Pause in U.S. Bombing Raids Remains Mystery

WASHINGTON (UPI) — A new, though highly uncertain, element was added to the Vietnamese war Saturday in the form of an unexplained pause in U.S. bombing of Communist North Viet Nam.

Suspension of the raids which were aimed at bridges, barracks and other strategic military installations, was in its third day. The reasons remained the subject of speculation and conflicting reports.

Administration officials appeared content to let the mystery continue.

Whatever the intended purpose, it was clear that the development, together with public speculation, had become one more political factor in the war and in efforts for peace.

No American official was willing to say where it might lead, if anywhere.

Background to the enigma was this:

Since Feb. 7, U. S. planes, frequently accompanied by South Vietnamese aircraft, have flown 4,550 sorties against targets in North Viet Nam. The raids have not been on a daily basis. There have been gaps of from one to 11 days.

The United States has always said it would stop the bombings if there was a clear indication the Red Hanoi regime

was halting its aggression against South Viet Nam.

There have been frequent proposals for a deliberate U. S. "pause" in the raids on grounds this might prompt Hanoi to respond by ceasing some of its activities.

"Pause" Not Declared

But President Johnson has never declared such a "pause." What made current three-day stoppage different from the previous ones was that this was the

first time large numbers of officials have spoken of a "decision" to hold up the bombings.

Diplomatic officials said it was a military decision for "operational reasons" — to conduct a period of aerial reconnaissance to assess targets in North Viet Nam, both those which have been hit and those which have escaped.

Military officials indicated it was a diplomatic decision.

The White House and State and Defense Departments had no comment.

Deny Speculation

There was speculation in public print that the move followed some "sign" by the Communists that they were or are willing to suspend hostilities.

Diplomatic officials indicated this was not the case.

There also was speculation in public that the Communists had

shown some willingness for peace talks, but diplomatic sources appeared to be knocking this idea down also.

It may be unrelated, but Secretary of State Dean Rusk was meeting with Soviet Foreign Minister Andrei Gromyko in Vienna, Austria, Saturday at ceremonies commemorating the 10th anniversary of the Austrian state treaty. Viet Nam could be one major subject they might discuss.

21 Killed, 35 Injured in Viet Blasts

Fighting Rages In Santo Domingo

SANTO DOMINGO (UPI) — Dominican junta and rebel forces fought a two and one-half hour battle in the street of Santo Domingo Saturday with heavy weapons. U.S. Marines were caught in some of the shooting but there were no reports of casualties.

The fighting broke out after early-morning clashes between rebels and U.S. paratroopers during which one paratrooper was wounded.

During the exchange, members of the U.N. peace team arrived in the city, driving through another rebel-held sector than the one in which the battle was being fought. They saw armed rebels and heard sniper fire.

The battle was started by troops loyal to the junta of Gen. Antonio Imbert Barrera. At a point three blocks north of the U.S. Embassy, they fired into a rebel-held district just across from the safety corridor

guarded by U.S. Marines.

Rebels Return Fire

The rebels returned the fire, and when they did they were shooting into Marine positions. The Marines in turn fired back. The Marines were well-protected by sandbagged positions. Some were in tanks. Thus there were no known Marine casualties, and Marine officers had no way of knowing the toll from the Dominican fighting.

A Marine spokesman said the fight started with the firing by the Imbert forces.

Marines said the Dominican factions were using what sounded like bazookas, machineguns, rifles, 37 millimeter guns, and mortars.

UPI correspondent Roy McGhee reported from the Marine lines that the thump of heavy weapons could be heard behind the chattering of the machine-guns.

He said that late Saturday (See FIGHTING, Page 3)

22 U.S. Jet Bombers Ripped by Explosion

BIEN HOA, Viet Nam, Sunday (UPI) — At least 21 persons were killed and 22 planes destroyed early today in an accidental series of explosions at this strategic American air base.

A U.S. military spokesman said at least 35 were injured some seriously. All or most of the casualties believed to be U.S. servicemen, he said.

Eleven of the airplanes destroyed were fully loaded U.S. Canberra jet bombers.

The explosions, the spokesman said, were set off by a fire in a B-57 Canberra jet bomber preparing to leave on a combat mission. The fire set off the bomber's ammunition and spread to the 10 other Canberras lined up on the flightline.

The seven other Canberras at Bien Hoa had left earlier on combat missions to undisclosed targets.

An American transport plane circling the base for landing instructions reported the entire ramp area was "wiped out." Columns of black smoke billowed thousands of feet into the sky, the pilot reported.

The destination of the bombers which took off from Bien Hoa was not disclosed. If they were bound for targets in North

McNamara Agrees To Let Congress Study Guard Plan

WASHINGTON (UPI) — Defense Secretary Robert S. McNamara Saturday yielded to congressional protests and suspended his controversial plan to merge the Army Reserves into the National Guard.

He agreed not to put the proposal into effect until Congress has opportunity to study and act on it. The merger was scheduled to start on July 1 and was slated to be completed by March, 1966.

Under the plan, the organized Army Reserves would be abolished. Left standing would be a 550,000-man National Guard beefed up with men now in the Reserves. At present the reserves number 268,000. The guard is slightly below 400,000.

The Defense Department claims the plan would increase combat readiness and incidentally save the taxpayer \$150 million a year.

But the proposal drew a storm of congressional protest, particularly when McNamara insisted he didn't need approval of the House and Senate for the move.

Saturday, he backpedaled and agreed to wait for Congress to approve legislation. It marked one of the few setbacks the defense secretary has sustained in his often-heated dealings with the legislators.

McNamara made the announcement at a joint news conference with Rep. F. Edward Hebert, D-La., the congressman who has been most vocal in insisting that the secretary needs specific, affirmative congressional approval to carry out the plan.

For the past few months, a House armed services subcommittee headed by Hebert has been protesting that the Defense Department was ignoring Congress' constitutional rights. But until Saturday the Pentagon stood firm.

PHS Commencement Exercises Set May 24

A total of 384 Pampa High School students will bring 12 years of schooling to an end May 24 at commencement exercises scheduled in the high school fieldhouse.

Vesper services, the religious part of the graduation exercises are scheduled at 5 p.m. Sunday, May 24 in the fieldhouse.

Both commencement and vesper services will begin with the playing of the traditional Pomp and circumstance.

Rev. R. H. Meixner will give the invocation for vesper services and Rev. Carson Snow for commencement.

Guy Caskey, minister, will deliver the sermon at vesper services with Rev. Harry Vanderpool, presenting scripture readings.

The A Cappella choir will sing "He Comes to Us" and will be accompanied by the high school band in singing "Battle Hymn of the Republic."

The recessional, "Tannhauser March," will end the vesper services.

At commencement, Kyle Vann, salutatorian and Cynthia Plaster, valedictorian will deliver the inspirational speeches, along with senior class president Jim Arthur.

Diplomas and honors will be conferred by L. J. Edmondson, superintendent of schools; Cameron Marsh, principal, and Bill Cooper, assistant principal.

Marshall Gardner, accompanied by the high school band, will play "Concerto for Trumpet". The band will then end the commencement exercises with the recessional.

Graduation rehearsals will be held at 1:30 p.m., May 21 and at 10 a.m., May 24 in the fieldhouse.

Seniors will take final examinations Monday and will be dismissed from school Tuesday afternoon.

Final examinations for sophomores and juniors will be held Wednesday, Thursday and Friday, Friday afternoon, only students needing to make up an examination will attend classes.

Rogers to Protest Rule to Limit Cotton Planting in Skip Row Patterns

WASHINGTON (SpI) — Congressman Walter Rogers will issue a strong protest Monday over the threatened ruinous effects of a proposed Agriculture Department rule limiting the ability of American farmers to plant cotton in skip-row patterns.

Congressman Rogers will file strong letters of protest with Agriculture Secretary Orville Freeman and the Agricultural Stabilization and Conservation Service. In addition, the congressman will make a formal request of Congressman Harold Cooley, chairman of the House agriculture committee, that the committee hold public

hearing to permit cotton growers to appear and protest.

In a statement prepared for delivery Monday on the floor of the House of Representatives, Congressman Rogers declared, "The rule not only would result in reduced net income to cotton farmers but would bring the end to proven, sound conservation practices followed by a generation of Texas Panhandle and South Plains cotton farmers, as well as growers in many other areas of the nation."

"In addition, the new rule would disrupt current farming practices followed by grain sorghum producers in our Panhandle-Plains region, would serve

Bundy Backs Out Of Teacher Debate

WASHINGTON (UPI) — A highly touted championship debate between intellectual heavyweights over President Johnson's disputed Viet Nam policy fizzled Saturday when George Bundy, the White House contender, backed out at the 11th minute.

Bundy, who is the President's top security adviser, said in a telegram that "other duties" forced him to stay away from a nationwide "teach-in" staged as a confrontation between the administration and academic critics of its foreign policy.

The White House said it did not know anything about it and that Bundy's statement would have to speak for itself.

Some boos and laughter were heard in the ballroom of the Sheraton Park Hotel when Bundy's wire was read saying that "I have looked forward to this meeting and I hate to miss it."

Bundy's place on a three-hour panel discussion, the main event of the 15-hour teach-in, was taken by Dr. Robert Scalapino of the University of Chicago. The debate went ahead but it wasn't the same.

Campus critics of American actions in Viet Nam, especially the intensification of the war effort, had aimed to pin Bundy down for an accounting. He had refused them earlier.

Even though he pleaded an "enforced absence," Bundy used his telegram to reaffirm U. S. policy in Viet Nam and to hold out the olive branch to his professorial adversaries at home.

"We evidently differ on the choice of ways and means to peace," he said, but he added: "What divides us is less than what unites us."

Soviets May Need Military Alliance With West if Red China Peace Fails

WASHINGTON (UPI) — A House subcommittee predicted Saturday that unless Russia reaches an "accommodation" with Red China in the next five years she may have to seek a military alliance with the West.

It cautioned, however, against any U.S. policy that would try to play one off against the other. Instead it called for giving consideration to starting limited contacts between the United States and China at an appropriate time.

The forecast was made by a House foreign affairs subcommittee which studied the current ideological dispute between the Soviet Union and Peking. China favors war to achieve world Communist domination. Russia sees peaceful co-existence as the main weapon.

The panel, headed by Rep. Clement Zablocki, D-Wis., noted

Expanded Excise Tax Cut Asked By President

WASHINGTON (UPI) — President Johnson unveiled an expanded excise tax cut program Saturday. It would give American consumers a \$4 billion reduction by 1970.

He announced he would ask Congress on Monday for a three stage cut which would eliminate \$1.75 billion in excises beginning July 1, another \$1.75 billion reduction next Jan. 1 and a final cut of \$464 million before 1970.

But he listed items for which he will recommend excise reductions. They included automobiles, handbags, luggage, jewelry, furs, air conditioners, sporting goods, cameras, home freezers and telephone calls.

Other items on which the President said he would recommend (See JOHNSON, Page 3)

SKIERS, TOURISTS BURIED

Avalanche Kills Eight in Germany

GARMISCH - PARTENKIRCHEN, Germany (UPI) — A mighty avalanche rumbled down Germany's highest mountain Saturday and buried dozens of skiers and tourists at a resort hotel popular with vacationing American servicemen.

At least eight persons were killed. Four others were injured, including two Americans, U.S. Army officials said. Unconfirmed reports put the death toll as high as 25.

Army officials did not immediately identify the injured Americans.

There were about 300 skiers in the area when the avalanche struck. They were taking advantage of the last skiing of the season. The temperature was in the 60's.

Tons of snow and melting ice, loosened by the warm

spring weather, crashed down on the terrace of the Schneefarnhaus, a hotel near the top of the 9,484-foot Zugspitze.

One part of the avalanche swept away about 10 sunbathers on the hotel terrace. Skiers on the slopes also were caught.

Another part missed the hotel but struck a cable car ski lift, burying one car with 8 to 10 passengers in it. All were rescued, but most were injured.

The U.S. Army sent helicopters and troops to aid German rescue workers. The Garmisch-Partenkirchen area is a favorite spot for Americans stationed in Europe. The twin towns are 12 miles from the hotel by cable railway.

The massive slide swept its victims about 150 yards below

the hotel to a basin on the mountainside called the Zugspitzplatte. There they were buried in drifts.

Search For Bodies

Police, alpine rangers, and Red Cross workers dug alongside the U.S. soldiers in the search for bodies.

Helicopters shuttled the injured to hospitals in the valley. Seven German helicopters joined the three U.S. Army craft.

The avalanche cut a 300-yard wide swath down the mountainside. When it split just above the hotel, it caught an undetermined number of skiers on the slope.

Bernhard Schmidt, director of the cable railway from Garmisch and the hotel, said it was the first avalanche on the main German slope of the mountain in 35 years.

Pampa Junior High Students are Honored

Pampa Junior High School honored its outstanding students of the year with a banquet in the Starlight Room, Coronado Inn, at 7 p.m. Friday.

Named as Valedictorian of the ninth grade class was Sherry White, daughter of Mr. and Mrs. Charles P. White, 1120 East Browning, who achieved an average of 96.2. Also sharing top honors were Rosalee Franke and Jerry Lambright. Rosalee, daughter of Mr. and Mrs. Roy E. Franke, 1141 Neel Road, was named Salutatorian. Her grade point average was 95.2. Top ranking ninth grade boy was Jerry Lambright, son of Mr. and Mrs. B.J. Lambright, 704 Murphy, who finished the year with a 95.1 average.

Forty-five students were given special awards given included the All-Around Girl, Mary Jane Rose; All-Around Boy, Johnny Carlos; Good Citizen awards were presented to Jennifer Cunningham and Ronald Gordon; Cary Lee was selected to receive the Hobart award and Ginger Ferguson won the BPW award.

Ronald Gordon, Mayor of PJH, was master of ceremonies at the banquet. Sherry White, representing all honor students, acknowledged the honors bestowed upon them. The invocation was given by

John Karr, school chaplain. Featured speaker for the occasion was Rev. Harry Vanderpool, minister of the First Methodist Church.

Paul Payne, Principal, introduced all special guests and also presented pins to all students making the honor roll during the year. Entertainment was furnished by the ninth grade sextette composed of Mary Jane Rose, Ginger Ferguson, Janet Morgan, Jennifer Cunningham, Carol Tucker, and Judy Dunn, under the direction of F. M. Bridges.

The banquet guests were entertained during the dinner hour with organ selections presented by Micky Mabry, former honor student of Pampa Junior High.

DISCUSS REPORT
WASHINGTON (UPI) — The Senate Rules Committee will meet next to discuss a report on its investigation of the business affairs of former Senate aide Bobby Baker.

The report is expected to cover an alleged payoff on the awarding of the contract for the District of Columbia Stadium; the award of a government contract for a water desalting plant; and the testimony of former White House aide Walter W. Jenkins.

This Week In Business

By LEROY POPE

United Press International
NEW YORK (UPI)—Business was served notice this week that it is going to face increasing demands for wage increases from factory and retail workers because of the lengthened prosperity.

The AFL-CIO announced that it now takes a wage of \$123 a week, or \$3.07 an hour, to support a family of four decently. The labor federation said prevailing wages of factory workers average \$2.58 an hour—59 cents short of a decent standard of living and those of retail workers average less than \$2 an hour.

Of course, these figures fail to take into account the fact that there often is more than one breadwinner today in the typical working family—but the AFL-CIO insisted it will base its future demands on the idea that a family of four ought to be able to get by on one paycheck.

Meanwhile, government officials turned out encouraging forecasts about the state of business for the rest of 1965, backed up by another wave of excellent business news.

Treasury Secretary Henry Fowler said the U.S. balance of payments deficit is running this year at about half the level of a year ago—but he warned against too much optimism about developments on the deficit in the second half of 1965. Commerce Secretary John Connor said he does not share the concern of some that the scheduled big increase in social security taxes next January will have any dampening effect on the economy.

The Commerce Department also reported that U.S. exports rose to a record \$2.8 billion in March following the end of the East Coast dock strike. But for the first quarter exports were 10 per cent below 1964, due entirely to the dock strike.

SLIGHT INCREASE

WASHINGTON (UPI) — U.S. industrial output increased slightly in April despite a decline in auto production, the Federal Reserve Board reported Friday.

The board's index of industrial production rose to 140.8 per cent of the 1957-59 average, compared with a revised March level of 140.5.

The April increase was the smallest monthly gain since November, when production recovered from a strike in the auto industry.

POLICE CAR FIRST

DARLINGTON, England (UPI)—In the first hour after a new highway bypass was opened here 1,000 automobiles used the facility. Only one breakdown was reported—a police car with a flat tire.

Pampa Girl One of 10 Chosen to Serve as 'Big Sisters'

LUBBOCK, (Sp)—Shirley Ann Davis is one of 23 young women chosen to serve as "Big Sisters" at Lubbock Christian College, Lubbock, Texas, for the 1965-66 school year.

The "Big Sisters," a service organization, was formed in 1962 to help orient freshmen girls to college life.

At the close of the spring semester, outstanding sophomore girls are chosen as "Big Sisters" and assigned the names of freshmen girls who are to enter LCC in the fall. They exchange pictures with their "little sisters" and correspond with them throughout the summer, telling them what to expect at college.

The "Big Sisters" are on campus a few days before the beginning of the fall semester to welcome the new girls, introduce them to their other class-

mates, acquaint them with the college campus and routines, and offer information and assistance in planning schedules and registering. Each "Big Sister" is also available to help her "little sister" with any problems she might have. She remembers having faced the same problems of adaptation the year before and is able to offer her year's

experience in a manner that no paid counselor would be able to.

DONKEY AT WHEEL

LONDON (UPI)—An oil company has been touting the power of its gasoline with the slogan "a tiger in your tank." Minister of Transport Tom Fraser said Friday, "a tiger in the tank is no use if there is a donkey at the wheel."

Aborigines of southern Mexico used blowpipes as weapons while the Indians of northern Mexico used bow and arrows.

A female tarantula lays from 200 to 400 eggs at a time.

RULING RETURNED

LONDON (UPI)—An official inquiry decided that the recent death of former Irish Guardsman William Brien, 65, was due to a parade ground fall in November, 1918.

Pampa Optimist Clubs' Youth Programs Need Help

By RAY RODGERS JR.
In a joint effort, the Morning and Evening Optimist Clubs of Pampa have embarked on a new program to help raise funds for their youth programs.
Brochures went into the mail today asking persons to join the Pampa Optimist Booster Club. Through the club, a person may become a sustaining member and booster of the Pampa Optimist youth programs for a \$5 donation per year.
The organization of the Boost-

er Club is being handled by Pampa insurance man, Newt Secrest.
Secrest said the booster club is being started partly to do away with so many individual fund raising drives and projects necessary to support the club's youth programs.
He said the money raised will be used for boys work only and will stay in Pampa, being used to promote the youth activities and using the properties and equipment "for

our own youth so that we might lead and guide a boy today to become a man tomorrow."
Each summer, more than 250 men in Pampa are involved in the various youth programs of the Optimist Club.
In addition to the manpower, 1,000 youths of Pampa are involved in the baseball programs.
The summer baseball program has been called the most useful program for Pampa youth in the city, by civic lead-

ers.
Bill Leonard, juvenile officer, said he personally felt the Optimist youth programs give Pampa boys a sense of responsibility as well as help in the overall betterment of youth.
Realizing the need for a boy's club and summer baseball program in 1956, a group of men known as Optimists purchased 10.25 acres of land located at Craven and Barnes Streets in Pampa. Some \$8,250 was paid for this property.
In August of 1957, the present boys' club building foundation was laid, and in February of 1958 the boys' club was opened for the use of the youth of Pampa.
Since then, two Little League ball parks and one full-size Babe Ruth park, all three lighted, have been added.
Up to the present time, more than \$125,000 has been spent, although most equipment was obtained at cost or through donations, and labor on the physi-

cal plant, with a few exceptions, was donated.
The program grew at such a rapid pace that the two clubs now serve 1,000 young people, primarily boys, in the city through baseball, basketball, football, oratorical contest, bike safety week, youth appreciation week, and the girls' softball program operated by the Opt-Mrs. Club.
Today, the facilities owned by the Optimist Clubs are valued at more than \$225,000.

Secrest said that in order to maintain such a program and keep it expanding the clubs need a certain amount of financial support. He said the Booster Club was being organized for this reason.
He asked that anyone interested in joining the booster club to contact any Optimist Club member or mail a \$5 check to the Pampa Optimist Boy's Club, Box 802, Pampa.

Seven cases of beer were stolen sometime early Saturday morning, according to Pampa police reports.
M. D. Hood, 2100 N. Wells, said he had parked his beer truck in front of his house Friday afternoon and discovered it had been broken into Saturday morning.
He said seven cases of beer valued at approximately \$30 were taken.
In another incident, burglars made off with several cases of beer early Saturday during a break-in at the Satellite Club, 1012 Octavius.
Linne M. Jackson, owner, told police the building was entered through a broken rear window. The beer was valued at \$21.15.

Soviets (Continued From Page 1)

But it said the U.S. trade embargo should not be relaxed lest this enhance Peking's stature in the Communist world and result in a more aggressive policy by the Soviet Union.
The report was based on a series of hearings on the Sino-Soviet conflict and its implications.
The group found that although the unity of the international Communist movement had been damaged by the dispute, the threat to the United States and the West has not been diminished.
"Insofar as the United States is concerned, the cold war will continue," the report said. "A formal break (with Russia) would not reduce China's capacity to instigate and support local wars of liberation in underdeveloped areas of Asia and Africa."
However, the report added, without adequate assurances of supplies and material, China "will be cautious about taking risk that might lead to major world war."
The report said the United States might be able to take better advantage of the quarrel between the two Communist giants by moving in with dip-

Items Stolen From Wrecked Taxi Cab

A speaker, microphone and dash two-way radio unit was reported stolen from a wrecked taxi cab sometime Friday night or Saturday morning.
John Price, owner of Yellow Cab Co., said the taxi was parked in the 800 block of East Foster when the theft occurred.
No estimate of the amount of loss was made.
Vandals also inflicted an estimated \$115 damage to the Combs Worley Building.
R. H. Nienstiel told police someone kicked in a screen door and shattered two plate glass windows—sometime late Friday or Saturday morning.
Automatic recognition of Outer Mongolia.
It also recommended, "economic, political and cultural relations with those European Communist states who are achieving a degree of independence from Moscow and are showing moderation in their external affairs should be intensified."

Reminder Issued On Draft Register

Pampa draft board clerk Kathleen Zmolony issued a reminder today that all young men must register with the board within five days after their 18th birthday.
She said that many times the registration is forgotten, especially during summer months, due to vacations and summer activities.
She said it takes only a few minutes to register and the registrant does not have to take a physical at that time unless he is out of school.
Mrs. Zmolony also reminded graduating seniors that if they intend to go to college they should advise the local draft board.
The Pampa Selective Service office is located in the basement of the Pampa Post Office.

WRONG WAY
SAN JOSE, Calif. (UPI) — Five-year-old Darrell Hernandez got separated from his grandmother while they were shopping Friday, and being a resourceful young fellow, he decided to walk the few blocks to his home.
Four hours later, he was brought to the Sunnyvale police station by a teen-age girl who found him walking determinedly along a street—10 miles in the opposite direction from his home.

Tribute Paid Late M.K. Brown

Some 50 to 60 persons were on hand early yesterday morning in the Coronado Inn for the Armed Forces Day breakfast held in observance of Armed Forces Day over the country.
A special tribute to the late M. K. Brown of Pampa was given by Travis Lively Sr. Lively stated that the breakfast was the first one ever missed by Mr. Brown who had shown special interest in the armed forces.
Lively recounted the many philanthropies of Mr. Brown as related to armed forces and paid a special tribute to the beloved Pampa founder for his interest shown in organizations.
The affair was sponsored by the military-affairs committee of the Pampa Chamber of Commerce.
Following the breakfast, a flag raising ceremony was held at the Coronado Inn flagpole in front of the hotel.

Key Club Schedules Joint Banquet for Service Clubs

Several hundred Pampa community service club members and their wives are expected to attend the first annual All Civic Club Coordination banquet to be held at 7 p.m., May 27, in Harvester Field House.
The event, sponsored by the Pampa High School Key Club, will be staged in an effort to bring Pampa's service clubs into unified action on community wide projects, according to George Snell, Key Club president.
Snell said an outstanding program has been arranged for the first joint banquet of the clubs. Mrs. Richard Raymond will be the principal speaker. She will talk on behalf of the High Plains Eye Bank, a project sponsored locally by the Lions Clubs.
Entertainment will be furnished by the nationally-known Decca recording artist and television personality, Fred Lowery, known as "king of the whistlers."
The Jaycees, Rotary, Lions, Kiwanis and Optimists Clubs in Pampa have cancelled their regular meetings for the week

FRED LOWERY... king of whistlers

starting May 23 and will meet instead with the Key Club on May 27.
The five men's clubs, Snell said, are engaged in promoting certain civic efforts on their own and it is the aim of the Key Club to have them work together on community wide projects.
The Key Club president said it is hoped eventually to organize a Council of Men's Clubs which would function similarly to the Council of Women's Clubs.
"We feel that the united efforts of Pampa's luncheon club members will mean much to the community," Snell added. "They have all been contacted and have expressed enthusiasm over the plan."

Thieves Steal Cases of Beer

Seven cases of beer were stolen sometime early Saturday morning, according to Pampa police reports.
M. D. Hood, 2100 N. Wells, said he had parked his beer truck in front of his house Friday afternoon and discovered it had been broken into Saturday morning.
He said seven cases of beer valued at approximately \$30 were taken.
In another incident, burglars made off with several cases of beer early Saturday during a break-in at the Satellite Club, 1012 Octavius.
Linne M. Jackson, owner, told police the building was entered through a broken rear window. The beer was valued at \$21.15.

Two Pampans Hurt In Separate Wreck

Two separate accidents slightly injured two Pampa residents Saturday morning.
Carlos L. Nunez, 27, of 912 N. Somerville, received a slight bruise when the auto he was driving struck a utility pole in the 1200 block of Alcock at 12:50 a.m.
Nunez did not require hospital treatment.
William T. Arnold, 76, of Moebette received slight injuries when he was involved in collision with a car driven by Kent Mitchell, 23, of 622 N. Sumner. Arnold, the driver of the other car, didn't require hospital treatment.
The accident occurred about 11:12 a.m.

Gray Rural Wrecks Total 15 in April

There were 15 rural accidents in Gray County during the month of April, according to Sgt. J. W. Wilson, highway patrol supervisor of this area.
These crashes resulted in one death, 11 persons injured, and an estimated property damage of \$11,162.
The rural traffic accident summary for this county for the first four months of 1965 shows a total of 57 accidents resulting in two persons killed, 41 persons injured, and an estimated property damage of \$50,335.
School will soon be out. This will be the signal for summer vacations to begin, especially for the youngsters who will be popping out in all directions. They will be darting from behind parked cars, trees, or shrubs. Watch for children coasting down sloping driveways and streets. Many will be looking for a place to swim or fish, and others will be roaming around aimlessly.
This means that motorists must be constantly on the alert at all times during the summer months for children darting out from unexpected places. Remember, children are unpredictable. Wilson stated, "Let every child be a living warning sign."

Plant Equipment To Be Designated

A resolution designating types of equipment to be used in Pampa's new sewage treatment plant is expected to be approved Tuesday by the City Commission at its regular weekly meeting in City Hall.
Commissioners also will discuss employment of Forrest & Cotton, Dallas consulting engineers, as field supervisors on construction of the sewage plant project.
Bids will be opened for supplying meals to city jail prisoners.

Fighting (Continued From Page 1)

afternoon, after the main fighting was over, the occasional report of a heavy gun could be heard, and more frequently, the sound of rifle and machinegun fire.
Organization of American States peace negotiators were trying unsuccessfully to get junta and rebel leaders together to restore peace.
U. S. officials said Saturday the ceasefire was violated 41 times Friday and Friday night, the highest number since the latest truce began May 5. Saturday's early-morning incident was not included in the count.
The wounding of the paratrooper brought the American casualty toll here to more than 90 wounded, in addition to the 20 dead.
The paratroopers fired at least 12 shots from 4 inch recoilless rifles, the largest weapons U. S. forces here have. Rebel casualties were not known. The rebels were reported using 3 inch guns.
"The rebels seem to be using hit and run tactics," a U. S. military spokesman said. "Our men are out there like sitting ducks."
Johnson (Continued From Page 1) mend cuts or repair included toilet articles, radios, television sets, phonograph records, musical instruments and camera film.
Johnson said the proposed reductions were more than double the amount he recommended in his January budget message and were possible because federal revenues were running higher than estimated for the current fiscal year and the fiscal year beginning this July 1.
He said the government could absorb the larger cuts and that the spread-out tax action would spur continued economic growth with lower prices, higher profits and the creation of new jobs.
Johnson said he was recommending that the manufacturers excise tax on automobiles be lowered from 10 per cent to 7 per cent this year and to 5 per cent in 1967.

Rogers (Continued From Page 1)

to offset Government efforts to keep grain stocks in check, and would destroy the faith our farmers have in the wisdom of current farm policy objectives," Congressman Rogers said.
The Congressman declared that if the Department should follow through with its skip-row proposal and place the rule in effect, "Congress must act to correct the situation."
The change proposed by the Department of Agriculture, to be effective with the 1966 crop, would restrict the present ability of farmers to alternate strips of cotton rows with strips of idle land or land planted to another crop. Under the proposed new rules, a part of the non-cotton land would be considered cotton acreage for allotment purposes.
Meanwhile, Congressman Rogers prepared for Tuesday's debate in the House of Representatives on the provisions of the Federal Water Project Recreation Act, a bill originally shaped in the Subcommittee on Irrigation and Reclamation, of which the Congressman is chairman.
Congressman Rogers will be floor leader during debate on the bill, which establishes policies regarding future Federal participation in recreation facilities development.
On Thursday and Friday, Congressman Rogers will preside as the subcommittee begins hearings on President Johnson's proposal to step up the pace of water desalinization research and development.

STOPPED FOR BEER

DALLAS (UPI)—The first thing that came to Ralph Gene Youngblood's mind Friday when he escaped from the federal correctional institution at nearby Seagoville, was obvious.
FBI agents found him at a local tavern, having a beer.

YOUR PHARMACIST SPEAKS

By Joe Tooley and Tom Beard
Louis Pasteur, a French schoolmaster, must be considered one of the greatest figures in the history of medicine. Although not a medical man, Pasteur's effect on medicine reached out in all directions, opening great new vistas of research and leading to the establishments of the highly important of bacteriology.
Although a few probing minds had long contended that many illnesses were due to infections, it remained for Pasteur to supply definite evidence that the germ-theory of disease was accurate.
For combating disease, prescriptions are becoming increasingly important. For your prescription needs and supplies, rely on RICHARD DRUG, 111 North Cuyler Street, Phone: MO 5-5747. Red Cross News

By LIBBY SHOTWELL, Executive Secretary
 Mrs. Fred Martin has completed a standard first aid class with the following receiving certificates: Debbie McKendree, Cathy Diest, Lynn Young, and Mrs. A. E. McLennan. Mrs. Martin also completed a junior first aid class with the following completing the class: Pam Balay, Mary Flowers, Joyce Earnest, Toni McLellan, Cheryl Lynch, Dana Kay Martin, Karen Lee McKendree, Mona Tyrell, Lisbeth Silcott, Judy Cox, Kathy Jones and Deborah Sheehan.

If you had been at the Annual meeting of the Red Cross Tuesday evening, you would have seen a demonstration by Cub Scout Troop One as they told of their first aid knowledge. Mrs. Martin did a wonderful job with these boys and we feel sure that they will long remember the skills taught them in this class.

Mrs. Don George announced that the Gray County Chapter of the Red Cross had purchased sweat shirts for the instructors who will be teaching water safety this year. Awards were given to KPDM, Pampa Daily News, for their news media for the Red Cross throughout the years. O. K. Gaylor also was recognized for saving magazines that could not be delivered to the persons and more than 5,000 have been given to our hospitals through this source.

Bill Robertson, administrator of the Highland General Hospital accepted an award for the work they have done for Red Cross throughout the years with our Service Groups. Other Awards went to members on the board who will be retiring from their jobs this coming year. These went to Robert E. Imel who has served as treasurer for three years, Mrs. Mark Heath, who has served as secretary and director for three years, Jack Parker, who served as public information and vice chairman for three years, Bill Atkinson who served as director and fund chairman for three years, and a special award was given to A. J. Dickens who had saved the life of a man during the year. Dickens was unable to attend the meeting since he was out of town, however, he will be given the award for his service to humanity.

The High School workshop at the Amarillo Air Force Base was a grand success. Fifty adults, youth and sponsors were in attendance. Mrs. Sam B. Cook, Howard Graham, and Libby Shotwell served as sponsors from Pampa and Tim Gikas, Keene, Scott, Scott George, Ted Vance, Cindy Hearn, Jean Neslage, and Betty Supena were the delegates from Pampa.

At the close of the meeting officers for the coming year were elected. They were President Lynn Sumpter, Borger; Kenneth Cowen, vice president; secretary, Susan de Sierra from Amarillo; historian, Jackie Cunningham, Hereford; J. W. Fincher from Wichita Falls gave the closing address where he challenged the youth to go home and work for a better school and a better community.

Mrs. Chris Patten, water safety instructor for Gray County reports a Poly Wog Learn to Swim Class with the following students completing the course: Kelle Claunch, Chris Claunch, Randy Lamberson, Douglas Burns, Brian Lunsford, Julie Webb. Also a swimmers class was completed with the following receiving certificates: Jacqueline Dennis, Glenda Howay.

Reid Dennis and Butch Wilkerson. These persons can swim 100 yards with the breast stroke, side, stroke, crawl, or back stroke. They can tread water for five minutes and surface dive. These boys and girls are ready to go into Junior Life Savings when they are 12 years old.

Registration at the Youth Center will be Monday at 1 p.m. until 4 p.m. at the Youth Center Pool. The classes will begin their learn to swim program June 14 at the Youth Center and the City Pool. The only difference in the classes will be that at the Youth Center there will be Poly-Wog classes at 9 a.m. each session and at the City Pool children must be six years old or will be six when school starts in the fall. A charge of \$1.00 for each person will be made for the use of the pools. Red Cross instructors teach without charge. Adults may register at the City Hall between 4 and 5 p.m. for classes taught at both pools between the hours of 6 and 7 p.m.

Mrs. Katie Vincent showed us a letter she had received from the National Red Cross in 1949 when we were the Southwestern Division complimenting her on her continued work with the Red Cross. Katie has continued throughout the years and we know we can count on her support for our organization. May we quote, "May I express in the name of the American Red Cross, its hearty appreciation of the faithful and efficient service you have rendered in its behalf. You have contributed your large share to the success of its lofty enterprises and have helped to make it foremost

SECOND ENTRY — Carolyn Gallman, 19-year-old daughter of Mrs. Ruth Gallman, 805 Lefors Street is the second entry in the Jaycee Miss Pampa Pageant. Miss Gallman is a graduate of Pampa High School and her hobbies are tennis, basketball and horseback riding. Deadline for entering the pageant is May 26.

among the humanitarian institutions of the world and prominent among the means of winning the war. Wishing you a happy and prosperous New Year, I am, J. W. Briggs, Asst. Manager of Southwestern Division." This letter was shared by Katie with us. May you always remain helpful and we continue to appreciate your influence to our organization throughout the years.

Pampa High School Red Cross are finishing up their year. The chest is painted with a lovely picture of the Pampa High School on the lid. Whoever gets our chest will find a copy of the years Annual in it as well as many useful items.

Barrett Baptist Roll Call Observed

Barrett Baptist Church observed "Roll Call Sunday" today. Each church member's name was called at the morning services with those present so answering. A goal of 100 per cent present was set.

Rev. John R. Ferguson, pastor, spoke on "God's Plan for Our Lives." Evening activities include Training Union at 6:30 p.m. and worship services at 7:30 p.m. Rev. Ferguson's evening message will be entitled "Cooperation: the Secret of Success."

The next Sunday has been set aside as "Victory Day" for the May Stewardship Campaign, and the last Sunday of the month, May 30, will be Teacher Appreciation Day.

Many horsecar lines in the 1880's had funeral cars with a hearse compartment.

The Pampa Daily News

A Watchful Newspaper
EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

SUNDAY MORNING GRIST

From the Editorial Mill

SHEL HERSHORN, Dallas free lance photographer in town last Thursday for the Celanese-Champin tour and party, is quite a fellow. He is what you probably would call a "photographer's photographer." Hershorn would rather get a good picture than eat. Although he has been shooting commercial pictures for Celanese in the Southwest for seven years, he is always striving for the artistic. Hershorn reached one of the heights of a picture-taker's delight when he was riding along and suddenly called for the driver to halt the car so he could get out and shoot a picture of the Celanese plant tanks and stacks with black storm clouds for the background. . . . Of all Celanese assignments he gets, he enjoys coming to Pampa most. The people here seem to be just a bit nicer, he says. . . . Incidentally some of those souvenir umbrellas the Champin promotion department handed out during Thursday's downpour didn't fare too well in the Panhandle wind. . . . In most instances when they were opened it was "swoosh" — and off into the wild blue yonder.

SCHOOL BOARD member Joe Reid really ran with the ball at Thursday's board meeting. He grabbed it when it was tossed in the air by Mr. and Mrs. Oscar Westbrook and John Lee Bell who were at the meeting with a plea for better track facilities at Pampa High. . . . Everybody had to agree with Reid that Pampa is lagging behind in its facilities for youngsters unable to play football or basketball but who show a deep interest in track. . . . With Randy Matson's name being flashed around the world every week or so and Mark Westbrook's recent top showing in the mile run, there is going to be more and more local interest evinced in track events. . . . There is no question that Pampa is sadly lacking in track facilities. . . . Somebody has said it would cost in the neighborhood of \$50,000 to get the high school's track plant modernized and brought up to date. . . . We were surprised to learn that Pampa is one of the very few schools in Texas that does not have a cinder track

Pull Up A Chair

By Frank J. Markey

Although the big band era is only a memory, public interest in music-making continues to grow. A New York firm produces phonograph records with missing parts to be filled in by instrumentalists and singers. Its albums include records, sheet music and instructions in such exercises as playing clarinet with a jazz group or singing Cole Porter songs with a big band. Another firm makes a special phonograph that permits an embryonic Benny Goodman to accompany the real jazz Great with instruments through the same speaker.

Today's smile: A teacher was lecturing her class: "Some persons thirst for fame, and others thirst for wealth." Little Johnny piped up: "I know what I thirst after, teacher." The teacher asked: "What's that?" Little Johnny replied: "Salted peanuts."

This year, marking the 175th anniversary of the granting of the first U.S. patent, recalls a story about Benjamin Franklin — scientist, inventor, educator, diplomat, humorist and newspaperman. A friend once asked Ben what good was one of his new inventions. The wise old genius exclaimed: "What good is a newborn baby?" . . . Do you know what happens when a 1000 lb. steer is sold for beef? After slaughtering, it's dressed to a 590 lb. carcass, and then, with boning and trimming, the yield is about 465 lbs. of eating meat. You might be surprised to learn that not all of the eating meat is steak or quality cuts, but includes about 100 lbs. of hamburger.

Thoughts while shaving: Back in 1904 there were only two automobiles registered in Kansas City, and in the course of that year they met in a head-on collision. . . . The most used letter in the alphabet is "e", but the words in the English language is "s", which begins more than 37,000 words, according to the Merriam-Webster dictionary. If you're not getting the proper gasoline mileage from your car, it might be your fault. Automotive engineers tell us the way you drive and the mechanical condition of your car have a whole lot to do with gasoline consumption. They say if just one sparkplug is firing only half the time mileage can fall off as much as 7.5 per cent. . . . When you consider the messages sent back to earth from the tremendous distances in outer space, you'd probably think our space craft contained gigantic power plants. Actually, the communications and telemetry devices on space craft are powered by thumb-sized fuel cells, smaller and thinner than a quarter. . . . The world's largest tanker, Manhattan, carries enough gasoline to fill the tanks of 2 million automobiles. It's 940 feet long, with a beam of 134 feet and a tank capacity of 38 million gallons. . . . Although two-thirds of the world's telephones are privately operated, many countries have government-operated systems. Only 17 per cent of European phones are privately operated, but 98 per cent are privately operated in North America. . . . The San Jose (Calif.) MERCURY headlined a story: "Cook Puts Johnson In Hot Water." We'll bet he boiled.

Country Editor speaking: "Bachelors are fellows who have decided to go on living as cheaply as one."

carefully selected books. The 20 books in the America's Future Library Gift Selection are chosen for the Selection's power to give young minds an accurate picture of socialism, communism, our foreign policies, and the truth about free enterprise and sound government.

Anyone interested in this project can get full details, including titles and descriptions of the books, in a folder free for the asking from America's Future, Inc., 542 Main Street, New Rochelle, N.Y.

"What's Mine Is Mine; What's Yours Is Negotiable!"

ROBERT ALLEN

Backstage Washington

State Dept May Get Own Way At \$1 Million Cost To Taxpayers — By Failing To Act on Foreign Claims Law

PAUL SCOTT

WASHINGTON — It looks as if it's going to cost U.S. taxpayers \$1 million because the State Department is deliberately thwarting a congressional order it doesn't like.

This obstructionism is evoking no complaints from bombastic Fidel Castro.

The extraordinary backstage affair is an instance of the quite common flouting of the will of Congress by bureaucrats whose views and policies have been emphatically rejected. Following are the details:

Last year Congress overwhelmingly approved a bill, sponsored by Representative Dante Fascell, D-Fla., directing the Foreign Claims Settlement Commission to process the claims of all U.S. nationals and ruled Cuba.

More than \$1 billion in U.S. property and assets has been seized by that Red regime.

Estimated cost of the claims processing is \$1 million.

To pay for this, Congress stipulated in the Fascell measure that funds from frozen Cuban assets be used.

These blocked Cuban assets total \$148.8 million.

But State Department bureaucrats, who strenuously opposed enactment of the Fascell bill, have completely obstructed its enforcement — with the help of President Johnson.

This law scuttling has been pulled off simply by sitting tight and doing nothing.

At the instigation of the State Department, the President has taken no action to convert enough of the frozen assets to provide the necessary money for processing the thousands of claims. No move has been made to designate either an official or an agency to do this job.

As a consequence, the three-member Claims Commission, headed by Edward Re, one has been unable to do anything. Its hands are tied.

It is not surprising that the communist conspiracy and crime in the streets of American cities are flourishing at the same time. Although communists often, and criminals never, are sincere, they have many things in common. They both frequently get a great thrill out of success.

The Communist and the street criminal alike hold in contempt the basic principles of good citizenship as expressed in a society based on law, order and justice. Both believe in naked power wielded ruthlessly. Both hope to succeed in their evil designs by instilling fear in other people.

Great power in the hands of evil men produces great evil. That is true whether those men are criminals working for their own enrichment or communist zealots working to end freedom and set up a super state.

But the power to do evil is not confined to men who are themselves evil. Unlimited power in the hands of good men can be just as bad. It may be even worse, since the motives of good men may not soon be subject to suspicion and criticism.

The trouble is that even good men, when they come into the possession of unlimited power, tend to think of themselves as infallible. They think they know what is best for the people.

That is why we need to be afraid of the power of government. Men of good intentions, given too much power, have caused Americans to surrender much of the freedom guaranteed by the Constitution of the United States. Now we must plan and work to get it back.

H. L. Hunt Writes

H. L. HUNT

CRIMINALS AND COMMUNISTS

It is not surprising that the communist conspiracy and crime in the streets of American cities are flourishing at the same time. Although communists often, and criminals never, are sincere, they have many things in common. They both frequently get a great thrill out of success.

The Communist and the street criminal alike hold in contempt the basic principles of good citizenship as expressed in a society based on law, order and justice. Both believe in naked power wielded ruthlessly. Both hope to succeed in their evil designs by instilling fear in other people.

Great power in the hands of evil men produces great evil. That is true whether those men are criminals working for their own enrichment or communist zealots working to end freedom and set up a super state.

But the power to do evil is not confined to men who are themselves evil. Unlimited power in the hands of good men can be just as bad. It may be even worse, since the motives of good men may not soon be subject to suspicion and criticism.

The trouble is that even good men, when they come into the possession of unlimited power, tend to think of themselves as infallible. They think they know what is best for the people.

That is why we need to be afraid of the power of government. Men of good intentions, given too much power, have caused Americans to surrender much of the freedom guaranteed by the Constitution of the United States. Now we must plan and work to get it back.

Why Does A Boiled Bean Stir Up So Great A Fuss?

By SAM CAMPBELL Business Editor

Take a look at your coffee. Delightful savor to some palates, licorice shellac to others. All in all, innocent stuff. Oh, it probably pock-marks a gizzard now and then, lures a secretary to overstay the statutory break; still it's harmless, relatively, as liquids go.

So why do the chancelleries of the world gang up on coffee? It hasn't done anything really bad. Yet just such a pile-up is under way. A world coffee organization has been established. Now pending in Congress is a bill to cause the United States to join the agreement.

Nothing to Stop It

If the deal goes through — and there is nothing to stop it — a permanent bureaucracy will be established. Same will hire policeman to walk the wharves to total up the coffee-bean shipments and where they originated. Some devious figures will be cast into prison as coffee bootleggers.

What has coffee done to require all this attention?

Dope passes from clime to clime with virtual freedom. Politicians and international policemen alike look the other way. Narco yes, coffee no. Why?

The coffee statement of the world contend the brown bean is an important item of commerce. Some representatives to the International Coffee Board will represent producer nations, other representatives to the International will represent consumer nations. Why?

Why A Board

Do you as a coffee drinker need anyone to represent you AS A SIP? Does that peon picker in Brazil require a diplomatic counterpart in white tails and top hat? If coffee today is an important item of commerce,

who made it so — the consumer and the peon on one hand or the coffee diplomats on the other?

Why do you need a coffee board? What was the motive for setting it up? Do you suppose the diplomats envision you sitting there at the table with that steaming cup and say to themselves, "That fellow needs help, let's form an International Coffee Board?"

Do you think these global statesmen had some missionary regard for the peon and that for this reason they left their vocations to take up a self-sacrificing career on behalf of the coffee producer?

Well, you've got to admit that's a possibility — a little remote maybe — but possible.

The other possible explanation is that these international gentlemen see the coffee board as a way to control the market. motive, but control for what? If this be true, control is their reason? To line your pocket with silver? Or the peon's? If not yours, if not the peon's, whose?

What is the purpose of a rigged market?

Who pays for it?

Who benefits?

Why are the politicians and the diplomats so eager to gang up on a boiled bean?

The American Way

Are You Selfish Enough?

By HARRY BROWNE

Are you selfish enough? Most people are not; and so they do things that are injurious to themselves and to others.

If selfishness is being concerned about one's own welfare, then — obviously — all people are selfish. Even the man who calls himself an "altruist" is only helping others in order to satisfy his own selfish desire — to gain entrance to the Kingdom of Heaven or to enjoy the feeling of well-being that he gets from what he thinks is "doing good."

But the question is: "Are you selfish enough?"

The man who steals is only a little selfish. His concern for his own welfare is so shallow that he's willing to put his entire life in jeopardy for a few moment's satisfaction.

The man who tries to take advantage of other people to "use" them, isn't selfish enough either. His concern for himself is so small that he fails to take into consideration the long-term consequences of his acts.

The truth of the matter is just this: the man who is the most selfish will achieve the greatest amount of good for the greatest number of people.

How can that be the case?

It's simple: In a highly-advanced civilization, we are all dependent upon other people for many things — the production of food, clothing, luxuries, etc. Without exchanging with others, no one can have anything.

All individuals choose in terms of their own self-interests, some more efficiently than others. The efficiently-selfish man has taken the time to examine this process. He has come to realize that unless he genuinely helps others to pursue their self-interests, he won't get what he wants from them.

A businessman offers the best bargain he can — in order to make sales and profits for himself. An individual seeks to improve himself — so that those individuals he admires will choose to be his friends. A man lives the most decent life possible — so that his wife will love him.

The short-sighted individual attempts to cheat people, to take advantage of others, to get as much as he can from others without giving anything in return. But this course of action brings only a small profit, and for a short period of time. Meanwhile the individual with perspective looks into the future and establishes relationships — business and others — that are built securely. He develops his own personality to be meaningful to others, so that they will willingly exchange with him.

Now, which of the two is the most selfish? The man who cares so little for himself that he lives carelessly for the moment? Or the man who loves himself so much that he gives the best he has so that he can have as much as possible for himself over the long term?

The truly selfish individual thinks enough of himself to consider always the long-term consequences of his acts. This man is not found among the ranks of the cheaters, the stealers, and the "gimmick" artists.

Now, appraise yourself. Are you selfish enough?

Question Box

QUESTION: "Is the old statement 'A dollar saved is a dollar earned' still true?"

ANSWER: It may be true for those people who do not pay any income tax it is not true because a dollar saved is more than a dollar earned.

Those people in the 20 per cent tax bracket have to earn \$125 in order to have \$1 left. Those who are in the 33.3 per cent bracket have to earn \$150 in order to have \$1 left. This is so because if you earn \$150 and the government takes one third of it they are taking 50 cents if you are in the 33.3 per cent bracket. So subtracting the 50 cents from the \$150 you have \$1 left.

Those in the 50 per cent tax bracket would have to earn \$2 in order to have \$1 left because the government takes one half. The statement is true upon a graduated basis no matter what your income tax is. So being thrifty and watching where one can buy the most for the dollar is more important than ever to those who pay income tax.

The Nation's Press

BY THE BOARDS (Industrial News Review)

The major unions are going all out to bring about repeal of section 14 (b) of the Taft-Hartley law which permits the states, if they so choose, to adopt right-to-work laws. That brings up the \$64 question: What does the public at large think of right-to-work?

The Dallas Morning News reports on a poll made in Texas. Those polled were asked: "Do you think people who work in a plant where there is a union should or should not be required to join the union to hold their jobs in the plant?" Sixty-five per cent said No, as against 25 per cent saying Yes. The remaining 10 per cent had no opinion.

The News also recalls that a poll made some little time ago by the Opinion Research Corp., one of the leading national organizations of its kind, revealed that public sentiment in favor of right-to-work was at a all-time high. In a previous poll taken in 1956, 46 per cent favored voluntary unionism as opposed to compulsory unionism; the recent figure was 67 per cent.

A very substantial majority of Americans, it seems clear, believe the right to join or not join a union, at one's desire, is an absolute basic right. No man is free when, on pain of losing his livelihood, he can be coerced into joining any organization.

THE GUEST PEN:

Worthy Library Project

By ROSALIE M. GORDON Editor, America's Future

With students demonstrating against American help to the South Vietnamese in their struggle against communist aggression, and the call for the formation of a new Communist Party by young leftists all of whom are under 40 years of age, many people ask what kind of education in American principles, ideals and aims these young Americans, some of them carried away by a misdirected idealism, are getting in our schools and colleges. Perhaps the fact that they can go so far wrong in their idealism is not entirely their fault, but is due to the teaching, textbooks and supplemental reading which are part of their education.

Has it ever occurred to you to take a look at how balanced are the books on the shelves of public, high-school and college libraries to which students are sent for information and background on major issues they must face? Here is an instance.

Several years ago a lady professor wrote a book in which she slung mud indiscriminately at every group and individual who dared to suggest that our educational systems could stand improvement. One of the victims of her mudslinging was a member of America's Future's distinguished committee of textbook reviewers. He sued her

HOW TO ADDRESS OUR LAW MAKERS

You may wish to write your senator and representatives in Washington and Austin. Here are their addresses:

(FEDERAL)

Rep. Walter Rogers, House Office Bldg., Washington 25, D. C.
 Sen. Ralph Yarborough, Senate Bldg., Washington 25, D. C.
 Sen. John Tower, Senate Office Bldg., Washington 25, D. C.

(STATE)

Rep. Grainger McIlhenny, House Office Bldg., Austin, Texas
 Sen. Grady Hazelwood, Senate Office Bldg., Austin, Texas

Wit and Whimsy

Judge (sternly) — Were you speeding?

Motorist (bravely) — I sure was, Your Honor. My speedometer showed I was hitting sixty-five.

Judge (weakly) — Twenty-five dollars for shocking the court with the naked truth.

Center Wrap-Up

George Smith, Director
 Pampa Youth and Community Center

Parents this is the last announcement for the summer Red Cross Swim program which starts June 14. This enrollment is for everyone, Center and non-Center members alike. Classes are on a first come first serve basis with a limit of 20 in each class. All classes are \$1 for the course. You may enroll in as many classes as you think your children can progress through during the summer. The different scales of Red Cross swimming are beginner, advanced beginner, intermediate, swimmer, Jr. Life Saving and Sr. Life Saving. Enrollment for all of these courses plus the polywog (pre-beginner) will be Monday, May 17 at 1 p.m. No phone calls will be accepted and no refunds will be given after enrollment.

Courses offered and the times are as follows:
 June 14-25, 9-10 a.m. — Polywog, Adv. Beg., Inter; 10-11 a.m. — Beginner, Adv. Beg., Swimmer; 11-12 a.m. — Polywog.; 6-7 p.m. — Adult Beginner.

June 28-July 9, 9-10 a.m. — polywog, Adv. Beg., Swimmer; 10-11 a.m. — Beginner, Adv. Beg., Inter; 11-12 a.m. — Beginner.

July 12-23, 9-10 a.m. — Polywog, Inter., Adv. Beg.; 10-11 a.m. — Beginner, Adv. Beg., Swimmer; 11-12 a.m. — Polywog.

August 9-20, 9-11 a.m. — Jr. & Sr. Life Saving.
 Another course which is not swimming will be twirling lessons and enrollment will be at the same time. Twirling will be June 7 through July 2 meeting on Monday, Wednesday and Friday from 1:30 to 2:30 p.m. A membership in the Center will be required of all participants. Barbara Zimmerman, who taught this course last year and is a high school band twirler, will conduct the course. There is no age limit on this course but each person will need a balanced baton.

A new course will be offered this summer in conjunction with the Pampa Summer Recreation program. This will be a basketball program in the mornings starting at 9 a.m. in the Center gym. Center members may participate in this program free of charge while non-members can purchase a special gym permit for the summer for \$3. This gym permit will not be good for anything but the gym from 9 - 12 daily.

CONGRATULATIONS:
 To Mr. and Mrs. Doss Dupuis, 1301 1/2 Garland, on the birth of a girl at 7:22 a.m., weighing 7 lbs 5 ozs.
 To Mr. and Mrs. Charles Davis, 2125 Duncan, on the birth of a girl at 10:39 a.m., weighing 7 lbs 13 ozs.

an electric range...

Best Choice for the Modern Kitchen!

AUTOMATIC
 Accurate electric timing turns the oven off and on automatically and maintains the precise cooking temperatures you need. You cook without worry.

CLEAN
 With an electric range you and your kitchen stay fresh and neat! All the heat goes into the pan—none is wasted—pans stay bright and clean.

FAST
 Surface units heat fast in seconds and Reddy maintains the temperature you want accurately as only modern electricity can.

ECONOMICAL
 An electric range costs only 2 cents per meal to operate! Accurately controlled heat reduces shrinkage of foods and because less water is needed, you retain more food values.

Modernize your kitchen with a beautiful new electric range, and perk up your kitchen and you! Models are available to please the most fashion conscious woman; conventional cabinet models, built-ins, counter top models... and you'll find each style gives the same wonderful cooking results.

White Crushes Green, 44-12

By JEFF COVANE
News Sports Editor

"Dunn's Destroyers" lived up to their name last night, as the White completely destroyed the Green, 44-12, before a large crowd in Harvester Stadium.

The climax of Pampa High spring training saw the running of Joey Roden, Gary McCarrell and Bull Heiskell, and a tremendous defense headed by Billy Stokes with seven unassisted tackles, Big Billy Quarles with six and Terry 'Toxol' with six more, keep the Greens from ever mounting a sustained attack.

The Whites, behind Smitty Goodlett and Gary Hyatt, stuck almost completely to a crunch-

ing ground attack, throwing only two incomplete passes. Harper completed three of eight aerials for 68 yards and under-study Willie Johnson hit one of two for 14 more.

It was the smashing running of fullback Bull Heiskell that made the key difference however, as the 200-pound junior-to-be smashed through on fourth down gambles time and again to keep the attack moving. Harper was all over the field defensively as he headed 11 tackles, backed by Teddy Bird with seven and Beetle Levi with five and Dan Patterson with four.

Green scored the first time they had their hands on the ball as Heiskell did the bulk of the leather-lugging, with Goodlett keeping the last yard behind David Smith and Jerry Wright for the touchdown, Heiskell running the conversion.

The running of Meers and a 44-yard pass play from The Harp to Rowden set up the Green TD of Jimmy Williams, going the last six yards behind Woody Leonard to trail 8-6.

White rolled for two touchdowns in the second quarter, Hyatt scoring one on a 10-yard keeper as Wright and Smith opened a gaping hole through the middle. Patterson smashed in to cause a fumble on the conversion attempt. The second score was on the power running of The Bull, going the last five yards behind Quarles and Smith, with Jan Farley plunging for the conversion and a 22-6 lead.

Roden spun loose on a reverse on the first play of the second half, getting a clearing block from Goodlett and going 47 yards for a tally. Heiskell ran the conversion. Soon after, Patterson recovered a fumble on his 35, and Meers promptly broke to the left and outran everything in sight for a Green tally. Gunner Matney broke in to stop the conversion run.

Late in the quarter, McCarrell broke lose from his 50 to the Green 20. As the fourth frame opened, Farley slammed twice to the eight, Al Gomez went inside the one, and Hyatt kept for the TD. Gomez ran the two-pointer.

Time ran out on the Green as runs by Rowden and Mitchell and a nice pass reception by Rowden took the ball inside the 10 as the game ended.

Amateur Golf Switched to Medal Play

HUNTINGTON, W. Va. (UPI) — Bill Campbell, the last match-play U.S. amateur golf champion, is looking forward to defending his title in the first medal play championship.

"I can't be too confident," said Campbell of Huntington. "There are too many good players to expect to win the title. All I can hope is to play well."

Campbell, who edged 41-year-old Ed Tutwiler in last year's Ed Tutwiler in last year's match-play final, says he welcomes the change to medal play in this year's championship, decided upon by the United States Golf Association.

"Medal play mathematically has to be the best way to pick the best player," said the three-time Walker Cup and America's Cup team player.

This year's tournament will be held at the Southern Hills Course in Tulsa, Okla., Sept. 13-18. One hundred and fifty qualifiers will play two rounds after which the low 60 and ties will complete the final two rounds.

The winner, as in professional golf tournaments, will be the player with the lowest total score for all four rounds.

KC Athletics Fire Mel McGaha

KANSAS CITY (UPI) — Manager Mel McGaha of the Kansas City Athletics was fired Saturday and replaced by Hayward Sullivan, now manager of the A's farm club at Vancouver in the Pacific Coast League.

Mick Hits One

BALTIMORE (UPI) — Mickey Mantle's leadoff home run in the eighth inning Saturday night gave the New York Yankees a 3-2 victory over the Baltimore Orioles.

Mantle, batting lefthanded against loser Dick Hall, drove the ball 380 feet over the left field wall for his seventh homer of the season.

(Staff Photo by Jim Coker)

PILEUP — Everyone gets into the action on this line play in last night's Green-White game. Teddy Heiskell (39) of the White plows through the line as Greenies Don Taylor (55) and Dan Patterson (66), partially hidden by Teddy Bird (80), dive into stop him. At left, Joey

Roden (27) and Tunafish Keyser (86) put a block on Larry Eckroat (62). Identifiable in the trail of bodies dragging behind Heiskell are Big Billy Quarles (76), Jack Williamson (60), David Smith (61), Bud Abbott (60), Smitty Goodlett (10) and Gary McCarrell (46).

Chisox Stretch String, Cincinnati Mauls Mets

CHICAGO (UPI) — The Chicago White Sox knocked Los Angeles ace Dean Chance out in the first inning Saturday by scoring four runs and went on to belt the Angels 8-3 for their fifth straight victory.

It was the third time this year the first-place White Sox have run up a five-game streak.

NEW YORK (UPI) — Led by Deron Johnson and Pete Rose, who had seven hits between them, the Cincinnati Reds mauled four New York Met pitchers for 17 safeties Saturday enroute to a 12-7 victory.

Rose singled four times in six trips and scored four runs while Johnson drove in five runs with a triple and a pair of doubles.

BALTIMORE (UPI) — Tom Rolfe, driving through the stretch like an express train, survived a foul claim to win the \$180,600 Preakness Stakes by a neck Saturday. Lucky Debonair, the Kentucky Derby winner, finished seventh.

Cards Coast

PITTSBURGH (UPI) — Tracy Stallard pitched the St. Louis Cardinals to their 14th straight victory over the Pittsburgh Pirates Saturday with a 5-1 triumph.

Vernon Law, who worked eight innings before being relieved by Tom Butters, was the victim of the Cardinals 12-hit assault. None of the games' pitchers issued a base on balls.

Willie Horton's two singles and a double figured in most of the Tiger scoring Saturday as he paced Detroit to its sixth straight victory, a 6-2 decision over the Boston Red Sox.

Horton, whose torrid home run streak was checked in the game, hiked his major league-leading average another 23 points to .406 while helping Mickey Lolich to his fifth victory.

Homerfest

WASHINGTON (UPI) — Home runs by Jim King, Woody Held and Bob Chance offset a grand slam homer by Chuck Hinton Saturday to give the Washington Senators a 9-7 victory over the Cleveland Indians.

The Indians scored first on a single by Max Alvis after two walks in the first inning. But then the Senators' bats began to boom.

Stuart's slam, second in the National League this season, came on the first pitch from reliever Hank Fischer and landed on the roof in deep leftfield.

PHILADELPHIA (UPI) — Dick Stuart hit his eighth career grand slam home run in the third inning Saturday to spark the Philadelphia Phillies to a 6-4 victory over the Milwaukee Braves.

Stuart's slam, second in the National League this season, came on the first pitch from reliever Hank Fischer and landed on the roof in deep leftfield.

The Pampa Daily News

8 SUNDAY, MAY 16, 1965 58TH YEAR

Tom Rolfe Wins As Lucky Debonair 7th

BALTIMORE (UPI) — Tom Rolfe, driving through the stretch like an express train, survived a foul claim to win the \$180,600 Preakness Stakes by a neck Saturday. Lucky Debonair, the Kentucky Derby winner, finished seventh.

Dapper Dan, runner-up in the Kentucky Derby two weeks ago, again was second with Hall to All third in the field of nine 3-year-olds.

In the drive to the wire, Dapper Dan streaked down the rail and as he and Tom Rolfe neared the wire Tom Rolfe moved towards the rail. After the race, jockey Ismael Valenzuela claimed a foul against the winner but after viewing films the stewards did not allow it.

It was ruled Valenzuela did not have to stop whipping and driving his horse in the furious finish which saw Tom Rolfe, third in the Kentucky Derby, score by a neck.

It was four long lengths back to Hall to All, who beat Native Charger by another neck in the mile and three-sixteenths race worth \$128,100 to Raymond Guest, the U.S. ambassador to Ireland who owns Tom Rolfe.

Both Tom Rolfe, ridden by Canadian Ron Turcotte, and Dapper Dan, owned by Ogden Phipps of New York, came from out of the clouds.

They were the only two horses running in the closing yards of the second of the Triple Crown classics with Tom Rolfe scooting across the finish line in 1:56 1/5, one of the fastest renewals of the Maryland race.

The crowd of 38,108 made Tom Rolfe its second choice and he paid \$9.20, \$5.00 and \$3.80 across the boards. Dapper Dan, denied a Kentucky Derby victory by the same margin by which he lost the Preakness, returned \$7.20 and \$4.60, while Hall to All paid \$5.60.

PHILADELPHIA (UPI) — Dick Stuart hit his eighth career grand slam home run in the third inning Saturday to spark the Philadelphia Phillies to a 6-4 victory over the Milwaukee Braves.

Stuart's slam, second in the National League this season, came on the first pitch from reliever Hank Fischer and landed on the roof in deep leftfield.

Harvesters Nip Plainview, 3-2

By RONNIE OLER
News Sports Reporter

PLAINVIEW — Jerry Garrison and Johnny Campbell hooked up in a lefthander's pitching duel here yesterday, with Garrison's three-hitter topping Campbell's four-hitter to give the Pampa Harvesters a narrow 3-2 victory over host Plainview.

The win was Pampa's seventh one-run victory in 13 loop wins and insures them at least a share of first-place in the district with one game to go. Pampa and Monterey (which played Palo Duro yesterday at Amarillo) had each been 12-2 going into the game. Each will have one more contest left after today, Monterey meeting Plainview Tuesday and the Harvesters at Tascosa, in a game which will probably be postponed 'til Wednesday due to senior exams. Tascosa, which was eliminated from district competition Friday by Plainview, 4-1, was 10-4 going into yesterday's game with Caprock.

Campbell, the stubby sophomore, deserved a better fate as his own wildness—walking six and three wild pitches—and sloppy fielding behind him (three errors) were responsible for Pampa's runs, and kept him in hot water throughout most of the game. Garrison, although striking out only eight as compared to the 15 Bulldogs he K'd in their last meeting, was in trouble only in the late-innings but received flawless backing from his mates.

Pampa stranded runners on second and third in the first frame, but got a gift run in the second. Jerry Simpson opened the inning with a walk, moved to second on Punchy Molberg's

sacrifice bunt, to third on a passed ball, and scored as third-sacker Lonnie Whitfield bobbled Ducky Daniels' grounder.

Ricky Maynard opened the third frame with a walk and romped in as Ray Jernigan slammed a triple high and far off the left — centerfield fence. Jernigan tried to score on a wild pitch and was caught at the plate by Campbell, who dropped the ball after the tag, allowing Jerni to score the final Harvesters run. Two more Pampa threats were killed by pick-off plays, and Campbell pitched his way out of a seventh-inning jam which saw Harvesters on second and third with none out.

Garrison pitched hitless ball through the first three frames, but Baxter McAllister opened the bottom of the fourth with a triple to right-center, scoring on Lonnie Whitfield's line single.

With two out in the sixth, Whitfield slammed a 3-2 pitch over the left-centerfield fence, but the only other baserunner the rest of the way was thrown out stealing.

MONTEREY WINS
AMARILLO — The Monterey Plainsmen stayed in a tie with Pampa for the district 3-AAAA baseball lead as they took a 12-4 win over the Palo Duro Dons yesterday.

Tascosa nipped Caprock, 3-2, to make their district record 11-4, two full games behind the Plainsmen and the Harvesters.

STOCKHOLM (UPI) — Floyd Patterson, former world heavyweight champion, who scored a third round win over Tod Herring of Houston, Tex., Friday night, said Saturday he believes he will be able to beat Jack Dempsey's money-earning record.

The former world champion Dempsey is estimated to have earned 10 million dollars in his career, while it is estimated that the 30-year-old Patterson has earned around eight million dollars during his 12 years as a pro.

"If Cassius Clay beats Sonny Liston in Lawiston, Mo., on May 25, and gives me a title fight and I win, I can face Clay again or Liston and reach Dempsey's sum," Floyd said.

Floyd Seeks Money Mark

STOCKHOLM (UPI) — Floyd Patterson, former world heavyweight champion, who scored a third round win over Tod Herring of Houston, Tex., Friday night, said Saturday he believes he will be able to beat Jack Dempsey's money-earning record.

The former world champion Dempsey is estimated to have earned 10 million dollars in his career, while it is estimated that the 30-year-old Patterson has earned around eight million dollars during his 12 years as a pro.

"If Cassius Clay beats Sonny Liston in Lawiston, Mo., on May 25, and gives me a title fight and I win, I can face Clay again or Liston and reach Dempsey's sum," Floyd said.

Stuart Leads Phils

PHILADELPHIA (UPI) — Dick Stuart hit his eighth career grand slam home run in the third inning Saturday to spark the Philadelphia Phillies to a 6-4 victory over the Milwaukee Braves.

Stuart's slam, second in the National League this season, came on the first pitch from reliever Hank Fischer and landed on the roof in deep leftfield.

Astros On Skids

SAN FRANCISCO (UPI) — Willie McCovey and Willie Mays hit back-to-back homers Saturday during a first inning four-run outburst that carried the San Francisco Giants past the skidding Houston Astros, 8-2.

With two on base and nobody out, McCovey lined a pitch over the right field barrier for his seventh home run of the season. Then Mays parked his 12th across the left field fence.

Bums Luck Out

LOS ANGELES (UPI) — Al Ferrara hit a three-run pinch homer in the eighth inning Saturday to spoil a no-hit attempt by Dick Ellsworth that brought the Los Angeles Dodgers a 3-1 victory over the Chicago Cubs. It was the only Dodger hit.

Twins Nip A's, 2-0

KANSAS CITY, Mo. (UPI) — Dave Boswell and Mel Nelson combined efforts to pitch the Minnesota Twins to a 2-0 victory over the Kansas City Athletics Saturday.

Jerry Kindall batted in both runs with his third homer of the season in the third inning and a single in the fifth.

By JEFF COHANE

GRADUATION invitations pouring in thick and fast, not only from the athletes of PHS, but those of Lefors, Miami, White Deer and Wheeler. The Miami and Wheeler ceremonies will be the night of the 21st, and this scribe will regretfully have to pass them up, as the Pampa Track Club will be at the USTFF meet at Norman, Okla. at that time. Pampa's is the 24th, with WD and Lefors on the 28th. Hmmm... that poses a problem, do I flip a coin?

NOT ONLY conflicts in attending graduations, but there will be a conflict in track meets. The Pampa Track Club will have an extremely busy schedule, both for open events and high schoolers, with possibly more meets coming in than we can handle. Mark Westbrook, Bones Bullard, and Randy Johnston had to pass up the Texas state meet for the Oklahoma state meet the same weekend.

ONE-BULL RANCH — The Cowboys are made up of (top row, left to right): Coach Warren Smith, Ricky Roberson, Robert Moultrie, Wendell Smith, Leslie Greerchs, Ray Cox, manager Paul Gobin. Second row: Truitt Gobin, Randy Pulse, Gary Fortin, Wallace Hopson, Monty Joiner. Front: Richard Smith, David Fortin, Bobby Robertson, Terry Dougherty, Chuck Jeffries.

Aggies Plug All-America

COLLEGE STATION — Mike McClure, junior third baseman from Poth, Tex., is Texas A&M's top all-America baseball candidate for 1964.

McClure, 6-0, 175-pounder who throws and bats right handed, won the Southwest Conference batting crown with a lustrous .424 mark and hit an even luster .413 over the full season.

Aggie coach Tom Chandler, an astute judge of diamond talent, is sold on McClure.

"He positively should be Texas A&M's first-team All-America since Pat Hubert made it as a pitcher in 1951," Chandler says.

"Mike has fine assets going for him and he has real ambition to play in the major leagues.

"He has a good arm, fine hands, can run good and his 443 batting average speaks for itself."

McClure blossomed into a star virtually overnight. As a sophomore he was a reserve infielder on the Aggie team that won the 1963 SWC title. He hit only .148 in 27 plate appearances as a sophomore.

But, after a summer of Ban Johnson League play at Liberal, Kan., he returned to A&M, nailed down the third base post and performed brilliantly.

Petroleum Golf At Huber Course

BORGER — The 13th annual Panhandle Petroleum Handicap Golf Tournament will be held at the Huber Golf Course May 22-23.

The tournament is open to members of organizations related to the exploration and production of petroleum. There will be 12 flights with trophies and prizes. Registration will be from 7 a.m. to 1 p.m. May 22.

Softball Registration

Registration for Opt-Mrs. Girls Softball will be May 20, from 4:30-6:30 p.m. at the Optimist Boys Club Building. Girls are eligible between 10 years of age and under 15 as of Aug. 1.

Bowling

By GIL BURGUND

This really takes the cake — Summer leagues already started before all of the winter leagues have completed their schedules. Yes, the same people, who but a few weeks ago, said "No," have already missed their bowling nite, and are at it again. The kids are also clamoring to start summer leagues.

The Classic doubles started, with as many teams as bowled in the winter, Dennis Dueterhaus, the new secretary, was a busy man the first night.

I hope most of you tuned in on last Saturday's TV bowling match — Jim St. John, Harry Smith, Bob Strampe, and Dick Weber, put on a real show in a special doubles event.

This Saturday and Sunday, the Champion of Champions will be battling it out, so expect to see some good bowling. The Hi Plains Ladies Travel league bowls for their last time this Sunday, at Cedar Lanes in Borger, and it looks like the Harvester Bowl Gals have a pretty good grip on that championship trophy.

John Snuggs decided the first night of bowling was as good as any to try for that hi game, and in spite of a split in the tenth frame, had a nice 243. Dennis Huntley also set a nice average of 188, and expects to better it this summer. Neither Dorothy or Jack Mosely are bowling this summer, but they drop in for coffee every now and then, and those lanes look mighty tempting (just a game or two).

I haven't heard yet if Paul Root's refinishing shop caught fire due to his hot sessions in the Doubles Classic, or if he stored his bowling ball in the closet.

Friday night the Twilite Mixed League had their end of the season spurge, with a very nice catered Bar-be-que dinner from Zebbie's at Garden Lanes, followed by a Lites Out contest, giving out trophies, etc. . . The B&B Pharmacy getting the winning trophy from Jack's Ditching in a very close playoff. That is about it for now. . . see you on the lanes in the summer sessions.

Matson Heaves 67-11 In Coliseum Relays

LOS ANGELES (UPI) — The Coliseum Relays, once a bright star in the track and field firmament, was at a low ebb today after having attempted to operate Friday night with only college performers.

The third smallest crowd in the 25-year history of the relays, a sparse gathering of 18,451, saw only two meet records fall and one equaled. In past years before the college feud with the AAU, international stars made the relays a major goal.

One of the few highlight performances came from Gerry Lindgren, Washington State freshman distance star who ran the two miles in 8:38.9 for a meet record. He also broke his own national frosh mark of 8:40.1.

The other relay record was set by Randy Matson of Texas A and M, the world's greatest shot putter. The crowd had hoped Matson might again surpass the 70-foot barrier as he did for the first time a week ago with a throw of 70 feet, 7 inches.

Matson bettered the accepted Dallas Long record of 67-10 by an inch, the fifth time he has beaten that standard. And his discus throw of 185 feet, 1 1/2 inches won but was 15 feet under his national collegiate mark.

"I'm more used to throwing in 85-degree weather," Matson said. "I expect to hit 70 feet again but I've had a long season and I'm tiring."

The Villanova University two-mile relay team equaled the existing world record of 7:19.0 but failed to match Oklahoma State's pending mark of 7:18.4. Although the weather was slightly chilly in the 96,000-seat stadium, there were other good marks. But records did not fall as they did in some former relays.

Among the creditable performances were those of Uilis Williams, Arizona State, in the 440 yard dash with a clocking of :46.6 and New Mexico's 440-yard relay mark of :40.5.

Injuries and defections also cut into the record performances. Texas Southern's team failed to arrive, Southern University was a late scratch. New Mexico's Clarence Robinson also had to pass the long and triple jump.

Tom McDonald Swapped to LA

LOS ANGELES (UPI) — Tom McDonald, the swift pass catching star who has caught more touchdowns passes than any other active National Football League player, is a Los Angeles Ram today.

McDonald, a key man in the 1960 world championship drive of the Philadelphia Eagles, was traded to the Rams Friday by the Dallas Cowboys for kicking specialist Danny Villanueva.

The 30-year-old flanker back stands fourth among active NFL receivers with 333 catches, 68 of them for touchdowns. He was traded to Dallas before the 1964 season.

Villanueva, 27, was sixth in the NFL in punting last season with a 44.1 average, but the rapid development of rookie Bruce Gossett made him expendable.

"It isn't often you have an opportunity to acquire a player of McDonald's quality," Ram coach Harland Svare said. His team has been looking for an experienced pass receiver because of trades which sent Jim Phillips to Minnesota and Carl Dale to Green Bay.

The Cowboys have been desperately in need for a place-kicking and punting expert since they traded Sam Baker away before the 1964 season in order to obtain McDonald.

The Panhandle Sportsman

By STARKEY WHITEHORN
Parks and Wildlife personnel placed half a million wall-eyes in Lake Meredith waters May 8. Since that time there have been nearly a third of a million small, inch-long black bass added and there will be more to come. The wall-eyes came from Iowa and were flown in with Chief Aquatic Biologist Leo Lewis of San Angelo overseeing the operation.

The wall-eyes were very small in size and about five days old. However, they were very vigorous and in excellent condition when released into the Texas waters. The black bass were about 21 days of age and were brought up from the Parks and Wildlife hatchery near Kamay, Texas. They were also in per-

fect condition and displayed it as they quickly swam away in large schools from the release point. Many fishermen are curious as to how fast they will grow. The rate of growth will depend on several factors. One is how much the youngsters will get to eat for the next twelve months. Of course, this depends largely on how much water is impounded behind the dam. If the lake fills within the next few weeks, or even half fills, then the food supply will be abundant and the growth rapid. If no more rains come and the lake shrinks in surface acres, it is logical to assume that the fish will fail to grow as quickly as desired.

Fish, in warm water, grow according to the amount of food they consume. They will consume an enormous amount if it is easily available. In fact, there have been some experiments conducted in the state wherein small bass were enticed to eating meat scraps ground up about the size of corn meal. This way of life is contrary to the natural habits of bass because they usually only eat food that is alive.

Once the small bass picked up the habit of eating ground meat, they began to grow rapidly. As they became larger, so did the meat scraps. Soon they would eat small chunks of meat. Within ten months they weighed more than four pounds. It's fantastic but true. Usually it is about three or more years.

Harvester Bowl
Summer Leagues now being formed. Men's Trio League forming to be bowled on Tuesday nights at 7:30 beginning June 8th. Those interested contact Harvester Bowl for further information. Alibi doubles being run thru the summer.

WANTED
MEN-WOMEN
from ages 18 to 55. Prepare now for U.S. Civil Service job openings in this area during the next 15 months.
Government positions pay as high as \$10,000 a month to start. They provide more security than private employment and excellent opportunity for advancement. Many positions require little or no specialized education or experience.
But to get one of these jobs, you must pass a test. The competition is keen and in some cases only one out of five pass.
LINCOLN SERVICE, Dept. 68-3

BIG CATCH — Sam Motely, 818 S. Somerville is shown with his two-day catch from Canton Dam in Oklahoma. Motely caught 100 walleye, sand bass and channel catfish. He said all the fish were caught on live minnows.

Fishin' Facts

By TERRY BUSKE
News Outdoor Writer
Fishing biologists tell us something which every angler knows — but often forgets — most large fish take their food well under the surface. Despite this basic fact, many anglers are tempted to try fishing with a small top water plug in hope old grandpa may fall for it. Everyone does it at one time or the other, but if you are to catch large bass, it would be to your advantage to use a fairly large plug. How many times have you seen a nearby angler casting his arm off, only to catch a few small bass and sunfish chances are, he was using a small spinner or the same in a top water or sub-surface lure. Nearly all mounting type bass are those that are caught on large plugs. Big fish, just like big people, like something that looks like a juicy mouthful.

with eager anticipation of a large blue river cat dangling on one of the hooks. Sure enough, the last hook near the stake out post had a cat that was churning the water with only one thought in mind, and that was to break the line or bend the hook. I managed to tug and pull on the line until the fish was only inches away. Having got him this close, it was all I could do to clamp my hands around the back of his head. We took that fish to the nearest bait house and to our delight, weighed out at a little over 18 pounds.

I imagine the Water Safety Act will be rigidly enforced on Lake Meredith. It should be enforced on our lake as well as others in the state.

This was the biggest catfish I had caught in years, but it was by no means, big to the local people, who fish the lake constantly. In fact, the bait house where we weighed the fish, had a 33 pound cat swimming around in an old minnow tank. Fish 30 to 60 pounds are no exception to Possum Kingdom. Anyway, even if our fish was not big by their standards, we were mighty proud of him.

Here are speeds of some birds as measured in normal flight: ring-necked duck, 66 mph; quail 45 mph; pheasant, 38 mph; wild turkey, 32 mph.

Walleye Pike Move To New Quarters

When time comes to get going, as the patriots who made Texas would say, well, let's get going! It was one of those sticky situations facing Pilot Gerald James of Brownwood and Fishery Supervisor Leo Lewis the other dawn up at Spirit Lake, Iowa.

The Iowa State Fish Hatchery worked a crew all night to mowed a new all night to meticulously sack 23 batches of walleye pike fry traded to Texas for wild turkeys.

The biological experimental timetable dictated get going. And that's what James relayed to his twin Beechcraft, chartered for the quick 1,000 mile one-day hop by the Texas Parks and Wildlife Department.

As a Canadian blast, that had dropped three feet of snow, clutched at the starboard wing, the intrepid outfit flitted along a jagged southbound course, skirting one turbulent area after another and finally before midnight to safely deposit the 2,150,000 healthy walleyes in three giant Texas lakes—Lake Meredith, Possum Kingdom and Canyon Lake.

And the airborne little fishes had a ball, according to John Tilton, fishery supervisor, who supervised the last lap. They were snug in plastic containers, with one gallon of water for each of the 23 bags.

Temperature of the containers at the start was 55 degrees. This was gradually raised in flight to avoid sudden shock when the last 1,200,000 were released in the new Canyon Lake near New Braunfels at midnight, thanks to illumination provided by crackling lightning, container temperature was 72 degrees, the same as the lake.

OUTDOORS IN TEXAS

By VERN SANFORD
Least understood, yet the most vital piece of equipment for the fisherman, is the hook. Most anglers are casual in their selection of hooks. Yet the hook is the primary link between fisherman and quarry. More fish are lost because of inferior hooks than any other piece of equipment.

remain alive much longer. With a wide bend hook, the point extends farther beyond the minnow and allows easier hooking of a fish that might take the bait. Basically, hooks come in three shank lengths: short, regular and long. Size of the hook is important. A general tendency among fishermen is to employ hooks that are too large. Even a small hook will catch big fish if the fisherman plays the catch properly and knows how to handle his equipment efficiently.

A poorly manufactured hook has a point which won't hold its sharpness and rusts easily. When you buy a cheap hook you get just what you pay for... a hook that will lose its sharpness after one or two fishing trips. And unless you inspect the point periodically, dullness may cause you to miss fish.

What goes with this numbering system? Largest numbers for smallest hooks? Well, hooks are graded according to different sizes, designated by numbers. In the smallest sizes, hooks range from No. 1 to No. 22 (the latter is the tiny one kids catch minnows on). The larger sizes run from 1-0 up to about 20-0. The difference between a No. 1 and a No. 1-0 is four sizes, so don't confuse the two.

Boating News

By LEROI OGDEN
Boat trailering is nine parts caution and one part skill. Here is a short list of do's and don'ts that will help you become an expert.

That protrusion which prevents a hook from slipping out is the barb. That part of the hook from the barb to the tip, and probably the most important feature on the hook, is the point. One with a bad point is practically worthless.

Caution begins in your driveway. Make sure the tie-downs are secured, and the gear is evenly distributed in the boat. If you own one of the larger rigs, you'll probably need a side-view mirror to permit maximum visibility while driving.

Straight spear points generally are found only on cheap, inferior hooks. They won't hold their edge very long. Nickel-finish hooks are found on salt-water lures. They resist corrosion and stay sharp. Almost as good is the tinned hook. Hooks with these two finishes are the most expensive.

Prairie Chickens Boom at Howe

A dozen male prairie chickens have established a new booming ground on the Gene Howe Management Area near Canadian, Texas, and are now booming and strutting in an attempt to attract admiring females, reports the Texas Parks and Wildlife Department.

Gold-plated hooks are very popular, but they have a tendency to tarnish easily. Wise fishermen know and understand hooks. In that moment of truth, when a fish strikes, it may mean the difference between adding something to the stringer or just a story to tell about the big one that got away.

There's only one trick to backing up your trailer on the launching ramp. Remember the trailer will swing in the opposite direction you turn the steering wheel. If you want the trailer to swing left, you must turn to the right and vice versa.

Establishment of a new booming ground in the area heartened biologists since prairie chickens have slowly declined in number during the last ten years, and many traditional booming grounds have been abandoned.

Back up slowly. Too much speed can cause the trailer to jackknife, resulting in damage to the boat, car and trailer. Have a partner guide you to water's edge. Remove the rear wheel down, tilt your outboard motor up and lock it in position. Continue back slowly until the water line nears the trailer wheel hub. As a general rule, don't immerse the wheel hub in either fresh or salt water. When sliding the boat off the trailer, hold onto the bow line to prevent the boat from drifting into open water.

Biologists believe the disappearance of tall grasses, shrubbery and sagebrush, so vital to prairie chicken nesting success, is responsible for the steady decline. The Gene Howe Management Area, in contrast to most Panhandle rangeland, offers prairie chickens some 3,000 acres of tall grass habitat. Biologists are hopeful the new colony will become a permanent part of the management area's wildlife.

If you have treated the bindweed in any field that joins a State Highway, the state Hwy. Dept. will likewise treat the bindweed on their right-of-way beside your field. This is a new policy of the State Highway Department. Written statements must be signed by the farmer that he has treated before the Highway Dept. will treat the bindweed in the right-of-way. We have prepared statements for a farmer to sign if he would like to have this done along side his field. We would also like to be able to advise the state highway dept. as to where these patches are located so none of them will be missed. It would be very helpful to both the farmer and the state hwy. dept. officials if the farmer could tie a flag on the fence where each bindweed patch was located. For more information on this call our office at 4-3441.

Bryan McPherson, McLean, and others in that vicinity are spraying a new chemical on Johnson Grass. It takes one-half gallon of the chemical per acre. A minimum of 28 gallons of water per acre should be used.

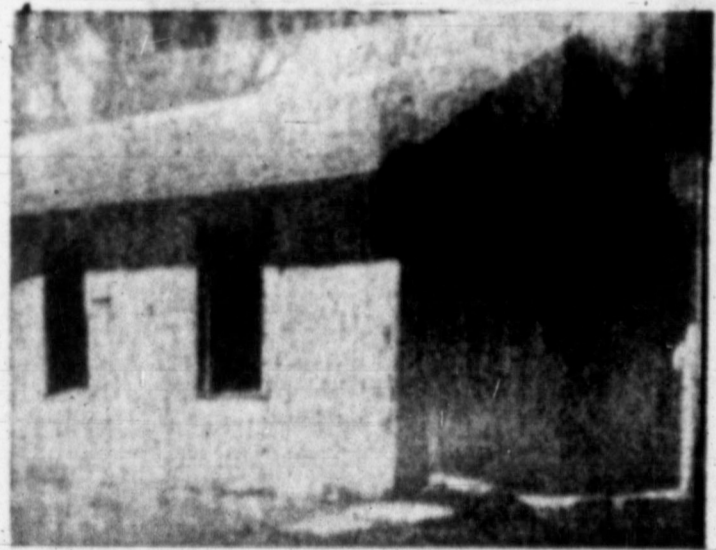

One thing should be kept in mind in using any of the post- or pre-emergent sprays. If you are not completely accurate in setting the spray rig to apply the recommended rate of total volume you would be better off not to use the chemical. In other words, it is a very technical matter that could be costly if not applied properly. If done correctly it can be one of your best management decisions.

FIRST HAY BALER — Pennsylvania Governor William W. Scranton shows his son, Peter, 10, how to operate a toy hay baler at the Pennsylvania Farm Show. The toy baler was chrome-plated, inscribed and presented to the governor as part of an anniversary celebration, marking 25 years since New Holland produced the world's first automatic hay baler. Arrow points to miniature bale ejected by the toy's bale-thrower.

Panhandle Water Conservation News

By FELIX W. RYALS

The rains came this week and water conservation officials are very appreciative of the additional moisture. The rainfall was general over most of the Panhandle area. Irrigation farmers can now turn their wells off for a period.

It would certainly be a fine assist to our underground fresh water reservoir if a way could be found to get the unused portion of the rainfall down into this reservoir. With the coming of the sunshine and West Texas winds a large per cent of the recent rainfall will be evaporated back into the atmosphere and be lost to this area. Current evaporation rate tests from evaporation pans set up on the high plains of West Texas show that 70 to 80 inches of water evaporates into the atmosphere during the average weather year.

Recently, I attended the tour sponsored by the Golden Spread Chapter of the Soil Conservation Society of America. Soil Conservation District workers and officials from Gray and Carson Counties also went on this tour which included a close up tour of the Canadian River Dam. The engineer in charge of the dam construction answered a number of questions on how the dam and waters in the lake would affect this area. During the tour through the spillway section of the dam he was asked if the waters collecting in the lake behind the dam would recharge the fresh water reservoirs of the Carson Gray

County area. His answer was to the effect that should we walk south and southeast on the same elevation as the base of the spillway where we were standing that we would be approximately 100 feet below the redbed or red clay formation when we reached the Panhandle-White Deer - Pampa areas. Our fresh water is above the redbed or red clay. The engineer's answer meant just one thing - there will be no recharge to the Ogallala fresh water formation of our area. The Canadian River bed cuts through the redbed or red clay and any loss of water from the lake behind the dam will be to the formation of our area. The Canadian River bed cuts through the redbed or red clay and any loss of water from the lake behind the dam will be to the formations - below the redbed which separates the fresh water formation from the salt water formations below the redbed or red clay.

The three water conservation districts on the high plains of West Texas are busy preparing a report to be submitted to water authorities in Austin who will eventually recommend legislation affecting our area. It is hoped that this report will counteract a proposal that West Texas is going to run out of water by a certain date and since this is going to happen West Texas could be written off for future development in the agri-business field. Industry and agriculture must be awake to the need for water conservation. We must also find new sources of water while making the best use of that which we do have.

The Gray-Carson County area contains a number of water shed possibilities as yet undeveloped that promises hope for the future. The head water area of the North Fork of the Red River to the immediate south of Pampa offers a large undeveloped water shed that could, with a series of dams, furnish water for both agriculture, ranching and industry.

On Thursday of this week the District Court at Dumas handed down a temporary injunction stopping one Moore County farmer from the continued waste of irrigation water from wells on his farm.

A recent protest brought before the Board of Directors of the Panhandle Water Conservation District regarding waste tail water has resulted in a model tail water catching system being set up by one of the affected parties. Marvin Urban-czyk who farms three miles west and one and one-half miles south of White Deer has installed a gravity flow tail water system on his farm collecting the tail water from several farms without the use of motors or pumps. The water runs down a canal to a dam with an eight inch aluminum pipe carrying the water through the dam into gabled pipe and down the rows of thirsty wheat. The whole operation cost less than \$200 to install.

Agricultural Briefs

Smaller slaughter supplies, a smaller lamb crop and a decline in the number of sheep and lamb in feedlots are expected for the remainder of 1965 above those of last year. John G. McHaney, Extension economist, reports that prices for wool are not so favorable. Unfavorable factors, he said, include larger world wool supplies, lower mill use and increasing substitution of man-made fibers for wool.

New house construction provides the planning flexibility for including a disaster shelter or safety zone. Because of this flexibility, the shelter space can be useable space, construction costs can be kept low, and the overall space relationships within the house will be better than if a shelter area is added later, says Extension agricultural engineers at Texas A&M University.

Summer-like temperatures are increasing the numbers of persons participating in water sports and the number of accidents and fatalities. Most of the accidents could be prevented, says the Texas Farm and Ranch Safety Council. If water sportsmen would observe the simple rules of safety.

County SCD News

By ARNEAL SCOTT

The range seeding season is about over in the Gray County Soil Conservation District. John Haynes, Eben Warner, Wagner and Elsheimer, Sailor Bros., Lester Bailey, Roland Williams, Howard Smith, Truitt Johnson, Creed Lamb, Clyde Magee, Harris King, Willie Harris, Fish Bros. and Taylor Ranch have seeded approximately 2500 acres of native and improved pasture grasses. Conditions look above average for range seeding. Occasional small rains that range from one-quarter to three-quarters of an inch provides adequate moisture for young seedlings until the root systems are developed.

People that planted grass this year should start watching for a weed and undesirable grass problem. Weeds and trash grasses will rob moisture and sunlight from the seedlings since they grow off faster. The weeds can be controlled by spraying and the trash grasses can be mowed in some cases. Come by the Soil Conservation Service Office for further information.

John Reed plans to start constructing some dams on Johnson Ranch west of Alanreed. Six ponds were constructed last year to control water erosion and distribute livestock grazing. John said, "We plan to construct small header dams on each draw so we can keep all of the rainfall runoff on the ranch". These small dams will be designed to hold all of the water that comes down each draw.

Eben Warner reported that he had developed a 650 to 700 gallon irrigation well on the Warner and Blake Farm south of Pampa. They plan to develop this farm for alfalfa and improved pasture crops. The land has medium textured soil and will be sprinkler irrigated. There are several acres of bottomland that can be successfully irrigated.

Harvey Taylor said that he had started irrigating his improved pastureland north of Alanreed. He applied a heavy application of fertilizer last week. Fences will be constructed so the grass can be properly rotated and utilized.

Anyone interested in developing an irrigated pasture in the McLean and Alanreed area should watch Harvey Taylors, James Cletts, George Saunders and Drew Words improved pastures.

Texas dairymen grossed \$155 million from the sale of dairy products in 1964, 2 per cent more than in 1963, reported the Texas Crop and Livestock Reporting Service. The average number of cows declined but the production per cow increased to bring total milk production up by 2 per cent. The 6.15 lbs. of milk per cow was 8 per cent above the average for 1963.

Plastic honeycombs may prove useful in helping control foulbrood and other bee diseases. Plastics can be sterilized after each use by boiling.

HOOKER "TRITAC" WEED KILLERS
An Economical Way To Control "BINDWEED"

Canada Thistle-Russian Knapweed and other deep rooted perennial weeds. Four to ten gallons will treat an acre. Tritac liquid and Tritac 10-G granules are both ASC approved therefore in areas where ASC payments are obtained, consult your local dealer for recommended application rates.

Two liquid formulations-Tritac for normal conditions and Tritac "D" for quick foliage top kill. Available in one, five and 30-gallon containers. Also available 10% Tritac granules in 25-lb. bags for dry application.

Got "BINDWEED" Gett'um-Tritac'um

Other Hooker products now available MBC granules in 25-lb. bags - (a non-selective weed & grass killer) and Sodium Chlorate in 100-lb. drums.

Contact your local dealer for additional information and order your supply today.

FARM PAC KITCHENS.

**ARE PLEASED TO
INTRODUCE THE NEW**

LINE OF SUPERIOR PRODUCTS...

**FARM PAC
BRAND**

• EGGS • MEATS • BISCUITS

As fresh as the breeze stirred by the windmill on a farm and presenting the same excellent quality FARM PAC products have heretofore offered the consumer, FARM PAC KITCHENS now bring the "New Look" package designing on all of its foods for the kitchen.

From the sliced Luncheon Meats to the Picnic Hams, the hundreds of FARM PAC products now wear the new "Dress". You'll recognize it by the TRUE BLUE COLOR, the CLOVERLEAF BORDER of the package, and with the tasting of the wonderful flavor of superior products.

Two new products are being introduced, too. They are the FARM PAC BISCUITS (Homestyle, Buttermilk, and Flaky), and FARM PAC EGGS Grade A Large, Medium and Small).

Enjoy the best when you pick up a package of FARM PAC BRAND products!

FEATURED AT ALL...

Square Dance Jamboree To Be Held Next Saturday

CALICO CAPERS and Silver Bells Square Dance Clubs, members of Panhandle Square Dance Association, are sponsoring the Panhandle Square Dance Jamboree next Saturday in the National Guard Armory.

SOME 400 OUT-OF-TOWN square dancers are expected to attend the Jamboree, which will start with a business meeting at 2:30 p.m., with a workshop for square and round dancers to follow.

ROUND DANCING will begin at 7:30 p.m. and conclude at 8:30 p.m. with a Grand March leading off the square dancing to begin at 8:30 p.m.

CALLERS FROM ALL sections of the Panhandle will be calling for the Jamboree with dancers from Dalhart, Dumas, Sunray, Stratford, Texhoma, Clarendon, Shamrock, Wellington, Amarillo, Canyon, Hereford, Nazareth, Guyton, Okla., Perryton and Spearman expected to attend.

CALICO CAPERS — In the upper left photo members of Calico Capers Square Dance Club are shown in a "back-up star" portion of a square dance. Pictured are Mr. and Mrs. Darrell Yeager, Mr. and Mrs. Duane Bartee, Mr. and Mrs. Dale Hawkins and Mr. and Mrs. Escol Jackson.

SILVER BELLS — Members of the Silver Bells Square Dance Club are shown getting ready for a "Grand March", which will start the square dancing for the Jamboree.

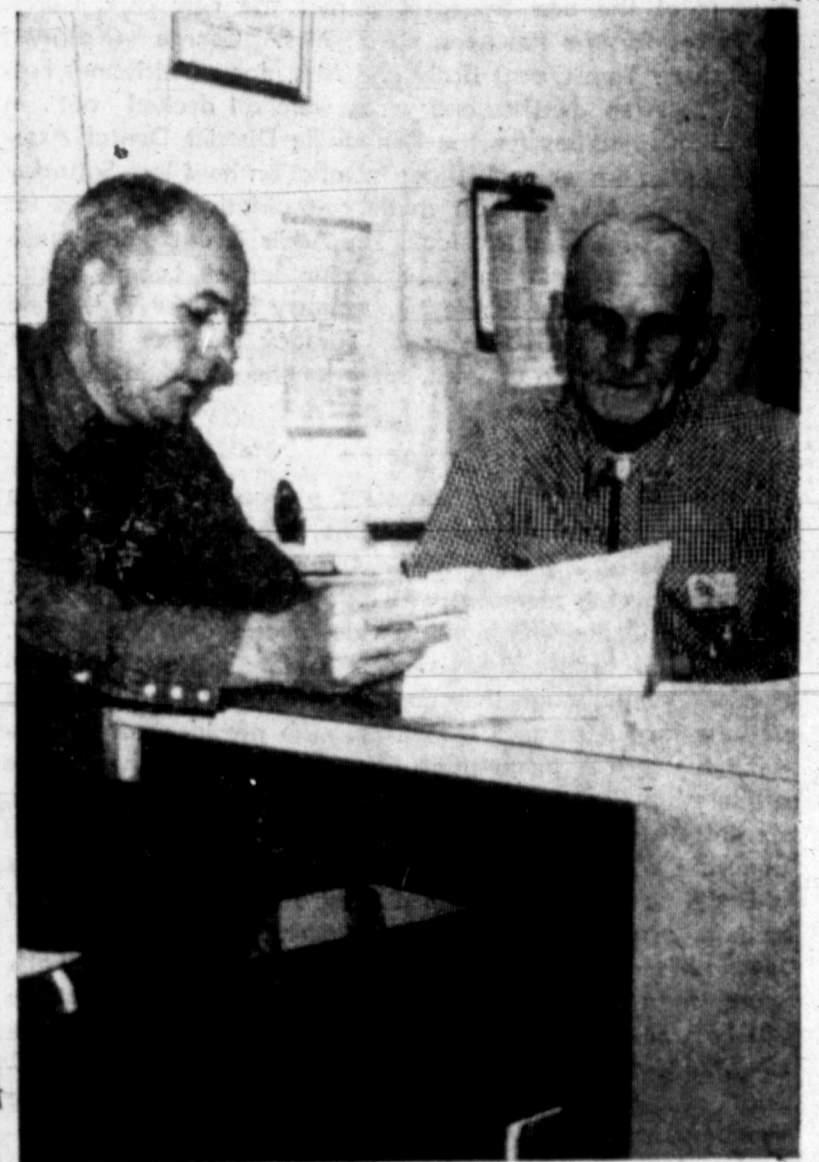

Shown in the upper right photo are Mr. and Mrs. Reece Swindell, Mr. and Mrs. James Brown, Mr. and Mrs. Don Brown and Mr. and Mrs. Bob Steger.

CALLER — Woody Turley of Fritch, is pictured in the center left photo calling for a square dance. Turley, a professional caller, has been calling for square dances for the past 14 years and has called at resorts in Missouri and New Mexico. He will be one of the callers featured at the Jamboree.

MAKING PLANS — J. E. McCann, president of Calico Capers Square Dance Club, right, and Don Brown, president of Silver Bells Square Dance Club, are shown making final plans for next Saturday's Jamboree in the center right photo.

BEGINNERS CLASS — Square dance enthusiasts who are shown practicing in the lower left photo for the upcoming Jamboree are Mrs. Genevieve McCarthy, Cecil Hamilton, Mr. and Mrs. Lydgie Tarvin, Mr. and Mrs. John Cunningham and Mr. and Mrs. Francis Cox. The group are members of a beginners class of square dancers.

ROUND DANCERS — Shown in the lower right photo are members of Pampa Twirlers Round Dance Club who will participate in the Round Dance section of the Jamboree. Pictured are Mr. and Mrs. Duane Bartee, Mr. and Mrs. R. B. Ragsdale and Mr. and Mrs. J. E. McCann.

PEGGY JO ORMSON

Sunday Passing Show

By PEGGY JO ORMSON

SO MUCH IS heard about juvenile delinquency that we often forget these are a minority group among our youth. Pampa is being put on the map by the youth of the city, not as juvenile delinquents but as outstanding in almost every field of endeavor. Randy Matson was written up in a recent issue of Time Magazine as well as making headlines in newspapers across the nation with his record breaking shot put. Understand his father, C. E. Matson, was present for the fete. Then Mark Westbrook set a new high school state record for 4-A schools in the mile run. During the same weekend the Little Harvester, high school paper with Pam Ludeman as editor, was named the top in the state. It is the first time a school paper has received the award for two consecutive years. The past two weekends have found outstanding students receiving awards in both junior high schools and Pampa High School. Pampa can truly be proud of the youth here. Those few who find their names in the paper for crimes against society are really in the minority. Another group of students of which our town can be proud are Pampa High School students taking the accelerated and advanced courses in English, Biology, Chemistry, Foreign Languages and Math. Some 130 of these students of the three high school grade levels, who have more research, themes, projects and various added subject matter, were honored at an Honor Award banquet for having made 90 or above in these subjects, which are offered students with higher grade averages.

— ★ —

DON CURRY'S new bride, Sue, was introduced to Pampa at a coffee yesterday morning and a luncheon yesterday noon. The coffee was held in the home of Mrs. Bob (Claudine) Vail with Mrs. Bob (Albertine) Tripplehorn, Mrs. Bill (Chris) Campaigne, Mrs. Fred (Dorothy) Neslage, Mrs. Ed (Sandy) Williams, Mrs. Julian (Katy) Key and Mrs. Ed (Lucille) Weiss of Dallas serving as co-hostesses at the lovely affair. Pampa Country Club was the scene for the small luncheon at which a few local and out-of-town friends of Bob and Alleith Curry, parents of the new bridegroom, met the new Mrs. Curry. Hostesses for the luncheon were Mrs. George (Kathryn) Snell, Mrs. Tom (Jean) Braly and Mrs. Jack (Adrienne) Foster. Area dentists and wives were all decked out in Hawaiian costumes for the Panhandle District Dental Association luau dinner and officer installation held last Saturday in Amarillo. Marge Adair made co-ordinating costumes for herself and husband, Weldon. Dr. Adair is out going president of the Association. Junior Service League members will enjoy viewing the new country home of Wiley and Jane Reynolds when they meet Tuesday in the Reynolds home, located north of town, for a luncheon and installation of officers.

— ★ —

PAMPA RUNNING Board Boosters, a group of male antique auto enthusiasts will treat Pampans to a display of vintage automobiles at 2 p.m. today in Coronado Center. Following the display, club members will tour the town and give rides to any residents who want to ride in one of the old cars. Membership in the club is open to any antique auto enthusiast, even though they do not own an old car. Interested persons should contact Don Cole, club president at MO 4-4758 for further information concerning membership. Other officers are Burton Doucette, vice president, Kenneth King, secretary-treasurer, Murel King, parliamentarian, and Canara Carruth, publicity chairman. Some of the members who will be on hand for the display and tour this afternoon include Larry Krejci, Leroy Shaw, Vincent Shaw, John Chesser, Jewel Moore, Gene Gates and Harry Gordon. What's whiter than a "White Elephant?" The answer to this riddle will be found at the Amarillo Republican Women's "White Elephant" sale to be held May 20-22 at 813 Georgia in Amarillo. Beta Sigma Phi Woman of the Year committee members, Mrs. Paul (Mary) Howard, Mrs. Sam (Louise) Chittenden, Mrs. Charles (Carol) Thompson, Mrs. Jack (Dorothy) Chisum and Miss Norma Briden, were entertained at a dress up dinner Wednesday evening in Pampa Hotel Dining Room by Mrs. R. A. (Georgia) Mack, 1965 Woman of the Year, and daughters, Miss Mary Ann Mack and Mrs. Jimmie Williams.

— ★ —

MRS OTIS (Evelyn) Nace, one of Pampa's professional writers, is the person to call if you ever need a clever installation service. Varietas Study Club members are talking about the clever installation service, all done in poetic form, Mrs. Nace gave at the final club meeting last week. Betty Tatum, teacher in the Amarillo public school system, was home to spend Mother's Day with her parents, the J. E. Tatums. Mrs. A. C. (Nina) Houchin went to Mt. Pleasant over the Mother's Day weekend for the annual family reunion. Seems Fred and Clotilde Thompson and J. B. and Mamie Maguire made a recent fishing trip to Caddo Lake but haven't seen the fish they brought home or heard their fish stories. Mrs. Thompson's mother, Mrs. Tina McCallister, had been visiting in that area for the past month and returned home with the Thompsons. Harold and Jean Comer have had as their houseguest recently Mrs. Comer's mother, Mrs. Fred Hendricks, who is no stranger to Pampa since she lived here a number of years. On a recent trip into Arkansas K. A. and Joan Sorenson missed an opportunity to become rich. Seems they were near a diamond mine but didn't drop by for a visit as they were told everyone visiting the mine was presented a pick and shovel and told to start digging. John and Beth Kelly have returned from Fort Worth where they spent a week visiting daughter Connie, a teacher in the Fort Worth school system.

— ★ —

SAW PAMPA'S Uncle Billy Frost out a sunshiny afternoon this past week weeding his front yard and sweeping the walks. It makes one straighten his shoulders and walk a little brisker when confronted by such an indomitable gentleman of 102 years. Folks are already beginning to turn their minds and attention to summer vacations. Mrs. S. C. (Mora) Evans, Mrs. H. P. (Alice) Dasier Sr. and Mrs. H. B. (Buna) Howe made a recent trip to Evergreen, Colo., to ready Mrs. Evan's summer home for occupancy. Pampans attending the Shrine Convention in Lubbock a week ago Friday and Saturday and the grand ball on Saturday night were Joe and Lora Miller, Marguerite and Chester Thompson and Howard Threath. The Millers are off again this weekend for San Antonio where they are attending an All-State Shriner meeting.

58TH
YEAR

(Photo by Peggy Jo Ormson)

PURCHASE HOSPITAL DRAPES — Highland General Hospital Auxiliary members recently purchased new drapes for the entire north wing of the hospital and for the office. Mrs. Homer D. Johnson, right, HGH Auxiliary treasurer, is shown presenting a check for the payment of the drapes to B. W. Robertson, center, hospital administrator, while Mrs. Gene Holler, right, past president of the Auxiliary, looks on. The Auxiliary, which has been in operation one year and has achieved the purchase of the drapes by doing volunteer work in the hospital, will hold its first annual meeting at 10 a.m. Friday in Lovett Memorial Library. Awards will be presented to members who have worked 100 hours in the hospital at the meeting. The organization is open to anyone interested in volunteer hospital work.

Officers Installed By Art-Civic Club at Lefors Meeting

LEFORS (Sp) — 1965-66 officers of the Art and Civic Club were installed recently in the Civic Center in Lefors, with Mrs. C. H. "Tad" Gustin of Pampa, a former member, serving as installation officer. Preceding the installation service, a banquet dinner was served.

The Center was decorated in a "Maypole" theme. The huge pole in the center of the building was entwined with blue and white flowers, the club colors. Banquet tables were covered in white with blue and white flowers strewn along each table.

Following the meal the president, Mrs. Ray Chastain, called the meeting to order. Following the welcome of guests and thank yous, she turned the program over to Mrs. Gustin.

Mrs. Gustin used the "guiding light" as the installation service, as she called each incoming officer to the front, she explained her duties and handed her a lighted blue and white candle surrounded by flowers. New officers installed were Mrs. R. H. Barron, president; Mrs. Dean King, first vice president and social chairman;

Mrs. Jerrel Julian, third vice president and membership chairman; Mrs. Eddy Clemmons, secretary and Mrs. R. W. Beck, reporter.

Other officers who will be serving their second year are Mrs. Joe Watson, treasurer, Mrs. James Gatlin, second vice president and finance chairman, and Miss Mickey Sue Johnson, parliamentarian.

After the oath had been administered to the new officers, Mrs. Chastain, outgoing president, presented the gavel to the incoming president, Mrs. R. H. Barron. Mrs. Chastain was pre-

Flower Show Will Be Presented by Two Garden Clubs

Top O' Texas and Mr. and Mrs. Garden Clubs will present "Rhapsody in Flowers" flower show from 2 to 6 p.m. Saturday. Horticulture entries and artistic arrangements will be displayed at Lovett Memorial Library.

Mrs. A. J. Mitchell and Mrs. Kenneth Osborn are chairmen of the flower show.

The public is invited to participate in the show. Anyone having a specimen flower may bring it to the Library from 8 a.m. until 10:30 a.m. Saturday. No entry will be accepted later than 10:30 a.m. Judging will start at 11 a.m.

Anyone wishing to enter an artistic arrangement may obtain a schedule by calling Mrs. A. L. Kouri at MO 4-3648. No admission fee will be charged.

sented an appreciation gift for all her work and the interest she has shown in the club. Following the meeting, table games of bridge and dominoes were played with some 40 members and guests present.

Mrs. Roy Chastain Is Honored by Club

LEFORS (Spl) — Mrs. Roy Chastain was named "Outstanding Club Woman of the Year" recently at the installation service for new officer of the Art and Civic Club. This is the first award of this kind given in the Lefors Club.

Mrs. Chastain was elected by secret ballot sometime ago and Mrs. Bud Cumberledge kept the information in her possession until the recent ceremony.

Mrs. Chastain has just completed her second year as president of the Art and Civic Club. In that two year period she has not missed a meeting, even though she had surgery during this time. She attended all area and district workshops and the district conventions.

In the period that Mrs. Chastain has been a member of the Club she has served on every committee of the club and held every elective office except that of secretary.

Kathy Morris, Toby Guynn Repeat Vows in Fort Worth

Mrs. Toby Guynn... nee Miss Kathy Morris

Candelabra, palms and banks of white daisies appointed the wedding scene for Miss Kathy Morris and Toby Guynn, both of Fort Worth. The double-ring rites were solemnized by Rev. Joe Hewitt of Richardson, uncle of the bridegroom, at 8:30 p.m. May 9, in the future home of the bridal couple at 4501 E. Lancaster, Fort Worth.

The bride is the daughter of

Mrs. Ralph Sidwell of 2200 Aspen, and the bridegroom is the son of Mr. and Mrs. Walton Guynn of McAllen.

Given in marriage by her step-father, Ralph Sidwell, the bride chose a Tom Jones classic gown of white silk organza with an overblouse effect of imported alencon lace. The brief high-rise lace overblouse featured a bateau neckline and elbow-length sleeves with a ruffled scallop of the lace at the elbow. The controlled A-line skirt swept to a court-length train. Tiny covered buttons fastened the back of the gown. The bride wore a silk organza and matching alencon lace mob cap headress and carried a bouquet of white majestic daisies, white French lilacs and English ivy.

Mrs. John Shannon, organist, presented original compositions and arrangements of the "Wedding-March" by the bridegroom.

Attending her sister as matron of honor was Mrs. Charles Lillard, who wore a carpet-length gown of yellow silk organza with bands and ruffles of

Venice lace. The high-rise bodice was fashioned with a square neckline and brief sleeves. Wrist-length kid gloves and shoes tinted to match her gown completed Mrs. Lillard's costume.

Serving the bridegroom as bestman was Stacy Guynn, bridegroom's brother, while ushers were John Shannon and Charles Lillard. Lighting the tapers was Andy Guynn.

For her daughter's wedding Mrs. Sidwell chose a dress of French blue silk crepe and a gardenia corsage. Mrs. Guynn selected a pink silk brocade dress and a red rosebud corsage.

The bride's table was centered with an arrangement of white daisies flanked by white tapers, for the reception held following the ceremony. Presiding at the serving table was Miss Coralou Clower and guests were registered by Miss Nancy Guynn, sister of the bridegroom.

For traveling on a wedding trip the bride chose an oyster diagonally ribbed silk suit.

Twentieth Century Forum Club Enjoys Luncheon in Home of Mrs. W. L. Ellis

The home of Mrs. W. L. Ellis was the setting of the final luncheon of the year for members of Twentieth Century Forum. The study this year has been on the "Southwest" and the decorations used and food served carried out the theme of the different national influences which have molded Texas through the years.

The appetizer course was served on the terrace, which overlooks the lovely yard and gardens Mrs. Ellis is noted for.

The guests matched their miniature flags, which they had been given as they entered the garden, to the appropriate table in the living room.

One table was decorated with a Confederate theme and the others with Mexican, Texas, and U.S.A. motifs. The serving table was highlighted with a Spanish cloth and large black epergne topped with a Don Quixote figurine, surrounded by small geraniums in black containers. Black wrought iron appointments held the Spanish main dish, Paella, and a fresh green salad was served from a very unusual ebony bowl. The Spanish meal was concluded with ices, sweets, and coffee.

Assisting Mrs. Ellis as hostesses were Mrs. Aubrey Steele, Mrs. John M. Sweeny, and Mrs. Jack M. Dennis.

Following a short business meeting, Mrs. Arthur Teed introduced Mrs. Donald Hauck, who gave a preview of the proposed study for next year — "Art and Architecture." Mrs. Hauck briefly pointed out a variety of possibilities for study and investigation and set as the goal for next year, the aim to create new interests, increase information and provide a greater challenge for each member in her chosen theme.

Mrs. Teed installed the new officers for the coming year: Mrs. J. M. Sweeny, president; Mrs. H. J. Franklin, secretary; Mrs. Harold Barrett, treasurer; Mrs. Jack M. Dennis, reporter; and Mrs. Donald Hauck, parliamentarian. Mrs. Sweeny presented the out-going president, Mrs. Teed, a book of poems of the Southwest.

Those present for the concluding event of the year were Mmes. Holt Barber, E. J. Dunigan Jr., J. R. Holloway, Homer Johnson, Calvin Jones, M. McDaniel, Hugh D. Barton, R. W. Harmon, Frank W. Kelley, Roy Bourland, Barrett, Dennis, Ellis, Franklin, Steele, Sweeny and Teed.

Mrs. Pierson Is Varietas Study Club Hostess

Varietas Study Club held its spring luncheon Tuesday in the home of Mrs. Luther Pierson at 1818 Christine. Mrs. R. W. Lane, president, presided.

Mrs. Sherman White gave the invocation.

In a short business session members voted to assist in sending a girl to Girls State.

Mrs. Lane presented the incoming president, Mrs. J. E. Kirchman, with a corsage.

Mrs. Otis Nace installed the new officers for the year, using as the theme "The Club Woman's Wardrobe."

Officers installed were Mrs. J. E. Kirchman, president; Mrs. Price Dosier, vice president; Mrs. W. E. Abernathy, secretary; Mrs. Sherman White, treasurer; Mrs. Fred Cary, parliamentarian; Mrs. Bill Campbell, reporter, and Mrs. Otis Nace, "Club Woman" reporter.

Mrs. Kirchman presented Mrs. Lane a gift from the club in appreciation for her work the past year as president.

Provocative Program To Be Presented For Genealogical and Historical Society

Mrs. N. Dudley Steele Guest Reviewer

"Salty, witty, and provocative" are the terms to describe the May program meeting of the Pampa Genealogical and Historical Society, Monday at 8 p.m. in the auditorium of Lovett Memorial Library.

Guest reviewer, Mrs. N. Dudley Steele, will re-create the intriguing and more unusual episodes of Texas' past as she presents Frank X. Tolbert's fabulous literary panorama, "An Informal History of Texas."

Tolbert, now feature editor of The Dallas Morning News is known throughout the country for his news articles and books dealing with the more obscure facets of history as it was lived in the early days in the Lone Star State and his works have won many outstanding distinctions and honors from the journalism fraternity, and those who appreciate the vigor and color he weaves into his writing.

Tolbert is a member of a pioneer Gray-Roberts Counties family and is the uncle of Mrs. Jeff Bearden of Pampa.

Mrs. Steele, the former Katherine Vincent, is also a member of a prominent pioneer Gray County family, is well known throughout the Panhandle for her outstanding literary reviews and for her leadership in civic, church and club activities.

By special arrangement with the art department of Pampa High School, under the direction of Mrs. Floyd Sackett, an extensive exhibit of student art will be displayed.

The Society extends a cordial invitation to the public to attend the program, and all members are urged to be prepared to answer the roll call with an unusual fact of Texas history.

Poppy Sale Slated By AL Auxiliary

American Legion Auxiliary met in the home of Mrs. Cordie McBride with seven members present for a regular monthly meeting.

Plans for the Poppy sale were made and each member was charged to work at her assigned station May 22. The art department of Pampa High School with Miss Roy Riley as director, will place Poppy posters in the business houses the week before the sale. Mrs. Frank Shotwell, poppy chairman, talked of the use of the poppy money. She said, "Every dollar goes to help the veteran and his family. The veteran received a part of the money for making the poppies and then after the expenses for the poppies are paid, we again pay 1-3 of the profits to the veterans who made them. The remainder of the money is used for veterans and their families in Pampa during the year for groceries, utilities and rent."

Mrs. Cordie McBride and Mrs. Lyles K. Stout were appointed by the president, Mrs. Turner, to make the tray favors for Worley Hospital. Mrs. Turner appointed the following to place flags on the graves of veterans on Memorial Day morning: Mrs. H. Ray Martin, Mrs. Cordie McBride, Mrs. Joe Shelton, Mrs. Estelle Wheeler, Mrs. Clay Coston and Mrs. Turner.

Mrs. Lyles K. Stout gave the program on "Costa Rica," the UN country project for May. At the close of her discussion a contribution of money was sent to the country through CARE to help buy garden tools and seed.

Refreshments were served to Mmes. J. Ray Martin, Frank Shotwell, Lee Harrah, Katie Vincent, Stout, Turner, and the hostess.

OUSLEY-NEWBURGER — The engagement and approaching marriage of Miss Linda Louise Ousley of Colorado Springs, Colo., and Ralph Newburger of Las Vegas, Nev., is being announced by Mr. and Mrs. E. H. Ousley Jr., of 2228 N. Russell, parents of the bride-elect. The prospective bridegroom is the son of T. D. Newburger of Cleveland, Ohio, and Mrs. A. Loewy of Beverly Hills, Calif. Vows will be repeated July 21 in Las Vegas, Nev.

Mrs. Bob Andis Installs Officers for TC Club

HUBBARD - HAGAR — Miss Linda Sue Hubbard will become the bride of Roger J. Hagar in a summer wedding, according to an engagement announcement made by Mrs. Inez Hubbard of 905 Twiford, mother of the bride-elect. The prospective bridegroom is the son of Mr. and Mrs. Carroll Hagar of Hereford.

Twentieth Century Club met in the home of Mrs. Jack Foster Tuesday morning with Mrs. Tom Rose, co-hostess, for the annual spring luncheon.

Mrs. Bill Roots, president, led the club in the salute to the flags and the club collect. Among routine reports of officers and committee chairmen, Mrs. Foster announced that Larry D. Hollis had been chosen for the \$200 college scholarship. She also called attention to the date of May 14, at 8 p.m. when the awards for the three winners in the Citizenship essay contest will be presented at Carver School. The president thanked the club members for their cooperation in a successful year and presented Mrs. Bob Andis, installing officer.

Placing an opened rose jar and a vase with two dozen red

INSTALLED AT LUNCHEON — Twentieth Century Club officers were installed at a Tuesday luncheon held in the home of Mrs. Jack Foster. Presiding the coming year, will be Mrs. Jack Stroup, president, seated left, and Mrs. Bob Andis, seated right, vice president and installing officer. Standing left to right, are Mrs. Lorene O. Locke, critic; Mrs. David McGohey, Federation counselor; Mrs. Bill Roots, parliamentarian, and Mrs. Harry Vanderpool, reporter. Other officers not pictured are Mrs. Raymond Harrah, secretary, and Mrs. Paul Harbough, treasurer.

are kept of those fine specimens, how they are grown. The treasurer does likewise. Horticulturists keep written accounts of the history of the rose, so the secretary records the minutes of the meetings.

"The fragrance of the rose is universally accepted. Likewise it is desirable for the vice-president to plan a program, shedding the fragrance of knowledge and service. The fertile soil is the very foundation for this exceptional flower, as all of you contribute to this fertility.

"The president, she is the rose. Starting from a bud, developing into the ideal specimen, the crowning glory of the plant. I now declare the officers of Twentieth Century Club, Pampa, Texas, Top O' Texas District of the Texas Federation of Womens' Clubs duly installed."

New officers are Mrs. Jack Stroup, president; Mrs. Bob Andis, vice president; Mrs. Raymond Harrah, secretary; Mrs. Paul Harbough, treasurer; Mrs. Bill Roots, parliamentarian; Mrs. Lorene O. Locke, critic; Mrs. Harry Vanderpool, reporter and Mrs. David McGohey, Federation counselor.

Luncheon guests were Meses. Roy Cato, Ponca City, Okla.; Wayne Pitner, Snyder; G. F. Branson, Amarillo; Brown, H. B. Howse and Peggy Ormson.

roses on the table, as a symbol of her installation theme, Mrs. Andis said, "A potpourri is a jar of flower petals to scent a room. There are numerous methods of making potpourri, but they may be roughly divided into two classes — those made solely of dried petals, leaves, etc., and those enriched with essential oils. The fragrance of the second is very rich at first, but not so lasting."

The speaker then gave the recipes for making potpourri, one dated 1834, one 1890 and the third of modern origin. Passing a rose to each of the members and officers, she continued, "I present each of you with your club flower, the American Beauty rose, as I shall ask each of you to participate in the installation of your officers. As you are installed, shatter your petals in the rose jar."

"The gorgeous green leaves of the rose is as the Texas Federation of Womens' clubs is to our club. As the theme of this administration 'New Dimensions in the Search for Growth' so the leaves serve for growth of the rose. You as federation counselor serve your club for its growth, widening the scope from throughout the state.

"Reporter is likened to the pollen of the rose which is shared with others that they may come to know this wonderful flower. So will you carry the news of your club's program. Critic is sometimes similar to the thorns of the rose, piercing where needed to protect the flower and sometimes in defense of the whole plant. The American Beauty rosebush is a horticultural specimen of many years of experimental growth — so, the parliamentarian — her experience in the service of her club is manifested in this source of knowledge.

"Treasurer — Often we see the full-blown rose scattered by the wind, and think of the treasurer — but well spent. Records

Dear Abby....

Ice Will Melt Under The Proper Conditions

DEAR ABBY: Don't expect a signature at the end of this letter. When you read it, you'll know why. The problem is my wife. She is very "cold-natured," if you know what I mean. She stays up until all hours of the night doing dishes, cleaning house, canning, mending — doing just about everything she can think of — and when she figures I am asleep she will come to bed. On other occasions she'll rush to bed when I am taking a shower, and pretend she's asleep when I get there. Other than this she is a very good wife. Tell me how to cope with this hunk of ice. I am not the type to look at another woman while married. Don't tell me to see my clergyman or a marriage counselor as I don't care to discuss this with anyone. I am not bad looking, I am clean, and there is nothing wrong with me. If there is something I can do on my own, tell me in plain English.

KANSAS CITIAN
DEAR KANSAS CITIAN: In plain English, your wife would rather do anything than go to bed with you. There may be nothing wrong with you, but there may be something wrong with your wife's attitude about the physical side of marriage. Both you and she should ask your family doctor to help you resolve this problem. If it's to be solved, it must be discussed candidly. P.S. Ice will melt under the proper conditions.

DEAR ABBY: My mother, who has been a widow for almost 20 years, has had her brother living with her for the past year. He is a bachelor of 64 and he has money to burn. My mother wrote that he is getting on her nerves and she wishes one of us would invite him to visit us, and maybe fix him up with a nice woman so she could get him off her hands. He is not bad looking, but he is a first-class pain-in-the-neck. He isn't really tight, and could have

any kind of house or apartment he wanted, but he prefers to live with a relative so he'll have someone to talk to. We don't want him staying with us because we could never get rid of him. What do we do now?

PIEDMONT
DEAR PIEDMONT: Don't invite him if you don't want him. And a man who has "money to burn" can usually find his own match.

DEAR ABBY: Two years ago I married a man I knew a very short time. It was the biggest mistake of my life. I could write a book about what happened, but it's so fantastic nobody would believe it. I became pregnant immediately, and five weeks before my baby was born I left my husband. I was told I was entitled to an annulment, but the red tape was getting me down so, on the advice of my attorney, I filed for divorce. I was moved away from my home town, where this all took place. My problem: Here I am, an unmarried woman with a small child in a strange city. No one believes I was ever married. I've been told, in a nice way, to quit telling that "story." How can I prove I was married? I refuse to carry a photostat of my divorce around!

HURT AND ANGRY
DEAR HURT: People who matter don't need "proof" — and people who need proof do not matter.

DEAR ABBY: This morning I was going through my husband's wallet, and I came across a piece of paper and on it was written a list of ladies' sizes for everything from coats, dresses, gloves, hosiery to bras. It was "signed" with a lipstick imprint, "From your Honey." What does this mean?

ARLINGTON
DEAR ARLINGTON: It probably means your husband is having an affair. (See ABBY, Page 20)

Officers for Twentieth Century Culture Are Installed Tuesday by Mrs. Jordan

(Photo by Peggy Jo Orman)

TC CULTURE OFFICERS — Newly installed officers of Twentieth Century Culture Club are pictured, front row, left to right, Mrs. Doyle Osborne, president, and Mrs. Rufe Jordan, installing officer; back row left to right, are Mrs. Weldon Carter, treasurer; Mrs. A. L. Wagner, reporter; Mrs. E. L. Henderson, vice president; Mrs. Dudley Steele, parliamentarian, and Mrs. Ross Buzzard, secretary.

Cibola Room of the Coronado Inn was the setting for the Tuesday installation luncheon of the Twentieth Century Culture Club. Hostesses were Mmes. L. M. Hart, G. L. Craddock and E. E. Shelhamer. Mrs. Craddock gave the invocation.

Out-going president, Mrs. N. D. Steeie, presided over a brief business session in which the minutes were read and wrap-up reports were heard from officers and committees.

Mrs. Rufe Jordan conducted the installation of officers using art as her theme and presented the in-coming president with a canvas on which she is to paint a picture of the club activities throughout the coming year. The new officers were presented various pieces of painting equipment to be used in co-operation with the president to aid her in painting the picture. Each member received a small brush with her pallet shaped place-card that she may use to add a few strokes of her own during the year.

Officers installed were president, Mrs. Doyle Osborne; vice president, Mrs. E. L. Henderson; secretary, Mrs. Ross Buzzard; treasurer, Mrs. Weldon Carter; parliamentarian, Mrs. N. D.

Lone Star Clovers Presented Program On Bicycle Safety

Lone Star Clovers Club met recently in the Court House Annex for a program on "Bicycle Safety."

Astrological Forecast

By CARROLL RIGHTER

For SUNDAY, MAY 16
GENERAL TENDENCIES: A Sunday when a restless discontent is the part of practically everyone, so that it is more than ever necessary that one does really live the Golden Rule rather than merely mousing it in punctious fastidious. Use that self control that you have put aside for a rainy day for it's really here now.

ARIES (Mar. 21 to Apr. 19) — While you want to dash off to new outlets, this would leave much important work undone, so await a better time. Think in terms of waiting to follow only that which is lofty. Forget trivia.

Taurus (Apr. 20 to May 20) — Use your logic and good practical sense instead of relying on hunches which are quite erroneous. Pay no attention to the nervous remarks of loved one. Some problem may have him or her in a dither of some sort.

GEMINI (May 21 to June 21) — It will avail you nothing to be fearful with partners, since they are most opinionated at this time. Approach them on a lighter vein. They then respond very quickly and all is fine.

MOON CHILDREN (June 22 to July 21) — Take time from your work to assist another who is having difficulty with his or hers and you make a wonderful friend. Plus enough time for relaxation. Revitalize your body.

LEO (July 22 to Aug. 23) — Instead of worrying about your problems, find ways to lighten their burdens. Know that there is no problem so big you cannot solve it intelligently. Keep that smile ever present.

VIRGO (Aug. 24 to Sept. 23) — Close ties expect much thought and assistance from you, and this is a good day to prove your devotion. Show a happy exterior. Make your abode a veritable haven of rest and comfort.

LIBRA (Sept. 24 to Oct. 23) — Care in driving is very important when out to visit relations, pals, et al whom you love. Think before you speak, too. Some thoughtless word could cut deeply. Be kind.

SCORPIO (Oct. 24 to Nov. 21) — Making heavy commitments at this time would prove quite disastrous later, so be careful. See that you maintain a sensible budget. Avoid spending for whatever is unnecessary or folly.

SAGITTARIUS (Nov. 22 to Dec. 21) — Rather than ask for further backing do whatever will show you are grateful for favors in the past. Improve your health and stand more on your own two feet. Get ahead faster.

CAPRICORN (Dec. 22 to Jan. 20) — Although others may be imposing on you, do something about it instead of whining. Be sure to execute obligations conscientiously. Don't leave yourself wide open for further trouble.

AQUARIUS (Jan. 21 to Feb. 19) — Seek recreation as you see fit and don't rely on pals who are not in a very good mood right at this time. New social group can be very inspiring. Join them.

PISCES (Feb. 20 to Mar. 20) — Do nothing that will tend to ruin your good name since others are in a very critical mood or not even thinking straight. Fortify yourself spiritually. Get into civic work.

IDEAL TINY WRAP
A pale, soft fur, such as blue fox, makes an ideal tiny wrap for spring. And don't put it away for the summer. You'll be glad to have it for that air-conditioned dining.

Mrs. Fagan to Lead Music Teachers

WILL LEAD ASSN. — Guiding the activities for Pampa Music Teachers Association the coming year will be, pictured left to right, Mrs. Fidelia Yoder, vice president; Mrs. Lois Fagan, president, and Mrs. W. M. Cooper, treasurer. These officers were installed at a Tuesday meeting of the Association along with Mrs. Royce Rasco, secretary, who is not pictured.

Pampa Music Teachers Association met Tuesday morning in the home of Mrs. Fidelia Yoder, 1215 William, for the installation of new officers for the coming year.

Installing the officers was Dr. Gladys Glenn of the Musical Arts Conservatory in Amarillo. She conducted the ceremony following a morning coffee and short business session conducted by

the out-going president, Mrs. W. A. Fuller.

New officers installed were Mrs. Lois Fagan, president; Mrs. Fidelia Yoder, vice president; Mrs. Royce Rasco, secretary, and Mrs. W. M. Cooper, treasurer.

Following the installation ceremony, a program of two piano music was brought by two other guests from Amarillo, Mrs. Mary Lou Stockdale and Mrs. Ruth Thurman, who are both piano teachers. They presented the following numbers: "Prelude" by Bach; "Waltz From The Suite" by Arensky; "Russian Picnic" by Enders; "Manana" by Brown, arranged by Gould; "Celebration from Billy the Kid" by Copland and "March Heroic" by Saint Sans.

Mrs. Fuller expressed her appreciation for the cooperation of all members during the past year, and was in turn presented a gift of appreciation by Mrs. Fagan in behalf of the group.

For the noon luncheon, the group went to Jackson's Cafeteria, where Mrs. Yoder and Mrs. Carl Shafer were hostesses and were in charge of table decorations which included a floral centerpiece of peonies and iris, matching yellow candles, place cards and napkins, as well as individual favours of a columbine blossom in a tiny basket.

Besides the above mentioned guests from Amarillo, the following members were present: Mr. Tracy D. Cary, Mrs. W. M. Cooper, Mrs. Lois Fagan, Mrs. Fuller, Mrs. Charles Parr, Mrs. John Price, Mrs. Calvin Whately, Mrs. Ramon Wilson, Mrs. Royce Rasco, Mrs. Shafer and Mrs. Yoder.

CASS-LANGLEY — Mr. and Mrs. J. Brady Davis of Mobeetie, former Pampans, announce the engagement and approaching marriage of their granddaughter, Mary Sue Cass, to Dale D. Langley, son of Mr. and Mrs. Carson Langley of Clinton, Okla.

Use a vacuum cleaner to remove dirt and dust from edges of aluminum window screens.

Mrs. Shotwell Gives Program Resume For Altrusa Club of Pampa Members

The noon meeting of Altrusa Club of Pampa was held Monday in Coronado Inn. The presiding officer was Emily Coston, president. It was announced that Carolyn Tucker, daughter of Mr. and Mrs. W. F. Tucker, the May Altrusa girl, was not able to be present.

Reports from officers and committee chairmen were heard. The meeting was turned to Libby Shotwell, program coordinator, who said, "The year is coming to a close and in this evaluation program we are remembering today some of the good programs we have had throughout the year. Our thanks go to our officers, especially our president, our standing committees and members who have helped us to have one of our best years. At the end of the year, our business friends take inventory to see what have been best sellers. Today, let us look

at our programs. Then we are going to ask you to write the three programs you most enjoyed during the year and to offer any suggestions for better programs next year. Also, any criticism or compliments on this years work will help us."

Mrs. Shotwell then gave a resume of each program giving her own evaluation and passed out forms for each member to list her favorite programs and add compliments and criticisms. In conclusion, she stated that the next two meetings will be in charge of the Vocational Services committee with Dorothy Tooley and Floy Heath as leaders. "The final meeting of the year," she said, "is our annual meeting with reports of standing committees and installation of new officers."

Mrs. Foster's Students Give Recital

Mrs. Joe R. Foster presented students in a spring recital May 9 at 2:45 p.m. in the lower auditorium of First Baptist Church.

The "Fancy Music" musical program consisted of classical, semi-classical, patriotic, religious and popular numbers.

Multi-colored Japanese fans styled in rose shades of net and festive ribbon formed the background for the program, and was enhanced by a spot-light. Miniature fans were attached to each program.

Some 100 parents and guests attended the recital.

Those performing were Linda

Hunt, Mike Cook, Angie Madrid, Naomi Elweiss, Kathy Gallman, Toni McLennan, Susan Hunt, Judy Leonard, Charles LaFever, Kay Hicks, Jay Earnest, Linda Harris and Connie Parish. A special feature was the presentation of "Charade," arranged by Mancini by Judy Utzmon, former student of Mrs. Foster.

NEW NAVY INVASION
Navy with touches of white or gandy or lace will be one of the highpoints of both the spring and summer season. It turns up everywhere from dressy to sportswear.

MEMOS FROM YOUR STYLIST

by Jackie and Edna

Women plagued by oily hair should be wary of scalp irritation due to overly-ambitious attempts to cleanse it. Brushing highly beneficial, of course, in that it breaks up heavy oil concentrations at the hair roots. It is a good idea to keep a spare brush on hand so that a clean one is available for use at all times.

Tight hats and scarves and taut, snug hair-styles are best avoided as they tend to lessen scalp ventilation. Unusual oiliness often results in dandruff, reason enough not to ignore any practical care and control of this condition.

Also, do not ignore the fact that we can advise you on a number of ways to effectively control this problem. Our operators and stylists will be happy to recommend hair styles that will simplify grooming. Make your appointment soon at BOB-ETTE BEAUTY SALON, 2110 Perryton Parkway, Phone: MO 5-3591. Six Operators to serve your every beauty need . . . Plenty of Parking.

THIS WEEK'S HELPFUL HINT: If nail polish has thickened, add a drop or two of cologne or perfume. It will again flow freely and be nicely scented.

El Progreso, La Cultura Clubs Hold Joint Installation

(Photo by Peggy Jo Orman)

EL PROGRESO OFFICERS — Pictured left to right, are Mrs. Bruce Riehart, treasurer; Mrs. Verl Hagaman, president; Mrs. H. B. Hamilton, secretary; Mrs. Kermit Lawson, vice president; Mrs. Lonnie S. Richardson, Federation counselor, and Mrs. V. J. Drew, installing officer and parliamentarian. The group was installed as officers for El Progreso Club Tuesday at a joint installation ceremony with La Cultura Club held in Lovett Memorial Library. Not pictured is Mrs. F. R. Spears, reporter.

(Photo by Peggy Jo Orman)

RECENTLY INSTALLED — Officers for the coming year for La Cultura Club were installed Tuesday morning in Lovett Library: Serving the club will be, left to right, Mrs. Max Patton, vice president; Mrs. Douglas Luedecke, secretary; Mrs. Coy Don Mitchell, president; Mrs. Malcolm McClelland, reporter-historian, and Mrs. John Ellis, parliamentarian. Not pictured is Mrs. William R. Chaffin, treasurer.

La Cultura Club was hostess said that people had helped him to make the adjustment. The educational system in Brazil is set up for a total of thirteen years of study in grade school, junior high school, and high school. Peter said in describing schools in his own country. "Free public education is competitive but private schools are also available," he continued. "The twenty-two states in Brazil each have their own university." Peter then told of his plans to study medicine and to specialize in neurosurgery.

Following the coffee, Mrs. J. B. Veale, American Field Service representative, introduced Peter Kaddoum, Pampa's American Field Service student from Rio de Janeiro, Brazil. Peter compared American family life with Brazilian family life. He talked of the problems of mastering our language and customs in the community but

try's history. "Since then we have had independence under emperors and a king until now when we are a democratic republic. Our constitutional government is established on the same system as the United States with a president, bicameral congress, and a judiciary.

WILLIAMS - EVERHART — May 28 has been set as the wedding date for Miss Cecille Williams and Tommy Everhart, according to an engagement announcement made by the parents of the bride-elect, Mr. and Mrs. Cecil H. Williams of 1321 N. Duncan. The prospective bridegroom is the son of Mr. and Mrs. Clifford Everhart of 2118 N. Zimmers, in whose home the wedding will be solemnized.

MILLER - HAMILTON — Betrothal of Miss Kay Miller to Robert Hamilton of Amarillo is announced by Mr. and Mrs. T. E. Miller of 505 N. Ward, parents of the bride-elect. Mr. and Mrs. R. W. Hamilton of Anchorage, Alaska, are the parents of the prospective bridegroom. Wedding vows will be exchanged June 16.

'Plain' Liz Ashley Doomed for Stardom Role

By DICK KLEINER
HOLLYWOOD (NEA) — It seems an odds-on bet that Elizabeth Ashley will be a big star. In fact, she practically is already. This development may feel the institution of Hollywood stardom a severe setback, because Liz Ashley is as far removed from being a "star" as Mico Sietung is from the presidency of the NAM.

To begin with she doesn't look the part, and she is the first one to admit it. "I'm not very pretty," she says. "I have too many elbows." That, of course, is a matter of opinion. In the conventional sense of prettiness, Liz isn't pretty. Her features all seem to be sharp and pointed. But when they are thrown together and lit up by her wit and charm and

eager eyes, the total effect is delightful. Still, stardom is more than physical delightfulness. It encompasses a magical quality which, again, Liz feels she does not possess. "Star," she says, "are those big and beautiful and clean and wonderful people. Sophia Loren is a star. Elizabeth Taylor is a star. And Audrey Hepburn —

she walks on clouds, that lady. I'm not like that." Perhaps not. There can be no doubt that she doesn't walk on clouds. Her two feet are firmly planted on the earth and possibly therein lies most of her charm. She is a relatively uncomplicated, down-to-earth sort of girl. Her close brush with stardom has not, apparently, altered her life very much. She lives mod-

estly, even conservatively, with a few exceptions. "Contrary to what has been printed," she says, "I went to Europe because I was very says, "are buying crazy things like an old private chest — one week off. I spent that time and airplane tickets. I love to travel. But I like to stay home around, and I turned down even and cook, too. Not just lamb chops, though — I like to cook things like stuffed pheasant. And do you know how expensive pheasants are? I think my grocery bills have gone up more than anything else since I began making good money."

At 25, Liz Ashley has eight solid years of work and experience behind her. She came to New York from Florida at 17, took jobs as a waitress and folk singer while learning her trade, quickly established herself on the Broadway stage and worked constantly. Her first movie was "The Carpetbaggers," and after that she ran off to Europe for four and a half months.

She plays a potential suicide, with Sidney Poitier as a man trying to talk her out of it. She is in demand here for many films. And she is still wanted on Broadway, where she helped carry two plays — "Take Her, She's Mine" and "Barefoot in the Park" — to long runs. But she prefers the

movies these days. "Broadway," she says, "is more commercial than Hollywood now. But I really would rather work on the stage. In a film the director is the painter, who dips in a pot of paint. On stage, the actor is the painter. And anybody would rather be a painter than a pot."

Her Highness, Stefanie Powers

HOLLYWOOD (NEA) — At 22, Stefanie Powers is impatient. And she thinks she has good reason to be. "Many people have told me," she says, "that I won't live to old age."

Amazing. They're going to make a movie out of the Broadway smash, "Never Too Late," and the two leads in the play — Paul Ford and Maureen O'Sullivan — will play the leads in the picture.

"No, I won't do drama," he says. "I think a man should find his forte and stick to it. I find comedies."

Too much ambition is often a mistake. At this point, I don't have any ambition to do anything except comedies.

The words of fortune tellers and sooth-sayers are taken seriously by the beautiful young actress. In the past, their prediction for her have been, she says, quite accurate. She has also dabbled with such things as yoga, metaphysics and extra-sensory perception.

Comedies. "No, I won't do drama," he says. "I think a man should find his forte and stick to it. I find comedies."

When she came to the part about the opening of King Tut's tomb, something quite strange happened. "There was an unusual odor," she says, "and a feeling of dampness. And on my feet I felt the sensation of wearing peculiar leather sandals."

Their responses to technical questions revealed little that had not already been supplied by news reports from the USSR in recent weeks. But as they answered in Russian viewers were able to study the men themselves.

When she came to the part about the opening of King Tut's tomb, something quite strange happened. "There was an unusual odor," she says, "and a feeling of dampness. And on my feet I felt the sensation of wearing peculiar leather sandals."

They tipify the new breed of scientist-adventurer of the second half of the 20th century both in the USSR and the United States, reminders that courage and the scope of man's accomplishments know no national boundaries.

When she came to the part about the opening of King Tut's tomb, something quite strange happened. "There was an unusual odor," she says, "and a feeling of dampness. And on my feet I felt the sensation of wearing peculiar leather sandals."

Somehow, watching this show, these men were not Russians or even Europeans. They were earth men in space. In that respect they belong to all of us, East and West. They are brilliantly trained, capable in dividuals.

When she came to the part about the opening of King Tut's tomb, something quite strange happened. "There was an unusual odor," she says, "and a feeling of dampness. And on my feet I felt the sensation of wearing peculiar leather sandals."

LOCATION SWITCH
HOLLYWOOD (UPI) — A switch in plans calls for "Ready for the Tiger" to be filmed in Mexico instead of Hong Kong — financial reasons.

When she came to the part about the opening of King Tut's tomb, something quite strange happened. "There was an unusual odor," she says, "and a feeling of dampness. And on my feet I felt the sensation of wearing peculiar leather sandals."

LOCATION SWITCH
HOLLYWOOD (UPI) — Although they have been friends for almost 20 years, Jerry Lewis and Tony Curtis will work together for the first time co-starring in "Boeing, Boeing" for Hal Wallis.

58TH YEAR

Cabot Announces New Promotion

Promotion of David L. Phillips to Pampa district geologist for Cabot Corp. was announced Saturday by Joseph E. Reid, Oil and Gas exploration and production manager. He succeeds A.B. Cockburn, who has been transferred to Midland in the same capacity. Phillips received his B.S. Degree from the University of Cincinnati. Since 1951 he has done geological work throughout the Southwest. He has been a geologist for Cabot in Pampa since January 1962. The Phillips reside at 1001 N. Sumner.

1 Card of Thanks 1

HOMER GLENN SCHERER
In by Father's house are many mansions, if it were not so, I would have told you to go to Texas a place for you: John 14:1-2.

Our thank you to the many dear friends who came to the home going of our beloved Homer Glenn Scherer, who passed away on May 14, 1965. We are grateful to all who came to the funeral home for his loved ones to abide.

Our thank you to the many dear friends who came to the home going of our beloved Homer Glenn Scherer, who passed away on May 14, 1965. We are grateful to all who came to the funeral home for his loved ones to abide.

Our thank you to the many dear friends who came to the home going of our beloved Homer Glenn Scherer, who passed away on May 14, 1965. We are grateful to all who came to the funeral home for his loved ones to abide.

baths, within 1/2 block of Woodrow
Wilson school, \$7,500. MLS 129.

HAVE a 3 bedroom home in Miami
for sale or trade for small home
in Pampa. Make us an offer. MLS
902.

BEDROOM home close in on West
Kingsmill, double garage 120H.

CLEAN 3 bedroom home, 536 Mag-
nolia. Owner has applied for FHA
appraisal.

BEDROOM home, utility room, 30'
enclosed back porch, garage at-
tached, very close in on Crest St.
and priced to sell.

LOTS on corner of Doyle and
Browning, 1 block off Alcock. MLS
126L.

HOUSES on corner 100 ft. lot, the
main house is 3 bedrooms, adequate
for large family, newly redecorated,
complete electric kitchen. Com-
pletely attractive kitchen. Com-
pletely wired and draped. Inter-
com system. Year-round climate
control. Large patio and lovely
fenced yard. This is a dream
home come true! MLS 933.

EYE APPEAL
You'll fall in love with the at-
tractive exterior of this 3 bed-
room brick and when you step into
the tiled entry, and see the
spacious rooms, you'll know this
is what you have been looking for.
Floor plan allows den and
living room to be separate or used
together for entertaining large
groups. Complete electric kitchen,
1 1/2 baths. Fenced yard and double
garage. MLS 108.

PERFECTION
You'll look high and low, but
you'll find nothing wrong with this
attractive 3 bedroom brick,
attached garage. Cheerful den,
kitchen combination, 1 1/2 baths,
nearly new carpet in living room
and hall. Custom drapes, Fenced
yard with beautiful blue-green
lawns. You'll love to paint
or clean! This one is ready to
move into. And it's easy to do
on a low down payment. You
won't be glad you did. 1252C

EXTRA FEATURES
Many extras go with this 3 bed-
room, 1 1/2 bath home. Features
include central air conditioning,
built in range, TV antenna,
washer and dryer, fenced yard,
extras alone worth much more
than the low move-in cost. MLS
127.

LOCATION
This very attractive 3 bedroom
and den is in an ideal location.
Very close to schools, shopping,
Extras include air conditioning,
ditcher and drapes. Nice fenced
yard with overhead storage. Many
nice features about MLS 126.

"HOMEY" HOME
This you will be pleased with
MLS 122. This large 3 bedroom
brick has the comfort and charm
that makes pleasant family liv-
ing. Tile entry, electric cook-top
and oven. All drapes and carpets
included. Has patio and fenced
yard. New lawn if desired.
