A Castro Accused In Plot

Guatemala Said Target Of Commies

WASHINGTON (UPI) — The brother of Cuban Premier Fidel Castro and another high Cuban official were accused Saturday of plotting with a group of Communists and left wing revolutionaries to overthrow the government of Guatemala.

The charge was made by Guatemala in a note read to the Organization of American States (OAS) by the Guatemalan representative, Dr. Guillermo Saenz de Tejada.

Saenz named Raul Castro, chief of Cuba's armed forces, and Ernesto (Che) Guevara, president of the Bank of Cuba, as having given financial aid to a left-wing group which allegedly is setting up an armed force to invade Guatemala.

Cuba rejected the charges as completely false and asserted they were made primarily to influence Guatemala's congressional elections, scheduled Sunday.

Saenz asserted that his government is prepared to deal with any assault and was not asking the OAS to take action.

But he said Guatemala was officially informing the OAS to see if the Castro regime will take steps to prevent the plans from being carried out.

The note said: "The government of Guatemala believes that the tolerance of the government of the Republic of Cuba for everything that has been outlined, as well as the help given by the high members of its government to the preparations of an armed expedition against Guatemala, are acts of intervention and aggression."

Feuding Crosbys Take Vacation

LOS ANGELES (UPI) — The four Crosby brothers, sons of groaner Bing Crosby, Saturday brushed aside talk that a family feud caused them to cut short a night club engagement in Montreal.

The three younger brothers, twins Dennis and Philip, 21, and Lindsay, 22, who arrived here from New York Friday night, insisted there was nothing serious about a reported flare-up with their older brother, Gary, 26.

"We're four Irish lads with hot tempers," they explained.

The Crosbys had six more days to go on their \$12,000 Montreal nightclub contract when they ended their show Thursday.

VFW 'BRASS' — Veterans of Foreign Wars members in District 9 are meeting in Pampa today for their quarterly business meeting. The persons who will take leading parts in today's discussions will be, from left, A. L. McElhany, district nine commander from Gruver; Mrs. Fern Brewer, district president from Amarillo; and C. J. Smiles, commander of Pampa Post 1659. Main speaker at this afternoon's meeting will be T. C. Selman. (Daily News Photo)

Water Authority Meet Postponed

The coordinating committee of the Canadian River Municipal Water Authority will meet in Plainview Dec. 16, not Dec. 9 as originally planned, it was announced Saturday by Chairman C. T. Johnson of Plainview.

Committee members, Fred Thompson and Clinton Evans, both of Pampa, report that the project is moving forward but problems have arisen over water rate charges that have been proposed for Amarillo and Lubbock.

The Dec. 16 meeting will be held in Plainview's Hilton Hotel beginning with a noon luncheon. Leon Hill, regional director of the Bureau of Reclamation, will be present to answer questions concerning his estimates on the project.

Pampa, one of several member cities in the association, recently completed a questionnaire on this city's water needs. It is expected that the committee will discuss at their upcoming meeting the amounts of water each city can take from the project each year.

Demos Admit GOP Gains In Recent Months

NEW YORK (UPI) — Democratic Chairman Paul M. Butler said Saturday Republican political strength may have gained recently because of unwarranted optimism over exchange visits of Communist and American leaders.

Butler told newsmen at a meeting here of the nation's top Democrats, including most of the presidential hopefuls, that some people have been misled by the "atmosphere of peace" but that the Nikita Khrushchev trip here and Vice President Richard Nixon's visit to Moscow had not accomplished a single tangible result.

"There are always ups and downs in the political climate," Butler said. "After their 1958 defeats, the Republicans had no place to go but up. But I am convinced we will win—and win big in 1960."

The meeting of the Democratic Advisory Council was described by the party as the kickoff of the presidential campaign, with a "State of the Union" document to be issued Sunday.

Mt. Etna Erupts

CATANIA, Sicily (UPI) — A stream of red-hot lava from a newly-opened crater inched down Mount Etna Saturday, melting the volcano's snowcap and snaking toward the mountainside community of Milo.

The thin lava stream, some 1,000 feet long, still was well removed from the town and scientists said they did not believe there was any immediate danger.

Earl Long Vies For 2nd Spot

NEW ORLEANS (UPI) — Gov. Earl K. Long, candidate for lieutenant governor after a three-month series of escapades last summer, ran third in first unofficial returns Saturday night from a Democratic primary election.

Long, 64, ran for lieutenant governor because state law forbids him to succeed himself. He had five opponents and there was a record total of 11 candidates for governor, five of whom were considered to have a chance for nomination, the same as election in Louisiana.

Returns to United Press International from 87 out of 2,108 precincts gave, for lieutenant governor:

Long, 3,667 votes, C. C. Aycock, 7,464, George Bowden, 12,603, Cy D. F. Courtney, 246, William J. White, 1,257 and Frank A. Jordan Jr., 163.

Returns from 80 of 2,108 precincts in the gubernatorial race gave:

Cowboy singer and movie actor Jimmie H. Davis, 8,357, Mayor Lelesse Morrison of New Orleans, 15,878, James A. Noe, Long's runner-up. (See PRIMARY, Page 5)

Mild Protest On Hungary

UNITED NATIONS, N. Y. (UPI) — The United States and 23 other countries formally presented a resolution Saturday deploring "continued disregard" by the Soviet Union and Communist Hungary of United Nations resolutions on the Russian-suppressed Hungarian revolt.

The resolution, considerably milder than those presented in previous years, would have the General Assembly call upon Russia and Hungary to cooperate with their respective scheduled visits to Moscow next year will be undertaken in the hopes they can "advance the cause of peace and contribute to the search for solutions to outstanding international problems."

Eisenhower was smiling and jaunty and showed no ill effects from the drenchings he has received in the rain-lashed eternal city as he concluded the meeting that hammered out the communiqué and prepared to tender a black-tie state dinner for Italian leaders.

The communiqué said the United States and Italy felt the Eisenhower trip was an important step in progress toward realization of peace, security, justice and social progress.

The communiqué stressed allegiance to NATO and the United Nations as a means of preventing war and achieving true peace.

Texan Takes Ride Into Outer Space

NORFOLK, Va. (UPI) — Sam the monkey, hungry, frisky and unimpressed with his 55-mile flight into space, shook hands with his private physician Saturday, munched an apple and headed for home.

Sam traded his berth in the sick bay of a U. S. destroyer for a station wagon ride to nearby Langley Air Force Base, Va., home of the seven human astronauts who hope to take the same rocket ride that the monkey pioneered Friday.

He waited at the Langley veterinarians clinic with his doctor, Air Force Maj. Clold Greene, for a flight to Brooks Air Force Base, San Antonio, Tex., where Sam will undergo intensive tests.

Sam received his pre-flight "training" at Brooks under Greene who followed him to Wallops Island, Va., for the historic shot and was the first period aboard the destroyer USS Brodie when it docked at the Norfolk Naval Base Saturday.

The two shook hands. "Hi, Sam," the doctor said.

They were quickly whisked away to Langley, Sam under a blanket and Greene right behind, while reporters thronged the rail of a ship moored alongside and shouted for news of the monkey's condition.

"He's in good shape," Greene replied.

The doctor was quoted at a news conference aboard the destroyer tender USS Tidewater as saying he was "very pleased" with Sam's condition following the trip which marked the first time the mercury capsule had been tested with a living creature aboard.

The experiment was a howling success.

Want Bigger Role In Summit Talks

ROME (UPI) — President Eisenhower, winding up the first round of political talks on a world tour designed to "interpret America to other people," agreed Saturday night to support Italy in its bid for a stronger role in preparation for an East-West summit meeting.

Disclosure of the President's pledge of support was made by White House Press Secretary James C. Hagerty at a briefing held after the issuing of a formal diplomatic communiqué.

Hagerty said the president had been "sympathetic" to Italy's desire for a bigger role in the West's negotiations with Russia and agreed to take up the matter at the Western Big Four talks in Paris, Dec. 19.

Italy's desire for equality with her Western defense partners had been the most prominent issue facing Eisenhower in his visit here. His discussions also resulted in an Italian-American pledge to work together for disarmament and the principles of the United Nations.

The 450-word communiqué signed by Eisenhower, Italian President Giovanni Gronchi, Premier Antonio Segni and Foreign Minister Giuseppe Peella was issued at the end of two days of "animated" talks in rain-drenched Rome and concluded the first phase of Eisenhower's 15-day mission to 11 nations Sunday he will visit Pope John XXIII in the Vatican before flying to Ankara, Turkey.

The communiqué stressed the "friendship, respect and understanding" between Italy and the United States and noted Italy's increasing contribution to the Western allied cause.

The United States and Italy pledged their "dedication" to the common causes of NATO and the United Nations and more world trade, while pursuing policies "aimed at reducing the burden of armaments throughout the world."

They pledged full support for the forthcoming 10-nation East-West disarmament conference in Geneva next year.

Eisenhower, brisk and cheerful despite the arduous pace and the foul weather, set the stage for the communiqué Saturday night in a brief address to U. S. embassy employees in which he said he wanted to explain America "a little more accurately" and seek a peace that would make the world a better place for his grandchildren.

The communiqué stressed Italo-American determination that there can be no disarmament pact with Russia except "within the framework of a specified system of controls, inspections and safeguards."

Eisenhower and Gronchi said their respective scheduled visits to Moscow next year will be undertaken in the hopes they can "advance the cause of peace and contribute to the search for solutions to outstanding international problems."

Eisenhower was smiling and jaunty and showed no ill effects from the drenchings he has received in the rain-lashed eternal city as he concluded the meeting that hammered out the communiqué and prepared to tender a black-tie state dinner for Italian leaders.

The communiqué said the United States and Italy felt the Eisenhower trip was an important step in progress toward realization of peace, security, justice and social progress.

The communiqué stressed allegiance to NATO and the United Nations as a means of preventing war and achieving true peace.

LUFKIN (UPI) — Three persons were fatally injured Saturday in a head-on collision of two cars north of here. Two others were injured, one critically.

Killed instantly were Carol DeWitt Greenville, 35, and William Curtis McKnight, 37, both of Wells, Tex.

Sharon Lynn Carvers, 19, also of Wells, died several hours after the collision.

Tom Doss, 21, of Wells was critically injured. James Marx, 17, of Lufkin was also hurt but his condition was described as good.

Marx was alone in his car and the other four persons were in Doss' car.

DAD'S HELPERS — Don Evans, 328 Anne, had all the help he needed when he bought the family Christmas tree Saturday at the Breakfast Optimists' lot on S. Cuyler. His helpers are a son, Gregory Allen, 2, and daughter, Leslie Dawn, 4. The Optimists report that the sale of trees is "a little slow," but it should pick up as Christmas nears. (Daily News Photo)

Fair Skies, But Cold In Panhandle

United Press International

Fair skies kept a cold front from firming up over much of Texas Saturday and the outlook was for a relatively mild weekend with fair skies again Sunday.

However, freezing temperatures returned to the Panhandle after nightfall and the weather bureau said freezing weather would spread over most of North and West Texas by daybreak Sunday.

Antagonists Meet For Strike Parley

WASHINGTON (UPI) — Both sides in the steel dispute were brought together Saturday for a two and a half hour face-to-face bargaining talk which was described by the government's chief mediator as "constructive."

Neither steel union nor management negotiators would comment after the session on the prospect of an immediate settlement as demanded by President Eisenhower.

Another joint session was arranged for Monday as part of continuing government efforts to mediate the deadlock and avert the threat of a renewed steel strike.

Chief Federal Mediator Joseph F. Finnegan termed the talks "constructive." But asked if there was any progress toward settlement of long-standing differences, he said he would prefer to make no comment.

Such comment would not advance the possibility of a settlement," he told reporters.

However, Finnegan expressed belief it was "decidedly worthwhile" to continue the talks. He said he will confer Sunday with his own advisers before bringing the two sides into the joint session Monday.

There were still no tangible signs of promise for the settlement demanded by Eisenhower. Both sides remain non-committal and unenthusiastic.

Saturday's conference was only the second joint session since Nov. 7 when the government invoked a Taft-Hartley law injunction to end a costly 116-day walk out.

Before leaving on his good will trip abroad, Eisenhower had insisted strongly on a settlement before he returns Dec. 22. He warned of possible government action if the threat of a renewed strike continued.

If there is no settlement, the steel workers can again go out on strike after Jan. 26 when the 80-day Taft-Hartley "cooling off" period expires.

Inn Furnishings Being Installed

Officials of Farnsworth and Chambers Company reported Saturday that workmen are now busy laying carpets and installing drapes and furniture at the Coronado Inn.

"Construction is on schedule and work will be completed by Jan. 1," a company spokesman said. Plans are now at the point where personnel are being interviewed for positions by Inn Manager Stu Kines.

George Scott, chairman of the Opening Committee, added Saturday that several committees are now putting together final details for the dedication and official opening of the new hotel Jan. 18 and 19.

Plans call for the dedication and open house on the afternoon of Jan. 18 with Ferris C. Oden, president of the Western National Life Insurance Co., presenting the dedicatory address. A buffet dinner for workers who participated in the campaign will be held Monday evening, Jan. 18, at 7:30 p.m. in the "Starlight Room." The main (See INSTALLED, Page 5)

Faces Quiz In Murder Probe

LOS ANGELES (UPI) — Former mobster Mickey Cohen, his teenage girl friend and a liquor salesman acquaintance were free Saturday—but faced a county grand jury investigation next week in connection with the slaying of a bookmaker.

Cohen was released from police custody Friday night along with model Claretta (Sandy) Hashagen, 18, and George Piscitella, 28, who had been held nearly two days on suspicion of murder.

The trio allegedly had sat at a table six feet away from Jack (the Enforcer) Whalen, 39, when he was shot to death Wednesday night at Rondelli's Restaurant in the suburban San Fernando Valley community of Sherman Oaks.

Another member of the Cohen party, singer Tony Reno, whose real name is Anthony Amerone, was released from jail Saturday afternoon as a murder suspect.

Threat Of Epidemic

FREJUS, France (UPI) — The French government rushed anti-typus vaccine to the flood-wrecked Reyran Valley Saturday to head off the threat of an epidemic among the survivors of Wednesday's dam burst.

The five cabinet ministers sent here to investigate the disaster ordered the vaccine flown to Frejus and planned mass inoculations for the thousands of rescue workers and valley residents.

Thirty-eight more bodies were recovered from the mud and wreckage Saturday to bring the known dead total to 257. At least 90 persons were officially listed as missing. Officials fear the missing may total as many as 300 persons. Frogmen searched the sea at the end of the valley for them.

There were floods in two neighboring countries Saturday, fed by the same rains that caused the Riviera disaster.

Talks On Berlin Accord Shelved

LONDON (UPI) — Diplomatic sources said Saturday that the Big Four Western allies, still divided on Berlin policy, had shelved their efforts to reach accord until the Western summit conference in Paris, Dec. 19.

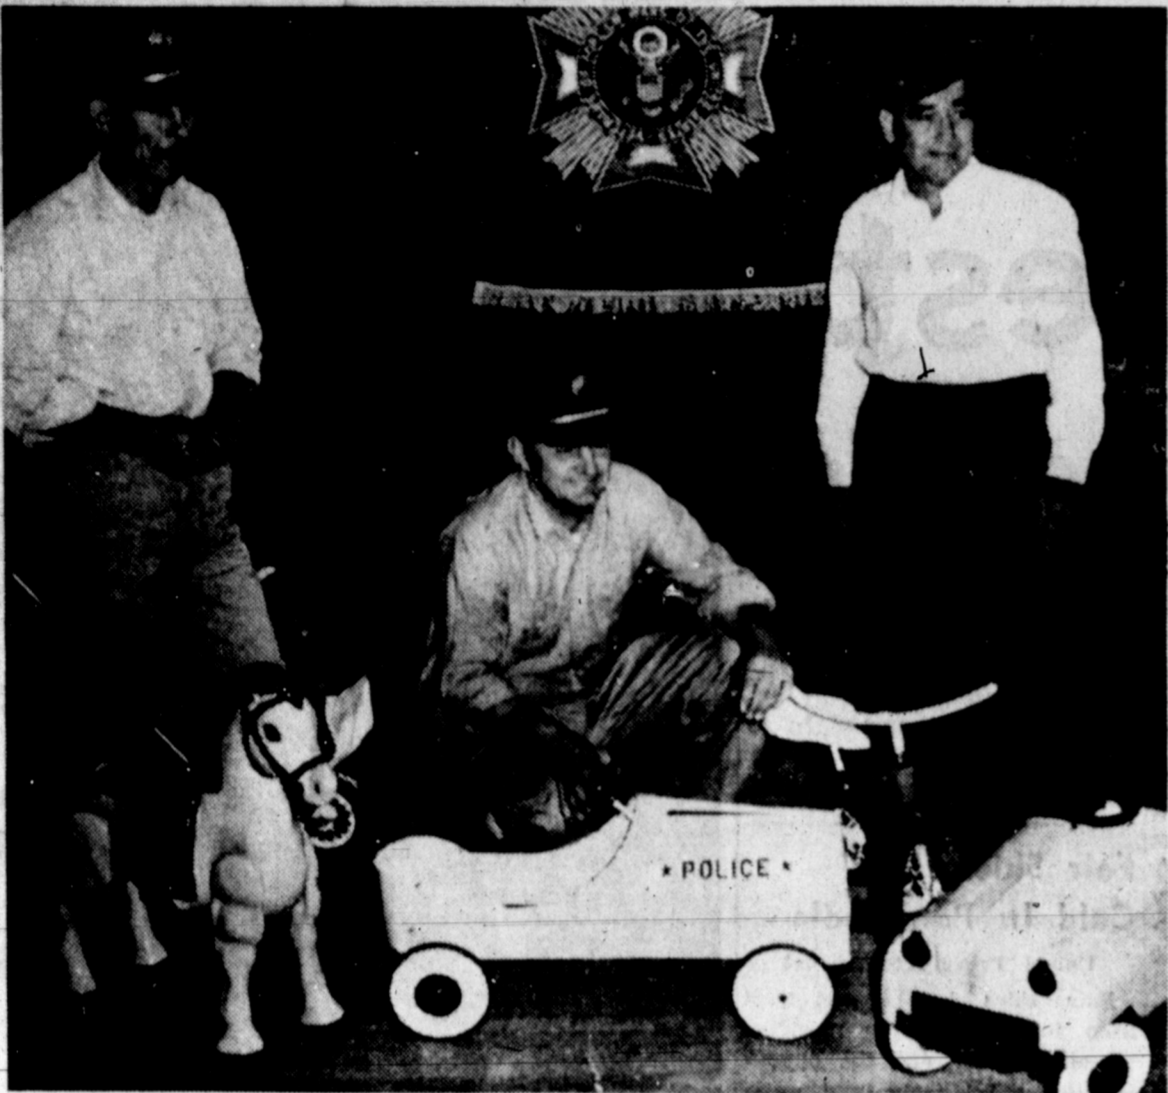

These sources said it was unlikely that even the Western heads of government would take a final stand on the Berlin question. Instead, they said, the Paris meeting may set up a special study group to hammer out a joint program for the East-West summit talks next year.

CHRISTMAS TOYS — The Veterans of Foreign Wars, who annually hold a Christmas party for underprivileged youngsters, are currently making plans for this year's party at the VFW-Legion Home. Shown with some of the toys already repaired by local firemen are, from left, T. D. Snow, Richard Norwood and VFW Post Commander C. J. Smiles. Fire Chief Ernest Winborne said toys are still needed for repair at the central fire station, Foster and Russell. (Daily News Photo)

Hand Shakers Losing Grasp

CHICAGO (UPI) — The old-fashioned country handshake is still around, but there are changes since farmers milked their cows by hand. A hand-shaking survey was undertaken at the International Livestock Exposition and Dairy Show for some first-hand experiences. "You bet your boots there's a difference," said H. C. Niehus, 71, of Bloomington, Ill.

"Why, nowadays, farmers shake hands aren't as strong. Consequently, everyone else's grip seems firmer." Niehus, a dairy farmer for 42 years, said that what holds true for farmers isn't necessarily the case for everyone else. "Most other people just put out their hand. It's there and that's all. There's no life in it." Another veteran dairyman agreed there was a difference. "In the old days we used to milk 13 to 20 cows and not think anything about it," said Wayne Smith, Clay City, Ind. "Our hands were strong. But with the coming of milking machines, our

Stocks Have Widest Gain Since Oct. 30

By ELMER C. WATZNER UPI Financial Editor
NEW YORK (UPI) — Stocks during the past week registered their widest gain since Oct. 30 in active turnover. Business news continued favorable with many divided increases, several highly favorable earnings reports, and what appeared to be some progress toward settlement of the steel impasse. Wall Street regarded the steel situation as much improved since the steel union has begun to make proposals — not as yet accepted — for a settlement of the long drawn out dispute. The market proved itself very sensitive to steel news. Each time it appeared as if a settlement might be reached steel shares moved up swiftly and other sections of the market followed, particularly the rails. Oil shares, long behind the market, also showed demand at rising prices. Electronics continued to feature in the gain column although many encountered profit-taking. Industrial shares rose in four out of the five sessions and at the close of the week their average stood at 664.00 up 11.48 points on the week, the best gain since the week ending Oct. 30 when this figure rose 13.53 points. Railroad issues rose to 152.73 up 4.13 points on the week, having shown a gain in each of the five sessions. That was the best weekly rise since Oct. 2 when the average rose 4.60 points. Utilities firmed 0.35 point to 86.75 in their average and the 65-stock average closed the week at 215.58 up 3.63 points. The market has been in an almost continual rise since Nov. 16. In that period industrials have risen 29.34 points; rails 5.92 points and utilities 0.82 points. The list made its best gain of the week on Monday when electronics, electrical equipments, rails and oils were in demand. Tobacco, hit last week by another cancer scare, were helped by the report of the Internal Revenue Service that September cigarette consumption had set a new record high.

FDA Rushing To Complete Check On Food Additives

By SUSAN WAGNER United Press International
WASHINGTON (UPI) — The Food and Drug Administration (FDA) reported Saturday it is rushing to complete an up-to-date listing of food additives and other substances which are safe for humans to consume. The agency already has given a clean bill to 150 natural seasonings and flavorings in ordinary household use, and to 182 chemicals commonly used in food. The new lists will include certain minerals found naturally in foods, certain packaging materials and some synthetic flavoring. Among the substances now being tested are carbon black and charcoal used to color candy. The FDA has more time to devote to these new additives now that the cranberry scare is over. That furor resulted from the discovery, shortly before Thanksgiving, that some berries contained a chemical weed killer that has caused cancer in rats. In addition to additives, the FDA will test minerals and other substances that occur naturally in foods. "A great many seasonings, such as certain spices used for

centuries, have never been tested for their possible toxic qualities," a spokesman said. After studying a list of 188 chemical additives, the FDA on Nov. 20 declared 182 of them safe. The agency decided the other six needed further testing and has asked industry to produce evidence of their safety by March 6. Carbon black and charcoal are among the six. The FDA also wants more information on the effects on humans of titanium dioxide, a white coloring used in can linings, wrapping paper and paint, and ultramarine blue, used in inks which could migrate from wrapping paper into a food product. Also under suspicion are two substances derived from fats that are used as an additive to poultry feed: oleic and lino-oleic acids. These acids have caused death and disease in chickens when used under certain circumstances to add fat to feeds. The cranberry scare and the resulting public interest in the question of food additives stems from passage last year of a new amendment to the Food, Drug and Cosmetic Act. This act shifted from the government to the manufacturers the burden of proving a food additive safe. The law becomes fully effective next March 6. As defined by the government, a food additive is a substance added to food either intentionally or accidentally — as in the case of the weed killer aminotriazole which contaminated portions of the cranberry crop. The definition covers a wide range of materials added to food to preserve it, enrich it or color it. It also covers livestock feed supplements which may carry over into poultry and other meats.

Matters Of The Military

ROBERT R. BIGHAM
... awaiting assignment

Bigham Completes Recruit Training

SAN DIEGO Calif. (FHTNC) — Marine Pvt. Robert R. Bigham, son of Mr. and Mrs. LeRoy Bigham, 1312 Garland, completed recruit training Dec. 1 at the Marine Corps Recruit Depot, San Diego, Calif.

The 11-week course included instruction in all basic military subjects and infantry weapons. Upon completion of training new Marines are assigned to a unit for further infantry training, or to one of the many Marine Corps schools.

CALVIN L. STRACENER
... completes training

Stracener Completes Recruit Training

SAN DIEGO Calif. (FHTNC) — Marine Pvt. Calvin L. Stracener, grandson of Mrs. Anna Payne of Lefors, completed recruit training Dec. 1 at the Marine Corps Recruit Depot, San Diego, Calif.

The 11-week course included instruction in all basic military subjects and infantry weapons. Upon completion of training new Marines are assigned to a unit for further infantry training, or to one of the many Marine Corps schools.

Recent Graduate

NEW LONDON, Conn. (FHTNC) — Bobby C. Mayberry, seaman, USN, son of Mr. and Mrs. Carl Mayberry of Lefors, graduated Nov. 18, from the Basic Enlisted Submarine School at New London, Conn.

Eight weeks in duration, the school indoctrinates students in all phases of submarining. Upon graduation students are sent to operating submarines or to advanced technical schools for further training.

Enlists In Navy

Alfred Ray Ballard, son of Mrs. Marie Ballard, 633 Naida, enlisted in the Navy through the Navy Recruiting Station in Pampa. Alfred was sworn in at the main Navy Recruiting Station in Albuquerque Nov. 23.

Seaman Recruit Ballard is now receiving training at the Naval Training Center, San Diego. After graduating from training, Ballard will automatically be advanced to seaman apprentice, the first step of advancement in the Navy. Each recruit is granted a 14-day leave to visit relatives and friends prior to reporting to his first duty assignment.

Finishes Exercise

HOHENFELS, Ger. (AHTNC) — Army Pvt. Rolla H. Sahler Jr., whose father lives in Canadian, participated with the 3d Division's 4th Infantry in a field training exercise in Hohenfels, Germany, Oct. 21-Nov. 25.

The exercise was conducted to determine the combat readiness of the NATO shield of defense in Europe.

Sahler, a rifleman in the Infantry's Company D, entered the Army last January, received basic training at Fort Benning, Ga., and arrived overseas last August.

The 21-year-old soldier is a 1957 graduate of Canadian High School and attended West Texas State College in Canyon.

LENIN TRIALS OVER

MOSCOW (UPI) — The official news agency Tass has reported the trials of the atomic saboteurs Lenin have been completed. The report said the 16,000-ton vessel was capable of circling the world four times without calling at any port.

Gets Field Training

HOHENFELS, Ger. (AHTNC) — Army PFC Ben M. Cartwright, son of Mr. and Mrs. Russell B. Cartwright, 821 E. Eighteenth, is participating with the 3d Infantry Division in a five-week field training exercise in Hohenfels, Germany. The exercise is scheduled to be concluded Dec. 22.

The training exercise is designed to determine the combat readiness of divisional units which are part of the NATO shield of defense in Europe.

An assistant gunner in Company A of the division's 15th Infantry, Cartwright entered the Army last February, completed basic training at Fort Benning, Ga., and arrived overseas last September.

The 23-year-old soldier is a 1955 graduate of Pampa High School, attended West Texas State College in Canyon, and is a member of Tau Tau Tau fraternity.

First Roman Catholic archbishop in the United States was Archbishop John Carroll.

Taking Schooling

LAKEHURST, N.J. (FHTNC) — Kenneth E. Fricke, airman apprentice, USN, son of Mr. and Mrs. W. H. Fricke of 212½ N. Gillespie, is attending the Aeronautics School at the Naval Air Technical Training Unit, Lakehurst, N.J.

The 16-week course trains students to operate all standard aerological equipment necessary for making weather observations. The graduates of the school are qualified for advancement in rating in the aerology field.

Graduation is scheduled for March 11.

Completes Training

FORT SILL, Okla. (AHTNC) — Army Pvt. William R. Teegerstrom, son of Mr. and Mrs. Oscar H. Teegerstrom, 1307 Coffee St., whose wife, Jeris, lives on Route 1, Lamed, Kan., completed eight weeks of advanced individual training Nov. 21 at The Artillery and Missile Center, Fort Sill, Okla.

Qualifies As Expert

24TH INF. DIVIS. Germany (AHTNC) — Army Sergeant First Class Bernis L. Stroup, son of Mrs. Maude A. Stroup, 300 S. Somerville, recently qualified as expert in firing the M-1 rifle while serving with the 24th Infantry Division in Germany.

Assigned to Battery A of the division's 13th Artillery, Sergeant Stroup entered the Army in 1953 and arrived overseas in August 1958 on this tour of duty.

The 26-year-old soldier attended Pampa High School. His wife, Anna, is with him in Germany.

'Thou Shalt Not Kill' Is Holiday Safety Slogan

CHICAGO (SpI) — The National Safety Council announced today a Christmas holiday safety campaign that will stress moral responsibility and appeal to every American to observe the commandment, "Thou shalt not kill."

"By moral responsibility," said Arthur B. Langlie, chairman of the council's national committee of religious leaders for safety, "we mean simply this: 'Motorists — and people in their homes, too — violate one of the Ten Commandments when, through disregard for safety, they cause others to suffer or lose their lives.'"

"This," said Langlie, former governor of Washington and now president of the McCall Corp., New York City, "is the season for sober worship and family joy. It is also a time for honest thinking. 'It's a time for honest thinking about living a sound, full life and helping others to do so. This must surely include thoughts about driving your car — carefully and soberly.'"

"We must have regard for our own lives and well-being, and patient consideration for the welfare of those who ride with us or who ride in other cars. 'Thoughtful, careful habits are wrapped up in the meaning of the Christmas season.' The council's Christmas safety campaign will continue from Dec. 1 through the New Year's holiday. It will reach its peak, the organization said, from Dec. 21-25. Theme of the month-long effort,

which will emphasize the need for safety on the nation's streets and highways, is: "For a merry Christmas — make it safe!" "One sure and simple way to help make your holiday safe," Langlie pointed out, "is to do away with the office party which relies on the bottle for its fun. 'Take care of yourself and your family this Christmas,' Langlie urged. 'Above all, remember the Golden Rule. It will help you have a safe and merry holiday.'"

Miss Porterfield's services Monday

Final rites for Miss Jimmie Porterfield of Lefors will be held Monday at 2 p.m. in Lefors Church of Christ with Charlie Tutor, minister, officiating.

Miss Porterfield, a World War veteran, died at 3:50 yesterday morning in the Veterans Hospital, Amarillo, where she had been patient for the past three months during World War II. She served the Army Air Force as a nurse and prior to her illness, she had been a nurse aide in the Veterans' hospital.

Miss Porterfield was born Nov. 1, 1904 in Sulphur Springs a n.d. and resided in Lefors since 1933. She was a member of the Lefors church of Christ.

Survivors are her mother, Mrs. Mary Porter of Lefors; two sisters, Mrs. E. H. Barron, also of Lefors; Mrs. E. L. Truham of Perryton; a brother, Noel of Lefors; four nieces and one nephew.

Interment will be in Fairview cemetery under the direction of Benkel-Carmichael Funeral Home.

Lee M. Trimble services today

SHAMROCK (Sp) - Lee M. Trimble, 52, a lifelong resident of Shamrock, died at 8 a.m. Friday at Shamrock Hospital. Funeral services are scheduled for 2:30 p.m. today in the First Baptist church of Shamrock, with the Rev. K. Whitaker, pastor of the Baptist Church officiating.

Mr. Trimble was born Sept. 12, 1877, in Shamrock.

Survivors include his wife, Hall; a daughter, Mrs. Raymond Hobbs of Shamrock; four sons, David Lee and Duane, both of Amilo, Edward of Borger and James of Shamrock; two sisters, Mrs. Ed Harris of Atchison, Kan.; and Mrs. A. L. Taylor of Shamrock; a brother, Marion of Perryton; and nine grandchildren.

Burial will be in Shamrock cemetery under direction of Richerson Funeral Home.

Episcopal Youth In Convention Here

The annual convention of Episcopal young churchmen winds up a three-day session tonight at St. Matthew's Episcopal Church.

The Rev. Lester Jones of Plainview, diocesan director of youth, was the principal speaker Saturday night at a banquet held in the parish house.

More than 150 young people participated in the convention from all sections of the Panhandle.

The sessions began with registration Friday.

The convention program was a built around the theme, "We Are One." Included in study topics during the conclave were film strips dealing with problems of teenagers such as dating, school records and popularity. There were several Bible study classes.

A dinner dance was held Saturday night.

Pampan Teach In Training Sessions

Three members of St. Matthew's Episcopal Church began a training session in Clarendon today which will end Tuesday.

Clem Followell, Bob Fugate and the Rev. William E. West started a course on "The Family" for members of the Clarendon Episcopal Church.

This is part of a nationwide training program of the church which will continue during a three-year period and will include training in marriage, family and child development as related to the Christian religion.

Candidate Lines Up Speech Dates

Arthur Glover of Amarillo, a candidate for the Democratic nomination in the May 7 primary for the congressional seat now held by Pampa's Walter Rogers, was in town Saturday completing arrangements for two speaking dates before civic clubs.

Glover is slated to give a campaign speech Jan. 19 to the Pampa Jaycees and prior to that a non-political talk at Kiwanis Club, Jan. 8.

He will speak to Kiwanis relative to the club's 1959 theme, "Liberty Is Up To You."

Accompanying Glover on his visit here was H. W. Chase, of Amarillo, his campaign manager.

INSTALLED

(Continued from Page 1) address Monday will be given by Myron D. Hockenbury, president of the Hockenbury System of Harrisburg, Penn.

The Hardin-Simmons Trio will provide special entertainment at a banquet and dance Jan. 19 marking the official opening of the Coronado, Tom Collins of Kansas City, Mo., will be the featured speaker.

Letters have now been sent to all stockholders relative to the opening banquet and dance, and reservations are "coming in fast," Les Hart, chairman of the ticket sales committee, reports.

Stockholders have until Jan. 15 to make their reservations, after which time tickets will go on sale to the public at \$10 a plate.

encephalitis. Mrs. Spoonmore worked for the Cabot Co. in Pampa prior to her marriage.

Mrs. Irene Brown, 815 N. Frost, and daughter, Mrs. J. A. McLain, 1000 E. Browning, attended the funeral Friday in Amarillo of Mrs. Brown's niece, Mrs. Louis Broom.

Addison Once Under Scrutiny

SAN ANTONIO (UPI) - A former Willacy county attorney testified Saturday that John Milton Addison was once under indictment there for violation of state security laws.

However, Carl Connelly, now a state representative from Raymondville, said Addison appeared voluntarily three times before the grand jury and the indictment was later quashed.

Connelly said the action was in 1956. He was the fourth witness to testify for the state in an effort to send Addison, a uranium promoter, to jail on charges of theft.

Assistant District Attorney James Barlow put Connelly on the stand in an effort to get 500-pages of transcript from the grand jury proceedings introduced as evidence.

Benson Recovering From Operation

WASHINGTON (UPI) - Secretary of Agriculture Ezra Taft Benson is "progressing normally" in his recovery from an operation which removed his gall bladder, an eye reported Saturday.

The 60-year-old cabinet member underwent surgery at Walter Reed Medical Center Friday morning. The hospital reported he was showing such good post-operative recovery that medical bulletins were being discontinued.

PRIMARY

(Continued from Page 1) ning mate, 2,741, State Sen. William M. Rainach, 3,475 and State Comptroller William J. Dodd, 1,801.

A few votes were scattered among six minor candidates.

Voting was heavy and the count was slow. The polls opened at 6 a.m. (CST), and long lines were reported in front of hundreds of voting places when they closed at 8 p.m. Those still in line will be allowed to vote.

Long left the gubernatorial mansion in Baton Rouge in his automobile to check the voting and announced he would return later to see how the counting shaped up.

Long's escapades started with a tirade before the legislature in May. His wife, Blanche, whom he now plans to divorce, packed him off to mental hospitals in Texas and Louisiana.

He got out of the second hospital, at Mandeville, La., by firing the two officials responsible for running it and replacing them with men who said he was sane.

Then Long embarked on a "recuperation" tour of the South-west. He flew into Texas with a pillow slip over his head, cursing reporters.

Long continued his tour in a new, air-conditioned Cadillac, with a supply of watermelons in the trunk. He caroused in Juarez, Mexico, got himself thrown out of a race track in New Mexico and went as far west as Denver.

He was publicly identified with Blaise Starr, a strip teaser, and parked in the moonlight at Hot Springs, Ark., with a woman who later was arrested for soliciting. Both his department and health are now improved.

Long will receive election returns Saturday night in the gubernatorial mansion in Baton Rouge. He voted an absentee ballot in Winfield, where he maintains a farm he calls his "Little Pea Patch."

Injured In Wreck

Mrs. Teddy Brown Chase, 25, was treated at Highland General Hospital Saturday evening for a deep cut over the left eye suffered when her car rammed a parked truck on E. Browning St.

Mrs. Chase, 407 Lefors, said she was blinded by the sun and failed to see the truck. Her car, a 1954 Plymouth, had damages estimated at \$200. The mishap occurred at 5:18 p.m. in the 900 block of E. Browning.

4-H Council Names

Arlene Willis of the Wayside 4-H Club was elected county 4-H council chairman for 1960 Saturday afternoon at the regular council meeting in the courthouse annex.

Outgoing president Franklin Baggerman, president, assisted by outgoing secretary Irene Baggerman.

Other officers elected for 1960 were James and Irene Baggerman, vice co-chairmen; and Martha Pattillo, secretary-treasurer. Committee reports were presented by Miss Willis and Connie Burger.

Those attending in addition to those mentioned above were Mary Alice Combes, Roselle Baggerman, Kathy Davis, Larry Short, Adult Leader Mr. Larry Short, and assistant county agents Cecil Regier and Alby Kuehler.

Nine-County Highway Toll Chief In McLean Rises To 15

The death of Mrs. Ian Hoel of Gruver Nov. 11 raised the year's death toll on area highways to 15, Sgt. E. C. Albers reported Saturday from the Highway Patrol office.

Albers' nine-county report showed one fatality in November (in Hansford County), 33 injuries and 49 accidents. Eleven of the 49 accidents occurred in Gray County.

Sgt. Albers warned motorists that December is annually a "high accident month." He urged that special precautions be taken over the Christmas and New Years holidays.

Through November, Albers added, there have been 15 highway deaths in this area, 281 injuries and 440 accidents. Property damages have totaled \$362,543.

U.S. mushroom yields have increased from about one pound to two pounds per square foot of bed space in the last 25 years.

Meador Renamed Highway Toll Chief In McLean

McLEAN (Sp) - Boyd Meador, McLean fire chief the past 15 years, has been re-elected chief of the McLean Volunteer Fire Department for his 16th consecutive term. Meador was elected at the department's annual business meeting Thursday night.

Others elected were Assistant Chiefs S. A. Cousins and W. W. Boyd, secretary-treasurer J. J. Hutchinson, Drillmaster Leo Gibson, and Drillmaster assistant Jim Hathaway.

The annual meeting was held following a steak dinner with McLean's city and county officials. Among the dignitaries attending from Pampa were County Judge Bill Craig and County Clerk Charlie Thut. From McLean were Mayor John Haynes, City Councilmen Odell Mastooth and Ruel Smith, City Marshal Bill Kingston, City Manager Dan Mize, Constable J. D. Fish and County Commissioner Archie Dwyer. Also attending was Calvin Fraser of Garlena, Calif., owner of Marie Foundations.

Entertainment was furnished by a group of high school singers under the direction of Jim Boyd.

The state of Montana ranks with Siam and Australia as a source of sapphires.

REV. RUSSELL WEST, fellowship speaker

Fellowship To Install Officers

The First Christian Church Men's Fellowship will install officers Monday night at 7:30 o'clock following the group's annual ladies night banquet at the church.

To be installed are Clyde Carruth, president; Roland Dauer,

first vice president; Ralph Depee, second vice president and Roy McMillen, secretary-treasurer.

The Rev. Russell West, for 15 years minister of the Church of the Brethren in Pampa, will recite inspirational poetry entitled "The Footprints of God." The illustrated program will be built upon the Golden Text of the Bible.

Minor Fire Damage

Several articles of work clothing were destroyed by fire Saturday morning when a clothes dryer caught fire at Your Laundry and Dry Cleaners, 301 E. Francis.

Firemen, who answered an alarm at 8:48, said damages to the dryer were minor. The clothes were property of the Cabot Co.

Last Rites Held

Last rites were held at 2 p.m. Saturday in the Memphis Church of Christ for M. M. Pounds.

Mr. Pounds was the father of G. L. Pounds, Miami rancher.

Broadway Closeup

The Big 'Mr. Gleason Has Talent & Ideas To Match

By DICK KLEINER NEA Staff Correspondent NEW YORK (NEA) — It's no secret that Jackie Gleason is a big man. But you'll never realize how big until you see him in his dressing room, his vast bulk wrapped up in a faded blue bathrobe, his cheerful frowns smiling at greeting, his beefy hand held out cordially.

he's deserted TV to return to the Broadway stage, where he first attracted attention. Now starring in "Take Me Along," he dominates the stage when he's on, giving a touching portrayal of a good-hearted souse. He sings, dances, romances; he's both funny and sad, often at the same time.

GLEASON (in "Take Me Along"); Nobody misses TV.

Comedienne Doesn't Want Her Children To 'Go Hollywood'

By RICK DU BROW UPI Hollywood Correspondent HOLLYWOOD (UPI) — Eva Arden is keeping her four children down on the farm so they won't "Go Hollywood."

Mill Valley, Calif., added: "In a sense, children who live on a farm become sophisticated too — but about more important things. With the animals around, they're close to life, death and sex every day."

The wise-cracking blonde gave up her Hollywood home for a farm five years ago because she felt filmland children got too much money and sophistication too early in life.

"They've watched animals being born," said West. "And," said Miss Arden, "that's one of the reasons we feel we can trust Liza morally when she goes out. She knows what life is about."

"My husband (actor Brooks West) and I made our decision when we visited a friend one Halloween night," she said. "The kids arrived in chauffeur-driven cars and wouldn't accept anything less than dollar bills."

"We live in a place where it takes miles to come for a date, and you really have to know who the kids are. But even though Liza makes me feel like an ogre sometimes for insisting on a chap-erone, a few minutes later I'll hear her boasting to a friend: 'My mother won't let me go without a chap-erone.'"

The children are Liza, 15; another girl, Connie, 12; Duncan, 6, and Douglas, 5. The three oldest children are adopted. Miss Arden calls Douglas "our dividend."

"The man who owned the farm before we did was a big executive who got sick of hearing that other people's children got \$15 a week," Miss Arden laughed. "As for Hollywood children, their social life can get a little overboard, just like their parents can. Living in town, you attend so many functions."

The actress, who was born in...

"I had much bigger parts in the shows I did years ago."

I took the part because I liked the character and I liked the music.

Jackie isn't exactly sure how many Broadway shows he's been in. He says this is the "fifth — or maybe the sixth." He does know it's the first time for him on the Broadway stage since 1948.

Getting back to the legitimate theatre was not, he found, a difficult chore.

"To an actor," he says, "it doesn't matter if you're working on TV or on the stage or in a barrel — as long as you're working, it's all the same."

DIAL 2 FOR MUSIC

SINGAPORE (UPI) — Singapore residents today had a new entertainment medium—the telephone. They could hear the city-state's new national anthem, "Majulah Singapura," by dialing the number 2 on their telephones.

LITTLE LIZ

It would be simply fabulous to hear a TV announcer who'd never heard of the word.

Read The News Classified Ads.

'Knife' Cuts Way Back As Top Tune

CHICAGO (UPI) — Bobby Darin's award-winning "Mack the Knife" slashed back to the top of United Press International's top 20 popular tunes survey Saturday, setting a record for the year.

"Mack," number one tune at one point or another since early fall, gained first place for the ninth week, the first song in 1959 to hold on so long. It also marked the third time this year that "Mack," having slipped to second, regained first.

In second, displaced by "Mack" was Della Reece's "Don't You Bring Me Down." It was a movie sometime in 1961.

"I've always wanted to do a good movie," he says. "I've read many scripts but they were all lousy. So I wrote one myself. It has pathos, it has comedy, it is spine-tingling."

"I'd really like to just produce and direct it, not act in it. But I may do all three, although I don't think that's a good idea, to produce or direct yourself in anything."

Over the years, Gleason has done virtually everything in show business. He admits to having no really burning desire to do anything new, and he feels "I'm a kind of sad."

An avid reader, Gleason manages to cram in a few books a week, despite the play, the TV planning, the time off for fun. His secret of doing so much is simply that he sacrifices sleep.

And yet he does not resent the rigid confinement of the Broadway stage schedule.

"In the first place," he says, "anybody who goes into this business must accept the fact that six evenings a week he'll be tied up. Second, if I wasn't doing the show, I wouldn't know what to do with the free time, anyhow."

He laughed as he said that and the blue bathrobe rippled happily.

Hollywood Just One Big Accident

By JOE FINNIGAN UPI Hollywood Correspondent

HOLLYWOOD (UPI) — Pert little Nola Thorp is an "accident prone" actress who might possibly hit stardom — if she lives that long.

Miss Thorp seems always to be tripping over things, smashing elbows, wrists, ankles and her pretty skull.

"I don't know why I fall down so much," lamented Nola, who plays "Cinderella" opposite Jerry Lewis in the latter's production of "Cinderella."

Dressed in the raggy clothes of a poor little girl who later wears the beautiful gowns of a princess, Nola talked about her struggle for sheer survival, not to mention any fight for success.

"I fell from a bus, tripped off a curb, rolled down some stairs and slipped on a boat dock. That should be some kind of a record I would think."

The afore mentioned accidents happened to Miss Thorp since she came to California from her hometown of Hayward, Wis. But, apparently things weren't much better in dear-old-Hayward.

"Nope, I had problems growing up too," the 23-year-old blonde revealed. "One time I looked into a basement excavation and fell in. I fractured my skull."

"And even though I remember the streets being paved only once all the time I lived in Hayward, that caused me trouble," she recalled painfully. "I toppled into the street tar."

"If you think our heroine is tangle-footed, you should see her in the driver's seat of an automobile. She's hell on wheels."

"I'm afraid to drive a car because one time I ran into a house," Nola said, as matter of factly as if she'd dropped her handkerchief.

"It was an eight-room house," she explained proudly. "I rammed that place so hard that it was actually moved partially off its foundation."

"Cost me a tooth," she said open-mouthed, showing a fancy gold replacement. "Besides that, the police fined me \$65 for driving without a license and my friend, who owned the car, was very angry."

Miss Thorp announces proudly these days to one and all that she still founders about, but "doesn't get hurt anymore."

With that proclamation, she opened a briefcase sized purse to find something, and what should accidentally fall out? Her girdle!

PROBLEMS OF YOUTH — Shown above are McDonald Carey, Brandon DeWilde and Marsha Hunt in a scene from "Blue Denim" which will open at the LaVista Theatre, December 13 for a four-day engagement. Also included in the cast are Carol Lynley and Warren Berlinger. This attraction pictures the serious problems confronting teenagers today.

Economic Thinking Reversal

NEW YORK (UPI) — A reversal of America's way of economic thinking and the elimination of all personal income taxes by the end of 1942 is the ambitious goal of Raymond E. Umbaugh, a 39-year-old, self-made millionaire aircraft manufacturer.

through individual incentives is "a must for survival."

Umbaugh and five other wealthy businessmen have formed an organization called Americans for Economic Freedom.

"What we need in the United States is the stabilization of the dollar," Umbaugh declared. "A return to economic freedom will stabilize the dollar."

Umbaugh said that 1940 is "the year of decision." With that in view, his organization plans to work for delegates to the Democratic and Republican national conventions who will support the principles of the AEF. He said he hopes to have 60 per cent of the delegates in favor of his plan.

A Successor To DeGaulle Overshadowed By The Man

EUROPE TODAY
By JOSEPH W. GRIGG
United Press International

LONDON (UPI)—A question worrying European diplomats today is "who will succeed French President Charles de Gaulle?" They see no likely or even possible candidates on France's political horizon at the moment. They fear the answer might be a take-over by the French army or a return to the political chaos of the last months of the Fourth Republic, which was kicked ignominiously into the limbo by De Gaulle's return to power in June, 1958.

In other cases it is feared the result might be disastrous for France, Europe and the whole Western alliance.

The problem is not one of immediate urgency, although the worry is a nagging, long-term one. Under the Fifth Republic's constitution De Gaulle was elected President of France for a seven-year term. That does not expire until January, 1966.

But the general was 70 last month and will be 76 when his term of office ends.

He has aged noticeably in the past 18 months. He no longer is

as robust as he was and his eye-sight is failing.

If his health forced him to step down before completing his full seven-year term, a new president would have to be elected within 20 to 30 days. The Fifth Republic's constitution does not provide for a vice president to complete a president's term.

The problem of a De Gaulle successor has been given very little public airing. But it was brought up recently by one of France's most respected politicians—Socialist Party chief and former Premier Guy Mollet.

"Who is there to succeed De Gaulle?" Mollet asked in effect. Western diplomats who have asked themselves the same question see no answer at present.

Mollet may have been thinking of himself as a possible candidate, they believe. He was one of the men most responsible for engineering De Gaulle's return to power. But he is tarred with the brush of the fourth Republic's discredited politics. Further, the 1,200,000 Europeans in revolt in Algeria regard him as the symbol of a sell-out policy to the moslem rebels.

Premier Michel Debre is heart-

and soul a "Gaullist." But Debre, a former law professor and the man who inspired the Fifth Republic's constitution, is regarded simply as an agent to carry out De Gaulle's policies. He has no popular following and is virtually unknown to the average Frenchman.

An up-and-comer who undoubtedly has his eye on the French nation's top job is ambitious, dynamic Jacques Soustelle, Minister for the Sahara in the present Debre government.

Soustelle is only 47 and one of France's outstanding politicians. But Soustelle—partly because of his push and ambition—has a lot of enemies. Millions of Leftist-inclined French voters also regard him as almost a Fascist.

Apartments Popular In Suburbia

By EDWARD COWAN
REAL ESTATE COLUMN
United Press International

WASHINGTON (UPI)—A New look in apartment houses is boosting their popularity in the suburbs. New designs, larger rooms, air conditioning and landscaping are making people forget about the unimaginative, conventional apartment houses of yesterday, according to the Urban Land Institute, a private research organization.

The new features of multiple

dwelling construction are just in time to attract millions of people who, in the decade of the sixties, will be ready to move into apartments.

Population trends show that there will be lots of young couples in the next decade—the newly married "war babies"—who will want separate residences but who will not be able to afford a house.

This will also be true for many of the war babies' parents. They may find that with the children grown up and moved out, a compact apartment is more to their liking than a house.

According to the institute, apartment dwelling will be possible without sacrificing suburban life. In contrast to the traditional city apartment, air-conditioned units with larger rooms, gadget-filled kitchens, ample storage space, outdoor terraces and other appurtenances of a single-family, suburban house are appearing. Frequently these new apartments have a swimming pool and other club-like features for the exclusive use of the tenants.

"With these improvements, plus low land coverage and attractive landscaping, the architectural appearance of these new garden apartments holds lures for the suburban-oriented tenant," the institute said.

"Where land is too expensive for single-family houses," it added, "new construction in garden apartment forms, or row houses offers development possibilities for a growing market."

The institute also suggests that more emphasis be placed on apartment living in downtown areas. Living close to shops and work places reduces travel time and expense, land economist Homer Hoyt said.

Apartment dwellings also eliminates the upkeep work and cost of lawn mowing, house repairing and painting. Hoyt adds, and may also remove some of the "keep up with the Joneses" pressures that bedevil many a suburban householder.

Government figures show that construction of multi-family buildings has risen sharply in the past three years. The 195,000 units started in 1958 almost matched the 1959 record. In the first eight months of 1959, construction on apartment houses was begun at an annual rate of 164,020 units, an annual rate of 164,200 units, the second highest level since 1950.

Dig This: A Far Out Guide To All That Jazz

By WARD CANNEL
NEA Staff Correspondent

NEW YORK (NEA) — In an effort to win back viewers and customers, a major TV sponsor has just signed the Newport Jazz Festival to contract calling for 40 uninterrupted hours of jazz — to be video-taped on the scene, edited and televised later.

The reason is quite simple, according to the TV producer, J. W. Weston:

—Most jazz listeners don't really understand what they're listening to. But jazz is all-American music, so it is un-American to stop listening.

—Jazz record sales approach \$80 million annually. And summer jazz festivals do a booming business in every part of the country.

The Newport, R.I., festival makes about \$40,000 profit in four days. Last season they had 76,000 listeners from every state and 22 countries.

"This makes it very easy to please everybody," Weston said. "And while a lot of jazz is not very good, fresh or original, hardly anybody knows when it isn't. Besides, we will have a lot of authentically by making everybody on camera talk in the

argot of jazz."

To this end, the show production staff has prepared a dictionary of the lingo commonly expected from jazz musicians. Tests show that 10 minutes of study per day for a week is enough to make any musician sound brilliant.

If you would like to sit down at the piano and amaze your friends, here is a complete list of some of the jazz terms:

Ax: Any musical instrument.

Lying: The ability to play an instrument and read music.

Soul: The ability to play an instrument without the ability to read music.

Hip: A person or thing that enjoys listening to jazz.

Crazy: Wonderful, splendid, great, advanced.

Out: Crazy.

Far Out: Out.

Kook: One far out.

Hippy: Kookie.

Hung Up: Hippy.

Wig: One who is hung up.

Wigger: Wiggat.

Wigger: Biggest.

Nutty: Crazy.

Makes It: Terrible.

Terrible: Crazy.

Say Something: To produce a product too big to be described.

Something Else: The same, only

Aphasia Is Little Understood Condition Affecting Children

By LOUIS CASSELS
United Press International

He was a handsome, blond-haired boy, and he looked as healthy as a child can be. He sat at a front row desk, smiling expectantly at Mrs. Edna K. Monsees, his teacher.

"What is your name?" asked Mrs. Monsees, looking directly at him and forming each syllable carefully with her lips.

"My name is Paul," he gasped, struggling for every word.

"How old are you, Paul?"

"I am 10 years old." His face was alight with triumph as he reached the end of the sentence.

Paul is a victim of aphasia, a little-understood condition that afflicts hundreds of thousands of children. It is characterized by inability to use and/or understand spoken language. While professionals are still arguing among themselves about the details of diagnosis, there is fairly wide agreement that aphasia results from some defect or damage to the central nervous system.

Many aphasic children, like Paul, seem perfectly normal at birth. They don't learn to talk at the usual age, but that is not of itself alarming since many bright children are late talkers. The handicap becomes fully apparent, however, when an aphasic child reaches his third or fourth birthday, still silent and cut off from the world of verbal communication.

Deafness and mental retardation can also keep a child from learning to talk, and both of these handicaps are more common than aphasia. It is only when these possible diagnoses are eliminated — by hearing and intelligence tests — that a child is known to be suffering from aphasia.

An aphasic child usually cannot be taught to speak by the methods which are successful with deaf children. But he CAN be taught. In fact, he can overcome his handicap completely, and go on to live a fully normal life — with the right kind of teaching.

That has been demonstrated in recent years by a handful of pioneering schools for aphasic children. One of these schools — the one Paul attends — is the Children's Hearing and Speech center of Washington, D. C. It was founded by Mrs. Monsees two years ago under the sponsorship of the Children's Hospital, and now has four teachers and 25 pupils.

Mrs. Monsees said the painstaking technique used in her school was developed by Miss Mildred McGinnis at the Central Institute for the Deaf in St. Louis, Mo.

"The St. Louis school, which has 65 pupils, was the first and is still the largest institution for teaching aphasic children," she said. "There are now similar schools in Atlanta, Ga., and Boston, but I do not know of any others."

The combined capacity of these schools is fewer than 200 children. Mrs. Monsees offered the "conservative guess" that there are upwards of 500,000 children in the nation who need this kind of teaching.

Amarillo Man On Tax Policy Board

AUSTIN (UPI) — Gov. Price Daniel today appointed Dr. John R. Stockton of Austin, John McKee of Dallas and Hugo H. Lowenstern of Amarillo to the Texas Commission on State and Local Tax Policy, created by the last Legislature.

Stockton is director of the University of Texas Bureau of Business Research. McKee is manager of industrial relations for Ford Motor Co. in Dallas, and Lowenstern is a well known realtor and tax specialist.

Americans pay a total of five billion visits to the movies annual, and go on to live a fully normal

New Markets Abroad For Fast Growing U.S. Industry

"On the Farm Front"
By BERNARD BRENNER
United Press International

WASHINGTON (UPI) — Soybean growers and processors have teamed up with the government to develop new overseas markets for one of the nation's fastest growing industries.

The growers and processors, working through the Soybean Council of America, already are spending about \$275,000 a year voluntarily contributed funds on a

joint foreign market development program. The Agriculture Department's Foreign Agricultural Service (FAS) spends about the same amount on the program.

Howard L. Roach of Waterloo, Iowa, president of the soybean group, said the industry now wants to expand the market development project and put it on a long-range basis.

Roach discussed the proposal in an interview following his return from a typical market development project—a conference in Lima, Peru, for representatives of fats and oils industries in Peru, Colombia, Chile, and Ecuador.

"We're promoting increased consumption of all fats and oils and soybean products wherever they're grown," he said. "If we can increase consumption, we'll get enough of the increased business to pay for the effort."

The four nations which sent representatives to the meeting now buy about 30,000 tons of U.S. soybean oil a year. In the future, Roach believes they will be a steady market for 50,000 to 60,000 tons a year.

Sixty-thousand tons of soybean oil annually equals the production from about 400,000 acres of mid-west soybean fields.

American farmers want more overseas customers for soybeans because production has been

booming in recent years. This year's soybean crop of about 528,000,000 bushels is the second largest on record and nearly double the 1953 crop.

Most soybeans are crushed by processors, who turn out high-protein meal for livestock feed and soybean oil. With the help of a special federal program under which dollar-short foreign countries can buy U.S. farm products with their own currencies, exports of meal, oil, and whole soybeans rose to a new record high in the year ending last Sept. 30.

Exports of whole beans rose to 110,000,000 bushels. Shipments of meal, largely to Canada but increasingly to Western Europe,

52nd Year
THE PAMPA DAILY NEWS
SUNDAY, DECEMBER 6, 1959

went to 512,225 tons. Exports of soybean oil were at an all-time peak of 465,000 tons.

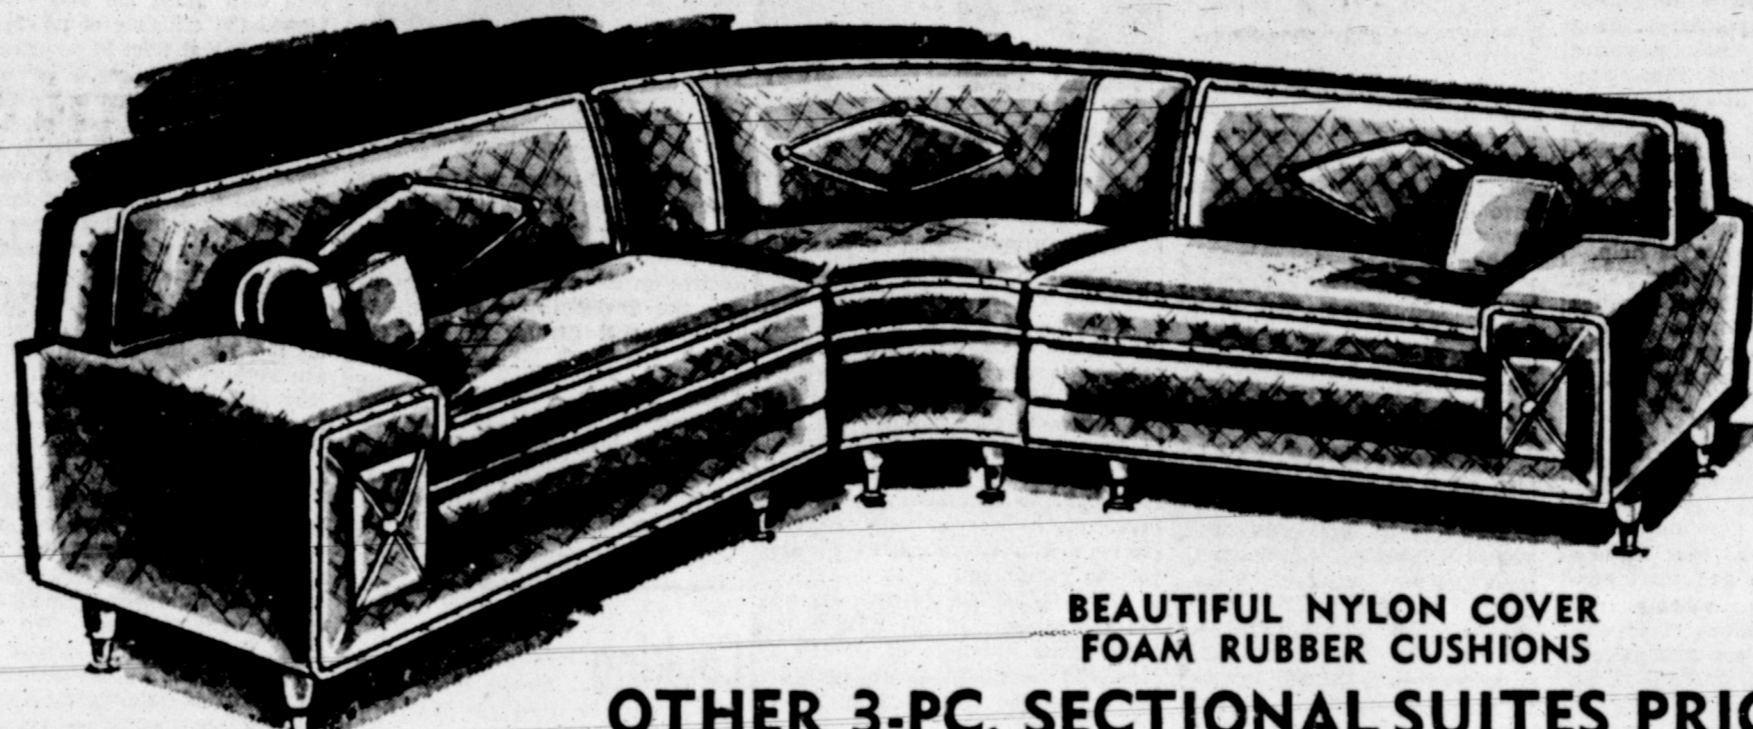

Santa Fe, N. M., founded in 1610, is the oldest state capital in the United States.

ALL ARMS — Allen Wise (left, no. 12) of Pampa and Gillingham of Bowie grab simultaneously for a rebound in Friday's game, won by the Harvesters. The camera caught both players as they reached the top height of their jump. (Daily News Photo by Marvin Olsen)

Pampa Sweeps Crucial Pair From Jackrabbits of Bowie

Cagers Win Home Opener, But McKinley Scares 'Em

Bobby McKinley of Bowie fouled out Friday night with Pampa leading 41-40, and 2:40 left in the third period. The Harvesters breathed a sigh of relief and went on to take their 47th straight victory, 61-53, in their 1959 home opener.

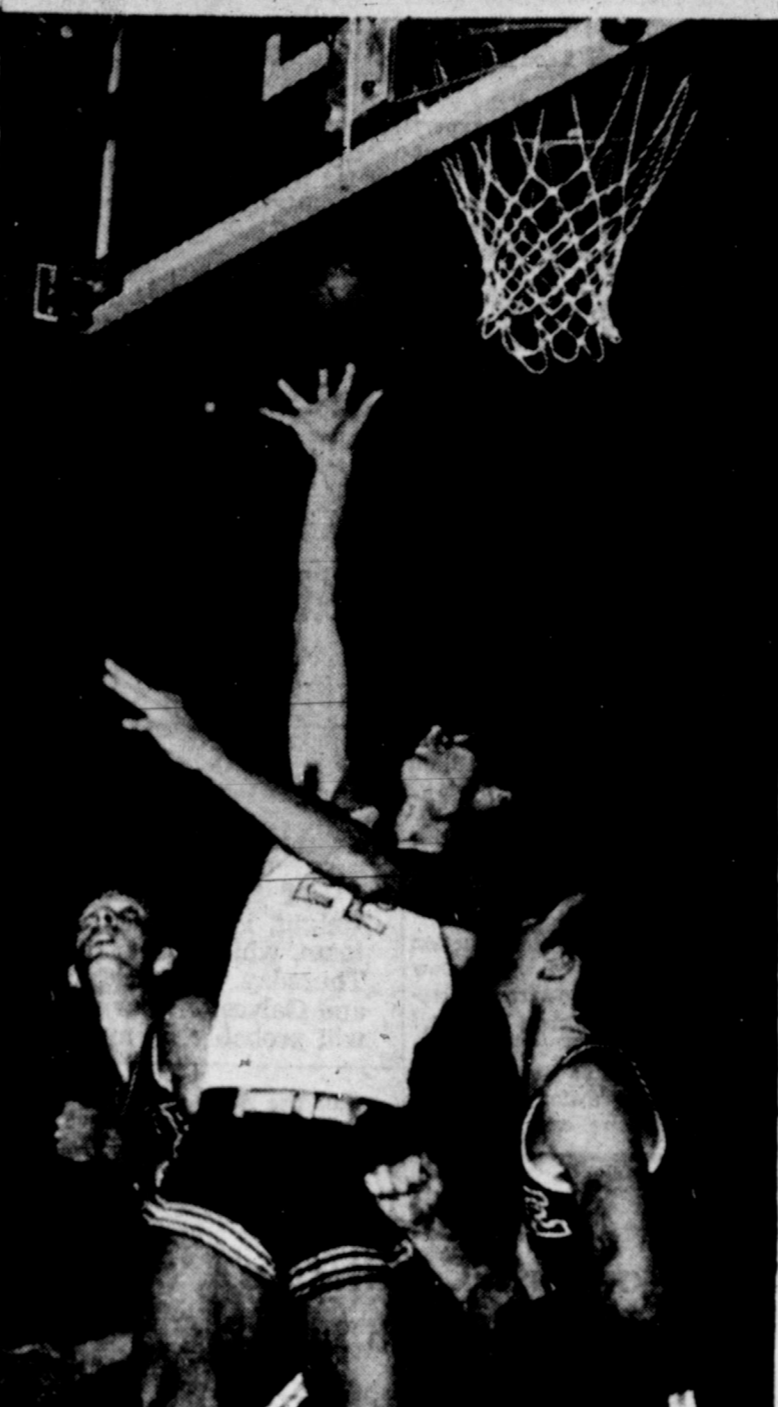

Up to that point, McKinley had kept the Jackrabbits in the game almost single-handedly, by scoring 20 points, all of them on field goals.

After McKinley fouled out, the game was over for all practical purposes, especially since Tommy Powers, another Bowie starter, had gone the five-foul route minutes earlier. With only three regulars in the lineup, Bowie was no match for the Harvesters.

Up to that crucial point the Jackrabbits, who were state finalists in class AA last year, gave the Harvesters all the trouble they could handle.

With Craig Winborn hitting from the floor and Allen Wise from the free throw line, the Harvesters built up a 19-12 lead at the end of the first quarter.

Pampa increased its lead to 24-16 about midway in the second period, but then Bowie dunked four straight buckets, two by McKinley,

CRAIG'S GOT IT — Craig Winborn (22) of the Harvesters leaps high between two Bowie players to capture a rebound. Winborn was Pampa's leading rebounder, with nine, and also reached the "magic circle" in scoring for the third straight time, with an even 20 points, in Friday's game. (Daily News Photo)

Carter, Winborn Pace 64-59 Win

By RED GRIGGS
Daily News Sports Editor

Mr. Inside and Mr. Outside of the Harvesters, Craig Winborn and Pat Carter, led Pampa to its 48th straight victory here Saturday night, 64-59, over the Bowie Jackrabbits.

Carter, shooting mostly long shots from the outside, sank 12 field goals for 24 points, the high for any Harvester so far this year. Winborn, for the first time in four games, failed to hit the 20 mark. He just missed it, with 19, but scored in the clutch, and also led the Harvesters in grabbing rebounds, with 10.

The win enabled Pampa to sweep the series with the Jackrabbits, and turn back the most serious challenge hurdle at them in almost two years. The Jackrabbits were class AA finalists last year, and had three players back from that squad, while Winborn is the only returning starter for the Harvesters.

The Harvesters, as in Friday's game, had their hands full, with the additional problem of having Bobby McKinley in for Bowie all the way. McKinley scored 27 points, to keep his team close throughout the night. Fourteen of McKinley's points came in the fourth quarter, for Bowie's entire point production in that period.

Although McKinley managed to avoid fouling out, as he did Friday, Bowie's number two scorer, Tommy Powers, couldn't. Powers collected his fifth foul with seconds left in the third quarter, after scoring 14 points. He had also fouled out Friday.

Bowie jumped off to a 17-13 first quarter lead, as McKinley and Powers each tallied six points in the initial period. The Harvesters, however, did their best shooting of the year in the second period to

regain the lead, as they hit a torrid 66 percent of their field goal attempts.

Carter paced Pampa's attack by scoring five buckets within a four-minute period, shooting set shots from the outside. Those, along with two free shots by Craig Winborn, one charity toss by Phillip Gist, and a basket by Allen Wise, gave Pampa a 28-23 lead.

During the next four minutes, Winborn hit two buckets and two free throws, and Wise and Hershel Terrell both netted two-pointers, to give Pampa a total of 35 points for the second quarter, and a 38-33 halftime lead.

One man from each team was taken off the floor in the second quarter by his coach, because of having four fouls. Joe Timms of Pampa was replaced by Terrell, who played the rest of the game. Powers was taken out of the Bowie lineup, but he came back in the third quarter.

Pampa had another good quarter in the third, hitting six of 10 attempts from the floor for a 60 percent, and adding three free throws for a total of 45 points. Winborn tossed in four buckets in that period, plus a field goal, for nine points and a 19-point total. He didn't score any points in the fourth quarter. Pampa led 53-45 at the end of the third quarter.

Despite McKinley's terrific 14-point spurge, Pampa lost only three points of its lead in the fourth quarter. The Harvesters tallied 11 points, as Carter led the way, changing his tactics. The 5-foot guard drove in under the basket for two buckets, and netted a third on a follow-up shot. Terrell and Gist each scored on fast breaks under the basket, and Pampa added a free throw for good measure.

Fullmer Receives Two Large Offers

By JACK CIDDEY

Fullmer and manager Mary Jensen declined to give exact details of the two Moore offers but it was learned that the Indianapolis bid is from promoter Al Farb and the Los Angeles offer is from Ron Waller, wealthy young ex-pro football player. Waller reportedly offered to guarantee at least \$300,000 each to Fullmer and Moore.

Norman Rothschild of Syracuse, N.Y., who was co-promoter of last night's successful fight in the Utah State University fieldhouse, announced that official attendance was a near-sellout of 7,705. The gross gate was \$92,725 and the net gate \$79,454.

Those figures are robustly larger than the estimate made Friday night. Fullmer, who received 40 percent of the net gate and 40 percent of the \$100,000 TV-radio fee, will get a purse of \$71,781.

Webb, who takes 25 percent of each, will receive \$35,891.

Fullmer, with five stitches above his left eyelid and with mucks on his forehead and right brow, planned to have his right hand X-rayed within the next 24 hours. He bruised the middle knuckle in the fifth round Friday night.

"I don't believe the bone is fractured," said Gene, "but we'll just make sure."

Industrial Loop To Meet Today

An organizational meeting of the Pampa Industrial basketball league will be held in the City Hall today at 3 p.m. Duval Knutz, an industrial league director, urges anyone wishing to field a team to attend this meeting.

The league was composed of six teams last year, but seven have expressed definite interest in joining this season. They are Holmes Conoco, Citizens Bank, Perryton, Miami, Shamrock Auto Supply, Panhandle Packing and Hoover Oil.

Shockers Top Bowie B's

The Pampa Shockers, paced by Jim Stephenson, romped over the Bowie B team Friday night, 56-40. Every player on the Shockers team saw action as Coach Terry Cullley cleared his bench midway in the fourth quarter.

Stephenson tallied 18 points, to lead the Shockers attack, and Jim Crinklaw was also in double figures, with 15. Six other Shockers also broke into the scoring column.

Wichita Falls, Stamford Advance to Semi-Final Play

Coyotes Top Eagles
WICHITA FALLS (UPI) — The defending state champion Wichita Falls Coyotes took advantage of three intercepted passes and recovered three fumbles to come from behind and defeat the Abilene Eagles 26 to 12 in a Class AAAA quarterfinal football game Saturday.

The victory made the 24th game without defeat for the Coyotes and the 11th victory against one of the state's top teams. Wichita Falls will meet Carter Riverside of Fort Worth in the semi-finals next week.

Abilene led in first downs 17 to 13 and in passing 181 yards to 84. But Wichita Falls balanced the scales in rolling up 193 yards to 147 in rushing and broke Abilene's back by stopping an almost certain touchdown pass on the one yard line just as the whistle blew ending the first half.

It was tailback, Dickie Turner who led the Coyotes to victory after the mighty school boy juggernaut had fallen behind 12 to 6 by the end of the first half.

Turner threw two touchdown passes, ran for another and gained 127 yards in 24 carries.

Abilene took the lead in the first quarter when Wiley Newman ran for a yard to climax a 69 yard drive. The extra point try failed.

In the second quarter Newman punched over another touchdown from one-yard away at the end of an 81 yard drive.

Then Wichita Falls started its comeback with a pass from Turner to Travis Reagan for 49 yards.

Stamford in Shutout

SNYDER (UPI) — A stubborn Stamford team shut out Denver City — the highest scoring team in Texas — 14 to 0 Saturday in a Class AA quarter final schoolboy football game.

Stamford will meet Olney in the semi-finals next week.

Denver City had scored 823 points this season to gain fame as the highest flying team in the state. But a Stamford defensive line anchored by Bobby Gambin a 190-pound tackle and center Wenzell Robinson and guard Roy Don Sconce stopped Denver City cold.

SOUTH ADDS TWO

MIAMI, Fla. (UPI) — Fullback John Saunders and tackle Ed Pitta, both of South Carolina, have joined the South squad for the annual Shrine All-Star football game in the Orange Bowl, Dec. 28.

Baylor Triumphs

TULSA, Okla. (UPI) — Baylor University finished a strong first half with an eight-point scoring spree to take a 39-29 halftime lead and go on to a 35-point romp over Tulsa here Saturday night, 69-54.

Hogs Win First

FAYETTEVILLE, Ark. (UPI) — The Arkansas Razorbacks scored their first win of the basketball season Saturday night when they beat the Oklahoma State Cowboys 51-50.

Leading scorer for the Razorbacks was Pat Foster with 12, followed by Allen Morrison with 10. Leading the Cowboy scoring was Ed Bunch with 12 followed by Henry Iba, Jr., with 10 and Fritz Greer who also had 10.

Texas Victorious

AUSTIN (UPI) — Jay Arnette scored 31 points Saturday to lead the Texas Longhorns to a second straight victory of the basketball season, 83 to 75, over the Trinity Tigers.

Trinity, which now has a 1-2 record, was led by Don Hrebec with 24 points and Tom McNeely with 13.

Albert Almanza had 16 points for Texas.

Rice Defeated

HOUSTON (UPI) — The Gentlemen of Centenary downed the Rice Owls 85 to 77 Saturday night in a foul-marked basketball game.

All five Gentlemen starters scored in double figures with Billy Eubanks setting the pace with 24 points.

Sophomore Mike Maroney led the Owls with 18 points.

Whips UCLA, 36-8

By ALEX KAHN
United Press International

LOS ANGELES (UPI) — Syracuse completed its first perfect season of football in 17 years Saturday by defeating a stubborn UCLA squad 36-8, before 48,436 fans here and a national TV audience.

The victory was a final reward of the regular season for Syracuse coach Ben Schwartzwalder who earlier in the day was named Coach of the Year by his fellow coaches in the annual poll.

Syracuse, coming West from freezing New York, had to battle 80-degree weather on the floor of the Coliseum but amazed the crowd with its hard-charging backs, led by Art Baker, Ernie Davis, Gerhard Schwedes and Dick Easterly, as well as a defense that completely nullified UCLA's running attack, with a minus-13 yards rushing.

Although the "Fearsome Four-some" Syracuse backfield performed as expected, sophomore quarterback Easterly was an unexpected star with his passing and running in relief of Dave Sarette. Easterly passed for two scores and ran for a third.

Schwartzwalder used his second unit more than his first in an effort to combat the heat. It worked against the heat but failed to affect the scoring.

The big Orange machine demonstrated its power the first time it got the ball with a 45-yard scoring drive after a pass interception. Syracuse drove smoothly to the six where Sarette passed to Schwedes for the score.

Schwartzwalder then put in his

second unit with Easterly at the helm and it clicked off 2 yards with Easterly handing to halfback Mark Weber for 15 yards for the second score.

The second unit made it 21-0 in the second period by rolling 56 yards in 12 plays, with Easterly carrying the final yard to score.

UCLA tailback Bill Kilmer, who didn't get in for the entire first period, took over in the second quarter. The first time he clicked on his passing, then took the Bruins to the Orange 18 only to lose the ball on downs.

And in the final minute he completed three passes to move from the UCLA 44 for a touchdown. Halfback Jim Johnson, who ran the kickoff back 44 yards, grabbed a 20-yard scoring pass. The Bruins then had Skip Smith rush over the two-point conversion to cut the Syracuse halftime lead to 13 points.

Close Cage Race Seen

DALLAS (UPI) — Southwest Conference basketball teams, taking a cue from their football brothers in uniform, may provide the circuit with its first quadruple championship tie in history.

The triple tie for the grid crown by Texas, Texas Christian and Arkansas, although a first in that sport, is "old hat" for the circuit's basketballers, who frequently wind up in multiple ties. But, since the loop's start in 1915, there's never been a four-way split of the spoils.

Actually, the conference as a whole probably will be weaker than a year ago. And, nationally that doesn't speak too well for a section that only twice has sent a team into the national finals tournament—Baylor in 1948 and southern Methodist in 1958.

Two teams—SMU and Texas A&M—appear to stand out as shades sharper than the others, but Arkansas and possibly Texas and Baylor could very easily turn into real challengers for the crown worn by TCU.

But, for the tragic death of forward Bobby James—probably the loop's most polished hand—and Don Stanley, and starting guard Wilmer Cox among a sizeable batch of offense-minded squadmen.

Houston of Borger will be at Lee this Friday, in the next scheduled game, SMU probably would have been a standout.

Lee Seventh Beats Borger

BORGER — Robert E. Lee's seventh graders walloped the seventh graders from Austin of Borger here Friday, 44-21, in their season opener.

Bill Potts' Lee squad coasted to an easy victory, as they held a 28-4 halftime lead. Potts substituted liberally, allowing seven men to break into the scoring column.

Kerry Roper and Robert Howard paced Lee's scoring, with 12 points each. Keith Griffith meshed 8, David McDaniel 5, Sam Williams 4, Lanny Lewis 2 and Charles Snuggs 1.

Houston of Borger will be at Lee this Friday, in the next scheduled game, SMU probably would have been a standout.

Four SWC Teams Equal

James' demise left Coach E. O. (Doc) Hayes, whose teams have won or shared the title four of the past five seasons, with four starters instead of five—still the most experienced outfit on the courts.

Back for another turn are forward Wilbur Marsh, center Steve Strange and guards Kim Nash and Max Williams, the latter a fancy-dan dribbler-passer with potent one-handed shot. Carter, Crech, the No. 6 man a year ago on a team that rarely used over six players, will replace James.

But, Hayes also has some promising soph who may provide him the bench strength he's lacked throughout his last-five winning streaks. The best bet among this group probably is 6-6 Jon Loudermilk, but none of them will provide the real "big boy" he's never had.

Coach Bobby Rogers at Texas A&M has only one salty veteran—trail 6-7 Wayne Lawrence, but he has Carroll Broussard, one of the most polished sophs to hit the league in years, a set of twin ward Bobby James—probably the loop's most polished hand—and Don Stanley, and starting guard Wilmer Cox among a sizeable batch of offense-minded squadmen.

Arkansas' Glen Rose lost his year ago.

rebounding strength, but returns Clyde Rhoden, Pat Foster and Ronnie Garner give him a nucleus of the type of team the Razorbacks always field—not real tall, but long of 6-4 and 6-3 men with outside scoring ability.

Coach Harold Bradley of Texas, one of two newcomers in the ranks, has the height in 6-11 Wayne Clark and 6-8 Albert Almanza but Texas couldn't win with them a year ago. Now, however, he has talented Brenton Hughes back after a year's scholastic troubles and sharp-shooting Jay Arnette to give him more seasoning. But, a sophomore or two will have to come through to make the Longhorns a threat.

Baylor has four starters back, but again Coach Bill Henderson's Bears will be handicapped by a lack of height and fire power to go with a good defense. Carroll Dawson and Bob Turner figure as the top hands.

TCU and Texas Tech, which have scrapped with SMU for top honors for the past few seasons, were virtually wiped out by graduation and will be rebuilding.

The situation appears even more desperate at Rice where newcomer Coach John Franklin has only one letterman, David Craig—a 6-3-point producer a year ago.

Say Blue Bonnet Officials Houston Visitors Won't Be 'Fleeced'

By CLYDE MOORE United Press International
HOUSTON (UPI) — Houston Bluebonnet Bowl officials are taking steps to eliminate any truth in the paraphrase "a football fan and his money are soon parted."
The post season game sponsors last week secured assurances in writing that prices will remain unchanged here when an estimated 25,000 visitors pour in for the Texas Christian University-Clemson clash in Rice Stadium Dec. 19.
"We feel this marvelous contribution will do a lot for our bowl," Bluebonnet President Elvin M. Smith said. "... We are happy our visitors can go home feeling they were fairly treated."
He referred to "special prices" fans pay in some bowl cities during game weeks when hotels refuse to grant reservations unless customers agree to pay room rent for several days.
The agreement with the merchants was another in a pleasant line-up of good fortune for the sponsors, the Greater Houston Bowl Association. Earlier they celebrated when Clemson's Tigers agreed to meet the TCU Horned Frogs in the first annual Bluebonnet classic.
When representatives of the two teams agreed, Bluebonnet officials happily announced they scooped other bowl bidders by obtaining two squads rated in most top 10 lists.
TCU is one of the Southwest Conference's tri-champions this season and powerful Clemson won the Atlantic Coast Conference title.

Half of Tech's Grid Field To Be Moved

LUBBOCK (UPI) — The sidewalk superintendents are expected to be out in droves Monday when an Indianapolis firm starts the unprecedented task of moving half of Texas Tech's football stadium.
Basically, the moving experts will load a million-plus pound section of the stadium's east stands on railroad tracks and pull it eastward 226 feet to a new location. Then, six more sections of concrete and steel will have to be moved the same way over a period of several weeks.
The move is part of an expansion program designed to boost the stadium capacity from 27,000 to 41,500 by next fall when Tech officially starts playing in the Southwest Conference football race.
While the stadium is being moved, the playing area of the plant is being excavated to a depth of 30 feet. The ensuing slopes will be lined, on both sides of the field, with 33 rows of new seating.
The contractor on the job, Kenneth F. Adair of the LaPlant Adair Co. of Indianapolis, views the job matter-of-factly.
"It boils down to one project of moving seven buildings weighing something over one million pounds each," he said.
The stadium's new construction will have 14,799 seats below ground level on the 33 rows placed on the embankment and all seats will be on the sides of the playing field. Plans include possible future expansion to 53,000 by closing in one end zone.

FORT SILL'S BEST — Leonard Womack, a welterweight, is regarded as the best boxer on the Fort Sill team, which meets the Pampa Optimist Boys Club here Thursday. Womack, winner of the Beaumont, Orange, and Galveston tournaments before entering the service, will probably be matched against Charles Snider.

Baltimore Takes Stranglehold On NFL West Division Title

By HAL WOOD United Press International
SAN FRANCISCO (UPI) — Johnny Unitas, passing for three touchdowns and running for another, gave the Baltimore Colts a stranglehold on the Western Division pro football championship Saturday with a 32-14 victory over the San Francisco Forty Niners.
In a battle of hard-charging, fast-moving lines, the defending champion Colts practiced ball control through the first half as they took a 14-7 lead. After they had run up a 20-7 advantage in the third quarter, San Francisco called on the aging and ailing Y. A. Tittle who sparked the club to its second half score.
Before that, Unitas made a shambles of the Forty Niners. He passed seven yards to Ray Berry late in the first quarter for a score. He ran eight yards for a touchdown in the third period and he passed 64 yards to Lenny Moore on another scoring play in the closing minutes of the game.
Some sloppy passing by John Brodie helped the Colts on their road to victory. He had four intercepted and two other times threw passes that Colt defenders dropped.
Baltimore also intercepted one of Tittle's passes for a total of five during the day.
The victory clinched a tie for first place for the Colts. They play Los Angeles next week. They would have to lose that game while San Francisco was defeating Green Bay to get a tie.
During the first half it appeared that the Colts would push the Forty Niners right out of jammed Kezar Stadium. During the first 14 minutes of play, San Francisco had only four offensive plays.
The Forty Niners' first touchdown came in the second quarter when J. D. Smith broke loose between tackle and end and outran the defenders 68 yards to score. Baltimore had countered on Berry's score in the first quarter and took a 14-0 edge early in the second when Milt Davis intercepted one of Brodie's tosses and behind some beautiful blocking romped 57 yards to score.
Smith got his touchdown then to make the score 14-7 at the half.
In the third quarter, Unitas faked a pass and then ran untouched into the end zone on the eight to put Baltimore ahead, 20-7. The kick attempt was blocked.
The 60,000 fans in the stadium then rose to cheer when Tittle

came in and directed an 80-yard drive that paid off with a 21-yard touchdown pass to Hugh McElhenry.
But their optimism was short lived.
Baltimore took over and rolled 57 yards in 11 plays with Unitas passing to Berry in the end zone from the 13.
The other touchdown came when Unitas passed to Moore from more than 60 yards out.
Unitas broke the National Football League season touchdown passing record held by Sid Luckman with his three scoring tosses. The old mark was 28, and Unitas now has 29 with one game to go.

Maryland Terps Outlast North Carolina State Squad, 33-28

COLLEGE PARK, Md. (UPI) — Maryland, at home every time opportunity knocked, outlasted North Carolina State, 33-28, Saturday in the season finale for both Atlantic Coast Conference football teams.
The Terps jumped off to an early lead on three touchdowns passes by Dale Betty, scored twice more by cashing in on breaks, and managed to stay ahead of a dangerous Wolfpack team that fought until the last second to stave off its ninth straight defeat.
In the end, it was old fashioned defensive football that brought Maryland its fifth victory in 10 starts. The Terps' fourth touchdown was set up when tackle Joe Gardi blocked Collice Moore's punt and recovered the ball on the State six, Fullback Jim Joyce, won the A.C.C. rushing crown today with 82 yards in 14 carries, scored on the next play with a six-yard rifle shot through guard.
Maryland's final score, which proved decisive, came late in the third period when State's fine sophomore quarterback, Roman Gabriel, tried to turn wide from his own six and was jolted into a fumble by guard Pete Bonnis, who recovered on the seven. Two plays later, Betty went off tackle from the five — much to the annoyance of Wolfpack Coach Earle Edwards who just before the Gabriel fumble had been muttering his quarterback to kick out of danger.
The Terps won by getting an early jump on State and stayed ahead all afternoon. Betty hit Vince Scott, Hans Pontiatowski, and Ed Cloud on touchdown passes of two, 27 and 17 yards in the first half. Those tallies, plus a fourth six-pointer scored after the blocked punt gave Maryland a 26-14 lead at halftime.
Maryland 7 19 7 0-33
North Carolina S. 7 7 7 7-28

Scoring Summary
Maryland — Scott 2 pass from Betty (Scott kick); Pontiatowski 27 pass from Betty (kick failed); Cloud 17 pass from Betty (Scott kick); Joyce 6 run (run failed); Betty 5 run (Gallagher kick).
State — Garbriel 1 plunge (Shaffer kick); Podwicka 8 run (Shaffer kick); Tapp 8 pass from Gabriel (Shaffer kick); Tapp 6 pass from Gabriel (Shaffer kick).

Finsterwald Ties With Arnold For Coral Gables Lead

By NORMAN MILLER United Press International
CORAL GABLES, Fla. (UPI) — Arnold Palmer and Doug Finsterwald, a pair of young golfing buddies who won two of the pro's biggest tournaments in 1958, tied for the third round lead Saturday in the \$20,000 Coral Gables open championship.
Palmer, a 29-year-old former Masters champion from Lagonora, Pa., fired a five-under-par 33-33-66 and Finsterwald, last year's 20-year-old PGA champion, from Tequesta, Fla., had a 34-35-69 to share the 54-hole lead with 207 total.
Just one stroke behind them were two more young pros, Doug Sanders of Miami Beach and Don Bisplinghoff of Chattanooga, Tenn. Sanders had a 69 and Bisplinghoff a 70 to remain in contention for the \$2,800 first prize to be decided in Sunday's final round on the 6,173-yard Biltmore Club course.
The best round of the day, however, was a 64 by Miller Barber, a 27-year-old rookie pro from El Dorado, Ark. Barber's seven-under-par 33-31 round, which included eight birdies and a bogey, was just one stroke higher than the competitive course record of 63.
Barber's hot round put him in a tie with Bill Collins of Crystal River, Fla., at 209. Collins shot a 34-35-69.

Tigers Get Two Phillies For Lepcio

MIAMI BEACH (UPI) — The Detroit Tigers obtained shortstop Chico Fernandez and pitcher Ray Semproch from the Philadelphia Phillies Saturday in exchange for infielder Ted Lepcio and two minor leaguers.
In addition to Lepcio, the Phillies acquired Ken Walters, an outfielder who hit 21 home runs at Fort Worth last season, and infielder Alex Cosmidis, who batted .249 at Charleston.
Manager Jimmy Dykes said that the 28-year-old Fernandez will be the Tigers' starting shortstop next season.
"He's the shortstop I've wanted," said Dykes.
Fernandez, who comes from Puerto Rico, batted only .211 last season. He is rated a better than average defensive shortstop.
Semproch, a 29-year-old right-handed sinker ball pitcher, had a record of only 3-10 and an earned run average of 5.33 last season. In 1958 as a rookie with the Phils, he won 13 games and lost 10.
Lepcio, who can play second, third and short, hit .280 for Detroit. Walters batted .291 and drew in 92 runs for Fort Worth.
Cosmidis will be left on the roster of the Birmingham Barons of the Southern Association, Philadelphia officials said.

Three Ex 3-4A Players On 2nd SWC Frosh Team

WACO (UPI) — Baylor placed four players and Texas Christian three on the Southwest Conference all-freshman team compiled by the Waco Tribune Herald.
Texas, which won the unofficial championship by half a game over Baylor, placed only one player, while Texas A&M and Rice each placed two. Southern Methodist failed to score.
Baylor halfback Ronnie Goodwin of Odessa and Texas A&M's 235-pound tackle, George Hogan, were voted top back and lineman, respectively, by the freshman coaches of all schools but Texas Tech and Arkansas.
Goodwin's chief competition came from TCU halfback Donny Smith and Texas fullback Pat Culpepper, while Hogan's chief rivals were Texas center Ken Ferguson, TCU tackle Rudy Matthews and Rice end Gene Raetz.
Baylor placed Goodwin, center Butch Maples, end Carl Choate and guard Robert Burk; TCU placed Smith, Matthews and end Lynn Morrison; the Aggies had Hogan and guard James Phillips; Rice had guard Johnny Nichols and quarterback Randall Kerbow, and Texas had only Culpepper.
The second team: Ends—Raetz and Richard Harri-

Officials Named For Cotton Bowl

DALLAS (UPI) — Francis P. Brennan, a graduate of Canisius and a representative of the Eastern Colleges Athletic Conference will referee the 1959 Cotton Bowl football game between Syracuse and Texas.
The Southwest Conference, which furnished the two teams announced the five officials who will work the game, three of them from this area.
Brennan resides at Worcester, Mass., while the other Eastern loop representative will be headlinesman James J. Allinger, a resident of Buffalo, N. Y., and a graduate of Buffalo University.
The other officials include umpire Judy Truelson (Texas Christian) of Fort Worth; field judge Lee D. Rogers (Alabama) of Little Rock, and back judge Richard E. Haha (Texas A&M) of Corpus Christi.

Breckenridge Wins

ANDREWS (UPI) — The Breckenridge Buckaroos advanced to the semi-finals in Class AAA high school football against Mt. Pleasant Saturday with a 32 to 6 victory over overpowered Andrews.
The Buckaroos hampered by seven penalties in the first half, managed only one score in the first two frames. That came on a 58-yard scoring pass from quarterback Jerry Gibson to halfback Billy West. Gibson ran for the two extra points.
Both teams went scoreless in the third quarter but in the fourth Breckenridge pushed over touchdowns with fullback Dickie Rogers ramming over from one yard away, Gibson running for two, and Travis Gandy scampering for 13 yards. West, Rogers and Ronnie Poston added the extra points.

Knicks Acquire Palmer

NEW YORK (UPI) — Jim Palmer, 6'00", 8-inch, 225-pounder who played for Dayton University was acquired from the Cincinnati Royals Friday by the New York Knickerbockers. Palmer will play for the Knicks tonight against the Boston Celtics in Boston.

Red Griggs ★ the pipeline

Last Thursday, one of the best fight cards ever held in Pampa was reeled off at Pampa Optimist Boys Club. This Thursday, an even better one is in view.

Fort Sill boxing coaches have assured Pampa match maker Oran James that they'll bring at least 11 top-notch fighters for Thursday's matches.

If Fort Sill coaches are agreeable, James will match Charles Snider against Lynn Womack in the feature match. Snider knocked his opponent out cold last week with one of the hardest punches ever thrown here, and it took the boxer's seconds almost a full minute to revive him.

Womack shouldn't be an easy target for Snider's punches, since he's good enough to have won the Beaumont, Galveston, and Orange regional tournaments.

Other fighters Fort Sill will bring include middleweight Vernon Winston, heavyweight James Jackson, light-middleweight Louis Bell, 112-pounder Steve White, 119-pounder Santiago Colon, lightweight Joe Titano, light-welterweight Melton Timms, welterweight John Sharock, light-heavyweight Fred Clark, and featherweight Sonny Jackson. James has also asked Fort Sill to bring two more lightweights.

BILLY CANNON
... nation's best

LSU's Billy Cannon Named Top College Player of Year

By JOHN GRIFFIN
United Press International

NEW YORK (UPI) — Busting Billy Cannon, the powerful, pre-dental student who drills holes in enemy lines, Saturday was named college football's "player of the year" for the second straight year in the annual poll of United Press International.

The Louisiana State star, who captured the honor as a junior last year by a narrow margin over Army's Pete Dawkins, romped to victory this time in the nationwide balloting by 339 sports writers and broadcasters. Cannon received 151 first-place votes.

Richie Lucas, Penn State's all-purpose quarterback, was a distant second with 48 votes and Billy Burrell, Illinois' guard, was third with 18 votes.

Other leading vote getters included Bob Schloredt of Washington and Fran Curci of Miami (Fla.)

with eight votes each, Charley Flowers of Mississippi and Dale Hackbart of Wisconsin with seven, and Jim Houston of Ohio State, Mike McKeever of Southern California, and Roger Davis of Syracuse with six each. The remaining 74 votes were scattered among 38 players.

Cannon, who earlier topped balloting for the United Press International All-America team, has one more college game to play when he leads LSU against Mississippi in the Sugar Bowl on New Year's Day. His 89-yard runback of a punt for a fourth-period touchdown beat Mississippi 7-3, in one of the most dramatic games of the regular 1959 season.

The pros ratified Cannon's standing as the No. 1 player by making him the No. 1 choice in the drafts of both the old National Football League and the new American Football League. Cannon has announced he'll sign with the Los Angeles Rams of the AFL rather than Houston of the NFL after the Sugar Bowl game.

Cannon, married and the father of three daughters, compiled an impressive statistical record during his final season for LSU.

Lugging the ball 139 times for a total of 598 yards, he averaged 4.3 yards per carry — slightly below his college career average of 5.1 yards per carry. He averaged 40.3 yards for 44 punts, returned four intercepted passes for 145 yards, and scored seven touchdowns for 42 points. During three varsity seasons he scored 24 touchdowns for 154 points.

But figures don't tell the whole story of Cannon's value to the Bayou Tigers whom he led through an undefeated season in 1958 and a one-defeat season in 1959.

Although teammate Johnny Robinson, also a high pro draft choice, gained respect as a dangerous runner, Cannon was the man called on by LSU for the big play when it was needed. About the only time he failed was in the lone loss to Tennessee when everybody in the stadium knew Cannon would be carrying on a two-point conversion try that meant the game and still it took almost the entire Vol line to drag him down, inches short of the goal line.

First nickelodeon in the United States opened at Pittsburgh, Pa. in 1905.

Heavyweight Match Set Thursday

Wesley Crites is expected to get the toughest assignment among Pampa fighters, Crites, fighting his first open class fight and his first of the year, is expected to go against Alabama heavyweight champion James Jackson. Last year, Crites fought as a light-heavy.

Norman Rexroat will also draw a tough assignment. He's expected to be matched against Louis Bell, a hard-hitting colored boy, in a light-middleweight scrap. Rexroat, in his first fight of the year Thursday, showed that he can box as well as slug when he won a fairly easy decision.

James said that most of Pampa's experienced boxers will again be in action this week. Dickie Willis will have his first fight of the year, as either a featherweight or light-weight. James Morse, one of

Pampa's hardest-hitting sluggers, will definitely be ready for action. Lightweights Ronnie Morgan and Corley Morse will probably fight, if Fort Sill brings enough lightweights to match against them, and if both recover from minor injuries in time.

The Texas Game and Fish Commission informs us that there's nothing to the rumor that a written permit from a landowner is required of hunters this year. We've received some phone calls asking us about this rumor. The hunter must, as always before, get the landowners consent to hunt. That permission need not be written. Penalties for trespassing have been stiffened. For a second offense, a hunter can be fined \$200 to \$500. For a third offense, the penalty is 30 days in jail or a fine of \$500 to \$1,000.

Ex Pampa Cagers In Flying Start

Pampa's basketball exes all got off to a flying start in their first college games. Of the four graduating starters from last year's Harvesters team, two were high point men for their college freshman teams in their openers. The other two also played outstanding games.

Coyle Winborn led the Pampa exes by sizzling the nets with 27 points Tuesday, in leading the Texas freshman to a victory over Wharton Junior College. Winborn was the top choice on the sports writers' all-state team last year. Charlie Minor, the Harvesters'

'58-'59 all-state guard, led the Aggie freshman to a 68-54 win over one of the nation's top junior college teams. Tyler Minor was the high point man for the Aggie Elish with 19 points.

Bobby Gindorf, bested Mack Layne in a personal duel between two ex-Harvesters, but—Layne's ACC team beat Gindorf's Texas Tech freshman squad by a wide margin. Layne, with 10 points, was one of the four ACC players, in double figures, and also scored ACC's first three points of the game. Gindorf scored 14 points, to become number two man on the Picadors.

Eighth Graders Win First Game

Bill Kennedy's Lee eighth graders were victorious in their season opener last week over Austin of Borger, 38-20. Scorers were Ricky

Stewart with nine points, Mike Bridges with seven, Gary Sikes and Gene Stors with six each, and four players with two points — Duane Sanders, Joe Fisher, John Tripplehorn and Larry Gregory.

Others on the Lee eighth grade rosters are Kerry Bell, Tony Bowman, Tim Eller, Joe Fisher, Jimmy Lollar, Clay Lively, Bill McKinney, Bryan Martin, Bob Meador, Gary Sikes and Ronald Tompson.

The Lee eighth graders play their games along with the Lee ninth grade squad.

Abner Haynes, North Texas State's third team all-America halfback, has become the first player committed to sign with the Dallas team of the new American football team.

Haynes said that he will sign with Dallas after the Dec. 31 Sun Bowl game, but he made the announcement early so "the talent scouts wouldn't drive him crazy."

The speedy 180-pound Negro has made the All Missouri Valley team three times, and is one of the nation's leading rushers. He led North Texas in rushing in his sophomore year, when he wasn't even a starter.

The Bearcat ace completed 132 passes in 232 attempts for 1,535 yards and seven touchdowns. He finished behind Dick Norman of Stanford who completed 152 passes in 263 attempts for 1,963 yards and 11 TD's.

BASKETBALL ROUNDUP

AMARILLO — All three of Amarillo's basketball teams met misfortune Friday night. The Paloma Duro Dons lost to the Midland

Bulldogs, 89-78; Odessa beat the Amarillo Sandies, 49-43, and Permian of Odessa stopped the Tascosa Rebels, 61-53.

Moore May Receive 'Ultimatum'

LOGAN, Utah (UPI) — President Tony Macaroni of the National Boxing Assn. said today the NBA Executive Committee probably will take steps on Dec. 12 to assure Harold Johnson of Philadelphia a shot at the light-heavyweight crown worn by Archie Moore.

At the executive committee's meeting in Indianapolis, the advisability of issuing an ultimatum to Archie will be considered, Macaroni explained.

Macaroni, dapper, dark-haired, funeral director of Providence, R. I., said the ultimatum, if voted, would notify Moore that if he challenges for Ingemar Johanson's heavyweight crown, his own light-heavyweight (175 pounds) title will be vacated when he signs for the bout.

The edict also would notify Moore that if he attempts to defend against the winner of tonight's Gene Fullmer - Spider Webb middleweight championship fight in Logan, he will be permitted to do so only with the iron-clad proviso that the winner of his fight defend against Johnson within 90 days.

Johnson challenged Moore on Aug. 11, 1954 and was beating the champion on points until he was suddenly knocked out in the 14th round. Since then Johnson has been rated the top contender most of the time.

Macaroni explained "we used this type of ultimatum of proviso on lightweight champion Joe Brown last year when he was evading a defense against Kenny Lane. We permitted Brown to defend against Ralph Dupas on May 7 with the proviso that the May 7th winner defend against Lane.

PLAINVIEW — The host Plainview Bulldogs won a game in their own tournament Friday, as they swarmed over Littlefield, 80-28. Johnny Messer hit 15 for Plainview, while David Koller netted 17 of Littlefield's points.

GROOM — The McLean Tigers won handily over the Groom boys Friday night, 62-26, but Groom won the girls' game, 38-25. Kenny Willingham led the McLean boys with 14 points, while Don Case and Duane Stamps of Groom each scored 10. Francis Dennis led Groom's girls with 16 points, while Sandra Burnett of McLean netted 20.

SHAMROCK — Briscoe whipped the Shamrock Irish 44-33 Friday in the boys basketball game, as Gerald Waters scored 21 points for the winners and Jack Downer netted 18 for the losers. Briscoe took a 51-50 thriller in the girls' contest, as Charleen Suks bucketed 27 points for the winners.

WHEELER — Wheeler's Mustangs lost a halftime lead Friday night and dropped a 61-54 decision to the Samnorwood Eagles. Jimmy Atherton of Wheeler was the game's high scorer with 20 points, followed by Kenneth Martindale of Samnorwood with 19. In the girls' game Linda Wolf tallied 33 points to lead Samnorwood to a 53-44 triumph. Jan Burton had 20 for the Wheeler girls, in their first losing game.

LUBBOCK — The Lubbock West-erners won Friday night, but Lubbock's other high school, Monterey, was on the losing side. Lubbock defeated Levelland, 65-44, and Seminole stopped Monterey, 66-60.

Peg O' Pampa

YOU KNOW HOW MANY days before Christmas... we don't have to tell you, now, do we? ... the crescendo of selling is really becoming unbearable...

AROUND AND ABOUT TOWN ... we attended the grand parade on Santa Day ... and we thought that this parade was especially nice ... it seemed better than the last couple of years...

THE HIGH SPOT, for us at least, was the Pancake Supper after the parade ... we always look forward to stuffing with the crisp bacon ... and the yummy pancakes and syrup...

WE ARE WATCHING with interest the transformation of the home of Catherine and Calvin Jones ... as it is being turned into a beautiful brick structure ... such a pile of bricks and all those workmen...

All beauty and goodness are in and of Mind, emanating from God - Mary Baker Eddy

ARE YOU GOING to enter the decorating contest this year? ... better get started ... Dot Francis is chairman of the contest, which is judged by the Pampa-Garden Club...

HERE'S A THOUGHT ... How lovely Christmas boxes look, all holly-trimmed and ribbon-tied! It's often quite a shock to see the funny things that are inside...

CHRISTMAS SPIRIT ... or what to do about those Christmas cards everyone sends to everyone they ever heard of ... something very nice has come to our attention...

Every line of beauty is the expression of a thought, and share the immortality of its origin. Lydia M. Childs

THERE ARE MORE parties than you can shake a stick at this time of year ... "Come for Coffee" was the gracious invitation extended by Mrs. Joe Gordon...

HERE WE HAVE RUN clean out of space, and we are still yakking ... guess we had better shut up shop and save some of this for next week ... see you at the concert Friday.

Mrs. Harold Edward Davis

Pirkle-Davis Repeat Wedding Vows In Double-Ring Candlelight Rites

Wedding vows were exchanged by Miss Barbara Ann Pirkle and Harold Edward Davis on November 27 at seven o'clock in the parlor of the First Baptist Church...

Miss Pirkle is the daughter of Mr. and Mrs. J. V. Pirkle, 759 W. Wilks. Mr. Davis' parents are Mr. and Mrs. E. H. Davis of Brownfield.

BRIDE Given in marriage by her father, the bride was gowned in white wool jersey lace over tulle...

Melvin T. Munn

Munn To Speak At Horace Mann Christmas Meet

Horace Mann School choir, PTA officers and students will appear in a special Christmas program on Thursday at 2:15 p.m. in the Horace Mann school auditorium...

Women's Activities

Doris E. Wilson Daily News Women's Editor

Cooking And Farming Trends Topics For Twentieth Century Cotillion Club

Twentieth Century Cotillion Club met recently in the home of Mrs. N. J. Ellis, 1617 Coffee. Roll Call call was answered with "cooking hints."

The program was presented by Mrs. Bill Caffey and Mrs. Jim Campbell. "Mrs. Caffey spoke on the topic of 'Foods.' She described a cook-book entitled 'LeGrand Dictionnaire de Cuisine' of 'A Dictionary of Cuisine' written by Alexandre Dumas and first printed in 1870...

However, Dolores Vanetti in the October issue of Vogue magazine, seems to differ with Mr. Dumas, Mrs. Caffey said. "Miss Vanetti believes there is nothing better than good plain food ... and the whole world knows it. She points out that it is the cheaper grades of meat that have to be beaten up, sat on, tenderized, or marinated."

Mrs. Campbell's topic for the afternoon was "Agriculture." She stated that in the past eighteen years, farmers have boosted their efficiency as much as in the preceding 120 years, due to the development of labor-saving machinery, fertilizers, tranquilizers, insecticides, insemination and paper-uppers.

Organists To Present Classical Christmas Music

Treble Clef Club will sponsor an organ program in St. Matthews Episcopal Church this afternoon at 4 p.m.

The following numbers will be presented: Mrs. Fidelia Yoder, Christmas in Sicily by Yon; Intermex by Callaerts; Miss Beryl Nash, Jesu-Bambino by Yon; Miss Eloise Lane, Offertory on Christmas Carols; Miss Juanita Haynes, Pastorale from 'Le Prologue de Jesus' a traditional air; Bill Haley, When in the Hour of Utmost Need by Bach, Benedictine (Messe de Marriage); by Dubois; Mrs. Lois Fagan, Pastorale from 'Les Preludes' by Liszt; Tracy Dary, Divinum Mysterium (Of the Father's Love Begotten) by Purvis and Tom Atkin, Noel by D'Aquin.

A reception will be given in the Parish Hall by the Pampa Chapter of the American Guild of Organists immediately following the program. This program is given annually by Treble Clef and the public is cordially invited to attend.

Miss Carolyn Anderwald

The engagement and approaching marriage of Miss Carolyn Anderwald to Gregory Rapstine, son of Mr. and Mrs. Ben Rapstine of White Deer, is being announced by the bride-elect's parents, Mr. and Mrs. Thomas D. Anderwald of White Deer. Wedding vows will be exchanged on January 30 in Sacred Heart Church in White Deer.

Women Better Suited Than Men For Space Travel, Says TV Producer

Because of "women's superior survival powers, the fair sex should be included in space expeditions. The ideal exploration teams would be a man and his wife, says Ivan Tors, producer of The Man and The Challenge, a TV series about survival research.

"Americans pamper their women, but Russia will force us into mobilizing our women-power as they do," Tors predicts. "We can pass up 52 per cent of our possible space personnel out of a false sense of gallantry.

The factors that make women good mothers make them good bets for outer space. Women's bodies are built to withstand the tremendous shock of pregnancy. Their skin is constructed with insulating layers of fat which gives protection against the cold. They have more resistance to sickness. They can endure isolation and inactivity because they have less muscular and nervous energy than men.

"They are more patient and tolerant for children over 5-years - old with a 15-cent admission fee. A nursery will be provided for the younger children, whose parents attend the meetings."

Doubt it? Tors suggest imagining how your husband would react if he had to bear the babies, wear nylons in the winter or sit under a beauty-shop drier.

In his television series, Tors practices what he preaches. He has cast women as members of balloon-ascension teams and spelunking (cave - exploration) expeditions. He has shown them participating in commando raids and free-fall parachuting, a sport known as skydiving because the jumper does not pull the ripcord (See WOMEN, Page 16)

Miss Mira Feted At Bride's Party Mrs. Mildred Mira, bride-elect of Jack Delaney, whose marriage will be performed this afternoon at four o'clock in the First Presbyterian Church, was honored with a bridal shower on Tuesday evening in the home of Miss Shirley Raye Wilson, 2145 Chestnut.

The serving table was covered with a white linen cloth centered with an arrangement of white chrysanthemums arranged with sprayed - white cedar boughs accented with tufts of turquoise net leaves in a brass bowl. The arrangement was flanked with turquoise candles in brass candleholders.

Winning prizes for games, "Bridalgram," "Dress the Groom" and "Bridal Cake" were Jack Delaney, Miss Lynn Tatum, Mrs. Ewelle Hart, Miss Shirley Allen, Mrs. Martha Morgan, Mrs. E. Wilson, Kim Wilson, and Jack Delaney.

Attending or sending gifts were Mrs. Adelaide Cobwell, Miss Betty Boswell, Miss Lynn Tatum, Mrs. Ewelle Hart, Miss Shirley Allen, Mrs. Martha Morgan, Mrs. E. Wilson, Kim Wilson, and Jack Delaney.

Mr. and Mrs. O. G. Smith, 1004 Oklahoma, announce the engagement and approaching marriage of their daughter, June, to J. D. Radus of Lefors. The wedding is planned for January 15, 1960, in the First Methodist Chapel.

BETROTHAL TOLD

Miss June Smith

Mr. and Mrs. O. G. Smith, 1004 Oklahoma, announce the engagement and approaching marriage of their daughter, June, to J. D. Radus of Lefors. The wedding is planned for January 15, 1960, in the First Methodist Chapel.

BIRTHDAYS IN DECEMBER

Celebrating birthdays and Christmas this month are the Senior Citizens picture above, who attended the Senior Citizens Birthday party on Thursday afternoon in Lovett Memorial Library with members of the Altruza Club as hostesses. Standing left to right, Mrs. Cleo Seitz, 855 W. Kingsmill, on Dec. 1; Mrs. Minnie Kuykendall, 616 N. Russell, on Dec. 18; Mrs. Katie Vincent, 303 E. Atchison, on Dec. 27, seated left to right; J. M. Patton, 622 E. Foster, on Dec. 23; Mrs. Frances Dabrohou, Davis Hotel, on Dec. 19; Mrs. H. V. Wallis, 448 Pitts, on Dec. 25; H. M. Norris, 814 S. Reid, on Dec. 12; 71 guests attended the birthday party. Gray ladies assisting with transportation of guests were Mes. A. D. Hills, Bea Prichard, James E. Lewis, Don Elledge, J. F. Kreimeyer, Altruza hostesses were Mes. Louise Sewell, W. A. York, Grant Anderson, Claude Wilson, Lillian Snow, Roy E. Wilson, and Miss Lou Ella Patterson. Table games comprised the afternoon's entertainment. Gifts were presented to the honorees and birthday cake, decorated with bright red pointsettias was served with ice cream and coffee.

Yule Trimmings For Your Home

NEW YORK (UPI) — Bright new decorations can lend a touch of beauty to your home at Christmas time.
The decorations — splashed with color, sequins, and gold — reflect a wide assortment of religious and holiday themes.
Among the most unusual and useful is a gleaming gold and white train of antique design. The train, which measures 45 inches long and has four cars, serves as a handy home display for Christmas cards.
Jolly old St. Nick is featured in several holiday decorations, including a weather-proofed version with spun-glass beard. Another Santa pulls a sled and is designed as a centerpiece for table or mantle.
A gold foil angel with mother-of-pearl wings and real feathers and a gold reindeer are new.
Also available are an embossed mobile featuring the letters N-O-E-L, bells, an eight-point star, dove and similar decorations, and a traditional mobile with kiddie-type Santa Claus, colorful panda, rocking horse, locomotive, Christmas tree, drum and jumping jack.

WOMEN

(Continued From Page 12) until the last possible moment.

"Women wanted equality," he reminds us. "Now they have it in most areas. They should be ready to accept equal responsibility in the world's work, and right now that includes preparation for the space age, which is not more than 10 or 15 years away."

Your powder should always be applied with a clean puff. To be sure you have a good supply, buy some of the little packages that contain at least a dozen of these small puffs to be discarded after one use.

RUTH MILLETT

Have you ever thought about the one big difference between the happy women you are always glad to see and the unhappy women you'll cross street to avoid?

The big difference, of course, is that the happy women concentrate on what gives them pleasure and the unhappy women concentrate on what makes them miserable.

Whenever you chance to meet Mrs. M (the "M" is for miserable), she has a tale of woe to tell you. If she's redoing her house or building a new one, you are sure to hear about all the things that have gone wrong, how disappointed she is about this and that, what a time she has had with the workmen on the job, and so on.

Run into Mrs. H ("H" is for happy) under the same circumstances, and you'll hear an excited, happy account of what fun she is having working out ideas and solving problems, how cooperative everyone on the job has been, how anxious she is for you to see what she has done, and so on.

Both women are going through the same kind of experience, but there is one big difference:

Mrs. M is making the most of every little thing that goes wrong, every setback, every human failing. She gets her enjoyment out of groaning and gubbing.

But Mrs. H is happily concentrating on the fun of accomplishment, the excitement of seeing a dream materialize and is getting her fun out of sharing the happy side of her experience.

It's that way with anything that happens to the Mrs. M's and the Mrs. H's among your friends and acquaintances.

The Mrs. H's concentrate on the happy side of life and the Mrs. M's concentrate on the unhappy. That is why your face lights up with pleasure when you run into a Mrs. H. It's why it begins to droop after those minutes of conversation with a Mrs. M. who, if she has no personal tale of woe to tell you, is sure to regale you with all the terrible things that have been happening to everyone you both know.

A discarded pill bottle is a handy container for the baby oil you keep on your make-up tray. It's just the right size to dip in a cotton-tipped stick.

Though you may ordinarily have no trouble with blemishes, it's a good idea to have a medicated lotion on hand so that you'll never be caught unprepared.

MATURE PARENT

By MRS. MURIEL LAWRENCE

She must have been a very content creature to have around—the Victorian child. Not a bit like our Patty with her cool "Why should I?" when you ask her to move her school books from the dining room table. No, sir; being Victorian Sophia's parent was a breeze.

If Papa roared, "Sophie, come here!" Sophie came running. If Mama said, "Put up your sunshade" or "Finish your mutton" or "Hold your tongue, miss," Sophie delivered these actions with a promptness that made her childhood beautifully simple for her parents. No rebellions to arbitrate; no disturbing questions to struggle with; no "Why should I?" to compel you to find the honest answer. No, just sweet compliance, Sophie laughing with delight when you gave her a smile and trembling with fear at your frown.

But boy, oh boy, when she began to adolescence—

The fact was, you couldn't leave adolescent Sophie alone a minute with an interested male. You had to watch her when she walked and hastily recall her from any moonlight stroll in gardens. You had to worry constantly about the honorableness of intention in any man who came within a foot of her. For having trained poor Sophie in unquestioning obedience, you never knew when your training might express itself in sexual compliance and Sophie's habit of going anything that was asked—of her would plunge her and everyone involved with her into black disgrace.

So though we may get very mad at the cool "Why should I?" of our 20th-century Patty, it's not a bad phrase for a little girl to learn. Later, when Patty begins to adolescence, we are going to have to count on her ability to refuse unquestioning obedience to interested males. If we're willing to struggle or reasonable answers to her "Why should I?" she'll develop a proper expectation of reasonable answers from boys who make demands on her. And we won't have to check on her chastity every minute as Sophie's poor parents had to keep tabs on hers.

Yes, it's shortsighted to get all upset when Patty says "Why should I?" to our request to clear the dining room table. It's long-sighted to say, "Because the table's mine and I want to get it for supper, that's why."

Professional Tip For Gift Boxes

Ribbons and designs on gift packages are wonderful "icing on the cake" but they look best when the paper is smoothly and attractively wrapped around—the box.

Here are the steps a professional uses in wrapping packages:

Place the paper face down on the table. Put the box, upside down if possible, on the paper. Place it so the design will show to the best advantage when the package is wrapped and tied.

If the box cannot be turned upside down, cut the paper about 1/2" wider than is needed and turn the raw edge under. Arrange so that the overlap will come under the ribbon or trim you plan to use.

Cut the paper wide enough to go around the box and overlap 1/2" (less for a very small box), and long enough to extend a little more than half the depth of the box at the ends. This extending length will have to vary slightly according to the shape of the box and should be a trifle more for a deep box than for a shallow one. Don't scrimp.

Central Baptist WMU Observes Prayer Week

PRAYER GIFTS — Special gifts were brought to the Central Baptist Women's Missionary Union meetings this week in observance of Lottie Moon Week of Prayer. Pictured at the gift center are Mrs. Charlie Thomas, WMU president and Mrs. Robert E. Callahan, Lottie Moon Week of Prayer chairman.

The annual Lottie Moon Week of Prayer was observed during the past week by Women's Missionary Union of Central Baptist Church with services conducted daily beginning on Monday and concluding on Friday.

The week's theme, was "O God, We Pray For All Mankind." Prayer chairman, Mrs. Robert E. Callahan led the reading of John 17 each morning. Mrs. E. B. Davis led each morning group singing of the song, "O God, We Pray For All Mankind."

MONDAY — Mrs. T. O. Upshaw and Mrs. R. C. Brown gave the scripture meditation. Mrs. Callahan read the prayer calendar and led in prayer for missionaries. The Kathleen Jones Circle was in charge of the program entitled, "O God, We Pray For Seekers of Knowledge" with Mrs. Paul Howard as leader. Parts, given as testimonies from missionaries, were given by Mmes. J. D. Roth, Paul Howard, Billy Joe Chance and Cecil Williams.

Mrs. Howard outlined the needs and goals connected with seeking for knowledge and led the group in repetition of Matthew 18, Meeting dismissed with prayer by Mrs. E. B. Davis. Twenty-four members were present.

TUESDAY — Mrs. Upshaw and Mrs. Brown led in the scripture meditation for the day. Mrs. Robert Callahan read the prayer calendar and offered prayer. The Sara Beth Short Circle presented the

program on "O God, We Pray For the Sick and Suffering." Participating in the program were Mmes. W. L. Stafford, Leon Brown, A. R. Newman and Harold McCleery, as leader for the day. The doxology was sung.

Mrs. Don Turner presented the needs and goals for the care of the sick and suffering. Members repeated Matthew 18 in unison. Mrs. Charley Thomas, WMU president, led in closing prayer for the 32 members present.

WEDNESDAY — Following scripture meditation given by Mrs. Charley Thomas and Mrs. Jack Cullison, the Thelma Geer Circle presented the program, "O God, We Pray For Lost Mankind." Mrs. Jack Cullison was leader for the day.

The program was presented as a news commentator flashing his audience direct on the spot coverage by other commentators. Participating in the program were

Norris Hall, C. G. Miller, S. A. Hanks, Wayne Cobb and Harold Dougherty. Mrs. C. G. Miller read the prayer calendar; Mrs. J. E. Hilbin offered prayer for missionaries. Mrs. Cullison stated the many needs in foreign countries. Meeting of the 25 members present closed with prayer.

THURSDAY — Mrs. Robert Callahan read the prayer calendar and offered prayer for missionaries to open the Thursday meeting. Mrs. T. O. Upshaw and Mrs. R. C. Brown gave the scripture meditation preceding the presentation of the program "O God, We Pray For Presses At Work For God." The program was presented by the Richard Lunsford Circle with Mmes. Dewey Lunsford, R. C. Brown, Wayne Cobb and N. R. Lowe participating. Mrs. J. F. Webb described needs of the missionaries; and Mrs. Callahan outlined the goals. Twenty-five members were present.

FRIDAY — Christmas carols were sung by the group as the monthly business meeting convened. Mrs. Thomas, WMU president, opened the meeting by leading members in group repetition of the WMS watchword, Mrs. R. C. Brown offered opening prayer.

Reports were given by Mmes. Ralph Prook, secretary; Harold McCleery, treasurer; Leon Brown, community mission co-chairman.

chairman, introduced two visitors, Mrs. N. O. Pagett of Durant, Okla. and Mrs. A. D. Kelly.

Mrs. Robert Callahan read the prayer calendar and offered prayer for missionaries. Mrs. A. R. Newman was elected Bible Study chairman to fill an office vacancy.

It was approved by members to discontinue meeting during the last two weeks in December.

Plans were made to buy a WMU pin to award monthly to the chairman, whose circle has the largest attendance percentage for that month.

It was announced that the Workers' Conference, is to be held Dec. 8 and each person is asked to bring a basket lunch for their family and two extra persons. Plans were also announced for the Girls Auxiliary Mission Study Banquet to be held Dec. 11 with which the WMU will assist.

Callie Thomas Circle presented the program, "O God, We Pray For All Mankind." Mrs. Kenneth Gray, leader for the day, presented the program with Mmes. Charlie Thomas, Kenneth Gray, L. G. McDaniel, Curtis Liles, Nolan Cole, and Sam Batteas participating. Mrs. Gray led in prayer after summarizing the needs of the world.

Mrs. Gray dismissed the 36 members present with prayer. The meeting adjourned to Fellowship Hall for a luncheon.

Getting Engaged Soon? Seek Jeweler's Advice

It is romantic to be engaged at holiday time, and right now many girls are saying, "Yes, I'm getting my ring for Christmas!"

Even if you go along for the final choice of the ring, as many girls do, the jeweler will hand the little package to your fiancée, who will bring it just as if it were a big surprise, and put the diamond on your finger by candlelight.

Christmas engagement rings, however, often are chosen by the young man solely on his own, and if this appeals to your fiancée's sense of romance, rejoice and let him do it. Remember one thing, however:

He's probably never bought a diamond before and will (you hope) never have occasion to buy an engagement ring again. So more than with any other purchase, he needs the help and advice of a jeweler whom you both know and trust.

The first question is not where you can get the biggest stone for the least money. That approach means that you sacrifice quality and beauty to mere size. It is best not to start with size in mind.

In general, a young man employed may invest about one month's income in the engagement ring. With this as a rough measure of price, begin with your hand and what looks well on it.

If you wear a size seven glove, your hand is probably about average, but width of palm and length of fingers varies with bone structure. Some girls have narrow, long-

fingered hands although they themselves may not be tall. Another hand may be small or short but rather plump. The large, squared hand with straight, strong fingers is often seen among today's young people.

HAND AND RING SHOULD BALANCE

If your hand is large, a dainty little diamond ring is not your type. The small stones should be built up with carved metal and side diamonds so that over-all, the ring is impressive. To slenderize plump fingers, wear a pointed diamond on a slender band and have your nails long and tapered.

Now for your ring size. You can make a fairly accurate gauge that your fiancée can slip in his wallet. Cut a pie-shaped wedge of cardboard at this point. Any engagement ring in the store that "stops" at the pencil line, is your size. If you have a wide joint on the ring finger near the knuckle, you may need a ring-band with adjustable finger size. Engagement rings now come with this provision.

The style of ring is certainly up to you to decide. The favorite right now is a diamond solitaire (meaning one diamond) or a round center diamond with little straight baguettes on the sides. When a man is choosing the ring himself, it's safe to hint that you like "something simple."

You'll surely want to tell him whether your heart is set on yellow gold or a white metal — which

could be white gold, palladium, or platinum. Think about the wedding band to come; engagement ring and wedding band usually look best when the metal matches.

HOW BIG IS A CARAT?

Most young couples think of having a one-carat diamond. In the round cut called a brilliant, a one-carat diamond is about one-quarter of an inch across and weighs one-fifth of one gram. It doesn't take a full carat to express a full heart, however.

The price of a diamond depends on several factors; the weight of course, the fine, frosty white-white of its color, and the skill of the diamond cutting. Also important is the purity and clarity of the diamond crystal. If your fiancée insists that nothing short of a so-called "perfect" diamond will do for you, be proud of him as a perfectionist but don't expect a gem the size of a 60-watt lamp! On the other hand, your own taste may be different. If you'd honestly rather have a little more conspicuous size and not so much inconspicuous quality, let him know this, too.

NO GIFT CARD NEEDED!

A Christmas ring should be engraved, so allow about a week for this. It will always be precious to you to see that date, December 24 and the year, in the band of your engagement ring. Wedding bands are more formally engraved with initials and date only.

South Pacific Islands Allegro Speaker's Topic

Twentieth Century Allegro members met Tuesday in the home of Mrs. Wyatt Lemons, 2217 Aspen.

Following the reading of the Club Collect, Mrs. W. G. Waggoner presented an interesting program concerning little known islands in the South Pacific and their history.

Mrs. Waggoner explained that "we are all familiar with the typical picture of the South Pacific as a paradise" but that she would attempt to give the other side of the story.

She said, "The expression 'South Seas' was first coined by the Spanish conquistador Vasco de Balboa in 1513, as he gazed seaward from the low line of hills that is now Panama. Seven years later Magellan journeyed into the unknown. By a stroke of ill-fortune, they steered a course that took them to these islands of the Pacific. This often stormy sea remained so calm that he called it the Pacific Ocean. After Magellan, men from the West sailed on many voyages of discovery and adventure to the South Pacific usually in search of treasure and the island paradise of story and legend."

"The history books say that Alvaro de Mendana came across the first large island group in 1568. The Spaniards saw their dream of gold so they named this island group, Island of Solomon under the mistaken idea that it was from here that King Hiram had fetched the gold for King Solomon's temple in Jerusalem. However, this is the way it really happened, Mrs. Waggoner continued.

"Don Alvaro de Mendana set sail in 1567. He sailed for eighty days before he sighted land. He sent ashore experienced miners to explore. They reported that there were signs of gold, but that the streams were so turbulent they could not pan it. The natives soon attempted to massacre the invading white men and Mendana discovered to his horror that the Solomon Islanders really did feed on baked human flesh. He punished the cannibals by burning their villages which made them even more hostile. Months later, after starvation, hardships hard to imagine, hurricanes and the death of nearly all the crew, the ships returned to Peru. Immediately the story spread that Mendana had brought back a treasure of forty thousand pesos worth of gold. Everyone was sure that the isles of Solomon must be filled with gold. Such is the gullibility of man. And of such ephemeral stories is the legend of the Pacific made."

"Again this is how the history books have it: The second Mendana expedition in 1595 also led to the discovery of an important archipelago, this time in the east—the Marquesas. The magnificent natives their entire bodies decoratively covered with tattoos were the first Polynesians to be encountered by Westerners, and the rich melodic Polynesian language was first heard by Westerners.

"But this is how it was. Mendana's wife nagged her husband into making another voyage. She knew that her husband had not brought back gold but she felt sure that

there was some to be had. The settlers going along had to bring their own goods, and were to receive big estates and slaves when they reached the islands. There was constant bickering and fighting and three months later they sighted land. Mendana did not recognize any of the island and knew they were not the Solomons. So he named them Loas Marquesas in honor of the Marquis of Canete, Viceroy of Peru.

"After months of tension and fighting amongst themselves and with the natives, Mendana died. His wife was left to command the voyage and this she did. In February 1596, the ship anchored in Manila Bay. Those who visited the ship bringing food and water were horrified at the conditions aboard. But no one but those that sailed that ship could ever know what this greedy woman had made them endure."

Mrs. Waggoner emphasized that all those that went to these islands were not seeking a fortune; "some were eager to seek a refuge far from the turmoil of France in the 1880's. Of all the men who have used the legends of the South Pacific to their own ends, the most brutal and callous was a gentleman reached the region. He was Charles Bonaventura du Breil, Marquis de Rays, aristocratic-looking and acting more like a king than any of his European fellow monarchs. He had read an account by Captain Louis Duperrey, of a voyage in 1823. The report was of a paradise island which bordered a bay at the extreme tip of the long and narrow island of New Ireland. Taking advantage of uncertain and troubled times, he advertised in a Paris newspaper: Free colony of Port Breton. Land two francs an acre. Fortune rapid and assured without leaving the country. The Marquis de Rays' descriptions of this island were fantastic. For any one that went there would be the life of sun-swept ease under the palms. There was more food than anyone could possibly eat. The woods were crowded with teak and mahogany. The streets were fifteen feet wide, churches, stores, trains, and docks were available. A more accurate description would have been: There is not a single building, no roads, not a footpath, no wharf, the jungle is so dense that no one could penetrate it unless he hacked his way foot by foot. Hemmed in by decayed wood, swamped by interminable rain, this is one of the world's most inhospitable spots. From this island, the Marquis de Rays made a grand fortune and shipped some six hundred poor souls to a place he had never seen."

Mrs. Waggoner concluded by saying she did not intend to leave the impression that "there is no paradise in the South Pacific or that the islands and the natives are not beautiful and the waving palms all that one could wish for; but you should be very careful which island you choose."

During the social hour refreshments were served to 15 members and two guests by the hostess, Mrs. Lemons, assisted by Mrs.

Christmas Cards Tape Personalized Gray County HD Council Entertains With Christmas Party In Civic Center

Gift-wrap tape cards are designed by first making a rough sketch, and then stripping the tapes onto the card. Cut the edges of the tape with a one-sided razor blade after it's in place. Peel off the excess then firmly rub the remaining piece to the card.

Photographs may be used in many ways to make attractive cards. Perhaps you will want to cut your photos in various shapes or designs. It's best to combine them with hand-lettered art or drawings copied from books.

David Price.

It was announced that the next meeting would be held Jan. 5, 1960 with Mrs. A. D. Prichard in her home, 1527 Hamilton. Japan will be the subject of the program to be presented by Mrs. James Daley and Mrs. Jack Reeve.

LEFORS (Sp) — The annual Christmas party sponsored by the Gray County Demonstration Council was held Wednesday afternoon in the Lefors Civic center.

Silver and blue decorations were used through out the room including a glistening silver tree with blue ornaments in one corner. The tables were covered in white and striped with blue ribbon. Centerpieces were holly, with a horn of plenty filled with all the goodies of the season on the head table.

Each one present brought a gift to exchange, which were displayed on a table centered with a miniature tree of white net, glitter and blue ornaments. To the tune of "Jingle Bells," by Mrs. D. T. Pfeil at the piano, gifts were taken in the musical chairs fashion until all present had received gift.

"Star of the East," a solo, was sung by Mrs. Charles Roberts following the devotional by Mrs. Jack Prather, recreation chairman. "Silent Night," and "O Come All Ye Faithful," was sung by the group.

New officers were installed for the coming year by Miss Lou Ella Patterson, HD agent. Mrs. A. P. Coombes was installed as president; Mrs. D. W. Swain, vice president; Mrs. Jack Prather, secretary. Mrs. V. Smith, treasurer, was unable to be present.

Games were led by Mrs. Ray Frazier, and Mrs. Joe McCarthy, with prizes won by Mrs. K. L. Lunstork, D. W. Swain and Carl Smith. Mrs. B. D. Vaughn won the prize for being the oldest, Mrs. Odie Skinner received a prize for being the youngest present.

Miniature horns of plenty filled with candy were given as favors.

Cherry pie and coffee were served.

Present were Misses Lou Ella Patterson and Yvonne Reynolds, and Mrs. Leon Terry, Jo McCarthy, B. J. Leininger, Charles Roberts, Ernest McKnight, Jack Howard, W. O. T. Terry, C. B. Hicks, Tom Anderwald, D. W. Swain, Carl O. Smith, B. D. Vaughn, R. W. Beck, O. O. Bishop, D. T. Pfeil, Ray Frazier, A. T. Cobb, B. J. Diehl, A. M. Decker, Alice Totty, F. L. Carlton, Pearl Ferguson, Earl Taylor, Leland Diamond, A. P. Coombes, Boyd Broom, D. L. Junstord, R. H. Bradford, Reynolds, Shelly Hood, and Bert L. Smith.

Foot comfort depends on many things. One of them is the fit of your stockings. Beware of the too-small stockings because 11 stockings tend to shrink from perspiration. So, buy a size that gives at least a half-inch of wiggle space from the big toe.

An ankle-slimming routine and household can be combined easily. When using a dust mop or carpet sweeper, tiptoe. Do this for only a few minutes the first day and gradually work up to tiptoeing through the chore.

If your skin has proved allergic to deodorants or cosmetics, ask your department store's cosmetic counter about products made especially to meet this problem.

BATON BEAUTY

Miss Cecelia McClelland, daughter of Mr. and Mrs. C. E. McClelland, seems to sparkle with pride from her queenly crown to the shining trophy in her hand. Miss McClelland was crowned Holiday Twirling Queen, carrying off top honors at the Holiday Twirling Festival held recently in Albuquerque. The McClellands, who formerly resided at 2129 N. Banks, are now living in Farmington, N. M.

Mary Martha Class Installs Officers

Mary Martha Sunday School Class of Central Baptist Church recently in the home of Mrs. A. Hobbs, 1925 N. Wells, for its November meeting and installation of class officers.

Refreshments were served during the social hour to Misses Paul Miller, Nolan Cole, Frank Conner, Carl Sexton, Jean Reeves, Lee Hobbs, Kenneth Gray, George Mc-

Mrs. H. E. Cannon, president, presided during the meeting, which opened with prayer by Mrs. Nolan Cole. Mrs. Ralph Baxter and Mrs. Paul Skidmore brought a message of song, using the class song, "Is Our All on the Altar."

Mrs. Otis Nace, guest speaker, chose a traditional Christmas selection, Henry Van Dyke's "The Other Wiseman" for her reading. Mrs. Robert Swanson presented Mrs. Nace with a Christmas corsage in appreciation for her program.

The installation ceremony was closed with the reading of scriptures from James I and offering a prayer of dedication.

Plans were made for the Christmas party for members' children to be held Dec. 15 at 3:30 p.m. in the City Club Room.

The class presented Mrs. Callahan with a ceramic plate made by one of the class members. Mrs. Jack Brites, as a token of appreciation.

Refreshments were served to 18 members and the guest speaker.

Members and the guest speaker.

DEAR ABBY....

By Abigail Van Buren

DEAR ABBY: Please don't print my name because everyone in this town knows me. Now for my problem: I have been widowed many years. I've had numerous chances to remarry but I will not go out with just anybody who rings me up.

There is one very desirable professional man (retired) who has been inviting me out consistently. I am interested in him and he seems to enjoy my company. But he has one annoying habit that puzzles me: He keeps looking at his watch all evening!

Do you think this means he is eager to get the evening over with? Should I remark on this annoying habit of his? I wish I could figure him out.

PUZZLED

DEAR PUZZLED: Don't try to figure out what makes him tick, or you'll have lots of time on your hands.

DEAR ABBY: My mother and father have been married happily for 15 years, or at least I thought they were. My mother met a man recently. Ever since I come home from school his car is in our driveway. She calls him on the telephone and he calls her when my father isn't home. Maybe it is only my imagination and maybe it isn't even any of my business, but do you think I should ask my mother what it is all about?

WORRIED

DEAR WORRIED: It is certainly your business. Ask your mother.

DEAR ABBY: My husband is very sensitive because he can't read very fast or very well. He was taught to read by sight, but when it comes to a new word, he can't sound it out. I've tried to help him, but I'm no teacher.

He won't go to church because he's afraid he might be called upon to read aloud. His boss told him that if he took some schooling at work (they have courses to teach the employ-

ees more about their work) his chances for promotion would be excellent. But he is ashamed to let anyone know how poorly he reads. Any suggestions would be very much appreciated.

HIS WIFE

DEAR WIFE: There is no "shame" in not knowing. Only in refusing to learn. Find out if your Public School system offers adult education courses. Almost all communities have evening classes for adults who wish to learn elementary reading, writing and arithmetic.

Confidential to "The Professor": I disagree. Civilization IS making progress. In every war, they kill you a new way.

What's your problem? For a personal reply, write to ABBY, care of this paper. Enclose a stamped, self-addressed envelope.

NO HEATING, NO PLUMBING, NO ELECTRICITY—This attractive house is not being offered in a suburban subdivision. It is the Hendrick Hendrickson farm house, built in Holmdel, N.J., in 1730, 229 years ago. Since no "improvements" have been made, the Monmouth County Historical Assn. was glad to accept the house from Bell Telephone which owns the land. The fine example of colonial architecture will be moved to another site.

Paris To Be Difficult Stop On President's World Tour

By K. C. THALER
United Press International
PARIS (UPI) — President Eisenhower will run into the most difficult job of his 11-nation tour when he reaches Paris, Western diplomats predicted today.

The dramatic aspects of his trip have tended to overshadow the serious policy differences in the non-Communist, Allied camp, and it is these with which he will have to struggle in Paris in late December.

News Briefs

U. N. COMMAND CHANGES
UNITED NATIONS, N. Y. (UPI) — Maj. Gen. P. S. Gyani of India has been named to succeed Canadian Lt. Gen. E. L. M. Burns as commander of the U.N. emergency force on duty in the Middle East. Burns resigned the post Friday. The Indian general will take over command of the U. N. force in the Gaza Strip the day Burns leaves for Canada.

ORE SHIPMENTS FROZEN
ESCANABA, Mich. (UPI) — Freezing weather may have ended the iron ore shipping season in Michigan's Upper Peninsula, rail, mine and ship officials said today. They said the cold snap which froze the ore halted all shipments from iron mines.

DIPLOMATS FALL ON STEPS
THE HAGUE (UPI) — Dr. Joseph M. A. H. Luns, foreign minister of the Netherlands, fell down the stairs in his home Friday night and suffered a brain concussion. The foreign minister will have to remain in bed for some time, a Foreign Ministry spokesman reported.

Eisenhower will, of course, be confronted with many potentially explosive problems in some of the most hotly-controversial areas of the world in his journey from India to Morocco.

But in Paris, at the scheduled meetings with the NATO leaders and at the Western Big Four summit talks, he is expected to face his greatest challenge. This involves welding the Allies into a solid front of agreement for the later crucial summit meeting with the Soviet Union, and moves to keep the NATO alliance itself from falling apart.

European diplomacy, full of praise for Eisenhower's trip, hopes it may do something to loosen the dangerous Afro-Asian groupings against the West. The President will be confronted with first hand evidence of Red Chinese aggression in India and Pakistan, of alternating Soviet pressure and enticement in Turkey and Iran, and of problems of American military bases in Spain and Morocco.

These are grave problems which must merit his consideration.

Nevertheless, diplomats feel Paris will be his most important diplomatic stop, for it will be here that limited time and Allied differences call for firm and fast decisions on the future of the North Atlantic Alliance.

The Western Allies, with an East-West summit in the offing next spring, differ in their policy toward the Soviet Union and their assessment of Soviet designs.

Out of all this, Eisenhower's tasks will include attempts to have the Western Allies reach a common policy on Berlin, disarmament and nuclear weapons tests bans.

In addition, allied differences are tending to undermine the NATO defense front. All of these are among the differences which await reconciliation and possible solution during the President's Paris stopover.

El Paso Faces Last Obstacle To Gas Merger

By HARRY WILSON SHARPE
United Press International
WASHINGTON (UPI) — The last obstacle to merger of El Paso Natural Gas Co. and Pacific Northwest Pipelines Corp., which the Justice Department opposed as an alleged monopoly, may be hurdled next week.

On Thursday, Dec. 10, the Federal Power Commission will hear final arguments on the merger which already has been approved by examiner Daniel J. Kelly. The commission's final decision, which observers are guessing will be favorable, is expected promptly.

There is one more obstacle — a government anti-trust suit filed in Salt Lake City, Pacific's headquarters. But it apparently will be nullified automatically if the consolidation gets the FPC's green light.

A 1950 amendment to the Clayton Anti-Trust Act specifically exempts mergers requiring FPC approval on the premise the commission's powers under the natural gas act are in themselves "a protective shield against the evils of monopoly."

Kelly emphasized this in his Nov. 20 decision finding the merger "in the public interest."

DEATH POWER CASE ENDS
BORDEAUX, France (UPI) — Jacques Cazeneuve, a pharmaceutical manufacturer whose talcum powder "Baumol" was held responsible for the arsenic burning death of 73 children and injury to 170, was sentenced to 18 months imprisonment Friday but the sentence was suspended. The druggist was ordered to pay a fine of \$400 to the state and \$38,000 damages to parents of the victims.

Funny Accidents-- Not Funny Results

CHICAGO (UPI) — Miss June Sandy, 17, was riding a bicycle in the main street of Whitstable, England, when a passing motor scooter brushed against her and whisked off her dress.

That was one of the more unusual accidents which occurred during 1959, according to the National Safety Council's annual list of freak accidents. The others:

Mrs. Florence Hill, Denver, Colo., heard her dog barking in the kitchen and went in and turned on the light. She saw a mouse. She opened her mouth to scream. The mouse jumped in.

Air Marshal William MacDonaid, commander in chief of the British Royal Air Force in the Middle East, was the starter at an RAF cross country meet at Nicosia, Cyprus. MacDonald, a crack shot, lined up the runners, told them to get jolly well ready and pulled the trigger of his pistol. He shot himself in the foot.

A bus passenger in Rome, Italy, sought refuge from overcrowding by going to the top of the double-decker bus where freight was stored. He climbed into an empty coffin to escape a downpour. He lifted the lid and stuck out a hand just as two other passengers got to the top. They jumped over the side of the moving bus. Both were hospitalized.

Golfer Buddy Graham, Huntington, W. Va., got two birdies on one shot when his booming drive brought down two sparrows.

Baldassar Palmentere, Kansas City, Mo., was hurled 60 feet into a treetop when his car blew a tire near Joplin, Mo. He sur-

fered only cuts and bruises, some of which he incurred climbing down.

A Model T was in collision with a more modern convertible near Pembroke, Mass. Robert B. Richmond, Winchester, Mass., driver of the Model T, was hurled into the rear seat of the other car. His son, John, 6, was thrown into the lap of the other driver, John Swan Jr. Nobody was seriously hurt.

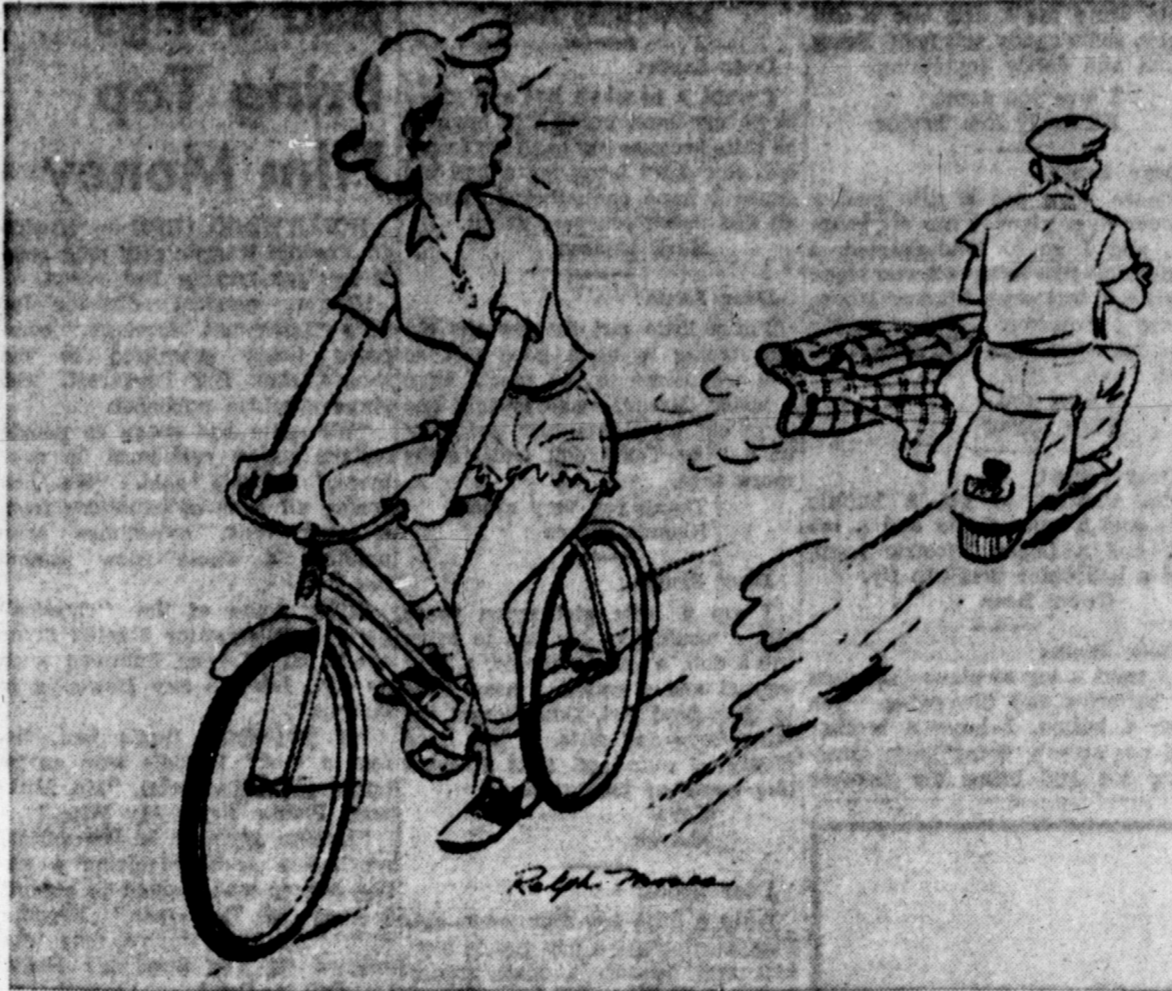

A Petersburg, Va., policeman asked the names, ages and addresses of two motorists whose cars had collided. "William Ashby, 35, Petersburg," said one driver. "William Ashby, 35, Petersburg," said the other. They weren't related.

Mrs. Ted Goreau, Hampton, S.C., told her husband a dent was

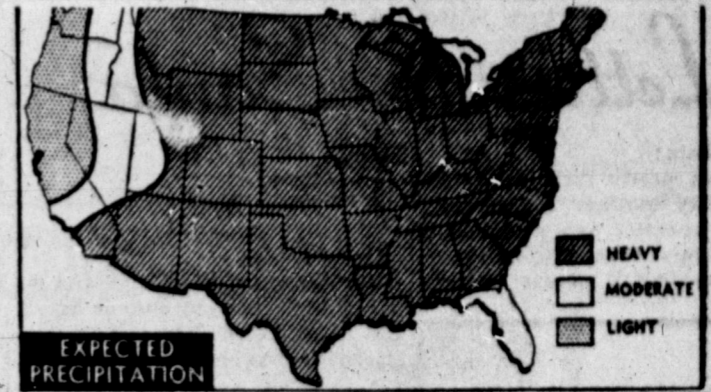

put in their car when a house ran into it. The house was being moved down the street and struck their parked car.

A baby was born to Mrs. Jens Peter Lund, Fresno, Calif., before she and her husband got to the hospital in their car. Lund, hearing the baby's squawls, roared into the car and dashed into the hospital lobby—smashing through a plate glass window he had mistaken for a door. Mother and son got along fine, but Lund suffered a bloody nose.

Paperhanger Leo Beasley, Omaha, Neb., had to make a quick stop in heavy traffic. A five-gallon can of quick-dry paste tipped over in the front seat. Beasley had to slip out of his pants to get out of the car.

A FANCY PASSING or a fancy pass?

Here from DuBarry
A Beauty Specialist to tell you about...

'FLATTER FLUFF'

Fabulous new DuBarry make-up... a silken, creamy fluff that gives your skin a "born beautiful" look!

Never obvious. Not like liquid make-up. Not heavy, "runny" or greasy.

One touch will tell you DuBarry 'Flatter Fluff' is different from all the rest. Has a texture, a look, all its own! A creamy fluff—it melts into your skin. Leaves only flawless translucence, a soft glow of color... as it flatters little lines and shadows out of sight. It's so light, so luminous—its lovely glow seems part of you! Give yourself this born-beautiful look today.

In 7 shades from palest Oriental pearl to warm intensities.

AIR MARSHAL was a poor marksman.

Ever Hear Of Checker-Auto Makers?

By JACK VANDENBERG
UPI Automotive Editor

DETROIT (UPI) — The auto industry's "ignored two" aren't competitive with the giants of the industry, but they're happy about it. In their little niches, they're making money.

Generally, everyone thinks of the American auto industry as the "big three" and the "little fact" that Willis and Checker two," ignoring completely the fact that Willis and Checker Motors have carved out unique little corners of the industry all for themselves.

But the lack of recognition does not bother either of the companies. Checker even fosters it.

When asked for the production figures for his company, Richard Hudson, sales manager for Checker, answered:

"We don't like to give out those figures. When they are put alongside the figures for the other companies, it looks like peanuts. The average layman can't under-

stand, that you don't have to have shopping production figures to make money."

And in the obscurity of small production figures and a plant location far enough away from the auto industry's central headquarters, Detroit, but close enough to benefit from the skilled labor in the area, Checker is making money.

On the basis of the solid foundation it has built with the sale of taxicabs, Checker is even venturing into the passenger car field, but again into a limited area where it won't compete head on with the bigger companies.

It is planning limited production of a four-door sedan built on the same chassis as the taxicab. It will feature greater interior room, durability and greater safety to attract a small group of customers who can't find enough of these features in the offerings of the big companies.

Kaiser - Willys has found its niche in production of the jeep and overseas sales.

"We tried competing on a model-for-model basis with the bigger companies until 1955," a spokesman for the company said. "We've made money since we stopped making passenger cars. We didn't before."

Many of the cars that tried to compete with the giant auto companies in the past are no longer on the scene.

But Willys jumped its production from 74,100 in the first 10 months of 1958 to 95,383 in the first 10 months of this year, with about 85 per cent of the output going to foreign markets in both years.

Letters to Santa

Dear Santa: I want a pretty little doll, with some pretty clothes. I also want a pretty bracelet and necklace. I am so happy that Christmas is coming because it makes me so happy.

Love,
Linda Dyer

Dear Santa: We have been good boys and we would like guns, tractor or truck, and color books. Bring all the other boys and girls nice toys too.

Love,
Lynn and Alan

Dear Santa: I am six years old. My sister is five years old. I would like a view master, piggy bank, scooter, coca-cola dispenser, and a stocking full of candy. Please bring Phyllis the same.

Elane and Phyllis

Dear Santa: I am three years old, or will be

Decorate your home with MUSIC!
For the finest in Hi-Fi & Stereo, Call A. R. Nooncaster MO 4-7689

the day after Christmas. Please Santa bring me a doll and a doll buggy, some candy and fruit. Bring mama and daddy something.

I love you Sania
Kimberly Ann Taylor

Dear Santa: Please bring me a rifle gun, a wonder flyer plane. I am six years old, and I go to kindergarten. I would also like to have a two stage missile, a tool set a Mickey Mouse movie projector. Please take the other boys and girls some toys.

I love you
Chip Taylor

Dear Santa: I'm wanting to get a buffalo rifle and a microscope and a lab set, and a Lionel Electric train, and a helicopter that can fly.

Gwen Been

Dear Santa: I want a toy airplane that runs on batteries and flies when you push a button. I have a brother and two sisters. Bring them something too and bring my teacher

something. I'll try to be good.

Love
Danny Searl

Dear Santa: I want a baseball bat and glove to fit my hand but it will have to be little because my hand isn't very big. But don't bring me a ball because I have one already. That's all and thank you very much.

Mark Hudson

Dear Santa: I'm a little girl three years old and trying to be a good girl so you will come to see me. I have a sister, Brenda, who is only one year old so please bring geesh of us a Tiny Tears doll and some more toys.

Thank you very much
Rhonda Hayes

Dear Santa: I am a little girl seven years old. I would like for you to bring me a doll, a roke machine, a stuff animal and a watch. I have tried to be a good girl. Don't forget the other boys and girls. If you have plenty of nuts and fruit I would like some of them too.

Love
Sharon

Dear Santa: I am a little boy four years old. Please bring me a pop gun, a football and helmet, a road grader and a stuffed animal. I would like some candy and nuts also. I have tried to be good boy. Don't forget the other boys and girls.

Love,
Stevie

Dear Santa: I've been a good boy. I want a B.B. Gun and a football, and an electrain. Merry Christmas.

Tommy Ivory

Dear Santa: I am a little boy 5 years old. I have tried to be good although sometimes I fight with my friends. I want a lot of things but what I want most is an electric football game, and a bowling set. And also a bicycle. Don't forget by big sister. She wants a globe and some books.

Thank you
Stanley Roy Franke

Dear Santa: I am six years old and I am in the first grade. I want a Rifleman Rifle, a Roy Rogers gun set and a train.

Gary Ivery

Dear Santa: I want a cub scout knife for Christmas and a cub scout billfold and a cub scout pack and a canteen. Also a tank gun and cub scout socks and cub scout leather bill coat.

Monty Ben Elkins

Bad Songs Bring Top Film Money

HOLLYWOOD (UPI) — Musical an Freddie Karger gets paid good money for writing bad songs.

Karger, musical director for TV's "Love and Marriage," composes tunes submitted to the show's star, Bill Demarest, who plays a music publisher.

"We write bad songs so people on the shown can burn up over them," Freddie said. "We can spring all sorts of situations from a lousy tune, sometimes even building a whole show around one."

Citing some of the "classics" he and collaborator Stanley Styne concocted, Karger hummed such as "I'd Like to Say How-a-ya in Hawaii."

"If you think that's bad, listen to this," Freddie said as he hummed his immortal, "Mr. Milkman, Please Bring My Wife."

"In one segment of the series, we had a scene involving a police officer who wanted to submit a song to Demarest," Freddie said. "The policeman's tune was entitled 'If You Steal My Heart I'll Call a Cop.'"

"That was changed later to 'If You Steal My Heart I'll Be Filled With Grief and I'll Yell Stop Thief.'"

Downing a gin and tonic to recover from the shock of even thinking about such monstrous melodies, Karger said it shouldn't underestimate the horrible potential his sad tunes might have.

Karger, former assistant musical director at Columbia Studios, has some good melodies to his credit including the theme song, "From Here to Eternity" and "Magnificent Obsession."

"I enjoy doing screwy songs once in awhile though," Freddie said. "And, you never know when one of the might become a hit."

"An oracle who could predict what records will become best sellers would own the world," he said wide-eyed.

Explaining how a dud turned into a blockbuster, Freddie recalled his epic "Don't Knock the Rock."

"That undoubtedly was one of the worst songs I ever wrote," Freddie said, going back to his gin and tonic. "But, in a typical case of how unpredictable this music business can be, the song was on the top ten in Europe and also a big success in the South and Middle West."

"I made an awful lot of money from it, but I wouldn't play it for a dog," he said, looking like a man who turned a blight loose on the land.

Texas Railroad Commission Report Notes

Increased Drilling Activity In Area Oilfields

TUESDAY NIGHT SPEAKER — Gordon Treat, sales engineer for the Lone Star Steel Co., will address the Panhandle section of petroleum engineers at the Hotel Borger Tuesday evening. Dinner will be served at 6:30 p.m. Treat's talk is entitled "Combination Casing String Design."

10 Mile Deep Wells Seek To Develop Model Contracts

TULSA (UPI) — An oil well nearly 10 miles deep may be a reality sooner than was thought.

Oilmen are going deeper all the time in their quest for black gold — but the deeper they go the more difficult and expensive it becomes. Yet if the oil and gas is down that deep in the bowels of the earth, sooner or later it will have to come out.

Speakers at a Tulsa meeting of the American Society of Mechanical Engineers agreed this week that it is possible, for all practical purposes, to drill a 50,000-foot well with today's equipment. But at prohibitive cost.

The deepest hole yet drilled is the Phillips Petroleum Co.'s No. 1-EE-University at 25,300 feet in Pecos county, Texas. It has not been a commercial success.

High temperatures and probably high pressures at the great depths of 10 miles were listed as the strongest deterrent features, aside from the high cost. However, Jack Abernathy, president of Oklahoma City's Big Chief Drilling Co., said, "Yes, such a hole can be drilled."

He pointed out that with bottom hole temperatures ranging from 450 to 500 degrees Fahrenheit a different type of drilling mud would have to be used — probably of oil rather than water base. Likewise, cements which would set firmly at high temperatures would be needed.

Harold S. Kelly, chief production engineer of the Phillips Petroleum Co., Bartlesville, Okla., saw big problems in production at great depths. Bottom hole pressures of 24,000 to 28,000 pounds per square inch would be encountered, he said.

Phillips' "deepest hole" in Texas was drilled in relatively "cool territory," he said, where a bottom hole temperature of only 325 degrees was found. At the nearby No. 1 Montgomery, 16 miles from the University, the temperature was 380 degrees at 23,000 feet and rising 2 degrees per 100 feet below that, he said.

The oil suppliers think they can meet the challenge of a well 10 miles deep. The big question will be whether the oil industry wants to pay for it.

Seek To Develop Model Contracts

In a newsletter published Friday by the American Association of Oilwell Drilling Contractors it was announced that a committee was formed by the API to develop a model rotary drilling contract and a model bid specification form. The committee will be headed by F. H. Rheas, Sinclair Oil and Gas.

The committee was formed by the American Petroleum Institute's executive committee during its annual meeting in Chicago last month.

According to the AAODC, "If this committee can develop a reasonable contract it will be an important forward step. A contract developed under the auspices of the API is likely to have wider acceptance than one developed by AAODC, especially since major companies will have representation on the committee."

"Although there will be some drilling contractor representation on the committee, this will not be a joint API-AAODC project. It is to be strictly an API project."

"Whatever the eventual outcome of the API's efforts in this direction, it is thought that it will at least lead to a greater tendency to have similar contracts. Of course, if the API is able to develop a model contract that comes into wide use, it would be much easier for contractors to know just what conditions are to be imposed when they are asked to bid on jobs."

LP Gas Sales Top '58 Record

Sales of LP-gas liquefied petroleum rose to the seven billion gallon mark in 1958, according to statistics released the past week in the LP-gas data book.

The 1958 figure is about 500 million gallons higher than sales in 1957. The 24-page booklet, entitled "LP-gas Industry Market Facts-1958", uses tables and charts on production, transportation and sales of butane and propane.

TREAD LIGHTLY

ILFORD, England (UPI) — A baby elephant walked up 120 steps Friday. The elephant, now serving as a Christmas attraction on the fourth floor of a department store, was too wild for the escalators and too heavy for the elevators.

Program Adopted

The Oil Information Committee of Dallas (OIC) reports that a three-phase information program will be unfolded in 1960 in an effort to "stymie petroleum's enemies from adding additional burdens and restrictions on the industry." The program will be aimed at employees, communities and schools. "Enemies" of the industry were not named.

Phillips Elevates 4

The Phillips Petroleum Co. announced Friday at Bartlesville that four of its top executives have received promotions in the research, legal and transportation departments.

Promoted were F. E. Frey and A. Clark, both named senior scientists, and William J. Zeman to attorney general, and John K. Kyser to manager of Phillips' supply and transportation department.

There are about 40,000 species in the fly family.

Drilling activity in area oilfields forged ahead the past week, according to the weekly report of the Texas Railroad Commission office in Pampa. Forty-four intentions to drill were filed, eleven of which are set for depths over 7,000.

The report also notes 27 oil and gas wells were completed and nine holes were plugged. One of the completions was in Gray county, the Yoes "A" No. 1 drilled by D. D. Harrington.

The deepest planned well is again in Lipscomb county where the Waters No. 1 will extend 11,400 feet. The commission's report follows:

INTENTIONS TO DRILL

- Carson County (Panhandle)**
- Texasco Inc. — S. B. Burnett NCT-2 No. 29 — 330 f W & 2342 f N lines of Sec. 92, 5, 1&GN, PD 3209

The Oil Outlook

By **MARVIN OLSEN**
Daily News Oil Editor

Meeting in Borger

The Panhandle section of the Society of Petroleum Engineers will meet Tuesday evening at the Hotel Borger to hear Gordon Treat of Lone Star Steel report on "Combination Casing String Design." A social hour begins at 6:30 p.m.

Head Promoted

A. J. Head, once superintendent of the Phillips plant at Borger, has been promoted to manager of Phillips Chemical Co. Head has been manager of the manufacturing divisions of Phillips Chemical. He was superintendent at Borger in 1951.

A New Method

The Western Company of Ft. Worth announced Friday that a new perforating method for oil and gas wells has been introduced.

The new development, the company said, is a completely new method discovered by company research specialists. It is called "Velocity."

A news release reports: "Velocity perforating is based on a
