

Fighting Continues; Truce Considered

Arabs Unlikely to Accept U.N. Plea

CAIRO (AP)—Heavy fighting continued in and around Jerusalem today while political representatives of the seven Arab states met in Trans-Jordan to consider a United Nations request for a truce in Palestine.

The Jewish Army reported in Tel Aviv that Jewish forces recaptured Ramat Rebel, Jewish village halfway between Jerusalem and Bethlehem, where a strong Arab assault yesterday routed Jewish defenders. Haganah also said the Jewish Air Force bombed enemy positions around Jerusalem just after midnight.

Arabs resumed shelling Ramat Rebel, the Jewish communication said.

Prior to their conference at Amman, King Abdullah's capital, Arab leaders indicated they will stop shooting only if Zionists give up the idea of a sovereign Jewish state and disband the Jewish Army. The Jews were considered certain to reject such demands.

A member of the Iraqi cabinet told a reporter in Baghdad "The Arabs will accept the Security Council plea only if sufficient guarantees are given. The Jews will not establish a state and partition will be abandoned."

The Baghdad Press resumed its criticism of the United States, accusing Americans of "total bias against the Arabs." One news paper, Al Nidaa, began a "boycott U. S." campaign, urging Moslems and Christians Arabs to hurt Americans economically and culturally.

The U. N. Security Council last night extended until noon tomorrow, (11 a. m. CST) the deadline for a cease fire in the Arab-Jewish warfare. Egypt and Syria asked the 48-hour extension and no delegates opposed it.

The Arabs are under pressure from the British to stop fighting. A Foreign Office spokesman in London said British troops in the Arab state she expects them to observe the U. N. request.

Failure to comply might lead to suspensions of treaty commitments to the Arab states, such as the supplying of arms and military training to King Abdullah's Trans-Jordan Arab Legion, government sources in London said.

The Jews had accepted the U. N. request with its original deadline of noon yesterday.

Against outside pressure from the United Nations and the British, the Arabs had to weigh the feeling at home. Arab leaders are acutely conscious of public demand in Arab countries for de-

GM STRIKE AVERTED WITH UNIQUE BOOST

DETROIT (AP)—General Motors Corp. granted a unique 11-cent an hour wage boost today to avert a strike of its 225,000 CIO production workers.

The company said the formula would cost it about \$75,000,000 a year. But GM called it "the new approach to the living cost problem."

A GM strike had been set for Friday by the CIO United Auto Workers.

Not only was the walkout averted, but the settlement raised hopes for a quick end to the 14-day-old strike of 75,000 Chrysler Corp. employees.

On the basis of past history, it appeared that the GM formula may set a 1948 wage pattern in the 1,000,000-man auto industry and other important segments of the nation's economy.

Chrysler has agreed to resume bargaining with the UAW-CIO Wednesday. Their best previous Chrysler offer to the union was six cents an hour.

The other member of the auto industry's big three, the Ford Motor Co., is scheduled soon to begin talking wages with the union.

General Motors and the union were closed for 18 hours before announcing the settlement.

It brings the average wage in General Motors' 90 plants to about \$1.61 an hour. The UAW-CIO originally asked GM for a 25-cent an hour increase.

General Motors would not say whether the wage increase would affect its car prices.

The wage formula gives the GM employees a flat 11 cents an hour boost as of now.

However, the union agreed that on next Sept. 1, the company may revise this figure upward or downward—a cut or a boost—depending on the cost of living by then.

If costs go up, they will get a boost above 11 cents. If they go down, the company may cut the 11 cent figure but not by more than five cents.

It also includes a provision in General Motors plants to \$1.61 an hour for production workers.

The wage formula was unique in the auto industry.

If living costs drop, the worst a GM employe would take would be a cut back in his base wage to \$1.56 an hour however, the contract provides that he gets another three cents an hour a year from now regardless of what living costs do.

Thus in the second year of the new contract, his base wage at a minimum would be no less than \$1.59 an hour.

If living costs go up by September, there is no ceiling on the GM wages. They would be increased by whatever amount living costs rise. A company official said this might total any sum—five cents, 20 cents or higher.

Because of the unique wage adjustment system, there was no provision for wage reopening during the two-year life of the contract. (See STRIKE, Page 8)

HORSE DRINKS LIKE FISH—Pity the poor bartender who looked up from his glass-wiping in a Chicago beer parlor and found old Admiral, wanting a beer. Well, the bartender probably figured the horse was driven to it by nightmares. Marshall Polo, Admiral's owner, found him in one for the road before they go back to their plowing.

Texas Demos Pledge Loyalty to Party

BROWNWOOD (AP)—A standing pledge of loyalty to the party opened the State Democratic Convention here today.

It followed a stirring appeal by Executive Committee Chairman Robert W. Calvert for allegiance to the party. Only a few persons remained seated as a majority of the delegates swept to their feet.

In opening the convention, Calvert reminded the delegates that they represented thousands upon thousands of Democrats asking:

"Shall we represent them with fingers crossed or with loyalty to the party extending through this summer and into next November?"

"The day and hour has come when all good Democrats should be steadfast."

He then called for the standing pledge.

West Texas provided a perfect day for the State Democratic Convention—cool and cloudy.

As showers threatened outside, convention storm rumblings threatened inside. Soldiers and Sailors Memorial Hall.

Early arriving delegates and spectators took their chances against the skies. They waited outside locked convention doors two hours before convention time.

An hour before the first gavel.

CORPUS CHRISTI, Texas (AP)—Texas' tightly woven Taft-for-President organization today was set to take over the State Republican Convention.

The all-important goal is a clean sweep of the state's 33 delegates to next month's national convention at Philadelphia.

The Taft organization, basically the Taft party machinery guided by the shrewd hand of veteran R. B. Creager, Brownsville, easily could walk off with all the Philadelphia party, but supporters of Governor Thomas Dewey and Harold Stassen still are hoping for salvaging a delegate or two.

Creager, for 24 years a national Republican committeeman from Texas, has been the guiding hand and power behind the party in the state for that many years or more.

Stassen's name figured very little in yesterday's heavy Executive Committee session. But the battling Dewey faction, although admittedly outnumbered, fought bitterly on every question and waited until 9 p. m. before tasting victory.

The Dewey forces, captained by George C. Hopkins, Dallas, Executive Committee chairman, met defeat at every turn throughout the morning and afternoon sessions but finally won two and one-half vote-sty county delegations.

Of the thirteen county delegation contests considered by the Executive Committee only Garza and Llano Counties wound up on the Dewey side, with Lynn County splitting its single vote between Taft and Dewey.

Barbershoppers To Meet 8 P. M.

All Pampa Barbershoppers have been asked to attend a meeting tonight at 8 at the Sam Houston School, to work out plans for a program for an installation service at Amarillo.

A spokesman for the group said an organization meeting and program will be held June 1 at the Crystal Ballroom, Herring Hotel, to start a similar club in that city. The Berger club has also been asked to participate.

It was announced the Melody Menders, one of the quartets in the local chapter, will take part in a Parade of Quartets at Carlsbad, N. M., Friday night. Other quartets will take part from El Paso, Lamesa, Lubbock, Houston, and Borger, it was stated.

Explorer Post Scouts at Camp

Eight Senior Scouts of Explorer Post 80 and one Eagle Scout from Troop 22 have gone to work at Camp Ki-O-Wah to make arrangements for its opening Sunday.

Tom Cochran and James Armstrong, field executives, accompanied the Senior Scouts yesterday, and Paul Beisenherz, executive of the Adobe Walls Council, took John Young to the camp this morning.

We Heard...

Antiliberals, antiNew Deal Henry C. Coffey making some predictions on how the convention at Brownwood might come out. There will be a split, he predicts. An avid follower of political activities, Mr. Coffey is ill at his home.

If it comes from a hardware store — We have it. Lewis Hardware Co., adv.

Lewis in Shadow of New Contempt Action in Court

WASHINGTON (AP)—John L. Lewis refused to bargain a new contract with the Southern Coal Producers Association could put him in contempt of court next week for the third time in 18 months.

Lewis and the United Mine Workers already have been fined \$2,130,000 for ignoring back pay work orders in strikes of December, 1946, and April, 1948.

The same judge who imposed those fines, T. Alan Goldsborough, will decide next Tuesday whether Lewis should be put under a new court order. This one would be an injunction to keep the UMW base from continuing to snub President Joseph E. Moody of the Southern Coal Producers Association. Last week's short-lived contract talks broke up over that issue.

Robert N. Denham, general counsel of the National Labor Relations Board, yesterday filed a complaint against Lewis, accusing him of an unfair labor practice.

The complaint will be heard by an NLRB trial examiner, a time-consuming process.

So Denham instructed NLRB attorneys to go into Goldsborough's court and ask for (a) an immediate restraining order designed to start the wage talks again within five days and (b) a "show cause" hearing on why an outright injunction should not be issued until the NLRB rules on the unfair labor practice charge.

Goldsborough rejected the first request, but granted the second and set the hearing for June 1.

If Lewis fails to show cause and the judge issues the injunction, the mine union chief will be faced with the choice of complying with the injunction or risk of a third contempt action.

Lewis refused to sit down with Moody because the Southern Association, as such, did not sign the last contract. It therefore is ineligible to negotiate a new one, Lewis argued.

Moody retorted that Lewis would not let the association sign the contract last July. Individual mine owners, fearing union retaliation, signed separately instead of as a group, Moody said.

Group to Attend Highway Meeting

Delegations from Gray, Roberts, and Ochiltree Counties will meet with the State Highway Department at Austin next Monday, May 31, on behalf of the paving program for Highway 70, the Pampa-Perryton highways.

Contracts for paving 4.4 miles of the road, at the Pampa end, are expected to be let May 29, and the delegations will present data showing the need for additional paving.

Those from Pampa who will attend the meeting are County Judge Sherman White, E. O. Wedgeworth, manager of the Chamber of Commerce, J. C. McWilliams, chairman of the Highway Committee, and Ralph M. Juillard.

By the Associated Press

Rains that could have been more beneficial had they been a little more gentle in some sections fell over wide areas of Texas last night and early today.

Some damage was done in a few places by accompanying high winds and hail.

Harglingen in the Rio Grande Valley bore the brunt of the wind. More than four inches of rain fell during a 90-minute storm.

Four planes were damaged, telephone and electric lines suffered and two persons were cut when a plate window was shattered. The wind reached velocity of 60 miles an hour.

McAllen, Weslaco, Raymondville, San Benito, Rio Hondo, Laredo and other valley towns got rain (See RAIN, Page 8)

Soviet 'Peace' Offensive Is Seen as Ruse

By DEWITT MACKENZIE AP Foreign Affairs Analyst

It's an old trick of the flatterer to create overconfidence in his opponent by simulating carelessness or weakness and then try to administer the knockout.

We are witnessing a variation of this ruse, I believe, in Moscow's "peace" offensive against Washington. This a thinly disguised effort to create the impression that (1) a beneficent Russia wants peace and that (2) a warmongering America rejects the overture.

The latest phase of this "peace" drive was the weekend blast from Moscow, blaming the U.S.A. for the present state of relations between the two countries.

Perhaps these maneuvers are tricking some folk, but informed observers recognize the developments as part of the world revolution for the spread of communism. If you check closely the current events in Europe and Asia you will see that the Red mill keeps right on grinding out the grisly grist for bolshevism.

What, then, has Russia hoped to achieve by its "peace" gesture? One undoubtedly is to try to confuse public thinking in the United States, and lessen resistance to communism.

By the same token, the "peace" offensive against America constitutes a Red herring which the Soviet is drawing across the trail of the Marshall Plan and other democratic efforts.

Naturally the hardening of the stand of the Western European countries against communism had much to do with Moscow's "peace" diversion. The Marshall Plan is getting under way. Alliances are being formed to fight aggression. The democratic citizens of France and Italy have given the big Communist Parties in their countries a terrific political thrashing.

And it was left to tiny but valiant Finland to put an exclamation point after this anti-Communist resistance at the weekend. Although she sits right under the Russian boot, Finland's President Paasikivi dismissed Communist Minister of the Interior Leino after the Finnish Parliament had passed a vote of censure on Leino for permitting the extradition of 20 persons to the Soviet Union, and for police treatment of arrested Finnish officers in 1945.

So Moscow, encountering resistance all along the line, tries to create a lull in the storm. But let nobody think that bolshevism is quitting world revolution.

Rain to Aid Wheat Crop

Rains in the Pampa area that fell yesterday evening and today could have been more beneficial to Gray County's wheat had they fallen a week or two earlier, Ralph Thomas, county agent, said today.

However, the 86 of an inch that fell up to 10:30 p. m. today will increase considerably the yield of wheat that has just begun to head.

Some of the acreage that came to a head early has been badly shriveled by the hot, dry winds of recent weeks and the yield will be poor. But, if these same hot winds hold off for a few weeks, the county's wheat acreage should yield between 5 and 6 bushels to the acre. That will mean a total yield of between five and six hundred thousand bushels.

Gromyko Blocks U. N. Probe of Red Coup in Czechoslovakia

LAKE SUCCESS (AP)—Two more Soviet vetoes have squashed United Nations plans for investigating last February's Communist coup in Czechoslovakia.

The United States followed up Russia's 24th and 25th vetoes by calling on the Security Council to find some new means of telling the world about the Communist grab of power and what part, if any, Russia played in it. Warren R. Austin said the United States was prepared to read it into council records. He urged other nations to follow suit.

Many delegates, however, think the case is all washed up. Soviet Deputy Foreign Minister Andrei A. Gromyko exercised his latest veto last night because, he said, the U. N. was attempting to interfere in the internal affairs of Czechoslovakia.

Gromyko was forced to use a double veto because of a lengthy war over council rules.

Gromyko had to use veto No. 24 to block a majority decision calling the issue outside the range of the veto.

He came back with No. 25 to stop the main proposal. The vote was 9 to 2, with the Ukraine joining Russia in dissent.

The Czechoslovak case has been under consideration since March 17. It was filed by the government of Chile. The present Prague government refused to send a delegate to the council table but delegated an observer at all the meetings.

"France doesn't have anything new in the way of war equipment and will have to start over from scratch," he observed.

George said it is his understanding that if the Senate approves the regional defense resolution offered by Senator Vandenberg (R-Mich), this will be the signal for Western European nations to get together on their arms needs.

The resolution, on which the committee may issue a formal report today, indirectly invites the formation of a Western European defense alliance under the United Nations Charter.

It paves the way for American aid to any such group, so long as the recipients maintain "continuous and effective self-help."

Oilers Third in Team Batting, Take First Slot in Fielding

The loop leading Pampa Oilers moved up one position in team batting and 12 percentage points to assume the third position in the West Texas-New Mexico League team batting department and moved up one position in the club fielding to take over the league lead in that department.

The Oilers had, on May 18, a team batting average of .325 and a club fielding average of .945 with a record of 56 errors, 612 put outs, 354 assists, and 26 double plays. At the plate, they had a record of 293 hits in 902 times at bat.

R. C. Otey, veteran second baseman for the pace setting Oilers, was in seventh place in the WT-NM individual batting averages on May 18.

Otey had a .350 batting average and had participated in several more games than any one who preceded him in the standings. Otey has played in 23 games, has had 115 trips to the plate, and has scored 30 runs on 52 hits.

A total of six triples give the Keystone sacker the league lead in this department and he also has a total of eight doubles and three home runs. Otey is leading the Oilers in hitting for the fourth consecutive week for the Southpaw hurler Roy Parker is currently standing in twentieth position in the WT-NM standings with an average of .309 on seven hits out of 18 official times at bat. Since the date of his last hit, Parker has collected two home runs in three times at the plate.

Joe Fortin, Oiler rightfielder, ranks twenty-third, in the league averages with a .379 standing as his batting average. Earl Harris and Francis Rice are tied for the twenty-seventh position with averages of .367 and a .354 average puts Dick Saxe in thirtieth position.

In the pitching department, Avon Driggers, Oiler southpaw, leads with a total of seven consecutive wins and no losses. Driggers has faced 188 men, struck out 17, allowed 55 hits, and has walked only 16 men. The only two clubs Driggers has not beaten are Amarillo and Lamesa and the two wins each over Clovis and Albuquerque.

Righthander George Payne has a season's record of three wins and one loss for an average of .759 and a ranking of a tie for third. Payne has struck out 26, and allowed 29 hits for an average of .400 in five games. He has allowed only 13 earned runs and has issued 27 walks.

Prize Winning Fish Caught In Fish Rodeo

LAKE TEXOMA — Twelve prize-winning fish each worth more than \$100 in cash and prizes of merchandise have been caught by skilled anglers during the first three weeks of the \$200,000 Lake Texoma Fish Rodeo.

The 1948 Rodeo, sponsored by the Lake Texoma Sportsman Club, opened May 1 and will continue until September 30.

Still at large somewhere in Lake Texoma's 95,000 acres of water is "The Ghost of Woodville," a five-pound black bass which will weigh \$1,000 in cash to the angler who snares him.

And nearly 1,000 other tagged fish remain uncaptured, although each one is worth between \$100 and \$200 in prizes to any captor.

Although crappie, channel cat, white bass, and black bass all have been tagged prize fish during the rodeo, the catches thus far have been of only two species—9 black bass and 3 crappie.

The 12 prize-winning fish taken thus far were caught in widely scattered places on both the Oklahoma and Texas sides of the Lake.

The six winners in the Lake Texoma Sportsman Club—Marietta, Kingston, and Madill in Oklahoma and Gineville, Sherman, and Denison in Texas each tagged their own prize fish and released them in the Lake.

The fish caught to date came from three towns. Seven carried Denison tags, four bore Sherman tags, and one was released by Gainesville.

Prize winners and their catches are:

May 2—C. E. Sledge, Dallas: 1 lb. 8 oz. crappie.

May 2—E. C. Daniel, Ft. Worth: 1 lb. 8 oz. black bass.

May 6—R. C. Jacobs, Pottsboro, Tex.: 1 lb. black bass.

May 7—Ralph O. Berryhill, Dallas: 2 lb. black bass.

May 13—Sgt. Joseph Pleva, Denison: 1 lb. black bass.

May 16—Francis R. Hightower, Sudder, Tex.: 12 oz. crappie.

May 16—George Schaefer, Pottsboro: 1 lb., 12 oz. black bass.

May 19—G. J. Atkins, Panhandle, Tex.: 12 oz. black bass.

May 19—Mrs. C. C. Gaskill, Denison: 12 oz. crappie.

May 20—Rudolph J. Theisen, Denison: 8 oz. black bass.

May 20—J. A. Justice, Denison: 1 lb. black bass.

May 20—C. B. Williams, Jr., Denison: 8 oz. black bass.

Oilers vs. Gold Sox

The Amarillo Gold Sox move into Oiler Park tonight at 8:15 for a three game series with the loop leading Oilers, weather permitting. The Sox are currently situated in sixth position in the WT-NM League while the Oilers are enjoying a three game lead over their closest pennant competitor, the Lubbock Shreveports. The Lubbock Sox were postponed indefinitely, because of rain.

Williams to Meet Bolanos In Title Bout

LOS ANGELES —(AP)— World Lightweight Champion Ike Williams places his crown on the line tonight and the less experienced Ernie Bolanos, taken a shot at it over the 15-round route.

April 30, Williams, then holding only the NBA Lightweight Championship over the then less experienced Bolanos, took a shot at it over the 15-round route.

Since then the kayo-inflicting Negro boy from Trenton, N. J., has become undisputed World Champion by beating out Bob Montgomery in six rounds in Philadelphia last summer and Bolanos, the biggest box office draw in California since he began fighting out of Los Angeles four years ago, has not been whipped in 21 fights.

Whatever the outcome, and Williams is a firm favorite, an exciting match is in the offing. Both boys—Ike is 24, Enrique 23—are crowd pleasers and both pack a knockout wallop.

Fans Are Happy as Newhouser Begins to Look Like Pitcher

By JOE REICHLER
Associated Press Sports Writer

Detroit's loyal baseball fans were beaming again today. Hal Newhouser, one of their greatest idols since Ty Cobb, finally has begun to look like the pitcher he was in 1944, 1945 and 1946.

Those were the years the southpaw star rolled up 80 victories while losing only 27 games.

Hal's return to form began last Wednesday when he hurled a masterful four-hitter against the Boston Red Sox. He followed yesterday with a seven-hit 5-2 triumph over the Washington Senators.

That was only Newhouser's third win of the season. Since he beat the Chicago White Sox in the opening game, he had been shelled from the mound five straight times and had dropped four decisions.

The victory was the Tigers' 16th against as many defeats and strengthened their hold on fourth place. They now enjoy a full game lead over the St. Louis Browns. The defeat dropped the Senators into a sixth place tie with the Boston Red Sox.

The Brooklyn Dodgers were enjoying a new experience today. They were riding high, wide and handsome on a one-game winning streak. The man responsible for Brooklyn's first success since May 13 was Southpaw Preacher Roy C. Brooks had dropped eight straight.

Roe went the route with an eight-hit 9-4 win over the Cincinnati Reds.

Walter (Monk) Dubiel, who only 10 days ago blanked the New York Giants with three hits, was eleven games more than the National League clubs play. Maniac admits what he needs most is a quarterback who can assimilate the formation tricks Joe learned with the Bears.

"You can't put the same set of signals," they aren't all different plays," it all depends on where the defensive player is standing.

"You use a different kind of block according to where he plays." For instance, you may have 20 different blocks through the number six slot, if the center doesn't move, you keep throwing them at him until he does.

"The quarterback just calls the different blocks," actually, and Joe permitted himself a grin here.

"You don't use all the plays in one game. They really have about 30 plays with different blocks."

Sports Round-Up

By HUGH FULLERTON, Jr.
ST. LOUIS —(AP)— Joe Maniaci is a big guy with very little luck. A former star at Fordham and with the Chicago Bears, Joe Maniaci's football at St. Louis University. He was encountered on the golf course yesterday, politely avoiding the mad rush of the gallery and pulling like the dickens for Jimmy Demaret to the center of the Associated Press 1936 Little All-America football team.

Coach Returns Home
LANCASTER, Pa. —(AP)— R. Woodrow (Woody) Spangue, recently named football coach at Franklin & Marshall College, is the fifth F & M graduate to assume the grid reins in the school's history. Woody was selected as the center on the Associated Press 1936 Little All-America football team.

Early Start
MANIACI MANACLED

"You can't put the same set of signals," they aren't all different plays," it all depends on where the defensive player is standing.

"You use a different kind of block according to where he plays." For instance, you may have 20 different blocks through the number six slot, if the center doesn't move, you keep throwing them at him until he does.

"The quarterback just calls the different blocks," actually, and Joe permitted himself a grin here.

"You don't use all the plays in one game. They really have about 30 plays with different blocks."

ANNIVERSARY NOTE
Jimmy Demaret celebrated 20 anniversaries yesterday. It was his 35th birthday and the second time he had lost to Ben Hogan in the semifinals of the PGA Tournament. After that first encounter, when silent Ben won 10 and 9, someone asked Demaret, "did he have much to say, Jimmy?" "Sure," replied Demaret, "he got real gabby once. He said, 'you're away.'"

Most Anything to Please the Ladies

GAINESVILLE, Fla. —(NEA)— During a game with the University of Tampa, Florida first baseman Bobby Forbes paused momentarily between innings to chat with girl friend Lee Robinson, Gator cheer leader. As the conversation broke up, Miss Robinson's parting words were: "G'bye, hit a home run."

Whereupon Bobby Forbes stepped to the plate and smacked a line drive over the centerfielder's head for the required four bases.

Beauty aids, industrial chemists are responsible for many of the present "aids to beauty," including artificial silk, synthetic leather shoes, face powder, artificial teeth, and coloring matter for lipstick and dress materials.

Harvesters to Close District Campaign With Borger Game

Battle Taking Place for 3rd; Oilers 3 Up

By The Associated Press

The scrap for third place in the West Texas-New Mexico League is a dilly. Five teams are fighting tooth and nail for the spot. There's only a couple of games difference between the whole shebang.

Last night Lubbock moved out of the thick of this battle by beating Borger 13-4 to go ahead of third-place Borger by a couple of games.

Leading Pampa was idle because of rain, but the Oilers still are three games out in front.

Red Ramsey pitched Lubbock to its victory with a five-hitter. The game was halted after six and one-half innings because of rain.

Albuquerque and Abilene split a double-header, Albuquerque winning the first 4-2 on E. L. Z. Machado's seven-hit pitching and Abilene taking the nightcap 10-8 on Rocky Stone's homer in the last inning.

Chris Haskins limited Amarillo to eight hits in a 13-7 victory for Lamesa. The game was cut to seven innings because of rain.

Cats Beaten By Dallas as Houston Wins

By The Associated Press

Fort Worth's leading Cats showed last night they could be had but they got too much co-operation from the clubs that could gain by it.

For instance, the Dallas Rebels, somewhat peeved over the situation, changed their lineup and whipped the Cats 10-4. But second-place San Antonio, which might have moved up a game, proceeded to lose to Houston 3-2.

Today the Cats still boast a four and one-half game lead.

Beaumont climbed out of the cellar by trouncing Shreveport 5-1.

Tulsa at Oklahoma City was postponed on account of rain.

Dallas cashed in on erratic Fort Worth pitching as the Cats paraded four hurlers to the mound. Lefty Quentin—Altizer in an effort to stop the Rebel went the route. Dallas was combed for 11 hits while notching his fourth victory of the season. Another lefthander, Dwain Sloat, just arrived in Fort Worth from Brooklyn, was the victim.

Athletes Get Trophies at Texas A. and M.

COLLEGE STATION, Texas —(AP)— Hobcock of Baylor, Robert Frenck of Houston and Billy Deryl Turnbow of Perrin each received a Lipscomb-Colson Most Valuable Player Trophy here Monday night as 84 Texas A&M College lettermen were announced for nine spring sports.

Hobcock's award resulted from outstanding performances in the 440 and on the mile relay team in track.

Fretz was rewarded for his untiring and capable efforts as a first baseman and pitcher on the baseball team.

Turnbow was the steady, reliable, high scoring forward and center on the basketball team.

Lipscomb-Colson Captain T. Thornton of Leonard in baseball, Sam Jenkins of El Paso in basketball and Arthur Harnden of York in basketball.

Previous winners of the most valuable awards are not eligible to receive the honors again.

Last year George Kadera in track, Mike Garcia in basketball and Thornton in baseball were the winners. In 1946 the three were Harnden in track, Earl Hoesley in basketball and Homer Adams in basketball.

Twenty-five lettermen were named in track, 13 in baseball, 9 in swimming, 7 in basketball, 4 each in golf, tennis and fencing, 10 in rifle shooting and 8 in pistol shooting.

Three managers and a student trainer also lettered.

Early in the year 28 lettermen were announced for football and three for cross country, bringing the total for the 1947-48 playing season to 115.

1948 Basketball Lettermen: William Batey, Moulton; Mike Garcia, San Antonio; Sam Jenkins, El Paso; Gordon Moore, Reagan; Robert Kamperman, Dallas; Ollie (Gene) Schrickel, Arlington; Billy Deryl Turnbow, Perrin, and Manager Jimmy O'Connell, Fort Worth.

Robert Holmes, Electra, was a awarded manager sweater for football and basketball services as a student trainer.

1948 Track Lettermen: Ervin Bilderback, New York City; Jerry Bonnen, College Station; D. O. Paxton, El Paso; William Cardon, El Paso; Leonard Coleman, Mart; Johnny Davis, Lubbock; Robert Goode, Bastrop; Carol Hahn, Mason; J. D. Hampton, Brady; Arthur Haws, La Feria; Arthur Harnden, Yoakum; Robert Hall, Dallas; James Hill, Slaters; Ray Holbrook, Baytown; Webb Jay, Overton; George Kadera, Houston; Joe McElhottin, Bartlett; William Napier, Chicago; Albert Ricks, Houston; Royce Raven, Bridgeport; Webster R. Stone, Houston; Leonard Tate, Pampa; Warren Wilson, Howe; Franklin Young, San Antonio, and Manager Warren Gilbert, Dallas.

1948 Baseball Lettermen: Earl Beesley, Dallas; Jesse Burditt, Abilene; James Calvert, Dallas; Dennis Clark, Pharr; Robert Fretz, Houston; Stanley Holling, Hondo; Clifford Lindloff, Waco; Russell Mays, Houston; Alvis Nixon, Somerville; Billy Strange, Leonard; Claude Vass, Houston; Walter Willingham, Seagraves, and Manager Jack Happy, Dallas.

1948 Swimming Lettermen: Danny Green, Dallas; Howard Spetzer, San Antonio; E. J. Fisher, Macon, Ga.; P. B. Fisher, Macon, Ga.; John Meemann, Fort Worth; Jack Riley, Willis Point; Gene Summy, Egan; Bernard Syfan, Kerrville, and Dave Vardaman, Port Arthur.

1948 Golf Lettermen: Jack Barnett, Eastland; Travis Bryan Jr., Bryan; Bart Halton, Bryan, and John Henry, Corsicana.

1948 Tennis Lettermen: William Bennett, San Antonio; Rodney Sellers, Price; Bennie Stanford, Dallas, and Duffy Stanley Midland.

Abraham Lincoln was shot by John Wilkes Booth at Ford's Theater in Washington, D. C.

offer to buy my club; it's the greatest pleasure I have," Schepps said he told the man, "O.K., we won't even talk about it."

But look for George in baseball somewhere and soon: The pressure is terrific.

EASY RULES FOR GLASSWARE CARE

Pad the Pan

When washing glassware, place a clean cloth in the bottom of the dishpan to absorb bumps. Don't crowd glasses in the dishpan. Tumblers are easily washed with long-handled dish mop. Milk-stained glasses should be soaked or rinsed in cool water before being washed.

Avoid Lint

For high polish and sparkle, glassware washed in soapsuds must be dried with linen or other lintfree towel. Heat-treated glasses shown above are especially durable, last much longer than ordinary glassware. They are called "bouncing glasses" because of their resistance to shock.

Drain Glasses

After washing rinse glasses in hot water and drain on a rubber mat or rack. A Turkish towel makes a good substitute. Two or three tablespoons of bottled bleach in the water makes glasses germfree. Ammonia or some of the detergents permit them to air dry without streaks.

AN ATTRACTIVE part of everyday life, table glassware is made to be used and enjoyed. With improved American manufacturing processes, new tumbler sets are more durable and more beautiful than ever before.

Glassware deserves good care, and when washed and stored properly will last indefinitely. It's easy to follow the recommendations made by the American Glassware Association to prolong the life of your glasses.

Wash glasses in hot but not boiling water. However, if glasses have just contained ice, rinse them in cool, then lukewarm water before plunging into the hot water. Heat-treated tumblers, a wartime development, are resistant to sudden changes of temperature as well as ordinary knocks and blows.

For bright, sparkling glasses add a little ammonia to the hot water. Rinse in water of the same temperature. Glasses that have been washed with ammonia or detergents will air dry to a high polish. Glasses washed in soapsuds should be dried with linen or other lintless dish towels.

Don't worry about color decorations. New pastels and deep

Arrange glassware in rows of same size from front to back of the cupboard shelf to prevent accidental tipping when removing or replacing pieces. Do not stack tumblers or sherbets. The Ivy Bower glassware pattern shown above has a white leaf design that is fired on, hence won't wash off.

shades are fired on and will last the lifetime of the glass. In washing or storing don't crowd the glasses. Nevers stack tumblers or sherbet dishes. Arrange different sized glasses in rows from front to back of the shelf. This prevents reaching over low glasses to get taller ones at the back.

Whole-grain corn added to scrambled eggs makes an excellent luncheon dish. Serve frizzled ham with it and a fruit salad for dessert.

Be careful not to spread fish flavor when fish is stored in the refrigerator. Always keep it in a tightly covered receptacle.

We do an enormous volume of prescription filling every day; but that doesn't mean we give you prescription the rush-act! Every word your physician writes is carefully read and fulfilled.

New Rainwear Is Now Available

If you are a girl as yet unconvinced that the wind and the rain in your hair adds glamour, you'll be delighted with a new line of rainwear that's the last word in comfort and convenience.

This new line of metallic-elastiglass garments represents a definite innovation in water-proof rainwear.

Raincoats for women are smartly designed with a hood and stylishly long lapels, which can be tied under the chin in a neat bow when the hood is up, thus guaranteeing your precious coiffure in spite of a cloudburst.

This new material is described as "Elastiglass" vinylite plastic with a textile touch, somewhat like the feel of satin-back twill, but lighter in weight. Presence of metal in the film permits escape of body heat through it, an innovation in rainwear.

Raincoats come in two shades, metallic tan or metallic blue. They are wonderfully durable, and completely waterproof, with electronically sealed seams, which weld the sections into one piece. Other important features of the new garments are that they are flame-resistant and wrinkle-free.

Children, too, love these new metallic-elastiglass raincoats. The little girl models are just like Mother's and the boys' coats have helmet hoods, designed to give a "bright in armor" effect.

There is also a complete line of rainwear for the men of the family. The man's raincoat weighs only thirteen ounces and when not in use can be folded into a handy bag of the new film, easy to slip into pocket or automobile glove compartment.

Men enjoy the comfort of the full cut coats, giving freedom of movement and plenty of air circulation. These new garments are ventilated under the arm, and feature a two-way pocket, which allows wearer to reach into suit or trouser pockets without opening raincoat. A hat cover is standard equipment with each man's rain-

Without Painful Backache

When disorder of kidney function permits poisonous matter to remain in your blood, it causes nagging backache, rheumatism, leg pains, loss of sex and energy, swelling at night, swelling, puffiness under the eyes, headache, and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 16 million of kidney trouble sufferers cleanse their blood. Get Doan's.

coat, and fits conveniently into coat pocket when not in use.

This line of rainwear for men, women and children will soon be available in leading stores across the country.

Video Projection Experiment Shown

LOS ANGELES —(AP)—The movie industry, long fearful of television's effect on boxoffice receipts, was breathing easier Saturday.

Video projection adequate for a full-size theater screen without the use of film was demonstrated for the first time Friday night to radio and cinema technicians.

This process, kept under wraps for months, and checked out by television image by an optical system similar in principle to that of the 200-inch Mt. Palomar telescope.

Movie executives predict this advancement ultimately will provide theaters with a new lure.

Some 2,000 delegates to conventions of the Society of Motion Picture Engineers and the National Association of Broadcasters attended what probably will be chronicled as a historic showing of direct Video, on a screen 20 by 15 feet. The image quality, unlike earlier efforts to adapt television to theaters, was amazingly clear.

A nutritious menu for a take-along lunch is one of peanut butter and cheese sandwiches, raw carrot strips, an orange, cookies and milk.

St. Matthews Episcopal Mission Holds Consecration Services

On Trinity Sunday, May 23, the Rt. Rev. George H. Quarterman, S.T.D., D.D., conducted a Service for the Consecration of the Church at St. Matthews Episcopal Mission.

The Rev. W. Warrin Fry of Clarendon was assisting clergyman. The Rev. Robert Judson Snell of Midland, who had been invited to participate in the service, sent word at the last minute that it was impossible for him to come.

Acolytes for the service were Willima A. Baumgardner, crucifer; Roger McWaters, flag bearer; and Kenneth McWaters, candlelighter.

The Social Calendar

WEDNESDAY
10:00 a.m. Bell Home Demonstration Club with Mrs. Emmet Osborne.

2:30 Mrs. P. C. Lackey presents art pupils' pictures in City Club. Rooms. Open to the public. No charge.
7:00 First Presbyterian Church Men's Brotherhood dinner in church basement.
8:00 Women's Auxiliary of St. Matthews Episcopal Church at home of Miss Ruth Huff, 1116 Christine.

THURSDAY
5:30 a.m. Ruth Church of First Baptist Church coffee at home of Mrs. Don Cole, 1/2 mile out on Clarendon Highway. Anyone wishing transportation call Mrs. Meek—1189 or Mrs. Ballard—1724.
12:00 m. Past Matrons Gavel Club of Order of Eastern Star regular covered dish luncheon at Masonic Temple. Visiting past matrons invited to be present.
7:30 Rebekah Lodge in IOOF Hall.
8:00 YSA garden party and installation of officers in home of Mrs. Tom Lindsey. Mrs. Al Doucette and Mrs. Lindsey co-hostesses.

SUNDAY
10:00 All day meeting of Community Singers in Fifth Sunday Church Convention at Sportatorium. Stamps Baxter Quartet will sing. Everyone invited to bring covered dish for noon meal. Barbecue will be provided.

Jaycee-Ettes Hold Regular Luncheon
The Jaycee-Ettes held their regular luncheon last Wednesday at the Terrace Grill, with the following members present: Mesdames Ted Evans, Jim Arndt, Wilford Boyles, Z. R. Osborn, Elmer Francis, Don Foster, John King, William R. Ballard, Floyd Watson, Artie Aftergut, Jack Nimmo, Roy Taylor, Rusty Ward, Joe Fischer, Bill Fannon, H. Cook, Frank Fata, Herman Dees and Jack Vaughn. Mrs. R. Appleton was a guest.

Last Saturday several Jaycee-Ettes went to Amarillo to call on the boys the organization had "adopted" at Boys Ranch. They took the boys to lunch and then on a shopping tour to buy clothes.

Stewed tomatoes are an excellent accompaniment for macaroni and cheese. Serve a crisp salad also and a fruit shortcake for dessert.

The growing membership and expansion of activities forced the church to enlarge its facilities with the result that during the past year the Parish House was added and the first full use of the Parish House was Shrove Tuesday of this year.

Future plans for St. Matthews Episcopal Mission include elevation to Parish status by 1951 and as soon as possible thereafter the erection of a lovely stone or brick church on the corner lot of the church property.

In connection with the services last Sunday a dinner was served in the Parish House to about a hundred members and visitors, including many from neighboring communities. Children were served in a tent on the church lot.

NALC Plans Sale
The NALC Auxiliary committee met in the home of Mrs. T. V. Parks, Thursday evening to complete plans for a rummage sale which was discussed at the previous meeting. The sale is scheduled for Saturday, May 29, at Borden on South Cuyler. The next regular meeting is set for June 4.

Serve creamed potatoes with hamburgers, a mixed vegetable salad and a fruit and cupcake dessert for a hearty family dinner that is easy to prepare.

Boys Town in Mourning for Fr. Flanagan

BOYS TOWN, Neb.—(AP)— Youth of all races and creeds paid last respects Friday to their great friend and benefactor—Fr. R. J. Flanagan, founder and director of world-famous Boys Town.

Dowd Memorial Chapel on the grounds of the haven for homeless and neglected boys received the body after two solemn masses of requiem said by priests of the Omaha Archdiocese.

The body of Father Flanagan, who once said "I have yet to find a single boy who wants to be bad," rests in a sarcophagus in the northeast corner of the chapel.

The Rev. Edmund C. Walsh, acting director of Boys Town, said Father Flanagan had asked to be buried in the chapel "so I can be near the boys and they can come and visit me."

The sentiment of the 450 boys at the home was expressed by Eddie Dunn, the 20th mayor of Boys Town, who called Father Flanagan "our greatest friend and benefactor."

"He was like a father, a mother, a teacher, a counselor, a big brother, your best pal, all wrapped in one. We know that he died as he had always lived, fighting for youth. We'll never forget Father Flanagan," the Miami, Fla., boy said.

Stop Fire Engine Insurance

XXX

FOR a moment she stood quite still, aware of a hot wave of fury sweeping over her. She could hear again Charlotte's voice, that horrible note in "Roger's man of the world." Of course he was. But he was sweet to her, Patientie. True, he kissed her. True, last night he'd said a lot of wonderful things to her. But that was all. It was beastly of Charlotte to suggest he wasn't to be trusted.

She heard the telephone bell ringing in her room next door and went to answer it.

"Hello?"

"You going to be long?" asked Roger.

"No. I'll just pack my things, then I'll be down."

"I'll be waiting for you."

He was standing over by the wide entrance to the hotel when she little while later she joined him. She laid a hand on his arm.

"Sorry I've kept you."

"That's all right. His eyes searched her face. "What's wrong?"

"Why, nothing."

He wasn't satisfied.

"Something's happened. Did you see Charlotte?"

"Yes."

"Have you put things right?"

She shook her head.

"I tried, and then angrily: 'I don't know what's the matter with her.'"

He smiled down at her.

"You're really no idea? At the risk of sounding conceited, you don't think that perhaps it's the little green-eyed monster?"

"You mean she's jealous of me?"

"Well, yes." He hid a hand beneath her arm, and piloted her out through the swinging doors of the hotel into the brilliant sunshine. "Actually with good reason. Still, this is neither the time nor the place to go into

technical training. . .

"I feel sorry for any modern Mata Hari who might be assigned to get the secret of the atomic bomb by working her wiles on a young Army sergeant."

Condon said all this in an address before the Washington Academy of Sciences.

It was a lengthy talk in which Condon stressed the need for secrecy but spoke out against strangling scientists in their work or playing up spy scares.

The House Un-American Activities Committee jumped on Condon several months ago.

It accused him of having associated — knowingly or unknowingly — with an alleged Soviet spy.

The FBI had investigated Condon before this attack by the committee. It had turned over its report to the Commerce Department, under which the Bureau of Standards operates.

The Commerce Department officials considered Condon okay. But the House committee demanded to see the FBI report. The department refused.

Farmer Wills Peace Fund of \$70,000

LONG BEACH, Calif. (AP)—Long peace was worth \$70,000 personally to Egbert L. Durham, Durham, a former Tennessee farmer, left that amount in government bonds to the U. S. Treasury "to promote the cause of world peace." It was disclosed when his will was filed for probate.

Political Calendar

The Pampa News has been authorized to present the names of the following citizens as candidates for offices subject to the action of the Democratic Party in their primary election on Saturday, July 24, 1948.

For County Sheriff: JEFF GUTHRIE, G. H. KYLE

For State Representative: HEDD BIEHL, GRAINGER McILHANY, CARL B. MORRIS, VINCENT KERSEY

For District Clerk: DEE PATTERSON, A. L. "Pat" PATRICK

For County Judge: BRUCE L. PARKER, JOHN O. PITTS, B. E. FERRELL

For County Clerk: CHARLIE THUT, For County Tax Assessor and Collector: F. E. LEECH

For County Treasurer: OLA GREGORY

For County Attorney: B. S. VIA, JOHN F. STUDER

For County Commissioner: ALVA G. KING, JOE K. CLARKE, W. C. "Hank" BREINING, C. H. "Teed" BIGHAM

Precinct 2—NAT LUNSFORD, LYNDY HUNDY, CLYDE ORGAN, E. C. SCHAFFER, W. A. NOLAND, J. W. "Bill" GRAHAM, BERTIE M. VAUGHT, IRVIN W. COLE

Precinct 3: JAMES A. HOPKINS, CURT SCHAFFER

For Constable: Precinct 1—C. S. CLENDENNIN, D. L. DAY

Precinct 2—W. TUCKER, W. F. "Bill" LANGLEY, EARL LEWIS

For Justice of the Peace, Precinct 1: E. A. VANCE, W. V. HET, A. C. THOMAS

Enjoy CARE-FREE FLOORS with "61" FLOOR VARNISH

SAFE, non-slip, care-free floors are yours to enjoy with "61" Floor Varnish. You will be proud of your floors! The tough, elastic "61" film resists wear and water for years, no more floor drudgery! On furniture and woodwork, "61" lasts even longer than on floors. It's fine for linoleum, too! Available in Clear Gloss, Satin, Dull and Colors.

P&L HOUSE PAINT Lasts Longer

The best paint is always the most economical in the end. It spreads farther, looks better and lasts longer. Pratt & Lambert House Paint withstands the elements, sheds dirt, retains its fresh, clean appearance and preserves the surface.

This Coupon Saves You Over Half!

Present coupon to dealer with 75¢ for choice of 1 quart Clear Gloss, Satin, Dull or Colors, "61" Floor Varnish. VOID if not used for the purchase of 1 quart of "61" Floor Varnish, or does not bear name of purchaser and dealer. OFFER LIMITED TO 2 WEEKS. ONLY 1 CAN TO A FAMILY.

Market Briefs

WALL STREET

NEW YORK, May 24 (AP)—Accompanied by a sharp contraction in trading volume, stock prices finished narrowly irregular today.

It was one of the slowest sessions of the past two weeks as a total of around 1,000,000 shares changed hands.

Selective demand lifted some rail and industrial stocks in forenoon dealings. Much of this improvement vanished in the afternoon, but selling was never urgent and most shares held close to their previous levels.

New 1948 highs were attained at times by Atlantic Coast Line, Pennsylvania Railroad, American Telephone and Telegraph, American Can, American Smelting, American Woolen, International Paper and Electrical & Musical Industries. Although some of these slipped later into losing ground.

Retaining narrow gains were Gulf Oil, Southern Railway, Youngstown Sheet, Chrysler and Owens-Illinois. Losers included Goodrich, Sinclair Oil, Pacific Western Oil, Richfield Oil, American Can, Westinghouse Electric, Penney, and Allied Chemical.

By R. C. HOLES

Mobeetie

MOBEEETIE (Special) — The Rev. J. F. Pace of Forties N. M., is conducting a revival at the Church of God here.

Mr. and Mrs. J. W. Barton and children, Sandra, Sara, and Jackie Don, are visiting Mr. and Mrs. Joe Reynolds.

Mrs. Charlie Ruff of Kress, Texas, and Mr. Ruff of Merrill, Okla., are visiting Mr. and Mrs. Bob Merrill. Mrs. Ruff is the daughter of Mr. and Mrs. Merrill.

Among those attending commencement exercises Thursday night were Mr. and Mrs. Leon Barton of Pampa, Mrs. Jack Barton of Pampa, Mrs. Lee McCasland of Wheeler, Mrs. Morris of Berger, Mrs. D. Holt of Dumas, Mr. and Mrs. J. Phillips, and Mr. and Mrs. LeRoy Patton.

Miss Marie McCauley is home from McMurry College at Abilene for the summer. She will be employed as bookkeeper at the Cicero Smith Lumber Co.

Mr. and Mrs. J. S. Johnson and son, James, visited in Lubbock last week.

Mr. and Mrs. A. R. Newman and Helen returned Friday from a visit in Eastern Oklahoma and Missouri.

Colorado Springs, Colo., was the destination of the graduating Seniors of Mobeetie High School and four sponsors who left early Sunday morning for a week of sight-seeing.

The students were sponsored by C. R. Brown, school superintendent, Mr. Brown, school superintendent, Mrs. John Hood, and Mrs. Ebb Patton.

This is the annual trip sponsored by the school for the class.

Shipments by Air Change Little

AUSTIN (AP) — Texas air express shipments varied less than 1 percent from March to April. Last month's shipments totaled 26,273, up 12 percent from April, a year ago, the University of Texas Bureau of Business Research reported.

Reporting 8,233 and 5,082 shipments respectively, Dallas and Houston accounted for one-half the total.

Fort Stockton showed the greatest monthly increase with shipments 75 percent higher than March. Mineral Wells recorded a 57 percent monthly increase.

Midland had the greatest April to April gain — 178 percent. Bryan, Odessa, and San Angelo more than doubled their air express movements from April, 1947, while Abilene and Lubbock shipments increased more than 50 percent.

Brownsville shipments declined 72 percent; Galveston, 19; Laredo, 17; and Corpus Christi, 13 from a year ago levels.

Rents Held Down By Soviet Union

MOSCOW (AP) — Rents in the Soviet Union for Soviet citizens are said to be probably the lowest in the world. The average Soviet family spends not over five percent of its income on rent.

A Moscow worker pays about \$20 per month for his apartment, heat, water, gas, and electricity. For over two decades, rents haven't been raised. The rates are based on income of the highest paid person occupying the given space.

There is maximum above which the rent may not rise. The state owns all large buildings. A worker can own his own home and sometimes it is possible to rent a room or two in a privately owned small home. But the owner really important landlord in the USSR is the state.

Success Secrets

By ELMER WHEELER "Getting started" is a problem that keeps many men and women from success.

When we have some task confronting us, it takes the courage out of us if it seems too big. When we lose courage we just sit back and don't even begin.

There is the secret — getting started. There is the secret — getting started. There is the secret — getting started.

When I was doing some sales consultation for John Manville, Lewis H. Brown, the president, told me how he learned to "get started" when a boy.

His father gave him the job of trimming the sprouts off a cellarful of potatoes.

But it was such a large pile of potatoes that Lewis couldn't bring himself to start. For two days he just sat and looked at them. When his father asked the trouble, he said, "It's too big a job for me — I can't do it."

His father reached down, picked up a single potato, rubbed off the sprouts, and pitched it aside. "Just remember, son," he said, "all you have to do is work on ONE potato. That isn't much of a job, is it?"

It makes a whole of a lot of difference whether you're thinking of rubbing the sprouts off ONE potato — or a cellarful.

But — just about everything in life comes to us "one potato" at a time. A novel is just so many separate pages. A house is just so many individual bricks that were laid one at a time.

So take another look at that "big job" facing you. Remember, all you have to do is ONE POTATO at a time.

Texas Today

By WILLIAM C. BARNARD Associated Press Staff

The New Texas Special Streamliner cuts four hours and five minutes off the schedule from San Antonio to St. Louis and challenges the age of flight all the way.

It answers air transportation with comfort, luxury, and every safety device known to modern railroading. The jerks, lurches and noisy rail-clicking have been eliminated. You can spoon your soup in the diner without fear.

Couch passengers recline in air-conditioned, blue seats shaped to their figures by \$50,000 worth of research, and should they desire they can stroll to the rear half of their car and lool in individual easy chairs while a red-jacketed porter brings sandwiches and drinks.

On their new diesel-electric train, the Missouri-Kansas-Texas and Frisco lines have eliminated the curtained berths of pullman travel, substituting individual, cleverly arranged roomettes and bedrooms, and new type shock absorbers, toilets, and big mirrors and insure privacy, day or night. Rooms and roomettes have an air conditioning control — just pick your own temperature.

On the streamliner's first trip north, Sunday, we asked H. M. Warden, vice president and general manager, why his railroad had done to get rid of the old 61-year-old executive replica.

"We have used a new method of suspension, plenty of rubber cushions, and new type shock absorbers. Rail shock is no longer transmitted to the passenger. We've been preparing for this new equipment more than five years — we have laid new steel and new ties almost every mile of the way between San Antonio and Parsons, Kans.

"When you consider the high cost of steel and the fact that ties now cost \$2.75 each, you will understand that we really wanted to give this train something fine to run on."

In the baggage car, we found P. E. Webb, 50-year-old passenger, in his happy with his new surroundings. His car, too, had the new comfortable ride. Webb matched open the door of a refrigerated compartment and disclosed a paper sack of sandwiches. "They even fixed up a place for me to keep my lunch," he grinned.

And up in the locomotive cab, three supervising experts clogged and double checked as veteran Engineer T. B. Nelson kept the new diesel train on split-second schedule.

One of the experts was T. B. Nelson, Jr., the engineer's nephew, a specialist in the powerful electro-pneumatic brake which the engineer was using for the first time.

The grey, elder Nelson, delighted with the brake, turned it on on straight stretches, even when he didn't need it just to try it out.

"I've waited a good many years for this," he said.

New Disease Lab Located

WASHINGTON (AP) — The Agriculture Department has announced tentative selection of Prudence Island, in Narragansett Bay, R. I., as the site for its new \$25,000,000 to \$30,000,000 laboratory for research on foot-and-mouth disease, swine fever.

Dr. B. T. Simms, chief of the Bureau of Animal Industry, said Rhode Island senators and representatives have asked that the laboratory be placed in their state.

Simms said he did not concur privately by the location of the laboratory, he told a news conference.

"There will be no more danger cautions we will take," he said, "than from any ordinary hospital."

The foot-and-mouth program, Dr. Simms said, will be the largest ever undertaken by the department and the most costly. It is estimated annual expenditures will run between \$2,500,000 and \$3,000,000.

McClellan Named Rural Roads Sec'y

AUSTIN (AP) — State Rep. C. S. McClellan of Eagle Lake Friday was elected executive secretary of the Texas Rural Roads Association as it met in Austin.

McClellan will receive an \$8,000-a-year salary and will not be employed as the group's secretary during the Legislative session, said Judge J. C. Cantrell of McKinney, association president.

McClellan at the same time indicated he will be a candidate for the speakership of the House of Representatives. He has served four terms in the House and is unopposed for reelection.

QUICKIES

By Ken Reynolds

"Well, if you don't want me to rest our feet in my room with a News Week Ad in my brother have him?"

Fair Enough

by Westbrook Pegler

On October 5, Joseph Herzberg the city editor of the New York Herald Tribune, made some pretentious remarks about the H-T and journalism in general.

He did this on a broadcast of the radio artist of William S. Gailmor in New York. I have already told you that Gailmor is a thief, a slicker and a preacher of the Communist line and that for one mercenary reason he renounced his religion and another, recanted it. I repeat this summary as station identification.

Herzberg seems to respect Gailmor as a journalist. Here we may have a clue to the ethics and politics of the city desk of the Herald Tribune affecting its news and editorial slant. If Gailmor is a journalist of a type which Herzberg would seem to me to be obliged to despise and oppose, not embrace it.

"You know," Herzberg said to Gailmor, "a newspaper story is a weapon far more dangerous than any in the arsenal of the scientist."

That is a dramatic cliché of an ideology bloke and it doesn't mean a thing, but let us take him at his word and use it on him.

"And," the boy prodigy said, "the reader should be entitled to know just who and what are behind such a powerful instrument as the newspaper."

Still further, he said, truthfulness in reporting was the only consideration on the news side of the H-T.

Well, then, Herzberg and Mrs. Ogdon Field, the publisher of the H-T, can't blame me for striving to tell who and what are behind these "dangerous weapons" which appear in the Herald Tribune and who decides which stories are to appear.

Why should the city editor of the H-T, which purports to be a Republican paper, lend the prestige of his office to a commercial business run by this pioneer promoter of the rape of Poland — this thug and renegade of the newspaper business? When I say renegade, I refer you to an excellent story by Gailmor's friend, one Arnold Blum, then employed by Marshall Field, thing, called PM, in 1944. Blum said that when he and Gailmor worked on the radio desk of the New York Daily News, editing a five-minute hourly news summary, Gailmor got in his ideological and sabotaged the editorial policy of the paper.

Did Herzberg know this about his friend Gailmor's past? I will say that, if he is nearly as smart as he pretends to be, he should have known.

Repeating once Herzberg revealed his friendship for the renegade, the H-T has suppressed "truth" in stories about him.

When, in the fall of 1944, I dug Gailmor's dirty record out of the police files and watched his squirming at the office of the old Blue Network, I kept his job as a news commentator, first claiming to have no religion and then claiming to be devout, the Herald Tribune didn't tell the story. Perhaps they thought Gailmor wasn't big enough to be news, although they had been standing their candidate, Tom Dewey, if Dewey actually was their candidate.

Damned if I know who the H-T's candidate really was then or is today. Or which is really the L-T's party.

Almost any way you turn you find politically queer people, un-Republican people, sounding off their ideology in the Herald Tribune.

Gailmor called Herzberg "Joe" and "Bill" and "Bill" throughout their discussion of the "higher meanings of journalism." But why didn't Joe ask Bill about Bill's news of sabotage at the Daily News? Or ask him why he didn't somehow get into the war instead of hanging around New York, looking for a skinny little American schoolboy to open a second front and save the lives of Russian soldiers? I don't have to tell Hershey that his future friend and sponsor is a physical giant and was only 34 at the time of the Normandy invasion.

Albert Maltz was one of those Hollywood hacks indicted for contempt of Congress. Most of us know why the committee asked them whether they were or ever had been Communists. Had they said "no" the committee would have produced evidence which would have caused consternation.

Gracie Reports

By GRACIE ALLEN

Dear me, I've been reading about this movie in New York City where people on each side of a political question in the front of the theater, only how picture have been fighting in this doesn't happen to other movies.

I can just see a seething mob of Airdeale lovers armed with umbrellas and loaded handbags rioting against the show. The mob of theatres showing Laszlo pictures.

Or socially conscious horses picketing and stampeding in front of a daring controversial Western film in which the hero ignores his horse and kisses a heroine.

Anyway, it should be a boon for theatre exhibitors who have been getting by on their popcorn profits. Now they can put in a line of iodine and bandages and clean up, and instead of getting three or four pictures, they'll be buying on the basis of whether it's a three- or four-riot movie.

It is the soul of culture of western Europe that has been the mainspring of its contribution to world civilization. We must bend our energies to the west.

Sir Stafford Cripps, British Economic Minister.

CHRISTIANIZE STALIN?

by Upton Close

WASHINGTON — Suppose the Kremlin suddenly "dissolves" the Comintern again? What will the United States do about domestic communism?

Mr. George C. Marshall has been pressuring Moscow to sever its connection with the Communist Party, USA.

He was quoted last week as saying the severing of the link between the Kremlin and the Communist Party in this country was even more important than would be the withdrawal of Soviet troops from Austria and Germany.

It is not easy to conceive of a secretary of state with such immature understanding; yet this is what the reports said, and they have not been repudiated.

If the Kremlin publicly disavowed American Communists it would, in effect, be acknowledging that which it has persistently denied from the Year One: that it ever had been in any way connected with American Communists.

The claim of Communists here and in Moscow always has been that the American revolutionary party was a legitimate home-grown political party, which only admires Soviet communism from afar.

The same claim is made for the Chinese Communists and those of Italy and France and all other countries which have enjoyed "liberation" at the hands of the great "peoples democracy."

Common Ground

By R. C. HOLES

Since this column has had so much to say on the subject of the inability of tax-supported education to teach moral laws, an article printed in a pamphlet contrasting the ideologies of two educators was extremely interesting to me. It is entitled "Two Educators: Hutchins and Conant" and was written by Oliver Martin, professor of philosophy at Ohio University, Athens, Ohio. It shows the great difference between the ideologies of Robert Hutchins, president of the University of Chicago, and James B. Conant, president of Harvard University. The pamphlet was issued by the Henry Regnery Company, Hinsdale, Illinois. This company is in the habit of producing careful studies on political and moral questions.

The author shows that Robert Hutchins believes there are moral laws which men must obey. In contrast to that, he classifies Conant as a "moral nihilist."

I want to quote from this masterpiece. Mr. Martin starts out by saying:

"Human events are always in danger of becoming subhuman events. But men like to be like beasts. Goering regretted not having killed all the Jews in Europe. A German concentration camp commander sweated up in indignation when he thought his effectiveness was challenged; the Allied authorities had mistakenly estimated his killings at one third the actual number. Each of these men undoubtedly spoke his own language well, walked on two legs, wore clothes, and enjoyed the conveniences of modern plumbing. Why do we say these men were beasts in human form? Because there are certain things which make a man fully human. Part of what they lacked can be summed up in the word 'morality.' They were immoral, and to that extent they were beasts. There is not quite an indubitable truth about humanity was the consequence of not falling short of a professed moral life, but rather of having denied the very possibility of morality itself."

There is a danger, however, in stating the matter this way. It may be that such Nazis were mad, abnormal men. We are sane, normal people. Hence, they are immoral, and to that extent they are beasts. There is not quite an indubitable truth about humanity was the consequence of not falling short of a professed moral life, but rather of having denied the very possibility of morality itself."

There is a danger, however, in stating the matter this way. It may be that such Nazis were mad, abnormal men. We are sane, normal people. Hence, they are immoral, and to that extent they are beasts. There is not quite an indubitable truth about humanity was the consequence of not falling short of a professed moral life, but rather of having denied the very possibility of morality itself."
