Heavy Rains Harmful To Texas Crops

United Press International
Big rains beat down again today on Texas' flooded farmlands, widespread crop damage continued.

Today's heaviest rains stretched the Plains, into the Edwards Plateau and down to South Texas. Recasts called for more rain all the state through Wednesday.

1.10-Inch Rain

Pampa received 1.10 inch of rain yesterday and early today, according to the Pampa Daily News rain gauge. The total during the last eight days stands at approximately 6.5 inches.

Months. Many other points had torrents of rain varying from four to nine inches.

Weather Bureau flood bulletins issued Monday in Washington, said "thousands of acres" of farmlands in South Central Texas and the South Plains were underwater. Today's rains were expected to add to the serious situation.

State agriculture officials have been able to estimate the damage because of its widespread nature, but it could run into the millions of dollars.

Today's weather picture across the state was a damp one. Rain (See RAINS, Page 3)

Japan Premier Pledges To End Political Violence

City Planning Tops Agenda

Planning for the future of Pampa took up much of the city commission meeting today, with expansion of water lines and urban planning the major topics.

Wayland Merriman, of Roberts, Merriman, Bowden and Isbel, local consulting engineers, appeared before the commission with a detailed plan for extending 10 through 20-inch water distribution lines with the majority to be placed in the north and south sections of the city.

Mobutu Is Criticized By Leaders

LEOPOLDVILLE, The Congo (UPI) — Mounting criticism by Congolese political leaders today threatened army Col. Joseph Mobutu's "strongman" control of this seething African republic.

The new controversy boiled over, Mobutu's apparent reluctance to force a showdown with deposed Premier Patrice Lumumba. Mobutu announced Monday he had changed his mind about calling parliament back into session and reiterated his decision to "neutralize" the legislative body and all political parties until the end of the year.

Man Hurt In Wreck

A three-car accident at 9:20 a.m. today at the intersection of W. Foster and S. Hobart Sts. sent one Pampa man to the hospital with undetermined injuries and resulted in approximately \$935 worth of damage to the three cars.

Four Killed In Crash At Kemah

KEMAH, Tex. (UPI) — An automobile skidded out of control on a rain-slick curve on Farm Road 518 west of Kemah today and plowed into another car, killing four persons and injuring two others.

U.N. World Disarmament Talks Almost Scuttled By Russians

U. S. Ambassador James J. Wadsworth said Zorin's action was just the type the resolution sought to eliminate. He said he would refrain from replying in kind in hopes that "perhaps our example may help."

Earlier Monday the Soviets attacked Hammarskjold through the U.N. pocketbook, charging him with "extravagant spending" to support U. S. policies in the Congo, Laos and elsewhere. It objected to his \$67.5 million budget estimate for 1961 and proposed a \$50 million ceiling.

With this backdrop, the outlook for the disarmament debate was gloomy.

WOULD GO BACK — William O. Fuller, father of Robert Otis Fuller who was shot by a Cuban firing squad for allegedly "invading" Cuba with 26 other men, erected a crude cross on his front lawn in Miami, Fla., and placed his son's Marine Corps hat on it to symbolize the grave of a soldier dead in combat. "I'll go back to Cuba ... with one of the expeditions," the grieving father said. "I can still shoot a rifle."

Convicts Held 3 Guards Hostage

WETHERSFIELD, Conn. (UPI) — Three inmates held three guards hostage for seven hours today in the state prison hospital here, but gave up when authorities granted their demands for meetings with an attorney and a state legislator.

The guards were reported "shaken" but unharmed. The three convicts, led by Walter Doolittle, a ringleader of last January's riot, had threatened to kill the hostages unless their demands were granted.

CASEY STENDEL ... no longer needed

Yankees Send Casey Stengel 'To Showers'

NEW YORK (UPI) — Casey Stengel was fired today as manager of the New York Yankees after piloting them to 10 American League pennants and seven world championships in 12 years.

"I was told that my services will not be desired any longer," Stengel told a press conference in a New York hotel. "The Yankees announced they will hold another press conference Thursday at which time it is expected that Stengel's successor would be named. It was believed that Coach Ralph Houk was in line to succeed Stengel."

"Del Webb and Dan Topping are in agreement that there should be an age limit," Casey said in announcing that he had in effect been fired at the age of 70.

Topping, president of the Yankees, said that Casey "reluctantly signed a two-year contract two years ago, with the understanding that he could retire after the first year if he so desired."

Busiest of the busy, you might say of Melvin Munn, chairman of the Pampa-lefors United Fund campaign, but you couldn't get him to admit it.

Important Elections Coming Up

By TONY KASE
United Press International

TOKYO (UPI) — Prime Minister Hayato Ikeda today pledged to a Parliament saddened over the assassination of one of its members that he would wipe out political violence in Japan.

His promise came as political parties started preparing for national elections which will test whether the pro-Western government retains popular support in the face of bitter attacks from Communists and other left wingers.

Ikeda paid tribute to Inejiro Asanuma, a member of the Diet and leader of the opposition Socialist party who was slain by a teen-age fanatic last week. He said Asanuma was "the very symbol of Japanese socialism" and the nation felt deep sorrow at his death.

"I will swear with all of you here that I shall not permit the tendency which attempts to justify any means for attaining certain goals from this day on," Ikeda declared.

Emperor Hirohito opened the extraordinary session this morning by saying that Japan faced "a grave situation internally and externally."

The session will last less than a week. Ikeda's government announced the House of Representatives will be dissolved Oct. 24. He did not announce a date for new elections but they are expected to be held Nov. 20.

The first test of the premier's pledge to end political violence may come before the week is out. Japanese leftists plan a mass demonstration for Thursday, the (See PLEDGES, Page 3)

Make Test Treaty Gains

GENEVA (UPI) — Western diplomats said today an agreement reached by the United States, Britain and the Soviet Union has removed another major hurdle standing in the way of a nuclear test ban treaty.

Delegates to the 23-month-old nuclear test ban talks Monday formally adopted a second annex to a proposed treaty. The annex concerns privileges and immunities which would be accorded the staff of the control organization policing a test ban.

U.S. delegates Charles C. Stelle, who presented the final content of the annex and the suggested treaty language, said its adoption was "a landmark of sorts."

United Fund Vignettes

Where Is Melvin Munn Today?

Busiest of the busy, you might say of Melvin Munn, chairman of the Pampa-lefors United Fund campaign, but you couldn't get him to admit it.

Munn, who burns more energy in a day than a jet fighter burns fuel, is putting forth a tremendous effort to push the drive "over the top" prior to the Oct. 31 deadline. Munn knows this is difficult, but he continues to urge his associates to all-out efforts, although each or there — it's all in a day's work the job done."

Align this, coordinate that, answer this call, meet someone here or there — it's all in a day's work for the drive chairman and although he doesn't appear to have

time for his work with a local insurance agency, he always manages to clear his desk before the day is out, and then continues on to make several speeches during the week or to meet with fund officials to discuss pressing problems. "We are all a part of this campaign. We all receive benefits from the United Fund in one form or another. This is the story we must tell to the people, for this is a one for all effort. We must not fail in our efforts to secure the funds for the seven agencies these funds will support," said the chairman.

If it comes from a hardware store, we have it. Lewis Hilde. Adv.

Legionnaires Convene Today in Miami Beach

MIAMI BEACH (UPI) — The American Legion convention, representing 2,600,000 men who fought the nation's wars, convened to hear the next presidential candidate today.

Two Accidents in Same Area

Two accidents — separated by less than three hours and 150 feet — involved four vehicles, one a school bus with 10 children aboard, yesterday afternoon. There were no injuries.

F Total Up Over Yesterday

A bake sale with all proceeds going to the Pampa-Lefors United Methodist church is to be conducted in the future by the Colored Division, Mrs. Sam Motley, chairman of the unit, announced.

Pledges

(Continued From Page 1) Despite the leftist attacks on conservative government over the military ties to the United States, the conservatives have done well in by-elections since violence cancelled cancellation of President Eisenhower's visit last June.

Rains

(Continued From Page 1) Heavy rains in both the South and South Texas closed schools again today.

Heavy rains in both the South and South Texas closed schools again today. Property damage was expected to be extensive. Some farmers in the view area reported 80-90 per cent damage to their crops.

Cline Infant Rites Today

Interment rites at graveside were to be held for Sherri Jo Cline this afternoon at 2:30 in Fairview Cemetery with the Rev. Therman Upshaw, pastor of Central Baptist Church, officiating.

The infant, daughter of Mr. and Mrs. R. L. Cline of McLean, born yesterday lived about 15 hours following birth in Worley Hospital.

Other survivors are one sister, Debra Sug; grandparents, Mr. and Mrs. G. C. Blakemore of Pampa and Mr. and Mrs. C. F. Cline of Weatherford, Okla.

First Reading Of Ordinance

First reading of an ordinance to bring into the city a section of land in the North Crest section climaxed the city commission meeting today.

The area includes Sandalwood Ave., to the alleys on each side of the avenue, and from North Crest Rd. to the west edge of the area.

Agenda

(Continued From Page 1) In the city must realize that a treating plant, a pumping station and storage facilities must be considered in the overall cost for the city's part in this project.

Mayor Ed Myatt entered the discussion at this point to stress the fact that the commission must consider all the costs of the project and "present it in its entirety to the people so that they will know what the project will cost."

"I believe too many people are just thinking of the recreational facilities this will offer. I think we should gather all this information even if it means hiring an expert, and present a concrete estimated cost when it comes time for a vote on whether-or-not we join the CRMWA," said Myatt.

Merriman recommended overhead storage for this project, and said some funds could be saved by constructing a treating plant in conjunction with Borger. Including all three required facilities, he said he thought the job might be done for \$600,000 to \$750,000.

Even with water from CRMWA, Pampa will need wells, especially for peak summer use. Merriman told the panel that he would suggest that one well be drilled yearly to back-up the water provided by the dam and reservoir project which is expected to be ready for use in 1966 or 1967.

It was noted that the U.S. Bureau of Reclamation may aid with suggestions for a treating plant, but that it will not draw up plans, and the like.

Commissioner Jack Vaughn also suggested that, if and when a bond issue is presented for a vote by the people, funds to improve "our inadequate sewage disposal system be included."

He noted that this comes under water use, since water is used to carry away much of the refuse, and in this he gained verbal backing of the mayor.

In talking over the Comprehensive Plan for future development of Pampa, it was noted that the firm of Koch, Fowler and Grate, consulting engineers, of Dallas, are to handle the project. This will cost the city \$19,700, with the federal government and the state paying the remainder of the \$36,720 overall cost.

The Dallas firm has established a 14-month deadline to complete the project.

In other action the panel approved the first reading of an ordinance which will grant Southwestern Public Service Co. a 1.8 mill increase to 7.8 mills for electric power to city owned facilities and street lighting, excepting existing mercury vapor lights; approved the placing of \$25,000 in time deposit of funds from the water and sewer fund, and established yearly salaries for city employees, something that is usually mere formality for the commission.

Finally, City Manager John Koontz noted that he has told Police Chief Jim Conner to have the parking meter policemen on tag cars that were over-parked in the downtown area, rain or shine.

Koontz noted that many employees of downtown stores are taking up parking spaces needed for shoppers and that the Merchants Activity Committee of the Pampa Chamber of Commerce, in a meeting yesterday, strongly urged that steps be taken to retain parking spaces for prospective customers.

One highly indignant merchant went so far as to offer 500 plastic bags for the policemen to use in the event rain might blur a parking ticket. This brought a laugh from the panel, but it supported the recommendation of the merchants group and Koontz.

In addition to the parents, the infant is survived by grandparents, Mr. and Mrs. A. W. Stevens of Gatesville and Mr. and Mrs. W. T. Blackman of Pampa.

Interment will be in Fairview Cemetery under the direction of Duengel Carmichael Funeral Home.

Charges Filed Against Cook

Burglary charges have been filed in Pampa against Donald Wayne Cook, 24, of 309 Canadian St., who was arrested in Panhandle Saturday while burglarizing a service station there.

Cook has been charged with breaking into Clyde Jonas' Used Car Lot office on Oct. 8. He also stole a car from the lot and abandoned it in Silverton before the loss was discovered.

Cook has admitted five burglaries in Carson County and was to go before the Grand Jury there today.

Individualized Mathematics Illustrated At Home And School Association Meet

At a recent meeting of the Home and School Association of St. Vincent dePaul School, Sister Laura explained the program of individualized mathematics. The program of individualized mathematics, she said, "was developed as the result of an extensive program of research in the teaching of mathematics begun in 1950."

Sister Laura explained the scope and sequence of the program at the primary level and gave a short demonstration using the tools, which are 1) number aid abacus and board for teacher; 2) number aid for each child; 3) plastic slate and figure sheets; 4) individualized mathematic summaries.

"The extensive use of these tools in classrooms throughout the country has resulted in higher levels of learning of elementary mathematics," she continued. "Within customary time schedules than was previously thought possible."

"However," she concluded, "the child will always be helped or hindered by his own God-given tools of intelligence and comprehension, as well as by his individual application."

Preceding the above demonstration, a short business meeting was held with Ceaser Buzetta, president.

Plans were discussed for Fun Night, which will be held Oct. 28 in the school cafeteria with all grade participating.

Mrs. O. B. Worley announced that eye tests would be given to pupils during November and the TB patch tests would begin after

the first of the year. Refreshments were served during the social hour by Mes. Charles Albus, A. Kemp and J. A. Dooley, hostesses.

WSCS Meets For Business - Social

LEFORS (Spl) - Woman's Society of Christian Service of the Methodist Church met for a luncheon and business meeting recently in Fellowship Hall.

Mrs. Walter Pflug gave the devotional "This Is My Father's World" followed by the hymn, "When the Whole World Lives For Him" sung by Mrs. J. Weldon Moore.

A baby gift was presented to Mrs. Butch Bradley by the group. It was announced that the regular study, "Into All the World Together" will be continued by Mrs. W. B. Breining at the next meeting.

Attending were Mes. B. D. Vaughn, Jeff Stubblefield, Gladys Pafford, Jessa Graves, W. C. Breining, Bernard Johnson, Carl Barber, Raymond Elms, A. T. Cobb, Raymond Barnes, W. R. Combs, L. D. Rider, D. W. Willis and Bill Teel.

SOLE IMPEACHMENT
Only instance of impeachment proceedings against a member of Congress was in the case of William Bount, Tennessee senator, in 1788. The charges were dismissed.

Skit On PTA Ills Given At Baker PTA Meeting Held In School Auditorium

"Operation P.T.A." was the theme of the October meeting of the B. M. Baker P.T.A. conducted by the president, Mrs. C. N. Gage at 2:15 p.m. Thursday in the school auditorium.

Reports were given by Mrs. Ray Low, secretary; Mrs. Troy Bennett, treasurer; and Mrs. Howard Price, City Council representative.

Mrs. A. N. Green, reporting on the Workshop held in Wheeler on Tuesday, stated that "we are living in a constantly changing world and we, as parents, should study the problems facing us today and then do something about them."

Scholastic activities versus family living was one of the many problems discussed at the workshop.

Other delegates attending were: Mes. Robert Dittmeyer, Orvel Ferguson, Carl D. Anderson, S. A. Downs, and D. P. Brown.

Mrs. Gage announced that a meeting of the various Fun Night committees will be held Tuesday at 9:00 a.m. in the school cafeteria.

Mrs. Leon Holmes, radio chairman, announced that B. M. Baker School will have the program on October 21st at 9:15 a.m. on station KPND.

Mrs. Orvel Ferguson and Mrs. Carl D. Anderson, Jr. were elected to attend the state convention to be held in Austin on Nov. 13-18. Mrs. Robert Dittmeyer and Mrs. E. C. Fulton are the alternates.

Following the business meeting, a skit entitled "Surgery In Silhouette", written and narrated by Mrs. A. N. Green, was presented by the executive board. The humorous skit brought out that "Mrs. P.T.A. who is quite ill, is suffering from a malady of programs that are too long and dry as a bone."

The cast included Mrs. Ferguson as "Mrs. P.T.A."; Mrs. Brown as "madam president and the executive board"; Mrs. Downs as the "doctor" and "nurse" and Mrs. Dittmeyer as "Mrs. Hospitality."

Mrs. Freida Ross' room won the room count by having the most parents present.

A cake baked by Mrs. Leon Holmes was awarded to Mrs. George Mortimore as a door prize.

A gold and white cake, decorated to commemorate the 51st anniversary of the Texas Congress of Parent and Teachers Association, was served by the hospitality committee during the social hour.

Dear Abby... ...d Enough To Ask ...Old Enough To Be Told

ABIGAIL VAN BUREN

DEAR ABBY: My son, who is in the third grade, is being excited to a certain phase of sex education in the classroom that I do not meet with my approval. The teacher is "expecting" she will be able to handle the children watch for her daily and ask her a lot of questions which my son says she answered them she was entering the fifth month and plans to teach her seventh.

I always thought it was the parent's place to tell their children acts of life, not a stranger's. In the third grade there is plenty of time for those things, and now he is asking ME questions. I resent having been pushed into explaining before he is ready. My neighbors say I am narrow-minded. Am I?

ONE BOY'S MOTHER: A child who is old enough to ask, is old enough to be told. Exposure to mother-in-law in the developmental stages of your son no harm. I think it fortunate to have such a mother.

DEAR ABBY: My husband calls me a business man and makes a good living. I have seen my husband with the carton of a minor boy (17). He pays me more than the retail price. He does fancy figuring and is cheating me and breaking the law. This bird can read and has been in business for years. He is setting a bad example for our 16-year-old son who what he is doing and is no fool. If I turned my husband in the whole family would be because of this idiot. What do you think?

Nixon, JFK Flit In And Out

'Gimmick' May Swing Texas Election Tide

DALLAS (UPI) — The presidential race is still so close in Texas that either candidate could come up with a gimmick to catch the attention and favor of the voters and win the state's 24 electoral votes.

The most unbiased political observers in Texas—the bookmakers—quote the odds as 6-5 for Nixon. It's at least that close in a state where all state officials are Democrats, the legislature is 100 percent Democratic and only one congressman is a Republican.

Sen. John F. Kennedy's biggest disadvantage is his Catholic religion. Texas' one million voting Baptists don't like the idea of a Catholic in the White House.

The recent re-entry of Allan Shivers, who was governor four terms, into politics, certainly helped Nixon. It was Shivers who led the Democratic state executive committee into the Eisenhower camp in 1952.

He supported Eisenhower in 1956 and he is now supporting Nixon. He has explained all three bolts by saying he is "putting Texas ahead of the Democratic party."

Shivers soothes the political consciences of many old-line Democrats who find it hard to turn Republican, no matter how much they like the GOP's candidates and platform.

There is a strong rivalry between Shivers and Sen. Lyndon B. Johnson of Texas, the Democratic vice presidential candidate. Johnson took the state party leadership away from Shivers in 1956. Shivers is a handsome man, a

master of sarcasm and a clever campaigner.

When Gerald Mann, director of the Kennedy-Johnson campaign in Texas, accused him of not really being for either party, Shivers retorted:

"You mean old Jerry Mann, the TCU football player? Whatever happened to him?"

Mann played football at SMU—not TCU—and is a former attorney general.

On the other hand, a group of Negro businessmen, professional men and lawyers met recently in Austin, the state capital, and voted 44-14 to support Kennedy.

The Negroes voted down a proposal not to endorse either ticket. Arguing for the proposal, J. L. Thomas of Bryan said: "The Democratic party promises you turkey and cranberry sauce but when you ask for chili and a cup of coffee, they refuse."

There are 214,000 Negro voters in Texas. Another question mark is the attitude of 700,000 Texans over 65, all eligible for poll tax exemptions. Voters under 65 have to pay \$1.75 each to register.

Official Fired For Giving Lift

LINCOLN, Neb. (UPI) — Nebraska State Aeronautics Director Jack Obbink was out of a job today because he gave Robert Kennedy a lift in a state-owned plane.

Republican Gov. Dwight W. Burney fired Obbink, a Democrat, on Monday because of a flight to Kansas City the night of Sept. 24. Obbink said he had to make the trip on business and since Robert Kennedy, brother and campaign manager of Sen. John F. Kennedy, was going that way he took him along.

However, Burney apparently was not satisfied with the business explanation and dismissed Obbink.

Daughter Of Late Actress Found Dead

NEW YORK (UPI) — Bridget Hayward, daughter of actress Margaret Sullivan who died of an accidental overdose of barbiturates early this year, was discovered dead in her apartment late Monday and police said today an "incoherent note" was found in the apartment.

An investigation into the cause of the 21-year-old attractive blonde's mysterious death was launched by police, who said they were not notified until nearly six hours after the body was taken to a morgue.

An autopsy was scheduled today.

Broadway producer-director Leonard Hayward, who apparently discovered his daughter's body and called a private physician, could not be located by police during the night for questioning. Assistant Medical Examiner John Devlin said Miss Hayward had been dead for some time when he was summoned by Dr. Shirley Fisk, Hayward's personal physician.

Devlin would not divulge the contents of the "incoherent note" found in the 14th floor Manhattan apartment in which Miss Hayward lived alone. She was the second of three

On paper Soviet Premier Nikita Khrushchev may seem to have lost more than he won during his United Nations stay. But the paper losses may be short-term only, still capable of being turned into Communist victories.

Khrushchev failed to: —Win a U.N. seat for Red China.

—Win anywhere near majority approval of his plan to reorganize the office of the secretary-general into a Communist-weighted three-man presidium.

—Oust or obtain the resignation of Secretary-General Dag Hammarskjöld.

—Turn the U.N. General Assembly into a world summit meeting on disarmament. Before he made his big pitch for disarmament most world leaders already had gone back home.

But he did: —By his own initiative draw

Groom Wheat Grower Feted

GROOM (Sp) — Mike Britten Jr., who retired in July after being a member of the board of directors of the Groom Wheat Growers Inc., for 18 years recently was honored at a dinner in the Ranch House Cafe.

The group presented Britten a pocket watch in appreciation for his long service with the organization.

Other retired members being cited during the evening were Mrs. Othello Driskill who was bookkeeper for CWGI for eight years and John C. Farley, a member of the board of directors for four years.

Those attending were the Mike Brittens, John Farleys, Manuel Rudarts, Arthur Conrads, J. C. Browns, Billy Burgins, Billy Fields, Ted Majors, R. A. Snyders and Frank Terbushes.

more world leaders than ever before assembled under a single roof.

—Establish himself as a relaxed leader who could stay away from home as long as he wished, meanwhile reaping a propaganda harvest.

—In his own words, "plant seeds" for the future.

As for his failures, many observers at the United Nations believed that this would be one of the last years the United States and its allies successfully could prevent the entry of Red China as a full-fledged U.N. member.

More important than those who voted for or against Red China this year were the 22 nations which abstained. They included nearly all of the newly-admitted African nations. A switch by less than half of these in next year's voting would do the trick.

As for reorganizing the U.N. to turn it into an arm of the Kremlin it is probable that here Khrushchev employed a time-honored Communist stratagem. He asked far more than he expected, and any compromise would be a Communist gain.

While such prominent leaders as Prime Minister Nehru of India oppose any plan which would paralyze the office of the secretary-general, nevertheless the "seed" has been planted. The Afro-Asian group is dissatisfied with its present U.N. representation, particularly in the Security Council, and may be expected to press for some sort of U.N. reorganization.

It is probable that Khrushchev will have to bear with Hammarskjöld until the latter's term runs out in 1963. Then will come the big Soviet push and a moment of decision for the United States.

Meantime, the United States and its allies must decide whether reorganization of the United Nations is inevitable and come up with a plan of its own or elect

"OSCAR," THE ESCAPE ARTIST—Engineer checks the mock-up of a jet plane escape capsule. Called "Oscar" (for Optimum Containment And Recovery), the capsule-cockpit is the forward section of a Navy F8U Crusader. During flight, the capsule will ride as the sealed-off, pressurized nose of the airplane. In case of emergency the capsule, containing survival gear, would break away from the rest of the plane. Stabilization fins would be extended and shortly afterwards a parachute would open to lower the capsule to earth. Developed by Chance Vought Aircraft, "Oscar" has been accepted by the Navy.

Violence Kills 19 In Texas Over Weekend

By United Press International

A missed signal in the Texas Panhandle, a skidding slide head-on into another automobile in the South Plains, a miscalculation near the Gulf Coast and 10 persons died.

Violence — principally automobile violence — killed 19 persons in Texas over the weekend.

A collision between a truck and train at Levelland, a head-on

to fight it out on the basis of the Khrushchev demands.

As for disarmament, the big powers themselves eventually must decide. But Khrushchev's demand for immediate destruction of arms draws strong support from small nations who believe money spent on guns much better could be spent on their own development.

crash on U. S. 180 near Roby and a smashup between a car and a truck at North Zulch, north of Houston accounted for 10 deaths. All together, 13 persons died in automobile accidents.

In addition to the 13 traffic deaths, a United Press International survey for the period from 6 p. m. Friday to midnight Sunday showed three persons beaten to death and 2 killed by gunshot wounds, one collapsed and died in a wild animal ring at a Corpus Christi circus.

Most tragic of the automobile collision was that at North Zulch. Four persons died in the collision of a car and a truck carrying a bulldozer. The dead were identified as Mr. and Mrs. Willie Lee Wilson and their 8-year-old daughter, Gail, all of Austin, and Donnie Ray Konginsmith of Seguin.

Three people died in the collision near Roby. They were identified as Mrs. Velma Maude Sanders, 64, and Miss Mildred Louise Huffhines, 57, both of Fort Worth, and 18-year-old Curtis Wayne Bartlett of Dallas.

Saturday night a truck loaded with 26 Latin Americans plunged through warning flares and crashed into the rear end of a backing train. Francisco Garcia, 18, of Brownwood was killed outright. Soto Felix Gonzales, 40, and Daniel Vargas Lopez, 48, both of Mexico, died Sunday.

Other traffic deaths included James W. (Buck) Waggoner, 33, of Spur, who was killed in a two-car crash on a foggy farm-to-market road near Crosbyton; John A. Rogers, 53, of Port Arthur, was killed when his car plunged into 18 feet of water in a canal there, and Herminio Castegon, 30, of Mexico, was killed by a hit-and-run driver on the edge of Big Spring.

Geese Crash Into Airliner

MUSKOGON, Mich. (UPI)—A North Central Airlines plane en route from Detroit to Green Bay was forced to make an emergency landing here Monday night after a flock of geese crashed through the windshield.

Donald Wright, a spokesman for the airline, said none of the passengers aboard the flight, North Central 397, was injured. He said the only damage to the aircraft was the broken windshield.

The pilot, Capt. Vernon Turner, Detroit, suffered minor cuts but the co-pilot, Armand Salvatoriello, also of Detroit, escaped injury, Wright said.

Lost Prestige In South America Blamed On Lack Of Understanding

By **WARREN DUFFEE**
United Press International

MIAMI (UPI)—Sen. John F. Kennedy today blamed "disastrous and tragic defeats" for the United States in Latin America on "a Republican leadership which has lacked imagination and compassion to understand the needs and aspirations of the people" of that region.

The Democratic presidential nominee said his opponent, Vice President Richard M. Nixon, must take part of the blame because "it was his failure, as the President's personal emissary, to see what must be done in Latin America that has directly contributed to the current crisis in our inter-American relations."

In a direct jab at Nixon, Kennedy said "this is more of the experience which Mr. Nixon claims as his qualifications to be president."

Kennedy outlined his own comprehensive plan for aiding Latin American relations in a statement shortly after landing here early today to address the American Legion national convention shortly after noon. Nixon was to follow Kennedy on the Speaker's platform.

The Democratic nominee also planned to expand his Latin American views in an afternoon speech at Tampa which has a large Latin population.

Kennedy landed at 2:20 a.m. after a flight from Columbus, Ohio, where he received one of the most enthusiastic ovations of his campaign Monday night as the climax to a long day of motorcading through western central Ohio.

Police estimated his yelling, pushing Columbus street crowd at 100,000 and said another 45,000 heard him speak from the steps of the Ohio Capitol.

Expelled U.S. Tourists Back From Russia

VIENNA (UPI)—Two American tourists, expelled from the Soviet Union on spy charges, returned to the West today.

The two, Mark Kaminsky, 32, of Jefferson Township, Mich., and Harvey Bennett, 34, of Bath, Maine, spent seven weeks in a Russian prison while the Soviets ignored repeated American requests for information on their whereabouts. The two had vanished while on a tour of the Soviet Union in August.

On Friday the Russians announced that Kaminsky and Bennett had been expelled. On Sunday they said Kaminsky had been convicted by a military court in Kiev on spy charges and that Bennett had turned state's evidence.

"Our new policy," he said, "would be an alliance in progress — an alliance of nations with a common interest in freedom and economic advance in a great common effort to develop the resources of the entire hemisphere."

Rice, Longhorns Gear For SWC Stemwinder At Houston Saturday

BY BRYCE MILLER
United Press International

This may be a bit like the pot calling the kettle black.

But even so, the ladies, bless 'em, you can't get along without them.

This item from the Southwest Conference "party line" comes by way of Lubbock. It happened while Texas Tech was doing an admirable job of holding the Baylor powerhouse to a 14-7 decision.

A large part of the credit goes

to Coach DeWitt Weaver who with his spotters in the press box at the top of the stadium, mapped strategy during the game.

"But a lady in the stands saw it differently.

"No wonder his team is losing," she said to anyone within earshot.

"He spends all his time talking on the telephone."

Win or lose, Weaver figures fans saw two All-Americans in action during the game, Ronnie Bull, Baylor's superb halfback, and E. J. Holub, Tech's fine center.

"Bull did everything a ball carrier should do and played excellent defense, besides," Weaver said. "Holub had one of his better nights both offensively and defensively. The speed he showed in catching Bear halfback Tommy Minter from behind makes a person wonder what sort of a back E. J. would make."

Both Holub and Bull are among the eight Southwest Conference players selected today by the Football Coaches Association as All-America candidates.

The other six are tackle Bob Lilly of TCU, guards Rufus King of Rice and Monte Lee of Texas, center Wayne Harris of Arkansas, and halfbacks Lance Alworth of Arkansas and Jack Collins of Texas.

Fans are making a wild scramble for tickets at Houston today for the Rice - Texas battle this weekend in Austin. The Owls, conceded a dark horse in pre-season picks, looked so good in their conference opener at Dallas by crushing Southern Methodist 47-0 that professional betting gives them a one-point edge over the Steers.

In other games involving league teams, the oddsmakers picked Pittsburgh by two over TCU, Baylor by 14 over Texas A&M, Texas Tech by seven over SMU, and Mississippi by 10 over Arkansas.

Coach Abe Martin had a surprise for his Horned Frogs Monday.

He moved the alternate backfield to the starting team and shifted Buddy Iles, who caught six passes against the Aggies, back to starting right end.

Moved up from the second unit were Harry Moreland and Roy Dent as halfbacks, fullback R. E. Dodson, and quarterback Guy (Sonny) Gibbs, the talented sophomore who guided the alternate group to two touchdowns against the Cadets.

"They moved the ball well against A&M," Martin said. "They

deserve the chance to start against Pittsburgh."

The Aggies learned, meanwhile, that center Jerry Jenkins, who alternated with Capt. Roy Northrup against the Frogs, is lost for the season because of a knee injury he received in the TCU game.

Arkansas coach Frank Broyles said fullback Joe Paul Alberty will have to miss the Mississippi game because of a sprained ankle against Texas. Bill Ferrell, Razorback trainer, said he will be out for two weeks.

Ollie Wilhelm is a sincere man, with a sincere interest in the youth of Pampa. Entering his twelfth year as coach of the Optimist Club's boxing program, he has tutored more than his share of state champions, but still believes that there is much more to boxing than simply winning.

"Boxing helps boys get along with each other," Wilhelm said, a statement that seems to contradict itself. However, Wilhelm feels that competition and hard work, whether in boxing or business, always helps the boy in the long run.

Boxing Aids Other Sports

"Our program helps boys in other sports too. They gain coordination and confidence in themselves, even in losing," he opined. "And in 12 years, we've never had a boy injured. In fact, our boxers have never injured a knee when they return to football because boxing strengthens knees far better than any exercises," Wilhelm confided.

Professional boxing is a far cry from the amateur variety, and for that reason, Wilhelm never encourages a boy to go into the "punch for pay" bracket.

"We try to discourage boys from going into professional boxing," Wilhelm said. "We try to keep them in school (college) until they get that important degree. Then, if they still want to turn pro, they have something to fall back on in case they don't make the grade.

Imel Shades Prognosticators

After last weekend's topsy-turvy Southwest Conference play, we shall retire to the back room to mend our wounds. As far as last week's Picket Line Prognosticators go, Floyd Imel, president of the Citizens Bank and Trust, was the winner with 28 of 39 right, picking all eleven high school games right. Maybe that's why he's a bank president and the "expert" is a sports writer.

SWC Lands Eight On Early All-American

NEW YORK (UPI)—The American Football Coaches Association today cited five University of Washington players and three each from Mississippi and Syracuse in an early-season sizeup of All-American prospects.

A total of 58 players were mentioned in the "honor roll" based on a poll of the members of the coaches association. The coaches will be canvassed twice more during the season. Their recommendations will be considered by a 24-man board which will select the coaches' All-American team.

The coaches association's 1960 All-American team will be sponsored by the Eastman Kodak Company and will be distributed exclusively by United Press International.

Washington Huskie players mentioned in the coaches' first roundup were: end Lee Folkins, tackle Curt Gagner, guard Charles Allen, quarterback Bob Schlorf and center Roy McKasson.

The three Mississippi players cited were quarterback Jake Gibbs, end Johnny Brewer and guard Dick Price. Syracuse has end Fred Mautino, halfback Ernie Davis and fullback Art Baker on the list.

The Southeastern, the Big Ten and the Southwest conferences each had eight players, the West Coast "Big Five" had seven, and the Big Eight Conference six.

The coaches again will be polled following the sixth week of the season and for the final time after games of Nov. 19.

The season's first selections:

Harvesters Rest, Eye Amarillo Game Movies

Pampa's Harvesters, after six weeks of battling injuries, rain, flu and a tough schedule, took it easy yesterday afternoon and watched game films of their 31-0 loss to Amarillo last Friday night.

The Green and Gold has an open date Friday before wrapping up the last month of the thus-far winless campaign. Pampa meets Palo Duro here Oct. 25, travels to Lubbock, Nov. 4, plays Plainview here Oct. 11 and winds up the season Nov. 19 in Borger.

It was a good thing that Pampa is off Friday; Coach Babe Curfman has seven boys out with flu, probably contracted last week when the Harvesters were forced to work out in the rain for the Amarillo meeting.

The only "major" casualty in the Sandie game was Center Duke Garren who broke his nose. He was put back into the hospital yesterday for a thorough checkup after missing much of last week with severe headaches.

Despite the one-sided loss, Curfman felt several Harvesters played a good game, among them Randy Haralson, Steve Dobbin, Billy Cooper, Dickie Wills, James Webb and Charles Geise.

"We ran the ball real good," Curfman said. "We moved the ball down to their (Amarillo's) 3 — and again inside the 20 — but Phillips (Coach Bum) put his first team back in and we responded by fumbling."

Speaking of the first Sandie score, a 78-yard run by Kent Tving, Curfman said that Amarillo bottled up the Harvesters' end and cornerman to set up the score.

"Two of our men chased him all the way, but they never gained a step on him. I sure didn't know he was that fast; he hadn't shown it in Amarillo's first games," he opined.

Curfman will have eight days to prep his battered forces for Palo Duro, which upset Lubbock Monday, 19-11, last Thursday. Monterey beat Pampa, 19-8, two weeks ago.

Two Fem Pros Invade Pampa

Two of the brightest young female stars in golf's professional world will be at the Pampa Country Club at 2 p.m. tomorrow for a golf clinic and — if weather permits — a nine-hole exhibition match.

Kathy Whitworth, 21, and Mary Ann Reynolds, 31, will make their stop here as members of the Walter Hagen Advisory Staff.

Despite her youth, Miss Whitworth, a Jal, N.M., product, already has won the New Mexico Amateur championship twice — 1957 and 1958 — and is one of the top ten women on the tour now.

Miss Reynolds, from Damascus, Ga., is a two-time winner of the Georgia State Golf Championship (1956 and 1957) and is the 1958 Women's Southern Amateur title holder. Both turned pro in 1959.

Hart Warren, Pampa CC pro, emphasized that the free clinic is open to all golfers, male or female, in the Pampa area.

Pope Heads TCU 'Five'

FORT WORTH (UPI)—Texas Christian cagers opened practice Monday and the smile coach Buster Brannon is sporting may give a hint how he figures his Frogs will fare in this year's Southwest Conference basketball wars.

Brannon suffered through last season without a "big boy," but he has one for the coming season — 6-9 Alton Adams, a Houston product who led the freshman team with a 20-point plus production.

Adams is one of several promising sophomores, including 6-7 Pete Houck, 6-5 David Brinkerhoff, 6-7 Don Rosick, 6-3 Johnny Fowler and 6-1 Tommy Pennick.

And there are six returning lettermen — 6-5 Davis Warnell, 6-0 Phil Reynolds, 6-4 Jerry Cobb, 6-2 Jerry Pope, of Pampa, 6-1 Ronald Mayberry and 6-3 Billy Simmons, all juniors except Cobb, the team's only senior.

Boxers Start Workouts

Pampa's Optimist Club boxers, with a whole fistful of state Golden Gloves championships in the trophy case, have started workouts for preparation for their first matches Oct. 27.

Ollie Wilhelm, who has coached Pampa pugilists for 12 years, said that 20 boys have been working out for over a week at the Optimists' Boys Club Building, 601 E. Craven.

The bigger boys will report to Wilhelm at the conclusion of football season, tops of which will be Lucky Dunham and Dickie Wills, now playing for the Harvesters.

Pampa boxers won the 1958 Golden Gloves title in Fort Worth with five boys in the eight finals.

The first matches will be with area towns but following Christmas vacation, Wilhelm plans to pit his men against top teams from Ft. Sill, University of Corpus Christi and Clovis to prepare them for the Golden Gloves regionals in Amarillo.

Wilhelm said that the facilities would handle 100 boys easily and urged that anyone could work out at the gym without having to box.

Aiding Wilhelm in his coaching duties will be Cliff Dunham, Donnie Ray, one of the best 112-pounders in the Panhandle not too long ago; Vincent Simon, Ronnie James and "Rabbit" Ramirez, who also will box. Ramirez was on the Texas GG team, that went to Chicago in 1956, fighting as a bantam weight.

Workout times are from 4-6 p.m. at present but once boxing season gets in full swing, the gym will be open from 4 to 7:30 p.m.

Slipped Saddle Helps 'Sun To Avenge Loss

By United Press International

Alfred G. Vanderbilt's August Sun avenged his previous defeat by Civic Guard at Belmont Park Monday, but apparently only because of a slipped saddle.

Leading all the way in the seven furlong event, August Sun scored a one and one-half length victory over Civic Guard, whose saddle slipped up on his neck on the far turn, causing Manny Ycaza's mount to lose several lengths.

Civic Guard, however, overcame all Hands in the stretch, beating the favorite for place money by two lengths.

In their previous meeting, August Sun finished third, one and one-half lengths behind the winning Civic Guard.

The triumph was the third in 15 starts this year for August Sun, who was ridden over the distance in 1:24 3/5 by Braulio Baeza while carrying 116 pounds. August Sun paid \$11 for \$2.

At Narragansett, Prem Stable's Pittsburgh Gus defeated six rivals in the Fram Filler Purse with a 1:13 clocking for the six furlong sprint.

With jockey Phil Grimm in the saddle, the 6-year-old gelding finished one length in front of Gregory G. Eternal Mark was third trailing the runnerup by a nose.

Pittsburgh Gus paid \$6.40 in chalking up his third victory in 12 outings this year.

Jockey Larry Spraker clicked for three winners, including both ends of the \$106 daily double at Sportsman's Park. In the first race, Spraker won with Federal Eagle (\$7.40) and then completed the double with Color Added (\$24.60).

He also scored in the feature handicap event with Nickie G who paid \$7.60 after covering the mile and one-sixteenth in 1:45 1/5. Dashing Squaw ran second and Fad N. Frills was third.

Quarterbacks To View Film

The Harvester Quarterback Club will see game films of the Amarillo-Pampa football game at 7:30 tonight in the high school cafeteria.

Club President Sharon Haralson urged that all members attend tonight as several important items would be on the business agenda.

Legion Meet Is A Forum For Airing Island Issue

By United Press International
The American Legion provided a forum today for the next round in the increasingly tangled and bitter presidential campaign fight over Quemoy and Matsu. White House rivals Richard Nixon and John F. Kennedy were scheduled to deliver afternoon addresses to the 6,000 delegates attending the national convention of the veterans organization in Miami Beach.

The speeches — before a group which holds strong views on America's stance against Communism and represents 2.6 million former servicemen — were calculated to spark new fireworks in the Chinese islands controversy.

Nixon came to Florida with his stacks on Kennedy's Quemoy-Matsu stand at a blistering peak. At a jammed Buffalo, N.Y., rally Monday night, the vice president turned his wrath on Kennedy's statement that he agreed with the administration's Quemoy-Matsu policy.

Nixon said this was "astounding" after the Democratic nominee's earlier assertion that the nationalist islands close to the Communist-held Chinese mainland were indefensible.

The GOP candidate branded Kennedy's statements "glib double-talk."

"How can the American people have confidence in a man who winks at the hip on matters that gravely affect the security of our country?" Nixon asked. Kennedy, he said, is a man of "very dangerous immaturity in world affairs."

The vice president said that on the U2 incident and the Quemoy-Matsu controversy Kennedy made statements that would have made us a sitting duck for the communists to push around if the Democratic nominee had been president.

Kennedy, campaigning in Ohio Monday, followed his own suggestion that the Quemoy-Matsu argument be dropped now that Nixon is moved closer to administration policy after first saying the islands should be defended against any Communist attack as a matter of principle.

The administration view is that the United States should defend islands only if a Red invasion

is judged to be part of an attack on the Nationalist Chinese stronghold of Formosa 100 miles off the mainland.

The Democratic nominee kept up his demand that Nixon agree to a fifth television debate close to election day.

"I cannot see how he could argue with Mr. Khrushchev in a kitchen and not meet his Democratic opponent on television here," Kennedy told a rally at the Ohio Statehouse in Columbus. He said another TV encounter would be "helpful to the voters."

Nixon has said his campaign schedule is too crowded for another debate. A spokesman for the vice president proposed Monday that the fourth and final scheduled TV show Friday be extended to two hours with the last half devoted to answering questions telephoned by viewers.

Kennedy's press secretary, Pierre Salinger, replied that the telephone quiz suggestion "in no way meets our objectives" and is not satisfactory.

An assessment by the executive committee of the Democratic National Committee pointed up Kennedy's reasons for wanting another television confrontation.

Democratic National Chairman Henry M. Jackson said the committee, representing all sections of the country, reported unanimously that Kennedy had picked up substantial support, mainly because of the TV debates.

Jackson added, "We are ahead as of now."

Formal High Court Can Become Informal

By DICK WEST
United Press International
WASHINGTON (UPI) — If you think of the U.S. Supreme Court in terms of great constitutional issues, you might find some of its sessions a trifle disconcerting. I know I did.

I happened to have been in the vicinity when the court convened for its Monday meeting and, yielding to a wild impulse, I decided to look in on the proceedings.

It was my first visit to the marble-columned chamber and I was expecting to be anesthetized by abstract discourses on some opaque legal point. Instead, I found the justices engaged in a lively discussion about convertible tops.

As I entered, Justice Tom C. Clark was telling about the time when the top of his 1949 Oldsmobile sprang a leak. Since my impression of the court was formed about the time that Franklin Roosevelt was complaining about the "nine old men," this sort of shook me up.

It turned out that I had entered in the midst of arguments over a patent infringement case which was, to use a legalistic term, a real gasser. I doubt that Solomon himself could have coped with this one.

The case involved, among other things, the question of whether the replacement of the fabric in a convertible top ranks as a repair job or as a reconstruction. If we may have a little background music maestro, I will endeavor to explain how the issue arose.

It seems that back in 1950, someone invented a new type of convertible covering which made it unnecessary for the driver to get out of the car and button down the side flaps after putting up the top.

This was viewed as a major contribution to the betterment of mankind, particularly when it was raining, and so the inventor applied for a patent.

The trouble was that the only thing new in the design was the shape of the fabric. Elliott Pollock, one of the attorneys in the case, told the court that it is very difficult to describe the shape of something in a patent application.

"You mean the language is not adequate?" asked Justice Hugo L. Black.

Well, Pollock replied, the shape of a convertible top fabric is difficult to describe without mentioning the other parts of the top assembly. It's like trying to describe the shape of a glove without mentioning the hand, he said.

Therefore, he said, the patent application embraced the entire

top assembly rather than just the fabric alone. The other parts of the assembly, however, were standard equipment and could not be patented separately.

So now the supreme court must decide whether the shape of the fabric is protected by the patent if the fabric is sold to replace the original fabric in a convertible top.

This is something our founding fathers neglected to spell out when they drafted the constitution.

RAM WITHOUT HORNS
NEW YORK (UPI) — The supervisors at National Bureau of Standards were perplexed when one of its computers used to translate Russian into English kept recording the phrase "water goat" while translating a Russian engineering paper. After much checking, according to Newsweek magazine, it was discovered the "water goat" was the machine's translation of "hydraulic ram."

French Assembly In Long Session
PARIS (UPI) — The French National Assembly today opened a marathon 25-hour debate on President Charles de Gaulle's controversial plan for an independent nuclear striking force for France.

The government, facing its first major test of strength with a rebellious parliament, was asking permission to spend approximately \$2.4 billion during the next five years on equipping and modernizing France's armed forces.

About one-half of this was earmarked for a nuclear striking force equipped with French-built atomic bombers, rockets, nuclear bombs and warheads, rocket-firing warships and submarines.

The bill has been sharply assailed by the Communists, Socialists, parts of the Radicals and Independents and by the extreme right. The only solid support has come from the Gaullist Union for the New Republic (UNR), which controls about one-third of the assembly's 470 seats.

Democratic National Chairman Henry M. Jackson said the committee, representing all sections of the country, reported unanimously that Kennedy had picked up substantial support, mainly because of the TV debates.
