South Korea Swept By Renewed Riots

Armed Uprising Grips Venezuela

CARACAS, Venezuela (UPI) — Army rebels today seized the garrison in the southwestern provincial capital of San Cristobal de la Tachira and the government announced that two boatloads of armed Dominican Republic mercenaries were off the coast.

Hundreds Join In Hunt For Teacher

MCALLEN (UPI) — Sheriff E. E. Vickers said he would expand the ground and air search over rugged country today for a dark-eyed beauty queen missing since she left home for Easter church services Saturday night.

U.S. Reveals Giant Step In Secret Radar

WASHINGTON (UPI) — The Army has taken the wraps off a previously secret radar system that can map military targets and other features hundreds of miles inside the Iron Curtain.

The radar is designed to be carried by aircraft which can do their work while flying safely over friendly territory. It makes a picture so clear that the terrain being mapped appears to be directly beneath the plane.

In this respect, the new system, developed by the Army Signal Corps, outperforms the human eye, camera, and previous radar.

"This radar is a breakthrough," Brig. Gen. W. M. Thames, commander of the combat surveillance agency, told newsmen watching a demonstration at National Airport here Tuesday.

The radar has obvious implications for improved missile aiming. Remote objects stand out in the real size in radar images and do not merge together as closely spaced "targets."

The Army has its four experimental models, weighing about 800 pounds each, installed in twin-engine L23 planes. Gyros keep both radar and airplane stable. Returning radar echoes are recorded on film, providing data from which pictures are made.

Case Scores Victory In NJ Election

NEWARK, N.J. (UPI) — Sen. Clifford Case scored decisively for liberal Republicanism today with a landslide victory over old-guard conservative Robert Morris in New Jersey's U.S. Senatorial primary election.

Case, a staunch Eisenhower supporter, polled 100,000 more votes than his opponent and carried all but two of the state's 21 counties in one of the smallest primary turnouts in the state's history.

Case's opponent in the November general election will be Thorn Lord, long-time leader in New Jersey Democratic circles, who scored easily over Richard M. Glassner, a Newark attorney who is new to politics.

With 4,172 of 4,284 election districts counted, Case had 219,380 votes to 117,604 for Morris and 7,982 for David Dearborn, an Elizabeth manufacturer.

If it comes from a hardware store we have it. Lewis Edwa. (Adv.)

Troops Do Battle With Insurgents

By CHARLES R. SMITH
United Press International

SEOUL (UPI) — New anti government riots swept the length and breadth of South Korea today and heavily armed insurgents battled government troops in the mountains just northeast of Seoul.

President Syngman Rhee appealed to the patriotism of the rebels. He nevertheless called for early restoration of law and order by loyal troops and police who have killed and wounded hundreds of Koreans.

Rioting against the Rhee government spread to at least seven cities despite stern repression measures and the imposition of martial law. In Seoul's northeastern outskirts 80 heavily-armed rebels were holding out.

Defense Minister Kim Chun Yul sent trucks with loudspeakers into the area to appeal to the holdouts to surrender. Other appeals came from Rhee's Liberal Party and the opposition Democratic Party.

Police and soldiers stood guard at major buildings throughout Seoul. Infantry rifle squads accompanied by tanks roamed through the city looking for trouble-makers.

The stern measures by the government brought a protest from the United States and U.S. Ambassador Walter P. McCaughy was reported prepared to call on Rhee Thursday.

Unofficial reports reaching Seoul reported anti-government demonstrations in Pusan, Kwangju, Taegu, Incheon, Chonju, Suwon and Iri. The outbreaks were quickly put down in most places, the reports said, and there was no mention of casualties.

Reports from Taegon said police there "headed off" an attempted riot.

(See TROOPS, Page 3)

RIOTERS SLAIN — Rioting students, armed with long sticks, demonstrate in Masan, Korea, against the recent election which kept President Syngman Rhee in office. Armored vehicles and combat-ready troops moved into Seoul as uncontrolled students raged through the city despite a declaration of martial law. At least 123 rioters have been killed and 400 injured, including two Americans, in the demonstrations.

Hedy Not Yet Ready To Appear In Court

HOUSTON (UPI) — Judge Ben Woodall said he planned to start the trial today whether or not Miss Lamarr showed up.

The hearing was supposed to begin Tuesday, but Miss Lamarr surprised the court by sending her screen stand-in, Sylvia Hollis, with a letter firing her three Houston attorneys.

It was the fourth time that the actress has failed to show up when ordered to do so by Woodall. The other three times were at pre-trial conferences, and the last time the judge cut the temporary support payments Lee was paying from \$3,000 to \$250 per month.

Late Tuesday night, a spokesman for Miss Lamarr said in Hollywood that she had not definitely decided whether to appear or not.

J. Edwin Smith, her chief Houston attorney, said he had talked to her personal manager in Hollywood and "he assured me that he would make every effort to get Miss Lamarr in Houston for a court appearance."

Smith implied that although he and his two associates had been fired in the letter, he wasn't giving up.

"I believe that my client is being misadvised by someone in California or Colorado who does not know what they speak of," he said.

Lee filed suit for divorce Feb. 3, 1959, charging cruelty. She filed a counter suit a month later claiming he had failed to live up to a separation agreement to pay her \$3,000 a month, or half of his income.

31 Killed In Plane Crash

BOGOTA, Colombia (UPI) — A Colombian airliner en route from Miami crashed into a hill Tuesday night on landing and burst into flames. Thirty-one persons were reported killed and 19 injured.

One of the victims was an American businessman, Frank Swagles, a tropical fish exporter who made his home in Bogota.

There was some confusion at first as to the number of victims because the jet plane had ditched and picked up passengers at Barranquilla and Medellin. Today authorities said there were 50 persons aboard including four infants.

Labor unions called a nationwide strike in sympathy with the government.

The radio at the University of Merida, 215 miles northeast of San Cristobal, suddenly went off the air at 8:30 a.m. while transmitting speeches and announcements by the government and political leaders. There was no explanation.

Reports from the oil-rich interior said the call for a general strike was obeyed completely and that all production and refining operations closed. The one-day shutdown is estimated to cost between \$500,000 and \$600,000 in production.

The radio report said the commission said the call for a general strike was obeyed completely and that all production and refining operations closed. The one-day shutdown is estimated to cost between \$500,000 and \$600,000 in production.

U.S. Giveaway Charged In 'Soft' Foreign Loans

WASHINGTON (UPI) — House investigators accused the Development Loan Fund (DLF) of ear-marking millions of dollars for foreign loans without knowing exactly how the money would be spent.

The House Government Operations Committee unanimously approved a subcommittee report recommending that Congress consider abolishing the DLF if the lending agency doesn't adopt more business-like tactics.

The report was "leaked" only a few hours before the House was scheduled to launch debate on President Eisenhower's four billion dollar foreign aid program.

The House bill did not contain any spending authority for the DLF, but carried language designed to tighten up the fund's lending activities.

Congress set up the DLF in 1957 to make "soft" loans, repayable in foreign currencies, to finance industrial projects in undeveloped nations. In four years it has received appropriations totaling \$1,400,000,000.

Some instances of the procedure has been comparable to an individual getting a \$2,000 auto loan from a bank and then spending the money for a weekend with a blonde.

In a statement commenting on the report, the agency had made some advance commitments in the past but no such commitment had been made since 1954. In the 1959 fiscal year, it added, 54 of 63 loan agreements signed were for projects.

Furthermore, the DLF argued, advance commitments could save money for U.S. taxpayers. It said they could be used to encourage contributions of foreign capital from other nations, and to bring about economic reforms to more efficient use of U.S. funds.

The foreign aid bill authorized spending that was \$138,500,000 less than the President requested. Backers were confident they could defeat efforts to make any big cuts.

A staff investigator said that in

Nashville Offers \$10,000 Reward For Dynamiters

By United Press International

City officials of Nashville, Tenn. offered a \$10,000 reward today for arrest of the unknown assailants who dynamited the home of a Negro city councilman and Mayor Ben West appealed to all citizens to "end discrimination."

West called the bombing of Councilman R. Alexander Looby's home "terrible." He told 2,500 Negroes who marched on City Hall after the early morning explosion Tuesday that he wants to meet with Negro leaders to solve racial problems.

"You also have a responsibility," he told the Negroes. "You have the power to destroy this city. So let's don't have any mobs."

The Rev. Martin Luther King of Atlanta, leader of the "non-violent resistance" by southern Negroes, flew to Nashville to meet with demonstrators and make a speech tonight at Fisk University.

The City Council voted unanimously Tuesday night to offer a \$10,000 reward for apprehension of the men who bombed Looby's house while Looby and his wife were asleep. The blast wrecked the home, damaged two other houses and shattered windows in a block-square area, but Looby and his wife escaped injury.

West called on all Nashville citizens to end racial discrimination, but he also told Negroes he had no power to force merchants to integrate lunch counters of their stores because "I can't fall a man how to run his business."

Elsewhere in the South: The Mississippi Senate, voting an appropriation for senior colleges, adopted an amendment to withhold salaries of any college employees who have been members of the NAACP, the Communist Party or the American Civil Liberties Union within the past five years.

The Miami City Commission promised Negroes it will report within 30 days on efforts to end lunch counter segregation in stores.

An armed guard was stationed at a nurses' home in Savannah Ga. where a Monday night battle between whites and Negroes followed alleged "insulting remarks" made by Negroes to the nurses.

Clean Up Campaign Under Way Monday

City Manager John Koontz reminded Pampa residents today to get ready for the clean-up, fix-up, paint-up campaign beginning Monday.

Koontz said trash and debris may be placed in alley containers for pickup by trash trucks.

George Neef, Jr., chairman of the fire prevention committee of the chamber of commerce, said pickup dates in ward four are April 25, 26 and 27; Ward three, April 28-29 and May 2; ward two, May 3, 4 and 5 and ward one, May 6, 9 and 10.

The sound car will appear in each ward before the pickup dates to inform residents of rules to follow in the campaign. Jiggs Cook is sound car program coordinator. He will be assisted by Jim Conner, James Gallemore, Ernest Winborne and Melvin Jayroe. Jack Nichols is in charge of the educational program in schools and service clubs.

Koontz said the city will furnish trucks and men to pick up the trash and debris, and in the event inclement weather halts the operation, the remainder of the schedule will be followed and after May 10 workers will return to the area missed and complete the clean-up.

Beat the mob. Get your Safety Inspection today, bring your car to 411 S. Cuyler, Pampa Safety Lane. (Adv.)

APPRECIATION CERTIFICATES — Jack Miller, right, president of the Gray County Pollo Board, and George Kleeburg, city chairman of the 1960 March of Dimes drive, look over one of the 30 certificates of appreciation that will be distributed to county residents and organizations that contributed time and effort to the campaign. Kleeburg and J. C. Roberts, county chairman, will distribute the certificates this week. (Daily News Photo)

ATTENTION BOSSES
CHICAGO (UPI)—The average boss in Chicago vacations pretty high on the hog.
A survey by the Chicago Assn. of Commerce and Industry says 50 per cent of the executives spend \$500 to \$1,000 on their annual vacation. Twenty-six per cent spent between \$1,000 and \$1,500 and the rest blew as much as \$5,000 for their good times.

JOBLESS PROBLEM SOLVED
MUSKEGON, Mich. (UPI)—Honest Stanley Hallas was filling

out a job application form when he found a blank labeled "police record" so he went to the county jail to get exact dates for his past problems with the law.
Sgt. Charles Narken got Hallas' record from the file and arrested him for failure to pay back alimony.
Previously called Ken Londonberry, VI, was given his new name by homesick arrivals from Londonberry, N.H.

Groom Personals

By MRS. GUY BLACKWELL
Daily News Correspondent

Mr. and Mrs. B. F. Peterson moved to Oklahoma City last week.
Portia Harden, freshman student at WTSC, Canyon, visited her parents, Mr. and Mrs. Preston Harden, last weekend.
Mr. and Mrs. Cleo Clayton of Amarillo visited their son and family, Dr. and Mrs. Bob Clayton, Sunday.
Mr. and Mrs. George Ashford of Amarillo and Mr. and Mrs. Clarence Ashford of Dallas, visited Mr. and Mrs. Danny Ashford Saturday.
Mr. and Mrs. Deibert Marquardt of Amarillo visited the Danny Ashfords over the weekend.
Mr. and Mrs. Kenneth Gill and daughter of Pampa visited Mrs. Emma Denton and Johnny over the weekend.
Terry Cornett, 11, son of Mr. and Mrs. Bobby Cornett, was chosen recently to represent Carson County in the Globe-News spelling bee in Amarillo. Terry is in the sixth grade.

Lefors Personals

By Mrs. Charles Roberts

Mr. and Mrs. J. V. Guthrie spent the Easter weekend with their son and family, Mr. and Mrs. Doyle Guthrie, in Abilene.
Mrs. J. V. Guthrie attended the nationwide Baptist Sunday School convention in Dallas the 16th and 17th.
Mr. and Mrs. Ronald Adams visited Thursday through Monday with her parents, Mr. and Mrs. R. B. Shahan in McAmevy.
Larry Morris of Pampa spent last weekend with his grandparents, Mr. and Mrs. Roy Howard.
Visiting in the Jerry Jacobs home Wednesday were Mrs. Jacobs mother, Mrs. H. E. Miller of Hereford; a sister, Mrs. Joy Dones of Sacramento, Calif.; and Mrs. Robert Miller and twins of Albuquerque. Returning home with Mrs. H. E. Miller were her grandchildren, Charlotte and Eddie Jacobs.
Mr. and Mrs. Jerry Jacobs spent the Easter weekend with his parents in Carthage, Mo.
Mr. and Mrs. Gene Robertson and Ricky visited in Houston over the weekend with his parents.
Miss Ardelle Briggs visited her sister, near Dallas over the weekend. Driving down with her was Mrs. Arthur Hammer who visited her son and family, the Warren Brooks, in Dallas.
Linda and Ricky Holly are visiting friends in Lefors.
Alvin Oehlschlager from Texas Tech is visiting his mother, Mrs. Josephine Oehlschlager.
Mr. and Mrs. Ed Buehrer of Wichita Falls spent the weekend with her parents, Mr. and Mrs. Charles Lisenbee.
Mrs. Anna Patton accompanied her daughter and son-in-law, Mr. and Mrs. Ronny Davis, to Amarillo Saturday.
Mr. and Mrs. Jess Graves and Mr. and Mrs. Bernard Johnson also went to Amarillo Saturday.
Mrs. C. H. Gustin, Bebe Hall, and L. R. Spence, attended the reorganizing of a new district for federated clubs in Amarillo Tuesday.
Marvin Rippey spent last week with his parents in Charleston, Ark.
Mr. and Mrs. Bob Delver spent Sunday with his mother, Mrs. George Delver. He has been high school football coach in Anadarko, Okla., but is in the process of moving to Tishamingo to be high school principal.
Mr. and Mrs. Charlie Tutor and children spent the weekend with friends in Silver City, N.M.
Gordon Downing, director of the church of Christ—Bible—Christ at WTSC, filled the pulpit at the Church of Christ in Lefors Sunday in the absence of Charlie Tutor. Downing was accompanied by Mrs. Downing.
Cora Harding is in Worley Hospital. When she comes home she will be at the home of the A.C. Cates at the carbon plant.
Mr. and Mrs. Kenneth Brown are the parents of a baby girl, born April 13 in the Groom hospital.
Mr. and Mrs. W. W. Bratcher attended the Bratcher family reunion in Necona, April 16.
Mr. and Mrs. Boyd Beck spent the weekend with their daughter, Mrs. Wallace Course, and family over the weekend.
Mr. and Mrs. John Roberts had as visitors over the weekend their son, Jimmy Roberts of Texas Tech, Lubbock, and family, and Mr. and Mrs. Bob Johns of Keller, Tex.
Mr. and Mrs. Earl Atkinson and family spent the weekend with relatives in Ranger.
Mr. and Mrs. Jor Oden and sons of Perryton and Mr. and Mrs. Vernon Crook, Larry and Jerry of Spearman were Sunday guests in the R. C. Oden home.
Mr. and Mrs. W. F. Taylor and Lynn of Pampa and Mr. and Mrs. Floyd Mathison and sons of Hooker visited Mr. and Mrs. G. O. Caruth over the weekend.
Cindy and Billy Bigham were

DISASTER POTENTIAL

MIAMI BEACH, Fla. (UPI)—Prof. Ernest B. Bartley of the University of Florida warned Tuesday that increasing construction of homes on waterfront property since Florida's last major hurricane has created a "tremendous potential for disaster in many coastal regions."

ISSUE HEART BOOK

NEW YORK (UPI)—The American Heart Assn. issued a new booklet today which said an estimated 30,000 to 40,000 children are born with heart defects in this nation each year. "About 75-80 per cent of them can be helped by surgery," the booklet said.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.
In case after case, while gently relieving pain, actual reduction (shrinkage) took place.
Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"
The secret is a new healing substance—(Biozyme)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H.

PAMPA SPRING Clean-Up Paint-Up Fix-Up Campaign April 25th thru May 10th PICK-UP DATES

Ward 3 Apr. 28-29, May 2 Ward 2, May 3-4-5
Ward 4 Apr. 25-26-27 Ward 1, May 6-9-10

The City of Pampa Sanitation Department wishes to say THANKS to the Citizens of Pampa for the fine co-operation they have given us in our past Clean-Up Campaigns. We strive to make each and every one just a little bit better than the last. With your continued help we can accomplish this with ease.

With these drives will go the hopes that the habits of Fixing-Up, Painting Up, Cleaning-Up and the General Pride stirred-up enough that it will be a permanent part of every Citizens personality.

Clean-Up campaigns positively result in tangible savings to the community. We save in fewer and less costly fires, and less disease. Perhaps we cannot compute savings in Citizen Morale resulting from their viewing a City that's cleaner, but it is money well spent, and it is money used in a way that can be seen and the need understood.

Sanitation is a way of life. It is the quality of living that is expressed in a clean home, a clean farm, a clean business and industry. Being a way of life, it must come from within the people; it is nourished by knowledge and grows as an obligation and an ideal in human relations.

Again we want to say THANKS and with the following of a few simple suggestions this campaign will be the best one we have ever had in Pampa.

1. The City will furnish men and equipment to pick up all trash and debris placed in the alleys.
2. The City will not haul heavy items that cannot be man handled, or debris from construction jobs.
3. PLEASE if you have anything in the alleys NOW, that you don't want hauled off get it moved back on your own property.
4. The City crews will clean up vacant lots with the written permission from the owner to do so.
5. Please tell your neighbors about the clean-up dates, have your trash in the alley to be picked up when the trucks go by. With your help we will try to make Pampa the cleanest and safest City in the Southwest in which to live. A City we can all be proud of.

DO YOUR PART—HELP KEEP PAMPA CLEAN
Sponsored By Fire Prevention Committee, Pampa Chamber Of Commerce

Lois Lathrop Hughes is now associated with Laramie Beauty Clinic, 500 Deane Drive, MO 5-2114.

Mr. and Mrs. Ray Eller of College Station visited over the Easter weekend with Ray's parents, Mr. and Mrs. W. G. Eller and with Ray's twin brother and wife, Mr. and Mrs. Roy Eller, and with other relatives and friends.

Stephen F. Auslin PTA Fathers will take over the officer duties of their wives at the unit's meeting Thursday 7:30 p.m. in the school auditorium.

Government sources identified the commander who surrendered the garrison as Col. Francisco Lizarrazu.

Col. Carlos Luis Araque, commander of the border guard, said his troops are "battling the sedition" of San Cristobal, but gave no details.

President Romulo Betancourt broadcast an ultimatum to the rebels, warning that loyal aircraft would attack the San Cristobal garrison unless it surrendered immediately.

Officers of the Caracas garrison proclaimed a "state of emergency" and detailed troops to guard radio and television stations and other strategic installations.

Betancourt, by radio and television, declared that the government will "dominate the situation within a few hours."

Betancourt said the Cabinet had authorized him to take any action necessary "to conserve national peace and public order," but that he would not invoke emergency laws for the time being.

The people of Caracas took the news of the revolt calmly. Business appeared to be going on much as usual, and traffic was moving in about the customary early-morning volume.

San Cristobal is in the southwestern corner of Venezuela, south of the rich Maracaibo oil fields and about 500 miles southwest of Caracas.

Miguel Hernandez Carabano was arrested there last weekend on charges of seeking to promote an anti-government uprising. Hernandez was the secretary of Gen. Jesus M. Castro Leon, now a refugee believed to be living in New York.

Castro fled from Venezuela in July 1958 after attempting a coup d'etat against the provisional government then in power. The announcement of Hernandez's arrest indicated belief that Castro was the mastermind of the uprising.

Ike May Call Off Trip To S. Korea

By STEWART HENSLEY, United Press International

WASHINGTON (UPI) — President Eisenhower may cancel his scheduled June 22 visit to South Korea unless the Syngman Rhee government halts "repressive officials after Secretary of State Christian A. Herter called on President Rhee to protect the democratic rights of the Korean people."

Herter told Korean Ambassador Y. C. Yang Tuesday the United States was convinced the bloody riots in Korea reflected "popular dissatisfaction." He said they stemmed from "the conduct of the recent elections and repressive measures unsuited to a free democracy."

It was the stiffest lecture ever delivered to Rhee's government by the United States. Officials said Eisenhower's stop in Korea on his way home from Russia was still scheduled but they acknowledged there was pressure for him to cancel it unless the situation improved.

These officials made it clear the United States believes the first step must be action by the Rhee government to lift restrictions on freedom of the press and the right of political assembly.

In Congress, Rep. Stewart L. Udall (D-Ariz.) urged Eisenhower to call off the Korean visit "in light of the deep unrest of the Korean people and the murderous conduct of Rhee's police."

Udall said in a brief speech that Korean uprisings confirmed his belief that the "March elections were won through strongarm methods." He asked Eisenhower to order "a complete review of America's relations with the Rhee government."

Herter told Yang at a State Department conference that repercussions abroad from the disorders were "likely to result in a marked weakening of the Republic of Korea's international position and prestige."

The secretary said the Rhee government "should, in its best interest, and in order to restore public confidence, take necessary and effective action aimed at protecting the democratic rights in Korea."

He listed these as "freedom of speech, of assembly, and of the press, as well as preserving the secrecy of the ballot and prevent unfair discrimination against political opponents of the party in power."

The Yang-Herter conference was held after the State Department called on both the Korean government and the anti-government demonstrators to settle further bloodshed.

The department deplored any resort to violence and "measures that induce resort to violence."

More Trouble For Aadland HOLLYWOOD (UPI) — More trouble for fun-loving Beverly Aadland, 37, loomed today with the disclosure of a secretly-made tape recording which purportedly tells of her romances-for-pay.

Beverly's mother, Mrs. Florence Aadland, 53, talks in the recording about affairs she said Beverly had with two "big name" Hollywood celebrities, a Beverly Hills socialite and a Jamaica millionaire, according to the district attorney's office.

Manly J. Bowler, chief deputy district attorney, declined to identify the men named in the recording and said his office had no plans to question them.

He said the recording might be used, however, at Beverly's delinquency hearing in juvenile court May 2 to support the state's contention that she is without proper supervision.

Mrs. Aadland, when she first learned of the recording's existence through news stories Tuesday, stormed to the district attorney's office, charging the recording had been made in an attempt to blackmail her.

Dr. Hampton To Address Group

The Congressional Action Committee of the Pampa Chamber of Commerce will meet tomorrow morning at 7 o'clock at the Coronado Inn.

Don Beaman, chairman said Dr. Ray Hampton will be guest speaker. Dr. Hampton will discuss "Federal Subsidy for School Construction."

Beaman said this comes under federal intervention in state and local affairs.

He said anyone wishing to attend should make reservations now at the chamber of commerce office.

Station Banquet Tonight at 8 p.m.

The 10th annual District Service Stations Banquet will be held at 8 p.m. today in Poole's Steak House.

Service station operators from Shamrock, Wheeler, Miami, Canadian, Perryton, Borger, Amarillo and Pampa will attend the affair.

Guest speaker will be Bob Helander of Houston, State president of the Texas Association of Service Station Operators.

A round table discussion on petroleum retailing problems will follow the banquet.

Area Rotary Clubs In Joint Meeting

The Rotary Clubs of Pampa, Borger, Perryton, Dumas, Panhandle and Canadian held a joint dinner meeting in the Coronado Inn last night.

The meeting was presided over by Borger president Ed Lewis and Pampa president Jack Edmondson.

The program was presented by the Borger club and featured several musical selections by the Phil Originals, a vocal group of Phillips employees.

A humorous talk in the form of a review of the book "The Seven Paths to Peace" was given by Dave Moore, Borger Chamber of Commerce Manager.

The invocation was given by Rev. Douglas Carver and Travis Lively, Jr., was introduced as a guest.

Margaret Truman Wants To Sing

LONDON (UPI) — Margaret Truman may resume her singing career although it leaves her children cold.

Ex-President Truman's 36-year-old daughter, beginning a European trip with her husband Clifton Daniel, was asked by newsmen Tuesday night if marriage meant the end of her professional singing.

"No, definitely not," said Miss Truman. "If I could find a theater in America which would enable me to get home and look after our children, I'd take it on."

"I must confess my singing doesn't even impress my children. All they want to hear is 'Pop Goes the Weasel' and 'Yankee Doodle Dandy.'"

Davis Picked In Louisiana By Landslide

NEW ORLEANS (UPI) — Gov.-elect Jimmie Davis blasted his opposition with more votes than had ever before been cast in a Louisiana general election, late returns indicated today.

Davis, who will succeed Earl K. Long as governor on May 10, ridled both Francis Grevenberg, the Republican candidate, and states' rights hopeful Kent Courtney.

With 1,874 of the state's 2,109 precincts reporting, Davis had a margin of 500,085 votes. He had 393,875 to 34,466 for Grevenberg and 21,193 for Courtney.

His margin alone was more than the previous record of 268,000 votes cast for all candidates in the 1948 general election. The vote was far larger than the 100,000 predicted.

Davis, 54, swept his entire state into office with him as a matter of course. C. C. (Taddy) Aycock will become the lieutenant governor.

Seek To Prove Agitation In Marshall Sit-In Cases MARSHALL (UPI) — The trial of four Negro students on charges involving sit-in demonstrations at segregated lunch counters moved into its second day in county court.

The students, attending Wiley and Bishop Colleges, are on trial before County Judge George Prendergast on charges of "unlawful assembly to interfere with a person's right to pursue his occupation."

Defendants are S. J. Briscoe, Roosevelt Peabody, Ernest Gardner and Dorothy Thompson. They are among 98 Negroes who were indicted in connection with recent demonstrations.

Charles L. Willie, an instructor at Wiley College, testified Simpson came to the campus and talked to students about demonstrations. Willie said copies of "Eleven Steps on Sit-In Procedures" were circulated on the campus.

Sentenced On Bad Check Count G. W. Miller, Borger, was fined \$20 and costs and sentenced to 60 days in jail this morning, after entering a plea of guilty to a charge of swindling with worthless checks.

Miller was charged on a check given to Buddy's Super Market in the amount of \$12 on March 25.

Value Of Music Stressed To Club Elizabeth Taylor of Greenville, a representative of Columbia Artists Association of New York City, was featured speaker at the Top O' Texas Kiwanis Club meeting last night at the Coronado Inn.

She was introduced by Dudley Steele, district manager for Cabot Carbon Co.

Mrs. Taylor told the club of the value to a city of obtaining high quality artists and good music for a concert season. She said the arts comprise an essential part of a community's culture. She spoke in behalf of the current Community Concert Association member drive.

Guests at the meeting were an interclub delegation from the Pampa Kiwanis Club and Jim Scott, Key Club member.

Dinner music was furnished by Miss Marilyn Smith.

All police stations were heavily guarded.

Despite tight censorship, Seoul newspapers were highly critical of the government's handling of the disorders. Some papers demanded the resignation of Lee, whose challenged election last month inspired the anti-government outbreak.

Invention of the accordion has been credited to both Friedrich Buschmann of Berlin and Damian Zych of Austria in 1829.

The U.S. Army said no special action is being taken to alert front-line troops for possible trouble arising from the riots.

"A state of combat readiness exists at all times in forward areas," a spokesman said.

A UPI survey of major hospitals here produced a tentative total of casualties caused by Tuesday's rioting, but no official figures were published and it appeared likely that the full toll never would be known.

Tanks and troops with machine guns guarded the official residence of President Syngman Rhee, the home of Vice President elect Lee K. Pong and the bombed-out capitol building near the Rhee residence — special trouble spots in Tuesday's outbreak.

Barbed-wire entanglements also guarded the entrance to Rhee's residence and the approaches to

DEAR ABBY....

By Abigail Van Buren

DEAR ABBY: In your opinion do you think the "Facts of Life" should be taught to boys and girls together in the same classroom?

Maybe I am old-fashioned, Abby, but I am a sailor girl and it embarrasses me to sit there and have the teacher point out the reproductive organs on a big chart with boys in the room. Believe me, I don't think there is anything dirty about the human body or reproduction but there are certain laws of nature that girls should learn with boys. If I had my way I would walk out of the classroom and take an "F," but I won't do that. Does anyone else feel the way I do, I wonder?

MODEST GIRL
DEAR MODEST: I do.

DEAR ABBY: The letter in your column signed "HURT" is my case exactly — only just the opposite. I am the younger daughter, 15, and my sister is 22 and married. She has a husband to support her but my mother is always buying her things. Clothes and stuff for her kids and things for her house. I don't see why my mother has to buy her anything any more. After all, she doesn't live here. When I ask my mother for a new dress or pair of shoes she says I have plenty. You know, Abby, a girl can always use another skirt or blouse or pair of shoes. Do you think it is fair of my mother to buy my sister more things when I could use more?

ALSO HURT
DEAR ALSO HURT: How much is "plenty" — and who can't use "more"? Your sister is your mother's daughter — married or single, so unless you are actually going barefoot or doing without, don't complain.

Exceptional Class Presents Program For Travis PTA

"Meeting Community Challenges With United Effort" was the program theme for April meeting of William B. Travis PTA held in the school auditorium.

A brief program was given by students of Stephen McGrady's Exceptional Children's classroom, which consisted of rhythm band numbers and a song.

Mrs. Elmer Darnell introduced the next portion of the program, a variety of numbers played by fifth and sixth grade band students under the direction of Joe DeCosimo.

Door prize, a cake baked by Mrs. Joe M. Daniel Jr., was won by Mrs. Brantly Hudson.

Mrs. Joe Reid, representing Parent Education Club, announced the sale of tickets of this year's project, Tour of Beautiful Homes, for the benefit of the Exceptional Children's Fund.

It was announced that six members of the association had attended the study courses and receive certificates.

Room count was won by Stephen McGrady's class.

A letter was read from Rev. Jay Channell, pastor of Mary Ellen Harvester Church of Christ, commending the association for their landscaping project.

Mrs. M. B. Smith opened the meeting with prayer and dismissed the group with the reading of PTA objects.

An executive board meeting was held preceding the general meeting in the office of W. R. Altmiller, schools principal.

Mrs. M. Z. Stivers gave the PTA City Council report. Members approved the motion that incoming PTA officers for 1960-61 be installed at the same time City Council installs its officers. The installation will be held May 3.

DEAR ABBY: This may be the silliest letter you ever received, but I am writing to you because I don't know where else to inquire.

A friend of mine bet me five dollars that Florence Chadwick swam the English Channel without a swim suit on. He claims all they did was grease her, but otherwise she was naked. Will you please find out for me?

KATHY

DEAR KATHY: I have covered all the reports of Florence Chadwick's historic swim, but I don't know what covered Florence. If your friend is correct, it was one slippery detail that escaped notice.

CONFIDENTIAL TO "LOVER OF GIN": Were you PLAYING IT? Or were you DRINKING IT?

"What's your problem?" Write to Abby in care of this paper. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's pamphlet, "What Every Teen-Ager Wants To Know," send 25 cents and a large self-addressed, stamped envelope in care of this paper.

Mrs. Hanks Guest Speaker For Club

Mrs. Herman Hanks, national flower show judge and a new resident in the city, presented the program for Top of Texas Garden Club at its meeting in the home of Mrs. Jamie Deal, 2144 Chestnut.

Mrs. Hanks laid the groundwork for a workshop on flower arranging by stating "religion and art play an important part in flower arranging. Flower arranging first came to us from the Japanese and it began in this country when the first prairie flowers were picked, put into stone jugs and placed on a table in a log cabin. Now flowers are a must in all homes and a knowledge of the basic rules of flower arranging are an easy and obtainable goal for everyone."

The guest speaker was introduced by Mrs. Deal.

During the business meeting conducted by Mrs. Raymond Welch, president, Mrs. Tom Peterson reported on the club's projects of landscaping and planting of yellow roses and evergreens in Perryton Park and the new project of landscaping and planting at the Courthouse Annex.

Mrs. L. B. Robertson informed members of plans for the initiation luncheon to be held in Pampa Hotel.

During the social hour, refreshments were served from a table appointed with an ecru lace cloth centered with an arrangement of daisies in an amber bowl.

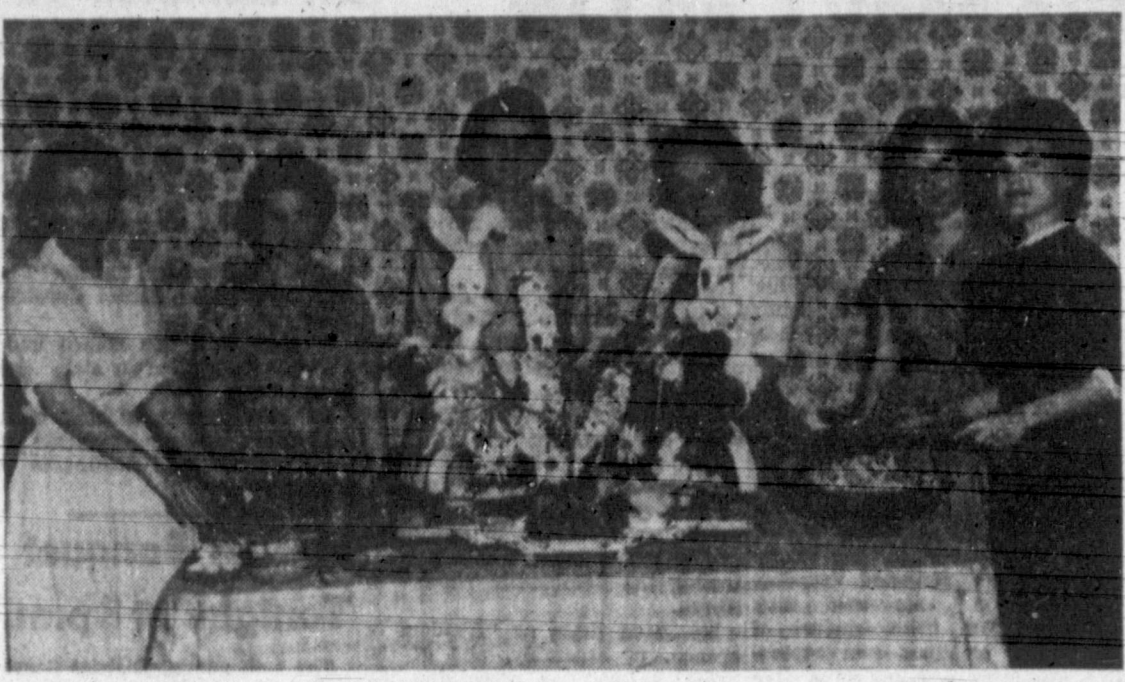

Members attending in addition to those mentioned above were Mrs. J. A. Knox, H. L. Pitts, H. H. Huntley, Fred Hinkley, J. S. Hawley, R. E. Anderson, W. L. Stark and guests, Mrs. George Helms of Delphos, Ohio and Mrs. John Jones.

European Work Topic For WMU

Calvary Baptist Women's Missionary Union met for its general missionary program and monthly business meeting in the church opening with prayer offered by Mrs. Bert Mitchell.

Mrs. Floyd Haught, WMU president, conducted the business meeting as reports were given by circle chairmen. Committees were appointed for the Mother-Daughter Tea to be held in May and for the purchasing of gifts for high school graduates.

The program entitled, "More

FNA OFFICERS — Future Nurses of America Club were honored at a salad supper given recently in the home of Mrs. Julian Key, Medical Auxiliary sponsor. Officers of the FNA pictured above

are Mrs. Key, Miss Barbara Johnson, reporter; Miss Nancy Frye, secretary; Miss Carol Smith, president; Miss Leonora Abbott, treasurer, and Mrs. T. D. Harvey, medical auxiliary sponsor for next year.

Enthusiasm Sparks Membership Drive For Pampa Community Concert Week

This is Community Concert Week 1960 will be reached before the week ends and that a truly dispiriting announcement of concerts by some of the world's finest artists will be presented during the forthcoming season.

The cost of membership is \$7 for adults and \$4 for students, covering the full cost to members for the privilege of attending the entire concert series. Only members of the association will be admitted to concerts, with no sale of tickets for any one concert.

All who wish to become members are urged to contact campaign headquarters or one of the workers before noon Saturday. The entire venture is strictly non-profit, devoted solely to bringing fine artists to Pampa.

The Association has already engaged the appearance of the National Ballet of Canada with the National Ballet Symphony Orchestra to appear here during the concert season.

Attendance at the concerts is by membership only, it was pointed out by Mrs. Daniel.

While a canvass will be made both in Pampa and in the surrounding area, Mrs. W. G. Waggoner, association secretary, said that a campaign headquarters will be kept open from 9 a.m. until 5 p.m. through Saturday in Southwest Public Service Utility office to accept memberships there.

Mrs. Waggoner made a special appeal of the fact that no box-office admissions to any concerts will be sold, since the artists who appear in the series are selected according to the number of memberships obtained during the drive.

Interest in the concerts has been widespread throughout the Pampa area and has drawn capacity audiences.

Enthusiasm manifested by the workers at the dinner held Monday evening in Coronado Inn indicate that the membership goal of

"Than A Name" was concerned with Baptist work in Europe and was introduced by Mrs. Ennis Hill. Participating on the program were Mrs. Floyd Haught, Bob Cliett, Lindon Sanders, Kenneth Ward, Robert Willis and Travis Winegeart.

Closing meditation was given by Mrs. Haught and closing prayer by Mrs. Jack Robertson.

Four members were present for the Business Women's Circle meeting held in the church. Mrs. Frank Turpin conducted the lesson on Stewardship.

Mrs. Floyd Haught, WMU president, conducted the business meeting as reports were given by circle chairmen. Committees were appointed for the Mother-Daughter Tea to be held in May and for the purchasing of gifts for high school graduates.

The program entitled, "More

Future Nurses Are Feted In Key Home

Mrs. Julian Key, co-sponsor of Future Nurses of America, was hostess for a salad dinner in her home, 1540 Fir, honoring members of Future Nurses Club and their mothers. The Easter motif was carried out in the table appointments. Each mother was presented with a pink carnation corsage.

For the evening's entertainment, Mrs. Arnold Pettifils gave an Easter reading accompanied by Tom Atkin at the piano. Closing benediction was given by Miss Carole Smith, FNA president.

Special guests were Mrs. Beverly Russell, High Hospital nursing supervisor, Mr. and Mrs. Tom Atkin; Mrs. Arnold Pettifils, Mrs. T. D. Harvey, Mrs. W. M. Ledbetter.

Gifts of appreciation were presented to Mrs. Ledbetter, school sponsor; Mrs. Key and Miss Smith.

Plans were discussed for the field trip, which the club will take to Kelley-Laycock Clinic and to Lubbock Memorial School of Nursing on April 20.

Reports were given of the State Nurses Convention held recently in Austin, which was attended by Misses Joyce Stanley, Carol Smith, Genevieve Townsend, Guenelle Archer, Billie Bledsoe, Patty Hoover and Lena Pearl Hawkins. FNA members accompanied by Mrs. T. D. Harvey and Mrs. C. C. Hoover.

The local Future Nurses Club has a membership of 29 girls, most of

RUTH MILLETT

Hearty Dips Are Male Favorites

Memo to girls who want to marry the right men the first time— If you want to be sure a young man will make a good husband, here's a check list to get you started—thinking along the right lines:

Is he so jealous of you that he even resents your friendship with other girls? If so, you can be sure he isn't very good husband material.

Does he start fights with you for no reason at all? Look out for the man who can't stand for things to run too smoothly.

Does he enjoy making you jealous? That's a dangerous trait in a husband.

Does he seem to you to be lacking in ambition? A woman can't have enough ambition for two.

Has he failed to take advantage of opportunities out of pure laziness? Remember that anything a wife does to prod a lazy husband is usually called "nagging" in his book.

Are you counting on marriage to change him in ways that are important to you? Marriage does improve some men, but it isn't wise to count on it.

Do you frequently find yourself making excuses for his thoughtless, mess or selfishness or rudeness? If you marry him, some day you'll quit making excuses and have to face the fact that he is what he seems to be.

Does he get angry when you don't agree with him?

If so, unless you are willing to go through life being a "yes, dear" wife, you had better keep looking.

Makes Friends Manners

Don't send flowers to the hospital patient who already has a roomful. Look for another gift.

whom work in Highland General Hospital on Saturdays. "The club is opened to any girl interested in a nursing career," Mrs. Key said.

3 or 4 drops Tabasco sauce
1/2 teaspoon salt
Mash beans and mix with remaining ingredients. Chill and serve with Triangle Thins and Rye Thins. Makes about 2 cups.

Frank Snacks: Top Premium Sailing Crackers with squares of process cheese, then with slices of frankfurters. Broil until cheese melts. Serve hot.

SPORTS PICTURE NEWS

AROUND THE WORLD

DEAD OF WINTER—It looks like the Great White Way in Rochester, N. Y., where this ghostly white world has settled down over Highland Park. The stillness is broken only by two youngsters in the center. They're crunching their way home through the snow after an afternoon of skiing down the hills of the park.

LAZY GIRL'S LOAD—She must be kidding, but Jayne Hacklin, of New York, claimed she got so tired of walking back and forth on a shuffleboard in Fort Lauderdale, Fla., that she took drastic measures. She hopped onto a golf cart for her transportation.

BROKEN-BONE EXPRESS—Skiing in Japan is so popular that it supplies a lot of banged-up sportsmen for that special wheel chair in use at a railroad station in Tokyo. Able to carry four persons at a time, the big chair was bought to ease the plight of station employees who complained of having to carry the injured on their backs to taxis or autos.

FLAPPING—In Kansas City, Mo., to attend a baseball dinner, Yankee "Chef" Casey Stengel showed airline hostess Evelyn Wirth how to flap a pancake. Stengel, who's in his 50th year in baseball, was about to return to his Los Angeles home.

SHE'S IN TRAINING—And why not, for little Terry Smith, of Lake Belton, Tex., is a young gal who apparently has all her marbles. She's shown in nearby Waco, where she seems to be getting some preparation for springtime activities.

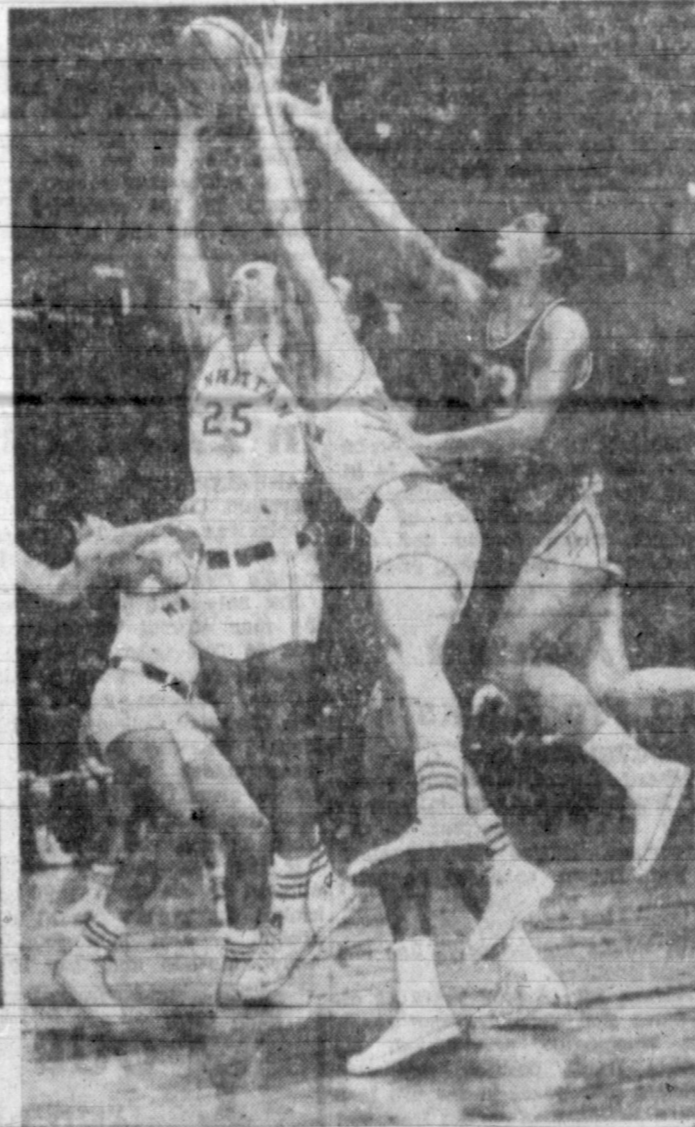

PRE-SEASON POLISH—With a cigar clamped between his teeth, baseball player Eddie Yost is already preparing for the 1950 season as he polishes a bat at home in Ozone Park, N. Y. Yost is third baseman with the Detroit Tigers.

BEATS WALKING—For his 50th birthday, actor Clark Gable's wife gave him an electric golf cart in Palm Springs, Calif. Then they were off for a game; even if they didn't feel like golfing, the new present had to be tried out.

HAPPY TO BE HOME—When Judy Reed arrived back in New York from a vacation in Denver, Colo., she felt right at home. Judy put on her skates in the 18-degree weather—coldest of the year—and did some skating at the airport to help retain her vacation memories a little longer.

HELPING HAND—Battling for possession of rebound, Manhattan's Bob Mealy (25) gets an assist from teammate Joe Dougherty, who also has a hand on the ball. Having no luck in getting to it is jumping Dick Kaminski (33) of Villanova. It all took place during their collegiate basketball game at Madison Square Garden, where Villanova won, 55-52.

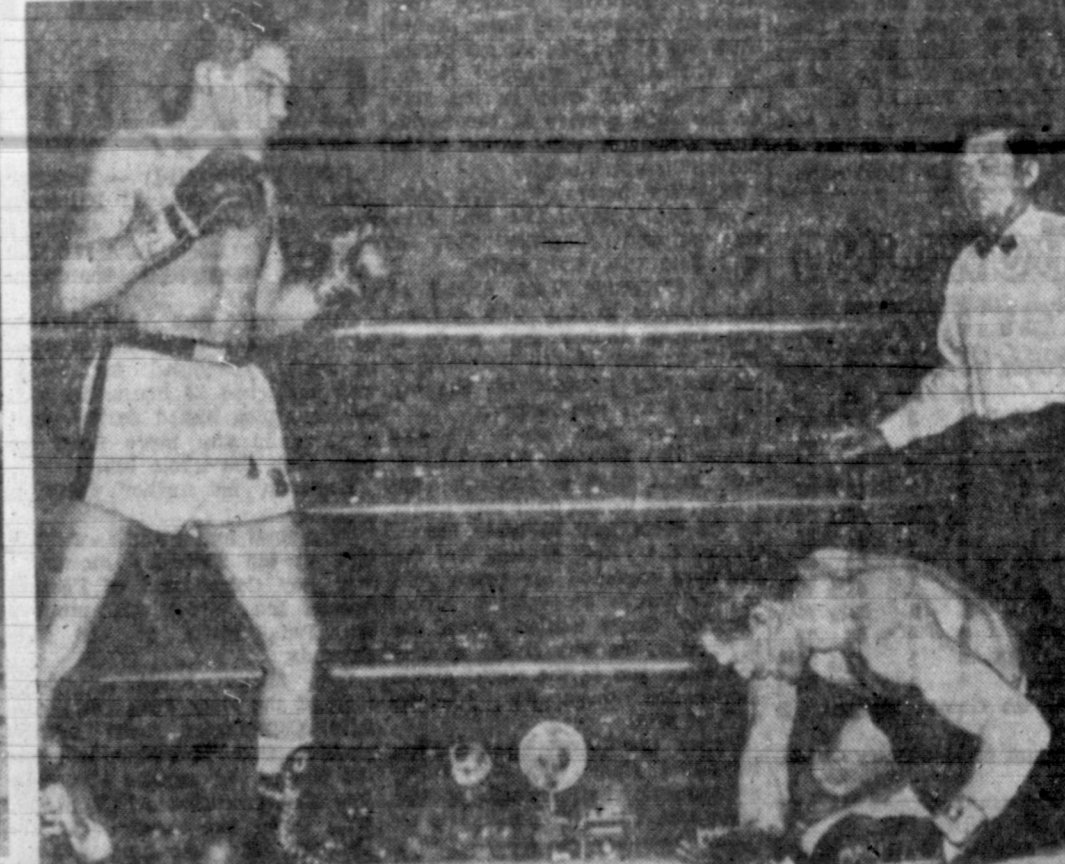

RELAXING—Sister Mary Theophane, a member of the order of the School Sisters of Notre Dame, operates a small infirmary for ailing sisters in Elm Grove, Wis. Pulling a sled like this is as close as she ever got to her one-time ambition to become a skier.

NEW WAY TO DO IT—Getting their heads together under water are Jean Kurosa (left) and Kathy Phillips. They're shown in a hotel swimming pool in Montreal, Quebec, Canada, where they seem to be giving feminine curves a new twist.

FOR THE FAMILY—Perhaps a few neighbors get to use this home-made skating rink in Topeka, Kan. The Robert McClures used a roll of black plastic to hold water, and cold weather did the rest. Mrs. McClure is adjusting the scarf of her five-year-old son, John.

HE'S STILL THE ONE—The force of the knockout blow registered in his face, Alphonse Hallini, of France, is down for the count. It happened in the ninth round of the championship fight with bantamweight title holder Jose Becerra (left) in Los Angeles, Calif. At right is referee Tommy Hart. The 115-pound Mexican retained his title.

Minoso Rips A's With 6 RBI Day

By FRED DOWN

United Press International

The Rookie Colavito-Harvey Kuenn trade may be the one they're shouting about but the Minnie Mino deal may be the one they'll pay off on.

The 37-year-old native of Matanzas, Cuba, returned to Chicago's South Side as a hometown favorite for the first time in three years Tuesday and demonstrated how he's beefed up the White Sox "go go" attack by driving in six runs in a 10-9 victory over the Kansas City Athletics.

Mino thus stole the American League's opening day spotlight despite a program during which—

The Detroit Tiger's beat the Cleveland Indians 4-2, a 15-inning struggle that tied the big league record for the longest opening-day game.

Mino, acquired from the Indians in a seven-player trade last December, hit a 420-foot grand slam homer in the fourth inning after knocking in an early run with a sacrifice fly and then snapped a 2-2 tie with a second homer in the ninth. The White Sox had jumped to a 9-2 lead by Early Wynn in a three-run fifth the fourth but the A's routed Early Wynn in a three-run fifth and then kayoed Mike Garcia with two in the sixth.

Norm Siebern's homer and Ken Hamlin's run-scoring single tied the score for the A's in the top of the ninth but Mino's blast sent the club's opening-day record crowd of 41,664 home happy a few moments later.

The Tigers and Indians battled for four hours and 54 minutes before Al Kalife's two-run single in the 15th inning settled matters. Pete Burnside, third Detroit pitcher, had walked and moved to third on Bob Wilson's double to set up the end of the longest opening-day game since 1926. A crowd of 52,756 at Cleveland saw Wilson's pinch single give the Tigers a 2-0 lead in the 11th inning but the Indians tied it in their half on Jimmy Piersall's two-run single.

The man-to-man duel between Colavito and Kuenn was pretty much a bust. Colavito striking out four times and hitting into a double play for the Tigers and Kuenn making two singles in seven tries for the Indians.

Maris, the Yankees' key winter acquisition, drove in four runs with two homers, a double and a single and Bill Skowron also had four hits to lead New York's 17-hit attack on Tom Brewer and four successors. Jim Coates yielded nine Red Sox hits, including Ted Williams' second homer of the season. It was Williams' 494th of his career, placing him fourth on the all-time list behind Babe Ruth, Jimmy Foxx and Mel Ott.

Hansen and Breeding fielded brilliantly in their debuts and Jack Fisher did the rest with 2-3 innings of shutout relief. Gene Woodling doubled home Jackie Brandt from first base in the seventh to produce the Orioles' decisive run before 32,747 home fans.

Johnny Podres, aided by Ed Roebuck in the ninth, limited the Giants to five hits. Billy O'Dell, ex-Baltimore left-hander, allowed only four hits and one run before being removed for a pinch-hitter in the eighth with the score 1-0. The Dodgers then clinched the game against Billy Loe and Stu Miller in the ninth.

Jim Owens struck out nine batters and pitched a nine-inning lead-off triple, a pair of singles and a walk. The Saints added three runs in the frame to an earlier tally.

Two runs by Dallas-Fort Worth in the bottom of the ninth tied up its contest with Houston. The Buffs duplicated the feat in the 11th to take the game.

Minneapolis took a 2-0, second inning lead over Louisville, but the Colonels moved up fast, scoring one run in the third, four in the fifth, a like number in the seventh, and an additional one in the ninth.

On today's card, Denver at Dallas-Fort Worth, St. Paul at Indianapolis, Minneapolis at Louisville.

TAKING HIS MEDICINE—Gene Fullmer takes the full fruit of the ball powered into his midriff by Marv Jensen. Fullmer defends the NBA version of the middleweight title against Joey Giardello in Bozeman, Mont., Apr. 20.

Fullmer Favored 12-5 Over Joey

BOZEMAN, Mont. (UPI)—Fugged Gene Fullmer, a Mormon mink rancher from West Jordan, Utah, was a 12-to-5 favorite today to defend successfully his NBA middleweight title tonight against challenger Joey Giardello of Brooklyn.

Both fighters will weigh in, without any problems anticipated, at noon a.m. today for their nationally televised match which was expected to draw nearly 12,000 fans into the Montana State College Fieldhouse.

Should that throng show up, it was expected that the gross gate for the bout, Montana's second title fight in history, would surpass the previous record gate, \$201,485, paid at the other championship match when heavyweight titleholder Jack Dempsey defeated Tommy Gibbons in Shelby, Mont., July 4, 1923.

It was certain the crowd tonight would be a record for the state, since 10,000 tickets had been sold Tuesday night the previous mark was 7,202 fans at the Dempsey-Gibbons affair.

Fullmer will receive one of his best purses, 100,000 plus expenses, while Giardello will get the largest payday of his career, \$25,000 plus expenses.

Both fighters expect the bout to go the scheduled 15-round distance. But should the match end earlier, it was likely that Fullmer would win. He has lost only four times in 55 fights and has been knocked out only once, by former champion Sugar Ray Robinson, May 1, 1957. Since then he has won 11 straight fights.

Giardello, on the other hand, has a spotty ring record with 17 defeats in 106 matches. Three times he has lost by knockouts.

Delay Helps Attendance

By United Press International

The American League's delayed start appeared Tuesday to have helped, rather than hurt, the gate.

The crowd of 35,162 at Fenway Park topped any crowd in Boston last year and the turnout of 32,747 in Baltimore was exceeded by only two Orioles crowds last season.

Average turnout for each of the four games was 40,581.

First Loss Sweep Couple From Oilers

By United Press International

Louisville trounced seventh place Minneapolis, 10-5.

Paul Smith tripled home Jim Deising who had reached first on a fielders choice for Charleston's winning run. Pitcher Bob Darnell struck out seven and walked three.

At Indianapolis, pitcher Jim Golden fanned 10 batters and hurled a four-hitter to lead St. Paul to victory. Losing pitcher Bobbie Locke ran into trouble in the sixth when St. Paul got a lead-off triple, a pair of singles and a walk. The Saints added three runs in the frame to an earlier tally.

Two runs by Dallas-Fort Worth in the bottom of the ninth tied up its contest with Houston. The Buffs duplicated the feat in the 11th to take the game.

Minneapolis took a 2-0, second inning lead over Louisville, but the Colonels moved up fast, scoring one run in the third, four in the fifth, a like number in the seventh, and an additional one in the ninth.

On today's card, Denver at Dallas-Fort Worth, St. Paul at Indianapolis, Minneapolis at Louisville.

Springfield Nears First Hockey Title

ROCHESTER, N.Y. (UPI)—The Springfield Indians are on the threshold of winning their first American Hockey League playoff championship.

The Indians edged the Rochester Americans 3-2 Tuesday night to take the lead in the best-of-seven final series, three games to one.

Springfield did all its scoring in a space of a little more than two minutes in the first period. Bill McCreary triggered the outburst with a goal at 10:39. Bruce Cline made it 2-0 at 11:21 and Parker MacDonald capped what proved to be the decisive goal at 12:43.

Hank Ciesla scored in the second, and Stan Smrke tallied in the final stanza for Rochester.

Rio Giants Sweep Couple From Oilers

The Rio Grande Valley Giants swept a two-game series with Tulsa and sat on top of the Texas League today, but it took 10 innings in the second game to do it.

Tulsa outfielder Jim Beauchamp brought the hometown crowd to its feet in the bottom of the ninth when he blasted a solo homer to deaden the score 3-5 and throw the game into overtime.

But the Giants roared back with a withering barrage that knocked right-handed loser James Turk out of the box almost before he started and wrapped it up.

9-5. Turk took over in the 10th as the fifth pitcher of the night. Tony Rattner, who came on in the ninth, got the win.

In other action, Victoria clubbed San Antonio 11-5, and Austin whipped Amarillo 12-5. It split both two-game series.

The Rosebuds went ahead of San Antonio to stay with a four-run fourth inning that made it 11-3. Outfielder Marve Williams, a Mexico City product, hit the big lick—a three-run homer.

The Gold Sox, which whipped Austin 12-0 Monday, opened Tuesday night with a four-run first inning, and looked as if they might be on their way to their second win of the young season. But the Senators exploded for seven runs in the fourth as veteran hurler Charles Gorin settled down for the rest of the way giving up only one more run in the sixth. Austin bombarded three Sox pitchers with 10 hits.

Today the teams open another two-game stand with the Valley at Amarillo, San Antonio at Victoria and Austin at Tulsa.

Ingemar Irked At Delay In Signing

NEW YORK (UPI)—Ingemar Johansson and Floyd Patterson finally will sign formal contracts Thursday for their June rematch for the heavyweight championship.

Johansson was considerably irked Tuesday when the signing, originally scheduled for today, was postponed 24 hours. In fact, the champion hinted darkly that if there is any more delay he may drop the whole thing.

"It's final and definite—we will sign at ten Thursday morning," said Roy Cohn, head of Feature Sports, Inc., which will promote the June battle at the Polo Grounds.

Gen. Melvin Kruevich, chairman of the New York State Athletic Commission, was equally positive that Thursday will see the end of the months of wrangling and confusion which started after the first Johansson-Patterson bout last June with disclosure of irregularities by Bill Chicago.

ND Assistant To Pro Ranks

CLEVELAND, Ohio (UPI)—Richard Evans, assistant coach at Notre Dame, will take over May 15 as an assistant on the Cleveland Browns coaching staff.

Paul Brown, coach and general manager, who made the announcement Monday, said Evans will handle the defensive line and game scouting.

Evans served four years as offensive and defensive line coach at Washington previous to his Notre Dame position, and also played four years in the pro loop as a member of Green Bay and Chicago.

Hard Luck For Tidwell In 220 Dash

ABILENE (UPI)—Kansas speed merchant Charlie Tidwell ran his spectacular 220-yard dash on a course that was too short for a world's record.

Not only that, but only two of the four official watches caught him in 29.2 seconds. Three are required for a world's record.

Oliver Jackson, coach at Abilene Christian College, said it was learned Tuesday that the official measurement of the 220-yard course around the curve at ACC was five feet, two inches short when Tidwell ran Saturday.

If the 29.2 seconds had been allowed to stand, it would have broken the world's record of 29.5 around a turn held jointly by Andy Stanfield and Ray Norton.

Finn Farmer Wins Boston AA Marathon

BOSTON (UPI)—A slightly-built Finnish farmer has given his tiny nation an unprecedented fourth victory and second straight win in the grueling Boston AA marathon.

Pavvo Kotila also threw cold water on U.S. marathon hopes while capturing the 26-mile, 385-yard grind in near record time Tuesday. Kotila set such a pace through the middle of the race that school teacher Johnny Kelley of Groton, Conn., was forced to drop out before finishing.

Kelley, 29, who had been considered the top U.S. hope in the Olympics at Rome this summer, announced afterward that he was quitting running for good.

Kotila breezed home half a mile ahead of surprise second place finisher Gordon MacKenzie of New York City.

Foursomes Help Civitan

DALLAS (UPI)—A star-studded pro-am drew to the \$10,000 Civitan 72-hole women's professional golf open begins today at Dallas' Glen Lakes.

Tom Nieporie, Byron Nelson, Don January and Doug Higgins headline the rounds which will also include Patty Berg, Dorothy Langkop, Lewis Collow and Bud Wilkinson, University of Oklahoma football coach.

The mixed celebrities' foursomes will help kick off the Civitan, which benefits the Children's Development Center and School for the Deaf of Dallas.

Harvesters Edge Sandstorm, 6-5

By JIM T. LACY
Daily News Managing Editor

Righthander James Walker clouted a home run over right field fence at Harvester Park yesterday in the bottom half of the sixth to set third place in the conference and give the Harvesters their sixth conference win in 10 outings. Victims of the 6-5 loss were the last-place Amarillo Sandies.

Gary Hill made a spectacular save of the game for Walker when he jumped high in the air in the top half of the sixth frame to spear a Sandie clout headed over right field fence. Hill's one-handed catch almost toppled him backward over the fence in a brilliant defensive play.

Yesterday's win was the second over the Sandies and the first time Pampa has ever defeated them two times in one season. Walker won the first outing 4-1.

Deck Woldt's men put the Amarillo nine out in order in the first inning and garnered two runs in the bottom of the first to lead until the sixth.

Centerfielder Bobby Stephens, first up, was safe on an error by the shortstop and advanced to third on a double by Shortstop Wendell Ridgway. First baseman Larry Stroud singled to drive in Stephens, and Bobby Nutt forced Stroud to second. Ridgway was out at home on the double play. Terry Harrison flew out to left field to end the stanza.

Amarillo was out in order in the second inning.

Sandie Pitcher D. Richardson struck out Pampa's R. Stephens in the second and walked Gary Hill and Reuben Strickland. He fanned Walker and followed up with another walk to Stephens. Ridgway took four balls and forced in Hill. Stroud was out on a fly to shortstop. Richardson's four base gift to the Harvesters put them ahead, 2-0.

Amarillo came to life in the third with four runs on three hits and an error, but Pampa bats also came to life and tied it up four all in the bottom half of the third.

After a hitless fourth inning, Pampa held the Sandies in the fifth, but collected only a hit for themselves.

The Sandies shot ahead in the sixth with one run on two hits to lead 5-4. The Harvester hit twice, one a homer by the pitcher, for a pair to take a 6-5 lead.

The Sandies were out 1-2-3 in the seventh.

Lubbock's 4-2 victory over Plainview yesterday gave sole possession of third place in 3-AAAA standings to Pampa.

The Harvesters travel to Lubbock Friday for games with Lubbock and Monterey. They wind up the season following next Tuesday's game at Palo Duro here with a contest at Berger April 29.

Russians May Lead In Small A-Weapons

U.S. ATOMIC MISSILE, the Sergeant, is cumbersome except under ideal conditions.

(Third of Four Dispatches) By RAY CROMLEY, Newspaper Enterprise Assn.

WASHINGTON (NEA) — The Russian Army already may lead the United States in the race for small atomic weapons.

The Red Army has had for three years a 15-mile atomic missile, highly mobile, mounted on an amphibious light tank chassis. Tank treads take it across country on land or water, keeping up with the troops. An improved model is believed to be in the works.

The Red Army has a 30-mile atomic missile mounted on a heavy tank chassis to cover the poorest type of terrain, and a 100-mile self-propelled atomic missile mounted on a modified Joseph Stalin heavy tank chassis. They are known to have superior models of these two in the works.

In addition, the Soviet Army now has a 700-mile ballistic missile operating with troops.

These four weapons are understood to exist in large numbers, operating with many Russian troop units.

The United States knows that the Red Army also is working on very small atomic weapons to be used in direct support of infantry battalions at the front.

In contrast to Russia's high military mobility, our 10 to 15-mile atomic missiles of today, the Honest John and the Lacrosse, are roadbound on trucks. We have few of each thus far.

The 75-mile atomic Corporal and its successor, the Sergeant, are comparatively cumbersome, except under ideal conditions. And today's 200-mile atomic Redstone is a real problem to move, set up and fire rapidly. Most are roadbound. None are on amphibious carriers. In numbers, the U.S. small atomic weapons lag way behind the Russian.

The Soviet Union probably is two to three years ahead of the United States in overall development and troop deployment of tactical atomic weapons.

An analysis of Red missile and scientific development and a close study of new Red tactical concepts indicate that the Soviet Army is well on its way to a new and superior series of missiles at least equivalent in fire power and mobility to the secret atomic missiles the U.S. now has on its drawing boards.

There are indications the Russians will have these new small atomic weapons deployed with troops well ahead of the U.S.

The new small atomic weapons are going to come into the U.S. Army slowly.

First, because they are being developed slowly.

Second, because the Army is going to get its modernization money slowly. And it will have to spread this modernization money thinly. For the Army's equipment and ordnance generally is out of date in rifles, machine guns, personnel carriers, artillery and tanks.

It doesn't make sense, even in an atomic war, to have modern

atomic weapons without the mobility and the conventional weapons essential to a well-rounded force.

The Russians, in their military journals, are developing a 'totally new series of infantry tactics, based on the use of small atomic weapons, stressing extremely rapid movement.

The Russians already have streamlined many of their 175 divisions and brought between 100 and 125 up to full strength. They upped fire power, and put all division infantry into troop carriers. A good many of these are amphibious and have tank treads for cross-country maneuvering.

Apparently the Soviet units in East Germany have this new organization. They have self-propelled and highly-mobile conventional and small atomic missiles. And most of these Russian divisions are understood to have enough troop carriers to move a whole division at one time.

3 Measures Introduced To Aid Domestic Sugar Output

Last week I introduced three measures designed to provide additional domestic production of sugar. At the present time, domestic production of sugar is limited. The growers of sugar, both cane and beet, in this country produce approximately 55 per cent of the domestic consumption. The remaining 45 per cent comes from such countries as Peru, the Dominican Republic, Mexico, and other countries, including Cuba.

The sugar situation is a highly complicated matter and will take a lot of exhaustive work to get it corrected. However, regardless of the length of the journey, it can never be accomplished unless the first step is taken. I hope that my bills will be the first step in correcting a situation which I feel is somewhat unfair to our own native people.

The parking problem in this country is certainly presenting a dilemma that indicates a marked change in living conditions. Only the other day we had before us a bill providing for the United States to enlarge one of its National Park areas by purchasing 2.76 acres of land at a price of some \$600,000. The land to be used for parking purposes. In the questioning, I developed that the high price of the land located on it. This pointed up to me that the age-old problem of parking the body has yielded to the new problem of parking the car. Perhaps they intend to sleep in the cars.

Wheat Spraying Many inquiries have come into the office concerning the use of 2-4-D spray on wheat. I conferred with the Food and Drug Administration and the Department of Agriculture and was given the following advice: The only criteria in using 2-4-D is that there be no detectable residue at harvest. Both agencies advised the most positive assurance is to follow directions on the label, which has the nearest thing there is to Department of Agriculture sanction. No danger is anticipated on wheat sprayed in its present stage. I understand the most danger occurs when wheat is sprayed within two or four weeks prior to harvest.

I pass this information on to the wheat farmers and will be glad to enlarge upon it if you will call upon me.

Visitors We were pleased to welcome several visitors from home last week here in Washington. They included David Krutzer, William H. Lindsey, Mr. and Mrs. Royce Gaut, Mr. and Mrs. Wesley Simpson, and Mrs. J. M. (Red) Simpson, all from Amarillo.

Federal Food Inspection Plan Scored

WASHINGTON (UPI)—A union spokesman has accused the Agriculture Department of adopting a "consumer-be-damned" attitude toward federal inspection of processed meat and poultry food products.

Arnold Mayer, legislative representative of the AFL-CIO Meat Cutters & Butcher Workmen, made the charge of a closed-door hearing of a House appropriations subcommittee March 14. His testimony was made public today.

Mayer's statement and several other complaints delivered to the subcommittee grow out of the Agriculture Department's operation of a poultry inspection law which was passed in 1957.

The law gave Agriculture Secretary Ezra T. Benson authority to exempt some poultry processing plants from continuous supervision inspection until June 30, 1960, if he found it impossible to supply inspectors.

Benson supplied inspectors for plants which slaughter and process poultry for interstate trade. But he exempted some 300 "further processing" plants which produce items like chicken and turkey pies and soups using poultry meat.

The administration requested \$11,298,000 for poultry inspection in the fiscal year starting July 1 but it did not ask funds for extending inspection to the "further processing" plants.

The top officials of the (Agriculture) Department demonstrate an attitude that the consumer is really unimportant. Caveat emptor — let the buyer beware — seems to be one of their beliefs," Mayer said.

53rd Year

A Political Issue

The slim chance that Congress might insist on another reorganization of the Defense Department in 1960 is now dead.

In the Senate, the bitter 1958 month-long battle over "civil rights" has scuttled the hopes of liberal Democrats that Chairman Richard B. Russell (D-Ga.), would seize the green light to a reorganization push.

There never was any real prospect that the House Armed Services Committee, headed by Rep. Carl Vinson (D-Ga.), would seize the initiative. Two reorganization bills referred to the committee are "lead zeppelins that can't be launched," one authority said.

Critics of President Eisenhower's defense budget have argued that the funds needed to insure national security can be found by eliminating waste and duplication in the armed services, through greater unification. Sen. Stuart Symington (D-Mo.), for example, says potential savings amount to 30 percent of the \$41-billion defense budget.

Symington has introduced a bill to create a single chief of staff. A similar bill has been proposed in the House by Rep. Morgan M. Moulder (D-Mo.). Sen. John Sherman Cooper (R-Ky.), has a bill to redesignate the three service secretaries as Under Secretaries of Defense and to centralize procurement. A bill by Rep. Frank

Judging 'Rightness' Of Taxes By An Assumption

I want to continue my explanation for my stand before the Rotary Club of Anaheim on taxation. As stated previously, Rotary Clubs do not usually have controversial subjects, but taxes have become a paramount issue in the minds of every rational person.

I think in determining right from wrong we have to assume certain courses of action as right until we can find some exception.

I pointed out that we have heard so often that most people believe the statement that it takes the exception to prove the rule. There is greater fallacy because with one exception, there is no rule. That statement undoubtedly came from the truism that it takes an exception to test the rule. If an exception can be discovered there is no rule, no action, no principle.

So I pointed out that I based my standard of judging taxes and other ethical questions on the fact that a man has only two courses of (action): he will pursue his own values and permit others to pursue theirs, which may be wholly different; or else he will impose his own values on others, and—others will impose their values on him. The first is liberty; the second is tyranny. There is no middle position on this.

To believe that the majority has a right to do things that would be wrong for an individual to do, is to attempt to adopt a double standard of rightness, which means no standard of rightness or justice.

Since I cannot believe that I have a right to force a man to pay for anything he does not want, I cannot believe that I can authorize any other person or the government or the majority to force a man to pay for anything he does not want. When I do that I have a double standard, or no standard.

The Allen-Scott Report

ROBERT S. ALLEN PAUL SCOTT

ADMINISTRATION SURE CASTRO REGIME SHAPING CUBA INTO HOSTILE SOVIET OUTPOST; WEIGHS COUNTER-MEASURES

WASHINGTON — President Eisenhower and his State Department and Pentagon advisers are now fully convinced that the Castro regime is determined to do the following:

Provoke a break in official relations with the U.S.

Bring Cuba wholly within the Soviet orbit by making it a military, as well as an economic and propaganda, Western Hemisphere outpost.

At the core of Castro's two menacing policies are the same controlling factors:

The steady deterioration of economic and political conditions in Cuba, as graphically evidenced by almost daily defections and outright armed revolt in Oriente Province; and the now quite open Communist control of his inner ruling clique.

It is this somber background that is the reason for this country's, we undoubtedly would never have been in the war.

On a voluntary basis the whole cost of government would be only nominal when the government was only authorized to protect men's lives and property from plunder and not to take from one to benefit another.

Another Rotarian asked whether I thought we would have had enough voluntary support in the Pearl Harbor attack. Of course, the Pearl Harbor attack was a result of former acts, and if we had believed in voluntary support or government where the government did not have a right to initiate force by way of taxation or drafting soldiers, which is only a form of taxation, we would never have been in the war. If we had not had immigration quotas and protective tariffs that made it difficult for people in a crowded area with little resources to survive and we had not discriminated against certain nationalities becoming citizens of the United

States, we undoubtedly would never have been in the war.

Quotes In The News

By United Press International

HAHRA, Ga. — Hahra High School Principal A. E. Martin, defending the practice of spanking misbehaving students with a paddle about the size and weight of a ping-pong paddle.

"We only use it as a last resort and then only when we think it will help the child."

LONDON — Margaret Truman Daniel, stating that her first visit in Britain in four years was not made to attend Princess Margaret's wedding.

"The Princess and I are what you might call official friends. I have never claimed to be a close friend, even though we get on quite well."

TULSA, Okla. — Mrs. Beatrice Levin, a Tulsa high school English teacher who assigned J. D. Salinger's "The Catcher in the Rye" to her class, quoting her husband's reaction to demands by parents that she quit because the book used four-letter words.

"What do parents want their children to read — Peter Rabbit?"

RENO, Nev. — Dr. Barbara Moore, British vegetarian who is walking across the United States, planning her day's jaunt in her effort to overtake two British servicemen who started from San Francisco a day ahead of her.

"I'll stop when I'm tired and when I feel I have gained on them."

IS THAT SO?

LONDON (UPI) — The British Egg Marketing Board in a newspaper advertisement Tuesday said: "Eggs are not made in a factory. They are laid by hens."

Waiter Gives Ultimatum To Castro

By HAROLD Y. JONES
United Press International

MIAMI (UPI) — The 29-year-old exiled Cuban accountant who delivered an ultimatum of war to Fidel Castro lives in a three-room cottage and works as a waiter in a Miami Beach hotel.

He is Fernando Lopez del Toro. He has a wife, a child, and limitless confidence.

"The plan is easy," he said Monday night in fairly good English. "We have more than 5,000 men ready inside Cuba to start the war. They are ready in six provinces and they will all start at once. I will be there to help them."

Lopez' ultimatum, a duplicated legal-size sheet of white paper, was circulated in Miami Monday. He said copies were smuggled into Cuba and that a 39-year-old volunteer, Elmo Martinez Garcia, was supposed to deliver it to Castro in Havana.

The ultimatum served notice on Castro to purge his government of Communist influence or face internal war starting May 2.

Lopez calls his movement the Cuban Anti-Communist Army.

"Others who say they are anti-Castro are nothing," he said. By others he meant men like Francisco Cajigas and Pedro Diaz Lanz, both of whom have announced the formation of anti-Castro organizations.

"They just talk about it," said Lopez. "I mean to do something."

Lopez said he has always been anti-Castro. "Even when I was at the university (of Havana) I knew he was not right for Cuba. He was too far left... with the Reds."

Lopez came to Miami as Castro marched into Havana. Since then, he said, he has been exhorting Cubans to buy weapons for the

Plainview Choir Slated At Lefors

LEFORS (SpI) — The International A Cappella Choir will appear at the First Baptist Church in Lefors Sunday Night.

The Plainview choir is under the direction of Donnie J. Adams. The special musical program, arranged by Hugh Sanders, music director, will begin at 7:30 p.m.

REDUCED TO BICYCLE

LONDON (UPI) — Famed auto racing driver Stirling Moss, who was barred from driving in Britain for a year after a traffic accident, bought a bicycle Tuesday.

"I will hit and run and wear the Communists out," said Lopez. "We will use the same tactics Fidel used against Batista."

A LAUGHING MATTER—Looking very much like his father and obviously having a rollicking time is U.S. Ambassador to Japan Douglas MacArthur II. He's paying a visit to Mayor Saichi Kaneshi, right, of Naha, Okinawa.
