Free To Rig Quiz Shows

Handcuffed By Legalities

WASHINGTON (UPI)—John C. Doerfer, chief of the Federal Communications Commission, said Saturday that legal handcuffs keep his agency from cracking down on "deception" in television quiz programs.

Lunik Headed Back With Info

MOSCOW (UPI)—The Soviet Lunik III moon rocket headed back toward the earth Saturday night after reaching the far end of its orbit almost 292,000 miles from earth, Moscow Radio said.

The announcement that the rocket had started its return trip from the hidden side of the moon was attributed to Soviet scientist Ari Sternfeld.

Sternfeld said that when the 631-pound satellite reached its apogee—the farthest point from the earth—it was travelling at a speed of only about 868 miles an hour, comparable to that of a jet aircraft.

He made the statement regarding testimony before congressional investigators that several of the programs have been fixed.

Doerfer told a House investigating subcommittee that the FCC does not have legal authority to solve the problem of rigging. He said new rules are needed to cover this, but no plans for such legislation have been worked out.

After Doerfer testified, Rep. John E. Moss (D.-Calif.) told newsmen the FCC had been derelict in its study, and that Doerfer's attitude was "shocking...a reluctance to regulate, where regulation is required."

Moss said Congress has provided the FCC with clear authority to license "the use of the airways." Doerfer's testimony came after three days of hearing before witnesses who said they took part in the fixing of television quizzes. Some said they went along with the fixing.

A Worker Call For Kick-Off Of UF Drive

Scores of workers will meet here Tuesday morning for the kick-off meeting of the \$83,000 Pampa-Lefors 1959 United Fund campaign. A call to workers was issued Saturday by Floyd Watson, campaign chairman, to all section chairmen, team captains and volunteer workers to meet at 7 a. m. in the Robert E. Lee Junior High School cafeteria.

Funds from the drive will be allocated to the seven-member agencies in the Pampa-Lefors area. United Fund President Hugh Burdette will preside at the breakfast and Melvin T. Munn, publicity chairman, will deliver the principal address.

Theme of the morning meeting will be "Go All the Way—Give One Day's Pay." The drive will be the seventh annual United Fund campaign in Pampa.

The advance gifts division, headed by E. Roy Smith, reported last week \$19,255 in donations and pledges, with only 50 per cent of potential contributors contacted.

B&PW Club To Hear Social Security Talks

Dan Jollie, Social Security Administration field representative for the Pampa area, will present a social security program Tuesday under the sponsorship of the Business and Professional Women's Club here.

Trigger-Happy Bellhop

Killer Captured By Construction Crew

JERSEYVILLE, Ill. (UPI)—A posse through southern Illinois woodlands Friday, police said, captured Saturday by a construction gang he had threatened to massacre. Police said he then confessed to two "mad dog" murders.

T-H Cogs Grinding To End Long Tieup

WASHINGTON (UPI)—The special fact-finding board set up by President Eisenhower to end the steel strike Saturday called key disputants from both sides to a hearing here Monday.

The three-man board was named by the President under Taft-Hartley Act procedures as the first step in a series of government moves to bring the 88-day-old strike to an end with a federal court injunction.

The board, headed by George W. Taylor, a University of Pennsylvania professor, will hold a preliminary meeting Sunday, then begin taking testimony from union and industry representatives Monday at 1 p. m. est.

Invitations to testify were dispatched by telegram Saturday to United Steelworkers Union President David J. McDonald and 75 steel companies involved in the strike which the President declared Friday has reached the proportions of a national emergency.

The other two members of the fact-finding panel are Paul N. Lehoczy, an Ohio State University professor, and John N. Perkins, president of Delaware University. All three are veteran labor arbitrators. Taylor was chairman of the War Labor Board during World War II.

A Labor Department spokesman voiced belief hearings will go on for several days. The 12 major steel producers are represented by a bargaining team. Only a few of the 66 smaller firms were expected to send representatives.

The board is to report its findings to the President by Friday, Oct. 16 but could do so sooner. It reports a national emergency exists, the government will then seek the injunction which would force the 500,000 steelworkers to return to work.

CofC Officer Installation

New officers and directors of the Pampa Chamber of Commerce and Board of City Development will be installed Monday night at 7:30 with a dinner in St. Vincent de Paul's School cafeteria.

George R. Jordan, manager of the Brownwood Chamber of Commerce, will be in charge of the installation. Warren Hasse, president, will preside. The invocation will be given by the Rev. Ronald Ramson, C.M., St. Vincent de Paul's Church.

Dinner music will be provided by Mrs. Maxine Milliron, organist, with special entertainment to be provided by the Guthrie Sisters.

Crowds Throng To Lanza Rites

ROME (UPI)—Tempestuous tenor Mario Lanza received his final tributes Saturday in a horse-drawn funeral procession that brought 5,000 persons to watch on the street and 3,000 mourners to his requiem services.

Macmillan Intent On Early Summit Talks

Believes He Has Mandate

MACMILLAN
...confident

LONDON (UPI)—Prime Minister Harold Macmillan, bolstered by powerful majority in the forthcoming parliament, Saturday made plans to reshuffle his cabinet and go all out for a summit conference next month.

As Macmillan conferred on the summit program with Foreign Secretary Selwyn Lloyd at No. 10 Downing Street, the opposition Labor Party began its "agonizing reappraisal" of why it lost so badly in Thursday's general election.

Political experts said the party was running the risk of an open split between the moderate faction headed by party leader Hugh Gaitskell and the militant leftwing faction represented by Aneurin Bevan, as the result of Labor's third straight failure to win control of commons and form a government. This will be its ninth year out of office.

The handwriting also was on the wall for some of the lesser-known members of Macmillan's cabinet.

Sources said Macmillan now would concentrate on arranging an East-West Summit Conference, if possible in November.

Sources said there would be an early round of consultations with American and French officials, then possibly a Western summit meeting in Washington to prepare for one later with Nikita S. Khrushchev.

Between a Washington meeting and one with the Soviet Premier, Macmillan envisages another Foreign Ministers conference to set up an agenda for the summit talks, the sources said.

The sources said Macmillan believes the summit meeting should be held as soon as possible, before the momentum generated by Khrushchev's recent American tour has faded.

Texas Tideland Battle To Court

AUSTIN (UPI)—Texas carries its tideland battle to the U.S. Supreme Court Monday, determined to keep land rights won at the Battle of San Jacinto.

The suit involves a strip of land seven miles wide around the Gulf of Mexico covering some seven million acres.

The three-day battle before the high court will be the largest land suit in U. S. history.

Pleading Texas' case will be Gov. Price Daniel, who fought Texas' first tideland battle in 1950, while he was attorney general, Will Wilson, present attorney general, former state Supreme Court Justice James P. Hart, and Austin attorney J. Chrys Dougherty.

Wilson said Texas stands to lose at least 30 million dollars in income if the case is lost.

"Texas is no novice at defending her boundaries," Wilson said. "Practically every attorney general for the past 100 years has been fighting off invasions of Texas territory."

"From the battle of San Jacinto right to the present day the federal government has tried to take bites out of Texas," he added. "They may bite this one but they are going to lose a few teeth."

Along with the state legal crew, Texas also has employed international law authorities Louis B. Sohn of Harvard, Stefan A. Riesenfeld of the University of California, C. John Colombos of London, England and Santiago Onate of Mexico City.

Motel Cabin A Fire Death Trap

TISHOMINGO, Okla. (UPI)—A motel cabin, heated to some 120 degrees by a gas heater became a torrid death chamber here Friday for three itinerant tree surgeons who suffocated.

The bodies of the three men were found by the motel owner, R. L. Hudgins.

The victims were Roy Studer, 27, Wichita Falls, George Clifford Branch, about 28, Little Rock, and Odie Reynolds, 32, also of Little Rock.

Ike Decision On Steel Hit

CHARLESTON, W. Va. (UPI)—Sen. John F. Kennedy (D-Mass.) said Saturday leadership would be a big factor in the 1960 presidential campaign.

The senator said these problems included education, depressed areas, agriculture, China and other facets of our national economy.

Kennedy also denied he said recently in private conversation he would be receptive to running for the vice presidency on a ticket with Adlai Stevenson.

The senator said the injunction provision of the Taft-Hartley law is "entirely unsatisfactory" as it now stands. President Eisenhower used it Friday in the steel strike, sending the workers back to their jobs for 80 days.

Ike, Lopez Mateos Discuss Pan American Economics

THURMONT, Md. (UPI)—President Eisenhower and President Adolfo Lopez Mateos of Mexico held friendly informal talks at Camp David Saturday on pressing economic problems involving both countries.

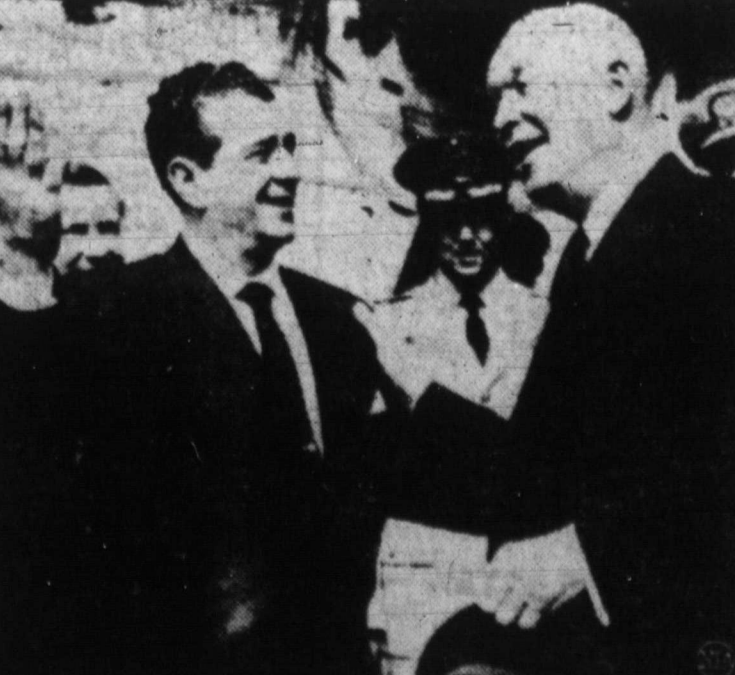

At a two-hour mopping meeting following their arrival by helicopter from Washington, Eisenhower and Lopez Mateos had a "general discussion" on four major topics.

White House Press Secretary James C. Hagerty and Justo Sierra, special assistant to Lopez Mateos, listed the topics as cotton, lead and zinc, coffee and shrimp.

They said Eisenhower also gave Lopez Mateos a personal report on the recent U. S. visit of Khrushchev.

After lunch, the two presidents scheduled a helicopter flight to Eisenhower's farm at Gettysburg, Pa., about 20 miles away. Hagerty said it was likely that Eisenhower would show his guest his prized Black Angus cattle and would introduce Lopez Mateos to the four Eisenhower grandchildren who live with their parents at a cottage on the farm.

The private talks this morning centered on these points: Cotton—Mexico and the United States both have a surplus of cotton. Mexico wants the United States to avoid dumping cotton on

STATE VISIT—President Eisenhower, joking rested after his California vacation, greets Mexican President Adolfo Lopez Mateos as he arrives in Washington. The Mexican President was given the full military honors extended to a state visitor.

U.S. Holds To Summit Meet In December

WASHINGTON (UPI)—High American officials said Saturday the odds now are that the Big Four-summit conference will take place in Geneva sometime during the first 10 days of December. But nothing is definite yet.

Within the next few days the State Department is expected to ask Britain, France and other interested Allies to submit specific suggestions on time and place for the meeting, along with ideas on the procedure for arranging it.

The United States already has given its Western Allies a complete fill-in on President Eisenhower's Camp David talks with Soviet Premier Nikita Khrushchev and has told them the President's objections to a top-deck meeting have been removed.

Both White House and State Department sources pin a point early December as the most likely time, although a few well-placed officials think it might come as early as the last week in November.

And they point out that neutral Geneva, with all its conference facilities, is the logical place.

Officials said that if the conference is not held before Dec. 13, it probably would have to be postponed until March or later. After mid-December, the President will be fully occupied on preparations of the new Federal budget and his State of the Union address to Congress early in January. He could hardly leave in the early days of the new session.

Mercury Drop For Panhandle

Another cold front headed toward Texas today and it was expected to drop temperatures 10-15 degrees.

It was due in the Panhandle during the afternoon and in North Central Texas late tonight or Sunday. It probably will not cause any rain.

"It won't make any radical change in the weather," a forecaster said. "It's like the front that preceded it a few days ago—nothing like a blue norther."

It was fair over the state except for considerable fog over East Texas and patches of low clouds over Central Texas and the eastern portion of West Texas.

If it comes from a hardware store we have it. Lewis Hardware. Adv.

DR. GLADYS M. GLENN

Piano Teachers Meet Tuesday

Dr. Gladys M. Glenn, president of the Musical Arts Conservatory and the Music Teacher's Association in Amarillo, will be guest commentator for the October meeting of the Pampa Piano Teachers' Association Tuesday at 10 a.m. in the club rooms of city hall.

The program will be "Introducing the Sonata Form—Sonatinas, Sonatas and Concertos."

Association members are asked to bring a list of questions about the various musical forms to be studied at the meeting. Dr. Glenn will conduct an open forum following her lecture.

Dr. Glenn has a doctorate in music and was formerly a pupil of Fannie Bloomfield Ziesler in Chicago and Edwin Hughes in New York. She is dean of the Dunning System of Improved Music Study and has conducted its seminars in New York, Chicago, Portland and Los Angeles.

Luncheon will follow at noon and all members are asked to turn in their reservations by 10 a.m. Monday to Mrs. Paul Reimer, MO 4-6212.

Handcuffed

(Continued From page 1)
lingly, seeing nothing wrong with such practices.

The hearings are to be resumed on Monday.

A touch of mystery was added to the proceedings by the continued absence of scholarly Charles Van Doren, who piled up \$129,000 in winnings on the old "21" show and later landed a \$50,000 a year job on NBC's early-morning "Today" program.

The subcommittee invited Van Doren to appear and fill gaps in testimony which indicated that some "21" contestants were given answers in advance and coached on how to behave in the isolation booth.

Van Doren has not appeared, nor has he made public his intentions regarding the subcommittee request. Some subcommittee members feel he should be subpoenaed.

Subcommittee Chairman Orin Harris (D-Ark.) said today he feels Van Doren should be required to testify, in view of the fact that he denied before a grand jury that he knew of any wrongdoing on "21."

Doerfer said the commission is studying the situation, and that any new rules or legislation dealing with questionable programs should be adopted only after the study is complete.

As Saturday's session opened Harris said the whole point of the investigation is to determine the "adequacy" of existing law to deal with fraudulent practices.

Doerfer pointed out that the FCC licenses individual status but does not exercise licensing control over networks. He said the Commission monitors individual programs only when complaints are made, and not just for the sake of monitoring.

In New York, meanwhile, the foreman of the grand jury which opened the TV probe, said testimony still to come before the subcommittee will be more sensational than that already heard.

Louis M. Hacker, who headed the New York investigation for eight months, also accused the subcommittee of making a "Roman Holiday" out of the hearings. "I don't see what good is done by getting these silly people on the stand to confess their sins," he said.

United Fund

(Continued from Page 1)
The advance solicitation began Sept. 28. Goal of this division is \$32,000. Advance gift workers hope to have \$25,000 pledged by the kick-off breakfast.

Burdette pointed out Saturday that the United Fund serves every level of the community's economy through family services, disaster relief and character-building agencies.

The campaign deadline is Oct. 27 and Chairman Watson said that workers will receive supplies and final instructions at the Tuesday meeting.

Starting Tuesday, team workers will report regularly to team captains at coffee sessions scheduled Oct. 16, 20 and 23. The final report session, Oct. 27, will be a victory celebration, the time and place to be announced.

At the kick-off breakfast, Dr. Douglas Carver, pastor of the First Baptist Church, will offer the invocation and Burdette will introduce division chairmen and officers and directors of the United Fund.

Teaching Film

A film concerning deaf children and methods of teaching them will be shown at a meeting of the Exceptional Children Parent Association Tuesday evening at 7:30 in the Lovett Memorial Library.

Mrs. Bertie Defton who is teaching the special education group at Sam Houston School will be a guest. After the film there will be a business meeting.

JUST PLAIN MULISH—Rosebud XIV, two-week-old official mascot of the Las Vegas, Nev., Jaycees Community Fair, seems to be turning a cold shoulder to the attention of two lovely admirers. They're fair queen candidates Mary Strasser and Kinah Klissam. With them is cowpoke Tex Gates.

Healthy Solon Wants All To Stress Fitness

By STEVE GERSTELL
United Press International
WASHINGTON (UPI)—Sen. Strom Thurmond, somewhat of a fanatic on physical conditioning himself, would like to impart some of his robust health to the rest of the country.

The South Carolina Democrat likes the fact that the United States is a nation on wheels. Only he would prefer to see more two-wheel bikes and fewer four-wheel cars.

"I might introduce a bill in the next session," Thurmond said, "to recommend that states establish bicycle paths next to the highways to encourage exercise."

"It shouldn't cost much," he added in an interview, "and even if it did, it would be worth it."

The 56-year-old senator likes to bike himself but at present considers it a hazardous undertaking.

"People get killed now riding the highways," he said.

Riding a bike is only one form of exercise for Thurmond, who goes all out to keep in shape and looks it.

For instance, the senator walks to work every day, a distance of three miles.

"Recently," he said, "I decided to see how far I could jog. I wound up jogging the whole distance."

Then there's a 60-pound barbell lying on the floor of the senator's office.

"I swing it up a couple of times each day," he said. There also are some smaller bells around.

In addition, Thurmond plays tennis, although he has trouble finding opponents his age, and goes horse-back riding.

Apparently just as important are the things the senator does not do. He does not drink either liquor, soft drinks or coffee and he does not smoke.

Thurmond also eats what is considered the right foods and tries to get the approved eight hours of sleep each night.

Simonton Rites Planned Monday

Funeral services for Mrs. Seba Bell Simonton, 69, will be held at 2 p.m. Monday in the Duenkel-Carmichael Funeral Chapel with Rev. Carroll B. Ray, pastor of the Perryton First Baptist Church, officiating.

Mrs. Simonton died at 8:30 a.m. Friday in Parkland Hospital, Dallas, where she had been a patient since July 31.

Mrs. Simonton was born April 1, 1890 in Franklin, Ga., and came to Pampa in January, 1940 from Collingsworth County. During residence here, she lived at 614 N. Carr. In May 1958, Mrs. Simonton moved to Irving to make her home with a son.

She was the widow of C. C. Simonton, who preceded her in death on Oct. 8, 1954. They owned and operated Mom and Pop Grocery Store here for many years.

Survivors are two sons, C. N. of Irving, E. A. of Pampa; one sister, Mrs. E. H. Callahan of Lafayette, Ala.; one brother, R. L. McWaters of Newman, Ga.; three grandchildren and three great-grandchildren.

Interment will be in Memory Gardens with pallbearers R. L. Ratliff, Elmer Prescott, A. C. Howard, Carl Wright, C. W. Morris and Bill Robertson.

Resuscitation Course Given

Eight Gray County 4-H girls were trained to give artificial respiration demonstrations to their clubs at a meeting Saturday in the Courthouse Annex, east of Pampa.

The course was led by Extension Secretary Barbara Smith and Demonstration Agent Alby Kuehler.

Girls trained were Janice and Sharron Mackie of the Hopkins club, Connie Burger and Kathy Davis of Grandview, Rita Robinson and Karen McCarthy of the Wayside club, and Sue Pitts and Martha Price of the Cloverette club.

At Leors, Mr. and Mrs. Jeff Stubbelfield are training Leahwana Nowlin and Sue Stubbelfield for first aid demonstrations. Others who have received training are Nancy and Patsy Tipton of the Alanzed club.

Enters Innocent Plea

Intha Mae Edmon, 525, Maple, entered a plea of not guilty Friday to a charge of shoplifting.

County Attorney Don Cain reported bond was set at \$500.

Mrs. Edmon was charged by police with taking 270 cans and medications from Ideal Food Store No. 2 Oct. 3.

7 Youths Arrested

Pampa police arrested seven minors Saturday night on illegal possession of alcoholic beverages.

Each was released at 10:30 on payments of \$15 bonds. All seven were between 17 and 20 years old. Two cases of beer were confiscated.

Book Autograph Party Wednesday
Dr. J. A. Hill, author of "More Than Brick and Mortar," and president emeritus of West Texas State College, will be in Pampa's Love Memorial Library Wednesday for two autograph sessions.

The party, a "come and go" affair, is sponsored by the West Texas Exes of Gray County. The times are 2:30 to 5 p.m. and 7 to 8:30 p.m.

The book, 388 pages, is the first written telling the story of WT's 50-year history. The title was taken from the words of WT's first president, R. B. Cousins, who wrote when the college was destroyed by fire in 1914, "If West Texas State is nothing more than brick or mortar, it ought to die."

Dr. Hill himself has played an important part in the story of WT's growth. He joined the faculty as head of the history department when the college was founded in 1910. He became president in 1918 and headed the school during its long fight for status as a four-year institution.

ANGRY WIVES' HOME
TOKYO (UPI)—Tokyo wives who quarrel with their husbands soon will no longer have to park up and go home to mother.

The Metropolitan Welfare Bureau disclosed it is planning to put up a building to house angry wives until their domestic quarrels are patched up.

'Interim Days' Is First Book Effort

By NANCY MOORE
Daily News Staff Writer

"These are interim days, caught between Winter's gray and April's green." Thus begins the title poem in a book of verse written by a Pampa teacher.

Entitled "Interim Days," this is A. R. Nooncaster's first book of poems, although he has published poems in various periodicals over the past several years and has three times won prizes offered by the Poetry Society of Texas.

Most of the poems in "Interim Days" are lyrics, and most of them treat a section of the country with which Nooncaster is well acquainted — the Panhandle and the South Plains area.

Many of his poems deal with themes that are imminent to the Panhandle and South Plains including drought, dust, eternal winds, crop failures, sudden changes in temperatures with their concomitant effects on the vegetation and violent storms.

On of his poems on a subject under constant discussion in this section of the country—the wind—very aptly expresses the feelings of a majority of the people in the Panhandle.

"Who loves the wind has never seen the way he sweeps the prairie clean" is a line from the poem "The Wind" contained in Nooncaster's book. This displays a feeling so common in the Panhandle.

Of course, Nooncaster does not restrict himself solely to themes relating to the far West Texas region or to the weather. Such poems as "Progress," "To the Untraded" and "Lines to A Friend" indicate that he is concerned with problems

that are world wide in their scope. The last five poems in the book deal with problems that arise out of experiences the poet had in World War II.

Many of the poems express the way most of us often feel. For example, let's take the poem entitled "Monday." "My brain today is dull and slow like winter clouds that herald snow." So often—in fact every Monday morning after a long week-end of rest—we feel like that.

Throughout the entire book, the poet chooses to keep the language simple and to write in a direct, straight, forward manner.

The book was published by Wilkinson Publishing Company in Dallas and put on sale this month. Most of the poems were written in the late 1940's and early 1950's although some of the poems were written during the past year.

Nooncaster dedicated the book to his wife, Frances, and son, Jerry, whose encouragements were of immeasurable value.

The author came from a family section of the country—the wind—very aptly expresses the feelings of a majority of the people in the Panhandle.

"Who loves the wind has never seen the way he sweeps the prairie clean" is a line from the poem "The Wind" contained in Nooncaster's book. This displays a feeling so common in the Panhandle.

Of course, Nooncaster does not restrict himself solely to themes relating to the far West Texas region or to the weather. Such poems as "Progress," "To the Untraded" and "Lines to A Friend" indicate that he is concerned with problems

A. R. NOONCASTER

... poet

ment in 1954.

Nooncaster said one of the most frequent questions he is asked is: "After being a coach for 18 years, isn't there a great deal of difference in coaching football and writing poetry?"

His answer to this question remains the same: "Not a great deal of difference, for both are creative."

He feels that writing a book of poetry is a creative job that takes many hours of labor over a long period of time.

The book is on sale at the Pampa News Service, and in Amarillo, Canyon, Dallas and other cities in the state.

An autograph party for the poet will be sponsored by the Pampa News Service Monday from 3 until 7 p.m.

Pampan Attends Sales Conference

C. C. Mandeville, manager of the Sherwin-Williams Paint Co., 110 S. Cuyler St., attended a company sales conference in Lubbock Friday.

The meeting was held to acquaint field personnel with a new product soon to be marketed and to bring them up to date on recent technical advances in the paint field.

R. E. Sprinkel, regional director for the firm in Dallas, and P. E. Dietz, area manager in Lubbock, conducted the day-long session at the Caprock Hotel.

GIT ALONG, BEEP-BEEP!—The West has changed, though little kids may not want to believe it. Now cowboys like Jodie Ringfestein, above, herd cattle with motor scooters. He's rounding 'em up in one of six electric horseless carriages in use at the San Antonio, Tex., Union Stockyards.

Russia Runs Up Truce Flag In The Literary Cold War

By LEON BURNETT
United Press International

WASHINGTON (UPI)—Soviet writers apparently are trying to run up a flag of truce in the literary cold war between Russia and the United States.

The Soviet Embassy here has released a translation of an article by one R. Orlova, titled "What We Value in American Literature." It sets down some complaints about the exchange of books—or lack of it—between the two countries.

"Mutual information helps to establish better relations between countries," Orlova says. "We must know each other. A truthful book can tell, explain much, bring near what is far off."

"And this is why today the publication of Soviet books in the U.S.A. and of American books in the U.S.S.R. is not simply a matter of cultural relations, not simply a matter of extending the scope of activities of translators.

REQUEST DENIED

INDIANAPOLIS (UPI)—The state Budget Committee Friday rejected a \$5,000 request from the state Conservation Department for a "little Kinsey" survey into the reproductive habits of fish.

FORCES SPEND MILLIONS

SOUTH RUISLIP, England—(UPI)—U. S. armed forces in Britain spent more than 213 million dollars during the fiscal year ending June 30, the Third U.S. Air Force headquarters reported today. The most expensive single item was maintenance. Servicemen and their families spent \$74,999,411 for rent, food, heat and other household needs.

critics and publishers. It is a burning problem which has a most direct bearing on the life and happiness of millions of people.

"We do not intend, however, to criticize the activities of American publishers.

"Let us hope that right now there will be an end to discrimination against Soviet literature, as scandalous as it is unreasonable. . . Let us hope that Soviet books will at last start coming out in the U.S.A. and that there will be an end to the strange and entirely one-sided cold war on the book market."

Orlova criticized some Soviet practices, too: "Which American authors do we publish here (in Russia)? It should be admitted that although we do publish quite a lot of American books, the choice is far from ideal."

Orlova's statements echoed the views stated recently by a group of Soviet writers touring the United States. The Russians told American newsmen there is a big demand for American books in Russia.

The article mentioned the best-selling novel "Lolita," which has stirred much controversy in the United States and is one of the American books being circulated in Russia.

"One cannot believe," the writer says, "that this brilliant description of the seduction by a middle-aged man of a 12-year-old eroticism represents the today of American belles-lettres."

The work of Ernest Hemingway and the poetry of Carl Sandburg are popular in Russia, Orlova says. Hemingway is described as "one of the most daring innovators of Twentieth Century litera-

'Mack the Knife' Holds Top Rung

CHICAGO (UPI)—Bobby Darin's "Mack the Knife" was the nation's top record for the fourth straight week, United Press International's "Top 20" survey showed Saturday.

The fastest-climbing record, however, was Della Reece's "Don't You Know," which went to fifth after only two weeks on the survey. Another relative newcomer, Andy Williams' "Lonely Street," moved up from 18th to 8th in its fourth week among the top tunes.

In the two, three and four spots the Fleetwoods' "Mr. Blue," Paul Anka's "Put Your Head on My Shoulder" and Sandy Nelson's "Teen Beat."

Two newcomers to the top 20 were the Kingston Trio's "Worried Man" and Johnny Nash's "But Not for Me."

The Top 20 (figures in parentheses indicate this week's spot, last week's and number of weeks on survey.)

Now for the complete record breakdown:

(1-6) Mack the Knife—Bobby Darin (Aton).
(2-3-4) Mr. Blue—The Fleetwoods (Dolton).
(3-2-5) Put Your Head on My Shoulder—Paul Anka (ABC).

(4-8) Teen Beat—Sandy Nelson (Original).
(5-11-2) Don't You Know—Della Reece (Victor).
(6-7-8) Primrose Lane—Jerry Wallace (Challenge).
(7-9-4) Sattle Hymn of the Republic—Mormon Tabernacle Choir (Columbia).
(8-18-4) Lonely Street—Andy Williams (Cadence).
(9-4-9) Sleepwalk—Santo and Johnny (Canadian-American).
(10-4-8) Red River Rock—Johnny and the Hurricanes (Warwick).
(11-8-9) Till I Kissed You—Every Brothers (Cadence).
(12-10-10) Three Bells—The Browns (Victor).
(13-14-3) Deck of Cards—Wink Martindale (Dot).
(14-15-3) Just Ask Your Heart—Frankie Avalon (Chancellor).
(15-16-3) Misty—Johnny Mathis (Columbia).
(17-6-4) Poison Ivy—Coasters (United Artists).
(16-0-1) A Worried Man—Kingston Trio (Capitol).
(18-20-2) Love Potion Number Nine—The Clovers (United Artists).
(19-0-1) But Not for Me—Johnny Nash (ABC).
(20-17-4) Battle of Kookamonga—Homer and Jethro (Victor).

FICKLE CONSUMERS
BASFORD, England (UPI)—Hoola-hoop manufacturer Basil Walker appeared at bankruptcy hearings Thursday and blamed his plight on consumer demand "drying up overnight."

Spending Committees

Congress has gone home and won't meet again for another three months, but its committee staffs are hard at work spending the record \$8.8 million set aside in 1959 for legislative investigations.

Cutting Controls

Once in a blue moon, it happens. At rare intervals some bureaucrat comes forward with a bit of stark realism and then hastily steps from the arena.

The Pampa Daily News

YOUR FREEDOM NEWSPAPER We believe that freedom is a gift from God and not a political grant from the government.

BETTER JOBS

By R. C. HOJES "We Can't Afford To Disagree On This" Very few people realize how business is being starved out by the government not allowing business to set aside enough reserves as an expense item to replace worn-out tools.

"In accounting language, the problem is as follows: the amount of depreciation allowed by the federal government is limited to the number of dollars originally invested.

"In economic language, business is expected to replenish a stock of tools bought with 100-cent dollars with the same number of dollars worth 50 cents or less.

Bid For A Smile

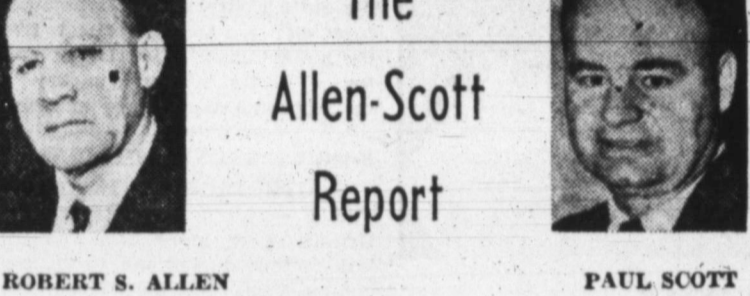

Pete—Of course there is no such thing as a woman's supremacy. Ralph—Think not! From the time a boy sits under a street light playing with teeth until he is blind and old and toothless, he has to explain to some woman why he didn't come home earlier.

Bill—I'm afraid to propose to her. Tom—Has she offered you an engagement? Bill—Oh, yes. She gave me a hot girl punch when I call, but one isn't enough.

Bill—The girl who stays on the fence too long usually ends up getting the suit.

but we just don't have the money." Hector and Batterson appear to be of but a single mind.

Sprint Finish

The Allen-Scott Report

ROBERT S. ALLEN HOUSING PROBE OF TV QUIZ SHOW TO HEED DA HOGAN'S SIZZLING 'FRAUD' CHARGES

WASHINGTON — A memorandum bristling with charges of deception and crookedness against TV quiz shows is the principal basis of that investigation being launched by the special House committee headed by Representative Oren Harris (D., Ark.).

In this scorching document, New York District Attorney Frank Hogan declares that a court-suppressed report by a grand jury discloses a gigantic fraud and hoax on the part of some television quiz shows.

Following are a few examples of this expensive flood of post-session oratory and what-have-you: Representative Gerald Flynn (D., Wis.), who used eight columns to explain to his rural voters why he voted against the labor reform bill.

Following are a few examples of this expensive flood of post-session oratory and what-have-you: Representative Gerald Flynn (D., Wis.), who used eight columns to explain to his rural voters why he voted against the labor reform bill.

The Doctor Says:

by EDWIN P. JORDAN, M.D. The complaint brought up by today's first inquirer is not dangerous to life, but it is common and often causes considerable mortification.

Q—Several doctors have told me that I swallow air and that this bad habit cannot be corrected. This causes belching and much distress. Have you any suggestions?—Mrs. N.

Down South

By Thurman Sensing The first session of the 86th Congress is history. At an end after eight months of battling the conflicts between the constitutionalists and the ultra-liberals.

The 1958 elections had knocked out some of the best-known conservatives in the Senate. The House of Representatives included a large new group of Congressmen who had been elected as a result of the political action of organized labor.

Fortunately, this didn't happen. Conservatives in and out of Congress put on an amazing show of energy. Senators such as Barry Goldwater of Arizona led into the fold of the "liberals."

The big achievement of the session was the labor reform bill. Though far from being the real answer to the tyranny of union bosses over working men, it is a good start toward full-fledged labor reform.

The big achievement of the session was the labor reform bill. Though far from being the real answer to the tyranny of union bosses over working men, it is a good start toward full-fledged labor reform.

Fair Enough

Alfred Nobel, the donor of the "Prizes" which advertise his name, was a vain, amig Sweden who invented dynamite with the advantage of basic public knowledge amassed long before his time.

All this was before Socialism in Sweden where today it is almost impossible to get rich, noting the exceptions of Axel-Wennberg and Ivar Kreuger, who manufactured billions of matches but went crazy under the pressure of competition from pilot lights and cigarette lighters.

Nobel arranged that the awards flaunting his name should be divided in a strange way yielding great, perpetual publicity. The prizes in physics, medicine and literature are awarded in Sweden by more or less learned academicians, but the "Peace" prize is a Norwegian political phenomenon by Nobel's peculiar specification.

The Norwegian Parliament, a political body, appoints an "impartial" committee which lives up in a square, solid three-story building with the graceful lines of a concrete bunker in the ruins of Berlin.

President Eisenhower and of all people, Walt Disney, are showing a burst of early foot in this year's competition. There is even some discussion of Khrushchev, inspired by a hope that he will shoot the works compliant with Herbert Hoover's prayer that he make himself the greatest savior since Calvary.

The Norwegians still are high on Marshall for his massive diversion to Norway of American taxes, paid, as Roosevelt put it, in the sweat of those Americans who toil. However, they are polite under reminders that Marshall was just retrieving by his open-handed "plan" the colossal mistake of a patronizing mama's boy who made this nonentity chief of staff, then an ambassador to China, then secretary of state.

Norwegians dig in their heels if you tell them Roosevelt had no business rescuing Russia to the end that Russia now presents a far more alarming menace than Hitler could have. But they don't doubt that Hitler would have a died by now, and that a victorious Germany would have made Soviet Russia pick up the pieces wherever breakage occurred. Of course, labor gangsters would have yowled against this use of scabs, yes.

Norwegians dig in their heels if you tell them Roosevelt had no business rescuing Russia to the end that Russia now presents a far more alarming menace than Hitler could have.

Norwegians dig in their heels if you tell them Roosevelt had no business rescuing Russia to the end that Russia now presents a far more alarming menace than Hitler could have.

Perpetual Publicity From Nobel Awards

By WESTBROOK PEGLER Alfred Nobel, the donor of the "Prizes" which advertise his name, was a vain, amig Sweden who invented dynamite with the advantage of basic public knowledge amassed long before his time.

Lifetime Work In Passion Play

By NANCY MOORE
Daily News Staff Writer

"Audiences forget they are living in the 20th Century and are transported back 2,000 years in history to the time the events actually took place," stated Josef Meier, who is appearing here in "The Black Hills Passion Play."

Meier portrays Christ, while his wife plays the part of the Virgin Mary. The final performances will be given today.

The matinee is at 2:30 with a performance tonight at 8 at the Pampa Junior High School auditorium, under the sponsorship of the Noon Lions Club.

The Meiers left the Black Hills of South Dakota after Labor Day to start on their fall tour which will take them through 22 engagements to conclude Dec. 13. At that time they will return to Spearfish, S.D., for a holiday vacation.

Meier said he looked forward to the engagement here. This is the couple's first visit to Pampa, although they were in Amarillo about 10 years ago.

Headed by the Meiers, the Passion Play includes about 38 members. One of the outstanding features of the play is the excellent staging and lighting in addition to the fine work done by the cast.

Portraying the part of Christ requires humility and reverence, Meier said. He added that to be a part of the cast requires the deepest respect for the story being told.

Mrs. Meier, who has been with the play since 1936, has played the part of Mary for over 20 years.

The Passion Play, whose home is in the Black Hills of South Dakota, was brought to this country by Meier from Germany. He has been associated with the play since childhood.

Prior to her marriage, Mrs. Meier joined the play to take the place a crew member who was ill. Meier said she fitted in so beautifully "and gave such an outstanding performance, he decided to give her a lifetime contract. They were married in 1937.

The couple has one daughter, Johanna, who is attending the Manhattan School of Music to prepare for an operatic career. She has appeared in the Metropolitan Opera Company, and plans to go to Vienna to complete her studies.

The Meiers agree that their daughter still looks upon the Passion Play as a part of her life's activities and will return to the play this summer. Meier said eventually she will take over her mother's part. Growing up, and in the dressing rooms of theaters, their daughter has been in the play since she was six weeks old.

Meier's nephew, Heinrich Meier, who is attending the University of Montana, also works with the play during the summer.

Meier's first reaction to Pampa was that it is "spread over a large area. The Meiers own a ranch in Spearfish, S.D., and are interested in farming and raising cattle. They keep the camel herd, 26 horses and a flock of sheep, used in the production on their ranch.

Meier said his hobby was raising cattle and "you will find many Texans raising cattle in the Black Hills of South Dakota."

Mrs. Meier finds that with a Saxe family, which includes not only she and her husband and daughter, but also her father and father-in-law and Meier's nephew, she doesn't have much time for a hobby. "I guess my hobby is keeping house," she said. "And, very graciously," her husband added.

With many years of experience and a wealth of talent, the Meiers give an excellent performance in their leading roles in the Passion Play.

Civil Rights Commission May Increase Scope Of Violations

By WILLIAM J. EATON
United Press International

WASHINGTON (UPI) — The Civil Rights Commission may expand its work to study complaints of racial bias in employment, public facilities, transportation and administration of justice.

The six-member commission is expected to continue its investigation of civil rights violations in housing, voting and educational fields.

But some sources in the agency said they also expected it to look into job discrimination. "Jim Crow" practices in hotels and public buildings and bars to Negro jury service in the future.

The commission, which recently angered Southern congressmen by recommending appointment of federal registrars to guarantee Negro voting rights, is assured of two more years to finish its work. Congress extended its life until 1961 in the only civil rights legislation of the last session.

A final decision on whether to branch out into new fields was expected at the commission's meeting here next week.

Many members of the commission's staff already have resigned and some of the six commissioners have indicated they would like to quit after serving two-year terms.

Two former Southern governors — John S. Battle of Virginia and Doyle E. Carlton of Florida — were reported ready to resign.

The other members were said to be pleased with the generally favorable reception accorded the commission's recent report on its work. Editorial response was 88 per cent favorable, outside of the South. Ten editors below the Mason-Dixon Line praised the 600-page volume.

Staff Director Gordon M. Tiffany plans to continue on the job, sources said.

In its investigation of alleged denial of voting rights, the commission sent staff members to Florida, Mississippi, Alabama, Louisiana and Tennessee.

Presumably, its new studies of "Jim Crow" practices could involve northern as well as southern states.

One source close to the commission said that alleged police brutality, bans on Negro jurors and differing penalties for the same crimes depending on the race of the victim all may be probed.

Home Ownership Debts Rise To All-Time High: 106 Billions

WASHINGTON (UPI) — Home ownership, home values and mortgage debt all are at all-time highs. In the past decade the number of home owners has jumped from 20 million to nearly 29 million. The aggregate value of non-farm houses soared from 183 billion dollars to 372 billion dollars. Outstanding home loans tripled over the decade to 106 billion dollars.

These key figures in the 1959 survey of consumer finances sum up the housing boom of the post-war years. The survey was made by the Federal Reserve Board and the Survey Research Center of the University of Michigan. The study also shows that Americans are on the move. More than nine million non-farm families — about one in five — changed their place of residence last year. Experts say rising income and education levels have a lot to do with this mobility.

As of the beginning of the year there were 50 million non-farm families in the United States. Fifty-eight per cent of them — 29 million — owned the house they occupied as against 1 per cent in 1949.

Accompanying this rise in home ownership was a drop in "doubling up," so common during and after World War II when housing was short. The number of individuals and families living with relatives dropped from 6,600,000 in 1949 to about 4 million this year.

The decade also has seen a doubling of the value of owner-occupied residential properties and a rise of three-fourth in owners' equity.

The rise is estimated values from 183 billion dollars to 372 billion dollars reflected both the greater number of houses and general uptrend in prices. The average value nationwide of an owner-occupied house rose from

\$9,100 in 1949 to \$12,000 early in 1959. Behind part of the increase in average home values is a trend toward bigger, more expensive homes, the survey found. The average size of new single-family houses increased by more than one-fourth from 1949-50 to 1958. These years saw the proportion of new houses with three or more bedrooms jump from three in ten to eight in ten. The tripling of mortgage debt over the decade resulted from more mortgages and higher average amounts. Mortgaged houses increased from nine million or 45 per cent of all owner-occupied houses in 1949 to 16 million or 56 per cent by 1959.

matter of FACT

The Great Sphinx of Egypt was once a hill of rock left over from the building of the Great Pyramid. Later it was carved into a huge lion with the head of a man. It stands 66 feet high with a length of 189 feet. The headdress, the royal cobra cut on the forehead and the beard on the chin all show it was modeled after a king. It is probably the portrait of Chaphren, of the fourth Egyptian dynasty.

PHS Loses Heart-Breaker To Monterey Plainsmen

TD, Extra Point in Last 12 Seconds Beats Pampa

By RED GRIGGS Daily News Sports Editor

Pampa's Harvesters played the best game of their lives Friday night, but their best wasn't quite good enough.

The Monterey Plainsmen scored a touchdown and an extra point with 12 seconds remaining in the game, to come from behind and beat the Harvesters, 7-6.

Pampa coach Babe Curfman described Friday's game as "the best the Harvesters have played in the last two years."

Pampa's defense, against one of the most potent offensive squads in the Panhandle, was superb. The Plainsmen didn't get inside the Pampa 40 until late in the third quarter, and didn't penetrate the Harvesters 20 until late in the fourth quarter.

Monterey piled up plenty of yardage, but most of it was in their own end of the field. When the chips were down, the Harvesters were usually able to hold them for downs. The Plainsmen would go for four or five fairly good-sized gains, then be stopped cold by Pampa's gang-tackling in the line.

Rawls Injured Every man who played defense for Pampa turned in an outstanding job, and it would be hard to pick any one who outshone the others.

However, for sheer courage, defensive halfback Buddy Rawls would have to get a four-star award. He was injured early in the first quarter, but went back into the game and made several crucial tackles, including a pair

on which he was the last man between a Monterey ball carrier and the goal line.

It was discovered, after the game, that he had played for three quarters with a broken jaw. He may be lost to the Harvesters for the season.

Defensive end Lynn McGee, starting his first game for the Harvesters, also turned in a brilliant defensive job. He did an especially fine job of getting the tackle after Pampa punts and kick-offs.

Other defensive players, all of whom turned in fine performances, were cornermen Charles Warren and Mert Cooper; halfback Bobby Stephens; linebackers Charles Giese, Butch Dunham, Duke Garren, and Terry Rexroad; middle guard Harold Stokes; tackles Jim Scott and Rowland Stone; and end Benny Stout.

Monterey Touchdown One thing that showed the strength of the Pampa defense, was the fact that two of Monterey's huge completed passes went for zero yardage. On one, which was batted into the air, the receiver was dropped for a two yard loss. On the other, the receiver was stopped, short of a first down, after a gain of only two yards.

Ironically, though, it was Monterey's only successful pass which really beat the Harvesters. With 1:42 left in the game, and Pampa leading 6-0, Quarterback James Ellis passed from the Pampa 42 yard line to the Monterey 25, and ran to the 10 before being tackled.

Fullback Butch Thompson went for gains of one and four yards, taking the ball to the Pampa 6-yard line. On the next play, halfback Jim Harris carried to the three, but fumbled. A Monterey player fell on it at the one, giving the Plainsmen a first down and setting the stage for the touchdown.

Thompson was stopped cold on his first try into the line, but on his second, with 32 seconds remaining in the game, he plunged over the goal line.

Mowery booted the extra point placement through the uprights, but as the crowd of 5500 held its collective breath, an official threw a red flag, and Monterey was penalized five yards for offside.

Mowery tried it again, this time with the ball resting on the 16-yard line, and again it was good. Monterey led 7-6, and that was the game.

Pampa Touchdown Pampa scored its touchdown in the second quarter, on a 63-yard sustained drive. Key plays were runs of 14 yards by fullback Terry Cooper, and 12 yards by halfback Cooper, and a 12-yard quick pass from quarterback Ronnie Smith to left end Warren.

The Smith-Warren pass (the only Pampa pass completion of the game), from the Monterey 19 to the 8, set up the touchdown. Right halfback Dwayne Urbanczyk went five yards to the one; then on the following play he dived over a Monterey pileup on the left side of the line for the touchdown. Harold Stokes' attempted conversion kick was low and wide.

Pampa and Monterey each made one futile threat in the fourth quarter. Pampa had the ball on its own 22-yard line early in the period. On the first play from scrimmage, Lucky Dunham burst through a big hole in the center of the line and raced 29 yards to the Monterey 29. Two plays later,

however, the Harvesters fumbled and the Plainsmen recovered.

After the recovery, the Plainsmen drove all the way to the Pampa 14, before losing the ball to Pampa on a fumble. Stone made the recovery.

Smith's punting and quick-kicking, as well as Pampa's tackling, helped keep Monterey inside for 45 most of the time. Smith quick-kicked twice on second down, from inside the Harvesters 25, to get Pampa out of a couple of potential jams. The quick-kicks covered 41 and 47 yards, and Smith had a fine overall punting average of 36.1 for the game.

INJURED—Buddy Rawls, Pampa quarterback and defensive left halfback, played an outstanding defensive game for the Harvesters Friday against Monterey, despite the fact that he had a broken jaw for the last three quarters.

Rawls was hurt in the first quarter. However, he thought the injury was slight, and returned to the game. He then made several good tackles, including at least two which kept Monterey runners from going all the way.

Rawls learned that his jaw was broken after the game, when X-rays were taken. He will probably be out for the rest of the season.

Rawls learned that his jaw was broken after the game, when X-rays were taken. He will probably be out for the rest of the season.

WINNING POINT—The football sails into the air, on Jerald Mowery's conversion kick, for the point that beat the Harvesters Friday night, 7-6. This crucial play occurred with only 12 seconds remaining in the game. Butch Dunham (55), Harold Stokes (65), Rowland Stone (66), and Charles Warren (85) of the Harvesters rush in attempting to block the kick, but are too late. (Daily News Photo by Marvin Olsen)

GANG TACKLE—Three Harvesters, Ronnie Smith (foreground, no. 12), Mert Cooper (22, behind Smith), and Lucky Dunham (no. 37) converge on Monterey ball carrier Ronald Bandy to make a gang tackle. This type of tackle was frequently used by the Harvesters Friday night, as they held Monterey's offense in check through most of the game. (Daily News Photo)

Texas Comes From Behind, Whips Oklahoma, 19 to 12

By ED FITE United Press International

DALLAS, Tex. (UPI)—Rambling Rene Ramirez and a pair of daring sophomores substitute quarterback snapped Texas' life for a 19-12 come-from-behind victory over arch rival Oklahoma Saturday.

Coach Darrell Royal's Texans, ranked No. 4 in the nation, turned from a lethargic outfit that gave up two first-quarter Oklahoma touchdowns into a raging, gambling band of stampeding backs to go ahead by halftime and pull away in the final period.

The men responsible were Ramirez, who personally accounted for 51 of Texas' first 72-yard surge, and fledgling signal callers James Saxton and Mike Cotten, who engineered the other two payoff drives.

Oklahoma's Prentice Gault tried gamely to turn the tide of battle single-handedly, but a vicious Texas defense always rose to the occasion when the goal was threatened. Gault chewed out 135 yards in 23 blunts at the Texas line.

Saxton literally ripped his way 30 tremendous yards to the Oklahoma 22 to set up Texas' go-ahead touchdown, scored when reserve fullback Mike Dowdie burrowed his way under the Oklahoma forwards from the one-foot line with just 10 seconds left on the half-time clock.

Cotten turned in a timely fumble recovery to halt one Oklahoma surge on the nine-yard line in the third quarter, then after another Oklahoma fumble in the fourth period he pitched to sophomore Jack Collins at midfield and Collins streaked for the salting touchdown on a 51-yard play.

Oklahoma had to move only 22 yards for its first score after a Texas fumble. The Sooners covered the final 23 yards with a pass from Bob Cornell to Jackie Holt, then drove 60 yards in seven plays for another a few minutes later when Dick Carpenter turned in a 28-yard dance down the sideline to score standing up.

possible winning margin until Cotten hit Collins with the fourth-quarter payoff.

The wild offensive show saw 618 yards earned by the two teams with Texas holding a skimpy 309-307 edge.

It was Texas' 32nd victory in the 54-game series dating back to 1900 and the second in a row by a Royal-coached team over his former opponent, Oklahoma Coach Bud Wilkinson.

Scoring: Texas 0 13 0 6-19 Oklahoma 12 0 0 0-12 Okla.-Holt 23 pass from Cornell (kick failed) Okla.-D. Carpenter 38 run (run failed) Texas-Cooper 6 pass from Ramirez (Lackey kick) Texas-Dowdie 1 run (kick blocked) Texas-Collins 61 pass from Cotten (kick failed)

Illinois Upsets Ohio State, 9-0

Mulanax, Harvey Bowlers-of-Week

Hensel Appointed

NEW YORK (UPI)—Col. Harry Hensel has been appointed chairman of the New York City committee for the 1960 Olympics.

Ohio was not able to mount a serious threat until the final seconds but it mattered little then as Illinois senior Don Yeazel of Dayton had kicked a 27-yard field goal late in the final period.

The first quarter pass, one of the most spectacular ever seen in the huge Ohio Stadium, rivaled an unusual Illinois touchdown pass in 1921 when Illinois' knocked Ohio out of a Big Ten title.

Meyers, sophomore quarterback from Dallas, Tex., who took over this year when regular quarterback John Easterbrook was hurt, shook off a tackler on his own 15, and then fired a long high pass downfield as three would-be tacklers grabbed him. At the Ohio 45, three men jumped for the ball but an Ohio State player tipped the ball into Counts' hands. The New Rochelle, N.Y., sophomore sped away untouched for 42 yards and a touchdown.

In 1921, Illinois connected on a pass which bounced off the chest of a Buckeye into the hands of an Illinois player to give the Illini a 7-0 victory and knock Ohio out of the Big Ten title.

Harvey Bowler reports that the league will begin play at noon and likely wind up its activities about 8:30 p.m. An ABC representative will also be on hand to bring area bowlers up to date on new rules and bowling ideas.

Canadian Blasts Panhandle, 20-8

CANADIAN — A powerful Canadian ground attack rolled up 416 yards here Friday, and boosted the Wildcats to a 20-8 District 2-A win over the Panhandle Panthers.

THE YARDSTICK

Table with columns: First Downs, Yards Rushing, Yards Passing, Passes Att., Passes Int., Penalties, Yds. Lost, Pen., Punting Avg., Fumbles Lost. Includes scores for Canadian and Panhandle.

An unusual aspect of the game was the fact that Panhandle, the losing team, punted only once.

Area Roundup

TEXLINE — Stratford romped over the Texline Tornados here Friday night, 28-0. SPUR — Quannah of District 5-AA grabbed its fourth victory of the season here Friday over Spur, 12-6.

Borger Team Blanks PJH Seventh Grade

Austin of Borger's seventh graders blanked Pampa Junior High's seventh graders Friday on a Harvester Park practice field, 14-0.

Austin scored in the first and fourth quarters, both times on end-runs of 40 yards.

Pampa's deepest penetration was to the Austin 30 in the third quarter on a 30-yard run by Steve Cloud, Coach Frank Craig said his Pampa seventh graders played fairly well in the second half.

Craig's assistant, Bryan Speck, said that Sam Bryan, Jim Arthur, and Larry Plippo probably made the most yardage of any Pampa backs.

Middle guard Darrall Luster also played an outstanding defensive game, throwing several Austin ball carriers for losses.

BOB GEIGEL ... meets Savich again

Two Grudge Bouts Set Here Monday

Pampa wrestling fans will be treated to not just one, but two, grudge matches Monday night at the Lefors Highway.

The opener will be a one-fall-to-the-finish match between Tommy Phelps and Fred Hunt.

The second event, a best-of-three-falls semifinal, Bob Geigel and Danny Savich clash in a return match.

Last week's Geigel-Savich match was one of the most disorganized ever fought here.

Ripper Leone tangles with Cowboy Carlson in the main event, Carlson was a winner on last week's card, beating Tommy Phelps.

Actually, both men were disqualified for refusing to return to the ring.

PLAY FINAL GAME

ORANGEBURG, S.C. (UPI) — Sophomore Bill Whaley passed for the touchdown and set up another Friday, to lead the Citadel to a 40-8 triumph over Hofford in the final football meeting of the school.

Crusaders Edge Dayton Flyers

WORCESTER, Mass. (UPI) — The unbeaten Holy Cross Crusaders gave Dayton University a bad statistical beating Saturday but needed a break and a pass to defeat the rugged Flyers, 8-0.

Red Griggs the pipeline

"Get out there and die for your school," is a melodramatic phrase used to inspire football players.

However, a couple of the Pampa Harvesters have certain given it a try this season.

Then Friday night, Buddy Rawls played his best defensive game of the season—with a broken jaw.

Rawls was hurt early in the first quarter, but no or realized just how seriously. He went back into the game and made several fine tackles.

Buddy Rawls—Typical Harvester

Certainly Curfman would not deliberately send a seriously ill or injured boy into a game.

The Pampa Harvester team, in four of five games this year, Pampa's players have been outweighted 12 to 1 points per man.

Rawls and Mitchell will certainly be among the top candidates for the Fighting Heart Award.

Curfman suggested to me Thursday that I shouldn't point out that McGee was a new starter.

See Here, McGee!

Friday night, the Harvesters did all that anyone could ask of 11 football players.

Three Irish backs scored in the second period—Jerry Campbell on a 43-yard run over left tackle.

Alva Henderson on a 42-yard quarterback keeper, and Jerry Jernigan on an 8-yard scamper around right end.

Huberta Black was crowned football queen at the halftime ceremonies, witnessed by 1,000 fans.

Pampa's gang-tackling defense surprised everybody, especially Monterey.

Ricketts Hits 'Go Slow Sox'

Skellytown's poet laureate, B. A. Ricketts, has penned a verse in honor of what he calls the "go slow Sox."

The Slogan of the White Sox was go, go, go. But we all wonder, why did they go slow.

Al and his players, went up in a stew. Since the boys from LA beat 'em, four to two.

While Mr. Wynn was on the way to the shower, He still was amazed, by that Dodger power.

And from Chicago we will hear no more braggin'. Yours Truly, Old Man Ricketts

Wellington Holds Crockett, Beats McLean Tigers, 20-0

WELLINGTON — Wellington's Skyrockets held McLean's Davy Crockett to only 30 yards rushing Friday night, to beat the Tigers, 20-0.

Crockett went 85 yards for a touchdown in the first quarter, but the play was called back on a holding penalty.

Crockett went 85 yards for a touchdown in the first quarter, but the play was called back on a holding penalty.

McLean's only other serious threat stemmed from a sensational 85-yard runback of a pass interception, by Tiger quarterback O. K. Lee.

Miller Hood Pharmacy advertisement with address 1122 Alcock, Dial MO 4-8469.

Tascosa Takes District Lead With 6-0 Win Over Bulldogs

Tascosa, picked to win the District 3-4A title, lived up to expectations Friday by whipping a good Borger Bulldog squad, 6-0.

Tascosa scored in the first quarter, and stopped Borger in the clutch for the rest of the game.

Tascosa, ranked sixth in the state, now leads the Rebel defense with a 2-0 mark.

Two other district contenders had a much rougher time than expected Friday. The Monterey Plainsmen got the scare of their lives before beating the fighting Pampa Harvesters in the last 12 seconds of the game.

to top the lowly Plainview Bulldogs, 16-7.

Monterey and Amarillo opened their district seasons Friday night. They are in a three-way tie, along with Lubbock, for second place in the loop.

Lubbock had to come from behind to beat the underdog Palo Duro Dons.

Both teams were winless going into Friday's game. Lubbock is now 1-3 for the season, and Palo Duro is 0-3.

This Friday, Amarillo is at Pampa and Lubbock at Tascosa. Saturday, Borger is at Plainview and Monterey at Palo Duro.

BOISE CITY — The Boise City Wildcats routed Follett here Friday, 46-8.

Bucks Open District Play By Beating Lefors, 34-0

LEFORS (Sp) — White Deer's defense opened the defense of their District 2-A title here Friday by whitewashing Lefors, 34-0. The Bucks, who have a 4-1 record for the year, are favored to win their third straight district championship. White Deer won the state title last season, but is not considered strong enough to repeat this year. This Friday, White Deer hosts loop-leading Clearmont, and Lefors entertains top-ranked Stinnett in a non-district game. Jackie Burns, playing two dif-

FOOT FEAT—Vincent Scott attracted attention by kicking field goals from 38, 41 and 48 yards away for Maryland against West Virginia. Dwayne Fletcher holds the ball.

Hogs Capitalize On Baylor Miscues For 23-7 Loop Victory

WACO, Tex. (UPI)—Halfback Jim Mooly showed his undrafted Arkansas teammates how to capitalize on Baylor's errors here Saturday night, guiding the Razorbacks to a 23-7 Southwest Conference victory. It was conference victory—number two—for the Porkers as they ran their season record to 4-0 before an estimated 24,000 fans. Three of the Razorback touchdowns resulted from a pass interception and two fumbles. Mooly, a 178-pounder, scored twice and set up the first Porker

Score by Quarters:

White Deer	0	0	14	14	34
Lefors	0	0	0	0	0

Army Toppled By Penn State

WEST POINT, N. Y. (UPI)—Rickie Lucas, a 195-pounder, did himself a favor by leading Army's crippled offense to a 17-11 victory Saturday before 17,500, who watched two potential Army touchdowns called back because of penalties. Lucas, a 21-year-old senior from Glassport, Pa., easily was the outstanding player on the field. He set up all of Penn State's scoring plays and then throttled Army's final bid by intercepting a Joe Caldwell pass with only two minutes and 20 seconds remaining in the game. The victory was the fourth in a row for the Nittany Lions who entered the games five-point underdogs, and the defeat was the second in three games for Army's new coach, Dale Hall, as well as the first at Michig Stadium for the Cadets since 1955. Army started the game with two of its aces—Bob Anderson and Don Usry — on the bench because of injuries and Cadet halfback Steve Waldrop also went to the sidelines after suffering a sprained left knee on the first play of the game. The Nittany Lions showed their superiority from the outset, scoring midway in the first period and with 10 more points in the second period. Tom Elanda's 32-yard field goal shortly after the start of the second period cut Penn State's lead to 7-3 but the Nittany Lions, aided by a 15-yard Army penalty for unnecessary roughness, got those three points back when Sam Stelabelka booted a 20-yard field goal.

Packer Game Tops NFL's Sunday Slate

Green Bay's attempt to extend the National Football League's "miracle of 1959" and Cleveland's bid for revenge feature Sunday's six-game professional program. The Packers, who won only one game in 1958, already have won two this season and are four-point choices to make it three at the expense of the San Francisco Forty-Niners, the league's only other unbeaten team. A capacity crowd of 32,150 will watch the Western Division leaders clash at Green Bay. About 60,000 will swarm into Cleveland's lake-front stadium to watch coach Paul Brown's Browns tackle the New York Giants in a renewal of the Eastern Division's most bitter and most lucrative rivalry. Brown won't have to give any pep talks this week. The Giants cost each Browns about \$2,000 last December by blanking Cleveland in a playoff for the Eastern Division crown. Despite that 10-0 whitewashing and two other defeats suffered at the hands of the Giants in 1958, the Browns are a 3-point favorite. The Baltimore Colts, defending league champions, are seven-point favorites to whip the Lions at Detroit. In the other games, the Bears are favored over the Los Angeles Rams by 7 1/2 points at Chicago, the Redskins are one-point choices to beat the Chicago Cardinals at Washington, and the Eagles are picked over the Pittsburgh Steelers by two points at Philadelphia. Green Bay and San Francisco are tied for the Western Division lead while all six Eastern Division clubs have 1-1 records. Vince Lombardi, Green Bay's new coach, has directed his team to an 8-0 victory over the Bears and a 28-10 triumph over the Lions. Red Hickey, San Francisco's new coach, has directed his Huskies to a 24-14 victory over the Eagles and a 34-0 romp over the Rams. Defense makes the difference in the NFL and the Packers and Forty-Niners have been strong in that department so far this season. San Francisco has allowed only 14 points in two games and Green Bay 14.

TCU Snaps Tech Win Skein, 14-8

LUBBOCK, Tex. (UPI)—Two yard pass from quarterback Larry Dawson to put the cap on a 13-play, 61-yard drive with 5:24 gone in the second quarter. Less than 5 minutes later, halfback sprinter Harry Moreland barreled outside right tackle for 16 yards and the second touchdown. Fullback R. E. Dodson kicked both extra points. With time running out, the Red Raiders marched 78 yards on nine plays, aided by a 30-yard pass interference penalty that put the ball on the Frog one, quarterback Ken Talkington plunged over for the touchdown and threw a 2-point pass to halfback Bake Turner. TCU controlled the game from the start, after the Raiders had aroused them with a 33-yard drive to the Frog 25 where guard Roy Lee Rambo recovered a Talkington fumble. The Frogs marched from their own 25 to the Tech one where quarterback Glenn Amerson recovered a fumble by Jack Spikes to halt the drive. Moments later, after a weak Tech punt, Moreland was snared on fourth down at the Tech 10 as the Raiders held again. But the powerful Frogs drove 61 yards with Spikes and halfback Marvin Lasater doing most of the damage, aided by a 22-yard pass from Dawson to Spikes that put the ball on the Raider three.

Notre Dame Zips Past Cal, 38-6

BERKELEY, Calif. (UPI)—Notre Dame's pro-type offense, rolling at a first-minute clip through the first 21 minutes, romped to a penalty-filled, fist-thumping 38-6 victory over hapless California Saturday. With a throng of 68,500 watching, coach Joe Kuharich's men from South Bend piled up a 21-0 lead over the boys from Cal during the first half and then held the Golden Bears well in check until the final minutes of play. The Irish were penalized 158 yards during the game and fisticuffs broke out several times. Midway through the fourth period, guard Nick Buonconti of Notre Dame and guard Doug Graham of Cal were thrown out of the game after they engaged in a slugging match 20 yards from the rest of the team on the field. California's lone touchdown came after a 97 yard march with four minutes to play in the game. After Bob Scarpitto, Notre Dame's slick-running and long-kicking halfback, had kicked dead on the Cal three, the Bears, aided by numerous penalties, scored. The payoff was Wayne Crow's four-yard pass into the end-zone to end Dave George. Score by Quarters: California 0 0 0 6-6 Notre Dame 7 14 0 7-28

Rangers Drop Fifth Straight

DUMAS — The luckless Perrillon Rangers lost their fifth straight non-conference game here Friday night, to the Dumas Demons, 31-0. The Rangers will travel to Quanah this Friday for their first District 5-A game, against the powerful Quanah Indians. Dumas had an excellent defense, holding Perrillon to only three first downs. This was unusual for the Rangers, because they managed to move the ball well in their first four games, even though they lost. Dumas scored twice in the first quarter, on runs of four yards by Charlie Dean and one yard by Ray Casar. Dale Vica ran eight yards in the third quarter for the Demons' third touchdown, and Ben Hawkins plunged two yards in the fourth period for the fourth tally. Mike Boxwell passed six yards to Doug Luther for the final touchdown. Casar kicked the only conversion. Score by Quarters: Dumas 15 0 0 15-31 Perrillon 0 0 0 0-0

Texas Aggies Swarm Over Houston in 2nd Half, 28-6

COLLEGE STATION, Tex. (UPI)—A brilliant 86-yard kickoff return by sophomore Jesse McGuire, coupled with consistent gains by veteran backs Charley Milstead and Gordon LeBoeuf, carried Texas A&M to a 28-6 victory over the University of Houston Saturday night. With the Aggies holding a slim 7-5 halftime margin, McGuire took the kickoff opening the third period and danced his way down the sideline for 86 yards before being brought down from behind by Houston's Claude King at the 5.

Iowa Rolls Over MSU, 37 to 8

IOWA CITY, Iowa (UPI)—Defending Big Ten champion Iowa, stymied by a mistake last week, did not give Michigan State the same chance today and ran over the Spartans, 37-8, before a record homecoming crowd. Quarterback Olen Treadway, faced with a Michigan State defense that dared him to throw, pitched two first-half touchdowns to soften the Spartans and led Iowa to its first conference victory against one loss. Treadway had been a question mark during the first two games but he was firmly in command of the Hawkeyes' versatile offense against the Spartans. He hit end Don Norton with 31 and 17-yard touchdown passes in the first half. Then, he turned most of the offensive work over to fleet halfback Bob Jeter after the intermission. Jeter brought the crowd of 49,000 to its feet in the second half with a 85-yard kickoff return which set up still another Iowa score.

Broncos Grab Lead in 2-A

CLARENDON — The Clarendon Broncos grabbed the District 2-A lead here Friday night by blanking the Memphis Cyclones, 22-0. The win gave Clarendon a 2-0 district record, and a 3-3 mark for the year. White Deer and McLean are tied for second, with 1-0 records. Canadian and Memphis are tied for fourth with 1-1 marks. Clarendon meets White Deer this Friday, in White Deer. Wayne Mann scored two touchdowns for the Broncos in the first quarter Friday, going 11 yards on a keeper and 70 yards on a punt return. Dewey Wilson ran one yard for Clarendon's third touchdown, in the third period. Jim Robinson ran the conversions. The Broncos led in the statistics, as well as the score. Score by Quarters: Clarendon 14 0 0 14-0 Memphis 0 0 0 0-0

Willie Gets Three

NEW YORK (UPI) — Jockey Willie Shoemaker rode three winners, including Tick Tock in the \$7,500 Lincoln Park Handicap Friday, to increase his two-day "bag" of winners at Aqueduct Park to eight.

Rice, Florida Tie, 13-13

HOUSTON, Tex. (UPI)—Rice Institute grabbed a Florida fumble with less than five minutes to go and managed to come through with a 13-13 tie Saturday night, before 34,000 fans. The fourth inter-sectional battle between the two schools, which showed unusual dullness at times, saw both teams score in the second and fourth periods. Rice missed a chance for the all-important winning point when a bad pass by center Boyd King dropped on the conversion attempt by Bill Bucek after the Owls had tied it up with one minute and 42 seconds to go. The Galors, too, were cheated out of a chance for a second victory that could have meant victory when Owl right end Charley Pollard broke through and blocked Dick Allen's kick. Neither team could work up much steam in the third quarter until the Galors began their second touchdown drive just before the period ended. That drive went 58 yards in nine plays, with quarterback Wayne Williamson passing to right half Don Deal for the final seven yards.

Alert Purdue Blanks Badgers In Rain, 21-0

LAFAYETTE, Ind. (UPI)—Purdue's alert defense intercepted three passes and recovered four of five Wisconsin fumbles today to set up three touchdown passes by Bernie Allen for a 21-0 Boiler-maker victory in a rainstorm before 41,542 fans. The game was determined in the opening 13 minutes when Allen completed five of seven passes for 68 yards, including two touchdown throws of six and 22 yards to Len Jardine. One score was made possible when Allen intercepted Dale Hackbart's first pass on the Purdue 39, the other when Dick Brooks recovered Ron Steiner's fumble on the Wisconsin 25. Purdue was rock-solid on pass defense and covering punts, and Wisconsin could get its offense working only briefly in the second period before a steady rain began to fall. The Boiler-makers stayed on the ground in the sllme and Allen tried only one pass after the second play of the second period. That covered 12 yards to Joe Kubaicki with less than seven minutes to play for the third Boiler-maker touchdown. Score by Quarters: Purdue 14 0 0 14-0 Wisconsin 0 0 0 0-0

Peg O' Pampa

WENT OUT TO SEE the new Fords and Chevrolets last week and to sniff the bouquets of posies always present at such affairs. The new car fever hit us and as we sipped our coffee bit into a donut we reflected that the days of the first showing of new cars each year are almost national holidays. All the men take a "break" from work and go to the showroom. They peer they poke they prod they kick the tires and crawl in and out and discuss the leg room and trunk space and the horsepower and so on with their heads stuck into the yawning maw of some poor defenseless new auto that hasn't been born long enough to know the ways of humans and their curiosity about its innards. We hope all the new cars will have owners who love and appreciate them and take good care of them.

GOING ON AROUND TOWN is a lot of building and wrecking of buildings. We watched with fascination the erection of the fancy concrete-block facade for the new hotel a pretty pattern, and so easily constructed and we were glad to see that something is being done about the old shell of the La Nora theater building. It has been an eyesore now, ever since it burned. We have been seeing the Las Cresas girls in their gorgeous white leather jackets with the yellow crests on them. They are surely pretty. Nancy Bailey and Sue Barnett and Myrna Haiduk look especially nice in theirs. The club sponsored a real fun-dance after the football game Friday night held at St. Matthews Episcopal Parish Hall. Mrs. Edwin Hart about town she and her husband are the new owners of the Black Gold Motel. They came here from Amarillo. We heard some mighty nice things this past week among them was the news we overheard, that Pat Jones daughter of Clifford and Mary L. Jones was included in a special section of the annual or yearbook at Rice Institute where she is a Sophomore this year. She seems the year-book committee included a new section of photographs of students who last year did the most for the University and its student body. How nice to make one's mark so deep when only a freshman and Pat is the one to do it, too. Pretty and smart as they come. We were glad to hear about this and know you are, too.

MORE THINGS about the younger set. Sandra Walsh and David Gantz were named to the top ten best-dressed students on the West Texas State campus in a poll conducted by sorority and fraternity members. And probably no one but the parents will know the blood, sweat and tears that goes on between a college student and his or her parents about the proper clothing to wear and how much. The parents in this case being the H. T. Gantz and the C. W. Walsh. The right thing to wear to all campus functions can be a whale of a problem and usually about the time a girl gets to be a Junior, she manages to guess right from the start of the Fall term, the quantity she will need. We see by the paper that Travis elementary school has a Parent-Teachers Association with Mrs. Odell Strickland as Presy. Travis also has one of the nicest teachers Stella Kiser and she is a very fine teacher from the discipline standpoint, also. Parents of children in her classes should be aware that their child has one of the best.

AND SPEAKING OF TEACHERS we hear nice things said about Mrs. M. Roy Sullivan who teaches music at the Austin elementary school. Even the first and second graders get in on the music instruction and the small-fry like Mildred very much. And look forward to music once a week with excitement, indeed. The Sullivans have a lovely home out on Linda Drive overlooking the park and speaking of that park look what "grew" there this past week. All sorts of shrubbery a veritable forest, indeed. That park will be a showcase for the Garden Clubs, if they don't watch out.

ERRATA. As you know, the party in the Skeets Roberts' Barn that we reported last week, was rained out. But you know that this column has to be written in advance so please forgive us our trespasses against the "truth" now and then. The Damaris Holts the Dick Pughs and the Albert Reynolds, as well as the Skeet Roberts' were hosts and hostesses and it was held last week indeed and also last week was the first concert and we enjoyed it very much and coming up next week, on Tuesday, to be exact is the first Knife and Fork Dinner of the year. Dr. James Jauncey will be speaker quite a diverse personality we suspect, considering the biographical data we have seen reared in the Australian Bush country holder of ten academic degrees technical advisor to the Australian government scientist at White Sands Proving Grounds in New Mexico minister engineer, etc. His topic is "The Amazing World of Tomorrow" we suspect that members of the club will be out en masse to hear him perhaps the J. E. Cheno-weths and the Clinton Evans and the Jack Skellys and the Gordon Lyons and the Ralph Sidwells and, speaking of the Sidwells we noticed an absolute furor of activity about their house some days ago and note that they have some new and exciting landscaping done. It looks different and very attractive and we have also noticed, up in that "neck of the woods" that the Charles Russells had a lot of firewood piled up and that in the recent chilly-rainy spell, the wood dwindled at a great rate. They must really enjoy their fireplace!

MORE 'N' MORE sounds like Ben Hamilton will have a very, very busy time next summer as baseball commissioner for the Optimist Clubs in charge of the Pony League, Farm League, Little League, and Teenage League baseball programs. Wow, what a job. Suppose he followed the World Series, as we all did. Casting about in our mind for more news, we have discovered a hitherto unused bit. General exodus it was on Tuesday for members of the Parent-Teachers Association workshop held in Memphis. Zee Holloway Katy Key Per Stubbe and Georgia Mack were amongst those who attended from here. One of the cutest little first graders we have noticed is Mary Pung she looks so cute, walking to school importantly, carrying her book satchel such a confident-looking little Miss and before we forget it, Pampa friends are saying goodbye to Bob and Jody Rugeley. In fact, there was going-away coffee given for Jody and friends in the home of Mrs. Jess O'Brient last week. The Rugeleys are moving to Houston and Jon and Joan Jones are leaving Pampa, also moving to Tuscaloosa, Alabama, we hear. So it goes. People moving all the time. Hope you stocked up on light bulbs the past week during the Evening Lions Club campaign. B. G. Gordon was up to his neck in "blubs" as the small fry seem to insist on calling them. There will be no bulb snatchers now in our house as a parting shot. Don't forget the Table Setting Contest, Beta Sigma Phi sponsored, coming up soon. More about that later.

Love,
Peg

National Posy Picking Poll

Candidates

- ★ Black-Eyed Susan
- ★ Camellia
- ★ Carnation
- ★ Chrysanthemum
- ★ Corn Tassel
- ★ Daffodil
- ★ Geranium
- ★ Gladiolus
- ★ Golden Rod
- ★ Grass
- ★ Lilly-Of-The-Valley
- ★ Magnolia
- ★ Marigold
- ★ Mountain Laurel
- ★ Orchid
- ★ Peony
- ★ Rhododendron
- ★ Rose
- ★ Shasta Daisy
- ★ Tulip

Voters

UPPER LEFT — Reflecting youthful preference for a National Flower will be votes cast by the teen-age population. Casting their ballots early this week were the three presidents of the local girls' clubs; left to right Miss Nancy Bailey, Las Cresas Club; Miss Gay Vanderburg, Kit Kat Klub; and Miss Mary Sturgeon, Sigma Delta Sub Deb Club.

CENTER — Pampa Garden Clubs, backing the national election to select a national posy, are represented by their presidents, left to right, Mrs. H. H. Boynton, Pampa Rose Society; Mrs. Raymond Welch, Top O Texas Garden Club; H. H. Stull, African Violet Society vice president; and Mrs. Dona Cornutt, Pampa Garden Club.

LOWER RIGHT — All age groups are to be included in the poll as evidenced here by the voting of Senior Citizen, W. B. (Uncle Billy) Frost; Boy Scout Don Curry, son of Mr. and Mrs. Bob Curry; and Girl Scout Patsy Holloway, daughter of Mr. and Mrs. J. R. Holloway.

National Posy Platform

The most unusual election in the town's history is taking place throughout the month of October. The political campaigns do not involve a single speech and there are absolutely no party platforms. All the candidates are beautiful. They are all flowers. Every local citizen is empowered to cast his ballot for the posy of his choice in the unique National Flower Election taking place throughout the United States during October. The election, conducted by the 11,000 members of Florist's Telegraph Delivery Association, will register the floral preferences of the American public for guid-

ance in their consideration of an official U.S. flower. Polling places have been set up at every FTD florist's shop with ballots and ballot boxes available to receive the votes of the nation. Ballots will be forwarded to a central clearing house and tabulated by independent accountants. The results of the national posy picking will be passed on to appropriate congressional committees now dealing with the choice of an official National flower. A blank space permits the voter to "write-in" the name of any other flower which suits his fancy.

Franklin-Northcutt Say Nuptial Vows In Rites

Double-ring wedding vows were repeated by Miss Zelma Rea Franklin, daughter of Mr. and Mrs. W. B. Franklin, 915 Fisher, and Teddy Woodrow Northcutt, son of Mr. and Mrs. B. B. Northcutt of Hereford, on Oct. 3 at 3:30 o'clock in the First Baptist Church with Brother R. L. Elkens as officiant.

Baskets of white gladioli, red wedding bells and white wrought-iron candelabra holding red tapers formed the wedding scene. The couple pledged vows before a white satin-covered prie dieu. The bride aisle was marked with a white aisle cloth, white wedding bells tied with ribbon.

BRIDE

Given in marriage by her father, the bride wore the wedding gown which had been worn by her twin-sister, Mrs. Earl W. Evans, at her June wedding. The floor-length gown was of imported handclipped Chantilly lace and tulle over taffeta fashioned at the high neckline with a lace collar dusted with tiny seed pearls and long, tapering sleeves which came to bridal points over the hands. The molded bodice, fastened down the back with tiny covered buttons, dipped to a V in front and back and was enjoined to a bouffant skirt inserted with lace panels sprinkled with seed pearls, and a deep scalloped lace hemline. The dress was designed and made by the bride's mother.

The Veil of Illusion was secured to a white lace scalloped half-hat edged in pearls and dusted with tiny pearls.

The bride carried a white Bible, which was a gift of appreciation from YWA at college, which she served as president. The Bible was covered with Chantilly lace topped with an arrangement of gardenias and white roses.

ATTENDANTS

Mrs. Evans, bride's twin-sister, served as matron of honor wearing a red velveteen princess-style dress draped around the neckline with white chiffon which fell in soft folds to the hemline in back. Red shoes and a white bow headband complemented her costume. She carried a bouquet of white carnations arranged in a red ball.

Miss Nita Swindell, college roommate and Miss Sally Pullan were bridesmaids in white chrysalis de peau dresses fashioned with fitted bodices, full skirts of unpressed pleats, encircled at the waistlines with red velvet sashes. They wore matching red velvet headbands and carried red carnations arranged in white wedding bells.

Earl W. Evans of Long Beach, Calif., served the bridegroom as best man. Groomsmen were Bill Dufer, Wayland Northcutt, bridegroom's brother, Ushera were Darrell Franklin, bride's cousin; Ray Northcutt, bridegroom's brother.

Miss Alvina Tabor, bride's cousin, was flower girl wearing red velveteen designed with a full, flared skirt topped with a white velvet sash; fitted bodice with a Peter Pan collar edged in white lace, and a red carnation headband. She carried a white wedding-bell petal basket.

Jerry Dale Franklin, bride's cousin, carried the rings to the bridal pair on a tiny heart-shaped, lace-covered pillow.

Miss Eloise Lane, at the organ, provided the nuptial airs. Mrs. Lonnie Richardson sang "Through The Years" and "Where He Leads Me, I Will Follow." The bride and bridegroom sang "Because" to each other at the altar.

Miss Sue Northcutt, bridegroom's sister and Ricky Butler,

Mrs. Teddy Woodrow Northcutt
(Smith Studio Photo)

of-town guests at a dinner in the home of the Franklins on Saturday noon following rehearsal.

Out-of-town guests were Messrs. and Mrs. Bill Dufer of Amarillo; Herbert Lemay and family, Portales, N.M.; Glendon Harrison and family, Albuquerque, N.M.; Allen Young and Lonnie of Skellytown; W. O. Franklin, Darrell, David and Jerry; Everett Butler, Elene, Ricky and Chris, all of White Deer; Alvin Tabor, Kenneth, Carroll and Alvina of Panhandle; B. B. Northcutt, Ray Wayland, Sue of Hereford; Earl W. Evans of Long Beach, Calif.; Mmes. Fred Miller of Amarillo; Charles Hahn, Charla Kay and Perry of Oklahoma City, Okla.; Messrs. Tom Tom Welch, bridegroom's grandfather of Clovis, N.M.; B. A. Franklin, bride's grandfather of Little Rock, Ark.; Bro. Rhea Raines, Bro. R. L. Elkens of Law; Misses Nita Swindell of Balmorhea, Patsy Powers of Childress, Daisy Brown of Benjamin.

Assisting with the reception were Mmes. Owen Johnson, Orville Franklin, Everett Butler, Allen Young, Elene Butler, Jahece Franklin, Jessa Franklin.

For a wedding trip to Amarillo, the bride traveled in a red velveteen dress with white accessories. She wore a gardenia corsage.

Mrs. Northcutt was graduated from Pampa High School and is a junior student at Hardin-Simmons University, Abilene. Mr. Northcutt was graduated from Hereford High School and is a junior student at Hardin-Simmons, where he is studying for the ministry. They will make their home in Abilene until they are graduated.

REHEARSAL DINNER
Mr. and Mrs. Franklin, Mr. and Mrs. Northcutt entertained members of the wedding party and out-

Parent Education Club Planning Guest Day Trip To Cal Farley's Boys' Ranch

Parent Education Club met Tuesday afternoon in the home of Mrs. Bob Carmichael, 1708 D.O.S. road.

Roll call was answered with each member giving a rule on traffic safety or driver education. The program was presented by Mrs. Gene Groom and Mrs. Jack Osborne.

In preparation of the trip to Boys Ranch as a guest-day meeting to be held Oct. 20, Mrs. Groom gave a biography of Cal Farley, Founder of Boys' Ranch. "In 1934, Mr. Farley started the Maverick Club in Amarillo, which provided organized sports for boys to keep them off the streets and also provided them with clothes, hair-cuts, shoes and special medical attention," Mrs. Groom began. "The club had a membership of 1,400 boys at the end of the first year, but Mr. Farley still felt that the club did not serve the need of the one-in-ten-boy, or the 'bottom of

the barrel boy.'"

"Mrs. Groom continued, 'What this tenth boy needed was a real home with affection and discipline, which could alter permanently the direction of his life. And so, in the Spring of 1939 with five boys and a cook and 120 acres of abandoned ranch land, Boys' Ranch was born.'"

"Before long, Cal Farley found himself swamped with the needs of hundreds of boys who might otherwise land in reform school. Today, Boys' Ranch is a thriving community of 240 boys, 36 buildings, and 8,000 acres, sustained entirely by voluntary contributions from which 1,500 sons have emerged as decent citizens," Mrs. Groom concluded.

Mrs. Jack Osborne presented the second half of the program on "Questions Boys Ask." She pointed out that "the most universal question, although seldom asked directly, is 'how can I be popular?' A child is not born with popularity built in, but probably inherits some traits that cause popularity. Popularity is the product of the environment and influence which have surrounded him since he was born. The three main traits are good appearance, congenial personality, being honest and decent."

A second question asked by boys, discussed by Mrs. Osborne, was "Should I Be Given Money Or An Allowance." She suggested that "an allowance seems to be the answer to the question, because the boy then knows how much he can spend and how much he has spent. Learning to live on a fixed income is one of the most valuable lessons for a boy to learn and this is a way in which it can be taught."

To illustrate that a parent's perplexity with their children is an age-old problem, Mrs. Osborne ended with a quotation written by an Egyptian priest 4000 years ago: "Our earth is degenerate in these latter days. Children no longer obey their parents. They show disrespect for elders, gobble up their good at the table and tantalize their teachers. The end of the world is near."

SOCIAL CALENDAR

Doris E. Wilson

Pampa News Women's Editor

On a particularly quiet afternoon this week, we were sitting at our desk letting our thoughts idle a bit, when the managing editor, Jim Lacy, tossed a sheath of correspondence on our desk with the remark: "What do you think of this?"

Admittedly disinterested at first, we casually glanced over the releases, thinking perhaps someone had built a better mouse-trap that they wanted plugged; or that the American Feline Society wanted mention made of Cat Week, International on Nov. 1-7.

Instead, our complacency with our own little world in particular and with the whole world in general, exploded like an atom. The correspondence revealed that the United States has no official flower, and, further, among major nations, the USA and the USSR are the only nations which have no official flowers!

Indignant over this gross congressional oversight, we immediately launched into a one-woman campaign, Carrie Nation-type (not to be confused with carnation for we don't want to influence your ballot) to bring the lapse of floral lack to the attention of our readers.

This business of selecting an official flower is not exactly a new problem with Congress. In fact, the first hassle began 20 congresses ago on the eve of you guessed it, the eve of Women's Suffrage in 1919. Since then 45 congressional sessions have been unable to select a national flower. Unable to reach an amicable solution, since each congressman has his own

Lazy housecleaning turns you into a scrubwoman once or twice a year. One way to cut corners is to utilize all vacuum cleaner attachments. For example, the dusting brush cuts down polishing work with a cloth.

state flower to promote, it was decided to toss the decision to the American public and let them decide.

This month from Oct. 1 to Oct. 31, a specially prepared ballot is awaiting your marking at the three Florist Telegraph Delivery Association shops in Pampa. The ballot lists 20 flowers and plants com-

monly grown in the United States and there is space for a write-in preference in case none of the 20 listed meets your floral fancy.

"Americans are urged to vote early," an FTD spokesman has explained. "The balloting is open to everybody of all ages. There is no age limit nor any poll tax. Just stop by your local FTD shop before Oct. 31 and cast your ballot."

The final tally will be computed by an impartial vote-counting agency and the results will be turned over to Congress for final decision, which will be announced in January, 1960.

We noticed that grass is listed on the ballot sheet. If crabgrass by some odd-ball chance should win the election, bet we'd have the most American backyard in town!

Treble Clef Guest Night Features Book Review By Mrs. H. V. Wilks

Treble Clef Music Club held its Guest Night on Tuesday evening in Lovett Memorial Library.

The book, "Puccini" by Mosco Carner was reviewed by Mrs. H. V. Wilks, who stated that the book is of foreign publication and cannot be bought in the United States. She pointed out that the writer spent six years writing the book, which is made up of three parts: 1) The Man; 2) The Artist; 3) The Work.

In opening the review, Mrs. Wilks said that Puccini was the fifth generation of a musical Italian family. "At the age of 14, as church organist on Sunday, he spent his week's time playing in the town tavern. He sold pipes from the church organ, one at a time, to keep the audience unaware he made money to spend on cigarettes and liquor. At the age of 18, with friends, Puccini walked 20 miles to see the opera 'Aida.' This event changed the destiny of Puccini as a musician."

"Puccini was a great opera composer. His works are played more than any one other composer," Mrs. Wilks observed. "But as a man, he was a splintered, neurotic personality. He lacked religious feeling and background."

Worked into the program as part of the review were the following presentations: Scortie - frumme ettero from "Il Tabarro" sung by Ben E. Gollehon, accompanied by Mrs. Fidelia Yoder; Every Flower from "Madame Butterfly" sung by Mrs. John Conway and Mrs. Lonnie Richardson.

At the conclusion of the review, it was announced that the book is being placed in Lovett Memorial Library by the Treble Clef Club in memoriam of H. A. Yoder.

Special guests were Meses. J. D. Webb, W. H. Smith of Abilene, Tom Atkin, R. B. McClure, W. R. Aigner, Misses Florida Young, Betty Boswell, Mesas. T. M. Bridges and Tracy D. Cary.

To Wed In December

Miss Jane Emma Ramsey

Jerry C. McNaughton And Jane Ramsey Announce December Marriage Plans

The First Methodist Church of San Augustine will be the scene of the wedding of Miss Jane Emma Ramsey, daughter of Mr. and Mrs. Charles Smith Ramsey of San Augustine and Jerry Clyde McNaughton, son of Mr. and Mrs. Joseph Clyde McNaughton, 1205 Terrace, on Tuesday, Dec. 29 at seven o'clock in the evening.

The Rev. Richard W. Jenkins of Katy and the Rev. Donald R. Box of San Augustine will officiate at the ceremony.

The bride-elect is a student at Texas Christian University where she will receive a degree in nursing education next June. She is descended on the maternal side from the late Mr. and Mrs. John M. Simmons of Mountville, S.C., and on the paternal side the grandparents are Mrs. William Charles Ramsey and the late Judge Ram-

DEAR ABBY....

By Abigail Van Buren

DEAR ABBY: Boy, have I got a problem! I am 26, my husband is 33 and my "problem" is his 41-year-old female boss. She is an overweight bleached blonde who wears her clothes so tight she looks like a stuffed sausage.

No matter where my husband and I go, this blonde cow is there. It is more than a coincidence because we haven't gone out once in the past six months without "running into" her.

She moves right in and spends the whole evening talking to and dancing with my husband. I might as well not even be there. I am getting sick of this. My husband claims he doesn't know how she gets into the act. Please help me before I get jailed for assault and battery and disturbing the peace.

FIGHTING MAD

DEAR ABBY: If you want to keep this woman out of the act, you'll have to find a new location. Make your plans on the spur of the moment, and then pick an out-of-the-way spot. If no one knows in advance where you'll be, neither will she.

We have talked to the Child Welfare people and they say they won't place a foster child in your home. But we are afraid it would hurt too much to take a child and then, after getting attached to it, have to give it up. We don't have much money, but we could give a child lots of love and a good, happy home. Can you help us?

LOVES CHILDREN

DEAR ABBY: If you have a Family Service Association in your community, contact them. If you have not, call your Chamber of Commerce and ask them to put you in touch with the adoption agencies in or near your town.

CONFIDENTIAL TO MRS. D. D. G.: Would you allow your child to eat garbage? Then why do you permit her to read such trash? Replace those 4-letter-words with another 4-letter word - "LOVE" - and give her something worthwhile to read.

What's your problem? For a personal reply, write to ABBY, care of this paper. Enclose a stamped, self-addressed envelope.

DEAR ABBY: My friend and I get along very well but I need your help on something.

Whenever she is talking to me, in order to express herself either more clearly or emphatically, she hits me on the arm. I don't think she realizes she does this. I have painful bruises after spending a few hours with her.

Is there any way I can get her out of this habit without telling her outright?

BRUISED

DEAR ABBY: What's the matter with telling her outright? You can be quite loving in spite of your frustration. If she's being unaccountably, she'll want to know.

DEAR ABBY: We have been married over seven years. We have never been fortunate enough to have our own children, although the doctors have told us that we are both physically able.

Opti-Mrs. Begins Plans For Bazaar

Opti-Mrs. Club held its regular meeting on Tuesday evening in the Boys' Club Building with Mrs. Bill Dodd as hostess.

Mrs. W. A. Gipson, president, presided during the business meeting.

Mrs. J. C. Hopkins of Roberts's Flower Shop gave a demonstration on flower arrangements.

Plans were made for a Family Halloween Party to be held on Oct. 24 in the Boys' Club Building.

Arrangements were discussed for the annual bazaar, which will be held early in December.

The following new members were welcomed into the club: Meses. Bill Simms, John Cowan, Bill Brady, Curtis Griffin, Truman Lowrance, William Leonard, Kent McDonald and Hank Huntley.

Members present were Meses. Homer Hollars, Ray Browning, Bill Jenkins, W. A. Gipson, Jerald Sims, Norma Schale, James Lewis, Clifford Dunham, Ed Lowrance, V. G. Frasier, Bill Stephens, Bill Dodd, Clay Crossland, Larry Parsley and Newt Secrest.

Presbyterial To Hold Fall Meet

The annual fall meeting of the Amarillo Presbyterial for the Pampa District will convene on Thursday, Oct. 15 in the First Presbyterian Church, 525 N. Gray.

Registration will begin at 8:45 a.m. in the Educational Building of the Church. Luncheon will be served at noon and there will be a nursery.

Mrs. W. Felston Christopher will deliver the keynote address. Mrs. Christopher, who serves on the Board of Christian Education of the West Central Area, makes her home in Kansas City, Mo.

The meeting theme is "We Train to Demonstrate His Love." We train to demonstrate His Love through the scriptures for preparation study from Ephesians.

Mrs. J. D. Barker, Canyon, serves as president of the Amarillo Presbyterial program chairman. Mrs. W. J. Chambliss, Pampa, will serve as chairman for the day for the district meeting.

RUTH MILLETT

How does a parent let his child know that he realizes the child is finally grown-up? He does it in many little ways, all of them important in establishing a new relationship of equality.

The parent doesn't offer the grown son or daughter advice unless it is asked for. And then it is given in a "take it for what it is worth" manner instead of with the old, parental, "do it because I say it is right" attitude.

The parent stops criticizing and trying to improve the child, knowing that the time for molding of character or personality is past.

The parent treats his son's or daughter's ideas with respect, instead of dismissing them as nonsense. If he doesn't happen to agree, he may say, "I don't agree," but he doesn't try to force his ideas on the son or daughter.

The parent no longer has to pretend to be all-knowing. He can begin to relax and admit he is as prone to error as the next person.

The parent gives up trying to influence his child by showing displeasure.

The parent doesn't criticize his son's or daughter's choice of friends. He may be more enthusiastic about some than about others, but he keeps his criticisms to himself.

The parent doesn't try to make life easier for the grown child by taking on his responsibilities, financial or otherwise. He stands ready to help, if he can, in a crisis, but he doesn't feel the child who is grown and on his own has to have his constant help.

The parent, in short, stops acting like a parent and begins to behave like a friend.

It may seem simpler to yank an appliance cord instead of teaching for the plug to disconnect. But the cord will last longer if you pull on the plug. It is safer, too.

Calvary WMU Circles To Meet In Districts

Calvary Baptist Women's Missionary Society met Wednesday morning in the church with Mrs. Floyd Haught, president, in charge of the business meeting. Opening prayer was led by Mrs. T. M. Winegart. Reports were given by Mrs. Robert Willis, secretary, who also gave the financial report.

The Society discussed the organizing of circles by districts and it was decided that there will be four day circles and three night circles; the day circles will meet by districts.

Mrs. Linden Sanders was elected to be caretaker of the crystal belonging to the WMS.

Following the business meeting, a mission program was presented by Mrs. Ennis Hill on the topic, Hong Kong, China.

Mrs. B. W. Mitchell gave the devotional-taken-from-scripture in Matthew. Mrs. W. E. Walker talked on "I Give Myself." Mrs. Linden Sanders' topic was "Laying Foundations in Hong Kong."

Mrs. Wilda McGahan, prayer chairman, read the weekly Bible readings and gave the names of missionaries to the prayed for this month.

Mrs. Jack Robertson led prayer for missionaries and closing prayer.

During the social hour, Mrs. Iva Chet, dressed in Chinese costume seated on a cushion before a low table, served tea and cookies spiced in Chinese fashion.

Fifteen members were present.

Model Meet Held By ESA Sorority

Epsilon Sigma Alpha Sorority held a model meeting for its pledges in the City Club Room on Thursday evening. Pledges present were Meses. Murray Castleberry, John Hatcher, W. L. Stark, E. W. Hogan, James Lewis and Ann Cohen.

Mrs. Eugene Leigh, graphologist, presented the evening's program on the analysis of handwriting.

Members present were Meses. Frank Baker, Jack Hankle, O. J. Engle, Burton Doucette, Kay Howell, Eugene Bentley, Laura Madue, W. J. Chambliss, Parks Brumley, W. W. Reek, John Nutting, Melvin Watkins, Harold Payne, Lowell Stevens, Lucille Foster, Bruce Parker, Max Hickey, Margaret Dial and Tom Lindsey.

Refreshments were served during the social hour by Meses. Engle and Doucette.

A Preferential Tea will be held on Oct. 11 at 3 p.m. in the home of Mrs. Charles Robison, 1200 Charles, honoring pledges.

BETROTHED

Mr. and Mrs. W. W. Cooper of Panhandle, formerly of Turkey, announce the engagement and approaching marriage of their daughter, Deanna Mae Cooper of Canyon to Wendell Seitz, son of Mrs. Alma Seitz of Mobeetie and the late Charlie L. Seitz. Wedding vows will be exchanged on Oct. 23 in St. Ann's Catholic Church in Canyon. All friends and relatives are invited.

District Workshop Held In Memphis

District 19 Parent Teacher Ass'n met Tuesday in the First Methodist Church in Memphis with 125 parents, teachers and educational administrators in attendance. Representatives from home, school, church and community analyzed individual responsibilities, but the entire group, in an open discussion, concluded that cooperation between all agencies and units interested in the welfare of children is necessary for the complete training of children and youth.

Mrs. James E. Lewis, 121 N. Faulkner, District 19 president, outlined the study question for the day, "Education... Whose Responsibility?" Charles Eads, of Amarillo, Lamar School principal moderated a panel discussion with participants Miss Esther Sorenson, Plainview, Texas Education Agency supervisor; Mrs. Elaine Le-d-better, chemistry teacher, Pampa High School; Mrs. George Colard, Spearman, homemaker; and the Rev. Don Blake, pastor of the Shamrock First Christian Church.

Memphis PTA was hostess for a Morning Coffee during registration and for a luncheon during the noon hour. The United Nations was used as a decoration theme and featured flags of all nations.

Mrs. H. F. Atrocue of Frith, Mrs. George Bonecutter of Stinnett, directed the conference arrangements.

Effect Of Ecumenical Missions Topic For Presbyterian Women's Group

Presbyterian Women's Organization met Wednesday morning in the Educational Building for a Fellowship Coffee and program. Mrs. Glenn Ritchhart, president, presided during the business meeting.

Mrs. J. B. McCrery led group singing with a song which used words from the Purpose of the Association as its lyrics. Mrs. F. D. Heckman read excerpts from the Yearbook of Prayer.

Mrs. W. J. Chambliss, secretary, read minutes and recommendations from the executive board, and President Dwight Eisenhower's proclamation for World Day of Prayer.

Other business transacted during the meeting was the year's budget presented by Mrs. Frank Smith, treasurer. Mrs. W. M. Lemmons was named to fill the vacancy of the mission secretary, which was created by the resignation of Mrs. E. L. Henderson.

Mrs. Ritchhart announced the fall Presbyterial will be held in the First Presbyterian Church on Oct. 15 beginning with a Conf-

...fee at 8:45 a.m. and the program from 9:15 to 3 p.m.

Dedication of the Fellowship of the Least Coin was conducted by Mrs. Homer Johnson.

Devotional topic was given by Mrs. E. Henderson, who pointed out that "as the world shrinks in distances, we have become a One World Family, but we still are not of a One Family Unit."

Mrs. Fidelia Yoder, program leader, moderated a panel consisting of Mrs. R. S. Rugeley, who discussed Latin America; Mrs. Michael Wilson speaking of Africa; and Mrs. Cameron Marsh who informed about Asia. The panel summarized what is happening in each of these locales socially and economically as affected by ecumenical missions.

Mrs. Yoder concluded the program with a quotation, defining ecumenical missions as "the whole church in, the whole world, releasing its whole life in dynamic mission with the purpose of entering dis-fall Presbyterial will be held in the First Presbyterian Church on Oct. 15 beginning with a Conf-

PJS Unit Host To Council Meet

PTA City Council met Monday morning in Pampa Junior High School for its monthly meeting with Mrs. R. A. Mick, unit president, and Cameron Marsh, school principal, as hosts.

The program was presented by Mrs. Elmer Darnell with Mrs. Jean McCartney introducing a skit, "PTA, Past And Present." Taking part in the skit were Meses. R. H. Alexander, Glenn Dearborn, Roy Jones, J. H. Trotter, R. A. Mack, all of P.J.H.S.

During the business meeting conducted by Mrs. Julian Key, council president, the new Travis PTA unit was welcomed and introductions were made of Wendell Ait-miller, Travis school principal, Mrs. Odell Strickland, unit president; and Mrs. C. G. Goodwin Jr., council representative.

The resignation of Mrs. R. F. Foraythe as secretary of the council was accepted and Mrs. E. L. Henderson was elected to fill the vacancy.

Mrs. Key stressed the state convention to be held in Dallas in November and announced plans for a parliamentary procedure course to be scheduled this fall.

Mrs. Bill Jenkins Named Sweetheart

Upsilon Chapter of Beta Sigma Phi Sorority met for its regular meeting on Monday evening in the City Club Room with Mrs. Wiley Davis, president, presiding over the business meeting.

Mrs. Davis made announcements concerning the area convention to be held in Dumas on Oct. 25.

Mrs. Charles Ingram gave a City Council report regarding the United Fund Drive.

Mrs. Bill Jenkins was chosen to represent the chapter as Valentine Sweetheart.

The program was presented by Mrs. Charles Jeffries and Mrs. Earl Barnett, who gave a summary, purpose and scope of BSP and outlined a model meeting.

Hostesses for the evening were Mrs. J. P. Adams and Mrs. Bill Ellis who used a pink and red color scheme to complement the Hawaiian theme carried out in the fruit centerpieces and refreshments.

Special guests for the meeting were the following rushes, Mrs. Carl Ames, Edwin Flood, Paul Howard, R. F. MacDonald, Clayton Moore, Russell West, Roy Whisenhunt and George White.

Members attending in addition to those mentioned were Mrs. H. W. Bowerman, Betty Cooper, Ernest Fletcher, Bill Garrett, Max Garrett, Bill Grant, June Griffith, Henry Gruben, S. Gene Hall, Rufe Jordan, Max Louvier, John McCausland, Jere Sanders, James Scholl and C. S. Youngblood.

Lee PTA To Meet Thursday

Robert E. Lee PTA will meet Oct. 15 at 2 p.m. It has been announced by Mrs. J. R. Holloway, unit president.

It has been arranged for parents to visit the seventh grade students in their home rooms from 2 until 2:30. The general meeting will convene at 2:30.

Mrs. Don Cole will be the program leader and Doug Skaggs will give the Thought For The Day.

Mrs. Holloway will preside at the executive board meeting to be held at 1 p.m. the same afternoon.

Members of the Lee PTA who attended the workshop held in Memphis on Tuesday were Mrs. Holloway, Elmer Darnell, Bob Andis, and George Cree Jr.

The executive board also reports that the Lee Family Night held recently was attended by a record crowd of approximately 1250 parents and friends.

Special dinner music was provided by voice students under the direction of Mrs. James Webb. Students appearing were Cheryl Hall, Sharon Mitchell, Sue Price and Ann Evans. Jonlyn Mitchell and Carol McBroom were the accompanists.

BAZAAR CHAIRMEN — Mrs. Gerald Doggett and Mrs. Howard Johnson, left to right, are serving as chairman of St. Matthews Episcopal Church annual Christmas Bazaar, which will be held on Nov. 13 in the Episcopal Parish Hall, 727 W. Browning.

Plans For St. Matthews Annual Bazaar Get Underway For November Opening

The Christmas Bazaar, sponsored annually by the women of St. Matthews Episcopal Church, will be held on Friday Nov. 13 in the Parish House, 727 W. Browning. Plans are being made to hold the Bazaar from 9 a.m. to 9 p.m. Luncheon will be served during the noon hour, as well as dessert and coffee in the evening.

"Much work and enthusiasm already has gone into the preparation for this year's bazaar, which promises to hold answers for the holiday-minded shopper," Mrs. Gerald Doggett, general chairman and Mrs. Howard Johnson, co-chairman, report.

"The bazaar itself should be a delight to see this year," Mrs. Doggett states. "Mrs. Billie Davis is in charge of bazaar decorations and plans a most intriguing and clever theme to carry out in the decoration."

Other plans outlined by the two chairmen are the Toy Booth, headed by Mrs. Stanley Horn, which will feature stuffed toys of all descriptions, elephants, dogs, horses, rabbits, mice, the three little pigs and the wolf. There will be yarn dolls and Katherine Reeve is busy making life-sized Raggedy Ann. The bazaar will feature, too, a Wishing Well, which is fascinating to all youngsters," the chairmen report.

The Holiday Decorations committee is in charge of Mrs. George Casey, who plans her booth to feature Holiday table-cloths, mistletoe kissing-rings, tree ornaments, mantle centerpieces with

the ever-popular Food Department will offer a variety of delicious and tempting specialties. Mrs. Foster Elder is in charge of baked goods; Mrs. Jay Meador, candy; Mrs. George Neef, pickles and jellies; Mrs. Tom Price, other foods. A deep freeze, furnished for the occasion by Joe Hawkins Appliance Co. will store homemade bread, cakes, pies and other foods for holiday dinners.

"The public is cordially invited," Mrs. James Dailey, president, has announced, "and we hope that everyone will find an opportunity to visit the bazaar on Friday, Nov. 13 between the hours of 9 a.m. and 9 p.m."

Travis PTA met Thursday afternoon in the school auditorium with Mrs. Odell Strickland, president, in charge of the meeting which opened with prayer by W. R. Altmeier, school principal.

The program was presented in the form of a skit, "PTA, Past and Present."

Guest speakers during the afternoon were Fire Chief Ernest Winborne on "Fire Prevention Week" and Miss Kay Howell, Girl Scout director, on "The Need For More Girl Scout Leaders."

Room count prize was won by Mrs. Frances Duncan's room; door prize by Mrs. Charles Elliott.

It was announced that Mrs. Russell E. Neaf's class has 100 percent PTA membership.

Refreshments were served during the social hour by Mrs. M. M. Jones, Carl Leidecker, D. D. Tidrow, W. L. Bruce and M. Z. Silver.

MATURE PARENT

EDITOR NOTE'S: Mrs. Muriel Lawrence is on vacation. This is the last of six articles that will appear during her absence, reprinted by permission of Random House, Inc., from "The Happy Child," by Irene M. Josselyn, M.D., Copyright, 1955, by Irene Milliken Josselyn.

A temper tantrum is difficult to handle. Parents and their possessions may be in a dangerous spot. Parents have a right to protect themselves and their things from destruction. This frequently can be done by restraining the child.

However, restraint often increases the temper tantrum because it prohibits the one outlet the child has found. For this reason a child or his valuated possessions.

But when real injury or destruction threatens, even though restraint may lead to increased anger, it has a value to the child himself. If he is not prevented from injuring valued belongings, other people or their possessions, once his rage has passed he may be overwhelmed with guilt for what he did in irrational anger.

This guilt only adds another burden to his already strained self-confidence. He will be sufficient, if not excessive guilt over his magnanimous rage anyway. There is no need to increase it.

After the storm has subsided, the fewer comments the better. If parents can say casually and reassuringly that they can understand the rage and know how hard it is when something just can't be done, it may have some effect in reassuring the child.

But a long lecture on the subject, a sanctimonious sermon on the futility of the temper outburst, or an oration on the theme of parental love does little except to rearouse irritation or create unnecessary shame or guilt for the child. His self-confidence needs rest, not further needling.

If the tantrum was exploded by the refusal of the child's request, the outburst should not be rewarded by a reversal of the parents' point of view. Such a reversal teaches the child that he can get what he wants by having a temper outburst.

Also, by such behavior the parents become unpredictable. Faced with a refusal, the child does not know what to expect as a result.

The resultant temper tantrum is then not only a technique for gaining his end but is also an indication of an uncertainty that has resulted from parental vacillations in the past. The child protests loss of the bedrock of parental consistency he needs to build his world.

Later, the mother explained her daughter's confusion about her father's place of employment (he works for a packing plant) and her choice of color for a horse this way: "Excitement — this has been a great day for her and her sister who waited two years for their turn on the Whizzo show."

Such excitement Happy tries to handle in the manner of Frank Wizarde, star and producer of the Whizzo program.

"Frank is a master psychologist with children as well as being an extraordinary performer," Lynn, who was a psychology major in college, said.

On camera, Lynn, who is only 4 feet, 11 inches tall, doesn't look short because of the size of her preschool-age guests. But for her regular appearances as an alternate hostess to KMBC-TV's Happy Home program she wears built-up shoes.

One kiddie clown told Happy she was a mule and "always will!"

Dord Fitz Gallery in Amarillo and Seventh District Fine Arts Exhibit. She won best of show at North Plains Fair in 1957. Her study was included oil and charcoal.

The paintings will include 7 portraits, 7 still lifes and 4 landscapes. Some of the paintings will be for sale, and 20 percent of the proceeds will go to the Jennie June Club Project Fund, which this year is additional equipment for the Perry Memorial Library.

Mrs. Lynn Rowan as "Happy Hobo" poses with two fellow guest clowns during her TV show. "It's fun but what a pace," she says.

Housewife Delights Lollipop Set Clowning On TV As "Happy Hobo"

BY MARY KAY FLYNN
NEA Staff Correspondent

KANSAS CITY, Mo. (NEA)—A tiny hobo-clown in a Prince Albert coat (her great uncle's) and tattered accessories, is small fry TV fans here what Mrs. Santa Claus is to the North Pole.

When their idol Whizzo is away, attractive Lynn Rowan, 33-year-old mother of two, becomes Happy the Hobo and capers in Whizzo fashion in front of a camera much to the squealing delight of the lollipop set.

"It's fun but what a pace!" red-haired Lynn panted during a filmed commercial.

Back on the circular set of Whizzo's Wonderland at KMBC-TV, she was interviewing a three-year-old guest clown whom she addressed as the "Pink pumpkin type."

"And what kind of pet would you like to have?" she asked, the grease dot on her nose bobbing merrily.

"A red horse," the blonde charmer replied. "An' I'd name him Cupcake."

The wee clown added that her father works in the garage and she helps her mummy set the table just like Happy Hobo says to do.

Later, the tot's mother explained her daughter's confusion about her father's place of employment (he works for a packing plant) and her choice of color for a horse this way: "Excitement — this has been a great day for her and her sister who waited two years for their turn on the Whizzo show."

Such excitement Happy tries to handle in the manner of Frank Wizarde, star and producer of the Whizzo program.

"Frank is a master psychologist with children as well as being an extraordinary performer," Lynn, who was a psychology major in college, said.

On camera, Lynn, who is only 4 feet, 11 inches tall, doesn't look short because of the size of her preschool-age guests. But for her regular appearances as an alternate hostess to KMBC-TV's Happy Home program she wears built-up shoes.

Panelists Discuss Child Welfare At Horace Mann PTA Meeting

"Promote the Welfare of Children and Youth in Home and School" was the topic discussed by panelists at a meeting of Horace Mann PTA held Thursday afternoon in the school auditorium.

Panelists were Miss Martha Montgomery, president of Pampa Classroom Teachers' Ass'n, Mrs. Raymond Fields, parent, Mrs. W. L. Veale, school nurse, Mrs. Sam Groom, teacher, and Robert E. Callahan, educational director of the First Baptist Church.

Miss Montgomery brought out the fact that "the home, school and church are all working for the same long-range goal: to raise our children and youth to be the finest kind of adults."

From the parent's viewpoint, Mrs. Fields stated that the parents' responsibility toward the child starts in infancy, when he must be loved. "He must also be taught the responsibility of ownership and that everything he wants he cannot have." She also discussed the importance of being trustworthy, the ability to take constructive discipline and of being an active part of family.

Mrs. W. L. Veale expressed the opinion that the home is the foundation of the child's behavior. "It is in the home that right habits are shown and developed through practice," she stated. Relative to the health of a school-age child, she emphasized well-balanced meals, exercise, and plenty of sleep.

Expressing a teacher's contribution to the welfare of a child, Mrs. Groom said "Education comes as a result of work. It is not received when nothing has been given. If a child is interested in school and does his best, someone has produced a spark. If there is no spark, someone is to blame."

Mr. Callahan expressed the objectives of the church in the development of a child. "The purpose of Christian education conveys to the child his relationship to the Bible and to God."

During the business meeting, Mrs. John Holt Jr., president, introduced Mrs. Raymond Fields as the newly-elected secretary.

Mrs. Ott Shewmaker announced that a study course entitled, "All in a Child's Lifetime" will be offered by the PTA City Council in January or February. "Those who are interested should register now," she advised.

Sam Begert, school principal, discussed parents' help in asking Governor Price Daniel to call a special session to present the Baile-Aiken proposals.

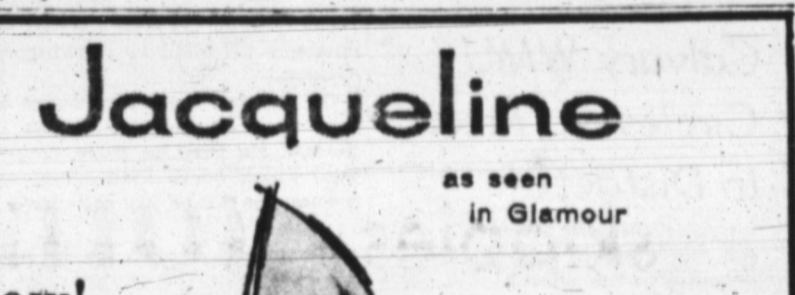

In commemoration of the 50th anniversary of the Texas Congress of Parent Teachers Ass'n, Mrs. Eugene Turner gave a reading accompanied by Mrs. Fay DeWitt Adams, who provided background music at the piano.

Door prize, a cake baked by Mrs. Bill Forman, was won by Mrs. Max Miller.

First place in the room count was won by Mrs. A. E. Berry's room, followed by the rooms of Mrs. Gaylene Skaggs and Mrs. John Hatcher.

Hostesses for the meeting were Mrs. Harry Gordon, E. L. O'Neal, Archie Maness, Canara Carruth, C. L. Crafton, Walter Bonnell, and Wayne Phillips.

YOU... and YOUR HOME

by Jack Foster

CHARM RULES HERE!

If we were asked to select the type of home that's most typical of today, we would undoubtedly choose one in which the best of the past is mingled with the best of the present. For while we are constantly discovering merit in new ideas, finding beauty in new forms, we are not given to discarding the things we've always liked.

Rather, we're quick to accept the changes and improvements caused by scientific achievement, adapt them to our specific personal needs, and blend them with our old favorites.

The kitchen-living-dining area sketched above is a striking example of a happy blending of the old with the new. The "open-plan" is very definitely twentieth century in architectural concept. The knotty pine walls and ceiling, the bricked range wall are reminiscent of the enterprising pioneer spirit of homemakers of a bygone era.

The circular table of rich burnished maple was a happy choice here. Captain's chairs and server-chest in the same finish add to the charm of the setting. Dish-rail valance and window seat curtains of gray cotton print give color accent—are easily cared for.

Plan your dining room or dining area for meal-time gaiety and year-around cheerfulness. Choose from our large selection of provincial table and chair settings. Circular, oval and rectangular tables (all extendible) in choice of rich finishes.

Sophisticettes With Miss Worrell

The Sophisticettes, a group of high school piano students sponsored by Mrs. Mae Foreman Carr, met recently in the home of Miss Virginia Worrell, 1707 Christine, to outline the club's activities for the coming year.

For the program, two vocal solos, "The Italian Street Song" (Bianchi) and "Ah, So Fair" (Bianchi) from the opera Martha by Florentino were sung by Mrs. Leroy Thornburg.

Impromptu piano solos were given by Miss Sue Foster, who played Rachmaninoff's Prelude in C Sharp Minor and by Miss Worrell, who played "Evening in Seville" (Niemann).

Refreshments were served during the social hour.

52nd Year THE PAMPA DAILY NEWS SUNDAY, OCTOBER 11, 1959 17

St. Vincent dePaul Parish Council Begins New Term Of Activities

Parish Council of St. Vincent dePaul Catholic Church launched its new term of activities with a covered-dish luncheon on Wednesday at 1 p.m. in the parish school cafeteria.

Yearbooks for the 1959-60 session were distributed by the council's vice president, Mrs. John Schwind, who stressed the importance of cooperation from all members in practicing the year's theme, "Operation Unity."

Bake sale chairman, has asked that foods be brought to her home either the day before or to the Hughes building before 7:30 a.m. the day of the sale.

Plans were made for a rummage sale to be held Nov. 9-10. Ladies were asked to bring clothing articles for the sale to the school, where they will be stored.

The group voted to send a vote of thanks to both the Noon and Evening Lions Clubs for bringing the Lord's Supper painting and the Passion Play to Pampa.

Mrs. Lynn Boyd asked that members cooperate with the Pampa Deacons' "Patron's Plan" seeking support through \$1 donations by its members.

Mrs. Victor Jamieson reminded the group that the Home and School Ass'n. is still in need of Betty Crocker coupons to help pay for silverware for the school cafeteria. Mrs. Jamieson distributed envelopes for added convenience in saving coupons.

It was decided by the group to allow the Public Relations committee jurisdiction over the catering service which the Altar and Society, Home and School Ass'n. have for civic affairs.

Mrs. Wayne Howell, Mrs. J. J. McCarthy and Mrs. W. J. Haley reported on the recent Diocesan Convention held in Amarillo. A final report was given by Mrs. Stanley Kretzmeier on the convention she attended during the summer in Atchison, Kan.

The meeting, attended by 36 council members and Rev. Richard Lang, was conducted by Mrs. F. M. Schwind, president.

Serving on the hostess committee for the luncheon were Mmes. Pat Spelman, chairman, Homer Johnson, Wayne Howell and David Roberts.

Guests included Mmes. Gerald Matthews, Joe Elam, Norman DeGraffenreid, and Carl Williams.

PTA SKIT — Past and Present PTAs were depicted in a skit presented on Thursday afternoon at the B. M. Baker PTA meeting. Portraying PTA members back in the early days were, left to right, Mrs. Robertson, Mrs. Don Haynes, Otto Mangold, who illustrated the late 20's membership with a Charleston Dance, and Mrs. C. N. Gage Jr., unit president, who represented a modern-day member.

Pampa District Of Wesleyan Service Convene For Officer Orientation

Pampa District of the Wesleyan Service Guild held a luncheon meeting and program on Oct. 4 in the Fellowship Hall of First Methodist Church with representatives attending from Shamrock, McLean, Buena Vista, Borger, Canadian, Perryton, Miami, and St. Paul and First Churches of Pampa.

Luncheon tables were attractively decorated to carry out the motif of the various offices of the Guild. Officers were seated at tables representing their office and during luncheon, duties and ideas were exchanged. Mrs. L. B. Penick and Miss Minnie Allen assisted with arrangements.

Miss Ila Pool, district secretary, presided as two members, Mrs. Lee Harrah and Mrs. C. H. Turpin of Borger, were elected to serve on the executive board of the District Wesleyan Service Guild.

A devotional topic on "Worship" was given by Mrs. Ruth Magee of McLean.

Mrs. Aubrey Jones, district chairman of missionary education, introduced the speaker, Mrs. C. C. Coffee of Lubbock, who shared ex-

periences and gave highlights of a recent tour of missions in Africa.

On Tuesday evening St. Paul and First Church Wesleyan Service Guilds studied together in the home of Mrs. Ben Ogden and Mattie Foundation, 1608 Christine.

Miss Inez Clubb gave the first lesson "The Way In Africa."

Mrs. Aubrey Jones used for the devotional topic "There's A Light Upon the Mountain" taking scripture from Isaiah. She told the story of a missionary's experiences in the Belgian Congo.

Mrs. Irl Smith, president, conducted the business meeting and welcomed two new members, Mrs. Heston Hestand and Mrs. Zelma Poston and a guest, Mrs. W. L. Groves.

Others attending were Mmes. Burgin Watkin, Margaret Taylor and Evala Parkinson from St. Paul Methodist; Miss Ila Pool, Lillian Mullinax, Minnie Allen, Alma Wilson, Mmes. J. M. Turner, L. B. Penick, Sherman White, Lee Harrah, J. A. Knox, Lillie Mae Fowler, Diamia Wood and Malcolm Denson.

Mrs. Robertson Feted At Party

LEFORS (Spl) — Mrs. Gene Robertson was honored with a stork shower in the civic center on Monday night.

Hostesses were Mmes. Daniel Rose, Henry Koehler, Walter Hughes, Charles Roberts, Alton Finchum, Kenneth Brown, R. T. Jinks, Jimmy Roberts, John Roberts, L. C. Ford, Dale Brumley, Earl Lane, S. C. Fish, Roy Nobles, J. W. Jennings and Troy Bennett, who pantomimed scenes from the past 50 years. Otto Mangold, illustrating the late 20's, danced the Charleston attired in a "heyday" raccoon coat; Miss Donna Kay Haynes and Clifford Gage portrayed scenes from the earlier days.

A quartet, composed of Trent Burns, Keith Christie, Travis Wingheart Jr. and Charles Harmons, performed "The Purple People Eaters" act. For the future, there was a "blast off to the moon."

During a business meeting, conducted by Mrs. C. N. Gage, president, reports were given by Mmes. Don Haynes, secretary; Troy Bennett, treasurer; A. N. Green, vice president; J. W. Jennings, City Council; Denver Moore, publications; and J. L. Hampton, study group.

A special legislative report was given by Mrs. Jarvis Johnson, first grade teacher.

Mrs. C. N. Gage won the door prize, a pie baked by Mrs. C. E. Graham.

Mrs. Wanda Cardwell's first grade won the room count.

Coffee and cake were served during the social hour by the hospitality committee, Mmes. E. P. Brown, C. D. Anderson, and Ray Low.

At the executive board meeting held on Tuesday preceding the general meeting, Mrs. Gage announced that B. M. Baker Fun Night will be on Oct. 23. The following chairmen were appointed to work on arrangements: Mmes. C. W. Thompson, kitchen; Don Haynes, publicity; James Bye, posters; assisting with kitchen work are Mmes. A. N. Green, E. H. Haralson, Troy Bennett, Orvel Ferguson, Walter Simms, E. C. Fulton and Mrs. D. P. Brown.

Delegates to state convention to be held in Dallas, Nov. 17-20 are John Evans, school principal, and Mrs. C. N. Gage; alternates are Mrs. Don-Haynes and Mrs. Troy Bennett.

Mr. Evans gave the proposed budget, which was accepted by the board.

Reports were given by Mmes. Green, yearbook; Robert Dittmeyer, nursery; E. H. Haralson, legislative; J. L. Hampton, study group.

Many new refrigerators and freezers fit squarely into tight corners. But experts warn of shoving such equipment into too tight a niche. To remove heat from the condenser, air must circulate around the freezer or refrigerator.

1959 MASONIC OFFICERS — Local Masons, who Wednesday night will be observing the Feast of the Tabernacle here, are represented by six officers and a seven-man board of directors. Pictured above, the 1959 officers are (front row) from left, Treasurer Coy Palmer, Secretary B. B. Bearden, Vice-president E. M. Keller Jr., Vice-president Roy Kay, and President Elmer Radcliff. Seen in the second and third rows, from left, are the association's board of directors, Bob Andis, Earl McDowell, Mac Hammond, C. P. Buckler, E. E. Shelha mer, Paul Crouch and Waldon Moore. Not pictured is Outer Guard W. J. Robinson.

Delinquency Problems Same Now As 29 Years Ago: Hoover

EDITOR'S NOTE: In the following dispatch written for United Press International, former President Herbert Hoover speaks out on the problem of juvenile delinquency. He recommends, as one means of combating it, formation of youth organizations, such as the Boys' Clubs of America, with which he has been associated more than 25 years.

By HERBERT HOOVER
Written for UPI

NEW YORK (UPI) — Twenty-nine years ago, when assembling a White House conference on health and problems of children and youth, I said:

If we could have but one generation of properly born, trained, educated and healthy children, a thousand other problems of government would vanish.

That was an ideal a long way from realization. But it was a great ideal. That conference reviewed the whole of the problems to be solved. It suggested remedies for our ills, it issued a "children's charter" which was circulated to millions through the press and otherwise.

Today another White House conference is struggling with the same problems. The obstacles to the attainment of the ideals of 1930 are the same now as they were then. But the situation has

grown worse. In 1957 the number of teen-agers arrested for crime was 740,000.

The causes are the same now as they were twenty-nine years ago; parental neglect; lack of religious training as the base of morals; and slum areas where the only outlets for kids are the pavements and where the gregarious instinct of youngsters leads to the forming of gangs which drift into crime.

The basic solution twenty-nine years ago was, and is now, to organize prevention whatever the merits of punishment may be.

The weeding out of the slums is helpful, but that does not cure the street problem. The creation of playgrounds is also helpful, but playgrounds without organized sports and their systematic direction is not the whole answer. Despite these efforts teen-age crime is increasing.

Kids are not born criminals. But they are dynamo of energy, curiosity and adventure.

One aid to the solution of their problems, as I see it, is to create facilities by which their explosive energy has an alternative to the streets and pavements; a place where character-building can overcome the failure of parents; where sportsmanship, second only to religious faith, is a teacher of morals and can be substituted for the gang. And don't blame parents too much. They cannot keep the kids off the streets after school and Saturdays, Sundays and holidays.

There are many character building institutions working in these fields. They have proved by innumerable statistics that they are an effective method of prevention. But all of them lack sufficient financial support.

I can cite some experiences in one of these organizations where I have taken a part for some twenty-five years. That is the Boys' Clubs.

These clubs, built in slum areas, offer sports, games, recreation, fun and comradeship; they give preliminary training in handicrafts, in the enjoyment of reading and music and in methods of health—all under skilled and sympathetic guidance and direction. And these facilities are open that

Garry Moore Is Target Due To Time Situation

By DOC QUIGG
United Press International

NEW YORK (UPI) — The friendly little fellow with the crew cut, the bow tie, and the old-proplomb doesn't seem a whit put out that the new TV season is shaped so that a show - his paper dubbed it "let's - everybody-gang-up-on-Garry-Moore year."

He figures to gang up right back at the assortment of specialists, spectaculars, and magnificent whatnots being thrown against his CBS-TV hour-long Tuesday night "Garry Moore Show" by opposition networks.

Well, what kind of year will it be?

"Names," Moore figures, "are going to be out — unless you can come up with Harry S. Truman, or some such. We figure our fun has to come from within our selves."

"We did that to some extent last year, with our regulars, Durward Kirby and Marion Lorne, who of course are back this year. "And for something new this year — well, I have long had an affection for 'candid camera,' Allan Funt's great stunt of making candid movies of people undergoing everyday situations. Except that sometimes in the past I've thought the audience might feel this was going to be a little too hard on the people being photographed."

"Now we've got Allan Funt on our staff, and Marionand Durward and I are doing the stunts, and sometimes we'll have the people, who have been candidly photographed to come onstage

part of the day, every day, when the boys are out of school and until they should go to bed in their own homes.

The astonishing growth of these clubs in the last quarter of a century is proof that they are a contribution to the solution of the problem.

What's In A Name? High, Higher, On Up

DETROIT (UPI) — The terms "low-priced car" and "medium-priced car" as used in the auto industry today are misnomers.

The auto industry still uses the term "low-priced car" in relation to the Chevrolet, Ford and Plymouth. It uses the term "medium-priced car" to describe the Dodge, Edsel, Mercury, Pontiac, DeSoto, Oldsmobile and Buick.

These terms grew out of an era when cars could be separated into three, fairly distinct groups as far as price and size were concerned: The low-priced car, the medium-priced car and the high priced car.

There was a certain amount of overlapping, but it was fairly easy to peg any car in one of these three groups.

At the top, and fairly well out of the reach of the average buyer, were the Lincoln, Cadillac, Chrysler and Packard.

The bulk of the sales went to the Chevrolets, Fords, Plymouths and, perhaps, Studebakers.

In between, in a distinct area, there was the Mercury, Buick, Oldsmobile, Pontiac, Dodge, DeSoto, Hudson and Nash.

The gap between the high-priced group and the low-priced group was so distinct only a per-

son who suddenly came into great wealth could think of switching from a low-priced car to a high-priced one.

But today the main difference between the low-priced car and the top of the line is now many accessories are standard equipment.

In 1949, the difference between a Ford and a Lincoln, for example, went like this:

The Lincoln was up to 23.2 inches longer, 14.3 inches wider, had two more inches of leg room and 2.5 inches more hip room.

The difference between the power of the top-rated Ford engine and the only engine offered in the Lincoln was 152 horsepower, 52 per cent more in the Lincoln than in the 100-horsepower Ford.

Ten years later the differences were narrowed considerably. The Ford grew 11.2 inches in overall length while the Lincoln added 7.1 inches. The Ford was 12.1 inches wider but the Lincoln spread out only 1.1 inch. Inside the Ford, legroom was increased 2.8 inches and hip room 2.9 inches. The Lincoln added only 2.1 inches in leg room and one inch in hip room. The difference in horsepower between the two cars narrowed to 18.5 per cent.

Because of the pressure from below, some of the so-called medium-priced cars have already fallen by the wayside.

The Nash and the Hudson are no longer produced. Ford is considering abandoning its attempt to push Edsel into the field by making it a small compact car. Dodge and Mercury already have added smaller versions to compete more directly with the so-called low-priced cars. General Motors is expected to add smaller versions of its medium-priced cars next year for the same purpose.

Introduction of the economy cars by the "big three" this year has, in effect, left them with offerings priced below the cars which were once appropriately called "low-priced" models.

Moon Particle Desired More Than Picture

By JOSEPH L. MYLER
United Press International

WASHINGTON (UPI) — Scientists would rather have a genuine, pedigreed piece of moon rock than any TV picture of the moon's other side.

Such a moon chunk might well confirm what many scientists believe—that the earth often has been peppered with bits of lunar matter some of which are even now on display in natural history museums as meteorites.

If it did, scientists would be in a position quickly to learn in their own laboratories more about the moon's composition than they could hope to learn in years from any telephoto pictures.

Russia's Lunik III may, as one U.S. space scientist said, mark "the beginning of space flight."

More important from the specialized field of lunar investigation is the fact that it may be a first step toward getting a bona fide piece of the moon for comparison with specimens long since dispatched to earth by natural means.

Sooner or later, the United States or the Soviet Union is going to hit the moon with a robot or manned vehicle capable of scooping up some moon matter and bringing it back.

Lunik III may get crude pictures of the moon's other side, the one forever hidden from earthlings. But few scientists believe such pictures will reveal much difference from the face turned toward the earth.

Board; the Litany of Dedication and Dedication Prayer by R. v. David Mills, pastor of the Lamar Church; the Benediction by Rev. Harold Starbuck, pastor of the Highland Christian Church.

Following the service of dedication, refreshments will be served by the Lamar Christian Women's Fellowship. The Public is cordially invited.

Scottish Rite Observance Wednesday

This city's Scottish Rite Association will observe "The Feast of the Tabernacle" Wednesday night at a supper in the Masonic Lodge Hall, 420 W. Kingsmill.

Dinner, served by the Pampa Shrine Club, begins at 7 p.m., according to an announcement Saturday by President Elmer Radcliff.

Radcliff said all Scottish Rite Masons, regardless of their consistency, are invited and urged to attend. Pampa's association currently has 42 members.

This year's officers are President Radcliff, 1st Vice president Roy Kay, 2nd Vice president E. M. Keller Jr., Secretary B. B. Bearden, Treasurer Coy Palmer, and Outer Guard W. J. Robinson.

Local Masons, Radcliff said, help sponsor a cripple children's child regardless of race or religion may receive treatment. Locally the club sponsors the Pampa DeMolay chapter.

Dedication Is Set For Today

Dr. James C. Bradshaw, executive secretary of the Department of Church Development, the United Christian Missionary Society, will deliver the dedication address at the Lamar Christian Church, Bond at Sumner Streets, at 3 p.m., today.

The Church is dedicating a new classroom unit which houses the pastor's study, five classrooms, and a utility room. Bud Hogan was the contractor and Walden E. Moore, architect.

Dr. Bradshaw is a native Texan and a graduate of Texas Christian University. He received his B.A. degree in 1938, his B.D. in 1948, and his D.D. in 1955, all from TCU.

He was a Chaplain in the U.S. Army Air Force during World War II spending nearly three years in the Pacific Theatre.

Since his service in the Chaplaincy, Dr. Bradshaw has served churches in Henrietta and Fort Worth, and Kinston, N.C.

He left Kinston to join the United Christian Missionary Society staff in Indianapolis, Ind. He has been to the Holy Land and has visited Disciple Mission Stations all over the world.

Dr. Bradshaw will preach at the 10:40 a.m. worship service at Lamar Christian Church, and deliver the dedication address at the 3 p.m. service.

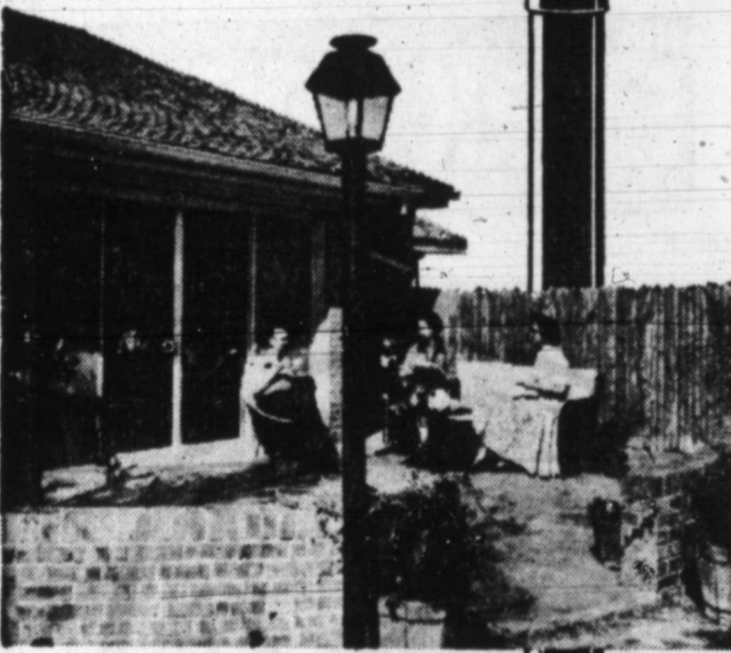

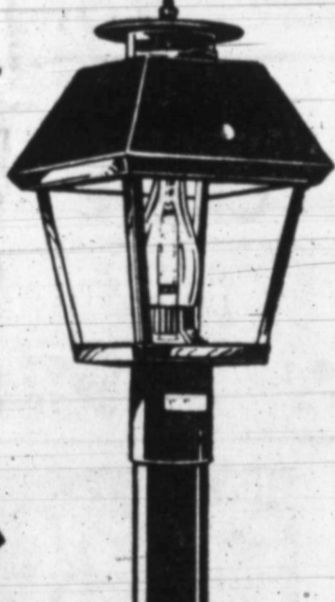

Others participating in the dedication service include: the call to worship and invocation by Rev. Richard Crews, pastor of the First Christian Church, Reading of the Scriptures by Rev. W. Lynn Gibson, minister of education of the First Christian Church.

Greetings from the Lamar Church by Jack Hood, chairman of the Building Committee; the Pampa Ministerial Alliance by Rev. Emile Hill, pastor of the Calvary Baptist Church and president of the Alliance; the Pampa Community by Hershel Wilks, president of the Chamber of Commerce; the First Christian Church, by J. D. Skaggs, Chairman of the

MATTERS OF THE MILITARY

Recruiter Has Army Catalogue

A new school catalog for high school graduates has been received by the U.S. Army Recruiting Service it was announced today by Sergeant John C. Dills, Army Counselor for this area.

The U.S. Army will guarantee a school of choice to high school graduates who can qualify by aptitude tests, Sgt. Dills said. All qualifying tests are administered at Amarillo and before enlistment is accomplished. If for any reason an applicant doesn't qualify, there is absolutely no obligation and the applicant will be returned home at government expense.

This enlistment option is meant for the high school graduate who isn't attending college or who finds it difficult to find decent employment due to 1-A draft status. Sgt. Dills encourages all such men to enlist for a guaranteed Army Technical School tied in with civilian interest and aptitudes to qualify for a future in the field of endeavor as a civilian.

Individuals will receive school training and experience on the job and will satisfy their military obligation without any active reserve. When they return from active duty of three (3) years, they can plan ahead for a permanent job without fear of being drafted into the Armed Forces.

Men with ambition and initiative may complete two (2) years college credited thru the University of Wisconsin by taking courses of their choice through the Armed Forces Institute.

For further information about this outstanding enlistment option, write, call or visit Sgt. Dills, Army Counselor for this area, 112 E. Foster, Telephone COLLECT MOhaw 5-2022.

KENNETH D. KELLEY

Kelley Promoted To 3/C Controlman

Seaman Kenneth Dwaine Kelley, a 1958 graduate of Pampa High School, was promoted to 3rd Class Damage Controlman recently on the USS Nereus.

Kelley, son of Mr. and Mrs. J. F. Kelley, 638 N. Banks, has been stationed the past few months aboard the Nereus at San Diego, Calif.

WILLIAM F. RICE

Rice Assigned To T-33 School

WEBB AIR FORCE BASE, Tex. — Second Lieutenant William F. Rice, son of Mr. and Mrs. Paul H. Rice, of Pampa, has completed his pilot training at the primary contract base at Malden, Mo. He has been reassigned to Webb for the five and one-half months course on the jet (T-33) aircraft.

The Air Training Command, to which Webb and Malden belong, is one of 17 major air commands of the United States Air Force. ATC is responsible for all recruiting and training of Air Force personnel.

The lieutenant is married to the former Miss Velda Rice, of Pampa. He is a graduate of Montana State University, of Missoula.

Seaman Owen Home On Leave

John Owen Jr., son of Mr. and Mrs. John L. Owen, 117 W. Tynge, is home on recruit leave, after graduating from the Naval Training Center, San Diego, visiting his parents and friends.

Upon completion of leave, Seaman Apprentice Owen will report to the Navy's Aviation Electronics School at Memphis, Tenn. for 22 weeks of schooling in aviation electronics.

Owen is a graduate of Pampa High School, class of '59 and enlisted through the Navy Recruiting Station, Pampa on July 10. He was sworn in at the Navy Main Recruiting Station in Albuquerque.

Moxley Graduates From Navy School

JACKSONVILLE, Fla. — Roy G. Moxley, aviation electrician's

Historic Potomac 'River With A Body'

By DANIEL RAPOPORT United Press International

WASHINGTON (UPI)—The historic Potomac River shocks the nostrils of visitors to the nation's capital, and engineers are trying hard to do something about it.

Tourists turn up their noses when they approach the river. Close up, it is seen to be a mixture of muddy water and assorted debris offensive both to the eye and the old factory nerves.

The river has a variety of odors. One was called it, "a river with body."

Local residents are resigned to the fate of a messy Potomac. They march down to its banks each summer and listen to outdoor concerts with a stiff upper lip and a pinched nose.

But the situation is destined to change. After years of official-but ineffective concern, the District of Columbia sanitary engineer finally declares that the Potomac will be "clean" by 1964.

Engineer David V. Auld figures it will take the next seven years to de-contaminate the river

and make it safe for recreational use, as well as pleasing to the eye and nose.

He said the only hope is the wait for Congress to appropriate money to complete the job.

The essential problem in Washington is a sewer system no longer able to handle the city's wastes. Washington's disposal network was built in 1907.

Trouble develops when sewage spills into a river before first being treated. The sewage is released from the pipes by overflow valves when there is too much volume — usually happens during a rainstorm.

A new problem facing sanitary engineers is air conditioning. Previously the dry summer months were a respite. Now, with air conditioning units dumping huge amounts of water into a system and the pipes overflow in summer as well as winter.

Auld's solution is to expand the network of pipes so the system won't be overtaxed. He's sure this will erase the coloring from the water and do away with the offensive odors.

Actor Pushes Famous Kin For President

By RICK DU BROW UPI Hollywood Correspondent

HOLLYWOOD (UPI) — Peter Lawford says he's going all out to help his brother-in-law, Sen. John Kennedy (D - Mass.), get elected president next year.

"You bet I am," said the English-born, 36-year-old actor, who is married to Kennedy's sister, Pat.

"Anything I can possibly do, I'll do — although I don't know exactly what it will be just yet. Maybe opening meat markets."

The Kennedy - Lawford family tie-up and the coming presidential race have prompted a new line of Hollywood gags. After Lawford and his pal, Frank Sinatra, opened their new restaurant, Puccini's, Milton Berle cracked:

"If Kennedy is elected, will Puccini's be the summer White House?"

Lawford, who will appear on Berle's NBC television show Monday, said Sinatra also has pledged his support to Kennedy.

"There will be dinners here and

other such affairs," he said.

Lawford and Sinatra are two of filmland's most outspoken opponents of the argument that actors should not judge in politics because it might hurt their careers.

"If you have a deep-pocketed interest in your country, I think you have the same right as anyone else to discuss politics," Lawford said at lunch in his private booth at Puccini's.

"But," he added, "you should be equipped to talk about it. The other day I asked this actor, who shall remain nameless, 'what do you think of the labor bill passing?' I got a silent-look. He didn't know anything about it."

"I said, 'you know... Washington... the labor bill. He didn't know there were three different bills. So you say to yourself, 'Oh, Charlie.'"

Lawford and Sinatra, in addition to their joint ventures in Puccini's and politics, have also teamed up for two films, "Never So Few" and "Oceans 11."

Certified Awarded Sanitation Employee

State health authorities have awarded A. C. Howard, employed in the Pampa Department of Sanitation, a Grade C "certificate of competency" in recognition of his skill and knowledge of water plant operation.

His certificate was awarded under Texas' general sanitation law that water plants furnishing the public must be under the supervision of an operator who has proved his talent for the job in a written examination and has been certified by the Texas State Department of Health.

Howard's newly won certificate will be valid for three years. After meeting certain requirements of experience and training, he will be eligible to try for higher certification.

Quotes In The News

NEW YORK — A friend of the Franklin D. Roosevelt family telling why Mrs. Eleanor Roosevelt's cake for her birthday Sunday will follow custom and have only 21 candles:

"Oh nobody ever has more than 21 candles."

LONDON — Field Marshall Lord Montgomery remarking on the Conservative sweep in the British elections:

"Of course, I am not surprised. I have great faith in the good sense of the British people."

NEW YORK — Big Joe Rosenfield, Jr. on the \$1,210,000 bequest to his "Happiness Exchange Foundation," a radio program, in the vents the town from hiring policemen and there have been two un-solved burglaries:

"It's getting very embarrassing for me."

Hill Assigned To Guided Missiles

Robert Ralph Hill, son of Mr. and Mrs. Joe Ernest Hill, 325 Zimmers, is to attend 22 weeks of schooling in the Navy Guided Missile School at Dam Neck, Virginia.

Hill has been on recruit leave visiting his parents since graduating from the Naval Training Center, San Diego. He enlisted in the Navy through the Navy Recruiting Station in Pampa.

Seaman Apprentice Hill is a graduate of Pampa High School, class of '59 and enlisted in the Navy on July 10, under the Navy's High School Graduate Program, whereby qualifying high school graduates are guaranteed schooling prior to enlistment.

Lt. Stowell To Pilot Jet Bomber

DYESS AIR FORCE BASE, Tex. — Lt. Dibrill C. Stowell, son of Mr. and Mrs. C. W. Stowell, 815 N. Russell, was assigned to the 38th Bomb Sq. as pilot for the B-47 medium jet bomber.

Lt. Stowell attended Pampa High School and Texas Technological College at Lubbock. He spent four years at Texas Tech graduating in May, 1956, with a BS in Agriculture.

Lt. Stowell has attended both F-46 and F-100 Fighter Gunner Schools and started B-47 upgrading at McConnell AFB, Kan., last December.

Cox Named To 6th Academy Brigade

ANNAPOLIS, Md. — Midn. 1c Larry G. Cox, son of Mrs. Odie B. Cox of 1001 Duncan, has been named a Lt. (jg) in the Sixth Company of the U.S. Naval Academy Brigade class of 1960.

The promotion was awarded in recognition of continued demonstration of excellent qualities in leadership, conduct, and scholastic ability, and will be held through the first quarter of the academic year.

Gene McPherson Sent To Ft. Campbell

FORT CAMPBELL, Ky. — Army Pvt. Gene L. McPherson, 19, son of Mr. and Mrs. Glen McPherson, 603 E. Gordon, was recently assigned to the 101st Airborne Division at Fort Campbell, Ky.

A cannoner in Battery D of the division's 219th Artillery, he entered the Army in April, 1959 and completed basic training at Fort Carson, Colo.

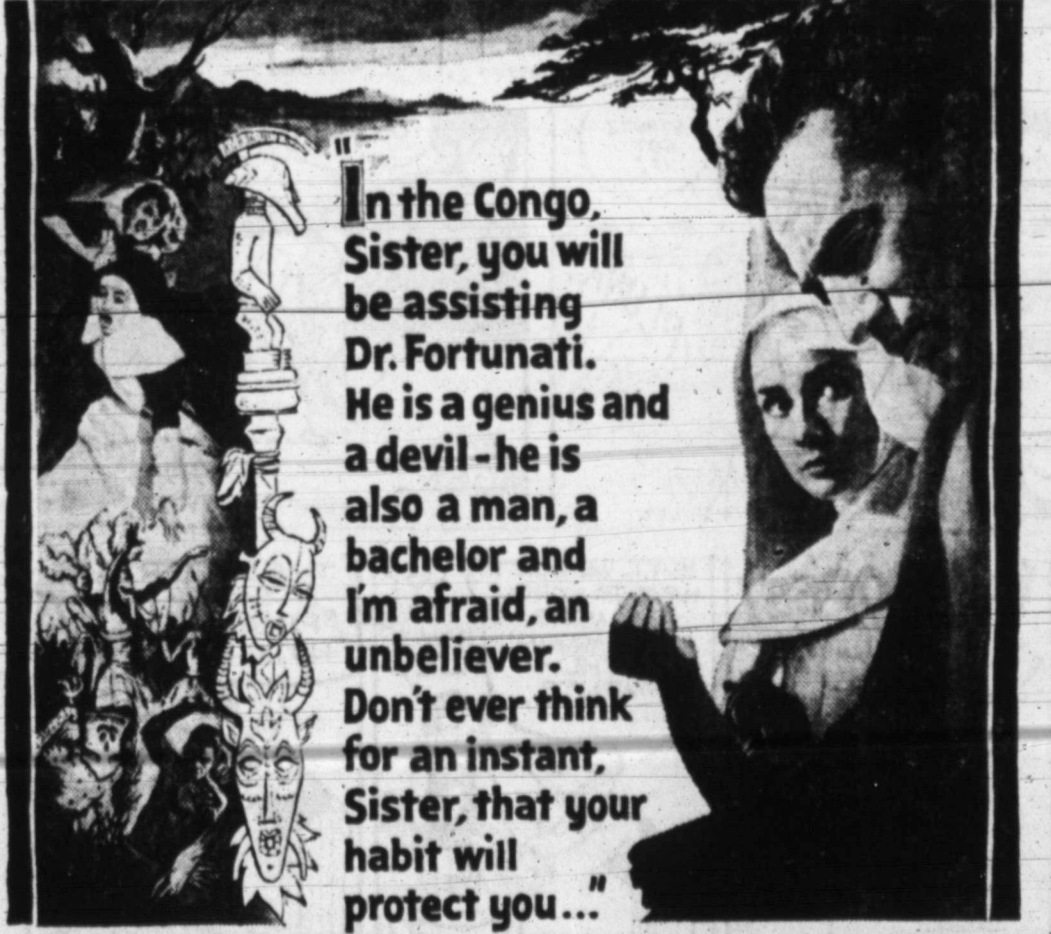

McPherson attended Cheyenne (Okla.) High School.

The Oil Outlook

By MARVIN OLSEN
Daily News Oil Editor

Meeting In Borger

J. A. Harmon of the Dow Chemical Co., Tulsa, will be featured at a meeting Tuesday evening in Borger of the Panhandle section of the Society of Petroleum Engineers of AIME.

Harmon, manager of technical service and development for Dow, will speak on abrasive jetting. The section's meeting, set for Hotel Borger, opens with a social hour at 6:30 p.m., followed by dinner at 7:30.

Tubingless Wells

At a meeting Tuesday night in the Palm Room of City Hall, Art Riggs of Humble Oil told over 130 local API members that completion costs can be cut 20 percent using tubing only for the oil strings.

The occasion was the regular business meeting of the Panhandle Chapter of the American Petroleum Institute.

New Logging Unit

The introduction of a new combination logging-perforating unit by the Western Co. of Borger was announced Saturday by District Manager Convey Craig.

The Borger unit, said Craig, is among the first of Western's service points throughout a six-state area of the Southwest to receive one of the new units, which Western calls "Type 10."

'Clear-cut Victory'

Texaco's decision to take the production of the B and H (Queen) Field in Crockett county was hailed last week by independents as a "clear-cut victory for the principle of ratable take between fields throughout the state," according to a release from the TIPRO information service.

TIPRO President Harry C. Jones said: "This action indicates recognition by purchasers that the Texas Railroad Commission will not permit discrimination between fields in buying crude oil."

Anniversary Meeting

The editor of the Wall Street Journal, Vermont Royster, and a California tax authority, Lowell Stanley, have been added to the program of the 30th anniversary meeting of the Independent Petroleum Association in Dallas Oct. 25-27.

Announced earlier as a participant in the IPAA program was Walter Hallanan, president of Plymouth Oil Co., and chairman of the National Petroleum Council.

Texaco Expansion

An \$18-million expansion program will make Texaco's refinery at Pointe-a-Pierre, Trinidad, one of the world's largest and most modern oil-processing plants, Augustus C. Long, chairman of the board of directors of Texaco, announced Saturday.

Construction of new units will increase to 235,000 barrels a day the crude oil capacity of the company's largest Caribbean refinery. Its present output is about 135,000 barrels a day.

Men In The News

APPOINTED — Four high-level appointments were announced Saturday by Mobil Oil. Wade G. Morley becomes manager of producing for the Midland division; Owen H. Blewett becomes manager of exploration for the Midland division; E. L. Downing becomes manager of producing for the Houston division; and Paul E. Nash becomes manager of exploration for Houston.

JOIN FIRM — Angus R. S. Leitch, a Canadian chemical engineer expert in sour gas treatment, joins engineering firm of Barry and Richardson of Tulsa. Leitch will work in firm's Calgary, Alta., office.

APPOINTED — L. Glenn Radar named vice president and special sales representative for Maloney-Crawford Tank and Manufacturing Co. for New Orleans area.

HONORED — J. K. Maxwell, president of Carter-Jones Drilling Co. of Kilgore, presented annual President's Award for the American Association of Oilwell Drilling Contractors at 19th annual meeting in Oklahoma City.

Picks Wrong House

PUEBLO, Colo. (UPI) — Ex-convict Howard (Skip) Houston, 32, told officers he picked a Pueblo, Colo. address at random to use on phony checks spread through Colorado and Montana.

He didn't learn until he was arrested Friday that Police Chief Roy Harper lives in the house he selected.

Texas Railroad Commission Reports Four Deep Intents

Four of the 25 intentions to drill reported last week to the Pampa office of the Texas Railroad Commission were for depths over 5,000 feet.

The deepest well (10,400 feet) is scheduled for drilling in Lipscomb county by the Apache Oil Corp. Here is the commission's report:

INTENTIONS
Ochiltree County (Haywood Atoka)
Pan American Petroleum Corporation — L. C. Clement No. 6 — 650 f. W & S lines of Sec. 25, JT, TW&NG Sur. (Patent 80, Vol. 31, dated 7-29-1879).

(Wildcat)
Sinclair Oil & Gas Co. — Tom Pope No. 1 — 1980 f. E, 680 f. N lines of Sec. 15, R, B&B, PD 8500 To deepen. (This is permit to deepen. Orig. form 1 filed Sept. 9, Amended Form 1 filed Sept. 29, 1959 — permit granted on Amended Form 1, Oct. 2, 1959).

Roberts County (Crown Flowers)
James G. Brown & Associates — R. L. Flowers No. 1 — 280 f. E, 330 f. S lines of Sec. 15, NW, Clay County School Lands (E. 892.28 Ac. out of 2078.3 Ac. Comprising all of the 1-3 and all of the N-1-3 of the E-2-3 of the W 3737 Acs. of the S. 5186.3 Ac. of Clay County School Lands Sur. A-50, Roberts County, Texas), PD 3800.

Moore County (Panhandle)
Sinclair Oil & Gas Co. — Masterson Est. No. 16 — 1320 f. S, 502 f. W lines of Sec. 62, O-18, D&P, PD 3600

(Texas-Hugoton)
Texaco Inc. — A. J. Johnson No. 1 — 1250 f. S, 1250 f. E lines of Sec. 2, Q, H&GN, PD 3500

Carson County (Panhandle)
Cabot Carbon Company — R. C. Ware, et al No. 55W — 330 f. S&E lines of Sec. 113, 4, I&GN, PD 3250 (This is a water injection well — Cabot Carbon Co. & Drig. & Explr. Co.'s Waterflood.)

Hutchinson County (Panhandle Wildcat)
Sinclair Oil & Gas Corp. — West-Mitchell Unit No. 1 — 2815 f. E, 3200 f. S lines of Sec. 2, BBB&C Sur. PD 8400

(Panhandle)
K & H Operating Co. — Smith Section No. 3-10 — 4-10, 1663 f. W & 2310 f. S lines of Sec. 10, Y, M&C, PD 3100

WISTER H. LIGON
... new AGA president

Gas Group Names Prexy

CHICAGO, Ill. — Wister H. Ligon, president and director of the Nashville (Tenn.) Gas Co., has been elected president of the American Gas Association. Ligon was named during the final session of the AGA's 41st annual convention at the Conrad Hilton Hotel.

Other officers elected include Lester T. Potter, president of the Lone Star Gas Co., Dallas, first vice president; Edward S. Smoker, Philadelphia, second vice president; and Vincent T. Miles, Mincola, N.Y., treasurer.

Fifteen other prominent gas executives, one from Texas, were elected to two-year terms on the association's board of directors. The Texan named was John H. Wimberly, president of the Houston Natural Gas Corp.

SPACE HAMMOCK — Tomorrow's astronaut may be suspended in space in more ways than one. A nylon net suit, resembling long-handled underwear with steel cables sewn into its seams, could hold him in a hammock arrangement inside a spaceship. It is claimed that the method, while weighing much less than an ordinary seat, would protect the pilot from extreme effects of acceleration and deceleration and permit him to freely operate all controls. Its designer, Boeing Airplane Co. engineer Gary Graham, demonstrates the seat-suit in a revolving simulated cabin as engineer Peter Downey looks on.

Serving Of International Fare Delights Pampa Concert Goers

By TRACY D. CARY
Pampa "first-nighters" at attendance at the initial program of the 1959-60 Community Concert series Thursday were captivated by the delightful and refreshing performance of Franches Archer and Beverly Gile, international ballad singers.

Presenting a varied repertoire of 35 selections, the audience was treated to an international banquet of folk music of the most authentic order. Divided into five groups, these two spellweavers created without aid of scenery, orchestra or other addenda save solo instruments an evening of music unending in variety and appeal, bridging the 18th, 19th and 20th centuries and the cultures of four continents.

Opening with the Old English, "The Maid With The Delicate Air," and followed by Robert Burn's "My Love Is Like A Red, Red Rose," blonde Frances Archer from Corpus Christi proved an exceptionally endowed interpreter singing her soprano lines with expressive flexibility, particularly pure and clear in the pianissimo of the higher registers, as in the soothingly beautiful Welsh lullaby, "All Through The Night" sung in the language of its origin.

The dark contralto richness of reedhead Beverly Gile from California adding the second part harmony to Miss Archer's soprano melody was somewhat of a departure from average folk songs programs in that folk-music is usually in unison, and harmonized. It proved a charming and poignant deviation. Miss Gile further showed her versatility by playing the larger part of the accompaniments on the guitar. There is a special magic about the Spanish guitar (her's is a Gomez) which makes it unique among instruments for such music. For all the basic simplicity of its construction, its six strings under Miss Gile's fingers produced an entrancing range of tones, timbres and intensities of intonation conveying the player's emotions almost as directly as the singing.

Singing in 10 languages and gratifying themselves to the audience with brief explanations of the song backgrounds, Misses Archer and Gile presented the quaint melodies of the French, Yiddish, German, Japanese, Finnish, Italian, Hawaiian, Spanish and American Indian, using individually for accompaniment, a tambourine, block and clapper and drum made by the Cochiti Pueblo Indians of New Mexico, in addition to the guitar.

The group of humorous songs was a tremendous favorite with the audience, such as "The Humor Is On Me Now" sung as a witty dialogue in Irish dialect between a farmer and his would-be-married daughter. "The Soldier and the Lady," better known as "Soldier, Soldier, Won't You Marry Me?" and "Wish I Was," a song about the delights of being a fox (wears no socks), a kangaroo (with a built-in pocket), too! brought large applause particularly from the younger music lovers in the audience.

A tribute to the Centennial of the War Between The States made up perhaps the most moving numbers of the evening. The Civil War was the last great singing war, and all but one of the participants are gone now, with their tattered flags and their stained and faded uniforms, but they still speak to us through their songs. Perhaps this is the best way they could ever speak to us, for these men of courage were not especially articulate and could never quite say just how they felt about things. Being unable to say it, they sang it, and the commonplace little songs they used have taken on an added significance just because they used them.

Many a misty eye and tugged heart-string was noticed in the audience as the beloved "Bonny Blue Flag" of the Confederacy was sung. During the occupation of

News In Brief

POPULATION INCREASES
TOKYO (UPI) — The population of Tokyo reached 1,022,929 as of Sept. 1, an increase of 293,190 since last year, the Metropolitan Statistics Bureau announced today.

BERRA'S SON INJURED
MONTCLAIR, N.J. (UPI) — Timothy Berra, 8-year-old son of New York Yankee catcher Yogi Berra, was injured Thursday when his bicycle was hit by an automobile. He was reported in good condition at a hospital after treatment for head and body bruises.

SEEK FIRE DRILLS
NEW YORK (UPI) — The International Ladies Garment Workers' Union has ordered its affiliates to seek mandatory semi-annual shop fire drills in all new contracts.

REDS RECEIVE VISITORS
TOKYO (UPI) — Communist Party Chairman Mao Tse-tung and Premier Chou En-lai Thursday received 31 visitors from nine Asian and African countries who came to Peking for the 10th anniversary celebrations of the Peking regime, the Communist New China News Agency reported today.

CHUCKLES
BARBER GETS CUT
LONDON (UPI) — The late Mrs. Leah Isaacs Asher, who always liked her husband well-groomed, left an annuity of \$15 a year to her husband's barber, administrators of her will said Thursday.

WILDLIFE INVASION
JONESBORO, Ill. (UPI) — The Jonesboro area is expected to be overrun by love-smitten ducks, geese, crows and Pigeons this weekend.

Not content with holding the state duck, goose and crow-calling contest here, wildlife officials also scheduled the first national coon-calling contest.

WRONG FURNITURE
LONDON (UPI) — Court bailiffs pocketed their warrant to seize Patrick Driscoll's furniture and went about their job.

When they hauled the furniture into court Friday, they discovered they had taken it from the wrong house.

New Orleans, General Benjamin J. Butler is said to have seized the plates from his publisher, A. E. Blackmar, fined him, and threatened arrest for any Southerner caught singing or otherwise performing "The Bonnie Blue Flag."

It was second only to the national anthem of the South, "Dixie's Land." The North was represented by "The Invalid Corps," a comic song of the 4th of the Union, and "Rally Round The Flag" (The Battle Cry of Freedom).

Three rollicking encores were presented in response to the ovations by the audience. They were "The Hole in the Ground," "Pretty Black-Eyed Susie," and the hilarious "Sinful People."

Members of the Pampa association are reminded that they may attend concerts in Shamrock on their Pampa membership cards. The dates of the Shamrock concerts are October 12, Red Camp, Jazz Piano Recitalist; February 15, 1960, Chill Wang, Pianomist; March 7, 1960, In Opera Time; and March 28, 1960, Zina and Kolya, Russian Dance Team.

Card of Thanks
There's a time to reap.
And a time to sow.
A time to keep.
And a time to let go.
A time to remember.
As long we can.
That we are part of
God's great plan.

EATON FERRELL
We wish to extend our sincere thanks to all the wonderful people who were so thoughtful and helpful during our bereavement over the tragic death of our son, Yogi Berra. Ferrell was one of the victims of the fateful crash of the Braniff Airliner which occurred on Sept. 25, 1958.
Mr. and Mrs. B. E. Ferrell
Mr. and Mrs. M. J. Anderson
Mr. and Mrs. J. M. (Pat) and Shirleen (Ferrell) Mitchell
Donald D. Anderson and Nita (Ford) Anderson

The Lord is my shepherd; I shall not want.
He maketh me to lie down in green pastures: he leadeth me beside the still waters.
He restoreth my soul: he leadeth me in the paths of righteousness for his name's sake.
Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me.
Thou preparest a table before me in the presence of mine enemies: thou hast overcome all mine iniquities, and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord forever.

JERRY THOMAS LYTTON
Words cannot express our gratitude for the many acts of kindness shown to us, since the death of our beloved son, Jerry. Your kindness and sympathy will always be remembered.
Sincerely,
Mr. and Mrs. W. T. Lytton.

MOVING?
Do You Dread The Following Chores?
● PACKING AND UNPACKING
● MOVING AND STORING FURNITURE
● APARTMENT HUNTING
● LIVIN IN INADEQUATE HOUSING
LUCKY YOU!
HERE'S THE ANSWER TO THE FUSS AND BOTHER OF MOVING
A MOBILE HOME
(A) Once you've moved with a mobile home you'll never move any other way.
(B) Do you need more mobile space? We have a nice selection of large new and used mobile homes. Get settled in your new home before the winter months.
(C) We also have a good supply of "No-Freeze" tape and insulation for water lines.
(D) We know the importance of quality in mobile homes. The brands of new homes we carry have been selected carefully from our 12 years of experience in dealing with mobile homes.
