39 Cuban Refugees Drown As Boat Sinks

Republicans To Contest Demos In Major Cities

WASHINGTON (UPI)—The message went out to Republicans today that the GOP can compete with the Democrats in big cities with shrewdly managed campaigns and the right candidates.

The message is still open to debate and subject to challenge from conservative Republicans and from the Democrats.

Republican cheers about Tuesday's off-year elections were triggered by Rep. John V. Lindsay's election as mayor of New York and a scattering of

victories in other local elections. Republicans were upset by the magnitude of their defeat in New Jersey, where Democratic Gov. Richard J. Hughes was easily re-elected and the GOP lost control of the legislature.

Otherwise, the GOP reading of Tuesday's results was that they would have a healthy impact on a party still bewildered by its crushing losses in 1964.

For years, the Republicans have argued whether the party should struggle to compete with the Democrats in the big cities. The big cities were written off in the 1964 Goldwater campaign with disastrous results.

Lindsay and some of the other GOP candidates Tuesday were able to cut into the Democratic vote among Negroes and other minority voting blocs. But the results were mixed. In Cleveland and Pittsburgh, Republican candidates for mayor fared as poorly as they usually do.

Democratic National Chairman John M. Bailey said the New York vote could not be considered a GOP victory because Lindsay had "carefully disassociated himself from the national policies, program and (See CITIES, Page 3)

Little Progress Made As Probe Of Klan Continues

WASHINGTON (UPI)—House investigators, delving into the importance of bomb-making, karate and other terrorist skills in Ku Klux Klan activities, continued today to question Georgia Klansmen.

It was doubtful whether any answers would be forthcoming from the Klan members at the meeting of the House Committee on Un-American Activities. On the basis of past performances, the witnesses were expected to take the Fifth Amendment on most questions.

Following today's hearing, the committee was expected to recess until next week, when it will continue its public investigation of the operations of the United Klans of America Inc. (UKA) in Georgia. The panel has been taking testimony on Georgia since Oct. 21.

Although earlier hearings of Klan activities in North and South Carolina centered on how Klan leaders spent money collected from members and sympathizers of their "invisible empire," the Georgia sessions have put more stress on violence.

Investigators have introduced evidence Georgia Klansmen attended "schools" to learn such techniques as making bombs and to develop their proficiency in karate and judo.

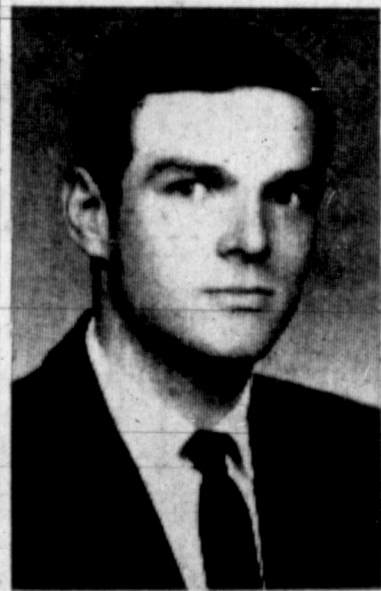

Buyers Warned On Salt Water Damaged Autos

ARLINGTON (UPI)—Texans who want to buy new autos were warned today to check its title certificate to be sure they don't get one damaged by Hurricane Betsy's saltwater tides.

H. C. Pittman of Austin, executive vice president of the Texas Automobile Dealers Association, told directors of the group at a meeting Wednesday that perhaps 1,000 "salt water cars" are being offered for sale throughout Texas.

The cars have already shown up in Houston, Brownwood, Waco, San Antonio, Dallas and other cities.

The best way to check whether the auto a prospective buyer is examining might have been hurt in flood waters is to check the manufacturer's certificate of origin or certificate of title, Pittman said. That will show if the auto came from a Louisiana area flooded by the hurricane. Buyers should also demand a warranty with their purchase of the car, he said.

SAMMY ALFRED JOHNSON
...dies in wreck

Former Pampan Killed in Wreck

Services are pending at Lamb Funeral Home in McLean for Sammy Alfred Johnson, 18, a 1964 Pampa High School graduate, who was killed Wednesday night in a three-car collision near Odessa.

Johnson had lived in Odessa about six months and was employed by Fish Engineering Company of Odessa. He lived in Pampa with his grandmother, Mrs. Mabel Johnson, 612 Bradley, and attended Pampa Schools.

According to highway patrolmen, Johnson was killed three miles west of Odessa when his car collided head-on with a pickup driven by Morris Glen Standerfer, 37, Odessa.

The patrol said Johnson's vehicle traveled 50 feet down the highway after impact and stopped sideways in the road. Another car, driven by Forrest Cleo Weber, 43, Odessa, slammed broadside into Johnson's car. The youth was pinned beneath his car for over an hour. Johnson was killed instantly (See WRECK, Page 3)

'Smear' Campaign Going Against Peanut Butter

WASHINGTON (UPI)—The federal government contends that the next time you bite into a peanut butter sandwich you may get a mouthful of something else. Peanut butter authorities complain it's all a big smear.

A showdown came Wednesday at a hearing on a Food and Drug Administration FDA proposal that all peanut butter be at least 90 per cent peanuts or peanut products. An FDA official said he discovered a peanut butter plant was making two products it called peanut butter. One was Big Top peanut butter, which was made of about 90 per cent peanut products. But the other was "Jif," which only boasted about 75 per cent peanut products.

Weisseberg said that about 20 per cent of Jif was in fact nothing else than Crisco, a shortening made of hydrogenated oil. "I consider the foreign oil as an illegal adulterant of peanut butter," the official charged.

Bitter Fighting Still Raging In War Torn Viet

SAIGON (UPI)—American infantrymen battled Communist troops in seven hours of bitter fighting during the night near the U.S. Special Forces camp at Plei Me in South Viet Nam's Central Highlands.

Casualties were reported on both sides. A U.S. military spokesman said one planeload of American dead and wounded was flown to Pleiku after daybreak. Other wounded Americans were airlifted to a field hospital at Nha Trang.

The Viet Cong finally broke off the engagement about 4 a.m. in the face of heavy American reinforcements. U.S. troops pursued the fleeing Communists at first light, hoping to catch the main force before dark.

The battle started Wednesday night when a platoon of about 40 U.S. troops of the airborne 1st Cavalry Division ambushed a Viet Cong column nearly three times its size. The trap was part of American effort to prevent guerrillas from slipping into neutralist Cambodia after last week's big battle at Plei Me.

Ship Disintegrates Minutes from Safety

MERIDA, Mexico (UPI)—A fishing boat crowded with Cuban refugees disintegrated and sank off the jungled coast of southeastern Mexico, drowning 39 of the 45 persons on board, it was reported today.

The victims of the wreck included 10 children. The Navy picked up the 6 survivors and is bringing them here to be questioned by immigration officials. It is believed they will be granted political asylum in Mexico until arrangements can be made for them to go on to the United States, their ultimate goal.

A Navy report said the boat fell apart when the refugees were within 30 miles of their goal — the resort island of Women, 130 miles from Cuba's western tip — after spending eight days and nine nights at sea.

Survivors told the Navy that 25 men, 9 women and 11 children crowded into the boat a week ago Monday in an unspecified Cuban port and slipped away by night.

Political Plans Of DeGaulle To Be Announced

PARIS (UPI)—Broadcast technicians created a fireside chat atmosphere in the glittering Elysee Palace today for President Charles de Gaulle's long-awaited announcement on his political future.

France and the world waited for the answer to the big question: would De Gaulle run for a second seven-year term in the Dec. 5 presidential election?

Aides of the tall, austere French leader contributed to the suspense, reporting only that De Gaulle planned a brief address to say "oui" or "non" on whether he would cast his hat into the ring.

The radio address was scheduled for 2 p.m. EST. The shortness of the speech — only 15 minutes — indicated to most political observers that the answer was "oui." A "no" decision, it was reasoned, would require longer to explain.

De Gaulle chose the feast of St. Charles for his announcement, just 18 days short of his 75th birthday and only a month prior to the balloting. The television and radio crews assembled to record the address two hours before broadcast time were made virtual prisoners in the palace, a move designed to guard (See DEGAULLE, Page 3)

Child Mangled By 'Pet' Dog Barely Clings To Life

HOUSTON (UPI)—Doctors worked today to keep alive a little girl who was bitten, scalped and dragged by three German shepherd dogs she had played with safely many times before.

The dogs were put under observation to see if they had rabies.

Donna Kay Williams, 2, wandered away from her home Wednesday and into the yard of a neighbor, Mrs. Edna Fincher. Police said it appeared she was able to open the gate into the yard, then was attacked by the three dogs.

The dogs tore at her scalp, bit her repeatedly on the body, and pulled her about the yard. A deputy fire chief, Edward Smith, was the first to get to the scene. He said the girl was bleeding badly from several wounds and had been scalped. Firemen took her to a hospital and then gathered up bits of her scalp from the yard in hopes they could be sewn back on.

The girl was treated first at Rockglen Hospital and then at Texas Children's Hospital, where surgeons tried skin grafts on her head. She was given blood and the open wounds were sewn shut.

Follow the crowds to the Pampa Baptist Temple. Wayland A. Murray, pastor. (Adv.)

FLAGS FOR FREEDOM—Eight members of the Pampa Key Club were up early today and on the job placing American flags in their standards in all sections of Pampa. The three shown here are, left to right, Kevin Francis, 816 Greenwood Apts.; Richard Barrett, 616 N. Wells, and Tommy Rose, 2228 Beech. The flags will fly again tomorrow and Saturday as part of the joint Key Club-Pampa Jaycees observance of national "Flags for Freedom Week." In a proclamation issued earlier, Mayor Jim-Nation called on all Pampanos to display Old Glory as a challenge "to all forces that impair our support for freedom."

AT MURDER TRIAL

Pope Described By Attorney as Insane

LINCOLN, Neb. (UPI)—A former college football star on trial for the bloodiest bank robbery of modern times was described by his chief counsel Wednesday as a tormented young man sliding helplessly toward homicide.

Pope's other attorney, Professor Wallace M. Rudolph of the University of Nebraska College of Law, said mental specialists will testify that Pope was a split personality.

Rudolph said Pope lived in a "fantasy world." One of the games, according to the attorney, was cops and robbers, in which Pope was like a child and "wanted to get caught."

Feuding Renewed Between Connally And Yarborough

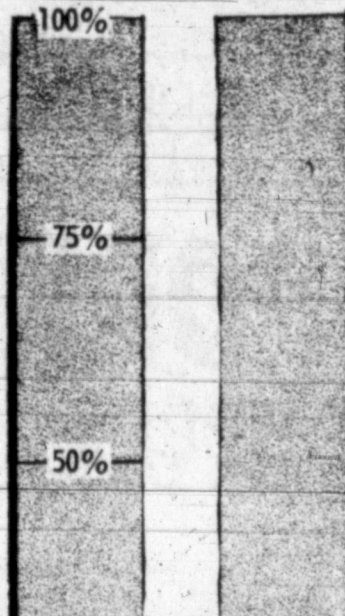

Pope Described By Attorney as Insane

DALLAS (UPI)—Gov. John B. Connally and Sen. Ralph W. Yarborough, D-Tex., traded critical remarks Wednesday over the significance of the voters' rejection of a proposed amendment to give Connally and seven other state officials four-year terms.

Yarborough said it meant the people "have slapped down hard a greedy grab for power." Connally, stung by the charge, suggested that Yarborough "spend his time trying to learn to be an effective senator rather than worrying whether state officials have two-year (See FEUDING, Page 3)

Pampa-Lefors Fund Drive Hits 33 Per Cent of Goal

PUT OUR FUND INTO ORBIT!

The Pampa-Lefors United Fund campaign to raise \$77,000 for twelve participating agencies took a sharp swing upward this week as the new total stood at \$23,312.40.

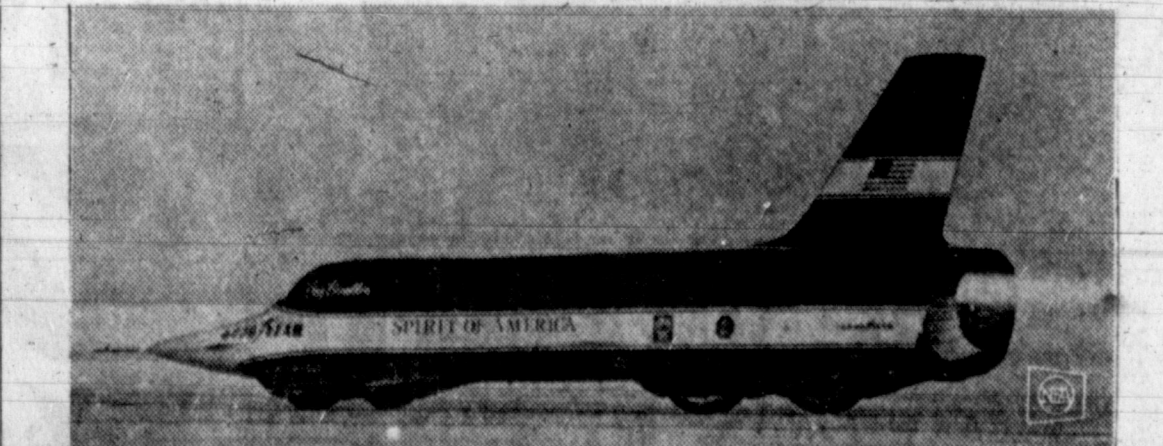

Today's figure is slightly more than a \$12,000 increase over last Monday's report from the United Fund office.

With the drive almost one-third complete, fund leaders were optimistic that the campaign would be concluded within the next several weeks. Some of the larger donors, who regularly contribute, have not as yet done so. However, most of them are expected to be reported within the next week or ten days.

General campaign chairman Mack Hiatt Jr. said that there are still a number of prospect envelopes in the United Fund office that need volunteers to work them. Anyone interested in assisting in the drive is urged to contact the Fund office as soon as possible.

"One Gift Works Many Wonders" is the theme of this year's campaign to support the Boy Scouts, Girl Scouts, Red Cross, Salvation Army, Milk Fund, Welfare Index, National Travelers Aid, Gonzales Warm Springs Foundation, Texas Association for Mental Health, United Service Organization, Medical Research Foundation, and United Community Fund.

If it comes from a hardware store we have it. Lewis Hdwe. (Adv.)

NEW RECORD—White-hot gases stream from the afterburner of Craig Breedlove's "Spirit of America" which set a new land speed record of 555.127 m.p.h. on Utah's Bonneville Salt Flats.

Foreign News Commentary

BY PHIL NEWSOM
UPI Foreign News Analyst
This coming Sunday, Nov. 7, the Soviet Union will observe with suitable fanfare the 48th anniversary of the Bolshevik revolution. As usual, there will be glowing promises of the economic future of the Soviet citizen.

The fact is, however, that for the average Soviet citizen all the signs for now and the foreseeable future point to fairly rough going.

It was back in 1961 that the then Premier Nikita Khrushchev promised that "in the current decade (1961-1970) the Soviet Union will surpass the strongest and richest capitalist country, the United States, in production per head of population."

Reading from the Communist party program, Khrushchev also declared:

"The people's standard of living and their cultural and technical standards will improve substantially; everyone will live in easy circumstances; all collective and state farms will become highly productive and profitable enterprises; the demand of Soviet people for well-appointed housing will, in the main, be satisfied; hard physical work will disappear; the U.S.S.R. will become the country with the shortest work day."

In 1961 Khrushchev also declared that demands of Soviet heavy industry generally had been met and that henceforth light industry, i.e., consumer goods, would receive equal priority.

Khrushchev's promises only were to prove the patience of the long-suffering Russian people.

In Soviet planning the one overriding factor has been the determination to catch up to the United States economically.

In the 1950's, it appeared they might do it. The Soviet growth rate was running at six and a half per cent, nearly double that of the United States. But even as Khrushchev spoke, the Soviet economic machine was running down.

In the intervening years, dust bowls appeared in the virgin lands where Khrushchev had foreseen a golden harvest of wheat. Khrushchev's successors now virtually have abandoned the virgin lands program.

The incessant demands of the Russian military and of the Soviet space program placed still heavier burdens on heavy industry and delayed by that much more the production of consumer items to make life easier for the Soviet citizen.

Even to meet partially the demands of a growing population, the Soviet planners found it necessary to turn more and more land over to the private initiative of the peasants for the production of meat, poultry and dairy products.

Instead of catching up to the United States, it has been estimated that since 1960 the U.S. economy actually has widened its lead by \$60 billion.

The need to purchase huge quantities of grain abroad in 1964 gave the Soviets their greatest trade deficit with the West since World War II.

This is the picture over which on Nov. 7 the Soviet propagandists will try to cast a rosy glow.

GETS MORE AID

PARIS (UPI)—Nightclub star Josephine Baker said Tuesday King Hassan I of Morocco has donated money from his personal fortune to save her home for adopted children and her planned school of international understanding for children of all races.

Rotary Hears SWB Information Head

"Information on the Move" was the title of a program presented by Glen Scott of Dallas, before the Pampa Rotary Club yesterday noon in the Coronado Inn.

Scott, Southwestern Bell Telephone public information supervisor, used punch cards, hand-writing machines, electrocardiograms and associated electronics equipment in a demonstration showing how the "information explosion" is being harnessed by modern communications.

The speaker was introduced by George Newberry.

Pampa High School senior David Cain was named Junior Rotarian for the month of November. David is president of the A Cappella Choir, president of the Honor Society and a member of the Harvester basketball team.

Doug Altom served as Junior Rotarian for October.

DeGaulle (Continued From Page 1)

Technicians installed a cozy-looking library-study set in a section of the Grand Ballroom, and set up huge klieg lights under shimmering crystal chandeliers.

De Gaulle kept everyone, including his closest advisers, guessing until the very last minute. Wednesday he told his cabinet in effect to "tune in tomorrow" to find out if they would still have their jobs come inauguration day next January.

Health was undoubtedly a factor in De Gaulle's long months of deliberations. His eyesight is not good, and he underwent a prostate gland operation 19 months ago. The 30-day election campaign would tax the strength of many politicians half De Gaulle's age.

Advance speculation did not rule out the possibility that De Gaulle would announce his candidacy, but complete only two or three years in office if elected.

Cities (Continued From Page 1)

leadership of the Republican part," Bailey said the Democratic primary contest over the New York mayoral nomination had left scars and that the election was "a clear demonstration that the Democrats cannot afford the luxury of factionalism."

Sen. William Proxmire, D-Wis., said the New York outcome was "a Republican triumph for the Republican congressman most consistently identified with the Democratic record and program."

"The Republican dilemma of how to win while offering a clear, distinct alternative to Democratic liberalism is tougher than ever," Proxmire said.

Suit Filed Against Insurance Firm

A \$32,400 damage suit was filed in District Clerk Helen Sprinkle's office, against Independence Insurance Co. of Amarillo.

The suit was filed by Mrs. Buddy Francis, 816 N. Nelson, in connection with the death of her husband on December 29, 1963.

Mrs. Francis states in the suit that her husband purchased an insurance policy with the company and on Dec. 9 passed a physical examination.

She further states that on Dec. 14, 1963 the company was authorized and did draw a bank draft on the account of Buddy Francis.

Francis died Dec. 29, 1963 after a heart attack.

Mrs. Francis is suing for \$32,400 plus six per cent interest from Dec. 29, 1963.

Feuding (Continued From Page 1)

"I assume he also thinks it was a 'greedy grab for power' when the terms of local officials were increased to four years by an earlier amendment," said Connolly.

Yarborough and Connolly have clashed over many political issues, the most recent of which was the vetoing of Neighborhood Youth Corps projects.

Yarborough contended Connolly was against the anti-poverty program. Connolly denied it but said he would act to prevent "any individual or agency" from taking advantage of it.

Latest returns from the Texas Election Bureau from all of the state's 254 counties, including 214 complete, showed the four-year term proposal was defeated by a vote of 273,586 to 225,215.

Drama Students Rehearse Play

Rehearsals are underway for one of the local entertainment high lights of the fall season at Pampa High School, the drama department's production of William Gibson's popular fantasy, "Dinny and the Witch."

It will be presented Nov. 18 and 19 in the high school auditorium.

Subtitled "A Frolic on Grave Matters," the play offers a combination of comedy, tragedy, and fantasy in an unusual blending of supernatural characters—modern folk music, and bewilderd mortals caught in the conflicts of the world.

Cast in the play are Patsy Holloway, Sharland Reeves and Cheryl Reeves as the three witches who rule the world. Dale Sprinkle and Dorothy Davis provide drama in lead roles. Terry Trice, Larry Franklin, Fred Barber, Carol Gates, Linda Hayes, and Jeanie Bell provide laughs and variety in supporting roles.

The play is directed by Virginia Myers, assisted by David Heath of the high school speech and drama department.

Tickets may be purchased from students in the speech and drama classes.

Pampam Pleds Not Guilty To Assault

Roy Clyde Stracener, 1503 Ripley, entered a plea of not guilty, yesterday, to a charge of aggravated assault.

Stracener was free on \$500 bond. The charge was filed by his wife, Doveyrene.

Buddy Poppy Sale Set Saturday

The annual Buddy Poppy sale of the VFW Women's Auxiliary is scheduled for Saturday on downtown Pampa streets.

The poppy sale has been conducted by the VFW since May, 1924. Money derived goes to maintain a national rehabilitation program, the VFW national home at Eaton Rapids, Mich., to aid disabled veterans, aid to the Veterans Administration Hospital in Amarillo and for local relief and rehabilitation.

The Poppies are handmade by disabled veterans.

The Pampa women's auxiliary will be assisted in the Saturday sale by members of the local veterans' post.

Vanderpool Will Launch Clovis Drive

Rev. Harry Vanderpool, pastor of Pampa's First Methodist Church, will give the keynote address when the Clovis, N. M., 1965 United Fund campaign is kicked off there next Tuesday morning.

The breakfast meeting will be attended by volunteer workers who will conduct the solicitation drive. The Clovis United Fund goal is \$76,600.

Pampa Officials Back from Annual League Meeting

Pampa's top city officials were back on the job today following three-day attendance at the annual meeting of the Texas Municipal League Sunday, Monday and Tuesday in San Antonio.

The Pampa-delegation at the conference included Mayor Jim Nation, City Manager Jim White, Tax Collector Aubrey Jones, City Attorney Bob Gordon, City Secretary Stanley Chittenden, Police Chief Jim Conner, Fire Chief Ernest Winborne, City Commissioners Roy Kay and Clyde Carruth.

Members of the delegation attended general sessions and workshop conferences relating to the conduct of municipal government.

In one general session they heard a panel of congressmen discuss various programs of federal aid to cities, civil rights legislation and the President's poverty setup as it applies to cities.

ENRICHED 7 WAYS

- 1. New Turbo-Jet V8's**
The most advanced V8 going is now available in three versions. Which means you can order a remarkably efficient 396 cubic-incher that develops 325 hp. Or a remarkably efficient 427 cubic-incher with 390 hp or 425 hp.
- 2. Richer new interiors**
Even by Impala standards, they're impressive. Luxurious new cloths are combined with supple vinyls (convertible and wagon interiors are all vinyl) in beautiful new Body by Fisher settings.
- 3. Crisp new styling**
It's a fresh-styled Impala with new elegance from V-shaped grille to clean rear. Which is where you'll spot a special new touch: wrap-around taillights.
- 4. A Jet-smoother ride**
After Chevrolet engineers refined body, frame and suspension (even giving each body style its own special Full Coil springs) they got what they were after: an even gentler Jet-smooth ride.
- 5. Racy Super Sport models**
Take your pick—an Impala SS Coupe or Convertible with new tapering Strato-bucket front seats and console with storage compartment. You also get a floor-mounted shift when you order the 4-speed, Powerglide or Turbo Hydra-Matic transmission.
- 6. New safety features**
Padded instrument panel, windshield washer, wipers with two-speed electric motor, outside rearview mirror, rear seat belts and back-up lights—all standard on every '66 Chevrolet.
- 7. Over 200 custom features**
You can have a field day ordering new luxuries like front-seat headrests and four-speaker FM stereo radio. Want to raise your standard of living it up? Your Chevrolet dealer's the man to see.

Gourmet Entrees Are Produced in Booker

GOURMET DINNER — Serve this meat loaf with tomato sauce with scalloped potatoes, carrot coins, peach-cottage

By PEGGY JO ORMSON
Woman's Editor
Cattleman Lewis Blau of Booker joined Associated Meat Packers of America president Jim Wedeles of Dallas in taking "a long shot" and gourmet entrees are rolling off the production lines in Booker.

Wedeles wanted to put a line of frozen gourmet main dishes on the market shelves; being a

cheese salad, orange chiffon cake with custard sauce and dinner rolls for a meal that will tempt every taste.

pendent meat packers who joined together to standardize the product, quality develop new products under a single brand name and to originate marketing and advertising as well as individual plant services not available to the independent packer.

He turned to A. C. Gannon, AMPA vice-president, for assistance in developing the idea into a market feasibility. Gannon engaged Marcel Chambernaud, one of the most respected and honored chefs in America, to originate gourmet recipes on a mass production basis. Introduction of a new food item is a risky business, food manufacturers are well aware that only two of 10 new products survive on the market shelf. Independent test kitchen results of the entrees convinced Wedeles that the venture had a reasonable margin for success. Lewis Blau of Highland Packers, Inc., entered the picture at this point. He was willing to invest in the idea of opening the first Smokey Ridge plant in Booker to produce the entrees. Numerous telephone calls and trips between Dallas and Booker followed as the project got underway. They contacted James Drake of Amarillo as director of merchandising. Drake was to spearhead the drive to open retail markets in the area and to "sell" the food outlets on the new line.

Wedeles, Drake and Blau literally rolled up their shirt sleeves and together with Mrs. Blau actually chopped and sliced the first cuts of beef, prepared the sauces and packed sample entree packages to convince food chain buyers that they had a product. Not only does the new product boast a High Plains beginning, but the eight frozen entrees open new dining dimensions to both the housewife and working woman at reasonable prices. It is possible to serve a gourmet dinner to fit every taste within 30 minutes. The AMPA-backed and Booker-produced entrees are main

Recipes Are Given for Two Tempting Seasonal Pies That Are Extra Rich

By Gaynor Maddox
Newspaper Enterprise Assn.
Pumpkin pie, anyone? This is the open season for pumpkin and squash pie, so let's look at two excellent recipes. Both use evaporated milk which many cooks say guarantees a particularly rich consistency.

YANKEE SQUASH PIE
(Serves 6 to 8)
2 eggs
1 package (12 oz.) frozen cooked squash, thawed
2-3 cup sugar
1/2 teaspoon salt
1/2 teaspoon ginger
1/2 teaspoon cloves
1 tall can evaporated milk (12-3 cups)
9-inch unbaked pastry shell
Beat eggs slightly in a medium-sized mixing bowl. Stir in pumpkin, brown sugar, salt, spice and evaporated milk, blending well. Pour into pastry shell. Bake in preheated hot oven (425 degrees) for 15 minutes; reduce temperature to continue baking 45 minutes longer, or until done when tested. Cool on rack. Decorate with leaves cut from scraps of rolled pastry baked in the hot oven.

CLASSIC PUMPKIN PIE
(Serves 6 to 8)
2 eggs
1 can (approximately 2-cups) pumpkin
3/4 cup light brown sugar, firmly packed
1/2 teaspoon salt
1 1/2 teaspoons pumpkin pie spice
1 tall can evaporated milk (12-3 cups)
9-inch unbaked pastry shell
Beat eggs slightly in a medium-sized mixing bowl. Stir in pumpkin, brown sugar, salt, spice and evaporated milk, blending well. Pour into pastry shell. Bake in preheated hot oven (425 degrees) for 15 minutes; reduce temperature to continue baking 45 minutes longer, or until done when tested. Cool on rack. Decorate with leaves cut from scraps of rolled pastry baked in the hot oven.

Jury Selection Starts Today in Communist Trial

WASHINGTON (UPI) - Selection of a jury begins today in the U.S. District Court trial of the American Communist party on charges of failing to register as an agent of the Kremlin.
The process of impaneling a jury to hear the case, which stems from an order by the subversive activities control board in 1953 for the party to register, was expected to be a slow one.
The court Tuesday rejected motion by Joseph Abt, the attorney for the Communist party, that the charges be dismissed because it was a commonly recognized fact that

1/2 teaspoon baking soda
1/4 teaspoon baking powder
1/2 teaspoon cinnamon
1/2 teaspoon salt
1/2 teaspoon nutmeg
1/2 cup buttermilk
Whipped cream

Business Highlights
By United Press International
WASHINGTON - General Plywood Corp. lost its bid for relief against import competition.
The tariff commission split two-and two on the General Plywood appeal and failed to recommend any adjustment assistance. Company officials, however, tended to count the tie vote as somewhat of a victory and it was noted that President Johnson is not obliged to count a tie vote as a negative vote.

NEW YORK - American Telephone & Telegraph Co. urged the Federal Communications Commission to call off its investigation of rates charged by AT&T and its Bell system.
AT&T said the FCC staff's conclusions in recommending the inquiry distort the result of a cost study made by the company at commission's re-

DETROIT - Ford Motor Co. admitted plans to build a car assembly plant in Canada after months spent denying rumors that such a move was pending.
Canadian sources said the plant, to be built near London, Ontario, would cost about \$100 million and would be mainly for assembly of Mustang models.

The Lighter Side

By DICK WEST
 WASHINGTON (UPI)—It is widely assumed that people who work in the capital know everything that is going on. This assumption is often erroneous and sometimes embarrassing.

My out-of-town friends, seeking information on which to form intelligent opinions about affairs of state, frequently confront me with searching questions.

The question most often asked is: "What are Perle Mesta's parties really like?" That used to put me in an awkward position.

First Affair

Being reluctant to admit that I had never been invited to one of her famous soirees, I was forced to improvise. And I fear that I never sounded very convincing. But now I know.

One glorious evening this week I attended a little party that Mrs. Mesta gave for a few of her most intimate friends and a few hundred intimate strangers.

Intimacy was unavoidable. Except for the boudoirs, which were placed off limits, Mrs. Mesta's 15-room penthouse apartment was completely furnished with wall-to-wall guests.

On one trip through the dining room, where a buffet supper was being served, it took me 14 minutes and 32 seconds to advance from the almond aspic to the Japanese water chestnuts. And all I wanted was a drink.

"Wedding" Reception
 The presence of myself and so many other intimate strangers can be explained by the fact that the affair was tied in with a television series called "The Farmer's Daughter."

The stars of the program are getting "married" on Friday's program and the producers arranged for Mrs. Mesta to hold a "wedding reception" in their honor.

Then they invited a small army of television columnists, newsmen and other freeloaders up to Perle's place to help celebrate.

READY FOR THE NEXT TRY — Marines repair defense positions near Da Nang air base after beating off repeated Viet Cong assaults on the U.S. stronghold.

Poverty, Ignorance Barriers to Proper Health, Care

WASHINGTON (UPI)—Welfare Secretary John W. Gardner said today that poverty, ignorance and discrimination were barriers to health care in the United States.

The cabinet officer, speaking at the opening session of the White House conference on health, said these conditions often create medical problems. Gardner said the poor and the segregated were bypassed by modern medical progress

just as they did not enjoy the benefits of advances in education. He called for a partnership between the federal government, doctors, hospitals, universities and health agencies to make a comprehensive attack on health problems. Gardner said the passage of the medicare program and legislation to create regional centers for treating heart disease, cancer and stroke were part of a "great movement forward" by Congress in the health field.

Philip R. Lee, assistant secretary of health, education and welfare, echoed Gardner's call for extension of medical care to low income and minority groups.

"We have clearly reached the point where every citizen should have access to the health services which he requires," Lee said.

Wall Street Chatter

NEW YORK (UPI)—Wright Investors' Service says a moderate interim price reaction is now overdue and must be expected this month.

However, the firm says, favorable year-to-year comparisons of fourth quarter results will probably produce a traditional year-end advance. On the longer term, the firm says that although it would still advise retention of some reserves and selectivity in new commitments, it does not believe the time has come for any general liquidation.

Purcell, Graham & Co. says that although stock prices in general continue to perform

well, other technical, monetary and fundamental indicators still seem questionable. The firm says it would maintain a cautious attitude toward the general market and have a reserve of buying power and or hedge short sales.

STANDARD & Poor's says favorable seasonal dividend actions should help sentiment in the weeks ahead but it would insist on sound values in new commitments.

In 1963, the worst riot in harness racing history occurred at Roosevelt Raceway in New York when the crowd disapproved of an official decision.

Barry Would Do Just as Johnson

PHILADELPHIA (UPI)—Barry Goldwater said Tuesday he would be doing "exactly" what President Johnson is doing in North Viet Nam if he had been elected, "except that I wouldn't except Hanoi" from bombing raids.

In an interview at his home in Arizona and shown over a local television station (KYW-TV), Goldwater said if he had been elected one year ago, "I would say to the Vietnamese that Hanoi is no longer a safe place."

Goldwater also called for the retirement of Defense Secretary Robert S. McNamara. "Frankly, I'd like to see him go back to making Edsels," Goldwater and McNamara was a former executive of the Ford Motor Co.

The defeated GOP presidential candidate accused McNamara of "abuse of power" and claimed the Pentagon has the "lowest morale of any unit in the government."

Highlights and Sidelights From the State Capitol

By VERN SANFORD
Texas Press Association
 AUSTIN, Tex. — Texas law enforcement officers are urging Gov. John Connally to call a special session of the Legislature to repeal the controversial new Code of Criminal Procedure before it becomes effective January 1.

Texas Police Association has petitions circulating among lawmen in 60 police departments, calling on Connally to do something about the code.

Many lawmen fear forthcoming changes in the statutes will hinder them in combatting crime in Texas. They feel new procedures tend to molly-coddle criminals.

Meanwhile, Atty. Gen. Waggoner Carr is continuing a series of seminars over the state to explain provisions of the new code. A conference at the University of Texas on November 11-13 will explore it in depth.

State Bar Association, which assumed leadership in putting together the changes after years of study, received praises for its efforts from Civil Liberties Union.

Commented Austin Police Chief Bob Miles, past president of Texas Police Association: "To be perfectly frank, the more we read of the new code the less encouraged we feel."

APPOINTMENTS ANNOUNCED — Governor Connally named three new members to the State Commission for Blind: Mrs. Alfred A. Ratner of El Paso, Woodrow Wilson Sander of Houston and Frank Robertson of San Antonio. They succeed James R. Curtis of Longview, Burt Risley of Austin and W. Reginald Taylor of Columbus.

Connally reappointed Zeb Fitzgerald of San Marcos, Ed DeLeon of Cuero and Edward

Reese of Gonzales to the board of directors of the Guadalupe-Blanco River Authority.

Lt. Gov. Preston Smith picked Joe E. Ward of Wichita Falls as his layman appointee to the interim committee on Faculty Compensation in State Supported Colleges and Universities.

A Beaumont banker, I. F. Betts, was elected chairman of the Texas Research League at the annual meeting in Austin. Betts replaces Tom Sealy, Midland attorney. League is a privately financed governmental research agency.

John W. Burcham, chief of insurance for the Texas Employment Commission since 1958, has been named the Commission's general counsel effective Nov. 1.

POLLUTION STUDIES — Strong moves to abate present pollution of Texas streams and to prevent further contamination are being made by State agencies.

Texas Railroad Commission continued its series of moves to pinpoint oilfield salt water pollution and outlaw it. Latest was an order giving oil and gas operators in Lipscomb County until May 1 to quit using surface pits for disposal of salt water.

Texas Water Pollution Control Board had a show-cause hearing on seven sewer plant operators in the Clear Lake Basin of Harris and Galveston Counties. Plants failed to come up to standards ordered by the Board to protect the NASA center area watercourses from pollution. They were given until February 1 to comply.

Tight rules for the Houston Ship Channel also were proposed by the Pollution Control Board. On December 1, a hearing will be held for suggestions before the regulations are put into effect.

A legislator-citizen committee on pollution, headed by Sen. Culp Krueger of El Campo, also held two days of hearings. Committee called in 18 operators of sewer plants in Galveston, Harris and Bexar Counties to see what their problems are and what new laws might help improve things.

All of this activity has as its background the new federal law, giving the states until June 30, 1967, to adopt and make plans to enforce purity standards on all their streams. Otherwise, the Federal government will set up its own anti-pollution measures.

INSURANCE RATE CUT — State Board of Insurance approved an average decrease of 2.9 per cent in Texas workmen's

START ROYAL VISIT — SAN CARLOS DE BARILOCHE, Argentina (UPI) — King Baudouin and Queen Faviola, the first reigning Belgians ever to visit Argentina, arrived in this Andean ski resort Tuesday to begin a week-long stay in the country.

NEW OUTBREAK — IBADAN, Nigeria (UPI) — Fifteen persons were killed and several seriously injured in new outbreaks of rioting in western Nigeria, police reported Tuesday. Thirty persons were arrested.

Police confirmed that 15 bodies were recovered after a riot at Igbara Odo, Monday.

compensation rates, effective December 1. Annual savings on premiums are estimated at \$4,500,000 a year.

There are about 600 categories of compensation coverage. Some will be increased, some decreased sharply, but the overall average cut will be 2.9 per cent.

TOP OFFICIALS QUIT — Two top state appointive officials have resigned. Insurance Commissioner J. N. Nutt said he was leaving his

post, effective Nov. 1, to return to private business.

Dr. Cyril J. Rullmann asked to be relieved as acting Commissioner of Mental Health and Mental Retardation before January 1. He said he would "pursue a long-standing interest in medical education and private practice."

Dr. Shervert H. Frazier, director of the Houston State Psychiatric Institute for Research and Training, was named to replace Rullmann.

MARRIED MEN FACE DRAFT — State draft boards in December will be authorized to draft any childless married man, regardless of when he was married, to fill Texas' largest draft call in 12 years — 1,714 men.

New policy pertains to men 19 through 25 years old, according to Colonel Morris S. Schwartz, state Selective Service director.

ATTORNEY GENERAL SPEAKS — Licensed beauty operators cannot legally work in barber shops, shampooing, tinting or styling hair of male patrons, says Attorney General Carr. Barbers and beauty operators, he cautioned, have separate state licensing laws and regulatory boards.

In other opinions, Carr concluded that the Dallas Junior College District has no authority to tax intangible assets or rolling stock of railroads; and that a "pour and shake" flour is prohibited from sale because it does not meet standard mea-

asures and is not designed for "special or limited use."

SECOND CONFERENCE — The second annual conference of the Central Texas Industrial Development Council will be held November 12 at Baylor University in Waco, the Texas Industrial Commission announced here.

Council is comprised of Central Texas community leaders actively engaged in industrial development programs. It is charged with attracting industry to the area and encouraging

the expansion of existing industry.

BUSINESS INDEX DOWN — Texas business activity index dropped six per cent during September from an August high, according to the U. T. Bureau of Business Research.

Index still was 7.9 per cent above September of 1964. Biggest monthly drop was in Dallas (14 per cent). Fort Worth and Houston had small declines and San Antonio a six per cent increase. Business for the first three

quarters averaged 12 per cent above the same period for 1964.

Dear Abby... 'Baby Jumping' Lady Deserves Going Rate

DEAR ABBY: In spite of my 66 years, I am a healthy, active woman who does a lot of "baby jumping," not "sitting."

My problem is when two young mothers go out together to the same place, they ask me if I "mind" taking care of two sets of children. It involves twice as much work, as both sets may need baths, diapers changed, supper, etc. Also small children from different families usually don't get along very well together, and I have to watch them carefully and settle their squabbles and keep them entertained. I don't mind the extra work involved, but when it comes to paying me, the mothers split the cost. So four hours of freedom costs them a dollar each. Is this fair to me? Your answer in the column might help many of us who are imposed on in this way. Thank you.

OLD SUCKER
DEAR SUCKER: When you

Dates Announced For Annual Irish Bridge Tournament

The time has come for Shamrock to again roll out the green carpet of welcome for contestants in the Fourth Annual Irish Sectional Bridge Tournament. Sponsored by the Shamrock Chamber of Commerce, the tournament will be held in the National Guard Armory on Friday, Saturday and Sunday.

There has been a notable attendance increase at each succeeding tournament, and this year's event should easily pass the 200-table mark, a goal which has been set by Mrs. I. C. Mundy, committee chairman in charge of arrangements.

"Most of last year's champions are expected to be back to defend their titles, and it is my opinion that there are several qualified players in the Shamrock and surrounding area who are capable of giving these people good, stiff competition.

at her apartment because her roommate will be out of town again. And he refers to "wonderful" nights in a motel, and says he is sorry that next week end they can't go because he is broke and "Mom" hasn't come through with the money yet. (His mother is a widow and works hard. He should be helping her instead of taking her money for illicit week ends.) I haven't told my husband as I am deeply ashamed and sorry I read those letters. But, nevertheless, the problem is there. Shall I tell the young people I know what they are up to, and suggest marriage?

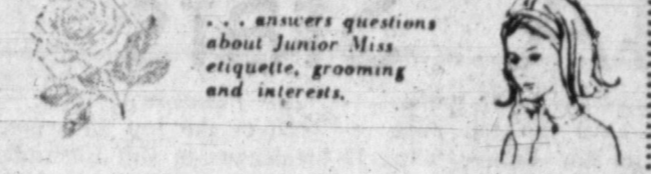

HEARTSICK MOTHER
DEAR MOTHER: If you were to tell the young people you read those letters, it would destroy (for a long time, and possibly forever) the relationship between your daughter and you. Don't suggest marriage. People should marry because they want to and for no other reason. Try to improve the mother-daughter relationship. Perhaps she will confide in you and you can advise her accordingly. Parents have no sure weapon against their children yielding to temptations such as these. They can only instill in their young people high moral standards and pray that they are stronger than temptation.

DEAR ABBY: I have to agree with the woman who resented having a "working mother" who didn't really have to work. I had one, too.

I hated to come home from school to an empty house day after day. When my mother did finally come home she had to catch up on her housework and everything was hectic and hurried. During my teen years I had to stay home all summer and look after my younger brothers. It was awful. Brothers rarely obey their older sisters and I worried myself sick when they'd run off. There was much mutual resentment and bitterness.

Well, that's over now. I am

MISS DEB

... answers questions about Junior Miss etiquette, grooming and interests.

Q My family had a dinner party last Saturday. By the time all the guests had arrived I felt like a jack-in-the-box. Is it always necessary to stand when an older person enters the room?

A. You were right to stand as the guests entered. Even when you're not a hostess, it's polite to stand to greet an older person when one enters the room. Remain standing until he is seated, unless his attention is diverted after an introduction or greeting. And when you're visiting a friend, rise when his mother or father enters the room. Of course, there's no need to stand each time if the same person keeps going in and out.

Astrological Forecast

By CARROLL RIGHTER

GENERAL TENDENCIES: — Until mid-December all kinds of delays and postponements can be in effect. Your patience and your ability to wait your time will be tested. Later you will find a whole new approach to your interests can come into being that shows you how to make big progress towards very interesting objectives.

ARIES (Mar. 21 to Apr. 19) — Although frustration may be bothering you, use this nervous energy constructively and solve your problems wisely. Much can be done at first by waiting. But then all OK to your benefit.

Taurus (Apr. 20 to May 20) — Secret worries can leave you in quite a dither, but this only leads to perfection in solving problems. Much needed backing is yours to get the job done. Be happy.

SCORPIO (Oct. 23 to Nov. 21) — Don't be disappointed if you do not get the social boost from a friend you wanted. You may not agree with what others may have to say today, but it is best to keep quiet or a big argument may be expected of you. State your policies quietly later.

SCORPIO (Oct. 23 to Nov. 21) — All though you may have many interruptions today, persevere in your work just the same. Don't expect rewards to take over for you. This would result in resentment.

CAPRICORN (Dec. 22 to Jan. 20) — Look for ways to have greater reward at home instead of doing some debt eliminating. Do not keep harping on small matters. These can be very annoying if enlarged.

AQUARIUS (Jan. 21 to Feb. 18) — Find better system for adding up your rough spots in daily routine and insure security instead of spending more. Get things done. Evening can be very fun.

PISCES (Feb. 19 to Mar. 20) — You are able to do the work now that will so get right at it. There is no need for excuses to help you. It would take too long to explain your position.

grown and married, and my mother is still working. It's funny, but I can't remember any of the "extras" the additional money provided by my mother's working. But I can remember how miserable and lonely I was. My mother and I will never be close. There just wasn't enough time for us to become acquainted.

"MISSED A LOT"

Although egg production has averaged about the same so far in 1965 as in 1964, agricultural marketing experts predict a drop during the last three months of '65.

A quick and easy coffee cake can be made by dropping refrigerator biscuits into melted butter and then in a cinnamon-sugar mixture, or sugar and orange rind mixture. Bake in a ring or cake pan.

Plainsmen Lead 3-4A Stats

It's no wonder Monterey is the district 3-4A leader. The Plainsmen have the best offensive and defensive team in the conference. The Plainsmen lead the league in total offense with an average of 321.8 yards per game while giving up an average of 159.2 yards a contest. To further prove they are the best the Plainsmen are last in penalties, averaging only 55.4 yards a game in penalties. At present Monterey has the best passer in the league in Randy Bowlin. The senior quarterback has hit on 38 of 77 attempts for 686 yards and seven touchdowns. Bowlin is also the total offense leader with 336 yards rushing for a total of 1022 or an average of 204.4 per game. They have the top pass receiver in Roy Hunter with 18 catches for 380 yards and four touchdowns. The Plainsmen also have three of the top 15 scorers in the league in Bill Horn, Bowlin and Hunter. All three have four touchdowns for 24 points.

HE'S MEAN AS EVER

McAdams Shines for OU

NORMAN, Okla. — Like a Pony Express rider, Oklahoma's linebacker Carl McAdams, win, lose or draw, always comes through with the mail.

McAdams, a boot-leather tough senior from White Deer, turned in another crowd-pleasing performance during Oklahoma's 13-0 loss to Colorado last Saturday.

He topped all defensive charts for the Sooners with 10 unaided tackles seven assisted grabs and returned a pass interception 18 yards to kill a Colorado drive.

A classic example of the 6-foot 3-inch, 214-pounder's roving play came early in the second period with Colorado driving, third down and six at the Oklahoma 20.

Buff quarterback Bernie McCall connected with teammate William Harris on a 16-yard strike at the OU four, but McAdams coming from nowhere, arrested the Colorado speedster right on the spot.

The save led to a Colorado field goal instead of the almost-sure touchdown.

At the start of the second half, Colorado recovered a Sooner fumble and set up field position on the OU 25.

Two plays later at Oklahoma's 34, McCall spotted the Colorado flanker sprinting down the middle and let fly, but the old nemesis struck again.

McAdams, leaping upward, speared the toss on the Sooner 20, legging it back 18 yards to the 38, saving another Colorado tally.

Carl calls all the signals for Oklahoma's stalwart defensive gang, that turned in another corking performance, holding Colorado's rushing attack to an average gain of only 2.3 net yards per carry.

The Sooner secondary also denied the enemy a touchdown forward pass for the third week in a row. Oklahoma's defense came on strong as the game aged, holding the Buffaloes to a total of three earned first downs in the last half, only one in the last quarter.

After six games, McAdams has bolted on 59 unassisted stops and 28 assisted for a total of 87, pacing the Sooner defenders.

Before the game Coach Eddie Crowder of Colorado said of McAdams in the Denver Post: "He's the best defensive player in our Big Eight conference."

After the contest Crowder quipped, "Carl (McAdams) of course is just accepted as a superstar."

Landry announced the Cowboys cut veteran fullback Jim Stiger to make room for Colin Ridgway, a rookie punter from New Zealand via Lzmar Tech.

Meredith has made a dismal showing in the Cowboys' current five-game losing streak and local sentiment toward Meredith has been dim.

Dallas, picked as a dark horse in the NFL's eastern division championship run, is stuck in last place with a 2-5 record.

DOWN HE GOES — A Lee eighth grade tackler takes down a Pampa Reaper would-be-tackler to spring loose a runner for a good gain. The two teams battled to a 6-6 tie yesterday in Harvester Stadium. (See story page 13).

'Old' Blanda Is Still Young Man

HOUSTON (UPI) — George Blanda, an ageless 37 with 16 seasons of professional football behind him, believes football is a young man's game — but would not want his son to follow in his record-breaking footsteps.

"If my son (George Jr.) ever puts on a football pad I'll wallop him," Blanda said Thursday.

Blanda, the mainstay of the American League Houston Oilers, says the game has changed greatly since he first entered the pro ranks, but feels that he personally is much the same man as always.

"Some guys are old at 21," Blanda said, "personally I feel good. I can throw and kick as far as ever."

Blanda has come in for some rough treatment from Houston's fans' en route to leading the Oilers to three Eastern Division AFL titles and two championships. He is somewhat bitter about it.

"Basically the booing doesn't effect me now as much as in the past," Blanda said.

"Playing quarterback you're always going to get booed eventually. Everybody places the blame on the quarterback."

Blanda, who played college football at Kentucky when there were only two college teams in the state, has completed 91 of 209 passes through seven games this year for 1,306 yards and 10 touchdowns. He ranks two points behind Willie Frazier as the Oilers' leading scorer, has kicked 13 of 13 points after touchdown and nine of 11 field goals this year for 40 points.

Blanda holds the AFL record for the most touchdowns passes in a season (36 in 1961), the most attempts (505) and completions (262) in a single season, and has gained more than 15,000 yards on the strength of his passing arm.

Blanda says sportswriters and football as a place kicker after his two-year contract expires next year, if he does quit quarterbacking.

He points to the fact that Lou (the toe) Groza is still kicking one and three-pointers after 20 years in the pro leagues. Blanda held the National Football League record with Chicago with 156 consecutive points after touchdown kicked.

Blanda says sportswriters and coaches are wrong when they say he has changed from a "long bomb" artist to a short passer.

"It's the game, not me, that's changed," Blanda said. The defensive secondaries are better and faster now, he says, so "we throw the short pass more often."

"Occasionally if you get a defender who's a little over-anxious you can throw one behind him," Blanda said, but

not often "since most secondary backs are 9.5 or 9.6 sprinters now."

Blanda, his wife and their two children live in Lagrange Park, Ill., in the off season where he works as a public relations man for a trucking firm.

During the season he plays golf for relaxation, shooting "well enough to take the money home occasionally."

"I will play as long as I can help a team win," Blanda said.

He does wish that the Houston fans, who booed him in the opening games when things were going badly, would be a little more understanding.

"The boos and critical words from sports writers affect more than anyone else," Blanda said. "After all—we're in this to win."

EIGHTH GRADES TIE, 6-6

Shockers to Try Tascosa Today

Over 500 moms, dads, aunts, uncles and brothers and sisters went home from Harvester Stadium happy yesterday after Lee and Pampa eighth grade football teams fought to a 6-6 tie.

The game, for the city championship, was just as exciting as the score indicates and nothing was proved except they are a couple of scrappy football teams.

The youngsters battled to a 6-0 halftime score. And then Lee scored in the third quarter.

Lee scored when fullback Scotty King zoomed 55 yards around right end, eluding tackler after tackler.

A penalty possibly cost Lee the game. On the extra point, try the Lee runner went in but a motion penalty brought the ball back to the eight yard line and this time the Reapers held.

The Reapers scored first when halfback Larry Kotara went in from five yards out.

Kotara's plunge capped a 55 yard drive by the Reapers. A pass try for the conversion fell incomplete.

The Reapers threatened two other times in the game, both times in the first half. They drove inside the five once and lost the ball on downs.

In the second period a drive bogged down at the Lee 20.

Lee threatened in the second period also, but saw a drive killed at the Reaper 18.

The Lee eighth grade ends the season with a 3-3-1 record and Pampa eighth is 1-1-1.

Two games were played this afternoon with the ninth grade teams from each school battling at 4 p.m. in Harvester Stadium and the Pampa Shockers and Tascosa in a game at Amarillo, that started at 4 p.m.

Pampa ninth went into the game with a 3-3-1 record and Lee ninth is 0-6-1. The Pampa Shockers sport a 5-3 mark and downed Caprock, 29-6 last week.

Six Area League Games on Tap

Six conference games are on tap Friday night with two Panhandle unbeaten seeking to stretch their winning streaks and two other previously unbeaten clubs trying to get back on the winning track.

In district 5-B unbeaten but once tied Groom goes for its seventh victory of the season to meet Jack York's Pirates when the Tigers travel to Lefors (1-6): Wheeler (8-1) and a loser to Groom last week tries to get back on the winning track at the expense of Miami (2-4).

In 2-A White Deer puts its eight game winning skein on the line against Canadian (0-8) at the Wildcats home base and McLean (3-5) journeys to Wellington (6-1-1) hoping not to run into a hornets nest against the Skyrockets, losers to White Deer last week.

GAINER
CHICAGO (UPI) — Red Grange, one of football's all-time greats, gained 3,637 yards in his three years at the University of Illinois, an average of better than 160 yards per game.

Rambling With Red

RON CROSS

Before you decide the Sandies will run rough-shod over Pampa Friday night and the game won't be worth seeing, take into consideration the fact that things weren't as bad at Lubbock last week as the score might have indicated.

Roy Harper had his worst night this season as Pampa's quarterback. He probably won't have another, for Harper is the type youngster who bounces back quickly.

Interception Hurt

After Lubbock broke to a 6-0 first period lead Harper quickly led his chargers from their own 20 to the Lubbock 10 where he fumbled the ball on a fourth down and three situation.

Of course we'll never know but it appeared that had he been able to hold onto the ball they would have had a first down around the right side.

This could possibly have led to a Pampa score, making it 6-6, 7-6 or 8-6.

The Westerners scored on their next possession to run the count to 14-0 at halftime and Pampa was still in the game.

Pampa came out with their usual second half fighting spirit and promptly drove from their own 15 to the Lubbock three-yard line.

Here something happened to Harper that had happened only once before this year. He had a pass intercepted.

What was he doing passing on the three yard line? Friends, it couldn't have been a better call. Pampa receivers were wide open. The interceptor for Lubbock was more surprised than anyone he had the ball.

So, instead of leading or being tied with the Westerners the Harvesters found themselves trailing 14-0.

A couple of long passes later and Lubbock had made it 21-0. The Harvesters could never get another threat going after this.

There were a few, bright spots for Pampa.

Looked Good

Harper was finally allowed to pass after throwing only five times the last three games. He passed well, connecting on five of 11 throws for 42 yards.

Pampa's running game and offensive blocking were greatly improved. Pampa totaled 148 yards on the ground against a team that is far from a patsy and their offensive blocking equaled that of the Westerners.

Assistant coach Don Myers was pleased with the way the Pampa line performed.

"I thought our offensive blocking had improved a great deal," Myers said.

Defensively the Westerners moved the ball on the ground against Pampa, something you can bet will be corrected this week.

It was the first time in three weeks that anybody had great success against the Pampa line.

Still it was passing that actually proved the Harvesters downfall, an interception, and two circus catches by Lubbock players.

The Westerners picked up 211 air yards completing 10 of 14 throws, three for touchdowns.

Friday night it was actually a case of the Harvester secondary not being bad, but Lubbock's passing being excellent.

But no matter how bad they may have looked in previous games the Harvesters always seem to be at their best when they play the Sandies.

This week will be no exception.

Coach Strikes Back

LAREDO (UPI) — Former Pampa Daily News Sports Editor Jeff Cohane, now sports writer at the Laredo Times had a sore nose today that he said came from an angry reader.

Cohane said coach Albert Ochoa of Nixon High School had been calling in football game notes on his team to the Laredo Times only when the team won—not when they lost. Cohane said he pointed that out in a column Oct. 25.

Wednesday, Cohane said, Ochoa paid a visit to his office and slugged him on the nose. Cohane had Ochoa charged with assault.

EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself as more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Of Mice and Men.

In May and June of this year the Preparedness Subcommittee of the Senate Committee on Armed Services conducted hearings to determine if we had an adequate supply of military equipment of the types most needed in Viet Nam. At that time, we had only about 20,000 US servicemen in Viet Nam, but there were rumors, publicly denied by Defense Department spokesmen, that some of the equipment most vital to their mission was already in short supply. Now, the official record has been made public. The Subcommittee's hearings reveal that Defense Department officials did, indeed, testify that there were such shortages.

For reasons of security, the published record does not identify the exact equipment which was in short supply, but it quite clearly indicates that it was of the kind which is mighty important to men in combat. Equally disturbing is the indication in the published record that some of the high ranking military men now occupying Pentagon offices were more interested in covering up, or finding excuses for the shortages, than they were in cooperating with the Senators in correcting the situation. This attitude

A Miss-take?

When a boy reaches man's estate, he is automatically regarded with the title of Mr., regardless of his marital status. But a miss is always a miss and never a Mrs. as long as she is single.

Declaring that it is an insult to women that society distinguishes in this way between married and unmarried women but not between married and unmarried men, "Dragons Nyheter," Sweden's largest morning newspaper, has announced that all mature women - married or not - will henceforth be referred to as Mrs. in its pages.

Two other newspapers are following this lead, in the interests of the complete emancipation of women from the subtle discriminations of "male-directed" society.

It will be interesting to see if the "new" usage becomes generally accepted in Sweden.

Solidifying - Not Melting

Reports from North Viet Nam indicate no change in that government's continuing refusal to talk about a cease-fire and negotiated solution to the war in Viet Nam.

How much of this is due to confidence in an ultimate military defeat of South Vietnamese and American troops and how much to a misreading of the strength and unity of American resolve in this matter is something only a few men in Hanoi know.

One thing is certain, however: The demonstrations that have been and are being staged in cities and on college campuses around the country by a tiny but vociferous minority are giving the Reds exactly the impression they would like to have - that the American people are bitterly divided and that a wave of popular revulsion against the war will eventually force Washington to extricate itself from it in a manner highly advantageous to the Reds.

Why then should they talk about peace when the Americans are on the point of pulling out completely?

At the same time, the excesses of some of the antiwar demonstrators - burning draft cards, circulating instructions on how to avoid military service, insulting the flag, damning the President and the entire government - are arousing patriotic indignation and crystallizing sentiment for the war among many others.

If leftist-leaning beatniks are against the war, the reaction goes, if the Communists have a hand in these demonstrations, then the Reds in Viet Nam must be hurting. Let's forget about

It's Up To You

By HOWARD KERSHNER
AN ENEMY WITHIN

In his praise of Keynesianism, former ambassador John Kenneth Galbraith (New York Times book review, May 16) drags in by the heels a complimentary reference to Lauchlin Currie, a former Harvard instructor and late an economic aid to Roosevelt. Professor Galbraith declares that Currie was "later still a prominent victim of McCarthyite persecution."

It might be well to recall something of Lauchlin Currie's activities while he was working in the White House as a close friend of the late President Roosevelt. Called before the House Committee on Un-American Activities along with Harry Dexter White on August 13th, 1948, his memory failed him and his principal response to questions was "I do not recall." He did remember and so stated that he had never been a communist or soviet spy, and that he had not transmitted secret information to communists.

In sworn testimony Elizabeth Bentley and Whittaker Chambers contradicted Currie, testifying that while Currie was a government official and one of Roosevelt's administrative assistants, he had furnished confidential information to the Soviet espionage cell headed by Nathan Gregory Silvermaster, who was at that time an official of the United States Treasury. Currie at one time intervened on behalf of Silvermaster, who had been named as a security risk.

One of Currie's assistants was Michael Greenberg, a British communist. Greenberg later turned up in China. Currie made two trips to that country as a special envoy of President Roosevelt. He had a part in arranging for Henry Wallace to visit Siberia in company with Owen Lattimore, John Carter Vincent and John N. Hazard. Currie had a finger in Lattimore's appointment as special envoy to Chiang Kai-shek.

Both Currie and Alger Hiss were members of a committee of five that issued invitations to an international conference organized by the Institute of Pacific Relations. According to the Senate Judiciary Committee of the Institute of Pacific Relations, "this was a vehicle used by the Communists to orientate American Far Eastern policies toward Communist objectives." Currie served as IPR's liaison with the White House.

Shortly after he was identified as a Communist spy, Currie left for Peru and later became an economic consultant of the Colombian government in Bogota, where a later report assigned to him an important function in the distribution of American aid to that country. In 1955 he lost his American citizenship for being abroad five continuous years.

In 1945 Attorney General Herbert Brownell testified under oath that on November 8th, 1945, a top secret letter from the F.B.I. to the White House had included Currie's name among others as being "utilized by principals" in the Communist espionage apparatus.

A thought for the day - American author Will Durant said: "The health of nations is more important than the wealth of nations."

BERRY'S WORLD

"Yes, as a matter of fact - I am a Republican and I DO belong to the Birch Society!"

That's Easy—

The American Way

By HARRY BROWNE
"Friends, our great leader has announced a new program which will bring prosperity to all the residents of our great society."

"It is a new construction project that will be many things at once. It will be a monument to our great society, to the humanitarian ideals that motivate it."

The Nation's Press

IS THERE AN ANSWER? (Fountain (Colo.) Advertiser) What can we do about it? We know it isn't right and we don't like it, but where do we start to stop it?

These are questions we hear every day with regard to the rapid trend the government is taking toward socialism and invasion of private rights. We wish we knew the answer because we don't like it either.

The sad truth is that those who will not work to better their own standard of living and are looking for more and more handouts outnumber those who want to stand on their own two feet. They're just like rabbits and soon outnumber the less prolific. Our brilliant politicians have discovered, much to our regret, that each of those people have the right to vote and have taken steps to insure that even those who are illiterate are rushed to the polls to vote that the rest of the population will continue to support them in the style to which they have become accustomed.

A politician's job depends on how many votes he can get - not on whether what he does is right. A true statesman - who puts the good of the country above his own position - would never be re-elected. There are too many voters who do not care about right and wrong; in many cases, due to the many years of welfare living, they do not even know right from wrong. By grouping all of the so-called "minority groups" into a voting block, and by going along with their pressures for more and more handouts, a politician believes and rightly so, that he won't lose his own job.

This is today's democracy - it's a very vicious circle which is closing in a little bit more every day on individual rights and responsibilities.

Did you know that at the end of the 1965 fiscal year on June 30, the national debt totaled more than \$317 billion? That this whopping LOU, will require you and every other federal taxpayer to pay out \$11.7 billion a year on interest alone? And that if we started to pay this debt off at the rate of \$1 a second, we would still be more than \$2 billion in the hole after 10,000 years? Startling facts, aren't they?

And, the more welfare and poverty programs the powers-that-be instigate, the bigger that debt and subsequent interest payments on it will be. Your children will have to pick up where you leave off.

Our only answer to the question "What can we do to stop this?" - and probably a futile one is, "next time you hear a politician promise to 'give' anyone anything, don't vote to put him into office." The only way he can give away a dime is to first take it from you, the taxpayer.

Pull Up A Chair

By Frank Markey

When we look at the Milky Way we are actually viewing the Earth's galaxy, estimated to contain more than 100 million stars. Astronomers tell us the nearest star to our sun is more than 25 million - million miles away and if we tried to figure that distance we'd run out of numbers and paper. Astronomers use light years for such measurements. To give you an idea of what that means - one light year is equal to 5880 thousand - million ordinary miles. It's not likely that we'll be sending any astronauts or even missiles to the stars soon. Yet, mankind has overcome the speed of sound and will someday be able to exceed the speed of light. Don't wait around for it, though.

Today's smiles: The newlyweds were having their first argument and he said: "When we were married, you promised to obey me." "Of course, dear," she eooed, "I didn't want to make a scene at the church."

Everyone drives an automobile during the winter months, but not so many years ago car owners "put up their cars" for the duration of the stormy season. It was an annual chore around Thanksgiving for the car owner to jack up all four wheels and put the car up on blocks. The tires were removed and washed with soap and water to remove all traces of grease and oil. Later the tires were wrapped in clean cloth or brown wrapping paper and laid flat in a cool place until spring rolled around again. How times have changed!

Thoughts while shaving: The latest thing in the shopping centers are vending "post offices," with machines that will change \$1 bills, scales to weigh letters and packages, and machines to vend stamps, postcards, stamped envelopes, and forms for insurance and certified mail. In fact, there's every convenience except getting the mail delivered on time. Few live-in servants are available these days - according to the operator of a large employment agency. He says it's hard to get domestic help and he has great difficulty in filling demands for cooks, maids and cleaning women at rates of \$1.50 per hour, plus bus fare and lunch. A survey shows U.S. restaurants cater to upwards of 60 million patrons a week and it costs about \$8.5 billion to feed them.

We don't know how he knew, but a tile manufacturer says the ancient Romans used about 300 gallons of water per capita a day. The average Americans uses about 150 gallons. By actual count there are 230 different recipes for apple pie in various cookbooks. And we'd love to sample every one of them. Although spaghetti and macaroni are generally considered typically Italian dishes, they were actually invented by the Chinese and were first introduced in Europe by the Germans who taught the Italians how to make them. By the 14th century Italy was the only European country that en-

Question Box

QUESTION: "What is the most efficient way to reduce poverty? Is 'war on poverty' simply a catch phrase to get the support of the myopic people? Is the only way of reducing poverty by peaceful means of production?"
ANSWER: It seems that it

was a catch phrase ("war on poverty") to get the attention of those without foresight to make them think that the government was really warring against poverty. The fact of the matter is that the government is the primary cause of poverty. The cause that brings on poverty cannot very well reduce poverty.

The only way we can think of to reduce poverty is by peaceful means of production and exchanging goods and services. Of course, we will never completely eliminate poverty because poverty is necessary as a penalty for those who do not make an effort themselves to be useful to their fellow man. If they can live without being useful, they are inclined to do it.

The government increases poverty by making laws that violate God's laws or nature's laws. Such laws as protective tariffs, immigration restrictions, minimum wages, maximum hours, tax-supported schools that confuse and bewilder the minds of the youth of the land. The government increases poverty by permitting the government to do things that would be immoral and wicked if done by any individual. In short, by setting the example of a double standard of right. These are the things that cause more and more poverty.

Of course, the best way to reduce poverty is to get people to believe in the human relations commandments and to understand them and follow them, and realize that it is to their benefit, in the long run, to respect the private property of other people. If they respect the private property of other people, other people are more inclined to respect their private property and what they produce. That way the incentive is greater, production goes up, and thus poverty is reduced for all those except those who will not try to create and be useful.

Straight Talk

By TOM ANDERSON

The Erosion of Morality
"What the hell has morality got to do with it?"

This question was thrown at me recently after a speech in Boston, as I was being interviewed by an arrogant group of young reporters.

"Morality has everything to do with it," I replied. "Erosion of our national morality is the main reason we're being taken into a one - world, socialist, non-profit 'brotherhood.' When we lose our morality, we will lose our freedom. Freedom and morality are indivisible." After stating unashamedly that he was for a one-world, socialist, non-profit brotherhood, a young long-haired reporter asked: "What is morality? Who is to say what it is?" This approach is used to justify as-being right anything which a particular persons thinks is right. Thus if a psychiatrist, a teacher or the National Council of Churches leaders can convince young folks that free love is not sinful - if it's really love - then why abstain? (This can sometimes be difficult for a teen-ager to ascertain in the back seat of a drive-in movie.)

Morality is what our Judeo-Christian religion says it is. If the collectivists can destroy our religion, they will destroy our nation. And they're well on the way. Our problem is not our housing slums but our moral slums. Our poverty is not of food and clothing but poverty of religion and morality. What makes a slum? People! Not slummy buildings but slummy people make slums.

The erosion of our national morality is a frightening thing to behold. It is not concentrated in the slums. Immorality pervades the White House, the Congress, the Supreme Court, the communications system, business, education, ever facet of our life. And the rotten elements are at the top, not the bottom. Little criminals get their inspiration from big criminals who go free.

The time could be approaching when the question will be not whether America can be saved but whether America is worth saving. Only the moral deserve to be free. The Apostle Paul said: "Where the spirit of the Lord is, there is Liberty." (II Cor. 3:17)

The war for the world is not between haves and have-nots, blacks and whites, educated and uneducated. The war for the world is between good and evil, between God and atheism. How can we bring the world to God when we have godless leaders?

How can we make Communism fail when we are promoting it? How can we win the communist world and the non-communist world to freedom under God when our own leaders obviously don't believe in it?

Edward Gibbon lists the following reasons for the decline and fall of the Roman Empire:

- 1. The rapid increase of divorce; the undermining of the dignity and sanctity of the home, which is the basis of human society.
- 2. Higher and higher taxes and the spending of public money for free bread and circuses for the populace.
- 3. The mad craze for pleasure sports becoming every year more exciting and brutal.
- 4. The building of gigantic armaments when the real enemy was within, the decadence of the people.
- 5. The decay of religion—faith fading into mere form—losing touch with life and becoming impotent to guide the people.

joyed them and through the years they have become a national food there. The Barre-Montpellier (Vt.) TIMES-ARGUS reported in a story: "A spokesman said U.S. planes were destroyed but none seriously." Let's hope he was talking about war games and not Viet Nam.

Country Editor speaking: "Be tolerant with argumentative persons. They have a right to their crazy ideas."

Hunt for Truth

BY H. L. HUNT

SOCIALIZED MEDICINE
Now that the popularity of the idea of socialized medicine seems to be rapidly on the increase in America, it is all the more important for informed persons to point out again just what conditions socialized medicine has led to in other countries where medicine was once practiced freely.

In England, full socialized medicine has been in effect for 18 years and has become a national tragedy. Not only has it been vastly more expensive than even its gloomiest critics predicted, but it has drastically lowered the quality of medical care.

A wait of two years or more is required simply to gain admittance to many British hospitals. Cases have been reported where doctors were flooded with so many patients seeking "free" medical attention that they have been able to give no more than three minutes' treatment to each; and a substantial part of that absurdly brief time is taken up with filling out government forms.

Many of the best British doctors, disgusted with socialized medicine in their homeland, have emigrated to other Commonwealth nations such as Canada and Australia to practice. Unfortunately, socialized medicine is following them there as well.

In European nations with socialized medicine schemes such as Belgium and Italy, there have been doctors' strikes, unheard of where the practice of medicine is free. In every case, government stands as a constant "silent partner" and third participant in the doctor-patient relationship.

Despite this unvarying record of trouble and failure, country after country continues to adopt socialized medicine because of its popular appeal. We should think very carefully before doing so.

HOW TO ADDRESS OUR LAW MAKERS

You may wish to write your senator and representatives in Washington and Austin. Here are their addresses:

- (FEDERAL)
Rep. Walter Rogers, House Office Bldg., Washington 25, D. C.
Sen. Ralph Yarborough, Senate Bldg., Washington 25, D. C.
Sen. John Tower, Senate Office Bldg., Washington 25, D. C.
- (STATE)
Sen. Grady Hazelwood, Amarillo, Texas
Rep. Grainger McIlhenny, Wheeler, Texas.
