the fired-up Tigers to two scores in the first quarter and once in each of the remaining three to collect a decisive win over the heavier Irish squad.

Also displaying exceptional prowess in the McLean offensive machine was quarterback Jim Rice and Halfback Jerry Biggers. Rice engineered the Tigers to a net of 327 yards rushing against 170 for Shamrock, and also passed the pigskin over the goal for two of the Tiger scores.

	McLean	Shamrock
First Downs	27	9
Net Yards Rushing	327	170
Net Yards Passing	10	54
Total Offense	337	224
Passes Attempted	3	8
Passes Completed	1	5
Passes Intercepted	0	1
Fumbles Lost	1	1
Punts	1	2
Punting Average	35.0	19.3
Penalties	13	8
Yards Lost, Penalties	126	70

Biggers got 53 yards rushing, averaging six yards per carry. For the home standing Irish, quarterback Joe Jernigan and fullback L. H. Tucker provided the bulk of the offensive power. Tucker rammed over for two of the Irish scores while Jernigan contributed aerially by connecting with five of eight passes for 53 yards.

The Tigers drew first blood with 2:32 gone in the opening quarter when they cashed in on a Shamrock fumble on the Irish 20-yard line. Two plays moved them to the eight, from where David Crockett packed across left tackle for the score. A running try for the points after failed.

After one exchange of the ball, Shamrock jumped back into the game when Jernigan grabbed a Tiger punt at midfield and raced 40 yards to the McLean ten. On the following play Tucker dashed over for an Irish TD.

McLean was then fast to prove its ability on the long gallops as David Crockett took the kickoff and sped 55 yards back to the Irish 15. Two plays later quarterback Rice went over for the score on a keeper from the nine.

The next score for Shamrock came with an unexpected twist as right guard, Jerry Jernigan intercepted a screen pass from the arm of Rice and romped 40 yards into the end zone. Again the extra point try failed and the halftime score was 18-12, McLean.

The only score in the third period came with two minutes gone as the Tigers climaxed a 77-yard drive with Billy Crockett going off tackle from eight yards out for the score. A pass from Rice to end O. K. Lee gained the first two extra points for the Tigers.

Early in the final period, the Tigers got their last score as again they managed a sustained drive across a major part of the field, taking an Irish punt on their own 38 and collecting three first downs in moving to the Shamrock ten. Billy Crockett then carried over for the tally. A running attempt for the extra points was no good.

The final Shamrock score came after their only continuous march of the game, as they took the ensuing kickoff on their own 48 and used eight plays to move to the Tiger nine. From there Tucker carried over for the score. A pass from Jernigan to end Charles Tyler netted the two-point conversion. (See TIGERS, Page 10)

## IN UPI POLLS

### Abilene, Breck Get 4A, 3A Top Spots

By ED FITE United Press International DALLAS (UPI)—Perennial powerhouses Abilene and Breckenridge were named the No. 1 Class AAAA and AAA Texas schoolboy football teams, respectively, Saturday by the United Press International Texas High School Football Coaches Board.

With the opening of the 1958 season in these divisions less than a week away, the 32 coaches (one from each district) who make up the UPI boards relegated defending champions Highland Park and Nederland to the No. 2 spots in each division and also pointed up strong contenders for these top clubs in each case.

In AAA, Port Arthur, Wichita Falls and Galena Park earned huge support and wound up in third, fourth and fifth places far ahead of Corpus Christi Ray, San Antonio Jefferson, Austin High, and Baytown 28.

### Pampa Foe, Wichita Falls Ranks Fourth

DALLAS (UPI)—The tabulations on the United Press International Texas High School Football Coaches Board pre-season ratings for Class AAAA and AAA schoolboy football teams (first-place votes in parentheses):

Team	Points
1. Abilene (13)	147
2. Highland Park (2)	113
3. Port Arthur (1)	109
4. Wichita Falls	102
5. Galena Park	92
6. Corpus Christi Ray	84
7. San Antonio Jefferson	39
8. (Tie) Austin High,	35
Dallas Jefferson	28
10. Baytown	25

OTHERS—Amarillo 19, San Angelo 18, Texarkana and Spring Branch 14 each, Odessa and Fort Worth Paschal 10 each, Houston Lamar 8, Temple and Houston Reagan 7 each, Lubbock Monterey 5, Houston Bellaire 4, San Antonio Edison, Midland, Garland and Dallas Sunset 3 each, Corpus Christi Miller 2, Fort Neches and Pasadena 1 each.

Team	Points
1. Breckenridge (5)	132
2. Nederland (2)	123
3. Sweetwater (8)	121
4. Andrews (1)	84
5. Kingsville	61
6. Cleburne	51
7. Snyder	32
8. El Campo	21
9. Palestine	20
10. Levelland	17

OTHERS—Phillips 20, Kilgore and Carthage 20 each, McKinney and Killeen 17 each, Aldine 13, South San Antonio 12, Conroe 10, Kermit and Fort Worth Handley 9 each, Pharr-San Juan-Alamo 6, San Benito and Dallas Tech 5 each, Graham and Fort Lavaca 4 each, Wesley 3, San Marcos and Gainesville 2 each, Waco University 1.

### Mobeetie Is Nipped, 18-12

VERNON (Sp) — In one of the strangest games played in the state, Friday night, the Mobeetie Hornets dropped a close, 18-12 decision to Northside of Vernon.

Mobeetie, a Six-Man club and Northside, an Eight-Man team, both played their own way on offense, the Hornets thus forced to use an eight-man defense and a six-man offense and vice-versa for the Hometown Indians, who played an eight-man offense and a six-man defense. Confusing? Well, yes.

But the two clubs scrapped like they knew what it was all about, the Hornets of Coach Paul Kilchens drawing first blood in the opening quarter as Paul Hathway shook loose for a 22-yard TD gallop and the Vernon crew bouncing back to tie it at 6-6 at halftime.

Both squads scored a touchdown in the third period, Mobeetie's Dan Hathway, cousin to Paul, breaking away for a 33-yard scoring jaunt.

With two minutes left in the game, the Indians connected on a 35-yard pass play and that was it. (See MOBEETIE, Page 10)

### Gruver Plasters Panhandle, 40-6

GRUVER (Sp) — Panhandle's District 2 A Panthers coughed, sputtered and finally caught cold here Friday night as the Gruver Greyhounds stirred up a big breeze in racing past them for a lopsided 40-6 victory.

Panhandle, a favorite in some circles prior to the opening kickoff, fell behind 40-0 before they managed a touchdown against Greyhound reserves late in the fourth quarter.

It was Leland Adcock who did the honors for the Panthers of Coach Clint Williams, plunging over from one yard out.

Gruver, a Class B club making up for a 32-13 loss to Panhandle last year, scored once in the first (See GRUVER, Page 10)

## IN SATURDAY SCRIMMAGE

### Harvester Greens Outshine Golds

Fine on offense and fair on defense. That's the way Pampa High's Harvesters stacked up in the eyes of their coaches after being run through a regulation game time (48-minute) intra-squad scrimmage here Saturday afternoon.

The Greens (first and fourth units) outshone the Golds (second and third units) by a 44-0 score, which gives indication the Harvesters will have one solid unit this fall and depth that needs much developing behind them.

"Our first string looked pretty good," head coach Babe Curfman said after the tussle which left his varsity crew panting from the heat. "We're not in good shape, and that's liable to hurt us bad down in Wichita Falls Friday night." The Babe commented while smoothing back a worry wrinkle off his forehead, about the club's general physical condition.

Curfman was speaking of the new NCAA adopted rule which allows a lineman full use of both arms while making his initial contact but then demands one arm be dropped down from the opponent's body.

The Harvester head singled out fullback Mert Cooper for looking best on offense and defense and he reported he was happy with the

way halfbacks Gary Wills and Jerry Daniels played. Rex Williams, who is still in bad condition after fighting off an attack of the flu just before fall training opened and then pulled a leg muscle in Friday's workout, couldn't run at top speed and found it hard to make his cuts up field with the ball.

Several of the younger boys on the club were impressive, especially Dwaine Urbanczyk, Terry Haralson and Sherril Miller, all halfbacks.

### Canadian Cracks Wheeler By 46-14

By JOEL R. COMBS Daily News Managing Editor

CANADIAN — The Canadian Wildcats scored on their first offensive play Friday night and went on to defeat the Mustangs of Wheeler, 46-14, in the season's opener for both teams.

Playing before a 1,200 crowd, Wildcat quarterback Kenny Abraham faked a handoff and passed to end Clois Beaty who grabbed the pigskin, and ran over the double stripe. The play covered 35 yards.

It was the first Canadian offensive play, the 'Cats having kicked off to Wheeler and forcing a punt after three running plays netted the Mustangs six yards. The score came with 10:15 left in the first quarter. Fullback Jim Wilborn carried the ball over for two extra points.

Score at end of first quarter: Canadian, 8; Wheeler, 0.

Coach Grady Burnett started shuffling a few reserves in during the second quarter, but not before his team punched out another TD, this time coming on a power plunge by Wilborn, who punched over from one yard out early in the second stanza. Abraham carried over for two more points.

A few minutes later, with 9:57 still left in the second quarter, 'Cat halfback David Henwood broke into the clear and sprinted 52 yards to score and his teammates, penalized 15 yards on the first try for the extra points, got them anyway when Abraham tossed a 17-yarder to Beaty, who made a fine catch behind the Wheeler goal.

Then the Mustangs came to life in the waning minutes of the first half. Three successive complete passes by quarterback Jim Atherton set up the score with back Gary Satterfield getting the score on a two-yard plunge. The points after try failed.

Satterfield and Atherton were the stars in the side of the Wildcats all night, as was teammate Kenneth Childress. The three are also team captains.

The halftime score was Canadian, 24; Wheeler, 6.

Canadian started the scoring parade again early in the third when Abraham, on keeper play, got in the open and outran all pursuing Mustangs 55 yards to score.

### Shockers Set For Perryton

The Pampa High Shockers (B-team) will be the first local football team to forge into grid play this year when they open their 1958 season at Perryton next Thursday night.

Coach Weldon Trice and Deck Woldt, who scouted the Perryton varsity along with Eural Ramsey, Duain Lyon and Norman Phillips, Friday night will have some 30 sophomores and juniors at their command come the 7:30 p.m. kickoff this Thursday night.

Several youngsters who have been working out with the Harvesters, but won't make the trip to Wichita Falls for the Pampa High opener, will play for the shockers.

The Shocker schedule and roster:

Sept. 11 at Perryton
Sept. 15 Open
Sept. 25 Phillips at Pampa
Oct. 2 Berger at Pampa
Oct. 9 at Plainview
Oct. 16 Lubbock at Pampa
Oct. 23 at Palo Duro
29 at Tascosa
Nov. 6 Amarillo at Pampa
Nov. 13 Monterey at Pampa

NAME	POS.	WT.
Leroy Watson	QB	145
Bill Stephenson	QB	126

### Mickey Takes Away Lead

By ED FITE United Press International

DALLAS (UPI)—Long-hitting Mickey Wright turned in her best competitive round Saturday — a 5-under-par 34-37-40 to wrest the lead from Beverly Hanson at the halfway mark of the \$8,500 Dallas Women's Open Golf Tournament.

The lanky San Diego, Calif., proette capitalized on a sizzling putter as much as her long game, however, as she leaped from a tie from fifth into the 36-hole lead.

Johnny Thomson of Boyertown, Pa., won the U. S. Auto Club National Championship series 100-mile auto race for big cars at the New York State Fair Saturday. Thomson roared around the one mile dirt track 100 times in one hour, three minutes and 11.35 seconds for an average speed of 94.953 miles per hour.

READY FOR THE COYOTES—Pampa High's football tri-captains who'll lead the Harvesters onto the field at Wichita Falls Friday night in the first game of the season pose for the camera, from left-to-right, Guard Gary Matlock, center Dickie Watkins, and tackle Delbert Simmons.

# It's Cooper Against Anderson In All-Aussie Tennis Finals

FOREST HILLS, N.Y. (UPI)—Defending champion Mal Anderson and Wimbledon king Ashley Cooper, two friendly financial enemies from Down Under, Saturday hammered their way into the third straight all-Australian final for the U.S. Amateur Tennis championship.

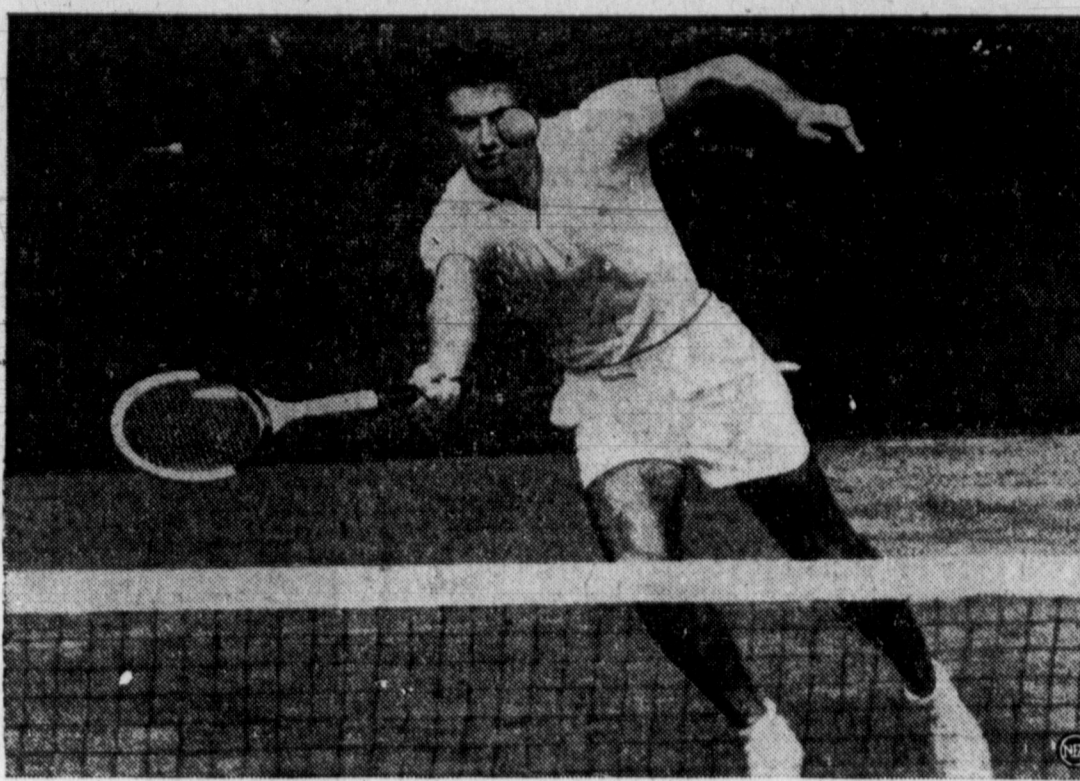

Cooper, upset by Anderson in last year's final, reached the final round by stomping Aussie teammate Neale Fraser for the 15th consecutive time, 8-6, 8-6, 6-1. Anderson, the 23-year-old rancher who is battling Cooper for the next big offer to turn pro as well as this silverware payoff, slashed his

way past Sweden's Ulf Schmidt, 6-4, 7-5, 6-2.

Miss Gibson's reputation as well as her shots routed Beverly Baker Fleitz of Santa Monica, Calif., 6-4, 6-2, who was nowhere up to her previous peak of play. Meanwhile, the five-foot, five-inch Miss Hard' bombed aside Jeanne Arth, a 23-year-old St. Paul school teacher, 7-5, 6-2.

Cooper had a tough battle in the first two sets against Fraser, his long-time "patsy." The 21-year-old school teacher's son was in danger of losing the first set when he dropped service in the 11th game to a series of fine placements. But Fraser couldn't stand success and double-faulted away his next service.

Cooper won the first set when he broke through in the 14th game by attacking Fraser's backhand. He wound up the second set in the 14th game, too, on a pair of brilliant passing shots. Fraser obviously called it a day then, letting down completely, and Cooper had no battle at all in the final set.

AUSTRALIA'S ASHLEY COOPER . . . blasts into the finals

## TCU A THREAT!

# Enis' Aerials Put Abe In Gay Mood

By ED FITE  
UNITED Press International  
DALLAS (UPI)—Strong-running Texas Christian has discovered a passing star, something often missing since the days of Sammy Baugh and Davey O'Brien, and so Coach Abe Martin's Horned Frogs are the pre-season choice for the Southwest Conference Championship.

The fact that Hunter Enis, a senior, suddenly has blossomed into a pitching ace after two bench-riding years still doesn't make Texas Christian the prohibitive favorite, however.

pre-season favored Baylor failed to win a loop game, it isn't one bit safe to take Rice, Texas A&M, Arkansas and Baylor too lightly.

Southern Methodist — with dazzling Don Meredith at the throttle—and the speedy Texas Longhorns generally are rated only a shade behind Texas Christian in talk of a successor to 1957 champion Rice.

At Least Dream  
But, even Texas Christian Coach Martin admits that the phenomenal throwing of Enis has made him start "at least dreaming" about a championship "a year earlier than I had hoped."

"I had thought it was just one of those things when Enis started hitting his targets in spring drills," Martin said, "and I didn't put any stock in it."

But, after four spring games during which he hit 30 or 40 for eight touchdowns I was about convinced."

Enis still had the touch when fall drills opened this week. And if he can produce to offer some counter-balance to the strong, if not flashy, running of halfbacks Marvin Lasater, Marshall Harris, Billy Gault, and Harry Moreland, and the steady pounding of fullbacks Jack Spikes and Merlin Priddy, then TCU could be a real toughie.

Frank-talking Jess Neely of the championship Rice Owls admits that "we expect to have a good team," and that should serve as a warning to those who have dismissed the Owls as contenders because of the loss of twin passing stars King Hill and Frank Ryan and some top-drawer linemen.

Single Wing  
Coach Jim Myers inherited a hard-nosed bunch from Alabama-bound Burn Bryant at Texas A&M, but he's installing the single wing offense and has no proven tailback to key the attack.

## Roller Hockey Is Started Here With 3 Teams Ready

Three teams have indicated they will enter a roller hockey league now being formed at the Pampa Roller Rink.

A fourth team, however, is needed to make for a better rounded loop Melbin Jayroe, overall director of the hockey program, has pointed out. The three teams ready to start to open their season as soon as new uniforms arrive, are currently working out each Wednesday night at 9:30 at the Pampa Roller Rink.

From the new circuit an all-star team will be chosen at a later date to play outside teams. A summer all-star unit from Pampa has played eight games with Amarillo Eastwood and won three while losing five, with Bill Watson serving as the referee.

Next scheduled game with Eastwood is Sept. 8.  
The three teams already set for league play here are: Sputniks, Roy Boyce, captain, Gerald Marshall, Ralph Hollis, Dean Bettis, Romas, Jerry Morris, captain, Herman Caldwell, John Owen, Billy Vandover, Marvin Robinson, Dickie Palmer and Robert Wheeler; UNO's, Melvin Jayroe, captain, Elzie Teague, Peanut Bennett, Mike Spinks, Johnny Johnston and Bill Stephenson.

Texas Improving  
AUSTIN (UPI)—The University of Texas finished its first week of football workouts Saturday and Coach Darrell Royal said his squad appeared improved.

The Longhorns held a long scrimmage in which the Orange team, composed of the first and fourth string, outscored the White team.

Milstead Paces Ags  
COLLEGE STATION, Tex. (UPI)—Charlie Milstead paced Texas A&M's Maroons to five touchdowns Saturday in a practice scrimmage.

Tailback Milstead, completing about 90 per cent of his passes, made one good for 55 yards to end John Tracy for a touchdown. He ran over two touchdowns — one from 30 yards — and a third more wingback John Few ran over the other two.

## Braves Bow; A's, Cubs, Sens, Reds Win

# PIRATES FLAG HOPES FLICKER

### Bucs 7, Braves 6

PITTSBURGH (UPI)—Left-handed power swinger Johnny Powers, who had driven in only one run previously this season, knocked a pinch homer in the eighth inning Saturday to give Pittsburgh a 7-6 victory over the Milwaukee Braves and kept the Pirates' faint pennant hopes alive.

Powers' rocket into the upper right field stands climaxed a sea-saw game that was tied temporarily in the top of the eighth inning when Milwaukee catcher Del Rice smashed his first homer of the year. The victory moved the Pirates to within 7½ games of the pace-setter Braves.

A major share of the glory went to relief pitcher R.G. Smith, who took over with one out in the fifth inning after the Braves scored three runs to dispel starter Bob Friend's dream of becoming the National League's first 20-game winner of 1958.

### Cubs 6, Giants 3

CHICAGO (UPI)—Rookie Johnny Briggs yielded only two hits in eight innings and scored two runs Saturday to help the Chicago Cubs out of a slump with a 6-3 victory over the San Francisco Giants.

The Stocky right-hander needed help from reliever Don Elston after he loaded the bases on three walks following two outs in the eighth inning, and then was nicked for a three-run double by Willie Kirkland.

Elston retired pinch-hitter Jack Brandt on a long fly to end the inning.

Briggs, gaining his fifth victory in eight decisions, was working on a no-hitter until the seventh when Orlando Cepeda led off with a single to short center. Cepeda was forced at second, as were the four previous batters who reached first on walks.

Briggs got all the help he needed in the second inning when the Cubs routed starter Johnny Antonelli on four runs with three hits.

### A's 6, Tigers 2

DETROIT (UPI)—Roger Maris and Hector Lopez each cracked out three hits Saturday with four out of the six good for extra bases, to lead the Kansas City Athletics to a 6-2 victory over the Detroit Tigers in a game that was interrupted by rain three times.

A turnout of 5,756 fans boosted Detroit over the million mark in home attendance for the 13th time in the last 14 years.

Kansas City drove out starter Herb Moford, who had beat them

## HARVESTERS

(Continued from Page 9)  
Standouts in the Tiger line were ends Frank Worsham and Lee, tackles Ray Hupp and Benny Woods, guards Paul McCurley and Kent Wiggins and center Melvin Butrum. Furnishing the main defensive strength for the losers were tackles Jerry Smith and Kenneth Foster, guard Jerry Jernigan.

Following the game, head coach of the Tigers Jack Riley said of his McLean crew, who were picked to be one of the weaker teams in District 2-A, that he was very proud of his club's showing. Although light, he said, the entire line both offensive and defensive played an outstanding game.

Next week the Tigers go against the Wheeler Mustangs, and Shamrock meets powerhouse Lefors.

Score by quarters:  
McLean 12 6 8 6 — 32  
Shamrock 12 0 0 8 — 20

## RANGERS

(Continued from Page 9)  
Gary Black and center Gary Cook. The Rangers, who completed two of four passes, lost valuable yardage on penalties, having 65 yards stepped off against them.

Next for the Rangers are the Canadian Wildcatters, 46-14 victors, over Wheeler Friday night.

Score by quarters:  
Dalhart 0 0 0 0 — 0  
Perryton 0 6 8 13 — 27  
Scoring: Perryton, TD — Keith Shaffer (2 - yards), Ellsey (2 - yards), McKinley (5 - yards), Pelcher (4 - yards); PAT — Shaffer to McKinley (pass for 2 - points), McKinley (1 - point from placement).

## GRUVER

(Continued from Page 9)  
quarter, tacked on a two-point conversion, and then waited to a 28-0 halftime lead. They Greyhounds added one score in the third and another in the fourth to make it 40-0 before the Panthers cracked the ice. The last Gruver TD came on a sparkling 50-yard run after a pass interception by Conny Prater.

Score by quarters:  
Gruver 8 20 6 6 — 40  
Panhandle 0 0 0 6 — 6

# ROLEX

IMAGINE collected together the great men of the world, the international statesmen, the leaders of industry, the big names in sport and entertainment, the aristocracy of Europe and America. Take a look at their wrists and see the watches they wear. You'd see a host of silent testimonials for Rolex.

Rolex watches are incomparably accurate. Swiss-made, they have gained some of the highest official accuracy ratings in Switzerland. They have, in perfection, all the features that a watch can have—waterproof cases, a self-winding mechanism, an automatic calendar. Over the years these excellences have given so great a prestige to the name Rolex, that Rolex has come to be regarded as the natural choice of successful and distinguished men.

You can feel the unique pride of ownership that a Rolex gives you. As exclusive agents for Rolex, we have a wonderful collection of these superb watches and chronometers.

# Panhandle Outdoor Life

By STARKEY WHITEHORN

The dove season in these parts opened last Monday noon. The shooting hours for the entire season, are from noon until sunset. Daily bag limit is ten with possession limit of twenty per hunter. Means of taking is by shotgun plugged to a three shell capacity and not larger than ten gauge.

From the way it appears now, the doves are plentiful enough for the average hunter to kill ten in one afternoon if he can hit the side of a barn.

Sitting around on earthen tank and waiting for the doves to fly in for water is one of the popular methods of hunting in this part of the state. Sometimes walking them up in the feeding ground works out very well.

Sitting on the front end of an auto and shooting doves as they fly up is sometimes very successful but then it will cost not less than \$47.30 if the case is taken to court, and it always has been with me, and the violator is convicted. The minimum fine on any migratory game bird case is \$25.00 plus cost.

## Duck And Goose Seasons . . .

It is some time before the duck, goose, coot, rail and Gallinule seasons but there is one interesting fact about shooting these birds this fall. We can hunt ducks from November 1 through January 14, and from sunrise until sunset. The goose season will be somewhat the same but this stipulation is added. November 16 will mark the opening for shooting white-fronted and Canada geese and the season on these birds will last until January 14, but on blue and snow geese the season will run concurrently with the duck season. It all adds up to the fact that for the geese that most frequently populate the Panhandle, the white-fronted and Canada, the season will be little later.

## Plush Antelope Hunting

The buck antelope bagged in the top part of Texas this fall should be as fat as they were in the days before the white man settled this country. The herds are sparse and the range is covered with weeds and choice grasses. Last week I notified one buck antelope that appeared as though he might have weighed 300 pounds. That is, he appeared as though he might have weighed that much. Fact is, if the buck weighed 150 pounds he would have been exceptionally large. This particular buck appeared almost as big around the middle as a 50-gallon oil drum.

## Take Care, Hunters!

Heretofore, the ranchers in the antelope range have allowed hunters to hunt their ranchers for the fee of \$25 or less. Many of the ranchers charge no fee at all. Some of the ranchers have had their fences stomped down and the hunter drive to an adjoining ranch to shoot antelope.

## Bowling Leagues At Garden Lanes Open

When bowling season opens, winter can't be far behind. It's hard to think of swirling snow flakes and icy door-steps with the afternoon sun beaming down in the 90's but those frigid days can't be too far away as many of the winter bowling leagues launched their seasons last week.

At Garden Lanes on North Hobart the ball was started rolling last Tuesday night at 6:30 in the Celanese League with the Merchants' League rolling at 9 p.m. the same night.

The newly formed Parkway League started at 6:45 Wednesday with another new loop slated to open in the 9 p.m. spot soon. At present open bowling is being held after the Parkway Leaguers finish for the night on Wednesdays.

Thursday will be Ladies Night each week at Garden Lanes, owned and operated by Gil Burgund. The Garden Lanes Ladies League bowls at 7:45 on Thursdays and is followed at 9 p.m. by the Dusty Leaguers. A Perryton team is entered in the Ladies League.

Two new leagues start cracking the pins Monday night at Garden Lanes, the Highland League, composed of Highland business firms, opening at 8:45 p.m. and the Civic League rolling at 9 p.m. with lodge teams competing.

Wednesday morning the Garden Lanes Housewives League opens at 9 a.m.

On Friday a mixed foursome loop opens at 7 p.m. and the plush North Crest Bowling League, sponsored entirely by Dick Hughes, opens at 9 p.m.

Saturday morning two junior leagues are set for 9 and 11 a.m. Garden Lanes will soon start beginner's lessons with new bowlers asked to call 9-9069 to sign up for the starting lessons.

**NO FISH TALE** — This smiling Pampa quartet didn't come back from a recent vacation to Acapulco, Mexico, telling about the "one that got away." They caught it. Standing next to a giant sail fish which took about 35 minutes to land, from left-to-right, are: Mrs. John McCausland, Bob Hudson, John McCausland and Mrs. Bob Hudson. It was the first fish McCausland had ever caught and he claims he'll quit while he's ahead, with his 7-footer.

**Hard Boiled Haggerty** teams with Iron Mike

## Chico Fumes On The Bench

By RUSS GREEN  
United Press International  
PHILADELPHIA (UPI)—Chico Fernandez, his Latin blood steaming about being benched Friday night, gave the Philadelphia Phillies a "play me or trade me" ultimatum Saturday.

The Cuban peppercorn, maintaining that he was having a better season this year than last despite a .218 batting average, said "they can trade me if they don't like the way I'm playing."

Manager Eddie Sawyer of the Phillies, who had characterized Fernandez' game as "lousy," said: "If I made him mad, that's good. 'Maybe it's what he needs. All I can go on is what I have seen since I took over the ball club on July 22.'"

## ON THE INSIDE He's Hard Boiled But Not Yellow

Hard Boiled Haggerty who says he's not like an egg — yellow on the inside — tries to prove his claims here Monday night when he hooks on with Iron Mike DeBaise as a partner in a main event tag team match at the Top O' Texas Sportsman Club against Dory Funk and Bob Geigel.

## ToT Fem Loop Has 12 Teams

A dozen fem bowling teams are competing in the Top O' Texas Women's Bowling League here. The 12-team loop rolls at the Harvester Bowl on Tuesday evenings at 6:45 p.m.

The teams with the individual captains listed first are: Moore's Beauty Salon, Iva Mayfield, Peggy Kastein, Dorothy Jeffries, Inez Schneider and Euna Lee Moore; Pooles Drive Inn, E. Y. Kitchens, Pat Howell, Fern Parker, Joyce Coley and Veta Carson; Coors Beer, Hazel Mullinax, Nandee Morse, Keith a C. Linton, Margaret Avenger and Verna Quinn; DeLuxe Cleaners, Ina Reading, Margaret Coffee, Betty Welt, Isla Campbell and Nancy McDowell; Vogue Cleaners, Kandy Baker, Barbara Moore, Jacquita Hurst, Edna Stephenson and Barbara Abernathy; Celanese, Evelyn Pettifil, Marcella St. Clair, Wilvorine Redus, Lois Reitz and Sherill Gray; Behrmans, Laudine Stewart, Knooline Russell, LaNeta Hoyler, Anna Lois Carpenter and Delores Johnson; Delia's Service Station, Della McGonigal, Hazel Lockhart, Mildred Fulfer, Marie Horn and Ila Arthur; Johnson's Cafe, Faye Leonard, Doris Dorsey, Florence Mounce, Donna Louton and Vera Darling; Panhandle Industrial, Dorothy Davis, Ruth McClellan, Betty Garren, Sue McFall and Evelyn Pritchard; Weavers Texaco, Helen Rittenhouse, Lucy Hernandez, Muriel Thomas, Pat Newton and Kay Bratton; Dr. Pepper, Peggy Ormson, Millie Hoekendorf, Beth Ramsey, Bonnie Palmer and Mary Stall.

## Buffs Figuring On Stopping Sooners!

By JERE COX  
United Press International  
KANSAS CITY, Mo. (UPI)—Oklahoma, returning three starters plus all but one of its potent second unit, remains a national power but may get its biggest scare in 11 Big Eight Conference seasons from Colorado.

The Buffaloes are loaded and cries of "this is the year" (for a Colorado victory) have been heard from both camps.

Coach Dallas Ward has 19 lettermen including six starters returning at Colorado in a big push to end Oklahoma's 10-year dominance of the Big Eight. The time and place to look for one of the upsets of the season is Nov. 1 at Boulder when the Buffs entertain the Sooners.

The dark horses of Midlands football in 1958 are Missouri and Kansas, both under the guidance of new coaches whose past records sparkle with success.

**Have Sad Tales**  
Dan Devine will be hampered at Missouri by the lack of a talented quarterback to run his multiple offense and Jack Mitchell at Kansas may not yet have the speed to get the full effect of his sliding T.

Coaches Bus Mertes of Kansas State, Clay Stapleton of Iowa State and Bill Jennings of Nebraska all tell the same sad tale — too many sophomores, not enough experience and lack of depth.

Coach Cliff Speegle at Oklahoma State may field his best team in four years, but his Cowboys are not eligible to compete for the title until 1960.

# Peg O' Pampa

SWIMMERS AROUND TOWN concluded their activities with a sweet, sad swan song in the swimming pools on Labor Day with enthusiasts going in as early as they could and staying in as late as possible. Swimmers in the local Country Club lingered in the pool until the sun cast long shadows across the water and drew the curtain on this phase of summer activities. . . bathers in the Municipal Pool were permitted a longer stay of closing sentence. . . statistics don't stay in our sieve-like mind for long, but we believe we heard that 900 members (which figure includes members' families) and their 200 out-of-town guests enjoyed the pool Country Club facilities this year. . . illustrating clearly the popularity of the cooling, blue waters this summer. . . Certainly was a lot of fun and bee-hive activity around the Club on Labor Day. . . cars were parked almost as far down as the Browning intersection giving evidence of the great interest in the Top O' Texas Golf Tournament (aren't we glad a local boy, Don Prigmore, won) and the last day for swimming. . . we saw Mrs. Homer Johnson strolling around the pool edge, looking for her son, and also looking so attractive and cool in a black cotton complemented with snow-white jewelry and black patent pumps. . . Freda LeMond was soaking in some of old sol's dying rays to heighten her lovely tan. . . almost a daily swimmer at the pool this summer has been Greely Warner with his twin-daughters, Karen and Kerrick, who, by the way, are Junior High misses at Robert E. Lee this year. . . Audrey Robison was enjoying the Final Afternoon pool-side after a dip. . . and it seems the young, younger-set turned out enmasse, and were getting in last dives, last pushes-for-fun into the pool. . . just to name a few, Judy Robison, Jane Hendricks, Robin Vail and John Fite. . . one of the cutest performances we saw was little Linda Brumley hula-hooping with not one, but two Hula-Hoops going at the same time. . . that, my friend, is quite a feat. . . and we speak from experience of having done a little of this in private. . . Dinner guests in the club were the Jim Tripplehorn family and the Rev. William E. Wests, who, we imagine, were welcoming home their young son, Tim, from Kansas City. . . we saw Jeanne Willingham the other day. . . looking as pert and pretty as ever and freshly returned from a summer vacation in California. . . but knowing Jeanne, we know that a bit of dancing work was intermingled with her vacation. . . and we hear that th J. C. McWilliams are off this Wednesday to attend the wedding of their son, Larry, to Patsy Cook in Denton on Friday. . . which reminds us, Ronnie and Rocky Coffee served as groomsmen for their brother, Douglas' wedding on August 23 to Nancy May Alexander and on the 30th, they were groomsmen again for their cousin, Patsy O'Neal's wedding to Gordon Ralph Stevens. . . they will really know their lines by the time they are ready to stand in bridegroom's shoes. . . we know where Mrs. Joe H. Lewis would like to be the first weeks in October. . . in California. . . to greet her granddaughter, Louise, when she returns from a 17-week tour in South America with the San Francisco Ballet Company. . . and who knows, she just might be there!

WHAT DOES THIS REMIND YOU OF? . . . "But, Mother, I'll need a new permanent before I go back". . . "Who did you get?" . . . "Take it from my experience, she gives plenty of home-work!" . . . and from a young child, "Now I won't have anyone to play with". . . these remarks were echoed and re-echoed probably a hundred times or more throughout our town this week, as the school-ones began to start to commence to settle down to a study routine. . . and by this time next week our town will be devoid of the young people, who are college-bound. . . Jo Ann Jones, attractive brunette daughter of Dr. and Mrs. Calvin Jones, has an exciting year ahead of her when she enters Stephen College in Columbia, Mo., on Sept. 15. . . Heidi Schneider, Martha Gardon and Cynthia Duncan, who will grace the Texas University Campus, are leaving this week to get ready for Sorority rush week. . . these little girls had no less than 14 bids and they've had to narrow their choices to seven. . . you can't beat the Top O' Texas for charm. . . our own Linda "Miss Pampa" Steele leaves Monday for Christian College in Columbia, Mo. . . and just a few in a hit or miss fashion that we've heard are seeking ivy-covered walls for higher learning are John Teud continuing his law studies at Texas University, where Claudia Morman will also attend. . . Gary Dockery to Oklahoma University. . . David Holt and Bill Frazier to Oklahoma State. . . Texas Christian will soon be claiming Maynette Loftus, Ralph Deepee and Gene Shirley. . . Thera Warner is enrolling at SMU. . . Pat Jones and Robert Colette to Rice. . . LaVada Naylor is going to Hardin-Simmons as is Carol Miller. . . Brent Perry to SMU. . . Pat Gorman to McMurry. . . Karla Cox and Udo Specht are off for the Red Raider campus at Tech. . . Mike Conway plans to attend Frank Phillips. . . and one of the most difficult things, which from the mother's angle would be packing, but from the students standpoint is saying "goodbye". . . to each other. . . there seems just no time left over to pack or help pack between coke parties and last minute-get-togethers. . . imagine the parcel post service will be quite busy the first few weeks delivering items that were forgotten or overlooked.

SEEMS THAT ALL THE CLUBS around town are beginning to get excited over the first rush of fall activities. . . El Progreso will "soar into space" with a luncheon using the theme on Tuesday in the home of Ann Heskew. . . Jewell Nance is up to her ears with pretty plans for this affair. . . we know that Louise and Jack McCrery are enjoying their trip back East. . . in Philadelphia. . . visiting with their respective families. . . if you happened to miss the opening of Robert E. Lee. . . jot it down on your "must see" list. . . for it is really a dream come true. . . also make a note of the important event the United Church Women Of Pampa have scheduled for October 1 and 2. . . They will sponsor the showing of "The Life Of Albert Schweitzer" at the LaNora Theater on these dates. . . Albert Schweitzer acts in person the title role and has written the narrative, which will be spoken by Frederic March. . . Dr. Frank Kelley and Dr. George Snell must be bursting with pride over their latest purchases. . . the wonderful oil paintings done in Paris by Erlin D. Eller. . . Pampa's Twentieth Century Artist. . . who is now back in Paris painting. . . we understand that Hank Kelley has quite a flair, too for art and who knows? he, too, may someday be abroad studying art. . . it is good to see Violet McAfee back among us again after all those trying months of being away with her son, who was injured in a swimming accident this summer. . . our hopes and prayers continue to be with him.

MUCH CREDIT AND HONOR is due our own Mary Ann Kelly, 1715 Christine, who, no doubt, will be receiving the American Red Cross Award of Merit for saving a life. . . Mary Ann dove into the swimming pool at the Episcopal Parish conference, which she was attending near Amarillo, on July 9 and rescued Cindy Lou Klock, 11, of Dumas. . . after pulling her to safety, she administered artificial respiration until the ambulance arrived. . . Mary Ann, who is one of the high school majorettes, is indeed a credit to our younger generation.

Love, Peg.

## Carolyn Ann Price, John S. Chambers Say Single-Ring Vows In Church Rites

Mrs. John Stanley Chambers

St. Matthews Episcopal Church was the scene of single-ring vows repeated by Miss Carolyn Ann Price and John Stanley Chambers on September 3 at three o'clock. The bride is the daughter of Mr. and Mrs. Thomas Jones Price, 1906 Williston. The bridegroom's parents are Mr. and Mrs. Frank M. Chambers, Canadian. Rev. William E. West performed the ceremony before the altar flanked with bouquets of white chrysanthemums and seven-branched candelabra. The choir rail, leading to the altar, was hedged with huckleberry with candles and huckleberry used to trim the outer rail. Pew-ers of honor were marked with white chrysanthemums arranged with huckleberry and satin ribbon. The bride, given in marriage by her father, wore a wedding gown of "I Do" taffeta and Cluney lace fashioned with a smooth, lace bodice, low scoop neckline and short, cap scalloped sleeves. The voluminous skirt featured inset bands of Cluney lace accented with tailored bows and cascaded into an aisle-wide train. Her double-tiered finger-tip veil of bridal illusion fell from a French Crown of seed pearls and tiny leaves. She carried her Prayer Book covered with white Phalaenopsis Orchids and stephanotis. ATTENDANTS Miss Mary Catherine Price, bride's sister, served as maid of honor wearing a waltz-length dress of emerald green satin with a scoop neckline and a headband of clusters of matching green bows. She carried a cascade arrangement of white roses. Don Schaeff, Canadian, attended the bridegroom as best man. Ushers were Bill Price, Reading, Kan., Jim Waterfield, Canadian, and Tom Schaeff, Gruber. Miss Susan Fatheree was flower girl wearing a white organza frock complemented with beret of white feathered carnations. She carried a white lace basket containing pink rose petals. Mrs. George L. Casey, at the organ, presented a nuptial prelude and the traditional wedding marches. For the wedding, the bride's mother, Mrs. Price, chose a brown velvet dress with champagne chiffon trim and matching accessories. The bridegroom's mother, Mrs. Chambers, wore gray chiffon with matching accessories. Their corsages were of white roses.

series. The bridegroom's mother, Mrs. Chambers, wore gray chiffon with matching accessories. Their corsages were of white roses.

### RECEPTION

The reception, held after the ceremony, was in the Pampa Country Club. Woodwardia Palms were placed in the background with fifteen-branched spiral candelabra and a thirty-branched tree candelabra flanking the bride's table, which was decorated with centerpiece of white chrysanthemums and draped with smilax. Eighteen-inch white tapers were used in the centerpiece. Woodwardia ferns and floor baskets of white chrysanthemums were used to complete the decorations.

Miss Jo Ann Buikstra, Cushing, Okla., presided at the punch service. Miss Ann Price, bride's sister, served cake. Mrs. McGregor Christner, Austin, was guest registrar.

For a wedding trip to the Ozark Mountains, the bride wore a green tailored suit with brown accessories and the orchid from the center of her bridal bouquet.

Mrs. Chambers was graduated from Canadian High School, a Pampa Oklahoma State University, where she was a member of the Pi Beta Phi Sorority. Mr. Chambers was graduated from New Mexico Military Institute.

They will make their home in Columbia, Mo.

## Newcomer's Party Planned By Guild

St. Margaret's Guild of the Woman's Auxiliary held its first meeting of the fall at 8 p.m., Thursday evening in the Parish House. Hostesses for the evening were Mrs. Bruce Scott and Mrs. William Feller.

The devotional "Lord Hear My Prayer" was given by Mrs. Jack Reeve.

Presiding at the business meeting was Mrs. Bill Ragsdale, vice president.

At the meeting it was announced that a "Newcomers Coffee" would be held by the Auxiliary for all the women of the church, on Sept. 10 at 10 a.m. in the home of Mrs. L. R. Miller, 1700 N. Russell. All women of the church are invited.

Mrs. Reeve, auxiliary president, announced the Annual Fall Bazaar to be held on Nov. 14 with the following chairman in charge: Mrs. Jack Cooper, Food. Mrs. John Brown, Stuffed Toys. Mrs. James Dalley and Mrs. Bruce Scott, Yarn Toys. Mrs. Donald Beasman, Publicity. Mrs. Robert Malone, Decoration. Mrs. Herb Loiz, Aprons. Mrs. Jay Meador, Candy. Mrs. Arthur Smalley and Mrs. Howard Johnson, Christmas and Special Gifts.

The program: A Confirmation Quiz, followed by a discussion of the questions was given by Mrs. Ragsdale.

Attending: Mmes. Bill Ragsdale, Bradley Vosper, Jack Reeve, Jack D. Cooper, Charles Bruce, Paul Hinton, Carl Thomas, and Clem Followell.

## Miss Winona Lynn Cornelius Repeats Nuptial Vows With Frank C. Cooksey

Wedding vows were pledged last night in the First Christian Church by Miss Winona Lynn Cornelius and Frank Cloud Cooksey at eight o'clock with Reverend Richard Crews performing the double-ring vows before an altar banked with palms, white mums and greenery entwined along the altar rails marked alternately with tapers.

Miss Cornelius is the daughter of Laura Belle Cornelius, 902 E. Fisher, and Ross Cornelius, 638 N. Wells. Mr. Cooksey's parents are Mr. and Mrs. H. H. Cooksey, 1601 Forest Trail, Austin.

The bride, given in marriage by her father, was gowned in champagne peau de soie fashioned with an inset yolk of Chantilly lace and long, tapering sleeves of peau de soie coming to bridal points over the hands. The figurine bodice was fastened down the back with self-covered buttons of peau de soie and enjoining to a tiered skirt of peau de soie, which featured insets of Chantilly lace. An all-pearl semi-hat held secure the three-quarter length veil of Chantilly lace accented with pearls. She carried a white orchid showered with stephanotis and white satin streamers atop a white pearl Bible.

ATTENDANTS Mrs. Ross McElreath, bride's sister, Houston, attended as matron of honor with Mrs. John Hunt, Dallas, former room-mate of the bride, Miss Sylvia Cooksey, bridegroom's sister, Austin, and Mrs. John Moser of Pampa serving as bridesmaids. They wore identical dresses of acetate satin in a shade of Skylark Blue fashioned with a fitted front and trapeze back. They carried bouquets of white mums.

Thomas Powell Baker Jr., Albuquerque, N.M., served as best man. Groomsmen and ushers were Phil Sanders, Austin, Ross McElreath, Houston, Bob Mims, Valer Valley and Robert Cornelius, bride's brother, Pampa.

Miss Lynn Lunsford, flower girl, was dressed as the other feminine attendants. Candlelighters were Misses Cathy Smith and Joyce Walsler, cousins of the bride.

Mrs. Dan King at the organ provided wedding music by Bach and Mendelssohn and was accompanied for Mrs. Glen Lewis, San Angelo, also a former room-mate of the bride, as she sang "I Love Thee," "O, Promise Me," and "The Lord's Prayer."

For her daughter's wedding,

ATTENDANTS Mrs. Ross McElreath, bride's sister, Houston, attended as matron of honor with Mrs. John Hunt, Dallas, former room-mate of the bride, Miss Sylvia Cooksey, bridegroom's sister, Austin, and Mrs. John Moser of Pampa serving as bridesmaids. They wore identical dresses of acetate satin in a shade of Skylark Blue fashioned with a fitted front and trapeze back. They carried bouquets of white mums.

Thomas Powell Baker Jr., Albuquerque, N.M., served as best man. Groomsmen and ushers were Phil Sanders, Austin, Ross McElreath, Houston, Bob Mims, Valer Valley and Robert Cornelius, bride's brother, Pampa.

Miss Lynn Lunsford, flower girl, was dressed as the other feminine attendants. Candlelighters were Misses Cathy Smith and Joyce Walsler, cousins of the bride.

Mrs. Dan King at the organ provided wedding music by Bach and Mendelssohn and was accompanied for Mrs. Glen Lewis, San Angelo, also a former room-mate of the bride, as she sang "I Love Thee," "O, Promise Me," and "The Lord's Prayer."

For her daughter's wedding,

Mrs. Cornelius chose navy blue lace with powder blue accessories. The bridegroom's mother, Mrs. Cooksey wore mauve lace with matching accessories. Their corsages were of cymbidium orchids.

Miss Frankie Faye Smith, Canadian, cousin of the bride, was guest registrar at the reception, held following the exchange of vows, in the church parlor.

For a wedding trip to the Ozark Mountains and Eureka Springs, the bride traveled in a gray, light-wool suit with blue accessories. She wore the white orchid from her corsage.

Mrs. Cooksey was graduated from the University of Texas with a BA degree in psychology. Mr. Cooksey was also graduated from the University of Texas with a BA psychology and government degree. He was a member of the Tejas Club, Silver Spurs, Friars, Pi Sigma Alpha; past president of the University "Y"; member of the Rockefeller Theological Fellowship and voted Outstanding Student and Good Fellow.

Upon their return from the wedding trip, Mr. and Mrs. Cooksey will make their home at 1510 W. 13, Austin and the bridegroom will begin studies in the University of Texas law school.

## Jowannah English Repeats Vows With George Ellis

Miss Jowannah English and George Ellis were united in marriage on August 31 at four o'clock in the Harrah Methodist Church with vows performed by Reverend Grady Adcock before a background of greenery and six seven-branched candelabra.

ATTENDANTS Mrs. Carl M. Anderson, Dallas, was matron of honor. Miss Ann Reasonover of Tahoka, was maid of honor; Misses Donnetta and Janyce Ellis, sisters of the bridegroom, were bridesmaids. The matron of honor wore pale pink cotton-satin fashioned with a low, rounded neckline draped with matching chiffon falling to hemline in back. She carried a white fan arranged with sprays of pink carnations showered with satin streamers. The maid of honor and bridesmaids gown and bouquets were fashioned identically as the matron of honor's only in shades of deep pink. All wore pearl earrings, a gift from the bride.

Bill Boyd, Lubbock, cousin of the bridegroom, was best man. Groomsmen were Bunny Crowell, Canadian; Bynum Meirs, Abilene, and Marvin Crawford, Plainview. Ushers were Robert Davis, Lubbock; Carl M. Anderson, Dallas, and Joe Hargrove, Southland.

Jerry Stephens was ring-bearer and Miss Judy Stephens was flower girl dressed in a frock fashioned with a pearl and iridescent sequin encrusted tiara. She carried an arrangement of pink roses.

The bride's mother, Mrs. English, chose for the wedding a navy blue dress complemented with navy and white accessories. The bridegroom's mother, Mrs. Ellis, chose a Royal Blue Metalasee dress with matching hat and gloves and black accessories. Their corsages were fashioned from pink rosebuds.

RECEPTION A reception was held in the parlor of the First Methodist Church immediately following the exchange of vows. Jimmy Alvis, pianist, provided background music during the reception.

Double serving tables covered with pink taffeta were used in the serving of guests. One table featured a Memory Candle with the bride's bouquet at the base and a pink and white four-tiered wedding cake topped with a bridal couple. The second table held the punch bowl and a fern-covered crescent of styrofoam, which supported the bridal attendants' flowers.

Assisting with the serving of cake and punch were Miss Barbara Brown, Abilene; Miss Marjorie Jacobs, Quannah, Miss Rose Smith, Miss Lynne Followell and Mrs. Jack Chisum, all of Pampa. Others assisting were Mmes. Jim Briggs, Abilene, Mrs. Richard Cook and Mrs. Melvin Stephens. (See JOWANNAH, Page 13)

51st Year  
**Mrs. Danzey Feted  
At Lullaby Party**

(Special to The News)  
PERRYTON — Mrs. Ralph Danzey was honored at a coffee and a pink and blue shower recently in the home of Miss Elaine McCarty.

Hostesses for the courtesy were Misses Albert McGarraugh, D. E. Albert Davis, Elmer Mutschler, Misses Clara Davis, and McCarty.

Miss Davis received and registered guests. Miss Francis Flowers assisted with the gifts.

The honoree was presented a corsage of blue flowers tied with pink ribbon streamers.

The serving table was laid with a lace cloth and centered with an arrangement of flowers and baby rattlers in pink and blue. Mrs. Mutschler and Miss McCarty alternated at the coffee service.

Approximately forty guests called or sent gifts.

Having guests this weekend? It can be relaxing or a rat race. It all depends on the hostess' attitude toward help from her guests. Most expect to lend a hand. Let them. Everyone will be happier.

**Morning Ceremony United In Marriage  
Joyce W. Nelms, Lloyd Thomas Marl**

At eight o'clock on the morning of August 30, Miss Joyce Wynn Nelms became the bride of Lloyd Thomas Marl in the First Baptist Church parlor with Dr. E. Douglas Carver performing the double-ring service before a background of floor baskets of white gladioli and palms flanked with candelabra.

The bride is the daughter of Mr. and Mrs. M. C. Nelms, 413 Magnolia. The bridegroom's parents are Mr. and Mrs. R. S. Marl, Skellytown.

Mrs. E. Douglas Carver at the piano provided a medley of pre-nuptial airs and the traditional marches. Joe Whitten sang "Because," "I Love You Truly" and "The Lord's Prayer."

**BRIDE**  
Given in marriage by her father, the bride wore a waltz-length gown of Chantilly lace over white Bridal Satin topped with a bolero fashioned with an Italian neckline, long tapering sleeves ending in petal points over the hands and a white satin cummerbund encircling the waistline at the top of the full skirt. The three-quarter length Veil of imported Illusion, edged with Chantilly lace, was secured to a tiara trimmed with seed pearls. She carried a cascade arrangement of white roses atop a white Bible.

**ATTENDANTS**  
Mrs. Wesley Bromley, Lubbock, bride's sister, attended as matron of honor, wearing a light blue taffeta styled with a fitted bodice and full skirt complemented with a headband of blue and white carnations. She carried a colonial bouquet of blue and white carnations.

Misses Sharon and Brenda McGuire, Norman, Okla., cousins of the bride, were bridesmaids wearing dresses of a darker shade of blue than the matron of honor's, but fashioned along the same lines. Their bouquets and headbands were also of blue and white carnations.

Howard Marl, bridegroom's brother, was best man. Carroll Noble, Skellytown and Gayle Lemons seated the wedding guests.

Miss Donna Lemons, bridegroom's niece, was flower girl and Mike Marl, bridegroom's nephew, was ring-bearer.

For her daughter's wedding, Mrs. Nelms wore a navy blue crepe sheath with white accessories and a corsage of white carnations.

**RECEPTION**  
Friends were received in the dining room of the church immediately following the service. The bride's chosen colors of white and blue were carried out in the table decorations with a blue cloth and an overskirt of white net caught up at the corners with white roses and blue ribbon.

Mrs. Paul David Jones presided at the punch service. Mrs. Gayle Lemons, bridegroom's sister, served cake. Miss Jayne Giddeon was guest registrar.

For a wedding trip to Houston and points south, the bride traveled in a blue linen suit with white accessories and a white roses corsage from the bridal bouquet.

Mrs. Marl was graduated this Spring from Pampa High School. They will make their home in Tucson, Ariz., where the bridegroom is stationed with the United States Air Force.

Small servings of food may encourage a child to eat more. A tiny tot may be overwhelmed by an adult-size portion. Let him eat the small portions first, then ask for more.

Mr. and Mrs. Lloyd Thomas Marl  
(Photo, Call's Studio)

**WW School To  
Host PTA Council**

PTA City Council will meet at 9:30 a.m. Tuesday in Woodrow Wilson auditorium. The council will meet this year at the various schools around town and Woodrow Wilson is the first host-school.

Mrs. B. E. Tidwell, vice president, has announced that Cameron

Marsh will be the guest speaker. During the meeting, plans will be made for delegates to attend the district workshop to be held in Clarendon on Oct. 14 and for the state convention to be held in El Paso. The council has chartered a bus for the convention and will ask each unit to elect delegates to attend.

(Continued from Page 13)

Misses Pat Gorman and Karla Cox were guest registrars.

For a wedding trip to Ruidoso, N.M., the bride wore a black dress trimmed in red and white topped with a short jacket with sailor collar. Black hat, red shoes and bag complemented with white gloves completed her costume.

The bride was graduated from Pampa High School in 1956, where she was a member of Las Creasas Club, Try Hi Y and Thespians. For the past two years, she has attended McMurry, majoring in

religious education. She is affiliated with Delta Beta Epsilon, social club for women.

The bridegroom was graduated from Southland High School in 1956, where he was a member of the football and basketball teams. For the past two years, he, too, has attended McMurry, where he is studying for the ministry and is a member of the Ko Sar, men's social club.

Upon their return from New Mexico, they will make their home at 1925 Estes, Abilene, where both will begin their junior year studies.

# Impressive Candlelight Service Unites Miss Neva Rippy And Harold Malone

Mr. and Mrs. R. K. Hext of Lefors will observe their Golden Wedding Anniversary on September 14 with an Open House in their home in Lefors. Mr. and Mrs. Hext were married in Clarendon on September 17 and have lived in Lefors for 37 years and in Gray County for 45 years. Sons and daughters of the honorees will be hosts for the Open House to which friends and neighbors are invited to call between the hours of two and six o'clock.

(Special To The News)  
LEFORS — In an impressive candlelight service on Aug. 23, Miss Neva Rippy became the bride of Harold Malone in the First Methodist Church with Rev. Wesley Daniel performing the single-ring ceremony.

Miss Rippy is the daughter of Mr. and Mrs. M. L. Rippy, Lefors, and Mr. Malone is the son of Mr. and Mrs. C. D. Malone of Pampa. The ceremony took place before the altar with a foreground of tapered candelabra holding pink candles, flanked by huge baskets of palms and tall white baskets of pale pink gladiolus.

Miss Sheila Cable, pianist, played the traditional processional and recessional, and accompanied Jerry Watson, who sang "Because" just before the ceremony, and "The Lord's Prayer," as the couple knelt at the altar.

**BRIDE**

The bride, given in marriage by her father wore a white organ-dy ballarina-length gown over pale pink taffeta, featuring a high round neckline, fitted cap sleeves, with the long torso coming to points in the front and back, inset with organ-dy embroidered lace and fastened with tiny organ-dy bows in the back, and enjoyed to the full gathered skirt.

Her double-tiered shoulder-length veil of white tulle was attached to a ring of pink rosebuds. The bride carried a cascade of pink roses and rosebuds arranged with white African lilies atop a white Bible.

Miss Mary Cole attended the bride as maid of honor wearing a blue taffeta street-length dress featuring a fitted waist, short cap sleeves and a cummerbund of blue net. Her accessories were white, with a bandeau of net and small white daisies, and a waist corsage of white carnations.

Mrs. Howard Bradfield was a bridesmaid wearing a pink taffeta dress fashioned as the maid-of-honor, with pink accessories and a bandeau of pink flowers and net, and a corsage of white carnations.

Johnny Langford, Pampa, was best man. Robert Malone, brother of the bridegroom, served as candlelighter. Groomsman was Fred Randall with Pat Brewer and David Jones as ushers.

For her daughter's wedding, Mrs. Rippy chose a chemise dress of navy, featuring a white lace collar with which she wore a white lace hat and black patent accessories and a white carnation corsage.

Mrs. Malone, mother of the bridegroom, wore a dress of beige topped with a bolero, with white and beige accessories and a corsage of white carnations also.

**RECEPTION**

Immediately following the ceremony, a reception was held in the basement of the church. The serving table was laid in a white linen cloth overlaid with a white crocheted cloth centered with pale pink and white roses arranged

with multicolored colia. Pastel colored mints were served, with crystal, sterling silver and white napkins embossed with silver bells completing the table setting.

The couple cut the first piece of the three-tiered wedding cake after which it was served by Miss Jan Dummam with Miss Barbara Cody presiding at the crystal punch service.

The bridegroom graduated in 1955 from Pampa High School and attended WTSC in Canyon two years, majoring in Petroleum En-

gineering and is now employed by the National Tank Co. in Pampa. The bride is a graduate of the 1958 Senior class of Lefors High School. The couple will make their home in Pampa.

Following the reception, the couple left for a honeymoon trip to Colorado Springs, Colo.

**HONORED SOUSA'S VISIT**

Austria, in 1955, issued a special medal in honor of the 50th anniversary of the visit of John Philip Sousa and his band to Vienna in 1905.

If only little boys were as dirt-resistant as the man-made fibers. But synthetic fibers need special handling even as the little guys do. In Washing, a synthetic by hand, such as Fiberglas curtains, never wring or twist it. In a machine avoid wrinkles by using short cycles, but no spin-drying and a very light load. Let the curtains drip dry.

## Mrs. Danzey Feted At Lullaby Party

(Special to The News)  
PERRYTON — Mrs. Ralph Danzey was honored at a coffee and a pink and blue shower recently in the home of Miss Elaine McCarty.

Hostesses for the courtesies were Mrs. Albert McGarragh, Delbert Davis, Elmer Mutschler, Misses Clara Davis, and McCarty.

Miss Davis received and registered guests. Miss Francis Flowers assisted with the gifts.

The honoree was presented a corsage of blue flowers tied with pink ribbon streamers.

The serving table was laid with a lace cloth and centered with an arrangement of flowers and baby rattlers in pink and blue. Mrs. Mutschler and Miss McCarty alternated at the coffee service.

Approximately forty guests called or sent gifts.

Having guests this weekend? It can be relaxing or a rat race. It all depends on the hostess' attitude toward help from her guests. Most expect to lend a hand. Let them. Everyone will be happier.

## Morning Ceremony United In Marriage Joyce W. Nelms. Lloyd Thomas Marlar

At eight o'clock on the morning of August 30, Miss Joyce Wyvone Nelms became the bride of Lloyd Thomas Marlar in the First Baptist Church parlor with Dr. E. Douglas Carver performing the double-ring service before a background of floor baskets of white gladioli and palms flanked with candelabra.

The bride is the daughter of Mr. and Mrs. M. C. Nelms, 413 Magnolia. The bridegroom's parents are Mr. and Mrs. R. S. Marlar, Skellytown.

Mrs. E. Douglas Carver at the piano provided a medley of pre-nuptial airs and the traditional marches. Joe Whitten sang "Because," "I Love You Truly" and "The Lord's Prayer."

### BRIDE

Given in marriage by her father, the bride wore a white tulle gown of Chantilly lace over white Bridal Satin topped with a bolero fashioned with an Italian neckline, long tapering sleeves ending in petal points over the hands and a white satin cummerbund encircling the waistline at the top of the full skirt. The three-quarter length veil of imported illusion, edged with Chantilly lace, was secured to a tiara trimmed with seed pearls. She carried a cascade arrangement of white roses atop a white Bible.

### ATTENDANTS

Mrs. Wesley Bromley, Lubbock, bride's sister, attended as matron of honor, wearing a light blue taffeta styled with a fitted bodice and full skirt complemented with a headband of blue and white carnations. She carried a colonial bouquet of blue and white carnations.

Misses Sharon and Brenda McGuire, Norman, Okla., cousins of the bride, were bridesmaids wearing dresses of a darker shade of blue than the matron of honor's, but fashioned along the same lines. Their bouquets and headbands were also of blue and white carnations.

Howard Marlar, bridegroom's brother, was best man. Carroll Noble, Skellytown and Gayle Lemons seated the wedding guests.

Miss Donna Lemons, bridegroom's niece, was flower girl and Mike Marlar, bridegroom's nephew, was ring bearer. For her daughter's wedding, Mrs. Nelms wore a navy blue crepe sheath with white accessories and a corsage of white carnations.

### RECEPTION

Friends were received in the dining room of the church immediately following the service. The bride's chosen colors of white and blue were carried out in the table decorations with a blue cloth and an overskirt of white net caught up at the corners with white roses and blue ribbon.

Mrs. Paul David Jones presided at the punch service. Mrs. Gayle Lemons, bridegroom's sister, served cake. Miss Jayne Gideon was guest registrar.

For a wedding trip to Houston and points south, the bride traveled in a blue linen suit with white accessories and a white roses corsage from the bridal bouquet.

Mrs. Marlar was graduated this Spring from Pampa High School. They will make their home in Tucson, Ariz., where the bridegroom is stationed with the United States Air Force.

Small servings of food may encourage a child to eat more. A tiny lot may be overwhelmed by an adult-size portion. Let him eat the small portions first, then ask for more.

Mr. and Mrs. Lloyd Thomas Marlar  
(Photo, Call's Studio)

### JOWANNAH

(Continued from Page 13)

Misses Pat Gorman and Karla Cox were guest registrars.

For a wedding trip to Ruidoso, N.M., the bride wore a black dress trimmed in red and white topped with a short jacket with sailor collar. Black hat, red shoes and bag complemented with white gloves completed her costume.

The bride was graduated from Pampa High School in 1956, where she was a member of Las Cressas Club, Try Hi Y and Thespians. For the past two years, she has attended McMurry, majoring in

religious education. She is affiliated with Delta Beta Epsilon, social club for women.

The bridegroom was graduated from Southland High School in 1956, where he was a member of the football and basketball teams. For the past two years, he too, has attended McMurry, where he is studying for the ministry and is a member of the Ko Sari, men's social club.

Upon their return from New Mexico, they will make their home at 1925 Estes, Abilene, where both will begin their junior year studies.

## WW School To Host PTA Council

PTA City Council will meet at 9:30 a.m. Tuesday in Woodrow Wilson auditorium. The council will meet this year at the various schools around town and Woodrow Wilson is the first host-school. Mrs. B. E. Tidwell, vice president, has announced that Cameron

Marsh will be the guest speaker. During the meeting, plans will be made for delegates to attend the district workshop to be held in Clarendon on Oct. 14 and for the state convention to be held in El Paso. The council has chartered a bus for the convention and will ask each unit to elect delegates to attend.

# Impressive Candlelight Service Unites Miss Neva Rippy And Harold Malone

Mr. and Mrs. R. K. Hext of Lefors will observe their Golden Wedding Anniversary on September 14 with an Open House in their home in Lefors. Mr. and Mrs. Hext were married in Clarendon on September 17 and have lived in Lefors for 37 years and in Gray County for 45 years. Sons and daughters of the honorees will be hosts for the Open House to which friends and neighbors are invited to call between the hours of two and six o'clock.

## Potter-Crockett Marriage Told

(Special to The News) McLEAN — Miss Shirley Darlene Potter, daughter of Mr. and Mrs. H. M. Potter and Pvt.

Charles Wayne Crockett, son of Mr. and Mrs. Leon Crockett were united in marriage on August 31 at five o'clock.

Rev. Jesse Leonard, pastor of First Baptist Church, read the marriage vows before a few friends in the bride's parents' home.

Mrs. Crockett was a 1958 graduate of McLean High School. Mr. Crockett graduated from MHS in 1957 and is at present stationed at Ft. Bliss, Texas. The couple will make their home in El Paso.

(Special to The News) LEFORS — In an impressive candlelight service on Aug. 23, Miss Neva Rippy became the bride of Harold Malone in the First Methodist Church with Rev. Wesley Daniel performing the single-ring ceremony.

Miss Rippy is the daughter of Mr. and Mrs. M. L. Rippy, Lefors, and Mr. Malone is the son of Mr. and Mrs. C. D. Malone of Pampa. The ceremony took place before the altar with a foreground of tapered candelabra holding pink candles, flanked by huge baskets of palms and tall white baskets of pale pink gladioli.

Miss Sheila Cole, pianist, played the traditional processional and recessional, and accompanied Jerry Watson, who sang "Because" just before the ceremony, and "The Lord's Prayer," as the couple knelt at the altar.

### BRIDE

The bride, given in marriage by her father wore a white organza ballerina-length gown over pale pink taffeta, featuring a high round neckline, fitted cap sleeves, with the long torso coming to points in the front and back, inset with organza embroidered lace and fastened with tiny organza bows in the back, and enjoined to the full gathered skirt.

Her double-tiered shoulder-length veil of white tulle was attached to a ring of pink rosebuds. The bride carried a cascade of pink roses and rosebuds arranged with white African lilies atop a white Bible.

Miss Mary Cole attended the bride as maid of honor wearing a blue taffeta street-length dress featuring a fitted waist, short cap sleeves and a cummerbund of blue net. Her accessories were white, with a bandeau of net and small white daisies, and a waist corsage of white carnations.

Mrs. Howard Bradfield was bridesmaid wearing a pink taffeta dress fashioned as the maid-of-honor, with pink accessories and a bandeau of pink flowers and net, and a corsage of white carnations.

Johnny Langford, Pampa, was best man. Robert Malone, brother of the bridegroom served as candlelighter. Groomsman was Fred Randall with Pat Brewer and David Jones as ushers.

For her daughter's wedding, Mrs. Rippy chose a chemise dress of navy, featuring a white lace collar with which she wore a white lace hat and black patent accessories and a white carnation corsage.

Mrs. Malone, mother of the bridegroom, wore a dress of beige topped with a bolero, with white and beige accessories and a corsage of white carnations also.

### RECEPTION

Immediately following the ceremony, a reception was held in the basement of the church. The serving table was laid in a white linen cloth overlaid with a white crocheted cloth centered with pale pink and white roses arranged

with multicolored colla. Pastel colored mints were served, with crystal, sterling silver and white napkins embossed with silver bells completing the table setting.

The couple cut the first piece of the three tiered wedding cake after which it was served by Miss Jan Dunnam with Miss Barbara Cody presiding at the crystal punch service.

The bridegroom graduated in 1955 from Pampa High School and attended WTSC in Canyon two years, majoring in Petroleum En-

gineering and is now employed by the National Tank Co. in Pampa. The bride is a graduate of the 1958 Senior class of Lefors High School. The couple will make their home in Pampa.

Following the reception, the couple left for a honeymoon trip to Colorado Springs, Colo.

HONORED SOUSA'S VISIT Austria, in 1955, issued a special medal in honor of the 50th anniversary of the visit of John Philip Sousa and his band to Vienna in 1905.

"Exclusive But Not Expensive"

Mrs. Gerald Dee Montgomery (Photo, Call's Studio)

### Double-Ring Nuptial Vows Exchanged By Carolyn Long, G. D. Montgomery

Double-ring nuptial vows performed by Reverend Richard Crews united Miss Carolyn Sue Long and Gerald Dee Montgomery on August 24 at 2:30 p.m. in the First Christian Church.

The bride is the daughter of Mr. and Mrs. L. C. Long, Avant, Okla., and the bridegroom's parents are Mr. and Mrs. E. A. Montgomery, 925 Campbell. Large baskets of gladioli and greenery decorated the wedding scene.

#### BRIDE

Given in marriage by her father, the bride was gowned in white Chantilly lace over white satin. The fitted bodice featured a high, rounded neckline with tulle inset above the sweetheart lines of the bodice. Long, lace-tapered sleeves ended in bridal points over the hands. The bouffant, tulle skirt, worn over hoops, featured an overskirt of Chantilly lace and a matching lace panel down the front of the skirt sprinkled with rhinestones. Her finger-tip veil of tulle illusion was secured to a Queen's Crown encrusted with pearls and rhinestones. She carried an arrangement of white roses atop a white Bible.

#### ATTENDANTS

Miss Marjorie Long, bride's sister, attended as maid of honor, wearing a white tulle over satin trimmed with orchid. She carried a bouquet of white and yellow carnations.

Dewayne Orr served the bridegroom as best man. Ushers were Delano Ramsey and Jimmy Freudenrich.

Ring-bearer was Miss Mary Long wearing white tulle over satin trimmed with yellow. Miss Vicki Long was flower girl.

Mrs. Danny King, at the organ, played a medley of nuptial airs and the traditional marches. Miss Betty Patchin sang "Be-

cause" and "Always." The bride's mother, Mrs. Long, wore a pink taffeta dress with white accessories. The bridegroom's mother chose a blue dress with blue accessories. Their costumes were complemented with white carnation corsages.

#### RECEPTION

A reception was held in the home of the bride's sister, Mrs. H. L. Meers, 732 N. Nelson, after the ceremony. Mrs. Robert Mauldin presided at the punch service. Mrs. Meers served cake. Miss Nova Parker was guest registrar. The couple left immediately for a wedding trip to Cheyenne, Okla. The bride traveled in a navy blue dress with white accessories and wore the white roses from her bouquet.

Mrs. Montgomery was graduated from Avant High School. The bridegroom was graduated from high school in Crawford, Okla., and attended Oklahoma City University. He is employed by Citizens Bank and Trust Co. They will make their home at 1116 Terry Road.

### RUTH MILLETT

She writes that she is 15 and thinks her mother is living in the past because her mother won't let her go steady. As long as she likes a certain boy she can't figure out why she should date any-

body else. And she ends her letter with this question: "Don't I have a right to go steady if I want to?" I'm afraid going steady isn't any teen-ager's guaranteed right. As long as a boy or girl is underage, is being supported by his par-

ents, and as long as the parents are responsible for his welfare, the parents have a right to say finally, "You can do this" and "You can't do that." If your parents have told you that you can't go steady, you can be sure they aren't just being mean or narrow-minded. They have, no doubt, given the matter a great deal of thought. And, if they are like most conscientious parents, their thinking goes beyond "What will make our daughter happy today?" to "What will be best for her in the long run?"

### Mrs. Teel Heads WSCS Meeting

(Special to The News) LEFORS — Mrs. Bill Teel, vice-president, presided over the business meeting of the WSCS in the First Methodist Church on Tuesday afternoon in the absence of Mrs. W. C. Breining, president. The devotional taken from Matt. 9:9 was given by Mrs. Wesley Daniel. Opening prayer was led by Mrs. L. W. Upham. The study on "The Mid East" was taught by Mrs. Jess Stubblefield. Closing prayer was led by Mrs. Earl Atkinson. Those present were Mmes. Raymond Barnes, C. C. Millins, Jess Stubblefield, Wesley Daniel, Earl Atkinson, George Duncan, Bill Teel, and L. W. Upham.

### Lourdes Tour To Be Program For October Meet

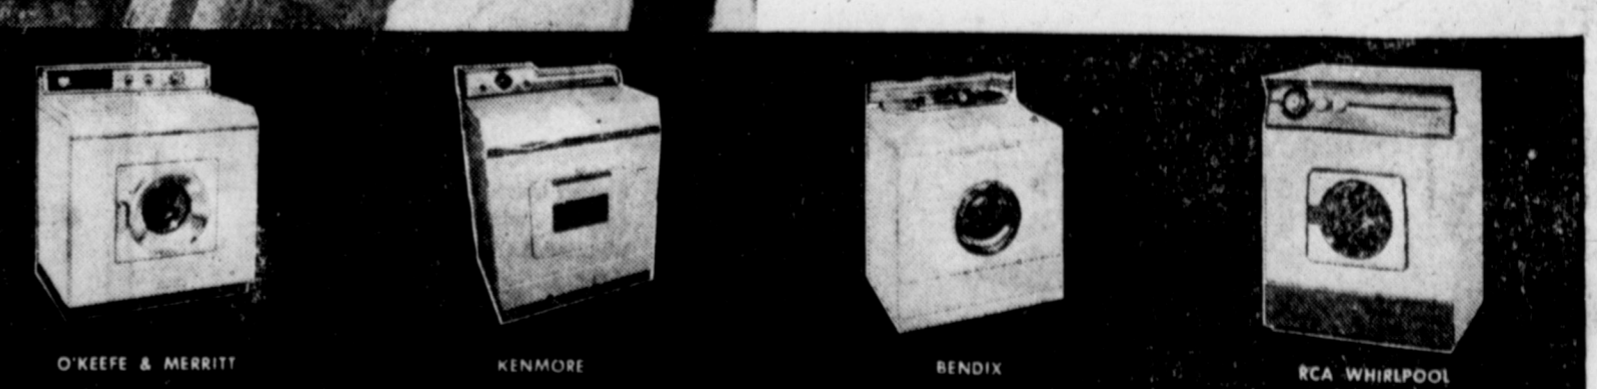

Priest editor Monsignor L. T. Mathiesen of the West Texas Register will give a talk on his trip to Lourdes at the October 7 meeting, it was stated by Mrs. Andrew McNamara at the first meeting of the year of the Holy Souls Altar Society held in Holy Souls School. The public as well as the parish are invited to attend. Mrs. Lloyd Simpson, presided over the meeting as plans for a ham and turkey dinner were made to be held on Nov. 9. Further details will be given later. Following the meeting, the group went to the parish hall for a social with the Holy Souls Home and School Association. Hostesses were Mmes. Adolph Gerik, Wayne Howell, Leonard White and Ben Wood.

*Look, here's how to loaf through your washings (and save clothes and money too!)*

Let a **GAS** Combination Washer-Dryer do BOTH jobs for you!

Can you think of a dozen things you'd love to do—if you just had the time? Then here's your answer. With a new Gas Washer-Dryer combination you can do homemaking's two most tedious chores with a turn of a knob, a twist of a dial! Tell this to your husband if he's fond of saying that "time is money", and remind him your free time is actually just a bonus. The real economy is Gas itself—it costs nine times less to do your laundry with Gas than with any other fuel. Add to that the reduced wear and tear on clothes . . . and you'll see you can't afford not to own a Gas Washer-Dryer combination. See them at your gas appliance dealer's . . . tomorrow.

Miss Phyllis Trollinger Mr. and Mrs. Cecil Trollinger, 521 N. Nelson, announce the engagement and approaching marriage of their daughter, Phyllis to Ralph Richard Gardner, son of Mr. and Mrs. Ralph E. Gardner, 1237 N. Russell. Wedding plans have been set for November 28 in the First Christian Church. (Photo, Koen's Studio)

Miss Jones Is Party Honoree

(Special to The News) PERRYTON — Miss Kathleen Jones, bride-elect of Louis Robert of Throckmorton was the honoree at a bridal shower and tea given recently in the home of Mrs. H. D. Malone. Hostesses for the occasion were Meses Kermit Johnson, Clifford Beck, Henry Hale, Miles Edwards, Marnie Wood, R. L. Gerard, H. P. Richardson and Malone. Alternate hostesses received the guests. Miss Ola Sue Johnson was guest registrar. Mrs. Bill Thrasher, Miss Phyllis Vernon, Miss Pat Wood, and Mrs. Hale assisted with the gifts. Corsages of white flowers, tied with pastel green, were presented to the honoree and her mother, Mrs. B. C. Jones. The tea table was covered with a white applique organdy cloth and appointed with crystal. Centering the table was an arrangement of white asters, carnations, and hyacinths, interspersed with pastel green satin bows, which carried out the honoree's chosen colors of green and white. White tapers in crystal candelabra completed the decorations. Mrs. Jones and Mrs. Beck presided alternately at the punch service. Approximately eighty guests called or sent gifts. Foundation makeup will show up in wrinkles and blemishes if applied carelessly. When applying makeup always smooth the skin so these areas are properly filled. A soft brush may be used to whisk away excessive amounts. It also is good to brush powder from the hairline.

Opti-Mrs. Plans Halloween Party

Opti-Mrs. Club met Tuesday evening in the Optimist Boys' Building with Mrs. John Schoolfield as hostess. Mrs. Cliff Dunham, president, presided during the meeting as plans were made to distribute Christmas cards to members for selling. October 24 was the date chosen for a Halloween party to be given for members and their families. The costume party will be given in the Boys' Club Building. Mrs. W. A. Gipson was named chairman of the affair. Members were urged to bring articles to each meeting for the annual Christmas Gift Sale. Attending the meeting were Meses. Clay Crossland, Cliff Dunham, W. A. Gipson, James Lewis, Lester Maxam, Newt Secrest, Bill Stephens, Ben White, Vern Pendergrass, Ray Browning, Bill Jenkins, Norma Schale, and Homer Hollars.

VFW Auxiliary Plans Tea Honor

Veterans of Foreign Wars Auxiliary met Tuesday evening in the VFW Hall with Mrs. Bill Leonard, president, presiding during the business session. Plans were made to honor Mrs. Jane Waters of Fort Worth, Department of Texas president with a tea on September 13, when Pampa will be host to District Nine Encampment. Members voted to buy a school lunch for a child during this year. A donation was approved to be sent to the Student Nurse's Fund chairman. The meeting closed with the chaplain's prayer. The next meeting for the auxiliary will be a social on Sept. 16 in VFW Hall with Meses. Dock Stuart and Frank Yates as hostesses. Members present were Meses. Jess Beard, G. S. Benham, John Brandon, Bennie W. Carter, Harry Hoyer, Frank Hudgel, Dale Kreimeyer, Bill Leonard, Larry Parsley, Dock Stuart and Vernon Stuckey.

Josie Marie Hanagriff Bride Of Robert Herring

Miss Josie Marie Hanagriff, daughter of Mr. and Mrs. Charles William Hanagriff, Centerville, was united in marriage recently to Robert Dixon Herring, son of Mr. and Mrs. Clois Dixon Herring of Franklin, La., formerly of this city and grandson of Mr. and Mrs. J. H. Jones, 821 N. Yeager. The ceremony was conducted in the Centerville Presbyterian Church at three-thirty with Rev. Albert S. Hurley, pastor of the first Methodist church in Franklin officiating at the double-ring ceremony. The church was profusely decorated with blossoms, including white chrysanthemums, gladioli, cymatis, and emerald palms. Tall standard held lighted tapers. Flanking the entrance to the chancel were tall baskets of flowers and the pews on the main aisle were decorated with white satin ribbon. Family pews were marked with bows, streamers and cymatis. Lorrie Henslee sang "O, Promise Me" before the ceremony and "The Lord's Prayer" at its conclusion, accompanied at the organ by Mrs. Woodrow Gibson, aunt of the bride.

Mrs. Robert Dixon Herring

The bride, given in marriage by her father, wore a gown of magenta - white pure silk taffeta with a tightly fitted bodice, which featured a v-neckline and short-sleeved sleeves embroidered with roses and pearls. The skirt was dome shaped in front and drawn into a large pouff in the back, tied with taffeta bows and extending into a full court train. A jeweled crown held her full-length veil of Belgium lace over silk illusion. She wore a single strand of pearls on a white gold chain, a gift from the bridegroom, and pearl earrings. Long white gloves and a cascade bouquet of white sweetheart roses combined with lilies-of-the-valley and foliage completed her bridal costume.

She was attended by Meses Gypsy Biggs, Baldwin, as maid of honor and bridesmaids Meses Charlotte Tibbs, Rachel Ann Cheramie and Margaret Ann Shinn. Miss Connie Lawrence of Baton Rouge was junior bridesmaid. Miss Kathy Callais was flower girl. The attendants wore identical patio - length gowns of Nile green silk taffeta with fitted bodices, softly rounded necklines and bracelet-length sleeves. The skirts were pouffed at the hemline giving a harem effect and caught at the waist in back with a crushed bustle bow of matching fabric. Floral headpieces trimmed with pearls and shoulder-length veils of illusioning matched their dresses. Each wore a single strand of pearls on a white gold chain, a gift from the bride and pearl earrings. They wore pumps of Nile green taffeta and carried cluster bouquets of white chrysanthemums accented with clusters of pearl grapes and green-tulle. The flower girl wore a dress of white imported organdy, waltz-length, featuring a butterfly bow of Nile green taffeta ribbon with streamers to the hemline of her skirt. A matching bow adorned her hair and she carried a basket of white chrysanthemums with clusters of pearl grapes, tulle and foliage. Ring bearer was Master John Scott Scholer, who carried the rings on a white satin pillow covered with lace matching that of the bride's veil. Best man was Clois Dixon Herring, bridegroom's father. Grooms-men and ushers were Ray Gibson, Prescott Foster and Charles William Hanagriff Jr., bride's brother.

OCTOBER WEDDING

Miss Virginia Fay Lee The engagement and approaching marriage of Miss Virginia Fay Lee to Dale Ray Fannon, son of Mr. and Mrs. William S. Fannon, 2412 Christine, is being announced by the bride-elect's parents, Mr. and Mrs. Olin G. Lee, 1114 NW 37, Oklahoma City, Okla. October 18 has been set as the wedding date and vows will be solemnized in the Louise Prichard Memorial Chapel of the First Baptist Church in Oklahoma City at four o'clock.

ed throughout the reception. A floor-length cloth of white imported organdy covered the bride's table centered with a four-tiered elaborately decorated wedding cake. The four tiers were spaced with colonial columns encircled at the bases with white swans. A miniature bride and bridegroom stood atop the cake, before a fanned-shaped background of lilies-of-the-valley, white forget-me-nots and satin ribbon. The table was accented with lilies-of-the-valley, foliage, and small white doves. Blossoms and ribbons decorated the cake knife, which was a gift to the couple from her brother. Later in the evening, the young couple left on a wedding trip. The bride is a graduate of Franklin High School and is presently attending West Texas State College. The bridegroom is also a graduate of Franklin High School and is attending West Texas State College in Canyon, where they will make their home.

RECEPTION A reception was given by the parents of the bride in their residence in Centerville. An array of summer flowers decorated the home, and gold bud vases with single white rose-buds were placed throughout the reception.

51st Year THE PAMPA DAILY NEWS SUNDAY, SEPTEMBER 7, 1958 17 Mrs. Newell Has Ruth Morse Meet (Special to The News) CANADIAN — Ruth Morse Circle of the First Christian Church met in the home of Mrs. Wayne Newell recently with Mrs. Walter Flewelling as co-hostess. Mrs. Frank Cook, chairman, presided at the business meeting, and Mrs. Leslie Webb gave the lesson on "The Law and The Gospel." The devotional on "Friends" was given by Mrs. Cook. Attending were Mrs. Jim Tucker of Blackwell, Okla., and Meses. Carl Zybach, Carl Cansler, Frank Cook, Jim Trayler, Clarence Fyeatt, T. W. Newton, Charles Callaway, James Mitchell, Calvert Norris, and Leslie Webb. If you find that you cannot attend a party, after you have already accepted the invitation, let your hostess know as soon as possible. There is always the chance she would like to invite someone in your place. A hostess can't invite a substitute if you wait until the last minute to say you aren't going to be able to be at her party. Miss Gerik Has LC Club Meet Miss Mary Gerik, 317 N. Rider, was hostess to the Tuesday evening meeting of the Las Cressas Club. The meeting was conducted by Miss Sharon Summers, president, who concluded with the reading of the new constitution, following which it was unanimously approved. Members discussed and approved the plan to have a dance with cooperation with the Kit Kat Klub on Sept. 6 in St. Matthews Episcopal Parish Hall. September 14 was the date set for the initiation tea to be held for new club members. Mrs. Charles Lerner, sponsor, was a special guest at the meeting. Refreshments were served during the social hour by the hostess. The next meeting for LCC will be in the home of Miss Lola Lathrop, Cole Lease, on Sept. 9 at 7 o'clock. Read The News Classified Ads.

### Mrs. Lee Harrah Hostess To Initial Meeting Of Wesleyan Service Guild

A salad supper in the home of Mrs. Lee Harrah, 2401 Duncan, on Monday evening started the fall meeting of the Wesleyan Service Guild of the First Methodist Church.

Miss Minnie Allen, president, welcomed guests, new and old members. The secretary's report was given by Miss Alma Wilson, secretary. After discussion the group voted to have the social hour before the program each time to enable members to retain more spiritual benefits received from the study.

Assignments were made by the study leader, Miss Knez Clubb, for the study, "Middle East," which will be started Sept. 15.

Mrs. Orion W. Carter made announcement of the showing of the highly recommended technicolor motion picture of "The Life of Albert Schweitzer" to be shown Oct. 1-2. Tickets for the one hour and 20 minutes show can be obtained from members of the Pampa Council of Church Women, which sponsor the picture; ages 12 through high school has a 40 cent admission, adults, 60 cents.

Miss Allen reminded the group that a district officers training school is to be held in Canadian on Sept. 21, starting with a luncheon. She urged all who can to attend.

Mrs. Sherman White presented the year books; explained the Wesleyan Service Guild emblem used on the cover. Miss Lillian Mullinax received the Quadrennial

Goals for 1958-60, which has the theme, "The Spirit of Christ for all of Life."

An inspiring devotional was given by Miss Allen on the topic, "Prayer." Using scripture, "What things soever ye desire when ye pray, believe that ye receive them, and ye shall have them" (Mark 11:24) and "Men ought always to pray and not faint" (Luke 18:1), Miss Allen pointed out "The three laws of prayer are faith, trust and acceptance of God's will. We should have a secret place and a definite time for prayer each day; ideally, the secret place is in our hearts and the time is now. We should pray at all times." In closing, Miss Allen led the group in the Lord's Prayer and the singing of "Bless Be the Tie That Binds."

Mrs. J. A. Knox was presented a going-away gift as a token of appreciation for her loyalty and service to the Guild.

Miss Betty Boswell showed slides of scenes taken while vacationing in the southern and eastern United States.

Visitors attending were Mrs. Orion W. Carter, H. H. Bratcher, W. W. Adcock, Ira Carlton and Miss Mary Elizabeth Porter. Members attending in addition to those mentioned above were Mrs. Irl Smith, Lillie May Fowler, L. B. Penick, W. C. Hutchinson, M. L. Carter and Malcolm Denson. The next meeting will be held on Sept. 15 at 1201 Williston.

RHO ETA CHAPTER OFFICERS—Recently chosen to lead Rho Eta Chapter of Beta Sigma Phi Sorority in 1958-59 are the officers pictured above. Seated is Mrs. Jack Florence, president; standing, left to right, Mrs. Jim Terrell, vice president, Mrs. Hart Warren, treasurer, Mrs. R. D. Dunham recording secretary; and Mrs. Wade Court, corresponding secretary. (News Photo)

## Hoe Down

(EDITOR'S NOTE: The following article was compiled by Mrs. Henry Gruben of the Pampa Garden Club).

Now that it is getting close to time for planting evergreens, trees, shrubs, and bulbs, one of the greatest blessings for the woman gardener is the man gardener.

Seriously, it is time to be considering the larger plants to be added to the yard this fall. On the whole, evergreens, both needle-leaved and broadleaf, will be most expensive additions made by the home owner; consequently, much thought should be given to these purchases. Your local nurseryman will give you help in selecting and placing all the larger plants in the yard.

However, here are a few facts and names to help you in your consideration. Evergreens are divided into the needleleaf and broad-leaf types—in the needle-leaf-type, there is dwarf or slow-growth plants. Examples are, yews, boxwood, and creeping juniper. Second, are the medium-sized trees such as Pfitzer juniper, upright juniper and spruce. These are good for accent plantings. The third group includes pine, large spruce and yews. These are used as screening plants although the growth is slow in the Panhandle.

Here are some broadleaf evergreens, which can be grown successfully in the Panhandle although the growth is somewhat slower than in other regions; pyramus japonica and euonymus patens. All of these produce berries in the fall.

Flowering shrubs are a great job to any gardener as they produce some of the earliest flowers in the Spring. The earliest are forsythia, flowering almond, and flowering quince. The blooming types are bridalwreath (this is one of the spirea family and there are many kinds and colors), crapemyrtle, snowball, mock orange and lilac.

## LITTLE LIZ

Nearly every girl dreams of a tall, dark, handsome man who can introduce her to a short, fat, rich one.

## DEAR ABBY...

By Abigail Van Buren

DEAR ABBY: I am in a spot and don't know what to do. My friend (we grew up next door to each other) is getting married in November and she asked me to be a bridesmaid. She's been engaged to this fellow for three years and all the time she went with him she has been sneaking out to go with others. I don't respect her and really don't want to be a bridesmaid at her wedding because I know too much about her. She says she is marrying him for security and will learn to love him after they are married. How can I get out of being her bridesmaid after I said yes?

ON THE SPOT with someone doesn't constitute a friendship. Tell her you have changed your mind—and tell her why.

DEAR ABBY: My husband has a very irritating habit of reading in bed before going to sleep. If you've ever tried to sleep with the light shining in your face you will realize my problem. In my job I am on 24-hour call and I could use the extra sleep. Should I burn the magazines or sleep in the doghouse?

SLEEPY IRENE  
Dear Sleepy: Neither: Get a bed-light that shoots a beam of light, or buy eye-shades for yourself. Goodnight, Irene!

DEAR ABBY: We have a very stingy aunt who accepts dinner invitations from all the relatives, but never invites anyone to her home. Last Christmas she won a turkey in a raffle and it only weighed 12 pounds and she had the nerve to invite 36 people to her house for turkey. All she served with it was cranberry sauce and garlic bread. She has been the talk of the whole family ever since. My husband says we should invite her anyway and overlook her stinginess. Do you think he is right or not? I say she should stay home if she can't entertain others like they entertain her. She is in better financial shape than any of the rest of us, so that's no excuse.

A NIECE  
Dear Niece: Life is too short to bear a grudge over anything so insignificant as what was served at a party. Next time offer to "help" her and talk enough "turkey" to her to feed everybody.

DEAR ABBY: I am a girl of 17 and I think I have a problem. I have been seeing this guy who is 19 but he says he doesn't want to go steady. He told me he loves me and I know I am in love with him. He told me he didn't want to see too much of me because he doesn't want to get sick of me. After telling me this he put me on a bus to go home and didn't say when he would call me. Do you think he meant it when he said he loved me? I want to know what to do.

LOSS OF WORDS  
Dear Loss: If this fellow loves anything—it's his own freedom. Don't take him seriously.

DEAR ABBY: I have been w-

## Council Of Clubs Gets Off Good Start At Meeting Thursday In City Club Rooms

Pampa Council of Clubs met in the City Club Room on Thursday morning at 9:30 presided over by Mrs. Jack P. Foster, president, who introduced new officers and standing committees.

Mrs. Tom Perkins, house and project chairman, reported on the dishes and kitchen equipment on hand for use by the clubs. She also reported that all club members should turn in their Betty Crocker coupons to Mrs. Robert Sanford, as she needs them to order more silverware for the clubs.

Mrs. Foster also stressed the importance of everyone taking part in turning in their coupons for use by the council.

Mrs. Grant Anderson read the minutes of the Council Board meeting which was held recently.

The treasurer's report was given by Mrs. Jeff Bearden.

The budget for 1958 and 1959 was discussed by Mrs. Foster who reminded clubs that it is now time to pay their dues. She reported that if the council did not have a money-raising project, they could still stay within the budget.

Whether or not to have a money-raising project is to be decided upon by a majority vote of the clubs.

A questionnaire was handed to representatives of the different clubs as to how the council could better serve the clubs individually. These questionnaires are to be brought up in the respective clubs and their decisions brought back to the next council of clubs meeting.

Mrs. Foster said she was very anxious for each club to consider this questionnaire very seriously as it can be very beneficial.

Mrs. Foster reported that local club women have a very cordial invitation to join the bowling clubs which are now being organized.

Mrs. Wm. Leonard, representing

the VFW Auxiliary, announced an interest in air-conditioning the club room if possible. A committee was appointed to look into the situation and see how they can carry out this project. Serving on this committee will be Mmes. Margaret Payne, Vera Lard, and Leonard.

Mrs. Earl Casey, representing the local Council of Church Women, reported on the Academy Award Winning picture, "The Life of Albert Schweitzer," which is being sponsored by the church council on October 1 and 2. She gave a brief synopsis of the picture and urged each one to buy tickets from some of the council members as the Council of Church Women will get a percentage of the profit from the tickets which they sell. Mrs. Casey also reported the colored nursery, which is sponsored by the Council of Church Women, has been opened and they now have about 22 children daily. She reported the need of more chairs, more room, and that any help from other clubs in town would be appreciated.

All interested bridge players are invited to meet with the club on Oct. 13 at 7:30 in St. Matthew's Episcopal Parish Hall with 12 couples playing the Howell Movement.

Winners were Mmes. Jackye Evans and Carl Leidecker, first; Mmes. E. J. O'Brien and Harry Whisenhunt, second; Mmes. Dorsett and F. VanShoubruck, third and fourth Mmes. H. M. Luna and Greeley Warner.

The club calendar for the new year was reviewed by Mrs. Foster and she urged clubs to use the club room more and that those desiring to make reservations should call J. Flanagan.

Mrs. Foster made a special appeal to all clubs to report their activities to the women's news editor of the Pampa News as soon after their meetings as possible, preferably within 3 days. "Each club in town should be very anxious to give their worthwhile programs and projects as much publicity as possible so that everyone will know what they are doing," she said.

### Duplicate Club Plays Howell Movement

Pampa Duplicate Bridge Club met in its regular Monday evening session at 7:30 in St. Matthew's Episcopal Parish Hall with 12 couples playing the Howell Movement.

Winners were Mmes. Jackye Evans and Carl Leidecker, first; Mmes. E. J. O'Brien and Harry Whisenhunt, second; Mmes. Dorsett and F. VanShoubruck, third and fourth Mmes. H. M. Luna and Greeley Warner.

All interested bridge players are invited to meet with the club on Oct. 13 at 7:30 in St. Matthew's Episcopal Parish Hall with 12 couples playing the Howell Movement.

### Adams-Spencer Vows Are Announced

Mr. and Mrs. G. H. Adams, 720 N. West, announce the marriage of their daughter, Darlene, to Charles Henry Spencer Jr., son of Mr. and Mrs. C. H. Spencer, 524 S. Cuyler.

Wedding vows were repeated on August 19 at five o'clock in the First Methodist Church, Sayre, Okla., with Reverend Clement E. Lewis performing the ceremony.

Mr. and Mrs. Spencer are making their home in Denver, Colo.

# Indian Sign Stamped On Pudding Dessert Made Of Sweet, Aromatic Molasses

Our Indian Pudding recipe is easy to assemble and it is baked two hours in a very slow oven to develop its flavor and thick pudding texture. (Some recipes have been known to call for five hours' baking time.) The pudding is served warm with cream, or a scoop of vanilla ice cream or with a dollop of whipped cream or a topping of cooked, spiced apple slices.

At Durgin-Park Restaurant in Boston (a nationally famous century-and-more-old eating place in the wholesale produce market area), Indian Pudding is a daily offering. This restaurant claims that every morning at 11 for the past 42 years, a retired sea captain has dined on chowder, Indian Pudding, and coffee. And twice a week for the past 44 years, a little old lady from Beacon Hill has come in at 5 p.m. and ordered two man-sized portions of Indian Pudding and nothing else!

**INDIAN PUDDING**  
 1/2 cup corn meal  
 3 cups milk  
 1/2 teaspoon salt  
 1/2 teaspoon soda  
 1/2 teaspoon nutmeg  
 1/2 teaspoon ginger  
 1/2 teaspoon cinnamon  
 1 tablespoon sugar  
 1 tablespoon butter or margarine  
 1/2 cup un-sulphured molasses

Mix corn meal and 2 cups of the milk. Cook, stirring constantly, until thickened, about 5 minutes. Remove from heat; stir in remaining ingredients. Turn into a 1-quart casserole. Bake in a very slow oven (275 degrees F.) 2 hours. Serve warm, with cream or ice cream.  
**YIELD: 6 servings.**

1 egg, unbeaten  
 1/2 cup sour milk  
 2 3-ounce packages cream cheese  
 2 tablespoons milk

Sift together flour, salt, ginger, cloves, and cinnamon. Cream shortening, sugar, and soda. Blend in molasses. Stir in 1/2 cup flour mixture. Beat in egg. Add sour milk alternately with remaining flour mixture. Beat 1/2 minute. Turn into a well-greased and lightly floured 8-x8-x2-inch pan. Bake in a moderate oven (350 degrees F.) 40 minutes. When ready to serve, blend together cream cheese and milk. Cut cake into squares; place spoonful cream cheese on top of each square. Serve with a lemon sauce.  
**YIELD: 9 servings.**

Here is a recipe for taffy-glazed apples for the Halloween celebrations:

**MOLASSES APPLES ON A STICK**  
 12 ripe, red apples

**STUFFED PORK CHOPS**  
 Next time you purchase rib pork chops and decide to stuff them, try a mushroom stuffing consisting of bread crumbs, butter or margarine, chopped mushrooms, salt and minced parsley.

## Country Fried Chicken And Rice Is Summer's End Treat

By GAYNOR MADDOX  
 NEA Food and Markets Editor

Now that vacations are over and daily menus go home style, it's time to look for new recipes for family appetites. Here's a combination — call it country style with a modern work-saving twist. It's real good eating.

**COUNTRY CHICKEN AND RICE**  
 (Makes 4 or 5 servings)  
 One quick-frozen frying chicken, seasoned flour, 3 tablespoons butter or other fat, 1 can condensed cream of mushroom soup, 2-3 cup water, 1 2-3 cups (4 1/2-ounce box) packaged precooked rice, 1/2 teaspoon salt, 1 1-3 cups boiling water, 2 tablespoons butter.

Separate pieces of chicken, dry between towels, and roll in seasoned flour. Sauté in fat until brown on all sides. Remove chick-

en from skillet. Combine soup and 2-3 cup water with drippings in pan, blending well. Return chicken to skillet, cover, and simmer 30 to 45 minutes, or until tender. Add packaged precooked rice and salt to boiling water in saucepan. Mix just to moisten all rice. Cover, remove from heat, and let stand 5 minutes. Add butter and mix slightly with a fork. Pack into well-greased 7-inch ring mold and let stand a few minutes. Then turn out onto hot serving plate. Place gravy in small bowl. Set in center of rice ring. Garnish with parsley and watercress, if desired.

Tomorrow's Company Dinner: Jellyed tomato bouillon, country chicken and rice, homemade biscuits, butter or margarine, currant jelly, spinach, cantaloupe à la mode, coffee, tea, milk.

# The Pampa Daily News

YOUR FREEDOM NEWSPAPER

We believe that freedom is a gift from God and not a political grant from government. Freedom is not license. It must be consistent with the truths expressed in such great moral guides as the Golden Rule, The Ten Commandments and the Declaration of Independence. This newspaper is dedicated to promoting and preserving YOUR freedom as well as our own. For only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

## A State Of Siege

Governor Orval E. Faubus has it within his power to bring on a state of siege in Little Rock, Arkansas. It is apparent that this is what is in the offing.

The federal government, with no less a spokesman than President Dwight D. Eisenhower, himself, is out to bring on integration in all schools, northern and southern. A large majority of the white people and some of the colored people in the South, are violently aroused in opposition to this policy. Just what the final outcome will be, we are not competent to predict.

Little Rock has year after year been the scene of a nasty bit of internecine warfare as we have viewed in this country. Unless there is to be a repeat of this nastiness, the policies of the federal government and the policies of several of the sovereign southern states are going to have to be brought into greater alignment.

At the moment they are sharply divergent. And school children, both white and Negro, are going to pay the penalty for all of this professional politicalism.

Actually, of course, the policies of the federal government are as willful and contradictory as any that could well exist. For while Washington is in the process of compelling integration in Little Rock, it is also in the process of financing a school for white children only who are the offspring of Air Force personnel in Pulaski County where Little Rock is situated.

LI. Stephen E. Emerline, information officer of Little Rock Air Force Base, has revealed that the government is putting up some \$650,000 to finance a school for Caucasians only. The county of Pulaski has provided the land at local taxpayers' expense.

Just how the big government can compel obedience by the small state government in matters respecting integration, and at the same time pursue a policy of encouraging segregation nearby, is past understanding. But the facts are there and speak for themselves.

In any case, whatever happens in Little Rock and in Pulaski County, the evidence is that whatever is wrong here is deep seated and not subject to surface solutions. What is really at fault is our entire compulsory educational system.

We have full sympathy for our Negro Citizens. We cannot blame them for wishing to better their condition. We also have full sympathy for our southern white neighbors. We commend them for their courage in standing up to

## BETTER JOBS

By R. C. HOILES

Competition (No. 1V)

In the last installment Frederic Bastiat pointed out what would be the unjust results if men were not allowed to compete to establish the true value of services. He puts it this way: "Were things to remain in this state, a principle of indefinite inequality would be introduced into the world with every new invention. Not only could I not say that value is proportional to labor; we could not even say that value tends to become proportional to labor. All that we have said in the preceding chapters about gratuitous utility and progressive community would be chimerical. It would not be true that services are exchanged against services, in such a way that the gifts of God are transferred gratuitously from one man to another, down to the ultimate recipient, who is the consumer. Each would continue to be paid, not only for his labor but for the natural forces which he had once succeeded in setting to work; in a word, society would be constituted on the principle of universal monopoly, in place of on the principle of progressive community."

"But it is not so, God, who has bestowed on all his creatures heat, light, gravitation, air, water, the soil, the minerals of vegetable life, electricity, and countless other benefits which it is beyond my power to enumerate. — God, who has placed in the human breast the feeling of personal interest, which, like a magnet, attracts everything to itself. — God, I say, has placed also in the bosom of society another spring of action, which he has charged with the care of preserving to his benefit their original destination, which was, that they should be gratuitous and common. This spring of action is Competition. "Thus, Personal Interest is that irrefragable force belonging to the individual which urges on to progress and discovery, which spurs us on to exertion, but leads also to monopoly. Competition is that force belonging to the species which is not less irrefragable, and which snatches progress, as it is realized, from individual hands, and makes it the common inheritance of the great family of mankind. These two forces, in each of which, considered individually, we might find something to blame, thus constitute social Harmony, by the play of their combinations, when regarded in conjunction."

Oppose Competition "And we may remark, in passing, that we ought not to be at all surprised that the individual interests of men, considered as producers, should from the beginning have risen up against Competition, should have rebuked it, and sought to destroy it — calling in for this purpose the assistance of force, fraud, privilege, sophistry, monopoly, restriction, legislative protection, etc. The morality of the means shows us clearly enough the morality of the end. But the astonishing and melancholy thing is, that science herself — false science, it is true — propagated with so much zeal by the socialist schools, in the name of philanthropy, equality, and fraternity, should have espoused the cause of Individualism, in its narrowest and most exclusive manifestation, and should have deserted the cause of humanity."

"Let us see now how Competition acts: "Man, under the influence of self-interest, is always, and necessarily, on the outlook for such circumstances as may give the greatest value to his services. He is not long in discovering that, as regards the gifts of God, he may be favoured in three ways: "1. He may appropriate to his own exclusive use these gifts themselves; or, "2. He may alone know the process by which they can be made useful; or, "3. He alone may possess the instrument by means of which operation in the work of production can be secured."

"In any of these cases, he gives little of his own labour in exchange for much of the labour of other men. His services have a high relative value, and we are led to believe that this excess of value resides in the natural agent. If it were so, this value would not be subject to fall. Now, what proves that the value is in the service, is that we find Competition diminishing both value and service simultaneously. "1. Natural agents — the gifts of God — are not distributed uniformly over the different countries of the world. What an infinite variety of vegetable productions are spread over the wide range extending from the region of the pine to the region of the palm tree! Here the soil is more productive, there the heat is more vivifying. In one quarter we meet

with stone, in another with lime, in another with iron, copper, or coal. Waterpower is not to be found everywhere, nor can we everywhere avail ourselves to an equal extent of the winds. Distance, from the objects we find essential, of itself makes a vast difference in the obstacles which our efforts encounter. Even the human faculties vary in some measure with climate and race. "It is easy to see that, but for the law of Competition, this inequality in the distribution of the gifts of God would lead to a corresponding inequality in the condition of men."

(To be continued)

## Cause For Alarm

Robert Allen Reports.

## President Wants New Stratgy Against Reds

WASHINGTON — President Eisenhower wants new strategy and measures to combat Russia's steadily expanding economic warfare through the world.

A special committee of business leaders has been named for this purpose. Headed by Commerce Secretary Sinclair Weeks, this still unannounced group includes the following top executives:

Stanley Charles Allyn, National Cash Register; Henry C. Alexander, J. P. Morgan & Co.; Harold Boeschstein, Owens-Corning Fiberglass; S. D. Bechtel, Bechtel Corp.; R. G. Pollis, Standard Oil of California; Eugene Holman, Standard Oil of New Jersey; P. D. Reed, General Electric; A. Thomas Taylor, International Packers, and Frank Stanton, Columbia Broadcasting Company.

First pressing task of the committee is to formulate plans to cope with Russia's latest tactics of dumping commodities on the world market.

A recent striking instance of this was the offering of large quantities of aluminum at prices below Western levels. Since then, the Reds have let it be known they are preparing to do the same thing with other commodities.

A voluminous study by Central Intelligence Agency states the Kremlin's aim is to "dominate national economies and political infiltration. "The CIA particularly warns this "soft subversion" is being used throughout South America. Numerous examples are cited of Russian trade and "other bargains" there, many of them accepted.

Dr. Milton Eisenhower, the President's brother, strongly advised vigorous counter measures following his recent trip to Central America.

The head of Johns Hopkins University learned the Soviet is very active trying to do business in every country he visited. He brought back a considerable list of these operations, which were totally unknown in Central America, a few years ago.

NOTE: Since February, foreign acquisition of U.S. gold has brought its holdings down to under \$21.7 billion. However, that stupendous amount of known gold reserves of all other countries, of this total \$60 billion, plus is backing for gold certificates held by the Federal Reserve Banks as their reserves.

FEUDING PALMS — Iraq's revolutionary rulers are beginning to wrangle. There are increasing undercover indications that a big upheaval is brewing among them.

Deputy Premier Abdel Salam Mohammed Arif, who is also deputy commander of the armed forces and Interior Minister, is steadily reaching for more and more power. In these undercover maneuvers, he is clashing with Prime Minister Karim el-Kassem and other new Iraq chiefs.

## Hankering

Something New Maybe In New York Governor Race

By HENRY McEMORE

New York State is likely to see something new when its two gubernatorial candidates get down to campaigning in earnest — cavalierring.

Both men — Nelson A. Rockefeller and Averell Harriman — are multi-millionaires, and probably don't know what mud is, much less how to sling it.

But caviar is something else again. They probably remember it being delivered to their houses by dump truck when they were boys and it is entirely possible that the expensive stuff was used in their play pens instead of sand.

It is to be hoped by us poor folk that neither Mr. Rockefeller nor Mr. Harriman play down their massive fortunes when they hit the trail to talk to the voters. Let them go forth in full panoply, pockets loaded with ten thousand dollar bills, for there is always the chance that a stray breeze, or a sharp turn, will empty their wallets. Then some lucky fellow will be able to cry "Finders keepers!" and head for the hills.

If it's true, as President Teddy Roosevelt once said, that a rich man makes the best public servant, then it might be a good idea for the voters to let the biggest bankroll decide the governorship in New York.

The two candidates would be put on a platform in Times Square and set to counting their money. The one who still had some left, and was still counting on Election Day, would be declared the winner. Torn bills not to count, of course.

There used to be a time when a man's money worked against him in his climb to high office. The poorer he was, the better chance he had. The man reared in a log cabin had a head start over the bungalow-born man, and the bungalow-born one had an advantage over one who spent his childhood in, say, a duplex.

Those days are over. The rise in our standard of living has seen to that. A fellow can be reared in a split-level or a ranch house and still not despair of rising in the political firmament.

If I were handling the campaign of Mr. Rockefeller or Mr. Harriman, I would make a big point of the personal sacrifice involved in being elected Governor.

Take the matter of houses, for example. The Governor's Mansion at Albany is a very respectable dwelling, but it's little more than a tool shed when put alongside the sort of mansions the two candidates have been accustomed to since

## The American Way

EMBATLED FARMERS By WILLIS E. STONE

Symbolizing the hateful communist system, a picture is going the rounds these days. It depicts Russian Agricultural Commissioners deciding what the collectivized farmers in the Soviet will raise on collectivized farms.

The picture disturbs the American farmers, for it bears a striking resemblance to the bureaucratic sessions by which crop quotas and penalties for non-compliance are imposed.

The collectivized farm idea has no place in America. This question was settled long ago, in the hard way, with a Revolutionary War, the Declaration of Independence and the Constitution. Ralph Waldo Emerson, in "The Concord Hymn," immortalized the heroic events which won emancipation for the American farmer. He wrote:

"HERE ONCE THE EMBATTLED FARMER STOOD, AND FIRED THE SHOT HEARD ROUND THE WORLD." Time has passed. Memory of the fight for freedom fades. Now bureaucratic contrivers build confusion and crises, and then demand vast powers to save us from the disasters of their own contrivance.

First they gained control of money and credit. With this they upset the economy and farm prices. Then they demanded power and money to save the farmers from 50 cent wheat, and the price promptly dropped to 25 cents.

Layer after layer of bureaucratic fixing and meddling have been laid, one on top of another, until the farm problems of collectivized farmers in other lands is not very different from our own.

This condition could not be. The Constitution which the embattled farmers' blood had bought was implied no power by which any person or group could restrict, control, curtail or prohibit production by anyone. In fact, the 10th Amendment provides that "the powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people."

Despite this protection, Evetts Haley, Jr., has been deceived as a farmer because he raised wheat on his Oklahoma ranch to feed to his cattle.

Stanley Yankus, Jr., of Dowagiac, Michigan, had his bank account seized because he raised wheat, which he fed to his chickens, violating the "quota" specified by bureaucrats.

Ethan Stangland of Albion, Indiana, has been denied trial by jury on the charge that he raised "too much wheat" which he used to feed his livestock. In punishment the bureaucrats seized his two tractors, without which he can not farm.

These are but three of several thousand similar cases. It is happening here to honorable and self-reliant farmers who have proudly rejected subsidies, handouts and special privileges.

More and more farmers express resentment against this system. This is indicated by a recent poll by FARM AND RANCH magazine in which 87 1/2 percent of the vote cast was for a "return to a free supply-and-demand system, as soon as possible, with minimum government control."

WANTING this, and GETTING it, are two different things. Most of us have suffered with the problem rather than correct it. A solution is available this year if we work at it.

Every candidate for state and federal office should be required to declare exactly what he proposes to do with the power he seeks. Ask him if he will sponsor and work for an amendment to give constitutional protection to our property, our enterprises and our earnings.

Such an amendment is now pending in Congress as H.J. Res. 355. Action will be taken on it when you raise a universal demand for it, and the best time to make the demand is NOW when your candidate comes "hat-in-hand" looking for your vote. H.J. Res. 355 provides that:

"Sec. 1. The Government of the United States shall not engage in any business, professional, commercial, financial or industrial enterprise except as specified in the Constitution.

"Sec. 4. Congress shall not levy taxes on personal incomes, estates and/or gifts."

"Marital law" means that troops are being used to maintain peace, not wage war; "military law" implies a state of siege.

sumed. "This was under water after the ice. You can't melt off a sheet of ice maybe half a mile thick and not get wet feet. Puddles have to follow. We were puddled down at some time. But I don't count years. I let the scientist do that."

"After the ice and the melting, the sea rose. It had to. Your place here is just about 60 feet above the water. The village is another maybe 40 feet above you. But if you dig a foundation in the village, 100 feet above existing water, you find pure sand just two feet down and that sand contains broken, shattered shells, oysters, things like that. Your place, I bet, has sand a foot down. Let's see."

We took a spade and dug down. We hit sand in 1 1/2 inches. We picked up a shard of shell.

"Like I say," the old man re-

## Our Multiple Govet.

Those who contend that government can solve problems should be happy with the information that instead of a plethora of governments is concerned, America leads the way. If sheer weight of numbers of governmental units is any criterion, then America is a legal paradise. In fact, it might be pertinent to inquire if there are any problems left to solve in a nation which is so plentifully supplied with government.

At the latest count ("Principles and Problems of State and Local Governments," by John M. Swarthout and Ernest R. Bartley, Oxford University Press), there are 102,223 units of government in these United States. Nearly half of these are school districts. But it should be recalled that any school district is a unit of government, autonomous in character, which conducts its own elections, decides upon its share of taxes, and is usually in a position to demand of some other agency of government, principally a city or county, that its taxes be collected for it.

In addition to the school districts there are such things as the federal government, state governments, counties, municipalities, towns, park districts, irrigation districts and even mosquito control districts.

Nebraska has the most separate governmental units of any state, coming up with a grand total of 6,638, with Illinois only a little way behind with 6,510. Rhode Island has the fewest with only 91.

As a point of interest, South Dakota has almost twice as many school districts as New York. In 1955, which is the last full year accounted for in the book, the various state legislatures considered action on some 76,624 bills. New York's lawmakers submitted 6,677 bills for consideration and California was second with a total of 5,841 items of legislation. In this respect Wyoming came up in the last position with a mere 487 bills.

Not all of these were passed, of course, but many of them were, and virtually without notable exception, each bill restrained the free actions of persons in some degree, and in some degree in most cases caused an increase in taxation.

Most of us in the United States live under more than one government. Some of us live under as many as 10 or 15 different taxing and regulating units. Only in a few isolated places in Montana are residents fortunate enough to live only under the control of the federal and state governments alone. Otherwise, the bulk of us live under at least six or seven such units.

What is rarely recognized by our fore most citizens is that each of these units of government is in some degree an agency of force, and coercion. Each unit has been established for the specific purpose of solving one or more of the problems we face in our daily lives. Without exception, each of these units costs money. And without exception, each of these units inhibits someone somewhere from doing that which he would do, if he were free to act as he sees fit.

Thus, it can be said that in this land of freedom there are more than 100,000 agencies of force which are engaged in limiting and proscribing freedom. It's a most contradictory and confusing picture.

What should also be noted is that the advent of all of these agencies of force has not notably diminished the areas in which problems arise. On the contrary, students of government such as Swarthout and Bartley show us that as governments advance in size and number, problems also increase in size and number. It is almost correct to suppose that governments, rather than solving problems, tend to create problems. The sum in evidence gives a clear indication that there is something to be said concerning such a sup-

By HENRY McEMORE

New York State is likely to see something new when its two gubernatorial candidates get down to campaigning in earnest — cavalierring.

Both men — Nelson A. Rockefeller and Averell Harriman — are multi-millionaires, and probably don't know what mud is, much less how to sling it.

But caviar is something else again. They probably remember it being delivered to their houses by dump truck when they were boys and it is entirely possible that the expensive stuff was used in their play pens instead of sand.

It is to be hoped by us poor folk that neither Mr. Rockefeller nor Mr. Harriman play down their massive fortunes when they hit the trail to talk to the voters. Let them go forth in full panoply, pockets loaded with ten thousand dollar bills, for there is always the chance that a stray breeze, or a sharp turn, will empty their wallets. Then some lucky fellow will be able to cry "Finders keepers!" and head for the hills.

If it's true, as President Teddy Roosevelt once said, that a rich man makes the best public servant, then it might be a good idea for the voters to let the biggest bankroll decide the governorship in New York.

The two candidates would be put on a platform in Times Square and set to counting their money. The one who still had some left, and was still counting on Election Day, would be declared the winner. Torn bills not to count, of course.

There used to be a time when a man's money worked against him in his climb to high office. The poorer he was, the better chance he had. The man reared in a log cabin had a head start over the bungalow-born man, and the bungalow-born one had an advantage over one who spent his childhood in, say, a duplex.

Those days are over. The rise in our standard of living has seen to that. A fellow can be reared in a split-level or a ranch house and still not despair of rising in the political firmament.

If I were handling the campaign of Mr. Rockefeller or Mr. Harriman, I would make a big point of the personal sacrifice involved in being elected Governor.

Take the matter of houses, for example. The Governor's Mansion at Albany is a very respectable dwelling, but it's little more than a tool shed when put alongside the sort of mansions the two candidates have been accustomed to since

the relatives and friends who attended the reception for new Federal Judge Lloyd Burke, after he took the oath of office in San Francisco, Mrs. Burke brought down the house by gaily telling a friend, "This party is so much nicer than a wedding reception. Nobody is in a hurry to get away."

## The American Way

EMBATLED FARMERS By WILLIS E. STONE

Symbolizing the hateful communist system, a picture is going the rounds these days. It depicts Russian Agricultural Commissioners deciding what the collectivized farmers in the Soviet will raise on collectivized farms.

The picture disturbs the American farmers, for it bears a striking resemblance to the bureaucratic sessions by which crop quotas and penalties for non-compliance are imposed.

The collectivized farm idea has no place in America. This question was settled long ago, in the hard way, with a Revolutionary War, the Declaration of Independence and the Constitution. Ralph Waldo Emerson, in "The Concord Hymn," immortalized the heroic events which won emancipation for the American farmer. He wrote:

"HERE ONCE THE EMBATTLED FARMER STOOD, AND FIRED THE SHOT HEARD ROUND THE WORLD." Time has passed. Memory of the fight for freedom fades. Now bureaucratic contrivers build confusion and crises, and then demand vast powers to save us from the disasters of their own contrivance.

First they gained control of money and credit. With this they upset the economy and farm prices. Then they demanded power and money to save the farmers from 50 cent wheat, and the price promptly dropped to 25 cents.

Layer after layer of bureaucratic fixing and meddling have been laid, one on top of another, until the farm problems of collectivized farmers in other lands is not very different from our own.

This condition could not be. The Constitution which the embattled farmers' blood had bought was implied no power by which any person or group could restrict, control, curtail or prohibit production by anyone. In fact, the 10th Amendment provides that "the powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people."

Despite this protection, Evetts Haley, Jr., has been deceived as a farmer because he raised wheat on his Oklahoma ranch to feed to his cattle.

Stanley Yankus, Jr., of Dowagiac, Michigan, had his bank account seized because he raised wheat, which he fed to his chickens, violating the "quota" specified by bureaucrats.

Ethan Stangland of Albion, Indiana, has been denied trial by jury on the charge that he raised "too much wheat" which he used to feed his livestock. In punishment the bureaucrats seized his two tractors, without which he can not farm.

These are but three of several thousand similar cases. It is happening here to honorable and self-reliant farmers who have proudly rejected subsidies, handouts and special privileges.

More and more farmers express resentment against this system. This is indicated by a recent poll by FARM AND RANCH magazine in which 87 1/2 percent of the vote cast was for a "return to a free supply-and-demand system, as soon as possible, with minimum government control."

WANTING this, and GETTING it, are two different things. Most of us have suffered with the problem rather than correct it. A solution is available this year if we work at it.

Every candidate for state and federal office should be required to declare exactly what he proposes to do with the power he seeks. Ask him if he will sponsor and work for an amendment to give constitutional protection to our property, our enterprises and our earnings.

Such an amendment is now pending in Congress as H.J. Res. 355. Action will be taken on it when you raise a universal demand for it, and the best time to make the demand is NOW when your candidate comes "hat-in-hand" looking for your vote. H.J. Res. 355 provides that:

"Sec. 1. The Government of the United States shall not engage in any business, professional, commercial, financial or industrial enterprise except as specified in the Constitution.

"Sec. 4. Congress shall not levy taxes on personal incomes, estates and/or gifts."

"Marital law" means that troops are being used to maintain peace, not wage war; "military law" implies a state of siege.

sumed. "This was under water after the ice. You can't melt off a sheet of ice maybe half a mile thick and not get wet feet. Puddles have to follow. We were puddled down at some time. But I don't count years. I let the scientist do that."

"After the ice and the melting, the sea rose. It had to. Your place here is just about 60 feet above the water. The village is another maybe 40 feet above you. But if you dig a foundation in the village, 100 feet above existing water, you find pure sand just two feet down and that sand contains broken, shattered shells, oysters, things like that. Your place, I bet, has sand a foot down. Let's see."

We took a spade and dug down. We hit sand in 1 1/2 inches. We picked up a shard of shell.

"Like I say," the old man re-

SAFETY FIRST—Photo shows demonstration of a new mine-exploding roller which detonates pressure mines before the tank tracks reach the danger point. It eliminates the time-consuming hand search for mines that so often holds up a column of tanks. Developed by the Army Corps of Engineers, the roller is made up of a series of wheels four feet in diameter and six inches thick. It is made of high strength steel that will absorb most of the shock when exploding buried mines.

# Texas Railroad Commission Reports Seven Deep Intentions

Seven of the 26 applications to drill filed in the Pampa office of the Texas Railroad Commission last week were for depths of over 5,000 feet.

- Here is the report:
- APPLICATIONS TO DRILL**
- Briscove County**  
(Wildcat)  
Humble Oil & Ref. Co. — No. 1 Howard Ranch — 1880 from N, 1800 from W lines Sec. 155, G. & S. Sur., 6.5 mi. NE Silverton, PD 10,500
- Carson County**  
(Panhandle)  
Burnett Corp. — No. 1 Maudie — 330 from N, 2310 from E lines Sec. 30, Blk. 2, T. 18 R. 1 E. NE Panhandle, PD 3500 (703 Amarillo Bldg., Amarillo)  
Cities Service Oil Co. — No. 1 Burnett Ranch D-95 — 2345 from N, 2330 from E lines Sec. 95, Blk. 5, I. & G. N. SW Borger, PD 5500  
Gulf Oil Corp. — No. 73 S. B. Burnett — 1650 from N, 330 from W lines Sec. 106, Blk. 5, I. & G. N. 15 mi. NW White Deer, PD 3500  
Skelly Oil Co. — No. 251 Schafer Ranch — 440 from N, 1250 from E lines Sec. 198, Blk. 3, I. & G. N. 4 mi. E Skellytown, PD 3300  
Gray County  
(East Panhandle)  
James E. & H. T. Parker — No. 23 J. E. & H. T. Parker Fee — 3630 from S, 2870 from W lines Sec. 14, Blk. H. A. W. Wallace Sur., 10 mi. N Alnreed, PD 3000 (Wichita National Bank, Bldg., Wichita Falls)  
(Panhandle)  
The Texas Co. — No. 8 J. P. Cunningham — 330 from S, 660 from E lines Sec. 10, Blk. E. N. Lynch Sur., 7.5 mi. SE Lefors, PD 2930
- Hansford County**  
(Horizon-Morrow)  
Phillips Petroleum Co. — No. 2 Meek "A" — 1980 from N & E lines Sec. 145, Blk. 4, T. & N. O. 7 mi. SE Spearman, PD 8450 (Hitchland 4640)  
Phillips Petroleum Co. — No. 3 Merrill — 1320 from S & E lines Sec. 38, Blk. 1, W. C. R. 3 mi. SE Hitchland, PD 4750
- Hutchinson County**  
(Panhandle)  
Clemmer & Caldwell — No. 5 Johnson — 990 from N, 330 from W lines of lease Sec. 40, Blk. Y. A. & B Sur., 8.4 mi. W Borger, PD 3300 (Box 894, Amarillo)  
Clemmer & Caldwell — No. 6 Johnson — 1650 from N, 330 from E lines of lease Sec. 40, Blk. Y. A. & B Sur., 5.3 mi. W Borger, PD 3300
- Sherman County**  
(Texas-Hugoton)  
Pumpco, Inc. — No. 1 R. A. Strother "A" — 1320 from N & E lines Sec. 74, Blk. 1, T. & N. O. 4 mi. E, 2 mi. N Stratford, PD 2800 (1201 Main St., Dallas)  
Sherman County  
(Stratford)  
The Texas Co. — No. 1 First State Bank of Stratford "B" — 2100 from S, 2000 from E lines Sec. 6, Blk. 1, Public School Lands, 10.5 mi. N Stratford, PD 2600
- APPLICATION TO DEEPEN**
- Sherman County**  
(Stratford)  
The Texas Company — No. 1 First State Bank of Stratford—1650 from S, 2310 from E lines Sec. 5, Blk. 1, P. S. L. Sur., 10.5 mi. N Stratford, deepen to 5200
- APPLICATION TO PLUG BACK**
- Ochiltree County**  
(East Farnsworth-Oswego)  
Sun Oil Co. — No. 1 G. E. Irvin — 860 from N & W lines Sec. 54, Blk. 13, T. & N. O. 12 mi. SW Perryton, well-drilled to 9600 and completed as gas well through perf. 8712-27, but no outlet, plan to plug back to 8964 and complete as oil well
- OIL WELL COMPLETIONS**
- Carson County**  
(Panhandle)  
Fraley Oil Co. — No. 10 Burnett "B" — Sec. 97, Blk. 4, I. & G. N. elev. 3182, com. 8-17-58, pot. 40 plus 33 p.c. water, GOR 10,975, grav. 40, TD 3085, perf. 2914-3054, 8-5" casing 400, 5 1/2" string 3091
- WESTERN RENTAL TOOL CO.**

## Union Head Denies Any 'Free Trade' In Oil Industry

By HARRY WILSON SHARPE  
United Press International

WASHINGTON (UPI) — There is no such thing as a "free trade" in the oil industry, in the opinion of O. A. Knight, president of the Oil, Chemical and Atomic Workers Union (AFL-CIO).

This is so, he says, because the industry is "dominated" worldwide by an alleged seven company cartel which still has pending against it an anti-monopoly suit filed by the Justice department six years ago.

Knight made this and other charges in an article written for the "Digest," a quarterly published by the AFL-CIO's industrial union department. His subject was "Oil and Trade" — how foreign oil imports have affected petroleum production and employment in the United States and Canada.

Knight reserved his main fire for the alleged cartelists — Standard Oil of New Jersey, Standard of California, Socony Mobil, the Texas Company, and Gulf, all American-owned; The Royal Dutch Shell combined, and the British Petroleum company.

He asserted that through their "manipulation" of world oil flow and prices, the 27-state interstate oil compact commission, state production control bodies and domestic producers have allowed themselves to be pushed into a corner whence they must bow to dictates of the so-called cartel.

As a result, he wrote, there is no free trade in the industry.

"Price fixing by the cartel completely eliminates any consideration of the forces of supply and demand," he said. "Instead, the crude oil prices is made by arbitrarily restricting allowable production in our principal producing states."

"In practice the Interstate Oil Compact Commission — legalized by Congress — coordinates the regulatory authorities of various major production states which limit production to maintain prices. This type of regulation originally was justified on the basis of conservation... but the regulation has gone far beyond conservation and now is intended to keep production down — and thereby stabilize prices."

At one time, Knight continued, oil prices were set on the basis of "quoted Gulf Coast of Texas prices, plus tankerage to delivery."

## School Sets Short Course In Drafting

Gordon Baker, 4237 W. 12th, Amarillo, senior draftsman and drafting consultant with Shamrock Oil & Gas Company, will serve as instructor for a special short course in oil industry drafting to begin Sept. 24 at Amarillo College.

A twenty-five hour evening class has been designed especially for oil industry employees whose job it is to make and maintain oil production maps.

All types and phases of drafting as it applies to the oil industry will be covered in the course. To be included are the various drafting skills, contours, lettering, mapping, graphic symbols, topographic drafting, scales, map plotting, bearings, profiles, cross-sections and a complete study of all types of drafting prints and materials.

Classes will meet once each week on Wednesday evening for two and one-half hours. An organizational meeting to determine interest in the course will be held at 7 p.m., Wednesday, September 17, in Room 3, Engineering Bldg., Amarillo College.

Tuition for the course will be \$7.50. Complete information concerning the course may be had by contacting Pat O'Keefe, Vocational Division, Amarillo College.

The large mouth bass has more than 45 different names in different localities.

## Safety Group To Meet In Borger

The first monthly meeting of the 1958-59 chapter year will be held by the Panhandle Chapter, American Society of Safety Engineers at 7 p.m., Monday at Darby's Grill, Borger.

The meeting will be a dinner with a program to follow under the sponsorship of the Safety Department of the Shamrock Oil and Gas Corporation.

The program will be presented by Jim Blanz, assistant district manager, Social Security Administration. The program will consist of a fifteen-minute colored film entitled "Sam" and Social Security" which describes and explains the Social Security Law in cartoon fashion. Following the film Blanz will cover the high points of the changes recently incorporated into the Social Security Law by Congress. This discussion will be primarily devoted to provisions affecting disabled workers and survivors' benefits.

Persons engaged either directly or indirectly in Safety Engineering are invited to attend the meeting.

## Engineers Set Meet Tuesday

The September meeting of the Panhandle Chapter of the Petroleum Engineers, of the AIME will be held Tuesday at the Pampa Country Club.

A social hour will start at 6:40 p.m., with dinner scheduled for 7:20 p.m.

A paper will be presented by A. B. Dyes, of Research and Development, Atlantic Refining Company, Dallas, on the subject: Improvement of Miscible Phase Displacement.

Any one interested in attending this meeting may call Borger, Broadway 3-7551 for reservations prior to noon Tuesday.

The name Phillips is from the Greek Philippos, "lover of horses"
