Gunn of Amarillo, who gave the dog to Pampa. Kneeling left to right are Patrolman Wallace and R. D. Wilberforce of Amarillo, who trained Tyi. (Daily News Photo)

### Test Ban Pact Begins Long Trip Thru Senate

WASHINGTON (UPI) — Undersecretary of State W. Averell Harriman today started the three-nation nuclear test ban agreement on its long path through the U.S. Senate.

There were signs of growing support for the treaty to outlaw atmospheric, space and underwater nuclear blasts, but Senate GOP Leader Everett M. Dirksen, Ill., called for "the closest scrutiny of every word."

Harriman, who returned Saturday from initialing the pact in Moscow, was scheduled for a (10 a.m. EDT) closed meeting with the Senate Foreign Relations Committee, which will act on the treaty before it goes to the Senate for ratification.

Also invited to attend were members of the Senate Armed Services Committee and the

House-Senate Atomic Energy Committee.

Secretary of State Dean Rusk said Sunday night in a television interview (NBC-TV) that the agreement "may be the turning point under which other questions can be taken up for exploration."

Rusk and Harriman appeared on the program with Sens. Eugene McCarthy, D-Minn., and John G. Tower, R-Tex. McCarthy predicted Senate ratification "after due deliberation." But Tower estimated that "a good 40 percent of the Senate" was skeptical or "outright opposed."

Rusk briefed the Foreign Relations, Armed Services and Atomic Energy committees last week before the pact was initiated. He is expected to meet again with the Foreign Relations group before going to Moscow to formally

sign the agreement with Russia and Britain.

Plans for a congressional delegation of key lawmakers to accompany him were expected to be announced this week.

A two-thirds Senate vote is required for ratification of the treaty.

**Goes All Out**

President Kennedy's nationwide television speech Friday night was interpreted as showing the administration's firm determination to win public backing for the agreement as well as the needed Senate approval.

Weekend comments of lawmakers in both parties indicated growing support for the treaty. Many still were cautiously avoiding all-out endorsement pending public hearings to be held by the Foreign Relations group.

### Pravda Says Both Face Risk of Being Isolated

By HENRY SHAPIRO

MOSCOW (UPI) — The Communist Party newspaper Pravda today lumped Communist China with France as the odd men out who "wreck" the recently initialed nuclear test ban treaty.

Pravda commentator Yuri Zhukov said that French plans for Pacific tests was proof of the "aggressive" nature of the Bonn-Paris Axis and said both nations risked "complete isolation and universal condemnation."

Referring to the Chinese, who are pushing development of atomic weapons, Zhukov added:

"The position of some responsible leaders of the People's Republic of China, who unabashedly are siding with the French exponents of the continuation of nuclear tests and the thermonuclear race, is also amazing."

The Chinese, the article said, "unabashedly borrow from French bourgeois propaganda... under the hypocritical slogan of all or nothing they ignore and wreck the nuclear test ban agreement."

Pravda in an editorial also praised the "good will" of the Western powers for concluding the treaty which halts atmospheric, underwater and outer space atomic tests. This was seen as a new rebuke to Peking, which maintains that the West cannot be trusted to keep an agreement.

The Communist party newspaper once again sounded a call for negotiations on Premier Nikita S. Khrushchev's peace plan to follow in the wake of the nuclear treaty.

**Urges Inspections**

The plan calls for a non-aggression treaty between East and West, reduction of freezing of military budgets, reduction of foreign troops in both Germany, inspectors in foreign countries to prevent surprise attacks and inspectors in foreign forces in the both Germany.

Diplomatic observers said this week's big three meeting to sign the nuclear treaty may provide the impetus to an East-West detente highlighted by a summit meeting at a future date.

Secretary of State Dean Rusk and British Foreign Secretary Lord Home will represent the

### Union Spokesman Sees Hope for Rail Settlement

WASHINGTON (UPI) — A rail union spokesman said today that the railroad dispute is not nearly as hopeless as the public has been led to believe.

Roy E. Davidson, head of the Brotherhood of Locomotive Engineers, urged Congress to allow union and management to proceed with collective bargaining and to reject President Kennedy's proposal for solving the controversy.

Davidson insisted that collective bargaining had been "virtually unused" during the four-year-old dispute.

"To the small extent that it has been used," he told the House Commerce Committee, "it has brought this dispute close to peaceful negotiated resolution."

The rail industry, which supports the Kennedy plan to turn over the dispute to the Interstate Commerce Commission, has said practically no progress has been made in talks on the key issues.

Labor Secretary W. Willard Wirtz continued mediation efforts in the snarl during the weekend without any reported break in the stalemate. The renewed mediation efforts were suspended after sessions Sunday.

Davidson testified at the fourth day of House hearings on the President's proposal to resolve the problem.

### Negro Slated for Dallas IRS Job

DALLAS (UPI) — The Internal Revenue Service has offered a Negro a job as tax technician, the first job above clerical level ever offered a Negro in the Dallas district office, the Dallas Morning News said today.

### Verdict Awaited In Ward Morals Case in Britain

LONDON (UPI) — Dr. Stephen Ward's defense attorney today wound up his vice trial with an appeal to the jury to consider the 50-year old osteopath and artist as a man "with the secret of eternal youth" who loved the ladies but not as a criminal procurer.

Attorney James Burge told the 11 men and one woman on the jury that Ward was immoral and should be condemned by society but does not deserve a prison term for introducing playgirls to the rich and famous.

The jury was expected to deliver a verdict late today or Tuesday in the case that has brought into the limelight the names of War Minister John Profumo, millionaire Lord Astor, former movie star Douglas Fairbanks Jr., Soviet Naval attaché Eugene Ivanov, and slum landlord Peter Rachman.

Burge attempted to demolish the prosecution's argument that Ward lived off the earnings of red-haired Christine Keeler and blonde Mandy Rice-Davies and tried to get other young girls to become prostitutes.

**"Incredible Statement"**

He said this was an "incredible statement" in the case of 21-year old Miss Keeler, whose twin affairs with Profumo and Ivanov. (See VERDICT, Page 2)

### 2 U.S. Soldiers Killed In Sneak Raid by Reds

SEOUL, Korea (UPI) — Communist North Korean raiders today killed two American soldiers and critically wounded a third. The United Nations Command (UNC) quickly placed some U. S. units on a "reinforced alert status."

The Communist crossed into South Korean territory and ambushed a U. S. Army jeep patrol with submachine gun fire and Soviet-made hand grenades.

The UNC called it a "vicious and unprovoked sneak attack." There was no sign the Americans had been able to return the Communist's fire.

The jeep was flying a white flag that serves to identify UNC vehicles when they enter the Demilitarized Zone (DMZ). The Reds struck while the jeep was crossing a 15-foot wooden bridge across a small stream, about 10 miles east of the truce village of Panmunjom, on a road that runs along the foot of a hill about 300 feet from the southern limits of the DMZ, the UNC said.

"The attack was deliberately planned, premeditated, and executed in a grey early dawn," a UNC spokesman said. As a result of the attack, he added, "elements of the 1st Cavalry Division were placed on a reinforced alert status" along the truce line. The three soldiers were members of the 1st Cavalry.

The victims were not identified pending notification of relatives. The wounded soldier had been hit four times, in the chest, arms, and legs, and was reported still unconscious several hours after the attack.

"He may not live," UNC said. (See SOLDIERS, Page 2)

### Politics Charged In TFX Contract

WASHINGTON (UPI) — Sen. Milward L. Simpson, R-Wyo., charged today the Pentagon's handling of the controversial TFX fighter plane contract was "shot through with political interest and favoritism."

Simpson told the Senate that Navy Secretary Fred Korth should have disclosed his connections with the winning contractor, General Dynamics Corp., before the multi-billion dollar contract was awarded last November.

"Did Korth reveal to his confederates his staggering conflict of interest? If he did not, he should have. The July 23 testimony of Sec. Korth is shocking almost beyond belief," Simpson declared.

If it comes from a hardware store we have it. Lewis Hdw. Adv.

### Hearings Open On 2 Tax Cases

The School and City Boards of Equalization met this morning to review the property evaluation of the Beacon Supply Profit Sharing Trust. E. C. Sidwell, director, was to give the board additional evidence of the property's value.

Final assessment of the valuation will not be made until the board has heard all evidence, officials stated.

Members of the City Tax Board are George Scott, chairman; R. M. Samples and James B. Daley. School tax equalization board members are Hugh Burdette, Elmer Fisher and Lee Fraser.

A protest to the original valuation figure discussed was filed in a public meeting of the board May 29.

Board members will have an audience at 11 a.m. tomorrow with a representative of the Pioneer Natural Gas Co., to review the tax evaluation of the company's property.

### House Searched, Thief Gets Cash

Police received reports of a theft, a prowler and two incidents of vandalism over the weekend.

Vernon R. Stuckey, 2323 Christine, told officers someone entered his home between 8:30 a.m. and 10:55 a.m. yesterday, searched the house and stole \$53. The house was unlocked.

Bill Ballard, manager of Monarch Hardware Co., reported someone broke all the front window glass out of the hardware store office, Brown and S. Gray St.

Delores Hensley, 1328 Coffee, told officers yesterday afternoon that someone driving a vehicle, opened the screen of her front door at 1 a.m. yesterday and tried the other door, but left after he found it locked.

J. T. Ray, southwest of the city, reported someone tied a wire around the ignition of his car and burned all the ignition wiring off. He had left the car parked at his brother's house, 1039 S. Hobart.

### Governor Asks Rights of Businessmen be Preserved

WASHINGTON (UPI) — Florida Gov. Farris Bryant asked Congress today not to bury the rights of businessmen in the drive to assure equality for Negroes.

"It would be a tragic mistake if we tried to purchase equality for minorities," Bryant said, "and as part of the price gave up freedom for all."

Bryant was the fourth Southern governor to testify before the Senate Commerce Committee against President Kennedy's proposal to ban discrimination in hotels, restaurants and other private businesses serving the public.

"I think I can understand the aspiration of minority groups to

improve their status," Bryant said. "Nothing is more American than to aspire. But surely, we should remember that when the majority loses its freedom, the minority loses its hope for freedom."

The Florida governor thus joined Govs. Ross R. Barnett of Alabama and Donald S. Russell of South Carolina in testimony against the so-called public accommodations bill, keystone of the administration civil rights package.

Bryant said he was not arguing for or against segregation and "while I believe the federal government has the power, I do not

### Mobeetie Man's Tribute to Gen. MacArthur Gets Publication in Congressional Record

By WANDA HUFF

During World War II, J. B. McLean of Mobeetie, wrote a poem in tribute to Gen. Douglas MacArthur. With the assistance of Walter Rogers, Texas representative to Congress, the poem, entitled, "The Man In The Philippines" was published in the July 11 Congressional Record in Washington, D. C.

Introductory remarks by Congressman Rogers appeared before McLean's preface and the eight stanza poem.

A baker, McLean wrote the poem Dec. 31, 1941, just after the Japanese bombed Pearl Harbor. He was working in a bakery in Dallas at the time. He is presently employed in Coston's Bakery here in Pampa.

"I have been asked many times why I have not had it published before, but a proper outlet never presented itself until Congressman Rogers came to Mobeetie to speak at the Old Settler's Reunion," McLean said.

"In his speech, he described how General MacArthur had looked when he last spoke before Congress, 'still standing straight and erect and speaking with a vigorous voice.' Mr. Rogers' speech reminded me of the poem I had

written and filed away so long ago."

After Congressman Rogers' address, McLean told him about the

J. B. McLean and the Congressional Record

poem and that his speech had "brought it to mind again."

"He said he would like to present it to General MacArthur. I had no idea at the time he thought it was good enough to appear in the Congressional Record and did not know about it until I received a copy of the Record a few days ago. He told me he had mailed a copy of the record to General MacArthur, who lives in New York City," McLean said.

McLean has never met General MacArthur personally, but had watched and admired him as he performed his duties as commander of the Far Eastern war operations.

"I just wrote it to pay tribute to a fellow man. That doesn't cost anything," McLean said. "He seemed to me like a man qualified and capable of performing his duties with efficiency. At the time I wrote the poem, I noticed that the Japanese were by-passing the Philippines, where MacArthur was in command. They were occupying territories farther out. I believe they respected him, even though they were our enemies."

This inspired him, McLean said, to write the tribute poem.

### De Gaulle Sees No Break-up With U.S.

PARIS (UPI) — President Charles de Gaulle said today that despite differences between France and the United States it would be a "ridiculous absurdity" to believe any split is imminent.

De Gaulle said relations between the two nations "are based on friendship and alliance."

"Despite the divergencies that exist, it would be a ridiculous absurdity to think the United States wants to do harm to France and that France wants to damage the United States," he said.

While stressing France's ties with the United States, De Gaulle rejected Soviet Premier Nikita S. Khrushchev's proposal for a non-aggression pact between NATO and the Communist Warsaw Pact powers.

The United States and Britain agreed at the Moscow conference last week to consult their allies on further steps toward easing the cold war, including a possible pact between East and West military blocs.

De Gaulle declared that France and the United States have every

### Egyptian Airliner Goes Down at Sea

BOMBAY, India (UPI) — Three Indian naval vessels with sound-detection gear swept the turbulent seas west of here today, seeking the wreckage of an Egyptian airliner that crashed Sunday.

Hope of finding survivors among the British-made Comet's 8 crewmen and 54 or 55 passengers was abandoned Sunday night. The search ships kept a sharp lookout for the bodies of victims.

reason to maintain the Atlantic alliance.

"It is an elementary necessity for France and for the United States which assumes a capital responsibility both because of its nuclear armaments and its geographic position," he declared.

De Gaulle told a news conference of some 900 French and foreign newsmen:

"Despite journalistic malevolence, it would be ridiculous to say either the United States or France want to hurt each other."

He recalled how the two countries were allies in two world wars.

"They have every reason," he declared, "to continue their alliance as long as they are confronted by the Soviet bloc seeking to overwhelm this or that territory."

**Questions Valued**

The French president said France approves the Moscow partial nuclear test ban treaty, but that it has "only a limited value."

De Gaulle said that American-French relations are "based on friendship and alliance." He said he is willing to let France's infant nuclear force cooperate with U.S. nuclear forces.

He said he will call an international conference to discuss nuclear issues this year.

De Gaulle said the Anglo-American-Soviet pact had only "limited value" as long as it does not form part of a broader disarmament pact.

"If some day the United States and Soviet Union disarm completely," he added, "France will be glad to renounce nuclear weapons herself. But, unfortunately, it does not seem we have reached that point yet."

# Week End Relatively Quiet on Race Front

**By United Press International**  
 About 125 Negroes and whites protesting segregation were arrested Sunday in demonstrations in California and Virginia. It was a relatively quiet Sunday on the racial front with arrest-producing protests reported only in Danville, Va.; Farmville, Va.; and Torrance, Calif. Demonstrations also were staged in Denver, Colo., and Pine Bluff, Ark., but no arrests were reported in those cities.

Danville police, sweltering in 102-degree heat, intercepted 77 Negroes marching on city hall and loaded them into paddy wagons and a tractor-trailer when they sprawled out on the pavement.

Negroes had promised to defy a city anti-march injunction with a march by thousands but the demonstration fell far short of the promise.

**Interfere with Worship**  
 At Farmville, Va., about 30 miles from Danville, 22 Negroes who attempted to attend services at a white-only church were arrested on charges of "interfering with church worship."

Torrance, Calif., police, aided by mounted deputies, arrested 24 pickets protesting alleged racial discrimination at an all-white housing tract. The pickets, members of the Congress of Racial Equality (CORE), were charged with aiding, abetting and counseling other demonstrators who staged sit-down protests the day before.

At Denver, heavyweight boxing champion Sonny Liston appeared briefly at a civil rights march urging support of President Kennedy's civil rights legislation and about 25 Negroes were chased outside a segregated hamburger stand in Pine Bluff, Ark., when a white youth tossed ammonia into the small building.

**PORKERS COME CLEAN FROM KANSAS** — That they do, when Kip Kennedy, 6, raises 'em. The Kansas City youngster, summering in Pittsburg, Kan., keeps his seven pigs cool, clean and comfortable in 100-degree weather with trips to this discarded bathtub.

**Perry Franklin, 513 N. Magnolia,** has returned home from St. Anthony's Hospital in Amarillo.

**The Country House Cafe, formerly Bob's Cafe** is now under new management, Vera Baker. Open 24 hours daily. MO 3-9022.

**Mrs. H. T. Beckham, 417 Doucette,** and grandson, Teddy White, will leave Pampa by plane tomorrow enroute to Chicago, where they will visit before going to Columbus, Ohio to attend the wedding of Mrs. Beckham's daughter.

**Lost on East Browning, pink belt in black Behrman's sack.** Finder please return to Pampa Daily News.

**Bill Kelley, Pampa,** has been accepted to enter Oklahoma State Tech, Okmulgee, Okla. He begins a course of study in Diesel mechanics Aug. 29.

**Christmas in July Sale on Christmas Cards.** The Gift Box, 117 W. Kingsmill.

**Gary Smith, son of Mr. and Mrs. George E. Smith of Lefors,** returned home Saturday following a six months tour of duty in the U. S. Army at Fort Polk, La. He will enter West Texas State University in Sept. where he is classified as a second-semester junior student, majoring in veterinary medicine.

**The Potter County Bloodmobile** from Amarillo will be at Highland General Hospital tomorrow from 10 a. m. until 2 p. m.

**Rummage Sale: Tuesday, 321 S. Cuyler, Baby, Adult clothes.** Air conditioner.

**The Pampa Duplicate Bridge Club** will meet at Coronado Inn at 7:30 p. m. today for a charity benefit. Admission will be \$1 per person with all proceeds going to the Community Nursing Home Fund, according to Jim Nation, president.

**Breathing appliances for divers** were used as early as the fourth century B.C.

## Rescue Crews Still Digging for Bodies of Dead in Quake Rubble

**SKOPJE, Yugoslavia (UPI)** — Rescue crews today used French sound detection equipment to search the earthquake rubble of this city for possible survivors following Sunday's rescue of a couple trapped 55 hours.

Little hope was held out that others remained alive under the debris, but French disaster squads working with the Yugoslavs were using equipment of the type that located survivors buried in the 1960 earthquake in Agadir, Morocco, in which 12,000 died.

The toll of the quake that struck this city of 200,000 persons has been placed unofficially at 2,000. At least 1,000 bodies have been recovered and an equal number are feared buried.

A Belgian woman and her husband were brought alive from the ruins of the Macedonia Hotel Sunday after having been trapped under its shattered walls since the quake struck before dawn Friday.

**Husband Lost Leg**  
 The woman, identified as Mrs. Sissie or Suzzie Zamker, was reported in fair condition, but a witness who watched the rescue operation said her husband's leg had to be amputated.

The rescue of the couple was carried out after their voices were heard underneath the ruins.

Today, Yugoslavs who had lived and worked in the city when it was a model provincial capital were streaming out to find new homes. It was estimated that half the population of 200,000 had left. Some said they would settle permanently in other towns and try to start anew. Others planned to return to rebuild their homes.

## Texas Sparking 4-State Upturn In Business Area

**DALLAS (UPI)** — The Manned Spacecraft Center at Houston is "sparkling an economic explosion," a report by Lloyd Thomas, supervising examiner at Dallas for the 11th Federal Reserve District, showed today.

Thomas' report said resources of insured banks show favorable economic conditions in a four state area of Texas, Arizona, Louisiana and New Mexico.

"In Arizona the economy is near boom level," the report said.

He said 33 new banks opened in the past year—29 in Texas establishing a national record. Texas now has 1,030 insured banks, outnumbering every other state, he said.

Total deposits in the 11th District, Thomas said, now exceed \$18.68 billion, an increase of \$877 million in a year's time.

The Federal Deposit Insurance Corp. insures 1,285 banks and 518 branches in the 11th District. All but 17 Texas banks are insured. All New Mexico and Arizona banks are covered and only one Louisiana bank is not covered.

Thomas reported this breakdown by states:

**Texas**—Deposits of more than \$14 billion, an increase of more than \$389 million in a year. Assets total over \$15.7 billion, an increase of \$339 million.

**Arizona**—Deposits \$1.58 billion, an increase of \$130 million. Assets of \$1.73 billion, an increase of \$152 million.

**Louisiana**—Deposits of \$3.2 billion, an increase of \$137 million. Assets of \$3.62 billion, an increase of \$166 million.

**New Mexico**—Deposits of \$400 million, an increase of \$30 million. Assets of \$378 million, an increase of \$42 million.

## Court News

**CORPORATION COURT**  
**OLE Arnold Karbo, 208 N. Sumner, speeding, pleaded guilty,** fined \$13.

**Judith Ann Golden, Star Rt. 2, Pampa, loud and excessive noise, pleaded guilty, fined \$13.**

**Roberts May Pugh, 602 N. West, disobeyed stop sign, pleaded guilty, fined \$10.**

## Convicts Battle At Huntsville

**HUNTSVILLE, Tex. (UPI)** — A fight broke out Sunday during church services at the Wynne Prison Farm chapel and before guards could break it up, convicted murderer Willie Howard had plunged a homemade knife five times into the body of another convict.

Dead was Freddie L. Morris, 38, of Houston. He had been stabbed twice in the chest, once in the side and two times in the back with a knife made of scrap metal and honed sharp on concrete.

## Verdict

**(Continued From Page 1)**  
 now nearly brought down Prime Minister Harold Macmillan's government.

"You have seen the girl," Burge told the court. "If she was on the make she could have made thousands of pounds. She would not have had to borrow sums of money from the accused. She would have been loaded with money and so would the accused, if he was living on her earnings."

Burge accused prostitute Vicky Barrett of lying when she said Ward took her home in his white sports car and set her to work sleeping with men and in some cases whipping them.

"If he had been earning money off her for two and one half months and not giving her a penny except a pair of shoes and a dress, do you not think that something would have been heard of it?" Burge asked.

**Pleads Innocent**  
 Ward, who faces a possible 25 year sentence if convicted, has pleaded innocent to the charges.

The defense's sudden decision to rest its case stunned the court, which had been promised "surprises" in Burge's opening address to the jury a week ago.

Ward had also told friends he would wage a "no names barred" defense, introducing some of his high society contacts into the proceedings as character witnesses.

But the only witness summoned today was 24-year-old Howard Jones, an advertising executive who testified he once picked up 21-year-old Miss Keeler in a coffee bar, took her to Ward's flat, and had intercourse with her. But he said he did not pay for private property.

## 35 Die Violent Deaths in Texas During Week End

**By United Press International**  
 Highway accidents, drownings and shootings were just three of many forms of violence that took a large toll of human life in Texas over the weekend.

A United Press International survey for the period that began at 6 p. m. Friday showed that 35 persons lost their lives in violence over the weekend, 19 in highway mishaps, 5 in drownings and the rest in miscellaneous accidents.

Simon R. Lalazar, 18, and Pedro Cortez, 21, both of Eden, Tex., were killed Sunday in a two car collision south of Sonora.

Victoria Estella Pence, 4, died as the result of a two car collision 13 miles south of Andrews, in a blinding rainstorm. Her mother, Mrs. Ruth L. Spence of Odessa, was critically injured.

Two cars collided at an intersection three miles east of Sonora Sunday, killing Mrs. Leona Patterson, 54, of Menard, Tex.

A stabbing at a prison farm church service at Huntsville claimed the life of a Houston Negro, Freddie Morris, 39, Sunday.

One-car auto accidents near Lawn and at Cisco took the lives of Alfredo Luna, 51, of Lawn, and Joe Loyd Hardy, 25, of Abilene, Saturday.

A Wolforth woman, Dora Rodriguez, 21, was shot to death at a dance in Lubbock Sunday; Maggie Milton, 33, was shot to death at Corpus Christi Saturday night.

Joe Angel Miralles, 9, of Northfield, drowned Sunday in a gravel pit.

Gary Michael Rapp, 20, of Houston, died when his auto overturned on the Gulf Freeway near Houston.

## London Pay-for-Play Boys Hike to the Hills

**EDITOR'S NOTE:** One of the United Press International reporters covering the morals trial of Dr. Stephen Ward made the rounds of Soho—London's "square mile of sin"—to find out what effect the trial disclosures has had on the district.

**By HARRY J. STATHOS**  
**LONDON (UPI)** — The sordid trial of Dr. Stephen Ward has forced many London prostitutes — from the high priced call-girl to the painted streetwalker — to join the ranks of the unemployed.

The glaring publicity surrounding the trial of Ward, charged with procuring and living off the immoral earnings of prostitutes, has given London's gay West End — including Soho — the jitters.

The Ward trial has the city's "shady ladies" worried because most of their best customers have either gone underground or have gone to the Continent until things cool off.

"The heat is on," one expensive prostitute complained. "The Ward trial has been very bad publicity for us and many of our clients are afraid they might be implicated in some way."

The girl, Dorothy M., a sleek 22-year-old brunette, said many of her pay-for-play friends had either gone to the Riviera or to the United States for a vacation until Ward's sizzling trial is concluded.

Janet G., who works in a London nightclub as a "hostess," said many of her best customers — members of high society — were staying away from the club because of the publicity the Ward trial has received.

"Everyone's afraid that his name might be brought up in the Ward case," she said. "So they're behaving themselves until the trial is over."

## Rain Brings Some Relief from Heat

**By United Press International**  
 Thunderstorms from a weak cool front brought heavy rain to the Panhandle and West Texas Sunday, dropping daytime temperatures below 100 degrees for the first time in many days in some areas.

Pampa had .67-inch of rain fall in the 24-hour period ending at 7 a. m. Sunday and there has been no moisture here since. Pampa's unofficial high temperature yesterday was 94 degrees. The low at 7 this morning was 88.

The rain also caused at least one fatal highway accident. Victoria Estella Pence, 4, daughter of Mrs. Ruth L. Pence, was killed in the collision of a car and a pickup truck Sunday in a blinding rainstorm near Andrews, Tex.

Deputy Sheriff V. L. Smith of Earth said four inch rains caused a water covered road to cave in at a downtown storage building, and hail destroyed cotton on the Ray Kelley farm, one and one-half miles east of town.

Smith said that overall damage was kept to a minimum and that it brought relief to bone dry cotton and grain fields in the area.

The shower area built up during the late afternoon and night, dumping 2.30 inches of rain on Muleshoe and 2.50 at Littlefield in the Panhandle. Across the state line, in Clovis, N. M., 3.40 inches of rain were reported.

Some roads were closed in the Muleshoe area because of high water.

Rainfall measurements in West Texas included an unofficial 2.25 inches at Midland, 1.30 at Fort Stockton and 1.47 at Alpine.

The U. S. Weather Bureau said the showers would continue through today in most sections of the state with little change in temperatures. Presidio had the state's high temperature Sunday with 105 degrees. Readings ranged down to 82 at Lubbock.

## Debt Limit Will Stay Put Awhile

**WASHINGTON (UPI)** — The administration told Congress today that, despite earlier forecasts, it will not ask to raise the legal ceiling on the national debt to another record high this summer.

Treasury Secretary Douglas Dillon and Budget Director Kermit Gordon asked Congress, instead, to extend the present debt limit of \$309 billion to Nov. 30.

Dillon and Gordon appeared before the House Ways and Means Committee.

The actual debt stands now at about \$306 billion. Unless new legislation is enacted, the legal limit on the debt will drop to its permanent level of \$285 billion on Sept. 1.

"Current estimates indicate that the debt will be about \$307 billion on Aug. 31, \$22 billion above its permanent level," Dillon said. "It is obvious that action must be taken."

The fiscal facts today, however, are much brighter than the administration had anticipated only three months ago. Treasury officials had predicted that the current debt limit of \$309 billion would be pierced during the last few days of August unless action was taken by Congress to boost the limit.

### Both Dressy And Sportive - The Shape Of Suits To Come

By HELEN HENNESSY  
Women's Editor  
Newspaper Enterprise Assn.

NEW YORK (NEA) — Fashion smacks of politics this fall. And true to American tradition, there are two "parties" — Sportive and Dressy.

The impact of the sportive look brought about this state of affairs. Because it's new, it has been ballyhooed to the point where many women who like suits feel that they'll have to give them up or look like English countrywomen.

This isn't so. There are more suit styles to choose from than in past seasons. And a member of either "party" can go into a store and emerge with both feet firmly planted on her own platform.

For the sportive minded there are casual suits in tweed, corduroy and leather, all designed to be worn with menswear felt, cable-knit stockings and flat-heeled walking shoes.

There are low-belted suit jackets with shirt sleeve styling, teamed with easy skirts that have side pleats for walking freedom. And there are lumber jacket suits that have all-around pleated skirts.

On the other fashion ticket we find soft, front-tie jackets and button-down jackets with back-thrust cuffed collars that invite jewelry or silk scarves.

Cardigan suits, with jackets longer than last year's, have matching stoles to drape as you please.

Other dressy suit jackets are briefly fitted in front and released in back, and lengths go from the hip-line jackets to tunics that are almost as long as a coat.

Fur is lavishly used on some suits, with Norwegian blue fox and mink in all shades leading as favorites.

The important news in suit fashions right now is that many are designed with their own blouses. This is a great boon, for so often it's difficult to find a blouse that will complement a suit rather than detract from its good looks.

Black, camel, the gold-to-beige tones, gray and red are the important colors. Tweeds, mohairs and double-knits are the popular fabrics.

So you see, there's something for both "parties."

What's left on the racks will determine the result of the fall fashion election.

Everyone can be suited with ease this fall. Suit fashions come in every style from sportive to dressy. Gold and olive Scottish mohair tweed (left) has semifitted jacket and funnel neckline. The skirt of this Monte-Sano and Puzan design has front fold fullness. Wool, cotton and

Orlon are blended in the red boucle tweed of the Hattie Carnegie suit (center). Round little hat is of same fabric as the suit. Charcoal gray double-knit jersey of Orlon and wool is used for the Oleg Cassini suit (right). Overblouse is done in orange, gray and white stripes.

### Dear Abby.... Girl Says, "It Should Be My Choice Where I Live"

By ABIGAIL VAN BUREN

DEAR ABBY: Just before school was out my Dad asked my Mom for a divorce. Mom didn't want one, but they got divorced anyway. Now my brother gets to live with my Dad and I have to live with Mom. All my friends got to choose which parent they wanted to live with when their parents broke up, but nobody even asked me. I think a 13-year-old girl should know what is best for her, but Mom says she knows better what is best for me. How can I get to live with my Dad? My mother is always yelling at me for something and we don't get along. Don't you think it should be MY choice?

laughter every time he kissed her) brought back memories of myself. My husband and I eloped many years ago. We were young and didn't have much money. In fact, I had to dig into my purse to help pay for the blood tests. When the Justice of the Peace asked my husband if he would "shower all his worldly goods on me", I broke up in laughter and became so hysterical they had to hold me up.

#### ANOTHER IDIOT

Tell your troubles to Abby. For a personal, unpublished reply, please send a stamped, self-addressed envelope.

#### STUCK WITH MOM

DEAR STUCK: When some adults don't know what is best for themselves, how are children expected to know? Young ladies are usually better off living with their mothers. Take my word for it, honey, and don't complicate your mother's life by complaining. She has enough on her mind right now.

Hate to write letters? Send one dollar to ABBY, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "How To Write Letters For All Occasions".

### Lydia Class Holds Social

DEAR ABBY: If you don't answer this right away I am going to have a nervous breakdown. I have been married for nine years and have three children. Out of the clear blue sky my sister, who is four years older than I am, said to me, "I wish you'd tell 'Baldy' (that's what she calls my husband) to keep his eyes off me." I told her she must be imagining things. When I mentioned this to my husband he said to forget it — that she was a trouble maker. My sister has never been married and claims she hates men. I can't get this out of my mind. How can I be sure?

The Lydia Class of Central Baptist Church met in the home of Mrs. Dewey Lunsford, 1029 Duncan, for their July social recently.

Mrs. E. B. Davis presided over the meeting. The devotional was given by Mrs. Albert Taylor and Mrs. Frank Silcott. Mrs. Silcott was welcomed by the group as a new member.

Mrs. R. O. Clements, president of the class, dismissed the group with prayer.

Refreshments were served the attending members and guests. Present were Mmes. Albert Taylor, Davis, Silcott, Fred Williams, R. O. Clements, D. R. Brown, B. B. Higginbotham, Della Crump, Mary McMahan, G. D. Holmes and Gary Dee LaFrance.

#### NERVOUS

DEAR NERVOUS: Believe your husband. And tell your sister the next time she catches your husband ogling her to direct her complaints to "Baldy" himself.

### New Yearbooks Given Rebekahs

DEAR ABBY: What do you think of a guy who tells you that he loves you, and in the next breath he says he doesn't care if you go with other guys?

#### THE GIRL

DEAR GIRL: I think he is angling for the same privileges. (Other GIRLS — not "GUYS.")

DEAR ABBY: Arthur's idiot (who broke out in uncontrollable

#### TEN-SHUN!

Giving a children's party? Fold the napkins like peaked hats and stand them at attention before each plate.

Connie Burger

### Winners Named In Dress Review

Connie Burger, 14-year old daughter of Mr. and Mrs. Dean H. Burger, south of Pampa, won a blue ribbon in the senior division for her red wool two-piece dress in the district 4-H dress review in Amarillo Friday.

Kathy Davis, daughter of Mr. and Mrs. Keith Davis of Grandview, modeled her dark cotton shirt waist dress in the junior division. Junior division models were not judged for competition. Both girls won blue ribbons at the Gray County dress review July 18.

A member of the Grandview 4-H club for six years, Connie is a freshman in Groom High School and has been president, vice president, secretary, reporter and council delegate of her local 4-H chapter. She is pianist for the Future Homemakers of America and a member of the Church of the Brethren, Pampa.

She won the gold star award in 1962 for her general work and par-

ticipated in the "Share the Fun" skit which was taken to the district meeting in 1959.

Judges for the district dress review were Lady Clare Phillips, county home demonstration agent, Lamb county and Jane Keener, assistant agent, Gaines County.

Mistress of ceremonies for the District Review was Penny Puryear of Wheeler County. Commentator for the "Dress Review Winners on Parade" was Judi Caldwell of Carson County.

A trio from Dallam County consisting of Marilyn Decker, Jennifer Hester and Peggy Little, accompanied by Mrs. Hester, provided entertainment.

Commentator for the senior division was Linda Holt of Hansford County. Music was provided by Nina Ruth Wood from Potter County.

The social hour was hosted by the Texas Home Demonstration Ass'n.

Other blue ribbon winners were Peggy Little, Dallam County; Sharon Parks, Hansford County; Lou Ann Witkowski, Deaf Smith County; Mary Ann Edlin, Hartley County; and Jeanette Felix, Ochiltree County, alternate.

#### ONE FROM TWO

You can convert twin beds into a king-size bed with a king-size urethane foam mattress pad. Before you buy, measure the combined beds — width and length — to get the right size pad. There will be no center space between the two beds if you turn the twin mattresses parallel to the head and footboards before putting the pad on.

#### MAKE MINE FUR

Add generous helpings of real fur to your every elegant neckline — on coats, suits and dresses. You'll get a kick too, out of the many mock furs that make fabulous accessories for casual fashions.

### Make A Corner Of Your Extra Room Exclusively For Sewing

By MARY BROOKS PICKEN  
Newspaper Enterprise Assn.

If you can have one room exclusively for sewing, that is indeed wonderful. You can have ample cabinet and closet space, and you will be able to leave your work without the necessity of putting it away each time.

If you cannot have a sewing room, you should plan to have a special place in the house where you can sew and keep your sewing things. Whether you have 10 minutes, two hours or an entire day.

BE SPACE-THRIFTY  
When you weed out your closet at the approach of a new season, be firm with yourself. Discard or give away anything that you know won't be used, no matter how much you paid for it. It will pay no dividends taking up space in your closet.

The National Piano Manufacturers Association reports approximately 40 per cent of non-owner families have at least one member who plays or once learned to play the piano.

The latest photocopy unit is capable of copying individual book pages up to 8 1/2" x 14" right to the bound edge. (SCM Corp., 418 Park Ave., New York, N.Y.)

Manners Make Friends

The person who blocks a supermarket aisle to gossip can expect to get bumped.

you can use the time to advantage, actually sewing instead of hunting for what you want.

Perhaps you can use one corner of the guest room, or the end of an upstairs hall; or, if the kitchen is large, you may be able to reserve a corner there for your sewing equipment.

If you cannot have such a corner, substitute a large lightweight metal box that stands at the foot of the bed, or one special closet in which you keep all your sewing things.

Keep your tools and your supplies in order and know where they are.

If you use a corner of a room or hall, buy a chest of drawers; build a cabinet with shelves. These can be painted to match the woodwork and be as decorative as they are useful. And they require only 12 to 15 inches of space.

Drawer space, a sewing closet with mirror door, and adequate shelves are comparatively inexpensive. They will pay for themselves in the time you save. Shown here is a sewing corner with a drawer cabinet and equipment closet with a door mirror. The machine and stool are used as furniture for the room.

On the front of the closet door, a full-length mirror is held in place with molding.

Inside the closet, an ironing board drops down. There is a corner for a dress form, hooks on which to hang dresses that are in the making, shelves for fabric, and a place in the lower part for an iron and skirt marker.

The drawers hold thread, patterns, notions, ribbons, and trimmings. There is one large drawer for uncompleted work, and one drawer for articles that need to be mended.

If you must sew in the dining or living room, it is a good idea to have a sheet of plastic to place under the machine when you sew. This is inexpensive and will keep ravellings, thread ends, and cuttings together, without making it necessary to clean the entire floor when you have finished. The plastic can be shaken out, folded and made ready for your next sewing time.

If you plan your sewing corner well, you will have a radio close enough to hear programs while you sew — at least the news. Also, it is handy to have the telephone near the sewing corner.

Have a stool that slips under your machine; also a "Kennedy rocker" for a guest, or for you to sit in when you have handwork to do. Plan your time so that you are master of it. When you sew, every moment should be interesting and pleasurable, as well as productive. For best results make sewing a hobby.

### Senior Center Corner

By MRS. O. A. WAGNER  
Senior Citizens Center

I'm sure I don't need to tell you, that it is still hot; but Mr. and Mrs. J. C. Mosley attended a family reunion of the children of the late Mr. and Mrs. W. E. Mosley, at Lake Murray in Okla. last Sunday, and Mr. Mosley says if you think it is hot here, we should go over there, where it was around 107 degrees.

Guests of Mr. and Mrs. R. H. Dilly over the week end were; Mr. and Mrs. H. W. Dick of Dallas. The Dilleys have interesting news from Europe from Mrs. Dilly's sister Mrs. D. M. MacDonald and her daughter Miss Alyson MacDonald who are making an extended tour.

Mrs. Joe Vincent and her daughter and husband, Mr. and Mrs. Joe Wiley of Dumas spent part of the week with Mrs. Katie Vincent.

Mr. and Mrs. A. H. Burgin spent Monday in Amarillo on business, and also visited their daughter.

Mrs. Bertha Johnson has been on the sick list, and her daughter came over from Frith this week and took her home with her until she is feeling better.

Mrs. Elma Bailey has returned from Oklahoma City, Okla. where she visited with her son L. J. Bailey and family. While there they spent several days at Lake Tenkiller. Mrs. Bailey says she does not water ski but she got a nice sun burn while swimming. Guests of Mrs. Verda Adair last week were her daughter Mrs. Elvana

Hall and daughter Phyllis of Fort Worth.

Mrs. D. H. Porter and children Ruth and Richard of Shamrock were guests of her mother Mrs. C. G. Miller and son Bill.

Guests Thursday of the Center were Miss Cindy Hill of Lafayette, La., granddaughter of Mrs. A. D. Hills and Gina, granddaughter of Mrs. Stanley Brandt.

Mrs. W. Roane was back with us after a short visit with her sister in Amarillo.

Was good to see Mr. and Mrs. E. N. Frasier out, as they had not been with us since April when Mr. Frasier underwent a major surgery. He is looking well. Mr. J. R. Watts is visiting in Wichita Falls.

Mrs. Clara Blythe is staying at Twilight Acres while her family is away on vacation.

Guests of Mr. and Mrs. P. H. Gates Tuesday and Wednesday were Mmes. George Smith, Wilson Kimble and Lou Patterson of Floydada.

Hostess this week: Friendship Class of the Presbyterian Church; Mmes. Jean Sorenson, Earl Casey, A. D. Hills, Stanley Brandt, W. B. Caldwell and Charlene Yeager. Door prizes went to Mrs. C. E. Long and Uncle Billy Frost.

During the social hour, sandwiches, cookies and coffee were served. Gray Ladies providing transportation were: Mmes. O. F. Kreimeyer, A. D. Hills, Jess Hatcher, and Stanley Brandt. Altresses serving were: Mmes. Charlene Yeager, Mabel Hukill and Louise Sewell.

Guest of Mrs. Jess Hatcher this week was Mrs. Julia Susia of Visalia, Calif.

By By and God bless you all, Mrs. Wagner.

# Sporting Sidelines

by JEFF COHANE

TO THOSE OF YOU who may have wondered what happened to the sports pages this weekend, let it be reported that Yours Truly was sick in bed, struck down by the virulent effects of some atrocious West Texas germ which penetrated our tender Rio Grande Valley hide while dashing back and forth to Levelland this week. We were gratified to note the interest and solicitude of our friends and fans, as illustrated by the numerous phone calls which inundated that we were either goofing off, sleeping it off or just plain no good... with friends like these, who needs enemies?

Good ol' Tom Glover, for instance, Tom called us up Sunday afternoon and we groggily answered the phone. Asking us tenderly whether we had awakened yet, and deeply thoughtfulness we were proceeded to chew us up one side and down the other for not only not going to the NBC Tournament, but not reporting it.

When we were finally able to get a word in edgewise, we explained that we had been sick and that our news department, slightly shorthanded due to vacations, and not knowing where we hid our scorebooks, statistics, etc., just didn't have the time to handle it all. We apologize to all sports fans, and hope our review of the weekend's sports will bring you up to date.

SERIOUSLY, we would like to congratulate Tom for the fine job he did with the Colts this season. Practically drafted into the post

as the season started. Tom literally began from scratch. It cost three ball games before the Colts started playing as a unit, but from there, they rolled on to second place in the Tri-State League and a fourth-place finish in the NBC Tournament. A hand in order for manager Tom Glover, coach Jess Middleton and a fine crew of Pampa Colts.

Jerry Glover, incidentally, has been tapped by the Amarillo Plowboys to play for them at the state tourney. Tourney batting averages for the Colts were very impressive, with six regulars over the .300 mark, including Keith Gregory and Roy Don Stephens with a rousing .636 each.

ANOTHER TEAM which is doing a fine job of representing Pampa is the Pampa Rebels, currently in the semifinals of the Levelland Tournament. The Rebs dropped an extra-inning 3-2 squeaker to Plainview in the opening game, and have come back for three straight wins.

The Rebs, however, have been making the trip on money donated by the Optimist Club and from their own pockets, and the funds are about gone, and more is badly needed. Anyone wishing to help the Rebels into the finals of the tourney is asked to help. Anything, no matter how large or small, will be greatly appreciated, and can be gotten to the Rebs by calling Yours Truly at MO 5-5679 this evening or MO 4-2525 by noon tomorrow or Harold Gregory at MO 4-3577.

## Oh, no! Dodgers Start to Blow It

By FRED DOWN  
UPI Sports Writer

Say it ain't so, Walter. You don't often say much but Dodger fans from the Brooklyn Gowanus to the Malibu Freeway need a word of assurance today.

That once-imposing seven-game National League lead is down to 4½ games almost overnight and the memory of the 1962 collapse is still fresh. Those San Francisco Giants have won seven straight and the St. Louis Cardinals are in exactly the same striking range, too.

Can it happen again? Well, the Dodgers held a four-game lead as late as Sept. 20 last season and contrived to blow the flag. So, it looks like it could be the same old cliff-hanging suspense again this year.

The Giants rolled to their seventh straight victory by beating the Pittsburgh Pirates, 3-1, Sunday while the Philadelphia Phillies beat Los Angeles, 7-4, and handed the Dodgers their fourth loss in a row. The St. Louis Cardinals lost an opportunity to gain important ground when they dropped a doubleheader to the Chicago Cubs 5-1 and 16-11, but are tied for second-place with the Giants.

The Milwaukee Braves scored a 5-2 victory after losing to the Cincinnati Reds, 4-3, and the Houston Colts dealt the New York Mets their 22nd consecutive road loss, 8-2, in other National League games.

Willie Mays' two-run sixth-inning homer enabled the Giants to take a 2-1 lead and Jack Sanford hunk on with an eight-hitter to snap his six-game losing streak and raise his record to 19-11. Don Schwall surrendered all the San Francisco runs in 6 1/3 innings and lost his fifth game of the season.

The Phillies scored their 11th victory in 13 games on homers by Clay Dalrymple and Johnny Callison that drove in five runs. Callison's homer was the first by a left-handed batter off Ron Perrano since the Dodger relief ace entered the majors. Relief pitcher John Boorer won his second game for the Phillies and suffered his 11th loss.

A crowd of 40,227, the Cubs' largest since June 1, 1952, saw Dick Ellsworth strike out 10 and pitch a seven-hitter for his 15th win. Then the Cubs unleashed a 16-hit attack including two homers by Lou Brock and one each by Billy Williams and Jim Schaffer to win a nightcap sludfest in which nine homers were hit.

Gene Freeze drove in three runs with a homer and a double and Jim Maloney went seven innings to increase his season record to 16-3 in the opener for the Reds. But the Braves came back to split the doubleheader on the strength of Denny LeMaster's six-hit pitching and two hits each by Denis Menke, Lee Maye and Joe Torre.

The Colts extended the Mets' losing streak on the road to 72 games, equalling the all-time record set by the 1890 Pittsburgh Pirates, on the strength of the six-hit pitching of Ken Johnson and the homers of Carl Warwick and John Bateman. The Colts wrapped up the win with four runs in the first inning to hand Al Jackson his 13th defeat.

## Kefauver Back After Boxing, Wants Liston

WASHINGTON (UPI) — Boxing is once again a political issue according to Sen. Estes Kefauver, D-Tenn., the chairman of the Senate antitrust and monopoly subcommittee.

Sunday Kefauver said that he would investigate among other things heavyweight champion Sonny Liston's new business organization, mandatory return bouts in contracts of professional fighters, and the "matching and mismatching" of professional boxers.

The investigation, which would be made before the end of the present congressional session, "will just bring us up to date," said Kefauver, in reference to the 1955 and 1961 federal inquiries.

The senator's immediate plans called for a meeting with Atty. Gen. Robert F. Kennedy next week to discuss creation of a federal boxing commissioner in a special section of the Justice Department.

Kefauver's subcommittee approved such a measure last year. But the idea was rejected when, according to Kefauver, the Justice Department hesitated about administering the program.

The new investigation has apparently been organized as a result of the Sonny Liston-Floyd Patterson rematch last week when Liston knocked out Patterson with one round for the second consecutive time. Although Liston battered Patterson in their first match last September to earn the heavyweight crown, another fight was averted because of a return bout clause in the original contract.

In reference to the fight, Kefauver said "I expected as much to happen. I thought Patterson should have fought Cassius Clay or someone else before getting a return fight."

Kefauver said the investigation would determine whether any antitrust or monopoly provisions were violated by rematch agreements.

### Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyane)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

## Arn, Jack, Julius Play Off Today

CHICAGO (UPI) — Pro golf's biggest money winners, Arnold Palmer, Jack Nicklaus and Julius Boros, play off today for one of the biggest purses of the pro tour, \$11,000 first money in the \$57,200 \$11,000 first money in the \$57,200 Western Open.

It will be the fifth playoff in the last seven pro tournaments and for Palmer, his fourth in his last five outings. He won his last two overtime playoffs, the Cleveland Open and the Thunderbolt, but he lost the National Open title to Boros in the previous scrap.

Nicklaus and Boros came from behind with par-shattering play Sunday to catch the slumping Palmer and force today's extraordinary round with a three-way tie at 280, four strokes under par for 72 holes on the 6,867-yard Beverly course.

Palmer slips Nicklaus had the best round of the four-day tourney Sunday, a 68, and Boros tallied his second 67 in four rounds. Palmer, who had fired 67s in the second and third rounds, slipped to a 73 for the fourth 18 holes.

## Nellie Fox Slips Into Immortality

By MARTIN LADER  
UPI Sports Writer

Nelson Fox is elbowing his way into the class of baseball immortals, one base at a time.

He won't be remembered for his power, nor for his physique, but the scrappy Chicago second baseman who is a throwback to the long-age heroes of baseball will command as many lines in the record books as some of the game's most notable sluggers.

Fox reached another milestone Sunday when he notched the 2,500th hit of his major league career. Typically, it was a single, and typically it turned into the winning run as the White Sox beat the Baltimore Orioles, 4-1.

Only 39 other players have reached the 2,500-hit plateau. Five of them were second basemen, and all now have a place in the Hall of Fame. It's big company indeed for Fox, an unimposing five foot, nine inch, 180-pounder.

In other American League games, the New York Yankees overcame the Minnesota Twins, 3-2, after dropping the opener of a doubleheader, 5-1; the Los Angeles Angels swept a twinbill from the Boston Red Sox, 5-0 and 5-4; the Detroit Tigers beat the Washington Senators twice, 3-2 and 7-4, and the Kansas City Athletics stopped the Cleveland Indians, 3-0, in the first game but dropped the nightcap, 12-7.

Fox, who led the major leagues in singles for seven straight years, opened the sixth inning at Baltimore with one of his specialties. The score was tied 1-1 at the time, but the Sox moved ahead to stay when Fox came around on a walk and Jim Lemon's single. Dave Nicholson homered for Chicago and Gary Peters, who went all the way for his 10th victory, took over the league leadership in earned run average.

The Yankees held on to an eight game lead over Chicago when Hector Lopez hit a two-run, bases-loaded single in the ninth

## Abner Haynes Hurts Shoulder

LIBERTY, Mo. (UPI)—Halfback Abner Haynes, the American Football League's leading scorer last season, re-injured his left shoulder in Sunday's Kansas City Chiefs' workout.

The squad was drilling in pads and shorts when Abner collided with fullback Curtis McCClinton, last year's AFL rookie of the year.

Team officials labeled the injury a "bad bruise." The fleet Haynes first hurt the shoulder two years ago in an exhibition game at Fort Worth against the Denver Broncos.

# Local Sports In Review

Friday BORGER (Spl) — The Pampa Colts clouted out a 15-5 victory over Silverton to go to the losers bracket finals in the NBC Regional Tournament.

Royce Harnsberger and Roy Perrin combined to throw the winner in the game, called after 6½ innings because of curfew. James Hawkins went all the way in defeat. Harnsberger and Perrin struck out seven and walked four between them, with Perrin, the winning pitcher, giving up only three hits in his three-inning stint.

Silverton jumped off to a 3-0 lead in the first inning on an error, walk, single by Newell Breedlove and a double by Larry West. Pampa came back with two in the third as Keith Gregory opened with a walk and Roy Don Stephens homered over the left field fence. Breedlove's solo four-bagger gave Silverton a 4-2 edge, and Hawkins' home run in the fourth frame was Silverton's last tally.

Pampa started rolling with two runs in the fifth on two walks and Bobby Nutt's single, got three runs in the sixth on a walk, singles by Chuck Brookshire and Stephens and a double by Gregory.

The Colts cracked the game open in the final frame with eight runs. A walk, triple by Jerry Glover, single by DeWayne Glover, double by Brookshire, double by Gregory, single by Stephens, hit batter and double by Perrin completed the rout.

Every starting Colt got at least one hit, with Stephens' 4-for-4 leading the way.

Pampa 0 0 2 0 3 6 — 15 16  
Silverton 3 0 1 1 0 0 — 5 10  
Harnsberger, Perrin (4) and Scott, Brookshire (3).

LEVELLAND (Spl)—The Pampa Rebels put on their hitting shoes for a come-from-behind 7-5 win over Slaton in the third round of the Levelland American Legion Tournament.

Carl Harnsberger went the route for the win, giving up four hits, walking two and striking out 10. Ronnie Jones took the loss with Kenny Kitten relieving in the third.

Slaton started off fast as Mike Ward singled with two out in the first. Sylvester Robinson walked and Jones homered just over the center field fence.

Kyle Vann walked to open the Pampa half of the inning, and with two out, Hebert lifted a high one over the left field fence. Harny regained his form and pitched no-hit ball through the next three innings while his mates got him some more runs. Ricky Maynard tied the game up with a leadoff homer lined over the center field wall in the second, and the Rebs went ahead to stay on a single by Hebert, sacrifice by Larry Gregory and single by Jim Arthur in the third.

Pampa made it 5-3 in the third on a double by Harnsberger and sacrifice fly by Ronnie Oler, but Slaton made it 5-4 in the fifth on two walks and a single by Kenny Kitten.

Pampa added two key runs in the sixth on an error, sandwiched between singles by Vann, his third of the game, and Ricky Stewart.

Stubbson Slaton rallied in their last at-bat as Johnny Pennington walked and pinchhitter Gordon Kitten was safe on an error with one out. The Rebs allowed the one out on a ground ball, allowing one run to score, and Harnsberger closed the gates on the next batter and the ball game.

The Rebs were again led by outstanding fielding snatched by third baseman Claude Middleton and a double by Hebert.

Slaton 3 0 0 0 1 1 — 5 4 3  
Pampa 5 1 1 0 0 3 — 7 8 1  
Jones, K. Kitten (3) and Robinson; Harnsberger and Gregory.

Dixie Parts beat Cabot, 8-4. Hardin & Roth doubled Hoover, 16-3, and the Lone Star Boys pounded Radcliff, 18-6, in Optimist Youth Baseball.

Jimmy Addington took the Dixie Win, Mike Stephens was the loser. Phillip Long had three hits and Addington, Chuck Albus and Dan Carlton two each for the winners. Mike and Ronnie Stephens each hit two-run doubles for the losers in the fourth inning.

R. Gee hurled a four-hitter for the H&R win. Matt Braley lost a heartbreaking one-hitter, walking only four but receiving no support. C. Baker had two hits for the winners.

The Lone Star Boys stayed a game behind H&R as they scored 15 runs in the first inning for their

11th win. Ronnie Brewer took the win, Kert Wright the loss. Brewer had three hits and Tommy Henry a bases-loaded home run for the winners.

The Optettes smashed the Optones, 21-7, in Girls Softball. Glenda Woodruff was the winner. Angela Roush led the hitting with four blows, including a triple and two doubles, Glenda Woodruff and Jackie Rippetoe homered.

Saturday BORGER (Spl) — The Pampa Colts finished fourth in the NBC Regional Tournament as they were defeated by third-place Spearman, 6-0. Ray Brown hurled a three-hit shutout for the win, walking only one and striking out nine. The Colts sent tired ace Jerry Glover to the mound, but the

## Tascosa Vs. El Paso AL

EL PASO (Spl) — The Tascosa Sheriffs, Amarillo's bidistrict American Legion champs will meet El Paso's Bigges Post 58 American Legion squad today at 5 p.m. on the Dudley Field in the Fourth Division playoffs.

The Sheriffs will play the best two out of three series with all games scheduled in El Paso by mutual agreement. The second contest is slated for 10 a.m. and a third at 5 p.m. if necessary.

El Paso played their first Legion series with Uvalde in the District 16-21 clash. The squad posted a 6-1 record in the Connie Mack League. Coach Lee Bryant believes he has the pitching staff and the good hitting to meet Tascosa on equal footing. "Our boys are tired from the Uvalde trip, but with 12-14 hours sleep, they should be ready to play ball."

The winners of the division playoffs will advance to the state tournament, slated for Aug. 4-7 in Austin.

## Graham Plow Wins Tourney

BORGER (Spl) — Cagle Davis slugged a grand slam homer in the first inning Sunday to aid Graham Plow of Amarillo in coping the District 7 National Baseball Semi-Pro Elimination Tournament by slapping Borger 7-2.

Both clubs earn a berth in the Texas State tourney slated for Aug. 2-6 in Lubbock. Saguin will be the favored club, representing the South Central Texas league.

Borger 0 0 0 0 0 3 — 3 2 2  
Graham Plow 4 2 1 0 0 0 — 7 8 1  
Dan Schultz, Gary Pandell (2), Vernon Welch (6) and Bob Taylor, Cecil Davis and Ray Dean.  
2B — Bennv Sherrard, Cecil Davis, Jimmy Weston, Graham Plow.  
3B — Jimmy Weston, Graham Plow.  
HR — Cagle Davis, Graham Plow; Benny Hill, Borger.

## WINS AND LOSSES

VILLARS, Switzerland (UPI)—Fred Stolle of Australia, runner-up at the Wimbledon tournament, won the men's singles final of the Villars International tennis tournament Sunday although he dropped two other titles. After disposing of countryman B-b Hewitt, 6-4, 6-3, in the singles final, Stolle combined with Hewitt to lose the men's doubles and then lost the mixed doubles title with his sister Patricia Stolle.

Giants picked up a run in the first, another in the second and four more in the sixth as Glover walked two and struck out nine.

Keith Gregory opened the game with a single and went to second on a wild pitch, but died there as Brown struck out the last two men. A one-out double by Royce Harnsberger in the second inning also got nothing as Brown bore down, and the last Pampa threat, a double by Bobby Nutt in the third, died behind a double play. Brown retired the last nine men in order.

A walk and John Norman's single gave Spearman their first run. Brown's double and Woody Williams' single their second, and a four-hit attack, led by Williams, Dean Weese, Melvin Begley and capped by Dickie Powell's home run finished the scoring.

Pampa 0 0 0 0 0 0 — 0 3 1  
Spearman 1 1 0 0 4 0 — 6 7 0  
Glover and Brookshire, Brown and Hoetzel.

LEVELLAND (Spl) — Plainview came from behind to upset Lubbock Auto, 6-0, in the nightcap after the Pampa Rebels had disposed of Levelland in the first game to set up a Pampa-Lubbock semifinal Tuesday in the Levelland American Legion Tournament.

The Rebs and Automen, 3-1 and 2-1 in the tourney respectively, meet at 6:30 p.m. Tuesday. The winner meets Plainview at 8:30 that night, and if they win, must play the undefeated Thunderbirds again Wednesday night in the finals.

Once again it was Billy Carthel saving Plainview, relieving Bill Stephens in the second inning with the score 2-1 Lubbock, and holding on the rest of the way for the win.

Pampa's hitting came to life for the second straight game to back up near-flawless fielding for an 8-6 win. Jim Arthur went all the way for the win, his second of the tournament, being reached for seven hits, but striking out 12.

Levelland grabbed two runs in the first inning, but Pampa came right back with four in the second as Larry Gregory walked, Ricky Maynard walked, the two moved up on Steve Molberg's grounder, and then scored on Claude Middleton's double. Arthur then lifted a home run over the left-center-field fence.

Levelland cut the lead to one run in the third inning and the score remained the same until the sixth, when Ricky Maynard tripled to make it 5-3. Ronnie Oler and Ricky Stewart loaded the bases in the seventh. Kenny Hebert scored one run with a sacrifice fly, and then Gregory doubled the other two in.

With two on in the last of the seventh, Arthur gave up a home run ball to Levelland slugger Ross Joplin, but Hebert, who again sparkled in the field, made a running catch of the next batter's bid for a four-ply blast to close out the ball game.

# The Pampa Daily News

A Watchful Newspaper  
EVER STRIVING FOR THE TOP O' TEXAS  
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

### Crack or Chasm?

We in the West are well advised not to take too much comfort from reports of the widening rift between Soviet and Red Chinese Communists.

It has been said often, with good reason, that no matter what the differences between Moscow and Peking, they are still united on the basic objective of conquering the free world in some fashion.

We need therefore to keep our guard high, on the assumption that neither one of these nations wishes us well.

Yet there is pleasure to be had at the strong evidences of this Communist split. The bitterness it evokes from both Red capitals betrays one of the basic weaknesses of totalitarianism.

The flaw is that totalitarians, whether Communist, Fascist or whatever, cannot live with variety. They cannot accommodate differences of outlook and policy.

By the nature of the system, only one ideology, one policy, one set of leaders is possible to endure. To permit any sort of rivalry is to undercut totalitarian rule.

Obviously, within the borders of the nation, neither Russia nor Red China allows such "deviation." On the international plane, it is another story.

For long decades the Soviet Union was accepted as the "communist fatherland," whose word was law to Communists everywhere. But the Red Chinese, having had a vastly different historical experience, could not in the

end accept Moscow's view of things. The split which has developed between the two is intolerable to them. Each stands as a challenge to the "communism" of the other. The authority and ideology of each is in question.

Yet neither can do what they would do if such rivalry appeared within their own borders — crush the opposition totally. Russia and Red China are too big and powerful to try to deal with each other in that way.

To express their anguish at the existence of variety, they could become open political enemies. They could sever economic, diplomatic and other ties. They have not yet started down this road, and no one dares predict whether they will.

But the pain is too great for them to remain utterly silent. So they are annihilating each other verbally, through all the propaganda channels at their command.

The spectacle is instructive. The world outside, having heard for years the "marvels" of communism, listens now to a Red family quarrel which casts in grave doubt the validity of the whole structure.

Perhaps the Moscow-Peking combat will never go beyond the present bitter verbal phase. Then again, it might. For in the totalitarian world, an uniform friend is often seen as a worse enemy than the most vigorously declared rival.

### FBI, Crime and the Courts

We have grown so accustomed to annual increases in crime rates that it comes as a mild surprise to learn from the FBI that in 1962 murders showed a 2 per cent decline in number from the previous year.

There seems to be no profound explanation, other than the fact that police work in this field is extraordinarily good.

The FBI, in its annual report, says that over the nation the police cleared up 93 per cent of willful killings in 1962. These include both murder and so-called non-negligent manslaughter.

Unhappily, that does not indicate a 93 per cent rate of conviction. Of those cases disposed of by the courts last year, about half resulted in dismissal, acquittal or reduction of the charge.

Often it is complained that the courts themselves, through the action of either judges or jury, are guilty of incredible softness toward the perpetrators of crime—serious and minor.

## Question Box

(We invite questions on economic and the proper functions of government which will not injure anyone.)

Question: I received a questionnaire from my congressman, asking whether I favor "the Alliance for Progress, a 10-year program to help Latin American countries head off communism by improving living standards and broadening democratic government?" I sent him my answer, but am eager to know your point of view.

Answer: Essentially, the Alliance for Progress is a system for seizing the property of United States residents and sending it to South American residents on the pretext that the people down there have a greater need of it.

That system may be legally correct so far as man-made laws are concerned, but it is wrong in principle. The wrongness lies in the fact that the property transfer is made without the owner's consent and that the taking of property without the owner's consent is theft. Legal theft, yes, but still theft.

So the principle is bad. What follows also is bad. The Bible teaches that a corrupt tree cannot bring forth good fruit. The phrase "corrupt tree" signifies principle, and the word "fruit" signifies results. What then is the result of the Alliance for Progress which is founded upon a bad principle?

First, the Alliance for Progress money is not handed to the starving citizens of Latin America, but rather is given to their governments.

These governments are run by men who have gotten rich through corruption. So very little of the Progress funds ever progresses down to the people.

Second, the rich inhabitants of Latin America — and that land has a fair quota of millionaires and billionaires — are reluctant to invest either stolen money or honest money in their own country, because their corrupt governments might steal it again. So the Latin Americans deposit their own money and stolen Alliance-for-Progress money in Swiss banks and it becomes a claim there against American gold.

Thus, the congressman who votes appropriations to the Alliance for Progress actually is voting to make South American billionaires richer and United States taxpayers poorer. On the other hand, the Latin peon is in no better shape than he was in the beginning.

### Clearing House

Articles for this column are preferred to be 300 words or less in length. However, longer articles may be printed. All letters must be signed.

Editor: My Uncle Toil Orkway had a shortage in his temper and patience voltage regulator. His one exalting virtue was one that made him stand head and shoulders above my other relatives. Uncle Toil was genuinely fond of work.

Even my Br-in-law, Crookedlegs Salonger, admired his industry. Uncle Toil decided to move to town and with his usual Scotsman's high regard for money he bought a very modestly priced home. The house was of ill repair. The yard was washed away down to the hardpan. Uncle Toil attacked this problem with work and a still more work. The house was soon in good repair. Next he attacked the more lengthy job of reconstructing the yard. Working alone from early until late he accomplished a Herculean feat in landscaping and beautifying the yard. Neighbors would often be awakened before dawn by Uncle Toil's lusty singing while he worked and many times while coming in from a night frolic they would see his old gray head still bent over a rose or shrub. The transformation in the old place was magical. Where it had been an eyesore in the community it was now a place of rare and fragile beauty. People came from many places to see the beauty. They wondered why his place was so outstanding. Some opined he was just lucky, that he had a green thumb or that it rained more on his place.

Uncle Toil looked knowingly and said nothing, but I could smell his patience and temper voltage regulator smoking. One day a sweet little old lady cast an admiring look across the yard and said, "Mr. Orkway are there any places for sale in this part of town, these old hills will just grow anything."

Uncle Toil turned purple. He pointed a long callused finger down the road and looking sternly down at the lady said, "Go!"

The very startled little lady went.

Uncle Toil stood for a full moment without speaking and then he said something I have long remembered and which I believe is still applicable today. Uncle Toil said, "No one believes in the

## Edson In Washington

### Hard Words Is Big Change In Soviet-China Relations

By PETER EDSON

WASHINGTON (NEA) — There are a couple of new twists in Russian policy toward China.

Careful analysis of the Soviet Communist Party's Central Committee reply to Chinese Communist negotiators in Moscow reveals that. But there is no detectable change in the basic policies of the international Communist conspiracy.

Conciliatory language which marked previous Russian replies to the Chinese Communists is not found in the 20,000-word Central Committee letter which appeared in Pravda July 15.

Moscow now is making unrestrained attacks on the Peking government. The expectation is that this will continue.

The Kremlin also is expected to begin purging Communist leaders who in the past have argued for caution in dealing with the Chinese to promote unity.

The Soviet Central Committee says it will wage "implacable struggle against deviationists."

This is not taken to mean there will be actual war between Russia and Red China. The conflict will be waged on ideological levels.

In the future it will become increasingly difficult for the Communist party of any country to remain neutral between Moscow and Peking points of view.

Splits within some of the national Communist parties thus become a possibility. This would dim the prospect in the immediate future for another Congress of Communist parties from all over the world to resolve their differences.

The effects of a further split between Russia and Red China on relations with the West and with the United States in particular can only be speculated upon. President Kennedy has just laid down the line that the U.S. should not talk about something over which it has no control.

The new Central Committee statement seems to make con-

## Between the Bookends

A NATIONAL PURPOSE FOR AMERICA

That personal liberties have been curtailed in America during this century is an easily-proven fact. Confiscatory taxation, the loss of the right to own gold, the increasing number of government agencies, and the diminishing control of private property by its owners — these are just a few of the obvious restrictions that have occurred.

Explanatory Many writers have attempted to explain how and why this loss of liberty has taken place. Various theories are advanced and once in a while a program is suggested that is aimed at undoing the damage.

One of the best books in this category is "The Fateful Turn" by Clarence B. Carson. (Foundation for Economic Education, Irvington-On-Hudson, N.Y.; \$3.50). Carson explains that liberty is man's natural state, even though man

results of good hard work, not even that fellow up there in the Presidency. James Waldrop 404 Doucette

Allen-Scott Report President Urging Bills Both to Increase and to Decrease Gold Reserve Outflow

WASHINGTON — Whatever it is — good, bad or futile — President Kennedy's emergency anti-gold drain tax on U. S. investments abroad is directly contrary to another major measure he is vigorously seeking from Congress.

This glaring inconsistency is the latest in a trend that is increasingly characteristic of his administration.

In a special message to Congress last week, the President proposed, among other devices, what amounts to a "sales tax" on purchases of foreign securities to curb the continued gravely disquieting loss of gold reserves.

Since 1952, they have sunk from \$23.25 billion to around \$15.7 billion. In the past several years the outflow has been at the rate of approximately \$1 billion annually.

Yet at the same time the President is demanding speedy enactment of this emergency restriction on U. S. investments abroad, he is strongly pressing Congress to approve his \$4.3 billion foreign aid bill which has three provisions expressly aimed at increasing such spending in foreign countries — through government guarantees.

In other words, out of one side of his mouth he is stentoriously saying "no," and out of the other stentoriously proclaiming "yes."

These three little-known contradictory provisions are under Title III, Investment Guarantees, of S. 1276, the Senate version of the administration's foreign assistance bill. They would expand and accelerate U. S. investments abroad as follows:

- (1) Increase from \$1.3 billion to \$2.5 billion the total of government guarantees for losses due to expropriation, inconvertibility and war;
- (2) raise from \$180 million to \$300 million guarantees to cover so-called "small business" loans — not to exceed \$10 million;
- (3) boost from \$60 million to \$150 million guarantees on housing projects in Latin America.

Thus the President, while pressuring Congress to impose a 15 per cent "sales tax" on certain investments abroad, at the same time is insisting it vote a total of \$2.95 billion in government guarantees to stimulate other foreign investments.

HOW IT'S EXPLAINED (?) — Senator George Aiken, Vt., second-ranking Republican member of the Foreign Relations Committee, tried to get an explanation of this striking inconsistency from Budget Director David Bell — without success.

At a closed-door meeting on the hotly controversial multi-billion dollar foreign aid bill, the conscientious, quiet-voiced New Englander called attention to the three provisions guaranteeing investments abroad, and asked if they weren't directly counter to the President's "sales tax" proposal.

"Oh, no," replied Bell blandly. "There is no inconsistency. Each is designed to do a different thing, and they balance off."

"You tell that to the people," said Aiken, "and see if you can get them to accept that kind of an explanation. If these proposals are not directly contrary and inconsistent, then I can't imagine what would be. On one hand, your foreign aid bill very considerably increases government guarantees on spending abroad, and on the other hand, the President wants us to rush through a special 'sales tax' to put brakes on such investments. You may not consider that inconsistent, but I most emphatically do."

Q—I am a 50-year-old woman and would like to know what makes me belch after almost every meal?

A—Belching after meals is due almost entirely to swallowing air along with your food. Some people swallow more air than others. This is especially true if they eat hurriedly without chewing their food thoroughly and wash each mouthful down with a swallow of fluid. Often when a person has a feeling of fullness in the stomach and tries to belch he swallows a large amount of air thus pumping the stomach up like a balloon. It is sometimes hard to differentiate between the noise of this type of air swallowing and a true belch. A hiccup is an example of involuntary air swallowing.

Q—When I had my twins the smaller came first and the second one suffocated. It was a breech baby. They were born three weeks prematurely. Is this common? If I become pregnant again would I be likely to have twins? Could heavy housework cause premature birth? If I had twins again would it be possible for both to live?

A—When twins are present in the uterus, premature delivery is more likely than when there is a single fetus. Continuous overwork in the last three months of pregnancy has been known in some cases to cause premature delivery but there are many other causes that must be considered. In any delivery a breech presentation carries an increased risk of suffocation of the baby if delivery is prolonged. Some women appear to be especially likely to have twins more than once. The diagnosis of twins can usually be made before delivery and adequate preparations made to save the lives of both babies.

again the nature of liberty that our founding fathers knew so well: the prosperity that comes from freedom, the invigorating benefits of competition, the accomplishments that free men can produce.

"The Fateful Turn" suggests that this is the most profound "national purpose" we could possibly want.

Exhortatory The author urges that we learn

John McCausland, manager of Gibraltar Life Insurance Co. for the Panhandle area, was elected president of the Top of Texas Association of Life Underwriters at a recent board meeting held by the association. McCausland replaces Jim Christy who is now living in Amarillo.  
 The association is an active part of the life insurance industry on national, state, and local levels. The Pampa Association includes the area of Borger, Shamrock, and extends as far north as Dumas.  
 McCausland stated that a special area growth plan would be a major part of the year's program and that extensive research would be done in organization improvements. Other officers include Myron Marx, vice-president and Charles Ambler, secretary-treasurer.

### What's This! Not Enough Cherries In Cherry Pies?

WASHINGTON (UPI) — Officials of the food and drug administration (FDA) are inclined to agree with Sen. Philip Hart, R-Mich., about the lack of cherries in frozen cherry pies.  
 But they don't know what to do about it.  
 Hart contended recently that pictures on the packages of the frozen pastry showing luscious wedges of pie crammed with cherries were a snare and delusion.  
 The Senator said the pies more often than not contained far less cherries than the pictures would lead the purchaser to believe and even those floated in watery juice.  
 Hart, whose home state produces more cherries than can be sold, was indignant. He asked the FDA to investigate.  
 The first word today from Malcolm R. Stephens, chief of the FDA enforcement bureau, supported Hart's complaint.  
 "We think some of the pictures are not truly representative," Stephens told United Press International.  
 His inspectors reported the pies generally contain 40-60 cherries, although pictures on the packages indicate many more. The pie with the most, he said, contained 100 cherries, but had no vignette on its wrapping.  
 Thomas Bellis of FDA's food standards division suggested weight of the fruit might be the best standard for assuring the proper proportion of cherries.

### Livestock Empire Is Purchased by Group in Colorado

CHEYENNE, Wyo. (UPI) — One of the West's great empires, the Warren Livestock Co., has been sold to a Colorado-controlled group for a reported \$8 million to \$8.5 million.  
 The sale of the cattle and sheep empire founded by the almost-legendary Francis E. Warren of Wyoming was announced jointly by the sellers, Francis E. Warren II, his sister, Mrs. John B. Welborn, both of Cheyenne, other with minority interests and the buyers, TPL, Inc.  
 The Warren holdings, three ranches totalling a third of a million acres of deeded and leased lands, is an 80-year-old firm founded by the first Warren, a Civil War Medal of Honor winner who came west to be a cattle baron.  
 He subsequently became territorial governor, Wyoming's first state governor and a U. S. senator for 37 years.  
 TPL is a new corporation headed by president Paul Etchepare of Denver. Other officers are Emmett Elizondo, vice president, Grand Junction, Colo.; Michael Furbush, secretary, Denver; Lee Toadvine, assistant secretary, Tribune, Kan.; Verne R. Woods, treasurer, Ault, Colo. and Don G. Anderson, assistant treasurer, Eaton, Colo.

### Business Review Get 20% Discount Now When You Layaway Toys at B & B Toyland

Toyland joys for all good little girls and boys, all at great big savings for Dad.

**COMPLETE GLASS SERVICE** — Part of the many services offered by Home Builders Supply is complete auto glass and installation. Jerry Havenhill will do an expert job of installing anything from a new windshield to a corner vent window on your automobile. Stop in at Home Builders Supply, 312 W. Foster for all your glass needs. (Daily News Photo)

### No Glass Job Is too Large Or too Small for Home Builders

The place to go in Pampa for glass any size, shape or form, is Home Builders Supply, 312 W. Foster.  
 Whether you are a major business concern, in need of an entire glass front for your building, or your automobile window is a victim of a malevolent pebble, Home Builders has the answer.  
 A complete glass and mirror department is one of the many outstanding features of Home Builders.  
 For plate glass store fronts, aluminum framed doors or any other type of commercial glass needs stop by 312 W. Foster.  
 Beautiful furniture is a lifetime investment. Don't let a stray cigarette or water circles ruin a lovely table top. Let Home Builders custom cut and install protective easy-to-care for glass tops.  
 Mirrors add depth and character to any room — and Home Builders can fill any order in mirrors. No size or shape presents a problem these experts can't handle.  
 Auto glass, complete with installation, is another specialty of the house. Home Builders also solicits insurance estimates on auto glass. Add sparkle to your bathroom with a glass shower, or tub enclosure — from Home Builders of course!  
 If it's glass, Home Builders has it, and they will install it with all the care and craftsmanship you would expect from an old and reputable Pampa firm.  
 Stop by 312 W. Foster, even if you aren't in the market for any glass at the moment. You'll love browsing through their beautiful and complete gift department. For any power or hand tool needs, or painting and building supplies, you can find them all at Home Builders. While you're there, stop by the fully stocked "Rubber Maid Island."

### 188 Oil, 66 Gas Wells Drilled In Texas Last Week

AUSTIN (UPI) — Regular drillers completed 188 oil and 66 gas wells in Texas last week, the Railroad Commission reported.  
 Regular drillers have completed 4,843 oil and 1,450 gas wells this year compared with 5,979 oil and 1,989 gas wells to date in 1962.  
 Wildcaters reported three oil and 15 gas finds. Oil wells were two in the Houston District and one in the Wichita Falls district.  
 Gas finds were four in the Refugio district, three each in the Corpus Christi and Midland districts, two in the Houston district and one each in the San Antonio, Kilgore and San Angelo districts.  
 Regular drillers reported 97 dry holes for the week, wildcaters had 55.  
 The average calendar day allowable increased 7,010 barrels to 2,886,076. A total of 7,830 fields was recorded.

### Retail Sales up In Texas During 1963 First Half

AUSTIN (UPI) — Retail sales in the state for the first six months of 1963 climbed 2 per cent over 1962 to \$5.9 billion, the University of Texas Bureau of Business Research said Saturday.  
 The Bureau rated the 1963 period as moving "steadily upward" though no "dramatic upsurge" was recorded.  
 Sales of durable goods rose 6 per cent to \$2.3 billion for the comparative period while nondurable sales remained almost constant.  
 The dollar estimate of total retail sales in Texas for June was slightly above \$1 billion, a 4 per cent decrease from May but almost equal to June of 1962.  
 Automotive store sales followed a seasonal pattern in June and declined 3 per cent from May. Auto sales were up 5 per cent this year on the six months comparison to 1962.  
 Auto sales have continued a strong upswing the past two years. The first six months of 1962 were 27 per cent ahead of the like period in 1961.  
 Durable goods areas recording increases for 1963 included furniture stores, 1 per cent, farm implement dealers, 3 per cent, and hardware store, 2 per cent.  
 Lumber and building materials dealers had 1 per cent less volume of business for the six-months comparison. Nurseries had something of a boom with a 10 per cent increase.  
 Drugstore sales dropped 8 per cent in June from May, slightly more than the seasonally anticipated 6 per cent decrease. But sales for the first six months of 1963 were still 1 per cent above 1962.  
 Food store sales were up 2 per cent, gasoline and service station phenomenon of contemporary treason.  
 Life in the Saddle by Frank Colinson: a collection of the writings of the most outstanding English cowboys who ever came to America; illustrated by Harold D. Bugbee of Clarendon.

### New Books on Shelves At Public Library

Now on the shelves at the Lovett Memorial Library are the following new books. Novels: *Sunset at Noon* by Jane Oliver: an historical novel of James IV of Scotland recreating all the pageantry and color, triumphs and tragedies of one of Scotland's most beloved kings.  
 An End to Bugling by Edmund Love: the author of "Subways Are For Sleeping" has written a delightful trifling with history, his contribution to Civil War literature.  
 The Drums of April by Charles Merghandah: set in the opening days of the American Revolution, this novel skillfully interweaves history and fiction.  
 Smith and Jones by Nicholas Monsarrat: a shattering, ironic novel of political defectors in the Cold War with a relentlessly building suspense.  
 Non-fiction: *The Coming Explosion in Latin America* by Gerald Clark: the writer, a Canadian, sets forth the forces and personalities that have molded Latin America and gives his analysis of our mistakes.  
 The Exploration of Outer Space by Sir Bernard Lovell: a distinguished English astronomer gives a short but information-packed survey of today's developments in space.

The Traitors by Alan Moorehead: the author of "The Blue Nile" examines the man who is not a professional spy, nor a turncoat politician, but a self-appointed idealist who possesses the sort of power that formerly only belonged to governments.  
 The World of Golf by Charles Price: a panorama of six centuries of the game's history; required reading for all who enjoy the game.  
 Woman Into Space by Jerrie Cobb: the foremost woman pilot in the world tells her own story in the field of aviation.  
 Fun Without Flowers by Julia Clements: a pioneer in the modern flower arrangement movement shows how this art can be practiced whether you have a garden or not.  
 Portrait of Myself by Margaret Bourke-White: the great life story of America's foremost foreign correspondent-with-a-camera.  
 Frank Frisch: the *Fortham Flash* as told to J. Roy Stockton: the exciting, frank story of one of baseball's most colorful figures.  
 My Animal Queendom by Marte Latham: the author's own story of her adventures in collecting and selling South American animals.  
 Treason in the 20th Century by Margaret Boveri: the first volume in a projected story of the en-
