

Dixiecrats Can't Invade Missouri

Revolt Fades As Serious Truman Threat

WASHINGTON, Aug. 15.—The states' rights Democrats can't challenge President Truman in his home state of Missouri next November. The party's headquarters was informed it can't qualify as a presidential ticket for the ballot by the Aug. 25 deadline.

Making this known today, W. Austin Seay of Winona, Miss., leader of the anti-Truman group, Washington headquarters, told a reporter here that a state's rights party is checking ballot possibilities in other states.

The group is investigating laws in Kentucky, Colorado and elsewhere, Seay said.

GOVERNOR J. STROM THURMOND, states' rights Democrat, smiles broadly as he acknowledges the cheers of the Dixiecrat crowd at the rally held in Houston this week.

The Missouri situation was outlined by Seay in a message from national headquarters in Jackson, Miss., he reported.

The message said that Missouri law provided that a new party, to get on the ballot, must have 22,000 authorized signatures by Aug. 25 or hold a state convention representative of the whole state at which voters would be named from each Congressional district and two at large.

In other directions, the Southern states' rights revolt appeared to be tapering off slightly as a serious threat to Mr. Truman's reelection chances.

Developments in Texas and Arkansas this week have made the same administration opponents' 25 electoral votes of South Carolina, Alabama and Mississippi may be lost to Mr. Truman.

They less could be lost in a close presidential race. Although the 20th electoral vote hasn't tipped the result in many years because most recent presidents have been elected by margins of 100,000 or more, this year promises to be different.

The South, which had become part of a "split" in national politics, may be the scene of a fairly heavy campaigning in November.

Strategists have told Gov. Thomas E. Dewey of New York, the GOP presidential nominee, he has a chance to carry some Dixie states and he may therefore drop below the Mason and Dixon line for some speculating.

Gov. Earl Warren of California, is almost certain to do "straw" down their way by the so-called words.

Mr. Grath already has said Mr.

HST Ready For Blast at Republicans

WASHINGTON, Aug. 15.—President Truman loaded his gun today for a blast at Republicans for trampling his budgetary and anti-inflation plans.

He is due to fire the first shot tonight when he releases his midyear budget review. Some officials have predicted a Treasury deficit of as much as \$2,000,000,000 for the year ending next June 30.

The GOP income tax reduction law was expected to get most of the blame for the budget alterations since January, when the President forecast a surplus of \$4,800,000,000.

The second blast was scheduled for Monday. Then, the White House reported, Mr. Truman will set on the new anti-inflation bill turned out by the special session of Congress.

The Federal Reserve Board was reported all set to clamp down the next consumer credit rules scheduled in the GOP bill Tuesday or Wednesday. They would become effective 30 days later.

Easy payment will become less easy on or around September 16. Tentative arrangements call for a one-third down payment on autos, radios and washing machines and 25 per cent down payment on furniture and rugs.

The time for complete payment will be held to 15 months, of loans predicted.

Moths love animal fibers. The larvae of the moth of carpet beetle feed upon fur, feathers, hair, wool, burlap and fabrics made from them.

Truman is thinking about campaigning in the South. His No. 2 man, Senator Alben Barkley of Kentucky, knows the ground well and can be expected to get in some political links there.

Dixie Demos Try to Take Border States

LONGVIEW, Tex. (AP)—States' rights Democrats are taking a studied approach to getting their nominees on the ballot in border states such as Missouri and Oklahoma, their national campaign director says.

Judge Merritt Gibson of Longview, campaign director for the anti-Truman Democrats, said yesterday that their border-state plans depend on what they find in a study of ballot rules in those states.

Gibson said the Dixiecrats want to stay within the national Democratic party. They hope, he said, to have each state replace President Truman and Alben Barkley with J. Strom Thurmond and Fielding Wright as the official nominees.

The states' righters are not ready to form a separate national party, he said.

In Washington, W. Austin Seay, assistant national campaign director of the Dixiecrats, was quoted in a special story by David Botter of the Dallas Morning News as saying they already have given up on Missouri.

"The Dixiecrats decided there wasn't enough time to meet Missouri requirements, the story said.

Seay told the Associated Press that Colorado Democrats were trying to get the states' rights ticket on the ballot in that state. Meanwhile, Gibson goes to Oklahoma City today to take up the ballot problem with Dixiecrats of that border state.

He was scheduled to address yesterday a state meeting of the group, which has suggested "paste on" ballots special Dixiecrat insertions to paste over the regular ballot.

However, the Oklahoma Election Board said paste-ons would be considered as nullifying the ballot.

Although the states' righters hope to displace Truman and Barkley as the official Democratic nominees, Gibson said, they have been successful so far in only three states—Mississippi, South Carolina, and Alabama. They hope to do so in eight other Southern states.

Failing that, he said, the Dixiecrats will operate as an independent party.

Camera-Size Radios to Be Mass Produced

WASHINGTON, Aug. 15.—"Citizen radios"—camera-sized private broadcasting stations—will be on the market soon.

Patterned after wartime "walkie-talkie," the two-way radio is expected to reach quantity production in the near future, and the Federal Communications Commission said it will begin licensing citizen-broadcasters shortly.

Israel Peace Talk Proposal Rejected

STOCKHOLM—(AP)—The Egyptian government notified Count Folke Bernadotte yesterday that it had rejected Israel's proposal for direct Palestine peace talks between the Arabs and Jews.

But Count Bernadotte held out hope of a Palestine settlement even as Arabs and Jews battled in Jerusalem.

The United Nations mediator maintained for six more days that if the truce can be kept in Palestine "the conflict might be solved peacefully."

Arriving here to attend the International Red Cross convention Bernadotte said definite results toward settling the Holy Land issue might be expected by the middle of October.

Maintaining the truce, he said, "is by far the most difficult part of my job." If the truce can be kept, he added, "we can be very hopeful that the war is finished."

Yesterday the government of Israel urged the U. N. Security Council to put an early time limit on the Palestine truce. It maintained that "none of the problems created by this war can be solved within the framework of the truce."

Meanwhile fighting raged in Jerusalem Friday—the day Bernadotte had set for a cease-fire which he had hoped would bring peace to the Holy City.

Jewish sources said three Jews were killed by Arab sniper fire. A spokesman for the Trans-Jordan Arab Legion in Amman said the Jewish fire for three hours when the Jews attacked Thursday night.

Pampan Gets Scholarship

Lloyd Dola Frasier of Pampa, a graduate student at the University of California at Berkeley, has been awarded an Allied Chemical & Dye Corporation Fellowship for the year 1948-49, the committee on fellowships and graduate scholarships of the graduate council announced.

Frasier, who is studying chemistry at the University of California, received his Bachelor of Science degree from Harding College in 1940.

His fellowship award, the committee announcement said, was based upon scholastic achievement and distinction.

Carve Pipeline Path in Desert

A new pipeline—designed to carry between 300,000 and 450,000 barrels of oil daily—is being pushed across the Saudi Arabian desert. It will run through 1000 miles of sand dunes. Bulldozers carve a path for the 30-inch pipeline in the desert near Ras Tanura.

Pampan Learning Amphibious Tactics

Word has been received that Private First Class Damon D. Blake of Amarillo has reported at Camp Joseph H. Pendleton, the Marines' largest base, for active duty training in the latest amphibious warfare tactics.

Blake, a graduate of the Amarillo High School, has been working at the Winsor Oil Company here. The assignment of reservists to the two-week or longer active duty training each year is part of the Marine Corps policy of keeping its civilian leathernecks abreast of current military techniques.

British Officers Quit Arab Legion

Brigadier Ronald Broadhurst and three other British officers have resigned from the Trans-Jordan Arab Legion, the defense ministry said Saturday. They will be replaced by Arabs.

EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drug-fist and ask for 4 ounces of liquid Barco-trate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take five tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the stomach, easy way to lose bulky fat and help regain slender, more graceful curves; if noticeable pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, back, shoulders, hips, calves and ankles, just follow the simple recipe for your money's worth.

Lost 47 Pounds
"When I commenced to take Barco-trate, I weighed 112 pounds. I now weigh 65. I lost 25 pounds on the first two bottles. I feel so much better after losing that weight. I think it is a wonderful medicine and thanks to Barco-trate."—Mrs. George Greig, Chalmers Court 4, Apt. 1, Austin, Texas.

Lost 20 Pounds
"I lost 20 pounds taking four bottles of Barco-trate and 1 Teal Tea."—W. H. Gilson, 312 25th Street, Corpus Christi, Texas.

Berliners Insulate for Winter With Airport

Getting ready for winter in Berlin means building a new landing field. The already overtaxed airports—Tempelhof and Gatow—may be insufficient in winter, when the Allies' air lift over the Soviet blockade will have to haul much more supplies to keep Berliners warm. With German trucks, men and women laborers begin work on a new field in the French sector. (Photo by NEA—Acme correspondent Joe Schuppe.)

Russians Admit Food Shortages in Germany

BERLIN—(AP)—The Russian-controlled press admitted Saturday for the first time that serious food shortages exist in the Soviet Zone of Germany.

Commenting on a promise from Moscow to deliver 10,800 tons of fat to Eastern Germany, Neues Deutschland, official newspaper of the Soviet-sponsored Socialist Unity Party, said the poor harvest has had severe effects in recent weeks.

The promised fat from the Russians, it continued "would close the gap for a certain period."

The Soviet-licensed news agency ADN said Friday night the promise from Moscow came in answer to a request by the Soviet military administration "to ensure the supply of foodstuffs" in Eastern Germany.

There have been frequent reports lately of food shortages in the Soviet Zone. The severity of the crisis became apparent last week when the Communist press reported strong punitive measures against food hoarders in the Russian Zone.

Dispatches in Western papers, which the Russians have not denied, have reported hunger demonstrations recently in many cities.

World Churches Will Meet in Holland Soon

AMSTERDAM—(AP)—Fifteen hundred officials and delegates from 45 countries are to attend the first international assembly of the World Council of Churches here Aug. 22 to Sept. 4.

With 145 churches around the world represented, the meeting will climax ten years of planning. The assembly will plan the future of the world council and discuss "man's disorder and God's design."

Prominent figures expected to attend include the Archbishop of Canterbury, Dr. Geoffrey Fisher, John Foster Dulles, Prof. Karl Barte of Basel, Pastor Martin Niemoller of Frankfurt, and Ernest Brown, privy councillor to the British government. Four archbishops, eight bishops and eleven leaders of world or national interdenominational agencies will speak.

Argentine Party Calls for Impeachment of Juan Peron

BUENOS AIRES—(AP)—Argentina's Radical Party called yesterday for the impeachment of President Juan D. Peron and demanded a Congressional investigation of what it described as the enrichment of government employees.

Approximately 300 persons gathered near the houses of Congress following the protests by the Radical Party, which is conservative in tendency.

A near panic developed when two small bombs exploded. Police dispersed the crowd and arrested eight persons on suspicion they were connected with the explosions. No injuries were reported.

The Radicals' protests came as the Chamber of Deputies approved government-sponsored legislation to call a national convention to rewrite the Constitution. The vote was 98 to 33.

The measure now goes to the Senate, where its approval is assured since that Chamber's membership solidly supports Peron.

Principal Constitutional changes which have been proposed would permit the President to succeed himself after a six-year term and enable the government to "control the use and disposition of private property."

Fiery Cross Left As Mute Threat to Mixed Race Camp

RINGWOOD, N. J.—(AP)—A cross was burned atop a flagpole and three shots were fired in the air Friday night at a camp for mixed races here, police reported yesterday.

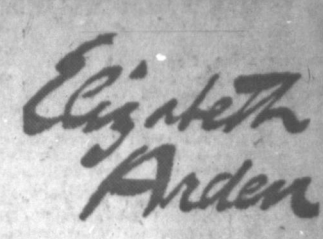

No one was seen entering or leaving the grounds of the Nature Friends Camp, police said, but the following note was scribbled on a piece of cardboard and left at the base of the pole:

"This is the USA, not Russia. If there is any trouble you Communist - - - get it first!"

Realty Board May Amend Constitution

LOS ANGELES —(AP)— The Los Angeles Realty Board is launching a campaign to amend the U.S. Constitution so occupancy of real property can be restricted to either Caucasians or Negroes.

Philip M. Rea, president of the board, said the National Association of Real Estate Boards will be asked to aid in the campaign. "An amendment is necessary, Rea said, "to protect American family life, stabilize home values, avoid widespread home depreciation, avert racial tensions and to safeguard the rights of families who own comparatively small and modest homes."

"The movement gained impetus after King Cole, prominent Negro musician, bought a \$65,000 home in an exclusive Los Angeles residential district last week."

The U.S. Supreme Court ruled recently that restrictions against occupancy of real property by Negroes cannot be enforced by the courts.

Cat Keeps All Nine Lives Intact

MIDDLETOWN, Conn. —(AP)— The cat came back, minus bullet holes and with all of its nine lives intact. And Charles Nixon, who already has paid a fine for supposedly killing the feline, says he won't shoot at it again.

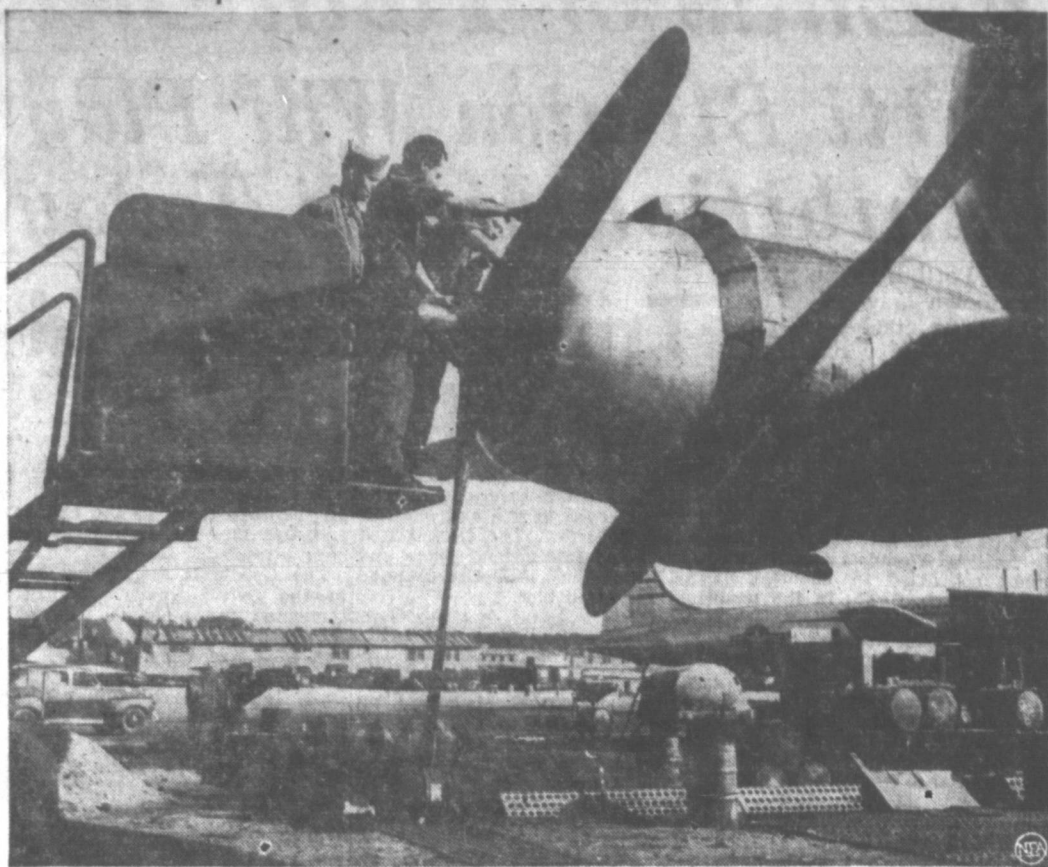

The cat, called Ruffles, killed Nixon's 30-year-old parrot, Texas, last week. To avenge his pet, Nixon shot at the cat and saw it drop as if dead.

Nixon was brought into court, paid a \$5 fine and asserted it was well worth it.

Tuesday night, however, Ruffles returned home. Numerous scars on his body told of his fracas with the late Texas. But there was nary a bullet hole.

"He must have been playing an elevator by pressing a button," commented the examining veterinarian.

'Operation Vittles' Is a 24-Hour Job

With Berlin's millions dependent on air shipments of food to keep from going hungry while the Russians blockade roads and rails, American planes and crews are going all out in "Operation Vittles." The mercy mission works round-the-clock. Here mechanics at the Rhein-Main airport, in Frankfurt, American Zone, check one of the big planes. (Photo by NEA-Acme staff correspondent Al Cocking.)

possum," commented the examining veterinarian.

FINGER-TIP CONTROL

Push-button control of various devices, widely discussed as a post-war boon, has been a part of elevator operation since 1924 when signal-control was developed whereby a passenger automatically stops an elevator by pressing a button.

Bogart Says Some Crime Films Should Not Have Been Made

By BOB THOMAS

HOLLYWOOD —(AP)— Now that a new protest is rising about the number of crime movies, Humphrey Bogart—of all people—admits that some of them should be stopped.

Last winter, the Johnston office quieted a furor of protest by clamping a ban on the making of gangster movies. Today theaters are playing a new crop of films about crime and certain commentators and pressure groups are starting to complain again. After issuing a Bogartian tirade against the complainers, the actor continued: "Some crime pictures shouldn't be made."

Bogart cited the prison film, "Cannon City." "It was a story of a bunch of bad eggs who broke out of the stir and finally were put back there where they be-

longed," he related. "I can see no reason for the picture."

When the late Mark Hellinger called Bogie to see how he liked another prison movie, "Brute Force," the actor replied: "Why did you make it? A picture should have either entertainment or a moral. This one had neither."

Don't get the idea that Bogie is going straight (as some San Quentin cons accused him of doing when he started playing detectives.) He's still agin' the characters who think crime pictures should be abolished entirely.

"It's stupid to think that movies can foster crime," he declared. "When I was young, we were reading about Billy the Kid, but that didn't make criminals out of us."

"If you want to find out what turns kids to crime, look at their environment and particularly their family life. Parents who let 10-year-old kids stay out at night are the ones responsible for making criminals."

Budget Muddle Slows Farm Worker Entries Into U.S.

WASHINGTON —(AP)— The government Farm Labor Recruitment Office, switched from the Labor Department to the Federal Security Agency, is getting along the best way it can through a budget muddle.

Congress on July 3 authorized the FSA to recruit foreign workers within the hemisphere for temporary agricultural employment if enough farm hands couldn't be found in this country to meet requirements.

Congress also authorized a "working capital" of \$2,500,000 to pay expenses of transportation, lodging and subsistence in migration of such workers, these expenditures to be repaid by persons in this country who hired them.

Actually only \$1,000,000 was appropriated, and that sum is not being used because of what an FSA official called a "slight confusion" between Senate and House versions of a bill passed in the last few days of the regular session.

Under one version the \$1,000,000 was to be used strictly for payment of transportation and subsistence bills, not for administrative costs.

Robert Goodwin, director of the Bureau of Employment Security in the FSA, told a reporter that so far none of the \$1,000,000 has been used because of some un-

The present prohibition imposed by Mexico against entry of its nationals into Texas under the program remains unchanged by the new setup, the FSA said.

It was pointed out that this is a matter on which the Mexican government itself takes a ction. The ban was ordered because of alleged racial discrimination against Mexicans in some Texas areas.

AND AT NO FARE Elevators in New York City alone carry more than 3,000,000,000 persons annually, or more people than are carried by all the subways, than roads, busses and other public carriers in the entire metropolitan area.

SPEEDY THINGS The slowest elevator travels 50 feet per minute; the fastest at 1,400 feet per minute.

It Was Just Like Old Days

It's a small world. Captain E. G. "Butch" Albers and a former Army buddy learned that Thursday when the former was sent on a drunk call.

The former MP, who served with Albers at the Pampa Army Airfield, came to town to visit him and was in the police station at the time the call came in. He went along for old time's sake and found—the drunk they brought in was none other than one of their regular customers during wartime whom they had to pick up on similar and AWOL charges.

Yes, 'tis a small, small world. In the pole vault there are no restrictions against the size and weight of the pole.

Harvester Football Practice Opens Tomorrow

Meeting of All Boys Is Set For This Afternoon at PHS

By GENE GARRISON

Saturated with eight returning lettermen and a wealth of hustle and team spirit, the Pampa Harvesters will kick off the 1948 grid season tomorrow evening at 7 o'clock when they hold their first practice session at Harvester Park.

Facing probably the roughest schedule in Pampa High School history, Coaches Tom Tipps and Aubra Nooncaster have several hobbling problems staring them in the face.

In what has definitely been established as one of the toughest districts in the state, the two Pampa athletic mentors have few

This afternoon at 3 o'clock all Harvesters hopefuls will gather in Room 301 at Pampa High School for their first meeting, officially inaugurating the 1948 Harvester grid season.

No practicing will be done. Coaches Tom Tipps and Aubra Nooncaster will be in charge of the meeting.

Newcomers that count up to real help in 1948.

Their green-and-gold clad line will be missing such stalwarts as Charlie Thornborrow, "Zeke" Griffen, Bob Boyles, and Richard Scheig. Also missing will be the blinding speed of fullback Carl "Red" Mayes, truly one of the all-time greats in Texas High School football. The shoes of the shrewd field general, Charlie Laffoon, will also be to fill and the high-scoring antics of Halfback Jimmy Wilson will be sorely missed.

Their potential power will probably lie in their never-say-die team spirit, that is so characteristic of Pampa High School. Rated as only a mediocre team in '47, Tipps' and Nooncaster's charges

were not given due credit for goods delivered.

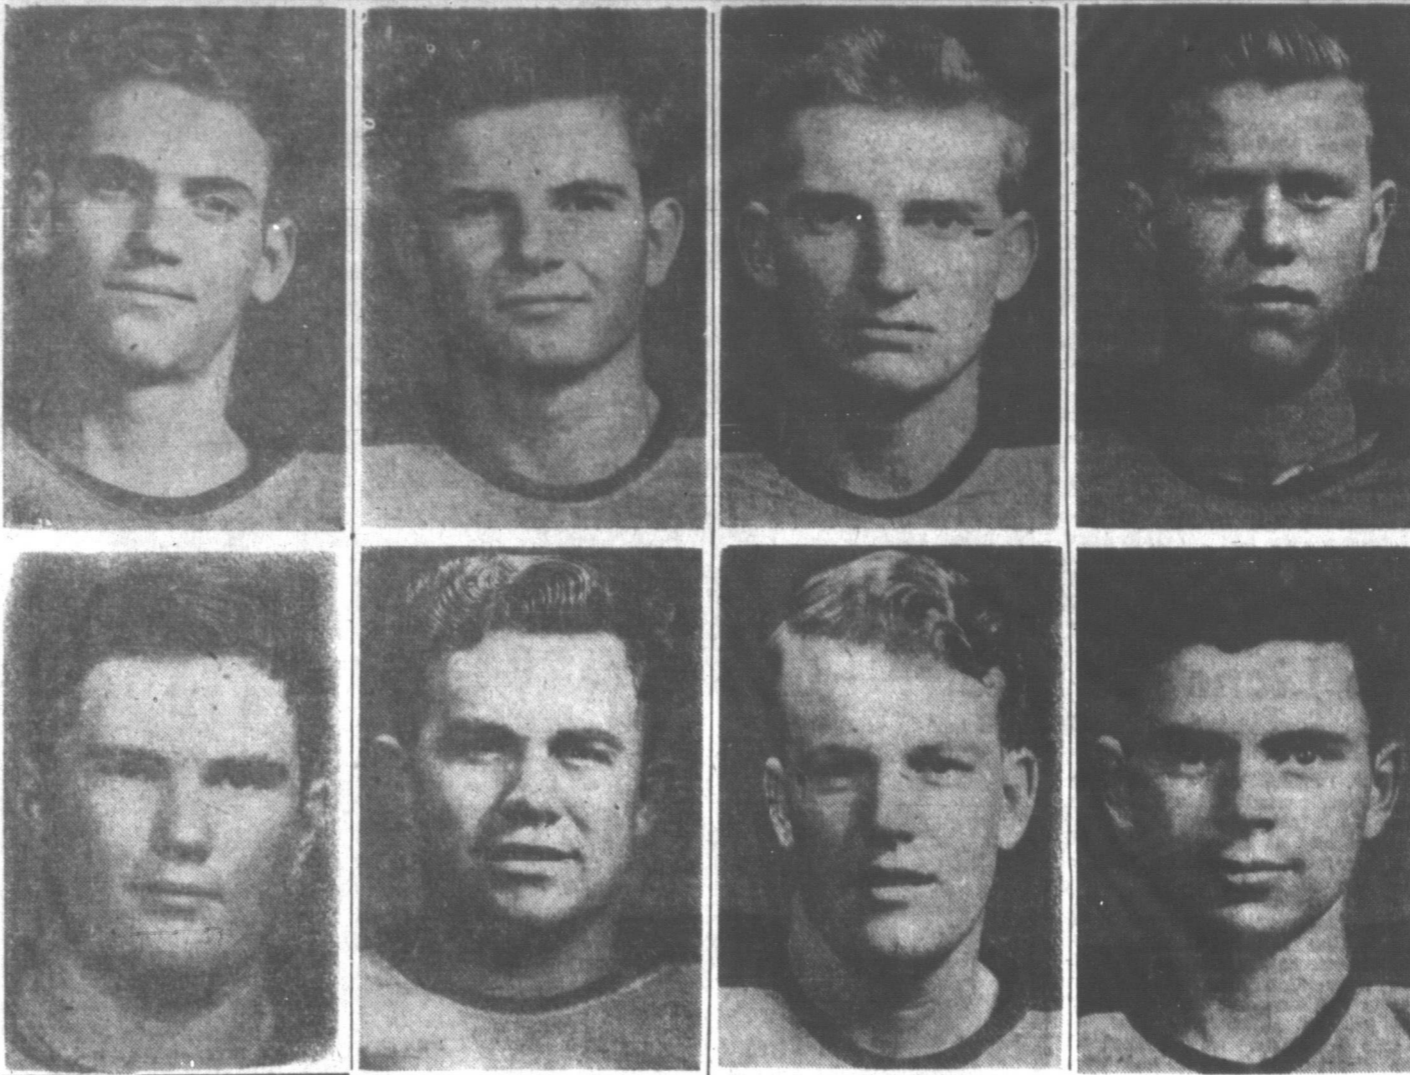

Their hustling brand of ball kept their opponents worried 60 minutes of every ball game. After tasting victory three times, their average then dropped to .500 when they met two upset defeats and were outclassed by a superior Wichita Falls eleven. Three more conference triumphs and a lone circuit loss enabled them to finish the season with a 6-4 record.

These 47 facts are important in drawing a monetary conclusion as to what the team this year will look like in approximate strength.

Only two regulars will report for practice tomorrow, offering a nucleus for which to build around. End Derral Davis and Halfback Jackie Williams are the two returning starters. Both boys were outstanding last season. A constant threat on offense as well as defense, the pair help brighten the picture for the coming season.

The speeding tickets left behind by Mayes will probably be given over to diminutive Wesley Kieth, 140 pounder, who saw lots of action last season. Wesley will probably be one of the fastest backs in the district.

The ticketing tactics and line backing will probably be shared by Williams and Harbord Cox. Cox, who tips the scales at 165 pounds, plays a rugged type of ball and fits in well in the formation as employed by Tipps and Nooncaster. Probably the biggest job of all will be taken over by Lamar Lively. Lively was an understudy to Laffoon all last season at the quarterback position and filled in very well in the Wichita Falls encounter when Laffoon was injured. Jimmy Parker, promising ball-handler, was stricken by polio Friday and it is unknown as to whether or not he will be in uniform this fall.

Pictured above are the eight returning linemen from last year's Harvester squad. Of the eight, only one was a regular and only three were lettermen. They are, reading from left to right, top row, Derral Davis, end (regular), Ralph Hutsell, tackle, letterman, Philip Payne, guard (squadman), LeRoy Troop, center, (squadman). Bottom row, Jimmy Hill, guard (squadman), Bo Jack Phillips, (letterman), Bill Bohd, end, (squadman) and Bobby Hayes, center, (squadman).

Committee Decries Athletes Must Sign Report on Earnings

DALLAS (AP)—The faculty committee of the Southwest Junior College Conference Saturday decried athletes must sign a notarized report of all earnings during the school year.

The committee and coaches of the conference met here in a called meeting that lasted for almost four hours.

The subsidization problem took title the whole family, with the exception of children over 17, to compete for prizes. Names of persons donating prizes are posted on a score board at the lake.

up most of the meeting.

The notarized "earnings statement" of athletes will be filed with eligibility statements. The step was taken in an effort to eliminate financial gifts to athletes from friends of the various colleges.

The group authorized conference President T. L. Arterbury of Kilgore Junior College to appoint a committee to investigate reported violations of the conference rules in the future.

Del Ennis of the Phillies batted .418—23 hits in 55 trips—in his first 13 games against the Cubs this season.

Teen-agers represent one-fourth of the total number of home sewers.

Season Tickets Go on Sale Last Week of August

Season tickets for Harvester football games will probably go on sale about Aug. 28, Roy McMillen, business manager of the Pampa Independent School District, said yesterday.

The tickets are being printed now, McMillen said, and delivery was promised for the last week in August.

The ticket system for this year is slightly different from that used last year, McMillen explained. Last year, a book of season tickets only entitled the holder to a seat, and he had to purchase his general admission ticket at the gate for each game.

This year, season tickets will be sold in books of six for all six

On the line, Davis and Bill Bond will hold down the end positions while Jimmy Hill and Philip Payne will present a difficult picture to opposing teams at guard slots. Ralph Hutsell and Bo Jack Phillips will operate from the tackle slots and LeRoy Troop and Bobby Hayes are expected to battle it out for the center niche.

This squad will by no means be a push-over for any team in the state. Their possibilities could be stated as "unlimited" although a season of extraordinarily tough competition can be expected.

Ysleta Indians Added to '48 Grid Slate for Locals

Six of the most recognized football powers in the state are scheduled to oppose the Harvesters during the 1948 season. Four of the grid machines will engage the local schoolboys in non-conference tilts and three of the clashes will be on foreign soil.

North Dallas, Vernon, Ysleta, Wichita Falls, Amarillo, and Lubbock are the quintet of clubs most complicating the Harvesters' task.

Only one open date exists on the Harvester schedule since the Ysleta Indians of District 4-AA have recently been scheduled for a contest September 24 at Harvester Park.

The complete schedule is as follows:

- Sept. 10 North Dallas Here
 - Sept. 17 Graham There
 - Sept. 24 Ysleta There
 - Oct. 1 Vernon Here
 - Oct. 8 Wichita Falls There
 - Oct. 15 Open
 - Oct. 22 Plainview Here (x)
 - Oct. 29 Brownfield There (x)
 - Nov. 6 Lubbock Here (x)
 - Nov. 13 Amarillo There (x)
 - Nov. 25 Borger Here (x)
 - (x) Denotes conference game
- (The last three are afternoon games)

Club Promoting Fishing, Hunting

The Lake McClellan fish rodeo, promoted by the Pampa Sportsman Club, will raise funds to be used in the development of hunting and fishing in this locality. J. Wade Duncan, president of the Pampa Sportsman Club, said.

The president has set a goal of 1,000 for the Membership Committee, 200 prizes for the Prize Committee and Selling Committee to keep plenty of fish in the holding tank for tagging. He further set a penalty for any committee that fails to make its goal to be a public dunking at Lake McClellan at 2 p. m. Sept. 8.

Memberships of one dollar enhance games, and each ticket includes both general admission and a seat for the game.

A Tall One

Sandra Ann Belew, 5-year-old Galveston youngster, hasn't told anyone she landed this 100-pound Silver King but the pose has many implications.

Hollywood Invades Reno For College Life Movies.

By BOB THOMAS
HOLLYWOOD is invading Reno, but it's not for the usual reason. The Nevada town has been found ideal for college locations.

Within a month, 20th-Fox will have film companies shooting at the University of Nevada for campus scenes of two pictures. One is "Mr. Belvedere Goes to College" with Clifton Webb continuing as the brash baby-sitter.

The other "Mother Was a Freshman" with Loretta Young and Van Johnson. No need to tell you the plots; just look at the titles.

With Hollywood apparently due for a run of college pictures, one wonders why the studios don't shoot on the many California campuses. Are they unphotogenic or do they look too much like California colleges?

Allan Young, the Canadian comic, is getting a career spur at a brief hill. He'll play Webb's roommate in "Belvedere." He joins Jimmy Durante in a fall air show and may have another program all his own. It has taken Allan a bit of time to get started here, but my guess is he'll hit the big time before long.

Fred Flynn is expected back next week to prepare for "Montana." He will be as intrepid as ever in a story about conflict of sheep and cattle ranchers in the treasure state. Oddly enough, part of the picture will be made in Montana.

Carroll Wilde and 20th-Fox are lining up for a battle. . . . fantastic, but maybe true: the rumor that Betty Hutton might star in the life of Clara Bow.

Bill Bendix will have a slice of profits of his next picture, "Life of Riley," based on his air show. Brian Donlevy will have a similar deal for "Impact." That's the way to make money these days.

Marion Hutton will star on radio show this fall. It's no surprise, since the sponsor is sister Betty's husband.

Bob Hope will start his annual "S. S. Four in November," playing a large number of charities on the way. That will come after he finishes his own production, "Easy Does It." Hope's benefit season starts Sunday with a baseball game to raise a grand total for Seattle veterans.

Lauren Bacall will probably remain on suspension at Warner's until after her baby arrives in January. Bogie is mighty peeved about it, too.

Michael O'Shea may join Madeleine Carroll in her fall play, "Goodbye My Fancy" . . . the Melvyn Douglases can't seem to get together. Now that she's home from Congress, he's off for personals in Oklahoma and Texas.

Gene Kelly will get two extra credits for "Take Me Out to the Ball Game"—for the original story and dances.

Hal Wallis bought the Marie Wilson air show, "My Friend Irma." I hope he doesn't start looking for a "Marie Wilson" type. Nobody can handle that role like Marie.

Robert Preston was telling why he's so happy with his "Tulsa" role: "I finally get the girl. Usually in pictures she brushes me by and goes for Alan Ladd."

Report Made On Lions' Convention

H. P. Dosier, Pampa Lions Club president, reviewed his recent New York trip at Lions luncheon in the basement of the First Methodist Church Friday.

Besides becoming enthused about Lionism, Dosier said, "I realize the Lions Clubs throughout the 23 nations represented at the convention are working for peace and carrying on a fight for the nations' safety."

The Texas delegation stayed at the Hotel New Yorker and was the fourth largest group in the parade. With the entertainers and wives of the Lions Club members, there were about 1,200 Texas representatives.

The Texas delegation made a great showing at New York, Dosier said. "Texas nameplates were in demand everywhere as souvenirs."

Three special trains composed of North, South and Panhandle Texans were grouped into the "Texas Special," which carried the majority of the delegates to the convention.

At the meeting of 9,600 Lions, Eugene Briggs, former first vice president, was installed as the international president. Considering the wives and various entertainers approximately 30,000 persons attended the convention.

"One humorous happening," Dosier said, "was when seven of our delegates almost were left in Canada."

"One thing for sure, local talent certainly mastered the subway while at New York," Dosier continued.

"He said the delegation discovered that all that was necessary was to 'make sure you get in the right line when getting on the subway' and all that was necessary in getting off was to 'be near a door when it stopped.'"

Refugees Find Shelter During Palestine Truce

The Palestine truce has provided a breathing spell during which non-combatants are being helped to find temporary shelter. Here are some of more than 1500 Arab refugees who were moved in Israeli trucks and buses to the Arab lines in Tulkarm. They had been living in a village near Haifa, where food and quarters could not be provided. (Photo by NEA-Acme staff correspondent David S. Boyer.)

Mr. and Mrs. Biggs Horn of White Deer, Mr. and Mrs. R. L. Kendrick of Stratford, Richard Hughes of Pampa and the Missus and I nearly missed the train at Toronto.

Dr. Roy Webb presented a short talk on Lionism and announced the Lions Club was to be held responsible to operate the loud-speaker advertising the mass X-ray survey during one of its four days in Pampa, Aug. 25-28.

Attendance pins were awarded to 21 members who had 100 percent attendance at Lions Club during the past year.

Also at Thursday's Lions Club meeting Vina Ditterberner, Pampa High School Senior, played the first movement of "Moonlight Sonata."

Dr. Roy Webb presented a short talk on Lionism and announced the Lions Club was to be held responsible to operate the loud-speaker advertising the mass X-ray survey during one of its four days in Pampa, Aug. 25-28.

Attendance pins were awarded to 21 members who had 100 percent attendance at Lions Club during the past year.

KRAUSE IS ROQUE CHAMP
LONG BEACH, Calif. — (AP) Frank Krause of Long Beach, for the fifth time and second in a row, is National Roque Champion.

He clinched the title last night with a 32-16 win over Wallace Martin, Waco. Krause finished with 14 wins, two defeats in the 12-day tourney.

Martin defeated Bobby Arnold, Los Angeles, 32-27, in a playoff for second place. Both finished their regular tourney schedule with 13 victories against three losses.

We Take a Look Back on Third Anniversary of Nip Surrender

By DEWITT MACKENZIE
AP Foreign Affairs Analyst
Three years ago yesterday Japan surrendered unconditionally. Allied victory celebrations swept around a world which longed for peace. Even the defeated, shell-shocked nations were glad that they would have time to bind their wounds. The most awful conflict that men ever had known was over—so most thought. There would be a quick recovery, and our new United Nations would guide us into an era of tranquility and good will.

That's what we thought three years ago. Now we know that the peace we saw was only a mirage. We realize that the war against the Axis was transformed into the Bolshevik world revolution for the spread of communism. It was done so smoothly that only now are the democracies awakening to a realization that they are engaged in a fresh war which is far more dangerous than anything the evil mind of Hitler conjured up.

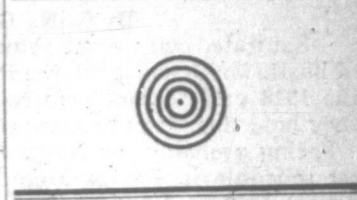

Moscow laid the groundwork for this war by signing the nonaggression pact which enabled Hitler to launch his attack on Poland. Objective observers in Europe at that time were quite aware that Russia anticipated another world war and figured on taking advantage of it for the spread of communism. What the Muscovites couldn't foresee was that they would be caught in the early phases of the conflict and so hurt that they couldn't take full advantage of the outside world's weaknesses.

Those are facts which are almost unbelievable to the charitable Western mind. They are facts which all of us dislike to admit. But the sooner we reorganize the cold truth that Bolshevism is out to bring us under its totalitarian rule, the better off we shall be.

We may see lulls in the Bolshevik aggression. There are likely to be truces in various places from time to time. The "cold war" is like any other war in that its heavy offensives are followed by pauses for consolidation.

However, the indications are that Moscow has no intention of stopping its drive so long as the Soviet has the strength to carry

on. The objective for continental Europe is the English Channel, and the only thing that will halt the Russians will be Western Europe's recovery of sufficient strength to hold them.

Brand-new Power in a matter of hours

Pay as you drive if you wish

Give Your Prewar Buick TODAY'S Fireball Zip and Power with a Completely Factory-Fresh Engine

No, there's no point in merely wishing you had all the peppy power of a brand-new 1948 Fireball engine under the bonnet of your trusty old Buick.

As if by magic, you cancel out the thousands of miles of driving you've done. Cross off the leaky piston rings, worn bearings, tired ignition system. Scratch the threat of a costly engine overhaul. And figure the extra worth of your car when you're ready to turn it in.

The job doesn't take long—from one to two days. The cost is OK, too—surprisingly low. It varies a bit from model to model, but it's always low enough to make this deal a prize bargain. We'll give you the exact figure if you'll drive your car in.

Don't put it off. Make up your mind to drive a 1948-powered car now. Come in and talk it over.

LOOK WHAT YOU GET—ALL FACTORY-NEW!

- New Cylinder Block
- New Crankshaft and Bearings
- New Connecting Rods
- New Pistons, Pins and Rings
- New Push Rods and Tappets

Two Are Fined on License Violations

Justice of the Peace Charles I. Hughes Friday imposed fines and costs of \$10 each on two men pleading guilty to charges of driving without an operator's license and driving with improper license plates.

Fines and costs amounting to \$16.25 each were also imposed by Judge Hughes on two other men charged with intoxication.

Newly-hatched larvae are so tiny they can pass through an opening only four thousandths of an inch wide.

Plan for Acquiring Spys Is Explained

(EDITOR'S NOTE: This is second of three stories—based on the Canadian spy case—showing how one Soviet spy ring was organized.)

By JAMES MARLOW

WASHINGTON (AP)—How could the Russians get employees of another government to spy for them?

The Canadian spy case answers that. The Russians found it easy. It was made easy for them by Canadians in the Communist Party.

That case, one of the most amazing in the history of international monkey-business, broke in 1945.

That's when Igor Gouzenko, a Russian Army officer working in the Russian Embassy in Ottawa, tipped off the Canadian police to the Soviet spy ring. The result:

A number of Canadians were tried. Some were acquitted but ten were convicted of being

Soviet agents. All those convicted were Canadian Communist Party members or Communist sympathizers. And almost all worked for the Canadian government.

(At this point it's important to remember that, although a number of former American government employees have been accused of taking part in a Soviet spy ring and being Communists or sympathizers, none has been found guilty or even formally charged with any wrongdoing.)

A royal commission issued a 733-page report based on information, confessions and Russian documents. The rest of this story is entirely from that report.

A Colonel Zabolin, military attaché of the Russian Embassy, was sent to Canada to get secret information.

"Zabolin found already in existence in Ottawa, Montreal and Toronto numerous study groups where Communist philosophy and

techniques were studied... and discussed," the report said. "To outsiders these groups adopted various disguises, such as social gatherings, music-listening groups and groups for discussing international politics and economics. These study groups were in fact 'cells' and were the recruiting centers for agents."

How did a non-Communist get into one of them? Say his name was Jones. He had no idea of becoming a Communist. But he was unhappy about social, or economic or political conditions in Canada.

A Communist, unknown to Jones as a Communist, would invite him to join a group studying political or economic or social affairs.

By listening to the group discussion and taking part in it, he'd begin to develop a critical attitude toward Western democratic society.

Gradually his loyalty to Canadian society was undermined by the cell.

At last he'd be a Communist. He didn't know other Communists were making reports on him to party headquarters, particularly psychological reports showing his progress, and his dependability for doing party work, like spying.

When Col. Zabolin needed an agent or spy for a certain kind of job, he'd get in touch with the

Accident Victim Has Broken Back

Soren Jensen, Jr., 418 N. Hobart, injured in an automobile accident in Mexico, suffered a broken back in addition to a fractured foot and wrecked knee.

Jensen will be taken to Amarillo Veterans' Hospital tomorrow by ambulance, his mother reported to The News Friday. The University of Texas student was treated at Brooks General Hospital, San Antonio, where the cast was applied to his back.

The accident happened while Jensen was taking a short vacation trip in Mexico between university semesters.

No One Injured As Cars Collide

There were no injuries and damage was not fully estimated in a two-car collision six miles east of Pampa on U. S. Highway 60 Thursday, the Sheriff's Department reported.

Involved were E. V. Brummett, Gray County farmer, and A. G. Hillerman, Borger. Hillerman was traveling east in a 1946 Ford and Brummett heading west in a 1940 Canadian Communist Party lead-

Pontiac when the crashup occurred. Deputy Sheriff Lewis Holmes, investigating, placed the scene at the intersection of a dirt road and Highway 60, in front of the O. B. Cobb farmhouse.

According to the New Jersey Dental Society, escarole, kale, and parsley contain more vitamin A than does spinach.

Noctiluca, microscopic animals that live in the sea, would live forever if they could avoid injury, it is said.

Central Texas Wanting More Cotton Pickers

AUSTIN—The most urgent need for cotton pickers over the state is in Central Texas, the Texas Employment Commission said yesterday.

TEC offices in South Texas are directing workers to these areas and the shortage should be met this week. Counties needing pickers include Williamson, Brazos, Gillespie, Austin, Washington, Robertson, Milam and Fort Bend.

The hot, dry weather is causing the crop to mature rapidly and picking is now underway in central counties. Picking in North Texas should start around Sept. 1.

PLANS

from registering through departing from the American Legion Hall will take but two minutes. The system worked out by persons giving the test is so efficient that between 1,000 and 1,500 persons may be X-rayed during a single day.

Pampa Boy Scouts will distribute handbills during the week to give full details on the X-ray survey.

Steering Committee members for the Gray County survey include: Cliff Ausmus, chairman; E. O. Wedgeworth, Dr. R. M. Bellamy, Dr. J. M. Key, Huelin

TESTIMONY

(Continued from Page 1)

prompt hearing, waived their Constitutional rights, and denied the charges categorically. They testified they didn't even know Chambers. Unlike some of the other witnesses, Alger and Donald Hiss did not decline to answer questions on Constitutional grounds.

Donald Hiss, a former State Department official now a Washington attorney, told the committee either he or Chambers should be put in jail for lying under oath.

Alger Hiss, now president of the Carnegie Endowment for International Peace, said he had "never had eyes" on Chambers. The Justice Department is studying the transcript of the testimony and committee members have demanded perjury action against someone.

Since Chambers has been one of the star witnesses for the committee, members said privately that "half our case rests on the integrity of his testimony."

"Frankly, one of them told reporters, 'I can't figure out who is telling the truth. The testimony has been convincing on both sides.'"

POLITICKING

(Continued from Page 1)

with Alva G. King and incumbent Joe K. Clark, will be voted on only by voters in Precinct 1.

Precinct 2 voters are faced with two races—county commissioner and constable. For commissioner, Irvin Cole and J. W. "Bill" Gra-

... a toss-up, according to most predictions. The same holds true between incumbent Constable Earl Lewis and "Bill" Langley for the 2 constable race.

Because of the unusually high interest in the race for county judge and commissioner of Precinct 2, a vote just as heavy as

75 percent of the eligible voters. A total of over 4,150 of an eligible 7,428 county voters cast their ballots on July 24.

County Chairman John Andrews said Friday that a list of election judges for the 18 precincts has not yet been drawn up.

Palaver de Pampa

THOUGHTS WHILE KNITTING—Glad to see Wade Duncan back predicting and prophesying via the classifieds . . . A man who will never let you know how much he does for Pampa and its people is E. G. Barrett—his name will always be found in helpers of a worthwhile cause . . . The E. M. Keller and Spangler homes on the Amarillo highway certainly add to the first impression you get of Pampa as you come into town on Highway 60 . . . Willis Price is one of the few men who admits to enjoying his family—and it's so nice, but how can one family have so many nice looking children? . . . (And while sitting here typing in the rain) Do you remember when we called this area the "Dust Bowl"?

FEMININE FASHION—The book I read says that milliners are going to be as happy this fall as young bulls making their first appearances in a china shop—the reason, of course, is the new trend in hair styles. There is nothing new about the feather hair cut for older women, but now it has suddenly become epidemic, and pompadours have been falling to the cutting room floors like rain off a tin roof. Young girls are going in for that sleek, close-to-the-head trim (like those of the Twenties, except that the hair is not shingled). So, quite natch, a return to the main head-hugging hat is inevitable. There is the report that high coat collars, coming to the tip of the nose and sheltering the ears, will be with us this fall. Whether it's true or not, milliners are accommodatingly making some of their hats flat and high in back. Tilted hats and curved berets arched over the hairline in front will be the style. So, it says here, it appears it will be smart to look innocent-eyed this fall.

HATS OFF DEPARTMENT—To Johnson's Cafe on its recent formal opening. I indulged in coffee and doughnuts and revelled in the clean atmosphere. Also, to White's Auto Store on its opening Thursday night. . . I enjoyed the opening in spite of the crowd, but I couldn't stay in line long enough to receive the piece of pyrex I had my eye on—the line was just too long. . . Poppa did get a cigar, though. . . These two concerns are definitely "messing with Pampa"—don't you think?

SERIOUS MOMENT—One thing all Pampans will agree on is that when the citizenry undertakes a project it's a foregone fact that it will be accomplished. We've just finished another Top o' Texas Rodeo and it was a howling success. . . Full scale coordination doesn't "just happen." . . . It takes a lot of forethought and planning, and an abundance of good old hard work, a like amount of determination, and the cooperation of men and women who have faith in Pampa. . . We're rapidly becoming known as the little town that does things in a big way. To balance the personality of our town, it would be gratifying to see Pampans put their efforts behind a cultural program. . . We have the enthusiasm and wherewithal. . . The Community Concert is a definite step forward. . . It's a feather in Pampa's cap which we mustn't let blow away. . . Why couldn't we develop a philharmonic orchestra? . . . Why couldn't we support a fine arts school? . . . In our progress, we must not lose sight of the esthetic aspects of finer living.

PAMPA PANORAMA—Mr. and Mrs. W. E. Ballard have had their share of old shoes and rice due to recent marriages of both son and daughter. . . Preparing fishing paraphernalia for a trip to the mountains were Fred Thompson, "Lefty" Huff and Crawford Atkinson. . . Mrs. Howard Buckingham and granddaughter made an attractive twosome during Western Week here. . . and, speaking of the rodeo, it comes to me from the younger generation that Monte Hale's door at the Schneider was never closed during his stay here to boys wanting to talk to the young Western star. . . A regular six-fingered picnic was held at Lake McClellan Sunday when several families got together. . . Red Weathered was high man on the bottle washer, and Jeff Bearden and Steve Matthews were high men on the washer tossing. . . Bill and Malda Fraser are leaving for Lake City, Colo.—daughter Nicki will leave in early September for SMU. . . We heard that "Hanno" Benner's boy-friend, Walter Swanson, called her bluff—he said, "Will you marry me?" and she said, "It'll cost you if I do, because I haven't a thing to wear." . . So he took her to the store, bought her a whole new outfit, and now they who were twain are one. . . The Floyd Watsons and Weldon Stewarts are happy over moving into their new homes. . . Jean Gibson, bride-to-be of Kirk Duncan, has been shopping for trousseau items—wedding date, the 28th. . . Surprise visitors in town this week were Virginia and Morris Levine of Fort Worth while enroute to Oklahoma City. . . with her Bostonian brother-in-law, Mary Ploves of the Citizens gave a surprise birthday dinner for their genial boss, Floyd Imel, Tuesday, at the Grill. . . Flo Jackson had a house full of guests recently with an aunt, uncle, mother, and sister visiting her. . . With the leaving of Dalton and Sybil Cobb for the mountains, I'll bet there are as many Texas cars in Colorado as in Texas. . . Wedding bells rang Thursday for Sybil Ehnert and Bill Wyatt—congrats. . . Mrs. Curtis Douglas was the usual perfect hostess for the Governor's party last week—Messames Frank Smith, Georgia Scott and Fred Thompson assisted ably. . . Best wishes to the newly married Paul Keims. . . Good to see Bill Parks around town again after years in the service. . . The Jimmy McCunes had relatives from Oklahoma recently. . . Mrs. Walter Nelson visited Kate and Bill Vasey, former Pampans, while in Carlsbad recently.

And I close with the thought that if I don't stop this tearing around I'm going to be old before my time—I'm tired and I'm
PEG O' PAMPA

Kathryn Mosley Betrothed

Miss Kathryn Mosley
Mrs. Vestal Mosley, 922 Duncan, is announcing the betrothal and approaching marriage of her daughter, Kathryn, to Robert E. (Bob) Rose, son of Mr. and Mrs. James B. Rose, 347 S. Banks. The wedding will take place in October.

How to Increase Your Attractiveness
You search until you find some creative activity that gives you a chance to study and learn and widen your viewpoint. You make an effort to make new friends so that your circle of friends doesn't grow smaller with the passing years. You guard against becoming opinionated or set in your ways, with the news of the day, instead of limiting your curiosity to those things that affect you directly. Any woman who includes these points in a 10-year plan for her own development and enjoyment of life will become more, rather than less attractive with the passing years.

Thomas-Tucker Nuptials Read in Evening Service

Mrs. LeRoy Thomas

Miss Patsy Ruth Tucker, daughter of Mr. and Mrs. J. H. Tucker, 1308 E. Frederic, became the bride of LeRoy Thomas, son of Ralph Thomas of Pampa and Mrs. T. Johnson, of Lodi, Calif., on August 9. The wedding took place in the evening with the Rev. E. Douglas Carver performing the single-ring ceremony. The church was decorated with tall baskets of white gladioli, fern, and palms and the nuptial space was backed and flanked by seven-branch candelabra holding lighted tapers. The pews of the bridal aisle were marked with white satin bows and burning tapers in double candelabra. Mrs. R. Virgil Mott, organist, played a prelude of nuptial music including "Romance" and "Oh, Promise Me" and then accompanied Mrs. Harold Dean Craddock, vocalist, who sang "Because" and "Always." She played "Traumeri" softly as a musical background for the exchange of vows. The traditional wedding-marches were used for the processional and recessional. The candlelighters were T. J. Smiles and Marvin Grace. The maid of honor was Miss Doris Taylor of Dallas. The matron of honor was Mrs. C. B. Walker, sister of the bride, and Mrs. Carlos Grissom, also a sister of the bride, was bridesmaid. Junior bridesmaids were Mary Beth Shelton and Dolores Tucker, another sister of the bride. The bride's attendants were identical dresses of organza, in pastel shades. They were fashioned with light basque bodices, and full floor-length ballerina skirts and each attendant carried a Colonial bouquet matching her gown. Kenneth Lard, a Texas Tech student, was best man. Earle E. Eiler, also of Texas Tech, and Richard Dodson were ushers. The groomsmen were Harold T. Cobb, and H. J. Pernac, both of Texas Tech. The bride, given in marriage by her father, wore a white slip-satin gown, designed with a tight-fitting bodice, buttoned down the back and fashioned with a lace yoke edged with seed pearls, and with long sleeves ending in points at the wrists. The full skirt swept into a cathedral length train. Her bridal veil of illusion hung from a tiara studded with seed pearls. The bride's bouquet was of pink amaryllis and lily-of-the-valley, and it was showered

St. Matthews Episcopal Church Is Setting for Link-Secrist Nuptials

Mr. and Mrs. Harold B. Secrist, Jr.

Miss Thelma Link, daughter of Mr. and Mrs. Henry C. Link, 453 Pitts, was married Friday evening, July 30, to Harold B. Secrist, Jr., son of Mr. and Mrs. Harold Secrist, Sr., of Dallas. Vows were exchanged in a double-ring ceremony which took place at 7 o'clock in the evening at the St. Matthews Episcopal Church. The Rev. Edgar W. Henshaw was the officiating minister. Laura June Hendricks was ring-bearer and Leone McClelland was bridesmaid. Cecil Link was best man and Junior Teague and R. L. Hendricks were ushers. The bride, given in marriage by

Miss Duvall Is Wed to Arizona Student in Early Morning Ceremony

Miss Tomesene Duvall, daughter of Mr. and Mrs. Tom Duvall of Pampa, was united in marriage with Frank R. Bishop, Jr., of Phoenix, Arizona, Sunday morning, Aug. 1, at six o'clock. The Rev. T. Arthur Sproles read the lines of the double-ring ceremony in the North Phoenix Baptist Church.

Opening the service Miss Jeanette Dudley sang "Because" by D'Hardelet. She was accompanied by Miss Betty Martin, English-born Phoenix College student. The traditional wedding marches were used for the processional and recessional. White gladioli in tall white baskets formed a floral background for the wedding. The bride, given in marriage by her father, wore a white wool suit with matching white and gold accessories. She carried a bouquet of carnations showered with white satin streamers. Miss Mariola Duvall, sister of the bride, was maid of honor and wore a lemon-yellow ensemble with white accessories including a large picture hat. Her corsage was of red carnations. The bride's mother wore a black crepe dress with a picture hat. Her corsage was of red carnations. The ushers were Harold Fugate and Leon Parker. During the past year the bride has resided in Phoenix in the home of the Rev. and Mrs. W. W. Taylor, 1037 E. Brill. She is a graduate of Pampa High School and last year attended Phoenix College. This summer she has been a student at Arizona State College at Tempe.

The bridegroom is the son of Mr. and Mrs. Frank R. Bishop of Hammond, Ind. He is a graduate of Hammond High School and has attended the University of Chicago. He is at present taking special work at Gregg's College of Commerce in Phoenix. During World War II he served 23 months in the Pacific Theater.

Hanno Benner Veds Nebraska in Colorado

Miss Della ("Hanno") Benner, daughter of Mr. and Mrs. L. A. Benner of Pampa, was married on August 4 to Walter J. Swanson of Oakland, Nebraska. The wedding took place at 7:30 o'clock in the Wesley Methodist Church of Colorado Springs, with a local pastor, Rev. Weed, performing the double-ring ceremony. The bride was attended by Mrs. Gordon Horn and Mr. Horn was best man. Following the wedding the bridal couple took a trip to various points of interest in Colorado and Nebraska. After October 1 Mr. and Mrs. Swanson will be at home in Oakland, Neb., where he is employed.

Pecos Girl to Become Bride of Wayne Fahle

PECOS — Announcing the approaching marriage of her daughter, Jane, to Wayne Fahle, son of Mr. and Mrs. Wallace Fahle of Pampa, Mrs. R. P. Coffey entertained at her home, 612 Alberta Street, Pecos, Sunday morning, Aug. 8, with a breakfast. The couple will be married Wednesday evening, Aug. 25, at 8 o'clock at the First Christian Church of Pecos, with the Rev. W. M. Turner, pastor of the First Baptist Church, reading the marriage vows. The breakfast table was lined with entwining honeysuckle vines and white Shasta daisies, featuring bride-elect's chosen colors of green and white. Places were marked for guests by bridal bouquets and wedding bells. A unique announcement of the approaching wedding was made by the arrival of telegrams addressed to individual guests. The telegrams arrived in a series and told of the meeting, courtship, betrothal and future plans of the couple. The couple will be at home in Lubbock for the next two years, where Miss Coffey is a secretarial administration major and listed as a Senior at Texas Tech. Mr. Fahle, management major, is a Junior.

Miss Staley Is Shower Honoree

LEFORS (Special)—Miss Jeanne Staley, bride-elect of Harold Sims, both of Lefors, were united in marriage Thursday afternoon, Aug. 12, in the home of Miss Billie Wall. The honoree was presented with a corsage of white sweet peas tied with white ribbon by the bridesmaids, Misses Wall, Barbara McCullick, Jo Ann Wall, and Retha June Little and Mrs. O. V. Gomer, Jr. The serving table was centered with a cake frosted in the bride-elect's chosen colors of pink, aqua, and white with the words "Jeanne and Harold" inscribed in the center. Small pink or white cellophane bags of rice tied with white ribbon were given to the guests as plate favors. Mrs. Gomer received the guests, and the refreshments of cake and punch were served by the other hostesses.

Refreshments for A Porch Party

Grape and Orange Cooler(x)
Cheese and Nut Sandwich(x)
Cup Cakes or Cookies
(Recipes for (x) Dishes Follow)
GRAPE AND ORANGE COOLER
Ingredients Needed: Oranges, lemon, grape juice, sugar, mint leaves, if available. Method: Squeeze the juice of 2 or 3 oranges and 1 lemon, enough to make about 1 cup juice. Add 1-2 cup grape juice and 1 cup cold water to it. Sweeten to taste with simple sugar syrup. Fill tall glasses with ice cubes and put a crushed mint leaf in each; pour on grape juice mixture. Serve immediately with muddlers. This will serve about 3, increase quantities to serve more.

METHOD FOR SMALL PIECES

Keep a sponge and a wide-mouthed, covered jar in the bathroom. When washing the suds, just pour some on the sponge to wipe finger marks off the woodwork.

HOLD THAT COLOR

When cooking spinach, kale, string beans or peas, put a lettuce leaf in with the vegetables. It will help the vegetables retain their color.

Mary New and Paul Keim Wed in Holy Souls Church

Mrs. Paul Daniel Keim

In a service read Saturday morning in the Holy Souls Catholic Church of Pampa, Miss Mary Elizabeth New, daughter of Mr. and Mrs. Earl James New, Sr., 1701 Christine, and Paul Daniel Keim, son of Mrs. Frank Daniel Keim, 808 N. Gray, were united in marriage at Mass. The Rev. O. W. Meyer witnessed the exchange of vows in the double-ring ceremony. Pals formed a background for the candlelighted altar which was flanked by baskets of yellow gladioli. The pews were roped off with white satin streamers and marked with white candles. Billy Haley, organist, played the processional and recessional by Rossini and accompanied Mrs. L. O. Hall as she sang "Ave Maria" by Bach-Gounod and "The Lord's Prayer."

The bride, who was given in marriage by her father, wore a gown of same-pink satin, fashioned with a fitted bodice and a sweetheart neckline and long sleeves ending in points over the hands and a full skirt that swept into a long train. Her finger-tip veil of pink pure silk net illusion fell from a bonnet effect head-dress trimmed in handmade net rosebuds with orange blossoms. She carried a white Bible, which had been carried by her two college roommates. For something old she carried a handkerchief made by her grandmother. A garter belonging to Mrs. Means was the something blue. For something borrowed she wore in her

Betrothal Revealed

Rev. and Mrs. H. Maurice Hutchison announce the engagement and approaching marriage of their daughter, Suzanne, to John F. Blue, son of Mr. and Mrs. D. H. Blue, 526 E. Gordon. The wedding will take place September 19.

Shackelford-Luscombe Nuptials Read in Church

Mr. and Mrs. Joseph B. Luscombe

Miss Doris Shackelford, daughter of Mrs. Jewel Shackelford, 812 E. Jordan, and the late James T. Shackelford, was married on Saturday, August 1, to Joseph B. Luscombe, son of Mr. and Mrs. F. O. Luscombe, 902 Denver Ave., Dalhart. The Rev. B. A. Norris performed the double-ring ceremony in the First Presbyterian Church at seven o'clock in the evening. The church was decorated with palms and pink and white gladioli accented with burning bridal tapers in cathedral candelabra. Preceding the ceremony Tracy Cary, organist, played "Because" and "I Love You Truly" and during the exchange of vows he played "At Dawning." The traditional wedding marches were used for the processional and recessional. Miss Beverly Candier was maid of honor. She wore a brown crepe dress with pink carnations and a corsage of pink carnations. Jimmy Fugman of Dalhart was

best man. The ushers were Ray Brickey, cousin of the bride and Joe Russell, both of Dalhart. The bride, given in marriage by her uncle, Cass Shackelford, wore a light ice blue dress trimmed with white and her accessories were of white. Her corsage was of gardenias. She carried out the traditional custom of wearing something old, a silk handkerchief, something new, and blue, her dress, and something borrowed, a pair of Mrs. O. H. Gaylor's gloves. The mother of the bride and the mother of the bridegroom both wore black costumes with gardenia corsages. Following the ceremony a reception was held for relatives and close friends at the home of Mr. and Mrs. Joe Wells, 324 N. Hazel. Miss Margie Roth of New York City presided at the punch bowl. Mrs. Gene French of Berger was in charge of serving the wedding cake and Mrs. Noble McClelland (See SHACKELFORD, Page 13)

Duel in the Sun

By BETTY CLARKE
AP Newsfeatures Beauty Editor

We'd get panic stricken at the thought of being caught in a flaming building; horrified if someone forced us to dip our little fingers in boiling oil. Yet, every summer, gay bands of white-skinned beauties parade to the beach intent on setting their bodies on fire.

These little pyromaniacs, equipped with nothing more to offer old man Sun than a silky, smooth, white, winter-protected skin, get what they ask for—the "rare meat look."

The goal is to tan, and after a few bouts with the infra-red and ultra-violet sun rays, lucky girls may take on the dusky beauty of an Egyptian princess. But it's the unlucky little sun goddesses who suffer—not having taken adequate precautions against the sun's powerful rays. Pretty soon their epidermis takes on a design like an unfinished patch quilt, and the texture of an alligator's skin.

Suntan lotions have been so improved that the girl who strives

for a tan can have an easy time of it if she uses them. We are told by the cosmetics industry that more than 85 percent of suntan lotions now are greaseless, therefore there is little staining of bathing suits, robes and towels.

You can even find a lotion which will shut out 90 percent of the burning rays while permitting 90 percent of the tanning rays to hit your skin. Of course you will take longer to tan with this invisible protective film method which does not contain either tannic acid or iodine. But blondes and redheads who vary in sensitivity, particularly, can sun safely with these new lotions.

A nice tan is really beautiful if you can achieve it. But it requires patience and endurance. You will have to confine your sun basking to short intervals at first, later on into longer sessions. At high noon, and thereabouts, when the sun is really hot, why not take time out for lunch?

Many cooks use too much water in preparing artichokes. They should be dropped into no more than two inches of boiling water. The water should then be brought to a boil again, the saucepan covered tightly, and the artichokes cooked for 20 to 30 minutes, depending on their size. By then the artichokes will be tender and an outer leaf can be easily pulled from the stem.

Six hundred years before the birth of Christ The Book of Job spoke of an evil that "consumeth, as a garment that is moth eaten."

Ballard-Bailey Rites Read in Baptist Church

Mr. and Mrs. Vestal Gene Bailey

Patsy Ruth Ballard, daughter of Mr. and Mrs. William E. Ballard, 509 E. Craven, was married August 13 to Vestal Gene Bailey of Pampa, son of Mr. and Mrs. Jack Bailey of McLean. Vows were exchanged at 8 o'clock in the evening in the First Baptist Church, with the Rev. E. Douglas Carver reading the lines of the double-ring ceremony.

Tall baskets of white gladioli and burning white tapers in an arch of candlelight formed the setting for the nuptial rites.

Mrs. Carver, organist, furnished the wedding music.

The bride's sister, Miss Margie Ballard of Amarillo, was maid of honor. She wore a silver gray satin dress with pink accessories. Johnnie Chilton, cousin of the bridegroom, was best man. The ushers were Lester Bailey, cousin of the bridegroom and W. E. Ballard, brother of the bride.

The bride, given in marriage by her father, wore a gown of white satin trimmed with lace and she carried a white Bible topped with white gardenias. Her head-dress was a halo of white carnations and she wore a shoulder-length veil.

For the wedding the bride's

mother wore a black and white linen dress with a carnation corsage. The bridegroom's mother wore a black crepe dress with a corsage of white gardenias.

Following the wedding a reception was held at the home of the bride's parents. The receiving rooms were decorated with white gladioli and burning white tapers.

The wedding cake was decorated in white and blue, the bride's chosen colors. Assisting in the serving and other hospitalities were the bride's sister, Miss Margie Ballard, Miss Eula Mae Parker of Amarillo, Mrs. W. E. Ballard and Mrs. Deibert Groves.

Mrs. Bailey was graduated from McLean High School where she was a member of the Sub Deb Club. She is now employed as window decorator in J. C. Penney's Store in Pampa.

The bridegroom is employed by Skelly Oil Company.

Mr. and Mrs. Bailey are now at home at 412 1-2 N. Frost.

BLESSINGS
To an honest mind, the best perquisites of a place are the advantages it gives for doing good.

Addison

Mary New

(Continued from Page 11)

shoe a sixpence belonging to Mrs. W. A. Goeth of Abernathy. Her dress was something new.

Mrs. Robert Adair of Lubbock, a college roommate of the bride, was matron of honor. She wore a pink marquisette gown, styled with a basque waist and full skirt trimmed with ruffled edge and inset on the dress of the same material. The ruffle edge was repeated on the collar effect around the neckline which was further accented by a corsage of the same flowers as those in her bouquet. Her gloves were of pink marquisette and ended in points over the hands. She carried an arm arrangement of blue gladioli.

The bridesmaids were Mrs. Earl J. New, Jr., sister-in-law of the bride, and Miss Marjorie Gaylor who were dressed in identical gowns of blue and matching accessories like those of the matron of honor. They carried bouquets of yellow gladioli.

Kevin Chisholm, the ringbearer, wore a tailored suit in white and Joan Ann Jarvis of Skellytown, the flower girl, wore a blue net gown.

Harold Keim of Brady, Tex., served his brother as best man and Earl J. New, Jr., brother of the bride, Clayton Husted, brother-in-law of the bridegroom, and Bill Mitchell of Childress were ushers.

Following the ceremony a reception was held at the home of the bridegroom's brother-in-law and sister, Mr. and Mrs. C. A. Husted, 141 N. Hobart.

The receiving line was composed of the bride's parents, the bridegroom's mother and sister, the bride and bridegroom and other members of the bridal party. The bride's table was laid with a white linen cloth and centered with an assortment of blue and yellow summer flowers.

The bride's three-tiered wedding cake, which was decorated with yellow and blue wedding bells, was served with coffee.

Assisting with the hospitalities were Mrs. Joseph W. New, the bride's sister-in-law of Odessa, Glenda Sue Husted, and Mrs. Means.

After a wedding trip to Colorado Springs the couple will be at home at 808 N. Gray. The bride traveled in a dark green velvet suit with matching green and gold accessories and she wore an orchid corsage.

Out of town guests were present from Lubbock, Abernathy, Amarillo, Fritch, Childress, Skellytown, Brady, Borger, Dallas and Odessa.

Mrs. Keim is a 1946 graduate of Texas Technological College with a Bachelor of Science degree in foods and nutrition. She has also attended West Texas State College at Canyon for a summer session. She is a member of Beta Sigma Phi in Pampa and for two years has been teaching in Pampa High School.

Mr. Keim graduated from Price School in Amarillo and is now employed by the Citizens Bank and Trust Company in Pampa.

Prior to her marriage Miss New was complimented at some lovely showers. On Aug. 6 Mrs. DeGribbon and Mrs. A. B. McNamara were hostesses at a miscellaneous shower at the home of Mrs. Gribbon, 1317 Mary Ellen.

The honoree was presented with a yellow corsage and her mother was presented with a white corsage. The refreshment table was

laid with a blue cloth and appointed with blue lamps and floral arrangements of yellow gladioli. Refreshments of coffee and cake were served to 33 guests.

On July 30 a trio of hostesses complimented Miss New in Skellytown when Mrs. W. H. Price, Mrs. Weldon Bates and Mrs. Vernon Day presided at a miscellaneous shower at 8 o'clock in the evening. The table was laid with blue and decorated with yellow flowers and appointed with a punch service. Cookies decorated with blue and yellow flowers were served with iced punch. Thirty-five guests signed the registry.

FOR LAZY HOUSEWIVES

K.P. is gradually being eliminated from Mrs. Housewife's list of household chores. Newest joy for housewives are potatoes which are peeled, sliced and ready for frying.

If kept in a cool place, the potatoes, which are treated with a preserving fluid that is tasteless but keeps them from oxidizing, will keep a week or more.

BARE SHOULDER CORSAGE
One way to solve the problem of the corsage on the strapless gown is to attach it to your bare shoulders with cellophane tape.

FRESH LETTUCE
Green leafy garden lettuce, richer in Vitamin A and C than the paler heads, does not keep as long as market head lettuce. Pick enough for a one or two-day supply. A good time to gather it is in the early morning after the night has given the leaves a chance to revive from the sunshine and heat of the day before. In an icebox, keep lettuce next to the ice.

NOT FOR AVERAGE COUPLES IS ILKA'S OVER-SIZED BED
 Over-size, mammoth beds, says Ilka Chase, are the answer to the problem of twin beds versus double beds. She may be right if one can afford the cost of made-to-order sheets, blankets, quilts and pillows, to say nothing of the problem of laundry. The average couple, however, will find that twin beds provide the most sleeping comfort at a cost their budget will permit.

THINK PLEASANT THOUGHTS WANT TO GET TO SLEEP?
 An easy way to go to sleep at night is to replace all worrisome thoughts with pleasant ones. Such daydreams should be calm, happy recollections of an enjoyable experience or thought of the outdoors—both in one is even better. In a comfortable bed which allows complete relaxation, day-dreaming soon drifts into quiet refreshing sleep.

James-Howell Vows Exchanged in Simple Single-Ring Ceremony

Mr. and Mrs. Libburn Leon Howell

In a simple but beautiful ceremony before an improvised altar flanked by tall baskets of gladiolus and burning tapers in seven-branch candelabra, Miss Patricia Lee James, daughter of Mr. and Mrs. Guy W. James of Letors, became the bride of Libburn Leon Howell, son of Mr. and Mrs. L. N. Howell of Letors, on Friday evening, July 30.

The vows of the single-ring ceremony were exchanged at 7:30 in the evening in the Pentecostal Holiness Church of Pampa with the Rev. C. R. Howard as the officiating minister.

Introducing the ceremony Misses Jewell Van Winkle and Delena Pfeil lighted the tapers while Mrs. Elbert Labenske, pianist, played "Indian Love Call."

Miss Willilla Wilson, vocalist, sang "Ah, Sweet Mystery of Life" and "Because," accompanied by Mrs. Labenske who played the "Bridal Chorus" from Lohengren as the processional. The pianist also played softly during the ceremony.

The bride was attired in a pearl gray suit with gray accessories. She carried a white Bible with pink gloves and her flowers were a shoulder corsage of pink roses. She carried out the tradition of something old, new, borrowed and blue.

Attending the bride as maid of honor was her sister, Miss Joyce La Verne James, who wore a light blue suit with white accessories and a corsage of white carnations.

The bridegroom was attended by Billy Clyde Cox of Pampa as best man. The bride's mother wore a gray

 active in FHA work.
 The bridegroom is a 1943 graduate of Pampa High School. He spent two years in the Service in the South Pacific Area as a member of 503rd Parachute Troops. He has attended the University of Oregon at Corvallis for two years.

Out-of-town guests for the wedding were Mr. and Mrs. E. W. Thomas, Sr., Bennett Thomas and Richard O. Thomas, Perryton; Mr. Mr. and Mrs. E. W. Thomas, Jr., Port Arthur; Mr. and Mrs. C. L. Walker, Oklahoma City; Charles L. Thomas and Miss Virginia Thomas, Alpine; and Miss Faye Lou Thomas, sister of the bridegroom, Lodi, Calif.

Had she not done so, she and her partner would have lost no more than they would if the opponents had made the redoubled spade contract.
 It was a disastrous hand for East and West, as the opponents cashed five spade tricks and two diamond tricks.
 Freak hands are difficult to handle as well as to analyze. In such cases one can only ask, "What did you do with it?" rather than "What was the right thing to do?"

★ WE, THE WOMEN

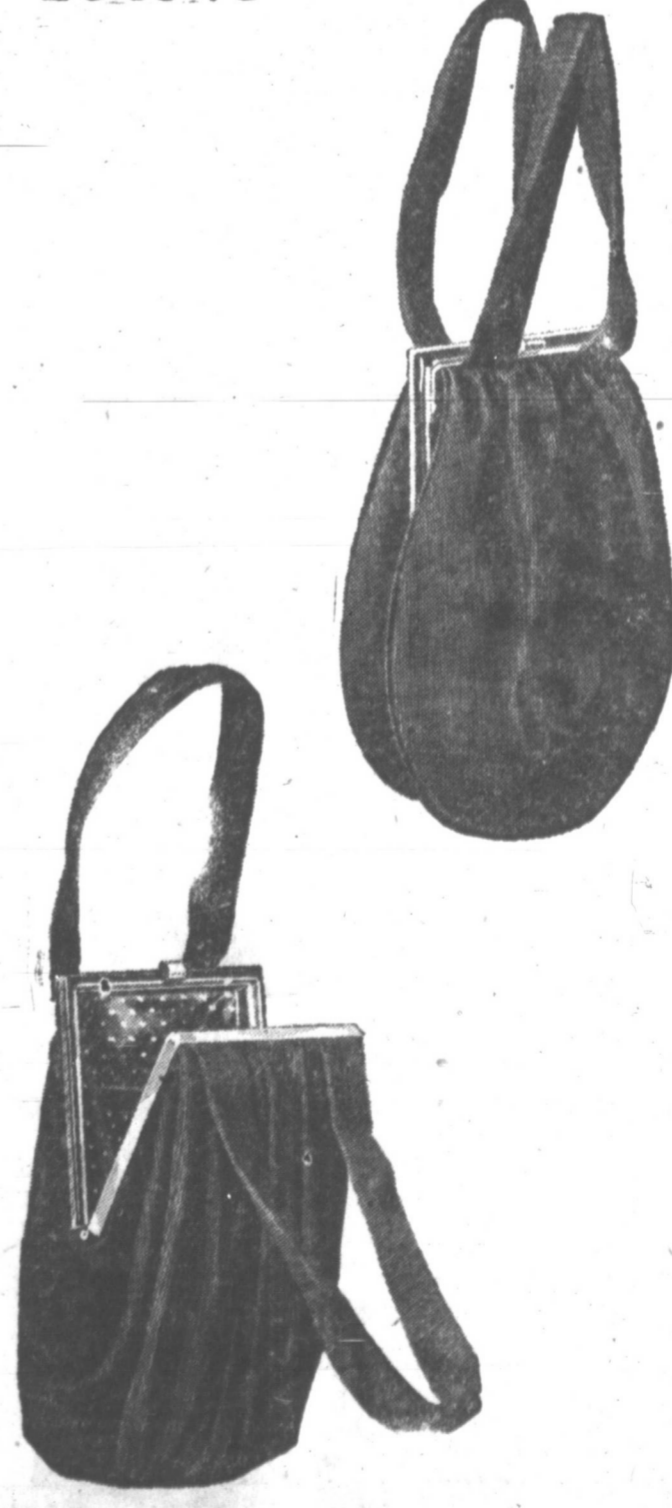

BY
RUTH MILLETT
 NEA Staff Writer

Columnist Robert Ruark recently remarked: "I quarrel with our misplaced kindness to the female over the last few years. It has given her time to think, and a thinking woman is something I can do without, for she has not yet learned to separate thought from intuition."
 Sure—sure Mr. R., being a man, you deeply resent a "thinking woman." But not for the reason you say. You resent her because she eventually gets around to thinking. "Why should I bore myself silly building up a man's already inflated ego by playing 'poor dumb little me' when it is so much more fun to do a little thinking on my own?"
ALSO A THREAT
 A thinking woman is also a threat to a man's peace of mind because a thinking woman is a skeptical woman—she doesn't believe everything she is told by a great big, wonderful man.
 The, too, a thinking woman can't be hushed up. Having something worthwhile to say—she says it. And, of course, men much prefer to do all the talking themselves.
 Sure, you probably could get along without a thinking woman, Mr. R. But there isn't much chance you'll be able to steer clear of them. The world is full of them today. And the most dangerous thing they're thinking is that they're going to go right on thinking.

Shackelford-Tuscomb

(Continued from Page 11)
 of Abilene presided at the guest register.
 After the reception Mr. and Mrs. Luscombe left for a wedding trip to New Mexico and Colorado. They will be at home after their return at 902 Denver Ave., Dalhart.
 The bride attended Pampa schools for 12 years, graduating in the Class of 1946. During her last two years she was a member of the National Honor Society. Since her graduation she has been employed at the Texas Company. She is a member of the National Secretaries Association.
 The Army in 1943. He served in the European Theater and returned to Texas Tech after he was the year 1942-43 before entering the service.
 The bridegroom was graduated from Dalhart High School in 1941 and attended Texas Tech during discharge. He is at present employed at the Southwestern Public Service Company.
 During the two weeks just preceding her wedding Miss Shackelford was complimented at three lovely social affairs. On July 28 Mrs. Joe Wells, assisted by Mrs. C. E. Hart and Miss Beverly Candler as co-hostesses, entertained with a miscellaneous shower in her home. About 60 guests registered.
 Mrs. Clyde Lively was hostess to a small group of friends at a Bingo Party on Monday, Aug. 2.

BEAUTY IS SIMPLE

LEWIS has designed a stately group of DIRECTOIRE handbags in the simple, unadorned lines of the Directoire period. They are framed in fluted metal inlaid with onyx or shell. They are made of faille, lined with black satin, dotted with gold. They are beautiful.

Bitter Reprieve

By Drexel Drake

Copyright, 1948, by Charles H. Hoff, Distributed by NEA Service, Inc.

STERLING was engaged with a florist in the back of the large store when Isabel Wilson joined him. She was a tiny, seriously countenanced woman, wearing a blue dress and a white collar. Sterling introduced her to the florist. "I've had Miss Wilson come here," he explained, "to make sure that you have all the necessary instructions, with the time so unfortunately limited. To his secretary, Sterling added, "I'm sure you can help me greatly in selecting flowers for the piece. It's something I'm wholly ignorant about."

"I'll do my best, Mr. Sterling." When the florist turned toward a large glass case, Miss Wilson opened her bag . . . held out to Sterling the packet he had mailed to her. "You wanted this?"

"Oh, yes. Thanks." It was still as he had mailed it, in the outer envelope he had mentioned to her, just torn open at one end. Taking it from her, Sterling said, "Stick along here, please, while I use the telephone booth. I'll be back with you."

Inside the telephone booth, standing against the glass door to conceal his activity, Sterling took a flat cardboard box from inside his coat. Before starting from home, he had emptied some ties from it into a dresser drawer. He also had brought a piece of white wrapping paper and some twine.

He slit open one end of the inner envelope and extracted the packet of one hundred dollar bills from the wrapping of Edgewater Betterheads. He put the money in the box, making use of the sheet of tissue that was still in it. He wrapped the box in the white paper and bound it with twine.

There was yet another step in Sterling's methodical procedure. From his inside coat pocket he took a thick sheaf of correspondence and attached bond circulars. The sheaf of papers, folded twice, fitted snugly into the large envelope from which Sterling had just removed the money . . . when enclosed in the outer envelope, it made a packet identical in appearance and bulk to the one he had dropped through the Edgewater mail box Friday morning. Slipping the bulky envelope into his inner pocket, Sterling experienced a sense of relief.

STERLING put the wrapped box in a side pocket, then gave his attention to the telephone. He had been working quickly, according to a promise plan. He mailed an "A-1" Side number.

A woman's voice answered querulously. Her answer was sharply discouraging when Sterling asked for Harry Bindle. "Get him at his office later," she said. "This is seriously important," Sterling said.

"Well, wait." Bindle's voice rasped over the wire. "Who is it?" "Marion, Sterling."

"You! Do you think I want . . . Don't worry, Bindle, I'm in a hurry." "Gee, but I do business in my office, not in my home. I'm eating my breakfast. I get to my office at 11. I leave you till 12 noon."

"I've called you at your home because I wanted to get your early." "Well . . ."

"I want to get the money to you." "You get it . . . all of it . . . ten grand?"

"Of course. That's what you expected, isn't it?" "Well, sure. But now I don't want to get mixed up. How do you know you won't be followed?" "That's why I'm calling, Bindle. You know where the Crostown

Hotel is, just around the corner from your office?" "So?"

"Anybody know you there?" "Never been inside the place in my life. It's a dump."

"Fine. I'll send a young woman there to deliver a package to you. At 11:30."

"And how will she find me?" "Be in the lobby. She'll have you paged."

"Me? Me paged in that joint Am I dumb?"

"Keep your shirt on, Bindle. I'm thinking 'way ahead of you.' A same had flashed conveniently into Sterling's mind. He had used it before with Miss Wilson. It would serve excellently. "The young woman will be looking for a Mr. Davenport. Remember that name and answer the page."

"Okay. I'll do it. Eleven-thirty. Don't keep me waiting."

"Now for the rest, Bindle." "Oh, there's something else."

"I want you to turn the necktie for me to the young woman when she gives you the money."

"We should examine everything right there in the lobby?" "Listen, Bindle, don't be a child. The young woman won't have the slightest idea what she's delivering to you, or what you give her for."

"Have you got some of last night's newspapers handy?" "In my office, yes. All of them, I guess."

"Fine. Make a big roll of three or four different papers and tie it up. But the necktie, inside of one of the inside folds, so it can't possibly fall out. Tie the roll tight. The young woman will think you are just giving her a roll of newspapers for me."

"Okay. I'll do it. That name again? Just so I'm sure." "Davenport . . . D-A-V-E-N-P-O-R-T."

"Okay." Sterling looked pleased when he replaced the telephone instrument. Miss Wilson would be only too glad to attend to an errand for him. The incriminating money would be permanently out of his hands. He could wait until Monday before bothering further about the necktie.

(To Be Continued)

Dutch Eye Treat

A pretty girl strikes a pretty pose on a beach—it's the same all over the world. This pretty girl is Mary Van Den Velde, and she's wearing the Dutch version of the brief bathing suit. Mary is cavorting on the beach at Scheveningen, Holland's Atlantic City.

Billy Rose Offers To Take Over Met

NEW YORK —(AP)— Showman Billy Rose has offered to take over the financially shaky Metropolitan Opera, and guarantees he can make it pay. The diminutive nightclub proprietor, columnist and radio commentator says he would streamline the Met's productions a bit, but would preserve the traditions of grand opera.

His offer was disclosed as last-minute efforts were being made to reverse a decision by Metropolitan directors to cancel the 1948-49 opera season.

An estimated 169 millions of patterns were sold in 1947.

Buyer Finds His New Home With Drink Ready Mixed

RARITAN TOWNSHIP, N. J. —(AP)— John McBoresley thought there was something queer about the water in his housing development home. He had it tested and discovered it contained from 12 to 33 percent alcohol.

The explanation, supplied by the commissioner who supervises the Water Department: "The builders put alcohol in the pipes to prevent freezing during construction of the building and apparently some had not been removed when the pipes were drained."

Record High Production Of Crude Oil

TULSA —(AP)— The Oil and Gas Journal reported yesterday that U.S. crude oil production set a new all-time high of 5,503,730 barrels average daily for the week ending Aug. 7.

Production was up 52,820 barrels over last week. The new mark is 9,280 barrels more than the record set for the week ending June 28.

Texas, up 31,125 barrels to 2,446,900, accounted for most of the gain.

Other major increases included: Louisiana, up 6,650 barrels to 482,850; Oklahoma, up 4,800 barrels to 427,950; New Mexico, up 4,040 barrels to 132,960.

Arkansas reported a gain of 675 barrels.

State Cotton Crop Larger Than 1947

AUSTIN —(AP)— A Texas 1948 cotton crop 69,000 bales larger than last year's crop was predicted by the United States Department of Agriculture today.

The current crop, USDA said, is expected to total 3,500,000 bales based on indications Aug. 1. It would be the largest crop produced since 1937.

Increases in production over last year are indicated for the Northwest areas, where acreage continued to expand and where prospective per acre yields are now almost as great as the very good 1947 yields, USDA said.

Production in East Texas is also expected to be above last year because of increased acreage.

These increases are partially offset by reductions indicated for the Blacklands area, where insects are much more prevalent than a year ago, and in South and Central Texas, where insects have also been more numerous and moisture conditions less favorable than last year.

Amarillo Station Increases Power

After nine years of operation, radio station KFPA in Amarillo has stepped into the big league of radio.

The power of the radio station has been increased from 250 to 5,000 watts during the day and from 250 to 1,500 watts at night.

Because of the power increase, KFPA is no longer located at 1440 on the dial.

Serum May Aid Polio Victims

A serum, made from the blood of a person who has recovered from polio, may be an effective means for treating the dread disease. Doctors are now experimenting with the serum which is injected into the spinal column of the polio victim.

Dr. Paul R. Cannon, pathologist, University of Chicago, in an article written for the 1948 World Book Encyclopedia, reports that the value of the serum treatment is still yet to be established, and must be considered experimental.

Cannon admits that the actual cause of the spread of polio is still unknown, but advises certain precautions to prevent the occurrence of the disease.

Plenty of Luck Rides With Pilot

SAN DIEGO, Calif. —(AP)— When something went wrong with his Navy jet fighter plane Ensign Constantino Pierozzi of Hudson, Me., bailed out in a hurry.

And just in time, too, for the plane then exploded, lost a wing, burst into flame and plunged into the Pacific from an altitude of 20,000 feet.

Pierozzi, 25, had plenty of luck with him. He came down only a few yards from the fishing boat Fishette and was picked up in a matter of seconds.

Watch for Cattle Smugglers Held on Mexican Border

WASHINGTON —(AP)— Government authorities have intensified their watch for cattle smugglers along the Mexican border.

Following the outbreak of the dreaded foot and mouth disease in Mexico more than a year ago, a ban was put on bringing of live cattle into this country.

Acting Customs Commissioner Frank Dow, in a letter to Senator Connally (D-Tex.), said that 60 customs agents are now assigned to check on cattle smuggling. He said formerly there were only 16.

These agents, Dow said, are cooperating with agriculture and immigration officials in doing all possible to prevent the spread of the foot and mouth disease into this country. He noted also that they were authorized to "purchase" information leading to the arrest of cattle smugglers.

NOTICE OF BUDGET HEARING

Notice is hereby given that the Trustees of the Pampa Independent School District will hold a hearing at 8 p.m. on Friday August 20th, 1948 in the City Commission room in the City Hall in Pampa, Texas.

Persons interested in discussing the 1948-1949 budget with the Board may do so at that time.

ROY McMULLEN, Business Manager. Aug. 15-16-17.

PLYMOUTH BUILDS GREAT CARS

THERE'S A LOT OF DIFFERENCE IN LOW-PRICED CARS . . . AND PLYMOUTH MAKES THE DIFFERENCE

The Driller's Log

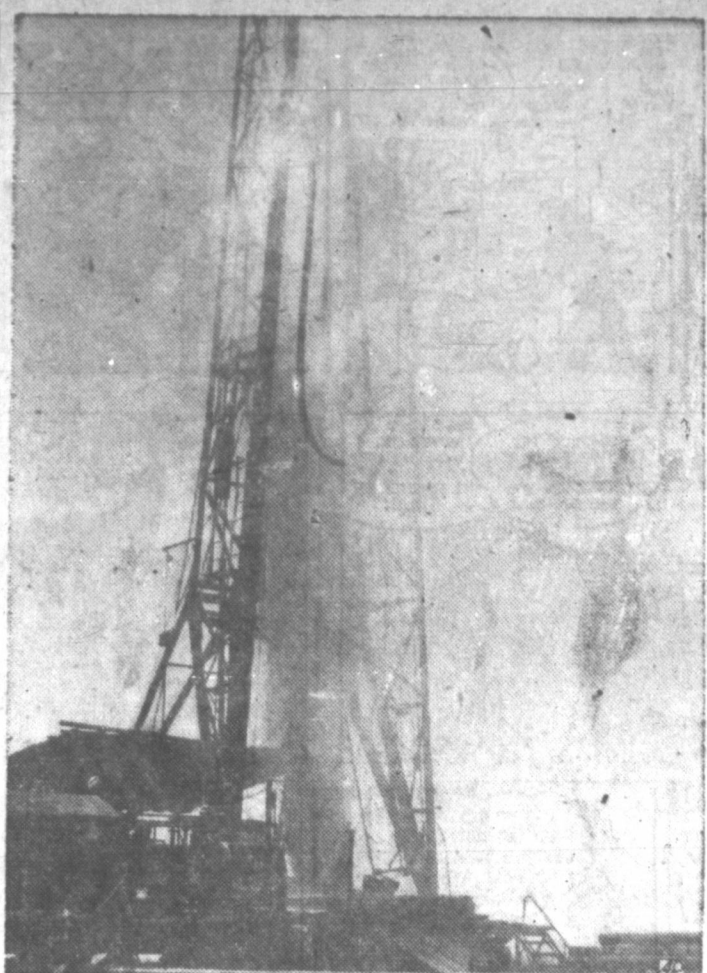

By Ken Bennett

Last Wednesday noon your correspondent attended an informal luncheon at the Schneider Hotel where the entertainment committee and other officials of the API met to begin plans for the coming year. At the meeting it was definitely decided to have a meeting of the API group, Tuesday night, Sept. 14, at the Palm Room in Pampa. At this meeting plans will be made for election of new officers and for their installation, which has temporarily been set for Dec. 4. This group plans to make the meetings before that time informative as well as instructive, and, if present plans materialize, I feel sure every person interested in any phase of the oil industry will make plans to attend. A reminder, that next meeting night is Tuesday, Sept. 14, at the Palm Room. Make your plans now to be there.

The more I am associated with men responsible for the working of the API the more impressed I am by their sincerity. All these men have problems, big problems, that are peculiar to the Panhandle Field. They know that through combining their knowledge and experiences they are better equipped to meet these everyday handicaps. Their business associations, though highly secretive in some cases, become open books in other cases, and the value of past experiences serve as operational aids that are not to be acquired in any written thesis.

Humble Oil news. A. A. Proctor, rod and tube hoist operator, has been transferred to the Avoca District and promoted to roost-about gangpusher. His transfer was effective Aug. 9. T. L. Cook, A. & B mechanic, leaves tomorrow for a two-weeks vacation. Phil Harvey, district chief clerk, was taken to a local hospital last Monday night. He has been improving and expects to be back on the job next week. Ralph Moore, assistant chief clerk, returns from his vacation Monday.

Shell notes. Mrs. Earl Thoes, wife of the superintendent of Shell's No. 17 plant, was taken to her home at Shell Camp at Skellytown last Thursday evening from a local hospital where she

PECOS WELL BLOWS OUT—Magnolia Petroleum Co.'s No. 2 J. W. Lutz well, providing a revival of activity in the Abell Ordovician field in northern Pecos County, is shown as it blew out at 4,940 feet in pay lime while circulating clear water. It sprayed oil, gas and salt water. The water came from a zone between 2,800 to 2,900 feet. The well was brought under control and is preparing to make production tests.

had undergone major surgery. Her condition is reported good and she is recovering rapidly. Larry Snyder and family will drive to Shamrock today to spend the day attending the Austin family reunion. This family celebration has been staged annually over a span of several years. Mrs. Snyder is a relative of the Austins. R. H. Miller, former production foreman of Shell's south end camp, spent the weekend in Pampa attending a farewell wiener roast given in his honor at Shell's Barrett Camp. The Millers will move tomorrow to Elk City, Okla., where he is presently located, as production foreman in the new Shell District recently created by the dis-covey of Shell's Walters No. 1.

Bits of information from here and there. K. E. Thornton, Sinclair district foreman, is presently on vacation in Colorado. Skelly reports the following people on vacation. C. C. Coffee and family in and around Denver, Colo. Mr. and Mrs. Lloyd Wells to Gunnison, Colo., and Bob Farley and wife who are traveling into the Ozarks and on into Oklahoma. Skelly also reports a recent visit from John Craig and family, combining business with an opportunity to visit old friends in this area. Mr. Craig is now out of the Tulsa office. They formerly resided at Skellytown. C. A. Scott, Magnolia warehouse foreman, is beginning a four-weeks vacation. J. L. Brown, Magnolia Natural Gas Department superintendent, is still vacationing.

The Carruth is reportedly coring at a depth of around 10,124 feet. Rumors, good and bad, persist about the well.

There is another deep test well wildcat soon to begin drilling in Roberts County. It is being drilled by Sinclair on the Charles-Lippe Ranch, Section 135, Block C, G & N Survey.

Area Reports Completions

Eleven new oil wells were completed in this area during the past week according to a report from the Oil and Gas office of the Railroad Commission. With the exception of one new completion in Gray County and one in Moore County all the completions reported were in Hutchinson County.

No new gas wells were reported as completed.

Gray County
Gibson Oil Co., No. 5, Worley, located 980 feet from N and 660 feet from E lines SW-4 Section 83, 1 & GN Survey, tested 52 barrels of oil in a 24 hour test. Top of pay 3075 feet. Total depth 3160 feet.

Skelton Reviews Texas Oil News

By MAX B. SKELTON

Houston, Texas. — Gasoline rationing will be an accepted fact throughout the United States by 1951; if Middle East Oil Field transportation problems are not solved, a veteran oilman has warned.

B. E. Hull, vice-president of the Texas Company, said that without solutions to the problem, rationing can be expected by 1950 "and certainly by 1951."

Hull is alarmed over trends which he says show the nation this year has become an importer instead of an exporter of oil.

"For 22 years, the United States was the net oil exporting country," he said. "Now it is the net oil importing country and reserves in the United States will continue for years."

What puzzles Hull, who also is president of the Trans-Arabia Pipe Line Company, is why the United States and South America must send oil to Europe when the world's greatest oil reserves are in the Middle East.

The Middle East Burghan Oil Field has proved reserves amounting to 10,000,000,000 barrels, he said, and five other fields there probably boost the area's reserves to a total that equals all remaining proved sources throughout the world.

"There is no oil famine in the world today," Hull commented. "It is a matter of how to get the oil to market."

Four companies, including Hull's Trans-Arabia Company, are constructing Middle East pipe lines or have them planned.

"Give these companies the pipe they require and the United States, the world for that matter, need not fear an oil famine in our time or in our children's time," Hull said.

Production: Daily crude oil production averages for the week ending August 7 passed the 6,000,000 mark for the first time in history.

American Petroleum Institute says the nation's daily average for the week ending August 7, 1948, was 5,204,580 barrels, 49,100 daily over the previous week and 10,650 barrels above the previous record established the week ending June 26.

The latest crude mark marked the week ending August 7 and the new production records were established.

Gasoline processing showed an increase of 23,000 barrels during the week ending August 7 and climbed to 17,669,000 barrels. Gasoline stocks, however, continued a small but steady decline, dropping to 97,838,000 barrels as compared with 99,116,000 the previous week.

Humble Oil and a drilling platform eight miles off Grand Isle, La., has oil in commercial quantity flowing from a directional well from the original hole.

Company reports said the well flowed 840 barrels in 12 hours and that tests are continuing. Production is at 8640-85 feet. The initial hole was drilled to 8600.

Meanwhile, Louisiana State Commissioner S. L. Digby is to conduct a hearing August 24 during which the question of offshore well allowances will be discussed.

Oilmen contend heavy expenditures necessitated by such operations require more generous allowances than dry land wells.

State notes: Oklahoma—faced with the industry-wide steel shortage, Carter Oil Company has recovered approximately 200,000 feet of well pipe from wells 20 to 30 years old in two Oklahoma fields.

Texas—The State Railroad Commission, in requesting a budget increase, made these comments to the state board of control: "It is well-known fact that our oil reserves of the state as a whole are being depleted. Fields which were flush four or five years ago now are reaching a stage engineering principles is necessary."

Texas—Ohio—The Federal Power Commission has set a hearing for Sept. 27 on Texas Gas Transmission Corporation's plans for an 840-mile pipeline from East Texas to Middletown, Ohio, at a cost of \$73,000,000.

Oil News

Pampa News, Sunday, August 15, 1948

PAGE 15

Eighteen Notices of Intent to Drill Filed With Commission

Eighteen notices of intent to drill were filed at the local Oil and Gas office of the State Railroad Commission during the past week, officials reported yesterday.

Sherman County led in new filings, having reported seven new locations. Hutchinson County reported five new intent filings. Gray County three, Wheeler County two, and Carson County one.

The same report listed two wells to be deepened in Hutchinson County and one to be plugged in Wheeler County.

INTENTS TO DRILL
Carson County — Cabot Carbon Company, R. C. Ware et al No. 4, I & GN Survey, 330' from S and E lines Sec. 103, Blk. 4, 3 1-2 miles NW of Skellytown.
