New Highway Signs

With money provided by Muleshoe Area United Fund, signs have been added to all entrances marking Muleshoe has historical markers. W. C. McMahon of the highway department and Bayley County Historical Society which sponsored the

Unite Fund for '66

Muleshoe Area United Fund has started making plans for its 1966 season, and Robert Alford, new president of the organization, conducted a planning meeting with the executive committee this past week.

The group spent considerable time studying past operations and policies. Attending, in addition to Alford, were John Shelton, campaign chairman; Mrs. Bernard Phelps, budget and admissions chairman; Kenneth Henry, public relations chairman; Mrs. Pat Bobo, treasurer; Mrs. Thurman R. White, immediate past president, and Roy Davis who has served as executive secretary since the organization's inception three years ago.

A tentative time schedule for operations was set up, including the sending out of letters to member agencies and to those agencies requesting inclusion as new members. They will go out before the end of May.

"Also agencies will be asked to make formal request for this year's campaign, including a statement of the organization's operations and its financial receipts and disbursements. They also were asked to include their proposed budget and plan for operations during the coming year. They also need a copy of their certification of exemption from the internal revenue service, assuring a tax-exempt status of contributions to the Muleshoe Area United Fund, and also notifying them of the state of the final

(\$76,000 is Paid Electric Patrons For 1954 Credits)

D. B. Lancaster, Manager of Bayley County Electric Cooperative Association, announced that the Capital Credit refund checks were mailed this past week to members who were receiving service from the cooperative during the year 1954. These checks, totaling \$76,435.76, represent the money the member consumers paid in their electric bills during 1954 which was in excess of the actual cost of providing electric service.

The cooperative is chartered under the state laws as a corporation and operates on a non-profit basis. At the end of each year's business, after an annual audit, the revenue received in excess of the expenses is credited to the individual members capital credit account in proportionate percentage to what he has paid, during that year, for electric service according to meter classification, irrigation, gas and farm accounts carry various percentages, which vary from year to year. (With a composite of 12.9 percent in 1954, roughly 10 cents to 15 cents out of each dollar spent for power is now being refunded to the members in cash.)

The member then receives a capital credit certificate showing the amount of capital credits allocated to each of his accounts for that year. This allocation forever assigns that portion of the capital to that member or his legal heirs. The cooperative can not spend it and no one else can collect it or cash it.

The checks, being mailed to 2649 accounts, are positive

County's Cotton Stand is Called 'Best in Years'

Bayley county has the best stand of cotton it has had in many years, and other crops are in pretty good shape too, despite the fact that moisture is short.

This is the crop situation in Bayley county as the planting season nears an end and the growing season gets under way.

Muleshoe received an additional half-inch of rain Friday night with some hail. A check Saturday morning, however, revealed that damage from the hail in this area was not heavy. The rainfall ranged from a half-inch here up to 1-1/2 inch in Littlefield. The southern part of the county also received additional beneficial moisture.

"I think I have never seen a better, more uniform stand of cotton than we have this year," one expert summed up the cotton situation. "Of course," he added, "the acreage is a way, way down as a result of the current farm program. But in dryland and irrigated sections alike, the stand is excellent."

He said the mid-week rains in the southern part of the county, generally considered as the dryland section of Bayley county, "have been greatly boosted by pretty good rains this week."

Planting of cotton had been delayed because of dry weather in that section, many farmers fearing that the crop would literally be "blown out of the ground" if planted in powder-dry soil. "The rains this week made it possible for planting to get under way."

The rains ranged up from a quarter-inch in the immediate Muleshoe area up to as much as 2 inches in parts of southern Bayley county.

J. K. Adams, county agent, in his weekly crop report, pointed out that dryland areas had been too dry to plant, estimating that as much as half of such land was too dry.

The crop of the cotton has been planted and added that "stand is excellent in irrigated areas." He warned, that some thrip is appearing.

Corn planted has been finished for the season, and his report said that early-planted corn is short on moisture and will need irrigating soon.

Sorghum is making progress, he said, with 80 percent of the crop planted. He said almost all irrigated sorghum has been planted but "much of the dryland area is too dry to plant."

He said this week's rains, although skimpy, will help the planting process. Soybeans are being planted for soil building with 20 percent of the crop planted. He estimated that 80 percent of the county's castor beans had been planted with the process continuing.

Irish potatoes, he said, are being high, and "tomatoes are coming up to a stand."

He'll Research Himself, Too!

L. T. Green III, who likes to hunt coyotes with a bow and arrow, may or may not follow in the footsteps of his late father, Dr. L. T. Green and practice medicine all hours of the day and night.

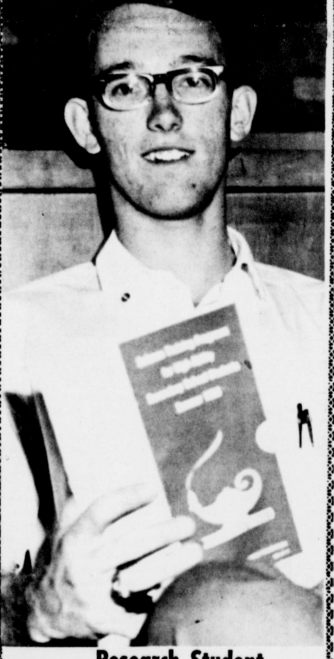

But one thing is almost certain: He'll follow some profession related to medicine. And this summer he hopes that he just MAY be able to decide WHAT phase of the medical profession he will follow; because this summer he's going to spend several weeks near Washington, D. C. at the famous USAF Hospital Andrews in a "Biomedical research" program for 12 (and only 12) very bright high school boys from throughout the United States. As the hospital puts it it's like this:

"The program is designed to give high school students with demonstrated abilities and interests in science a better understanding of scientific subject matter and method. The program, conducted in hospital environment, is designed to aid in identifying such students and encouraging their talents."

L. T. isn't certain what phase of the program will be his specialty, but he leans toward immunology, this business of immunization, he says, has always "been very interesting to me."

The proud word from Lt. Col. J. E. Stauch, head of the program, said simply: "It is my pleasure to inform you that you have

Morton Grocer Buys Red's Food Market Here

A Morton grocer who has been active in civic affairs there, has purchased Red's Food Market, 201 First Street in Muleshoe from Red Simmons, and has taken over operation of this store.

Name has been changed to Jim's 'n Save Grocery. New owner is Jim Hartline who has been manager of Doss Thriftway in Morton. Prior to that for six years he operated his own store, Jim's Grocery in Levelland.

Hartline said he plans extensive remodeling and refurbishing," he explained.

The Hartlines have four children — James, 11, Mark, (Continued on page 8)

C-C Manager Being Sought

Muleshoe Chamber of Commerce is still interviewing applicants for the position of manager. The job is being vacated by Roy Davis June 1, and Davis has been here three years.

Dr. Charles Lewis, president of the Chamber said: "We are making every effort to obtain the finest possible manager for our organization. We have some very good prospects, and we anticipate having a new manager on duty sometime in July."

The full board of the Chamber is handling the interviews and has been meeting frequently to consider the problem.

People Proud Of Home Ownership

A special "Salute" to the homeowners of Muleshoe! Your taste in homeowning would make any community proud. The city and farm homes in the Muleshoe area depict the prosperity that Muleshoe enjoys.

Muleshoe homes will always stand as a challenge to other communities. You, Mr. and Mrs. Homeowner, are indeed to be congratulated for the way you keep adding to your home's comfort and beauty.

Some of you are fortunate enough to have the ready cash you need to keep your homes the way you want them, while others must operate their homes within a limited budget. But whether you run your home on a budget or with unlimited capital, you can have any type home you desire. The local financial institutions can and will finance all types of home construction and improvements.

If you feel your home is not up to par and in need of repairs or modernization, consult any local contractor or building material firm, interior, decorator, paint store, furniture, or appliance dealer. Tell them your wishes, and they will supply you with the latest material, labor and best possible services—all at a price to fit your budget.

You, as a homeowner, should take advantage of these wonderful opportunities while this nation is enjoying an all-time prosperity.

Now is the time to build that extra room, sun porch, bath, new kitchen, patio, or install heating or air conditioning. The Muleshoe merchants are proud of the part they have had in making your homes more enjoyable. Therefore, it is with great pleasure that they honor you this week with a "Salute of Values"

UF Workshops Planned in Area

The Texas United Funds, an organization of United Fund and Community Chests throughout the state, announced last week a series of campaign workshops to be held during June in various Texas cities.

A Muleshoe man, Roy Davis, manager of the Chamber of Commerce, was designated as a speaker in the announcement on the subject, "Selling the Story of Your UF." These workshops are presented to assist leaders of local fund-raising organizations in developing the tools and techniques necessary to be successful.

Workshops in this area will be held June 3 in Amarillo and June 15 in Midland. Robert Alford, president of the Muleshoe Area United Fund and John Shelton, campaign chairman have further information about the work shops and have indicated their intention to take a group to the Midland work shop June 15.

Marie White, immediate past president of UF, speaking at a recent executive committee meeting, urged attendance by all interested persons, saying: "It is a wonderful experience to hear these speakers and exchange ideas with other local leaders from other towns."

Those interested in attending the workshops may contact Robert Alford.

Chamber of Commerce Seeks \$5000 in 'New' Money; Membership Drive Continues

"New" money and new members are being sought by the Muleshoe Chamber of Commerce in a double-barrelled campaign that pushed into high gear this last week when several teams of workers hit the roads in the Muleshoe area, seeking new members and money for the community-building organization.

Eddie Faust heads the membership drive. Said Dr. Charles G. Lewis: "We are indeed gratified by the initial success we have achieved toward our goal of \$5000 in 'new' money to strengthen the chamber." Dr. Lewis is president of the chamber.

"We reached about \$1500 or about 30 percent of this goal late in the week, and we have only begun to work."

About \$1000 of this amount is accounted for by increases in dues' investment made by existing members of the organization. Dr. Lewis explained, Among those who increased their fees 100 percent or more were these: Harvey Bass Agency, Baker Farm Supply, Central Texico Service Station, Nowlin Studios, Irrigation Supply, Peerless Pumps and Whitt & Watts.

Other firms and individuals who raised their dues were: Horace Hutton, C. R. Anthony Co., Singleton Funeral Home, Union Congress, General Telephone, Cobb's, First National Bank, James Glaze Co., Muleshoe Elevator, D & G Grocery, and A. P. Childress.

Outstanding "salesman" in the budding membership campaign so far is Robert Blackwood, Other workers are Myron Pool, Frank Ellis, Dr. Lewis, Vic Benedict, Owen Jones, Ben Porter, Bill Bickel, Terry Harrison, Jay Spain, Herb Ramage, Bob Glass, Morris King, Spencer Beavers, Jimmy Dale Black, Jake Diehl, Robert Alford, Kenneth Henry, Buck Johnson, Jimmy Crawford, John Shelton, Alex Williams, Creston

Favor and others who will be appointed later. Other workers now are Doug Haynes, John Crow, Delbert Berry and Harvey Bass.

The next report meeting for membership workers will be Friday at a breakfast at 6:30 at Paul's Restaurant. Chairman Faust urged all workers to make all their contacts before that time, and "to be present to share their results with fellow workers."

Faust declared: "The time has come for us to do something about our chamber of commerce. We need all interested persons to join the team for progress (our chamber of commerce)."

He added: "The chamber deserves the public's support for its past accomplishments and for the forward program for the future. The board of directors feel that we can no longer be complacent about our town; our economy and our future are at stake. We must all get in and pull together for the common good."

Lynn Ericson Installed Rainbow Worthy Advisor

Lynn Ericson, daughter of Mr. and Mrs. E. G. Ericson, was installed Worthy Advisor of the Muleshoe Assembly No. 161 Order of Rainbow for Girls Friday evening at 7:30 in the Masonic Hall.

Miss Ericson chose as her theme "Walk With God". The iris is her flower and her colors are aqua and white. Lynn's scripture is the 23rd Psalm. Lynn has dedicated her installation to her parents.

The invocation and benediction was given by the Rev. J. Frank Pacy.

A past Worthy Advisor's pin was presented to Marcela Williams, past Worthy Advisor.

Special guests were introduced and "My Rainbow" was sung by the Rainbow Girls. Jimmy Francis and Marsha Blackman were soloists. Marsha sang "Climb Every Mountain" and Jimmy sang, "You'll Never Walk Alone".

Registering guests were Nancy Lee and Brenda Tanner. Officers installed were Lynn Ericson, Worthy Advisor; Terry Bryant, Worthy Associate Advisor; Pam St. Clair, Charity; Cindy Davis, Hope; Kerry Beddingfield, Faith; Pam Seymore, Chaplain; Lindy Kerr, Drill Leader; Darla Kendall, Recorder; Karen St. Clair, Treasurer; Sue Pylant, Love; Sheridan Porter, Religion; Kathy Williams, Nature; Charlotte Davis, Immortality; Annette Williams, Fidelity; Debbie Burrows, Patriotism; Rena Lackey, Service; Kathy Seymore, Outer Observer; Paula Wallace, Confidential Observer; Norene Green, Musician; and Rebecca Phelps, Choir Director.

Carolyn Nowlin, Bob Willoughby Exchange Double Ring Vows

Beneath an archway of greenery and wedding bells with baskets of gladioli on either side, Miss Carolyn Nowlin became the bride of Bob Willoughby, Wednesday at 2 p.m. The bride is the daughter of Mr. and Mrs. Morris Nowlin and the groom is the son of Mr. and Mrs. Glen Willoughby, all of Muleshoe.

The double ring ceremony was held in the Primitive Baptist Church with Elder A. E. Richards officiating.

Given in marriage by her father, the bride wore a floor length gown of white satin and featured petal point sleeves and trimmed in white lace. A finger tip veil was worn by the bride. She also wore white accessories and carried a bouquet of white carnations, an orchid and stephanotis touched in blue.

Patsy Shafer, sister of the bride, Muleshoe, served as matron of honor. She wore a blue street-length dress trimmed in bonded lace and carried a long stemmed white carnation touched in blue. She wore white shoes and gloves and a blue veiled hat.

Ronnie Shafer, Muleshoe, and brother-in-law of the bride, served as best man.

Ushers were Jim Collins, brother-in-law of the bride from Sharon Springs, Kansas and Joel Nowel, cousin of the bride from Muleshoe.

Carola and Vina Bass and Courtney Owen sang "Bless

Be the Tie" and "The Lord's Prayer".

The bride wore a watch pin borrowed from Mrs. Rudolph Morrow and a blue garter, made by her sister. Something new was her dress, made by her mother.

A reception followed the ceremony in the home of the bride's parents at 117 E. Fir, Carola and Vina Bass served wedding cake and punch from a table covered with white lace over blue. A miniature bride and groom topped the tiered

wedding cake of white trimmed in blue. The bride's bouquet with tapers formed the centerpiece.

Darrene Collins registered guests in the bride's book.

A pale green two-piece dress with white accessories was chosen by the bride for a trip to Ruidoso, N.M.

The couple will be at home in Lubbock where the groom will attend college.

The couple attended Muleshoe High School.

TEXACO points out: Wages and purchases generated by the average Texas service station provides a cash flow of about \$35,000 a year into the station's community economy. O. D. Bridges of Dallas, chairman of the association highway policy committee, said Texas has about 15,000 service stations. The average station pays out some \$15,000 a year in wages and spends approximately \$20,000 annually for materials and services purchased locally, he added. Local communities also benefit because of the substantial investments stations represent, Bridges said. Cost of buildings and opening a modern station ranges generally from \$40,000 to \$150,000, he added.

Mrs. Cecil Cole Will Head Muleshoe Study Club's New Term

Mrs. Robert N. Tipps, retiring president of the Caprock District of Federated Clubs from Denver City, was the installing officer for the Muleshoe Study Club's installation service. It was held in the home of Mrs. Rufus Gilbreath, after a salad luncheon Thursday.

Mrs. Tipps used the theme of the GFWC for the past year, as it has been the "Diamond Jubilee Celebration" year. In keeping with the charge of each office she presented the officers with imitation diamond rings.

Those installed were: Mrs. Cecil Cole, president; Mrs. Horace Blackburn, 1st vice-president; Mrs. W. H. Elrod, 2nd vice-president; Mrs. G. L. Splawn, recording secretary; Mrs. E. M. Pruitt, corresponding secretary; Mrs. Rufus Gilbreath, treasurer; Mrs. John Farley, critic; Mrs. R. O. Gregory, historian; Mrs. O. N. Jennings, Federation counselor; Mrs. J. G. Arm, radio reporter and Mrs. Ramon Martin, press reporter.

Mrs. J. G. Arm was director for the program. She presented Mrs. J. Frank Peery dismissed the group with prayer.

president, who gave a report of the year's work.

Mrs. John Farley expressed thanks to the retiring president for her work. Mrs. Cecil Cole, incoming president, gave a talk on accepting her responsibility and plans for the new year to be carried out.

Mrs. Charles Grow expressed her appreciation for the members kindness while in the hospital.

Resignation of Mrs. W. T. Andrews was accepted with regret.

Ann Davis and Stephanie Peery assisted the hostess in serving, and Ann expressed thanks to the club members for her recent scholarship.

Gifts of appreciation were presented to Mrs. Tipps and Mrs. Martin.

Magann Lamb and Mrs. Bill Johnson were guests. Mrs. Mickey Sowder, from the D'Al-Jennings, Federation council, also present to see her mother installed as president.

The club will not meet formally again until September.

Mrs. J. Frank Peery dismissed the group with prayer.

Lynn Knolle Will Receive Bachelor of Arts

Some 1034 baccalaureate and 404 graduate degrees will be conferred during Southern Methodist University's 51st annual commencement exercises Sunday.

SMU President Willis M. Tate will deliver his traditional statement to the graduating class, which includes 231 students who fulfilled degree requirements last August, 321 who finished in January, and 886 who completed their academic work earlier this month.

Four Ph. D. degrees in economics will be awarded bringing to ten the number of Ph.D.'s earned since SMU began establishing doctoral programs in 1959. In addition to the earned degrees, 14 honorary doctorates will be presented.

The SMU graduate from Muleshoe is Lynn Lemax Knolle, formerly of 313 E. Fir, Bachelor of Fine Arts degree.

WARNING!
LIBERALS SEEK UPSET ON JUNE 4TH!

 is no planting activity in sow-peas, black-eyed peas and pintos. He explained that weeds and showers "will mean cultivation to prevent wind damage to cotton and some dryland planting. The rains here did not damage, but many sections of West Texas were not so lucky. Midland and Andrews, for example, got damaging deluges, and Colorado City got 2.31 inches and light hail.
 Other South Plains rainfall included: Abertamy .04; Amherst .25; Andrews .3; Brownfield .2; Crosbyton, 23; Denver City .5; Floydada .1; Lovelland .25; Littlefield .16; Post .55; Slaton .5 and Tahoka .48.

 only the agency allocations, but expenditures for campaign and year-round operations, the group appears before the full board of directors for budget approval.
 Kenneth Henry in discussing the problem of public relations for the fund-raising organization, emphasized the need for year-round publicity for all media on activities of the member agencies. Local leaders of the health, welfare, recreation and youth agencies which make up the portfolio of the United Fund campaign will be asked to give newsworthy information concerning the activities from month to month.
 John Shelton, campaign chairman, asked the group to meet again Tuesday morning to consider the organization and personnel assignments for this year's campaign. A discussion of the division breakdown and performance of the various divisions indicated considerable room for improvement or growth to meet the growing needs of area charitable organizations. Last year's campaign organization included the following divisions: Advance gifts, commercial, professional school, employee and rural. The Budget and Admissions' committee and full board of directors are expected to meet

at an early date following the July 14 final meeting of Budget and Admissions. Any agencies dissatisfied with their proposed allocation can appear before board by appeal.
 After budget has been approved by the board, printing of prospect cards will begin, showing the names of the member agencies. It is the custom of Muleshoe Area United Fund to print the names of these agencies on every prospect contributor's card and give them the opportunity to designate their gifts for their favorite agencies and exclude those agencies not desired.
 Preparation of prospect cards and worker's kits for each division will be made by the Chamber of Commerce office personnel in the weeks to follow. The recruiting of campaign workers will be completed in September and the campaign itself is expected to begin in mid-October.
 A victory dinner is planned around December 1.
 The organization's annual meeting, at which directors and officers are elected by vote of all contributors in the spring of 1967.
 A special guest at Thursday's meeting was Gil Mullend, Amarillo, Salvation Army representative for this area of Texas.
 Mullend said that the reputation of the Muleshoe Area United Fund has spread widely across the state and is frequently pointed to as an example by fund leaders and professionals throughout the state.
 A special tribute was paid by the group to Inez Bobo, Marie White and Roy Davis who were instrumental in founding the organization in August 1963.
 Last year's budget was \$13,350, up from \$12,000 the year before.

agencies benefiting from funds in past year included Boy Scouts, Junior Livestock Show, Girl Scouts, Salvation Army, Red Cross, Youth Center, 4-H Youth Development Corp., Babe Ruth League, Texas Medical Research Foundation. There were two interer allocations: Muleshoe Area Senior Citizens and Bailey County Historical Society.
 The organization was founded to affect all the benefits of a unit campaign and to give strength and stability to the support of all worthwhile undertakings.

 been selected to be a student under the National Science Foundation summer training program for high school students with the USAF Hospital Andrews. "But the secretary has penned a little note which reads: 'I am so happy for you, I especially wanted you to have this summer opportunity since it's your last year of high school. The others will have a chance next year. . . congratulations.'" That note came from Marjorie Bejarano, the lieutenant-colonel's secretary.
 She was referring to the fact that L. T. was graduating this year from high school.
 L. T. has been studying about this business of a summer program in some phase of medicine for some time - ever since basketball season, he recalls. "I don't know that I want to make a physician," he says, "but I do want to get into some phase of medicine - possibly the research phase, I like that part best of all."
 He'll leave the last of June and will be in classes at Hospital Andrews from June 27 to Aug. 19, working eight hours a day at the hospital, five days a week. "Other days," he says, "I'm going to see everything that is to be seen anywhere near Washington."
 The medical profession "runs" in the Green family. His father was one of Muleshoe's hardest-working - and most popular - doctors until his death a few years ago. A brother of the senior L. T. is a physician in Clovis. Then L. T. III has a sister, Joan, who is a registered nurse, and Marilyn is a student at Tech, Lawrence, who finished Muleshoe high school this spring in the same class with L. T., is going to teach this summer for the second session. He, too, may wind up in some phase of medicine.
 "I guess I'll know better at the end of this summer what phase of medicine I want to follow - if any. I love research, so in a sense you could say that I'll be conducting an experiment in research on myself - trying to decide by research practice itself, whether I actually want to follow such a career."
 L. T. has an unusual hobby - archery. He likes to take his bow and arrow (he used to make his own but he's past that stage now in his archery program) and go hunting, Friday morning, for example, he popped out of bed long before the early sunrise, gathered his faithful bow and arrow and went hunting. "But I guess the coyotes just weren't hungry; anyway they wouldn't respond to my coyote call."
 He says he will go deer hunting this fall with his bow and arrow.

City to Mark Memorial Day
 Muleshoe offices, stores and the post office will be closed tomorrow for Memorial Day, a check by The Journals Friday revealed.
 However, several groceries checked reported they will stay open as usual, including some of the larger groceries.
 The courthouse and city hall as well as both banks will not open tomorrow.
 Tri-County Savings & Loan also will be closed, but delivery is planned but box patrons will receive their mail as usual.

He is the retiring president of the Muleshoe Youth center.

This won't be L. T.'s first experience in medicine; for two summers he worked at the Green Memorial Hospital as a male nurse.

And now this summer he's going to delve into that tricky business of immunology.

As he winds up with this enthusiastic statement: "It's going to be a wonderful summer, I feel certain!"

More than 500 were screened for the school, some from as far away as Alaska, selections being based purely on academic achievements of the students. Only one other student among those selected, a lad from San Antonio.

 proof of the non-profit operations and a definite advantage of local ownership. They are not dividends or interest payments, as some members have been led to believe. Rather, the checks are actual capital investment in the financial structure of Bailey County Electric Cooperative Association. The cooperative has been using this capital to pay principal and interest obligations on its long-term loan; and to build up necessary reserves in order to keep a sound financial structure for self-protection and to assure the members that they will receive adequate electric service at a fair and reasonable cost.

After completion of an irrigation and power requirement study, an accompanying engineering project was a long-range financial plan, accepted by the auditor and banker, the board of directors and management now deem that the cooperative is in a cash position for refunding the members capital.

 The Bears took the U-Bars to an 11-5 cleaning Tuesday in the minor league. Zan Walker was the winning pitcher, Kenny Taylor the loser.

In still another minor league game, the Sluggers walloped the Builders 22-4. Chuck Beasor hurling for the winners and Ruben Castillo for the loser.
 A make-up game played Wednesday, saw the Bears smothering the Builders, 21-4.

Bovell Motor Supply Has Complete Stock

When you need a part for your gas buggy, go to Bovell Motor Supply at 107 E. Ave. B and 99 times out of a hundred you will find what you want. This firm is owned and operated by Mrs. W. T. Bovell who has been in this business a number of years and who knows what you need to repair your car.

She is assisted by Richard Hawkins and Fred Owen who are thoroughly familiar with this business. When they sell you a part it will be the one you need and you won't have to bring it back to exchange it.

This company handles only first class nationally advertised parts and supplies and they are guaranteed to do the job. Whether you want piston rings, bearings or a new crankshaft these men can get it for you in a hurry.

Many car owners like to do their own repair work and they can save many dollars in that manner. The men employed here can give good advice to amateur mechanics and help them solve their repair problems.

A full line of auto accessories such as horns, batteries, head lights, spot lights, mirrors and

from the Christian Science textbook, including these: "In a world of sin and sensuality hastening to a greater development of power, it is wise earnestly to consider whether it is the human mind or the divine Mind which is influencing one. . . No person is benefited by yielding his mentality to any mental despotism or malpractice. . . The truths of immortal Mind sustain man, and they annihilate the fables of mortal mind, whose flimsy and gaudy pretensions, like silly movies, singe their own wings and fall into dust" ("Science and Health with key to the Scriptures" by Mary Baker Eddy).

special executive session is called, and Johnson says there is some doubt that the subcommittee report can be printed and ready for action in the full committee when it meets June 1. If not, and if Senator Ellender cannot be prevailed upon to call a special session, the matter would be held up until the third Wednesday, June 15.

Then, of course, the act has to get a rule and go before the body of the Senate. And if any changes in the house version have been made it will also have to go through a Senate-House conference committee before the referendum can be held.

Normally the first U. S. cotton is harvested in the Lower Rio Grande Valley about the middle of July, but excessive rains in that area have delayed the crop this year until no significant ginning is expected until early August.

Even so, there isn't much time to spare if the Research and Promotion Act is to go into effect with the beginning of the 1966 crop. "This is a case in which just a tiny bit of 'foot-dragging' on anybody's part might delay the program until 1967," Johnson said.

25 Years Ago

Noel Woodley, Memphis, Tex. arrived last week to take over the duties of secretary-treasurer of the Western National Farm Loan Association of Muleshoe. Mr. Woodley expressed his satisfaction with the Muleshoe office and stated that this is one of the finest little towns in West Texas, in his opinion.

Tuesday afternoon all women of Muleshoe and surrounding communities are invited to attend a meeting at the Home Economics meeting room at the high school, at which time sewing for the American Red Cross will be done. The room is equipped with large tables on which garments can be cut out.

The monthly workers conference of the West Plains Baptist Association met with Pastor J. E. Moore and the Enoch Church.

Muleshoe business men had an opportunity to see what home demonstration club women were accomplishing when the ladies of the Progress club served lunch last Friday at the American Legion Hall. The club ladies are raising funds to send a delegation to Beaumont in September where the state convention of HD clubs is to be held.

Miss Hattie Ray Griffiths, who has been attending Baylor University at Waco the past year, returned to her home in Muleshoe last weekend, where she will spend the summer visiting her parents, Mr. and Mrs. Ray Griffiths.

Mr. and Mrs. Vance Wagon and daughter, Sondra and Jo Addine, were in Clovis Saturday of last week.

JOHANNESBURG, South Africa (AP) - South African Rabbi says that in Johannesburg, South Africa's largest city, one in every five Jewish marriages is outside a synagogue or temple.

Rabbi Arthur Super, has urged an immediate investigation into the drift towards "assimilation and total oblivion" by young Jews.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm apparently has tractor trouble, his letter this week indicates.

Dear editor:

I was out of newspapers yesterday and nothing to read and nothing else to do so decided to write a little tractor work, as I understand the surplus is being reduced and a man can now plow without feeling guilty.

My intentions were good but the tractor won't start, and I got to thinking. That tractor I'll admit is 17 years old but it's still got some good years ahead. I know a neighbor who has a 28-year old model and it runs like a top. Probably what it needs is a cleaner carburetor, new spark plugs, new points, a new battery, a new generator, and possibly the valves need grinding and to tell the truth probably a complete over-haul would help.

But that runs into a lot of money.

Then I got to thinking some more. Why should a tractor, just because it's old, have to be mortgaged to the future to stay off the junk heap?

What's the matter with Congress? Why not a Tractor-Care Program? To shorten it, you could call it Tractor-Care, and any tractor, on reaching the age of say 10, would be eligible.

If the program works, the next step, and this will prove far more popular, would be Auto-Care. Most people spend more buying a car and keeping it going than they do on their health, and the job is getting more burdensome every year.

Takes \$40 or \$50 to take one dent out of one fender, and if you do something serious like throwing a rod, you've got your future mortgaged.

The way things stand now, the automobile manufacturers take care of breakdowns for the first 25,000 miles, in some cases longer, but it's what happens after that that I'm talking about. That's when the government ought to step in.

After we get tractor-Care and Auto-Care going, with maybe Lega-Care thrown in to take care of damage suits if you run into some other areas may offer possibilities. I noticed last night my television set was flickering, one of the tubes must be getting weak. You reckon something couldn't be worked out on T.V. Care?

Yours faithfully, J. A.

their lives, in the never ending fight for freedom, so that free men, might remain free."

Activities will begin with a welcome address by Jaycee Inter-Club Director Pat McCutchen. McCutchen will introduce State Rep. Jesse T. George who will then introduce the keynote speaker for the event. A fly-over from Reese Air Force, Lubbock, will follow the keynote address. The memorial will be unveiled by a delegation of Levelland Jaycees, at which time the Jaycees, Veterans of Foreign Wars, and the Explorer Scouts will place memorial wreaths at the site of the dedication. The American flag will be lowered to half-mast and will be followed by a twenty-one gun salute. The War Memorial was acquired at a cost of \$2,190.00, plus 25 cents for each letter on the monument. The Hockley County Commissioners court approved payment of \$1,000.00.

War Memorial Dedication

Hockley County War Memorial will be dedicated and unveiled in Memorial Day ceremonies here Monday at 10 a.m. on the courthouse square. Keynote speaker for the Levelland Jaycee-sponsored affair will be Texas Secretary of State John L. Hill, according to State Rep. Jesse T. George, State Vice-President, Texas Jaycees.

The memorial, sculptured from white Georgia marble, and paying tribute and honor to those fifty-five men from Hockley County who died in World Wars I and II and the Korean Conflict, is 14-1/2 feet in length and 8-1/2 feet in height, at the highest point. It is topped by the American flag and contains the inscription "Dedicated to the Men of Hockley County who gave the Supreme Sacrifice."

★ "The cost of freedom is always high—
★ but Americans have always paid it.
★ And one path we shall never choose is the
★ path of surrender or submission."
★ JOHN F. KENNEDY
