

This Is It: Blow Directed At Hitler's Weakest Point

By J. M. ROBERTS, JR.
Associated Press Foreign Editor.
Africa is the second front.
The United States Army and Navy, assisted by the British Navy and Air Forces, are putting ashore on the Atlantic and Mediterranean coasts of the French Colonies in Africa a great offensive striking force intended to drive the axis completely off the great continent and turn it into a vast reservoir for the ultimate thrust at Hitler-ridden Europe.
President Roosevelt, announcing the American action at the White House in Washington, said it was taken to "forestall an invasion of Africa by Germany

and Italy.
Further, he said the French government and the French people have been informed of the purpose of the expedition and have been assured that the Allies seek no territory.
British troops will join the operation in the immediate future, Mr. Roosevelt added.
It may not be the second front for which politicians, Russia and the lay public of the United Nations have been clamoring, but it is the 1942 second front for which Allied military leaders have planned through many weary months amid futilities of the critics.
For two years the men and war

supplies of Britain and the United States have been poured into the middle east when they represented practically everything which could be spared from the home fronts. As great disembarkation bases were developed, as great assembly plants and supply depots took form, the answer became obvious—that the Allies intended to strike back at Hitler not through the gun-studded bloody ground of France and Flanders, but rather at his weakest point, against his one army which could not operate from interior lines of communication.
That blow has been struck. The guns are pointing at Rommel's

back with a threat to his future even greater than that of the British guns on his front. Upon him, his Mediterranean supply lines shattered by allied bombs and submarines, a good portion of his planes grounded for lack of fuel, rest Hitler's hope of defending the second front.
Hitler is prepared in the west, but no landing barges sweep across the English channel in brave but ghastly attempt to retrace the route of the 1940 D.E.F. Hitler himself, even while Britain waited with old American Springfield rifles with which to defend herself, scored that channel crossing down as suicidal. There may

come a day for it, when allied bombers have poured sufficient ruin on Hitler's continental bases, factories, gun emplacements and supply lines. There may be a third front, or a fourth, or a fifth, but Africa is the second, and its extension may be the last.
With the axis and all its sympathizers swept from the south shore of the Mediterranean, Hitler will face a series of new threats which will require defensive measures so great as to dwarf what he has been forced to do along the English channel and the North Sea. He will not be safe anywhere, from the Atlantic to the Russian front, Gibraltar, southern

France, Italy, still-fighting Yugoslavia, the ancient land route through the Balkans either by way of Greece or Turkey, the Caucasus—all will offer threatening routes for the invasion which the allies one day will send against him—a day which may not be far off.
The allied attitude toward the neutrals involved in this scheme of things also appeared to be cleared. To some, like Turkey, who has been waiting for years to see which way the tide of victory may turn, allied domination of Africa may be the deciding factor.
To others it may bring sleepless nights of soul-searching.

The action spoke loudly of allied determination that strategic territories which offer comfort to the enemy may no longer hide behind a spurious neutrality. It placed a new emphasis on Secretary Hull's speech of last July 23, in which he warned the neutrals that their positions were "absurd and suicidal" and reminded them that "there is no chance for liberty for any people anywhere save through the victory of free peoples. Never did a plainer duty to fight against its foes devolve upon all peoples who prize liberty and all who aspire to it."
And so in Vichy the men who kneel to Hitler may cry out to

night against what they will call the "perfidy" of their former allies, but millions of Frenchmen will be happy that, through their empire, they once again provide a base for the A.E.F.
And over the line, in a Spain ravaged by a recent civil war and still torn by internal dissension, Generalissimo Franco may recall the warning of Secretary Hull, may take heed of the experience of his northern neighbors who sought to "collaborate" with Germany.
Certainly he will remember Gibraltar—the one bridgehead on the continent of Europe where the allies would not have to fight their way in.

POWERFUL AMERICAN FORCE LANDS ON AFRICAN COAST

Japs Lose Over 5,000; Yanks Nearing Buna

Success Revealed By M'Arthur In New Guinea Area

GEN. MACARTHUR'S HEADQUARTERS, Australia, Sunday, Nov. 8 (AP)—American combat troops are in action near Buna, vital Jap base on the north New Guinea coast, General Douglas MacArthur disclosed today.
Simultaneously, General MacArthur disclosed that the allies have occupied Goodenough Island in the northeast of New Guinea, off Collingwood Bay, in an obvious flanking movement.
It was from Buna, in mid-summer that the Japanese began a drive across tortuous trails of the Owen Stanley mountains which carried to within 32 miles of Port Moresby, allied base on the south coast, before it was stalled. Late in September the allies began encircling and infiltration movements which rolled the Japs back and yesterday's communique had mentioned bitter fighting at Oivi, which is 55 miles south of Buna.
"American ground troops in force, transported by air from Australia during the last month, have penetrated central and northern Papua to the vicinity of Buna," a communique stated.
"The allied forces now control all of Papua except the beachhead in the Buna-Gona area."
The surprising development came as a thrust around the eastern end of New Guinea from Milne Bay where Jap troops landed in July only to be pinned against the sea and slain or forced to their ships.
"Units from Milne Bay," the communique said, "have now completed clearing remnants of hostile forces from the islands to the north and have occupied adjacent strategic points."

Reds Holding Against Nazis On All Fronts

MOSCOW, Sunday, Nov. 8 (AP)—The Red army held its ground on all fronts Saturday, the 25th anniversary of the Russian revolution, and killed more than 1,800 Germans in Stalingrad, the central Caucasus and the western front, the Soviet midnight communique indicated today.
The Germans continued to attack fiercely on the Nalchik plains at the foot of the 18,000-foot Caucasus mountains, where the Russians threw two armored trains into the battle yesterday, but failed to gain, the communique said.
In Stalingrad they also threw their tanks and infantry against a Russian stronghold in several attacks, but the Red army repulsed all the attacks and killed about 700 Germans. The Russians also were able to consolidate their positions in other parts of the city.
Four German blockhouses were destroyed in one factory area and three more were blown up northwest of Stalingrad.
The main battlefront, however, continued to be in the central Caucasus where the Germans were using large numbers of tanks and planes on the plateau southeast of Nalchik in an effort to push through to Ordzhonikidze, key to the Georgian military highway which leads over the lofty mountain range.
"The communique said the Russians disabled 98 German tanks in that area alone during the day and captured two other tanks undamaged. Sixty trucks were destroyed and 400 enemy troops killed."

U. S. Casualties Believed Only Fifth As Many

WASHINGTON, Nov. 7 (AP)—American soldiers and marines, and their supporting air and naval forces, have killed at least 5,138 Japanese in the Guadalcanal-Tulagi area of the Solomon Islands since the invasion began three months ago today.
Comparable American losses can be estimated at about one-fifth of the Japanese total, or 1,000 men, on the basis of a remark by Secretary Knox yesterday that enemy casualties were more than five times as great as ours.
The total of Japanese dead was announced by the navy in a communique which also reported that 369 enemy planes had been destroyed in the south Pacific during the single month of October. Including these, the total of Jap planes destroyed since the beginning of the Solomon campaign as reported in navy communiques stands at 529.
An earlier communique announced that army troops had made an eastward advance on Guadalcanal in what appeared to be a drive to slash off the eastern arm of a Jap pincer movement against the American-held airfield. This account also disclosed that light Japanese attacks on the American western flank Thursday night (Guadalcanal time) had been repulsed and that U. S. aircraft were continuously bombing and strafing Jap troop concentrations and supply centers.
The Japanese renewed air attacks on American positions Thursday when 27 bombers and fighters came over but caused no damage. It was the first air attack there since Oct. 29.
The navy statement summarizing Japanese killed gave a breakdown of the total which reflected clearly the periods of most intense action in the hard-fought campaign for control of the strategic jumping-off place in the south Pacific.
During the latest period of intensive operations which began Oct. 23 and continued through the 27th, a total of 2,000 Japanese were killed.

Rommel Army Is Completely Disorganized

100,000 Men Held Prisoner Or Hopelessly Trapped
CAIRO, Egypt, Nov. 7 (AP)—Approximately 100,000 men of Marshal Rommel's axis army of 140,000 were reported captured or pinned down in pockets far behind the swiftly moving African front today as the British eighth army swept on toward the Libyan border after smashing the German armor in its second attempted stand.
Disregarding the thousands of food soldiers left in the dusty backwash of the battlefront, Lieut.-Gen. Bernard L. Montgomery's British and American tanks tore into the disorganized flanks of their main prize—the battered remnants of the German armored divisions—west of Matruh in an effort to eliminate them entirely. They already had caught up with this fleeing force once and sent it headlong, harassed retreat a second time.
Montgomery spurred his men on to a swift pursuit of the enemy with the admonition that the "battle just won is only the beginning of our task." The British object apparently was to harry Rommel's men constantly so they could not rest or regroup their shattered forces.
Today's communique announced that the counted prisoners now totaled well over 20,000, and unofficial reports said six Italian divisions (an additional 80,000 men) were as good as under lock and key for they had been abandoned without transport, food or water in the heavy Rommel flight at positions near the Al Alamain line, 104 miles east of Matruh. The communique said these forces were being "mopped up."
The communique, giving no new estimate of destroyed axis tanks, said a total of 850 had been captured. This apparently left only a few score tanks at the disposal of Rommel, who previously was reported to have lost 339 machines, captured and destroyed.
Four hundred guns and "many thousands of vehicles" also were in the British booty, but correspondents at the front regarded even these figures as very conservative. They said 300 guns had been captured in the El Daba area alone.
The British were reported to have thrown ten divisions into the fiercely waged battle and among them were three tank divisions which now were ripping relentlessly at the battered and badly outnumbered remnants of Rommel's armored force.

SECOND FRONT IS OPENED TO CLEAN UP THE MEDITERRANEAN

By The Associated Press
WASHINGTON, Nov. 7.—Powerful American expeditionary forces are landing on the Atlantic and Mediterranean coasts of the French colonies in Africa in the first big-scale offensive of the war under the Star Spangled Banner.
An announcement of the action, obviously aimed at winning complete domination of the dark continent and reopening the Mediterranean sea for the United Nations in conjunction with the victorious British drive westward from Egypt, was made in a simultaneous announcement tonight by President Roosevelt and communique from the war department.
The White House statement said the purpose of the move was two-fold:

1. To forestall an axis invasion there which "would constitute a direct threat to America across the comparatively narrow sea from western Africa."
2. To provide "an effective second front assistance to our heroic allies in Russia."

Thus the axis had an emphatic answer to its attempts to "fish for information" by broadcasting accounts of heavy allied troop convoys escorted by warships mustering at the Rock of Gibraltar in recent days.
The troops apparently were some of those which have been concentrated in the British Isles for some time, itching for action as they went through the final stages of their battle training, for they were commanded by Lieutenant General Dwight D. Eisenhower, commander-in-chief in the European theater whose headquarters had been in Britain.
Eisenhower broadcast a message to the people of French North Africa on behalf of the president assuring them that "we come among you solely to destroy your enemies and not to harm you" and issued a proclamation instructing them how to cooperate.
To signify cooperation, the general directed that they fly the French tri-color and the American flag, one above the other, or two tri-colors by day and shine a searchlight vertically into the sky by night. He also directed French naval and aviation units to remain idle.

In Morocco, Tunis And Algeria

Eisenhower's message indicated that the troops were pouring ashore in Morocco, which has both Atlantic and Mediterranean shores, and the remainder of French North Africa which comprises Algeria and Tunis on the Mediterranean.
Landings also presumably were being made in the French West African colonies, including Senegal, whose capital of Dakar lies only 1,870 miles across the South Atlantic from the bulge of Brazil.
The announcement gave no details of the composition of the troops and their equipment, for obvious military reasons, but said that they were equipped with "adequate weapons of warfare" and that they would, "in the immediate future, be reinforced by a considerable number of divisions of the British army."

Troops Backed By Tanks, Artillery

There was no doubt that the expeditions were made in heavy force with tanks, artillery and all the accoutrements of modern warfare for this new and promising phase of the conflict. The offensive far surpassed in weight the American invasion of the Solomon Islands in the South Pacific undertaken just three months ago this day.
Announcement of the landings was timed to coincide with the actual debarkation of the troops on their destinations at 8 p. m., Central War Time (3 a. m. Sunday, West African time), and was made only after a reassuring message from Mr. Roosevelt's own lips had been broadcast to the French people, asking for their aid to rout their own enemies.
The landing, the announcement said, was being assisted by the British navy and air forces, and "it will, in the immediate future, be reinforced by a considerable number of divisions of the British army."
White House Secretary Stephen Early called newspapermen to a special press conference to make the formal announcement. He said it was issued in the name of President Roosevelt, with simultaneous communiques coming from the war department and in London.

Assistance To Allies In Russia

The announcement said the landing was to prevent an enemy invasion which, if successful, would "constitute a direct threat to America" across the comparatively narrow sea from Western Africa.
"This combined allied force," the announcement said, "under American command in conjunction with the British campaign in Egypt is designed to prevent an occupation by the axis armies of any part of Northern or Western Africa, and to deny to the aggressor nations a starting point from which to launch an attack against the Atlantic coast of the Americas."
The formal White House statement also said the landing "provides an effective second front assistance to our heroic allies in Russia."
The president's statement went on to say that the French govern-

Longest Overwater Military Advance Ever Attempted

By WES GALLAGHER
ALLIED HEADQUARTERS IN NORTH AFRICA, Sunday, Nov. 8 (AP)—American soldiers, marines and sailors from one of the greatest Armadas ever put into a single military operation swarmed ashore today on the Vichy-controlled North Africa shore before dawn, striking to break Hitler's hold on the Mediterranean.
Tall, decisive Lieut. Gen. Dwight D. (Ike) Eisenhower, supreme commander of the huge forces involved in the operation, worked throughout the night directing the first great American blow at the axis.
Included in the forces were crack combat troops, rangers (airborne units) and the cream of America's airmen.
British naval and air force units supported the American landing forces, who were preceded by a snowstorm of leaflets and a radio barrage promising the French the United States had no intention of seizing French possessions and only sought to prevent axis infiltration.
It undoubtedly was the longest overwater military operation ever attempted, with hundreds of ships in great convoys coming thousands of miles under the protection of British and American sea and air might.
I came on one of these big convoys.
Fighting-fit American soldiers and airmen, who did not know their destination until a few hours before scrambling into assault barges, crowded the ships to the very funnels and were guarded by the aircraft carriers, racing cruisers and destroyers.
Our big convoy arrived at its destination with the split-second timing of a subway train despite storms for many days at sea and danger from planes and submarines.
The entire operation was carried out with the delicate synchronization of an expensive watch, justifying the months of careful planning by Eisenhower and his British-American supreme command.
The vastness of the project, not only from the number of troops involved but from the distances overcome, far dwarfed the only similar operation of its kind in this theatre of the war—the Nazi invasion of Norway.
At the zero hour khaki-clad soldiers stumbled into their square-based assault boats in the dark-

ness, under the protecting guns of shadow warships, while farther out to sea planes roared over the speeding carriers and disappeared in the darkness.
Landings were made at numerous places simultaneously, although they were hundreds of miles apart, and were participated in by eager young men from every state in the Union.
To a man, their reaction was "We don't want to fight the French if it can be helped but, boy, we hope to tangle with those Nazis!"
At dawn low-flying American planes roared over French cities dropping white showers of leaflets in the glittering morning sun.
They were signed by Eisenhower and contained a message from President Roosevelt calling on the French to accept the American action calmly and peacefully.
A few hours before the supreme commander broadcast an appeal to the French people giving instructions on how they should behave to avoid bloodshed.
With the American air forces are three units of the RAF.
General Eisenhower, with his assistant chief of staff, Maj. Gen. Mark Clark, stayed up most of the night piecing together fragmentary reports of the progress of the big operation, which appeared unlikely to develop a definite turn for some time.

SUCCESSFUL LANDINGS

ALLIED HEADQUARTERS IN NORTH AFRICA, Sunday, Nov. 8 (AP)—Reports reaching allied headquarters today disclosed that successful landings had been made by American assault parties on beaches of North Africa near two main objectives outlined in operational plans.
Headquarters stressed the need, however, of caution in evaluating the first reports.

REVIEWING THE BIG SPRING WEEK

BY JOE PICKLE
It may seem curious that we will pause Wednesday to observe Armistice Day, a product of the last war, but judging from developments of the past week, it may be especially fitting in that we now may be at last underway to earning another such day—one that must hold for all time.
Yes, let's observe Armistice Day Wednesday not alone by memorializing those who fell a quarter of a century ago, but also in prayer for those who are dying and who must die to reestablish fundamental human rights.
When men are facing death for us, what we do seems cheap; and when we "stay away from the polls in droves," as was the case here and over the state last week, it's nothing short of shameful. No matter if there weren't any issues—you ought to be ashamed if you didn't vote last week.
Big Spring has an opportunity to accomplish a fine thing next Sunday when attempts will be made to have every available soldier in a local home. We mustn't miff the ball on this one. Here's a concrete way in which you "can do something" to not only

Yank Airmen Have A Score Of 45-6

CAIRO, Nov. 7 (AP)—American fliers have shot down 45 enemy planes against a loss of six of their own in the Middle East since Oct. 1, Maj. Gen. Lewis H. Brereton's headquarters announced tonight.
The announcement covered the period from October 1 to November 5.

U. S. Bombers Hit Sub Base; RAF Blasts Italy Again

LONDON, Nov. 7 (AP)—United States heavy bombers smashed at the big German submarine base at Brest in a daylight attack today and reports from France and Switzerland indicated the RAF had its big bombers out tonight for a new attack on northern Italy.
The raid on Brest was made by flying fortresses and Liberators (Consolidated B-24) accompanied by RAF fighters. A communique said bombs were seen striking the target—the docks and submarine pens—but no details of the damage were given.
All the bombers returned safely.

despite heavy anti-aircraft fire. One German fighter was shot down and one allied fighter was reported missing.
Indications of the second successive night attack on northern Italy were seen in reports of air alarms and anti-aircraft fire in western Switzerland and the fact that French radio stations at Toulouse, Lyon and Vichy went off the air.
Meanwhile, the air ministry news service disclosed that RAF fighters and fighter-bombers had been busy during the day with a series of low-level sweeps over Belgium and occupied France.
Seventeen freight engines were

damaged or destroyed by cannon and machine-gun fire, the announcement said.
Hurricane bombers dropped explosives on hangars at a Belgian coastal airfield and hit a tower from which anti-aircraft guns were firing at them. Whirlwinds bombed and hit a railway line south of Valenciennes in the Cherbourg peninsula, and damaged a locomotive.
Britain's heaviest bombers dropped ten after ton of high explosives last night on the northern Italian supply port of Genoa in a "concentrated and effective" attack doubling the destruction caused by two previous raids last month.

Sonja Henie, John Payne Starred In Comedy-Spectacle, 'Iceland', At Ritz

Already hailed as one of the musical must-sees of the season, 20th Century-Fox's latest funfest, "Iceland," makes its debut locally at the Ritz theatre today. Boasting the same starring team that helped make "Sun Valley Serenade" a box-office sensation, the film has added to this duo of Sonja Henie and John Payne, the laugh-provoking antics of Jack Oakie and the celebrated music of Sammy Kaye and his orchestra. Nor must we forget the addition of a new crop of hit tunes by song-writers Mack Gordon and Harry Warren, including: "You Can't Say No To A Soldier," "Lovers' Knot," "Let's Bring New Glory To Old Glory," "There'll Never Be Another You," and "I Like A Military Tune."

Music, Romance—The Marines have the situation well in hand in "Iceland," featuring Sonja Henie, with John Payne, Jack Oakie and Sammy Kaye's orchestra. The picture, as the Ritz theatre today and Monday, features comedy and music, as well as many new stunning ice skating spectacles featuring the dazzling Henie skill.

"Iceland," lavishly produced by William LeBaron and directed by Bruce Humberstone, two of Hollywood's best, is said to have the finest skating scenes ever shown on the screen. Nothing was left undone—including even a new dance which already gives promise of national popularity, the "Lovers' Knot Polka!"

As the name implies, "Iceland" has its locale in America's newest outpost, with all scenes laid in Reykjavik, the capital of Iceland. The story involves U. S. Marine John Payne and dimpled Sonja Henie. Payne uses his "line" to bait Sonja, but winds up being baited himself into saying "I do!" The connivance of his own military pal, Jack Oakie, adds to the side-splitting comedy. And for comedy, 20th Century-Fox seems to have monopolized the Hollywood mart, utilizing Oakie, Sterling Holloway, Fritz Feld and Felix Bressart, four of the most engaging comedians in the business.

skating prowess, her breathless swirls and spins are said to surpass anything he has ever before attempted. Aided by Sammy Kaye's "Swing and Sway" rhythms, the production numbers are rated tops, as is the singing of pretty Joan Merrill.

"Iceland" is both timely and entertaining, for it pays tribute to our northern neighbors in a most unusual way. One will leave the theatre with the impression that our boys are in excellent hands in the far North, and, vice versa, the Icelanders, too, are in the safe hands of the U. S. Marines.

'Last Mile' Is Offered Again At The Queen

"The Last Mile," one of the sensational stage and screen successes of a few years ago, is being reissued with gratifying public response, and the picture is at the Queen today and Monday, as a part of a unit program which also includes a comedy, "The Crooked Circle."

"The Last Mile," laid almost entirely in a row of prison death cells, and literally laying bare the souls of men, was, on the stage, the play that launched Clark Gable to fame in the role of "Killer" Mears. In the screen version this famous role is played by Preston Foster, noted on the screen in "Life Begins," "Dr. X" and others, and on the stage for his appearances with Richard Bennett in "In Command."

Sam Bischoff directed the screen production, adapted from the original John Wexley play by Seton Miller. Among the players are Howard Phillips, Alec E. Francis, Louise Carter, George E. Stone, Alan Roscoe, Albert J. Smith, Daniel L. Haynes, Walter Walker and many others of note.

The dramatic highlights include the grim death march, the suspense in the cell block as, in the room adjoining, an execution is taking place, and the amazing revolt of "Killer" Mears when he overpowers the guards and stages the dash of the doomed men for freedom.

"The Crooked Circle," which combines mystery thrills with broad comedy, has a cast including Ben Lyon, Zasu Pitts, James Gleason and Irene Purcell.

Sailor Misses His Cake, But It Brings \$65 For Red Cross

STANTON, Nov. 7. (Sp.)—Sailor Stanton Stamps' bad luck is good luck for the Martin county Red Cross chapter.

His mother, Mrs. Sam Stamps, made him a fruit cake, but the postoffice ruled that it could not be sent to where he is in the Pacific with the Navy. So she decided to present it to the Red Cross for auction. Marshall Park-er bid it in at \$65.

Perhaps Stanton, who has been in the Navy since August, 1941, and who has seen service in the Midway and Coral Sea battles, may get some consolation that his cake did so much good.

Joe E. Brown At Lyric As 'Daring Man'

In what has been hailed as the crowning piece of clowning in his fun-filled career, comedian Joe E. Brown is on the screen again in his latest Columbia luff-film, "The Daring Young Man." Playing today and Monday at the Lyric theatre, the new picture is certain to have audiences in hysterics as the big-mouthed star turns bowler to build up his muscles and inadvertently bowls over the king-pins of a nasal spy ring!

In addition to portraying the usual, good-natured goof who is weak in the knees from love and weak in the head from hits, Joe is to be seen in an hilarious dual role wherein he also appears as his cigarette-smoking, dice-rolling, two-fisted grandmother. Glamorous Marguerite Chapman, popular young starlet, plays the leading feminine role opposite Brown, while other featured members of the cast include William Wright, Roger Clark, Claire Dodd, Lloyd Bridges and Don Douglas.

Directed by Frank R. Strayer, the story opens with Joe and his grandmother being bombed out of their air-conditioning shop by a band of nasal saboteurs. Miss Chapman, in the role of a newspaper reporter, takes an interest in the hapless scientist and urges him to join the Armed Forces. However, much to their chagrin, no branch of the Army, Navy or Marines will have any part of the physical wreck.

In order to build up Brown, Miss Chapman induces him to bowl for exercise. In the process of learning the art of kegging, Brown meets a phony gambler who uses the clown as his dupe. The gambler, played by Wright, has a trick apparatus which can control bowling balls through short wave radio, and he soon makes Brown a champ at the game.

However, a nasal spy ring also contrives to make use of the short wave radio and events start happening at break-neck speed when they try to trap Joe E. Needless to say, the big-mouthed clown turns the tables on the nasal and ends up as a national hero.

WASHINGTON, Nov. 7 (AP)—The Office of War Information said today this country could meet its manpower problem "without sweeping away the high standards which the United States has set up to protect working men and women."

In a report on the manpower situation, OWI said:

"The United States has great unused resources after spending the first two years of this country's war production in taking up the slack in its labor force. x x x

"That talk about manpower in America is not interpreted as a sign of alarm at a serious shortage such as Germany has known for more than three years. It is merely evidence that America is preparing to meet a problem before it develops in serious form."

Contrasting the status of labor in dictator countries with that prevailing here, the report said:

"Germany has, of necessity, forced its workers to put in the maximum possible number of hours. Latest figures released by the United States department of labor show the average worker in our aircraft industry is working 48.7 hours per week; the shipbuilder 48.5; the iron and steel worker, 48; the automobile worker (now on war work) 43.1; and the electrical machinery worker, 48.1."

"The average industrial working day in Japan in 1937 was 12 hours, with 15 in certain essential industries such as steel. The development of the war has maintained and even increased these hours."

"The German worker, his unions destroyed, forced to belong to the labor front, has no voice in government decisions. x x x The American worker, both as an individual and through his powerful trade unions, makes his voice heard."

President Roosevelt, in a press conference Friday, said it had been proven that production from a work week beyond 48 hours does not increase after the first few weeks or months.

Coincidental with the OWI's report came word of labor problems in the transportation system. The Office of Defense Transportation said that eventually at least 300,000 women would be holding down jobs in railroad shops, terminals and yards and in airplane hangars, in addition to women office workers.

The OWI summarized the nation's manpower requirements in this way:

"Today the United States faces the need of supplying a working and fighting force of 62,500,000 by December, 1943."

"To get the additional 5,400,000 million, the nation must dip into its potential labor reserve of 21,800,000 millions—the 2,000,000 farm labor operators working sub-marginal land and producing only 3 per cent of the commercial farm crop, the 4,400,000 non-farm housewives under 45 with no children under 16, 5,100,000 non-farm housewives with children, the 9,200,000 non-farm housewives over 45 and the 6,900,000 students between the ages of 14 and 17."

Lid Lifted On Some Foods

WASHINGTON, Nov. 7 (AP)—Stores got permission today from Price Administrator Leon Henderson to increase the price of potatoes, onions and turkeys.

These and a number of other foods were placed under temporary price "freezes" October 5. Today's order is the first of a series designating permanent price controls.

For the housewife, Henderson said the effects of the order some of which probably will be noticeable within a week, will be: About one cent a pound increase on Maine potatoes, but probably no change on western potatoes, about one half cent a pound increase on onions; no material change on turkeys during the holiday season but about a three per cent increase in February.

Meanwhile, the labor department reported that the food bill of the average American family rose 2.4 per cent between Sept. 15 and Oct. 13.

At the mid-October levels, foods in retail grocery stores sold 6.8 per cent above the level of mid-May and 16 per cent above the October 1941 levels. The cost index stood at 129.6 per cent of the 1935-39 average in mid-October, the highest point since May, 1930.

Most of the Sept. 15-Oct. 13 rise occurred before the OPA brought under price control an additional 30 per cent of the family food bill.

Church Folk Will Extend Invitations To Soldiers

The public will get its first chance to implement plans for a record campaign of soldier hospitality on Nov. 15 by actually extending the invitations to entertain men in the armed services next Sunday.

These invitations are to be handed through the churches and members today will be given an opportunity to say how many men they would like to have in their homes a week hence. At a meeting of ministers Thursday, it was estimated that 1,500 could be cared for easily enough, but that if more places were needed, that these would be provided without trouble.

Various churches may adopt various methods today in collecting invitations from the members, but J. H. Greene, named general chairman of the event by local ministers, urged all who are out contacted through regular channels in church services to leave their invitation at church offices.

"Make sure that you will have your name in the hopper next Sunday," he urged. "Don't wait for someone to ask you how many you will take. Make certain you have your invitation on the list."

Harvest Kept At Slow Pace By Weather

Damp, autumn weather added to the woes of cotton farmers the past week and the harvest for the week was slowed to around 1,500 bales.

Five Big Spring gins, now handling around 45 per cent of the county's ginning volume, reported a total of 8,126 bales up to Saturday evening, which would mean about 17,800 for the county. Possibly over 15,000 bales would be Howard county cotton.

While pickers were not as plentiful as most wanted, ginner predicted that fair weather this week would see the harvest hit a new pace. The second picking is opening well, but a frost followed by dry weather would help a lot.

Prices held firm, seed staying at \$49.50 on the top white lint, was stronger up to 18.90 and 19.00 on better grades. Snaps were averaging 17.50 and poorest grades drew down 15.00.

Special Awards To Cub Scout Group

Special Scout awards were received Saturday to be given to Cub scouts of Pack 13, sponsored by members of the Rotary Club.

W. D. Willbanks, scoutmaster, announced that Bobcat pins have been awarded to Paul Jenkins, Jerry Choate, Allen Roy Cloud, George Edward Clark, Robert Bell, Richard Laswell, Pat McDaniel, Jimmie Hobbs, Luther McDaniel, Robert Read, and Billy Wheeler.

Wolf pins were earned by Perry Wayne Burleson, James Boatman, Don E. Pickle and Edward Boatman.

Merit badges will be awarded to Tommy Hubbard, who will receive a gold and silver wolf arrow point, a gold and silver bear arrow point and a gold service star. Billie Montgomery receives a gold and silver wolf arrow point, and Jimmie Jenkins, a gold and silver arrow point.

Cigarettes are being sold in German-occupied Netherlands for approximately 65 cents per package of 20, the Department of Commerce reports.

Garner 4-H Club Girls Meet In Meyers Home

KNOTT, Nov. 7.—The Garner 4-H club girls and their sponsor, Mrs. Joe Meyers, met Wednesday afternoon at the school with a program given by Mrs. Marie Meyers and Pauline McCauley. They discussed war stamp and bond buying and how to keep clothes closets clean. The next meeting will be November 18 and in charge of the county agent, Fontilla Johnson. Present were Marvelene Kemper, Merie Chapman, Jessie Lloyd Goodman, Lillie Mae Barnard, Billy Davis, McClain, Patsy Pate Phillips, Mary Alice Dorsey, Betty Mae Sample, Nova Gene Williams, Nelly Marlar, Pauline McCauley, Joe Marie Meyers, and the sponsor, Mrs. Joe Meyers.

An old fashioned hay ride was enjoyed Tuesday evening when the Garner seniors had a winner roast. Present were E. L. Roman, Howard Smith, Joe Mac Gashins, Ned Joe Harland, Edward Burchell, Mildred Roman, Florence Wood, James Hughes, Cecil Winterbottom, Lela Goin, Iris Dunlop, Doris Roman and Mr. and Mrs. Noel Burnett, Harrell Shortes, Mildred Allred.

Mr. and Mrs. Judge Rhea and son, Weldon, of Mt. Pleasant arrived here. He is to be V. A. instructor at the Garner school.

Mrs. Burchfield, mother of T. M. Robinson, who has been visiting here for three months, left this week for Brownsville, where she will spend the winter with another daughter.

Mildred Roman, daughter of Mr. and Mrs. E. L. Roman, who has been employed at Big Spring, has returned here to make her home with her parents.

Mr. and Mrs. Joe Long and family, who have been operating a laundry at Knott, have moved to a farm near Ackery.

Kathleen Simmons, formerly of Knott, is visiting here with Dell McGregor. Her home is now in Artesia, N. M.

Lorene Brumley left Thursday evening for Sulphur Springs where she will visit with her parents, taking advantage of the Friday holiday from school.

Lela Goin, Iris Dunlop and Earl Bryant, Jr., left Thursday evening for Corpus Christi where they will visit with Mrs. Goin's daughter over the weekend.

Mr. and Mrs. Noel Burnett will visit over the weekend with their parents, Mr. and Mrs. U. T. Herzog and family of Bonham and Mr. and Mrs. W. Y. Burnett and family of Ladonia.

Mr. and Mrs. Yale Crawford and sons, Don Lee and Billy Yale, of Corpus Christi were supper guests of Mr. and Mrs. J. W. Phillips, Jr., and family Wednesday evening.

Mrs. Ella Crawford of Corpus Christi visited over the weekend with her daughter, Mr. and Mrs. Patsy Hardin and daughter, Ann.

The Hardings were to leave Thursday morning for California, where he will be employed as a welder in the shipyard there.

Mrs. Roy Phillips and children, Joy Beth, Patsy and Johnnie Roy, Mrs. J. W. Walker, Mrs. J. C. Spaulding and daughter, Mary Ann, are spending the weekend in Fort Worth visiting relatives and friends. They will return Sunday evening.

Mr. and Mrs. C. B. Donaghey and children have returned from a visit with his mother Mrs. H. E. Taylor of Anson. They attended a family reunion held in lieu of a Christmas celebration and honoring her son, Jeff, who is leaving this week for enlistment in the Navy. Present for the affair were Mr. and Mrs. T. L. Bradley and daughter, Ann, of Coleman.

Mr. and Mrs. Jeff Taylor of Breckenridge, Bill Taylor and daughter, Sharon, of Plainview, Mrs. Larry Rogers and daughter Sue, of Stamford. In the afternoon other friends and relatives of the community visited.

Stamp sales and bonds are still being bought in an encouraging amount at the Garner school. Total for the week was \$177.57. By grades, sales were as follows: first grade \$7.15; second, \$30.95; third, \$10.40; fourth, \$23.85; fifth, \$4.35; sixth, \$4.80; seventh, \$20.05; eighth, \$7.15; ninth, \$10.50; tenth, \$12.55; eleventh, \$2.40; twelfth, \$3.20.

A party honoring the boys of this community leaving for the army and navy was given in the home of Jasenette McCormick this week. Out door games were played and refreshments were served to James Hughes, Neil Long, Cecil Winterbottom, Doris Jones, James Jeffcoats, Bethie Phillips, J. E. Matley, Doris Gross, Elmer Anderson, Gene Long, J. D. Reese, E. L. Lead Club Observance—Onah Jacks, left, and L. L. Johnson, right, are leading a state-wide observance by farm boys and girls as a part of the National 4-H Club week which started Saturday. As Girls and Boys State Agents, respectively, they direct the work of 70,000 members in Texas, which is especially interested because the first boys 4-H club was organized in Jack county in 1908. Purpose of the week, they said, is to afford clubs the opportunity of reporting to the nation on their war effort contributions. Among achievements of Texas clubs, they reported, is the canning of a million and a half quarts of food by the girls, collection of 20,000,000 pounds of scrap metal by all members in the state, three million pounds of scrap rubber, and another million and a half pounds of hemp, paper, etc. In addition, 4-H members have bought \$400,000 in war bonds and stamps, and have done heroic work in helping relieve the acute labor shortage.

SECOND FRONT

ment and people had been informed of the purpose of the American expedition and had been assured "that the allies seek no territory and have no intention of interfering with friendly French authorities in Africa."

The government of France and its people and the French possessions, the announcement continued, have been requested to cooperate with and assist the American expedition "in its effort to repel the German and Italian international criminals, and by so doing to liberate France and French empire from the axis yoke."

Without specifying the exact points where the powerful American force had disembarked, the announcement said the expedition "will develop into a major effort by the allied nations and there is every expectation that it will be successful in repelling the planned German and Italian invasion of Africa and prove the first heroic step to the liberation and restoration of France."

Simultaneously with the official presidential statement, the White House made public a Roosevelt radio recording which was broadcast tonight to the French people by shortwave from Washington to London.

The president delivered the message in French. An English translation said:

French Asked Not To 'Obstruct'

"Help us where you are able, my friends, and we shall see again the glorious day when liberty and peace shall reign again on earth."

"Vive La France Eternelle!"

The president asked the French:

"Do not obstruct, I beg of you, this great purpose."

Mr. Roosevelt declared that he spoke to the French as one "who with your army and navy in France in 1918" and held all his life the deepest friendship for the French people.

"No two nations exist," he said, "which are more united by historic and mutually friendly ties than the people of France and the United States."

Americans, with the assistance of the United Nations, Mr. Roosevelt added, were striving "for their own safe future as well as the restoration of the ideals, the liberties, and the democracy of all those who have lived under the tricolor."

"We come among you to repulse the cruel invaders who would remove forever your rights of self-government, your rights to religious freedom and your rights to live your own lives in peace and security."

"We come among you solely to defeat and rout your enemies. Have faith in our words. We do not want to cause you any harm."

"We assure you that once the menace of Germany and Italy is removed from you, we shall quit your territory at once."

"I am appealing to your realism, to your self-interest and national ideals."

Magic, Mind-Reading, Music On Today's Variety Program

From magic to mind-reading to various types of music—this is the exciting gamut through which spectators will be taken at the community entertainment in the municipal auditorium at 8 p. m. today.

As was the case in the opening show, which attracted around 750 a week ago, both civilian and soldier talent will be featured. Some were predicting a full house for today's event.

Dan Conley, high school band director, will lead the audience in a sing-song as the last number on the program planned for the variety show.

J. H. Greene will be master of ceremonies, and the show will open with the singing of "America."

Several numbers by the bombardier school string band, directed by Sgt. Billy Hall, will be followed by selection of the Rhythmites, a vocal trio composed of Wanda McQuain, Kathleen Underwood and Clarinda Sanders.

Berlie Fallon will play a violin solo, and Donald Fey, baritone, will sing. Fey and the Rhythmites will give their own interpretation of the official army air

Here 'n There

Clifford Neil Manning has been promoted to the rank of corporal at Camp Gruber, Okla., the public relations office of that post announced. Son of Mr. and Mrs. J. E. Clifton of Hyman, Clifford graduated from the Foran high school where he was president of his senior class, and later attended Texas Tech. He is assistant pharmacist at the Camp Gruber hospital.

Word comes from Garland Woodward, former Big Spring resident, that his elder son, Halbert, has been commissioned an ensign in the navy, and will leave Houston on November 16 to report at San Diego. Halbert, who was graduated from high school here in 1935, has been with the Humble Oil and Refining company at Tyler. The Woodward's other son, Warren, is in the army air corps reserve.

Regular meeting of the chamber of commerce directors is scheduled for Monday noon. The luncheon session will be at the Settles hotel.

J. D. White, who has been with the highway patrol office in Odessa for several years, has been transferred to the Big Spring office. White replaces J. D. McCasland, who is now stationed with the Glider school in Lamesa.

Pfc. James Underwood, son of Mr. and Mrs. W. A. Underwood, wrote to his parents this week from "somewhere in England" of a program which the soldiers in his outfit presented recently.

Underwood, who took part in a quartet selection, was photographed with some of the other soldiers by Life Magazine, who also autographed his program. The pictures are to appear in Life soon, Underwood wrote.

Quinton S. Williams, member of the third bombardier class at Big Spring bombardier school, has an important reason for wanting to gain proficiency in the art of aerial bombing. His brother, Cpl. Winfred J. Williams, was last heard of in the Philippine Islands.

War Labor Board Puts End To Strikes

DETROIT, Nov. 7. (AP)—The war labor board arranged a truce today in a jurisdictional dispute between the Mechanics Educational Society of America and the rival United Automobile Workers (UAW) and the society ordered an immediate end to a wave of sympathy strikes that closed 15 war-vital tool and die plants overnight.

Louis M. Gill, regional director of the war labor board, said the board had agreed to resume full production without further interruption pending an early hearing of the entire dispute, and to withdraw the threat of sympathy strikes in Cleveland and Toledo, O.

help boost morale, but to show these fellows that we are proud to have them in Big Spring. So be sure you arrange to have one or more of the men in your home.

The Sunday afternoon program at the auditorium went over in a big way last week, and the one today is expected to be its equal. If you want to get in on a sure-fire thing, be at the auditorium this afternoon.

Looks as if we were too optimistic a few weeks back in predicting great things for our first sizeable peanut crop. It turns out not to be so good and a threat to the land. This being the case, we admit that perhaps the wise thing to do is abandon such an experimental and risky crop in favor of something else which will give us just as great, if not greater, contribution to the war effort.

You can save time this week by securing your gas rationing applications and filling them out in advance. This will simplify matters greatly and leave everybody concerned with a better taste in their mouths over this rationing deal.

The Salvation Army still can use your donation. The drive last week fell disappointingly short of its mark, and more than ever before your contribution is needed by the organization to help keep the work going. Mail a check to the Salvation Army or call R. R. McEwen, drive chairman.

37 COMPLETIONS

AUSTIN, Nov. 7. (AP)—The Texas railroad commission today reported 37 oil completions for the state this week, boosting the total for the year to 2,818.

New Scout Troop Organized Here

Wesley Methodist church is the sponsor of a new Boy Scout troop organized the past week. H. D. Norris, field secretary for the Buffalo Trail council, said Saturday.

About 14 boys have been enlisted as charter members and the church will be the meeting place. John Garrison is the troop committee chairman and Cy Nabors is scoutmaster with J. C. Pittard and W. D. Lovelace as assistants. Other committeemen are J. E. Apple, thrift; Ike Lowe, outdoor activities; J. D. Stembright, activities; the Rev. John English, advancement.

New Assignments At Flying School

New officer personnel at the Big Spring bombardier school announced Saturday by the public relations office included the transfer here of three second lieutenants, a first lieutenant and a warrant officer.

Second Lieutenant Oliver R. Holbrook and Second Lieutenant Irvin J. Keefer, both formerly of Midland were assigned here as bombardier instructors. Second Lieutenant Donald C. Rhoads arrived here from Miami Beach, Fla. First Lieutenant Edward F. Harrison was sent here from Midland and Warrant Officer Andrew V. Boral from Ellington Field.

Dedicatory Service At Forsan Today

FORSAN, Nov. 7. (SpI)—The Rev. A. W. Willis, a former pastor, will deliver the sermon at special dedicatory services Sunday morning at the Baptist church, according to an announcement by the pastor, the Rev. H. C. Wiens. The congregation has recently cleared all indebtedness on painting and other improvements made on the building.

War Has Upset The Routine In The Christmas-Greeting Card Business; You'll Find New Designs This Year

Christmas cards are just not what they used to be. Like many another good old American custom, the war has played havoc with the traditional Christmas greetings, but there are few lamentations.

This year's Christmas cards, thanks to the new demand and a \$100,000,000-a-year business, are designed for individual situations and are personalized to the nth degree.

If you are an average American, statisticians have figured you will receive from 18 to 20 cards this Christmas, and, according to our own personal survey, not one of them will faintly resemble another.

The traditional holly, bells, castles, Santas and poinsettias still decorate greetings, but the card you send or will receive is just as likely to bear flags, insignias,

gotten. Or it may be a war stamp booklet to encourage you to buy more stamps until the card is completely filled.

One huge greeting—"To My Angel Husband" with a tinselled halo around husband's head—says:

"With lots of love at Christmas time
To one who's not a saint
From someone who adores him
And is mighty glad he ain't."

The mate—designed for the little lady—comes back with

"Christmas greetings to my wife
From one who takes a chance
And signs this card with fingers crossed,
The one who wears the pants."

Greeting card printers and engravers have missed a great opportunity, however, in one respect. Not a single one of the comic samples noted has a picture or comic worded threat to Hitler or his slant-eyed pals. Most cards designed for service men have a sentimental or friendly theme such as "Wishing the best of Christmas joys to one of the finest of Uncle Sam's boys."

The Christmas-card industry is truly keeping step with the times, and whether your friend is in Alaska or Panama, England, Africa, India or the South Seas this Christmas, the Christmas card he receives will be just as prettily decorated and as snappily worded as those in San Francisco and Atlanta.

St. Nicholas is an international figure, second in rank to Uncle Sam.

PERSONAL ITEMS FROM STANTON

STANTON, Nov. 7. (Sp) — Mr. and Mrs. Roy Ebberson and granddaughter, Dana Sue Daniels, left Friday for Abilene to visit relatives.

Rev. and Mrs. A. A. Kendall and daughter, Barbara are in Abilene visiting the Rev. Kendall's mother, and to attend the McMurry College homecoming. They were accompanied by Mrs. W. Y. Houston and granddaughter, Jo Jon Hall, who will visit Mrs. Houston's mother, Mrs. J. H. Epley.

Henry Houston left Saturday for Lubbock to attend the homecoming of Texas Tech.

County Agent Hubert Martin and Mrs. Martin left Friday for Belton to visit with relatives and friends.

Only 'A' Books Issued By The Registrars

Howard county motorists, registering for basic mileage rationing at school house registration sites on November 12, 13, 14, must take along their application forms, listing serial numbers of their tires, and their car registration cards, B. F. Robbins, local chairman of the War Price and Rationing Board reminded Saturday.

Plans to handle the registration in the city include a form letter which will be sent by the schools to each parent asking if he wishes to receive a ration book application. Those who sign the letter and send it back with the child, will then receive an application blank.

Only basic ration books will be issued by the school house registrars, Robbins said. Motorists with car registration cards and properly filled out application forms will be issued "A" books providing for 240 miles of driving a month. Motorcycle owners will get "D" books, good for similar mileage.

No supplemental rations will be issued at this registration but anyone who feels he will need more mileage than the basic book provides may ask the registrar for an application form for a supplemental ration.

The supplemental form is to be filled out later and presented to the local War Price and Rationing Board. The board in turn will issue a supplemental ration only after a careful examination of the applicant's need for additional mileage and his plans for car sharing.

Car owners who do not have children in school may secure their application blanks through service stations or at the ration board.

County schools are handling the registration in a similar manner although are stressing Friday as the main day for registration as the rural schools will be closed on that day. However, teachers will be on hand both Thursday and Saturday for those rural residents who cannot register on Friday.

Filling out the application form is simple in that most of the information can be obtained from the vehicle registration card. The most important information needed to fill out the application, however, is the list of serial numbers on every tire which you or any relative living in your house own for that vehicle.

The serial numbers are the indented numbers on the tire walls. They are not to be confused with any raised numbers appearing on the tires. In case the serial numbers have been obliterated, the brand name of the tire must be listed, Robbins said.

Mileage ration books cannot be issued to any applicant who lists more than five tires, the board head warned. Excess tires can be sold to the government through the local office of the Railway Express agency.

Plenty Turkeys Due To Be Freed On November 19

Turkey Day will be one of the topics for discussion when chamber of commerce directors meet Monday at the Settles hotel.

V. A. Merrick and J. H. Greene reported widespread interest in the event Saturday after they had made a test case of one downtown block. They secured pledges for 29 turkeys to be released at the appointed time on Nov. 19, and added that some six or eight more birds might be expected from places they were unable to contact. While they were making the rounds, they secured pledges for six more turkeys to be released at other points.

On Turkey Day the birds all are released simultaneously and the person who catches one has his Thanksgiving meat problem solved.

Blankenship Attends Session In Dallas

Supt. W. C. Blankenship was in Dallas Thursday, Friday and Saturday attending sectional meetings of the State Teachers' Association at the Adolphus hotel.

The general meeting, usually drawing 4,000 teachers from over the state, was cancelled in view of war conditions in favor of the house of delegates session, composed of 800 odd members of the profession.

No formal program was presented and only routine business was discussed.

Iva Kitchell's Dances Make Fun Of Nearly Everybody, And Audience Has A Lot Of Fun Watching The Satire

Iva Kitchell had earned the title of America's foremost pantomimist, but more fun than that, she convinced her audience at the city auditorium Friday evening she was far and away the nation's best PAN-mimist.

Miss Kitchell panned everything from the Fuller brush man to the emphatical woodland nymph — yes, sir, did it with scarcely a sound and had the folks howling at the end.

She opened up with the "Broken Appointment," and those who had braved misty weather to witness the performance settled down for a hum-drum evening of interpretative dancing. But then Miss Kitchell came unbuckled on a little number called "Chorus Girl" and the way she handled it should have ended all chorus girl numbers. She warmed up on her "Saltsman" number and then clinched the deal with her impersonation of "First Appearance or When I was Eight."

Her treatment of "Ze Ballet" was gleeful, for she punished the Ballet Russe with imphish precision and tossed in a couple of neat bars at the adagio.

It took "Maiale at the Movies" to completely rout the folks. Admittedly, it was a fine piece done so delicately, with flawless facial expressions, that only a woman could properly appreciate it—for what woman was not with her body and soul when she finally worked off those torturous slippers? She ran the gamut of emotions for Maiale, but her audience was satisfied to indulge in only one—some deep roared laughing.

Similarly, her Scarf Dance and Garland Dance in "Something Classic" did good to the soul of all who have wondered what this business of lightly-clad Grecian goddesses flitting about in the woods so early in the morning was all about anyway. Iva Kitchell's turn of this was classic in its own way.

A taste of her real ability as

Funeral Services For Mrs. Turney At Trinity Church

Funeral services for Mrs. C. E. Turney, 55, who died at her home on N. W. 3rd street early Friday, will be held at 3:30 p. m. today at Trinity Baptist church, instead of Nalley chapel, as previously announced, with the Rev. Roland C. King officiating.

Burial is to be in the city cemetery.

Born in Brown county, Mrs. Turney moved to Rails in 1914 and then spent a brief time in Hood county before coming to Big Spring in 1937. She had been in ill health for about a year.

Survivors include her husband, three sons, Clyde L. Turney and Doyle C. Turney, Big Spring, and Wayne Turney, U. S. Navy; one daughter, Mrs. Eva Mae Bynum, Houston; her mother, Mrs. E. N. Mathews, Rails; six sisters and five brothers.

Waste accumulated for centuries around the slate quarries of Cornwall and Wales, United Kingdom, is being utilized to manufacture camouflage paint, the Department of Commerce reports.

Westerman Named To American College Of Apothecaries

The only Texan ever honored with membership in the American College of Apothecaries is Cecil Westerman, owner and operator of Westerman Drug Company, who received notification of his appointment recently from Max N. Lamberger of Minnesota and Charles V. Selby of Clarkburg, W. Va., president and secretary of the association.

Selection is made on a basis of education, efficient conduct of business and outstanding individual qualifications as a pharmacist. Any pharmacist is eligible, but thus far membership is confined by the strict qualifications

to some 800 in the entire United States.

Westerman was reared in Big Spring and attended Danford Pharmacy School in Fort Worth. Upon completion of his training he was employed for four years at Crosbytown before returning here to establish a drug business in what formerly was the B. B. Fox drug store location. He has had ten years experience in compounding prescriptions.

A Renewed Pledge For ARMISTICE DAY...

As we pause, this November 11, to honor the memory of those who sacrificed in another war, let us resolve to do our utmost in behalf of the millions of men who fight again to bring Peace and Freedom to this world.

Let our tribute to the men of 1917-18 be a pledge to back up the men of 1941-48 with every resource, every facility at our command.

Let us make what sacrifices that are demanded of us... let us leave nothing undone that will help in bringing final Victory to our Cause. This resolve is our best observance of Armistice Day, 1942.

TEXAS APPLES BEARS, 20-0; AGGIES OUTSCORE SMU, 27-20

Red Raiders Spill Frogs 13-6 In A Stunning Upset

LUBBOCK, Nov. 7. (AP)—The Texas Tech Red Raiders scored two touchdowns in the fourth period today to upset victory of football fiction and beat the highly-rated Texas Christian Horned Frogs, 13 to 6.

An estimated crowd of 12,000 saw the Red Raiders come from behind with a blocked punt and a 36-yard triple pass to bewilder the mighty Christians of the Southwest conference.

TCU drew first blood in the second period when Emory Nix shot a pass to Don Eszell who grabbed the ball on Tech's five-yard line and raced over for a touchdown. Billy Houthcotte missed the conversion.

After a scoreless third period, the Red Raiders broke loose with speed and fire.

The Red Raiders accounted for their first touchdown when they blocked a Texas Christian punt on the Christian's six-yard line. Ralph Geddie, Tech end, picked up the ball and galloped seven yards for the touchdown. Callahan missed the conversion.

The next Tech score came in the fading minutes. Dick Stander passed 10 yards to Roy Williams. After gain of nine yards, Williams lateraled to Maxey McKnight, who ran 15 yards for the touchdown. Pete Blanda kicked the conversion.

The winning touchdown play was a bit of the 1856 stuff. Roy Williams, end, hit out on the sideline about 20 yards from the line of scrimmage. The Raiders hustled into formation and quickly Stander received the ball from center, just as quickly threw it to Williams who was alone on the sideline. Williams raced with the ball, then when he was going to be tackled, lateral to Maxey McKnight who went across the goal line.

J. R. Callahan, junior left halfback, and Walter Schlankman, sophomore fullback, plowed for much yardage and both were standouts on the defense. Speedy Don Eszell, Emory Nix, Bob Balaban and Dean Bagley were standouts for Texas Christian.

Texas Christian made 15 first downs to four for Texas Tech but only gained 110 yards rushing against 100 for the Red Raiders. The Christians picked up 78 yards passing against 36 for Tech.

Porkers Take 40-9 Pasting From Rice

FAYETTEVILLE, Ark., Nov. 7. (AP)—Rice Institute turned loose a bunch of winged Owls against the University of Arkansas in Razorback stadium today and handed the hapless Porkers their worst defeat in 21 homecoming days, 40 to 9.

The smallest homecoming crowd in history also witnessed the Southwest conference battle, which represented Arkansas' fifth circuit year thanks to a brilliant 59-yard straight defeat at the hands of conference opponents.

Taking nothing away from Coach Jess Neely's Owls from Houston, who stayed in the conference championship race with their first victory against one defeat, Arkansas did everything possible wrong—at the right time for Rice.

The Razorbacks got back into the game momentarily a few minutes later when End Joe Tibbitts caught Back Edgar Cain, an Owl substitute, behind his own goal line on an attempted end run from the Rice 11.

An intercepted Porker aerial from Back D. P. Jones by Center Bill Blackburn in midfield started the Owls on the way for another second period score. Rice puffed a forward-lateral, Dwellie to End Ted Scruggs to Back Pete Smith, for 34 yards to the Arkansas 8. It took Cain three plunges to get the touchdown.

A poor punt from the toe of Back D. P. Jones, one of the Porker backs turned in by the Porkers, gave the Owl the ball on the Arkansas 20 midway in the third quarter.

Stephens promptly stepped for a touchdown through a befuddled Arkansas team.

Eighteen points behind, Arkansas turned over the ball carrying duties to Back Bob Forte, who reeled off 30 yards in two runs, but the Owls stiffened and Forte punted out on the Rice 4. Tackle Jay Lawhon blocked Cain's attempted punt out of the end zone and the ball trickled out of bounds on the 14. Forte carried four straight times, going over from the four on his last stab at a good Rice line.

Rice's next score was the day's most thrilling play. Sub Back Fred Jacobs took Meredith Jones' 50-yard punt on his own 10 and raced 90 yards across the goal line behind fast forming and perfect interference.

A blocked punt led to Rice's next score. Bowen got in front of Forte's kick and Harold Lloyd, a sub Owl wingman, scooped the ball up near the line of scrimmage and trotted untouched over the goal line.

An unnecessary roughness penalty on the part of Arkansas moved the Owls deep down in Porker territory late in the game and two aeriels from Dwellie to End Lindsay Bowen netted the final score. Bowen took one pass for 25 yards and the second in the end zone for 10 yards.

A spirited race has been brought out in the running for second place in the Classic bowling league between four of the teams. The strong Enlisted Men team of Lee Hanson's seems to have a death grip on first place having dropped but a single game in fifteen starts and that by only a few pins. In a stew for second and severely deadlocked are the R&R Theatres team, Cosden Five, Lee Hanson Officers, and Harry Lester's.

Also a close race is that for high average honors, with Soldiers DeCarlo and Douglass pushing Jack Smith and the civilian Cosden squad for tops in that division. Here also is a tie, Stanley Wheeler, Leblou, alone in fourth place, but LeBlou, Richards, and Alexander are all square for the fifth slot. DeCarlo is in third only two pins behind Douglass, who is in turn only two sticks behind of Jack Smith.

Monday night will pit the Douglas Hotel Officers against Lee Hanson's Brass Hats on 1 & 2. The Home Cafe Officers will try the Lee Hanson's Enlisted men on 3 & 4. The two civilian squads, Cosden and Harry Lester's will battle on 5 & 6, and on 7 & 8 the Park Inn Officers tackle the R&R Theatre Five.

Baylor's Line Fails To Stop Longhorns

AUSTIN, Nov. 7. (AP)—Texas took over first place in the Southwest conference football race today as Baylor's Golden Bears came to the end of their tether, hobbled by a Longhorn team that laughed at the Bruins' vaunted goal-line stands.

The score was 20-0 with the Orange rolling up a touchdown in the second period, another in the third and the final midway of the fourth quarter.

The Baylor team that eleven times stopped Texas A & M and Texas Christian inside its 20-yard line was no match for the driving Longhorns who smashed to 250 yards through that hitherto unyielding Baylor forward wall.

The Bears were held to 21 yards in a crowd of 25,000—largest ever to see Baylor play in Austin—watched the gallant bears battle every inch of the way but finally succumb to the "two-team" system of Coach D. X. Bible.

Leading the charge was Roy McKay, that gorgeous Longhorn fullback; Ken Matthews, a speed demon in mauling and Jackie Field, trackman-halfback who smashed tackle and circled ends until the Bears were dizzy.

Texas first scored on a 46-yard parade by Raymond Jones, Mar Minor, Ken Matthews and McKay carrying the mail. McKay raced right end for 19 yards to get the touchdown. He failed to convert.

The second Texas counter came just five minutes after the third period opened. This time it was Matthews doing the work. Field rapped tackle for a first down then combined with Matthews for another on the Baylor 24. Here Matthews turned in the prettiest Texas run of the game. He went inside left tackle and end, cut to the sidelines and romped over with two Baylor's grabbing futilely at him. McKay added the point.

Fumble by Kit Kittrell, who was chief ground-gainer for Baylor, paved the way for the final touchdown. Lewis Mayne got off a fine kick that Kittrell couldn't hold and the ball went to Texas on the 25. On the second play from scrimmage Mayne cut through tackle and raced to a touchdown. Field kicked the goal.

Baylor's best opportunity to score came in the third period when Bobby Henderson blocked McKay's attempted quick-kick and Gordon Holton recovered on Texas 17. But the Longhorn line, which performed like a machine today, rose up to throw the Bears back for a net loss of three yards in four tries and Texas took over.

The Longhorns registered 260 yards in all—just four coming on passes. Baylor was held to a net 33—twelve on passes.

Matthews was the leading ground-gainer of the day with a net 71 yards in nine tries. McKay was next with 80 yards in 13 runs and Field had 58 yards on 13 tries.

While Kittrell ran for 44 yards to lead the Bears he lost 30 so his net was just 14.

Texas had 18 first downs to 4 for the Bears.

Notre Dame Power Overwhelms Army

NEW YORK, Nov. 7. (AP)—Notre Dame's talented football forces gave a crowd of 76,000 an impressive exhibition of sheer power at Yankee stadium today in defeating a fighting but outclassed Army eleven 13 to 0, in the 29th renewal of their colorful gridiron rivalry.

In staking a further claim to high national ranking, the polished machine from South Bend proved it could eat up vast distances without recourse to the passing arm of its great quarterback, Angelo Bertelli, and in holding the Cadets to three first downs the Irish defense looked nearly impregnable.

For a half, the Soldiers managed by furious tackling in their own end of the field to hold the surging green shirts off their goal line, but in the third period the visitors drove 34 yards to score, and again in the waning minutes of the contest they plunged and bulled and finally passed their way to a total of 80 yards for a second touchdown and a decisive victory.

Notre Dame backs running from their new "T" formation, piled up 250 yards from scrimmage against Army's 68, and chalked up 14 first downs to the Cadets' three. Practically the entire game was played in Army territory, though the Cadets by one lightning stroke pe-

TULSA CLINCHES A TIE FOR THE TITLE

TULSA, Nov. 7. (AP)—The University of Tulsa virtually clinched the Missouri Valley conference championship today by defeating Oklahoma A & M college, 36 to 6, before an estimated crowd of 13,000.

Randolph Swamped By Naval Comets

CORPUS CHRISTI, Nov. 7. (AP)—After a scoreless first quarter, the Naval Air Training Center Comets gained almost at will in the three final periods to whitewash the Randolph Field Ramblers, 52 to 0.

The Comets broke the ice when Tackle Robert Millington blocked a punt and End Bill Dewell converted the ball in the end zone. Sam Chapman placekicked the extra point.

All Tallies Chalked Up By Aerial Route

DALLAS, Nov. 7. (AP)—Blasin' Barney Welch, the Stephenville slinger, praised the ball and passed it just three times—all good for touchdowns—to lead the Texas Aggies to a thrilling 27-20 win today over Southern Methodist.

It was an extravaganza of the skyways—this wild battle which covered the length of the field a dozen times as both teams scored all their touchdowns in the air.

Welch, a substitute for the Aggies' big show, Leo Daniels, also was as hard to catch as a waiter's eye when running—gliding across the turf like a drop of mercury on the bedroom carpet.

The Aggies burst loose in the first quarter, scoring two touchdowns. Daniels passed to Rogers for a first down on the Methodist 25, then heaved one to Cullen Rogers deep in the end zone for the score. Jake Webster converted.

A few minutes later Bill Sibley, Aggie center, intercepted an SMU pass on the Mustang 24. Welch set off his first charge of dynamite—a perfectly-executed aerial to Rogers in the end zone. Webster's kick was wide.

The Mustangs, studded but game, struck back quickly. From his own 43, little Abel Gonzales flipped a 15-yard aerial to wingback Hardy Miller who tore down the sideline like a scared deer for a touchdown. Green's kick was wide.

Then quickly the Ponies got the ball again on an exchange. Gonzales and Collins and a sophomore, C. D. Allen, drove to the Aggie 17. Gonzales passed to Allen on the 2. A penalty set the ponies back five yards, but Gonzales flipped a beauty into the waiting arms of end Kelley Simpson and Green converted to tie it up.

The Aggies, refreshed after the intermission and realizing they had a ball game on their hands, scored late in the third after a long drive. The payoff came on Welch's second pass of the day, this time to Willie Zapala. Webster converted.

Early in the final period Otto Payne intercepted a Mustang aerial in midfield and the Aggies struck again by land and air. The final thrust was a screen pass to Zapala and Webster's kick was good.

The fans started leaving and SMU immediately stopped them with a clever drive for their third touchdown. Gonzales and Collins attempted in driving to the Aggie 25. Gonzales completed a pass to end Grady Martin on the 10 and then tossed for a touchdown to Miller. Green converted to end the day's scoring.

The Texas Aggies' victory was their second in the Southwest conference against two defeats this year. For the Mustangs, it was their second consecutive conference loss.

Colorado Wolves Play A New Game; It's Called 'Who's Got The Coach?'

COLORADO CITY, Nov. 7. (AP)—The Wolves, Colorado City high school football team, with no game over the week-end took to playing "now we've got one, now we haven't" with a coach as their goal. It's now fourth down since September with the season to go.

Coch Carroll Benson, hired away from Merkel only last week, came, saw, and departed. After one day he went back to Merkel. Friday evening the Colorado City school board got busy and elected Coach "Gob" Walker who had resigned at Cross Plains to take over Merkel when Benson came here. Walker, Daniel Baker graduate, has been at Cross Plains four years.

Now the score card reads like this: Walker begins with the Colorado City Wolves Monday in the place of Benson who came (briefly) to take the place of Merrick Fyeatt who took the place of Coach C. B. Boland who took the place of John Dibrill Jr. The substitutions got under way when Dibrill went to Big Spring as physical education director. Boland is instructor in Stamford Flying school. Fyeatt is on his way to train as a Naval Reserve. Benson is at Merkel.

Played under such adverse weather conditions as to make vision impossible further than 50 yards, the game was a virtual repetition of one played previously in San Angelo when the host team then won 13-0.

The Kittens had too much power in the running department for the Yearlings. They could see well enough through the fog to pick holes in the Big Spring line and had no trouble in running up and protecting their lead.

Big Spring threatened a couple of times when running plays began to click, but once they neared the 10-yard region, the Yearlings bogged completely. The only department in which the Yearlings held an edge was in passing.

Standouts for the locals were Bobo Hardy, Eike Robb, Richard Simmons, whose running game was good, and James Bostick, who looked like a chip off the old block with his passing and punting.

Angelo Whips Yearlings By 18-0 Count

Big Spring Yearlings had the distinction of dropping an 18-0 decision to the San Angelo Juniors here Friday evening in what was the foggiest football game on record in Big Spring.

At the same time the 815th had a 2-1 advantage over the 818th and the 814th took two from the 817th while dropping one.

High series went to the 815th with 2,809. High team game went to the 818th, however, with 801.

With 198 Eddie Millski took individual game high and Tilly Bottel high series with 553.

Texas League Dates To Be Set

DALLAS, Nov. 7. (AP)—Opening dates of the 1948 Texas league baseball season and pairings of teams for those games will be set in tomorrow's sessions of the annual meeting of league directors, Milton Price, loop secretary, said here tonight.

Preliminary discussions of these matters were held today, following a report of the financial operation of the league for the past year.

Directors, their wives and other guests attended a buffet luncheon today and went in a group to the SMU-Texas A&M game this afternoon.

Mobley Adds 151 Yards As Cowboys Trample Canyon

Hardin-Simmons Runs Up 40-0 Triumph

CANTON, Nov. 7. (AP)—West Texas State College's 33rd homecoming was spoiled here today as Hardin-Simmons University Cowboys went uncontrolled to down the Buffaloes 40 to 0.

Rudolph (Doc) Mobley, Cowboy back, ran wild, scoring three touchdowns. He gained 164 yards and lost 15 for a net gain of 151.

It was the Cowboys' game all the way, after Camp Wilson, Cowboy fullback, scored in the first quarter from the six after running to the Buffs' ten on a fake punt. Dave Ryan's kick failed.

In the same period, Jug Bennett recovered Leroy Reaves' West Texas fumble on the Buff nine and Mobley went around right end for five yards and a score. Ryan converted.

Hardin-Simmons quickly took the ball after the kick-off, and Mobley made the third touchdown on a 26-yard left end run.

The Cowboys again took charge in the third period when Mobley intercepted Buffalo Eddie Castleberry's pass. Alvin Johnson burst through fullback, scored in the first quarter from the six after running to the Buffs' ten on a fake punt. Dave Ryan's kick failed.

Coach Gus Miller of the Buffs was unable to find a suitable offense and used many substitutions. Doyle Ford, a newcomer, looked good passing and punting.

The visitors failed to complete a pass in seven tries; the Buffs attempted 22, completed six. The Cowboys made 16 first downs to three for the Buffs and gained 421 yards rushing to 40 for the Buffs.

Colorado Wolves Play A New Game; It's Called 'Who's Got The Coach?'

COLORADO CITY, Nov. 7. (AP)—The Wolves, Colorado City high school football team, with no game over the week-end took to playing "now we've got one, now we haven't" with a coach as their goal. It's now fourth down since September with the season to go.

Coch Carroll Benson, hired away from Merkel only last week, came, saw, and departed. After one day he went back to Merkel. Friday evening the Colorado City school board got busy and elected Coach "Gob" Walker who had resigned at Cross Plains to take over Merkel when Benson came here. Walker, Daniel Baker graduate, has been at Cross Plains four years.

Now the score card reads like this: Walker begins with the Colorado City Wolves Monday in the place of Benson who came (briefly) to take the place of Merrick Fyeatt who took the place of Coach C. B. Boland who took the place of John Dibrill Jr. The substitutions got under way when Dibrill went to Big Spring as physical education director. Boland is instructor in Stamford Flying school. Fyeatt is on his way to train as a Naval Reserve. Benson is at Merkel.

Played under such adverse weather conditions as to make vision impossible further than 50 yards, the game was a virtual repetition of one played previously in San Angelo when the host team then won 13-0.

The Kittens had too much power in the running department for the Yearlings. They could see well enough through the fog to pick holes in the Big Spring line and had no trouble in running up and protecting their lead.

Big Spring threatened a couple of times when running plays began to click, but once they neared the 10-yard region, the Yearlings bogged completely. The only department in which the Yearlings held an edge was in passing.

Standouts for the locals were Bobo Hardy, Eike Robb, Richard Simmons, whose running game was good, and James Bostick, who looked like a chip off the old block with his passing and punting.

816th And 818th Squadrons Win In Bowling

The 816th dressed the 365th down in three straight rounds Friday evening as did the 818th the 815th School Squadron in the regular weekly rolling of the Soldiers Bowling League.

At the same time the 815th had a 2-1 advantage over the 818th and the 814th took two from the 817th while dropping one.

High series went to the 815th with 2,809. High team game went to the 818th, however, with 801.

With 198 Eddie Millski took individual game high and Tilly Bottel high series with 553.

Armistice DAY

To The Men And Women Who Know No Armistice

You're fighting again—you soldiers, sailors, marines, fliers and nurses—for the principles of Freedom and Honor that men fought for 25 years ago. Yours is the task to complete that crusade started in 1917... And on Armistice Day, 1942, as we honor those who made the supreme sacrifice in another war, we pledge anew our support to those who face sacrifice now... We leave nothing undone on the home front so that your courage and your devotion for your country shall not be in vain.

Safety Council To Meet Monday

Every member of the Big Spring Safety Council, and especially those who joined it during the recent campaign for members, is being urged to attend a meeting set for 8:30 p. m. Monday in Settles hotel.

Roy Reader, president, said that past activities would be reviewed and that future operations would be discussed. There also will be a special speaker for the occasion. The president was anxious to have new members in attendance because "we are anxious that these will become participating members and not mere contributors."

Delafield To Talk On Evolution Topic

"God's Answer to Evolution" will be the topic of a free address on Bible prophecy tonight at 7:45 by Evangelist E. E. Delafield at the Voice of Prophecy auditorium, 409 E. 8th. The evangelist states "We extend a courteous invitation to any believer in Evolution to hear this lecture. Facts will be presented showing God's answer to evolution."

Delafield will also be heard over radio station KBST this afternoon at 5:45, being followed immediately at 6 p. m. by the Voice of Prophecy coast to coast religious broadcast with which he is affiliated.

Among topics for the week are the following: "55,000 for a text," "Where are the Dead?" "What is the Soul?" The public is invited.

Missouri Topples Nebraska, 26 To 6

LINCOLN, Neb., Nov. 7. (AP)—Missouri, springing Bob Steuber and Ralph Carter loose for touchdown runs of 54 and 65 yards, and driving 58 and 45 yards for two other scores, easily set back Nebraska, 26 to 6 in a Big Six conference football game before 25,000 fans today. The victory left Missouri, defending champion, in commanding position in the title race.

Stanton Cleaning Shop Changes Hands

STANTON, Nov. 7. (Sp)—Earl Houston sold his Toggery Cleaners this week to C. L. Myers of Big Spring and he and Mrs. Houston and baby have been in Hild Center to visit with her parents before he leaves for California Shipyards.

He will be joined on the trip to California by Jeff Davis and Vernon DeBerry. The three of them completed their courses in welding at the Big Spring war industries class.

Wednesday To See Rivalry Renewed

Tradition will get the acid test here Wednesday when San Angelo's confident Cats, doped to win very much as they wish, come here for the Armistice Day grid classic with the Big Spring Steers.

To be sure, San Angelo will have the critics, the records, the experience and a few other things in her favor, but it will not be the first time a team from the Concho has come up this way all set to give the Steers a good branding.

The tough job of Big Spring's plucky gridder to see that San Angelo doesn't make Wednesday the first time she ever succeeded in roundly beating Big Spring on a local field.

Since 1930, rivalry has been so keen between the two teams that five of the games have ended in ties, and three of these scoreless affairs. With the exception of a 26-6 victory for San Angelo in 1932 and a 20-7 win for Big Spring here in 1939, only one touchdown or less has separated the two teams, regardless of supposed superiority of one or the other.

Based on their showing to date, the Bobcats rate as rank favorites. They tied Lubbock, a team which convincingly held Big Spring and held Odessa to a 14-6 victory while Odessa plastered Big Spring 33-0. Big Spring had to come from behind to tie Lamesa but San Angelo completely slaughtered the Tornados. San Angelo humiliated Midland and Big Spring had to come from behind again to gain a bare win over the Bulldogs.

Still, Big Spring does not bid to be a push-over for San Angelo here Wednesday—far from it. But for two touchdowns they gave away at the very start, the Steers gave Odessa about as much as they took despite the score.

Never, in any game this season, have the Steers shown the slightest signs of giving up. They are in there battling every minute, and fans can count on that Wednesday.

John Dibrrell, who turns prematurely gray by coaching football, hasn't been exactly asleep as pertains to the San Angelo game. Too, that shrewd and calculated Irishman, Pat Murphy, who turned out many a good team here and denied San Angelo victory over Big Spring since 1933, is back in the fold now with valuable scouting information. The former coach has seen the Bobcats play a couple of times this season and from his notes Dibrrell has hatched up some defenses which may make the going tough for the Bobcats.

Offensively, the Steers may not be as bright as the Cats, but if some fancy stuff clicks, they may get across those necessary Sunday punches for an upset.

All the boys are in fine physical and mental condition. They know that the maintaining of a tradition is squarely up to them. And they may cure a few speculators before that San Angelo game is history.

Wisconsin's March Halted; Other National Leaders Score Victories

By HERB BARKEE

NEW YORK, Nov. 7. (AP)—Wisconsin's football surge through the Big Ten came to an abrupt halt today but a new wave of upsets failed to disturb such other national leaders as Georgia, Boston College, Georgia Tech, Notre Dame and Ohio State.

Wisconsin, making a serious bid for the Western conference crown and boasting a record marred only by the tie with Notre Dame, invaded Iowa City and bowed to Iowa's hard-fighting Hawkeyes, 6-0, before a crowd of 32,700.

A pass from Tommy Farmer to End Bill Burkett gave Iowa its touchdown and the Hawkeyes successfully fought off every Wisconsin attempt to get the equalized. Iowa's triumph, coupled with Illinois' 14-7 conquest of Northwestern, left the Big Ten race in a triple tie among Iowa, Illinois and Ohio State, with Wisconsin and Michigan just a half step behind.

Meanwhile the two southern gridiron powerhouses, Georgia and Georgia Tech, moved steadily along the unbeaten trail. Georgia routed Florida 70-0, as Frankie Sinkwich scored two touchdowns and passed to End George Paschbar for two more. Georgia Tech, paced by Davey Eldredge who scored three times, buried Kentucky under a 47-7 count.

Boston College, the unquestioned eastern leader and a prime contender for national honors as well, had no trouble with Temple and pounded out a routine 28-0 victory. A sell-out crowd of 76,000 jammed Yankee stadium in New York and saw Notre Dame's Irish slowly overpower Army's good team and earn a decisive 13-0 victory. Held scoreless for two periods, the Irish sent Dick Creevy across for their first touchdown in the third quarter and then counted again in the closing minute on a pass from Angelo Bertelli to George Murphy.

Ohio State, beaten a week ago by Wisconsin, turned on the heat today and crushed Pitt, 59-19, despite the exploits of the Panthers' Bill Dutton who scored two touchdowns and passed for a third.

Missouri, Texas and undefeated Tulsa gained commanding leads in their respective conference races. Missouri spotted Nebraska an early touchdown and then rolled up four touchdowns to win, 26-6, and virtually clinch the Big Six crown for the second year in a row. Texas, led by Roy McKay, Ken Matthews and Jackie Fields, routed Baylor, 20-0, and gained sole possession of the Southwest conference lead. Tulsa's fine team took a stranglehold on the Missouri conference championship by rolling over Oklahoma A. & M., 34-6, but the Cowboys had the satisfaction of being the first to score on the winners.

Upsets were the rule, rather than the exception, in the east where Penn, Syracuse, Fordham, Holy Cross, Princeton and Yale, all of them favorites, were spilled. A crowd of 74,000 at Philadelphia saw Penn's powerful machine held in check by Navy which scored on a pass from H. A. Hamberg to Ben Martin and then held on to win, 7-0. Syracuse could not overcome the state college jinx and lost to Penn State, 18-13. Louisiana State trounced Fordham, 28-13, as Sulcer Harris paced the Southerners' attack. Cornell whipped Yale, 13-7, on a touchdown pass in the last two minutes; Dartmouth spilled Princeton, 19-7; and Brown came

from far behind to beat Holy Cross, 20-14.

Columbia bowed to Colgate in a "basketball" thriller, 35-26; Duquesne and St. Mary's of California played a 7-7 draw, and Lafayette defeated Rutgers, 19-13. Harvard, invading the midwest, was no match for Michigan's Wolverines and went down 35-7.

Indiana sprang a surprise in the midwest by beating Minnesota, 7-0, on Billy Hillenbrand's pass to Pete Pihos in the closing minutes. Purdue was steam-rollered by Great Lakes Naval, 42-0. Iowa Pre-Flight had an unexpectedly tough job subduing Fort Knox, 13-7. Oklahoma swamped Kansas State, 76-0, in a Big Six game as Kansas beat Washington of St. Louis, 19-7, in a non-conference test.

In the southwest, Rice rolled over Arkansas 40-9; Texas A. and M. outscored Southern Methodist, 27-20, while Texas Christian was upset by Texas Tech, 13-6.

In the southeast, Tulane, lacking Lou Thomas, bowed to Mississippi State, 7-0, while Vanderbilt easily handled Mississippi, 19-0. Alabama had no trouble with South Carolina of the Southern conference and won, 29-0. Auburn was no match for Georgia Pre-Flight and went down, 41-14.

Duke romped over Maryland, 42-0, in the Southern conference where Furman, North Carolina, Virginia Tech, Wake Forest and George Washington all scored conference victories. N.C. State eked out a 2-0 triumph over Miami while undefeated William & Mary trounced Randolph Macon, 40-0.

In the far west, Oregon sprang one of the season's biggest upsets by upsetting U.C.L.A. 14-7, as Tommy Roblin rammed over the clinching touchdown in the fourth quarter. Mickey McCardie led Southern California to a 21-7 conquest of California; Stanford walloped Washington, 20-7; and Oregon State ran up a 33-0 count on Montana. Washington State turned back Michigan State, 25-13.

Utah checked Colorado, 13-0, in the Big Seven race as Colorado State stopped Utah State, 25-0, and Denver routed Brigham Young, 26-8.

Barrow Purchases Linoleum Stocks From Thorp Store

Purchase of the full linoleum stocks of the Thorp Paint Store was announced Saturday by D. D. Douglass, manager of the Barrow Furniture company here. Thorpe is discontinuing his floor covering lines for the duration because of difficulty in maintaining experienced help to service these lines.

Douglass said the transfer of the Thorp stocks added greatly to the variety of floor covering styles now available at Barrow's, and extended a special invitation to the public to view the new displays.

Traveling Salesman—One of the most unique war bond salesmen traveling in America today, selling bonds for Uncle Sam, is the beautiful Mrs. Texas and Pacific War Bond coach. The coach is painted red, white and blue and carries the slogan "Buy War Bonds" in white. "We are very proud of the War Bond coach, and believe it will be a forceful agency in the great war bond campaign," said Frank Jensen, general passenger agent. "Through this effort it is expected that thousands of dollars worth of war bonds will be sold." The plan contemplates that the War Bond coach will alternately be carried by the various Texas and Pacific trains over the two thousand miles of this railway in Texas and Louisiana. Millions of people in this territory will have an opportunity to observe the car.

S. Houston Blanks Ellington Field
HUNTSVILLE, Nov. 7. (AP)—Sam Houston State's Bearcats scored once in each quarter tonight and defeated the Ellington Field Bombers 26 to 0. The Bombers kept their record clear—it was the sixth game they had played without scoring a touchdown.

NOTICE

We wish to announce that due to wartime conditions, we have consolidated the Elliott's Scurry Street Drug with our Crawford Hotel Pharmacy.

YES, NEIGHBOR, YOU . . .

. . . quiet, self-effacing you, are a living part and parcel of the biggest, toughest, bloodiest war in all the hard pages of history.

You can't escape it. You can't hide out on the moon!

For here is a war EVERYBODY is in. The man behind the ploy. The kid in knee pants. The older with the cane. The housewife with the market basket. The white-collar worker. The blue-collar worker. The girl in the schoolroom. We're ALL in it—lock, stock, body, and soul.

If America loses, you lose. If America goes down (and it can), you go down, too. And every decent thing goes down with you . . . that home, that hearth, that patch of ground, that blessed freedom.

The only way to save these things is to win the war!

And the only way to win is to out-build, out-gun, out-plane, and out-fight the enemy—to make him

sick at the sound of a propeller, the sight of a tank, the roar of a bomb.

That's where you come in.

For, brother and sister, building these things takes money. Lots of it! And your Government needs that money right now! Not for keeps. They don't want you to give it away. They just want you to lend it to them.

Invest every dime, quarter, half-dollar, and dollar you can lay your hands on in U. S. Stamps and Bonds. Not just spare money but money you can't spare. Dig deep. Deny yourself. This is war!

Make every pay day Bond day. Make every day Stamp day. Start doing it this very day!

Miss Laneous

Notes By MARY WHEALEY The other day we read a book on how to get to sleep at night. How to relax completely so that nights of insomnia will vanish. The book was entitled the "Problem of sleeping."

Since it has never been a problem to us we read with interest that you can count sheep, take a few exercises, stretch out in bed from stem to stern and go limp. The book advocated thinking about the plot of a novel in the dark hours when sleep won't come. It said to plan how you'd like to furnish a house, or make over an old wardrobe. All these things baffled us. No wonder you can't sleep if you have to watch those sheep take a hurdle. How can you relax if you are plotting a novel and get your characters in a jam? Thoughts of furnishing a house or refurbishing a wardrobe would bring us up wide awake out of a sound sleep. The learned Ph.D. who contributed these thoughts must have never spent a sleepless night either. He treated the subject of sleep academically and there is nothing academic about going to sleep. The best way to go to sleep, to our mind, is to turn out the light, plow into bed, and set the alarm for getting up. We never read a book about how to sleep, never took a poll or questionnaire, nor did we ever try gymnastics or conscious relaxing. Our trouble has always been on the other end of sleeping—how to wake up.

Colorado Women Have A Good Record On Surgical Dressings

COLORADO CITY, Nov. 7. —The women of Colorado City have completed 20,990 surgical dressings of the 27,000 assigned here as the first quota. Volunteer workers directed by 40 supervisors work each afternoon and in two morning sessions. Business women of the town work Tuesday and Thursday evenings. \$1300 Raised To Date In Army Drive

A little more than \$1,300 in cash and pledges was reported received in the annual Salvation Army drive for funds as Major L. W. Canning and forty volunteer workers made preparations for closing the week-long campaign.

"More than half that amount is cash," Major Canning added, "and several of our best donors are yet to report." He considered prospects as good as or better than last year.

Subsequent reports of volunteer workers should be made as soon as possible to R. R. McEwen, chairman, or J. E. Greene at the chamber of commerce, as final report is pending the outcome of last-minute contributions received.

The drive started Tuesday morning with a breakfast at the Salvation Army Citadel. Funds will be used for general operations here in Big Spring, with a small percentage to be expended for divisional upkeep.

During the past five years while Major Canning has been in command here, an average of \$1,171 a year has been used in assisting needy transients, and \$2,860 has gone to Big Spring families for groceries, clothes, drug supplies and hospitalization assistance in addition to 630 Christmas baskets.

Citywide Church Census Today Precedes Cooperative Revival

REV. BOB SHULER

Baptist Class Has Party At Church Friday

Chrysanthemums and dahlias decorated the lace-laid table when the First Baptist Homemaker's class met at the church Friday for program.

Games were played and a reading was given by Mrs. J. L. Haynes on "Miss Hepsy's Blessings." Mrs. E. H. Switzer gave the devotion on "A Noble Purpose."

Mrs. A. Breen gave a prayer. Social hour was directed by Mrs. M. E. Harlan and Mrs. R. D. Ulrey presided at the business session. Others present were Mrs. Lanice Stewart, Mrs. G. C. Potts, Mrs. M. O. Barnes, Mrs. R. H. Snyder, Mrs. Frank Owens, Mrs. Ida Collins, Mrs. C. J. Redwine, Mrs. Chester O'Brien.

Boynton New President Of S. F. Austin

NACOGDOCHES, Nov. 7. (AP)—A recognized psychologist, Dr. Paul L. Boynton, was inaugurated president of Stephen F. Austin College here today.

He succeeded Dr. A. W. Birdwell, president since the founding of the college in 1923, who resigned Sept. 1.

Regent Col. W. E. Bates of Houston delivered the charge to the new president at the inaugural ceremonies. The scripture was read and benediction pronounced by Dr. Edwin C. Boynton, father of the 44-year-old educator.

Dr. Boynton, in the inaugural address, condemned "intellectual jitter-bug-ism," under which, he said, students hop around various fields of knowledge and come out with a bachelor's degree.

"If this procedure were followed through," said the speaker, "it would be incumbent upon the colleges to develop as many innocuous, painless, immature courses as possible so as to place no undue intellectual strain upon any student in his headlong flight toward a synthetic degree."

As an important preliminary to the cooperative revival meeting to be opened in Big Spring on November 15, members of participating churches today will conduct a citywide religious census. Special effort will be made, leaders said, to get information of church affiliation from the many newcomers in the city.

Some 200 workers are expected to take part in the canvass, which will start at 1 p. m., following a lunch at 12:30 at the First Baptist church. It is planned to conclude the census within two hours, and a request is made that people, if possible remain at home during the 1-3 period and accommodate those who call in behalf of church information.

The city's cooperative revival, planned as possibly the most outstanding such event ever staged here, will be conducted by Rev. Bob Shuler, nationally known evangelist and considered one of the most forceful speakers in the pulpits today. Song services will be under direction of L. E. Reynolds, director of the school of sacred music at the Southwestern Baptist Theological Seminary, Fort Worth. Services are to be held at the First Methodist church.

Special anthems by the choir are scheduled for both services today at the First Christian church. The morning selection will be "I Will Not Leave These Comforts," and in the evening the group will sing "The Lord Has Need of You."

The pastor, Rev. J. E. McCoy, will speak at the 10:50 a. m. service on "Fruit Trees in the Orchard of God," and in the evening on "The Salvation of God."

"Four Secrets of a Victorious Life" will be the morning subject of the Rev. R. E. Bowden at the Main Street Church of God. He also will be in a quartet with Pvt. and Mrs. Charles Hunter and his daughter, Lavagna Bowden, in singing "Satisfied with Jesus."

J. Fred Whitaker will direct the laymen's program at 8 p. m., while the pastor fills a regular appointment at 10:50 a. m. Miss Bowden will be soloist in the evening service.

Revival meeting of the Church of the Nazarene will continue through the coming week with services beginning at 8 o'clock, the Rev. Ivy Bohannon, pastor, has announced.

Monday evening, Evangelist J. C. Emerson of Bethany, Oklahoma, will deliver an illustrated message on Stewardship, and special music will be in charge of the congregation.

At 11 a. m. today, Rev. Bohannon will speak on the topic, "The Vision Splendid." His topic for the evening service will be "The Open Door."

"Adam and Fallen Man" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 8.

The Golden Text is: "As by one man's disobedience many were made sinners, so by the obedience of one shall many be made righteous" (Romans 5:19).

Among the citations which comprise the lesson-sermon is the following from the Bible: "The righteous shall inherit the land, and dwell therein forever. The law of God is in his heart; none of his steps shall slide" (Psalms 37:29, 31).

Savage To Get Commission As Chaplain

A reserve commission as a chaplain in the armed services likely will come soon for Rev. O. L. Savage, pastor of the First Presbyterian church in Big Spring.

Rev. Savage said Saturday that he had passed all tests for the commission, and that he expected the appointment soon. The date of his call into active service is problematical, however, since the Presbyterian church quota is filled for the year and there are some applications ahead of his. There is a possibility, Rev. Savage said, that he would be summoned into uniform in January.

Rev. Savage has been in Big Spring since June, 1940. He served overseas in the first World war, as a sergeant in the artillery, and was captain of an R. O. T. C. unit when he was at John Tarleton. Just this past week, Rev. Savage was named president of the Big Spring Kiwanis club.

First Chaplain Stationed At Flying School

Chaplain James L. Patterson arrived Saturday at the Big Spring bombardier school, the public relations office announced, as the first chaplain to be stationed at the newly activated post.

Chaplain Patterson, who was born in Roanoke, Va., was formerly stationed at Fort McClellan, Ala. He attended chaplain school at Harvard, Cambridge, Mass., and entered the service on June 6th.

He was graduated from Emory University, Atlanta, Ga., and while in college took letters in football and baseball. He also participated in debate, dramatics, and was business manager of the school paper. He is married and the father of one child.

Latin Students Entertained At Chili Supper

New officers of the Caesar club, second year Latin students, were elected when Miss Lillian Shick, sponsor, entertained the group with a chili supper at the home of her parents, Mr. and Mrs. Nat Shick.

Supper was served from a chuck wagon in the backyard and tin utensils were used. Guests gathered before an open fire where the ranch-style refreshments were served.

New officers are Joe Bruce Cunningham, president; Betty Sue Burleson, secretary; and Charlene Pinkston, treasurer. Others present were Charlotte Holden, Richard O'Brien, Barbara McEwen, Wynell Wilkinson, Billie Gene Anderson, Billie Jo Riggs, Bill Phillips, Bobbie Mae Halbrook, Mary Lou Watt, Mr. and Mrs. Shick, Thomas Clinkscale, Jane Seale, Mickey Butts, Billy Crunk and Norma Lou Jones.

20 New Homes For Park Hill

Twenty more new homes are in prospect for the city through the building program of the Big Spring Housing corporation, it was said Saturday by Fox Stripling, who has been associated with C. C. Eroyles in the development of the company's units to date.

In process of construction now are ten dwellings, all five-room houses. Frames are up on some six or seven of these Stripling said. These are along 16th street in the Park Hill addition—a Stripling development—and the 20 new units will be in the same neighborhood.

Stripling said that it was hoped some of these homes could be placed on the market soon. While federal regulations require that housing accommodations give priority to defense workers, Stripling said the homes might be purchased by others for rental to defense workers.

He also said that some tracts in the southwest area would be submitted to the board of trustees for possible future elementary school sites, in case a school unit were added in the future to care for children in the Edwards Heights and Park Hill additions.

NEGRO FINED

T. Miller, negro, who is being held on a charge of selling whiskey on Sunday, pleaded guilty Saturday and was fined \$100 and costs amounting to \$125.85.

The United States is the largest leather producing country in the world with an annual output normally greater than that of the next three leading producing areas, says the department of commerce.

Takes A Wife, Gets A Commission, Made Instructor In A Day

Second Lieut. Charles E. Corcoran, now assigned as bombardier instructor at the Big Spring Bombardier school, had a big day Thursday.

He married Miss Patricia Connelly of Bridgeport, Conn., at 6:15 a. m.; three hours later he received his commission as a second lieutenant in the Army Air Forces; four hours later he was informed he had been chosen as bombardier instructor; two hours later he was notified of his assignment to the Big Spring school. He graduated from Midland.

More People Are Raising Turkeys, But Supply About On Par With '41

Howard county's turkey crop shapes up on a par with last year, which means that there will probably be a sufficient number of the festive birds to go around to them as can foot the bill.

More people raised turkeys this year, but for some reason more difficulty was experienced in getting the fowls off to a good start so that the gross crop will be about the same, said O. P. Griffin, county agent.

H. M. Neel, feed store and hatchery operator, bore out this view, only he felt the crop might be just a little short. He knows of only one large flock in the area, that of Hub Phillips, Lomax, who has around 180 birds.

The steady increase in the number of farmers going in for turkey production indicates that henceforth more and more of them will be raised here, believed Griffin. The attributed frailty of baby turkeys over chickens has no basis in fact and is the result of unfamiliarity with turkeys. As soon as farmers raise them for a while they will have as much luck as they do with chickens according to the agent.

He also came to the defense of the turkey as a deprecator. Admitting that it is sometimes true that a turkey will "either eat up the farmer's grain shocks or else his neighbors" Griffin said that this was solely because the birds were not fed enough grain at home. Unlike a chicken which almost will starve in his own backyard if the food is not available, the turkey will range far and wide to get food when he is hungry, and it doesn't make any difference who owns it.

Griffin felt that turkeys and a cotton patch were the natural complement of each other. The birds will go to the patch for their protein supplement in the form of worms and grasshoppers and also will find there a sufficient amount of tender grass at the base of the plants for vitamin purposes. No matter how much grain is fed in the pen, when turned into the cotton patch, the turkey still goes after insects. Eating never makes him "fussy" either.

"Too many people make the mistake of housing turkeys like chickens," said Griffin. They grow so fast that they are crowded as baby turkeys in a coop before the owner realizes it and the result is that those on the inside become overheated and then develop the roup. Similarly, roosting turkeys in a closed house as with chickens is all wrong. By the time a turkey is a month old, he is about ready to be put on a

AAA Elections Set This Week

Election for community committeemen will be held Friday, Nov. 15th, the AAA office announced, with county committeemen elections to follow on Saturday.

The committeemen, elected each year are to assist in administering the AAA program in the county.

In former years there were only two communities but this year the area has been divided into five communities with about 300 producers in a community.

There will be 15 community committeemen selected and three county committeemen elected.

Places for balloting will be decided on Monday, the AAA office said.

STANTON MINISTER To Take Tests For Chaplain's Duties
STANTON, Nov. 7. (Sp)—The Rev. Arthur A. Kendall, pastor of the First Methodist church here, left Saturday for Washington, D. C. to take final examinations for entrance into the armed services as a chaplain.

He passed all other tests and the physical examination, which was given him at the Big Spring Bombardier School last week. He is to take his test in Washington Friday, and if he passes, probably will have from 30 to 60 days leave to return home and arrange his affairs preparatory to entering the service.

Students Plan Big Bonfire On Tuesday Night

Preparing to meet the San Angelo Bobcats in a big way, students of Big Spring high school have planned for a bonfire Tuesday night. The bonfire will be held providing enough boxes and wood that are of no use to national defense, can be gathered. This will be followed by a parade and pep rally in town.

BOMB HITS OUT AT THE 813th School Sqdn.

The engineering office has had an interesting time this week. We welcome Warrant Officer Treadwell to the office staff.

Sgt. Sibilsky the tech order man, has decided to take his time in getting the tech order file straight so he can get to be a M-Sgt. by the time he completes them.

The engineering clerks are busy answering the phone, which rings every minute or so. Sgt. Blackshear and M-Sgt. Hansen are still in the dark as to which is the best checker player...

The lagging minutes and hours that drag by when the office work is complete are speeded by a game of pinocle now and then. We found Pvt. "Dutch" and M-Sgt. Hansen arguing even though they were partners.

The inspection dept. is still "creeping" around the ship trying to make more work for the crew men by finding something out of order. S-Sgt. Mattison goes to the PX quite frequently...

S-Sgt. Odam gets the bonehead cap this week for his lack of memory. He puts the 41 B's in the desk and then turns around and starts looking all over the place trying to find them.

Next time you hear from the engineering office of the 813th, maybe the "Babe" will be stopped. We are talking about the one T-Sgt. Hoard keeps telling to "Whoa, Babe!"

To S-Sgt. Boswell: "What did you say, Virgil?" Two men in the squadron who are as inseparable as the Siamese

Williams of this organization comes

tripping into the orderly room each morning, rushes over to the stove, and pulls off his overcoat. We will definitely know when the reason has reached its peak, for Ruthie—Mrs. Williams to you guys—will have him wearing galoshes!

Who is the "small" boy who is so impatient about getting that birthday package this week? We're all getting impatient, Kling—we like to eat, too!

Then there's the bright young lad who notes on his information sheet that he has a great ambition—to hit a high note like Harry James. We'll give you our support, Metz—you'll need it and more!

There are two candidates for the position of band Casanova. One may be eliminated, however, by request. Cpl. Harry Tosch has stated that he is definitely "NOT" available to additional females!

Pay day last Saturday meant little to the bandmen! It should have been called exchange day for us, but the band quarters were vacant Saturday night. Some made plans to be much better men—some came back different, though not definitely better.

Was it necessary for Sergeant Rice to tell everyone that his brother was coming in on a bus or train, meet every bus and train that came in for a week, and then miss his girl when she did come in? We wonder if his brother was really coming!

Navatil, have you gotten out your quota of fifty arrangements today? Parish says he's receiving some letters from Mississippi, but not enough. Some guys aren't ever satisfied. Bet the gal thinks she's doing more than her share.

Our second candidate for band Casanova must be Baker. We finally got a telephone today, and his mental telepathy worked so well that a lady called for him practically before the instrument was completely connected.

Milton, take our advice and cut down the size of those letters. The postoffice officials are about ready to serve warning that fifteen to twenty pages makes up a parcel post package instead of a letter when sent at one time to the same place.

Lecturer To Appear Here This Week Miss Hope Elizabeth Haupt, lecturer and research worker of Washington, D. C., and for nearly 10 years a missionary among the Indians, is in Big Spring for a series of lectures.

She is scheduled to appear before the Sunday school group of St. Mary's Episcopal church this morning, and plans to talk before school groups during the week.

Miss Haupt recently gave nine lectures to El Paso school audiences. She has many interesting accounts of Indian lore and also gives lectures on Chinese affairs, having been a close student of the history of that country. Particularly is she familiar with the history of the Soong family, China's famous clan of which Madam Chiang Kai-Shek is a member.
