'Wonderful,' Says JFK Of Sub Shot

CAPE CANAVERAL (UPI)—President Kennedy watched the underwater firing of a Polaris missile for the first time Saturday in a spectacular wind-up of a whirlwind visit to America's No. 1 spaceport.

Clad in a navy-blue windbreaker to ward off the ocean chill 25 miles out, the Chief Executive flashed a grin when the missile thundered from the ocean and sped away to a target 1,500 miles away. "Wonderful," Kennedy said later.

The President, combining business with relaxation on a trip to Florida, flew to Cape Canaveral Saturday on what was interpreted as a renewed pitch for support of U.S. plans to land men on the moon before the end of this decade.

Kennedy appeared particularly impressed by a giant Saturn "super-boost" rocket scheduled for an attempt next month to send a 16-ton satellite, the world's largest, into orbit around earth. The moonlet would dwarf a new "cosmos" moonlet put into orbit early Saturday by the Soviet Union.

On this occasion, American and Russian space plans and space races had to take a back seat. The U.S. Navy stole the show in a day that Kennedy, a former Navy man himself, called "wonderful."

The Navy whisked the Chief Executive 25 miles out to sea aboard a helicopter, landed him on the deck of the laboratory ship USS Observation Island and gave a submerged nuclear submarine, the USS Andrew Jackson, a "go-ahead" for the Polaris shot.

Kennedy flashed a grin when—at 11:55 a.m. EST—the bottle-shaped Polaris broke the Atlantic's surface 1,200 yards away in a towering geyser of salt spray after the sub rammed it from a tube atop a column of compressed air.

The President watched intently for a moment with a naked eye as the missile began its fiery climb. Then he lifted a pair of binoculars to catch a better view of the missile as its booster stage separated one minute later.

The Polaris, a 1,725-mile "A2" model, streaked through the fringes of space and crashed about 1,500 miles away about 20 minutes later.

The sleek, black Andrew Jackson, half again as long as a football field, surfaced in salute to the "American Chief," his code name for the day.

The President called it an "excellent demonstration" and thanked the Observation Island's crew "for your dedication and service... control of the sea and maintenance of the Flag of the United States in its traditional position on the ocean."

He reboarded the helicopter for a return to Cape Canaveral, and left the spaceport via jetliner for the short flight to his vacation retreat at Palm Beach, Fla. Kennedy planned to relax for the remainder of the day before paying visits Monday to Tampa and Miami. He was to return to Washington Monday night.

SINCLAIR PLANS SET — B. M. Behrman, left, and Duggan Smith are shown admiring "Dino," the colorful Sinclair dinosaur, who is holding a card which reads, "Pampa Salutes Sinclair and Employees, November 19." Next Tuesday, Sinclair officials and employees will be honored at the Chamber of Commerce monthly membership luncheon at Coronado Inn. Pampa merchants are cooperating in the program with special promotions and get-acquainted programs with Sinclair. (Daily News Photo)

First Reading on Street Closing Set for Tuesday

First reading of an ordinance to close Thut St. from the east property line of S. Somerville St. to the east property line of the Fort Worth & Denver Ry. right-of-way is scheduled for the Tuesday morning meeting of the Pampa City Commission.

Proponents and opponents of the street closing are expected to attend the meeting for a discussion of the proposed legislation.

Also on the agenda will be first reading of an ordinance adopting a 10 per cent rate increase for Pioneer Natural Gas Company in Pampa.

The commission agreed in a 4 to 1 vote last week to grant the rate increase.

Other business to be considered Tuesday will include awarding of a bid for the paving of the 1700-block of N. Sumner St. and a portion of Decatur Ave., authorization of payment of \$1,999.26 to Ray Boswell Construction Co. for paving in the 200-block of E. Pennsylvania, and authorization of payment of \$2,562.80 to Gray County for curb and gutter work on S. Barnes St.

Other matters will include reports and recommendations from the city manager.

The Tuesday meeting is scheduled for 8:30 a.m.

Runoff Set for Congress Seat in 10th District

AUSTIN (UPI)—The date for the congressional runoff between Democrat Jake Pickle and Republican Jim Dobbs in the 10th District was set Saturday for Dec. 17 by Gov. John Connally.

The two men ran first and second, respectively, in a three-way race in the Nov. 9 special election for the post to be vacated next month by U. S. Rep. Homer Thornberry, D-Texas.

Connally called the runoff election Saturday following the official canvass of the special election returns by Secretary of State Crawford Martin.

If it comes from a hardware store we have it. Lewis Hdws. (Adv.)

Explosion Rips Street At Negro's Dormitory

TUSCALOOSA, Ala. (UPI)—A pre-dawn explosion heard throughout the city today ripped a hole in the pavement of a street 100 yards from Negro Vivian Malone's dormitory at the University of Alabama. No one was injured.

Police said they did not know what type of explosive caused the blast or if it was connected with the integration of the university earlier this year.

A hole about four inches deep, one foot long and six inches wide was torn in the pavement in front of Mary Burke Dormitory East, Miss Malone, one of two Negroes admitted to the university last June, resides in Mary Burke Dorm West. The two dorms are connected by a narrow walkway.

Several National Guardsmen joined local and county police in the investigation.

Police said the blast occurred at about 3:15 a.m. CST (4:15 a.m. EST) but because there were no witnesses and little damage was caused, they did not find the location until after 4 a.m.

Although it was heard over a

wide area, the explosion did little damage and no windows were broken in nearby buildings.

FPC Approves Huge Gas Sale

WASHINGTON (UPI)—The Federal Power Commission has approved the sale of 6.1 trillion cubic feet of natural gas by two Houston natural gas producers, to the Columbia Gas System, Inc., it was learned Saturday.

Humble Oil and Refining Co. and Isaac Arnold, et al., both of Houston, will sell the gas to the United Fuel Gas Co., of Charleston, W. Va., a Columbia operating subsidiary.

The sale is expected to exceed one billion dollars.

The price will be 20.825 cents per thousand cubic feet for the first 23 years, subject to a limited price reduction at that time, the FPC reported.

The Humble gas will come from its fields in Southern Louisiana and transported to a point in Kentucky where it will be used for Columbia markets in seven states.

were signed by Rathjen, then Civil Defense director and now postmaster in Canadian.

An affidavit was filed in the Hemphill County Court House by County Judge Sanford Cole, who is presently serving as Civil Defense director, to the effect that none of the equipment nor an inventory was turned over to him when he assumed the post July 5, 1961, Crow stated.

The affidavit was notarized by Mary Gross, deputy clerk at the county clerk's office.

Crow said he told Rathjen in the letter that the Department of Public Safety had informed him to require an accounting for the property.

Yale Professor Freed, Expelled by Russians

Florida Couple Held in Death Of Texas Man

ELGIN, Tex. (UPI)—A young Florida couple, on a pre-marital honeymoon and cross-country crime spree, Saturday faced murder charges in the shooting of Elgin police chief J. M. Mumford.

Mumford, 54, was killed and highway patrolman Tommy Moseley, 32, wounded in a blazing gun battle Friday night near this sleepy Central Texas town. Two passing truck drivers subdued the youngsters who were trying to flee the scene.

Murder charges were lodged against Rudolph Grady Coffee, Jr., 20, and Joyce Ann Gordon, 16, both of Rockledge, Fla. They were wanted from Florida to Louisiana for kidnaping, robbery and car theft.

Moseley spotted the stolen foreign car and took chase on U. S. 290. He radioed for aid and Mumford joined him. The patrolman forced the fleeing vehicle to stop.

First Shot Kills
Coffee leaped from the car firing a German P38 pistol. The first shot smashed into Mumford's head, and he fell dead. Moseley suffered a serious chest wound, but returned the fire. The youth, rapidly reloading the pistol with the girl's aid, fired 17 times.

Two cattlemen, trucking livestock to California, saw the gun fight and stopped. One leaped on the stocky, blond Coffee and the pistol fired into the ground. "Get that gun and kill them," Coffee shrieked to the pudgy girl who was screaming hysterically nearby.

Trucker M. F. Dukes, 40, said he was able to knock the weapon down until his partner, D. L. Harris, 35, ran up and slugged the youth.

Planned Marriage
The two cattlemen held the fugitives until Sheriff Jimmy Nutt arrived and took the pair into custody. Nutt quoted the couple as saying they had left home to get married, but it developed into a crime-spree premarriage honeymoon.

Texas Ranger Bill Wilson said Coffee orally confessed three kidnapings and service station

FREDERICK BARGHOORN... freed, expelled

American Lands OK In England

By BEN KAUFMAN

LONDON (UPI) — The Soviet Union Saturday unexpectedly freed Yale Professor Frederick C. Barghoorn, 52, because of the "personal concern expressed by President Kennedy" regarding his arrest on spy charges, and expelled him from Russia.

Barghoorn arrived in London a few hours later on a British European Airways Comet jet and was met by U.S. Embassy officials jubilant over the major Soviet reversal believed to have been ordered personally by Premier Nikita S. Khrushchev.

He refused to say anything to reporters, telling a U. S. Embassy representative, "I don't want to talk about it."

Khrushchev apparently acted to counteract the furor raised in the United States which had threatened to compromise Khrushchev's drive to ease East-West tension. It was clear that Soviet officials had far underestimated the impact on U.S. public opinion of Barghoorn's arrest.

The Soviet Tass news agency in an announcement broadcast by Moscow radio and television insisted to the last that Barghoorn was guilty.

Noon Conference
Soviet Foreign Minister Andrei Gromyko, who called in acting Charge d'Affaires Walter J. Stoessel to a noon conference in the skyscraper Foreign Ministry, said Russia was acting because of the statements made at Thursday's press conference by President Kennedy.

Kennedy called Barghoorn innocent and his arrest unwarranted and unjustified. He also postponed start of talks on a U. S. - Soviet cultural relations exchange.

Barghoorn had been held incommunicado from his arrest the night of Oct. 31 until the Russians released him Saturday and placed him on the London-bound plane.

A spokesman at London airport said Barghoorn was "in good health."

DIPLOMATS SAY SOVIET ACT 'UNPRECEDENTED'
LONDON (UPI)—Diplomatic sources said today the Kremlin's decision to release Yale Professor Frederick C. Barghoorn signified Premier Nikita Khrushchev's desire "to keep the diplomatic channel open to the United States."

The move was termed unprecedented and the reasons given unconvincing in view of the Soviet charge that the professor was engaged in spying against the U.S.S.R.

Pope Intervenes In Proceedings
VATICAN CITY (UPI)—Pope Paul VI intervened openly in Ecumenical Council proceedings Friday night for the first time to try to resolve a bitter dispute between conservatives and liberals that has been holding up council work.

The Pope summoned the four cardinals he appointed to run the council, the council presidency and the coordinating commission to a meeting at the Vatican.

East Berlin Molests US Planes With Light

BERLIN (UPI) — Communist troops molested three U.S. airliners this week with high-powered searchlights in what informed sources said Saturday could mean the Soviet Union was shifting its challenge of Western rights to Berlin from the Autobahn to the air corridors.

The United States, Britain and France filed a sharp protest with the Russian air safety officer Saturday, charging that the searchlights constituted a hazard to the crews and passengers aboard the American planes.

The first searchlight incident occurred Thursday night when a Pan American Airways plane was approaching Tempelhof Air Base over the Western border of West Berlin, near the East German suburb of Potsdam.

The plane was flying at an altitude of about 600 feet, making its crucial final approach to the airport. The lights flared up suddenly, but the plane made a safe landing.

The other two incidents, both involving other Pan American planes, occurred Friday night. They also landed safely.

It was not known whether the lights were manned by East German or Soviet troops.

Reds Deny Role In Korea Attack

PANMUNJOM, Korea (UPI) — The North Korean attack on an unarmed United Nations team in the demilitarized zone was "an act of murder," the United Nations Command (UNC) charged Saturday.

The formal accusation was made at a meeting of the Military Armistice Commission.

Maj. Gen. Chang Jung Hwam, chief North Korean delegate to the commission, denied the charge and said "our side was not involved" in the shooting.

The UNC said a North Korean patrol opened fire on the eight-man observer team, wounding one American soldier and killing a South Korean captain.

Hemphill County to Start Query On Missing Civil Defense Items

By PHIL DUNCAN
CANADIAN — Hemphill County Attorney Jim Crow told the Pampa News Saturday he had sent a letter to Harry Rathjen, former Hemphill County Civil Defense director and sheriff, informing him of Hemphill County's investigation concerning the whereabouts and disposition of Civil Defense property valued at \$8,662.06.

The material was obtained at the Lubbock office of the Texas Surplus Property Agency for handling charges of \$641.52, drawn on the Hemphill County Civil Defense Organization, Crow said.

The first invoice was dated Sept. 20, 1959, and the last was May 10, 1961, Crow told the Daily News. All of the invoices

were signed by Rathjen, then Civil Defense director and now postmaster in Canadian.

An affidavit was filed in the Hemphill County Court House by County Judge Sanford Cole, who is presently serving as Civil Defense director, to the effect that none of the equipment nor an inventory was turned over to him when he assumed the post July 5, 1961, Crow stated.

The affidavit was notarized by Mary Gross, deputy clerk at the county clerk's office.

Crow said he told Rathjen in the letter that the Department of Public Safety had informed him to require an accounting for the property.

Saturday's letter followed a hearing Friday at which several Hemphill County commissioners, Judge Sanford Cole and

Crow were present.

The commissioners present were Orla Curritt, Edward Detrixhe and Paul Ramsey and a former commissioner, Ross Adcock.

Col. Jessie R. Ward, surplus property officer for the Office of Defense and Disaster Relief of the Department of Public Safety, was in Canadian Friday for the hearing.

At the hearing Crow said Ward told him, "You have not been doing your job. You should have conducted an investigation."

Crow said he then told the Austin official, "That is exactly what I intend to do, beginning right now."

Attorney Crow said, "The invoices show that everything from jeep vehicles to office

furniture was purchased by Rathjen at Lubbock."

Judge Cole said the Commissioners' Court will leave the matter of any legal action to County Attorney Crow and added: "We're going to follow his advice."

When Rathjen was called by the Daily News, he said, "I don't remember exactly who bought the jeeps, but I sold them."

Rathjen said the jeeps were never used by the county.

He said that he didn't know if it was on record or not as to who purchased the jeeps.

County Attorney Crow said, "I intend to examine this matter to the fullest and find if the county has a legal right to this property."

Picture Page Tells Of City's Growth

Pictures and figures supporting the story of Pampa's economic and business growth will be found on the first page of the second section of today's Pampa Daily News.

The city and its immediate surrounding area is fast approaching the \$4,000,000 mark in building construction for 1963. Turn to Page 15 and read about a city on the grow.

Note Recalled in Thompson Trial

By H. D. QUIGG
 MINNEAPOLIS, Minn. (UPI) — It was a note in a woman's nest hand — the handwriting of an "understanding" wife.
 The note from Carol Thompson, the wife, said:
 "Gene, Ron Olesen called this evening and said that you should stay away from his wife. Is this the reason you want me to go to Europe? Ha Ha, Carol."
 It was pinned to the pillow of the husband when he returned home one night late in the year 1962.

Thompson said he found the note on his pillow when he got home the night before. Kelly testified. "He was quite upset with Mr. Olesen for making this call and expressed himself with a great deal of indignation."
 He said his wife was certainly a good sport, so to speak. He said, "can you imagine any wife being as understanding as this?"
One Link
 The motive of the alleged mistress is one of seven links the state hopes to put together to convince a jury of six men and six women that Thompson, 35, should be sent to jail for life as the mastermind of a plot to kill his wife Carol, 34, a devoted housewife and church worker.
 She was bludgeoned and stabbed to death around 9 a.m. last March 6.
 Mrs. Olesen's husband, Ronald, has testified that he telephoned Thompson's home late in 1962 and told Mrs. Thompson to relay to her husband "that I was tired of him bothering my wife and if he didn't quit it I would try to get him some way — either legally or physically."
 There was also the question of whether Thompson had underworld connections — and if so, how firm, how sure, was that tie?

Culottes Out, Too School Bans 'Fender Hair,' Thin Straps

PASADENA, Tex. (UPI) — square tails (sports shirts) may be worn outside the trousers. Only the top button of a shirt may be unbuttoned.
 Slim Jims or jeans may be worn during inclement weather, but only under a skirt or dress, the same rule applying to leotards.
 Dresses and skirts must be of modest length. All blouses must cover the midsection. The rule on girl's shoes is the same as the boys'.
 Cosmetics, such as mascara and nail polish are not permitted to any student.
 Hair styles must be conservative, and hair will not be worn in rollers to school.
No Narrow Straps
 Naturally, spaghetti-strap dresses are out. These are the ones that are held up by shoulder straps no wider than a piece of spaghetti — and sometimes narrower.
 The boys who go in for short hair styles on the top with long hair or "fins or fenders" on the side will have to go short all the way. No ducktails either.
 "We consider these things very important," said school superintendent George A. Thompson at Thursday night's board meeting. "We have a strong feeling that students' attire has lots to do with their attitude towards school, their behavior and their sense of pride and self-esteem."
 "It's a rather simple effort to have students come to school in appropriate dress—that is, with no appreciable deviation from what's considered correct."
Still More Rules
 Other regulations include that shirts with rounded or pointed (Poncho style) tails are to be tucked into trousers. Those with

Boredom Cure Bugs Women

LONDON (UPI)—A scientist drew the fire of British women by ordering more housework as a cure for boredom.
 Prof. Dennis Gabor, electronics expert and fellow of the Royal Society, declared that modern trends of expendable crockery, freeze-dried food and push-button cooking leads only to frayed nerves on the part of the housewife.
 The happy way to run a home, he said, depends on women being house-proud and able to provide gracious living.

'Ape' Tracks Fail As Hunters Find Out About Plot

MONTEVALLO, Ala. (UPI)—Robert Bearden was squirrel hunting the other day when he came across some unusual animal tracks in the woods. They were huge prints with long claws.
 Bearden fled to the nearest farmhouse and brought back Coy Holmsbeck, armed with a rifle, to take a look.
 Word that a gorilla was loose in the woods spread throughout this small farming community and hundreds of "fife totin'" residents turned out to take a look. A professor from Alabama College arrived to make plaster casts of tracks and said they were unlike any made by animals of the region.
 Thursday, the hoax ended. Pete Pickett, 27, of Bessemer, confessed that he fashioned devices for making the tracks, tied them to his shoes and tramped around the area in hopes of keeping persons out of his favorite turkey hunting grounds.

TOO OLD TO CLIMB

LARKSPUR, Calif. (UPI) — Larkspur building inspector William Wegner handed in his resignation after 11 years on the job.
 In his letter of resignation Wegner said: "All this work climbing around buildings is not good at my age."
 Wegner is 80.

matter of fact

Lacrosse was the name given by the French in Canada to the old Indian game of "bagatway," the oldest organized sport in America. Six nations of the Iroquois played the game throughout the territory of upper New York even before Columbus landed. It was training for war.

Insurance Agents Will Meet Tomorrow at Coronado Inn

District 7 of the Texas Association of Insurance Agents will meet from 9 a.m. to 3 p.m. Monday at Coronado Inn with Regional Chairman Joe Cree in charge.
 Guest speakers will include two officials of the property and casualty division of the State Board of Insurance. They are E. C. Channess, manager of the forms department, and Don O'Brien, director of the automobile section.
 A report on TAI activities will be made by Grant Jones of Abilene, president.
 Other features will include a general discussion of agency problems, a film on the advertising program and selection of a regional chairman candidate.
 Similar meetings are set for the same hours Tuesday at Holiday Inn in Wichita Falls and Wednesday at the Grayson County State Bank in Sherman.
 Members, their associates and employees may attend any of the meetings.

Quotes From 'Flew Like Bird,' — But Right Down

By United Press International
 NEW HAVEN, Conn. — Sen. Leverett Saltonstall, R-Mass., urging continuation of foreign aid:
 "It is not only morally right, it is in the national interest."
 BIRMINGHAM, Ala. — Gov. George Wallace, whose defiance of federal integration troops resulted in troops being sent into Alabama, noting armed forces units at a Veterans Day observance:
 "I'm glad they came on a peaceful mission this time."
 TULSA, Okla. — Joe Davis, remarking on the healthy condition of his 7-month-old, 16-pound son, Robert, despite a 25-degree night the child spent in a car which was stolen and then abandoned:
 "He's tough."

'Lucky' Machine Wins At Las Vegas Table

LAS VEGAS, Nev. (UPI) — A \$21,500 computer picked up an easy \$360 at blackjack this week.

The 80-pound "LGP-21" computer was carted into the Hotel Tropicana's gambling casino Wednesday afternoon. Fifty minutes later, it was \$360 ahead of the house and called it a day.

Emmett Hutchins, 29-year-old research programming director at General Precision Co. in Los Angeles, handled the computer chores and Sam Radan, unfringed by the 3-foot-high mechanical brain, dealt for the house.

The computer decided whether or not to draw a card — or "hit" as it is termed in gambling circles — and how

much to bet (from \$2 to \$42) on the basis of information fed to it on each play.

Blackjack, or "21" as it is known here, is a card game in which the dealer and player attempt to get a hand totaling as close as possible to 21 without going over that number.

Hutchins would indicate to the machine on each play what his two cards were and what card the dealer was showing in his hand. If nothing happened, this meant not to draw a card. But if LGP-21 flashed a green light, it was time to take another card.

Commented dealer Radan: "The machine had a run of luck."

Center Wrap-Up

George Smith, Director
Pampa Youth and Community Center

The center will offer another beginners swim class and an advanced beginners class starting Nov. 25. Beginners will be offered at 4 p.m. and advanced beginners at 5 p.m. Classes will meet on Monday, Wednesday, Thursday and Friday for three weeks. Instructor will be Harold Thrasher.

Parents who are interested should contact the center to enroll their children.

Center memberships are available for persons who are interested in having a place to go for leisure time activity. For individuals memberships are \$5 and \$8 for six and 12 months respectively. Family memberships are \$12 and \$20. A sustaining membership, minimum \$25, is also available and may be budgeted.

The center has organized a women's and a men's basketball league which will start this week.

If any individuals are interested in playing basketball and are not on a team, they may call George Smith at the center and he can give you the names of teams still needing players.

The volleyball season ended Thursday night with the playing of the league tournament finals. Cabot Fab Shop took trophy

honors after a hard battle from the Harrah Methodist Church team. Celanese had early won the regular league play with a 6-1 record.

The center is trying to organize a women's beginner swim class to be taught in the near future. Six have already signed up for the course which will be taught one day per week for the length of the course, about 9 weeks.

Basketball league action this week finds Malcolm Hinkle, Inc., vs Pampa Independents; Montgomery Ward vs Celanese; Panhandle Packing vs Southwest Public Service; La Bonita vs Citizens Bank and Trust Company; Pampa Jaycees vs White Deer Jaycees and First National Bank vs Motor Supply.

The public is invited to attend the league play. A daily schedule appears in the Pampa News telling times and opponents. Tickets are 25 cents for adults, 15 cents for high school students and 10 cents for grade schoolers. Members of the center are admitted free of charge.

Pampa Jaycees will sponsor an invitational dance Nov. 30 for junior high and sophomore students. The dance will be from 7-10 p.m. with a band provided. Admittance to the dance will be by invitation only.

New Books on Shelves At Public Library

New books on the shelves of Lovett Memorial Library:

Fiction:

Of Good and Evil — by Ernest K. Gann; spanning a single day and night in a Hall of Justice, the headquarters of a metropolitan police, this novel interweaves the private dramas of a would-be suicide, an underworld baron, a veteran policeman and a psychopathic young girl.

The Four Faces — by Han Suyin; a writer's congress with neutrality as its theme is torn apart by the violent intrigues of East and West, and a group of sharply individualized characters are forced to re-examine their stereotyped ideas in an unfamiliar atmosphere of opium, lust and murder.

The King's Orchard — by Agnes Sligh Turnbull; set in the America of 1772 this is a fictional biography of the Indian Trader, Quartermaster General of the U.S. and industrialist, James O'Hara, and his romantic marriage to a beautiful Philadelphia girl.

Land of the Beautiful River — by Helmer Linderholm; a panoramic saga of high adventure in the little-known days of the Swedish colonization of the New World.

The Good Cause — by David Stone; a novel of philanthropers and philanthropists proving it is not easy to give away love or money.

David of Jerusalem — by Louis de Wohl; based on the Biblical account and the author's own research into Hebrew history, this posthumous novel begins with David's boyhood, continues through his years of strength and power, ends with the bitterness of age, rounding out the original story.

Non-fiction:

The Low Sodium, Fat-Controlled Cookbook — an authoritative guide for those requiring special diets, plus the latest information on usable commercial products.

As I Remember Them — by Eddie Cantor; here in words

and pictures Eddie Cantor tells of the many great performers and colorful figures he has known in more than fifty years of show business; a collection of anecdotes of backstage life and what goes on behind the scenes.

The Giants of San Francisco — by Art Rosenbaum; a lively account of a mad and marvelous story romance between a great baseball team and a great West Coast city.

The Best Plays of 1962-63 — edited by Henry Hewes; the theatre critic of the "Saturday Review" presents his choices of the ten best plays of 1962 and 1963 in the usual excerpt and summary fashion.

Headfirst in the Pickle Barrel — by John Burroughs; a hilarious true account of the author's growing up on one of the last remaining frontiers.

Pirate, Pawnee and Mountain Man — by John Myers; reflected in its pages are the legions of trappers and traders who flung the known world aside to venture into the unknown western lands; a rough man in a tough time, the hero Hugh Glass led a violent life.

Kiwanians See Football Movie

Pampa Kiwanians were entertained by movie highlights of 1962 Southwest Conference football games at their Friday luncheon in First Methodist Church.

Richard A. Wilson, co-owner and manager of the Wilson-Bell drug store, was introduced as a new member.

Carlton Nance, chairman of the club education and fellowship committee, announced a Dec. 3 meeting for all members who have joined the club since last July.

Annual installation of the club's 1964 officers is scheduled for Jan. 16.

ZALE'S JEWELERS

CALL OF THE WEST—At the time of the first census in 1790, when the United States was one year old, the entire population was counted in the Northeast and South. Today, while the great majority of the nation's 185 million people still live east of the Rockies, the most rapid increases are in the West, especially California. Data from Population Reference Bureau.

Hard-Driving Tactics May Place Romney In Big League Status

By BRUCE BLOSSAT - LANSING, Mich. (NEA) — "He's the same old Romney. He still thinks leadership and goodness and determination can accomplish things. But he's got himself into the arena with the wolves now, and it's a new experience."

This is how one veteran observer sees the leap into politics by Michigan's Republican Gov. George Romney, 55, who gains national attention as an automobile company president.

Ten months into the job, the ruggedly handsome governor's title right now to put over major state tax reform, including a 2 per cent personal income tax. The outcome of this effort — a key test of his vaunted leadership qualities — is still in doubt.

Whatever the political in-fighting may be doing to his outlook, they have not changed the early-morning Romney. With this reporter in tow (repeat performance), he was off for the golf course at 6:45 on a soft, slightly breezy morning.

In blue slacks, light blue sweater and brown rubbers, he strode across the dewy grass. Halting suddenly he said: "We'll just create a hole here to get started."

Off this "first tee" he smacked five solid drives in a row. We were en route on the governor's celebrated "compact 18 holes." On this hole he played out three of the five balls he hit, and thereafter banged out three all the way — for seven holes. Elapsed time, 50 minutes.

The multiple scores rung up in Romney vs. Romney vs. Romney are off the record, but his basic game can be reported as average 90's.

Well before 8 we were back in his buff-tinted East Lansing house. Romney slipped into his kitchen for a second. "It's my job in the morning to put the cereal on." Moments later, wrapped only in a yellow towel,

he gets terribly unhappy at times with that hot seat he's on," comments a top Michigan Democrat.
Yet Romney is making a steady effort to meet, cultivate and persuade legislators and other politicians.
Heavy persuasion is needed for the tax program, despite the Republicans' 23-to-11 Senate margin and 58-52 House edge. Many conservatives want no part of an income tax and question the governor's claim that other reforms mean no tax increase would result.
The first Texas State Forest was established 1924 in Newton County.

County Democratic Club To Hear Talk by Newsman

The fall kickoff of activities for the Gray County Democratic Club is scheduled at 7:30 p.m. Tuesday in the Cibola Room of Coronado Inn with "Tiger" Tom Martin, Amarillo television newscaster, as speaker.

TOM MARTIN

Martin is one of the Southwest's most widely known newsmen. A graduate of Columbia University, he has been a reporter for Reuters International News Service, The Houston Press and The Houston Post. In Houston Martin produced and acted as permanent panelist of "Press Conference," a weekly television program on which he interviewed prominent national and state political figures. From 1956 to 1960, he was Southwest bureau chief of the Time, Life and Fortune magazines during which time he reported from Atlanta, New York and the United Nations. Martin joined KPDA-TV in Amarillo this year in the post of editorial director. John Warner, Gray County

Democratic Club president, said the Tuesday night meeting will be open to the public. Other club officers are Willard Henderson, vice president; Margaret Quidry, secretary; and Kenneth Mumford, treasurer.

Pioneers Will Be on Panel At Society's Annual Dinner

The Pampa Genealogical & Historical Society will observe its annual Pioneer Thanksgiving Dinner at 7 p.m. Monday in the auditorium of Lovett Memorial Library. The dinner will be in commemoration of the most dramatic historical event to take place in Gray County, the recapture of the German sisters, Julia and Adelaide German, from the Cheyenne warriors of Chief Grey Beard by United States Cavalry troops under the command of Gen. Nelson Miles on Nov. 8, 1874. The historical event took place approximately 17 miles south of Pampa on McClellan Creek.

The Panhandle consisting of Mrs. W. R. Ewing, Mrs. Mary Gragg Bullock, Mrs. Katie Vincent, Alex Schneider and Joe Shelton.

Each speaker will review choice memories of colorful events of pioneer days as they knew them in the surrounding area and an open forum will be conducted with questions from the audience. Tracy D. Cary, president, will serve as moderator. Adding a distinctive pioneer western flavor to the table settings will be the hand carved replicas of an early-day stage coach, horses, and travelers and similar figures carved by B. E. Jackson. The dinner event is for members of the society and guests.

Jailed Integrationists Still Ignore Chance to Make Bond

WILLIAMSTON, N. C. (UPI)—Jailed anti-segregation demonstrators, including 15 white Northern ministers, continued to ignore bond privileges today.

They were joined by 18 more demonstrators Friday night following the second racial march in as many days in this eastern North Carolina town.

Former Resident Dies In Denver

William F. Flenniken, 53, former employe of the Halliburton Oil Co. here and one-time city golf champion, died Saturday in a Denver, Colo., hospital. Flenniken, at the time of his death, was in the independent oil business in Denver, following his association there with the Manning Drilling Co. He is survived by his wife, Marguerite; two sons and a daughter, all of Denver.

Police arrested 22 Negroes during the latest demonstration but four of the group were juveniles.

Bond for the demonstrators has been set at \$500 but they have refused to post the amount—choosing instead to remain in Martin County's now integrated jail. The jail was integrated Friday after the white ministers went on a hunger strike in protest of the prison's segregated facilities. After the racial bars were lowered in the jail, the ministers ate a lunch after refusing supper Thursday night and breakfast Friday morning. A hearing for the demonstrators has been set for Dec. 2.

Rogers Expects House Approval On Dam Project

Rep. Walter Rogers of Pampa announced in Washington late Friday that House approval is expected Tuesday of \$23-million for the Canadian River Municipal Water project. The amount is contained in the President's budget request which was OK'd by the House appropriations committee early Friday.

House approval of the Public Works Appropriations Bill will bring total appropriations for the Canadian River project to date to \$38,930,000. The entire project now under construction and expected to be completed in 1967, will cost in excess of \$90-million.

The Canadian River Dam at Sanford, northwest of Borger, and the more than 300-mile pipeline will add a new supply of surface water to 12 cities including Pampa. The pipeline from the dam site through Amarillo and to Lubbock now is under construction.

PHS Key Club Gives Annual Parents Brunch

Members of the Pampa High School Key Club entertained at the club's fourth annual Parents Brunch Saturday morning in the Recreation Hall of First Methodist Church.

Joe Fischer Jr., club president, introduced Myra Aftergut who acted as master of ceremonies.

Fischer was first speaker and gave the club's annual "Salute to Parents."

Dean Evans spoke on "The Key Club and the School." Jim Jamieson on "The Key Club and the Community." Bill McKinney on "The Key Club and Its Administration," and Fred Tinsley on "The Key Club and Its Achievements."

Negroes Picket Hempstead Streets

HEMPSTEAD, Tex. (UPI)—Fifteen Negro pickets demonstrated Friday on the streets of Hempstead. The group said it was from nearby Prairie View A&M and demanded desegregated facilities. The Negroes carried signs which read "Freedom Now," "Why can we not be free?" and "We Want Freedom!"

Koreans

(Continued From Page 1) old shirt on a country road near Tallulah, La. The couple was denied bond after the shooting Friday night by Justice of the Peace M. J. Frenzel, and taken to Austin for better security.

Moseley first saw the Florida couple Saturday night, riding in their small foreign car on U.S. Highway 290 near Elgin, east of Austin. They were on a premarital honeymoon and cross-country crime spree.

Radioing ahead for help from Mumford, Moseley signalled the couple to pull to the side of the highway. Moseley got out of his patrol car and Coffee shot him just above the heart. Mumford pulled alongside and started to get out of his car when Coffee put a bullet through his brain, killing the chief instantly.

Moseley, although wounded, rolled on the ground and emptied his pistol at Coffee. The youth, reloading his German P38 pistol, fired 17 shots before two passing truck drivers wrestled him to the ground.

Drivers Unarmed

The unarmed truck drivers, M. F. Dukes, 40, and D. L. Harris, 35, heard the shots and rushed to the aid of Moseley. A spokesman for the Department of Public Safety described them "as real heroes."

They may get some type of award next week. Neither Dukes nor Harris, who were taking a load of cattle from their home at Kirbyville, Tex. to California, was hurt. They held the youths until a Texas Ranger arrived.

Ranger Bill Wilson said Coffee confessed three kidnappings and service station holdups in Florida and Mississippi. He said they stole the car from Allen Boa, 30, of Meridian, Miss., and kidnaped Boa and Jerry Braggs, 26, of Mize, Miss. The two men were found unharmed, but bound with an old shirt on a country road near Tallulah, La.

They also admitted another kidnaping in Florida, but the victim was not identified.

Gasoline Wars Boon To Texas Motorists

By United Press International—In Dallas, a motorist can usually drive five miles and save 5 cents a gallon on gasoline.

In parts of the state, motorists can save more and drive even fewer miles. What makes this possible are gasoline price wars. They break out often and at widely-scattered spots.

Prices frequently drop as much as 10-12 cents below normal. For instance, San Antonio is in the midst of one now.

Cut rate stations started it and major oil company stations were forced into the battle. Prices average 20.9 for regular and 24.9 for premium. The most spectacular price drop this season was in the Rio Grande Valley.

At Mercedes, regular gas sold for 17 cents. It ranged up to

about 22.9. The war in the Valley usually starts at the northern end and works its way to Brownsville.

The price war in the Valley lasted a month and just reached Brownsville Friday. West Texas frequently has gas wars too, but prices do not usually go as low there.

AI Lubbock, the regular is selling for 22.9 compared with 29.9 and premium goes for 28.9 instead of 34.9.

A. D. Garner of the Horkey Oil Co. said he believed that was "about rock bottom" for now. He said price cuts that lasted a long time hurt the consumer as well as the oil firms.

Regular sells for 27.9 in the Houston area at major oil company stations but the city has not had a price war in several months.

Users Taking Summer Rates On Water Start to Dwindle

The number of customers using Pampa's summer water rate schedule had dropped by 485 Saturday, according to City Manager Harold Schmitzer.

Peak number of water meters on the summer rate during the hot months was 2,999, Schmitzer said, and that figure now is down to 2,514. Pampa has a total of 8,068 water meters in service.

Imel Re-Elected To Bank Board

Floyd E. Imel, president of Citizens Bank & Trust Co., is one of nine members re-elected to the board of governors of the Association of State Chartered Banks in Texas at the association's first annual meeting in Dallas.

The announcement was made by Jack Gagne, vice chairman of Texas Bank & Trust Co. in Dallas, and association president. All members of the association were re-elected for another

Couple Held

(Continued From Page 1) tain. The incident occurred last Wednesday. U.S. Army Maj. Gen. Robert F. Seedlock, appearing for the first time as the chief U.N. delegate to the commission, demanded punishment for the North Korean patrol and called the incident "a grave violation of the armistice agreement."

The U.S. soldier wounded in the Wednesday incident was unofficially identified as Spec. 5 Harold Aldrich, 25, of Montrose, Calif. He was wounded by machinegun fire in the thigh, but his condition was not serious.

Obituaries

William T. McClellan
William Thomas McClellan, 66, was found dead Saturday night in his home at the rear of 216 N. Houston St.

Police said the body of the man, who lived there alone, was discovered by his brother, Vance W. McClellan, 1033 S. Summer, about 6:30 p.m.

Coroner Nat Lunsford pronounced death due to natural causes. Lunsford said Mr. McClellan had been dead for several hours. Funeral arrangements were pending.

Mrs. Charlotte Moore
Funeral services will be held at 2 p.m. tomorrow in the Duengel - Carmichael Funeral Chapel for Mrs. Charlotte Moore. Rev. Earl Pruitt, pastor of Emanuel Temple will officiate and burial will be in Fairview Cemetery.

Mrs. Moore, 83, was born in LaPrarie, Ill., and moved to Pampa in 1928 from Robinson, Ill., where she had been a resident for 20 years. She died at 9:20 p.m. Friday in the Pletcher Rest Home, 304 Miami.

She was a member of United Presbyterian Church of LaPrarie. Survivors are one daughter, Mrs. Pearl Swanner, 325 N. Purviance; one son, Merle R. Moore, Ava, Mo. and one sister, Mrs. Mary E. Mezger, Long Beach, Calif.

Palbearers will be Art Heflin, Lee Moore; Noah Pletcher, C. A. Pollock, Connie Lockhart and Jim Huddleston.

Mrs. Hattie Ophelia Heasley McLEAN (Spf)—Funeral services will be held in the First Methodist Church at 3 p.m. today for Mrs. Hattie Ophelia Heasley, 89. Rev. J. B. Stewart, pastor, assisted by Rev. David Thomas, pastor of McLean Presbyterian Church, will officiate. Burial will be in Hillcrest Cemetery under the direction of Lamb Funeral Home. Her grandsons will be pallbearers.

Mrs. Heasley died in Highland General Hospital Friday at 11:15 a.m. She had been a resident of McLean since 1903 when she moved from Jack County. She was a member of First Methodist Church.

Survivors include four daughters, Mrs. Vida Cook and Mrs. Virgie Everett of McLean; Mrs. Vivian Patty of San Diego, Calif., and Mrs. Vesta Williams of Andrews; four sons, Leo of Tucumcari; Cleo of Amarillo and Theo and Reo of McLean; one brother, Charlie J. Guthrie of Bloomington, Calif.; 22 grandchildren, 41 great-grandchildren and four great-great-grandchildren.

Six Employees of Gas Company Here Will Be Honored

Six Pampa employes of Pioneer Natural Gas Company will be honored at the company's annual service awards dinner at 7:30 p.m. Thursday at Pampa Country Club.

"Illustrating the company's conviction that a successful enterprise depends on both talent and loyalty," Manager Norman Henry of the Pampa Pioneer office said, "the dinner is one of nine being held throughout the Pioneer system to salute employes with multiples of five years of service and to thank these employes for jobs well done."

Representing a total of 1,655 years of combined service, 133 employes of the Pioneer system will receive awards this year.

Pampa award recipients are: James A. McCoy, 25 years; Ofelene McShan, 25 years, formerly of Pampa, recently transferred to Big Spring; L. M. Bryant, 15 years; B. J. Fulcher, 15 years; W. E. Combs Jr., 10 years and Patricia Shelton, five years.

Four wise rules to help you avoid investment mistakes

- Four cardinal rules for sensible investing are quite simple:
1. Be sure to use only money set aside after living expenses and emergencies are provided for.
 2. Weigh the risk:
 3. Never mistake a rumor for a fact.
 4. Get knowledge advice.

KIDDIE CORPS — If children's military get much bigger and any more elaborate, governments may just disband their regular armies. Tank above, big enough to hold three fair-sized kids, was among new playthings on display at the 'Salon de l'Enfance' (Room of Childhood) in Paris.

British TV to Cancel Weekly Satire Show

LONDON (UPI) — Britain's most talked about, sworn at, praised and criticized television program—the weekly satirical show "That Was the Week That Was"—fell under the ax Wednesday.

One of the first politicians to protest the loss of the show was Labor Leader Harold Wilson. He suggested "political pressures" were behind the move, a suggestion BBC immediately denied.

Very little was safe from "TWTWTW's" barbs, not even Sir Winston Churchill. Churchill was lampooned early this year for his few attendances in the House of Commons in recent years.

Nor did Queen Elizabeth escape. Last December the show satirized the queen's annual Christmas speech to the nation and commonwealth. The BBC noted 36 viewers had telephoned to complain.

An election due in the

Foreign News Commentary

Something new has emerged amid the ever-shifting sands of Mid-Eastern politics.

It is the surprising strength of the Socialist-minded Baath party which rules in Syria and Iraq, has underground cells in the United Arab Republic and Jordan and is extending its influence among Arabs from the Arabian Peninsula to Tunisia.

This week, through its international party apparatus, it was able to reach across national boundaries and apparently successfully impose a settlement on a quarrel which twice in three days had seen a shift of power in Baghdad, capital of Iraq.

The party, like President Abdel Gamal Nasser of the U.A.R. is dedicated to Arab unity but has been in conflict with Nasser since last spring's abortive attempt to form a new U.A.R. linking the Iraq, Syria, and Egypt.

The quarrel in Iraq erupted between supposedly extremist and conservative elements of the party, and came to a climax on Wednesday with the exile of a deputy premier and an Air Force attack on the presidential palace.

On that same day, Baghdad Radio announced the intra-party quarrel was being referred to the party's international command.

The leading member of this command is Michel Aflak, one of the party's two Syrian founders.

It was this command which announced today that it was taking over control in Iraq until new elections promised within four months.

It also apparently resulted in the recall of Iraqi Deputy Premier Saleh el-Saadi, who on Tuesday had flown into exile in Madrid.

FOOD FOR FRIENDS — Berlin school children help feed animals, and earn some pocket money in the process. When the Berlin Zoo announced it paid about three pennies for every two pounds of acorns, the parks were filled with little acorn collectors.

Saadi is noted for his unyielding opposition to Nasser and for his determination to crush demands of Iraqi Kurds for autonomy.

The Baath party itself has emerged since its founding in 1940 from a philosophy to a force.

Baathists Make Gains — Co-founder with Aflak of the party is former

party is former Syrian Premier Saïh el-Bitar who resigned week in what appears to be another power shift within the party, with younger members taking control.

In Iraq, the Baathists won control in a military revolt last February which overthrew Premier Abdul Karim Kassem.

Washington Window

Soviets Could Aid Democrats

By LYLE C. WILSON

United Press International — There would be some formidable chance taking if the Kennedy administration conducts the President's re-election campaign on the theme of peace-and-prosperity.

The appearance or the reality of peace in 1964 will depend very much on the unpredictable Nikita S. Khrushchev. The Soviet Union's formal promises have proved before this to be all too slender reeds for leaning. The peace part of the Democratic campaign theme will be vulnerable on a day-to-day basis.

Some wild words or wild actions by Khrushchev might destroy the idea that peace actually prevails and that President Kennedy should be paid off for it at the polls. Kennedy, of course, is not a helpless captive of the Russians. The President is a pretty smart operator himself.

Discovery of the wrong kind of missiles in Cuba during the 1960 congressional campaign could have wrecked Democratic chances. But Kennedy's strong action did more than merely to back down. Kennedy's actions also proved to be effective vote getters for Democratic congressional candidates.

New Opportunity Possible — Some hard-nosed Communist maneuver next year might offer Kennedy a splendid opportunity to make some more political hay at the expense of the Republicans. The hazard to Kennedy is that the chips are as likely to fall against as to fall with him in such a situation.

If Khrushchev chose the right sabre and rattled it properly at just the right time and the right place, he might prevent Kennedy's re-election. It was a near thing for the Democrats, in fact, last time.

The prosperity plank of Kennedy's re-election campaign platform would be equally a political hazard, if not more so. The President is well aware of that. It would not be fair to him to suggest that Kennedy proposed tax reduction legislation merely to bolster 1964 re-election prospects. But the President and his associates have been plugging the bill as a measure intended to enable the United States to avoid a business slump, further unemployment, industrial stagnation and the like.

Kennedy was telling the tax cut story to Ohio newspaper editors last week when they were White House guests for lunch. He said the country would avoid a recession if the bill were enacted. If the bill is rejected, Kennedy said, there might be a recession. If it came, this recession would hit in the summer of 1964. It is not necessary to be a practicing politician to understand what a mid-summer recession would do to a President who was campaigning just then for re-election. It would lick him.

Focus On Tax Bill — So the foundation of Kennedy's prosperity plank must be laid on a tax bill which is stuck in Congress although likely to pass in some form next year. Kennedy's own words reflect the urgency with which he needs to get that tax cut through Congress to protect his re-election interests in such states as Ohio, Pennsylvania; Michigan, Illinois and Massachusetts. The President thinks those states would be hit hardest.

Tax bill or no tax bill, there are some cracks in Kennedy's prosperity campaign plank. Unemployment has not responded to what the Democratic President and Democratic Congress have been able to do about it. Some 1960 campaign promises about unemployment remain to be redeemed.

The jobless and their friends are likely to doubt the validity of 1964 prosperity. And the Republicans will ask embarrassing questions.

Students who gulp "pep pills" before examinations in the hope of improving grades are just kidding themselves.

Dr. G. Richard Wendt, professor of psychology at the University of Rochester, reports such pills actually may have the opposite effect. Why? They tend to impair the student's judgment both while he's studying and while taking the test.

Wendt, who has conducted extensive studies on the psychological effects of drugs for 25 years, also finds that students don't realize the potential effects of overdoses of pep pills.

"Like most people, they apparently are not aware that if they take more than the prescribed dose, they can suffer far more harmful effects than the hoped-for benefit such pills are supposed to offer," he said.

The scientist noted that a student who habitually takes pep pills while cramming for exams is likely to overrate the effectiveness of his studying and to become overconfident.

The crutch tends to make the student think less clearly and to express himself less effectively during exams.

"In an oral test," Dr. Wendt said, "he may become extremely talkative, egocentric, and aggressive, and may seriously misjudge the examiner's reaction to his answers."

"Benzedrine, for example, produces quite evident personality changes in some people. Unfortunately, it's very difficult to persuade those who have been taking it that any such change has occurred."

Noting the increasing availability of such pills without a physician's prescription, Dr. Wendt said that many people don't understand the "build-up" effects of certain of the so-called "sustained release" drugs.

GUEST SPEAKER — Mrs. Evelyn Pierce Naca, professional writer and well-known Pampa speaker, will address members of the Business and Professional Women's Club at 7:30 p.m. Tuesday, in the First Methodist Church.

AMA Optimistic Over Report on Medical Schools

CHICAGO (UPI) — The American Medical Association (AMA) Friday issued what it termed an "optimistic report" over the future of medical education in the nation.

The 1962-63 annual report on medical cited an increase in the number of new medical colleges planned, a 10 per cent increase in the number of medical school applicants, and an enlarging

pool of potential medical teachers.

The increase in the number of student applicants, was the first in six years, the report said. Applicants for medical schools in 1962-63 totaled 15,847, compared with 14,381 the previous year.

Preliminary estimates for the 1963-64 class indicate the number of medical school applicants

totalled 18,184.

During the past year plans for new medical schools were announced by the University of Arizona; Mt. Sinai Hospital, New York City; University of Massachusetts; University of California, San Diego; Michigan State University, and Pennsylvania State University.

Five other institutions previously announced construction plans for new medical colleges.

Russians Accuse German Student

MOSCOW (UPI) — The 21-year-old daughter of the first secretary of the West German Embassy here was accused Saturday of distributing anti-Soviet literature at Moscow University while attending lectures there.

The charge, made in the Communist youth newspaper Komsomol, was termed "not worthy of comment" by a source at the embassy who said the girl left Moscow six months ago and is now in Munich.

The newspaper charged that Verina Von Wistinghausen, daughter of first secretary Rudolf Von Wistinghausen, carried out "subversive" activities at the university.

It said she sent out a questionnaire "containing provocative queries of an intelligence character" to other students.

The newspaper described Miss Wistinghausen as "tall, well-built and blue-eyed."

"She entered the university, not with a silencer gun or detonators concealed in her pocket but with weapons of ideological subversion," it said.

Thirteen of the 14 great American tribes of grasses are found in Texas.

Fullbacks — Don McCool, Lefors (20); Eddie Kleibrink, White Deer (10); Joe Wayne "Jody" Holland, Miami (10).

Tackles Lead Voting For Honor Positions

Tackles Bob Patton of McLean and Neil Rogers of Wheeler led the voting in the first annual Pampa Daily News All-Top O' Texas Football Team for 1963. Nominating and voting in the poll were News sports editor Jeff Cohane and News photographer Phil Duncan, plus coaches Colie Huffman of White Deer, Dinnie Goode of Lefors, Derral Davis of McLean, Dwain Currie of Canadian, Bill Hines of Miami, Jack York of Groom, Grady Burnett of Wheeler and Cecil Reynolds of Mobeetie.

Votes were cast on a basis of 10 points for a first-place vote and five points for a second-place vote. If a coach voted a player on his own team for a first place spot, however, the player was only given five points. In addition, each nominee received five points for being placed.

Thus, the maximum amount of points a player could receive was 105. However, a number of the coaches did not vote for both first and second place nominees at all positions, limiting their votes only to players they had seen in action.

Although several players, such as Garmon, Quirk and Craig of Groom, Patton of McLean, Kleibrink of White Deer and Bean of Miami played in several different positions during the season, they were nominated at the position they had played the most games in or shown the most outstanding ability at.

Patton Leads
Patton, the smashing tackle who was tabbed as a one-man

defensive gang by White Deer and Canadian defenders, received the most votes, five first places and two second places out of the group. Sims, biggest man on the team and the only player to have stopped Patton this season, matched him exactly in the voting. Close behind in the voting was Bob Garmon, the hard-hitting tackle-fullback of Groom, while Gene Gee of Lefors beat out Danny Dorman of Wheeler for the other second team spot.

End was a battle royal between five standouts, with Eddie Windom, the defensive terror and Jerry "Rattlesnake" Petree, the area's leading passer-receiver, taking first and Phil Woodring, the hard-hitting end-halfback and Kent Sims, the Wheeler big boy, second, topping Quirk, who was handicapped by seeing only partial duty in several games due to illness.

Marvin Todd, leading Lefors defenseman, led the guard voting all the way, with Jimmy Jamison, Wheeler's "Mr. Five-by-five," edging Miami guard-halfback Hack Coffee for the other first team berth, and Joe Gutierrez edging Larry Lamberson of Groom for the other second-team spot.

Oddly enough, although injured midway in the season, Wes Schultz, the smooth-snapping, hard-hitting White Deer center, tied with defensive standout Stan Swires for the first team center berth, the pair beating out another injured player, Butch Brown of Groom.

Patton Moves McLean Over Pirates, 20-12

By KEITH GEISLER
News Sports Reporter

LEFORS — A referee tackle turned fullback ran like a frightened deer and rumbled like a Sherman tank alternately as he sparked the McLean Tigers to a 20-12 victory over the Lefors Pirates Friday night.

A capacity crowd watched in amazement as the versatile 210-pound Bob Patton ran, smashed, blocked, tackled, punned, passed and scored all the points for McLean, personally outrunning the entire Lefors team in the big traditional closeout for the two teams, and possibly the last as Lefors drops out of district 1-A next year.

Patton, alternating with All-Area fullback Dickie Crockett, who had been playing most of the latter half of the season with a broken hand, showed he deserved his own All-Area selection as he personally ran up 164 yards rushing in 19 carries, as

compared to the entire Lefors' total of 147. In addition, Patton and end Eddie Windom spearheaded the defense that held Lefors to their lowest offensive total of the year.

It took exactly 30 seconds for Patton to score, showing an amazing burst of speed that astonished everyone. The squatty heavyweight went around left end from his 14 on the first play from scrimmage, got several clearing blocks and then literally outran the entire Lefors defense, going 86 yards untouched. Not even breathing hard, Patton then kicked the extra point.

Neither team threatened again until late in the half, when Lefors marched 60 yards to score. Key plays were a 20-yard keeper by quarterback Terry Bromlow, who played his best game of the year, and a 14-yarder by Don McCool. Cates went over from one yard out with a minute left. McCool tried to run the extra point, and the middle of

the McLean line, sparked by Patton, stopped him cold.

Bromlow took the second-half kickoff on his 20. Edgar Brown and Marvin Todd cleared him some running room up the middle and escorted him all the way to the goal line. Harlan Pool broke through to block McCool's conversion kick.

Seven plays later it was Patton again, as he smashed around left end from his 47. Hit by six tacklers, the burly boy stayed on his feet, literally dragging Bromlow the last five yards as he powered across the goal line. Again he teed the extra point for a 14-12 lead.

With three minutes left in the fourth quarter, David Seaneey recovered a Pirate fumble on the Lefors 15. Four plays later, it was that man again as Patton exploded from four yards out. Big Bob decided to fool the people and run the conversion, but was stopped by Edgar Brown.

With the seconds ticking away and no time outs left, Bromlow moved Lefors out as he carried three of four times for a total of 34 yards, being dragged down on the McLean 21 as the gun went off.

Texas Aggies Stun Rice Owls, 13-6

HOUSTON (UPI) — Texas A&M, punchless most of the season, discovered a late-season passing attack Saturday and reserve quarterback Jim Keller led the Aggies to a 13-6 Southwest Conference upset over Rice.

Keller brought the Aggie's passing game to life in the third quarter completing tosses of 14 and 23 yards in A&M's 55-yard drive for their only touchdown of the day.

The loss eliminated Rice for any share of the southwest conference and virtually killed off any chance for a major bowl bid. The Owls are now 5-3 for the season and 3-2 in conference play.

For the Aggies, it was their first SWC win of the year against four losses and a tie and gave them a 2-6-1 record.

The game appeared first as a rout for the Owls when they scored in the first 14 seconds of play on wingback Gene Fleming's 96-yard kick-off runback.

A bad center foiled Rice's chance for the extra point and they led 6-0 before most of the crowd of 46,000 was seated.

The closest the Owls got to the Aggies goal again was midway in the fourth quarter when they fumbled on the Aggie's 17. It was a Rice fumble that set

up the Aggies first score. A 31-yard field goal by Bobby Lee after the Cadets recovered on the Owl 16.

It was the only thing that the Aggies did in the first half as they were limited to 13 yards rushing and seven yards passing.

Then Keller stepped in for sophomore quarterback Charles LaGrange in the third quarter and completed two of three passes for 37 yards and move the Aggies to the Rice five, where back Travis Reagan went over for the score.

It was also Keller's arm that set up the Aggie's last score, a 44-yard, wind-blown field goal late in the fourth quarter.

Keller picked up 38 yards in the drive through the air completing two of two and setting up Lee's unneeded field goal with 2:43 left.

Keller completed four of five passes for 75 of A&M's 82 yards through the air. Fleming led both teams in rushing picking up 38 yards in 13 attempts.

Rice 6 0 0 0-6
A and M 0 3 7 3-13

Scoring:
Rice — Fleming 98 kick off return (kick failed)
A&M — FG Lee 31
A&M — Reagan 5 run (Lee kick)
A&M — FG Lee 44
Attendance: 46,000.

It was also Keller's arm that set up the Aggie's last score, a 44-yard, wind-blown field goal late in the fourth quarter.

Keller picked up 38 yards in the drive through the air completing two of two and setting up Lee's unneeded field goal with 2:43 left.

Keller completed four of five passes for 75 of A&M's 82 yards through the air. Fleming led both teams in rushing picking up 38 yards in 13 attempts.

Rice 6 0 0 0-6
A and M 0 3 7 3-13

Scoring:
Rice — Fleming 98 kick off return (kick failed)
A&M — FG Lee 31
A&M — Reagan 5 run (Lee kick)
A&M — FG Lee 44
Attendance: 46,000.

Follett Panthers Pound Miami Warriors, 32-6

By MIKE MCHONE
News Sports Reporter

MIAMI — Driving winds and Larry Schilling made a combination that was too much for the Miami Warriors Friday night as the Follett Panthers closed out the season with a 32-6 win.

With winds of over 35 miles an hour blowing into their faces, the Warriors were unable to punt in either the first or third quarters, setting up two of the first three Follett touchdowns.

Trying to make fourth and one on their 40 early in the game, the Warriors lost the ball, and Follett moved to the six in five plays, with Schilling barreling up the middle for the touchdown.

Four plays after the kickoff, Jody Holland's punt was partially blocked on the Miami 38 and Mike Simpson grabbed it as it went straight up and took it to the four down the right side lines. Schilling then went over for the second TD.

Late in the quarter, Miami again had to gamble on fourth down and fumbled, with Follett taking over on the Warrior 33. George Treadford and Schilling carried to the two in three plays and quarterback Lonnie Appel dove over.

Late in the second quarter, Alvin Jennings intercepted a pass at midfield and the Panthers ground to a score in 17 plays, with Schilling going over from inside the one. Gerald Pearsall passed to Jennings for

the conversion and a 26-0 half-time lead.

The wind set up the final Follett touchdown in the third quarter as Miami again failed on a fourth down try. Follett took over on the Warrior 40 and three plays later, were in for a touchdown, only to have it nullified by a penalty. Jennings then proceeded to do it over again as he uncorked a bomb to Schilling for a 40-yard touchdown.

Miami put on their first drive early in the fourth quarter, Roy Bean and Wayne Daugherty moving the ball from their 30 to the Follett 40 in 11 plays. Daugherty then hit Lewis Holland with a pass and Little 'N' ran it to the one-yard line. On the next play, Miami fumbled and Ronnie Pinckert recovered.

Six plays later, Bean intercepted a pass on the Follett 40 and streaked back for a touchdown behind blocks by the Holland boys.

Bean finished with 76 yards rushing in 15 carries and the Little 'N' had 32 yards. Leading defenders were Hack Coffey, Jody, Daugherty, Ken Gill and David Bowser.

UT Longhorns Blank Horned Frogs, 17-0

AUSTIN, Tex. (UPI) — The University of Texas defeated Texas Christian 17-0 Saturday to nail down a tie for the Southwest Conference championship and the Longhorns' third straight trip to the Cotton Bowl.

The victory, nine of the season for the top-ranked, undefeated Longhorns, moved Texas to within one game of the national championship and its first perfect season in 43 years.

Duke Carlisle again masterminded Texas on two touchdown drives and barefooted Tony

Crosby kicked a 42-yard field goal, the longest of his career, to keep Texas at the head of the national standings for the sixth consecutive week.

Fullback Tom Stockton, who was almost held out at the beginning of the season because of so much talent in front of him, scored one of Texas' two touchdowns and chewed up 89 yards in 21 carries.

Phil Harris scored from the three at the beginning of the second period for the Longhorns' first touchdown. Stockton's score also was from the three in the closing minutes of the third period.

Stockton won a starting assignment after Harold Philipp, who had replaced Ernie Koy on the first team after Koy suffered a shoulder separation, was injured himself in last week's game with Baylor.

The victory and Texas' spotless 9-0 season record was an impressive one for the mighty Longhorns. It was their 450th win on the football field and their 35th since Coach Darrell Royal took over in 1957. This tied the all-time coaching record for Texas held by fabled Dana X. Bible.

The loss was the third in a row for TCU, and was the first time the Horned Frogs had been beaten on Texas' home field since 1957. Twice previously TCU came to Texas with the Longhorns holding down the No. 1 national ranking and upset Texas. That was in 1959 and 1961.

Texas got off to a slow start, going more than half the opening period before they gained a first down. But Carlisle's click-offs to Stockton began to click and the first quarter ended with the Longhorns with a first down only 10 yards from the Horned Frog goal.

Tailback Tommy Ford, the top ground gainer in the conference, carried 14 times for a net 46 yards. Carlisle mixed some fair passing with his handoffs and netted 91 yards on seven completions out of 17 throws.

Texas' first score was set up by a sensational one-hand pass interception by Anthony King who returned the ball 21 yards to the TCU 44. The hard-charging Texas line held TCU to 34 yards rushing and 136 yards in the air.

Texas 0 10 7 0-17
TCU 0 0 0 0-0

Scoring:
Texas—Harris 3 run (Crosby kick)
Tex—FG Crosby 42
Tex—Stockton 3 run (Crosby kick)
Attendance 58,000.

Choices In HS Berths

By United Press International

Top-ranked San Angelo and Dumas led a parade of 19 Class AAAA and AAA teams into the Texas schoolboy football playoffs Friday night, while district committees met Saturday to settle disputes that kept the Class AA and A divisions from completely filling their playoff brackets.

San Angelo beat Abilene Cooper 20-0 while Abilene High knocked Big Spring out of the 2-AAAA race 35-14 to give San Angelo the title.

Dumas, seeking its third consecutive state AAAA crown, blitzed previously unbeaten-untied Phillips 41-0 to clinch the 1-AAA berth, and San Antonio Brackenridge of 16-AAAA, defending Class AAAA titlist, clinched a return to the playoffs with a 34-0 romp past Harlandale McCollum with Warren McVea scoring 36 points to boost his season total to 241 points.

Class AA's defending champion Jacksboro had clinched a return earlier, while Class A titlist Rotan failed to get outside its district.

More Winners

Joining San Angelo and Brackenridge in sewing up AAAA playoff spots Friday night were Amarillo Tascosa despite a 14-14 tie with Borger, Fort Worth Paschal with a 20-0 win over Arlington Heights, Port Arthur with a 49-6 defeat of Beaumont High, Pasadena by beating Baytown 25-14, Temple by stopping Killeen 14-0 and San Antonio Lee by beating Harlandale High 20-0.

Moving up with Dumas were Andrews by beating Monahans 14-0, Snyder by trimming Colorado City 21-14, McKinney by besting Sulphur Springs 14-8, Corsicana by beating Athens 37-7, Conroe with a 32-7 victory over Huntsville, El Campo with a 29-8 win over Angleton, La Marque with a 42-14 defeat of La Porte, Gonzales by beating Beeville 34-0, South San Antonio by stopping San Antonio Marshall 14-0 and Pharr-San Juan-Alamo with a 25-0 win over Falfurrias.

Orange lost a chance to sew up the 9-AAA berth by losing to Silsbee 15-8 and now those two clubs and Nederland are in a three-way tie which will have to be broken by a district committee.

Garland of AAAA and Palestine "of" AAA previously had clinched playoff berths.

Dalhart Leads Way

Top-ranked Dalhart paced the way into the AA playoffs, which open next week, and was joined Friday night by Wichita Falls Hirsch, Crane, Dublin, Paul Hewitt, Katy, Beaumont Forest Park, Missouri City, Palacios, San Antonio East Central, Van, San Saba and Taylor to completely fill the AA ranks.

In Class A, Friday night's advancers included Farwell, Big Lake, Goldthwaite, Henrietta, Van Alstyne, Jefferson, San Augustine, Elkhart, Rosebud, Bastrop, Hull - Daisetta, Houston King, Woodsboro and Rio Hondo.

Here's how the AA and A teams will be paired next week in bi-district play:

CLASS AA
Dalhart vs. Tullia, Muleshoe vs. Denver City, Wichita Falls Hirsch vs. Winters, Crane vs. Dublin, Jacksboro vs. Mansfield, Rockwall vs. Lake Highlands, Paul Hewitt vs. Linden-Kildare, Van vs. Pine Tree, West vs. San Saba, Rockdale vs. Taylor, Katy vs. Livingston, Liberty vs. Beaumont Forest Park, Missouri City vs. Palacios, San Antonio East Central vs. Hondo, Sinton vs. Bishop, Hebronville vs. Donna.

CLASS A
Stratford vs. Wellington, Farwell vs. Petersburg, Seagraves vs. Merkel, Canutillo vs. Big Lake, Goldthwaite vs. Albany, Henrietta vs. Keller, Clifton vs. Midlothian, Frisco vs. Van Alstyne, Jefferson vs. Emory, White Oak or Hallsville vs. San Augustine, Elkhart vs. Rosebud, Round Rock vs. Bastrop, Hull-Daisetta vs. Houston King, Louise vs. George West, Boerne vs. Somerset or Dilley, Woodsboro vs. Rio Hondo.

Thrashers Crash To 28-22 Win

BOOKER (Sp) — James Williamson plunged two yards midway in the fourth quarter for the fourth Pampa Thrasher touchdown and a come-from-behind 28-22 victory over the Booker Kiowas Friday night.

The speedy Kiowa backfield, one of the fastest in the Panhandle, scored three times on long gainers, but the steady running of Williamson and San Williamson and the passing of Kyle Vann matched them in the scoring, while a rugged defense led by Trigger Evans, Randall Scott and Ronnie Kline contained them the rest of the way.

Operating out of the single wing, tailback Bill Hughes faked beautifully midway in the opening quarter and bootlegged 40 yards for a touchdown. Jim Meier then ran the conversion for an 8-0 lead. Pampa marched 62 yards in the final minutes of the period, with the key play a fourth-and-1 situation which saw Vann complete a 20-yard pass to Grover Ray. Williamson pulled the last 15 yards and the lead was cut to 8-6.

On the second play from scrimmage in the second quarter, Hughes connected on a 70-yard pass play to Butch Henton, with Bill Stone running the conversion for a 16-6 lead.

Pampa took the kick back to the 48, and on the first play, Vann fired the bomb to Timmie Woods, who took it all the way as Ricky Maynard threw the key block. Williamson ran the conversion behind Larry Leonard and Ronnie Babcock to cut it to 16-14.

As the second half opened, Sloape, Slovajak, Booker's 9.9 track champion, showed his speed as he fled 70 yards with a punt return to make it 22-14. Just before the end of the quarter, Vann unlimbered his bag of tricks and sidled 23 yards on a bootleg for a touchdown. It was San the Man again as the redhead ran for the tying conversion.

Pampa marched 70 yards in the final frame with Williamson and Williamson doing the bulk of the carrying and Williamson diving over from the two for the winner.

Tommy Henley stopped a Booker threat with a pass interception on his 20, and Vann led a defense that stopped another Kiowa drive on the 16.

Pampa ran out the clock, but with 40 seconds left, the Thrash-

ers were on their 20, faced with the prospect of booting into the strong wind. Vann faked a quick kick and handed off to Woods, who slithered 20 yards for the first down that clinched the victory.

Kentucky Upsets Baylor By 19-7

WACO, Tex. (UPI) — Kentucky sophomore quarterback Rick Norton won a passing duel with Baylor's Don Trull in a 4-mile an hour wind Saturday to lead the Wildcats to a 19-7 inter-sectional football upset.

Three pass interceptions, one by halfback Darrell Cox for a 42-yard touchdown, helped Kentucky. The Wildcat line pressed Trull, the nation's leading passer, and threw him for losses on several key plays.

After trading wind - blown punts most of the first half, Kentucky scored 13 points in less than a minute to give them a lead Baylor was never able to challenge.

After Kentucky received a punt on their own 34, Norton passed to Cox for 10 and 42 yards to give the Wildcats a first down on the Baylor 13. Three plays later, Norton hit end Rick Kestner in the end zone for the touchdown. Tackle Rich Tucci's kick was good.

Trull then completed a sideline pass to end James Ingram at the Baylor 38, then tried the same play again. This time Cox streaked in front of Ingram, snatched the ball and went 42 yards straight down the sidelines for another score with 49 seconds left in the half. Tucci's kick failed.

Early in the fourth quarter, Kentucky fullback Ken Bocard went one yard over right guard for a touchdown, capping an 82-yard drive.

Kentucky drew a 15-yard penalty on the kickoff, giving Baylor the ball on the Kentucky 47. Trull began throwing passes as fast as Baylor's pro-type offense could line up. He pitched short over the line to end Ken Hodge, who ran 39 yards to the Kentucky eight.

After trading wind - blown punts most of the first half, Kentucky scored 13 points in less than a minute to give them a lead Baylor was never able to challenge.

After Kentucky received a punt on their own 34, Norton passed to Cox for 10 and 42 yards to give the Wildcats a first down on the Baylor 13. Three plays later, Norton hit end Rick Kestner in the end zone for the touchdown. Tackle Rich Tucci's kick was good.

STRATFORD WINS
STRATFORD (Sp) — The district 1-A champion Stratford Elks stayed in shape for their bi-district battle at Pampa next Friday night with a 28-6 win over Gruver Friday.

Gruver scored first, but Stratford tied the game in the opening period on a pass from Jimmy Hudson to Duane Pittman, scored in the second quarter on another Hudson pass to his brother Gary; sent Gary over again in the third quarter, once more in the fourth quarter, and then went back to Jimmy for another TD pass to Pittman.

Bama Batters Georgia Tech
BIRMINGHAM, Ala. (UPI) — Seventh-ranked Alabama combined the driving runs of halfbacks Benny Nelson and Hudson Harris with a timely defense Saturday to defeat Georgia Tech 27-11 in a bruising Southeastern Conference battle.

Colorado Crushed By Kansas, 43-14
BOULDER, Colo. (UPI) — National rushing leader Gale Sayers and two speedy fellow Kansas half-backs demolished the Colorado line Saturday as the Jayhawks ground out a 43-14 Big Eight football victory in a cold rain.

Sayers set a Kansas individual career rushing record as he and halfbacks Ken Coleman and Armond Baughman chewed up the outclassed Buffalo defense.

MATADOR WINS
TURKEY (Sp) — The Matador Matadors wrapped up the district 6-B crown and the right to meet Wheeler in bi-district as they romped over the Turkey Turks here Friday night, 42-14.

Matador wrapped it up in a hurry as they scored 30 points in the first quarter.

Leading scorer for the Matadors was 205-pound fullback Richard Campbell, who had four touchdowns and a conversion run.

NEBRASKA EDGES OKLAHOMA STATE

STILLWATER, Okla. (UPI) — Ninth-ranked Nebraska withstood a bristling Oklahoma State rally in the fourth quarter Saturday to notch a 20-16 Big Eight victory.

Nebraska, clicking well behind sophomore quarterback Fred Duda, had built up a 20-3 lead when Oklahoma State made its move. Cowboy quarterback Mike Miller rallied his forces for two touchdowns in the final period, but they came too late.

Bowling

By MAXINE HAWKINS

The Pampa Woman's Bowling Association would like to thank the bowlers who contributed to the Charity Tournament trophy fund. The trophy, Scotch Doubles, starts at both houses today. Trophies will be awarded at the end of each week for four weeks. Proceeds will be donated to the local Exceptional Child Association.

The Garden Lanes Ladies team placed 3rd in the Perryton tournament. Abbie Archer and Allene Coker placed in the doubles as Abbie rolled games of 171, 184, and 165, a 680 hdp. series. Allene had a handicap 874. Abbie posted a 620 in singles for a 1875 all events. Ruth Wilson, Jeanie Kucker, Jennie Deaton, and Sara Farley also posted high singles scores.

This was a week for picking up splits. Naomi Herring, Ann Dittmore, Inez Snider, and Dorothy Jeffries converted the 6-7-10; Fredia Otley, 4-5-7; and Ketha Clifton, 2-7-10. Harold Gosnell and Lonnie Powell converted the 4-6. It is a trick to leave the 7-9-10, but Hart Warren did — and brought it. Harvey Taylor somehow managed to leave the 4-6-7-9 in the tenth frame. After converting it, he was "so shaken" he only got one pin with his extra ball. In the junior league, Chris Beck converted the 5-6-10 and the 3-10.

Joe Wells had high game with a string of seven strikes for a 245. Ray Chastain had a turkey and a string of five strikes for a 241. The next game, the strikes changed to splits for a 119. Kenneth Wesson placed a 128 and a 161 on each side of a 232. Fred Neslage placed a 231 and a 189 on each side of a 110. Wayne McKinney was nine pins under his series average with games of 111, 212 and 136. Bob Gault had the big four split in the tenth for a 230. Other high games were Jim Adkins, 234; Charlie Webb, 232; John Snuggs, 228; Dwight Mackie, 227; and Ronnie Havens, 227 for a 610.

Hoyt LaRue, (143), shot his first 200 and 500 with a 217 game and 526 series. Mary Morgan, (129) also had a first-501. Tinker Dittmore, (140) shot his best this week with games of 193, 164 and 178 for a 535. Others over their averages were Bill Jack (154), 508; Wesley Vaughn, (150) 513; Joe Stenbridge, (130) 194; Hart Warren, (157) 199, 194, and 159; Rosco Mounce, (158) 189, 187 and 175; Drel Dupuy, (158) 184, 180 and 182; Phondia Sierman, (108) 138, 145 and 194; Helen Low, (138) 155 and 172; Karla Ross, (120) 160 and 151; Betty Jack, (134) 170; and Viola Bullard, (118) 176. Harmon Crutcher had a 203; Ron Rogers a 200; and Dock Stuart a 202.

Dorothy Osborne and Richard Johnson were Bowlers of the Week. Dorothy rolled a 225 game for a 573 series. Richard had a 212, 197 and 201 for a 592. Peg Kasteln rolled a 201 for a 562 in one league, and a 202 for a 511 in another. Other highs were Kay Minadoe, 210; Dorothy Vaughn, 212 - 514; Marilyn Erickson, 211 - 529; Kathy Parsley, 210; Elaine Riddle, 199 and 200 - 541; Mary Ray, 200; Lana Reading, 197 - 521; LaVerne Henson, 193 - 520; Vi Dunham, 196; and Eva Frazier, 178.

The guy's highs were Bill Ladd, 236; Dale Haynes, 231; George Gray, 224; Red Watson, 223; Jess Graham, 220; Wilber Waggoner and Jessie Smart, 222; Jim Weatherly, 213 - 201; R. O. Johnson, 218; Ned Pryor, 214; James Cantrell, 213; Bill Abernathy 209 - 211; Rudy Taylor 197 - 215; O. S. Epperson, 205; and Buddy Epperson, 212. Johnny Reynolds had an unusual series of games of 187, 157 and 196. He had 15 nine pin hits with all nines or strikes in the last game. He had only six frames with less than nine on the first ball.

SMU Comes From Behind Over Razors

DALLAS (UPI) — Southern Methodist, harried by bad breaks much of the afternoon, game up with the clutch play on offense and defense in the last half to send favored Arkansas reeling to its fifth defeat of a dismal season Saturday 14-7.

Speedy backs Larry Jernigan and Billy Gannon and sophomore tackle Mike Moore were the heroes of SMU's second consecutive Southwest Conference victory with key runs, interceptions and tackles as SMU spotted Arkansas a first-possession touchdown and then applied a defensive clamp.

SMU's touchdowns came on a five-yard Tommy Caughran-to-Bill Harlan pass in the first quarter and on soph quarterback Mac White's one-yard sneak in the third quarter, but each time Jernigan, also a sophomore, had helped set up the scoring plays.

Arkansas capitalized on a break on the opening play of the game — the kickoff — and went on to march 47 yards to score on a one-yard sneak by Fred Marshall, utilizing ground power exclusively. That was the last time, the Razorback ground game ever clicked in the face of the stunting SMU defenders.

The Razorbacks did march 78 yards down to the SMU two-yard line in the second quarter on Marshall's passes to Jerry Lamb and Stan Sparks, but

there SMU stiffened and the Razorbacks never threatened again.

Even in that long march, it took two fourth-down offside penalties against SMU to keep the surge alive.

The second SMU touchdown came on a break — just about their only one of the afternoon — in the opening minutes of the third period when a bad snapback caused Arkansas punter Tommy Moore to be tackled on his own 10-yard line. Jernigan, who had gotten loose for a 29-yard pass-run in the first SMU drive, turned in a key eight-yard smash in this one.

Moore kept the pressure on the Arkansas backs and slowed them up enough for his teammates to get credit for the eventual tackles.

Arkansas wound up with only 86 yards rushing against its per game average of better than 140 yards and could muster but 73 yards on seven pass completions.

Jernigan and Tom Sherwin led an SMU rushing attack that netted 142 yards, while the Methodist air arm clicked for five out of seven and 56 yards in its sparing use.

Oklahoma Downs Tough Missouri

COLUMBIA, Mo. (UPI) —

Sophomore Larry Shields scored two touchdowns Saturday, one on a 65-yard punt return, to lead sixth-ranked Oklahoma to a 13-3 victory over Missouri. The victory, Oklahoma's fifth without defeat in the Big Eight conference, set the stage for next week's championship meeting between Oklahoma and undefeated Nebraska.

Shields, a halfback, put Oklahoma into the lead in the early minutes of the game when he caught a punt on the 35-yard line and raced down the sidelines for a touchdown. He scored the second touchdown from the two-yard line late in the fourth period.

George Jarman kicked the extra point after Shields' second touchdown. He missed the conversion attempt in the first period. Missouri's lone score, its first against Oklahoma since 1960, came late in the second period on a 43-yard field goal by Bill Leistriz. Missouri, which has not beaten Oklahoma here since 1945, had an opportunity to take the lead in the second period after recovering a fumble on the Oklahoma 34-yard line. Missouri drove to the Oklahoma seven but then lost possession on a fumble of its own.

Groom Rolls With Shutout Over Textline

GROOM (Sp) — Groom quarterback Dan Craig closed out his high school career in a blaze of glory Friday night as he scored twice and led his Tiger team to a 28-0 shutout of the Textline Tornados in the final district 5-B game.

Textline never penetrated the Tiger 20, while the Bengals drove deep into Tornadoland throughout the game, with penalties and a stubborn Textline defense stopping two more scoring threats. Craig climaxed the opening drive by going over from 15 yards out, with fullback Big Jerry Quirk powering over the two-point conversion. In the second quarter, it was Bob Garmon, alternating with Quirk at fullback, who plunged for a five-yard score and added his own conversion. Quirk came back in the second half and climaxed another drive with an eight-yard tally. Craig closed out the scoring in the third quarter when he bootlegged the last 10 yards.

Navy Clinches Bowl Bid

DURHAM, N. C. (UPI)—End Dave Sjuggerd ran a pass interception for a touchdown Saturday to help 2nd-ranked Navy to a 38-25 victory over Duke and practically assure the Mid-dies of a berth in a New Year's bowl game.

Range Management Section Plans Meeting at Lubbock

LUBBOCK (Sp) — The 1963 annual meeting of the Texas section of the American Society of Range Management will be held Dec. 13 and 14 in Lubbock's Pioneer Hotel, according to Dr. Thadys W. Box, a member of the ASRM and associate professor of agronomy and range management at Texas Tech.

The program for this meeting is "From the Range to the Dinner Table." Featured speaker at the installation of officers and annual banquet meeting is Ace Reid, nationally syndicated cartoonist. Reid's cowboy cartoon characters are seen daily in newspapers in all parts of the United States.

The two-day meeting is open to ranchers and beef cattle producers in Texas and neighboring states as well as ASRM members. Registration will be at the Pioneer Hotel from 8:30 to 9:45 a.m. Dec. 12. The initial session will be held later that morning. Speakers during the meeting

will include Rudy Pederson, San Angelo range conservationist, Dr. George Ellis, manager of the Texas Tech Research Farm, Pantex, and Dr. Mina L. a m. b. head of the department of foods and nutrition at Texas Tech.

Also included as speakers are Curtis Fawcett, of the agriculture department, Southwest Texas State College, San Marcos; Garlyn Hoffman, range extension specialist with Texas A&M, and Ed Robertson, Tech research assistant.

Topics to be discussed during the meeting will cover the role of range management in producing cattle, range management as seen by the rancher's wife, production efficiency in range cattle, the meat we choose to eat, the moral obligation to the range, ranchers' opinions of the American Society of Range Management, and techniques of interseeding abandoned farmland.

Do-It-Yourself Dream Come True

DO-IT-YOURSELF DREAM—With a financial boost from Uncle Sam, three Goshen, Calif., families have lifted themselves out of substandard life in rundown shacks and into new homes with modern conveniences. In top photo, Mr. and Mrs. Lucio Gomez, whose family is one of the three, sit on the front porch of their old home to discuss loan details with John Wilson, county supervisor with the Farmers Home Administration of the Department of Agriculture. The people taking part in the experimental do-it-yourself rural home program depend on seasonal farm work. They are self-supporting but do not earn enough to qualify for conventional loans. The average government loan is for \$6,000. Below, Lucio Gomez plants shrubbery before the home which he built with his own hands at a saving of over \$3,000 dollars. He will have 33 years to pay off his government loan at four per cent.

Ed Murrow Abandons His TV 'Trademark'

WASHINGTON (UPI) — Edward R. Murrow, one of the nation's most famous chain-smokers until he lost a lung to cancer last month, apparently has given up cigarettes.

But his brother, retired Air Force Brig. Gen. Lacey V. Murrow, said it might not make any difference anyway. Gen. Murrow said his brother, who

is director of the U.S. Information Agency, "never inhaled a cigarette in his life."

Gen. Murrow, four years older than his brother at 59, said he also lost a lung after a tumor was discovered about three years ago. He said he "unwisely" has never stopped smoking and, unlike his brother, he inhales.

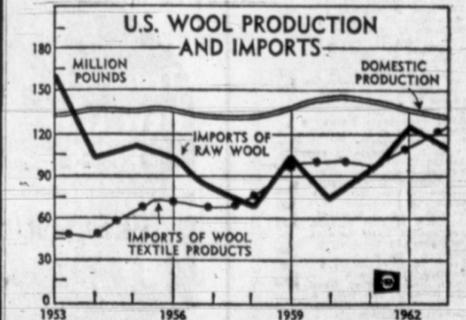

Edward Murrow, a veteran newsman whose trademark in his television days was a cloud of smoke from an ever-present cigarette, returned to work Tuesday for a few hours. Associates said he would report to his office again next Monday

and then would come in a few hours each day, gradually increasing his workload as his strength returns.

Murrow went to the hospital for a check after developing throat trouble during a speaking engagement. On Oct. 5 he underwent exploratory surgery during the course of which a tumor was discovered on his left lung. The lung was removed and a biopsy later showed the tumor was malignant.

"K" has changed its shape less than any other letter in the history of the alphabet, according to the Encyclopaedia Britannica.

"Lightnin'" was the first play to run more than 1,000 performances on Broadway. It starred Frank Bacon.

WOOL GATHERING—Outlook for the wool industry in 1964 is continued decline in production and continued increase in imports of finished wool textiles. So says the U.S. Department of Agriculture, which also predicts that U.S. producers of shorn wool will receive slightly lower prices than in 1962 and 1963. Textile mill demand for wool will also be moderately less than in 1963.

On the Farm Front

Marketing Cost Continues to Rise

By GAYLORD P. GODWIN
WASHINGTON (UPI) — Marketing is big business. For confirmation, take a look at the food marketing bill in the United States in 1962.

The Agriculture Department has estimated that food stores and restaurants took in a whopping total of \$64.3 billion last year. Of this, about \$42.9 billion was for the marketing bill, considerably larger than the farm value of the food products involved, \$21.4 billion.

The 1962 marketing bill was 3 per cent greater than that of 1961. The increase compares with an average annual hike of 4 per cent for the last 10 years. The bill for 1963 is expected to be similar to that of 1962.

The department said most of the 1961-62 increase was due to the greater volume of food handled by the marketing system. The remainder was the result of higher unit marketing charges.

Between 1961 and 1962, the

farm value of the foods rose 2 per cent. This equaled the annual average increase for the past five years.

The department said prices at the retail food store increased somewhat less than 1 per cent from 1961 to 1962, although prices of food eaten away from home were up 3 per cent.

Who gets the money that is paid for marketing?

A department study shows the biggest slice of the marketing bill pays for the direct labor costs related to marketing domestic farm foods. These costs in 1962 totaled \$19.4 billion, nearly half the total.

The cost of labor was up 4 per cent from 1961 and about 15 per cent above the 1957-59 average. The 4 per cent increase in 1962 was due equally to a rise in the volume of products marketed and a rise in the labor cost per unit of product, the department said.

Charges for transportation — part of the marketing bill — were tentatively estimated at \$4.3 billion in 1962, up 10 per cent from the 1957-59 average.

The department said manufacturers took 60 per cent of the total corporate profits before taxes. Retailers had the next largest share; wholesalers the smallest.

Cotton Bill Would Not Cut Acreage Below 16 Million

WASHINGTON (UPI) — The chairman of the House Agriculture Committee says if the cotton bill is enacted, the minimum acreage allotment will not have to be reduced below 16 million acres.

Rep. Harold Cooley, D-N. C., said the necessity of lowering

the statutory minimum acreage allotment below 16 million could be avoided by the next Congress. His remarks were inserted in the Congressional Directory.

Cooley said without the bill, reduction of the statutory minimum would be inevitable. Cooley's bill, cleared for House action this month but not taken up in the Senate, would end the two-price cotton system by paying a domestic subsidy. It would allow American buyers to get domestic cotton at the same price paid by foreign textile mills.

At the same time, they expressed confidence that national unity will be strengthened as a result of recent racial turmoil.

Their statement was issued by the executive office of the National Catholic Welfare Conference after President Kennedy conceded that Congress was unlikely to complete action on his civil rights bill this year.

In a speech Friday before the AFL-CIO convention in New York City, Kennedy put top priority for the first time on his tax-reduction bill. Earlier, he had expressed confidence that both measures would be passed during the 1964 session of Congress.

Bishops Decry U.S. Secularism

WASHINGTON (UPI) — The nation's Roman Catholic bishops Saturday linked the slowness of Negro gains in civil rights to a growing secularism and materialism among Americans.

At the same time, they expressed confidence that national unity will be strengthened as a result of recent racial turmoil.

Their statement was issued by the executive office of the National Catholic Welfare Conference after President Kennedy conceded that Congress was unlikely to complete action on his civil rights bill this year.

In a speech Friday before the AFL-CIO convention in New York City, Kennedy put top priority for the first time on his tax-reduction bill. Earlier, he had expressed confidence that both measures would be passed during the 1964 session of Congress.

FARM MARKET TRENDS

United Press International
Wheat farmers for the first time in many years are telling a tale of a crop that started off the season on rather shaky—and parched—ground.

A prolonged dry spell in the nation's largest winter wheat producing states not only delayed seeding activity, but also hampered germination. Seeding is normally completed in early

October, but the government reported that winter wheat was only 90 per cent seeded as of Nov. 1.

The Midwest cattle market can't seem to shake a depression that has plagued it for six weeks straight. Hogs traded lower for the fourth consecutive week, but sheep prices bounded for moderate gains.

Steers and heifers sold steady to 50 cents per 100 pounds lower, except steady to 50 cents higher at St. Louis and Kansas City. Cows were steady to 1.00 lower, bulls steady to 50 cents off, vealers steady to \$2.00 higher and feeder cattle steady to 50 cents higher.

Soybeans paced a heavy grain futures market this week on the Chicago Board of Trade. Traders took profits in soybean's as they awaited new buying incentive. Demand based on a bullish government crop estimate was short-lived. Prices tumbled nearly 11 cents a bushel.

A 3-cent drop in old crop wheat reflected disappointment over the unsettled wheat deal with Russia. A moisture shortage in the Southwest held new crop wheat within fractions of last week's close. Corn lost 3 cents on hedging by elevator houses. Oats dropped 2 cents on liquidation and rye fell 4 cents with wheat.

Cheese sold unchanged this week while live poultry was unchanged to a cent lower. Egg prices rose 7 cents and butter was unchanged to fractionally lower.

Russet potatoes were about steady while round reds were barely steady to slightly lower. Onions finished on the uptrend.

Pampa 1963 Construction Nears \$4-Million Mark

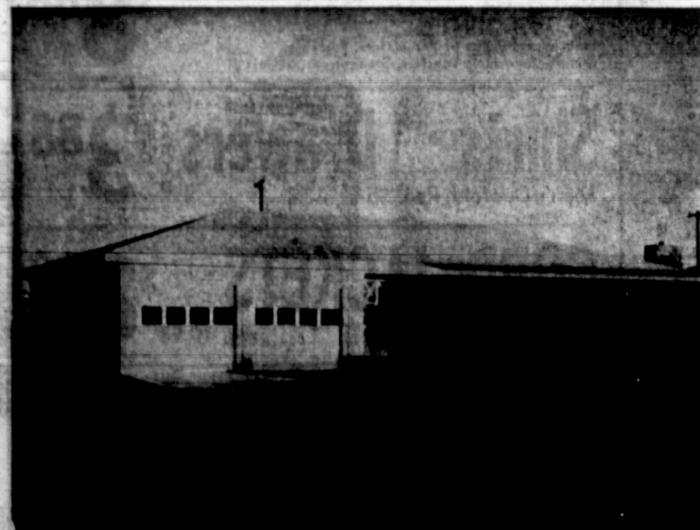

THIS DRIVE-IN at 1320 N. Hobart will be open for business soon, giving Pampa another place to dine.

NEW APARTMENTS being constructed at 801 N. Nelson by Top O' Texas Builders at a cost of \$350,000 are shown here.

A HOME FOR SALE is shown in the above photograph which is nearly ready for occupancy.

PEOPLE BUILD their own homes to their exact specifications, due to the fine quality, fair dealing craftsmen of Pampa offer.

New Coronado Center Hikes Building Figures Over Area

By PHIL DUNCAN
Pampa Daily News Photographer

Construction in Pampa is rapidly approaching the \$4 million mark as building within the city limits and immediate surrounding areas, including Coronado Center, reached a total Saturday of \$3,889,148 thus far in 1963.

New structures not only mean additional places to shop, eat or trade, but an increased payroll and increased revenue for employers.

Also, large amounts of the construction on these new buildings is done by local carpenters, bricklayers and electricians. This not only boosts the income of these craftsmen, but makes it possible for their businesses to increase in proportion to the growth of the city.

The construction now under way within the city limits has reached a total of \$1,250,000.

The building trend in the city, after taking a rapid fall since 1956, has reached its highest point since that time when it was \$897,600.

Business establishments constructed in 1962 were valued at \$29,000. Thus far in 1963, with almost two months left in which to get a permit, businesses constructed or now under construction within the city limits, are valued at \$275,500.

Some of the buildings are shown on this page. These represent only about one-fourth of the year's building, but show the variety of construction over the city.

Everything from a \$250,000 rest home to a \$10,000 drive-in, gas stations to churches and department stores to apartment houses are being built.

The new \$2 million Coronado Center accounts for the largest amount of growth. The new Montgomery Ward store, valued at approximately \$500,000, was the first to be completed and open for business. The Dunlap's store, now under construction, is valued at more than \$350,000 and plans opening in the latter part of February. More than half of the \$2 million shopping center is yet to begin construction. Some of these stores include a barber shop, a beauty salon, a grocery store, a variety store and a drug store.

In noticing the growth of Pampa, one cannot help but notice the new houses being constructed. Total value of homes constructed in Pampa in 1962 within the city limits was \$300,800. While thus far in 1963, with several more houses planned for construction before the end of the year, the total has reached \$423,500. This total surpasses any year since the oil boom era. The houses being constructed within the past two months have an average construction cost of \$12,500.

Pampans are not allowing their homes to decrease in value either. Permits have been issued in 1963 for remodeling valued at \$114,923. This total again includes only structures within the city.

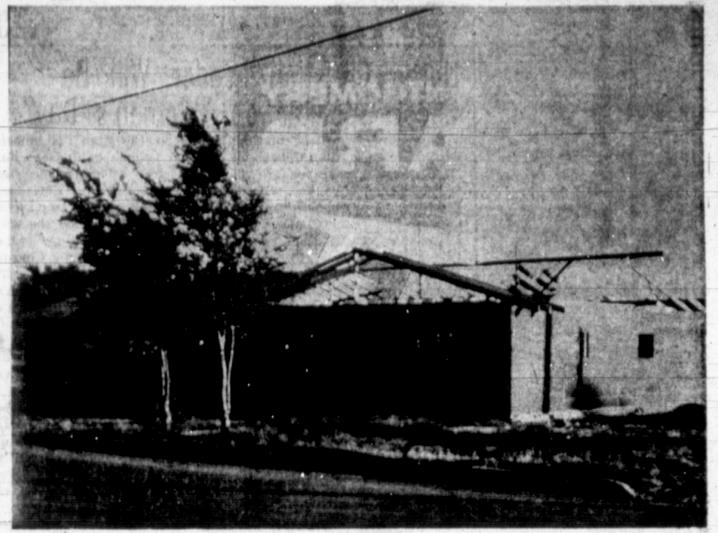

The Gibson's Discount Store, located at 2211 Perryton Parkway, was valued at \$300,000. The new apartment buildings being constructed by Top O' Texas Builders, located at 801 N. Nelson, are valued at \$350,000.

Pampans are not only investing money in material growth, but in spiritual growth. More than \$250,000 remodeling or construction of churches is underway.

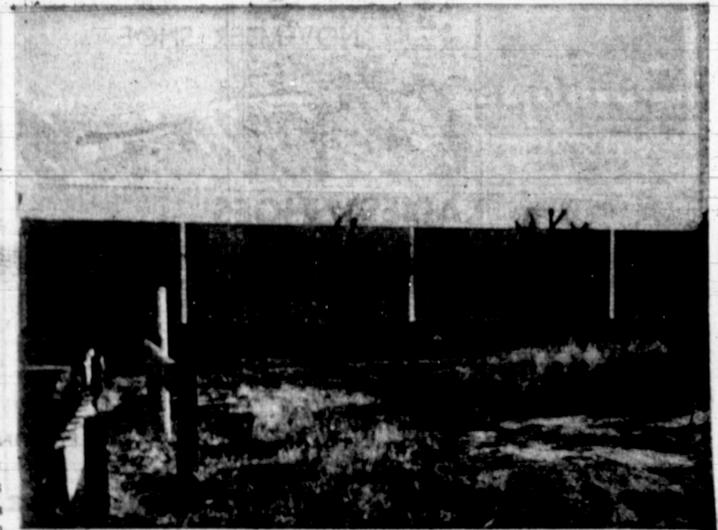

These buildings are supervised during construction and owners must file in the city engineer's office the type of buildings and the particulars of its structure. This assures the buildings will be safe. Total cost of building permits issued thus far in 1963 is only \$2,248 for the \$4 million worth of construction for a city at the Top O' Texas that is on the Go!

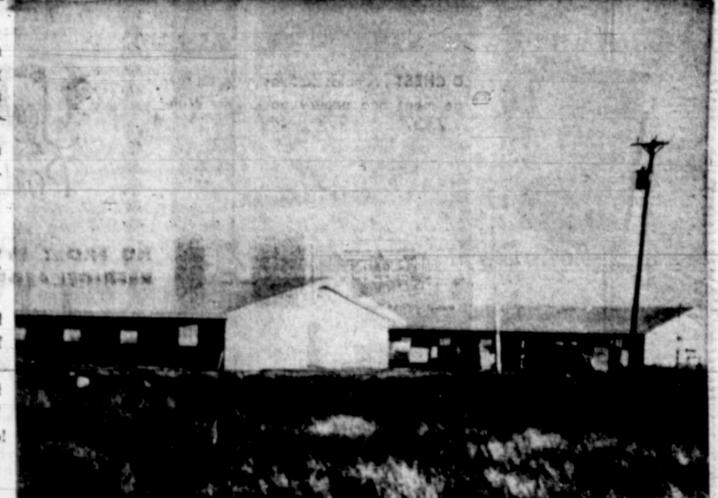

THE CHURCH OF GOD has a sign on W. Gwendolyn which shows they plan to build a new building. The present church is at the corner of Reid and Campbell.

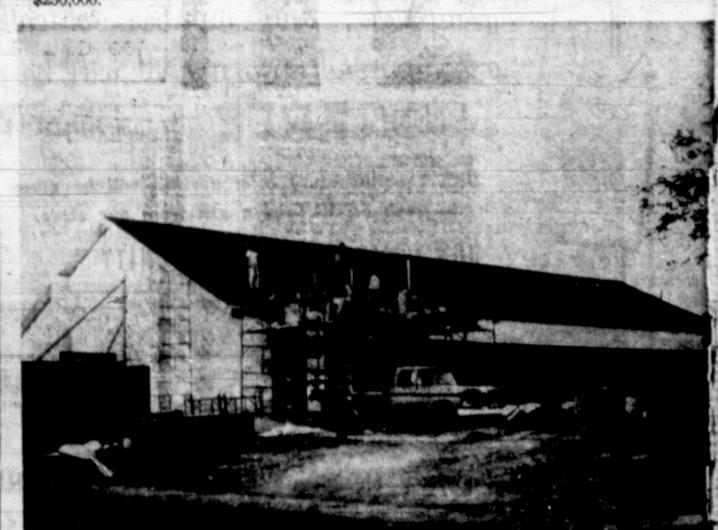

MANY HOUSES are still under construction and more permits are being received to build. This house is on Gwendolyn.

THE YOUTH CENTER gym, valued at more than \$40,000, has been completed for several months and serves a useful purpose in entertaining the people of Pampa.

TWILIGHT ACRES Rest Home is nearing completion on W. Kentucky. It is valued at \$250,000.

CENTRAL BAPTIST has a new auditorium under construction valued at \$126,000.

ENGAGEMENT TOLD

Miss Connie Roe Kuntz, Mr. and Mrs. Lloyd Kuntz, 1207 E. Francis, announce the engagement and approaching marriage of their daughter, Connie Roe, to Ronald Wheeler, son of Mr. and Mrs. Leo Wheeler, north of city. The wedding will be held November 27 in the First Christian Church.

Noted Christian Leader Will Be Guest Speaker on "Woman's Day"

Mrs. Harold L. Lunger

Women's Day will be marked by the First Christian Church on days on college campuses; has Dec. 1. The guest speaker will be Mrs. Alberta Lunger, wife of Dr. Harold L. Lunger, professor of Christian Ethics at Brite Divinity School, Texas Christian University.

Born in Ohio, Mrs. Lunger attended the Hiram College and was ordained into the ministry of the Disciples of Christ in 1931. For three years, after their marriage, she was co-pastor with her husband in the Wooster Ave. Christian Church in Akron, Ohio. During this time they both attended the Oberlin Graduate School of Theology.

In 1936 the Lungers entered Yale Divinity School and both were graduated magna cum laude with a Bachelor of Divinity degrees.

Mrs. Lunger directs Prayer retreats, Schools of Prayer, inter-racial training classes; inter-racial classes;

For seventeen years, she served as a member of the Board of Managers of the United Christian Missionary Society of the Disciples of Christ. For five years she was on the Board of Trustees. Mrs. Lunger has had tenure on the Board of the Disciplined Orders of Christ and the National Fellowship of Reconciliation, and is currently one of its vice-chairmen. She is listed in the Who's Who of American Women.

She recently served as chairman of the International Student Committee for the United Church Women of Fort Worth. (See SPEAKER, Page 17)

Bethany SS Class Installs Officers

A morning coffee and installation of officers of the Bethany Sunday School Class, Central Baptist Church was held recently in the home of Mrs. Earl Murphy.

Mrs. Richard Johnson installed the officers using the theme, "Hands". Officers installed were Mrs. Earl Murphy, teacher; Mrs. W. E. Combs Jr., president; Mrs. Will Powers, vice-president; Mrs. Forrest Washbourne, secretary and treasurer; Group leaders are Mmes. Kenneth Ward, Norman Sublett, Norris Hall, Floyd Vaughn, Delbert Thurman and O. L. Cochran.

A business meeting was conducted by the president, Mrs. Combs. A membership chart will be made for the classroom, displaying the name of each class member.

Closing prayer was given by Mrs. Richard Johnson.

Other members present were Mmes. L. E. Harris, Maud Minyard, Kenneth Gowdy, Jerry Edgar and Sam Porter.

LIST OF ARTISTS COMPILED — Going over the completed list of artists donating paintings for the Art Auction which is being held by the Altrusa Club of Pampa, are members of the finance committee, left to right, standing are: Mrs. Mildred Evans and Mrs. Thelma Bray. Seated, left to right are: Mrs. Floy Heath, Mrs. Leah Behrman, chairman; and Mrs. Lolar Wilkerson. Members of the committee not pictured are Mrs. Inez Carter and Mrs. Ann Kay. (Daily News Photo)

Art Auction Artists Named

The Altrusa Club of Pampa is sponsoring an Art Auction in the Starlight Room of the Coronado Inn on Nov. 24. The paintings will be on display at 1 p.m. This benefit Art Auction is being held to aid the Senior Center, Scholarship Fund and Career Clinic. The paintings, donated by Panhandle artists, will be auctioned through courtesy of Nelson Auction Service. Door prizes will be given during the auction and refreshments will be served by members of the Altrusa Club of Pampa. Mrs. Leah Behrman, chairman of the committee in charge of arrangements states that some 75 paintings, donated by artists in the Panhandle will be offered.

Missionary Program Heard by W. M. U.

The W.M.U. of the Highland Baptist Church met in the church auditorium recently for the November Missionary Program, "Partners for Progress in Japan." The prayer calendar was read by Mrs. Leroy Allen. Mrs. L. F. Karlin led the prayer for the missionaries. Mrs. Joe Bob Hudson served as program leader. Others taking part were Mmes. J. D. Ellis, John A. Dawes, G. F. Morris, Leroy Allen and Clyde Laycock. The Japanese theme was carried out through use of a Japanese table setting, and costumes worn by those on the program. A short business meeting preceded the program. Mrs. Morris, enlistment chairman, presented plans for enlisting new members. The Week of Prayer for Foreign Missions will be observed Dec. 9-13.

COIFFURES AND NOSES

Your hair style can accentuate or detract from a large or long nose. Select a coiffure that sweeps up and back and avoid middle parts.

Christmas Plans Made At Meeting

Mrs. Roy Tinsely, president of the Worthwhile Home Demonstration Club presided over the meeting of the group recently in the home of Mrs. W. G. Kinzer, 503 N. Russell.

A letter from Mrs. Libby Shottwell was read, thanking the club for the pillows that were made during the October meeting.

It was announced that the Council and the clubs had completed plans to serve turkey dinner to the commissioners.

A Christmas Party was scheduled for Dec. 6, and will be held at 7:30 p.m. in the home of Mrs. O. G. Smith. Members were asked to bring a gift for the gift exchange.

Miss Lou Ella Patterson, Home Demonstration Agent, gave the program.

She pointed out through the program, that a food plan providing a balanced diet would include two servings of milk foods, four of bread or cereal, four of Vitamin C foods, and two of fruits or vegetables. Children need a quart of milk a day, and bread and potatoes are both needed, as one does not take the place of the other.

Coffee, cranberry punch and rolls were served during the social hour to the following: Mmes. J. L. Carlton, N. B. Cude, O. G. Smith, Natilda Smith, Stella Wagner, F. P. Hayes Jr., and those on the program. Mrs. Hayes was welcomed as a new member.

When making apple or other fruit pies, try a cupful of cornflakes and a half cup full of sugar in the bottom crust before putting in the fruit.

Hair Rinse Dunks Drabness

By ALICIA HART
Newspaper Enterprise Assn.
Beauty Editor

The mousy blonde and drab brunette may become as passe as the marcel.

Great strides in hair coloring are encouraging increasing numbers of venturesome women to change their minds—and what tops them.

"Ah, if only more men would follow suit," an executive for a cosmetic firm sighs in an unguarded moment. "We would make added millions."

Fortunately, hair coloring is a two-way street which, if traveled the right way, makes both the companies in the market and the ladies happy.

There are several temporary color-rinses available to satisfy your whims and literally brighten your appearance, unless you want a fling at being a blonde. In this case it is best to journey to a beauty salon for good professional treatment. Once you are a blonde, you can tone your hair at home until another complete treatment is needed.

At-home steps have been cut to a minimum. For a more fanciful color than you now see in the mirror, you merely apply a temporary rinse from a self-applier bottle following a shampoo. First towel your hair to remove excess moisture.

A special nozzle prevents dripping or running which means you may sit up while coloring your hair. Saturate your hair with the liquid and comb the rinse through so the coloring will be even. Your hair is ready to set without rinsing with water since the formula includes a cream rinse and setting lotion.

Especially good to brighten drab or gray-streaked hair is a temporary color rinse applied (top left) after a shampoo. Select a fanciful color most complimentary to your skin tone. Soak hair with it and comb it through for evenness. An extra water rinse is not needed. The formula includes cream rinse and setting lotion so set hair (bottom left) immediately. For a new hairstyle (right) use two small rollers curved forward on the forehead to make bangs and large rollers rolled back from the top of the head to the nape. Brush the bang out in a full swirl and brush the crown hair forward diagonally.

In using a color rinse, always read instructions carefully. Many now claim that patch tests are unnecessary, but it isn't being overly cautious to give yourself such a test.

You may want to experiment with more than one color until you find the rinse that proves most flattering to your natural skin tones. A temporary rinse washes out easily, so it takes less time for you to select a flattering one. The more mature woman will find, for example, that heightening her gray or white hair is better than trying

to become a redhead or stalingly raven-haired. These colors, especially, make the tures appear harsh rather than bring out the special soft beauty that comes with the years. With holidays ahead, there's such party color rinses as gre washes out easily, so it takes a gold to make you a conversion-piece. Your arrival will your gait tresses may be a catalyst a slow-starting aft needs.

Scouting Scoops

By SUSAN DAVIS
Senior Troop 38

The tension is off now! Six weeks tests are over, and only the day of report cards worry us. But just as the action in school decreases, Scout activities increase and we find each individual troop busily ingrossed in something interesting.

Last Saturday, November 8, was clean-up day at Camp Mel Davis, with troop 34, headed by Mrs. Secrest, and other troops, participating in the overall "clean-up" of the grounds.

Mrs. Charles Casey's troop 56 is settling down to work on some complicated merit and proficiency badges, after starting the year off with a bang of activities. Dancing, taught by Pam King, a senior scout, and numerous hikes and cookouts filled their days earlier this school year. Now they have settled down to dutiful indoor work, while troop 54, led by Mrs. Raymond Laycock, is working on their Gypsy badge which means, by the very nature of its name, hikes, cookouts, trail blazing, and many other sporty outside events.

Of course, while some troops cannot boast of a great variety of activity, their time is equally filled. For example, Mrs. Mamie Maguire's troop is booked up through the first of December for cooking lessons, and what a full schedule that is, too! Some troops have planned as far ahead as Christmas. Troop 92, along with other troops of

the Highland Neighborhood, have sketched rough plans for a float in the Christmas parade.

Three members of Senior Troop 38, Marion Neslage, Pam Ludeman, and Susan Davis, had the privilege of pinning the team numbers of their sons on the father's of the fighting Harvester football players at Friday's exciting game with the Sandies. And what a game that was!!

I imagine most of the older scouts have received their camp Kiowa patches in the mail by now. A badge that was designed by Linda Brumley and chosen from other sketches this summer while at the camp itself. A very striking patch that will symbolize Girl Scouts at Kiowa from now on.

While the girls themselves are busy, lets take a look at the backbone and most essential part of our scouting program. That's right, our leaders. Mrs. Mary Hunter tells us a number of workshops are being set up to train the leaders for various new phases in our schedule. A craft workshop for Tuesday, November 19, featuring Mr. Walter Moore of the arts and craft shops as guest speaker. Thursday, the 12th, training for the cadet leaders of the new program takes place.

That's it for this week! Keep those stories coming in to the Scout Office or Mrs. M. H. Taylor, Mo. 4-8146.

The Mature Parent Children Should Abide By Rules - Not Privileges

By MRS. MURIEL LAWRENCE

Dear Mrs. Lawrence: At least four of our daughter's high school friends are allowed to drink by their parents. This is making trouble as she thinks she should be able to serve them liquor when they come to the house. Her father won't permit this. I don't approve of it either. But I realize that it is we who have set her a bad example by serving drinks to our friends. This question never came up when I was a girl because my parents didn't keep liquor in the house.

ANSWER: Why should your husband stop serving drinks to his friends because his child demands the same privilege?

Adults are entitled to do many things which children are not entitled to do, from begetting the children to serving drinks to their friends. They vote, hold jobs, maintain homes, pay taxes

and assume many adult responsibilities which earn them adult privileges. Parents do not set "examples" to children by behaving like children.

By asking your husband to do what his daughter should do, you are confusing her. You are erasing the difference between her privileges and those of her parents.

Many of us have erased this difference. It was to be expected. It is increasingly difficult for parents to stand up for the difference between their privileges and children's because in this land of Conformity everyone is entitled to what everyone else has.

In school, automatic promotion teaches Johnny that he is entitled to enter the third grade regardless of the fact that he has not earned the promotion. If our superior skill earns us a raise from our employer, he dares not give it to us lest our fellow employes feel their difference — and become discontented with it.

In a country so ashamed of difference, it was inevitable that our privileges should be claimed by children — and gotten by them despite the fact that they have not been earned.

I hope that your husband stands as firmly on his right to serve drinks to his friends as he denies that adult right to his teen-age child.

Film on Violet Growth Seen By Pampa Society

Mrs. J. E. Carlson, 2223 Charles, was hostess for a recent meeting of the Pampa African Violet Society.

Mrs. R. F. Dirksen led the opening prayer and Mrs. Norman Walberg, president, conducted a business meeting. Mrs. V. N. Osborn, chairman of the Table Setting Contest committee gave a report on arrangements. The annual Christmas sale was set for Dec. 13 and will be held in the Hughes Building. A film, entitled, "Growing African Violets for Showing and Judging," was presented by the program chairman, Miss Mary McKamey.

A social hour was held following the formal meeting. Those present were Mmes. Lee Moore, Marion Robert, Willie Rhodusil, V. N. Osborn, Dan Glaxner, N. B. Ellis, Holly Gray, Norman Walberg, Evan Jones, R. F. Dirksen, C. C. Matheny and Miss McKamey. One guest, Miss Chloe Darden was welcomed by the group.

Guild Completes John Wesley Study

Mrs. Irene Harrah summed up the study of "John Wesley and Christian Perfection" in a recent meeting of the Wesleyan Service Guild.

The meeting was held in the parlor of the First Methodist Church with Mrs. Mildred Cook as hostess.

It has been a most informative study on the book which contains twenty-seven different divisions, each which should be studied and not just read. John Wesley, who traveled over 5,000 miles on horse back each year every year of his 50 years in the ministry, also wrote 200 books, 2600 letters and preached 42,000 sermons (an average of three a day).

Mrs. Laura Penick outlined the beginning of the Methodist

Dear Abby

By Abigail
Van Buren

DEAR ABBY: You said in your column that dentistry required years of training and practice. Well, I don't know anything about Dentistry, but I am a student of American History and it is a fact that Paul Revere made George Washington's false teeth. And Paul Revere was not a dentist. He was a blacksmith! So, who needs dentists?

HISTORY STUDENT
DEAR STUDENT: And if you will look closely at a picture of George Washington, you'll see that his lower jaw protrudes a full inch beyond his upper. Back in 1790, when blacksmiths doubled for dentists, there was an excuse for it, but not today. So leave Dentistry to the dentists, and don't bite the hand that makes it possible.

DEAR ABBY: I've been sitting back watching a thrice-married widow wreck the home of two of our best friends. This couple has grandchildren and were ideally happy. Then two years ago this widow came along. She manages to be everywhere this man is, even following him out of town on his business trips. The wife is a trusting soul who knows from nothing about what's going on. She is forever telling me how hard her husband works and how much time he has to spend out of town on "business."

The pay-off is this: The widow has given him a deadline. Either leave the wife and marry her—or lose her. And he is going around like an idiot trying to hang on to both of them. What should be done?

WATCHING A MESS
DEAR WATCHING: A friend of both should get the man aside and try to bring him to his senses. (Judging from your knowledge of what's going on, you sound like an eligible mediator). Unless you are SURE of your facts, stay out of it. This loon might have to learn the hard way.

DEAR ABBY: The bride who wanted "WHAT KIND OF FOOL AM I?" sung at her wedding showed what kind of fool she was. And, Abby, you showed your ignorance when you suggested "BECAUSE" or "I LOVE YOU TRULY." "BECAUSE" is poor. And "I LOVE YOU TRULY" is worse.

A wedding ceremony is part of a church service, and love songs are out of place. Any qualified organist or soloist can assist the bride in selecting appropriate wedding music, and there is no excuse for all the trash that is being played at weddings these days.

ORGANIST
What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Hate to write letters? Send one dollar to Abby, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "How to Write Letters For All Occasions."

Church, and Mrs. Lillie Mae Fowler gave the devotional using the theme "Christian Perfection is Perfect Love."

Mrs. Cook served a refreshment plate to the following members and guests, Mrs. Iva Denson, Alice Gordon, Lillian Mullinax, Diana Wood, Doris Fisk, Bowen, Ila Poole, Rachael Jones, Lalar Wilkerson, Mattie Fountain, Alma Wilson, Lillian Rogers, Lillie Mae Fowler, Laura Penick, Emma Ogden and Irene Harrah.

The next meeting will be held Nov. 18, in the church parlor.

New Riding Club Officers Installed

A Salad Supper was enjoyed by members of the Leather and Lace Riding Club Wednesday evening at the Court House Annex.

The tables were decorated with white trimmed in blue.

Miller, vice-president; Betty Phillips, secretary; Ruby Froote, treasurer; Janice Johnson, reporter; Jeanie Atchley, parliamentarian; and Emma Wheelless, parade marshal. An engraved trophy belt buckle was presented to Emma Wheelless, 1963 president.

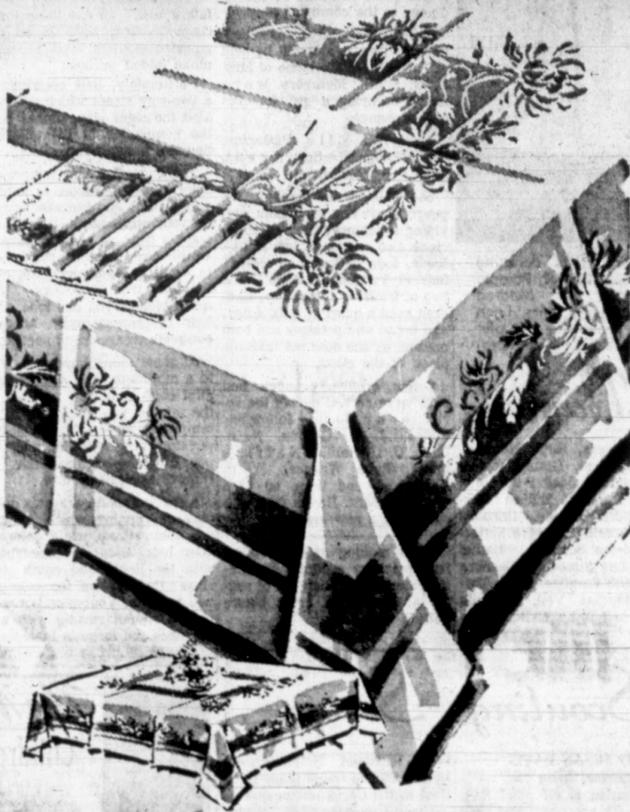

Attending the supper were: Vickie Johnson, Janice Johnson, Emma Wheelless, Connie Fairsh, Sue Harris, Donna Whatley, Donna Hinds, Berinda Rogers, Anne Lathrop, Judy Gerik, Yvonne Danford, Helen Danford, Mildred Miller, Juanita Miller, Geneva Miller, Sharon Miller, Betty Phillips, Debbie Phillips, Punkin Kelly, Hazel Stanley, Mrs. W. N. Stanley and Gloria Hughes.

PAMPA SALUTES SINCLAIR and SINCLAIR EMPLOYEES November 19th.

SHOP DOWNTOWN PAMPA

GUEST DAY HOSTESSES — Representing the Varietas Study Club as hostesses for the Annual Guest Day Tea were, left to right, Mrs. C. L. McKinney, Mrs. John Barnes, Mrs. Luther Pierson, and Mrs. Henry Butler.

Study Club Honors Guests

CREATIVE HAIR STYLING LA BONITA BEAUTY SALON
304 N. West MO 5-9811

Mrs. Sherman White, president of the Varietas Study Club greeted guests and introduced them to club members during the Annual Guest Day Tea hosted each year by the club. The event, this year, was held in Lovett Memorial Library.

A program following the subjects of music and drama was presented by Pampa Little Theatre members, Mrs. Homer Krueger and Mrs. Forrest Hills. Mrs. Krueger has composed music for productions in Oxford and Dayton, Ohio, as well

as for the Pampa group. Mrs. Hills is vocalist with local minstrel productions and the Little Theater.

Mrs. Krueger traced the development of the music for a production beginning with the self-discipline necessary to attain music composed for a definite purpose, be it background music or music for a drama.

She explained that the purpose for background music was to set the mood for drama, and must not distract from the action; but, should be integrated within itself and make musical sense. Often times the mood precludes this final objective.

A major problem is interpreting the wishes of the directions in developing the intensity of the composition to portray the desired dramatic effect.

Another problem is timing — adjusting the number of seconds the music is needed to correspond to the action in the scene which sometimes is altered in every staging. She recalled an incident in which an actress became confused during a performance and skipped several lines of dialogue leaving the musicians with no alternative except to play the music as written. In composing music for a production, it is also necessary to consider the instruments that are available for the show.

Portions of musicals were played to illustrate how the mood of the music changes as the text does.

Mrs. Hills concluded the program by singing "Only Yesterday" and "One Man in All the World" from the musical "Mama Is Another Day" which Mr. and Mrs. Krueger wrote and composed, and was produced by the Pampa Little Theater.

Guests and members present were Mmes. R. W. Lane, John Hesse, C. B. Haney, Guy Farmington, Dow King, Cecil W. Dalton, Malcolm Denson, Lee Harrah, V. N. Osborn, Homer Gibson, W. Purviance, Ivy Duncan, S. C. Evans, R. P. Durham, Charles Wooley, E. C. Sidwell, Otis Nace, J. E. Kirchner, R. D. Morris, W. E. Jarvis, A. B. Carruth, George Winters, Albert Wood, Herman Jones, Lee Moore, L. I. Stovall, C. S. Boston, James A. Hopkins, Ralph Thomas, Wayne Exley, Ray M. Wells, Joe Shelton, W. C. Hutchinson, H. B. Howse, T. C. Lively, H. Price Doster, A. D. Hills, Paul Bowers, Joe L. Wells, W. A. Waggoner, Jim Triplehorn, J. R. Spearman, Clarence Lutes, Sherman White, Forrest Hills, Homer Krueger and Miss Ruth Huff.

Hostess for the event were Mmes. Henry Butler, C. L. McKinney, John S. Barnes and Luther Pierson. The serving table was decorated with a yellow linen cloth.

Manners Make Friends

After years of buffet collisions, it's nice to learn that traffic flow is clockwise.

LITTLE THEATER ARTISTS — Representing the Pampa Little Theater in a program presented to members and guests of the Varietas Study Club were Mrs. Forrest Hills and Mrs. Homer Krueger, right.

centered with an arrangement of flowers. The next meeting will be held of bronze and yellow mums in the home of Mrs. Cecil Dalton, 1011 Christine on Nov. 26, completed the setting. at 2:30 p.m.

Dirty and worn suede shoes can be brushed with a metal brush and steamed with a steam iron to raise the nap. Two shrubs, both excellent sources of honey, are called huajillo in the West Texas brush country.

Noon Luncheon Held By Altrusa Club of Pampa At Coronado Inn

Three members of the Chamber of Commerce Junior College Committee, and the County Superintendent of Schools addressed members of the Altrusa Club of Pampa during a noon luncheon held Monday in the Coronado Inn.

Speaking in behalf of the Chamber of Commerce was E. L. "Smiley" Henderson, Gene Hollar and Clinton Evans. They presented the needs, estimated cost of building and the estimated cost of maintaining a junior college in Gray County. The fact that four year colleges are putting a limit on enrollment, taking the upper grade percentage students, and rejecting a number of applicants each year, because of limited facilities, was used to point out the need for junior colleges. Also the economical effect on a community having a junior college was presented along with the percentages of higher paid jobs of college graduates, and their community value as citizens following at least two years of higher education.

Superintendent Nuckols gave the statistics on students attending school in Gray County, increased enrollment in the past 10 years, and the number that will be entering the high school-college level in the near future.

Mrs. Lorene Locke, president of the Altrusa Club of Pampa, presided during the business meeting, and introduced a new member, Mrs. Aletha Davis. Mrs. Rufe Jordan recognized the October Altrusa Girl of the Month, Cynthia Morgan, who in turn introduced the November Altrusa Girl of the Month, Jennifer Turner. Miss Turner is editor of the Little Harvester and the Quill and Scroll at Pampa High School where she is a senior student. She thanked the Al-

RHO ETA PLEDGES — Receiving the Pledge Ritual in a candlelit ceremony recently were new Rho Eta Chapter members, standing, left to right, Mrs. Jerry D. Hopkins, Mrs. Bud Crow, Mrs. Carol Stidham, Mrs. Don Stafford, Mrs. Charlie Martin, Mrs. Buzzy Hoover and Mrs. Jim McClure. Seated, left to right, are; Mrs. Jack Clark, Mrs. Tommy Self, Mrs. Jim Whatley and Mrs. James Weathered. (Smith's Studio Photo)

Fall Pledges of Rho Eta Chapter Take Part in Ritual of Jewels Rite

Fall pledges of the Rho Eta Chapter of Beta Sigma Phi received their Pledge Ritual Tuesday in an impressive candlelit ceremony held in the Hospitality Room of Citizens Bank.

Mrs. James Trusty and Mrs. Sam Anderson presented each rushee before a table covered with a white ritual cloth centered with an arrangement of yellow roses, flanked by candles. Mrs. Cletus Mitchell presented the Ritual, assisted by Mrs. Bob Bruner, Mrs. Dick Smith, Mrs. Doyle Beckham, and Mrs. Bob Rogers.

Mrs. Allan Stroker, a transfer from Kansas, was welcomed as a new member.

Refreshments were served from a table covered with a yellow cloth, centered with an arrangement of yellow roses. Hostesses were Mrs. Joe Pafford and Mrs. John Langford.

The next business meeting will be held in the Hospitality Room.

Members attending were Mrs. Sam Anderson, Doyle Beckham, Bob Bruner, Jack Chisum, Jerry Davis, Eddie Duenkel, LeRoy England, Rice Field, Richie Gardner, T. L. Garner, Hunky Greene, Julian Key, John Langford, Cletus Mitchell, Doug McBride, Joe Pafford, Ken Peoples, Bob Rogers, James Trusty, Bobby Turnbo, Dick Wilson, Duane Snyder, and Dick Smith. Rushees attending were: Mmes. Jerry Don Hopkins, Jack Clark, Bud Crow, Buzzy Hoover, Charlie Martin, Jim McClure, Tommy Self, Don Stafford, James Weathered, Jim Whatley and Carol Stidham.

Kitchen towels, dish cloths and pot holders should be bleached occasionally to remove stubborn stains. Be sure to rinse thoroughly.

Miss Sue Guthrie (Photo, Call's Studio)

Mr. and Mrs. Paul Guthrie, 1340 Chestnut, announce the engagement and approaching marriage of their daughter, Sue, to Coyle A. Winborn, son of Mr. and Mrs. W. A. Winborn, 617 Lowry. The wedding is planned for November 29 in Amarillo.

SHOCKING POSSIBILITY
To remove the possibility of shock from a damp concrete cellar floor when changing a fuse, place a rubber mat in front of the fuse box.

DiETING can be pleasant. In most cases, cutting down on caloric intake melts off the pounds gradually. And, this gradual loss is the most permanent. You may eat the foods you like; just take smaller portions, or substitute foods. For example, an average slice of two-layer chocolate cake has 350 calories while an average slice of angel food cake has 150. But, always consult your doctor before you diet.

Miss Alice Jane Whitt
(Photo: Photo Arts Studio)

Mr. and Mrs. R. L. Whitt of Fort Worth, announce the engagement and approaching marriage of their daughter, Alice Jane, to Kenneth Mitchell, son of Mr. and Mrs. Richard E. Mitchell, 713 N. Nelson. The wedding will take place in the Azle Avenue Baptist Church of Fort Worth on December 14.

Formal Wedding Held

The White Deer Baptist Church was the wedding scene of Patricia Ann Beck and Alfred W. Blevins on November 15. The double-ring ceremony was read by the pastor, Rev. Marvin Menafee before a background of baskets of white mums, candelabra and palm trees at 8 o'clock in the evening.

Mrs. Nita Ramming presented traditional wedding music and accompanied Rev. Ralph Aday who presented the vocal selections, "O Promise Me" and "The Lord's Prayer".

Given in marriage by her father, the bride chose a wedding gown of bouquet taffeta featuring a decolette neckline of applique lace, wrist length sleeves and bouffant skirt which was accented with a bustle back and large bow. Her elbow length veil of illusion was secured by a looped pearl crown. She carried a bouquet of gardenias and split mums on a white Bible.

ATTENDANTS
Mrs. Glenda Ruthardt attended the bride as matron of honor. She wore a dress of white velvet and brocaded satin fashioned with a bell shaped skirt and long tapered sleeves. The neckline was scooped, adorned by a blue mum corsage.

Dressed identically to the maid of honor were Miss Cherry Baker and Miss Amber Collis, bridesmaids.

Attending as best man to the bridegroom was Roy Blevins. Groomsmen were Robert Blakey and Willis Duggan. Ushers were Doss Dupis and Billy Parker.

Other attendants included Brenda Duggan and Nickle Nicholson, flowergirls, who wore dresses matching the honor attendants. Timmy Epps was ring bearer.

The mother of the bride wore a blue dress with white and black accessories and a corsage of gardenias.

Mrs. Blevins wore a blue and white suit with white and black accessories and chose a corsage

Mrs. Alfred W. Blevins
(Photo: Kenneth Butler)

The couple is now at home at 1302 N. Taylor in Amarillo where the bridegroom is employed with D and D Inc.

The bride is a graduate of White Deer High School, and the bridegroom attended school in Vega.

RECEPTION
A reception in honor of the couple was held in Fellowship Hall immediately following the ceremony. Miss Barbara Beck registered the guests. Mrs. Janice Waymire of Mineral Wells and Mrs. Mary Duggan of Hereford, presided at the lace covered serving table which was centered with an arrangement of blue mums, flanked by candles.

For a honeymoon trip to Red River, the bride wore a deep green sheath dress and black accessories with a gardenia corsage.

Native of India Speaks During Dinner Meeting of Pampa ABWA

Members of the American Business Women's Association enjoyed an address given by Mike Murgai, native of India at a meeting held in the Court House Cafe Tuesday Night.

Mrs. Babe Mastin introduced Murgai who gave a vivid picture of life in India, pointing out the use of the caste system in the country. He stated that 4,000 years ago the society of India was divided into four castes to eliminate utter confusion throughout the land. Recently the caste system has been abolished by law; but, habit and custom are lingering still.

He also explained the Hindu religion which is practiced to a great extent in his country.

He stated that with every eighth man in the world living in India, the problem of food was ever at hand. He also pointed out that in modern cities of India, Americans would feel much at home as English was a required subject even in India's equivalent of grammar school.

The business meeting was conducted with Miss Maxine Nabors, president, in charge.

Plans were completed for the rummage sale held by the club Thursday night, and a Bake Sale was scheduled for Nov. 27, to be held in the lobby of the Hughes Building.

New members, Mrs. Berniece Watson, Mrs. Homer E. McNeil and Mrs. Clennie Redd, were installed into the chapter.

Other members present were Mmes. Rex Barton, Kenneth Butler, C. A. Herd, Charles Holloway, Lloyd Laramore, Ted Mastin, Wayne Neff, James Quarry, Tony Smith, O. G. Smith, Boyd Stephens, Bill Wright, Billy Davis, John Savage, Mildred Sweet, Frankie Charleston, Given Vance, Varnon Graham, Madeline Hood and Misses Novis Parker and Maxine Nabors. Guests of the group were Mrs. Joel Costner and Mrs. Lawrence Flaherty.

City Council Of PTA Units Plans Activities

The PTA City Council met at Horace Mann Elementary School recently for monthly business transactions.

Mrs. Melvin Watkins, council president, introduced F. L. "Smiley" Henderson, chairman of the Junior College Committee of the Pampa Chamber of Commerce.

Henderson stated that the committee is attempting to determine the extent of interest in a junior college for Gray County. He listed the advantages of building a junior college and then introduced three other speakers: County Superintendent, Burt Nuckols, who gave the estimated enrollment; Gene Hollar, who gave the estimated costs involved; and Clinton Evans, who discussed and estimated annual budget.

A brief business meeting was conducted by Mrs. Watkins. The minutes of the October meeting were read by Mrs. Don Cotten. The treasurer's statement, reflecting a balance of \$788.03, was given by Mrs. Paul Turner.

Mrs. Watkins announced that the District nominating committee has been elected with Mrs. Frank Robinson of Pampa as chairman, and Joe Page of Pampa as co-chairman.

American Education Week is being observed Nov. 10 through Nov. 16.

Joe Page, convention chairman, announced that since twenty reservations have been made for bus seats, each seat will cost \$2.70. The bus will leave Pampa at 6 p.m. Nov. 19, and will reach San Antonio at about 4 p.m. The convention will be in session Nov. 20-21. Any PTA member who would like to

attend should contact their unit president. Members were reminded that the last two sessions of the study course, Nov. 7, at Woodrow Wilson School and Nov. 14, at Horace Mann, with St. Vincent's unit and cohort.

Four Men Continue Their Stand Against People's Right to Know

Last Thursday's contumacious of four members of the Pampa school board when asked again about their recent decision to bar the press and other news media from their off-limits (sometimes referred to, with tongue in cheek, as "executive" meetings) came as no big surprise.

Apparently, all of the school board members with the exception of John Gikas believe that what goes on at these closed door meetings is only the secretive business of the little clique of board members and school officials who attend them.

Apparently, Gikas is the only one of the five school board members who has not forgotten that he is a public servant.

Apparently, Gikas is the only one of the five school board members who believes that the public is entitled to know about any and all regular school business which now is conducted secretly behind closed doors under the sham and guise of an "executive" session for the sole purpose of discussing "personal" or "personnel" matters. The complete weakness of this silly excuse has been pointed out here many times.

The four school board members who continue to tell you that what goes on at these so-called "executive" meetings is none of your business appear gradually to be approaching the point where they could fall into the category called "stubborn."

meeting room the members of the board may be men good and true. But somehow or other we can't help but lean to the opinion that inside the school board meeting room at least four of them have made up their minds that by golly they won't "give in" come Hades or high water, no matter whether it is good or bad for the people they are supposed to serve.

We believe that an arbitrary, head-strong stand such as this by public officials showing their authority constitutes being neither good nor true.

Apparently, four of the school board members have banded together and propose to be impervious to reason.

So, all of this gives rise to a few questions:

Is it morally right for the school board to impose a decree which allows it to conduct public business behind closed doors?

Does the school board members have the moral authority to deny the press and the people the right to know?

If there is nothing to hide why is it necessary to continue the secretive, closed door policy?

Why is it necessary to engage in cloak and dagger tactics in connection with just an ordinary meeting where the business conducted should be open for all to see and hear?

Isn't all this secret hocus-pocus a little on the ridiculous side?

What do you think?

Striking Contrast

A standard communist claim holds that capitalism exists for the profit of a relatively few people, and that the vast majority are powerless victims of a cruel system.

Well, a claim is one thing—while a fact is often very different. And that is certainly the case in this instance.

One of the most significant developments of recent years has been the increase in the number of American capitalists. If anyone doubts that, a few figures should set his mind at rest. There are well over 17 million shareowners in American corporations. And everyone of these, whether he owns a few shares or many, is a capitalist by any reasonable definition of that much-abused word.

Another indication of the trend

comes from the New York Stock Exchange. Some eight billion shares of stock are now listed on its Big Board, and this too marks an extraordinary growth. It wasn't until 1929 that the average number of listed shares crossed the one billion mark. The two-billion level wasn't reached for nearly two more decades, at the end of 1948. The spectacular upward surge, therefore, has taken place in the recent past.

The dramatic increase in the number of those of us who own stock has been given a fortuitous descriptive label—"people's capitalism." The contrast with the so-called "people's socialism" of the communist world is one of the most striking facets of this time.

Pull Up A Chair

By Frank J. Markey

Noel Coward is a real pro, accepting his defeats with the same urbanity he greets his successes. Commenting on his failure to hit the bull's-eye with "Sail Away" two seasons back, he simply said it was not a very good show. Years ago his "Private Lives" received wide acclaim, mostly because it starred Coward and Gertrude Lawrence. Today it's one of the big hits in London without a "name" player in it. He believed then it was a good play. The current acclaim proves it. Coward is a pro because he can shrug off such things as "Sail Away" and buckle down to write a new one.

Memory Lane: Remember when everyone listened on radio each night to the Camel Quarter Hour, featuring the songs of Morton Downey, the poetry readings of Tony Wons, and Jacques Renard's magic violin? The show is one of radio's finest memories.

New Frontiersmen bemoan the fact that Postmaster General Gronouski can't speak Polish, though he was supposedly picked for his attraction to Polish-Americans. He could still redeem himself with a lot of voters, who can't speak Polish, either, if he'd forget the Zip codes and put some zip in mail deliveries. . . . Everyone is new car conscious: Auto sales for 9 September totalled 388,800, a 9.5 per cent rise over the same month in 1962. . . . Since all of us buy cars you might be interested to learn that a Pittsburgh bank gives coupons worth \$10 on any new or used car they finance.

Country Editor speaking: "When it comes to giving, some folks will stop at nothing."

Nickel newspapers are becoming scarce. At the first of this year only 700 out of 1900 dailies could be bought for a nickel or less. Increased publishing costs are the answer. . . . The Yankees and Dodgers didn't do too bad for four afternoons of play. Each Dodger player received about \$12,727, and each Yankee about \$8,484. . . . You can find out whether you're clairvoyant by taking an ordinary pack of playing cards. Place the four aces face up, then shuffle the deck and place it face down. Then, without looking at the facedown cards, try to match them singly by suit to the aces. Afterward turn the cards up and count the results. Try it 10 times and keep the score. If your average is more than 12 each time you're clairvoyant. . . . Big deal: An income tax bill passed in 1948 set the individual income exemption at \$600 and permitted married couples to file a joint return. . . . Five years ago today New York jeweler, Harry Winston gave the \$1,500,000 Hope Diamond to the Smithsonian Institute, and 45 years ago tomorrow German Kaiser Wilhelm II abdicated to spend his golden years in Holland, marking the end of an era.

Today's Smile: A wife who always cried at a sad movie was chided by her husband: "Why do you weep about the imaginary troubles of a movie involving people you don't know?" Her answer: "For the same reason you yell and scream when some guy you don't know hits a home run at a ball game."

Allen-Scott Report

Committee Majority Report on Civil Rights Bill Will Be Modified from White House Draft to Avoid Politics

ROBERT ALLEN

PAUL SCOTT

WASHINGTON — The House Judiciary Committee is issuing a "majority report" early next week on the intensely controversial civil rights bill, and, like the latter, the report is a watered-down version of what the White House proposed.

Deleted from the impending report — originally drafted in the White House — are a number of references to and quotations from President Kennedy.

Republican committeemen strenuously objected to these inclusions because of their political nature. To preserve the bipartisan coalition that formulated the compromise civil rights measure, the challenged material was eliminated from the first portion of the report under the title, "General Statement."

Representative William McCulloch, O., senior Republican on the Judiciary Committee, who was importantly instrumental in working out the compromise bill, voiced his party's objections to the protested material. He was strongly supported by Representative John Lindsay, R-N.Y., and William Cahill, R-N.J., who are joining him in signing the modified report.

A minority report is being prepared by John Satterfield, Yazoo, Miss., former president of the American Bar Association. It will be signed by Republican and Southern committeemen.

The majority report consists of two principal parts; a 1500-word introduction dealing with the purpose and history of the legislation, and a voluminous analysis of every provision in the bill. This detailed explanation constitutes the bulk of the report.

Foremost among the deletions are two quotations by the President: One from his June 1963 civil rights message calls on the legislators to "look into your hearts—not in search of charity, for the negro neither wants nor needs condescension—but for the one plain, proud and priceless quality that unites us all as Americans; a sense of justice."

The other asserts "...enactment of the Civil Rights Act... is imperative. . . . To paraphrase the words of Lincoln, 'In giving freedom to the negro, we assure freedom to the free. . . . honor alike in what we give and what we preserve. . . ."

In the original White House draft of the report, the latter quotation was preceded by the statement, "The Committee adopts the statement of the President of the United States." This declaration was deleted along with his quotation.

Also stricken from the report were two paragraphs dealing with the Declaration of Independence and the Civil War, the latter concluding with—"After the end of the Civil War and with the adoption of the Thirteenth, Fourteenth and Fif-

teenth Amendments to the Constitution, the legal basis for re-deeming the pledge embodied in the Declaration of Independence was established. Even now that pledge is far from fulfilled.

THE REASONS FOR IT — In their majority report, the bipartisan authors of the civil rights bill readily concede it is no panacea. They stress, "No bill can or should lay claim to eliminating all the causes and consequences of racial and other types of discrimination against minorities."

But the report argues "There is reason to believe that national leadership provided by the enactment of federal legislation with the most troublesome problems will create an atmosphere conducive to voluntary or local resolutions of forms of discrimination."

On this basis, the Judiciary Committee majority express the opinion that the measure will accomplish four major objectives, summarized as follows:

—"Reduce discriminatory obstacles to the exercise of the right to vote and provide means of expediting the vindication of that right."

—"Make it possible to remove the daily affront and humiliation involved in discriminatory denials of access to facilities ostensibly open to the general public."

—"Guarantee that there will be no discrimination among recipients of federal financial assistance."

—"Prohibit discrimination in employment and provide means to expedite termination of discrimination in public education."

The "General Statement" concludes with the contention that the compromise bill "is a constitutional and desirable means of dealing with the injustices and humiliations of racial and other discrimination. It is a reasonable and responsible bill whose provisions are designed effectively to meet an urgent and most serious national problem."

SIGNIFICANT DISCLOSURES — The lengthy "Sectional Analysis" brings to light some previously unpublicized significant provisions.

Chief among them is Section 801 dealing with voting. This provision "directs the Secretary of Commerce promptly to conduct a survey to compile registration and voting statistics in such geographic areas as may be recommended by the Commission on Civil Rights. The statistics would, to the extent recommended by the Commission, include a count of persons of voting age by race, color, and national origin, and a determination of the extent to which such persons are registered to vote and have voted in statewide primaries or general elections in which members of the United States House of Representatives are nominated or elected, since 1960."

Under Section 702, the "Anal-

Question Box

(We invite questions on economic and proper functions of government, which will not insure answers.)

QUESTION: "What is the basic cause of depression?"

ANSWER: We think we can answer that question by quoting what Percy L. Greaves Jr. wrote when he was reviewing the book, "America's Great Depression," by Murray N. Rothbard. Greaves writes on page 63 of the November issue of "The Freeman":

"The basic cause of depression is the creation of several titles to the same sum of money, producing an illusion that permits several people to act as though the same bank reserves belong to—each of them at the same time. Such multiple titles to the same money are only possible within a banking system operating with a fractional reserve. A dollar of reserves can thus be pyramided into many dollars of spendable money substitutes. The illusion of more dollars can continue only so long as depositors manage their finances by check and refrain from asking for metallic money. Neither life insurance companies, nor savings banks, nor savings and loan institutions can give two or more titles to the same reserves. The inclusion of such assets in the money supply hides the actual deflation of 1930 and thus obscures this conformity with the Mises theory. It also weakens and complicates other parts of an otherwise excellent historical analysis."

Some of the Republican strategists seem reconciled to a belief that they aren't going to get the vote of low income Negroes. Their problems are considered more economic than political,

and many of them don't go to the polls anyway.

The GOP campaign may therefore run more toward concentrating on the better educated Negroes who pay taxes and who do go to the polls.

By zeroing in on this element, the idea is that the Democratic vote in the cities might be cut 10 per cent or more. This might enlarge the majorities which Republicans traditionally win in rural areas. The hope is it will be enough to overcome the Democratic metropolitan vote.

It is admitted that GOP liberals like Senators Kenneth Keating in New York and Hugh Scott in Pennsylvania might be hurt in the metropolitan areas if Senator Goldwater should head the GOP ticket.

But the feeling of the professional politicians seems to be that for both the electoral college vote and the congressional district vote, Goldwater will have more appeal. That makes it hard to stay neutral.

The National Committee still has to watch its finances pretty closely. The party was \$750,000 in debt when chairman Miller took over in January 1961. It still owes \$200,000.

There is no sign yet that the rich New York internationalists, who in past years have financed the party, are now holding back in a "stop Goldwater" movement. But the money hasn't rolled in, even from the people who criticize President Kennedy the most. And the money raised at \$25-and-up political testimonial dinners has had to go to campaign funds.

If it hadn't been for the drive of Executive Director William S. Warner, in trying to raise a million dollars by selling Republican party memberships at \$10 a head, GOP national headquarters might not have operated.

The party has been able to budget only \$63,000 for its southern division program under I. Lee Potter. This is an area where Republicans hope to make considerable gains next year.

A southern regional leadership conference was held in Charleston, S.C., to organize for this campaign.

GOP state chairmen, national committeemen, women's and young Republican organization heads from Virginia to Texas were at Charleston. All GOP officeholders in this 13-state effort were invited. State chairmen brought likely candidates for office in 1964. But the session was devoted mostly to strategy, not issues.

The catch is that the only Republican presidential possibility who has any appeal in the South is Goldwater. Southern Republicans are said to feel that they have a better chance to elect candidates in Dixie if they can ride Goldwater coastals into office.

For its attack on Democratic strongholds in the big cities, Republican national headquarters has budgeted \$80,000.

Republican Negro leaders will meet in Chicago in a few weeks to map strategy for their campaign in the North. Clay Calborne, head of the GOP minorities division, has done considerable work for this year's mayoralty elections.

Some of the Republican strategists seem reconciled to a belief that they aren't going to get the vote of low income Negroes. Their problems are considered more economic than political,

Edson In Washington Too Much Goldwater, Too Little Gold, Plagues GOP

By PETER EDSON

WASHINGTON (NEA) — With Republican National Chairman William E. Miller making statements that, as of now, Arizona Senator Barry Goldwater has a lead over all his rivals for the GOP presidential nomination, it becomes increasingly difficult for party headquarters in Washington to stay neutral.

A recent check of top staff and subcommittee chairmen on arrangements for the San Francisco convention in July showed six favoring Rockefeller, four Goldwater, two Romney and two neutral. All were advised to maintain a neutral front.

President Don Luken's of the Young Republicans' National Federation has been criticized for being too much of a Goldwater man. He has therefore been told to work for all the candidates and not play favorites, on pain of having his office rent and expenses cut off by GOP headquarters.

The National Committee still has to watch its finances pretty closely. The party was \$750,000 in debt when chairman Miller took over in January 1961. It still owes \$200,000.

There is no sign yet that the rich New York internationalists, who in past years have financed the party, are now holding back in a "stop Goldwater" movement. But the money hasn't rolled in, even from the people who criticize President Kennedy the most. And the money raised at \$25-and-up political testimonial dinners has had to go to campaign funds.

If it hadn't been for the drive of Executive Director William S. Warner, in trying to raise a million dollars by selling Republican party memberships at \$10 a head, GOP national headquarters might not have operated.

Between the Bookends

A CRUSADE, A STORY AND A PROGRAM

The Henry Regnery Company has published a number of low-cost books dealing with various aspects of government, economics and contemporary U. S. history. Under the general heading of Great Debate Books, these volumes have been noteworthy in their capacities to acquaint the casual reader with important present-day affairs.

Recommended: Three recent paperback reprints in the series are reviewed here. Each is available from the company at 14 E. Jackson Blvd., Chicago 4, Illinois, (\$2.00 each) and each is recommended reading.

"America's Second Crusade" is the title William Henry Chamberlin gives to his analysis of the U. S. position in the world following World War II. It is an attempt to examine, without prejudice, the question why the peace was lost while the war was being won.

Chamberlin reminds us of the Atlantic Charter, which stated the purpose of our involvement in the war, and compares our purposes with the results. He concludes that there is no visible relation between the Charter and the world that has since emerged. He also points out that there is no evidence that our

leaders offered any serious objections to the many violations of that charter.

"The China Story" by Freda Utley, first published in 1961, is an extension of Mr. Chamberlin's points — with emphasis on China. The author points out that we lost the peace in Asia when we failed to either reconstitute Japan or back an anti-Soviet government in China. She shows the fallacies that weakened our determination and enabled a small group of Communist sympathizers to influence the Administration and the public to our lasting detriment.

PROGRAM In "A Program For Conservatives," Russell Kirk examines the so-called "conservative point of view." He makes the point that morals and faith underlie the conservative view of society, as he understands it. The true conservative, he says, knows that the economic problem blends into the political, the political into the ethical, and the ethical into the religious.

He makes a compelling case for the conservative approach to today's social existence, and calls on conservatives to state our case well — so we may be saved from the servile labor of a "proletariat" directed by the all-powerful state.

Dale and Grace Make Top of Hit Tune List

CHICAGO (UPI) — The musical tandem of Dale and Grace made it to the top of United Press International's list of top 20 tunes with their version of "I'm Leaving It Up To You," a nationwide survey showed Saturday.

"Washington Square" by the Village Stompers was second on the chart, where it was the week before.

"Nino Tempo and April Stevens' Epic label of "Deep Purple" slipped from first to third place and marked its seventh week among the Top 20.

Tommy Roe's "Everybody" advanced two places to No. 4, and "She's a Fool" by Leslie Gore is fifth this week. Jimmy Gilmer's "Sugar Shack" dropped three notches to the sixth spot.

The No. 7 tune was "Maria Elena" by Los Indios Travaaras. The Impressions descended from fifth to eighth with their "It's All Right."

"Since I Fell For You" by Lenny Welch held down the ninth spot, and the Beachboys were tenth with "Be True To Your School."

Here are the Top 20 tunes with position last week and number of weeks in the survey in parentheses:

- (4-6) I'm Leaving It Up To You. Dale and Grace. Montel.
- (2-6) Washington Square. Village Stompers. Epic.
- (1-7) Deep Purple. Nino Tempo and April Stevens. ATCO.
- (6-4) Everybody. Tommy Roe. Paramount.
- (7-3) She's a Fool. Lesley Gore. Mercury.
- (3-10) Sugar Shack. Jimmy Gilmer and The Fireballs. Dot.
- (8-8) Maria Elena. Los Indios Travaaras. RCA.
- (5-4) It's All Right. Impressions. Paramount.
- (11-4) Since I Fell For You. Lenny Welch. Cadence.
- (6-1) Be True To Your School. Beachboys. Capitol.
- (12-2) Dominique. Singing Nun. Phillips.
- (10-8) I Can't Stay Mad At You. Skeeter Davis. RCA.
- (13-2) Down At Papa Joe's. Dixiebeles. Sound Stage.
- (9-3) Bossa Nova Baby. Elvis Presley. RCA.
- (15-5) That Sunday. That Summer. Nat King Cole. Capitol.
- (14-3) Walking The Dog. Rufus Thomas. Stax.
- (17-1) I Wonder What She's Doing Tonight. Barry and The Shermans. Valiant.
- (19-2) Louie, Louie. Kingsmen. Wand.
- (6-1) Wonderful Summer. Robin Ward. Dot.
- (20-1) Wives and Lovers. Jack Jones. Kapp.

IMPORT FROM VIENNA—Lovely Romy Schneider, Austrian by birth and Parisian by preference, is in Hollywood to make a film in the girl-next-door vein. Romy is starred opposite Jack Lemmon in "Good Neighbor Sam."

Eyes of Texas to Be On Jaqueline Kennedy

By HELEN THOMAS
United Press International

WASHINGTON (UPI) — The eyes of Texas will be on First Lady Jacqueline Kennedy when she makes her first trip to the Lone Star state next week.

It will also represent her first participation in a presidential political trip since she moved into the White House.

Mrs. Kennedy has been getting ready a chic wardrobe to accompany her husband on visits to San Antonio, Houston, Fort Worth, Dallas and Austin. She will have a heavy schedule of luncheons, dinners and receptions. A lot of enthusiasm is being whipped up to give her a real Texas welcome.

Mrs. Kennedy will take up a long-standing invitation of Vice President and Mrs. Lyndon B. Johnson to visit their famous LBJ Ranch near Johnson City. She will be able to relax there after a two-day rugged schedule that starts Thursday, Nov. 21.

The Kennedys plan to spend Friday night, Nov. 22, at the Johnson ranch. And the vice president is making plans to show them all around his wide open spaces. The President has been a guest before but there will be a special program for the First Lady, an expert horsewoman including a demonstration of cattle-roping and western riding. She also will be taken on a motor tour of the

Alaska Drive-in Stays (Brr) Open

ANCHORAGE, Alaska (UPI) — This time of year, drive-in theaters in many parts of the country are closing for the winter. Speakers are moved inside, concession stands are locked and marquees post "closed for the season" signs.

In Alaska, things are different.

The Billiken Drive-In, Alaska's first and only, opened this fall and plans to stay that way through the long winter.

Anchorage seldom experiences Alaska's fabled 60 below weather, but the mercury does dip to a brisk minus 20 on occasion — hardly outdoor movie weather, even in Alaska.

But the Billiken has the answer. Speaker posts, in addition to sound, provide heaters for each car. The owner of the 600 car capacity theater, Edward Hanby, concedes it's possible the weather may get bitter enough to make the heaters ineffective, and if that happens, he says the Billiken will close, but only temporarily.

But in June, when hordes in shirtsleeves and convertibles are flocking to drive-ins elsewhere, the Billiken will be forced to close — because of too much daylight. In mid-summer, Anchorage has almost 20 hours of it. The sun sets a little before 10 at night and rises again a little after 2 o'clock in the morning. The other four hours are twilight and dawn rolled into one, and it's never dark enough to show much more than a cartoon.

The Lighter Side

Cure for Hangover Changed Slightly

By DICK WEST
United Press International

WASHINGTON (UPI) — Last month I gave readers of this column an exclusive report on a new hangover cure discovered by a New York advertising man.

To recap briefly, he drove away the evil spirits by going out on the prairie near Las Vegas, Nev., with 107 cowboys and falling down over a gopher hole.

The circumstances under which this came about are rather complicated and need not be repeated. Suffice to say that some rather weird things go on in the advertising business.

"I believe the fall actually cured this man's headache by jarring displaced vertebrae of his neck back into place. Nerve tension, the immediate cause of his symptoms, was relieved and with it his hangover," the chiropractor wrote.

"Such freak accidental adjustments are exceedingly rare, but not unknown to the chiropractic profession. It is well known among chiropractors and their patients that almost any kind of headache — whether due to eyestrain, sinus congestion, or from alcohol, as here — can usually be relieved by an adjustment of the neck."

If this chiropractor has the right slant — and I have no reason to doubt it — then I certainly owe an apology to my readers, particularly those who have gone to the trouble and expense of taking 107 cowboys to Las Vegas.

As it turned out, they could have cured their hangovers just as well by falling down at home.

I wouldn't recommend the home remedy, however, unless you are mighty discreet about it, you can't fall down at home without causing a lot of talk among your neighbors.

I would say that Las Vegas probably is the best place to cure a hangover by the plummeting method, with or without cowboys.

You can fall down there and hardly be noticed at all.

Teen-agers Read, Have TV, Hi-Fi In Oxygen Test

BROOKS AFB (UPI) — The four Air Force teen-agers read books, watch television, listen to high fidelity music and breathe oxygen. That's their duty.

The quartet is engaged in vital space-age research testing man's reaction to prolonged exposure to pure oxygen at high altitudes in a space capsule, like ones to be used in the Gemini and Apollo flights.

The boys, ages 17 to 19, were pushed to a simulated altitude of 27,500 feet last Monday and are scheduled for 30 days of the existence. They spent a week in training, learning to operate the various instruments.

If they last the 30 days, and things were satisfactory to date, the School of Aerospace Medicine said it will be the longest man has been exposed to pure oxygen.

ROLES ARE ALL WET—Yul Brynner waits his turn for a wetting-down in a scene for a movie about the U.S. Air Rescue Command, now filming in Kyoto, Japan, with an American and Japanese studio participating. First in line: Mitsubishi Sugiyama, 11.

Oklahoma Man Will Address API Chapter

Jeff H. Williams of Chickasha, Okla., lawyer, humorist and philosopher, will be the featured speaker at the election of officers banquet of the Panhandle Chapter of American Petroleum Institute Dec. 7 at Buna Vista Cafeteria in Borger.

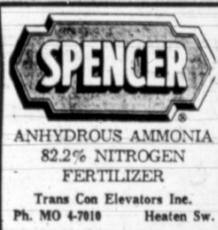

JEFF H. WILLIAMS

Williams is well-known throughout the Southwest as an outstanding speaker. He was born in Denison, Texas, was reared in the Ozark Mountains and attended the University of Arkansas. He has spoken in every state in the union and flown more than 1 million miles for engagements.

He has been designated an "Arkansas Traveler" by the Arkansas Legislature and is recognized as Oklahoma's "Ambassador of Goodwill."

Banquet tickets are in the ANOTHER HOPE BOOK HOLLYWOOD (UPI) — Bob Hope is following up his successful new book (I Owe Russia \$1,200) with still another tome. This one, his sixth, will be titled "You Belong to the Public."

50 MAIN DANCERS HOLLYWOOD (UPI) — More than 50 principal dancers will be seen in the Ascot Gavotte production number of "My Fair Lady," a record for Hollywood musicals.

Section of AIME To Hear Speaker From California

William S. Eggleston, a consulting petroleum engineer in Los Angeles, will address the Panhandle Section of the Society of Petroleum Engineers of AIME at its meeting 7 p.m. Monday at the Amarillo Club. He will speak on "Methods and Procedures for Determining Fair Market Values of Petroleum Properties."

In June, 1962, Eggleston, a graduate of the Mining College of University of California, retired from his position as manager of reserves and valuations for the Union Oil Co. of California.

He is one of six lecturers appointed by the Board of Directors of the Society of Petroleum Engineers and the Distinguished Lecturer Committee for 1963-64. The program is in its fourth year, and was established to assist local sections which rely on the professional contributions of the men chosen as lecturers.

Reservations may be made with Paul Bennett, Vinson Supply, Amarillo; N. E. Turnbo, Kewanee Oil Co., Pampa; or Alen Evans, Huber Corp., Borger.

WILLIAM S. EGGLESTON

Reservations may be made with Paul Bennett, Vinson Supply, Amarillo; N. E. Turnbo, Kewanee Oil Co., Pampa; or Alen Evans, Huber Corp., Borger.

Judge Won't Rule On Skirt Length

ANCONA, Italy (UPI) — A judge here refused today to decide when a short skirt ceases to be fashionable and becomes an immoral invitation. The judge dismissed charges of soliciting against three young women who were arrested because they sat on a park bench here, in short skirts and with crossed knees.

Police said passersby complained that the girls were showing a "scandalous" amount of leg.

SOVIET OFFICIALS CAN STILL SEE DISNEYLAND

WASHINGTON (UPI) — Never fear little Ivan, wipe away your tears Natasha, you still can visit Disneyland.

The State Department said the new travel restrictions for Russian and Eastern European diplomats and officials did not apply to the city of Anaheim, Calif. Disneyland is in Anaheim.

Washington palms taller than 100 feet have been grown in the Lower Rio Grande Valley.

Card of Thanks

IRENE BEESLEY
The Lord is my shepherd, I shall not want. He maketh me to lie down in green pastures, he leadeth me beside the still waters. He restoreth my soul: He leadeth me in the paths of righteousness for his name's sake. Though I walk through the valley of the shadow of death, I will fear no evil: for Thou art with me. Thy rod and Thy staff they comfort me. Thou preparest a table before me in the presence of mine enemies: Thou anointest my head with oil: my cup runneth over. Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord forever.

We wish to take this means of expressing our "THANKS" to our many friends who were so kind to us during our recent bereavement at the loss of our beloved Wife and Mother, Mrs. Irene Beesley of Tulsa for her message of condolence. For food flowers, each act of sympathy we are extremely grateful. To the Funeral Directors, for their impressive last rites, and to each and every one who was so gracious to us. The Families of Irene Beesley

TO SPACE AND BACK — Huge sphere, left, was home for 30 days to four "terranauts" who successfully carried out a simulated voyage into space at General Electric's Space Technology Center in Valley Forge, Pa. Their "ship" was a 124 1/2-by-24-foot-cylinder inside the sphere. Wide-angle lens, right, catches the two sections of the space cabin. Two of the crew can be seen operating controls on the flight deck while the other two relax off duty on the living deck. The experiment was conducted under conditions closer to actual long-duration space flight than any previous test. Had the men really been in space, they would have completed 480 orbits of the earth.

Space Expert Will Address Knife and Fork Club Here

Much of the nation may have gasped and been surprised when the first man was launched into space. But one person who expected it, and even forecast that it would happen, and about when it would happen, was a young newspaperman from Chicago, Peter Reich.

Reich, a former Radio Quiz Kid and a fellow who has been following space developments for a large reading public, will address members of the Knife & Fork Club at their meeting next Thursday at 7:30 p.m. in Robert E. Lee Junior High School.

Recognized as one of the best in the space-news-coverage field, Reich witnessed the launching of our first man into space (Commander Alan B. Shepard) and our pioneer man into space (Col. John H. Glenn) from Cape Canaveral. He has covered every orbital flight from there since.

WOMEN REFEREES
STUTTGART, Germany (UPI) — The State Athletic Association said 12 women were trained to work as handball referees because "male referees are scarce and a female whistle commands more respect."

As a matter of fact there has been very little that Reich hasn't witnessed in the space field. Last year he was named regional director (Midwest) of the Aviation Space Writers Association.

Reich himself may go into space one of these days. The National Aeronautics and Space Administration has informed Reich that he is No. 1 on the list of candidates for this singular honor.

Jimmie Thompson, Knife and Fork Club president, said that developments have come so rapidly in the space field that club officers felt it timely to have someone adequately equipped with current information to discuss the subject from the standpoint of what all these new developments mean to the individual. So the club asked Reich to be its guest, and it is from the everyday viewpoint that he will talk.

Reich himself has pierced the sound barrier in a jet interceptor. He has flown in jet bombers, covered missile launchings at Cape Canaveral

and participated in the Civil Defense tests at Nevada Proving Grounds. Tickets for club members will be on sale at Malone's Pharmacy until Wednesday noon.

YOU ARE TAKING A 65,000 MILE HIKE

Your feet carry you about 65,000 miles in the average lifetime. That's a lot of use for such a small part of your body. To protect your feet do not overlook infection producing bruises, cuts and cracks.

Corns and callouses form if the skin on your feet is dry. Apply an antiseptic foot balm at night. Dry your feet carefully, especially between the toes to avoid athlete's feet. Have any foot troubles quickly taken care of by a Podiatrist. We carry many products that are helpful to foot care.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

Increase Shown By Seismograph

TULSA, Okla. — A 15 per cent sales increase and a 94 per cent increase in profit for the first nine months of 1963 compared with the same period a year ago, were reported this week by Sismograph Service Corporation.

In a quarterly report to stockholders President G. H. Westby said earnings per share for the period were \$1.73, compared with 89 cents for the first nine months of 1962.

The figures show nearly a \$1,500,000 increase in contract services and sales during the third quarter of this year over the third quarter of 1962. Third quarter earnings this year were 65 cents per share, as against 47 cents a year ago.

C of C, Oil Group Concerned Over Water Problem

DALLAS — Mutual concern over water protection problems and a spirit of co-operation in reaching solutions were expressed by representatives of the West Texas Chamber of Commerce and Texas Mid-Continent Oil & Gas Association here this week.

The meeting was composed of the chamber's water resources committee, headed by J. W. Buchanan of Dumas, and the association's recently formed water conservation committee, chairmanned by Ray H. Horton of Houston, vice president of Humble Oil & Refining Company.

Representatives of the Chamber committee reviewed the most critical water pollution problems in their respective areas for the benefit of the oil industry group.

Buchanan and Horton both stressed the importance of co-operation.

Buchanan said, "We feel we can make headway if we can get together and talk out our problems rather than butting heads. West Texas lives off of oil people. They pay a large per cent of the taxes in our area. We want to work with you, not against you."

By United Press International Nearly half of the Americans over 25 have completed high school and one out of 11 has received at least four years of college, according to a survey by the Metropolitan Life Insurance Co.

Mid-America Pipeline Reports Net for Year

TULSA, Okla. — Mid-America Pipeline Co. has reported an increase in net income from \$326,150 for the 12 months ended Sept. 30, 1962, to \$2,275,060 for the same period this year.

Mid-America President Robert E. Thomas said net income equaled \$1.24 a share for the period ended Sept. 30, 1963, compared with 18 cents a year ago. Consolidated results for the 1963 period reflect provision for current and deferred income taxes amounting to \$44,200 on the income of two wholly owned subsidiaries, MAPCO Under-ground Storage Company and MAPCO Production Company. While current tax payments will be small for some time to come, Thomas said, reserves for deferred income taxes (resulting principally from the use of an accelerated method of computing depreciation for tax purposes) will become an increasing factor in financial results over the coming year.

Thomas stated that the LPG pipeline shipped 19,558,192 barrels during the reporting period, a 33.9 per cent increase over shipments a year ago. He attributed the increase to the growth of LPG consumption in Mid-America's service area, and to continued conversion from tank car shipment.

On Sept. 1 MAPCO purchased oil and gas producing properties, royalty interests and natural liquid gas production from Abaca Oil Co. for \$4,429,210. MAPCO also acquired Abaca's interest in the now - under-construction Westpan gasoline plant at Fritch, Texas. These operations from Sept. 1 are included in consolidated results.

Thomas reported that Mid-America's 1963 expansion program and the Westpan plant are substantially complete. The 400,000 - barrel underground storage cavern at the Greenwood, Neb., Terminal went into service November 7, and the Westpan plant is scheduled for start-up on November 12.

Registration was made through the Southwest Kansas Extension Center, Box 653, Garden City, Kan.

Presented through University of Kansas Southwest Extension Center, the institute will cover topics of drilling fluid control, inverted oil emulsion mud, Potomac granite, drilling problems in Anadarko basin and in electric logging, high volume rate of fracturing, limited entry of wells, small diameter well completion, and application of information theory in establishing oil field trends.

Speakers will be Merle Goddard, Don Welshaupt and K. A. Freeman of Liberal; W. J. Highberger of Midland; Curtis A. Henley, Jay P. Simpson and W. E. White of Houston; Lloyd N. Unsell of Tulsa; W. D. Ford of Wichita; William R. Cook of Enid; Frank D. Smith of Amarillo; and Laddie J. Harp, William E. Mitchell and John P. Dowds of Oklahoma City.

The institute is sponsored by the State Board for Vocational Education, the Southwest Kansas petroleum industry, the K.U. department of petroleum engi-

Russians Launch 'Cosmos' Satellite

MOSCOW (UPI) — The Soviet Union today put an unmanned space satellite called "Cosmos 22" into orbit, the news agency Tass reported.

The name of the new Russian satellite made it the latest in the "Cosmos" series for routine space research. The previous satellite in the series — Cosmos 21 — was launched on Tuesday.

On Nov. 1, the Russians launched "Polyot One" (Flight One) the first in an expected series of unmanned satellites capable of being maneuvered in space by remote control.

Skelly to Close Plant at Longview

TULSA, Okla. (UPI) — Skelly Oil Co. has announced it will close down its 32-year-old refinery at Longview, Tex., about Dec. 1.

Skelly said facilities of the Longview plant were obsolete. Studies showed it would not be feasible to recondition the 4,000-barrel refinery, Skelly said.

A two-man employe relations team was sent to Longview to assist in finding jobs for displaced employes. The company did not reveal the number of workers affected.

Sabine National Forest, with 183,862 acres is the largest national forest in Texas.
