Council Moves To Act On Water Rates Friday

Pampa's City Commission will meet Friday night to take action on a proposed ordinance dealing with water and sewer rates.

Friday night's session will be a continuation of last night's meeting which was devoted almost entirely to discussion of rate proposals.

There will be two ordinances introduced Friday. One will be submitted by Mayor E. C. Sidwell and the other by City Commissioner Will Graham.

Sidwell's ordinance is expected to call for no increase in water rates inside the city, doubled water rates outside the city limits and an increase in sewer rates both inside and outside the city.

Graham's ordinance is expected to call for a substantial water rate increase for customers inside the city, one and one-half times the city rate for customers outside the city limits plus an increase in sewer charges both inside and outside the city.

Chief difference in the two ordinances is expected to be the rates charged for water and sewer outside the city which would be higher in the ordinance to be submitted by the mayor, and the fact that the mayor's ordinance does not carry any water rate increase for city customers, but doubles the rate to those outside the city.

Commissioner Graham said last night that he did not believe the mayor's ordinance would raise sufficient revenue to meet the obligations brought on by the Canadian River Municipal Water Authority. The mayor's ordinance would bring in about \$80,000 annually in additional sewer revenue and about \$9,000 annually in additional water revenue from users outside the city, it was stated.

"I believe the city water rates should be left the same and that rates should be raised to those outside the city," the mayor said, "and then the city's tax situation should be looked into for the correction of inequities that will bring additional revenue. I think we can price ourselves out of business by increasing an already high water rate," the mayor said.

Commissioner Graham said: "The people of Pampa voted 20 to 1 to go into the Canadian River Water Authority, and it now becomes their obligation to pay the bill. They have bargained for it, and I know of no fairer tax than a user's tax. Let those who use the water pay the bill."

The commission read, but took no action on a resolution calling for the city government to set aside from water and sewer revenues a reserve fund of \$12,500 monthly, or \$150,000 yearly to be used for capital improvements in the sewer and water departments.

In other business last night, the commission approved payment of a \$7,500 bill for the services of Forrest and Cotton, Dallas consulting engineers, in making a water and sewer survey of Pampa. A bill also was approved for \$357.50 to City Atty. Bob Gordon for extra services to the city.

The commission decided to ask for a report at the next regular meeting from the Pampa Genealogical and Historical Society on its plans for the historic house which has been moved to a site on city land at Starkweather and Yeager Sts. Commissioners said they have had complaints from property owners in the neighborhood that the house is unsightly in its present state.

Tornado Rips Birmingham As Rampaging Weather Continues

Damage Estimated In Millions

GRAND CHAMPION — Lonnie Brown, who raised, groomed and showed his Grand Champion black Angus steer at the Top of Texas Junior Livestock show, stands with his animal immediately after the sale this morning. Jim O'Connor, left, manager of the Coronado Inn, purchased the steer for one dollar per pound. The steer was officially weighed in at 999 pounds. O'Connor said that the steer will be custom slaughtered and served in the Coronado dining room. (Daily News Photo)

BESSEMER, Ala. (UPI)—A tornado ripped sections of this Birmingham suburb Tuesday, causing damages estimated in the millions of dollars to at least 10 homes and businesses.

Repair crews worked through the night with bulldozers and dump trucks in downtown sections clearing out brick walls and rooftops hurled into the streets. National Guardsmen patrolled the street to keep out looters and sightseers.

At least 12 persons were hospitalized with injuries from the winds. Mayor Jess Lanier, who said the damages would run "in the millions," said "it is fantastic that nobody was killed."

Another tornado, "roaring like a freight train," struck the north-west Georgia town of Cave Spring Tuesday night, injuring two persons and damaging several houses. The twister uprooted several trees and flung one across a power line, plunging about half the town in darkness for several hours. Witnesses said the Cave Spring tornado struck about 7 p.m. EST and lasted about two minutes.

High winds, described as a tornado, also struck the Rock Run community near Piedmont, Ala. Tuesday night, injuring three persons in the wreckage of their home. Winds also wreaked damage at Gadsden and Homewood in suburban Birmingham.

Tennessee was lashed by a storm— Tuesday and heavy rains swelled rivers to the flooding stage. Numerous streets and roads in Knoxville were impassable because of high water from an overflowing creek.

The tornado here caught flagpole sitter Marshall Collins atop a 45-foot pole near the area most damaged. Collins, in a promotion stunt for a local radio station (WYAM), said "I thought I had died."

Collins of San Pablo, Calif., said he was going to come down, but the storm was on him before he could leave his perch. He rode out the storm on the pole.

Surging floodwaters swept across parts of four states in the Ohio River Valley today. A 10-inch snowfall slugged the upper Midwest while thunderstorms and two tornadoes ripped across the Southland.

Nearly 4,000 persons were homeless and at least 14 were dead in Indiana, Ohio, Pennsylvania and West Virginia in the wake of rising rivers and streams.

Many snow-swollen tributaries appeared to have passed their crest by early today but the mighty Ohio River continued to rise. At Pittsburgh, the Ohio crested at 23.3 feet shortly after 4 a.m.

Officials at Athens, Ohio, reported the worst flood situation in 30 years when the Hocking River swept away railroad track bedding, covered all highways leading into the city and forced 300 persons to leave their homes.

Rain continued to fall over the eastern half of the nation, with Greenville and Anderson, S.C., reporting 2 1/2 inches during the night. More than 3 inches of rain fell in 24 hours from Birmingham, Ala., to the Great Lakes.

A tornado struck the residential and business sections of Bessemer, Ala., Tuesday, causing millions of dollars of damage and hospitalizing a dozen persons. At least six families were left homeless when the twister destroyed homes and commercial buildings.

Another tornado unroofed several homes, destroyed a church, downed power lines and injured two persons at Cave Springs, Ga., near Rome, Tuesday night.

A new storm dumped up to 10 inches of snow in western Wisconsin Tuesday.

Highlights of flood conditions: Ohio: The Ohio River was expected to crest five feet above flood stage early today at Cincinnati, where many highways were inundated by flash floods. Flood-

ing was worst along the Scioto, Little Miami and Hocking rivers.

Nearly 300 persons fled their homes at Athens and an army turned into a dormitory for those fleeing the rising waters of the Hocking River. Three Ohio University dormitories, containing 700 men students, were emptied Tuesday night at Athens. The school's dorms, airport and athletic fields were flooded.

The City Hall and Fire Department buildings were flooded at South Lebanon and 350 residents went Tuesday to public school buildings.

Six persons died in flood-connected incidents.

Pennsylvania: The Monongahela River started to recede today after cresting at several points. Chartiers Creek dropped from 12 to 6 feet Tuesday night. People started to move back into muddy homes and work crews began to clean up business areas.

The Ohio River crest toward and estimated crest of 24 feet today at Pittsburgh, one foot short of flood stage.

The floods caused at least one death.

West Virginia: The Ohio River continued to rise toward flood levels along much of its length today with crests expected by Thursday from Parkersburg to Huntington.

Floodwaters in the northern part of the state receded after at least three persons died Thursday.

Indiana: The White River, still on the rise, ran at its highest level in 50 years at Centerton. The Wabash and St. Mary's rivers also surged over their banks. Four persons were dead and hundreds were evacuated from their homes.

Police continued a search for a man and his daughter feared drowned in the East Fork of the White River near Liberty.

Report Claims Diefenbaker Gave Out U.S. Secrets

WINDSOR, Ont. (UPI)—Prime Minister John Diefenbaker campaigned today in this industrial region plagued again by U. S.-Canadian nuclear armament policy.

The latest chapter in the nuclear controversy that toppled Diefenbaker's Conservative government was a report from Washington Tuesday that the prime minister had revealed classified U. S. defense information.

Diefenbaker is expected to be pressed for comment on the report today during his swing into heavily populated Windsor, Leamington and Chatham.

The classified information, disclosed by Diefenbaker in a speech to his own nominating meeting last weekend, was that the United States had 1,200 F-101 Voodoo jet interceptors in its arsenal.

The conservative party leader added that only half the Voodoes were nuclear armed and asked why the United States considered it necessary that Canada's 64 Voodoes carry nuclear weapons.

In Washington, Defense Department spokesmen declined to comment directly on the statement or to say whether his figures were correct.

Accident Victim In Good Condition

Douglas I. Greer, 17, of 100 N. Faulkner, was reported in good condition in Highland General Hospital this afternoon following injuries suffered when he was struck by an automobile in the 190-block of W. Deratur St. at 8:20 a.m. today.

Investigating police officers said Greer was standing in the street and was struck by a car driven by 16-year-old Larry E. Steel, 1321 E. Foster.

Steel told police he was getting ready to stop and pick up young Greer, a friend, and that apparently Greer became confused as to his intentions and stepped in front of the car.

The youth suffered an injury to his right ear, head and face lacerations and an injured right hand when he was knocked to the side of the street under a parked car.

The accident happened behind Pampa High School near the entrance to the school parking lot. Both youths are students at the high school.

Greer was taken to the hospital in a Duenkel-Carmichael ambulance.

Sales Today Wind Up Stock Show

Sale of animals in the Junior Livestock Show was going on at Recreation Park's show barn, east of town, this morning as the 1963 Top O' Texas Stock Show draws to a close.

The Hereford breeding cattle were to be sold this afternoon, starting at about 1 p.m. Col. Walter Britton of College Station will be auctioneer for both sales.

Shamrock Getting Ready For St. Pat Celebration

SHAMROCK (Sp) — This Irish City in the Texas Panhandle is putting the finishing touches to plans for the 17th annual St. Patrick's Day Celebration to be staged this year on Saturday, March 16.

"The program is shaping up well and if the luck of the Irish proves true, weatherwise, we could have one of the most colorful festivals in the long history of the unique celebration," said Jim Moore, general chairman.

"We hope that, as in past years, the fun-loving residents of the Pampa area will join us on the glorious day," Moore stated.

Kicking off the series of program features will be the Pre-St. Patrick's Day Banquet to be held at the Armory on Friday night, March 15, with Frank N. Ikard, president of the American Petroleum Institute, as guest speaker. Sharing the spotlight with Ikard will be the talented Brooks Trio of Denton, which completely captivated last year's audience.

Saturday will be jam-packed with entertainment such as the gigantic street parade with scores of beautifully decorated floats, marching bands and drill teams and many other exciting entries.

The giant sound stage at the corner of Main and Second Streets will be the scene of a series of programs of interest to young and old alike. It's there that the Donegal Beard Growing Contest will be held, and fiddlers of the area will vie for honors and cash prizes.

Miss Irish Rose of 1963, to be selected from more than 20 comely colleens, will be crowned in an impressive coronation at the Armory during the afternoon.

For the Western minded Irishmen, a rodeo will be held at the Sheriff's posse arena.

Three dances are scheduled Saturday night, the biggest of which will be the regular St. Pat dance to be held at the Armory, with Jess Gayer and his Orchestra furnishing the music. Leon Miller and His Western Band will play for a Western dance at the junior high school gymnasium, and a "coat and tie" dance is slated at the American Legion Home.

"A real Irish welcome awaits you at Shamrock," Moore said.

'Opry' Stars Die In Crash

CAMDEN, Tenn. (UPI)—Hawkshaw Hawkins, Cowboy Copas and Patsy Cline, stars of country music's famed Grand Ole Opry, were killed in the crash of their small plane Tuesday night during bad weather, authorities reported today.

The three, along with Miss Cline's manager, Randy Hughes, were en route to Nashville, home where several residents reported they had been the Piper Co-manche plane circling.

Thunderstorms raked portions of Tennessee during the time and visibility in the Camden area was reported poor.

The three stars and Hughes landed at Dyersburg, Tenn., about 6 p.m., then took off for Nashville with fuel for three hours.

Mrs. Hughes said in Nashville that her husband, who was piloting the plane, had telephoned from Dyersburg and said the four "would be home soon."

Capt. Frank Jones of the Eastern Air Rescue Center at Robins Air Force Base, said there were reports that the plane later was seen circling with its engine off.

Outstanding Vocalist: Miss Cline, of Winchester, Va., was named "outstanding female vocalist" last year by country and western music publications. She became a Grand Ole Opry regular in 1959. Among her biggest hits were "I Fall to Pieces," "She's Got You," and "Heartaches."

Hawkins was a West Virginian who had been with the Opry eight years. His wife is Jean Shepard, another Opry star. Some of his better known songs were "Slow Poke," "Soldier's Joy" and "Twenty Miles from Shore."

The four took part in a benefit show in Kansas City Sunday night for the family of Cactus Jack Call, a disc jockey killed last year in an automobile accident.

NEW HERFORD BREEDERS OFFICERS—Paul Dauer of Panhandle, right, outgoing president of the Top O' Texas Hereford Breeders Association, welcomes his successor, Ben Mathers of Canadian, center. Clyde Magee of McLean, new vice president, smiles his approval as the new president prepares to "take over the reins" of the organization. The new officers were named at the Hereford Breeders banquet here last night. (Daily News Photo)

The Hard Way

MAXTON, N.C. (UPI)—Motorist M. B. Stroud collided with a milk truck at an intersection Tuesday while on his way to work.

"I was just hoping I'd run into you," Stroud told the milkman when he regained consciousness. "I wanted to pay my milk bill."

Merit Scholarship Exams Will Be Given Saturday

Second-semester juniors and first-semester seniors in Pampa High School plan to take the 1963 National Merit Scholarship qualifying test, Cameron Marsh, principal, announced today.

Students who plan to complete their high school work in 1964 and enter college the same calendar year are eligible for the scholarships to be awarded in the ninth annual program. Generally, these students are second-semester juniors or first-semester seniors, but all students who are eligible may take the 1963 NMQT regardless of their high school classification.

The test will be administered at the school at 8:30 a.m. on Saturday, March 9. All students who wish to be considered for Merit Scholarships to be awarded in 1964 should take the test at that time.

The qualifying test is a three-hour examination of educational development. The test is the first step in the ninth annual competition for four-year Merit Scholarships provided by the National Merit Scholarship Corporation and by sponsoring corporations, foundations, associations, unions, and individuals.

The number of scholarships awarded in any year depends upon the extent of sponsor participation. In 1962, 1041 Merit Scholarships were awarded; 632 were provided by 151 sponsors and 409 by the Merit Corporation. There are 3406 Merit Scholars attending 403 col-

leges in the current academic year.

The test scores of students who are examined in March will be reported to their schools before May 15. The scores are used by class advisors in many high schools to help students make decisions about college attendance and field of study. Many students who do not expect to win a scholarship take the test in order to learn more about their individual strengths and weaknesses in the areas measured by the test.

Some 13,000 Semifinalists, the highest scorers in each state, will be named early next fall. Names of Semifinalists are published in a booklet which is distributed to all colleges and to other sources of financial aid for undergraduates. Further, their names and test scores are sent to the colleges they express an interest in attending as their first or second choices. The order of preference is not shown.

An additional 35,000 students, selected on a national basis, receive Letters of Commendation for their high performances on the qualifying test. These students are considered for special awards made through the Merit Corporation, and their names and test scores are also sent to their first and second-choice colleges.

Each Semifinalist will be asked to take a second examination. Those who repeat their high performance will become Finalists in the Merit Program. Winners of

Merit Scholarships will be selected from the Finalist group on the basis of school records and recommendations, test scores, extracurricular activities, leadership ability, and accomplishments outside the classroom. Each Finalist is awarded a Certificate of Merit attesting to his outstanding performance.

The scholarship stipends are based on financial need. The minimum award is \$100 and the maximum is \$1500. The average stipend awarded to freshman Merit Scholars in 1962 was \$645. Each scholarship constitutes a form of educational insurance, since the stipend may be increased at any time if the student's financial situation changes during the four-year term of the scholarship.

Supplementary grants are usually made to the colleges that the scholars attend.

Foreign Commentary

By PHIL NEWSOM
UPI Foreign News Analyst

Montevideo basks in the sun along the Rio de la Plata, capital of a nation boasting more than 50 years of internal peace, a land without personal income tax, fortunate that she has escaped the woes of her two big neighbors, Argentina and Brazil.

But as many another nation, Uruguay is having increased economic difficulties.

And, as on March 1 a new government took office, mounting labor unrest was expressing itself in a strike of 12,000 power and telephone workers.

The strike in the midst of the gay pre-Lent celebrations blacked out the city. Telephones went out of service and troops were called in.

Other unions declared their solidarity with the strikers and threatened a general strike in protest against the arrest of labor leaders.

Smallest Nation
Uruguay, about the size of the state of Indiana, is the smallest of the South American nations with a population of about 3 million, about a third of whom live in the capital city.

Uruguay has been described as a super-welfare state, providing benefits from the cradle to the grave.

The heavy cost of maintaining these benefits and the uncertainties of national income based primarily upon agriculture have combined to create the country's present problems.

Living costs have shot skyward at a rate of 25 per cent per year or more. Production costs have reached a point in many factories where imported goods can be sold cheaper than those manufactured at home.

Gold and dollar reserves have dropped alarmingly.

Uruguay depends primarily upon its exports of wool and meats, and the economy was at its peak during the Korean War. Since then, successive years have been marked by increasingly large trade deficits and increasing labor unrest.

Tourist trade from Argentina and Brazil, also important to the economy, has fallen off as those nations have gone through their own periods of turmoil.

Politically, Uruguay is another of those countries which have not hesitated to deal roughly with Communist diplomats—they suspect of interfering in domestic affairs. But, with a huge Russian embassy in Montevideo, Uruguay also has been marked as a head-

quarters for distribution of subversive material.

Uruguay is ruled by a Swiss-like system of a nine-man council in which the presidency is rotated. For the Uruguayans it has worked well, and despite current and mounting financial difficulties, the nation's political stability is not expected to be disturbed.

"WHAT DO KIDS DO WITH THEIR MONEY?"—Answer to that question is graphed above, from data gathered in a Scholastic Magazine's nationwide survey. At first glance surprisingly high, weekly incomes for students fall into perspective when it is realized that many girls and boys have well-paying after-school jobs. Too, over half the students considered noted at least two sources of income. Most surprising finding: average amount saved per week was \$4.78 based on all student incomes studied.

Land Amendment Passed By House

AUSTIN (UPI) — The Senate passed unanimously and sent to the House today a constitutional amendment to raise the bonds for the Texas Veterans' land program to \$350 million.

Sen. George Moffett of Chillicothe sponsored the amendment. If the legislature approves it, it will go to a vote of the people.

The current bond ceiling of \$200 million has been exhausted, creating the need for additional bonds to finance the land system, land commissioner Jerry Sadler said.

The amendment does not call for an appropriation—it allows issuance of bonds whose income finances the program.

Deputy Sheriff To Extradite Prisoners

Deputy Sheriff Jimmy Bowers left Pampa in a private plane early today enroute to Sacramento, Cal., to pick up and return a prisoner held there for Gray County authorities. Bowers will take into custody Kenneth L. White, 35, Dumars, charged here with swindling with a worthless check over \$50. Sheriff Rufe Jordan said Deputy Bowers also will fly from Sacramento to Long Beach, Cal., to pick up another prisoner, 18-year-old J. C. Davis of Pampa, wanted here in connection with a series of burglaries last December. Sheriff Jordan says Davis, a member of the U.S. Navy based at Long Beach, is being released through negotiations with the office of the Secretary of the Navy. Davis will face four grand jury indictments here, Sheriff Jordan said. Deputy Bowers and his two prisoners are expected back in Pampa Friday.

Home, Auto Are Damaged

Fire yesterday caused heavy damage to the home of Lloyd W. Wilson, at 2118 Mary Ellen. The Pampa fire department was called out at 11:09 a.m. Firemen reported that the fire apparently was caused by a heating unit in the wall. Heavy damage was done to the center of the house and smoke damage to the rest of the building. Firemen were also called at 4 p.m. yesterday for an auto fire two miles west of Highland Hospital. The auto was owned by Roy Dier. Firemen reported heavy damage to the seats and interior, but were unable to determine the cause of the blaze.

PLANES BUZZ SHIP MOSCOW (UPI) — The newspaper Sea-Transport said Tuesday the Cuba-bound merchant ship Sovyetsk was buzzed Sunday by U.S. aircraft which flew as low as 300 feet over the ship. It said a helicopter passed over the ship a few hours later at most top level.

SCHOLARSHIP, CONTEST WINNER — The winner of the Frank M. Carter \$300 scholarship to Texas Tech, Charles Evers of Canyon, is shown here at right, being congratulated by Lester Schulte of Nazareth, high individual in yesterday's Livestock Judging Contest at the Top O' Texas Stock show. Holding the scholarship certificate is Evers' instructor, Leon Bagwell. The announcement of the two winners was made at the awards banquet in Pampa High School yesterday. (Daily News Photo)

Church-Going Mechanic Still Fighting For Job

ST. LOUIS, Mo. (UPI)—Church-going mechanic Jesse Hemby who was fired because he refused to work on Sundays, vowed today to carry his fight for reinstatement "to the end." "I haven't given up yet," said Hemby after a grievance committee of company and union representatives turned him down Tuesday.

Hemby, married and a father of three, was fired by the Complete Auto Transit Co. Feb. 25 because he "repeatedly failed to report for work on Sundays as scheduled."

Hemby said he wanted to go to church, where he teaches a men's Bible class.

The company said that under the union contract Hemby was required to work the seventh day if needed. Hemby stayed home even though he lost about \$50 in pay per Sunday.

Carrying a sack of mail from persons throughout the country supporting his stand, Hemby appeared before a six-member group of the Motor Carrier Council.

Two hours later, the grievance panel turned down his request but voted him four days pay for being laid off one week before his firing. Hemby said he would file a complaint with the National Labor Relations Board, and if this failed, he said he would hire a lawyer.

Pampan To Get Special Award For U.S. Service

Colonel Morris S. Schwartz, state director of Selective Service, will be in Pampa tomorrow to present a Presidential award to George W. Scott, 1709 N. Russell.

Colonel Schwartz will act on behalf of President Kennedy, Governor Connally, and Lt. Gen. Lewis B. Hershey, national Selective Service director.

Scott, co-chairman and secretary of the Donley-Gray-Roberts-Wheeler county draft board here, will receive the Presidential citation for 10 years of service to the United States.

The award is in the form of a Presidential certificate of appreciation signed by the President, the governor, and the national and state directors of Selective Service.

"Scott has served his country and community all these years without pay or thought of pay," Colonel Schwartz said, "and since I have known George Scott since his early youth and his father was a dear friend of mine, it gives me a great deal of pleasure to carry out the directions of the President in making the award to him."

Presentation of the award is scheduled at the local board office, second floor, Frazier Building, 112 W. Kingsmill, at 10 a.m. tomorrow.

Richardson Rites Slated

Interment rites for Clay L. Richardson of Lefors will be held at 2 p.m. Thursday in St. Paul Methodist Church with the Rev. Nelson Frenchman, pastor of the United Pentecostal Church, officiating.

Mr. Richardson died at 1:30 p.m. Tuesday in Highland General Hospital, where he had been a patient for four weeks.

He was born June 23, 1906 in Pine Bluff, Ark. and moved to Pampa in 1942 from Aurora, Ark. He lived here until 1955 when he moved to Artesia, N.M. In December, 1962, he moved to Lefors. Mr. Richardson was employed as a pumper in the oil fields.

He is survived by his wife, Gladys Marie of Lefors; two daughters, Mrs. Lanora Caswell of Pampa, Mrs. Wanda Clemmons of Lefors; four sons, Charles L. and Clay Jr., both of Pampa, Leroy L. of Borger, Herbert Carl, stationed with the navy in Pearl Harbor; two brothers, Lester and Lloyd of Coalinga Calif.; four sisters, Mrs. W. Interment will be in Fairview cemetery under the direction of Duenkel - Carmichael Funeral Home.

pallbearers will be Howard Cruise, Gene Ray, Carl Ray, John Mitchell, Earl List and Oscar Derringer.

Motorists Draw Warning At New 4-Way Stop Point

Motorists using E. Browning Ave. will have to change their driving habits when they come to the intersection of Starkweather St.

That intersection became a four-way stop point yesterday.

Police Chief Jim Conner said today many motorists traveling on Browning failed to make the new stop.

"The Starkweather approach to Browning has been a stop street for a long time.

"Now they are going to have to get used to stopping at all four approaches to the intersection," Chief Conner said.

The police chief said motorists would have a day or two to get accustomed to the new traffic setup and after that police will begin issuing tickets to violators.

Problem Solving Course To Start

Courses in "Problem Solving" and the "Dynamics of Selling" will get under way in the Coronado Inn Starlight Room at 7 p.m. today under direction of Francis Flynn, of the Distributive Education Department of the University of Texas.

Sessions were scheduled afternoon and night, today and tomorrow and again on March 12.

Tonight's course will deal with "Dynamics of Selling." Flynn stated, and persons wishing to enroll may still enter the class by applying at the Starlight Room at 7 p.m. The class period lasts from 7 to 9 p.m. at nights and from 2:30 to 4:30 p.m. on the afternoons of the four dates. The afternoon classes will deal with "Problem Solving."

The courses are being sponsored by the Merchants Activities Committee of the Chamber of Commerce.

Dear Abby... Cat Has Used Up All Its Lives

By ABIGAIL VAN BUREN

DEAR ABBY: We have a big gray angora cat who has used up all her nine lives. We dumped her out in the country about seven times and each time we took her about ten miles from home, but she always found her way home again. Would anybody like to have her cat?

MRS. SMITH
DEAR MRS. SMITH: Tell your son (privately) to advise his friends that MR. SMITH is your husband, and that you are MRS. SMITH. And that although MR. JONES is his father's name, MR. JONES doesn't live there any more.

VICKIE IN COLDWATER
DEAR VICKIE: Don't you know that it is cruel to "dump" a cat out in the country? It could die of starvation or exposure. Tell your Daddy to call the Animal Shelter if you can't find a friend or neighbor who wants a big gray angora cat which has used up all its lives.

DEAR ABBY: I have been going with a widow for a year. I am 15, have never been married and do not particularly care for children, and she has three. They are average teen-agers who get on my nerves when I'm around them for over an hour. This woman puts her children first and I'm afraid if I marry her she would soon have me playing second fiddle to her children. I love her but I don't like her set-up. Also, the expense of a ready made family frightens me. Any advice?

FRIGHTENED
DEAR FRIGHTENED: Yes, plenty. Find yourself a childless woman or one who is "unbearable." Or one with grown children who would be no expense to you. You might "love" this woman, but your letter reveals a man who would say "I do" and then wonder why he did.

DEAR ABBY: Twelve years ago I divorced my husband (his name was JONES) and I had a son whom I shall call JOE JONES. He is now 19. Ten years ago I married a man whom I shall call MR. SMITH. My son remained JOE JONES because his real father wouldn't permit my second husband to adopt him. Fine. When my son's friends come to the house they call me "MRS. JONES." I don't bother to correct them because, after all, my son's name is JOE JONES, so it is a natural mistake. But when my husband is home and they call him "MR. JONES" he does a slow burn. Should I correct them on the spot while my husband is fuming with anger? Or should I let it go and

Up-dated and feminized, the Buster Brown haircut returns. Hair stylist Julius Caruso uncovered a family photo of nearly 40 years ago showing his own Buster Brown. Clutching the arm of a taller cousin (left), he models the pin-straight bangs and bowl-like cut. He is seen at work (center) creating a modern version of the boyish classic. Called the Betsy Brown, the new cut (right) has softer shaping and a slight wave.

Buster Brown Haircut Returns To Popularity

By ALICIA HART
Newspaper Enterprise Beauty Editor

Forty years ago, the influence of a comic strip character sporting a Dutch boy haircut spread from the funny papers to the barber shop. As a result, countless red-blooded American boys looked uncomfortably like their little sisters.

And, now the Dutch boy, or Buster Brown, is back, but today's little men needn't panic. The new Buster Brown is a woman's hairdo called the "Betsy Brown."

Fuller, bouncier looking than its pin-straight, bowl-shaped prototype, it still is unmistakably a kisser's cousin to the old bob.

The revival is the result of hair stylist Julius Caruso's browsing through the family photo album. Much to his amusement, there he

World Definition Gives Highlight To Meeting

The keynote for the program given by Mrs. H. H. Hahn at the Twentieth Century Culture Club meeting on Tuesday afternoon was an apt definition of the word "plethora."

The club met in the home of Mrs. Rufe Jordan with Mrs. E. E. Shelhamer as co-hostess.

Mrs. Hahn defined "plethora" as meaning "an excess of and refers to, in this instance, an overabundance of current issues now on the lips, minds and hearts of the American people."

She cited examples of questions in psychological tests now being given students in some United States public schools, which definitely seek out and emphasize political issues and attitudes of students and their families.

Discussion of the disarmament program was also touched on by the speaker and members.

Another issue brought to attention by Mrs. Hahn was the registration of firearms issues, "a practice not in harmony with our constitution." She emphasized the difficulty in removing members from the state department of the Federal government.

In efforts to secure a current list of communistic agencies and organizations, Mrs. Hahn stated that the latest available list she received from the Federal Department of the Attorney General was published in 1955.

Mrs. Hahn stated that "each of these vital issues is a small string which combined together makes a massive cobweb."

She urged everyone to read and understand the constitution of the United States. "Those who are in government as our representatives should not be excused."

Fathers To Take Over Mann Meet

Horace Mann PTA will observe its traditional Fathers' Night meeting Thursday at 7 p.m. in the school auditorium.

The theme for the meeting, which will be conducted entirely by fathers, is "An Appreciation of America's Heritage."

"History of America in Song and Story" will be presented by the Horace Mann Choir directed by Mrs. John Branham, and students from the rooms of Leon Daugherty, Mmes. Joe Decker, Fay Dellis Adams, Sam Groom and M. K. Griffith. Chris Brister will narrate the program. Debra O'Neal, Johnny Stokes, Rainelle Kempa, Darlene Self and Haney Robertson will play leading roles.

A cake door prize, baked by one of the fathers, will be awarded.

The program will be followed by a social hour.

Take It From Kathy

by Kathy Peterson
Dear Kathy: My 16-year-old son is a major concern to his father and me. He shows signs of being continually upset and excessively moody. I do not believe he has any real friends at school, only minor acquaintances.

The other day, his younger brother asked, "What's the matter with you, are you in love?" My son's response was a "Leave me alone," a red face and the slam of his bedroom door. He put on his jacket and went out. I noticed tears in his eyes.

I have spoken to his teachers and they, too, have noticed his strange behavior. He refuses to talk, claiming nothing at all is wrong. What do you think? E. H.

You probably have already done some soul searching to find reasons for your son's unhappiness. During your wondering, it might help to try to place the time when you and he grew apart and lost the ability to talk things over easily.

Obviously, the things that disturb him are things he doesn't feel he can share. Asking, "What's the matter?" won't help. Gradual building of closeness and confidence is the only way to create the desire in a person to share disturbing thoughts.

POLLY'S POINTERS

Inflated Plastic Bag Prevents Crushing Hat

By POLLY CRAMER

DEAR POLLY—Here is a pointer from my mother-in-law. To prevent squashing your hats when traveling, put a hat inside a plastic bag, blow full of air and secure with a rubber band. The hat does not get a dent.

MRS. M. C.
DEAR POLLY — When taking ashes out of the fireplace, dampen a folded newspaper on one side and turn face down over the scuttle or bucket. Simply lift a corner of the paper as you put in each shovelful of ashes and the damp paper will catch the flying dust. I find the cardboard that comes in a laundered shirt to be a more satisfactory "picker upper" than a shovel.

M. M.
DEAR POLLY — Do not frost the tops of cup cakes baked to be packed in lunch boxes. Split the cakes, spread with frosting and put together sandwich fashion. Really works fine as the frosting does not pull off on the waxed paper wrapping.

MRS. R. M.
This I like. If the frosting is gone, you may keep my cake.

POLLY
DEAR POLLY —When washing fragile glasses, remember not to put them into the hot suds bottom first. Both glasses and vases are safer slipped into the hot water lengthwise.

MRS. B. J.
DEAR POLLY — Don't be too hasty in throwing away those soiled stuffed animals. Remove the stuffing and hem an opening. Wash and dry. To bring back the softness, brush gently. Fabric softeners are wonderful for this. Now you are all set with a new and delightful hand puppet for the children. This is a wonderful way to make a new toy from an old, discarded one, if not for your own child, then for one less fortunate.

Gamma Conclave Has Guest Night

Husbands and special guests were honored by members of Gamma Conclave of Kappa Kappa Kappa at its annual Sweetheart Banquet held recently in the Pampa High School cafeteria. Hostesses were Mmes. Austin Ruddick, John Woods, J. E. Gunn and L. S. Riley.

A corsage was presented to the convalescing sweetheart, Mrs. G. M. Walls, who presided during the meeting.

Mrs. Dale Walker, soprano, presented a selection of appropriate songs accompanied by Mrs. Gunn at the piano.

Attending were Messrs. and Mmes. Floyd Smith; W. D. Priest; Joe DiCosimo; Charles Meech; C. W. Stowell; Dan Johnson, Houston Branch; J. E. Tatum; W. A. Rankin; B. R. Nuckols; Jarvis M. Johnson; W. L. Part Two The Fabulous J. A. T. Galvin

By FRANK H. BARTHOLOMEW United Press International
SAN FRANCISCO (UPI)—John A. T. Galvin, a working newspaperman who took time out to make \$150 million in a mining venture, brought back an air of the fabulous 1800's when he came to California from Australia, China and Malaya. And then he was off to Ireland, leaving behind bewildered friends and beleaguered attorneys.

Santa Barbara but separated from the city by high San Marcos Pass.
This beautiful Spanish rancho of 35,000 acres was purchased for approximately \$1,250,000. The Galvin family immediately began extensive additions, including a modern school building for the children of ranch employees.

Stables with a mirror-walled inside training track for show horses were added. The U.S. equestrian team for the 1968 Olympics trained there. Galvin's oldest daughter, 22-year-old Patricia ("Trish"), emerged from the competition in Rome as the top woman dressage rider in the world.

Convicts Will Aid Space Program

HOUSTON (UPI)—Four convicts at Huntsville State Prison have volunteered to hang by their heels to help America's space program.
The inmates volunteered for a series of experiments to test the tolerance of the spin under stress in various positions, it was announced Monday.

PLANE VIOLATION

TOKYO (UPI)—Communist China charged that a U. S. military plane violated its airspace over the Paracel Islands in the South China Sea Friday, according to a Radio Peking broadcast heard here.

Chemical Society Plans Meeting

The March meeting of the American Chemical Society will be held Saturday, at 7 p.m. in the Wyatt Cafeteria, Sunset Center, Amarillo.

Speaker will be Dr. Donald W. Hood, head of the Chemical Oceanography Section of Texas A&M College.
Dr. Hood will speak on his specialty, "Analytical Problems in Chemical Oceanography."

The ocean will be a valuable source of future food and minerals for all of us. Pioneer studies are being made to open this new frontier, commented Charles L. Klingman, chairman of the Panhandle Plains section of the society.

PAY-AS-YOU-GO
ALBANY, N.Y. (UPI)—Democratic assemblyman Jules G. Sabbatino said Monday night he found the answer to what Republican Gov. Nelson A. Rockefeller means by "pay-as-you-go" in his proposed revision of fees.
"When you die," he said, "you pay a dollar on your death certificate and that's 'pay-as-you-go.'"

CONGO REPORT
WASHINGTON (UPI)—As many as 7,000 United Nations troops may have to stay in the Congo for up to two years before the Congolese army is capable of keeping the peace, according to a State Department official. The U.N. Congo force now totals about 19,000 men.

Buying a new home?

You can relax when you're covered by

SAFECO INSURANCE

...because

SAFECO COVERS THE "DANGEROUS GAPS" found in many other homeowner policies

FOR EXAMPLE:
The policy covers trees, shrubs and plants—including lawns!
The policy provides full building glass coverage with no deductible!
The policy can be extended to cover seasonal dwellings and/or their contents!
Check your current homeowners insurance. Chances are it does not offer these important "Protection Pluses" of GENERAL Insurance.

Nobody settles claims faster and more fairly!

20th Century Won't Close

HOLLYWOOD (UPI) — 20th Century-Fox studio today was embarked on a motion picture production schedule which President Darryl F. Zanuck says will keep the studio from shutting down permanently.

said Zanuck Monday. "For the time being at least, the bulldozers will not raze us."
Zanuck, who replaced Spyros Skouras as president last year, said Fox would produce 14 films this year at an estimated cost of \$50 million. He said 10 of the

films were expected to be made in Hollywood while four would be shot in foreign countries. Last year Fox made four of the total of 87 pictures filmed in Hollywood.

Zanuck also told a news conference that the filming of "Cleopatra" was completed officially at 6 p.m. Monday London time. He said the studio would have to make about \$62 million to break even on the film.

"The picture will open June 12 in New York and there are no seats available for the first four months—at a \$5.50 top," he said.

SIGN FILM ACCORD

ROME (UPI) —The world's two largest film producers, Italy and the United States, Monday signed an accord liberalizing the exchange of films between the two countries.
