LOCAL PONTIAC AGENCY WINS SALES CONTEST—AND DINNER

By reason of having won a sales quota contest in the Pampa-Cochise-Cochran area, in competition with 16 dealers, the Pampa Motor company staff will be given a free banquet here Wednesday at the Schneider hotel.

The event will start at 7:30 o'clock, managed by the branch manager and assistant manager of Oklahoma City and district representatives of Amarillo. About twelve members of the local Pontiac agency, headed by Marvin Lewis, owner, will be honor guests.

The local agency recently occupied its fine new brick home at 211 North Ballard.

COURT RECORD

Court Opens Tomorrow

Few criminal cases await attention of the grand jury which will begin its deliberations tomorrow after receiving its charge from Judge W. R. Ewing. Drunken driving will be one of the leading complaints to investigate. Civil suits, however, are more numerous.

For the first time in years, liquor will not be a major problem. Gambling, however, is probably as timely a topic as the grand jury will face, in that a Texas Ranger was here recently to assist in a series of raids.

MOYNIHAN APPLIES STILLWATER, Okla., Jan. 4. (AP)—Oklahoma A. and M. college athletic officials, said today Tom Moynihan, former Notre Dame star, is one of the applicants for the position of head coach, vacated by Albert Exendine, one-time Carlisle Indian star. Officials, declining discussion, considered Moynihan "one of these applicants" and added the position had not been filled. The position occupied by Exendine recently was declared vacant.

Hand grenades derive their name from the French word for pomegranate.

Dallas Planning A Championship Team in 1936

DALLAS, Jan. 4. (AP)—Dallas Steer officials today announced the outright purchase of Les Mallon, second baseman, from the Boston Braves, indicating the deal was the first of a number designed to build a championship Texas league baseball club for 1936.

Mallon, a product of Dallas sandlots, started his professional career in 1929 with the Dallas club. He was sent to Akron where he developed rapidly, and was sold to Fort Worth at the end of the season. The Philadelphia Nationals bought him on the strength of his performance there.

In 1931 he batted .320 for the Phillies. His highest mark in the majors. He stuck with Philadelphia through the 1932 season. He was sold to the Cincinnati Reds at the end of the year.

In 1934 he was with Cincinnati, Buffalo, and the Boston Braves. Last year he played jam-up ball for the lowly Braves. Bating .285.

Other additions to the Dallas roster during the off season have included Toney Rensa, former Detroit and Phillie Catcher, Jack Sawyer, Snipe Hansen and Vic Fraser, pitchers, and Bill McGhee, first baseman.

Child Doctor Is Brutally Killed

CHICAGO, Jan. 4. (AP)—An intensive hunt for an unnamed chiropractor was pressed tonight by police seeking solution of the savage killing of Dr. Silber C. Peacock, 40, brilliant young child specialist.

First Assistant State's Attorney Wilbert Crowley said his investigators had a "good lead" on a man who threatened the pediatrician three months ago and that his apprehension was expected soon.

Summerdale district police said they had been told the chiropractor stormed into Peacock's office and accused him, to Peacock's amazement, of performing an illegal operation.

The desire of authorities to shield their moves to overtake the slayer resulted in only a perfunctory hearing before an inquest which was adjourned until Jan. 21 at the prompting of the prosecutor's office.

Summerdale police, however, received the formal report of coroner's physicians which emphasized the enraged brutality of the doctor's slayer. It asserted that the killer who lured Peacock from his home Thursday night on the pretext he was wanted to treat a sick child did not rest when he had shot him fatally through the forehead.

R. L. Nelson of the Upland Oil company received treatment in Pampa-Jarratt hospital yesterday for facial injuries received while at work on a well.

PAULS VALLEY DEFEATS BRECKENRIDGE 19 TO 14 IN FREE-SCORING MELEE

CHAMPIONS OF OKLAHOMA WIN COWTOWN TILT

TITLE OF 2 STATES IS CLAIMED BY SOONER GRID ELEVEN

FORT WORTH, Jan. 4 (AP)—The Pauls Valley Panthers, school boy champions of Oklahoma, defeated the Breckenridge Buckaroos of 'Ol Belt, 19-14, in a thrilling, free scoring melee at the T. C. U. stadium, this afternoon.

The bi-state battle, played for the interest of the Will Rogers memorial fund, was watched by some 7,000 spectators and they more than got their money's worth in sensational football.

The scrap was in doubt until the fourth quarter when the Pauls Valley team scored a touchdown and a field goal to lead 19-14.

Pauls Valley had scored 10 straight victories before Saturday's scrap and was favored to win.

It was an offensive battle from the start and both teams gained steadily all afternoon on running plays. The winners piled up 19 first downs to 11 for the Bucs.

Pauls Valley had scored 10 straight victories before Saturday's scrap and was favored to win.

Pauls Valley scored first when the game was 10 minutes old, by capitalizing on a fumble which gave them the ball on the Buc 25. They marched over and kicked the point to lead 7-0.

The Bucs, undaunted, came right back to march 85 yards, counting a punt return, to tie it up before the chapter was over.

Late in the second quarter, Pauls Valley again took the lead with a touchdown drive that carried 54 yards they missed the point and it was 13-7 at the rest period.

As the third period drew to a close, Breckenridge recovered a fumble on the Panther 16 and promptly marched across for a touchdown. The Oil Cityers kicked the point and led 14-13.

The winning score came midway in the final quarter when again a fumble gave the Sooner's the ball, this time on the Breckenridge 34. They pushed over and although the point was missed, they had enough to win over the hard-fighting Texans.

Rector, who played a fine game for Breckenridge, made both of the fumbles that cost touchdowns. The first came on his own 25 and Nathan (Big Stuffy) Stufflebume pounced on it for Oklahoma. Smashes through the line carried it to the Buc ninety-yard line. McCarty and Etheridge hammered to the four where Etheridge went over center for the score. R. Stufflebume kicked the point.

Starting lineup:

WATCH IS BENEFICIARY
MITCHELL, S. D., Jan. 4 (AP)—An old gold watch, cherished possession of the late Worthy L. Churchill of Bay City, Mich., was assured good care from now on, according to the terms of Churchill's will on file in county court here.

In naming beneficiaries to his will, Churchill set aside \$500 to be invested by Edward Saunders, Daventport, Ia., the interest to be used in keeping the watch in good condition.

Court officials said Churchill had mortgages on property in this county, making it necessary to file the will here for abstract purposes.

ALLRED TO NASHVILLE
AUSTIN, Jan. 4 (AP)—Governor James V. Allred today accepted an invitation of Young Democrats of Tennessee to be the principal speaker at a Jackson day dinner in Nashville Wednesday.

Nine states selected a combination of black, white, orange or yellow for their 1936 automobile license plates; eight, blue and white, and seven, black and white.

LAMESA CAGERS ALMOST BEAT COLLEGE TEAM; BASKET NEWS OF PANHANDLE IS COLLECTED

Lamesa Loses.
Lamesa's Golden Tornado cagers fought gamely to overcome a long lead, came within three points of the visitors in the last half, but lost a fast contest to the John Tarleton Plovers at Lamesa last night, 37 to 30.

It was Lamesa's second defeat of the season, against three victories. The other loss was to Denton high school, which beat Lamesa in the interscholastic league finals last season at Austin. Denton won, 21 to 15, on the Denton court. On the same road trip, Lamesa defeated Tuscola, 34 to 20, beat a C. C. C. camp team and won from Sweetwater, 41 to 21.

Former Lamesa high school stars were leaders for John Tarleton. Judd Smith, all-state forward from Lamesa in 1934, scored 12 points to lead the Plovers tonight. Jimmy Britt, also a 1934 all-stater from Lamesa, scored 10 points.

night with John Tarleton, and R. E. Echols, still another ex-Tornado, was a regular guard. Hall was the fifth member of the lineup.

Hilburn led Lamesa's attack and took scoring honors with 13 points. Hilburn and Boswell were guards, Bristow, center, and Walker and Gandy, forwards.

Dalhart Wolves Beaten.
Blake Bolton's Sanitone Cleaners upheld their record of no defeats and swept Jimmy Rudd's Dalhart high school Wolves off the floor with a score of 23 to 8 at the gym.

Patterson was high point cleaner, scoring with 9 points. Hutton second with 6.

Tell Downs Kirkland.
Breaking even in two games this week, Ed McMinn's Kirkland Eagle cagers left Friday morning for Williams high where they will enter the invitation tournament set for Friday and Saturday.

Tuesday night, the Eagles dropped a 34-19 decision to the Tell Tigers, who found the basket from all angles. Led by J. D. Wilkerson, who rung up 14 points, the Tigers completely smothered the Kirkland quint, which had trouble getting started.

Borger Beats Panthers.
Coach Pat Gerald of Panhandle has announced the following schedule for the season:

Jan. 17—Groom at Panhandle.
Jan. 21—Groom at Groom.
Feb. 4—White Deer at White Deer.
Feb. 7—White Deer at Panhandle.

of the Panhandle Panthers defeat both White Deer and Groom, they will enter the tournament at Pampa Feb. 14.

Scores in the games played thus far this season are:

Pampa 46; Panhandle 27.
Borger 3; Panhandle 26.
Borger 24; Panhandle 22.
Groom 24; Groom 22.

Groom's basketball schedule is as follows:

Jan. 10-11—Mobeetie tournament.
Jan. 14—Phillips at Groom.
Jan. 21—Panhandle at Groom, a conference game.
Jan. 24—White Deer at Groom, a conference game.
Jan. 27-28—Perryton at Perryton.
Jan. 31—White Deer at White Deer, a conference game.
Feb. 7-8—Perryton at Groom.
Feb. 14-15—District tournament at Pampa.

Feb. 21—Goodnight at Groom.
Feb. 22—Goodnight at Goodnight.
Borger vs. Perryton.

Boasting of a record of 27.6 points per game to date not including the one game played in the tournament at Perryton the Borger Bulldogs court quietly carried an enviable record into the tilt with the Perryton Rangers at Borger Friday night.

Compared with the average of the locals, opponents have averaged but 16 points per game against the bombers of the Borger school. Pampa edged the Bulldogs out by seven points in the journey, this game not going into the books as a regular season game.

A string of veteran cagers from Clovis, N. M., faced the Plainview quint Saturday night when the local crew opened their post holiday activity and started the schedule that will climax in the district meet.

The Bulldogs were due to hit their stride after a delayed start following the grid season and Coach Froggy Lovorn thinks they will be going at a fair pace tomorrow night. They have had but one scheduled game this season that with the Floydada five whom they defeated by a size margin without showing anything sensational.

The annual Mobeetie basketball tournament will be held on Friday and Saturday, January 10 and 11. Final announcements have been mailed to 45 teams. Those connected with the tourney are expecting at least 25 teams of girls and boys to participate in this annual cage event.

The Pampa Harvesters, winners of last year's tournament, and the Allison Lassies, winners of the girls' division, will be on hand to defend their laurels.

JOKER IS PLACED IN 18-YEAR BALLOT RECEIVED BY PAMPAN

The Texas Interscholastic League officials are "pulling" another fast one" in connection with the age limit squabble, local school officials revealed after receiving the referendum ballot. Instead of voting on whether the 18-year-old rule would be retained or changed to a 19-year-old rule, the committee put a joker into the ballot.

Four questions will have to be studied, with one being voted upon. It is felt here that the split vote may favor retention of the 18-year-old rule. The questions on the ballot bring up the age rule as well as the eight-semester participation rule which has not been under question.

PHILLIPS FIVE IS READY FOR TOUGH GAMES

ALLISON AND HENDRIX WILL BE IN FINALS

BREEZES THROUGH TO VICTORY OVER BUXBY

NEW ORLEANS, Jan. 4 (AP)—The second annual mid-winter tennis tournament will wind up tomorrow when Wilmer Allison, top ranking tennis player of the nation, meets Arthur Gurney, of Lakeland, Fla., in the finals of the men's singles event.

Allison breezed through to a victory in the semi-finals today against Martin Buxby of Miami, Fla., 6-3, 6-0. Hendrix scored a mild upset when he came from behind after losing the first set 6-8 to Robert Hall of East Orange, N. J., 6-3, 7-5.

In the Hall-Hendrix match a real battle developed. Hall started off using drop shots which baffled Hendrix, and he ran through the first set at love. But Hendrix began to get his eye on the ball in the second stanza and won 6-3. In the final set after forcing it to five-all, Hendrix broke through for the two winning games.

The finals of the doubles match, also scheduled for Sunday afternoon will find Ernie and Eddie Sutter paired against J. Gilbert Hall and Hal Surface of Kansas City. The Sutter boys are defending doubles champions of the Sugar bowl tennis meet.

They advanced to the finals today at the expense of Arthur Hendrix and Frank Guernsey of Lakeland, Fla., 6-0, 6-4.

Hall and Surface eliminated Wilmer Allison and W. T. Caswell, 6-3, 6-1.

MUSTANGS SEE GRAND CANYON IN STOPOVER

AMARILLO YOUTHS TO BE ON TEAM NEXT SEASON

BY FELIX R. MCKNIGHT, GRAND CANYON, ARIZ., Jan. 4 (AP)—The Galloping Mustangs of Southern Methodist, slowed down to a walk in the Rose Bowl New Year's day, took the sights of the Grand canyon today afoot, astride burros, and in buses.

A 6-hour stopover at the canyon resort enabled squad members to see the sights and start talking of next year's team. Ten of the 11 starters in the bowl game will be graduated in the spring, but Coach Matty Bell was less pessimistic.

"We'll have a good, tough ball club next year," said Bell, "but hardly as smart as this team."

A hardy bunch of freshmen who provided some of the stiffest opposition the varsity encountered this season, will be coming up. Fourteen of the squad of 35 who visited the Rose Bowl will be back.

Johnnie Sprague, defensive back, and Bob Finley, triple-threat, are two veterans returning to the backfield. Such freshmen stars as Johnnie Stidger, former Amarillo high school ball carrier; Harlow, another Amarillo product; Graham and Bailey, a couple of 190 pounders, will bolster the ball-carrying department.

The ends will be well taken care of by Billy Dewell, a Kansas freshman standing six feet four inches, weighing 200 pounds and one of the best pass receivers to appear at the school in years; Peter Acker, sophomore; Sam Carroll, junior, and Keith Ransport, sophomore.

Coach Bell likes his tackle prospects. Sanders, mammoth junior and steady performer in the Rose Bowl; Crittenden, a freshman standing six feet five inches and weighing 215; Phillips, senior, Shadmen and Jack Sanders, freshmen, stop his tackle worries.

The guards will be strong with Whitley Baccus who used to play here with the Estelline team. He later starred with the Southern Methodist university team.

NO FOOTBALL FAN
QUESNEL, B. C., Jan. 4 (AP)—The first thing Gene Giddings wanted to know today when he emerged from three months of trapping in the isolated Stony Lake area, was "Who won the world series?"

"Just the way I had it figured out," he declared when told.

Pampa Defeats Whittensburg 28-27--16th Straight Win

Jones Is High - Point Man With 12 Tallies

The Pampa Harvesters presenting a united and bristling front, staved off a desperate rally in the fourth quarter and defeated Dumb Newmar's crack basketball team 28 to 27 on the Whittensburg floor last night, winning their 16th straight game this season.

The score indicated that Pampa has a lot of improving to make in order to hurdle Borger which has defeated Whittensburg by a larger score. Groom also trounced Whittensburg.

The score at the half was 17 to 17, and center in the game was 17 to 8 with Pampa leading. In the latter part of the melee, the count was 28 to 23 for the Harvesters.

The Pampa cagers had another coach, their fifth in the last 10 days. Bill Anderson, high school teacher, had charge of the boys in the absence of Coach Odus Mitchell who returned last night from California where he attended the Rose Bowl game. The first "coaches" the Harvesters had in Mitchell's absence were Principal L. L. Sone and Ben Guill. Frank Monroe was acting coach for both of the Allison games.

Coach Mitchell will take over the team Monday.

Whittensburg gave the boys their closest game of the season. The points were made as follows: Roy Lee Jones, guard, 12; Ayer guard, 6; Junior Strickland, center, 2; Bob Bailey, forward, 2; Kelley Kitchens, forward, 2; Stokes Green, forward, 2; Harold Nicholson, forward, also played in the game. Trent led the scoring for Whittensburg with 11 points.

FIRST DOWN - AND THEN SOME

BY HARRY GRAYSON

Miami Biltmore tournament for three winners.

At first the diminutive Georgian destined to become a giant killer was felled about the middle of hostilities. The next season he went to the final to strike a tartar in George M. Lot Jr., the nonchalant Chicagoan who won the trophy two consecutive years and then skipped to the professional ranks.

Grant's task this year does not figure to be an easy chore. Wood, the Davis Cup veteran, smarts from last season's semi-final lashing. Rainville, whose racket-swinging won the Canadian championship along with many victories over foremost combatants, is determined to gain a leg on the Doherty challenge.

Guernsey is one of the southland's most promising comers. Now Florida senior and junior champion, Guernsey gave Wood a scare a year ago. The youngster extended the former Wimbledon champion to the hill before losing a match in which he three times had the 1935 national runner-up at match point. The score was 3-6, 8-6, 10-8.

Allison to Florida.

Wilmer Allison is considering challenging for the Doherty trophy as he veers eastward from Texas. The national champion stopped off for the Sugar Bowl tournament in New Orleans. Allison's appearance at Coral Gables, of course, would be quite a jolt to all concerned.

Jungles Searched For Lost Redfern
GEORGETOWN, British Guiana, Jan. 4 (AP)—A third expedition worked its way into the Guiana jungles today, joining the search for Paul Redfern, American aviator who was last seen in a 1927 flight from the United States to Rio de Janeiro.

Reports from Paramaribo, Dutch Guiana, said the fresh expedition, headed by H. Van Leyden, leader of the Netherlands section of a boundary commission, followed two others which entered the bush in December, seeking the missing aviator, and have not been reported recently.

Unconfirmed reports that a crippled white man was living with a little-known Indian tribe, hailed by the jungle natives as a "god," prompted the renewed search for Redfern.

EASTLAND, Jan. 4 (AP)—Officials of eight counties, meeting here today, telegraphed a plea for continuation of federal relief to President Roosevelt and Harry Hopkins, head of the works progress administration.

SEVEN-INCH SNOW BRINGS SMILES TO PLAINSMEN DURING WEEK

NEWS OF AREA IN LAST WEEK IS ASSEMBLED

HUTCHINSON COUNTY GIVES MAJORITY FOR LIQUOR

Parity Checks Arrive.
Crowds thronged the county agent's office here this week as 2,260 parity checks were distributed to farmers of Collingsworth county. The checks totaled \$93,939.66. In addition to the amount received it was estimated that approximately \$14,000 is still unpaid on parity contracts which have already been approved.

Hansford county was in the center from standpoint of volume, of a 2.5-inch snowfall. The snow in this county Wednesday, following on the heels of a 3.5 inch snow drizzle rain, which began before midnight on the last day of 1935.

Baptists to Meet.
Pastors and lay workers of the Baptist churches of the Northern Panhandle will gather in Perryton on Tuesday, January 7, for the quarterly Workers' Conference of the Canadian Baptist association.

Rev. J. M. Sibley, pastor of the First Baptist church of Perryton, is moderator of the association.

Among the churches that will be represented in this meeting are the Central Baptist, Pampa; Miami, Canadian, Follett, Booker, Higgins, Perryton, and Spearman.

If present plans are followed work on a \$17,500 swimming pool and park project will begin in Spearman the first of the year, according to announcement by D. W. Holland, city manager. Location of the new park and pool is to be four blocks east of the Spearman schools.

Ervin Pursley and Everett Hodges of Miami returned Sunday via the Fort Worth & Denver railway to Amarillo from Dallas, where they witnessed the state championship football game played Saturday afternoon between the Amarillo Golden Sandies, and the Greenville Lions.

Hutchinson Is Wet.
Hutchinson county went "wet" as the county-wide election Jan. 2 with an unusually one-sided vote the total ballots from the 11 precincts being 569 in approval of liquor sales under state regulation as compared with 77 ballots favoring total restraint from sale of liquor.

Cotton parity checks to the number of 552, aggregating \$23,842.20, were received Monday by County Agent Jake Tarter for distribution among Wheeler county farmers. Farmers who have checks in the shipment have been mail-

ed notices to call at the county agent's office and get them.

The Dalhart country now has a 75 per cent better vegetative cover than this time last year, said B. W. McGinnis last week, but in another 50 days the ground may be as bare as it was March 1, 1935.

It will be, Mr. McGinnis continued, unless farmers and ranchers check the present tendency to over-graze wheat and stalk fields. Mr. McGinnis is manager of the Dalhart Soil Conservation Service project in the Condon community.

Still Explodes.
The still at the Apache Refinery at Sunray exploded at 11:50 o'clock this morning and the still plant burned, at an estimated loss of \$15,000 to \$20,000.

H. H. Saunders, superintendent of the McKee Refinery, said cause of the explosion was not known. Frank Collins, stillman, formerly of Channing, suffered severe facial burns. He was rushed to Dumas for treatment by Dr. T. G. Brown, and was back at Sunray by 2 o'clock.

Cattle rustling by means of big, fast trucks, has resulted in organization of the Ute Creek Anti-Gowd of Harlingen, Union county, New Mexico. Victor L. Stewart, rancher of Gallegos, N. M., and Dalhart, Tex., is temporary chairman.

Miss Iris Lewis of Canadian left Saturday for Pampa to visit relatives. From there she flew to Lubbock with her brother, Wesley Lewis. Miss Lewis is attending Texas Tech.

Students Are Guests.
Twenty-two young persons, now students in colleges and universities in various parts of the Southwest, were honor guests of the Rotary Club Tuesday noon, at the W. C. T. U. Building. It proved to be one of the most enjoyable occasions of the year, Canadian Rotarians declared.

Student guests were: Jackie Griggs, Jamie Spiller, Shirley Young, Agnes Alford, Georgene Henson, Bob Jackson, Dale Nix, Fred Balderston, Erwin Crowell, Margaret Earl Fisher, Dorothy Fisher, Margaret Curtiss, Charlotte Alice Tubb, Glyndon Riley, Hazel Yokley, Fermanetta Sawyer, Ruth Snyder, Opal Trayler, Helen Helton, Virginia Wilbur, Dorothy Johnson and Lavarre Sprague.

Tax Rate Low.
Carson county had the fourth lowest county tax rate in 1934 in the 31st senatorial district according to a recent issue of the Texas Tax Journal, published at Austin.

County rate in 1934 in Carson was 66 cents with an average of 91 cents for the state. Average of the 26 counties in this senatorial district is 80 cents, showing that it costs less money to own property in the Panhandle generally.

Panhandle counties with lower tax rates than Carson were: Roberts, 25 cents; Lipscomb, 47 cents; Potter, 61 cents. Val Verde county with a rate of 20 cents was the lowest in the state.

Cotton ginned in Donley county prior to January 1 amounted to 8,685 bales, according to statistics gathered from the 11 gins in the county. This represents a gain of 1,563 bales over the same period for 1934, when 7,122 bales were ginned.

Neighboring counties show enormous gains over last year. Prior to Dec. 13, Childress county had ginned 16,985 bales this year, as compared with 3,401 in 1934. Collingsworth had ginned 14,557 bales this year compared with 8,443 last year, and Hall county had harvested 18,375 bales this season as against 6,260 for 1934.

Court To Open.
The semi-annual term of district court at Panhandle will begin Monday, January 6, with District Judge E. J. Picketts of Canadian presiding.

NEVER MIND THE LADY

by David Garth

Chapter Nine
HOT SPOT

Once, long ago, Allaire had known Steve Perry, one of the greatest "Number Twos" in the polo world, whose father's factories made millions while he made goals at Ranelagh, Hurlingham, Meadowbrook, Cannes.

She was supposed to be engaged to him—or was she? She remembered denying something or other—somewhere or other.

And George Fox, the attache, and Ray West, unconcernedly shaking hands with LaMarr right before his wife's eyes.

Other faces jammed through her mind and were gone in the shadows of leaping flares, the dark-skinned faces of men who spoke in queerly soft tones, and looked at her while they worked—all a part of the sudden blind swing she had taken from a gleaming road.

They were bringing out the Navy's coffee, commonly freight now. Where it was, Terry wondered. The tall young man surveyed it thoughtfully.

"Perhaps," came Hildez faintly ironic tones, "you would prefer to give the order yourself for their lifting, Senor."

"Terry released her arm then to run a tentative hand over one of the large crates.

"It may be so, but I don't trust you any further than I can see you, Hildez."

He pushed at the crate, tilted it a little. Hildez watched him as a patient husband watches a flighty wife buying a new hat.

"Huh," muttered Willett. He seized an iron pick from a silently impassive stevedore and pried up a board.

"One moment," Hildez grabbing his arm, the noise of the crane suddenly ceasing, "you have already delayed me too long, Senor."

"Get away," Terry told him. "It's my freight and I've waited so long for it I could damn near swallow it. I'm taking a look—"

The other stepped back smiling. "Terry didn't care. This stuff was too

had given her the thing that made all men equal on the docks at Rosina B.

The smell of the swamp was hot and permeating—like a reptile basked in the sun with the mud and slime of the river bottom encrusting its scales, a dull excrement scent that stayed with the senses as a shocking scene stays with the mind.

A tall man stood in the doorway of a makeshift little hut, his throat open to the Median carresses of the spot, his lips cracked and dry. There was a heavy revolver hanging on his belt, and one hand rested on its butt as with the other he slowly, mechanically rubbed the throbbing brow beneath his helmet.

From time to time he blinked away the sweat that stung his eyes, eyes that in the handsome bearded face were suspiciously glaring and bloodshot. He seemed to be listening, waiting, while he watched the last rays of the sun stab a tropical sky with slashes of scarlet and gold, a benediction of beauty after the vicious heat of an interminable day.

Slanting rays fell across a dredging machine that extended from a reinforced bank out into the river on pontoons. It looked like a for-

perished after its conception while the muddy water mocked its futility. And the tall man surveyed it, smiling wryly.

"Sunset and evening star," he murmured. "Terry—"

Neither sunset nor evening star, but in the lights of burning flares Terence Willett leaned against a packing case on a tensely waiting dock and felt his impatience beginning to snap into fury.

Hildez was quite comfortable. He hadn't failed to notice how ineffectually the American had dropped his hand from the inside of his coat. He stuck a cigaret between his lips and held it in the very middle of his mouth. He looked like a fat Buddha with a lollipop stick.

"So, Senor?" he breathed. "What?" inquired Allaire, "goes forward? Or am I too young to hear disgraceful language?"

She was quite calm and unconcerned. Willett looked at her briefly.

"The minute things start popping," he said in a low tone, "run, kid, and—don't forget your hand-bag."

It was only then that she remembered the fat, deadly weapon she carried. The same queer little chill she had received when he'd first given it to her swept swiftly over her now. The qualities of debonaire humor and cheerful recklessness in him that had attracted her were falling away before the same grim hardness of the weapon in her innocuous vanity-bag.

Willett never tried to reason out the Fates. In a crisis he acted in the same way he lived—blinding speed backed by whipcord muscles and a semaphoric brain. He didn't

grabbed him by the lapel. "Listen, you lousy Spig," he said grimly, "you can run guns into Fronpionaire harbor till kingdom come for all I care, but you're not knifing my job any more."

"I'm leaving here now and coming back tomorrow, if my freight is aboard your hide's safe; if it isn't I'll see that this ship is interned plenty fast. Now, have you got that, you tenth son of a bald-headed polecat?"

Hildez' face was purple. The cigaret hung from his lowered lip and the pouch under his chin shook like jelly.

Hildez spat out a gasping curse of the waterfront, the dives, the dark places of alley cats and slatterns hurled with all the venom of which a rudely shaken waterfront dignitary was capable.

And then the girl saw somebody get "socked"—a most terrific piston-like drive from a man with deadly hands and suddenly merciless mouth. The sharp flesh crack weakened her knees and brought the sound of distant drums to her ears.

Willett looked down at the pole-axed Hildez without a trace of emotion on his face. The shipping boss rose on an elbow, then to a knee. His hand went slowly back to his head as if to clear his brow.

"Say that again," Terry invited, "and I'll break your neck. You're not talking to one of your thick-headed stevedores."

He turned quickly to the girl and found her staring past him with slowly widening eyes. Her evening bag fell opened at her feet and

something suddenly roared from her hand, a detonation that rang out over the flare-lit quiet Rosina B.

He jerked around. Hildez was still on one knee, but he was swaying back and forth as though he were rocking a child to sleep. Then he rolled over like a slow-motion picture of a harpooned whale and something that gleamed metallically fell out of his right sleeve.

"God!" Willett muttered. "Close!" The girl made no effort to move; the breath that caught in her throat was faintly audible. Willett took the weapon from her limp hand and confronted the paralyzed lading gang a moment.

LOCAL MANAGER WANTED
Field Superintendent will be in Pampa for a few days to select through personal interviews, a local manager for Pampa and vicinity. We want a man of integrity and average ability to look after business here. \$1500.00 cash investment required in certain cases (low). Investment fully refunded. We are a national organization rated at a half million dollars. References required. Write, giving name, address, phone number, X-124, Pampa News.

SCIENTIFIC LIGHTING

The points to consider when figuring your lighting are:

1. Decide the footcandle of illumination required for your needs.
2. Decide the room factor. (Size of building, coloring of decorations.)
3. Select the type of lighting units best adapted to the location and activity of your business.
4. Determine the size of lamp to provide the necessary footcandles with the luminaire selected and the correct mounting heights and outlet spacing.
5. Check capacity of wiring.

These five points prove to be rather complicated and require the services of a lighting engineer. Our lighting department is maintained for this service and for council on your lighting problems.

Southwestern PUBLIC SERVICE Company

ANNOUNCES \$25-A-MONTH TIME PAYMENTS AND A NEW UCC 6% FINANCE PLAN

AND A

NEW UCC 6% FINANCE PLAN

Any New Ford V-8 Car

Can Now Be Purchased for \$25 a Month with Usual Low Down-Payment

This \$25-a-month time-payment plan enables you to buy a New Ford V-8 car through your Ford dealer on new low monthly terms.

After the usual low down-payment is made, \$25 a month is all you have to pay for any type of new car, including insurance and financing.

Your cost for this extension of credit is only one-half of 1 per cent a month on your original unpaid balance and insurance. This plan reduces financing charges for twelve months to 6 per cent. For example, if you owe a balance of \$400 for your car and insurance, you pay \$24 for the year of credit; if the balance is \$200 you pay \$12. Your credit cost for one year is the original unpaid balance multiplied by 6 per cent.

UCC plans provide you with insurance protection at regular conference rates. You have not only fire and theft insurance, but \$50 deductible collision, and protection against other accidental physical damage to your car.

The Universal Credit Company has made these plans available through all Ford dealers in the United States.

WANTED—Small used adding machine. Must be cheap. Phone 128-W. 1p-233

If Mrs. W. N. Donovan will call at the office of the Pampa Daily News before 5 o'clock tomorrow she will receive a free ticket to see Clark Gable in "Mutiny on the Bounty" showing at the La Nora Monday and Tuesday.

BEAUTIFUL HOME FOR SCOUT TROOP OCCUPIED
Troop 20, Rotary sponsored scout troop, is looking forward to an important year in 1936, with a new home in which to work and meet. The Scout home, just recently completed, is located on east Scott avenue and was built by money earned by the Scouts, with some financial assistance from the Rotary club.
The building, 16 by 32 feet, is located on three lots which gives ample space for a plan of beautification which the troop will carry out. Benches have already been made and chairs are being purchased which will be installed in the near future.
The opening of the new Scout home marks the end of three and a half years of uncertainty for members of the troop. Since the organization in 1932 the troop meetings have been held in many different places with no certainty as to how long the place would be available for meetings. It has been a "troop without a home."
Under the leadership of Lee Bowden, scoutmaster for the last three years, and Ely Fonville, assistant the troop has shown marked improvement and has received much praise for its progress. It is now ranked as one of the leading troops of the Adobe Walls council.
The troops committee is composed of members of the Rotary club, Frank Foster is chairman and Frank Keim, Marshall Oden, Philip Pond, and Dan Gribben are other members.
Below is the report of Donald Thurman, scribe of Troop 20, of the regular meeting held last week in the new home:
Troop Plans Made
Members of Troop 20 held their first meeting of the new year in their new Scout home on Scott street. Plans for the next three months were discussed and programs outlined by Lee Bowden, scoutmaster and Ely Fonville, assistant scoutmaster.
All boys pledged full support and better work in the future, hence Troop 20 is looking forward to having the best year since it was organized in 1932. The troop now has 21 members and will receive twelve new boys as soon as they can be found. Any boy 12 years old or older living south of the railroad track is eligible. The troop meets every Thursday night at 7 o'clock. Any boy interested is invited to attend.
Mr. Bowden gave a survey of last year's activities and what is expected in 1936. He also gave building rules and assigned three boys as sergeants-at-arms for January to see that the rules were followed. However, the boys are proud of their new home and no trouble is expected.
The troop is divided into three patrols, which meet separately each week and work on test or projects to be discussed at later meetings. The boys will start soon on material for an exhibit during Scout week which is from February 8-15. They have been complimented on exhibits displayed in the past.
It won second place last year, but hopes to be first this time. Every boy will help prepare the exhibit. The troop is amassing a library. Books and magazines will be appreciated as gifts or loans. No volumes will be removed from the building. Boys of 10 years of age or older, living south of the tracks, will be invited to read in the library from 5 to 9 p. m. every Tuesday evening.
Interesting talks were given Thursday night by Executive C. A. Clark and Lloyd O'Neal, deputy regional executive of Dallas. Mrs. Clark also was present.—Donald Thurman, scribe.

SANDERFORD TO BE CANDIDATE FOR GOVERNOR

State Senator Will Oppose Governor Alred

AUSTIN, Jan. 4. (AP)—State Senator Roy Sanderford, business man of Belton, today announced his candidacy for governor on a platform favoring a substantial reduction in governmental expense and a retail sales tax.

Regarded as the senate spokesman of former Governor James E. Ferguson, Sanderford, 41, will endeavor to defeat Governor James V. Alred, serving his first term, for re-election. Although he has not announced formally, Alred has indicated he would seek the traditional second term.

Sanderford was campaign manager for C. C. McDonald of Wichita Falls, Ferguson-supported candidate for governor defeated two years ago. His first term in the senate expires at the end of this year.

SCOUT NEWS

aspect the constitutional rights of the people to have a governor who will stay on the job, cooperate with the legislature and will neither squander the people's time nor abuse the opportunity for service by continually engaging in social, political and pleasurable affairs," he said. "I will not use the powers of the office to place my relatives on government payrolls."

"Second, a three per cent retail sales tax for the purpose of paying the old age pension and to take the place of the present real estate tax—general revenue, schools and confederate pensions.

"Third, I am opposed to any state income tax, as the federal government has already presented the income tax field. It would be a wise state policy to prohibit enactment of such a tax by constitutional amendment. This would invite new capital to our state, result in the development of industry and the employment of more than 100,000 men and women."

"Fourth, I favor a graduated land tax for county purposes beginning with small valuations. This will increase opportunities for home ownership and tend to discourage the holding of large tracts of land for speculative purposes.

"Fifth, I favor a reasonable chain store tax provided it treats everybody alike and does not exempt any special class of business.

"Sixth, To promote employment, I favor a constitutional amendment exempting from taxation all textile, leather, paper and woolen mills, and other similar factories for a period of 20 years that have 50 or more employees.

"Seventh, I favor the right to suffrage being extended to any citizen on the payment of a small registration fee in lieu of our present poll tax.

"Eighth, I subscribe wholly to the principles of local self-government with the enforcement of all laws administered honestly by the authorities and with the backing and cooperation of the state government.

"Ninth, I believe that labor has the inherent right to organize and bargain collectively through representatives of its own choosing.

"Tenth, Since the people of Texas have voted repeal, I favor the passage of such laws as will insure strict regulation of the liquor traffic and reduce the evils of this trade to a minimum."

Sanderford, a Baptist, was born in Bell county and educated in the common schools and Baylor university. He taught school one year and served in the air corps for 21 months in world war days. Since 1923 he has been in the automobile and associated lines of business.

A. E. Harding, of Fort Worth, former member of the legislature, previously had announced for governor.

SEAL HUNTERS DIE

COPENHAGEN, Jan. 4. (AP)—Twenty-six seal hunters have died in an epidemic of influenza on Angmagssalik Island, a trading post on the east coast of Greenland, reports received here from Greenland said today.

UTILITY METERS HERE SHOW AN INCREASE OVER LAST YEAR

Pampa continued its phenomenal growth during 1935, according to utilities of light, gas, and telephone companies and the city water department. Large increases in installation of meters and telephones were recorded in all lines of business.

Most of the companies reported new highs in installations. Previously 1930 had been the banner year. Figures released do not mean that there are not more houses and places of business served by the various companies. In the case of meters, many apartments, duplexes and office buildings have only one meter.

The increase in electric meters was 305, which brought the number of meters in Pampa to a new high. Previously the 1930 report was high. Decreases were recorded in 1931 and 1932 but the following year the turn was recorded.

According to Jim Collins, local manager of the Southwestern Public Service company, there were 2,842 electric meters in Pampa on January 1 of this year. On the same date last year, there were 2,537 meters.

The Central States Power & Light corporation, which announces figures on the gas, reported a gain of 233 meters for the year. Jake Garman, manager, reported 2,656 meters on January 1 this year, with the number on the same date last year was also in 1930. According to Mr.

Garman, there are nearly 100 more gas meters in Pampa now than at any previous time.

There are five fewer telephones in Pampa now than the peak year of 1930. E. Hooks, manager of the Southwestern Bell Telephone company, reported. On January 1 of this year, there were 1,903 telephones, which was 235 more than on the same date last year when the number was 1,668.

The number of water meters in the city also reached a new high as of January 1, with a total of 2,142 compared with 1,977 on the same date last year, giving a gain of 165 for the year.

Baldwin Daughter Dies of Pneumonia

Sandra Sue Baldwin, 4 months, died early yesterday morning in a local hospital. She had been ill only a few days with pneumonia causing death. She was the daughter of Mr. and Mrs. A. C. Baldwin who survive.

Funeral services will be conducted at 2 p. m. at the First Baptist church with the Rev. C. E. Lancaster, pastor, officiating. Burial will follow in Fairview cemetery.

Mr. and Mrs. M. E. Love are the parents of a son, born yesterday at Worley hospital.

MARKET BRIEFS

NEW YORK, Jan. 4. (AP)—Rails hit the express track to new highs for the past year or longer in the stock market today while most of the balance of the list failed conspicuously to make the grade.

The president's message to congress last night, widely discussed today in Wall street board rooms, was in most cases seen as a questionable market factor.

Many of the industrial shares, especially motors, steels, aircrafts and a number of "blue chip" issues were offered with considerable freedom at price concessions of fractions to a point or more below the previous close.

Turnover in the stock market, unusually brisk for the short session, totalled 1,595,400 shares. The session failed by as much as 3 minutes for a time to keep pace with trading on the floor.

KANSAS CITY LIVESTOCK
KANSAS CITY, Jan. 4. (AP)—(USDA)—Cattle receipts for the week at midwestern markets numbered 152,300 compared with 130,847 last week. Prime steers in Chicago reached 14.50 and prime 1303 lb weights in Omaha realized 14.00. Best yearlings made 13.65. Bulk of short fed steers and yearlings at most centers sold from 7.25-11.00. Fed heifers brought 6.75-9.00 and butcher cows sold from 4.75-6.00, a few good heavy beef cows upward to 7.00.

Fat lambs declined 25-75. St. Louis realized an early top at 11.75 for fed lambs but the practical limit late was 9.25 and bulk around the circuit made 10.75-11.00. Yearlings topped at 10.00 and clipped lambs reached 9.60. Choice western ewes made 5.50 and best feeding lambs realized 10.60.

Values in hogs declined the first two days of the week but since then prices reacted, closing levels are unevenly 5-30 higher. St. Louis reported a late top of 9.80.

NEW ORLEANS COTTON
NEW ORLEANS, Jan. 4. (AP)—Related long liquidation based on an expected supreme court decision on the processing tax or Bankhead

act brought minor recessions on the cotton market today.

The declines were held to small proportions, ranging from 4 to 6 points, but the undertone was barely steady. For a time switching operations in Mar. held this position a few points higher, but in late dealings it sold off in sympathy with other months to close at 11.25, Jan. finished at 11.59, May at 11.05, July at 10.84 and Oct. at 10.53. In the spot market middling lost 6 points to 11.79 in quiet dealings.

President Roosevelt's message to congress failed to influence prices in either direction. While some traders expressed disappointment that no mention was made of the soldier's bonus or other weighty legislation, the chief executive's remarks were generally well received by the trade.

Houston Outdoes Reno as Divorce Capitol of U. S.

HOUSTON, Jan. 4. (AP)—Reno's position as the divorce capitol of the United States was usurped during 1935 by Harris county, records compiled by District Clerk J. W. Mills disclosed today.

In the year just closed 410 more divorce suits were filed in Harris county than were filed in the Nevada city, the total being 3,507 as compared with Reno's 3,088.

Harris county's record this year was two in excess of 1934.

Miss Muriel Kitchens returned Friday to Mary Hardin-Baylor college at Belton, where she is a student, after spending the holidays here.

CHURCHES

FRANCIS AVENUE CHURCH OF CHRIST

E. Francis at N. Warren.
E. G. McFadden, minister of this church, makes the following New Year's announcement: "The old year that brought boundless joy to some and inexpressible sorrow to others, has passed into eternity never to return. The Lord has been very kind and good to each of us. The countless blessings that He has so graciously bestowed upon us have not been merited. They have been ours to enjoy as a gift of His love. Today is the first Sunday of the New Year. What are we to do with the future that is now lifting its enchanted curtain for our entry? Shall we recede in the time or do we think it wise to spend the remnant of our days in idleness and nothingness? Why not enter the New Year with a firm resolution to become a regular church attendant? We most cordially invite you to worship with us today. Come and enjoy the warm and whole-hearted hospitality and the spiritual atmosphere that pervades our services—Sermon subject 11 a. m., 'Turning the Other Cheek.' 7:30 p. m., 'God's Law of Pardon.'"

FIRST METHODIST CHURCH
W. M. House, minister.
10:50 a. m., Self-Examination. This service will consist of a short communion message, then the sacrament of the Lord's supper will be observed.
7:30 p. m., Stairsteps Up to Heaven.

FOUR PER CENT DIVIDEND IS DECLARED BY LOCAL CONCERN

With the close of 1935, the First Federal Savings and Loan association of Pampa declared a dividend of 4 per cent annum for the last six months. The association was chartered in July last year and has shown an increase of 40 per cent in resources since that time.

The association has made loans on more than a hundred homes amounting to \$152,000, since it began its operation six months ago under the new charter, it was announced by R. Earl O'Keefe, president.

The present association succeeded the Western Building & Loan association, which had been in operation in Pampa for the last seven years. During that time it had loaned over a million dollars for homes in this immediate territory and had earned for stockholders, most of whom live in Pampa, more than \$51,000.

Under the present set-up of the government-supervised First Federal Savings and Loan Association of Pampa, it is possible to secure capital for loans amounting to five times the amount of local capital invested. Part of these funds are available through the Secretary of the Treasury and the Home Owner's Loan corporation, which agencies have already purchased \$110,000 of the local association's shares.

The local association is both a savings and a lending agency, guaranteeing investments up to \$5,000.

Music Silences Screaming Macaws

SAN ANTONIO, Jan. 4. (AP)—Music is said to make cows more contented and increase the efficiency of human workmen, it is now available in the city's zoo commissary but it was not put there for the entertainment of commissary workers.

Because of winter weather the colorful group of Macaws, the zoo's largest parrots, are kept in the commissary. These birds are noted for their riotous colors and equally as well for harsh, strident voices. The voices were too much for the commissary workers. The screaming macaws almost drove them to distraction.

A radio was placed in the commissary. The Macaws ever since have sat silently on their perches, entranced with the strains of broadcast music.

INFANT SUCCEDES

The infant daughter of Mr. and Mrs. J. P. Osborne of near Miami, born Saturday morning, died early yesterday evening. The body is at Pampa Mortuary. Burial will probably be Monday.

JUST A GIFT

PAINESVILLE O., Jan. 4. (AP)—The Cole Nursery company would like to know what this is all about. Today an envelope in the mail brought \$50 in cash, \$14 in stamps and no explanation.

Mrs. Claude Hippis is ill at Worley hospital.

MARKET BRIEFS

KANSAS CITY LIVESTOCK
KANSAS CITY, Jan. 4. (AP)—(USDA)—Cattle receipts for the week at midwestern markets numbered 152,300 compared with 130,847 last week. Prime steers in Chicago reached 14.50 and prime 1303 lb weights in Omaha realized 14.00. Best yearlings made 13.65. Bulk of short fed steers and yearlings at most centers sold from 7.25-11.00. Fed heifers brought 6.75-9.00 and butcher cows sold from 4.75-6.00, a few good heavy beef cows upward to 7.00.

Fat lambs declined 25-75. St. Louis realized an early top at 11.75 for fed lambs but the practical limit late was 9.25 and bulk around the circuit made 10.75-11.00. Yearlings topped at 10.00 and clipped lambs reached 9.60. Choice western ewes made 5.50 and best feeding lambs realized 10.60.

MARRIAGES OF TWO PROMINENT YOUNG MEN ARE ANNOUNCED

Club Women Leave Holiday Behind And Turn To Business

ELECTIONS TO BE HELD FOR NEXT SEASON

MONTH IS DUE TO BE BUSY ONE IN SOCIETY

Next from a month of pre-holiday activity in the quiet closing days of the year, women of Pampa now look forward to a month equally busy, but with a return to regular club work.

Election of officers is the important event of January for most organizations. All federated clubs have elections scheduled during the month, starting with the Civic Culture club which is to meet Tuesday afternoon.

Philharmonic Chorus has announced an important business meeting for tomorrow evening. Treble Clef club is to elect next season's officers Wednesday afternoon. The executive board of the Business and Professional Women's club will have its first 1936 session Tuesday evening, although its officers serve until next summer.

Girls of the Order of Rainbow have announced an election of officers for their meeting Tuesday evening, when all members of their advisory board are asked to be present also.

Church societies will resume meetings interrupted by the holidays. New officers will be in charge at First Methodist church, where the executive board will meet Monday afternoon to make circle divisions for the year and outline program plans.

Parent-Teacher associations, following the city council meeting Thursday when definite plans were started for entertainment of the eighth district P-TA conference here in March, will give attention to unit plans for that event. Two associations are to meet this week, Sam Houston unit on Thursday afternoon and Horace Mann unit that evening.

Home Demonstration clubs are beginning new programs with new officers in charge, to round out the club picture at the start of a promising year.

Pastor Returns For McCullough-Harrah Services

Back from a two-week trip to Florida, the Rev. Lance Webb will conduct services at McCullough and Harrah Methodist churches today. He will preach in the former church at 10 a. m. and the latter at 11 a. m. on the subject, Let's Start Over.

He is also to speak at Harrah Chapel at 7:30 p. m. while Lewis Hunter is preaching at McCullough church.

A new course of study which the pastor terms a School of Christian Religion is to begin at mid-week services this week. The first series of programs will be on the subject The Christian Religion in China. This service is conducted at McCullough church Wednesday evening, and at Harrah Chapel Thursday.

Mr. and Mrs. Webb spent several days in Florida, visiting his sister who does mission work among Latin-Americans. They had planned to attend the international conference of Methodist young people at Memphis, Tenn., last week, but record cold weather and snowfall in the southeastern states prevented their reaching that city.

Council Group Has Meeting at Church For Mission Study

Group three of First Christian Women's council met at the church basement Wednesday. Mrs. W. G. Kinzer presided in the absence of the group leader, and gave the opening prayer.

After the short business session, Mrs. DeLea Vicars presented the devotional talk on Hazel Green Academy, and Mrs. Tom Eckerd led the lesson on the subject, Victory Over Self.

Mrs. John Mullen and Mrs. T. O. Whitten were visitors with Meses. Vicars, C. L. Thomas, Kinzer, and Eckerd, members present.

'BEST DRESSED WOMAN' WEARS A HAIKNET

PARIS (AP)—Mrs. Reginald Fellows, hailed as one of the smartest dressed women in the world, is among chic continentalers wearing haiknets this winter. At a recent afternoon party she wore one of sapphire blue velvet cord, cupped over the back of her head under a small black hat trimmed with black and blue aiglettes.

Duchess' Gown

The Duchess de Chaulnes models one of the evening gowns especially designed for her visit to the United States by Moynaux. It is a new version of the puffed mode in flesh pink crepe draped on classic lines.

SKELLY CLUB HAS NEW YEAR AS ITS TOPIC

Bridge Party Is an Event of Past Week There

SKELLYTOWN, Jan. 4.—Mrs. Walter Smith entertained the Three Ace bridge club with one of the attractive parties of the week Thursday afternoon at her home eight miles north of Skellytown.

After the four games of bridge, Mrs. H. E. Patton received the high score award, Mrs. Wayman Ellis low and Mrs. C. J. Richter the floating prize. Sandwiches, salad, and cocoa were served.

Club guests were Mrs. Fred Price and Mrs. E. A. Simmons. Members present were Meses. L. M. Bryant, Joe Harris, Ed Hughes, Joe Carroll, C. C. Johnson, H. E. Jones, Richter, Ellis, Patton, and the hostess.

Patton Roosevelt Club

The Eleanor Roosevelt Study club met Thursday afternoon with Mrs. H. Campbell as hostess. Mrs. New was leader of the program on The Calendar. Roll call was answered by naming important dates.

Topics were: The Origin and Evolution of the Calendar, by Mrs. Haslam; Historical Development of the Clock, Mrs. Hutto; Famous Clocks, Mrs. Lee; Principle of Modern Time Keeping, Mrs. Robinson. Present were those on program and Mrs. A. B. Black, H. Sherrieb, Earl New, George Stanley, J. Tomlin, H. Johnson, George Neath, and L. Clegg.

Missionary Society

The Women's Missionary society met Wednesday afternoon at the home of Mrs. Herbert Campbell for Bible study. Mrs. Allen Black presided in the absence of Mrs. Richter, for the business meeting.

Mrs. George Allen, the regular Bible teacher, was in charge of the lesson from Exodus. At the close of the meeting, cocoa and coffee were served to Meses. W. S. Marlow, A. C. Carroll, Ed Lewis, Gilliam, E. M. Stafford, Allen, Black, and Campbell.

Personals

Mrs. H. E. Jones returned home Wednesday evening after spending the holidays in Fairfax, Okla., with relatives.

Mrs. Carl Williams and children are visiting her parents in Girard this week.

Mrs. E. W. Meadows is recovering from a recent illness.

Miss Annie Yarnell returned to her home in Tulsa, Okla., after

COUNTY P-TA WILL MEET AT LEFORS SOON

FIRST SESSION FOR 1936 SCHEDULED SATURDAY

Entertainment by pupils of LeFors school and hospitality by LeFors Parent-Teacher association has been planned for the first 1936 meeting of the County Parent-Teacher council at LeFors high school next Saturday.

Representatives from all Pampa associations are expected to attend, as well as delegates from other associations in the county. Miss Elizabeth Kennedy of McLean, county chairman, will be in charge of the business session and of an executive board meeting beginning at 11:30.

Women of the LeFors unit are to serve lunch to the visitors at 12:30, and the program will follow. Supt. E. L. Mize of LeFors is in charge of entertainment, and a report on the recent state convention at El Paso will be given by Mrs. C. T. Huntpillar of Pampa.

TUESDAY CLUB ENTERTAINS AT DINNER-BRIDGE

Members' Husbands Are Guests on Friday

With their husbands as guests, members of Tuesday Afternoon bridge club entertained at a dinner in Schneider hotel dining room Friday evening. A turkey dinner was served before games of bridge.

Guests welcomed to the broadcast of President Roosevelt's message to congress, then enjoyed the games in which high score awards went to Mrs. H. P. Elliott and H. E. Carlson.

Present were Meses, and Meses. Carl Boston, F. M. Culbertson, Carlson, Elliott, T. Roberts, Felix Stalls, Bob McCoy, H. T. Hampton Sherman White, and Jim White.

New Year Party Entertains Eight Hearts Members

A cheerful red and white color scheme marked the New Year party given for Eight Hearts bridge club Thursday afternoon in the home of Mrs. Frank Roach. Only members played at the two tables.

Mrs. Dallas Culwell made high score, Mrs. Raburn Burke second high, and Miss Verna Fox low. They each received lovely awards, and traveling packages went to Mrs. Fred Boseman and Mrs. O. M. Prigmore.

A delicious salad course was served after the contract games.

FIRST PRESBYTERIAN Frost at Browning L. Burney Shell, pastor

Sunday school, 10 a. m. Morning worship, 11 o'clock. Vesper, 5 p. m.

Both the Junior Christian Endeavor and Pioneers club will meet at 5 p. m. The Junior choir at 5:50. The pastor will speak at the morning service and vesper hour.

The public is cordially invited to worship with us.

HOLIDAYS BRING WEDDINGS

PANHANDLE TEACHER WEDS IN HOME AT CLAUDE

PANHANDLE, Jan. 4.—Miss Lucille Hunt, daughter of Mr. and Mrs. J. K. Hunt of Claude and home economics teacher in Panhandle high school, and Truett Smith of Tahoka were married last Friday at high noon in the home of the bride's parents. Numerous guests from West Texas, New Mexico, and Arizona were among the friends attending the wedding and reception. The couple will be at home in Tahoka, where Mr. Smith is district attorney.

LeFORS, Jan. 4.—Miss Flossie Dancy of Carthage, Mo., and Paul Arb of LeFors were married in the bride's home on Christmas eve, and arrived here last Saturday to make their home. Mr. Arb is associated with his brother in the Independent Casing Crew.

CLARENDON, Jan. 4.—Holiday weddings have been numerous here. Miss Lodi Green, daughter of Dr. and Mrs. G. L. Green, and Fred Newton Bentley of Raymondville were married December 26 and will live in Raymondville. Miss Maye Dever and Weldon Harkness were united in marriage last Saturday and are at home here. Miss Melvina Salmon became the bride of Arthur Oakley on Christmas eve and the couple is residing in Clarendon.

CANADIAN, Jan. 4.—Mrs. Ida Shaller was honored on her 72nd birthday when Mrs. Carl Studer and Miss Alice Shaller entertained with a surprise party. Miss Helen Snyder

New Idea for Beach Use

What? Another new and old bathing suit picture? Not a bit! Angie Binette (right) and Mary Rose Orlando are only trying to show how California bathing beauties will be stepping out if this idea takes hold. Simply step into the voluminous cloth bag with your bathing suit, change costumes and step out ready for a dip, like Miss Orlando. That's one way to meet the bathhouse shortage.

NEW LEADERS STARTING NEW PROGRAMS IN H. D. CLUBS AT THE BEGINNING OF A YEAR

Yearbooks Outlining Work and Study Distributed

Adams, county home demonstration agent, is scheduled as the feature, and at the second meeting members are in charge of programs on current events or recreation.

Programs by Months

The year's outline follows: January, first meeting, demonstration on chicken canning. Second meeting, Current Government Policy.

February, first meeting, bedroom demonstration. Second meeting, one-act play.

March, first meeting, demonstration on slip covers and cushions. Second meeting, program in charge of bedroom demonstrator.

April, first meeting, sponge cake demonstration. Second meeting, Current Government Policy.

May, first meeting, demonstration on icing sponge cake for a birthday party. Second meeting, radio program.

June, first meeting, demonstration of jelly roll. Second meeting, instruction to short course delegates for achievement day.

July, first meeting, demonstration on finishing of walls and floors as suitable backgrounds. Second meeting, Current Government Policy.

August, encampment month. Annual encampment and county fair will be planned at business meetings.

September, first meeting, demonstration of window draperies. Second meeting, one-act play.

October, first meeting, Sponge Cakes on Parade. Second meeting, plans for achievement day.

November, first meeting, achievement day. Second meeting, business session for reorganization and making annual reports.

December, Christmas parties.

WHEELER, Jan. 4.—College students who spent the holidays here were complimented with many informal parties. Miss Helen Gilmore was hostess Monday evening with five tables of bridge. Miss Florence Dorsey of Cameron, Mo., received the cut prize.

CLARENDON, Jan. 4.—Holiday weddings have been numerous here. Miss Lodi Green, daughter of Dr. and Mrs. G. L. Green, and Fred Newton Bentley of Raymondville were married December 26 and will live in Raymondville. Miss Maye Dever and Weldon Harkness were united in marriage last Saturday and are at home here. Miss Melvina Salmon became the bride of Arthur Oakley on Christmas eve and the couple is residing in Clarendon.

CANADIAN, Jan. 4.—Mrs. Ida Shaller was honored on her 72nd birthday when Mrs. Carl Studer and Miss Alice Shaller entertained with a surprise party. Miss Helen Snyder

PROTEGE CLUB TO BE FORMED BY MUSICIANS

JUNIOR TREBLE CLEF CLUB PLANS ITS ACTIVITIES

Organization of a junior music club for girls included in the 13 to 15-year age group was adopted by Junior Treble Clef club as its project for the year, in a business meeting Friday at the home of Miss Thelma Fae Seeds.

Plans were also made for a buffet dinner at the city club room on February 6, when club members will invite guests.

Committees for the dinner were named: Miss Clotilde McCallister, president, and called to meet Thursday afternoon in the home of Miss Eleanor Patrick.

Miss Ann Sweetman will be in charge of entertainment; Meses McCallister, Mary Parker, and Margaret Beck of the menu; Meses Emily Burge and Irene Pools of securing the club rooms; Meses Seeds, Mattie Lee Clay, Georgia Tinnin, Virginia Mason, and Louise Roseberry of invitations; Meses Ruth Clay, Sybil Ward, Patrick, and Natha Tinnin of decorations and favors.

First Christian Church to Start Meetings Today

First Christian church announces a series of evangelistic meetings starting today, with sermons daily by George R. Davis, minister of First Christian church at Chickasha Okla.

A graduate of Phillips University, Enid, Okla., Mr. Davis holds A. B., A. M., and B. C. degrees. He is recognized as one of the best younger preachers in Oklahoma, states John S. Mullen, minister here.

Some of his subjects during the meetings will be A Religion for the Once Born, Is God Wanted? Go Up and Join That Chariot, Faith Takes a Holiday, Is Salvation Free?

The Christiana Doctrine of Forgiveness, What God Hates Most, and The Finality of Jesus.

Howard House of Winterset, Iowa will assist in the services by playing the piano and vibra-harp and making crayon sketches. He will be remembered here as the pianist of the Vawter evangelistic party which conducted a revival in Pampa in 1933. The drawings that he makes each night are to be given to members of the audience.

R. L. Alliston, regular choir leader in the church, will direct the songs during the campaign, lead the choir and sing special numbers.

Services are to be conducted every evening except Saturdays, beginning at 7:30.

H. House

SATURDAY

ONE TO COME FROM SHAMROCK, OTHER FROM AUSTIN

The marriage of Miss Louise Avery, daughter of Mr. and Mrs. Gilliland of Pampa, was solemnized on January 1 at Georgetown in a quiet ceremony. It was announced yesterday on Mr. Gilliland's return.

The bride re-entered the University of Texas at Austin, where she is a student, and will complete work of the first semester before coming here to make her home.

Mr. Gilliland was a guest at the ranch home of Mr. and Mrs. Avery during the holidays. He is a well-known young business man here, a member of the Junior Chamber of Commerce and other civic organizations.

The son of H. A. Gilliland, long-time Pampa resident, he was graduated from Pampa high school and later from the University of Oklahoma.

Miss Avery is majoring in the study of voice at Austin, and is prominent in campus musical organizations. She is a member of the university glee club and a soloist in an Austin church.

COACH MARRIES IN OKLAHOMA DEC. 5

Announcement has been made here of the marriage on December 5 of Miss Blanche Groves of Shamrock and J. C. Prejean, Harvester line coach. The wedding was solemnized at Erick, Okla., by the Rev. Mr. Pierson, Methodist minister.

The bride, daughter of Mrs. Mattie Grove of Fort Worth, is a teacher in the Shamrock schools. She expects to continue her work to the end of this semester, then join Mr. Prejean here.

Mr. Prejean came to Pampa last fall as instructor in the high school and member of the coaching staff. He held a similar position at Shamrock last year. Formerly of Orange, where his mother resides, he is a graduate of Texas university.

Priscilla Club's Heads Installed By County Leader

Mrs. E. A. Shackleton, chairman of the Gray County Home Demonstration Council, installed the newly elected officers of Priscilla Home Demonstration club at an inauguration ceremony when members met with Mrs. Joe H. Lewis Tuesday afternoon.

Those to take office were Mrs. Lewis, president; Mrs. Norman Walberg, secretary-treasurer; Mrs. Albert Lockhart, reporter; Mrs. A. Kennedy, council representative.

Mrs. J. E. Spearman, outgoing president, was in charge to conclude 1935 business with a summary of club achievements. The report had been prepared by Miss Donnie Lee Stroope, retiring secretary. After Mrs. Spearman had expressed appreciation for cooperation of members the past year, Mrs. Lewis assumed office to open business for the new term.

A motion for amendment to the by-laws was presented, and a project was discussed.

During the recreational hour a handkerchief shower was given for Mrs. Clyde Carruth, member who left Jan. 1 to make her home in Stinnett.

Mrs. Jamie D. Talley of Canyon was a visitor, as was Eleasee Day. Members present were Meses. C. A. Tignor, J. R. Spearman, Roy Tinsley, J. L. Stroope, Guy Farrington, Maye Skaggs, Norman Walberg, E. A. Shackleton, Clyde Carruth, Albert Lockhart, J. L. Lawler, Miss Stroope, and the hostess.

Club Entertains Former Member

Honoring Mrs. Jamie Talley of Canyon, former Laketon resident, women of Laketon Home Demonstration club entertained at the home of Mrs. Lawton Hoffer Thursday evening. Games of progressive forty-two were enjoyed.

Sandwiches and coffee were served to Mrs. Talley, Mrs. H. Russell, Jap Bailey, and Clyde L. Gray, guests, and the following club members and their families, Meses, and Mrs. Hoffer, Chess Terry, Clyde Gray, Tom Breeding, Gladys Bailey, C. B. Russell, Mrs. Oad Grady and Mrs. Albert Lockhart.

BLUE AND GOLD IN EVENING COSTUME

PARIS (AP)—Sapphire blue and gold make a striking color combination for an evening costume which Mrs. Woolley Hart wears this winter.

With a gown of sapphire blue velvet trimmed with rich embroideries over blue and gold lame, she wears a halo headpiece of gold lame.

EDITORIAL

THE SACREDNESS OF MARRIAGE:

Therefore shall a man leave his father and mother, and shall cleave unto his wife: and they shall be one flesh.—Genesis 2:24.

Cost of Social Security

Widely regarded as inevitable, social security legislation nevertheless is of a scope not yet realized by many persons. When ultimate costs run up to 9 per cent of payrolls, including about 3 per cent paid by employees, the staggering total will compare well with taxes. Whether business men, large and small in operation, can assume their share of this load and pass some of it on to the consumers without "folding up" remains to be seen. The legislation is so far-reaching that no one appears qualified to judge whether the result will be what is hoped.

Taxation is already the most important levy in American life, as it is in many other countries. Taxation is called upon to do everything — from supporting self-government to surveying the cost of taxation. Taxation inevitably means bureaucracy, just as progress is accompanied by regulation.

The cost of bureaucracy grows apace. A new bureau is set up to assess and collect next taxes. Intricate tax measures are passed. Business men incur expenses in: 1. Hiring an attorney to study the legislation and determine the firm's liability; 2. compiling and recording data and reports required in paying the tax; and 3. paying the tax itself. It is a fact beyond dispute that the attorney fees and record keeping in some lines of business are as much as the tax.

The average salaried man worries and frets about his income tax reports, but a firm doing business in a score of states has hundreds of separate reports to make and taxes to pay. Currently, the cost of keeping records and audits on processing taxes amounts to millions. Banks collected check taxes without remuneration.

Citizens who voted for abolishing the Texas fee system may have believed it was an economy stroke, but indications are to the contrary. The legislature, politically minded, "took care" of the office-holders in most instances. Salaries will not be reduced. In some instances, abuses of expense privileges may increase costs unless commissioners courts and auditors are diligent.

The new salary law set minimums below which the commissioners courts may not go, but left the maximums considerably higher. The new plan will be no better than the courts make it. Legislators evidently sought to satisfy lobbies of fee officials.

From a government standpoint, the new law adds little. It fails to make certain that departments of county government collect the fees due the county. It is a matter of record that litigants often run delinquent on their accounts for months or years.

County commissioners courts will now have to consider all their usual administrative duties, such as road and bridge building and repair, public health, indigents, courthouse and jail, and court and jury costs, besides checking expenses of all offices and approving or disapproving the great number of bills. Various county offices will now make purchases and charges the items to Gray county and at the end of each year the court will be expected to reconcile expenditures with income and not show a deficit.

Yet, after all, this is an accepted business method. It will require cause to be shown for costs incurred, whereas the fee system gave no thought to such costs until officials made their maximum salaries.

All in all, the new law appears to be an improvement but one that needs considerable revision.

BARBS

Italy is reported dissatisfied with the Franco-British peace proposal. The League, however, may refuse to throw in a gate around the world.

"In New York wrestling contest, Sid Westrich throws Mario Giglio, suggesting, as a nickname for a mat flop, 'just a Giglio.'"

If the United States had postponed its declaration of independence a century and a half, Japanese troops undoubtedly would be protecting it from Communists.

A London surgeon says intense drama can cause a cold, which makes it easier for the susceptible boy friend — after a sad picture, to explain away those snuffles.

Rudy Prochaska has returned from a visit in Oklahoma.

AUXILIARY URGES LAWS

UNITED support of the American Legion Auxiliary's 400,000 members will be given to the legislative requests of the American Legion when they come before congress during the 1936 session, said Mrs. Al Lawson, chairman of the legislative committee of the local Auxiliary unit. The women of the Auxiliary will work to rally public opinion behind the legislation favored by the Legion.

The Legion's request for immediate payment of the adjusted service certificates, which is expected to be placed before congress during January, will have energetic support from the Auxiliary, Mrs. Lawson stated. Federal protection for widows and orphans of World War veterans is another measure for which Auxiliary women will work actively. Enforcement of neutrality laws, strengthening of national defenses and passage of a universal service law also will receive strong Auxiliary support.

OIL NEWS - From Panhandle and Other Southwest Fields

THIRTEEN NEW WELLS HAVE ADDED NEAR 10,000 BARRELS TO POTENTIAL DAILY FLOW

HUTCHINSON AGAIN IS AHEAD IN NUMBER OF PRODUCERS

New activity has forged well ahead of completions in the Panhandle district as the old year ended. There were 19 first announcements compared with 13 completions.

Completions added 9,510 barrels to the daily potential production of the field. Carson county had one well for 578 barrels. Gray three for 1,068 barrels. Hutchinson six for 3,288 barrels, and Wheeler three for 4,584 barrels.

OIL BREVITIES

A. M. Martini, former Pampa, has been made division manager of the land department of the new North Texas-Panhandle office of the Bar Oil & Gas company at Wichita Falls.

And now it's Rodessa. The apparently large Louisiana pool is definitely extended into Texas, involving a problem in a common proration for a two-state pool. Several pipelines outlets are being provided. This is not good news for oil men of the inland fields.

Not recently has a year dawned with such unanimous optimism in the oil industry. Investors, company executives, and state control bodies have been unworried in their pronouncements. All of which, added, calls for an increase in the price of crude oil to spread the benefits of expected better business. Such raises have been predicted before; will the current prediction be forgotten?

The new year brings few of the complications imposed by NRA but substitutes the Social Security plans which will involve many millions this year added billions in the future. Some companies are working out private employee benefits to supplement the governmental system. In each plan, employees ultimately will contribute to annuities and insurance set up for them, with the cost shared by the companies.

First announcement of candidacy for the Railroad commission reaches this column today. It is from H. O. Johnson of Houston, opponent of Col. Ernest O. Thompson, who two years ago polled about 140,000 votes for the office. It is again to be a "poor man's campaign," carried on in an automobile and trailer. He is a world war veteran, 40 years old. Panhandle support for Col. Thompson will again be mustered by his friends in and out of the oil business.

K. I. (Jack) Dunn, deputy supervisor, and W. F. McDonald, district gas engineer, were in Houston much of the last week attending the federal gas hearing.

Mrs. Olive Owen is now with Cabot, after being with the Railroad commission for more than four years. Her bill is a shorthand reporter at hearings made her in demand whenever members of the commission held sessions in this area.

The January 1 commission schedule for the Osborne area in Wheeler county shows thirteen producing wells with a daily potential production of 3,004 barrels, of which 260 barrels is marginal oil and 2,744 barrels is proratable oil. The daily allowable, taken by small refineries, is 500 barrels.

Osborne area wells are: Corlie Oil company Gregg 1 and Stewart 1, Magnolia Petroleum company Mankins 1, Martin-Dubois Schwarting 1, Phillips Petroleum company Gregg 1 and Hunter 1, Finco Oil & Gas company Mankins 1 and 2, Remo Royalty company Hunter 1, Sloss-Admiral 1-A and 1-B, and Tom Production company Patterson 1 and 2.

Temporary potentials have been assigned as follows: King Royalty company No. 1 Casleberry, Gray county, 175 barrels. Magnolia Petroleum company No. 9 Hagrah, Gray county, 400 barrels. Magnolia Petroleum company No. 14 Fee 244, Carson county, 400 barrels. Smith Brothers No. 10 Harlan, Wheeler, 350 barrels.

Stekoll Oil company 3-E Canadian, Hutchinson, 450 barrels. Dixon Creek's No. 6-K Cockrell, Hutchinson, 350 barrels. Stekoll Oil company No. 4-E Pierson, Hutchinson, 300 barrels.

SILVER BREAK IN MARKET IS LATE FEATURE

Effect on Lending Is Seen in Other Lines - U. S. Issue Is Popular.

AUSTIN, Jan. 4.—Among the more important financial developments of the month were the collapse of the silver market, the successful placing of another treasury loan, and a slowing down of the gold flow from France. Dr. J. C. Dolley, University of Texas economist, pointed out in his monthly analysis of the financial situation for the University Bureau of Business Research. Some slight expansion of bank lending has accompanied the general improvement in business activity, but the gains recorded thus far are insufficient to indicate a definite upward trend, he said.

"World silver prices broke sharply during the month, following the partial withdrawal of treasury supplies from the market. The price for spot silver, for example, dropped from an equivalent of 66 cents per ounce on December 7 to approximately 52 cents on December 20, a net decline of 21 per cent. The treasury apparently has shifted from a policy of buying all silver offered at a certain price, to a policy of allowing the market to seek a more natural level largely unsupported by official purchasing. Sessing, the new policy was decided upon because of the prospect of increasingly heavy offerings of silver from the Orient, especially from China.

"As of December 6, the treasury announced that it had purchased a total of 761,774,000 ounces of the 'white metal' under the various silver purchase laws. Valuing this metal and stocks previously held at \$1.29 an ounce, the total valuation of all silver holdings now stands at almost \$2,000,000,000, providing a ratio of about one to three with gold. To reach the specified one-to-three ratio will require the purchase of an additional billion ounces. Unless the administration decides to value silver at a price higher than \$1.29 an ounce.

"The silver purchase program has now been in operation approximately two years and its effects are plainly apparent. All of the claims advanced by silver-bloc congressmen as reasons for 'doing something for silver' have again been proved to be false. Instead of stabilizing the market price of the metal, the program has caused the widest price fluctuations in recent history. Instead of increasing the consumption of silver, it has decreased it by compelling Mexico and other countries to debase their silver coinage and China to leave the silver standard. Instead of improving foreign trade with China it has brought about price deflation, and general price deflation in that country with a sharp drop both in exports and imports. Meanwhile the accumulation of silver by the treasury serves no useful purpose but constitutes a growing threat to the soundness of our monetary system. It is greatly to be hoped that the coming congress will terminate the silver purchase program before further harm is done.

"Early in December the treasury issued \$450,000,000 of 2 1/4 per cent 10-12 year bonds and \$450,000,000 of 1 1/2 per cent five-year notes. Both of these issues represented new borrowing, raising the aggregate federal debt to a new record level of approximately \$3,500,000,000. This sharp increase has again stimulated speculation as to how large a federal debt could be supported by the nation. Such estimates, whether made by big bankers or by the president, are mere guesswork. The government will be able to borrow money so long as private individuals and financial institutions are willing to buy treasury bonds. These investors will be willing to buy such bonds so long as they have confidence in the soundness of these obligations as investments. Whenever their confidence is sufficiently shaken, they will cease buying new bonds and try to sell those which they have. This wholly unpredictable psychological reaction will temporarily mark the limit of the federal debt.

"It is not surprising to learn that both of the new treasury issues were heavily over-subscribed despite the exceptionally low coupon rates of 2 1/4 and 1 1/2 per cent. The ability of the treasury to borrow money on such favorable terms is not, as some people seem to believe, an indication that the credit rating of the federal government is improving, but rather reflects the enormous supply of idle cash seeking investment. This immense supply of loanable funds has forced up the prices of all investment securities, including those of government obligations. Any material revival of the demand for fixed capital funds must inevitably result in substantial declines in the prices of all bonds, regardless of credit ratings.

"The latest political crisis in France appears to be passing. As a result, the flow of capital from Paris to New York is drying up. The situation, however, is still delicate, and a resumption of heavy gold exports is possible at any moment. More important, however, is the fact that the gold reserves of the United States have continued to grow, rising from \$13,588,000,000 on November 6 to \$13,911,000,000 on December 4. Government expenditures and gold imports continue to be major causes of deposit growth. It is interesting to note that foreign deposit balances have increased from \$138,000,000 on December 5, 1934, to \$443,000,000 one year later. Excess reserve balances of all member banks were estimated in mid-December at the immense total of \$3,310,000,000. The

THIRTEEN NEW LOCATIONS IN PANHANDLE SHOW TREND STILL IS TOWARD BRISK ACTIVITY

INTENTIONS TO DRILL, FILED AT COMMISSION OFFICE HERE, INCLUDE FIVE IN GRAY, FIVE IN MOORE

OIL TO SHARE GOOD BUSINESS DURING YEAR

Plant Improvements, Expansion Will Be Extensive; Building Expected.

AUSTIN, Jan. 4.—Current business statistics continue highly satisfactory. It is stated in a review by Dr. F. A. Buechel, assistant director and statistician in the Bureau of Business Research, University of Texas.

The upward trend in general business activity which began in July has not yet been reversed, but during the last month the rate of increase has slackened considerably and there are indications that a temporary recession in industrial activity may occur early in the new year. Dr. Buechel pointed out, notwithstanding this possibility, the outlook for next spring and the entire year 1936 is optimistic.

Such uncertainties as exist are mostly of political origin—the convening of congress and the tradition, which is a presidential election year is detrimental to business.

"Among the reasons for expecting a relatively good business year in 1936 are: The cumulative improvement in farm buying power; the probable cyclical upswing in construction, both residential and commercial, as well as in other durable goods industries and the oil business; and the present tendency of many industrial concerns to launch programs of plant improvements with the view to lowering costs of production as evidenced by the sharp rise in activity in the machine tool industry," the review says.

"In part, these constructive forces will, in turn, be offset by growing taxes, a widening of profit margins, and nevertheless result as industry attains more nearly its normal production stride.

"More important, perhaps, from the long-term viewpoint, than the actual and probable further expansion of business noted above, is the current reorganization of our economic structure on the part of industrial and intellectual leaders in terms of its relation to human welfare and the improvement of human character. In the words of one leading industrialist, 'we must challenge the industry's thinking, its standards, and its methods in terms of the broader demands of today and tomorrow; and in those of another, 'as to mechanics and science, we cannot base our claims to progress upon them. The increase of knowledge means little without a corresponding intellectual, experts were estimating that the year's output would be only 3,800,000 units. The business which has resulted in the last two months has made possible the increased figure.

Of the total output, 3,400,000 were passenger cars and 750,000 were commercial vehicles with a total combined wholesale value of \$2,186,400,000. Production of tires, tubes, and accessories for replacement purposes, and service equipment increased the total wholesale value of the industry's output for the year \$2,999,500,000.

During the year, the number of commercial vehicles operating in the United States, reached an all-time high of 3,550,000 units, while passenger car registrations rose to 22,450,000 units—an increase of nearly a million vehicles. With a total registration of 26,000,000 vehicles, the United States had 71 per cent of all the cars and trucks in the world.

Other interesting facts contained in the report are: 48,000 communities in the United States are completely dependent on the highways for transportation. Farmers own 5,935,000 vehicles, of which 900,385 are trucks—the remainder passenger cars. Car-owners paid in special motor vehicle taxes during 1935 \$1,288,000,000—13 per cent of all taxes collected. The railroads handled 3,422,000 carloads of automotive freight during the year. 13.6 per cent of the industry's total output was sold in markets outside of the United States. Motorists' gasoline requirements were served by 320,000 retail gasoline outlets. There were 39,400 car and truck dealers and 98,169 repair shops in business during the year.

Estimating the year's output of American car-makers at 4,150,000 vehicles, the report disclosed that the industry collectively again had figured as the largest single purchaser of the products of many of the country's leading raw material industries. Besides absorbing 23 per cent of the iron and steel industry's total output for the year, purchases by automobile manufacturers accounted for 76 per cent of the rubber consumption, 77 per cent of the plate glass production, 39 per cent of the lead consumption, 33 per cent of the nickel, 22 per cent of the copper, 16 per cent of the aluminum, 15 per cent of the zinc, and 20 per cent of the tin.

The manufacture of 50,000,000 automobile tires during the year consumed a market of 885,000,000 pounds of crude rubber and 210,000,000 pounds of cotton fabric. In addition, 16,150,000 gallons of gasoline (total retail price, including taxes, \$3,260,000,000) and 485,000,000 gallons of lubricating oil were consumed in keeping the nation's 26,000,000 cars and trucks operating during the year.

The initial effects of the industry's new fall model announcement plan under which the 1936 lines were introduced at the shows two months ago are evidenced by the year's production figure of 4,150,000 cars and trucks. Before the shows, when the success of the industry's departure from its traditional policy of introducing new models after the first of the year was problemat-

PRODUCTION IN 1935 SHOWS MARKED GAIN AS INDUSTRY'S RECOVERY GALLOPS FORWARD

TRADE PAPER FIGURES U. S. HAS 75 PER CENT OF IT

The last year marked the recovery of the oil industry from the effects of the depression according to data on supply and demand for petroleum products contained in the Oil & Gas Journal. The issue is the publication's annual foreign number and contains reports by countries showing that a new record was established in the production of crude oil with a total demand which kept pace with the supply.

The 1935 production will probably exceed 1,600,000,000 barrels. This is over 1934 production of 1,400,000,000 barrels. Several countries including Venezuela, Iraq, Peru, and Argentina will establish new production records in 1935. The United States accounted for 75 per cent of the world increase with a domestic production of 992,267,000 barrels which is second only to peak year of 1929.

805 Refineries. In a survey of petroleum refining plants published in the Oil & Gas Journal, it was found that there were 805 operating plants scattered throughout the world with sufficient capacity to refine 6,132,695 barrels daily of crude oil. Of this total 291 refineries have facilities to produce gasoline in high pressure and high temperature distillation operations commonly called "cracking" with a total capacity of 1,023,600 barrels daily.

The rated crude oil capacity of refineries exceeds by 40 per cent the world crude oil production available for refining which totals approximately 4,400,000 barrels daily. The Oil & Gas Journal points out that foreign refineries, as in the United States, often have rated crude oil capacities in excess of actual crude runs to stills. In many cases their crude distillation equipment is old and obsolete when compared to modern refinery processing it is explained in this connection that the past year has seen more refinery construction completed or started at plants outside the United States than any similar period in the history of the petroleum industry. This reflects a general effort on the part of foreign operators to modernize their plants in order to secure the maximum yields of petroleum products at the lowest possible costs.

Cracking Survey. The Oil & Gas Journal in the first world-wide survey of cracking facilities ever made, points to the rapid expansion of this phase of petroleum refinery operations. This is particularly true in the case of refineries outside the United States where cracking capacity now exceeds the total in this country.

The survey shows that over 50 per cent of the world gasoline production now comes from the cracking units at refineries. These units operate with gas oil or fuel oil from crude oil. In recent years there has also been a tendency to crack or "reform" light naphtha cuts to improve their anti-knock ratings as motor fuels.

OIL CALENDAR

MARCH, 1936. 19-21—American Association of Petroleum Geologists, Tulsa, Oklahoma. APRIL. 11-13—Petroleum Industry Electrical Association, Tulsa, Okla. 12-17—American Chemical Society, Petroleum Division, Kansas City, Mo. 16-18—National Petroleum Association, Cleveland, Ohio. 20-25—Oil Equipment & Engineering Exposition, Houston. MAY. 1936—International Association of America, Tulsa, Okla. 16-23—International Petroleum Exposition and Congress, Tulsa.

ROESER SAYS COMMON SENSE POLICIES OF OIL INDUSTRY CAN MAKE 1936 PROSPEROUS

The following New Year's statement concerning the prospects for the petroleum industry in 1936 was made by Charles F. Roeser, president of the Independent Petroleum Association of America:

"The new year, 1936, will be the best year the domestic petroleum industry has ever known if a few common sense policies are adopted which are as practical as they are profitable.

"The way to prosperity for the petroleum industry includes the following: A proper price for crude petroleum which is now selling at 50 or 60 cents below the economic rate; continuance of the efforts of the industry to avoid production in excess of consumption; and a reduction of price cuts to fill storage with later dumping of stored oil on the market; and a fair price to the consumer.

"All these things are within the power of the industry itself and require no legislation, state or national. These policies accepted and followed by the industry could prove the most powerful factor in speeding up national prosperity.

"Federal legislation will be necessary to establish a fixed limit on imports of cheap foreign oil which competes with the domestic product to the injury of the oil industry and its army of employees. Federal legislation will be necessary to continue the federal hot oil act and to assure the continuance of the bureau of mineral production from foreign oil used as supplies for vessels and to correct the improper exemption from the domestic origins act of asphalt produced from foreign oil made in favor of a few influential importers by the treasury procurement division and by the federal bureau of public roads.

"If the industry pursues this program potentialities of this huge sun to expand bank credit have been repeatedly pointed out. The open market committee of the federal reserve board is now considering the wisdom of open market selling as a means of cutting down these excess reserves. The deficit financing needs of the treasury, however, will bring almost certainly any move which might tighten the money market and raise the yields on government securities.

"During the past six weeks, the aggregate lending of the reporting banks has increased slightly. 'Other loans,' chiefly for commercial purposes, expanded from \$3,380,000,000 on November 6, to \$3,415,000,000 on December 4. Over the same period secured loans increased from \$3,653,000,000 to \$3,146,000,000 while holdings of government bonds and other securities remained about the same. It is, of course, too early to say, but it is quite possible that the effective demand for commercial credit has started into a cynical expansion trend."

CAR INDUSTRY ADDS MUCH TO OIL DEMAND

Is Leading Purchaser of Many Lines—Four Million Units Made in 1935

The automobile industry was again revealed as an outstanding contributor to general business recovery in the report, "Preliminary Facts and Figures About the Automobile Industry During 1935," released today by Alfred Reeves, vice president and general manager of the Automobile Manufacturers association.

Estimating the year's output of American car-makers at 4,150,000 vehicles, the report disclosed that the industry collectively again had figured as the largest single purchaser of the products of many of the country's leading raw material industries. Besides absorbing 23 per cent of the iron and steel industry's total output for the year, purchases by automobile manufacturers accounted for 76 per cent of the rubber consumption, 77 per cent of the plate glass production, 39 per cent of the lead consumption, 33 per cent of the nickel, 22 per cent of the copper, 16 per cent of the aluminum, 15 per cent of the zinc, and 20 per cent of the tin.

The manufacture of 50,000,000 automobile tires during the year consumed a market of 885,000,000 pounds of crude rubber and 210,000,000 pounds of cotton fabric. In addition, 16,150,000 gallons of gasoline (total retail price, including taxes, \$3,260,000,000) and 485,000,000 gallons of lubricating oil were consumed in keeping the nation's 26,000,000 cars and trucks operating during the year.

The initial effects of the industry's new fall model announcement plan under which the 1936 lines were introduced at the shows two months ago are evidenced by the year's production figure of 4,150,000 cars and trucks. Before the shows, when the success of the industry's departure from its traditional policy of introducing new models after the first of the year was problemat-
