FORMAL OPENING — Mayor Ed Myatt, at left, and Chamber of Commerce President Hershel Wilks, right, helped B. M. (Bunny) Behrman celebrate the formal opening of Behrman's Shoppe, 123 N. Cuyler, this morning. Although the ribbons were cut shortly after the 9 a. m. opening, dozens of shoppers had already been admitted. (Daily News Photo)

Tanker Fire Leaves 8 Dead; Controlled, But Still Burning

Workmen Back, But Grumbling

44 Injured In Houston Port Disaster

First Trickle Of Steel In 116 Days Pours From Mills

PITTSBURGH (UPI) — Production workers returned to the nation's steel mills in increasing numbers today and the first trickle of steel poured from reheated furnaces following an injunction-forced truce in a four-month strike.

Workers, grumbling about the Taft-Hartley injunction which ended their 116-day walkout, tapped a few furnaces while maintenance crews toiled to repair damage to other facilities, caused by long idleness.

Although smoke belched from furnaces from coast to coast, less than half of the 500,000 strikers were called back to work and full production appeared as much as six weeks away, half of the 80-day duration of the Supreme Court directed injunction period.

In addition to millhands, recall orders went to rail workers, Great Lakes ore ship crews, and coal and iron miners.

But as steel men returned gradually to their jobs, the steel-automobile industry prepared to lay off even more workers as supplies dwindled and no appreciable supply quantity from reopened mills was in sight soon. Some 250,000 auto workers, mostly General Motors employees, are idle and management warned it would be some time before they could be ordered back.

U.S. Steel and Jones and Laughlin, the major producers in this steel center, said the bulk of their workers would be called back within a week.

More than 50 per cent of the mill workers in the Chicago-Gary area already were back. Some 46,000 workers will be recalled by Tuesday at Bethlehem Steel Corp.'s sprawling Sparrow's Point, Md., works. Other major producers across the nation also reported rapid recalls.

But a strike of 200 railroad workers against the U.S. Steel's Tennessee Coal and Iron Division in Alabama threatened to keep 25,000 steel workers from resuming work. United Steelworkers officials said their members would not cross picket lines of the Brotherhood of Locomotive Firemen and Enginemen.

But as workers donned mill togs and their wives packed lunch buckets for the first time since the strike started July 15, union members nationally expressed disgust and resentment at being ordered back to work under the injunction against their will. They vowed to resume the strike in 80 days if agreement was not reached. But workers admitted they were looking forward to their first pay checks.

Workers echoed the "slave labor" charge by USW President (See STEEL, Page 3)

Government Hopes To Stall Recurrence

WASHINGTON (UPI) — The administration appeared determined today to prevent a resumption of the steel strike at the end of the 80-day back-to-work order.

Labor Secretary James P. Mitchell said Sunday President Eisenhower would send Congress recommendations for ending the walkout if the dispute is not settled by the time the Taft-Hartley injunction expires.

He said it would be up to Congress to settle the strike in that event. In an election year, Mitchell added, this could lead to legislation that would not be in the interests of either union or management.

Under the Taft-Hartley order upheld by the Supreme Court Saturday, the strike could be resumed after the 80-day period which ends Jan. 26. Congress reconvenes Jan. 6.

Mitchell, appearing on a nationwide television program, said he was "very hopeful" the dispute could be settled during that period. He refused to give any hint of what action Eisenhower might recommend to Congress if no settlement is reached.

He said the national emergency provision of the Taft-Hartley law should be reviewed. In 9 of the 15 strikes in which the law has been invoked, he noted, there was no settlement in the 80-day "cooling off" period.

The cabinet officer described as "all wrong" proposals by Sen. Wayne Morse (D-Ore.) and other senators that "we have tribunals and judges determining wages" to break management-union deadlocks in essential industries.

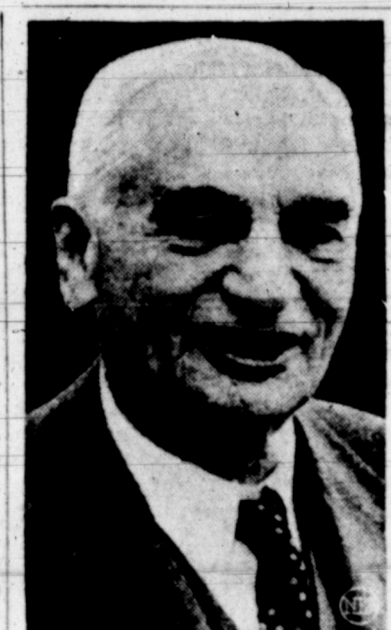

"How can you determine wages by government edict without determining prices?" he asked. "And if the government determines wages and prices, we are getting on the road to socialism which I, for one, do not want."

The Labor Department estimated today that more than one million workers—including the 500,000 strikers—were idled by the dispute before the Supreme Court upheld the 80-day back-to-work directive.

These workers, lost more than \$1,135,000,000 in wages, the department calculated. No one knows how many billions of dollars were not spent because of steel shortages.

Tax losses to federal and state governments will run into the millions, U.S. officials now seriously doubt if President Eisenhower's budget will be balanced because of strike-caused reductions in corporate and personal income taxes.

The steel producers reported losses of more than 100 million dollars in July, August and September. U.S. Steel alone said it lost 31 million dollars, greatest loss for any three-month period in its history.

William Langer

Sen. Langer Of N. Dakota Dies In Sleep

WASHINGTON (UPI) — Funeral arrangements were being completed today for Sen. William Langer (R-N.D.), a political martyr who died in his sleep Saturday night of a heart ailment.

Aides of the colorful 73-year-old senator met with Senate officials to work out the final arrangements. They said the funeral services and burial would be in Casselton, N.D., probably "ward the end of the week."

Langer's body was found Sunday morning by a daughter, Mrs. Mark Erskine Gokey of Fargo, N.D., who had been visiting him at his home here.

His death left the political line up of the Senate at 65 Democrats and 34 Republicans. However, GOP Gov. John E. Davis of North Dakota was expected to name a Republican to succeed Langer.

Langer, whose wife died last August, had been in failing health in recent years. But he apparently had recovered from an attack of pneumonia he suffered in September.

The North Dakota senator remained a political non-conformist to the end of his Senate career, which began in 1911. In one of his last major legislative acts, he joined with Sen. Wayne Morse (D-Ore.) in casting the only two Senate votes against the Landrum-Griffin labor reform bill.

Langer's death brought to a close a turbulent, 45-year political career. He was intensely proud of his maverick status, noting in his biography in the Congressional Directory that he was the "only person ever to be arrested in any English-speaking country for filing an affidavit of prejudice against a judge."

Considering A Precedent
A precedent will be set Tuesday morning by the Pampa City Commission if it goes ahead with plans to adjourn at 9:30 a. m. and reconvene at Commissioner Jack Vaughn's home, 2108 Christine, to consider the remainder of its agenda.

Commissioner Vaughn, absent at the last three commission meetings, suffered injuries last month in a fall from a mule on a Colorado hunting trip.

Mayor Ed Myatt said this morning several items of business have been held up pending Vaughn's return to the commission, but doctors have ordered Vaughn to remain at home at least five more weeks.

Vaughn's injuries included several broken ribs and a badly fractured left leg. He is expected to be on crutches another six months.

Chou Proposes Talks With Nehru On Growing Tensions

NEW DELHI (UPI) — Chinese Communist Premier Chou En-lai today proposed direct talks with Indian Prime Minister Jawaharlal Nehru on the deteriorating situation. India only today had ordered its army to halt creeping Chinese aggression.

Chou also proposed setting up a buffer zone to prevent further clashes. But his note to Nehru in which he said India disregarded the facts of the dispute was so sharply worded Nehru called an emergency midnight meeting of his inner cabinet.

Sources close to the cabinet said India's army commander K.S. Thimayya was ordered to meet Chinese Communist force with force if the Communists try again to cross the border into India.

Radio Peiping said Chou proposed to Nehru, in a letter Nov. 7, that a 50-kilometer (24.8 miles) buffer zone be formed at the border.

The letter also accused Indian troops of "flashing with Chinese troops" Oct. 23 "within Chinese territory in the area south of the Kongka Pass."

Chou told Nehru that India's latest note on the border dispute revealed "an attitude which is extremely harmful to the friendly relations between the two countries."

The Peiping note apparently contained a defiant reiteration of Chinese claims to nearly 40,000 square miles of territory beneath the traditional 1914 McMahon line. The cabinet consulted on the note for nearly three hours.

A source close to the cabinet said Thimayya had outlined defenses along the border. Thimayya was instructed to take vigorous action to stop further Communist advances but not to begin any offensive.

Communist troops now occupy Longju in the wild Northeast Frontier Agency and some areas in the Ladakh region.

In a new note to Red China today India rejected as a "travesty of the truth" Chinese claims of Indian responsibility for the "incident."

King Ranch, Protesting Land Grab
HAVANA, Cuba (UPI) — American ranch manager Lowell H. Tash planned to appeal to Premier Fidel Castro's government today against the threatened takeover of most of the 35,000-acre King Ranch.

The government says it will turn over an owned ranch to the Agrarian Reform Institute, which is reassigning large landholdings throughout Cuba.

Tash, of Kingsville, Tex., was arrested and held for eight hours Saturday for tearing down institute signs from ranch property. He said he considered them "propaganda."

The government originally planned to take control of the ranch acreage Saturday, but postponed its action until Thursday. Tash was told he could select which 1,600 acres he wanted to keep for the ranch, but he planned to appeal the entire action.

If it comes from a hardware store we have it. Lewis Hdw. Adv.

Primitive Tribes At War In Congo

BRUSSELS, Belgium (UPI) — Bitter fighting with bows and spears has broken out in the Belgian Congo between the seven-foot-tall Watutis warriors and the Bahutu tribesmen they have kept in virtual slavery, reports from the area said today.

The fighting is in the Belgian trusteeship territory of Ruanda-Urundi in East Central Africa, governed by Belgium as part of the Congo. The reports said 40 tribesmen were killed in one clash near Rubungara, a town 200 miles north of the capital of Usumbura.

The Watutis, the tallest race in the world, are among the best spearmen and bowmen left in Africa. But the average-size Bahutus who have done the Watutis' work as serfs, now number about four million and outnumber their masters 15 to 1.

Reports reaching Brussels said Bahutu political leader Augustin Sacyugo was killed in a clash in the town of Nyanza, about 90 miles north of Usumbura. He had called a meeting of the Bahutus when they were attacked by the rival tribe.

Other outbreaks were reported, and the European-ordered colonial army sent out armed patrols in an effort to quell the bloodshed. The work was hampered by the 4,000 to 5,000-foot peaks dotting the plateau country.

'Blind' Driver Kills Girl
TEXARKANA, Ark. (UPI) — A 49-year-old motorist, whose eyesight is so poor he draws a state pension for the blind, was jailed today in the hit-run death of a four-year-old girl.

A formal manslaughter charge was expected to be filed against him, Police Chief Max Tackett said.

The victim was blonde Marina Lee Rogers, who was killed Saturday at a Texarkana intersection. Her body was dragged 34 feet by the automobile.

Tackett said several suspects had been questioned and released when police were contacted by a man who witnessed the accident and recognized the driver of the car.

Confidence In TV Drops
WASHINGTON (UPI) — Broadcasting Magazine reports the public's confidence in TV programs especially quiz shows, dropped sharply after Charles Van Doren confessed his appearances were rigged.

The industry publication reached this conclusion as the result of two national opinion polls. One was taken before Van Doren told his story to House investigators. The other came a day after the testimony.

"A national hero fell from grace last week and with him fell the public's opinion of him and the medium that pushed him into national prominence," Broadcasting said.

Safecrackers Escape After Gun Battle With Policemen

ST. PETERSBURG, Fla. (UPI) — A gang of safecrackers holding a country club caretaker hostage shot it out with 75 policemen early today and then escaped.

The caretaker's wife, who had locked herself in the clubhouse office, kept an open telephone line to police throughout the gun battle.

Officers swapped shots with the gang until one broke free by using the caretaker, John McDonald, as a shield. At first light, police rushed the club but found the other gunmen had slipped away. They believed there were three or four in the gang.

McDonald was released unharmed.

When the officers entered the club, they found Mrs. McDonald where she had stayed through the 4 1/2-hour fight lying on the office floor with an open line to police headquarters.

Great Lakes Race Against Time, Freeze

CHICAGO (UPI) — Great Lakes ore boats today began a frantic race against time and ice.

Their job: To carry enough ore in the next month to keep the nation's steel mills humming all winter—or at least for the next 80 days.

The ore fleet was docked 115 days ago when the nation-wide steel strike began. Several ore carriers were already loaded when the strike started.

They were to start down the lakes today while more ore was rushed from the mines to the twin ports of Duluth, Minn., and Superior, Wis.

Other ships were to move from the mills back to the loading points as soon as their widely-scattered crews could be assembled.

U.S. Steel, owner of the lake's largest fleet, said it hoped to have all 57 of its boats underway within seven days.

But the boats have little more than a month, at best, in which to steam ore from the northern Minnesota ranges to the Chicago-Pittsburgh-Cleveland steel-producing centers.

Ice usually begins forming on the lakes around Nov. 30, clogging the South St. Marie locks, a vital door between Lake Superior and the rest of the lakes.

"We have shipped ore as late as mid-December," a U.S. Steel spokesman said, "and we will do so this year if at all possible."

Soldiers Injured
HIGHTSTOWN, N. J. (UPI) — An Army personnel bus carrying about 50 passengers collided with a tractor-trailer early today on the New Jersey Turnpike five miles south of Hightstown.

Officials at St. Francis Hospital in Trenton said 28 passengers were injured in the crash.

According to state trooper Fred Ecker, the bus was returning to Ft. Dix from the Post Authority Building in New York City.

Three Students Killed Sunday

Three Amarillo high school students were killed late Sunday afternoon in a car-train crash at a Santa Fe RR crossing on the Palo Duro Club road, two and one-half miles northeast of Canyon.

The dead are Elizabeth Price, 13, daughter of Mr. and Mrs. William M. Price of Stratford; Vincent White, 15, son of Mr. and Mrs. Alward White, Amarillo; and Edward H. (Ted) Caldwell, 14, son of Mr. and Mrs. Walter D. Caldwell, Amarillo.

Investigating officers said the three bodies and wreckage of Vincent's 1954 model car were strewn for a distance of more than 50 yards along the right of way, and the engine of the car was found about 40 yards from the crossing.

Engineer E. L. Trent of 1503 E. 11th, Amarillo, said he saw the car coming fast only seconds before the crash. He said the train was traveling 55 miles per hour.

The conductor, W. C. Grammer, 315 E. 19th, said he saw the car as it glanced off of the train.

Bodies of the three youngsters were taken from Warren-LaGrone Funeral Home to Blackburn-Shaw Funeral Home in Amarillo Sunday.

DEAR ABBY....

By Abigail Van Buren

DEAR ABBY: I am writing this for all the girls in our high school because we all feel the same way about it. One of our 16-year-old junior girls ran away and married a 17-year-old senior boy. They have to announce it because she is having a baby pretty soon.

Both the boy and the girl are still going to school here. We think the boy should be allowed to go to school. But not the girl. She brings about what she fixes Gary for breakfast and talks about things that only married women should talk about. We think married women don't fit into high school. Are we wrong in wanting to have her expelled?

Please answer in the paper as we'd like the opinions of other teen-agers on this subject. Thank you.

GIRLS OF SOUTH HIGH DEAR GIRLS: A student who is an unwholesome influence on other students does not belong in a public school. But to expel a girl simply because she is married is unfair and unlawful. Tell your parents how you feel and why. And ask them to take it up with the Board of Education. I welcome the opinions of teen-agers, parents and educators.

DEAR ABBY: I am no silly kid. I am 32 years old and am old enough to know better than to be in a fix like this, but here's my problem: Henry got me in a family way. I told him about it and he said he would marry me. He was unemployed at the time so I bought my-

Music Clubs Go To District Meet

Nineteen members of the William J. Marsh Music Club and the Mozart Music Club were in Amarillo Saturday for the 35th annual convention of Junior Music Clubs in the Seventh District. The convention was held in the Amarillo Federation of Clubs building, Wolf-Im Circle.

"Key Notes to Guide America's Musical Youth" was the theme for the junior meeting which was made up of delegates from 46 clubs in the Panhandle, making the Seventh District the largest in the state. Mrs. Jimmie Yates, president from Lubbock, presided. Highlight of the session was a fine arts program, with delegates from each club performing.

Representing the Mozart Club were Susan Patrick, who played "Three Blind Mice Concerto" by Williams; and Susie Fillman represented the William J. Marsh Music Club, and played "Clowns" from Le Cirque by Turina.

The convention closed at noon with a luncheon honoring the junior club counselors, and an address by Clyde A. Keller, conductor of the Amarillo Symphony Orchestra, who spoke on the International Music Camp at Interlochen, Michigan.

Attending from the Mozart Club were Lynda Colville, Donna Rae Flynn, Betty Stinson, Monty Gordon, Sherry Warner, and Carolyn Stinson, and Susan Patrick. They will be accompanied by Mrs. A. L. Patrick, Jr. and Mrs. Elmer Stinson.

Attending from the William J. Marsh Club were Judy Gordon, Jaunita Colville, Susie Fillman, Diane Thomas, Karen Mathews, Jane Hendrix, Kim Wilson, Jackie Young, Wayne Lemons and Kenneth Lemons. They were accompanied by Mr. and Mrs. Jim Hendrix and Tracy D. Cary, counselor for both clubs.

Asthma Formula Prescribed Most By Doctors—Available Now Without Prescription

The teen-ager with skin problems will welcome this new medicated, antiseptic astringent "Ice" formulated especially to combat blackheads, acne and other skin problems.

Troubled Teen-Ager Aided With Pack

By ALICIA HART NEA Beauty Editor

The teen-ager troubled with skin problems should know that there are things she can do to help clear up her skin. First, she must be careful to eliminate sweets, starches and most fats from her diet. Next, she must drink her eight glasses of water each day.

She must be sure to get sufficient exercise in the open air every day, in good or bad weather. And she must have eight hours' sleep every single night. For all of these things determine a beautiful, crystal-clear skin or a poor, muddy, pimply one.

Then she can make use of a brand-new product just placed on the market by a well-known beauty house. It's a medicated, antiseptic astringent "Ice" formulated for teen-agers to control pimple infection, to prevent blackheads and reduce oiliness.

She should clean her face thoroughly before using this so-called astringent. She should dry her face completely and then gently pat on the astringent. It should be used at night but it also can be worn under makeup during the day.

Gloves For Style Note

Applied to gloves and fashion, the old phrase, "hand in glove," takes on fresh meaning this fall, for new gloves are certainly hand-in-glove with fashion.

They're designed to coordinate with clothes that reflect the top style trends—tailored by day softly romantic from twilight onward.

Classic, tailored influence is reflected in short-to-eight-inch gloves, simply styled and with trims mainly confined to the cuffs. Bows, cording, gathers, trapunto detailing, and tiny buttons are some popular cuff accents.

Saddle stitching and self-lacing help to create the tailored effect for other gloves. Gracefully simple are leather gloves shirred or gathered for a softer look.

Discreet styling allows for more interesting combinations of textures—wool knit with leather and kid with suede, for example.

Warmth is on hand in the many capekin and kid gloves lined with wool, nylon or other synthetics, and so skillfully designed that they're scarcely bulkier than unlined gloves.

Colors are fashion-coordinated, too, and include the range of grayed-over hues notable for fall. In the evening, shoulder-length

Mrs. Rufe Jordan Leads Mission Program For First Baptist Church

Women's Missionary Union of First Baptist Church met Wednesday morning in the church for a Royal Service program. During the executive board meeting, it was announced that Week of Prayer would be Nov. 30 through Dec. 4 from 10 to 11 a.m. daily. Mrs. Rufe Jordan served as narrator for the Royal Service program, "O Worship the King." Mrs. R. L. Edmonson and Mrs. Shirley Nichols gave a responsive reading, "Land of the Morning Calm" was the topic of Mrs. Jordan's address, which was illustrated with slides as she told of the geography and history of Korea. Participating in the program were Mrs. Ronald Howell on "Korea's Refugees"; Mrs. Earl Barnett told of "The Family Tie and Christian Missions"; Mrs. J. C. Forstman, "Worshipping In A Korean Church"; Mrs. Wesley

YOUTH APPRECIATION WEEK — A week devoted to Pampa's youth got underway this morning when Mayor Ed Myatt signed a proclamation declaring Nov. 9-15 Youth Appreciation Week. The week, being observed nationally, is sponsored locally by Pampa's Evening and Breakfast Optimist clubs. With Mayor Myatt, from left, are Homer Hollars, director of the Evening Optimists, and Shelby Ruff, director for the Morning Optimists. Tonight the Evening club will honor the Pampa high school football team. (Daily News Photo)

Mainly About People

Tex Williams, 606 N. Russell, spent the weekend visiting friends in Lubbock.

Girl Scout Joint Neighborhood meeting is scheduled for Tuesday at 9:30 a. m. in the Girl Scout Little House, 716 E. Kingsmill.

House hold furniture for sale, MO 4-6824.

Eugene West, 1959 graduate from Pampa High School, has been elected by popular ballot to serve the freshman class at Hardin-Simmons in Abilene as head cheerleader and class vice president.

Horace Mann PTA executive board will meet at 9:30 a. m. Tuesday in the school cafeteria. Get your warm winter clothing from the Church of God rummage sale, 321 S. Cuyler, Tuesday, Nov. 10.

Veterans of World War I and the Auxiliary will meet in the VFW hall Tuesday at 7:30 p. m. William R. Travis Parent Teacher Association family night will be held Friday in the school. A Thanksgiving dinner will be served, and tickets may be purchased from students or at the door.

TANKER

(Continued from Page 1) He went back to his automobile to get the forms. The first blast sent him diving for cover. Then there were two more blasts. Then three more. "I guess the good Lord was watching over me," Edmonds said. "If I hadn't forgotten the forms I would probably be dead now."

The Amoco Virginia was believed to have had a crew of 43 aboard when it burst into flames. Her decks became so hot that one of the crewmen who hopped across them, Howard Seary of Houston, said the soles of their shoes sizzled like steaks on griddle. Joseph Dailey of Seattle was on watch when he saw the flames licking across the water. He risked his life running about the ship to awaken officers and men. Dailey also lost his life savings of \$3,434.87, which was below deck.

"I didn't have time to get down the gangway," Dailey said. "I jumped from deck to deck and ran. About that time the first explosion came. Pieces of steel rained down all around me. I was lucky to get away as well as I did."

Boatswain Rudolph Ozol of New Bedford, Mass., grabbed the ship's rail.

"It was so hot I thought I couldn't let go," he said. Ozol, a bearded Latvian who now lives in West Lebanon, Maine, is 71 years old. He went to sea at the age of 12 but never learned to swim until Sunday.

"It was sink or swim and I learned fast," he said. "I paddled just like a dog the 50 feet to shore."

The Amoco Virginia now was a glowing coal in the darkness and the sleepy waterfront was suddenly alive. More than 200 firemen began heroic efforts to put out the fire. The specter of Texas City, where 312 persons died after two ships blew up 12 years ago, haunted them. Each moment ticked off by the flaming time bomb in the channel was agonizing. They were joined by policemen and civil defense workers who also played with death. Fire Chief C. M. Bullock warned that "we still have an impending danger." He said a small fire still raging in the bow could cause another explosion.

TENSIONS

(Continued from Page 1) the clash Oct. 21 in the Ladakh region. Nine Indians were killed. The note said it was "a matter of special regret" that China's "ruthless attack" at Ladakh came at a time when both Russia and the United States "are striving to their utmost ability to put an end to the cold war."

President Eisenhower is due in India for a five-day visit next month. Diplomatic sources confirmed Sunday that Soviet Premier Nikita Khrushchev may also visit Nehru soon.

Assault Case To Be Continued

A motion for continuance was granted this morning in 31st District Court in the rape case against Benjamin Alec Hassler Jr. of Skellytown. Judge Lewis Goodrich granted the postponement until Dec. 21 to Attorney A. J. Carubbi who had recently been appointed Hassler's attorney. Ninety members of a special venire jury were sworn in at this morning's court session, and were told to re-appear for the Dec. 21 hearing.

Hassler, 18, is accused of assaulting a young Pampa girl seven weeks ago east of Pampa.

GOP Chairman In Amarillo Tuesday

AMARILLO — Senator Thurston B. Morton of Kentucky, the Republican national chairman, will be the guest of honor at a luncheon here Tuesday. Morton will arrive in Amarillo at 11 a. m. Tuesday, and the luncheon will be held at 12:30 p. m. in the Herring Hotel. He will be accompanied by H. J. Porter of Houston, Texas national committeeman, and other officials of the Texas State Republican Committee. Hosts for the luncheon will be W. Glynn Morris of Amarillo and Mrs. G. N. McDaniel of Borger, who are 31st senatorial district members of the state committee.

Fined \$100 For DWI

Terrance Dale Munnall, 25, of Pampa, was fined \$100 plus court costs this morning in county court on a charge of driving while under the influence of liquor. Munnall, who entered a plea of guilty to the charge, was arrested early Sunday morning in the 100 block on E. Foster by police officers.

Clear Skies And Warmer Today In Houston

United Press International Clear skies and warmer temperatures prevailed over Texas today, although nine Texas cities reported freezing temperatures before daybreak and spotty frost occurred in many areas.

Dalhart was the coldest city in the state with a 28-degree reading just before dawn. Lubbock and Brownwood had 28s, Alpine and Junction 29s, Lufkin a 31 and Abilene, Midland and Amarillo 32s.

Brownville, at the extreme southern tip of Texas, had a low of 53 degrees. Frost covered low areas in east and North Central Texas and from the Hill country west of San Antonio on westward.

A weak high pressure system kept thermometers down and drove clouds out of the state except for a few high ones that held on over extreme West Texas. Winds were light and variable, and no rain fell during the night.

Weather forecasters said the warming trend that set in Saturday would continue at least through Tuesday, but temperatures still will be cold again tonight. Cooler air will return to the state Friday or Saturday, according to the Weather Bureau's five-day forecast.

Henry Bateman Dies Today In Houston

Henry H. Bateman, retired Phillips Oil Company employe residing in Skellytown, died at 2:30 a. m. today in the M. D. Anderson Hospital in Houston.

The body will arrive in Pampa Tuesday morning. Funeral arrangements will be announced later under the direction of Duenkel-Carmichael Funeral Home.

Survivors are the wife, Ola, two daughters and one son.

Sewer Line Work Begins

Ditching work began this morning at the city's sewage disposal plant on a \$147,862 sewer line project long planned by city officials. City Engineer Monroe Moore said the project will likely be completed in three or four months. Slightly over five miles of line will be laid across southeast Pampa to the sewage plant, with one arm extending across the Coronado Inn property.

A contract for sewer line work was awarded four weeks ago to the Walter D. Bellamy Co. of Monahan. The company has already bored under U. S. 60 and is in the process of getting an easement to bore under the Santa Fe railroad bed for the contemplated line.

Young Vandals Plague Pampans

Three Pampa residents were plagued Sunday by youngsters either tossing rocks at their cars or shooting BB guns at their homes, police said this morning.

Johnny Fuller, 530 Oklahoma, said the front window of his car was smashed by a rock as he drove under the Hobart St. Underpass at about 8:50 Sunday night.

At about the same time Mrs. H. J. Powers, 616 Zimmer, reported that a BB pellet smashed through the rear window of her car as she was driving in the 1400 block of Alcock.

Earlier in the evening, at 7:30 p. m., Wylie Clark, 622 N. Banks, said a carload of boys fired BB shots through the front window of his home.

Police were continuing their investigation this morning.

Young Vandals STEEL

(Continued from Page 1) David J. McDonald. They freed the slaves under the first Republican President and have slavery again under this Republican President, grumbled John Bajurick, a carpenter for 33 years at U.S. Steel's Homestead, Pa., plant. A worker at a steel plant in Cleveland hollered at another who was burning a picket placard. "Don't do that. We'll need it again in 80 days."

"I don't like the injunction. I don't think it's any good. The companies have us by the neck," said James Dodes, 27, who works at the Allegheny-Ludlum Steel Corp. plant in Watervliet, N.Y.

Good news for asthmatics

Specialist's discovery now makes it possible for asthmatic patients to enjoy a more active life. The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Prescription H. At your druggist. Money back guaranteed.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Prescription H. At your druggist. Money back guaranteed.

NEED MONEY?
LOANS ON: AUTO - SIGNATURE - FURNITURE
WESTERN LOAN SERVICE
123 E. Kingsmill Ph. MO 4-6856

I know I'm going to start... "Skelly takes the worry out of winter"

Again Skelly Says:
"You start or we pay..."
under our Guaranteed Starting Plan"

Did you pay out good money last winter to start your car? Protect yourself against costly starting charges. See your Skelly dealer now.

Here's what your Skelly dealer will do to get your car ready for Guaranteed Starting protection:

1. Drain your old motor oil and refill with Skelly Supreme or Skelly Tagolene HD Motor Oil in the correct grade for winter driving in this area.
2. Drain transmission and differential and refill with guaranteed Skelly lubricants recommended for winter use. (No change required for automatic transmissions or differentials with no drain plug.)
3. Test battery. All cells must register not less than 2.09 on open circuit voltage meter, or 1.250 on mechanical hydrometer.
4. Test radiator for anti-freeze. Put in enough Skelly Premium or Prestons anti-freeze to protect cooling system for temperatures in your area.
5. Fill your tank with Skelly Keotane or Skelly Regular Gasoline, either of which must be used throughout guarantee period to keep guarantee in effect. (Naturally, we cannot guarantee the starting qualities of other brands of gasoline.)

That's all there is to it! You'll drive out with your Guaranteed Starting Certificate. You can be confident your winter starting problems are over.

AND Skelly takes the icing out of winter!

... Both Great Skelly Gasolines Have **Anti-Frost** (at no extra cost) **To Keep Your Engine From Dying... Just By Breathing Ice-Free Air!**

Not just another alcohol de-icer or gasoline anti-freeze! Skelly Anti-Frost protects you against stalling due to carburetor icing. Users of Keotane have always had Anti-Frost protection. Users of Skelly Regular get it too, thanks to a special formulation called KT-3 that gives you 3 of the 5 major benefits of Keotane:

1. Protects against carburetor icing.
2. Removes dirty, choking deposits in your carburetor by detergent action.
3. Prevents rust and corrosion all the way from fuel tank to carburetor.

Carburetor icing can kill your engine, when it's idling, by cutting off its vital air supply. Skelly Anti-Frost prevents icing, lets your engine breathe!

Let us take the worry out of winter starting for you. See your Skelly dealer now for full details.

Start and stay started (no icing) with **Skelly Keotane Gasoline** **Skelly Regular Gasoline**

Harvesters Climb from Loop Cellar

The Pampa Harvesters made a brief one by beating Lubbock 12-0. The win boosted the team to the basement, and Lubbock there in its place.

The Harvesters and Plainview now tied for sixth place in the district, with 1-3-1 records. The teams meet this Friday in Pampa, and the winner will place Palo Duro into the cellar. The loser will drop to fifth place or, if Lubbock manages to upset Amarillo, to the cellar.

Wrestling Set Here Tonight

Wrestling fans can see three top matches tonight for cut-rate prices, at the Top of Texas Sports Club on Lefors Highway.

For tonight only, prices on all seats have been cut 25 cents. The card includes a tag team match, semi-final event, and a one-preliminary.

The popular team of Bob Geigel and Dory Funk takes on Ripper and Ivan Zdanoff in the event tag team match. This will be the first appearance of Geigel and Funk together for several weeks. They'll be going about a couple of grapples who are about as popular here as Russa in Hungary.

The semi-final bout, perennial luck loser Tommy Phelps takes on a new wrestler, Rocky Ford. Described by Wrestling Commissioner Doc Miller as one of the outstanding young grapplers in the state, Funk meets Zdanoff in the one-fall event. The first match begins at 8:30 p.m.

Miguel Victorious in Mexican Open

MEXICO CITY (UPI) — Angel Miguel of Spain won the Mexican Open golf tournament Sunday in face of a strong stretch bid by Tommy Jacobs of Whittier, Calif.

Jacobs, buried in 20th place after 36 holes, turned in a six-par 66 in the final round to finish with a 274, one stroke back of Miguel. The Spanish shotmaker led three of the last six holes still wound up with a respectable 70 in the closing round.

Pampa 12, Lubbock 0; Borger 22, Amarillo 8; Tascosa 27, Palo Duro 12; Monterey 27, Plainview 27.

This Week's Schedule
Pampa at Plainview; Lubbock at Amarillo; Tascosa at Monterey; Palo Duro and Borger, open.

Forty-Niners Boost Lead to Two Games

By EARL WRIGHT
United Press International

Couple Abe Woodson's 105-yard clutch field goal goals by Baker and Pat Summerall you may wind up with the Francisco Forty-Niners en route to the New York Giants National Football League championship game.

Each of the 12 clubs has five or more games and the staggering 100-0 Colts—defending league champions—will certify that anything can happen. But the Forty-Niners and Giants (both 6-1) top division races and boost powerful defenses to smooth their stretch drives.

Baker's 46-yard field goal with 11 seconds to play enabled the underdog Washington Redskins (3-4) to hand the Colts (4-3) their second straight defeat Sunday, 27-24. The Forty Niners, with Woodson's 105-yard kickoff return key play, took prompt advantage of Washington's help. They ousted their Western Division rival over the Colts to two games downing the Rams (2-5) at Los Angeles, 24-14.

Field Goals Won
Summerall's field goals of 37, and 20 yards provided all of the Forty Niners' points in a 9-3 triumph over the Chicago Cardinals (5) and kept the Giants a game ahead of the Cleveland Browns. The Browns (5-2) started the day tied with Philadelphia for second in the East. They knocked the Eagles (4-3) two games off the pace with an easy, 28-7 victory at Cleveland.

Bobby Layne's 20-yard scoring pass to Tom Tracy in the final minutes enabled the Steelers (4-1) to tie the Detroit Lions (5-1) at Pittsburgh, 10-10. The Bears (3-4) held twice on their yard line in the second half of Chicago and downed the Green Bay Packers (3-4) in the other game, 28-17.

Oil To Good Start
San Francisco's victory, only its second at Los Angeles in 10 tries, gave the team a fast start on its high, four-game road swing. The Forty-Niners visit the Bears, Colts and Browns before finishing home against the Colts face

DISCONTINUED TIJUANA

PALM DESERT CAMP (UPI)

The \$15,000 Tijuana Mexico Golf Tournament has been discontinued and will be replaced by another California tournament, it was announced Sunday by PGA tournament bureau director Ed Carter. No reason was given for discontinuing the Tijuana event.

Haney resigned from the Milwaukee Braves during the World Series, after the Braves tied the Dodgers for the pennant but lost the flag in the playoff.

Mike Souchak, U. S. defeated Ken Bousfield, GB, 3-2.
Bob Rosburg, U. S. defeated Harry Weetman, GB, 6-5.
Snead defeated Dave Thomas, GB, 6-5.
Dow Finsterwald defeated Dai Rees, GB, 1-up.
Art Wall, U. S. defeated Christy O'Connor, GB, 7-6.
Peter Allis, GB, and Jay Herbert, U. S., halved.
Eric Brown, GB, defeated Cary Middlecoff, 4-3.

Kiwanis Club Wins Civic Club Tourney

The Kiwanis Club won its ninth straight victory Sunday at the Country Club, in the annual Civic Club golf tournament. However, Henry Rose of the runnerup Rotary team took low gross (medalist) honors for the day with a 74.

Ralph Prock led the Kiwanis squad to victory with a gross of 76 and a net score of 70. Net scores of other Kiwanians were Ralph McKinney, 70; Dr. Foster Elder, 71; H. Buckingham, 75; Fred Thompson, 75; and Jeff Bearden, 72. As a team, Kiwanis had a net score of 283, since only the top four scores counted.

Rotary had a net team score of 287, four strokes behind the Kiwanis. Henry Rose shot a gross 74, and a net 71. Net scores of other Rotarians were Fred Neale, 70; Russ Holloway, 74; Coy Palmer, 78; Floyd Watson, 72; F. N. Hills, 81; and Gene Groom, 74.

The Noon Lions Club had a low net score of 289, two strokes back of the runnerup Rotarians. Dr. T. D. Harvey had the low gross score of 79, and the low net score of 73. Other Lion net scores were Ed Myatt, 71; Joe Donaldson, 72; Ham Luma, 73; Earl Schmieding, 74; and Ray Kuhn, 74.

The Optimist Club had one entry, and the Jaycees two. Neither qualified for the team championship. For the Optimists, Hank Huntley fired a net 72, and for the Jaycees Dick Stowers shot a net 74 and W. T. Seitz carded a net 76.

Trophies or prizes will be awarded to Rose, as medalist; Prock as low gross on the winning team; Prock or McKinney as low net on the winning team; and to Neale and Myatt as low-net on their teams. The Kiwanians will receive a trophy, as the winning team.

Fred Haney Hired As Broadcaster

LOS ANGELES (UPI) — Former Milwaukee Manager Fred Haney, who used to broadcast the games of the old Hollywood Stars in the Pacific Coast League, will succeed Leo Durocher as sportscaster on NBC's weekly baseball broadcasts next season.

He signed a three-year contract with NBC with options.

Haney let it be known last summer he was seriously considering quitting the Milwaukee job because he wanted to devote more time to his family in California.

He said he was particularly delighted with his new post because "it will allow me more time at home with my family. And I still will be closely associated with baseball."

Haney resigned from the Milwaukee Braves during the World Series, after the Braves tied the Dodgers for the pennant but lost the flag in the playoff.

Warrens Capture Junior Division Of Tournament

The Warren family took almost a complete sweep in the junior division of the Pampa Country Club tournament, completed last week.

Tom Warren won the championship in the 10-11 year old division, and Skip Warren took first place in the 12-13 year old division. Both are the sons of Country Club professional Hart Warren.

The only non-Warren winner was Johnny Hatcher, winner of the 14 and over division. Runnerup in that division was Leonard Hudson, and Larry Stanfield took third place.

Bob Prichard was runnerup in the 10-11 division. Other entries were Richie Cree, Hal Cree, Mike Osborne, and John Kuhn.

In the 12-13 division, Jim Deaton won runnerup honors in a 9-hole playoff with Chuck Worley. Other entries were Phil Hall and Grover Heiskell.

Four Major Teams Are Still Unbeaten

NEW YORK (UPI) — College football's perfect record "club" today listed only four major teams among its 26 survivors.

Louisiana State, Northwestern and Penn State were bounced off the list during the week end, leaving Syracuse, Texas, Southern California and North Texas State as the only major unbeaten-united schools.

Huron (S. D.) College boasted the most impressive record, outscoring its opponents 413-14 while winning its first nine games. San Francisco State also had a 9-0 record.

Texas and North Texas State each had 8-0 marks while Syracuse and Southern California had 7-0 records.

Claude, Groom Will Clash For District 1-B Crown

Two bi-district playoff spots were clinched last week, by Quannah in 5-AA and McLean in 2-A. Claude and Wheeler meet this Saturday, in Claude, to decide the championship of 1-B, the only area district still in doubt.

Both Claude and Groom are undefeated in district play, with 4-0 records. Claude knocked Wheeler out of the race last week, 28-8, and Groom breezed by Textline, 26-0.

In other District 1-B games, which will close the season for the teams playing, Textline will be at Follett and Wheeler at Darrouzett. Quannah and McLean have both clinched spots in the bi-district playoff, but Perryton and White Deer still have mathematical chances of sharing the title with team Quannah won its way into the playoffs last week by whipping Childress, 42-18, and McLean clinched the bi-district spot by beating Lefors, 35-0, while Canadian was defeating Clarendon, 28-8. To gain clear titles, McLean

must close its season with a win over Clarendon, and Quannah must defeat Wellington. If these two squads lose, White Deer can share the title by stopping Memphis, and Perryton can grab half of the 5-AA crown by beating Shamrock.

In either case, McLean would get the bi-district nod for beating White Deer, and Quannah would have won a district game, so the loser will occupy the cellar. The land in the playoffs because of having beaten Perryton.

Last week, White Deer romped over Panhandle, 45-16, and Perryton lost to Guymon, Okla. in a non-district game, 19-8.

Lefors and Panhandle clash this Friday, at Lefors, in a game which is as important to them as any game of the season. Neither squad has won a district game, so the loser will occupy the cellar. The winner will escape the basement, and wind up in sixth place.

Baylor Sets NBA Record--64 Points

United Press International

Elgin Baylor is one player who doesn't believe in the sophomore jinx.

Rookie of the year last season, the Minneapolis Lakers' hotshot ran wild Sunday night as he set a National Basketball Association record with 64 points as the Lakers defeated the Boston Celtics, 136-115. The old mark of 63 was set by Joe Fulks of Philadelphia in 1949.

Enabled the Lakers to gain their first victory over Boston in 23 straight games.

Handed the defending champion Celtics their first defeat in seven games this season.

Baylor, a former Seattle University All-American who set a scoring standard for most points in a rookie season, hit with 25 of 47 field goal attempts and was 14 for 19 from the foul line. He scored 25 points in the first half, 39 in the second, grabbed 17 rebounds and had eight assists.

The Lakers enjoyed leads of 33 points twice in the fourth quarter before finally easing the pressure. Sam Jones led Boston with 22 points. Bill Russell, who outplayed Wilt Chamberlain in Boston's victory over Philadelphia Saturday night, was held to three points.

Chamberlain, however, recovered rapidly as he scored 32 points and nabbed 35 rebounds to give the Warriors a 134-106 verdict over the Cincinnati Royals.

Standings
Eastern Division
Boston 6 1 .807
Philadelphia 4 1 .800
Syracuse 3 4 .429
New York 2 3 .400
Wednesday Division
St. Louis 3 2 .600
Cincinnati 3 3 .375
Detroit 3 3 .375
Minneapolis 3 4 .333

Lone Star Loop Is Deadlocked

United Press International

The Lone Star Conference's "big three" — defending champion East Texas, S. F. Austin and Texas A&I — jump on the lesser lights this week and there is little prospect their 4-1 deadlock at the top will be broken.

East Texas travels to Beaumont to face an old nemesis, Lamar Tech (2-2). S. F. Austin hosts Sam Houston (2-3) at Nacogdoches and A&I journeys to Alpine to face Sul Ross (0-5).

In the week's other game, Howard Payne (1-4) meets Southwest Texas (2-3) at San Marcos.

A&I knocked Lamar Tech out of its share of the lead last week with a 14-6 triumph, while East Texas beat Southwest Texas 28-15 and S. F. Austin downed Howard Payne 21-7 to keep the pace. Sam Houston tripped Sul Ross 22-0 in the other game.

American Golf Team Defeats British For Ryder Cup Win

BORREGO SPRINGS, Calif. (UPI)

The Ryder Cuppers scattered to the four corners of the globe today — already looking ahead to 1961 when the biennial matches return to England — for the 14th competition.

The Americans, victorious by an 8 1/2 to 3 1/2 margin, quickly split up. Capt. Sam Snead and Dr. Cary Middlecoff leave today for Melbourne, Australia to represent the United States in the International Golf Association matches. The rest of the American Ryder Cup players return to

the pro tour.

The Americans clinched the trophy on the first nine holes of the 36-hole singles matches on Saturday. A survey of the records shows that, if the first nine holes could have been eliminated, the British would have won.

The Americans got off to a fast start and never let up.

The final results in the singles were:

Doug Ford, U. S., halved with each side getting a half point.

Norman Drew, Great Britain, each side getting a half point.

Patriotism: Two Kinds

Patriotism, a love of country, is an ennobling emotion. But in these trying times there are obviously two kinds of patriotism. And since they are not alike, it follows that the differences, if profound, might cause one group of patriots to view the patriotism of the second group with both disfavor and distrust. This is indeed the case.

Debtors - Creditors

Inflation is always wrong because it is always theft. And there is no question but that inflation, by virtue of its tendency to erode the purchasing power of money, will invariably hurt the creditor far more than it will the debtor.

The Pampa Daily News

YOUR FREEDOM NEWSPAPER We believe that freedom is a gift from God and not a political grant from the government. Freedom is not license. It must be consistent with the truths expressed in such great moral guides as the Golden Rule, The Ten Commandments and the Declaration of Independence.

BETTER JOBS

By R. C. HOILES

"COMMODITY CREDIT VERSUS CIRCULATION CREDIT"

In the last issue I quoted Frederick Nymeyer on the two different kinds of bank credit. One was useful and the other leads to booms and busts.

I am especially interested in von Mises because several years ago someone called my attention to his works and recommended his book "Socialism". I went to the bookstore and was ordering the book when the store manager said: "This is a \$6 book. Maybe you'd better get it out of the library and see if you want to pay \$6 for it."

Then Nymeyer quotes von Mises on "Commodity Credit Versus Circulation Credit" as follows: "Credit transactions fall into two groups, the separation of which must form the starting point for every theory of credit and especially for every investigation into the connection between money and credit and into the influence of credit on the money prices of goods."

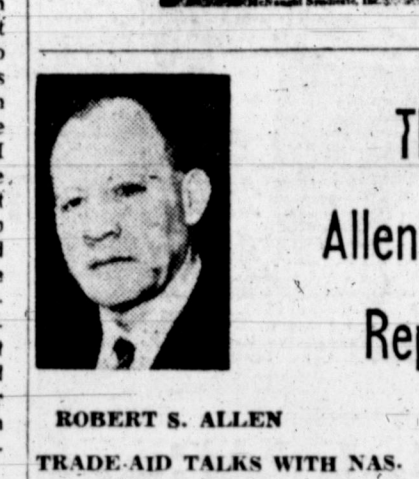

The reason why Mises calls such loans a commodity credit is clear from his analysis, namely, the money used represents capital, and the reality of the transaction consists herein that the lender temporarily forgoes the use of his own capital so that another can use it temporarily.

Nice Neighbor

By WHITNEY BOLTON

Looking Sideways

NEW YORK — They are young, intelligent and attractive. They are counted among this reporter's favorite people. Their minds work easily, their hearts are warm. If they ever have had a major burden it is the common one of never having just enough money. They almost have, you understand. They are not poor, not rich. They belong to that middle section of our economy which has a twin affliction: it wants what it asks to be able to have, what the market tells it it ought to have.

'Scandinavian Way' Couldn't Work Here

NEW YORK — The "Scandinavian way" would prevent further brutal assaults on the general welfare of our people and the authority of our government by the AFL-CIO, not only at a written sacrifice of the last stone in the battered edifice of our Constitution. The Swedes and Norwegians do not understand because they know nothing about our Constitution.

That, in brief but graphic form, would be the American adaptation of the "Scandinavian way." It would be less wasteful of manhood and material than our system of Turmoil under rackets and dictatorships. Sometimes, to stay in power, the Labor Party might whack the union agents by curtailing outrageous demands, thus appealing to the people over the head of the AFL-CIO.

And it is awe-inspiring to think of such terrible powers sitting under some federal judge, a connoisseur, perhaps, or a spiritual devotee of F. D. Roosevelt, deciding the fate of millions of American who do not even know that the have a stake in the proceeding, but legally must obey decrees wrought in such a smoke-filled room.

elements of their mutual lives. In any case, the regretted story, regretted by me, is that trouble has come to them—Personal trouble. I am not being maudlin when I say that if this is true, it grieves me. The baby is growing. He pulls at things, perhaps breaks some things, perhaps makes the perfection of order which her perfectionist spirit requires impossible any longer to achieve. A growing baby in a small house does this kind of disruption. It is not helped.

FORCED ARBITRATION IS NOT THE ANSWER

Writing in his syndicated column recently, Walter Lippmann asserted that the federal government should be clothed with the power to end the freedom of private enterprise. The shocking assertion that this well-known pundit made was that the government should have the authority "to impose a settlement" in the steel strike.

The Almanac

United Press International

Today is Monday, Nov. 9, the 313th day of the year, with 52 more days in 1959.

The moon is approaching its full phase.

The morning star is Venus.

The evening stars are Mercury and Saturn.

On this date in history:

In 1861, Ulysses S. Grant fought his first battle in the civil war in an engagement at Belmont, Mo.

In 1872, a devastating fire swept over the greater part of Boston, destroying about 800 buildings.

In 1918, Kaiser Wilhelm II of Germany abdicated his throne.

In 1933, President Roosevelt created the Civil Works Administration.

In 1935, labor leaders, led by John L. Lewis, held a meeting to organize the CIO within the framework of the AFL.

In 1953, the Supreme Court ruled that big league baseball does not come "within the scope" of the federal anti-trust laws.

Many Get Education By Mail

By LOUIS CASSELS
United Press International

You don't have to go to school to get an education.

Abraham Lincoln proved that; his education stemmed largely from books which he read by the fireside of a log cabin.

Today about 1,500,000 Americans are taking Lincoln's do-it-yourself route to an education. They are enrolled in home-study courses offered by correspondence schools.

Some outfits which pose as correspondence schools are fraudulent. They take your money and send you, not a real home study course, but a worthless mail order "diploma" or "degree."

But there also are many reputable correspondence schools which are making an outstanding contribution to adult education in America. Each year they enroll about 750,000 new students—approximately the same number who enter college.

There has been a notable increase in public acceptance of correspondence education in this country during the last few years. Since 1955, enrollment in home study courses has increased about 50 per cent.

About 20 per cent of the students are enrolled in courses offered by such public institutions as state universities and the armed forces. The rest patronize some 500 private correspondence schools.

How can a potential student tell which schools are reliable? One simple way is to obtain a list of accredited schools from the National Home Study Council, 1420 New York Ave., NW, Washington, D. C.

Information about correspondence courses offered by universities can be obtained from the National Security Extension Association, Bloomington, Ind.

About three-fourths of the students who sign up for correspondence courses are men. The majority are high school graduates who want to develop vocational skills that will help them get better jobs or earn bigger incomes.

Although young men predominate, there has been a steady growth in correspondence study by men who are nearing retirement age, and who want to learn either a hobby or a part-time job to supplement their pension.

You can study almost any conceivable subject, from art to zoology, by correspondence. Courses in radio and television repair are currently the most popular.

Holiday Loans In Minutes At CIC

Thanksgiving holidays are coming up and the Cosmopolitan Investment Company invites its many friends to drop in and discuss their needs for extra cash.

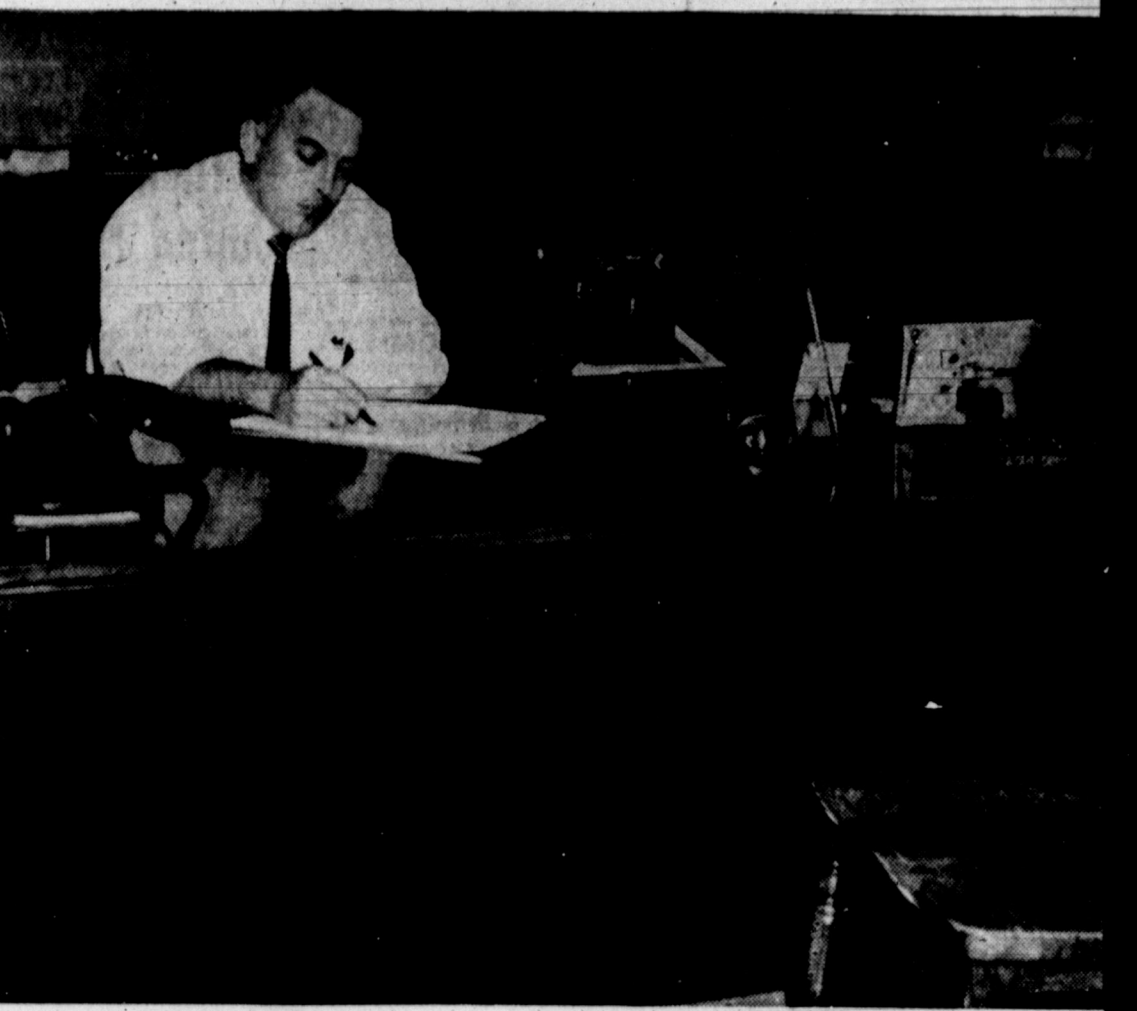

Providing money when you need it most is a specialized service at Cosmopolitan, 300 W. Foster. Phone MO 5-5311 before noon to arrange for money the same day.

Cosmopolitan Investment has a staff of trained personnel to examine your whole group of debts and suggest a consolidation plan large enough to pay for everything you owe in full. This usually reduces your monthly payments by 50 percent and you only have one place to repay.

POLIO CASES UP

WASHINGTON (UPI) — The Public Health Service Friday said there was a slight increase in the number of new polio cases reported last week, but paralytic cases continued their seasonal decline.

The agency reported 261 cases of polio, including 179 which were paralytic, for the week ending Oct. 31. This compared with a total of 249 cases, 193 of them paralytic, for the previous week.

CIC — Cosmopolitan Investment Company invites your inquiries on personal loans to tide you over rough spots. Perhaps you need a few extra dollars for the Thanksgiving holidays. If so, call or come in to CIC, 300 W. Foster, and talk to the manager, Melvin Conley. There's always a friendly greeting at CIC.

News In Brief

SEN. JOHNSON TO SPEAK

SAN ANTONIO (UPI)— Senate Majority Leader Lyndon B. Johnson will be the main speaker next Saturday at the dedication of the Air Force School of Aviation Medicine's facilities at Brooks Air Force Base. Congressman Paul Kilday of Texas also will speak.

TECH HOMECOMING SET

LUBBOCK (UPI)— Costumes and settings of the Roaring 20s will form the backdrop for Texas Tech's 30th annual homecoming next Friday and Saturday. The ex-Students Council will meet before the Tech-Houston football game.

RAIL IMPORTS UP

LAREDO (UPI)— Rail imports from Mexico through Laredo in October totaled 748 carloads. It was the largest volume since May. Lead was in 228 of the cars.

YARBOROUGH TO SPEAK

AUSTIN (UPI)— U. S. Sen. Ralph Yarborough will speak at McClockey Veterans Administration Center in Temple and at an all-veterans program at Sulphur Springs in connection with Veterans Day observances.

GRAND PRAIRIE (UPI)— Grand Prairie police, who have been joking about being on the most of the week, reported Saturday that they have captured a fox, which they are holding their pounds. Earlier in the week they captured a three-and-a-half-month-old lion under a house.

SOLVED-CARPET CLEANING PROBLEM

Science finally has the answer to carpet cleaning. Blue Lustré, a new development, is mixed with water and brushed into carpet or upholstery. It's amazing the way forgotten colors spring out. The nap is left open and lofty. It's easy to apply. One-half gallon of Blue Lustré cleans three 9x12 rugs. Available at Pampa Hardware Co., 120 North Cuyler, Ph. MO 4-2451.
