Words are things
Early publicity on the Texas Centennial is predominantly of the pretty-girl type...

Twinkles
Early publicity on the Texas Centennial is predominantly of the pretty-girl type...

We're trying, with some success to teach the Young Man of the family that night life is no room for growing children and working men.

And Skippy, the family dog, says that human puppies sure do bark a lot not to be chasing anything.

Brown Derby Al, "the happy warrior," apparently is no longer happy but still aspires to be known as a pretty fair political pugilist.

This being a political year, we choose to announce that seven years from now we'll announce for a place on the school board.

Musing of the moment: C. P. Buckler held a watch on us the other day when he walked into the office and asked, as usual, "Well, what do you know about the uses of so later, we mentioned our young son..."

Brevitorials
TIT FOR TAT—
If you kill my dog,
I'll kill your cat.

This childhood rhyme has an application in the attitude of a number of Pampans whose dogs have been poisoned lately.

"Say something awful," this column has been admonished, "about these—who poison puppies."

We'll say this: There are many ways to deal with dogs legitimately and humanely, but poisoning isn't one of them.

In several recent poisonings, men poisoning their pets for the sake of small children.

It is a friendly should be extended as a matter of course. And who is more friendly than an ex-convict?

Chairman Tom Aldridge of the Boy Scout drive asks WORDS to express his appreciation for the work of his canvassers.

LESSON IN LAW-MAKING:
Legislation usually is little influenced by the flood of oratory which accompanies it.

I Heard...
A Pampans purchasing his poll tax receipt this morning heard the fellow certainly would get his \$1.75 worth of scratching this year.

Support Of BCD Is Pledged; Banker Inspires Big Group; George Briggs Will Retire

Five Directors To Be Elected At Large By Pampans

Men and women of Pampa, 350 in number as counted in the dining room of the First Baptist church last night, decided to put coordinated management behind the Board of City Development...

Designated as the B. C. D.'s representatives on the general advisory board are J. S. Wynne, R. G. Allen, Mr. Nunn, John Roby, B. W. Rose, J. M. Collins, J. W. Garman, E. J. Davigan, and Fred Cullum.

Reports on Fund
Mr. Collins, finance director last year, made a report on use of a special fund raised for highway, summer band, and trips in behalf of public works projects and industries.

Briggs to Retire
Mr. Walker announced the retirement, sometime in March, of George Briggs, president of the B. C. D.

Supt. Fisher Is Re-Elected For Two Years
Re-employment of Supt. R. B. Fisher under a 2-year contract was announced yesterday following a meeting of the board of trustees.

200 Women Seize Ranch Of Calles
Members of the group said these leaders had promised they would be given part of the Calles' property, which is located in the state of Mexico...

Will Retire

After more than 30 years of public service, about 8 of them in Pampa as B. C. D. manager, George Briggs will retire some time in March.

CUBAN LAWYER CLAIMS HE SAW 'FISCH LETTER' Asked to Cash Some 'Marked Money' in Havana

HAVANA, Jan. 28. (AP)—A Cuban attorney advanced a suggestion today of a Cuban connection with the Lindbergh kidnaping case, asserting he had seen a letter signed "Isidor Fisch" asking a person to cash "some marked money."

TOWNSEND CLUB FORMED BY 59 LOCAL CITIZENS 125 Attend Meeting, Also District Organizers

A Townsend Old Age Pension organization was started in Pampa last night with 59 members signing. It requires 50 members to organize.

Four Oklahomans Perish in Blaze

NORMAN Okla., Jan. 28. (AP)—Four persons were burned to death today when their two-story farm house near here was destroyed by fire.

Weather

WEST TEXAS—Cloudy and warmer, probably rain in east and north portions tonight; Wednesday cloudy, rain in east and north except rain or snow and colder in the Panhandle, warmer in southeast portions.

Thornton Sees Great Possibilities in 'New Pampa'

R. L. Thornton of Dallas, widely known as one of Texas' greatest builders and at present the chairman of the executive committee of the Texas Centennial, last night came here to congratulate Pampa, the "Pre-Centennial City" as he said, and to predict that the southwest would be "the promised land" in population movements following the recent depression.

Pointing to Pampa's location, and the great distances to large cities, he said that the city's commercial leadership and agricultural and livestock raising background should assure its future.

Fresh Italian Victories Are Being Claimed

Fascist headquarters at Rome today reported a new victory on the northern Italo-Ethiopian front and capture of a Swedish hospital unit asserted to have been transporting munitions on the southern battlefield.

EMPLOYEES MUST EARN RIGHT TO BENEFIT FROM SOCIAL SECURITY

Jobless Insurance To Be Drawn After Jan. 1, 1938
WASHINGTON, Jan. 28. (AP)—When do the garage mechanic, the stenographer, the corporation lawyer, begin to benefit by the social security act? How much do they get, and how do they get it?

Ministers Asked To Urge Traffic Safety, Feb. 16

Sunday, February 16, will be a day for discussing traffic accident prevention. Ministers will direct remarks to the subject in several phases, the Pampa Ministerial association decided this week.

I Saw...

A bunch of business men on the street corner this morning discussing R. L. Thornton's address here last night. It was a masterpiece, they said. They pondered over this statement made in connection with a manufacturer's contract to put up a two-million dollar exhibit at the Centennial.

FISCHER WILL BE CANDIDATE FOR GOVERNOR

TYLER, Jan. 28. (AP)—F. W. Fischer, noted oil attorney and nemesis of the invalid petroleum code, today announced his candidacy for governor of Texas, subject to the democratic primary.

Fischer said yesterday he would announce for the post unless Governor James V. Alfred called a special session of the state legislature immediately for enactment of provisions to pay old-age pensions.

ESAU'S HANDS AND SMITH TO BE DISCUSSED

Senator Robinson to Reply To Liberty League in a Radio Speech Tonight.
WASHINGTON, Jan. 28. (AP)—New dealers looked to Senator Robinson of Arkansas to deliver tonight a vehement reply to Alfred E. Smith's charges that the Roosevelt administration has violated the party platform and turned to socialism.

12 SHOPS WILL SELL BIRTHDAY BALL TICKETS

Tickets went on sale today for the three Birthday Balls for the President which Pampa will have Thursday evening for the benefit of crippled and underprivileged children. Simultaneously, similar balls will be held in hundreds of cities.

CHILDREN TO BENEFIT AT DANCES ON THURSDAY

Mrs. Ruba McConnell, chairman of publicity and advertising, left the city this morning on a tour of nearby communities to leave tickets and posters.

Cerebral Hemorrhage Fatal to Leader in Mansion

BATON ROUGE, La., Jan. 28. (AP)—Gov. O. K. Allen, associate and successor to the late Huey P. Long as political boss of Louisiana, died suddenly today after suffering a cerebral hemorrhage.

Court Decision Called History's 'Greatest Steal'

WASHINGTON, Jan. 28. (AP)—Contending "this is probably the greatest legalized steal in American history," Secretary Wallace today renewed his attack on the Supreme Court's decision refunding \$200,000 to processors.

EDITORIAL

WORKINGS OF THE TEXAS PAROLE SYSTEM

So far as this community is concerned, Governor Allred's merit system of extending clemency to State prison inmates apparently is working out as planned. Albert Stevens, Jr., chairman of the Bexar County Parole board, reports that all the 15 men recently paroled to it "have jobs and are doing well."

Though the prisoners in question were sentenced to Huntsville for such serious offenses as burglary and highway robbery, all have found employment—with aid from their citizen guardians—and have conducted themselves satisfactorily. Under the parole arrangement each prisoner must report to his sponsor at least once a month. That schedule may be shortened to twice a month or once a week, as appears best in the individual case. The citizen to whom the prisoner is paroled takes an active interest in his rehabilitation and well-being generally, advising him concerning problems which inevitably arise.

The Parole Board meets every two weeks to go over its charges' records, contacting employers and otherwise checking upon each man's conduct. That service costs the State nothing, as the board members are not paid; but it may prove inestimably valuable.

As demonstrated in the federal prison system under Sanford Bates' direction, that method of handling probationers is an effective way to keep down the penitentiary population, thus relieving the congestion and reducing the operating expense. The benefits to the paroled man himself are not so readily calculable.

Many men released from prison—either on pardon or after "paying their debt to society"—become repeaters for lack of such friendly guidance as the new Texas system provides. Feeling that "nobody cares," the man turned loose to shift for himself too easily falls into antisocial attitudes, and at the first opportunity repeats his offense or commits a worse crime.

Some prison-inmates are incurable criminals and never should be released at all. It is the State Parole board's business to distinguish between such an incorrigible and the man who is entitled to a second chance. Mistakes will be made, but psychiatry would reduce the risk of error. Then an efficient checking system would detect the mistake before a second serious crime has been committed.

If the object be to reform, rather than to punish the offender, then his term in prison corresponds to the primary school. Parole represents secondary training; graduation is deferred until the former prisoner has established his fitness for complete freedom and citizenship.—San Antonio Express.

CAPITOL JIGSAW

By HOWARD C. MARSHALL

AUSTIN, Jan. 28. (AP)—Hay fever is no respecter of persons. That has been proved over and over in Austin.

Governor Miriam A. Ferguson suffered when the season of ragweed and cedar tree pollen distribution rolled around. Same with Governor Allred.

The latter said the other day he was conducting his business between sneezes; and one morning his secretary had so much difficulty recognizing his voice over the telephone he thought someone was playing a joke by saying it was the governor calling.

The only cure seems to be to get out of the cedar trees.

Recent increase in the price of crude oil brought cheers from the industry and applause from representative capitalist officialdom. Nobody wanted to comment on figures showing that the concurrent increase of one-cent a gallon in gasoline would cost Texas purchasers about \$10,000,000 additional a year.

One official, explaining that he would talk only "off the record," argued that an increase in the price of anything Texas produces more of than it uses was bound to benefit Texas.

Another admitted, however, that all, unlike cotton, was owned largely outside the state.

"Why tear your shirt over the consumer," said one observer. "The oil men will spend money to elect or defeat a politician. The consumer may not even vote for him."

A receipt showing that two centuries ago Russians had to pay a tax for wearing beards has been placed in a Soviet museum. The receipt, stamped on a square copper plate, said: "Beard tax received. Year 1725. A beard is a burden to us."

OUT OUR WAY

By WILLIAMS

BEHIND THE SCENES IN WASHINGTON

BY RODNEY DUTCHER

NEA Service Staff Correspondent

Washington—The story placed upon the records by the Senate munitions committee since the Morgan partners appeared before it, has been blurred and obscured—partly by its complexity and the difficulty of reporting it from day to day, partly by interjection of side issues, and finally by the furor created through the attempt to kill off the committee by denying it further funds.

To summarize the case and clarify the situation, here are the high spots of the investigation disclosures, based mostly on documents held secret until now:

Morgan & Co., which admitted to the committee its complete sympathy for the Allies, undertook to arrange credits for Germany's foes.

Robert Lansing, as acting secretary of state, conferred with President Wilson the night of Oct. 23, 1914, and was told that Wilson differentiated between loans and credits, but that these views must be conveyed as Lansing's, not his.

The bankers got this word and Morgan and National City Bank promptly arranged a \$10,000,000 credit for France.

In 1916 the House of Morgan dissuaded England from canceling \$55,000,000 in contracts for American rifles, upon Morgan's warning that cancellation would cut off further American financing for the Allies.

Morgan stopped supporting the pound sterling Aug. 15, 1915.

Treasury Secretary McAdoo, after conferring with Morgan Partner H. P. Davidson as to resultant dangers to American war trade, urged on Wilson the argument of Davidson that those dangers could be averted only by large American war loans.

Wilson, again reversing neutrality policy, replied that he wouldn't interfere with such a loan, but that this must be conveyed orally and not put in writing. Arrangements for the first big \$500,000,000 Anglo-French loan began promptly.

Senator Bennett Clark of Missouri sought to explode the Morgan insistence that unrestricted German submarine warfare, solely, forced the United States into war, by showing that America's statesmen could have dissuaded Germany if they hadn't fumbled and feared to interfere with the war boom over here.

Wilson and Lansing evolved a plan by which the Allies would disarm merchantmen and Germany would stop torpedoing merchant ships without warning. Meanwhile, Chairman Stone of the Senate Foreign Relations Committee was favoring the Gore-McLemore resolution to forbid American citizens traveling on armed belligerent ships, Wilson undertook to dissuade him, in a public letter.

Lansing persuaded Wilson that their plan to solve the submarine problem should be shown to the Allies, but not to the Central Powers, because, Lansing explained, he was sure Germany would agree, whereas refusal by the Allies, if it became known, would "arouse adverse criticism in the press of this country and excite resentment against the Entente powers, which seems to be growing from day to day."

Both the British and the French finally refused to accept the submarine-merchantman proposal and it was dropped.

Finally, Senator Clark placed evidence in the record indicating that Wilson knew of the secret treaties by which the Allies had divided up victory spoils in advance, and then cited Wilson's postwar testimony to senators that he hadn't known of the treaties until the Paris peace conference.

On the basis of this evidence, Nye said Wilson had "falsified."

It pays to know Joe Louis. Retzlaff stepped up, got a knockdown, and left with \$9,800.

BOOTS AND HER BUDDIES

A PENNY FOR YOUR THOUGHTS, MYSTER.

HARVESTERS WILL FACE TOUGH QUINTE IN BULLDOGS AT BORGER TONIGHT

BITTER BATTLE IN PROSPECT FOR PAMPANS

FOE WILL BE YELPING TO AVENGE LOSS OF FRIDAY

Coach Odus Mitchell and his Harvesters basketball team will be suffering from no delusions tonight when they take the floor against the Bulldogs at Borger.

They know from experience that Borger has probably the most dangerous team in this district, and that the Bulldogs will be the team to beat not only in the conference race but in the district tournament—especially in the district tournament.

Last Friday night the Harvesters had the Borgans swamped three minutes before the game ended, and then Mitchell sent in the reserves.

In the next two minutes Borger lacked one point of overcoming a 12-point lead. The final score was 25 to 24 in favor of Pampa. That tilt led the Bulldogs to believe that they can wreck the Harvesters of the Borger court.

Coach Mitchell yesterday afternoon in a practice session doped up his boys for the affray tonight. He sought to iron out serious flaws that developed Friday night, and Thursday night when the Pampans suffered their first defeat in the district tournament.

The coach will take the entire team and a referee. It is not likely that Mitchell will jerk his entire first string any more against Borger, regardless of the size of the lead.

Probable starters will be Stokes Green and Moose Hartman, forwards; Junior Strickland, center; Albert Ayer and Roy Lee Jones, guards. Likely substitutes, if any, will be Bob Bailey, Harold Nicholson, George Nix, Kelley Kitchens. Other members of the squad to accompany the team will be Noblitt, Baker, Bowsher, Keyser.

Frank Monroe will officiate in the game as referee. Mr. Monroe called the game here Friday night and the Borgans were so well-pleased with his work that they asked him to referee tonight.

On Friday night, the Harvesters will be hosts to the Lubbock Westerners at the gym, and on Saturday night the Plainview Bulldogs will be in the city.

League Umpire Holds Out for Larger Salary

NEW YORK, Jan. 28 (AP)—Albert D. (Dolly) Stark, National league umpire who has announced he is a "holdout," has asked for \$100 a year is a pittance for a job in which the "highest praise is silence."

Ford C. Frick, league president, said yesterday the umpire had notified him of his intention to quit and he had advised Stark to think it over a little more before arriving at a final decision.

Stark, however, stated his stand in no uncertain terms. "I can't get more I'm ready to try something else," he said, "but most of all I would like to remain in baseball. There are no limits of salaries in baseball. The players, managers, and club officials all draw down pay commensurate with their ability. Only an umpire is expected to stick at a fixed wage, and I consider this unfair."

SKI RACERS ARE TIMED WITH ELECTRIC DEVICE
LAKE PLACID, N. Y., Jan. 28 (AP)—Electricity is used to time slalom racers in hundredths of seconds on the Lake Placid ski slides this winter.

At the start, the slalom racer breaks a string which starts the electric timer. When he finishes he cuts another string and the time is recorded in fractions of seconds on a tape in the timing house.

McLean Beats Panhandle In Overtime Tilt

M'LEAN, Jan. 28.—The McLean basketball team had a busy week end, playing three games each with the following results:

Boys—
McLean, 28, Gorillas 19, at Pampa.
McLean 35, Gorillas 21, at McLean.

McLean 24, Panhandle 20 (overtime) at Panhandle.
Girls—
McLean 28, LeFors Independents 20, at LeFors.
McLean 30, LeFors Independents 13, at McLean.

McLean 28, Panhandle 33, at Panhandle.
The Gorillas of Coach Dick Denard received much applause for their fine exhibition of basketball against the McLean tree-tops.

The first game of the series was in Pampa Thursday night with the return game at McLean on Friday night. The little Gorillas looked like fears and the Tigers like elephants but the little fellows handled the ball like veterans and gave a wonderful exhibition.

The Tigers won a 24 to 20 decision from the Panhandle Panthers in an overtime game in Panhandle Saturday night. Chilton McLean found the basket twice in the overtime period while his teammates held the Panthers scoreless.

McLean presented a pair of tall newcomers in the Holmes brothers, who, with Stratton and McCarty played great ball.

The Tigettes played one of their best games but lost to a great Panhandle sextet.

Discovery Still Unbeaten Favorite

NEW YORK, Jan. 28 (AP)—Three of the leading contenders for the \$100,000 Santa Anita handicap have yet to meet in the "play for Vanderbilt's Discovery," the favorite. They are Hal Price Headley's Whopper, Mrs. S. D. Sloan's Head Play and Cleveland Putnam's Ladyman.

Judged by the winter form shown, Whopper is the logical choice to upset the handicap champion, if any horse is to do it, in the mile and a quarter classic on February 22. The only time Whopper and Discovery met, in the Massachusetts Handicap last fall, Whopper finished second and Discovery third to A. A. Baroni's Top Row.

The last time Head Play and Discovery met, in the Suburban Handicap at Belmont, Head Play won by 1 1/2 lengths and Discovery was a fast-closing second. Head Play then went west and won consistently until he bowed a tendon.

Ladyman and Discovery never have met. The Putnam thoroughbred, which was second in last year's Santa Anita, was forced out of competition by injuries and was idle during most of 1935.

He Takes Up Golf
Hoppe had his first title a couple of years before Harry Payne Whitney put the Waterbury brothers and a younger named Dewey Milburn on the fastest ponies he could find and went to England to win the Westchester Cup from the British at Hurlingham. That was the first time the Americans won the famous international cup.

It is truly remarkable that Hoppe, in middle age, appears as good as ever after having been tops in a nerve-testing sport for many, many years. The answer is that he trains for an important billiard match just as any good athlete trains for competition. Two years ago Hoppe took up

JIU JITSU'S NOW POPULAR IN NEW YORK

600 TRICKS FOR SELF-DEFENSE CAN BE LEARNED

NEW YORK, Jan. 28. (AP)—A couple of squat fellows, dressed like barbers in white uniforms but with their feet unshod, crawled to the center of a mat.

They straightened up on their knees, grimly looked at each other for a second and then solemnly bowed until their foreheads touched the canvas. They jumped to their feet and offered each other a couple of arms, which quickly slipped into vice-like grips and then they grappled—somewhat in the manner of American wrestlers but with much more artistry and science.

The new name for it is judo, but over in the orient the Japanese still cling to the more popular nomenclature and call it jiu-jitsu. Judo is an eclectic combination of various methods of the original art of self defense and is a compulsory part of the Japanese educational program.

Jiu-Jitsu, we were told by Professor T. S. Kuwashima, who is the leading exponent in this country, means the art of flexibility. Flexibility is sought principally in the feet and legs and this is attained easily by the Nipponese because from the beginning of time they've squatted on their haunches to sip tea or hold "round table" discussions.

The art is full of tricks—600 of them. Tricks to defend yourself when attacked suddenly from the front or rear, and tricks to inflict severe and painful punishment—temporary or permanent. They teach them in three stages. One of the elementary tricks, strangely enough listed No. 13, goes something like this:

You've been attacked; you've got your opponent on his back and you bring up your right leg so that the knee is under his left arm at the back. Retaining your hold at your adversary's wrist with your left hand, bend his captured arm over the knee as if to (and you can) break it. At the same time press your thumb severely against the nerve at the upper end of the jawbone under the lobe of his right ear, while the fingers of your same hand are employed in choking him.

It all happens in a flash. A couple of the professor's advanced students demonstrated it last night. There were no bones broken nor was anything choked, but a little more pressure right outside the ear would mean a pre-arranged match the punitive treatment continues until the hips and shoulders of one of the contestants have touched the mat and the four-point landing lasts at least 30 seconds.

Until the jiu-jitsu lands on the mat, the fingers of your same hand are employed in choking him. It all happens in a flash. A couple of the professor's advanced students demonstrated it last night. There were no bones broken nor was anything choked, but a little more pressure right outside the ear would mean a pre-arranged match the punitive treatment continues until the hips and shoulders of one of the contestants have touched the mat and the four-point landing lasts at least 30 seconds.

Ernie Dusek is everything that O'Mahony isn't. Dusek belongs and meets all the requirements. The O'Mahony society has regarded O'Mahony as the interloper from the outside.

On the other hand, Dusek, now 25, has served his apprenticeship well and is entitled to the opportunity. Dusek really can wrestle.

Dusek has filled out to a good 240 pounds—looks the part of a champion to the cauliflower ears. O'Mahony's arms, chest, and legs are those of a youngster who is still years shy of complete development.

Dusek can't even act. Dusek is one of the more magnetic attractions. Having studied the Jim Londos technique for several years, the Nebraska can grunt, groan, and grimace with the best. He is equally at home in the role of hurt to either see him tear some other pachyderm limb from limb, or be torn.

Patriotic Tunes Help U. S. Skier To Bigger Jumps

ST. PAUL, Jan. 28 (AP)—American Olympic officials would do well to strike up the band when Sverre Fredheim, St. Paul skier, takes off the scaffold edge at the winter game in Germany.

For that was the inspiration Fredheim, the 28-year-old Norwegian-born American, needed to win his first sizeable honor in this country.

Fredheim, native of Oslo, came to America at the age of 19, but did not make his mark until he entered a Canadian, S. D. tournament, a major northwest attraction each year.

As Fredheim sped down the incline a band blared the triumphant strains of "Stars and Stripes Forever."

"When I heard that music," Fredheim said, "I felt like a big jump. I heard it while I was in the air, and I put every ounce of energy behind my jump. I won first place."

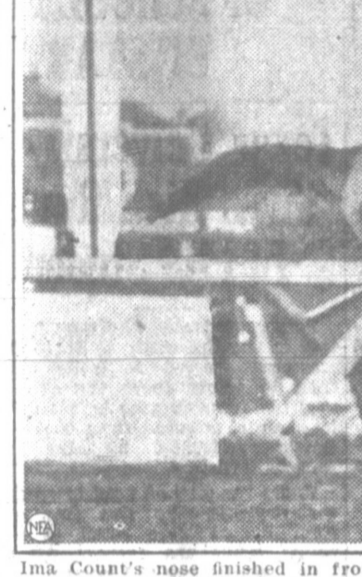

Willie Hunter Wins Golf Title

SAN FRANCISCO, Jan. 28 (AP)—Willie Hunter, veteran of the "play for Vanderbilt's Discovery," the favorite, today with the San Francisco match play open title and a check for \$1,675 in his pocket.

The 43-year-old Los Angeles professional who joined the "play for Vanderbilt's Discovery" in 1928 after having won the British Amateur title four years before, claimed top money with a 4 and 2 victory over Willie Goggin, San Francisco, in yesterday's 36-hole final.

Hunter completed the 16 holes of the afternoon round five strokes under par, and clinched the match on the thirty-fourth green when he dropped a 30-foot chip shot for a birdie 3 to Goggin's well played par 4.

NO JOCKEY, NO JACK

Ima Count's nose finished in front of Great Lover's at Santa Anita, but it didn't count. No jockey, no jack, and Ima Count threw his reinsman. Here are the two rallops just after crossing the finish line, with the riderless Ima Count in the foreground.

FIRST DOWN -AND THEN SOME BY HARRY GRAYSON

NEW YORK—Danno O'Mahony wrestles Ernie Dusek in Pittsburgh today, which is important only because of the very pronounced Ernie Dusek-for-champion movement within the clan.

Don't be surprised if the title changes hands in Pittsburgh. Many suspected that it would be passed along to 6'6" Don George in New York the other night, but the Michigan product succeeded in throwing himself in 1 hour and 34 minutes.

As I pointed out some days ago, those in command of the main body of heavyweight grapplers are said to have decided upon Dusek as the successor to O'Mahony, who spells the name without the "e." The de-throning of O'Mahony is scheduled to take place between now and the Irishman's return to his native land in March.

It is significant that Rudy, elder of the Duseks, started his boxing career as a manager and second in Ernie's corner. Rudy, a headliner for years, hasn't been an active combatant since last March when he injured the muscles in his back in being tossed from a ring. His present intention is to give the entire athletic world a lesson in Ernie's corner.

Rudy Dusek has been one of the powers of the industry for some time—closely associated with the big shots. Jack Curley and Joe (Toots) Mondt of New York, Paul Bowser of Boston, Tom Packs of St. Louis, Ray Fabiani of Philadelphia, and Ed White of Chicago.

Ernie Dusek is everything that O'Mahony isn't. Dusek belongs and meets all the requirements. The O'Mahony society has regarded O'Mahony as the interloper from the outside.

On the other hand, Dusek, now 25, has served his apprenticeship well and is entitled to the opportunity. Dusek really can wrestle.

Dusek has filled out to a good 240 pounds—looks the part of a champion to the cauliflower ears. O'Mahony's arms, chest, and legs are those of a youngster who is still years shy of complete development.

Dusek can't even act. Dusek is one of the more magnetic attractions. Having studied the Jim Londos technique for several years, the Nebraska can grunt, groan, and grimace with the best. He is equally at home in the role of hurt to either see him tear some other pachyderm limb from limb, or be torn.

LeFors to Have 12 Players Back

Passing of the 19-year-old rule will be met with much joy by the 12 members of last year's Pirate squad. Only one member will be lost with the change from the older age rule.

Five of the 12 boys back will be sophomores, one will be a junior, and the rest will be seniors. Six of the boys were starters with the Pirate first string during the 1935 season. Three of the boys will be playing their third season with the Pirates.

Among those who will return will be Harold Morgan, great little quarterback who made all-district quarterback last season; Scott Hall, big fullback; Ted Gighan, blocking halfback; Alvin Driggers, huge tackle; the Simmons brothers, Ted and Walter, a pair of line linemen; Ray Carruth, Pierce Dignan, Carl Hall, Elmer Husband, David McNabb, Reece Williamson.

WILDCATS WIN ABILENE JAN. 28

ABILENE, Jan. 28 (AP)—The Abilene Christian college Wildcats opened the Texas conference basketball race last night with a 43 to 34 victory over Trinity university of Waco.

It was a see-saw contest after Trinity overcame the Wildcats' early 19 to 6 lead to forge ahead. The count was knotted at 20-all at the half, Turner of the invaders was high scorer with 16 points.

Basketball Over The Panhandle

PLAINVIEW, Jan. 28.—Two evenly matched game quints will go into action here tonight when the Shallowater five invade the Bulldog court for a return tilt.

The Shallowater team averages about the same in height and speed as the probable starters for Plainview. The Bulldogs went down to a contest at Shallowater two weeks ago.

Plainview probable starters are Lowry and Milner, forwards; Chisholm, center; A. Miller and Driver, guards. Reddell, tall Bulldog center, will probably be out of the game on account of a knee injury. Coach Froggy Lovorn said today.

CROWELL BEATEN AGAIN

VERNON, Jan. 28.—Another team in the Northwest Texas Conference basketball race lost its perfect record last week when the Wichita Falls Coyotes beat the Crowell Wildcats, 32 to 27, at Crowell. This was their first loss in three starts for last year's conference champions and left the Quannah Indians as the only undefeated quintet in the loop.

Quannah beat Electra 43 to 19, early in the week at Quannah. The only other conference game of the week gave the Vernon Lions a 29 to 12 victory over Electra's Tigers at Electra.

Conference Standing
Team W. L. Pct
Quannah 3 0 1.000
Crowell 2 1 .666
Vernon 2 2 .500
Wichita Falls 2 2 .500
Electra 0 4 .000

Games This Week
Tuesday—Crowell at Vernon;
Friday—Electra at Crowell; Vernon at Wichita Falls.

MARANVILLE HOPES TO BREAK LEAGUE RECORD DESPITE LEG

BOSTON, Jan. 28 (AP)—Soon after the management of the Boston Braves selects a new nickname—probably "The Bronchos"—it will take up the future of its popular infield veteran, Walter James Vincent Maranville.

Maranville, the 43-year-old "Rabbit" now is nursing his mended leg in hopes of breaking Hans Wagner's National league record of playing in 2,785 games. Maranville needs 119 more to do it.

This major leaguer of 23 years' standing still considers himself capable of holding down a regular day despite the fact that the leg fracture he suffered in the 1934 training camp would have forced the veteran to retire into permanent retirement.

Last season he played in 20 games, during which he made but three errors, and boasted that his leg was stronger than ever, but teammates noticed that as he gaily skipped about his forehead perspired, as if he was suffering intense pain.

Bob Quinn has written twice to Maranville, but has had no reply, he believes that Manager Bill McKechnie, who sadly agrees that the "Rabbit" is done as a player, will make some sort of a decision about him after February 4.

Maranville's host of admirers are hoping that if McKechnie decides they are over, he will add his to his coaching staff.

TCU VS FORDHAM

FORT WORTH, Jan. 28 (AP)—Raymond B. Wolf, athletic director at Texas Christian university, announced today that arrangements had been completed for a football game with the Fordham university team in New York City in 1937.

The game, the first for the Christians in the east, will be played on Oct. 23 at either the Yankee stadium or the Polo Grounds.

MAXIM RECOIL

MIAMI, Fla. (AP)—The old saying, "finders keepers," backed for Charley Welch, negro watchman. Charley was sentenced to a year in jail after he admitted finding, and keeping, \$2,500 buried in a tin can in his employer's yard.

Tarleton Will Play Old Jinx For 52nd Win

STEPHENSVILLE, Jan. 28 (AP)—The John Tarleton college Playboys will face a jinx tonight when they attempt to win their fifty-second basketball game in a row in a contest here with the Weatherford Junior college Coyotes.

Although the Junior college team has beaten many strong senior institution quintets in the long series of consecutive victories, the Playboys always dread the Coyotes. "The Coyotes," said Coach W. J. Wisdom, "have always been a jinx for Tarleton. Time and again my teams have had the conference title all but won and then the Coyotes would come along and ruin our chances."

PRICE LIKES A FAST BREAK IN BASKETBALL

CENTER JUMP SHOULD BE ELIMINATED, HE BELIEVES

BY C. N. (NIBS) PRICE
Basketball Coach, University of California

(Written for The Associated Press) BERKELEY, Calif. (AP)—The California basketball squad made a long swing to the Atlantic coast this season, giving us a good opportunity to compare different styles of play and to form some estimate of our own methods.

The trip has confirmed my judgment that the fast breaking offense should be used at every opportunity. It is a particularly good thing here on the Pacific coast, where the fans like and expect a fast game, but that is not my chief reason for using it. I use it because I want to make baskets, and if we can beat the defense down before they get set and thus make a score I think it is good tactics.

Of course, when we are balked the team has to go into a set formation and fight its way through by the slow-breaking method. Our system has thus been a free-swinging system.

I believe other sections of the country are coming over to this style of play. It was particularly noticeable in the middle west, Illinois is doing it, and I notice that New York university will swing until it gets stopped and then go into a set formation.

I favor the elimination of the center jump. Among many arguments against it is that when the centers are anywhere near evenly matched it is seldom, indeed, that you get a clean-out play off center. I can't recognize that argument. There is of course a thrill to seeing a basket thrown, but to my mind the only real "climax" is when the two teams go into the final minutes of play with the score a tie or very close to a tie.

In the middle west some coaches suggested that the center jump be retained, but that all members of the team be rotated at center; thus doing away with the single, tall center. I know what I'd do in the way of a "bating order" in that case—but I can't see that the system would improve the game any.

One result of the elimination of the center jump and the restriction on pivot play that I think calls for comment is that the new rules make for the use of smaller and cleverer men in basketball. We still have to have height around the boards, but the team as whole will have to be more clever.

MAHAFFEY SOLD

ST. LOUIS, Jan. 28 (AP)—Manager Rogers Hornsby announced today that St. Louis Browns had obtained Pitcher Leroy Mahaffey from the Philadelphia Athletics for the waiver price of \$7,500.

Last season he played in 20 games, during which he made but three errors, and boasted that his leg was stronger than ever, but teammates noticed that as he gaily skipped about his forehead perspired, as if he was suffering intense pain.

Bob Quinn has written twice to Maranville, but has had no reply, he believes that Manager Bill McKechnie, who sadly agrees that the "Rabbit" is done as a player, will make some sort of a decision about him after February 4.

Maranville's host of admirers are hoping that if McKechnie decides they are over, he will add his to his coaching staff.

The Little Harvester

VOL. 5

PAMPA, TEXAS, TUESDAY, JANUARY 28, 1936.

No. 18

HARVESTERS WILL ENCOUNTER CAGERS OF LUBBOCK, BORGER, AND PLAINVIEW DURING WEEK

South Plains Teams Will Come To Pampa

Pampa Harvesters will have three games this week, meeting cagers of Lubbock, Borger, and Plainview. The Borger squad will be seeking revenge when they meet the Harvesters at Borger Tuesday evening. The locals will fight against an inspired Borger five, for the Borger team will make a determined effort to break the string of victories the Harvesters now have over the Borger five. The Borger cagers came to the Pampa gymnasium last Friday evening and were defeated by only one point. The Bulldogs were trailing by a wide margin until the last quarter, when they went into a scoring spree and made 7 points.

Fred (Moose) Hartman was the scoring ace in the Borger game making 18 of the 25 points. Hartman seemed to have no shot at the basket. He merely tossed up the ball, and it would drop through the hoop.

Pampa lost one game last week to the Turkey Turks. This game broke their string of victories. In the first quarter of the game there were no scores and no fouls. In the second quarter, Stokes Green started the scoring with one field goal. The Turks held the lead all the rest of the game, and at the final whistle the score was 23-20.

Friday night the Lubbock West-erners will come to Pampa for the first game of the season with the Pampa cagers. The Lubbock West-erners have lost only one game out of 17. They have defeated the Amarillo Sandies twice by fair margins. The West-erners have been doing some fine work this season and are coming here to do all they can to defeat the Harvesters.

Students Appear On Program for Faculty Meeting

High school students appeared on the program at the general faculty meeting held in the city auditorium Saturday morning, at which Dr. J. A. Hill, president of W. T. S. T. C., gave the main address.

Six members of the journalism class, Mary McCallum, Rosemary Hampton, Betty Horner, Pauline Stewart, Fred McGahey, and Carl Camp, appeared in a demonstration class taught by Delmer Ashworth. Object of the lesson was to demonstrate how teachers may help their pupils to acquire the instinct for straight thinking.

Following the demonstration, Delmer Ashworth discussed the fundamental character of straight thinking in any program of character building, the latter being the theme of the program.

The Little Orchestra, directed by Winston Savage, opened the program by playing several popular selections. Helen Poolas played a violin solo.

Miss Anne Louise Jones, of the high school faculty, arranged the program.

McLean Defeats Gorillas Twice

The Gorillas lost two games last week. The McLean Tigers came here Thursday evening and defeated the Gorillas by a score of 30 to 19. The McLean boys were much larger than the local boys. The Little Apemen played good ball and showed the larger cagers that size was not all that counted.

The following evening the Gorillas went to McLean to play a return game and lost there by a score of 24 to 19. There is no game scheduled for this week for the Gorillas, but they will probably have a game before each of the Harvesters' home games.

Did You Know?

The teachers had to go to school Saturday?

That the Senior play has been postponed?

Mrs. Purdue, assistant manager of the cafeteria, is in the Worley hospital?

The senior rings and junior wrist-lets have not yet come, but they are expected, soon?

The journalism class is going to Panhandle Saturday?

Mildred Cole, high school senior, is sick?

Mr. Dennard's favorite movie actor is Popeye?

Mary McCallum has a new heart-throb?

A new student from Arkansas City, Kansas, has entered Pampa high? His name is Harry McMaham.

Tickets May Be Purchased Now For Senior Play

Tickets for the senior play, "Dollars To Doughnuts," went on sale this morning in rooms 208 and 308. Seniors, who are selling the tickets, can check out only \$1.20 worth of tickets at a time.

Admission to the play will be 35c for reserved seats and 25c for seats not reserved, for adults and students alike. The money from the play will be used to help defray expenses of the Carlsbad trip.

It was originally announced that the play would be presented January 31 and February 1, but the date has been changed to February 7 and 8.

The cast for the play includes Mary Douglas, Philip Nolan, Mickey Ledrick, Flora Deed Finley, Pauline Gregory, Tom Rose, Marjorie Skaggs, Mary Adams, J. G. McConnell, and Don Foster.

NOTABLE NOTHINGS OF P. H. S.

By The Nimble Nit-Wits

Why does Martha Price visit the Cretney Drug so much?

Billy Bratton would like to know the names of several boys in Miami. Lillian has been away from home a little too much of late.

And was Leona broken-hearted when Dennis left? Cheer up, Leona. There's always George, Leon, and Allan.

Snooper hears that Helen Frances is out for a "killing." Namely J. R.

If Snooper is to judge by the names on Fred Gordon's wall, Marge isn't the only one who can write.

Who is Peggy Stevens' heart-throb from Borger? Even Snooper doesn't know.

Miss McParlin asked her short-hand class to write to the former Princess of Wales and propose for her. How would she look as the Queen of England?

Helen Arndt is a bit absent-minded, and thereby hangs a tale. She was in a hurry one morning last week and was already on her way to school before she remembered that she had forgotten her handkerchief. Quickly she dashed back to her house, grabbed a blue something from a drawer, and stuffed it in her pocket. When she reached school, she reached in the pocket pulled out a blue sock and used it for hanky purposes.

Chris: "Dad, how do you spell 'high'?"

Mr. Martin: High—Why do you want to know?

Chris: I'm writing a theme on the High Era.

Betty Ann McTaggart's new man is said to be John Martin Woosoo!

Guess Who: Red head, football, I love me, Jean Gillespie's latest, tenor.

Editor-in-chief, Carl Camp's hon, flighty, blue eyes, brother Jack.

Declaimer, plump, senior play, '36 Plymouth, '34 Pontiac, baby beef champ.

Pianist in orchestra, brunette, brother Tom, teacher's pet.

Basketball, deacon, Edwina, future congressman, mattress maker.

"Jabo," boss horn, quartet, Sarah Pafford, Mr. Kelley's right hand, talks like Popeye.

Pug nose, debater, rubber mouth, brother Roger, Durant coach.

Red socks, loud shirts, loud ties, 'Chuncky, '34 Ford, Sis Harriet, dad's on school board.

Soda jerker, '35 Chrysler, Martha Price, plays saxophone two inches taller than himself.

Journalism class nicknames: Pauline Stewart—"Tee-Hee," Mary McCallum—"Giggle," John Martin—"Pinky," Alta Marie Terrell—"Ree," Carl Camp—"Jiggs," Betty Horner—"Betsy," Rosemary Hampton—"Rosie," Barbara Kilgore—"Barbs," Hampton Stennis—"Sluck," C. P. Ledrick—"Mickey," Ruth Broyles—"Ruthies," Fred McGahey—"Mac," Vernon Van Bibber—"Van."

Club Boys Have Begun Practice

Members of the H-Y and F. P. A. have begun practice for the intramural basketball contest. The H-Y team has not yet been selected. Players on the F. P. A. team are Elizey Vanderburg, James Herring, Ed Hassell, J. R. Green, Wilbur Irving, Edward Haner, Albert Webster, E. W. Hogan, Frank Duff, Farrington Lewis, and Aaron Hunter.

A joint meeting of the organizations was held yesterday evening.

Thursday Is Designated Snapshot Day

Thursday has been designated as another snapshot day, providing the weather is fair, annual staff members announced yesterday.

Although a recent day was devoted to the taking of snapshots for the yearbook, not enough pictures have yet been turned in, Mrs. Hol Wagner said yesterday.

Staff members urged that students bring cameras Thursday and take as many pictures as possible. Each student should consider himself responsible for at least one picture of himself for the snapshot section of the annual. They said pictures must be developed before being placed in the box in the center hall.

Schedules for taking activity pictures will be completed within a month.

PHS STUDENTS WILL ATTEND ANNUAL MEET

Press Delegates to Assemble at Panhandle

All members of the Little Harvester staff will attend the annual convention of the Panhandle High School Press association Saturday at Panhandle, where delegations from 18 towns will assemble.

The day's program will deal with various phases of high school newspaper work. Following registration, which will take place from 9 until 10 o'clock, the first general session will be held. Group meetings and other general sessions will be held during the day. The convention will end at about 5 o'clock.

Delmer Ashworth, faculty adviser of the Little Harvester staff, will have charge of a group meeting of news and sports writers. The staff of the Panther's Scream, Panhandle high school paper, will be hosts to the visiting delegates at a luncheon.

Results of the association's contests will be announced at the convention. These contests include the newspaper, the editorial, and the news story. Trophies supplied by the Pampa Daily News, the Amarillo Globe-News, and the Canyon News will go to the winning schools. Three-time winners retain their trophies.

An editorial by Betty Horner, a news story by Carl Camp, and issues of the Little Harvester have been entered in the contests.

Pampa high school was host to the convention last year.

Not For The Chosen Few

With the start of the second semester, the time for active work in preparation for Interscholastic League contests is near. Announcements have already been made in regard to these contests, and more may be expected soon. If Pampa is to do well in League work this year, students must enter wholeheartedly into the work.

Through these contests each year many students become interested in various types of work and discover that they possess abilities of which they were unaware. The experience of thousands of persons, since the League work started, has attested the practical value and interesting quality of the contests. It is frequently the experience of students to have life interests, hobbies, and even vocations to be strongly influenced by such work.

It is sufficient, however, that the annual contests afford students an opportunity to engage in stimulating recreational activities which are given added zest by the necessity of the students' pitting their talents against those of other schools.

Students should remember that the League contests are not for the chosen few, but that the participation of many is desired. Nor should any student be quick to decide that he would have no chance in any given contest, but mean only that he has developed into an excellent debater, for example, who thought so little of his ability that he entered the tryouts only at the insistence of others.

It should be kept in mind also that repeated efforts may do wonders. As in football, it is not frequently the case that a boy proves to be a stellar performer in his first season. Practice is essential. If you have tried out in past years and failed to win a place as a school representative, that means only that you should have a better chance this year. And, if you have not entered a contest in the past and think you would have no chance this year, participation now may enable you to be a strong contender next year. In any case, the work is worth while for its own sake.

The League contests, it should be repeated, are not for the chosen few. They are for you.

GIRLS OF PAMPA HIGH SCHOOL EXPRESS OPINIONS IN ANSWERS TO QUESTIONNAIRE GIVEN HERE

English Is Named as Most Important Subject

Miss Branom has cause to go on her way rejoicing! In the questionnaire given to high school students, 315 girls gave varied and unusual opinions. Two voted Clarine Branom as the living American they most admired, and L. L. Sone, E. N. Dendard, Anne Louise Jones, and Mrs. Hol Wagner each received one vote. President Roosevelt, Amelia Barhart, Admiral Byrd, Lindbergh, and Frances Perkins were the favorites in the voting, however.

If Pampa boys have been wondering what is causing their best girls to be so distant, they may put it down to timidity or to self-consciousness, because there are only 102 girls who are positive they are neither.

Bing Crosby and Gene Autry were listed by two as being great composers of music. Mozart and Schubert, however, were most frequently mentioned.

Do you resemble Dick Powell, Clark Gable, or Will Rogers? Girls voted for these as their favorite movie actors. Ginger Rogers, Ruby Keeler, and Shirley Temple are the most popular actresses.

Little Harvester staff members were gratified to learn that at least 102 girls read the school paper before other sections of the paper. The comic section is most universally read first.

PRELIMINARIES IN SELECTION OF SCHOOL FAVORITES WILL BE STARTED HERE THIS WEEK

Texas University Gives High Rank To PHS Students

Pampa graduates who were freshmen in the University of Texas last year were scored as being more than 10 points above the average students from all schools, according to a report received from the University yesterday by Mrs. Lou Roberts, registrar.

Under the method used in scoring the students, the five freshmen from Pampa were rated at 39.3 points, while the average for all Texas schools was 29.1 points.

Only 10 Texas schools scored a higher number of points than did Pampa. None of these schools had as many students enrolled; in almost all cases they were represented by only one student. Under the method used, one straight A student would give his home school a higher rating than would a large number of excellent students one or two of whom fell only slightly under an A-average.

The students from Pampa on whose work last year the report was based were Max Brown, Robert Meers, George Keabey, Franklin Baer, and Opal Denson. They are again enrolled in the University this year.

League Work To Be Started Soon

Practice for the literary events for the Interscholastic League contest of the Little Harvester staff, will be started soon.

Students who wish to try out for declaration should see Ben Guill, this week. Ernest Cabe has charge of extemporaneous speech work, and Ed Osborne will direct the debate team.

Mr. Guill said yesterday that the casts trying out for the one-act play must learn their parts immediately.

Spelling, essay writing, and content in commercial work are other events which have not been started as yet.

opportunity to engage in stimulating recreational activities which are given added zest by the necessity of the students' pitting their talents against those of other schools.

Students should remember that the League contests are not for the chosen few, but that the participation of many is desired. Nor should any student be quick to decide that he would have no chance in any given contest, but mean only that he has developed into an excellent debater, for example, who thought so little of his ability that he entered the tryouts only at the insistence of others.

It should be kept in mind also that repeated efforts may do wonders. As in football, it is not frequently the case that a boy proves to be a stellar performer in his first season. Practice is essential. If you have tried out in past years and failed to win a place as a school representative, that means only that you should have a better chance this year. And, if you have not entered a contest in the past and think you would have no chance this year, participation now may enable you to be a strong contender next year. In any case, the work is worth while for its own sake.

The League contests, it should be repeated, are not for the chosen few. They are for you.

The Student Press Meet

Students from many West Texas schools will gather at Panhandle next Saturday when the annual meeting of the Panhandle High School Press association is held.

A group of Pampa students will attend the convention. They will meet students from other schools, which they will take part in sessions in which they, not faculty advisers, will be most active. They will discuss common problems. While learning more about student newspaper work, they will learn more about each other.

Student conventions have a definite value in that they offer another way in which students are placed in real-life situations. They are not studying about life. They are living.

This convention should call the attention of citizens at large to the value of school newspaper work. While student publications are not of course, the same as commercial newspapers, they nevertheless give students experience with an institution with which all citizens should be more familiar. Although the newspaper has a vast influence over the life of the average citizen, it is only the exceptional citizen who realizes their influence, who understands the problems and ideals of newspaper-makers, and who knows how to select his newspaper intelligently.

Students are satisfied with your grades for last semester? If not, do you blame it on the teacher because he "doesn't like you" or do you admit that you might, accidentally, of course, not have studied as much as you should have.

The thing to do in a case of this kind is to determine to do better in the future. Don't stop at determination—study! More time spent in studying outside of class would help a lot.

Another worthwhile step to take might be to pay attention in class instead of talking about what you did last night or dreaming about your latest crush. Even though you may think you're putting it over on the teacher at the time, then examinations are given again the truth will out.

At some time or another, the majority of students declare that a teacher has graded unjustly, because "Johnny got more than I, I passed the exam, he didn't." Did you ever try to estimate two hundred persons' work by numbers? Teachers are no more than human, and they make mistakes at times. Those mistakes are few, however; and it is absurd to call a teacher unfair when he merely calls out the score the student makes.

Remember that you are always more nearly right if you study from day to day. Cramming the night before a test does little good, while the study gives the student the same time largely eliminates the possibility of failure. Let's make good grades the remaining part of this year.—R. H.

Denzie Sparlin, sophomore, withdrew from school yesterday and left today for Lawton, Okla. He will enroll in high school there Wednesday and will be eligible to play football and basketball there.

Sparlin came here from Wellington in 1934. He was a member of the Harvester football squad during the past season.

Denzie Sparlin, sophomore, withdrew from school yesterday and left today for Lawton, Okla. He will enroll in high school there Wednesday and will be eligible to play football and basketball there.

Classes Will Choose Candidates For Contests

Rules for the popularity and beauty contests to be sponsored by the annual staff were announced yesterday by Mrs. Hol Wagner. All classes are requested to hold meetings as soon after Wednesday as possible. The purpose of the meetings will be to select candidates for the most beautiful girl, most handsome boy, most popular girl, and most popular boy.

There will be no limit to the number of candidates selected from the classes for the preliminaries if the number is within reason.

In the election of candidates all students are asked to use thought in making their choices for these contests. Class sponsors are being asked to stress the seriousness of choices made in the class meetings.

The preliminaries will be held on February 7 by written ballots and the classes will reduce their candidates to four entries, one in each contest from each class. The chapel program on Wednesday February 5, will be devoted to campaign speeches for these contests.

After February 7, the final contest will be launched. It will last for two weeks. The votes will not be written ballot but will be on a penny-a-vote basis because the annual this year sold for \$1.50 instead of \$2. The final contest will close at noon, February 22.

Mrs. Wagner has asked the class sponsors to urge seniors to vote for senior candidates, juniors to vote for junior candidates, and sophomores to vote for sophomore candidates.

Pennies for votes will be paid to class sponsors.

Person's Locker May Reveal His True Character

The following article was taken from The Sandstrom, Amarillo high school paper. It is reprinted with the idea that Pampa high students may find cause for thought in it:

"Do you ever notice a person's locker?"

"An enormous amount of information can be gathered by observing the contents of some of them."

"The girl who dives for a compact every few minutes and who is always scattering powder over her class and everything near her, invariably has a box of thirty-second beauty aids in hers."

"The boy who makes 'E's in English because he won't turn in book reports is found to have a locker crammed full of romance stories and blood-curdling cowboy yarns."

"And that fellow whose pants are always creased and who wears a tie every day displays a shelf of neatly arranged sources of knowledge when he swings wide his locker door."

"After observing an astoundingly large pile of gum wrappers in the bottom of one girl's locker, it is not difficult to guess what her favorite indoor sport is. In another one, a collection of old rancher letters reveals that their owner isn't the type to ask to mail a letter."

"What secrets does your locker tell?"

Sparlin Leaves To Go to Lawton

Denzie Sparlin, sophomore, withdrew from school yesterday and left today for Lawton, Okla. He will enroll in high school there Wednesday and will be eligible to play football and basketball there.

Sparlin came here from Wellington in 1934. He was a member of the Harvester football squad during the past season.

Suggestions on Grades

Students are satisfied with your grades for last semester? If not, do you blame it on the teacher because he "doesn't like you" or do you admit that you might, accidentally, of course, not have studied as much as you should have.

The thing to do in a case of this kind is to determine to do better in the future. Don't stop at determination—study! More time spent in studying outside of class would help a lot.

Another worthwhile step to take might be to pay attention in class instead of talking about what you did last night or dreaming about your latest crush. Even though you may think you're putting it over on the teacher at the time, then examinations are given again the truth will out.

At some time or another, the majority of students declare that a teacher has graded unjustly, because "Johnny got more than I, I passed the exam, he didn't." Did you ever try to estimate two hundred persons' work by numbers? Teachers are no more than human, and they make mistakes at times. Those mistakes are few, however; and it is absurd to call a teacher unfair when he merely calls out the score the student makes.

Remember that you are always more nearly right if you study from day to day. Cramming the night before a test does little good, while the study gives the student the same time largely eliminates the possibility of failure. Let's make good grades the remaining part of this year.—R. H.

BOY OF KING IS TAKEN TO CASTLE TOMB

EDWARD BITES LIPS TO HOLD COMPOURE DURING MARCH

BY BURDETTE JOHNS.

(Copyright, 1936, by The Associated Press.)

LONDON, Jan. 28.—King George V made his last journey through the London streets today, amid the tolling of cathedral bells, and was taken to Windsor castle for burial in the royal tomb beneath ancient St. George's chapel.

The majestic funeral procession from Westminster Hall began as the melodious Big Ben of Westminster Tower chimed 9:45 a. m. (3:45 a. m. C.S.T.).

Across the packed parliament Square, the bells of Westminster Abbey, where George was crowned a quarter of a century ago, took up the dirge.

The royal coffin, which rested in state for four days, was carried out of Westminster Hall and placed solemnly upon its gold carriage.

A great crowd stood silently and tearfully as the new King Edward VIII, his three brothers and other royal and diplomatic mourners led in line afoot behind the coffin, which was drawn to Paddington Station, and placed there on a train for Windsor.

The new king was seen to bite his lips trying to maintain his composure as the cortege moved through the streets.

Queen Mary, heavily veiled, and the other women of the royal party rode in carriages immediately behind King Edward, the Dukes of York, Gloucester, and Kent and the five visiting kings.

The funeral gun carriage was transported by 150 sailors, 100 pulling on ropes in front of the carriage and 50 holding the draglines behind.

A mile away, in front of St. James' palace, the head of the procession received a wireless signal, after the royal coffin was placed on the gun carriage, and the cortege started.

Hoarse military commands, the clanging of horses' hoofs and the crunching of human feet on sanded roads mingled with the tolling of the bells and the occasional sobs of the crowd.

The cortege marched down Whitehall past the Cenotaph, standing in the line between government buildings, each window packed with on-lookers.

Occasional raucous cries of hawkers, selling mirrors and periscopes and crying, "a good view for sixpence," broke the funeral hush.

The procession veered to the left through the Horseguards' parade, where on his birthday each June King George reviewed his troops.

The grounds today were filled with rows of chairs occupied by members of parliament, government officials and their guests.

The route led down the Mall, within sight of Buckingham palace, and then turned sharply to the right past St. James' palace to Piccadilly, usually a gay, lively district, but today garbed in deepest mourning.

King Edward plodded slowly behind the draped coffin, on which rested the crown, the orb, the sceptre and the insignia of the Order of the Garter.

A single wreath, the last tribute from Queen Mary, rested on the coffin.

The rain, which fell heavily during the early morning, stopped, and the sun broke briefly through the clouds.

Norman H. Davis, President Roosevelt's "ambassador-at-large," wearing a top hat and morning clothes, accompanied the special ambassadors. They walked directly behind Queen Mary's carriage.

King Edward wore the uniform of the admiral of the fleet. The Duke of York wore an air force uniform.

It was the exceptional citizen, too, who knows when to commend or to blame the newspaper.

To some degree high school newspaper staffs learn these things. Their knowledge will be of value to them.

George Sought In Pampa—Wears Fine Clothing

The question on everyone's tongue today is "Where's George?" Nobody knows anything about him and no one has ever seen him, but everybody is looking for him.

All the legends once attached to One-Eyed Connelly and Paul Bunyon, with a lot more that are essentially his own are attributed to George. He's everywhere and he has a knack of effacing himself from the most embarrassing situations. It is his quick and mysterious getaway that has put all Pampa on a man hunt for George.

George is wanted for leaving a farmer's daughter with a broken heart, for resisting arrest, for leaving a chain gang flat, for wife desertion, for a hundred other alleged escapes, yet he always manages in his own adroit way to elude detection.

The only clue to George's whereabouts, so far as the Pampa public can gather, is that this mysterious and elusive individual has a weakness for fine clothing. Carter's Men's Wear report that there is conclusive evidence of his having been in their store many times in the last few days, where he is alleged to have purchased certain items of wearing apparel.

BUSINESS IS TRANSACTED BY THREE CHURCH SOCIETIES

TWO GENERAL MEETINGS AND UNITS CONVENED

METHODIST OFFICES FILLED; BAPTISTS PAY VISITS

Women of three churches attended meetings yesterday afternoon. First Baptist Missionary unit in circle sessions, and the Methodist Missionary societies in general business hours.

Announcement of a training school to begin February 23 was made to First Methodist women when all four circles met together at the church. Mrs. John Hessey was in charge for the business.

Mrs. H. W. Kiser was elected reporter for the society, to fill a vacancy. Reports from the superintendents of study, baby special, and publicity were heard.

Reporting on the recent zone meeting at Wheeler, Mrs. Hessey termed it one of the most instructive ever held in this area, and was given a playlet that was reviewed.

Mrs. H. O. Roberts emphasized the need for subscriptions to the Outlook, society magazine, by each member. Mrs. Ward reported taking literature to the Colored Methodist church here.

Mrs. S. A. Hurst spoke on Christian Social Relationships, and to end the meeting conducted a dedication service.

Circle one had 14 members present, circle two had 13, circle three 11, and circle four 17.

WMU CIRCLES MET IN LEADERS' HOMES

Visits were made by members of First Baptist circles after meetings in the homes of leaders. Each group conducted a devotional and business session before starting to the homes of ill or absent members, shut-ins, and invalids.

Circle two met with Mrs. H. L. Watt with eight present; three members of circle three met with Mrs. R. E. Gatlin; Mrs. Eshamel Hill was hostess to five members of circle four; circle five had four members at the home of Mrs. C. L. McKinney; four members of circle six met with Mrs. R. W. Seeds; and Mrs. John Jett was hostess to five members of circle 7.

The meeting next week will be a general one at the church for business and a Royal Service program.

SOCIAL CLOSURE HOUR FOR MCCULLOUGH-HARRAH

Two office vacancies were filled when McCullough-Harrah Methodist

A New Smile

Hollywood just couldn't resist this request. Mrs. Mae Jones, curly-haired 11-year-old charmer, is in the movies. She's beaming her happiness here, after her contract for \$125 a week was approved in Los Angeles court.

women met together at McCullough church for business. Mrs. Lewis Hunter was elected silver custodian, and Mrs. William Cox vice president.

Mrs. H. V. Wallace presented the devotional talk before the business hour, and afterward Mrs. B. L. Robinson, Mrs. V. N. Osborne, and Mrs. Ben Ward served refreshments.

From Isabelle McCullough circle, Mrs. Timms was present as a new member, Mrs. Hopkins as a visitor, and Mmes. J. W. Foster, E. N. Franklin, J. E. Beard, H. C. Boyd, A. N. Rogers, E. C. Casey, C. W. Tolle, C. D. Harris, E. L. Campbell, A. A. Smith, A. McClendon, Wallace, and the hostesses.

Mmes. E. G. Hemphill, Paul Johnson, Cox, Hunter, and Ora Cook attended from Ella Harrah circle.

Farewell Party Is Given for Mr. and Mrs. Turner

Mr. and Mrs. George J. Turner, who are to leave soon for Borgert to make their home, were complimented with a farewell party Saturday evening at the community hall in Phillips camp.

Mr. and Mrs. C. F. Jones, Mr. and Mrs. Emmitt Edwards, Mr. and Mrs. Ira Westbrook, Mr. and Mrs. Ray E. Huling were hosts, and 35 couples were guests.

In the bridge games, Mrs. John House made high score for women and Mr. Westbrook for men. Refreshments were served, then Mr. and Mrs. Turner faced a mock trial before three judges, who found them guilty of leaving the community without consent of the people after making many friends and doing their work efficiently.

At the close of the trial they were presented with a gift from the friends present, with best wishes for success in their new home. Mr. Turner has been promoted to a position as district superintendent in his company.

Miami News

MIAMI, Jan. 28.—Miss Mary Jane Osborne, who attends W. T. S. T. C., was the week-end guest of her parents, Mr. and Mrs. J. P. Osborne.

Miss Nancy Strain spent the week-end with her father in Canyon.

Mr. and Mrs. W. M. Byers received a message Monday that his mother died at Des Moines, Iowa. Mr. and Mrs. Byers left today for Gage, Oklahoma where the funeral will be held.

Mrs. Wilbur Waggoner is visiting her father, J. F. Rasor.

Misses Zell Stewart and Anne Hopkins spent the week-end with friends in Canyon.

Junior Home Progress club is preparing to present a lady minstrel entitled, "Costly Cuties" at the school house Friday evening. There will be singing and dancing along with the jokes by a cast of seven-teen characters.

Year's Work Pays For 4-H Club Girl

"I have been well paid for my efforts as a club worker," said Miss Beryl Tignor of the Sunshine 4-H club.

As wardrobe cooperator Beryl made three cotton dresses and one child's suit, valued at \$5.55. As a garden cooperator she canned 13 quarts and 15 pints of fruits and vegetables, valued at \$6.50. As bedroom cooperator Beryl made a pair of pillow cases, a linen scarf and a linen towel, valued at \$2.75.

She won as prize money \$2 at the county fair, \$5.25 at the district fair, and \$4 at the quilt and linen show. This makes a grand total for the year of \$23.85.

WINDOWS URGE SAFETY

Two safety displays have been arranged in store windows here, according to the list arranged in the traffic safety campaign sponsored by the Business and Professional Women's club. Murfee's Inc. and Levine's have each arranged windows this week.

FATHERS ASKED TO BAKER P-TA MEETING TODAY

Annual Dads' Night Program to Open At 7:45

Invitations have been sent to all fathers of B. M. Baker pupils, asking them to attend their annual program at the school building this evening at 7:45. Pupils made the clever invitations, with a line of pictured elephants and an admonition to "Follow the leader" to the Dads' night program.

Sponsored by the Baker Parent-Teacher association, one evening each year is set aside in this school for fathers' visits, and a program is arranged especially for the men. It will be only one hour long. Teachers will welcome the parents; Supt. R. B. Fisher will be the speaker, and a surprise feature is planned. Principal J. A. Meek will act as chairman for the evening.

A prize will be given to the room represented by the most fathers, and one with the most mothers present. Through the entire year, the attendance prize has gone each month to Mrs. J. P. Arrington's room, and other rooms have declared intentions of capturing the award this month.

Boy Plays Host On Birthday at Valentine Party

Edsel Warren McCrea entertained six small guests Monday at his parents' home, honoring his eighth birthday. The party carried out Valentine suggestions.

Eight red candles were arranged in heart shape on the white birthday cake, which was served with pink and white ice cream. Valentine favors were given.

Guests were Nancy Post, Nicky Fraser, Johnny Sue Hart, Pete Post Jr., Jack Pettibone, Bobby Johnson.

Forum Scheduled For Church Hour

An open forum will feature the program of Food, Faith and Fun at the First Methodist church tomorrow. The discussion will follow the weekly covered dish supper, which starts at 7 o'clock.

Closing in just one hour, the program will be followed by regular choir rehearsal and a meeting of the Board of Christian education. All members of the church and their friends are invited.

Many Friends Are Guests at Shower In Anderson Home

Mrs. W. R. Anderson was hostess to a surprise shower for Mrs. L. S. Tatro Friday afternoon. An hour was spent in contests and games then the gifts were presented. Fruit salad, cake, and coffee were served with favors of mints in tiny blue baby shoes.

Guests were Mmes. Tatro, R. P. Hancock, W. E. Noblitt, Roy Holt, Charles Clark, A. D. Hastin, L. H. Tatro, Fred Culverhouse, W. M. Miller, W. V. Woodcock, H. L. Atkinson, G. H. Johnson, G. R. Henderson, C. L. Stephens, H. Simmons, D. H. Paronto, C. M. Blymiller, R. A. Mack, G. T. Bunch, A. R. Walberg, Ralph Rutman, Joe Brown, Herman Lewis, R. S. Walker, Carl Forsythe, C. R. Followell, H. L. Holbrook, and Miss Katherine Langford.

Gifts were sent by Mmes. Harry Anderson, B. B. McLenore, W. J. Brown, S. E. Smith, Arnold Jones, H. A. Blymiller, R. A. Eldridge, Joe Spencer, George Lowe, Glen Culverhouse, Odessa Brewer, Cecil Culverhouse, J. M. Shelton, Cora Kolb.

Mmes. Dillman and Hughes Are Shower Hostesses Recently

Mrs. George Dillman and Mrs. Paul Hughes entertained with a shower for Mrs. Busz Urbanczyk recently at the home of Mrs. Tom Skibinski. When the guest of honor arrived the dainty gifts were admired.

After a number of games, refreshments of chicken gumbo, wafers, fruit rolls, and chocolate were served in a nursery motif to Mmes. Urbanczyk, George E. Rohan, E. S. Warminski, S. C. Kalka, John Urbanczyk, Laddie Kotara, T. L. Haiduk, L. Spencer, Roland Daur, M. J. Warminski, L. M. Bichsel, E. E. McNutt, John Kalka, Ben Rapshtine, McKnight.

Those who sent gifts were Mmes. G. P. Bradbury, Connor O'Neil, Hattie Haggard, Bruce Head, L. P. Eakin, Sammie Kotara.

V. F. W. AUXILIARY

The V. F. W. Auxiliary will meet this evening at 8 o'clock at the Legion hut. Mrs. E. W. Waddell, president, will be in charge of the business session and urges all members to be present.

QUIET, PLEASE

DUNN, N. C. (AP)—Husbands and wives were checking up on their mates' snoring habits, if any, for a new reason—economic—today. Someone digging through the town archives found an old ordinance making it unlawful to snore and assessing a \$10 fine for violation.

MRS. GREER IS HONORED WITH BRIDAL SHOWER

FORMER TEACHER AT McLEAN IS GIVEN PARTY

McLEAN, Jan. 28.—Mrs. N. H. Greer, who before her recent marriage was Miss Pearl Simmons, third grade teacher in McLean ward school, was honored with a miscellaneous shower at the home of Mrs. Charles E. Cook Thursday afternoon. Mrs. J. E. Lynch and Mrs. Evan Sitter were hostesses.

Miss Elizabeth Kennedy and Mrs. Jim Back each gave readings.

Present with gifts and best wishes for the bride were Mrs. N. A. Greer, mother of the groom, Mrs. Harold Clements and Mrs. Henry Benson, his sisters, and Mmes. Vera Smith, Karl Estes, J. W. Butler, B. B. Batson, Pete Fulbright, T. J. Coffey, J. T. Hicks.

Mmes. Marna Woods, Scott Johnson, W. K. Wharton, Jim Back, John Harris, Cooke, and Lynch; Misses Kennedy, Vera Hamilton, and Mildred Bessie.

Those who sent gifts were Mmes. Mary Greer, H. W. Finley, R. L. Adams, C. C. Doole, Bernice Cubine, Eric Cubine, Bob Lynch, J. L. Hess, George Sitter, W. T. Wilson, W. L. Campbell, Dewey Campbell.

Mmes. S. D. Shelbourne, Earl Stuebfield, George Colebank, O. E. Leach, J. Ray Davis, Ben Gray, Willie Boyett, E. E. Dishman, William H. Allen, Vernon Johnston, D. M. Graham; Misses Margaret Glass, Jewell Cousins, Frances Noel, Idabel Newman, Thelma Jean Dishman.

Mrs. and Mrs. W. A. Erwin, Mr. and Mrs. J. A. Meador, Dr. C. B. Batson, Mr. and Mrs. Kid McCoy, Mr. and Mrs. T. H. Andrews, Mr. and Mrs. W. H. Blevins, Mr. and Mrs. A. R. McHaney, Martin Murdoch.

Girls Model Dresses

Fifty-six girls, members of one of the three first-year sewing classes in the high school home economics department, under the supervision of Miss Allene Mallow, modeled their own dresses before the student body and a number of visitors Friday afternoon from 3 to 4 o'clock.

"Never," said many who knew, "have McLean high school girls dresses looked so well and been made so well."

Leta Mae Phillips, daughter of Mr. Rish Phillips, was awarded first place and will be entitled to attend the state clothing contest in the spring and enter her dress.

Johnie Mae Scott, daughter of Mr. and Mrs. John Scott, was runner-up for first place. Second place was won by Dorothy Sitter, daughter of Mr. and Mrs. Evan Sitter, and third place went to Ruth Thacker, daughter of Mr. and Mrs. Amos Thacker.

Receiving honorable mention were Germa Colebank, Shirley Johnston, Ermadell Floyd, Mabel Back, Margie Lochridge, Wilma Holmes, Nola Burr, Wilma West, Glendora Bailey, and Naomi Weeks.

Judges, who declared there were so many really nice dresses that their task was difficult, were Miss Joellene Vannoy, Mrs. C. S. Doole, Mrs. J. W. Butler, and Mrs. Kroonts.

Graduate Student Leaves

Miss Joellene Vannoy, former home economics teacher in McLean high school who for the past year has been home demonstration agent of Martin county with headquarters at Stanton, will leave soon for Columbia university, New York, and complete work toward her master's degree.

Miss Vannoy for several weeks has been the guest of her parents, Mr. and Mrs. John B. Vannoy. She is a graduate of McLean high school and received her B. S. degree from Texas Tech, Lubbock.

P-TA Hears Band Contest

Before a large crowd Thursday evening in the high school auditorium, the local band presented a concert under direction of Prof. C. H. Deeds. The program marked the regular meeting of the Parent-Teacher association here.

Prize pictures for attendance of the most parents were awarded to the sixth grade, sponsored by Principal A. R. McHaney, and the first grade taught by Miss Vera Hamilton.

Centennial Fair To Be Sponsored By Wilson P-TA

Sponsored by Woodrow Wilson Parent-Teacher association, a Centennial fair is announced for Friday evening at Wilson school. It will combine carnival features with exhibits by the students, a doll show and minstrel.

Mrs. Frank Shotwell, president of the association, has appointed committees who are working with teachers and pupils in arrangements.

The public will be invited. Entertainment will begin at 7 o'clock, but the main show in the auditorium is scheduled to open at 8:30.

BANKED FIRE

MONTGOMERY, Ala. (AP)—Four years ago the Montgomery city hall burned to the ground. The fire department riddled its hose and went home and, in time, people forgot about it except when they looked at the heap of debris.

Yesterday a steam shovel bit into the remains and uncovered timbers still hot and smouldering.

'Miss Frontier'

EL PASO FINDS UNCLE OF FDR SHOT TO DEATH

Judge Satisfied Aged Man Killed Himself

EL PASO, Jan. 28. (AP)—Paul R. Forbes, an uncle of President Roosevelt, was found shot to death in his locked apartment here last night. Justice of the Peace M. V. Ward, saying he was satisfied the 75-year-old man shot himself, announced no inquest would be held. Forbes was shot in the roof of the mouth with a revolver.

Forbes' widow was the former Miss Dora Delano, sister of President Roosevelt's mother. When Forbes married her in June, 1903 in Paris he took his brother's widow. Her first husband was William Powell Forbes.

Friends here said Mrs. Forbes lives in Paris, adding that she and her husband had lived apart about 15 years.

Forbes usually spent his winters here. He had been under care of a physician for some time. His nurse and secretary, Mrs. Ina B. Wright, found the body in the kitchen of the six-room apartment.

Mrs. Wright said Forbes sat in the lobby of a downtown hotel until late in the afternoon and that when she went to the apartment early in the evening she found the door locked. Calling help, she gained entrance.

FDR SAYS GO EASY ON BABY BOND CASHING

PERSONALLY APPEALS TO VETS TO BE THRIFTY

WASHINGTON, Jan. 28. (AP)—Presses thundered and an army of clerks tolled today as the government tackled the task of paying off 3,518,191 World War bonuses—the most tremendous job of its kind in history.

Even as he threw the pay-off machinery into gear, President Roosevelt issued an appeal saying that unless veterans need the money for some "permanently useful purpose," they should "batten as nest eggs the cashable 'baby bonds' which congress voted them over the executive's veto.

The White House and commanders of major veterans organizations joined in a statement warning against the "frittering away of cash."

Attention on the question of new taxes to finance the \$2,491,000,000 bonus bill, the White House had moved to comply with the "mandate" of congress soon after the senate wrote the measure into law yesterday, 76 to 19. The president ordered his subordinates to carry out the act "as expeditiously as ac-

BLACK-DRAUGHT Next Time You Need a Laxative

For constipation, take a dose of Black-Draught as soon as you realize any condition you are in.

"If I am 'bilious,' have headaches or a cold, I take a dose of Black-Draught at night," writes Mrs. R. D. Thaxton of Lexington, Ga. "If I have a bad feeling after meals I take just a pinch of Black-Draught. It relieves me. I recommend it very highly to my good family members. I give my children Syrup of Black-Draught. I find both good."

Black-Draught paves the way for the relief of many such symptoms as those mentioned above, when constipation is at the bottom of the trouble.

Just try it! Follow the directions, carefully and you'll probably learn why Black-Draught is so popular.

FOR TRADE—Good little farm in Arkansas to trade for four or five room modern cottage in Pampa. Charles T. Mullen.

RECOVERY OF AAA REFUNDS TO BE SOUGHT

CONGRESS MAY PRESS LAW TO OBTAIN TAX MONEY

WASHINGTON, Jan. 28. (AP)—Officials of the department of agriculture said today an attempt soon will be made to recover AAA taxes refunded to processors.

They said the department probably would proceed along one of two lines—ask congress to enact a retroactive tax or an excess profits levy.

They said retroactive taxes could be levied on all revenue from the time the old processing tax was enacted to the day of its invalidation at the hands of the supreme court. Assessments would be refunded to those who already had paid taxes to the government, but not to those whose payments had been impounded and returned to them by court order.

The second measure would aim at the retroactive profits tax of \$180,000,000 in processing taxes refunded, under the so-called "rice millers" decision.

Officials said many questions are being received from the public along three lines:

1. Does the government intend to continue 1936 crop adjustment contracts with the farmers and remunerate them?
2. Will taxpayers have to make up for the money that is being paid back to processors?
3. Has money been spent by the AAA in anticipation of receipts held in escrow?

Officials answered the first question by saying that while AAA contracts were invalidated, the government intended to pay benefits to farmers for compliance up to the date of the AAA decision in the supreme court.

"Where there has been compliance by the contract signer," they said, "the government is normally bound to pay the producer in direct ratio to his performance. He took his share of the risk of production in good faith and it is not his fault AAA was declared unconstitutional."

Bills have been introduced in congress to appropriate \$23,000,000 to meet these "moral obligations," approximately \$60,000,000 of which is set aside for wheat growers on the 1936 contracts. The remainder is to be apportioned among producers of other contract crops.

To the second and third questions officials replied that in most cases farm benefits had been paid in anticipation of tax collections, consequently, they said, unless the government recovers refunded money the taxpayers will have to provide it.

The administration's new plan to replace AAA was still tied up in the senate agriculture committee today with senators discussing questions of constitutionality.

Under the plan, farmers would receive subsidies direct from the federal government for conserving soil. At the end of two years, however, the program would be administered by state agencies, co-operating with the federal government.

Legal Notice

Notice is hereby given that the partnership heretofore existing between J. L. Myers and H. P. Snyder, under the partnership name of J. L. Myers and H. P. Snyder, operating as oil field construction and rig building contractors, has been dissolved. All accounts receivable are payable to H. P. For County Commissioner, Precinct 2:
JOHN HAGGARD
(Re-election)

Quints Sleep in 30 Below Zero Weather Daily

CALLANDER, Ont., Jan. 28. (AP)—While most of the continent shivered in the past week's blizzard and sought firesides, the Dionne quintuplets slept outdoors every minute and a half, once in 30 below zero weather.

Twenty months old today, they spent hours on their hospital verandah in their usual perfect health.

Last winter they had slept while the mercury hovered around 35 below and one day dropped to minus 40, the coldest for the quint in the open air.

Unworried about their health, Dr. Allan Roy DeFoe, their physician and guardian, said today the quintuplets walk a bit more confidently each day and are becoming more successful in their attempts to form words.

All gained weight during the past month and each has had new teeth since her last "birthday." Marie has two new ones. Annette, who has produced three, led the five with 12 teeth. Yvonne and Emilie each have 11 and Cecile nine. Yvonne and Cecile got on new one since last month, and Emilie two.

Business Increases

AUSTIN, Jan. 28. (AP)—Eleven Texas cities led the state in a "considerable improvement" this month in employment and pay rolls as compiled by the University of Texas bureau of business research. Abilene, Amarillo, Brownsville, Dallas, Fort Arthur, Sherman, and Wichita Falls reported increases better than the state average gain of four per cent in employment and 9.3 per cent in pay rolls.

Nurse Rescues 17

MAULVERN, Pa., Jan. 28. (AP)—Seventeen children, owed their lives today to a nurse and other persons who rescued them from a fire which burned to death two six-year-old boys in a wooden pavilion of the Rüh Memorial hospital for consumptives. Miss Helen Rittenhouse, the nurse, and Wichita Falls residents, were asleep last night when the pavilion burst into flames.

NEVER MIND THE LADY
by David Garth

Chapter 38

"Sure. I like it, but what are you doing down here?" Willett answered. "Fox with you or something?"

"No," Allaire said, forcing a smile. "George isn't here."

"You didn't come down alone?"

"All alone, Terry."

"I don't get it. What made you pick this jumping-off place for a sight-seeing trip?"

"It isn't a sight-seeing trip." Her voice was low. "I came down because I—I wanted to be with you, and I was afraid you might not come back for a long time, if even, and Terry, life didn't seem to mean a thing without you."

There it was, a girl showing her heart. That same girl whom George Fox had once seen gently probe the splintered leg of a beautiful quivering thoroughbred and sigh as if a loved child were dying. A girl putting all her chips on the turn of a wheel.

Terry could only look at her. Initiative and action—those qualities had always been hers and he'd loved them in her. And she'd followed him down here?

This girl of private cars and stone mansions, and silver evening gowns, this girl in a town like Pampa, this girl who had been here, he didn't know what she was getting into.

Even as he recognized those qualities of initiative and action, something warned him—something whispered—something said to his shoulder and yelled in his ear—stay hard, the soft stumble. Stay hard, no good can come of this to either.

"Do you mean to tell me—?"

"He stopped. Why talk about it? But the girl wasn't afraid."

"That I'm in love with you, Terry, I've always been, I guess, but I—well, I had so much to learn."

"You're not in love with me," said Willett.

"You're in love with George Fox," he repeated. It was almost an order. "You've had a row, maybe."

"Terry, I haven't had a row with anybody but myself. I haven't come to you on the rebound. I came here because I knew you wouldn't come to me and we shouldn't be kept apart. And nothing will—if you love me—"

Obviously, he was expected to answer. There was a sudden uncertain, apprehensive note in her voice. Did that hard brown figure love her, that fighter and builder and descendant of the Cavaliers? Oh, why didn't he say so?

Willett turned suddenly and went over to the window. There were little beads of sweat upon his brow.

He often wondered what you were, Proprietary, smell the state seafoam and coffee beans. There was a man sitting on the curb across the street. He was a cripple and a beggar and there were lots like him in this town. What a place for the Court of St. James!

A million miles between her world and his and did she think she could cover it by mechanical distance? Or by love? Women can't stand some things; they have to be prepared. And she had no preparation for this life, and it wasn't fair to her.

Besides, and his mouth grew grim, there was nothing either could offer the other. Love? Sure, fever cared about love, didn't it? Love had helped his mother when she followed Lawrence Willett, hadn't it?

Love! For heaven's sake, what was it? She had to go back, it was only right and sensible and decent, and some day she'd thank him.

Women have to be prepared for some things. He hoped his silence and his back would prepare her. He took a long deep breath and tried to make his voice steady.

Stay hard, you fool, or you'll both stumble. Stay hard; you'll have a job to do and nothing on heaven or earth is going to stop you.

"You've got to go back, Allaire. Take a room here for the night and tomorrow I'll put you on the north-bound steamer. This is no place for you."

"Terry, look at me."

He swung around slowly. Her eyes swept eagerly over his face. It was wet like stone, even though his hands clenched behind his back. She knew the answer to her question was there, that it was useless to ask, yet she had to anyhow.

RECOVERY OF AAA REFUNDS TO BE SOUGHT

CONGRESS MAY PRESS LAW TO OBTAIN TAX MONEY

WASHINGTON, Jan. 28. (AP)—Officials of the department of agriculture said today an attempt soon will be made to recover AAA taxes refunded to processors.

NEVER MIND THE LADY
by David Garth

Chapter 38

"Don't you love me, Terry?" she said quietly.

"Have I ever done anything to make you think I did? Allaire, you don't love me—"

"Stop telling me what I do or don't," she said spiritedly. "Answer me."

"I try to keep my path clear of women," said Terry tensely. "They get in the way. They should stay out of a man's way—when he has work to do."

She stared at him, white to the lips. And because he didn't know how long he could stand there looking at her without going soft as a sponge, he turned back to the window.

Her lips trembled. He was hard, and somewhere along the course of his battling life he'd lost the capacity to love. Or, anyhow, he didn't love her.

And she could crawl back to the States, defeated and ashamed and lost, the spirited youthful Odyssey ended.

He didn't want her. He didn't love her. And he was going on without her.

She went downstairs through the smelly lobby and out on to the verandah, her reaction here the same as it was everywhere else when she was disappointed, angry, hurt, to get out into the air, the fresh open air.

"Hey! It was Corrigan's voice that 'big lug' partner. He was striding across to her from the bar. She wished he'd go away, but Corrigan wasn't wired for mental telepathy.

"Where are you bound?" he inquired. "If you're bent on wasting an evening, I know all the best ways to waste 'em."

"Thanks, Mr. Corrigan, but really I'd like to be alone."

Corrigan was scrutinizing her thoughtfully.

"Say," he said abruptly, "you're that polo babe Terry met in the capital?"

"Polo babe"—heavens, how far away that seemed.

"I probably am," she said with a slight smile.

Corrigan looked at her with awe, "I've often wondered what you were like. Only I'd imagined you with wings. Let's have a beer."

She didn't want a beer, but this lanky, enthusiastic specimen with the jaw like the front of a locomotive seemed to know her. She looked at him curiously.

"What gave you that idea?"

"Wasn't I in jail the same time Terry was? Didn't I see him stall off the police until you'd left town? Well, there aren't many women Willett would have bet my shirt weren't any."

"Mr. Corrigan," she said breathlessly, "what do you mean?"

"Mean?" said Corrigan. "Why aren't you the girl who took a pot shot at a Spig on the docks one night? Oh, don't look startled—I've seen a lot of Spigs popped off. There ought to be a bounty."

"Why shouldn't I be startled? He was in jail—"

"Listen," said Corrigan, "do you mean to say you didn't know it?"

"Know it?" She suddenly felt as though the earth was shaking gently. She sat down with widening eyes.

"Please," she begged, "tell me all about it, Mr. Corrigan. Oh, it's so important. I didn't know, I didn't dream—"

"So you never knew he walked into a pinch for you?" Corrigan rubbed his jaw. "Well, if he didn't tell you, why should I?"

"Because it's my right to know,"

TO INVADE STRONGHOLD OF 'OLD GUARD' IN BROOKLYN

NEW YORK, Jan. 28. (AP)—Senator William E. Borah invades one of the strongholds of the republican party's "old guard" tonight in what is generally regarded as the opening of his campaign to gain support in the East for the presidential nomination.

The Idaho senator plans to make an extemporaneous address at a "Borah for president" meeting in Brooklyn's Kismet temple, and announce his intention actively to seek delegates to the convention pledged to the senator, in opposition to the desires of Charles D. Hilles, national committeeman from New York, and others from an unpledged delegation.

Fish has said he would be satisfied with an unstructured delegation but would work to build up Borah sentiment within the group.

The Brooklyn rally is being put on entirely by the Macy-Ziegler wing and Fish will not be present. He will be making an address in the West. However, it is not expected there will be any definite break between the Borah supporters.

Senator Borah's address will be broadcast over a widespread network, beginning at 8 p. m., central standard time.

she said fiercely. "Come on, Corrigan, spill it."

"Come on, Corrigan spill it. Buddy grinned suddenly. She wasn't fooling around; she wanted to know something.

"Sure, it's your right," he agreed. "You wondered why I thought you had wings? Because that man ditched his father and his job to go to jail for keeping his mouth shut. With every hour worth its weight in gold, he stalled along until you left and then he took twenty lashes to square his sentence so he could get out and get moving again."

Howard Moves Back to Pampa

Marion Howard has moved back to Pampa and is manager of the City Steam laundry.

Mr. Howard first came to Pampa in 1926 when he opened the Pampa laundry. He sold his business in 1929.

"I'm glad to be back in Pampa," says Mr. Howard, "where I am keeping busy renewing acquaintances of several years ago."

Mrs. Howard and sons, Webster Lee and Charles, will move here from Brownsville at the close of the school term.

"Please," she begged, "tell me all about it, Mr. Corrigan. Oh, it's so important. I didn't know, I didn't dream—"

"So you never knew he walked into a pinch for you?" Corrigan rubbed his jaw. "Well, if he didn't tell you, why should I?"

"Because it's my right to know,"

TO INVADE STRONGHOLD OF 'OLD GUARD' IN BROOKLYN

NEW YORK, Jan. 28. (AP)—Senator William E. Borah invades one of the strongholds of the republican party's "old guard" tonight in what is generally regarded as the opening of his campaign to gain support in the East for the presidential nomination.

The Idaho senator plans to make an extemporaneous address at a "Borah for president" meeting in Brooklyn's Kismet temple, and announce his intention actively to seek delegates to the convention pledged to the senator, in opposition to the desires of Charles D. Hilles, national committeeman from New York, and others from an unpledged delegation.

Fish has said he would be satisfied with an unstructured delegation but would work to build up Borah sentiment within the group.

The Brooklyn rally is being put on entirely by the Macy-Ziegler wing and Fish will not be present. He will be making an address in the West. However, it is not expected there will be any definite break between the Borah supporters.

Senator Borah's address will be broadcast over a widespread network, beginning at 8 p. m., central standard time.

she said fiercely. "Come on, Corrigan, spill it."

"Come on, Corrigan spill it. Buddy grinned suddenly. She wasn't fooling around; she wanted to know something.

"Sure, it's your right," he agreed. "You wondered why I thought you had wings? Because that man ditched his father and his job to go to jail for keeping his mouth shut. With every hour worth its weight in gold, he stalled along until you left and then he took twenty lashes to square his sentence so he could get out and get moving again."

TEXAS IS DOTTED WITH GHOST TOWNS—BETTINA, CASTROVILLE

DALLAS, Jan. 28.—Texas pioneers left behind abundant evidence of their fortitude. Buildings and ruins that stand in its thriving cities and in its ghost towns speak of their fulfilled and lost hopes, their victories and defeats, their successful and unsuccessful projects.

Out-of-state visitors who came to Texas this year for the various Centennial celebrations, will travel over roads dotted with fine modern cities, and there will be signs of economic progress and greatness on every side. But side trips will take the visitor to crumbling old towns rich with historic interest, where the weather beaten handwork of a puissant race still stands as monuments to their bravery and spirit.

As in every new land, some of the first colonies were successful, and others were doomed to failure. Various factors contributed in either case. Take the case of Bettina, near San Antonio. It lasted but a year because it was being operated on a political thesis disapproved by the American mind as unworkable.

Bettina. That is to say, Bettina was a communistic colony. It was established on the banks of the Llano river in 1847 by a group of 40 German engineers, scientists and scholars led by Prince Solms-Braunfels and H. Spies.

Prince Solms previously had founded New Braunfels, and today it is a beautiful, thriving city, populated almost entirely by German descendants of the founders. But New Braunfels struggled and went forward under the American plan of individualism, while Bettina was an attempt at pure collectivism, and did not succeed.

Ferdinand Herff, an agent for the German Immigration company, came to America in 1845, the year Texas joined the Union, and selected the site for the colony. Prince Solms got into jail in New Braunfels over a debt, and was freed through the aid of a friend. He returned to Germany, spoke to gatherings of students at the universities of Heidelberg and Gießen about opportu-

ties in the new land, and formed a party of 40 scientists and students that sailed from Hamburg in April, 1847, and landed in Galveston the following July.

Bettina nestled in a beautiful spot among hills and canyons and fertile valleys, bound on three sides by the winding, crystal-clear Llano river. The party went from Galveston to Bettina in ox wagons, and named their colony for Bettina von Arnim, a famous German woman. Each man agreed to do his share of the plan. They cultivated the crops, gathered the wood, and performing other chores. They didn't have money, for they needed no medium of exchange.

The project failed because of the fundamental flaw of the plan. All of them worked less and less until all were loafing. They raised only 200 bushels of corn the first year.

Facing winter with insufficient supplies, they abandoned their dream city and drifted into San Antonio or New Braunfels, and Bettina was no more. The ruins of its buildings still stand today.

Castroville. In the same part of the state is Castroville, which owed its founding to the fall of Napoleon Bonaparte. Twenty miles from San Antonio, where the atmosphere is Latin-American, Castroville is just as distinctly French, and most of its citizens use that language today, though few of them remain.

Instead of straight streets, it has rambling little roads with houses stuck here and there after the manner of a French village. Pigs, guinea, chickens and children roam the streets.

When Napoleon was defeated at Waterloo, and sent into permanent exile, France became uncomfortable for Henry Castro, who was his close personal friend and bodyguard. He raised some money for a colony in Texas, and when he sailed he had 27 boats bearing 485 families and 487 single men from Alsace-Lorraine.

At first, all of them lived in two

long community houses built of logs, but the high birth rate among the colonists made such an arrangement impractical on a permanent basis. Accordingly, other and smaller buildings were erected around the community buildings, and all of them are standing today. The community structures have been removed.

Life surely was not a bed of roses in that early day for the Frenchmen, thousands of miles from home, and being continually raided by savage Indians. For 60 years, they fought the redskins until they finally were driven out. Big Foot Wallace, famous Texas Ranger, arraigned early day horse thieves before Peter Hoog, justice of the peace in Castroville. They worked, though, suffered, earned a living and stayed. When the civil war broke out, Henry Castro was an old man. He had fought in wars before, and he was tired of them. Anyhow, he didn't own any slaves and didn't figure that it was his fight. So he quit. Castroville for good and went to Mexico, where he lived until he died.

The other pioneers who settled Castroville gradually drifted away, seeking new homes, better land, more inviting opportunities.

In that same section is Panna Maria, just south of San Antonio, the first Polish settlement in Texas, and all but a ghost town, too. An oppressed and desperate people put together the buildings that still stand there, and gave thanks to Heaven for the freedom that was theirs.

When greedy Catherine of Russia overran Poland in 1854, and divided it with Austria and Prussia in one of the most audacious acts of plunder in modern history, the Poles felt the full weight of the Russian heel, and many fled from it. John Twobig and A. J. Youtant de Beauregard organized 1,500 of them and came to Texas to seek freedom and found it. Panna Maria was the result.

Panna Maria. To the native Texans living in that section in those days, these were a strange, interesting but likeable people. Their women came in native dress, their skirts of bright colors, and wearing wooden shoes.

The Poles prospered in Panna Maria and were happy. The town was practically abandoned because

its citizens found better opportunities in other parts of the state, and their children drifted into the cities to find jobs.

To the north a short distance is Old Round Rock, another ghost town. It is less than two miles from the modern, thriving city of Round Rock, built when the old town was abandoned because the railroad refused to go out of its way to serve the old town.

In its crumbling buildings, the doughty citizens of Round Rock barricaded themselves one day 40 years ago when they heard that Sam Bass and his band of outlaws were coming to town to rob the bank and loot the stores. Bass' band of guerrillas had assumed such proportions and achieved such a reputation for toughness that they usually had their way in small Texas towns they decided to plunder.

But not so with Old Round Rock, which defied them. When they thundered down the main street bent on robbery, gun barrels poking out of windows and doors poured a shower of lead into them, and Sam Bass and half of his men dropped out of their saddles dead. The rest fled in terror.

Colorful old Gollad is a historical spot in Texas. It has a state park with a monument to the 300 men who served under Col. W. F. Fannin, and were ruthlessly slaughtered by Santa Anna's Mexicans in 1836. Gonzales has a state park, too, and a marker where the first shot was fired in the Texas revolution, and Stephen F. Austin was elected on the spot as commander-in-chief of the Texas force to march on San Antonio.

Jefferson. Over in East Texas is Jefferson, not a ghost town, but merely a fragment of its former self. Once it was a city with trolley system, and a port where boats took the early Texas cotton crops down the river to the sea. Today it is but a village, nursing memories of its former glory.

Jay Gould wanted to build his Texas and Pacific railroad through Jefferson in the late '70's, but the citizens of the town bargued with him over the amount of land to be given him and he deliberately destroyed through Marshall, administering them at the time that "TI hill this town." His words came true. Today, dozens of buildings that

house fine establishments stand vacant and rotting, for Jefferson is isolated without a main line railroad.

Out near El Paso on the western border is Yaleta, where in 1682 a group of Spaniards, fleeing from an Indian uprising in New Mexico, founded the first white settlement in Texas. The Socorro Mission they established still stands and is in daily use, although Yaleta is a thriving city of beautiful stucco homes in an area made rich by irrigation from the Rio Grande.

The list is endless. In its 254 counties, Texas has many other towns with romantic backgrounds. The vacationists who visit Texas in 1936 will find a tour of the state the most interesting trip they ever made, and a great number of them will do that this year.

Attempts to Form French Cabinet

Albert Sarraut (above), ex-premier whose government was overthrown after an existence of only one month in 1932, accepted the invitation of President Lebrun to form a new cabinet to succeed that of the ousted Pierre Laval.

OKLAHOMA'S BLIND SENATOR DISPLAYS AMAZING MEMORY

WASHINGTON.—The senate's remaining blind senator—Thomas P. Gore of Oklahoma—asked for and received the seat of the late Huey Long on the front row in the chamber, but his physical handicap had nothing to do with the request.

The white-haired, distinguished-looking, sightless senator, a victim of two accidents in his boyhood, spurs any such aid. Aside from relying on the arm of a page to conduct him to and from the capital and his offices, he is amazingly self-sufficient. Rather than depend on a braille, he relies solely on what is read to him to keep up on current happenings.

Gore's statistical memory is remarkable. Once in the senate, for example, during debate on a financial measure, a colleague asked for information on the total tax burden of the American people. No one could give it offhand. Gore chanced into the chamber in time to hear the question. After the others had failed, he quietly rose and from memory not only gave the total, but broke it down into federal, state, county, and municipal taxes.

Once he was to make an address in Baltimore. On his way to the railway station in Washington, it occurred to him he should include in his address the popular vote for president by states and parties back to the Cleveland administration.

He stopped at a news stand in the station and bought an almanac. During the less than an hour's ride, a companion read him these figures. By the time he mounted the platform to speak, he had committed them to memory and recalled all without a single error.

Perhaps even more remarkable than his command of figures and statistics is his knowledge of the tremendous library he has built up on every conceivable subject. He knows the location on the shelves of his books and can either go himself or direct others to the spot where the volume can be found.

Every Saturday afternoon, sometimes more often, in whatever city

he may be, he spends an hour or two browsing with a companion in second-hand book shops. He'll have his companion read first the title of a book. Like as not he'll say he has that one. If not, then the title page, the table of contents and a few paragraphs of the opening chapter is read. If he is interested, then it is set aside to be included in a package perhaps with a dozen or more others to be sent later to his home or office.

These are not opened until he gives the word. Often he has asked for a book purchased a year and a half before.

Mrs. Gore, his personal secretary, and the three or four clerks in his office, take turns reading to him. He sits in a specially-made rocking chair as he listens.

NEITHER DO ELEPHANTS
TULSA, Okla. (AP)—Bus Driver Andy Fryar never forgets a face.

On Jan. 23, 1935, a robber took 60 cents from him. On Jan. 23, 1936, the bus driver attended the police showup, picked out a prisoner and identified him as the man who got the money.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the dose at intervals of four or five hours. How do Calotabs help? Calotabs throw off a cold. First, Calotabs is one of the most thorough and dependable of all intestinal eliminators; thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are liberally impregnated with the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

THIS CURIOUS WORLD By William Ferguson

JOSEF BRUNNER
HUNTER AND NATURALIST, ONCE DINED ON FRIED ELK'S LIVER. THREE DAYS BEFORE HE BAGGED THE ELK ITSELF!

THE ANIMAL HAD REFUSED TO FALL, IN SPITE OF THE FACT THAT A PORTION OF ITS LIVER HAD BEEN SHOT FROM ITS BODY WITH AN ELEPHANT GUN.

LEAF BEETLE LARVAE
GET FRESH AIR TO BREATHE SEVERAL FEET UNDER WATER, BY THRUSTING THEIR HEADS INTO THE AIR SPACES IN LILY STEMS!

LIGHT BULBS DON'T EXPLODE! THEY IMplode!

DEER hunters attest to the fact that shooting a deer through the liver is a most unsatisfactory way of bringing the animal down. In fact, he may not come down at all, but continue on his way at a lively rate of speed, to recover completely. On the other hand, a liver shot may drop a deer dead.

A GOURD CHANGED THE ENTIRE HISTORY OF THE SOUTH SEA ISLANDS.

BY SIGHTING THROUGH HOLES IN A WATER-FILLED CALABASH GOURD, ANCIENT POLYNESIAN NAVIGATORS WERE ABLE TO TAKE READINGS FROM THE SUN AND THE STARS, THUS ENABLING THEM TO ROAM OVER THE WHOLE PACIFIC OCEAN.

OUR SOLAR SYSTEM CONTAINS ABOUT 50,000 PARTICLES LARGE ENOUGH TO BE CALLED PLANETS.

IN NORTH AFRICA, SOAP IS MADE FROM LOCUSTS!

The "Sieved Calabash" was made by cutting off one end of the gourd, and boring four holes equidistant from the upper edge. The gourd then was filled with water, which ran out through the holes if it were tipped in any direction. This made it possible for the navigator to keep the instrument level.

...IN CALIFORNIA DURING THE PLEISTOCENE THERE LIVED A SPECIES OF LION, LARGER BY FOURTH THAN ANY NOW EXISTING IN AFRICA.

IN SWITZERLAND, MELTING GLACIERS FORM THE CHIEF MEANS OF WATER POWER, WHICH FURNISHES THE COUNTRY WITH ELECTRICITY!

SATURN WILL BE SEEN WITHOUT ITS RINGS, FOR A FEW DAYS NEXT JUNE! THE RINGS, BEING DIRECTLY IN LINE WITH US AT THAT TIME, WILL BECOME INVISIBLE.

At intervals of 13 or 15 years, the earth lies almost exactly in the plane of Saturn's rings. At this time, we view the rings edge-on, which makes them most difficult to see, and, for a few hours, they will be invisible, even through the most powerful telescopes.

BIRDS SURPASS ALL OTHER VERTEBRATE ANIMALS IN MUSCULAR STRENGTH AND ACTIVITY.

CLEOPATRA'S NEEDLES WERE ERRECTED FOURTEEN CENTURIES BEFORE SHE WAS BORN.

SOUTH AMERICAN INDIANS BRING DOWN BIRDS AT A DISTANCE OF 200 FEET, WITH A BLOWGUN!

Cleopatra's Needles were great, 300-ton obelisks, which were set up at Heliopolis, by Thothmes III, about 1500 B. C. Cleopatra was not born until 69 B. C. One of these shafts was brought to the United States in 1830, a gift from the Khedive of Egypt, and now stands in Central Park, New York City.

BANANAS GROW UPWARD ON THE STEM/ EXACTLY OPPOSITE THE POSITION IN WHICH GROCERS THEM!

JULIUS CAESAR CREATED OUR PRESENT NEW YEAR'S DAY WHEN HE MADE JANUARY THE FIRST MONTH, INSTEAD OF MARCH.

SEA WATER NOT ONLY FAILS TO QUENCH THIRST, BUT ACTUALLY HASTENS DEATH TO THE PERSON DRINKING IT.

A PERSON adult at sea will live longer by taking no water at all, than by drinking sea water. Sea water is so salty that while the kidneys are eliminating the excess salts, water from the blood plasma is lost, thus hastening death.

IN CELEBES, THERE ARE PYGMY CATTLE, WHICH GROW NO LARGER THAN DOMESTIC CALVES.

THE PLANET, MERCURY, TRAVELS AN OVAL-SHAPED ORBIT! PART OF THE TIME IT RACES ALONG AT 36 MILES A SECOND... BUT ON THE CURVES IT SLOWS DOWN TO 24 MILES A SECOND.

THE FEDERAL TRADE COMMISSION ISSUED A COMPLAINT AGAINST A RHODE ISLAND YARN MANUFACTURER FOR USING THE NAME, "ANGORA" TO DESCRIBE YARNS MADE ENTIRELY OF ANSORA GOAT HAIR! THE COMMISSION ALLEGED THAT "ANGORA" MADE ONLY TO SUGGEST HAIR.

MERCURY for a period of 11 days plunges toward the sun then slows down to take an abrupt curve in its path and then speeds up again in another long plunge. During these mad dashes, the temperature of the planet rises several hundred degrees on the side next to the sun but the dark side falls to about 450 degrees below zero.

IT IS POSSIBLE TO SEE AN ECLIPSED MOON, WITH THE SUN VISIBLE, ALSO.

THIS SEEMINGLY IMPOSSIBLE PHENOMENON IS CAUSED BY THE REFRACTION OF THE EARTH'S ATMOSPHERE BRINGING INTO VIEW A MOON THAT ACTUALLY HAS NOT RISEN AND A SUN THAT ALREADY HAS SET.

THE GALAPAGOS ISLANDS ARE NAMED FOR THE GIANT TORTOISES WHICH WERE NUMEROUS THERE AT ONE TIME (GALAPAGO IS THE SPANISH WORD FOR TORTOISE)

...IN ALASKA... DURING THE GOLD RUSH, BEEFSTEAK SOLD FOR 48 DOLLARS A POUND AT CIRCLE CITY.

A FEW instances of such an eclipse as mentioned above have occurred although it seems impossible since it is a natural principle of eclipses that the sun, moon and earth must be in a straight line.—Due to the refraction of the earth's atmosphere the sun and moon are displaced about one-half of a degree, which is sufficient to bring them into view.

BEAVERS ARE TO BE USED BY UNCLE SAM AS DAM BUILDERS IN HIS CAMPAIGN TO PREVENT SOIL EROSION!

WHEN A BIRD MOLTS, THE OLD FEATHERS ARE PUSHED OUT BY THE NEW ONES.

FISHERMEN CUT OFF THE HEADS OF MOONFISH BEFORE BRINGING THEM TO PORT, BECAUSE THEIR HUMAN-LIKE FACES MAKE THEM HARD TO SELL.

ALL birds molt at least once during the year, to replace their worn and frayed feathers. Some birds get a complete new dress in the spring, while others change in the fall. Some molt their feathers all at once, and are unable to fly during the time. Others replace only a few at a time.

TALMADGE TO TAKE LEAD IN MACON REVOLT

LIKELY TO BE NAMED PRESIDENTIAL CHOICE

MACON, Ga., Jan. 28. (AP)—Governor Eugene Talmadge, persistent critic of the new deal, appeared today for selection as presidential standard bearer for a group of southern anti-Roosevelt democrats.

The possibility gained strength from an assertion by John Henry Kirby, co-sponsor by Talmadge of tomorrow's "grass roots" convention, that the Georgia executive would make a strong opponent for the president in southern preferential primaries.

The wealthy Texas lumberman said he and Talmadge are in agreement that the primary purpose of the meeting is to crystallize anti-Roosevelt sentiment. Kirby added that unless a candidate is chosen to champion the principles approved by the convention "the fight is lost to start with."

The Texas said he expected 10,000 persons from 17 southern border states to attend the sessions in which an address by Governor Talmadge is scheduled as a principal event. The speech is to be broadcast (by Columbia) from 11:15 to 11:45 p. m. central time.

The Georgia governor asserted yesterday he thought renomination of President Roosevelt could be blocked at the Philadelphia convention.

He said he had invited former Governor Alfred E. Smith of New York to the grass roots meeting, but that no reply had been received.

Governor Talmadge also claimed that anti-Roosevelt democrats would welcome the aid of republicans in their fight on the president.

Kirby joined several other convention visitors today for preliminary activities. There will include a meeting tonight of the executives of the southern committee to uphold the constitution, a group headed by the Texas.

Meanwhile, political observers were pointing out that Georgians in the convention are expected greatly to outnumber participants from other states and easily could swing a vote to their governor.

Kirby some weeks ago gave tentative endorsement to Jesse Jones, EFC head and a fellow-Texas, as presidential possibility but Kirby's latest statement was viewed by some Talmadge supporters as removing the last possible obstacle to his selection as presidential choice of the meeting. Talmadge withheld comment.

Mine Workers Laud President

WASHINGTON, Jan. 28. (AP)—Officers of the United Mine workers pledged the union's support today to the Roosevelt administration and the new deal.

In their report to 1,500 delegates to the miner's convention, John L. Lewis, president, and other officers said:

"We have made progress and our people feel an intense gratitude to our able and courageous president, Franklin D. Roosevelt, who is the only president of the United States, during the lifetime of most of us, who has lent a helping hand to the oppressed and impoverished mine worker."

"May the prayers of countless thousands in the mining communities of the nation sustain him in his great humanitarian work."

Other high spots in the report: William Green, a member of the United Mine Workers and president of the American Federation of Labor, was challenged to explain just how he stood in the federation's family quarrel between craft and industrial unionists. Lewis heads that faction which believes that mass production industry should be organized along industrial lines rather than by craft.

COLUMN

tend their remarks in the Congressional Record. Once permission is granted for inserting a speech in the Record it is available for mailing to constituents.

Such speeches usually are prepared at the government printing office and the member is charged the cost price.

The costs to members of congress for printing speeches run into thousands of dollars annually, despite the fact the material is carried free of charge in the mails. One year congressmen paid \$21,000 in printing costs.

The senate is more lenient because of the custom of "senatorial courtesy" in the matter of extending speeches in the Record than in the house.

Reputation of Mrs. Hamlin Attacked

FARWELL, Jan. 28. (AP)—Defense attorneys today offered additional testimony intended to reflect on the character of Mrs. George S. Hamlin, for whose slaying her husband is on trial for murder.

F. F. Krivling, Amarillo repair man, said she met a number of men near his home in 1933 and 1934, prior to her marriage to Hamlin. He said she parked her car and drove into the country with a man in another automobile on each occasion.

The state contends Hamlin beat his wife to death with a hammer in their Amarillo home on January 4, 1935.

MARKET BRIEFS

NEW YORK, Jan. 28. (AP)—Today's stock market buying was centered principally in the rails, utilities, and specialties. A number of new highs for the past several years were established with gains of fractions to 2 or more points. Scattered profit-taking appeared near the end. Notwithstanding postponement of the opening for an hour in observance of King George's funeral, transfers approximated 2,300,000 shares. The close was firm.

CHICAGO GRAIN

CHICAGO, Jan. 28. (AP)—Late dips today that carried wheat down a full cent a bushel resulted largely from liquidating sales on the part of recent eastern buyers.

A consequence was narrowing of the Chicago-Winnipeg spread to around 13 cents compared with 14 cents yesterday. Domestic flour business was reported as persistently disappointing.

Wheat closed 1/2 cent under yesterday's finish. May 190 1/4-101, corn 1/4 down, May 60 1/4-61, oats 1/4 off, and provisions unchanged to a rise of 17 cents.

GRAIN TABLE		
Wheat	High	Low
May	101 1/4	100 1/4
July	89 1/2	89 1/4
Sept.	83 1/2	82 1/2

Sheep, 8,500; very little done; most opening bids and scattered 2 1/2-3 fed lambs around steady to 10.00 down.

BUTTER

CHICAGO, Jan. 28. (AP)—Butter 8.093, unsettled; creamery specials 93 (core) 25-35 1/2; extras (92) 34 1/2; extra firsts (90-91) 31 1/2-34 1/2; firsts 32; standards (90 centralized cartons) 33 1/2. Eggs, 8.078, easy; extra firsts cars 25 1/2; local 26; fresh grade firsts cars 25 1/2; local 25; current receipts 24 1/2; refrigerator standard 31, firsts 20 1/2.

NEW ORLEANS COTTON

NEW ORLEANS, Jan. 28. (AP)—The market eased a few more points during the morning as March sold at 11 1/2, May 10 1/2, July at 10 1/2 and Oct. at 10 1/2. The volume of business was limited and most of the important interests were out of the market.

COURT RECORD

Evidence was closed at 11 a. m. today in the damage suit of J. Tom Brown against John T. Brown.

Judge W. R. Ewing then began writing his charge to the jury. Arrangements were to commence at 1:30 p. m.

The jury is composed of B. C. Low, C. Talley, J. H. Baldwin, J. M. Hatfield, Homer Gibson, John E. Davis, J. P. Cox, J. A. Renner, J. T. Boyd, Bee Medley, Ollie Doak, and T. J. Coffee.

Mr. and Mrs. Roy Burns are the parents of a daughter, born at Pampa-Jarratt hospital yesterday.

Mr. and Mrs. C. A. Stewart are the parents of a daughter, born this morning at Pampa-Jarratt hospital.

Watson Mitchell has recovered sufficiently from pneumonia to be taken to his home from Pampa-Jarratt hospital.

ALLEN

(Continued from page 1)

Noe of Monroe, automatically succeeded Governor Allen as chief executive of Louisiana. As lieutenant governor and presiding officer of the state senate, he has always been a staunch supporter of the administration of Allen and the late Senator Long.

Noe was re-elected to the senate from the Monroe district in the recent landslide election.

Lieutenant Governor Noe served on the legislative committee which investigated alleged "vice" in the city administration of New Orleans at the time Senator Huey P. Long was waging a relentless war on the leadership of Mayor T. Semmes Walmsley.

He is a leading business man of north Louisiana and has been associated with Governor Allen in the oil business and other lines of activity.

Frank J. Looney, defeated by Gov. Allen in the democratic primary of last week for the unfinished term of Senator Long in the United States senate, declared that the democratic state central committee was empowered to nominate to fill the senatorial vacancy caused by the death of Gov. Allen.

Looney, a Shreveport lawyer and retiring member of the state senate committee, ran against Gov. Allen for the senate on the anti-Long ticket.

"The democratic state central committee can nominate some one to succeed Gov. Allen as nominee for United States senate," said Looney.

Elected to Senate

"The man it selects as nominee will not go on the second primary ticket, of course, but on the general election ballot. That's the law as I understand it."

Gov. Allen was chairman of the state democratic central committee.

Dr. Lorio said the governor died from "hypertension and cerebral hemorrhage and acute adenoma of glottis."

Death came to the governor just a week after he led the Long forces to a sweeping victory over the anti-Long leaders.

In last Tuesday's election, Allen easily gained the nomination to the United States senate to fill the unexpired term of Long, his boyhood friend for years in the small town of Winnfield, La.

After Long's death, Allen first stated he wanted to retire to private life. This desire for the "public life" was said, prompted him to seek election for only the unexpired term of the late senator, which ends next January 1.

Speaker Allen J. Ellender, of the house of representatives, another Long term—which, in Louisiana, virtually means election.

Governor Allen for some time had been suffering from heart disease, but in recent months his health was regarded by his friends as improved. However, he had made a strenuous tour of the state in the primary campaign that demonstrated once more the power of the organization his political ally and friend had built.

Allen was a member of the state legislature when Huey Long rose to political prominence, challenged the old line democratic organization and won his way to the governorship.

Allen identified himself with Long early in the latter's rise. When Long became governor, he appointed Allen chairman of the state highway commission.

EATON ROUGE, La., Jan. 28. (AP)—Governor O. K. Allen, who died today in the governor's mansion, was born in 1881 in the small town of Winnfield, La., and grew up a boyhood companion of the late Senator Huey P. Long, who carried him along with him to political power in Louisiana.

After Huey Long's death from a pistol bullet, Allen became the titular head of the strong Long political machine and led the organization to a sweeping victory at the polls on January 21st. In that election he was elected to the United States senate for the unexpired term of Senator Long running until January 1937.

He died at the height of his political career and after a strenuous stump campaign over the state. For some time Governor Allen had been suffering from heart trouble but in recent months his health was regarded by his friends as improved.

His parents were regarded as substantial citizens of Winn parish and Governor Allen amassed a sizeable fortune in his career as school teacher, cotton planter, small town business man and oil operator.

He was a member of the state legislature when Huey Long came on the political horizon and challenged the power of the old democratic organization. Allen immediately joined forces with Long and when Long became governor he appointed O. K. Allen chairman of the state highway commission, which handled the huge road building funds.

At the end of Long's term as governor and after Long had been elected to the United States senate, Allen was elected governor with Long's support. The Allen term expires next May when he expected to take Long's seat in the United States senate.

Governor Allen was the son of Asa L. Allen and Sophronia Perkins Allen. He attended the public schools of Winn Parish and later went to a normal school in Springfield, Mo., completing his education at Trinity university, Wapakachie, Texas. His father died some years ago but his mother resides in Shreveport. He was a devout Baptist and a Mason.

The Allen family has lived in Louisiana for a hundred years, originally coming from Ireland.

CONTEST FOR BABY

LOS ANGELES, Jan. 28. (AP)—A legal struggle by Mrs. Helen Bahington La Cour, former New Orleans dress model for her 11-month old daughter resumed in court today. Sensational allegations concerning the baby's parentage were made by Mrs. Josephine Seymour, former "best friend" of the 20-year old mother.

News Of Scouters And Boy Scouts

Open letter to parents of prospective Cubs: We hope that your son will become a member of the Cub Pack to be sponsored by Sam Houston school, or any other Pack being organized.

Cubbing is a part of the program of the Boy Scouts of America. Cubs are 9, 10, 11 years of age. A Cub graduates into a Boy Scout troop at the age of 12.

Cubbing is a joyous, growth-encouraging adventure in boy life. In this program the Cub is encouraged to "do his best" and to "give good-will." As stated above, Cubbing is kept entirely different in detail and flavor even from Scouting. It deals with natural units, in natural places, under natural leaders, doing natural things. It is not a "going somewhere else"—it is rather doing something where you are. It is not a "showing" but rather a growing program.

This Cub program is a response to a public demand. As people saw the far-reaching results made possible by Scouting and other movements, the question arose "why not something for younger boys?" This present program, officially adopted by the national council, is the result.

If this program appeals to you as parents, and you wish to know more about Cubbing for boys 9, 10, and 11, then come to the Cubbing training course being given by A. L. Patrick in the auditorium of Sam Houston school tonight and Thursday night at 7:30. There are three lessons—(1) The Program, (2) The Den and (3) The Pack.

As an added feature of tonight's study, we will have the following contributed numbers:

What Cubbing Means to Parents of My Cubs—Rev. John Mullein, Cubmaster for Cub Pack at Christian Church.

How Cubbing Helps Our Institution—Bruce Peck, instructor in Sam Houston school.

What Cubbing Means to My Son—F. Curtis, an interested Cub parent.

Why I Like Cubbing—M. K. Hart, a Cub committee.

My Den—Chris Martin, a Den chief.

—A SCOUTER.

LARGE CROWD DUE TO ATTEND 'FINGERS' AT LEFORS FRIDAY

Members of the Boy Scout troop of which Principal J. H. Duncan of Junior high school at LeFors is scoutmaster, today reported that ticket sales for "Fingers," play which will be presented at the LeFors high school auditorium, Friday night at 8 o'clock are "going over big."

A cast of 17 boys and four adults will give the play. The boys in the play are members of a local Sunday school class. They have presented the play twice in the city auditorium before a total of about 750 persons, the second time at the request of Principal R. A. Selby of junior high who declared that every parent in town should see the play. All local school principals and many teachers attended. Supt. R. B. Fisher praised the play as one of the most beneficial and one of the most interesting he had ever seen.

The plot details the amusing and sometimes pathetic experiences of the members of a boys' club. The play advocates providing better recreation and amusement facilities for boys.

Principal Duncan announced that admission Friday night will be 35 cents for the entire family, 15 cents for adults and 10 cents for children.

EMPLOYEES

stantially below prevailing ones; 3. If the employer tries to impose conditions on his affiliations with labor organizations.

These classes of workers will not be covered by unemployment compensation or old age benefits; agricultural labor, servants, ship crews, government employees, workers in religious, charitable, educational or non-profit institutions. Neither they nor their employers will pay taxes under the social security act.

Those who are covered will qualify before the state agency charged with administration, and will be paid by it.

Another set of conditions must be met to receive old age benefits. The worker must be 65 years or over. Beginning next January all workers will pay a tax which will be deducted from pay checks by employers. Employers will pay an equal tax on payrolls. They will be as follows:

Calendar Years	Tax
1937, 1938 and 1939	1%
1940, 1941, and 1942	1 1/2%
1943, 1944, and 1945	2%
1946, 1947, and 1948	2 1/2%
1949 and thereafter	3%

The records which must be kept for both forms of benefits will mean, of course, that there will be for the first time a state record of every worker, the places he worked, the time, and the wages he received.

Old age benefits paid monthly will be calculated on those records as follows:

Average Monthly Salary	Years of Employment	Benefit
\$50	10	\$17.50
	20	\$22.50
	30	\$27.50
	40	\$32.50
	50	\$37.50
	60	\$42.50
	70	\$47.50
	80	\$52.50
	90	\$57.50
	100	\$62.50

(These are amounts received monthly)

Old age benefits will be paid to all aged workers after they have retired, regardless of need. Since it is actually an insurance plan toward which the worker has made his regular payments through the tax, his family will be reimbursed if he dies before he receives the amount he paid. Old age benefits will continue to be paid from the time the person qualifies through his life.

Tomorrow—When and how workers will benefit.

LEAGUE PROBE BEGUN WASHINGTON, Jan. 28. (AP)—The senate lobby committee today launched an inquiry into the operations of all semi-political organizations, including the American Liberty league.

BCD

(Continued from page 1)

B. C. D. Manager George Briggs, Mr. Briggs, on advice of his physician, will take a long rest. He will continue to live here. His 8-year service for the B. C. D. was commended by the toastmaster, and the entire audience stood in a display of laudation. Mr. Briggs' successor has not been named.

An unusually attractive program prepared by Mr. Nunn contained a soliloquy which ended with the slogan: "Let's hand down a skyline!" The report of the temporary advisory board, with the outline of the plan adopted, was given as follows:

Plan As Outlined "Realizing full well that Pampa's future depends upon the unified cooperation of thought and effort of every man, woman and child that has the interest of the city at heart, realizing that only the entire scheme of events which have preceded the present moment has made it possible to launch into this venture of city-wide organization, which it behooves every Pampaite to support, and realizing that an organization wherein the individual voice of every citizen is heard and given consideration is the only organization which can properly build the town, your directors of Pampa's Board of City Development, after much thought and consideration, have decided upon the following plan to submit for your approval and support.

The Board of City Development believes a separate organization—whether it be called the chamber of commerce, the board of commerce, Pampa Builders, or whether it otherwise be designated—should be established. Following this organization, an advisory board of 10 members should be created, five selected from the body of the new organization, and five elected from the Board of City Development, which is appointed by the city. This Board of 10, reflecting a crosscut opinion of each interested Pampaite would then make recommendations to the Board of City Development concerning every civic project which Pampans consider worthwhile undertaking.

"The City of Pampa, by means of

ROBERTS THE HAT MAN

Located at DeLuxe Dry Cleaners

By mild ripe tobacco we mean just this—

FIRST—ripened in the sunshine... and picked leaf by leaf from the right part of the stalk when fully ripe.

THEN—each day's picking cured right by the farmer... at the right time and in the right way... no "spotting" or brittleness, but every leaf of good color and flavor.

FINALLY—bought in the open market... re-dried for storage... then packed in wooden hogsheads to age and mellow for two years or more until free from harshness and bitterness.

That's what we mean by mild, ripe tobacco. And that's the kind of tobacco we use to give Chesterfield their milder, better taste.

Picking leaf tobacco in the "Bright" tobacco fields of Virginia and the Carolinas.

Type of barn used for "flue-curing" leaf tobacco.

Outstanding... for mildness... for better taste

Hogsheads of leaf tobacco "aging" for two years in storage warehouses.
