

# Texas As A Nuclear Hub

AUSTIN (UPI) — Gov. Price Saturday appointed a new member Texas committee on atomic energy and said the state would become a major center for nuclear activity.

Price cited increasing activity and application of nuclear energy in Texas, particularly in atomic energy, research and development.

The governor said Texas ranks nationally in the number of atomic licenses. "Our many nuclear interests in industrial, agricultural and other fields are alert to the beneficial use of nuclear energy," he said. "Texas should not become a major center for nuclear activity in the years ahead, and wholeheartedly support the development of atomic energy and applications in every field of endeavor."

Daniel said the job of the new committee will be to advise him and state and public groups and agencies on developmental and regulatory action that can be taken.

Named to the committee were: Frank Norton, Dallas attorney; John C. Alfred, University of Houston; Rushton L. Taylor, Dallas banker; Dr. A. P. Sel, Dow Chemical Company;

## Russ Press Plays Down U.S. Feat

MOSCOW (UPI) — The feat of the U. S. Pioneer V sun satellite was relegated to the back page of most Russian newspapers Saturday.

Headlines stressed that Russia was far ahead of the United States in the weight of its solar-orbiting Sputniks.

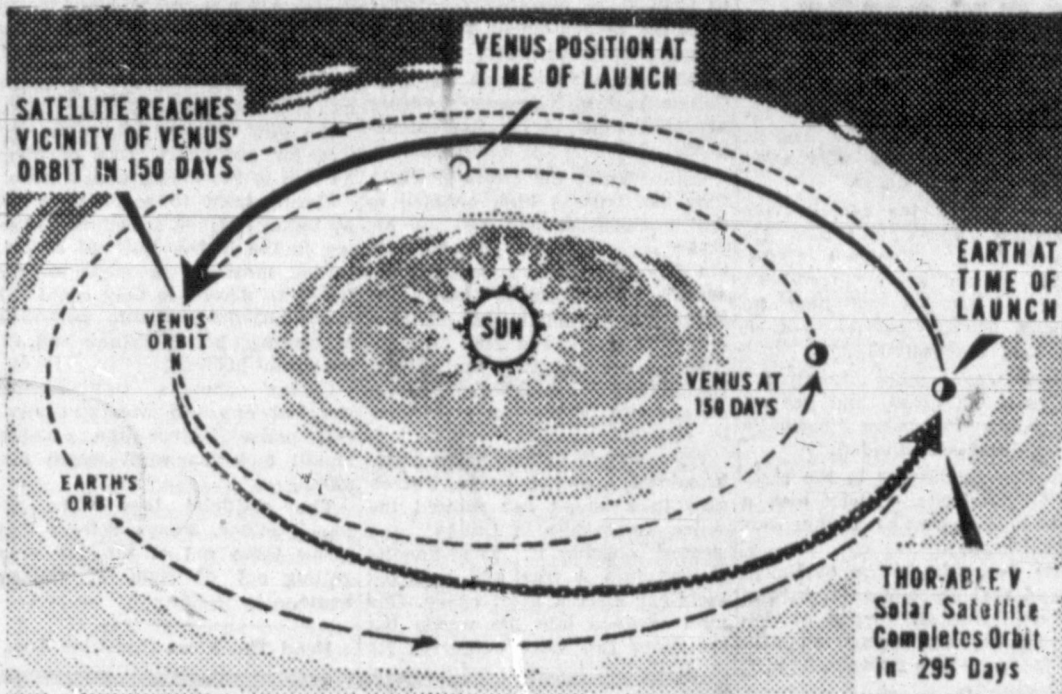

Almost all the newspapers ran a 250-word New York dispatch of the Soviet news agency Tass quoting United Press International on details of the orbiting of the new sun rocket.

Both the Communist Party paper Pravda and the government newspaper Izvestia based their headlines on a calculation that Russia's first Sputnik sun satellite outweighed the earlier launched and still orbiting U. S. Pioneer IV by 240 to one.

"The Soviet Union leads 240 to one," Pravda and Izvestia noted.

A Soviet scientist, meanwhile, said that man could create a Saturn-like ring around the earth, bringing "everlasting summer" to large areas of the northern hemisphere.

# Pioneer V Races Past Orbit Of Moon, Forges Steady Path Toward The Sun

INTO ORBIT — Newsmag spots the path expected to be taken by a beachball-sized satellite, the Pioneer V, that was blasted into orbit around the sun inside the orbit of Venus and the Earth. The 94.8 pound satellite was launched from Cape Canaveral, Fla., aboard a Thor-Able rocket.

WASHINGTON (UPI) — America's Pioneer V satellite raced past the orbit of the moon Saturday and forged steadily on course toward the sun in a path-finding flight for future space travelers.

The 94.8-pound aluminum space laboratory, sending super-long distance calls back to earth while exploring the void between Earth and Venus, intercepted the lunar orbit at 3:39 p. m. EST.

"Space technology laboratories at Inglewood, Calif., which built the paddlewheel vehicle, and the National Aeronautics & Space Administration (NASA) here said Pioneer V was 236,000 miles from earth at that time.

The satellite passed the moon's orbit about 32 hours after being launched Friday at Cape Canaveral, Fla. The beachball-sized artificial planet, carrying the most powerful radio transmitter ever sent into space, radiated "loud and clear" signals to advise scientists of its progress and of its instruments' discoveries.

The data will provide clues to what man must surmount if he is some day to achieve interplanetary travel.

At 5:05 p. m. EST, NASA calculated that Pioneer V was 245,070 miles from earth and traveling at 6,348 miles per hour above the Pacific Ocean some 750 miles from the coast of Peru. The moon's distance from earth ranges between 221,463 and 252,710 miles.

NASA estimated that at 13:05 a. m. EST Pioneer V would be 292,080 miles from earth, coursing at 4,219 miles per hour, and at 8:05 a. m. EST Sunday would be 338,590 miles from earth, at 6,127 miles per hour.

The satellite's radio signals, called in after periodic rest for its 150 watt transmitter, were being controlled and received by U. S. scientists at a giant transmitter station at Jodrell Bank, near Manchester, England.

They said that at 10:30 a. m. EST they triggered a "loud and clear" half-hour transmission, longest so far, when the space-flying sphere was "on course" 190,000 miles away. A University of Illinois professor at Champaign reported excellent 15-minute reception when Pioneer V was 135,000 miles away Friday night.

It will take time, in some cases weeks or more, for "electronic brain" machines to compute and for experts to analyze the reports. They will give man his first detailed data about vast magnetized (See PIONEER, Page 2)

BETTER THAN NONE — Elaine Brink, 9, sits at her desk in the Tandy Elementary School in Dallas wearing her 25-foot "rope fire escape." The rope is a safety device by her mother who discovered the school has no fire escape for its second floor. Mrs. Brink said she telephoned the fire marshal two weeks ago, but nothing came of it, so she provided her own fire escape for her daughter and instructed her how to use it.

## Shamrock's Day In Sun Next Thursday

Next Thursday is the biggest day of the year in Shamrock.

Each St. Patrick's Day this year, 2,500 people will go to the National Gaiety dinner at the National Guard Armory.

Sol Blonstein, general chairman of the first St. Patrick's Day celebration in Shamrock in 1938, will be toastmaster. He is now a candidate for mayor and will lead the wearing of the green.

Some 40 floats will highlight an hour-long parade on March 17, the great day. Drill teams, marching bands and comic entries will spice things up.

Texas coffins representing a score of communities in the area will grace the floats and compete for the title of "Miss Irish Rose." Official hostess is this year's Miss Shamrock, Frances O'Gorman.

Afternoon events include an old-fashioned square dance, square dance exhibitions and band concerts. A matched cat roping at the rodeo arena will be sponsored by the Shamrock Sheriff's Posse at 1:30 (See SHAMROCK, Page 2)

## Father Kills Girls Tending Children

LINTINGTON, W. Va. (UPI) — A 22-year-old father gunned down his two young girls Saturday while they were tending to their children because he "felt they were in the way."

The father, 29-year-old, was captured in a police block here early Saturday "admitted killing Linda and Qualls, 12 and 13-year-olds, in his home Friday night. The victims were shot in the head with a .22 caliber rifle. Penny was dead on arrival at Cabell Hospital. Linda died an hour later. The girls were being choked by Warth when he shot them. A post-mortem stated neither girl had been sexually abused although the clothing of one had been removed.

The only explanation police got from Warth for the twinning was that he just "felt like to do it." But a check of his record revealed Warth had a ground of impulsive act. He was arrested in Cincinnati for throwing a chair through a window.

# Voting Rights Bill To Be Tested By House

## Moderates, Dixie Bloc Reach Accord

WASHINGTON (UPI) — Pro-civil rights forces in the House reached agreement with Southern opponents Saturday to curtail debate and start voting Monday.

Speaker Sam Rayburn predicted the pending voting rights bill will be passed and sent to the Senate next Thursday.

Senate Republican leader Everett M. Dirksen (Ill.) said it was "increasingly clear" that the Senate, deeply embroiled in a civil rights talkathon that began four weeks ago, will accept the House bill in tact and forward it to the White House.

Indications after a closed-door huddle in Rayburn's office Saturday were that the bill to be passed by the House will fill a prescription written earlier by Senate Democratic leader Lyndon B. Johnson (Texas). This called for a "good, moderate civil rights bill," probably to be confined mainly to voting guarantees of Negro voting rights in the South.

Attending the session, in addition to the Speaker were House (See VOTING, Page 3)

# NATO Alliance Gives Approval To 3-Stage Disarmament Plan

PARIS (UPI) — The 15-nation NATO alliance gave "complete approval" Saturday to the West's three-stage disarmament package plan that will be presented to a 10-nation East-West conference in Geneva next week.

A NATO spokesman said the Atlantic alliance pledged "complete sympathy and support" for the Western plan at a meeting of the NATO permanent council in Paris.

The plan, drafted in Paris by chief negotiators from the United States, Britain, France, Italy and Canada, will be presented to a five-nation Soviet bloc delegation at the Geneva disarmament talks beginning Tuesday.

Among its key features are establishment of an international disarmament organization to police all stages of an accord to cut troops and arms and creation of a world police force to keep the peace after both Russia and the West have disarmed.

The NATO action coincided with these other developments: —President Eisenhower, in a (See PLAN, Page 3)

## On Eve Of Geneva Talks

### Ike In Plea To Halt Arms Race

WASHINGTON (UPI) — President Eisenhower called Saturday for all-out East-West efforts to agree on a foolproof plan to halt the global arms race.

At the same time he warned against expecting "dramatic" progress at the 10-nation disarmament conference with Russia beginning in Geneva Tuesday.

The President pledged that the United States would "explore every possible avenue" toward safeguarding arms agreements to cut military manpower and weapons and lessen the danger of nuclear war. But he also made it clear that the United States would not accept Soviet Premier Nikita Khrushchev's grandiose plan to abolish all armies without any system of control and inspection to enforce it.

Eisenhower called on the Geneva conference—at which the Soviet Union and four of its satellites will face five Western powers—to "discharge its solemn obligation to mankind" by hammering out some chest-proof steps along the road to "general disarmament."

His views were set forth in a letter to New York lawyer Fredrick M. Eaton who will head the U.S. delegation. Meantime the five Western nations to be represented at Geneva—the United States, Britain, France, Canada and Italy—won NATO approval of the sweeping three-stage disarmament plan they will present.

"We must not be pessimistic because of the lack of success in past disarmament negotiations," (See ARMS, Page 3)

## Policy On Meetings By Board

The Pampa Board of Education issued a statement Saturday regarding its policy concerning open school board meetings.

The statement reads: "Last Thursday, March 10, there appeared on the front page of The Pampa Daily News an editorial entitled 'Your Right to Know.' This editorial questioned certain actions of the Pampa School Board. We certainly agree with the statement that you have a right to know, and for this reason we, the entire membership of the board, wish to make the following clarifying statement:

"It is a policy and practice of the board to hold public meetings and to hold these meetings when every member can be present. Every member of the board wholeheartedly subscribes to this policy. There are, times, however, which are the exception and not the rule, when in dealing with personnel problems and with problems concerning specific children that your board feels such matters can be more frankly discussed in executive session.

"An ill-advised or wholly unjust complaint or statement must not be permitted to embarrass or harm unjustifiably a school child, parent or employee. We, being your duly elected representatives, feel that you approve of handling such matters in executive session.

"The regrettable necessity of holding meetings to discuss delicate human problems without press coverage is recognized by elected and appointed administrative bodies from the President of the United States and his cabinet on down. On all other matters you may rest assured—your school board holds sacred 'Your Right to Know.'"

## Mistrial Declared Finch-Tregoff Jury Dismissed

LOS ANGELES (UPI) — Judge Walter Evans declared a mistrial Saturday in the case against Dr. R. Bernard Finch and Carole Tregoff after the jury reported it was unable to decide whether they were innocent or guilty of murdering the surgeon's wife.

Judge Evans dismissed the jury after a trial that began Dec. 8 and had seen both Finch and Carole protest their complete innocence in the killing of Mrs. Barbara Jean Finch last July 14.

The judge told the jury they would probably be a second trial and he cautioned them against discussing the case with anyone lest they make it even more difficult to find unbiased jurors.

He scheduled next Thursday for the setting of a new trial date.

Finch's attorney, Grant Cooper, quoted the doctor as saying "I'm disappointed."

Miss Tregoff, unable to contain her emotions, could say no words. The couple was led to the hall outside the courtroom, where they sat side by side in chairs, staring straight ahead at the wall in front of them. Carole sobbed softly.

Judge Evans praised the jury.

## Three Hurt In Wreck On N. Hobart

A head-on collision on N. Hobart at 7:25 p.m. Saturday resulted in injuries to three persons.

Investigating police officers "Pat" Patterson and Floyd Strickland said a car driven by Albert Sidney King, 20, of 1140 Prairie Drive, was in collision with one driven by C. P. Buckler, 75, of 110 Buckler.

Buckler was taken to a physician's office for treatment, while King was treated at Highland General Hospital and released. Sue Armstrong, Pampa Trailer Court, was hospitalized with a possible broken ankle and abrasions. Her condition was reported as fairly good by Highland General attendants Saturday night.

A charge of driving on the left, not passing, was filed against Buckler.

## Adenauer Here For Top Talks

NEW YORK (UPI) — West German Chancellor Konrad Adenauer arrived in the United States Saturday night for "extremely important" pre-summit talks with President Eisenhower on the issues of divided Germany and the Communist threat to isolated West Berlin.

West German Ambassador to the United States Wilhelm Grewe and New York Mayor Robert F. Wagner's representative, James O'Brien, were on hand at Idlewild Airport to greet the 63-year-old chancellor.

## Faint Hope Held For Men Trapped In Fiery Mine Pit

LOGAN, W. Va. (UPI) — Workers directed a fan-forced flow of air through tunnels of the Holden No. 22 mine near here Saturday in a last-ditch attempt to reach 15 miners trapped for the fifth day inside a fire-swept pit.

Hopes for the lives of the entrapped men flickered.

Underground fires, touched off when a roof cave-in short-circuited a high voltage wire last Tuesday morning, flared anew despite tons of water poured onto the smoldering areas.

Flames, smoke and jostling fumes filled the entries to the underground rooms where it was hoped that the missing miners still survived.

Giant fans, mounted atop 485-foot shafts, pushed air into the mine.

If it comes from a hardware store we have it. Lewis Hardware. Adv.

## Bitter Cold Holds Grip On Virginia

WEST JEFFERSON, N. C. (UPI) — A mountain farmer walked out of the snowy hills Saturday and reported the entire community of Whitetop, Va., is blocked in by massive snow drifts and is without food.

Exhausted, blue with cold and soaked to the skin, the mountaineer, Fred Blevins, reached a National Guard rescue unit after walking 7 1/2 miles through six and seven foot deep snows from the Whitetop community, 35 miles north of here.

The National Guard unit was bogged down on a snow-covered road trying to reach Whitetop, a community of about 30 families located near Virginia's second highest mountain, 5,820 foot White Top on the North Carolina border.

"We ran out of food this morning," Blevins said. "The whole town has been stranded for four weeks. I had some gravy and biscuits for breakfast and that was all the food.

"I decided to walk until I reached help or until I just gave out," he said. "I didn't cuss the snow. I was afraid it would bring more."

Blevins came upon the National Guard unit by chance. It was (See COLD, Page 3)

## Dems Meet To Pick Site Of Convention

AUSTIN (UPI) — The State Democratic Executive Committee meets here Monday to select a June convention site, with Austin the probable choice.

The committee has designated Monday as "Mrs. Weinert Day" to honor former national committeewoman, Mrs. Hilda Weinert of Seguin, for her work in the party.

Executive committee sessions will start at 10 a. m. Monday. A reception honoring Gov. and Mrs. Price Daniel will be held Sunday night.

Daniel will address the executive committee during its morning session on Monday.

It's Heavy Campaigning Time

Texas Hopefuls Cut Dogwood Switches To Flay Opponents

By PAT CONWAY  
United Press International

The dogwood hasn't blossomed, but candidates are already cutting switches from the fabled political tree to take a few calculated swats at their opponents.

New Beauty College Opens Here Monday

Pampa College of Hair Dressing and Beauty Culture, 716 W. Foster, will have its formal opening Monday from noon until 10 p.m.

The college, owned by Mrs. Gladys Davies of London, England, is the largest hairdressing school in the state, covering 10,000 square feet. It features the latest equipment and is decorated in shades of pink, silver, and orchid.

Courses will be offered in manicuring, facial treatments, hair dressing, hair care, bleaching, coloring and permanent waving.

Mrs. Davies has studied hairdressing in London, Paris and New York and visits Europe frequently for latest styles. She will serve as educational director of the college.

The college will be open for public service Tuesday from 8:30 a.m. to 5:30 p.m.

The school and instructors are approved by the Texas State Board of Hair Dressers and Cosmetologists.

Mrs. Davies owns the Amarillo School of Hair Dressing and Beauty Culture also.

SHAMROCK

(Continued From Page 1)

p. m., with \$1,000 in prize money at stake for the man with the most Irish luck.

Ted Weems and his orchestra will present a variety show at the armory in the afternoon and play for dancing at night. Two other dances are on tap to entertain visitors—a western dance at the Community building and a teenage hop at the American Legion home.

Sure enough, March 17 will be the green-letter day in Shamrock.

Three Bandits Didn't Count On Ampulee's 'Extra' Leg

ROCKWALL (UPI)—Three bandits—two men and a woman—thought they left amputee James F. Collins, 38, practically helpless Saturday by taking his two artificial legs after robbing him.

But they didn't count on what Collins had in reserve—another artificial right leg in his smokehouse.

Collins broke the bonds in which they had trussed him, hobbled to the smokehouse and put on his other leg. Then he jumped into his pickup truck and went for the sheriff. The bandits had also stolen his automobile, his shotgun, his wrist watch and \$200 in cash. Within minutes after Collins notified Sheriff W. J. Price, the woman and one of the two men were in custody.

Price called Dallas police, who broadcast a pickup order. Patrolmen in a squad car spotted the stolen automobile in Dallas and started chasing it. The bandits plowed into a tree and wrecked their car after a short chase. One man escaped into the woods but the other two were captured. No charges had been filed against them.

Collins, a bachelor, lives on a ranch near Rockwall. His right leg had to be amputated after he was wounded in World War II.

Sheriff Price said the trio broke into Collins' home Friday night, woke him up and held him captive for six hours. One of them hit him in the mouth with a pistol.

Collins tried to scare them off by telling them a friend was coming to the house. But the bandits waited most of the night for the friend to arrive so they could rob him, too. They finally got tired of waiting, bound Collins and escaped in his car.

Collins' shotgun was in his wrecked car and was recovered. But police believe the escaped bandit took his wrist watch and \$200.

The artificial legs were not found, either. Police believe they threw them out of the car after getting out of sight of Collins' home.

# Many Texas Towns Show Growth Spurt

AUSTIN (UPI)—Small town populations less than 10,000 showed 17 which have doubled since the 1950 census. Current population estimates were furnished by city officials, the league said.

In the sampling, Deer Park had the largest growth, 579 per cent. The Houston suburb grew from 738 in the 1950 census to an estimated 5,000 in 1959.

Benbrook, a Fort Worth suburb, grew from 617 to 4,000 in that period, an increase of 548 per cent, the league reported.

The league said that in 1950 approximately 28 per cent of Texas municipal population was concentrated in cities of less than 10,000 population. Now, the league said, that percentage is lower "because of the concentrated growth in the larger cities."

The league estimated 50 per cent of the state's population lives in the 20 largest cities.

The 17 towns in the league's list which have doubled population in the decade include the following with present population estimate and percentage change since the 1950 census:

Richard Hills, 9,000, up 227 per cent; Angleton, 8,258, up 143 per cent; Silsbee, 6,500, up 104; Rockdale, 6,400, up 173; Deer Park, 5,000, up 579; Carrollton, 4,700, up 192; Plano, 4,500, up 112; Dainergfield, 4,200, up 149; Ingleside, 4,200, up 195; Benbrook, 4,000, up 548; Lewisville, 3,200, up 115; Dimmitt, 3,100, up 121; Friona, 2,500, up 108; Tomball, 2,500, up 133; Ross (Cameron county), 1,350, up 228; Bovina, 1,300, up 130 per cent.

# Kiwanians Hear Talk On Commies

Dean Kelly, described in an introduction as "a kilowatt peddler for Southwestern Public Service Company," was guest speaker at yesterday's meeting of the Pampa Kiwanis Club.

Kelly's address was titled, "Will the Communists Conquer America by 1973?"

He pointed out how the Communists "play up" insignificant happenings and build them into tremendous items of propaganda.

"We are worried about all South American Countries," he said. "The reason for this, is because the language most taught in Russia, besides Russian, is Spanish."

He said the Communists have big things planned for the world in 1973.

# School Officials Rehired At Groom

GROOM (SpI) — The entire 16-member faculty of the Groom school will return next term.

The Groom Board of Trustees, meeting Tuesday, rehired Superintendent W. G. Reno, Principal Alton Goodin and Grade School Principal Mrs. R. J. Foster.

# Awards Night

An awards meeting, to honor individuals and firms aiding last year's Gray County Muscular Dystrophy drive, will be held at 7:30 p.m. Wednesday in the American Legion Hall.

County chairman, Raymond Dalton, made the announcement Saturday.

# VOTING

GOP leader Charles A. Halleck (Ind.), Rep. Howard W. Smith (D-Va.), Rep. Edwin Willis (D-La.), and Rep. William M. McCulloch (R-Ohio).

Rayburn said agreement was reached to forego most of the allotted six hours and 12 minutes remaining for general debate on the bill. Instead, talk will be halted after two additional hours, starting at noon Monday, and the bill will be opened for amendment.

What other agreements or compromises may have been reached at the session was not disclosed. However, it was reported that an administration-losing referendum plan, which is expected to be approved by the House as part of its civil rights package, was under revision during the weekend to make it somewhat less obnoxious to Southern opponents.

GOP leader Halleck joined in Dirksen's forecast that the House bill probably will become the new law. The two leaders' comments confirmed what some members of both House and Senate had been saying privately.

Although contrary to custom, the Senate likes to make its own revisions in whatever the House sends over—this plan has a special appeal this time because it would avoid the necessity of sending differing bills to a House-Senate conference, with additional delays that could run into many weeks.

In contrast to the long drawn out Senate procedure, the House has spent only two days on the civil rights issue so far, and under Saturday's agreement total debate time will run just under 11 hours. However, additional debate can be conducted under strict time limitations on amendments as they are offered.

Marble Uses  
Atlanta — Marble can be ground as fine as flour and forms a base for rouge, toothpaste, paints, rubber and linoleum.

# On The Record

The Optimist Club's boys oratorical contest will be held Monday, March 21, at the Coronado Inn — not Monday March 14. It will begin at 7 p.m. A Ladies Night for Optimists and their wives will also be held in conjunction with the contest.

Open March 15th, new to used clothing shop. Bring your clean and pressed clothes. Let me sell them for you. 871 W. Foster. Long Reeves.

Dr. R. E. Thompson, Pampa Chiropractor, has been designated city-county posture chairman, Dr. Ann L. Hartfelder of Amarillo, district chairman, announced today.

Buy your lighting fixtures at wholesale prices at Brooks Electric, Berger Hi-way.

Miss Janis Dunnam, student at West Texas State College, is visiting with her parents this weekend, Mr. and Mrs. A. E. Dunnam of Leeper.

William J. Marsh Music Club will not meet today as previously announced but will meet next Sunday instead; the time and place to be announced later.

Mozart Music Club will meet 8 p.m. today in the home of Miss Sherry Warner, 1617 Duncan. Sonatina Festival Certificates will be awarded.

Misses Carol Smith, Genevieve Townsend, Joyce Stanley, Quinelle Archer, Nancy Fry, Billie Bledsoe, and Patty Hoover, members of Pampa High School Nurses Club were in Austin Friday and Saturday to attend the state convention of Future Nurses. They were accompanied by Mrs. C. C. Hoover and members of Gray County Medical Auxiliary.

Mrs. J. L. Love was honored with a surprise birthday party on Thursday evening in her home by a group of friends, Meses. Hallie Alexander, Monte Allison, Anna Balch, Leona Miller, Lona Webster, George Stors and Kermit Rascoe.

Anyone interested in joining the Top of Texas Ski Club are invited to attend an organizational meeting on Friday 7:30 p.m. in the home of Dr. J. B. Veale Jr., 2125 Main. Eligible. The group is being organized for adults as well as young people. Further information may be obtained from Dr. Veale or A. L. Smalley, Jr., 1720 N.

# Record Cold Grip Clamps Northwest, Plains States

New snows hampered food and fuel airlifts to stranded families in Dixie mountain areas Saturday, a record cold wave gripped the Northeast and a heavy snowstorm built up in the Plains States.

Spring officially was eight days away. It falls on March 20 this year.

But it was deep winter to more than 2,000 persons marooned by snow drifts up to 18 feet deep in the Blue Ridge Mountain country of Northwestern North Carolina and Eastern Tennessee.

Four inches of new snow fell in the mountain area early Saturday, and strong winds and blowing snow throughout the day delayed helicopters flying aid to the isolated families from West Jefferson, N. C.

In the northeast, residents shivered in some of the coldest weather of the winter. The mercury dropped to an unofficial 20 below zero at Cassadaga, N. Y. It was minus 22 at Waukena, N. Y., and 21 below at Arcade, N. Y.

For the third day in a row a low temperature mark was recorded at Rochester, N. Y. It was five below Saturday, three degrees lower than the 1885 record of 2 below.

The mercury plunged to an official 20 below at Pellston, Mich. Four inches of snow were forecast for the central plains area Saturday night and Sunday, with the heaviest falls expected in South Dakota, Nebraska, Kansas and Oklahoma.

In the Blue Ridge Mountains, rescue parties told of a few families being stranded in their isolated homes for as much as two weeks with dwindling fuels and only the skimpiest of food supplies.

National Guardsmen, Red Cross personnel and thousands of volunteers were beating through deep snows in rugged mountain areas to clear the way for a train expected to bring five car loads of coal. The train was derailed Friday on icy tracks.

Four weeks of heavy snows had blanketed some of the mountain areas with up to 41 inches. As many as 800 persons in the hilly farmlands depend upon wood for heat in their fireplaces, but the snows were so deep, only the most hardy could lay in supplies.

At Boone, N. C., 13 college students went through two miles of hip-deep snow Friday to rescue a man who had suffered a stroke. His wife had fractured her hip trying to summon help.

Mrs. Donna Davis, a widow, badly burned in a stove fire, lay without medical care for two weeks. Her five children had nothing to eat but cornmeal.

# No Fatalities In Gray County During February

The highway patrol investigated 11 rural traffic accidents in Gray County during the month of February, according to Sergeant E. G. Albers, Jr.

Sgt. Albers said there were five property damage accidents, and six personal injury accidents, but no fatal mishaps. The wrecks caused a total of \$6,795 in property damage and injured six persons.

The sergeant reminded motorists that Texas law requires all registered motor vehicles to have valid inspection stickers displayed by midnight, April 15.

"In addition, all trailers registered in Texas which exceed 4,000 pounds gross weight must be inspected," the Albers said.

The motor vehicle inspection program, since its inception in 1951, has reduced the state's traffic accidents by almost 10 per cent. Before the inspection program was started, mechanical defects in vehicles was a causative factor in 13 per cent of the state's accidents.

However, only four per cent of the traffic accidents are caused by mechanical defects now.

Sgt. Albers said that only 21 per cent of the vehicles in Gray County have been inspected, and patrolmen will be stopping all vehicles not displaying a valid sticker after the April 15 deadline. The best way to avoid the long lines expected in the last minute rush is to have your vehicle inspected now, he said.

# Tax Letters Mailed Friday

City Tax Assessor - Collector Aubrey Jones Friday mailed out approximately 2,500 letters informing residents that their property had been appraised for taxes for the current tax year.

The letter informs taxpayers of their opportunity to discuss assessments with the city in order to eliminate time consuming meetings with the board of equalization at a later date.

The letter reads: "The above mentioned property has recently been appraised by the Tax Department of the City of Pampa. This was done in order that same may be equal and uniform with valuations carried on similar properties throughout the city."

The letter concluded: "We wish to give you an opportunity to meet with the city tax department officials and discuss the assessed value in order that any errors may be eliminated, and if possible, save you time in meeting with the board of equalization. Therefore, if you care to give any additional information bearing upon the above assessment or ask any questions pertaining thereto, we invite you to visit the city tax department and discuss the complete appraisal."

The chameleon has bulging eyes that roll about separately in all directions, even backward.

# Pampa Club Wins Second In Contest

The Pampa Toastmasters Club won second place last night in an area speech contest held at the Berger Hotel. Competing clubs were from Pampa, Berger, Dumas and Booker.

Winning speaker was George Clay of Booker, whose topic was "Education Belongs to the States."

Second place went to Pampan Bob Swanson, speaking on "The Apathy of John Q. Public."

Third place was won by Fred Rowe of Berger. His subject was "A Most Unforgettable Character."

Awards were presented by K. A. Gordon of Lubbock, district governor.

Approximately 125 attended the event, preceded by a dinner at 7

# Fatally Burned

GROOM (SpI) — Mrs. L. L. Childress, Pampa, Calif., daughter-in-law of Mr. and Mrs. E. P. Jones, was fatally burned in a fire at her home Feb. 24.

Mrs. Childress, a native of England, was 38 years old. She is survived by her husband and two daughters, ages two and 13.

# Two-Day First Aid Course Slated

Stephen F. Austin Parent-Teacher's Association will sponsor a two-day first aid course on Monday and Friday of this week.

The course will be taught by Mrs. Donald Gray, 2236 N. Russell, in the Red Cross office in city hall.

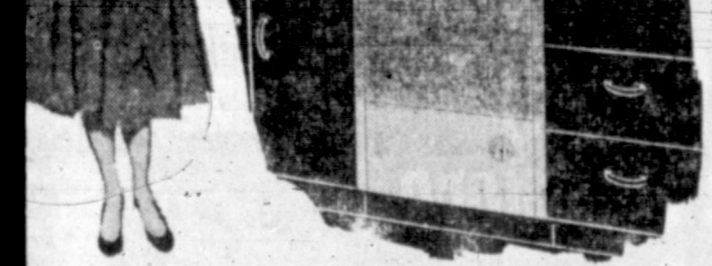

The 10-hour course will begin at 9:30 both days. All adults interested in first aid may take the course. Wives of members attended. Toastmaster for the night was John O. Lewis of Berger.

# Now a KitchenAid Automatic Dishwasher with minimum installation costs!

Now you can have an automatic home dishwasher... no matter what your installation problem might be. The new KitchenAid dishwasher "pump-out" and "Easy-Quick" installation meet all plumbing codes.

The dishwasher hot water line connects to the existing hot water line. When the wash and rinse cycles have been completed, a separate pump and motor unit empties the dishwasher through a connection just above the trap in the existing drain line. The new automatic "pump-out" and "Easy-Quick" installation meet all plumbing codes.

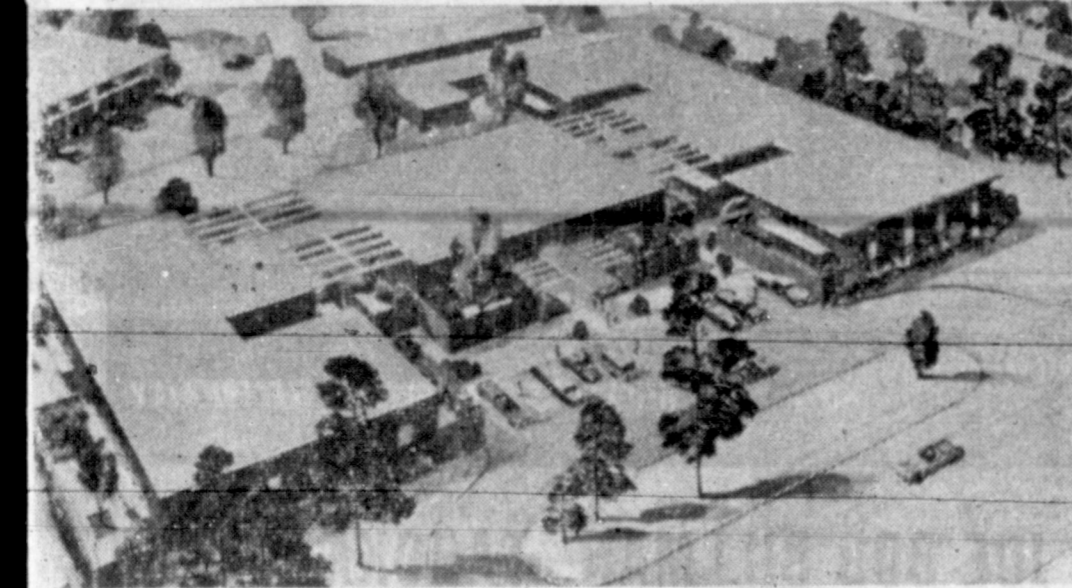

Available in three models, KD-11P undercounter, KD-21P free standing and KD-31P deluxe sink-dishwasher combination, the "Easy-Quick" models incorporate the same exclusive features that have made the KitchenAid standard models the favorite of America's housewives.

KitchenAid The World's Largest Manufacturer of Food, Kitchen and Dishwashing Machines.

# Top O' Texas Livestock Show Prize Animals Owners, Buyers

**GRAND CHAMPION BULL** — J. P. Calliham of Conway, left, consigned the grand champion bull at the Top O' Texas Hereford Breeders Sale last week. W. H. Cook of Quail, standing with Calliham, purchased the bull for \$1,750.

**GRAND CHAMPION PIG** — Leonard Keeton of Canadian, left, showed the top pig in the Top O' Texas Livestock Show. He is pictured with the purchaser of the animal, Earl Barnett of Furr Food Store. The 207-pound pig brought \$1 per pound.

**GRAND CHAMPION FEMALE** — J. P. Calliham of Conway, center, who showed the grand champion Hereford cow in the Top O' Texas Hereford Show last week, is pictured with the purchaser of the animal, W. H. Cook of the Cook Cattle Co., standing to the right of Calliham. The animal brought \$600.

**RESERVE CHAMPION CALF**—Garland Sell of Perryton, right, is shown at the halter of his reserve champion calf in the TGT Junior Livestock Show. C. R. Ammerman, Kisse Ford Co., at left, purchased the calf for 50 cents per pound. The animal weighed 926 pounds.

**RESERVE CHAMP PIG** — Dan Witt of Perryton, owner of the reserve champion fat pig, is pictured above with the purchaser, C. R. Cotter of the Cotter Building Co., Panhandle, who purchased the animal at 75 cents per pound.

**Threat Of Death To Mrs. Roosevelt**  
BRADENTON, Fla. (UPI)—A telephoned threat on the life of Mrs. Eleanor Roosevelt was made Friday night shortly before she was to speak at a Democratic dinner in Sarasota, Fla.  
Mrs. Roosevelt was resting at the home of State Sen. Ed Price...

**Quotes In The News**  
United Press International  
CAIRO — Evangelist Bill Graham during services in the open desert near the pyramids of Giza:  
"Christ preached in the desert. We pray in the open desert to night-like disciples of Christ."  
PEARL HARBOR — Navy cook Lozia C. Rayford who volunteered to make borscht and beef stroganoff for four Russians rescued from mid-Pacific where they were adrift in a boat for 49 days:  
"I want them to feel welcome and I like to cook different dishes."  
HOLLYWOOD — Producer actor Alan Ladd commenting on the trouble the actors' strike has caused his million-dollar movie:  
"It is quite possible 'One Foot In Hell' may never be finished."  
WASHINGTON — Israeli Prime Minister David Ben-Gurion expressing hope Egypt would come to live in peace with its neighbors:  
"If only they would apply their energies to that and not to negative objectives, such as making war and dominating other peoples."  
**Cotton Allotment Selections Due**  
Miss Evelyn J. Mason, manager of the Gray County Agricultural Stabilization and Conservation office, reminds cotton producers that March 16 is the final date to select the choice "B" cotton allotment for 1960. Written notice must be filed if the choice "B" cotton allotment is desired, but no notice is necessary if the choice "A" allotment is chosen, according to Miss Mason.  
In order to fully protect cotton history for future allotment, it is necessary that either 75 per cent of the cotton allotment is planted in 1959 or at least 75 per cent of the allotment is released. The future cotton allotment will be effective live in peace with its neighbors: "If only they would apply their...

## Lenten Message States That Human Nature Holds Constant

By the Rt. Rev. Msgr. Joseph J. Holleran, Director of the Family Life Program, Catholic Archdiocese of Milwaukee. Written for UPI

Human nature has not changed essentially through the centuries. When Christ walked among men, He found the same drives and motives as we see today. There were the time servers, the opportunists, with a genius for turning people and circumstances to their own advantage. There were the followers who did no thinking for themselves, but "ran with the hare and howled with the hound." There were also men of integrity who knew that, unless they could live with their own conscience, they could not live happily at all. To them, moral issues did not change to suit expediency and comfort. They would rather walk alone than stultify their intelligence and compromise their conscience by taking the easy, the wrong and the popular way.

### \$403,000 Loaned For Watersheds

During the 1959 fiscal year the Farmers Home Administration loaned \$403,000 for small watershed development projects. This is a new service rendered by FHA and is designed to finance projects that protect and develop land and water resources in small watersheds.  
Loans may be made to install facilities to convey and store irrigation water, stabilize annual stream flow, store water for municipal water supply, recreation, fish and wildlife improvement and similar purposes.  
The loans are made to eligible local organizations such as soil conservation districts, irrigation districts, and flood prevention or control districts. Repayment terms are up to 50 years.  
Loans are made only for watershed projects approved by the Soil Conservation Service.

### STAMPS FOR CASH

SYRACUSE, N.Y. (UPI) — The local Kennedy-for-President Club announced today it will give trading stamps in return for campaign contributions.

### STIFF SENTENCE

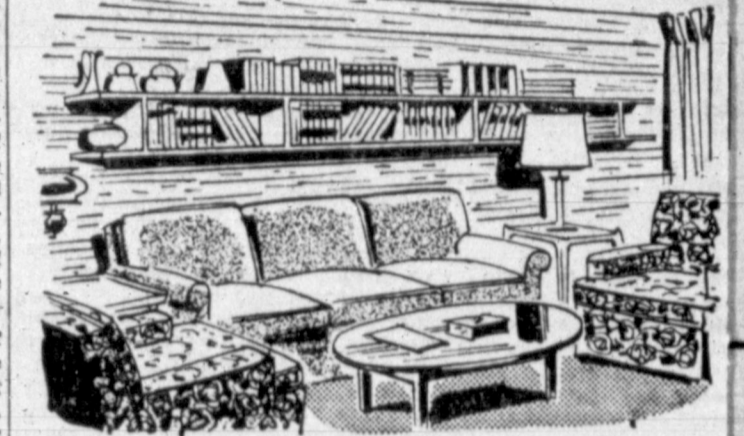

CODALMING, England. (UPI) — James Malsher, 31, convicted of riding a motorcycle without a license, Friday was banned from motorcycle riding for 10 years.

There is a tendency among men to adapt their religion to their life rather than their life to their religion. We need the lesson of the law and the will of God expressed by Christ. "My meat is to do the will of Him who sent Me."  
We face the first Lent of a new decade — 1960. May more men think in their hearts what it means to follow Christ. With all His love and respect for people, Christ never promised an easy way to His followers. The way of integrity is not something that can be diluted to meet selfish specifications. Whether in personal life, family life or public life, our lives must be built on principles that do not change. Only by living thus can we merit the title of Christ; it is only by living thus that we can merit the title of nobility conferred on the sincere and the true; to "the salt of the earth."

## YOU and YOUR HOME

by Jack Foster

**THAT MADE-FOR-YOU LOOK**  
The highest compliment your friends can pay your home is to say that it "looks like you." What they're actually saying is that you have built your rooms around you and your family's interests, given them the imprint of your collective tastes, and imbued them with the flavor of your personality.  
Naturally, to achieve this intimate reflection of personality, a lot of thoughtful planning must be done at the outset. Ask yourself, "Which would best suit my family's mode of living — a casual, comfortable setting with furnishings that can really take a lot of hard wear and require little upkeep; or a more formal type of home furnished and decorated with restraint and elegance?" When you've answered this question you are ready to begin your definite planning.  
There's a lived-in look and a sense of orderliness in the contemporary room sketched above. Note how the hanging bookshelf emphasizes the horizontal lines of the wood-paneled wall. Muted shades of beige and brown tie in with the natural wood water jackets and the quilted floor covers on the lounge chairs. Soothing is pinkish beige a shade paler than the wall-to-wall carpet. How can you give your home that "Made-for-you" look? It's largely a matter of selectivity. Cordially invite you to come in and browse around our show room leisurely and select your furniture with utmost care... one piece at a time. We are always happy to assist you with your selections.

# Psychiatry Now A Part Of Way Of Life In U.S.

By WARD CANNEL  
Newspaper Enterprise Assn.

NEW YORK (NEA) — As it turns out, no American in his right mind is going to be shocked at a major newstand magazine which now carries an article entitled, "How To Choose A Psychiatrist."

1. In the past decade how-to-projects have become an integral part of the American way of life, and

2. So has psychiatry.

In fact, according to qualified observers of the scene, the U.S. has undergone a revolution in thinking so complete that any schoolboy can psychoanalyze any other schoolboy by "complex," "inhibition," "frustration" and "ego." And as a practical way to get readers today, several magazine people say, there is very little difference between an article on "How To Choose A TV Repairman" or "How To Choose A Psychiatrist."

Now, on closer inspection this

## Advice For Apartment Hunters

By HENRY J. BECHTOLD

NEW YORK (UPI) — Most of us, at one time or another, have one through the nerve-wracking experience of looking for an apartment.

Like many other projects in our society, apartment hunting starts out innocently enough—even as fun—but usually ends up on an utterly confused note.

Ernest Bigelow, vice president of Fairman Bigelow, Inc., real estate brokerage firm, has come up with a number of suggestions designed to ease the burdens of the apartment seeker.

One of the more complicating factors in looking for an apartment is the problem of terminology, according to Bigelow. There is a great deal of misunderstanding, he says, about such things as apartment sizes and room arrangements, sublease clauses, reference and credit investigations, the services provided by a broker and the percentage of income that may be allocated for rent.

Apartment hunters also should familiarize themselves with such general characteristics of the various neighborhoods as the rental range in each area, and which is more suitable for the business couple and which for the family with children.

The language of apartment size, room fractions and the number of bedrooms, if any, should be among the first things to be learned.

A small apartment, the real estate broker notes, such as a two-room unit, frequently will not include a separate bedroom. It may have a living room, kitchen and perhaps a dressing room. Or it may have an additional alcove which could be used as a dining area or perhaps a sleeping area. The latter sometimes is called 2½ rooms.

After deciding upon the size of the apartment required, the apartment hunter should determine his budget, Bigelow stresses. The old rule that the monthly rent should never exceed one's weekly income still is pretty sound.

MOST PSYCHIATRISTS' patients in U.S. come from top social groups.

psychiatric revolution dwarf's every other change in the American way of life — from the income tax to selective service.

There are fewer than 10,000 psychiatrists in the U.S. today. Of those, there are only 1,000 honest-to-god psychoanalysts. And it's the course of any given week, only about 5,000 Americans are involved in psychoanalysis (three to five sessions per week, often for years and years).

But while there are still draft dodgers and income tax evaders, hardly anybody fights the principles and dicta of psychiatry.

"In fact," says Maya Pines, reporting on the choice of a psychiatrist in Harpers Magazine, "too many patients take psychoanalysis as a religion — hoping it will show them what is really worth struggling for."

How this small but eager band of doctors and patients pulled off the revolution is quite easy to explain.

According to Dr. Frederick Redlich, chairman of the psychiatric department of the Yale medical school and author of "Social Class and Mental Illness,"

"Most of the patients under psychoanalysis in the U.S. come from the top social groups — opinion leaders, social leaders, top level in business, industry, communications."

The result, to paraphrase one widely published reporter in this field, is a constant barrage of the psychiatric point of view, lingo and attribution at the public at large.

Television dramas, movies, novels are loaded with emotional reasons, and deep-seated problems. Courtroom testimony, investigating articles, market researchers and advertising agencies draw on the psychiatric body of knowledge. Today's humor is full of psychiatrist-patient jokes.

Graduates of most medical schools are exposed to some psychiatric study, reporter Pines says. And clergymen, of most sects receive some psychiatric training.

For the average man, there is no escape. But, apparently, nobody wants to escape, which explains how a shoe salesman in

## SAFARI FOR SOULS

WITH BILLY GRAHAM IN AFRICA  
by TOM McMAHAN, Religion Editor, The State, Columbia, S. C.

(Special to the News)

ADDIS ABABA, Ethiopia—Evangelist Billy Graham flew to the ancient empire of Addis Ababa, Ethiopia on Monday to close his "Safari for Souls" which has taken him to a dozen countries in Africa in eight weeks.

Deeply etched in his memory was a little drama which highlighted his meetings in Nairobi, Kenya. As he closed a simple sermon on man's sin and God's love, he invited people to come and receive Christ but nobody moved for a few minutes. Then a grey-bearded Sikh carrying a cane strode purposefully from the benches behind the platform. On reaching the platform, he looked up and said, "Mr. Graham, I am here. I have come to take Christ."

Mr. Graham leaned over the pulpit and murmured, "God bless you."

That evening the Sikh's phone started ringing. His Indian friends wanted to know if he had gone crazy. "Sure I have gone crazy, but I have peace in my heart for the first time in my life," he replied.

The campaign leader said the Sikh had attended worship services for eight months and had been struggling against the conviction that he should accept Christ. A new convert attended the closing Nairobi service with two small boys and told a friend he was going to England to talk with his son whom he believed to be a Christian.

Soon after arriving at Addis Ababa, Mr. Graham called on the patriarch Ethiopian head of the Coptic Church.

Early in the evening Mr. Graham became ill and was attended by two doctors. His illness, a stomach upset and fever, responded to treatment overnight. Meanwhile, scores of Christians gathered in little groups and prayed much of the night for his recovery.

Mr. Graham was unable to attend the dinner for the campaign leaders and governmental figures on Monday night but was able to preach on Tuesday morning to a crowd of twelve thousand. He is in Ethiopia by personal invitation of His Imperial Highness, Haile Selassie. The Emperor let school out Tuesday to permit the students to attend the meeting. Hundreds of young people joined many adults in staying after the meeting to register decisions for Christ.

People came to Addis Ababa from all over the country for the meetings. Many cheerfully slept on floors of churches and schools. The night before leaving Nairobi, Mr. Graham preached in the Anglican cathedral. The service was broadcast over the radio in Kenya. Twenty-six professed faith in Christ at the close of the meeting, bringing the total decisions in the Kenya

campaign to nearly five thousand. With only one meeting left in the African campaign, attendance has passed the half-million mark and decisions have totaled nearly thirty-five thousand. Mr. Graham's one night siege of illness may cause him to forego the possibility of a one-week tour of the Holy Land. He was going primarily to see Biblical sites. After leaving Ethiopia he planned to spend a few days in Cairo, seeing monuments of Egyptian civilization, meeting missionaries and addressing one evangelistic service. The African tour has exceeded all of his expectations, he told newspapermen recently. Associate Evangelist, Mr. Joe Blinco, speaking for Mr. Graham at a dinner here said: "The team has sensed a great hunger for God in Africa. He believes that what has taken place can only be called an act of God, challenging the people in a special way and calling many unto Himself. Mr. Blinco expressed the warm regard with which the Ethiopian Emperor is held in the Western world.

An Ethiopian layman, who is the chairman of the campaign said that the Graham team members were not invited to come there as men but as instruments in God's hands "that our people shall meet God."

### POLIO CASES DECLINE

AUSTIN (UPI)—Only four cases of polio have been reported in Texas during the first 10 weeks of 1960; the state health department said Saturday. Through the same period a year ago, 27 cases had been reported.

## Auto Industry Places Hopes On 'Compacts'

By JACK VANDENBERG  
UPI Automotive Editor

DETROIT (UPI)—The auto industry has just about as many "prospects" coming up through its "farm system" as major league baseball clubs currently have in their spring training camps.

Like a lot of the rookies in the spring training camps, many of the auto industry's "prospects" may never make the big leagues while many others may be tomorrow's feature attractions.

And whether it's baseball or the auto industry, you can't tell the players without a scorecard at this stage of the game.

The most recent rookie to break into the auto industry's big time is Ford Motor Company's Comet, which replaced the Edsel in Ford's lineup.

The Comet is the first entry from the "Big Three" car makers in the "luxury compact" field which American Motors contends it started with its Rambler Ambassador.

But Comet and Ambassador will not be alone in this field long.

General Motors has three rookies ready to jump into the competition and Dodge also plans to bring out a new competitor.

Even Ford will not be content with the Comet. It plans to intro-

52nd Year THE PAMPA DAILY NEWS SUNDAY, MARCH 13, 1960 5

duce still another small car to compete with the small imported cars. Like the Volkswagen and Renault, it feels there is a demand for it.

The new GM entries will be introduced in the Buick, Oldsmobile and Pontiac lines. They will be similar in size and power to the Comet, as will Dodge's new entry.

Industry sources say the Buick and Oldsmobile versions will be powered by a new V-8 engine, perhaps built of aluminum, while the new Pontiac will sport a new V-4 engine.

For AMs of March 13

Compulsory Loyalty

Loyalty, like love, cannot be compelled. A California court decision breaks new ground when it seeks to compel the loyalty of union members...

The Almanac

By United Press International Today is Sunday, March 13, the 73rd day of the year, with 293 more in 1960.

The Pampa Daily News YOUR FREEDOM NEWSPAPER We believe that freedom is a gift from God and not a political grant from the government.

Better Jobs

by R. C. HOLLES Population Explosion Many people are worried about the rate population is increasing.

The American Institute for Economic Research pretty well explodes this fallacy. They run it under the heading of "Standing Room Only".

Superior Judge Jesse J. Frampton ruled that a union has a legal right to expel any member. It deems a threat to its welfare.

A famous bugaboo for more than a century and a half, the spectre of over-population has been raised once again in recent weeks.

There is a grim forecast indeed. Happily, however, despite the eminence of the source, there is plenty of reason to question its accuracy.

Viewed on a long-range, then, over-population by no means looms as a scientific certainty. On a short-term basis, the threat has substance whatever.

'Round-The-Clock Struggle

The Allen-Scott Report

ROBERT S. ALLEN PAUL SCOTT

ISRAEL SEEKING RECENT U.S. WEAPONS COMPARABLE TO RUSSIAN EXPORTS TO U.A.R. WASHINGTON — Israel is again seeking to buy U.S. weapons to meet the threat of a new flood of late-model Russian arms to the United Arab Republic.

Two grim reasons are behind this. It is definitely known that U.A.R. President Gamal Nasser is concluding a new arms agreement with the Kremlin.

The American Way

As Viewed By M. V. EGGLESTON STATES DON'T NEED AID

What's all the shouting about? We mean this business of Federal Aid to the States for school construction. A look at the facts reveals that the States do not need this aid.

In the past five years, including this current school year, 338,000 classrooms have been built. During these five years, 212,000 classrooms (figuring one classroom for every 28 new pupils) were needed to provide for enrollment increases.

Edinburgh — The first railway horsecars were started in Scotland in about 1812.

Fair Enough

'Goshalmighty' Lick Was Never Rectified

For years I have been pecking at a mysterious New York ex-red called Jay Lovestone who has occupied powers in the international Dave Dubinsky network of "friendly" spies.

On Dec. 20, 1954, Riesel's column in the New York Mirror took a goshalmighty lick at Congressman Kit Clardy of Michigan, a redoubtable red-baiter of the Joe McCarthy - Bob Stripling school.

Riesel further wrote on Dec. 20, 1954, that fifteen years earlier, "An unknown fellow contacted Lovestone and said his name was Whitaker Chambers."

Bid For A Smile

OHM IS THE HERO (The Wall Street Journal)

Literature we submit has reached its apex with a new novel to be published soon by Little, Brown & Company. It is called "The Gargers of Spring" and was written by Joseph Whitehill.

A couple of bebop characters were walking through a Florida cabaret one day when they saw a sign that read "Bebop."

Contestants Count Unhatched Chickens

What am I going to do with \$2,000,000, 7 sports coupes, 172 combination photograph-refrigerators, 57 diamond rings, three score and ten chests of flat silver, and a prefabricated house completely furnished with everything, including termites?

It is simply silly for a man to fool around with ordinary business in times like these. To get up early in the morning, shave, comb your hair, put on a blue serge suit, shoes and a necktie, bolt your breakfast and rush down to a stuffy old office is idiotic.

As soon as I finished this I refreshed myself with a mugnum of caviar, hired three new upstairs maids, phoned a friend in Cape Town, South Africa, speculated in grain for an hour or so, and then went back to another puzzle.

Hastening Destruction Of Hard Won Economy

Through their chief, the transport workers of New York demanded increased pay amounting to \$100 million per year. They are tied for about \$52 million. They know it may mean an increase in subway and bus fares but they nevertheless insisted upon the transfer of that sum of money from the pockets of the public to their own pockets.

Almost every day the papers tell us of this or that group of workers receiving a substantial increase in wages. It is pleasant for one of us to receive more pay but few of us, apparently, have stopped to think seriously of the consequences of the wage-price spiral. It reduces the value of the dollars in the saving banks, life insurance, social security, bonds and the value of their future pension prospects.

Secretary Flemming of Health Education and Welfare is proposing a thorough reorganization of his department involving a 20 per cent increase in the social security already up 20 per cent this year. The pressure for such action increases as the value of the dollar declines. At the same time, municipalities find their tax dollars increasingly inadequate and municipal taxes must be raised.

Vaccinations Could Have Reduced Fatalities

By JERRY BENNETT Newspaper Enterprise Assn.

WASHINGTON (NEA)—This year's Asian Flu epidemic is far more deadly but less extensive than the one that occurred two years ago. This is the report of Public Health Service experts who participated in a three-day International Conference on Asian Influenza at the National Institutes of Health in Bethesda, Md.

Latest available figures, which represent 108 cities, are for the first five weeks of 1958. They total 4,033 deaths, most of them in the over 65 age group.

But areas under siege this year are reporting more influenza and pneumonia fatalities than they did during the earlier onslaught. The latter disease is easily triggered by flu.

Other experts point out that our population contains a larger number of elderly people than it did in earlier years. Thus, diseases like flu which hit hardest at this age group can be expected to take a bigger toll than before.

Girl Guilty In Death Of Kin

HOUSTON (UPI)—A jury in district judge Langston King's court Friday night found 19-year-old Margaret Sparacio guilty of murder in the shooting death of her stepfather and sentenced her to 25 years in prison.

The verdict was returned after the jury had deliberated three and one-half hours. Miss Sparacio, a brunette, sobbed audibly as she heard the verdict. Her lawyer filed notice of appeal.

The jury apparently agreed with prosecutor Conrad Castles who rebuked Miss Sparacio's tearful defense. "As if phony tears could wash away blood."

Austin Students Endorse Sitdowns

AUSTIN (UPI)—The Houston-Lotson College Student Council has endorsed "sit-down" protests of segregation, but the council's president said today that students have not planned any Austin demonstrations.

Cross Placed At Home Of Negro

FREEMONT, Tex. (UPI)—A Negro family in Freemont reported to police that four white youths planted a cross on their lawn just before midnight Friday and attempted to set it afire.

Billy Rossow said he heard his dog barking about 11:30 p.m. and went to investigate. He said he saw the four teenage boys with a lighted match about to set fire to the cross.

Rosow said he yelled, and the youths ran before they could light the cross. Mrs. Rossow said the cross was about five feet tall, wrapped with rags and was saturated with kerosene.

Wayland also gives scholarships to valedictorians and salutatorians in the amounts of \$100 a semester for four semesters and to the highest ranking Baptist boy and Baptist girl in each graduating class in amounts of \$100 for three semesters if scholastic average is maintained.

A student may receive only one of these three scholarships.

The test may be taken only once, although tests are being given at seven locations during the months of March and April.

Students in the Dumas-Pampa area who are unable to take the scheduled examinations may report to Wayland College, Plainview, at 10 a.m. on March 26, or at 8 a.m. on April 2, High School Senior Day, when hundreds of area high school students are expected on the Wayland campus.

Campus tours, a chapel program, lunch in Slaughter Memorial Center, a choir concert and a talent show are planned for this year's visitors.

Outstanding Students Search On

PLAINVIEW (Sp) — Dumas and Pampa high schools have been designated as two of the seven testing centers in Wayland Baptist College's search for 10 outstanding high school seniors in the Panhandle-Plains area.

Competitive examinations will be administered by Maurice J. Sharp, Wayland dean of students, at 3:30 p.m. March 18 at Dumas High School and at 10 a.m. March 19 at Pampa High School. These tests will be of the intelligence type for which seniors can make no special preparation.

Ten 1960 graduating seniors who rank highest on the tests, and who meet the entrance requirements to Wayland, will be given \$200 scholarships. These will be awarded \$100 in fall semester and \$100 in the spring semester if the student maintains the scholastic average required of all holders of scholarships at Wayland.

The test may be taken only once, although tests are being given at seven locations during the months of March and April.

don't think they are susceptible to it. Such neglect, physicians say, provides flu bugs with more potential victims and a greater chance of causing an epidemic.

An example of the effectiveness of widespread vaccination is pointed out by military physicians. Last fall all servicemen received flu shots. As a result, influenza had been practically non-existent this year in the armed forces, doctors say.

Despite the effectiveness of present vaccines, scientists are still striving to develop better ones. For instance, a vaccine which contains mineral oil has been introduced by Dr. Fred M. Davenport and other scientists at the University of Michigan. It is supposed to reduce side effects in some cases.

Dr. Jonas E. Salk, who conducted experiments on this type of vaccine before shifting his interests to polio, came out in favor of its use at the NIH conference. So far the PHS, which must okay all vaccines, has voiced no official opinion.

Proponents of the new vaccine say that mineral oil gives it a longer-lasting effect. This is because the body absorbs oil slower than it does the watery vaccines now in use.

Slow absorption enables the body to produce a continuing supply of protective antibodies that can ward off flu for as long as three years. Only one shot of the vaccine is required.

Vaccines now in use require two shots that provide protection for just one year. Both types are made with killed viruses.

Russian scientists have been developing a live virus vaccine. Proponents of such vaccines say weakened live viruses provide a faster and more potent immunization than can be achieved through dead ones. The Soviet flu variety enables persons to vaccinate themselves simply by sniffing it.

During the 1957 epidemic, 20 million doses of the vaccine were inhaled in Russia. But Dr. V. D. Soloviev, Soviet flu expert, says the results were disappointing.

He explains that a lot of people didn't achieve the expected immunity. Also the vaccine caused a mild fever in children under 10. Russian research is now underway to improve it.

## TCU Symphony Band To Give Concert Here

Texas Christian University's Symphonic Band will present a concert at 1:45 p.m. Monday, March 21, at Pampa High School.

The 64-member aggregation, under the direction of James A. Jacobson, is on a spring tour of nine West Texas cities, including Phillips, Pampa, Amarillo, Hale Center, Abilene, Wichita Falls, Electra, Seymour and Graham. Tour dates are March 20-23.

Featured with the band will be soloist Mary Alice Dammann of Sweetwater; master of ceremonies Jim Grey, of Butler, Pa.; baritone horn soloist Lawrence (Buddy) Wheelless of El Campo, and saxophonist John Giordano, of Fort Worth, who is also student director of the band.

Director Jacobson, along with his schedule with the band, is in constant demand as guest clinician and judge for band festivals at universities and high schools throughout the southwest. Prior to joining the TCU faculty in 1955, he was director of bands at Midwestern University in Wichita Falls.

He holds a BA degree from Colorado State College of Education, the master of music education from TCU, and the Mus. D. from Southern College of Fine Arts in Houston.

## 'Theme' Repeats As Top 20 Tune

CHICAGO (UPI) — 'Theme from Summer Place' remained in the number one spot this week in United Press International's Top 20 tune list.

In second was Jim Reeves' 'He'll Have to Go' and 'Wild One' held down the third position, Jimmy Jones' 'Handy Man' was in fourth and Bobby Darin's up-tune 'Beyond the Sea' was in fifth.

In sixth was the little girl with the big voice, Brenda Lee and 'Sweet Nothin'' and Paul Anka's 'Puppy Love' found itself in the number seven rung.

Eighth was Jack Scott's 'What In the World' ninth was 'Baby You Got What It Takes' and holding down the tenth spot was 'Harbor Lights' by the Platters.

The Top 20 include (names in brackets indicate position this week, rating last week and number of weeks in survey):

(1-7) 'Theme from a Summer Place, Percy Faith, Columbia.

(2-2-7) He'll Have to Go, Jim Reeves, RCA-Victor.

(3-3-6) Wild One, Bobby Rydell, Cameo.

(4-4-9) Handy Man, Jimmy Jones, Cub.

(5-5-7) Beyond the Sea, Bobby Darin, Atco.

(6-14-4) Sweet Nothin's, Brenda Lee, Decca.

(7-9-3) Puppy Love, Paul Anka, ABC.

(8-7-5) What In the World, Jack Scott, Top Rank.

(9-11-5) Baby, You Got What It Takes, Dinah Washington and Brook Benton, Mercury.

(10-7-5) Harbor Lights, The Platters, Mercury.

(11-15-3) Forever, The Little Dippers, University.

(12-0-0) Why Do I Love You So, Johnny Tillotson, Cadence.

(13-0-2) Beatnik Fly, Johnny and the Hurricanes, Warwick.

(14-6-11) Teen Angel, Mark Dinning, MGM.

(15-8-7) Let It Be Me, Every Brothers, Cadence.

(16-0-0) Sink the Bismarck, Johnny Horton, Columbia.

(17-0-0) Green Fields, Brothers Four, Columbia.

(18-0-0) Mama, Connie Francis, MGM.

(19-12-5) Delaware, Perry Como, RCA-Victor.

(20-0-0) Alvin's Orchestra, David Seville and the Chipmunks, Liberty.

## Nobel Winner Urges U.S. To 'Bow' To Russ

LONDON (UPI) — Nobel Peace Prize winner Philip Noel-Baker Saturday urged the West to accept Soviet disarmament proposals because "the Russians are so far ahead of us" in missile development that the United States never will catch up.

Noel-Baker, who won the peace prize last year after a lifetime dedicated to the cause of disarmament, said in an interview that the East-West Disarmament Conference opening Tuesday in Geneva was "more important" than the Summit Conference that will follow in Paris May 16.

Referring to the key issue of inspection and controls which has bogged down every disarmament conference since World War II, Noel-Baker said the Russians would accept "as much inspection as is needed" if there is a general agreement on reducing conventional and nuclear armaments.

He said Nikita S. Khrushchev personally assured him of this. "When the Russians offer to destroy their missiles if the U. S. and Britain will do the same, I say the Americans should agree because the Russians are so far ahead of us that America will probably never close the missile gap," Noel-Baker declared.

"We have everything to gain and nothing to lose by so doing," he said.

The 70-year-old statesman, a laborite member of the House of Commons, said he feared "for the safety of the world" if the 10-nation disarmament talks fail.

"If weapons manufacture doesn't stop eventually weapons will be used and the world will be destroyed," he said.

Sandy city secretary Lizzie J. Wiltoughy, 48, was seriously injured early Saturday when her car overturned between Lindale and Big Sandy after being forced off of Farm Road 18.

A spokesman said the action was taken because the autobiography of the former British prime minister—the first volume of which was published recently under the title, "Full Circle"—had "unjustly attacked" the Iraqi revolution and Premier Abdel Karim Kassem.

**RAILROAD CUTS DIVIDEND**  
DALLAS (UPI)—Texas and Pacific Railway directors have cut the dividend on the common to \$1 a share from \$1.25 paid in previous quarters. J. T. Suggs, president, said first quarter earnings would not justify the \$1.25 payment on common.

**CITY OFFICIAL INJURED**  
BIG SANDY, Tex. (UPI)—Big Sandy city secretary Lizzie J. Wiltoughy, 48, was seriously injured early Saturday when her car overturned between Lindale and Big Sandy after being forced off of Farm Road 18.

LYONS, France (UPI)—Police said Friday night they have questioned some 500 Algerians in connection with the derailing of the Paris-Marseilles express train two days ago.

**WALL KILLS TWO**  
CHERBOURG, France (UPI)—Two construction workers were killed and another was injured Friday when a stone wall collapsed on them as they were digging a drainage ditch.

## Winter Holds Grip On State

United Press International  
Winter hasn't given up in Texas yet.

The weatherman said it would be warmer over the state Sunday with a few scattered showers expected in most sections. But new masses of frigid air was headed eastward from the Pacific and expected to skirt the mercury at least a few snow flurries Sunday night, especially in the Panhandle.

A thick blanket of clouds moved over most of the state Saturday ahead of warm Gulf breezes that shot temperatures up to 80 degrees at Presidio and ranged down to a comparatively balmy 48 at Amarillo.

Early cloudy skies stretch over far West Texas, and some drizzle was reported along sections of the coast.

Readings Saturday morning ranged from 53 at Brownsville to a chilly 26 at Amarillo. It was expected to be warmer early Sunday morning before the latest cold front hits late in the day.

**Fish Diet**  
Tokyo — Fish are the principal source of animal protein for Japanese people and provide an estimated 85 percent of their total supply of that variety of essential food products.

**Blood Clots**  
Rochester — Recent discoveries indicate the human blood is full of small clots which normally are absorbed. If they do not absorb they may result in serious physical ailments.

## Scholarships Available From National Foundation in County

Gray County students who hope to win a National Foundation Health Scholarship must file applications by April 1, it was announced here today by Arthur L. Smalley Jr., chairman of the Gray County chapter.

More than 500 scholarships, made possible by the New March of Dimes, will be awarded in the fields of nursing, physical therapy, occupational therapy, medical social work and medicine. Each scholarship is worth \$500 a year, or a total of \$2,000 for four years of college training. Awards will be made on the basis of academic record, professional promise, personal qualifications and financial need. Winners may attend any accredited school in the United States.

High school students who will enter college this fall are eligible for scholarships in nursing, physical therapy and occupational therapy. College sophomores may apply for scholarships in medical social work. All college undergraduates who have been accepted for admission to an approved school of medicine in 1959 are eligible for scholarships in medicine.

Applications for Health Scholarships, the chairman said, have been received by all accredited high schools and colleges. They may also be obtained from the local chapter of The National Foundation. Winners of these awards will be selected early this summer by a state committee of leading professionals in the health fields.

In 1959, the first year of the Health Scholarship program, The National Foundation awarded 403 scholarships. These students are now studying in colleges and universities across the country. "The purpose of this scholarship program," Smalley said, "is to help train some of the thousands of health professionals desperately needed in hospitals, clinics and research laboratories in every city and community throughout the nation."

**ASKS LABOR'S SUPPORT**  
ST. PAUL, Minn. (UPI)—Democratic National Chairman Paul Butler has urged organized labor to stand behind the Democratic Party in November.

"It will avail the people in the (labor) movement nothing to stay home in this presidential election or to vote Republican," Butler told a meeting of Minneapolis and St. Paul union business agents.

**SMASH DOPE RING**  
MOSCOW (UPI)—A dope ring, has been broken by Soviet police, it was disclosed Friday. Newspaper reports said a brother and sister headed the ring which bought opium from state and collective farms in the Kirzhiz Republic where poppies are grown for pharmaceutical purposes.

# Pampa Trackmen Finish 3rd, 12th

KENT MITCHELL ... ties for 3rd

## Varsity Scores 3 1/2 Points At Snyder; 'B' Team Romps

SNYDER (Sp) — Pampa's tracksters finished 12th in a field of 14 teams here Saturday in the Canyon Reef Relays, scoring 3 1/2 points.

Dwaine Lyon's Pampa tracksters, who have been hampered throughout the season by cold weather and a muddy track, managed only two points in last week's Possum Kingdom Relays at Graham.

Buddy King of Pampa finished third in the broad jump here Saturday, with a leap of 26 feet, 10 inches. His jump was only three inches under the winning leap of 21 feet, 1 inch by Larry McCrummen of Monterey. His third place finish was good for two points.

Kent Mitchell tied for third in the pole vault, to pick up Pampa's other 1 1/2 points. He tied with George Osman of Borger, at 11 feet even. Winning vault was 11 feet, 9 inches by Bob Penn of Midland.

Harold Stokes placed fifth in the discus, with a heave of 116 feet, but did not gain any points. Winning throw was 137 feet, four inches by Kenneth Henson of San Angelo.

Charles Warren, who placed last week in the low hurdles at Graham, qualified for the finals in both the high and low hurdles, but failed to place in either event. Dwain Urbanczyk qualified for the 440-yard dash finals, but was pulled out of the finals because of a pulled leg muscle.

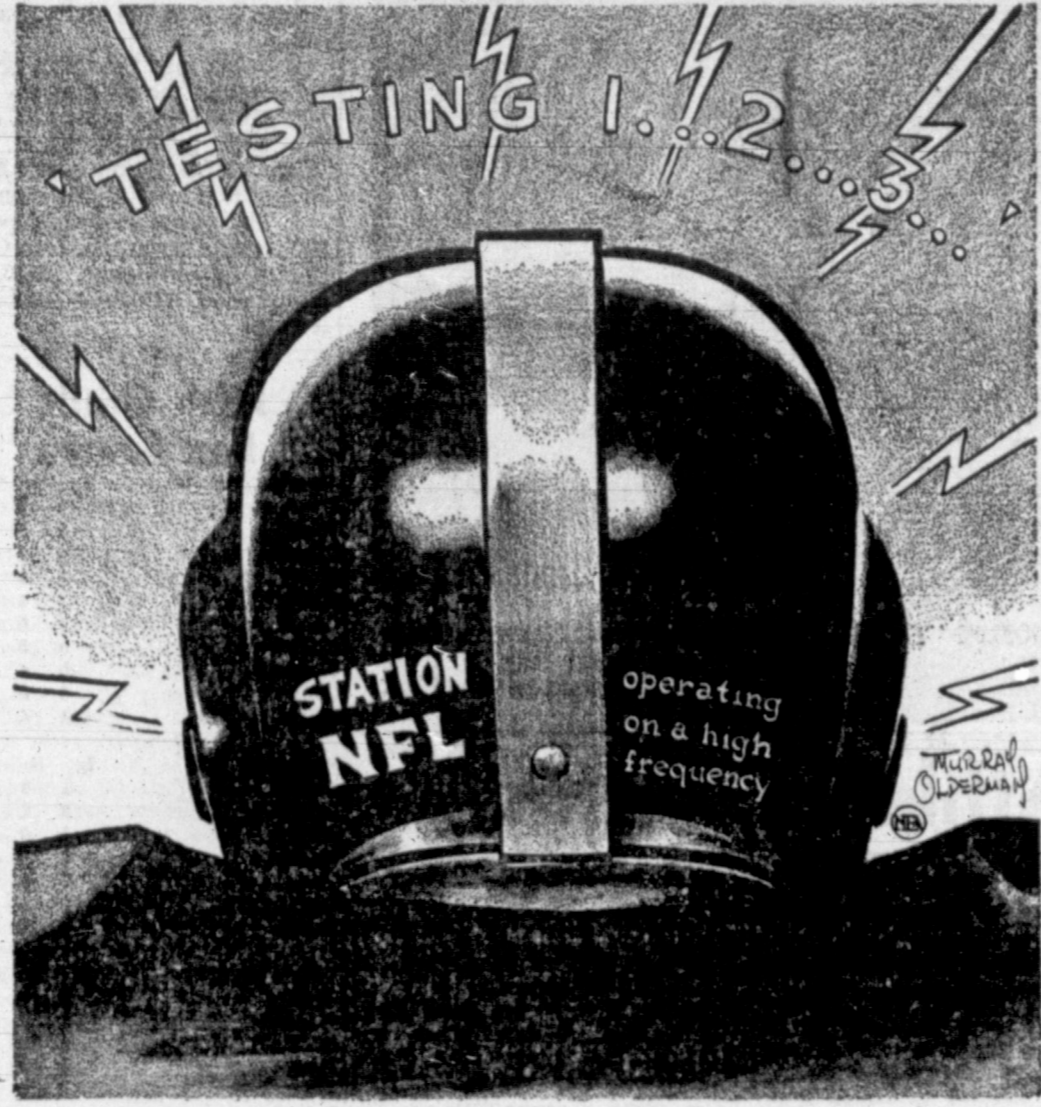

Midland was the top team in the meet, with 37 1/2 points. Next in line were Snyder with 37; Big Spring 26; Lubbock 18; San Angelo 16 1/2; Monterey 16; Odessa 15; Borger 15; Odessa 5; Pampa 3 1/2; Brownfield 3; and Plainview 1.

Three meet records were set, and one was tied. Wayne Phillips of Midland ran the 800-yard run in 2:01.4, eclipsing by five seconds the old mark of 2:06.5; the Midland mile relay team set a record of 3:27.2, snapping the old mark of 3:30.5; R. L. Lanter of Big Spring ran the 100-yard dash in 9.7, breaking the old record of 9.8 and Stanley Woolover of Snyder tied the high hurdles record of 14.8.

GRUVER — Pampa's "B" track team placed third here Saturday in the Gruver Track Meet with 28 1/2 points. Perrinton won the meet with 43 1/2 points, followed by Canadian with 29 1/2; Shamrock scored seven.

Billy Cooper was Pampa's high point man with 11 points. He won the pole vault with a jump of 19 feet, 6 inches, and captured the low hurdles with a time of 21.3 seconds.

## WHO SAID RADIO HAD NO FUTURE?

## Red Griggs the pipeline

Ben Hamilton, Optimist Club baseball commissioner, says there has been some confusion as to whether boys who are already playing on a team should register this year.

Hamilton says that all boys in the Little Pony, Pony Club and Farm leagues should register this year — whether or not they are "holdovers" from last year's team. The purpose of registering "holdovers" is to keep the new file card system, which was started this year, in order.

All boys who register this year will not have to register during the following years. When they move up into a new league, the card file will automatically record it.

Because of the misunderstanding of registration rules, registration has been extended for one more day. It was scheduled to close today, but one extra day of registration will now be held. It will be from 9 a.m. to 6 p.m. this Saturday, March 19. Today, registration is being held at the Optimist boys club from noon to 6 p.m.

Approximately 400 boys had been registered by Saturday noon, according to Hamilton. The baseball commissioner also reported that the Farm League is being increased from eight to 10 teams, because of the large number of boys interested in playing in baseball this year. There will now be a total of 38 teams taking part in the baseball program — an increase of 12 teams from last year.

## Bill Brown Now At Houston

In case you've been wondering what happened to Bill Brown, he's ending school at the University of Houston. He'll become eligible for basketball team at mid-term this year.

Brown, as you may remember, was at the University of Texas basketball squad a couple of months ago when he felt he was being treated unjustly by Coach Harold Adley.

Bill is very happy at his new school, according to word received by Bill's mother, Mrs. A. C. Brown.

Houston has withdrawn from the Missouri Valley Conference, and will probably play an independent schedule next year. They plan to play games with the more important basketball teams in the conference.

Officials from Amarillo and other southwestern cities are trying to organize an amateur ice hockey league. The Amarillo team, the Citizens Bank team of Pampa, will be entered this week in what should be one of the best independent basketball tournaments ever held in this area.

The Citizens Bank squad will be playing in the Crawford, Okla., independent tournament from Monday through Friday. Also entered in the tournament will be Miami Higgins, plus five Oklahoma teams — Crawford, Elk City, Cheyenne, Reidy and Berlin. These teams were selected from a field of 28 teams which applied for entry.

The proceeds of the tournament will be used to pay for an additional teacher in the Crawford school. The people of Crawford are into their own pockets last year to provide for a teacher who was not allotted according to attendance.

The Citizens Bank team has lost only two games this year, while winning 32. They won the consolation title recently in the region 5 AAF tournament in Lubbock, and are considered one of the independent teams produced in Pampa in several years.

Citizens Bank plays Elk City at 8:30 p.m. Monday. In another game, Miami plays Cheyenne at 7 p.m. Tuesday. The semi-final involving Citizens Bank and Miami (if both win) will be played at 8:30 p.m. Thursday. The finals are set for 8:30 p.m. Friday.

Dwain Orr, Citizens Bank manager, says that he is making plans for an independent basketball tournament in Pampa.

Oscar Robertson has apparently wrapped up the college basketball scoring title for 1959-60. Through games of March 5, he had averaged 34.2 points per game. However, the race was closer than might have been expected, Tim Stith of St. Bonaventure scored 32.0 points per game.

Jim Mudd of North Texas was the only Texas college player in the top ten. He was tenth with 25.2 points per game.

Brenton Hughes of Texas was the number four "percentage" shooter, with an average from the floor of .577. Jay Arnette of Texas was 14th with a .533 percentage.

## Greenberg Calls For Minor 'Grab'

ST. LOUIS (UPI)—Hank Greenberg, Chicago White Sox vice-president, proposed in the Sporting News Saturday that the major leagues take over and directly operate the minors.

Greenberg was quoted in the baseball weekly as asking why it was necessary to maintain "the fiction" that the majors are running the minors when, in reality, the majors are supporting all of professional baseball.

"The independent minor league owner is negligible," Greenberg said. "We (the majors) are paying 80 to 90 per cent of the bills, but we take the abuse and they take the blows."

The Sporting News said the minors support an "elaborate hierarchy," headed by Grover Trautman, which shares an agreement with the majors as if it were an autonomous, distinctive body.

"We are subsidizing them," Greenberg said. "And will continue to do so, not only in a million-dollar fund, but in other direct aid, so why cling to a dream?"

Greenberg's proposal was touched off by the formation of the Continental League as a third major. When the Continental League starts its planned operation in 1961, it will take over territories in the International League and American Association, forcing realignment of the two minor leagues.

"Why wait until we are forced to act," Greenberg asked, "instead of doing something with foresight and logic?"

## DePaul Defeats Texas, 67 to 61

MANHATTAN, Kan. (UPI)—Hot-shooting Howie Carl paced DePaul to a 67-61 victory over Texas Saturday night to take third place in the NCAA Midwest regional basketball playoff.

Cincinnati and Kansas met for the championship in the second game of a doubleheader.

Carl, a 5-foot-9-inch junior from Chicago, scored 19 points and was the key player in DePaul's stall during the last eight minutes of the game.

The victory by the Blue Demons was something of a surprise, as they had been beaten by Cincinnati 99-89 here Friday night in the first round. Texas had a much taller team, but did not display the same aggressive type of basketball as it did in its 90-81 first round defeat at the hands of Kansas University.

DePaul took an early lead on the outside shooting of Carl and the inside hook shots of six-foot six-inch center Jim Flemming. The game was six minutes and 20 seconds old and DePaul had a 13-7 lead before Texas, the Southwest Conference champion, came to life and with Jay Arnette, who had scored 24 points in Friday night's game, hitting from outside the Texas caught up at 15-15.

The lead changed hands until DePaul took a 37-35 advantage with a minute to play in the first half on a layup by Mike Satriap. DePaul never was behind the rest of the way.

Arnette, with 29 points, led all scorers. Flemming had 18 points.

## Fay Crocker Takes Lead In 'Titleholders'

AUGUSTA, Ga. (UPI)—Fay Crocker of Montevideo, Uruguay, continued to pace her North American rivals Saturday in the 21st annual Women's Titleholders Championship as she ignored icy breezes to turn in a steady three-over-par 75 and open up a four stroke lead at the tournament halfway mark.

Matching her first round score, posted Thursday, before an unexpected snowstorm forced the first postponement in Titleholder's history, the 45-year-old Uruguayan veteran finished six over par 150 for a solid four stroke lead over Lakewood, Fla., housewife Kathy Cornelius.

Mrs. Cornelius played the more spectacular golf at times, but only matched Miss Crocker's 75 Saturday and thus reached the midway point at 154. Another stroke back at 155, with a four-over-par 76 was Witty Smith, of Saint Clair, Mich., the husky young blonde who just returned to the lady's professional tour after a long lay-off because of an injury.

The rest of the field was strung out behind. LPGA president Marilyn Smith, of Wichita, Kans., had a 77 for a fourth place 156. Four golfers—National Amateur Anne Quast, of Marysville, Wash., and professionals Wanda Sanchez of Baton Rouge, La., Marlene Bauer Hage of Delray Beach, Fla., and Betty Jameson, San Antonio, Tex., all were tied for fifth at 157.

## Citizens Bank Enters Tourney

The Citizens Bank team of Pampa will be entered this week in what should be one of the best independent basketball tournaments ever held in this area.

The Citizens Bank squad will be playing in the Crawford, Okla., independent tournament from Monday through Friday. Also entered in the tournament will be Miami Higgins, plus five Oklahoma teams — Crawford, Elk City, Cheyenne, Reidy and Berlin. These teams were selected from a field of 28 teams which applied for entry.

The proceeds of the tournament will be used to pay for an additional teacher in the Crawford school. The people of Crawford are into their own pockets last year to provide for a teacher who was not allotted according to attendance.

The Citizens Bank team has lost only two games this year, while winning 32. They won the consolation title recently in the region 5 AAF tournament in Lubbock, and are considered one of the independent teams produced in Pampa in several years.

Citizens Bank plays Elk City at 8:30 p.m. Monday. In another game, Miami plays Cheyenne at 7 p.m. Tuesday. The semi-final involving Citizens Bank and Miami (if both win) will be played at 8:30 p.m. Thursday. The finals are set for 8:30 p.m. Friday.

Dwain Orr, Citizens Bank manager, says that he is making plans for an independent basketball tournament in Pampa.

Oscar Robertson has apparently wrapped up the college basketball scoring title for 1959-60. Through games of March 5, he had averaged 34.2 points per game. However, the race was closer than might have been expected, Tim Stith of St. Bonaventure scored 32.0 points per game.

Jim Mudd of North Texas was the only Texas college player in the top ten. He was tenth with 25.2 points per game.

Brenton Hughes of Texas was the number four "percentage" shooter, with an average from the floor of .577. Jay Arnette of Texas was 14th with a .533 percentage.

## You've Got To Toot Your Horn To Get All-American

By OSCAR FRALEY

United Press International

NEW YORK (UPI)—Fearless Fraley's facts and figures: Lou Rossini, the NYU basketball coach, complains bitterly about Tom Sanders being ignored on various All-America teams but the success of California's Darrall Imhoff in the "elections" makes it evident that Rossini should take a lesson from Cal Coach Pete Newell.

Rossini is one of those who like season — long about "the am." Newell plugs all season about his individual warriors. The result is that Imhoff got the nod — even though he was no better than second team on the Michigan State varsity's all-opponent five — proving that the individuals must be well known when the popularity contests are held.

What's in a name? Heavyweight Fraley says his handle makes an extremely uncomfortable at times. "It sounds like a cross between a sideshow snake charmer and the name of a crazy inventor," he swears, "but it's mine and I have to live with it." ... I thought try putting up with Os-

## Claude Reaches Class B Finals

AUSTIN (UPI)—Claude fought off a last half rally by Slidell Saturday to win, 52-47, and move into the Class B finals of the 10th annual Interscholastic League Girls' Basketball Tournament.

Claude was to play the winner of the game between North Hopkins of Sulphur Springs and Skidmore-Tynan at 9 p.m. for the title.

Claude held a 33-23 lead at halftime, but Slidell went ahead, 43-42 with three minutes to play before Claude put down the rally. Betty Ransom paced the winners with 28 points, and Barbara Ashley scored 22 for Slidell.

Buna, and its opponent Brazosport, shattered five tournament records Friday night.

Buna was to meet Friona Saturday for the Class AA championship, while Moulton and Cooper were to square off for the Class A laurels.

## Baseball Tilt Is Postponed

The scheduled baseball game here Saturday with Mangum, Okla., was postponed. Mangum had been unable to work out because of severely cold weather, and was not ready to play a game.

An intra-squad game which was to have been played if Mangum didn't make the trip, was also cancelled, because of cold weather. "We just worked out instead," Baseball Coach Deck Wold said.

Wold said that both Saturday's postponed game with Mangum, Okla., and Friday's postponed game with Dumas will be played at later dates, if possible.

## Buna Wins Girls' AA Cage Crown

AUSTIN (UPI)—Buna fought off a tremendous late game rally Saturday to whip the Friona Squares 43-34 and grab its third state girls' basketball title in five years.

Earlier, the Cooper Bulldogs swept past a determined Moulton squad 60-51 to win the Class A state championship in the 10th annual Texas high school girls' basketball tournament.

Buna had a commanding 57-40 lead at the end of three quarters but Friona came back in the final period and gutted Buna 23-9 to nearly upset the favorites. Jacqueline Magnus was high for Friona with 29 points, while Deon Cummings and Linda Johnson scored 25 and 23, respectively, for Buna.

Buna won the Class A crown in 1956, the Class AA in 1957, and were runners-up in last year's AA tournament.

In other late afternoon action, Skidmore-Tynan beat Slidell 57 to 43 for third place in Class B competition.

While Cooper won the championship, it was the Class A consolation game between Bowie and Brazosport that nearly stole the show.

Bowie won, 75-74, but the outcome was still in doubt when the game ended.

The buzzer ending the game sounded just as Brazosport's Ellen Nichols was fouled in the act of shooting.

Ellen, who set a Class A record by racking up 43 of her team's 74 points, was awarded two free throws.

By sinking both of them she would give her team victory and third place in the tourney.

By scoring one, she would send the game into overtime and give her team another chance to win. Ellen missed both.

## SMU Ties TCU

DALLAS (UPI)—Arch rivals Southern Methodist University and Texas Christian University battled to a 7-7 deadlock in a baseball game Saturday that was called at the end of the 10th inning because of cold weather.

The biggest hit and possibly the most valuable hit of the game was Ted Crenweige's double with the bases loaded in the seventh inning to tie the score 6-6 and put TCU back into the ball game.

## Austin, Houston Capture Pee Wee Cage Tourney

Don Cain's basket in the last five seconds of an overtime period gave Austin sixth a 35-34 win over Houston Saturday night, and gave Houston the sixth grade title in the Kivans-Optimist pee wee basketball tournament.

Because of an early Saturday night deadline, it was impossible to carry consolation game box scores. Individual scoring in those games is given in the body of the story. See page 10 for box scores on Friday's games.

Cain led Houston sixth's scoring with 18 points. Kenny McWilliams led the losers with 22 points.

Houston walked over Wilson, 23-8, for the fifth grade championship. Thompson led Houston's attack with eight points.

Baker outscored Lamar, 34-20, for the sixth grade consolation title. For Baker, Bennett scored 10, Quarles 16, Harper two, Henson three, Abbott three, Butler, Edwards and Gee also saw action.

For Lamar, Conner scored two, Largin four, Maderia five and Atchley nine, Turner also saw action.

Austin romped over Travis, 42-17, in the fifth grade consolation game. For Austin, Osborne and Porter each tallied 11, Roach nine, Hawkins nine, Kuhn one and Hamilton one. Rascó, Hollis and R. Cree also saw action.

For Travis, Matney scored six, McDona 10, three, McLooney five, Cismen 10, one, McCarrell and Campbell also saw action.

First and second all-tournament teams in each division were selected by the coaches.

McWilliams of Houston and Gary

Crossland of Travis were unanimous choices for the sixth grade first team. Other first team members were Donnie Bennett, Baker, David Cain, Austin, and Joey Rodden, Mann. On the second team were Ted Bird, Travis; Steve Swanson, Austin; Terry Maderia, Lamar; Grant Morgan, Wilson; T. J. Winter, Houston; Bill Quarles, Baker; David Frasier, Travis; Morris Johnson, Houston and Corky Dodd, Austin. (There was a five-way tie for the fifth spot).

Jack Thompson of Houston was the only unanimous choice on the fifth grade all-stars. Other first team members were Dee Cornutt, Houston; Mike Porter, Austin; James Matney, Travis; H. F. Peace, Mann and Jackie Strickland, Baker. (Two-way tie for the fifth spot). On the second team were Mike Osborne, Austin; Billy Hawkins, Austin; Gary Gee, Wilson; L. D. Rowden, Wilson; and Robert Karr, Houston.

Sixth graders receiving honorable mention were Nolan Ellis, Wilson; Lewis Meers, Mann; Larry Eckroft, Wilson; Lolan Ellis, Wilson; Mike Wise, Austin; Gary

Atchley, Lamar and Barneé, Mann. Fifth graders getting honorable mention were Johnny Kuhn, Austin; Jerry Stroud, Baker; Gary Price, Wilson; David Martindale, Baker; Ricky Roach, Austin; Don Ben, Lamar; Larry Stevens, Lamar; Mike York, Baker and Bob Walters, Mann.

## 10-Rounder Set

SAN ANTONIO (UPI)—World bantamweight champion Jose Eberca goes against unranked Ward Yes Tuesday night in a 10-round non-title fight expected to draw the largest crowd in San Antonio history.

Advance ticket sales moved past the \$8,000 mark Saturday. Boxing men expected a record gate of \$10,000 for the battle at the Coliseum.

# Intra-Squad Baseball Game

The Pampa Harvester baseball team played its first intra-squad game of the season Friday. Dumas was to have opened the season here Friday, but was unable to make the trip, because a muddy field prevented the playing of a regular game.

In the intra-squad game, played on the outfield grass, the "green" team defeated the "gold" team, 15-3. The green team was made up

mostly of last year's regulars. The gold team was composed of new men.

Nine men hit safely for the Greens, as they collected a total of 18 hits. In the eight-inning contest, they scored in every inning but the third and sixth.

Terry Haralson was the big stickler for the Greens, with a bases loaded triple in the fourth inning. Roy Stephens also got a triple for the Greens. Swatling doubles for the Green team were Ruben Strickland, Larry Stroud, Gary Hill and Wendell Ridgway.

Gerrel Owens collected two of the four Gold team hits. One of them was a double. Keith Dodd got the other two Gold hits, both singles.

Robert Woodward pitched the first four innings for the Green team, and gave up three hits. Mack Tarylor hurled the last four, and yielded one hit.

Tommy Foster pitched the first four innings for the Golds, giving up seven runs on 11 hits. Tim Huffaker completed the game for the Golds, yielding eight runs on seven hits.

# Utah State Takes NIT Quarterfinal

NEW YORK (UPI)—Sub Joe Worthen's layup with 1:10 remaining gave second-seeded Utah State a 73-72 overtime victory over Villanova Saturday in the quarterfinal round of the National Invitation Basketball Tournament.

In an another afternoon game, All-America Tom Stith and his brother Sam combined for 52 points to lead St. Bonaventure to an 84-81 first round victory over Holy Cross before a crowd of 14,337.

In a night double-header, third seeded St. Louis met Providence in a quarterfinal game and Dayton faced Temple in the concluding game of the first round.

Utah State earned a semifinal berth next Thursday night against the St. Louis-Providence winner by pulling out a hectic decision. The Aggies, after leading almost all the way, were tied, 67-67, at the end of regulation time, and trailed, 70-69, when George Raveling scored for Villanova with 1:38 left in overtime.

Utah State had led in regular time from 12:11 of the first half when Green's free throw produced a 17-16 margin until White tallied a rebound with 27 seconds left to send the game into overtime. The Aggies had a 38-31 halftime lead and led by as much as eight points in the widely televised game.

Tom Stith tallied 25 points and shorter Sam had 27 to offset a 36-point performance by Jack (The Shot) Foley of Holy Cross. The victory qualified the Bonnies to meet defending champion St. John's in the quarterfinals Tuesday night.

Six-five Tom Stith was bottled up in the first half and held to three baskets as Holy Cross gained a 41-41 deadlock at halftime after eight ties.

However, Big Tom scored seven points in the first 62 seconds of the second half to lead the Bonnies into a 48-43 lead. Despite Foley's shooting, Holy Cross never again came closer than two points at 82-80. Seven straight Bonnie points opened the gap to 89-80 and the Brown Indians from Olean, N. Y., were easily in command the rest of the way.

Whitely Martin tallied 10 points for the Bonnies.

**DRAKE REFEREE NAMED**  
WACO (UPI)—Jack Patterson, Baylor track coach who is a member of the NCAA track and field rules committee, Saturday was named university division referee for the 81st annual Drake Relays at Des Moines, Iowa, April 29-30.

CONTINENTAL — World Heavyweight Champion Ingemar Johansson sports the continental look, wearing United Nations attire, when he announced he would box U. N. exhibitions in the Gaza Strip.

# Athletics, Cards Win Exhibitions

**United Press International**  
VEROBEACH, Fla. (UPI)—The Kansas City Athletics roughed up three of the Los Angeles Dodgers' ace pitchers for 13 hits Saturday and went on to down the world champions, 8-4.

The Dodgers collected only six hits and also committed two errors leading to a pair of unearned runs.

**ST. PETERSBURG, Fla. (UPI)**  
Daryl Spencer, shortstop obtained from San Francisco in a winter deal, hit three straight singles Saturday for the St. Louis Cardinals and drove in two runs in a 3-1 victory over the New York Yankees.

A slightly-chilled crowd of 5,027 at Al Lang field joined Commissioner Ford C. Frick and players of both sides in a minute's silence to the memory of the Florida baseball ambassador for whom the park was named and for Arnold Johnson, Kansas City club owner who died last Thursday. The Yankee general manager, George Weiss, was in Chicago for Johnson's funeral.

Like Spencer, another newly-acquired righthander, Ronnie Kline, broke in handsomely. Kline hit a two-run single off loser Art Dittmar, who took over in the seventh with the game 1-1 and yielded four St. Louis runs.

Yogi Berra, veteran catcher, played third base for New York and drove in the Yankee run with a first-inning single off Larry

# Houston, Austin, Wilson Win Friday Pee Wee Tilts

In the Kiwanis-Optimist pee wee basketball tournament Friday night, Houston and Austin gained the sixth grade finals, while Houston and Wilson reached the fifth grade finals.

Going into the sixth grade consolation finals were Baker and Lamar. Travis and Austin reached the fifth grade consolation finals.

McWilliams scored 21 of Houston sixth's 23 points, as Houston routed Travis, 23-11 in a sixth grade semifinal. In other semifinals Austin, paced by Cain's 12 points, swamped Wilson, 27-6. Baker edged Mann, 19-18, in a consolation semifinal. Bennett scored nine for Baker, Roden seven for Mann.

Thompson scored 14 points to lead Houston fifth to a 32-17 victory over Mann in fifth grade semifinal. Doc Cornutt tallied nine for Houston. Wilson, led by Green's 11 points, nipped Baker, 18-16, in the other semifinal. Strickland tallied six for Baker. In consolation semifinal Austin romped over Lamar, 19-2. Porter scored seven points for Austin.

**Nats To Play Warriors In Sunday Game**

SYRACUSE, N.Y. (UPI)—The Syracuse Nats entertain the Philadelphia Warriors Sunday afternoon in a game the home team must win to keep alive in the National Basketball Association's Eastern Division semifinal playoffs.

Should the Warriors, walk-away winners over the cold-shooting Nationals at Philadelphia Friday night, take Sunday's nationally televised game at the War Memorial Auditorium, they will earn the right to meet Boston for the Eastern championship in a best-of-seven game series.

A Syracuse win would necessitate a third game Monday at Philadelphia.

Coach Paul Seymour of Syracuse, confident his team can win two in a row from the Witt Chamberlain Philadelphia's, said Saturday he was hoping for two things: an emergence of a "hot hand" and a sound George Yardley.

"It's not very often that all 10 players are ice-cold at once, but it sure happened Friday night. Nobody's shots would go in," Seymour said.

Yardley, who bumped knees with Paul Arizin in the opener and had to sit out the second half, said he thought he would be able to play but a decision was not expected until game time.

## EDUCATION—The Key To Our American Way Of Life

Education is the KEY to our American Way of Life. Our freedom can be preserved through keeping our educational system abreast the progress of the world. Freedom of Speech, Freedom of the Press, Freedom of Religion, Right of Free Assembly, all are the ingredients of our democratic free America. The citizens of the Nation can be only as free as their knowledge permits. "A chain is only as strong as its weakest link." We have a splendid faculty qualified to give our children the BEST THAT REACHES EVERYONE. To be sure our schools include the training and education that is best for all concerned, we must all, that means everyone, be aware of what our schools are doing. To be aware, we must ALL be a part of it.

Less than five years ago, with more than 5,500 qualified voters in the Pampa Independent School District, there were less than 500 votes cast in the School Board Election. To me, this is alarming. It means a very small minority is participating in THE BIGGEST BUSINESS IN THE WORLD, EDUCATION.

We have a splendid faculty qualified to give our children the best in basic education in the world. Then can only make our schools as strong as the citizens' participation.

There are over 8,000 qualified voters in the Pampa Independent School District this year. Slightly more than 1,500 voted last year. This was considered a "BIG VOTE" in comparison to recent years. It was, in fact, a small minority. EDUCATION IS EVERYONE'S BUSINESS. THAT INCLUDES YOU.

We have been taking a "RIP VAN WINKLE SNOOZE". Let's "RIP" out of the sound sleep, get on the "VAN," and stop being a "WINKLE."

If a BIG MAJORITY of the voters vote in the coming School Board Election, we will be participating and helping to keep America safe for our FREEDOM, regardless of whom you elect. Make it YOUR BUSINESS to support the BIGGEST BUSINESS in the world. That business is the best education we can possibly give your youth. It is your business, and your profound duty to go to the polls and vote your convictions April 2nd.

**BOB ANDIS**  
Candidate for School Board  
(Paid Political Advertising)

# Ten-Pin Tales

BY BARBARA EDWARDS

Not much is usually said about the junior bowlers of the area. It averages and scores mean nothing (and we are sure they do) they deserve their share of the limelight too.

Ralph Lewis of Garden Lanes led three 500-plus series last week, 532, 541 and 501. If Ralph keeps it up, he won't be around with "amateurs" long.

Other good scores were Jack Eads 230, Fred Thurman 210, Eddie Moore 159, Danny McVester, and Gene Eads of Harvester Junior League a 189-494. Gene has 150 average.

The National Junior Bowling tournament will be held March 14 at Garden Lanes. Twelve teams entered from Pampa. Juniors will be competing with teams all over the United States to determine the top bowlers in the nation.

A team of boys from Pampa, eight Mackie, Ralph Lewis, Dennis Huntley, John Pierce, and Mike Park journeyed to Borger last week and took two out of three games.

East Sunday night Neechi Elnak all three games from Texas Pipe & Metal. Tonight at 7 High and Pharmacy will tangle with the Nut Nuts at Garden Lanes.

Out at Harvester Dorothy Juenger is Bowler of the Week in the women's division with a 465 scratch (658 handicap). She carries a 114 average. And she, the men, Robert Moore, 133 average, rolled a 549 scratch (659 handicap) to take the Bowler award.

Women's high games and series are: Dorothy Jeffries 501, Pat Eaton 191-471, Ketta Henricks 48, Ina Reading 480, Della Mcnigal 482, Mattie Lou Chaney 482, Anna Lois Carpenter 197, Betty Riddle 190, Paulette Gilbert 48, Eileen Greer 201-563, Elaine Adde 501, Peg Kastein 497, Barbara Ashby 197-521, Anita Hubbard 479, and Keitha Clifton 487. Betty Hord picked up the 79-10 title.

High games and series for the men included: Harvey Thompson 500, Rader 545, Lynn Colville 222-6, 210-218-608; Ralph Mangell

255-593, Robert Moore 241-549, Leon Harris 591, Eddie Chatten 222-601, Jessie Smartt 214-588, Bill Abernathy 613, George Gray 226-593, Ed Myatt 203-590, T. J. Rogers 205-569, Keith Robinson 222, Doc Zachry 551, Howard Musgrave 223-221-612, 235-215-647, 212-554; Red Watson 235-625, Dale Haynes 216-573, Lonnie Harmon 223-548, K. Alley 243, and M. Connel 221.

Garden Golgs-on If you have seen a school bus parked in front of Garden Lanes, and wondered if they are now holding classes in a bowling alley—well, yes. Three classes of Physical Education students (girls) journey to the Garden each day to be instructed in the fine arts of bowling. Gil Burgund says it's amazing how much the girls have improved since the classes began.

Jack Twyman of the Cincinnati Royals was second in scoring with 31.2 points a game and a total of 2,328 and Elgin Baylor of the Minneapolis Lakers was third with 29.6 and 2,074 points, Chamberlain, Twyman and Baylor all topped the previous mark of 29.2 points a game set in the 1958-59 season by Bob Pettit of the St. Louis Hawks.

Pettit ranked no better than fourth this year with a 26.1 average and 1,882 points.

Bob Cousy of the Boston Celtics set a record by averaging 9.5 assists a game, 6-foot, 10-inch Bill Russell of the Celtics set a single-game mark of 51 rebounds and Raylo-tailied—64 points in one game to break Joe Fulks' previous record of 63.

The Celtics established new team records of 59 victories, 9,337 points in a season and an average of 124.3 per game. They scored more than 100 points in 41 consecutive games and 74-in all, also new marks.

The league's eight teams increased their scoring by 7.1 points with an average of 118.3 per game in 300 games compared to the 1958-59 peak of a 108.2 average in 288 games.

Patriots Sign Panthers BOSTON (UPI) — Offensive center Sarafino Fazio and defensive linebacker Bob Rath, former University of Pittsburgh players, have signed with the Boston Patriots of the American Football League.

# Wilt Set 8 Records In NBA Play

NEW YORK (UPI) — Wilt Chamberlain, 7-foot, 2-inch rookie sensation of the Philadelphia Warriors, set eight National Basketball Association records including an average of 37.6 points scored a game during the 1959-60 season. Official statistics released today by the NBA disclosed that Chamberlain also set new marks of 2,707 points scored, 2,311 field goals attempted, 1,065 field goals scored, 991 free throw attempts, five 50-point games, 1,941 rebounds, an average of 26.9 rebounds a game and tied with Gene Shue of the Detroit Pistons with 3,338 minutes played.

Jack Twyman of the Cincinnati Royals was second in scoring with 31.2 points a game and a total of 2,328 and Elgin Baylor of the Minneapolis Lakers was third with 29.6 and 2,074 points, Chamberlain, Twyman and Baylor all topped the previous mark of 29.2 points a game set in the 1958-59 season by Bob Pettit of the St. Louis Hawks.

Pettit ranked no better than fourth this year with a 26.1 average and 1,882 points.

Bob Cousy of the Boston Celtics set a record by averaging 9.5 assists a game, 6-foot, 10-inch Bill Russell of the Celtics set a single-game mark of 51 rebounds and Raylo-tailied—64 points in one game to break Joe Fulks' previous record of 63.

The Celtics established new team records of 59 victories, 9,337 points in a season and an average of 124.3 per game. They scored more than 100 points in 41 consecutive games and 74-in all, also new marks.

The league's eight teams increased their scoring by 7.1 points with an average of 118.3 per game in 300 games compared to the 1958-59 peak of a 108.2 average in 288 games.

Patriots Sign Panthers BOSTON (UPI) — Offensive center Sarafino Fazio and defensive linebacker Bob Rath, former University of Pittsburgh players, have signed with the Boston Patriots of the American Football League.

PIGGY BACK — Washington State's Charlie Sell was so zealous in quest for the ball he clambered on the back of Oregon State cager Jay Carty (dark jersey).

# ACC Wins University Title At Southwest Recreation

FORT WORTH (UPI) — Don Styron ran a sparkling 22.4 — second low hurdles and teamed with twin brother Dave Saturday to lead Northeast Louisiana to a smashing college division victory in the 37th annual Southwestern Recreation Track and Field Meet.

The Colorado-born twins piled up 31 points between them and were voted jointly the "outstanding athlete" award on a cold windy afternoon that saw 14 records broken and another tied as Abilene Christian won both the University and Junior College freshman title and Andrews the school-boy crown.

Northeast Louisiana defended its championship by a comfortable 22-point margin over East Texas State, 89½ to 59½ for East Texas, but the prep and university divisions were so close that it took the final event, the mile relay, to decide each.

Don Styron's low hurdles time equalled the best posted in the nation last year, by Dick Howard of New Mexico.

Don won both hurdles events; brother Dave won both dashes, finished fourth in the broad jump and fifth in the high jump and they both ran segments of the winning sprint and mile relay teams.

Dave posted a new division record in the 220-yard dash in 21.7

dash mark of 9.6, while Don's low hurdles mark was a new overall record and his 14.3 in the highs was three-tenths of a second off the 14 flat meet mark.

The stupendous Styrons' work overshadowed a pair of special event dash victories by Olympic triple gold medal winner Bobby Morrow who raced to 9.5 and 21.3 clockings in 100 and 220-yard dashes against Jimmy Weaver of North Texas and Bill Woodhouse of Abilene Christian. All three have completed their college eligibility.

Morrow appeared a bit overweight, but was running strong as he continued to work toward a berth on the U.S. Olympic team this summer.

Six of the records were of the overall variety, all but Styron's low hurdles job, coming in the University division where Abilene Christian nipped Baylor 83 to 61½ with a rousing 46.6 final 440-lap by Earl Young in the mile relay.

The other meet records included a 4:13.3 mile by John Cooper of North Texas; a 1:51 half mile by Dick Menchaca of North Texas; a 21.3-second 220-yard dash by ACC's Young, a 14 foot 8 inch pole vault by David Clark of North Texas and a 52 foot, 7 inch shot put by Baylor's Buddy Tynes.

ACC won the junior college-freshman section by a 62-52 margin over Baylor, while An-

draws nipped Abilene 37 to 35 with Galena Park and Highland Park close behind with 29 each.

The other division records broken included: College — Northeast Louisiana's 3:14.9 in the mile relay and a 14-foot pole vault by Southwest Texas' Robbie Robinette.

Junior college-freshman — a 13 foot, 10 inch pole vault by Southern Methodist's Jim Tomlinson.

High school — a 22 flat furjong dash by Ted Nelson of Andrews, a 1:55.9 half mile by Larry Rhodes of Abilene; 3:21 mile relay by Andrews and a broad jump of 23 feet 1½ inches by Billy Foster of Dallas Sunset.

JARMAN INTRODUCES "Evershine Leather" world's first leather with a built-in shine

"Shine" is an amazing leather — a historic "first" in footwear. Just a few whisks with a brush or cloth remove dust and dirt and restore the lustrous shine. Think of the time, trouble and expense you save! "Evershine," the result of a brand - new Jarman tanning and finishing process, is a two-way winner: (1) It repels dust and dirt and moisture; (2) It requires only a simple cleaning and buffing with a soft dry cloth or brush when shoes do get dirty (damp cloth is better if extra dirty). We are proud to be among the first to offer Jarman styles made of this unique new "Evershine" leather (exclusive with Jarman in men's shoes). Come in and try a pair, for long-lasting good looks.

## Teenage Bookshelf

Reviews of teen-age books recently added to the Young Adult Section of Lovett Memorial Library.

"Your Happiest Years," by Dick Clark is the result of the author's policy of speaking up for, to, and about young people. Clark reviews many of the problems that face a teenager as he or she moves through these changing years, and suggests ways to make the years happy and profitable. He writes of the scenes and events that are a vital part of teen-age life, with common sense and in the style that has made him a much-listened-to figure in the teen-age world. His sincere pleas for parent-adolescent understanding and communication, and his explanations of teen-age manners and mores, make "Your Happiest Years" important reading not only for teen-agers themselves, but for everyone interested in tomorrow's adults.

"Some Merry-Go-Round Music," by Mary Sizel. Nineteen-year-old Miranda Parrish was bored with her job, but did not quit or look for one which would be more stimulating. Anything, Miranda felt, was preferable to causing unpleasantness or tension. It was not until Miranda met Matthew Smith that she began to discover that action need not be unpleasant, and to face herself and her life with honesty and eagerness.

The growth of labor unions in America, from the craft societies in colonial times to the large and influential forces of today, was a dramatic and action-filled process. Katherine B. Shippen, in "This Union Cause," presents a vivid account of the men, the ideas, and the advances and regressions which made way for the powerful unions of today. Exciting and thought-provoking, "This Union Cause" will be read with interest by any young person concerned with the development of America.

"Blast-off at 0900," by Hugh Walters. Time: present. Problem: an unidentified, presumably in a made object's sudden appearance on the moon. Solution: Send up a rocket from the Woomera Rocket Research Station in Australia, to photograph this object without cloud interference. Hero: 17-year-old Chris Godfrey, interested in rocketry, soon to enter Cambridge and, most important, unusually small for his age. What happens on this first man-occupied space mission and the events leading up to its blast-off, make a fast-paced, well-written story.

"Skyblazers: Your Career in Aviation" by Harry Edward Neal is a comprehensive study of a wide range of jobs in aviation, from piloting to missiles. The book contains a wealth of detail on requirements for various jobs in aircraft industries, salaries that might be expected in different phases of work, a useful list of aircraft companies, educational institutions, and sources of further information.

Man has used many strange things as money since clay money was first invented in Babylon five thousand years ago. Starting with man's earliest form of exchange, Arthur Groom in "This is the History of Money" tells us about the beautiful coins of classic Greece and Rome; about the facious pieces-of-eight of the Spanish Main; and about the origins and development of American coinage. The story is brought up to date with references to the most recent coins providing the reader with a broad

general background on money in use, banking practices, and data on the international flow of currency.

## Sales Levels For '60 Set

The U.S. Department of Agricultural announced March 1 that the minimum sales price for 1959 and prior crops of upland cotton in its inventory will be the higher of (1) the marketing price, as determined by Commodity Credit Corporation, or (2) 115 percent of the Choice (B) loan rate during the 1960-61 marketing year.

For 1960-crop cotton, the minimum sales price will be 110 percent of the Choice (B) loan rate when sold by local sales agencies and will be the higher of (1) the market price, as determined by CCC, or (2) 110 percent of such Choice (B) rate when sold for the New Orleans GSS Commodity Office.

Department officials announced that this determination of minimum sales levels is to place emphasis on farmer's marketings of 1960-crop cotton.

It was also announced that carrying charges will be added in connection with the sales, beginning with 10 points in October and increasing 20 points per month for each month thereafter in accordance with the following schedule:

August - none; September - none; October - 10; November - 30; December - 50; January - 70; February - 90; March - 110; April - 130; May - 150; June - 170; July - 190.

## Music Students Accepted For Music Camp

Miss Johalyn Mitchell, daughter of Mr. and Mrs. John C. Mitchell and student at Robert E. Lee Junior High School, Miss Linda Meech, daughter of Mr. and Mrs. Charles S. Meech and sophomore in Pampa High School, auditioned in Amarillo recently for Dr. Joseph E. Maddy, president and founder of National Music Camp, Interlochen, Mich.

Both were accepted for an eight weeks' summer session at the camp. Miss Mitchell will be in the piano division; Miss Meech will be in band and orchestra division on an oboe scholarship.

## CARBON DIOXIDE EFFECT

HONG KONG (UPI) — A brochure praising the wines made in Red China says the local champagne "tastes sweet and tart and gives a refreshing effect similar to that of carbon dioxide."

# MATTERS OF THE MILITARY

LESLIE V. ORMAN Joins Staff Of Navy Recruiter

Chief Given W. Vance of the Navy Recruiting Station in Pampa, announced that Leslie Victor Orman, Ensignman First Class, has reported to the Pampa recruiting station for duty as reliever for Nicholas P. Chunks, CSI, who will be detached from the Pampa station April 30 to report back to sea duty at San Diego.

Orman was serving aboard the USS Otteretter, a radar picket ship serving in the North Atlantic as a unit of the Distant Early Warning system, with home port at New Port, R.I., prior to his being assigned as a Navy recruiter at Pampa. Orman is a veteran of 11 years naval service and has had duty in the amphibious forces, navy aviation, and destroyer forces; during this time he has served in both the Pacific and Atlantic Fleets.

Orman was a graduate of Clayton High School, Clayton, N.M., prior to entering the naval service.

## Winter Practice

SCHWABISCH HALL, Ger. (AETNC) — Army PFC Billy D. Chambley, son of Mr. and Mrs. William T. Chambley of Canadian, recently participated with other personnel from the 37th Artillery in "Exercise Winter Shield" at the Grafenwohr-Hofenfels training area in southern Germany.

"Winter Shield," an annual Seventh Army winter maneuver, involved 60,000 troops. Chambley, a member of the artillery's headquarters battery in Schwabisch Hall, entered the Army in November 1958 and completed basic combat training at Fort Carson, Colo.

The 23-year-old soldier was graduated from Canadian High School in 1955 and attended West Texas College.

Before entering the Army, he was employed by the Texas Highway Department.

## Buddies Go Navy

John Richard Grimsley, son of Mr. and Mrs. Charles R. Grimsley of 1005 E. Francis, and Donald Ray Denton, son of Mr. and Mrs. Joseph M. Denton, 1128 W. Oklahoma, enlisted in the Navy March 8 at the main Navy recruiting station, Albuquerque, N.M.

Grimsley and Denton were processed through the Navy recruiting station in Pampa and enlisted under the Navy's "Buddy Program," whereby they will remain together throughout recruit training.

While in training at the Naval Training Center, San Diego, they will be given a series of tests to determine the field of work in which they are most qualified and will be encouraged to choose that field. They will also be taught Navy traditions, customs, and terminology in preparation to becoming a qualified Navy man ready to take his place with the fleet.

Upon completion of recruit training both men will be granted 14 days leave to visit relatives and friends prior to reporting to their first duty assignments.

## On 'Flatop Tour'

SAN FRANCISCO, Calif. (AETNC) — Robert E. Ruff, seaman apprentice, USN, son of Mr. and Mrs. Charlie E. Ruff of 616 Doucette, departed San Francisco, Calif., Feb. 6, aboard the attack aircraft carrier, USS Ranger for a six-month tour of duty with the U.S. Seventh Fleet in the Western Pacific.

The largest "flatop" in the Pacific, the Ranger was transferred from the Atlantic Fleet in June, 1958, and is now on her second cruise to the Far East.

Fifty-two species of fur-bearing animals may be found in Great Smoky Mountains National Park.

LT. DAVID CARTWRIGHT New Lieutenant Finishes Course

QUANTICO, Va. (AETNC) — Among 256 second lieutenants who completed the 30-week officer's basic course at the Marine Corps Schools, Quantico, Va., Feb. 23, was David L. Cartwright, son of Mr. and Mrs. R. B. Cartwright of 821 E. 18th.

He is a graduate of Wayland College, Plainview.

The course includes indoor classes in personnel administration, first aid, map reading, weapons, field sanitation and leadership techniques. In the field, practical map reading, live firing of weapons, drills and ceremonies, and the practical aspects of communications and employment of supporting weapons are applied.

The basic course is compulsory for all newly commissioned Marine officers, including former enlisted men, college graduates or graduates of the U.S. Naval Academy.

## Finishes Cruise

NEWPORT, R.I. (AETNC) — Otis D. White, interior communications electrician third class, USN, son of Mr. and Mrs. Travis

White of 731 Brunow, returned to Newport, R.I., Feb. 26, aboard the radar picket destroyer USS Hawkins after a tour of duty with the U.S. Sixth Fleet in the Mediterranean area.

Population Rate — The population of Albania is largely from two ethnic stocks, the Ghegs in the north and the Tosks who live mostly in the south.

TEST SIGHT of the week... while driving downtown one... last week, we noticed in the back seat of the car ahead of... the most adorable blonde twin girls... about two years... dressed in blue plaid dresses... all we know is the... nse number of the car... AU 417... but the children... e surely cute!

you next Sunday!

## Kit Kat Klub, Seven-Elevens Plan Annual Dance

Plans for Kit Kat Klub's and Seven-Elevens' annual Bowery Ball were made a combined meeting of the two clubs held in the home of Miss Joan Giddens on Tuesday evening. A party of the planned entertainment will be the traditional can-can dance performed by new members, Misses Kay Bailey, Margaret Burns, Judy Essary, Beverly Stevens, Janice Cope, Carolyn Jones, Janice Giddens, Sue Maxey, Culppepper, Carol Wilson, Judy Judi Vail, Karen McCarthy, Gail Culppepper, Carol Wilson, Judy Buckingham, Dianne Meyers, Anita Buske, Linda Zmotony, Linda Brown, Linda Worley, Kay Ellis, Sherry Kotara, and Peggy Schwind. Professional entertainment will be provided by the "Five Tops." Plans were also discussed for "A Wearing Of The Green" party to be held Thursday in the home of Miss Schwind, 200 W. Harvester. Hostesses will be Sandra Braly, Glenda Finkelstein, Joyce S. N. W. and Marcia Ward. Members are requested to wear some thing green at the party in honor of St. Patrick's Day. The program will be dance demonstrations.

## Miss Campbell, W. D. Strawbridge Say Nuptial Vows

In a candlelight wedding ceremony performed on Feb. 27 in Immanuel Temple Church, Miss Marilyn Sue Campbell, daughter of Mr. and Mrs. Floyd Campbell, became the bride of Weldon Dwain Strawbridge, son of Mr. and Mrs. Willard Strawbridge of Briscoe. The Rev. Bill Sparks, pastor, performed the double-ring ceremony. Given in marriage by her father, the bride was gownned in a white street-length dress of organdy over satin with a white lace bodice. Her veil of waist-length white net extended from a floral headpiece. She wore a rope pearl necklace and white brocade slippers. She carried a white Bible and a white carnation bouquet. Miss Janet Campbell, bride's sister, served as maid of honor. David Strawbridge, bridegroom's brother, was best man. Candelighters were Miss Mary Evans of Pampa, bridegroom's cousin, and Miss Greta Mae Strawbridge, bridegroom's sister. Raymond Mayfield, bride's cousin, (Continued on Page 17)

## 'Seven Deadly Sins' To Be Hung For Viewing

"The Seven Deadly Sins" — Mrs. Howard Johnson is pictured with her paintings of "The Seven Deadly Sins" which will be hung this week by Pampa Art Club in Coronado Inn. The sins are represented in the paintings as pride, greed, anger, sensuality, gluttony, envy and sloth. The paintings may be viewed in the lobby of the Inn the latter part of this week. (Daily News Photo)

... of PRIDE the pamphlet read "the root of pride is thinking too highly of ourselves; of so exalting ourselves in our mind that we become sort of a god to ourselves and look down from that height upon our fellow man. When we reach that stage we recognize no standard of living but our own; we are the sole judge of our own actions, and we lose all sense of community with and responsibility towards our fellow human beings. And that condition in itself is a sin... the supreme sin."

... of GREED, the pamphlet read "Greed is the passion to possess... to get more than one has already and to go on getting. Once we see the place that money holds in modern life; what it will buy of luxury and power and place, it has a tendency to gather up all other desires into itself and to become the one thing to set our hearts upon and to make the supreme objective of our lives."

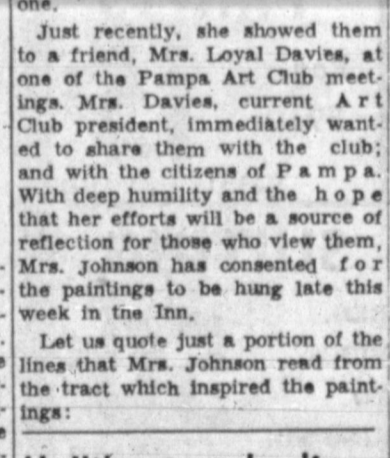

... of ANGER, Mrs. Johnson was inspired to this painting by the reading of "it may be surprising at first that anger should be considered a deadly sin. It is such a common human passion that we have come to regard it as almost normal. But anger blinds us to all distinctions of right and wrong, and to the sacredness, not merely of another personality, but of life itself. It is the passion that blinds us to the sacredness of another's person, another's life. This is why it is condemned so severely. It breaks the tie which binds men together in the family of God."

... the paintings illustrating SENSUALITY AND GLUTTONY came about after reading that "sensuality means the surrender of the self to the pleasures of the senses and the animal urges of the body. Gluttony is uncontrolled gratification... or gratification to excess... of natural appetites. To find happiness through our animal nature is to plunge into deadly sin. This is sensuality and sensuality is a deadly sin because it is the surrender of the soul to the body. It ultimately destroys the spirit, the soul."

... ENVY was included in the "seven deadly sins" because envy at the good of others and malice, wishing them evil, is a deep pollution of the spirit. Envy also has many "daughters" two of which are evil and destructive, "Jealousy and Slander". Jealousy and envy are not quite the same thing; but when envy conceives, it brings forth jealousy. And jealousy is one of the most destructive emotions which can take possession of us. The sin of the slanderous tongue and the jealous heart are as deadly as the sin of envy. They not only ruin one's own inner life, they end in depriving us of all that we desire most of all, the friendship and approval of others."

... Inspiration for the painting of the SLOTH was gained by the reading of "it might easily be that the danger of slothfulness in our time is increased by the very variety of our modern experiences; by the endless opportunities we have of exciting our senses and occupying our minds. There are a plenty of pleasures, to be sure, but we flit about from one to another looking for new thrills; and that means that we are fundamentally bored by our very pleasures. Young and old, bored to death with pleasure, lose all spiritual vitality and their souls lie idle."

These then are the meanings behind the paintings. They were conceived in inspiration; created

## Halliburton Ladies Meet For Social

The Halliburton Ladies Club had its monthly meeting at the Halliburton Camp recently. Attending the meeting were Mmes. Weldon Rogers, Bill Rape, M. R. Yakei, Austin Wilson, Boyd Butler, Joe Dean Crofts, Roy Burney, Gene Wingert, and J. M. Burries Sr. After the meeting, games were played and refreshments were served. Hostesses were Mrs. Buddy Couthorn and Mrs. Eddie Parker. One guest, Mrs. Otis McClellan, attended the meeting.

### Varietas Study Club Has Fine Arts Program In Home Of Mrs. R. W. Lane

A fine arts program was presented at Varietas Study Club on Tuesday by Mrs. Luther Pierson, Mrs. H. T. Hampton and Mrs. W. A. Wagoner. The group met in the home of Mrs. R. W. Lane, 1214 N. Russell. In opening remarks, Mrs. Pierson said, "All musical people seem happy. A man once said that too many people, through lack of understanding, are opposed to studies in fine arts. The values of such studies are less obvious than that concerned with meeting basic needs and the importance of developing spiritual and cultural character of the individual goes unrecognized."

Mrs. Pierson concluded, "Listening to music has been recognized as an effective means for giving enjoyment and soothing the troubled mind as well as uplifting the spirit."

Mrs. Hampton chose an interest of hers, cut-glass for discussion. "The first glass in the United States was made by Henry Steig in Manheim, Pa. in 1771," she said, and continued, "Cut-glass in this country is divided into three periods: Early, Middle and Brilliant cut-glass. The Brilliant period extends from 1880 until about 1905. Most of the cut-glass we are familiar with was cut during those years. The patterns were square-diamonds, stars and fans. It wasn't cheap even then for a fine 9-inch berry bowl sold for about \$25 in 1900; it would bring well over \$100 today."

"These are the tests for cut-glass," Mrs. Hampton outlined. "Tap lightly with a pencil or snap with fingers. It will ring like a bell unless it has a closed top. The ring is due to the lead content. It must have sparkle. If when held to the light, notice the refraction made by cutting. Sharpness can be told by running your fingers over the cutting. The edge is sharp if cut; smooth if the glass is pressed."

The afternoon's program concluded with piano selections by Mrs. W. A. Wagoner which included "Joyous Farmer," "Londonderry Air," "Minuet in G," and "Irish Eyes Are Smiling."

During the business meeting, members voted to give \$25 to the state scholarship fund for a nurse scholarship to be used in this federated district.

Highlights on club women were given by Mrs. J. C. Volmert, "A chapel on Montana has been completed by funds raised by federated clubs," she said.

Council of Clubs report was given by Mrs. Dow King, who stated

### Legal Honor

Mrs. Rosalie Bossay has been named by Gray County Bar Association as Legal Secretary of the Year. The selection was made from the membership of Pampa Association of Legal Secretaries and is based on qualities pertaining to being a legal secretary; service to the National Association of Legal Secretaries, state and local chapters; civic, charitable and religious activities. Mrs. Bossay has been employed for the past ten years by Aaron Sturgeon. She will be the candidate from the local chapter for the state contest. The winner of this contest will be presented at the National Convention of Legal Secretaries in Atlantic City, N. J. later this year.

### Beta Sigma Phi Sorority Selects Woman Of Year: To Be Named April 3

The First Lady of the Year in Pampa has been chosen. She was selected by secret balloting conducted recently in the three chapters of Beta Sigma Phi, Upsilon, Rho Eta, and Exemplar. Their choice was based on accomplishments in cultural, civic work, home-making, business or other outstanding community activity.

The First Lady of the Year for 1960 will be introduced and honored at a Recognition Tea to be given April 3 in City Club Rooms.

Sponsoring this annual event are the three chapters, Upsilon, Rho Eta, and Exemplar of Beta Sigma Phi, an international organization of women, which undertakes this widespread recognition of women leaders, community by community, honoring women who have contributed most to community development in one phase or another.

BSP members are not eligible for the award.

Who will be the First Lady of the Year in Pampa? Many nominees were made for the sorority's selection this year.

Women of the Year so honored in other years have been Mrs. W. W. R. Campbell, Mrs. Carl J. Wright, Mrs. Hueylyn Laycock, Mrs. James Massa, Mrs. Arthur Teed, Mrs. Dick Hughes, Mrs. Rufe Jordan, Mrs. H. H. Hicks, Mrs. Jack P. Foster, Mrs. Raymond Harrah Sr., Mrs. A. D. Hillis, Mrs. Harvey Nensiel, Mrs. Ines Carter, and Mrs. Roy McKernan, who is the most recent recipient of the honor title.

Women everywhere, according to Beta Sigma Phi, are giving their efforts and talents to community development. It is for this reason the organization believes recognition is due the First Lady of the Year in every community.

While the name of the Woman of the Year for 1960 will be kept a well-guarded secret until it is announced first through this newspaper on April 3 and she is introduced at a tea that afternoon, it is certain the Sorority's choice this year has been made after careful canvassing of the many talented Pampa Matrons.

### Young People Present Program

CANADIAN (Sp) — Mrs. John H. Jones presided at the Mothers' Meeting held recently in WCTU building.

The devotional, "Give Me Faith," was given by Mrs. James Price. Mrs. George Tubb introduced the program which consisted of a reading, "The Bath Hour," by Mary Rutledge; A cornet solo by Earl Ehas accompanied by Mary Ellen Jones; A reading, "The Highwayman," given by Doloris Batts; and vocal solos, "After," and "The Ninety and Nine," given by Jim Cline accompanied by Joyce Lansdown.

Hostesses Mmes. Emery Vignal, George Tubb, Carl Studer, William Carr and John H. Jones served refreshments to approximately 20 guests.

SECRET MISSION — Pampa's Woman of the Year for 1960 has been named. Beta Sigma Phi Sorority members Mrs. Wiley Davis, Mrs. Jere Sanders and Mrs. James Scholl, left to right above, are pictured above after calling on the Woman of the Year to tell her of the honor. Beta Sigma Phi will reveal her identity of a Recognition Tea to be given April 3 in City Club Rooms.

52nd Year Gavel Club Names New Officers

Buck-Teed Betrothal

Miss Bobbie Sue Buck

Mr. and Mrs. Hugh Q. Buck, 3452 Ella Lane, Houston, announce the engagement and approaching marriage of their daughter, Bobbie Sue to John Edson Teed, son of Mr. and Mrs. Arthur M. Teed, 1822 Charles. Wedding vows will be solemnized on April 2 in St. Luke Methodist Chapel, Houston, at High Noon.

Eastern Star Gavel Club met in the home of Mrs. Otis Nace recently with Mrs. Audrey Jones and Mrs. L. E. Byars as co-hostesses. The next meeting will be April 14 in the home of Mrs. Guy Andis, 1812 N. Russell with Mrs. J. S. Fuqua and Mrs. Otto Rice as co-hostesses.

New officers were elected were: president, Mrs. W. M. Voyles; first vice president, Mrs. Oscar Shearer; treasurer, Mrs. W. L. Parker and secretary, Mrs. O. A. Davis.

After the covered dish dinner, a short business meeting was held. Secret pal gifts exchanged and games was enjoyed by the following: Mmes. J. H. Warner, Guy Andis, Oscar Shearer, W. B. Murphy, W. P. Vincent, Otto Rice, W. S. Kiser, Earl Casey, E. L. Head, J. L. Burba, O. A. Wagner, J. S. Fuqua, G. C. Crocker, Dennis Stillwell, O. A. Davis, W. R. Morrison, W. A. Rankin, R. A. Handkouse, W. M. Voyles, W. L. Parker and a visitor Mrs. Kenneth Gray.

SEVEN DEADLY

(Continued from Page 13) with inspiration; and should be viewed for inspiration.

In viewing the paintings, you will find no sermon, nor moral platitudes. You might be offended, shocked and you might not even like them. But during this Lenten time, a time for spiritual reflection and re-evaluation of our inner selves, the artist's work will offer you food for thought. They will set you to thinking.

The straw satchel with leather binding and handles is a handbag style many women cherish for summer. It looks well and wears well, too.

ENGAGEMENT ANNOUNCED

Miss Marcella Ann Patterson

Mr. and Mrs. J. R. Patterson of Mobeetie announce the engagement and approaching marriage of their daughter, Marcella Ann to LaWayne Hogan, son of Mr. and Mrs. W. C. Hogan, also of Mobeetie. The wedding is planned for early June in Mobeetie's First Baptist Church. (Photo, Call's Studio)

Candelight Service For Bailey-Lang Nuptials

WHEELER (Sp) — In a candelight ceremony, Miss Mary Jo Bailey, daughter of Mr. and Mrs. Joe W. Bailey, of Kelton became the bride of Charlie M. Lang Jr., son of Mr. and Mrs. Charlie M. Lang Sr. of Kelton, on Saturday evening February 27, in the First Methodist Church of Kelton.

Rev. Bruce Parks of Vega, officiated the double-ring ceremony. Nuptial vows were exchanged as the couple stood beneath white wedding bells hung from an archway of greenery. Baskets of white gladioli, flanked by candelabras holding lighted cathedral tapers, completed the altar setting. An illuminated cross shone through the altar setting. An illuminated archway from the background. Pews were marked with bows of white satin ribbon.

A prelude of nuptial music and traditional wedding marches were played by Miss Karen Moore, who accompanied Miss Sylvia Bailey, sister of the bride, as she sang "The Wedding Prayer" and "Because".

Miss Kathy Bailey, sister of the bride, and J. W. Bailey, brother of the bride, lighted the candles. Miss Bailey wore a pink dress of polished cotton fashioned in short-

waist style with a full plated skirt. She wore a headband of artificial flowers in variegated shades of pink and her wristlet was of French pink carnations.

Miss Carolyn Gabbard of Tulsa, Okla., was maid of honor. Her dress of polished cotton in a light beige shade was designed in a skirtwaist style with a full pleated skirt. Her headpiece was of artificial flowers in various shades of beige. She carried a nosegay of French pink carnations on a background of gold net and ribbon streamers.

Donald Ray Smith served the bridegroom as best man. Ushers were Garland Moore of Lubbock and Bob Hink.

The bride, escorted to the altar and given in marriage by her father, was attired in a princess-style dress of brocaded taffeta in a street-length. It was designed with short sleeves and a V-shaped neckline. Her elbow-length veil of nylon organza was attached to a tiara of pearls.

She wore a strand of pearls, a gift of the bridegroom, and carried a white Bible topped with a bouquet of white carnations showed with streamers of white satin ribbon and net.

The bride carried out the tradition of wearing something old, new borrowed, and blue. Something old was a gold coin belonging to the bridegroom's mother that was made in 1840 exactly one hundred years older than the bride. She had a penny in each shoe, one dated the year in which she was born and the other presented to her by the father of the bridegroom.

Mrs. Bailey, mother of the bride, chose a floral printed dress with blue and white accessories. Mrs. Lang, mother of the bridegroom, wore a beige dress with brown accessories. Both wore corsages of white carnations.

Following the ceremony a reception was held in the home of Mr. and Mrs. Raymond Moore.

The bride's table was laid with a cloth of lace over green and centered with a colonial arrangement of flowers, carried by the female attendants.

Mrs. Laurann Daugherty, sister of the bridegroom, served the tiered wedding cake. Mrs. LeMay of Silverton, aunt of the bride presided at the punch bowl.

Miss Sharon Bailey, of Quitaque cousin of the bride, registered guests.

Abuse Of Power Discussed In Talk 'Are You The Victim' At CC Club

Mrs. A. C. Houchin, guest speaker for Civic Culture Club at a meeting held Tuesday in the home of Mrs. Ophelia Morris, discussed "Are You The Victim" which covered compulsory unionism, black mail, picketing, secondary boycotts.

She asked "What do these words mean to you? How does their meaning affect the lives of each of us, our pocketbooks, our freedoms."

"Almost daily," Mrs. Houchin continued, "we hear newscasts and read newspapers filled with stories about union racketeering. Isn't it time we women of America learn more about these labor excesses and abuses which are threatening every American's future? Shouldn't we find out what we can do about it?"

"The club program, Are You The Victim?", Mrs. Houchin said, "is a serious one, it makes no attempt to sugar-coat the facts, for it is presented with the thought that women of our membership will think, learn, and then act wisely once they become aware of how much their attention is needed."

"Consider your own reaction as you read the brief excerpt from the discussion of the program: It is a fact that a handful of men, and in some cases, one man, has the power to stop the wheels of our major industries; to bring the economy of the nation to a dead halt. The government of the United States does not have this power. The President of the United States does not have it. The congress does not have it. But the few men in control of labor supply of basic industries do have it. When they don't get their way, they use this power and seemingly no other power in the United States is able to stop them."

"The facts and suggestions, which this club program presents," Mrs. Houchin continued, "are directed just as much to protecting the interests and freedom of the individual working man or woman as they are to protecting the interests of employers and the general public, all of whom are menaced alike by union monopoly powers."

"Clubwomen of America," the speaker continued, "have shown that they want to act against any unchecked powers which pose threats to themselves; to their families; to their communities; in fact to the entire American economic future."

During the business meeting conducted by Mrs. C. F. Pennington, president, plans were made for the district convention to be held in Lubbock, Mrs. J. E. Townsend gave the Council of Clubs report. Refreshments were served during the social hour to Mmes. Carl Axelson, Irvin Cole, R. E. Dauer, A. D. Hills, Emmett Osborne, W. C. Scott, K. A. Sorenson, Louise Sewell, Katie Vincent, H. W. Waters and Stanley Brandt.

Hopsacking, printed all over with bright carnations, makes a smart little jacket for summer wear.

# Health Issues Topics For TC Forum Meeting

Twentieth Century Forum Club met Tuesday in the home of Mrs. M. Daniel, 1801 Charles with the president, Mrs. Joe Daniel Jr., residing.

It was announced that a meeting will be held in Amarillo in the Woman's Club on April 12 for the purpose of re-organizing this district. An election of district officers will be held at that time.

Mrs. Felix Vendrell introduced a letter to the group about the relationship between cigarette smoking and lung cancer. Quoting from recent issue of Time Magazine, Mrs. Dunigan told the group, "From painstaking ten-minute to half-hour microscopic examinations of each of 19,797 thin slices of tissue from human lungs, medical researchers report, they had found the strongest anatomical evidence that heavy cigarette smoking is a direct cause of lung cancer."

Mrs. Dunigan also gave the warning against cigarette smoking recently issued by Dr. L. E. Burney, surgeon-general of the US Public Health Service. His

view is this: "The weight of evidence now points to cigarette smoking as the principal cause of the rise in lung cancer, which kills 35,000 Americans each year." Dr. Burney added a new observation concerning filter-tips: "Present knowledge indicates that it is not possible to filter selectively, special compounds such as the carcinogens (cancer-causing agents). The filters presently in use do not eliminate, but merely reduce tar."

"In spite of these warnings," Mrs. Dunigan went on to say, "Americans spent \$6,800,000,000 for tobacco products last year; \$500,000,000 more than in 1958."

"The danger from cigarettes has been distinctly over-emphasized," says Dr. Wilhelm, C. Hueper, a scientist who has devoted a long and distinguished career to tracking down carcinogens. Dr. Hueper feels that while cigarettes may be contributory in causing cancer, they are not the primary ones. He feels, "Mrs. Dunigan concluded, "that air-pollution, food additives, cosmetics and agricultural chemicals are the chief contributors to this disease."

Mrs. Roy Bourland told the group about Wadley Research Institute in Dallas. "In a work where time and tragedy are always apparent, the Wadley Research Institute has helped to build a refuge on the avenue of malignant despair," Mrs. Bourland began.

"In 1951, after the loss of their grandson, who died of acute leukemia, Mr. and Mrs. J. K. Wadley, of Texarkana gave \$850,000 in memory of this child. This was to build the institute which is the outgrowth of the Buchanan Blood Center that operated under the auspices of Baylor Hospital. It was under the direction of Dr. Joseph

M. Hill that this group initiated the research into the problems of cancer. Dr. Hill is still head of the Institute."

"The objectives of the Institute are in the field of blood, blood derivatives and blood diseases. There are many phases of services offered at Wadley such as the outpatient clinic, the blood bank, and by unique, freeze-drying facilities, Wadley provides dried bone, cartilage and human arteries which are used in surgery."

Mrs. Bourland concluded the discussion by telling symptoms of Leukemia and giving several case histories known to the group. She then introduced Mrs. Blair Jones from Amarillo.

Mrs. Jones stated that small Wadley leukemia chapters are being organized all over the state, particularly in areas where there have been a number of cases. Mrs. Jones herself a leukemia victim, is head of the chapter for this area. She said the purpose of the chapters now organized is to assist the Wadley Institute in getting blood and in raising money for research. She told the group of several fund-raising projects which have helped the Institute greatly from a financial standpoint.

Mrs. Jones concluded by telling the group that she had the first bone-marrow transplant done at Wadley in 1957. While she is not considered cured, Mrs. Jones leads a full, normal life with her husband and two children.

Attending were Mmes. Bob Curry, W. L. Ellis, H. C. Federer Jr., W. T. Fraser, Gene P. Groom, W. Calvin Jones, Frank Kelley, John B. McCrory, M. McDaniel, Bruce Pratt, Henry J. Rose, Aubrey Steele, Arthur Teed and H. V. Wilkinson.

## PALS Have Lunch Meeting In Hotel

Pampa Association of Legal Secretaries (PALS) met for luncheon Wednesday in Pampa Hotel with fifteen members and guests attending.

During the business session, conducted by Delane McHone, president, it was announced that Rosalyn Bossay had been selected by Pampa County Bar Ass'n as Pampa Legal Secretary of the Year.

Mention was also made that Joyce Stanley had made application for National Ass'n of Legal Secretaries (NALS) scholarship. This scholarship of from \$200 to \$500 is given each year to a deserving girl, who plans to take a fitness course.

Report was given by June Griffith, secretary.

Mrs. McHone urged all who can attend the convention in San Antonio April 29, 30, and May 1.

Attending the meeting in addition to those mentioned above were Betty Cooper, Connie Ziebart, Betty Walker, Frances Gilson, Frankie Bransford, Jean Florence, Elyon Bailey, Billie Cox, Gladys Ivo, Ivo Denson, Corrine Bell, Kathleen Zmotony.

## Smorgasbord Dinner Planned For Upsilon Members And Husbands

Upsilon Chapter of Beta Sigma Phi Sorority met Monday in City Club Room with Mrs. Wiley Davis, president, conducting the meeting.

Mrs. Davis read a letter concerning the Beta Sigma Phi convention to be held in Austin on June 17-18-19.

Mrs. C. S. Youngblood announced that a smorgasbord for members and husbands will be held Mar. 26 at 7 p.m. in Lovett Memorial Library.

Mrs. Henry Gruben, ways and means committee chairman, announced that a rummage sale has been set for Mar. 30-31 across from Wilson Drug.

Mrs. Davis, in reporting the Council of Clubs meeting, announced that Mrs. Earl Casey has been elected president; Mrs. Mark Heath, treasurer.

Mrs. Bill Ellis read names submitted by the nominating committee for new officers, who will be elected at the next meeting.

LEWIS NORDYKE

## Groom Senior Considered For HD Scholarship

GROOM (Sp1) — Miss Ellen Latta, Groom senior, is one of six 4H Club girls in Texas, who are being considered for a \$500 scholarship given by the Texas Home Demonstration Association. She is the daughter of Mr. and Mrs. George Latta.

Eleven 4H girls entered records in the state contest and from the records six finalists were chosen. From the six top contestants, three will be named to receive the scholarship.

Judges visited in the Latta home Tuesday afternoon and spent two hours reviewing Miss Latta's 4H record.

Paul Howard, R. G. West and Roy Whisenhunt.

## El Progresso Shares Afternoon With Friends

By DORIS E. WILSON  
Women's Page Editor

Almost a year in advance, El Progresso Study Club made plans for its Friendship Day Tea to be held on March 8. If they had been the best weather prognosticators in the business, they could not have selected a more beautiful afternoon than Tuesday to invite their friends to share an afternoon with them.

Weather for the past six weeks has been so foul that the most charming club member with the most interesting afternoon program could not have possibly coaxed many guests to attend. But on El Progresso's Friendship Day, it was as if the order had been especially placed for the bright, warm sun to beam down on members and guests as they entered and left

magazines and is Book Reviewer for the New York Times. Mr. Nordyke has four books to his credit, the latest of which is "The Truth About Texas."

"Texas Literature" was the caption for Mr. Nordyke's discussion of little known and interesting facts about Texas. He lamented the fact that Texas is usually pictured in literature as wholly populated by oil-well owners, cattlemen, cotton and wheat farmers. "When the truth of the matter is there are a lot of good, down-to-earth people living normal, everyday lives in Texas," he said. "It isn't all Black Gold and Beef, it is living and people."

Hostesses for the afternoon were Mmes. Harold Wright, Tom Perkins, J. G. Lyons, and Bob McCoy. As gay as the cutest Irish Leprechaun was the St. Patrick's Day table, where guests were served choice tid-bits with coffee or tea. Mrs. John Gill, president pro tem, presided at the copper service. A green linen cloth appointed with copper coffee and tea service, tall, copper candlesticks holding green rope candles appointed the table. The focal point was created with an arrangement of white stock and tinted-green carnations in a low copper bowl interspersed with green satin-edged Shamrocks.

Following an introduction of guests, Mrs. Grundy Morrison introduced the afternoon's speaker, Lewis Nordyke of Amarillo. In her introduction, Mrs. Morrison acquainted the audience with the facts that Mr. Nordyke had graduated from the school of journalism at University of Missouri. He came to Amarillo in 1937, where he has made his home since with the exception of a time he lived in Philadelphia, and served as editor of the Country Gentleman. He is a consistent contributor to national

demstration projects and work. Before making a final decision, the judges will visit the other five contestants.

The judging committee is composed of Mrs. L. A. Bayett, chairman of the 4-H committee, Miss Fern Hodges, home demonstration agent, and Miss Reba Merle Bayles of the extension service.

Mr. Nordyke cited the romance of a couple. The girl lived out on lonely Pitchfork Farm. One day as a tumble weed blew past her and was stopped by a fence, she decided to attach a note to it and release it against the wind over the fence. Later, a Pitchfork cowboy stopped the tumble-weed and read the note which contained only her name, address, color of hair and eyes. They met and were married happily for a number of years.

(Continued on Page 16)

## Flower Plantings Topic For Units

Pampa Art Club celebrated Texas State Garden Club Week with unit workshops held in the homes of Mrs. Coy Palmer, 2117 N. Russell and Mrs. Bert Robinson, 421 E. Browning.

At the morning unit meeting, Mrs. Floyd Pennington conducted a program on "transplanting flowers and root cuttings." She suggested various containers for these rootings and displayed the containers with plants growing.

Mrs. Pennington suggested portions of vermiculite, sand and spagnum moss for rooting purposes with the new mixture "pearlite." The plants displayed were furnished by Mrs. D. A. Caldwell.

The afternoon unit program was conducted by Mrs. Mary Weaver using the same plants.

Plans were discussed at both meetings for the plant sale on May 2 and the "Iris Flower Show" in May of June.

Mrs. Jim Cornutt conducted the business at the morning unit; Mrs. Joy Shelton presided at the afternoon unit meeting.

Some women will keep trying on shoes until the clerk has a fit.

Mr. and Mrs. Will N. Abernathy

**Mr. And Mrs. Will N. Abernathy Honored On Golden Wedding Date**

Mr. and Mrs. Will N. Abernathy of Phillips Pampa Plant, south of Pampa, were honored with a reception on the occasion of their Golden Wedding Anniversary, with their children as hosts, Mr. and Mrs. H. M. Watson, Mr. and Mrs. Bill J. Abernathy of Pampa.

The reception was held from three until six o'clock in Phillips Community Hall.

Guests were greeted by the honorees and registered by Miss Joy Watson, granddaughter and Miss Gail Chisum in a white leather Golden Wedding Anniversary Book.

**EL PROGRESSO**

(Continued from Page 15) happily for a number of years.

In discussing little-known facts about the Alamo, Mr. Nordyke cited Ewing Cameron, as Texas' first cowboy, and as the true hero of that battle. "He was the leader of the 32 men from Gonzales who fought their way into the Alamo only for the privilege of dying there."

Mr. Nordyke continued his discussion of Texas by describing the varied terrain and climates within its borders.

Saying a few words of greeting just before the afternoon closed, Mrs. Gill expressed to the group, "Friends are among our most priceless possessions. We are glad for this opportunity to show you how precious you are to us."

SILVER TEA — Hostesses for Presbyterian Women's Association Silver Tea and Book Review given Wednesday afternoon in the church educational building were, left to right, Mmes. H. S. Alexander, C. E. Jefferies,

Clyde Fatheree, William Dixon, with Mrs. Ronald Hubbard, pastor's wife, who presided at the silver service and Mrs. H. H. Hahn, who reviewed "This Is My God."

**Mrs. H. H. Hahn Gives Book Review At Presbyterian Women's Silver Tea**

A silver tea was given by Presbyterian Women's Association Wednesday afternoon in Presbyterian Education Building. Proceeds from the tea will help with furnishings in the new part of the Education Building.

Circle Four was host circle for the tea with these members participating: Mrs. C. E. Jefferies, circle chairman; Mrs. Clyde Fatheree, Mrs. H. S. Alexander, Mrs. W. E. Dixon and Mrs. J. E. McCrery. Mrs. Ronald Hubbard presided at the silver service. The table cover was of white damask with green added in the candles of the silver candelabra and in the floral centerpiece of stock and carnations delicately tinted with green and green styrofoam shamrocks.

Mrs. John Nutting, president of the association, welcomed guests and introduced the guest reviewer, Mrs. H. H. Hahn. Mrs. Hahn prefaced her review of "This Is My God" with a brief personal communication from the author, Herman Wouk. Then she continued with a more complete biographical sketch from Mr. Wouk's publicity manager in which this Pulitzer Prize novelist ("The Caine Mutiny"), author and playwright comes forth as a non-fiction writer with the publication of this book. "In all of Wouk's writings he draws upon his experiences in the settings, and his personal background flavors the choice of characters and situations he develops," the reviewer said. "This 'My God' represents a continuation of the author's use of his own background for it is partly a history of Jewish customs and religion and partly a statement of Mr. Wouk's own convictions."

In the world and hold his faith close to his daily thoughts; but to stamp their hours with the seal of commitment."

Newest idea for spring prints is coat and dress in a matching print. Coat is always lined, of course, in a solid color picked up from the print.

# Texas Beauty, Grandeur Highlights 'Texas Day'

Texas Day was recognized at a regular meeting of the Twentieth Century Club, held in the home of Mrs. R. W. Stowers, 2015 Charles.

Mrs. R. H. Sandford, president, presided and asked Mrs. Harrah to read the club in the pledge to the state and the Collect.

During the report of the Fine Arts Committee members were allowed to view the finished portrait of Mrs. Ben Boyd, president of the Federated Clubs of Texas, which was painted by Mrs. Harrah and will hang in the General Federation Headquarters Building in Austin.

Mrs. Ronald Hubbard and Mrs. R. W. Stowers were elected delegate and alternate for an organizational meeting for the panhandle division of Texas, which will be held in Amarillo on April 12. At this time a new division of Federated Clubs will be formed and organized.

Mrs. Harrah introduced the Texas Day program by telling of the breath-taking beauty of all of Texas as "Recorded Texas history actually begins in 1519 when it was first mapped. The Indians contested the white man more violently in Texas than any other state," Mrs. Harrah said. "There are many stories told of Texas among which is the one that tells of an Indian when bitten by a Texas rattlesnake, spits the snake and uses the flesh to draw the poison from the wound."

Many expressions originated in Texas and the Texan is the brunt of many jokes. There is a temperature range of 120 degrees in a year and in parts of Texas, there can be a weather change of 40 degrees in an hour's time.

"Even the Texas is a very cultural state now it was customary to have public bathing in cities as late as 1885. The growth from four million Texas citizens today shows the rapid growth of our state. The many varieties of breath-taking scenery in Texas are ours to enjoy in all parts of the state," the speaker concluded.

Mrs. Lorene Locke discussed Coronado's routes. "There were five main routes of Coronado's expeditions," she explained, "they were the oldest historical events recorded of Texas. Even though Coronado failed to find gold, he led to the settling of our great plains and for miles and range land. As the priests came with Coronado, a chain of missions was formed and this resulted in the beginning of our Churches."

"When the horses were of no more use to Coronado, he turned them loose, these became the basis of the great herds of wild horses which roamed the country for many years."

"Many colorful names which are now in use are credited to Coronado and to his men. Coronado's search for the Seven Cities of Cibola was one of the most amazing ever made on this continent. The reports were of cities of gold, but instead they found the walls of mud of the Zuni Indians."

"The Indians taught the Spaniards many things among which was the way to keep his direction in the middle of the day in the plains which had no landmarks. One authority explained if only one marker was to be placed on Coronado's route, the best place for it is one-half mile east of Muleshoe on highway 84. Men have always been fired with the search for treasure and probably always will be. We always pursue a dream hoping to find the treasure beyond."

Mrs. Locke showed a map of the supposed routes of Coronado and explained why the different authorities based their claims on each. Highway markers are being planned to mark the route.

Members present were Mrs. G. F. Branson, W. R. Campbell, F. M. Culbertson, J. Kirk Duncan, Jack Foster, J. W. Gordon, Raymond Harrah, Lloyd M. Hicks, Loren Locke, Roy McKernan, Walter Pung, Tom Rose, R. H. Santford, H. E. S. Unfiled, R. W. Stow, R. H. Thompson, and V. J. Jamison.

PLANNING AHEAD—During Texas State Garden Club Week just past, weather wasn't the best for actual planting, but Top O' Texas Garden Club went ahead with plans for future planting in the Spring. Pictured here planning future flower beds at Highland General Hospital are Mrs. Tom Patton, project chairman, Mrs. Jamie Deal, president-elect and Mrs. Raymond Welch, president with C. C. Landers, hospital administrator.

## Duplicate Clubs Well Winners

Pampa Duplicate Bridge Club met Monday evening in Starlight room of Coronado Inn with nine tables playing Mitchell Movement.

North-south position winners were Mmes. Haskell McGuire, P. Nation, first; Mmes. Frank Greely Warner, second; and Mrs. Louis Burns, third.

East-west winners were Mrs. Harold Gregory, G. F. Thompson, fourth.

Winners in east-west positions were Mr. and Mrs. Don Forsha, Mrs. Elizabeth Self, Mrs. Crow, both of Borger, second; Mmes. E. J. O'Brien, Hugh Milton, third; Mmes. Frances Hampton, Knox Kinard, fourth.

The club extends a cordial invitation to interested duplicate bridge players to attend its sessions each Monday evening 7:30 in Coronado Inn.

Thursday Morning Duplicate Club met at 10 a.m. in Coronado with six tables playing the well movement.

Winners were Mrs. A. T. Partin, C. J. McLighton were first; Mmes. W. D. Valey, Nance, second; and Mrs. Jim Hendrix, third; Mrs. G. M. Martin, Ralph McNeely, fourth.

The club meets each Thursday evening at ten in the Inn and extends an invitation to duplicate bridge players to attend.

Thursday Night Duplicate Bridge Club met with five tables playing Howell movement.

Winners were Mmes. G. F. Richard, P. V. Rowe, first; Mmes. W. Murphy, Knox Kinard, second; and Mrs. Bryon Hampton, third.

## Auxiliary Tells Secret Pals

LAW Ladies Auxiliary held its thirty social on Thursday evening in the home of Mrs. M. E. Kelly on South Christy.

Revealing Secret Pals and exchanging gifts were the highlights of the evening.

Mrs. Raymond Palmittier, president, on behalf of the members, presented Mrs. C. M. Simmons a going-away gift; Mrs. Simmons and family are moving to Pampa City to make their home.

Refreshments were served to Mrs. Jack Prather, Ed Pullum, Mrs. Griggs, Clem Simmons, Mrs. Weatherly, Herb Willis, Rayner, Walt Bonnell, Monroe, Clifford Williams, Willard Peterson, Herbert Berry, Riley, Gaylord Stone, Raymond Palmittier and a guest, Mrs. Jim Kelly.

## DEAR ABBY....

By Abigail Van Buren

DEAR ABBY: You printed a letter from a father who said, regarding his retarded child, "I am proud that God singled me out to care for one of his exceptional children."

The fact that this father had found psychological adjustment for his tragedy is commendable, but I think "feeling proud" is carrying it to the extreme.

I object. Furthermore, I am very much concerned about the increasing abuse and misuse of the word "exceptional" for the retarded child. It causes much confusion and unless checked will change the true meaning of the word.

EXCEPTIONAL as defined by Webster means, "uncommon, superior, extraordinary, remarkable." It implies something to be desired!

To try to confuse the retarded child, who is below normal in intelligence, with the truly exceptional child is not only ridiculous but dishonest.

Will you, Dear Abby, please help us preserve the true meanings of words and discontinue using the word EXCEPTIONAL when referring to the retarded child?

ENLIGHTENED: You rattled the wrong cage! The feelings of one parent are more important to me than the "true meanings" of all the words in Webster's dictionary. Only the good Lord (and the parents themselves) know the chronic heartache endured by parents of retarded children. And if these parents derive the tiniest bit of comfort from using the word "exceptional" instead of retarded—who am I to object? And who are you?

DEAR ABBY: Our 14-year-old boy loves sports of all kinds. This year he made the freshman basketball team. His Dad and I go to the games. His Dad was a very good athlete himself at one time so he gave the boy some helpful suggestions on what he was doing wrong. (He didn't do it in a rough or mean way to hurt him.)

Our son asked us to please not come to any more games. He says we make him nervous and he makes too many mistakes.

We are very put out and want to know if we should stay away or go anyway and explain that we are going because we are proud of him.

WORRIED MOM

DEAR MOM: The boys is probably not playing as well as he could because he is self-conscious. Stay away. When he starts turning in

## MISS CABELL

(Continued from Page 13)

Miss Mary Beth Harris sang "I Love You Truly" and "The Wedding Prayer," accompanied at the piano by Mrs. Calvia Cook of Peryton.

The bride's mother was attired in a two-piece beige dress complemented with white accessories and a white carnation corsage.

The bridegroom's mother wore a beige dress with matching accessories and a white carnation corsage.

A reception was held following the ceremony in the church annex with approximately 65 guests attending.

After the bridal couple had traditionally cut the first piece of wedding cake, it was then served by Mrs. Bobbie Johnson of Pampa.

## CANDLELIGHT

(Continued from Page 14)

For a wedding trip to points in Oklahoma, the bride wore a dress of Hunter's green embossed cotton accented with beige accessories.

Out of town guests were Mrs. Laurann Daugherty and Mr. and Mrs. Larry Anderson of Pampa, Mr. and Mrs. H. B. Pritchard of Amarillo, Mr. and Mrs. Loyd-May and Van May of Silverton and Miss Sharon Bailey of Quitaque.

The bride is a graduate of Kelton High School and attended Hillcrest Nursing School in Tulsa, Okla. The bridegroom is also a graduate of Kelton High School and is employed by Clowe and Clowan Company in Amarillo where the couple will make their home at 1405 Madison Street, Apartment B.

performances of which HE is proud, he'll beg you to come.

Compulsory ROTC Fought By Student

KNOXVILLE, Tenn. (UPI) — James White, 20, of Chattanooga, a University of Tennessee student running for student office on a platform to do away with compulsory ROTC at the university, is scheduled to appear before a board of officers March 22. Lt. Col. William E. Beatty, board president, said the fact-finding group could take no "punitive" action against White and was not acting as a court-martial board, but "his relation to the military may be affected by the hearing." White, campaigning for the campus post of All-Students Council president, said he was being "persecuted" and the order to ap-

Aid To Unwed Parents For Children To Be Discussed

WASHINGTON (UPI)—A government report on illegitimacy and its effect on federal aid to dependent children is about to be submitted to Congress. Kathryn D. Goodwin, director of the Social Security Administration's Bureau of Public Assistance, said the report is being cleared by administration higher-ups. The Senate Appropriations Committee, concerned with public money spent for children born out of wedlock, requested the report. "We're glad they asked for it that way," Mrs. Goodwin told a UPI reporter, "rather than asking why aid to dependent children causes illicit relations." Such aid has been under fire recently as the cause of illegitimacy. Some members of state legislatures, resentful of the money plunked out to support offspring of unwed mothers, have been advocating drastic punitive measures such as sterilization, imprisonment, and denial of public aid. Such stringent measures, however, have been rebuffed recently in Maryland and Virginia. The Maryland House killed a Senate bill imposing jail terms and fines on women who bear more than two illegitimate children. In Virginia, the General Assembly rejected a bill calling for compulsory sterilization of unwed mothers of two or more children. Hastening to point out she was being "facetious," Miss Goodwin said there should be one slight "modification" in the bills. "It should include the man," she said.

Truck Rams Auto; One Driver Killed

HOUSTON (UPI)—A two-ton frozen seafood truck rammed into the rear of an automobile early today, instantly killing George Barunes, 35. Barunes was alone in his car when the accident occurred at about 3 a.m. at an intersection. Police questioned the truck driver, Casimir S. Mendez, 38, of Brownsville, whose 16-year-old son, David, was a passenger in the truck. The truck was loaded with about 8,000 pounds of frozen shrimp and other seafood. Mendez told police Barunes' car swerved in front of him as both vehicles were moving in the same direction through the intersection.

TRUCKS RULED NEGLIGENT

BAKERSFIELD, Calif. (UPI) — A coroner's jury Thursday ruled a truck driver, John Garrett, negligent in the March 1 collision his tanker-truck and a passenger train. Garrett and 13 others their lives in the crash.

Dunlap's Millinery—Ladies' Shops

HATS are so pretty this spring!

Come see our just-arrived collection... every hat designed to make you look your loveliest.

\$10.00

Flattery Fresh

Claussen NO-SEAM and FULL-FASHION HOSIERY

... shadow-sort... silhouette-sheer... with the magic of candlelight! Just the froth of nylon proportioned to follow the natural curves of your legs and give the flawless, satin-smooth beauty that women love... and men admire! Exciting colors and conservative neutrals... in styles for the fashion-conscious femme and the practical female. A truly feminine frosting for milder's legs! Come in today.

1.35 Pr.

Dunlap's Ladies' Shop

feather-light but gently firming... that Formfit feeling!

Skippies \$5.00

Everything is easier today, including figure control... and that's thanks to gently coaxing Skippies. Skippies are so feather-light you'll scarcely believe that they can slim and trim with such finesse. But look... and you'll see. Fine, elastic nylon elastic net shapes hips and thighs. Satin elastic front panel provides extra flattening. 2 1/2 inch band nips your waist. Take your slimming the easy way... Skippies Pantie No. 815. White. S.M.L. Also available as girdle No. 915. Shown with Romance Bra No. 566—\$2.00

Dunlap's Ladies' Shop

Dunlap's Ladies Shop

delight the eye... fool the eye in Ellen Kaye's... suave little one-piece with the look of dress-with-bolero. Charmingly done in well behaved Arnel triacetate and cotton; black, navy, pink or blue, checked in white, ball-fringed trimming. Sizes 7 to 17 and 6 to 18 22.95

PAMPA COLLEGE of HAIR DRESSERS And BEAUTY CULTURE

716 W. Fooster MO 5-3521

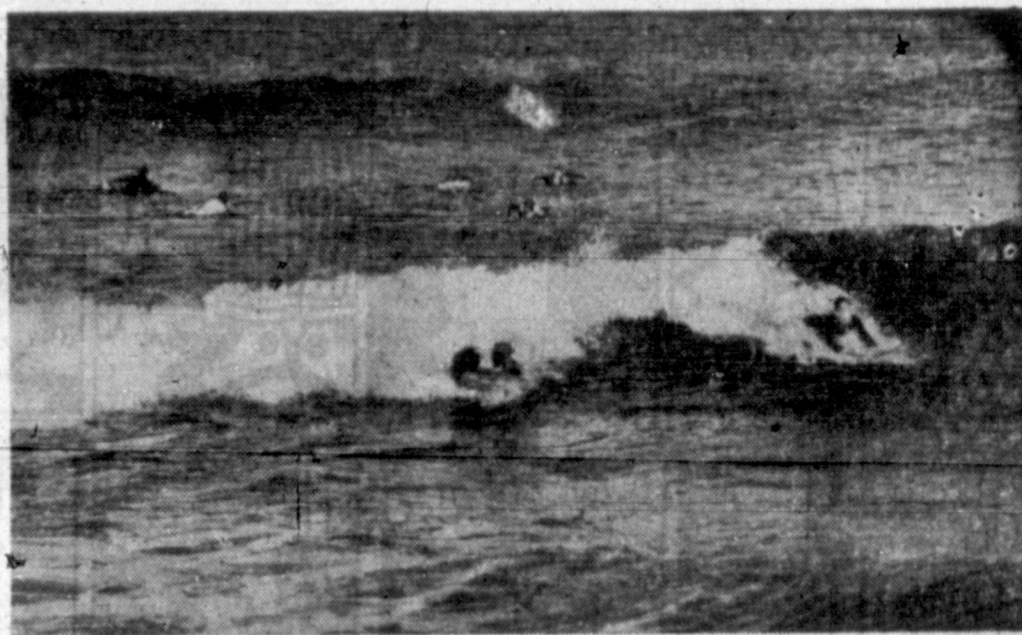

This College And Instructors Approved By The Texas State Board Of Hair Dressers and Cosmetologists

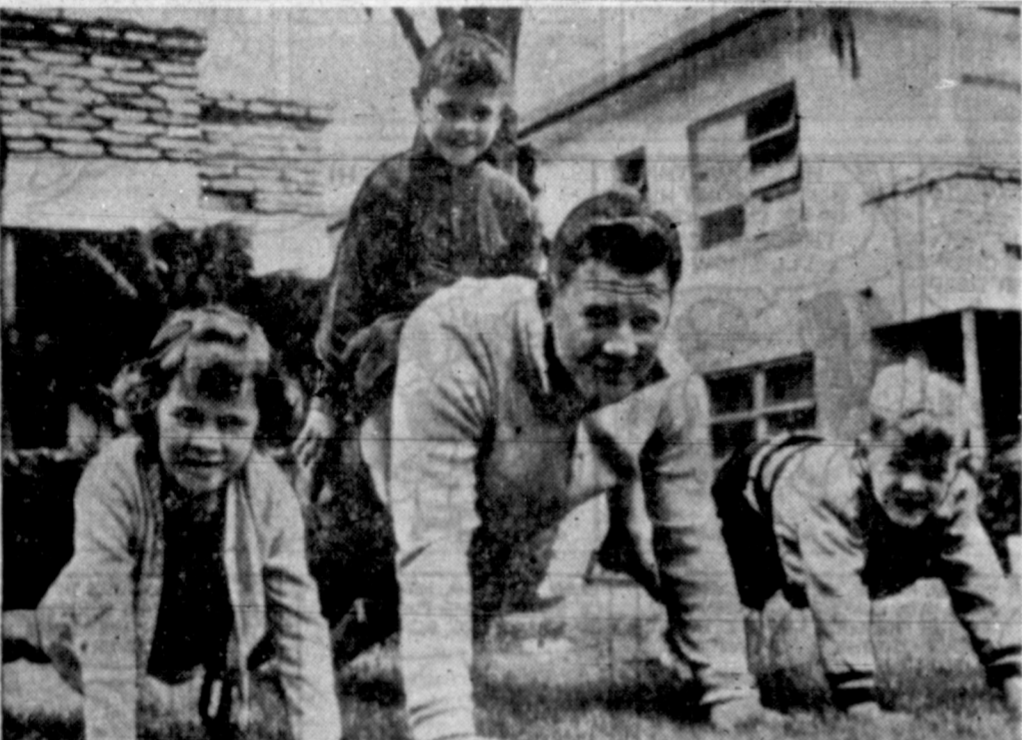

**HOOPY**—Although it's a thing of the past over here, the hula hoop craze is in full swing under the African sun at Salisbury, Southern Rhodesia. They're being supervised by American Lawrence Hautz (left), who runs a combination motel, orchard and snake farm.

**HE'S HAD IT!**—Pro basketball star Bob Pettit (left) of the St. Louis Hawks was near complete exhaustion as the team's physician, Dr. Stan London, examined him in St. Louis, Mo. The star took a week out to undergo a complete checkup and get a much-needed rest at the same time.

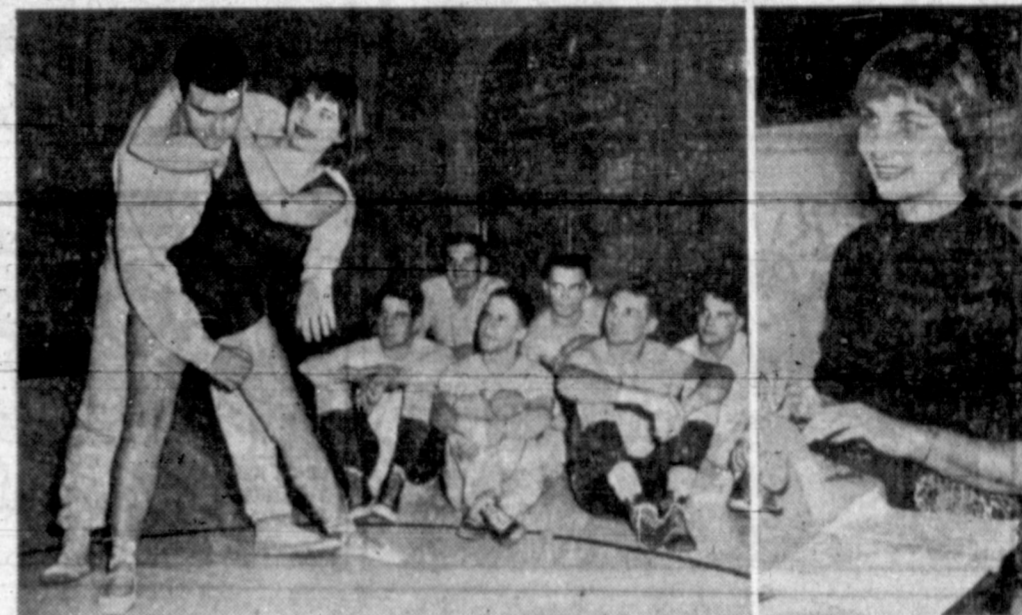

**SURFS 'EM RIGHT**—Riding the waves on air mattresses is a new winter sport for these rubber-suited frogmen at Pacific Grove, Calif. While others wait in the background, two men have managed to catch a wave which sweeps them in-to shore.

**FAMILY STYLE**—Yankee hurling ace Ed "Whitey" Ford did some push-ups at his hotel in St. Petersburg, Fla., as high winds prevented the family from enjoying the beach. Working out with Ford before he reported for work are his three youngsters.

**BEGINNER**—Former Olympic speed-skating champion Irving Jaffee knows you can't begin at too-early an age. At the country club in Grossinger, N. Y., Jaffee's giving helpful hints to three-year-old Judy Plump, of Paramus, N. J.

**GRIPPING STORY**—Getting set to throw a party—named Bob Sonnenburg—brainy lady wrestler Raymonde Rousselot shows her grappling skill to the University of Chicago wrestling team (left). The Paris-born girl wrestles female opponents in professional matches throughout the U. S., but she's still keeping her job as a secretary (right).

# SPORTS

PICTURE NEWS

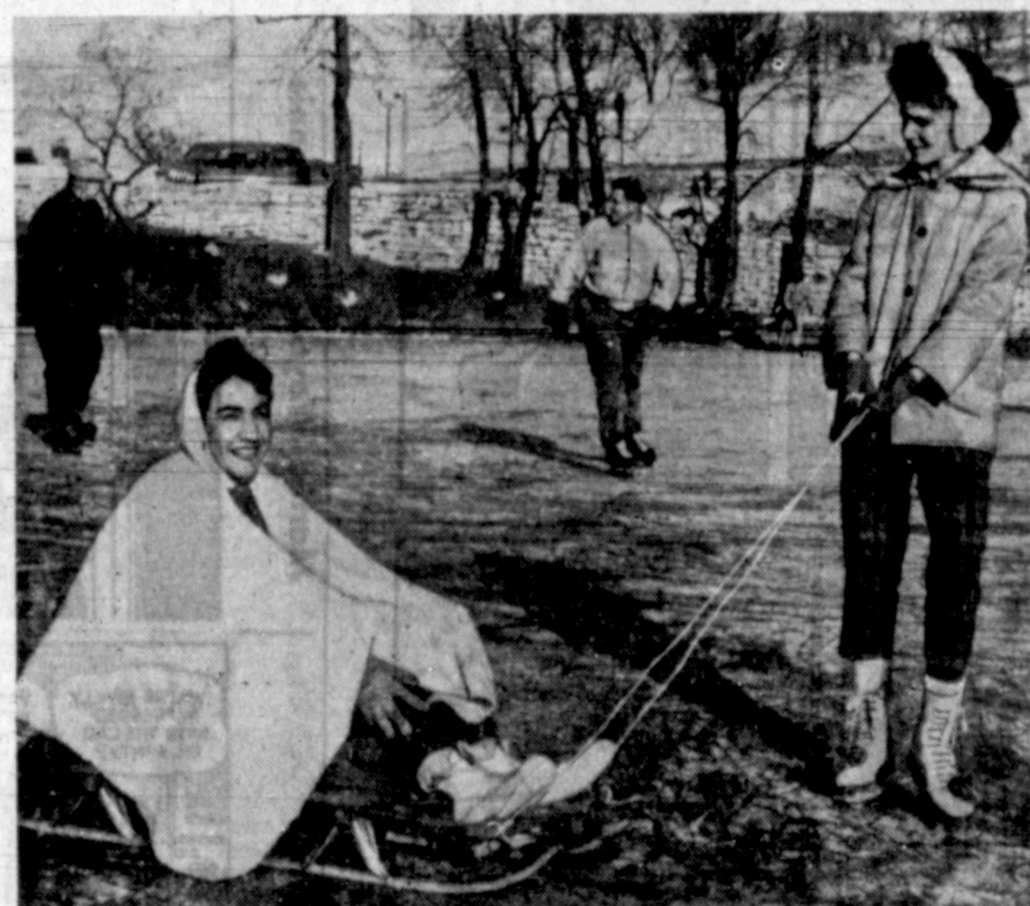

AROUND THE WORLD

**PULLING HIS PUNCHES**—A powerful puncher in the ring, bantamweight boxer Charlie Jones (left) has a gentle touch at the beauty school where he's a student in Dallas, Tex. The two-time Golden Gloves champ is creating a coiffure for Judy Boyd. Jacky Blair, coach of the Dallas Golden Gloves team and also a beauty school graduate, supervises.

**BALLED HEAD**—If his forehead is as good as his forehead, France's Jean-Noel Grinda should be a cinch to win all his matches. The photo was taken in New York as he juggled a tennis ball with his head during the U. S. National indoor championships.

**OUTSIDE INFLUENCE**—A weather-wise miss, Alicia Yanez, who was born in Bogota, Colombia, wears a warm woolen poncho from her native land as she enjoys her first sleigh ride in Kansas City, Mo. Skater Kathy Flynn obligingly pulled the sleigh for the South American lass, who now makes her home in Kansas City.

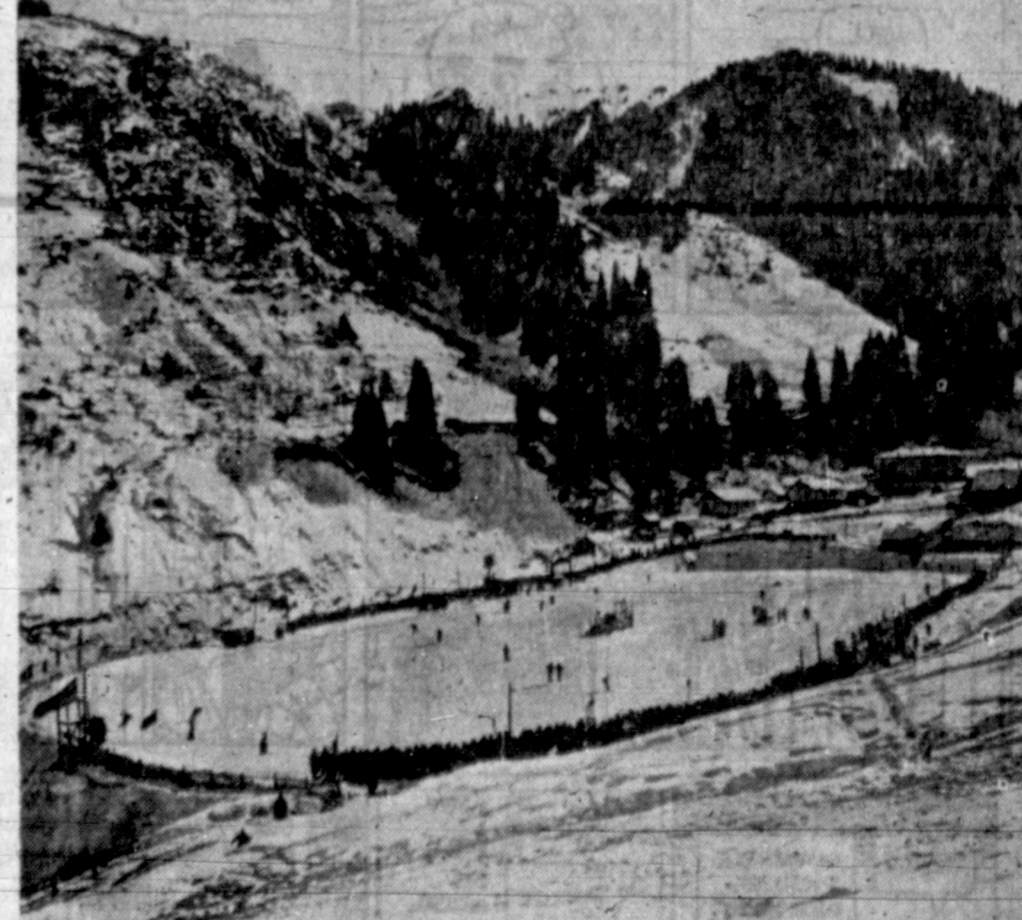

**BOWLED OVER**—Bowling is right up Robbie Buckley's alley, but she can't do a thing with this giant bowling pin in Cleveland, Ohio. It's more than six feet high, and the matching bowling ball is 42 inches in diameter. They were manufactured as an outdoor display for—yep!—a bowling alley.

**ON THE LEVEL**—Trying 'em out for size, racing enthusiasts go for a spin in close-to-the-ground vehicles in Paris. The diminutive buggies, which sell for about \$200 each, consist of simple steel frames mounted on wheels and powered by a scooter engine. Colette Duval, a fashion model and professional daredevil, is leading the way.

**GOING DOWN**—Flat on his back German lawyer Helmut Berndt steers a tricky course on the Olympic bobsled run at Garmisch-Partenkirchen, Germany. He zoomed down to win the Men's Toboggan World Championship on this icy course.

**RUSSIAN STYLE**—No, this isn't Squaw Valley, Calif., but it does resemble it. The ice skating rink is set among the mountains in the Central Asian section of Russia, near Alma-Ata. It's not far from the border of China and eight championship skaters have claimed to have set new world speed records on this ice so far this year.
