**CHRISTMAS SCENES GOING UP** — C. E. Kuykendall, looks over a picture of one of last year's Christmas scenes erected in Central Park as he uses it for a guide to setting up this year's scenes. Kuykendall is one of the employees of the City Park Department who is responsible for putting up the scenes. The lighting of the scenes and the program is scheduled for 6:30 p.m. Thursday.

## NOTHING SETTLED YET

# Astronauts Await Okay For Wednesday Launch

CAPE KENNEDY (UPI) — Gemini 6 astronauts Walter Schirra and Thomas Stafford today once again sought the go-ahead for launch Wednesday on their third try to score the world's first rendezvous in space.

They faced a decision from two different meetings that took on added significance with the finding Monday of a plastic stopper mistakenly left in a vital part of the engine assembly of the Titan 2 booster rocket.

An Air Force flight safety review board was scheduled to meet first to determine that the jinxed rocket is finally ready to send Gemini 6 on its historic chase in space after Gemini 7 astronauts Frank Borman and James Lovell.

With the booster clearance, Gemini's top officials were scheduled to give the signal for the start of final preparations for the 7:37 a.m. CST Wednesday blastoff.

The weatherman already gave a tentative go-ahead for a launch try Wednesday.

Schirra and Stafford had the day off Monday, but it took an around-the-clock effort by engineers and technicians to correct the Titan rocket's latest problem.

The trouble turned up Monday morning as engineers examined the results from Sunday's abortive launch attempt. The Titan's engines fired for only 1.2 seconds before being automatically shut down, but the data from the brief spurt indicated something was seriously wrong.

The trouble was traced to a gas generator that developed the hot gases needed to pump fuel to the rocket's ignition chamber. The generator was taken apart and the trouble was found — someone had left a plastic dust cover on the end of a fuel opening when the engine was cleaned five months ago at the Martin Co. plant in Baltimore.

# Meany, Council To Help Little People

SAN FRANCISCO (UPI) — George Meany joined with a more youthful AFL-CIO Executive Council today to help America's "little people" by backing vast increases in federal spending and fatter paychecks achieved through law and bargaining.

The 71-year-old President of the labor federation said spreading prosperity to millions of poor Americans was the major task confronting the organization.

Nearly 1,000 delegates to the AFL-CIO Convention were expected to vote overwhelmingly for a Meany-backed slate today and place eight new men on labor's executive council.

The ballot and a series of policy resolutions were scheduled on the next to last day of the week-long convention.

Delegates Monday approved an economic policy statement that scoffed at fears of inflation and urged a \$2 an hour federal minimum wage, tax cuts for low income families, a 35-hour week and multi-million dollar U.S. spending on housing and other public facilities.

# LBJ, Khan Of Pakistan Meet

WASHINGTON (UPI) — Trumpets, flags and colorful ceremonies awaited President Mohammed Ayub Khan of Pakistan today at the White House. And after the diplomatic niceties, a blunt talk from President Johnson.

For some time now the United States has been concerned by Pakistan's fight with India over Kashmir, by her increasing friendship with Red China, and by the officially supported anti-Americanism in a nation which has been one of the larger recipients of U.S. aid.

Johnson's discussions with Ayub were certain to reflect this concern as the chief executive moved into what was the busiest week of personal diplomacy thus far in his White House career.

After Ayub, Johnson meets later in the week with British Prime Minister Harold Wilson, then holds a separate set of conferences with West German Chancellor Ludwig Erhard.

# Heater, Mothers Blamed In Death of Four Youths

PEARL RIVER, La. (UPI) — In the burned shell of a trailer home, a small Christmas wreath was one of the few things that survived.

It underlined the fact that this Christmas will hold little for the Roney and the Thomases. Theirs will be the painful memory of four children, two of them just reaching the age of understanding the holiday, dying in the fire. And theirs will be the pang of wondering what might have been.

What might have been had a faulty heater connection just functioned a while longer. What might have been had the children's mothers returned more quickly from a trip to a night club to pay their rent bill. What might have been had the fire that killed three children in one family and one in another been discovered more quickly, while somebody still could have saved them.

Charlene Roney, 21, and Jo Ann Thomas, 37, of El Paso, Tex., said they set out to pay the rent bill Monday. They left Tonya Thomas, 3, Mrs. Thomas's child, and Mrs. Roney's children Richard, Robin and Donald Kaske, aged 5, 3 and 8 months, in the trailer home the two families shared.

Nearby was the Sahara Club, a night spot owned by Ben Canterbury, who is also the owner of the trailer.

The women went to the night club to pay the rent. While they were there — they said the whole thing took them 20 minutes or less — neighbors came running. The trailer was on fire, the neighbors said.

**WEATHER**  
PAMPA AND VICINITY — Cloudy and colder through tomorrow. Occasional light snow tonight through Wednesday. Low tonight mid-20s. High tomorrow mid-30s. Winds northerly 15-25 m.p.h. Outlook for Thursday colder with occasional snow.

# 'Young Guard' Of Kremlin Gets Top Post

MOSCOW (UPI) — Alexander N. Shelepin, a member of the Kremlin's "young guard," has moved into an important Communist Party post that could lead him someday to the top power spot in the Soviet Union, informed sources said today.

The sources reported that Shelepin, long considered a rising star in Soviet politics, has taken over the duties of party secretary for organization and personnel as a result of last Thursday's Kremlin reshuffle.

Shelepin's new post would mean that he has the power to appoint or remove party officials throughout the Soviet Union. The Communist Party is the real power behind the government in this country.

It was not known last week whether Shelepin would be given the "organization department" job held by Nikolai V. Podgorny, who was elected to the largely ceremonial post of Soviet president.

But unofficial sources disclosed that Shelepin has won the job once held by Stalin himself under Lenin, by Frol Kozlov, former Premier Nikita Khrushchev's heir apparent and finally by Leonid I. Brezhnev before succeeding Khrushchev as party chief.

Shelepin ran the Soviet Security Organization (KGB) for two years after heading the Young Communist League.

In November, 1964, Shelepin was raised from candidate member of the ruling party presidium to full-fledged status.

But despite Shelepin's apparent climb up the ladder, diplomatic observers said it did not appear that collective rule under Brezhnev was being weakened for the foreseeable future.

If it comes from a hardware store we have it. Lewis Hardware.

# Dallas Youth Dies, Then Dies

DALLAS (UPI) — A pathologist opened his eldest son's chest with a razor blade today and applied an external heart massage in a desperate attempt to save the college student's life. The youth Louis Spencer Smith Jr., 19, died seven hours later.

Smith, a music major at North Texas University, had been revived by the emergency operation after his heart stopped. His father, Dr. Louis S. Smith, said "something like

a sixth sense" had driven him to check on his son in the early morning hours today at their home.

The Smith boy died in the intensive care unit at Parkland Hospital. A spokesman said his heart failed. "It just couldn't take the strain," the spokesman said.

The elder Smith said he had been up to 1:30 a.m. studying and decided to check on the boy.

# NATO Hears Rusk

PARIS (UPI) — Secretary of State Dean Rusk told America's European allies today that Europe's fate may be decided on the battlefields of Viet Nam.

In a hard-hitting address to the North Atlantic (NATO) Council, Rusk asked, "How can you expect Communism to accept the credibility of an American commitment in NATO if they have reason to doubt it in Viet Nam?"

He warned that the European NATO countries have "a large interest" in the United States commitment in Viet Nam.

It was one of the strongest speeches Rusk ever has delivered to the NATO Council, which opened a three-day session here this morning. He laid it squarely on the line that the United States is determined to honor its commitments in Viet Nam to the bitter end. He appealed to them for understanding of this position.

Rusk told the council that Communist China so far has shown itself completely hostile to peace talks. He said the United States and Communist Chinese ambassadors in Warsaw are about to hold their 128th meeting. But he described the outlook as "not promising."

He said the Red Chinese have made it clear that they will reject any peace talks as long as the United States continues backing Formosa and maintaining its military position there.

Rusk said the United States could use any number of doctors, teachers, engineers and other personnel in Viet Nam. But he made no actual appeal or plea for such aid.

He said it is a big burden and the United States has room there for all sorts of people. Rusk did not mention the possibility of troops. But an American source said the United States certainly would welcome such aid.

Rusk warned of the difficulties ahead. The American people he said, will be called upon to bear a heavy burden in the coming year.

Canadian External Affairs Minister Paul Martin opened the session in his capacity as honorary president of the NATO Council this year.

He urged NATO not to rule out the possibility of negotiations with the Eastern bloc countries.

Speaking after Martin and before Rusk were British Defense Minister Denis Healey and Sir Paul Gore-Booth, permanent under secretary at the British foreign office.

In addition to Viet Nam, such other non-NATO problems as Rhodesia, Cyprus, the Dominican Republic and the Congo were to come under discussion by the foreign ministers.

## ROMAN FEELS BETTER

# Another Space Record Broken

SAPCE CENTER, Houston (UPI) — Gemini 7 astronauts Frank Borman and James Lovell flashed toward their 4-millionth mile in space today. On the ground preparations for launching the Gemini 6 spacecraft at 7:37 a.m. (CST) Wednesday raced ahead.

Technicians at Cape Kennedy said the Gemini 6 launch would not be set back by the discovery of a small plastic stopper inside the rocket which would have caused an engine shutdown before liftoff. The offending object was taken out and the part where it was found was reinstalled today.

Borman and Lovell were cool as cucumbers in their 10th day in space as they completed orbit after orbit, breaking every space record in the book.

Borman awoke in a chipper mood today. He told astronaut Charles Bassett to inform the flight surgeon who made up the spaceman's meals.

Bassett, a ground communicator at the space center, read Borman some news items. Borman some news items.

Borman said he and Lovell had forgotten about the fact that as they slept Monday night they would break the space endurance record of astronaut L. Gordon Cooper.

## Two-Cent Plastic Stopper Would Have Halted Gemini 6

CAPE KENNEDY (UPI) — In the days of efficiency experts and electronic wizardry, a two-cent plastic stopper in the wrong place can turn the most devout statistician right back to "Murphy's Law."

This altogether unofficial axiom is heard from engineers when their slide rules miscue. It says that as long as a mistake can be made, sooner or later it will be made.

The truth of this came home Monday to Uncle Sam's missile technicians. They found a plastic stopper about the size of a penny—and worth little more—in a place where it would have grounded two Gemini astronaut launchings, if other problems had given it a chance.

**Found in Fuel Line**  
The plastic dust cover was found inside a fuel intake line of a generator which helps run one of the two engines that provide 430,000 pounds of thrust for the first stage of the Titan launch vehicle.

The stopper was there Sunday when something else, an electrical plug, caused a shutdown of the Titan engines just before astronauts Wally Schirra and Thomas Stafford would have blasted off on their space chase mission. It was also there Oct. 25 when failure of an Agena target vehicle grounded the Gemini 6 twins.

# Viet Cong Found With Russian Rifles

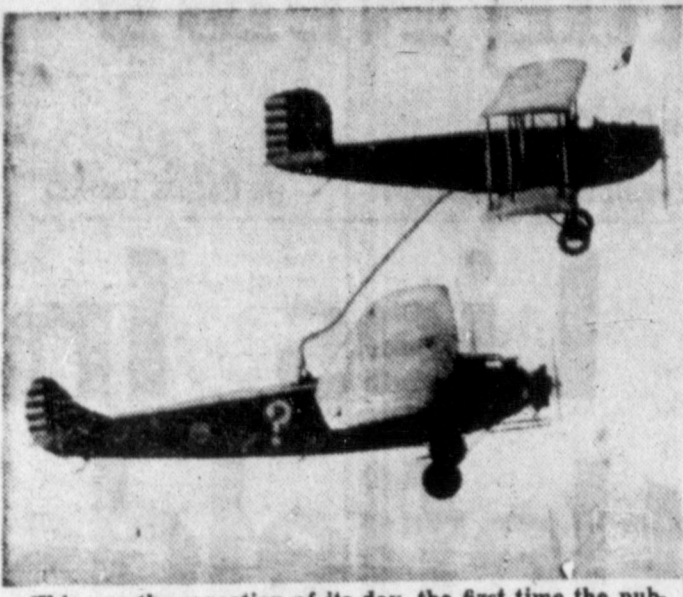

**ENEMY DRILL** — Communist guerrillas practice with crossbows somewhere in the central part of South Viet Nam, according to caption material released by Chinese Communist sources. The guerrillas have been using poisoned arrows as a weapon against Vietnamese and U.S. soldiers in the Viet Nam conflict.

9 DAYS TILL CHRISTMAS SHOPPING DAYS TILL CHRISTMAS READ OUR ADS

This was the sensation of its day, the first time the public had ever seen photos of a plane refueled in flight.

### High Court Denies Plea Of Parents for School Prayer

WASHINGTON (UPI)—The Supreme Court yesterday denied a hearing to New York City parents who sought an order allowing their children to "pray voluntarily to God each day" in a Queens public school.

The case is the first to reach the high court involving the question of "voluntary" prayers by public school pupils. In decisions in 1962 and 1963, the court barred use of state-composed prayers and the Lord's Prayer, as well as Bible reading when done in devotional exercises.

The Queens parents demanded that school authorities give their children "an opportunity to express their love and affection for Almighty God each day through a prayer in their respective classrooms."

The controversy arose after principal Elihu Oshinsky of Public School 184 in Whitestone forbade recitation of two prayers by kindergarten children before they ate milk and cookies in morning and afternoon.

One prayer was: "God is great, God is good. And we thank him for our food. Amen."

The other was: "Thank You for the world so sweet. Thank you for the food we eat. Thank You for the birds that sing. Thank You God for everything."

The parents formed a group called Prayer Rights for American Youth (PRAY) and sued in federal district court in Brooklyn for prayer privileges for a group of students ranging in age from 5 to 11.

Federal District Judge Walter Bruchhausen ruled in favor of the parents but was reversed by the 2nd Circuit Court.

### On the Record

Highland General Hospital does not have a house physician. All patients, except severe accident victims, are requested to call their family physician before going to the hospital for treatment.

Please help us to help our patients by observing visiting hours.

### The Lighter Side

By DICK WEST

United Press International WASHINGTON (UPI)—You say you still haven't got all your shopping done? You say you're hard up for ideas? Tell you what I'm going to do.

I'm going to give you a gift suggestion that will solve your problem here and now. It is called "The Hot News Rack" and is advertised at \$3.95.

"A brand-new idea—and a great one—for adding cheer and warmth to your fireplace," says the ad. "Just set this steel rack in the fireplace (you don't have to remove the andirons) and hang newspapers over it.

"Five or six pounds of newspapers will burn for an hour or more. The secret is that newspapers as placed on the rack tend to burn a sheet or two at a time."

When I saw this ad, I could hardly wait to try it out. Just reading about it made me feel cheery and warm.

For years, people have been putting down us newspapermen by reminding us that the rich, beautiful prose we labor over so proudly today will be used to wrap fish tomorrow.

## Chamber Receives Many Suggestions For '66 Program

Numerous suggestions, ranging in scope from improvement of trash conditions to construction of a county-civic auditorium, highlighted the December membership luncheon of the Pampa Chamber of Commerce yesterday in Coronado Inn.

The workshop type meeting was set up so members would have an opportunity to submit ideas for projects to be included in the 1966 program of work.

Among topics discussed was one brought up by Dr. Joe Donaldson, who said the chamber should either go all out in its support of the Top O' Texas Rodeo Assn. or ask association directors to curtail the rodeo to a horse-show type activity.

"We could have a really wonderful rodeo program if everyone would get behind it," he added.

Other suggestions included the need for a trade or vocational training school in the city; the support of a street improvement program including additional thoroughfares, as well as paving and drainage; the relief of traffic congestion on Hobart St. and the revival of the junior college program.

Also mentioned were better Chamber committees; the development of a youth employment service; further industrial development, and airport run-way improvements.

Newly-elected Chamber president Norman Henry presided. Mrs. Bill Pearce provided organ music and Rev. J. W. Duke gave the invocation.

## Obituaries

**Mrs. Clara Godwin**  
Funeral arrangements are incomplete at Adams Funeral Home, Oklahoma City, Okla., for Mrs. Clara Godwin, 84, of Oklahoma City, sister of Mrs. Dan Glaxner of 701 N. Gray.

Mrs. Godwin was born Aug. 5, 1881, at Fountain Hill, Ark. She died at 7:30 a.m. today in an Oklahoma City hospital.

Mrs. Godwin was a resident of Pampa for 10 years before moving to Oklahoma City a year ago.

Survivors include one daughter, Mrs. Gloria Cummings, and three grandchildren, all of Oklahoma City.

**Norman Dudley**  
Funeral services are scheduled at 11 a.m. tomorrow in Los Angeles for Norman Dudley, 49, brother of Ray Dudley of Pampa.

Mr. Dudley died suddenly yesterday morning at his home in Los Angeles. He had owned and operated the Los Angeles Cork Company for 14 years.

**Man Stuffed In Dryer for Seven Hours Won't Talk**  
A 31-year-old Borger man who was stuffed into a coin-operated dryer Saturday refused to file charges against his three assailants today.

Theiner Lee Woods refused to sign a complaint or even identify the men he told police stuffed him in the dryer for almost seven hours.

Woods, a Negro, received first, second and third degree burns over 30 per cent of his body.

Woods told police he left a tavern late Saturday night and was accosted by three men. He said they took him to an all-night laundry mat and stuffed him into a dryer and turned it on.

The owner of the laundry mat said the dryer operated at a temperature of 160 degrees.

Woods could not kick the door of the dryer open and was not freed until Sunday morning when a woman came into the laundry mat and heard him kicking.

Kind was used to pry open the phones' change boxes.

## Commissioners Hurry Through Long Agenda

It took city commissioners just one hour to go through 16 items of business on their regular meeting agenda this forenoon — less than an average of four minutes for necessary action on each separate piece of business.

Most of the items were routine. Here is a summary of what the commission did:

Approved second reading an ordinance entering into contract with the consultant engineering firm of Merriman & Barber of Pampa for preliminary services in connection with the city's proposed streets and thoroughfare program.

Approved placing on time deposit of \$30,000 from the Water & Sewer Bond 1948 Interest & Sinking fund.

Approved purchase of \$125,000 in U. S. Treasury Bills at 4 1/4 per cent interest.

Gave approval to a \$10,000 bond for the city tax-assessor-collector.

Authorized transfer of \$6,000 to the city's Social Security reserve fund.

Authorized acceptance of bids \$89.29 for city bills in November and Lovett Memorial Library bills of \$451.61.

Approved waiving of a half-year payment on a grass lease at the site of the new sewage plant because of a delay in the plant's completion.

Approved payment of \$952.43 to Merriman & Barber, engineering firm, for work completed to date on the highway improvements program.

Authorized renewal of fire protection contracts with Gray, Roberts and Carson Counties and the City of Lefors.

Cancelled authorization for entering into a contract with Howard Kenyon of Lubbock as the city's fiscal agent, following announcement that Kenyon and R. A. Underwood & Co., Inc., of Amarillo, had agreed to work in association under a contract already in force with the Underwood firm.

Authorized the purchase of a 2 1/2-ton truck with packer body for the sanitation department, a 2-ton dump truck for the street department and two 1/2-ton pickup trucks for the street and shop departments.

Approved payment of \$49,922.87 to A. W. Boren, general contractor at the new sewage plant, for work completed through Nov. 30.

Authorized the mayor to enter into renewal of contracts with the county and independent school district for tax services furnished to them by the city. The school district pays \$300 a month for the service which the county receives without charge on a mutual exchange basis and under an agreement made some years ago under which the county was to supply right-of-way services to the city.

## Snow Possible For Pampa, Area Residents Tonight

Pampans got their first real touch of winter today as temperatures dropped to the 30s last night amid a forecast for even colder weather and snow tonight.

The first snowfall of the season was expected late this evening and tonight and might even continue until late Thursday.

The U. S. Weather Bureau forecast called for the light snow to begin falling late this evening and continue through the night.

The cold front's effectiveness was diminished by heavy cloud cover most places and early morning temperatures actually were warmer than on Monday.

The morning mercury was in the 50s and 60s most places, except for the 30s in the Panhandle.

The new mass of Arctic air that was due in the Panhandle Tuesday night that brought prospects for light snow was the tail end of a storm system which brought heavy snow to much of the Midlands and Rocky Mountains.

A new mass of Arctic air was due in the Panhandle Tuesday night with prospects for light snow as the tail end of a storm system that brought heavy snow to much of the Midlands and Rocky Mountains.

A cold wave was forecast for the northwestern third of Texas by early Wednesday.

The rains in a belt from Northeast Texas to South Central parts of the state mostly were light but Cotulla got .43 in slightly more than an hour.

Monday was another mild late Autumn day throughout Texas, with a high of 79 degrees recorded at Brownsville.

## County GOP To Elect Officers

Election of officers for the Gray County Republican Club will highlight a meeting of that organization scheduled at 7:30 p.m. today in the hospitality room of Southwestern Public Service.

In addition to the election, a 27 minute documentary film on the history of the civil rights movement from the beginning until the current time will be shown by Dr. James A. Hale from Amarillo.

Ernest Upton, club president, invited the public to attend.

**● Viet**  
(Continued From Page 1) Strategic Air Command B52s.

Two intense firefights were reported in the area today. A Marine patrol ambushed a Viet Cong unit by a small stream. After air power was called in the Americans counted eight Viet Cong bodies and estimated 15 others were wounded.

Another Leatherneck unit on nearby mountain slopes also killed eight Communists late this afternoon. Details of the skirmish were sketchy.

Authorities in Saigon disclosed today two American servicemen were killed Sunday night in a bloody barroom brawl in the waterfront section of the capital. One was stabbed in the heart and the other's neck was broken. Neither was identified.

Officials said a fight broke out in the saloon between four Vietnamese soldiers and three Americans. The government brawlers escaped but a fifth Vietnamese was being held for questioning, a spokesman said.

compared to Amarillo's high of 54.

There was no measurable precipitation Monday.

## Police Search For Railroad Switch Key

Pampa police issued a plea today for the return of a switch key taken from a train coach during a break-in yesterday.

Police Chief Jim Conner said if the key is used to open the switch boxes it could cause a train derailment or serious accident.

The chief said he thought the key, along with several Sante Fe marked pencils, was taken by children.

He asked that parents seeing any children with a strange key to please contact the department as quickly as possible.

"I can't emphasize the importance of finding the key," Conner said, "if improperly used it could result in an accident and the loss of many lives."

**Two Plead Guilty In County Court**  
Troy A. Wilkerson, Wheeler, entered a plea of guilty to charges of driving while intoxicated in Gray County Court and was fined \$100 and costs and sentenced to three days in jail.

In another case, Willie Harris, Pampa, pleaded guilty to shoplifting charges and was fined \$5 and costs and sentenced to five days in jail.

**FALSE TEETH**  
Chewing Efficiency Increased up to 35%  
Clinical tests prove you can now chew better—make dentures average up to 35% more effective—if you sprinkle a little PASTEETH on your plates. PASTEETH is the alkaline (non-acid) powder that holds false teeth more firmly so they feel more comfortable. No gummy, goopy, pasty taste. Don't sour. Checks denture breath. Get PASTEETH Powder today at drug counters everywhere.

## Wednesday D-Day For Holiday Mail At Post Office

Tomorrow is D-Day at the Pampa Post Office, Postmaster Lynn Boyd warned today.

It's the last day out-of-town Christmas gifts and greetings should be deposited in the mails to be 100 per cent sure that they are delivered on time.

Mail volume nationally has been breaking all records. To date, the Pampa Post Office has handled 6,812,700 pieces of mail. This compares with last year's totals of 7,043,700, slightly lower than one year ago.

Highest volume day so far locally this year has been 65,000 pieces on Dec. 10. He estimated that mail volume to date is running about 3 per cent below last year during the same period.

So far 30,000 Christmas stamps have been purchased in Pampa, Boyd said.

Each of the "special" stamps, depicting the Angel Gabriel, offer first-class mail privileges for Christmas cards. First-class postage allows for returning of the cards if they are undeliverable provided a return address is on the envelope. It also means they receive priority in handling and delivery.

The postmaster is asking that all outgoing mail include the local ZIP Code, 79065, in the return address.

"This is the best time of the year to up-date mailing lists. Remember to check the ZIP Codes on all incoming mail and add them to your address book," Boyd said.

"Last year, ZIP Codes were a great help in speeding mail delivery. In fact, they were largely responsible for the outstanding record of on-time delivery chalked up across the nation during the Christmas rush," he stated.

"At this time of the year, we especially need your help by mailing early and using the five-number Codes.

"One of the best ways to avoid unworkable peaks in mail volume is for people to mail often, not save all their mail for one big mailing."

"1966 Ford quieter than my Jaguar? Not jolly likely!" said Rob Walker

... then he drove the Ford.

Ford's Quiet Man, who recently demonstrated the 1966 Ford to owners of some of the world's most expensive cars, here discusses the '66 Ford LTD with Rob Walker at his family's estate in Wiltshire, England.

"Astonishing... I believe this Ford of yours really is quieter!" exclaimed Rob Walker, famed British automotive sportsman.

Ford's quiet ride is the result of built-in quality and overall engineering excellence. Other examples of this engineering magic from Ford are: • New Stereo Tape Player option with easy-loading cartridges. • New Magic Doorgate on wagons—swings out like a door for people and down like a tailgate for cargo. • Silent-Flo Ventilation, standard on Ford 4-door hardtops, gives open-window freshness with all windows closed. • Quiet-test a '66 Ford, at your Ford Dealer's.

TEST-DRIVE AMERICA'S TOTAL PERFORMANCE CARS  
**FORD**

Test-drive a '66 Ford, Fairlane, Falcon, Mustang or Thunderbird at your Ford Dealer's today!

### Pampa High Speech Students Win Third Place in Tourney

Students from Pampa High School Speech Dept. earned third place honors in the Hub of the Plains Speech Tournament Friday and Saturday at Lubbock High School in Lubbock.

First place honors went to Robert E. Lee High School of Midland and second place to Midland High School.

All Pampa students competing Pampa students competed for semi-final competition on the basis of wins in preliminary rounds. Semi-finalists included Venita Turcotte, Jeanie Prock, Gary Jarrard and Fred Barber in informative speaking. Linda Hubbard, Gwen Brunson, Trent Burns and Tommy Rose in persuasive speaking. Cheri Akst, Lyssa Bossay and Richard Johnson in poetry interpretation, and Betsy Goodwyn, Kathy Ball and Larry Franklin in prose reading.

Nine Pampa students included Venita Turcotte, Jeanie Prock, Fred Barber, Linda Hubbard, Tommy Rose, Richard Johnson, Betsy Goodwyn, Larry Franklin and Kathy Ball, reached final rounds in individual competition.

Those placing among the top three in individual events were Linda Hubbard, second place in persuasive; Venita Turcotte, third in informative speech, and Betsy Goodwyn, third in prose reading.

Debating the topic, "Resolved That the Federal Government Should Prohibit Union Membership as a Condition of Employment," Pampa debaters advanced to final rounds of competition with perfect records.

The girls' team, composed of Mary Horn and Jane Hiatt, lost in the quarter-final decision to Andrews High School. The boys' team, composed of Jan Farley and David Harmon, lost a semi-final decision to El Paso High School.

### GOP Adopts Pact To Reject All Extremist Groups

By **RAYMOND M. LAHR**  
United Press International

WASHINGTON (UPI)—The Republican Coordinating Committee yesterday unanimously adopted a resolution calling on all Republicans to reject membership in "any radical or extremist organization."

Senate Republican Leader Everett M. Dirksen offered the resolution on behalf of himself and House GOP leader Gerald R. Ford. Gov. Robert Smylie of Idaho seconded the motion.

The motion specifically endorsed the position of GOP National Chairman Ray C. Bliss. The proposed ban would include any organization "which attempts to use the Republican party for its own ends or any which seeks to undermine the basic principles of American freedom and constitutional government."

Rep. Melvin R. Laird, R-Wis., said the Dirksen-Ford resolution was the first order of business considered by the coordinating committee at its closed meeting.

The group then took up a report by a social task force appointed to submit recommendations on state and federal government responsibilities. The group is headed by former Rep. Robert Taft Jr., of Ohio.

### Soviets, Indians Still Dicker Over Steel Mill Plans

NEW DELHI (UPI)—Soviet Ambassador I. A. Benediktov Monday gave the Indian government a Soviet technical project report on the proposed controversial Bokaro steel mill. It is hoped the plant will eventually produce up to 4 million tons annually.

The Indian government has two months in which to accept the report with any mutually accepted changes which an Indian technical committee may recommend.

The Soviets and the Indians stressed Indian participation in the Bokaro project would be greater than the earlier Soviet-aided Bhilai steel mill. The exact extent was not specified in the report.

Management and the degrees of Indian participation were stumbling blocks in earlier American plans to build the Bokaro project.

### Resolution Contains Embarrassing Error

SAN FRANCISCO (UPI)—A resolution prepared for adoption by the AFL-CIO convention contained an embarrassing error Monday.

"General extortion is not an effective method of organizing today," one line in the policy document read.

An AFL-CIO spokesman said it should have read "general extortion."

### Valuable Jewelry

World's most valuable single piece of jewelry is Britain's imperial state crown, which contains the Second Star of Africa (Star No. 1 being in the British royal scepter) and some 2,800 lesser but magnificent diamonds.

In 1910, Edward White of Louisiana became chief justice of the United States.

### Wall Street Chatter

NEW YORK (UPI)—Spear & Staff believes that the recent concentration of low-priced issues could very well last until the termination of the bull market.

The analyst feels that the result of this speculation could possibly lead to a severe purchase no matter what the quality, could carry more risk of loss in the coming weeks than at any other time in the bull market.

Fred Anschel of Shearson, Hammill & Co., continues to maintain a cautious attitude toward the intermediate and long-term trend of the market, due to technical, monetary and political uncertainties which could have an adverse effect on the market's performance.

John C. Hammerslough, editor and publisher of the Hammer Report, feels that several issues are in an overbought position but that the majority of issues will probably advance for some weeks before a major reaction occurs.

Newton D. Zinder of E. F. Hutton & Co., says speculation in low-priced, poor quality issues historically brings a severe setback and, in view of such recent speculation, he has

### Counterfeit Bills Fished From River

DALLAS (UPI)—Secret Service agents said "professional-looking" counterfeit \$5, \$10 and \$20 bills fished from the Trinity River would total "at least \$200,000" but were still too soggy to count accurately.

Part of the money was found floating loose on the river Sunday. The rest was found partially submerged in a tan, imitation leather zipper bag.

The bag also contained the offset printing plates police said was used in printing the bills.

A golfer at Knollwood Country Club spotted the money in the river.

**WILL MAKE APPEAL**  
MOSCOW (UPI)—Newcomb Mott, 27-year-old Massachusetts book salesman who was convicted of illegally crossing the Soviet border and sentenced to 18 months in a labor camp, will appeal his sentence Thursday before the Russian Federation Supreme Court, his attorney announced Monday. Mott was sentenced by the Murmansk region court last month for crossing the Norwegian-Soviet border without a visa.

**Feeding Their Young**  
Birds feed their young in different ways. Some carry insects or fruits in their bills and drop the food into outstretched mouths; some swallow the food and later cough it up; hummingbirds inject their youngsters with nectar by using their tubular tongues; cormorants and pelicans open their mouths and let their young feed themselves.

### APPROVES INSPECTION

PHNOM PENH, Cambodia (UPI)—Prince Norodom Sihanouk Monday offered to let the Indochina International Control Commission supervise transportation of arms through Cambodia. The Cambodian chief of state said commission supervision would prove that arms moving through his country were not going to Viet Cong rebels in neighboring South Vietnam.

### Good Appetites?

Most adults in the United States ate from one-fourth to one-half their weight in food fats and oils — more than 17 pounds per person — during 1964, according to the U. S. Department of Agriculture.

### FORM STORM PANEL

MANILA (UPI)—A nine-nation Asian weather conference Monday decided to form a panel of experts to gather typhoon data as the first step in forming a Pacific regional center for typhoon control. The conference also agreed to make use of U. S. experimental weather satellites in its forecasting system.

### Early Treasurers

The Second Continental Congress on July 29, 1775, appointed Michael Hillegas and George Clymer as "joint treasurers of the United Colonies."

## "My Newspaper Route Pays Me 4 Ways"

• ANY ambitious teen-ager who has a newspaper route will gladly tell you why he rates it "TOPS" as a gainful activity for spare time.

It enables him to turn some of his out-of-school hours into the extra dollars he needs for clothes, hobbies, sports and good times.

It puts him in business for himself—gives him first-hand experience in modern sales, service and collection methods. Such training helps him get ahead in school, too.

His route not only nets him enough steady profits to provide current spending money, but it encourages systematic saving for the future.

It also offers him many opportunities to win valuable prizes, exciting trips and other special rewards for those who excel as carrier-salesmen.

**What About YOUR Son's Spare Time?**

If your teen-age boy has time on his hands, urge him to see our Circulation Department about getting the first route that's open in your neighborhood. You'll be glad you did.

**The Pampa Daily News**

### Jane's Declares U.S. Navy Now World's Largest

LONDON (UPI) —An authoritative naval review published today says the U.S. Navy is the largest and most advanced the world has ever seen and could "bulldoze" the way to victory in Viet Nam if given the go-ahead.

No combination of Communist forces could stop the American Navy, according to the 1965-66 edition of Jane's Fighting Ships.

"It must be a source of wonder to many a nation, especially to any aggressively inclined, why the United States, with such a colossal military force and mounting any size of air strike, has not bulldozed her way to the objective in Viet Nam," the review said.

It said the U. S. Navy "is doubtless capable not only of containing any possible combination of Vietnamese forces arrayed against it, but of countering any force that any co-belligerents might have been available in that sphere."

The only significant naval forces in Far East waters which could oppose the Americans are the Red Chinese, with mostly antiquated units but 30 submarines, and the highly efficient Soviet fleet.

Jane's said the entire force of U. S. nuclear powered surface warships, including the giant aircraft carrier Enterprise, "have been or are being transferred to the Pacific fleet for support of operations off Viet Nam."

It said the Soviet Union is keeping long range, missile-armed units of its submarine fleet "on station" off Communist China, the United States and Australia.

It noted that the Russians, although trailing in nuclear units, have almost as many submarines as the rest of the world combined —including the United States.

Jane's is regarded as the world's most authoritative reference on the navies of the world.

### Algerian Leader Calls on Soviets

MOSCOW (UPI) —Algerian leader Col. Houari Boumediene arrived Monday on a political fence mending mission and paid courtesy calls on Premier Alexei Kosygin and newly appointed President Nikolai Podgorny.

Boumediene is here on a week long official visit. Tuesday he will begin talks which are believed aimed at keeping Soviet military and economic aid flowing to Algiers.

Boumediene's relations with the Kremlin began on a sour note because he deposed Ahmed Ben Bella, one of the Soviet Union's best friends in North Africa.

But diplomatic observers said Boumediene is dependent on the Kremlin for military aid that was first opened up in a big way by former Premier Nikita Khrushchev.

Additionally Boumediene apparently wants to steer a non-aligned course between East and West and therefore is believed to want to normalize his relations with Russia.

### Jewel Robbers Continue Their Raids in London

LONDON (UPI) —Three messengers fought off a gang of bandits Monday in the latest in a series of jewel robberies that have netted more than \$2.8 million in the past two months. Five men wearing dark glasses and armed with iron bars and hammers attacked messengers carrying gold and silver mounted jewelry to ancient Goldsmith's Hall in the heart of London.

The messengers fought back. The gang fled with two sacks containing jewels worth \$17,000-\$23,000. But they wrecked their getaway car and apparently escaped empty-handed, leaving jewels scattered in the car, the street and a nearby garage bin.

**ART WORK**  
NEW YORK (UPI) —Mayor Robert F. Wagner signed an executive order bill Monday requiring that one half of one per cent of the cost of new city buildings be spent on art work, such as sculpture, murals and ornate fountains.

### Center Wrap-Up

George Smith, Director  
Pampa Youth and Community Center

**SWIM TEAM PLACES FOURTH**—The Center's swim team, the Dolphins, competed in the Amarillo Indoor Swim Meet last Saturday and Sunday and placed fourth in the meet. This was extremely good for a smaller club for teams from New Mexico, Oklahoma and Texas were competing. The Dolphins were paced by Jim Cole and Scott Rader.

Coach Donald Klepper is still looking for swimmers who are interested in competitive swimming. Persons interested need only to pass a simple swim test and join the Center. You may contact Mr. Klepper or the Director Mr. Smith for a tryout.

**CHRISTMAS SCHEDULE**—The Center announces its holiday schedule for Christmas and New Years. The Center will be open from 1-10 on December 22, 23, 27, and 29 with the pool open on those days from 1-4 and 7-10 p.m. On Dec. 24 the Center will be closed.

**BOGUS RECORDINGS**—State Atty. Gen. Louis J. Lefkowitz opens a hearing Thursday into the "bogus reproduction of recordings ranging from the Beatles to Beethoven," a racket which Lefkowitz said was increasing at an alarming rate.

Lefkowitz said Monday his investigators "have disclosed that Sammy Davis Jr., the Maguire sisters, Louis Armstrong, Rook Benton and Pearl Bailey were among those whose works were counterfeited."

**"Old Chestnut"**  
The expression "old chestnut" started with the English painter, Edward Abbey, who would be called upon to speak in public but, no matter what story he would begin, he always ended with one about a farmer and chestnuts.

Read The News Classified Ads

**VERSATILE COPTER**—A work horse helicopter which can carry passengers or cargo has been developed in Bremen, West Germany, as a joint German-American project. Dubbed the "flying crane," the copter can be fitted with a cabin between its gawky legs to carry 45 passengers. Or it can lift up to eight tons of cargo. In successful tests, it has placed high-tension towers, picked up aircraft in inaccessible terrain and been used in air-sea rescue operations.

### Here's What Federal Reserve Rate Hearings Are All About

WASHINGTON (UPI)—Here is a brief sketch of the issues and personalities involved in congressional hearings on the Federal Reserve Board's increase in the discount rate:

—**Discount Rate:** The interest rate commercial banks must pay when they borrow money from the Federal Reserve. It was raised last week from 4 to 4.5 per cent, the highest rate in 35 years.

—**Board of Governors of the Federal Reserve System:** Seven men appointed by the president to oversee operation of the Federal Reserve; often called the Federal Reserve Board, or the "FED." Members serve 14 years.

—**Federal Reserve System:** Established by Congress in 1913 to help keep the economy healthy by regulating the supply of money and bank credit. It does this mainly by influencing the level of bank reserves and, thus, the banks' ability to loan.

—**The Issues:** Should the board have increased the discount rate? The board, fearful of inflation, acted to prevent a further increase in bank lending. President Johnson said there was no immediate danger of inflation, wanted the board to delay action until January, when next year's budget figures on Viet Nam and other needs were known. More generally, should the board be allowed to do one thing when the administration or Congress wants something else?

—**The Personalities:** William McChesney Martin Jr., chairman of the board since 1951. A leading advocate of "tight" money and of the board's independence. Says the man who spends the government's money—the President—should not also have the power to print it, because he'd be more likely to do that than to raise taxes to pay for his programs.

Rep. Wright Patman, D-Tex., chairman of the Joint Economic Committee, an old "easy" money man and foe of Federal Reserve independence, says the man who is "responsible" for the country's economic well being—the president should have control of the money supply.

—**Probable Outcome:** Nothing. Martin and Patman have been through this many times before. Patman would like to overhaul the Federal Reserve and bring it under the control of the president and Congress. He's not likely to get enough votes to do this, unless the higher discount rate throws the economy into a recession, which it is not considered likely to do.

### Television In Review

By H. D. QUIGG  
United Press International  
NEW YORK (UPI)—Across the frothy atmosphere of commercial Christmas, ABC-TV Monday night sent an attempt at sober assessment of man himself—a photographic essay on humankind and brotherhood.

The cameras were sent around the world in a study of man's drives, needs, and basic kinship. The program was titled "In Search of Man," a special documentary that dwelt on six anthropological aspects: Survival, religion, art, love, cooperation and violence.

The thesis of the program was essentially derived from Hamlet's exclamatory "What a piece of work is man!" If some of the narration, ably spoken by Van Heflin, was routinely high-flown, it pulled its weight by underlining the photography—much of which was magnificent.

From the vistas of the barren white wastes of the Arctic to the funeral pyres along the Ganges, the objects of art of many ages, the slow life of Chopin's home town, the South Sea Islands, and the collective efforts in Israel to convert a parched land to green, the camera shots were expertly chosen.

This David L. Wolper production was produced and directed by Eugene S. Jones.

'Tis the season to be jowly. And that's all right, because the four Williams brothers are a bit jowlier than they were 14 years ago when, as they fondly recalled, they sang in London through one of the town's coldest winters and warmed up nightly at a nearby pub.

The Andy Williams Show put on its traditional Christmas get-together Monday night on NBC, bringing on not only the other three members of the old quartet but also Mom, Pop, Andy's wife and two tots and his cousins and his sisters and his aunts until the stage was full of a score or more of Williamses.

### Engineers' Plan Is Discussed at Meet

Ralph Milliron, member of the Panhandle chapter, Texas Society of Professional Engineers, met last Friday, in Austin with the executive board of the state society where action was taken to consider a long range plan as proposed by the National Society of Professional Engineers.

The plan would broaden the base of engineer membership in the national and state societies of NSPE. Other features would streamline the organization and functions of the state society and its constituent local chapters throughout the state.

At the conclusion of the meeting, the executive board of TSPE voted to revise and amend the plan as proposed by NSPE.

### Farm Chief Says LBJ Is Scuttling The 'Free Market'

CHICAGO (UPI)—The president of the American Farm Bureau Federation said Monday the Johnson administration is out to "wreck" the free market system.

Charles B. Shuman told the federation's 47th annual meeting, "the market price system is being systematically destroyed by the dumping of government surplus stocks to depress prices."

He said the "market wrecking intent of the administration" was evident from the fact that the support price for corn has been lowered five cents per bushel while the direct subsidy payment to farmers has gone up from 20 to 30 cents.

"A further demonstration of the administration's determination to destroy the market system is illustrated by the recent decision to dump government stocks of bread wheat on the market," Shuman, of Sullivan, Ill., said.

"The greatest threat to the future of our nation—to our freedom—is not foreign military aggression or international Communistic subversion, but the growing dependence of the people on a paternalistic government," he said.

"There will never be a great society unless the materialism of the welfare state is replaced by individual initiative and responsibility," Shuman said.

### How to Stretch Your Oil-Heat Dollar

**Stop that Thief!**  
An improperly insulated attic steals heat that you are paying for. So close a fireplace without a damper. Be sure the attic is insulated against the out-of-doors. Make sure the fireplace damper is closed when not in use. Storm windows and doors are helpful too.

**Stop that Waste!**  
Blocking registers and heating units with drapes or furniture chokes off the heat and doesn't let it circulate properly. Also, keeping your thermostat up during the night wastes heat. Turning it down 10 degrees saves significant sums of money.

**"Like Money in the Bank"**  
Oil heat is still the No. 1 supplier of home comfort in most of the hard winter areas of this country. It is modern, automatic, clean and safe. Where warmth and economy are needed most, oil heat serves best. The oil in your tank is like money in the bank; it is there when you need it regardless of weather conditions or other problems.

**Legendary Thumbmark**  
Legend says the round black spot on the middle of the side of the John Dory fish is a thumbmark left there when St. Peter took a coin from the fish's mouth.

## Federal Land Bank Group To Observe 50th Anniversary

As a service to farmers and ranchers, the Federal Land Bank Association of Pampa will join in a national program of public information keyed to the 50th Anniversary of the Federal Land Bank System.

The Pampa Association, along with some 700 other associations and the 12 Federal Land Banks, will carry out the program to make all Americans aware of the importance of agriculture.

J. E. Gunn, manager of the Pampa association, stated that large segments of the country's population, such as city dwellers, factory workers and the like, are not aware of the vital part which agriculture people take in adding to the basic strength of the nation.

With agriculture moving into a "challenging new era of development for rural America

and of production for the world-wide battle against hunger", it becomes increasingly necessary that the true, complete story of agricultural progress and potentials be told, he said.

Gunn noted that numerous meetings, commemorative activities and special anniversary events will get under way in the coming months, leading up to the nation-wide 50th Anniversary in 1967. The twelve Federal Land Banks were established in 1917 under the Farm Loan Act.

The 50th Anniversary comes as a timely opportunity, Gunn commented, to translate accomplishments of agriculture into terms of interest for all people everywhere. He said the Federal Land Bank Association of Pampa welcomes the chance to take part in this effort.

## Foreign News Commentary

By PHIL NEWSOM  
UPI Foreign News Analyst

As temperatures move toward the 90-degree mark and the Southern Hemisphere summer approaches, residents of Montevideo flock to the city's superb beaches gleaming whitely in the sun.

In Plaza Independencia dominated by the heroic figure of Jose Artigas, liberator of Uruguay, a high-rise office building nears completion and in nearby shops, visitors from Brazil and Argentina take advantage of Uruguay's depreciated peso.

The falling peso is evidence of a deep financial crisis which finds Uruguay close to bankruptcy.

The thronged beaches give lie to a situation which elsewhere in Latin America could be the harbinger of violent revolution.

Since July, the country has been wracked by a series of strikes in state-owned public services and industries. Twice the government has proclaimed a state of emergency amounting to modified martial law.

The bitter conflict between the workers and the government stems from government efforts to stem galloping inflation, limit wage increases and reverse the adverse flow of imports over exports.

But even those difficulties, serious as they are, are but surface indications of troubles which go far deeper.

Uruguay is a welfare state which cannot balance overwhelming government expenses against an uncertain income derived from an agricultural economy.

Within the government, power is vested in a nine-man national council modeled on the Swiss system, with the presidency rotating each year. The council is split by factional disputes, and beneath the council is a top-heavy and slow-moving bureaucracy.

Under the country's cradle-to-the-grave welfare system, it is possible for a man to retire at 55 on 100 per cent income.

Of a population of 2.7 million, more than 210,000 persons are on the federal payroll. Their total comprises about 20 per cent of the country's work force.

The cost of living jumped 40 per cent in 1964. This year the increase is estimated at between 60 and 70 per cent.

The government hoped to limit wage increases to 25 per cent. Government bank employees are demanding a 48 per cent boost. Other government unions ask as high as 60 per cent.

The government debt to the United States and to others of the so-called Paris Club is \$550 million. In August, emergency action by U.S. banks staved off immediate disaster with an arrangement postponing \$58 million in short term debts falling due this year.

Modern Uruguay was created by a man named Jose Batlle Ordenez. He brought Uruguay from a state of violence and chaos to peace and order. It was a country of state-ownership of public services and some industries. It also was a state without an income tax. Even today, income taxes fall only upon the upper brackets.

For most of three decades it seemed to work. But by 1955 trouble was on the way. Two major changes seem imminent: An overhaul of the welfare system, and a return to a strong presidency.

## Income Tax Questions, Answers

EDITOR'S NOTE: This column of questions and answers on federal tax matters is provided by the Pampa office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q — What is the difference, if any, between an exemption and a dependent?

A — A dependent qualifies as an exemption deduction but there are other reasons besides dependency for which exemption deductions are given. Every person who files a return gets a basic \$600 exemption. Someone 65 and over is entitled to an additional \$600 exemption because of age. A blind person is also entitled to an additional \$600 exemption. The \$600 personal exemption allowed for a wife is not a dependency exemption because, for income tax purposes, spouses are not considered dependents.

Q — This Christmas my church is collecting food for needy families. If I give food to this drive will it be deductible?

A — Yes. Gifts of merchandise as well as cash gifts are deductible when made to a qualified organization. The fair market value of the food is the amount that may be listed as a charitable contribution. Generally this is the price you paid for the food.

Q — Do I have to wait until the end of the year to file a return? I'm a full-time student and worked only during the summer.

A — Returns cannot be filed until after the close of the taxable year.

Q — My mother becomes eligible for Social Security benefits this month. Will I lose her as a dependent this year if she applies for these benefits? So far this year, I've been her sole support.

A — Since the year is nearly over it is doubtful that a Social Security benefits she might spend for her support would disqualify her as your dependent for this tax year. Assuming that your mother otherwise qualifies as your dependent, the Social Security benefits and any other amounts she spends on her support would have to be more than the amount you have contributed to her support before you would lose her as a dependent for any year.

Q — What's this I've been reading about tickets bought for a charitable benefit not being tax deductible? As I recall, these tickets have always been

deductible in the past.

A — Only that portion of the ticket price that represents a contribution will be considered deductible. If it is a ticket to a dance or a show, only the amount above what it would normally cost to attend a similar dance or show will be deductible.

For example, suppose you spent \$10 for a dinner given for charity. If the comparable established value of such a dinner was \$3.50, then you may list \$6.50 as the amount you have contributed to charity.

## Pampa-Lefors UF Drive Still Short of Goal

Mop up operations were begun this week to complete the 1965-66 Pampa-Lefors United Fund campaign to raise \$77,000 for twelve participating agencies.

Through this morning the drive was still some \$19,000 short with only \$58,068 having been collected.

General campaign chairman Mack Hiatt Jr. said that plans were underway to finish the job by the end of next week. "If at all possible, we would like to complete all of the calls and turn in the contributions before Christmas," he added.

According to the United Fund office there are still a number of business firms who have not as yet turned in their pledge cards.

Prospective donors who have not been contacted are again urged to make their pledge or donation by mailing a check to Pampa-Lefors United Fund, P.O. Box 2076, Pampa or phone MO 9-9522 and a worker will pick up the contribution.

Agencies who are supported by the United Fund include the Boy Scouts, Girl Scouts, Milk Fund, Pampa Welfare Fund, Gonzales Warm Springs Foundation, Red Cross, Texas Assn. for Mental Health, United Service Organization, Salvation Army, Medical Research Foundation of Texas, National Travelers Aid and United Community Fund.

## The Family Lawyer

Plaintiff's Secret Weapon...

Just as scientists tell of the famous apple that fell in Isaac Newton's head, so do lawyers tell of a famous barrel that fell on the head of a certain Mr. Byrne. If you should ever have occasion to sue for damages, the case of the falling barrel may well give you your strongest single weapon in the courtroom.

Byrne was walking past a warehouse in an English town when a barrel of flour dropped out of a second-story window and laid him low.

Suing afterward for damages, Byrne was faced with the task of proving negligence on the part of the warehouse employees. But he had no way of knowing why the barrel had fallen. Nor would any of the company's employees admit fault.

Luckily for Byrne, the judge came to his rescue with an apt Latin phrase: "res ipsa loquitur." That means "the thing speaks for itself." The judge reasoned that barrels simply do

not fall out of warehouses that are being run in a careful manner.

Res ipsa loquitur, or something roughly similar, is now recognized in all American courts. It does not excuse an injured claimant who is charging negligence from proving his charge. But if he lacks direct proof, it does give him the benefit of common-sense deductions from the facts that he can prove.

A girl, eating a candy bar, bit on a pin embedded in the chocolate. Neither she nor anyone else knew how the pin had gotten there.

Yet, with no sign that the bar had been tampered with, a court ruled — "res ipsa loquitur" — that the accident itself was good evidence of negligence at the candy factory.

Dear Abby....

## 'Stupid Waitresses' Check the Situation

DEAR ABBY: I am one of those "Stupid Waitresses" who can't read the minds of customers to determine whether they want separate checks or not. Don't customers realize that all our checks are numbered? And when they tell us at the end of a meal that they wanted separate checks, we have to void the original check and start all over again? This takes time!

If some customers weren't so stupid, they could divide up the check themselves.

"ANOTHER STUPID WAITRESS"

DEAR ABBY: Put me down as another "stupid waitress," who not only can't read minds, but who can't tell when people are kidding. When cocktails are being ordered before the meal, I have been told that the party was going to be an "Old Joe." And when I presented the check to "Old Joe," I was asked if I couldn't take a joke. Then I've had to unscramble the bill and give everyone separate checks.

On other occasions, I've had the guests loudly demand, "Separate checks!" — and when it came time to pay, one man will disgustingly take them all and say to me, "Where's your sense of humor? You know when I'm in the party, the party's always on me!"

DEAR ABBY: I am a waitress, but I am far from stupid. When a group of people come in for lunch or dinner, whether they are all men, all women, or mixed, I always make out separate checks. If, after the meal, one person wants to pay for them all, I let him fight it out with the others.

FALLEN ARCHES IN QUEENS

DEAR ABBY: You said, "Waitresses are not mindreaders." So, since the waitress is the one who makes up the check, she's the one who should ask how it should be done, and not after the fact.

DEAR ABBY: I am a waitress, but I am far from stupid. When a group of people come in for lunch or dinner, whether they are all men, all women, or mixed, I always make out separate checks. If, after the meal, one person wants to pay for them all, I let him fight it out with the others.

FALLEN ARCHES IN QUEENS

DEAR ABBY: At last you have proved to me forever that no man ghost - writes your column, although on the question of restaurant checks you could have used a man's advice. — No woman understands the problem as a man does. No waiter is likely to make the mistake a waitress makes in assuming that one man is picking up the

# Holiday Fashion Drama

FESTIVE HOLIDAY FAVORITE — Lame will be a favorite for holiday festivities both in the home and on the town. Dramatic ensemble for an evening at home (left) features gold lame pants, topped with a shimmering overblouse and wrap-around skirt in blue, green and silver. For a combination of grand entrance fashion and the easy nonchalance of a knit, seafoam green lame is chosen for the sleeveless sheath (right) that flares at the ankles. It is teamed with a solid green lame kimono-like coat. Ty-cora's textured Creslon yarn was used by Caledonia for these designs.

## HD Club Enjoys Christmas Party

Goodwill Home Demonstration Club held its annual Christmas party in the home of Mrs. V. E. Wagner.

Miss Lou Ella Patterson installed the new officers, Mrs. K. L. Elsheimer, president, Mrs. John Winters, vice president, Mrs. Garlin Tivis, secretary, Mrs. Ray Frazier, treasurer, and Mrs. Don Duggan, council delegate.

Roll call was answered by what each member wanted for Christmas. Minutes of the previous meeting were read and approved. Mrs. Lee Jackson was appointed to buy a gift for a child that is sponsored by the club.

Gifts were exchanged and secret pals revealed.

A salad luncheon was served to Mrs. K. L. Elsheimer, Don Duggan, Garlin Tivis, H. B. Cain, Lee Jackson, Roy Kilgore, Nolan Cole, Ray Frazier, A. P. Coombes, Marvin Rowan, John Winters, and V. E. Wagner and Miss Lou Ella Patterson.

Guests present were Mrs. Tandy McGlohan and Mrs. N. A. Briden.

Next meeting is to be in the home of Mrs. K. L. Elsheimer, Jan. 4 at 9:30 a.m.

DEAR ABBY: I am a waitress, but I am far from stupid. When a group of people come in for lunch or dinner, whether they are all men, all women, or mixed, I always make out separate checks. If, after the meal, one person wants to pay for them all, I let him fight it out with the others.

## ESA KA Chapter To Aid In Jaycee's Yule Shopping Tour

Kappa Alpha Chapter of Epsilon Sigma Alpha International met recently in City Club Room.

Business session was conducted by Mrs. Rolland Treadaway, president. The decision was made to give a basket of food to a deserving family at Christmas time. It was voted to help the Jaycees with their "Underprivileged Children's Shopping Tour." In addition to voluntary individual work, the Chapter will donate \$15 to this fund. A report was given on the previous Council of Clubs meeting by Mrs. Frank Maher. Resignation of office was presented and accepted from Mrs. Treadaway, who is moving to Houston. The former vice president, Mrs. Frank Maher, will assume new duties as president. Mrs. Irving Hungerford has accepted office of vice president. Next meeting will be a Christmas party in the home of Mrs. Bob Miller, 2223 Aspen, Dec. 16.

Present were Mrs. Joe Achord, William Allen, Charles Beard, Ira Bewley, James Frazier, Leland Greer, Dale Haynes, Irvin Hungerford, Frank Maher, Bob Miller, Joe D. Miller, Philip McCarley, Forrest Rader, Billy Stephens, Joe Taylor, Rolland Treadaway and Miss Fay Coleman.

### Letters to Santa Claus

**DEAR SANTA,**  
I wish you Santa Claus, I want a doll at one her haren for me. I want a kitchen aid. I want some dishes. I want lots of toys. I would like you too bring your wife. Sincerely,  
Doris Elaine Lockwood  
721 W. Brown

**DEAR SANTA,**  
My name is Tonya Dee. I am 7 years old. I have been a good girl. I help my mother clean house. If you can, I would like to have a tea set, Baby First Step and Skipper Case. I have a little brother and sister. Johnny is 4 years old. He wants a Cowboy Gun Set, Bull Dozer, and Train. My sister, Amber Rae, is 3 years old. She wants a Tea Set, Teardrop Doll and a Cook stove. We will have cake and milk waiting for you.  
Love,  
Tonya,  
Johnny,  
Amber.  
P. S. We live at 2227 Zimmers.

**DEAR SANTA,**  
Please send me a bicycle Secret Sam, and an electric train. I will be watching for you on Christmas Eve.  
Love,  
Arley Achley  
1301 Willow Road

**DEAR SANTA,**  
Our mom is writing for us since we're to little to write for ourselves. Our names are Teresa, Teri and Sheri. Teri wants a baby doll and a horn. Sheri wants a horn and guitar. Teresa wants a baby doll and guitar. That's all we want and please don't forget our little brothers, Ronnie and Givig who live in Albuquerque.  
Thank you very much,  
Teresa, Teri and Sheri  
1104 E. Kingsmill

**DEAR SANTA CLAUS,**  
My name is Randy and I am four years old. Please bring me a M Johnny Express and a Gun Rider Set. I have a two year old sister named Susan, who would like a doll and leave some cookies and milk on the table.  
Love,  
Randy and Susan Williams  
1116 Juniper

**DEAR SANTA,**  
I want some racing cars. Please send how is Mrs Santa. I would like a Bicycle and my sister wants one to. I would like a little Red Wagon and some boxing gloves.  
Love,  
Dennis M. Lockwood  
721 W. Brown

**DEAR SANTA,**  
My name is Donna Sue. I am six years old. I have been a good girl. Would you bring me a washing doll, watch, doll house and furniture and a jewelry box that plays music. I will leave you some pie and coffee. Please bring my mama something pretty. Also, Aunt Bobbie and Uncle Beryl.  
I love you,  
Donna Sue Gifford  
Lefora, Texas

**DEAR SANTA,**  
I have been a pretty good boy this year. I would like to have a peddle car, some trucks, a blackboard and a few other toys. There will be something on our table for you to eat.  
I love you Santa,  
Mark Connell  
1178 Vernon Dr.

**DEAR SANTA,**  
I have tried to be good, but as you know, sometimes it's sure hard for a little 4 year old girl. I want a Stinky Doll, Wheelie and a Doll Bed, and anything else you want me to have.  
My big sister, Dana, wants a Mary Poppins Doll, a Record Player and Records. Be good to all the other children. We will leave milk and cookies for you so you can stay nice and fat.  
Love,  
Dana and Carla Chium  
620 Bradley Dr.

**DEAR SANTA,**  
My name is Dennis Lockwood and I am eight year old. I have tried to be a good boy. For Christmas I want you to bring me "Creepy Crawlies".  
Love,  
Dennis Lockwood  
2205 North Wells  
Pampa, Texas

**DEAR SANTA,**  
My name is Tommy Laycock and I am four years old. I have tried to be a good boy. For Christmas I want you to bring me anything you want me to have. I will leave you some cookies and coffee, and some lettuce for the reindeers.  
I love you,  
Tommy Laycock  
2205 North Wells

**DEAR SANTA,**  
I am Randy Laycock and I am eleven years old. I have tried to be a good boy. For Christmas I want you to bring me some record albums and some Levis and shirts.  
Love,  
Randy Laycock  
2205 North Wells
