Sinatra Marks 'Best Birthday; Hunt Continues

WEST LOS ANGELES (UPI) — Frank Sinatra celebrated "the best birthday I ever had" today with the 19-year-old son he ransomed for \$240,000.

But Frank Sinatra Jr. expected to spend some of the day with Federal Bureau of Investigation (FBI) agents in an attempt to track down the kidnapers who held him captive more than two days.

"We still have some kidnapers to catch," one FBI agent said as friends and family gathered around the young singer to celebrate his safe return.

The FBI refused to comment on progress in efforts to find whether an organized gang, or a band of reckless amateurs, kidnaped Frank Jr. Sunday night from a motel room at a Lake Tahoe spa on the California-Nevada border. The youth was taken from his room only minutes before he was to have appeared at a night club with the Tommy Dorsey orchestra, the same band that gave his famous father his big start.

Federal agents began patrolling a western section of the San Fernando Valley north of here Wednesday night and were reported to have stopped automobiles and questioned pedestrians. But neither agents nor local police would connect the pre-dawn patrol with the search for Sinatra's abductors.

Investigation Continues

The FBI would say only that the investigation was continuing and no arrests had been made that had any particular connection with the case.

Frank Jr. was picked up early Wednesday by a private Bel-Air patrol car after his father had paid \$240,000 in cash to the abductors and then failed to find his son at the appointed place.

Frank Sr. returned empty handed, only to be followed a few minutes later by the patrolman with Frank Jr. hidden in the trunk of the patrol car. The youth was hidden to escape the notice of dozens of newsmen who had been waiting throughout the chilly night outside the secluded hilltop home of his mother, Mrs. Nancy Sinatra.

It wasn't the younger Sinatra's first ride in the trunk of a car. He said he spent hours there in his ride here from the motel where he was kidnaped.

"I was scared," he admitted, but added that now he felt "just fine" and was ready to return to complete the nightclub engagement.

Made No Statements

Young Sinatra said at a brief news conference outside his mother's fashionable Bel-Air home that he was "not at liberty to make any statements" regarding his kidnap.

Sinatra himself was in the car that dropped a bag containing the \$240,000 in small denominations near the U.S. Veterans Hospital not far from Mrs. Sinatra's home. He had flown here from Reno, Nev., after the kidnapers in one of eight telephone calls told him to get the money ready and go to the home of the boy's mother, Sinatra's first wife. Once there they gave him further instructions by telephone.

The FBI indicated it was familiar with all steps of the negotiations begun by Sinatra Monday after he received the first call in Nevada.

The elder Sinatra said "no deal" was offered to protect the kidnapers once his son was released. "They're on their own now," he said.

No Senate action has been scheduled but it is expected that the measure will win quick approval when it is put to a vote.

In his proposal, Johnson did not specify the design for the other side of the coin, but Rep. Leonor K. Sullivan D-Mo., has suggested that it bear a picture of the Capitol.

She said it would be a fitting way to mark the 14 years Kennedy served in the House and Senate.

Other congressional news:

Civil Rights: The effort to get civil rights legislation moving in the House reverted to finger-pointing. House leaders have been trying since Monday to get 218 signatures on a petition to speed up action on the bill by discharging it from the House Rules Committee. The petition now has 150 names, but some Republicans resisting the idea, charged that the Democrats could get the bill to the

Announcement Expected On Military Shutdown

RETURNED SAFE — Frank Sinatra, Sr. tells newsmen outside the Bel Air, Calif., home of his first wife that his son, Frank Jr., kidnaped from his motel room in State-line, Nev., at gunpoint, had been returned safely to Los Angeles. Sinatra said he paid a \$240,000 ransom to the kidnapers. The ransom was paid in \$100, \$50, \$20 and \$10 bills collected from several banks. (NEA Telephoto)

Second Frigid Blast Forecast As Texans Shiver From First

By United Press International

Winter's worst blast of the season glazed most of the northern half of Texas in a sheath of ice and snow today and another frigid blast was promised before the state could recover from the current one.

High temperature Wednesday for Pampa was 16 degrees, the low 7. The temperature at noon today was 25.

The freezing weather stopped well short of the semi-tropical Lower Rio Grande Valley and the immediate coastal area and cloudy skies protected tomato and sweet pepper crops from possible frost.

The mercury plummeted to 6 degrees in the Texas Panhandle as skies cleared and the freeze line extended from near Lubbock westward through Austin into the Big Bend Country.

Precipitation was light in all areas, minimizing the dangers of heavy snow and ice damage, but forecasters said another Canadian cold front was expected to surge into the state by the week end and might bring another snow-ice threat.

Sleet to Diminish

Light freezing rain or sleet, which fell across a broad band of Texas from Midland eastward to Texarkana, was expected to diminish during the morning. The western extremity had moved from Midland to Abilene by 6 a. m.

At that time, Abilene, Dallas, Fort Worth, Austin and Texarkana reported freezing rain or sleet with temperatures in the upper 20s except at Austin where the mercury flirted with freezing.

Skies were clear at Amarillo, Dalhart, Lubbock and Alpine and partly cloudy at El Paso, Midland and Wichita Falls.

The temperature stood at 17 at Lubbock, 19 at Wichita Falls, 22 at Alpine, 25 at Dallas, 26 at Abilene and Fort Worth, 28 at Waco and San Angelo and 29 at Texarkana.

Skies Start Clearing

The Weather Bureau said skies were clearing in the west and precipitation was moving eastward. Some "insignificant" snow flurries were expected Thursday night in the Panhandle, a forecaster said.

Maximums Thursday were expected to range from the upper 20s in the northwest to the 50s in the deep south. Overnight lows ranged from about 5 above zero to the 40s.

Four traffic deaths were directly tied to the inclement conditions and four others may have been caused by the fog and ice.

Highways were slippery and dangerous Wednesday, but had generally dried and cleared by Thursday except in some treacherous spots. There was a three-inch cover of snow in the Davis-Guadalupe Mountains.

Wide Temperature Range

A drop of about 15 degrees was associated with the front which gushed through Texas. There was a 65-degree range of temperatures Wednesday. Amarillo's maximum was 22 and Corpus Christi had a high of 90 degrees.

Rains, snow and sleet triggered by the frontal activity brought measurements of precipitation that ranged mostly from a trace to .20 of an inch.

Icy roads brought highway crews into action with sand and salt on north Texas bridges and viaducts.

White House press secretary Pierre Salinger said that wasn't the way it was at all.

Salinger, who was among those present during a Kennedy-Adzhubei lunch, reviewed his notes and found no mention of Hungary. He so advised White House reporters.

Reviews Interpreter's Notes

A little later, however, he said he had then also reviewed the notes of an interpreter at the lunch and found that the late President "did use the word Hungary, but not in the context used by Castro."

According to Salinger, the President said the United States found the Cuban situation difficult. To show the importance

Hot Check Given For Hot Bridge

SWANSEA, Wales (UPI) — David Thomas offered to sell David Roberts a derelict railway station which he didn't own. And Roberts offered to pay for it with a worthless check.

A laughing judge called it a draw Wednesday and dismissed a fraud charge against Thomas.

Thomas told the judge he really thought he owned the abandoned railway station because he paid another man \$14 for it. He offered it to Roberts for \$84. Roberts paid by check and put a gang to work tearing it down for his scrap iron business.

The station was halfway down when a policeman came along and stopped the work.

Thousands of Jobs Will Be Terminated

BULLETIN

WASHINGTON (UPI) — Defense Secretary Robert S. McNamara today announced the closing of 33 military installations with a reduction of 16,300 in personnel. He said the saving would be \$106 million a year.

McNamara promised that all civilians losing jobs will be offered new ones and estimated that nearly 90 per cent will remain on the payroll.

By DARRELL GARWOOD
United Press International

WASHINGTON (UPI) — Defense Secretary Robert S. McNamara is expected to announce today the shutdown of more than two dozen military installations in 15 states with a loss of between 9,000 and 12,000 civilian jobs.

But McNamara's announcement, it was learned, will not affect the big government shipyards at Boston, San Francisco and Philadelphia—though these

installations may get the ax within the next several months.

A storm of protest was touched off Wednesday when congressional sources reported that the Defense Department planned to close 35 installations, including the shipyards, and employing a total of 75,000 civilian workers, as part of the new military economy drive.

But later in the day several senators and congressmen from the affected states were informed that the shipyards would not be closed. Sen. Edward M. Kennedy, D-Mass., said he was "encouraged" that the Boston yard, for one, would remain open, but he added, "we have a fight on our hands."

McNamara's action today will eliminate completely between 9,000 and 12,000 civilian jobs. Thousands of other workers also will be affected by being obliged to move from one locality to another, or to change the nature of their work.

The closing of the bases is expected to be spread over two or three years to cushion the effect on employment.

McNamara announced last weekend that the Defense Department would lop off 25,000 civilian employees over the next 18 months to bring its total just under 1 million for the first time in several years.

Castro Says Kennedy Hinted Cuba Invasion

WASHINGTON (UPI) — Fidel Castro was quoted Wednesday as saying that he and Nikita Khrushchev decided to place Soviet missiles in Cuba after a remark by President Kennedy convinced them that a U.S. invasion of the island was imminent.

The White House said, however, that the late President stated at the time to Khrushchev's son-in-law, Alexei Adzhubei, that no U.S. invasion was planned. It said Adzhubei asked during a White House talk if such an attempt was in the making and Kennedy replied: "No."

Castro's statements on the issue were reported by Jean Daniel, a French newsman, who interviewed the Cuban premier shortly after the Nov. 22 assassination of the late President.

Castro referred to the talk Kennedy had with Adzhubei, the editor of Izvestia, in January, 1962. The Cuban premier said the late President recalled that the United States did not intervene when Russia put down the 1956 revolt in Hungary.

According to Daniel, Castro said he and Khrushchev took this to mean that the United States planned a second invasion attempt against Cuba and did not expect Russia to intervene.

White House press secretary Pierre Salinger said that wasn't the way it was at all.

Salinger, who was among those present during a Kennedy-Adzhubei lunch, reviewed his notes and found no mention of Hungary. He so advised White House reporters.

Reviews Interpreter's Notes

A little later, however, he said he had then also reviewed the notes of an interpreter at the lunch and found that the late President "did use the word Hungary, but not in the context used by Castro."

According to Salinger, the President said the United States found the Cuban situation difficult. To show the importance

of the Cuban problem, Salinger said, Kennedy told Adzhubei Russia should recall how important it considered Hungary in 1956. The record of the conversation shows no talk about non-intervention, Salinger said.

Kennedy and Adzhubei met again later the same day and Salinger said the interpreter's notes for that meeting show "the subject of Cuba did not come up."

Daniel reported on his meeting with Castro in an article in the New Republic magazine.

McNamara's action today will eliminate completely between 9,000 and 12,000 civilian jobs. Thousands of other workers also will be affected by being obliged to move from one locality to another, or to change the nature of their work.

The closing of the bases is expected to be spread over two or three years to cushion the effect on employment.

Auditor Reports City Records OK

Books and records of the City of Pampa have been found in good condition, according to J. G. Doggett of the auditing firm of Nensiel & Doggett.

The annual city audit covering the fiscal year ending Sept. 30, 1963, was filed with the city secretary yesterday.

City Manager Harold Schmitzer said the audit will be presented to the city commission at its meeting next Tuesday.

Details of the audit figures will be released at that time, Schmitzer said.

Suit by Walker May Be Dismissed

FORT WORTH, Tex. (UPI) — Former Maj. Gen. Edwin Walker's \$2 million libel suit against the Fort Worth Star-Telegram, WBAP radio-television and Associated Press will be dismissed Friday unless Walker appears in court, the judge warned Wednesday.

Officers said the mode of operation of the bandits in the two cases was very similar.

Charged Wednesday in the Oklahoma robbery were Harold Leon Edwards, 20, Julia Gonzales, Sketter Gonzales and a "John Doe."

Cotton County Atty. Hugh Fitzsimmons said Edwards attended school with Larry Wileman, who was bound and gagged along with his parents at their home. Fitzsimmons said Edwards lived at Randlett a short time.

Authorities in Millam County, Tex., filed a robbery charge against a Harold Leroy Edwards, believed to be from Oklahoma.

BELETED — Wintry storms have beleted the northern half of the U.S., from the Pacific Northwest to the northern half of Dixie. Sixteen inches of snow was measured in the Rockies and up to eight inches in the mountainous sections of Virginia. At least 13 deaths were blamed on the storms — seven in Indiana, three in Minnesota, two in Illinois, and one in Missouri. In Minneapolis, Minn., traffic crawled into the downtown section after four inches of snow blanketed the city. (NEA Telephoto)

House Panel Moves Quickly On Kennedy 50-Cent Piece

WASHINGTON (UPI) — The House Banking and Currency Committee today scheduled quick consideration of a plan to put a likeness of President Kennedy on new 50-cent pieces.

Chairman Wright Patman, D-Tex., called a closed session of the committee to discuss and probably vote on the legislation, submitted Monday by President Johnson.

No Senate action has been scheduled but it is expected that the measure will win quick approval when it is put to a vote.

In his proposal, Johnson did not specify the design for the other side of the coin, but Rep. Leonor K. Sullivan D-Mo., has suggested that it bear a picture of the Capitol.

She said it would be a fitting way to mark the 14 years Kennedy served in the House and Senate.

Other congressional news:

Civil Rights: The effort to get civil rights legislation moving in the House reverted to finger-pointing. House leaders have been trying since Monday to get 218 signatures on a petition to speed up action on the bill by discharging it from the House Rules Committee. The petition now has 150 names, but some Republicans resisting the idea, charged that the Democrats could get the bill to the

floor without it. They said the Democrats were trying to take the easy way out.

Mexico: The Senate was urged to approve the "Chamizal" treaty turning over a portion of El Paso, Tex., to Mexico. The request came from the State Department's assistant secretary for Latin American affairs, Edwin M. Martin. The area once belonged to Mexico but a change in the course of the Rio Grande, put the territory on the U.S. side of the border a century ago.

Connally Praises Staff of Hospital in First Letter

AUSTIN, Tex. (UPI) — Gov. John Connally's first letter since he was shot down with President Kennedy Nov. 22 has been published in a Parkland Hospital employe publication special edition.

The governor was taken to the hospital, as was Kennedy, after both were shot in downtown Dallas by a sniper.

Connally signed the letter, dictated in his hospital room Nov. 30, with his left hand. His right hand is in a cast.

The sniper's bullet passed through Connally's chest into his right wrist.

employees today was devoted to the letter, on Connally's personal stationery.

Several persons on his staff, including personal secretary Maurice Ray, maintained an office at the hospital while Connally was there. Connally's room was the scene of a news conference on national television Nov. 27.

Pickle Praises 'Ballot Battalion'

Praises Staff

In the letter, Connally praised the hospital staff.

"Words cannot adequately express my personal appreciation for the care, treatment and supreme thoughtfulness my family and I have received from all of you," Connally said.

"We will always remember your help and consideration."

"Parkland has proved again that it is one of the finest institutions of its kind in the world." (The hospital is used for training by the University of Texas Medical School and also is a county-owned facility).

Before leaving the Dallas County Hospital on Dec. 5, 13 days after the shooting, Connally called Parkland employes together in the hospital cafeteria for a personal word of thanks.

Leaves Incognito

For security reasons, he checked out of the hospital without public announcement. He now is recuperating at the governor's mansion next to the state capitol.

Steve Landregan, assistant administrator at the hospital, said an aide to Connally told him the letter of gratitude was the first signed by the governor. The front page of the "Hospital Highlights" distributed to

AUSTIN (UPI) — A "Ballot Battalion," a drive to get voters out next Tuesday in a congressional runoff election, was praised Tuesday by Democrat J. J. (Jake) Pickle, Jim Dobbs, his Republican opponent, lauded the move Monday.

Pickle said he was in favor of "the stimulating drive both parties are making to get out the vote." Dobbs and Pickle are running for the congressional seat vacated by Democrat Rep. Homer Thornberry.

"Apathy is something we cannot afford at this time in our history," Pickle said.

Dobbs said in a campaign speech that citizens of the district "are asking my opponent's stands on two issues — the federal public accommodations proposal and the tax cut."

"He (Pickle) has just about ceased comment of any sort — the silence is deafening," Dobbs said.

Jacqueline Kennedy Chooses New House

WASHINGTON (UPI) — Mrs. John F. Kennedy has chosen as her new home a 12-room colonial-style house in the swank Georgetown section of the capital, only blocks from where she lived with her husband in a happier day.

Complete with an elevator, an outside patio, and a view of the Potomac from a rooftop "captain's watch," the house was listed for sale at \$190,000. The exact sale price, however, was not announced.

The new house is across the street from where Mrs. Kennedy is now living in a home lent her by Undersecretary of State W. Averell Harriman. Three blocks away, is another home formerly owned by the Kennedys when the late President was a senator.

Moving Next Month
A spokesman for Mrs. Kennedy said Wednesday that she and her two children, Caroline, 6, and John Jr., 3, would move into the house next month.

The house was purchased from James M. Gibson, a retired investment broker. Gibson originally listed the house for sale at \$350,000 but recently lowered it.

Built around 1794, Gibson said the mottled brick building is believed to be Georgetown's second oldest house. It has seven bedrooms, cathedral ceilings, and foot-high walls.

In the White House Wednesday, President Johnson signed legislation giving Mrs. Kennedy Secret Service protection, along with free mailing privileges, and office help.

Protection Available
Under the bill, Secret Service agents will be available to protect the Kennedy family for as long as two years. The mailing privileges were for her lifetime. The entire amount authorized Mrs. Kennedy was \$65,000. Out of this \$15,000 was to be used

Obituaries

Dr. Henriette Voet BORGER (Sp) — Memorial services will be held in the Presbyterian Church here at 11 a.m. Friday for Dr. Henriette Voet, 55, who died Wednesday in Northwest Texas Hospital at Amarillo.

Funeral services are scheduled for 2 p.m. Friday at the Schooler-Gordon Colonial Chapel in Amarillo. Rabbi Hyman V. Solomon of Temple B'Nai Israel will officiate.

Dr. Voet, widely known in Pampa and Borger and throughout the entire Panhandle as an eye specialist, was a native of Holland and came to the United States in 1939 shortly before Hitler invaded Holland.

Her husband, Dr. Andries Voet, is a research chemist with the J. M. Huber Co. She is also survived by two sons and two daughters.

Burial will be in Liano cemetery at Amarillo.

Monroe A. Wolfe
Monroe A. Wolfe died at Highland General Hospital this morning, Born Dec. 30, 1881, at Sandtown, Ark., he moved to Pampa in 1951.

Mr. Wolfe made his home with his daughter, Mrs. W. J. Duncan, 412 Roberta. He was a member of Freewill Baptist Church of Sandtown and a member of Montgomery Lodge 360.

He is survived by one son Rev. S. A. Wolfe of Goodlet as well as his daughter, Mrs. W. J. Duncan; 4 grandchildren and 7 great-grandchildren.

The body will lie in state at the Duenkel-Carmichael Funeral Home until 5 p.m. today. Funeral services will be at Sandtown at 2:30 Saturday with Rev. Herman Lewis officiating.

FATAL AUTO CRASH
DALLAS (UPI) — Leland Oscar Taylor, 76, was killed Wednesday night in a two-car crash that injured two other persons. The fatality was the 98th for the year in Dallas.

Mrs. Katherine DeBarr, 509 N. Dwight, disobeying stop sign, guilty, fined \$7.50.

B. A. Langley, 811 S. Russell, no operator's license, guilty, fined \$42.

Mrs. Fay Larned, 1040 Crane Rd., disobeying stop sign, guilty, fined \$10.

Harry Hoyler III, Oklahoma City, contesting for speed, guilty, fined \$11.

CORPORATION COURT
Mrs. Katherine DeBarr, 509 N. Dwight, disobeying stop sign, guilty, fined \$7.50.

B. A. Langley, 811 S. Russell, no operator's license, guilty, fined \$42.

Mrs. Fay Larned, 1040 Crane Rd., disobeying stop sign, guilty, fined \$10.

School Board Member Asks Ban of Holiday Magazine

School Board Member John Gikas suggested today that Pampa schools should discontinue a subscription to Holiday magazine because of its liquor advertisements. This matter was brought to the attention of the board at its regular meeting this forenoon.

Supt. L. J. Edmondson stated the magazine was included among subscriptions because of its geographical content which proved of reference value to students.

Gikas also suggested the schools ask for competitive bids on all magazine subscriptions. The suggestion was made during the approval of \$25,584.73 in bills and invoices.

The board changed the bond of Homer Craig, school business manager and tax collector, to conform with audit recommendations made last month. Craig's bond was raised to \$50,000. Other employees in the school business manager's office were rebonded at \$5,000 each for a period of three years.

Edmondson advised that a study of new textbooks was being made and that recommendations would be presented to the board in March.

The group set 10 a.m. Wednesday, January 7, as the time for the next regular meeting.

Before adjournment, the Junior High School Building, Auditorium, Gym, Shop, Wilson Cafeteria, and Mann Cafeteria were toured by board members for a study of maintenance problems.

Special price on winter wools, also sewing boxes priced from \$1.00 to \$14.95 for those last minute gifts. Singer Sewing and Fabric Center.

Mrs. Jessie Rance, 100 W. Browning will be hostess for the Business and Professional Women's Club Christmas Party Sunday at 2:30 p.m. Members are asked to bring a gift for exchange and a staple food item for the Christmas basket.

Lost: Masonic 33rd Degree Ring, reward. C. P. Buckler, MO 4-2514.

The VFW Women's Auxiliary will hold a Christmas party at 7:30 p.m. Friday, in the City Club Room. Gifts will be exchanged and secret pals revealed. Members are asked to bring food for a Christmas basket.

Maxine Dorman invites her friends to visit her at Parker's Greenhouse, 220 N. Ward. She will be glad to assist you with your Christmas floral gifts and decorations.

Toys for those tots, can also be bought at Singer Sewing and Fabric Center.

The Top o' Texas 4-H Club will not meet at the regular time Saturday, but will have a holiday party and meeting Dec. 30 in the Court House Annex.

Season Basketball tickets now on sale, \$5 per book. School Business Office, MO 4-2531.

FROZEN PATIO D

Orange Flavors Coffee Cake

By GAYNOR MADDOX
Newspaper Enterprise Assn.
For a festive holiday brunch or a thoughtful gift to a good neighbor for her Christmas breakfast, this tender, moist coffee cake with crunchy topping is a happy choice. Frozen orange juice concentrate, brown sugar, cinnamon, raisins and walnuts, make it particularly good. It has that "Merry Christmas" appeal.

FOR CHRISTMAS breakfast, orange-flavored cake.

ORANGE COFFEE CAKE
2 c. sifted all-purpose flour
3/2 tsp. double-acting baking powder

Vitamins Don't Make Good Diet

By GAYNOR MADDOX
Newspaper Enterprise Assn.
Q—I live by myself and have to eat alone. I really don't eat much because I am just not interested, so I take a lot of vitamin supplements. They will make my poor diet a good diet, won't they?—MRS. F. T.

A—Let's put it this way: Vitamin supplements are not "meat and potatoes." You need meat, vegetables and fruit, cereals and dairy products to make a good diet. Vitamin supplements can't do it for you.

"Vitamin Supplements will not make a poor diet good," according to experimental findings of a nutrition class conducted by Dr. Bessie B. Cook at University of California. The class had four groups of rats—(1) on a good diet; (2) on a good diet plus vitamin supplement; (3) on a poor diet; and (4) on a poor diet plus vitamin supplement. They found they were no healthier on a good diet plus supplement than on a good diet alone.

They also found that animals on a poor diet plus vitamins did not approach the healthy condition of animals on a good diet alone. The reason is that a poor diet may lack more than certain vitamins; it may be short on protein and minerals, reports the University of California Extension Service.

Q—Is it true that eggs and milk should be avoided because they contain cholesterol?

A—Not true, according to most highly accredited research nutritionists. Dr. Margaret A. Ohlson, Department of Internal Medicine, State University of Iowa, blames extreme statements of some advertisers for much confusion about what is nutritious and part of the well-rounded diet. She points out in the Illinois Medical Journal that too many foods are sold on the argument that if a little is good, more must be better.

She suggests that milk and eggs—which in small amounts improve the balance of nutrients in a mixed diet—have been over-sold. Now the public, on the contrary, is being oversold on polyunsaturated fats to the point where many will eat no eggs or milk. She urges more of a "middle-of-the-road" philosophy about eating, moving away from any kind of faddism.

3/4 tsp. salt
3/4 c. shortening
1-3 c. sugar
2 eggs
1/2 c. milk
1-3 c. frozen concentrated orange juice
1/2 c. chopped walnuts
1/2 c. chopped raisins
1/2 c. firmly packed brown sugar
1 tsp. ground cinnamon
2 tbs. butter, melted
2 tbs. frozen concentrated orange juice
1 tbs. sugar

Sift flour with baking powder and salt. Cream shortening; gradually add 1-3 cup sugar, and continue creaming until

light and fluffy. Add eggs, one at a time, beating well after each. Add flour, alternating with milk and 1-3 cup concentrated orange juice, a small amount at a time, beating after each addition until smooth. Stir in walnuts and raisins. Pour into a greased 9-inch square pan. Mix brown sugar and cinnamon and sprinkle over top of batter. Bake in moderate oven (375-degrees) 10 minutes. Combine melted butter, 2 tablespoons concentrated orange juice, and 1 tablespoon sugar. Spoon over top of coffee cake; bake an additional 15 to 20 minutes.

Enjoy Family on Christmas Day, Cook Stuffing, Turkey Separately

By GAYNOR MADDOX
Newspaper Enterprise Assn.
To leave more time to enjoy the family on Christmas morning, truss the turkey the night before and get it all ready to slip into the oven. While it roasts on Christmas day, make the stuffing and spread it in a pan to be baked separately after the turkey comes out of the oven. The turkey cooks anywhere from an hour to two hours faster if roasted unstuffed. The stuffing cooks in 25 minutes, during the time it takes the turkey to firm up for carving and the cook to make the gravy and get set for the feast.

PAN-BAKED STUFFING
2 cups water
1 envelope chunk chicken noodle soup mix
1/2 cup margarine
1 cup finely chopped onion
1 teaspoon poultry seasoning

2 1/2 cups chopped celery
3 quarts stale bread crumbs (about 30 slices crumbed)
Bring water to boil in a saucepan. Stir in soup mix. Reduce heat; partially cover and boil gently 6 minutes. Melt margarine in a skillet. Add onion and poultry seasoning. Cook over low heat, stirring frequently until onion is tender. Pour over bread crumbs in a mixing bowl. Add celery and soup; mix well. Place in two greased 9x9x1 1/2-inch or one 13x9 1/2x2-inch pan. Bake in 375 degrees (moderate) oven until thoroughly heated and lightly

Fruit Desserts
Are Good Choice
CHRISTMAS FRUIT MEDLEY (6 servings)

1/2 cup fresh orange sections
1/2 cup fresh grapefruit sections
1/2 cup diced unpeeled ripe pears
1/2 cup seeded Emperor grapes
1/2 cup sliced bananas
1 cup fresh pineapple wedges
3 tablespoons sugar
Fresh mint leaves (optional)
Fresh strawberry or maraschino cherry
Combine all ingredients. Mix lightly. Serve in sherbet glasses as first course or as a dessert. Garnish with fresh mint leaves and a strawberry or a cherry, if desired.

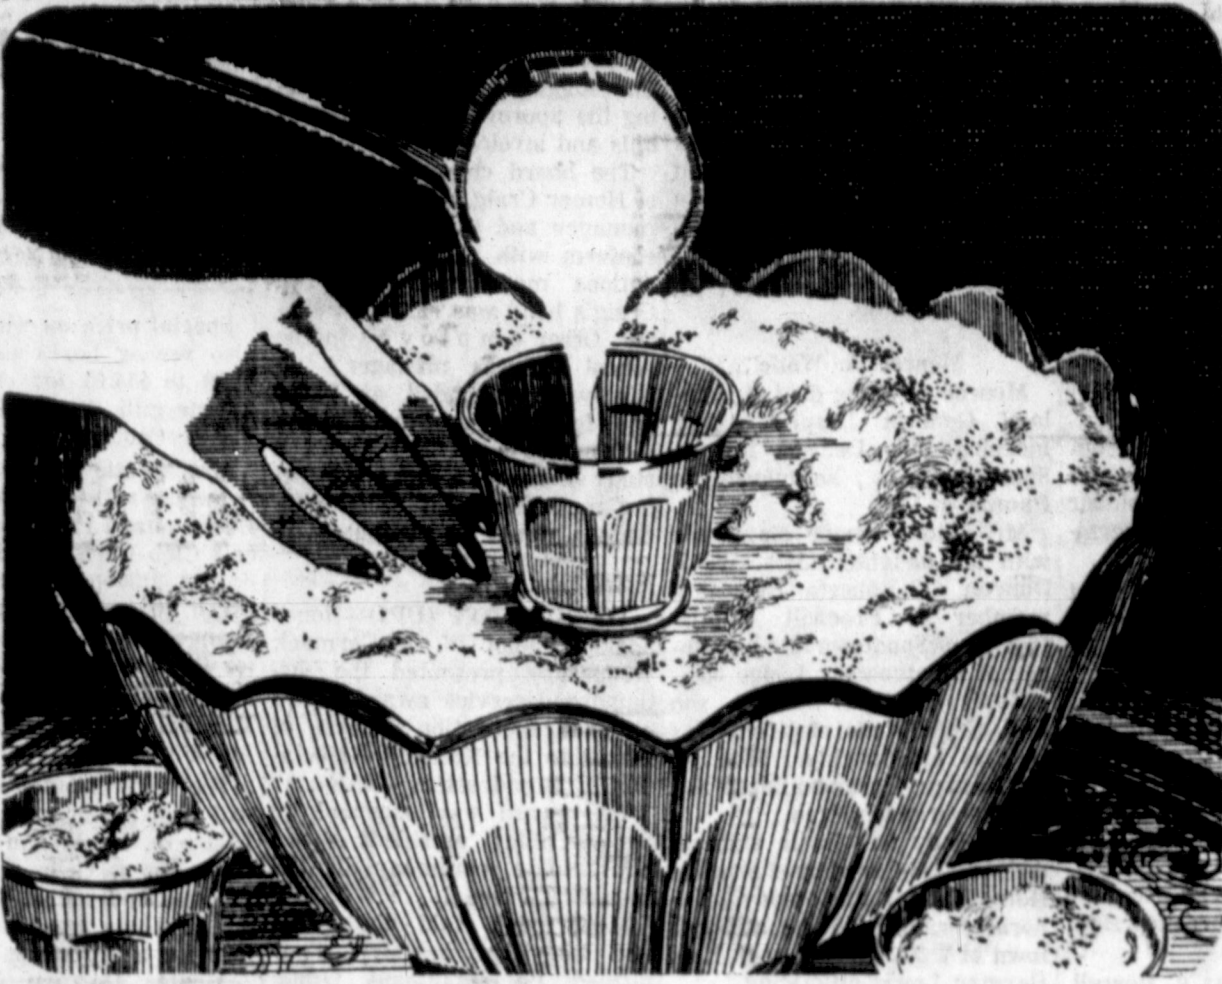

FRESH TANGERINE AMBROSIA (8 servings)
8 large tangerines
3 tablespoons fresh lemon juice
1/2 cup granulated sugar
1 cup water
1/2 teaspoon almond extract
1/2 teaspoon pure vanilla extract
2-3 cup shredded coconut
Remove skins from tangerines, being sure to peel off the white clinging membrane. Section fruit and remove seeds. Sprinkle fresh lemon juice over sections and let stand for 30 minutes. Combine next three ingredients. Bring to a boil and boil 1 minutes.

browned on top, about 25 minutes. Spoon into serving bowl. Makes 8 to 10 servings. (Double recipe, if desired).

NOTE: To prepare stale bread crumbs: Spread day-old bread slices on flat surface; cover with waxed paper and let stand overnight.

CRANBERRY RELISH
1 pound (4 cups) fresh cranberries
2 unpeeled oranges, quartered and seeded
2 cups finely chopped walnuts
1 cup sugar
1/2 cup light corn syrup
Put cranberries and oranges through food grinder, using medium blade. Stir in walnuts and sugar, then corn syrup. Chill several hours before serving. Makes 4 cups relish.

Two Special Holiday Treats Dairy Fresh and Dairy Good

To Mr. and Mrs. James Murphy, Miami, on the birth of a boy at 10:28 a.m., weighing 8 lbs. 4 ozs.

Quotes From The News

By United Press International
LOS ANGELES—Police Chief William H. Parker criticizing the FBI for not bringing his department into the search for kidnaped Frank Sinatra Jr.: "This is the first time that we were faced with a problem where there was criminal activity in the city of Los Angeles that was known to a law enforcement agency where we were not permitted to participate."

WASHINGTON — President Johnson urging the Defense Department to look for any chance to further U.S. efforts against Communist subversion in Viet Nam and the Caribbean: "In these two areas we must be constantly alert to every opportunity to sustain and strengthen the forces of freedom."

DALLAS — Mrs. Shirley Williamson, a Fort Worth housewife who started a campaign to raise funds for the poverty-stricken family of Lee Harvey Oswald, accused assassin of the late President: "We get more each day than we got the day before."

TOY OF TOYS—Barbara Burkhead, 8, plays by taxiing her biplane full throttle along the strips of her father's Lumberton, N.C., airport. Her plane is a toy most kids might dream of. The plane—not powerful enough to take off—is made of plywood and cypress strips and covered with bed sheeting. It boasts throttle, choke, rudder pedals and stick.

Free Yule Trees Being Offered

Schools and churches can get free Christmas trees simply for the trip to Bruce Nurseries at Alanreed. Paul M. Bruce, owner, said today.

"We have plenty of trees to supply schools and churches," he said, "and we will be glad to give them to any school or church representative who will come out after them."

Bruce said his nursery has been giving the trees away each year as Christmas gifts.

Railroad Company Names Ft. Worth

James S. Garvey, Fort Worth business executive, has recently been elected a director of the Fort Worth and Denver Railway Co.

TOUGH TO ENFORCE

OXNARD, Calif. (UPI)—The city council Wednesday rejected an ordinance that would have made it a misdemeanor to own a dog that "barks unreasonably."

Councilmen called it "unworkable and discriminatory."

Available to you without a doctor's prescription, our drug called ODRINEX. You must lose ugly fat in 7 days or your money back. No strenuous exercise, laxatives, massage or taking of so-called reducing "pills," candy or cookies or chewing gum. ODRINEX is a tiny tablet and easily swallowed. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions, because ODRINEX depresses your appetite and decreases your desire for food. Your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. ODRINEX costs \$3.00 and is sold on this GUARANTEE: If not satisfied for any reason just return the package to your druggist and get your full money back. No questions asked. ODRINEX is sold with this guarantee by:

Foreign News Commentary

By PHIL NEWSOM
 UPI Foreign News Analyst
 When Victor Paz Estenssoro returned from Argentine exile to become president of Bolivia after a successful revolt in April, 1952, a prime mover in his return was a labor leader named Juan Lechin Oquendo.
 Since the 1940's the two had worked together in leadership of National Revolutionary Movement (MNR) and when Paz became president Lechin assumed the post of minister of mining and petroleum.
 Lechin's power rested upon his control of the Communist-dominated tin miners' union. He himself has been described as a Trotskyite.

The MNR was leftist. But upon the question just how far to the left the two men separated. For his part, Paz declared: "In an economically dependent country like ours an extremist revolution cannot be accomplished. Guarantees will be given to foreign capital on the condition that it brings real benefits to the country."

Two Main Supports
 The Paz government has had two main supports. One came from the peasants who received land under government agrarian reform. The other source was the United States which has supported the government with \$250 million. This year's aid program is budgeted at \$65 million.

U.S. aid to Bolivia is the largest per capita in Latin America.

The elections of 1960 named Paz president of the country for a second consecutive term and Lechin vice president.

But, although operating under the same party banner, the two men had reached the end of the political ways.

Lechin went into virtual exile as Bolivian ambassador to the Vatican. He quit that post two months ago to take up active opposition to Paz, depending for his support upon the restless tin miners who still retained their weapons from the revolt of 1952.

His campaign, both anti-Paz and anti-United States, is based upon opposition to government efforts to clean up the mess in the nationalized tin industry.

Hidden With Fraud
 The mines, nationalized as one of the first acts of the 1952 revolution, are shot through with featherbedding and fraud. Exhaustion of once-rich veins, worn-out machinery and falling prices have added to the chaos in an industry accountable for 80 per cent of Bolivian exports.

Government efforts to introduce economic reforms, including reduction in the work force, have met violent resistance.

The resistance, stirred up by Lechin, reached a climax in the kidnaping of four Americans and six other foreigners as hostages for the release of three Communist leaders held by the government, two for murder and a third for fraud.

Inherent in the act were two threats.
 —The use of the 16,000-man miners' militia in civil war against the government, with the end result in case of government defeat a Marxist government.

—The establishment of a pattern of kidnaping first employed by Fidel Castro and later by Venezuelan rebels to dramatize any grievance against the home government or the United States.

STAR TO MARRY
HOLLYWOOD (UPI) — Sue Lyon, teen-age nymphet who first gained fame as "Lolita," plans to marry actor Hampton Fancher III Dec. 22.
 The 17-year-old actress, currently in Puerto Vallarta, Mexico, working in "Night of the Iguana," announced through a representative here that they would be married at the home of designer Dorothy Jeakins.

DRAMA OF DULLES—Night photograph of the control tower and passenger terminal at Dulles International Airport in Virginia, near Washington, D.C., beautifully expresses the jet age; beauty combined with functional efficiency. Dulles, the aerial gateway to the nation's capital, is beginning its second year of operations.

Soviet Leaders Start Talk on Nikita's Plan

MOSCOW (UPI) — The leadership of the Soviet Communist party has started debate on Premier Nikita S. Khrushchev's \$46 billion plan for a speedy buildup of the chemical industry, possibly with the aid of entire plants purchased in the West.

Khrushchev's plan for the chemical industry was doubtless what had been expected. Its goals and details included:
 —Trebling the output of the chemical industry by 1970.
 —Investing \$46 billion, including more than \$25 billion for the plants themselves.

The party central committee held its second plenary session in the Kremlin Hall of Congresses, with chemical experts, party and government planners, and industry officials speaking on Khrushchev's plan, which was virtually certain of approval.

Khrushchev said the seven-year program, "unprecedented in world practice," would regenerate a failing agriculture with chemical fertilizers and also help satisfy demands for more consumer goods.

He disclosed in his long speech to the opening of the party meeting Monday that Soviet collective and state farms delivered 21 per cent less grain to the state-controlled markets this year than last. He defended his decision to buy more than \$700 million worth of wheat in the West and said Stalin let people starve during bad harvest years while continuing to export wheat.

Then he outlined the seven-year program to increase farm

Changes Made in Voting Places

The Commissioners' Court of Gray County has had to make some changes in the election voting precincts for Gray County in order to comply with Texas election laws for 1964.

There are no changes in the following voting precincts: Precinct 1, Lefors; Precinct 4, Alanreed; Precinct 5, McLean; Precinct 6, Laketon; Precinct 11, Phillips Camp.

Precinct 8, Hopkins, has become a part of Precinct 7, Grandview. All of those residing in the old Precinct 8, Hopkins District, will vote at the Grandview School.

The boundary lines for voting boxes No. 2, 7, 10 and 12 remain the same as they have been within the city limits of Pampa, but no longer extend beyond the city limits of Pampa.

The old Precinct 9 has been divided into Precinct 8 and 9 with the division line being from the intersection of Kentucky and Mary Ellen Sts. extending east on Kentucky to its intersection with the eastern city limits. Precinct 9 will cover that area south of Kentucky with the

boundary lines remaining the same as they have been within the city, but stopping at the city limits. Precinct 8 will be that area of old Precinct 9 north of Kentucky St. within the city limits of Pampa.

SIDELINED BY BREAK

MONTREAL (UPI) — Rookie defenseman Jacques Laperriere will be lost to the Montreal Canadiens of the NHL for about 10 days because of a broken bone in his foot. LaPerriere suffered the injury in Chicago Sunday night.

State Draft Quota 812 for January

AUSTIN (UPI) — The Texas draft quota for January is 812 men. Col. Morris S. Schwartz, state selective service director, reported this week.

Schwartz said more than 4,000 Texans will be called for pre-induction physical and mental examinations in January. Neither the draftees nor the men called for examination will include married men, he said.

The Texas quota is part of a national call for 16,000 men, all for the Army. This month's quota was 667 men. Most of the January draftees will be men 22 years old, Schwartz said.

AIR CONDITIONING

SYRACUSE, N.Y. (UPI) — Investment of \$9.7 billion for central air conditioning in the seven largest markets for the industry's products during the five-year period of 1964-68 was predicted here recently by Russell Gray, president of Carrier Air Conditioning Company. The equipment will go into homes, office buildings, apartments, hotels and motels, factories, hospitals and schools and colleges. By 1968, Gray said, one new one-family home out of every four will be centrally air conditioned, in contrast with the one-out-of-six ratio in 1963.

Happy Holiday Idea!

To warm things up when cold winds blow, try Dr Pepper hot! You'll be surprised and delighted when you taste this cool weather treat. Simply heat Dr Pepper in a saucepan until it steams. Pour into a glass or cup over a thin slice of lemon and serve. Once you've tried it, you'll serve hot Dr Pepper over and over again. Pick up several cartons of Dr Pepper today. Hot or cold, you'll say: "It's different, I like it!"

HOT

Dr Pepper

Voters Approve Quotas for 1964

WASHINGTON (UPI) — Cotton and rice farmers voting in three referenda Tuesday handily approved marketing quotas for the 1964 crop of upland cotton, extra long staple cotton and rice, the Agriculture Department said today.

Preliminary returns from all areas showed that growers approved quotas for upland cotton by a 94.2 per cent margin, for extra long staple cotton by 74.8 per cent and for rice by 89.8 per cent.

The votes were upland cotton, 216,167 for, 13,416 against; extra long staple cotton, 906 for, 306 against; rice, 7,371 for, 841 against.

Nasser, president of Egypt, was born in a farming village about 200 miles from Cairo and attended school in the Egyptian capital.

Cattle Raisers Ask For Curb on Imports

Directors of the Texas and Southwestern Cattle Raisers Association called for action to curb imports of beef at their Fort Worth meeting last week.

By resolution, the cattlemen asked that tariff concessions be granted on livestock, meat and meat products at the forthcoming Geneva trade talks.

Lloyd Bergsma, director of the TSCRA Cattle Feeders Division, said it appears that above normal supplies of beef will be coming to market during winter and spring months.

John Guthrie, Porterville, Calif., president of the California Cattle Feeders Association, told the group in Fort Worth that U. S. beef producers could not compete when they are the only major group allowing free trade in beef products.

He said that imports are now adversely affecting every segment of the beef producing industry.

President of the TSCRA, Leo Welder of Victoria, pointed out that beef imports from January through August this year were equal to almost 11 per cent of domestic beef production.

Welder called for cattlemen's support of Senate Bill 557 and its companion bill in the House, H. R. 5560, to change tariffs in beef imports so that imports do not exceed the average level of those during the five year period ending Jan. 1, 1962.

He suggested that cattlemen write their congressmen to express their views on this matter.

At present Texas produces only about 5 per cent of the U. S. fed beef, said Adrian Vaughan, director of the department of public information at Texas Tech. Since 1957, however, fed beef production has moved sharply upward and fed beef marketings this year may reach 1 million head, said Willard F. Williams, head of Texas Tech's agricultural economics department.

Dr. Williams continued, "beef is already being exported. With continued growth in production, however, the Texas beef industry will be faced with two alternatives."

Williams summed up the alternatives as limiting beef production to quantities that can be consumed in Texas and exported or taking steps so that Texas will become a strong surplus area of fed beef. He explained strong as the ability to compete with other areas in the surplus beef market.

Only through continued improvements in efficiency in both production and marketing can Texas fed beef producers continue to compete with other areas, said Williams.

ASKS IDENTIFICATION
WASHINGTON (UPI) — The Treasury Department announced Monday that it is requesting banks and other financial institutions to ask savings bond owners for their taxpayer identification numbers when they collect interest on bonds.

The move is part of a campaign by the Internal Revenue Service to make sure bond owners report all their interest.

New Officers Elected for '64 Oil Compact Commission

SANTA FE (UPI) — The Interstate Oil Compact Commission ended its 1963 meeting here Wednesday with election of officers. Gov. Jack M. Campbell of New Mexico was named chairman for next year.

More than 400 persons from 33 states, and nine governors, attended the sessions.

Only Nomination
Campbell, long active in the oil industry, as an attorney, was the only one nominated for chairman and was elected unanimously.

Serving with him next year will be Howard Rose of Austin, Tex., executive assistant to Gov. John Connally, first vice chairman; F. Allen Calvert Jr., of Tulsa, Okla., an independent oil operator, second vice chairman,

and Lawrence Alley, of Oklahoma City, re-elected executive secretary.

Campbell, in accepting the powerful position, said the IOCC cannot reduce its guard against "Federal encroachment in matters that belong to the states."

"But we must realize that many of our problems must be discussed at the national executive level and the national congressional level," he said.

Praises Johnson
He praised President Johnson for announcing that oil matters will be the concern only of the Interior Department. "President Johnson has given us the opportunity to reestablish effective lines of communication with the federal government and I look forward to improving those

Railroad to Drop West Coast Run

EL PASO, Tex. (UPI) — The Southern Pacific Railroad announced this week it will discontinue the Golden State Limited, a first-class Los Angeles to Chicago passenger train, Jan. 11.

Cities affected by the elimination of the run, besides El Paso, included Dalhart, Tex., Guymon, Okla. and Liberal, Kan. Corporation commissions in New Mexico and Kansas indicated they would oppose the shutdown.

UNVEIL AIRPORT PLANS

FRANKFURT, Germany (UPI) — Plans for a \$66 million terminal building for the Rhein - Main Airport were unveiled today. Officials said the building would include docking space for 70 jetliners and an adjoining sidewalk for passengers.

WAGE HIKES

WASHINGTON (UPI) — Wage increases negotiated by unions in the United States during the first half of 1963 averaged 3 cents an hour, the Bureau of National Affairs, Inc., estimates. The figure does not include fringe benefits.

Postmaster List Given to Senate

WASHINGTON (UPI) — The games of 10 Texans were reported favorably Tuesday to the Senate for confirmation as postmasters.

They were: James R. Smart, Arwell; Wright H. Williams, Friona; Howard W. Curtis, Garza Park; Luther G. Pool, Garland; Eugene J. Dworaczky, Hobson; Talmadge E. Gilbreath, Iowa Park; Cecil W. James, Halestine; Hiram C. Dubose, Port Arthur; Ernest C. Min-

Claude Postmaster Gets Nomination

WASHINGTON (UPI) — Postmaster nominations sent by President Johnson to the Senate today included Jimmie L. McFarland, Claude.

There are four national forests in Texas.

Plant Closing Dims Holiday For Residents of South Bend

EDITOR'S NOTE: An economic crisis confronts thousands of workers at the Studebaker plant in South Bend, Ind., today, 15 days before Christmas. Here is a UPI team report on the dislocation. David Smother of UPI, Chicago, Robert Page of UPI Indianapolis, and South Bend newsmen cooperated in the production.

A UPI Team Report
SOUTH BEND, Ind. (UPI)—It's 15 days before Christmas but South Bend isn't waiting for Santa Claus.

South Bend isn't afraid. But it is sad. A tradition — of great-grandfather to grandfather to father to son — passed Monday with the word from New York that the Studebaker Corp. was through making cars in South Bend.

Studebaker men showed up for work today as usual, slushing through moist snow outside the gates of the 291-acre plant on the west side of South Bend. Some thought it would be their last day, some their last week.

Stunning Effect
Nobody denied the shutdown at Studebaker would have a stunning effect on life in South Bend. Conservative estimates ran at \$580,000 to be lost in weekly paychecks.

The word from Studebaker was, to all appearances, hushed. It had been scheduled for a New York news conference Wednesday. Press leaks forced Burlingame to this announcement: —That Studebaker would discontinue auto assembly at South Bend and shift its primary auto base to Hamilton.

—Studebaker would stay very

much in business with the diversified industries which have provided much of its profit since its automotive business went sour after the great year of the Lark in 1949.

—Studebaker "regrets the necessity of curtailing South Bend operations, but the economics of the operation permit no other course."

—On automobile row in Detroit, that meant a shift in the basic statistics. Now there were only four automotive giants producing in the U.S.—General Motors, Ford, Chrysler and American Motors.

It also was the end of an American story which began 111 years ago when the brothers Studebaker came to this simple agreement:

"I, Pete Studebaker, agree to sell all the wagons my brother Clem can make."

Booming Business
Actually, the Studebaker boys had been making wagons in South Bend for 11 years before the 1863 agreement was signed.

In the Civil War, and as the West was opened, Pete sold all the wagons Clem could make. And in 1902 the Studebakers had a new-fangled electric car on the road and in 1904 the latest thing—a "gas buggy."

Studebaker was a proud name on the roads through the first decades of the automotive age. The South Bend company boasted of craftsmanship — of how South Bend father handed down his knowledge to South Bend son. In large part it was true.

From President Byers A. Burlingame, who Monday in New York announced he was taking its automotive production business out of South Bend into the seaway port of Hamilton, Ont. He didn't say when. That word may come at various news conferences scheduled in South Bend today, or in New York, where the Studebaker executives were gathered.

To South Bend, a pleasant city of 135,000, which has boasted of the highest per capita income in the state of Indiana, the time and the minute seemed of secondary importance. South Benders knew it might happen. It was just hard to believe when it hit.

According to the United Auto Workers, that meant 7,000 hourly workers out of jobs — and thousands of families without a regular paycheck. The Chamber of Commerce put the number of jobs at stake at about 4,000.

Nobody denied the shutdown at Studebaker would have a stunning effect on life in South Bend. Conservative estimates ran at \$580,000 to be lost in weekly paychecks.

The word from Studebaker was, to all appearances, hushed. It had been scheduled for a New York news conference Wednesday. Press leaks forced Burlingame to this announcement: —That Studebaker would discontinue auto assembly at South Bend and shift its primary auto base to Hamilton.

—Studebaker would stay very

CLOTHING NOTE
NEW YORK (UPI) — Men next spring will be sporting lighter and brighter clothes after nearly seven years of more somber tones, according to the Clothing Manufacturers Association. Dominant colors will be gray, olive, mustard, clay, putty and wheat.

The flag of Ghana has red, gold and green stripes, with a black star in the center. The United States abandoned the gold standard on April 19, 1933.

Dear Abby.... Call A Cab or Give Him to Somebody Else

By ABIGAIL VAN BUREN

DEAR ABBY: I am a widow who has recently been shown a lot of attention by a doctor. He has never been married, and is considered quite a catch. I enjoy his company and am flattered with the attention he's been giving me, but here is the problem. When we are out socially he drinks like a fish. You can't tell a 56-year-old man that you refuse to ride with him when he's been drinking, so I just close my eyes and go. Is there a diplomatic way to handle this, Abby?

DEAR LUCKY: Lucky is right! If you like his company and he drinks like a fish, tell him you would be glad to swim with him, but you don't want to ride with him. Suggest he call a taxi when he's had a few. If he refuses, let some other "lucky" lady have him.

DEAR ABBY: This may seem like a silly question, but I am 15 and would like to know if a girl is supposed to say thank you when a boy or a man opens a door for her. Or should she just accept it as something they are supposed to do?

DEAR ME: Even though a courtesy is expected, it should always be acknowledged with thanks.

DEAR ABBY: My husband

and I had a double-ring ceremony when we were married, only he never wears his ring. Once he said he lost it, and as soon as I told him I'd buy him another one he found it somewhere. Another time he came home with his ring in his wallet. He is always making up some excuse for not wearing his wedding ring. I don't believe a word he says. I got mad and told him if he wasn't going to wear his wedding ring, I wasn't wearing mine, either. I took mine off and haven't worn it in a week. We have two children and I know it doesn't look right, but do you blame me?

DEAR NO: Two wrongs don't make a right. Put your wedding ring back on and find out what there is about your married life that makes your husband like to pretend he is single.

CONFIDENTIAL TO VIV: If you thought your boss was out of line, you should have either put him in his place, or given him your notice. What did you expect your husband to do? Go to the office and knock his block off!

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

Madrigal Singers Entertain At Noon Luncheon of Altrusa Club

Madrigal Singers under direction of Miss Rosemary Lawlor, presented a program of Christmas music to members of the Altrusa Club of Pampa during a luncheon meeting held Monday at Coronado Inn. Members of the group are Mrs. Lonnie Richardson, Mrs. Mary Daniels, James Dailey, Robert LaFon, Charles Vance, James Barrett and Mrs. Bruce Riehart. Carols presented included "Sing Noel", "Holly and Ivy", "The Hushing Carol", "Carol of the Bells" and "Carol of the Drums".

Mrs. Fidelia Yoder played dinner music while the group was gathering and accompanied members in singing the Altrusa Blessing.

Mrs. Lorene Locke, president, was in charge of the meeting and introduced Barry Peterson and Keith Griffith, Key Club representatives, who spoke on the pilgrimage which will be held Dec. 22. Keith said, "You go to your church and I will go to mine, but let us walk along together."

Mrs. Leah Behrman, chairman of the Altrusa art auction held recently thanked members and the community for helping support the successful project. Mrs. Emily Coston, Senior Citizens chairman, announced the Senior Citizens Christmas party and urged all members to attend.

A letter from Jan Adams, Altrusa scholarship girl attending West Texas State University, was read. She expressed thanks to the club for their support.

A letter from Altrusa International president, Edith DeBuske, urging all Altrusans to make it a safe and sensible Christmas, was read as were Christmas greetings from Miss Etta Jane Butler, District Governor.

The club voted to give a Christmas basket to a needy family this year and Mrs. Thelma Bray and Mrs. Maxine Ethridge were appointed to head the pilgrimage which will be held Dec. 22. Keith said, "You go to your church and I will go to mine, but let us walk along together."

The next meeting is scheduled for Dec. 16 and will be held at noon in the Coronado Inn.

Pampa TOPS Plan Season

Pampa Pound Pirates, local chapter of TOPS met Monday in the Hospitality Room of Citizens Bank.

Mrs. Eugene Leigh was named Queen for the week and was presented a fruit bowl and a set of scented candles by Mrs. Joe Keas. There were no gainers for the second consecutive week.

A program will be presented by Mrs. Marion Summers at the next meeting and Christmas gifts will be exchanged before secret pals are revealed. The club voted to weigh in through the Christmas holidays and not hold a business meeting until January.

The TOPS invite interested persons to call MO 5-4128 for more information about joining the chapter. In the event that there is enough interest, a club will be formed which will hold night sessions enabling teenagers and men to attend.

Mrs. Leigh, president of the PPP urges all overweight persons to "Start early on your

Wax window sills occasionally. One wipe with a sudsy sponge will remove dust then.

New Year's resolution to lose those excess pounds. TOPS can help you!"

Cover moth holes in children's wool clothes with scattered flowers of wool yarn or felt patches of childish happiness and security objects—balls, wheels or planes.

Canopy Accents Entrance

Artistically designed front walk makes entering this home a pleasant adventure. Walk is emphasized by canopy of slender Douglas fir posts and beams topped with rain cover of plastic panels. At front, near street, airy screens of spaced 2x2s give sense of enclosure to exterior entrance way. Beds of river rock and greens border walk.

A Little Lumber and Plant Material Can Give Homes A Great Distinction

If your home looks pretty much like every other house on the street, it's time to take charge of the situation. You can give your home great distinction and individuality using some lumber and plant materials.

Work should concentrate on the entrance area. A few deft touches here can make a world of difference.

For the overall plan, think of creating a small entrance court within the front yard, using the present front walk and front door as the pivot points.

Border the front walk on one side with a low fence or wall which is set six to eight feet wide of the walk. It should extend from the street at least half way to the front door. Directly next to the walk, outline a dry stream bed with a wood screed, making the bed about 18 inches wide, and fill it with a cover of river rock. Mulch the area between the dry stream bed and the wall and plant a few choice greens. Low shrubs should border the opposite side of the walk.

Next, build a canopy over the front walk. It should be about two feet wider than the walk itself and may have either a pitched or flat roof, to compliment the house roof's style.

The canopy will be easy to build. It needs only a post and beam framework which is easy to handle and uses standard sizes of Douglas fir lumber. Paint or stain the framework to match the house siding. For roofing, use sheets of translucent plastic. The plastic is easy to apply and lets plenty of light through while providing a good rain cover.

A last touch is needed for the new entrance court: two simple screens at the front to give an enclosing effect. One screen

should be about shoulder height and extend from the edge of the walk to the low wall or fence. It can be an open pattern of fir 2x2s applied horizontally and spaced two inches apart. This screen should be close to the property line, perhaps set in just enough to allow shape for an azalea directly in front of it. The second screen, located four or five feet closer to the door, should be a narrow, vertical pattern stretched between the walk and the canopy. Again, it can be made of fir 2x2s spaced two inches apart, but this time, they should be installed vertically.

Rebekah Lodge Elects Officers

New officers of Pampa Rebekah Lodge No. 355 were elected during a meeting held in I.O.O.F. Hall recently. They will take office at a joint Rebekah-Oddfellow installation ceremony which is scheduled for January.

Mrs. W. F. Williams, Noble Grand; Mrs. Humphries, vice grand; Mrs. Nile Franklin, treasurer and Mrs. T. A. Mastin, secretary were in charge of the business transactions. Mrs. Barney Brummet reported that the Thanksgiving dinner was a success.

The charter was draped in memory of Mr. Fred Paronto, who joined Oddfellows in 1920, and had been in active member until a short time before his recent death.

All members were asked to bring staple food for the Christmas basket, which will be given a needy family, to the next meeting.

Members of Art and Civic Club Hear District Attorney Speak

LEFORS (Spl) — The Art and Civic Club met recently with Mrs. Keith Geisler and Mrs. Paul Weldon acting as hostesses. Mrs. R. H. Barron, program chairman, introduced Bill Waters, District Attorney, who spoke on the subject of "Wills-Inheritances".

He briefly outlined the changes in Texas laws during recent years and brought out points of interest on effects these will make in event of death in the family.

Christian Group Holds Yule Party

The Sharp Group of First Christian Church held the annual Christmas party-salad supper in the home of Mrs. Given Vance recently.

Mrs. J. L. Savage, leader, gave the invocation. Gifts were exchanged during a fellowship period. Christmas carols were played and a reading, "The Christmas Story", was given by Mrs. Jim Cunningham.

During the short business meeting plans and preparations were made for a basket and gifts for members of a needy family. Names for Senior Citizens at Juliet Fowler Home were passed for Christmas gifts and plans for gifts for the shut-in members of the group were made.

There were two guests present; Mrs. Johnny Morrison and Mrs. Cecil Deist. Members attending were: Mmes. J. L. Savage, Jim Cunningham, Lloyd Laramore, Chester Klein, Ford Herring, Dale Pinson, O. H. Odum and Given W. Vance.

The meeting adjourned with the CWF benediction.

Pampa 4-H Club Begins Project

Pampa 4-H Club has received toothbrushes for sale in the club contest-project. A prize is offered to each of the five top sellers.

During the meeting held recently in Production Credit Association building, business transactions were made.

Regina Hunter, president of the Pampa 4-H Club, and DebbieLOY received a certificate for completion of the electricity course.

The next meeting is scheduled for 7:30 p.m., Jan. 7 and will be held in the Production Credit Association building.

INDEX MEDICINES

One way to prevent accidental poisonings in the home is to store internal and external medicines on different shelves of the medicine cabinet. Paste a sign on the inside of the door indicating which shelf holds each.

First Baptist Circles Meet

The Aleene Hunt Circle met in the home of Mrs. Hugh Ellis. Opening prayer was given by Mrs. G. E. Groninger. The program, the mission book, "Mandelbaum Gate," was presented by Mrs. Carl Smith. The closing prayer was given by Mrs. Ed Cantrell. Ten members were present. The next meeting will

be in the home of Mrs. A. A. Day, 817 N. Russell.

The Anita Low Circle met in the home of Mrs. W. R. Chafin. Mrs. J. A. McLain gave the opening prayer. A love offering for community mission work this month was taken by Mrs. G. D. Holmes. The mission book, "Mandelbaum Gate," was taught by Mrs. Lee Moore. Mrs. A. L. Prigmore closed with a prayer. Eight members were present.

The Ann Coffman Circle met in the home of Mrs. T. E. Stewart with Miss Fern Lick as hostess. Mrs. C. F. Pennington read the prayer calendar following with a prayer. The mission book, "Mandelbaum Gate," was brought by Mrs. Ophelia Mor-

er, Kate Edwards, F. E. Evans, Florette Burns, E. L. Dittberner, James Guinn and Eugene Richardson.

Forty guests registered with sixty sending gifts, who were unable to attend.

Slides of the Holy Land mission book, "Mandelbaum Gate," was presented by Mrs. O. N. Wells. The closing prayer was given by Mrs. G. L. Wilson. Eight members were present. The next meeting which will be the Royal Service circle program, will be in the home of Mrs. Jimmy Embry 1535 N. Faulkner.

The Sue Carter Circle met in the home of Mrs. J. S. Boyd. Opening prayer was given by Mrs. George Smith. The business session was conducted by Mrs. Van C. Mills. The mission book, "Mandelbaum Gate," was taught by Mrs. Mills. Nine members were present. The next meeting will be in the home of Mrs. W. B. Franklin 915 E. Fisher.

The Anne Mitchell Circle met in the home of Mrs. David Larron. The prayer calendar followed by a prayer was given by Mrs. Lowell McBroom. Bible study, "New Testament Answers to Old Testament Questions," was taught by Mrs. Wes Langham. Six members were present. The next meeting will be in the home of Mrs. Melvin Bailey 2221 N. Russell.

The Jackie Shaw Circle met in the home of Mrs. George Henderson Jr. The prayer-calendar followed by a prayer was given by Mrs. Henderson. The

Mrs. Blevins Is Shower Honoree

WHITE DEER (Spl) — Mrs. Alfred Blevins, the former Pat Beck, was honored with a bridal shower recently in the home of Mr. and Mrs. Lloyd Collis.

Guests were registered by Miss Debra Beck.

Refreshments of blue and white lady fingers and blue punch were served by Miss Amber Collis, Miss Cheryl Baker and Mrs. Darrell Ruthardt. The serving table was laid with a white linen cloth, with a beautiful blue umbrella as a centerpiece with blue napkins engraved with Pat and Sonny.

Hostesses were Mmes. Lloyd Collis, Jim Bush, Buck Lavake, Darrell Ruthardt, Julius Meak-

Rotarians Hear Amarillo Man

"Business and Profits" was the topic of a talk by C. F. Milnar of Amarillo before the Pampa Rotary Club yesterday at Coronado Inn.

The speaker said that under the free enterprise system, "profits lead the economy. When business is making a profit, the general economy is up; when business is not making a profit, the economy goes down. When businesses succeed in making a profit everyone benefits including the employer, the employee and the consumer. Sales increase, more jobs are created and better goods and services are produced at less cost."

Milnar is division manager of the Panhandle Division of Southwestern Public Service Co.

David Tucker introduced the speaker.

Pampa Man Injured In Auto Accident

John A. Stewart of 513 N. Christy was to undergo surgery in St. Anthony's Hospital in Amarillo today for injuries received in a one-car collision near Okeene, Okla., Tuesday night.

Also in the car were Stewart's wife and his daughter, Miss Peggy Keene. Both women were treated for minor injuries and

Orders on Kennedy Book Indicate Possible Record

NEW YORK (UPI)—Advance sale of the United Press International - American Heritage book on the assassination of President Kennedy indicated Wednesday that it may set a circulation record for a hard cover volume containing color pictures of a recent event.

Nine days after the joint project was announced, orders for more than a half million copies had been received. The first printing is expected to exceed 650,000.

The book is titled "Four Days—The Historical Record of the Death of President Kennedy." Publication is scheduled for the first week of January.

Newspapers and broadcast stations subscribing to the UPI news services will handle initial distribution under their own auspices and imprint at a recommended price of \$2 per copy. Three hundred newspapers and more than 250 radio and television stations have placed orders for copies of the first printing.

The Newark, N.J., News asked for 40,000 copies, the Pittsburgh Press 50,000 and the Chicago Daily News and Sun-Times 50,000.

Stewart was released from the hospital. Stewart's condition was described as serious.

A bookstore edition with a dust jacket will be available in book and department stores on Feb. 7. This edition, identical in content, will be published by Simon & Schuster and will sell for \$2.95.

The UPI-American Heritage edition contains 144 pages and 116 black and white photographs. In addition, there are 15 four-color photos, including the cover which shows President Kennedy riding through Dallas, Tex., in an open car minutes before he was shot. Photos of the assassination are in color. The back cover carries a reproduction of the presidential seal.

TIME TO CONCENTRATE
LAWRENCE, Kan. (UPI)—The University of Kansas debate team will go to prison Sunday to debate inmates at the federal penitentiary at Leavenworth, Kan.

"The Leavenworth group has some fine debaters," said Dr. Wil Linkugel, university debate coach. "They have plenty of time for research and no distractions."

The debate question will be whether the federal government should guarantee all qualified high school graduates an opportunity to continue their education.

HITS FROM SPACE—The chances of seeing a meteorite land are very slim. Most burn up. Yet, every so often, one does hit. It's these meteorites that the Manned Spacecraft Center's Lunar Surface Technology personnel in Houston, Tex., are studying to learn as much as possible about the moon. Above, Elbert A. King is measuring such a meteorite. They dream of examining one within a week after it falls. So if you happen to be the rare individual who sees one fall and recovers it, send it along to the Houston center.

Former Slave Dies in Sinton

SINTON, Tex. (UPI)—Ransom (Uncle Nance) Farris, a 109-year-old Negro who was born in slavery but later rode the Texas ranges as a free and easy cowboy, was buried Wednesday. He would have been 110 Christmas day.

Farris, eight years younger than the state of Texas, was born on a cotton plantation in Matagorda county, Tex. He la-

ter was a cow puncher on the famous King ranch, a railroad laborer and farmer.

RETURNS TO LONDON

LONDON (UPI)—Foreign Secretary R.A. Butler flew back to London today after a three-day visit to West Germany for high-level consultations and a stopoff in West Berlin.

BUYS UNION'S SHARES

BOSTON (UPI)—Island Creek Coal Co. has purchased all 50,000 shares of outstanding preferred stock of West Kentucky Coal Co. for an undisclosed sum, it was announced Tuesday. The shares were purchased from the United Mine Workers of America. The acquisition liquidates all of the union's holdings of West Kentucky coal.

WORKING WIVES

WASHINGTON (UPI)—The National Consumer Finance Association suggests that working wives—the Department of Labor counts 13½ million of them—left their kitchens to get money for labor-saving household appliances. While it didn't say how long this usually takes, the association did say that half of all women in the 45 to 54 age bracket are gainfully employed.

FISHING

CHICAGO (UPI)—Salt water fishing has become the fastest growing sport in the nation, according to Garcia Corp., which makes all types of fishing equipment. The number of salt water fishermen has risen from 4.5 million in 1955 to the present 7 million. The amount spent on gear has jumped from \$489 million to \$700 million. The company predicts this will increase to \$1.3 billion by 1976.

Staubach UPI's Back of the Year

NEW YORK (UPI) — Roger Staubach, the scrambling skipper of Coach Wayne Hardin's powerful Navy fleet, today was chosen from an unusual wealth of backfield talent as college football's "back of the year" for 1963 by United Press International.

Feverishly eluding enemy linemen in his own backfield, long-legged broken-field running and pin-point passing have marked the junior Midshipman

from Cincinnati clearly as the most exciting player of the year, and perhaps the decade.

Staubach captured the honor in a landslide despite one of the most productive harvests of backfield superstars — particularly in his quarter-backing field. He received 189 out of a possible 292 votes in the nationwide poll of sports writers and broadcasters.

Sherman Lewis, Michigan State's speedy halfback was a distant second, with 20 votes, just two ahead of Baylor passing ace Don Trull, who had 18. Other leading vote-getters in order were quarterback Billy Lothridge of Georgia Tech (12), halfbacks Gayle Sayers of Kansas (10) and Paul Marth of Pittsburgh (8).

"Roger is the greatest football player I've ever seen," Hardin volunteered, unreservedly. The 6-foot-2, 190-pound Staubach, directed the Midshipmen to a 9-1 record this season, the highest national ranking ever attained by a service academy — second only to California Texas—and a trip to the Cotton Bowl against the Longhorns to find out, if, indeed, Navy isn't the best.

He led the nation much of the season in total offense, breaking the Navy record for one season after only seven games. And in the Middies' ninth game against Duke, he connected on the pass which gave him more completions than any other Navy quarterback in the 84-year football history of the academy.

Staubach's completion percentage hovered near the 70 percent mark all season—a fantastic average in any league. Roger accomplished all this while wearing a special harness most of the season to protect a painful stretched nerve in his left shoulder.

WOOD ON SIDELINES — Dick Wood, New York Jets' quarterback, will be sidelined for Saturday's American Football League game with the Buffalo Bills because of a knee injury. Galen Hall will replace Wood, who may be placed on the injury deferred list for the remainder of the season, coach Weeb Ewbank said Wednesday.

The Ol' Swami Predicts

By JEFF COHANE

OH, ME... time for the Ol' Swami to show just how wrong he can be... couldn't be much worse than last week when Graham, Tascosa and Spring Branch upset the crystal ball's potent prognostications and peerless predictions.

Big Brownie Smith is very unhappy... seems we abandoned the Experts' race when the death of President Kennedy threw the football schedule way out of kilter, besides which Otis Holladay was so far ahead it didn't seem as if a bill collector could catch him. Brown however, has been keeping up with all the rescheduled games and now loudly insists that he is only three games behind The Hat and wants justice. Since there are only a handful of games left, we will reactivate the crowd on New Year's Day and give him one last chance for the steak. Incidentally, one advance prediction on the Bowl games... they aren't a representative bowl team without Namath in there.

HERE GOES with the semi-finals:

TASCOSA 14, GARLAND 7... After all these wins, I'm finally convinced... now it will be just my luck for the Owls to fly high!

SPRING BRANCH 21, CORPUS CHRISTI MILLER 7... The Bucs just haven't met the class of opposition the Bears have had all season.

GRAHAM 21, CORSICANA 14... Any team that can beat Dumas has me convinced!

LA MARUE 28, PHARR-SAN JUAN-ALAMO 16... La Marue is bigger, has played tougher opposition and is undefeated to PSJA's two ties.

DALHART 20, ROCKWALL 7... Nothing can stop that Wolf-pack!

DULLES 21, LIBERTY 16... Go for the upset.

PETERSBURG 14, ALBANY 8... Petersburg squeaked by Merkel, should do it again.

GEORGE WEST 20, HALLSVILLE 12... Gotta go with one South Texas team!

A VERY PLEASANT letter received, apparently for everyone connected with the bi-district game between Stratford and Wellington here several weeks ago:

Dear Sirs:
We would like to express our appreciation to all concerned in making our trip and game at Pampa a success. We would also like to thank you for the

The Pampa Jaycees rolled over the Canadian Jaycees last night, 59-26. Pampa held a narrow 24-20 halftime lead, but broke it open in the third quarter on the rebounding of cousin George Smith. Smith finished with 20 points, as did Roy Pool. Charles Casper had eight to top Canadian.

TNT GETS RIGHTS

PHILADELPHIA (UPI) — Theatre Network Television Inc. of New York has acquired closed circuit television rights to the Sonny Liston - Cassius Clay heavyweight title fight, Feb. 25, in Miami.

No fee was disclosed Wednesday when the rights were awarded to TNT, one of 17 companies in the bidding, but TNT President Nate Halpern said he expected a \$5 million gross from theaters.

beautiful trophy that was presented to the football team. Our football team would also like to express its appreciation.

Sincerely,
Stratford High School Student Council
Dennis Plunk, President

SURPRISINGLY enough, this department's recent blast at the hot-and-cold basketball fans of Pampa received no furious protests. Instead, it received approval from most quarters, even from some of the very people that were guilty. At a White Deer game Monday night, grid coach Colie Huffman (who usually insists that he never reads us... but always manages to know when he has received a dig) overwhelmed us by complimenting said column, saying that the same thing applied to White Deer basketball fans. A look at the half-filled stands, with the spectators mostly students, proved that. The fans that filled the place to overflowing when the Bucks had a state champion in 1961 and a district champ in 1962 are conspicuously absent now that most of those stars have graduated and coach Roy Simmons is having to rebuild.

Pampa Harvesters Open Loop At Tom S. Lubbock Tomorrow

Coach Terry Culley has made several switches in the Harvester starting lineup for tomorrow night's district 3 AAAA opener at Lubbock High.

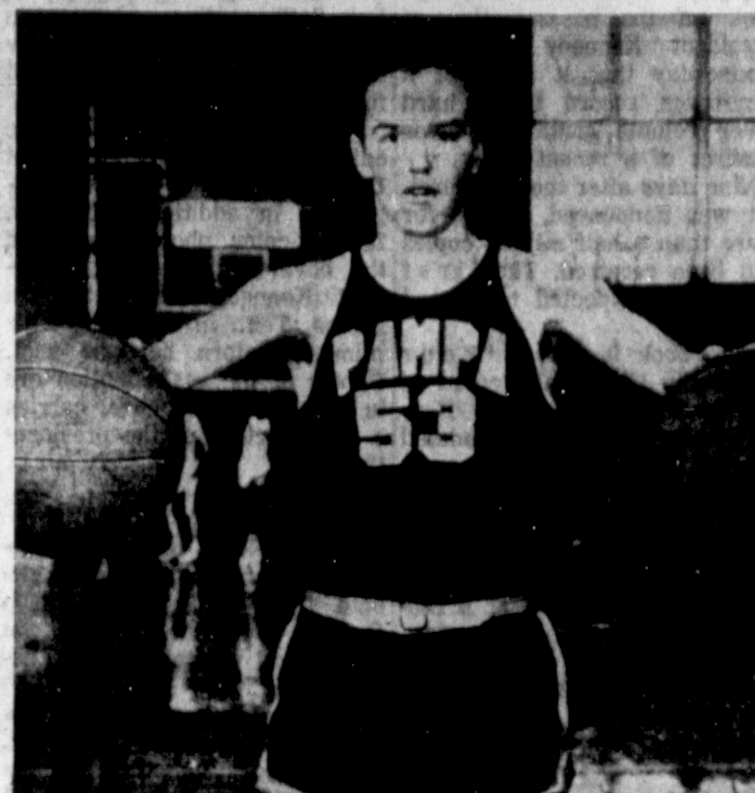

"We're doing well and improving," said Culley, "but I'd like to try to get more height and a more well-balanced scoring attack in there. I'm going to make a few changes and move some boys up from the reserves and the B team to get the best possible combination."

Culley, who scouted Lubbock's opening district win against Tascosa, 57-47, reports the Westerners as "real improved... real good."

Culley said that Tom S. won its first four games, taken a defeat from Odessa Permian in the opening game of the Odessa Basketball Tournament, come back to beat El Paso Jefferson, 71-67, and then get edged by host Odessa, 47-46, in the consolation finals before coming back for the win over Tascosa.

"Permian is a tough club and Odessa is very strong," said Culley, "Lubbock is headed by Buddy Fulgham, a great player. Fulgham made the All-Tournament team at Odessa. He stands only 5-10, but he's one of the deadliest shots around. He averages 20.7 per game. He gets plenty of help from 6-4½ Joe Dobbs and 6-4 Gary Washington. Both are real fine rebounders and Dobbs is a fine shot. The Westerners run a shuffle offense and Dobbs shoots from the outside as well as close-in and on rebounds. He and Fulgham will hit all day from outside if you give them a chance."

Fulgham, Dobbs and Randy Westerberg are returning lettermen. Rounding out the starting team is Larry Doyle, with Joe Ince seeing lots of action.

DANNY HEIL... moves up

Culley reviewed the other district openers, which produced several mild upsets as Palo Duro beat Amarillo, 65-56, Monterey topped Borger, 50-42 and Plainview romped over Caprock, 67-41.

"The Monterey-Borger game was real close," reported Culley. "Borger looked exceptionally well, but their shooting was badly off and Monterey's wasn't too much better. Palo Duro pulled a mild upset, but the Dons are tough at home. Plainview-Caprock went as expected."

Major changes in the Harvester lineup for tomorrow night are the promotion of Danny Heil to the varsity, and the moving of forward Kenny Hebert to guard, replacing Charlie Snuggs.

"We needed to get more

game this week, we're going to play Sugar Cain with the Shockers, and then suit him and Gunner Brown up for the varsity game as well. Cain needs the game experience and Brown could be moving up to the varsity later. He has the height and shooting ability and the potential. Snuggs will still see plenty of action, and Harnsberger has been looking better and starting to come along, he'll see plenty of action also."

Other district games this week feature Amarillo vs. Caprock, Borger at Tascosa and Monterey at Palo Duro.

Wittenberg is Number One Small College

NEW YORK (UPI) — Eldon Miller's Wittenberg Tigers retained their No. 1 spot in the weekly United Press International small college basketball ratings.

Wittenberg received 20 first place votes and 319 points from the 35 members of the UPI small college board of coaches despite a 57-54 loss to Wooster during the weekend. Evansville 2-1 with seven first-place votes and 263 points finished in the runner-up spot for the second straight week.

Grambling (4-0) finished in third place with three first place votes and 207 points. South Dakota State (3-1) was fourth with one first place vote and 202 points. Pan American (3-1) was fifth.

The rest of the top ten were Tennessee State (1-1), Fresno State (2-2), Southern Illinois (0-3), Western Carolina (4-0) and Pacific Lutheran (2-1).

NEW CHEVELLE!

BY CHEVROLET

Now—Chevy spirit in a new kind of car!

We built this one to do a lot more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines for it—two sixes and two V8's—with output all the way up to 220 horses*!

And if that combination of modest weight and potent power makes you think this is one frisky car, you've got the right idea.

You've also got a car with lots of room for legs, hips, shoulders, hats and luggage. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension and snug insulation, it's got a ride that reminds you of the Jet-smooth kind the way it muffles noise and cushions you from bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too. Just listen to the solid thunk of a door closing or look at the smooth metalwork. You'll see what we mean.

Sound good so far? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

See five entirely different kinds of cars at your Chevrolet Showroom—CHEVROLET, CHEVELLE, CHEVY II, CORVAIR & CORVETTE

56TH YEAR THURSDAY, DECEMBER 12, 1963 17

Pinson On Trial, Struck Scribe?

CINCINNATI, Ohio (UPI) — All three witnesses—Lawson, prosecuting attorneys today begin cross examination of Cincinnati Reds outfielder Vada Pinson, accused of assaulting a newspaper sports writer during a late-season scuffle in the Reds' clubhouse.

The assault and battery charge, carrying a maximum penalty of six months in jail and a \$200 fine, was filed against Pinson Sept. 4 by Earl Lawson, baseball writer for the Cincinnati Post and Times-Star. The pair clashed in the clubhouse after a night game with the Philadelphia Phillies when Pinson approached Lawson to discuss the writer's Sept. 3 column in which he said Pinson's "stubborn refusal" to bunt was hurting his batting average.

Both Pinson and teammate Frank Robinson testified before a nine-woman, three-man jury Wednesday that Pinson was holding Lawson in an effort to discuss the article when Lawson pulled away, causing his shirt to rip.

"The words 'stubborn refusal' caused me some concern and I wanted to talk about it," Pinson said. But the center-fielder denied using force or trying to harm Lawson.

Lawson testified that he emerged from Reds Manager Fred Hutchinson's office and found "Pinson blocking my path. He was standing there, his legs spread apart, a newspaper clipping in his hand."

SWC Round-up

By United Press International
Larry Phillips scored 30 points Wednesday night in a 102-81 victory by Rice over Florida State and Texas A&M took its second beating in Utah.

The Texas Aggies faltered 98-71 before Utah, just 24 hours after Utah State overcame the Cadets 94-71.

Phillips took up the slack caused by Kendall Rhine fouling out and paced the Rice squad to a victory that saw them in front all the way. It was a career scoring record for Phillips and Rhine hit 24 points.

The Aggies never overcame the superior offensive tactics of Utah and were behind 15-3 after five minutes. Benny Lenox scored 23 points to pace A&M.

GRADUATE GUNNERS — Among those graduated from a home firearms safety course, sponsored by the National Rifle Association and taught by the Pampa Rifle and Pistol Club are, front row, left to right: Instructor Paul Edwards, Kirk Webb, Max Hawkins, Joe Grayson, Robert Thompson, Marshall Cooper. Standing are Larry Ray, Billy Webb, Max Barnhill, Mrs. Paul Edwards, Mrs. Jim Bill Wilson, Raymond Low, Ricky Low. Not in picture is instructor Pat Oler. (Daily News Photo)

Little Man, Little School In Big Upsets

By JOE GERGEN
UPI Sports Writer

A little guard and a small school proved that size alone doesn't count—not even in basketball—as they combined to score two of the biggest upsets of the college season.

John Ed Miller, the smallest man on the court, tossed in 39 points in a phenomenal shooting display to lead Vanderbilt to a 97-92 overtime victory over second-ranked Duke, and tiny Davidson, the smallest school in the Southern Conference, clubbed 10th-ranked Ohio State,

95-73, in Wednesday night's feature games. Miller, whose three names only average out to six feet, connected on a fantastic 17 of 23 shots from the floor, mostly on fading jumpers, to stun the Blue Devils.

The victory gave Vanderbilt, ranked 16th in the latest United Press International ratings, its fourth win in four games. The loss was the first for Duke, which had swept its first three games.

Davidson handed Ohio State its first home-court loss in 51 games and its second defeat of the season. The Wildcats ran away from the Buckeyes in the first half.

Strawder and Eddie Jackson and a man-to-man press carried the Braves to their victory.

Fifth-ranked Michigan barely managed to keep its head against winless Butler. The Wolverines, paced by sooth Cazzie Russell (25) and Bill Buntin (23), had to stage a second half rally to beat down the Bulldogs, 80-70.

In other major games, Rice trampled Florida State, 107-81, unbeaten Utah thrashed Texas A&M, 98-71; Louisville topped La Salle, 70-60; Cornell clouted Canisius, 97-83; St. Bonaventure bombed Steubenville, 113-86; Fordham edged Yale, 69-64; Princeton scored a double overtime victory over Lafayette, 69-64; Seton Hall whipped Love's (Md.), 98-81; and Temple crushed Lehigh, 66-38.

Full Card For Optimists

The Pampa Optimist Club is expecting a slate of 16 to 18 high school and pee-wee bouts for tonight's fights at 8 p.m. at the Optimist Boys Club. Visiting teams represented tonight will include Skellytown, Amarillo and Lefors.

The open headliner will pit champion Johnny Ironmonger of Pampa against Don Clements of Dees of Amarillo, both seeking to come back from losses in their last bouts.

Wrestling Show At Top O' Texas

Champions will clash in the main events of wrestling at the Top O' Texas Arena tomorrow night at 8:30.

In a two-out-of-three falls, 60-minute event, The Sheik, noted badman from Beirut, Syria, will take on Dale Lewis of Norman, Okla. In another 60-minute co-feature, Dory Funk Jr., ex-West Texas grizzer, will meet ex-champ Sputnik Monroe of Louisiana.

In a one-fall, 20-minute preliminary, Rickie Romero of Mexico takes on Harley Race of Hollywood.

CHIEFS SIGN END
Kansas City (UPI)—Ed Lothamer, Michigan State end and fourth draft choice of the Kansas City Chiefs, Wednesday night signed with the American Football League team. The Chiefs also have signed their first draft choice, Pete Beathard, southern California quarterback.

Pro Basketball

By United Press International
The Boston Celtics may be too good for their own good.

With 19 victories in their first 21 games they're making a shambles of the National Basketball Association's Eastern Division race. But continued success may also make a haunted house of the Boston Garden where a mere 3,520 fans turned out Wednesday night for a very fine attraction—the Celtics against the St. Louis Hawks.

The Hawks are second in the Western Division of the NBA and feature such crowd-pleasing stars as Bob Pettit, Len Wilkens and Richie Guerin.

The fans who "stood in bed" must have known something.

...the Celtics led all the way for a 104-95 victory that gave them their 11th straight home court triumph. John Havlicek scored 33 points and Bill Russell seized 30 rebounds to lead the Celtics.

The Cincinnati Royals defeated the Detroit Pistons, 127-107, and the Philadelphia 76ers beat the New York Knicks, 113-103, in other games.

Oscar Robertson scored 26 points and six other Royals hit in double figure as Cincinnati rolled to a 66-42 halftime margin and led by 89-56 in the third period. Bailey Howell scored 22 points for the Pistons.

John Kerr, playing in his 698th consecutive game, scored 29 points and Hal Greer added 27 for the 76ers. Johnny Green and Bill McGill had 18 points each for the Knicks.

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

"We Have Just Begun To Fight"

"What is this 'Chicken War'?" headline readers are asking. And since there are plenty of citizens who read the fine print, and a good many chicken raisers, too, who still don't know, we decided to ask an expert. John P. Bauer, vice president of B. N. S. International Sales Corporation in New York, the nation's leading exporter of poultry explains it this way: In 1962, the US supplied 35 per cent of Germany's poultry imports, valued at over \$50 million. This year, we will provide only 16 per cent — less than \$20 million worth. What happened, Mr. Bauer explains, was that the Common Market countries suddenly increased the tariff on chickens from US. "On July 29, 1962 the tariff was five cents, the next day it was ten cents and shortly afterward it was 13 1/4 cents per pound," he says. "In terms of dollar value, the tariff for the US is almost 48 per cent, compared with 15.9 per cent prior to the new system."

An international committee picked by the council of the General Agreement on Tariffs and Trade to assess the damage to American poultry exports has just announced from Geneva a compromise figure of \$26 million, the US having estimated the losses at \$46 million, the Europeans at \$19 million. The US accepted this figure

and is now proceeding with the selection of those Common Market imports on which retaliatory tariff increases will be levied to compensate for \$26 million of our losses.

US exporters are arguing that the committee's findings must be rejected, as they are based on imports during 1960 — a year in which the import volume was held down by quota. If we react to an almost total embargo by simply slapping the Common Market's wrist, we will only invite other repressive tariffs.

We should seek counter measures, says Mr. Bauer, "that would have the greatest impact against offending nations and thus create an economic movement within these nations that would call for a more realistic tariff." He suggests tariff boosts on photographic equipment or automobiles or wines to serve this purpose. But we must be ready to lower this barrier whenever the restrictions against us have been reduced.

Certainly Mr. Bauer will have the support of American farmers and poultry raisers and processors as well as his fellow exporters in urging that we should regain fair access to the German chicken market as a matter of economic justice. Moreover, we had better win the "Chicken War" . . . or we shall lose many more in our unequal struggle for foreign trade.

FCC Sponsorship for Reds

Does our Government consider Communism and Fascism subversive — or merely "controversial issues"? Operators of nation's radio and TV stations would like to know, and the Federal Communications Commission should clarify its Public Notice B on "equal time" and come up with some straight answers. This directive, promulgating what the FCC calls its "Fairness Doctrine as to Controversial Issue Programming" states: "When a controversial program involves a personal attack upon an individual or organization, the licensee (station operator) must transmit the text of the broadcast to the person or group attacked . . . with a specific offer of his station's facilities for an adequate response." And Public Notice B goes on to declare:

"It is immaterial whether a particular program or viewpoint is presented under the label of Americanism, anti-Communism or states rights, . . . regardless of label or form, if

one viewpoint of a controversial issue of public importance is presented, the licensee is obligated to make a reasonable effort to present the other opposing viewpoint or viewpoints."

These instructions would seem to mean that if an opponent of Communism were to condemn the system over the air and cite its historic treachery and brutality, the station operator is obliged to offer equal time to our avowed enemy to present the anti-American viewpoint of the Soviet or the Red Chinese. To whom, we wonder, should the station offer its offer — to the Kremlin, to its embassy in Washington, to Mao in Peking or to the convicted criminal Gus Hall, who now heads up the Red apparatus here at home?

If it is not the intention of the FCC to provide a free public platform to those who have promised they will bury us, it would seem to be high time for Chairman Henry to go on the air he is policing and tell us so.

The High School A Cappella Choir

This is to pass along a word of praise to Hugh Sanders and his magnificent Pampa High School A Cappella choir. The group of young men and women is about as near perfection as an amateur organization can get.

We had the pleasure of listening to them at the Lions Club Christmas banquet the other night as they presented "Music Man" production and a special

program of Christmas hymns. You could have heard a pin drop among the banquet audience while the choir was "on."

And just to show how much the listeners enjoyed the blending of youthful voices, the high school students were given a standing ovation following their concluding number.

As they say in show business, the choir brought down the house and then brought the audience to its feet.

"... And now, I would like to introduce our expert on the less noble wines . . ."

Edson In Capitol

By PETER EDSON NEA Washington Correspondent

WASHINGTON (NEA) — U.S. Information Agency — the government's international public relations arm — has pulled out all the stops to make the world better acquainted with new President Lyndon Johnson.

This effort began Nov. 22 after President Kennedy's assassination when the Vice President took the oath of office that made him head of the American government. It reached a high point with Voice of America's worldwide, live broadcast of President Johnson's speech to Congress early Wednesday afternoon, Nov. 27.

In those five days Voice of America was on the air 22 hours a day and USIA worldwide wireless dispatches were greatly extended beyond their normal 10,000 words a day.

Monitored in 111 American overseas posts, this full news coverage formed the basis for information services provided foreign governments to project a daily picture of the important events happening in the United States.

The total effect was to assure the world that the change in presidents had not changed American foreign policies and that the American government remained strong.

Foreign reaction to the broadcast of President Johnson's speech, as analyzed by USIA's research staff, has been generally favorable.

Moscow expressed cautious approval of Johnson's pledge to implement the Kennedy ideas and ideals and to work for removal of the main causes of U.S. - U.S.S.R. friction.

This theme was rebroadcast in many languages by Radio Moscow. But some Communist doubts were expressed on the new President's statement that the United States would keep its commitments from South Viet Nam to West Berlin.

Western European news media showed much encouragement and increased confidence in U.S. leadership after the Johnson speech. This came after the sophisticated European press had expressed great disbelief that the events in Dallas happened just as reported and for the motives given.

There were other minor dissonances. Yugoslavia was grateful that Johnson did not mention Cuba, but Japan's Socialist party regretted that he did not mention the Far East more specifically.

From Africa there was scattered concern that President Johnson's southern background might have some effect on his support for civil rights. Communist China's "People's Daily" predicted that the U.S. imperialist policies will not change and that Johnson will continue Kennedy policy.

Voice of America has made no answer to these criticisms, other than by following the usual policy of reporting the news straight and factually as it happens. This may have been particularly helpful in getting the news behind the iron curtain.

Russia has made no attempt to jam VOA broadcasts for some weeks. So Russia's internal broadcasts that the assassination was the result of a Trotskyite conspiracy with the American radical right and the Ku Klux Klan were disproved.

The job now is to continue familiarizing foreign public opinion with President Johnson's personality and views. This is the assignment that USIA television, newsreel, picture and news feature services have taken on.

A half-hour documentary on President Johnson is now being put on video tape by two Emmy award winners who volunteered for the job.

Two complete television shows on Johnson's life and career are being prepared, with Spanish voices for Latin American audiences.

Newsreel clips are being prepared for 35 areas where there is no commercial news file.

A six-page insert photographic life story of President Johnson will go into the Polish and Russian editions of "Amerika," the USIA illustrated monthly magazine.

A 16-page color cartoon book on President Johnson's life is being prepared for distribution in Latin America, Africa and free Asia.

Text for an 8,000 word pamphlet on President Johnson was transmitted by wireless to USIA's three production centers in Manila, Beirut and Mexico City.

Both booklets, of a type popular in the developing countries, will be printed in many languages for worldwide distribution, in millions of copies.

ROBERT ALLEN

Allen-Scott Report

Changes in Johnson Administration Shaping Up; 3 Major Posts Top Shifts under Consideration

PAUL SCOTT

WASHINGTON — The key personnel make-up of the Johnson administration is beginning to take shape.

Intimates of Johnson are indicating that the "pool" (meaning White House staff) will be entirely recast by next June.

Three major posts top the list of the first significant changes under contemplation, as follows: Attorney General Robert Kennedy to be replaced by Deputy Attorney General Nicholas deB. Katzenbach — after Congress has disposed of the torrid civil rights issue, not earlier than spring.

Abe Fortas, undersecretary of interior in the Truman administration and until last week attorney for "Bobby" Baker, one-time Senate secretary now under investigation on sensational charges, to succeed Theodore Sorensen as special counsel to Johnson.

Phillip Jessup, member of the World Court at the Hague, or career diplomat Llewellyn Thompson, former ambassador to Moscow and now special Soviet adviser to Secretary Rusk, to replace McGeorge Bundy as foreign affairs adviser to the President.

Katzenbach is as highly regarded by Johnson as by President Kennedy. Tall, 41, former Yale law professor and World War II bomber navigator, Katzenbach is rated as "the lawyer" of the Justice Department and its real administrator. Attorney General Kennedy has been chiefly occupied with policy and other activities, including foreign affairs and domestic politics.

Fortas was among the first summoned by the new President when he took office. Fortas assisted Johnson in preparing his first official address to the joint session of Congress.

Jessup, 66, has an extensive legal and diplomatic career. Appointed to the World Court in 1961, he served as a U.S. delegate to the United Nations and was ambassador-at-large from 1949 to 1953. While in the State Department, he came under sharp congressional fire and his selection as special foreign affairs adviser to the President would be certain to arouse controversy.

Former Secretary Dean Acheson is credited as Jessup's chief backer. Acheson has long had close ties with the President. Secretary Rusk is understood to strongly favor Ambassador Thompson.

ASSASSINATION PROBER — J. Lee Rankin, solicitor general and later deputy attorney general in the Eisenhower administration, tops the list of possibilities as general counsel of the special commission investigating the slaying of President Kennedy.

lar in the developing countries, will be printed in many languages for worldwide distribution, in millions of copies.

Rankin, 56, now practices law in New York and Lincoln, Neb. Chief Justice Earl Warren's first choice for this key post was Warren Olney, one-time assistant of Warren when he was Governor of California. Olney, assistant attorney general in charge of the Criminal Division in the Eisenhower administration, is now director of the Administrative Office of U.S. Courts, with headquarters in the Supreme Court Building.

Several members of the special commission indicated objections to Olney, and Warren withdrew his name.

CASTRO GUEST — Herbert Matthews, veteran staff writer of the New York Times, is back in Cuba again. According to intelligence, he has been there since early last month, flying by way of Mexico.

Matthews had had at least one meeting with dictator Fidel Castro. Also present was Faustino Perez, who arranged Matthews' visit to Castro in a mountain hide-out in 1957 when he was fighting the Batista regime. Matthews wrote a series of articles about Castro's operations.

These stories, widely republished, were extremely helpful in publicizing Castro's revolt.

Robert Hill, former U.S. Ambassador to Mexico, testifying before the Senate Internal Security Subcommittee in 1961, declared, "Matthews has always been an enthusiastic supporter of Fidel Castro."

TRUE OR FALSE — Members of the Republican National Committee are quoting Chairman William Miller as predicting that Senator Goldwater will withdraw from the presidential race. They are saying Miller is forecasting this "strictly as his own belief". A strong supporter of Goldwater, who has been very active in booming him, is telling friends, "It's now fifty-fifty whether Barry will stay in or get out." . . . Two members of the White House staff of President Eisenhower are talking a Nixon-Milton Eisenhower ticket. They deny discussing such a slate with the former President; insist it's their own idea. Governor Rockefeller is publicly carefully observing the 30-day political moratorium because of the murder of President Kennedy, but privately there is vigorous activity in his behalf in New Hampshire. Rockefeller organizers are very busy there, taking advantage of the hull to get in hefty planning lifts.

President Johnson is missing no bets in furthering his congressional ties. Members with birthdays get a personal phone call from him. Latest to do so are Representative Chet Hollifield, D-Calif., chairman of the Joint Atomic Committee, and Senator Strom Thurmond, D-S.C., to whom Johnson said,

The Almanac

By United Press International Today is Thursday, Dec. 12, the 346th day of 1963 with 19 to follow.

The moon is approaching its last phase.

The evening stars are Jupiter Saturn and Venus.

On this day in history:

In 1920, Edward D. White of Louisiana became chief justice of the United States.

In 1947, John L. Lewis withdrew his United Mine Workers Union from the American Federation of Labor for the second time.

In 1953, Maj. Charles Yeager flew a research jet plane more than two-and-one-half times the speed of sound.

In 1959, the Paraguayan government announced an invasion by 1,000 rebel exiles based in Argentina had been crushed.

A thought for the day—American theologian Jonathan Edwards said: "I assert that nothing ever comes to pass without a cause."

"We don't always see eye-to-eye together, but that's no reason we can't be personal friends."

The new President is also taking a leaf from his late predecessor in cultivating influential newsmen. On his way back from another call, Johnson dropped in on Walter Lippmann, veteran columnist, and discussed world affairs with him for 45 minutes.

Callers on the President are getting souvenirs in the form of cigarette lighters bearing metal initials LBJ. They are left-overs from Johnson's 1960 campaign for the presidential nomination. The late President Kennedy's souvenir consisted of a tie clasp in the shape of a PT boat.

PROTECTION

Individuals Can Change the Trend

By GEORGE BOARDMAN, Ph. D.

Chicago police Supt. Wilson said, "Everybody seems to be organizing today to protect civil liberties. I would like to organize the victims of criminal assaults who have been robbed and raped in our streets."

I have news for Supt. Wilson. The Chicago police department was organized for the express purpose of providing the law-abiding citizen of Chicago with protection. A government-owned and controlled police agency exists for no other purpose than to protect the citizenry. Obviously, the Chicago police superintendent has but little faith in his police department and if I lived in Chicago, I would agree with the superintendent. I would also be disinclined to join any organization headed by the superintendent who heads a department which does not provide protection for the citizenry, as advertised.

Writing about increasing crime provides me with absolutely no pleasure despite the fact that we live in a relatively crime-free area. As a matter of fact, criminality makes me feel sick. So does the correlative aspect of criminality — socialism.

Every so often groups of experts assemble to examine the increasing crime rate. They study the situation, make speeches and a lot of idle conversation and come up with no answers for a very good reason. The government-owned and controlled law enforcement agencies provide a classic example of socialism at work. Government-owned and controlled law enforcement is socialism and socialism can only thrive on stupidity and inefficiency. Does anyone in his or her right mind expect those charged with law enforcement and crime detection to admit their system is worse than useless? Let's not be ridiculous!

One of my regular correspondents mentioned that she wondered why she and her husband had never encountered a crime in progress. The implication here is that while the lady realizes that criminality is increasing, it isn't quite real to her because nothing has happened to her, her family or neighbors. This is a normal reaction but it will not solve anything.

A few days ago my correspondent watched police arrest a man and now criminality has taken on a new perspective for her. She still doesn't think anything will happen to her, her family or the immediate neighbors. I suppose a lot of photographs showing the beaten-up victims of robberies and rapes and other crimes of violence might help a few people to give the subject some serious consideration but photographs of gruesome wrecks haven't accomplished much in the way of reducing automobile accidents.

Attempts to organize citizen groups in an effort to reduce criminality would be a waste of time. Actually, while groups of citizens organized, criminals would have better opportunities to raid empty homes. Crimes by juveniles whose parents should be attending to their own business would probably increase. Organizations would be over-run by police and experts and psychologists, social case workers, ministers of the gospel and a lot of other civic-minded people who have already proved they have no answers for the nightmare.

Let's face it, we are in a bad way. We wish to apologize for those in their sorrow who react emotionally, which is against the basic concept of justice.

We wish to encourage you to continue your efforts toward conserving our Constitutional Republic. To assure you that we realize, in all humility, we are asking you to dedicate your life to my children and their children. This nation, as the nations of the world, need the wisdom in leadership that is apparent in your actions.

With deep respect, and may God be with you always. LeMayne Browning 201 W. Main Florence, Colo.

presented by a rapidly increasing crime rate. On the other hand, readers of the Freedom Newspapers which publish this column can do a great many things to protect their own lives and property beginning right now and without waiting for an organization or anything else and that is the important thing, isn't it — to prevent criminals from adding us to the list of victims?

In the recent past, I have suggested ways and means of protecting your lives and your properties. I believe that a little common sense will keep female readers of these papers and their children from becoming victims of forcible rape. Sure, anything is possible no matter how careful you are, but why make things easy for criminals?

Let's look at it this way. If the readers of Freedom Newspapers get busy, do a little thinking and do what they can to protect their own lives and property and their own children, there's a good chance that the crime rate may be reduced in areas served by these papers.

In any event, readers will be trying to accomplish a few things on an individual basis and if YOU try, your own individual effort may change the trend. Please do. Good luck and good health to you, in Freedom.

Clearing House

Articles for this column are preferred to be 200 words or less in length. However, longer articles may be printed. All letters must be signed.

Editor: An open letter to Senator Barry Goldwater, Senate Office Building, Washington 25, D.C.

Dear Senator Goldwater: An Associated Press release printed Dec. 8, states the threatening letters you and Senator Tower have received.

The regrettable death, by assassination of our President and the silence demanded because of respect, must not be confused with non-support of your convictions. Those releasing their anger without reasoning, is proof that re-dedication to our Constitutional Government is the only safeguard against violence in the world today.

My wife, my son and I have doubled our efforts to support and encourage you as the Republican Candidate for President in 1964. My reason for writing is to tell you of the trust and faith we have placed in your hands to lead our wonderful country from darkness into light. This is repeated in conversation by many friends in Florence.

We know that death is a tragic loss. That it is to be respected as well as mourned; That it is a lesson to the living, so none die in vain. We wish to apologize for those in their sorrow who react emotionally, which is against the basic concept of justice.

We wish to encourage you to continue your efforts toward conserving our Constitutional Republic. To assure you that we realize, in all humility, we are asking you to dedicate your life to my children and their children. This nation, as the nations of the world, need the wisdom in leadership that is apparent in your actions.

With deep respect, and may God be with you always. LeMayne Browning 201 W. Main Florence, Colo.

matter of fact

Puttee or puttie is the name (adapted from the Hindu putti, the word for bandage) for an ankle-to-knee covering consisting of long, narrow cloth wound spirally. The advantage of puttees over leggings was said to be that they were not hard on the legs, could be used also as bandages or slings and occupied less space when not in use. Puttees were worn by most armies except the German in World War I; they gradually disappeared thereafter in favor of short leggings.
