"CAPPED"

Receiving their caps, recently, as new Gray Ladies, an organization sponsored by the Red Cross, were, left to right, Mrs. Floyd Scott, Mrs. Herbert Whitener, Mrs. G. E. Tinnin, Mrs. James E. Lewis, Mrs. Fred Vanderburg, and Mrs. Charles Gettsche. (For story see Page 18)

Seven More Miners Are Saved From 'Black Hell'

Faint Tapping Is Heard On Broken Pipe

EDITOR'S NOTE: Matt Pearson was the first rescuer to hear sounds of life Saturday morning on the 13,000-foot level of the caved-in No. 2 mine. The sounds led to the rescue of seven more miners after almost nine days of entombment. Here he tells of the rescue.

SPRINGHILL, N.S. (UPI) — First I heard a faint tap, tap, tap on the broken compressed air pipe.

Then I told the other boys to be quiet for a minute. We all listened.

Then we all heard it—tap, tap, tap.

We hollered and cheered and jumped up and down and pounded on the mine wall around us. Then we heard a faint yell somewhere in front of us.

Directly in our path was a four-foot square stone pack. Some of the timbers which formed the crib were hardwood and eight inches thick. And the rock inside the crib was jammed tight.

We worked like dogs. We nearly tore our hands off. You can see how raw and cut up they are.

But no one thought about it. The only thing on our minds was to get through that damn stone pack. We had no idea how many were alive in there.

We heard groans once in awhile and we kept yelling. "We're coming. We're coming. Hang on."

In 50 minutes we were through. And there he was. Poor Barney (Byron Martin).

He had been in that hole for nearly nine days all by himself. I don't know how he stood it. We were getting Barney out when we heard more noises further on in the gob (waste coal). The boys behind us took Barney out and we kept working.

We had to get through it. It was a lot easier working in the gob.

CELANESE UF WORKER

W. W. "Bill" Hopkins off-Celanese Corporation makes final check before making his first report to the United Fund headquarters. Hopkins turned \$2,351.00 in to the Fund Friday. He is the Celanese employee who is visiting around 200 plant and office employees and encouraging them to contribute liberally to the UF. Hopkins says he anticipates the total of \$2,500 or more from the company and its employees by the time he has reached everyone. (Daily News Photo)

United Fund Passes \$26,000 Standing

The Pampa-Lefors United Fund has vaulted the 26,000 mark as it moves into the third week of the 1958 campaign. The workers have reported to the United Fund headquarters in increasing numbers, and as of today 41 per cent of the 1958-1959 quota of \$64,000 has been reached.

In comparison to previous years the campaign is progressing favorably, and all of the volunteer workers have indicated that their cards are in the hands of prospective contributors.

"At this point we are wondering if we have missed anyone," said Mrs. Gee, the United Fund Secretary. Mrs. Gee requests that all supporters of the United Fund who have not been contacted please call the office, MO 9-9522 so that a volunteer worker can come to see him.

The total today that has been

Whittenburg Says He'll Beat Ralph In Election Tues.

DALLAS (UPI) — Republican senatorial candidate Roy Whittenburg predicted Saturday he will defeat his Democratic opponent, Ralph Yarborough, in Tuesday's general election.

"I don't believe the Democrats have ever had a candidate with such determined opposition within and without the Democratic party," the Amarillo Republican said.

"I believe at least 80 per cent of the voters are really concerned about state rights. The voters are stirred up and I believe my proposed remedies meet with their approval."

Whittenburg has proposed a constitutional amendment to provide for election of federal judges, including Supreme Court justices.

Saturday, he was endorsed for the senatorial post by the Dallas Morning News. Whittenburg said he was "flattered by this honor. I admire their courage."

If it comes from a hardware store we have it, Lewis Hardware.

Miraculous Rescue Comes Eight Days After 'Bump'

By LGWELL GREEN
United Press International

SPRINGHILL, N.S. (UPI) — Never-say-die rescuers clawed an opening through fallen earth Saturday to free seven miners imprisoned for eight days and 11 hours in a black hell 13,000 feet down a shattered coal mine shaft.

"This is a miracle," a mine official said. "no, more than a miracle."

All the men were in "pretty good condition" despite the fact they were reaching the limits of human endurance when rescuers, crawling on their bellies through 112 feet of debris, reached them shortly after 4 a.m.

One of the miners had been trapped alone without food, drink or anyone to talk to during his entire ordeal. The others divided up their last scrap of food, a stale sandwich, last Monday, as a birthday "cake" for one of them.

They spent their ordeal in a blocked mine chamber only three feet high.

The starving men had nibbled desperately on bark from mine timbers and even tried to gnaw on chunks of coal in the final days of their imprisonment.

Share Chocolate Bar
Several hours after their rescue the men were able to tell rescuers of their ordeal.

"I thought of ice cream and pop all the time," said Douglas Jewkes, 37. "I was so thirsty. I had a bowl of soup when I came out, but it wasn't as good as that pop."

"I'll never go down again. I'd sweep the streets before I'd go down again. I've been in two other bumps, but nothing like this. I just looked at the sky when I came out and it never looked so good."

Herbert Pepperdine, 36, said he and the other trapped men heard noises three days ago, but they turned out to be farther away than they had thought.

He said he and the other men shared a chocolate bar he found in his lunchbox.

Frank Hunter, 48, said they were in complete darkness throughout their ordeal. Most of the gas cleared away after the first day, he said.

"We were so thirsty, we chewed bark, and I think it helped. I don't want to go back in the mine, but I suppose I'll have to."

Three Faint Taps
Jewkes said the six in his group knew that the seventh man was trapped near them. But they could not do anything for him.

"Some of the boys were talking this morning and said: 'Do you suppose we could get him out?' But we were all too weak."

The dramatic rescue came as (See ESCAPE, Page 3)

PASTERNAK PLEADS TO STAY IN RUSSIA

United Press International

MOSCOW (UPI)—Boris Pasternak, Nobel Prize winner, admitted his "errors" and pleaded with Premier Nikita S. Khrushchev to save him from exile, the official Tass News Agency reported Saturday.

Tass said the noted poet and novelist was free to leave the Soviet Union forever if he wanted. Officials in Washington said the United States probably would offer Pasternak asylum if he were

expelled by the Soviet authorities and expressed a desire to live in America.

Pasternak, 67, has been under heavy fire since he was awarded the Nobel Prize for literature by the Swedish Academy in Stockholm. The award, which was believed here to be based on his novel "Dr. Zhivago," was denounced as a "political" maneuver designed to embarrass the

Soviet authorities. The book, which criticizes some aspects of life under communism, is banned in the Soviet Union.

Pasternak has been expelled from the Soviet Writers Union and denounced as a "traitor." There also have been demands he be stripped of his citizenship and expelled.

Tass said Pasternak sent a letter to Khrushchev Friday admitting "mistakes and errors" in his writings and making clear he had no desire to leave the Soviet Union. He noted also that he had rejected the award which he originally accepted.

"Whatever my mistakes and errors may have been, I could not imagine that I would find myself in the midst of such a political campaign which has been fanned under my name in the West," Pasternak wrote.

"To go beyond the frontiers of my motherland is equal to death and therefore I beg you not to take this extreme measure towards me."

Tass circulated the Pasternak letter with an accompanying statement which said he was free to leave the Soviet Union to accept the prize in Stockholm or to stay away forever.

Stranded Flier Says Prayer Saved Him

AUSTIN (UPI)—A 35-year-old private flier who survived three days and nights on six candy mints after his plane crashed on a remote West Texas ranch Saturday credited the power of prayer with sustaining him until his rescue Friday.

"I prayed awful hard and an awful lot. I asked for divine help, and I feel like I got it," Motion H. Crockett Jr., said Saturday from his hospital bed.

Crockett, flown back to Austin charter plane Friday night

from Pecos, said examining physicians told him X-rays showed two damaged vertebrae in his back.

"That's the only thing they could find wrong with me. They'll put me in a cast for seven or eight weeks, and after that I'll be good as new," he said.

Crockett, a national director of the Junior Chamber of Commerce, was en route from Pecos to El Paso on Jaxco work when (See FLIER, Page 3)

MR. DUCK HUNTER, BEWARE

Watchit, duck hunters. The shooting season opened Saturday and already Gray County Sheriff Rufe Jordan has had a half dozen phone calls from irate farmers and ranchers.

Apparently throngs of Saturday hunters thought more of bagging an opening day kill than they did of their neighbor's property.

Many fences were torn down or snipped with wire cutters, and wheat fields were driven over with automobiles and tramped beneath the feet of anxious hunters.

"This just is not right," Sheriff Jordan commented Saturday afternoon. "If areas farmer's grating size wheat is damaged it brings serious financial consequences to them. Also many calves have been scared into near-madness by the crack of the guns."

"We want to be fair and honest about this thing, but to protest about this thing, but to protest (See MR. DUCK, Page 3)

Retirement Pay For Rangers, Not Legislators!

In a recent issue of the News, the heading "Retirement Pay Asked for Lawmen" ran over a news story explaining amendment No. 1. The misplaced head referred to amendment No. 8 which would provide a pension for retired Texas Rangers.

Amendment No. 1 calls for annual sessions of the Legislature and an increase in pay for legislators but has no provisions for retirement pay.

Strike Up The Band, It's 1914

(EDITOR'S NOTE: How many familiar names and musical selections that bring back fond memories can you find here. Chances are if you're relatively new to the Top O' Texas area, many of the names here won't register, but if you're a band concert lover, the lively marches and waltzes might. The following is reprinted from a 1914 program announcement, submitted to the Daily News by long-time local citizen, M. K. Brown.)

Program of the Pampa Band Concert given at the auditorium on Friday night the 18th December, 1914.

- Part One
- Granite State March.....Pampa Band

F-M Work Is Approved For County Roads

The State will undertake improvements on several Gray and Randall County roads under the farm to market road program approved Friday by the State Highway Commission in Austin. The State will also provide for secondary highway construction in Gray County, according to Marshall Formby, chairman of the State Highway Commission.

Formby mentioned the farm to market program when he spoke at the dedication of the Hobart Street Underpass Oct. 24.

Friday the State assumed the upkeep on a number of county paved roads throughout the state, which will convert to farm to market roads.

Work will progress on State Highway 152, near the west city limits of Pampa, north to the Roberts County line, a distance of six miles and an expenditure of \$8,000,000; State Highway 273 and farm to market road 2473 north and west a distance of 4.9 miles;

State Highway 273, 1.5 miles east of Lefors, east for 2.4 miles and on a proposed farm to market road, two miles east of Lefors, to Coltexo, a distance of 1.9 miles.

Gray County will also get construction on US Highway 60, 1.5 miles east of Pampa, south to State Highway 273. Two miles, \$140,000 is the tally. Additional right of way, included in this project, will account for \$15,000.

The Commission approved programs in the Amarillo, Lubbock and Childress Districts. Formby said 1,743 miles of roads will be covered. The new mileage of the farm to market system will bring the State's total to 32,714 miles.

THE CHOSEN EIGHT

Girls of the Top O' Texas Girl Scout Council sit on a sunny hillside with their trainer Mrs. Marian Osborne, second from the left front. Mrs. Osborne was selected to train the eight-girl patrol going to the Girl Scout Jamboree in Colorado Springs, Colo., in July. The girls with her have been chosen for the patrol. Left to right, front, are Nora Wells, Troop 17; Mrs. Osborne, Shirley Keach and Ann Duncan, Troop 47; Skellytown, Linda Belmont 17, is the one girl in the second row. At back are Sylvia Grider, Mariner Troop 22; Kay Layne, 22; Elizabeth Graham, Troop 17; and Jo Ann Thompson, 22. (See story Page 7)

CONGRATULATIONS—M. K. Brown, right, one of Pampa's founders and best known philanthropists, was named winner of the 1958 Civic Development award Thursday night at the annual banquet of the Pampa Chamber of Commerce. Extending his congratulations is E. L. "Smiley" Henderson, outgoing C. C. president. In the foreground is Dr. Kenneth McFarland, the much-traveled speaker of the evening.

Woelfl's Think Guam 'The Most'

By WALLY TRUEDELLE
Daily News Staff Writer

Guam is an island of 206 square miles in the Western Pacific. Mountainous and of volcanic origin, it has a temperature that stays between 71 and 90 the year round. The natives, of Southeast Asian and Spanish extraction, English is the official language. For centuries the copra based economy was strictly agricultural. With the outbreak of World War II and the installation of naval and air facilities, the economy has become strictly military.

For the past 12 years, Guam has been home to Mr. and Mrs. William A. Woelfl of Pampa and New York. Mrs. Woelfl, the daughter of Mr. and Mrs. W. R. Ewing, 423 N. Somerville, made her 11th crossing several weeks ago when she returned with her husband on his Civil Service leave.

Woelfl is a real estate appraiser with the Navy. Before transferring to Guam he appraised real estate for Home Owner's Loans in New York. Mrs. Woelfl, for the past ten years has worked as territorial librarian.

How do the Woelfls like Guam? Mrs. Woelfl is in love with the climate and the beauty of the island. Although they have been back four times, the island climate has ruined her for the far from blissful weather of the States.

Mrs. Woelfl is employed by the government of Guam. Her husband is employed by the Navy. Under the Treaty of Paris, signed with Spain, Guam became an American possession. Spain lost Guam to the United States as a result of the Spanish American War. She also lost the Philippines.

Guam is classified as an unincorporated territory of the United States. In 1950, it got its civil government which is more complex than that of a State as it operates on diplomatic, state, and municipal levels. Guam maintains a free port with a bureau of immigration but no customs and levies a territorial tax that is a facsimile of the Federal income tax.

As territorial librarian, Mrs. Woelfl has charge of 30,000 books in four libraries and book mobile service to eight villages. Guam has one junior college. A new college and new junior high school are ready to go up.

Many young Guamanians are in the States now as the government encourages them to get a US education so that they can return to Guam and fill positions in the government.

"As a matter of fact," says

Mr. Woelfl, "there's a girl in the State now, in Denton, majoring in library science."

State Taxes On Property Mean Revenue

AUSTIN (UPI)—Texas property taxes, which account for 90 per cent of local government revenues, rank about in the middle compared to other states, the Texas State Tax Study Commission reports.

The commission, headed by Sen. William S. Fly of Victoria, reported its findings in the sixth of a series of reports made to the legislature. The commission is barred by law from making specific tax recommendations.

"Property taxes dominate the Texas tax structure. They produce more than twice as much revenue as the second major source, selective sales taxes," the report pointed out.

In 1956, property taxes provided 90 per cent of tax receipts for local government. Less than 5 per cent of state revenue needs came from property taxes — but the \$30 million collected by the state was the third highest in the nation.

The report said together, the state and its various local governmental sub-divisions collected \$229 million in property taxes in 1956. In three years — from 1955 to 1958 — Texas' property taxes increased \$159 million, the report said.

Among cities of more than 100,000 population, Texas' property tax averages "about in the middle" compared to other states, the report said.

The average tax on a frame residence valued at \$7,865 was estimated at \$144 a year in Texas — counting state, county, city, school and special district levies.

That figure is sharply above the comparable \$86 levy in Mobile, Ala., and \$115 in Little Rock, Ark., slightly above the \$141 in Kansas City, Mo., but much lower than the \$197 in St. Louis, Mo., and \$212 in Long Beach, Calif.

Authorship of the Old Testament Book of Ruth never has been established.

GRIGGS IS PREXY

Officers for the senior class at West Texas State College recently chosen include, left to right, Wayne Griggs of Pampa, president, Miss Kathleen Riley of Canadian, secretary, and Rodney Symons of Perryton, vice-president. Griggs, son of Mr. and Mrs. Arthur Griggs of Pampa, is drum major of the Buffalo Band and is a member of Epsilon Beta, men's social club. He is a music education major.

Quotes In The News

WICHITA, Kan.—Vice President Richard M. Nixon, in a campaign speech: "The voters are realizing in increasing numbers that our opponents have run out of gas."

LITTLE ROCK, Ark.—Gov. Orval E. Faubus, after receiving \$11,100 from Louisiana segregationists for his private segregated school setup: "Such support we cannot lose."

WASHINGTON — Attorney Mathias F. Correa, in asking the Supreme Court to overturn the 10-day jail sentence imposed on Marie Torre, New York Herald Tribune TV columnist, for refusing to reveal a source of information: "Unless reversed 'it (the conviction) will lend aid to any forces seeking to choke off the flow of news to news media."

West Takes Point With Pumpkins

Rev. William E. West pointed out the features of optimism and pessimism last week in a meeting of Cub Scout Pack 24. West accomplished this with two pumpkins, one with a downcast face, the other with a smile.

Later, nine boys received awards. West presented a Bear badge and one year pin to Larry Robinson of Den 1. Den 2 boys James Davis and Larry Franklin collected Bear badges and a gold arrow point under West.

In Den 4, Rusty Reeve received a gold arrow point under West. J. Michael Brown, his Wolf badge; and Timothy West, his silver arrow under West.

Bob Zimmerman of Den 5 got his silver arrow under West as did Tommy Bowers. Wiley Davis received his gold arrow under West. The Pack met Thursday in the Episcopal Parish Hall. Bill Ragdale, Webelos leader, welcomed two boys from Pack 14 into the den. They were Johnny Elder and Dan Foster.

The attendance banner was presented to Den 4 and the honor banner to Den 2. The next pack meeting will be held Dec. 4 at 7:30 p.m. in the Parish Hall of St. Matthews Episcopal Church.

SHIVERING MANNEQUINS—WASHINGTON (UPI)—Thieves who stole \$15,000 worth of mannequins from a store got away just in time. Window mannequins that had been stripped of the fur suits were shaking when police

US DEDICATES NEW JET FUEL REFINERY

By MAC SEBREE
United Press International
MUSKOGEE, Okla. (UPI)—The plant is barely dry on one of America's most unusual refineries which will take an ordinary household commodity and turn it into a high-energy fuel to power the jet planes of tomorrow.

The commodity is Borax. The fuel is called HiCal. And the Callery Chemical Co. of Pennsylvania built and is operating the plant for the Navy.

Dedication ceremonies at the \$38 million facility were completed Friday with company and Navy dignitaries on hand.

High Powered Plant
"From this humble beginning (Borax) the workers in this plant will produce the fuel that will enable American air power to maintain the ascendancy necessary to guarantee continuation of the democratic way of life to the peoples of the free world," was chief of the U. S. Navy Bureau of Aeronautics, put it.

Callery's new Muskogee plant will provide many times the production capacity of any existing high-energy fuel facility, Callery's Vice President of Operations, Dr. W. H. Schechter, said.

When tonnage quantities of HiCal are produced next year, the high-energy liquid fuel will be used extensively in tests on various types of propulsion systems such as turbo-jets and ram-jets.

The exact application of the new fuel has not yet been determined. HiCal contains four basic materials—sodium, boric acid, hydrogen and ethylene.

Looks Like Refinery
Although Callery's Muskogee plant resembles a refinery in many ways the unusual technical requirements for producing high-energy fuel make it unique. For example, the steam plant is nearly 25 times larger than the steam plant in a petroleum refinery of comparable size. More steam is needed to bring about the reac-

tions which create compounds Boron is shipped to the plant as boric acid which is processed to produce diborane, the basic building block for boron-based fuels. Then the boron hydride is combined with carbon and hydrogen to produce HiCal.

The plant will employ 500 persons.

Bethlehem Steel Corp. reported lower third quarter earnings that failed to cover its 60-cent quarterly dividend, but President Arthur B. Homer predicted earnings for all of 1958 should at least take care of the year's \$2.40 payments. He said Bethlehem has seen an improvement in its business "in the last month or so" and looks forward to continued improvement through the first quarter of 1959.

The Commerce Department estimated that paper and board production this year would just about equal the 30,700,000 tons produced in 1957. Demand for most grades of paper and board including newspaper has picked up noticeably since mid-summer, the department said.

Newspaper advertising revenues in 1957 rose 100 million over 1956 to \$3,325,000,000—31.9 per cent of the total U. S. advertising dollar volume. Printers' Ink magazine said. The magazine's advertisers' guide to marketing for 1959 said that while dollar volume gained 1.5 per cent in 1957, newspapers' share of total advertising revenues slipped from 32.7 per cent in 1956.

Rainy weather this week held retail trade below last week but it ran slightly higher than a year ago, Dun & Bradstreet reported. Sales promotions helped volume in women's apparel and furniture continue over last year, offsetting declines in appliances and men's clothing. Passenger car sales rose over the prior week but were below a year ago.

McWilliams Is Elected Junior College Senator

DENTON (SpI) — Joe McWilliams of Pampa has been elected a junior senator in an all-college election at North Texas State College.

A turnout of 2,368 voters selected four class officers and two Women's Forum representatives plus seven senators from each of the four undergraduate classes.

McWilliams, son of Mr. and Mrs. Joseph C. McWilliams, 1318 Mary Ellen, is a junior business administration major. He is a member of the Geezies, social fraternity, and Gamma Iota Chi, fraternity for military veterans.

Boy Scout Found Shot In Woods

JOLIET, Ill. (UPI)—The body of a 12-year-old Boy Scout, who was shot to death, was found in a wooded area about three blocks from his home Saturday by a group of his fellow scouts.

The boy, David Benson, Joliet, has been missing since he left the home of a schoolmate Friday afternoon.

Sheriff's deputies said the boy had been shot in the head and the abdomen with a .38 caliber revolver. There also were marks about his throat, indicating something may have been wound tight around his neck, they added.

There was no indication David had been molested, Sheriff Roy Doerfler said. The boy was fully clothed.

A neighbor of the boy, Mrs. Vernon Wigell, told police she heard two shots and a child's scream from the direction of the woods about 6:30 p.m. Friday.

But Mrs. Wigell added that she "didn't give it much thought" because she felt it was either hunters or possibly youngsters having some Halloween fun.

Sheriff Doerfler began taking statements from friends of David after the body was found. However, Doerfler said authorities were able to trace only the movements of the boy up until the time he left the home of his friend, Rowley Robinette, also 12, a little after 4 p.m.

Coroner Willard Blood said the boy died of a shot that "entered over his left eye and lodged behind his right ear." However, authorities could find no trace of a gun in the area where the boy's body was found.

Light damage was reported to flooring in the V. E. Wagner residence, 504 N. Price, Friday noon when a furnace overheated and began to smoke. Firemen answered the call at 11:54 a.m.

Wagner said there was slight damage to flooring. The furnace, mounted beneath the floor level, has not been examined for damages yet.

Firemen Quell Smoky Furnace

Light damage was reported to flooring in the V. E. Wagner residence, 504 N. Price, Friday noon when a furnace overheated and began to smoke. Firemen answered the call at 11:54 a.m.

Wagner said there was slight damage to flooring. The furnace, mounted beneath the floor level, has not been examined for damages yet.

MR. DUCK

(Continued From Page 1) feet private property from being destroyed we must be firm. We shall attempt to prosecute to the fullest extent of the law, any hunter caught on a man's property without permission.

Charges of trespassing and property destruction will be filed, and we'll be shooting for the maximum fine," Sheriff Jordan said.

Fine for such offenses is \$50-200 and a possible jail sentence could be levied if a judge saw fit to do so.

We'll investigate fully all automobile license numbers turned in to our department and seek out all offenders," Sheriff Jordan stated.

Nationalist China Fears Less Support

By STEWART HENSLEY United Press International WASHINGTON (UPI)—Nationalist China fears that its renunciation of force to regain control of the Communist-held mainland is costing it support among the 1 million Chinese in Southeast Asia.

These sources said Nationalist Ambassador George Yeh had explained to the State Department that this was why he and other Taipei spokesmen publicly announced that the renunciation was not "unconditional." They declared that Chiang Kai-Shek definitely reserved the right to use force under certain circumstances.

This, in turn, led to disclosure Friday by the State Department that the United States conceded the Nationalists the right to use military force to assist a "large-scale uprising on the mainland," in addition to the already specified right of self-defense.

No Reservations When Chiang and Secretary of State John Foster Dulles issued their "renunciation" communique at Taipei Oct. 23, no reservations were spelled out.

The communique said the "principal means" to be employed by Chiang in his "mission" to regain the mainland would be peaceful and "not the use of force."

Dulles at a subsequent news conference said Chiang reserved the right to fight in self-defense. But Dulles declined to disclose what other reservations there might be.

"I would not want to go into a discussion of every possible future hypothesis," he said.

FLIER

(Continued From Page 1) his four - place single engine (Piper Comanche) plane crashed about 10:30 Tuesday morning.

His wife and two children — Moton, 11, 14, and Elaine, 12 — hadn't expected him to return home until Friday night. Consequently, he had never been reported missing.

Crockett, a former University of Texas band director and now operator of a commercial sound service, said he had started to return to Pecos because of bad weather.

"I was about 100 feet off the ground and pulled up to avoid a little hill. . . I was turning around to go back to Pecos," he explained.

The plane lost flying speed and nose down plowed into the ground on the Walker-Wells ranch, about 70 miles west of Pecos.

MR. DUCK

(Continued From Page 1) feet private property from being destroyed we must be firm. We shall attempt to prosecute to the fullest extent of the law, any hunter caught on a man's property without permission.

Charges of trespassing and property destruction will be filed, and we'll be shooting for the maximum fine," Sheriff Jordan said.

Fine for such offenses is \$50-200 and a possible jail sentence could be levied if a judge saw fit to do so.

We'll investigate fully all automobile license numbers turned in to our department and seek out all offenders," Sheriff Jordan stated.

Funeral Rites Pending For Mr. Puckett

Funeral rites are pending in Duenkel - Carmichael Funeral Home for Levold Alvin Puckett, who died at 9 p.m. Friday of a heart attack suffered at the McLean-White Deer football game.

He was born June 14, 1915 in Holdenville, Okla., and had made his home for the past 17 years in White Deer. He was an employe of the Dorchester Gas Corp.

Mr. Puckett was a member of the White Deer Methodist Church; veteran of World War II and served in the Pacific area. He had attended schools in Wewoka, Okla.

Survivors include his wife, Margaret Elizabeth of White Deer; one son, Jerry, who is stationed with the army in Germany; one daughter, Julie Beth of White Deer; his mother, Mrs. Mae Hill of Palm Springs, Calif.; two brothers, Orville of Wewoka and Jack of Houston; two sisters, Mrs. Junia Covington and Mrs. Joan Brumley, both of Wewoka.

Arrangements will be announced later when word has been received of the arrival date of the son from Germany.

Rites Set For Judge Clancy

CANADIAN (SpI) — Judge E. C. Clancy, serving his fifth term as a Gray county judge, died unexpectedly here Friday at 63. Death came following a heart attack suffered in the courthouse about 12:15 p.m.

Funeral services for Judge Clancy will be held at 2 p.m. today in the First Methodist church, the Rev. James Price officiating. Burial will be in the Canadian cemetery under the direction of the Stickleby Funeral Home.

Judge Clancy, a native of Stillwater, was born June 19, 1895. He came to Gray county in 1900 and served his first terms as county judge before World War I. He began his fourth term in 1952 and was planning to run as a write-in candidate this year after failing to gain renomination.

The judge was never married, and during World War I he served with the army. He was survived by his stepmother, Mrs. W. D. Fisher.

Emsco Gets New Place

Continental Emsco Company, which lost its W. Brown warehouse in a January fire, has opened a new merchandising center at 800 W. Brown.

The warehouse-store incorporates one of the most modern pumping repair shops in the industry.

Four hundred oilfield people showed up for the grand opening Thursday at which barbecue and refreshments were served, according to D. D. Tidrow, local manager.

DANCERS COMING

The dancers Bambli Linn and Rod Alexander, pictured above, will bring their Dance Jubilee troupe to Pampa Saturday for a Community Concert. They will appear at 8 p.m. in the Junior High School auditorium. Having made a name on television, the dance team has gathered a young talented troupe for its first Concert tour.

Linn-Alexander To Open CC Season

Bambli Linn and Rod Alexander, television's top dance team, will appear here in person, heading a company of 16 performers in "Dance Jubilee," a new concert presentation, to be offered in Pampa Junior High auditorium on Nov. 8 under the auspices of Pampa Community Concert Association.

Well loved stars of the Ed Sullivan Show, Your Show of Shows, the Steve Allen Show and the Ar-

Ex Thespian On Staff For UT Drama

AUSTIN (SpI) — Heidi Suzanne Schneider, former Pampa High School Thespian, is on the production staff of Luigi Pirandello's "Six Characters in Search of an Author," a University of Texas drama production. The UT drama department will present the Pirandello drama as its contribution to the 1958 Fine Arts Festival.

Mrs. Rochelle Smith Wilkins is another Pampa on the production staff. Skellytown is represented by Lydia Jane Spears and Cecil Don Watson. White Deer has Donald Ray Rapstine on the staff.

Dr. Francis Hodge directs the production, a new English adaptation of a modern classic by Italy's Nobel Prize winning dramatist. The ironic comedy illustrates the nature of dramatic art and the relationship between art and reality.

Costumes are by Miss Lucy Barton and the setting by John R. Ketheg.

The play will be presented Nov. 14-15 and 17-22 in X Hall Theatre. Curtain is at 8 p.m.

UF PASSES

(Continued From Page 1) of the \$64,000." Dickerson predicts a successful campaign and he feels that the goal will be reached on the first solicitation.

"We have over a hundred volunteer workers who are spending much of their time each day contacting all of the citizens of Pampa and Lefors in an effort to collect all of the money as quickly as possible so that they can return to their full time jobs," Dickerson said.

The agencies who participate in the United Fund are the Red Cross, the Boy Scouts, Girl Scouts, Salvation Army, Milk Fund, Heart Fund, USO, and the Welfare Index. The Boy Scout and Girl Scout organizations have kicked out their fund raising campaigns in the surrounding towns and communities where there is no United Fund organization. They do not attempt to raise funds in the Pampa-Lefors area except through the United Fund. None of the eight agencies of the U.F. find it necessary to conduct their own campaigns in Pampa or Lefors due to the active support given them through this one United Fund raising effort each year.

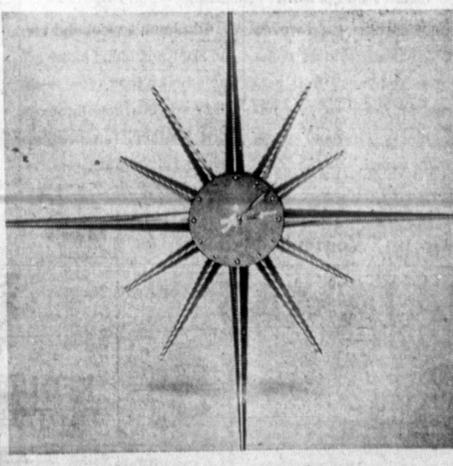

ESCAPE

(Continued From Page 1) highly trained emergency workers were digging a pathway through a tunnel clogged with coal and rock waste that miners call "cob." Suddenly, they heard three faint taps on a broken air line. They stopped and listened, but not for long. Without further hesitation, they dug by hand through the debris, clawing away the last of the rubble with bloody fingers.

At first, the rescuers thought they had found only one man — Byron (Barney) Martin, 42—who was found alone in a coffin-sized opening, measuring six feet long by three-feet wide.

"Give me a glass of water," he said, "and I'll sing you a song."

Betsy Hoping Career Will Help Her Forget Cary Grant

By VERNON SCOTT
HOLLYWOOD (UPI) — Betsy Drake, separated from husband Cary Grant, says she is turning to her career to keep busy and forget the past.
"I'm thinking of the future now," says the green-eyed blonde.
"Five years ago I was learning how to keep house and cook. Well, I've learned those things. Now I'd like to keep working in pictures and TV as long as I have my own teeth and hair."
"Truthfully, I'm not completely happy these days, but I'm not bitter, either. There have been times when I was terribly happy, and I hope to be again."
Betsy's acting career was colored following her marriage in 1953 to the debonaire Grant, although the couple did co-star in pictures together.

To The Top
The 34-year-old Grant continued to star in movies while Betsy's hopes for stardom faded. Now that she is on her own the soft-spoken actress believes she can work her way to the top.
"I'm going to try," she said during a lunch of grapefruit and coffee.
As a starter, Betsy can be seen on TV's "General Electric Theater" Nov. 9 in which she plays a female quiz contestant. It will

be her video debut. She hopes it will be the first of many TV appearances.
"I had to fight and struggle for a career," she said. "Then I was married and took time off to rest. Now I'm going to battle to re-establish myself. I don't know how to sing or dance, but I'm willing to learn, although I'm doubtful about ever becoming a singer."

"My career wasn't built on my physical attributes, but I think I'll work on that, too—including cheesecake."
A former high fashion model, Betsy is statuesque and somewhat shy. Not once during the interview did she mention Grant by name. During much of her marriage to the actor Betsy found herself alone.

Her English-born husband frequently was away on location making movies, and Betsy herself made two pictures in Britain last year.

"I'm looking for a place to live now, out near the ocean," she went on. Because she moved out of the couple's home, Grant will retain possession of the family residence. So far neither Betsy nor Grant has filed a divorce action.

This Christmas Betsy will vacation in Europe, paying a visit to her old friend, Grace Kelly.

"That is unless I'm working," she said. "Frankly, I'd like to be working all the time. I'm fond of acting—and I like the money, too."

Kiwanis Club Elects Head

PERRYTON (Sp) — Gayle Ferguson, local accountant, was elected president of the newly organized Kiwanis Club at the regular meeting last week. Other officers named were Jim Lamb, vice president; Phil LaMaster, secretary, and Donald Ellis, treasurer.

The directors of the club are Dr. William Parker, Dr. J. Bluford Johnson, Kenneth Roller, John Young, Cleve Hudson, B. D. Walker and Bob Holloway.

Charter night for the new club has been set tentatively for Dec. 4, when the district governor of Kiwanis Clubs will be present.

The Perryton club is the 18th new club in the district this year and the 134th new club in Kiwanis International.

The club was organized several weeks ago with 28 charter members. Meetings are held each Tuesday evening in the Harvest Room of the Hotel Coffee Shop.

New York's Millionaires Have No Major Policy Differences

By BARBARA BUNDSCHU
United Press International
NEW YORK (UPI)—Bookmakers were reported offering odds of 4 to 5 and pick your own millionaire today in New York's close race for governor.

Candidates are Democratic Gov. Averell Harriman and Republican Nelson A. Rockefeller. The major issue: "Anything you can do, I can do better."

No major policy differences are showing. Observers believe the election may well be decided by voters who have made up their minds the same way they choose between a second helping of pumpkin or a slice of the mince pie.

Rockefeller has caught the eye of political trend watchers as the Republican most likely to be the exception to a predicted national Democratic sweep next Tuesday. He has done so to a large extent by disassociating himself from his party's national record and its leaders and confining his campaign entirely to his definition of "state issues."

Both Cover State
Harriman has retorted that it's the governor's business to keep his eye on and his voice in national issues which affect his state. He has charged that Rockefeller is running away from his party and suggested that if he means what he's saying he should switch to the Democrats, as Harriman did 30 years ago.

Both men have walked miles shaking hands from Coney Island to the Canadian border, displaying pleasing personalities and consuming a variety of popular snacks—blintzes, pizzas, gefilte fish and just plain hot dogs—which have been almost as widely reported as their words.

Rockefeller, 50, is running for elective office for the first time with a background remarkably similar to that of Harriman, now 66, who made his first political race four years ago, winning the

governorship in a squeak over Republican Sen. Irving M. Ives. Both men inherited large fortunes, have proved their own business abilities in family enterprises and have served in federal office as presidential appointees.

Running for the Senate seat being vacated by Ives, who is retiring for reasons of health, are Rep. Kenneth B. Keating, Republican, of Rochester, and New York County (Manhattan) District Attorney Frank S. Hogan, a Democrat who has been elected to his

present job five times as the nominee of both parties.

Polls Favor Hogan
Hogan's nomination raised the cry of "Tammany bossism" among Republican campaigners and some outraged Democrats as well. Some political forecasters indicate that the charge may be doing more harm to Harriman, who allegedly bowed to "the boss", than to Hogan, "the boss's" choice. A New York Times survey team, reporting last Sunday, and other surveyors, have reported Hogan lead-

ing his opponent, Harriman running slightly behind him.
"The boss" in the case is Carmine De Sapio, Democratic national committeeman and head of Tammany Hall, which is the New York County Democratic organization. No primary was involved and his choice, Hogan, won over Harriman's preference for former Air Force Secretary Thomas K. Finletter in the nomination convention.

De Sapio proved his political acumen four years ago by winning the gubernatorial nomination Franklin D. Roosevelt Jr. Roosevelt, running for attorney general, was the only Democrat who didn't win.

Keating, a veteran of 12 years in the House of Representatives and chairman of its Judiciary Committee, was reluctant to leave

that senior post for the chance of becoming a freshman senator. He was persuaded by a telephone call from Vice President Richard M. Nixon, expressing his and President Eisenhower's request that he run. He has campaigned widely on the issue of his congressional experience vs. Hogan's need for "on-the-job training" if elected.

PAMPA PLAYER

James Hinkley, center, of Pampa, will appear in the first production of the fall semester in the Branding Iron Theatre at West Texas State College. He will have the role of Humphrey in a comedy of 15th Century England, "The Lady's Not For Burning," which will open Thursday (Nov. 6) at 8:15 p.m. Others pictured above are Patsy Altmiller of Darrouzett and Scott Glenn of Borger. The play will be directed by William A. Moore and will be given three nights. Hinkley, son of Mr. and Mrs. Fred Hinkley, 507 North Nelson in Pampa, is a junior speech major at WT.

Man Should Leave The Weather Alone

By JOSEPH L. MYLER
United Press International
WASHINGTON (UPI)—Man would be a fool to fool around with the weather.
If he could change the weather and did, he might very well wish he hadn't.
That, at least, is the view of the prominent weather scientist, Dr. Harry Wexler.
Wexler is director of meteorological research of the U. S. Geological Research of the U. S. scientists of the U. S. antarctic research program.
In an article published today in the journal "Science," Wexler says current proposals for large scale weather modification "are

either impractical or likely to produce curses that are worse than the ailment."

One proposal for changing the earth's heat balance and thus alter its weather is to blacken the arctic ice pack and certain deserts with a thin film of carbon. This theoretically would result in greater absorption and less loss of heat received by the sun. To accomplish anything with this method it would take, Wexler estimates, 1 1/2 billion tons of carbon for the arctic and half a billion tons for the deserts.

The film would have to be laid down by low-flying airplanes. Weather Bureau He also is chief Wexler figures this could be done with 20 million flights by Air Force Globemasters lugging 10 tons of carbon per flight. This would take considerable time. Meanwhile wind, melting, frost and snow or drifting sand would be doing their best to undo the job.

An alternative would be to generate thick fogs of ice crystals which would reduce radiation of solar energy back into space. Wexler's recipe for cooking up such a fog is as follows:
Take 10 really "clean"—that is non-radioactive—hydrogen bombs each equal in energy to 10 million tons of TNT.

Explode them at just the right depth in the arctic ocean to produce the right amount of steam. The steam thereupon gushes into the atmosphere and condenses into water droplets which freeze, forming the required ice fog.
If the ice crystals were just right, and the fog properly distributed horizontally and vertically, and the cloud lasted long enough in the right seasons, the cold arctic might get warmer and other climatic changes might take place elsewhere.

But would that be good? No.

16 Seniors Make High Honor Roll

PERRYTON (Sp.) — Seniors led all other high school classes in the number of students listed as the "A" honor roll for the first six weeks. George Zoller, principal, announced. The juniors were right behind with 14 A's, followed by nine freshmen and only five sophomores. To be eligible for the "A" honor roll, a student must have an overall average of 90.

Seniors on the roll are Earlene Anderson, Barbara Bryant, Lu-Netta Castle, Joy Clark, Bonita Dunnahoo, Stacy Ellis, Peggy Flowers, Ricki Friz, Lynda Harris, Jane Headlee, Rex Jamison, Betty Mayhan, Judi Plowman, Nancy Reitz, Barbara Stollings and Ardith Wilson.

Juniors named were Linda Bryant, Tom Ellzey, Billie Mae Gray, Eliza Kutch, Kathleen Littau, Devona McEntire, Lloyd McGarragh, Oma Dell Ryan, Marjorie Swink, Jeannette Warren, Gerald Williams, Pam Williams, Sara Mize and Maurine Pearson.

From the sophomore class were Kay Balzer, Brenda Gray, Janie Hartson, Claudia Tucker and Pat Malone.

Freshmen on the roll were Ann Acker, Sandra Bolerjack, Gary Crum, Betty Jean Key, Johnny Leicht, Terry McWhorter, Betty Jean Peak, Kaye Thurman and Mary Jo Williams.

Wexler says. An iceless arctic would release more water into the air by evaporation, and snowfall would become heavier.

This would increase the size of existing glaciers and cause new ones to form, "creating a new ice age" endangering the life of cities and communities south of the arctic.

"OLD? I HAVEN'T FELT SO GOOD IN YEARS!"

ARMY ADVANCEMENTS

Army Recruit Richard D. Pitts, left, of Pampa has completed eight weeks of basic combat training under the Reserve Forces Act program at Fort Chaffee, Ark. Pitts, 18, is the son of Mr. and Mrs. John O. Pitts, 1600 Hamilton, and is a 1958 graduate of Pampa High School. At right is Army Pvt. J. T. Hill, 23, of Canadian, who has been named Enlisted Aide for a Day to the Commander of the 9th Division's 4th Artillery at Fort Carson, Colo. A 1958 graduate of North Texas State College, his parents are Mr. and Mrs. James T. Hill of 815 Purcell, Canadian.

Group Couples Discrimination With IRS Men

ARLINGTON, Va. (UPI) — A segregationist group has charged that federal tax officials subjected Southern church leaders to "propaganda, intimidation and coercion" by pointing out that churches used for school could lose tax-exempt status.

The Arlington chapter of Defenders of State Sovereignty and Individual Liberties demanded Thursday that the Internal Revenue Service identify the head of any IRS department which has any such tax denial exemption "under active consideration."

IRS officials said that churches might be risking their tax status under certain circumstances if they provide space for private classes in communities where public schools are closed to thwart integration. The officials commented in response to a reporter's questions.

They said the issue had been raised informally. But they emphasized that no such case had been brought before them officially for a ruling.

The state sovereignty group said that it will petition Virginia members of Congress next year to open an investigation "to ferret out those responsible for using an office of IRS to coerce, intimidate and propagandize private church institutions into submission to race mixing schemes of the National Association for the Advancement of Colored People (NAACP)."

About 55 churches in Little Rock, Ark., and two Virginia cities — Charlottesville and Norfolk — have provided or offered facilities for private classes proposed as a substitute for the public schools closed in the fight against integration.

IRS officials said a church's tax-exempt status would come into question if its activities in non-religious fields, such as education, were of such a nature that its primary purpose ceased to be religious.

JAMES R. COX ... to Harlingen

Cadet Cox Is Assigned To Harlingen AFB

LACKLAND AFB, Tex. — Aviation Cadet James R. Cox, son of Mr. and Mrs. Alva C. Cox of 903 E. Francis, Pampa, has been assigned to Harlingen AFB, Tex., for training as an Air Force Navigator.

He recently graduated from the USAF Pre-Flight School here. Cadet Cox, a graduate of Pampa High School, attended Texas Technological College where he majored in physics. During six months at Lackland's Pre-Flight Training School, aviation cadets qualify for assignment to pilot or navigator training schools. There they will receive continued training in the flying phase of their aeronautical education.

Leonard Is Speaker At Kennel Club

Rev. Jesse Leonard of McLean spoke at the monthly meeting of the Golden Spread Kennel Club last week in the home of Mrs. Marvin Jones, 1812 N. Banks.

Rev. Leonard was in the Marine Corps for four years. Taking his basic training at Parris Island, S.C., he was assigned to the Marine Corps at Camp Lejeune, N.C. He trained scout, messenger and mine dogs and was later assigned and worked specifically with scout dogs. Scout dogs are Doberman Pinschers and are known as suicide dogs.

At the close of World War II, Leonard served in the President's Guard as dog handler. He is now pastor of the First Baptist Church in McLean. Leonard told the Kennel Club about the methods and objectives of training dogs for military service. He also told how dogs are trained for civilian life. Bringing his two Boxers, he showed the club how one was working after a very little training.

Bill Reno, the Club's trainer, said he would still accept dogs in the obedience class held every Sunday at 4:30 p.m. at Recreation Park. Spectators are always welcome at any of the obedience classes.

To join the Golden Spread Kennel Club, call Mrs. Marvin Jones, MO 4-6205 or Mrs. Ray Welch, MO 5-3682.

Girls in New Guinea rouge their entire faces — forehead, chin and all.

Gray County Savings Bond Report Made

During the month of September the citizens of Gray County purchased \$33,676 in Series E and H Savings Bonds.

This announcement was made Saturday by George E. Cree Jr., Chairman of Gray County's Savings Bonds Committee.

"Sales for the first nine months of this year totaled \$337,430," Chairman Cree reported. "We have now achieved 71.2 per cent of our 1958 goal of 754,000."

Sales in Texas during the first nine months of 1958 were \$132,257,457 which represents 75.6 per cent of the 1958 goal of \$175,000,000. "Under a recent change in Treasury regulations, individuals who hold F and G bonds that mature after September 1, 1958, may invest the proceeds from the maturing bonds in E and H bonds without regard to annual purchase limits," Cree announced. "This information should be of interest to hundreds of people in this area who hold maturing F and G Bonds," Cree concluded.

DRAWN SAME NUMBER

COLUMBUS, Mass. (UPI)—Miss Lucille Corr Thursday drew the same auto license number she had last year. Officials said the odds against it were about 7,000 to 1.

Increase Your Sorghum Field Without Moving the Fence....

Higher Yields
Up to 25% or more in increased yields—that's the record of DEKALB SORGHUM over Standard varieties.

Sturdy Stalks and Roots
A solid growing foundation that takes the weather and helps in the harvest.

JOYCE GORDON ... TCU senior

Joyce Gordon Is Practice Teaching In FW

FORT WORTH — Joyce Gordon, Texas Christian University senior from Pampa, is practice teaching this semester at Stripling Junior High School in Fort Worth. She is instructing in general science.

She is one of 77 TCU students who are enrolled in practice teaching courses at the university this fall. Twenty-three are elementary teachers, 40 are secondary teachers, 13 teach all levels of music and art, and one, a special education major, works with mentally retarded children.

Mrs. Eva Wall Singleton is director of elementary student teachers at TCU, and Miss Allene Harder is director of secondary student teachers.

These students, who have completed most of their education courses at the university, teach every day in the Fort Worth schools. They have conferences and visitations with the student teaching directors at regular intervals to check their progress. The regular teachers at the schools supervise the students.

Miss Gordon, a secondary education major, is a member of Alpha Chi, national scholarship fraternity, and the Disciples Student Fellowship at TCU. She is the daughter of Mr. and Mrs. B. G. Gordon, 1501 Hamilton St., Pampa.

Winter Of 58-59 Might Be Mild

DUBLIN, N.H. (UPI)—The Old Farmer's Almanac says this winter will be milder than usual.

The almanac, out today with its 167th annual edition, is usually pessimistic about approaching winters. In fact editor Robb Sagendorph said he couldn't remember when his little yellow paper-covered volume had flatly forecast a mild one.

Abe Weatherwise, the almanac's prophet, warned, however, that there will be a number of storms. "The roughest of these storms fall in the first weeks of January and February, both being near blizzards, or close to it," he said.

Supreme Court To Set Tideland Case

By HARRY WILSON SHARPE United Press International

WASHINGTON (UPI)—The Supreme Court will shortly set a new date for arguments in the controversial multi-million-dollar Gulf Coast tidelands case, with prospects its far-reaching decision will be announced before the present term ends.

Arguments had been set for Oct. 13 but two voluntary disqualifications in the case — Chief Justice Earl Warren and Associate Justice Tom C. Clark, both from tidelands states — plus the resignation of Justice Harold H. Burton forced a postponement.

A quorum of at least seven justices must hear the issues. The quorum was completed when Justice Potter Stewart of Ohio replaced the ailing Burton but Stewart will be given time to adjust to his new surroundings before a firm date is fixed.

Big Sum At Stake

The tribunal's ultimate ruling will determine whether Louisiana, Texas, Alabama, Mississippi and Florida are entitled to oil-rich submerged lands 10 and one-half miles or more seaward from their coast lines or whether they are restricted to three geographic miles by the traditional international three-mile limit, as the government claims.

As of Sept. 30, more than 124 million dollars was at stake in the outcome. This represents moneys collected by Louisiana and Texas — most of it by Louisiana — and by the government for oil and gas leases sold on lands that each claims. The money is being held in escrow and is being increased constantly under a federal-state agreement accepted by the court which allows exploration to continue pending its decision.

The Justice Department began action against Louisiana Dec. 19, 1955, claiming rights under the 1953 Submerged Lands Act to lands and minerals beyond the three-mile limit and extending to the edge of the continental shelf.

It demanded an accounting of all funds collected by Louisiana.

Louisiana countered with a state court suit on May 11, 1956, against the government and 25 oil companies holding government leases in the disputed area. Louisiana asked for an injunction and laid claim, by virtue of its historic boundary, to lands 120 to 180 geographic miles into the gulf.

On June 11, 1956 the Supreme Court blocked this suit and directed that all the tidelands states be made a party to the government's action against Louisiana so that the boundary quarrel could be settled simultaneously for all of them and probably for all time.

The government's last move, on Sept. 15, was to assert control over all the offshore oil lands "by virtue of the international position of the United States." Solicitor General J. Lee Rankin, who will argue the government's case, said the three-mile limit was part and parcel of U. S. foreign policy dating back to the time the tidelands states were admitted to the union.

JRC Breakfast Set Tuesday

School principals and Junior Red Cross teachers-sponsors will attend an annual breakfast Tuesday, Sam Begert, JRC chairman of the Pampa Red Cross, announced. Personnel from Skellytown, Panhandle, Pampa, and Lefors have been invited to the breakfast.

From 30 to 40 educators are expected at 7 a.m. in Johnson's Cafe. Speakers will be Howard Graham, Sue Foster and Marilyn Shelton. Graham will speak on his experiences at the Junior Red Cross National Training School in Ardmore, Okla. during the summer. Misses Foster and Shelton will tell of the JRC training that they took in Wichita, Kan.

Begert will have charge of the program. Enrollment supplies will be distributed and a financial report of the years work heard.

Three Pledge To West Texas Frats

CANYON (SpI) — Two students from Pampa and one from Lefors have been listed as pledges in campus organizations at West Texas State College. They are Benny Cartwright, Clifford Ryan, and Winfred Cates.

Ryan, son of Mr. and Mrs. Clifford G. Ryan of 1216 Duncan, is a senior history major. He is pledging Gamma Theta Upsilon, a geography fraternity.

Cates, son of Mr. and Mrs. L. W. Cates of Lefors, is a sophomore chemistry major. He is a pledge for Alpha Sigma Xi, fraternity for men.

Cartwright, junior speech major is the son of Mr. and Mrs. Russell B. Cartwright of 621 Eleventh. He is pledging Tau Tau Tau, fraternity for men.

A Message from Your Neighborhood Pharmacy

THANKSGIVING—A SPECIAL DAY TO COUNT OUR BLESSINGS

We have so many to be grateful for. Among them are the precious freedom to worship Whom we wish, think and speak our thoughts, live in peace with our neighbors and earn our livelihood by the work of our choice.

ANOTHER BLESSING TO BE THANKFUL FOR IS BETTER HEALTH

Dedicated research scientists physicians and pharmaceutical chemists have already perfected many new drugs and treatments that are adding years to our lives and a more sickness-free life to our years.

WE PHARMACISTS ARE THANKFUL FOR THESE NEW MEDICAL DISCOVERIES

In our prescription department, awaiting the opportunity to fight back when sickness attacks, are effective antibiotics, potent hormones, dependable vaccines, helpful tranquilizers and vitamins.

THANKSGIVING IS A GOOD DAY FOR ALL OF US TO VISIT THE CHURCH OR TEMPLE OF OUR CHOICE AND GIVE PRAYERFUL THANKS.

'THE BARBARIAN'

John Wayne and Eiko Ando, new Japanese star, are romantically teamed in John Huston's "The Barbarian and the Geisha," the CinemaScope Deluxe Color attraction now on the screen at the LaNora Theatre. "The Twentieth Century Fox film dramatizes the exciting adventure of the first American envoy to Japan.

Guess Who's Spreading US Good Will, It's Pvt. Presley

By JOHN A. CALLCOTT
United Press International
FRANKFURT (UPI) — Elvis Presley, who graduated from blue suede shoes to combat boots, faces the toughest assignment of all here if he pulls it off: He may well become the best good-will ambassador the U. S. ever had in this country.

The singer - soldier, who came here with a reputation that made him a sitting target for the criticisms of everyone from clergy to police, has gotten off to a good start.

And the other side knows it. The Communists, who studiously ignored Presley's arrival for duty here early in October have fired their opening gun in an anti-Presley anti-American campaign.

An East German youth newspaper gave the clue to their thinking. It said Presley was a person of low mentality with no talent at all.

It asked why he had been sent to Germany and gave the answer that suited its purpose — youngsters stupid enough to be Presley's fans are stupid enough to fight in an atomic war.

The Communist newspaper comment tipped the hand of one side in the never-ending propaganda war in Europe.

But the other side of the coin is equally obvious.

Leading Normal Life
If Presley can live down the lurid build-up, if he can pull off the almost impossible and lead a "normal" life in the face of the near-hysteria which has been generated about him here, he will have scored an important point.

With the best will in the world, it won't be easy for him. When Presley came to a downtown Frankfurt theater to meet touring rock and roll star Bill Haley, Frankfurt police asked that he not make an appearance.

There was no indication that he meant to do so. But even the possibility that he might apparently frightened local police.

And that's part of what the young soldier is up against here. Yet, he seems to be winning the first phase of the battle — just. For that fact alone, Presley has become the darling of a section of the German press. Editors all over the nation, and to promote an understanding of the patrol system and good troop government.

This will be the second National Roundup of the Girl Scout Organization. The Top O' Texas Council sent four girls to the first Roundup in 1956.

torial writers have rushed into print with the opinion that the soldier's private life is a far cry from the image of the hip-wriggling rock and roll friend they had been led to expect.

No Public Singing
Elvis has yet to sing in public here.

He has said very little for publication and few people have seen him.

Every afternoon, when his military duties with the 3rd Armored Division's 1st Medium Tank Battalion at nearby Friedberg end, he retires to the Park Hotel in Bad Nauheim, one of Germany's best known spas.

This is not VIP treatment. He gets a nightly pass because his widowed father is in town. He generally spends the evening with his father, a pleasant soft-spoken man, and his grandmother at the hotel. They eat together and talk.

Two or three friends, who also double as bodyguards when Elvis is going to be seen in public, make up the party.

INVENTED ENGRAVING
Printers and engravers honor the memory of Jacob Perkins because he was the inventor of steel engraving and thus the father of U.S. stamps and currency.

'Dino' Casting Nears Finish

PERRYTON (Sp) — Casting is nearing completion on the senior play "Dino," according to Howard Gan, high school speech instructor. A number of smaller parts have not been cast.

Tex Jamison will portray the title role in this story of a young man who has just been released from reform school. When he was 12 he killed a man. The boy's parents are hard working Italians who have no time for their children. Through a psychologist, a social worker and a young girl, Dino is rehabilitated and becomes an out-

standing citizen in his community. Other cast members are Barry Acker, Wayne Hooper, Linda Seymour, Charles Cummins, Barbara Stollings or Lynda Harris, Pat Haywood, Nancy Reitz, Nancy Simpson, Deanna Smith, Kieth Shaffer, Ted Maston, Teddy Joe Gunter, LuNette Castle and Ellen Erickson.

Presentation of the play is scheduled for early December. The exact date depends upon the fate in playoffs of the Ranger Football Squad.

Eight Pampa Scouts To Attend Roundup

A patrol of eight Senior Girl Scouts of the Top O' Texas Council and two alternates have been selected by a special committee to attend the National Girl Scout Roundup, July 3-12, 1958, in Colorado Springs, Colo., Mrs. John Holt Jr., Council president, announced today.

Selected were Misses Sylvia Grider, Jo Ann Thompson and Kay Lane of Mrs. Marian Osborne's Troop 22, Pampa; Misses Elizabeth Graham, Nora Wells and Linda Belmont of Mrs. Joe Wells' Troop 17, Pampa; and Misses Shirley Keach and Ann Duncan of Mrs. Fred Wall's Troop 47, Skellytown.

Alternates are Misses Kathryn Bulard and Martha Lou Kelly, both of Troop 17.

Basis of selection was competence in camping skills, amount of camping experience, citizenship and application of the Girl Scout Promise and Laws in everyday living.

The National Roundup, held every three years, is a ten-day primitive camping experience for girls from all parts of the country and from some foreign countries.

Theme for the Roundup will be "New Frontiers", which will be divided into four program areas of "Frontiers of Home," "The Western Frontier," "The World Frontier" and "Widening Frontiers."

So that every girl in the Council may share in the Roundup, although unable to attend the program committee is sponsoring a "Picture Your Home Frontier" project. Troops will study the past, present and future frontiers of the Top O' Texas area and picture these frontiers through photographs, drawings and paintings. A public exhibit will be held in April at which four entries will be selected to send with the Council's patrol to display at the Roundup.

Among the displays at the Roundup, pictures will be chosen for exhibition in the main demonstration area and may be used later in publications and in traveling exhibits.

The Roundup site at Colorado Springs will be on the private ranches of Dr. Kenneth Cogswell and R. E. Johnson. The encampment will include eight sections with a total attendance of 7,500 girls and 1,500 adults.

Slogan for the event is "A Mile High — A World Wide", and the insignia will be a three-peaked mountain emblem.

Purpose of the event is to give Senior Girl Scouts a sense of belonging to a strong and unified organization, to provide experience in working with girls of different backgrounds, to give those attending an opportunity to meet girls from all over the nation, and to promote an understanding of the patrol system and good troop government.

This will be the second National Roundup of the Girl Scout Organization. The Top O' Texas Council sent four girls to the first Roundup in 1956.

"INSIDE STORY" ABOUT TIRE SAFETY

YOUR ORIGINAL-EQUIPMENT TIRES MAY NOT MEET THE REQUIREMENTS OF MODERN DRIVING

Some tires fail prematurely because of sustained high-speed driving; ... others fail prematurely because of "jackrabbit" starts, high-speed stops. That's because new cars on new roads are creating new driving habits. Race-car speeds are not at all uncommon on the modern turnpike. Power steering and power brakes are wonderful; easy on the driver, but tough on tires. Yes, modern driving requirements are making demands on tires like never before—demands you should know about before you replace the tires now on your car.

Some tires fail because modern car-design tends to create an "overload" condition

Car manufacturers build cars as safely as they know how. Nevertheless statistics from the Tire Industry show that an alarming number of front tires on new cars fail prematurely! This is partly due to the design-change that puts more of the car-weight on the front axle; partly due to "undersize" tires.

All tires are not equally safe; don't be lulled into a false sense of security!

New cars do not come equipped with tire manufacturers' finest tires. Tire Manufacturers refer to their finest as "premium quality" tires. (Wards "premium quality" tire is: "Nylon 64"). It is the tire that provides the extra measure of safety and service to those car owners that need and demand extra security.

LET WARDS HELP YOU DECIDE "HOW SAFE YOU NEED TO BE"

SALE—"NYLON 64"
WARDS PREMIUM QUALITY TIRE

- Wards finest, safest, strongest tire!
- Built of "stronger-than-steel" Nylon!
- Permeated to control tire growth.
- Guaranteed 24 months against road hazards.

2675
8.00-14 tubeless blackwell

- 8.00-14 is the recommended oversize for the most popular cars with "overload tendencies".
- Plus Excise tax, trade-in

Palo Duro Dons Edge Harvesters, 15-8

Long Passes Account For All 3 Scores

By RED GRIGGS
Daily News Sports Editor

Pampa's Harvesters played their best ball game of the year here Friday night, but it wasn't quite good enough to beat a good Palo Duro team.

The Dons "went for the fences" twice and connected for two "home runs." That proved to be the difference in the game, as Palo Duro won 15-8.

The Pampa touchdown also came on a long pass. Both teams moved well both on the ground and in the air, but most of the threats made each team floundered. There were only two punts in the game, one by Pampa and one by the Dons.

The game was so evenly played that Palo Duro made only two more yards than Pampa — 297 to 295. The Harvesters, despite the fact they lost the game because of passes, out-tossed the Dons 120 yards to 102. Buddy Rawls did all the pitching for Pampa.

Home Run Throw

Palo Duro tallied its first touchdown in the first quarter, after a fast game of lets-trade-the-football. The Dons fumbled the ball away twice in the first period, and the Harvesters lost one fumble. The Harvesters also had one pass intercepted.

It was after the interception that the Dons started their touchdown drive, from their own 20. They moved to the Harvesters 27 on runs by Richard Barker, Ronnie Covington, and Monte Deere, and a 19 yard Barker-to-Covington pass.

However, Harvester defenders broke through to throw Covington for losses of 7 and 10 yards, and the Dons were penalized 15 yards — leaving Palo Duro with third down, needing 39 yards for a first down, from their own 42.

Covington dropped back and threw to Barker, on the left side, lined at the Harvester 25. Barker scampered the rest of the way for a touchdown. Bill Mayes kicked the extra point, and Palo Duro led 7-0 with 2:10 left in the first quarter.

Back at 'Em

Pampa copied Palo Duro's tactics early in the third period to grab the lead. After taking the second-half kickoff, the Harvesters marched from their 13 to their 41 on runs by Rawls, Mert Cooper, Rex Williams, and Terry Haralson. However, the Dons stopped Pampa twice for no gain at the 41, leaving them facing third and 10.

Rawls passed down the middle to end Dewayne Glover at the Palo Duro 45 and Glover put on a surprising burst of speed and outran the Don defenders to the goal line.

The Harvesters were penalized 5-yards before the could attempt the conversion, so they had to make it from the 7. Rawls tossed to Clovis Shipp at the 4-yard line, and Shipp pushed a pair of would-be tacklers across the goal line ahead of him, to put Pampa in the lead 8-7 with 9:35 remaining in the third period.

Lightning Strikes Again

Palo Duro took the ensuing kickoff and moved from their own 33 to the Harvester 25 in just six plays — on runs by Deere and Barker. Pampa linemen smeared the next three plays, though for no gain, a 2-yard loss, and a skimpy 2-yard gain. Palo Duro had a fourth down play, and needed 10 yards for a first down.

Again they went for the long one, and again they succeeded. (See Harvesters Page 11)

STOP HIM AND GO—Shown in action here are some of the outstanding offensive and defensive backs of Friday's Pampa-Palo Duro football game. At left, Harvester defensive halfback Bobby Stephens moves in to make the tackle on Don halfback Richard Barker. At right, top, Stephens again grabs Barker after a 10-yard gain. At lower right, Pampa quarterback Buddy Rawls picks up a few yards on one of the Harvesters' most successful plays, the quarterback keeper. Number 21 (upper left) is Terry Joe Haralson; 63 (lower right) is Gary Matlock and 65 (upper right) is Harold Stokes. (Daily News Photo by Marvin Olsen)

McLean Dike Breaks; Tigers Downed By WD Bucks, 22-6

By RICK PEZDIRTZ
Daily News Managing Editor

McLEAN — Coach Otis Holladay's rampaging White Deer Bucks were outplayed badly for three quarters by an angry McLean Tiger team here Friday night before opening the floodgates for two last period scores which sank the Bengals, 22-6. The field was dry, the night

was brisk and tension mounted with every play as 1,871 fans jammed Duncan Field to watch the two undefeated District 2-A clubs exchange blows.

So intense was the struggle that the excitement claimed the life of one spectator. Levoid Alvin Puckett, 43, a rapid White Deer backer for 17 years, suffered a heart attack in the stands and was dead before he could be

From this day forward, let no one say that Pampa Harvester football fans aren't loyal.

Some 4500 to 5,000 loyal, dyed-in-the-wool football fans showed up at Harvester Park Friday to root for their ball club—in weather which, whatever the thermometer showed, felt like about 10 below zero.

Even in a relatively sheltered press box, it was fairly cold—and in those stands it was cold enough to discourage a sled dog.

Players, Fans Played Fair

This, mind you, not after a great winning streak, but after the Harvesters had lost four straight games, all in district play.

That kind of devotion, to a losing ball club, is out of this world. It certainly speaks well of the Harvesters, who have hustled every minute of every game, and have actually played only one bad game.

While we're passing our orchids, let's not forget the two teams and the officials. The game Friday was one of the most exciting, and perhaps more important, cleanest

and most sportsman-like, contests we've seen in many a moon.

Both teams hit hard, but they played fair and played clean all the way through. So spotless was the play of the Dons and the Harvesters that only one 15-yard penalty was charged during the entire game.

Some trouble had been anticipated because of the fracas in Amarillo a couple of weeks ago, but it failed to materialize. Not only did the players and fans of both sides stay out of trouble, they leaned over backward to be good sports.

Auburn 6, Florida 5

GAINESVILLE, Fla. (UPI) — Auburn's defensive giants made good one airborne thrust Saturday and spent the rest of the day saving a 6-5 decision over Florida in a struggle that was a pitcher's battle in more ways than just the score.

The Tigers, fourth-rated team in the nation, even gave away a safety to preserve their undefeated streak through 20 games. They were tied 7-7 by Georgia Tech earlier this season.

Rangy Richard Wood, a six-foot-six junior thrower from Lanett, Ala., came into his own as Auburn quarterback with a 10-yard touchdown pass to end Joe Leichtnam for the lone Tiger score. It brought Auburn behind early in the fourth quarter.

Officials Did A Good Job

The officials stayed alert all the way, despite the cold, and kept the ball game moving at a fairly rapid clip. The entire contest lasted less than two hours.

The greatest compliment that can be paid any official, is to say that he handled his job so smoothly that he was hardly noticed. That can be said of all the officials in Friday's game.

Getting off the subject of the ball game, but still passing out orchids, congratulations to Bird Dog Trice and his high school B team, the Shockers.

The Shockers Thursday won the most lopsided victory taken by a Pampa football team this year,

ing department by his younger cousin, David, the latter marking up 82 yards to Billy's 81.

White Deer's win hiked their season record to 7-0-1 and put them on top of the 2-A heap with a 4-0 record. Only Panhandle this week and Memphis next blocks the Bucks' bid for the conference crown. McLean is 3-1, Canadian, upset victory by a like 22-6 score over Lefors, is 3-2 and Lefors is 2-2.

White Deer marched to the McLean 15 with their opening drive before quarterback Jim Rice and end Frank Worsham collaborated on a rock-ribbed tackle to halt the drive. The Tigers romped 78 yards to the Bucks' seven where Rice fumbled and Scott Barnes recovered. Four plays later Jackie Burns, Buck signal-caller fumbled, and Ray Hubbard pounced on the loose ball for McLean. But Barnes lapped up another Tiger fumble moments later, or only to have his mates shoved back four yards in three plays by a determined Tiger line.

Following a punt the Tigers sped down to the Buck 12 in a trek that carried into the second half where Billy Crockett fumbled the ball into the waiting arms of Don Adams. Riley's Bengals kept up the tremendous defensive work, forced another punt out of White Deer, and went to town on a 52 yard scoring march, sticking close to the ground for nine plays; Billy Crockett hitting paydirt on the ninth, only 1:25 before the half.

An intended pass from Rice to end O. K. Lee went astray on the conversion try.

McLean reached the White Deer 19 early in the third quarter, but the drive fizzled out. Then like a bolt from the blue, Burns whipped a pass to end Jeff Bearden, and the lanky wingman turned the play into a 66-yard race for a TD. End Ronnie Cade took another pass from Burns for the two-pointer, and the Bucks had an 8-6 advantage, with 4:34 left in the third stanza.

A 36-yard pass from Burns to Cade gave the Bucks a 14-6 advantage and Powell's punch of the middle made it 16-6 with 9:43 remaining in the fourth. Charles Jackson plucked off a Tiger aerial for the Bucks late in the fourth and quick ground slices moved the ball to the Bengal one with a second remaining. Time was called, and after a brief conference the ole pile-driver, Powell, was sent up the gut for the score. McLean's Kent Wiggins broke through to block Bryan Cody's attempted conversion from placement.

Center Melvin Butrum helped spearhead McLean's super line play while Bob McCreary, Jimmy McKernan, Wayne Hughes, Rodney DeFever and Robert Anderson walked good for the Bucks.

Score by Quarters:
White Deer 0 0 8 14 — 22
McLean 0 6 0 0 — 6

Badgers Rip Mich. State

EAST LANSING, Mich. (UPI) — Wisconsin did all of its scoring in the second period and then held off Michigan State's late game burst of ground power, to keep its Big Ten hopes alive with a 9-7 win in a nationally televised homecoming game Saturday.

The victory left Wisconsin with a 2-1 conference mark. Michigan State, one of the nation's top-ranked teams early in the season, was left winless in four league games.

Quarterback Dale Hackbart, who sparked the Badger attack throughout the afternoon, set up Wisconsin's only touchdown with a 36-yard pass to end Dave Koucourek on the Michigan State two and then plunged over himself with 1:04 gone in the second period. Guard Paul Shwiako, who had failed earlier on a 19-yard field goal attempt, had his kick for the extra point nullified by a five-yard penalty and was wide on his second attempt.

Wisconsin got the points that left the Badgers with a flicker of hope for a Rose Bowl trip when fullback Jon Hobbs kicked his first field goal of the season from the 12.

Perryton Blasts Skyrockets, 50-6

PERRYTON — The Perryton Rangers removed the last obstacle on the road to the District 5-AA championship Friday night, routing the Wellington Skyrockets 50-6.

By winning, the Rangers mathematically clinched a tie for the title, and for practical purposes clinched the championship, since their only remaining foe is a weak Shamrock squad.

Perryton scored first, early in the initial period, on quarterback Danny Fletcher's 1-yard run, but Wellington came back to tie the count at 6-6 moments later, when Lonnie Roark pitched 35 yards to Kent Peoples for a touchdown.

That was Wellington's last gasp, however. The Rangers scored once again in the first quarter, three times in the second period, and three times in the fourth stanza.

Fletcher scored three times, on two 1-yard runs in the first quarter and a 1-yard plunge in the third period; and passed 38 yards to Jerry Acker for a second period Perryton tally.

Other Perryton scoring went like this:

Score by Quarters:
Perryton 12 18 20 0 — 50
Wellington 6 6 0 0 — 6

Borger Sews It Up

Borger, for all practical purposes, won the District 3-4A championship Friday night with 11 seconds to spare.

Bobby Spencer went two yards for the winning touchdown, with 11 seconds remaining in the game, as Borger edged Monterey 21-28.

Monterey was the only serious challenger remaining on Borger's schedule. The Bulldogs now are 5-0 in district play, while Lubbock was, as of Saturday afternoon, 2-1; and Monterey was 2-2 following the defeat.

Only Pampa and Amarillo remain on the Bulldog schedule, and they have only one district win between them — Amarillo beat Pampa.

The Bulldog-Plaineman game was a see-saw affair; the way, with the lead changing hands five times.

In an intra-city battle to decide (at least temporarily) fifth place in the district, Tascosa thumped the Amarillo Sandies 21-18 Saturday afternoon.

Palo Duro had a surprisingly rough time downing a stubborn bunch of Pampa Harvesters. The Dons struck twice on long passes to win an evenly played game, 15-8, Friday night in Pampa.

Plainview and Lubbock were to have played Saturday night in Lubbock. The Westerners needed a victory to stay in second place.

CHILDRESS BOBCATS NAIL IRISH, 26-20

SHAMROCK — Childress' Bobcats pushed Shamrock's Irish into the District 5-AA cellar here Friday night by coming from behind to take a 26-20 decision.

It was a mild upset for the Bobcats, who scored the winning touchdown in the fourth quarter. At one time, in the first quarter, the Irish had led 12-0.

The score was tied twice, 12-12 at halftime and 20-20 early in the fourth period.

Joe Jernigan passed 33 yards to Charles Tyler for Shamrock's first touchdown, in the first quarter, and Tyler ran 30 yards for the second Irish tally, also in the first period.

Joe Jernigan passed 33 yards to Charles Tyler for Shamrock's first touchdown, in the first quarter, and Tyler ran 30 yards for the second Irish tally, also in the first period.

Ray Kelly knotted the count for

Don Meredith Passes SMU To 26-10 Victory Over Texas

By LLOYD LARRABEE
United Press International

AUSTIN, Tex. (UPI)—Southern Methodist, trailing by 10 points late in the third quarter, rode the golden passing arm of Don Meredith Saturday to a 26-10 comeback victory over Texas.

Meredith unfurled a 35-yard touchdown aerial to halfback Billy Polk with 1:40 left in the third period and scored standing up on a three-yard scamper early in the fourth quarter to pace Southern Methodist's first Southwest Conference victory in two years.

Southern Methodist added two quick touchdowns with less than three minutes to play, dazzling the 48,000 fans in Memorial Stadium, when halfback Tiry Wile-

mon intercepted a pass and raced 35 yards, and halfback Norman Marshall sprinted 75 yards to score on a punt return.

Marshall Takes Lateral

On the final scoring play — with 50 seconds remaining in the fourth period — halfback Dan Rowden took a Longhorn punt and appeared to be trapped by a swarm of Texas tacklers when he lateraled to Marshall, who sped the 75 yards.

Meredith's long-range passing gained 112 yards, with six completions in 12 tries, while quarterback Billy Dunn accounted for 102 yards in the air on seven completions in 14 attempts.

The lanky, 6-foot 3-inch Meredith engineered a 58-yard scoring drive late in the third period and the fourth quarter march was marked by a pass interference ruling on a 32-yard aerial from Meredith to end Henry Christopher which gave the Mustangs life on Texas' 18.

Iowa Storms Mich., 37-14

ANN ARBOR, Mich. (UPI)—Top ranked Iowa's fleet of explosive backs struck with devastating fury Saturday to whip Michigan 37-14 and move the Hawkeyes a step closer to the Rose Bowl.

Sophomore Willie Fleming put on a show for the home folks with touchdown runs of 72 and 61 yards as the Hawks beat Michigan for the first time in 34 years.

Fleming, a second stringer, gained a total of 239 yards, 112 of them on three punt returns and 86 on six rushing attempts. He also grabbed two passes for 41 yards to pace the Hawkeyes passing.

Pampa Linebacker

TCU Frogs Jump On Baylor' 22-0

By ED FITTE
United Press International

FORT WORTH, Tex. (UPI)—Each of Texas Christian's first three teams punched out touchdowns through a grudging Baylor defense Saturday as TCU kept pace with Rice atop the Southwest Conference with a 22-0 victory before 35,000 homecoming fans.

Hustling Hunter Enis, the tall starting quarterback, had a hand in 14 of his team's points by pumping two 15-yard scoring passes through the Baylor secondary and hitting another for a two-point conversion, then the third team took the cue and raked up another aerial touchdown as the clock ticked the final seconds.

Enis came in for one play to hit sub halfback Harry Moreland with a second quarter scoring pass after the second unit had set up the play, then made end Jimmy Gilmore his target for another 10-yard six-pointer in the final quarter. He passed to halfback Marshall Harris for two points after the first score.

and a Donald George-to-Lonny Leatherman pass covered 31 yards with soph fullback R. E. Dodson matching Jack Spikes' earlier conversion kick.

Baylor, playing the entire first half without its sensational passing quarterback, Buddy Humphrey, nevertheless twice drove inside the Texas Christian 20, but couldn't penetrate any deeper than the 14 and 18 yard lines against a TCU defense that held Baylor's lumbering Larry Hickman to 87 yards for the day.

Humphrey was believed to have suffered cracked ribs.

Fumbles and interceptions were the order of the day for both teams with TCU losing three fumbles and two wayward passes and Baylor giving up the ball four times of miscues and three times on interceptions.

Spikes Leading Rusher

Spikes, who proved more than a match with Hickman Saturday, pounded out 96 of TCU's 208 rushing yards.

Hickman, called on for yeoman duty, had a bad day all around. He got off two high wobbly kicks that traveled 16 and 15 yards, respectively, and each time TCU turned them into touchdowns with drives of 41 and 32 yards.

Humphrey, who went into Saturday's game ranked No. 3 nationally with 51 completions, hit only three of nine for 48 yards. But, in his behalf and that of his replacement — Bob Starr, who hit 10 of 26 — it wasn't the passers' fault many times as receivers dropped losses right in their hands in the clear.

TCU 0 8 0 13-22
Baylor 0 0 0 0-0

Scoring:
TCU—Moreland 10 pass from Enis (Harris pass from Enis)
TCU—Gilmore 10 pass from Enis (Spikes kick)
TCU—Leatherman 31 pass from George (Dodson kick)

★
purely paydirt

No lady, it ain't nothing in the rules that has pudgy Homer Simmons and Jim Ranck, late of Amarillo High coaching staff, scanning the help-wanted ads this morning.

The "dismissed" Sandie bosses lost their jobs, of course, right about the stroke of midnight of Wednesday last, when a group of grey-headed gentlemen who compose the Amarillo school board swung a bloody axe, and chopped the two men's names off the payroll.

You've heard all about Simmons' dispatching a former Sandie player to secretly spy on the cross-town practice sessions of Tascosa High. You heard too of the boy's being caught red-handed with field glasses in hand and a lap full of notes and diagrams which had they reached the hands of Simmons may have helped change the complexion of Saturday afternoon's first heated Tascosa-Amarillo gridiron meeting.

Bullet Bob Bailey, the Amarillo News-Globe, told us that both Tascosa and Amarillo were taking all precautions against just such things, both working behind "closed gates" so to speak, with sessions NOT open to the public.

Like we say lady, it was not in violation of any rules, the Great Simmons Spy Case.

A Pure Case of Ethics

Neither the Texas Interscholastic League (governing power behind the state's public school athletic setup) or District 3-4A have any written rules against scouting the other guys practice sessions.

Simmons got the book for violating an unwritten "coaches' code," like the Code of the West. You know, never shoot a man in the back. The entire incident was a simple disregard of ethics.

Yes, pure blue-eyed ethics. Everybody's got 'em, and when broken severe consequences are usually wrought against the offender. A gambler deals off the bottom of the deck, and he's liable to be ordering four beers with only an index finger and pinky showing. A thief steals from a cohort in crime and he's liable to wake up with a prosthetic sawtooth in the vicinity of the third and fourth ribs.

Palo Duro's John Reddell, who escaped all the bitter warfare between Simmons and Tascosa's Bill Ellington which started back in the summer with screams of illegal recruiting echoing from each camp, probably had a hatfull of dope on what Pampa's attack would consist of, but that doesn't mean John scouted or spied on the Harvesters. There's other

JOHN REDDELL

ways. The grapevine usually flows pretty heavy about such matters.

Que Sera, Sera!

Before the Friday night Pampa-Palo Duro game, Reddell exclaimed, "Pampa has played much better all season than the way the scoring has ended. Only thing that has kept the Harvesters from having one of the top teams is fumbles and had breaks. Babe Curfman and his staff have done a good job. Pampa has by far the best trapping team in the district. Pampa is capable of beating anyone we have played."

This is all quite true. The Harvesters with the right kind of luck and good breaks could very easily be 5-2 in the won-lost column today instead of 1-4. They've lost four of the six by slim margins, three points, twice by one touchdown and another time by two TD's.

The future could bring sweeter results. Pampa's B-team has done well. Their win over the Tascosa Raiders, 38-14, last week was convincing when you stop to consider the Raiders had bruised past the Amarillo and Palo Duro B-teams.

Back to Simmons surprise exit. It must hurt the man to know he's squandered away a moment in paying position, which offered the security of \$8,250 for three years on a contract basis. That kind of money ain't hay. It's an extra buggy for the little woman to drive, Sunday shoes for the kids, steak at every meal and a vacation in the mountains. Solid comfort, man, solid, and now all game. Homer says he will return to East Texas from whence he came with high hopes of landing another coaching job.

How much Mr. Simmons' reputation will be hurt by his Bad Day at Caprock, or the Great Simmons Spying Case, will only be known when he starts pounding the pavement seeking employment.

Crocketts Were Shifty

You'll never see any better running from high school backs than Billy and David Crockett exhibited for McLean against White

Deer Friday night. Jack Riley thought his Tigers played a good game against the Bucks and Otis (See PAYDIRT Page 1)

Tag Teamers To Go Again

Another tag team match is in store for wrestling fans — featuring three of the four grapplers in last week's exciting match.

Flip Hawk and Jerry Woods will be going against Dory Funk and Sonny Myers. Hawk and Wood won last week's encounter from Funk and Tommy Phelps.

Also as in last week's matches, tag team contestants will go against their opponents in preliminary one-fall events.

Funk tangles with Hawk in a 30-minute time limit match and Myers battles Wood in a 20-minute time limit bout.

First match will begin Monday at 8:30 p.m. The matches are sponsored by Pampa Shrine Club and tickets are on sale at Thompson Prescription Shop.

Wipes Out 10-0 Deficit

Southern Methodist's mighty comeback drive wiped out a 10-0 lead built up by Texas and engineered by quarterback Bobby Lackey.

Fullback Mike Dowdle plunged over right guard from the 1 midway in the first period, capping a 47-yard drive, and Lackey's kick was good.

Lackey kicked a 23-yard field goal midway in the third period and the Longhorns' 10-point lead looked big until it was crumbled by Meredith's pinpoint passing and alert line play by the Mustangs.

Scoring:
Texas 7 0 3 0-10
SMU 0 0 6 20-26
Texas—Dowdle 1 run (Lackey kick)

Texas—FG Lackey 23
SMU—Polk 35 pass from Meredith (run failed)
SMU—Meredith 3 run (Eckert kick)
SMU—Wilemon 35 pass interception runback (Eckert kick)
SMU—Marshall 75 punt runback (kick failed)

Bob Jeter, another of the fleet-footed backs, raced 24 and three yards and Ray Jauch sprinted 74 yards for the other touchdowns as Iowa completely unnerved Michigan with its blinding speed.

It was an especially sweet victory for Hawkeyes Coach Forest Evashevski, the former brilliant Michigan back of the Tom Harmon era, who beat his alma mater for the first time in six tries.

Michigan controlled the ball for 86 plays while Iowa had only 56. But the Hawkeyes scored their first two touchdowns on a punt return and on a first play from scrimmage.

The injury-riddled Wolverines threw a scare into Iowa when they moved into a 14-14 tie in the third period but the Hawks struck right back, covering Stan Norkin's fumble on the Michigan three and Jeter went over on the next play.

Fleming, with a key block by Jeter, dashed 72 yards with a first period punt and after a Wolverine kick went dead on the Iowa 28 in the second period, Jauch blasted inside left end and went all the way. Bob Prescott converted after each touchdown.

Scoring:
Michigan 0 6 8 0-14
Iowa 7 7 7 16-37
Iowa—Fleming 72 punt return (Prescott kick)
Iowa—Jauch 74 run (Prescott kick)
Michigan—Harper 4 pass from Ptacek (Ptacek pass failed)
Michigan—Ptacek 1 sneak (Myers run)
Iowa—Jeter 3 run (Prescott kick)

Canadian Snows Lefors, 22 to 6

CANADIAN — Canadian's Wildcats moved into third place in District 2-A here Friday night by downing the Lefors Pirates, 22-6.

The Wildcats, who were in control all the way, now have a 5-4 season record and a 2-2 district record.

THE YARDSTICK

	Can.	Lef.
First Downs	20	13
Yds. Rushing	272	125
Yds. Passing	69	56
Total Offense	341	181
Passes Att.	9	10
Passes Comp.	4	5
Passes Int. by	0	0
Fumbles Lost	1	3
Penalties	3	4
Yds. Lost, Pen.	25	20

mark. Lefors is 5-3 for the season and 2-2 in district competition.

Neither team was able to score in the first quarter, but Canadian tallied twice in the second quarter and once in the third period. Lefors scored its only touchdown with

just a minute and a half remaining in the game.

Kenny Abraham tallied for the Wildcats on runs of 19, 4, and 11 yards. David Lewis powered over from the yard line, after quarterback Tommy Johnson set up the Lefors touchdown with a series of passes.

Score by Quarters:
Canadian 0 14 8 0-22
Lefors 0 0 0 6-6

Georgia Tech Nips Duke

DURHAM, N.C. (UPI)—Georgia Tech made good a field goal after five attempts Saturday and its persistence paid off in a 10-8 victory over Duke before 30,000 fans in the rain and gloom of Duke Stadium.

Duke played a waiting game, keyed to an alert defense, and had a 10-point cushion when Duke suddenly found itself with less than five minutes left to play. Before that point, it looked like Tommy Wells' seven-yard field goal midway in the fourth period was just icing on Tech's cake.

Duke ripped 75 yards to a touchdown by halfback Wray Carlton crashing from two yards out, and Carlton passed to fullback Bob Cruikshank for a two-point conversion.

Then the Blue Devils sent sprinter Dave Sime racing through the cold rain catching spectacular passes until a Tech interception on their 25 ended the threat as the final gun went off.

Tech fielded a patched-up team so alert on defense that Duke had penetrated Tech territory only once in each half until the last four minutes of play. Play-turning ends Tommy Rose and Jackie Rudolph led the charge that forced Duke into four costly fumbles and two punt — formation passes from center bobbled by Duke punters.

A Tech quick kick late in the first period backed Duke into a hole. When they tried to kick out on fourth down, halfback George Dutrow dropped the ball and Rudolph and Rose swarmed him under on the Duke seven.

The Duke defense, led by guard Mike McGee, was tough too—but on fourth down fullback Marvin Tibbetts squirmed one yard to score. Wells, a sophomore from Nashville, Tenn., kicked the point.

Score By Periods
Duke 0 0 0 8-8
Georgia Tech 7 0 0 3-10
Scoring: Tech — Tibbetts 1 run (Wells kick); FG Wells. Duke—Carlton 2 run (Carlton pass to Cruikshank).

Syracuse Nips Pitt, 16 to 13

SYRACUSE, N.Y. (UPI)—Syracuse blew a 10-point lead Saturday but then, ably directed by quarterback Chuck Zimmerman with an assist from an outstanding line, upset Pittsburgh 16-13, before 18,000 fans at Archbold Stadium.

The game came to a climax when a 34-yard pass play gave Pitt a final chance to avenge last year's loss to the Orange. But Syracuse quarterback Daon desperation Pitt pass in his own But Syracuse quarterback Daon Fogarty then intercepted a desperation Pitt pass in his own end zone, giving the Orange the win.

Just a minute and a half earlier, the once-beaten Orange regained the lead by driving 80 yards behind alert field directing by Zimmerman.

The win over Pittsburgh, which last week held Army to a 14-14 tie, gave Syracuse a 5-1 record as well as prime consideration for a post-season bowl bid. Its standing in the East was also enhanced. The Panthers' record is 4-2-1.

The Syracuse line gave a valiant account of itself against the powerful Panthers. Twice Pitt drove to first downs within the 10-yard line only to be stopped cold.

It Pays To Read The Classifieds

Que Sera, Sera!

Before the Friday night Pampa-Palo Duro game, Reddell exclaimed, "Pampa has played much better all season than the way the scoring has ended. Only thing that has kept the Harvesters from having one of the top teams is fumbles and had breaks. Babe Curfman and his staff have done a good job. Arkansas Gigs A&M, 21-8; Ed Dudley Scores For Aggies

By KYLE THOMPSON
United Press International
COLLEGE STATION, Tex. (UPI)—The University of Arkansas' "Wildcat" lightning-like speed to score minutes after the beginning of both halves to upend favored Texas A&M 21-8 Saturday night in a Southwest Conference game.

HARVESTERS

(Continued from page 9)
Covington pitched down the middle to Jerry Allison at the 1-yard line, and Allison stepped over the goal line.

Deere passed to Barker on the conversion attempt. The ball was deflected into the air by a Harvester, then caught by Barker, giving Palo Duro a 15-8 margin with 4:35 remaining in the third period.

Futile Attempts
Pampa moved inside the 10-yard line three times without being able to score.

In the second period, the Harvesters traveled from their 47 to the Palo Duro 2 on runs by Rawls, Willis, Cooper, and Williams, and had a fourth down coming up, needing one yard for a first down.

Rawls attempted to sweep left end on a keeper, but was thrown for a 10-yard loss, ending the threat.

Pampa played "beat the clock" near the end of the first half, and the clock won. A Rawls-to-Willis screen pass moved the ball from the 50 to the Don 31, then Rawls passed to Paul Brown at the 10 as time ran out.

In the third period Rex Williams sparked another Harvester drive by galloping 45 yards down the sidelines to the Don 18 — the longest ground gain of the night. Three more plays put the pigskin on the Don 8, but then Rawls fumbled the ball and Palo Duro recovered.

From there the Dons started the best and longest, but most futile, sustained drive of the game. Working the option play beautifully, Deere engineered a march which carried to the Pampa 4 — a total of 88 yards. Barker fumbled at the 4 and the Harvesters recovered.

Harvester Standouts
Both quarterbacks did an excellent job for their teams. Rawls passed six times for 120 yards and ran 12 times for 72 yards to lead in total offense. Deere rushed 18 times for 82 yards, to become the leading runner of the contest.

The Dons' most effective play, besides the "home run" pass, was the option play, with Deere either keeping and cutting off tackle or handing off to Covington, Barker, or Troy Dunn.

Pampa's best play was the quarterback keeper, with Rawls sweeping the ends behind good interference. Doing great blocking on the keeper plays were halfback Williams, fullback Cooper, guards Bailey Clements and Gary Matlock, and ends Glover and Brown.

Glover and Cooper played a terrific defensive game also, breaking through the line time and again to throw Don ball carriers for a loss or recover fumbles.

Also outstanding on defense were defensive halfbacks Rawls and Bobby Stephens, who several times brought down Don ball carriers who seemed about to spring into the clear.

Others sparkling on defense for Pampa were inside linebackers Matlock and Shipp, Brown, tackle Delbert Simmons, and Benny Stout.

lowing the opening kick-off to score less than three minutes after the game started, then halfback Jim Mooby grabbed the Aggie kick-off opening the second half and ran 87 yards to set up the second Arkansas score.

Dudley Scores For Aggies
Substitute tailback Ed Dudley accounted for the Aggie's only score in the second quarter, going over from the one. Quarterback Jim Monroe went over for the first Razorback score and fullback Joe Alberty accounted for the final Arkansas touchdown with 3:20 to go in the third period.

Dudley carried the Aggies to an 8-7 halftime lead, completing two

out of four passes for 37 yards and running with the ball six times, scoring from the one to climax a 65-yard drive.

But the sensational 77-yard kick-off run by Alberty at the opening of the second half stunned the Aggies and they never recovered. It was the longest kickoff return in the Southwest Conference this season.

First Win For Hog
The loss was A&M's second in conference play, and the fourth of the season against three wins. Arkansas dropped its first six games before going against the Aggies Saturday night.

The Razorbacks ground out better than five yards per play on the ground to net 258 to A&M's 106 rushing. But the Aggies netted 278 in the air for only 10 from passing for Arkansas.

pass completion in Wildcat history. In the final period, Thornton sneaked over from the one for Northwestern's second touchdown. Then he knocked the props from a desperate Ohio State squad, when he intercepted a Buckeye pass with less than two minutes to go and ran 26 yards to set the stage for his final touchdown pass to El Kimbrough.

The upset by the six-point underdog Wildcats snapped a 16-game undefeated streak for the Buckeyes who were touted as the Big Ten title.

Northwestern 0 0 7 14-21
Ohio State 0 0 0 0-0
NU — Burton 67 pass from Thornton (Thornton kick)
NU — Thornton 1 run (kick failed)

NU — Kimbrough 3 pass from Thornton (Burton pass from Thornton)

And then there was the wife who was just learning to drive. Hubby comes home one day to find the car smack dab in the living room. "How'd ya get that car in here," he shouted at the missus. "It was easy," she said. "When I got to the kitchen I turned left!"

Sooners Whip Colorado Buffs, 23-7

By GENE MEAKINS
United Press International
BOULDER, Colo. (UPI)—Quarterback Dave Baker, who started the game on the bench, guided Oklahoma's ground-consuming Sooners to a 23-7 triumph Saturday over previously unbeaten Colorado for Oklahoma's 68th consecutive Big Eight Conference football game without defeat.

Oklahoma now figures to win the Big Eight championship and another Orange Bowl invitation, if it can get by unbeaten Missouri.

It was a heartbreaking defeat for Colorado and most of the 47,000 fans at Folsom Field. This was supposed to have been Colorado's year to end Oklahoma's 12-year Big Eight invincibility.

It appeared that Colorado might do it when the Golden Buffaloes

took a 7-0 lead late in the first period.

Baker, a six-foot, 188-pound senior from Bartlesville, Okla., came off the bench to replace Bob Cornell after the Colorado touchdown. Baker organized the relentless Oklahoma split-T attack for three touchdowns. Baker scored two of them, passed for two extra points and kicked for one — a total of 17 points.

Oklahoma ground out its first two touchdowns, going 72 and 76 yards, and got the last one from eight yards out after and Ross Coyle blocked Colorado quarterback Boyd Dowler's fourth period punt.

Tailback Howard Cook smashed two yards when the game was 10 minutes old for Colorado's hope-giving touchdown. It was made

possible by wingback Eddie Dove's 41-yard punt return to the Oklahoma 30.

Sooners Go For Two
Oklahoma came back 72 yards in seven plays after the kickoff. Fullback Prentice Gault, the first Negro varsity player at Oklahoma, went through a big gap in the Colorado line for 48 yards and the touchdown. Baker passed to halfback Jimmy Carpenter for the two points and Oklahoma led, 8-7.

Oklahoma's steady, short gains, often on the quarterback keeper play, and its hot pursuit on defense wore down Colorado in the second half. Center Bob Harrison shot the gap occasionally to frustrate Colorado's single wing offense.

Colorado reached the Oklahoma 34 in the second period, but never

Scoring:
Colorado 7 0 0 0—
Oklahoma 8 0 8 7—
Oklahoma—Cook 2 run (Indort kick)
Oklahoma—Gault 48 run (Carpenter pass from Baker)

Mobeetie In Win

MOBEETIE (Sp) — The Mobeetie Hornets walloped Flomot, 49-7, here Saturday night in their homecoming game, a non-district contest.

The Hornets were ahead all the way, scoring twice in the first quarter, three times in the second, once in the third, and once in the fourth. Flomot scored its lone touchdown in the fourth quarter.

Paul Hathaway tallied three touchdowns for the Hornets, and Dan Hathaway scored two touchdowns and ran six conversions.

Clinton Simpson made a touchdown and extra point, and Davey Turner scored one touchdown.

Scores by Quarters:
Mobeetie 14 21 7 7 — 49
Flomot 0 0 0 7 — 7

Groom Roars By Wheeler

WHEELER — Lloyd Littlefield and Steve Gorman broke loose for long touchdown runs in the first quarter here Friday night, to lead Groom to a 36-8 triumph over Wheeler.

Gorman scampered 40 yards to give the Tigers a 6-0 lead, then Littlefield galloped 77 yards to increase the lead to 12-0. Melvin Britten's conversion made it 14-0 at the end of the first quarter.

Britten traveled 11 yards for Groom's third touchdown, in the second quarter, and snagged an 18-yard scoring pass in the third stanza.

Ernest Lewis ran 2 yards for a third quarter touchdown, and also sprinted for a conversion in that quarter. Littlefield also ran for a third period conversion.

Marvin Cox dashed 5 yards to Wheeler's only score, in the fourth quarter.

Scores by Quarters:
Groom 14 6 16 0 — 36
Wheeler 0 0 0 8 — 8

United Press International
Three spectators died in Texas High School football stadiums Friday night while a fourth victim — a Phillips High School football player — died en route to a Dumas, Tex., hospital after an apparent injury in a game played there.

Doctors planned an autopsy to find out what caused the death of Robert L. (Bobby) Moore, 17, right end on the unbeaten Phillips football team.

Doctors said x-rays failed to show any broken bones and one doctor told newsmen they had discussed the possibility that the youth died of a heart attack. Moore failed to get up after a play in his team's game with Dumas. He was rushed to a Dumas hospital but was dead when the ambulance got there.

At Crosby, Dr. H. L. Barber, superintendent of Crosby schools, died suddenly while attending a football game between Crosby and Klein high schools. Dr. Barber, 48, slumped over shortly after the game began and was pronounced dead by a doctor on the scene. Alvin Puckett, 43, of White

Deer, died of a heart attack while watching the White Deer-McLean high school football game. He died a few moments after being stricken while sitting in the bleachers.

At Willis Point, a fourth death was reported. The victim was identified as Mrs. Henry Creed of Hiram. Mrs. Creed died while watching the game between Willis Point and Van.

Peg O' Pampa

WE READ SOMEWHERE this week that well arranged time is the surest mark of a well arranged mind...

The purpose of learning to employ every minute properly is to unclutter our hours, deliver us of feverish activity and earn us true leisure.

WE SEEM TO HAVE "TIME" on the brain this week... It was Goethe who said "We always have time enough, if we will but use it right"...

As every thread of gold is valuable, so is every moment of time.

NOW FOR FUTURE time... it is no effort at all, in our neighborhood, to hear the excited buzz and enthusiasm with which Girl Scouts are looking forward to and planning their annual Barbecue...

CHOICE TID-BITS... Mr. and Mrs. Dean Proll are in Dallas this weekend where Dean will receive his 32nd Masonic degree...

JUST OFF THE CUFF... no notes to refresh our memory, that is... Cecil and Joan Tedrow took off this week with their offspring, Bobby, Becky and Carl...

"Signal, signal little radar Speed judge of our cruising car, Heck! With it we can't be flirty And plead we're doing only thirty."

Love, Peg.

Miss Joy Lajuana Lester

Mr. and Mrs. Sam T. Lester of Skellytown announce the engagement and approaching marriage of their daughter, Joy Lajuana to Richard Dale Mills, son of Mr. and Mrs. M. L. Mills of Skellytown.

Miss Liliith Martin

The engagement and approaching marriage of Miss Liliith Maizell Martin, daughter of the late Mr. and Mrs. G. W. Martin Sr., to Edward Henry Brainard II, son of Mr. and Mrs. E. S. F. Brainard of Canadian, is being announced by her brother, Mr. and Mrs. W. D. Martin of Jacksonville, Fla.

Mrs. Henry Lee Ledrick III

Wedding vows for Miss Nan Williams and Henry Lee Ledrick III were solemnized on October 24 at six o'clock in the First Christian Church in Lubbock with Rev. Dudley Strain performing the double-ring rites.

Altrusa Club Wins Achievement Award For Second Year At District Meeting

Reports from the Altrusa Club delegates from the local club recommended that to the international nominating committee that the delegates to that convention, Mrs. Edith DeBusk of Dallas, Immes. Jack P. Foster, W. A. Spoonemore and V. L. Hobbs, at the Monday evening meeting of the club in the Fellowship Hall of the First Methodist Church.

With pride, the delegates presented to the club the Distinguished Achievement Award, which was given at the convention and which the local club has won for the second year in a row. This is the highest honor that an Altrusa Club can be given for it denotes the service that a club is to its community.

In reporting a portion of the convention, Mrs. Foster spoke of membership and stated that every club was urged to grow and increase their membership during the year. Mrs. Hobbs, in her report, spoke of the different methods other clubs had used for money-raising projects.

Mrs. W. A. Spoonemore reported that at the district meeting the

delegates from the local club recommended that to the international nominating committee that the delegates to that convention, Mrs. Edith DeBusk of Dallas, Immes. Jack P. Foster, W. A. Spoonemore and V. L. Hobbs, at the Monday evening meeting of the club in the Fellowship Hall of the First Methodist Church.

Mrs. Grant Anderson, Altrusa Information chairman, in charge of the evening's program, presented Howard Graham, Pampa High School instructor, who spoke on the mechanics of the UN, which celebrated its 13th anniversary this past month.

Tables were decorated with individual place cards decorated with flags from the UN membership. The head table was centered with a Halloween motif bouquet and UN Flags. As each member arrived, they were pinned with a name of a country in the UN and at the drawing of the lucky country, Mrs. Luther Pierson was a winner of the prize.

Social Calendar

- MONDAY 9:30 - Pampa Garden Club, Combined Workshop with Morning and Afternoon Units in the home of Mrs. Loyse Caldwell, 1310 Hamilton. 7:30 - Pampa Duplicate Bridge Club, St. Matthew's Episcopal Hall, 727 W. Branson, 2125 Christine. 9:30 - Circle 4, First Methodist, with Mrs. George Walstad, 405 E. Kingmill. 9:30 - Circle 5, First Methodist, with Mrs. Cordie McBride, 608 E. Foster. 9:30 - WMU, First Baptist Church, executive meeting, in church.

Women's Activities

Doris E. Wilson Daily News Women's Editor

"To Dance Is To Live" Illustrated For Twentieth Century Culture Club

Twentieth Century Culture Club met Tuesday in the home of Mrs. V. L. Hobbs with Mrs. E. L. Henderson as co-hostess.

Departing from the usual order, a social period opened the meeting. A Halloween motif featured the plate favors and appointments. Refreshments of apple crunch and coffee were served by the hostesses.

Following roll call and the club collect, Mrs. N. D. Steele, president, conducted a brief business meeting. Members were reminded of the party for Senior Citizens which was to be given in Lovett Memorial Library on October 29, with Mrs. G. L. Craddock as general chairman.

Mrs. J. L. Chase, chairman of the hostess group for Husbands' Evening, announced that this will be at 7 p.m. on Monday, November 10, in the City Club Room.

Mrs. Leslie Hart gave the thought for the day: "Two days each week should always be free from care and worry; yesterday and tomorrow. The ones in past and the other cannot be foretold. This leaves only today. Anyone can fight the battles of one day. Let us, therefore, live but one day at a time."

Mrs. Warren Hasse introduced the program "To Dance Is To Live", commenting facetiously that, if we accept this statement, "Some of us have been lifeless for a good many years." She presented Mrs. J. W. Edminster who discussed "Ballet Terms and Famous Ballerinas".

BETROTHED

Miss Mary Kay Lunsford

Mr. and Mrs. Dewey L. Lunsford announce the engagement and approaching marriage of their daughter, Mary Kay to E. D. LaFrance of Phillips, son of Mrs. Maribelle LaFrance of Red Springs. The wedding date has not as yet been set. (Photo, Call's Studio)

Good Government Program Topic Of Speakers At El Progreso Club Meet

Mrs. Jess Clay, 2007 Christine, was hostess to El Progreso Club on Tuesday afternoon. Mrs. Elmer Fisher, president, presided during the business meeting.

Mrs. Carlton Nance introduced A. J. Carrubi, attorney-at-law with the firm of Gordon, Gordon, and Buzzard. In introductory remarks, Mrs. Nance informed the group that Mr. Carrubi's hometown is Galveston and that he attended Notre Dame for four years, served in the armed forces for two years and was graduated last February from the University of Texas Law School of Law. Mr. Carrubi's subject was "Politics Is What You Make It."

He said that it "was our duty and our privilege to vote" and emphasized the importance of being a well-informed voter.

"Know your candidate, know who they are, their background, what they have done and stood for in the past," he said and stressed that voters should, as good citizens, attend precinct conventions and voice opinions in the place where government begins.

In speaking of the Nov. 4 elections, Mr. Carrubi said, "We should study the amendments to our Texas Constitution." He explained each of the nine proposed amendments and concluded with "Politics are what we make them and we could help to purify politics by exercising our right to vote."

Mrs. Knox Kinard introduced R. F. McDonald, who spoke on "The Main Issues of the November 4th election." Mr. McDonald, who, as a representative of the Junior Chamber of Commerce, said that the Jaycees had sponsored Amendment No. 1 to be voted on Nov. 4. "Texas needs a state government which is better equipped to efficiently cope with the huge complex problems of governing our big and rapidly growing state." He went on to say, "as a partial solution to this problem, the Texas Jaycees are advocating annual salaries for the Texas legislature and are pushing this project for the good of all Texas and every Texan."

Refreshments were served to the guests and members, Mrs. P. C. Ledrick, Boy Banks, Knox Kinard, Carlton Nance, Elmer Fisher, D. V. Burton, J. F. Curtis, W. R. Ewing, John Gill, George Hrdlicka, J. G. Lyons, J. G. Morrison, Tom Perkins, George Walstad, and Harold Wright.

ENGAGEMENT TOLD

Miss Sandra Coward

Mr. and Mrs. W. R. Coward of Mobeetie announce the engagement and approaching marriage of their daughter, Sandra to Jimmy Hilburn, son of Mr. and Mrs. George Hilburn of Houston. The wedding is planned for November 15 at five o'clock in the home of the bride's parents. (Photo, Smith Studio)

"Miracles In Our Kitchen" Program For Twentieth Century Club's Guest Day

By DORIS E. WILSON
Daily News Women's Editor
Twentieth Century Club in carrying out its year's course of study, "The Miracle of America", met Tuesday afternoon in Southwestern Public Service Co.'s utilization room for a Guest Day program, "Miracles In Our Kitchens" presented by Mrs. Elaine Holman assisted by Mrs. Hazel Snyder of Borger. Mrs. Holman is the home service supervisor of the Southwestern Public Service Co; Mrs. Snyder has the same capacity in Borger.

Welcome was extended to members and guests by the TC president, Mrs. Kirk Duncan, who expressed appreciation for the opportunity to share with guests the fellowship enjoyed by the club throughout the year.

Preceding the introduction of program guests, Mrs. Ronald Hubbard, in presenting the background for the program, said, "Though most of you will not be 'Queens for A Day' on the well-known TV program, each can be 'Queens' everyday with all the modern conveniences in today's kitchen."

In her inimitable way, Mrs. Hubbard quipped, "Today's greeting from hubby, returning home from work has changed from 'What's cookin', sis?' to 'What's thawing, sis?'"

"Today's homemaker has been known to say," Mrs. Hubbard continued, "While shopping in a grocery store with her small child, who would helpfully pick up various items, 'No, don't get that, you have to cook it' or 'No, don't get that, you have to mix it.'"

Forum's Guest Day In Amarillo Club

Mmes. Joe Daniels, E. J. Dunigan, Howard Federer and Henry Rose were hostesses in the Amarillo Country Club on Tuesday afternoon for the Twentieth Century Forum's Guest Day.

In the morning, guests and members heard Mrs. Howard Lynch, accomplished book reviewer, give excerpts from the exhilarating book "Around the World With Auntie Mame" by Patrick Dennis. Mrs. Lynch explained that this book had been on the best-seller list for eighty weeks; has been translated into eight foreign languages and made into one of Broadway's most sparkling comedies. She said she felt that the author had taken his pet peeves and written them into the most hilarious book she had ever read; that in the book he poked fun at the things he hated most.

Mrs. Lynch captivated her audience with Auntie Mame's antics in a most amusing presentation after which members and guests were served luncheon on the east porch of the Country Club. Luncheon tables were arranged in a U-shape and centered with autumn floral arrangements.

Attending were Mmes. W. Calvin Jones, H. H. Hicks, Howard Federer, Eben Warner Jr., W. T. Fraser, Crawford Atkinson, Henry Rose, Gene Groom, Bob Curry, Paul Carmichael, Ed Williams, Arthur Teed, Clyde Fatheree, Joe Daniel, R. A. Curfman, E. J. Dunigan, J. J. Moran, Richard G. Hughes, M. Biggs, M. Horn, C. V. Wilkinson, D. I. Barnett, Roy Bourland, Bus Baldrige, Bruce Pratt, F. J. Vendrell, James Dalley, Homer Johnson, D. W. Foster, M. McDaniel, T. D. Harvey, William L. Ellis, Curt Beck, Bob Tripplehorn, and J. R. Holloway.

READY FOR THE PARTY—Mrs. Elaine Holman, home service supervisor for Southwest Public Service Co., displays a tray of open face sandwiches, prepared in advance and taken fresh from the freezer for the Twentieth Century Club's Guest Day on Tuesday. (Photo Daily News)

The first portion of the program presented by Mrs. Holman was in the form of a film, "Freeze It!" projected by Melvin Jayroe. The film illustrated pointers for freezing foods and how a deep freezer, filled with pre-prepared food, can dispel the fear of last-minute guests for dinner.

In her demonstration of the advantages of owning a deep-freezer, Mrs. Holman pointed out that "little globs of left-over whipping cream can be refrozen for future use as well as left-over coffee, which can be re-frozen in ice trays."

AL Auxiliary To Meet Tuesday

Mrs. W. A. Breining, president of the American Legion Auxiliary, has announced that the meeting to be held on Nov. 3 at 8 p.m. in the City Club Room will be on membership and community service. Mrs. Cora Yates, membership chairman and Mrs. Roy Hall, community service chairman, will be in charge of the program.

Hostesses will be Mrs. Estill Wheeler and Mrs. Breining. Each member is urged to bring a good book suitable for the Lovett Library Memorial Shelf sponsored by the auxiliary in memory of deceased veterans. Plans for the rummage sale to be held on Nov. 8 will be discussed and year books will be distributed at this meeting. Auxiliary members are reminded to tune in to radio KPDM for its Staff Breakfast next Thursday morning at 9:30 when Mrs. Frank Lard and Mrs. Breining will discuss the aims and purposes of the auxiliary.

Mission Study Conducted By Members Of First Baptist Missionary Units

WMU Circles of the First Baptist Church met this week in member's homes for study:

LILLY RODGERS
Lilly Rodgers Circle met with Mrs. C. W. Applewhite, 2223 Duncan. Opening prayer was led by Mrs. Parker Mangham. Mrs. G. E. Groninger was in charge of the business meeting. Mrs. J. C. Yollmert brought the mission book study, "Into A New World." Closing prayer was offered by Mrs. Harold Craddock. Eight members were present. The circle will meet next with Mrs. M. C. Bennett, 710 N. West.

BETTY BOWLIN
Betty Bowlin Circle met with Mrs. Margie Crouse, 1324 Williston with Mrs. J. H. Tucker offering opening prayer. The program was taken from the Royal Service Book and presented by Mrs. Henry Gruben. Closing prayer was offered by Mrs. J. P. Heath.

SYPERT
The Syfert Circle met with Mrs. Ross Buzzard, 2429 Christine, with mission book study presented by Mrs. Earl Barnett. Sentence prayer from each member was offered for missionaries. Mrs. Walter

Roush was welcomed as a new member. "Into A New World," mission study, was given by Mrs. Robert Hogan. Mrs. Buzzard gave the scripture reading. Closing prayer was given by Mrs. Earl Barnett. Ten members were present. The next meeting will be with Mrs. Bill Gilum, 2228 N. Sumner.

MARY RUTH BRIDGES
The Bridges Circle met in the church with Mrs. E. G. Albers, chairman in charge, during the election of officers. Closing prayer was given by Mrs. Rupert Orr. 15 members were present. Mrs. M. McDonald was a guest. The group will meet next with Mrs. A. French, 2243 N. Duncan.

CIRCLE 10
Circle 10 met in the church with Mrs. Paul Turner conducting the business meeting. Opening prayer was given by Mrs. Robert Woods. Mrs. J. G. Ramsey gave the mission book study, "Into A New World." Closing prayer was by Mrs. P. A. Scoggin. Seven members were present. The next meeting will be with Mrs. Floyd Barrett, south of the city.

YOU and YOUR HOME by Jack Foster

CHOOSE AND CHERISH

There is no other furniture style that we know of that has enjoyed such enduring popularity as our own Early American.

Perhaps this is due to our undying regard for the early colonists whose courage, ambition and faith brought them to the New World. It was they who hewed the nearby forests and patterned the humble beauty of their furnishings after the styles of their forbears. They were not content to just copy—they varied the originals—added new features and innovations and developed a distinctive new style. All of today's American Provincial furnishings are—in one way or another—descendants of this style.

It's a warm, friendly, simple style that imports a feeling of hominess and shelter to any setting. The bedroom shown in the above sketch has been furnished in the Early American maple. The warm, rich wood tones become a part of the color scheme and show up importantly against the soft pinkish beige of walls and carpet. Wallpaper in a soft French blue used on one wall matches the blue of the bedspread and dust ruffle. The bed is an authentic reproduction of an early model. Large double dresser provides maximum drawer space. Enjoy the warm, inviting feeling that authentic Early American furniture will impart to your home. Every piece in our collection has been carefully chosen to bring you authentic styling, high quality and unquestionably good value. Choose the pieces you need now. Add more later.

Dollar Day

Learning to eat with spoon or fork is a trying time for Baby and the family. During this period also provide some finger foods such as long strips of cooked vegetables, peas and lima beans that can be picked up. These prevent complete frustration at the table for everyone involved. Experiment with using beer in your beef cookery, the Texas Beef Council suggests. Try marinating a shoulder steak or roast in beer for several hours before barbecuing.

KKI Entertains With Rush Party

Kappa Kappa Iota Sorority entertained with a rush party on Monday evening in the City Club Room in honor of new pledges, Mmes. M. L. Carter, Austin Rudick, J. E. Tatum, G. M. Walls, Doris Price and Ray Robbins.

The party theme "Round the World," was carried out in the decorations and in the talk given by Mrs. Ray Robbins from Phillips, who described her recent trip to Europe. She showed colored films of the places she visited. A large, revolving globe surrounded by dolls dress in native costumes illustrated the countries she described.

Refreshments were served from a table centered with an arrangement of fall flowers and berries in colors of yellow and orange flanked with orange-colored candles in crystal holders. Silver and crystal completed the table appointments on the lace cloth.

Hostesses during the social hour were Mmes. B. R. Nuckols, B. G. Gordon, and Walter Parker.

Members attending were Mmes. L. S. Riley, Homer Bowers, D. V. Biggers, Dock Mackie, C. W. Stowell, Floyd Smith, Clyde Rodecape, Warren Cochran, Charles Meach, Arthur Rankin, O. H.

"ROUND THE WORLD"—Making preparations for the Kappa Iota Sorority's rush party given on Tuesday evening in the City Club Room are hostesses, Mrs. B. G. Gordon, left, and Mrs. B. R. Nuckols, right. Mrs. W. L. Parker, another hostess, was unable to be present when picture was taken. (Daily News Photo)

World Trade Topic For Civic Culture

Civic Culture Club met Tuesday afternoon with Mrs. W. C. Scott for a program on "International Affairs."

Mrs. Irvin Cole discussed "World Trade and Women" and posed the question "What Do American women gain from a liberal trade policy?"

In her opening remarks in answer to this question, Mrs. Cole said, "This is a reasonable question. We all want to promote international trade rather than block it and to work for the reductions of obstacles that have been put in its path."

"Women," she went on to say, "do a huge amount of the nation's buying and have an interest in the lower prices and wider variety that foreign trade brings."

"For twenty years, the US has been following a policy of more freedom of choice and less interference since the Trade Agreements Act was first enacted in 1934 when Cordell Hull was secretary of state. It's creation was one of the big constructive events of modern times. The General Federation of Women's Clubs, Mrs. Cole pointed out, passed a resolution in 1938; also in later conventions supported reciprocal trade treaties."

In concluding remarks, she said, "It is within the power of our membership to significantly affect, not only our United States' international economy, but world security as well."

Refreshments were served during the social hour to the members attending, Mmes. Irvin Cole, Willis White, C. F. Pennington, S. J. Brandt, Jack Hon, Emmett Osborne, R. E. Dauer, J. B. Towhensend, A. D. Hills, C. E. Axelson, Frank Lard, and Louise Sewell by the hostess.

Kindergarten Class Has Spook Party

The fourth year kindergarten class of the First Methodist Church were entertained with a Halloween Costume Party on Thursday evening. Hostesses were the class teachers, Mmes. John Mobley, Elmer Radcliff, John Radcliff, and R. D. Morris.

Games were played and Halloween favors were given. Kool Aid, hot chocolate and cookies were served.

Guests were Bobby Puryear, Mitchell McCreless, Ken Williams, Pat McGuire, David Hall, Don Cain, Jim Thompson, Mike Bradford, Jerry Holt, Randy Holt, Danny Moss, Becky Reitz, Diana Cox, Cathy Cox, Martha Colville, Carolyn Hopkins, Colleen Davenport, and Vicky Wiley.

Baby's high chair is another item on a homemaker's cleaning list. Avoid a major scrubbing job by wiping the high chair clean after each eating bout. And don't forget to clean the legs and rungs because these also get sticky and soiled.

Skirts and dresses that are marked durable - pleated retain these pleats better if they don't go into an automatic dryer. These items should definitely drip-dry because it is the dripping water that shapes and resets the pleats.

Miss Robertson, M. R. Kilpatrick Say Nuptial Vows

In a double-ring ceremony on October 18 in the Dallas Oak Cliff Methodist Church, Miss Sue Robertson, daughter of Mr. and Mrs. W. H. Robertson of Haskell became the bride of Milton R. Kilpatrick, son of Mr. and Mrs. J. R. Kilpatrick of Hallsville. Rev. Nolan Bryant of Dallas officiated at the 2:30 p.m. rites.

Given in marriage by her father, the bride wore a wool beige sheath with three-quarter length sleeves complemented with dark brown accessories. She carried a purple orchid on a white Bible.

Mrs. Reba Roland of Hamlin, former college roommate of the bride, was maid of honor, wearing a brown and beige striped suit with brown accessories and a white fur hat. She carried a nosegay of pink carnations.

Don Cullen of Hallsville was best man.

The bride's mother wore a royal blue jersey suit with black accessories. The bridegroom's mother chose a black suit with black accessories. Their corsages were of pink carnations.

Mrs. Kilpatrick was graduated from Haskell High School; attended North Texas State College, Denton; and is employed at Dial Finance Co. in Dallas. The bridegroom was graduated from Texas A&M and is employed as an engineer for Chance-Vought Aircraft Corp in Grand Prairie.

They will make their home at 1922 S. Beckley, Apt. C in Dallas.

Varietas Club Goes On European Trip

Mrs. Lee Harrah was hostess to the Varietas Study Club on Tuesday afternoon in her home with Mrs. Sherman White as co-hostess.

The keynote for the afternoon's program was "Travel regulates imagination by reality." Mrs. S. C. Evans and Mrs. Luther Pierson were in charge of the program during which they brought out the special advantages of traveling in the fall months when "nature stages her most brilliant colors" and many places cut rates and service is better.

In describing her recent European tour, Mrs. Pierson described London, Holland with its beautiful flower markets and export of its famous tulip bulbs. She took members on an imaginary tour of Brussels, known for its lace and linens. She told of the Brussels Fair, describing especially the United States and Russian exhibits. Included also in the oral traveling were Germany, Switzerland and Italy in which she described the many potentialities of each place, their industries and trades.

During the business meeting conducted by Mrs. Dow King, president, plans were discussed for the Husband's Party to be given in the home of Mrs. Harrah on Nov. 11 at 7 p.m.

A variety of fall flowers were used in decorations throughout the home. Refreshments were served during the social hour to Mrs. Price Doster, J. E. Kirchman, Dow King, H. W. Hampton, Luther Pierson, Cecil Dalton, J. M. Hopkins, W. A. Waggoner, H. H. Butler, S. C. Evans, C. L. McKinley, R. W. Lane, Joe Weaver and J. C. Volmert.

Mrs. Dawes Hostess

To Circle Meeting
Doris Smith Circle of the Highland Baptist Church met in the home of Mrs. Nina Pearl Dawes on Tuesday morning for a business meeting.

Prayers were offered by Mrs. Henry Maples and Mrs. Herman Lincymb.

Attending were Meses. Henry Maples, Nina Pearl Dawes, Jimmy Maples, Billy West, J. L. Etheridge, Herman Lincymb, Morris Esloze, and Lanier Mote.

The next meeting for the group will be a Royal Service program in the church.

JINGLE BELLS—Mrs. Howard Johnson, left, and Mrs. Arthur Smalley will serve as co-chairmen of the committee that will offer Christmas decorations at the St. Matthews Auxiliary Bazaar. The bazaar which will also include many varieties of food, gifts and toys will be open from 9 a. m. until 9 p. m. on Nov. 14 in the Parish Hall, 727 W. Browning. Mrs. L. R. Miller will feature a booth offering Santa Claus candy jars and decorated pine cone Christmas trees. (Daily News Photo.)

Program Skit For B&PW Club Meet

Business and Professional Women's Club met Tuesday evening in the City Club Room with Mrs. Faye Eaton, president, presiding during the business meeting.

Special guests were Meses. Louise Sewell, E. L. McAndrews, Velma Arendall, Lena McGee, Audrey Flower, Lula Thompson, and Eulince Bear of Borger.

Mrs. Vera Lard presented the evening's program in the form of a skit, "The Court of Public Opinion." Participating in the skit were Meses. Helen Sprinkle, Faye Eaton, Gladys Howard, Hazel Jay, Bonnie Hutchinson, Marguerite Nash, Jewell Dean Lewis, and Laura Belle Cornelius.

Reports were given on the recent district conference held in Borger.

Refreshments were served from a table decorated with the Halloween motif with Meses. Maxine Ethridge, Alma Ash, Nell Tinnin and Lucille Turner as hostesses.

Worthwhile HDC Shows Gift Ideas

Worthwhile HD Club met recently in the home of Mrs. Lester Reynolds, 420 Crest.

New ideas of gifts for Christmas were on display; as well as canned foods, jellies, preserves and pickles. Winter bouquets made from dried flowers or weeds sprayed with different colors were shown.

Funch, cookies and coffee were served to members and guests that called during the day.

Those present were Mrs. J. L. Carlton, L. N. Welton, Roy Tinsley, Bert Smith, Lora Payne, N. A. Cude, W. G. Kinzer, O. G. Smith, Pearl Ferguson, Johnnie Reynolds, M. M. Conley, A. C. Steely, Yvonne Reynolds, J. L. Smith, A. T. Cobb, A. M. Dickerson, E. L. Leininger, Anita E. Smith, H. L. Braly, W. K. Davis, B. L. Diehl, Floyd Hines, L. D. Rider, T. D. Anderwald, A. M. Nash, V. Smith, Boyd Maul, Tom

RUTH MILLETT

I heard the other day about a group of mothers who were so concerned because there was no organized social life for their 10- to 12-year-olds that they got together and organized a dancing club for the kids.

The mothers were pleased as punch over the first party — a dance given at a country club. The boys looked "so grown up" and the girls looked like small editions of their big sisters in their own little semiformal.

So now the youngsters don't have to wait until they are teenagers to go to dances. Have "dates," send corsages, and so forth.

Junior doesn't have to put off pushing a girl around a dance floor and Sis can start right in worrying about what to wear to the next dance, how to have her hair done in a special way, how to avoid dancing with the boy with the most wayward feet.

Why in the world so many mothers today can't wait for their children to grow up naturally is beyond me. But a lot of them can't.

They keep pushing and contriving and managing to make their children leave childhood behind, when they should be allowed to grow up when they want to.

And when they somehow manage to get little girls interested in permanent waves instead of dolls, and persuade little boys to dance with girls instead of roughhousing with each other, the mothers are so pleased with themselves.

They're pleased, that is, until they see their kids when they are 16 years old and getting married just because marriage is the only adult pastime they haven't already enjoyed.

"They look so cute," say the mothers who push their children into experiences they aren't old enough to want on their own.

Haggard, W. E. Aulry, James Smathers, A. P. C.ombs, Stella Wagner, Edna Daughette, Billy Washington, Jack Prather, and Jack Howard.

The next regular club meeting will be in the home of Mrs. Pearl Ferguson, 939 S. Love on Nov. 7, at 2:30 p.m.

Mrs. Hamlyn Has White Deer HDC

White Deer Home Demonstration Club met recently in the home of Mrs. John Hamlyn with the president, Mrs. Floyd Ulrich, presiding.

Mrs. Lowell Bynum presented the program on the topic, "What Makes A Woman Attractive?"

During the business meeting, plans were made for a Thanksgiving dinner.

The next meeting will be in the home of Mrs. Alvin Lewis on Nov. 4 at 1:30 p.m.

Attending were Meses. Bynum, Don Bradley, Glendon Young, Lawson Shaw, W. G. Eller, Alvin Lewis, Floyd Ulrich.

The club also met recently for a salad luncheon in the home of Mrs. Floyd Ulrich.

Attending were Meses. Don Bradley, Glendon Young, Lowell Bynum, Lawson Shaw, John Hamlyn, Jack St. Clair, Alvin Lewis, and the hostess.

The president, Mrs. Ulrich filled out yearly club reports on activities and projects of the club members.

Girl Scout Activities

Troop 5, whose leaders are Mrs. C. C. Moore and Mrs. John Holt, had a birthday party on Wednesday afternoon during its meeting. They celebrated the birthday of Juliette G. Low, the founder of Girl Scouts of America, whose birthday was on Halloween. Miss Carletta Johnson, hostess during the social hour, served a three-tiered white and green iced cake. She was assisted by Miss Patricia Collette at the punch service. The refreshment table was covered with a green cloth centered with a golden, dried floral arrangement. Miss Collette was in charge of the recreational period during which games were played.

Proceeding the social hour and mixing badge work with fun, reports were given by Miss Barbara Holt on Girl Scouting in Australia; Miss Melinda Malone on Sweden's Girl Scouts; and Miss Diana St. Clair on Guatemala Girl Scouting. These reports were given in conjunction with one of the program fields of scouting, International Friendships. Miss Johnson at the piano accompanied Miss Kim Wilson and Miss St. Clair as they sang several songs.

In preparation for Juliette Low Banks, which will be presented later in the scouting year, the Troop formed a semi-circle around a table upon which was placed a bank for their contributions to the Low bank. As each scout made a contribution, she lit a candle and placed her coin in the box with a wish that it will aid some other Girl Scout in the world.

Scouts attending the birthday party were Misses Carletta Johnson, Melinda Malone, Judy Kitto, Nancy Holt, Linda Moore, Barbara Holt, Diana St. Clair, Kim Wilson, Natalie Skelly, and Patricia Collette with their leaders, Mrs. Moore and Mrs. Holt.

There's two new Brownie Troops out in the Woodrow Wilson-Baker Neighborhood, just recently organized and numbered.

Just starting out on years of scouting fun as Brownies and members of Troop 71, whose leaders are Mrs. J. A. Simmons, Mrs. Bob Crouch, co-leader and Miss Roy Sparks, telephone chairman are: Misses Kathy Alteman, Wanda Bayless, Karen McLean, Elaine Neill, Terry Newton, Cathy Cockran, Vicki Crouch, Karen White, Sharon Simmons, Karen Jones, Jerri Vaughn, Brenda Sparks. Troop 71 will meet on Thursday afternoons after school in Woodrow Wilson School.

The other new troop, filled with bright-eyed, enthusiastic Brownies, has been numbered 81 and is led by Mrs. Robert Smith, leader, Mrs. Clyde Weaver, co-leader, and Mrs. Jim Hart, telephone chairman. They will also meet on Tuesday afternoons in Woodrow Wilson School.

New Brownies are Misses Sharon Dillingham, Jane Edgerton, Sharon Gercken, Chris Hart, Glenda Ruth Howard, Teresa Martin, Elaine Weaver, Brenda Sue York. These two new troops were organized under the direction of Mrs. L. B. Paden, Woodrow Wilson-Baker Neighborhood chairman.

Troop 36 from Highland Neighborhood reports of a fun-filled overnight at Camp Mel Davis, which started out with no electricity. But as the reporter stated, "Lanterns were lit until dependable Northwestern Public Service traced out the trouble and quickly fixed it."

Friday evening was the "most fun of all" as the girls cooked out around a campfire, told stories, sang songs and watched the stars. On Saturday morning, scouts cooked breakfast on bunny-burners, which they had made in previous troop meetings and with groceries for which they had planned and shopped. Following a flag ceremony and breakfast, the girls made centerpieces for their tables which were used for decorations at the dinner served just before leaving for home; which menu consisted of fried chicken, potatoes, salad and hot rolls.

Attending the overnight were Misses Lora Anderson, Sandra Bowen, Joye Collins, Juanita Colville, Sue Horton, Pamela King, Pat and Pam Ludeman, Adele Murphy, Jan Pendergrass, Betty Taylor, Brenda Thompson, Charlotte Moore, Paula Kitchens, Sherill Trout. Non-scouts attending were Douglas Taylor and Kim Anderson. Leaders, sharing the fun with the scouts were Mrs. Edan Taylor, Mae and Billy Anderson.

Troop 78, whose leaders are Mrs. John B. White and Mary Terrell, co-leader, have been working on requirements for First Class Rank. Ten proficiency badges are one of the requirements. Several of the scouts received part of their badges at a recent meeting. Those receiving badges were Gloria Bearden, Janie Leverich, Molly Gunter, Denise Terrell and Cynthia Plaster.

A new member, Miss Beverly Cummings, was welcomed into the troop. Miss Leverich was hostess for the Oct. 23 meeting. Attending were Sandra Beard, Gloria Bearden, Molly Cornutt, Diana Edminster, Molly Gunter, Georganne Perkins, Cynthia Plaster, Beverly Cummings, Patsy White, Joy White, Patsy Vaughn, Denise Terrell.

Troop 50 had an interesting meeting recently in the Girl Scout Little House when it had as its guest speaker, Mrs. Laddie Mayes, who formerly lived in Madrid, Spain. Mrs. Mayes, who has been in the United States for 19 months, gave the troop a view of life and customs of the Spanish people.

Following her talk, refreshments were served to the following Misses: Suzy Benton, Judy Bonner, Kathleen Dalley, Jessica Dugan, Kiowa Dugan, Cynthia Osborn, Cindy Hearn, Mary Goodwin, Bruce Ann Gordy, Martha Stuart, Dianne Hudson, Patricia Ramsey, Susan Davis, Diane Marie Farrell.

Beta Delta Wins Attendance Award

Pampa's Beta Delta Chapter received the attendance award when it met with five other chapters in this area in the annual Delta Kappa Gamma Regional in Clarendon on October 24-25.

The meeting began on Friday evening with the President's Dinner and Workshop. Mrs. Kenneth Walter, local president attended. Registration was held Saturday morning in the college auditorium, followed by a coffee by the hostess chapter.

Theme of the meeting was "In Vain We Build a World Unless the Builder Also Grows."

Dr. Madge Davis, professor of English in the Midwestern University at Wichita Falls, and state president of Delta Kappa Gamma, acted as regional director. She was assisted by Miss Sara Dunn Sistrunk, music supervisor of the Fort Worth schools and state music chairman of Delta Kappa Gamma.

Misses Mary Reeve, Claudia Everly, and Stella Kiser, who attended the international meeting in Rochester, Minn., presented a skit, "We Grow Internationally."

Among the new members initiated were Mrs. Bob Hamilton, Mrs. J. E. Gunn, and Miss Stella Kiser of Pampa.

At the luncheon meeting, Dr. Davis spoke on "Crescendo," pointing out the growth of the organization since its beginning twenty-nine years ago and challenging the members to strengthen their profession in the future. "Strong minds, true faith, and ready hands would help," she stated. "Look to this day." Dr. Davis advised, "for it is life. There is a way for every man. May we all have the courage and faith to give our youth an appreciation and inspiration that today is our life."

Exemplar Chapter Has Card Party

Exemplar Chapter of Beta Sigma Phi Sorority met Monday night in the home of Mrs. S. M. Chittenden, 2417 Christine.

Halloween decorations were used on the individual tables. The serving table was covered with a brown linen cloth centered with pumpkins and Halloween horns. Coffee and cookies were served by the hostess assisted by Mrs. Yvonne McCracken.

Card games comprised the evening's entertainment.

Attending were guests, Misses Frances Sealey, Jack Vaughn, Ted Knox, Wanda Keefe; and members, Misses Gerry Carruth, Bob Keller, Bryon Hilbun, T. L. Stone, Jim Poole, Hansford Ousley, Joe Fischer, Stanley Simpson, John Phelps, Jack White, Thelma Bray, Road.

GREEN PEPPER MAGIC

Unusual is the word. If in a dilemma concerning leftover cooked beef, try this handy idea. Remove tops and seeds from green peppers and simmer peppers 5 minutes in salted water. Combine

Jeff Truly, S. M. Chittenden, and Yvonne McCracken.

The chapter's next meeting will be held on Nov. 10 at 8 p. m. in the home of Mrs. Phelps, 1037 Huff Road.

Gray Ladies Are "Capped" At Coffee Given By Service Groups In Library

A Service Groups' Coffee was given Wednesday morning in Lovett Memorial Library attended by 45 Gray Ladies and Staff Aids. John Gikas, Red Cross Chapter chairman, welcomed the group and presented Mrs. Lorene Locke, Chairman of Volunteers, who had charge of the program.

Mrs. Libby Shotwell, Red Cross executive director, distributed hospital schedules to the Gray ladies and spoke of the importance of each member taking her assigned day. She also spoke of the Gray Ladies activities such as transportation of Senior Citizens

FOR LOVERS of eggplant, this stuffed eggplant recipe is a meal in a dish. Sausage and seasonings make the difference.

COOK'S NOOK

Stuffed Eggplant Calls For Instant Minced Onion

By GAYNOR MADDOX
NEA Food and Markets Editor

Like eggplant? Then try these particularly good recipes. We've found them delicious.

STUFFED EGGPLANT
(Makes 2 servings)

One-half pound pork sausage, 1 medium-sized eggplant, 2 large tomatoes, 2 tablespoons chopped green pepper, 2 tablespoons instant minced onion or 1/2 cup finely chopped raw onion, 1/2 teaspoon garlic powder or 1 minced clove garlic, 1/2 teaspoon salt, 1/2 teaspoon mixed Italian herbs, 2 tablespoons dry bread-crumbs, 2 tablespoons grated Parmesan

Mrs. Wilson Has Rho Eta Chapter

Rho Eta Chapter of Beta Sigma Phi Sorority met Tuesday night in the home of Mrs. Elmer Wilson, 1340 Terrace Drive. The business meeting was led by Mrs. Jack Florence after opening ritual was repeated.

The chapter voted to have a joint Ways and Means project with Upsilon and Exemptia chapters working through the City Council. City Council report was given by Mrs. Charles Duenkel Jr.

Mrs. Bill Terry, ways and means chairman, distributed Stanley products to members and reported on this project.

A dinner-dance was planned for November to be under the direction of Mrs. Bill Gablemann, social committee chairman.

Mrs. H. L. Meers, program chairman, introduced the guest speaker, Mrs. Glenn Fleming, whose topic was "What An Audience Sees In A Speaker."

Attending were Mmes. Jack Florence, Bill Terry, Earl Luther, Wade Court, Hart Warren, James Deaton, Bill Duncan, Bill Tarpley, Ray Jordan, R. D. Dunham, Bob Armstrong, Jim Terrell, Charles Duenkel Jack Tabor, Chester Huff, A. C. Parsley, H. L. Meers, Sharon Gibson and Miss Lillith Martin.

The next meeting for Rho Eta will be on Nov. 11 in the home of Mrs. Jim Wallace, 504 Powell.

WONDER FAX

BIRTH OF PENICILLIN

THE GREAT GERM KILLER, Penicillin, was found by accident. A spore of the mold, penicillium, fell on Alexander Fleming's laboratory dish while experimenting. However, not all of the modern antibiotics were discovered by chance.

WE CAN SUPPLY YOUR BABY'S SPECIAL NEEDS TO SUIT YOUR BUDGET.

RICHARD DRUG
111 N. Cuyler
Phone: MO 5-5747

and from their parties each Thursday afternoon; visiting the shut-ins in the community and of the work being done in the dental clinic by Mmes. Jack P. Foster, Harry Hoyer, Roy Kristeiner, W. J. Ladd, Fred Ammender and W. B. Herr. "Often," Mrs. Shotwell said, "Gray Ladies are called on by the hospital to do special duty; this does not mean that they are nurses but they simply relieve the families; stay in the rooms and contact nurses when they are needed."

Mrs. Shotwell also spoke of the need for each Gray Lady to re-

turn her schedule card for reporting hours worked each month. "I have urged every Gray Lady to do this so that our records may be kept complete, which will assist with the efficiency of the program."

Mrs. Locke told of the change in the Gray Lady uniform and the following ladies modeled the different types of uniforms: Mrs. Roy McKernan who worked as a Gray Lady during World War II wore the uniform of 1940, a summer dress of grey seersucker with white collar and cuffs; Mrs. Dave Finkelstein modeled the long-sleeved uniform that was introduced in 1950; Mrs. Ted McGuire modeled the companion short-sleeved uniform that was worn in the summer-time or could be worn the year-around.

Mrs. Locke went on to say that this year a new fashion in Gray Lady uniform was being introduced. "It is grey, pin-striped dress of dacron and cotton". Mrs. Ammender modeled the new short-sleeved uniform and Mrs. Hoyer modeled the long-sleeved dress.

In commenting on the uniforms, Mrs. McKernan, Gray Lady chairman, urged each member to wear her cap on the back of her head, "nurse fashion"; white shoes or walking brown or black ones, but that white ones are preferred; "no earrings or costume jewelry is worn with the Gray Lady uniform that would detract from its simplicity and beauty," Mrs. McKernan said.

Receiving their caps in exercises conducted by Mrs. Doris Hebert, head nurse at Worley Hospital, were Mmes. Floyd Scott, Charles Goettsch, Fred Vanderburg, James Lewis, G. E. Tinnin, and Herbert Whitener. They were also presented pins and certificates by Mrs. McKernan.

This year Staff Aids were invited to take part in the Service Groups Coffee and were introduced by Mrs. Locke; Miss Ruth Huff, who modeled the blue staff aid uniform, Mmes. W. E. Campaigne, Doyle Osborn, W. B. Nellis and the newest addition to the group, Mrs. H. L. Gregory.

Receiving special commendation for the number of hours each has worked during the past year were Mmes. Euna Lee Moore, who has worked 200 hours of voluntary service since 1957; also commended were Mrs. Carl Boston, Mrs. C. E. Jeffries and Mrs. J. L. Bani.

Mrs. McKernan was in charge of the refreshment table, which was covered with a white cloth appointed with silver and featured a horn-of-plenty filled with grapes and straw flowers. Mrs. J. B. Townsend presided at the coffee service. Others assisting with hospitality were Mrs. Jack P. Foster, Mrs. H. M. Luna, Mrs. Walter Purviance worked in the Red Cross office during the time of the coffee.

During a brief business meeting, Mrs. H. Ted McGuire was elected Volunteer Gray Lady chairman to succeed Mrs. McKernan for the coming year.

New Hampshire first was settled in 1623, just three years after the landing of the Pilgrims. The settlement was made at Oronoke's Point, now the town of Rye.

EGGPLANT AND LAMB KEBABS

Cut lean lamb into 1/2 - inch cubes. Peel eggplant and cut into 1/2-inch squares. String alternately on skewers. Brown in butter or margarine. Place in baking pan. Sprinkle with salt and black pepper. Top each with a tomato slice, sprinkle with salt and black pepper and dot with butter. Bake in a 350-degree F. oven 1/2 hour.

Tomorrow's Dinner: Stuffed eggplant, crisp rolls or French bread, bowl of mixed greens and sliced raw vegetables, oil and lemon juice dressing, fruit bowl, orange layer cake, coffee, tea, milk.

DEAR ABBY...

By Abigail Van Buren

DEAR ABBY: I have a problem that is so terrible I don't know where to go with it, so please answer me in the paper. I have been married for nine weeks and I am still a "niss". My husband looks for excuses so he won't have to be a husband to me. I don't know what is the matter with him. When I try to show him some affection he starts to get red and his hands shake. He is a clean-cut, church-going man of 32 and I am 26, but I think he believes there is something wrong with married love. He would die before he went to our preacher with his problem but what am I going to do?

STILL A MISS

DEAR ABBY: If your husband refuses to see his clergyman (which would be my first suggestion) perhaps he will see a marriage counselor or a doctor. He has to be convinced that some of the ideas he has grown up with are wrong. He needs professional help and I urge you to insist that he go at once. Good luck.

Impressive Rites Installs Officers

Christian Women's Fellowship of the First Christian Church met in the Fellowship Hall recently for a business meeting and installation of new officers. Mrs. W. G. Kinzer opened the meeting with prayer.

Mrs. Jim Cunningham, president, reported that eleven duffel bags of clothing and shoes were mailed to United Missions for Overseas distribution. She announced a luncheon will be served on Nov. 3 for the Sunday School Teachers District School of Instruction, which will be conducted in the church here.

Mrs. John Zuerker introduced Mrs. R. A. Mack, who installed the officers and group leaders of the CWF. She used an original installation service written by Mrs. Woodrow Adcock, First Methodist Church minister's wife.

A large white cross decorated with small crosses served as a focal point symbolizing an important part in missionary work. As each officer was presented a small cross, a rosebud was pinned on the large cross, finally forming a red and white background.

The meeting closed with the group singing, "The Way of the Cross."

Officers installed were Mmes. John Gill, president; Glenn Nichols, first vice president; Jim Cunningham, second vice president; A. Sturgeon, secretary; John Zuerker, treasurer; Frank Hogsett, Eula Meers, Roy Tinsley, service chairman; Roy Williams and G. I. Harkrader, banquet chairmen; W. F. Taylor, program chairman and Fred Tinsley as devotional chairman.

Group Leaders are Mmes. Le-Land Finney for McGough; Mrs. G. I. Harkrader for Smiley; Mrs. Lester Mason for Brummett; Mrs. A. Sturgeon for Cherrymores; Mrs. Bill Craig for Cuppy; Mrs. Walter Bailey for Sharp and Miss Pearl Spough for B&PW.

Group Leaders are Mmes. Le-Land Finney for McGough; Mrs. G. I. Harkrader for Smiley; Mrs. Lester Mason for Brummett; Mrs. A. Sturgeon for Cherrymores; Mrs. Bill Craig for Cuppy; Mrs. Walter Bailey for Sharp and Miss Pearl Spough for B&PW.

Dorcas Class Has Halloween Party

Dorcas Class of Central Baptist Church met with Mrs. Earl Griffin for its October business meeting. Mrs. G. C. Stark led the opening prayer. Mrs. J. F. Webb gave the devotional using as her theme, "Willingness."

Mrs. R. F. McCall directed games for guests who were dressed in Halloween costumes. Refreshments of pumpkin pie and coffee and punch were served. Attending in addition to those already mentioned were Mmes. C. C. Miller, A. J. Holligan, E. B. Davis, C. L. Reeves, Marvel Rake, J. L. Becker, Albert Taylor, J. H. Jackson, J. H. Anderson, and Margie Salsman.

WS Guild Meeting In Methodist Church

CANADIAN (Spl) — The Wesleyan Service Guild of the First Methodist Church met in the church recently with Mrs. Harry McEwen as hostess.

The business meeting was conducted by Mrs. Vera Morehead, president. The program was in charge of Mrs. Grace Spiller. Those participating on the program were Mmes. Wilbur Killbrew, Celia Roe, James Price, and E. E. Campbell.

Others attending were Mmes. W. A. Kessie Jr., Virginia Whipple, A. S. Jackson, Erbin Crowell, C. O. Holman and Jack Parsons.

ONLOOKER

DEAR ONLOOKER: This father not only gave the bride away, but he gave himself away. He's got enough gas to be divided into three parts.

Confidential To "End Of Rope:" The fat is in the fire. Now, do it up brown.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

White Deer Circles Meet For Study

Kezzie Mae Circle of the White Deer First Baptist Church Women's Missionary Union met Tuesday in the home of Mrs. E. J. Keith in White Deer.

Mrs. Lansin Osborne, circle chairman, was in charge of the business meeting.

Mrs. C. R. Pickens presented the program, "Red Letter Days In The Baptist Jubilee Advance." Mrs. Ramming led the opening prayer and Mrs. Eugene Richardson the closing prayer.

Attending were Mes. C. L. Nicholson, C. R. Pickens, Lansin Osborne, Eugene Richardson, Jay Phillips, Rick Ramming.

Apple pie, coffee and tea was served during the social hour by the hostess.

Little Moon Circle met on Thursday with Mrs. Alvin Adams as hostess. Bible study—"Healing of the Blind Man"—was presented by Mrs. W. Carey. Opening prayer was offered by Mrs. Glenn Robertson and closing prayer by Mrs. Andy Simon.

Attending in addition to those already mentioned were Mes. David Yates, Felix Ryals, T. A. Ingram, Arnold Doss, Ted McCurley, James Quinn.

Las Cresas Club Plans Rummage Sale

Miss Judy Smith was hostess to the Las Cresas Club on Tuesday evening in her home. Miss Carolyn Wallin, president, presided during the business meeting as it was reported that a building located at 301 S. Cuyler had been rented for a rummage sale to be sponsored by the club on Nov. 8 beginning at 9 a.m.

The Christmas Float committee reported on plans for the float to be entered in the annual Christmas parade.

A telephone committee was appointed to inform members of meetings.

Refreshments were served during the social hour by the hostess.

Barrett WMS Has Study-Luncheon

Women's Missionary Society of Barrett Baptist Mission met Wednesday for study and luncheon.

Mmes. Mike Porter, Bob Powell, and Kenneth Lister reviewed the book, "Into A New World," the study of southeast Asia.

Luncheon was served at noon with the theme centered around Southeast Asia. Luncheon arrangements were under the direction of Mrs. Howard Marlar, social chairman. The group will meet next on Nov. 5 at 9:30 in the church for a Royal Service program.

Preferring Freedom To Fame Actress Now Pipes Jazz To Folks Back Home

By ALICIA HART
NEA Staff Correspondent

WASHINGTON (NEA) — Each day Voice of America fans in Czechoslovakia eagerly listen to one of their favorite actresses speak from a radio control room in Washington. But the words they hear from Libussa Kopstein-Penk have no resemblance to her dramatic lines which once erupted thunders applause in the theaters of Prague.

They are words like "downbeat," "Count Basie" and "hi-fi"—the synonyms of American jazz.

Preferring freedom to fame, Libussa — she's known to her VOA pals as Libby—fled to the U.S. after the Communists took over Czechoslovakia. Today, she's considered one of the VOA's best newscasters and a pretty hep gal when it comes to explaining jazz to foreigners. Libby runs a 10-minute jazz news show each day which is beamed to countries behind the Iron Curtain.

"My main interest is to give information concerning everything about jazz," she explains in an enthusiastic voice which handles English with both charm and ease. "People know quite a lot about jazz all over Europe and are especially interested in it in Czechoslovakia." She was born in Yugoslavia, but her father moved the family to Prague a few years later.

Libby, her blue eyes alert and sparkling, insists that she is no expert on the subject. But friends, who have seen the stacks of LP jazz records in her home find this hard to believe. Even Libby, herself, doesn't know how many records she owns. She can only say that they would provide "hours and hours of music."

Libby explains that she became interested in jazz while she was in Austria, her first stop after fleeing the Czech Communists. "I was surprised that I hadn't heard more jazz programs," she explains. "I got so interested that I started to study the history of the music and listen to it much more frequently."

But a few years earlier, the blonde, trim beauty would have been amazed if someone had suggested that she could be interested in anything but the theater. For almost 10 years it had brought fame and the admiration of thousands of European theatergoers.

Libby explains that her stage career was completely unexpected. Although her father was an established actor and director, she didn't care anything about the theater as a child and wanted to be a doctor.

But soon after she was graduat-

Pretty Libby holds her script in a Washington radio control room before going on the air.

ed from high school, the Germans invaded Czechoslovakia and the universities closed down. Libby refused to go to a Nazi school.

She explains that during her last year of high school she had won a nationwide speech contest. So she decided to try acting since her chances of becoming a doctor were ruined.

Her father helped to get her a part in a play which opened in Prague. A few months later the leading actress quit the stage company to have a baby and Libby was given her part. From then on, she explains that she always seemed to be able to land starring roles.

The end of her acting career began when the Communists took over Czechoslovakia and started infiltrating into theater groups. "During the Nazi occupation," she explains, "actors knew who was a spy and who wasn't. But you never knew under the Communist regime. The uncertainty was terribly demoralizing." She explains that the theater suddenly turned into just another organ for promoting Communist propaganda.

But what cinched her decision to leave Prague was her unwillingness to have her small son grow up under a Communist dic-

torship. Libby won't talk much about her escape. The most that she will ever say is that she made it, and that she's glad she did.

TRY A CLASSIFIED AD?

Stephen F. Austin To Hear Review By Mrs. F. Kelley

A book review of Robert Paul Smith's best-seller, "Where Did You Go?" "Out," "What Did You Do?" "Nothing," given by Mrs. Frank Kelley will be the high-light of the regular Stephen F. Austin PTA meeting in November. The date has been changed from the regular second Thursday of the month to the first Thursday which will be November 6 at 2 p.m. in the school auditorium.

School children of attending parents will be shown a film in the cafeteria. A competent baby-sitter will care for two-three-four and five-year old children in the nursery, located in the room adjacent to D. W. Bigger, the principal's office. The executive board will meet on that same day at 1 p.m.

Mrs. Berg To Be Guest Speaker At Holy Souls Council

Mrs. J. J. Berg of the St. Francis community will be the guest speaker at a meeting Tuesday evening, November 4, of the Parish Council of Holy Souls Catholic Church. The group will convene at 8:15 in the Parish Hall.

Topic of Mrs. Berg's talk will be "Rural Life". She recently conducted a workshop on this theme at a meeting of the Diocesan Council of Catholic Women in San Angelo.

Prior to the Parish Council meeting and program, the Home and School Association will meet at 7:30 in the Parish Hall and the Altar Society meeting will be held at 7:30 in the school.

First U. S. treaty with Japan was negotiated by Matthew Calbraith Perry in 1854.

"My Electric Range Gives Double Satisfaction!"

says Mrs. Clyde Rice
2110 FAIRFIELD, AMARILLO, TEXAS

"As this is my second electric range, I know from experience that electric cooking gives me double satisfaction. I get the satisfaction of seeing my family eat good, properly-cooked foods. And then, for a mother, perhaps an even greater satisfaction in seeing my daughter, Linda, baking cakes and learning the fine art of cooking in the easiest and safest way, electrically."

The Pampa Daily News

YOUR FREEDOM NEWSPAPER

We believe that freedom is a gift from God and not a political grant from government. Freedom is not license. It must be consistent with the truths expressed in such great moral guides as the Golden Rule, The Ten Commandments and the Declaration of Independence. This newspaper is dedicated to promoting and preserving YOUR freedom as well as our own. For only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

SUBSCRIPTION RATES

Published daily except on Sundays and Public Holidays. Attention: Editor, Pampa, Texas. Phone MO 4-7525 all departments. Entered as second class matter under the act of March 3, 1879.

Final Effort In UF

As the drive for the United Fund enters its final phase, it becomes increasingly important to all of us that the necessary \$64,000 required to meet the goal be turned in soon. This effort on the part of community leaders of the city to bring a "one-shot" campaign for charitable organizations is too important to let go by the boards for such a relatively small amount. The reason such leadership has been available for the campaign makes good sense, both to the organizations and agencies which will benefit and to the community as a whole. These leaders are not able to take the time and energy required to make campaign after campaign for the same sort of work that can be done in one concerted effort if there is cooperation on the part of the general public. None of us want to see the

Five Fallacies

We are indebted to the Special Committee on Communist Tactics, Strategy and Objectives, and to Senator Styles Bridges of New Hampshire. The committee has made a report on the recent and current status of communism in this nation and the senator has managed to get the report into the Congressional Record. The principal merit of the report, as we see it, is that it lists four of the major fallacies presently in vogue respecting communism. Our readers should be interested in these points. Fallacy number one: "Communism in the United States is dwindling in power because the party is dwindling in numbers." Here is the committee's answer: "This popular belief shows a complete misunderstanding of Leninism. Lenin's great contribution to communism was his principle of the dedicated few. He coined the expression, 'the fewer the better.' He originated the party or professional revolutionaries subject to military discipline. He rejected the idea of a popular party, and enunciated the principle that no one should be given party membership unless he was under discipline. This is how Lenin was able to establish communism with only 17 supporters and to take over Russia with only 40,000." Fallacy number two: "The Communist Party is just another political party." Answer: "It has been indisputably established by the hearings of the Subversive Activities Control Board in 1951 and 1952, by 20 years of investigation by congressional committees, and by the prior decision of the Supreme Court in Dennis v. United States and in American Communications Association v. Douds, that the Communist Party U.S.A. is not just a minor political party like the Prohibition Party. In the Dennis case, Chief Justice Vinson rightly described the Communist Party as 'a highly organized conspiracy, with rigidly disciplined members subject to call when the leaders, these petitioners, felt that the time had come for action.'" Fallacy number three: "Poverty breeds communism." Answer: "This is the false 'stomach' theory of communism. Communism is not a disease caused by an empty stomach; it is a disease of the mind and soul. Com-

The Doctor Says:

Dr. Edwin F. Jordan

There are occasions when it is advisable to give patients injections directly into the blood stream through the veins (intravenously) rather than by feeding drugs or other substances, or by muscular injections. There are two principal reasons why this is done: either because quick action is desired or because the substances, due to their nature, cannot be mouth-fed or injected intramuscularly. Some diseases can be treated best by intravenous injections. There are, for example, a number of chemical agents which are poorly absorbed or irritating if they are introduced into the body in any other way. In spite of this fact it is my impression that intravenous treatment is not as often necessary today as it was in the past. Injection directly into the veins has increased so far as the use of other substances is concerned. Perhaps the most dramatic of these is the increased use of blood transfusions. Of course, those who

BETTER JOBS

By R. C. HOILES
The "Free Rider" Claim

Dan Smoot in his "Report" on "Unionism Versus Freedom" under the sub-head of "Free Rider" has the following to say: "The Unions' Case Against the 'Right-to-Work' Laws" labors the "free rider" argument, which is probably the most vicious and sinister of all union arguments.

"The 'free-rider' argument holds that because a union gets benefits for all employees, all employees should be forced to support the union; employees who get the benefits of unionism without paying dues are getting a free ride at the expense of union members. Unions call these sturdy Americans who want to be left alone many harsh names: moral parasites, scabs, spies, traitors, union-busters.

"Unions claim it is a heavy burden on them to bargain for employees who do not pay union dues.

"Actually, contract negotiating is about the least expensive of all union activities. Unions spend most of their money on political lobbying and propaganda—and on slush funds for union officials.

"Moreover, it was unions who demanded this monopoly of bargaining which they now claim to be such a burden.

"Unions are not content to go into a company and sell their services on a voluntary basis, to employees who want to buy, permitting employees who don't want union membership to do their own individual bargaining.

"Unions know they would get nowhere in a system like this. Not very many employees would willingly buy union services, because an able and ambitious employee, if permitted to apply himself and work as hard as he wants to, could get ahead much faster on his own than by being tied down to the general average of mediocrity which union bosses require.

"So, union bosses demanded a law which would give them exclusive bargaining rights for all employees in a plant where they can get a bare majority of employees to vote for the union. They got it (in both the Wagner Act and the Taft-Hartley Act); and now they claim they are imposed on if the employees who don't want their services are not forced to pay for them.

"The truth is, as Donald Richberg points out in his fine book 'Labor Union Monopoly' (Henry Regnery Company, Chicago, 1957):

"The unions took away by law the right and freedom of individual employees to contract for themselves—and now the unions demand that non-members be compelled to pay for having their freedom of contract taken away and exercised against their will. The non-member is not a 'free rider'; he is a captive passenger."

"Throughout the unions' 'Case Against the 'Right-to-Work' Laws', there is emphasis on this communistic-socialist notion that unions should have the power and prerogatives of government itself; it is contended by the union: They write:

"There can be only one government representing citizens and by law, there can be only one union representing a given body of employees. At one time in our nation's history, both police forces and labor unions were private organizations in the sense that both were free to deny their services to those who refused to pay in advance.

"Changes in our society now require that police protection be made available to all citizens, whether they order it or not. When police protection was made available and imposed by law upon everyone, the cost of operating a police department was imposed upon all citizens within the geographical unit in the form of taxation.

"It is equally just and reasonable with union protection required by law to be made available to every employee, that all members of the industrial unit pay for the cost.

"The answer to the problem of dishonest officials (the they union, city or state officials) is not to put tax (or dues) paying on a voluntary basis. The answer... is greater participation and interest in the affairs of government (be it union, city or state government)..."

"Just as tax paying stimulates an interest in local government, dues paying stimulates an interest in union government."

"And on Page 82 of the unions' 'Case Against the 'Right-to-Work' Laws:

"The good of the many is of greater moral value than the good of the individual."

"This is what Hitler said a thousand times: 'The individual is nothing; society is everything; hell Hitler!'"

Nearly \$380,000,000 was spent for foreign cars in the United States during 1957, almost double the 1956 figure.

eight weeks without any food taken by mouth. Such a protein preparation was injected intravenously, together with sugar and salt solutions to supply other types of energy and fluid.

Intravenous treatment has an important place in medicine. It can be used to give substances which cannot be absorbed into the body in any other way and is thus of great importance in many forms of treatment.

At least one case is on record where a patient was kept alive for

Man Kicks Mule

Robert Allen Reports:

Next Moon Shot Is Coming Up Quickly

WASHINGTON — Next shot at the moon is now slated for the weekend of November 7-8. There may be more than one of these "lunar probes."

The Air Force will definitely make its third try with an improved PIONEER. That has been authorized, and preparations are in full swing for this firing at the Cape Canaveral, Fla., missile center.

The Army is still awaiting Decision Secretary McElroy's decision on whether it, too, will attempt to shoot the moon next weekend.

Previously empowered to undertake two lunar probes, the Army is all set to do so if given the go-ahead signal. Composite vehicles, of the Army's successful REDSTONE and JUPITER ballistic missiles, are ready for this purpose at Cape Canaveral.

Meanwhile, Central Intelligence Agency is warning there is strong likelihood Russia will shoot the moon during the November 7-8 period.

In a special report to the White House and Pentagon, CIA stresses: (1) Next weekend is the 41st anniversary of the Bolshevik revolution, which the Reds always celebrate elaborately; and (2) the Soviet has long had the capability to launch a lunar rocket.

The Army's prospects for next weekend are uncertain. Roy Johnson, director of the Advanced Research Program Agency, favors delaying the Army's moon shot until December. He is credited with recommending that to Secretary McElroy.

Two principal improvements in the PIONEER with which the Air Force will make its third lunar probe are: Addition of a new series of "position boosters" to considerably increase the 150,000 lbs. first-stage thrust of the 88 ft. missile. That was the maximum thrust developed in the combination THORABLE missiles the Air Force used in its two unsuccessful moon shots.

Installation of a new master switch in the so-called "payload rocket." Malfunctioning of this key switch is now deemed the cause of the failure of this rocket to separate from the third stage of the ineffectual PIONEERS.

Dual purpose of the additional "position boosters" is to attain a speed of 25,000 mph, and to "complete the burn-out" (consume all the fuel) of the first stage of the missile. Top speed of the first two PIONEERS was around 24,000 mph, and much of the fuel was not utilized.

Initial reports on the second PIONEER, fired October 11, indicated extreme cold temperatures caused the failure of the "payload rocket" switch. Subsequent studies disproved had, and a different type switch was devised.

As previously, it will be triggered from a ground station in Hawaii.

Official mission of the Air Force's forthcoming third lunar probe is as follows:

(1) To reach an escape velocity from the earth's gravitational field. (2) Obtain data, using special tracking stations developed for the lunar probe program, during the flight of the test vehicle out of the earth's gravitational field and into space to a distance of approximately 250,000 miles

Three In A Sports Car Ain't Possible!

By HENRY McEMORE

The saddest words of tongue or pen, He loaded a sports car— Then couldn't get in:

There's more truth than poetry in the above, as I found out when I made a practice pack for an upcoming cross-country trip.

Three in a sports car is not a crowd — it's impossible. The designer of our machine never had a baby, or if he did, he had worked out some method of sending the baby by parcel post when he traveled.

Our departure will be delayed until a room can be added to the car, or Mary and Megan become acclimated to riding outside, lashed to the top.

Only a 32nd degree optimist would have gone to the bother of making a practice pack as I did. Once he had looked at the pile of luggage and found it to be larger

than the car, a logical man would have said, "This won't work," and gone ahead and called the bus company for three window seats.

It is incredible the amount of stuff a three-month-old baby needs to cross the United States. No wonder the pioneers used ox-carts and Conestoga wagons to open up the West. If they had tried to go by sports car there wouldn't be a baby out there to this day.

Megan isn't a fussy dresser—in fact, she cares very little for clothes — but Gloria Swanson, at her most movie-queenish height never required so many.

In packing, I gave the baby's stuff top priority. It went in first, and by the time her bed, diapers and covers were in, a squirrel would have had a hard time getting an acorn in the back seat. It was then that Mary brought out the sterilizer, a witch's cauldron of a pot, easily half as big as the car's motor. I thought I had this problem solved when I found that the sterilizer fit snugly in the bed, but was brought back to earth by Mary's reminder that Megan was going to do the sleeping, not the sterilizing.

It was then that I thought of writing Dr. Spock to inquire if it were possible for an infant to stand up most of the time while crossing the continent.

Finally, I got all the baby stuff within the two doors. I felt good about this, even though both front seats were piled high and there wasn't an inch for Mary or me.

"The car handles beautifully," Mary said, "but not so beautifully that someone doesn't have to be behind the wheel every now and then. Maybe you could borrow another car and we could pull ours along behind."

That's an idea, but somehow I feel we'll all three get in. Maybe Megan can sleep in the sterilizer and we can get rid of the bed. Maybe she'll pull a miracle and not need any diapers. Maybe I'll lose my false pride and not take any clothes of my own, but tuck in a lion cloth and Ivy league cap. We'll see.

Subversion by spending

The summer vacation time is past, but Americans are still on a long vacation from reality. They have been on this vacation for years, and not yet has the nation paid the first installment on the bill for its playboy activities.

The long vacation, which will surely prove so costly to the republic in the decades ahead, began at the end of World War II. In 1945, American might was the measure of strength in the world. Devotion to the ideals of the republic was demonstrated in the willing sacrifices of soldiers, sailors and marines. The enormous capacity of our free enterprise business system had humbled totalitarianism. In all things and all places, the United States led the world.

Today, after an orgy of folly, much of the glory has departed. The realities facing the nation, in a world in which communism is a giant force, are ignored and many of our so-called leaders of free nothing save glittering platitudes.

Somehow our free institutions, which enabled us to win battles from Normandy Beach to Iwo Jima, have been smothered. We need to look at the hard facts. We need to see that the forces of collectivism have grown immensely powerful abroad and, worse, at home. We shall not regain our full strength and our old freedom until we wake to this reality.

Such weakness and loss of freedom that we suffer is the result of the efforts of native collectivist, the Dealers, the "liberals" who have sought to build up their power by placing crippling restrictions on the forces of freedom and our free economic system. The Dealers are the hidden socialists who profess to believe that if government becomes tremendously strong it will be used for idealistic ends.

But the fact is that power corrupts. The last 13 years of American history demonstrates that, "Liberals" in the State Dept., advocates of "agrarian revolution" as they called it, helped pave the way for a communist victory in China. Free enterprise ideas of foreign trade have been buried under international agreements that make trade a government-directed activity. Both major political parties became infiltrated, at the national level, by men who are not committed to the Constitution. Conservatives have been driven out of Congress into our educational system and even into our churches.

The weakening of this country, the assault on free enterprise and other free institutions, has been achieved with funds supplied by the taxpayers. We have been paying through the nose to have our freedom tampered with by bureaucrats who reject individualism. Our foreign policy has been surrendered to an international organization. The President asks that our money be given away by hired agents of an 81-nation body.

It is time for conservatives in the United States to break through the conspiracy of silence and accepted opinion. It is time for patriots to protest as they have never protested before against using our money to brainwash us on domestic and foreign issues. We don't need any costly cultural exchanges with a nation to whom culture is a propaganda device. We don't need to pay the bills for organizations that attack capitalism and endorse us. We don't need to underwrite nations that scorn our ways.

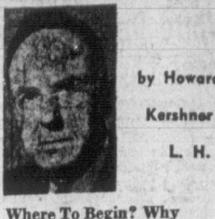

More than that, we need to tighten control over spending in our own nation. Too much money has been the undoing of our own government. The collectivists who

It's Up To You

Where To Begin? Why Not The 1938 Ag Act!

Patriots who would de-socialize our country often ask "where can we begin?"

A good place to start would be to repeal the Agricultural Adjustment Act adopted in 1938 under the leadership of the Moscow-trained Communist, Harold Ware, and other Communists and Communist sympathizers.

The American Farm Bureau Federation, the largest of our farm organizations, is doing everything within its power to get the government out of agriculture. We believe his powerful group would support a move to repeal AAA.

A second move would be to sell to private enterprise the 700 large business corporations and many thousands of smaller ones now owned by the government. Enough money could be realized from such sale to retire a substantial portion of our national debt. The saving on operating expenses would amount to a great many billions of dollars each year. Some students of the matter say it would save enough to cancel the individual income tax without loss of revenue. This leads to the third step.

Abolish the progressive income tax so that all of us would pay the same proportion of our income to finance whatever government expenditures Congress authorized.

A local Democratic convention in Ector County, Texas pointed out a few weeks ago that the graduated income tax "is a tax on ability and initiative and as such is immoral." It declared the truth that "the graduated income tax is a part of the Communist scheme to destroy our free enterprise system," and that it "is making criminals out of otherwise honest U.S. citizens."

The resolution went on to state that this tax "has made possible the fantastic growth of Federal government intervention into every phase of every citizen's life and has provided the funds that have underwritten most of the socialistic schemes of the Federal Government."

These Ector County patriots alleged truthfully many other reasons why the progressive income tax should be repealed.

If the above three measures could be accomplished we would be well on the way toward vanquishing the socialism that is destroying our prosperity, and our freedom.

Far too much defeatism is expressed by people who say "it cannot be done." A businessman said recently, "we're in a great swing that's taking us 'way over to the left into socialism and there's nothing we can do about it." He declared that people with good sense would float with the tide, try to profit by it, and float back when the tide turns. He did not stop to think that the idea might not turn for another long period of dark ages.

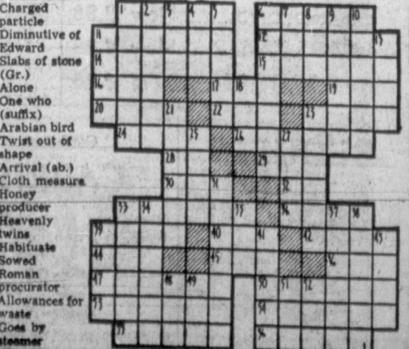

Will the American people accept this defeatist philosophy? We think not! We haven't yet begun to fight and, if we are worthy of the blood our fathers shed to endow us with freedom, we shall turn our back on such craven, cowardly talk and dedicate ourselves to re-winning our inherited freedom and to passing it on unscathed to our descendants. The blessing of God will be upon us if we pledge ourselves to that task, but God rarely helps those who will not do their best to help themselves.

G. M. WALKER ... 85 years

Walker With Shell 25 Years

G. M. Walker, senior clerk with Shell Oil Company at Bryan Plant No. 17, Skellytown, celebrates his 25th anniversary this month.

He began his career with the company in 1923 at the Arkansas City refinery as an operator and was transferred to Pampa in 1931.

Mr. Walker was born and raised in Oklahoma and Mrs. Walker is a native of Kansas. They are active in church and social activities. Also enjoy their trout fishing in the mountains.

Mr. and Mrs. Walker reside at 832 N. Nelson St., Pampa, and are the parents of two children, Gerald Jr. who resides with his wife and two children in Denver, Colo.

The daughter, Geraldine, wife of Major Aaron C. Staats (USAF), with their two daughters reside at Montgomery, Ala.

Gulf Honors Vet Pampa Employees

During a banquet held at Hotel Texas last week, ninety-eight employees of the Gulf Oil Corporation, Fort Worth Production Division, in the 25 through 40-year groups were presented with service awards for long service with the company.

Diamond and ruby lapel emblems and engraved certificates were presented to employees as a token of appreciation of long and loyal service.

The ceremonies were part of a Division-wide program for recognition of its veteran employees. Altogether this year, 195 employees in New Mexico, West Texas, the Panhandle and North Texas received service awards.

Employees became eligible for service awards after completing ten years' service and forty-four with 25 years' service.

Principal speaker at the presentation ceremonies, which were attended by wives of the awardees, was Gulf Oil Corporation Division Manager, H. M. Bayer.

This marks the nineteenth year that Gulf has honored its veteran employees.

Residents of Pampa thus honored were: W. B. Hask and H. H. Threat for 35 years; M. T. Buck and A. M. Nash for 30 years; and E. B. Davis, C. F. McGinnis and Martin Stubbs for 25 years.

Agriculture Dept. Releases Outlook Reports This Month

By GAYLORD P. GODWIN United Press International

WASHINGTON (UPI) — The Agriculture Department will release this month its economic outlook reports for 1959.

The reports will be reviewed and discussed exhaustively here during the department's 35th National Agricultural Outlook Conference, Nov. 17-20.

The meeting will bring economists of the land — great states together with officials from the department and other government and non-government groups.

These agricultural experts will analyze thoroughly the economic situation of the nation's agriculture and forecast probable economic conditions for the coming year. They will make specific predictions for each of the major farm commodities.

Aid to Farmers
Most reports will have been published by the time the conference opens. An important one — the farm income situation and outlook — will be released during the conference. The economists at the meeting thus will be able to correlate various commodity situations to that of farm income, probably the most important factor in farm life.

The information in the reports is assembled as an aid to farmers in adjusting their operations to the current economic situation. It also serves to give marketing agencies some idea of what to expect in the coming year. Also, it will give the consumer an idea of what he may expect in the way of food, feed, and fiber supplies — and at what general cost.

The outlook for agriculture is a year-round activity of the agricultural marketing service here and the extension services of most states.

In Washington, a staff of trained economists and statisticians is employed full time to develop and interpret agricultural statistics. In the states, extension services and the agricultural colleges and universities use this material as the basis for programs of economic education.

Core of the National Outlook Conference is the series of regularly published situation reports which provide a continuous appraisal and reappraisal of agriculture's economic prospects. Included are the various farm commodities, demand for farm products, food consumption, farm income, costs, finances, marketing, and the farm real estate market.

The key report in this series is the demand and price situation. It analyzes the farm supply situation and the impact of changing economic conditions in the nation and in world markets on the overall demand for U.S. farm products. The conclusions of the demand and price situation provide the overall framework for analyzing the outlook for the individual farm products.

"ANCHOR MAN"
The cadet who ranks scholastically at the foot of the graduating class is referred to as the "anchor man" at the U.S. military academies.

CHICAGO (UPI) — Leonard W. Fajfrer, 19, was sworn into the Army Thursday and so was his fiancée, Gloria Jean Gosnell, 18. "I just didn't want to be the girl he left behind," she explained.

Average Protestant's Church Contribution Has Increased

By LOUIS CASSELS United Press International

The average Protestant's contribution to his church has increased 40 per cent over a five year period.

That is the most significant news contained in the latest report on giving, published today by the National Council of Churches.

The report shows that total contributions to 52 Protestant denominations reached an all-time high of \$2,206,569,817 in 1957.

But this grand total is not as meaningful as the average contribution per church member, which rose last year to \$63.27. That's an increase of 40 per cent over the \$45.36 per member contribution for 1953.

This substantial jump cannot be attributed solely to inflation. The percentage increase in church giving is nearly eight times as great as the rise in the cost of living index and nearly four times as great as the rise in personal incomes over the same five year period.

Response to Stewardship
The only explanation seems to be that Americans are responding to the "stewardship" education programs underway in nearly every major denomination.

Stewardship is an ancient Christian concept. It means that each person is in effect a "steward" or trustee of whatever material wealth God has enabled him to acquire. Instead of having a "right" to spend his money as he pleases, he has a duty to use it in the way he believes God would have it used.

Some churches leave it up to the individual's conscience to apply this principle. But a growing number now recommend the Biblical standard of tithing — giving 10 per cent of your income to church and charity — as a sort of minimum yardstick for stewardship.

The new statistics show that most Protestant bodies are still a good distance from the ideal of tithing.

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service

The majority of West players at the Summer Nationals chose to pass their 12-point hands. The club suit was just too weak.

They were wise to do so. Those who opened wound up as declarer at three no-trump since they all rebid to one no-trump after their partners all raised to three no-trump.

North always opened the six of spades and South would win the king and return the ten. North would let West hold the second spade trick and although West invariably guessed the queen of hearts, he would wind up down one or two tricks, depending on exactly how the play went.

When West did pass, East always opened one heart and West

would bid two no-trump. East would pass and West would make his two no-trump on the nose.

Strangely enough, only one pair played the hand in hearts. One West passed and then jumped to three hearts whereupon East proceeded to set up a spade for club discard, guess the queen of hearts and make four hearts for top score.

King Tries To Guarantee Independence

By WILBUR G. LANDREY United Press International

BENGHAZI, Libya (UPI) — King Idris I is trying to guarantee Libya's survival as an independent state and monarchy after his death. Diplomats agree it will be a tough job.

The question of what comes after the 68-year-old monarch, first king of a new country, is central in Libyan politics.

As one Western diplomat said: "The king is the last of the great unworried Islamic leaders who combines religious and political power. When he dies, it is doubtful if he will be succeeded by a monarch."

Our enemies would welcome violent transition and break with the West, whereas the West wants the transition to be peaceful.

As elsewhere in the Middle East, Nasserism, or the brand of Arab nationalism symbolized by United Arab Republic President Gamal Abdel Nasser, is the main force opposing Libya's Western ties.

Youth Like Nasser
Cairo's powerful voice of the Arabs radio is widely heard here. Nasser and his Arab nationalism are popular among the younger government officials and especially among the youth.

Most of the 350 Egyptian school teachers here work for Nasser's cause, according to Western diplomats. Some figures high in public life are believed to favor Nasser and his UAR also.

Except for lately offering aid, the Soviets have been relatively quiet. But their short run aim appears to agree with that of the UAR — to get rid of Western bases and influence.

RAINS HELP, BUT SOME HARVESTS ARE DELAYED

COLLEGE STATION, Tex. (UPI) — Ranges and winter legumes were helped by last week's rains but harvest of cotton, grain and peanuts was delayed.

The Texas Agricultural Extension Service said today in a report from its district agricultural agents that cattle and ranges were in excellent condition.

"Cattle apparently will enter the winter in good condition," John E. Hutchison, director of the extension service, said.

He said crops are suffering from the harvest delay and loss of quality and the already late vegetable planting in the valley is being further delayed.

Out Planting Delayed
Only about 500,000 bales of the originally predicted 1,800,000-bale cotton crop has been harvested in the South Plains, Hutchison said.

Ribbon cane syrup making has been delayed in East Texas but no damage from rain was reported.

Rain is delaying out planting in South Central Texas. Peanut planting is about 50 per cent complete but harvest has been delayed by rain. Destruction of cotton stalks to prepare land for spring planting has been delayed for the same reason.

Range and livestock conditions in South Central Texas were termed generally excellent and demand continued good, the extension service reported. It said clovers and winter crops are off to a good start.

Panhandle Wheat Ok
Volunteer wheat in the Panhandle but a little more rain would put it in the most plentiful supply in years and strengthen the already strong demand for stocker cattle, the agency said.

Most wheat in the Panhandle is sowed and up to a good stand. In far West Texas, the extension service said rain was helping everything but cotton. Ranges and cattle were reported in good condition.

Two weeks of dry weather are needed to complete harvest of rice, cotton and other crops in the Gulf Coast area. The quality of late peanuts has been lowered and much hay lost or will be of lower quality, the agency added.

STUDENTS HONOR PRINCIPAL
ATLANTA (UPI) — The flag flying at a high school bears a picture of a stark delivering a baby. Students prepared the flag in honor of Principal Ansley H. Shuler, a new father.

HOT CAMPAIGN
COLUMBUS, Ohio (UPI) — The election campaign is heating up. Firemen were called out Thursday night to put out a blaze in a campaign billboard.
