LONG PHONES ORDERS TO HIS LIEUTENANT

SANTA FE, N. M. (UPI)—Gov. Earl K. Long, despite new trouble with his heart, got up early Monday and started telephoning orders to his lieutenants in Louisiana.

Because of the altitude of Santa Fe, Long's heart started acting up Monday night and he dropped to a deep sleep shortly after he arrived from El Paso, Tex.

His frightened aides called a nurse, who called Dr. Richard Landmann, a specialist. Dr. Landmann said it was the altitude that Long needs rest and it may be best for him not to travel toward Denver today.

One of Long's aides was supposed to telephone Dr. Landmann today and tell him how Long is feeling.

After Landmann's visit Monday night, Long stayed awake until 3 a. m. today, mat. He was up again at 8:45 a. m.

Landmann said after examining Long that the governor appeared to be in normal condition—"normal for him"—but that he needed plenty of rest.

The governor had a rough day driving through New Mexico deserts from El Paso Monday. Among other things he was swamped twice by reporters and photographers, was involved in a minor highway accident, and got mad at a newspaper story that quoted a sheriff as saying he would have to "check his guns" if he stayed in Albuquerque. Long has threatened several times to "kick 'em out" at newsmen.

Because of the newspaper story

Long refused to stay in Albuquerque, although he had reservations at a hotel and a motel, and decided to drive on to Santa Fe.

Car Hits Suitcase

The newspaper story about checking his guns so infuriated him that, escorted by a New Mexico highway patrolman, he raced out of Albuquerque. Several miles out of town a suitcase flew off a broken luggage rack atop his sleek black Cadillac, and was struck by a car following the governor.

The impact split open the suitcase and the car swerved into a ditch. A reporter and a photographer in the car were shaken up.

When Long got into Santa Fe he asked that Gov. John Burroughs of New Mexico be informed of his arrival, saying he wanted to pay his regards.

Burroughs left his office and went into seclusion.

Morgan Service Set Wednesday

Funeral services for William Morgan, 67, will be held 10 a. m. Wednesday in the chapel with Rev. H. M. Hutchins, pastor of the Bible Baptist church, officiating. The body will be taken to Perry, Okla., with Mackie graveside rites held at 4:30 p. m. Wednesday in the Grace Hill cemetery.

Mr. Morgan died at 5 a. m. today at Highland General Hospital. He was born Sept. 13, 1891 in Godville (Marion County), Va. and was a member of the Bible Baptist Church, Mason Lodge, Scottish Rite in Wheeling, W. Va., and a Shriner of the va Temple Lodge in Amarillo. Survivors include his wife, Alice; two sons, Jack P. Morgan of Pampa, William T. Morgan of Perry, Okla.; a daughter, Mrs. Aaron Haralson of Pampa; two grandsons, Terry Joe and Randy Haralson, both of Pampa; two granddaughters, Mrs. Johnnie Coleman of Elk City, Okla., Mrs. Jackman of Dumas; two sisters, Mrs. Gus Drews of Star City, Va., and Mrs. Mae Neipin of Pittsburgh, Pa.

ANGRY

(Continued from Page 1)

city officials do not try to cram them into white schools in September," he said.

Nevertheless, police chief Gene Smith announced that there would be arrests if there were any disturbances today.

Only seniors were to register today. Juniors are slated to register Wednesday, and sophomores on Thursday.

Students will be assigned to schools under a 1959 pupil placement law modeled after those of other southern states that permits the board to consider a variety of factors.

BOARD

(Continued from Page 1)

chasing power" for lower whole-sale prices.

The school board was asked to buy from IFB by four organization officers, President Loyse Caldwell, and John Pitts, Clarence Kennedy and Owen Johnson.

The IFB said it deals directly with the manufacturers and eliminates two or three middlemen. Pampa schools will take weekly deliveries of foodstuffs from IFB for a 10 percent markup—over manufacturers' prices.

County Court Fines Screws, Hughes

Two Pampa residents were fined \$100 and court costs this morning after entering pleas of guilty to charges of drunken driving.

They were Walter Kenneth Hughes, 32, 531 S. Russell, and Gladys Hackley Screws, 412 N. Somerville. Hughes was involved in a two-car accident near Kingsmill Saturday in which four persons were injured.

Two Cars Damaged At Intersection

Two cars were badly damaged Monday evening in an accident at the S. Hobart and Wilks intersection. No persons were injured.

The cars were driven by Clyde Compton, 621 S. Russell, and Lemdon Loyd Rogers, Pampa. Compton's 1959 Ford had damages estimated by police at \$400 while Rogers' 1959 Mercury had \$250 damages. Rogers was charged with driving under the influence of liquor.

Mainly About People

Sylvia Dianne Zachry, Pampa, is enrolled in the second half of summer school at Hardin-Simmons University, Abilene.

Jackie G. Weathered, a former Pampan from Arlington, received a scholarship award at the 17th commencement of the University of Texas dental branch recently in Houston. He is the son of W. B. Weathered, former Pampa postmaster.

Practices for the riding contest of the "Top O' Texas Kid" pony show will begin Saturday, according to Joe Leeper and Clayton Mathis, chairmen of the event. Practices are set for 8 p. m., continuing July 28, 30 and Aug. 1. The contest will take place during the Kid Pony Show Aug. 3.

Miss Iris Lee Page, 1329 Christie, has as a houseguest this week her cousin, Miss Jill Marie Page of McLean.

Mrs. A. F. Repp, who has been visiting in the home of her daughter and family, Mr. and Mrs. Bill Roots, Kathy and Kristi, left Monday evening to return to her home in Akron, Ohio. Other recent guests have been Mrs. Roots' cousin, Reverend William P. Arnott, pastor of the Presbyterian Church in Shady Side, Ohio, his wife, and mother Mrs. W. H. Arnott of Akron.

Mr. and Mrs. R. A. Mack and daughters, Kay and Ann, have

Subcommittee Has Rest Of Week To Report On Tax Bills

By LLOYD LARKABEE United Press-International

AUSTIN (UPI)—A seven-member House subcommittee has only the rest of the week to report on a stack of tax bills if it pleases Revenue and Taxation Committee Chairman Rep. V. L. Ramsey.

The subcommittee was tossed 15 tax bills Monday after the Ramsey committee shuffled through the stack for 15 minutes. The subcommittee is charged with the responsibility of coming up with a bill for floor action out of the total.

Most of the bills under subcommittee consideration are either selective or general sales tax proposals.

Hints At Action

Ramsey hinted strongly that he would prefer subcommittee members report before this weekend.

Just returned from a vacation trip to Anadarko, Okla., Temple, Okla., and Mineral Wells, where they visited with friends and relatives.

Mr. and Mrs. C. V. Forsman, east of the city, are the grandparents of a grandson born July 13 in the new Baptist Memorial Hospital, Oklahoma City, Okla., to Mr. and Mrs. J. C. Forsman, 106 SW 7, Bethany, Okla. The infant has been named Victor (Vic) Ruben and is also welcomed by a sister, Janis, 2, and another set of grandparents, Mr. and Mrs. J. R. Walden of Wigham, Ga.

Burries Infant Rites In Kansas

Terry Lee Burries, born June 14 of this year, died at 10 p. m. Monday in a local hospital. He was the son of Mr. and Mrs. Joe M. Burries, 2107 N. Nelson. Other survivors are two sisters, Carla Jo and Daria Sue; and one brother, Joe Martin Jr.

The body will be taken overland to Arkansas City Kan., for service and burial.

Recommendations were included in the parcel of bills tossed to the subcommittee. They were sponsored by Rep. Oscar Laurel of Laredo. There was also a bill by Rep. Frates Seeligson of San Antonio designed to levy a 2 per cent luxury sales tax on items costing more than \$50.

In previous session, the Revenue and Taxation Committee has almost ignored the Governor's plea for a levy against the gas pipelines in the form of a one-half cent severance beneficiary tax per 1,000 cubic feet.

Gov. Daniel again urged the tax during his opening address of the present session and the seven-member subcommittee has that problem in the stack of 15.

The House today was scheduled to resume business at 11 a. m. The day-opening gavel for Senators was to fall at 2 p. m.

ATLAS

(Continued from Page 1)

month. Today's test was considered crucial in view of the past failures over the past five months, and because the date for operational capability is near.

It was reported in Washington that another failure in the Atlas program could mean a big gain for Russia in the neck-and-neck race to develop a combat-ready intercontinental missile.

The versatile Thor, the Air Force's double duty missile and satellite, launching vehicle, had been aimed at an impact area about 1,500 miles away in a "routine" flight. Its failure was reported to be only the second time out of 22 tests this year in which the Thor did not complete its mission.

Killebrew Rites Are Pending

Funeral services are pending for Jack Killebrew, 519 S. Somerville, who was pronounced dead on arrival at 11 p. m. Monday in a local hospital.

He was born Mar. 23, 1933. Arrangements will be announced later by Duhekkel-Carmichael Funeral Home.

Wattles is the term applied to the fleshy skin hanging from a turkey's throat.

The ideal hair length for the summer traveler is short and light as a feather. These hair styles were created by Coiffures Americans for Charlene Hargrove, Queen of New York City's Summer Festival. Charlene travels across the nation this summer in her role as good will ambassador. Her shoulder length hair was cut (left) to a length that she can handle herself. Here she wears it in semi-bouffant style which is gamine rather than elaborate. En route, she wears bangs (center) with fullness at the sides. Crown is brushed smooth. For evening festivities, her hair is swept up at the sides and back and bangs are curled under. She wears tiny coronet with this formal hairdo for added touch of glamor.

Plan Summer Hairdo For Simplicity Keep It Short, Neat And Pretty

Dear Abby

By ALICIA HART
NEA Beauty Editor

DEAR ABBY: I once heard an old lady say, "When children are young they step on your toes and when they are older, they step on your heart." These are the truest words I have ever heard.

My daughter is 12 and she knows everything. She has no respect for anyone. She is a pretty girl but has the ugliest disposition I ever saw for a girl her age.

The kids get worse every day. Is it because they get too much? I know I am not the only mother with this problem because I hear other mothers say the same thing. I wish you could give me some good advice. I am at my wits' end.

MRS. C.

DEAR MRS. C.: By the time a child is 12, you either have the CHILD trained or the child has YOU trained. Giving a child "too much" will not spoil him unless he has had "too little" discipline. It's pretty late for new rules at your house, but if I were you, I'd get in the driver's seat and lay down the law.

DEAR ABBY: We had the sad experience of losing a premature baby girl. She lived only five days. We named her.

We are wondering if it would be proper, if and when we have another little girl, to give her the same name? We loved that name.

PARENTS

DEAR PARENTS: It would be proper. The decision is entirely up to you.

DEAR ABBY: I am 23, divorced and have a 6-year-old daughter. I've been going with a widower who has a 9-year-old son. He is well-to-do and would make an ideal husband.

He says he is very fond of me, and I know I love him. Should I wait and hope that some day he'll break down and marry me? I don't want a steady date. I want a husband.

DEAR HOPING: You could "break down" before he does. If this man really had his son's best interests at heart, he would marry a good woman and give his son a normal home life. The "wait" could be a lifetime.

DEAR ABBY: My husband has the habit of taking up with the oddest kind of people. He invites them to the house and after a while, when they get to be pests, he runs and hides and asks me to make up excuses for him.

He recently picked up a religious fanatic and his wife near where she catches the bus. They drove us nuts with their talk of religion. They left pamphlets here by the armload and told us to pass them out to our friends.

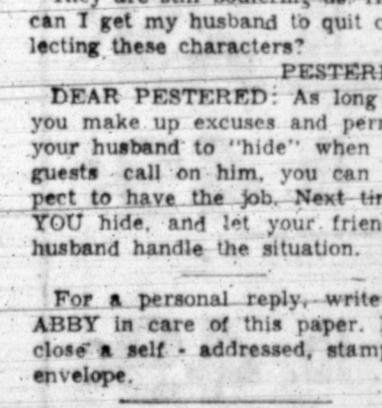

They are still bothering us. How can I get my husband to quit collecting these characters?

PESTERED

DEAR PESTERED: As long as you make up excuses and permit your husband to "hide" when his guests call on him, you can expect to have the job. Next time, YOU hide, and let your friendly husband handle the situation.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

Manners
Makes Friends

Follow the rules at a public tennis court. Trying to hold a court longer than you should is just plain bad manners.

where experts cut the hair in layers, so that each lock is tapered to blend into the next. This makes the hair so easy to manage that you can recomb the styles at will.

For a day at the beach or ball park, the hair can be whipped up into a cap of curls that will blow with the breeze and still remain delightful to see.

For travel, the same hair style can be combined into smoothness at the crown, with a slight bouffant at the sides. The side styling adds enough body to the hair to keep its lines, and the smooth hair, of course, can be combed into bangs if you prefer.

Again, this same coiffure comes into its own for evening festivities. It can be swept up and over to one side, then gently flipped up at the ears. A soft bang effect can fall over the forehead.

Hair that won't stand up to travel and the summer climate can be quite a problem. And your vacation should be a far more carefree time if a comb and brush can make your coiffure the perfect one for any occasion.

There is a group of salons in various cities across the country

IT'S PICNIC TIME

When the days are warm and that bit of balmy air is circulating, everyone gets the "call" to take off for the streams and fields. It's picnic time!

Packing the picnic basket can be fun, and can be a family project. It's easier than you think, when your pantry shelves are bursting forth with convenience foods. Colorful cans hold colorful and tasty foods.

Here we suggest a menu of mugs (paper cups) of hot ruby red tomato soup. This is poured from a large vacuum bottle, filled to the top with the canned condensed kind. Before leaving home, fill small handy paper containers with MEXICAN SPAGHETTI made with canned spaghetti in tomato sauce with cheese. This carries well when the tops for the containers are made with aluminum foil or plastic wrap. Small packets of assorted relishes... stuffed olives, pickles and carrot strips... go well too.

Fresh fruit of the season is the best dessert... easy to carry and so good to eat. Have fun on your picnics this summer.

Mexican Spaghetti
1/2 pound ground beef
1 cup diced green pepper
2 tablespoons butter or margarine
2 cans (15 1/2 ounces each) spaghetti in tomato sauce with cheese
1 teaspoon chili powder
Brown ground beef and green pepper in shortening. Blend in spaghetti and chili powder; heat. Makes 4 generous servings.

Will-Making Is Topic For Club

Worthwhile Home Demonstration Club met Friday morning with Mrs. Roy Tinsley. Mrs. Joe Carlton, president, presided as the secretary's report was given by Mrs. O. A. Wagner. Roll call was answered with a "yes" or "no" relative to having a will.

Miss Lou Ella Patterson presented the program on making a will, opening with the provocative question, "Why Make A Will?" "Do you know what would happen to your property if you died tomorrow?" she asked. "If a person dies leaving no will, his estate will be distributed as prescribed by law. If a valid will is left, the property goes in accordance with the provision of the will."

Refreshments were served during the social hour.

Attending were Mrs. Pearl Ferguson, S. B. Hood, W. G. Kinter, J. L. Cavitt, O. A. Wagner, N. B. Cude, Boyd Brown, Lester Reynolds, Miss Patterson and guests, Mrs. Frank Totty, W. A. Hardy, and Miss Stella Martin.

The next meeting, it was announced, will be held in the home of Mrs. N. L. Weltón, east of the city.

The United States averages 175,000 forest fires annually.

For young daughters who want to cook

FREE to users of Imperial Pure Cane Sugar! A new Imperial cookbook especially for children ages 6 to 11. Simple recipes in easy-to-follow steps. Shows how to measure... how to use utensils... all the things beginners need to know. Little helpers can learn to cook this summer. And like all good cooks, learn they get best results with Imperial Pure Cane Sugar. It's quick dissolving!

"My First Cookbook" is a happy gift for daughters and little friends.

Plan Ahead For Vacation Glamour To Be Cool And Pretty Tourist

By ALICIA HART
NEA Beauty Editor

The summer traveler, bound on vacation or business, has the problem of looking well-groomed in the face of many temperature and climate changes. But, with advance planning, the tourist can look both cool and pretty.

The first thing to do is check on the climate in the spot you're going to visit, then work out your wardrobe accordingly. (And remember, not all countries are as informal as ours. In many, women absolutely must not wear shorts on the street or turn up on the beach in skimpy swimsuits.) It is always better to be simply dressed than overdressed if you're not quite certain about social life in the spot of your choice.

Before you leave, have your hairdresser cut and style your hair in a hairdo that you can set yourself with ease. Generally, a summer hairdo should be both shorter and simpler than your winter styling. When your planning is finished, relax and have a good time.

Summer is the time when the jumps and bumps produced by wearing closed shoes disappear. This is due to the happy fact that most of us take to open sandals, even in the city.

When they're given any consideration at all, feet quickly recover from abuse and smooth out. You can help this process along if you like.

When you go to the beach, walk along the water's edge barefoot. The sand acts like a pumice stone in smoothing out the rough spots. It's both healing and soothing. If you're used to wearing high heels, your legs will ache the next day. But this is neither serious nor important and will go away.

By autumn, your feet should be pretty, pink and free of bumps.

Using a comb or cosmetics belonging to someone else is the equivalent of borrowing a toothbrush. It's the surest way to pick up dandruff of skin trouble.

To avoid the problem entirely, always carry small sizes of your regular cosmetics in your handbag. Equip yourself with both comb and pocket-sized brush.

Carry a clean powder puff or disposable cotton puffs.

And in the final analysis, it's far better to go with a shiny nose until you reach home than it is to use another person's powder puff.

Saturday DBC Tells Winners

Saturday Night Duplicate Club met in the Pampa Hotel with six tables playing the Mitchell Movement.

Winners in the north-south position were Mrs. Judith Crosby and Ruth Dillingham, both of Borger, first; Raleigh Taylor and Mrs. Ruth Haiduk of Panhandle, second; Jim Hendricks and P. V. Rowe third.

East-west position winners were Mrs. H. M. Luna and Haskell McGuire, first; Mrs. P. V. Rowe and W. B. Murphy, second; Mr. and Mrs. W. L. Dobbins of Borger, third.

The club extends a cordial invitation to interested players to meet and play in the club's Saturday night sessions at 7:30 in the Pampa Hotel.

Glover Gags Borger With One-Hitter, 2-1

By RICK ZERTZ
Daily News Editor

BORGER — Mention the name Wayne Kreis, in the immediate presence of youthful Jerry Glover today, and the stylish Pampa first-ball-on-the-left-shoulder-in-the-4th frame, only to be left standing to jump right out of his skin. And for good reason.

Glover, a crafty right-hander, took third on a two-base throw with skads of "stuff" on his fast ball, would have had a Pony League's dream come true in the opening round of the District I tournament here Monday night.

That is, if one Wayne Kreis had stayed home. Or gone to a drive-in with his girl. Or, just have done about anything but shown up at Huber Park Monday night.

Only twice during his seven-victory stint on the hill, did Glover permit a base-runner. Right. It was Kreis both times. The first time didn't hurt. Not Glover anyway. Kreis, maybe, as he took a fly to right by clean-up batter Charles Bullard.

Glover came within two little outs of firing a no-hit shut-out but lost his bid for glory when his pipe-dreams turned into a sudden nightmare in a disastrous last

inning. However, the Big Thing — victory itself — was salvaged. Pampa posted a 2-1 decision on Borger to earn the right to meet Childress tonight in the winner's bracket of the double elimination tourney.

Childress — a 5-1 victor over Hereford in the meet opener Monday night — will tackle the Pampa Pony Stars in an 8 p.m. tilt tonight, with the winner forging into the finals.

The loser will meet the winner of tonight's 8 p.m. Borger-Hereford game, whose loser will be dropped from the meet.

Champion of the District Tournament will skip out into bi-district play at Denver City to compete for a trip to the state tournament

In San Antonio.

Glover was the talk of the ball park after his near-miss and brilliant pitching performance here Monday night. The game took only an hour and 19 minutes to complete.

Beneath threatening skies that streaked with lightning and finally deposited a light sprinkle on the field during the last two innings, Glover was cool and collected all the way.

The losing pitcher, Negro right-hander Joe Robinson, also turned in a creditable mound performance, allowing just three singles and striking out 11. Robinson walked two and hit a couple, while Glover's control was just perfect as he didn't issue a solitary base on balls.

Pampa served as home team, after winning a pre-game coin flip to settle on the home club due to tournament regulations.

Ronnie Chase sliced a sharp single into right field on the second pitch of the game by Robinson in the bottom of the first for Pampa, but was cut down trying to pilfer second base.

Pampa put two runners on in the second as Randy Matson walked and Glover was hit by a curve ball that neglected to break, but both were left mumbering to themselves on the bases as Mike Steward and Paul Glick went down swinging. Kenneth Hebert beat out a slow infield roller with two out in the third for Pampa, but was also chopped down at second attempting to steal.

John Arthur led off Pampa's 4th by taking a fast ball in the back. A pair of passed balls moved him around the horn to third and Glover delivered a clutch single to deep shortstop to send the game's first run scampering home.

Arthur scored both Pampa runs. He walked in the 6th with one down, rambled down to second on another passed ball and raced all the way home on a throwing error by the Borger shortstop, who fired wildly on a hot grounder by Matson.

Then came the fatal 7th for Glover as Kreis singled with one away and later scored before the fire could be extinguished by a swinging strikeout by the opposing pitcher, Robinson, to end the game.

Duncan-Meads In Big Playoff

A Johnny-Come-Lately Duncan Insurance outfit finally completed their season-long overhauling job here Monday night.

Thanks to a fine five-hitter from Jimmy Arthur Duncan Insurance zoomed past Meads Bread with all cylinders flying, 6-3. The vital victory shoves the two clubs into a sudden-death playoff tilt tonight at 8 for the Eastern Little League pennant.

Both clubs closed out regular season play Monday night with identical 11-4 records, forcing the playoff for the championship.

Larry Steele pitched a creditable six-hitter Monday night for Meads, but was tagged for doubles by Ronnie Oer and B. J. Hammond; and that hurt his chances of halting the onrushing Duncan kids.

Jerry Parker and Tom Henley laced out singles for the winners and turned in fine defensive performances for the Duncan Insurance crew, coached by George Wallace, Charlie Hammons and Homer Miller.

Leading stickers for the losing Meads Bread team were Kerry Roper, Larry Filippo, Robert Howard and Troy Edwards.

League officials stated this morning the race will definitely have to be settled by tonight as the Eastern and Western

League All-Stars are ticket for a game Thursday night.

Tonight's tilt and the Thursday night All-Star affair are booked for Western Little League Park.

EASTERN LEAGUE			
Team	W	L	Pct.
Duncan Ins.	11	4	.733
Meads Bread	11	4	.733

Sealtite	5	8	.385
Cabot	5	9	.357
Celanese	4	9	.308

GOLD HOSE ARE PEASED, 8-5

Late rallies spelled the difference in the Texas League night.

League-leading Victoria scored eight runs in the seventh eighth-innings to overcome Arillo's Gold Sox, 8-5, and Cor Christi counted five times in last of the ninth to deal San Antonio a heart-breaking def 5-4.

The Tulsa at Austin game postponed by rain.

EAGLES SIGN ENDS

PHILADELPHIA (UPI) — Tommy McDonald and Dick Bies a pair of offensive ends, to signed their 1959 contracts with the Philadelphia Eagles. Bies started his pro career as a fullback but was shifted to end in 1957, the same year McDonald joined the club after a brilliant career at Oklahoma.

WHEN HE RUNS BY YOU TAG 'EM — Borger clean-up batter Charles Bullard, right, was out by several yards in the fourth frame of Pampa's 2-1 District Pony League triumph as Pitcher Jerry Glover, who fired a one-hitter, and first-sacker Randy Matson, both await the runner at first. Glover holds the ball and tags the bag for the putout.

WATCHIT BIG BOY — Pampa's little Kenny Hebert, left, second-sacker for the Pony League All-Stars, hustles back into an attempted pickoff play in the third frame of last night's 2-1 Pampa district tournament victory. Stretching for the throw from the hill is Borger first baseman, Bill Coleman.

Pampa served as home team, after winning a pre-game coin flip to settle on the home club due to tournament regulations.

Ronnie Chase sliced a sharp single into right field on the second pitch of the game by Robinson in the bottom of the first for Pampa, but was cut down trying to pilfer second base.

Pampa put two runners on in the second as Randy Matson walked and Glover was hit by a curve ball that neglected to break, but both were left mumbering to themselves on the bases as Mike Steward and Paul Glick went down swinging. Kenneth Hebert beat out a slow infield roller with two out in the third for Pampa, but was also chopped down at second attempting to steal.

John Arthur led off Pampa's 4th by taking a fast ball in the back. A pair of passed balls moved him around the horn to third and Glover delivered a clutch single to deep shortstop to send the game's first run scampering home.

Arthur scored both Pampa runs. He walked in the 6th with one down, rambled down to second on another passed ball and raced all the way home on a throwing error by the Borger shortstop, who fired wildly on a hot grounder by Matson.

Then came the fatal 7th for Glover as Kreis singled with one away and later scored before the fire could be extinguished by a swinging strikeout by the opposing pitcher, Robinson, to end the game.

Old Archie Hurrys To Wife's Side

SAN DIEGO, Calif. (UPI) — Boxer Archie Moore sped to the bedside of his stricken wife today, interrupting training again for his return match with Yvon Durelle.

Mrs. Joan Moore underwent a four-hour operation Monday night for a mastoid infection. No details were available on her condition or the success of the operation.

But earlier, the hospital said she was in serious condition.

Dr. Kenneth Cales called Moore home from Montreal, telling him his wife's life "is at stake."

Cales has been treating Mrs. Moore for the past 10 days and had tentatively set surgery for Tuesday. But early Monday, she took a turn for the worse, and he ordered her to surgery immediately.

"This is the worst thing that could happen," Moore told friends here by telephone before he flew from Montreal. "This is terrible. I've got to do, right by my wife. It's no tough decision for me. I must be at my wife's side. If necessary, they'll have to set the fight back, there's no alternative but another postponement."

A decision on whether to set the rematch back is expected today. Manager Jack Kearns said he would talk to Archie before making any decision.

Mrs. Moore was admitted to the hospital early Monday morning. She was taken to surgery at 9:20 p.m. e.d.t. following a series of X-rays.

Moore, the patriarch of boxing and light-heavyweight champion, asked for a two-week delay in the rematch with the young French Canadian while training for the originally scheduled July 15 fight when he suffered a bruised heel.

IN BI-DISTRICT OPENER TOMORROW

Rebels Host Lubbock

Left-hander Kippy Williams (4-2) has been nominated by coaches Lloyd Summers and Bill Ridgway to draw the starting assignment against the Lubbock Red Cheks (Monterey) in the opening game of a best 2-of-3 bi-district series which will be launched here Wednesday night.

First pitch at Optimists Park is due at 8:15 p.m.

Should Pampa's District I American Legion champs cop the Wednesday night opener here, the Red Cheks will have an opportunity to square things in their home park at Lubbock the following night, Thursday.

A split by the two teams in the first contests would send Pampa's Rebels into a rubber-game at Lubbock Friday night.

Summers and Ridgway are hoping Williams can go the full 9-inning distance as he did in stopping Borger, 7-6, a week ago. That would leave unbeaten Mike Clark (4-0) to face the Red Cheks in Lubbock Thursday night with the Rebels having a good chance for a clean sweep of the bi-district series.

Monterey High hurling ace, Donald Bumpass, will likely open on the hill for the visitors here Wednesday night. He spun a neat four-hitter to beat Levelland 8-1, in the finals of a district tournament last Saturday night, after the Cheks had dropped a lop-sided 11-6 two-night game to Levelland Saturday night, in a double elimination tournament.

For the season Lubbock is 17-3, while Pampa is 10-4.

Aussies' Mexico Triumph Puts Them In Spot to Retake Cup

United States last December wrapped up a 4-1 triumph over Mexico in the first round of American Zone eliminations Monday on a pair of five-set singles by Rod Laver and Roy Emerson.

The red-haired Laver, surprise finalist at Wimbledon this year, supplied the clincher for the Aussies but had to come from behind to notch a 6-3, 6-8, 4-6, 7-5, 6-3 victory over Mexican champion Antonio Palafox.

That gave the Aussies an unbeatable 3-1 lead in the best-of-five series so Emerson, making his singles debut in cup play, was given the final singles assignment instead of southpaw ace Neale Fraser. Emerson made good by downing Mexican veteran Mario Llamas, 6-1, 6-2, 4-6, 4-6, 6-0.

"I said before that Mexico was our big obstacle," said Hopman, guiding genius of Aussie cup teams for many years. "Now that they have been eliminated, I believe we have a good chance to recover the Davis Cup."

The first round win qualified Australia to meet Canada in the second round. The Aussies must play their way through a series of eliminations to open the right to challenge the United States for the cup this fall.

Tut Rated Top 'Clay' Performer

RIVER FOREST, Ill. (UPI) — Bernard Barzen, 31-year-old three-time winner of the National Clay Courts Men's Singles championships, today was acknowledged the "greatest clay surface tennis player in the world."

The Dallas amateur, showing a classiness that even National Collegiate Athletic Assn. champ Whitney Reed couldn't match, Monday whipped Reed, 6-0, 8-6, 7-6, for the title.

Defending champion Barzen won permanent possession of the trophy. He first won the title in 1954.

Sally Moore, 19, a college sophomore from Bakerfield, Calif., won the women's singles finals by defeating Sandra Reynolds, beautiful South African champ, 6-2, 2-6, 6-3.

George E. Barnes, first vice president of the U.S. Lawn Tennis Assn., drew enthusiastic applause from spectators at the River Forest Tennis Club when he termed Barzen the "greatest" clay surface tennis player in awarding the trophy.

Barzen and Grant Golden of Evanston, Ill., won the men's doubles finals, defeating Bill Bond and Dennis Raistron, 12-10, 6-2, 6-4.

The women's doubles was won by Mrs. RYBOLD's and Rene Schurman, also of South Africa, in a 4-6, 6-0, 6-3, victory over Janet Hopps of Seattle and Jeanne Arth of St. Paul, Minn.

Ring Results

EAST PROVIDENCE, R.I. — Harold Gomes, 17½, Providence, outpointed Paul Jorgensen, 129, Port Arthur, Tex., (15).

NEW ORLEANS — Ralph Dupas, 17, New Orleans, outpointed Frankie Ryle, 138, New York (10).

ARMSTEAD MEETS MEXICAN — LOS ANGELES (UPI) — Paulie Armstead of Los Angeles, the California lightweight champion, has agreed to meet Raymundo (Bulling) Torres of Reynosa, Mexico, in a 10-round bout at the Olympic Auditorium Aug. 6. Torres, undefeated in 25 bouts, has scored 19 knockouts.

Mount Etna, on the eastern coast of Sicily, is the largest active volcano in Europe.

Gomes Climbs Off Canvas To Upset Texas' Jr. Champ

By JOHN M. LANGONE
United Press International

EAST PROVIDENCE, R.I. (UPI) — "I just had more eagerness than Jorgensen."

That was the way 25-year-old Harold Gomes of Providence explained his phenomenal victory over Paul Jorgensen of Port Arthur, Tex., Monday night in winning the world's junior lightweight championship.

Gomes, who was decked four times by the 24-year-old Jorgensen, was declared the winner by unanimous decision after a rough and tough brawl in which Jorgensen was cautioned repeatedly for throwing low blows.

"I'll meet him anywhere," said Gomes in his dressing room after the 15-round bout at Pierce Memorial Stadium. "And as far as those three knockdowns in the 11th round go, I think my head was pretty clear. As soon as I came back to my corner, I was ok."

Gomes, who forced the fight throughout, with good use of a right-left combination, had beaten Jorgensen previously at Miami, Fla. He termed the battle "the fight of all fights." He also gloated over his knockdown in the 11th round, saying that "I wanted to knock Jorgensen out."

Jorgensen said that he "never was tired but I ran out of gas in the 11th," the round in which he decked Gomes three times for eight counts.

He said he thought he "had Gomes in the 11th, but I guess he was much faster than me tonight." He said he'd "like to try Gomes in Texas."

The highly partisan crowd of 3,437 witnessed its first championship bout in Rhode Island since 1942. The fight marked the renewal of activity in the junior lightweight class.

Sinclair All Alone On Top

The Sinclair Oilers, greatest come-back club in the history of the Pampa Industrial 8511 ball league, are on top of the six-team heap all by their lonesome today.

A one-sided 15-4 conquest of basement-riding Panhandle Packing put the Oilers at 12-5 for the season and gave them a half game edge over defending champs, Frank Kempa Humble (13-3) and a full game advantage over Somerville 66 (10-5).

The Oilers, who were entrenched in the cellar with a bleak 1-4 record after the first three weeks of the current campaign have now won 11 of their last 12 games. The only loss in the string was a tight 2-1 extra-inning setback to Kempa Humble.

DuBERT Daniels gave up only four singles to post the Sinclair win over the Packers Monday night while his mates were tackling him with a 14-hit barrage of Turner, the loser.

Extra-base hits came cheap Monday night as Bill Hulsey homered and tripled, Dwain Darrow homered and doubled and Roy Poole homered and singled. Other top hitters for the winners were Paul Hulsey with a two-bagger and two singles, Dub Brown with a double and single and Doug Flynn with a double.

Dodgers Dreaming Visions of Money

By MILTON RICHMAN
United Press International

There's little question that World Series investing—the Dodgers would set an all-time record for players' share, eclipsing the current mark established during the 1954 World Series between the Giants and Indians in which a winning share came to \$11,147.90 and a losing share was worth \$6,712.50.

Matter of Revenge

Then there's a little matter of revenge, too. Last year, the Giants contributed most to the Dodgers' sorry seventh-place finish by "beating them" 18 out of 22 times. This year, though, things are a bit different.

The Dodgers scored their eighth victory in 25 games with the Giants so far when they defeated them, 3-2, Monday to climb within 13 games of the pace-setting San Francisco.

The Cardinals blanked the Cubs, 2-0, in the only other National League game scheduled. All teams in the American League were idle.

Charley Neal settled matters in the Dodgers-Giants game when he led off the ninth inning with his 12th homer of the season after southpaw Johnny Antonelli had retired 21 straight batters.

Drysdale Wins 12th

Don Drysdale yielded only one hit — the same number as tonelli — in posting his 12th victory against six losses. The Los Angeles right-hander struck out seven to increase his major league-leading total to 104.

Rookie Ernie Broglio pitched Louie in a fifth-place tie Chicago by shutting out the Cubs on nine hits. Broglio struck seven men and walked only one while registering his fourth win and the fourth in a row the upcoming Cardinals.

Glen Hobbie, who lost his edge game against 10 victories, held the Cards scoreless until the seventh inning when they tallied their runs on an error by Taylor and successive singles by Bill White, Ken Boyer and Cimoli.

HARTACK SCORES THREE

NEW YORK (UPI) — Whitney Hartack rode three winners finished in the money with the other mounts Monday at Mount Park. Hartack's high leg sprang by boosting War Big to victory in the feature race.

retired 21 straight batters.

Some Of Wild Enthusiasm That Greeted DeGaulle Vanishes

"European Today"
By ARTHUR HIGBEE
United Press International

PARIS (UPI) — In the little more than a year that Charles de Gaulle has ruled France, first as premier and then as president since last January, some of the wild enthusiasm that greeted his first public appearances has disappeared.

But there is in its place something perhaps more important, friendliness.

As president of the Fifth Republic, De Gaulle re-introduced an old-fashioned element, the periodic presidential tour of the provinces. It is in these travels that the friendliness is apparent and can be measured.

Since taking power De Gaulle has made four such trips, usually lasting three or four days. More are being planned.

A De Gaulle visit to a sizable provincial town always follows the same pattern.

A band from the nearest French army garrison strikes up with "Aux Champs" (to the battlefields) as the first cars of De Gaulle's motorcade trundle over the cobblestones into the crowded, choked town square with its cathedral and its city hall.

These first few cars are the advance guard, filled with newspapermen and functionaries. Then De Gaulle's black sedan, followed by the rest of the motorcade (French auto firms take turns providing the cars, which are always black), rolls up.

De Gaulle Always Punctual
Louis XIV once remarked "punctuality is the politeness of kings." De Gaulle has sometimes been compared to an uncrowned monarch. In any event he has always been a soldier trained to be on time, and he arrives at every town right on the dot.

The president greets the mayor who wears his red, white and blue sash of office around the waist of his business suit.

Then, de Gaulle turns and plunges into the crowd.

De Gaulle reaches out with both hands to shake the hands that reach out to meet him.

There are red-faced war veterans with medals on their lapels, smiling housewives, nuns, farmers, soldiers, laughing school children.

De Gaulle, with functionaries and reporters tagging along behind him, is then escorted into the city hall or the prefecture, filled with potted flowers for the occasion.

The proportion of new houses with only two bedrooms fell from 18 per cent last year to 7 per cent. These with three bedrooms rose from 72 per cent to 80 per cent and those with four from 10 per cent to 14 per cent.

There was little change in the number of stories. As last year, about six houses in seven are built on one level. About three in 10 had basements, also unchanged from 1958.

More Aluminum Windows
The proportion with garages held steady at 55 per cent, but those with carports dropped from 25 per cent in 1958 to 14 per cent this year.

Continuing into 1959 was the trend toward aluminum windows. In 1958, aluminum windows were found in 28 per cent of new houses. By 1959 it was 51 per cent. This year a compensating decline was reported for wooden windows.

Another building materials shift was a swing from wet wall to dry wall or plaster board construction. Eighty-two per cent of this year's houses were made with plaster board, compared to 75 per cent in 1958.

In the Southwest, wet wall construction is virtually a thing of the past, the survey reported. There, only 2 per cent of this year's houses were wet wall year's houses were wet wall, down from 4 per cent in 1958. On the other hand, wet wall construction was as high as 37 per cent in the Mid-Atlantic area.

Gives Brief Talk
There are gathered the 300 or so mayors of the department, most of them farmers and small businessmen, with windburned faces and horny hands, all of them wearing tricolor sashes.

De Gaulle gives a brief talk, complimenting the mayors on the beauty and productivity of their department and on their sense of civic responsibility.

Then after a private meal De Gaulle returns to city hall where he meets the town council and the community's "notabilities" — other civic and ecclesiastical officials, war heroes, business and farm leaders.

Then it is time for De Gaulle's main speech. It is short — seldom more than five minutes — and very similar to the speeches he has given before on the trip and will again.

Sing National Anthem
At the end of his speech he always asks the crowd to join him in singing the national anthem.

That ends the ceremonies for that town. De Gaulle drives on to the next, and the next — PERHAPS a dozen a day though in the smaller villages the ceremonies are much shorter and less elaborate.

Fur Flying In Clothing Collections
NEW YORK (UPI) — The fur is flying throughout the fall clothing collections.

There is so much fur used for trim and linings, and so many all fur coats, jackets, stoles and boleros that the industry expects a 20 to 25 per cent increase in sales from last year.

J. George Greenberg, secretary of the Fur Information and Fashion Council, told visiting fashion reporters this week that retail sales for fall and winter should reach \$15 million dollars. Of the total, 90 million dollars will go for fur trimming for sweaters, dresses, suits and coats.

Greenberg said 1959 sales might be the highest since the 1940's. The council, a promotion group representing all facets of the industry, was one of the participants in the week-long series of fashion shows sponsored by the New York dress institute's couture group.

Greenberg said mink leads all other furs for trimming.

Other favorites include: beaver, Persian lamb, silver and red fox, opossum, fitch, fisher, leopard, lynx and spotted cat (looks like leopard, but is of Argentine origin). Even that rat the hamster goes high style.

The council's fashion show, featuring young designers, used 25 furs in 12 coat styles, all to retail from \$245 to \$750. There were full length coats with an 80-inch sweep to the hemlines; coats with cuffs in white fox, which can be removed to form another fur piece — the "shrug" or shoulder covering; fitted coats with soft dressmaker touches; and great coats reminiscent of those wraparounds of the 1930's.

Need Not Embarrass That Loosen
Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Causes "taste odor breath." Get FASTEETH at drug counters everywhere.

More Bedrooms, Bathrooms In New Houses This Year

By EDWARD COWAN
United Press International

WASHINGTON (UPI) — A survey shows that new houses have more bedrooms and bathrooms this year.

The survey was made by the National Association of Home Builders, chief trade association for the homebuilding industry. It sent out questionnaires to 700 members and received replies from 550.

Those answering are expected to build about 60,000 homes this year.

In summarizing the replies, the NAHB said the builders were "optimistic about home building prospects for the year and that their optimism has been contagious."

From the home buyer's viewpoint, the most interesting facets of the survey dealt with house size and layout.

The association said the returns "suggest that a very moderate increase in floor area is taking place." The "typical" house this year had about 1,210 square feet, about 2 per cent more than in 1958.

Forty-three per cent of the builders said they were building bigger houses and 11 per cent reported reductions in size.

Regionally, the typical sizes varied from 1,150 square feet in the north central area to 1,300 square feet in the Far West.

More Baths In Homes
The data also showed "a decided trend toward more baths," the NAHB said, "with about two new houses in three having more than one bath."

For the nation as a whole, the per centage of new houses having only one bathroom dropped from 43 in 1953 to 37 in 1958. The dip reflected increases in the proportions having one and a half and two baths.

The proportion of new houses with only two bedrooms fell from 18 per cent last year to 7 per cent. These with three bedrooms rose from 72 per cent to 80 per cent and those with four from 10 per cent to 14 per cent.

There was little change in the number of stories. As last year, about six houses in seven are built on one level. About three in 10 had basements, also unchanged from 1958.

More Aluminum Windows
The proportion with garages held steady at 55 per cent, but those with carports dropped from 25 per cent in 1958 to 14 per cent this year.

Continuing into 1959 was the trend toward aluminum windows. In 1958, aluminum windows were found in 28 per cent of new houses. By 1959 it was 51 per cent. This year a compensating decline was reported for wooden windows.

Another building materials shift was a swing from wet wall to dry wall or plaster board construction. Eighty-two per cent of this year's houses were made with plaster board, compared to 75 per cent in 1958.

In the Southwest, wet wall construction is virtually a thing of the past, the survey reported. There, only 2 per cent of this year's houses were wet wall year's houses were wet wall, down from 4 per cent in 1958. On the other hand, wet wall construction was as high as 37 per cent in the Mid-Atlantic area.

MEATS

Fresh Ground Beef lb. 39c	Elberta Peaches 2 lbs. 29c
Center Cut Pork Chops lb. 59c	Red Potatoes 10 lb. bag 49c
U.S.D.A. Choice Chuck Roast lb. 55c	Red Velvet Sweet Potatoes ... 2 lbs. 25c
U.S.D.A. Choice Arm Roast lb. 59c	Fancy Tomatoes 1 qt. ctn. 10c

Fresh Fruits & Greens

1 1/2 cups small cans of sliced Carnation Evaporated Milk
1 egg
1 1/2 pounds ground chuck
1/2 cup fine cracker crumbs
1 1/2 teaspoons salt
1 hamburger bun

1 teaspoon pepper
1 teaspoon dry mustard
1/2 cup finely chopped onion
1/2 cup finely chopped green pepper
4 to 6 squares sliced process-type American cheese

Mix all ingredients except cheese and buns. Form meat mixture into 12 thin patties. Place a meat patty on each bun half. Cover bun completely with meat mixture. Place on broiler pan about 6 to 7 inches from heat. Broil about 5 to 7 minutes. Top each "burger" with sliced cheese. Broil until cheese bubbles (about 2 minutes longer). Serve at once.

WHEN IN PARIS—Kathi Patterson, 19-year-old Arizona girl, has made it big in Paris fashion modeling. She says Paris photographers love "crazy American girls." "So, I've become a crazy American girl," says Kathi.

AMERICAN TOURISTS TAKE RED SQUARE

By THOMAS J. FOLEY
United Press International
WASHINGTON (UPI)—Anyone for Moscow? It's the popular place to go this tourist season. In fact, the exodus is so large there soon may be as many Americans in Red Square as in Times Square.

A State Department estimate put the number of tourists going to the Soviet Union this year between 12,000 and 15,000. But an official admitted "We've been upping the estimate right along and it may go up again."

A Soviet Embassy spokesman said everybody is welcome. "We never turn anybody down," he said.

Just how accurate this statement was not readily ascertainable. However, there is no question that the embassy is handing out tourist visas right and left.

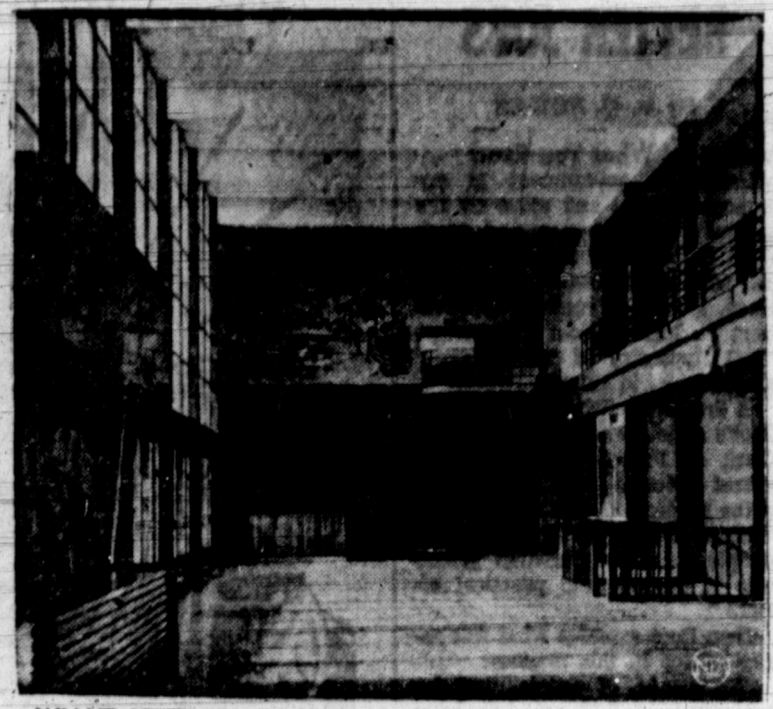

The big drawing card seems to be the American Exposition that opens July 23 in Moscow's Sokolniki Park.

the heavy demand for visas. All tourist trips are arranged through American travel agencies with the state-controlled Soviet travel bureau named In Tourist.

In Tourist has designed trips varying in length from five days to nearly a month. The package deals cover transportation inside Russia, as well as all meals, hotel bills, and sightseeing. Vodka and gifts are extra.

The cost varies from \$150 for the five-day jaunt that goes only to Moscow and Leningrad to \$300 for a 23-day trip that takes one to central Siberian cities as well as the better known cities in European Russia.

But if you're interested, don't forget to allow for flying to and from the Soviet Union. The New York-to-Moscow round trip costs \$788.90 economy style and \$1,208 deluxe.

WHAT IS IT?—Main lobby at a museum? Opera house? University building? No, none of these. It's the modernist central hall of a new railroad station at Barquisimeto, Venezuela. It's part of a new government-built-and-owned railroad.

Business Views

United Press International
Department of Commerce revised its figures upward and estimated that gross national product set a new high in the second quarter at a yearly rate of \$482 billion. This contrasted with a previous estimate two months ago of \$475 billion. Buildup of steel inventories in anticipation of a strike, and an extra spur in consumer buying, notably in automobiles, helped the rise.

Green fir lumber prices have been boosted \$3 a thousand board feet after recent \$7 decline. Columbia Records is planning a new 98-cent record which is a miniature version of the long-playing stereophonic record. Atlantic Refining announced a 20-cent-a-barrel cut in price it pays for East Texas crude oil. Union Electric of Missouri receives rate boost.

The steel strike today continued to bite into a wider area of industry with layoffs spreading at a time when the Department of Commerce revised upward the record figures on first half results in industry generally.

Layoffs spread in railroad, mining, shipping, trucking and other lines as a result of the steel expert's estimate that some types of steel would be in short supply if the strike continues more than a month. Efforts resumed toward settlement with federal mediators resuming September meetings with steel union and industry teams.

German Girl Writing Book On America
WOMAN TO WOMAN
By MARY PRIME
United Press International
NEW YORK (UPI)—A teen-aged German girl has taken on a man-sized job—building better relations between the United States and Europe.

Britta Hutmehmann, 18, of Bonn, is just completed a three-month tour of the United States. On her voyage home, she will begin writing a book about the "Real Americans."

"American tourists don't give the right impression aboard," she said in an interview. "Whenever we think of America, we think of man with a lot of money. We think money means nothing to you. Movies give the wrong impression, too. You send over movies like 'Peyton Place' and say they show how Americans really live. I was shocked at the movie, and I was a lot of other people. But when I came here, I found it isn't true at all."

I am going to write the book to try to correct these impressions."

Planned To Study Medicine
Miss Hutmehmann is a pretty, 17-year-old girl with brown hair and blue eyes. She speaks perfect English. Her father is with the Federal Ministry of Defense in West Germany.

She had planned to study medicine until her trip, which was sponsored by a national magazine. Miss Hutmehmann aims to be a journalist and hopes to obtain a scholarship to Northwestern University after completing her last year of high school and one semester in a German university.

She was invited to tour this country after an article which she wrote was published in the magazine.

Her trip included visits to Washington, D. C.; New York; Laurel; Oklahoma City; Denver; Roanoke, Va.; Chicago; Milwaukee, and St. Mary-of-the-Woods, Ind.

She rode a horse and branded a calf, toured a brewery, locomotive factory, tobacco farm and apple orchard, received the keys to New Orleans, visited American Indian students, went to a Broadway show, and spent weekends with American families.

Had Blind Dates
Wherever she went, Miss Hutmehmann met teen-agers, visit their homes, and went on blind dates—movies, parties and dances.

Her opinion of American boys? She blushed. "That's a dangerous question," she laughed.

"I tell American girls they would appreciate having them. German boys think more of studying, but here, boys care about having money. They are so independent so early because they have their own cars and their own money."

"American boys are more easy-going, more natural, not so hard to have fun with, and more polite than German boys," she said.

What will she miss most when she leaves?
"The American atmosphere, the smiles of the American people, and the crew cuts!" she said.

Mid-Summer Prospects Bright For Texas Crops

COLLEGE STATION (UPI)—With adequate moisture reported in most every section of the state, mid-summer prospects for Texas crops remain very bright as harvest begins its move northward out of the southern tip of the state, the Texas Agricultural Extension Service reported today.

The turbulent weather put moisture back in the soil about as fast as rapidly growing and maturing crops sapped it out, said director John E. Hutcheson of the Extension Service. District agents report, generally, the most favorable moisture conditions for this time of the year in a long, long time.

However, continuing thunderstorms and hail has the South Plains and parts of the Panhandle cotton crop behind schedule, due to necessity of replanting, especially in the Lubbock, Crosby and Hale counties area. Although crops and ranges are still growing, a good general shower would help plants in the northeast, and southern parts of the state.

Cotton Harvest Going
Ranges are reported in ideal condition with bumper crops of hay being baled. Showers have de-

layed work in some sections and some hay is rain damaged in the Gulf Coast area. Dairymen in that area are getting ready to cut and store ensilage.

Cotton harvest is well underway in the Lower Rio Grande Valley where the crop is maturing fast. Grain sorghum harvest is well into South Central Texas with favorable yields. Peanuts in that area and in the Stephenville section of Central Texas show prospects of a good crop.

Insects vary from light to moderately heavy in cotton. Most every section of the state has some. However, many farmers are spraying and dusting to control them.

Stockwater Ok
Livestock is in equally good condition as the ranges they graze. Goat shearing has begun in the Junction area and some Edwards Plateau Janos are moving to market. Most punda and tanks in the Edwards Plateau, South and Rolling Plains now have a good supply of stockwater after months of being low or dry. Watermelons marketing extends from South Central to Northeast

Cadillac

Hoped for the Best... and Got It!

Just a short time ago, he walked into his dealer's showroom—with his heart and his hopes high—to see if the time had come for his first Cadillac.

Well—his fondest hopes were realized—and here he is today with the car of his dreams.

What were the facts about Cadillac that made this happy and memorable moment possible?

First of all, the cost of a new Cadillac is remarkably modest—so much so, in fact, that many models are priced competitively with other cars of American manufacture.

And because Cadillac's initial price includes so many basic features that cost extra with other makes—Cadillac is actually the price rival of cars of far less stature.

There is also Cadillac's extraordinary economy of ownership. The car is amazingly frugal with gasoline and truly marvelous in its dependability.

And then there is the way a Cadillac protects its owner's investment. For such is the demand for Cadillac that the car returns an exceptionally high percentage of its original cost at the time of resale.

Those are the facts—and the conclusion, we feel, is obvious: if you are considering any motor car—even in the medium price field—you owe yourself a visit to your Cadillac dealer's showroom before you make your decision.

He'll be waiting for you—with the most surprising economy story of the year!

Interest For G.I.'s

Home loans to veterans have been big business ever since the government got into the act. But on June 30th of this year the president signed a new measure which increases the amount of interest to be asked in all such cases. The boost pushes the rate from 4 1/2 percent up to 5 1/2 percent. And it is confidently expected that with this new figure to shoot at there will be more money lenders willing to advance the necessary sums to house the returning and discharged G.I.'s.

BETTER JOBS

By R. O. HOLLES

Voting By What You Read Since the government is encroaching more and more on the natural rights of men and there seem to be fewer and fewer people who realize what is taking place, I want to continue to quote from E. Merrill Root's article on "The Hypocrisy of Liberalism" as published in Human Events.

Fair Enough

WASHINGTON — U.S. efforts to put a man into space will be delayed a year unless the Senate restores budget cuts made by the House.

Y'Know, He Might Just Get It!

By WHITNEY BOLTON

NEW YORK — A few days hence, if spared by Providence to see the day, this reporter of a grab-bag of themes of, about, in and around New York will come within shooting distance of what my old friend George Solotareff calls "50th Street." Since 1949, when I undertook this job, I have made it perfectly clear that I've been totting off the 50's and if anybody saved these disclosures from the beginning, which is most unlikely, he'd know that I was 49 in 1949 and will be 59 in 1959 and there is nothing I or anyone else can do about it.

Looking Sideways

By WHITNEY BOLTON

MUNICH — I wish we had become a potential millionaire overnight by simply knocking another man dizzy with his fists. European boxers make a pretty good living, but they don't get rich. There are no millionaires among them.

Hankering

By HENRY MCLEMORE

Old World Takes New Interest In Boxing I was standing in a cold, drizzling rain near the Rathaus yesterday, waiting for a taxi, when German stopped his car and graciously asked if he could drive me to a cab stand.

Morality And You

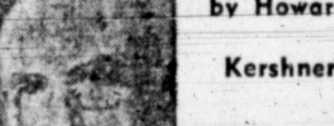

Those who believe that there is no such thing as moral law try to prove their point by declaring that nature is unconcerned about moral results. Indeed, superficially, it would appear that nature is a battleground of conflict in which all life subsists by immoral actions.

'Man In Space' Faces Year's Delay

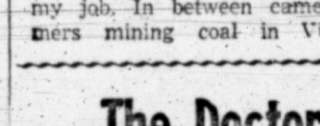

WASHINGTON — U.S. efforts to put a man into space will be delayed a year unless the Senate restores budget cuts made by the House.

It's Up To You

WASHINGTON — U.S. efforts to put a man into space will be delayed a year unless the Senate restores budget cuts made by the House.

The Doctor Says:

WASHINGTON — U.S. efforts to put a man into space will be delayed a year unless the Senate restores budget cuts made by the House.

The Nation's Pres

WASHINGTON — U.S. efforts to put a man into space will be delayed a year unless the Senate restores budget cuts made by the House.

The Pampa Daily News

YOUR FREEDOM NEWSPAPER We believe that freedom is a gift from God and not a political grant from government. Freedom is not license. It must be consistent with the truths expressed in such great moral guides as the Golden Rule, The Ten Commandments and the Declaration of Independence.

The Almanac

Today is Tuesday, July 21, the 202nd day of the year, with 183 more days to follow in 1959.

The moon is approaching its last quarter.

The evening stars are Jupiter, Saturn, Venus and Mars.

On this date in history:
In 861, the first major military engagement of the Civil War took place at Bull Run Creek, Virginia.

In 1873, Jesse James held up the Rock Island Express in the world's first train robbery at Adair, Iowa.

In 1925, John Scopes, a high school biology teacher, was found guilty of teaching the theory of evolution at Dayton, Tennessee. The state was assisted in its charges by William Jennings Bryan and Scopes was defended by attorney Clarence Darrow.

In 1944, Franklin D. Roosevelt was the Democratic presidential nomination for the fourth time.

In 1945, an unconditional surrender ultimatum was issued to Japan by the Allied powers meeting at the Potsdam conference.

Thought for today: Poet William Rose Benet said, "Jesse James was a two-gun man."

HE'S NOT PLUGGING A DIKE—Harry French's position, left, may be reminiscent of the little Dutch boy who saved the village by plugging the dike, but Harry isn't serving his community of Dayton, Ohio. The 11-year-old stuck his arm in a drain pipe while hunting a chipmunk family. He couldn't get it unstuck, so firemen hammered away at the wall, right, while Harry wears a helmet to avoid dust and flying chips.

Walter Rogers Reports

US Has 'Dominant Servitude Over States' Water Courses

The problem of water rights has long plagued mankind and apparently will continue to do so. The issue: "Who has control over the water in this country, the federal government or the state governments?"

Attempts will be made to resolve this question during this session of Congress. It is another prime example of the federal government, by various means and methods, undertaking to override state laws and to assume full control of the water in all of the states insofar as the federal government wants to use or employ it. In other words, the federal government takes the position that all of the citizens of this country as between each other and the states in which they live, are subject to the provision of state water laws. But the federal government is wholly and completely exempt from compliance with a state law, rule, or regulation governing the search for water, the production thereof and the use of which it is to be put.

The problem has been developing over a period of several years but it is only in recent years that the Supreme Court has gone far afield in subjecting the water and water courses to a "dominant servitude" invested in the federal government. In 1926 the court held that the navigability of a stream for purposes of federal control does not depend solely upon natural and ordinary conditions of a river, such as volume of water, regularity of flow, etc., but the availability of the river for navigation if reasonable improvements are made, regardless of whether or not such improvements are constructed or utilized.

If a substantial part of a stream can be made navigable, by construction of improvements to make it navigable, it is to be considered navigable in the first instance and subject to the control of the federal government, even though work is ever done thereon. In 1935 the court held that even though certain federal laws subject waters on and under public lands of the federal government to state water laws, the United States government could simply withdraw the lands from the public land category, call them "reserve lands," and thereby be fully and completely exempt from any state laws concerning the waters or any rights acquired by individuals from the states.

It was later held in another case that a military installation of the federal government was not required to comply in any respect with the water laws in the state in which the installation was located. There are many other cases that could be cited on this subject but I hope that these will point up the great danger that lies

in this trend. Since the scarcity of the water in the western states places the people in those states in a position of complete dependence upon the ability to obtain water, the control of water is an all-powerful weapon. People of these states could be completely overwhelmed and dominated by the federal government. If such powers fall into the hands of unscrupulous public officials, as they easily could, it would take many, many years to recover from the damage which could be done.

Although there were no federal public lands in Texas originally, the federal government has acquired much property in recent years and can acquire such additional amount as it desires simply by condemnation procedures. Hence, every state of the Union is a potential victim of possible complete servitude to the federal government.

This information is gathered together for the purpose of showing the trends toward centralization of the government in all facets of the economy. Unless these trends can be successfully checked, it will be only a short time before state governments will be governments in name only and wholly without power. The peoples living in the less densely populated areas of this country will be subject to the rule and the control of the thickly populated metropolitan sections of this country. This will not meet with the approval of the people in the 18th Congressional District of Texas or any other group of independent thinking free Americans.

Adjustment

Everyone seems to be making a guess about adjournment of the Congress. Frankly, I feel that much would have been accom-

JUDGE GETS MELON

SPARTANBURG, S.C. (UPI)—Four hundred and 64 persons were fined a dollar apiece Monday for operating businesses in Spartanburg County in violation of the Sunday "blue law." One of the defendants didn't have any money, so he gave the judge a watermelon instead.

GERMAN REDS AT SUMMIT

GENEVA (UPI)—Secretary of State Christian A. Herter made it to the summit Monday only to discover the East Germans were there already. Herter and some of his aides took a cable car to the top of the 1,500-foot high Mt. Aiguille-du-Midi, and were met by East German Foreign Minister Lothar Bolz who got there two hours ahead of them.

U.S. mushroom yields have increased from about one pound to two pounds per square foot of bed space in the last 25 years.

plished had we adjourned by July 15. This was not possible because of the controversy surrounding the "labor reform bill." It appears that this bill has now been agreed upon by the House Committee and will be before the Congress within the next several days. This will be a hotly contested matter and may hold Congress up for as long as two additional weeks. Added to this is the time that will be required if a civil rights bill is debated. This could hold the Congress in session until Sept. 15; however, most of the guessers think that we will be out by Labor Day, and I certainly hope so.

"Peanut" Hearing Aid Worn Entirely In The Ear

A tiny hearing aid that fits entirely in the ear complete with volume control has just been introduced. It is especially good for those who do not want to wear a hearing aid all the time. When in groups, in church or in theaters, just slip it into your ear and you hear. When not needed, carry it in your watch pocket. For further information about the amazing peanut hearing aid come to the Monthly Hearing Aid Service at the Hotel Adams, Pampa on Wednesday July 22, from 11 a.m. to 5 p.m.

Hospitality on the Highway...

In the service he gives, as in the products he sells, your Phillips 66 Dealer believes "It's performance that counts!"

Wherever you travel by car this summer, you'll find friendliness and helpfulness at stations which display the Phillips 66 Shield.

You'll find that Phillips 66 Dealers will take an interest in your car. They'll check the oil level, battery and radiator. They'll be glad to test your tires, and even brush out inside your car. Their thorough way of doing things, whether it's a windshield clean-up or a chassis lubrication, will make your trip more pleasant.

Most of all, you'll like the performance of those great motor fuels, Phillips 66 Gasoline and Phillips 66 Flite-Fuel. We think you'll agree that Phillips 66 service and products are in a class by themselves.

It's a Pleasure to Please You!

39th ANNIVERSARY SALE
CONTINUES THIS WEEK!

NEW ARRIVALS DAILY

LADIES NYLON HOSE

● Lovely Full Fashion
● Nationally Famous Manufacturer
● Sheer 60 Gauge **39c**

MEN'S DRESS STRAWS

● New Shipment Just Arrived
● All Sizes, Shapes, Colors
● Regular \$1.98 Values **99c**

DRAW DRAPERIES

● Pleated Ready to Hang
● Fine First Quality
● Full Width, 81" long, pair **\$1.89**

LARGE SIZE TOWELS

● Imperfects of Better Towels
● Choice of Colors and Patterns
● Stock up Now **29c**

SUMMER FABRICS

● Not-a-Care Prints
● Wash 'N' Wear, Drip Dries
● Crease Resistant Fabrics **29c**

MEN'S WORK SOX

● White Only
● Fine Quality Cotton Knit
● Stock up at this low price **12c**

MEN'S SPORT SHIRTS

● Short Sleeves
● Cuffed Sleeve, Double Yoke
● Duzens of Patterns to Choose from **79c**

Chenille Bedspreads

● Wavy Line Chenille
● Decorator Colors
● Full Double Bed Size **\$2.69**

Curled Feather Pillows

● Featherproof ACA-Tick
● Soft and Comfortable
● Retains its Plump Shape **79c**
