No Political Axes To Grind

Group Forming To Seek 'Harmony'

A group of 25 persons dedicated to the elimination of dissension and to the restoration of harmony in Pampa attended an invitational meeting last night in the Black Gold Motel, 1110 E. Frederic St. Spokesmen including Elmer J. Radcliff, Dr. T. S. Wright, Mitchell Hill, Chris Walsh, Edwin L. Hart, Willard H. Watson, and J. C. McWilliams made it clear that the group is nameless and has

only one purpose in mind: to find some method of "bringing Pampans back together and promoting the business and industrial welfare of the community."

It was made emphatic that the persons who met last night have no political axes to grind and are not lined up against either the Pampa Chamber of Commerce or the Pampa City Commission.

Last night's meeting was called, they stated, to determine if there was any use in trying to reunite so-called divided forces in Pampa. It was the unanimous consensus that the effort would be worthwhile.

As a result, it was decided to call another meeting for that purpose at 7:30 p. m. on Thursday night, Jan. 17 at the Black Gold.

Each person attending last night was asked to bring with him to the meeting as many people as possible "who show an interest in restoring harmony in Pampa and promoting the business and industrial welfare of the city."

Chamber of Commerce officials and city officials purposely were not invited to last night's meeting, it was explained. This was to avoid embarrassment according to Watson, who acted as temporary chairman.

It was agreed, too, among all those present that Pampa is fraught with dissension, but that the blame should not be put in any particular place.

"This is not a meeting to place blame," one of the speakers said. "We are here to see if there can be a community-wide move launched to bring people back together, to foster unity and progress. We are not here to take sides or pick a fight with anyone. We are not here to plan how to compete with the Chamber of Commerce and we are not here to fight or support the City Commission. The only purpose is to see if we can get together enough people, interested in bringing harmony back to Pampa, to join in the Jan. 17th meeting and help work out a method by which it can be done."

Another speaker said: "We do not want to be a party to anything that would cause further dissension in Pampa. We simply are trying to find out if there are enough people interested" (See HARMONY, Page 3)

Cancer Claims Dick Powell, Jack Carson

HOLLYWOOD (UPI) — Dick Powell, who rose from baby-faced singing roles to become a movie-television giant, died of cancer Wednesday night with his wife, June Allyson, at his side. The 38-year-old star had been in a coma for two days after a four-month battle against malignancies in his chest and lymph glands.

The end came at 9:30 p. m. only a few hours after his friend, Jack Carson, had died of cancer of the liver.

"Dick was very brave all the way through it," a family friend said.

Powell was stricken last September and was hospitalized for cobalt treatments which, doctors reported, greatly reduced tumorous swelling near his heart. The actor was released and returned to his desk at Four-Star Productions to continue his work as head of the studio.

Last month, however, he announced he was unable to continue as host of his own "Dick Powell Show."

ENCINO, Calif. (UPI) — Actor Jack Carson turned in one of his greatest performances during the last two months of his life by concealing a death-dealing cancer. He died Wednesday at the age of 52 of a malignancy of the liver. Carson succumbed only a few hours before cancer claimed another Hollywood personality, actor-producer Dick Powell, and less (See STARS, Page 3)

France To Push Its Own Nuclear Force

PARIS (UPI) — President Charles de Gaulle has told President Kennedy there is no question of rejecting his Polaris missile offer, but that France is determined to push ahead with its own independent nuclear force, a French government spokesman announced today.

Information Minister Alain Peyrefitte said De Gaulle's reply was sent to Washington Wednesday through Ambassador Herve Alphand.

Asked whether the reply rejected the offer of Polaris missiles, Peyrefitte said, "There is no question of closing the door to anything."

But, he added, "France is en-

gaged on her own nuclear effort and she is not prepared to abandon it."

Cabinet Meeting
Peyrefitte made the announcement after a three-hour cabinet meeting at the Elysee Palace presided over by De Gaulle.

Peyrefitte said Defense Minister Pierre Messmer told the cabinet that 10 days ago French technicians carried out a "completely successful" test at Colomb Bechar in the Sahara desert of a propulsion and guidance system for a nuclear missile.

France currently is working on a Polaris-type missile of its own as part of an independent nuclear striking force program.

The agenda for the cabinet meeting indicated that De Gaulle intended to deal with the usual business of state without giving special priority to the nuclear question.

No Trip Soon
At a reception for the French political press Wednesday De Gaulle said he has no plans for any trips abroad early in 1963. His statement was interpreted as a denial of Washington reports that he might visit Kennedy in the near future.

De Gaulle conferred with British Ambassador Sir Pierson Dixon and informed sources said they discussed the Bahamas meeting between Kennedy and Prime Minister Harold Macmillan.

During the Bahamas talks Macmillan agreed to abandon the U. S.-developed Skybolt missile, which was about to be scrapped by the United States, and accept instead the Polaris, which can be launched from underwater by a submarine. At the same time, hope was expressed that France also would base its nuclear defense on the Polaris.

Good Gains Reported Locally

Rosy Economic View Is Shown By Deposits

Deposits in Pampa's two banks and one loan association for 1962 show an increase of \$6,460,000 over 1961, according to reports from all three financial institutions today.

Total savings deposits on record as of Dec. 31 in all three places were \$50,568,000 as compared with approximately \$44,000,000 for 1961.

The First National Bank showed a gain of \$2,100,000 from \$18,500,000 in 1961 to \$20,600,000 in 1962.

Figures for the Citizens Bank & Trust Co show a gain of \$1,350,000 from \$10,298,000 in 1961 to \$11,678,000 in 1962.

Savings deposits in the Security Federal Savings & Loan Association in Pampa increased \$2,980,000 from \$15,870,000 in 1961 to \$18,850,000 last year.

Officials of all three institutions pointed to the healthy gains in deposits.

Aubrey L. Steele, executive vice president of Security Federal, said the association's total deposits for Pampa and Amarillo showed a gain of more than \$6,000,000 from \$31,688,000 on Dec. 31, 1961, to \$37,773,000 on Dec. 31, 1962.

Steele said that 47.5 per cent of the association's total deposits are in the Pampa branch.

It was also pointed out by Steele that in excess of \$1,500,000 was paid out in dividends to association members during 1962 and almost half of that amount, or three-quarters of a million dollars, was paid to Pampans.

"When you are speaking of industry," Steele said, "that accounts for a fairly nice payroll in our city."

Floyd Imel, president of the Citizens Bank & Trust Co., was jubilant about the year's business.

"We appreciate that the people of Pampa have given us a lot of help," he said, "and Pampa's

economy is looking good."

The Citizens moved into its new \$350,000 building during the year.

A. A. Schuneman, president of First National, was optimistic about Pampa.

"The business is here if everybody will just go out after it," he said. "There has been too much negative talk. The fact that a family or two moves out of town is talked up, but families are moving in, too. Pampa is not going down as some people would have you believe."

Both Schuneman and Steele said they had talked with real estate men about the housing situation in Pampa.

They reported that they learned that there actually is a demand that cannot be met for houses in the \$15,000 to \$20,000 bracket. Bulk of the houses on the market today are in a much lower price range, both officials said they had learned from real estate men.

Bill Duncan, president of the Pampa Real Estate Board, supported the statement on the housing situation.

Duncan said today that during the past three months real estate men have not been able to fill the demand for houses in the \$15,000 to \$20,000 bracket.

"There is a good demand right now," he stated for houses with 1,500 to 1,600 square feet of area in the \$18,000 class.

Jadotville Falls To U.N. Forces

LEOPOLDVILLE, The Congo (UPI) — United Nations forces captured Katanga President Moise Tshombe's stronghold town of Jadotville today.

A U. N. spokesman announced the fall of the vital mining center to a force made up of Indian armor and Ethiopian infantry.

Tshombe's whereabouts were unknown. He had pledged a bitter "scorched earth" fight to the end to keep Katanga from falling under U. N. control.

An estimated 3,000 native Katangese gendarmes and at least 100 white mercenaries had been reported dug in at Jadotville for a last-ditch struggle.

The U. N. assault force suffered casualties in the preliminary skirmishing as it pressed forward on Jadotville and Kolwezi despite Katangese efforts to delay it with blown bridges and rear-guard stands.

Jadotville is 65 miles northwest of the Katanga capital of Elisabethville on the main road to Kolwezi, which lies 80 miles farther northwest of Jadotville.

Both cities are key centers of mining operations for the vast Union Miniere, which exploits Katanga's rich copper and cobalt resources.

Kolwezi also is the site of the main Katanga air base, which U. N. forces said has been destroyed.

Financial Stakes
Loss of Union Miniere's estimated annual taxes of 40 million would cripple Tshombe. U. N. Secretary General Thant wants Katanga to reunite with the regime at Leopoldville and split the tax revenues. But even this split would meet only a fraction of the Leopoldville government's annual deficit.

The spearhead of the Indian Madras regiment had advanced to within 10 miles of Jadotville during the night, and pressed the attack this morning.

UPI correspondent Peter Lynch, riding with the U. N. armored force closing in on Jadotville, said the Indians and Ethiopians surged forward from a bridgehead across the Lufira River following some of the heaviest fighting of the campaign to date.

There was no immediate fresh news on the whereabouts of Katanga President Moise Tshombe, last reported in Jadotville either to rally his forces for further resistance or to seek negotiations for a cease-fire.

There was no official total of the number of casualties suffered either by U. N. troops or resisting Katangese gendarmes in the bitter fighting.

Captured white mercenaries said Tshombe's troops were massed for strong stand at Jadotville in a possible bid to save the president from capture.

Sought Freedom From Religious Persecution

By ROBERT J. KORENGOLD
United Press International

MOSCOW (UPI) — Thirty-two Russian peasant men, women and children pushed past Soviet guards into the U. S. Embassy today seeking protection from religious persecution.

The Embassy turned them over to Soviet officials and they were taken away in a bus.

Some of the elderly men in the group wept. Others argued with Soviet Foreign Ministry officials who had been called to the embassy compound.

One man told an embassy official: "We don't want to go anywhere. They will shoot us." Another said in a loud voice to newsmen: "Those who believe in God and Christ help us. We ask it, We ask that those who believe in God and Christ help us."

Warn Against Pictures
Soviet plainclothesmen threatened to confiscate the camera of any Western photographer who took a picture of the departing bus load of peasants.

A U. S. Embassy statement said the band was from the Siberian city of Chernogorsk and entered the embassy compound "asserting religious persecution."

"The embassy notified the Ministry of Foreign Affairs and asked that the people be cared for," the statement said.

The group consisted of 6 men, 12 women and 14 children. They did not seem sure just what embassy they had entered, saying they had heard of political asylum in foreign embassies.

They told embassy officials they had ridden on a train for four days from Siberia and needed food and lodging.

The embassy called the Foreign Ministry and U. S. officials suggested to Soviet officials that the peasants be assured of good treatment for their children and respect for their religious belief.

No Persecution
They said Foreign Ministry spokesmen contended in reply that there is religious freedom in the Soviet Union and it was not true Russians are persecuted for their beliefs.

The peasants indicated Israel (See PEASANTS, Page 3)

Power Company's Expansion Plans In Area Reported

A five-year construction program which anticipates the investment of an additional \$130,000,000 in new facilities to meet the electric needs of this area, has been announced by A. R. Watson, president and general manager of the Southwestern Public Service Company.

"In all sections of our 45,000 square mile service area, the indications are that the recent growth which has marked recent years will continue. We have a two-fold obligation to have facilities available for our customers before their need, and to keep their rates low and service efficient. Our construction program is designed to fulfill that obligation," Watson said.

The 1963 portion of the 5 year program calls for an investment of nearly \$25,000,000 with new generating and transmission facilities accounting for the bulk of the figure.

A 210,000 kilowatt generator, largest single unit ever installed by Southwestern Public Service Company, is now under construction at Plant X, near Earth, Texas. Scheduled to be in service in June, 1964, the new unit will bring capability of Plant X to nearly 500,000 kilowatts, and make it one of the largest generating stations in the Southwest.

A "first" for the Southwestern system in 1963, will be the installation of a 10,000 kilowatt gas turbine unit at Roswell. This "package" power plant will be used as stand-by equipment and at peak periods. It is designed to start automatically, with the turbine being driven by gas and compressed air rather than the steam drive used in the larger units on the system.

1963 will also see the beginning of the engineering and survey work for a new generator to be installed at Cunningham Station, west of Hobbs, New Mexico. This is also a 210,000 kilowatt machine, and is scheduled to be in service in 1965.

"I think the new unit planned for Cunningham Station is the ideal example of the growth of our region and the flexible position which an electric company serving a growth area must maintain. Originally, this machine was planned for service in 1966, but as soon as it became apparent that it would be needed earlier, we changed our plans accordingly, and moved it up to 1965," Watson pointed out.

Nearly \$5,000,000 in the 1963 construction budget will be invested in new transmission line facilities. Southwestern's twelve electric generating stations are all tied together by a transmission line network of more than 4,000 miles. This interconnection makes it possible to provide power at any point in the 45,000 square mile service area, and to employ the most economical plants, which (See BUILDING, Page 3)

JFK Tax Package Is Previewed

WASHINGTON (UPI) — President Kennedy will send Congress a tax package calling for across-the-board reductions of about \$8 billion with substantial offsetting tax reforms, it was learned today.

In a preview of what can be expected in Kennedy's long-awaited tax program, congressional sources said the first cut in income taxes would be scheduled for July 1. Additional reductions will be spaced over future months.

As for reforms, preliminary estimates are that Kennedy will seek about \$3.5 billion in new revenue through "tax loopholes" closing revisions, including reduction in the 27.5 per cent gas-oil depletion allowance, sources said.

One administration source said the tax cuts sought by Kennedy to stimulate the economy may be as high as \$10 billion over-all.

Apply To All
In giving the broad outlines of the administration's tax program, informants said the reductions would apply to all individual taxpayers—from the low 20 per cent to the high 91 per cent brackets.

Kennedy also will ask that the 52 per cent corporate income tax be reduced.

Details of the program, such as effective dates and exact rate reductions in each bracket of personal income taxes, must await Kennedy's tax message to Congress later this month.

But informed sources said that one plan given serious consideration is to split the lowest bracket, making one rate for taxable

income from zero to \$1,000 for single persons, and another rate from \$1,000 to \$2,000.

The lowest tax now is 20 per cent on income from zero to \$2,000 for single persons. In the case of married persons filing a joint return, it is 20 per cent on the first \$4,000.

Represents Bulk
It is in the lower brackets where the bulk of the taxpayers are located, and even a small cut in the rate causes a huge loss in revenues to the Treasury.

For example, a reduction from 20 to 19 per cent would cost the Treasury \$1.3 billion a year.

The actual pocketbook impact on individual taxpayers, however, is relatively small.

Furious Battle Rages In Viet Nam

TAN HIEP, South Viet Nam (UPI) — One of the most furious battles of the war against Communist guerrillas in South Viet Nam went into its second day today taking a terrible toll in human lives.

At least three American soldiers were dead and four wounded, bringing to 30 the number of Americans killed in action in Viet Nam.

South Vietnamese military casualties were expected to run as high as 100 killed and wounded. Communist Viet Cong casualties were unknown but were believed to be even higher. There also was a possibility of high casualties among the 600 to 700 persons living in the small Mekong River delta hamlet where

the main fighting raged.

Reds Surprise
The guerrillas, who usually avoid direct clashes and fade into the jungle when attacked, put up surprisingly stiff resistance although heavily outnumbered by government forces.

It was perhaps the first fixed position fight that the Communists had put up in the long, usually shadowy guerrilla war.

In addition to the human toll, they shot down five American-manufactured helicopters and severely damaged at least six others with a withering fire by automatic weapons.

Two of the American dead were helicopter crewmen, both Army sergeants. The third was a captain who was leading an assault

by the South Vietnamese army battalion he had been advising.

He was hit in the neck and chest and evacuated to Tan Hiep airfield, about 10 miles away, where he died while undergoing emergency medical treatment.

Ferry In Troops
The helicopters ran into the deadly Communist fire while ferrying in troops to reinforce government forces which had been pinned down while moving overland toward the hamlet.

Ten American H21 helicopters responded to the call. They were escorted by five rocket-laden HUIB helicopters.

Two of the H21s went down on the spot. Two others managed to fly about a mile before crashing. One sergeant aboard the first two H21s to crash was killed and three other American crewmen were wounded.

Four of the HUIBs moved in to lay down a heavy protective rocket and machine gun fire while a fifth tried to land beside the downed machines and bring out the wounded.

The fifth was hit in the rotor blade. It spun halfway over in the air and crashed on its side. The crew chief, a sergeant, was killed by Red bullets. The pilot was knocked unconscious. It was the first of the new, heavily armed helicopters to be downed in the war.

Contract For Earthwork On Aqueduct Let

WASHINGTON (UPI) — R. H. Fulton of Lubbock, Tex., has been awarded an \$11,926,549 contract for earthwork on the main aqueduct of the Canadian River Project in four counties of the Texas Panhandle, Sen. Ralph Yarborough, D-Tex., said Wednesday.

Yarborough said the Interior Department let Fulton the contract for work in Hutchinson, Carson, Potter and Randall counties.

A \$100,811 contract went to the Williamson Construction Co. of El Paso to build roads and parking areas and extend water and sewage systems in the upper basin area of the Big Bend National Park.

The Public Health Service reported a matching grant of \$152,000 for a 34-bed nursing home at the Edward Abraham Memorial Home in Canadian, Tex.

Yule Decorations Will Be Taken Down On Sunday

New Grand Jury To Be Selected, Sworn In Jan. 7

January term of the 31st District Court will get underway Monday, Jan. 7 when the new Grand Jury will be sworn in.

This new grand jury will serve until the first Monday in June when they will be replaced.

The grand jury which is now serving will meet Friday Jan. 4 to settle old cases pending or awaiting consideration of the grand jury.

The following named have been listed as nominees for the new grand jury and twelve of them will be selected. They are:

Paul R. Bowers, Groom; Clyde W. Brown, McLean; J. B. Roach, McLean; John B. Rice, McLean; Mrs. J. T. Cornutt, Pampa; E. E. Sheilamer, Pampa; Floyd E. Watson, Pampa; E. L. Prowlers And Thieves Are Busy Here

Prowlers have been busy again in Pampa. It was learned today, as someone broke a window out of a house an dentered the building recently.

Mrs. Linda Gibby, rear apartment, 411 Hill, reported to police that someone broke out a window in her house and entered it New Year's Eve. Then Tuesday night, someone cut the screen and entered the back door.

Officer S. B. Patterson investigated and reported that nothing was known to be missing.

Six bars of candy were taken some time yesterday afternoon when an offender broke the glass on the candy machine at the M and H Laundry, 708 Prairie Center.

The break-in of the candy machine happened some yesterday afternoon.

Mrs. T. W. Watson, 321 N. Magnolia, reported to police that someone yesterday afternoon shot out a window of a rent house with a .38 S&W.

The Minit Mart, 2100 Perryton Parkway, was broken into last night with nothing missing except maybe some cigarettes.

Someone broke out the window on the south side and crawled in to the building. When stepping down from the window, the trespasser broke the glass on a desk. The offender pried the padlock off the back door and left.

Jack Ward, manager, reported the break-in this morning when he opened the store for business.

are those with the larger and newer generators, at all times, keeping the power production costs down and the rates for service low. In addition to the transmission line tie-in, the generating facilities of the larger stations, Plant X, Nichols and Cunningham, are directly controlled by an automatic dispatching system, which electronically employs the most efficient plants at all times. The dispatching system also computes the share of the load which other plants should be carrying on the basis of costs, and then these loads are assigned to the plants by direct communication from the load dispatching center in Amarillo.

"I'm not sure that our customers are aware of the vital part that new equipment plays in keeping their rates down. Our fuel rates, for example, are up almost 100 per cent in the last ten years. Yet, by constantly investing in new and efficient equipment, plus the fact that our customers are using more and more electric service, we have managed to keep our rates at the same level that existed 11 years ago," Watson said.

Watson emphasized that the United States strengthened its world leadership in the production and transmission of electric power in 1962, contrary to some reports from government sources that Russia was gaining on this country.

"The United States, with only 6 per cent of the world's population, produces nearly 40 per cent of the world's electric power. We generate three times as much as Russia, and have four times the miles of transmission lines. Thanks to the foresight and action of our industry, Russia isn't even close as far as electric power is concerned, and they're getting farther behind," Watson pointed out.

"When the American people have an opportunity to look at

was their hoped-for destination, but did not make it clear if they meant in the Biblical sense or the modern state.

A U. S. official made it clear the embassy was unavoidably involved in the incident but would be interested in what became of the peasants.

General embassy policy in Moscow is not to harbor Soviet citizens seeking refuge, presumably because of the immense political implications as well as the physical difficulties.

Difficult Position

"Obviously, we are not in a position to solve this kind of problem," an embassy spokesman said.

He said another group of peasants from the same religious order forced their way into the British embassy in Moscow last year and some apparently were relatives of today's group.

The group pushed its way past the two pairs of Soviet militiamen (policemen) who normally guard the two embassy gates at the rear of the compound.

U. S. officials herded them into the embassy lunch room, which is a low building separated from the main structure.

Arrive Promptly

Soviet Foreign Ministry officials arrived promptly, followed by a bus and then plainclothesmen. After two hours, the peasants emerged from the building.

One Russian man shielding a small child with his calf-length sheepskin coat said:

"We were told that for our religious beliefs we would be put in prison and our children would be taken away from us after Jan. 1."

Another said: "We believe in the evangel. As soon as we get out-of-here they will take us and arrest us."

Board Bus

At 1:10 p.m., about three hours after they had forced their way into the compound, part of the group boarded the bus and it drove outside the compound and stopped.

Others balked but finally they, too, walked to the bus.

A Foreign Ministry official said the group belonged to an evangelical sect but had not contacted any evangelists in Moscow.

He said they would be taken to a hotel near the station.

the record of the investor-owned, taxpaying electric companies of this country, they see that the arguments of the advocates of a government-controlled, socialized electric power system will not hold water. We have kept the rates low, we have kept service efficient and ahead of the needs of our customers, and we have kept the United States far ahead of Russia in electric generation and transmission facilities. And, we have done all this at the very same time that we have paid to various state, federal and local government taxing bodies approximately twenty five cents out of every dollar that we have received from our customers," Watson concluded.

Fires Razes Gymnasium At Panhandle

PANHANDLE (Sp) -- A raging fire with flames reaching as high as seventy feet, destroyed the Panhandle High School gymnasium last night and damages were estimated in excess of \$260,000.

The fire alarm was turned in by a high school student at approximately 6:30 p.m., only a few minutes after the last student left at about 6:00.

It is believed that no one was in the building when the fire started and during the fighting of the blaze no injuries were reported.

It is believed that the fire started in a room beneath the gym where lacquers, paints and solvents were kept.

The first firemen on the scene were well organized in their efforts and began fighting the blaze immediately while some others were busy entering the building to save what they could, realizing that the fire had such a start that saving the building was hopeless.

Hub Caps Given Back To Owners

Unusual punishment was handed out yesterday to two 15-year-old Pampa youths who got into trouble over the theft of ten hub caps.

The hub caps had been stolen from four cars on Dec. 31. The boys were caught with them in their possession.

Questioning by police gained the confessions as to where they had been stolen.

Parents were notified and a deal was worked out whereby the youths were to return the hub caps to their four owners.

They started out yesterday afternoon to make the calls, knock on the door, apologize to the owners and return the stolen caps.

"I think they learned a pretty good lesson," Police Jim Conner said.

in promoting harmony who will be willing to come out and lend their help to find a method by which it can be worked out.

"If we can get enough people who believe in Pampa and believe that harmony is what the city needs, then we feel it can be accomplished."

Those present agreed that the aid of community leaders in the harmony movement needs to be enlisted and that, it was stated, will be the aim of those who will attempt to get business and professional leaders to attend the meeting on Jan. 17.

The meeting, which lasted an hour and a half, was adjourned on a note of re-emphasis on the fact that the sole purpose of last night's gathering and the larger meeting to be held Jan. 17, was to promote harmony and industrial progress and not to take sides or fight any individual or any group.

"We sincerely hope something will come of this," one man said after the meeting. "Pampa certainly needs a movement of this kind."

Hardeman Discovery Is Reported

Cities Service has an oil discovery near the Red River in Hardeman County that is flowing at the rate of 367 barrels of oil daily.

The Mississippi discovery is Certainteed B No. 1. It flowed 214 barrels of 47.7-gravity oil in 14 hours on potential through a 16-64-inch choke from perforations in the Chappel limestone between 8,615 and 8,683 feet. Gas oil ratio was .343 to 1 and the flowing tubing pressure was 600 pounds.

The well is 78 miles northwest of Wichita Falls and 15 miles north of Quamah. It is spotted 1,580 feet from the north line and 1,580 feet from the east line of Section 14, Block H, W & NR RR Co. survey.

Cities Service has 42.7 per cent interest and is the operator. Other major interests are held by Shell, with 31.6 per cent, and Amarillo Oil, with 12.8 per cent.

Design Of New American Flag Postage Stamp Is Announced

The design of the new 5-cent American Flag postage stamp, which will be first placed on sale at Washington, D. C., on January 9, 1963, was recently announced by the Post-Office Department, according to Pampa Postmaster O. K. Gaylor.

A regular stamp, it will augment the new 5-cent Washington stamp which was issued to meet basic first class mail needs when postal rates increase January 7. It will be 3.75 x 0.87, issued in panes of 100, with an initial printing of 400 million.

The American flag unfurled in the breeze dominates the new stamp. Underneath the flag is the White House lined in blue. To the left of the flag's staff is the denomination "5c" in blue. The flag is reproduced in true colors.

For the first time in postal history a regular stamp is being issued without the wording "United States" (or the abbreviation) or "Postage." The flag is deemed sufficient designation that this is a U.S. stamp. However, three commemoratives appeared without these words — the 1, 2 and 5-cent Pilgrim Tercentenary issues of 1920.

A photograph of the White House by Abbie Rowe, of the Department of the Interior, was used by Robert J. Jones in designing the stamp. Richard M. Bower engraved the vignette. Outline frame and numeral are by William R. Burnell. The engraving of the White House appearing on the \$20 bill is based on the same view from the Ellipse.

Collectors desiring first-day cancellations may send addressed envelopes, together with remittance to cover the cost of the stamps to be affixed, to the Postmaster, Washington 13, D. C. The envelopes to the Postmaster should be endorsed "First-day covers 5-cent Flag Stamp."

The Post Office Department has also announced that an Emancipa-

Proclamation commemorative stamp will be issued next year as part of the centennial observance of President Lincoln's action that brought freedom to three million Negro slaves. Mid-February is to be the issue date of the new 5-cent stamp.

Foreign News Commentary

By PHIL NEWSOM
UPI-Foreign News Analyst

When the 110 members of the United Nations packed up their brief cases at the close of the U. N.'s 17th General Assembly, they had lived through some stirring times, suffered some anxious moments and, on the whole, come through better than might have been expected.

Perhaps the most noteworthy single achievement was the election of the 53-year-old U Thant as secretary-general to serve out a term running until November 1966.

It removed temporarily a potential deadlock over Soviet Union demands that the office be reorganized into a three-man directorate subject to Soviet veto.

In the U. N. headquarters, standing like an upended, glass-encased matchbox on New York's East River, business was in fact conducted with unusual harmony.

Stevenson vs. Zorin

An exception was U. S. Ambassador Adlai Stevenson's denunciation of Soviet Ambassador Valerian A. Zorin and his announcement that he would wait "until hell freezes over" for Zorin's answer as to the offensive character of Soviet arms in Cuba.

However, Zorin, a hatchet man in the old Soviet tradition, proved himself not even a pale carbon copy of Nikita Khrushchev, his shoe-banging boss, and wound up fired from his job.

Within the U. N. subtle changes took place, of which Thant's election was one outward manifestation.

The direct U. S.-Soviet confrontation over Cuba boosted U. S. prestige at the expense of Russia and caused second thoughts among the so-called neutrals.

It taught the non-aligned or neutral nations that they were not going to run the world by the sheer weight of their vote.

Example of Castro

Khrushchev's high-handed methods in dealing with Fidel Castro also gave them new insight of the dangers of too close

a relationship with the Russian bear.

The myth of any real neutral bloc probably disappeared forever.

When the Red Chinese crashed across India's border, Ghana and the United Arab Republic initiated a half-hearted move which might have resulted in a resolution of censure against the Chinese.

India, the greatest neutral of them all, found she could not count on others fearful of their own skins.

From time to time, the Soviets tried to ignite some of the old fireworks. But without Khrushchev, they seemed only to be going through the motions.

In the end, Russia's agreement to Thant's election and the dismissal of Zorin led to speculation that Khrushchev, with troubles at home and within his party, was content with a period of quiet.

Stuffed Fresh Vegetables For A Festive Brunch

Here is menu news. Serve stuffed fresh vegetables at your festive brunch. We enjoyed them last Sunday noon, 45 floors above the streets of New York City in the Tower Suite atop the Time-Life building. By tall windows facing north, south and east, we went through the most amazing "breakfast" we have ever experienced.

TEEN-AGERS are sure to enjoy delicious fruit ice cream punch with festive sandwiches at their vacation parties.

Teens Will Love Ice Cream Punch

Parties for teen-agers on vacation call for substantial but not elaborate "eats." This punch of fruits, ice cream and milk, with attractive party sandwiches, will win gleeful thanks from your young guests.

PARTY PUNCH

6 cups fresh strawberries washed and hulled, or 4 10-ounce packages frozen sweetened strawberries, thawed
3 cups sugar, fresh berries or 1/4 cup sugar, frozen berries
Dash of salt
4 quarts cold milk
2 quarts strawberry ice cream
2 quarts mint or peppermint ice cream

Strawberries for garnish, optional

Mash strawberries; add sugar and salt and blend. Put in punch bowl. Add cold milk, stirring until thoroughly mixed. Top with strawberry and mint, or peppermint ice cream. Garnish with whole or sliced strawberries, if desired. Makes 24 servings.

PARTY SANDWICHES

1 1/2 cups (1/2 pound) dried apricots
1 cup water

No space here to list all the exquisite foods served by a maid and butler for each table. The vegetables, that is our interest now, were large mushrooms stuffed with chicken livers, green peppers stuffed with lean country sausage, and red tomatoes filled with yellow squash, minced onion, oregano and olive oil.

STUFFED MUSHROOMS

12 large mushrooms
1 teaspoon fresh lemon juice
1 teaspoon salt
1/2 pound chicken livers
1 teaspoon salt
1/4 teaspoon ground black pepper
1/4 teaspoon paprika
2 tablespoons butter of margarine

BERNAISE SAUCE

Remove stems from mushrooms. Place mushroom caps in a saucepan with 1/2-inch water, lemon juice and salt. Cover, bring to boiling point and cook for 2 minutes. Combine chicken livers with salt, pepper and paprika. Sauté in butter or margarine. Fill each mushroom cap with a piece of cooked liver. Cook in a preheated moderate oven (350 degrees) 5 to 8 minutes or until hot. Serve topped with Bernaise Sauce.

BERNAISE SAUCE

(Yield: About 1/2 cup)
1/2 cup butter
1 tablespoon fresh lemon juice
2 egg yolks, well beaten
Dash salt
1/2 cup ground black pepper
1 teaspoon chopped fresh parsley
1/4 teaspoon tarragon leaves, crushed
1/2 teaspoon minced onion
Divide butter into 3 pieces. Put 1 piece in top of a small double boiler. Add lemon juice and egg yolks. Place over hot water (not boiling) and cook slowly, beating constantly with a rotary beater. When butter is melted, add a second piece of butter and as mixture thickens, add the third piece. Cook until thickened, beating constantly (do not permit the water to boil). Remove from water. Add seasonings. Serve over stuffed mushrooms.

FINE FINE

PURPLE plum salad, made of canned plums, sour cream and orange juice, has a lovely color and interesting flavor.

How To Store Uncooked Chicken

By GAYNOR MADDOX
Newspaper Enterprise Assn.

Q—How should I refrigerate uncooked chicken?

A—Wrap fresh chicken loosely in wax paper or other wrap and store in coldest, non-freezing part of refrigerator. It may be kept 1 to 3 days. Keep frozen chicken frozen until ready to use, allowing sufficient time for thawing before cooking. Follow package directions for thawing. After chicken is cooked, serve promptly and also promptly refrigerate leftover chicken and gravy separately in covered containers. Remove any stuffing from stuffed birds and refrigerate it in covered container. Meal-size portions, properly wrapped, may be frozen and held up to 1 month before serving.

Lined dresses give more wear. And this budget value comes in budget-priced dresses these days, too.

Purple Plum Salad Is Delicious

Here's a colorful salad made of deep-purple canned plums, sour cream and orange juice. Delicious.

Use the leftover syrup for topping for ice cream or plain cake or pudding when thickened with a little cornstarch. A little lemon juice or grated lemon rind sparks the flavor and cuts the sweetness. Some people like to add a little orange juice. It produces a lovely color as well as interesting flavor. And, of course, it is excellent for basting ham or pork roast.

SPICY PLUM SALAD RING

(Serves 8 to 10)
2 envelopes plain gelatin
1 can (6 ounces) frozen orange juice concentrate, thawed
2 cups boiling water
1/2 teaspoon salt
1/2 teaspoon pumpkin pie spice
1/4 cup sugar
3 tablespoons lemon juice
2 cups dairy sour cream
1 can (1 pound, 15 ounce)

Fill Patty Shells With Sardine Mix

For an extra touch at your parties, try these variations on the theme of sardines from the icy waters of Norway. The Sardine Patty Shells make an excellent luncheon or supper item.

SARDINE PATTY SHELL

(Yield: 4 generous portions)
4 large patty shells
2 (3 1/2-ounce) cans Norway sardines
1/2 pound fresh mushrooms, sliced
1 tablespoon butter
3 tablespoons heavy cream
1 can mushroom soup
Combine the mushroom soup with fresh sliced mushrooms, butter and heavy cream, making a cream sauce. Cook over medium heat for 10 minutes. Cut the sardines into small pieces and mix in slowly. Fill the empty patty shells, which can be purchased at your neighborhood bakery, with this mixture and serve hot.

SARDINE CANAPE ASTRID

On Melba toast round or square crackers place a slice of tomato, a whole sardine and top with a thin slice of cheddar cheese. Season to taste. Broil until cheese is melted. Serve hot.

CHILI-SARDINES

(Yield: 10 to 12 appetizers)
Add 2 tablespoons of mayonnaise to the contents of 1 can (3 1/2 ounces) of sardines. Mash and mix thoroughly. Serve on toast fingers or cocktail crackers. Decorate with a dash of chili sauce or tomato catsup.

purple plums in extra heavy syrup

Mix gelatin with orange juice. Dissolve in boiling water. Add salt, spice, sugar and lemon juice. Chill until mixture mounds on spoon. Fold in sour cream. Pit 6 plums and arrange in bottom of 1/2 quart ring-mold. Dice remaining plums and fold into gelatin mixture. Turn into mold over plums. Chill until firm. Unmold onto salad greens, if desired.

Manners Make Friends

It's thoughtful for a man to take the holiday hostess flowers or a box of candy.

Curtain Ringer

When you make cafe curtains, don't sew on the brass rings for hanging. Use handy spring clip rings, or you'll have to remove sewing rings for machine washing of curtains.

Studying For Exams Should Be 'Organized'

By DAVID NYDICK
UPI Education Specialist

As examination time approaches many high school and college students will be spending long hours preparing for these tests. Although they are consistently advised not to wait till the last minute, this practice continues.

Perhaps, last minute study is not always the result of neglect. Much of this is valuable review. Since most exams require a great deal of specific knowledge, going over facts is quite important.

Effective study techniques vary with individuals. Some prefer long study sessions with relatively long rest periods. Others may desire short study sessions with short breaks for relaxation. Unfortunately, short study sessions with long rest periods are not the answer. Parents should encourage the student to use the method best suited for his needs. Make sure that a quiet, well-lighted area in the home is available. The pressure of unrelated responsibilities should be removed. This will permit the student to concentrate in a relaxed atmosphere.

The actual studying should be well organized. Careful planning

will save time and produce superior results. A study schedule should be written down, thus making sure that sufficient time is available for each subject. Since such estimates may be inaccurate, extra time should be included. Such a plan needs a few free times for entertainment. Naturally, this will depend upon the number of days or weeks covered by the schedule.

There are many methods and materials available for reviewing. The first step is clarification of the aims and general areas covered by the course. Very often, a course outline has been distributed.

A good set of notes taken during lectures is most valuable. A teacher will probably discuss those points, which he considers most important. Of course, many of these will be included in an exam. A student should go over the notes, carefully checking items which have been emphasized.

In many cases, students have been given printed material covering specific topics. These should be closely studied. They are obviously considered important by the teacher.

Textbooks are major parts of most courses. Naturally, they should have been read throughout the term. The book should be reviewed to make sure there is an understanding of the major points. A good method is to make notes in an outline form. Items which have been written in a student's own words are easily remembered. This technique can be used throughout the year. The notes will then be available for these important study times. This avoids the need to re-read the entire book.

Commercially prepared review books are available for a variety of high school and college courses. These are not printed for the course as given by an individual teacher. They can be valuable as concise reviews of particular topics. The teacher can usually advise as to their value for his specific course. The materials assigned by the teacher and a student's notes are more directly related to the course.

Study for exams should be well organized. The time spent in planning will pay off in efficiency and results.

Early Vehicle Safety Check Being Urged

"Our weather is getting worse all the time and April 15 will come before you know it," Captain Alan Johnson, Texas Department of Public Safety Supervisor, commented this week.

He was talking about the time he left for Texas motorists to get 1963 vehicle safety inspections. The seven and one-half month period for getting inspections is more than half finished. Inspections started September 1 and will continue through April 15.

Since the period is so long, Johnson stated, no allowances are made for bad weather. He pointed out that inspections may not be made when streets are wet.

"From now until April 15, we usually have a seige of bad weather in this part of the state which eliminates many inspection days," Captain Johnson said.

He also pointed out that inspection of vehicles now will insure that they are safer for the rest of the winter driving period, when good lights, brakes and other equipment are so vital.

Failure to have a 1963 inspection sticker displayed on the windshield of your vehicle after April 15 is a violation of the law and is punishable by a fine not to exceed two hundred dollars.

THE REAL THING

ANNISTON, Ala. (UPI)—Clerk Aubie Hanes thought it was a joke Saturday night when a gunman marched into a drugstore and he playfully raised his broom to repel the intruder.

The gunman shot and wounded Hanes, stole \$500 and fled with an armed companion.

'MARCHING MIZZOU' — These Texans in "Marching Mizzou," University of Missouri marching band were back in Texas recently for the Bluebonnet Bowl football game. There Will Be Plenty Of New Faces In The 58th Legislature.

By WILLIAM CLAYTON
United Press International

AUSTIN (UPI) — The 58th Texas Legislature, with more new faces than major issues convenes Jan. 8 to look at some familiar problems without the heavy pressure of new tax needs.

If the lawmakers accept the recommendations of the outgoing governor, Price Daniel, they can get through the session without having to raise new revenue through taxes.

Daniel outlined a \$3.1 billion record budget for the next two years, but said he thinks it can be raised without new taxes.

The sales tax, which embroiled the legislature in an emotional session two years ago, will be in for changes but likely nothing fundamentally changing the 2 per cent levy.

The Texas Commission on state and local tax policy has suggested the exemption on clothing be removed, raising \$10.5 million more from the tax. The commission also wants the state admissions tax thrown out, costing

the state half a million dollars in revenue.

Legislators come to Austin to meet a new high echelon in state government.

Daniel leaves his third term Jan. 15, when Gov-elect John Connally takes the oath of office. Also in the inauguration ceremony, Lt. Gov-Elect Preston Smith will be sworn in and will preside over the Senate.

Tunnell Speaker

On the first day of the House session, members will go through the motions of affirming Rep. Byron Tunnell's election as speaker. Most observers conceded the Tyler lawmaker is a cinch to win the speakership, in one of the most calm races in years.

Tunnell grabbed the lead in legislators' pledges early in the campaign and built his pledge list to an overwhelming bulge over Rep. Alonzo Jamison of Denton.

In past sessions, the Speaker's race has been a heated, down-to-the-wire one that started the sessions off with emotion running high. Rep. James Turman of Go-

ber, current speaker, won his post in a bitter, paper-thin race with Rep. Wade Spilman of McAllen. Republicans will form a not-to-be-overlooked minority in the House, having won seven places in the November elections. In addition, the House saw a heavy turnover in the Democratic ranks. The Senate will have 16 new members and one with only brief previous service in the upper chamber—Sen. Franklin Spears of San Antonio.

Speaker's Choice

When House members confirm the speakership, they will turn to the all-important formation of committees. The speaker will make his choices early in the session, leading the list with the revenue and taxation committee, which handles all tax bills.

This session, with taxes not so desperate an issue as in past meetings, the appropriations committee will take a major share of attention. The problem of how best to spend the money will include consideration of recommendations that colleges double their tuition, that state parks get much more money to attract tourists to Texas, and that higher education be supported in the fashion the space age seems to dictate.

Connally will not be faced with the tax fight Daniel had to go through to pay Texas' bills, and he is expected to emphasize the relatively less emotional problems of tourist and industry attraction and education.

The session has a good chance to get through those matters and take up redistricting, auto insurance, the penal code, the election code, slanted-well penal legislation, and loan regulation, among others.

Most legislators checked by United Press International in a poll said they think they can do their job without a special session.

The last legislature needed three called sessions, extending into early this year, to complete its work. The last legislature needed three special sessions.

"HOW?" — How actress Mylene Demongeot managed to tie her bow-backed dress is the fascinating question raised by the production, which she wore to a luncheon at Megeve, France, at the opening of the area's winter sports season.

SAY, YOU CERTAINLY MAKE A MESS OUT OF YOUR BED! IT LOOKS LIKE YOU MUST HAVE BEEN TOSSEING AND TURNING ALL NIGHT!

YEAH-I GUESS I MUST GET A LITTLE RESTLESS IN MY SLEEP!

A LITTLE RESTLESS? BOY THAT'S A FULL SCALE REVOLT OF MATTER OVER MIND! ABOUT THE ONLY TIME YOUR HULK GETS ANY MUCH-NEEDED EXERCISE IS WHEN YOU'RE ASLEEP! CAN'T PREVENT IT!

HEROES ARE MADE-NOT BORN

LARD, YOU SAY YOU'RE GOING OUT ON THE ICE AND DO TRICKS?

THAT'S RIGHT!

BUT YOU DON'T SKATE THAT WELL!

WHAT'S THAT GOT TO DO WITH TRICKS?

NOW KEEP YOUR EYE ON THE MAGIC HANDKERCHIEF...

HERE'S A NEW PENNY RIGHT FROM THE MINT--WALDOO HACKLEWESS'S WIFE CAUGHT HIM SNEAKING OUT THE WINDOW ON NEW YEAR'S EVE! HE HAD THE MONEY FOR THE OWLS CLUB PARTY, BUT SHE THOUGHT HE'D BEEN HOLDING OUT ON HER!

THE OWLS ARE PASSING THE HAT TO SEND HIM A BASKET OF FRUIT AT THE HOSPITAL!

SO THAT'S WHY TH' MAJOR WAS CLEAR-EYED AND SASSY ON NEW YEAR'S DAY! WITH THIS OWLS-BEER THEIR PARTY MUST HAVE BEEN AS ORDERLY AS A BOUNCERS' CONVENTION!

TWIGGS CRACKS THE MYSTERY-

HEY, BUD! CAN YOU SPARE A DIME?

IT'S NICE YOUR COLLECTION CAME IN TIME FOR THE MAHARAJA'S VISIT, MR. MCKEE!

YES--HE'S A COLLECTOR, TOO! NO DOUBT THIS MUTUAL INTEREST BARKED MINDS TO PERSUADE HIM TO VISIT ME!

WHAT IF HE DOESN'T SPEAK ENGLISH, DADDY?

HE DOES! SIR CECIL TOLD NYCOMB HE WAS EDUCATED IN ENGLAND. BUT THIS IS HIS FIRST TRIP TO AMERICA!

YOU FORGOT YOUR HAT, DON!

HEY, I'M SEEING YOU EVERYWHERE! ...HOW IS THE OTHER TWIN, RIGHT?

RIGHT! I'M JAN, THE ONE WHO SAVED PICTURES OF THE SLALOM CHAMPION OF 1960!

HEY, I'VE STILL GOT A FAN!

I DON'T KNOW WHY EVERYBODY LOVES SNOW SO MUCH... I HATE IT.

I HAVE GOOD REASONS FOR HATING SNOW, TOO. ONE REASON IS...

HEY, WINTHROP!

THERE'S ONE GOOD REASON RIGHT THERE.

IS OLD KNUCKLEHEAD IN YET?

I DON'T KNOW

I'M GOING TO GET SOME RESPECT AROUND HERE IF I HAVE TO FIRE EVERYBODY IN THE PLACE!

DID I HEAR SOMEONE CALL ME KNUCKLEHEAD?

YES, SIR-- BUT IT WASN'T OUR FAULT!

WE DIDN'T KNOW THE INTERCOM SYSTEM WAS TURNED ON!

SO OOP WOUND UP IN NORTH AFRICA, EH?

THAT'S RIGHT, DOC. NEAR THE TOWN OF SILENE...

WAY BACK IN MY HEAD-- THAT RINGS A BELL... BUT I CAN'T PLACE IT!

GEE, I'M GLAD THAT CRITTER TOOK OFF 'STEEDA TRYIN' TO SHARPEN HIS HOARS ON ME!

WHICH REMINDS ME, I COULD DO WITH A BITE MYSELF!

WOW! DID IT SNOW LAST NIGHT!

LITTLE LIZ

It's easy to understand why a shiftless person can't get into high gear.

Step right up! New portable, collapse-proof household steps are being introduced. Made of lightweight, sturdy aluminum, the unit consists of two steps in a new kind of folding frame. A curved safety grip bar at the top supports the knees and assures balance. Weighs less than five pounds and comes in decorator colors. (Marymill Manufacturing Corp., Scottsdale, Ariz.).

Harvey Berin does the short evening gown for spring in turquoise blue silk chiffon with beaded top.

NEW YORK (NEA) — When you buy your first evening dress of spring, make it chiffon. Length? It may be short or long; either is sound fashion.

But once you've picked chiffon, it's even better if it's beaded. It may have a fitted, beaded top or a beaded overblouse or a little jacket edged with beading. Whatever, beading supplies the all-important touch.

The softness of daytime dress fashions flows gently on into spring evenings. The new evening dresses are very feminine, lady-like, the essence of pure flattery.

You're not confined to chiffon, of course. Fluid crepes are for evening, too. So is lace. And silk and worsted mixtures are used for those dinner suits that many American women find essential to their way of living.

Surprisingly, black crepe turns up for spring in dinner dresses that are soft and sophisticated, sometimes displaying the cowl line at back.

Evening gowns provide more cover-up than in past seasons. Some are sleeveless, some have the suggestion of a cap sleeve, some display a long, tight sleeve.

Color and color combinations are dramatic: turquoise with white, beaded turquoise, fuchsia with orange, black and white. Floral chiffons are shaded (pale pink to deep), and there are lots of pretty pastels as well as white.

Soft chiffon evening dress for spring is by Roxanne for Samuel Winston. Fitted top is heavily beaded in shades of turquoise; skirt is white silk chiffon.

Take It From Kathy

Dear Kathy: The biggest problem most girls and boys seem to have is that parents never want to treat them as if they are grown-up. Sometimes we could help, and we'd at least like to know what's going on. The things that happen to our parents bother us, too, but they don't seem to realize that.

My parents have some serious problems. They don't think I know, but I couldn't help hearing lots of things. I haven't said anything because they avoided the subject. My mother looks worried, and is grumpy all the time. Do you think I should tell her I know about things? If I just knew how serious this really is, I'd feel better. — T. F.

Dear T. F.: Deciding whether to tell children about family problems is very difficult. Hiding unpleasant facts doesn't always protect them from anxiety. High "hooking" a rug, or something. But no dates.

DEAR ABBY: I live in a small town where rummage sales, dances and food sales are posted in the stores windows for all to read. Lately we have had a new type "notice," which has me completely flabbergasted: Baby and bridal showers are being announced, inviting anyone interested to attend. What is your opinion of this?

DEAR CANYON CITY: It sounds like a free-for-all — but not exactly free.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

DEAR ENGAGED: It is wrong! The diamond you accepted puts you in SOLITAIRE CONFINEMENT. Stay home, and start

POLLY'S POINTERS

Try This Tick-Off Breakfast, Ladies!!!
By POLLY CRAMER

DEAR POLLY—One of the best tricks I know is to hang a clock in the bathroom. The husband knows he has 10 minutes to eat breakfast. It saves wear and tear on the nerves and lungs because there is no need for a blow-by-blow description of the passing minutes to get off to school or down to breakfast. Try it!

MRS. E. W. G.
DEAR POLLY—We have a teenage daughter who NEVER eats breakfast. The most I could force down her was one-half glass of milk and then I had guilty feelings all day about what a horrible mother I was for letting her go off to school without enough food. But no longer! Instead of milk there is a glass of liquid dietary food—brimful of vitamins, proteins, carbohydrates—an adequate breakfast for her and I am laughing instead of crying. If you girls keep on sharing with each other (you have solved some vexing problems for me) we might be able to save each other much bother.

MRS. J. R.
GIRLS: Looks like we are getting those early-morning problems solved today, aren't we?

ANSWER: You sound like a lady who is beginning to wonder: "What do I get in return for all I do for my family?"

For it is just at such wondering times that we blow up at a child who is taking things easy. We'll be exploded by what we think is the "laziness" of a daughter. But usually what has blown us up is envy of her light-hearted interest in personal comfort which our slave-driving conscience won't permit us to know we want for ourselves.

It is most important to respect such envious rebellions against the tyranny of our conscience; otherwise, it may succeed in keeping our poor noses to the permanent graindstone of overwork in the hope that other people will consider our comfort for us. They won't.

If we can't show consideration to ourselves, our families soon conclude that we don't need any. They will allow us to overwork and to feel increasingly abused by their disregard. In the end, our stupid conscience may betray us into real separation from our families.

To know that we want to consider our comfort is to lose anger at the daughter who has flopped on the sofa. It is to perceive that she is doing exactly what we want to do. It is to be able to say with uncritical enthusiasm: "What a wonderful idea to flop! I am now going upstairs to lie down like that! I'm tired, too. So down, and woe betide anyone who tries to get me up before I'm ready."

It is only parents' self-consideration that arouses children to the fact that we are human personalities instead of pieces of household equipment.

With self-consideration, we can expect the "lazy" child to rise from her sofa to put the groceries away and perhaps to begin preparations for supper. We can count on a unity of action with her as a result of a unity of feeling with her. But we cannot count on these pleasant results so long as we run about the house overworking under the threats of a slave-driving conscience.

Dear Abby....

She Needs... Advice Now!!!
By ABIGAIL VAN BUREN

DEAR ABBY: What is our opinion of a father showing a 4-year-old son?

DEAR ENGAGED: It is wrong! The diamond you accepted puts you in SOLITAIRE CONFINEMENT. Stay home, and start

DEAR ABBY: Our son (22) and his girl (23) eloped. We were very hurt but we forgave them. Dad and I offered to furnish their apartment as a wedding gift. We told them to go to my brother's furniture store and pick out what they wanted. Well, this girl walked around the store half a day and couldn't find one thing she liked. Imagine! Then she asked if they could have the cash instead. Our son sits and lets her do all the talking. So far we haven't decided what to do about it. My husband says to give them the cash. I say they don't deserve anything. We'd like your advice.

DISGUSTED
DEAR DISGUSTED: You appear to be still "hurt" by the elopement and haven't really forgiven them. Also, you blame the girl. If you really want to GIVE them a wedding gift, give them something. But don't invite them to select whatever they want in a grand-magnanimous gesture and then spoil it by telling them where they must buy it.

DEAR ABBY: Before my boy friend went into the service he gave me a diamond and we became officially engaged. We plan to be married when he returns in 13 months. Now that is a long time to sit home, Abby. I have gone out a few times, but only to keep from going crazy. I don't let anyone kiss me or anything like that. I am really being true in heart to my boy friend, because I DO love him. My family thinks I am terrible. Is it wrong for a girl to hook a fellow to take her

DEAR POLLY—If small children hate to have their faces washed, use dad's shaving brush to get up a good father. They love it.

DEAR POLLY—When ripping a seam with a razor blade or a stitch ripper, place the cloth to be ripped under the foot of the sewing machine and put the needle down through it. This holds the fabric firm and it is easier to open or rip the seam.

DEAR POLLY—An easy and inexpensive way to acquire a new lamp shade is this: take an old lamp shade or an inexpensive one from the dime store the shape and size you want. Wrap it around lengthwise with four-ply yarn in a color to match your decor. The yarn hides any defects in the shade and makes a very attractive accessory in any room.

GIRLS: But be sure there's no fire danger.

Boston Continues Torrid Pace In NBA; Nats Belt St. Louis

By United Press International
San Francisco basketball fans suffered an acute attack of mixed emotions Wednesday night as they watched the world champion Boston Celtics belt out a 135-120 overtime win over their Warriors.

The city is warming up to the Warriors, as the big Cow Palace crowd of 12,067 demonstrated. But Celtics Bill Russell and K. C. Jones made cage history at the University of San Francisco where they led the Dons to two national titles and 80 straight wins. Fans showed that they had not forgotten the ex-USF greats and cheered their exploits, too.

The Warriors drew the biggest yell of the night when Wilt Chamberlain stuffed one home in the closing seconds to knot the count at 114-all.

Tom Heinsohn and Sam Jones sparked Boston to nine straight points in the overtime, however, and Boston went on to pile up a 21-6 margin in the extra session. Chamberlain was held to a season's low of 23, but in turn held Russell to 10. Heinsohn hit 41 and Sam Jones 32 to spell the difference. George Lee and Willie Naulls had 23 and 22 for San Francisco.

In other NBA action Wednesday night, it was Syracuse 120 St. Louis 95, and Detroit 138 Cincinnati 118.

Speedy Hal Greer outscored the Hawks, 9-1, during a two-minute spell as the Nats exploded against St. Louis early in the going and never looked back.

Green had 23 to lead a well-balanced Syracuse attack which saw seven men score in double figures. Cliff Hagan had 33 for St. Louis but Hawk ace Bob Pettit was held to 12 points.

Terry Debuschere of Detroit and Wayne Embry of Cincinnati scored 23 points each to lead scorers at Detroit. The Pistons played it easier on themselves by holding the Royals' Oscar Robertson to 19 points.

General Welfare Topic At NFL Players' Meeting

HOLLYWOOD BEACH, Fla. (UPI) — General welfare topics headed the list as player representatives from 14 teams gathered here for the 6th annual meeting of the National Football League Players Association.

President Pete Retzlaff, offensive end for the Philadelphia Eagles, set discussion topics included income tax relief, pensions, job placement services and player-management relations.

He said the association was seeking a revision of federal income tax laws that would take into account the short career life of professional athletes.

He said a job placement service would benefit players during the off-season as well as retired players.

The group also will push for a pre-season game salary increase. At present, players get \$50 for each pre-season game, but Retzlaff said the group will try to boost the minimum to \$100.

SKILL TO SPARE by Dick Weber

8-The 1-3-6

To clean up the 1-3-6, do what you should have done in the first place—roll a strike ball.

ROLL a strike ball.
A solid pocket hit will do the job.

This common leave, which you see all too frequently, is usually caused by a Brooklyn side hit, the ball sweeping too far to the left and missing the 1.

Pee Wee Fights Tonight

With over 100 boys from at Stinnett, Berger, Lefors, Shamrock, Liberal, Perryton, Skellytowns as well as Pampa.

The weight divisions for the Pee Wees are: 50, 55, 60, 65, 70, 75, 80, 85, 90, 95, and 100.

Among Pampa's entries will be Troy Holtman, 50; James Holtman, 55; Vince Stracener, 75; Richard Jones, 80; H. D. LaRue, 85; Alfred Brown, 90; Richard Dismuke, 95; and Phillip Long, 100.

Some of the Lefors entries will be Hubert Sims, David White, Mike Robbins, Mike Atchley, Glen Cunningham, Kevin Romines, and Gary Atchley.

Lefors, Skellytown, and Pampa will enter strong teams in the Pee Wee Regionals.

The elimination fights will continue tomorrow night with the Pampa Optimist fighters, mostly the open boxers, meeting Wichita, Kans. fighters in Pampa Saturday night.

UPI Selects Gifford Tops In Comeback

NEW YORK (UPI) — Frank Gifford, who ended a one-year retirement, mastered a new position and played a big part in the New York Giants' fine season, today was honored by United Press International for the 1962 comeback-of-the-year in the National Football League.

The handsome halfback's career appeared ended exactly two years ago at this time when he was sent to the hospital with a severe concussion after being hit hard by Chuck Bednarik in a game against the Philadelphia Eagles.

Gifford sat out the 1961 season and earned a comfortable living as a radio broadcaster and a model for television commercials and magazine advertisements.

But as Gifford put it, "Retiring was a big mistake."

"I had to get back," he said. "Football is my life."

And so at the age of 32, Gifford returned to start his 10th season with the Giants.

Although his first nine seasons with the Giants had been spent as a glamor-boy running back who set team records in rushing yardage, touchdowns and points scored, that position was no longer open to him when he reported to pre-season training last summer.

But the versatile Gifford always had been a first-class pass receiver and so the Giants gave him a shot at the flanker position that Kyle Rote had left vacant by retirement.

Wisconsin Coach At McLean Banquet

McLean High School Tiger football banquet is planned for January 8. The banquet speaker will be Chuck Karsakoff, assistant football coach at the University of Wisconsin.

Karsakoff is a well known banquet speaker.

Tickets for the banquet can be purchased at Master Cleaners or Parsons Rexall Drug for \$2.50 each.

Coaches Derral Davis and Lloyd Hunt and members of the Tiger football team will be honored at the banquet.

Boat Races At McClellan

Some 30 boats were on hand for the New Year's races Tuesday at Lake McClellan with boat racers coming from the tri-state area to participate in the meet.

Winner of the Class C (50 horsepower and under) was Tark Lockely of Norman, Okla., with Gordon Knox of Amarillo second and Bruce Cannon, Amarillo, third.

Dale Brumley of Pampa won the Class X first place trophy. Second and third-place winners of Class X (75 horsepower and over) were Bryan Ralls, Berger, and Ed Metz, El Reno, Okla.

In the Class F (51-70 horsepower), Don Kirpatrick, Dallas, finished first; Richie Gardner, Pampa, second; and Don Davis, El Reno, finished third.

Brumley of Pampa won first in the unlimited single engine race, with Gene Watson and B. J. George, both of Amarillo, finishing second and third respectively.

In the dual engine unlimited, Bill O'Grady, Amarillo, finished first; Bob Tyson, second; and Metz of El Reno third.

The meet was a joint project of the Pampa and Berger boat and ski clubs, and the Panhandle boat and ski club of Amarillo.

HOLD ANNUAL MEETING

LOS ANGELES (UPI)—Athletic directors of UCLA, Stanford, Southern California, California, Washington and Washington State are holding their annual two-day meeting to discuss what was described as "routine business."

The schools' faculty advisors will join the athletic directors Friday for another two-day session.

Cincinnati Batters Houston; Air Force Falls To Ga. Tech

By DICK JOYCE
UPI Sports Writer

A word to college basketball coaches: You can't stop Cincinnati's top-ranked Bearcats with the zone defense either.

The University of Houston Wednesday night when the Bearcats scored their 28th straight victory and 10th in a row this season by ripping the Cougars, 79-56, at Cincinnati.

After four minutes of play Cincinnati and Houston were tied, 6-6. But then the Bearcats scored 21 points, including 10 field goals in 10 tries, for a 27-9 lead. That was all for Houston and its zone defense.

This time Tom (Double T) Thacker was the Cincinnati hero. The 6-foot, 2-inch senior from Covington, Ky., who has been taking a back seat to Ron Bonham and George Wilson in head-

ing the Bearcat attack, scored a career high of 23 points for team honors.

Bonham tallied 19 points and Wilson 13 as the Bearcats hit a sizzling 51.7 per cent from the field. The victory was the 11th in a row for Cincinnati in its series with Houston. The Cougars, who have never beaten the Bearcats, sank only 36.9 per cent of their shots from the floor.

Coach Ed Jucker's Cincinnati team plays next on Saturday when it meets eighth-ranked Wichita in a tough Missouri Valley Conference battle.

Duke's ninth-ranked Blue Devils were paced to an 82-65 victory over Virginia by Jeff Mullins' 30 points. Having trouble finding the range in the first half, Mullins hit three straight baskets to give Duke a 57-54 lead in the second half, and Virginia never came close after that.

Art Heyman chipped in 19 points for the Blue Devils while Gene Engle tallied 29 points for the Cavaliers.

In other Wednesday night games, unbeaten Georgia Tech routed the Air Force Academy, 61-48; Billy Cunningham's 39 points and 17 rebounds led North Carolina over Yale, 86-77; two jump shots by Larry Sheffield in the closing seconds helped Notre Dame to a 73-30 triumph over Indiana.

Hayden Fry Voted Top Texas Coach

DALLAS (UPI) — Hayden Fry, whose first football team at Southern Methodist proved a thorny problem for all Southwest Conference rivals despite adverse conditions, today was named Texas Senior College Coach of the Year.

Fry won out by a slim two-point margin in balloting by the Texas Sports Writers Association over champion Texas coach Darrell Royal, who Wednesday night was announced as the association's choice as Southwesterner of the Year. They will be honored in mid-February at the annual Sports Achievement Dinner in Dallas.

Fry's maiden SMU team was generally regarded in pre-season picks as a leading candidate for the cellar and as a likely "breather" for most other conference teams, especially the title contenders.

In addition to the lack of material which was responsible for this low rating, the Methodists were hit by the loss of passing quarterback Jerry Rhome, who transferred to Tulsa before the season started; by the heat prostration death of center Mike Kelley on the opening weekend of training; and by the loss of end Happy Nelson to injuries.

Fry, however, had the Mustangs "up" for every game and SMU suffered only one bad defeat during a 2-8 season. That was a 33-3 loss to national champion Southern California, whose speed broke open a close game in the second half.

SMU defeated Rice and Texas Tech, forced Texas and Arkansas to the limit before losing 6-0 and 9-7. Their five league losses were by a total of only 22 points, an average of less than five per game.

In addition to Fry and Royal, other coaches nominated for the honor were Gil Steinke of Texas A&I's Lone Star Conference champions; Joe Kerbel, who piloted West Texas to an 8-2 season; and Leroy Moore, who coached Prairie View A&M to the NAIA national basketball title.

LA Tourney First Stop

LOS ANGELES (UPI) — Sixty-six champions were poised here today for the first stop on the 1963 professional golf trails—the \$55,000 Los Angeles open tournament that gets under way on the Rancho course Friday.

Every major titleholder in the nation is present, ready to cut up the pot of gold on the new turf year.

Headlining the cast are the top money-winners of 1962: Arnold Palmer, Gene Littler, Jack Nicklaus and Bill Casper.

"It's the greatest field possible," said tournament supervisor Joe Black. "Men who have won 68 different championships are competing."

The hottest men at the end of the 1962 tour were Tony Lama and Bo Winingler. And they are ready and hopeful they can continue their hot streaks—now that the big money is at stake again.

During the five weeks the men perform in California this winter, they will have a chance to collect up to \$350,000.

SKI RACES ON TV

NEW YORK (UPI)—The Olympic ski jumping and racing trials in Garmisch, Germany, and Vail, Colo., will be televised by the CBS-TV network on Jan. 13. About a dozen of the United States' most promising jumpers have been competing for the last month in various European meets.

Pampa Opens District Play Against Palo Duro

By Lee White

Pampa News Sports Editor

With a 15-1 season mark and two tournament championships to their credit, Pampa's Harvesters swing into District 3-AAAA action tonight battling Palo Duro in Amarillo with plans of revenging last year's district opener loss, 75-62, at the hands of the Dons.

The game, slated for 8 p.m., will follow a 6:15 contest between the two schools' "B" teams.

Amarillo will be the scene of three of the four district openers slated for tonight. Pampa, pre-season favorite to cop the district crown, is heavily favored to rip Palo Duro; Lubbock is a solid choice over Tascosa; and Monterey gets the nod over Amarillo High. In the other Dist. 3-AAAA

fracas, Borger hosts Plainview. The initial home game in district play for the Harvesters will be Saturday night in Harvester Fieldhouse against Tascosa.

Kreis Leading Scorer
At the end of pre-district play, Kreis, 5-9 guard, is the leading Harvester scorer with 323 points in 16 games for a 20.2 average. Kreis averaged 21 points in the Ft. Worth tournament.

The well-rounded scoring attack of the Pampanos make the Harvesters extra hard to stop as four of the five starters are averaging in double figures.

Sikes is the second leading scorer with a 19.6 average for 16 games. Matson is third with 200 points for a 12.5 average. Swanson is the other starter averaging in double figures with 12.5. Gordon Balch, starting forward, is averaging 7.4 a contest.

Saturday Night Games
All eight district teams will also play Saturday night district games this week. The pairings for Saturday night are Monterey and Borger, Palo Duro and Amarillo, Pampa and Tascosa, and Lubbock and Plainview.

Perhaps the top game of the

initial week of district play will be the Saturday night Lubbock and Plainview game.

Each school will play 14 conference games this year, seven at home and seven away. The teams will meet each other twice, once at home and once away.

Pampa and Palo Duro met in their district opener last season with the Dons winning, 75-62. The Harvesters evened the slate later in the season with a 66-62 victory.

The Harvesters have posted the best credentials in non-conference play this year. Pampa, 15-1, has averaged 73.3 points per contest while holding the opponent to 42.4 points a game.

10-Game Streak
Pampa, riding a 10-game winning streak, is the only Dist. 3-AAAA team either holding the opponents to less than 45 points a game or averaging over 70 points a game.

Other teams season records are: Lubbock, 13-2; Plainview, 13-3; Amarillo, 9-2; Borger, 9-2; Palo Duro, 8-3; Tascosa, 6-3; and Monterey, 8-7.

Pampa's foe tomorrow night, Palo Duro, is averaging 55.2 points a contest while allowing

53.9 points a game.

Ft. Worth Tourney
Pampa swept four games from Ft. Worth teams last week to win the West Side Lions Annual Basketball Tournament in Ft. Worth. The Harvesters posted wins over Lake Worth, 84-32; Carter-Riverside, 77-39; Arlington Heights, 73-60; and Poly, 77-48.

Harvesters selected to the all-tournament team in Ft. Worth were Keith Swanson, Randy Matson, and Wayne Kreis.

In Pampa's Top O' Texas Tournament, the Harvesters stopped Lawton, Okla., 65-46, and Arlington Heights, 51-45, to win the championship. Pampa has never lost a game in Top O' Texas action; the six years the tourney has been held. Gary Sikes, Matson, and Kreis made all-tournament in the Top O' Texas tourney.

Top Three Teams
Pampa, Lubbock, and Plainview posted the most impressive pre-district records and appear as the top three teams in the district this year. However, Monterey could well be the dark horse this year and Borger through the years has always been a toughie in district play.

The Pampanos have belied several good Class AAAA schools this season and their lone loss came at the hands of Thomas Jefferson of Dallas, the defending state champions of AAAA. Jefferson edged Pampa in the Denton Tourney, 55-52.

Players Added For The NBA All-Star Tilt

NEW YORK (UPI) — Three players were added to the East squad and four to the West today to complete the teams for the 13th annual National Basketball Association All-Star game at the Los Angeles Arena Jan. 16.

Picked for the East by vote of the league's coaches were John Green of the New York Knicks, Hal Greer of the Syracuse Nats, and Wayne Embry of the Cincinnati Royals.

Added to the West squad were Rudy Lussuro of the Los Angeles Lakers, Lennie Wilkens of the St. Louis Hawks, Tom Meschery of the San Francisco Warriors, and rookie Terry Dischinger of the Chicago Zephyrs. There were four West additions because Meschery and Dischinger finished in a tie in the balloting and both were invited.

Last week the first eight players for each squad were picked by vote of sports writers and broadcasters in league cities.

East players picked by the writers were Tom Heinsohn, Bill Russell and Bob Cousy of Boston, Oscar Robertson and Jack Twyman of Cincinnati.

Picked for the West were Elgin Baylor and Jerry West of Los Angeles, Wilt Chamberlain and Guy Rodgers of San Francisco, Bailey Howell and Don Ohl of Detroit, Bob Pettit of St. Louis, and Walt Bellamy of Chicago.

SIGNS '63 CONTRACT
CHICAGO (UPI) — Outfielder Billy Williams, the National League's Rookie of the Year in 1961, signed his 1963 contract Wednesday with the Chicago Cubs. Williams batted .298, hit 22 homers and drove in 92 runs for the Cubs last season.

Westminster Remains Atop UPI Small College Ratings

NEW YORK (UPI) — Westminster (Pa.) maintained a fairly comfortable lead over Southern Illinois as the nation's No. 1 small college basketball team in the weekly United Press International ratings today although it suffered its first loss of the season last week.

The Titans of New Wilmington, Pa., were named to the top spot by 19 of the 35 small college coaches who comprise the UPI rating board and received a total of 291 points. Southern Illinois, with a 6-3 record, garnered six first-place votes and 269 points.

Westminster (6-1) list to Wittenberg, 58-41, last Saturday and still faces a couple of stern tests to start the new year when it takes on Pittsburgh this Saturday and St. Francis, (Pa.) Jan. 12. Both rivals are major colleges.

Southern Illinois does not return to action until Monday when it engages Austin Peay. Tennessee State moved into the No. 3 spot in this week's ratings, replacing Prairie View A and M, which lost to Bellarmine, 59-47.

UPI Ratings
NEW YORK (UPI) — The United Press International small college basketball ratings (with first place votes and won-lost records in parentheses):

- 10. Mt. St. Mary's (4-3) 43

Second ten teams — 11. Fresno State, 34; 12. Lamar Tech, 24; Sacramento State, 20; 15 (tie), Orange State, Gannon and Kentucky Wesleyan, 18 each; 18 (tie), Northern Michigan and Ball State, 13 each; 20 (tie), Chapman and Pan American, 12 each.

Others — Pacific Lutheran, 10; Wheaton, 9; Augsburg and Western Illinois, 7 each; Los Angeles State, Arkansas State and Washington U. of St. Louis, 6 each; Ohio Wesleyan and McMurry, 5 each.

Zone Defense Fails To Halt Cincinnati 'Cats

By United Press International
The University of Houston fell 79-56 Wednesday night before the polished attack of the No. 1 ranked University of Cincinnati in the top game among Texas non-Southwest Conference basketball squads.

In other games, Texas Lutheran whipped Huston-Tillotson 68-63 at Seguin and Texas Wesleyan nudged the University of Dallas 80-77 at Dallas.

In the Cincinnati game the Cougars hid behind a zone defense in the first four minutes to hold the rampaging Bearcats to a 6-6 tie. Then Cincinnati broke loose with a 21-point spurge on 10 straight field goals with nary a miss and stayed ahead the rest of the way.

Folly Malone scored 17 points to lead Houston, now 7-6 for the season.

In games tonight, Corpus Christi plays Lamar Tech at Beaumont, East Texas State travels to Sherman to meet Austin College, Midwestern hosts Oklahoma Christian at Wichita Falls, Arlington plays Hardin-Simmons at Arlington and North Texas plays St. Louis at St. Louis.

HOUSING STARTS DIP — The Commerce Department reported Monday that construction of privately owned housing units declined in November but remained 14 per cent above a year earlier. It estimated that 117,510 private units were started in November compared with 133,400 in October and 103,000 in November, 1961.

HAS FEEDING PROBLEM — David Townsend says he's in the market for plain, ordinary house mice because white mice are expensive to feed his favorite Christmas present. The present is a five-foot boa constrictor from David's uncle, who bought it from a New York pet shop.

REPLACEMENT FOR THE "CHAIN" TRUCKS which have been used for the transporting of Texas Department of Corrections inmates was being made ready at the Huntsville Unit Recently. Assistant Director Jack Heard (center) is shown inspecting the new 73-passenger bus with C. H. Gilstrap, Manager of Industry (right) and Tom Lister, Security Officer, (left). The new bus is one of two such vehicles purchased for the transfer of prisoners from the county jails to the Huntsville Unit of the Department of Corrections. The new vehicles are described by Heard as being "much more economical and much safer to handle."

Cubans Sought For McLean Plant

McLEAN (Sp) — Mayor John C. Haynes and Cal Fraser, owner of Marie Foundations factory returned from Miami, Fla. last Wednesday. They had been in Florida to interview Cuban refugees for the purpose of bringing them to McLean to work at Marie Foundations.

Haynes and Fraser talked with federal officials concerning the arrangements which would be necessary to bring the refugees to McLean.

Cuban women interested in moving here to work in the factory will be given the standard tests, and if eligible for work, will be given an opportunity to move here.

Slavery was abolished in the U. S. by the 13th Amendment to the constitution in 1865.

WANTS ANOTHER CHANCE
NEW YORK (UPI) — The owner of a night spot here thinks New Year's Eve didn't really take place and wants another shot at it.

Vito Pisa, proprietor of Chez Vito, sent the following telegram to Mayor Robert F. Wagner Tuesday:

"The newspaper strike made this New Year's Eve not the joyous occasion customary to millions of New Yorkers. I respectfully urge you to proclaim the first night newspapers resume publication as holiday eve, with restaurants and hotels treating it as a second New Year's Eve."
