to the 1958-59 Pampa Harvesters, class 4A champions of Texas.

The Harvesters went through their entire season undefeated, with 31 victories in a row. They were the only unbeaten basketball team in the state, in any class.

The Harvesters' total winning streak is 44, since they won 13 straight at the end of last season, as they moved to the state championship.

Pampa is the first class 4A team ever to win four state championships, and the only team in any class to ever win the state championship twice in a row, on two different occasions.

This was Pampa's sixth trip to the state tournament in seven years, and their fourth state championship in those seven years. Coach Clifton McNeely's total won-loss record since coming to Pampa is now 303-34.

From the citizens of Pampa, thanks, Harvesters, and Coach McNeely, for doing a terrific job for us.

## Red Griggs the pipeline

Now that two wonderful and hectic weeks of midwinter madness are over, Pampa can pull a Warren G. Harding and return to normalcy.

The next-to-last act in this year's basketball drama was written Monday afternoon when some 600 enthusiastic Harvester fans welcomed the team home after their victorious

Mayor Lynn Boyd and school board president Knox Kinard said a few words of greeting, and Coach Clifton McNeely thanked the fans for their great support during the

McNeely's words were sincere and heartfelt, because the Harvesters did receive the great support that a state champion deserves. Pampa wasn't exactly a ghost town over the weekend, but the population was certainly depleted. Between 500 and a thousand people from Pampa (population 27,000) made the 550 mile trip to watch their cagers in

# Baseball Team Takes Full Advantage Of First Warm Day, for Hurling Practice

Daily News Sports Editor

In the spring a young man's fancy lightly turns to thoughts of

And on the first warm day of spring, the thoughts of coaches and pitchers turn to getting the kinks out of arms, that have been idle all winter.

Spring is still two weeks off by the calendar, but it was here Monday according to the thermometer. And Deck Woldt, Pampa High baseball coach, took the opportunity to give a couple of his pitchers their first real workout of the

Keith Yager, southpaw letterman, and Jimmy Walker, sophomore squadman, became the first. Pampa hurlers this year to really fire 'em in during batting prac-

"The weather has been so cold." said Woldt, "that the pitchers

much. We have a pitching machine, so they haven't even thrown batting practice."

The hurlers have only a week to get ready for the season opener, here Tuesday against Borger, in a non-district game.

"We've concentrated mostly on hitting, throwing the ball around, and just running," Woldt explained. "We haven't had a great deal of real infield or outfield prac-

#### B Games Wanted

The Harvester baseball pilot said that outfielders Bob Stephens, DeWayne Glover, and Gary Wills, infielder Don Cross, and shortstop Wendell Ridgway have been hit, ting well in batting practice.

Coaches and fans will get a preview of how the team will look in competition, before the official opener. Woldt said that the first intra-squad game of the season

John Dobson, Lee Junior High eight grade coach, has been acting as Woldt's assistant, and will pilot the B team. Woldt and Dobson are seeking games for the B team, and will play any AA or AAA school within a reasonable distance. Any coach wishing to schedule a game can contact Woldt at Pampa High School or Dobson at Lee Junior High.

Seven Lettermen Seven lettermen from last year's District 3-4A third place squad form the nucleus of this year's crew. Last year's team had a season record of 13-7 and a district mark of 5-5.

Returning lettermen are Wills, Glover, and Bobby Stephens, outfielders; pitchers Yager and Kippy Williams; second basemen Ruben Strickland, and catcher Terry

experience are Ridgway, a reserve letterman shortstop, and Cross, a transfer from Monahans.

With the outfield and the pitching staff back virtually intact, Woldt's big problems will be the infield and catching. Mike Conway, a .373 hitter last year, was lost by graduation, and Haralson, a .174 hitter, is the only returnee at the backstop post.

Third baseman Robert Langford, shortstop Bill Brown, and first baseman Ray Stephenson were also lost from last year's squad, along with outfielder Larry Cruise. Strickland is the only returning letterman infielder. Clovis' Shipp, a catcher last year, was lost this year through illness. 27 Candidates

Glover and Wills are the squad's long-ball hitters, "They belt one out every now and then," accord-

ing to Woldt. Glover is also the

## **Ammonia Makes a Real Difference** in Our Cotton and Maize!"

Arvel (left) and Norman Brown, operators of 880 acres near Lamesa, say: "When we started to use Phillips 66 Ammonia, we would occasionally skip a row for test purposes. We didn't have to measure the difference in yields. Where we'd skipped, you could see how much smaller and less thrifty the unfertilized plants were. On actual measurements, we've found that ammonia gives us on an average of 2,000 to 2,500 more pounds of maize grain.

"We apply our Phillips 66 Ammonia preplant-about 100 pounds to the acre-in order to get it down ahead of the heavy work season." Other successful Southwestern farmers have

discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin . . . yields of sorghum grain or ensilage are increased . . . profits on wheat and small grains are increased through higher grain yields and improved forage . . . more marketable vegetables are harvested.

Phillips 66 Ammonia can be applied preplant or as a side dressing. It can be easily applied either by you or your distributor. See us today about Phillips 66 Agricultural Ammonia ... it gives you more nitrogen per dollar than

any other form of fertilizer-a full 82%.

Order Your Supply of Phillips 66 Agricultural Ammonia Today!

When he picked this new office, McClellan wasn't aware it looked out on the Teamsters building, erected by Dave Beck, who was heavily fined and sentenced last week on a con-

viction for tax evasion. First thing

#### Looking Sideways

By WHITNE' BOLTON

NEW YORK - There is a man

n our town and he is wondrous

wise, he stitches gowns up for his

wife and even makes his ties. . . Well, part of it is true, anyhow. He has designed gowns for his wife and could stitch them up if he had to. He doesn't make his own ties. That is a bleak lie, just even. His name is Herbert Bijur. He is a man who collects early Americana in the form of advertising postcards, fractional paper money issues, Mark Twain lithographs, broadsheets and anything else Twain might have seen, touched or honed for at any time. Bijur sits high in a Park Avenue aerie over Grand Central Station and cerebrates his way into the heart of American womanhood. He has to: he is boss of a publisher's pattern division and a miscue on what women want to make for themselves would run nto a formidable chunk of Mc-Call's money. Every month the pattern serv-

ice puts out a thick, four - color guide book to what is available in patterns and one of the things a prowl around his office taught me (he already knew it) is that often enough women will buy by the thousands a bizarre pattern Bijur and his associates would have sworn would die the death of a dog. The other thing I learned was that Bijur believes in knowing what he talks about. Ten years ago, when he became a pattern service executive, he decided that he could not function sensibly without being able to do what women had to do. He went to classes at night and within six weeks had made his wife an evening gown which caused matrons for miles around to wonder when Mrs. Bijur went to Paris. Since then he has aided on this and that bit of home sewing just to keep

"She's on a sort of sharp allowance," said Bijur, "and suddenly came to realize that the way to have a lot of attractive clothes on short shrift was to make them. She is also learning the value of shopping for useful materials at a sagacious price. Some guy is going to marry a well - trained girl when he gets

"That, obviously, takes in the which can be made by women The veteran Stalinite, whose using tissue patterns. We offer

gown, at the salon of the designer would run about \$750 and gowns which a designer would get \$1,200 for a woman can have the same for whatever the material cost dictates. If she wants to do one in unbleached muslin, which I seriously doubt, she could come out under \$15. It wouldn't stun anyone, but she could.

Bijur is stunned himself, but not by muslin. By Australia. He has just come back from a January trip to the Down Under continent and he shoots fire and sparks when he talks about it. "A great, great country just be-

ginning to know and use its potentials." he said. "Our kind of country. It is more American than British, they admire our ways and our techniques. They are beginning, and well under stringent economics, to do a million things, They even manufacture a car. A good one, I drove it. Austrialian men are pattern - mad and because merchandising is not as opulent as in the United States often. enough home dresses are the only way to achieve a variety in wardrobe. A woman can make herself a fine wardrobe covering all uses of a full day and evening for very little beyond cost of materials. They and the Japanese have a working understanding that is healthful for that Pacific area. And let me add that post - war
