England Rocked by 'Sensational' Turn in Scandal

U.S. Army, Gov. Wallace Line Up for Showdown

Youth Critical After Shooting Incident Here

Pvt. Clifford S. Porterfield Jr., 21, son of Mr. and Mrs. C. S. Porterfield Sr., 618 N. Carr St., was listed in critical condition here last night in Highland General Hospital with a bullet wound in his stomach.
Police said the bullet was self-inflicted. It entered his right side under the ribs and took a downward course. The shooting occurred in the back yard of the Porterfield home shortly after 1 p.m. Saturday.
The youth's mother told police she was taking a walk in the yard when she saw her son leave the apartment with a gun in his hand. Police said she told him she knocked the gun to the ground, but he retrieved it and immediately fired the shot into his right side. The bullet was from a .22-caliber Belgian automatic pistol.
Police Chief Jim Conner and Patrolman S. B. Patterson said there was only one cartridge in the gun at the time of the shooting.
Young Porterfield's mother and his wife, Estrella, 21, told police the youth had been depressed all day. Chief Conner stated:
"He was in Pampa on furlough from Ft. Irving, Calif., and was scheduled to leave Monday for Fort Sill, Okla., where he had been transferred."
The wounded youth was taken to the hospital in a Duenkel-Carmichael ambulance and underwent surgery for removal of the bullet. An attending physician said his condition was critical late last night.

Fireworks Fund Needs Money

Loyal Davies, finance director of the Chamber of Commerce, Saturday issued an appeal to chamber members and business houses for contributions to the \$1,000 July 4 fireworks fund.
There is no provision in the chamber budget for the money to finance the celebration, Davies said, "and the money is being raised purely on a voluntary basis."
The free fireworks display is to be held in Recreation Park shortly after dusk on the evening of July 4. Last year the event attracted some 15,000 persons. Contributions should be mailed to the Chamber of Commerce Fireworks Fund, P.O. Box 1942.

Kennedy Fires Political Talk to Women Demos

BEVERLY HILLS, Calif. (UPI) — President Kennedy Saturday fired what observers accepted as his most active political speech since the 1960 election campaign when he asked for "new tools" from Congress to offset a possible drop in the economy next year.
The Chief Executive directed his remarks to the women's division of the Democratic State Central Committee of California in a breakfast meeting at the Hollywood Palladium.
After a leisurely rest at the seashore home in Santa Monica of his sister, Pat Lawford, the President flew to Hawaii where he will address a national conference of mayors.
The Democratic women were a perfect audience for his speech, leaping to their feet to applaud at almost every paragraph.
In addition to the civil rights situation, which will reach a new crisis Tuesday when Negro students attempt to enter the University of Alabama, Kennedy spoke of congressional reluctance (See PRESIDENT, Page 3)

Congress Will Scrutinize U.S. Multi-Billion Dollar Space Plans

WASHINGTON (UPI) — The nation's multi-billion dollar space program comes under close congressional scrutiny Monday in Senate Space Committee hearings designed to assess its aims, activities, and costs.

NASA

National Aeronautics and Space Administration
STARTS TOMORROW

Chairman Clinton P. Anderson, D-N.M., is launching the inquiry with testimony from 10 distinguished scientists. The controversial man-on-the-moon project will be a central issue.
The hearing has political overtones. Just a month ago the staff of the Senate Republican Policy Committee issued a report on the moon program entitled "A Matter of Priority." The same day Sen. Margaret Chase Smith, Maine, the committee's top ranking Republican, wrote Anderson asking for an airing of the program's objectives, along with a study of the budget of the National Aeronautics and Space Administration.
Anderson responded by requesting testimony from the 10 witnesses who represent a wide range of views. Two days of hearings have been allowed.
Starting Wednesday, government witnesses, headed by NASA Administrator James E. Webb, will testify in support of the NASA money authorization bill. That measure is the necessary preliminary for the space agency's

Workers Literally Draw Line Around Registration Hall

By LEON DANIEL
United Press International

TUSCALOOSA, Ala. (UPI) — The Army and Gov. George C. Wallace jockeyed their respective forces into position Saturday for a showdown over the court-ordered desegregation of the University of Alabama.
Wallace added almost hourly to the heavily armed contingent of state troopers and forestry officers he already has on the school's campus. By registration time Tuesday the force is expected to number at least 750 men.

The Army wasn't discussing its preparations, or even confirming any were being made but there were reports of military movements at several points in the South. One such report involved Dobbins Air Force Base, outside Atlanta, where officials did concede that 35 helicopters had arrived from North Carolina on a "routine flight."
Outside Foster Hall, the building where Negro students Vivian Malone and James A. Hood will attempt to register Tuesday, state officials literally drew the line where Wallace apparently will make his "stand in the schoolhouse door."

Speculation Over Line
The line, a half circle about 10 feet across, was painted Saturday by state workers. There was speculation that Wallace intended to point out the two-inch wide white band to federal officials and tell them to stay on the other side of it.
Trucks loaded with gas masks, guns and billy clubs were parked around the campus, which was sealed off early Saturday. Only authorized persons and students with proper identification cards were permitted in the area.
Three special buses with bars at the windows also were moved onto the campus Saturday. These apparently were to be used in the event mass arrests are made.
Saturday afternoon the university announced that students living on campus were to observe a 10 p.m. to 6 a.m. curfew. There was to be no movement between buildings during these hours.

If it comes from a hardware store we have it. Lewis Hdw. Adv.

22 Die in Four Week End Crashes

By United Press International
Four highway tragedies killed a total of 22 persons — including a father and six of his children — in Illinois, California and Canada within a few hours Saturday.
The spectacular crash occurred on the first summer vacation weekend of the year and just one week after the nation set a record for the most number of persons killed during a summer-season holiday weekend.
Saturday's worst collision was near Pontiac, Ill., where a vacationing father and six of his seven children perished in a car-truck smashup.
Five persons were killed in a four-car pileup at Milpitas, Calif., and two accidents in Ontario, Canada, claimed five lives each. A car carrying Mr. and Mrs. Charles J. Kozumplik of Rolling Meadows, Ill., and their children crashed into the rear of a parked truck on U.S. 86, just north of Pontiac, Ill., less than two hours after the family had started a vacation trip.

Shah Says Riots 'Red Subversion'

TEHRAN, Iran (UPI) — Shah Mohammed Reza Pahlavi Saturday charged the bloody rioting which ripped Iran this week was "Red subversion."
The shah told a crowd of more than 14,000 peasants in Hamadan, Western Iran, he had "ample evidence" foreign money entered the country to foment rioting. But he did not identify the source of this money.
Anti-government religious rioting earlier this week took 86 lives and injured 193 persons in Tehran and other Iranian cities.

'Martians' Visit Russia, Too

MOSCOW (UPI) — Tales of Martians landing on the earth have finally reached Russia, the Soviet Tass news agency reported Saturday.
But Tass said two of the best scientists in the land have dismissed them as "far-fetched fantasy."
"The hypothesis of rational life on Mars has been clearly disproved," said the chairman of the Soviet Meteoric Committee, Vasily Fesenkov, and the president of the Astronomical-Geodesical Society, Dmitri Mertynov.
The scientists were commenting on an article in Saturday's government organ Izvestia by Alexander Kazantsev.
The article claimed that rational beings from Mars "have visited our planet more than once before, and now, too, are persistently knocking at our door."

U.S. Officials Embroiled in African Feud

RABAT, Morocco (UPI) — U.S. Undersecretary of State for African Affairs G. Mennen Williams became indirectly involved Saturday in a bitter wrangle between the opposition Istiqlal party and the Moroccan government.
The Istiqlal party announced it hoped to get Williams, American Ambassador to Morocco John H. Ferguson and other U.S. officials as witnesses to support its claim that the government exploited American wheat and other aid to win votes in the May 17 elections.
The party needed the witnesses to defend its two newspapers against a defamation suit brought by powerful Interior Minister Ahmed Reda Guedira.

The suit was closely connected with the Istiqlal action last week in sending a memo to the U. S. Embassy in Rabat accusing the Moroccan government of making improper use of American aid to sway the elections.
Friday night, five prominent members of the Istiqlal party, including four deputies elected May 17, were arrested on Defense Ministry orders. They were charged with "attacking state security."

Perry Gaut Dies; Rites Set Monday

Funeral rites for Perry O. (Zeke) Gaut will be held at 2 p.m. Monday in the First Baptist Church with Dr. E. Douglas Carter, pastor, officiating.
Mr. Gaut was pronounced dead on arrival at 1:50 p.m. Saturday in a local hospital. He had been suffering from a heart ailment for some time and had just been out of the hospital two weeks.

He was a partner in the Gaut Insurance Agency.
Born May 15, 1909, in Smithville, Mr. Gaut came to Pampa in 1935. He had finished high school in San Antonio and attended Southwest College in San Marcos.
He was married to Marjorie Tucker in Pampa on Aug. 28, 1937.
Mr. Gaut was a member of the First Baptist Church, serving on the finance committee; was a member of the Lions' Club; served on the Polio Board; and was a (See PAMPA, Page 3)

Soviets Ask For Meeting

UNITED NATIONS, N.Y. (UPI) — Russia formally requested a Security Council meeting Saturday to consider the U.N. peace-keeping operations in Yemen.
United Nations officials announced the council would meet at 4 p.m. EDT Monday.
Russia requested the meeting despite advice from Arab countries, who approved plans for the Yemen operation, that they did not want the council meeting.
Secretary General Thant Friday ordered Maj. Gen. Carl Carlsson of Horn of Sweden, commander of the U.N. truce supervision organization in Palestine, to lead an advance party of observers into Yemen "in a day or two."
Under an agreement worked out by former U.S. diplomat Ellsworth Bunker, Saudi Arabia and the United Arab Republic, supporting opposite sides in Yemen's anti-Royalist revolution, agreed to "disengage" themselves from the tiny country at the tip of the Arabian Peninsula.

LITTERED RIGHT-OF-WAY — Zinc ore litter the right-of-way near Hereford, where 40 cars of an east-bound Santa Fe Freight were derailed. The zinc ore was en route from Mexico to industrial facilities in the Dumas area. Damage was estimated at \$225,000.

Commission to Consider Hiring Agent, Engineer

Pampa's City Commission will consider a pair of contracts at its Tuesday morning meeting for hiring a consulting engineer and a fiscal agent.
The consulting engineer is being considered to work with the city officials on the design and construction phase of planned water and sewer improvements.
The fiscal agent has been proposed to guide the city in financial arrangements for a bond issue in connection with a sanitation plant.

Panhandle Included

Violent Weather Returns to Texas

Pampa was doused by sudden rain last night, which turned streets and gutters into rushing rivulets in a matter of minutes.
The News Rain gauge recorded .50-inch late Saturday night.
Although the city was included in a severe weather alert that covered most of the Panhandle, gusty winds Saturday afternoon and the short-but-heavy showers were all that Pampa received.
The home of Mrs. Fannie Williams in Panhandle was struck by lightning during a severe electrical storm there last night.
Mrs. Williams said the bolt came down her television antenna, burning out the set and all the wiring in the house. An electric clock was stopped at 7 o'clock.
The lightning bounced all over the room, searing the walls and catching fire to the curtains, Mrs. Williams said.
Neighbors had the fire extinguished within moments after it started, she added.
M. Sgt. George Williams and his wife of Enid, Okla. were visiting with his mother at the time.
A total of .50-inch was reported at Panhandle Saturday.

By United Press International
Tornadoes, high winds and heavy rains lashed the Texas South Plains Saturday afternoon and night, but damage appeared to be minor and no injuries were reported.
Twisters hit in open country near Earth in northern Lamb County; at Edmondson, 20 miles east of Earth in Hale County, and near Ropesville in Hockley County southwest of Lubbock. A funnel cloud was sighted near Slaton, but it did not dip to the ground.
A small twister, possibly the same one seen near Earth, ripped up utility poles one-half mile northeast of Edmondson. One of three empty bracer shacks was picked up and tossed across some nearby railroad tracks.
Another tornado dipped down on the James Means farm one mile west of Ropesville and destroyed several outbuildings.
Hard rains were reported throughout the area as far east as Childress. Water ran curb deep in Slaton where pea-sized hail was reported. Near Slaton, 1.5 inches of rain fell in 30 minutes.
The tornado was sighted near Earth at 4:05 p.m. by a Lamb County sheriff's department unit while practically all of the Panhandle and South Plains was un-

requirements.
A report also is due to be filed on the necessity of paving a road constructing curb and gutter on N. Hobart St. from the intersection of Hobart and Perryton Pkwy. north to 23rd Ave.
Commissioners also are expected to get a report from Cantrell & Company Architects, Inc., on the sinking condition of the foundation under Lovett Memorial Library.
City Manager Harold Schmitzer reported at last week's meeting that the foundation had dropped nearly two inches in one area of the library.

In other business Tuesday the commission will award contracts for Pampa's petroleum products

Society Doctor Is Arrested

LONDON (UPI) — Society osteopath Dr. Stephen Ward, who shook the government with disclosure of an affair between war minister John Profumo and a red-haired playgirl, was arrested Saturday on charges of living off the earnings of prostitution.
Two Scotland Yard officers picked up the 42-year-old doctor, who also is a skilled artist, at Watford, just north of London, where he had driven in his white Jaguar sports car with a brunette "to find some peace."
After police at Marlbyone station questioned Ward for several hours, they announced that he had been charged with "living wholly or in part on the earnings of prostitution at 17 Wimpole Mews, W. 1. (Ward's London home) contrary to Section 30 of the Sexual Offenses Act 1956."
Scotland Yard Chief Inspector Sam Herbert told reporters Saturday night Ward will not be bailed but will be held in a police cell pending his appearance before the magistrate on Monday. At the Magistrate's Court he will plead guilty or not guilty and then probably will be released on bail pending trial.
London Sunday newspapers, in special copyright articles, were talking of nude swimming parties involving Christine and some of the principals in the case.
He was ordered to appear in London's Marlborough St. Magistrate's Court Monday to answer the charge.
Sensational Turn
The arrest was a sensational new turn in a scandal which has rocked Prime Minister Harold Macmillan's Conservative government and threatened to spread through the highest levels of British society.
Police sources said detectives have questioned more than 200 persons in connection with call girl activities of the type Ward was suspected of organizing. Ward himself denied on a television program earlier this week he (See SCANDAL, Page 3)

National Post Office Took Hand in Policy

DALLAS (UPI) — A regional Post Office Department spokesman said Saturday national Post Office officials took action to change employment policies of the Dallas Post Office because other offices in the southwest region have a better record of hiring Negroes.
Post Office officials and members of a Dallas postal workers union are in a controversy over the promotion to supervisory positions of three Negroes before 53 men ahead of them on a merit list.
The spokesman said in Dallas "apparently, the national post office executives suspected that there had been discrimination here."
Houston had its first Negro postmaster in 1949, and there now 12 Negro supervisors there he said adding, "New Orleans 12 or 14 and Fort Worth three."
The regional source said postal union officials were wary of the impending promotions the Negroes during a May meeting held to discuss employment relations.

Price Drop Offset Proposals Will Be Heard Soon

WASHINGTON (UPI) — Rep. Graham Purcell, D-Tex., said Saturday a House Agriculture Subcommittee plans hearings soon on proposals to moderate the expected drop in prices for the 1964 wheat crop.
The subcommittee agreed Friday in a closed meeting that it would be hard to enact new legislation. The Agriculture Department is supporting wheat prices at \$2 a bushel.
However, growers last month rejected a new production control program to curb surpluses. As a result, government price supports under existing law are scheduled to drop to \$1.25 a bushel on the 1964 crop and this will be available only to growers who voluntarily comply with government planting allotments.

Hard hats and a roofed mine car protect tourists to the Seldom Seen Valley Mine.

Visitors to the Seldom Seen chip their own sample coal.

Visitors Really Dig This Mine

They're digging coal—and mining tourist possibilities—at Seldom Seen, Pa. The Seldom Seen Valley Mine runs a tourist mine train during the summer, Wednesday through Sunday, and visitors are treated to the sight of a mine in actual operation. Hazardous operations, such as blasting, are performed in off-tourist hours. As an added treat the hard-hatted amateur miners are permitted to chip their own samples of coal, as at left, from the face of the coal seam. Popularity of the tours has sparked a plan for restoration of the ghost town of Seldom Seen, to provide added attractions for the vacation time miners.

Old Slum Blooming Into Island Jewel

By CHARLES BERNARD
PAGO PAGO, American Samoa (UPI) — Anyone who visited run-down American Samoa as little as two years ago would find it hard to believe that today this former slum of the South Pacific is being polished into one of the tourist jewels of Polynesia.

The U.S. taxpayer can take pride in the fact his millions being belatedly spent are providing the final push in American Samoa. But Samoa's 21,000 natives under the sometimes prodding guidance of a quiet-spoken but tough-minded presidentially appointed governor are developing the "do-it-yourself" program that bodes well for their future.

From 1900, when the United States took possession of American Samoa's 766 square mile island community, the place was allowed to slowly decay until Governor H. Rex Lee stepped into the picture 18 months ago.

Lee figures the \$22.5 million Congress is expected to have appropriated by the end of 1963 will be almost enough to give American Samoa the physical, medical and educational face-lifting it has needed for many years.

Within the next two years Lee is confident a development company, financed by private funds of Samoan villages, will have a 100-room hotel in operation to attract the "carriage trade" type of visitor. In anticipation of this Pan American World Airways already has made American Samoa's new jet runway a weekly 707 jet stop on its South Pacific route between the United States and Australia. Panam's landing fees, alone, should run to excess of \$50,000 income to the Samoan government annually.

Lee in the past 18 months has caused a host of new public buildings to be erected, the first

major construction in American Samoa since before World War II. He has built the jet runway, a hard-surfaced road from one end of the main island of Tutuila to the other, added schools and is building a medical center.

By the time the hotel is in operation, Lee is determined to have American Samoa equipped with educational television, and have eradicated by vaccination mosquito-borne filariasis, the spread disease of the tropics which swells its victims' arms, limbs and vital organs to balloon size. Gone will be the outhouses which now mar the otherwise beautiful shoreline of Pago Pago harbor and in their places a modern new sewage system.

In an interview with UPI, Lee looked back on his arrival as governor 18 months earlier. He said until he saw Samoa he had not been aware of the fact the place had been neglected as long as it had been.

"We had 300 Samoan school teachers, many of whom had the equivalent of only a first or second grade education. We were turning down two-thirds of our children who wanted to and should have gone to high school. We hadn't ever really touched on the fundamental medical problems of the people.

"In 10 years the U.S. Congress

had appropriated \$1.2 million altogether. The year before I got here Samoa got \$2 million and when I arrived I had a \$5 million appropriation for the year, mainly to get the community ready to receive the South Pacific Commission Conference which was held in Pago Pago last summer."

Lee said "three weeks after I got here I wifed for another \$5 million and followed that up with a flying visit to Washington where I told my story to the Senate Deficiency Appropriations Committee." As a result, Lee — a career service Department of Interior executive who knows his way around the nation's capital — got \$9.5 million for fiscal 1962. He said "this will be the last big budget year" necessary.

Lee said the money spent by the American taxpayer and the self-help efforts on the part of the Samoan chiefs and their people show promises of spreading throughout the South Pacific as gains for U.S. prestige and help for approximately one million other native populations living in Samoa's area of influence.

Speed of sound in air increases with the temperature, but at room temperature it is about 344 miles per second.

Special Tourist Rates to Mexico Are Announced

MEXICO CITY (UPI)—Tourists can now visit Mexico for 15 days on a special, 50-cent tourist card. The Immigration Department has announced.

The new 15-day card replaces the old card, which was good for 5 days and cost the same.

Immigration officials said the time limit was extended because a survey showed a great majority of tourists remain in Mexico a week or longer.

Tourists formerly had to buy a \$3 card valid for six months if

they wanted to stay in Mexico more than five days.

French 'Chateaux' Now Magnificent Travel Bait

By CHARLES W. RIDLEY
PARIS (UPI) — France is pushing plans for a new tourist attraction by which visitors will be able to tour the country staying in the history-steeped "chateau" homes of the past.

Gaullist cultural minister Andre Malraux, well launched on a campaign to restore and preserve the relics of France's past grandeur, is reported to be backing the scheme personally.

Scores of "stately homes" dotted throughout the countryside are to be converted into hotels, res-

taurants and museums. Part of the idea is to provide top-class accommodations in regions of the country seldom probed by tourists. Tourists from abroad will be able to explore hundreds of little-known historic segments and the sort of gourmet country inns for which Liance's byways are famous.

The idea of turning France's "chateaux" into tourist bait recalled the conversion of castles and abbeys in Spain and Portugal which was the basis of tourist traffic in those two countries.

It is not a new idea. For many years the castles of the Loire River Valley have been a setting for tourist excursions. Many minor stately homes already are operating as hotels.

Among more than a score already available, prices ranged from reasonable to expensive according to the facilities provided. But all give the tourist the feeling of living for a few days in the splendor of the French country squire of yesteryear.

Here are some of the "chateaux" now available as hotels, and prices for one person per day, with all meals included:

—Chateau de Coudree at Bonnatrait, series in the Savoy Alps, 250 miles southeast of Paris. Fourteen rooms. Private beach and yacht harbor on Lake Lemna. Price about 70 francs (14 dollars) per day.

—Relais de la Madeleine at Gemenos, near Marseilles, 450 miles south of Paris. Has an ancient 18th century lodge, fine old paintings, a big park and tennis. Price about 50 francs (10 dollars).

—Chateau de Lunzger at Ponsas, 330 miles south of Paris. Eighteen rooms, built on an old Roman villa occupied by Pontius Pilate. Forty acres of park and a swimming pool.

—Le Prieure at Villeneuve-Avignon, 400 miles south of Paris. Gourmet food under the flowering arbors of an old priory. About

80 francs (16 dollars) a day. Chateau de Prey at Amboise, 120 miles southwest of Paris. A 13th century castle on the banks of the Loire River with magnificent flower garden, about 60 francs (12 dollars).

—Domaine de la Noe at Bonneville, 60 miles west of Paris. Big park bordering on a trout stream. Price about 45 francs (nine dollars) per day. Chateau de Creissels, at Creissels, 360 miles southwest of Paris. A restored medieval castle built on a pinnacle of rock. Price 35 francs (seven dollars).

PARIS (UPI) — The important thing if you're visiting France is not to forget to bring your money in traveller's checks. It's safer and its cheaper.

Most shops in Paris give a discount, generally about 20 percent, for many goods bought and paid for in this way. But many of them will refuse to give the same discount on payment with dollar bills.

Household goods do not figure except for some items like tablecloths and glassware. But the range of goods does include perfumes, clothes, shoes, jewelry, watches, and a wide range of souvenirs.

The best way to buy liquor is at one of the big Paris stores with a duty-free arrangement under which it is delivered to your home address.

PLAN NO PROTEST

WASHINGTON (UPI) — The United States does not plan to protest to the Venezuela government the raid on the U.S. military mission office in Caracas by pro-Castro terrorists.

Lincoln White, State Department press officer, said Thursday Venezuela was doing all it could to control the terrorists and the United States would not hold the government responsible.

WHAT AND WHERE? A New News game for readers

In each of the numbered spots marked on this map a newsworthy event occurred recently. As a newspaper reader, check your memory and your knowledge by identifying the event through the location. The accompanying box will help you do it.

- MATCH 'EM UP**
- | | |
|--|--|
| <input type="checkbox"/> Strong-arm assist | <input type="checkbox"/> Two score, six |
| <input type="checkbox"/> No grass under wheels | <input type="checkbox"/> Operation South |
| <input type="checkbox"/> Seizure at sea | <input type="checkbox"/> Power struggle |
| <input type="checkbox"/> World in mourning | <input type="checkbox"/> Wind, sea catastrophe |
| <input type="checkbox"/> Camera misled | <input type="checkbox"/> Hunt for hundred |

What occurred where? Look at the map and match up the numbers with the events listed in the box at the left. Then turn to the answers on this page and see how well you did. Score yourself 10 points for each correct answer. A score of 20 or less indicates you'd better start reading the papers a bit more. A score of 50—you're fairly hep. A score of 75—you're pretty sharp. A score of 90 or more—congratulations to a real news hawk!

Cracking Down NEW YORK (UPI) — Credit card companies are weeding out slow-paying members in a drive to fatten profits. In the past year, Diners' Club dropped 40,000 members from its roster. The credit volume concerns from its card division of American Express and hired agents to track down press eliminated 2,000 to 3,000 low-delinquent customers.

Center Wrap-Up
George Smith Director
Pampa Youth and Community Center

In about two weeks or less pool tables, outside and inside recreational games and rearranging for a new meeting, reading and T.V. room will all be initiated at the center. With the help of the Top O' Texas Garden Club the lawn, flowers and trees will be rejuvenated.

About 350 students enrolled for Red Cross swim lessons. Classes will start June 10 and run through the summer from 9-12 a.m. Qualified Red Cross instructors will give these lessons with the help of several aids. Some of the people helping will be Mrs. Kenneth Jones, Beverly Langley, Bob Bybee, Scott Rader, Scott George, Terry Marlar, and Ted Bird.

The handicapped children's swim class will start Tuesday at 11 a.m. under the supervision of Mrs. Harold Beckham. The classes are held by the Red Cross in conjunction with the Center each year on each Tuesday until school starts.

Bridge lessons are offered at the Center for teenagers. We need about five more students before classes. Meeting time will be 10 a.m. Tuesdays. Interested parties should come by the Center and enroll as soon as possible.

Twirling lessons will be offered beginning June 17 for six weeks. Classes will meet Monday through Friday from 2-3:30 p.m. Donna Rath, high school band twirler, will conduct the classes. Donna recommends each person have a balanced baton. Enrollment will be at the Center anytime until June 14. No age limit.

Teenage and Advanced Judo lessons will be offered starting June 10 - 13 respectively. Youngsters 11-14 years of age who are interested in learning judo from A. E. Brewer, noted black belt winner, should contact the center and pre-enroll. Registration requirements are: (1) be a center member (2) pay \$3 registration fee (3) be 11-14 years of age. Enrollments will be taken June 10 also.

Advanced Men's Judo lessons will be held each Thursday night at 7 p.m. Qualifications for this will be the passing of a beginner judo class. These advanced courses are strictly in the art of self defense. Enrollment fee is \$10 with half this used to purchase a six months Center membership.

With the change in scheduling at the Center, we would call your attention to several activities. The Center pool may be reserved Tuesday evenings from 8-9:30 and on Saturdays from 5-7 p.m. Individual daily rates at the Center are: children under twelve - 35 cents; over twelve - 50 cents; Adults 75 cents. This fee includes all facilities the Center offers. The Center encourages memberships because of the lower rates. Memberships are \$5 and \$8 for individuals and \$12 and \$20 for families.

Family swim time is still on the schedule for Tuesday nights 7-8 p.m. Swim team workouts are 4-6 p.m. daily except Saturday. Saturday is 9 p.m.

In noting all these events we would like to point out that this is a Community Center. If you have any suggestions about the program, let us know.

Officials To Address Bar
DALLAS — Three of the Texas State Bar's most distinguished members will address general assembly sessions of the 81st annual Bar convention here, July 3-6. Bar president Leon Jaworski of Houston has announced.

They are Gov. John B. Connally, Att. Gen. Waggoner Carr and Frank N. Ikard, president of the American Petroleum Institute, New York City. Ikard, member of the Texas Bar since 1937, formerly practiced law at Wichita Falls where he was a district judge and served as a member of Congress.

The four-day convention, to feature some 50 state and nationally-known speakers, will attract about 4,000 persons. Opening day activities will include simultaneous legal institutes on criminal law and creditors' rights.

Mrs. Corene McKay, 418 Crest
Mrs. Ollie Riley, Canyon
Lynette Wing, 1117 Varnon Dr.

Pampa's Guns Open Fire at Ft. Hood

NORTH FORT HOOD (Sp)—Pampa's big guns opened fire this week.

The 105-millimeter howitzers, manned by Battery A, Third Battalion, 78th Artillery of the 90th Infantry Division, lined up for live fire exercises.

The Pampa unit spent the first days of their two-week reserve active training practicing the techniques of transporting, sighting and firing their weapons.

Capt. Bill Caffee, Battery A commander, said his men have perfected the system of "laying the guns on target."

"Each man has his job to do to get out the rounds," he said.

Capt. Caffee, an artillery man since 1954, has 12 years service in the military. He is district supervisor for the Texas highway patrol.

"We are fortunate to have a number of combat veterans who are a real help in canoneers drill," he said.

He explained that canoneers drill, called the "canoneer hop" by artillery men, is practice in dismounting the big 105 howitzers from 2½-ton trucks and setting them into position.

Several Battery members form a forward observer team who go to the edge of the battle area and direct the aim of the guns, Capt. Caffee said.

He explained that the observers use radios to send the location of enemy positions to a fire direction center which computes the distance and elevation for the big

guns to drop shells on target.

The 105's can send a 37-pound high explosive round 6½ miles.

The weapon is the backbone of the 90th Infantry's artillery.

Battery A has joined forces with Battery B and Battery C for field exercises in setting up their weapons and firing.

The B and C units are from Borger and Plainview. The conventional artillery units are backed up by rockets, including the

Honest John, which can carry a nuclear warhead.

Capt. Caffee, a combat veteran, has participated in 10-Honest John firings.

"We may get the chance to send some of our men as observers to the Honest John firing at South Fort Hood on Monday," he said.

He said that although his battery will not be equipped with rocket weapons, "it is a good idea to see what our Division can do."

COMPUTE SETTING — At the fire direction control center Pfc Bill Roberts, a Pampa commercial printer, computes an elevation setting for a 105-millimeter Howitzer battery. Sgt. Derrel Davis uses a deflection fan to find the range settings which he gives to Pfc Roberts. The men get their initial information from a forward observer who stays in advance of the big guns and watches the 105 shells as they hit the impact area. Sgt. Davis, a Pampa wheat farmer, has 5½ years military service. The men are members of Battery A, 78th Artillery of the 90th Infantry Division's 3rd Battalion. The 90th Infantry will return to home stations June 15 after two weeks reserve training at North Fort Hood. (U.S. Army Photo)

Spotlighting Servicemen

Marine Corporal Joe I. Timms, son of Mr. and Mrs. I. L. Timms of 1304 E. Foster, is serving with the Marine Corps battalion landing team of the U.S. Seventh Fleet in the Far East.

The team is undergoing extensive training and maneuvers while aboard amphibious ships of the Seventh Fleet. It acts as a primary force in readiness in the event of a national emergency.

The landing team is composed of units of the Third Marine Division on Okinawa. Before returning to Camp Schwab, the Marines will visit the Philippines and Hong Kong.

Gerald W. Lilly, parachute rigger third class, USN, son of Mr. and Mrs. John W. Lilly of 212 E. Gillispie St., stationed at the Naval Air Station, Alameda, Calif. is a member of Carrier Airborne Early Warning Squadron 13 Detachment One currently deployed to the Naval Air Station Cubi Point in the Philippines.

He will be on duty at the Cubi Point air station for six months.

Captain Francis A. Records of Perryton, Tex., is being reassigned to the missile program office here, as a research and

development officer, following his completion of the value engineering course at the Air Force Institute of Technology's Logistics School at Wright-Patterson AFB, Ohio.

Captain Records received advanced training in techniques used to reduce engineering costs, and improve product performance and reliability.

The captain, son of Mrs. E. E. Deeds of Milan, Mo., has a B.S. degree in mechanical engineering from Texas Technological College.

His father, Paul A. Records, resides at Liberal, Kan. The captain is married to the former Margie Thompson of 102 Monroe St., Borger.

Two Pampa men are now on six months active duty with the US Army as part of the special training they are to receive as members of the Texas National Guard's 36th Infantry Division. Maj. Gen. Seiden Simpson, Amarillo commander, announced in Austin today.

The two trainees include Privates Charles E. Harper and Gary M. Wilhelm, both of whom are members of Company B, 2d Battalion, 142d Infantry. They report

June 7 at Fort Polk, La., to begin their military basic training.

After completion of basic training, where the men will be schooled in physical fitness, military courtesy, first aid and qualify with the M-1 rifle, they will be trained for the job each will hold as a member of Pampa's unit of the National Guard.

Billie D. Riddle, senior chief machinist's mate, USN, son of Mrs. Hobart Brace of 628 Craven, completed a course in Beginning Algebra, May 2, while serving with the Navy Nuclear Power Training Unit, West Milton Site, Schenectady, N.Y.

The course is presented through the United States Armed Forces Institute (USAFI), at Madison, Wis.

Riddle attended Miami High School at Miami.

Among the more than 8,000 men of the 90th Infantry Division encamped at North Fort Hood in a one-square-mile tent city for two weeks of annual active duty training are Reservists of Co. A, 3d Howitzer Bn., 78th Artillery, stationed in Pampa.

In 15 days of field training these

men will get a taste of almost every facet of Army life from KP to battlefield maneuvers.

BLOOMINGTON, Calif. (UPI)—Richard F. Thomas, 17, kissed his 16-year-old girlfriend and wound up with a cut lip and several broken teeth.

The first of 40,000 troops who will train here this summer, the men of these units arrived here last Saturday aboard bus and truck convoys. More than 50 cities are represented at this summer camp.

Police said Thomas lost control of his car and crashed into a pole while kissing. His girlfriend and another teen-age passenger also were slightly injured.

The Pampa Daily News

AN INDEPENDENT FREEDOM NEWSPAPER

We believe that all men are equally endowed by their Creator, and not by any government, with the gift of freedom, and that it is every man's duty to God to preserve his own liberty and respect the liberty of others. Freedom is self-control, no more, no less.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guides expressed in the Ten Commandments, the Golden Rule and the Declaration of Independence.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings. For only when man understands freedom and is free to control himself and all he produces, can he develop to his utmost capabilities in harmony with the above moral principles.

SUBSCRIPTION RATES
By carrier in Pampa, 35¢ per week, \$1.50 per 2 months, \$9.00 per 6 months, \$18.00 per year. By mail paid in advance at office, \$10.00 per year in retail trading zone, \$15.00 per year outside retail trading zone. \$1.25 per month. Price per single copy, 10¢ daily, 15¢ Sunday. No Mail orders accepted in localities served by carrier. Published daily except Saturday by The Pampa Daily News, Attention at Somerville, Pampa, Texas. Phone 510-4-2335. All departments. Entered as second class matter under the act of March 9, 1879.

Freedom Of Choice Isn't Whole Story

Freedom of choice seems to be the rock on which we have erected our political ideology. After all, if a man is free to make a choice, what more can he ask?

Well, he can ask for the opportunity of making choices of some significance, and the opportunity of choosing from among some real alternatives; and the right not to make any choice at all.

Making a choice between, say, Jack Kennedy and Nelson Rockefeller is a physical exercise. Which knob on the voting machine do you want to pull? and why?

Are you one of those intellectual giants who hates all Roman Catholics? Vote for Rockefeller. Ain't freedom wonderful. Hot dog! Pity the poor Russkies.

Now, maybe it's your valued opinion that the Democrats are the sole and exclusive trustees of the world's wisdom. Pull the lever for Rocky. Politics are simple. Nothing to it. How could we make it without freedom of choice?

What's the difference? Only this: we have the illusion of something which does not exist. We think we have an opportunity to choose between two things. Actually, we have the chance of choosing the same thing with different labels; and in the process we feel that the physical act of pulling a lever in the voting booth has accomplished an act of magic: that this little lever is a sort of sacred icon of the materialistic age; that it matters not that we have no real choice as long as we have the right to choose.

We've lost sight, then, of the real significance of the right to make a choice. We're in the position of the condemned man who is given his choice of hanging or shooting. Neither one is going to make him happy.

It's not the fault of the political system, as this Republic was created. It's a fault in our education. We haven't learned some important lessons.

No system of politics can, by its mechanical apparatus, guard the individual's liberty. He can be as easily victimized by the majority as by a king. It makes no dif-

False Advertising

Remember that other name for Social Security — "Old Age, Survivors and Disability Insurance?" Anyone who thinks this is insurance has been gravely deceived. And since the institution of insurance is highly regarded by the American people, it seems obvious that the intent was to deceive.

Our contributions to Social Security are not insurance premiums. They are simply taxes. The money an individual (and his employer) pays in during his working years is not set aside for him, but goes to pay those now on the OASDI benefit rolls. And, obviously, this system of "robbing Peter to pay Paul" has not worked as planned, since the tax has crept up from the original one per cent of the first \$3,000 earned to three and 1/2 per cent of the first \$4,800. This is already more than the 3 per cent ceiling originally planned and the tax will keep on going up, with further increases of nearly 50 per cent now scheduled during the next five years.

Early beneficiaries, who had paid in very little, had a good thing in Social Security. But, today, the chances of many workers getting back even what they have paid-in are growing pretty slim. Thus, the fear is well-founded that in time, it must be a losing venture for all.

But now, this system which has been misrepresented to the people as insurance, which is not self-liquidating and never will be, is to be extended — if the Administration has its way — to include hospitalization and medical care for the aged! This, of course, will mean further tax boosts.

In 1935, when FDR was urging the "Old Age, Survivors and Disability Insurance" (Social Security) program on Congress, he warned at the same time against "extravagant action" and said that "too ambitious" a program would be disastrous. That their action has been extravagant and the far too ambitious is now painfully clear. Social Security obligations to present beneficiaries and those now paying for it are estimated at over \$600 billion, while total contributions to be made by those now working and their employers, together with the funds on hand, are estimated at just over \$300 billion!

Taxing To Destroy

Taxation is not merely a heavy burden but also a force which changes the world around us. Two stories that have developed recently show how taxes can blight.

At the Federal level the Treasury is asking that money realized from the sale of timber now be taxed as "income" rather than as "capital gains." This technical change simply means that taxes on harvested timber will be much higher than they are now.

Under the present taxation timber farms have sprung into being in many parts of the United

States. For the first time in our history we are growing timber faster than we are harvesting it, relieving a worry about scarce natural resources and assuring lower lumber prices to the public.

In addition, the timber protects the land against erosion, provides local tax revenues and very often is opened to the public for recreational purposes by the owners. It takes heavy investment to set up such a tree farm and it is 30 years before the harvest can begin.

Heavier taxation can produce a little more revenue for the treasury for a while but few new tree farms may be expected. Surely the Government then will raise a wall about our vanishing timber. Federal programs at taxpayer expense will then be seen as the only solution.

Wouldn't it be better to leave the tax rule intact?

In New York City another example of the blighting effect of taxation has come to light. Seagram, a liquor firm, spent a prodigious amount of money on a new Park Ave. office building. Instead of following the custom of building the maximum rentable space the company provided a large plaza with fountains to please the public.

Local tax authorities usually tax on the basis of a building's earning power but decided to change the rule to get more taxes from the Seagram Building. They'll tax on the cost of the fine building instead.

One couldn't think of a better way to assure that no more fine buildings will be built in New York constructed at private expense.

Foreign Aid Administrator David Bell has taken the lead in trying to sell Congress on the need to increase aid to Indonesia, which has consistently followed the Kremlin policy line.

He told the House Foreign Affairs Committee that the administration was considering doubling aid to Indonesia to stabilize its economy and to make President

Sukarno's government less dependent on Communist assistance. The U.S. has been supplying Indonesia with about \$100 million in aid annually. The new program, will boost this amount to nearly \$200 million yearly, including a series of loans that will release other Indonesian funds to pay for the nationalization of U.S. and British oil facilities.

Indonesia is the fifth most populous nation with a population of 96 million. Her legal Communist Party of 2 million is the largest outside the Communist bloc. Since Indonesia became independent shortly after World War II, the U.S. has tried to preserve its influence in Jakarta with more than \$600 million economic aid.

In recent years, Washington has been competing against a massive Soviet aid program, including \$1 billion in military assistance, and \$500 million economic credit.

In exchange for this aid, President Sukarno is permitting Russia's Pacific-based submarine fleet to use the former Dutch naval base near Jakarta, and to keep more than 500 naval technicians in the country.

FOREIGN FLASHES — Brazil has received \$709 million under the Alliance for Progress program since President Goulart adopted his neutralist policy two years ago, according to a State Department report sent to the House Appropriations Committee. Of this amount, the U.S. has provided \$652 million outright in grants and loans. The remaining \$57 million came in the form of loans from the Inter-American Development Bank. The U.S. contributed almost half of this total. . . . The diplomatic thaw after the long Franco-American freeze is expected to produce a three-man meeting — Kennedy, De Gaulle and Macmillan — in early autumn, according to White House insiders. . . . West Germany will join in U.S. communications satellite experiments this summer. The Germans have contracted with an American firm to build a mobile ground station for satellite communications. It is scheduled to be ready by the end of July. . . . The U.S. Army's post exchange system has signed a \$5 million barter contract with Yugoslavia. Under its terms, the Army will exchange surplus farm commodities for Yugoslav meat, giftware, textiles and leather goods. . . . West Germany and Italy are planning a joint venture to build a vertical take-off fighter for use by NATO forces. It will be the largest fighter development project in the West except for the controversial U.S. TFX interceptor.

Bundy revealed the new arms aid would run into billions, justifying the additional aid on the ground that India needed the larger force to deter further Chinese Communist attacks.

He reported that part of the cost of the new program would be met by using military aid funds originally requested for other Asian countries, and taking U.S. military equipment from stockpiles in Europe. The latter method was employed in supplying India with \$80 million in emergency arms aid the past six months.

Foreign Aid Administrator David Bell has taken the lead in trying to sell Congress on the need to increase aid to Indonesia, which has consistently followed the Kremlin policy line.

He told the House Foreign Affairs Committee that the administration was considering doubling aid to Indonesia to stabilize its economy and to make President

Pull Up A Chair

By Frank J. Markey

As every intelligent American knows there has been much waste in our foreign aid program over the years, with the result that billions of dollars of taxpayers' money has been squandered. So it is pleasant to write about a self-help operation which has been carried on for seven years by the women of the American Legion Auxiliary. Though small in scope, it is highly efficient and is producing good results. Every year since 1956 the Auxiliary has been assisting the young folks in such countries as Honduras, Chile, El-Salvador, Guatemala and other Latin-American nations. Each year a member of the Pan-American Union is selected and a plan is tailored to meet the needs of the country that is to be assisted. The 1963 program involves the building of badly needed rural schoolhouses in the Dominican Republic. Each school costs the Auxiliary \$1500 for material and complete equipment and all labor is contributed by the people in the district. Community leaders in all countries are trained to carry out the Legion's plans.

Country Editor speaking: "Nature gets many arrangements wrong. Here's man, with a skull made of bone, yet he walks on his feet, which is soft flesh." . . . More American's are killed and injured every year by drunken automobile drivers than in all crimes of violence. . . . Some of the comedians of 1963 probably won't agree with him, but Thomas Carlyle once wrote "True humor springs not more from the head than from the heart; it is not contempt, its essence is love; it issues not in laughter, but in still smiles, which lie far deeper."

Protecting the President of the United States is a subject the Secret Service doesn't often discuss publicly, for a number of reasons, and one of them is that the operators respect the privacy of the Chief Executive. Another is that they would publicize an incident, some mentally disturbed person or some so-called practical joker might try to repeat it. So the Secret Service quietly goes about its business protecting the President around the clock, even seven days a week. . . . Heart surgery involving the insertion of plastic valves is today becoming commonplace and is proving successful in many cases. Only a few years ago this and other miracles of heart surgery performed today were considered impossible. . . . The United States is certainly a coffee-drinking nation because some figures just reaching our desk show consumers spend nearly a billion and a half dollars a year for their favorite beverage, but their tea bill comes to just \$215 million.

Memory Lane: Wonder how many of these expensive toys that fond parents and relatives give the kiddies at Christmas are still unbroken? And how many have long since been discarded by the bored children. . . . A dance hall in Panama which attracts tourists because of its tough reputation advertises thus: "The management reserves the right to exclude any lady they think proper." . . . Today's smile: One of our astronauts was asked who was the bravest individual he ever knew. He answered: "A woman who took a taxi to a Bankruptcy Court and then invited the driver in as a creditor."

New You Know
By United Press International
The Bornean earless monitor, *Lanthonotus borneensis*, is one of the rarest lizards in the world. The first one seen alive outside its native Borneo is in the New York Zoological Park, according to Animal Kingdom, bulletin of the New York Zoological Society.

For a while but few new tree farms may be expected. Surely the Government then will raise a wall about our vanishing timber. Federal programs at taxpayer expense will then be seen as the only solution.

Wouldn't it be better to leave the tax rule intact?

In New York City another example of the blighting effect of taxation has come to light. Seagram, a liquor firm, spent a prodigious amount of money on a new Park Ave. office building. Instead of following the custom of building the maximum rentable space the company provided a large plaza with fountains to please the public.

Local tax authorities usually tax on the basis of a building's earning power but decided to change the rule to get more taxes from the Seagram Building. They'll tax on the cost of the fine building instead.

One couldn't think of a better way to assure that no more fine buildings will be built in New York constructed at private expense.

Foreign Aid Administrator David Bell has taken the lead in trying to sell Congress on the need to increase aid to Indonesia, which has consistently followed the Kremlin policy line.

He told the House Foreign Affairs Committee that the administration was considering doubling aid to Indonesia to stabilize its economy and to make President

Sukarno's government less dependent on Communist assistance. The U.S. has been supplying Indonesia with about \$100 million in aid annually. The new program, will boost this amount to nearly \$200 million yearly, including a series of loans that will release other Indonesian funds to pay for the nationalization of U.S. and British oil facilities.

Indonesia is the fifth most populous nation with a population of 96 million. Her legal Communist Party of 2 million is the largest outside the Communist bloc. Since Indonesia became independent shortly after World War II, the U.S. has tried to preserve its influence in Jakarta with more than \$600 million economic aid.

In recent years, Washington has been competing against a massive Soviet aid program, including \$1 billion in military assistance, and \$500 million economic credit.

In exchange for this aid, President Sukarno is permitting Russia's Pacific-based submarine fleet to use the former Dutch naval base near Jakarta, and to keep more than 500 naval technicians in the country.

Remember When - EUROPEANS WERE WRINGING OUR HEARTS?

Allen-Scott Report

President Plans To Give Massive Aid, If Congress Permits, To 'Neutralist' Asia and to Slash Funds to Pro-U.S. Nations

ROBERT ALLEN

WASHINGTON — President Kennedy is making a major policy shift in Asia and the Far East.

He has decided to use massive U.S. aid to build up India and Indonesia, the largest neutralist nations, as a "third force" in that vital region while cutting assistance to a number of strongly anti-Communist Asian nations.

Unless Congress upsets his plans, the President will give India \$3 billion in military and economic aid over the next two years to shore up that nation's economy and to help equip the doubling of her military forces.

Indonesia, which has strong ties with Communist China and Russia, is to receive \$400 million during the same period to bolster the financially shaky regime of President Sukarno.

Under this policy shift, aid to Pakistan, Thailand, Formosa, South Korea and South Vietnam, all with strongly pro-U.S. governments, will be gradually reduced over the next two years.

U.S. military advisers in these five nations are to be cut back, with the largest reduction in South Vietnam, where such personnel will be cut from 12,000 to 6,000 by the end of 1964.

These and other still secret decisions were made by the President and his chief foreign policy advisers during a series of high-level White House meetings prior to this week's state visit of India's President Serepallavi Radhakrishnan.

The letters' lavish welcome, including a private meeting with congressional foreign policy leaders, was arranged by the White House to help sell the new policy to Congress, including the massive arms program for India.

THE DETAILS — Congressional leaders first learned of the administration's sweeping policy change at a briefing by Deputy Assistant Defense Secretary William P. Bundy on his return from India.

He told the legislators President Kennedy had decided to give arms aid to India the highest priority despite strong protests from Pakistan and Thailand, this country's most trusted allies in Asia, that additional arming of Nehru's forces would upset the military balance in the area.

Bundy revealed the new arms aid would run into billions, justifying the additional aid on the ground that India needed the larger force to deter further Chinese Communist attacks.

He reported that part of the cost of the new program would be met by using military aid funds originally requested for other Asian countries, and taking U.S. military equipment from stockpiles in Europe. The latter method was employed in supplying India with \$80 million in emergency arms aid the past six months.

Foreign Aid Administrator David Bell has taken the lead in trying to sell Congress on the need to increase aid to Indonesia, which has consistently followed the Kremlin policy line.

He told the House Foreign Affairs Committee that the administration was considering doubling aid to Indonesia to stabilize its economy and to make President

Question Box

(We invite questions on economic and the proper functions of government which will not injure anyone.)

PAUL SCOTT

Question: "Is it moral for a tax-exempt institution to accept the services of government police and fire protection and roads—without offering to pay for those services?"

In the first place, we do not know of any completely tax-exempt institution. Of course, the tax-exempt institution is an artificial entity and the people who support it pay various kinds of taxes.

What most people do not understand is that most of the taxes that most people pay are indirect or hidden taxes. Every time they buy something, about 33 per cent of it is taxes. It is being hidden, they do not think they pay very much in taxes, so they keep on voting for more and more government action that costs more and more money and deprives the individual of the right to develop his own facilities.

In the first place, the man who uses the roads certainly pays gasoline tax, and we believe many tax-exempt organizations pay gasoline tax when they buy gasoline.

And the fire departments certainly should not be owned by the city or the county or the government. They should be owned by insurance companies, and the man who had a vacant lot wouldn't be obliged to pay taxes, or the man who had a fire-proof building that cost twice as much to build as another one of the same size, wouldn't be paying two or three times as much in taxes for fire protection as he pays for a government-owned fire department. Competition would make the insurance companies charge the market price for the services. Of course, the police department should be supported on a voluntary basis, like all services should be supported on a voluntary basis.

The only argument we can think of is that if some people pay taxes, all people should pay taxes. But if no one should be robbed, it seems irrational to force others to be robbed.

A friend of ours said if a robber had a group of people lined up against the wall and was taking their jewels and their money if some lady slipped her diamond ring down into her shoe, he wouldn't feel it was fair for him to steal from her, for she would have a perfect right to do it and it would certainly be moral for her to do it. And if it is moral to keep from being robbed, then a tax-exemption proposition seems to be moral.

The immoral thing is making anybody pay taxes, not exempting some. We want a universal exemption of taxation and want the government supported voluntarily because the citizen believes that it is to his advantage to support the government, just as he buys everything else on the market because he thinks he can't afford to do without it, because he thinks it is to his advantage to buy the service. But so long as the government has the power to use force to make people pay, we have immorality and wickedness in taxes.

HOW TO ADDRESS OUR LAW MAKERS
You may wish to write your senators and representatives in Washington and Austin. Here are their addresses:

(FEDERAL)
Rep. Walter Rogers, House Office Bldg., Washington 25, D. C.
Sen. Ralph Yarborough, Senate Sen. John Tower, Senate Office Bldg., Washington 25, D. C.

(STATE)
Rep. Grainger McIlhenny, House of Representatives, Austin, Texas.
Sen. Grady Huzar, State Senate Bldg., Austin, Texas.

Edson In Washington Seeing Trees, Not Forest In U.S.-Canada Relations

By PETER EDSON

WASHINGTON (NEA) — First test for the new era of improved relations between the United States and Canada may come over a proposal now before Congress to require that all U. S. lumber imports be labeled to show country of origin.

This is a hangover from the U. S. Tariff Commission's unanimous decision of last February, finding that imports were not injuring the U. S. lumber industry and denying requested relief through increased customs duties. This was the first case heard under the new U. S. foreign trade expansion act.

Rebuffed here, American lumbermen sought redress in Congress. Over 40 bills have been introduced by congressmen with lumber interests in their states.

They call for import labeling, inclusion of lumber as an agricultural commodity which would entitle it to AAA protection against imports, restrictions on the use of foreign lumber in federally financed housing and construction projects.

The proposal that has advanced furthest is an amendment to the Tariff Act of 1930, introduced by Senators Len N. Jordan, R-Idaho, Warren Magnuson, D-Wash. and others.

It would include "sawed lumber and wood products" with "new packages of imported articles" which would be required to carry a label showing country of origin. Hearings have been completed before the Senate Finance Committee and a report is expected soon.

But the always original Sen. Wayne Morse, D-Ore. — who has consistently supported his state's considerable lumber interests in the past — recently took the floor to question the Jordan-Magnuson approach. He argues that the reported declines in domestic lumber production and employment are not caused by import competition.

He blames a combination of new building materials and a shift from sawed lumber to plywood and other wood products which bring the mills higher prices.

Morse calls for a conference of northwestern U.S. and British Columbia lumbermen who cut from the same Pacific coast forests to find new markets.

As a member of the Senate Foreign Relations Committee, Morse goes even beyond this to line up as an internationalist supporting the best possible relations with Canada. In this stand he backs up the Kennedy administration, in which not only the Tariff Commission but also the Departments of State, Treasury and Commerce have opposed lumber import labeling.

Practically all the attention to President Kennedy's Hyannis Port conference with new Canadian Prime Minister Lester B. Pearson was focused on the Dominion's acceptance of United States nuclear warheads for mutual defense missiles. Also discussed were trade, shipping and other economic issues. And the desirability of giving Pearson's new government strong support is considered important at this time.

A further argument presented is that if the Jordan amendment is favorably reported by the Senate Finance Committee, it will make more difficult the negotiations of the President's special assistant on trade relations, Christian A. Herter.

Most of Canada's lumber exports formerly went to the British Isles. But the postwar increase of Russian lumber exports to western Europe have cut in U. S. trade. And the great increase in U. S. construction has created heavy demands.

Nearly 80 per cent of Canada's lumber exports — principally soft woods, now come to the United States. Though this is only about 15 per cent of U. S. lumber use, it is an important U. S. dollar earner for Canada.

Over 40 per cent of Canada's exports to the U. S. are forest products. About the same percentage of U. S. exports to Canada are iron and steel products.

U. S. investments in Canada and U. S. trade with Canada are now larger than they are between the United States and all six European Common Market countries. Even so, Canada has an unfavorable trade balance with the United States of over \$1 billion a year.

Curbing U. S. lumber imports from Canada would only make this balance worse. Furthermore, according to U. S. lumber dealers, it would increase lumber prices. For this reason it is also opposed by the U. S. National Association of Home Builders.

The moon is approaching its last quarter.

The morning stars are Venus, Jupiter and Saturn.

The evening star is Mars. On this day in history: In 1942, Selective Service officials issued a new order placing men with children last on conscription lists. In 1943, Congress passed an act providing for "pay-as-you-go" income tax deductions, authorizing employers to withhold income tax payments from weekly salary checks of their employees. In 1948, President Harry S. Truman touched off a controversy when he labeled the 80th Congress "the worst we have ever had." In 1959, the first ballistic missile submarine, the nuclear powered George Washington, was launched at Groton, Conn.

The Almanac

By United Press International Today is Sunday, June 9, the 160th day of 1963 with 205 to follow.

The moon is approaching its last quarter.

The morning stars are Venus, Jupiter and Saturn.

The evening star is Mars. On this day in history:

In 1942, Selective Service officials issued a new order placing men with children last on conscription lists.

In 1943, Congress passed an act providing for "pay-as-you-go" income tax deductions, authorizing employers to withhold income tax payments from weekly salary checks of their employees.

In 1948, President Harry S. Truman touched off a controversy when he labeled the 80th Congress "the worst we have ever had."

In 1959, the first ballistic missile submarine, the nuclear powered George Washington, was launched at Groton, Conn.

The only argument we can think of is that if some people pay taxes, all people should pay taxes. But if no one should be robbed, it seems irrational to force others to be robbed.

A friend of ours said if a robber had a group of people lined up against the wall and was taking their jewels and their money if some lady slipped her diamond ring down into her shoe, he wouldn't feel it was fair for him to steal from her, for she would have a perfect right to do it and it would certainly be moral for her to do it. And if it is moral to keep from being robbed, then a tax-exemption proposition seems to be moral.

The immoral thing is making anybody pay taxes, not exempting some. We want a universal exemption of taxation and want the government supported voluntarily because the citizen believes that it is to his advantage to support the government, just as he buys everything else on the market because he thinks he can't afford to do without it, because he thinks it is to his advantage to buy the service. But so long as the government has the power to use force to make people pay, we have immorality and wickedness in taxes.

Matter of Fact

Strawberries were cultivated in America long before the white man reached the new world. Strawberries now grow in all our 50 states and about one-half of each year's crop is processed for frozen food. Flower buds form in the crown of the plants in the fall. These blossom and develop into berries the following spring. For this reason the plants are vulnerable to freezing temperatures, and must be covered with straw or mulch during the winter.

RAISE THAT CORNER A LITTLE — Director Jim Terrell, left, offers advice to James Hinkle and stage manager Chuck Lockhart as they put the finishing touches on the set for the Pampa Little Theatre's latest production, "Blithe Spirit," while assistant stage manager Ed Rountree, right, views the progress with a practised eye. The Noel Coward comedy will be presented Thursday through Friday at the Pampa High School auditorium, with an 8 p.m. curtain. Tickets may be purchased from any member of the Theatre, adults \$1, and students 75c. (Daily News Photo)

Production Credit Personnel To Attend Lubbock Conference

CANADIAN (Sp) — C. D. (Mike) Reagan and Parilee Ellis of Canadian and Sharon Kester of Higgins will represent the Canadian Production Credit Association at a regional operations and book-keeping conference of the agricultural financing institutions at the Holiday Inn Hotel in Lubbock Monday and Tuesday, June 17 and 18.

Personnel of 10 Production Credit Associations, covering a 73-county area of the Panhandle and West Texas, will attend the conference, sponsored by the Federal Intermediate Credit Bank of Houston, discount and supervisory agency for all 37 home-owned and operated lending organizations serving 254 Texas counties.

Reagan is bookkeeper, Mrs. Ellis is loan clerk and Mrs. Kester is stenographer with the Canadian association.

Conducting the business sessions will be Treasurer Frank McCullar, Assistant Vice President Alton Cook, Accountant Jim Tarlton and Resident Credit Examiner Robert Wadsworth, all with the Houston credit bank. Business topics at the meeting will cover internal control and accounting problems and procedures.

The 11 associations to attend the

Lubbock conference provide more than \$130,000,000 in short and intermediate-term agricultural credit

East German Newspaper Slaps Race Problems

BERLIN (UPI) — An East German newspaper told President Kennedy to stay home and put his own house in order instead of coming to Berlin this month.

"Would not Birmingham, would not Alabama, would not the U.S.A. itself be better travel goals for the American President?" asked Neues Deutschland, the East German Communist party newspaper.

"Should not Kennedy rather tear down the wall of shame of race discrimination in his own nation instead of encouraging the revenge agitation against our anti-fascist defensive wall?" it added.

The newspaper printed three photographs of police dogs, fire hoses, and arrests in Birmingham and said: "Is this your freedom, Mr. Kennedy? Is this the freedom Kennedy will preach on his trip to Western Europe?"

it each year to farmers and ranchers in their 73-county area.

The Canadian Production Credit Association is owned and operated in its entirety by 500 stockholders-borrowers in Ochiltree, Lipscomb, Roberts, Hemphill, Gray and Wheeler counties. In 1962, the association had a total loan volume in excess of \$7,000,000. Association offices are operated in Pampa, Canadian, Wheeler, and Perryton.

RE-LEASING PIGGYBACK

LOUISVILLE, Ky. (UPI) — The Louisville and Nashville Railroad said Wednesday it has sold and is leasing back its fleet of 131 piggyback trailers for a long-term period.

The equipment was sold and will be leased from the REA Leasing Corp., a subsidiary of REA Express.

BOND SALES UP

WASHINGTON (UPI) — The Treasury Department reported Wednesday that U.S. savings bond sales in May totaled \$410 million—a 16 per cent increase over sales during the same month last year.

The report also said that redemption of savings bonds during the period declined 7 per cent to \$375 million.

Drug Industry 'Resents' Red Tape Required

DALLAS (UPI) — The drug industry "deeply resents" the federal government's new controls which require much paperwork and red tape before a new drug goes on the market, a leading Southwestern pharmaceutical firm president said Thursday.

W. C. Connor, president of Alcon Laboratories in Fort Worth, spoke to the Dallas Association of Investment Analysts.

He said the slowdown "could conceivably cost the lives of Americans who could have been treated and cured while a drug's paperwork was being sifted and resifted."

Connor said the new law could even pose a threat to United

States leadership in pharmaceutical research.

He said clinical investigation of new drugs might be shifted to other countries where restrictions are not as strict.

Carden System of Education Due for Airing at Meeting

Mrs. Fred Doelp, a teacher in the Episcopal Day School of Big Spring, Texas, will be in Pampa Monday, to explain the Carden System of education. Her appearance is sponsored by the St. Matthew's Episcopal Day School and the public is invited to attend the meeting according to the Rev. William E. West, headmaster of the Episcopal school.

The meeting will be held at 7:30 p.m. in the Episcopal Parish House, located at 727 West Browning.

The Carden System of education was developed by Miss Mae Carden during the past 25 years. The system has gained much public attention and has been written about in many leading magazines. A study of the system has been undertaken in various "pilot" schools connected with the Los Angeles Public Schools. At present more than 400 schools throughout the United States are using Miss Carden's methods.

Following Mrs. Doelp's presentation there will be a question and answer period and an opportunity to examine the materials and method, Rev. West said. The system is under consideration by the Board of Directors of St. Matthew's School for possible adoption.

Deflated Beans Goal of Study

BOISE, Idaho (UPI) — The Idaho Bean Commission wants to tame its beans.

The commission reported in its new "Idaho Bean News" that it is spending \$16,000 for a study by the Stanford Research Institute in California to determine ways to reduce gas-producing properties in beans.

Commissioner Harold West says certain specialized markets shun beans because of gas effects.

"Beans are not used in hospitals, nursing homes, old age homes and other institutions, or in baby foods," West said, due to the gas effect. He said a quick-cooking process developed by Stanford has shown a "gas-reducing effect on beans."

At Camp Kiowa

Scouts learn about life...

SCOUTS LEARN TO OVERCOME FEAR OF ANIMALS and develop knowledge of the animals in the nature period. Benny Reprecht, left, of Perryton and Bobby Cain, staff member, of Clarendon are observing a bull snake Benny caught in the nature area.

265 BOY SCOUTS SCURRIED AROUND CAMP KIOWA YESTERDAY, rolling up tents, cleaning up the campsite and loading the accumulated "priceless objects" one collects during a week of outdoor life. Yesterday marked the end of the first week of summer camp at Kiowa, where boys learn to depend on themselves and rely on their God-given sense to do for themselves. Only by doing for themselves can a boy learn this, and at Kiowa, Boy Scouts "learn to do".

(Photos, Text by Phillip Duncan)

SWIMMING IS ONE OF THE MORE IMPORTANT ACTIVITIES at Kiowa. At some time during the day, every scout is in the swimming area, either learning to swim, earning a life saving merit badge or just enjoying the cool water. These scouts are demonstrating the "buddy system" where each scout is responsible for the safety of his partner.

KNOT TYING IS ANOTHER OF the many skills acquired at Kiowa. Randell Williams, left, and Robert Glenn Scott of Shamrock, observe as Staff Leader Dana Gibson of Lakeview instructs the scouts in knot-tying.

CANOEING IS ONE OF THE ADVANCED WATER SKILLS a scout must learn. Larry Fauske of Borger, center, is instructing Dennis Jones, front, and Jerry Don Dwyer, rear, of McLean, in rowing a canoe.

SIGNALING IS A VERY IMPORTANT PART OF SCOUTING. Oscar Jones, right, staff leader of Yarbrough, Okla. is instructing Terry Pulse, left, Mike Rake, center, and Kenneth Osborne, right, all of Pampa in flag signaling.

Exotic Weapons of the Future

EDITOR'S NOTE—This is the third of four special articles by Dr. I. M. Levitt, director of the Fels Planetarium of the Franklin Institute, on the significant and timely theme, "War in Space." Based on the latest scientific information available, the four-part series considers the possibilities of such a war, the manner in which it may be waged, and — perhaps most important—how such a potentially devastating conflict might be avoided.

Fantastic weapons resulting from new concepts just realized, or concepts using sciences as yet unborn, represent some disturbing prospects for the future. Only when man has lived in the environment of space for extended periods of time can the scientist and engineer assess the prospects of space weapons and defenses to be used to counter these space weapons, if indeed a defense exists.

Based on a careful search of the literature to uncover thoughts of our scientists, apparently at least four radically new space weapons are within the range of possibility. These comprise that anti-ICBM system, the gigaton nuclear warhead, the meteorite or asteroid bomb, and the "death ray."

The development by either the East or the West of an effective anti-ICBM could have a decisive effect on the world power struggle. The nation with such a defense could launch an attack with their own ICBM's with impunity. The possession of such a safeguard may mean that even the threat of an ICBM attack would be sufficient to gain the objectives of the country possessing this system. It is known that the United States is now studying a space-based anti-ICBM system, but it is also obvious that the present Russian lead in space boosters gives them a decisive advantage in the race to develop such a defense.

While the anti-ICBM system is being considered here as a weapons system, it is also an effective countermeasure and this aspect will be discussed in the next and last article in this series.

Russia's Big Bomb
Many people in this country were startled and alarmed by the detonation of the 58-megaton (58,000,000 tons) nuclear bomb in Siberia. This country has not attempted to detonate anything this large though no technological reasons exist for supposing that this cannot be done. From what is known of our present nuclear weapons capability, there appears to be no limit to the size of the bomb which can be constructed and detonated by this country or the Soviets.

Certainly a nuclear bomb ten times as powerful as the 100-megaton bomb is feasible. And the size can go to 20 gigatons. A 20-gigaton nuclear bomb when detonated would yield the energy equivalent to 20 billion tons of TNT!

From the scaling laws found in our handbooks on atomic energy, it can be demonstrated that a 20-gigaton bomb exploded at an altitude of several hundred miles—while still in orbit—would ignite all the combustible material in the United States. The resulting fire storm would cause a gigantic atmospheric implosion comparable to an enormous country-wide tornado. It is doubtful that any plants, animals or structures would survive such a bomb. The entire country would be turned into an incinerated wasteland. This, then, could be considered the "doomsday" weapon.

While a multi-gigaton warhead may be 1,000 times the size of the large ones available today, in time these warheads can be placed in orbit. The large boosters being built today and which may be operational by the mid-1960's will probably have the payload capa-

bility of orbiting these warheads. Thus, in a few years the ultimate weapon, if there is such a thing, will be available.

Between Mars and Jupiter are tens of thousands of chunks of rock which range in size from several hundred miles to few hundred feet. These are called asteroids and are among the most interesting of the sun's family because of their curious motions. Some of these have elongated orbits which can bring them in close to the earth.

H-Bombs To Trigger Collision?

The asteroid Hermes can come within a million miles of the earth. Scientists believe that a relatively small number of hydrogen bombs exploded on its surface could start it on a collision course with the earth. This one-mile-in-diameter rock could be directed toward an impact on the United States — an impact which would have an even more devastating effect than a multi-gigaton warhead.

Robert S. Dietz, writing in the "Scientific American," presents evidence that about 250,000,000 years ago an asteroid slightly more than one mile in diameter struck near Pretoria, in South Africa, with an energy output of a million times that of the great Krakatoa Explosion in 1883 when the volcano almost disappeared. This impact released 150,000 times as much energy as is contained in a 100-megaton bomb! The impact created a 30-mile crater — ten miles deep. If such an asteroid should fall into the sea, the resultant tidal wave would sweep across the bordering areas inundating them under more than a mile of water. The impact of this type of weapon would leave its mark on the earth for literally centuries.

One disturbing aspect of the asteroid weapon as compared with the gigaton bomb is that the guilty party may escape unscathed despite the fact that retaliatory weapons might be available in orbit. Unless there is some way of proving that the catastrophe was man-made, retaliation — if possible — would not be attempted. Although statistically unlikely, the impact of an asteroid is always feasible. There are many scars on the earth which bear testimony to this possibility.

The death ray has been mentioned as a potential new space weapon. At this time it is theoretically possible to beam highly concentrated rays of energy across hundreds of thousands of miles of space. However, at this time, because of the difficulty of operating these beams for extended periods of time and the highly localized action of the beams, the death ray is much more likely to develop into a countermeasure system rather than as an active weapon.

(Tomorrow: "Counter Measures of the Future.")

WONDERS OF THE UNIVERSE — Some scientists believe that the asteroid Hermes could be started on a collision course with the earth by exploding H-Bombs on its surface. One mile in diameter, Hermes would impact with more force than a multi-gigaton nuclear bomb.

Kiwianians Told Value of Helium

Helium is one of the world's most important resources with the principal supply in the United States, Elmer Suttle, a chemist with the U. S. Helium plant near Amarillo, told Pampa, Kiwanians at their noonday luncheon Friday in First Methodist Church.

Suttle stressed the necessity of helium conservation for future generations.

"We know there is just so much of it available," Suttle said, "and when it is used it cannot be reclaimed — it is gone."

"Therefore, the need of conservation of helium for our children and grandchildren," Suttle complemented his lecture

Sugar Crisis Not Over Yet, Says Brazilian

WASHINGTON (UPI)—A representative of Brazilian sugar growers disagreed with U.S. officials today and said he does not believe sugar prices will drop back to normal levels in the reasonably near future.

Albert S. Nemir told a House subcommittee investigating the sharp rise in sugar prices that he does not feel that the sugar price crisis necessarily is over.

Nemir took issue with Agriculture Undersecretary Charles S. Murphy who said Wednesday prices soon would be back at their normal levels.

with several laboratory demonstrations requiring the use of helium.

Ken Ellison Kuykendall, son of Mr. and Mrs. Conway Kuykendall of Canyon, was among 94 men and women awarded the degree of Doctor of Medicine by the University of Texas Southwestern Medical School in Dallas recently.

Dr. Kuykendall is married to the former Virginia McGee of Skellytown and is a member of Phi Rho Sigma, medical fraternity. He was graduated from Canyon High School in 1955 and received his Bachelor of Science degree from West Texas State College in 1959.

After attending a meeting in New York City, with Mrs. Kuykendall, he will begin a one-year internship in Internal Medicine in the Veterans' Hospital in Dallas.

Miss Betty Lou McWilliams, daughter of Mr. and Mrs. J. C. McWilliams, 1318 Mary Ellen, was recently initiated into Alpha Lambda Delta, national honorary society for freshmen women. Miss McWilliams was one out of 22 freshmen women at Southern Methodist University, who was eligible to become a member of Alpha Lambda Delta. Eligibility for this sorority is based on a grade point average of 3.5 or over.

Miss McWilliams was also given a trophy for scholarship from her social sorority, Zeta Tau Alpha.

AIR-CLEANSER

NEW YORK (UPI) — The gas industry has offered its assistance to the campaign of Sen. Abraham Ribicoff, D-Conn., former Secretary of Health, Education and Welfare, to step up air pollution control efforts.

A new type of smokeless-odorless gas incinerator, developed for both residential and commercial use, will do much to eliminate air contamination caused by the burning of garbage, trash and industrial waste, according to the Gas Appliance Manufacturers Association.

The old city of Boston once was located on three hills: Beacon, Fort and Copp's.

Sporting Sidelines

By JEFF COHANE

THE U.S. Track and Field Federation, set up by the NCAA, held the winning cards in its hand in a head-to-head duel with the AAU, but decided to try to bluff a pot, and drew to a losing hand.

After the AAU's recent colossal bit of dogmatism which tried to prove by its standards that Randy Matson and nearly 100 more Texas high school athletes were ineligible for AAU and Olympic competition because they were not members of the TTF while participating in the West Texas Federation Meet in Abilene, public opinion had swung wholeheartedly in favor of the NCAA. The immediate and aroused reaction of the USTTF, pointing out AND PROVING that the boys were not members of the AAU either and could not be penalized by them; and of Dr. Rhea Williams, head of the Texas UIL, who came to their defense with a statement that the UIL, the ONLY organization that the boys belonged to, had given unqualified permission for Texas high school athletes to participate in Federation meets; caused a complete, hasty and somewhat embarrassed withdrawal of the AAU's declarations, sanctions and threats.

The latest faux pas by the AAU had put the nose around their own neck—public opinion, at least in Texas, was completely and wholeheartedly against the AAU's vain and foolish threats to ruin the careers of Texas high school athletes; and the complaint by the USTTF to arbiter Gen. Douglas MacArthur was right and proper, and would apparently result in a slap on the wrist for the high muckamucks of amateur sport.

BUT INSTEAD of sitting back and playing a cinch hand, the NCAA went out for the old "retaliation" bit, and in doing so, made themselves look just as bad if not worse than the AAU. In a good bit of "getting even", the ECAC (it begins to sound like alphabet soup) or Eastern College Athletic Conference, to give it its full and long-winded monicker, refused to allow member school athletes to participate in the forthcoming AAU meet to pick a representative track team to meet the Russians this summer.

The reason the NCAA has split off from the AAU is its constant claim that 90 percent of the amateur athletes are collegians, and the great majority of them in NCAA schools, so the NCAA should have a stronger voice in affairs. This was the fight that caused the split, the formation of the USTTF, and the appointment by President Kennedy of Gen. MacArthur to try to make peace between the two factions for the good of the country and of international sport.

No one, including the AAU, has ever tried to deny the fact that most of our Olympic and Pan American champs, etc., are NCAA athletes, and that only a handful of NAIA, service and graduate athletes would be left if the NCAA pulled out, but this is a heck of a time to prove it. Instead of letting the AAU choke itself to death, the NCAA has tried to help with the nose, and in so doing, may have put one around its own collar.

There is no doubt that the AAU is far from perfect, and most people have realized that and gone along with the NCAA in its fight. (See SIDELINES, Page 12)

Dodgers Hold NL Lead, Cardinals Shut Out Mets

Broglio Hurls Two-Hitter

NEW YORK (UPI) — Right-hander Ernie Broglio pitched his third two-hit victory and his fourth shutout Saturday in hurling the St. Louis Cardinals to a 4-0 triumph over the New York Mets.

Broglio, who held the Mets to two hits in blanking them on opening day, had a no-hitter for 6 2/3 innings when Chico Fernandez broke the spell with a line drive single past third baseman Ken Boyer. Rod Kanehl singled with one out in the ninth for the Mets' only other hit.

In addition to losing the game, the Mets also temporarily lost the services of Duke Snider, hero of Friday night's 3-2 victory over the Cards. Snider was hit on the right forearm by Broglio in the fourth inning and left the game two innings later to have X-rays taken.

For the Mets, the shutout was the ninth of the season, tops in the major leagues. Broglio's shutout was the eighth by a Cardinal pitcher, which ties the St. Louis staff with Cincinnati for the league lead. The victory was Broglio's sixth of the season, four of them shutouts.

Roger Craig, who lost his seventh straight and is now 2-9, gave up all four St. Louis runs.

Pinson Leads Reds Past Phils

PHILADELPHIA (UPI)—Speedy Vada Pinson ran through a stop sign at second base, stretched a double into a triple and scored on a sacrifice fly in the ninth inning Saturday in the Cincinnati Reds' 1-0 defeat of the Philadelphia Phillies.

Pinson's disregard of the hold-up sign by third base coach Reggie Otero made Jim O'Toole the National League's first 10-game winner and tagged loser Art Mahaffey with his sixth straight loss.

The Reds' centerfielder opened the ninth by lining Mahaffey's first pitch to the scoreboard in deep right. He coursed all the way to third for the triple, beating the relay easily. Frank Robinson struck out, but Daryl Spencer fled to left field and Pinson scored.

O'Toole fired a four-hitter and struck out seven to best Mahaffey, who allowed six hits and fanned five.

Until Pinson streaked into third, no Red had passed second and only two had reached the midway point.

Kralick Leads Indians Win

WASHINGTON (UPI) — Southpaw Jack Kralick of the Cleveland Indians racked up his fourth straight victory Saturday night in beating the Washington Senators, 6-1, on a five-hitter.

Errors Give LA 9-5 Win

CHICAGO (UPI)—Ron Santo's seventh inning error opened the doors to three Los Angeles runs and a 9-5 victory Saturday over the Chicago Cubs which kept the Dodgers on top of the National League.

The rally off relief pitcher Don Elston came after Merritt Ranew, Cubs catcher recovering from a broken jaw, belted a two-run pinch homer and tied the score at 3-3 in the sixth.

Dick Tracewski, Dodger shortstop still looking for his first extra base hit, singled after one out in the seventh. Pinch hitter Wally Moon was safe when Santo and Billy Williams collided on a high lazy fly in short left field. The ball dropped from Santo's glove and it was called an error.

Pirates Edge Braves, 5-4

PITTSBURGH (UPI) — On the strength of magnificent relief pitching by Al McBean, the Pittsburgh Pirates vaulted back into the .500 column Saturday edging the Milwaukee Braves, 5-4.

McBean, (6-1) who worked 5 1/3 innings after rescuing Vernon Law, held the Braves scoreless on two hits and provided an insurance run for himself with a timely single in the eighth.

Lou Burdette, frequently rumored less than two innings against the Pirates, whom he has beaten 25 times.

Burdette was given a lead in the opening inning when Eddie Mathews clouted his first homer since May 19th, a blast into the right field stands with Lee Maye aboard. It was Mathews' seventh of the year.

Bosox Stop Orioles, 7-1

BALTIMORE (UPI)—Bill Monbouquette pitched the Boston Red Sox to an eight-hit, 7-1 victory over the Baltimore Orioles Saturday night and stopped Steve Barber from becoming the American League's first 10-game winner of the season.

Coach To LF

EDINBURG, Tex. (UPI)—Earl Gartman, base ball coach at Pan American College at Edinburg said Saturday he is leaving the Pan American staff to become head football coach and athletic director for Los Fresnos High School.

Gartman, 42, has been on the Pan American coaching staff since 1961. He replaces John Linville, who resigned to become Raymondville high school coach.

CLASS A CHAMPS — From left to right, the top five finishers in the Class A division of the Pampa Country Club Junior Golf Tournament were Grover Haskell, Richard Ellis, Skip Warren, George Snell, Bobby Everson. Haskell took the honors in the 14-15-year-old bracket of the tournament, with a 36-hole medal play score of 154. Ellis was runner-up with 155, Warren one stroke behind with 156. Snell was fourth with 170 and Everson fifth with 189. (Daily News Photo)

Boros Leader In Buick Open

GRAND BLANC, Mich. (UPI)—Julius (Moose) Boros stretched his lead to four shots, big George Bayer fired a \$5,700 ace and Sam Sneed's current consecutive number one winning record was snapped in the second round of the Buick Open golf championship Sunday.

The easy-going Boros moved over the long Warwick Hills Golf Club course to add a one-under-par 36-35-71 to a first round 66 for a 137 total. That put him four fat shots in front of Canada's George Knudson, southpaw Bob Charles of New Zealand and the giant Bayer.

The six-foot, five-inch Bayer, noted as golf's longest hitter, proved his deftness with the short irons too, when he holed out the sixth ace of his career — a six iron shot on the 171-yard eighth hole — to win a \$5,700 Buick automobile. It also helped him to a two-under-par 70.

And Sneed, who had cashed in 54 consecutive tournament appearances since 1958, shot a triple bogey seven by four-putting the final hole for his second straight 77, which caused him to be cut as the field was narrowed to the low 75 and ties.

Sneed's act was deliberate, because the slammer wanted no part of Sunday's two closing rounds, which start at 5:30 a.m. EDT because the first round was washed out Thursday. Thus his pitter-putting allowed him to avoid 36 holes in one day and the early rising which at 52 the masnie millionaire has come to dislike.

Boros' 137 total meanwhile set him up happily for a golfing marathon in which he will play 162 holes within six days. Counting Thursday's washed out round and four rounds in the Buick in three days, he will play two practice rounds Monday over courses to be used in the U.S. Open qualifying in the New York district and then two rounds there Tuesday in his qualifying attempt.

Berl Huffman Meet Speaker

LUBBOCK, Tex. (Sp) — Berl Huffman, Texas Tech's head baseball coach will speak at a reception Wednesday night preceding the National Collegiate Track and Field meet at Albuquerque, N. M.

Huffman is a former New Mexico resident. He coached at the University of New Mexico and later was Albuquerque Chamber of the State Economic Development Commission, and director of the Industrial Development Corporation of Alamogordo.

A former Trinity University halfback, Huffman coached at White Deer and Lubbock high schools before joining the Texas Tech staff. He left Tech to coach at New Mexico in 1947 and returned in 1961.

Youth Baseball

Dixie Parts rolled over Duncan, 15-3, in a Youth Baseball game at Optimist Park Friday night.

Jimmy Addington took the win, giving up three hits and walking seven. Bick was the loser, being reached for nine hits and seven walks.

Chuck Albus led Dixie's batting with three hits, including a three-run homer, in as many trips to the plate. Teammate Philip Long also poked a three-run round-trip.

Griffith Wins Back Title

NEW YORK (UPI) — Emile Griffith employed harder punching in the exchanges to win the welterweight crown a record third time Saturday night on an avenging split decision over Luis Rodriguez, shortest-termed undisputed champion in welterweight history.

Griffith entered the ring for the nationally televised 15-round fight as one of the 11 men who had won the welterweight title twice.

But he emerged as the first to take the 147-pound title three times.

Chateaugay In Belmont Upset

NEW YORK (UPI) — Chateaugay, the Kentucky Derby winner denied a Triple Crown triumph when he was second in the Preakness stakes, streaked along the rail in the stretch at Aqueduct Saturday to sweep past favored Candy Spots and win the 95th running of the \$145,450 Belmont Stakes.

In a stunning upset, Chateaugay once again started his big run on the turn into the stretch just as he did in the Kentucky Derby and the Preakness. At Churchill Downs he swept on to victory while at Pimlico in the Preakness he failed to overtake Candy Spots.

But in this testing mile and one-half classic Chateaugay's stretch rally was more than enough to carry him to victory by two and one-half lengths.

Candy Spots, who went to the front when the early pace proved very slow, easily took second by a length over Choker with Tom Cat fourth.

When Candy Spots went to the front entering the backstretch it looked as if he had the race at his mercy. The lanky spotted colt owned by Rex C. Ellsworth galloped along unextended. Suddenly near the end of the backstretch he appeared to stumble and Bonjour and Choker charged up at him.

Rain Stops Colt Game

Rain again washed out a home game for the Pampa Colts, cancelling last night's scheduled contest with Borger.

Coach Tom Glover reported that the two teams were unable to get a definite date set to replay the game, as Pampa is slated to host Fritch tomorrow night, having been washed out of their home opener with Fritch last Sunday.

Hubble Hangs On To Life

AMARILLO (UPI)—Luther Ray Hubble, a 24-year-old light-heavyweight boxer, continued his fight for life Saturday after being knocked into the ropes in the third round of a scheduled four-round professional bout Friday night.

Hubble was in critical condition Saturday with a swelling at the base of his skull. Doctors said the swelling was pressing against his brain.

He was knocked off his feet by a combination of punches from Willie Franklin, 27, ending with a straight left. Hubble fell back, and his neck struck the bottom rope.

Opti-Mrs. Set Girls Softball

A girls softball league, sponsored by the Pampa Opti-Mrs., will open this month for girls from 10 to 14 years of age. All girls interested are asked to register from 5:30 to 7 p.m. on Wednesday, June 12, at the Optimist Boys Club.

Practice will start the following day, with the league, slated to field four teams, opening action the following week. The girls will use the Little League parks.

Any adults interested in helping with the girls softball league are asked to be present at the registration. Managers, coaches, umpires and scorekeepers are needed.

SPORTS

The Pampa Daily News 10 SUNDAY, JUNE 9, 1963 56TH YEAR

Randy Has Shot Put Of 60'6"

HOUSTON (Sp) — Randy Matson of Pampa broke his own second-place record here last night by becoming the second high school boy in history to throw the 16-pound shot over 60 feet as he won the open event in the National Track and Field Federation Championships with a heave of 60'6".

The Mighty Matson's throw was the fourth best heave in the nation this year by any athlete, topped only by the 61-plus throws of Dave Steen of Oregon, Gary Gubner of NYU and John McGrath of Occidental. In taking the win, Matson outthrew Al Williams of Florida State, who had the fourth best NCAA distance; Danny Roberts of Texas A&M, sixth in the nation; George Woods of Southern Illinois, seventh; and Jim Lancaster of Baylor, 10th.

Dallas Long is the only high schooler who ever put the 16-pounder further in track history, having a 61 1/2' heave. Matson's six-throw series was the best ever by a high schooler, breaking his own record set at Abilene last month. His throws were 58-1 1/2, 57-3, 60-6, 58-2 3/4, 58-2, and 58-4 1/4.

Second was Woods with 58-4 1/2, Roberts had 58-1 1/2, Lancaster 57-5, Allen Williams of Florida State was fifth with 57-3 1/4 and Mike Berkowitz of Navy sixth with 56-0. A crowd of over 7,000 watched the Houston Track Club (University of Houston) clinch the national title with 93 points. Southern Illinois was second with 44 points while McMurry was third with 37 points.

Other places awaited the finish of the pole vault, which was still going on late last night with four men having passed the 16-foot barrier. Warren Bratloff of Rice had cleared 16'1 1/4, best ever by a native Texan, with John Pannel of Northeast-Louisiana, Fred Hansen of Rice and Gerald Pratt of Texas Southern still in the running at that height.

No other national records were set, although several state marks were equalled or surpassed. Adolph Plummer of Arizona State, national 440 record-holder, won as expected, despite shin splints, in 47.2. The Arizona State mile relay team topped their event in 3:05.3 Cal Elmore of the Wichita Track Club more the mile in 4:02.2. Second place Richard Romeo, UT soph.

chalked up the fastest mile ever run by a Texan as he finished second in 4:05.8. Sixth-place Jim Ryan, a Wichita East high school sophomore, finished in 4:08.8. Ryan had set a high school record recently with a 4:08.2 clocking.

Bill Miller of McMurry won the broad jump in 25'9", a Texas record, edging out Bill Warfield of Ohio State, who did 25-8. Warfield was second in the national championships last year and also second in the last international meet with Russia.

In the discus throw Saturday afternoon, Matson was beaten by 12 1/2 inches by Danny Roberts of Texas A&M, but had the second best heave-of-the-college-discus by a high school boy in history.

Roberts, who won the Southwest Conference crown with a throw of 180'9 1/2" earlier this year, fifth best mark in the nation, edged Matson, winning the meet with a throw of 170'8" to Randy's 169'7 1/2". This was Matson's first competitive throw of his career with the college discus.

Matson's throw broke the second best mark by a high schooler with the five-pound wheel, a 169'3" by Karl Johnstone of North Phoenix, Ariz., in 1962. Matson failed to break the quarter-century old mark of 175'8", set by Archie Harris-of-Ocean City, N.J., back in 1937.

Randy, in finishing second, beat out some of the top discus men in the nation. Third was Jim Lancaster of Baylor with 166'3"; fourth was Gary Schwartz, a University of Kansas freshman competing unattached, with 161' 1/4"; fifth was Ignacio Reynosa of Texas Southern, 159'11"; and sixth was Allen Williams of Florida State, 157'5 1/2".

Lunt British Golf Champ

ST. ANDREWS, Scotland (UPI) — Michael Lunt, a 28-year-old English textile executive, atoned for his failure in the Walker Cup matches Saturday when he defeated his millionaire countryman, John Blackwell, 2 and 1, to win the British Amateur golf championship.

Amarillo Edges AL Rebels, 8-7

By JEFF COHANE
Pampa News Sports Editor

AMARILLO — Rusty Alexander came in with one out and the tying run on base in the ninth inning to strike out the last two batters and save an 8-7 American Legion win for the Amarillo Sandies over the Pampa Rebels at Amarillo Air Force Base Friday night.

Alexander saved the victory for Stanley "Spider" Dodge, a lanky sophomore who struck out nine batters and walked only one, allowing only one hit in the first six innings, backed by tremendous fielding, especially on the part of center fielder Sammy Gast, who robbed Ricky Maynard of two cinch extra-base blows. Dodge weakened in the late innings and Pampa rallied for five hits and seven runs in the last four frames before Alexander killed the rally.

Jerry Garrison and Ronnie Curlee allowed the Sandies only five hits while striking out 15 batters but were hurt by 12 bases on balls and five Pampa errors behind them, four of the miscues setting up Sandie runs.

Dodge allowed only one base-runner in the first five innings. Ronnie Oler beating out a grounder to short in the third inning to break up the Spider's no-hit bid. Only Pampa threat was a 400-foot blast to deepest center field by Maynard, which Gast caught with his back against the fence.

Meanwhile the Sandies picked up two runs without a hit in the first frame on two errors and three walks. Two walks and Rickey Hill's single brought them another tally in the third and a walk and Larry Teuton's long triple made it 4-0 after five frames.

Dodge's fielding support deserted him in the top of the sixth as two miscues and a walk loaded the bags, with Rickey Stewart singling two runs in with a liner between first and second. With one out, Maynard hit a vicious sinking line drive into centerfield. Gast again got on his horse and galloped over for the running one-handed catch to take another base hit away from Maynard, but Garrison tagged up and came home on the catch for the third run of the inning.

Trailing 4-3, the Sandies opened up the margin in their half of the inning, again without a hit. An error opened the floodgates and Garrison walked the next batter. Jerry Hunt's sacrifice bunt moved the two runners up and Garrison walked Bob Pitts and Larry Jasper in succession to force in a run. Curlee came on in relief and was greeted by another bunt by Don Howell which squeezed a run home. Ronnie then wild-pitched Pitts in to score before striking out Hill to end the inning.

Pampa got a hit in each of the next two innings, but Dodge worked his way out each time. Amarillo made it 8-3 in the eighth when Jasper clouted a tremendous triple to left-centerfield, and scored on a balk call.

Pampa came up for their last time around and Shotgun Gregory was hit by a pitch. Steve Molberg slid a grounder, but the Shotgun hit into second base to break up the double play and kicked the ball out of the fielder's mitt, and all hands were safe. Pinch-hitter Jim Arthur went down swinging, but Claude Middleton then laced out a solid single over the second baseman's head to send Gregory home. Oler then hit a long line drive into right field and sped to third base while Molberg and Middleton scored. Kyle Vann was safe on an error and went to second when the first baseman bobbed the throw, with Oler scoring to close the gap to 8-7.

Alexander then came on and blazed three straight strikes past Curlee. Stewart fouled off two pitches and then worked it to a full count. Alexander reared and pumped, Stewart swung and missed and the Sandies had the district opener, 8-7.

Pampa tries to even its loop mark at 1-1 and push its season record to 3-1 when the Rebs play the Borger Bulldogs at Borger this afternoon. Arthur is scheduled to start, with Carl Harnsberger and Bobby Price also slated to see mound action.

Golden Spread Women's Softball

The Pampa Queens outslugged Panhandle, 20-9, at Hobart Park Friday night to make their pre-league record four wins against one loss.

Mary Lou Addington took her fourth win, with Peg Kastein relieving in the fifth inning. The pair struck out four, walked two and gave up 12 hits. Mary Hebard, first-of-four Panhandle pitchers, took the loss as the Panhandle pitching crew struck out only three while giving up 12 walks and allowing 26 hits. Panhandle took an 8-4 lead until Pampa batted around for 13 runs in the bottom of the third inning.

Neva Hale, Ruth Blumer and Bille Coble homered for the Queens, with Biggs getting a four-bagger for the losers. Ruth had five hits in six at-bats to lead the Queens, with Billie going five for seven. Biggs had two more hits to lead the losers.

The Queens and six other area girls' softball teams have formed the "Golden Spread Women's Softball League," which begins action next Tuesday with Borger at Skellytown and Claude at Stinnett. Also in the league are another Borger team, the Bees, and Panhandle. Each team will play a home-and-home pair with the other six teams, making for a 12-game loop schedule for each squad.

Pampa will play their home games at Hobart Park. The Queens' schedule for the league season is:

June 13 — Home — Borger
June 18 — Claude — There
June 22 — Panhandle — There
June 24 — Home — Borger Bees
June 29 — Stinnett — There
July 1 — Home — Skellytown
July 9 — Borger — There
July 12 — Home — Claude
July 15 — Home — Panhandle
July 20 — Borger Bees — There
July 22 — Home — Stinnett
July 25 — Skellytown — There

All out-of-town games at 7:00 o'clock.
All home games at 7:30 o'clock.

Sports Parade

By STEVE SNIDER
UPI Sports Writer

NEW YORK (UPI)—Sports of all sorts:

Stan Musial of the St. Louis Cardinals, the richest major leaguer, is happy with the sales on his "new" autograph model outfielder's mitt. "The design is new only to the younger generation," Stan admits. "It's a style I used when I first came up back in the stone age."

Dave Hoyt, Iowa State catcher, led Big Eight Conference hitters with a .471 average this season though he played 14 of his 18 games with his jaw wired shut after being hit by a line drive in batting practice. He also had a severe knee injury.

What's America's oldest intercollegiate sports event? ... It's the Yale-Harvard crew race due for its 98th "running" on June 15. Harvard leads 50-47.

Vince Lombardi, coach of the champion Green Bay Packers, will play in a pro-amateur golf event before the \$110,000 Cleveland Open June 24-30. Otto Graham, ex-Cleveland Brown all-time ace, also will swing in that one.

L'I League Week
National Little League Baseball Week comes up June 10-15. It'll be observed in 5,000 communities which have a million and a quarter youngsters playing. So give the L'I Leaguers a pat on the head—a flock of them will be big leaguers in the future.

St. Andrews, Scotland, has the most famous golf course in the world. St. Andrews at Hastings-on-Hudson, N.Y., believes it's the oldest golf club in the United States and celebrates the 75th anniversary of its founding (1888) this weekend. Can any U.S. club top that claim?

Dr. Ron Luceti of South San Francisco, Calif., who kicked up quite a stir with his series of upsets in the current British Amateur golf championship, is the best golfing dentist since Cary Middlecoff. Middlecoff rose to prominence as an amateur while he was mending molars as an Army captain. Luceti is a captain stationed in Germany.

It's chilly in Chile. The ski season starts in the Andes on June 15. If you're one who loves to read ski reports they're boasting 18 inches of powder on 100 inches of base at Portillo, Chile.

Who's Fighting?
Signs of the times: Madison Square Garden's "Fight of the Week" on June 22 matches welterweights Joe Stabile and Charley Scott. Who?

Eddie Cotton, ranked second among light heavyweight contenders, has a busy month this June. He goes against Bob McKinney at Bremerton, Wash., June 18 and then rushes to Glasgow, Scotland, for a June 27 bout with Chic Calderwood of Glasgow.

Australia's Margaret Smith is expected to defend three titles in the Pennsylvania grass courts championships kicking off the eastern turf tennis season at Haverford, Pa., July 22. The strawberry blonde won the singles, women's doubles with Justina Bricka of St. Louis and the mixed doubles with Aussie Fred Stolle in last year's event.

Youth Baseball
Highland Pharmacy outslugged B&B Pharmacy, 15-12, in a Northern League Youth Baseball game at Optimist Park Friday night.

Ross Holman took the win, striking out four, walking four and allowing eight hits. Dickie Bailey took the loss, with Johnny Moore and Jim Hollis in relief. Hollis sparked as he faced 11 men, struck out six and walked none. Highland picked up the win on six hits. D. Thompson belted a home run for the winners and Mark Thomas slammed one over the fence for the losers. Thompson had three hits and E. Hopkins two for the winners. Thomas had a perfect night with three hits and a walk and Hollis went 3-for-4.

Rebuilding SMU Gets Top Grid Prospects

DALLAS (UPI)—Southern Methodist University, working overtime to rebuild its football program, grabbed 37 top school-boy prospects this spring to go with the undefeated freshman team recruiters corralled a year ago.

It was a fine roundup for Coach Hayden Fry, who wants to restore the Mustangs to the gridiron prominence SMU enjoyed during the era of Duke Walker and Kyle Rote.

Fry said his manhunt ended officially with the signing of David Foster of Orange, Tex., a 6-3, 190-pound quarterback, "unless some great big boy walks in and wants to come to school and has the grades and ability."

Ranks High In State
Foster, the Southwest Conference Coach of the Year said, is what the Mustangs need as a field general. "On the high school level, he's about as good as there is in the state," Fry said.

In many ways, Fry is more pleased with the new freshman crop than the team that won every game last year.

"For what we wanted, big, tall, rangy linemen that could move, and for speed in the backfield, I believe we actually did better than we thought we possibly could do."

Three halfbacks SMU landed can skim 100 yards in less than 10 seconds. They are Tom Ritchey of Abernathy, Tex., Floyd Burke of Amarillo and Steve Schroeder of Fort Stockton, Tex. Last year Fry had only one man on his varsity and freshman teams who could run the 100 under 19.

Fresh Please Fry
Fry was pleased with his new freshman line prospects. "Our smallest incoming tackle (of seven) is 5-11 and 216. Last year, Raymond Schoenke was the only varsity player we had on the first three teams who was over 200," he said.

He said Foster gives the 1963

Babe Ruth League

Ideal dumped the Lions, 8-2, and Kist stopped the First National Bank, 12-1, in Friday night's Babe Ruth League games at Optimist Park.

Jimmy Stroud took the win in the opener, scattering three hits, striking out three and walking nine. Dickey Henley went the route in defeat, being reached for 10 hits and three walks while striking out four.

Larry Daniels led the winners with two hits including a home run, and Roy Harper also got two hits for the winners. Corky Dodd went 2-for-3 for the Lions.

Steve Williams hurled a one-hitter past the Bankers, striking out nine and walking one. Williams was hooked up in a pitching duel with Bobby Everson and was trailing, 1-0, when Kist exploded for 12 runs in the fourth inning for the victory. Everson gave up eight hits and five walks and struck out six in defeat.

Big blow for the winners was a home run by Steve Summers, while Rickey Foster and Bud Hammons each had two hits.

The Babe Ruthers will take Monday night off and return to action Tuesday with Ideal vs. Hardware and the Bankers against Cree.

Lions	0 0 2 0 0 0 — 2 3
Bankers	1 2 1 1 3 0 — 8 10
Harper	0 1 0 0 0 — 1 1
Kist	0 0 0 1 2 — 12 8

Everson and J. Cornutt, Williams and Foster.

Government Will Say What Can Be Printed in Crisis

WASHINGTON (UPI) — The administration has indicated that government officials will judge what information is to be released in a cold war crisis. The indication came from Edward A. McDermott, the man who would be responsible for censorship in an actual war. McDermott, director of the Office of Emergency Planning, discussed the problems involved in issuing government information during a war and during "a period of worsening tension," a phrase used by McDermott to describe a condition such as existed during last fall's Cuban crisis. The testimony was given in a closed session of the government information subcommittee Thursday. A censored version was released today. McDermott said a voluntary code now being worked out by newsmen and government officials would provide guidance during an

Law Calls Tune On Dancers

PROSSER, Wash. (UPI) — City laws here include an ordinance forbidding such dances as The Rag, The Turkey Trot, The Texas Tommy, The Bunny Hug, The Boston Dip "or any other dance which is of a lewd, disorderly or suggestive character." "It is expressly declared," the ordinance says, "that any dance in which the lady is required to go backward or forward with the gentleman in front of her for a distance of more than four consecutive steps shall be an indecent dance, and is hereby prohibited." The ordinance doesn't say a word about the Twist or Limbo. It was passed March 3, 1914 and has not been amended.

especially tense cold war situation. But he said even if American news media followed it, it would be meaningless if there were no controls on information flowing out of the United States.

White Deer Slates Bond Issue Vote

WHITE DEER (SpI) — White Deer voters will go to the polls Friday to vote on five propositions totaling \$135,000 for city improvements. The bond issue proposals include \$85,000 for waterworks improvements, \$20,000 for sewer treating facilities and a new sewer line, \$10,000 for relocating a gas main, \$12,000 for street improvements and \$8,000 for repairs to the White Deer fire station. Property owners with poll tax receipts will be eligible to cast ballots in the election.

Stamp of Approval
NEW YORK (UPI) — Even the government is profiting from the growing private business of philately. McGraw-Hill says the post office estimates it made a 1961 profit of \$2.7 million from the sale of stamps that went into collections and were never used for mailing.

Chateaugay

(Continued From Page 10)
again opened up a big lead on the turn in the stretch. He looked like a certain winner to the crowd of 53,281 which had bet him down to 1 to 2. Shoemaker took Candy Spots a little wide entering the stretch and there was a big hole for Chateaugay. Through the opening Baeza gunned the colt owned by the Darby Dan farm of John W. Galbreath and the crowd, which already had conceded the race to Candy Spots, suddenly stirred to life.

Fans Started To Buzz
The comparatively quiet stands started to buzz and when Chateaugay pulled even with Candy Spots with a little more than an eighth of a mile to go, they started to roar. There wasn't even a brief battle as Chateaugay went by and he won as he pleased to avenge his defeat by Candy Spots in the Preakness.

The final time, a record for a mile and one-half at Aqueduct since this was the first such race run there, was 2:30 1-5, hardly close to the American record of 2:26 3-5 set at Belmont by Gallant man in the 1957 Belmont Stakes.

Chateaugay earned a winner's purse of \$101,700 to swell his earnings for the year to \$266,470 and his lifetime mark to \$279,057. He paid \$11.00, \$2.90 and \$2.70 across the board while Candy Spots paid \$2.30 and \$2.20 and Choker returned \$3.80.

Sporting Sidelines

(Continued From Page 10)
However, there are quite a few flaws in the NCAA concrete too. We tend to forget some of their little tricks like forming a small-school NCAA division to try to break the NAIA. It has been like the case of West Germany. Much as we hate the former Nazis, we fear the Soviets worse, so let's support the smaller bully in his fight against the bigger bully.

★ ★ ★
HOWEVER, in this case, the smaller bully is liable to, in proving a point, ruin the whole thing against the biggest bully of all. Whether we approve the idea of sports being used as an international political weapon or not, the fact remains that a Russian sports win over the U.S. is as effective propaganda as a political coup in Asia or Africa. Withdrawal of the USTIF or NCAA athletes from an AAU meet, either for retaliatory measures or to prove a point, will possibly lead to the downfall of the AAU. However, it would unquestionably lead to the downfall of the U.S. track and field team to their Russian opponents.

In this case, nobody would win but the Russians. President Kennedy and the U.S. Olympic Committee put Gen. MacArthur in to arbitrate in order to avoid this same thing happening. When it comes to international sport, it doesn't matter whether the AAU, NCAA or anyone else rules, all that matters is getting the best

team in the country together to represent this country.

★ ★ ★
THERE IS little doubt that without NCAA athletes, the U.S. could not win a major international meet. There is also little doubt that without the AAU, which represents such athletes as Parry O'Brien, Jim Grelle, Ralph Boston, Wilma Rudolph, Dave Tork, etc., the U.S. could not win the Olympics either. President Kennedy has pointed out a number of times that he cares not who runs the show, as long as it is put on right. If the NCAA and the AAU push it too far, they may find themselves both out in the cold and the governmental, for the good of both the country and the athletes who are being threatened, punished, brainwashed and confused, taking over matters itself.

In this case, there would be little doubt that it would be in the best interests of the country. As long as it was just the AAU being dictatorial and the NCAA standing up for its rights, we could side with the NCAA and hope that they would win out and gain control. But when they act just as petty, just as thoughtless, just as greedy and split hairs just as precisely as the AAU, then maybe the best move would be to put someone else in charge of the whole show... some person or organization that would seek nothing but the best interests of amateur athletics, amateur athletes and the prestige of the United States.

Wells-Abraham Wed By Candlelight

(See Picture, Page 13)

In a candlelight ceremony in the First Methodist Church, Miss Judy Elizabeth Wells became the bride of Thomas Kenneth Abraham with the Rev. James A. Mahon of Amarillo, pastor of the First Presbyterian Church, as officiant for the exchange of double-ring vows on June 8 at eight o'clock.

The bride, daughter of Mr. and Mrs. W. W. Wells, 1817 N. Dwight, was given in marriage by her father. The bridegroom is the son of Mr. and Mrs. Tom Abraham of Canadian.

BRIDE

The bride's gown of silk peau de soie was designed with a portrait neckline, fitted bodice and cap sleeves. Delicate pearl and crystal bead embroidery enhanced the front and back of the bodice. Inverted pleats formed the drape of the skirt, which extended into a full chapel train. Back interest of the gown was emphasized with a bow-like effect formed by loops of self-fabric at the waistline.

The veil of Imported Silk Illusion was held to a tailored peau de soie pillbox, which repeated the pearl and crystal design of the gown.

Her bridal bouquet formed a cascade of stephanotis and ivy with white roses.

The bride wore tiny pearls on a gold necklace, which had been given her as a child by her father. She also wore an heirloom gold bracelet, which both her grand-

mother and mother wore for their weddings.

ATTENDANTS

Miss Jane Carol Wells attended her sister as maid of honor. Bridesmaids were Miss Kay Abraham and Mrs. Raiford Stainback, sisters of the bridegroom, Miss Marilyn Fite, Mrs. Mert Cooper and Mrs. Reggie Smith.

The feminine attendants wore street-length dresses of powder blue silk organza over taffeta fashioned with fitted bodices featuring cap sleeves, square necklines and bell-shaped skirts. Their headpieces were of handmade roses surrounded by self-fabric leaves with blue circular veils.

Each carried an arrangement of white chrysanthemums and ivy cascading from clear crystal votive cups containing candles.

Kari Stainback, bridegroom's niece, attended as flower girl wearing a white eyelet embroidered organza frock with blue taffeta sash. She carried a colonial basket of rose petals.

Tom Abraham served his son as best man. Groomsmen were Joe Milton, Gerald Hodges, Sam Williams, James Horstman, Bill Pat Swann and Johnny Ayres.

Ushers were Bill Nix, Harold Yarnold, Bill Abraham, bridegroom's cousin and Gabe Crossman, cousin of the bride.

Ringbearer was Kent Stainback, bridegroom's nephew and twin brother of the flower girl. Wedding music was provided by

Mrs. Hubert Carson, organist. Soloist was Mrs. Eddie Boyds a former college roommate of the bride.

Miss Carolyn Davis of Lubbock was guest-registrar.

For her daughter's wedding, Mrs. Wells wore a Dior Blue Italian Silk suit with matching accessories complemented with a white roses corsage. Mrs. Abraham, mother of the bridegroom, wore an Ivory chiffon dress with matching accessories and a corsage of Tropicana roses.

Vows were repeated in a setting of Ivy, entwining the altar and choir rails centered with an arrangement of white chrysanthemums on the altar. Two spiral candelabra and tree candelabra draped with Ivy lighted the wedding scene.

RECEPTION

A reception was held in the church parlor immediately following the ceremony. Mrs. Frank Austin and Mrs. Jeanne Willingham presided at the cake and punch service. Other members of the houseparty were Miss Carolyn Hatch of Lamesa, Miss Barbara Sue Owen of Odessa, Miss Gay Hault of Lubbock, Mrs. E. E. Shultz, Miss Joy Shultz and Miss Suzanne Johnson, Mrs. H. O. Le-

mons of Panhandle, Mrs. George Crossman and Mrs. Gabe Crossman.

Martha and Mike Abraham, children of Mr. and Mrs. N. A. Abraham of Amarillo, distributed bags of rice to wedding guests.

For a wedding trip to Miami Beach, Fla., the bride traveled in an Italian Silk Suit of soft yellow complemented with matching accessories and a hat of white organza. She wore the white roses corsage from her wedding bouquet.

The bride was graduated this Spring from Texas Technological College, where she was a retailing major. She was a member of Pi Beta Phi, American Marketing Association, Phi Gamma Nu and a President's Hostess. She served as president of the Tech Retailing Association and was a La Ventana beauty.

Mr. Abraham recently received a degree in Industrial Engineering from Texas Tech, where he was twice selected for Who's Who in American Colleges and Universities. He served as business manager of the student body and as student body representative to the Tech Athletic Council. He was a member of Phi Eta Sigma, freshman honorary fraternity; Alpha

Pi Mu, industrial engineering honorary; Phi Kappa Phi honorary; and Tau Beta Pi, engineering honorary. He is a member of Phi Gamma Delta fraternity.

Upon their return from Miami, the couple will be temporarily at home in Bessemer, Ala. In the fall, Mr. Abraham will begin graduate study in Industrial Engineering at Texas Tech.

Among the bridal courtesies extended Mr. and Mrs. Abraham were a shower in the home of Mrs. J. T. Richardson, 1616 Wil-

liston with Mrs. Ben Hamilton, Mrs. Bruce Parker and Mrs. Elmer Fite as co-hostesses; a Coffee in the home of Mrs. Jack King in Canadian with Mrs. Cober Mitchell as co-hostess; a shower in Pi Beta Phi Lodge in Lubbock with Misses Carolyn Davis, Susan Collett, Barbara Sue Owen, Rebecca Parker and Lee McElroy as hostesses.

Mr. and Mrs. Tom Abraham, bridegroom's parents, were hosts for the wedding rehearsal dinner in the Starlight Room of the Coronado Inn. Mrs. Wells, bride's mother and Miss Jane Wells, bride's sister, were hostesses for a Bridesmaid's Luncheon in the Cibola Room of the Coronado Inn.

Obrecht-Maple United In Chapel Campus Rites

Double-ring marriage vows for Miss Paula Joan Obrecht, daughter of Mr. and Mrs. Paul Obrecht of Claude, formerly of Panhandle, and Theodore Joseph Maple of Rago, Kan., were read on May 29th at 3 p.m. in the Little Chapel of the Woods on the campus of Texas Women's University, Denton.

Mr. and Mrs. John Hargett Maple of Rago are parents of the bridegroom.

John Silas Maple, uncle of the bridegroom, and pastor of the Church of Christ at Antlers, Okla., officiated in the chapel, before an archway of greenery, flanked by white tapers. A bouquet of red roses was suspended from the archway. A white aisle cloth and aisle ribbons completed the decor.

Music for the occasion was recorded by the Harding College A Capella Choir of Searcy, Ark. Songs were a solo by Kenneth Da-

vids, "Faithful and True," "The Wedding March," "Whither Thou Goest," "When You Walk Through a Storm," "Through the Years," "I pledge My Love," and the procession, "The Lord Bless and Keep You."

ATTENDANTS

Serving as honor attendants were Miss Mary Sue Cooper, Fort Worth, maid of honor, and Miss Dorothy Ann Hays, Amarillo, cousin of the bride, bridesmaid. Both wore floor-length gowns of white diamondite. They carried bouquets of white glamelias and English Ivy.

Flower girl was Martha Young of Kingman, Kan., cousin of the bridegroom. She also wore a floor-length gown of white diamondite, overlaid with petal formed panels. She carried a basket made of silk organza and imported Alencon lace. Scotty McDaniel of Fort Worth

was ringbearer. He carried the rings on a pillow, which had been made by a friend of the brides.

Serving as best man was Jack Kinningham, Searcy, Ark. Groomsmen and ushers were Jimmy Maple, Antlers, cousin of the bridegroom, and Monroe Obrecht, Claude, brother of the bride.

BRIDE

Given in marriage by her father, the bride wore one of her own creations, a gown of white China silk and silk organza, overlaid with re-embroidered French Alencon lace and seed pearls. It was designed with a fitted bodice and slightly bell shape floor length skirt. The train eased gently at the waist and flowed to the floor. Her veil was of silk illusion cascading from a cluster of silk organza roses. The bride's bouquet was of white orchids enclusted

Morphis-Martin Exchange Double-Ring Vows In Afternoon Home Ceremony

Bobbie Ruth Morphis and Charles Leon Martin were united in marriage on May 12 in an afternoon double-ring ceremony performed by the Rev. Clifford Trotter, pastor of the First Methodist Church.

The ceremony was performed in the couple's future home, 1015 Bliss in Dumas.

The bride is the daughter of Mrs. Lille Hudson of Dumas. The bridegroom's parents are Mr. and Mrs. L. C. Martin, 1120 E. Francis.

Given in marriage by her brother, Frank Hudson, the bride wore an aqua dress complemented with blue slippers, a floral-petalled hat and a corsage of white carnations showered with blue meline and ribbon.

Mrs. Frank Hudson, as matron of honor, wore a gold-colored dress with orange accessories and a corsage of white carnations. L. C. Martin served his son as best man.

For her daughter's wedding, Mrs. Hudson wore a blue jersey dress with blue accessories. Mrs. Martin wore a mint green dress with matching accessories. Their corsages were fashioned from white carnations.

Mrs. Marie Smith was guest registrar.

Immediately following the ceremony, a reception was held in the home. The bride's table was appointed with a traditional four-tiered white wedding cake iced with blue roses topped with a miniature bride and bridegroom.

Assisting with the reception were Mrs. Frank Hudson, Mrs. Lillie Hudson and Mrs. Lester Taylor.

The bride was graduated from Textline High School. The bridegroom was graduated from Lefors High School and served four years with the Air Force. He is presently employed with the Shamrock Oil and Gas Co. They will make their home in Dumas.

Out-of-town guests were Mr. and Mrs. Ed Davis and Mrs. E. E. Searle, all of Berger, Messrs. and

Mmes. A. T. Miller; W. B. Martin, Kenneth Smith and L. C. Martin, all of Pampa.

Sunday Morning

Coffee Break.... ...with d. e. w.

If you happen past Central Park on Monday afternoon late, say, around six thirty o'clock, you will be bound to notice a large group of people having a picnic. It won't be an ordinary picnic, though, but a gala birthday celebration honoring a beloved member of the Craddock Clan, C. B. or Charlie, as he is fondly called by many. Charlie's 89th birthday

Charlie Craddock
89 years young

will be noted in the nicest way possible. . . at a picnic with the honoree surrounded by family and friends.

His birthday was really June 8 but the picnic was moved to June 10 in order that some out-of-town relatives could join the happy occasion.

Mr. Craddock has not lived in the Panhandle area long but he contends that Pampa has the

When the heart speaks, however simple the words, the language is always acceptable to those who have hearts.
— Mary Baker Eddy

NOW THAT SCHOOL is out wonder if other motorists driving to work miss the school kids as we do! All of the school-houses have sort of a lonesome look these days. Coming past the First Baptist Church one afternoon this week, noted a large group of cars painted with white vows "Glorietta or BUST" and there were a lot of young people bustling about packing luggage in cars preparing to take off for the Baptist Youth Camp in New Mexico. David Deck is among the teenagers attending an Episcopal Church Camp near Amarillo this week. David is a handsome, strapping, food-loving young man and his mom and dad, Homer and Virginia, are hoping the camp cooks have enough groceries on hand to take care of all the hearty appetites. Dave's dad gave him some extra cash . . . just in case! Don Yates, who is a championship salesman in the doughnut line, is another local lad attending a summer camp near Lake Texhoma along with many young people from the Fellowship Baptist Church!

LOST: The 2000 blocks of Banks, Faulkner, Sumner, Nelson, Wells, Dwight, Christy and Zimmers. On second thought, if found, don't know what you could do with 'em! It's too late to sandwich them in between the 1900 and 2100 blocks.

HEY KIDS!!! Been wondering "whatever happened to Captain Kidd" that television fella who used to keep small fry glued to sets for hours? Well, for the next two weeks, "Captain Kidd" alias Allen Grant, will be managing a local jewelry store, while the regular manager, Gary Neal is away for two week's army training!

Sunday clears away the rust of the whole week.
— Joseph Addison.

Harvester Twirlers, Twilla Pruess, Lamoyne Clark, Donna Conner and Donna Rath, are enrolled in a Music Camp at Eastern New Mexico University in Portales for the session June 2-15 and they've been doing themselves, as well as their school band, mighty proud.

In addition to placing high in twirling tryouts, they have done well on musical instruments also. For instance, Twilla playing a B-Flat Clarinet, won a spot in the Green Band. Lamoyne playing an E-Flat Clarinet, made the Blue Band along with Donna Conner, who plays a B-Flat Clarinet, while

Donna Rath, playing a Tenor Saxophone, won a chair in the White Band.

The high school students will return home after a concert on June 15th.

Lamoyne in a letter this week to her parents, the A. B. Clarks, 1121 Neal Road, wrote: "I'm just so excited about it! Let me tell you . . . everywhere I wear my band jacket, everyone recognizes it as being great, fabulous, marvelous, wonderful. Everyone says, "Why that's the best band in the nation." You think we haven't been struttin' high! They even knew the Harvester Band in New Mexico!!! I feel so proud!"

THERE'S A WHOLE lot of fun going on around the home-town now that the teenage social clubs Kit Kats, Sub Debs and Las Cresas are in full swing of rush season. Sub Debs have a clever series going with parties planned around a "story book theme" and decorations for each party carries out this theme . . . their second party at Marion Neslage's home was a "Hansel and Gretel" motif complete with a gingerbread house. On Tuesday evening, the rolling thunder clouds didn't dampen the hilarity of the Kit Kat Klub's Kid Party on LuRae Nations' backlawn on Mary Ellen. There was a gay carousel for the "kids" to go 'round and 'round on and adorable doll-head invitations with yarn pigtailed bid prospects . . . live members to this one. Invitations in the form of a red and white checked bib are going out this week inviting sophomore girls to a Kit Kat Spaghetti Supper with Janie Leverich as hostess in the home of her grandparents, the Roy S. Burlands on North Duncan. Should be spicy fun! — d.e.w.

Kohler-Faulkner Wed In Chapel

The Danforth Chapel in Lawrence, Kansas, was the scene for the exchange of double-ring vows of Miss Susan Lossen Kohler and Second Lieutenant Siler Faulkner III of the United States Air Force Reserve on June 3 at 3:30 p.m.

John G. Naryn was the officiating minister.

Miss Kohler is the daughter of Charles Edward Kohler of Iola, Kan. Lt. Faulkner's parents are Mr. and Mrs. Siler Faulkner Jr. of Denton.

BRIDE

Given in marriage by her father, the bride wore a dress of ivory cotton organdy designed with a jacket of lace with short sleeves, which covered the strapless bodice of the dress. A tunic skirt was accented with a deep hem-line of Alencon lace.

Her only jewelry was a pair of gold drop earrings, which had been hand-wrought by the bridegroom.

She carried an arrangement of Orange Delight roses and stephanotis atop a prayer book.

ATTENDANTS

Miss Jancy Joan Layle, bride's cousin, attended as maid of honor. She wore a short dress of pale blue cotton trimmed with blue and complemented with a headpiece fashioned as a bow of matching

Surratt-Dawson Announce Plans

The engagement of Miss Alice Surratt to Robbins Rowan Dawson of Houston has been announced by her mother, Mrs. Robert Fred Surratt of Panhandle. Mr. Dawson is the son of Mr. and Mrs. John Coleman Dawson of Houston, and the grandson of the late Dr. George W. Purvines of Dalhart.

Both Miss Surratt and her fiancé are members of families who were pioneers of the Golden Spread. She is the granddaughter of the late Carroll Purvines of Panhandle, and a great-niece of S. G. Surratt, Pampa.

She graduated this spring from the University of Texas, Austin, with a degree in languages, having earlier attended the University of Mexico City and also studied in Europe.

Mr. Dawson will receive his degree from the University in July and will attend the University law school this fall. Prior to his enrollment in the University he attended Washington and Lee University, Lexington, Va.

The couple will be married, July 27, at the First Methodist Church in Panhandle.

Eldridge Hotel in Lawrence, Kansas. The bride attended Barstow School in Kansas City; Lake Forest College in Lake Forest, Ill. and was graduated from Kansas University in Lawrence, Kan., where she was a member of Alpha Phi, social sorority.

They will make their home in Laredo, where the bridegroom is stationed with the Air Force Base.

The Mature Parent Daughter Worries Over Final Exams

By MRS. MURIEL LAWRENCE

Dear Mrs. Lawrence: Our sixth grade girl is worrying over final exams. We don't understand this. She has always passed them. But she gets nervous and upset even over monthly tests. Before final exams, she sleeps badly and can't eat without throwing up. Do you have any ideas of how to help her through her exam periods?

ANSWER: Yes, I have an idea. Can you completely detach yourself from all interest in what your daughter's teachers will think about her exam papers?

If you can, you can help her to avoid worry over what they will think of her papers and enable her to concentrate on review and study.

I don't know if you can do this. Many of us secretly entertain grand notions of our powers. Actors imagine that they can control critics' opinions and because they can't, suffer from stage fright.

Businessmen imagine they can control competitors' bids for clients' contracts and because they can't, develop ulcers and heart attacks.

Parents imagine children can determine what some teacher will think about their test papers and, conveying this demand for magical power, cause them to lose sleep and throw up their breakfasts in protest against the impossible task they have been assigned.

It is healthy for us all to experience some degree of tension before any new test of our powers. Our friendly nervous systems rally to the challenge by enhancing our alertness and sharpening our wits.

But when we assume impossible

powers, they start kicking up. They won't let us sleep and refuse to let us eat, until we stop and listen to what they are trying to tell us.

In the case of your little girl, her nervous system is telling her that she is exaggerating the challenge, blowing it up out of reality. It is saying to you, "I will support my own's responsibility for her own performance in final exams, but I'll take none for her own performance in final exams, but I'll take none for her teachers' opinions of it. I'll keep her awake at night, reject food and generally harass her until she comes down to earth and understands the extent of what she can ask of me."

Parents imagine children can determine what some teacher will think about their test papers and, conveying this demand for magical power, cause them to lose sleep and throw up their breakfasts in protest against the impossible task they have been assigned.

It is healthy for us all to experience some degree of tension before any new test of our powers. Our friendly nervous systems rally to the challenge by enhancing our alertness and sharpening our wits.

But when we assume impossible

Mathers-Link Betrothal Told

Mr. and Mrs. Clark Mathers of Miami announce the engagement of their daughter, Jennie Lee to Thomas E. Link son of Mr. and Mrs. John Ralph Link of Presidio.

Miss Mathers, the granddaughter of Mrs. J. W. Collins Sr. of Amarillo, was a graduate of Miami High School; attended Oklahoma State University, and will be an August graduate of Texas Technological College, where she was a member of Kappa Alpha Theta sorority.

Mr. Link was graduated from Big Lake high school and Texas Technological College, where he was a member of Phi Gamma Delta fraternity, and has served with the U.S. Army. He is presently with Floyd West Insurance Co., Corpus Christi.

An early August wedding is planned.

The girls now apply lipstick at the table after dining out. But it is still a major sin to comb one's hair at the table.

Hoover-DeFever Wed By Candlelight

(See Picture, Page 13)
Wedding vows by candlelight were solemnized for Miss Jane Ann Hoover and Rodney Dean DeFever in a double-ring service performed June 1 at five o'clock in the First Christian Church by the Rev. Glyn Adsit, pastor.

Miss Hoover is the daughter of Mr. and Mrs. C. R. Hoover, 1016 Mary Ellen. Mr. DeFever's parents are Mr. and Mrs. M. L. DeFever, 1930 Fir.

BRIDE

Given in marriage by her father, the bride was gowned in floor-length peau de soie designed with a portrait neckline and long sleeves, which tapered to bridal points over the hands. The bell-shaped skirt featured a large flat bow for back interest and terminated in a Cathedral Train.

crusted with seed pearls and crystals.

ATTENDANTS

Miss Ellen Lillie Houston was maid of honor. Misses Susanna Reeder of Dallas, Donna Willoughby of Amarillo; Miss Tomi Nell Pitt of Amarillo were bridesmaids. The maid of honor wore a deep blue satin dress and the bridesmaids light blue satin dresses. Each carried a nosegay of white roses.

Larry DeFever of Denver served as best man. Groomsmen were Charles Jackson of White Deer; Joe Peterman of Denver and Bill Fritz of Lubbock. Ushers were Don Driskill and Mike Oats.

anthems and white tapers. Pews of honor were marked with white cathedral tapers accented with white mum nosegays and showered with white satin ribbons.

Mrs. Leta Crudginton of Amarillo provided the background music and served as accompanist for Miss Marilyn Smith as she sang "I Love You Truly," "Because."

Candles were lighted by Miss Rita and Nita Cartwright of Amarillo. They were dressed as the other feminine attendants and wore white carnation corsages.

For her daughter's wedding, Mrs. Hoover chose a yellow lace suit with matching accessories complemented with a white roses corsage. Mrs. DeFever, bridegroom's mother, wore a pink embroidered sheath with brown accessories and a pink orchid corsage.

from Mrs. E. L. Green Jr. For "something old," the bride carried a handkerchief belonging to Mrs. William Jarrel Smith.

RECEPTION

Immediately following the ceremony, a reception was held in the Pampa Country Club. Palms and urns of white mums formed a background for the brides' table, which was appointed with a floor-length white satin cloth centered with an arrangement of white roses. The bridegroom's table was appointed with a gold cloth centered with an arrangement of red roses.

Miss Darlena Morris and Miss Mary Hibbard presided at the cake and punch service. Miss Joan Hagaman was guest registrar. Other members of the houseparty were Miss Penny Moccus of Houston and Miss Mary Jane Rose.

Tommy Hoover, bride's brother, carried the rings to the bridal pair on a white satin pillow, tasseled on each corner, which was used as "something borrowed"

A combo from Amarillo played for dancing. For a wedding trip to Santa Fe, N. M., the bride wore a Teal Blue suit with matching accessories and

SUMMER WEDDING

Miss Jeanette Morgan

Mr. and Mrs. W. H. (Bill) Morgan, 1901 Duncan, announce the engagement of their daughter, Jeanette Morgan to Jimmy Spencer of Amarillo, son of Mr. and Mrs. J. R. Spencer of Clarksville. A summer wedding is planned.

the orchid corsage lifted from her bride's bouquet.

The bride attended Texas Technological College, the University of Hawaii and West Texas State University, where she was affiliated with the Upsilon Zeta Chapter of Chi Omega Sorority. The bridegroom attended Amarillo College and West Texas State University.

Both plan to continue with studies at West Texas University.

Among the social courtesies extended the couple were a shower by Mrs. Clifford Braly and Mrs. R. M. Hampton; a Couple's Party given by Messrs. and Mmes. Rex Rose; Tom Rose; John W. Chisholm; and Aubrey C. Green of Borger; a bridal luncheon given by Mrs. E. L. Green Jr.; and the rehearsal dinner given by the bridegroom's parents, Mr. and Mrs. M. L. DeFever.

Among the out-of-town wedding guests attending were John C. Allen of Glyn Elyn, Ill., former assistant postmaster general; Messrs. and Mmes. O. T. Hollingsworth of Wichita; James Hall and Melinda of Wichita; Buddy Forbes of Lubbock; Nick Lanette of Lubbock; Mr. and Mrs. Jack Taylor, Shelley and Cindy of Canyon.

Rhubarb May Be Eaten With Safety

Q—Is it safe to eat fresh rhubarb? Some people tell me it is poisonous.

A—No, it is not poisonous. So enjoy fresh rhubarb pie and turnovers and sauce without fear. However, Dr. Horace L. Sipple, executive secretary of the Nutrition Foundation, says only the stalk of rhubarb is edible. "Care should be taken to avoid including any of the leafy portion in food preparation. The reason for this precaution is that the leaf does contain enough oxalic acid to produce toxic effects if appreciable amounts of rhubarb leaves are eaten," he explains.

Q—Does fresh rhubarb cause gall stones or kidney stones?

A—Dr. Sipple answers your question this way: "Gall stones or kidney stones arise from metabolic faults or changes in body chemistry. Foods, including rhubarb, do not cause the stones. However, the diet therapy used for kidney stones is usually low oxalic acid, high magnesium and restricted ascorbic acid to decrease the amount of oxalate available to the body, to increase solubility and decrease precipitation in the urinary tract."

Rebekah State President, Grand Master Of IOOF Honored In Fellowship Hall

Mrs. Ellen Kretzmeier, president of the Rebekah Assembly of Texas, and W. D. King of Paris, Grand Master of the I.O.O.F. of Texas, were honored at a banquet, June 1, 7:30 pm., in the Fellowship Hall of the First Methodist Church.

LeRoy Kretzmeier, master of ceremonies called the meeting to order. Carl Baer, Amarillo, gave the invocation.

Mrs. Kretzmeier presented her program for the year, in tableau exemplified by members of the Pampa local lodge. Mr. King gave an interesting resume on the background of the Independent Order of Odd Fellows, which originated in 55 B.C.; he told of their work and how the Odd Fellows and Rebekahs of Texas, support and operate the Home for the Aged, at Ennis, and the Orphans and Widows Home, Corsicana.

Dinner music was provided by Miss Sue Weins of Pampa. Songs during the tableau and throughout the two programs was provided by Mrs. Susie Chapman and Mrs. Francis Boydston, Amarillo, accompanied by Mrs. Merl O'Dell, also of Amarillo.

The theme of the decorations was based on the Presidents and Grand Masters Emblems and program; silver bells entwined with red roses, the praying hands, and the Holy Bible were used as center pieces. The center table was arranged in the letter K, designating the first letter of the honoree's last names.

Pampa Rebekah Lodge No. 355

and Pampa I.O.O.F. No. 934 were co-hostesses for the meeting with Canadian Rebekah No. 124, Perryton Rebekah No. 225, Skellytown Rebekah No. 58, Spearman Rebekah No. 290, Perryton I.O.O.F. No. 140, Spearman I.O.O.F. No. 185, Higgins I.O.O.F. No. 199, Canadian I.O.O.F. No. 218, Panhandle I.O.O.F. No. 186, Skellytown I.O.O.F. No. 20, Wheeler I.O.O.F. No. 210, and Shamrock I.O.O.F. No. 377 assisting. Other lodges represented were Borger I.O.O.F. No. 94, Borger Rebekah No. 206, Pleasant Valley I.O.O.F. No. 134, and Pampa I.O.O.F. No. 934.

Flaherty-Crutchfield Say Wedding Vows In June

(See Picture, Page 13)

Miss Alcyon Flaherty became the bride of Charles Edward Crutchfield with double-ring vows repeated on June 1 at 7:30 p.m. in the St. Vincent de Paul Church with Rev. Jerome Calcagno officiating for the ceremony.

Altar boys were Leroy Haiduk, Gary Bednorz, John Faulkenstein, and Dennis Hickey.

Miss Flaherty is the daughter of Mr. and Mrs. L. J. Flaherty, 939 S. Hobart. Mr. Crutchfield's parents are Mr. and Mrs. H. A. Crutchfield of Clear Fork, West Va.

White gladioli graced the main altar with palms and candelabra forming the background. Pews were decorated with white bows centered with wedding bells.

Pre-nuptial selections were provided by Mrs. Evelyn Thomas Price, violinist, who played "Ave Maria" (Bach-Gounod). Tracy Cary, soloist, sang "Panis Angelicus" (Franck) accompanied by Mrs. Jack Edwards and Mrs. Price.

Mr. Cary played the traditional Mendelssohn and Wagner's Wedding Marches and Franck's "Chorale in A Major."

As the bride placed her bridal bouquet at the feet of the Virgin Mary, Mr. Cary sang "On This Day, O Beautiful Mother." (Lambiotte).

BRIDE

Given in marriage by her father, the bride wore a formal wedding gown of Chantilly lace and nylon tulle over net and taffeta with lace tiers forming the front of the gown and all lace forming the back. Long, tapered sleeves formed petal points at the wrists. The scalloped neckline was edged with crystals and beads.

Her veil of English Silk Illusion was caught to a Crown of Lace Leaves accented with seed pearls and crystals.

She carried a bouquet of white roses and orchids entwined with a long strand of pearls. Her only jewelry was a medallion engraved with their initials and the date of their marriage, a gift of the bridegroom.

For "something old," the bride wore her grandmother's ring, which is over 80 years old.

ATTENDANTS

Miss Dixie Irvin served as maid of honor with Mrs. Murline Stephens and Mrs. Dorothy Smith as bridesmaids. They were dressed identically in Peacock Blue organza over lighter blue satin fashion.

Army Colonel Guest Of Pampa Altrusans

At a recent meeting in Coronado Inn, Lieutenant Colonel Joseph Clifford Soloman spoke to the Altrusa Club of Pampa on the subject, "American Ambassadors." Col. Soloman, who has been a chaplain in the Armed Forces for 20 years, is stationed at Camp Wolters in Mineral Wells.

Col. Soloman was introduced by Mrs. F. A. Hukill of the International Relations Committee of the club. He emphasized the fact that every American who travels in a foreign country is an ambassador for his country. He also mentioned various programs that help acquaint foreign people with American ways and customs. He mentioned the American Field Service program and the training that our Armed Forces are given to prepare them for life among other peoples.

At the conclusion of the address, he showed slides taken during his tour of duty in the Far East. Col. Soloman's father, T. B. Soloman, was present, as a guest.

ed with pleated skirts and scalloped necklines. Their dresses were complemented with blue organza hats encircled with a nose veil and blue slippers.

Each carried blue and white baskets filled with vari-hued flowers, designed by the bride's cousin, Jimmy Haiduk.

Don Schmidt served as best man. Groomsmen were Loyd Stephens and Richard Haiduk. Ushers were Clifford Bednorz and Jimmy Haiduk, cousins of the bride.

Ringbearer was Brent Redus dressed in a white dinner jacket. For her daughter's wedding, Mrs. Flaherty wore a beige net over satin dress topped with a

Miss Sylvia Grider—TU Graduate
Sylvia Grider Graduates With Honor From TU

Miss Sylvia Grider, daughter of Mr. and Mrs. R. C. Grider, 925 E. Twifford, was one of 1,950 candidates to receive degrees at the University of Texas on June 1.

While at the university, Miss Grider, a latin major, was a member of Alpha Gamma Delta social sorority and was recognized this spring as Outstanding Woman on Campus of that group. She was also an upper class advisor in her dormitory, an Orange Jacket (honorary service organization); treasurer of Mortar Board, national senior women's honorary; a member of Eta Sigma Phi, national classics honorary fraternity; a Cactus Goodfellow (outstanding student); Fiscal Vice-President of the Texas Union; participant in Texas Union Leadership Seminar; recipient of Texas Union Outstanding Leadership Award; chairman of the Student-Faculty Committee of the Texas Union; student chairman of the Faculty-Student Cabinet.

Miss Grider was one of 32 students selected from the College of Arts and Sciences to participate in an accelerated training program for academically gifted students preparing to teach on the high school level. She graduated in the upper ten per cent of her class and was nominated for the Silver Spur Award given annually to the most outstanding senior woman at the University.

lace jacket and complemented with beige accessories and a corsage of pink-throated orchids. The bridegroom's mother was unable to attend.

RECEPTION

A reception was held immediately following the ceremony in the parish hall with Mrs. Erolene Bednorz as guest registrar, at a table appointed with a white net over white satin cloth with a cluster of wedding bells in Peacock blue centering the front.

The bride's table was covered with a white satin cloth with an overskirt of white lace centered with an arrangement of white gladioli and white baby mums surrounding a white Memory Candle. The four-tiered cake was topped with a bridal couple and decorated with columns and Swans.

A dance followed the reception with The King's Men providing music.

Mrs. Crutchfield was graduated from Pampa High School in 1960. She was named Best Pledge of the Las Cerasas Club and was a member of the Pampa High School choir. She is presently employed by the Metropolitan Insurance Co. in Amarillo.

Mr. Crutchfield was graduated from Florida High School and is now stationed at the Amarillo Air Force as an airman second class. For a wedding trip, the bride traveled in a Tan and Brown suit complemented with white accessories and the orchid corsage from her wedding bouquet.

Mr. and Mrs. Crutchfield are making their home in Amarillo, 109 Alabama Street.

The bride was honored with several miscellaneous showers prior to her wedding. Among them was a party given in St. Vincent de Paul Parish Hall with Mmes. W. S. Brake, Sadie Maul, Roy McKernan, L. R. McBride, Emil Urbanczyk and Betty Lewis as hostesses.

VFW State Meet Discussed At Local VFW Meet

Announcement was made of the state convention of Veterans Of Foreign Wars at the Tuesday evening meeting of the Ladies Auxiliary to Pampa Post 1657, Veterans Of Foreign Wars held in the Veterans Hall, West Foster.

The convention will be held June 27-30 in Lubbock with Mrs. Jess Beard and Mrs. O. F. Kreimeyer, newly-elected president of the Pampa auxiliary, attending. Delegates are Mmes. Donald Beard and George Benhan with Mrs. Vernon Stuckey as alternate.

It was also announced that a flag had been purchased to be used in Fairview Cemetery at the VFW monument.

Motion was approved to hold one meeting during June, July and August as a combined business-social meeting.

Mistakes in eye makeup are easy to remove. Dip a cotton swab in petroleum jelly and apply to the error.

Ruth Millett Married Wolf Is Worst Wolf Of All

Do you have a wolf in your office? The chances are a thousand to one that you do. Almost every office seems to have at least one. I haven't seen your office wolf of course. But I'll bet I can come close to describing him: He's married. He's far from being a dream boy. And his approach is about as subtle as a slap in the face.

These comments are prompted by a letter I have received from a working gal. She asks: "Why is it that the most intelligent, well-bred and successful men so often wear wedding rings and seem proud of their wives, while the man who thinks he is irresistible to other women and is always trying to give the im-

pression that he was roped into marriage, is almost always a man who isn't much of a success and isn't much to look at?"

That's easy to answer. A man who is a success because of his own brains and ability has earned his self-confidence, through proving himself. He doesn't have to keep trying to build up his ego by kidding himself that all women find him irresistible, or by making his wife look small so he will feel more important.

But a man who is afraid he isn't attractive to women and who knows he isn't much of a success may find he can get an easy build-up of flirting, playing the role of the misunderstood husband, or by low-rating his wife to any wom-

an who will listen. It's a cheap way of making himself feel important. But some men can't resist it.

What such men don't realize is that the other women they are forever trying to impress easily see through them.

The women may kid such a man along or, for their own interests, pretend to "understand" him. But few women are so stupid as to be really fooled by a married wolf.

Men: These thoughts hit close to home: Read Ruth Millett's "Happy Wives (hints for husbands)."

Rabjohn-Stephens Say Vows In Hamlin Rites

(See Picture, Page 13)
Wedding vows of Miss Ginger Gail Rabjohn and Joe Bailey Stephens Jr. were solemnized in a double-ring wedding service performed on June 4 at 6:30 p.m. in the First Baptist Church in Hamlin with the Rev. M. Burleson as officiant.

Miss Rabjohn is the daughter of Mr. and Mrs. G. H. Rabjohn of Hamlin. Mr. Stephens' parents are Mr. and Mrs. Joe Bailey Stephens Sr., 1222 N. Russell.

BRIDE

Given in marriage by her father, the bride wore a formal gown of white peau de soie designed with a fitted bodice with a jewel neckline and white lace tapering sleeves ending in petal points over the hands. The bell-shaped skirt had a detachable peau de soie train. The pillow of veil de soie held a ballerina-length veil of illusion.

She carried a bridal bouquet of white gardenias and stephanotis atop a white Bible.

ATTENDANTS

Mrs. Ann Ellis, bride's sister, served as maid of honor. Bridesmaids were Miss Katherine Jean Beaver of Dallas and Miss

Angela Cheryl Dern of Vernon, bride's cousin. They were dressed identically in blue sheaths of cotton satin designed with jewel necklines, short sleeves with short overskirts of slate blue silk organza. Blue pillbox hats with blue butterfly veils of tulle complemented their ensembles.

Each carried a cascade of white daisies.

Larry Dale Stephens served his brother as best man. Groomsman were Billy Don Rose of Stamford and Virgil Leroy of Lubbock. Ushers were Joe Donald Rabjohn of Hamlin, bride's brother, and Bob R. Ellison of Arlington, bride's brother-in-law.

Mrs. Dorothy Albritton, organist, provided the traditional wedding music and served as accompanist for soloist, S. L. Tate.

Immediately following the ceremony, a reception was held in the church parlor. Members of the houseparty were Mrs. Whynama

Rose; Misses Charlene Pendley, Beth Bialkowski, Alaire Bowen, Linda Barcus, Martha Searcy, and Jan Glazner.

For a wedding trip to points of interest in Oklahoma City, Tennessee and Alabama, the bride wore a Rose Pink three-piece suit with a white accessories and the corsage lifted from her bridal bouquet.

The bride was graduated from Hamlin High School and received a Bachelor of Science degree from Texas Technological College, Lubbock, in June, 1963. She is employed by the Decatur City School system in Decatur, Ala.

The bridegroom was graduated from Hamlin High School and received a BS degree from Texas Tech in January, 1963. He is employed by Chemstrand Corporation in Decatur.

Mr. and Mrs. Stephens, bridegroom's parents, were hosts for a wedding rehearsal dinner in Hickman's Restaurant in Aspermont.

Garden Club Has Backyard Cook-Out

Mr. and Mrs. Garden Club met Tuesday evening in the home of Mr. and Mrs. Ira Carlton, 331 N. Faulkner, for a backyard cook-out.

Mr. Carlton, newly installed president of the club, announced committee appointments for the year.

Plans were made to participate with the Council of Garden Clubs in the Fall Flower Show.

A past president's pin was presented to Mrs. W. A. Spoonmore, immediate past president.

Mr. and Mrs. Waldon Moore were welcomed as new members.

Homemade ice cream was served during the backyard cook-out. Hosts, assisting Mr. and Mrs. Carlton, were Mr. and Mrs. J. Mitchell, Mr. and Mrs. Dick Higginbotham.

Members attending were Messrs. and Mrs. Aubrey Ruff, John Kelly, Robert Coley, John Hall, J. Mitchell, Walter Spoonmore, R. L. Higginbotham, Elmer Tinnin, Mr. and Mrs. John Higginbotham of Seymore were welcomed as guests.

The next meeting will be in the home of Mr. and Mrs. John Hall, 637 N. Nelson on July 2 at 7 p.m.

McCracken-Kingham Wed In Ceremony

(See Picture, Page 13)

Wedding vows of Miss Joan Gay McCracken and Edward Lee Kingham were solemnized in a double-ring service performed on May 31 at 7:30 p.m. in the First Baptist Church with Dr. E. Douglas Carver, pastor, officiating.

Miss McCracken is the daughter of Mr. and Mrs. W. E. McCracken of Abilene, former Pampa residents. Mr. Kingham is the son of Mrs. Chester Lee Griffey of Amarillo.

BRIDE

Escorted to the altar and given in marriage by Vardeman Smith, a friend of the family, the bride wore a white net over taffeta gown designed with Sabrina neckline, outlined with sequins, and long sleeves of tulle ending in bridal points over the hands. The tiered floor-length skirt was edged deep with Chantilly lace with lace tiers forming back interest.

Her stand-away veil of illusion tulle was held to a Crown of Pearls. She carried a gardenia arrangement showered with stephanotis and white satin streamers.

ATTENDANTS

Miss Sandra Jean Flynn of Gainesville, as maid of honor wore a blue linen sheath with a lace top complemented with a white pillbox hat and white accessories. She carried a bouquet of white carnations.

Miss Joan Keagey and Miss Jean Keagey, as bridesmaids, wore white silk dresses designed with pleated skirts complemented with blue pillbox hats and white accessories. They carried a cascade arrangement of blue carnations.

Darwin Phillips was best man. Ushers were Kenneth Waters and David Potter.

Miss Cheryl Jo Juan Blackwell, daughter of Mr. and Mrs. Gene Blackwell, served as flower girl. Palm greenery and baskets of

white gladioli flanked by candelabra formed the wedding scene.

Mrs. E. Douglas Carver provided the traditional wedding march and served as accompanist for Joe Whitten as he sang "I Love You Truly" and "Whither Thou Goest."

For her daughter's wedding, Mrs. McCracken wore a blue linen and lace dress accessorized with a blue feather hat and a corsage of white carnations.

The bridegroom's mother was unable to attend.

RECEPTION

Immediately following the ceremony, a reception was held in the parlor of the First Baptist Church. The bride's table featured all-white appointments.

Mrs. Vardeman Smith presided at the punch service with Mrs. R. J. Thomas serving from the three-tiered cake.

Miss Martha Tankersby was guest registrar. Other members of the wedding party were Mmes. Richard Abbott, Henry Randolph, L. C. Davis and Miss Carol Ann Davis.

For a wedding trip to the Carlsbad Caverns, the bride wore a white eylet suit with white accessories and a gardenia corsage lifted from the bridal bouquet.

The couple was graduated from Pampa High School. The bridegroom is employed by Carruth's Kar Redi and Muffler Shop. They will make their home at 512 N. Banks.

Mrs. Kingham was honored with a bridal shower, prior to her marriage, in the parlor of the First Baptist Church with Mmes. V.

Hair is shorter than ever for summer. From one salon (Charles of the Ritz) comes the short, clipped English bob, inspired by Lord Byron. A tonsorial poem!

attending the wedding were Mr. and Mrs. A. B. McPherson of McLean; V. T. McPherson of Hedley; Mr. and Mrs. W. E. McPherson and Marivyn of Amarillo; Mr. and Mrs. R. L. Mrs. Lewis Named For State Office

The nominating committee of the Texas Congress of Parents and Teachers has submitted the following nominees for state vice president to be voted on at the state convention to be held in San Antonio on Nov. 29-30:

For vice president from Region I (Districts 1, 8, 13, 14, 18, 19): Mrs. James Lewis of Pampa, who is currently state chairman of budget and finance.

For vice president from Region II (Districts 5, 6, 15, 16, 17): Mrs. Chesley McDonald of Sterling City, who is currently past president of District 16.

For vice president from Region III (Districts 2, 3, 7, 9, 12): Mrs. John Toombs of Irvin, who is president of Second District 2.

For vice president from Region IV (Districts 4, 10, 11, 20, 21, 22): Mrs. C. A. Adams of Houston, who is state chairman of character and spiritual education.

The vice president will serve for a three-year term during 1963-66.

Beware of giving the baby a name that forms a pun or provides a ludicrous nickname.

Double-Ring Vows Unite Montgomery-Langford

(See Picture, Page 13)

Miss Margaret M. Montgomery and James Robert Langford repeated wedding vows in a double-ring service performed by the Rev. Noble Atkins on June 2 at two o'clock in the First Methodist Church in Truth Or Consequences, N. M.

Miss Montgomery is the daughter of Mr. and Mrs. Fred E. Montgomery of Truth Or Consequences. Mr. Langford's parents are Mr. and Mrs. Minor Langford, 1100 S. Hobart.

BRIDE

Given in marriage by her father, the bride wore a gown designed and made by her mother in Chantilly lace designed with a bateau neckline and tapered sleeves, which ended in bridal points over the hands. The floor-length skirt terminated in a chapel train.

A Butterfly Veil was held to a Crown of seed pearls.

She carried a cascade of white gladioli and pink daisies.

ATTENDANTS

Mrs. Mary Jane Murphy, as matron of honor, Miss Effie Nell Dun-

lap and Miss Karen Sue Parks, as bridesmaid, wore identical dresses of pink designed with bell-shaped skirts and complemented with headpieces encircled with shoulder-length veils. Each carried a bouquet of pink daisies.

Chris Cadenhead was best man. Groomsman were Ron Logback and Gerry Drake. Seating the wedding guests were Clem Mancini, Dave Kilburn, Allen Sepkowitz and Doug Veazy.

Pink tapers in candelabra lighted the wedding scene which was decorated with white gladioli and pink daisies.

Mrs. George Goldsmith provided the traditional wedding music and served as accompanist for Miss Ruth Ann Felner, who sang "Whither Thou Goest" and "The Lord's Prayer."

For her daughter's wedding, Mrs. Montgomery wore a blue linen dress topped with a lace jacket and complemented with white accessories. The bridegroom's mother, Mrs. Langford, chose a blue print voile dress with white accessories. Their corsages were fashioned from pink daisies.

RECEPTION

Immediately following the ceremony, a reception was held in the Methodist Church Annex. Members of the houseparty were Miss Amyna Parker and Miss Lacy Moore, who presided at the cake and punch service. Miss Kay Armstrong registered guests.

For a wedding trip to Colorado Springs, the bride wore a white suit and the corsage of pink daisies from her bride's bouquet.

The bride was graduated from New Mexico State University, where she was a member of the Zeta Tau Alpha Sorority. Mr.

Langford was graduated from NMSU and is employed by the Trans-Western Pile Line Co. The couple will make their home in Pampa.

Merten Club Has Program On Park

The Merten Home Demonstration Club met Tuesday morning in the home of Mrs. W. L. Groves with Mrs. Jack Howard, presiding in the absence of the president.

Mrs. George Goldsmith provided the traditional wedding music and served as accompanist for Miss Ruth Ann Felner, who sang "Whither Thou Goest" and "The Lord's Prayer."

Refreshments were served to the following members Mmes. E. P. Templin, Jack Prather, Jack Howard, J. Lloyd Laramore and W. L. Groves.

Andis-Maher Married In New Mexico Rites

Mr. and Mrs. Bob Andis, 1710 Mary Ellen, announce the marriage of their daughter, Linda Kay, to James E. Maher Jr., son of Mr. and Mrs. James E. Maher, 501 N. Wells. Wedding vows were repeated on March 25 in Juarez, Mexico. They are temporarily making their home at 405 N. Wells.

Mr. and Mrs. Maher plan to live in Denver, Colo. where Mr. Maher will attend the National Electronic Institute.

Dance Students Receive Honors In Dance Auditions

Miss Sandra Molesworth, daughter of Mr. and Mrs. W. I. Molesworth of Waka and Miss Susie Fillman, daughter of Mr. and Mrs. R. D. Fillman, 1425 E. Francis have returned from Oklahoma City where they attended the Fronie Asher Memorial Foundation Master Classes and Scholarship Auditions. They were accompanied by their dance teacher, Jeanne Willingham of the Beaux Arts Dance Studio.

Classes were taught by Maria Tallchief in ballet; Harriette Ann Gray in modern; and by Gus Giordana in tap and jazz, who also served as judges.

Miss Molesworth was chosen by Miss Tallchief to receive a special scholarship award to the DeRea School of Dance in Los Angeles, Calif. She will receive four-weeks free tuition as well as transportation for herself and her chaperone both ways.

Miss Fillman, who rated near the top in all divisions, was runner-up in the Jazz category and received a special award.

Miss Molesworth and Miss Fillman plan to attend Jacob's Pillow Dance Festival in Lee, Mass. during June and July and both will enroll in Stephens College in Columbia, Mo. as dance majors this fall.

A MANUSCRIPT WELL, HE CLAIMS YOU STOLE HIS SAVINGS, HAD TO BORROW EXPENSE MONEY FOR HIS TRIP!

HE LIE! HE IS ALSO A THIEF AND MURDERER... WANTED BY POLICE IN PERU!

BUT HIS APPEARANCE CHANGE IN 13 YEARS, SO HE DECIDE TO RISK RETURNING... FOR FABULOUS STAKES, SO...

WOT! YOU EXPECT ME TO TAKE YOUR WORD FOR ALL THIS? I'VE KNOWN HIM THREE YEARS!

PHIL HASN'T BEEN ABLE TO MAKE GRANDPA RETRACT?

NO—BUT HE'S STILL TRYING! HE JUST WENT OVER THERE AGAIN!

HE WENT OUT WITH A BUNCH OF NEWSPAPERS? WHERE DID THEY TAKE HIM?

THEY DIDN'T TAKE HIM—HE TOOK THEM! OVER TO HIGH PEAK MOUNTAIN!

THIS IS WHERE YOU LAND, GRANDPA?

YES! SOMEWHERE ON THIS PLATEAU!

Jackson Twins

DO YOU THINK THEY'LL TALK ABOUT SPLITTING UP AGAIN, JIM?

NO, BUT IF THEY DO LET 'EM BE WHAT THEY WANT TO BE.

JUST LET 'EM BE NORMAL KIDS, THE KIND WHO—

SHRIEK! DADDY YOU'VE GOT TO BUY THESE RIDING OUTFITS!

THEY HAVE TWO JUST LIKE!

LET 'EM BE NORMAL KIDS, HE SAYS! FOR ALL THIS? I'VE KNOWN HIM THREE YEARS!

IT'S SUCH A LOVELY DAY.

WHY DON'T YOU DO SOMETHING IN THE GARDEN??

OKAY.

A REAL CUP OF COFFEE, BY JASPER! IS THIS HOW YOU CATCH MILLIONAIRES?

WHAT DO YOU MEAN?

AREN'T YOU TRYING TO CATCH THIS ONE, TOO?

MR. BART IS MY EMPLOYER, CAPTAIN, SIR!

BY THE WAY—I UNDERSTAND THAT YOU'RE GOING TO CLAIM ME AS SPLITTER SALVAGE!

GULP!

Morty Meekle

HEY, YOU! WAIT A MINUTE! THAT'S MINE!

THAT'S MINE! GIVE IT TO ME! I LOST IT! IT'S MINE!!

WHAT IS IT?

I MUZ GONNA TELL YA TH' TRUTH, TOMOKKA, JERRY, HONEST! PLEEZE SAY YA FERGIVE ME (SOB) I COULDN'T BEAR TA LOSE YA, JERRY, HONEY!

YA KIN CALL OFF TH' PLAY ACTIN' HONEYPOLL!

YER NLTIN, BUT A PHONY... AN' I'VE BEEN A CHUMP... JUST LIKE KNOBBY SAID... BUT I'M WISE TA YA NOW!

WOT'S ALL TH' EXCITEMENT ABOUT?

OH, EDWIN... I'M SO GLAD YER HERE! JERRY'S BEEN INSULTIN' ME SUMPTIN' AWFUL! AN' HE MUZ EVEN GONNA HIT ME... CAUSE I BROKE DOWN AN' TOLE HIM TH' TRUTH... THAT I LOVE YOU!

Haydn's Paris Symphonies Offered As Unit By L'Orchestre de la Suisse Romande

By DELOS SMITH
United Press International
NEW YORK (UPI) — Haydn admirers will be pleased that his six "Paris symphonies" have been recognized as a unified group by a complete recording, and a brilliant one since it was done by the authoritative conductor, Ernest Ansermet, and his "L'Orchestre de la Suisse Romande" (London-2306).

To the big public Haydn almost always is presented through his "London symphonies" and certainly that series stands for the crowning achievements of this "father of the symphonies." But the Paris series came when he was attaining his absolute mastery of the form and was daring to lead it with his bright imagination and spirit of derring-do.

There is less polish and more naivete in them than in the familiar London pieces. In these six he

seems to be experimenting with individualistic turns in harmonies and in melodic lines, with the imposition of sudden loudness in soft passages, with making the small orchestra excel in physical limits through compositional ingenuity.

Ansermet is a telling man with Haydn — from a listener's viewpoint. He maintains a superb clarity, a sharp distinction among orchestral choirs, yet manages to produce the orchestral texture. And he is sensitive to the individualities of Haydn; he makes the most of the Haydnian.

A new recording of Johann Sebastian Bach's Mass in B minor has been made by the Philadelphia Orchestra, Eugene Ormandy conducting, the Temple University Choirs, and the following soloists: Eleanor Steber, Rosalind Elias, Richard Verreau, and Richard Cross (Columbia-689).

A new one of this very high quality has been needed for a long time, especially for stereo equipment capable of reproducing the subtleties and power of sound which the composer put into this masterpiece and which were captured in the recording with awesome fidelity.

With Danny Kaye as administrative assistant to the man in charge of Diners' Club operations, the new Columbia release is a comedy. Assisting Mr. Kaye in the happy task of turning into a hilarious shambles one of the more popular aspects of American life — the credit card idea — are co-stars Cara Williams, Martha Hyer, Telly Savalas and Everett Sloane, and featured comedienne Kay Stevens.

Since its inception in 1950, the Diners' Club has established itself as an important part of the American economy, as modern as the jet and as convenient as the nearest phone. It is a convenience that increasing numbers of businessmen and others are learning how to use. For comedy purposes, in "The Man From the Diners' Club," the credit card is a convenience to be abused... by a mobster who has run out of funds and friends and wants to flee the country.

As "The Man From the Diners' Club," Danny not only must prevent this misuse of a credit card.

Amusement Page

The Diners' Club

"The Man From the Diners' Club," which stars Danny Kaye at the Capri Theatre, is not—repeat, not—a motion picture history of that successful credit card operation, with its 1,250,000 membership and its 35,000 participating restaurants, hotels and other business organizations both here and overseas.

With Danny Kaye as administrative assistant to the man in charge of Diners' Club operations, the new Columbia release is a comedy. Assisting Mr. Kaye in the happy task of turning into a hilarious shambles one of the more popular aspects of American life — the credit card idea — are co-stars Cara Williams, Martha Hyer, Telly Savalas and Everett Sloane, and featured comedienne Kay Stevens.

Since its inception in 1950, the Diners' Club has established itself as an important part of the American economy, as modern as the jet and as convenient as the nearest phone. It is a convenience that increasing numbers of businessmen and others are learning how to use. For comedy purposes, in "The Man From the Diners' Club," the credit card is a convenience to be abused... by a mobster who has run out of funds and friends and wants to flee the country.

As "The Man From the Diners' Club," Danny not only must prevent this misuse of a credit card.

Met Season's 1964 Dates Set In Dallas

Dates for the 1964 and 1965 seasons of the Metropolitan Opera Company in Dallas have been announced by Arthur L. Kramer, Jr., president of the Dallas Grand Opera Association.

The 1964 dates are Monday through Wednesday, May 18 through 20, and for 1965 they are Wednesday through Sunday, May 12 through 15.

The shortened visit next year will allow the Metropolitan to pre-empt the Dallas-Amperand Production was penned by Bill Blatty from an original story by Blatty and John Fenton Murray.

sent two weeks of opera as part of the New York World's Fair. The company will resume a normal tour schedule in 1965.

Repertoire for the 1964 Dallas engagement will be decided when the Metropolitan's general manager, Rudolph Bing, returns from a current visit to Europe.

SUBPOENA SUMMONED
YOU ARE

Today Ernie Jones goes on trial. You will be the jury. Was it a criminal act or a case of consent? Since you as jurors must be adults and have mature minds, no children will be allowed.

In order to render a fair and just verdict, you must see all the shocking and intimate details from the beginning.

The bailiff on duty will distribute ballots only to those jurors present at the beginning of each performance.

Broadway

NEW YORK (UPI) — Singing actor Bobby Darin, who recently turned 27, spends his non-performing hours being a business man, and he likes it.

"I'm in love with the world of business and particularly proud of my own music company," Darin said, referring to his half-million-dollar firm, T. M. Music, Inc.

"I spend almost every free minute in my office on Broadway. There are meetings with lawyers and accountants. My associates and I listen to the many songs that are submitted to us. I supervise recording sessions, write special material and work with young writers and singers. I'm thriving on work."

Although he didn't finish entertaining until the early morning hours in his recent night club engagement here, Darin was at his office at 9 a.m. daily.

"I just don't need much sleep," he explained, "when I'm really interested in what I'm doing. The involvement is exhilarating."

"There is a real challenge, for example, in trying to put together the right ingredients to make a hit record. The primary purpose of my firm is to give opportunity to fresh talent in every area of the music business. Our unofficial slogan is 'No demonstration record or tape goes unheard.'"

Darin himself records for Capitol Records and has a new platter with a song he wrote himself, "You're the Reason I'm Living." He's co-star with Gregory Peck and Tony Curtis in Universal's motion picture, "Captain Newman," not yet released, and has been signed by that studio to a non-exclusive two-picture deal. He and entertainer Sammy Davis Jr. have a film property called "The Hard Way" in which both expect to appear under the direction of Jackie Cooper in the near future.

William Bendix will have the leading role in the national touring company of the Broadway comedy hit, "Never Too Late." Paul Ford created the role and is still in the original company that continues to do sell-out business at The Playhouse.

The Bendix company will open Aug. 3 at the Central City (Columbia) Festival to play through Aug. 31, Rochester, N.Y., Toronto, Cleveland and Pittsburgh will be visited before the attraction settles down in Chicago Nov. 4 for an extended engagement.

Beginning July 8, Uta Hagen will take an eight-week vacation from her strenuous role in Edward Albee's "Who's Afraid of Virginia Woolf?" at the Billy Rose Theater and will be spelled by Nancy Kelly, Miss Kelly and Shepperd Strudwick will head the touring company that opens Sept. 2 in Boston.

New On The Shelves Of Lovett Memorial Library

Now ready for reading at the Lovett Memorial Library are the following new books: *Novels: The Street Where the Heart Lies* by Ludwig Bemmelans; a novel set in today's Paris with the hard truth lightly concealed beneath a comic ebullience.

The Birthday King by Gabriel Fielding; a penetrating novel of Germany during World War II and a business dynasty struggling to stay alive.

Pistols and Pedagogues by Falon Evans; a light, whimsical novel about a college professor which mixes comedy with mystery, laughter and excitement.

The Deserter by Giuseppe Dessi; a prize-winning Italian novel of the waste, heartbreak and absurdity of war.

Non-fiction: Arthur Schnable, My Life and Music; 12 auto-

biographical talks addressed to music students at the University of Chicago that include a personal account of this famous pianist's career.

Song of Wild Laughter by Jack Couffer; written by a photographer for Walt Disney wildlife films, this tells the story of the unusual animal personalities he has known.

Margin Released by J. B. Priestley; reminiscences and reflections by the noted novelist, critic, playwright and producer.

Reunion in Moscow by Markosha Fischer; a Russian revisits her country after 20 years and writes a first hand account of life today in Russia.

Test Pilots by Major Gene Gurney; a collection of dramatic stories about the work of test pilots from the beginnings of aviation.

Dateline Peking by Frederick Nossal; a journalist's outspoken account of his stay in Communist China as a reporter.

Underfoot in Show Business by Helene Hanft; a lighthearted book which should appeal to anyone who ever dreamed of going on the stage.

The Complete Essays of Mark Twain edited by Charles Neider; for the first time in one volume, all the famous essays of one of America's most renowned authors.

Also the following new books for children and young people: *We Were There at the Battle of the Alamo* by Margaret Cousins; *Great Heart* by Anderson; *Aunt America* by Bloch; *Winter Without Salt* by Ceder; *Mystery at Indian Island* by Gohman; *The Year of the Pheasants* by Ladd; *Heroes of Polar Exploration* by Anderson; *Alexander the Great* by Mercer; *The Party Book for Boys and Girls* by Carlson and How to Play Better Baseball by Jackson.

We Were There on the Nautilus by Webb; *Miriam* by Sommerfelt; *Windmill Flot* by Archibald; *Reunion* in December by Bolton; *Strange Traffic* by Edwards; *My Cousin Abe* by Fisher; *Argentine Road Race* by Harkins; *Nancy Kimball, Nurses' Aid* by Lalkan; *The Phantom Shortstop* by McCormick; *Red Fox of the Kinapoo* by Rush and South Pole Hugby by Strong.

Dome In Danger From West Side

WASHINGTON (UPI) — The House Appropriations Committee voted \$140 million toward the cost of running Congress next year and warned that another \$20 million will be needed shortly to make sure the Capitol dome doesn't collapse.

The money bill, to which the Senate later will add additional funds to cover exclusively senatorial items, included the last \$700,000 of a \$24-million outlay incurred in the recently completed extension and reconstruction of the east front of the Capitol.

In wrapping up this controversial project, the committee served notice that the west front of the building now is in perilous condition. It said the west front's crumbling sandstone structure must be replaced shortly with one of steel, concrete and marble. In the process, it will be moved out about 40 feet.

Some congressmen who had thought they secured the Capitol dome when they rebuilt the east front were hardly overjoyed to learn that disaster now impends from the west.

DOESN'T HURT—When hit by a shell from this gun, glass seems to shatter and a person seems to bleed, but it's all in the bullets. As Gilbert Seidman shoots the carbon dioxide gun, the pellets make a shatter mark on the glass held by Sy Ellehorn. The two made the gun, the only one of its kind, for television shows about five years ago.

UVALDE MAN KILLED

UVALDE (UPI)—Edward Pearl Pierce, 37, of Uvalde, was killed Thursday in a one-vehicle crash west of Uvalde.

SHOT TO DEATH

SAN ANTONIO (UPI)—Gunfire broke out late Thursday in front of a pool hall, killing Felipe Alvarez, 26. A suspect was arrested.

U.S. Plans Jet To Span Ocean In Three Hours

WASHINGTON (UPI) — The United States will try to build a supersonic airliner capable of flying from New York to Paris in less than three hours.

The announcement by President Kennedy was based on recom-

mendations from a high-level cabinet committee headed by Vice President Lyndon B. Johnson. It put the United States into the supersonic transport competition generated mainly by the British-French project known as Concorde.

Concorde is aimed at producing an airliner with a speed of about 1,450 miles per hour, the prototype to be flying by 1966 and in

actual service across the Atlantic by 1968.

One U.S. airline, Pan American World Airways, disclosed Tuesday it had ordered six Concorde — a move which undoubtedly pushed Kennedy toward his decision that was not supposed to be made until mid-June.

One pair of house mice has about 60 young per year.
