FIRST TRAFFIC MISHAP TAKES GOAD'S LIFE

SIDECAR HITS BUMPER OF MACHINE AT LEGION

Pampa's first traffic fatality of 1936 was recorded yesterday when Basil Ray Goad, 24, died in a local hospital of injuries received Saturday night when the motorcycle on which he was riding struck a parked car on West Foster avenue.

The accident was witnessed by Rex Rose, Mickey Ledrick, D. C. Turner, and Elmer Wade, who were driving in a car behind the motorcycle. Goad was going west on Foster avenue after 11:30 o'clock Saturday night when he swerved too close to parked cars, the sidecar striking the bumper of one of the cars. The motorcycle dashed into the middle of the street where it turned over. Goad was thrown to the pavement, witnesses reported.

Arguments Heard At Hamlin Trial

FARWELL, Feb. 3 (AP)—Summations of evidence began today in the murder trial of George S. Hamlin, who is accused of the hammer slaying of his wife at Amarillo January 4, 1935.

Witnesses said an explosion occurred when the motorcycle and automobile crashed, hurling Magness several feet from the wreckage. Persons who rushed to the scene did not know Poe was trapped beneath the wreckage until he had burned to death.

Eccles Appointed To Four-Year Term

WASHINGTON, Feb. 3 (AP)—President Roosevelt today designated Marriner S. Eccles of Utah chairman of the board of governors of the federal reserve system for a term of four years.

The president personally handed commissions to five members of the Federal Reserve Board today. Today, they began active duty today. They called at the White House executive offices to be greeted by Mr. Roosevelt before beginning work.

Eccles, who will serve as chairman for four years, was appointed for a four-year term. He also headed the old board.

BORGAN SLAIN; OFFICERS HERE SEEK GUNMAN

PAMPA GIRL IS HELD AS A MATERIAL WITNESS

Pampa officers are cooperating in the Panhandle-wide search for the unidentified slayer of Fred English, middle-aged Borgor man who was shot to death near Saturday midnight.

No arrests had been made at noon in the case, according to Borgor officers. Three girls are being held as material witnesses at Borgor. One is from Pampa.

English was shot at his hotel in the 900 block on Whittenburg street in Borgor. He had been called to a room in connection with a bill incurred by two guests. As he walked from the room, according to the accepted version, a single bullet pierced his chest, entering slightly in front of the right arm pit and emerging slightly back of the left arm pit. He walked a short distance before collapsing, and died before an ambulance reached him.

English is survived by his wife, who was in Hobbs, N. M., at the time of his death. Leona Neland, and his mother at New Concord, O. He had lived in Borgor since boom days.

Boy Scouts Will Be Advanced at Court of Honor

Many Boy Scouts will be advanced tonight at a court of honor in the courthouse.

Special guests at 7:30 p. m. will be trustees and faculty members of the Pampa independent school district. J. M. Daugherty, vice-president of the school board, will preside over the court. He is active in Scout affairs at Hoover.

Scoutmasters will meet at Scout headquarters in the city hall at 7 p. m. to discuss observance of Scout anniversary week, which will open Friday.

Executive C. A. Clark was to talk to local ministers at luncheon today concerning Boy Scout work.

Scout districts at Pampa, Panhandle, Borgor, Memphis, Wellington, Perryton, and Spearman have finance plans well under way. Drives have gone "over the top" at Wellington and Memphis recently. Boyd O'Neal, deputy regional executive of Dallas, spent most of the month of January helping this council. He is now in Austin.

REDS ACCUSE JAPANESE IN COMMUNIQUE

'Any Impartial Committee' Is Invited to Investigate Border Incidents.

BY JOHN LLOYD
(Copyright, 1936, by The Associated Press.)

MOSCOW, Feb. 3.—The high command of the soviet far-eastern army accused Japanese and Manchoukuan troops, in a communique today, of taking up a position facing the soviet border and sending scouts into soviet territory.

The scouts were compelled to retire back to the Japanese-sponsored state of Manchoukuo under the fire of soviet frontier guards, leaving one of their number dead, the communique said.

The announcement invited "any impartial committee" to investigate the incidents which have been occurring on the border between the soviet far eastern territory and Manchoukuo, promising the full cooperation of the communist military organization.

Issuance of such a communique by the army high command is a very unusual procedure. In this case, the communique was dated from Khabarovsk, capital city of the far eastern territory on the lower Amur river, and was made public today in Moscow.

It disclosed that three soviet soldiers were killed and seven wounded in a clash with Japanese-Manchoukuan troops Jan. 30, in which hand-to-hand fighting occurred.

Japanese-Manchoukuan scouts crossed into soviet territory and were driven back Feb. 1, the communique said, the same date that two companies of Japanese-Manchoukuan troops took up a position on the border.

Both incidents occurred in the Grodekovo region, where, soviet accounts said, a company of Manchoukuan soldiers surrendered to the soviet and was interned Jan. 29 after rebelling and slaying four Japanese officers.

Whether a Gray county library is feasible as a project will be discussed tomorrow evening by the Kiwanis club at LeFors.

The club will meet at 7:30 p. m. Several persons familiar with such projects will be asked to discuss the proposal.

TO NAME COMMITTEES
Junior Chamber of Commerce committees for this year will be named at the noon luncheon tomorrow by the new president, "Skeet" Johnson. A full attendance of members is expected for announcement of the committee members.

FARM PLAN IS APPROVED BY HOUSE GROUP

SENATE PASSES DEFICIENCY BILL WITH AAA BENEFITS

WASHINGTON, Feb. 3 (AP)—The senate today passed and sent to conference with the house the \$367,770,000 deficiency bill carrying \$296,185,000 for farm benefits under old AAA contracts and \$12,278,375 for expenses incident to paying the bonus.

Action was taken shortly after the house agriculture committee approved a combined temporary and permanent substitute farm plan for the invalidated AAA.

The amount for paying AAA contracts already had been approved by the house but other amendments to the deficiency bill, including the bonus now will necessitate sending the measure to conference to reconcile differences.

WASHINGTON, Feb. 3 (AP)—President Roosevelt proposed to congress today the "prompt repeal" of the Bankhead compulsory cotton control act, the Kerr-Smith act, and the potato act of 1935.

In a message to congress, the president said "this recommendation is made because of the termination of the program of agricultural production adjustment" to which "the three acts mentioned were auxiliary."

His terse message came as a surprise to capital hill (about 80 words). "I recommend to the congress the prompt repeal of the act of April 21, 1934, as amended, known as the 'Bankhead cotton act', of the act of June 28, 1934, as amended, known as the 'Kerr-Smith tobacco act', and of title two of the act of August 24, 1935, known as the 'potato act of 1935'."

This recommendation is made because of the termination of the program of agricultural production adjustment under the act of May 12, 1933, as amended, known as the 'agricultural adjustment act', to which the three acts mentioned were auxiliary."

The AAA was declared unconstitutional by the Supreme Court. The Bankhead cotton act is in the Supreme Court for a test of constitutionality on an action brought by Governor Eugene Talmadge of Georgia.

The administration now is seeking enactment of a substitute farm program to replace the AAA.

WASHINGTON, Feb. 3 (AP)—In an opinion further clarifying the relationship between the federal and state governments, the Supreme Court held today that Maryland may tax preferred stock of the Baltimore National bank owned by the Reconstruction corporation.

The unanimous decision, applicable in all states, was delivered by Justice Cardozo.

Maryland's highest tribunal, the court of appeals, had held the stock subject to state taxation.

OIL EMBARGO DISCUSSED BY LEAGUE AGAIN

Ethiopia Claims Critical Situation on Southwest Front Has Ended.

BY CHARLES E. HARNER, Associated Press Foreign Staff.

The diplomatic phases of the Italo-Ethiopian war resumed prominence today as a League of Nations committee of experts met in Geneva to determine whether an oil embargo against Italy would be practical.

The league advocates long have held that the easiest way to preserve peace was to hamstring the sinews of war of belligerent nations under the league covenant which provides sanctions against aggressors.

With all one of the major sinews of the present day, the discussion over whether Italy is to be deprived of that commodity has for weeks past been one of the serious considerations league members have had to face.

As for the battlefield, Ethiopia was regarded as mainly interested in retrieving the southern areas taken by the Italians in their recent advance northward from Italian Somaliland.

From Addis Ababa marched 60,000 warriors to bolster up the forces of Ras Demtu who have failed to prevent the "hell on wheels" column from reaching a point 225 miles south of the nation's capital.

ADDIS ABABA, Feb. 3 (AP)—Ethiopian officials claimed today that Italy's army of Askari (natives) has been forced back to the plains of Neghelli, ending Ethiopia's critical situation on the southwest front.

The claim was advanced after the return of Gabre Mariam, minister of the interior, by airplane from Sidamo.

Dejazmatch Balcha, who accompanied the minister to Sidamo, remained there and it was understood he would share the command of the southwest armies with Ras Desta Demtu.

Balcha governed Sidamo province 20 years and created the nation's best professional army in that province.

High officials denied rumors that Ras Desta Demtu would be recalled. There is no indication that he has lost the confidence of his father-in-law, Haile Selassie, although it is generally conceded that he is most unpopular with the masses who regard him as avaricious.

Although the tension over the Italian advance in the south was lessened, the government recruited more soldiers to go to the south.

TVA Not Passed On By High Court

Others Are Missing; Score or More Injured

WASHINGTON, Feb. 3 (AP)—The Supreme Court ruled today that kidnaping of an officer to avoid arrest constitutes a violation of the Lindbergh kidnaping law.

The ruling was on an appeal by Arthur Gooch, sentenced to die for assisting in kidnaping two police officers at Paris, Texas, and transporting them into Oklahoma.

The unanimous opinion delivered by Justice McReynolds, was the first high tribunal has handed down concerning the Lindbergh law.

Others were feared to have perished and a score or more were injured, said a brief telephonic message from the Six Companies headquarters.

Ninety men were asleep in the dormitory when the blaze broke out. A high wind swept the flames thru the structure, and carried the blast to the mess hall and commissary, which were also destroyed.

No names were given in the report to the district headquarters. Parker dam is being built approximately 100 miles south of Boulder dam to divert a portion of the Colorado river into the \$20,000,000 aqueduct being built by the metropolitan water district of Los Angeles and nearby communities.

Search for bodies was immediately started by fellow workmen in the isolated construction village. The fire broke out at 2:30 a. m., and in a few minutes the dormitory was in flames, the victims being trapped in their bunks.

An appeal was sent out for doctors and nurses from hospitals along the 242-mile aqueduct. The fire is the first disaster in the huge construction project.

The fact that a prolonged winter dry spell allowed the desert sun to bake the frame dormitory and make it highly inflammable increased the seriousness of the blaze.

WASHINGTON, Feb. 3 (AP)—Provisions of a 1932 Louisiana law making retroactive changes in the method of paying off withdrawing members of building and loan associations were held unconstitutional today by the Supreme Court.

In an unanimous opinion delivered by Justice Roberts, the court reversed a ruling of the Louisiana Supreme Court holding the legislation valid.

Roberts said the law was not temporary but permanent. The provisions were challenged as an arbitrary redistribution of wealth by three owners of \$67,400 of stock in four associations.

The legislation was passed while the late Senator Huey P. Long dominated the state legislature.

Mr. and Mrs. Harry Lipsky, Mr. and Mrs. Sam Fenberg, Mr. and Mrs. B. H. Behrman and Sam Clayman will leave tomorrow for Mineral Wells where they will stay a week.

Blaze Is Put Out By Extinguisher
Use of a fire extinguisher yesterday afternoon probably saved considerable loss by fire at Pampa Tourist court, 119 North Purviance street, when gasoline being used for cleaning purposes ignited.

H. B. Carson, owner of the court, had the fire under control when the department arrived. Paper on the wall and ceiling of the bath house was destroyed.

Floyd Rainwater was cleaning clothing in gasoline, unaware that the heater was burning. The furnace igniter and Rainwater was burned about the face and head, but not seriously.

Few Arrests in City Are Made For Drunkenness
Pampans were "better" in January, despite the return of hard liquor. If records of police officers here may be used to draw this conclusion.

Arrests for drunkenness have been few. County officers made one such arrest during the week-end.

The monthly police department report shows a total of 29 arrests during January. These include 14 for speeding, 6 for overtime parking, 5 for other traffic violations, and 3 involving charges filed in other courts. Two men were released to the county. Prisoners worked 7 jobs, served 9, and were served 36 meals. Fines assessed reached \$212, including dog fees, and collections totaled \$138.

City building permits totaled \$8,940 for January. Three houses were moved here.

The municipal water department pumped 21,274,000 gallons in January for a daily average of 686,258 gallons.

Steel was being cut today for the city's new bridge east of the Sam Houston school. Concrete for the footings will be poured this week if weather permits. The work on the municipal race track stopped this morning when the temperature dropped.

NEW SERIAL STORY STARTS TOMORROW—GIRL FEATURED
When Julia Craig, 20-year-old office worker, made up her mind to become a professional singer, she had nothing in the way of capital except a great deal of determination and faith in her own ability.

Julia, heroine of the new serial, "The Strange Case of Julia Craig," beginning tomorrow in THE NEWS, gives up her job in a law office to become an entertainer. Because, as a beginning, she can find no other opening, she accepts a job singing on a gambling ship.

There she meets wealthy Tom Payson, who gambles for high stakes and usually wins. Payson appears to be deeply attracted by Julia. One night, after Payson has had an unusual streak of luck at the tables, Tony Latta, proprietor of the ship, warns Julia that she must find some way of detaining the young man until he has lost some of his winnings.

Instead, Julia tells Payson of these threats and, after an exciting scene, they escape in a speedboat. Julia decides not to return to the gambling ship.

Out of work, she again faces the dreary task of job-hunting. Unexpectedly she is asked to appear as the featured singer at a new night club. From her very first appearance there she is a success. Payson proudly introduces her to his friends, unaware that they snub her. Julia ignores these thrusts. Then comes the dramatic climax when the night club singer finds herself the central figure in a sensational mystery. Trying to shield another person whom she knows to be innocent, Julia involves herself deeper and deeper.

Three men, each of them in love with her, try to save Julia from the threatening danger—Payson, the wealthy playboy; Smith Garland, her employer, and Peter Kemp, young lawyer.

It is not until the final chapter that Julia learns, at last, to read her own heart and makes her choice. Then, in a thrilling scene, the charges against Julia are smashed and the guilty person apprehended. The conclusion is romantic, thoroughly satisfying.

"The Strange Case of Julia Craig" is by Nard Jones, author of the popular serial "Sun-Tan." Even more exciting than "Sun-Tan," this new serial is both a love story and a mystery. "The Strange Case of Julia Craig" begins tomorrow in THE NEWS.

EX-GRID STAR OF BRECKENRIDGE IS KILLED IN WRECK
BRECKENRIDGE, Feb. 3 (AP)—Aubrey Magness, legend of West Texas high school football and star of the state schoolboy championship in 1929, and Howard Poe, another Breckenridge youth, died in a high-way accident near here last night.

Magness led the Breckenridge team in the 0-6 championship game with Port Arthur played at Waco in 1929 on a snow-swept gridiron.

The two youths were riding on a motorcycle that was in collision with a machine driven by O. A. Hess.

Witnesses said an explosion occurred when the motorcycle and automobile crashed, hurling Magness several feet from the wreckage. Persons who rushed to the scene did not know Poe was trapped beneath the wreckage until he had burned to death.

Magness was rushed to Graham hospital but died two hours later. Hess was slightly injured.

Mrs. W. S. Garrett became the third fatality in this vicinity when the automobile in which she was riding with her husband struck a culvert near East Caddo.

WHISKEY TRUST CHARGED
WASHINGTON, Feb. 3 (AP)—Charging that a whiskey and bottle trust control the nation's liquor business, Rep. Fuller (D., Ark.) today introduced a resolution calling for an investigation of the industry. He proposed to set up a five-man house committee appointed by the speaker to make the inquiry.

Friends of Mrs. Tom Brabham, former Pampa resident now of Abilene, learned today of the death of her father, A. M. Vining, at his home in Rusk yesterday morning. Mr. Vining had visited here and is known to many Pampans.

WARNED

not to talk—afraid to keep silent, Julia Craig plays a desperate game in the thrilling new serial, "The Strange Case of Julia Craig."

(Read it in THE NEWS starting Tuesday—tomorrow.)

EDITORIAL

"THE TERRELLS ARE COMING, HEIGH HO"

"What's in a name?" "A lot," answer the office-seeking Terrells of Texas and they're right, too, judging from the record.

For the name "Terrell," as handed down from a pioneer Texas family, has a psychological appeal that is mirrored in the election returns.

The good year 1936 is not an exceptional election year and "The Terrells Are Coming, Heigh Ho, Heigh Ho," crowding close to the political lick logs. George Terrell, the Cherokee county squire and ex-Congressional anti-New Dealer, is found on the ballot again, this time seeking to be commissioner of agriculture; Sam Houston Terrell (isn't that a swell vote-getting moniker?) who didn't do so well in the comptroller's office to which he was elected something like eight years ago, and who resigned while in that office, has announced for it again. There may be other Terrells running for constable or justice of the peace in a half dozen Texas counties but if so, we haven't gotten the glad word yet.

A story is told, and we are sure it is basically true, that a barber named Terrell announced either for governor or United States Senator from an East Texas city quite a few years ago and just for fun friends paid his filing fee. That Mr. Terrell did no campaigning, didn't even have a card printed and spent the campaign period snipping away, as a good man should, in his barber shop. Yet when votes were counted it was discovered that the magic political name of Terrell had brought him in extent of 100,000 votes—sans platform, sans speaking tour, sans organization, sans everything! Presumably a number of voters thought they were voting for the original Terrell of Texas history, like some deep East Texans voted for Franklin Roosevelt, serene in the belief they were voting for Teddy!

The Journal doesn't suggest that any Texan vote against a Terrell simply because he is a Terrell and the name has been cluttering up the ballots so long as to be a shade irksome.

But neither do we suggest that any Texan vote for a candidate just because he does have the Terrell cognomen.

Measure the man and his qualifications, rather than the name.

And if a Terrell have the qualifications, all well and good.—Lubbock Journal.

Officers Seek Companion of Dead Kidnaper

FREDERICK, Okla., Feb. 3. (AP)—Officials turned to Texas today in search of an Oklahoma highway kidnaper whose companion plunged to his death Saturday night in the wreck of a stolen automobile.

Searching for the second of a pair of highwaymen who kidnaped Sam Ellis of DeWitt, Okla., and took his car, Sheriff W. A. McAfee of Frederick dispatched a deputy to a West Texas town. The sheriff said he had information that led him to expect an arrest.

McAfee said Thaddeus Mitchell, 30, Pampa, Tex., who was killed while driving Ellis' car, was identified as one of the kidnappers. The car overturned near Waurika, Okla.

The other occupants were in the car, but were not connected with the car theft, Sheriff McAfee said. They were Peter Morton, 35, Vernon, Tex., who was killed, and Ralph Stowe, 16, of Vernon, slightly hurt.

BEHIND THE SCENES IN WASHINGTON

WASHINGTON.—The American Liberty League's dinner, starring Al Smith, has started a perplexing argument among the politically minded element here which only time will decide.

Is the league an asset or a liability in the effort to defeat Roosevelt this year? Or is it merely a negligible factor, giving Jonett Shouse a good job and some wealthy men some fun spending their money?

Never before have the actual chief owners and managers of the nation's industrial and financial wealth publicly banded in such fashion to fight openly at the side of their lawyers and other representatives in a national political campaign.

In the past they have generally been content to stay in the background and pay the bills.

The question debated here is whether the average voter who knows that 40 or 50 billion dollars of wealth was represented at the recent banquet will feel that this effort bodes him good or whether he will instinctively distrust it.

League speakers all stressed the importance of their program to the common man, and Smith went especially heavy on it from the time he announced himself as speaking "for the great rank and file of the American people, to which I belong."

League chiefs think the prestige and wealth of its directors and backers will go far toward licking Roosevelt and that the attitude of the nation's big employers is bound to affect employe votes.

On the other hand, administration politicians generally sighed with relief after Smith finished his speech and opined that if that was the best the opposition could do, "we've got 'em."

They pointed to the banquet galaxy, which included Winthrop Aldrich, of Chase National Bank; Colby M. Chester, of General Foods; John W. Davis, of the Morgan interests; President Robert Fleming, of the American Bankers' Association; Chief Lobbyist Gadsden, of the power companies; two of the Guggenheims; Andrew Mellon's handy man, David A. Reed; Ernest T. Weir and other militant foes of organized labor; and at least 20 members of the du Pont family.

The New Dealers promised wide distribution of copies of Senator Schwelienbach's speech attacking income tax operations of Pierre du Pont and John Raskob and flaying those who control the league. They decided, in short, that the league and its tactics will be a big help in re-electing Roosevelt.

Would-be analysts of political trends would like to know whether the tag of "socialism" which Al pinned on the New Deal is a moth-eaten bogey in the popular mind or whether it is still as effective as it was in 1928, when Hoover said Smith's position on power was "socialism."

The question debated here now is whether the fact that Al was saying it made it a politically effective speech.

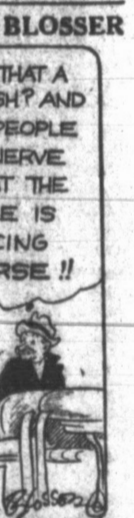

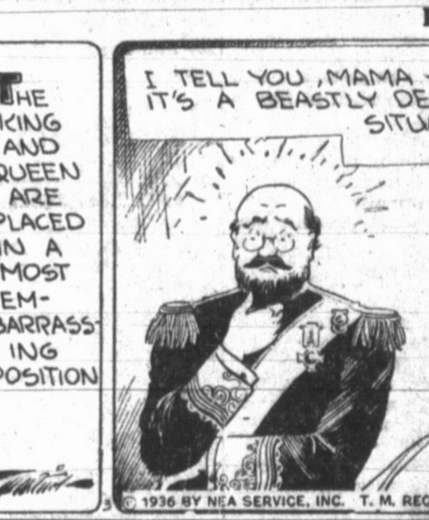

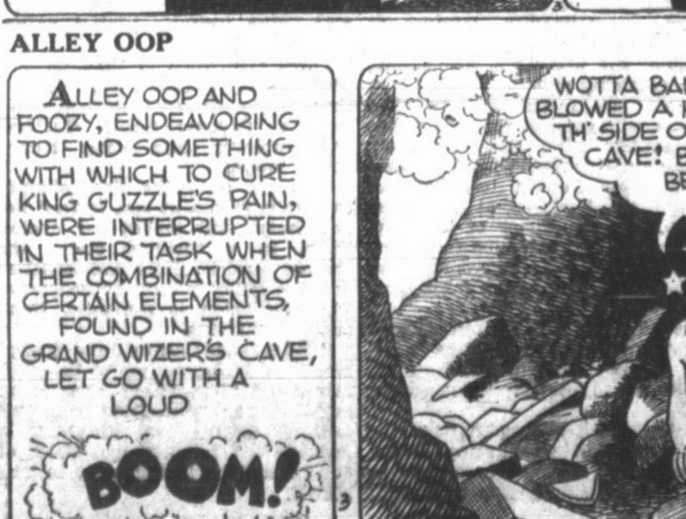

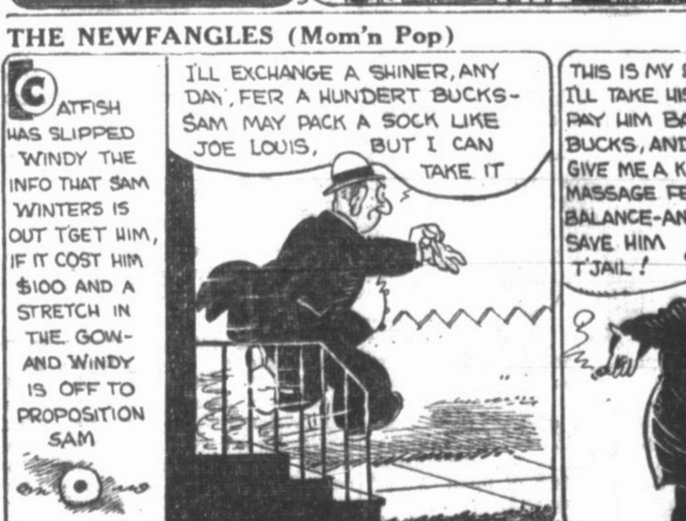

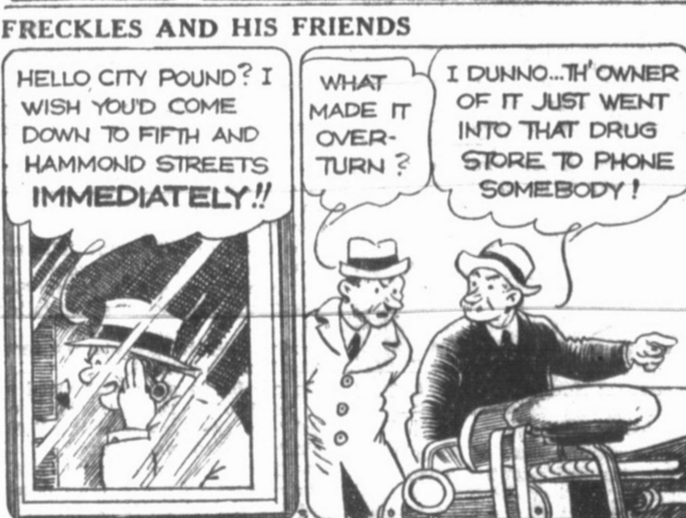

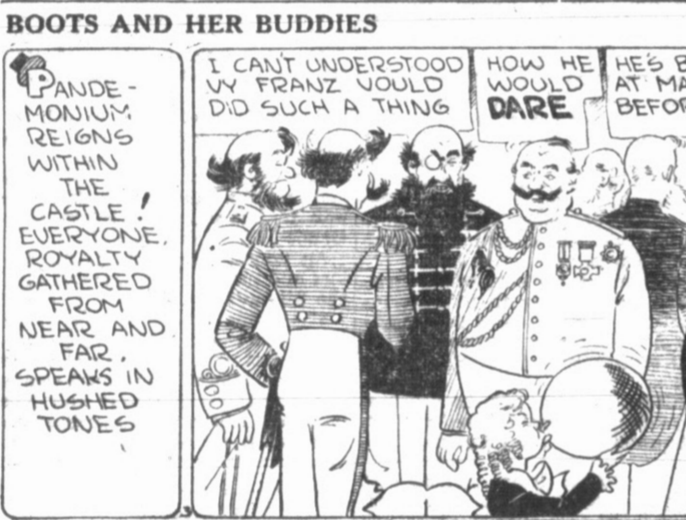

In other words, whether Al retains anything like his old popular following.

It's getting so that if a Louis fight approaches the end of the first round, Joe is suspected of carrying his opponent.

Proof that U. S. movie stars are popular in Japan is evidenced in that "Ay tank Ay go home" attitude of Japan's arms conference delegation.

Consensus of the nation's veterans probably is that it will take more than a typographical error to convert the president's vetoes into votes.

We hadn't realized how rapidly the new soil conservation measures were catching on until we noticed the condition of Willie's ears.

Phillips 66 Cagers Defeat Gibson 48 To 36 In Borger

ARKY VAUGHAN LEADS MAJORS IN STICKWORK

PROMISES TO BECOME NEW KING OF SHORTSTOPS

NEW YORK, Feb. 3. (AP)—Floyd (Arky) Vaughan was still toddling around the premises of his Arkansas home when John Henry Wagner last won the National League batting championship and ruled the realm of all big league shortstops.

Today, after a lapse of 25 years and as a pupil of the great Wagner, Vaughan is the champion batsman of the majors and in a fair way to become the new king of the shortstops.

The Pittsburgh infielder, who hit .385 last season, stands at the head of a class that no longer puts too much premium on defensive skill. There are exceptions but generally speaking the period has passed when a pennant-contending club can afford to carry a weak-hitting shortstop because of his fielding talent.

The shortstop of the champion Chicago Cubs, Bill Jurges, hit only .241 last season but topped all National League rivals on the defense. Bill Urbanski of the Boston Bees dropped from .292 to .229 but he won't be in there regularly this year if he doesn't do better.

Otherwise most major league shortstoppers now carry a punch. It is no longer uncommon to find them swinging from the heels in the cleanup spot. Vaughan is the most striking example of the new power.

Manager Joe Cronin of the Boston Red Sox is a cleanup clutterer. Billy Rogell, who won't hit base for Detroit Tigers not only tops the defensive list but wields a potent stick in the pinches. Bill Knickerbocker of the Cleveland and Luke Appling of the Chicago White Sox are .300 hitters. So is Cecil Travis, slated to move over to short from the base for the Washingtons this spring.

Leo Durocher, peppery shortstop of the St. Louis Cardinals, once was dubbed the "all America out" but he hit .265 last year, besides being runner-up to Jurges for fielding honors. Dick Bartell of the New York Giants didn't add the punch expected of him last season but he is a .300 hitter normally.

Linus (Junior) Frey of the Brooklyn Dodgers packs a long-distance wallop and Billy Myers is the lead-off hitter for the Cincinnati Reds.

Lyn Lary put on one of the biggest shortstopping come-backs last year. After being traded by Washington to the St. Louis Browns, Lary played sensationally under Rogers Hornsby's leadership.

Red Kress stepped in to do a fine job after Washington tried the finders' spring experiment and the finders' Travis is still a great third baseman.

The Red Sox may use Eric McNeil, late of the Athletics, at shortstop if Cronin finds he can shift himself to second base. The Yankees probably will rely on Frankie Crosetti again after giving Nolan Richardson a trial. Richardson was with Newark last year.

Both Philadelphia clubs plan changes. The Phillies expect Norris, St. Paul recruit, to fill the gap created by Blondy Ryan's release and Mickey Haslin's illness. The Athletics will conduct a scramble for this as well as most other jobs.

Windom Brothers in Star Role on Saturday

Looping points with abandon, the Phillips 66 basketball team from the south Pampa field defeated the Gibson Pipers, 48 to 36, in a free scoring game in the Borger high school gymnasium on Saturday night. The previous night the Pipers had downed the LeFors Pirate Pros, 27 to 19.

Fielding a team that looked like a combination of the Phillips 66 Oilers and Huber Blackfaces baseball teams of last season, the Pipers held the crack Pampa quintet to a close score until the final quarter when the Windom brothers, Tip and Slim, started hitting the basket high and low. Tip led the scoring with 14 points and was followed by Slim with 11 points.

Baseball stars on the Gibson roster included Conner, Beams, Swafford, Chody and Dye. Christian and Winkler were the baseball lights on the Phillips team.

Gibson held the Pirate pros well in check. Smith only scoring five points and Bronson one less. The Pipers broke into a second point lead that was never overcome.

ALL TEAMS IN SOUTHWEST TO PLAY IN WEEK

ARKANSAS IS EXPECTED TO TAKE OVER CAGE LEAD

Leaders in the Southwest conference basketball race resume play this week after two weeks of final examinations.

Standings near the bottom of the standings met in the only contest last week, but this week's five-game schedule will bring all seven quintets into competition.

The all Arkansas Razorbacks, favored to win the championship, will play their first home conference games at Fayetteville Friday and Saturday nights against the fourth-place Southern Methodist Mustangs. If the Razorbacks win both, as they are expected to do, they will have the jump on the leadership they now share with the University of Texas Longhorns.

The Longhorns should win their one game this week, but that will do them no good unless Arkansas loses at least one. The Longhorns meet the Texas Christian Horned Frogs at Austin Saturday night.

The Baylor Bears defeated the Frogs 41 to 24 at Waco Saturday night in last week's one meeting. It sent the Bears into fifth and the Frogs into six place. Baylor was mentioned in pre-season discussion as a contender for the championship, but got off to a poor start by losing two close decisions. Games with Rice at Houston Thursday night and with Texas A. & M. at College Station Friday night will give the Bears a chance to make good their early promise. If they win both, they will go into a tie with Rice for third place.

ECKHARDT LEADS HITTERS IN MINOR LEAGUES DURING 1935

DURHAM, N. C., Feb. 3. (AP)—Oscar (Ox) Eckhardt of the San Francisco Missions of the Pacific Coast league led all the "regular hitters in minor league baseball during the 1935 season. It was announced today by the press bureau of the National Association of Professional Baseball Clubs. His average was .399.

As a result Eckhardt will be able to take the Louisville slugger trophy, a full-sized, organized silver ball, to Florida when he reports to the Brooklyn Dodgers camp for his third major league trial. He previously has had tryouts with the Detroit Tigers and Boston Braves.

Although he was the head man in batting in all organized baseball last season, topping the major league leaders, Arky Vaughan of Pittsburgh and Buddy Myer of Washington, as well as the champions of the 20 other minor circuits, Eckhardt had to stand off two major challenges to win the trophy.

The Three-I league, hit well over 400 for most of the summer, but dropped to 384 after an ankle injury kept him on the bench for a long stretch. Duane Kratzer of the Caswell club of the Arkansas State league, a rookie, was Eckhardt's closest rival who fulfilled all the conditions. He was only two points behind with a .397 mark.

Other minor league leaders were: Hodgins, Fieldale, Bi-State, 397; Cobb, Fort Wayne, Three-I, 382; Ferrell, Richmond, Piedmont, 377; Pyle, Tyler, West Dixie, 368; Cooney, Indianapolis, American association, 371; Martineck, Scranton, New York-Pennsylvania, 369; Puciner, 111; Baltimore, International, 359; Wascle, Zanesville, Middle Atlantic, 357; Taitt, Nashville, Southern association, 355; Catchings, Muskogee, Western association, 350; Naron, Albany, Georgia-Florida, 349; Shilling, Fargo-Moorehead, Northern, 345; Harper, El Dorado, East Dixie, 344; McConek, Butler, Pennsylvania State, 344; Bruckner, Western league, 342; Weis, Fort Worth, 331; Joernda, Beatrice, Nebraska State, 331.

ALL-TIME TEAMS FOR TEXAS LEAGUE NAMED BY OFFICIALS

OKLAHOMA CITY, Feb. 3. (AP)—A semi-official all-time Texas league team was named here today at the annual league meeting.

It was the joint choice of Alvin Gardner, president of the league, and William B. Ruggles, historian and statistician, who had previously collaborated with J. Walker Morris and others with an even longer connection with the league.

Gardner, Ruggles, and Morris did not depend wholly upon memory and oral evidence. They went back into the records to make sure just what every man accomplished. As a result some players unmentioned heretofore in other selections, are named.

Two teams were named. One, the real all-time team, was selected on merit alone from long-time Wallace or a dazzling single season. The other was selected from the records for one year only—the player who had the best all-around record for any one position got the call.

Greatest team based on sheer merit in the league on either one season of outstanding work or continuous brilliant play over an extended period.

Pitchers: Joe Pate, Fort Worth; Charley Rose, Houston; Rube Robinson, Fort Worth; Alex Dugree, Fort Worth; Ed Donalds, Waco; Snipe Conley, Dallas; Paul Wachtel, Fort Worth.

Catchers: Pop Kitchens, Fort Worth, Beaumont, Houston, and Wichita Falls; Claud Robertson, Dallas and Beaumont.

First base: Clarence Kraft, Fort Worth. (Slight edge over Pat Newman, San Antonio and Houston.)

Second base: Frank Fuller, San Antonio, or Frank Trusdale, Houston.

Third base: Ben Shelton, Galveston, Houston, Corsicana, Temple, Cleburne, Waco, Houston, and Dallas.

Shortstop: Art Fletcher, Dallas. Left field: Ike Boone, San Antonio, Center field: George Whiteman, Cleburne and Houston, or Tony Thebo, Paris, Corsicana, Beaumont, Temple, San Antonio, Shreveport, Waco, and Galveston.

Right field: Tris Speaker, Cleburne and Houston.

Team based on performance in any single year: Pitchers: George Bristow, Galveston, 1907, right handed; Alex Dugree, Fort Worth, 1906, right; Rube Robinson, Fort Worth, 1911, left; Ed Donalds, Waco, 1914, left; Joe Pate, Fort Worth, 1921, left; Snipe Conley, Dallas, 1917, right; Dizzy Dean, Houston, 1921, right.

Catchers: J. "Nig" Clark, Corsicana, 1902; Bill Killifer, Houston, 1909.

First base: Irving Burns, Wichita Falls, 1930.

Second base: Earl Gardner, Austin, 1907.

Third base: Al Odell, San Antonio, 1916.

Shortstop: Art Fletcher, Dallas, 1908.

Left field: Ike Boone, San Antonio, 1923.

Right field: Tris Speaker, Houston, 1907.

'FAST BREAK' IS FEATURED AT OKLAHOMA

FAVORS CENTER JUMP FOR SUCCESS IT GIVES

By HUGH V. McDERMOTT (Written for the Associated Press) NORMAN, Okla., Feb. 3. (AP)—Here at Oklahoma university we have used the fast break in basketball whenever possible, preferring to take the defense on the move instead of waiting until the opposition has retreated and is set.

It is much easier to get through to the goal before the defense gets back than to penetrate a set defense, provided you have men who are fast and can handle the ball. However, there is the possible danger that this style of play may develop into the widely publicized "fire-department" basketball.

Changes To Material Some changes have been necessary from year to year to suit the material at hand. No team should be allowed to break so fast that the players can not handle the ball with precision. My material at Oklahoma has not been as well grounded as I would like in screening and fundamental footwork.

If the defense is back and set, the attack takes up the set plays as are used by any slow-breaking offense. To play a slow, deliberate offensive game with either one or two pivots, you must have men well grounded in that type of play—men who are physically and mentally able to carry on the play.

The new pivot-post rule affects our play only when the defense has retreated and set. The pivot man maneuvers about the 15-foot mark and handles the ball as in any slow-breaking offense.

Favors Center Jump I am in favor of the center jump and fell it gives the uncertainty and suspense that is part of the game. If there is too much crowding around the center circle, there always are two officials to call it. I can see little good in surrendering the ball to the opponents without an equal opportunity to procure it by hard work and ability. Especially is this true in the closing minutes of a close game where possession of the ball is of greatest importance.

If the teams that wish to save time would use what time they have now to make an interesting and fast game, instead of the "pull-bearer" type, they would find more and better satisfied customers.

My players never have needed a 10-second rule or a 3-second rule to make them play ball.

Due to the necessity for absolute timing and accurate execution of steps and turns by individual players, it takes much more time and practice to develop a slow style of play than the fast-breaking type.

OLYMPIC WINNER RETIRES WARSAW, Feb. 3. (AP)—Janusz Kusocinski, winner of distance events in the 1932 Olympics at Los Angeles, has been forced to abandon athletics because of water on the knee, which he contracted two years ago. He had hoped that extreme care would put him in shape for the 1936 games, but physicians said he would not be able to compete in Berlin.

HOT PLATE Urbana, Mo. (AP)—C. R. Gattliff lifted the lid on his heating stove to see how the fire was getting along. Some ashes blew into his throat. He coughed. Out popped his false teeth into the fire.

Basketball Over The Panhandle

Lamesa Wins Game LAMESA, Feb. 3. (Special)—Trailing through nearly three quarters, the Golden Tornadoes of Lamesa high school rallied in the fourth quarter to defeat the Hardin-Simmons university freshman cage team Saturday night, 22 to 20, for a sweep of the two-game series.

Lamesa won the Friday night opener, 28 to 15, but encountered considerably more trouble in the second game. The university cagers led after the first quarter, 12 to 11, and at half-time, 15 to 12. The Tornadoes tied the count at 19-all in the third period and held the visitors to a lone free toss in the last eight minutes.

Bristo, Lamesa center, and Francis, H-S forward, tied for scoring honors with 8 points each. Starting for the freshmen were Francis and Lightfoot, forwards; House, center; Newman and Whatley, guards. Lamesa's starters were Walker and Sandel, forwards; Bristo, center; Hilburn and Boswell, guards.

With tonight's victory, Lamesa showed a total of 599 points in the opposition's 326 for the season. Lamesa goes to Slaton for a game with the Tigers Tuesday night.

Tigers Beat Bucks The Groom Tigers eked out a narrow decision over the White, Deer Bucks, in a thrill-filled game January 24, by the score of 23 to 18 on the Groom court.

The Groom Tigers led all the way but the margin was but two or three points. The first quarter started by Kendrick and Dodd ringing up two field goals, but the Bucks came back and tied the count before the quarter ended.

The second quarter was a defensive battle with both teams missing field goals.

The score at the half was nine to eleven in favor of the Tigers.

Early in the third quarter both teams started a scoring spree, the quarter ended with the score in favor of the Tigers by a 18 to 16 score.

In the fourth quarter the Tigers scored two field goals and a free shot while holding the Bucks to a lone field goal.

This was the first conference game for the Bucks, while Groom had split a pair of Conference tilts with the strong Panhandle Panthers.

Last Monday night Allison came to Canadian to play the first of two games to determine the championship of Hemphill county. The Allison girls were right and won their game 39 to 20. Allison's boys were also scheduled to play but since they brought along only one suit; were unable to take the floor and automatically forfeited the game.

American Speed Skater Is Victor STOCKHOLM, Feb. 3. (AP)—Kit Klein, America's No. 1 woman speed skater, came through with 2 victories Saturday to take a commanding lead over rivals from six other nations at the opening of the women's world speed skating championships.

The Buffalo girl won as expected in the 500-meter race and then upset the pre-race calculations by turning in the fastest time for the 3,000-meter event. The double conquest gave Miss Klein the lead over the field with a low total of 115.30 points against 117.28 for Verne Lesche of Finland and 117.82 for Minkaoki Taki of Japan.

The all-time low record temperature for North Carolina is 21 degrees below zero; the all-time high, 108.

Greenberg And Frankie Frisch Handed Awards

NEW YORK, Feb. 3. (AP)—Baseball men continued their mid-winter "huddles" today, engaging in trade talk and the weighty details of schedule-making after being held up by good-natured quips at the New York Chapter of the Baseball Writers' association.

The thirteenth annual banquet, attended last night by a record turnout of 750 sports followers, was marked by an ovation to former Mayor James J. Walker as well as formal awards to Hank Greenberg of the Detroit Tigers and Frankie Frisch of the St. Louis Cardinals for outstanding achievements.

The presentation to Walker of an engraved plaque, recognizing his authorship of the Sunday baseball law in New York state, prompted the former mayor to pay tribute to the sport as an institution which "develops its energy, not to dragging down, but to building up and to sportsmanship."

"Things have changed a bit in the past few years," said Walker. "There was a time around here when my private life was a best seller. I'm happy to be back with my old friends and to recall that I was not only the father of Sunday ball in this state but that I had a part in reviving boxing, legalizing Sunday movies and 275 beer. You know, in those days, we had names for our legislative children. Now we 'brand' them."

Governor Harold Hoffman of New Jersey, who recalled he formerly was sports editor of a newspaper in Perth Amboy, N. J., but now the target of what he termed "editorial pop bottles," also was a guest speaker at the writers' banquet.

A telegram from President Roosevelt praised the "American institution of baseball" and felicitated the writers upon their part in building it up.

Greenberg, after receiving the award as the "player of the year" from President Will Harridge of the American league, revealed he had not yet signed his 1936 contract. The first baseman of the world champions said he expected "no difficulty" coming to terms, adding in jocular tone that "there's only a little matter of \$15,000 difference" on the subject between Manager Mickey Cochrane and himself.

Frisch, recipient of the award for outstanding contribution to the game over a stretch of time, suggested he might last five more years in active harness and hoped he would be in at least two more world series, thereby tying Babe Ruth's record of ten.

Charlie Trigg, freshman coach, and Blair Cherry, whose Amarillo Sandies are state high school champions for the second year in succession, were mentioned for Frisch's post. Matty Bell, head coach at S. M. U., conferred with Cherry recently before going east to attend the annual meeting of the National Football Coaches' association rules committee.

Allen Is Chosen Olympic Director CHICAGO, Feb. 3. (AP)—Dr. F. C. (Phog) Allen, Kansas university athletic director, will serve as director of American basketball affairs in the Olympic games.

Allen, ranked as one of the foremost contributors in the development of the game, was chosen at a meeting of the Olympic basketball committee yesterday.

Actual handling of the team which will represent the United States in the demonstration, will be given to the coach of the squad winning the national playoff finals at New York April 3-5. The coach of the runner-up will be named assistant to the head Olympic coach.

"IT RATES RIGHT AT THE TOP WITH 'MAKIN'S' SMOKERS OUT OUR WAY" SAYS BERT WEEMS... SPEAKING OF PRINCE ALBERT

NEW GET-ACQUAINTED OFFER (30 smokes on us if you're not pleased)

Roll yourself 30 swell cigarettes from Prince Albert. If you don't find them the finest, tastiest roll-your-own cigarettes you ever smoked, return the pocket tin with the rest of the tobacco in it to us at any time within a month from this date, and we will refund full purchase price, plus postage. (Signed) R. J. Reynolds Tobacco Company, Winston-Salem, North Carolina.

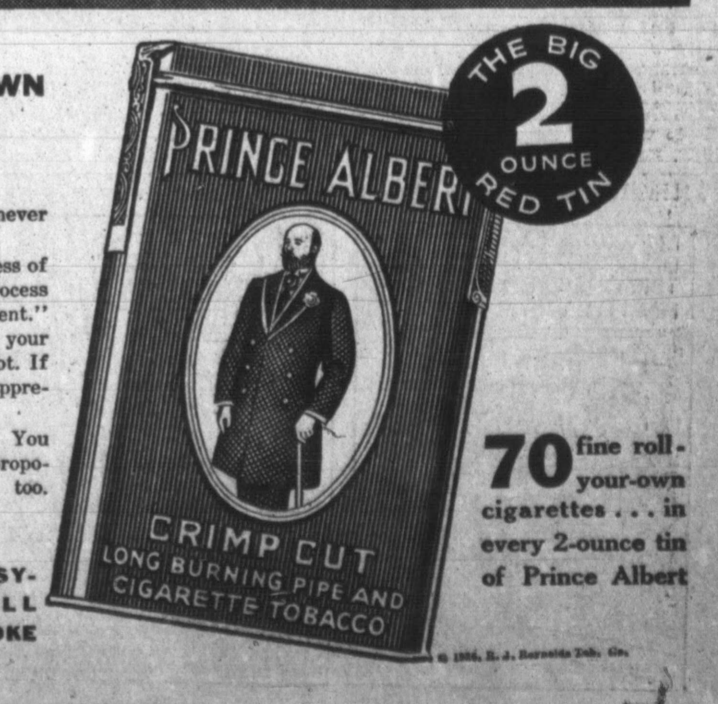

"THAT GOES FOR US TOO" SAY ROLL-YOUR-OWN SMOKERS OF PAMPA!

Bert Weems is noted for rolling a nifty cigarette. Turns 'em out in 14 sec. This is what he says in compliment to Prince Albert: "Prince Albert rolls so slick and easy, it almost rolls itself. It's packed right in, tin, so there's no spilled tobacco, no waste. And there's enough for 70 cigarettes in every two-ounce big tin. That rates Prince Albert right at the top with 'makin's' smokers out our way."

Real Man-Style Taste Too! "Prince Albert tastes right—rich and mellow," Mr. Weems continues. "It is the real joy smoke for roll-your-own cigarettes." You'll roll 'em quicker yourself with Prince Albert, and enjoy a mildness and good taste that you'd never met up with anywhere else.

For in Prince Albert there is all the mellowness of choice tobacco. Then the P.A. "no-bite" process is used to make sure that harshness is marked "absent." Prince Albert is "crimp cut"—lies right in your cigarette paper and doesn't blow all over the lot. If you're "choosy" about your "makin's," you'll appreciate Prince Albert.

Change to Prince Albert for your rolling. You don't need to risk a penny on our money-back proposition. Prince Albert takes kindly to a pipe too.

Investigations In Loeb Slaying Will Be Pushed

JOLIET, Ill., Feb. 3 (AP)—Prison conditions which enabled an inmate to slay Richard Loeb, one of the most notorious killers in Illinois history, brought promises of three new investigations today.

A preliminary inquiry into Loeb's slaying last Tuesday by State's Attorney William R. McCabe received new impetus yesterday.

McCabe said he would ask that a grand jury be convened at the earliest date to indict convict James Day, who admitted killing Loeb.

State Director A. L. Bowen of public welfare was scheduled to confer with Gov. Henry Horner today on the appointment of a citizen's prison investigating committee.

McCabe said he had received reports of the alleged plot to blow up the prison from Loeb's fellow convicts.

He reiterated he was not satisfied with convict Day's account of the killing of Loeb.

Boy Is Buried Alive as Sand Cave Collapses

SEAL BEACH, Calif., Jan. 3 (AP)—Jackie Ward's sobbing playmates told today how the 8-year-old boy was buried alive, forgotten and crushed to death while they frantically hurried in the sand to save a companion.

They thought he had gone home. Seven boys, the oldest 14, dug a sandhill cave near Anaheim.

Five, caught near the entrance, quickly freed themselves.

It's a good thing Jackie went home," someone said. Then Billy got his breath.

Political Announcements

Ernest Thompson Has an Opponent

HOUSTON, Feb. 3 (AP)—Goodson Rieger of Houston, who for nine years was deputy supervisor of the oil and gas division of the Texas railroad commission, today announced his candidacy for the democratic nomination for railroad commissioner.

Rieger will run for the post now occupied by Ernest C. Thompson.

Thompson is expected to seek re-election, and H. O. Johnson of Houston also has announced.

Rieger was born in Comanche county in 1895 and has spent much of his life in the oil fields.

The candidate said he believed he was thoroughly experienced and qualified for the position.

Dispatches from Eao Luiz, capital of the northern State of Maranhao, Brazil, say diamond mines have been discovered in the interior.

WAVE OF FREAK ACCIDENTS HITS MOVIE STUDIOS IN HOLLYWOOD

HOLLYWOOD, Feb. 3 (AP)—Municipal "Buster" Crabbe felt of his head often today just to make certain he still had it after a narrow escape from decapitation.

"Another inch and I'd have been the headless horseman," Crabbe said today.

Hollywood's professional knife thrower, Steve Clemente, doubled for Claudette Colbert in tossing the dagger at a post directly in front of Coleman.

The collapse of a huge glass swimming tank yesterday gave Crabbe his anxious moments.

A flying dagger came so close to Ronald Coleman on another set that it nicked his nose.

And pretty Frances Farmer has a quick-thinking technician to thank for prevention of a deadly camera magazine explosion.

Crabbe was doing under-water scenes for a picture, when the glass tank cracked under the weight of 15 tons of water.

Miss Farmer was near a huge camera when celluloid film caught fire in an act of straight magazine.

Cliff Shyrrpsir, a technician, noticed the smoke. He jerked open the door and dragged out the smoldering reels, burning himself severely.

Oral Admission Is Obtained in Kidnap-Robbery

SEMINOLE, Okla., Feb. 3 (AP)—Police Chief Jake Sims said today he had obtained an oral admission from "Humpty" Campbell, Seminole oil field worker, to participation in the kidnap-robbery Jan. 24 near Jefferson, Texas.

Campbell was arrested Saturday at his home here by Chief Sims who recovered an automobile and two valuable rings taken from the Murrays.

Mr. and Mrs. Murray were en route from their home to Trees City, La., when held up by three men who forced them to drive across the Texas-Louisiana line.

Islanders Get Supply of Food

WASHINGTON, Feb. 3 (AP)—The quaint fisherfolk of Tangier Island, cut off from the rest of the world in the ice-locked lower reaches of Chesapeake Bay, had a supply of food today to help them face one of the worst winters they can remember.

Drigible and plane yesterday dropped 1,800 pounds of food for the 1,500 natives and staffed off threatened distress.

The general health of the rugged islanders, said to be descended from 14 families of Cornish fishermen, was reported good.

A Goodyear company dirigible, piloted by Karl Lange, landed on the near shore yesterday and unloaded 1,000 pounds of provisions.

An airplane from Boston, Md., piloted by Forrest Wenyon, brought 800 pounds more.

BOLLING DIES. WASHINGTON, Feb. 3 (AP)—Roife E. Bolling, 74, president of the Liberty National bank here and a brother of Mrs. Woodrow Wilson, died today at Emergency hospital after an illness of several months.

DKG INITIATES SIX NEW MEMBERS AFTER GUEST LUNCHEON

SCHOOL HEADS ARE ASKED TO THE PROGRAM

CHAPTER ELECTS MRS. IRWIN AS STATE DELEGATE

Initiation for six new members and two associate members was conducted following a luncheon program of Delta Kappa Gamma society Saturday. Superintendents of schools in the county were special guests for the lunch at the Schneider hotel.

Mrs. Ewing Leech was the speaker. Her subject, The Heart of Education, she based on the aims and problems of education listed by the national Delta Kappa Gamma society. This program stresses the objectives of education, support of public education, and organization to obtain the most effective system.

Most of her talk was devoted to objectives of education and the responsibility of each teacher in realizing these aims. Closing, she compared teaching with the popular craft, knitting, in which one row is so small that no progress is evident to the worker, but by perseverance a succession of rows produces the finished garment.

In the business meeting, Mrs. Sam Irwin, president of the chapter, was elected delegate to the state convention scheduled for Mineral Wells in April. Miss Louise Orr of Panhandle was named alternate.

A vocal solo, Little Boy Blue, by Miss Loma Groom completed the luncheon program. The special guests were W. B. Weathered, county school superintendent, Supts. R. B. Fisher of Pampa, C. A. Cryer of McLean, F. L. Mize of LeFors, and George Heath of White Deer.

New members were initiated at city hall club Monday afternoon. Active members received were Miss Winona Adams and Mrs. C. J. Heath of Wheeler, Mrs. Elma Phelps and Miss Vida Cox of Pampa, Miss Rowena Hulise of Skellytown, Miss Ocella Hunt of Wheeler county.

The associate members were Mrs. J. B. Austin and Mrs. J. A. Meek. Present Saturday were all three of the chapter's honorary members: Mrs. C. T. Hunkapillar, Mrs. R. B. Fisher, and Mrs. Leech.

Active members present were Miss Ellian Abbott, Miss Jewel Conasin and Miss Frances Noel of McLean; Miss Anna Bell Cox of Borger, Miss Glauca Everly and Mrs. Carl Herod of White Deer, Miss Ethel Rice of Hereford, Miss Nuta Turner of Canadian, Miss Odessie Howell and Miss Orr of Panhandle.

Misses John I. Bradley, Anne Daniels, Sam Irwin, J. L. Lester, L. K. Stout, E. A. Hampton, Hol Wagner, Misses Alta Atkinson, Mary Idelle Cox, Loma Groom, Josephine Thomas.

BAPTISTS WILL SEND MEMBERS TO CONFERENCE

Church Reports Show Meetings Planned For Week

A large delegation of First Baptist church members is expected to go tomorrow to Amarillo for an all-day workers' conference of the Palo Duro Baptist association in San Jacinto church. The Rev. Joe Hankins of Childress will be the main speaker at the morning session.

The congregation of First Methodist church is invited to two meetings this week. One will be the regular session of the board of stewards this evening, which will be opened to the entire church membership. The other will be the mid-week meeting Wednesday, a covered dish supper and fellowship hour.

Judge Gee of Amarillo was the guest speaker at First Christian church yesterday morning while John S. Mullen, minister, was preaching at First Christian church of Amarillo. Other pulpits here were occupied by local ministers.

Attendance at Sunday school yesterday was near normal in all churches, despite bad weather. Announcement was made at First Baptist church that a new class for young women just over high school age will be organized next Sunday.

Presbyterian church had 116 in Sunday school. Central Baptist church 114. First Methodist church 401. First Christian church 338. First Baptist church 502 and 142 in B. T. U. classes, Francis Avenue Church of Christ 128. First Methodist church reported two new members received.

Annulment Paves Way for Wedding

A bride at 14, Dorothy Dudley (right), daughter of Bide Dudley, New York theatrical commentator, has obtained an annulment of her marriage to Theodore Kurus in what Broadway calls a preliminary to becoming the wife

of Playwright Sidney Kingsley (left), author of the hit plays, "Dead End" and "Men in White."

NEVER MIND THE LADY

Chapter 45 CHEERS!

He walked steadily, his head up. Allaire! Look down, look down that lonely road—His hand was on the door, he closed his eyes a moment, took a grip on himself and his strength, and then, eyes open, he walked in.

Rosa was standing near the bed. She looked up at that tall strapping young man on the threshold, and her teeth jumped out at him in a wide white smile. Willett's heart turned over a couple of times—Rosa wouldn't dare to smile if—

"Allaire!" he said tensely. He bent over her anxiously. Rosa was trying to draw his attention to a bundle in her arms, a funny blanket-wrapped bundle with something plump and alive and healthy-looking in it. Willett's face was a study in grimy uncertainty. There was a low laugh from the girl.

"And you're all right?" He couldn't seem to grasp it.

"Of course. Rosa was wonderful. And whenever—things seemed hard and I was frightened, I just reached out for your hand, darling, and—it was there—always."

She closed her eyes and smiled.

"And you put through the job, Oh Terry, your father must be so proud—" She couldn't seem to grasp that herself. To her it was wonderful.

"No prouder," said Willett a little unsteadily, "than I am of mine—"

"Cheers!" murmured Allaire. "The Willett Construction company." And she drew the rumpled auburn head down to her.

Test in 'Lost Laws' Mystery Will Be Heard

ANDERSON, Feb. 3. (AP)—District Judge E. W. Dean had agreed today to hear an application for a writ of Habeas Corpus as a test in the "lost laws" case.

State Representative A. T. McKinney prepared the application. T. J. Copeland, a convict, seeks his freedom on the grounds he is "illegally restrained by his woe because the laws in fact were never enacted," he has served four months of a two-year sentence for incest, one of the 180 statutes left out through a binder's error when the official code was published 11 years ago.

Freedom of 40 convicts rests on the outcome.

The state hopes to prove the intent of the legislature was apparent and that the omission should not be considered since it was due to error and not intent. The repealing clause of the code declares, however that all laws omitted were eliminated intentionally.

Tom Branch, Houston attorney who recodified the laws in 1925, expected to be a principal witness.

McKinney said he planned to carry the case to the court of criminal appeals if Judge Dean denies application for a writ.

Judge Dean sentenced Raymond Hamilton to the electric chair. He plans to retire at the end of his present term. Max Rogers, district attorney, plans to run for the place. Rogers, who will argue the lost laws case, prosecuted Hamilton.

WEBB P-T-A IS NEXT COUNTY COUNCIL HOST

SCHOOL ACTIVITY IS OF IMPORTANCE IN McLEAN

McLEAN, Feb. 3.—An invitation extended by Webb Parent-Teacher association, asking to entertain the Gray County Parent-Teacher council at its next meeting, in March, has been accepted. Mrs. P. B. Kutzer, president of Webb association, has notified Mrs. Jim Back, council secretary.

Presidents of all local units are being urged to see that their groups send representatives to this meeting on the second Saturday in March. Election of officers for the coming year will be held.

NORBECK MAY SUBMIT CROP CONTROL PLAN

PURCHASE OF SURPLUS ACREAGE WILL BE BASIS OF ACT

WASHINGTON, Feb. 3. (AP)—A proposal for permanent crop control through federal purchase of surplus acreage gained headway in congress today.

Senator Norbeck (R-SD) was expected to offer it as a supplement to the Roosevelt plan for crop control through soil conservation subsidies.

The latter program faced its first baptism of fire in the senate today as Senator Bankhead (D-Ala) sought to bring it up for debate.

The new proposal was advanced more as a long range than an immediate plan because of the pressure to get the administration's program into operation before cotton planting gets underway on a large scale in the south.

Despite the drive for speed, senate republicans were ready to demand that the administration plan be sent back to committee for hearings. Bankhead forecast, however, that it would be speedily approved.

A move was underway to include authorization for the land purchase will meet with Mrs. Grady Bailey.

Junior Treble Clef club will entertain with a buffet dinner at city club room.

Mexican Women Granted Right To Cast Votes

MEXICO CITY, Feb. 3. (AP)—The national revolutionary party, political organization of the government, took a major step today toward granting Mexican women the right of suffrage.

The party announced women would be permitted to vote in "internal" elections, similar to primaries, in which candidates for senators and deputies will be chosen April 5 to represent the federal district.

Authorities estimated 16,000 women in the federal district were affiliated with the national revolutionary party, and that their votes were sufficient to be decisive in the selection of candidates.

The decision to permit women to participate in the primaries was taken in view "of the necessity of preparing the feminine element for an equal part in the political struggle," the party announced.

Heretofore, women have voted only on a few rare occasions, notably in municipal elections in the state of Vera Cruz last year.

Women have been barred from participation in elections both by local laws and by the fact that the federal constitution does not provide clearly that they are to be considered citizens.

Mother of John Harding Killed

McLEAN, Feb. 3.—Friends here were shocked Friday afternoon when Principal John Harding of McLean high school was notified that his mother had been killed in an automobile accident.

Mr. Harding, accompanied by several friends, left immediately for Byrns, where the accident occurred. Mrs. John Grogan of McLean is a sister of the hard victim.

Mrs. J. W. Harding, pioneer resident of Clay county and manager of extensive ranch holdings there, was instantly killed when her neck was broken as she was thrown from her car on a pasture road near her home. She was alone at the time of the accident. Four sons and three daughters survive her.

Green Will Talk To United Miners

WASHINGTON, Feb. 3. (AP)—The A. W. P. of L.'s president, William Green, prepared today for one of the major struggles of his career—an effort to talk the United Mine Workers out of any move to withdraw from the parent labor organization.

Coincidentally, Edward F. McGrady, assistant labor secretary, declared at Boston that from the current rift between craft and industrial unionism has emerged labor's "most critical situation in 50 years."

The miners, standing by John L. Lewis, their leader and head of the industrial union faction, have agreed to quit the federation when the mine union's executive council wants to Green, who at 16 years of age was a mine worker himself, expressed bitterness over the secession threat. He declared he would "mince no words," but declined to reveal just what he will tell the miners this afternoon.

Perryton Infant Dies in Oklahoma

ALVA, Okla., Feb. 3. (AP)—Human milk rushed from Kansas City failed to save the life of Shirley Ann Knox, four-month-old daughter of Mr. and Mrs. Charles Knox of Perryton, Texas.

The infant died last night after it had rallied when the special milk was fed to it by hospital attendants here earlier in the day.

The mother's milk did not agree with the infant. Dr. W. E. Simon, physician, said, and after trying various kinds of milk here without results the hospital ordered the milk from Kansas City.

OVER THE WAVES

PASADENA, Calif., Feb. 3. (AP)—Fred Cass, 10, was rescued from a storm drain today after being swept underground for two miles. The youth lost his balance while playing on the banks of the drain near his home and pitched in. The storm current, fed by a 24-hour rain, carried him into an underground channel across the city. His screams as he reached an open stretch brought Joseph Peck, who waded in and saved him.
