# 'Wait And See' Attitude Adopted

To Include West Berlin

## JFK Planning To Extend Spring European Tour

WASHINGTON (UPI) — President Kennedy's next venture in personal diplomacy, a late spring trip to Europe, is being expanded to include West Berlin, London, too, seems to be a likely addition to his itinerary.

The Chief Executive earlier had announced plans to visit Rome and Bonn, the Italian and West German capitals, in late May or early June. At his news conference Thursday night he said he also hoped to add Berlin to his German visit.

Diplomatic sources said it could be anticipated that Kennedy would stop off in London, possibly for a night, to fill in British Prime Minister Harold Macmillan on his talks in Italy and Germany.

Set Earlier Pattern  
This was the pattern Kennedy followed in 1961. He conferred in Paris with French President Charles de Gaulle, then in Vienna with Soviet Premier Nikita S. Khrushchev. Before returning to this country, he stopped overnight in London to see Macmillan.

The Chief Executive several months ago had thought in terms of extensive travel this year in Latin America. Just back from three days of talks with Central American presidents in Costa Rica, Kennedy told reporters he has no plans for a trip to Latin America later this year.

## U.S., Russia Have Plan To Halt Deadlock

GENEVA (UPI) — The United States and Russia today were reported in agreement on how to break the procedural deadlock at the 17-nation disarmament conference.

Informed sources said the two delegations, as co-chairmen of the conference, would outline a program of future work at this morning's session.

The agreement calmed fears that negotiations here might break down completely because of the inability of the two major powers to decide on what to discuss next. Details of the agreement were not disclosed.

The break came Thursday night in a meeting between U.S. Ambassador Charles C. Stelle and Soviet negotiator Semyon K. Tsarapkin.

With the conference stalled on the nuclear test ban issue, the United States and Russia decided last week to switch to the broader question of general and complete disarmament. But a new impasse developed when the Soviets tried to change the program and add new items.

The agreed plan had been to take up two items initially—the U.S. proposal for a "hot" telephone, or immediate secret communication between the White House and the Kremlin to reduce the risk of accidental war, and the Soviet proposal for withdrawal of nuclear units from foreign bases.

The United States objected to Russia's suggestion to take up the questions of an atom-free zone in Europe and a non-aggression pact between the North Atlantic Treaty Organization (NATO) and its Communist counterpart, the Warsaw Pact.

followed in 1961. He conferred in Paris with French President Charles de Gaulle, then in Vienna with Soviet Premier Nikita S. Khrushchev. Before returning to this country, he stopped overnight in London to see Macmillan.

The Chief Executive several months ago had thought in terms of extensive travel this year in Latin America. Just back from three days of talks with Central American presidents in Costa Rica, Kennedy told reporters he has no plans for a trip to Latin America later this year.

## Oklahoma Man Disturbs Peace At Missile Site

ALBANY, Tex. (UPI)—It cost Robert A. Wilkerson \$22.50 Thursday to try to enter an underground Atlas missile launching site near Albany.

A guard and three sheriff's deputies convinced the 29-year-old Nowata, Okla., man he could not go through the gate.

"He just came up and tried to get in the gate and the guard wouldn't let him," Shackelford County Sheriff Jack Moberley said. "He tried to jerk the rifle out of the guard's hand and the guard popped him on the head with it."

The sheriff said the 6-foot, 180-pound Oklahoman was dragged into the county jail "to cool off."

He was charged in a justice of the peace court with disturbing the peace, fined the \$22.50, and released.

An investigation of a Texas highway patrol report that the man's car contained explosives proved to be false.

"The story the highway patrol got on the radio was that he was trying to blow the place up. That was false," Moberley said. "He was just trying to get in."

It was not learned why the man wanted to get in the base. Moberley said he thought he was looking for a job.

## City Halls Seem Susceptible

Pampa and Memphis police authorities today were in a position to compare notes on a couple of City Hall burglaries.

The Memphis tax assessor-collector's office was burglarized of \$1,500 in cash and checks during the noon hour yesterday. The burglary was staged between 12 noon and 12:20 p.m.

The Pampa tax collector's office was entered and robbed between 12 noon and 12:25 p.m. on March 13. The burglars got a little more than \$350 in the Pampa theft.

In each instance, the burglars picked the noon hour when all employees were out to lunch.

## Drivers Come To Terms In News Strike

NEW YORK (UPI) — Newspaper truck drivers came to terms today on a new contract with publishers of New York City's shut-down newspapers.

The newspaper and mail deliverers union hailed the pact as "one of the best agreements we've ever reached." They moved to the sidelines with three other unions which have settled their disputes with management in line with terms proposed by Mayor Robert F. Wagner.

Return to Bargaining  
Three other unions went back to the bargaining tables today. Negotiators hoped to wind up their chores by Sunday in time for what could be the grand finale of the 15-week-old blackout—the Madison Square Garden meeting of striking printers, who will vote a second time on the contract they rejected last week.

Bertram A. Powers, printers local president, agreed to the voting machine balloting and said he would advise his men to reverse their action.

In his press conference Thursday, President Kennedy took note of Powers' move with the comment: "There seems to be some hope that in the next few days there will be an acceptance of the offer that Mayor Wagner made."

Terms of Pact  
The deliverers union said it will receive a fourth week's vacation after one year, a \$9.25 weekly pay increase over a two-year period, a 25-cent weekly welfare fund contribution, and a fifth day of sick leave per year. Instead of the added week's vacation for this year, drivers will get an immediate cash payment of a week's wages to meet their needs resulting from the prolonged shutdown.

The union will vote on ratification of the contract Sunday. The mailers will hold a similar vote Sunday on their agreement.

Today's meeting, scheduled at the Hotel Commodore called for talks between publishers, striking photographers, pressmen and paperhandlers.

Bottled Cocktails Illegal After All  
HOUSTON (UPI)—Two Houston hotels discovered Thursday that selling pre-mixed cocktails in their restaurants is illegal.

The hotels, which had started the system only Wednesday night, stopped selling the pre-mixed drinks when the liquor control board informed them they had not found a loophole in the law.

The pre-mixed drinks are new on Texas markets. Texas liquor laws allow diners to bring the drinks into restaurants, but forbid waiters from delivering the cocktails to tables or to handle them.

Members of the Harris County food and beverage association tested the new system Thursday. A liquor control board agent accompanied them in the test.

Martinis Ordered  
The party went to the dining room of the Sheraton-Lincoln Hotel and ordered martinis delivered from the hotel package store.

The waiter said he could not go to the store and get the martinis.

One of the customers then went to the package store for the pre-mixed drinks.

When he returned with the drinks, the waiter told him he still couldn't touch the bottle. He said all he was allowed to do was bring some ice.

Same Situation  
The "test" left the liquor sale situation exactly as it was.

Coke Stevenson, Liquor Control Board Administrator, said the small two-drink bottles of mixed cocktails must be handled just as strong liquor in larger bottles.

"Someone thought they found a loophole in the law, but they haven't," Stevenson said. "Pre-mixed drinks can be brought to a hotel restaurant dining room, but not by a waiter."

## Soviets May Not Have Moved Combat Forces

By DONALD MAY  
United Press International

WASHINGTON (UPI) — President Kennedy took a wait-and-see attitude today on Soviet troop withdrawals from Cuba even though there were indications Russia might be preparing to pull out more forces.

The President told his news conference Thursday night that the Russians were estimated to have withdrawn "approximately 3,000 troops in these past weeks."

"We are waiting to see whether more will be withdrawn, as we would hope they would be," he added.

Other sources in Washington cited reports that one or more Soviet ships might be getting ready to remove additional Russians from the island.

There remained a big question in U.S. intelligence circles whether the Soviet personnel who have left Cuba were combat forces or merely military technicians.

It was learned that so far the Kennedy administration has not seen equipment leaving the island which would indicate that the recent departures included combat forces — at least not many.

Aerial photographs of persons which would indicate that the recent departures included combat forces — at least not many.

Aerial photographs of persons leaving on ships does not indicate the nature of the personnel. This must be learned from intelligence inside Cuba and from watching the kinds of equipment moved out.

The absence of shipments of combat-unit equipment was not regarded as conclusive, however. If such shipments were spotted in the next few days, it might indicate combat units had left.

The Kremlin promised on Feb. 19 to remove "several thousand" of its military forces from Cuba by mid-March.

Kennedy gave the Russians the benefit of the doubt on the timing. He declined to answer specifically when asked whether he thought the Kremlin had "honored" its commitment.

"The month of March is not finished yet," the President said, "and we should have a clearer idea as to what the total numbers should be in the coming days."

PLANS EXPANSION  
LONG BRANCH, N.J. (UPI)—Electronic Associates Inc. announced plans for an expansion of its facilities in West Long Branch in its annual report to stockholders. Lloyd F. Christianson, president, said the company's headquarters will be moved to the West Long Branch building when the expansion is completed late this year.

A few regular tickets are still available, the committee reported, and advised sports fans to purchase them before the supply runs out.

Another meeting at 4 p.m. Monday, also at the Courthouse Cafe, has been set to make final banquet plans and turn in ticket money.

If it comes from a hardware store we have it. Lewis Hdwe. Adv.

## Kissing Banned To Stop Epidemic

ZERMATT, Switzerland (UPI) — Swiss authorities called for a ban on kissing and dancing today as the best way to combat a typhoid epidemic which already has struck 100 persons.

Some tourists showed little concern. They danced the twist into the early morning hours in the smoky nightclubs of this mile-high Alpine village famed for its skiing and its spectacular view of the lofty Matterhorn.

Forty persons are being treated in strict isolation at an emergency hospital set up in Zermatt's new schoolhouse, with armed police guarding the doors.

Britain Reports 35  
Another 35 cases have been reported in Britain among returning tourists. Several other countries have reported cases linked to Zermatt and doctors estimate the total at "about 100."

No fatalities have been reported so far.

The U.S. Communicable Disease Center in Atlanta said the United States is among countries reporting typhoid cases traced to exposure in Zermatt in the latter part of February. It said it was not yet known whether the disease

was spread by food or water. In Brighton, England, two restaurants were closed Thursday because a man working in both of them developed typhoid fever symptoms after returning from Zermatt. Medical authorities were tracing his contacts to prevent further spread of the disease.

Origin Uncertain  
An immigrant Italian laborer was reported to have brought the disease into Zermatt recently, but there were other unconfirmed reports that typhoid had been discovered in a nearby hotel about two years ago.

Typhoid fever is a highly contagious disease sometimes spread by a "Typhoid Mary"—a person who has recovered from an attack but continues to transmit typhoid germs for years.

Medical teams from the Swiss army's Fifth Medical Corps Battalion moved into the village Thursday to disinfect suspected houses and hotels and take blood samples from a large proportion of the estimated 7,000 persons in Zermatt. About 1,000 are permanent residents and the rest are tourists and temporary hotel employees.

## Officials Working On Plan To Unite Three Countries

CAIRO (UPI) — Government officials were reported working today on a plan which might eventually unite Egypt, Syria and Iraq in a sort of three-headed federation.

The grouping might be extended later to include Algeria and Yemen.

Syrian Premier Salah El Bitar left for home Thursday night, winding up three days of intensive talks with President Gamal Abdel Nasser and other Arab officials.

A communique said the talks produced "complete agreement" on the necessity for cooperation on a solid basis guaranteeing the three countries their full rights.

Delegations from Iraq and Syria were expected here in the next few days to work out practical details of the proposed federation. It was not certain whether Bitar would return for the detailed discussions.

The communique said recent revolutions led by Nasserite army officers in Iraq and Syria created the opportunity to "build an equal federal union" which could be extended later to "every liberated Arab country."

As of now, Algeria and Yemen are the only other Arab countries the proposed members of the federation regard as "liberated."

## Alcatraz Empty Of All But Ghosts

SAN FRANCISCO (UPI)—Only the ghosts of "Scarface Al" Capone, George "Machinegun" Kelly and others of America's most notorious gangsters inhabited the lofty cell blocks of Alcatraz Prison today.

The last 27 of the island prison's 260-inmate population were removed Thursday and transferred to other institutions preparatory to closing down "The Rock" by June 30.

Those 27 left the easy way—by boat. During its 29 years as the home of the federal government's most hardened convicts, seven inmates were shot and killed, six drowned and 26 were seized in 14 escape attempts.

Last Leaves "Rock"  
A blond, thin-faced gun-smugler from Anchorage, Alaska, named Frank C. Weatherman had the distinction of being the last inmate off Alcatraz. A newsman asked him how he felt about it.

"Good. Good for me, good for everyone. Alcatraz never was no good," the 29-year-old convict replied.

Alcatraz was opened in 1934 to house incorrigibles during the wave of gangland violence that followed the end of prohibition.

The decision to abandon the 29-year-old prison in San Francisco Bay was prompted by its deterioration from age and salt air. Federal officials said it would cost \$5 million to renovate it.

Dig Through Wall  
The condition of the prison was dramatized last June when three

bank robbers used sharpened spoons to dig through rotting concrete at the back of their cells and fled the island. Officials are convinced they drowned, although their bodies were never found.

But they were thwarted when a captured guard managed to hide an all-important key; he was beaten and killed when the prisoners tried unsuccessfully to force him to reveal the hiding place.

Two other officers were slain and a third critically wounded, three inmates died in the battle and two were later executed.

The letter, addressed to E. O. Wedgworth, chamber manager, stated:

"Dear Mr. Wedgworth: "The City Commission at its meeting held on Tuesday, March 19, 1963, tabled the third reading of the proposed Water and Sewer Rate Ordinance No. 592, after a lengthy discussion. The ordinance had previously been passed by unanimous vote on its first and second reading at two successive meetings of the City Commission.

"I was instructed by the City Commission to write a letter to the Chamber of Commerce asking that an official stand be taken by the Chamber on the adoption or rejection of Ordinance No. 592."

The letter was signed by the city manager.

The rate ordinance already has been read and passed on two readings. The third reading was delayed Tuesday night, with Commissioner Will Graham dissenting, and the city manager was directed to file the request for a stand to be taken by the Chamber of Commerce, either for or against the rate raises.

Dr. Joe Donaldson, chamber president, said today he had heard no objections to the rate ordinance. He also stated he had not seen a copy of the city manager's letter.

Chamber Manager Wedgworth was tied up in meetings this forenoon and could not be reached for a statement.

Dr. Donaldson said he assumed the letter would be presented to the chamber's executive board but he could not say what, if any, action would be taken.

"I think the Chamber of Commerce is on record from the beginning in favor of the Canadian River Municipal Water project," the chamber president added.

## South Korean Military Stops Demonstration

SEOUL, Korea (UPI) — South Korea's military leaders today broke up a demonstration against the extension of military rule, arrested 109 civilian demonstrators and detained former President Posun Yun for the second time this week.

Strongman Gen. Park Chung Hee, bolstered by the "absolute support" of his 160 top military commanders, ordered tougher measures against the opponents of his plan to rule South Korea for a further four years and cancel this summer's planned elections.

Yun, who was shoved into a police jeep and driven home from a demonstration two days ago, was again at the head of the 300 persons who paraded in front of the U. S. embassy and other downtown buildings.

The demonstration at the embassy pointed up U.S. interest in South Korea, on which the United States has spent billions of dollars and the lives of tens of thousands of men.

U.S. Ambassador Samuel Berger has had frequent talks with Park in recent days. It was reported the junta leader told Berger Thursday he has no intention of yielding to American pressure to take another look at his plans for returning the government to the civilians.

**POLARIS PROWLERS**—A fleet of Polaris surface ships, carrying a total of 200 of the nuclear-armed ballistic Polaris missiles, has been proposed for the NATO alliance. Portions of fleet would hide in shallow waters of the Firth of Clyde, Skagerrak, Kattegat and among the islands of the Dodecanese between Greece and Turkey. They would keep to shallow waters in which enemy submarines could not operate and be fast enough to outrun other surface ships.

# Dear Abby....

## Equal Task Rearing Sons And Daughters

By ABIGAIL VAN BUREN

DEAR ABBY: I am the mother of three sons, and I've heard many other mothers say, "You are lucky you have boys. You don't have to worry the way mothers of daughters do!" Abby, this burns me up. They think if a girl gets into trouble it's her funeral, and boys don't create any problems no matter what they do. What can I say to let them know they are dead wrong?

MOTHER OF BOYS  
DEAR MOTHER: People who make such thoughtless remarks should be told that when a girl "gets in trouble" the parents of the boy who is responsible are just as heartsick as the girl's parents. And, furthermore, since the males are supposedly the natural aggressors, the job of rearing decent and disciplined boys is certainly equal to that of raising well-behaved girls.

DEAR ABBY: I wrote to you asking you to put me in touch with a man signed FLORIDA, who was looking for a wife. He sounded just right for me and I know we could have made a wonderful match. I was terribly disappointed when you wrote back saying that as a matter of policy you did not put people in touch with each other through your column. Why do you have such a policy when you could get so many nice people together?

DISAPPOINTED IN YOU  
DEAR DISAPPOINTED: You would be more disappointed were I to abandon my policy to get one "nice" person (you!) together with one who was not so nice. I can't investigate everyone who writes to me. So rather than pair a lamb with a wolf, I stick to my policy.

## Craft Day Planned By Goodwill HDC

The Goodwill Home Demonstration Club met Tuesday morning in the home of Mrs. A. P. Coombes with members answering roll call with "How we can promote the medical self-help training program."

During the business meeting conducted by Mrs. Nolan Cole, president, members approved having a "Craft Day" and covered-dish luncheon on April 2 at 9:30 a.m. in the home of Mrs. Don Duggan. Mrs. Donald Gray presented a program on "Stoppage of Breathing."

She discussed various methods of artificial respiration. The White Elephant prize was won by Mrs. Cole.

Members attending, not previously mentioned, were Mmes. Ray Frazier, H. B. Cain, K. L. Elshemer. Guests were Mmes. L. G. Newman, Charles Cain and Donald Gray.

DEAR ABBY: Do you think it is right for parents to permit two children under ten years of age to watch the dog give birth to a litter of puppies? I just got a phone call that my daughter-in-law thought it was all right, and my son approved it. I would like to know what you think of letting children watch this procedure.

SCHOCKED  
DEAR SHOCKED: I know of no better way for young people to learn about the beginning of life, which is a subject baffling to youngsters—and not easy for oldsters to explain.

DEAR ABBY: Cheers for BOTHED, and her comment on "My, you look nice TODAY." The next most uncomplimentary compliment when I'm all dressed up is, "Is that NEW?"

TWICE BOTHERED  
Stop worrying. Write to Abby. For a personal reply enclose a self-addressed, stamped envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 3365, Beverly Hills, Calif.

## Annie Armstrong Week Of Prayer Noted By Central Baptist WMU

The Annie Armstrong Week of Prayer was observed by the Central Baptist W.M.S. with Mrs. Charles Terrell in charge of the programs. The theme of Monday's program was My People Will: "Witness To All Nations". Mrs. R. C. Brown presented the Call to Worship. Mrs. Hugh Sanders brought a message in song on Monday assisted by Mmes. R. E. Warren, Sr., J. B. Minyard, Richard Johnson, Wayne Cobb, Leon Brown, Jim Johnston, Charles Terrell, Albert Taylor, and T. O. Upshaw.

Mrs. Scott Davis was a guest. Thirty-one members were present.

Tuesday's topic was My People Will: "Seek Those Gone Astray." Mrs. Don Turner gave a message in song. Others on the program were Mmes. R. C. Brown, T. O. Upshaw, Dan Johnson, B. J. Fulcher, Frank Conner, Travis Taylor, Charles Terrell, and Albert Taylor.

Monnie Gill was a visitor and there was thirty-two present. My People Will "Go Everywhere Preaching" was Wednesday's topic. Those on the program were Mmes. R. C. Brown, Lindon Sanders, Sam Baates, B. J. Chance, W. L. Stafford, S. C. Strickland, Don Rosenback, Don Aycock, O. L. Anderson, G. C. Stark, Charles Terrell, and T. O. Upshaw. Thirty-three members attended. Thursday's theme was My People Will "Arise, and Go Into The City". Mrs. Ronald Lueddecke read the words to the song "Lord Speak to Me That I may Speak". Others on the program were Mmes. C. G. Miller, R. C. Brown, Russell Taylor, Dale Gallaher, L. G. McDaniel, B. R. Parrish, Charles Terrell, N. R. Lowe, Albert Taylor and T. O. Upshaw.

Twenty-seven members attended. My People Will "Enter Open Doors" was Friday's topic with Mrs. R. C. Brown giving the call to worship. Others on the program were Mmes. Cecil Williams, L. E. Harris, Ralph Prock, E. B. Davis, J. H. Garret, Charles Terrell, Albert Taylor and T. O. Upshaw.

The G. A. Girls were welcomed as visitors. A business meeting was conducted on Thursday with Mrs. R. C. Brown, president, in charge. A business meeting was conducted on Thursday with Mrs. R. C. Brown, president, in charge. Mrs. Albert Taylor announced that community mission would be to visit and work toward the coming revival.

Mrs. Nolan Cole closed the business meeting with prayer. Not True to Type  
Apple varieties do not reproduce true to type from seed. Consequently, they are propagated by budding or grafting, according to the Encyclopaedia Britannica.

BEAUTY AND THE BOATS — The Pampa Boat and Ski Club in its third annual show will have included in its two-day activities, slated this weekend in the First National Bank Annex, a Fashion Show planned for 2 p.m. and 7 p.m. Saturday; 2 p.m. and 5 p.m. Sunday. Modeling the latest swim wear are left to right, Misses Wilna Carlile, Theresa Marak, Carolyn Marak, and standing, Miss Ruth Ann Guthrie. Models at the show will include members of the Ski Club. Fashions will be provided by Bentley's, Behrman's and Gilbert's. Hair fashions will be styled by Hughes Building Beauty Salon and The Coronado Inn Beauty Salon. A Twist contest is planned for 8 p.m. Saturday (Photo, Kenneth Butler)

# Spiritual Development Central WMU Program

The Central Baptist Women's Missionary Society met for regular periodical programs in members' homes. The program topic was "Spiritual Life Development" by Mrs. Louis L. Dabney, which illustrated how spiritual life of the nation may be strengthened by the establishment and maintenance of family worship.

The Kezzie Mae Searight Circle met with Mrs. L. E. Harris with Mrs. Cecil Williams reading the prayer calendar and offering opening prayer.

Mrs. E. B. Davis conducted a short business meeting. Mrs. Hugh Sanders presented the program, assisted by Mrs. Williams and Mrs. Davis took parts on the program.

Mrs. H. H. Winkleblack was welcomed as a new member. There was seven present.

Mrs. R. C. Brown, south of the city, was hostess to HAZEL SNYDER CIRCLE with Mrs. Nolan Cole presenting the prayer calendar and opening the meeting with prayer.

Mrs. Charles Terrell was in charge of the program with Mrs. Jim Johnston, Richard Blain, Cole and Richard Johnson participating.

Seven members were present for the meeting. THE CALLIE THOMAS CIRCLE met with Mrs. Frank Conner with Mrs. Dan Johnson presenting the prayer calendar and offering the opening prayer.

Mrs. Bill Fulcher was in charge of the program with Mrs. Don Turner, Conner and Barney Riley taking parts. It was announced that the circle would present the program for the April general missionary meeting.

Mrs. Fulcher will host the next meeting. Seven were present for the meeting.

THE LILLIE MAE HUNDLEY CIRCLE met in the home of Mrs. Sam Baates. Mrs. Monnie Gill was welcomed as a guest. Mrs. S. C. Strickland presented the prayer calendar and offered opening prayer. Mrs. Don Rosenback gave the program assisted by Mmes. Linden Sanders, W. L. Stafford, O. G. Anderson, and Gene McClendon.

Mrs. G. C. Stark dismissed the eleven present with prayer. The next meeting will be with Mrs. B. J. Chance, 2106 N. Faulkner.

Mrs. R. N. Lowe was hostess for the MILTON LEACH CIRCLE with Mrs. C. G. Miller, opening the meeting with prayer and giving the prayer calendar.

Those on the program were Mmes. Lowe, Kenneth Ward, Gerald Vaughn, L. G. McDaniel and B. R. Parrish. Mrs. Albert Taylor will host the next meeting. Eight members were present.

THE SARA BETH SHORT CIRCLE met in the home of Mrs. Ed Wells. Mrs. Ralph Prock offered prayer for the missionaries after Mrs. Wells read the prayer calendar.

Appearing on the program were Mmes. Wells, W. G. Gooding, L. C. Bevel, and Prock. Six members were present. The next meeting will be in the home of Mrs. C. H. Worler, Jr. at 1120 Seneca.

Mrs. Dale Gallaher was hostess for the LAVONIA DUCK CIRCLE with Mrs. Jerry Dickenson giving the prayer calendar and opening the meeting with prayer.

Those taking parts in the program were Mmes. Dickenson, J. P. Adams, T. F. Snow, Gallaher, Robert Warren, and Leon Brown. The next meeting will be in the home of Mrs. J. P. Adams at 2209 N. Christy. Mrs. Ralph Loy dismissed the eight present with prayer.

and Richard Johnson participating. Seven members were present for the meeting.

THE CALLIE THOMAS CIRCLE met with Mrs. Frank Conner with Mrs. Dan Johnson presenting the prayer calendar and offering the opening prayer.

Mrs. Bill Fulcher was in charge of the program with Mrs. Don Turner, Conner and Barney Riley taking parts. It was announced that the circle would present the program for the April general missionary meeting.

Mrs. Fulcher will host the next meeting. Seven were present for the meeting.

THE LILLIE MAE HUNDLEY CIRCLE met in the home of Mrs. Sam Baates. Mrs. Monnie Gill was welcomed as a guest. Mrs. S. C. Strickland presented the prayer calendar and offered opening prayer. Mrs. Don Rosenback gave the program assisted by Mmes. Linden Sanders, W. L. Stafford, O. G. Anderson, and Gene McClendon.

Mrs. G. C. Stark dismissed the eleven present with prayer. The next meeting will be with Mrs. B. J. Chance, 2106 N. Faulkner.

Mrs. R. N. Lowe was hostess for the MILTON LEACH CIRCLE with Mrs. C. G. Miller, opening the meeting with prayer and giving the prayer calendar.

Those on the program were Mmes. Lowe, Kenneth Ward, Gerald Vaughn, L. G. McDaniel and B. R. Parrish. Mrs. Albert Taylor will host the next meeting. Eight members were present.

THE SARA BETH SHORT CIRCLE met in the home of Mrs. Ed Wells. Mrs. Ralph Prock offered prayer for the missionaries after Mrs. Wells read the prayer calendar.

Appearing on the program were Mmes. Wells, W. G. Gooding, L. C. Bevel, and Prock. Six members were present. The next meeting will be in the home of Mrs. C. H. Worler, Jr. at 1120 Seneca.

Those taking parts in the program were Mmes. Dickenson, J. P. Adams, T. F. Snow, Gallaher, Robert Warren, and Leon Brown. The next meeting will be in the home of Mrs. J. P. Adams at 2209 N. Christy. Mrs. Ralph Loy dismissed the eight present with prayer.

## Value Of Freedoms Discussed By VFW Auxiliary Speaker At Recent Meet

Mrs. Lia Wills, a Pampa resident, who has been in America for six years and last year received American citizenship papers, was guest speaker at the Veterans of Foreign Wars Ladies Auxiliary 1657 at its Tuesday night meeting in the VFW Hall on West Foster.

Mrs. Wills formerly lived in Yugoslavia under communist control. She related that she was separated from her family when she was 13 years of age and put in a school to be educated by the communist for their use. When she was graduated and received her degree, she knew it was time to make her escape. She stated she perished death if her escape was not successful rather than be forced to become a part of Russian rule.

She said that her main purpose in speaking to organizations about communism is that they may be informed by one who knows from experience what freedom means and how terrible life can become in America if deprived of freedom of worship and other freedoms, which are taken often for granted.

Mrs. Wills stated that by reading books by J. Edgar Hoover, FBI agency, any authorized material on communism would be the first step to becoming informed.

Refreshments were served during the social hour.

## Helens' Beauty Salon Special

## Mary Martha Group Studies "Jungle Doctors" At Mission Study Meeting

Mary Martha Group of Lamar Christian Women's Fellowship met recently in the home of Mrs. G. B. Hogan, 914 N. Somerville.

During the business meeting, plans were made to provide a complete Easter ensemble for a 10-year-old orphan girl, whom the group has adopted at Juliette Fowler Orphan's home in Dallas.

All ladies of the church have been asked to submit two favorite recipes to be printed in the CWF recipe book as a fund-raising project.

Mrs. Jack Prather and Mrs. Josephine Blalock gave the lesson and devotion topic from the "World Call" magazine.

From "Hidden Answers," a volume written by Mike McGrady, was recommended for alert Christian leaders entitled "Jungle Doctors."

Mrs. Prather quoted, "He writes with emphasis of the doctors who have penetrated the worst jungle conditions in the world, the late Tom Dooley, Albert Schweitzer, Disciple W. Larimer Mellon and others. They chose to go to the darkest places of the world with service of medicine."

She said, "The story of this book is both fascinating and depressing, fascinating in the heroic dedication of the doctors, but also depressing as one views such a large segment of the human race in poverty, disease and ignorance. The author has been so up-to-date in his treatment as to include some of the work of the Peace Corps."

Mrs. Forrest Taylor was welcomed as guest. Eight members attended. Refreshments were served during the social hour.

The next meeting will be on April 4 at 9:30 a.m. with Mrs. Josephine Blalock as hostess.

## Changing Dipper

The Big Dipper today, astronomers have discovered, is a little wider at the top than on the bottom of the cup as compared to about 50,000 B.C., when the opening was narrower than the bottom. Astronomers predict that, in 50,000 A.D., it will hardly look like a dipper any more.

Mrs. Prather quoted, "He writes with emphasis of the doctors who have penetrated the worst jungle conditions in the world, the late Tom Dooley, Albert Schweitzer, Disciple W. Larimer Mellon and others. They chose to go to the darkest places of the world with service of medicine."

She said, "The story of this book is both fascinating and depressing, fascinating in the heroic dedication of the doctors, but also depressing as one views such a large segment of the human race in poverty, disease and ignorance. The author has been so up-to-date in his treatment as to include some of the work of the Peace Corps."

Mrs. Forrest Taylor was welcomed as guest. Eight members attended. Refreshments were served during the social hour.

The next meeting will be on April 4 at 9:30 a.m. with Mrs. Josephine Blalock as hostess.

Concert Drive Ends Saturday

The Community Concert Association, in approaching a sold-out membership, will keep its headquarters at Southwest Public Service Co. open until tomorrow noon. No memberships will be sold after Saturday. Ted Gikas and Mrs. S. Gene Hall, drive chairman, announce a final check-up meeting will be held at 4 p.m. today in the headquarters and urge all workers to report at that time. A spokesman for the board of directors said that artist availabilities for concerts this year are excellent and selections for the 1963-64 concert series will be completed at the close of the drive. The Royal Philharmonic Orchestra of London has already been engaged for the current season. A bonus concert is planned for May 25 at 2:30 p.m. to be presented by Ronald Turini, concert pianist. All new members are invited to attend as well as present members of the association.

'Guest' Has Long Stay

George L. (Cowboy) Day of McLean may think twice before he asks for hospitality in Pampa's city jail. According to police reports, Day dropped in at the police station on the night of March 6, said he had "had a few too many," and would they take him in as an overnight guest. They took him in. The records also show that he was arraigned before Corporation Judge James R. Bowers the next day on a charge of intoxication. Judge Bowers saw to it that Day got to be a guest for quite a few nights. He fined him \$100 and costs. Day just got out of jail dry before yesterday. He has been working the fine out at the rate of \$7 a day for 14 days (and nights.)

Wagon Trains

Great wagon trains were funneled from Independence, Mo., over the plains and Rockies to Astoria, Ore., on the Oregon Trail. Some 1,000 men, women, and children, with 5,000 cattle, made up a single caravan in 1843.

Local Delegates Attend Regional Scout Meeting

Some 27 men and women serving as delegates from the 15-county area of the Adobe Walls Council, Boy Scouts of America, are in attendance at the Region Nine meeting in Dallas today and tomorrow. Bob Curry, president of the local Boy Scout Council, stated it is one of the largest groups from the local Council to attend a regional meeting in several years. Delegates from Pampa attending include Mr. and Mrs. Joe Gordon, Mr. and Mrs. Charles Beard, Mr. and Mrs. Jay Leath, Mr. and Mrs. Arthur Smalley, Bob Curry, George Newberry, and Brantly Hudson.

Preliminary registrations for the annual Meeting indicated some 600 Scouters and their wives from Texas, Oklahoma, and New Mexico, would attend. The opening session of the meeting was set for 2:30 p.m. today. The conference will end with the annual Regional Banquet on Saturday.

Special group conferences were scheduled for each of the phases of Scout work including presidents, district chairmen, commissioners, training committees, etc. Seminars in twelve special interest groups such as Explorer Program, Religious Relationships, United Funds, also were scheduled.

Municipal Court Docket

David M. Green, 513 Harlem, disobeying stop sign, guilty, fined \$20. James M. Nation III, 2100 Mary Ellen, disobeying traffic light signal, guilty, fined \$10. Ralph E. Bradford, 2237 Dogwood, speeding 40 in 30 mph zone, guilty, fined \$5. Loy J. Stone, 910 E. Scott, hitting parked car, guilty, fined \$15. Marshall E. Gardner, 1040 Crane Rd., contesting for speed, guilty, fined \$10.

All Pampa Choirs Receive Sweepstakes In Contest

A reception-befitting champions—singing champions—was accorded the Pampa High School choirs upon their return yesterday from winning "Sweepstakes" in every event the school entered during Texas Interscholastic League Choir competition at Canyon. The five-bus caravan of singers was met at the city limits yesterday afternoon by Sheriff Rufe Jordan and members of the Highway Patrol and given a siren escort through town. The Sophomore - Junior-Senior Girls' Choir, the Male Choir and the A Cappella Choir each received Division I ratings in concert and sight reading. The choirs are directed by Hugh Sanders.

The Pampa High A Cappella Choir was the only choir entered in competition to receive "sweepstakes" in both division, concert and sight-reading. The competition, held on West Texas State College campus, climaxed three days of judging in the choir contests. Judging Thursday's competition were David Scott of the University of Oklahoma; Dallas Draper Bill W. Woods, 621 S. Somerville, theft under \$5, guilty, fined \$75. George L. Day, McLean, intoxication, guilty, fined \$100.

Two Minor Thefts

Police theft records had only two minor cases today. Franklin Flood 421 Hughes, told police his bicycle had been stolen from the back yard of the Flood home. Mrs. Earl Hilton left her wash on the line overnight and someone made off with a bed spread, she reported.

# Pampa Track 'B' Teamers Move Up To Varsity For Lubbock Invitational

Fine performances in the Lefors Relays by several members of the Pampa B team have moved them up to a spot on the varsity in Saturday's Lubbock Invitational Tournament, announced coach Norman Phillips today.

Steve Cloud will run the 220 and Carl Clark and Carl Johnson will be in the weights, on the basis of good performances at the Lefors meet, where the B team finished fifth behind some of the toughest small school squads in the state. Hank Henry has also earned a shot at the pole vault in Lubbock, and Shaun Hills will run the mile. Phillips reported that Hills had been improving steadily in practice and was doing the distance in close to five minutes.

## Madrid Stays

Another newcomer who has earned a berth on the varsity is little speedster Eugene Madrid. With Jimmy Jamieson unable to make last weekend's meet, Madrid was entered on the relay team in his place, and will run the 100-yard dash this week end while Jamieson returns to the mile relay team.

Kenny Hebert, who has been running mainly in the sprints as

**MOVES UP** — Carl Clark moves up to the weight events on the varsity track team due to his fine performance at Lefors, and will compete for the Harvesters at Lubbock tomorrow.

he has switched back and forth from baseball to track every day, will be entered in the low hurdles, his specialty last year.

## Full Strength

For the first time this season, the team will be at full strength, reported Phillips, and should provide strong competition for favored Odessa Permian. Lubbock Monterey, who edged the Harvesters at Fort Stockton and tied them at Snyder, will be ranked second favorite, with Pampa a very close third and Amarillo the dark horse. Other entries are Odessa High, Lubbock, Borger, Plainview and Midland Lee.

Permian, on the basis of their wins at Fort Stockton, Snyder, Irving and El Paso, will be the heavy favorites however.

## Track Entries

Pampa entries in the track events include Wayland Bullard and Bill Martin in the high hurdles; Hebert, Bullard and Keith Griffith in the lows; Hebert, Madrid and Travis Tucker in the 100, and Madrid and Cloud in the 220.

Ralph Palmer, Curtis Fletcher and Jamieson will be in the 440 and Hills in the mile. Tucker, Palmer, Fletcher and Hebert will make up the 440 relay team and Fletcher, Tucker, Jamieson and Palmer the mile relay squad.

Randy Matson will be favored to win the shot put and discus, as he has in every meet this year, breaking records with every heave. Clark will join him in putting the shot and Johnson in the discus. Tucker and Griffith will be in the broad jump, Martin in the high jump and Henry in the pole vault. This will be the first meet in which the Harvesters will have a pole vaulter and a mile runner.

# Perryton Cinder Kickers Entering Strong WF Meet

PERRYTON (Spl) — The powerful Perryton Rangers will run into their toughest test of the season as they enter the strong Wichita Falls Relays tomorrow.

Track coach Johnny Jones announced that 10 boys will go to the meet. The Rangers, in their first year in Triple-A, smashed the Gruver Greyhound Relays in their first competition this year, and then slaughtered Guymon in a dual meet last Saturday, while their B team showed well at the Lefors Relays.

The Rangers will be meeting 4-A and 3-A teams in this meet, reported Jones, and it will be their first real competition against teams in their own classification.

Ace hurdler Buddy Bolterjack will enter both the high and low hurdles; Roger Wright, Joe Champion and David Baker will run the 440 and Jerry Slaton will be in the 100 and 220-yard dashes.

John McCaskill and Larry McEntire will run the 880 and Scott Sanford the mile. Slaton, Ronnie Good, Champion and Wright will make up the sprint relay team and Good, Champion, McEntire and Wright the mile relayers.

In the field events, it will be Baker and Good in the high jump and broad-jump, with Wright also in the broad jump; Baker will pole vault and Gary Newcombe will compete in the shot put and discus.

# Little Men Lead Way In NIT Play

NEW YORK (UPI) — The courage of bantam basketball stars Vinnie Ernst and Pat Turtle set up Saturday's clash between Providence and Canisius for the National Invitation Tournament championship.

Ernst, a 5-8 playmaker who was named most valuable player in Providence's 1961 NIT title win, gritted his teeth against the pain of a pulled hamstring muscle in his right leg Thursday night as the Friars defeated Marquette, 70-64, in a semifinal encounter.

Turtle, 5-11, made his first full effort since breaking his ankle on Feb. 5, and turned in a masterful second half defensive job on Villanova's Wally Jones to bring Canisius a 61-46 comeback victory.

The Providence - Canisius nationally televised contest is the first meeting between eastern powers for the NIT title since Holy Cross defeated Duquesne for the crown in 1954.

"Vinnie was up half the night because of the pain," said Providence coach Joe Mulaney. "But they gave him a shot of novocain before the game and he bore up well under the strain."

Ernst scored 12 points for Providence, including four free throws that pulled the Friars away just before the final buzzer. He also had five assists.

Ray Flynn, whose six-foot height is by no means big among today's basketball giants, turned in a deadly second half performance with 17 of his 25 points.

Providence is in for trouble if Turtle guards Flynn the way he covered Jones in the Canisius-Villanova game.

Jones scored 17 points in Villanova's 28-25 halftime lead and netted the first seven for the Wildcats during the opening four minutes of the second half.

But when Tim O'Mara, who was guarding Jones, picked up four personals, coach Bob Mackinnon made the sharpest move of the night by inserting Turtle to take over.

"I knew Jones favored his right," Turtle said after the game. "If he gets the first dribble down, you're lost. So I kept forcing him to the left, his weaker side." Turtle held Jones scoreless over the last 16 minutes.

**Texans In Race**  
SEBRING, Fla. (UPI)—Officials of Sunday's 12-hour Grand Prix auto race released Thursday the following list of Texas entrants: Jim Hall and Hal Sharp, Midland, Tex.; Chaparral.

Ronnie Hissom, Midland, Tex.; Chaparral.  
Mecom racing team of Houston. Drivers: Roger Penske of Gladwyne, Pa. and August Pabst of Milwaukee, Ferrari.  
Rosebud racing team of Victoria, Tex. Drivers: Richie Ginther of Hollywood, Calif. and Innes Ireland of Scotland; Ferrari.  
Johnson Chevrolet Co. of Dallas. Drivers: Delmo Johnson Jr., of Dallas and D. L. Morgan of Tulsa. Corvette Sting Ray.

# Harvester Baseball Team Forced To Juggle Lineup For Three Tilts

The Pampa Harvesters are in for a busy weekend on the diamond trail, as they play a return match at Hereford at 4 p.m. this afternoon, and then play a twin bill at Dumas Saturday afternoon, beginning at 2 p.m.

Coach Ray Howard announced his starting pitchers as Carl Harnsberger this afternoon, Jerry Glover in Saturday's opener and Jerry Arthur in the nightcap.

Howard will have to do a lot of lineup juggling for the three games, due both to injuries and to the fact that two of his outfielders will be missing Saturday as Kenny Hebert and Eugene Madrid will be running on the track team at Lubbock.

## Injured Recovering

Ricky Maynard is slated to play first base again as Steve Mol-

berg's jammed thumb is still bothering him, although Molberg could see pinch-hitting duty today and might see some action tomorrow. Leadoff man Ricky Stewart, who was out of Tuesday's game against Hereford, because of a slight spike wound, has recovered and will return to his post. Kenneth Collins will be at short again, with Jim Arthur at third base.

Larry Stroud has been out sick the last two days, and C. E. Cantrell will be the starting right fielder. Hebert, who saved Tuesday's 1-0 win over Hereford with his fielding, will be in center, and the versatile Jerry Glover will be in left field to take advantage of his potent bat, which tripled in the winning run Tuesday.

## Vann To Outfield

Madrid will also see outfield duty and Kyle Vann as well. Vann, ordinarily the utility infielder, will be needed in the outfield due to Stroud's sickness and the loss of Hebert and Madrid Saturday. Larry Garrison will be kept out of the lineup to join Dee Wright as relief pitchers if needed.

Harnsberger will be starting his first game. The right-handed sophomore sidearm has seen two innings of action, in the two practice games with Borger.

Saturday's opener will find Glover on the mound. Bellweather of the staff last year, the All-District ace has given up four earn-

ed runs in 15 innings, losing a 5-3 12-inning marathon in the second game against Borger. Arthur, who is slated to start the second game, won a 1-0 pitching duel against Gary Kendrick of Hereford Tuesday, striking out 10 batters, walking none and giving up only four hits.

## Switch Saturdays

Saturday's outfield will probably be Cantrell in center, Garrison in right and Vann in left. Glover and Arthur will alternate at third base as the other pitchers, with the only other question mark being whether Maynard or Molberg will play first.

Dumas, defending district 1-AAA champs, has won three and lost three, all against 4-A opponents. Dumas slammed the usually high-scoring Tascosa Rebels Tuesday, 12-2. In a meeting last Saturday, Joe Ballard pitched the Demons to a 5-3 12-inning win over Pampa.

Robby Robinett and Vernon Stafford are the probable starting pitchers for the Demons. Other starters will be Ronnie Smith in center field, Julian Miller at second base, Robinett in right field if Stafford pitches, with Stafford in left if Robinett takes the mound, and Don Samuels in the other outfield position. Dennis Wiley will be at shortstop. Gary King at third base, Robert Moffat at first base and Lyle Pieffer or Joe Sanders catching.

55TH YEAR FRIDAY, MARCH 22, 1963 5

# Three New Champs, Moore In Hospital

By JACK CUDDY  
UPI Sports Writer

LOS ANGELES (UPI)—Boxing has three new world champions today and one ex-champion, Davey Moore, in a hospital with head injuries that threaten his life.

That's the harvest from the first triple-hitter fight show in a quarter century — a show in which Cubans Luis Rodriguez and Sugar Ramos became champions, along with Roberto Cruz of the Philippines.

It was 21-year-old Urtimino (Sugar) Ramos, a Cuban exile, who wrestled the world featherweight (126-pound) crown from 29-year-old Moore of Columbus, Ohio, on the 10-round knockout that sent Davey to White Memorial Hospital.

Moore's Chances "Poor"  
There Dr. Phillip Vogel, a staff neurosurgeon, examined Moore and said "he is in a deep coma and his chances of living are poor."

That statement was made after a throat operation (tracheotomy)

## Got Your Ticket?

Have you bought your ticket to the Pampa Basketball Banquet yet? Tickets are going fast, so if you want to honor your Harvesters, get one before they are sold out. Tickets are \$2.50 each and can be obtained at the Chamber of Commerce office, the Daily News office, the school business office, the Coronado Inn, Wilson-Bell Drug, Richard Drug and Malone Pharmacy.

had been performed to assist the unconscious boxer's breathing. Whether a brain operation will be necessary or of any use, the physicians at the hospital were not certain.

The Ramos-Moore fight was staged shortly after the star title bout in which Cuban Rodriguez, 26, took the welterweight (147-pound) title from slightly favored Emile Griffith of New York on a unanimous 15-round decision before a crowd of 26,142 paying fans at the Dodgers Baseball Stadium.

**Won Earlier Fight**  
Griffith had won a split 10-round decision over Rodriguez in a non-title bout in 1960.

After the Ramos-Moore bout, 21-year-old Cruz of the Philippines won the vacant world junior welterweight (140-pound) title by knocking out Raymundo (Batling) Torres of Mexico at 2:07 of the first round.

Cruz, a 3-1 underdog, captured the Dullio Loi retired early this year. Now, Cruz must defend against Eddie Perkins of Chicago within 90 days, according to an agreement with the World Boxing Association.

Copromoters Cal and Aileen Eaton and George Parnassus said they should "break about even" with the \$262,452 gross gate, despite the \$100,000 extra cost of postponing the fight - show from last Saturday night because of rain.

That shift lost the show a \$70,000 television fee and incurred \$30,000 additional expenses for the fighters training and for setting up the stadium.

# Cousy Slates Oscar His Successor

By United Press International

It may be that Oscar Robertson will use this year's National Basketball Association playoffs as a stage to prove that he really is the successor to Bob Cousy as pro basketball's greatest clutch player.

The great Cousy, retiring after 13 golden years in the NBA, has repeatedly designated Robertson as the game's No. 1 player of the future.

And Robertson looked exactly like that Thursday night when he scored 41 points, pulled down 15 rebounds and had 12 assists in the Cincinnati Royals' 133-115 victory over the Syracuse Nationals, the victory evened their best-of-five game first-round Eastern Division playoff series at 1-1.

The Detroit Pistons will try to even their Western Division first-round series with the St. Louis Hawks tonight in St. Louis. The Hawks won the first game of the series, 118-99, on Wednesday night.

The Cincinnati - Syracuse game erupted into a free-for-all midway through the second period when Al Bianchi and Cincinnati's Bob Boozer wrestled each other to the floor. All players from both teams saw action before officials could restore order.

Jack Twyman added 31 points to Robertson's 41 for the Royals while Chet Walker had 24 and Hal Greer had 22 for the Nats.

# PHS Golfers In Loop Play At Borger

The Pampa golf team, 19 strokes behind after the first round of district golf play last Saturday at the Pampa Country Club, try to catch up to league-leading Tascosa in the second round at the Huber Course in Borger tomorrow.

Tascosa won with an 18-hole total of 334 and leads after the first round of the three-round competition by three strokes over Monterey, followed by Borger, Pampa, Amarillo, Palo Duro, Lubbock and Plainview closing out the year with 378.

The Rebels added to their laurels earlier this week as one of their members, Kenny Caldwell, shot a hole in one at the Tascosa Country Club on the 125-yard fourth hole, finishing the round with a 77.

Pampa coach Eural Ramsey will again start Bryan Prigmore, Grover Haskell, Fred Howard and Johnny Weatherly.

Tascosa also won last week's B team tournament, but Skip Warren of the Harvesters tied for medalist honors with an 87.

The final round of play will be April 6 in Amarillo.

C. E. Cantrell, a 5'11" senior guard, will be among the Pampa basketball players to be honored at the cage banquet March 28. C. E., a squadman as a junior, made the team on his hustle and determination, said coach Terry Culey.

## Assembly Of God Slates Convention Next Week

A Missionary Convention at the First Assembly of God Church, 500 South Cuyler, in Pampa. The convention will start the 27th of March, and last through the 31st. Rev. Walter Kornelsen and Rev. Charity Harris have just returned from Africa.

Rev. Bob Hoskin has just returned from two years of Ministry around the world. Rev. Hoskins is considered one of America's great Bible preachers. He entered the ministry at the age of seven.

Each of these Missionaries have color film of meetings, customs, raw paganism as well as scenery. You will be able to see and hear first hand reports from various countries of how the Communist

## Obstacles Large Against Merger

DEBERLIN, Ohio (UPI) — Delegates of six Protestant denominations end their discussions Thursday on a proposal to merge their 21 million members into one church. Major obstacles still loomed large against a possible union.

Primary among the hurdles was a way to unify the six forms of worship practiced by the Episcopalians, United Presbyterians, Methodists, Disciples of Christ, United Church of Christ and the Evangelical United Brethren.

The Rev. William Jackson Jarman, chairman of the consultation study committee on worship, said that until a way can be found to a unified worship service "there will be no Christian Unity."

"Unity in worship is the ultimate achievement of church unity," Dr. Jarman said. He is president of the council of Christian unity of the Disciples of Christ.

The Rev. Dr. Massey H. Shepherd, professor of liturgy at the Divinity School of the Pacific at Berkeley, Calif., said the chief obstacle is the reluctance of the laity to give up familiar forms of worship.

Read the News Classified Ads

are at work, and how in some parts the people are fleeing to escape Communist Tyranny.

Sunday School will start at 9:45 and the morning worship service will start at 11:00. C. A. Services will be held at 6:30 and the Evangelist Service will be held at 7:30.

Sunday evening will conclude the Revival with Evangelist Ike Davis, Song-Writer and composer.

REV. BOB HOSKINS ... Missionary

## Central Baptist Men Are To Be Featured Sunday

The men of Central Baptist Church will be featured at the evening worship service, March 24. Five of the men will bring the evening message entitled "God Uses Men."

Billy Joe Chance will read the scripture from Acts 8:26-39. Bob Ratliff will speak on the title "Philip was God's Man". James Baird will speak on the title "Philip Used God's Message".

Bill Fulcher will speak on the title "Philip Had Good Results." The conclusion of the message will be brought by Richard Johnson.

Billy Joe Chance, president of the Brotherhood, was all smiles Wednesday night when he presented the Brotherhood attendance

## Sermon To Be On Matthew

Morning Worship begins at 11:00 at the First Presbyterian Church. The Pastor, Donald S. Hauck, will bring a sermon dealing with the eternal significance of Peter's Confession and the Transfiguration of our Lord, entitled, "Point of No Return." This is based upon the account in the 16th and 17th chapters of Matthew.

Sunday Church School meets at 9:45 a.m. with the Youth groups meeting at their usual times — Junior Highs at 5:00 and Sr. Highs at 6:30. Evening prayer is at 7:45.

On Wednesday Evening, March 27th, the third in the series of pre-Easter services on the theme "Knowing the Lord Jesus Christ" will be held at 7:00 following a Fellowship supper at 6:00. Dr. Earl Crawford, pastor of the First Presbyterian Church in Wichita Falls, will be the preacher, bringing a message on "The Lord as King."

## Elder Wilson To Speak Sunday

Branch President C. V. Ingram of the Church of Jesus Christ of Latter Day Saints, announced that Elder Albert Wilson and Sister Wilson, of Panhandle will be the speakers at this Sunday's 6 p.m. sacrament service.

## Church Announces Sunday Service

"The Call of Springtime" will be the sermon subject of the Rev. Russell G. West, Sr., at eleven o'clock on Sunday morning at the Church of the Brethren, 600 North Frost Street. Sunday School will open at 9:45 a.m. with classes for all age-groups. The Young people of the Church will meet at 6:00 p.m. with Bryce and Leah Hubbard in charge. Bible Study and Prayer services will be conducted from 7 to 8 p.m. People who come are invited to bring their Bibles.

Youth week will be concluded this Sunday morning at the close of the Sunday morning hour. The youth have done a very fine job in their work this week and have gained valuable information and experience in their service.

Activities for the coming week include a Bible study class on Tuesday morning at 10:00. The study is on "The Life of Christ from the book 'From Bethlehem to Olivet.'" Wednesday morning at 9:45 is W.M.S. Mission Study. Tuesday evening the Training Union will have its regular monthly planning meeting. Regular services will be held Wednesday evening. On Friday the Training Union will be participating in the District 10 Training Union Workshop at Borger.

Among the many Scriptural selections, will be this citation from 1: Corinthians (5:8): "We are confident, I say, and willing rather to be absent from the body, and to be present with the Lord." Other passages will bring out the Christian Science teaching that all matter is a "graven image," a temporary, limited, delusive sense of things that must finally give way before the consciousness of ultimate, spiritual reality created by God. Included is this sentence from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 14): "Become conscious for a single moment that Life and intelligence are purely spiritual, — neither in nor of matter, — and the body will then utter no complaints."

## Church Page

### Junior Youth Fellowship To Be Held At First Christian Church

"Let's take a Trip" will be the title of the morning sermon given by the Rev. Glyn B. Adsit at the First Christian Church this Sunday. The anthem will be "Prayer of St. Francis" (arr. by Olds) under the direction of Miss Rosemary Lawlor, with Mrs. John Gill, organist.

Evening Bible Study Group, meeting at 6 p.m. will continue their study of the Book of Galatians.

The Junior Youth Fellowship (grades 3 through 6) will hold a "Pirate-Cast-away" party in the youth building Friday evening at 6:30. A prize will be given for the best costume. Featured activities will be a treasure hunt and a weiner roast.

All youth sessions will begin at 5:00 this Sunday rather than the normal time of 5:30. Reason for the change is the beginning of snack suppers at that time followed by a sing song around the dinner tables prior to the regular fellowship periods which include, worship, recreation, and study.

"Paul the Courageous" is the topic of the JYF program. A film dealing with the third missionary journey of Paul will be seen.

The Chi Rho Fellowship (grades 7 through 9) will continue their sessions of evaluation by indicating their preferences for program topics, service projects, and parties for the coming six months through interest findings.

Mrs. W. R. Harden will lead the Christian Youth Fellowship (grades 10 through 12) in their second session on the history and thought of the Christian Church (Disciples of Christ).

Following the evening adult bible study groups and the youth fellowship periods, two Lenten plays will be presented in the sanctuary of the church beginning at 7:00 p.m. Taken from a series of plays entitled "Eyes Upon The Cross" those attending will view the crucifixion through the eyes of "The Man Who Gave the Order," which deals with the centurion in charge of the Roman soldiers who crucified Jesus, and "The Disciples in Secret," which deals with

Dr. Douglas Carver, Pastor of the First Baptist Church, Pampa, will speak for 11:00 o'clock morning worship from the subject "Heaven's Open Windows". Mr. Joe Whitten will direct the church choir in singing "Take Me As Your Child, Lord" by Angell. Miss Eloise Lane, organist, will play "Verset" by Claussmann for the offertory.

Mr. Terry Joe Haralson will be the guest speaker for the evening worship at 5:00. This is the second time he has spoken for the services of the Church. The church choir will sing "Come O Jesus" by Ehret and the organ offertory will be "Song of Spring" by McCann.

The Brotherhood will meet Tuesday, March 26, at 7:00 p.m. in the dining room of the church. The Royal Ambassadors, under the direction of Mr. Pernal Scoggins, will present the program.

### Revival Will Start Monday

Joe Calabrese, pastor of First Assembly of God Church, Elk City, Okla., will be the evangelist in a revival meeting beginning in the Bethel Assembly of God Church, Hamilton and Worrell, Monday evening.

The revival beginning Monday night, March 25, will continue through Friday, March 29th. Evening services will be at 7:30.

Paul F. Bryant, pastor, will be ministering in both the Sunday morning and Sunday evening services.

Sunday school is set for 9:45. Morning worship is at 11:00 and the Sunday evening service will begin at 7:00.

The public is invited to attend these services.

"Near The Cross" To Be Theme For Lamar Christian

The messages presented, by Rev. Loren E. Williams, leading up to Easter will be on the general theme "Near The Cross".

Music will be under the direction of Mrs. Gene Pitmon, Mrs. Bernice Hatcher, organist.

A Visitation Training Week will be in session at 7:30 p.m. from March 25 - 28, 1963, prior to Visitation and Emphasis Week, April 1 through 5.

The ministers class for those who are planning to become members and those who would like to know more about the church has been set for March 23 through April 13 at 3:00 p.m. each Saturday at the church. The class is under the direction of Rev. Loren E. Williams.

JERRY BARRETT ... Conducting services

## Jerry Barrett To Hold Services

Rev. Jerry Barrett, ministerial student at Wayland Baptist College, Plainview, Texas will preach at both worship services Sunday in the absence of John Dyer the pastor who is conducting a revival meeting at First Baptist Church, Dill City, Okla.

Jerry was born at Pampa in 1944. He attended school here, but moved to Clarendon, Texas with his parents Mr. and Mrs. Jim Barrett where he graduated from High School. Jerry answered the call of God to preach the gospel when he was 16 years old.

He married the former Miss Brenda McNear of Goodnight, Tex. He is a talented musician and is Dist. Pres. of the Youth Association. While in High School in Pampa he sang in the Pampa High School A capella Choir and with a college quartet. Sunday School begins at 9:45 and the morning worship at 11:00 o'clock. Training Union at 6:00 and evening worship at 7:00. The choir will be under the direction of Mr. Fred Bridges, Minister of Music.

Church-wide visitation Monday night at 7:00 directed by Mr. Jack Gist, church superintendent of visitation. Wednesday evening worship service will be conducted by Mr. Fred Bridges in the absence of the pastor.

Hobart Street Baptist Church is located at 1001 W. Crawford. The church is in the process of changing the name since moving from the old location on Hobart Street. We realize the confusion by having the name Hobart when we are not on Hobart. The public is cordially invited to attend all the services.

Church-wide visitation Monday night at 7:00 directed by Mr. Jack Gist, church superintendent of visitation. Wednesday evening worship service will be conducted by Mr. Fred Bridges in the absence of the pastor.

## Fourth Sermon In Series To Be Heard At Highland Baptist

Services at Highland Baptist Church begin at 9:45 with Sunday School followed by morning worship service at 11. Reverend J. J. W. Allison will preach the fourth sermon in a series, "The Seven Sayings of Christ on the Cross." Sunday's sermon is entitled "Christ Away From God." At the Sunday evening worship service at 7:30 the sermon subject will be "What Shall We Believe?"

The Adult Choir, under the direction of Roy Harper, will sing "God of Our Fathers, Whose Almighty Hand" accompanied by Mrs. Don Newman at the organ and Mrs. Ann Winegeart at the piano.

During the Sunday School hour adults will be studying from Mark the 12th chapter, "Why Men Resist Christ." The topic for discussion in the Training Union, which begins at 6:30 will be that of "The World's View of our Church." The New Member's Class meeting during Training Union, conducted by

the pastor, will be discussing Baptist Doctrines, Baptism, The Lord's Supper and The Security of the Believer.

Wednesday evening services begin at 6:45 with officers and teachers meeting followed by prayer meeting at 7:30. Rev. Allison will be teaching from James 5:1-7, "The Rebuke of the Wicked Rich Men."

President Thomas Jefferson compiled a Bible for his own use.

## Revival Slated

PERRYTON (Sp1) — The Open Bible Church will hold nightly revival services at 7:30 p.m. The Evangelist party includes Kenneth Gaud and wife, and Ray Hutcheson, one of America's top pianists in the gospel field. There will be special music and everyone is invited to attend.

President Thomas Jefferson compiled a Bible for his own use.

# Third Annual Pampa Ski Club's Boat Show Opens Tomorrow

## Something For Every Outdoors Lover To Enjoy Is On Display

**WATER FUN** — A typical busy Sunday at Lake McClellan shows water skiers, fishermen and boat lovers getting set for a day of fun. The latest models in boats, motors and outdoors equipment can be seen at the Boat Show in the First National Bank Annex Saturday and Sunday. (Daily News Photo)

The third annual Boat Show, sponsored by the Pampa Boat and Ski Club, will open a two-day stand of water-skiing, boating, skin-diving and fishing displays, demonstrations, and films tomorrow morning at 10 a.m. at the First National Bank Annex at 101 N. Ballard.

At 11 a.m., a parade down North Cuyler Street will be headed by bathing beauties in swim suits, who will model in the show, with their convertibles towing some of the newest model boats which will be on display at the show.

The opening day's show will run from 10 a.m. to 9 p.m. Sunday's show will open at noon and close at 6 p.m. Included in the show will be displays of the latest model boats, from little utility boats to sea-going cruisers, as well as various makes of outboard motors, from three-horsepower up to the latest 100-horsepower skiing and racing models.

### BOAT SHOW SCHEDULE OF EVENTS

**SATURDAY**

10:00 a.m. Show opens  
10:30 a.m. Color film: Ski Champs In Action  
11:00 a.m. Boat and bathing beauty parade  
2:00 p.m. Style show

## BOATING

By KENNETH CARR  
United Press International

The Coast Guard will provide a much-needed helicopter detachment for search and rescue operations on the Gulf Coast starting Sept. 7.

The detachment will fill the gap between Corpus Christi and New Orleans, the nearest Coast Guard installations with air rescue units. The group will be made up of

### Boat-Ski Club Busy All Year

During the winter months, the Pampa Boat - Ski Club is far from idle. There are many hours of planning involved in making arrangements for the coming summer's activities. All boat races and skiing tournaments must be planned well in advance to be checked out with the other clubs in the area to avoid conflicts because the majority of the events scheduled for the individual clubs are participated in by all the clubs in the area as well as contestants from other points in Texas and out of the state.

All equipment must be checked out and the necessary repairs made to the ski jump, slalom course, tow boats, tow lines, and safety equipment to be sure everything is in readiness for the heavy schedule starting early in the spring and ending in late September.

There is a lot of planning and hard work involved in holding a tournament. Committees must be set up for scoring, equipment, awards, registration, and numerous people are needed for time keepers; boat drivers; and event, boat, and dock judges. The events most commonly held are slalom, tricking, and jumping. Once in a while mixed doubles are added to the schedule. There are two main divisions — men's and women's with veteran men, men, boys, and junior boys classes in the men's division and veteran women, women, girls, and junior girls classes in the women's division.

Trophies or ribbons are awarded the first three places in each class with an overall trophy for each of the two divisions and a team trophy for the most points added to the awards for the major tournament of the year which will be an AWSA (American Water Ski Association) sanctioned tournament to be held at Lake McClellan June 15th and 16th. The Class "C" tournament will be held basically according to AWSA rules and regulations and will require a second class rating to enter competition.

The Club also sponsors ping pong tournaments, picnics, a Halloween costume party, Christmas banquet, New Year's Eve dance, and some of the men in the club have organized a basketball team this fall which has done very well with a 19-4 standing for the season.

The needles and springy boughs of the balsam fir are ideal for making a mattress in the wilderness. The gum of this tree was an old-time remedy for cuts, and a salve was made from it.—Sports Afield.

**Winter Sports**  
PORTLAND, Ore. (UPI) — Winter sports areas of the national forests of Oregon and Washington attracted more than 1 million visitors in 1962, according to the regional forester.

**Packaging Costs**  
KINGSTON, R.I. (UPI) — If the supermarket checker rings up \$20 for your week's groceries, it's a safe guess that \$1.50 to \$2 of the total is for packages.

Jim Bromley, consumer education specialist for the University of Rhode Island, says that on low-priced items, the cost of the package often is high in relation to the cost of the product. On a tube of toothpaste, for instance, the package cost may be 60 to 70 per cent of the cost of the product.

three helicopters, 10 officers and 25 enlisted men and will be located at Ellington Air Force Base, near Houston.

Recent boating mishaps in the highly-populated waters in the Houston-Galveston area prompted the need for such a detachment, a Coast Guard spokesman said.

These waters are the busiest on the Texas Coast, the Coast Guard said.

The helicopters are of the latest type which can rescue by hoist or by landing on the water.

Texas boaters thinking about buying a new trailer or just the different capacities of winches, the Mercury outboard boating people say.

The winch should match the trailer's load capacity to insure a safe hauling, the Mercury winch should give some thought people say.

More than 50 entries have been received already for the Texas water safari, a 500-mile marathon labeled the "toughest-boating race in the world."

Frank Brown of the San Marcos Chamber of Commerce, chairman of the race, said most of the entries are canoes, from 12 to 18 feet in length.

The thing that makes this race so "sticky," Brown said, is the fact that the boaters must navigate under two entirely different conditions, a swift river filled with dams and log jams and the open salt water bays. A boat that is ideal for one part of the race may be a big step in the wrong direction for the other.

At regular intervals, color motion pictures of champion water skiers in action at famed Cypress Gardens, Fla., will be shown.

**Style Shows**

In addition, two style shows daily, featuring the latest in bathing suits and sportswear will be modeled by some of the lovely lassies in the Boat and Ski Club.

Admission to the show will be 25 cents per person, with children under 12 admitted free. The admission price entitles you to stay all day if you wish, enjoy all the events, demonstrations, and movies, admits you to the style shows; and in addition, entitles you to a chance at the door prize—an electric can opener with knife sharpener.

There will be free bubble gum and candy for the youngsters, and refreshments for those who get hungry or thirsty enjoying the multitude of events.

**Raffle Prizes**

Tickets are on sale now, and can be obtained from any Boat and

**Equipment Displayed**

Water ski equipment will be on display, with a lovely model demonstrating and explaining the use of the equipment and the enjoyment that can be had in water skiing. The latest skin-diving equipment will also be on display, with demonstrations of the use and donning of SCUBA equipment, as well as the enjoyment of that sport.

For the fisherman, there will be a display of the latest in fishing gear—rods, reels and equipment for both fresh-water and salt-water fishing. Sunday, there will be a demonstration of the use and art of casting plugs and flies.

Camping gear for the outdoors lover, who likes to spend the long weekend fishing, skiing or enjoying water sports in general will also be on display and demonstrated.

At regular intervals, color motion pictures of champion water skiers in action at famed Cypress Gardens, Fla., will be shown.

**Style Shows**

In addition, two style shows daily, featuring the latest in bathing suits and sportswear will be modeled by some of the lovely lassies in the Boat and Ski Club.

Admission to the show will be 25 cents per person, with children under 12 admitted free. The admission price entitles you to stay all day if you wish, enjoy all the events, demonstrations, and movies, admits you to the style shows; and in addition, entitles you to a chance at the door prize—an electric can opener with knife sharpener.

There will be free bubble gum and candy for the youngsters, and refreshments for those who get hungry or thirsty enjoying the multitude of events.

**Raffle Prizes**

Tickets are on sale now, and can be obtained from any Boat and

Club member, and will also be on sale at the show for the grand raffle prizes. First prize in the raffle will be a portable TV set, second prize a ladies hair dryer and third prize will be "double your money back." Raffle tickets will cost \$1.

Closeout feature of the Saturday show will be a "twist contest" at 8 p.m. Entry fee will be 50 cents per couple, with a \$10 cash prize. Teenagers especially are invited to compete, but if you can twist, from six to sixty, come on and enter, say the Boat and Ski Clubbers.

**Advance Water Sports**

All proceeds from the show go to the Pampa Boat and Ski Club to be used for the improvement and advancing of not only water skiing, but all water sports, and area lake facilities.

The proceeds will go to finance this year's skiing tournaments and boat races, and also to improvement of present facilities at Lake McClellan, and to a building fund for a planned clubhouse.

was organized in 1958 and has grown steadily in the past five years to over 150 members from Pampa alone, as well as affiliating with the area federation of water ski clubs and the American Water Ski Association, which is the governing body for water ski races, tournaments and championships.

Membership is open to all boating, skiing and fishing enthusiasts in the Greater Pampa area. Information on joining the club or use of its facilities can be obtained from club members at the show.

With the completion of the Canadian River Dam, opening far larger bodies of water to the boating and outdoor enthusiasts, the Boat and Ski Club anticipates far more club activity and much improved facilities for both members and outdoor enthusiasts of all kinds.

If you are a water-sport lover, regardless of what your particular water sport favorite is, there will be something of interest to everyone, young and old, at this weekend's Boat Show.

**ROCKET AGE RAFT**—This Twentieth Century successor to Huck Finn's raft is a pontoon boat that can push along fast enough to pull water skiers or slow down for prying.

**SHADED LADIES** — What looks like a 10-armed creature from outer space actually is five lovely girls hiding under protective sunshade hats at Cypress Gardens, Fla.

**JUMPING PATTERN** — Diagram illustrates successive positions water skier must take in order to show perfect form in completing a successful jump over a ramp, another event in competitive water skiing. The Pampa Boat-Ski Club ramp at Lake McClellan meets with American Water Ski Association's standards, and will be used in the Pampa Club's first sanctioned tournament, to be held June 15 and 16.

## Slalom Racing is Thrilling Experience

Slalom skiing has a parallel in racing. In both types of skiing, you attain high speeds. The skis for both types of skiing must be developed with more speed and less drag as the ultimate aim. Slalom requires a good eye, fast reflexes, and a high degree of muscular coordination.

A good eye, because you must be able to see the buoys at high speed and visualize the next buoy even before you look for it, plus judging the type of wake you will cross.

Fast reflexes, because fast moves are required as you cross

the wake at more than 45 miles an hour and have only a split second to plan your action for each buoy — when to begin the cut, when to put the weight on the back of the ski, when to bend from the waist, when to take in the slack and start for the next buoy. All of this must be thought out enough in advance so that your senses can coordinate the next chain of events.

Slalom skiing requires the same amount of practice time as trick riding to get a superior performance. Fifteen or twenty complete runs through the slalom are the

equivalent of about 20 or 30 miles of skiing. One fourth of this distance being used for maneuvering the boat. Skiing develops your muscles and builds your stamina, especially those in your hands, wrists, arms, legs, and back.

The slalom race can be broken down into three basic actions: (1) Pull and acceleration, (2) Braking, body lean and committing to turn, and (3) Across course straight away run.

Pulling and acceleration starts (well in advance of buoy number 1 and decreasing with each successive buoy) and ends in the proximity of the first wake. The amount of pull, however, tends to increase with each successive buoy after the first buoy. The braking, body lean and committing to the turn is also greatest at the first buoy and decreases with each successive buoy.

Four rules to follow for a good slalom run are: 1. Cut through the gate and get out beyond the right side of the course as quickly as possible. — 2. As you approach the starting area, the course should begin to parallel that of the boat. Your weight should be well over the front foot and your body bent forward from the waist. The inside hand with handle should extend well in front of your body. — 3. Time your turn so that you will cut the buoy as close as possible. You must turn some distance before the buoy and it is at this point that you begin to apply power and begin acceleration. — 4. As you begin to turn, the shoulders and upper body are brought back simultaneously and the handle is pulled in towards the hips. THE MAIN THING TO REMEMBER! You want to begin acceleration before you reach the buoy, not after it.

There can be several reasons for the scarcity of fish in some large metropolitan areas: the increased number of anglers; a harvest greater than the number of new fish in any one year; pollution. The U.S. Department of Health recently stated that more fish are killed by industrial wastes than by any other pollutants. — Sports Afield.

When skiing families go to a new lake as they quite often do, a sight seeing cruise is a must. There is always something of interest to be seen. Also it is a lot of fun to visit with other people engaged in like relaxation. It is surprising how many ways a method there are to help a person learn to ski or a certain skill that is waiting to be mastered by the steadily progressing skier. Someone once said "I never met a man I couldn't learn something from." — this is very true in water

## Water Skiing Can Be Fun For Everyone In Family

Fresh air, sunshine, a sandy beach, shade trees, blue water and the great outdoors: what better environment can a family have for physical growth and healthful recreation?

Skiing on a family basis is truly more complex than that of single people or of those who have no children. Some fathers laughingly remark, "It's like moving", and truly there is some similarity. To spend a weekend at a lake there are some necessities and many things desired, more by the she than the he, to be packed and carried along. Early in such activities some necessities will be forgotten and a list will soon prove a must. Station wagons are very handy for the family that water skis. Sleeping facilities if available are very expensive and under these conditions it isn't hard to decide sleeping out is much more fun. With a wagon and a medium sized tent five to nine people can be bedded depending on size and temperaments of the people involved.

Once camp is set up and things are reasonably well organized it is time for skiing. Any boat from a twelve foot fishing boat to a cabin cruiser with a reasonable sized motor as compared to the size of the boat will do to pull the family skier. Ordinarily the adults ski first, this may vary with families; but regardless of order each person has his turn unless of course he or she wishes to pass. Passing a ride is not as unusual as one might think, there are many reasons for so doing; rough water, tired, mad, wants coaxing, taking a sun bath or too much sun bath.

Children love a skiing trip. Playing in the water is one thing that appeals to all children. Baby sitting is cut to a minimum when there is sand and water to be made into roads and streams. Sand castles take on many shapes and sizes. Small children soon overcome some false apprehensions about water and are fairly easy to teach to ski and swim.

One aspect of family skiing is teaching. It is not unusual for a couple of families to get together for a skiing trip and not more than one or two of them know how to ski. There are great many spills and falls to learning to ski but the water is soft especially at speeds of twenty-five miles or less. Higher speeds are strictly out of line until the skier becomes more proficient. Another thing to be kept in mind is this, a person learning to ski should not continue to try to ski after he becomes tired.

The boat can be and usually is an article of great pride to the family. The little ones get very unhappy if a boat ride isn't soon offered. Then too these small ones are real handy as observers when a skier is being towed. One thing should be very strictly enforced and this is the wearing of a flotation device. Also children riding in a boat must stay seated and not drag fingers in the water.

When skiing families go to a new lake as they quite often do, a sight seeing cruise is a must. There is always something of interest to be seen. Also it is a lot of fun to visit with other people engaged in like relaxation. It is surprising how many ways a method there are to help a person learn to ski or a certain skill that is waiting to be mastered by the steadily progressing skier. Someone once said "I never met a man I couldn't learn something from." — this is very true in water

skiing. Early in the mornings the water is usually like a mirror and if you aren't a sleepy head and can find another water fiend this can be the most enjoyable time of the trip. Gliding along with no waves and very few other boats to worry about, the air is brisk and gives a zest to the skiing. Also late in the afternoon is a good time for a smooth ride and less traffic. Nights are real nice—a moonlight ride is a leisurely way to relax after a strenuous day of skiing. Al-

so the cheerful glow of a campfire lends itself well to discussions on any number of subjects but usually it is about the activities of the day just closing or the hopes of attaining some new skill the next day. There is one thing that water skiing does and does well, in this day of stress and strain, mentally speaking, water skiing is as good a way to relax and forget all outside tensions. A day or two at a lake will probably leave you physically tired but is sure to have you mentally rested.

## Boat-Skiers Open Judging School

The Pampa Boat & Ski Club initiated a judging school in January this year under the direction of David Enloe, past president. The school was for the purpose of instructing the members in proper AWSA (American Water Ski Asso-

ciation) procedure for handling a tournament. The Club is sponsoring their first sanctioned tournament this summer and needs qualified judges schooled in AWSA rules and regulations to continue to grow as they have in the past. General rules and regulations in the AWSA manual were covered as well as sessions in more detail on slalom and trick skiing and jumping.

A discussion period was held after each session in which the

## Buy Right Boat For You

It's true; real landlubbers are rare today. But the sportsman who goes out only in the boats of friends is likely to get just a passenger's viewpoint and, if each friend has a different sort of boat, he may get no real insight into any.

If you have yet to buy your first boat, there is one big, important point to remember: there are rules for good, safe boat buying, rules for any boat buying. You must follow them all; being a beginner is no excuse. Only experts can make exceptions—they alone can figure out a calculated risk.

A boat must be chosen to suit both the waterway it will be run on and the load it will carry; that is the basic consideration you as a first-timer must never lose sight of. Nothing can reveal sheer ineptitude better than buying a boat smaller than what the waterway calls for, simply because as is often said, it is easier for a beginner to handle. Only proper size can combat steep waves, in a powerboat, and it's a genuinely safe bet no waves will ever level down because a novice is out in them.

This does not mean you have to buy a big boat, says Willard Crandall, Boats Editor, Sports Afield Magazine. The waves of the ocean, Gulf and large lakes, such as the Great Lakes, will not offer any problem, for you won't be going out on them. Not only are sheltered waters safer for those getting their experience, but also they afford quicker and more fun-filled chances to get that experience.

Of course, it is quite evident that circumstances vary for any first boat. Sheltered waters are of all kinds: swift rivers, tidal bays, quiet ponds, and so on; and they offer a variety of places on which to keep the boat as well as to run it.

An outboard of about 16 feet is about the most popular boat in America today; it's well-suited to a trailer, to one of intermediate size that's the easiest of all to learn to handle. For a first boat, you're wise to choose something outstandingly popular — since there's obviously less chance of going wrong in view of your inexperience. Besides, a 16-footer is a remarkably versatile boat. It's as good for the fun of family guest cruising as for fishing.

"The Bikinis are \$15.95... and a note from your mother!"

participants were free to ask questions on each particular point. The school lasted approximately six weeks with the last session conducted by LeRoy Ogden on the finer points of tournament score keeping.

After the Boat Show now under way, this summer's schedule includes a joint cruise of the Area Federation of Boat & Ski Clubs to be held at Foss-Dam in western Oklahoma. That week-end's activities will include a log race, a crazy slalom course run at 25 miles per hour on two trick skis, a drag race, and various other "for fun" contests.

This promises to be a big event this year and should do much toward promoting unity among the various Panhandle boat & ski clubs. There are numerous tournaments and boat races scheduled from March until September. Fall will bring around time for election

of officers and the annual Halloween costume party, Christmas banquet and installation of officers, and, of course, the annual Eskimo Tournament and Ski Race and the traditional New Year's Day boat race.

How large should casting and spincast guides be? Close to 3/4 inch for the first one and around 7-32 inch for the tip top one. Any much smaller hamper casting. — Sports Afield.

Good natural-gut fly leaders may be better than monofilament ones, but they're so much trouble and deteriorate so easily that only very finicky anglers use them now. — Sports Afield.

Colorado has the greatest number of high peaks of any state in the nation.

## Area Skiing Schedule

- March 17 — Drag Race, Buffalo Lake
- March 23 & 24 — Pampa Boat Show
- April 6 & 7 — Cruise, Foss Dam, Western Okla.
- April 21 — Lubbock Ski Show
- April 28 — Pampa Boat Race, Lake McClellan
- May 5 — Water Ski Tournament, Buffalo Lake
- May 12 — Borger Boat Race, Lake McClellan
- May 19 — Pampa Open Ribbon Tournament, Lake McClellan
- June 2 — Borger Closed Tournament, Lake McClellan
- June 9 — Amarillo Tournament, Buffalo Lake
- June 15 & 16 — Pampa Sanctioned Tournament, Lake McClellan (2nd class rating to enter)
- June 23 — Lubbock Open Ribbon Tournament
- July 5, 6, & 7 — Lubbock Open Sanctioned Tournament
- July 20 & 21 — Amarillo Rick-Shaw Sanctioned Tournament, Buffalo Lake
- August 4 — Borger Hydro Race, Lake McClellan
- August 11 — Borger Tournament
- August 11 — Amarillo Boat Race, Buffalo Lake
- August 18 — Amarillo Trick-Taking Tournament, Thompson Park Lake

AMERICA'S BEST BOAT VALUE! \$995 Fully Equipped. Only the Top Is Optional. F.O.B. Atlanta

Production of one supreme model with tremendous volume and great efficiency enables us to offer you value no other manufacturer can equal.

Advertised Price Includes All the Features and Equipment Below:

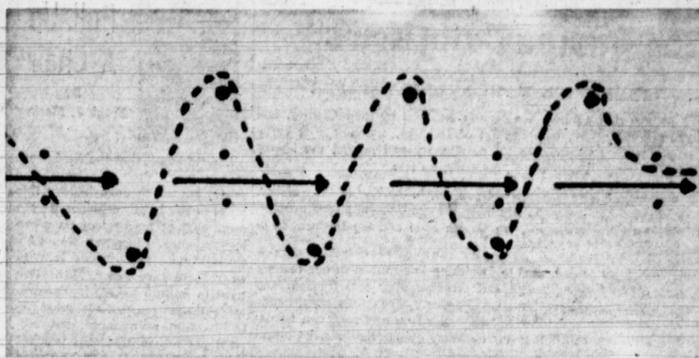

- Two separate fiberglass hulls—positively true-fused into one integral unit under 30,000 lbs. of pressure
- True-type fiberglass stringer assembly for phenomenal new strength
- Compound plexiglass windshield—largest in the industry
- Luxury upholstered seats for six
- Huge, level open cockpit floor with non-slip pattern
- Custom crafted accessories
- Mirror-finished molding over all raw edges
- Deluxe triple chrome deck hardware and bow lights
- Built-in cargo space under deck and seats
- Built-in throttle mount, gas tank and battery holder
- Mirror-magic showboat colors that never fade
- Exclusive non-trip chimes
- Factory-installed precision-touch steering, and many other features.

**WATER COLORS**—Fashion conscious skin divers, water skiers and surfboard enthusiasts are abandoning the basic black of underwater sportswear in favor of a revolutionary method of applying color to neoprene foam rubber protective waterproof clothing.

**SKI CLUB OFFICERS** — From left, vice-president Bill Stephens, president Ray Duncan and secretary Yobby Southard urge everyone to attend the Boat Show. (Daily News Photo)

**SLALOM RUN** — Above diagram illustrates the slalom run course in competitive water-skiing. The boat and skier must run these buoys successfully and winners are judged on the basis of boat speed time and consecutive and total buoys made by the skier. Arrows illustrate the path boat must take, dotted lines indicate skier's course.

### Crappie Make Good Fishing

You will find more diversity of opinion on the place of the crappie in sport fishing than on that of almost any other fish. Some bass and trout fans yawn at the mere mention of his name, but a huge number regard catching crappies as grand sport.

As a fighting fish, a crappie's considered quite inferior to a bass or a non-hatchery trout of fair size. However, for reasons that are hard to understand, the fighting characteristics of crappies vary widely. In some places, they give a poor scrap, in others, quite a good one. Yet, in spots where most of those you hook fight hardly more than a bull-head, you'll occasionally connect with one that actually puts up a faster, stronger fight than would a much larger bass, although he doesn't put on the aerial acrobatics of a bass or trout.

Here's another peculiar thing about crappies: In some places they thrive so well and breed so rapidly — a large female can produce at least 150,000 eggs at one time — that it's practically impossible to fight them out. Indeed, it would be desirable to remove a lot of them, so that those remaining

won't be stunted by lack of sufficient food.

In other spots, comparatively light fishing can make fishing for them very poor. A certain lake in the North that had been closed to fishing for several years to let the crappies increase and attain a fair size, was reopened. It had fine fishing for only a couple of months or so, after which it again went back because the crappies were too few and too small.

In the opinion of many anglers, including Jason Lucas, Angling Editor, Sports Afield Magazine,

the most real sport with crappies is when they're in the shallows as these first warm up. Of course, this happens far earlier in the southern states than in the northern, so fishermen in the South should be getting ready to have fun. In the extreme northern states, few crappies will be found in the shallows until May, and some will come in considerably later; indeed, if it's a cold spring, you may not find good shallow-water fishing until the end of June. But in any case, don't turn your nose up at these unpredictable fish.

**PRETTY FANCY** — Lovely Pat Enloe and her husband Dave show what fun water skiing can be as they try a trick stand. For information on water skiing, check Pampa Boat and Ski Club members at the Boat Show this weekend. (Daily News Photo)

The Pampa Daily News

AN INDEPENDENT FREEDOM NEWSPAPER

We believe that all men are equally endowed by their Creator, and not by any government, with the gift of freedom, and that it is every man's duty to God to preserve his own liberty and respect the liberty of others.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guides expressed in the Ten Commandments, the Golden Rule and the Declaration of Independence.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings. For only when man understands freedom and is free to control himself and all he produces, can he develop to his utmost capabilities in harmony with the above moral principles.

SUBSCRIPTION RATES

By carrier in Pampa, 35c per week, \$9.00 per 3 months, \$27.00 per 6 months, \$54.00 per year. By mail paid in advance at office, \$10.00 per year in retail trading zone, \$15.00 per year outside retail trading zone, \$1.50 per month.

Sensible Safety Check

There is so much good sense in periodic automobile safety inspection that it is hard to realize that less than half the 50 states have such programs as we do here in Texas.

Local inspection does exist in some states which have no programs. This is all to the good, but it is hardly enough. Inspection should be required uniformly throughout the nation.

Women's Whims Win

Here's something else that's wrong with women: they don't know how to buy stocks and bonds. That is, they approach them in too personal a way — at least according to investment broker Albert Schwabacher Jr., of San Francisco.

A woman may, for example, sell stock in a growing retail firm simply because a clerk in one of its stores was rude to her. Or she

may buy stock for the converse of this reason.

For women to buy stock in a company, says Schwabacher, "is like a sentimental vote of approval, having nothing, or very little, to do with earning power."

The stock market is well known for its sudden dips and climbs, hitherto inexplicable. Could it be that herein lies the clue to it?

ENCOURAGEMENT

New Private Schools Bring Competition

By GEORGE BOARDMAN, Ph. D.

The last time I wrote about my built-in distaste for government owned and controlled, compulsory "education," I received a couple of letters from people who seemed to think I wanted all socialized schools closed tomorrow or the day after. The letter writers envisioned millions of little kids standing around on street corners trying to get into trouble as if not a single responsible parent existed in our country.

Every time a new private school opens for business, progress towards the road to freedom is gained. I have written my opinion of the philosophy of freedom as being evolutionary. Gains may be made on a step-by-step basis, progress may be achieved on a person-by-person basis and the socialist conglomerate may be defeated on an item-by-item basis.

Within the last month I have received word of two new and private colleges. One of them only recently has acquired land for the project. The other acquired the land a few years ago. Organization and building will probably require from two to five years in each case but this is real accomplishment and I find encouragement in such news.

Personally, I will continue to do anything I can to encourage private schools. I believe I can accomplish more by trying to provide encouragement for private schools than I can by trying to do something to improve a system of compulsory education which depends for financial support upon a basically immoral premise in the first place.

TIPS FOR SPRING

NEW YORK (UPI) — There will be tulips on Fifth Avenue today mark the first day of spring.

HOW TO ADDRESS

OUR LAW MAKERS

If you wish to write your senators and representatives in Washington and Austin, here are their addresses: FEDERAL SENATORS: Walter Rogers, House Office 25, Washington 25, D. C.

Pull Up A Chair

By Frank J. Markey

Legend has it that the first pearl was a tear, dropped from the moon, but all through history this jewel has been considered the most opulent because of its glowing radiance. Cleopatra was the world's most conspicuous lady to wear these rare gems. Man often tried to imitate nature in the creation of this treasure but failed until Mikimoto, a Japanese, discovered a process in 1894 that brought forth the cultured pearl. He held a world-wide monopoly until the patent expired in 1920. Now more than 100 companies cultivate them off the southwest coast of Japan.

Pan American's Intercontinental Hotels system continues its worldwide expansion in 1963 by opening more luxury hotels in Dublin, Limerick and Cork, Ireland; Frankfurt, Germany; Singapore, Hong Kong, Abidjan on the Ivory Coast of West Africa, Geneva and Vienna.

Washington (NEA) — Principal difficulty confronting President Kennedy's new tax program seems to be that it's so complex few people can understand it.

To offset this, Treasury Department is issuing a series of "fact sheets" to explain the details.

Each of these fact sheets, however, runs a half-dozen typewritten pages or more and covers a number of points. It still comes out complicated, no matter how simple they slice it.

So even if it is old news, here are some simplifications of the Treasury's simplifications. They are presented because so many people are writing Congress and the Treasury, asking for clarification of points they don't get.

The President's plan calls for individual income tax rate reductions to go into effect in three stages over a three-year period. The purpose of gradual change is to cause minimum dislocation to government financing and the whole economy.

Individual income tax rates now range from 20 per cent on low incomes to 91 per cent on top-bracket incomes.

Under the President's plan the first-year cut, no matter when the bill is passed, would reduce income tax rates to between 18.5 and 84.5 per cent. This would cut revenues \$2.8 billion.

The second cut in 1964 would bring tax rates down to between 15.5 and 71.5 per cent. The two cuts would cut revenues a total of \$8.3 billion.

The third cut in 1965 would bring tax rates down to between 14 and 65 per cent. The three cuts would cut revenues a total of \$11.5 billion.

In addition to these three cuts, two groups of seven reforms each are proposed. The first group is intended to relieve hardship on

some taxpayers and encourage economic growth. Five of these reforms would reduce tax receipts by \$740 million. The other two would have little effect. The seven reforms in the first group are:

1. Allow a minimum standard deduction of \$300 for an individual, \$400 for a couple and \$100 for each dependent. The present standard deduction of 10 per cent of adjusted gross income up to a maximum of \$1,000 would remain intact.

2. The present deduction for child care would be increased from a maximum of \$600 to a maximum of \$1,000.

3. Taxpayers older than 65 would be given a \$300 credit. This would replace the present complicated retirement credit.

4. Moving costs would be made deductible when taxpayers change residences for purposes of employment.

5. Taxpayers whose income fluctuates widely, such as farmers or authors, would be allowed to average their income over several years to escape high taxes in big income years.

6. All medical care and drug costs over 4 per cent of adjusted gross income would be made deductible and the ceiling on medical expense deductions would be wiped out.

7. Donations to public-supported charities would be made deductible up to 30 per cent of income.

The second group of seven tax reforms are intended to broaden the tax base and increase receipts by \$3 billion. They are:

1. A new floor of 5 per cent of adjusted gross income would be imposed on taxpayers who itemize their deductions. Only expenses above this floor would become deductible. In spite of this floor, increasing tax receipts by \$2.3 billion, itemizers would still receive an average tax cut of 14 per cent.

2. A 4 per cent floor would be imposed on casualty expenses, such as auto damage, fire or storm losses.

3. Present law, which allows wealthy individuals to escape all taxation when their charitable contributions and income taxes exceed 90 per cent of taxable income for eight out of 10 years, would be repealed.

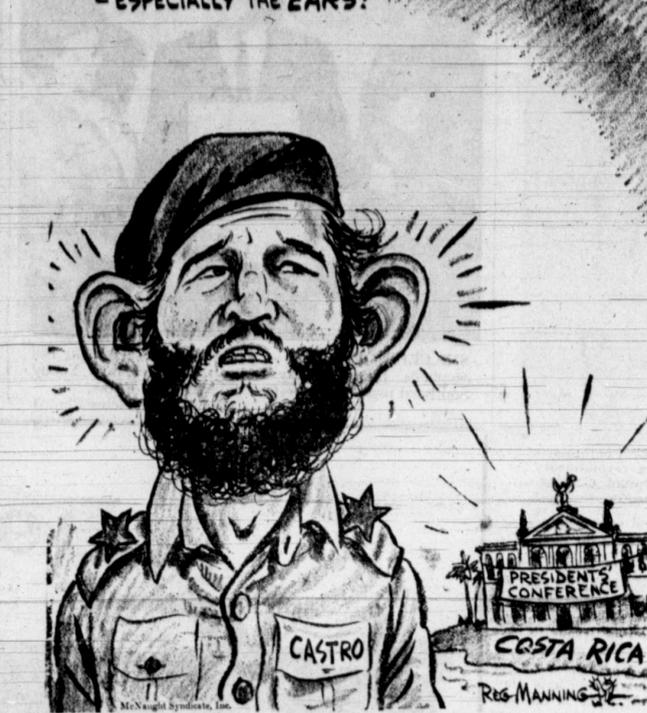

4. The present law which allows sick pay up to \$100 a week to escape taxation would be repealed.

5. Companies that buy group term life insurance for employees would be required to pay taxes on premiums for coverage in excess of \$5,000 on each employee.

6. The present law which allows the first \$50 of dividend receipts to be tax free and gives a further 4 per cent credit on all dividends received would be repealed.

7. In computing depletion allowances on mineral resources, taxation of income received by individuals from natural resource industries would be changed. Taxpayers would be required to take into account prior exploration and development costs previously deducted as expenses.

Edson In Washington Treasury Gives Rundown On Kennedy Tax Program

By PETER EDSON

WASHINGTON (NEA) — Principal difficulty confronting President Kennedy's new tax program seems to be that it's so complex few people can understand it.

To offset this, Treasury Department is issuing a series of "fact sheets" to explain the details.

Each of these fact sheets, however, runs a half-dozen typewritten pages or more and covers a number of points. It still comes out complicated, no matter how simple they slice it.

So even if it is old news, here are some simplifications of the Treasury's simplifications. They are presented because so many people are writing Congress and the Treasury, asking for clarification of points they don't get.

The President's plan calls for individual income tax rate reductions to go into effect in three stages over a three-year period. The purpose of gradual change is to cause minimum dislocation to government financing and the whole economy.

Individual income tax rates now range from 20 per cent on low incomes to 91 per cent on top-bracket incomes.

Under the President's plan the first-year cut, no matter when the bill is passed, would reduce income tax rates to between 18.5 and 84.5 per cent. This would cut revenues \$2.8 billion.

The second cut in 1964 would bring tax rates down to between 15.5 and 71.5 per cent. The two cuts would cut revenues a total of \$8.3 billion.

The third cut in 1965 would bring tax rates down to between 14 and 65 per cent. The three cuts would cut revenues a total of \$11.5 billion.

In addition to these three cuts, two groups of seven reforms each are proposed. The first group is intended to relieve hardship on

some taxpayers and encourage economic growth. Five of these reforms would reduce tax receipts by \$740 million. The other two would have little effect. The seven reforms in the first group are:

1. Allow a minimum standard deduction of \$300 for an individual, \$400 for a couple and \$100 for each dependent. The present standard deduction of 10 per cent of adjusted gross income up to a maximum of \$1,000 would remain intact.

2. The present deduction for child care would be increased from a maximum of \$600 to a maximum of \$1,000.

3. Taxpayers older than 65 would be given a \$300 credit. This would replace the present complicated retirement credit.

4. Moving costs would be made deductible when taxpayers change residences for purposes of employment.

5. Taxpayers whose income fluctuates widely, such as farmers or authors, would be allowed to average their income over several years to escape high taxes in big income years.

6. All medical care and drug costs over 4 per cent of adjusted gross income would be made deductible and the ceiling on medical expense deductions would be wiped out.

7. Donations to public-supported charities would be made deductible up to 30 per cent of income.

The second group of seven tax reforms are intended to broaden the tax base and increase receipts by \$3 billion. They are:

1. A new floor of 5 per cent of adjusted gross income would be imposed on taxpayers who itemize their deductions. Only expenses above this floor would become deductible. In spite of this floor, increasing tax receipts by \$2.3 billion, itemizers would still receive an average tax cut of 14 per cent.

2. A 4 per cent floor would be imposed on casualty expenses, such as auto damage, fire or storm losses.

3. Present law, which allows wealthy individuals to escape all taxation when their charitable contributions and income taxes exceed 90 per cent of taxable income for eight out of 10 years, would be repealed.

4. The present law which allows sick pay up to \$100 a week to escape taxation would be repealed.

5. Companies that buy group term life insurance for employees would be required to pay taxes on premiums for coverage in excess of \$5,000 on each employee.

6. The present law which allows the first \$50 of dividend receipts to be tax free and gives a further 4 per cent credit on all dividends received would be repealed.

7. In computing depletion allowances on mineral resources, taxation of income received by individuals from natural resource industries would be changed. Taxpayers would be required to take into account prior exploration and development costs previously deducted as expenses.

Question Box

(We invite questions on economic and the proper functions of government which will not injure anyone.)

Question: "Are monopolies a means of improving the well-being of all mankind on this earth?"

That question cannot be answered "yes" or "no" because there are so many interpretations of and beliefs as to what monopolies are.

We would say that monopolies created by force by way of the state are never beneficial to all mankind unless the man who has the idea agrees to let it become public domain property after a certain period of time, such as patents and copyrights. The purpose of this course, is to prevent the idea from dying with the death of the individual, and to keep it secret for the individual who owns it so he will not lose his right to his property. With these two exceptions, we can think of no monopoly supported by the state that is beneficial, in the long run, to anyone.

On the other hand, a monopoly on ideas or a monopoly on a way of doing things is beneficial to all mankind, because, in order for this monopoly to benefit its owner, it must be used and distributed in order to satisfy the customers and give them a service that they were not able to get before for less effort.

Probably the most harmful of all monopolies is giving the state a monopoly on how children can be "educated" and who can train them. This monopoly has crept upon the American people gradually until they do not even realize the seriousness of this monopoly and what it leads to. Every dictator immediately grabs this monopoly and has complete control of what the youth of the land is taught. But it had to be done gradually in the United States, because people believed more so in liberty and freedom and man's rights in and esteem of private property in the United States than any other place in the world.

So we will say that some monopolies are beneficial, because they bring about new ideas and enable people better to communicate with each other, and because they materially satisfy human wants with less sacrifice, with less effort.

When one talks about monopolies, it should be recalled whether it is a monopoly authorized by initiated force by way of the state or whether it is a monopoly acquired through voluntary effort on the part of the individual. That is a beneficial monopoly.

DENIES CHARGES NEW YORK (UPI) — Former Brazilian President Juscelino Kubitschek said Thursday that U.S. State Department charges of Communist infiltration in Brazil "are not true."

But Kubitschek, an adviser to President Kennedy's Alliance for Progress, said he did not feel the charges would result in permanent damage to U.S.-Brazilian relations or the alliance.

JOINS FOUNDATION WASHINGTON (UPI) — President Kennedy has named Leland J. Haworth, a member of the Atomic Energy Commission since 1961, to succeed Dr. Alan T. Waterman as director of the National Science Foundation.

Allen-Scott Report

Fulbright Committee Secret Hearings Reveal Startling Violations by Lobbyists for Foreign Governments

WASHINGTON — Those secret hearings of the Senate Foreign Relations Committee have uncovered startling evidence on the operations of lobbyists for foreign governments.

Three striking instances brought to light by the investigators, headed by Chairman J. William Fulbright, D-Ark., are:

Two cases of foreign governments contributing directly to congressional campaigns and members of Congress.

Twenty-seven lobbyists of their firms failed to report to the Justice Department the names of and financial arrangements with foreign government clients.

In 72 other cases foreign lobbyists violated the Foreign Agents Registration Act by failing to make a full accounting of their fees and expenditures.

These highlights of the committee's backstage disclosures will be aired publicly in a series of open hearings scheduled to begin in a few weeks.

Of 102 foreign lobbyists now under committee subpoena, Senator Fulbright plans to question only about a dozen in public view. Pressure is mounting on him to reduce the list of witnesses being grilled behind closed doors even further.

As of the first of this year, 411 lobbyists representing 108 nations were registered with the Justice Department. Most of these lobbyists are U.S. citizens. All are under committee scrutiny.

BUYING INFLUENCE — Most glaring instance of a foreign lobbyist influencing a member of Congress involves a Washington lawyer who represents a European nation that gets from \$25 million to \$50 million in aid.

The Senate probers traced a \$1,000 campaign contribution from this foreign government through its lobbyist to a member of Congress from a large East Coast state.

Within a week after the legislator got this money, the Congressional Record shows he delivered a speech lauding the country and its iron-fisted ruler.

The "donation" was not listed by the lobbyist in any of his reports to the Justice Department, although an unidentified expenditure item of \$1,000 was recorded in his income tax return.

In another instance, the Senate investigators uncovered a campaign contribution of more than \$1,000 from a Washington lobbyist for a small Central American government to a member of the House Appropriations Committee, which passes on the multi-billion dollar foreign aid budgets.

Under questioning, the lobbyist contended the contribution came from his own pocket, although admitting that more than 80 per cent of his income that year was derived from one source—his foreign client.

Another high-salaried Washington attorney quizzed by the committee admitted exchanging checks of considerable amounts with a syndicated Washington writer.

He told the committee the checks were merely private loans and were not for the purpose of obtaining favorable publicity for his Latin American clients.

Justice Department officials have admitted to the committee that no effort has been made to enforce provisions of the Foreign Agents Registration Act requiring TV movies produced by foreign governments to be labeled as such. The reason given is lack of personnel.

HAVANA CALLING — "Axis Sully" and "Tokyo Rose," the Americans who served as Axis propagandists in World War II, have modern counterparts in Cuba today.

Most raucous anti-American propagandists among U.S. turncoats, granted "political Asylum" by Castro and broadcasting tirades daily from Havana, are:

Mrs. Barbara Collins, 26-year-old daughter of a New Jersey minister and former member of the "Fair Play for Cuba" Committee.

Illah Warner, former teacher and part-time radio announcer from Spearhead, South Dakota.

Robert Williams, expelled head of the Union County, N.C., branch of NAACP, and a fugitive from justice.

Of the trio, Williams is considered the most effective. His program "Radio Free Dixie" is beamed throughout the South over Radio Havana with three powerful 100,000-watt transmitters.

In recent broadcasts, Williams has urged negroes and Cuban refugees to seek to overthrow the U.S. government. He is wanted for kidnapping by North Carolina. A federal warrant was issued on August 28, 1961, for unlawful flight to avoid prosecution.

Illah Warner is heard almost

nightly broadcasting in Spanish and English over radio station CNCA in Havana. Mrs. Collins appears regularly on Radio Havana to extol Castro's Communist regime.

FOREIGN FLASHES — President Kennedy's meeting with Central American Presidents in Costa Rica will produce no major developments regarding Cuba. To counter congressional critics, the President is inviting a bipartisan group of senators and House members to accompany him.

Since his return from a trip to Poland, Representative John J. Rooney, D-N.Y., chairman of the House Appropriations Committee on the State Department budget, has averaged a weekly invitation to dine at the Polish embassy—but refused them all. The influential lawmaker's policy is to be friendly toward the Polish people, but not to members of their Communist government.

**How much did it cost you for car maintenance last year?**

Most owners have no idea what it costs to keep their cars on the road. And just keeping a car on the road is not the answer in our opinion.

The folks who enjoy our "PMS"—Preventive Maintenance Service—plan know exactly what maintenance costs are. And the savings they enjoy in more economical operation is all money saved. Yes, the "PMS" plans gives you extra miles of safe and happy motoring.

Why not take a minute to drop in and let us tell you about it. It would be well worth your time.

### Television In Review

By RICK DU BROW  
United Press International  
HOLLYWOOD (UPI) — Now that Andy Williams' Thursday night series on NBC-TV has been cancelled as a weekly event next season, it seems safe to describe the show's passing as a clear case of suicide.

True, the singer is scheduled for a dozen one-hour programs in the 1963-64 go-round. But NBC had higher hopes, namely that he would replace Perry Como, who is easing off to six or seven shows during the same period.

And for Williams' sponsors and his brain trust, a usually intelligent group of men, the entire experience of how they gimmicked themselves into defeat—by trying to palm off their swinging star as an aw-shucks cornfed type—should offer them some lessons to remember.

Yet anyone who watched Williams Thursday night, or any week knows he is just no plowboy. He may come from Wall Lake, Iowa, but the very clothes he has sported from the beginning of the series are Fifth Avenue. It is a production oversight that has been glaring from September on.

Rarely has a show failed with so much going for it. Williams' voice is a delight. Two of his regular singing groups—the New Christy Minstrels and the harmonizing young Osmond Brothers—are real finds. And there have been plenty of big-name guests each week.

On the debit side, there are two incredibly annoying coffeehouse

types, R. G. Brown and Marian Mercer, each sporting what apparently is supposed to be a cute New York accent.

But the fact that the weekly producer, Bob Finkel, has left much to be desired, and has guided a failure, has not stopped him from being named to put on the Emmy awards show. That's Hollywood.

The Channel Swim: Not unexpectedly, Spencer Tracy bowed off ABC-TV's April 8 Oscarcast; he avoided them in the past, doesn't like the Academy Awards being on television, but was asked to be a presenter on this one. Now it seems he has to go out of town.

Another rugged-olddimer, Melvyn Douglas, turns up for a rare video appearance April 15 on ABC's "Ben Casey" as a paralyzed architect.

Dorothy Lamour guests on CBS-TV's "Candid Camera" March 31. Same night, same network, another veteran-looker, the Mona Lisa, is the object of a theft plot on Jack Webb's "True."

Hot Tubes  
LOUISVILLE, Ky. (UPI) — Cooling capacity equivalent to about 400 room air conditioners is built into a \$400,000 tube-testing machine built by Votator Division of Chemtron Corporation.

To remove the intense heat thrown out by powerful high-frequency electron tubes being tested for uses such as overseas broadcast transmission, satellite communications and missile warning systems, the unit takes in and constantly recirculates as much as 108 gallons of water a minute.

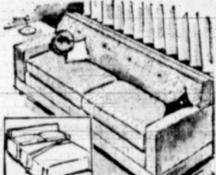

CHICAGO (UPI) — Since 1950, the death rate in middleaged men from all cardiovascular diseases, American Heart Association.
