In An Effort to Fulfill Our Responsibility, We Offer  
What We Believe Is A Timely Suggestion for

## Christmas Shopping

It is always the general policy of Big Spring merchants to keep prices in strict relation to increased costs and to give customers full information about the merchandise we carry. We believe that this is an important part of our responsibility to all our patrons, in order that we may continue to merit their good-will and confidence.

As we again approach this Christmas season, every shopper feels the pressure of time as the days fly past. This year, those who delay their Christmas shopping may find a disappointing condition in assortments, as well as a later increase in prices. Therefore, we feel that a bit of early advice about Christmas shopping is justified.

Priorities and scarcities have become household words in the past few months. Priority orders are the means by which the Government makes certain needed materials go to the places where Defense need is the greatest. These Federal controls we must accept gladly for our own good, remembering that they are emergency controls. In the meantime, when you realize that America is producing finished Defense goods at the rate of one and one-quarter billion dollars each month (and this only a begin-

ning), you must realize that these conditions are going to have a very great effect on our everyday lives, at least during the emergency.

Your Big Spring stores started months ago to place gift merchandise for the Christmas season. For weeks, a steadily increasing number of Christmas shipments have been rolling in. As a result, your local stores are able to offer you the same carefully selected and complete assortments of fine gifts at sound, reasonable prices.

Today it is practically impossible to reorder and fill in stocks for the balance of the year. This means that an assortment of sizes and colors and styles in so many of the wanted items you have always expected to find in stock is broken. We CANNOT REORDER and have replacements in stocks in time for Christmas shopping.

We believe it is distinctly to your advantage to make your Christmas selections considerably earlier this year than ever before. Assortments of gift merchandise are now at their peak in practically every Big Spring store, and it is our belief that unless Christmas gift selections are made earlier this year many customers who wait until late in December will be greatly disappointed in the variety of items from which to choose.

Because of our effort to meet an unusual situation, you will find in Big Spring stores the greater part of the Christmas assortments priced but little higher than a year ago. Identical items in our stocks will have to be sold at higher prices when they are reordered. In some instances, items affected by Defense needs may not be offered to the public again for many months.

This is our ALL-OUT MESSAGE TO YOU in the interest of your Christmas shopping this year. We feel that we cannot urge you too strongly to make EARLY SELECTION of gift items which you usually make just shortly before Christmas. And we want to remind you again that in your home stores you will find the type of merchandise that you want.

### Texas Due To Get Defense Road Funds

AUSTIN, Nov. 22 (AP)—State highway officials today pondered the possible effect in Texas of the \$220,000,000 defense highway act signed yesterday by President Roosevelt.

Although the method of allocating among states was not known here it was believed Texas would share substantially.

The bill earmarked \$180,000,000 for access roads to military camps and areas and defense industry plants. The state highway department has prepared or is preparing plans for such roads costing \$10,000,000.

The bill also appropriated \$50,000,000 for strategic military roads, half of the sum to be distributed on a matching basis and half to be spent by the Federal Works Agency as it deems necessary.

### Oklahoma Town's Changing Name Is Defusing Problem

CHOUTEAU, Okla., Nov. 22 (AP)—Chouteau changed to Chouteau many years ago because the natives weren't too particular about their spelling.

But the dignity which accompanied a \$4,000,000 black powder

plant dictated that the little village of 400 again become Chouteau—with the extra U. So the town fathers decreed.

Plant officials decided it was all too confusing.

They've directed that all mail and supplies be addressed to Fryor—which is nine miles away but much easier to spell.

### Operators To Deepen Wild Air Well In Mitchell County

COLORADO CITY, Nov. 22 (Sp)—Preparations to deepen the sealed hole of the "wild air" well six miles west of Colorado City on Cora Hoyt Brown land were underway this week as a crew went to work enlarging the collar and slush pit at the test and building a new derrick.

Contract for drilling the hole from its present depth of 1,000 feet to its contract depth of 3,000 feet was let by Lockhart, Robbins & Dockrey some time ago to Butler & Horns of Dallas and Abilene.

The test, located 900 feet from the north and 467 feet from the east lines of section 48-27, T&P, was drilled to 1,000 feet by Willbanks Bros. of Big Spring. Air was encountered at 800 feet. Pressure became so great at 985 feet that tools were blown from the

hole and drilling operations had to be suspended early in June. The hole blew air with a force that could be heard for miles from that time on. Drilling was resumed late in July after construction of a brandhead to take care of the air flow.

Only six feet of hole had been made when drilling had to be stopped because of increasing air pressure. The hole began blowing sand and brine a few hours later and roared uncontrolled for four days, attracting wide interest. It "beaved" itself silent at the end of that time and was subsequently "killed" with over 30 tons of rotary mud and cement.

### Hobby Girl Finds One Far Too Costly

KANSAS CITY, Nov. 22 (AP)—Sally Richardson is a girl of many hobbies—and her latest threatens to prove rather costly to her father.

Sally, daughter of Dr. Hayes Richardson, welfare board director, saves leaves, match books, stamps, and names of towns like Kalamazoo and Schenectady.

Her latest? The other day she told her father: "I'm keeping old, rumped dollar bills. Give me every one you get."

### Unusual Rain Helps British In Libya Drive

By GODFREY ANDERSON  
British Journalist

WITH BRITISH TROOPS IN LIBYA, Nov. 18 (Delayed)—A phenomenal rain storm—one of the heaviest of years in the desert—battered German planes around and gave British fliers decisive help on this first day of the new drive into Libya.

Aerial scouts reported the development, which apparently accounted for the force I accomplished. By nightfall we were 70 miles inside Libya from the Egyptian frontier and still going strong.

The rain swept the Libyan coastal regions Monday night. We could see the lightning flashes splitting the sky along the Mediterranean coast from the British assembly zone.

The water, pouring into the dry sand, covered airports into quivering masses that prevented next planes from taking off. The motors of Stuka dive-bombers roared angrily, but could not lift the craft.

The storm had spent its fury by the time it swept on eastward to the Egyptian border.

United States-built aircraft rained heavy bombs on the Derna airfield just as it was drying up.

Germany was attempting to rush supplies from Crete by big transport planes, each pulling two gliders with heavy loads. Returning airmen said the bomb craters in landing these trains.

The big push of the ground forces was launched at dawn by the curt "go" order of a British general from a self-chair in his armored office-truck.

Hundreds of tanks and thousands of trucks, many of them of American manufacture, lurched westward.

Five states are planning to eliminate the need for new automobile license plates next year or in the future.

### CIO Delegates Demand General Acceptance Of Union Shops By American Employers

DETROIT, Nov. 22 (AP)—The Congress of Industrial Organizations concluded its fourth annual national convention today with a demand that all employers accept the principles of the union shop, criticism of the national relations board and an attack on the federal bureau of investigation.

Resolutions on those subjects were approved by the delegates during the closing session in the wake of the re-election of President Philip Murray and other officers of the organization.

As one of their last acts, the delegates registered a "protest against the use of the FBI to oppress and harass any labor organization in the pursuit of their legitimate activities" and reaffirmed their support of the union shop—the big issue in the captive coal mine strike of John L. Lewis' United Mine Workers union.

The convention censured the national relations board, charging that it showed bias against the CIO and refused to set aside "collusive contracts with anti-labor employers."

"The national labor relations board by its recent policy, is creating dangers for the national defense program," a formal resolution asserted. "Anti-labor policies of the board encourage industrial strife, thereby undermining the

basic policy of the labor act which seeks to avoid industrial disputes." The delegates endorsed a resolution asking enlargement of the civil liberties unit of the justice department, charging that the federal bureau of investigation "offers serious danger of becoming a political police similar to the Nazi Gestapo," and contending the FBI has not given full support to efforts "to expose and stamp out all appeasement and pro-fascist activities in this nation."

# Costa Rica Will Build-Up Her 350 Man Army

SAN JOSE, Costa Rica (Correspondence of the Associated Press)—Costa Rica, which has traditionally disdained armed force, is enlarging her 350-man army with a declaration that America may be drawn into the war and she is determined to do her part. Her part would consist of

guarding against internal disorder, helping to patrol her coasts and watching vital points such as airplane fields. It is of particular importance because the little democracy is next door neighbor to Panama and the canal. Internal disturbances

there could be embarrassing to Uncle Sam. Until now this country has had no military force in the real sense of the word. Even including police and rural guards, the armed establishment totalled less than 1,300 men.

Training now will be given to several times that number. A United States army mission is due to arrive shortly to supervise the training.

## New Offensive Brings Turkey Nearer Allies

ANKARA, Nov. 21 (Delayed)—Opening of the British offensive in North Africa, with American equipment playing an important role, has pulled neutral, strategic Turkey nearer to the British-Russian allied cause, diplomats in the Turkish capital believe.

Interest in the North African campaign is tense in Turkey, where axis and British-Russian allied diplomats are each trying to haul this key country, guardian of the entrance to the Black Sea, across the line of neutrality. So steadily have American fighting equipment and British empire fighting men poured into the Middle East in recent months that some British-Russian allied diplomats assert Turkey has been swung "probably at least 70 per cent to our side."

This estimate was made by two big power diplomats on the eve of the British desert offensive, after both had been watching anxiously to see whether Turkey would stand firmly by her announced intention to fight all aggression, no matter what its source, or buckle under German pressure.

**Aerial Bouquet**  
SOUTHAMPTON, Mass.—Married at Mount Holyoke college, Mrs. John B. Carroll tossed her bridal bouquet from an airplane as she and her husband flew over their wedding reception at the parents' estate. The flowers landed in a peach tree, but Miss Elizabeth Conant climbed to the top branches to rescue the traditional symbol of early marriage.

# City Man, Investing Or Playing, Makes Current Land Market

By The Associated Press

The city man is making the market for land, says the appraiser for one of the largest insurance companies of Texas.

Tenants are buying also, adds this expert who has appraised land in nearly every county in Texas during the last 30 years.

In Northeast Texas, land is selling at \$40 to \$50 an acre, an increase of \$5 to \$15 an acre over prices of three years ago.

In North Central Texas good blackland is going at \$40 to \$50. A leading Temple broker says there is little chance for farm prices to rise much until those which were foreclosed during the depression are sold by involuntary owners.

In South Texas the demand for top farm land is the best in years and it is difficult to find top places at \$115 to \$125 an acre.

Good land away from Dallas on hard surfaced roads and close to electric lines is bringing \$75 to \$80 an acre. Nearer Dallas the price is higher, said the insurance company executive.

City men, he added, are buying mostly 100 to 500 acre stock farms with few going in for wheat, cotton and corn lands. This has put stock farms up 25 per cent in price. A few live on their farms, some weekend there while a great many look upon them as "something to play with." He considers well located farms and ranches good buys on the present market, but believes buyers have bid prices in some areas higher than production prospects justify.

Land prices and sales have increased in Northeast Texas during the last three years, say Lamar county dealers. Urban residents are buying grazing land but few farms as investments. A definite trend is noted by real estate dealers toward purchase of land rather than securities. A decided increase in the buying of Lamar county land by out-of-county residents is reported.

Poor land which sold for \$3.50 to \$7.50 an acre three years ago is bringing \$12.50 to \$15 an acre in Northeast Texas. Fair land which sold for \$15 is now bringing around \$25 while good land is up to \$40 and \$50.

Part of the increase is attributed to government help which has enabled the tenant to buy from his landlord. Many deals of this kind have been made in recent years "on a rising market—little at bottom prices."

One abstractor estimates the average of land purchased by city folk for investment at about 100 acres with the price varying from \$10 to \$200 an acre.

Farm lands around Wichita Falls are bringing \$25 to \$100 an acre, an increase of 20 per cent, according to County Agent G. R. McNeil. He said values had increased gradually during the last two years.

McNeil reports the trend toward farm tenancy is increasing, with 65 per cent of the farms occupied by non-owners in that section. He adds that high values put on land by some owners have hampered the government's rehabilitation program to encourage tenants to own their own farms.

In Central West Texas, President L. T. Youngblood of the First National bank of Bronte says the "desire to own land, suppressed in the past, seems to have burst loose in the last 12 months "during the defense boom."

V. B. Carothers, secretary-treasurer of the Abilene National Farm Loan Association, says "land is selling this year for what owners were asking last year."

Most of the farms are selling around Abilene in a price bracket of \$25 to \$40 per acre. Previous to this year, there was little demand for farm land as most prospective buyers wanted ranches or stock places.

Dealers report that farmers themselves are buying the farm land in Central West Texas with few town folk buying. Many of these have been tenants. In addition, land owners are reducing their indebtedness.

O. L. Chesney, cashier of the Santa Anna National bank, said that "farm land is up 25 per cent. Our best blackland farms are priced \$10 an acre higher than they were a year ago. Other increases are from \$5 to \$7.50."

"Much of this increase is due to the presence of the army camp at Brownwood which caused many people to hunt new locations," he added.

T. A. Cozart, Abilene real estate dealer, says "farms are scarce. People are looking for them every day. And it's almost impossible to find a ranch. Land values are 10 to 15 per cent higher than at this time last year."

Ranch property is up in price in Bell and adjoining counties while farm land is firmer but not much higher. Best grasslands in that area are bringing \$20 an acre as compared to \$12 and \$15 less than three years ago. Most of the buying by city men has been of ranchlands, many as investment and others as a hobby.

"There has been no real opportunity for farm land prices to rise much until farmers which were foreclosed during the depression moved out of the hands of their involuntary owners," said one Temple broker.

Good blackland in Bell, Hunt, Johnson, Wise and Denton counties is bringing \$40 to \$45 an acre, about the same as in recent years, but more buyers and no sacrifice sales are noted by this agent. He reported selling a 300-acre place in northern Williamson county for \$17,000 as an investment.

"We frequently encounter the feeling that the future may do almost anything to stocks and bonds, but that the land will stay

ways be there to produce," he added.

Another broker reported two buyers, one with \$7,000 and the other with \$12,000 to invest in good farms.

Dealers agreed the national improvement had done more to boost ranch prices than those of farm land in the Temple area, although investment buying of both ranch and farm properties is noted.

Judge John W. Scott, who owns large holdings south of Hallsville in Harrison county, says he has received many inquiries from Long-

view oil men who are interested in buying farm land to operate as a sideline.

M. G. Pace, secretary-treasurer of the National Farm Loan office in Marshall, says land in some cases is bringing a better price than formerly but not many sales have been made recently. He notices an increase in the demand for farms on good roads from four to ten miles from towns where the REA has a line.

County Agent Charles Clark of Hillsboro says good land is increasing in price and poor land is not,

but most of the buying is for homes or conservative investment.

J. B. Schronk sold to L. Radke 54 acres between Lynum and Brandon for \$100 an acre recently. W. L. Winkelman sold 80 acres in the Lynum area to George Frel for \$3,000. Last year Winkelman bought it for \$2,700.

Little trading is reported around Corpus Christi where dealers report is more difficult to find a good piece of land to purchase than it is to locate a buyer.

Lamar Folds of the Corpus Christi National Farm Loan Asso-

ciation remarks that dirt farmers are buying land in Nueces county rather than speculators.

He reports top land worth \$118 and \$125 an acre in South Texas with the demand for prime holdings the best since 1930.

George Brittain of Robstown recently bought 160 acres of cotton land about 25 miles southwest of Corpus Christi for \$100 an acre.

Tahiti exports normally each year 125,000 tons of phosphorous, useful in the making of smoke screens.

# German Air Ace Dies In Plane Crash

BERLIN, Nov. 22. (AP)—Lieut. Col. Werner Moelders, regarded by Germans as their greatest pursuit airman, was injured fatally today in a crash on his way to the Russian front, Dienst Aus Deutschland announced.

Moelders, credited with 103 air-victories, was returning to the eastern front with other officers in a transport plane. They had attended the funeral of Col. Gen. Ernst Udet, who had supervised the development of Germany's fighting planes.

The news service said he died in a hospital but gave no other details. The Black-haired, sharp featured air ace, was Germany's youngest lieutenant colonel and the first man to be decorated with the third reich's highest medal for bravery, the oak leaves with crossed sabres

in diamonds to the knights cross of the Iron cross.

With it he received a personal letter from Adolf Hitler and a note in Reichsmarschal Hermann Goering's handwriting addressed to "my bravest and most successful pursuit pilot."

Moelders began his military service as a lieutenant of infantry in 1921 and four years later was transferred to the air force.

He first fought in Spain and later against airmen of Poland, Belgium and Britain before switching to the Russian front.

He was shot down over France in June, 1940, and held for four weeks as a prisoner of war until France signed an armistice.

## Tanker Aground In Gulf Of Mexico

NEW ORLEANS, Nov. 22 (AP)—The Sun Oil company's tanker Texas Sun, bound from New Orleans to North Atlantic ports, was aground today in the Gulf of Mexico just outside the southwest pass of the Mississippi river.

Two tugs were working to get the tanker loose but rough seas were making the job difficult.

EASY IF YOU KNOW HOW—"Double bird's nest" is the name of this aerial routine in which Velma Ziegler (top), 18, and Iris Mullane, 12, are cooperating so happily at Canton, Ohio, where Mrs. Ruth Malloy trains aerial acts in an old barn.

# Club Women Contribute To National Defense

By MRS. WALTER BARBERE  
Knots Home Demonstration Club  
This is the time when everybody is urging everybody else to make a contribution to national defense. Rural people have been asked to do more than perhaps any other groups, because they are the nation's producers.

Last spring the department of agriculture made appeals to farm people to help turn over-normal granary supplies into over-normal food supplies. They were asked to produce more eggs, dairy products, poultry and vegetables—more to supply their own needs in order that more would be left in the national store house for other Americans and for Great Britain.

Home demonstration club women of Howard county and their families, as well as many other rural families have answered this appeal with cheerfulness and patriotism. It is estimated that four times as many vegetables were grown for home use in Howard county this year than normally is grown; that poultry and pork supply has been increased 25 per cent.

Since last spring there has been a concentrated effort through the home demonstration organization to meet every possible request to add to the food supply and improve the nutritional standards. These families have not only added to the food supply in number of producing animals, but are trying to feed and care for chickens, milk cows, etc. in such a way as to in-

crease the production and quality of produce.

With the abundant vegetable crops this year, home demonstration club women have kept their pressure cookers busy almost day and night. Not only have many of them canned more than enough to take care of their own family needs for the non-productive season of these foods, but their "Good Neighbor" policy has not let a surplus of foods go to waste on their farms. They've given these surpluses to their neighbors who were less fortunate. As one of our club members said: "Pantries of the club members of the county are practically groaning with their heavy load of home-canned foods."

Believing that "Food in the Pantry is the First Line of Defense," club women have assisted each other as well as non-club member neighbors by lending such equipment as pressure cookers and sealers. They've been generous in giving information and instruction in problems of food preservation.

Howard county home demonstration club women are trying to further an educational program on the "right" kinds of food for a well-fed nation. Club programs, radio broadcasts, exhibits and educational posters have been some of the means through which these club women are trying to put this program over in our own county.

The clubs of the county are lining up with the Red Cross to lend their assistance in every possible way to further defense. Plans

are being made now to obtain first-aid training for every club woman in the county. Home demonstration club women are taking a leading part in the Red Cross membership drive in the rural areas of the county.

The request for scrap aluminum was answered with the same patriotism by rural club women as by many others.

Most of these things are mater-

ial, but it may be that the rural people are making an even greater contribution in intangible values—things that are hard to define, such as morale, stamina, cheerfulness and courage in this time of so much uncertainty.

And we would not forget to mention the big contribution of man power: the rural areas are furnishing their quota of both volunteers and selectees.

### Moose Hunter Expansive

CODY, Wyo.—Mayor Paul Stock has contended that anyone bagging a moose in Buffalo Bill county should donate to the Cody hospital fund. It's no law—but the mayor insists on it. So when Gus Feurthberg of New York got his moose, the mayor wasn't surprised to receive a \$100 check for the hospital fund.

of color and bloom all summer long. The reason, I was told, is that they're rooted in soil from every corner of the world. Brought in as ballast on the old sailing ships, it was unloaded in Provincetown and used for lawns. So you're seeing bits of England and France and China—dozens of far-away places visited by the clipper captains—when you stop to admire rambler roses on a cottage roof, or orange poppies blowing in the wind." Mary Margaret McBride in her latest book, "America for Me," makes clear the meaning of America and, in doing so, shows all the fascinating things from other lands which make our country what it is. Macmillan published "America for Me" on November 25.

## News And Views About Books—

John and Alan Lomax have an admiration which amounts almost to reverence for the convicts, farmers, relief workers, housewives, lumbermen and river-boat captains who gave them the songs which appear in "Our Singing Country" (Nov. 12). They say of these people: "We have known country fiddlers who couldn't read or write but could play two, three, or four hundred tunes. We have known white ballad singers who remembered one, two, three hundred ballads. We have known negroes who could sing several hundred spirituals. We have known hands with a Mexican share-cropper who carried in his head the text, tunes and stage directions for a miracle play requiring four hours and twenty actors to perform.... These are the story-tell-

ers because they are the people who are watching when things happen. These are the great laughs and the great liars, because they know that life is so much more ridiculous than anyone can ever hope to tell. These are the people who understand death because it has been close to them all their lives.... These people make deep slow jokes while they are waiting for things to happen, and they know that what a man isn't willing to fight for must not be true for him. These people have a lot to say and a lot to remember, and that is why this book is, mostly in quotation marks."

John T. Frederick will discuss "Our Singing Country" on his program "Of Men and Books," November 18. The program will be heard over station WABC and the Columbia Network from 3 to 3:30 p. m. E. S. T. He will also discuss W. C. Handy's autobiography, "Father of the Blues," with its editor, Arna Bontemps.

Larry June, having had marked success with his hobby of photography, has been asked innumerable questions by less successful practitioners of the art. One common remark was, "I wish I could afford a camera that would take such good pictures." As a result of this, Larry June went out and bought a box camera. Working within its limits, he achieved such success that he decided to set down his methods for others. This he has done in "The Photographer's Rule Book for Everyday Picture Taking." Macmillan published it on November 25.

Everyone has probably been asked some time or other "If you were going to a desert island for life and could take only three books (or three something else), what would you take?" How about this one: "If you were to be given a handful of earth to represent America, from where would you take it?" Mary Margaret McBride, Columnist of the Air, says, "I think I'd take it from a Provincetown garden. Up there on the Cape, with sand everywhere, you'd think the gardens would be pretty bleak. Instead, they're a mass

## 26 Shopping Days Remain In Season

Early Christmas shopping is being stressed in Big Spring this week in advance of the series of events which will mark the formal opening of the season.

Although little more than a month now remains before Christmas Day, actually there are only 26 shopping days in which the public may satisfy shopping needs.

Because stocks are not as inexhaustible in some lines as in former years due to limitations imposed by the national defense program and because a bumper harvest has loaned more money than in many years—shoppers were advised to do their buying early in order to insure satisfaction.

Many stores were offering partial payment or lay-away plans, but owing to the abnormal amount of new capital, outright purchases are expected to jump to a new high.

First of the events marking the opening of the Christmas season will be Monday, Dec. 1, when business houses will observe window unveiling. This, as usual, will be accompanied by the traditional treasure hunt, and thousands of visitors are expected to throng the business district.

On the heels of this, the annual Storybook Parade, in which more than a dozen schools in Big Spring and the rural areas of Howard county will participate, is set for Friday, Dec. 5.

Already two rural schools—Moore and Lomax—have entered, and six elementary schools in Big Spring are due to fall in line. Other rural schools will send in decorated youngsters.

The parade features attempts by children to depict characters in nursery rhymes, time-honored children's stories, etc. Prizes are given to the most representative individuals, the best school groups, etc.

Chamber of commerce officials said Saturday that arrangements had been completed to have Santa

## Brown HD Club Elects Officers

Members of the Brown Home Demonstration club met recently and elected new officers for the coming year. Named to serve was Mrs. R. C. Stocks as president, Mrs. Buster Shortes vice president, Mrs. C. J. Martin secretary, Mrs. Lee Castle reporter, and Mrs. J. H. Burrow as council representative.

The Martin county club women made a tour of demonstrations at Bryant, in the homes of Mrs. Jim Motley for kitchen and Mrs. O. G. Denton, poultry; at Valley View they visited Mrs. W. L. Clements, poultry, and Mrs. J. T. Mims, kitchen and poultry were inspected at the homes of Mrs. H. L. McKaskle and Mrs. I. W. McKaskle.

The last tour of the club members will be held Tuesday, Nov. 25 and will include Brown and Flower Grove.

Mrs. C. J. Shockley honored Mrs. Buster Peugh with a pink and blue shower in her home Thursday afternoon, games were played and the honoree was named as contest winner and was awarded a basket of gifts. Present were Mrs. Paul Adams, Mrs. John Nichols, Mrs. Henry Sample, Mrs. Barney Nichols, Mrs. J. W. Phillips, Jr., Juanita Joe and Neil Sample, Twila Frances Phillips, the honoree, Mrs. Peugh, and the hostess, Mrs. Shockley. Sending gifts were Mrs. Edna Weed, Mrs. O. D. Grantham, Mrs. J. B. Shockley.

Mrs. Lee Castle, Mrs. Jewell Martin and Mrs. J. W. Phillips, Jr., attended a home demonstration club tour beginning in the Champion community near Roscoe in Nolan county Wednesday.

Mr. and Mrs. Harold Castle and daughter, Joan, and Mr. and Mrs. Elmer Castle returned to their home at Houston after spending several days visiting relatives here and at Andrews.

Mr. and Mrs. Lewis Pinkerton are the parents of a baby son. The child has been named Eli David. Mrs. Will Pinkerton of Stanton, grandmother of the new baby, is spending several days here with the family.

Arlen Martin, recently released from the army, is now employed at Eunice, N. M.

Mrs. Earl Castle, who has been visiting her parents, Mr. and Mrs. J. L. Jones at Rankin, was called home by the sickness of her husband this week.

Dan Mayfield, nephew of Mrs. Lee Burrow is in a Big Spring hospital recuperating from an operation. Another nephew, brother of Dan, is reported to be in a grave condition at the family home in McCamey. He has been ill for several months.

## Pessimism Lacking In Russia

By EDDY GILMORE

KUIBYSHEV, Russia, Nov. 21 (AP)—(Delayed)—By boat and train from Britain I have just reached this second seat of the Russian government on a journey that offered an unusual chance to observe life behind Russia's vast fighting front.

The 2,500-mile trip took our party into Asia beyond the Ural and showed us a panorama of people unexcited, unafraid, and confident of victory.

The reactions of civilians in the bombed cities are no different from those in London, Plymouth and Coventry.

Trains bearing whole factories, including their workers, families, even baby carriages, passed us in hundreds of places. Not one person—and we talked to dozens—was pessimistic.

Everywhere we went, the food was plentiful. People from farms flocked to the sidings when our train stopped, selling milk, bread, butter, beets, pickles and sausages. In cities, we bought caviar and wine—all we wanted.

The early ambition of William Green, president of the American Federation of Labor, was to be a minister.

## O'Daniel Ends Visit To Texas

FORT WORTH, Nov. 22 (AP)—Senator W. Lee O'Daniel will leave for Washington late today after a visit to Texas during which he: Made an address at Houston; Hunted deer in Southwest Texas—he said he bagged one at 200 yards; Stopped at Uvalde to see John Garner but "I think he saw me coming and hid out. He was afraid I'd come to take him back to Washington"; Visited Jim Mike at the University of Texas; Came here to see son Pat, who came in from Camp Walters for the visit; Went to Tyler today to visit his daughter, Mrs. J. D. Wraith, Jr.

# O'Daniel's Favor As Senator Gains Thirty-Six Percent Of Voters Favor W. Lee

By JOE BELDEN

**Texas Surveys of Public Opinion**  
AUSTIN, Nov. 22 — W. Lee O'Daniel as a potential candidate for re-election to the U. S. senate has more voters behind him today than elected him last summer. But he has no more than a simple plurality, which will not be enough in the approaching 1942 primaries.

A poll conducted by Texas Surveys of Public Opinion in the Panhandle, the Valley, the Big Thicket—everywhere over the state—brings to light evidence that the senator has regained the popularity he lost when he first arrived in congress. Lyndon Johnson and Gerald C. Mann, his chief opponents in the race last summer, now trail O'Daniel, reversing the positions indicated by a Texas Surveys poll last September.

"At this time," interviewers asked a sample of eligible voters, "whom do you think you would like to see elected senator from Texas in the election next summer?"

These were the results, compared with the last survey on the same question:

	Sept.	Today
W. Lee O'Daniel	15%	36%
Lyndon Johnson	21	17
Gerald C. Mann	21	16
Martin Dies	9	8
James V. Allred	9	5
All others	15*	1
Undecided	25	16

(\* Includes votes for Dies and Allred.)

When a list of possible candidates is placed before the interviewees, Attorney General Mann makes the best gain, 9 percentage points—perhaps a hint that he would present the best opposition to O'Daniel. These are the answers when the "if-you-had-to-choose-from-these" questions was asked:

	Sept.	Today
W. Lee O'Daniel	29%	40%
Gerald C. Mann	30	25
Lyndon Johnson	23	22
James V. Allred	6	5
Undecided	5	4

(Dan Moody's name was presented in September, receiving two per cent.)

Judging from events of recent months and from systematic questioning of the voters themselves, this appears to be the process through which the Texas public mind has been going since the dramatic special election to find a successor for the late Senator Morris Sheppard.

Although nearly 81 per cent voted in June to send O'Daniel to Washington, three months later, soon after he had been coldly received in congress, many of his supporters had deserted him.

Recently, however, the new senator has been hammering on the need for legislation to curb strikes. This no doubt has made a good impression with the voters at home, most of whom, polls show, want something done about labor troubles in defense projects. His potential vote as a candidate has thus increased five points above the 81 per cent plurality he received last summer.

Although both Mann and Johnson have suffered from the flow of support back to O'Daniel, their losses are small—about 5 percentage points in each case. Most of the senator's gain has come from the quarter of the electorate that last September was undecided.

A primary held today would with little doubt place O'Daniel in the run-off. Whether he could then muster a majority is another problem. A poll last July soon after the special election indicated Johnson would have received a majority in a second primary.

## THE WAR TODAY: In Egypt Hitler Fights On Foe's Terms

(This daily feature, conducted by Dewitt Mackenzie, is written today by Fred Fanderschmidt.)

The six-day-old battle in the sands of Cyrenaica has changed the face of the war and presented Adolf Hitler with a problem he never had before—what to do about an army desperately on the defensive, far from home and facing annihilation.

In almost every element it is the German blitzkrieg in complete reverse. For the first time the British are more powerful, better armed, better supplied. The battle is of their own choosing and the battlefield gives them almost unlimited space in which to move their weapons: So swiftly that the damage is done long before it can be properly comprehended.

The German armies are divided and the halves are encircled; their tanks and armored cars are beating their iron heads to pieces against harder, better weapons. Even the weather has turned sour on Hitler; a coastal deluge on the birth of the British offensive bogged his planes down on his airfields and, field accounts say, the vast imperial parade across the Egyptian frontier had scarcely any hindrance from the air.

It is only necessary to read the German and Italian communiques to tell how gravely this campaign is regarded in axisland. Beyond

the bare mention of axis counter-attacks there has been no serious axis effort to claim that the British are being impeded. Today the Hitler communiques says the battle is "fierce" and that the British armies are "strong" — nothing more.

Even now Hitler must be contemplating the necessity of abandoning these thousands of German African fighters to military destruction.

What this will do to the mentality of the German folk back home, who have been industriously sold on the idea that German soldiers and German weapons are invincible, becomes, then, a matter of urgent consideration.

In the first place it is imperative that there be big victories somewhere else—hence the vast and reckless snow drive in the snows of Russia at the start of the sixth month of the eastern war. The first prize of this drive—Rostov-on-Don—was proclaimed to the so-called master race with a great tooting of radio trumpets this morning; it looks now as if Hitler is out at all costs to take Moscow, itself, by Christmas.

Because of the military urgency in Russia, because the British Mediterranean fleet is so definitely on the job, and because the morale of the Italian armed forces is so very low, speedy axis reinforcement and relief of the Germans in Africa would be nothing short of a military miracle.

### Tear Gas Rout Slaying Suspect

TRIPLETT, Tenn., Nov. 22 (AP)—Clyde Arwood, 50, wanted for the shotgun slaying of William M. Pugh, U. S. alcohol tax unit investigator, surrendered to officers early today after they had cornered him and tossed tear gas bombs for hours into his little frame house near the Mississippi river at Halespoint, Tenn.

Sheriff Charles Shoaf said Arwood killed the 42-year-old investigator yesterday after Pugh had taken him into custody in connection with the operation of a still.

Cy Young, one of baseball's immortals, was traded to the old Cleveland team for a suit of clothes.

# Crowds Will Scramble For Free Turkeys Here Tuesday Afternoon

## Merchants Will Release 50 Or More Birds At 3:45 P. M.

This will be the picture Tuesday afternoon when Big Spring observes Turkey Day.

Shortly after 3 p. m. crowds will start to gather in the downtown section, knotting up around the fronts of stores where there is a sticker bearing a turkey's likeness and the inscription "I will be released here at 3:45 p. m."

As the zero hour nears, traffic will come to a standstill. Turkeys will be hauled out to the front of stores. Some will be taken to the top of awnings, others to second story windows.

The clock will touch 3:45 p. m. and the fire siren will mean the signal. Fifty turkeys or more will be thrown into the air.

Some will flutter down, others will fall like a gull.

People will jump, push, shove, grab wildly for a hold on the elusive birds. Some will have feathers jerked off, perhaps others lose a leg. And unless something new happens, there will be a few scattered fights and some heated words.

But in the end, as many people as there are turkeys freed will walk away with their Thanksgiving meat under their arms.

After being stalled for several days, the Turkey Day promotion picked up some more steam Saturday. Five other merchants were added to the list of those cooperating, bringing the number of participating firms to about 35.

Stickers advertising cooperation have been distributed and the chamber of commerce announced that there would be an ample supply for others to come in almost

up to the minute that the event is scheduled to come off.

However, it was suggested that those who plan to take part by giving away a turkey so advise the chamber early Monday in order that the sticker can be placed in time to draw a crowd.

There are no rules for the turkey chase. It is a catch as catch can proposition, and the person who catches the bird becomes its owner. Participating merchants buy their bird or birds from whomever they please.

This is the first year that the turkey stunt has been tried here, but in other places it has proven a popular feature.

Among the latest to enlist in the promotion are Iva's Jewelry, Cunningham & Phillips, E. O. Jones, Lone Star Chevrolet, and State National bank.

Teachers End Texas Meeting

HOUSTON, Nov. 22 (AP)—The Texas State Teachers association, encouraged to face with optimism and fortitude an uncertain future in a war-racked world, closed today one of the most important conventions in its history.

Speakers left the thousands of delegates a forceful reminder: That education has a vastly important part in national defense and that it must exert all its energies toward the accomplishment of its aims.

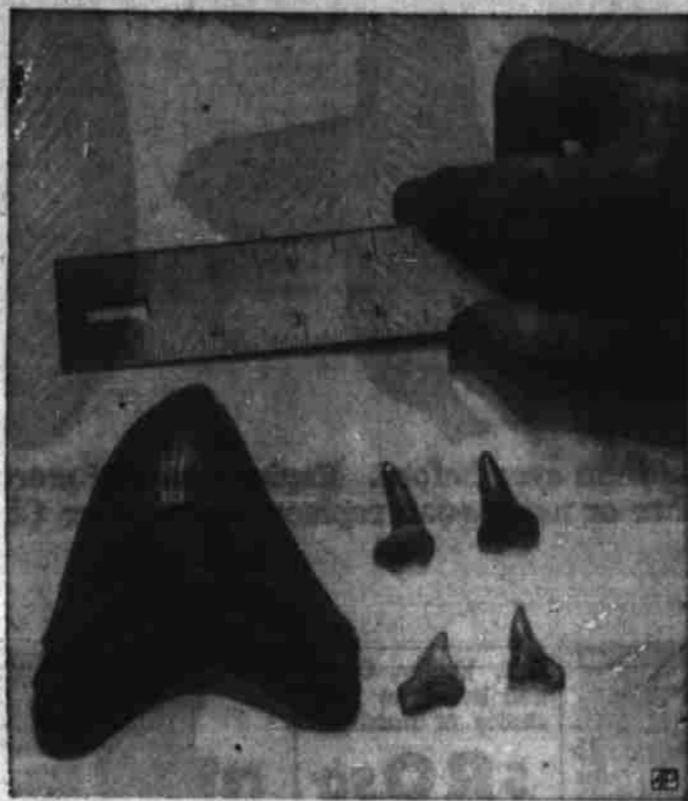

The association's new president, Dr. B. F. Pittenger of the University of Texas, said he was confident democracy was not threatened "with dissolution within a year. It can stand as long as we want it to stand."

Dr. Pittenger, dean of the university's college of education, was elected by acclamation yesterday.

Education, he said in an interview, can help "maintain a normal way of living by carrying on the life of children in as normal a way as possible."

The association, through its house of delegates, also asked higher salaries and legislative establishment of a minimum of \$1,200 "for every teacher in the Texas public schools."

Dr. Ray K. Dally, president of the Houston school board, was elected president of the Texas Association of School Trustees and James M. Binlon of Brownwood was elected to head the Texas Classroom Teachers association.

## Crude Stocks Show Decline

WASHINGTON, Nov. 22 (AP)—The bureau of mines reported today stocks of domestic and foreign crude petroleum at the close of the week ended Nov. 15 totaled 340,380,000 barrels, a net decrease of 1,430,000 barrels compared with the previous week. Stocks of domestic oil decreased 1,851,000 barrels for the week and foreign crude petroleum 49,500 barrels.

Daily average production for the week was 4,087,000 barrels or a decrease of 9,000 barrels compared with the previous week's level. Runs to stills averaged 4,010,000 barrels daily, compared with 3,945,000 barrels for the preceding week.

White House Says Hitler Ready To Stage Winter Peace Offensive

REVIEWING THE BIG SPRING WEEK BY JOE PICKLE

Beldom have we seen autumn dilly-dally around so long and never have we seen it get down to business so quickly as it did here last week.

Put Dec. 9 down as a must date on your calendar, for certainly none will want to miss hearing Jan Valtin, author of "Out Of The Night."

Turkeys must be high or local business men are missing out completely, judging from what we consider a poor response to the Turkey Day promotion here.

Reduction of NYA area offices by half in the state is going to have repercussions all down the line.

Ideas Worth Cup Of Coffee To C. Of C.

Ideas will be worth at least a cup of coffee and a cookie at the chamber of commerce this week

Under the slogan, "Information, Please," the chamber is seeking to get all the suggestions it can from the public to incorporate in a 1942 program of work.

Intense efforts will be made to get people to call during Monday, Tuesday and Wednesday to list their ideas of what would be good to undertake in Big Spring next year.

Miss Ellen Demsey will be on hand to serve visitors and to assist them in jotting down their suggestions on cards.

Not is there to be any restriction as to whom may turn in ideas. Chamber membership has nothing to do with it and the person who has never held chamber membership is being urged to call

Directors, meeting Monday noon at the Settles for their regular semi-monthly session, are due to give the program a big send off.

When it is all over, the accumulation of ideas—and chamber officials are confident there will be 800 or more—will be compiled and worked into a plan by the chamber directorate.

Democracies Cautioned To Be On Guard

Axis Plan Would Make Puppet States Of Subdued Nations

WASHINGTON, Nov. 22 (AP) — Cautioning the world's democracies to be on guard, the White House said today that Germany was preparing a winter peace offensive embracing proposals ostensibly restoring economic and political independence to continental Europe, but actually leaving Hitler master of a string of "puppet states."

Stephen T. Early, a presidential secretary, disclosed at a press conference that this government had reports of such a plan. A reporter had asked whether an "economic peace" was about to be proposed by the Nazis.

Reading from a penciled memorandum as if prepared for the occasion, Early said both President Roosevelt and the state department had received information from certain European sources that a conference was to be called either in December or January "on some occasion considered pretexts by Germany."

He added that invitations already were going forth from Germany to "some belligerent, axis powers, and some neutral European nations."

"So far as our information goes," he said, "the conference would be restricted to a meeting of European powers. That excludes, of course, the hemisphere and, I understand, also, that England will not be invited."

Early said the reports reaching the United States government gave the reason for the conference as the prospect that "Germany is going to be forced by losses and depletion of reserves to summon such a conference."

Sale of Seals To Start Soon

Annual sale of Christmas seals by the Howard County Tuberculosis association will be launched here Thursday, Mrs. Ira Thurman, seal sale chairman, announced Saturday.

Start of the campaign will be delayed until Thanksgiving to avoid conflict with the Red Cross drive, said the chairman.

But come Thursday morning, 2,000 envelopes containing the special seals will be in the mail here. They will be dispatched with a request that those who can and will buy them remit a dollar to Mrs. J. C. Douglass, treasurer.

During the past year, the local association has furnished more than 5,000 pints of milk to underprivileged children as a preventive measure, has furnished X-ray examination for those who were unable to finance this diagnostic work, and otherwise aided in the prevention and cure of tuberculosis.

Mrs. C. W. Dickerson is chairman of the association and reports plans for radio and newspaper publicity to accompany the drive in its initial week.

Farmers Use Surplus To Pay Debts, Buy Farms, Machinery

More than three millions of dollars have been turned loose here since Sept. 1 from marketing of Howard county's bumper crop.

While business has accelerated, chief immediate beneficiaries from the agricultural boom have been food, clothing and variety establishments. Heavier and luxury lines have had brisk trade, but many have fallen short on the volume they dreamed about.

Where is the money going? It is into the channels of regular trade.

Congratulates African Chief—Adolf Hitler graduation the hand of Lt. General Erwin Rommel (right) after he had awarded the Oak Leaves in addition to the Knight's Cross of the Iron Cross to the German army officer. Rommel was decorated this year for his work as a tank commander in the German western front offensive of 1940. Later he was placed in charge of German forces in North Africa, now threatened by a new British offensive.

Court Term Starts Here On Monday

November term of 70th district court in Big Spring will open at 10 o'clock Monday morning with empanelling of the grand jury by Judge Cecil Collins.

That the grand jury will have a heavy docket of work before it is indicated by the number of cases which have been bound over from justice of the peace court.

Summons for grand jury service have been sent to L. M. Gary, Wayne Ingram, L. W. Croft, Frank Hodnett, H. G. Hill, Hood Parker, H. W. Read, Leroy Echols, Ira Driver, C. W. Crighton, R. L. Cook, J. B. Collins, Elmo Wasson, C. E. Anderson, John Allred, R. N. Adams, W. B. Younger, B. O. Jones, Cal Boykin and Glenn Cantrell.

Called for petit jury service the first week of the term are Hayden Griffin, Roy Hester, Walter Deas, Jr., W. C. Riggan, J. Lusk, John Masters, J. Webb Nix, Carroll Jones, J. R. Laybath, B. S. Cox, W. J. Garrett, O. L. Nabors, Dewey Martin, Chester O'Brien, J. D. O'Barry, C. R. Duggan, S. W. Lee, Thurman Gentry, Frank Covert, V. H. Flewelling, F. W. Harding, Dave Duncan, C. O. Legionnaires, Auxiliary To Convene Here

More than 200 Legionnaires and auxiliary members from the 19th district and West Texas are expected here next Saturday and Sunday for a joint regional officers training school and the district American Legion convention.

The officers training session is one of three being held in the state for leaders of various Legion posts, and high leaders in the state department are due to be here for them.

During the past week, Charles Whitaker, Lubbock, district Legion commander, has been here conferring with local post and auxiliary members relative to plans for entertaining the district parley, which draws from all the counties in the 19th congressional district.

Included in plans is a dance for the visitors Saturday evening. Business sessions will be concluded the following day.

Japanese Pacific Proposals Studied

WASHINGTON, Nov. 22 (AP) — Japanese proposals for settlement of Pacific problems were studied for nearly three hours today by Secretary of State Hull and British, Chinese, Dutch and Australian representatives, but no hint was given as to their reaction.

Likewise, none of the participants in the meeting—the first general gathering of representatives of the ABCD powers whose policies, clashing with Japanese policies, have brought a threat of war to the Far East—would give any clue as to the nature of the Japanese proposals.

British Take Egypt-Libya Border Fort

Tobruk Garrison Breaks Out, Taking Many Prisoners

WITH THE BRITISH ARMY IN NORTH AFRICA, Nov. 22 (AP) British troops routed axis forces from Fort Capuzzo today, and hundreds of British fighter planes attacked massed German tanks in a great plane-tank battle to the west.

Fort Capuzzo, a mud-bat outpost on the Egyptian-Libyan border, was taken by New Zealand forces. It was the seventh time the fort had changed hands in 18 months.

To the west, German General Erwin Rommel's Africa corps, although battered hard by British air and armored forces, consolidated its position for a stand south of Tobruk.

Returning pilots reported that Rommel's two panzer divisions apparently had succeeded in joining forces except for parts knocked out or isolated by British blows.

Many German tanks were said to have been put out of action. British Hurricane fighters and American-built Tomahawks pounded the German tank formations for hours in what officers said was one of the greatest pitched battles between planes and tanks in the war thus far.

The fighters swept over the tanks so low they almost touched them, with cannons and machine-guns blazing.

The British garrison at Tobruk broke through the axis lines, which have had the port under siege for seven months, and took several hundred prisoners, half of them Germans and half Italians.

The garrison is separated from the main British column by two miles of minefield and machine-gun nests constructed by the axis besiegers, and a bottleneck of desert to the south through which the Germans might conceivably escape to the west.

Italian formations in a triangular battle area bounded by Tobruk, Bardia and Maddalena, in contrast to the German forces, were reported crumbling before the British attack.

Consolation of the German forces was achieved by moving what was left of a division which had been left at Bardia to the region south of Tobruk, where the other had been stationed.

The bypass which the British constructed around Tobruk at dawn Friday is proceeding slowly but steadily, it was stated, and may cut off the bottleneck outlet.

Returning airmen reported this advance column had not yet come in contact with the German panzer units, but was joining battle with German and Italian infantry.

The German force would have to fight hand to hand to escape through the gulches leading up to the high escarpment on the south. In the escarpment itself the British armored formation was swelling rapidly.

South African infantry was rushing up to support the armored force.

Men Resume Work At Once

WASHINGTON, Nov. 22 (AP)—The captive coal mine strike was ended today in an agreement that its issue be submitted to arbitration with both sides bound in advance to accept the results.

At the continued entreaty of President Roosevelt, the policy committee of the United Mine Workers of America voted unanimously to send its men back into the pits on these terms at once. John L. Lewis, the union's president, said the decision was made "in the public interest."

It came, however, as a sharp surprise to those who have kept in close touch with the mine controversy, because Lewis personally rejected the plan earlier in the week. Mr. Roosevelt's statements on the dispute had so prejudiced the public mind, Lewis said then, that it would be extremely difficult to find an impartial arbitrator.

But the chief executive, who had said that the mining of coal must be resumed because it was essential to the national defense program, persisted. He addressed another of his several letters to Lewis and the CIO union before today's policy committee meeting, and named the arbitrator in advance of the union's concurrence.

He was Dr. John R. Steelman, head of the labor department's conciliation service, a man of long and varied experience in the settlement of labor disputes. Technically, Mr. Roosevelt appointed a board of arbitration with Steelman as its chairman, Lewis as a second member and Benjamin F. Fairless, president of United States Steel, as the third.

Under the circumstances, however, it was obvious that the decision would be reached by Steelman, alone, after hearing Lewis and Fairless present their cases. Secretary Fairless immediately relieved Steelman of all duties in the labor department so that he might devote his full time to the captive mine case.

The captive mines are owned by the steel companies, and their product is used exclusively as fuel for the manufacture of steel, as distinguished from the commercial mines which produce coal for sale on the public market.

Sympathy strikes spread into the commercial fields. The steel companies quickly began to feel the pinch and steel production for the defense program had to be curtailed. Numerous elements in congress were demanding action by the government through force or legislation to end the strike. A senate committee had already begun hearings on anti-strike bills.

In the immediate aftermath of today's agreement, it appeared moreover that congress would go ahead with such legislation.

Wreck Here Kills One, Hurts Four

Edgar Dodson, 25, was killed instantly and four others were injured in an automobile collision near the airport at 8:30 p. m. Saturday.

Those hurt were R. McDaniel, Joe Clare, C. L. Kirkland and E. C. Howard, all of Big Spring. Howard was taken to the Malone & Hogan Clinic-Hospital in a Nailey ambulance where his injuries were not thought to be serious.

McDaniel, Clare and Kirkland, in whose car all the injured were riding, were treated at the Big Spring hospital where they were taken in an Eberley ambulance. They sustained head and facial lacerations, but their conditions were not considered serious.

Officers said that apparently one car had sideswiped the other but investigations had not indicated details. Dodson was riding alone, and the other four were bound for Big Spring from Midland where they have been working.

The mishap occurred on an open stretch of highway at the northeast corner of the airport. Dodson had been working part time during the autumn rush at the Cooperative gas. He leaves his parents, three brothers, including Dan Dodson and Fred Dodson of Big Spring, and three sisters, of Coalinga. Arrangements were pending arrival of the parents.

Big Spring Due To Get Light Snow

Blizzard Sweeps Panhandle; Freezing Weather Due Here

A blizzard moved southward across Texas' high plains Saturday night, threatening to bring snow to Big Spring and vicinity today.

The weather bureau here predicted cloudy weather with strong north winds and occasional light snow today with clearing and continued cold weather Monday.

The blizzard sweeping across the Panhandle carried threats of heavy snow and temperatures as low as 15 degrees.

The storm hit the Amarillo region on the anniversary of the ice storm which isolated the territory for three days a year ago.

The temperature there at 7:30 p. m. had dipped to 28 degrees and the wind was coming in at 30 to 35 miles an hour. Warnings went out to livestock raisers.

Around Perryton a four-inch snow fell Saturday afternoon. Freezing temperatures were predicted for as far south as Big Spring and into Northwest Texas as far as Dallas and Fort Worth.

Amidst the rain, snow and cold thus tossed at the state in winter's first all-out assault of the season, the weird lights of Aurora Borealis shone. The northern lights were visible at Wichita Falls. Reports reported interference with communications along with a 44-degree temperature.

The forecasts for East and West Texas indicated more snow and cold for Sunday and Sunday night.

Local Church To Observe Anniversary

The 49th anniversary of its founding will be observed today in special services at the First Christian church.

Taking cognizance of the erection of the church by a small group gathered in the home of Mr. and Mrs. I. D. Eddins in November of 1892, the Rev. Homer Haislip, pastor, will speak on "Thank God for This Day." The choir will give the anthem, "I Will Praise Thee." Following services, members of the congregation and friends will have an old-fashioned basket dinner in the church dining room at 1 p. m.

This evening the Rev. Haislip will speak on "Our Foot in Heaven," using dramatic illustrations from Heartsease Spence's popular book and the current motion picture by the same name. The choir will sing "Our March is Onward."

A new pastor, the Rev. H. C. Smith, formerly of Amarillo, will be in the pulpit at the First Methodist church. He succeeds Dr. J. F. Haynes who last week was transferred to St. Paul's church in Abilene.

Members of the First Baptist church will hear the Rev. P. D. (Dick) O'Brien, Stamford, who is supplying at both the morning and the evening hours for the church, which is without a minister. The Rev. O'Brien, formerly at Colorado City, is well known throughout West Texas.

Baptist laymen, working toward supplying quantities of food stuff for the Bunker's Orphan Home at Dallas, which experienced a total crop failure and is faced with having to sacrifice its pig and hog crop, were to start Monday loading the first car.

C. G. Hayes, vice-president of the T. & P. railroad, advised the Rev. R. E. Dunham that the car would be available here for three days and E. M. Fisher, agent, said it (car No. 50572) would be spotted on the team siding near the east viaduct where any who can eat take feed. K. S. Beckett will supervise the loading. Those who have feed gifts but no transportation may call 1181.

At the Church of the Nazarenes, the Rev. Ernest E. Orton, pastor, will bring a Thanksgiving message, "Ingratitude versus Thanksgiving." This evening he speaks on "Bowl Destruction."

The Rev. R. E. Bowden, pastor of the Main Street Church of God, will preach on "The Land of Next at Hand" at the 11 o'clock morning worship Sunday. Young people will have special service Sunday night at 7 o'clock and evening sermon at 7:30 o'clock will be "Salvation Destructive and Constructive." Plans for the revival to be held November 30th will also be made.

ALLOWANCE UP AUSTIN, Nov. 22 (AP) — The average daily allowable of Texas oil wells increased 1,344 barrels to 1,244,961 in the week ended today, the railroad commission reported.

Stanton Crash Injures Two

STANTON, Nov. 22 (Sp.)—Two sisters, Mrs. Homer McLane and Mrs. C. P. McGregor of Cameron, were injured in a car collision at an intersection here today at 6 p. m.

Mrs. McLane, who is assistant postmaster, and Mrs. McGregor, who is duty tax collector at Cameron, were enroute to Odessa to visit with Mrs. McGregor's daughter, Mrs. John P. Young. Mrs. Young recently had undergone an appendectomy.

Ed Bloomer and Alvin Brown, both of Stanton, who were riding in the other car, escaped with minor bruises and abrasions.

At the Cowper hospital in Big Spring, where the women were taken in an Eberley ambulance, Mrs. McLane was reported to have had a broken left leg above the ankle, a fractured hand, head injuries and multiple lacerations about the head and body. Mrs. McGregor had an ankle injury and multiple lacerations. Both were reported resting well.

The crash occurred at the traffic light where US highway 80 crosses the downtown district.

Judge Has Attack

Tracy T. Smith, city judge, was under treatment at the Malone & Hogan Clinic-Hospital following an acute illness Saturday. He had to be removed from his office downtown to the hospital when he suddenly stricken. His condition was reported as satisfactory.

Union leader freed HOUSTON, Nov. 22 (AP)—Jack Frye, regional director of the chemical division of the United Mine Workers, CIO, was acquitted by a jury today of a charge of violating the O'Daniel law against coercion in labor disputes.

Red Cross Campaign At Half-Way Mark

Annual roll call of the Howard-Glasscock Red Cross chapter near the half way mark Saturday, with 100 percent memberships reported by five more firms.

Added to the 100 percent list were Club cafe, Settles Barber shop, Settles drug, Hanshaw-Queen motor company and Montgomery Ward.

At the Church of the Nazarenes, the Rev. Ernest E. Orton, pastor, will bring a Thanksgiving message, "Ingratitude versus Thanksgiving." This evening he speaks on "Bowl Destruction."

The Rev. R. E. Bowden, pastor of the Main Street Church of God, will preach on "The Land of Next at Hand" at the 11 o'clock morning worship Sunday. But those with their hands on the financial pulse of the county are optimistic in predicting the most active real estate market for agricultural property in more than a decade.

This accounts for the fact that loan totals for some lenders will drop radically in the face of liquidation and putting amortizations in better shape. In many instances, farmers are clearing their original property but are stepping out to enlarge their holdings. Others are trading clear property to get a stake in better and larger places. Many who have been struggling along as tenants are in a position to get hold of farms on their own.

Scotching the belief that there will be much land trading in the rural areas is that prices, although slightly up in some instances, are holding generally steady. At any rate, prices have not advanced anything like the general cost of living.

Too, with fear of inflation daily becoming reality, the old theory of land ownership as the safest investment is finding new favor. Add to this the substantially stronger position of agriculture as a business, and another reason for a real estate boom shapes up.

Thus, the question of where the money is going is answered. This doesn't mean there will be no big autumn business, for such is already here—and the Christmas shopping season is due to be limited only by stocks. But the vast surplus of money is going into things that farmers believe will help make them a living later on.

blacksmiths, and machinists are finding a record amount of agricultural trade on their hands for autumn. National defense has put a crimp in some implement lines, thus necessitating repairs. The only hitch in the amount of work that can be done in this line is in the ability to secure welding rods.

As for the payment of land debts, records do not yet show the full impact of this program. Since Sept. 1 there have been 29 releases filed on liens and deeds of trust covering farm property. Warranty deeds have been vastly more numerous, but as yet the percentage of farm property involved has not shown a marked increase. Releases covering equipment of various kinds, farm and household, have skyrocketed.

agricultural sledding generally was not so smooth. Bringing of payments up to date is no more uncommon than the complete retirement of indebtedness. This is exhausting the cash reserves of many producers, but others still have enough for next year's working capital, and some sufficient to trade their old cars in for new ones.

Too, there is a steady volume of trading in equipment lines, for while land titles are being cleared, farmers are not forgetting to lay in a store of good tools. This means the tractor business, plowmen, cultivators, etc., are finding a ready market when they can be obtained by dealers.

It also means that welders,

backed agricultural financial units have reported heavy payments during the autumn.

While bank loan figures may show a noticeable decline on the next report, this may not hold true with some private concerns that lend or with such institutions as the farm loan association.

There have been many cases where old debts—long since charged off the books—have been paid, both at business houses and at banks, but by and large the bulk of catching up is on two and three-year delinquencies.

This was attributed to the fact that the bumper crop of 1937 gave most farmers and ranchers a chance to catch up on their obligations. Since then, however, the

# Henry Fonda, Barbara Stanwyck Star Again In Comedy Of Marital Troubles

Barbara Stanwyck and Henry Fonda, the comedy combination which made "The Lady Eve" one of the most rib-tickling love-and-laugh romps of the season, continue their romantic antics in Columbia's "You Belong To Me," featured today and Monday at the Ritz theatre. A Wesley Ruggles production, based upon a screen play by Claude Rains, "You Belong To Me" is said to belong high up in the list of such other up-to-date comedies as "The Awful Truth," "You Can't Take It With You" and "Mr. Deeds Goes to Town."

"You Belong To Me" is the story of a bride who wouldn't stay for breakfast, and of a husband who agrees that all the world loves a lover, but why should all the world love his wife? Miss Stanwyck is seen as a woman doctor with too many patients—all of them handsome young men! Mr. Fonda ap-

pears as her love-crazy playboy husband who felt he had a right to get angry when he saw every man in town saying "ah" to his bride!

A case of love at first sight "You Belong To Me" has been praised for its swift, delightful action, its rapid-fire dialogue and its incredibly hilarious situations. Those grand stars of "The Lady Eve," in their repeat performance as a team, are said to prove their right to a place in the very forefront of the riotously wacky.

Others in the cast include Edgar Buchanan, Roger Clark, Ruth Donnelly and Melville Cooper. Clark, a handsome newcomer to the screen, is said to be a certain bet for stardom; the others are well-known character comedy players.

## Mary Whaley's Program Back On The Air

The popular feature, "What's Doing Around Big Spring," with Mary Whaley, society editor of The Big Spring Herald, absent from the KSBT program schedule for the past month, will be heard again over the local radio station, effective Monday morning at 8:45-9:00 a. m. The program will be heard at this same time, Monday through Friday, and will again feature news and views on Big Spring society. This feature, on the air for a year before being discontinued, proved so popular that the program is being returned to the air by popular demand. Mary speaks by remote control from The Herald radio booth.

While the population of the United States itself increased seven per cent between 1930 and 1940, that of Hawaii jumped nearly 15 per cent. Between 1900 and the present Hawaii's population has increased approximately 3 1/4 times, according to the census.

**Wife Trouble**—Henry Fonda has it with his mate, Barbara Stanwyck because she, as a physician, has entirely too many men patients! It's all presented in gay fashion in the Ritz theatre's Sunday-Monday offering, "You Belong To Me." Fonda and Miss Stanwyck are repeating the stellar combo which won them laurels in "The Lady Eve."

**The Lone Wolf**—Warren William as the suave yegg gives the cops a lesson in larceny, Monday at the Queen. Ruth Ford and Eric Blore are with William in a new adventure for the popular fictional character.

## Nearly All Farm Plan Sheets Signed

The county AAA staff is "getting down to the short rows" in filling out of 1942 plan sheets and food

production goals. Only about 50 of the 850 sheets in the county remain unsigned. Notices have been mailed urging these farmers to report early in the week and sign the sheets.

## Western Film At The Ritz For Holiday

The Thanksgiving holiday on Thursday of this week brings a change in booking at the Ritz theatre for the latter part of the week. Instead of the customary double bill on Thursday, the Ritz for its holiday feature will present one of the most popular of western films, Zane Grey's "Riders Of The Purple Sage," in which George Montgomery and Mary Howard are featured. "Riders Of The Purple Sage" will be held through Friday and Saturday, for a three-day run.

**'One Foot In Heaven' To Be Presented Next Weekend**

As heart-warming a story of real American life as has come from Hollywood in many a moon is "One Foot In Heaven," which, booked for next Sunday and Monday at the Ritz theatre, bids fair to become one of the outstanding attractions of the season.

The picture was shown to a preview audience—many of the group were ministers—last week, and there was not a voice dissenting from warm praise.

Based on the best-selling book by Hartzell Spence, "One Foot In Heaven" is a story of family life in the first quarter of this century. It is essentially a true story, Spence having set down in writing just what happened to his family while he was growing up. That his father was a Methodist minister does not necessarily bring ultra-emotional religion into the story, because the Rev. William Spence was a practical man as well as being a man of God. The actual day-to-day happenings in the life of a minister's family, however, constitute a fine and moving sermon.

Fredric March plays the part of the Rev. Spence, and never has he had a part that so aptly fits his talents. Co-starred is Martha Scott as the loving, patient, dutiful, tolerant and understanding wife. Other cast members who portray the children of the Spence family at various ages, and their Iowa neighbors, are Frankie Thomas, Elizabeth Fraser, Beulah Bondi, Gene Lockhart, Harry Davenport, Meron Olsen and many more.

### Local Lad Wins Bible Story Telling Contest

Tommie, six-year-old son of the Rev. and Mrs. H. Elmer Dunham, was named champion in the Bible story telling contest at the B. T. U. convention which closed Saturday in Fort Worth.

Although he had been in the six year old division only two months and had to learn six Bible stories in that length of time, he came through with flying colors. He was the only entrant from Baptist district No. 8.

Among those attending from the area were the Rev. and Mrs. Dunham and children and Irby Cox of Big Spring, the Rev. and Mrs. A. B. Lightfoot of Smith chapel near Odessa and the Rev. and Mrs. John Kee of Odessa.

Thanksgiving Scenes—Pictures of plenty are many in the Big Spring country this year. Above is an autumn scene worthy of any album. Shows are shocks of bundled cane, around which a second growth of food is sprouting from the stubble. Below a farmer works his way through a heavily fruited maize crop, typical of this area. ### Refresher Course Will Open Monday

Refresher course for nine young men who have been passed physically for aviation cadets is due to open here Monday evening. The course of study, covering 12 weeks time and several subjects, will be offered in conjunction with the local school system. Sgt. Troy Gibson, army recruiting officer, said that after the training is complete, those participating will stand examinations for entrance into the air corps as cadets.

There is still time for others to qualify if they act quickly, said Sgt. Gibson. He plans to have the board back within the week if enough youths apply. Those due to take the course are J. B. Settles, Avill C. Clark, Volle E. Sorrells, William T. Aaron, Charles H. Pool, W. M. Taylor, W. H. Crenshaw, Samuel J. Ayer of Big Spring and John F. Priddy of Stanton.

### Capacity Crowds Hear Valtin In Other Towns

Capacity crowds in many cities where Jan Valtin is lecturing indicate that the author of the sensational "Out Of The Night" has a message of tremendous interest for the American people.

The one-time German communist who learned by bitter experience of the advantages of a free country, will appear in Big Spring on the night of Tuesday, December 8, speaking at the municipal auditorium at 8 o'clock. Valtin is being brought here under sponsorship of The Herald, with all proceeds from the lecture going to the Howard-Glasscock chapter of the American Red Cross. The admission price has been put at the low sum of 35 cents, including tax, so that a maximum number of West Texas people may hear Valtin. His lecture topic will be chosen from one of the following: "My 'Out Of The Night,'" "Can Democracy Trust Stalin?" "Hitler's Secret Army In America," "Sabotage And How To Fight It," "If The Nazis Win."

Valtin was an active worker for the Communist International until he was caught by the Nazi man-hunters. What he suffered and what he saw in the gestapo's torture chambers are presented in grim fashion in his book, "Out Of The Night" which has been boomed into the rank of best sellers.

Efforts have been made to deport Valtin, but have not been carried to a conclusion. Rep. Jerry Voorhis of California has introduced a bill in the house of representatives to grant American citizenship to Valtin. This is generally interpreted as part of a plan to hold up action on the deportation proceedings. The bill is not expected to pass, Washington sources assert, but so long as it is pending the department of justice will take no action

with respect to deportation. The department of justice, it is reported, agrees with most people in Washington, that Valtin is more valuable in this country than he would be in the hands of the Nazi gestapo.

Turn-away crowds have greeted Valtin in his lectures at Buffalo, Detroit, Cleveland, Evansville, Freeport and Chicago. At Milwaukee, communists picketed his lecture and the FBI had to have plain clothes men in the audience.

Ray B. McArthur, president of the Milwaukee Town Hall, wrote: "Mr. Valtin lectured at the Town Hall on October 12, 1941. His personality was so striking that he held the interest of his audience throughout the entire lecture. I think that he created a very favorable impression, and all who attended his lecture had a deeper feeling of sympathy for the oppressed people of other nations. "He was considered the outstanding speaker of the current season, talking to a house filled to capacity. We had to turn away several hundred people, and if it is at all possible, we are going to try to book Mr. Valtin again."

### SAVE 10 TO 15% ON GAS! WITH GENERAL MOTORS' PROVED

**NO CLUTCH TO PRESS!**  
**NO GEARS TO SHIFT!**  
\*Optional at Extra Cost

MOST EVERYONE knows Hydra-Matic Drive is a work saver. But few realize that it's a gas saver, too. Here are the facts: Hydra-Matic is engineered with four speeds forward. That permits slower engine speeds. In fourth speed, for example, 1,000 engine revolutions will propel your Olds Hydra-Matic 2,130 feet as against 1,700 feet for a similar car with standard transmission. Hence, you get more mileage on gas—or, conversely, save gas on any given trip. Then, too, Hydra-Matic's automatic shifting prevents lags and consequent waste of fuel. The net result—gasoline savings of 10 to 15 per cent. Why not drive the easy Hydra-Matic way—in a new Olds B-44—and be money ahead on gas!

**DEFENSE COMES FIRST WITH OLDSMOBILE!**  
Oldsmobile's great productive capacities are devoted first to the manufacture of artillery shell and airplane cannon. Remaining facilities are employed in producing, in limited number, Oldsmobile's new B-44—a car that's machine-styled and stamina-built. Thus, Oldsmobile contributes both munitions and materials to national defense.

## Howard Ginnings Now Total 37,000

With considerable cotton still in the fields, Howard county ginnings Saturday night had reached an estimated 37,000 bales.

The five gins in Big Spring, which generally handle about 45 per cent of the crop or slightly less, had ginned 19,945 bales, giving

### Mussolini To Talk With Hitler, Petain

NEW YORK, Nov. 22 (AP)—The Rome radio said tonight that Premier Mussolini would participate in a conference with Adolf Hitler and Marshal Petain to be held soon somewhere in France.

NBC heard the broadcast. (Authoritative French sources disclosed today that Petain would leave Vichy shortly for unoccupied France for talks with a high Nazi, possibly Hitler himself.)

### US-Built Tanks Receive Praise

CAIRO, Egypt, Nov. 22 (AP)—American-made tanks, receiving their first real test under war conditions in the British offensive in Libya, drew this tribute tonight from a British official:

"They have proved very fast, absolutely reliable and fully justified themselves. In a word, they've done fine work and we are glad to acknowledge it."

Before the defense program began, the U. S. firearms industry in 1939 produced 622,812 rifles, 486,429 shotguns, and 90,067 pistols and revolvers, according to census bureau reports. Despite world conditions, this was a sizeable decline from 1937 production totals when 935,058 rifles, 552,259 shotguns, and 139,253 pistols and revolvers were produced.

### Would Change Date Of '42 Elections

WASHINGTON, Nov. 22 (AP)—Representative Jones (R-Ohio) said today he had drafted a bill proposing that the 1942 congressional election be held in March instead of November.

A March election, he contended, would afford a desirable early expression by the electorate on President Roosevelt's foreign policies.

## Fire Department Ready To Repair Old Toys For Distribution On Christmas

### Mrs. Hubert Clawson Honored By Shower

Mrs. Hubert Clawson was honored with a shower Thursday afternoon at the home of Mrs. Curby Cook at 603 Douglas street.

Cake and hot chocolate were served to Mrs. Viola Winn and son, Mrs. Coplin, Mrs. Raymond Hale, Mrs. Kenneth Keller, Mrs. C. M. Gilbert and son, Mrs. Jess Coulter and daughter, Mrs. Tom White, Mrs. Ellie Steward and son, Mrs. Dee Foster, Mrs. Herman Willmon, Mrs. Omer Gilbert and son, Mrs. Joe Lee, Mrs. Don Wagner and daughter, Mrs. Charlie and daughter, Mrs. S. Kohansk, Mrs. Dillard Driggers and daughter, Nettie Evans, Lois Fields, Miggy Strud, Laura Ogston. Sending gifts were Mrs. George Ely, Mrs. Speedy Willingham, Mrs. Fields, Mrs. John Nutt, Mrs. Underwood, Mrs. Lois Thomas, Mrs. Claud Eppler, Mrs. Leslie Clawson, Mrs. Tommy Morris and Mrs. McCraney.

Members of Big Spring's fire department have said the word—and when the people respond the toy repairing season will be on.

E. C. Gaylor, acting fire chief, said Saturday that firemen were anxious to be about the chore of reconditioning playthings—one that they have done regularly for more than 10 years.

Over a period of a decade, firemen have built up their supplies of tools and working materials until this year they are in a position to renovate toys as never before.

Too, the force is slightly larger and more work can be done, but even in the past firemen have been able to handle vastly more things than the public furnished.

Gaylor made only one rule about the toys—they must be in the hands of the fire department before Dec. 20 in order to afford time for reconditioning, to permit paint to dry thoroughly and for complete distribution of the collection.

In the past clubs and the Boy Scouts have assisted in the collection, but a large supply usually is brought in by individuals who don't wait to be solicited to help.

Gaylor and all the firemen are depending on these folks to give them an early start.

"Just throw those old playthings in the car and drop them off at the fire station, said Gaylor, "and we'll do our part toward making some child happy on Christmas."

### EXTRA EXTRA EXTRA SANTA CLAUS TELLS SECRET OF SUCCESS

NORTH POLE, Nov. 23 — Santa Claus, well-known world traveler, in an exclusive interview here says he always drinks Banner Milk before his annual trip. He claims it gives him the energy he needs to keep on schedule. As to your reporter's query on how he started drinking milk, Santa gladly volunteered the information. It seems while going through Big Spring a few years ago, the Mgr. of Banner Creamery invited him in for refreshments. Santa liked the milk that was served so well that he brought some back to the Pole. His helpers, after tasting it, threatened to strike unless a daily ration was included in their closed shop agreement. Santa finally solved the problem by having Banner deliver fresh milk daily just as it is delivered to you.

### Farmer '11' Roars When Title News Is Broken

COLLEGE STATION, Nov. 22 (AP)—The Texas Aggies, who won the Southwest conference football title today without turning a hand, burst into a joyful roar when Coach Homer Norton broke the news this afternoon.

Norton assembled his squad in the training room and held them there throughout the Texas Christian-Rice game. Outside was a radio. Just as the game in Fort Worth neared an end, Norton turned the meeting over to Coaches Bill James and Marty Karow and stepped outside to catch the broadcast.

### WT-NM Loop Members To Confer Today

Manager Jodie Tate and President Tink Rivers of the Big Spring Bombers will gather with other West Texas-New Mexico baseball league officials in Lubbock today for a discussion of the 1942 season. The convalescence is scheduled to get underway at 10 a. m.

One of the prime subjects at the annual meeting will probably be the possibility of admitting the Albuquerque, N. M., club to the circuit, according to Milton Price, president of the league. Price has pointed out that there is not a certainty of any vacancies being available. The Albuquerque organization has been left at loose ends because of a decision to disband the Texas-Arizona league.

RALEIGH, N. C., Nov. 22 (AP)—Add bowl notes—a Texas A. and M. scout looked on today as Duke ended an undefeated and untied season.

Manning Smith of the Aggies said he was present because of two things—the Aggies and the Blue Devils might meet in the Sugar Bowl, and they have scheduled a game for next season, October 20 in Durham.

### TCU's Loss Gives Cadets S'west Title

Christians Kept On Defense By Rice Throughout Tussle

FORT WORTH, Nov. 22 (AP)—Texas A. and M. won the Southwest conference football championship in absentia today, Rice battling the Texas Christian Horned Frogs to a scoreless tie which saw TCU unable to get past the Owl 32-yard line.

Until today TCU had a chance to tie for the title if it could have defeated both Rice and Southern Methodist and A. and M. lost to Texas next week. But today's deadlock, which counts a half game won and half-game lost in the conference standings, removed the Frog hopes.

A crowd of 10,000 saw the Owl once drive as far as the Frog one-yard line and with 40 seconds to go try a field goal from the TCU 31. The gallant Frogs were on the defensive most of the way as Rice played one of its best games of the year.

Heavy rains had made the field as slippery as a bald head but this did not cut down on thrilling runs.

The Owls rolled up 241 yards to 149 for the Frogs and had 13 first downs to 6.

The great punting of Stoop Dickson of Rice was a deciding factor in holding the Purple in its territory most of the time.

Late in the third period Dick Dwellie drove 21 yards straight through the middle down to the Texas Christian 1-yard line but fumbled and Dean Bagley, great little Frog back, recovered.

This was as close as Rice got to scoring but once before the Owls had crunched down to the TCU 6-yard mark with Dickson and Bob Brumley, crashing fullback, leading the way. Brumley threw in a 20-yard gain to feature the charge.

### Duke Tramples NC State, 55-6

RALEIGH, N. C., Nov. 22 (AP)—Duke's bowl-bound Blue Devils, finishing an undefeated and untied season with a breath-taking display of power, smothered N. C. State 55-6 before a capacity crowd of 15,000 persons today.

The Duke's scored 26 first downs and rolled up a net of 408 yards by rushing as they romped over the Wolfpack in one of the weakest games of the season.

Winston Siegfried, 180-pound fullback from Richmond, Va., scored four touchdowns and two extra points. Steve Lach and Tom Davis were the other outstanding backs in the Devils' powerhouse.

Duke was so potent that on four down in its own territory, it twice elected to rush the ball instead of punting. The maneuver worked both times.

Twice the Devils decided to rush the ball, instead of kicking from placement, for points after touchdowns. Both times they succeeded.

And State scored its lone touchdown on one of the oldest plays of them all—the sleeper end—which caught Duke and everyone else fast asleep.

### Nebraska Slips By Iowa, 14-13

LINCOLN, Neb., Nov. 22 (AP)—Nebraska power-housed the length of the field for one touchdown, then blocked a kick for another, to offset the brilliant passing of Tom Farmer and take a 14 to 13 victory today from Iowa. The contest, which snapped a five-game Cornhusker losing streak, was played before 20,000.

Farmer's amazing ability to throw the ball while a stiff wind swept the field and snow swirled down sent Iowa into a 13 to 0 lead before Nebraska's power began to tell.

Iowa, dominant in the first half, got the opening touchdown in the second period on a 10-yard march. Farmer and Bus Mertes had ripped into the Husker 22. The Iowa passer shot one to Al Coupspe on the 20 and carried to the 14, then another that End Wilford Durbett took on the five. From there Farmer smashed over on one play. He missed the point that was to cost the Hawkeyes the game.

### Ole Miss Defeats Arkansas, 18-0

MEMPHIS, Tenn., Nov. 22 (AP)—Harry Maher's one-beat-on Ole Miss Rebels rushed toward a possible bowl bid today with a 18-0 victory over Arkansas before about 10,000 rain-soaked fans.

### Berg - Dettweiler Match Pairings Still Brewing

Definite arrangements for pairings in the Patty Berg-Helen Dettweiler exhibition golf match, at the Country Club, Saturday, November 23, have yet to be made, Jimmy Gamewell, club pro, announced yesterday.

Although the two women professional stars have been following a policy of playing only nine holes per each match, Gamewell is currently working on an 18-hole program. In the event the match is for the full course, four amateurs, one from Big Spring and three out-of-towners, will take part in the festivities.

Final decision on the Big Springers to play will be left up to the local women's association, Gamewell said.

In addition to the match, a luncheon will be held at the Country Club at 11:15 a. m. and a clinic will follow. No charges will be made for the exhibition.

Miss Berg and Miss Dettweiler are two of the brightest stars of golf. Miss Berg has been in 60 tournaments and has won 29 of them. She has been a semi-finalist in four others, medalist in 20, and runner-up in 14.

Miss Berg began tournament play the first year she was ever on a golf course. She played her first game on June 20, 1922, and in August of the same year qualified for the Minnesota state championship. That same season she won the Breezy Point tournament with an 85.

Before turning professional she hung up an impressive record. She first entered the Women's National championship in 1925, qualified with an 85, and went through to the finals. In 1928 she went to England on the Curtis Cup team, tied in doubles with Mrs. Vane as partner and lost singles.

In 1938 she capped the Trans-Mississippi West Amateur and National championships. She took top honors in the Women's Titleholders' open in 1937-38-39. She won the Trans-Mississippi again in the same year.

Miss Dettweiler has won the Maryland State, District of Columbia and Middle Atlantic titles several times each. She took the Maryland title first in 1924 at the age of 18, one year after she took up golf. In her first year she was runner-up in the District of Columbia championship.

Her biggest win came after she turned pro—winning the Western Open in 1936.

She has competed with Patty Berg, still an amateur, one of the times being when she was runner-up to Miss Berg at Palm Beach during the 1937 winter circuit.

### SMU Strikes By Land, Air In 2nd Half

Baylor Line Chills Methodist During First Half Of Joust

DALLAS, Nov. 22 (AP)—Striking twice in the second half, once by air and once by land, Southern Methodist soundly whipped the in-and-out Baylor Bears 14 to 6 before a crowd of 10,000 at O'waby Oval today.

Preston Johnston's pass from his own 30-yard line in the third period was snared by Gus Tunnell on the 50, and the fast end scooped the rest of the way on a beautifully-executed aerial that netted 70 yards. Tunnell ran off and left the Baylor secondary and Wayne (Bo) Campbell, the Mustang kicking expert, came in to make good the extra point with a place-kick.

The Mustangs, whose offense was chilled by the changing Baylor line in the first half, went right on to score another touchdown early in the fourth period.

This time Johnston led a drive down field, aided by Campbell. The Fancies worked the ball to the Bear 15, and Johnston fell across the goal. The referee ruled he had been stopped on the one-foot line, however, and it took him two more plays to push the ball through the stout Bruin forwards for the score.

Campbell's well trained foot again did its work, and that ended the scoring for the day.

One of the prettiest plays of the day was nullified by a clipping penalty assessed against Southern Methodist.

In the second period the Mustangs took over on downs after Baylor had driven down to their 20. Jack Wilson, who played a superb game for the Bruins, kicked out of the hole—he thought—Fritz Gensma, sent back from San Antonio. Gensma ran it back 75 yards to the Baylor five-yard line, dodging and turning before he was finally nailed, but the referee ruled that Mustang End Roland Goss clipped Baylor End Jack Russell, and the ball went back to the SMU 25.

Goss, incidentally, played a fine game, and the work of the opposing line in the first half was a sight to see. Baylor's drives for the most part ended in the neighborhood of the Southern Methodist 30-yard line.

In the second period, a partially blocked Drake kick set up a second touchdown for Tulsa and a straight drive from the Drake 40-yard line brought the third score.

Drake scored in the last 30 seconds of play on a desperate pass from the 15-yard line. John Herriman and Wallace Johnson tipped up John Vincent's pass and it fell into the arms of Emory Reeves behind the Tulsa goal line.

### Local Nimrod Bags Outsize, 10-Point Deer

Good luck was reported by Bob Finer, Frank Powell, H. W. Smith, Dr. P. W. Malone and Elton Taylor, who returned over the weekend with Mayor Bowen, Fort Worth, from a hunt on the Lee Lane ranch in the Davis mountains near Balmorhea. G. H. Hayward and Morris Patterson of Big Spring and Malcolm Patterson of Odessa were in the party but left early.

Biggest buck was bagged by Frank Powell. Although the animal had only 10 points, he was the biggest old timer had seen in that section. No accurate weight was obtained, but it was estimated from 250 to 300 pounds. Even hoisted as high as possible in the air vault here, the buck still was virtually in a sitting position.

Bowen, who is executive vice-president of the First National bank in Fort Worth, was on his first hunt, but he was the first one of the party to get a deer and got him on the first morning of the season. Finer was another of the one-shot artists.

Finishing through with four of the fattest deer seen this season were former Congressman Tom Blanton and B. M. Ellich of Albany. They had a blacktail each, 13 and 14 point beauties, and a pair of plump but considerably smaller whitetail.

### Missouri's T Swamps Kas., 45-6

LAWRENCE, Kas., Nov. 22 (AP)—Missouri, its T formation lurching off dazzling long runs with the regularity of the falling snow and capped an undefeated Big Six football season today with a 45-6 triumph over Kansas.

In their dressing room, immediately after the game, the victors voted unanimously to accept a bowl invitation if one were offered.

More than 14,000 homecoming fans huddled in the stands as the two teams fought their 50th anniversary game on a mud-covered field that resembled chocolate frosting. The players dripped with gumbo and even wrapped towels around their necks to keep them from trickling under their shoulder pads.

It was the largest score ever made since these two schools started their grid series in 1881. Despite the mud the Tigers, ranked the No. 1 running team in the country, tore through the Jayhawks for 449 yards, scoring twice in the first and third quarters and three times in the last.

It was Missouri's eighth straight victory, giving it a second Big Six title since 1929 and arousing more than ever talk of a bowl game.

Sooners Smash  
Marquette, 61-14  
NORMAN, Okla., Nov. 22 (AP)—Oklahoma shoved Marquette's Golden Avalanche back uphill today, 61 to 14, after the invaders had roared down on the Sooners to take a first quarter lead.

It was a wild exhibition of football, and a sad one for Tom Stidham, returning to the scene of his former triumphs as head coach of Marquette. He left Oklahoma last year.

The 5,000 spectators who braved the chill and a drizzly day saw the Hilltoppers smash and run to two first period counters after the Sooners had rocked the invaders with a 56-yard dash to pay dirt.

That original scoring play was made by Orr Mathews, great little Sooner quarterback, who had orders to call his own number, and did it until forced out with a side injury in the second period.

### Local Nimrod Bags Outsize, 10-Point Deer

Good luck was reported by Bob Finer, Frank Powell, H. W. Smith, Dr. P. W. Malone and Elton Taylor, who returned over the weekend with Mayor Bowen, Fort Worth, from a hunt on the Lee Lane ranch in the Davis mountains near Balmorhea. G. H. Hayward and Morris Patterson of Big Spring and Malcolm Patterson of Odessa were in the party but left early.

Biggest buck was bagged by Frank Powell. Although the animal had only 10 points, he was the biggest old timer had seen in that section. No accurate weight was obtained, but it was estimated from 250 to 300 pounds. Even hoisted as high as possible in the air vault here, the buck still was virtually in a sitting position.

Perfect Record Broken --

# Crimson Tide Edges Yearlings, 6-0

## Third Quarter Aerial Gives S'Angelo Win

Big Spring high school's Yearling gridlers lost a chance for a perfect season's record here Friday as the San Angelo Crimson Tide edged out a 6 to 0 victory. The Big Springers were kept slightly on the defensive throughout, although the Tide threatened seriously only once in addition to the scoring play in the third quarter.

With the ball in play on about the Yearlings' 25-yard stripe, Roy Watkins flipped a short pass to Left End W. T. Barrett for the winning score. In the fourth quarter another advance deep into Big Spring territory was stopped when a clipping penalty set back the San Angelo juniors.

Faced by Hugh Cochran's plied-driving ball-carrying, the Big Springers were starting up the field when the ball was lost to San Angelo near the Yearlings' 25. San Angelo picked up five yards, putting the ball on the 20. A slash at the line failed to gain yardage and on the next play the Tide was stopped by the mob on the 15-yard stripe.

Claude Matlock, right half, broke through to trip the runner on about the 20 but on the next play a sweeping thrust carried the ball almost over the goal line. The clipping penalty was then assessed against San Angelo.

Barkley Wood, center, turned in a hammering defensive game, blasting through to mete out hard tackles to the Tide's ball-toters. Coming in for a full share of smooth work were Lee Christian, right guard, and Noel Hull, right tackle.

In the backfield it was Claude Matlock who led the way into San Angelo's efforts.

Dennis Doyle, right tackle, stood out in San Angelo's defensive maneuvers. Barrett took a leading role in offensive and defensive roles.

In the Tide's backfield Quarterback H. C. Mercer and Halfback Barney Johnson carried the mail in a likely manner.

Bobby Dean, Yearling left end, was taken from the fray with a leg injury. Saturday, Coach Davis Fisher said an examination had disclosed that the hurt was not serious.

The Big Springers went into the engagement at a distinct disadvantage, two of the youngsters, Bobby Barron, regular quarterback, and Barney Johnson, being on the sidelines because of injuries previously sustained.

John Uery took part in the battle although his hand was in a cast.

San Angelo obtained a two-over revenge by defeating Big Spring. Last year, the Tide had gone undefeated and united up to the final game. Then, the Big Springers spoiled the 100 per cent card by taking a hard-fought decision. Earlier in this season the Yearlings pinned back the San Angeloans' ears, 25 to 7.

Starting lineups: Big Spring — Bobby Dean and Woody Baker, ends; Jimmy Byers and Noel Hull, tackles; Leo Runk and Lee Christian, guards; Barkley Wood, center; Hugh Cochran, quarterback; Claude Matlock and John McIntosh, halves; Darrell Fling, fullback.

San Angelo — W. T. Barrett and Lawson Childress, ends; C. R. Jones and Dennis Doyle, tackles; Leon King and Hunter Strawn, guards; Sam Callan, center; H. C. Mercer, quarterback; Roy Watkins and Barney Johnson, halves; Billy Gibbs, fullback.

Substitutions for Big Spring: McDonald, Uery, Sison, Anderson, Peterson, Germany; for San Angelo: Compton, Falcon, King.

Score by periods:  
San Angelo ..... 0 0 6 0-6  
Big Spring ..... 0 0 0 0-0  
Officials — Murphy, Stockton, Smith.

## Gallopin' Gus White Finishes Ball-Carrying Wizardry Under Banner Of Lamesa's Tornadoes

Gus White, Jr., 165-pounds of perfectly coordinated muscle, bone and brains, has jogged indifferently around and to suddenly burst like a rocket down the sideline for the last time under the colors of Lamesa high school.

Thursday this colorful gridder closed out his high school career for Coach Lester Gregg at Lamesa by turning in three touchdowns and kicking two extra points to bring his season's total to an even 100 points.

Gallopin' Gus, as he came to be known for his exploits, is one of those rare individuals who not only is physically equipped but uses his full abilities with cool calculation under all circumstances.

Football wisdom and speed are his chief assets, for 165-pounds is not heavy as even schoolboy gridder go. Typical of his style of play was his method of getting around enemy terminals. Although fast as a flash, Gus seldom just tore around and. He started slow, running slowly and deliberately until confused enemy ends paused long enough to be stopped by beautiful blocking by his mates.

Then he was off like a flash down the side line. But Gus also ran with power, as more than one would-be tackler could testify from futile attempts to smash him out of bounds.

In his closing game against Colorado City, he ran with as much power as he ever mustered.

Three teams managed to stop him this season. Plainview accomplished it first in a non-district contest. Abilene did it in a district field with a 6-0 win, and San Angelo turned the trick, 15-0, but a blinding rain more than the Bobcats was responsible.

There was a time, 'way back in the days when there was just one Thanksgiving Day, when the head of the house hid himself to the brush country for the family turkey with his trusty long rifle ready for action and his eyes peeled for a scap-hunting Indian.

Times have changed — how they've changed.

Big Springers will be hunting for the holiday bird today. They'll have their shooting irons alight, but they won't be the kind that's loaded with powder and shot. The only danger they'll encounter will be the chance of getting a wallop by a golf ball, but they'll be in there swinging just the same.

And they'll all get the bird — be it the vocal, score-card or feathered variety.

Site of this modern turkey hunt will be the Mundy golf course, where Woodman Harold Akey will conduct the annual turkey boogie match.

All comers are welcome and all will have a shot at replenishing their larders.

Stanton Gridsters  
**Rap Courtney, 12-6**

STANTON, Nov. 22 (Sp1)—Last year's football players on the Stanton Buffalo team played the Courtney six-man football team Friday afternoon at Courtney, and the Courtney Eagles trimmed the all-stars 12-6. Those representing Stanton were John Fridy, Jack Southam, Billy Neal, Pinkston, Owen Kelly, Wallace Kelly, Alvin Blackford, John Blocker, Jack Thornton, Howell White.

Howard County Implement company will hold its annual John Deere Day show here Tuesday. The program will begin at 10:30 a. m. Lunch will be served at noon.

McMurry Takes 13-12  
**Win Over Thunderbirds**

ABILENE, Nov. 22 (Sp)—McMurry college's Indians came from behind twice today to beat the 49th division Thunderbirds from Camp Berkeley, 13 to 12.

**Cadets Get Bid For Cotton Bowl**

DALLAS, Nov. 22 (Sp)—The Texas Aggie automatically received an invitation to play in the Cotton Bowl New Year's Day when they clinched the Southwest conference championship today. Dean J. S. Waterman, president of the conference, told the Dallas News tonight.

Dean Waterman of the University of Arkansas faculty said he attempted to call Dean E. J. Kyle, chairman of the A. & M. college athletic council at College Station tonight to extend the congratulations of the conference and to urge acceptance of the invitation. He was not able to reach Dean Kyle and "I left a call for tomorrow morning."

"A formal invitation has not been extended Texas A. & M.," Dean Waterman said, "but it will be. As a matter of fact, the invitation to the Cotton Bowl game automatically goes to the conference champion."

**ACC Rumps Over Rattlers, 18-14**

SAN ANTONIO, Nov. 22 (Sp)—Four hard driving backs for the Abilene Christian college Wildcats made the St. Mary's Rattlers' line look like a sieve here tonight and plowed their way to a 18 to 14 victory.

Buster Dixon, Johnny Owens, Jake Mullins and Bow Mooney ran up a total of 169 yards from rushing.

The Rattlers' only bright spots were two touchdown runs by Curtis Sandig and George Koch.

**State Golden Gloves Dates Are Arranged**

FORT WORTH, Nov. 22 (Sp)—Dates for the sixth annual Texas Golden Gloves tournament were announced today by the Star-Tide gram sports department, which sponsors the amateur boxing event. The meet here, to select representatives for the Chicago tournament of champions, will be staged Feb. 11, 12, 13, 14, 15.

**Fordham Powerhouses St. Mary's Gaels, 35-7**

NEW YORK, Nov. 22 (Sp)—The bells of St. Mary's rang early today, but Fordham's football powerhouse came back to give the Gaels the gong and wallop the Californians 35 to 7.

**Vanderbilt Wrecks Alabama, 7 to 0**

NASHVILLE, Tenn., Nov. 22 (Sp)—A gallant once-beaten Vanderbilt team wrecked Alabama's post-season bowl hopes today and enhanced its own chances for an invitation to a New Year's Day classic by smashing the Crimson Tide into the rain-soaked mire of Dudley field, 7 to 0.

Parts of Ichang, China, a city high above the river in dry seasons, are sometimes under water during flood stages.

**Gophers Add Wisconsin's Scalp, 41-6**

Victory Gives Minn. Big Ten, National Grid Championship

MINNEAPOLIS, Nov. 22 (Sp)—Minnesota's mighty tide of football empire—with Captain Bruce Smith brilliantly riding the crest of the wave—swept over Wisconsin today to carry the Gophers to the Big Ten and national football championships.

With Smith winding up his college career in all-American fashion, Minnesota rolled over the Badgers 41 to 6 to run their winning streak to 17 straight games and give the Gophers the remarkable record of six Western conference titles in eight years.

This Minnesota team was one of the all-time great Gopher eleven today—and Smith was the big reason. The moment he entered the battle he sparked a power blast which almost blew the game Badgers out of Memorial Stadium. And when he hobbled from the game late in the final period after figuring in four Gopher touchdowns, a crowd of 52,294 stood to give him a mighty ovation.

Minnesota's great line gave Wisconsin little chance today, smothering the Badger attack monotonously except for one Badger surge. That drive paid tribute to Fullback Pat Harder, who climaxed a second period drive with a tremendous 10-yard charge on which he bowled over three Gophers as though they were tenpins.

**Locals Average 20.57 Points In Each Tilt**

Hopes of the Big Spring Yearlings for a perfect season's record were rudely shattered here Friday when the San Angelo Crimson Tide rolled high for a 6 to 0 decision. But, the scoring card garnered by the Big Springers during the seven-game season is impressive.

The Big Springers have averaged 20.57 points per game during the year, totaling 144 points in the seven engagements. While the Yearlings have been piling up that score the opposing teams have eked out a total of 19 points, 2.7 average per game.

Only three times has the Big Spring goal line been crossed. San Angelo was the first and the last to do so and Sweetwater went over for the other one. Earlier in the season, the Crimson Tide scored once but lost the decision 25 to 7. Sweetwater gave up a 12 to 6 count in a tussle that is ranked next to last Friday's engagement as being the toughest in which the Big Springers were involved during the season.

Although the Yearlings have had two coaches since opening the season, Good Graves resigning to go into the air corps and Davis Fisher filling the vacancy, they had little trouble up to Friday. Then, the effect of too many injuries were forced away from an unbeaten row.

**Here 'n There**

Wayne Burleson, son of Mr. and Mrs. E. W. Burleson, has sailed for Hawaii where he will be stationed at Pearl Harbor as a civil service machinist. He has been working until recently in Glendale, Calif. and visited here briefly last week before going to his new post.

Loleda Hilma Heckler, Gall route, has completed a course in vocational training, according to the American Technical Society.

Rupert Oliver, son of Mr. and Mrs. Jack Oliver, is due for a machinist first class rating in his new job in the shipyards at Charleston, S. C. He is working on the steam turbine rotor, a vital part that costs \$10,000 before we touch them. They must be machined down to the thousandth of an inch. Rupert is the youngest man on the job by 10 years, and has been working in Charleston only three and half months as second class machinist. He served his apprenticeship in the T.&P. shops here and at Marshall.

The Olivers' other son, Jack, Jr. is still in the RCAF at Decca, Saskatchewan, Canada, assigned to the bombing and gunnery school. He is getting a taste at flying all types of planes.

E. F. Robbins, who has been confined to his bed since Tuesday from effects of a severe cold, was reported slightly improved. He had been ill last week but made a business trip to Roswell, N. M. Tuesday.

Jack Dial and family of Menard have moved here while he is attending the national defense aircraft sheet metal school.

The Rattlers' only bright spots were two touchdown runs by Curtis Sandig and George Koch.

**State Golden Gloves Dates Are Arranged**

FORT WORTH, Nov. 22 (Sp)—Dates for the sixth annual Texas Golden Gloves tournament were announced today by the Star-Tide gram sports department, which sponsors the amateur boxing event. The meet here, to select representatives for the Chicago tournament of champions, will be staged Feb. 11, 12, 13, 14, 15.

**Fordham Powerhouses St. Mary's Gaels, 35-7**

NEW YORK, Nov. 22 (Sp)—The bells of St. Mary's rang early today, but Fordham's football powerhouse came back to give the Gaels the gong and wallop the Californians 35 to 7.

**Vanderbilt Wrecks Alabama, 7 to 0**

NASHVILLE, Tenn., Nov. 22 (Sp)—A gallant once-beaten Vanderbilt team wrecked Alabama's post-season bowl hopes today and enhanced its own chances for an invitation to a New Year's Day classic by smashing the Crimson Tide into the rain-soaked mire of Dudley field, 7 to 0.

Parts of Ichang, China, a city high above the river in dry seasons, are sometimes under water during flood stages.

**District 3-AA Battles End Thurs. But Real Fireworks Slated To Come At Later Date**

The final curtain will ring down on district 3-AA's gridiron competition so far as actual playing is concerned when six clubs vie for Turkey Day honors. But, the hottest battle is not scheduled for the gridiron. Rather it is the conflict that will rage on the committee room floor when the time comes to break the deadlock for the circuit championship now existing between Odessa and Sweetwater.

Odessa brought its conference race to a finish last Thursday when it smothered Midland, maintaining a card that is blighted only by a loss to Lamesa. Sweetwater has one more tilt on its slate, at San Angelo, but nothing harmful is docked to befall the Mustangs at that time.

So far as gridiron activity is concerned during the Thanksgiving holiday, Big Spring tangles with Abilene at Abilene Thursday, San Angelo hosts Sweetwater on the same date, and Midland entertains Colorado City.

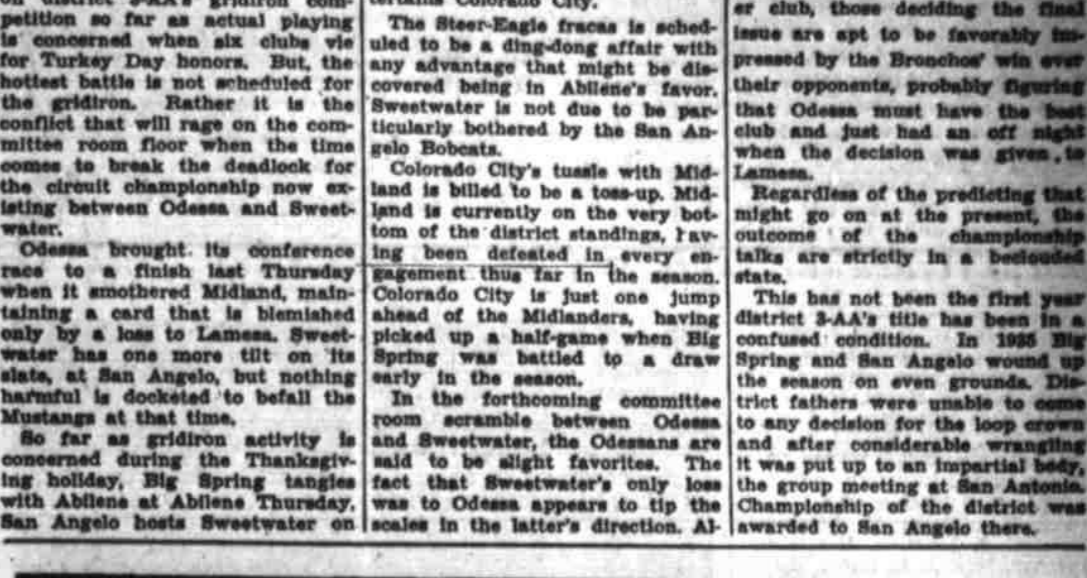

The Steer-Eagle fracas is scheduled to be a ding-dong affair with any advantage that might be discovered being in Abilene's favor. Sweetwater is not due to be particularly bothered by the San Angelo Bobcats.

Colorado City's tussle with Midland is billed to be a toss-up. Midland is currently on the very bottom of the district standings, having been defeated in every engagement thus far in the season. Colorado City is just one jump ahead of the Midlanders, having picked up a half-game when Big Spring was battling to a draw early in the season.

In the forthcoming committee room scramble between Odessa and Sweetwater, the Odessans are said to be slight favorites. The fact that Sweetwater's only loss was to Odessa appears to tip the scales in the latter's direction. Although Odessa lost out to a weaker club, those deciding the final issue are apt to be favorably impressed by the Bronchos' win over their opponents, probably figuring that Odessa must have the best club and just had an off night when the decision was given to Lamesa.

Regardless of the predicting that might go on at the present, the outcome of the championship talks are strictly in a beleaguered state.

This has not been the first year district 3-AA's title has been in a confused condition. In 1936 Big Spring and San Angelo wound up the season on even grounds. District fathers were unable to come to any decision for the loop crown and after considerable wrangling it was put up to an impartial body, the group meeting at San Antonio. Championship of the district was awarded to San Angelo there.

# High School Band Members Will Put On Comedy, "Wild Ginger"

C. A. SMITH CALVIN RUDE To appear in "Wild Ginger" (Photos by Kelsey)

# Students To Take All Parts In Two Act Play

The Big Spring high school band has a destination in mind—San Antonio and the Battle of Flowers. Toward this end the group is sponsoring a play "Wild Ginger" December 2nd at the city auditorium.

Mrs. R. L. Gommillion is directing the play. Pictured left are two of the band members who will take prominent parts in the two act comedy. C. A. Smith, who is first lieutenant in the band, will take the part of Wuzzy Walker, chiropractor, and furnish much of the comedy for the play.

Calvin Rude, captain of the band, will play the part of Sanford Lakey, the father, and his role is also a comedy portrayal. Both Calvin and C. A. are high school seniors.

Vega Jo Stephens is to play the leading feminine role and will have the part of the heroine.

Funds derived from the play will go to a fund for the trip for the band. Last year the band made the trip and received honors as one of the outstanding bands in its class. Band members hope to repeat this triumph again.

To date many tickets to the event have been sold and students will furnish tickets or they may be purchased at the door.

# Cosden Chatter

By JUNE SHEPPARD  
It is reported that the deer hunt into Mason county on which Jack Smith and J. L. LeBlau went, has resulted so far (in this writing) in one speck for them.  
Robert Hudson, one of our newcomers, has been ill the latter part of last week.  
Sam Hafner went to Brownwood last week on a business trip.  
R. L. Tollett spent Saturday in Fort Worth. We imagine he saw that football game.  
Averil McClain, Geo. J. Zachariah and E. W. Williams also went in to Cowtown.  
Velva Glass was sick abed Friday and Saturday of last week.  
V. A. Whittington and Wayne Pearce, who left Monday on a deer hunt, are back, but as far as we can tell, they had no luck.  
Hugh Dryer of the Dryer & Lee Oil Co., at Lubbock was a visitor in our offices last week.  
John Franklin Collins registered here, also, finally arrived via truck from Borden county where she has been spending the summer.  
W. E. Pate, one of our army boys, visited us last week.

# Clare T. Major Plays To Begin December 30th

Plans for the Clare Tree Major plays to be presented here December 30th, February 3rd and March 12th were made by members of the American Association of University Women at a session Friday in the home of Mrs. K. H. McElbannon.

Tickets were distributed by Mrs. Stormy Thompson and Mrs. Beth Parsons, publicity chairman, told of advance plans.

Mrs. R. E. Blount, speaking as a guest to the group, told that in an earlier presentation several years ago, the players scored a hit here.

Mrs. J. B. Mull, play chairman, announced that funds realized from the plays will go for university scholarships for women. She pointed out that the Major organization was over 13 years old and had six road companies. Each year the players present plays to over a million children.

First play is to be "Toby Tyler" on December 30th, "Poor Little Rich Girl" on February 3rd and "Mrs. Wiggs of the Cabbage Patch" on March 12th.

All performances will be at 2:30 o'clock in the afternoon and season tickets for all three plays are 75 cents plus tax.

Mrs. Mull had charge of the program and Mrs. Roy Anderson talked on American Association of University Women fellowships. She pointed out that the first fellowship was awarded in 1888 and now \$14,000 is awarded annually to outstanding women for research work.

Mrs. J. W. Jago was introduced as a new member. Mrs. F. H. McElbannon of Anthony, Kas., was guest of honor.

Mrs. G. H. Wood presided. Flowers and a message of condolence was sent to Mrs. Ray Lawrence, president of the group, now in Mitchell, Ind., to attend funeral services for her mother, Mrs. F. G. Moor.

Others present were Mrs. George Lynn Brown, Mrs. Brown, Mrs. Sylvia Dalton, Mrs. T. A. Roberts, Clara Pool, Mrs. R. L. Eber, Mrs. H. A. Stegner, Mrs. Walter Wilson, Mrs. R. J. Snell, Nettie Lee Shilton, Marguerite Wood, Mrs. John Ratliff, Mrs. Carl Blomsheld.

# Men Of The Churches Hold Banquet At High School

COAHOMA, Nov. 22 (Sp)—Patricia Hubbard of Commerce is spending this weekend in the home of her parents, Mr. and Mrs. M. H. Hubbard.

Lola Sparks of Ennis spent several days here visiting in the home of Mr. and Mrs. Boone Cramer this week. Miss Sparks is a former teacher in the schools here. She also attended the funeral of Mrs. Herman Finley while here.

Mrs. Maud DeHassel of Eunice, N. M., is visiting her sister and Brother, Jim and Susie Brown, this week.

Robert McKinley of Cherrylava, Kas., is visiting in the home of Mr. and Mrs. J. A. Roberts, Sr., for the next few days.

Mr. and Mrs. Smith Cochran, Mr. and Mrs. Truett DeVaney and Mr. and Mrs. Gene O'Daniel all attended the football game at Lubbock Thursday.

Mr. and Mrs. Bernard Lay and daughter, Joan and Helen, of Sundown spent Thursday visiting relatives here.

The Men of the Churches held a Thanksgiving dinner at the high school building in the banquet room with the Presbyterian women serving the meal this week.

The program was under the direction of the president, D. L. Townsend. Each man brought his wife as a guest. George M. Boswell, superintendent, spoke on "Supporting the School Athletic Program." The Rev. Haislip, pastor of the Christian church of Big Spring, gave the address of the evening and his topic was "Vision." The dinner was served to about 70 members and guests.

The boys of the F. F. A. class met at the high school building recently for regular meeting. It was voted to pay the dues of all members out of school from the chapter fund, so that the class will have a one hundred per cent paid up membership. The boys in vocational agriculture class are making mounts of the native grasses and weeds to help become more familiar with the names, genus and species. The following boys have feed calves in the feed pen at this time: Eddie Carpenter, Eddie Gene Mann, Willis Winters, Jr., Gerald Buchanan, Jack Buchanan and Carol Walker.

# Surprise Party Given Here For Mrs. Summerlin

A no-host surprise party honoring Mrs. W. H. Summerlin on her birthday anniversary was held by a group of friends Friday night at the Monterey cafe.

The group sang "Happy Birthday" to the honoree and presented her with make-believe gifts. Later the group went to the home of Mrs. J. T. Allen where the real gift presentation was made.

The dinner table was centered with a bouquet of bronze chrysanthemums in a Mexican pottery bowl.

Attending were Mrs. E. Housewright, Mrs. L. N. Brooks, Mrs. Ray Shaw, Mrs. Doug Perry, Mrs. Willard Sullivan, Mrs. J. T. Allen, Mrs. Jack Johnson, Mrs. F. M. Furrer, Mrs. Gene Wilson, Mrs. G. C. Dunham, Mrs. J. H. Kirkpatrick, Mrs. Ollie Eubank, Miss Louise Holden.

# Christmas Poinsettias Blooming In Yard Of The J. M. Morgans

What could be nicer than going out in your yard and picking out your own Christmas poinsettias! That's what Mr. and Mrs. J. M. Morgan, 1500 Scurry, are anticipating.

Last year Mrs. Morgan brought home some white potted poinsettias and started to throw them away. Then she decided to plant them "just to see if they would grow."

Her experiment turned successful and the poinsettias are in bloom now on the south side of her house where they grew like Jack's Bean stalk.

Mr. and Mrs. G. L. Monrosey attended the Texas-Tech-Hardin-Simmons game in Lubbock.

Gifts To Boys In Service Should Be Dispatched Early

Mothers and fathers with sons in the service were advised Saturday not to wait too long about mailing those Christmas packages—especially if he has been assigned to service outside the United States. Although exact closing dates of foreign mail have not been received by Postmaster Nat Shick, it was recalled that mail to some distant points must be posted the last week in November in order to reach its destination by Christmas.

This year many young men are in the service at such places as Alaska, Iceland, Puerto Rico, Panama, Hawaii and other advanced posts. Because they can't be home for Christmas, the folks will be sending them gifts and goodies—but they should send them in plenty of time. For details, the post-office should be consulted.

Miss 'Laneous Notes

By MARY WHALEY

Sometimes our country reminds us of the man who wanted to be careful and not fall. So he walked along and watched every place he stepped. No matter what he heard or what passed by him, he refused to look up. He didn't want to stumble.

He went quiet a ways in such a manner, quite safely too. Then he ran into another man, who was so irritated by his carelessness that he knocked him down.

Recovering later at a hospital, the over-zealous one couldn't understand how such a thing happened. He had been so careful, he hadn't even looked up.

We seem to be stepping along too, with heads down, sometimes dragging in the sand it seems—being careful. We don't want to fall either and have adopted this means of not running into anybody.

But like a country full of Mr. Milquetoasts who want to do just the right thing, we may end up by getting knocked down too and not understand how it could happen. Looking up is a pretty good thing because even a glance in that direction will show what's in front and around us. And how anybody thinks he can move in a world full of people and not occasionally brush shoulders is hard to understand.

Maybe it will take a surprising blow to make us raise our collective heads from the sands of indecision, internal wrangling, and distrust. But how much better it would be if everyone would dust off the cobwebs from that little used gray-matter called brain and look up together.

## Nu-Stitchers Hosts To Husbands

Members of the Nu-Stitchers club entertained husbands Friday with a buffet style turkey dinner in the home of Mr. and Mrs. Merriker Creighton. Chrysanthemums and roses decorated the rooms. Guests included two former members and their husbands, Mr. and Mrs. Loy House and Mr. and Mrs. Brutus Hanks of Midland.

Others attending were Mr. and Mrs. Howard Beene, Mr. and Mrs. Charles Tompkins, Mrs. and Mrs. A. T. Bryant, Mr. and Mrs. Ruben Creighton, Mr. and Mrs. Orville Bryant, Mr. and Mrs. Paul Sledge. Mrs. A. T. Bryant is to be next hostess.

## Funeral Held For James H. Allison

COLORADO CITY, Nov. 23 (Sp1) Funeral was held at Colorado City Friday morning in Kiker & Son chapel for James Hinton Allison, 79, who died at his home in South Colorado City Wednesday after a 10-day illness.

The body was then taken to Mule Creek cemetery at Tennyson, Coke county, for a second service and burial. Mr. Allison was a farmer-stockman in Coke county for half a century before coming to Colorado City six years ago.

Survivors are Mrs. Allison and the following children: Mrs. Molly Palmer of Stanton, Mrs. C. C. Brown of San Angelo, Mrs. O. E. Valley of Baton Rouge, La., Mrs. E. E. Buford of Los Angeles, Calif., J. E. Allison of Houston, J. M. Allison of Brownwood, and W. E. Allison of San Angelo. A brother, R. D. Allison, lives in San Angelo. There are 24 grandchildren and six great-grandchildren.

## Big Spring Hospital Notes

Mrs. Rafaela Darador underwent major surgery Saturday. Doylene Coates, daughter of Mr. and Mrs. G. C. Coates, underwent tonsillectomy Saturday. Paul Day, Denver City, is in a satisfactory condition following eye surgery.

Mrs. W. O. Cox, Stanton, is improving following a cataract surgery Friday. The condition of Winnet Nance, who underwent appendectomy Wednesday, is reported as satisfactory. F. M. Myers, who was injured a week ago Sunday in an automobile accident, is still in a critical condition.

Willie Mae Ferguson of Midland returned home Friday after undergoing minor surgery. Mrs. A. L. Harrison and infant son were able to return home Saturday.

## Thanksgiving Turkey Orders Needed Early

There will be no shortage of turkeys for Thanksgiving tables, but housewives should place their orders Monday or Tuesday if they expect to obtain first quality dressed fowls, a local butcher advised last night.

Placing of orders early will enable the butcher to dress the birds early, so that they may cool at least 24 hours. Such cooling is necessary for best taste. Fully dressed turkeys are selling this year for around 30 cents per pound, with those on foot re-

tail at about 25 cents and whole sale at around 27 cents. Movement of turkeys is about normal here, marketmen report, however, many families are choosing cured hams, shoulders and other choice cuts for the Thanksgiving feast.

## Second Biggest Mitchell Cotton Crop In Sight

COLORADO CITY, Nov. 23 (Sp1)

If Mitchell county's cotton harvest goes over the 30,000-bale mark this season, and present indications are that it surely will, this will be the second time the total has been over that mark in more than a decade.

The other time was the bumper, pre-AAA harvest of 48,553 bales in 1922.

In 1931 the county nearly reached the 30,000-bale mark with a total of 29,728 bales. The 1937 harvest was also over the 29,000 mark—29,346, to be exact.

Around 28,000 bales had been ginned in the county this week.

Upland Cotton Crop In Borden County Makes 2 Bales To Acre

One of the finest of this section's snowy cotton fields this year is that on the C. V. Hewett farm in the southern edge of Borden county, near Vincent.

Farming the place for his first time after purchasing it a year ago, Hewett planted 125 acres to cotton and expects to harvest more than 200 bales.

It is not irrigated land either, nor naturally sub-irrigated—just level, high land of a rich gray loam.

In the accompanying pictures, Hewett is shown above striding

through a snowy section of his field and apologizing for the fact that his pickers had already cleaned up "the best looking patch in the field."

Below is a close up of a few heavily laden stalks. "Why, it takes a good Mexican a day and a half to pick a 40 yard row," said Hewett.

The cotton is planted four rows in, four skipped. Western Proffle, a von Roeder seed, was used. The stalks are unusually thick, which Hewett attributed to the fact that "when we were planting the field was so muddy the tractor wheels slipped and ran the seed box extra fast."

Had the year been average, the cotton would have been too thick for good growth; but in this wet year the heavy growth caused Hewett to cash in with a 2-bale to the acre crop.

Forsan Woman's Father Expires

FORSAN, Nov. 22 (Sp1)—Word was received here today that last rites were said in Duncan, Okla., on Friday for A. T. McFall, 81, father of Mrs. L. C. Alston of Forsan.

McFall, who had visited Mrs. Alston here a month ago, succumbed Thursday night after a short illness. Mrs. Alston, who has been ill for several months, was unable to attend the funeral.

Big Spring Business Houses To Observe Second Thanksgiving Date This Thursday

The second and more complete edition of Thanksgiving will be observed here Thursday, an epochal day for the reason that it will mark the end of confusion over the traditional November holiday.

Business houses in Big Spring will close for the day. City and county offices will shut down, except for the law enforcement and fire fighting units. The banks will not open that day and the postoffice will keep its windows shut.

Although several school teachers took off to participate in the state teachers convention in Houston this weekend, the customary Thursday and Friday off for students has been set for this week.

Federal agencies, including the army and navy recruiting offices, the soil conservation service, FSA, SCS, NYA, SSB, Selective Service board and others took the federally designated Thanksgiving the past Thursday.

The outstanding event here for the day will be the annual Union Thanksgiving service at 8:30 a. m. in the First Baptist church auditorium with the Rev. O. L. Savage, First Presbyterian minister, delivering the sermon. The community chorus is to furnish the music. Time has been set early to avoid conflict with preparation of dinners or plans to go out of town.

Many are planning on using those precious tickets they have hoarded all season on the Texas-

A. & M. football classic, but the bulk of local fans will follow the Big Spring Steers to Abilene for a game there Thursday afternoon.

Aluminum pistons, for replacement purposes in automobile motors, are six times as popular as cast iron ones according to census figures. Over 6,900,000 aluminum pistons are sold annually, latest figures show, compared to 1,633,000 cast iron pistons.

gravel, the man walked slowly along the driveway.

"Lost somethin'?" Asay inquired as the man passed by him.

With a start, the man looked up, located Asay, and smiled.

"Yes, a cigarette lighter," he said. "Last time I lost it, a heavy rain turned it up—I say, I know you! Mayo, Asay Mayo, isn't it? I thought so. I called on you once a couple of summers ago. Remember?"

"I was tryin' to place your beard," Asay made his way around a flower bed and walked over to the man. "First I thought you was Bill Porter's explorer friend. But you're the genealogist, ain't you?"

"That's right. Rankin is the name. Jonathan Rankin." He shook hands with Asay. "I'm pleased you remember me. I remember our chat about the Mayo family, and also your excellent cousin—Jennie, wasn't it? She fed us hot sugar gingerbread and told me more about the Mayors in an hour than I'd learned in six months. What in the world are you doing here, Mayo?"

"Wa-el," Asay drawled a little. "It's sort of an involved story. Mr. Rankin. It's my impression that there's been a murder here, but—"

"What!"

"Uh-huh. But right now," Asay said on dryly, "if you was to ask for proof, I'd look awful silly."

"What do you mean, man?"

Asay smiled. "I mean we had a body in a phone booth, an' now it ain't."

"You mean it's gone?" Rankin demanded. "Where?"

"It might not seem that way to you," Asay said. "But that's what I'm tryin' to find out right this minute. Look, you're stayin' here, ain't you? Then," he added as Rankin nodded, "will you, for Pete's sakes, tell me somethin' about this setup?"

"The Inn? Oh, it's rather a decent place. I've put up here off and on for five or six years. Tell me, who's been killed?"

"If you asked my Cousin Jennie," Asay said, "she'd tell you it was a woman she seen first alive, an' then dead, an' then walkin' past her. But don't let's go into that right now."

To be continued.
