

22 Years End and 23rd Year Starts Today

By VAN COOK
When Dr. E. Douglas Carver steps to the pulpit this morning, he will have ended 22 years and will have started his 23rd year as pastor of the First Baptist Church in Pampa.

"Pampa is a progressive city," Dr. Carver said, "and we try to keep the church up with the progress of the city."
When asked what he thought of Pampa, Dr. Carver said, "That should be obvious. I've been here 22 years."
The Baptist minister is an avid horseman and can be seen riding the range just about any time.

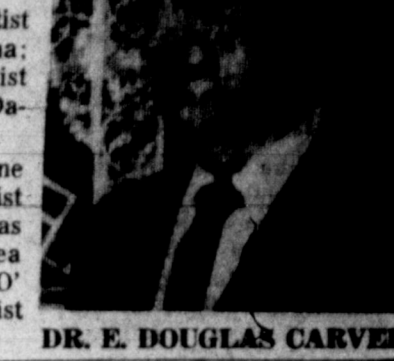

A reporter asked Assistant Minister, J. R. Manning, why Dr. Carver was reluctant to be quoted.
"He is afraid too much emphasis will be placed on him and not enough on the church," came the reply.
Dr. Carver has led the way to construction of two educational buildings at a cost of more than one-half million dollars. He

has helped in the erection of a commodious lodge in Glorieta at a cost of more than \$40,000, which will accommodate 48 people.
During Rev. Carver's 22 years in Pampa one piano and two organs have been given and installed in the auditorium and educational buildings as memorial gifts.
The First Baptist has sponsored three missions in Pampa that are now thriving, full-time churches. All have beautiful auditoriums and excellent educational facilities. They are: Hobart Baptist Church, Highland Baptist Church, and Barrett Baptist Church. This past spring they assisted the Progressive Baptist in erecting a brick building at a cost of more than \$20,000, and gave \$1,700 for the furniture.

The church is now supporting two churches, one in Gillette, Wyoming, the other in Cleveland, Ohio. Others that have been assisted by the church are: First Southern Baptist Church, Burlington, Colorado; Mountain View Baptist Church of Casper, Wyoming; First Southern Baptist Church of Miles City, Mon-

tana; The College Baptist Church in Bozeman, Montana; The Capitol Heights Baptist Church in Bismark, North Dakota.

Dr. Carver, recognized as one of the outstanding Baptist preachers in the Panhandle, was once called by Carroll Ray, area missionary for the Top O' Texas, the dean of Baptist (See DR. CARVER, Page 3)

Kosygin Warns of 'Counter Action'

Generals Ask More US Troops

SAIGON (UPI) — Top American generals told Defense Secretary Robert S. McNamara Saturday U.S. troop reinforcements are needed here, "and the sooner the better."
In the air war, Guam-based B-52 bombers hammered a Viet Cong target in their first mission in support of a ground operation. U.S. and Vietnamese warplanes flew more than 68 sorties against North Viet Nam, dropping bombs and a quarter-million propaganda leaflets.
McNamara held his second day of talks in Saigon amid threats from Moscow and Peking against the U.S. role in Viet Nam.

IT WAS A DRAW, FOLKS — The 'craziest' fight (?) of the year, held Saturday in Central park, ended in a draw. Both fighters ran out of fight. In the photo on the left, J. C. Roberts, president of the Downtown merchants, has Loui (The Punk) Troja, president of the Coronado

Center Merchants pinned to the ground in their mock battle held in observation of Crazy Day. Beside Troja is his 'doctor,' Dr. Quack, otherwise known as Bill Parker. In the photo at right, Gray County Sheriff Rufe Jordan calls the battle a draw after having to referee the match.

Soviet Boss Vows 'All Necessary Aid'

MOSCOW (UPI) — Soviet Premier Alexei Kosygin Saturday night promised Communist North Viet Nam "all necessary aid" and warned of "counter action" to American escalation of the fighting in Viet Nam.
Kosygin's nationwide address on Moscow television appeared to be a reply to the mission to Moscow of roving U.S. Ambassador W. Averell Harriman.
Kosygin made it clear there is no hope for better Soviet-American relations until U.S. "aggression" ends in Viet Nam. He said the crisis will be solved only when the United States stops bombing North Viet Nam and withdraws its troops from South Viet Nam.

(In Saigon Saturday, Defense Secretary Robert S. McNamara was urged by top American military men there to commit more troops to the 75,000 man U.S. force, "the sooner the better.")
(Communist China also reported increased defense and economic aid to North Viet Nam. Peking broadcasts heard in Tokyo contained new threats against U.S. "aggression" in Viet Nam but no indication of specific action.)
Kosygin did not elaborate on what Soviet "counter action" was planned if the war in Viet Nam spreads.

Kosygin declared: "The policy conducted by the United States is extremely dangerous because it blocks relaxation of international tension."
Harriman was believed to have come here to urge a softening of the Soviet stand on Viet Nam, and to plead that the Southeast Asian crisis should not force Soviet-American relations onto the rocks.
He and Kosygin met Thursday for a three-hour talk that Harriman said produced "significant information." It was the first high-level Moscow-Washington contact since the bombing of North Viet Nam began.

New Mars Pictures Are Sharper, Clearer

PASADENA, Calif. (UPI) — A pair of spectacular snapshots from America's Mariner-4 space camera revealed Saturday a surprising crater-like depression about 12 miles across and what appeared to be rolling dunes on the surface of the red planet.
The 21 photographs snapped by Mariner-4 Wednesday covered a 4,000-mile-long, averaging 125-mile wide swath running from northwest to southeast across the mottled red face of the planet.
Murray said the second photograph showed an area of Mars 166-miles wide and 550-miles long. Picture No. 3, he said, covered an area 175 miles broad and 310 miles in length. Later photographs, zooming in even closer, will show smaller and probably sharper views.
But scientists steadfastly refused to speculate as to whether the depressed area might be a crater such as that on the moon or whether the W-shaped feature might be one of the so-called "canals" that have baffled astronomers for 83 years.

Pleas are Issued to Whites, Negroes In Bogalusa to Help Maintain Peace

By United Press International
City officials in Bogalusa, La., broadcast an appeal at half-hour intervals Saturday asking Negroes and whites to maintain racial peace.
Despite the plea, there was renewed civil rights picketing in Bogalusa and Greensboro, Ala. Both towns experienced racial violence Friday.

94 Known Dead In Korean Floods

SEOUL, Sunday (UPI) — The death toll from rampaging flood waters in South Korea reached 94 today with an estimated 190,000 persons left homeless.
Seoul alone had 85,000 flood-stricken people who were housed in 62 makeshift camps set up in buildings, churches and other vacant public facilities. At least 55 persons have been reported missing and seven injured throughout South Korea.
Landslides killed 16 persons Saturday in the Pochun area about 30 miles north of Seoul. The Han River south of Seoul dropped below the danger point Saturday after reaching the 33-foot level during the night. The rain finally stopped in Seoul.

U.S. Reconnaissance Jet Requested To Turn Back From French A-Plant

WIESBADEN, Germany — by French Vautour fighter planes, who "invited" the RF-101 reconnaissance jet to leave France.
The French Atomic Energy Commission at Pierrelatte would not discuss the incident but commanders of the U.S. European Command headquarters in Paris were in contact with Washington officials.
The plane was detected by radar over the forbidden zone and was asked to change course. It did so and returned to its base in West Germany.
The flight was known in advance since a flight plan was submitted in the formal manner.
The Pierrelatte plant specializes in production of U-235 enriched uranium for French atomic bombs and the planned first French nuclear submarine.

Negro Youths Convicted of Harlem Murder

NEW YORK (UPI) — Six Negro youths were convicted Saturday of first degree murder in the slaying of a white Harlem shopkeeper.
They also were found guilty of attempted murder and attempted robbery in connection with the attack on Mrs. Margit Sugar and her husband, both Hungarian refugees, in their West 125th Street clothing store.
Their arrest touched off a police investigation of reported teen-age Negro hate bands known as "blood brothers." The existence of such groups, reportedly taught to attack whites by Black Muslims, never was substantiated.

KILLED IN CRASH

HOUSTON (UPI) — Mrs. Becky Jane Butler, 60, was killed in a two-car crash. Thomas Massey, 45, driver of the other car, was charged with negligent homicide.
Billy Ray Lyles, 28, of Pampa was charged by the Federal Bureau of Investigation in Corpus Christi with the July 13 robbery of a bank in Sandia, Texas.
Lyles, who attended school here for many years, was captured by Texas Rangers approximately two hours after he and a companion walked into the bank and ordered officials to turn over the money.
He and the companion, Harvey Norton of Kentucky, fled from the bank with \$11,000.
Officers said he and Norton then split up. Lyles was arrested about two hours after the

holdup in the edge of town. Norton was also picked up within two hours of the robbery.
The Gray County Sheriff's Department had been searching for Lyles for about 15 months after he allegedly wrote a series of forged checks in Pampa. He was indicted by the Gray County Grand Jury and a warrant has been pending for his arrest since March 10, 1965.
When first arrested Lyles had no identification and gave officers the name of Charles Smith. It wasn't until two days after the robbery that officers learned his true identity.

A spokesman at Air Force European headquarters in Wiesbaden said the RF101 was escorted from the Pierrelatte area.

In their radio appeals, Bogalusa officials asked residents to ignore civil rights marches and picketing. The appeals followed.

CRAZY STORES — Richard Drug and Duckwalls were named co-winners of the Crazy Day Craziest Store in Pampa honors Saturday. In left hand photo, Frank

Stalings, left, and Tom E. Beard, employees of the drug store, display the banner proclaiming the store, Crazy, as do Albert Chappel and Denis Smith, right, for Duck-

walls. It was agreed by judges that Duckwalls would display the banner between 12 and 3 p.m. and Richard Drug from 3 until 6 p.m. Saturday.

Illinois Governor Leads State in Stevenson Tribute

SPRINGFIELD, Ill. (UPI) — world of Adlai Stevenson. "He has come home. Adlai Stevenson of Illinois has returned." With these words Illinois Gov. Otto Kerner led the people of Illinois Saturday in paying a personal farewell to Adlai E. Stevenson.

In the sweltering Rotunda of the Illinois Capitol, standing close by the flag-draped casket, Kerner told a memorial service gathering of 3,000:

"We lived in the shadow of greatness which somehow seemed to bring to each of us a special feeling, a particular kind of pride, a sense of satisfaction that we lived in the

The 20-minute memorial service was a brief interruption to the personal goodbyes of four-time governor, two-time presidential candidate, voice of the sands of Illinois to the one United States in the United Nations and eloquent pleader throughout the world for the cause of peace.

From the time Stevenson's body was laid in state underneath the Capitol dome Friday afternoon, an estimated 23,000 persons had filed past the bier. Thousands more were expected before the Capitol doors close at 8 a.m., CST Sunday and Stevenson's body is taken in funeral procession to his boyhood home of Bloomington, Ill., 40 miles from Springfield.

Stevenson will be buried Monday in the family plot which contains the graves of his newspaper publisher father and his namesake, grandfather, who served as vice president of the United States.

Stevenson's three sons, the consuls general of at least 20 foreign nations, governors and an ex-governor, congressmen, state legislators and Illinois public officials came to Saturday's memorial service.

Thunderstorms had rumbled over this prairie capital during the night as the mourners filed past the casket of the man from Illinois who met death on a London street Wednesday.

Boxing? Match Declared a Draw

(See Picture Page 1)

Duckwall's Department Store and Richard Drug shared honors for the craziest store in Pampa yesterday as the fifth annual Crazy Day promotion by Pampa merchants ended.

Jimmy Day, an employe of Anthony's, was presented the craziest female costume and Al Chappel at Duckwall's for the craziest male.

Judges were unable to decide between Duckwall's and Richard Drug for the craziest store, therefore a tie in the contest was declared.

A coin flip decided that Duckwall's would display the banner between 12 and 3 p.m. and Richard Drug from 3 until 6 p.m.

Highlight of an 8 a.m. breakfast, which kicked-off the crazy day activities was a boxing match between Lou Troja, president of the Coronado Center merchants and J. C. Roberts, president of the Downtown Merchants Association.

The match was declared a draw by Referee Rufe Jordan. However, one spectator was heard to say:

"Here lies the remains of Horizontal Lou. There wasn't much left when JC got through. One quick punch of his lightning fast glove. And Lou found out where the action was."

"As he lay on the floor, all bloody and limp. Looking just like a deflated blimp. He gasped his last breath, and they all heard him say, 'I'd been better off to fight Cassius Clay'."

Barnes Proud of Last State Legislative Session

By BEN BARNES Speaker of the Texas House of Representatives

Written for United Press International

I am proud of the manner in which the members of both Houses accepted their responsibilities, handled these problems with dispatch, and produced legislation to insure the continuing growth and development of Texas.

The 150 representatives and 31 senators who gathered in Austin for opening day on Jan. 12, 1962, were faced with the highly complicated and diverse tasks of reapportioning legislative and congressional districts, providing means for reaching excellence in higher education, raising salaries of public school teachers, and improving care and treatment of the mentally ill.

In addition, the development and conservation of the state's water resources needed immediate attention. These and many other problems, including the necessity of adopting a "Texas-size" budget, demanded decisive and conscientious action on the part of each legislator.

The quantity of legislation rose considerably above the level of any previous session. Bills introduced in both houses totaled 1,774, an increase of 19 per cent over the 58th session. Approximately 43 per cent of them were passed by both houses and sent to the governor for his signature. Of the 132 joint resolutions seeking to amend the constitution, 27—or 20 per cent of the total—were approved by the legislature.

The increased number of bills indicated the receptiveness of the members to the problems of their constituents, but it also posed a few difficulties. The session covered a short 4 1/2 months, and the crowded calendar drove the legislature harder than in past sessions to insure that time was spent examining each bill with the proper care.

The House members who are appointed to four or five committees, felt the increased burden, and I feel sure that the Senate, whose 31 members receive from eight to ten committee assignments, also felt the impact of the mass of legislation.

The members deserve sincere congratulations for the quality of the measure passed. I think history will confirm that we took great strides in the fields of education, mental health, development and planning for water resources, health services and many others.

VIET NAM COLLECTION COLOGNE, Germany (UPI) — Josef Cardinal Frings announced Rhineland Roman Catholics will take up a collection for their fellow believers in South Viet Nam.

Figures Not Given Figures were not given in either case. But a military spokesman said after Saturday's meeting:

"MCAV recommended and requested an increase in American military strength. The entire military situation was discussed in great detail. The MCAV recommendations were obviously designed to meet the present urgent needs as well as the needs of the future."

Asked whether there was any particular deadline set for the arrival of new troops—if Washington approves the recommendation — the spokesman said: "Obviously, the sooner the better."

There were reports that the Vietnamese had asked McNamara for an additional 100,000 U. S. troops. The spokesman would neither confirm nor deny this figure.

McNamara, who arrived here Friday with Ambassador-designate Henry Cabot Lodge for a five-day inspection trip, interrupted his MCAV meetings to make quick visits to two U.S. military hospitals.

Sunday McNamara will begin a series of inspection trips to the field for a first-hand look at the guerrilla war.

Kiwanis View Film at Meeting

A film, "No Man Is an Island Alone," was shown at Friday's luncheon meeting of the Downtown Kiwanis Club in First Methodist Church.

The movie produced by Kiwanis International, was presented by the local club's Education and Attendance Committee. It was introduced by Boyd Taylor, program chairman.

The film highlighted organization of the service club more than 50 years ago and projected the theme of business men over the nation and throughout the world working together for community service.

It was announced that the Pampa Key Club will hold its regular monthly meeting at 7:30 p.m. Monday in the Key Club offices, ground floor of the Hughes Bldg.

George Smith, Director
Pampa Youth and Community Center

The feature attraction of the month at the Center will be the upcoming Battle of the Bands No. 2. This will take place on July 31 from 7:30 until 11 p. m. For those who did not attend the last "Battle" this is a band contest of the rock-n-roll type whereby four bands compete for prize money. Each band admision receives a ballot to vote for the band whom they think played the best that night. The bands entered in this contest are the Tiaras and Cords from Amarillo and the Essex and Mojos from Pampa. The Essex are the defending champions. This event attracted some 600 teenagers last March. Admission will be \$1.50 per person. The bands will play consecutively without any intermission.

The Center has started its enrollment for swim lessons for the last two sessions of the summer months. These classes are July 26-August 6 and August 9-20. Two classes have already been filled these being the begin-

ners. We are sorry but there are no more beginners classes available until Sept. Classes still open in the July 26-Aug. 6 session are at 9:00 Advanced Beginners, and at 11:00 Polywog (only two left). In the August 9-20 session at 9:00 Intermediates, 10:00 Swimmers and from 9-11 a. m. Jr. and Sr. Life Saving. Enrollment for all these classes with the exception of the Jr. and Sr. Life Saving is free to Center members and \$3 per child for non-members.

The Jr. and Sr. Life Saving is taught by the Red Cross office and is \$1 to anyone. You may come by and enroll in any of these classes from 9-12 a. m., 1-5 p. m. and 7-10 p. m.

Parents, parents, parents. The Center has passed a new policy on a trial basis allowing 8 year olds to swim without a parent. Heretofore the Centers policy has been on a 10 year old children or older could swim without a parent. At a board meeting Monday the matter was discussed and this age limit was invoked. You parents who have been holding off buying that membership for families are \$12 for six months and \$20 per year while individual memberships are \$5 for six months and \$8 per year.

The Dolphin swim team is now participating in various meets around the area and only last week finished fourth at Amarillo. Today they are at Big Springs and probably next week at Snyder. The Dolphins are the Center's competitive swim team and is open to young people up to 18 years of age. In order to qualify for the team a person must swim 50 yards within a given time. These times are: 10 and Under — 55 Sec.; 11 and 12 45 sec.; 13 and 14 — 40 sec. and 15 thru 17 — 35 sec. Any person whether boy or girl may come by for a tryout. They must be a member of the Center with memberships available.

The Men's Summer Volleyball League came to a close this week with final games played. The Skelly Oilers were crowned Summer League Champions by their stopping the Stompers in a four out of six match. The Oilers won 15-13, 15-7, 15-1 and 15-12. The Stompers finished second.

McLean Beef Goes to El Paso

MCLEAN (Sp) — Some 175,725 pounds of beef on the hoof were shipped from McLean to El Paso during the past week.

This was the estimated weight of 213 head of fat cattle sent by the Triangle Ranch Feed and Cattle Co. to Peyton Packing Co. in El Paso.

John C. Haynes, manager of the local feed lot, said the animals weighed an average of 825 pounds each, and they had gained an average of two and three-fourths pounds per day while being fed on Triangle Ranch Feed and Cattle Co. rations for 100 days.

A huge cattle truck arrived at the feed lot west of McLean shortly before noon last Thursday to take most of the animals to El Paso.

The remainder of the 213 were shipped by truck on Sunday. The cattle were purchased from the local feed and cattle company by Johnny Hankins, Pampa buyer, for Peyton Packing Co.

Haynes did not disclose the price received for the heaves, but said it was higher than they would have brought in Amarillo. This wasn't the first time the Triangle Ranch Feed and Cattle Co. has sold such cattle to Peyton. Several loads have been shipped to the El Paso firm in the past.

Military Pay Raise Goes to House

WASHINGTON, D.C. (Sp) — Congressman Walter Rogers said today a pay increase for U.S. servicemen will be among important legislative matters to be acted on this week in the U.S. House of Representatives.

The controversy between the Pentagon and the Armed Services Committee of the House will probably be fully aired on the floor of Congress," Congressman Rogers said. "It is expected that the position of the Armed Services Committee — which is supporting a larger pay raise than that supported by the Pentagon — will prevail."

An amendment to the Atomic Energy Act concerning the legal status of AEC nuclear power generation and transmission is scheduled for House debate, Congressman Rogers said. "This is the basic issue," the Congressman said. "Can the Federal Government override a city zoning ordinance in erecting a transmission line from a nuclear powered installation through the city limits of small town?"

In addition to other scheduled matters, the House will set aside time for Members to deliver eulogies to their late colleague, Congressman T. A. Thompson of Louisiana, who was killed July 1 in a highway accident. "No doubt a great deal will be said about an attack

that was made on former Congressman Thompson by a nationally syndicated columnist after the Congressman's tragic death," Congressman Rogers said.

House debate is also scheduled on the extension and expansion of the program administered by the Office of Economic Opportunity — the so-called poverty program. "The President's Poverty Program measure has already been passed twice but will probably be reached during the week," Congressman Rogers said. "Controversies growing out of many alleged

abuses will be thoroughly debated," he said.

The House Committee on Interstate and Foreign Commerce, of which Congressman Rogers is a ranking member, will begin hearings Tuesday on a bill to authorize a program of massive Federal participation in the battle against heart disease, cancer, stroke, and other major diseases. Medical, government, and professional association witnesses are expected to be heard during the week.

The other major committee on which Congressman Rogers serves, the pending proposals. Among them is a bill by Congressman Tom Morris of New Mexico to permit the leasing of Federal lands to States and other political subdivisions for 25-year periods instead of 20-year terms, as now authorized.

About this time of year we are often swamped with calls about various kinds of insects. I thought it might be timely if we would make a few general comments on ways to combat these insects.

There are several ways to classify insects. I like to classify them into three broad categories: (1) Sucking insects, (2) Biting and chewing insects and (3) Soil insects.

Aphids or plant lice are the best example I can think of in the sucking insect category. It requires what we call a contact insecticide to kill this class of insects. The insects are killed by coming in contact with the insecticide. It was not until malathion, a relatively new insecticide, was developed that we had an effective method of controlling them. For years we used nicotine sulphate but it was pretty ineffective.

Malathion is sold by a number of reputable companies under various trade names. It is most often packaged and sold as a liquid at a 50 percent strength. Directions should be followed closely as contained on the label. It can also be purchased in the small convenient, compressed gas bombs. Many times it is packaged in combination with other insecticides.

One of the biggest advantages of malathion could also be called a disadvantage as well. The residual effect (duration of effectiveness) is for a very short period. This means a person could spray their beans immediately after picking them and be completely safe when picking the beans after they had made another crop. The disadvantage is the fact the insecticide will not be effective to get the second wave of insects that will often hatch. So be ready to spray your plants the second time a few days later. Malathion has a low toxicity to warm blooded animals but is most potent to all classes of insects.

BITING AND CHEWING or foliage eating insects are more easily dealt with. There is a long list of insecticides that we classify as stomach poison that are highly effective. Many of these also have some killing power by the insect coming in contact with the poison, DDT, Dieldrin, lead arsenate, chlordane are only a few of many good insecticides in the stomach poison class. Read and follow directions contained on each label closely. Some of these poisons remain effective for weeks. This is a decided disadvantage in some cases.

SOIL INSECTS or lawn insects present a different problem and approach. A class of poisons we call the chlorinated hydrocarbon work real well on these. Such poisons as chlordane, aldrin, dieldrin and others hit into this class. They can be purchased as a liquid, a dust or granules. Some lawn fertilizers have these as an additive which is good. Red ants and all other

types of ants are easily eradicated with any of the above insecticides. White grubs, pillbugs, sowbugs, snails, termites, chiggers and fall army worms are all controlled with this type of insecticide.

There is one other class of insects we call bark and wood boring insect that presents a special problem. We suggest you call the COUNTY Extension Service Office, MO 4-3441 and ask for Leaflet - 199 "Texas Guide for Controlling Insects on Ornamental Plants." You might also want a copy of L-311 "Texas Guide for Controlling Household Insects" or a copy of B-1019 "Insects Attacking Vegetables Next."

Next week we hope to devote our space in his column to the subject "How safe are today's insecticides to HUMAN life?"

Gray County SCD News

By WAN MILLS

Wiley Reynolds is in the process of completing about 60 acres of borders on his place north of Panna. He plans to establish these borders to alfalfa. Harvey Taylor, Alvin Bell, H. W. Youngblood and Bob Sherrord have completed cross fences to get better distribution of grazing.

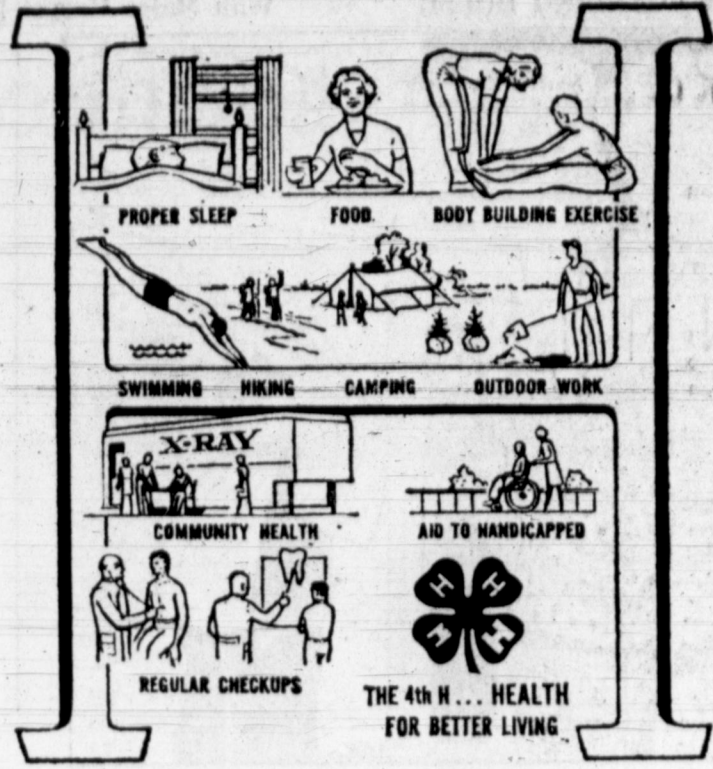

Olin Weldon of Borger has seeded 101 acres of undesirable cropland to grass. Olin also has completed a cross fence and installed a windmill. This stock farm is located southwest of McLean.

Fertilization and proper time of watering is very important in managing irrigated pastures. Irrigated pasture grasses and alfalfa will use about 4 inches of water every 10 days. On bermudagrass pastures on our clay soils, we should apply 80 pounds of nitrogen per acre before spring growth starts and about 60 pounds of nitrogen per acre every time the grass is grazed off. In a rotational grazing system this would be about every 28 days. By fertilizing 3 or 4 times a year, this helps to keep the grass in greener vegetative stage. This also helps to keep the protein content up during the late summer months.

Loamy soils should receive about 80 pounds of nitrogen and 60 pounds of phosphate in the early spring. This should be followed by about 60 pounds of nitrogen every time the grass is grazed off.

Sandy soils should receive 80 pounds of nitrogen, 60 pounds of phosphate and 60 pounds of potash per acre during the early spring. This should be followed by 60 pounds of nitrogen every time the grass is grazed off. 20 per cent more grazing can be expected where the grass is rotated.

Wheat blew out on this field. What would have made about 15 bu. per acre.

Panhandle Water Conservation News

By FELIX W. RYALS

Conservation District Manger

The West Texas High Plains and Panhandle area has attracted most of our interest during the last decade because of the tremendous amount of irrigation going on, and also due to the fact that water use in West Texas has become highly publicized. On a recent trip back through Arkansas and Louisiana I was confronted with the fact that ever increasing amounts of water is being used for irrigation.

In an area that receives from 60 to 70 inches of rain each year, this comes as quite a shock. In a two county area of Southeast Arkansas some 450 irrigation wells have been drilled during the past eight years. An equally large number irrigate from streams, bayous, lakes and the borrow pits along the Mississippi and Arkansas River Levees.

Eastern Arkansas and Louisiana have immense areas in rice production. Rice growing requires large amounts of water. The water level in these areas have shown a steady decline during the past ten years. In 1955 irrigation wells drilled to a depth of 30 to 40 feet produced water at the rate of 1500 to 1800 gallons per minute. The decline of the static water level has resulted in new wells drilled in 1965 being drilled to a depth of 60 feet to produce the same quantity of water. The responsible people in these two states are becoming concerned.

A large number of cotton farmers in these two states have put down irrigation wells as insurance against periodic dry seasons.

During the exceptionally wet June the Panhandle area experienced—which was making it difficult to finish the wheat harvest—most of Arkansas and North Louisiana was having a very dry period which began in early April. For an area that receives 60 to 70 inches of rainfall annually it is difficult to visualize a lack of moisture. An analysis of the situation will reveal that there are periods when much of the rainfall that comes to the area is not needed at the time of arrival. Drainage and flood prevention programs are very extensive in these areas so as to facilitate the flow of the water in streams that empty into other streams that eventually empty into the Arkansas and Mississippi Rivers.

Before drainage work was done residents living along the Arkansas and Mississippi River basins could not have basements in their homes because the underground water level was so near the surface. Because of this condition crops like cotton could thrive for long periods from the subsurface moisture alone. With the increase in drainage and irrigation water levels are dropping and more and more cotton farmers are drilling irrigation wells for the needed insurance in case of drought. Soil and water conservation people in these areas are becoming concerned and have begun to make recommendations to remedy the situation before the loss of water becomes acute.

Area Youth to Participate In Amarillo Work Program

4-H youth from Potter, Randall, Ochiltree, Carson, and Wheeler counties will take part in a program honoring the national 4-H Report to the Nation team here July 22.

The national 4-H delegation will bring the Report to the Nation to Texas for the first time.

On hand to welcome and greet the visitors at Amarillo Airport at 9 a. m. will be members of the District 14-H Council Executive Committee and District Extension Agents W. W. (Bill) Grisham Jr., and Edith Lois Wilson.

Council committeemen will include Mike Shannon, Wheeler County, chairman, Jeanette Felix, Ochiltree County, and Carl Hudson, Carson County, vice chairmen; and Beverly Clark, Wheeler County, secretary.

A motorcade will take the visitors from the airport to downtown Amarillo, where a coke party is scheduled in the Tascosa Room of the Herring Hotel. The Potter County Chamber of Commerce will sponsor the coke party and Potter County 4-H members will be in

charge. Mike Shannon will preside, and Amarillo Mayor F. V. Wallace will welcome the visitors. Jeanette Felix will present a District 1 progress report to the 4-H Report team and 4-H members from New Mexico.

A 4-H Exchange is planned by members of the national 4-H Report team, composed of Patty Porter of Terrell, Texas; Jack L. Harper of Keithville, Louisiana; Wayne Dabney of Verden, Oklahoma; and Margaret Edmundson, Carson City, Nevada.

A press conference is scheduled just prior to the noon luncheon.

Rotary Club members will sponsor the luncheon. President R. B. Haynes of Amarillo will preside. Doris Wink, 4-H member, will give the invocation. Bob Gruner, Randall County 4-H youth will give the pledge of allegiance. Introductions will be made by Haynes.

At 12:40 p. m., a panel presentation, "Young Citizens in Action," will be made by the 4-H Report to the Nation team.

58TH YEAR
FARM PAGE
They will be introduced by Kenneth Anderson, associate director of the National 4-H Service Committee, Inc. At the close of the program, District 1 Council Officer Beverly Clark of Wheeler County will express appreciation to the sponsoring groups. Randall County 4-H members will be in charge of a motorcade to the Palo Duro Canyon, starting at 2:30 p. m. Assisting will be Judy Byrnes, Linda Hicks and Council officers; and Mrs. Lewis Tucek, Canyon, chairman of the 4-H Leaders Association. A picnic is planned in the canyon. The group will return to Amarillo at 8:30 p. m. The visiting 4-H delegation will continue their Texas tour July 23 by flying to Fort Worth for another program.

Phillips Promotes Man to Amarillo

Phillips Petroleum Company has assigned O. A. Bim to its supply and transportation department's supply division office in Amarillo. He becomes regional manager of the procurement section, replacing P.E. Goth, Jr. who has been promoted to assistant director, procurement section of the supply division at the company's Bartlesville headquarters.

Bim had been a regional procurement manager at Bartlesville since 1962. He joined Phillips comptroller's department in 1946 and 10 years later transferred to the supply and transportation department where he served as assistant field manager and as director of services in the supply division.

Answers to Federal Tax Questions

This column of questions and answers on federal tax matters is provided by the Pampa office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q - I just changed jobs and my new boss is taking out Social Security tax from my paycheck. On my old job they took out enough to pay me up for the year. Is there any way to stop this withholding?

A - No. The law requires that each employer withhold on the first \$4,800 of wages he pays each employee. However, the extra amounts that are withheld can be claimed as a credit against your income tax when you file your return next year.

Q - I've been out of my office on sick leave for a month now and it looks as if it'll be two months more before I can return. I'm sure I'll qualify for the sick pay exclusion when I file next year's return. Can I ask my boss to stop withholding income tax on the pay I receive while I'm out?

A - If you receive your sick pay under an employer-financed plan, then you may ask your employer not to withhold income tax on the excludable portion. To do this, you employer has to have evidence that you do qualify for the sick pay exclusion. Therefore, the best thing for you to do is get in touch

with the payroll department at your place of employment and give them the information they need for their records.

Q - I am taking a course this summer in business administration. Will I be able to deduct my tuition costs and books?

A - The costs you mention will be deductible if you either are taking the course to maintain the skills required for your present job or if you must take the course to keep your job. Education costs are not deductible when the primary purpose is to obtain a promotion or a new position.

Q - Last summer a teacher I know deducted her travel costs to Europe as an educational expense. Why was she able to do that? I thought travel costs were personal expenses.

A - In the instance you cite, the teacher must have been able to establish that her travel had a direct relationship to the skills required in her teaching position and would improve these skills. However, if a teacher takes a trip just for personal pleasure or for its cultural value, then the travel expenses will not be deductible.

Q - I just received a reimbursement from my health plan on some medical bills I paid last year. I claimed these bills as a deduction on my 1964 return. What should I do about this reimbursement check?

A - The reimbursement should be added to your 1965 income to the extent that the medical ex-

Phillips Well in Libya Flowing

Phillips Petroleum Company has a significant discovery well in Libya. The well, F7-90, has flowed at an estimated rate of 1,000 barrels of oil a day through a two-inch line from perforations in a triassic zone. The pay sand was topped at about 4,500 feet.

The F7-90, the third producing well on Phillips concession 90, is approximately one mile southeast of the discovery well, F1-90, completed in late 1964. This discovery well flowed 1,440 barrels of oil a day through a one-quarter inch choke.

Cities Service May Build Petrochemical Plant Soon

NEW YORK, N.Y. - Cities Service Company announced its interest in constructing a petrochemical facility in Puerto Rico, subject to the approval of governmental authorities.

In a letter to the Department of Interior signed by C. S. Mitchell, executive vice president, the company stated "As part of the re-evaluation of our Lake Charles project, we are considering the feasibility of constructing a petrochemical plant in Puerto Rico. The facilities under consideration would require a minimum of 32,000 barrels per day of naphtha feedstocks and the movement of approximately 16,000 barrels per day of gasoline produced by the plant to the continental U.S. We, therefore, hereby apply for an import allocation for this feedstock under the rules and regulations

Procon Awarded Building Pact

The prime contract for the design and construction of core facilities of the Phillips Puerto Rican petrochemical complex has been awarded to Procon Incorporated of Des Plaines, Illinois, to Stanley Learned, according to president and chief executive officer, and W. W. Keeler, chairman of the executive committee of Phillips Petroleum Company.

A site has been selected near Guayama and design is now in progress, with construction expected to begin in late summer. Cost of the initial facilities is expected to exceed \$45 million. The facilities will be owned 75 per cent by Phillips and 25 per cent by Puerto Rico Industrial Development Company.

Wall Street In Review

NEW YORK (UPI) - Tanley Heller & Co. says continued expansion of public participation over the coming months leads to a highly volatile trading market.

Bache & Co. says the market acts well and over the near term is expected to continue to do so. The firm says a policy of selective accumulation is advised with heavy emphasis given to fundamentals.

New Books on Shelves At Public Library

New books on the shelves of Lovett Memorial Library this week are:

"We Were Five" - James Brough: the hard years of the Dionne quintuplets, from their childhood to womanhood, are revealed in this book which was originally serialized in "McCalls."

"Stagestruck" - Maurice Zolotov, the romance of Alfred Lunt and Lynn Fontanne beginning his biography when the Lunts were still single. Mr. Zolotov reveals the evolution of their dedication to each other and to their art, and what that dedication has meant for the American theater.

"One Man's Montana" - John K. Hutchen: a book made up in part of stories from Montana's frontier past and in part of the author's own experiences as a boy in Missoula and later as a Montana newspaperman.

"The Blue Hen's Chick" - A. B. Guthrie, Jr.: newspaperman A. B. Guthrie, the author of the Pulitzer Prize-winning "The Big Sky," writes about the places and people he has known during his life as "the blue hen's chick," i.e. the favorite of the gods.

"The Wind At My Back" - Pat O'Brien: crammed with stories and anecdotes of the greats and not-so-greats of Hollywood and Broadway, this is an intimate, behind-the-scenes view of the theater world revealing in all its glamour, tawdriness, greatness, and hard work what an actor must do to et to the top.

"Ghost Towns and Mining Camps of California" - Remi Nadeau: an excursion through the ghost towns and mining camps of California based on history and folklore. Informative and entertaining, it also serves as a guidebook for the present day visitor.

"A Portrait of Pancho-Winston Bode: combining biography, critique, and extraordinary photographic material, the author has caught in this book the true spirit and life of Texas' greatest man of letters, J.

Frank Dohie. Of particular interest are the photographs of Dohie dating back to his early childhood.

"Charmers and Cranks" - Isabel Ross: portraits of 12 unconventional American women; Mmes. Jumel, Hetty Green, Mrs. Frank Leslie, the Fox sisters, the Claffin sisters, Mrs. Jack Gardner, Carry Nation, Nellie Bly, Isadora Duncan, and Aimee Semple McPherson.

"Following the Frontier" - Freeman Tilden and F. Jay Haynes: the author literally followed the working frontier first from a tiny shop in Moorhead, Minnesota; later in his Palace Studio Car, which pulled in on many a newly laid railroad spur in the Dakota and Montana territories in the 70's and 80's - to photograph sodbusters in their "boughten clothes," miners in the heyday of Deadwood, freighters and bull teams, cowboys working cattle on the range.

"Death In The Castle" - Pearl S. Buck: a wealthy young American is determined to buy an old English castle from two impoverished aristocrats, and move it to his estate in Connecticut to house a great collection of Renaissance art.

"Rainbow by The Bayou" - Ken Draht: instead of enough spare time and spending money for the good life, tinker Lochinvar Bowers finds himself involved with too much paying work and too many strange characters in Boyouford, Mississippi.

"Forbidden Planet" - John E. Muller: Charles Fort, the great American rebel philosopher, believed that every man had the right to doubt. He aimed his merciless shaft at scientists and religious leaders alike. This is the story of one journey to a forbidden planet.

BEGIN GRID PRACTICE
 CHICAGO (UPI) - The 1965 College All-Star football team began workouts Friday under the direction of head coach Otto Graham. The game will be played against the Cleveland Browns, the NFL champs on Aug. 6 at Chicago.

RECEIVES CREDENTIALS
 WASHINGTON (UPI) - President Johnson formally received the credentials of the new ambassador from Malawi Wednesday and informally offered the envoy some advice to enjoy his daughters "while they're small."

"I can't locate mine," the Chief Executive laughingly told Ambassador Vincent H. B. Gondwe. "One (Lynda) is out in Wyoming on a raft. The other (Lucy) is in New York.

PTC Rolls Over Perryton Field

By JEFF COHANE
News Sports Editor

PERRYTON — The Pampa Track Club won 13 gold medals and rolled up a record-smashing 264 points yesterday in the first West Texas AAU Junior Olympics against little organized opposition.

With only a handful of members of the Abilene Track Club and Stinnett and Booker competing against them as organized teams, 18 youngsters from Pampa, Skellytown and White Deer literally made hash of the relatively inexperienced contenders from Perryton, Borger, and the Texas-Oklahoma Panhandle border.

In addition to their 13 first-place medals, the PTC crew racked up seven second places and six thirds, with nearly every member of the team coping a medal and most of the second and third places against their own teammates.

The worry over clearances and sanctions for the USTFF-member club to enter an AAU meet turned out to be much ado about nothing, as meet director Jimmy Jones, the Perryton High track coach, had obtained both USTFF sanction and UIL clearance for the meet itself.

Clutch performances in the meet were delivered by Little Bitch Crossland of Pampa and Otto Wheeler of White Deer. Crossland, taking the baton on the third leg of the sprint relay, was two yards behind Perryton, but handed off to anchorman Jimmy Wells of Stinnett a good five yards in front. Wheeler, leading the high hurdles, tripped and fell on the last hurdle, skinning his shoulder, but got up and continued to the finish line to place third.

Crossland also racked up a surprising third in the 100-yard dash, the first time he had ever run it in open competition. His win in the broad jump tying him with Randy Elliott of Skellytown behind Wells for high point boys' honors as Elliott won the pole vault, ran on the relay and was third in the low hurdles. Wells won the 220 and 440 as well as running the relay.

Marolyn Young and Bobbie Powers split girls' honors. Marolyn getting first in the broad jump and second in the hurdles, while Bobbie got first in the hurdles and second in the 220, each running a first-place relay leg. Other PTC wins included the 440 by Jimmy Wells of Stinnett in 23.8, slower than his preliminary time of 23.2 and another 220 victory by Connie Parish of Pampa, an unopposed 880 triumph by Fred Cooper of Stinnett and a 100-yard dash win by Linda Stump of WD.

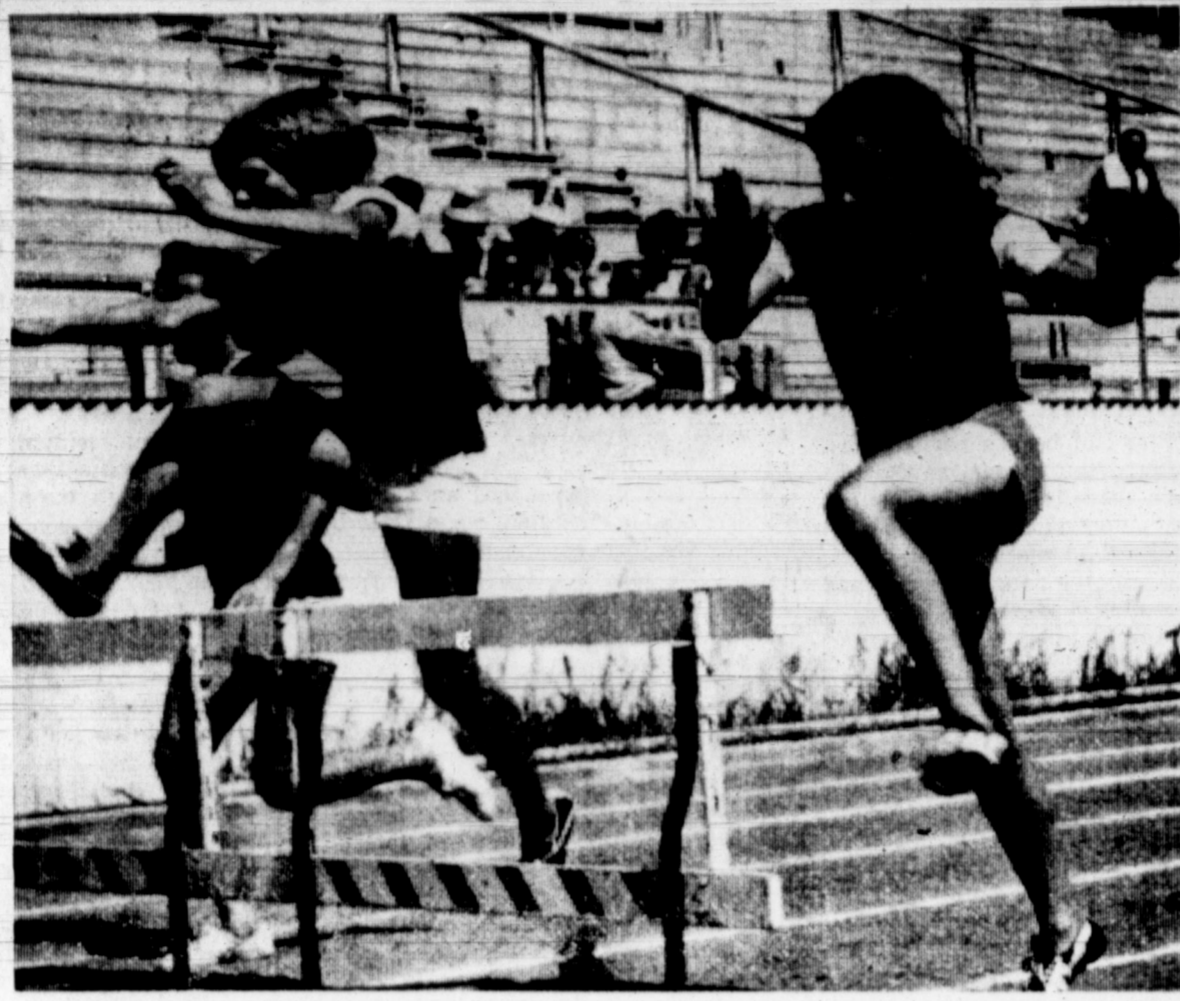

The Pampa Track Club will go to their last meet of the season as a team next Saturday, at the Texas Amateur Athletic Federation regional championships in Lubbock. Qualifiers for the state TAAF meet the following weekend at Denton will represent the West Texas region.

The PTC had proven that they weren't riding on their reputation in the morning's field.

Miss Whitworth Yankee Winner

GRAND BLANC, Mich. (UPI) — Kathy Whitworth scoured the Atlas Valley County club golf course with a 4-under-par 68 Saturday and took the lead in the Yankee Women's Open tournament with a 141 two-round total.

Miss Whitworth, one of the top money winners in women's golf, tied the competitive course record for women set by last year's winner, Ruth Jensen.

ONE-TWO-THREE — The other contenders stood aside at the Perryton AAU Track Meet yesterday while the Pampa Track Club girls finished one-two-three in the hurdles. Bobbie Powers, far left, placed first, Connie Parish, middle, was second, and Marolyn Young third. The PTC racked up an all-time high of 264 points in the meet.

Little Wins Canuck Open

TORONTO (UPI) — Silent Gene Littler fired a blistering four-under par 66 Saturday to win the \$100,000 Canadian Open Golf Championship and the Seagram Gold Cup by one stroke over Jack Nicklaus with a 72-hole total of 273.

Littler thrilled a record Canadian Open crowd of more than 20,000 jammed over the Mississauga Course with a birdie barrage that first overtook third-round leader Bruce Devlin of Australia and Arnold Palmer on the front nine, and then caught burly Masters Champion Nicklaus on the backside.

The victory, worth \$20,000, ended a three-year winless streak for the smooth-swinging Littler, who hadn't collected first-place money since June, 1962, when he won the Thunderbird.

The soft-spoken Littler, who shot a two-under on each side, was never over par in his four rounds as he put together scores of 70-68-69-66 for his seven-under 273 total. He started the rounds two shots behind Devlin and tied with Palmer, Nicklaus and Mason Rudolph.

Closed Gap But he, Nicklaus and Palmer quickly closed the gap as Dev-

21-Year-Old Wins Publix

PITTSBURGH (UPI) — Norwegian-born Arne Dokka captured the National Public Links Golf Championship Saturday by defeating an Ohio fireman 10 up in 27 holes and breaking a 37-year-old tournament record.

Dokka, 21, a nerveless man with a near infallible putter, held a comfortable six up margin over Leo Zampeiro, 24, of Warren, Ohio, at the end of the first 18.

His victory margin broke a record set in 1928 at Philadelphia when Carl Kauffmann of Pittsburgh defeated Phil Ogden, eight and seven.

CINCINNATI (UPI) — The Philadelphia Phillies toppled the Cincinnati Reds from first place in the National League Saturday, pounding 22 hits enroute to a 14-7 victory.

John Callison's grand slam home run and John Briggs' homer and two singles drove home nine runs as the Phillies rang up their season high hit total.

Phillie catcher Pat Corrales had four hits. Briggs, Cookie Rojas, John Herrnstein and Bob Wine had three hits each. One of Herrnstein's hits was his first homer of the season.

Cards 4, Mets 1

ST. LOUIS (UPI) — The St. Louis Cardinals, scoring four runs in the third inning Saturday, defeated the New York Mets, 4-1, and swept a three-game series with the New Yorkers.

Ron Swoboda's sixteenth home run in the second inning saved the Mets from a shutout. Winning pitcher Bob Purkey was chased in the seventh.

MINNEAPOLIS (UPI) — The pesky Kansas City Athletics took another bite out of the Minnesota Twins' American League lead Saturday by rallying for a 5-4 victory.

Pinchhitter Ed Charles' sacrifice fly with bases-loaded in the ninth drove in Rene Lachemann with the winning run. Trailing 4-0 and held to one hit by Dick Stigman for six frames, the Athletics unleashed a home run barrage to tie the count. Dick Green and Ken Harrelson hit successive Stigman pitches for homers in the seventh.

Yanks 5, Sens 4

NEW YORK (UPI) — Joe Pepitone, who recently threatened to quit baseball, singled home the winning run in the ninth inning Saturday to give the New York Yankees a 5-4 victory over the Washington Senators.

The Yankees were down 4-1 going into the bottom of the ninth. Senator starter Buster Narum gave up a single to lead-off man Cleve Boyer and walked pinchhitter Hector Lopez. Ronnie Kline replaced Narum.

CHICAGO (UPI) — Tommy John's five-hit pitching gave the Chicago White Sox a 5-2 victory over the Los Angeles Angels Saturday.

It was Chicago's fourth consecutive win since the All-Star game and John's eighth triumph in 11 decisions. John is the first White Sox pitcher to work a complete game since June 25.

Angel starter Rudy May walked the first three Chicago batters and was replaced by Aubrey Gatewood who got out of the jam after Pete Ward hit a sacrifice fly.

Braves 6, Bucs 5

MILWAUKEE (UPI) — Felipe Alou raced home on Bob Veale's wild pitch with one out in the ninth inning Saturday to give the Milwaukee Braves a come from behind 6-5 victory over the Pittsburgh Pirates.

The Braves had led through the early innings on the strength of Bob Sadowski's no-hit pitching.

SF 7, Astros 0

SAN FRANCISCO (UPI) — Juan Marichal tossed his eighth shutout of the season Saturday and blazed a five-hitter past the Houston Astros while pitching the Houston Astros to a 7-0 victory.

Besting the Astros for the third time this year, the right-hander from the Dominican Republic struck out seven and didn't allow a walk as he lifted his season mark to 15-7.

The Astros got men on second and third in the eighth inning with one out as a result of Rusty Staub's pinch double. But then Marichal retired the next two batters to preserve the shutout.

Tribe 8, Bosox 5

CLEVELAND (UPI) — Pedro Gonzalez' bases-loaded triple in the sixth inning and Leon Wagner's two run homer in the seventh Saturday night rallied the Cleveland Indians to an 8-5 victory over the Boston Red Sox.

Phillips To EP Irvin As Coach

NORMAN PHILLIPS

Norman Phillips former track coach at Pampa High School, announced last night that he was accepting a job as varsity football line coach and head track coach at El Paso Irvin High School beginning next month.

Phillips said that he would receive a salary of \$8,500, a raise of \$2,000 from his salary here as assistant B team and head track coach.

Phillips was not rehired by new head coach Eural Ramsey after last season. The B team, with a 6-4 record, had been the only winning grid team in Pampa last season; while the track team produced a state champion, miler Mark Westbrook; and three regional finalists, broad-jumper Gary "Little Butch" Crossland, high jumper San Williams, and district record-holding hurdler Randy Johnston.

Phillips has been at Pampa 11 years as a junior high and high school coach. In six years as head and assistant B team coach, he had one losing season. He was assistant track coach to Dwaine Lyons for three years, and head track coach the past three. In addition to Westbrook, Phillips had a two-time, two-event state champion in world record-holder Randy Matson, with the pair holding three of the state high school records. Sprinter Ralph Palmer, now running at Oklahoma University, also went to the state finals in 1963, and Westbrook as a junior in 1964.

Phillips also coached the Pampa Track Club as a voluntary project, the team placing third in the Texas Amateur Athletic Federation state meet in 1963, while Matson won the United States Track and Field Federation national championship in the shot put that year, placing fifth in the National AAU finals. The PTC placed third in the state Jaycee meet this year, and Phillips yesterday tutored them to an overwhelming victory in the AAU Junior Olympics at Perryton.

Phillips' wife, Eleanor, a teacher in the Pampa school system for five years, will also teach in the El Paso school system starting in September.

HONORED — Pampa Country Club golf pro Hart Warren and his lovely wife, Ava, were the guests of honor at a surprise party yesterday honoring Warren for his ten years at the PCC. Following the awarding of a plaque by Dr. Joe Donaldson, Hart and some fellow pros from the area played a round of golf.

Drysdale Gives Koufax Advice

By United Press International
Some sound advice from Don Drysdale is helping Sandy Koufax break a few personal records he never thought he'd reach.
Drysdale wasn't vain enough to counsel the brilliant Dodger lefthander on the finer arts of pitching, but he did give Koufax some food for thought in another area in which Drysdale excels — hitting.
"I'm convinced a good hitting pitcher can save himself at least five extra victories a season," Drysdale theorized. "And even if he doesn't get a key hit, the manager probably will leave him in the game longer instead of pinch hitting for him."
Cincinnati held its four-percentage point margin over the second place Dodgers by whipping Philadelphia 5-1, Milwaukee trounced Pittsburgh 12-2, San Francisco edged Houston 2-1 and St. Louis belted the New York Mets 8-5 in National League action.
Koufax not only has shattered the anemic batting marks accumulated over his first 10 major league seasons (.084 lifetime average), but if Drysdale's theory is correct, the extra triumphs gained might be the ones that put him over the fabled 30-victory barrier.
Koufax is batting .227 with

Fisher Celebrates B'day

By United Press International
Eddie Fisher became 29 years old and the top pitcher in the American League on the same day and now the only question is which label he'll wear the longest.
Fisher, the bullpen artist of the Chicago White Sox, celebrated his 29th birthday Friday night by recording his 11th victory of the season, tops in the junior circuit, with a hitless one-inning relief stint in the Sox' 4-3 victory over the Los Angeles Angels.
The righthanded knuckleballer, who has appeared in the amazing total of 47 of Chicago's first 84 games, already topped the league in earned run average (1.36) and saves (18) and needed only a first in the victory column to secure his hold on the AL pitching crown.
Ironically enough, Dean Chance, who rated the honor last season, took the defeat, his fifth in 11 decisions, when Floyd Robinson tripled home Tom McCraw with one out in the bottom of the 11th inning.

FLYGIRLS — A pair of young ladies pick up a pair of first place medals for the PTC at the Perryton AAU meet as Marolyn Young (top) won first in the senior girls broad jump and Debbie Smith took first in the junior girls high jump.

Bowling

By GIL BURGUND
I hope that everyone has been watching the Best Ball Doubles TV Program because if they haven't they certainly have missed some real bowling and a mighty interesting show.
In the final match that will be bowled next Saturday Don Carter and Andy Marzick will be pitted against Dick Weber and Bob Strampe. The winners will get \$12,000 while the losers will have to be content with a mere \$6,000. Just think, the difference between first and second is \$6,000 so you can see what a spare or a strike or even the difference of one pin can make.
Dick Weber and a few other greats of bowling will soon be having special matches in the Panhandle so don't miss these.
I missed most of the bowling this week so don't expect too much news. Yes, Jo is home and maybe I'll have a little more time for these things.
Charles Snuggs and Dan Cox were both injured Thursday when they fell from a scaffold at work. Charles was seriously hurt. Danny was luckier.
There are two promising young bowlers who will be lined for a while. Charles Sinclair also had surgery and won't be in the bowling front for some time.
Ron Havens says he isn't going to bowl much anymore either because these big 257 games are getting monotonous. It looks as though he will take high game and series in most of his leagues.
Gene Flemming and Gregg Locke, bowling against him did not fare so well, they really had a couple low ones; Dale Robbins also had a couple good ones and then a 128 spoiled a good series.
George Eggleston was just getting started and here come orders to report for work, better luck next time, maybe you can do more than just get your practice shot in.
Nell Rankin says it was hard

Pampa Yanks Claw Canyon

DUMAS — Pampa American piled up three runs in the fourth inning, two batted in by Jim Bill Benton, to go into the finals of the Babe Ruth Regional Baseball Tournament with a 4-2 victory over Canyon Friday night.
Pampa got only three hits off Ralph Warren and reliever Art Artho, but made all of them count for scores, with Donnie Nail and Johnny Marsh backing Benton up.
Marsh went the route for his second tournament win, allowing only four hits while striking out eight batters. Canyon got a single tally in the first and another in the sixth, while the Yanks got one in the first before knocking Benton out of the box in the fourth.

Lenny Lyles Feels Western Loop Tougher

LOUISVILLE, Ky. (UPI) — East is east and West is west and when they met last year the East won. But that doesn't impress Lenny Lyles of the Baltimore Colts.
Lyles, a defensive halfback with the Western Division champions of the National Football League, still feels that the West is the stronger of the two loops.
"There was much talk last season of the superiority of the West and the higher caliber of its players.
Then came that championship game with Cleveland's Browns clobbering the Colts 27-0. Adding insult to injury the St. Louis Cardinals defeated the Green Bay Packers in the Runner-Up Bowl.
"Taking everything into consideration," Lyles said, "I still feel the West is much tougher. In the east two teams have dominated that league — Cleveland and New York. In the West three teams — Green Bay, Chicago and Baltimore — have won in the past three years."
As for the championship debacle, Lyles simply shrugged and said, "we made a lot of mistakes and anytime you make mistakes you are going to get beat."
Lyles still feels the Colts were a better team "but not on that day. The only thing that counts is what's up on that scoreboard at the end of the game."
The former University of Louisville star also feels the Colts will repeat this year despite the loss of all-pro defensive end Gino Marchetti and middle linebacker Bill Pellington. Both have retired.

GANGWAY! — Little Ricky Allen of the PTC comes down into the waiting arms of teammate Ronnie Sargent after his intermediate pole vault at the Perryton AAU meet yesterday. Allen finished in a third-place tie.

Sporting Sidelines

By JEFF COHANE

CONTINUING WITH Texas Football Magazine's annual review of the scene to come on the Texas gridiron, the college picture is rather Top O' Texas-less.

BIGGEST SWC BOOST area is for guard John LaGrone of Borger and SMU, named as all-conference defensive guard.

KENNY HEBERT

Texas Tech, all-everything candidate this year.

TOMMY NOBIS is Texas' "Mr. Wonderful" this year, but among those tabbed for glory are former Lubbock High quarterback Greg Lott.

THE FRESHMAN picture seems bright for the Panhandle, with all the SWC schools and UH agreeing that everybody get their share of "blue-chippers."

AMONG THE TEXANS listed as Arkansas' two-deep roster are Lee Johnson of Borger at first team defensive left end and Melvin Gibbs, also Borger, as starting left linebacker.

PHIL WOODRING

Paul Conner of Clarendon is second team safety.

Baylor has Mike Dewien of Amarillo as second team offensive right guard and Eddie Whiddon, also of Amarillo, at defensive left half.

A FULL page is devoted to Anderson in the TI rankings, with Terry McWhorter of Perryton listed as starting left end, Jerry Shipley of Lubbock as starting right end, Smiley Glover of Dumas defensive left half-back.

EDDIE KLEIBRINK

TEXAS A&M lists former Stinnett ace Ken "Duke" McLean (whom this scribe visited with at last weekend's track meet) at offensive weakside end as the only area player.

HOUSTON STORIES, unfortunately, seem to be on none but Warren McVea, much to the dismay of Cougar fans like this scribe, who still feel that "Super" will fall on his face.

However, a few lines are devoted to "my boy," which read "Sophomore quarterback Kenny Hebert has demonstrated he can play anywhere and Yeoman coach Bill is intrigued by his 42-yard punting average."

TCU seems to have napped up the Panhandle while Baylor has only Ronnie Woodward of Tascosa. SMU made up for it with Chris Key of Monterey.

With one and one-half weeks left to go in the regular season, two teams are knotted up for first place, the Sundowners and Weathered Humble, each with 11-1 records.

Baytown Football Favorite

DALLAS (UPI) — The 1965 edition of Texas Football magazine favors Baytown's Robert E. Lee to win the state Class AAAA football championship and the Class AAA crown to go to Pharr-San Juan-Alamo.

Baytown's Ganders have 11 lettermen back from a 5-4-1 team that finished strongly, losing to state finalist Galena Park by a mere 12-7.

In Class AA, the magazine chooses Alpine because of one of the division's best defenses and in Class A the top pick is White Deer which has nine starters back from a 9-2 team.

Port Arthur shapes up in Class AAAA as a formidable district foe for Baytown, the magazine said, with Spring Branch Memorial, Corpus Christi Miller and San Antonio MacArthur other stout southern bracket warriors.

In Class AAA, Richardson Lake Highlands is favored to reach the final round along with Pharr-San Juan-Alamo.

Turning to Class AA, the Port Acres team looms as the likely finalist for Alpine, which has another tough foe in Crane in its own district.

Other southern bracket teams to watch are Pleasanton, Cypress-Fairbanks, Deer Park, Bay City and Austin Lanier while northern bracket playoff possibilities are Dumas, Brownwood and Weatherford.

Class AA Favorites Turning to Class AA, the Port Acres team looms as the likely finalist for Alpine, which has another tough foe in Crane in its own district.

In Class A a dip in enrollment at White Deer left it in the smaller league where the Bucks won a district championship with a 9-2 mark last year.

The Industrial Softball League will commence its season starting July 28 with an invitational tournament. This will be the annual Top O' Texas Tournament running July 28-August 4.

With one and one-half weeks left to go in the regular season, two teams are knotted up for first place, the Sundowners and Weathered Humble, each with 11-1 records.

Red Cross News

By LIBBY SHOTWELL
The Red Cross High School Volunteers with sponsors Mrs. Kenneth Gill, Gray Lady, and Mr. John F. McKnerney went to Panhandle to the Childrens Home for a program and picnic. Volunteers who made the trip were: Pat Ray, Sherry Watkins, Betty Supina, Cindy Hart, Cindy Hearn, Cheryl McCarthy, Dawn Hills, and Barbara Brown. Mrs. Gill's niece, Arline Williams from Lubbock, Texas went with the group. The girls made sandwiches and took potatoe chips, cookies and punch for the evening supper.

The aides who work with the Handicapped swim class each Monday evening at 6 p. m. are: Mrs. Jack Hilton, Mrs. Dean Stadman, Jim Cole, Carol Ward and her mother Mrs. H.E. Ward, Scott George and Linda Peacock. Each person in the class is assisted by an aide so there is no danger of any kind with the children or adults in the program. Jack Hilton, Water Safety Instructor is in charge of the Handicapped Swim. \$1.00 fee is charged for the use of the Youth Center Pool.

We have another young person who has completed his 50 mile swim. Charles Jackson has been working over a year on his swim record and only completed his 50 mile swim the 28th of June. The Red Cross gave Charles a 50 mile swim pin and emblem to wear on his jacket. Persons who are interested in this activity should come by the Red Cross office and get his individual record card and keep his record during his swim work. You should swim 440 yards at a time and each square on the card means that you have completed the required yardage. When the card is filled then you should bring it to the Red Cross office.

Surprise, surprise for the Red Cross! Young people on the block of Navajo held a cool ade stand and gave 5¢ cents to the Red Cross for youth work. The girls who worked at the stand were: Ann MacArthur, Carol New, Nancy New, Janet Bradley, and Lee McArthur. Our Red

Cross is made up of volunteers both young and old.

Ted Gikas began a standard First Aid Class Monday evening and the group decided to meet each Monday and Friday evenings in the Red Cross office. Persons who wish to take the Standard class should be present each Monday and Friday evenings.

The Kit Kat Klub have really helped with our swim program. Girls who are pledging for the club have given volunteer help at the City Pool and also have worked in the Red Cross office answering the telephone.

Wes Langham, chapter chairman of the Gray County chapter of the Red Cross with Libby Shotwell, executive secretary attended a meeting in Amarillo the 14th at the chapter house. Dick Staryer was the chairman for them and plans for

for the meeting and plans for the Combined Service Territory were discussed and made for the coming year. Pampa is responsible for assisting Donley, Roberts, Shamrock, Wheeler and Hemphill.

Registration sheets are to be had at the City Pool, the Youth Center, and at the Red Cross office, for the Swim Meet to be held Friday evening at 7 p. m. at the City Pool. The Rotary Club of Pampa will sponsor the meet and there is no charge for the program. The program for the evening will be:

1. Smallest and youngest swimmer—American Carwl.
2. American Crawl - 10 yards or under - 11-12 13-15 16-17
3. Breast Stroke - 11-12, 13-15, 16-17.
4. Back Stroke - 11-12, 13-15, 16-17.
5. Side Stroke - 11-12, 13-15, 16-17.
6. Race - Free style.
7. Race - American Crawl.
8. Best Dive (any style) - girl any age.
9. Best Dive (any style) - boy any age.

1st and 2nd place ribbons will be given in each entry and the best in the 4 styles of swimming will be given a trophy. So get your entries.

Discuss Tourism

Tourism and its growing importance as a major economic factor in Texas was emphasized at the concluding luncheon of the West Texas Chamber of Commerce directors meeting yesterday in Amarillo.

Speakers were John B. McDuff, president of Burnet Telephone Co., Don Epperson, of Austin, director of the Texas Tourist Council, and Pat E. Taggart, executive of Waco News Tribune & Times Herald and treasurer of the Texas State Historical Survey Committee.

In other business the directors urged action against repeal of amendment 14-B of the Taft-Hartley Act and reaffirmed support of the Connally amendment allowing the United States to retain jurisdiction over cases pertaining to domestic affairs.

Approximately 150 directors and chamber managers from throughout West Texas attended the affair including Pampa director Bill Power and local chamber manager E. O. Wedgeworth. W. H. Lance, of Perryton, is district 1 vice-president.

Presiding over the meeting was WTCC president Beeman Fisher, of Ft. Worth.

IKK RETURNS HOME

WASHINGTON (UPI) — Former President Dwight D. Eisenhower returned to his farm near Gettysburg, Pa., after a brief stay at Walter Reed Army Medical Center here for routine tests.

A hospital spokesman said that Eisenhower entered the hospital Thursday and stayed overnight. The former Chief Executive has regular medical checkups at Walter Reed.

HAPPY HENS

MUENSTER, Germany (UPI) — West Germany continues to lay more eggs than any other Common Market nation, the Westfaelische-Lippische Farmer Association said.

A spokesman said West German hens are "happy." He said they laid 37.6 billion eggs last year, 2.3 billion more than in 1963. The spokesman said West German hens provide 30 per cent of Common Market eggs production.

CONFIRMS APPOINTMENT
WASHINGTON (UPI) — The Senate confirmed the appointment of David R. Baldwin of Pennsylvania as assistant secretary of commerce. He succeeded Herbert W. Pampa's Second Community Fair Ends Tonight

Estimated 15,000 Visit Pampa Fair

By VAN COOK

The bright lights, the screams of youngsters, the pain of sore feet from endless walking, the careful budgeting of money, the anxiety of winning, the disappointment of losing, the fun of the fast moving rides, and the cotten candy or the candy apples are just a few of the sights and sounds of the second Top O' Texas Community Fair here in Pampa.

It was a busy week for the Jaycees as it was their job to see that everything went according to schedule.

The events were started by cutting the ribbon to the midway by Mayor Jim Nation on Wednesday. Second in line of events was the queen contest. The crowning of the queen took place Wednesday night as Miss Ruth Ann Guthrie was chosen reign over the second annual Top O' Texas Fair.

Each night a talent show was held with local talent on the program.

The commercial arts display was a big event stationed in the commercial arts building.

Also in the commercial arts building was an art and crafts display.

Baking contest winners were announced Thursday afternoon. Miss Leon Brown was the first place winner of the senior division. Miss Phyllis Atwood was the first place winner of the junior cakes division.

The opening night crowd was estimated at about 3,000 to 4,000.

The 15-queen candidates of the fair represented area clubs and civic organizations. The contestants were voted upon by pre-sale of tickets.

The fair will open today at 1 p.m. and close at 12:00 midnight.

It is almost time to stop and look back on the memories of the past five days. Go with us now as we relive the fun and excitement of the Top O' Texas second annual Community Fair.

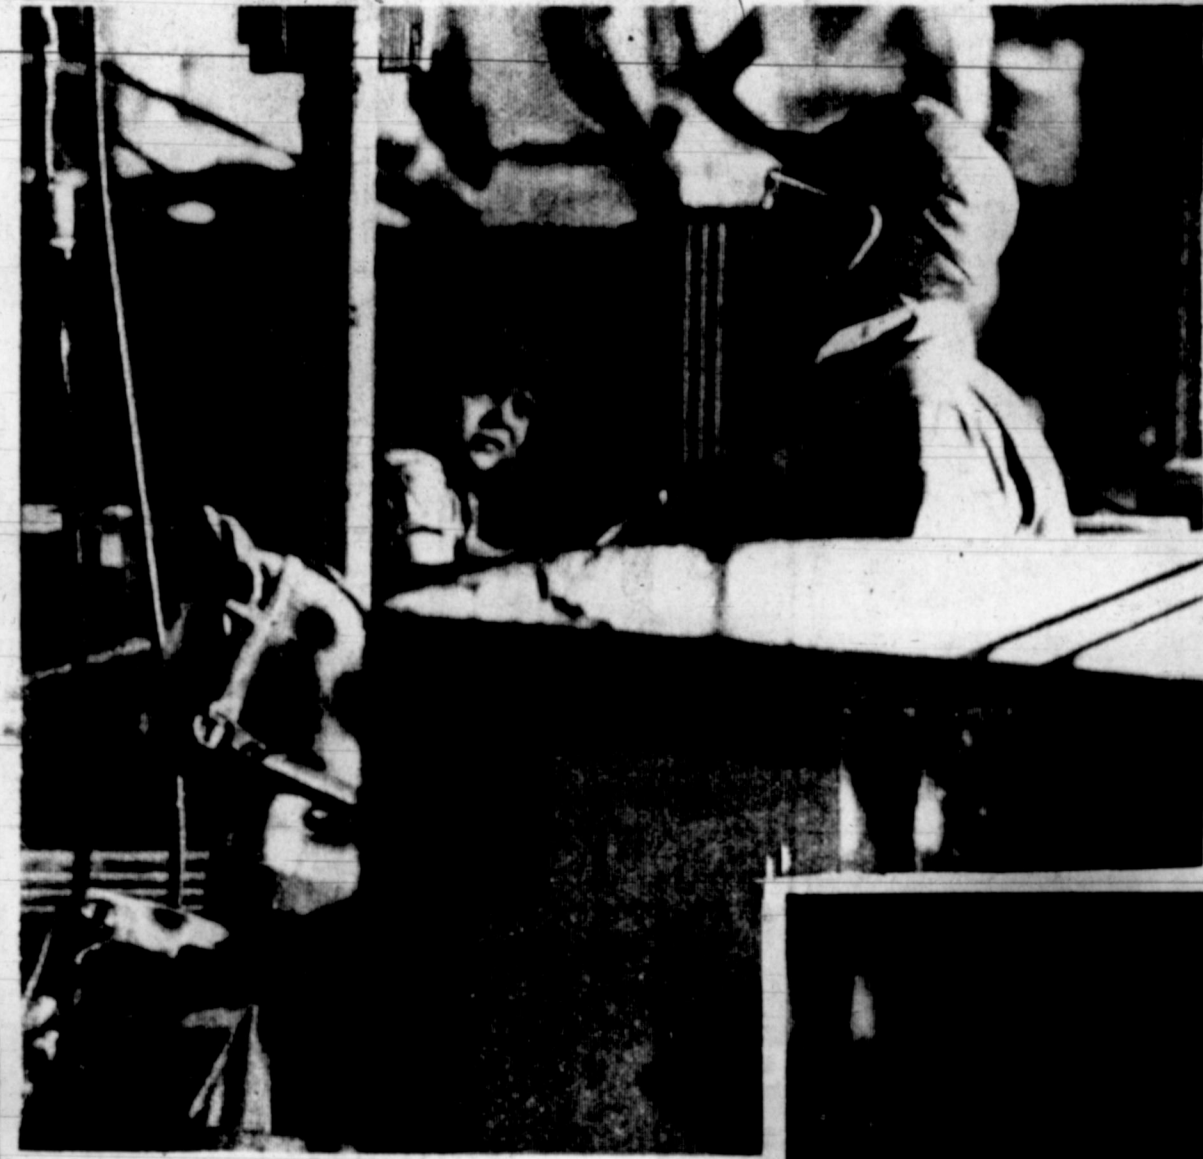

OFFICIAL OPENING — Mayor Jim Nation, left above, Warner, Mrs. Duggan Smith, and Mrs. John Warner watch.

FOR A WIN — Stacks of teddy bears, above, await a winner at the basketball throw.

GIDDYAP HOBBY! — Four-year-old Jean Young, daughter of Mr. and Mrs. Marvin Young, 318 Hazel, rides in the horse and carriage. Jean had a hard day at the fair. Everyone she was with won a prize. "But I didn't win a thing," Jean said.

MAKE IT GO FASTER — Tim Wade, grandson of carnival owner D. S. Dudley, watches Henry Leverett, of Vernon. Leverett is operator of the children's rides.

Sunday Passing Show

"WOMEN MAY not be much," the late Will Rogers once said, "but they're the best opposite sex we have." Unfortunately, men, they know it. Your job: Make them feel special. All it takes is a bit of basic psychology, mixed well with showmanship. Don't be afraid to borrow the tested techniques of experts, past and present. Following are a few tested techniques. Shower her with little attentions: Brush imaginary dust from her coat, hold hands under the table, and don't worry if the gesture seems old-hat or corny. These suggestions, for example, come from a 2,000 year old book on "The Art of Love." Did they work? So well that Ovid, the author, had to write a sequel telling man how to avoid entangling alliances! ... Say the right thing: Telling a woman she's beautiful is not necessarily a surefire compliment, observed a man-about-town, the Earl of Chesterfield, over 200 years ago. He advised his son to praise only the average girl on her beauty, but compliment the very pretty or very homely woman on her intellect. The beauty, according to this line of reasoning, is fed up to her pretty teeth with compliments on her looks and the homely girl wouldn't believe them. There will come that inevitable moment when she demands, "Do you love me?" Don't blush or stammer, like some single men, and don't, as too many husbands do, snap back, "Of course. Why do you always ask me that?" Instead, gaze into her eyes and say fervently, "You don't know how much!" This satisfies her and gets you off the hook, particularly if you don't know how much, either ... Understand her signals: Men realize that women have a language all their own, and the smart ones try to understand it. If you can master even a little of the lingo, you're ahead of the game. One key point to remember is that most women speak in superlatives. A hat is not just pretty or becoming, it's "gorgeous" or "darling." Beware, therefore, of faint praises. When she tells you your new tie is "very nice," don't wear it again with her. She hates it. Listen for the significant pause. If she hesitates just a few seconds before saying she'd be happy to cook dinner for your long-lost school chum, forget it. You'll be in the doghouse if you make her go through with it. Of crucial importance is the "contrary hint." When she says, "I don't want anything for my birthday," she really means, "Don't forget my birthday." If she says, with a light laugh, "Look at that woman over there dripping milk," she's actually saying, "I wish you could afford milk, dear. Couldn't you swing a fur-trimmed sweater, at least?" Remember the magic numbers: Carry around in your head (or better yet, on a card in your wallet) her size numbers. For example, dress size 14, blouse size 36, stocking size 10½, glove size 7. If you do this, you're almost sure to make a fortunate choice of gifts ... Circle the magic numbers on the calendar. Her birthday, your anniversary, if you have one, and, if you're sentimental, the date on which you met. But there is one un-magic number she'll thank you for forgetting, her age ... Follow these hints, fellows, and you'll you have, and getting better all the time. For the girls will treat you as a knight in shining armor, yes Sir!

Miss Mary A. Moore Becomes Bride Of Carl H. Steubing in Fort Worth Rites

SUNDAY, JULY 18, 1965

58TH
YEAR

Miss Mary Ann Moore became the bride of Carl Hanson Steubing of San Benito in a double-ring ceremony solemnized the evening of July 10 in University Baptist Church at Fort Worth. Dr. James Harris officiated.

Parents of the couple are Mr. and Mrs. William L. Moore of 1320 Charles and Mr. Glen R. Steubing of San Benito.

An arrangement of white gladioli and chrysanthemums centered the altar area which was flanked by arched candelabra holding lighted tapers garlanded with smilax. Miss Ann Bradley of Abilene, organist, presented traditional nuptial selections and accompanied Mrs. Wayne Brown of Dallas as she sang "Because" and "The Wedding Prayer."

Given in marriage by her father, the bride wore a formal gown of white bridal satin. Appliques of alençon lace, re-embroidered with bridal pearls, enhanced the basque bodice and bell-shaped skirt. The long sleeves tapered to petal points at the wrists and the detachable chapel-length train was fastened at the waist with satin buttons. The bride's elbow-length tiered veil of French illusion was secured by a cabbage rose embroidered with seed pearls. She carried a white Bible topped by white roses centered with a white orchid.

Miss Karen Moore, sister of the bride, attended as maid of honor and Miss Betty Connolly of Dallas was bridesmaid. The Misses Moore and Connolly were dressed identically in gowns of blue peau de soie featuring scooped necklines and bell-shaped skirts and carried nosegays of pom poms.

Miss Margaret Reynolds of Cisco served as flower girl and ring bearer was Brian Reynolds, also of Cisco.

Wayne Baham of Lake Charles, La., served as best man to the bridegroom while ushers were Larry Smith of Fort Worth, George Berryman of Little Rock, Ark., and Jimmy Moore.

For her daughter's wedding Mrs. Moore was attired in a pink silk shantung suit accented by matching accessories. A white rose corsage completed her costume.

Mrs. Billy Reynolds of Cisco, Mrs. John Cook, Mrs. Paul Breedlove and Miss Edna Agulla attended to house party duties at the reception held in Fellowship Hall of University Baptist Church following the wedding rites.

Prior to departing on a wedding-trip to San Antonio, the new Mrs. Steubing changed into a three-piece suit of pink silk shantung and matching accessories. She wore the orchid lifted from the bridal bouquet.

The bride is a graduate of Texas Christian University and Harris College of Nursing Fort Worth. Mr. Steubing, a graduate of Texas Christian University, is now attending Southwestern Baptist Theological Seminary in Fort Worth, where the couple will make their home at 1814 8th Ave., Apt. 16.

MEN'S HAIRDOS CAME FIRST
Men were first to become fussy about their hair styles. According to research, primitive man reserved curls to himself to indicate superior social status. The curls of kings indicated nobility. Hair was cut for convenience when men wore armor. Through the years women followed the men through hair fashion changes, when they were allowed.

Sunshade Cover Enhances Deck

You can live cool all summer long if you build a western wood deck in the back yard and top it with a sunshade roof. The deck won't retain or reflect heat and is extra air-conditioned when built a foot above ground level so air can circulate freely underneath.

Again to encourage cooling air circulation, build the roof in a trellis or eggcrate design.

MEMOS FROM YOUR STYLIST

by Jackie and Edna

Utilizing make-up to slim down a full face can be done quite effectively. Start off by applying white make-up under the cheekbone, with the apex pointing down toward the jaw. Regular make-up is then applied.

If an oval look is desired, a second darker shade of base may be used, blended from the ears to the chin. Beginning one inch wide, taper down to a hairline at the chin and finish up with regular make-up.

When it comes to attention to the hair, your solution is simple: Drop in and see skilled patient operators who know every beauty trick in the book who will serve you at BOBETTE BEAUTY SALON, 2110 Perryton Parkway ... MILDRED AND M. ROY Sullivan have been advised by the Army that their son, Capt. Roy F. Sullivan, has been promoted to major. Major Sullivan is a graduate of Pampa High School and Texas A&M University. Prior to entering military service he was employed by the News-Maj. Sullivan is now assigned to graduate school of the University of Arizona, Tucson, where he is working on a Master's degree ... Art lovers of the area might enjoy a trip to Woodward, Okla., next Sunday afternoon when Elaine de Kooning, New York artist, will give a lecture concerning her paintings, demonstrated with slides, at 2 o'clock in the Conference Room of Carnegie Library. Mrs. Kooning will have a number of her paintings on display, which will hang in the library the following week. In the winter of 1962-63, Mrs. Kooning was commissioned by the Truman Library to do a portrait of the late President John F. Kennedy. She not only did the portrait of President Kennedy which now hangs in the Truman Library at Independence, Mo., but produced a series, three of which are on view in the Massachusetts Pavilion of the New York Worlds Fair. The artist's husband, William de Kooning, according to the World Book Encyclopedia, is one of the greatest modern artists and Mrs. Kooning is considered one of the leading abstract expressionists of modern times. Walter and Dorothy Biery of Tulsa, Okla., spent last week in the home of Mrs. Biery's mother, Mrs. H. A. (Vera) Doucette. While here the Bierys enjoyed garden parties given by Mrs. Biery's brothers and families, Albert P. and Mary Doucette and Berton and Adalen Doucette. Also enjoying the family gatherings was another brother of Mrs. Biery, LeFors Doucette of Amarillo, her aunt and uncle, Musette and Emmett LeFors, and her cousins, Alex and Lottie Schneider and Mrs. Margaret McIntyre. Climaxing the visit was a party given for all the family members by the Bierys in Pampa Club at Coronado Inn. Miss Avril Doucette, daughter of the Albert Doucettes, accompanied the couple home to spend a few days visiting in Tulsa.

MRS. JOHN W. (Evelyn) Price, who is moving with her family to Tallahassee, Fla., was honored Friday evening with a farewell garden party by the Pampa Music Teachers' Association and a group of friends at the home of W. H. and Joann Fuller. Assisting the Fullers with host duties were Mrs. Carl (Ellen) Shafer, Mrs. Ramon (Hazel) Wilson and Tracy D. Cary. Mrs. Price was presented a hand-carved clock from the Black Forest of Germany in appreciation of her many contributions to the musical life of the community as a member of the Music Teachers' Association, violinist in the Amarillo Symphony Orchestra and as a performer in church, school and other musical activities in Pampa and throughout the Panhandle. The group enjoyed the evening in a garden lighted with hurricane lamps. Bidding Mrs. Price goodbye at the party were Hugh and Rinky Sanders, Jack and Lillian Skelly, Charles and Sheila Parr, Mrs. Hugh (Ann) Carson, Mrs. Lewis (Eula) Meers, Mrs. Roberta Talley of Kermit, Mrs. J. R. (Naida) Sparkman, Mrs. W. M. (Thelma) Cooper, Mrs. Lois Fagan, Mrs. Royce (Lily) Rasco, Mrs. Mary Cary, Mrs. Fidelia Yoder, Mrs. John (Irene) Hessey, Miss Eloise Lane and Ramon Wilson. Seems Ouida and Joel Middleton Jr. are not the only Cabot employees being transferred who were honored at a dinner party given a week ago last night in the Starlight Room of Coronado Inn, as stated in last week's column. The Middletons are being transferred to Boston, Mass., but a number of other employees of Cabot's Technical Service and Sales Department are being transferred to Franklin, La., to help staff the company's new laboratory there. Those being transferred to Franklin and also honored at the dinner were L. W. and Reta Hadlock, C. C. and Frankie Hill, J. E. and Dolores Ingram, A. S. and Morgan, D. K. and Linda Mitchell, B. OES Gavel Club Has Covered-Dish Meeting Thursday

Seventeen members and one guest of OES Past Matrons' Gavel Club enjoyed a covered-dish supper Thursday evening in Southwestern Public Service Reddy Room.

Serving as hostesses were Mmes. Lyda Burba, Sweet Shearer, Nellie Fleming and Lela Wheeler.

Invocation was given by Mrs. Lorena Railsback.

Mrs. Viola Pennington, president, presided over the business session at which a thank you note was read from Mrs. Wheeler and announcement was made of Mrs. D. E. Bohlander's appointment as a Grand Visitor at the recently held Grand Assembly of Rainbow Girls in Dallas and the appointment of Miss Della Reeves as an OES Grand Chapter of Oklahoma committee member. Mrs. Ruth Sewell gave the secretary's report and those present voted not to hold an August meeting.

Following the business session and meal-table games were enjoyed by those attending.

Members present were Mmes. Blanche Harrison, Katie Vincent, Hazel Parker, D. E. Bohlander, Ethel Alexander, Chasa Lent, Fuqua, Maude Voyles, Ruth Sewell, Naoma Davis, Viola Pennington, Stella Wagner, Della Reeves, Lorena Railsback, Lyda Burba, Sweet Shearer and Nellie Fleming.

Mrs. Francis Taylor of White Deer was welcomed as a guest.

The quicker a stain is treated, the easier it is to remove.

Miss Carole Sears, John David Steed Pledge Vows in Hereford Home Ceremony

Miss Carole Sears, daughter of Mr. and Mrs. Joe A. Sears of Hereford and John David Steed, son of Mrs. Preston Steed of Childress and the late Mr. Steed, pledged double-ring vows yesterday evening in the Hereford home of Mrs. Sue James, aunt of the bride.

Rev. Herschel L. Thurston officiated the ceremony at 7 o'clock before an altar centered with an arrangement of white and lilac gladioli flanked by candelabra bearing white tapers.

Miss Penny Johnson, pianist, provided traditional nuptial selections which included "I Love You Truly" and "One Hand One Heart."

The bride was given in marriage by her father with the "her mother and I avowal." She was attired in a floor-length gown fashioned of white peau de soie featuring a fitted bodice embellished with garland lace appliques outlined with seed pearls, wide oval neckline, long tapering sleeves ending in petal points over the wrists, and bell-shaped skirt. Her shoulder-length veil of illusion fell from a peau de soie coil accented by seed pearls. She carried a small white Bible, belonging to her maternal grandmother, topped by a cascade arrangement of stephanotis centered with a cattleya orchid and wore a six pence in her shoe, which was a gift of Miss Hazel Rigbee of Hobart, Okla.

Miss Gail Champion, wearing a floor-length gown of pale lilac

Mrs. John David Steed ... nee Miss Carole Sears

Habutai silk and a coil of flowers with lilac veiling, attended the bride as maid of honor. Miss Champion carried a bouquet of white lily-tipped glamelias.

Serving the bridegroom as best man was Wayne Denson, while ushers were Raymond Nance and John Holloway.

Lighting the tapers was Miss Helen Sears and Miss Karen Skinner of Childress, niece of the bridegroom, served as ring-bearer.

Mrs. Sears chose a two-piece dress fashioned of beige Spanish lace, matching accessories and a corsage of yellow sweetheart roses for her daughter's wedding. Mrs. Steed selected a dress of rose pink Japanese silk complemented by bone accessories and a corsage of pink sweetheart roses.

Miss Billie Jo Mitchell of Booker presided at the punch service and Miss Helen Sears of Hereford served the wedding cake at the garden reception held following the ceremony. The bride's table, covered with a white linen cloth, was centered with an arrangement of orchid and white roses. Guests were registered by Miss Pamela Barrow of Amarillo. Other members of the garden party included Miss Jan Cawthon of Pampa and Miss Ramona Skinner of Childress, nieces of the bridegroom.

Points of interest in New Mexico and Colorado will be visited by the newlyweds on their wedding trip. For traveling the bride changed into a two-piece suit-fashioned of light pink maltese crepe accented by white accessories and wore the orchid left from the bridal bouquet.

FRANK-VEALE — Miss Carolyn Sue Frank will become the bride of James Holland Veale on Sept. 3, according to an engagement announcement made by Mr. and Mrs. Joe Frank of Canyon, parents of the bride-elect. Mr. and Mrs. T. J. Veale of 2216 N. Sumner are the parents of the prospective bridegroom. St. Ann's Church in Canyon will be the scene of the wedding.

Single-Ring Vows Repeated by Couple

Mrs. Paul D. Stone
... nee Miss Linda Faye Cone

SKELLYTOWN (Sp) — Miss Linda Faye Cone became the bride of Paul D. Stone in single-ring vows read at 7:30 p.m. July 10 in Skellytown First Baptist Church. Rev. Bill Penland officiated the exchange of vows.

The bride is the daughter of Mr. and Mrs. Herschel Cone of Skellytown. The bridegroom's parents are Mr. and Mrs. Lee Stone of 827 E. Murphy.

Given in marriage by her father with the "her mother and I" avowal, the bride wore a white summer knit two piece

suit featuring a V neckline trimmed with gold braid.

Mrs. Bobby Tatum, attired in a beige street-length shift dress and white accessories, attended the bride as matron of honor. Mr. Tatum served as the bridegroom's best man.

For her daughter's wedding, Mrs. Cone chose a light blue whipped cream dress with white accessories. Mrs. Stone selected a rose one-piece dress with white accessories.

The couple is making their home in Perryton, where the groom is employed.

The bride attended White Deer High School. She plans to finish her high school education at Perryton High School this fall. Mr. Stone attended Pampa High School.

Dear Abby.... Convincing Religious Husband Won't Be Easy

DEAR ABBY: My problem is that my husband will not let me visit my sister. She lives in Nevada. She was married once, had a child, and then had the marriage annulled. She married again, briefly, but it didn't work out, so she got a divorce. She is now living with a man who has a legal separation from his wife. He can't get a divorce because of religious reasons. He treats my sister very well and is a wonderful father to her son. She has many good qualities, we understand each other, and I love her. My husband doesn't even want me to talk to her on the phone. Abby, I'm her only sister and she has no one else to confide in. My husband is afraid she will be a bad influence on me. He is a very religious man and his word is law.

ONLY SISTER
DEAR SISTER: A religious man should know something of forgiving seventy times seven. And if he chooses to ignore that, refer him to John (New Testament) which suggests that he who is without sin cast the first stone.

If a man has one drink too many... It just "slipped up" on him. (If a woman does, she's a lush.)

If a man has a night out with the boys, he's worked hard all day and needs to "relax." (If his wife has a night-out with the girls, she's up to no good and ought to be home with her family.)

If a man cheats on his wife, his wife is probably a cold fish and he's only human. (If a woman cheats, she's a tramp.)

If a kid turns out good, he's a chip off the old block. (If he turns out bad, his mother did a rotten job raising him.)

Right, Abby? It's a man's world.

T'AIN'T FAIR
SNYDER, TEXAS
DEAR T'AIN'T: Right! And who said otherwise? But they are the only other sex we have.

Troubled? Write to ABBY: Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

SUMMER DRESS-UP PICK
Matte jersey is a good choice for summer dress-up fashions. It doesn't wrinkle, packs easily and wears well, so it is ideal to take on vacation for gala evenings.

DEAR ABBY: My sister is a 23-year-old divorcee. She's very good - looking and a live wire. She has no children. She met a man in Florida last winter. He is 55 years old but doesn't look it. My sister has convinced him that life begins at 40. He wants to marry her, but here's the problem: This man wants my sister to keep a kosher kitchen. She's never done it before and hates to go to all that bother. Do you think she should keep kosher for this man?

BEA
DEAR BEA: Not unless the man is Jewish.

DEAR ABBY: I was visiting with relatives living in a small town over Memorial Day. This town has three ministers and, instead of the three walking in the parade, one rode a bicycle. Now there is a time and place for everything. As far as I am concerned, that was the wrong place to be riding a bicycle. The members of his congregation were embarrassed, which I can easily understand. I think we should be reverent about things pertaining to our country and what the boys did for us. Ministers are always telling us what to do and not to do, while they themselves don't practice what they preach. What do you think?

SHOCKED
DEAR SHOCKED: And we should not be critical until we know all the facts. For all we know, the minister who rode the bicycle in the Memorial Parade might have been unable to walk because of an injury sustained in World War II.

DEAR ABBY: Anybody who says that women have equal rights in this country is just kidding himself.

If a man's trousers are too tight, he's just put on a little weight. (If a woman's skirt is too tight, she's trying to be sexy).

If a man stands on a corner, he's getting some fresh air. (If a woman stands on a corner, she's looking to be picked up.)

MARRIAGE ANNOUNCED — Mr. and Mrs. J. B. Rose, 847 S. Banks, announce the marriage of their daughter, Patsy Ann, to Gary Len Havenhill, son of Mr. and Mrs. Harry Havenhill, 831 S. Banks. R. J. Stevens, minister of Central Church of Christ, solemnized the exchange of vows at 10 a.m. July 9, in the home of the bridegroom's parents.

Clark-Golleher Vows Are Spoken

CANADIAN (Sp) — Mr. and Mrs. Lawton Clark of Fox, Okla., announce the marriage of their daughter, Addie Ruth, to James Everett Golleher, son of Mr. and Mrs. Johnny Golleher of Canadian.

The couple exchanged vows July 10 in Pampa.

The bride, a graduate of Fox High School has been employed as nurses aid at Highland General Hospital in Pampa. The bridegroom is employed at the Canadian Grain Co-op. They are making their home in Canadian.

REPEAT VOWS—Miss Vena Loveless and Roland Kenyon exchanged wedding vows at 7:30 p.m. June 25 in Syracuse, Kan. Rev. J. M. Munroe officiated the ceremony in Syracuse First Baptist Church. The bride is the daughter of Mr. and Mrs. J. W. Loveless of 218 E. Tuke and the bridegroom is the son of Mr. and Mrs. B. L. Kenyon, 928 E. Francis.

Necks, Kneecaps in Fashion Forefront

By GAY PAULEY
UPI Women's Editor
NEW YORK (UPI) — Necks and kneecaps are in the forefront of fall and winter fashions.

Necklines on daytime coats stand up around the throat and in some instances are muffled treatments reaching nosetip. For evening, the pattern reverses with deep plunges nearly to the waist at back.

The knees bared to the breezes show in a number of New York collections with some designs inching hemlines two three and four inches above the knees. But for the woman who doesn't want the short, short skirts, there's an ample supply of more conservative day clothes to cover knees. The designers Adele Simpson and Mollie Parnis, for instance, placed hemlines where they were last fall, just barely covering the knees.

The two are among the New York fashion leaders putting their collections on display the rest of this week and all next for visiting fashion reporters. Sponsors of the shows which began Wednesday are the American designer group and the New York couture group.

In a roundup forecast, the New York manufacturers singled out these trends: The "paper doll" shape with its stiff, two dimensional look is out. Instead, the new clothes have fluid lines with bias cut and drape creating a lean-looking torso and high, small bosom.

Newlyweds Will Make Home in Abilene

Mrs. Jeryl Richard Schmidt
... nee Miss Carol Annette Jones

(Qualla Studio Photo)

Arrangements of majestic daisies, banister candelabra and jade palms appointed the wedding scene for the ceremony uniting Miss Carol Annette Jones and Jeryl Richard Schmidt.

The bride is the daughter of Mr. and Mrs. H. K. Jones of Houma, La., and the bridegroom is the son of Mr. and Mrs. J. J. Schmidt of 801 N. Frost.

Minister Guy V. Caskey read the double-ring vows at 7 o'clock yesterday evening in Mary E. Le-n and Harvester Church of Christ.

"O Promise Me." "Because," "I'll Walk With You," "Faithful and True," "Father, Hear the Prayer We Offer," and "The Wedding March," tape recordings of the Hardins College Cappella Choir, were played throughout the ceremony.

Given in marriage by her father, the bride was gowned in a

floor-length gown of white peau de soie featuring a fitted bodice and bell-shaped skirt, topped by a white lace jacket designed with rounded neckline and elbow-length sleeves. A chapel-length train was attached at the waist by a belt which fastened with a front bow. The bride's three-tiered waist-length veil of tulle fell from a crown of seed pearls. She carried a cascade bouquet of rosebuds and stephanotis.

Dressed identically in waltz-length gowns of emerald and wearing matching rose calfs with two-tiered black veils, bridal attendants were Mrs. L. O. Wilson, matron of honor, and Miss Shana Sue Reeves and Miss Jo Ann Reeves, bridesmaids. Each carried cascade arrangements of marguerite daisies and English ivy.

Charles A. Matlack served the bridegroom as best man and

groomsmen were John Prophet, Bill Mustin and Bob Peterson. Ushers seating the wedding guests were John White and John Vickrey.

For her daughter's wedding, Mrs. Jones was attired in a two-piece suit of pink lace complemented by matching accessories. Mrs. Schmidt chose a sheath dress of imported silk turquoise accented by matching accessories. Both mothers wore corsages of gardenias.

Following the exchange of vows a reception was held in the Reception Room of the church. The bride's table, covered with a white linen cloth, was centered with the bridesmaids' bouquets and appointed with daisies and roses. Miss Carol Tucker presided at the punch service and Mrs. Charles Matlack served the wedding cake while guests were registered by Miss Linda Young. Other members of the house party included Mrs. B. J. Carbone, Mrs. Jim O'Hara, Miss Brenda Perry and Mrs. Bill Tucker.

For traveling to Dallas on a wedding trip the new Mrs. Schmidt donned a two-piece suit of aqua linen and bone patent accessories. She lifted the white rose corsage from the bridal bouquet.

The bride is a junior at Abilene Christian College, majoring in elementary education. Mr. Schmidt, a 1963 graduate of Abilene Christian College with a major in accounting, is a representative for Fidelity Union Life Insurance, Abilene, where the couple will make their home.

Mrs. V. Stuckey Gives Convention Report to Auxiliary

Report of the 45th Annual Convention of the Veterans of Foreign Wars and Auxiliaries was heard at Tuesday evening's meeting of the Ladies Auxiliary to Pampa Post 1657, Veterans of Foreign Wars, held in VFW Hall.

The meeting, presided over by Mrs. Vernon Stuckey, president, was opened with the Pledge to the Flag and the Chaplain's Prayer. Mrs. L. M. Henderson gave the secretary's report and members were reminded of the up-coming rummage sale.

Mmes. Homer H. Barnes, J. G. Gabriel, Kenneth Gill, Clyde Gray and Elvana Hall were given the obligation of membership.

Mrs. Stuckey, delegate to the Annual VFW and Auxiliaries Convention, held June 23-28 in Hotel Cortez and Hotel Plaza, El Paso, presented the report.

"Mrs. Priscilla Webb of Monahans was installed department president," Mrs. Stuckey stated. "Her motto will be the 'Golden Rule' and her special project will be the National VFW Home in Eaton Rapids, Mich.

"Mrs. James W. Reid, national chief of staff of the Ladies Auxiliary, represented the National VFW Auxiliary. L. N. Kirkpatrick was installed commander of the Department of Texas Veterans of Foreign Wars. James W. Cottrhan, past commander-in-chief of VFW from Bishopville, S. C., represented the National VFW.

"Mrs. H. Q. Parker, department of Texas-president, presided at the business session of the Ladies Auxiliary.

"The joint memorial service, held in the Cortez Hotel Crystal Ballroom, was the outstanding event of the convention," Mrs. Stuckey concluded. "Ed Krenek department commander, opened the memorial service ceremonies and Father Edward J. Hafner, chaplain, gave the prayer and memorial address."

Present at Tuesday evening's meeting were Mmes. Verda Adair, Jess Beard, George Benham, Earl Eckroat, Emmett Gee, Bessie Dezern, Jess Hatcher, L. M. Henderson, Lloyd Laramore, Frank Hudgel, H. D. Morris, May Muse, Lillian Snow, Chester Williams and Vernon Stuckey.

COLE-MAYHAM - Mr. and Mrs. W. T. Cole Sr., 2525 Christine, announce the engagement and approaching marriage of their daughter, Mary Kathryn of Amarillo, to Gerald M. Mayham, son of Mr. and Mrs. G. S. Mayham of Philadelphia, Pa. The marriage will be solemnized Sept. 4 in Polk Street Methodist Church, Amarillo.

SIMS-GOTCHER - Sept. 18 is the wedding date set for Miss Patricia Anne Sims and James E. Gotcher of 734 S. Barnes, according to an engagement announcement made by the bride-elect's parents, Mr. and Mrs. Howard Sims of 708 Bradley Dr. Rev. E. Douglas Carver will pronounce the vows in First Baptist Church.

WATCH OUT SUN IS SNEAKY Don't forget to use sun-screening creams or lotions in less exposed areas of your body when sunning and swimming. Protect your nose, back of knees and décolletage to avoid painful sunburn and peeling. Also apply lotion around the legs of your bathing suit and about a half-inch inside the suit and next to all exposed areas.

Dorothy Berkley, Lyndon Dean Sims

WHEELER (Spl) - Miss Dorothy Elizabeth Berkley and Lyndon Dean Sims were married in a double-ring ceremony the evening of July 10 in Belmont Baptist Church. Rev. Bob Rich officiated.

Parents of the couple are Mr. and Mrs. H. J. Berkley of Belmont, and Mrs. and Mr. Lyndon Sims of Wheeler.

Miss Donna Packwood was maid of honor and bridesmaids were Miss Suzy Fulls and Miss Gladys Sellers of Altus, Okla. Bridal attendants wore yellow satin dresses with bell skirts

and yellow whimsy headpieces. They carried carnation bouquets.

Miss Stephanie Jolly and Master Jerry Haddock served as flower girl and ring-bearer.

Miss Connie Sellers of Altus, Okla. and Miss Dian Tyler lighted the candles.

Kent Sims of Wheeler served his brother as best man. Mickey Packwood and Dillan Foster

Astrological Forecast

By CARROLL RIGHTER

GENERAL TENDENCIES: A day and evening to develop your spirituality as much as you possibly can, which is particularly likely if you attend the services or services of your church or are in those places where a fine intonation with Nature of the works of the Creator can deeply suggest you. Finish the coming week from this attitude.

ARIES (Mar. 21 to Apr. 20) — Living the Golden Rule is the best way and only way you are able to reach the fine goals you have in mind. Good friends require your assistance. Don't hesitate — do your utmost.

Taurus (Apr. 20 to May 20) — Taking the time to think out what your true desires and ambitions are you will later have very little difficulty in obtaining them. Get out socially. Make the right new contacts.

GEMINI (May 21 to June 21) — Your closest lies now require that you live the "Golden Rule to the letter" since they want you to make a fine impression on bigwigs. Learn new ways to increase prosperity. Be very refined.

MOON CHILDREN (June 22 to July 21) — Do not deviate from sound principles and have greater faith through being with those who are men and women of wisdom, vision. Don't give in to new temptations. Be adroit, amiable.

LEO (July 22 to Aug. 21) — Better keep rooted to one interest instead of permitting a self-seeking pal to lead you astray. Be devoted to close ties. You find that you can have a wonderful time at home.

VIRGO (Aug. 22 to Sept. 21) — Make sure you know what your true position is with partners without involving an influential person. Co-operation brings understanding. Be more liberal in your thinking.

LIBRA (Sept. 22 to Oct. 21) — A few changes here and there can make your abode far more charming — get at it! Live so that others want to emulate you — example. Spend more time with your appearance.

SCORPIO (Oct. 22 to Nov. 21) — Having fun with others is fine, so long as you keep the amusement light and do not hurt others. You need relaxation, repairs. Make this a day to remember.

SAGITTARIUS (Nov. 22 to Dec. 21) — Make it a point to show closest ones that you are affectionate and not taking them for granted. Keep promises. Get rid of whatever is no longer of use at home. Live honestly of book. **GROOV.**

CAPRICORN (Dec. 22 to Jan. 20) — Attending the lectures, etc. that are helpful to your growth, relax tensions — allow you to rest, rest, rest. Make present. Read your paper thoroughly. Much can be found there.

AQUARIUS (Jan. 21 to Feb. 19) — Elevating your consciousness to bigger things now will see you having a greater abundance in the near future. Make present nucleus grow. Improve that random journey.

PISCES (Feb. 20 to Mar. 20) — You personally desire to get ahead faster. So much more — make it a point to meet — just that direction. Add to circle of friends. Express practical ideas to persons of vision.

Canadian Rebekahs Have Regular Meet

CANADIAN (Spl) — Canadian Rebekah Lodge 124 met in regular session recently.

At the close of the business meeting Mrs. Agnes Adams gave a short talk on International Peace.

Mmes. Clara Blue, Eva Nix and Azzie Evans were presented certificates of perfection.

Following the meeting the hostesses, Mmes. Iva Lee Morgan, Lillie Reeves and Ella Wilson, served sandwiches, potato chips, cookies, pickles and iced tea to Mmes. Pauline Rivers, Mabel Teas, Carrie Moreland, Azzie Evans, Juanita Beatty, Agnes Adams, Beatrice Moon, Martha Newton, Geraldine Hopkins, Ora Wilson, Flo Johnson, Vivian Alford, Eva Nix, Belle Hughes, Clara Blue and Esther Bentley.

Mr. and Mrs. Terry Gene Smith

At 7:30 o'clock the evening of June 26 Rev. Harry Vanderpool performed double ring wedding vows uniting Miss Phyllis JoAnn Lamb and Terry Gene Smith.

Mr. and Mrs. C. W. Lamb of Lefors are the parents of the bride and Mr. and Mrs. Orval F. Smith of Pampa are the parents of the bridegroom.

First Methodist Church Chapel was appointed with two basket arrangements of flowers, candelabra, jade palms and a kneeling bench for the ceremony.

Mrs. Hubert Carson, organist, provided traditional wedding selections and accompanied Miss Frances Clarke as she sang "Always" and "Because."

For her wedding the bride chose a street-length dress of white tulle designed with a Pampa High School, if present-boat neckline, ruffled bodice, ly employed by Cabot.

If you were to witness the control-room activity of a missile shoot you marvel at the dials, controls, connections and message-sending apparatus necessary to get the bird off its pad. However, the body you pack around so matter-of-factly, contains a control and message system so complex as to make a missile effort look like kindergarten stuff.

The body contains billions of nerve cells; or neurons, with billions of connections. Around the outside of the cerebrum, the largest part of the brain, are about nine billion neurons. Since it is necessary for each of these cells to make connection with several other cells, you can readily understand the fantastic number of connections involved in this one area of the human system.

You can readily understand also, the growing importance of prescriptions in the cure or relief of human ailments. Prescriptions are a specialty at RICHARD DRUG, 111 N. Lamb-Smith Wedding Vows Are Pledged

Mr. and Mrs. Terry Gene Smith and Miss Phyllis JoAnn Lamb

short sleeves and full gathered skirt. She wore a pill box coif with brief veil and carried a Bible topped with a cascade arrangement of white split carnations. The bride was given in marriage by her father with the "her mother and I avowal."

Mrs. Fred W. Kindly served her sister as matron of honor. Mrs. Kindly was attired in a street-length dress fashioned of pink and white and wore a white split carnation corsage.

Best man to the bridegroom were Larry Hemken and ushers were Gary Smith, bridegroom's brother, and Harold Hemken.

Lighting the tapers were Jackie Smith, brother of the bridegroom, and Dennis Eker, bridegroom's cousin. Sabra Burke and Greg Burke attended as ring bearers.

Mrs. Wilma Choate and Walter Lee Heil were married in a double-ring ceremony read in Kansas City, Kan., June 25.

The bride is the daughter of Mr. and Mrs. Charles High of Ramona, Okla., and the bridegroom is the son of Mr. and Mrs. Willie W. Heil of 1408 E. Francis.

The new Mrs. Heil was employed as a registered nurse at Kansas University Medical Center Hospital prior to her marriage. Mr. Heil is associated with Motor Inn Auto Supply in Pampa, where the couple are making their home at 102 S. Sumner St.

Pamela K. Redmond, Robert D. Pullen Repeat Vows in Central Baptist Church

Central Baptist Church was the scene for double-ring vows uniting Miss Pamela Kay Redmond, daughter of Mr. and Mrs. John D. Redmond Jr., of 1137 Juniper Dr., and Robert Dale Pullen, son of Mrs. Jewell Pullen of 842 E. Locust.

Rev. M. B. Smith solemnized the ceremony at 7:30 p.m. July 2 before an altar appointed with basket arrangements of pink gladioli trimmed with burgundy bows and jade palms. A white satin covered kneeling bench stood at the foot of the altar.

The bride, given in marriage by her father with the "her mother and I avowal," was attired in a street-length two-piece dress fashioned of white lace, designed with blouson bodice, bateau neckline and straight skirt. She wore a white pill box coif with brief veil and carried a white Bible topped with a cascade bouquet of white roses. Carrying out the tradition of something old, new, borrowed and blue, the bride wore a pendant necklace, gift of the bridegroom, the borrowed Bible and a blue garter.

Attending as maid of honor was Miss Sandy Stephens and Miss Robin Redmond, bride's sister, attended as junior bridesmaid. Miss Stephens wore an A-line dress of light pink topped by a burgundy jacket. Miss Redmond was attired in a burgundy dress with A-line styling

Mr. and Mrs. Robert Dale Pullen ... nee Miss Pamela Kay Redmond

lined in light pink. Both carried nosegays of pink sweetheart roses and carations tied with burgundy streamers.

Serving the bridegroom as best man was George Bullard and ushers were Doss Dupuis and Jackie Nichols.

Miss Lajuana Hankins, bridegroom's niece, flower girl, was dressed in a light pink taffeta dress and headband fashioned of miniature pink sweetheart roses. She carried a white colonial basket filled with rose petals.

Mrs. Hugh Sanders, organist, presented traditional wedding selections and accompanied Miss Carol Gates as she sang "One Heart, One Hand."

For her daughter's wedding Mrs. Redmond chose a shift dress of blue locked lace accented by matching accessories. The bridegroom's mother selected a two-piece suit of blue knit accented by beige accessories. Corsages for both mothers were of pink sweetheart roses.

Central Baptist Church Parlor was the setting for the reception held following the ceremony. The bride's table, covered with a white linen cloth, was centered with an arrangement of pink flowers. The three-tiered wedding cake and crystal punch bowl holding burgundy colored punch, completed the table setting. Mrs. Jack Nichols presided at the punch bowl and Miss Suzanne Darling served the wedding cake while Miss Caroline Marak attended the guest registrar. Assisting with house party duties were Mrs. Genee Gates, Mrs. John Mitchell and Mrs. Robert F. Hankins, bridegroom's sister.

The newlyweds traveled to Amarillo for a wedding trip. For traveling the new Mrs. Pullen chose a two-piece suit of blue tweed and wore the white rose corsage lifted from the bridal bouquet. They are now making their home in Pampa.

The bride is a 1965 graduate of Pampa High School. The bridegroom, a 1963 graduate of Pampa High School, is employed by Towels Tile Company.

Pampan's Son Weds in Parsons, Kan.

Vows for Miss Sherry Swanwick and Gary Mackie were solemnized June 12 in the sanctuary of First Presbyterian Church in Parsons, Kan.

The bride is the daughter of Frank Swanwick of Parsons, and the bridegroom is the son of Mrs. D. L. Mackie, 2227 Christine.

Rev. Francis R. King read the double-ring vows amid a setting of lighted tapers and greenery. Seven-branch candelabra and basket arrangements of white gladioli filled the background. White satin bows marked the honor pews.

The bride designed and made her formal gown of silk organza over satin. Features of the gown were a scooped neckline and an empire waistline enhanced with hand-seeded lace applique roses and an A-line skirt framed with a full-length train of embroidered silk organza over satin. A crown of seeded lace held her veil of silk illusion. She carried a lavender orchid atop a white Bible.

Miss Duren Jones of Denison, attired in a waltz-length gown of yellow silk organza over matching taffeta, served as maid of honor. She carried a single long-stemmed yellow rose. Miss Desiree Kay Czapsky of Gardner, Kan., niece of the bride, served as flower girl.

Glenn Woods of Oklahoma City, Okla., attended the bridegroom as best man. Carrying the rings was Dale McDaniel, nephew of the bride of Angola, Kan.

Serving as ushers were Larry

Swanwick, brother of the bride, and Richard Mackie, brother of the bridegroom.

First Presbyterian Church parlor was the scene of the reception held following the wedding ceremony. The bride's table, covered with a white lace cloth over yellow linen, was appointed with a crystal punch service. A three-tiered wedding cake was divided by swan colonades, decorated with yellow roses and topped by a miniature bridal couple. The cake was flanked by crystal candelabra holding white tapers entwined with yellow ribbons and white wedding bells.

The newlyweds departed immediately following the reception by plane to Acapulco, Mexico.

The bride, a 1963 graduate of Parsons High School, is a junior majoring in home economics at Texas Women's University in Denton. Mr. Mackie, a 1959 graduate of Pampa High School,

Mrs. Gary Mackie

nee Miss Sherry Swanwick attended Amarillo College. He is presently employed with Central Airlines in Dallas. Mr. Mackie was a former employee of the Pampa Daily News in 1953 and 1959. The newlyweds are at home at 839 Stevens Hill Lane, Dallas.

By WILLIS E. STONE Many well-meaning Americans have been seduced into a major study of communism under the mistaken impression that this is the way to defeat the attacks upon our American institutions of freedom.

How the Constitution was designed to work? If you are equipped with this information, you are prepared to fight and win against communism by simply outlawing its practice in America by applying the Constitution. It's that simple.

Let us check up on ourselves. What are we for? How long since we read the Constitution and the Bill of Rights? Do we understand the protection the Constitution provides against communism or any other tyranny?

In pursuit of this theory, the Appalachian bill has been approved. Entire states have become subordinate to the administrators of Appalachia. Control of State administration is pass-

Hunt for Truth

BY H. L. HUNT

JUVENILE MOBS The Fourth of July weekend this year, which in a more constructive time would have been devoted chiefly to the celebration of our national independence, brought with it a grim tale of rioting and looting by juvenile mobs in once-peaceful resorts all over America.

Despite the strange attempts of many commentators to brush this off as nothing new, or nothing to be alarmed about, in fact it deserves our deepest concern. It is true that rioting and looting, even by young people, are not new in history.

These young people are not deeply evil. They are striking out blindly against a world and a country which seems to them to have given them no moral standards to live by and no purpose in life.

The Almanac

Today is Sunday, July 18, the 199th day of 1965 with 166 to follow.

SOME PRETTY tough verbiage was dished out this week to the writer who fills this space every Sunday morning.

By overwhelming majorities, both the Senate and House have repeatedly voted bans against aid to Sukarno over strenuous White House and State Department opposition.

It looks from here that we had better get back to a study of Americanism and the things we are FOR — such as freedom FOR the individual, sovereignty FOR our states, a rule of Constitutional law rather than the rule by the whimsy of men in temporary power.

State Dept. Urging President to Authorize Atomic Fuel For Indonesia, and Sale to it of Communications Equipment

WASHINGTON — President Johnson has before him a strong State Department recommendation that more military aid be given — Indonesia — including atomic fuel for a research reactor.

As vigorously urged by Secretary Rusk, the President is being asked to: —Authorize additional atomic fuel for a research reactor the U. S. gave Indonesia in 1961.

Under sharp questioning the State Department official also stated "This program is pretty far down the road."

Under existing law the President can authorize the proposed new military aid for Sukarno by making a public finding that it is in the "national interest."

The Institute Checks Up On Our Curious Teen-agers NEW YORK (NEA) — Before answering reader mail, we would like to take a moment to commend the Budlong Press of Chicago for their informative booklet, "What Teen-agers Want to Know."

Regular readers know, of course, that we at the Institute have long held the same view. We do not know anything about the Budlong Press of Chicago. But to see this reassuring information in a booklet designed specifically for physicians to sell to teen-agers for \$1.50 — well, it gives renewed hope and encouragement to the work we are trying to do here at the Institute.

DEAR DR. CANNEL: I am a teen-ager and would like to know what is making me tick. My doctor says it is probably nerves, and refuses to sell me any more booklets. Do you think that is right?

ANSWER: Yours is a very common complaint, and proves again the vital need for not withholding information from teen-agers during these formative years. Send a check or money order to us here at the Institute and specify which booklet your doctor has already sold to you.

DEAR DR. CANNEL: Us boys and girls in Chapter 213 of the Teen-age Information Club just wanted to let you know that your informative booklet, "Where Babies Come From" is absolutely right. So would you please send the next booklet as soon as possible.

ANSWER: Letters of gratitude like this one warm the cockles of the Institute's heart. It is high praise indeed to see that young people are reassured by frank answers. And we are delighted to send along the next frank booklet, "Where Automobiles Come From."

DEAR DR. CANNEL: I am an average teen-ager but find I do not care much about how hormones work. Could you please tell me instead how marijuana works and where to get some?

ANSWER: Absolutely not. Doctors say that smoking is injurious to health, especially for teen-agers in these formative years. If you want information about hashish or peyote, however, send two box tops to us here at the Institute for the informative booklet "What Teen-agers Want to Know About Getting Turned On." Be sure, however, to include a letter of permission from a parent or close friend.

DEAR DR. CANNEL: AM IN RECEIPT OF INFORMATIVE INSTITUTE BOOKLET "A N D CHECKLIST, "WHAT TO EXPECT FROM LIFE." HOWEVER NO MENTION MADE IF HUSBAND MUST HELP WIFE WITH ALGEBRA. WIRE ANSWER COLLECT.

ANSWER: NOT UNLESS HE HAS PASSED THE COURSE HIMSELF OR EXPECTS TO DO SO.

DEAR DR. CANNEL: My two teen- age youngsters want to know what the United States is doing in the Dominican Republic and whether Germany can really be called an ally of this country. What shall I tell them?

Pull Up A Chair

By Frank Markey

We've attended many "openings" through the years of everything from public buildings and movie theatres to supermarkets, but the one that really topped them all was the recent dedication of a glorified hamburger palace by Kemp's of America; a chain operation. The menu for this gala occasion had a definite United Nations tinge since it consisted wholly of French champagne, Russian caviar and the All-American hamburger. Lawrence G. Laskey, who heads up Kemp's, is a nationally known business executive and philanthropist. He's also a philosopher and made this sage observation in his speech: "What this country needs is a good 15 cent hamburger, and we'll see to it that patrons get one when they eat here."

Next to Vice President Marshall's comment that the country's greatest need is a good nickel cigar, Mr. Laskey's pronouncement ranks a close second. It was a noble sentiment with which we agree, but what we liked best at the "opening" was the discovery that you can not beat a combination like French champagne and a good hamburger. It's terrific!

Today's smile: A judge admonished a witness: "Speak to the jury. The men sitting over there." The pretty witness turned to them and said sweetly: "Good morning, gentlemen!"

Bananas are one fruit that is 100 per cent imported by the U.S. Years ago we used to hear about "Banana Republics" in Central America, but that term is verboten today since they are our uneasy allies. At any rate, the U.S. gets most of its bananas from Ecuador, with the rest shipped here from Honduras, Costa Rica, Panama and a few other places.

Thoughts while shaving: Ah though it is an established fact that men have been sailing the seas since 2745 B. C., when the Egyptians traded the Mediterranean, a recent archeological find in Denmark revealed oars that date back to 7000 B.C.

Dr. Paul Dudley White, famed heart specialist, advocates bicycle riding as the best form of exercise, but that's old hat. Bicycles were invented back in 1818 by a German baron, but in those days they were known as dandy-horses. The pedal machine first appeared about 1861 — when they were called velocipedes. Someone christened them bicycles in 1868 and the name has stuck. . . . Before Medicare many Americans were concerned about payment of medical and hospital bills. It's estimated 149 million persons obtained some form of health insurance in the past 20 years. Last year 1800 insurance firms paid out nearly 17 billion in benefits. . . . The well-dressed man will be paying \$5 to \$10 more for his fall suit due to new labor contracts with the textile and apparel industries. That is the word from the men's clothing manufacturers. It's only further proof that no matter who gets the extra dough in his pay envelope, the consumer is the fellow who puts it there. . . . And speaking of men's apparel, a lot of guys must have holes elsewhere than in their pockets. Uncle Sam recently issued a House and Garden Bulletin entitled: "Mending Men's Suits." The demand was so great the supply was exhausted within a few days of publication. Maybe you can get one for your little woman by writing a polite note to your Congressman. . . . The Topeka (Kansas) CAPITAL-JOURNAL reported in a story: "The restaurant will meet 40 persons." "All other customers will get the vegetable plate special."

Country Editor speaking: "Business is so good suburban stores will soon start opening downtown branches."

ANSWER: Nothing, under any conditions. This kind of activity is a very dangerous practice and can lead to acne and insanity. Send two box tops immediately to us here at the Institute for the informative booklet, "What Teen-agers Want to Know About Sex, and How To Get Them Interested In Knowing It."

A thought for the day: Irish dramatist Richard Brinsley Sheridan wrote: "Tale-bearers are as bad as the tale-makers."

Victor Spinetti Loves London's Singing Beatles

By JOAN CROSBY
Newspaper Enterprise Assn.
NEW YORK (NEA) — The Beatles happened to Victor Spinetti just about a year ago. Since then he has made two films with the British foursome,

"A Hard Day's Night" and the film to be released United Artists' "Help," has won a well-deserved Tony Award for his performance in the Broadway musical "Oh, What a Lovely War," made several appearances on The Jack Paar Program; signed for a leading role in "Skyscraper," a Broadway musical starring Julie Harris; set for next season; acquired a number of fan clubs, some of which do things like taking him

and his parents, visiting from their home in Cwm, Wales, on a World's Fair tour, complete with picnic lunch.

In "A Hard Day's Night," Spinetti, a man with an arrogant nose just made for looking down, played the cold and quietly dis-

traught television director who wasn't quite able to cope with The Beatles. In "Help," he plays "a mad scientist who is as sane as it's possible to be in a Beatles' movie. He's always quite impeccable and feels the machine he works with might work if he did something to them, but he's not quite sure what. Actually, he's me being photographed next to the Beatles.

"My favorite accolade from the Beatles, if you want to hear it, goes like this: John Lennon said to me, 'Why is it when the director shouts action, the others change their voices and personality, but you don't. Does that mean you're as terrible as the rest of us?'"

"One doesn't Act with the Beatles—I mean act with a capital A. One has to use stealth, or they all look at you with a gimlet eye."

man who was born in Wales to a Welsh mother and Italian father. His first break in England was playing the role of Luther Billis in a touring company of "South Pacific," where he shared a dressing room with a young actor, named Sean Connery.

At the time I auditioned for the role, I was working at the dirtiest job in a factory. Unlike most English actors, who won't work if they are not acting, I have always worked. I showed up at the audition covered with paint. All the other actors were neatly dressed in business suits. I looked so much like a Seabee, I got the role."

Sinatra Stirs 'em Up in Israel

BY DICK KLEINER

TEL AVIV, Israel (NEA) — Frank Sinatra leaned back in his chair and talked about retiring. "I think," he said, "that I'm just about ready to quit performing. It won't be tomorrow, because I have commitments. Starting in September, I'm socked in solid with movies for a year and a half."

Frank relaxed while the film technicians set up for his next shot. His appearance on the set had electrified the company. All the cast—Kirk Douglas, Yul Brynner, Senta Berger—came down to visit him, even though they were not scheduled to work. Director Mel Shavelson was solicitous about Sinatra's well-being, but Frank was no problem. Shavelson wondered about lunch—there was a bit of difficulty about getting light—but Frank said don't worry, he'd eat when it was convenient.

"It's funny," he said to me, "here I am in Israel and I see all the Hebrew characters on the signs. But all I hear is Dago talk. I could be with my own people."

The Italian came from the crew, a large percentage of whom are from Rome. The crew still wasn't ready, so Frank talked some more. He talked about directing: "That little picture I directed—I learned that actors can be a pain in the fanny. I wonder if I'm ever like that."

"After that—after that, I think the time has come to concentrate on just being a producer and director."

All this may change, for Sinatra is a vital, pulsing personality, full of plans, schemes, dreams, jobs, projects. I talked with him when he flew into Israel for four days, to do a small but exciting role in "Cast a Giant Shadow."

He talked about New York: "I have to go to New York four or five times a year. I need to be there, to get a transfusion. Los Angeles is O.K., but New York is really alive."

NEW YORK (UPI) — Harvey A. Krow of First Hanover Corp. says that if one accepts the bear signal flashed by the Dow-Jones averages, the present rally presents a logical opportunity for selling many issues.

Analyst Eliot Janeway recommends the purchase of building stocks for longer-term market leadership once the market renews its upswing.

Edward A. Viner & Co. Inc. says that for those who wish to insulate their speculative positions it recommends purchase of special situations which depend on internal developments rather than the economic or investment trend.

ROYAL INDIES TRIP

LONDON (UPI) — Queen Elizabeth and Prince Philip will pay a five-week visit to the West Indies early next year, it was announced Thursday. The tour will start in February with visits to Trinidad and Tobago.

**Merits of McLean Pointed
Out in New Color Brochure**

McLEAN (Sp) — A full-color brochure pointing out the merits of McLean, will be distributed within the next few weeks. The city commission approved a recommendation from the newly appointed brochure committee that at least 5,000 copies of the colorful booklets be ordered.

At least four, and possibly seven, pictures showing the most attractive features in and around McLean will be printed in full color. Also included will be vital statistics about the city which are expected to help attract industry and new residents.

Three members of the committee appointed by the commission last month, met with the governing board to discuss the project. Evan L. Sitter, Mrs. Lavern Carter, and Mrs. Erma Hester presented their ideas to the commission. The other committee member, R. T. Wood, was unable to attend. Copies of other brochures from which ideas for McLean's have come were displayed at the meeting. The brochure will be in booklet form and contain at least eight pages. Attached to the back cover will be a detachable postage-paid card which interested persons may mail to the city to obtain additional information. Mayor Boyd Meador appointed Aldermen Joe Burroughs and Jack Shelton to work with the committee in the final preparation of the brochure. Cost of the initial 5,000 copies was estimated at between \$600 and \$800, depending on whether four or seven color pictures are used.
