

Farmer Urged To Boost Feed, Grain Program

WASHINGTON (UPI)—The administration appealed to farmers today to join in its new emergency feed grain program immediately to bring this year's spring crops, under the provisions. The program was put into effect with unusual speed late Wednesday. Within minutes after President Kennedy signed it into law, Agriculture Secretary Orville L. Freeman raised price supports on corn, soybeans and other feed grains for farmers who cut their acreage by 20 per cent. Kennedy affixed his signature just two hours after the Senate approved the bill, \$5-31. He said the program would raise farm income this year and "lay the groundwork for a long-range program that will assure increasing prosperity for American farmers."

Lackey Will Head New Cabot Corp. Office In Houston

Cabot Corporation's, Machinery Division, Pampa, today announced selection of Houston as headquarters for its Export Sales Division. Clair Simmons, director of sales and service, stated that Clyde Lackey, formerly sales manager here in Pampa, will be export sales manager. Simmons indicated that Houston was selected for headquarters of Cabot's export expansion program because of its growth as export headquarters of the world. Lackey has been working the last several months establishing new dealers in South America, Mexico, and Europe as steps in the expansion of Cabot's export program.

Girl Says Love Prompted Dope Smuggling Try

NEW YORK (UPI)—An affair of the heart is blamed for the involvement of an Air France stewardess in a frustrated attempt to smuggle \$500,000 of heroin from Paris to New York. Federal authorities said they tended to believe the story of Simone Marcelle Christmann, 35, who told them she thought she was sneaking in only "essence de perfume" at the pleading of a "Mr. Mueller" whom she fell in love with during her travels as an airline stewardess. Mile. Christmann said she put the 4 1/2 pounds of pure heroin in her brassiere and girdle Tuesday night as her plane was about to land at Idlewild Airport here.

Girl Says Love Prompted Dope Smuggling Try

Customs officers making a routine examination of the crew noticed the blonde hostess acting uneasy and placed her in a separate room. Left alone briefly, she was surprised when a woman inspector flung open the door and caught her spilling a bag of the white powder accidentally on her unbuttoned blue uniform blouse as she tried to hide it under furniture. Mile. Christmann told authorities she was supposed to meet Mueller and deliver the packages in a hotel room here. Red-eyed and weeping, she waited in the room with detectives all Tuesday night, but he never showed up.

VIRILE VET—Spanish-American War veteran, 86-year-old Thomas F. O'Brien, right, of Cambridge, Mass., tries an Indian wrestling match with Dr. Oliver J. Harris, manager of the Boston Veterans Administration Outpatient Clinic. Dr. James F. Cummins serves as timekeeper. O'Brien, who has 14 grandchildren and 18 great-grandchildren, is one of 134 Spanish War veterans who have amazed doctors by their good health. These men, 72 to 92 years old, are being studied by the VA for clues to the process of aging.

Committee Will Study Game Bill

AUSTIN (UPI)—A bill to extend the regulatory power of the State Game and Fish Commission to every county in Texas was lodged in a House subcommittee this week.

It was sent there for further study Wednesday night after a two hour hearing before the lower chamber's Game and Fisheries Committee.

Rep. W. T. Oliver of Port Neches, author of the measure,

said at present the commission is limited to making rules for 105 counties and that the agency should have authority over the other 149.

Former State Rep. W. A. Strohm of San Angelo opposed the bill as one to give "dictatorial powers to an appointive commission."

Oliver said the state agency needed authority to change various game and fish regulations to meet emergencies; or take advantage of wildlife growth. He said at present the agency is handicapped because only the legislature can change certain regulations.

Laotians Celebrate Unaware Of Crisis

VIENTIANE, Laos (UPI)—Residents of the capital of Laos slept off a night of celebrating today, mostly unaware of President Kennedy's warning that the Communist menace to their country is critical.

Thursday was a day of parades, foot racing, dancing, movies, and moonlight swimming in celebration of the 11th birthday of the royal Laotian army.

Perhaps not more than 100 persons in the entire country knew that Kennedy had proclaimed, to the American people and the world, the growing concern over Communist military advances in Laos.

But Premier Prince Boum Oum, in a late breakfast interview with a UPI reporter today, praised Kennedy for his tough stand.

Boum said his government would be grateful for increased U. S. military aid, especially longer-range weapons, and predicted his government would defeat the Communist Pathet Lao rebels.

He also said Laos would call on SEATO for military help if it needed it. He said five regiments of Communist North Vietnamese troops were intervening in Laos and predicted a direct military clash shortly.

It was 7:30 a.m. Friday here when Kennedy concluded his serious talk to Americans. But nobody here knew anything about it. It was a quiet, peaceful morning with most of the population sleeping late.

Even the Pathet Lao forces took the day off, according to reports reaching foreign military observers.

In the evening there was a torchlight parade followed by classical dances.

3 Man Wanted For Burglary Held In Jail

Ernest L. Huff of Pampa, wanted here for a March 7 burglary, and who gave himself up in Limon, Colo., this week, is being held in county jail under \$2,500 bond pending action of the Gray County grand jury.

Huff was given an examining trial on a burglary charge in Justice of the Peace J. W. Graham's court late yesterday afternoon.

City police charged that Huff was one of three persons who broke into the home of James Chenoweth, 303 N. Starkweather, last March 7 and stole a movie projector, wrist watch, two men's sweaters and several bottles of rum.

After being notified that Huff had walked into a police station in Limon, Deputy Sheriff D. L. Day went to Colorado and returned with the prisoner yesterday afternoon.

Police Chief Jim Conner said today Huff had admitted his part in the burglary but refused to name the two accomplices who were with him.

Auhtortjes said Huff will be questioned in connection with other burglaries in the Pampa area within the past year.

Pampa Groups Want Mail Boxes Left In Street Center

City and chamber of commerce officials today were taking steps to keep the U.S. mail collection boxes in the center of W. Foster St., opposite the Pampa post office.

Postmaster O. K. Gaylor said he had received an order from U.S. postal officials in Dallas to remove the collection boxes and place them on the curb.

Gaylor said the Dallas office indicated the order was a general one for all cities. He said postal authorities in Dallas reported that safety experts had declared the middle-of-the street collection boxes, placed for the convenience of motorists, constituted a traffic hazard.

Postmaster Gaylor reported the present boxes in Pampa were placed on the elevated concert platform to relieve traffic congestion in front of the postoffice when motorists would stop to drop mail in boxes at the curb.

City and chamber officials with notify the Dallas postal authorities that it is the belief that the center-of-street collection boxes actually relieves traffic hazards in front of the Pampa postoffice. They will ask that they be left where they are.

Jaycees Hold Work Meet

The Pampa Junior Chamber of Commerce was host last night to the Region No. 1 work conference held in the Coronado Inn.

Jaycees from eight surrounding cities were represented by 63 club members.

The program was entitled "Communism On The Map" a film showing the steady progress of Communism.

Following the program, Lewis R. Timberlake, national director of the U.S. Junior Chamber of Commerce, from Stamford, directed the evenings workshop. Timberlake is currently seeking the position of President of the Texas Junior Chamber of Commerce.

Texas Flier Hurt As Plane Crashes

PONCA CITY, Okla. (UPI)—A crop dusting plane crashed on a farm southwest of here today, injuring the pilot.

The plane, flown by Pat Leroux, 29, Pecos, Tex., hit a tree and crashed about four miles west and half a mile south of Ponca City.

Fred Ownbey, police dispatcher, said Leroux was taken to a hospital for X-rays, but was not believed seriously hurt.

The plane did not burn, Ownbey said.

Absentee Voting Office Will Be Open Tomorrow

County Clerk Charlie Thut said County Courthouse will be open from 8 a.m. to 5 p.m. tomorrow for the convenience of those who wish to cast absentee ballots in the Texas U. S. senatorial election and the Pampa school trustee election.

Absentee ballot deadline for the school election is March 28 and in the senatorial election, March 31.

Thut said up to noon today 87 absentee ballots had been voted in the school board election and 52 in the race for senator.

Lions Club Hears About Cuban Rule

Life under Fidel Castro's communistic regime in Cuba was described by Charles M. Cutbirth of Amarillo at yesterday's noon luncheon of the Pampa Lions Club in First Methodist Church.

Cutbirth was manager of the Texaco Refinery in Cuba when Castro took it over along with other foreign-owned businesses in Cuba. He now is manager of the Texaco Refinery in Amarillo.

Cutbirth described the growth of the communistic pattern in the days immediately following Castro's assumption of power when the Cuban rebellion catapulted him into the premiership.

The speaker told of the gradual infiltration of the Communists, Castro's alliances with the Russian Reds and the changes that followed as the Cuban premier's hatred for the United States sprang into full bloom.

Members of the Club also discussed plans for their upcoming district convention in Pampa April 20, 21 and 22.

Cub Scout Pack Elect Officers

Cub Scout Pack 110, sponsored by the Parent-Teachers Association of the Stephen F. Austin School held their election meeting in the school cafeteria last night.

Officers elected for the year are: Frank Heare, cubmaster; Mrs. M. R. Taylor, assistant cubmaster; and Austin Ruddick, committee chairman.

Two Sentenced On Check Count

Two Pampa men appeared before County Judge William J. Craig yesterday on charges of swindling with worthless checks.

Rusty Huff and A. B. Converse were each fined \$10 and cost and sentenced to six months in jail.

'Hot' Checks Is Theme Of Attorney

County Attorney Don Cain met with the Merchants' Committee of the chamber of commerce this forenoon in a discussion of laws pertaining to the writing of worthless checks.

For some time the county attorney's office has been conducting a campaign against "hot check" artists in an effort to cut down on the practice in Pampa and Gray County.

Cain explained the laws on worthless check writing and told the merchants committee he is endeavoring to minimize the practice and also asked their cooperation in getting businessmen to use more caution in accepting checks.

The committee today also discussed plans for the annual "Crazy Day" to be sponsored by Pampa merchants on May 2.

Military

(Continued From Page 1)

against the Laotian government continues. But his grim statement came against a background of U.S. military movement toward the area.

He said he was certain that the American people would back him in his firm decision to support without reservations the independence and integrity of the small but strategic Asian country.

His stand drew immediate approval from congressional Democrats and Republicans. Senate Democratic Leader Mike Mansfield said the President "laid it on the line" and he was sure the American people would support him. Senate GOP Leader Everett M. Dirksen called Kennedy's statement "a good factual explanation of the existing situation."

While warning Russia and Asian Communists that the United States would not shrink from action, the President emphasized anew his hope for a peaceful solution.

"I want to make it clear to the American people and to all the world that all we want in Laos is peace, not war," Kennedy said, "a truly neutral government and not a cold war pawn, a settlement concluded at the conference table and not on the battlefield."

The President said "we strongly support" the British proposal for an immediate cease-fire, supervision of the truce by a commission composed of representatives of India, Canada and Poland and, finally, a 14-nation conference to work out a long-range political solution.

Kennedy said he hoped for an early and favorable response from Russia because the Kremlin's answer "will tell us something about what kind of a future our world is going to have."

Jobless

(Continued From Page 1)

the Bureau of Employment Security arranged a briefing for officials of 38 states on the new unemployment compensation program. Most of the states were expected to sign agreements to act as the federal government's agent in distributing payments under the law.

"It's the President's desire to get these additional benefits into the hands of the unemployed as fast as humanly possible and that's what we plan to do," a Labor Department spokesman said.

An estimated 700,000 persons now are eligible for benefits, the department said. A total of 3.1 million persons would receive the extra benefits by the time the program ends on June 30, 1962, it added.

The federal government would advance funds to pay for a 50 per cent extension of the state's normal benefit period. If a worker got 20 weeks of benefits from the state and still was out of work, he would be eligible for an additional 10 weeks of benefits if he could not find work during that time.

A worker could receive a maximum of 39 weeks' payments under the program.

Palm Sunday Theme To Mark Worship Services

CHOIR TO PRESENT CANTATA — Sunday evening at 7:30 o'clock, the Church of the Brethren Choir, under the direction of Russell G. West Jr., will give a cantata "Olivet To Calvary" by Wensley and Maunder, recalling some of the incidents of the last days of Christ. Mrs. Paul Reimer will serve as organist. Tenor singer Charlie Beard of the First Christian church will assist the choir as one of the soloists. In the above photo Mrs. Carl Reimer is seated and in the background reading from left are Charlie Beard, tenor; Peggy Patrick, Soprano soloist; Lucille Henson, Soprano Soloist; Russell G. West, Jr. baritone soloist and director.

First Methodist Arranges Palm Sunday Program

"Palm Sunday" will be the sermon topic discussed at the 8:30 a.m. and 10:35 a.m. Sunday services by the Rev. Woodrow Adcock, pastor of First Methodist Church.

Special music for the early service will be furnished by the Carol and Wesley choirs with their selection of "All Glory, Laud, and Honor" by Teschner. At the 10:35 a.m. service the Sanctuary Singers will present "The Way to Jerusalem" by Maunder.

Sunday evening fellowship will be at 6 o'clock in the church fellowship hall, followed at 6:30 p.m. with a planning activities meeting.

The church-wide mission study for adults will begin at 6:30 Sunday evening presented by the various circle leaders of the Woman's Society of Christian Service.

Sunday night services at 7:30 p.m. will be presented by the church choir who will present the Dubois setting of the "Seven Last Words." Soloists for the evening program will be Mrs. Betty Cox, soprano; Mrs. Dorothy Juenger, soprano; Ed Juenger, tenor and James Dailey, baritone.

Recall the strange names that entered the American consciousness in the last year — Agadir, Puerto Montt, Valdivia, Concepcion, Humacao — disaster spots, every last one. In each instance, the American Catholic Bishops' Relief Fund was on the job with relief assistance for new emergencies that may arise, you are asked to make a contribution to the Bishops' Relief Fund Appeal, March 5-12.

Paid Political Advertisement
TO THE VOTERS OF WARD 4 OF THE CITY OF PAMPA —

In my announcement as candidate for commissioner of ward 4, I stated that I have been a resident of Gray county for 42 years, and a taxpayer in the city of Pampa for 26 years. Therefore, I am interested in the good business operation of the City of Pampa.

I have no private business interest to serve, nor do I have the private interest of anyone else to serve. If I am elected I expect to serve the city of Pampa fairly and impartially, and will do my best to see that the business of the City of Pampa is transacted in a business like manner. As time will not permit me to see each and every voter in my ward, I would deeply appreciate the support of my friends in the coming city election on April 4th, 1961.

Signed: L. J. Flaherty
(Paid For By Friends Of L. J. Flaherty in Ward 4)

Scouts To Get Special Awards At St. Paul's

Harlan Feese and Michael King will receive their God and Country Awards as Boy Scouts from Troop 120 at the 9 a.m. worship service Sunday in St. Paul's Methodist Church. It was announced today by Rev. Jack Riley, pastor.

Sermon topic at the early morning worship service will be "Jesus Entered." The sermon topic will be repeated at the 11 a.m. service.

Sunday School is scheduled for 9:45 a.m. as usual. Charles Norton will sing "The Palms" at the late morning worship service.

Methodist youth fellowship is scheduled for 6 p.m. and the regular evening worship service will be at 7 p.m.

'Three Crosses' Sermon Topic At First Baptist

"Three Crosses" is the title of the sermon selected by Rev. T. O. Upshaw, pastor of Central Baptist Church, for delivery in the morning worship service Sunday. Sunday evening sermon title is "Whom God Hath Joined."

Sunday school will begin at 9:45 a.m. with the morning worship service following at 11. Training union begins at 6 p.m. with the evening worship service at 7 o'clock.

The Woman's Missionary Union will conduct mission study Wednesday morning at 9:45. The YWAs, GAs, RAs, Sunbeams and Sunday school officers and teachers will meet at 7 p.m. Wednesday.

Lesson-Sermon Theme, Reality

The ever-availability of spiritual enlightenment will be emphasized at the Christian Science Church Sunday.

Scriptural selections to be read in the Lesson-Sermon entitled "Reality" will include a passage from Isaiah (9:2).

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read.

The Golden Text Sunday is from Psalms (91:1): "Light is sown for the righteous, and gladness for the upright in heart."

Texans Urged To Stand Against Brewery Measure

A Texas Senate committee hearing on the Carling brewery bill has been set for 2:30 p.m. March 29 in Austin. This is House bill 533 that recently passed the House of Representatives, and is designed to encourage the building of more breweries throughout the state of Texas.

The Methodist Church in Texas is calling on members and other citizens of Texas to write to their senators to protest the passing of this bill which will result in the invasion in vast areas of Texas by an industry that has heretofore been forbidden. Under the present local option laws a brewery may operate in a precinct that has voted wet, but in case a precinct votes dry the brewery must have been in operation a year if it is to be allowed to continue in the dry territory. H.B. 533 would modify these laws to guarantee the brewing industry that it could continue to operate regardless of the wet or dry status of the area, provided it had begun to formulate its building plans while the precinct was wet.

If voters in dry areas do not want H.B. 533 to become a law, they should contact their senators today, and request them to vote against this proposal. Though the lower house has acted on this bill, there is still time to forestall it in the senate.

In a letter to Dr. W. R. White, Chancellor, Baylor University, Waco, Senator George Moffett, Chillicothe, wrote: "I am opposed to passing a special bill for any one business interest, and I am doubly opposed to passing a special bill for a brewery. The fewer breweries that we have in this state the better off we are. Their allegiance and affiliations do not generally contribute to good government. In some states the brewery interests are definitely aligned with the racketeering interests and probably may ultimately become so in this state. Therefore, you can put me down as being definitely opposed to this bill."

"From a long-range standpoint, I think it would be highly justifiable for the moral forces in Texas to marshal their influence in opposition to this bill. I believe if enough personal and letter or wire communications were sent to the members of the Senate, that we can stop this bill in the Senate even though it has already passed through the House of Representatives."

Church Sets Holy Week Services

Holy Week services will be observed at the Harrah Methodist Church March 26 through April 2. Rev. Vernon Willard, pastor, will speak at the Palm Sunday and Easter services.

Melvin Munn will speak at the Family night service on Monday, James Hollar of Berger, district lay leader, will speak Tuesday night, which is Men's night. Wednesday is Youth night, and Dr. H. H. Bratcher, district superintendent, will preach. Thursday is Ladies night and Mrs. Paul Bowers will speak. Mrs. Bowers is a member of the First Methodist Church in Pampa.

Friday night, the pastor will preach and Holy Communion will be observed. The week night services will begin at 7:30 p.m.

Witnesses Plan Special Programs

The Jehovah Witnesses' celebration of "The Lord's Evening Meal" at 8 p.m. Thursday will begin the special church activities for April.

Thursday's services will be handled by the local presiding minister, Daniel Katasnis.

Sunday at 3 p.m. a Bible discussion by H. B. Gillman, presiding minister of Berger, will be given. This will be followed by the weekly Watchtower Bible study class.

Easter Sunday at 3 p.m. there will be a special discourse by Katasnis who will discuss the topic, "The Sacred Bible and Our Problems of Survival."

Millions of suffering and hungry people of all nationalities, races and creeds all over the world look to the American Catholic Bishops' Relief Fund Appeal to lessen their plight. Forty Million men, women and children in 64 countries received assistance in 1960. Support the Bishops' Relief Fund with a contribution, March 5-12.

TRY A CLASSIFIED AD

And It Was The Third Hour...

—He was wounded for our transgressions, He was bruised for our iniquities; the chastisement of our peace was upon Him; and with His stripes we are healed. . . . Isaiah LIII, verse 5.

TCU President First Christian Speaker Sunday

Dr. D. Ray Lindley, president of Texas Christian University, will be the guest preacher Sunday at the First Christian Church, according to the Rev. Richard Crews, minister.

Dr. Lindley will talk in the 10:30 morning service and at the 7 o'clock evening service.

His topics for the daily pre-Easter services will be: "Life's Most Compelling Fact," Sunday morning; "The Other Side of Jesus Christ," Sunday night; "Christianity With It's Boots On," Monday night; "A Sermon on an Empty Chair," Tuesday night; "Relevance Beyond Tragedy," Wednesday night.

Dr. Crews said the church will have a special observance of the Lord's supper Thursday evening. On Friday a service built around the Seven Last Words of Christ on the cross will be presented.

Women In The Church

The dates and places have been announced for the sixth quadrennial national assembly of the Woman's Society of Christian Service of the Methodist Church and for the Wesleyan Service Guild Week-end following. The Assembly will be held May 15-18, 1962, at Atlantic City, N. J., and the Guild Week-end will be May 18-20 in the same city. Preparations are being made for an anticipated 8,000 women to attend the Assembly, representative of 1,664,000 Methodist women in 31,000 local Woman's Societies. About 1,000 Wesleyan Service Guild members are expected to attend the Week-end, representative of 121,000 women in 5,600 Guilds. The Wesleyan Service Guild is auxiliary to the Woman's Society and is especially for the employed woman. Mrs. J. Fount Tillman, Lewisburg, Tenn., is chairman of the Assembly, and Mrs. H. F. Brandt, Aurora, Ohio, is chairman of the Assembly committee.

The Hon. Katherine St. George, a member of the U.S. House of Representatives, from New York, is one of a group of congressmen sponsoring a bill to amend the Constitution of the United States to state that "this nation devoutly recognizes the authority and ruler of Jesus Christ, Savior and Ruler of nations, through whom are bestowed the blessings of Almighty God."

The Woman's Society of Christian Service of the Methodist Southeastern Jurisdiction meeting recently in Durham, N.C., sent a letter to President Kennedy expressing "deep regret" that the Congress of the United States has authorized a five-year centennial

commemoration and observance of the Civil War. The women added: "Such an observance at this time in our national history may well provide the means for stimulating the divisive elements, stirring up slumbering sectionalism, and generating strife that can result in untold damage. Our concern and our hopes are that you will use the influence of your office to emphasize the unity that was achieved, rather than the divisions of those tragic years." A similar letter was sent to the president of the Senate and the speaker of the House of Representatives. It was signed by Mrs. David J. Cathart, Lakeland, Fla., president of the organization, and Mrs. Charles M. Henderson, Memphis, Tenn., recording secretary.

For the fourth successive year the Catholic Bishops' Relief Fund has shipped to the needy overseas more than one billion pounds of relief supplies valued in 1960 in excess of \$121 million. Your contribution to the Bishops' Relief Fund Appeal, March 5-12, will help assure continuance of this voluntary overseas relief program.

Church Message Declared Not Reaching Many

By LOUIS CASSELS
United Press International

There are millions of people in America today who have had the Christian Gospel preached at them—but not to them.

These people are non-Christians. But it would be absurd to say that they have "rejected" Christianity. They simply have never been told, in any meaningful way, what the good news of Christ is all about.

They are victims of a breakdown in communication between the church and the modern world. Thoughtful Christians are greatly concerned about this breakdown, and they are beginning to take some of the bold and creative steps that will be necessary to repair it.

One big reason why the church is not getting its message across is that it speaks too often in jargon. Webster defines jargon as "the technical, esoteric or secret vocabulary of a special group."

That's a fair description of the language — compounded of venerable theological terms and Biblical phrases — which the church is apt to use when it tries to explain to modern man why Jesus of Nazareth is the most important thing that ever happened to the human race.

The church likes to say, for example, that Jesus is "The Christ," "The Messiah," "The Son of God," "The Incarnate Word," "The Lamb of God," and "The Second Person of the Trinity."

These are ancient and cherished phrases. But do they enlighten — or baffle — the intelligent non-Christian of the 20th Century. Any clergyman who is in doubt about the answer should have a candid talk with a friendly agnostic.

The church does not need to talk with semantic marbles in its mouth. The early Christian Apostles did not hesitate to use verbal symbols and figures of speech which were vivid and meaningful to their age. There is no reason why the modern church cannot find fresh words and metaphors in which to convey the unchanging Christian conviction that God has visited this planet in person.

and that His divine being, which fills and sustains the entire universe, was uniquely focused in the fully-human personality of Jesus in such a way as to become apprehensible to men.

Proof that it can be done is found in a recent book entitled "God Our Contemporary" by J.B. Phillips, the Anglican clergyman who previously translated the New Testament into sparkling modern English.

Phillips says he wrote this book because "I have found for myself, in various parts of this country, the most appalling ignorance of what Christianity is basically concerned with."

Rotarians Will Worship With First Baptists

Dr. Douglas Carver, pastor of First Baptist Church, will speak at the morning worship service Sunday morning on the topic, "The Call Of The Cross."

Joe Whitten, minister of music, will direct the church choir in singing an anthem, "Song of Praise," by Jones, Miss Eloise Lane, organist, will play "Stands the Mother Weeping" by Lemaigre for the offertory number.

At the 7:30 p.m. evening worship, the church will host to the District Rotary Convention, and Dr. Hubert Bratcher, a Rotarian and district superintendent of Methodism, will be guest speaker.

Mr. Whitten will present a three-chord arrangement of "Rejoice Ye Pure in Heart" and Fred Waring's arrangement of the "Battle Hymn of the Republic" accompanied by organ, piano, and tympany. Dr. N. J. Ellis will sing a solo. Miss Lane will play "Were You There?" a spiritual, for the evening offertory.

Hi-Land Christian Church
Dimensions of The Cross

Scripture Col. 1:18-23, Text Vs. 20

During the days of the ill fated Paris Commune which lasted from March 18 to May 29, 1871, many who opposed the new government met death. It is estimated without distinction of age, sex, or station. The story is told that one of the victims was a Church man. He had been placed in a tiny cell with only one source of light, a small window formed in the shape of a cross, high under the eaves. After the Churchman was executed those who were first in the cell noticed that four words had been written around the points of the cross. Above the cross was the word "Height," below it the word "Depth"; at the end of one of the arms was "Length"; and at the other "Breadth." These are the demensions of the cross of Christ. It is high enough to reach God; it is deep enough to reach down, down to the deepest pit of sin; it is broad enough to encircle the world in its arms of love; it is long enough to reach from eternity to eternity.

If a man die —

When sin entered the world the shadow spectre that followed was death. (Rom. 5:12). With death came the question of the ages — "If a man die shall he live again?" (Job 14:14). Man, regardless of race or religion, has wrestled with this greatest of all questions. When one is ready to make that step into the waters of the Jordan of death; when one is standing beside an open grave which is about to receive the body of the dearest that this world holds, that one does not want doubts, he wants assurances! Can we answer the question that was posed by Job centuries ago?

Christ, by His Crucifixion and Resurrection confirms Man's faith in Immortality. This is the keystone which supports man's faith in the immortality of the human soul. We now know that resurrection CAN happen because it HAS happened! He lives, therefore, we shall live!

Read from your Bible Rev. 21:1-4 concerning Man's condition in the future life and Rev. 22:1-5 concerning the place where he will be.

U.S. Vote In UN On Portugal Issue May Mean Policy Shift

By PHIL NEWSOM
 UPI Foreign News Analyst
 President Kennedy's first great new departure in foreign policy may be more far-reaching than the U.S. stand in the Congo.

In voting against Portugal and its NATO allies in favor of action on the Portuguese African territory of Angola, U.S. Ambassador Adlai E. Stevenson put into action Kennedy's policy slogan for "Africa for the Africans."

When G. Mennen Williams brought criticism from Britain and other erstwhile European colonial powers for his "anti-colonialist" remarks in Africa, it was not clear whether he was practicing policy or merely enunciating it—or even talking off the top of his head.

But Kennedy backed up Williams at a news conference.

And Stevenson's vote—against those of Britain, France and Turkey, from NATO, and China, Chile and Ecuador—made the policy clear.

Actually, Stevenson did not get instructions to vote against Portugal until the Security Council was meeting. He had supported the new course.

The decision for the vote was his President's unappealable order.

Just as last December's decision to abstain on a pie-in-the-sky resolution supporting independence for remaining colonial territories was President Dwight D. Eisenhower's: There was no appeal then, even though the U.N. delegation opposed the decision.

The United States was on the losing side in the Angola case but the results of Stevenson's vote immediately started to become evident.

Portugal, a small but strategically important ally, was furious.

Britain and France were nonplussed.

China, singled out for opposition by Stevenson without explanation, was hurt.

Russia, lying back with a full-blown denunciation of U.S. policy, had the wind taken out of its sails.

The Africans were overjoyed.

Saudi Arabia's Ahmad Shukri, a leading spokesman for Palestine's Arab refugees, wondered aloud if Washington's new policy would extend to that case.

Good neighbors Chile and Ecuador, normally solidly with the United States in U.N. votes, were upset. Their delegates had indicated a leaning, too, to voting against Portugal but abstained possibly because that was the traditional Western position on such questions.

It might be a good idea to play them so close to the vest the Russians don't know the trick until the card is played.

But it is probably a better idea, even the best of the U.N. poker-faced diplomats agree, to let your backers—in this case, Washington's Western friends—know what is in your hand.

HONORED GUESTS—Mr. and Mrs. Knox Kinard were honored guests last night at an appreciation banquet sponsored by the Pampa teachers and school personnel in the high school cafeteria. Superintendent of schools for 16 years, Kinard will be retiring July 1. Pictured left, presenting gifts to Mr. and Mrs. Kinard is Dan Johnson Pampa Classroom Teachers Association president.

Legislators Face Deficit Problem Solution Monday

AUSTIN (UPI)—House members were under polite orders today from Speaker James A. Turman to be ready to come back to work Monday and solve the expected \$63 million Texas deficit.

Both House and Senate are in weekend adjournment. The time off gave House members a chance to talk about taxes with their home folks.

In a speech to members Thursday, Turman reminded the House of three things:

—They have overwhelmingly endorsed a resolution pledging to retire the deficit before doing any new spending or writing an overall tax program.

—A flexible tax bill will be ready for action as the number one item of business Monday. The bill has been written to accommodate any type of tax amendment.

—Members will have the weekend to consider amendments, and what they want to do about stopping the state's bad checks.

The bill to be considered Monday is sponsored by Rep. Charles Ballman of Borger, chairman of the Revenue and Taxation Committee. The measure is designed to close current tax loopholes and is estimated to bring in \$7.7

53rd YEAR

9

million to apply to the deficit.

In keeping with a trend to kill major legislation, the House Thursday rejected, by a 68-73 vote, a bill by Rep. Bob Hughes of Dallas that would have permitted firemen to ask the voters of a city for a pay raise.

After tacking crippling amendments on a bill to subject imported milk to state health standards Wednesday, the House Thursday agreed to postpone action on a similar bill by Rep. Steve Burgess of Nacogdoches.

Communism Course Approved By School
 ALBANY, N.Y. (UPI)—A bill permitting the teaching of a high school course on communism, its methods and "its destructive effects" was approved by the Legislature last night.

Unemployed Auto Workers Will Get Double Benefits

DETROIT (UPI)—Thousands of unemployed workers are expected to draw benefits from two sources because of the new jobless pay bill just passed by Congress.

The federal legislation itself provides up to 13 weeks of extra state unemployment compensation (UC) benefits to jobless workers who have exhausted their regular benefits.

In many cases, the bill will mean another 13 weeks of supplemental unemployment benefits (SUB) to laid-off members of the United Auto Workers Union.

The extra benefits will come because SUB plans are tied in with state UC payments. If state UC payments are extended, as in the case of the federal bill, SUB benefits also will be extended.

Under present UAW contracts, laid off workers received a total of 65 per cent of their take-home pay for a duration of 26 weeks. State UC pays part of the 65 per cent, with the remainder coming from SUB.

The UAW contracts state that wherever state UC provides more than 26 weeks benefits, workers will have a like number of weeks of SUB benefits up to 39 weeks.

In Michigan, a laid-off auto worker can receive up to 26 weeks UC and SUB benefits. With the new federal bill, they will be increased to 39 weeks.

Pampa Area Roads Job Announced

The Texas Highway Department has announced a new highway construction project beginning 23 miles north of Pampa on State Highway 70 and extending north 9,216 miles to the Canadian River Bridge.

The construction will consist of resurfacing that portion of the existing road. The Texas Highway Department and the contractor, Gilvin-Terrill, Inc. of Amarillo, stated that the construction will begin April 3, and will be completed by April 15.

G. K. Reading, Supervising Resident Engineer of the Texas Highway Department in the Pampa area, explained that traffic will be routed along the existing roadbed. Adequate barricades and warning signs will be prominently displayed and the area will be zoned for a maximum speed of 45 miles per hour.

Cooperation of the public is requested in obeying traffic signals, warning signs and speed zones.

Harvesters Wrap Up Non-Conference Play With Hereford, Dumas

Pampa Teams Hit Road

Lubbock Invitational Draws PHS Thinclads

LUBBOCK — Lubbock Monterey and Midland were expected to dethrone defending champion Lubbock when the second annual Lubbock Invitational Track Meet opens here at 9 a.m. tomorrow on the Monterey campus. Monterey finished second in the Comanche Relays several weeks ago and possess two of the strongest 440 and mile relay teams in the South Plains area.

Golfers Vie In 3-4A Tee

LUBBOCK — Pampa, Amarillo, Tascosa and Borger will be the teams to watch here tomorrow when the first weekend of District 3-4A golf play rolls underway at Lubbock Country Club. Tascosa has the most impressive credentials of the trio, winning the Albuquerque golf tourney and finishing on top of a five-way match with Amarillo and Lubbock schools last weekend, but Pampa — district winners in 1957 — are not to be discounted.

Midland won the Canyon Reef Relays at Snyder and placed fifth at the Border Olympics and the West Texas Relays but have a well-balanced team that lacks only a good sprinter.

Pampa's Harvesters were expected to pick up near-sure points in the shot put where Randy Matson, the strong-limbed sophomore, has placed no lower than third in three meets this year.

Matson finished second at Odessa last weekend with a heave of 53' 1/4", his best throw in competition this year. His four points for second place was all that Pampa could muster.

Another possible PHS threat is Billy Cooper in the pole vault. Cooper leaped 11'6" — tying the school record for the second time — in the WTR preliminaries, but failed to place in the finals.

Pampa's relay teams, though not as strong as Monterey or Tascosa, nevertheless were expected to be bolstered by the return of Steve Dobbins. Dobbins missed the Odessa carnival to remain in Pampa to take college entrance exams but he will be here and Coach Dwight Lyon has him entered in the 100 and 220-yard dashes and the mile relay.

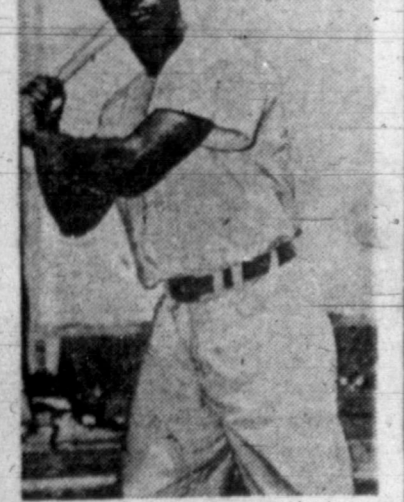

Borger's main backing comes from the fact that the Bulldogs nipped Pampa, 392-396, in a dual meet last weekend on the Harvesters' home course at Pampa Country Club.

Coach Weldon Trice will take a fiveome of Johnny Hatcher, Leonard Hudson, Bobby Howard, Chester Cummings and David Patton for the 'A' division of the tourney.

Pampa's 'B' team, also eligible for the district title, will be composed of Brian Prigmore, Gary Stanfield, L. D. Steele, David Walker and Freddie Howard. Roy Webb will play for medalist honors in an alternate position.

Hudson missed by three strokes winning medalist honors at Andrews and Howard was third in the race for medalist at Abilene. In the dual met with Borger, the pair tied for low PHS score with 75.

The district play switches to Pampa next weekend for 18 holes and moves to its completion with 18 holes at Amarillo on April 15.

AL SMITH — HR tops Braves

Koufax Throws Hard But Dodgers Stumble

By FRED DOWN United Press International They're asking the same old question in the Los Angeles Dodgers' camp today and the frustration of it is that nobody has the answer. That's because the answer lies in the phenomenal but untamed arm of Sandy Koufax, the 25-year-old Brooklyn-born fireballer who can throw baseballs through barn doors when he has enough control to hit them. Koufax turned in another of his breath-taking performances Thursday when he blazed through seven no-hit innings against the Minnesota Twins. The 210-pound left-hander walked five batters and struck out eight and his performance looked better than ever when

Pampa Enters Squad In Panhandle Track

PANHANDLE — Pampa's alternate team tracksters, weathered out in its first meet last weekend in Lefors, were one of the favorites when the annual Panhandle Relays opened at 1 p.m. today. Should Dumas, winner of the Lawton Relays last weekend, enter, the Demons would become the team to beat, but Pampa also will receive stiff competition from White Deer, Stinnett, Phillips and Perryton before the meet ends tomorrow afternoon.

Harvesters entered, by events, were: 100-yard dash: Travis Tucker, Dickey Hafley, Dale Mercer. 220-yard dash: Mercer, Tucker. 440-yard dash: Corky Godfrey, Howard Reed. 880-yard dash: Jimmy Hoyer. 440-yard relay: Tucker, Godfrey, Mercer, Hafley.

the Twins allied against his successors for five runs in the ninth inning and a 5-4 victory over Los Angeles.

First-baseman Willie McCovey, eager to recapture his rookie form of 1959, hammered out a homer, triple and single to drive in four runs and lead the San Francisco Giants to a 13-4 victory over the Los Angeles Angels. Orlando Cepeda, John Oates and Don Blasingame had three hits for the Giants.

The Chicago White Sox shaded the Milwaukee Braves, 3-2, on the strength of Al Smith's homer, the first by a Chicago player this spring.

TWO TO TANGLE — Orland Kurtenbach, left, of the Rangers and the Detroit Red Wings' Howie Young weren't exactly doing the tango or waltzing on ice when they came together at Madison Square Garden in New York.

Boston Humbles Nats To Take 2-1 Margin

By United Press International Home court advantage seems to be making all the difference in the Eastern Division playoffs of the National Basketball Association, and this arrangement is perfectly suitable to the Boston Celtics.

The Celtics tripped the Syracuse Nationals, 133-110, at Boston Thursday night to take a 2-1 advantage over the Nats in their best-of-seven series. Each team had previously won once on its home floor, and should the play-off be extended to the full seven games, the odd game would be played in Boston.

Los Angeles and St. Louis resume their Western Division play-off in California tonight, the

teams having split two games at St. Louis.

Veteran Bill Sharman scored a game high of 30 points for the Celtics, including 21 points in the first half when Boston jumped to a 14-point advantage.

The defending champion Celtics opened their bulge to 29 points in the third quarter and tight defensive tactics enabled them to coast on their big cushion. Playing key roles for the Celtics were big Bill Russell, who grabbed 39 rebounds and 18 points, and rookie Tom Sanders, who held veteran Dolph Schayes of Syracuse to 18 points while tossing in 13 points himself.

Dick Barnett was top scorer for the Nationals with 27 points. Boston and Syracuse shift to Syracuse for the fourth game on Saturday.

Texas Twins Ink OU Pact

DENVER CITY, Tex. (UPI)—Texas' loss was Oklahoma's gain Thursday as Bill and Bert Gravitt, twin terrors of Denver City's Class AA schoolboy football champions, signed applications of admission with Oklahoma University.

Chicago Ties Hockey Series

MONTREAL (UPI)—The Chicago Black Hawks, stealing a page from the defending Stanley Cup champions, flew back home today with renewed hope after tying their semifinal Stanley Cup series with the Montreal Canadiens at one game apiece.

The Hawks, 1 1/2 goal underdogs on Forum ice against the Canadiens, twice blew leads before pulling off a tense struggle on Eddie Litzenberger's third period goal for a 4-3 victory. The Hawks, who wore themselves out trying to bodycheck the Canadiens Tuesday while dropping a 6-2 decision, turned the tables on Montreal Thursday night. This time it was the Canadiens who came out loaded for bear and aiming for Reggie Fleming.

Palo Duro Dons Defeat Hereford

AMARILLO — Amarillo Palo Duro, down 5-1 at the end of the third inning, roared to life midway in the game here yesterday to defeat Hereford, 8-6, in a non-conference baseball game.

NAME ALL-STARS

KANSAS CITY, Mo. (UPI)—Al Butler of Niagara and John Egan of Providence were named Thursday to play for the East in the Shrine East-West All-Star basketball game in Kansas City's Municipal Auditorium March 28. Indiana's Walt Bellamy also was named for the West squad.

Hebert Tops 'Sunshine' Golf Field

MIAMI BEACH (UPI) — Jay Hebert, the lean ex-Marine from Lafayette, La., carried a shaky one-stroke lead into the second round of the \$25,000 Sunshine Open golf tournament today with a herd of more than 50 professionals within firing range.

The 38-year-old defending PGA champion rode radar-accurate irons to a six-under-par 31-35-68 Thursday as a bulky field of 156 shotmakers reduced par to a shambles.

Thirty eight broke par 72 and another 16 matched it in the race for first prize of \$3,500 around the 6,632-yard Bayshore Country Club course.

Jack Fleck of Los Angeles, 1955 U.S. Open titlist, was closest to Hebert with a five-under-par 34-33-67.

Five pros, including all-time top yearly money winner Arnold Palmer of Miami, were bracketed at 68, and five more, among them South Africa's Gary Player, top money winner on the current tour, were knotted at 69.

Fourteen pros were bunched at 70 and a dozen at 71. Those tied for third with Palmer at 68 were former National Open champion Julius Boros, Mid Pines, N.C., long-hitting George Bayer, South Pasadena, Calif., Bob Brue, Milwaukee, and Tom Garrity of Kansas City, Mo.

With Player in an eighth-place tie at 69 were Bob Goalby of Crystal River, Fla., winner of the St. Petersburg Open last week; Dave Mar, Sun City, Ariz.; Frank Boynton, Corpus Christi, Texas, and Dan Sikes of Jacksonville.

After Eight-Month Absence 'Brush Fire' Blazes To Aqueduct Victory

Brush Fire, absent from the races for almost eight months, has picked up where he left off last summer. The 4-year-old colt, owned by the Charter Oak Stable, made his 1961 debut with a winning one in the slop at Aqueduct Thursday. The crowd of 13,515 sent Brush Fire off as the 1-2 favorite even though he hadn't worked out publicly since he won the Gravesend Handicap on July 27, 1958.

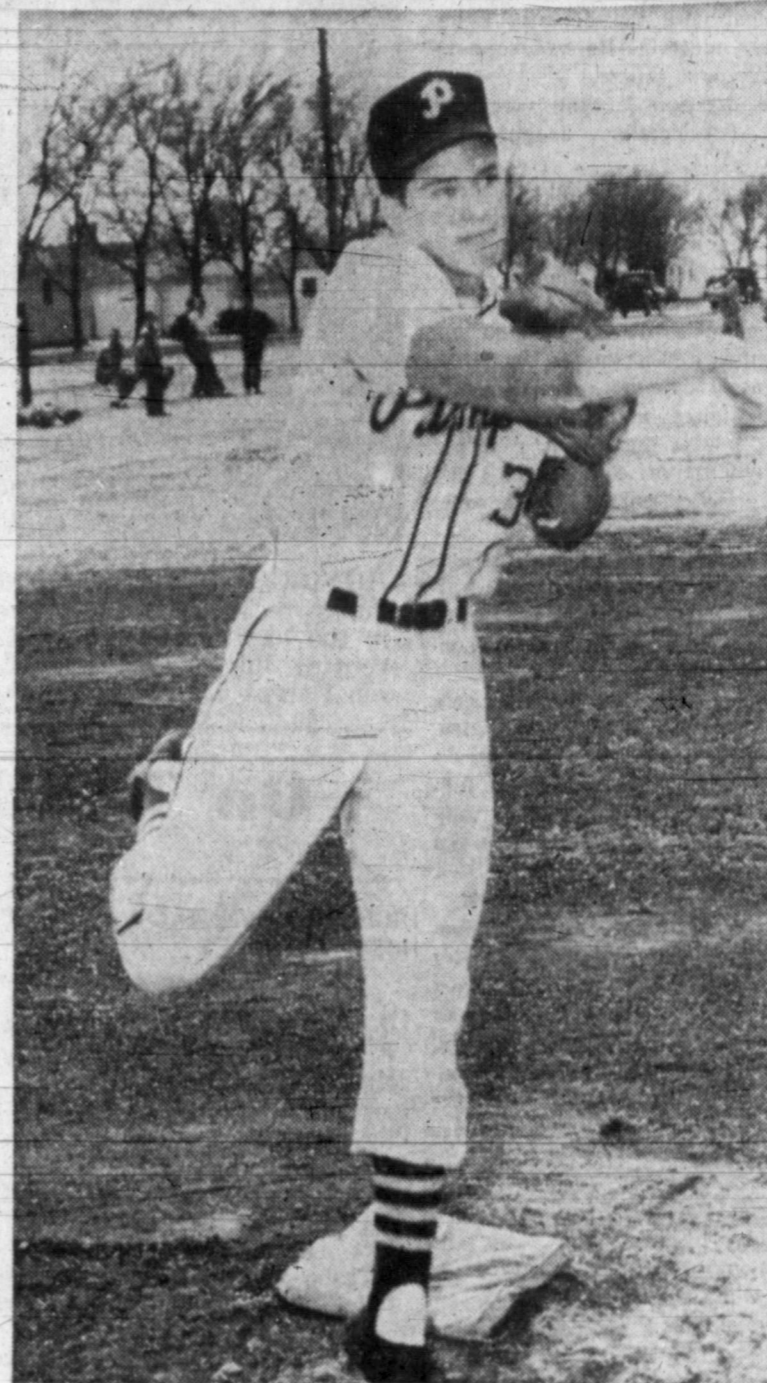

And with Sammy Boulmetis in the saddle, Brush Fire romped to a 2 1/2 length triumph in the \$10,000 Delancy Purse, beating Sweet William. Long Gone John ran third, trailing the runnerup by a length.

The winning son of Lord Putnam, a winner in six of nine starts last year, splashed over the six furlongs in 1:12 3-5. Brush Fire paid \$3.00 for \$2.00.

At Bowie, there were two winners in the feature race. Timberlane closed with a rush to finish in a dead heat with One Question and Bonus just missed making it a three-way tie, running a nose in-back of the winners.

Jockey Tommy Lee earned a triple for the day when One Question deadlocked for first. One Question paid \$4.20 and Timberlane \$19.60.

Baywise turned back eight rivals in winning the feature at Lincoln Downs. Richie McLaughlin rode the 5-year-old gelding to a \$12.00 payoff in 1:28 over the seven furlongs.

HARD-HITTING HARVESTER — Keith Gregory, senior Pampa letterman, makes long throw from third base as Harvesters prepare for three game series with Hereford and Dumas. Gregory sparkled in Wednesday's win over Elk City, batting in four runs and scoring one himself.

Fazio Flops As Team Falls Off ABC Pacers

DETROIT (UPI)—Buzz Fazio, another of bowling's great stars, found scoring far from classic at the American Bowling Congress

tournament here Thursday night. Fazio and his Bowling Shoppe team of Detroit opened its Classic Division play with a 2607 series. Sponsor Fazio bowled a 348 series, 14 pins behind his son Joe and 33 pins less than Matt Furgan, team leader with 581.

The Fazio team had to go all out to hit the 2600 mark after a weak 786 opening game. The Detroiters came back with 959 but slipped to 862 in their final game.

There was one change in the top 10 Classic standings as the Doraty Motors of Cleveland moved into seventh with a 6741 six-game total. Doraty bowled 2899 Thursday night after opening with 2842 Wednesday.

Pampa Out To Protect Clean Mark

HEREFORD — Pampa's hide-hunting Harvesters, who have already dispatched two Elks, Elk City, Okla., breed, took aim on a Hereford Whiteface here at 4 p.m. today in a non-conference baseball game.

Pampa (2-0) will return home tomorrow for a 1 p.m. double - header with Dumas. The three games will wrap up the Harvesters' non-district battling and will prepare them for the 3-4A opener Tuesday in Amarillo against the Sandies.

Coach Deck Woldt, who has had little chance to try out the bulk of his inexperienced pitching staff, probably will start Mike Clark (1-0), Jerry Glover (1-0) and Dee Wright in the three games this weekend, but will use his other hurlers in relief duty to see all of them in action by Tuesday.

Clark picked up his first victory of the year Wednesday with a five-inning, two-hit, two-run performance as Pampa batted down Elk City, 10-4, while Glover chalked up his win in relief when Pampa defeated the same Elks, 6-4 March 11 in Pampa.

In Hereford, Pampa will run up against a team that has likewise been idled by bad weather. The Whitefaces stand 1-3 on the year, beating Plainview 11-7, but losing to Plainview, 5-4, Amarillo, 12-6, and Palo Ruro, 8-5.

Pampa carried a surprisingly consistent hitting attack to Hereford today, punching out nine safeties — including two doubles — against Elk City Wednesday.

Larry Gregory, line-drive hitting third baseman, led the PHS onslaught Wednesday with two hits and four RBIs and carried a .333 average into today's game.

Larry Stroud, the Harvesters' first sacker who has started slow, pounded out two hits in five trips Wednesday and his revived bat may bring a bigger boost to the Pampa baseball fortunes.

Other starters today were Catcher Mike Stewart (.166)—Ab Cullender (.200), second; Butch Crossland (.143), short; Butch Frazier (.230), left field; Roy Don Stephens (.222), center; and Gerrell Owens (.200), right.

Glover kept his perfect 1,000 batting average with a single in his only at-bat Wednesday to give him 3-for-3.

Spring Record Fails To Show Contender

Redlegs Cure Pitching Problems, Eye Pennant

(EDITORS: This is the fifth of 18 dispatches on the 1961 prospects of the major league clubs.)

By LEO H. PETERSEN
UPI Sports Editor

TAMPA, Fla. (UPI) — Manager Freddie Hutchinson thinks his Cincinnati Reds finally have overcome the pitching weakness that has plagued them over the years and that they have an outside chance of winning the 1961 National League pennant.

"I haven't found many baseball experts who agree with him, however, especially in view of the fact that the Reds lost eight of their first nine spring exhibition games.

"I know that it looks bad for the folks back home," said Hutchinson, "but tell 'em for me that we are going to be better—much better—than last year."

Then the Reds finished sixth, lacking both the pitching, which is an old problem, and also the power hitting which they usually have.

They tried to correct those weaknesses but in doing so left a gaping hole in the infield. Unless they make a deal they figure to be troubled at eighth shortstop or second base.

Their regular shortstop for the last 10 years, Roy McMillan, is gone and so is second baseman Billy Martin. Among the players the Reds received in trades were Gene Freese, who should help the defensive bulwark at third base, and Joey Jay, whom Hutchinson makes it at first. In the garden

counting upon as a regular starter.

Those two players along with Gordon Coleman, Wally Post, Bill Henry, Jay Hook and Jim O'Toole hold the key to how far the Reds will go this season. Solution of the infield problem also will be a major factor.

Freese will be at third and Coleman, who hit .271 in 66 games for the Reds after being brought up from Seattle last year, at first. Coleman has to make it at first or Hutchinson's outfield plans will be upset. For if Coleman falls it means that Frank Robinson will have to leave his left field post to return to first. Robinson would prefer to play left and that's where Hutchinson wants him to perform.

Eddie Kasko will be at either short or second. Whichever position he plays will be in good hands, but it leaves a big void at the other.

Chico Cardenas, who hit .266 in 45 games with the Reds after batting .288 at Jersey City, will decide which position Kasko will play. If he makes it at short, Kasko will be at second. If not, then Elio Chacon, who hit only .181 with the Reds and .266 at Jersey City last year, or rookie Jim Baumer, a .293 hitter at Salt Lake City in 1960, will battle it out for the second base job.

Willie Jones probably will be kept around for infield utility duties and pinch hitting purposes. He's slowed too much in the field to play every day.

The outfield is set if Coleman makes it at first. In the garden

Bearcats, Utah Vie In Other Semifinal

KANSAS CITY, MO. (UPI) — "We're as ready for Ohio State as we ever will be," St. Joseph's Pa. basketball coach John Ramsay said today.

St. Joseph's (24-4) and Ohio State (26-0) clash at 8:30 p.m. EST tonight in the opening round of the NCAA championship tournament. Cincinnati (25-3) meets Utah (2-6) in the 10:30 p.m. nightcap.

Ramsay said he will try to cope with Ohio State All-American Jerry Lucas by placing 6-8 center Vincent Kemp on the Buckeye defensively.

The St. Joseph's ace-in-the-hole is 6-6 forward John Egan, the club's leading scorer with a 21.7

point average.

Ohio State Coach Fred Taylor, disappointed with his team's showing last week in the NCAA regionals, said, "Last Friday we were wondering if we'd ever get to Saturday's game, let alone make it to the national finals. Cincinnati, riding a 20-game winning streak, makes its third straight appearance in the NCAA championship tournament.

"We feel we played a fine ball club in Kansas State in the regional finals," Cincinnati coach Ed Jucker said. "We're not a big ball club, with the exception of 6-9 Paul Hogue, and we're not first in the country in any one phase of the game, but I think we do a pretty good job in all phases of the game."

Minnesota Corral UT

COLLEGE STATION (UPI) — Minnesota won its first game of the season in four outings against Southwest Conference baseball competition Thursday by trimming the Texas Aggies 10-5 to split a two-game series.

Wayne Knapp paced Minnesota with a home run, double and single in five trips. Howard Nahe, winning pitcher, hit a grand-slam home run.

Providence Wins, 90-83, In Overtime

Friars Nip Holy Cross In NIT

NEW YORK (UPI) — Providence College owed its berth in the final round of the National Invitation Basketball Tournament today to a five-foot, eight-inch "bomber" who looks like Mickey Rooney in short pants.

Vince Ernst would have made an ideal "Andy Hardy" in those old Rooney movies but he was born 20 years too late. So the blond-haired court midget from Jersey City, N.J., is tossing baskets instead of spit balls—provident thing for Providence College.

Ernst scored eight points in an overtime session to carry the Friars to a thrilling 90-83 victory over Holy Cross Thursday night.

in the semifinals of the NIT at Madison Square Garden.

In the other semifinal, St. Louis University turned back Dayton, 67-60, and will meet Providence in the championship game, which will be televised nationally from the Garden Saturday afternoon.

The Providence-Holy Cross game was one of the wildest games played at the Garden in many years.

Holy Cross swiped out an eight-point deficit in the final 90 seconds of regulation time to tie the score at 75-75 on a basket by George Blaney. Then, just as the buzzer sounded, Tim Shea of Holy Cross fouled Ernst.

It took officials almost five min-

Philly Coach Resigns Post

PHILADELPHIA (UPI) — The resignation of latern-jawed Neil Johnston as coach of the Philadelphia Warriors despite two successful seasons was laid today to a "situation."

However, neither the 32-year-old Johnston nor Eddie Gottlieb, owner of the National Basketball Association team, would elaborate on conditions.

Johnston said the Warriors' Eastern Division playoff defeat in the opening round by Syracuse last Saturday did not influence his decision. He said he would not have remained even if the Warriors had won the league championship.

Ranger Coach Fired, Rehired

NEW YORK (UPI) — Pat Egan, one-time rough and tough defenseman now coaching Springfield of the American Hockey League, is rated the No. 1 candidate today to succeed Alfie Pike as coach of the New York Rangers.

The soft-spoken Pike, who led the Rangers to a fifth-place finish in the National Hockey League this season, was relieved as coach Thursday and reassigned to the club's player development program.

Admiral John Bergen, Ranger president, said that six currently active coaches are being considered but that the final selection will not be made until after the Stanley Cup play-offs are completed. Frank Eddolls of the Buffalo club of the American League and Emile Francis of the Guelph club of the Ottawa Hockey Association are also considered strong contenders.

Egan, a favorite with Rangers fans when he was a player, is believed to be the leading candidate because he is more aggressive than Pike and less controversial than Phil Watson, the Coach Alfie succeeded Nov. 18, 1959. Bergen definitely ruled out Watson.

Cougar Linkster Paces Amateur

NEW ORLEANS (UPI) — University of Houston golfer Ron Weber, the son of a Bayside, Calif., professional, entered today's 36-hole medal play finals with a two-stroke lead in the marathon Western Amateur golf tournament.

Weber, a tall, methodical player, shot a par 71 Thursday for a 36-hole total of 139 over the 6,505-yard Metairie Country Club course.

Dickie Crosby of Chicago was second with a 141 after a second round 72.

In third position was Charles A. Lohren of Silver Springs, Md., with 142 and the name H. D. Wy-song Jr., of McKinney, Tex., with a 143. Lohren had a 73 and Wy-song a 72 Thursday.

pre-tourney pickings stayed on top of co-favorites Deane Beman and Jack Nicklaus. Beman and Nicklaus were bracketed with four others at 144—still in striking distance but so far disappointing.

Beman turned in his second straight one-over-par 72 and Nicklaus soared to 73 after double-bogeying the 12th hole. He topped his tee shot and it hit a spectator on a bounce and stopped about 25 yards away.

Also bracketed with 144s were James Mangum, New Orleans; Charles Lewis III, Little Rock; Richard Cannon, San Angelo, Tex.; and Gene Andrews of Beverly Hills.

The field was cut from 160 to 50 today. The top 16 after today's

36 holes move into match play Saturday and Sunday to decide the winner.

HELP FROM AFAB—Dr. Robert C. Griggs tests samples of blood and urine in an effort to understand a kidney disease which has killed thousands in a remote section of Yugoslavia. Griggs, of Metropolitan General Hospital in Cleveland, Ohio, made his study on a grant from the National Heart Institute. He traveled to the Balkan country to examine the situation and collect the samples. If he comes up with the answer, Griggs expects quick action from the Yugoslav government toward a remedy.

'Welcome Home' Television Role Proved Chance For Miss Booth

NEW YORK (UPI)—It is easy to understand why Shirley Booth would agree to play the role of Jenny in "Welcome Home," the soggy drizzle that was wrung out on "The U.S. Steel Hour" Wednesday night.

The part gave her a chance to cut loose, or try to. As Jenny, a housekeeper with 25 years in one family, Miss Booth was able to do cute things. She could coddle a dog, drink wine and get tipsy, walk barefoot through the living room before company, dump the canapes on said company. In addition to this display of folksiness, she could busy herself in the kitchen where we could watch her talk to herself and to an egg.

She told the egg, "Mind you don't roll off the table." And I thought that was a warm line.

She also could express tender feelings about children. "Spanking's all right," she said, "if there's love in it." She shuffled around, arms akimbo, in sensible shoes and apron and rattled off naturalistic dialogue of the "so she says to me yakki-yak and I says to her blah-blah-blah" variety.

I'm fairly certain that N. Richard Nash's script afforded Miss Booth some pleasure. She appeared to be enjoying her work and, under the circumstances, was a fine Jenny. I'm also of the opinion that this play couldn't have been a pleasure for the rest of the cast. They had to stand around with nothing to do.

In broad outline, here is an idea of what went on: Jenny is no longer needed by the Austi family. Kids are grown. Parents going on extended vacation. Jenny

Tax Policy Appointee Quizzed

WASHINGTON (UPI)—If I were in the business of giving advice to college professors, I would feel constrained to offer the following admission:

Be careful what you say when writing magazine articles. An alumnus of your college may become president some day and your words could come back to haunt you.

A situation such as this developed this week in the case of a Harvard law professor named Stanley S. Surrey, whom President Kennedy has appointed assistant Treasury Secretary for tax policy.

Surrey went before the Senate Finance Committee for his confirmation hearing, a function that sounds like a religious ritual but is somewhat similar to a packing house operation.

Appointees are herded on the hoof, into a committee room and, if found to be free of contamination, are stamped "U.S. Senate inspected." Now and then, one of them may get butchered.

Surrey spent two days before the finance committee and he must have felt like he was being carved into pieces about the size of a 49-cent lamb chop.

His troubles stemmed from some magazine articles he wrote several years ago suggesting that Congress, in enacting tax laws, had sometimes given favored treatment to certain groups of taxpayers.

Several of the committee members were offended by this. They took Surrey line by line over his published opinions and demanded to know whether he still felt that way.

The professor, who probably was wishing he had never seen a typewriter, assured the senators that he would keep an "open mind." But that may not have been the right thing to say.

Some senators seem to think that an open mind means the same thing as a hole in the head. At one point, Sen. Clinton P. Anderson, D-N.M., asked Surrey something about fringe benefits in labor contracts. Sen. Wallace F. Bennett, R-Utah, thanked Anderson for bringing this up.

Bennett said he had been trying throughout the hearing to think of some way to worry "surrey" and "fringe" into the same sentence.

As senatorial puns go, Bennett's wasn't bad, and it got a big laugh. It was particularly appreciated by Sen. Robert S. Kerr, who lives in Oklahoma.

I thought, however, that the finest utterance was Sen. Carl T. Curtis' definition of a tax loophole.

Several of the committee members were offended by this. They took Surrey line by line over his published opinions and demanded to know whether he still felt that way.
