U.S. Protests To Russ

Official Out As Ordered

MOSCOW (UPI) — Russell Langelle, American embassy security officer ordered out of Russia by the Soviet government despite a U.S. protest, left Moscow today for Washington with his wife and three children.

A crowd of 50 American well-wishers saw them off. Embassy personnel and their wives and children turned out at Mukovo Airport to pump Langelle's hand and kiss Mrs. Langelle as they took off for Amsterdam on the way home.

The Langelles' German maid Marianne, who had cared for the three children during most of the family's 21-month stay here, wept and covered her face with her hands as the family waved goodbye Sunday night, told reporters Russia had rejected the American protest against the treatment of the diplomat.

He said the Soviets suggested that three days was "a reasonable time" for him to leave the country. The Russians accused him of engaging in espionage.

Langelle, according to State Department assertions, was seized by civilian-clothed men last Thursday. They accused him of being a spy, threatened him with imprisonment and physical violation of diplomatic immunity.

Langelle, a 37-year-old former naval lieutenant commander, had been in Moscow since January 1958. As the embassy's security officer, he held the rank of "attache and staff assistant."

Freese gave reporters here their first details of the Langelle case. Not a word of it had been released or even rumored here.

He told the reporters that Langelle refused to speak during the interrogation on grounds his diplomatic immunity protected him.

Pair Injured In Collision

Two young Pampa residents were injured, but not hospitalized, Sunday evening near Skellytown when their car rammed the rear of a car attempting a left turn.

Suffering cuts and bruises were the driver, Hughie Smith Whitmore, 22, of 717 W. Francis, and Wanda Lee Cotton, 25, of 206 N. Ward. Whitmore incurred a cut forehead while Miss Cotton complained of chest and side injuries.

A Borger ambulance was called to the scene but both victims declined hospital treatment.

Highway Patrolmen Travis Underwood and Stanley Schneider said the Whitmore car hit the rear of a 1952 Pontiac driven by Charlie Hutchinson, about 80, of Borger.

Hutchinson, who said he was stopped while waiting to make a left turn, was not hurt. The accident occurred 3 miles from Skellytown on the Borger Highway at 7:15 p.m.

'Teamwork For Living' Topic Of C of C Banquet Speaker

"Teamwork For Living" will be the topic of Dr. Carl C. Byers, speaker at the annual banquet of the Pampa Chamber of Commerce and Board of City Development Tuesday evening in the Robert E. Lee Junior High School cafeteria. The banquet is a complete sell-out with 500 reservations already made for the meeting.

Dr. Byers was a college graduate at 20, and at 25 he became the youngest city high school principal in Ohio. At 31, he was the youngest superintendent of schools in Ohio.

Dr. Byers has just completed 15 successful years as superintendent of schools in Parma, Ohio. He resigned this position to go into lecturing on a full time basis. In recognition of his accomplishments, the athletic field in the Parma School District has been named "Byers Field."

Report Meeting
United Fund campaign workers will meet tomorrow in the Hughes Building for the second report check-in of the 1959 campaign. Coffee and donuts will be served.

Johnson Does 'Not Aspire' To Presidency

JOHNSON City, Tex. (UPI) — Senate Majority Leader Lyndon B. Johnson said Sunday night "I am not a candidate for the presidency and I do not intend to become a candidate."

The statement was made in a letter answering a questionnaire submitted by Mexican newspapermen covering the visit in this country of Mexican President Adolfo Lopez Mateos.

The question was: "They have told us that you aspire to the presidency. From this point of view, do you believe that you should maintain a friendly relationship with President Lopez Mateos?"

Johnson, after saying he did not intend to become a presidential candidate, replied, "I would not have a friendly relationship with President Lopez-Mateos on political ambition. My feelings toward him are personal because he is a man of great vigor, great understanding and a great desire to preserve and foster individual liberty."

"If you became president of the United States," the Mexican newsman asked, "would you put your whole strength to avoid the multiplication of racial discrimination cases as the one in Little Rock that the whole world knew about?"

"I am not a candidate for president of the U.S.," Johnson replied. "But personally I believe that all of us should put forth every effort to promote better relations among all people and to avoid strife within our country. The important thing is that we make progress and try to put behind us the divisions of the past."

Food Poisoning Victims Resting

DALLAS (UPI) — Five of 36 persons who were poisoned by food, probably chocolate eclairs, at the State Fair of Texas Sunday remained in hospitals today for observation.

None was in serious condition. The victims included Mrs. C. R. Ellsworth, wife of the mayor of Lawton, Okla.

Capt. N. T. Fisher of the State Fair police said the victims became ill after eating eclairs in the General Exhibits building. All had identical symptoms: vomiting and stomach cramps.

Lunik III Has 'Shot' Moon

By HENRY SHAPIRO
United Press International
MOSCOW (UPI) — Man may get his first look this week at the mysterious back of the moon which has never been turned toward the earth.

The Russians said photographs of 40 per cent of the lunar surface, made by the Soviet Union's Lunik III moon satellite, were transmitted Sunday when the satellite skirted the earth, 29,515 miles above the Solomon Islands in the Pacific.

The official Soviet Tass news agency said the pictures, taken about 11 days ago when the satellite was reported behind the moon, are now being processed by Soviet scientists. It said the information would be made public.

READYING TAX STATEMENTS — Pampa's Tax Office staff, at work the past few weeks on city tax statements, will begin today mailing out statements to 8,467 residents. From left, they are Lorita Walls, real estate clerk; Olga Smith, office manager; Bill Waggoner, deputy assessor; and Beverly Rhyne, cashier. City Assessor Aubrey Jones announced this morning that residents should have their receipts by Wednesday afternoon. Valuations this year hit a record high, \$39,139,950 — a jump of about 5 1/2 percent over 1958.

Pampa Mails Out Tax Notes Today

The city's tax office today began mailing out some 8,467 tax statements to Pampa residents.

Aubrey Jones, city tax assessor-collector, said that statements will show "some increase" in city taxes — about \$1 per \$1,000 valuation — due to the 10-cent tax rate increase. The new rate is \$1.52 per \$100 valuation.

Statements show that Pampa's valuation jumped more than \$2 million the past year. Jones said they totaled \$39,139,950 — a 5.44 per cent increase over 1958.

Jones said the \$1.52 rate will again be on 100 per cent of valuation, and will not include the 25 per cent "discount" allowed through 1957. In 1957, when the discount was dropped, tax rates were dropped correspondingly.

A year by year account of valuations presented by Jones at a news conference this morning showed:

1955	\$22,746,160
1956	\$24,161,903
1957	\$25,898,570
1958	\$37,121,235
1959	\$39,139,950

Jones added that since 1951 the number of homes and businesses in Pampa has increased by almost 3,000. According to statements for both years, Pampa had 7,126 real estate cards and 789 business cards in 1951. In 1959 Pampa has records of 10,250 real estate cards and 876 businesses.

16,000 Acres A Blackened Scar

LOS ANGELES (UPI) — Flames earlier roared within 300 yards of the site and fire officials said they planned to mass men and equipment there for the rest of today.

The fire has claimed the lives of two firefighters, Philip Chaves of Zone N.M., died Sunday head injury, earlier.

Some 500 men had to be pulled off of the giant foothill fire to battle the blaze in watershed and grazing land about eight miles northwest of Castaic. No homes were threatened by the new blaze.

The foothill blaze has burned a black scar in 13,000 acres of brush just north of the suburban communities of La Canada, Altadena and La Crescenta. Perimeter of the big blaze was estimated at 45 miles.

More than 100 residents in the La Paloma and Vogel Flats areas in the big Tujunga Canyon above the tip of La Crescenta had to remain away from their threatened homes during the night.

Osterman said the blaze was slowly working its way down Mt. Lukens to the homes, but he was hopeful firemen would be able to save them.

Also threatened was a Nike missile site in the foothills.

Steel Efforts Fail, T-H Order Certain

Injunction To Spur Economy

\$6 1/2 Billion Loss Noted By Walkout

Fatal Wreck Brings County '59 Total To 6

Only A Stopgap Solution

PITTSBURGH (UPI) — The nation's economy is expected to perk up, slightly in the event that Taft-Hartley law is invoked in the 97-day steel strike which already has cost the nation billions of dollars.

With President Eisenhower expected to invoke Taft-Hartley's 80-day cooling off provision, some facets of the economy were expected to feel an immediate nudge upward. However, in most industries it would be weeks perhaps longer before any improvement could be noted.

The auto industry, one of the hardest hit by steel shortages, was scheduled to lay off more workers this week and further curtail production of 1960 model cars.

More than 60,000 workers in the auto industry have been idled by the strike. General Motors, one of the hardest hit, estimated its nationwide layoffs last week at 60,000.

With more than 55 per cent of steel production choked off, nearly 250,000 workers in coal mines, railroads and related industries have been laid off because of the strike. These workers and the strikers have lost an estimated 775 million dollars in wages.

Steel Magazine said last week that direct losses for steel mills and workers plus indirect losses for dependent industries would total an estimated \$6,500,000,000 by today.

The construction industry, builders said, critical shortages in such materials as water heaters, nails, and especially structural steel, would develop within 15 to 30 days even if the strike ended soon. Pipe shortages have shut down many jobs already, according to the National Association of Plumbing Contractors.

The Federal Reserve Board noted during the week end that the nation's industrial production dropped slightly last month because of the steel walkout. It said the pinch of steel shortages was felt in the auto, railroad equipment and ship building industries.

Time was running out for shipbuilders of iron ore on the Great Lakes.

The assembly of a whole is expected to begin debate Tuesday on the Irish-Malay resolution on Red China's bloodbath in Tibet. The resolution demands respect for civil and religious liberties in the Communist-conquered mountain state.

Through 25 ballots last week neither Poland nor the U.S. supporters were able to amass the two-thirds assembly majority needed for election to the council. Poland ran ahead in the balloting.

Lopez Mateos was accompanied by his special assistant, Gusto Sierra, as they drove around the city. Mrs. Mateos and their 17-year-old daughter Eva went shopping.

Lopez Mateos planned a luncheon date with Texas Gov. Price Daniel and a pre-departure news conference before flying back to Mexico City to end a 11-day tour of the United States and Canada.

He exchanged greetings of mutual friendship with Johnson at the Johnson ranch Sunday, and was scheduled to leave Austin at 1:30 p.m. c.s.t.

Departure was scheduled on a Mexican Air Force plane from Bergstrom Air Force Base on the outskirts of Austin, where the Mexican chief executive arrived Sunday at 11 a.m. c.s.t.

Lopez Mateos and his party went by helicopter to Johnson's ranch 60 miles west of Austin, honored at a barbecue lunch Sunday afternoon and a private dinner overnight at the hill country ranch.

WASHINGTON (UPI) — President Eisenhower's fact-finding board reported to him today on failure of efforts to end the steel strike, clearing the way for a court injunction to halt the walkout for 80 days.

Presidential action under the Taft-Hartley law appeared certain in the wake of Sunday night's collapse of eleventh-hour efforts by the fact-finders to settle the dispute.

Once Eisenhower gets the board's report, he may direct the attorney general to obtain an injunction directing the 300,000 steel workers to return to their jobs for 80 days.

The President was pictured as extremely reluctant to use the Taft-Hartley procedures. One of his top advisers said, however, that growing shortages of steel for defense purposes and the snowballing effect in the economy would compel him to act.

Fact-finding Chairman George W. Taylor and Labor Secretary James P. Mitchell both said an injunction would be only a stop-gap solution, however.

Union President David J. McDonald said the strikers could obey such a court order but he warned the strike would resume after the 80-day injunction expires if their demands were not met.

The last-ditch peace talks blew up when the union refused to accept management's formula for resolving the thorny dispute over plant work rules and the companies' refusal to buy the union's pared-down wage and benefit package.

The fact-finding board worked through Sunday in an effort to get an agreement from the two sides. But shortly before 9:30 p.m. e.d.t., Taylor announced: "We regret very much that we are unable to report a settlement."

Taylor added, "We had hopes that once the issues were defined and as certain movements (to ward compromise) took place this week, there might be a possibility for settlement."

"But we find that the differences are of such a nature that (See Steel Strike, Page 3)

UN Seating Talks Reopen

UNITED NATIONS, N.Y. (UPI) — The General Assembly renews efforts today to decide whether Red Poland or pro-Western Turkey shall become a two-year member of the Security Council.

Diplomats saw no prospect of an early break in the deadlock.

Later today, the assembly's main political committee will hear Minister of State David Ormsby-Gore express Britain's views on disarmament.

The assembly as a whole is expected to begin debate Tuesday on the Irish-Malay resolution on Red China's bloodbath in Tibet. The resolution demands respect for civil and religious liberties in the Communist-conquered mountain state.

Hey, Like Fightsville!

KANSAS CITY, Mo. (UPI) — Fifty-four persons, mostly young Negroes, will appear in municipal court today to answer charges in connection with a riotous disturbance in a crowd of 35,000 jammed in municipal auditorium Saturday night for a rock n' roll show.

Most of those arrested were charged with creating a public disturbance and released under \$50 bond each. Others were booked for being drunk in public and bond set at \$25. Several faced both charges.

More than 30 spent the night in jail awaiting relatives or friends to make bond for their release pending court appearance.

A police riot squad of 50 officers was necessary to quell the disturbance. Several knives and a pistol were confiscated. Broken liquor bottles littered the floor.

Police said there were no serious injuries.

The battles were set off, police said, when firecrackers were exploded in the crowd and "the boys just started swinging at anyone close to them."

One Negro stood on a balcony seat brandishing a .22 caliber pistol. Police said he eluded officers, but the gun was found after the hall had been cleared.

DEAR ABBY....

By Abigail Van Buren

DEAR ABBY: Our home is so close to our neighbor's that we can hear everything that goes on over there without meaning to. The mother (she's about 45) screams at her 4-year-old child constantly. I can hear, "Patsy, don't climb on that! Patsy, get out of there! Patsy, you're driving me crazy!" It's like a record being played over and over.

They never let the child play with the neighbor children. They keep her cooped up in the house all day. The poor child is a nervous wreck and stutters so badly she can't be understood. When her mother isn't yelling at her, she is slapping her. The crying is more than I can stand. I'd like to help, if I could. But how? I think the mother is a mental case. The husband is about 65 and this is their only child.

INTERESTED, NOT NOBY DEAR INTERESTED: Bake a pie, cake or cookies and call on your neighbor. Cultivate her friendship so that you can tell her as a friend (not a meddling neighbor) that Patsy needs the companionship of other children. Sympathize with her. And suggest that her lack of patience could be due to "nerves." Then encourage her to see a doctor. It will take time and effort on your part, but the rewards will make it worthwhile.

DEAR ABBY: Before I was married I made a horrible mistake. I took my punishment and gave my baby for adoption. I told my husband about it before I married him. He forgave me in front of a preacher. But he has told my sin to people in every community we've lived in (and because of his occupation, we've lived in many). We've been married nine years and have two children.

Is this the kind of revenge I should expect from a man? Or could he be using my one mistake to cover up his many?

DEAR NOT FORGIVEN: It is difficult to believe that a man in his right mind would behave this way. He is, of course, trying to make himself appear the martyr. He needs to go before the preacher again. This time to ask you for YOUR forgiveness. His sin is greater than yours.

DEAR ABBY: Will somebody please tell me why Hi-fi has to be played so loud in the ordinary living room it goes through you like the vibrations of a cannon? My family says it is the only way Hi-fi should be heard.

Please withhold my name as I requested this set as my birthday, anniversary and Christmas gift only because I knew my family wanted it so much.

I am now ready to throw the set out and ask for the mink coat I deserve.

LONGING FOR QUIET DEAR LONGING: Either something is wrong with your Hi-fi set or something is wrong with your family's hearing. No properly installed Hi-fi should set off vibrations that sound like a cannon. Have it adjusted by the people who installed it. There is no reason why you can't enjoy it, too.

CONFIDENTIAL TO "A NOBODY": It's nice to be important, but it's more important to be nice.

Memo to autumn groams: The honeymoon is over when— She gets a far-away look in her eye when you are telling her about your day, while she listens to you with half a mind and visualizes a new cover for the sofa with the color of the autumn leaves.

—You get home from work and find that no preparation for dinner has been made because her bridge session with the girls ran overtime. When she does get home she says, "Would you mind eating out tonight? I'm beat."

—She still hangs up the clothes you strew around—but she doesn't look happy about it. She begins to point out the shortcomings of your first house or apartment like the too-small living room, or the inconvenient kitchen.

—She tells you where the bandages are when you cut your hand, instead of rushing to give first aid. —She doesn't rush to the door to greet you.

—She occasionally mentions that she wishes you wouldn't do this or that.

—She begins to talk about what a problem it is to know what to have for dinner.

—You discover that she doesn't feel the same way that you do about some things you consider important, and that you find her ready to argue for her point of view.

—She starts using the phrase, "If that isn't just like a man."

—She begins buying things for the house without asking you to go along, and you suspect it is because she wants to be sure she gets to do the choosing. —She gets off in a huddle with the girls when you go to a party instead of sticking close to your side.

Hall Tire Company Has Magic Motor Formula 9

Motor Formula 9 is now included in all chassis lubrication—generator, starter and distributor oils—at Hall Tire Company, 700 W. Foster. The Formula 9 fortification is given at no extra cost.

You don't get just a grease job when you have your car lubricated at Hall Tire Company. You get scientific lubrication in which all grease and oil is fortified with Formula 9. The complete treatment includes the engine, transmission and differential—plus the Gas Aid treatment for gasoline.

When you buy a can of Formula 9 or Gas Aid at Hall Tire Company, complete satisfaction is guaranteed for your money back. Ever so often something so good

comes along that it virtually sells itself. Such a product is Motor Formula 9, the magical oil amplifier and stabilizer introduced to the Top O' Texas trade territory some 20 months ago.

What is this Formula 9 and what will it do for your car? It's the best lubricant additive for any engine, new or old. Here's what just one can will achieve:

1. Easier starting.
2. Faster pick-up.
3. Smoother acceleration.
4. No carbon ping.
5. Less oil burning.
6. No dry starts.
7. Cooler running.
8. More gas mileage.
9. Clean spark plugs.

10. Quiet noisy valve lifters.

Have you been missing out? Then investigate right now. Formula 9 is a practical, logical advance in the field of automobile lubrication. The most casual observation of the performance will establish the truth of the claims made for it.

ME 9 is a 100 percent petroleum product designed to provide high point lubrication at all performance temperatures. It mixes readily with all petroleum oils and maintains oil at original viscosity and all running temperatures between regular oil changes.

Formula 9 is available at all leading service stations and garages in Pampa. It is distributed by Hall Tire Company.

MAGIC FORMULA 9—Hall Tire Company, 700 W. Foster, announces the addition of Motor Formula 9 to all chassis greases, generator, starter and distributor oils. This is a service that comes at no extra cost with a lubrication job at Hall's. Hall Tire Company is the area distributor of Formula 9 and Gas Aid, two products guaranteed to increase the gas mileage and greatly prolong the engine life of your car. Leymond Hall, owner and operator, invites you to try, then experience the amazing results and benefits that thousands of area motorists are receiving from Motor Formula 9.

Russia Marketing Surpluses Of Oil By New Pipeline Net

"EUROPE TODAY"
By K. C. THALER
United Press International

LONDON (UPI)—Russia, in a shrewd empire-building move, has embarked on a gigantic oil pipeline project which will tie the satellites closer to Moscow and advance its strategic supply lines deeper into the heart of Europe.

The Soviet, in close cooperation with its east European satellites, is building a 2,500-mile pipeline which will carry oil from the Urals to Poland, East Germany, Hungary and Czechoslovakia.

At the same time Moscow is working on another life line which is to bring Soviet oil to the shores of the Baltic for the needs of the Scandinavian nations as well as those of Russia's strategic Baltic fleet.

The two moves shrewdly combine long term strategic and political considerations of the highest order.

The two projects also are of considerable importance economically since they will provide Russia with a long-term outlet for her growing oil surplus.

Plans for the intra-bloc pipeline were laid some time back and worked out through COMECON, the Communist bloc's Committee for Mutual Economic Aid, which organizes economic cooperation within the Red camp.

The project, broadly, provides for a pipeline to originate at Kuibyshev and run across the Volga through Byelorussia to Poland at East Germany. Another branch would go to Czechoslovakia and Hungary.

Oil refineries are to be established along the route of the pipeline—one in the area of Warsaw, another northeast of Berlin, and others around Budapest and Bratislava, in Slovakia. Each will have a capacity of between one and four million tons.

The total volume of oil supplies through the new pipeline is currently estimated at some 15 million tons. The line is to be completed within four years.

If these targets are met, the east European satellites will in effect get all or most of their oil from Russia, whether they like it or not, and become even more dependent on Soviet goodwill for their economic and military needs.

At the same time Russia will be able to advance her own oil supply lines deeper into central Europe—just in case.

In the north of Europe, the Baltic is to play a major part in Russia's oil plans. Recent reports have said Russia is developing Klaipeda in Lithuania and Ventpils in Latvia as oil ports.

The moves reflect Moscow's growing confidence in its ability to step up Russian oil production far beyond levels previously held realistic by Western experts.

Not long ago Russia was held to be eyeing jealously the West-controlled oil fields of the Middle East.

Now estimates suggest that Russia may be able to muster an exportable oil surplus of between 25 million and 30 million tons within a few years' time.

Whether this is attainable or not will depend on Russia's ability to achieve her present goal—a total oil output of some 240 million tons by 1945, nearly twice the present figure.

TRUCK KILLS MAN

SAN ANTONIO (UPI)—Robin Julius Scholl, 55, of San Antonio, fell under the rear wheels of a road crew dump truck Wednesday and died. Witnesses said Scholl tried to jump onto the running board of the truck driven by Frank L. Morton, but the rear view mirror he grabbed to hold himself and he fell.

Peaceful In Crosby Clan

HOLLYWOOD (UPI)—If there's more zest in the Crosby brothers' night club act Saturday night it's because peace reigns once more between pop and the boys.

Bing Crosby and his eldest son, Gary, settled their differences Friday night and posed for pictures with their arms around each other, joined by the Crooner's other grown sons, Dennis, Philip and Lindsay.

Crosby and Gary, who admitted a few months ago that they "didn't get along," got together Friday night in the dressing room of the Moulin Rouge night club where the brothers are appearing.

The meeting took place after arguing with their act. The meeting took place after Bing had witnessed his sons perform together for the first time. He saw the show from the private box of Moulin Rouge owner Frank Sennes. But his sons didn't know he was watching.

Parsley Features Service For You

A freight elevator on wheels, a hi-lift truck which lifts six tons in seconds is one of the modern and outstanding conveniences offered by Parsley Sheet Metal and Roofing Company, 624 S. Cuyler.

If you need a new roof, Parsley Company can back this truck up next to your house, raise the hoist bed and remove the old roof without messing up your yard.

This is just one of the many conveniences offered to customers of Parsley Company. This truck unloads shingles directly from truck to roof also. This definitely gets the job done faster and is a savings for the customer.

Foolproof scissor design combines extraordinary strength with simplified operation and maintenance. Precision built, 100 Dural hydraulic cylinders provide outstanding stability even under maximum load and height. The hi-lift truck slashes high unloading costs.

The Parsley roofing contractors are men of intelligence, training and financial responsibilities. So what ever your needs in sheet metal or roofing, you know you can depend on Parsley.

The Ther-Mo Roof is another outstanding feature with Parsley Company.

This is a complete built-up roofing process engineered and tested to offer numerous improvements over the conventional built-up roof. Ther-Mo Roof is not just another built-up roof—it is a scientifically engineered roof that will give extra comfort and lasting beauty and better protection for more years.

Parsley also offers the 20-year-bonded roof.

Ther-Mo Roofs are manufactured and distributed by Ther-Mo Roof, Inc. of Houston and engineered by the Parsley's of Pampa—Richard K. Parsley and his sons, Larry and Lonnie.

McLean, Canadian Trying To Dethrone Bucks in 2-A

White Deer, the pre-season favorite, and McLean, the district's surprise dark horse, are tied for the lead in 2-A, after convincing wins over Clarendon and Panhandle. Both have 2-0 loop records.

White Deer's leadership will be seriously challenged this Friday when the Bucks travel to Canadian, to meet the big and highly-regarded Wildcats. Canadian, with a 2-1 district record, is rated as a top contender for the district title.

McLean could grab the district lead by winning Friday over Memphis, if Canadian upsets White Deer. The Tigers, with the home field advantage, will be heavily favored over Memphis, which has won only one game this season.

Clarendon, which is tied with Canadian for third place with a 2-1 district record, must take a win over the visiting Lefors team Friday to stay in the district race. Panhandle, which occupies the 2-A cellar with an 0-3 record, is idle this week.

In the District 5-A opener, Quannah had a surprisingly tough time before downing Perryton, 12-6; and the Childress Bobcats pulled

This Friday, Claude is at Texline, Follett at Wheeler, and Groom at Darrouzett.

Texas Longhorns Plays Rice Saturday

The University of Texas Longhorns stake their new-look Southwest Conference leadership against rowdy Rice, while Arkansas and Texas Christian pack the loop banner into major intersectional frays this week.

The Longhorns, ranked No. 3 nationally and the loop's only perfect record club after spoiling Arkansas' record in a 13-12 thriller, host the steadily-improving Owls at Austin in one of the two league contests on the program.

Arkansas' light legions face the tremendous task of halting the powerful Mississippi Rebels at the neutral Memphis in one of the nation's top intersectional games of next Saturday, while TCU takes its regained vigor into the East against in-and-out Pittsburgh.

On the home front, the tattered

Amateurs Capture Texas Cup Match

DALLAS (UPI)—Texas amateur golfers again have taken the measure of the state's professionals in the annual Texas Cup Matches.

For the third straight year and for the fifth time in the past eight years, the state's best amateurs owned the state's top pros Sunday by a score of 9½ to 5½.

Capt. Spec Goldman's amateurs, paced by Dick Crawford and Jackie Cupit, took 4 of 10 singles matches and halved two others. The rival teams went into Sunday's final round all even at 2½-2½ after splitting five doubles matches Saturday.

Crawford and Cupit, teammates on the University of Houston golf team last spring, put the amateurs ahead with their victories. Crawford beat Bobby Morris, of Dallas, 4 and 3, while Cupit defeated Jackson Bradley, of Houston, 2-up.

Other winners for the amateurs were Charles Goody of Stamford, Hal McCommas of Dallas, Bill Eschenbrenner of Fort Worth, and John Paul Cain of Sweetwater.

Goody beat Earl Stewart Jr., of Dallas, 2-up, while McCommas won over Elroy Marti of Houston 1-up. Cain defeated Raymond Gafford of Fort Worth 2 and 1, and Eschenbrenner beat Sam Speer of McAllen 3 and 2.

Dudley Wysong Jr., McKinney amateur, halved his match with Byron Nelson of Roanoke, while Don Massengale of TCU also split with Ross Collins of Dallas.

Dick Turner, Brownwood, and Doug Higgins, Fort Worth, marked up the only wins for the pros. Turner beat John Farquhar of Amarillo 2-up, and Higgins beat Goldman by the same score.

Massengale, the Southwest Conference golf champion, birdied 7 of the last 8 holes in his match with Collins.

Goldman turned in the best individual card of the day. He had a 4-under-par going into the 18th hole of his match with Higgins when he knocked a tee shot into the creek to lose out on that hole.

Wrestling Set Here Tonight

A triple main event is slated to night in wrestling at the Top of Texas Sportsmen's Club, on Lefors Highway. Two of the three matches are return bouts. The first event gets underway at 8:30 p.m.

In one event, Tommy Phelps takes on Fred Hunt. Phelps lost a one-fall-to-the-finish match. Last week to Hunt. Last week's match was a rough-and-tumble brawl with few holds barred.

In another match, Bob Geigel meets Danny Savich for the third straight week. In their first match, both grapplers were disqualified for fighting outside the ring, and refusing to get in the ring on the referee's orders. In last week's match, Savich was disqualified for refusing to re-enter the ring.

Ripper Leone, one of the area's most successful "dirty" wrestlers, meets Silent Joe Hamilton in the other match. Hamilton, a rough but scientific wrestler, has built his reputation by demolishing "wild-lains" such as Leone.

Baylor Scores 52 In NBA Opener

The Boston Celtics and Minneapolis Lakers, finalists in the National Basketball Association playoffs last spring, launched the new season by galloping off in opposite directions.

The defending champion Celtics turned back the Cincinnati Royals, 129-115, in their opener Saturday but Minneapolis dropped a 106-105 decision to the Detroit Pistons Sunday despite a 52-point barrage by the Lakers' Elgin Baylor.

Bill Russell totaled 32 points and 23 rebounds in the Celtics' opener. He was ably assisted by Tom Heinsohn, who had 26 points and 20 rebounds, and Bob Cousy, who scored 23 points and drew 13 assists.

Baylor was magnificent against Detroit and he almost pulled the game out in the final minute by dropping in three straight baskets. But the Pistons hung on to win on a clutch basket by Gene Shur, who led his team with 22 points.

Pampa Climbs Notch; Sandies Slip To Third

Amarillo's Sandies suffered their first setback of the year last week, as they were forced to come from behind in the last five minutes to tie the Pampa Harvesters, 14-14. The tie dropped the Sandies from second to third place in the District 3-4A race, and broke a four-game winning streak.

The tie moved Pampa up a notch, from seventh to sixth place, and left the Harvesters in a good position to bid for at least fourth or fifth place in the district.

Three of Pampa's four remaining opponents have won a combined total of only two games this year. They are Palo Duro (0-6), Lubbock (1-4) and Plainview (1-4). Lubbock has beaten only Palo Duro, and Plainview has defeated only class AAA Hereford. Pampa's fourth opponent, Borger, has a 4-1 record, and will probably be favored.

Pampa has an open date this week. The Harvesters resume district play Oct. 30, when they meet Palo Duro in Amarillo. Tascosa also has an open date this week. The other six district teams will be in action, with Palo Duro at Plainview, Monterey at Amarillo, and Borger at Lubbock. The Borger-Lubbock game will be played Saturday.

Three of the four contenders won as expected last week. Borger blanked Plainview, 35-0; Monterey whitewashed Palo Duro, 28-0; and Tascosa breezed past Lubbock, 38-18.

Tascosa and Monterey are still undefeated in district play. Tascosa has a 3-0 loop mark, Monterey a 2-0 record. Amarillo has a record of one win, one tie.

Borger is in fourth place, with a 2-1 district record, but has the most impressive scoring record in the district. The Bulldogs have tallied 73 points, to 6 for their opponents. The "6" was scored by Tascosa — in a 6-0 victory.

Lubbock holds fifth place, with a 1-1 record, and Pampa is sixth, with two losses and a tie. Plainview and Palo Duro, both with 1-1 district play, are in seventh and eighth places.

Two of State's Perfect-Record 4A Grid Squads are in 3-4A

The handful of unbeaten survivors in Texas schoolboy football's upper echelons may be reduced to a pitance ere this week is out.

As it is, there are only a half dozen perfect record teams in each of the AAAA and AAA divisions, plus five others unbeaten but tied.

For the most part, the teams devote their attention to district warfare and the hurdles there may be considerably tougher than they were on the outside.

There are only 10 games in AAAA and six in AAA that won't count in the race for the playoffs this week.

Perfect record teams left are Abilene, Amarillo, Tascosa, Lubbock, Monterey, Arlington, Bryan and Corpus Christi Ray in AAAA and Phillips, Littlefield, Mineral Wells, Nederland, Bay City and San Marcos in AAA.

Wichita Falls, Amarillo High and Galena Park in AAAA and Dallas and Eagle Pass in AAA are undefeated but have been tied.

Ironically, Phillips, Littlefield and Dallas are all in District 1 where Leveland is the favorite to emerge as champ, while the two Amarillo schools and Lubbock Monterey are in the same district.

This week's schedule puts Monterey against Amarillo-High and Phillips against Littlefield in games certain to alter the list to some degree.

And, Mineral Wells will be a decided underdog when it takes on defending state AAA champ Breckenridge as will Dumas against Leveland.

Bryan could trip over Waco and Baytown might prove too much for Galena Park.

Wichita Falls probably won't

SOUCHAR WINS TOURNAY

GREENSBORO, N.C. (UPI)—Mike Souchar interrupted a vacation during the week-end to lead a group of professional golfers to victory over some of the South's best amateurs in the annual Carolinas Cup competition.

The husky par-buster, who has been resting up for the Ryder Cup matches next month, defeated Billy Joe Patton of Morgantown 2½ to ½, in Sunday's featured singles match.

WIN AUTO RALLY
LAS VEGAS, Nev. (UPI)—L. Scott and Ted Sparks of Los Angeles today were declared official winners of the \$10,000 American International Auto Rally.

They turned in a near-perfect score in the 3,200-mile cross-country rally, earning a purse of \$2,767. There were no serious mishaps and 60 of the 88 starters finished the event.

Standings Reshuffled In NFL

By EARL WRIGHT
United Press International

Bill Wade and John Unitas, master passers who handle the ball on almost every play, and Garland Svara, a linebacker who seldom gets his hand on it, are the guys most responsible for the reshuffled National Football League standings.

The Green Bay Packers, Baltimore Colts and San Francisco 49ers (each 3-1) emerged from Sunday's action tied for first in the Western Division while the New York Giants (3-1) became undisputed Eastern leaders.

Wade played the key role in setting up the three-way Western leadlock when he threw three touchdown passes to spark the Los Angeles Rams (2-2) to a 45-6 victory over the hitherto unbeaten Packers.

Unitas, All-League quarterback for the champion Colts, virtually knocked the Bears (3-1) out of the Western race. He fired touchdown passes to Lenny Moore and

L. G. Dupre and set up Alan Ameche's scoring dash in a 21-7 triumph at Chicago. San Francisco, with J. D. Smith scoring twice, smashed Detroit's dim Western hopes by whipping the Lions (0-4) at Briggs Stadium, 34-13.

The Giants took a 49-21 whipping from the Philadelphia Eagles two weeks ago. They trampled the same club Sunday, 7-0, when Svara delighted a record opening day crowd of 88,783 at Yankee Stadium. He started the Giants toward a relatively easy 24-7 victory by intercepting a Norm Van Brocklin pass and racing 70 yards to tie the score. It was his first touchdown in seven pro campaigns.

New York started the day tied with Philadelphia and the Washington Redskins for the Eastern lead. The Giants took a one-game lead by downing the Eagles while the Pittsburgh Steelers turned four of seven Washington fumbles into points while enroute to a 27-6 victory.

The Cleveland Browns remained in the Eastern Race with a 17-7 victory over the Chicago Cardinals (1-3) on Mill Plum's 14-yard touchdown pass to Bob Mitchell, Bernie Parrish's 37-yard scoring dash with an intercepted pass and Lou Groza's 19-yard field goal. Cleveland, Philadelphia, Washington and Pittsburgh (each 2-2) are tied for second behind New York.

Wade threw scoring passes of 25 and 26 yards to Del Shofner and a 53-yarder to Jim Phillips. The Ram ball carriers gained 258 yards with Ollie Matson sprinting 49 yards for a touchdown and Joe Marconi lunging one yard for another. Paul Hornung booted field goals of 14 and 46 yards for Green Bay's only points.

Unitas broke a 7-7 tie at Wrigley Field when he fired a 25-yard scoring pass to Moore in the first minute of the last period. He completed a short touchdown pass to Dupre in the final seconds after Don Shinnick stole a Zeke Bratkowski pass for Baltimore's fifth interception.

After Svara scored for the Giants, they added two more touchdowns on Alex Webster's 16-yard run and George Shaw's 13-yard pass to Bob Schneider. Bill Barnes lunged a foot for Philadelphia's touchdown after the Giants held three times on their one-foot marker. Svara kept the Giants "alive" in their stretch drive to the Eastern title last December when he blocked a Detroit field goal that would have beaten New York.

Smith, a 210-pounder from little North Carolina A and T College, scored San Francisco's first and last touchdowns Sunday at Detroit on runs of 18 and one yard. Matt Hazeltine, a linebacker, ran 41 yards to score after scooping up a fumble by Detroit's John Henry Johnson.

Y. A. Tittle completed a 37-yard touchdown pass to Clyde Conner after linebacker Jerry Tubbs recovered another Detroit fumble. Larry Krutko scored on lunges of one and five yards. George Tarasovic, a linebacker who recovered a Ralph Guglielmi fumble to set up one of Krutko's touchdowns, scored Pittsburgh's other touchdown against the crippled Redskins by rumbling 38 yards with another Guglielmi fumble.

Report Says Senators Stay

WASHINGTON (UPI) — The Washington Senators are "certain" to stay in the nation's capital for at least another year, reliable sources said today.

The annual suspense over whether the American League club would stay here or move to Minneapolis was ended over the week end when owner Calvin Griffith vetoed any suggestion of transferring or selling the team.

Hebert Wins Orange Meet

COSTA MESA, Calif. (UPI) — Veteran Jay Hebert was back on the tournament trail today, \$1,000 richer after his first place finish in the \$15,000 Orange County Open.

His victory Sunday over the brand new 6850-yard Mesa Verde layout, was the first since June a year ago, although he had been runner-up in eight tournaments in the last 21 months.

Right behind Hebert were relative newcomers Jerry Magee of Toronto, Canada, and Jack Fleck, former U.S. Open winner from Los Angeles.

Hebert, who plays out of Sanford, Fla., shot a final round 69, two under par, after circling the course in 68 for each of the first three days of the tournament.

Magee and Fleck each received \$1,350. Tied for third were Bert Weaver, Beaumont, Texas; Jerry Barber, Los Angeles; Billy Maxwell, Odessa, Texas; and Tom Nieporte of Bronxville, N.Y., who all shot 276. Each received \$862.50.

WINS-FLORIDA PGA

NAPLES, Fla. (UPI) — Dow Finsterwald won the Florida PGA golf championship Sunday by firing a seven-under-par 65 in the final round for a 72-hole score of 277.

Burl Bolesta of Tampa finished second, a stroke back of Finsterwald and a stroke ahead of Bob Toski of South Miami and Henry Castillo of Tampa, who tied for third.

Socialism's Ills

If Karl Marx isn't tossing in his grave, he ought to be. Were he to rise up now, a steeled corpse, to make his way gloomily thru the streets of London or of Western Germany, he would probably be hunted by the remarkable feature of almost all of his pet theories. And the cap stone to the climax of his gloom would be the fact that right now, socialists in both London and Western Germany are denouncing Marx and are beginning to orbit around the idea of capitalism as the "wave of the future."

Rights Are Equal

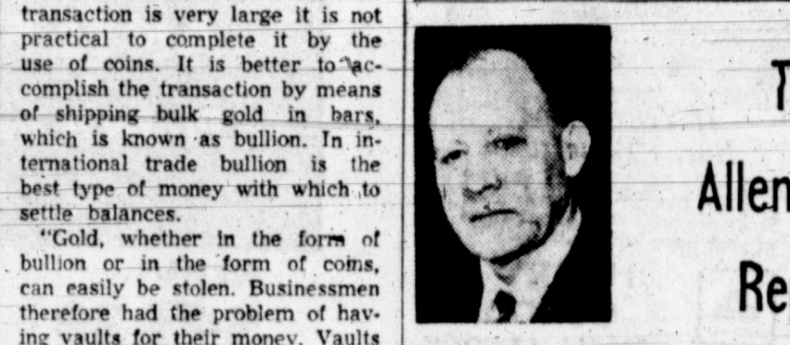

In these United States, most of us have come to the conclusion that we all have certain basic rights. And, because we believe in the Declaration of Independence, we rest our belief on the idea that rights are inherent, that they apply to all persons equally, and that they precede any government that may be set up. In short, rights come from the Creator and are not bestowed by some men upon other men.

The Pampa Daily News

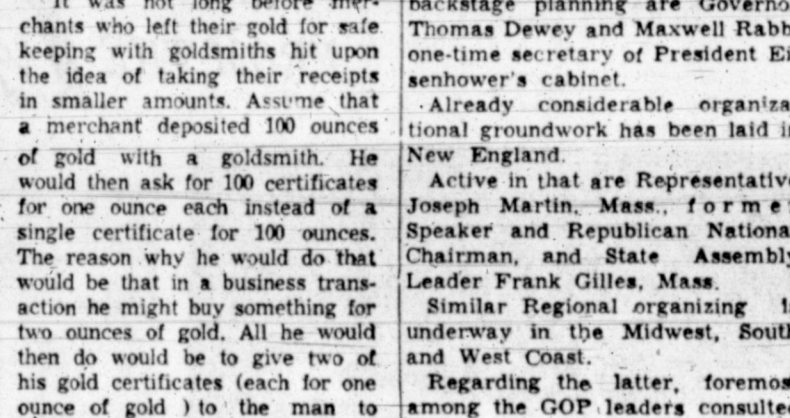

YOUR FREEDOM NEWSPAPER We believe that freedom is a gift from God and not a political grant from the government. Freedom is not license. It must be consistent with the truths expressed in such great moral guides as the Golden Rule, The Ten Commandments and the Declaration of Independence.

BETTER JOBS

By R. C. HOILES Origin Of The Immorality Of So-Called Capitalism I am continuing to quote from Frederick Nymeyer's essay on the causes of booms and busts. Under the heading of "Origin Of The Immorality Of So-Called Capitalism" he writes:

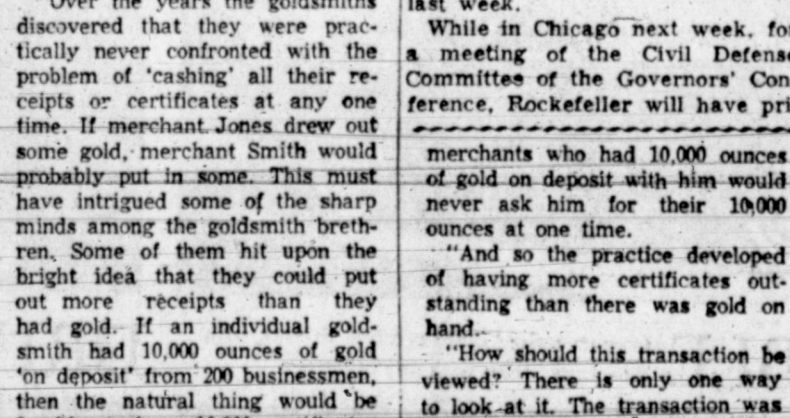

ROCKEFELLER BACKERS PLAN STAND-BY REGIONAL TASK FORCES WASHINGTON — Presidential boosters of Governor Nelson Rockefeller are embarking on some highly significant strategy. After several months of talks with influential Republicans and quiet surveys in key sections of the country, it has been decided to launch a series of regional set-ups which could be quickly expanded into active campaign organizations if and when the New York State executive throws his hat into the 1960 ring.

The Allen-Scott Report

ROBERT S. ALLEN PAUL SCOTT vate discussions with GOP leaders from Illinois, Indiana, Wisconsin, Minnesota, Iowa and Nebraska. Some of these party leaders already have exchanged views with him on the farm issue — of key moment in this region. One Republican official is convinced Rockefeller is running for President.

WHEELER — Three members of a Berger family were injured slightly when the car in which they were riding overturned in a ditch 1/4 mile east of Mobeetie on Highway 152. Mrs. Effie Welch, 32, driver of the car, along with her husband and 12-year-old son were taken to the Pampa Highland General Hospital where they were treated and released.

South Wheeler UF Will Start Tuesday

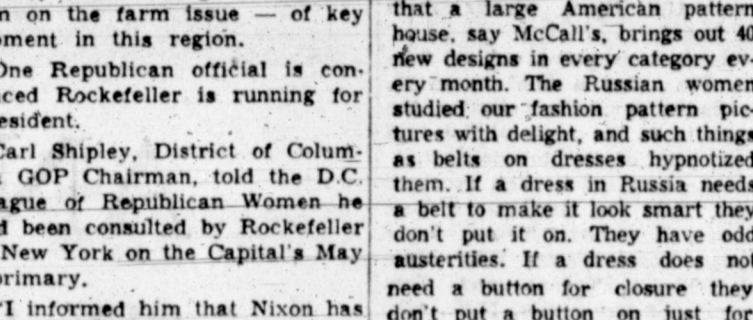

SHAMROCK — The South Wheeler County United Fund campaign will be kicked off Tuesday morning, according to R. L. Roberts, finance chairman. Six agencies will participate in the United Fund this year. The budget for 1960 is set at \$7,336.53. Shirley Draper, president of the United Fund, said that United Fund was organized by public request for the two-fold purpose of stopping multiple solicitation and for screening budgets of various agencies closer, making sure their needs were legitimate.

Looking Sideways

By WHITNEY BOLTON NEW-YORK — Along about the middle of last summer, on a day hot enough to burn paint off a barn, I sat in a cool room and talked to a beautiful girl from Huntington, West Virginia, who had made her own clothes for 12 years and because of it was on her way to Russia and the American exhibition there. Her job was to demonstrate to Russian women how smart and alluring they could look by combining their own skills and American patterns. I liked Martha Titus enormously, finding her an intelligent and forthright girl. And we made an agreement: when she came back from Russia she would tell me what she thought.

Austria, Too, Has Its Podunks, Possum Hollows By HENRY McLEMORE STUTTGART — When you think of the country which has the most towns with the oddest names you usually think of America, but I advise you not to overlook Austria. A drive through Austria will convince you that the land of Franz Josef can more than hold its own when it comes to odd tags for cities and villages.

Gas And Oil Are Recovered

MIAMI — Both gas and oil were recovered in Gulf Oil Corporation's No. 1 B. A. Byrum, et al "A" well.

The well is located five miles northeast of Miami, in section 5, Block B-1, H&GN Survey.

The hole was drilled to 11,000 feet last winter and plugged after two or three drillstem tests had been made indicating a gas show.

Scout Fund Drive Will Start Today

MIAMI — Roberts County annual Boy Scout fund drive will get underway today when volunteer workers meet for an organizational meeting. E. D. Daugherty is serving as chairman of the drive.

The success of the annual fund drive determines to a great extent how many boys will be able to participate in the Scouting program, Daugherty said.

The Almanac

United Press International

Today is Monday, Oct. 19, the 292nd day of the year, with 73 more days to follow in 1959. The moon is approaching its last quarter.

The morning star is Venus. The evening stars are Mercury, Jupiter and Saturn.

On this date in history:

In 1781, the surrender of Lord Cornwallis at Yorktown, Va., virtually marked the end of the Revolutionary War.

In 1814, "The Star-Spangled Banner" was sung in Baltimore for the first time.

In 1936, a round-the-world airplane race among three American newspaper reporters came to an end when H. R. Elkins of the New York World Telegram flew into Lakehurst, N.J.

In 1943, Arkansas Democrat Hattie Caraway became the first woman to serve as presiding officer of the United States Senate.

In 1954, Great Britain signed a pact with Egypt providing for the withdrawal of British troops from the Suez Canal Zone.

A thought for today: English novelist Charles Dickens said: "One always begins to forgive a place as soon as it's left behind."

Person To Person
NOTTINGHAM, England (UPI) — Enterprising car-hire proprietor Michael St. David today was offering as part of his service "a chat over the telephone at any time, day or night." If it will help to ease loneliness, distress or "just sheer boredom."

RAILROAD FEATHERBEDDING:

\$500,000,000 LOSS TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman — even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.
