Khrushchev Cool Toward Macmillan United Press International

British Prime Minister Harold Macmillan's personal attempt to thaw out the cold war took another nose-dive

Macmillan had another negotiation with Soviet Premier Nikita S. Khrushchev in Moscow this morning and then flew off alone to Kiev for a tourist trip of the U.S.S.R. British sources said Macmillan had "talked turkey" to Khrushchev about dangers of Soviet stubborness on Berlin and other crucial questions, but that Khrushchev did not

budge from his position. Not only that, but Khrushchev did not accompany Macmillan to Kiev; as was planned as recently as Wednesday. He pleaded a toothache, but after Macmillan ws gone he met with an Iraq delegation in Moscow.

Aside from one more formal session Monday, at which a joint communique will be drawn up, the serious talks between the two were at an end with the hoped-for thaw still not in sight.

Unbeaten Teams Clash When Odessa Plays Here Saturday

By RED GRIGGS Daily News Sports Editor

Pampa sed Odessa will meet at 8 p.m. Saturday in Harvester. Field House, for the regional championship. Pampa was named as the site of the game when Harvester Coach Clifton McNeely won the flip of a coin.

The entire allotment of tickets for the game had been sold out almost by the time the school business office opened this morning. At 9:05 a.m., the business office reported that they had been taking orders on the phone, and that every ticket had been sold.

The Pampa Harvesters have f gone through 28 games this year without meeting an equal foe. But if past records mean anything, they'll meet one when they play Odessa's Bronchos in the regional

This "dream" contest will pit against each other undefeated teams, with long winning streaks. Pampa has won 28 in a row this year, and Odessa has taken 29

vesters, who have gone to the state tournament five years out of the last six, and won three state titles during that time.

But it's a new experience for Odessa. The 29 games is the longest winning streak in the history of the school, and this year's team is the first in the history of the school to go through the regular season undefeated.

Sharp Shooting, Hustle

Coach John Malaise has led his Bronchos to this winning streak, despite the fact that he is weak on reserves. The starting five usually play the entire game, unless there is an injury or a foul-

The team averages only six feet in height, but makes up in hustle and sharp shooting what it lacks in height. The Bronchos have season shooting percentages of 46.7 from the floor and 68.7 from the free throw line. The floor percentage is amazing, because of the fact that the Bronchos shoot mostly from the outside.

Most of the shots Odessa gets under the basket are the result of the fast break, which the Bronchos

are very good at. Odessa uses mostly a zone on defense, because of their lack of height.

Odessa has won 28 regular season games, including 10 in District 2-4A competition. In bi-district, the Bronchos walloped Bowie of El Paso, 68-55. They have scored 2032 points to 1531 for their opponents, an average of 70 to 53 per game.

Teams About Equal

The Bronchos and Harvesters have played five common opponents, and on the basis of comparative scores of those games, both teams seem about equal.

Odessa has beaten Monterey, 75-59; Amarillo, 68-47; Tascosa, 59-31: Lubbock, 74-61; and San Angelo., 72-64 and 73-55. The Harvesters have defeated Monterey, 52-49 and 56-46; Amarillo 50 - 43 and 64-40; Tascosa 73-36 and 70-38; Lubbock, 71-57 and 62-50; and San Angelo, 90-64 and 75-50.

The Bronchos are a well-balanced team, with every player scoring more than 200 points. Their best men are considered to be Don Brownlee, 6-1 senior forward, and Jackie White, 5-8

guard. Both are all-district and all-state candidates. Odessa Starters

Odessa's starters, with a brief summary of their season records, is as follows

DON BROWNLEE, a 6-1 senior forward, is considered the most valuable player on the team. He is the quarterback and the man who makes the team click, a great all-around player. He has scored 413 points, 113 of them on free throws. He has hit 47.6 percent of his attempts from the floor and 77 percent of his free throw tries, and has grabbed 203 rebounds.

Brownlee is the team's second leading scorer, averaging 16.1 per game. He was an all-district selection this year, and is almost a cinch to make the all-star squad

JACKIE WHITE, a 5-8 guard, is the team's leading scorer, with 559 points, 141 of them on free throws. He is the second leading scorer in the district. White has hit 48 percent of his field goal attempts and 80 percent of his free throws. He is excellent on onehand tump and set shots. He is a probable choice for all - district DAVID HARRIS, 6-3 center,

has been very effective against taller centers from other teams. The only man to score heavily against Harris was 7-2 Louis Qualls of Houston's Smiley High. He is a much better rebounder than most men his height.

JAMES BIRDSONG, 5-11 senior guard, turns in solid performances, but is not spectacular, he has improved greatly since the start of the season. He has scored 206 points, and has a shooting average of 50 percent from the floor and 59 percent from the free STANLEY WINTER, 6-1 senior

forward, has tallied 298 points, 117 of them on field goals. He has the best shooting percentage on the team, 52.9 from the floor, and 75.3 at the free throw line. Winter is also a fine rebounder, having grabbed 226. He is a conservative player and doesn't shoot often but he has improved quite a bit since the beginning of the season. The top reserves are Audie Cox.

5-9 senior, and Larry Glast, 5-8 senior, Cox has scored 80 points,
