

# NEXT WAR WOULD BE SHORT -- EISENHOWER

## Program to Modify Recession Offered

NEW YORK (AP)—Chester Bowles, former OPA administrator, today proposed an extensive federal program which he said "can modify, to a major extent, the recession which our past mistakes have made inevitable."

"During the last few weeks," he told the United States Conference of Mayors, "we have all witnessed what may be the beginning of the second cycle of the old dismal cycle of economic boom and bust."

"The prices of grains have dropped sharply, and so have the prices of many securities. It is possible, of course, that the commodity markets will recover and that confidence will be temporarily restored."

## HST Appeals For More Aid In Palestine

WASHINGTON (AP)—President Truman has made personal and direct appeals to other governments for "restraint in dealing with the Palestine situation."

His press secretary, Charles G. Ross, gave out this brief statement:

"In an effort to prevent the spread of disorder in the Middle East, this government has, during recent months, addressed appeals to certain interested governments stressing the importance, in the interest of Middle East security and world peace, of the exercise of restraint in dealing with the Palestine situation. Some of these appeals were made directly by the President."

Ross's statement, on which he refused to elaborate, was prompted by questions growing out of a radio report that Mr. Truman had appealed directly to the Kings of Saudi Arabia and Iraq to use their influence to prevent a spread of violence.

Ross said he could "go beyond that" when he handed out the brief typewritten statement. He added the President's messages "of course were confidential."

In response to a question whether Mr. Truman had received a letter from the President of Pakistan, Ross said no such letter had arrived at the White House the last time he checked.

The questioner did not elaborate.

In Baghdad the Iraqi minister of education said his government had received a personal communication from President Truman appealing for Iraq to use its influence to calm the Palestine situation. The minister said he could not predict what Baghdad's answer will be, but that he felt the United States should adopt a neutral attitude toward Arab issues and toward the partition of Palestine.

But, Bowles added: "There is one fact that we could not possibly expect our must all face squarely: we economy could be subjected to the wholly unnecessary inflation of the last year and a half without eventually paying the piper."

"Sometimes in the not too distant future—if it has not already happened—we will find ourselves moving into a depression of some sort."

Stating that there now are many controls which make an exact duplication of the 1929 depression unlikely, Bowles said that "any repetition of an extremely serious situation can develop." He added:

"Even though the number of unemployed reaches only six or eight million—roughly half the number of 1932—the effects throughout the world would be drastic."

To cushion another depression Bowles proposed the following nine-point program "based on our experience in the past":

1. "Tax cuts all along the line when purchasing power is beginning to dry up."
2. "An all-out program of slum clearance and housing," building 1,400,000 homes a year.
3. "Continue rent controls" for at least another year or two.
4. "Broaden Social Security payments" to include self-employed, domestic help and farm workers.
5. "Enact a national health insurance plan."
6. "Once a recession begins, we should move ahead promptly with our plans for the development of the United States." He pointed to Lawrence Valley Authority, and for similar developments on the other major rivers."
7. "An all-out program for the building of schools," he said, "to extend the principle of our GI Bill of Rights to enable all of our young people who are intellectually qualified to go to college."
8. "Increase minimum wages from 40 to at least 75 cents an hour."
9. "Pass the European recovery program without crippling amendments as rapidly as possible."

He emphasized that "a recession of some kind will sooner or later be inevitable, and, when it comes, Congress and the administration must make strong leadership if we are to keep it from deteriorating into a serious economic collapse."

In a message to the mayors of 280 U. S. cities yesterday President Truman urged Congressional curbs on inflation and enactment of a long-range housing bill.

## Plaintiff Wins Eviction Suit

Justice of the Peace D. R. Henry this morning ruled in favor of the plaintiff, Olan E. Thomas in an eviction suit heard Saturday in Justice Court.

The defendant, Spencer Landes occupied the garage apartment on the rear of Thomass property at 704 N. Gray.

Both sides waived a jury trial and left the decision up to the Court. Landes will have to seek other living quarters according to the verdict.

Other than the eviction case there were no cases heard by either of the Justices of the Peace Saturday or today.

## TEC Sees Rise in Agricultural Jobs

AUSTIN (AP)—The Texas Employment Service expects to fill more than a million jobs this year.

Robert M. McKinley, commission member, predicted there would be 600,000 jobs for workers on farms, ranches and orchards.

He forecast 500,000 calls from commercial employers.

If the total passes one million it will be for the first time during post-war operation of the TEC under full state control.

## WOTE EXTENSION

WASHINGTON (AP)—The House Banking Committee voted 18 to 5 today to extend present rent controls one month beyond the Feb. 29 expiration date.

## Today

47th Day of the Year  
Today, in 1823 Henry Adams, American historian, writer and philosopher, was born. In 1963, on this day, the Panama Canal property was purchased by the United States. In 1936 on this day the Spanish rebellion began today in Francisco Franco. In 1945—U. S. Navy attacking Tokyo. A verse from the Bible for today: "The eyes of all wait upon thee, and thou givest them their meat in due season. Thou openest thine hand, and satisfiest the desire of every living thing."—Ps. 145:15-16.

**Jews Get Defense Training**—Members of the Haganah practice mortar firing on training grounds somewhere in Palestine. The Jewish defense organization is recruiting and training men for retaliation against Arabs in the troubled Holy Land.

## Sag in Farm Prices May Mean Marshall Plan Votes

WASHINGTON (AP)—The sag in farm prices may mean more votes in Congress for the Marshall Plan.

And the way some lawmakers size things up, there may be fewer demands to slash the size of the aid-to-Europe program.

Rep. Vorys (R-Ohio) predicted to a reporter:

"The farmers will be screaming for the Marshall Plan in a few weeks. With prices down at home, our export markets are going to look a lot better, even though we finance them."

## Fire Damage To Gymnasium Unestimated

Fire, caused by an overheated vent in the Junior High School Gymnasium hot water heating system, caused heavy but unestimated damage to the southwest corner of the building at 10:40 p.m. Sunday.

Several firemen narrowly escaped death or serious injury when the main boiler of the system exploded blowing a gaping hole in the building's roof.

Flames from the fire were visible through the windows before they shot through the hole in the roof. Heavy wood smoke rolled east along Browning creating a choking fog for a short time.

Firemen were forced to break into the building through a window and were hampered in getting at the roof of the fire because of the locked and narrow passageways to the top side boiler room. A few minutes after the explosion firemen were able to pull a hose line to the top of the building, poke it down and snuff out the fire at its base. Shortly before the boiler blew up several firemen had been on the roof seeking an opening to send a stream through and extinguish the flames.

City police blocked off street approaches to the gym to keep cars from running over hoses that were laid across Cuyler and Browning Streets.

At 11:50 the last embers of the fire were quenched.

School officials this morning were surveying the damage done to the water plant and floors.

Delbert Roy McMillen this morning and insurance men told Fire Chief Ernest Winborne that he and his men did a "mighty fine job" in confining the flames and preventing as much damage as they could through fire and breakage. Two windows on the west end had to be battered open to get firemen in and out inside they found everything locked and had to pry doors and gates open to get to the base of the fire.

Belief was expressed last night the floors of the gym might buckle, but they appeared firm this morning while inspectors, school authorities, firemen and the press walked around the top and bottom floors, judging playing basketball during the game period, shot baskets and rolled a ball on the floor as though nothing had happened.

Winborne said a reporter this morning the boiler and pre-heater had to be replaced. Part of the vent of the pre-heater was blown to the school yard when the boiler exploded.

## Man Arrested For Kidnaping

FORT WORTH (AP) Police arrested Clarence Weldon Green, 26, here today on charges of kidnaping a Spur, Tex., contractor.

Green surrendered to police with resistance.

He had been sought since last night when H. P. Berry, 37, was abducted. The abductor, Clarence Berry, then took Berry's car after releasing him unharmed.

City Detective A. C. Howerton said that Green had a 45 rem. revolver and 26 rounds of ammunition when arrested.

Green told reporters and police that he had abducted Berry "to get even" with the contractor. He said that he was under indictment in Dickens County for burglary and that Berry was scheduled to be a witness against him.

The arrested man said that he had been released from the Oklahoma penitentiary seven months ago after serving seven years of a 13-year sentence on three charges.

Sheriff C. C. Kimmell of Spur said an armed man entered Berry's home and ordered the contractor to "put on your hat and coat and drive me out of town."

The sheriff said the man threatened Berry's wife.

"Keep your mouth shut and no harm will come to you. If you call the police your husband may not come back alive."

Mrs. Berry said the man, who once worked for her husband, "put on your hat and coat and drive me out of the house" at the point of a gun. She said he entered the house at 7:30 p.m.

A car stolen at Sweetwater earlier yesterday afternoon was recovered at Spur and police said they found a suitcase in it bearing the name of Weldon Green.

Abilene police had reported that a man climbed into a taxi there and forced the driver at the point of a gun to drive him out of town.

The cab driver, W. S. Morris, said the bandit robbed him of \$4.12 miles east of Sweetwater, then got out of the cab and walked off.

## Employment Is Down in Month

WASHINGTON (AP)—Employment dropped 798,000 in January, the Census Bureau has reported.

That carried the total number of persons holding jobs down to 57,149,000, lowest level since last April.

Farm employment gained 98,000 from December to a total of 7,060,000 because weather conditions were "unusually favorable" in the early part of the month in many areas of the South and Far West.

Outside of farming, employment dropped 896,000 to a total of 50,089,000. Only 15,021,000 of these workers were women.

## Figure System Good News to This Clerk

HOUSTON (AP)—Hal Watta is happy about the system which allows the federal district clerk to refer to suits filed in his office by numbers.

This is why: Artibeology Knocks Flying Industry, a Swedish firm, has entered a suit against the SS Eugene Hale and Lykes Brothers Steamship Company, alleging damages to two airplanes shipped last year from Houston to Malmo, Sweden.

## Santa Fe District Scouts Entertain With Big Circus

All seats had been taken long before the start of the Santa Fe District Scout Circus at the Junior High Gym Saturday night, where Scouts from all over the area gave well-drilled demonstrations of Scoutcraft, with entertaining sideights thrown in all during the two-hour show.

Explorer Post 80, in charge of opening ceremonies, gave a bugle call, "To the Colors," as the color bearers marched in. The audience participated in the salute to the flag.

After signaling demonstrations and a clown stunt, "Fowl Communications" a cycling act met with audience favor. One cyclist was readily identified as Humphrey George, Jr., Mustang.

In another act three Scouts rode one bicycle, one standing on the handlebars, one on the saddle, while the third Scout piloted the laden craft.

A pair of Scouts using flint and steel won over others in a contest as the Scouts built fires without matches.

Indian dancing, authentically tried.

## Michigan Man Dies in Pampa

Harry A. Sman, 51, of Detroit, Mich., died at 12:30 a. m. today in a local hospital from a heart ailment. He has been in ill health for some time.

Mr. Sman came to Pampa about two weeks ago to visit his brother-in-law, Mr. Leo Latman, 1125 Garland.

Mr. Sman was born in Russia. Surviving are his wife, Mrs. Rebecca Smith; three daughters, Mrs. Florence Agree, Mrs. Minnie Leaser and Mrs. Mae Boxman, all of Detroit; one son, Alfred, Detroit; one nephew, Abe Latman, Berger, and his brother-in-law, Leo Latman of Pampa.

The body will be shipped to Detroit tomorrow by the Duenk-Carmichael Funeral Home.

Bear front end alignment, complete brake service. Pampa Safety Lane. 511 S. Cuyler. Ph. 101—adv.

## Reds Hinder Free Exchange Of Information Says Clay

BERLIN (AP)—The United States military governor for Germany charged today the Russian Zone persists in hindering distribution of printed matter sent in from the American Zone.

Gen. Lucius D. Clay said this violates four-power agreements pledged to the free exchange of information throughout Germany's four zones. He made the charge in his monthly report on occupation affairs.

The report came a short time after the U. S. and Great Britain announced they are giving the Germans in their zones a central bank and limited permission to make aluminum.

The bank, in Frankfurt, will have power to issue new currency it and when the two allies approve. Aluminum manufacture, considered a war industry, has been forbidden in Germany by four-power agreement.

"There has been and still is great difficulty in attaining distribution within the Soviet Zone despite official U. S. protests to the Soviet military administration and a seemingly satisfactory reply," Clay's report said of the information issue.

The report recalled various U. S. protests to the Russians. One was when pamphlets were seized which contained a German translation of a speech by the U. S. Secretary of State George C. Marshall.

The military governor's report, covering U. S. Zone activities through December, also observed that:

"German disarmament and demilitarization in American-occupied territory essentially has been completed.

"Denazification is on its last lap. Only five percent of chargeable cases still are to be wound up.

"Demilitarization and denazification are two of the 'Big D's' which were basic undertakings of military government. The third, democratization—is a long-term, constructive task.

"On demilitarization, Clay's report noted that:

"The U. S. long since has finished demobilizing all German armed forces under its control.

"The U. S., alone of the allied powers, has freed all German prisoners of war in its custody. They numbered 8,010,007.

"(C) Eighty-one percent of second-priority installations in the American Zone have been demolished.

"(D) Eighty-one percent of second-priority military camps and barracks—have been destroyed. The remainder is in use by U. S. occupation forces.

## Plea Is Made For Expanded System of SS

WASHINGTON (AP)—The Truman administration pleaded anew with Congress today to let more people qualify for old age pensions.

And Rep. Kean (R-N.J.) outlined his own plan to add 20,000,000 workers to the eligible list.

The administration went further. It said the government needs a program covering "all major risks to economic independence," including disability and medical care insurance.

This objective was outlined in the annual report of the Social Security Administration President Truman is expected to follow it up shortly with his promised special message on the subject.

Kean has drafted a bill to carry out his ideas. He told newsmen it actually will save the government money in the long run.

His plan is to make the self-employed, including farmers and small businessmen, eligible for old age pensions under the Social Security System. Domestic workers, farm hands and others would be included, too. So would state and local government workers, if the state so desired.

All told, some 60,000,000 people would be covered, compared with the 40,000,000 now.

The Social Security report favored adding all these people and more it suggested including federal workers as well as members of the armed forces and railroads.

## Not Like It Is in Texas

CHICAGO (AP)—Arthur Casper can't understand why he had to spend the night in jail.

He said he was a burglar, scuffed with him and the man was killed trying to escape. But police locked him up even though one praised him for his deed.

The 19-year-old Bishop, Texas, ex-Marine told police he saw a broken front door glass in a grocery store and a man moving in furtively about inside.

Police said the youth, now an electrical school student here, told them he pulled out his pocket knife and stabbed the intruder when he tried to escape.

The dead man was identified by police as Edward J. "Six Toes" Dicks, 38.

"We take our citizenship seriously down in Texas," the puzzled Casper told newsmen after he was detained without charge pending an inquest today. "If you see someone committing a crime you try to stop them. But you don't wind up in jail yourself."

Police Captain John Griffin said Casper must be held for the inquest because "we always hold a man in a case like this when there were no witnesses."

But from a personal viewpoint Griffin said:

"It was a very brave deed."

## Body Shipped to Kansas for Burial

The body of George D. Dragermer, 66, who died Saturday in a local hospital, was shipped to Lyons, Kans., today by the Clegg Funeral Home.

Funeral services will be held in Lyons at 2 p. m. Tuesday.

Mr. Dragermer had been a resident of Pampa since 1928 and was employed by the Montgomery Dairy north of Pampa.

## We Saw...

## European Recovery Plan Seen as Vital

WASHINGTON (AP)—If war comes to America again, the first 60 days will decide the winner, Dwight D. Eisenhower said today.

Eisenhower, now an elderly military statesman, said so in his farewell report as Army chief of staff.

The general took a look at matters diplomatic as well as military, however, in writing his final official statement.

He saw the European recovery plan fathered by Secretary of State Marshall as vital to "our sister democracies" and to us.

Eisenhower did not mention Russia by name but he said:

1. If the western European countries were to "become the pawns of totalitarianism, America's security would be in dire danger."
2. If the democracies of the Mediterranean area should fall and that corridor between East and West were blocked, "the effects would be instant and catastrophic."

"War, in such case, would be close to us," Eisenhower declared.

Looking down the purely military road, he predicted:

"Because major nations, in the future, will be armed with weapons of terrifying destructive power, a series of lightning blows might conceivably end a future war at its outset.

"In such case, the resulting peace would not be cursed with social chaos produced by widespread devastation of the enemy's land and internal facilities for living.

"A corollary to this is the need for a system of major and alternate or secondary bases around which can be organized, first our known defense against air attack, and next our retaliatory counter-offensive.

"This concept, featuring as it does the hope that in air power resides the possibility of avoiding long drawn out and costly land operations, nevertheless and inescapably requires the availability of effective land forces; without them, we will have no bases and can seize none speedily. We would be wide open to attack and helpless to do anything positive about it."

Eisenhower said that on any future day of emergency and mobilization this country would need a ground Army of 1,300,000 men. But to maintain a regular Army of this size would be "prohibitively expensive," he said.

(See RECOVERY, Page 3)

## Hemispheric Solidarity Is Essential

AP Foreign Affairs Analyst General Dwight D. Eisenhower in his final report as U. S. Army chief of staff emphasizes that solidarity developing among the peoples of North and South America is a significant contribution to security in this hemisphere.

"That is a gratifying appraisal—doubly gratifying because it comes from the man whose strategy guided heavily in the winning of World War II," he said.

"If the Mediterranean nations should lose their independence to totalitarianism, 'war... would be close to us.' And again: 'Our traditional friends in Western Europe are in straitened circumstances and some are threatened with strangulation by a militant political party whose obvious purpose is to promote chaos and insurrection for the advantage of an alien ideology. Were those countries to give up the good fight for our common heritage of liberty, and become the pawns of totalitarianism, America's security would be in dire danger.'"

In short, if the democracies of the world are to win the "cold war" in Europe to aggressive totalitarianism, the western hemisphere would be next in line of attack.

From the military standpoint solidarity means this to quote Eisenhower:

"Our president... that a potential aggressor against any nation in either continent would hesitate to launch an attack which (See HEMISPHERIC, Page 3)

## Snyder Looks At Tax Plan

CHICAGO (AP)—Secretary of the Treasury Snyder said today that the government has counted on peak production, high employment and "substantial inflation" in planning its expenditures for the next fiscal year.

The tax problem, he added, is not a question of what we could like to have at the moment, but what in the long run is in the national interest.

In a talk prepared for the Chicago World Trade Conference, he said the President's budget submitted to Congress was based on estimated receipts for the fiscal year 1949 of \$44,800,000,000. He added:

"We estimate that peak production and employment, together with substantial price inflation, will combine to keep receipts at these high levels.

"The cold facts are that present economic conditions, budgetary considerations, inflationary pressures and debts management problems are such that we cannot deliberately allow revenues to drop below present levels at this time."

Budget expenditures estimated at \$39,700,000,000, he said, "have been pared to the minimum consistent with our responsibilities."

Four fifths of expenditures estimated in the President's budget, he said, was for "largely created obligations" and nine percent, or \$3,300,000,000 for "all the running expenses of government."

ONE INTOXICATION  
One person was fined \$15 this morning in Corporation Court on a charge of intoxication. No other cases were heard.

## Panhandle Pioneer Dies

B. Frank Jackson, for 46 years a resident of the Panhandle, died at 9:30 p. m., Feb. 14, at an Edinburg, Texas, hospital. He was 85. Mr. Jackson had lived at Miami until about 10 years ago when he moved to Georgetown. He had been spending the winter in the Rio Grande Valley. A retired ranchman, Mr. Jackson was a pioneer pioneer. He was one of the first pastors of the Polk Street Methodist Church, Amarillo—around 1880. Due to failing health, he had to give up that pursuit.

Funeral services were to be held today at Georgetown, and interment will be there.

He is survived by the following children: Mrs. Vance King, Atlanta, Texas; Dr. B. F. Jackson, Jr., Georgetown; Miss Fay Jackson, Weatherford, Texas; Mrs. L. M. Hicks, Pampa; Miss Florence Jackson, Pampa. There are also five grandchildren.

## 17 Texans Meet Death On Weekend

By the Associated Press  
At least 17 persons died violently in Texas over the weekend.

Traffic accidents accounted for most victims, but others died from shooting, strangulation and electrocution.

Two children taking a bath together at their home in Waco Sunday night were electrocuted when a radio fell into the tub of water. They were Barney Wright, 8, and his sister, Harriet, 6, children of Mr. and Mrs. Harold S. Wright.

Four people died of carbon monoxide fumes in two parked cars in the state.

Lee Arnold Simpson, 28, Sanger, and Miss Inogene Cole, 18, employed as a typesetter at the Denton Record-Chronicler, were found dead Sunday in a car stuck in mud on a side road 10 miles from Denton.

The bodies of Carl McClaren, 18, and Miss Evelyn Lipford, 17, both of Boyd, were found in his closed car on highway 114 one mile south of Boyd early Sunday.

In both cases, the deaths were blamed on carbon monoxide fumes.

At Houston, Karl T. Willis, 56, a plumber, was jailed in the death of his wife, whose brutally beaten body was found in a muddy ditch not far from her daughter's home. Willis, held on a murder charge, denied the slaying.

R. D. MacNeil, 43, died Sunday at El Paso of wounds suffered several days ago when a gunman shot him and killed a friend, Maurice Heaton, Los Angeles, on a scenic road near El Paso. The gunman escaped.

A young Dallas mother was crushed to death near Italy Saturday night. She was Mrs. Linn Seabolt, about 26. She was riding in a truck, which was pulling a semi-trailer. It plunged off the road. Her baby daughter escaped serious injuries. Her brother-in-law, driver of the truck, was hurt.

Four men were killed Saturday at Tomball in a truck-car accident. They were Fred Neldick, 35, Magnolia; Ed E. Moyer, 43, Tomball; and Henry Walters and Eugene Byrley.

Cecil Glenn Wisenbunt, 12, died in an unusual accident at Ard. He was strangled to death Saturday when two pieces of rope on a swing twisted together and wound around his neck.

At Arcadia, Armand Ray Reifel, 17, a high school gridiron and basketball star, was dragged to death by a horse he was riding Saturday night on his father's dairy farm.

A night watchman shot and killed a man identified as Roy Elliott, 44, in the office of a laundry at Texas City early Saturday. The night watchman said the man was breaking into the place.

Six-year-old June Brown was killed at Llano Saturday when she was hit by a car.

**Judge Tells New Citizens What to Do**  
OKLAHOMA CITY (AP)—On the eve of Lincoln's birthday, Federal District Judge Edgar S. Vaughn naturalized 12 new citizens from Germany, Czechoslovakia, Syria, Mexico, Bermuda and Canada.

He added a new paragraph to the naturalization speech he has used with variations for 20 years: "If you are not in sympathy with our government, the best thing for you to remember is that the boat that brought you over is still running—it can take you back."

**Aviation Medicine Research Conducted**  
SAN ANTONIO (AP)—Research work in aviation medicine is being conducted at Randolph Field by approximately 25 German scientists.

It was revealed to the San Antonio Evening News that they had been engaged in this work for some time.

They are continuing research work in aviation medicine which they carried on for the German Army and while associated with German universities during the war, Air Force officials said.

The group is working under the supervision of U. S. military authorities.

Air Force officers refused to reveal accomplishments made by the visiting scientists.

**Legal Records**  
Marriage Licenses  
Marriage licenses were issued Saturday in the office of County Clerk Charlie Thut to Louis A. Box and LaVerne Gourley, Charles C. Fenogio and Wanda Campbell Beesley, and to C. G. Ewing and Doris Squyler.

Realty Transfers  
Cabot Carbon Co. to Emmett W. Watkins, lot 8 in block 1, Tulsa Addition.

Pampa Properties, Inc., to Lawrence F. Brown and wife, Frances Brown, lot 23, block 4, Hughes-Pitts Addition.

G. M. Walls and wife, Frances Ruth Walls, to John Haggard surface rights to N-2 of survey 186 and W-106 acres of the SW quarter of Survey 186, all in block 2, section 18, Survey in Gray and partly in Carson County.

**RECOVERY**  
(Continued from page 1)  
Thus the "only feasible solution is to build the National Guard and organized reserves" to required strength.

"A day before Eisenhower's report was released, Secretary of Defense Forrestal announced creation of a civilian defense study unit.

Its job will be to suggest plans for protecting the people, cities and industrial plants of the country against the destruction from atomic bombs and germ warfare.

**HEMISPHERIC**  
(Continued from Page 1)  
he believed would provoke coordinated, hemispheric defense.

The general points out that the western hemisphere is linked with the British commonwealth and Western Europe in common basic purpose. The bonds among these nations "weigh heavily as a stabilizing influence" toward world peace.

So hemispheric solidarity is vital to security. That is the clear writing on the wall, and any nation which disregards it is inviting trouble not only for itself but for Pan-America.

There's no thought of little countries contributing much in the way of military strength to the common defense. That must be provided by the major nations—primarily the United States. One of the chief contributions of small countries would be to ensure that the enemy didn't use them as a base for any sort of operations.

This means that every nation, big and little, already should be battling the infiltration of communism. There's no use mincing words, it's totalitarian bolshevism which we are up against.

And we shouldn't overlook that solidarity in itself is a mighty defense for it will make any aggressor hesitate before striking the new world.

**Holy Souls Church**  
There will be special services at Holy Souls Church during Lent. SUNDAY MASSES: 6, 8, 10, 11 a. m.  
WEEKDAYS: 6:45 and 8 a. m.

### 20th Century Club Hears Program by Carver School Pupils

Mrs. L. M. Hicks was hostess at dinner luncheon for the Twentieth Century Club Tuesday. After luncheon, Mrs. C. E. High conducted a short business meeting which was attended by twelve members.

The formal program was carried out at Carver School with Principal and Mrs. John W. Turner in charge.

Herbert Hodge was master of ceremonies. After the group sang "America" a program was presented by pupils of the school.

Christine Hodge gave a reading, "My Stomach," and Cleo Groves gave a reading, "Little Black Sambo." Five pupils participated in a contest; Hazel Jo Watts presented "Guilty or Not Guilty"; Laura Mae O'Neil, "Guilty or Not Guilty"; Wesley Geary, "In 1942"; Norm Jean Hodge, "The Little Lamb Boy," and Ada Mae Porter, "The House With Nobody in It."

Several students presented piano numbers. Ola Mae Lightfoot played "The Funny Bunny" and "The Submarine"; Roger Roland, "Lullaby" and "Tropical Breeze"; Mary Helen Roland, "Shortin' Bread" and the "Haunted House"; Alice Steen Vinson "Wood Nymphs"; and Willie Marie Roland "Grasshoppers" and the hymn, "Further Along."

### Mrs. V. S. Day Is Honored at Shower

Mrs. V. S. Day was honored Friday afternoon, with a pink and blue shower, by the Merten Home Demonstration Club. The party took place in the home of Mrs. E. E. Ethridge who was assisted by Mrs. V. Smith as co-hostess.

Miss Jannette Ethridge presided at the guest register. Games were played and Miss Ethridge played two piano selections and Mrs. C. A. Jones sang "Irish Lullaby" and "Mighty Like a Little Re Don Cudney pushed a decorated baby carriage full of gifts to the honoree. After the gifts were opened, refreshments of cake, jello and coffee were served.

Participating in the shower were Mesdames A. M. King from Abilene, Grace Groves, C. H.

### Mrs. Archer Gives Demonstration on Care of House Plants

Mrs. Howard Archer was hostess to the Save Your Time Home Demonstration Club of Lefors Wednesday, Feb. 11, in her home at the Colteco Gasoline Camp.

A short demonstration on the care of house plants was given by Mrs. Archer. She stressed the fact that plants should be kept free of dust by frequent wiping or sprinkling of the leaves. In feeding plants only soluble food should be used and it should be poured into the plant pot next to the rim and not near the stems.

Plants should be watered, she said, by placing them in a pan and permitting the water to be drawn up slowly from the bottom. Danger signs in ivy and such plants, she added, are the blackened tips of new foliage.

Yearbooks were filled out with the names of program chairmen and hostesses for the remainder of the year.

Refreshments were served to eight members and one guest.

Hammett and John Harvey, Florence Warriner, F. C. Lafoon, A. M. Nash, H. H. Swafford, H. H. Threatt, J. C. Steward, E. R. Jay, C. L. Cudney, and Re Don, Allan Say, Sr., J. R. Wilde, D. A. Caldwell, J. C. Day, V. S. Day, Sr. Frank Bailey, and C. R. Rutherford, Graham, Tex., Mrs. D. D. Hoger, Lefors, and D. A. Rife, and Mr. V. S. Day.

### Pampa Visitor Is Shower Honoree

Mrs. Marvin G. Tate (the former Virginia Washington) of Odessa who is visiting in Pampa this week was honored with a pink and blue shower recently. Mrs. Clara Kennedy and Mrs. James Washington, Jr. were hostesses.

Upon arrival the honoree was presented with a pink carnation corsage.

The lace covered refreshment table was decorated with sweet-peas and pink and blue candles. Refreshments of individual cakes topped with pink and blue rosebuds, spiced tea, and colored mints were served. Favors were baby buggies made of marshmallows and gum drops.

About forty friends of the honoree participated in the shower.

Reds' Successes, Nanking's Weakness Peril Starving China

By JOHN FISHER
China has been so badly knocked off her pins by the successful Communists and by the economic consequences of continuous fighting since 1927 that, this time, she is near down for the count.

Principle of Food Stations Unsound

Some unions in Detroit recently started a "food supply station" in an effort to do something about the high cost of living—a subject everybody is interested in these days.

Common Ground

By R. C. HOLLES

Can We Expect the Youth to Believe in Liberty?

Probably the most of our economic troubles stem from the fact that fewer people today understand the meaning of liberty than did when this country was formed or than did during the time of the Civil War.

Crystal Gazers

TOP O' TEXAS NEWS

Panhandle (Special)—Mrs. J. L. Slump has been taken back to Northwest Texas Hospital to receive treatment for a stroke suffered last weekend.

Good old money-making ideas without arithmetic? The enthusiasm and honest efficiency in the Communist rank and file that he met.

Despite some genuine agrarian reforms, the full record of communism in China is black as laundry slip ink. The Red program of "settling old accounts" causes frightened villagers to abandon their homes and possessions.

Communists strike at the family unit, China's most important institution. They form "juvenile corps" of boys and girls who are taught to spy on their parents and elder brothers.

Lincoln had a mighty good definition of liberty. It would have been better had he left out the word "and had said: 'Liberty means for each man to do as he pleases with himself and the product of his labor so long as he grants every other person an equal right.'

But how can the youth of the land understand or believe in liberty when their parents deny them the right to believe in it? They are taking from others the products of their labor without their consent.

Lincoln, six years before this speech, made another address in Illinois that the people today need to understand. When we are thinking about spending defense billions of dollars a year for defense.

Herbert Hoover, a democracy will defend itself by the virtues of its own institutions. Otherwise, no army can protect it long.

Communism is like a man on a bicycle: when you stop it, it will fall over.

Lincoln had a mighty good definition of liberty. It would have been better had he left out the word "and had said: 'Liberty means for each man to do as he pleases with himself and the product of his labor so long as he grants every other person an equal right.'

NATIONAL WHIRLIGIG

news behind the news

WASHINGTON — While the Department of Justice is leveling indictments against religious, civic and other organizations which conduct lotteries to replenish their treasuries, sentiment for an annual or semi-annual sweepstakes of this kind is rolling along on Capitol Hill.

The principal argument for a federally sponsored lottery is that it would provide a fairly painless method of paying off the national debt of \$288,000,000. Proponents of the plan maintain that the national mortgage could be reduced to manageable proportions within 50 years.

Sen. Taft will have more delegates than is generally realized, but it is still doubtful if the backroom boys, after two or three stalemated ballots, will settle on a man who may face strong labor opposition.

The Democrats, of course, can upset all these calculations. If it develops that President Truman's civil liberties program may cost him several southern or border states, the GOP might take a chance with Taft or Speaker Martin, whom they prefer to the cold and cocky New Yorker.

Gov. Thomas E. Dewey's political star is rising again as he believes that they would do the right thing but they think that others would not so they are willing to use force to make people come up to their level of justice, of righteousness.

No. Janice was no longer happy. The balloon had burst. She had come down to earth, landing with the sort of jolt a paratrooper might get when his chute did not open.

Janice was left with the feeling that Albie, as well as her mother, was anxious about her. Anyone would think she thought rebelliously, that she was still in her teens.

These are interesting questions, and those who look stary-eyed at this "inexpensive" plan would well consider the answers to them.

• SO THEY SAY

We've got to find a way to live comfortably with Petroli. And we must get along if he'd only come down from the stratosphere and stop his fantastic demands.

It is a remarkable commentary on the free enterprise system that the United States and three other democratic countries containing only 8 percent of the world's population are supplying 90 percent of the food moving in world commerce.

Winston Churchill. A democracy will defend itself by the virtues of its own institutions. Otherwise, no army can protect it long.

by Peter Edson

Early last January, the President decided to name McCabe to the vacancy caused by Ransom's death, and make him chairman.

McCabe said he wanted Szymczak to be his vice chairman. The President crossed this up. There was a delay of a week or so in telling Eccles he was to be demoted.

There are three other members of the board—Ernest C. Draper, Washington manufacturer, R. M. Evans, an Iowa farmer, and R. S. Szymczak, Chicago banker.

FUNNY BUSINESS

BY HERSHBERGER
"Come to give you a checkup—I understand you're presidential timber!"

OFFICE Nurse

By Adelaide Humphries

THE STORY: Janice Hilary, pretty, efficient young nurse in popular and handsome society doctor's office, has a crush on Albie for him. Eric and Janice have fallen in love—although Eric already has a wife (who he swears and Janice has a boyfriend (Eric Archer). They continue on formal terms with each other.

"I wonder if anyone can be happy when it makes someone else unhappy? Was I looking at you, Jan? I didn't know I was. I was just thinking."

"I'm glad you haven't a headache," the other girl returned. "I'm glad, too, that you aren't coming down with a cold. Miss Hilary, well—her ordinary face was still somewhat flushed, her cheeks blue eyed wide and wistful—"I'll say good night then. Got to be running along. I'm meeting the boy friend tonight and he gets mad as hops when I keep him waiting."

Janice found that her voice, as with Miss Willows, was sharper than she meant it to be. "I said so, thank you. I haven't a headache," she added, a little less irritably.

"I'm glad you haven't a headache," the other girl returned. "I'm glad, too, that you aren't coming down with a cold. Miss Hilary, well—her ordinary face was still somewhat flushed, her cheeks blue eyed wide and wistful—"I'll say good night then. Got to be running along. I'm meeting the boy friend tonight and he gets mad as hops when I keep him waiting."

"I'm glad you haven't a headache," the other girl returned. "I'm glad, too, that you aren't coming down with a cold. Miss Hilary, well—her ordinary face was still somewhat flushed, her cheeks blue eyed wide and wistful—"I'll say good night then. Got to be running along. I'm meeting the boy friend tonight and he gets mad as hops when I keep him waiting."

Miss Hilary, well—her ordinary face was still somewhat flushed, her cheeks blue eyed wide and wistful—"I'll say good night then. Got to be running along. I'm meeting the boy friend tonight and he gets mad as hops when I keep him waiting."

POLITICAL PICKLE

WASHINGTON (NEA)—By shuffling chairmanship of the Federal Reserve Board of Governors from Marriner Eccles to Thomas E. McCabe of Philadelphia, reducing Eccles to the vice chairmanship, President Truman has put the board in a political pickle.

The President's refusal to explain his moves has only heightened speculation in congressional and banking circles. No one questions the President's right to appoint whom he chooses. But this is also public business. And with threats of more serious inflation still facing the country, the need for keeping the Federal Reserve Board on an even keel is now more necessary than ever.

First name that strikes the eye is that of Commodore James K. Vardaman Jr. It will be recalled that Vardaman—one of the Missouri boys—had been Truman's naval aide. He was appointed to Federal Reserve Board in January 1946, but was not confirmed until March, 1946.

# Harvesters Hand Sandies First Loss in District 1-AA Competition at Amarillo

By BILL BEHRMAN

A Pampa Harvester 43-to-40 win over the Amarillo Golden Sandies in the Army Saturday night in Amarillo ended an Amarillo home game win streak at 33; gave the Sandies their first set-back on their home court in District 1-AA competition since the present district setup was organized seven years ago; and kept the Sandies from finishing the season with a perfect conference record.

The Sandies took the initial lead in the ball game with a tip by Sharp but throughout the first quarter, in which the lead changed three times and the score was tied once, neither team led more than a three-point advantage at the end of the first quarter. Scores at the end of the first quarter: Amarillo 8, Pampa 6.

The lead in the second quarter changed five times with the Sandies gaining their largest margin of four points by a set shot by Bobby Farrar in the second seconds of the quarter. With the score 16 to 15 in favor of the Sandies with only a minute left in the first half George Gamblin scored a two-pointer and Jimmy King a charity toss to put the Green and Gold cagers ahead 18 to 16 at the half.

The third quarter was dominated by Harvester scoring with the Harvesters gaining a 10 point lead three times throughout this quarter. "Arkie" Miller, who probably turned in his best performance of the year in this game, accounted for seven of the Harvester 17 points during the quarter, with Davis scoring four, Hernandez two, King two, and Gamblin two.

Bill Bybee, lowering Sandie center, kept the home team within range of the Harvesters by scoring 15 of his 16 points during the final half. It was Bybee's four points in the final minutes of the Harvester-Sandie game of two weeks ago that gave the Sandies a 40 to 39 win.

The Sandies despite their loss to the Harvesters Saturday night will represent this district in the bi-district play-off against Graham sometime during the next ten days. The winner of the series will receive the right to play the state tournament to be held in Austin, March 3-6.

Being knocked from the league perch by the Sandies, and then knocked out of the top picture by Lubbock, the Harvester victory meant a lot to the squad, Coach Clifton McNeely and Harvester followers.

However, it does leave this question in the mind of all the above-mentioned: Is the best team representing the district in the play-off?

By the differences in scores the Harvesters hold a two point margin. In both games, the Harvesters out-shot the Sandies except from the free throw line. In the first game, the McNeely coached cagers rang in 15 field goals; the Sandies 14, and Saturday night the Harvesters accounted for 16, the Sandies 14.

The Harvesters completed their schedule with an impressive record of 23 wins and two losses, including a consecutive winning streak of 21 games.

The Sandies completed their regular season's schedule with a record of 19 wins and five losses.

Box Score

Pampa (43)	FG	FT	PF	TP
Davis	2	1	1	7
Miller	4	1	2	13
King	1	3	4	4
Hernandez	2	2	3	8
Gamblin	2	2	6	8
Laffoon	0	2	1	2
Parker	0	0	0	0
Brannan	0	0	0	0
Total	16	11	15	43

Free throws missed: Davis 1, Miller 2, King 2, Hernandez 2.

Amarillo (40)	FG	FT	PF	TP
Walton	3	2	4	8
Sharp	2	1	4	5
Ellis	0	0	1	0
Bybee	0	0	0	0
Wilson	0	0	0	0
Farrar	2	1	5	7
Brannan	0	0	0	0
Total	14	12	14	40

Free throws missed: Walton 2, Sharp 1, Wilson 1, Farrar 1, Brannan 1.

Half-time score: Pampa 18, Amarillo 16.

Officials: McSpadden and Tucker.

TCU to Hold Football Clinic February 27-28

NEW YORK (AP)—Lou Little, football coach at Columbia University for the past 18 years, said Saturday he had turned down an offer to become head football coach and director of athletics at Yale University.

Late this week Little returned from Washington, D. C., where he conferred with Gen. Dwight D. Eisenhower, president-elect of Columbia.

In making known his decision, Little said in a prepared statement that "I feel that I want to be a part of Columbia's future."

FALON IS WINNER  
ARCADIA, Calif. (AP)—Talon won the \$80,000 San Antonio Handicap over 17 rivals at Santa Anita Park yesterday before 85,000 fans.

BOWLERS HARDY LOT  
BLUFFTON, Ind.—Orlen Sutton next day Sutton learned that he had a broken big toe. Snyder found that his finger was broken.

Streetcar Traded For Bus 'Desire'  
NEW ORLEANS (AP)—Instead of a "streetcar named Desire," it soon will be a "bus named Desire."

The old-time trolley which was brought to fame by Tennessee Williams' Broadway play will be supplanted soon by a modern bus. Approval of the change was given by the city commission.

## Oilers Open April 21 With Borger

LUBBOCK, Tex. (AP)—The West Texas-New Mexico Baseball League will open its 14th season on April 21 and close Sept. 6. At the annual meeting of the class C league here yesterday, the schedule was adopted and the club salary limit raised from \$2,800 to \$3,200 per month. Owners also voted to carry 16 players on each club instead of 15.

A resolution honoring the memory of Sam Rosenthal, late owner of the Lubbock Hubbers, was adopted. It paid tribute to Rosenthal as one of the pioneers of the league.

R. L. Edmondson, Pampa club owner, was elected vice president to succeed Dr. S. Z. Frazier of Lamesa, who sold his interest in the Lamesa club to Dan Y. Davis.

A conference in Amarillo about March 15 will be held to discuss rules and policies of the national association of professional leagues. Larry Larsen, son-in-law of George Trautman, president of the National Association and from the Columbus, Ohio, general office, also introduced to directors as general manager of the Lubbock club.

Trautman gave Larsen a leave of absence to aid Mrs. Rosenthal in operating the Hubbers.

This year's schedule was adopted to have the same series and pairings, thus making the Pampa Oilers open against the Borger Gassers in Oiler Park, Wednesday afternoon, April 21.

Clubs will be allowed to carry 19 players the first 15 days of the season, but after that they must cut their squad to 16 men to conform with the player rule which states that each club must carry at least four rookies and not more than five class men.

Oiler Manager Grover Seitz announced at the meeting that Oiler training for the local club will begin March 28, and that tentative dates for nine exhibition games have been arranged. Two of these games will be played at Oiler Park, but the remainder will be on the road to give the Oiler team the advantage of playing further South before the season opens, enjoying what is hoped to be warmer and more suitable weather.

The games are Apr. 4, Lubbock, there; Apr. 8, Clovis, here; Apr. 11-12, Borger, at San Angelo; Apr. 13, Abilene, there; Apr. 15 Lamesa, there; Apr. 16, Lubbock, there; Apr. 17, Clovis, there; Apr. 18, Amarillo, there; Apr. 19, Amarillo, here.

Making the trip from Pampa to Lubbock for the meeting was R. L. Edmondson, Grover Seitz, R. L. Edmondson, Jr., Frank Stallings, club business manager, and Bill Behrman, sports editor of The News.

## Assault 7-5 Choice to Win Widener Cup

MIAMI, Fla. (AP)—King Ranch's Assault today became a 7-5 choice for the mile and a quarter \$50,000 added Widener Handicap at Hialeah Park Saturday, replacing Calumet Farm's Armed as the favorite.

Odds-makers, impressed by Assault's victory in a seven-furlong tuneup Saturday, jumped odds on Armed from even money to 9-to-5.

Armed, winner of the Widener in 1946 and 1947, finished third behind the 3-1 shot, El Mono, and Riskolater, in the McLennan Saturday and Calumet General Manager Ben A. Jones said, "he's not himself."

A check revealed Armed came out of the race all right, but his handlers admitted it was "a hard race" for the seven-year-old gelding.

Assault, seeking revenge for the defeat by Armed last September in the Belmont special, also came out of Saturday's Minors Purse event without mishap.

The triple crown winner was "dead right" Saturday and was impressive in scoring a neck victory over Mrs. Helene K. Haggerty's Rampart.

Jockey Warren Mehrtens said Assault "could have won by as far as I wanted him to."

## Demaret, Mangrum to Meet For Valley Championship

MARLINGEN (AP)—Those old Texas boys, Lloyd Mangrum and Jimmy Demaret, who are one-two in the money-winning parade of golf this year, meet today for the championship of the Lower Rio Grande Valley Open Tournament. First place pays \$2,000 and second \$1,400.

Debonair Lloyd and fashionable Jimmy battled to a tie for first place yesterday each registering 269 for the 72 holes. This was 15 strokes below par for the 6,045-yard course. Their play-off today is 18 holes.

Demaret, registering from Ojai, Calif., had 65-64-72-68 for the four rounds and Mangrum from Chicago, 66-65-63-73.

Coming into the last hole, Mangrum appeared to have first money in the bag. Demaret already had finished and Mangrum needed only a par on the 18th to take the title. But his second shot hit on a downgrade in the fairway and in trying to get out Mangrum topped the ball. He had to use another shot to get on the green, where he missed a 12-foot putt. He went one over par.

Playing with Mangrum were Clayton Heafner, from Charlotte, N. C., and Al Smith of Winston-Salem, N. C. On the green Smith had a 15-foot putt that would give him a tie for first, Heafner was father away—about 30 feet. If he sank his putt he also could deadlock for the top. But both missed their putts, and tied for third place at 270.

Ky Laffoon of St. Andrews, Ill., wound up in fifth spot with 271. In a tie for sixth were John Palmer of Baden, N. C., the pre-tournament favorite, and Cary Middlecoff of Memphis, Tenn., with 273 each.

Most of the professionals left today for New Orleans where an open tournament starts Thursday. With them was George Schmitter of Ogden, Utah, the new "czar" of golf. In settling dickering among the pros over the rules of play while they were in the tournament here, the PGA members voted Scheiter full authority to make all decisions with no appeal from his rulings.

## Cottonseed Output Up Higher This Year

WASHINGTON (AP)—The census Bureau reported last week that cottonseed crushed in the six month period Aug. 1 to Jan. 31 totaled 1,115,984 tons, compared with 766,753 tons in the corresponding period a year ago.

NEW YORK (AP)—There are 12,485 fire alarm boxes in the City of New York.

Herve Wilkin of Montreal puffs home first in sub-zero weather to win the mile event at Ottawa's International Snowshoe Convention.

Consolidated on hand at mills Jan. 31 totaled 1,115,984 tons, compared with 766,753 tons in the corresponding period a year ago.

## Semi-Finals and Finals in State Gloves Meet Tonight

FORT WORTH (AP)—Championships will be on the line tonight as the state golden gloves fight tournament swings into its climax.

Semi-final bouts will be un-reeled first, then victors will return to determine titles in all divisions.

Top bout of the evening apparently will come in the semi-final division of the middleweight class. Defending champion Tommy Barron of Dallas takes on Beaumont's knockout artist, J. W. Blankenship.

Barron put one opponent away in just 54 seconds, while neither of Blankenship's two foes have lasted more than two rounds.

In the heavyweight division, Harris Stageberg, former Iowa football player representing the Beaumont team, was given a new lease on title hopes.

L. G. Haak of Lufkin, who defeated Stageberg 5 rounds ago, will meet William Worley of San Angelo in one bout and Stageberg and Austin's David Lackey will meet in the other heavyweight fight.

Dallas and Beaumont top the contest for team honors. Each has four fighters remaining in the tournament. Any more victories by Stageberg however, will not count toward the team trophy.

San Antonio, El Paso and Fort Worth each have three men remaining in the tournament.

About 20 million cow hides are used each year by the U. S. leather industry.

TEXAS JUNIOR GOLF TOURNAMENT SET  
SAN ANTONIO (AP)—The 22nd annual Texas Junior Golf Tournament has been set for July 12-16, inclusive, at the Bracketridge Park Golf Course here.

Robertson Returns to Longhorn Track Team  
AUSTIN, Tex. (AP)—The return of broad-jumping star John Robertson this year is expected to bolster the Texas Longhorns track team in the field events, where they have been woefully weak.

Robertson, who was ineligible last year, placed second in the Senior AAU broad jump and is a former NCAA champion. He won the title in 1946 with a leap of 24 feet 10 1/2 inches.

Last year, Texas bowed to Texas A and M in the conference meet (Abilene Region) and John Williamson, 178, Stephenville (Brownwood Region).

Sgt. Hugh Garland, 176, Fort Worth, vs. J. D. Kirkpatrick, 171, Lubbock.

Heavyweights: Charles Simmons, 196, Dallas, vs. William (Red) Worley, 176, San Angelo (Abilene Region).

Harris (Bud) Stageberg, 206, Beaumont, vs. David Lackey, 180, Austin.

Bill Maxwell, Abilene, is defending champion. The winner this year will be eligible to compete in the Hearst National Tournament in Boston during August.

# Dollar-for-dollar you get most value in a KAISER or a FRAZER!

The Kaiser and the Frazer make it easy to decide where your dollar goes farthest in a motor car. Because K-F's style leadership is so generally accepted, your investment in a Kaiser or a Frazer is protected against obsolescence — for years!

Take riding comfort. K-F's Gliding Ride — one of many advantages of 100% postwar design — goes unchallenged for smoothness and softness.

Take economy and performance, again K-F's up-to-the-minute engineering provides a matchless combination!

THE PRAMIUM IS YOURS—IN BEAUTY!  
GRAND PRIZE  
Own a Kaiser or a Frazer and you own a design that is years ahead! It means more pride of ownership now — and more protection for your investment in the future. K-F cars need no changes to bring them up to date!

THE EXTRAS ARE YOURS—ON THE INSIDE!  
Be seated, please—in a Kaiser or a Frazer. You'll find extra comfort in seats two inches more than five-feet wide! You'll find extra quality and distinction that will make you proud of upholstery and appointments.

THE BONUS IS YOURS—IN ECONOMY!  
When you first streak away in a Kaiser or a Frazer you'd never guess you were driving one of the most economical cars on the road! Take the trip you know best — and you'll find power and gasoline both to spare!

THE TIP IS FROM US TO YOU!  
Don't wait! You will never get more for your old car or more in a new car than you can get by trading for a Kaiser or a Frazer today! We are ready and eager to prove that dollar-for-dollar we will give you most value!

BOTH CARS ARE SERVICED WITH GENUINE FACTORY PARTS, WHEREVER YOU GO, BY ONE OF THE 4 LARGEST AUTOMOBILE DEALER ORGANIZATIONS IN THE WORLD

Hear Newscope with Wendell Noble, 4 times weekly over Mutual

YOU PAY THE REGULAR PRICE • NO TRADE-IN NECESSARY HIGHEST ALLOWANCE ON YOUR OLD CAR • IMMEDIATE DELIVERY!
