

Amarillo DA Is Picked to Run In Rogers' Place

Dee Miller, 32-year-old Amarillo district attorney, will be the opponent of Bob Price, Pampa Republican, in the Nov. 8 general election race for 18th District congressman.

Miller was selected last night to succeed U.S. Rep. Walter Rogers of Pampa who withdrew as a nominee for the post on Aug. 1.

The choice was made at a meeting of the 30 Democratic county chairmen from the district in Amarillo.

Miller was chosen on the fourth ballot when he received 17 of the 30 votes, one more than needed. The selection then

was made unanimous when J. R. Brown of Hartley County, who received 12 votes withdrew. State Sen. Andy Rogers of Childress received one vote on the fourth roll call.

Others nominated included Jack Young of Littlefield, James P. Linn of Stratford, Dist. Judge Max Boyer of Peryton, J. W. Buchanan of Dumas, State Rep. Ralph Wayne of Plainview and A. W. Lair of Canyon.

Two who had been mentioned prominently as possible candidates, State Rep. Walter Knapp of Amarillo and attorney Tom Upchurch of Amarillo, were not nominated.

Miller, the successful candidate, is district attorney for the 47th District. He is a native of Borger.

He will face a formidable opponent in Price who lost the congress race to Rogers in 1964 by less than 1,000 votes in the Republican's first venture into (See ROGERS, Page 3)

FOR PAVING ASSESSMENTS

Financing Contract Given Council Okay

The Pampa City Commission today entered into a contract with the Texas Securities Corp. of San Antonio to assist in formulating a property owners' participation assessment program in connection with the city's overall \$900,000 paving project.

Tom Anderlitch, president of TSC, appeared before the commission today and explained his corporation's plan of financing complete as to the city's proportionate share of the cost and property owners' participation in the paving program.

Anderlitch said the plan is designed to stimulate bidding among contractors. TSC, he stated, will supervise steps necessary for the drafting of proposed contracts between the city and paving contractors.

The services will also include all contractual documents pertaining to the street assessment programs. This would involve various initiating ordinances, special provisions for contractual documents, bid proposals, construction contracts, performance bonds, maintenance bonds, etc.

Fee for the services is set at \$1,500 in the contract.

The commission adopted a resolution commending the founders and board members of the Gray-Pampa Foundation for "performing a number of laudable acts for the benefit of the citizens of Pampa and its surrounding area."

The Foundation recently donated land and a \$15,000 sprinkler system for park purposes in Northwest Pampa. The Foundation also just recently contributed \$25,000 to Pampa's street improvement program to take care of various items of expense not covered in the recent bond issue.

The resolution was unanimously adopted after its introduction by Commissioner Clyde Garruth.

Two new members were appointed to the City Traffic Commission. Bill Tarpley and Areta Jones were named to fill vacancies left by the resignation of Jack Vaughn and Mrs. Jim Terrell.

A public hearing was closed on the re-zoning of S. Hobart from Oklahoma south to McCullough (See CITY, Page 3)

Lynda Bird Looking For Job, May Turn to Writing

WASHINGTON (UPI) — Lynda Bird Johnson, the President's older daughter, is a girl who's looking for something to do.

At present, she's weighing several job offers in the magazine field — McCall's and the National Geographic are mentioned, plus some of the slick fashion publications — but she hasn't yet made up her mind.

Lynda, 22, was graduated from the University of Texas last June with honors. She said at the time that leaving school "means losing a lot of security."

Wealthy in her own right, she had thought about returning to the university for a master's degree, but now she seems to be swerving away from that course. Writing is not new to her; last summer she turned out articles for both McCall's and the Geographic on her

combination archaeological dig and wilderness trip.

But, whatever she decides to do, her close associates say she does not want to remain in Washington.

Now that younger sister Luci is married and planning to live in Austin, Tex., Lynda will be called upon more and more to pinchhit at the White House and help her mother with the First Family's heavy social and official schedule.

But Lynda, like another presidential daughter before her, Margaret Truman, wants to have a life and career of her own.

She feels she has more freedom — from family duties and from public scrutiny — away from the White House. Over the past year, while living in Austin, she was able to slip away with movie actor George Hamilton's jet set crowd and, much to her surprise, she found she liked it.

Heart Patient Doing Nicely

HOUSTON (UPI) — A 37-year-old Mexican woman was reported "progressing satisfactorily" today with the aid of an artificial heart device installed by Dr. Michael DeBakey.

Mrs. Esperanza del Valle Vasquez underwent four-hour surgery Monday to become the third person in which one of DeBakey's artificial heart devices were implanted. The other patients died within days of their operation.

DeBakey's device allows a tired human heart to rest and to heal itself while a "left ventricular bypass" pumps blood.

Hospital officials tried to keep an air of secrecy about the surgery. Although they refused to identify the patient, doctors disclosed her name. Her address in Mexico was not disclosed.

Hospital administrator Ted Bowen would only say the operation was performed by "the same cardiovascular team."

Publicity about such surgery was sharply curtailed after segments of the medical profession criticized DeBakey following the operation on Marcel E. De Rudder, 65, of Westville, Ill. last spring.

Bowen said Mrs. Del Valle Vasquez had been seriously ill for many years, suffering from progressive heart failure resulting from rheumatic fever.

WEATHER

PAMPA AND VICINITY — Clear to partly cloudy through Wednesday with widely scattered thundershowers. High today and Wednesday near 90. Low tonight mid-60's. Southerly winds 15-25 m.p.h. and gusty. 10 per cent probability of rain this afternoon; 20 per cent tonight and Wednesday. Outlook for Thursday: partly cloudy with possible showers.

Sniper's Father Meets Policeman Who Shot Son

AUSTIN, Tex. (UPI) — Charles A. Whitman Jr., father of the University of Texas student who killed 16 persons in a sniper attack, met Monday with the policeman who killed his son. He embraced the officer.

"I have no animosity," Whitman tearfully told Ramiro Martinez, 29. "In fact I have respect for you for doing your job."

The elder Whitman said it was an "emotional meeting for both of us."

Martinez, another policeman and a deputized civilian shot young Whitman to death Aug. 1 after the 25-year-old ex-Marine had killed his wife and mother, then fatally wounded 14 more persons.

Karen Griffith, 17, of Austin, died in a hospital Monday, becoming the 16th victim.

Whitman's father went to the offices of Justices of the Peace Jerry Dellana and Frank McBee to pick up his son's personal property — including a piggy bank, an insurance policy, a diamond ring, a watch, a checkbook, an automobile and a wallet containing \$96.

Later, he arrived at the police station and Lt. George Phifer and Sgt. Bill Landes showed him around.

Whitman, a stocky, bespectacled, deeply tanned man, looked dazed.

He asked to see the guns his son used from the top of the 29-story University of Texas tower. Phifer unlocked the closet-like room where the three rifles, two pistols and a sawed-off shotgun were stored.

"This is some gun," Whitman said, fingering the 6.1 millimeter rifle his son used.

Finally, Phifer said, Whitman asked to meet Martinez who was out on patrol at the time.

When Martinez, returned officers introduced him to Whitman.

"I came to Texas to express my sympathies and regret to all concerned and to cooperate to the fullest with all law enforcement officers," Whitman said.

"I'm going to work like hell to try to forget," he said. "This is the only way."

If it comes from a hardware store we have it. Lewis Hdw. (Adv.)

SCENES LIKE this took place in many parts of the country over the weekend as Hiroshima Day marchers demonstrated on the anniversary of the atomic bombing of Hiroshima. These marchers, clad in masks and shrouds, paraded in Philadelphia. Violence broke out in several cities when pickets and anti-picket pickets clashed.

16-YEAR-OLD RAPED, STRANGLED

Friends Find Girl's Body

BURLESON, Tex. (UPI) — Friends of pretty Edna Louise Sullivan, 16, found her body late Monday night hidden in brush 12 miles from where her boyfriend and his cousin were shot to death.

The petite high-school sophomore had been raped and strangled.

Early today floodlights were placed in the area where her body was found. A Civil Defense mobile power plant was rushed in while members of the Fort Worth police department crime lab sought clues.

Edna lay face down by a fence a short distance from a normally deserted country road. Hundreds of persons, including members of her family milled around. Her mother and stepfather were kept some distance back from the scene.

The girl was barefoot. She was wearing a red-and-white sweater and blue pants. Her shoes had been found near Robert Brand's car Sunday. The 17-year-old youth was her boyfriend.

Brand and his cousin, Mark Dunning, 16, were found stuffed in the trunk of Brand's car. Both had been robbed and shot several times.

Roy Green, 18, a high school drop-out who probably had never been to Burleson before admitted raping the girl. He said his ex-convict buddy, Kenneth McDuff, 20, strangled her and shot the boys.

Green, much of Monday, led officers over bumpy back roads. He could only tell officers, "We left her inside the fence on a gravel road that ran into a paved road."

He and McDuff were arrested late Sunday and brought from

Franklin in Central Texas to Fort Worth, north of Burleson.

Green said McDuff fired six shots into the heads of the two youths and then raped the girl twice and forced him, at gunpoint, to rape her once.

Green said McDuff pressed a broom handle over the girl's throat to choke her and then used his hands to strangle her.

Green said they dressed the girl before throwing her over the fence.

Iwo Jima Survivor Dies Stopping Holdup

DALLAS (UPI) — Herman Nachman, 44, who survived Iwo Jima with the Marines, was Miracle Ford Company's top used car salesman last month. His friends knew him as a "scrappy little guy."

Nachman and James E. Cole, 52, and James Munsell, 36, were standing around when a bandit held up the Inwood National Bank Monday.

The gunman, wearing a rubber ape mask and sun glasses, pulled a big revolver and forced bank tellers to fill a shopping bag with money.

Minutes later, Nachman was shot to death.

But when teller Bill Farmer, 44, handed the bag back to the robber, it fell to the floor and burst.

When he demanded a cardboard box, Nachman grabbed a heavy ashtray and threw it at the bandit.

Nachman, Cole and Munsell charged the bandit.

The bandit finally worked his right arm free and shot Nachman.

The bandit fled into a residential area near the shopping center where the bank is located.

"I grabbed him from behind," Cole said. "But the man who was shot (Nachman) spun and fell against me. It broke my hold and we both went down on the floor."

Munsell, a cashier in the bank, grabbed the bandit as the fatal shot was fired.

"I thought he probably had a cap pistol," Munsell said. "He could have killed me easily."

Munsell chased the bandit out the back door.

Bank officials would not say

how much money was in the box the bandit dropped although it was "several thousand dollars."

Chasing the bandit along with Munsell were Charles Clymer, 21, a part-time teller; W. P. Wenning, 44, a bank vice president and Hal Holdeman, 17, a (See IWO JIMA, Page 3)

Newsman Get Heave-Ho

NASSAU, Bahamas (UPI) — Luci and Pat continued their honeymoon here today. Or did they?

Although it was presumed the celebrated newlyweds began their third day of married life at their oceanside villa today, it was a fact based only on what everyone was willing to take for granted.

The Nugents, guarded by a phalanx of close-mouthed men with a no-nonsense air about them, have not been seen since shortly after their arrival here Sunday.

Armed with cameras, tape recorders, sun hats and other tools of their trade, newsmen stalked the honeymooners all day Monday from a sun-baked road near their six-acre, palm-surrounded villa.

At one point Monday, one of the mysterious young men, suitably attired in a striped sports shirt and orange shorts, appeared before the sweltering throng and informed them coolly they were trespassing.

Afternoon Sessions Planned

WASHINGTON (UPI) — In spite of a reported "ceiling zero" atmosphere, Airline strike negotiators agreed today under congressional prodding to try again for settlement of their 33-day-old dispute.

Representatives of the five struck airlines and the International Association of Machinists (IAM) told the House Commerce Committee, considering strike-ending legislation, that they would meet again this afternoon.

Their promise to talk again followed a report from Labor Secretary W. Willard Wirtz that eight hours of trying Monday — the first face-to-face talks since the White House intervened — ended with a "ceiling zero, visibility zero" outlook.

The House committee is considering a Senate-passed bill to order the 35,400 strikers back to work for up to 180 days.

The chief airline negotiator, William J. Curtin, was the major witness called today. Describing the dispute as "a tragic impasse," Curtin urged approval of the Senate measure.

Curtin said the strike has brought "staggering costs of the parties and the public." He said servicemen were among those suffering and many had been "relegated to days of waiting in air terminals" seeking transportation during limited leave time.

P. L. (Roy) Siemiller, IAM president, told the committee "the very minute Congress tells the carriers it is not going to bail them out with legislation, they are going to come to the bargaining table with an offer the workers can accept."

The proposed legislation would order the machinists back to work for up to 180 days to service the planes of the five carriers involved — Trans World, National, United, Eastern, and Northwest.

Chances Light For More Rain

Southerly winds, ranging from 15 to 25 miles per hour and sometimes gusty, is predicted to go with the clear to partly cloudy skies in Pampa today and tonight.

Widely scattered thundershowers are more probable tonight with a 20 per cent chance over 10 per cent for this afternoon.

In spite of shower prospects, temperatures should range

HOURLY TEMPERATURES	
7 a.m.	63
8 a.m.	67
9 a.m.	71
10 a.m.	77
11 a.m.	81
12	85

near 90 today and Wednesday with lows in the mid-60's tonight.

Outlook for Thursday is more of the same: partly cloudy with possible showers.

A few showers fell along the lower and middle Texas coastal (See RAIN, Page 3)

U.S. Planes Fly Record 139 Missions Against Reds

GEN. MOSHE DAYAN, wearing eyepatch, former chief of staff of the Israeli army, fords a stream with an American Marine patrol near Da Nang. Gen. Dayan is covering the Vietnamese conflict for an Israeli newspaper.

SAIGON (UPI) — American pilots flew a record 139 missions Monday against Communist North Viet Nam, hitting military installations, fuel and supply depots and communication lines, U.S. spokesmen reported today.

Three planes were shot down. Spokesmen refused to disclose whether they were victims of missiles (SAMS) or conventional anti-aircraft fire. One pilot was rescued and helicopters also picked up an American airman downed in Sunday raids.

In the South, spokesmen said two Army helicopters went down Monday night while taking part in Operation Paul Revere, 11 miles southeast of the American bastion of Pleiku. They said both choppers crashed and burned, killing seven Americans and injuring one. Cause of the crashes were not known.

Communist ground fire also hit seven Marine helicopters in South Viet Nam's northern provinces Monday, killing one crewman and wounding seven.

Four of the choppers were slightly damaged and three "moderately," a spokesman said, but all managed to return to their bases.

U.S. Air Force and Marine pilots flew 449 sorties against Communist targets in the South Monday, destroying or damaging 338 Viet Cong structures and 18 sampans.

Ground action also picked up today in the South where an outnumbered U.S. Marine reconnaissance party held off an attacking North Vietnamese force for 12 hours until reinforcements arrived at dusk to chase the Reds back into the jungle. At least 44 Communists were killed in the action while U.S. casualties were described as "light."

The spokesmen said that U.S. Air Force, Navy and Marine planes struck 153 targets up and down North Viet Nam to surpass the month-old record of 121 missions in one day. A mission is one or more attacks by an undisclosed number of planes.

SW Bell Multi-Party Customers Get DDD

Multi-party telephone customers in Pampa will be able to dial their own long distance calls starting tomorrow, according to George Newberry, Southwestern Bell Telephone Co. manager in Pampa.

Newberry said multi-party line customers did not receive direct dialing service when it went into effect here a few years ago because "the billing machine couldn't recognize more than two different parties on the same telephone line."

Newberry said the problem has been overcome by the introduction here of what he termed "operator number identification."

Newberry said the new system will operate in this manner: "When a multi-party customer wants to dial an out-of-town call such as Riverside 7-5311 in Dallas he will first dial the digit '1' to alert the DDD machine, that he wants to make a long distance call. Next he will dial the area code of 214 plus the RI for Riverside and then 7-5311.

"Before the distant telephone begins to ring, the DDD machine will signal an operator that a multi-party customer is making a long distance call. The operator will then come on the line and ask the calling customer for his telephone number. She will then place the information in the DDD billing machine by pressing a number of keys located at her position at the switchboard. The machine will then record the information for billing purposes.

Newberry emphasized that the operator will leave the line immediately after obtaining the customer's telephone number. He said at that time the distant phone will begin to ring.

Newberry pointed out that on DDD calls from one and two party customers the information is obtained automatically by the DDD machine and therefore it is not necessary to use an operator on calls dialed by these customers.

City

(Continued From Page 1)

from residential to semi-commercial. An ordinance to authorize the re-zoning will be acted by the commission at the next regular meeting on Aug. 23.

City Manager Jim White told the commission that a preliminary copy of the city's 1966-67 budget will be ready for study next week. Mayor Jim Nation called an executive meeting of the commission for 5 p.m. next Tuesday to go over the budget as drawn by the city manager after a number of budget meetings with various city department heads.

Tuesday, Sept. 13, was set as a bid date for the purchase of a new city fire truck to replace a 20-year-old truck which City Manager White said had been condemned by the State Fire Insurance Board.

The commission authorized payment of \$7,368 to Ray Boswell Construction Co. for work on the N. Somerville and E. Harvester paving projects, and approved \$324.80 in engineering fees.

City bills amounting to \$24,859.59 and Lovett Memorial Library bills for \$706.52 were approved for payment.

Authorization was given to transfer \$50,000 from the Water & Sewer Fund to the city's General Fund.

A small building owned by the city near the S. Hobart underpass was rented to Cabot Corp. for \$30 a month.

CC Directors' Terms To Expire

Appointment of a nominating committee to select nominees to fill expiring terms of seven Pampa Chamber of Commerce directors will comprise a portion of the agenda for a 10 a.m. meeting planned Monday in the Chamber's conference rooms.

The nominating committee, to be appointed by Norman Henry, PCC president, will be comprised of five past presidents.

The committee will select 14 names to be placed on a ballot to be submitted to chamber membership.

Directors' terms expiring this year are those of Billy B. Davis, L. J. Edmondson, Gene Imel, Norman Henry, W. G. McComas, Wiley Reynolds, and W. A. Morgan.

Holdover directors are Charles B. Cook, Lee Fraser, Don Lane, E. E. Shelhamer, Luke McClelland, A. A. Schuneman, Jack Vaughn, Harold Barrett, D. W. Bond, Ray Duncan, R. F. Kuhn, Roy Sparkman, Arthur Teed and Ed Williams.

Other items to be discussed at Monday's meeting will be setting the date and the selection of a speaker for the annual fall meeting of the Pampa Chamber of Commerce.

Directors' terms expiring this year are those of Billy B. Davis, L. J. Edmondson, Gene Imel, Norman Henry, W. G. McComas, Wiley Reynolds, and W. A. Morgan.

Obituaries

Russell O. Gallia
Funeral services are pending for Russell O. Gallia of North Bend, Ore., a former Pampa resident.

M. Gallia died in his home in North Bend of an apparent heart attack.

Born Dec. 10, 1906, in Bowie, he came to Pampa in 1933 and resided here until 1944 at which time he moved to North Bend. During residence here and in North Bend, he was in the contracting business.

Survivors include two brothers, Joe of Pampa and Ed of Bowie; two daughters, Mrs. Don Milburn of North Bend; Mrs. Richard Scheibner of Bend, Ore.; and one sister, Mrs. Herman Edgenbacher of Knox City.

Mrs. Clara Beatrice McEldowney
Funeral services for Mrs. Clara Beatrice McEldowney, long-time resident of Miami, who died at 2 p.m. Sunday in an Abilene Hospital, will be at 2:30 p.m. tomorrow in Miami First Christian Church.

Rev. Thurman F. Boswell, pastor, will officiate, assisted by Rev. Clifford Parker, pastor of North Amarillo Christian Church. Burial, under direction of Carmichael-Whitley Funeral Directors, will be in Miami Cemetery by the side of her husband, James Lewis McEldowney, who preceded her in death on July 15, 1931.

Mrs. McEldowney was born Sept. 8, 1887, in Welton, Kan. Surviving are two daughters, Mrs. E. A. Bennett of Hereford and Mrs. James Thomas of Liberal, Kan.; one sister, Mrs. Daisy Steele of Wyaconda, Mo.; one brother Henry Found of Arbella, Mo.; and three grandchildren.

Alan Neil Pitts
Alan Neil Pitts, 14, son of Mr. and Mrs. Forrest B. Pitts, 2908 Rosewood, died yesterday morning in Northwest Texas Hospital, Amarillo, where he had been a patient the past six months.

Young Pitts underwent surgery for the removal of a malignant brain tumor in the Amarillo hospital last February.

Funeral services will be at 1:30 p.m. tomorrow in Carmichael-Whitley Colonial Chapel with Rev. Gene Segroves, pastor of Highland Christian Church officiating. Interment will be in Memory Gardens under direction of Carmichael-Whitley Funeral Home.

The youth was an eighth grade student at Robert E. Lee Junior High School. He was a member of the Dolphin Swim Club and Highland Christian Church.

Born Feb. 7, 1952, in Hutchinson, Kan., he came to Pampa with his parents in 1963.

Pallbearers will be Butch Wilkerson, Barry George, Scott George, Dewayne Utzman, Jim Cole, Jim Burnham, Rickey Low and Tom Davis.

Members of the Dolphin Swim Club will serve as honorary pallbearers.

Maude Elizabeth Ledgerwood
Mrs. Maude Elizabeth Ledgerwood, resident of Skellytown since 1928, died at 3:04 p.m. yesterday in Highland General Hospital following a lengthy illness.

Born Dec. 24, 1896, in Stephenville, she was married to John M. Ledgerwood on June 14, 1902. Mrs. Ledgerwood was affiliated with the Baptist Church.

Funeral services will be at 4 p.m. tomorrow in Skellytown Community Church with Rev. Weldon Thomas, pastor, officiating, assisted by Rev. Norris Almstead, pastor of Phillips First Baptist Church. Burial, under direction of Carmichael-Whitley Funeral Directors, will be in Fairview Cemetery by the side of her husband who preceded her in death on Feb. 24, 1955.

Survivors include three daughters, Mrs. Gladys Ketchum of Weatherford, Mrs. T. C. Cofor of Skellytown and Mrs. Lola Helms of Phillips; one son, W. C. Ledgerwood of Pampa, 11 grandchildren, 24 great-grandchildren and two great-great-grandchildren.

Annual Reunion To Take Up Most of Train

SPEARMAN (Spl) - When the family of Mrs. Homer Cluck, prominent rancher and farmer in the Grover-Spearman area, leaves for its family reunion at Newport Beach, Calif., tomorrow, it's got to be the largest mass movement of that devotion this summer.

Fifty-two sons, daughters, in-laws, grandchildren and great-grandchildren, led by Mrs. Cluck will occupy two special Pullman cars on the Santa Fe's San Francisco Chief, leaving Amarillo at 10:35 a.m. Wednesday.

According to Dr. D. E. Hackley of Spearman, a son-in-law who will act as escort for the group, it will be the first time the family has wandered so far from home. For the past seven years, Dr. Hackley said, the annual reunion has been held at Altus, Okla.

"This year we thought we'd go visit the other side of the family." He was referring to the "Davidsons" whose number attending the reunion will swell the total to more than 100.

The three-day sojourn in southern California will be crowded with festivities starting with a reception Thursday evening, followed by a dinner-dance harbor cruise, a major league baseball game, a visit to Disneyland and a trip to the races.

"It should be a lot of fun," Dr. Hackley said. "We've been working on the arrangements since last fall."

The group is scheduled to return to Amarillo aboard their special Pullmans at 6:20 p.m., Aug. 16.

Only three planets have no known satellites - Mercury, Pluto and Venus.

The quetzal, once the sacred bird of the Aztecs, is the national bird of Guatemala.

Pampa Barber's Charges To Be Heard Later

AUSTIN (UPI) - A spokesman for the state board of Barber Examiners stated today that charges against a Pampa barber will be heard after his new attorney has an opportunity to examine the case.

Marshall Johnson, who owns a barber shop on N. Hobart, was to answer charges in Austin that he was operating an unsanitary shop.

The spokesman stated that an Austin attorney, John Corrie, had been added to the case and he wished to study it before submitting to a hearing.

Postponement was not for a specific date. An announcement on a hearing date can be expected in a few days.

Fate of French Troops, Air Group Still in Doubt

PARIS (UPI)—The fate of 62,000 French troops and three tactical air force wings in Germany remains in the balance.

Talks in the North Atlantic Treaty Organization (NATO) council broke down in deadlock July 27. They won't be resumed until September.

But French officials are convinced the Germans want them to stay. They believe this will give them fresh leverage when the talks resume.

Regardless of present deadlocks, French officials are optimistic an agreement will be reached enabling them to stay.

On July 1 president Charles de Gaulle withdrew all his troops and air units in Germany from NATO command. That left them without real legal status—or, at least, so France's NATO partners contend.

When De Gaulle first served notice last March of his planned NATO pullout, he argued that the French forces were entitled to remain under agreements going back to 1954 towards the end of the Allied occupation.

The Germans rejected this. They said the 1954 agreements were a hangover from the occupation and that it would be intolerable for French troops in Germany in 1966 to have even a shadowy resemblance to an occupation force.

De Gaulle later appeared to abandon this harking back to the 1954 pacts. He agreed to negotiate new agreements. But he insisted this was really a matter between military commanders—that is Allied Supreme Commander Gen. Lyman L. Lemnitzer and French Chief of Staff Gen. Charles Ailleret.

The NATO "fourteen"—that is, all member countries except France—rejected this claim. They insisted on a political agreement, particularly on the role French forces in Germany would play in an emergency.

At the Brussels NATO foreign ministers' meeting June 7-8 it was agreed to turn the problem over to the NATO permanent council and that only after the council worked out a broad general agreement should it go to the military to hammer out the details.

But the council has failed to reach such a general agreement.

The crux is the role of French troops in an emergency. The 14 want it specified that in an emergency French forces in Germany would come under NATO command. But De Gaulle says this would mean, in effect, committing them in advance to fighting a NATO war he might not want to fight.

Middleman to Blame For Hike In Bread Prices Group Told

WASHINGTON (UPI)—An Agriculture Department official placed the major blame for rising bread prices today on the middleman rather than the farmer.

Undersecretary John A. Schnitker, leadoff witness at a House subcommittee hearing, said the bakers and distributors had contributed more to the price rise than the cost of wheat which goes to the grower.

Schnitker conceded that wheat prices have risen in the past three months. Farmers received \$1.74 per bushel in mid-July, compared to \$1.44 in May and \$1.32 in July, 1965, he said.

But he said it was clear that only a minor part of the recently reported 2 to 3 cent increase in the average cost of a loaf of bread can be attributed to the higher wheat prices.

The farmer's share of the average retail price of bread in 1965 was only 13 per cent, the lowest share of any important food product, Schnitker said. Last month, the farmer received 3.2 cents for the wheat

going into a loaf of bread, he said.

"It takes a price change in wheat of almost 70 cents per bushel to make a difference of 1 cent in the cost of wheat in a one-pound loaf of bread," the government official told the House group.

And while the average price of bread has risen every year except 1964, increasing more than 70 per cent since 1947-49, he said, farmers now receive about the same price for wheat.

Schnitker echoed the statements of Agriculture Secretary Orville Freeman who insists that the farmer is not at fault for the climbing food costs.

Pickup 3rd pgh: "Everybody along

"Everybody along the line seems to be taking a bigger bite than justified," Freeman said in a television interview (Today Show-NBC). He said a "great gap" has developed between farm prices and food costs over the past 20 years and that farmers now actually get less than they did in 1947.

While prices of many basic commodities have been going up, bread and milk prices have

caused the most recent alarm. Bread has risen about 3 cents a loaf in most parts of the country and milk is up 2 to 3 cents a quart.

Bakers and milk processors, who have been targets of many critics of higher costs, will testify Tuesday and Wednesday at the House hearings by a subcommittee headed by Rep. Graham Purcell, D-Tex.

While Freeman expressed concern about increased food prices, he vigorously opposed price controls. He said that "drastic" weapon should be used only as a last resort.

Vice President Hubert H. Humphrey, in a speech prepared for a farm belt audience in Missouri, said, like Freeman that farmers are not getting their fair share of the higher food prices.

The Senate Agricultural Committee, headed by Sen. Allen J. Ellender, D-La., has directed Agriculture Secretary Orville Freeman to make a study and submit a report to Congress.

Ellender said during the weekend that if prices continued to rise on bread and other staples he would favor a government-imposed price freeze.

"I would hesitate to do it, but I would rather have prices frozen than to find our country in an inflationary position where we couldn't stop the runaway," he said.

The Federal Trade Commission (FTC) already is embarked on an investigation, seeking an answer to the question of why food costs have doubled in some cases when there has been only a "moderate rise" in prices farmers have received.

Republicans have been quick to jump on the food cost issue as a potent election-year factor both in the cities and the farm areas.

No matter where the blame lies, there is no disputing that food—basic items not the luxury—is taking a bigger bite out of the American family budget.

Cheapest car of all time was the Ford Model T, which could be bought for \$295 in 1923.

Television in Review

By ROBERT MUSEL
United Press International
NEW YORK (UPI) — Joan Bennett was a star in the great days of Hollywood when the journey to the studio was a leisurely limousine ride from a mansion to a dressing room the size of a luxury hotel suite.

There were flowers from the producer, the support of a small army of aides from secretaries to dialogue coaches and, if one cared for that sort of thing, a caviar and champagne lunch with such co-stars as John Barrymore, Spencer Tracy, Ronald Coleman or Gregory Peck.

That was the Hollywood one would not blame Miss Bennett for recalling wistfully as she toils away the long hours in a studio on a dingy street in Manhattan in ABC-TV's daytime serial, "Dark Shadows." She is one of its most important featured players.

The economics of the world of the daytime serial permit no cossetting. It is hard work. And Miss Bennett, still slim and elegant, was discovered in a tiny dressing room just off the ingenious set of what ABC calls "the first television program styled in the tradition of the gothic novel."

"Let's find some place that's air-conditioned," she said.

Later, in one of the booth's in which sponsor's watch the programs, she talked with considerable good humor about her involvement in "Dark Shadows" and the tough schedule which, being a good trouper, she is learning to live with.

"It was frantic at first," she said, with a smile that smoothed the years. "I was really desperate the first few weeks. I thought I'd die. I was fighting with my agent for getting me into all this. But now it's simmered down."

In "Dark Shadows" Miss Bennett (the eighth generation of one of our most famous acting families) plays Elizabeth Stoddard Collins, mistress of the great stone mansion at the center of much of the mystery and menace of the program.

"One day's work in this role

is about the equal of three days work in Hollywood," she said. "Listen to this schedule: We arrive at 8:30 a.m. And we go to lunch—lunch, mind you—at 10:30 a.m. Mine is usually a container of soup from a vending machine. We report back at the set at 11:30 a.m.

"Then we start taping the show. And as soon as we finish the taping we start rehearsing for the next day's episode! In order to keep the whole week from being frantic I have to study the script three hours on Saturday and three hours on Sunday. That leaves no time for a social life and I'm lucky if I can squeeze in a play or a movie or a dinner date."

Miss Bennett said she had seen herself only twice in the show and thought she looked "ghastly" because the overhead television lighting made her appear as though she had no mouth. The lighting has since been adjusted. She finds it hard to accustom herself to the constant repetition of daytime scripts.

"But you have to say the same thing over and over again," she explained, "because you have to take into consideration new viewers trying to catch up with the story."

Miss Bennett spent a silent moment looking back over her long and distinguished career to see if there was anything she wanted mentioned.

"I could kick myself," she said, with feeling, "for not buying real estate in Hollywood all those years ago."

Foreign News Commentary

By WALTER LOGAN
United Press International
The foreign news outlook:
De Gaulle Ruse:
There is speculation among officials in Paris that President Charles de Gaulle might revive the idea of a Geneva conference on Cambodia as a ruse to get both sides in the Viet Nam War to the peace table. The idea was kicked around 18 months ago but came to nothing because Communist China opposed it. De Gaulle, it is speculated, might revive it during his three-day state visit to Cambodia at the end of this month.

Huk Friends:
If a current Philippine congressional inquiry is successful, the government should be able to identify soon local officials who are either Communist-Huks or Huk collaborators. It is an open secret in Manila that town and village officials in central Luzon have been openly fraternizing with the Huks, partly out of fear but mostly out of a desire to hang on to their influential positions through a live and let-live deal with the dissidents.

August Lull:
Barring unforeseen developments a period of doldrums is expected in Moscow during August. Top Soviet leaders are to head southward for their annual vacations on the Black Sea coast. But as usual it will be a combination of work and play with a good part of the Kremlin apparatus moving to the Yalta-Sochia areas. It is customary for foreign Communist leaders to spend a few weeks this time of the year in those resorts and have private, unpublicized talks with Soviet rulers. Italian party chief Luigi Longo already has arrived.

Bumper Crop:
With harvesting already completed in the southernmost areas of the Soviet Union and proceeding at a stepped-up tempo elsewhere, reliable reports indicate a bumper crop. The enormous wheat orders in Canada—\$800 million over the next three years—are to be used chiefly for re-export and building up Soviet reserves.

Queen's Suite:
Persistent but unconfirmed rumors in Paris say President Charles de Gaulle would like to invite Queen Elizabeth II of Britain for a state visit to France to inaugurate the newly refurbished apartments in the Grand Trianon Palace at Versailles. Officials deny knowledge of such plans but workers at the palace even have named one suite of apartments, "The Queen's Suite."

NATO Move:
Gen. Lyman L. Lemnitzer, the Allied supreme commander in Europe, is expected to make recommendations to the NATO Council in the near future for a new supreme allied headquarters (SHAPE) in Belgium. It is hoped at least to start the move by April 1, 1967, the deadline set by President Charles de Gaulle for Allied troops and bases to get out of France.

DEPUTIES SIGHT OBJECTS
CONROE, Tex. (UPI) — Montgomery County sheriff's deputies and Conroe police early Sunday sighted several objects which they called "big, square, bright things. They said the objects appeared to be moving and then would hover.

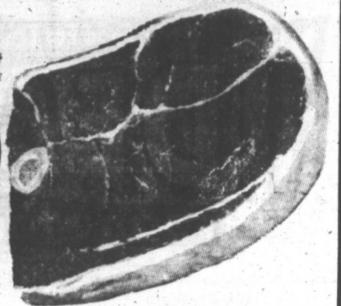

George Washington grew rye at Mount Vernon especially for distilling.

Business Highlights

By United Press International
WASHINGTON — Presidential adviser Gardner Ackley has called the recent flat steel price rise and the stalemate in the airline machinists' strike "stunning defeats" for President Johnson's inflation campaign. Ackley didn't forecast what the President will do about it but he left the distinct impression that the White House will take steps quickly.

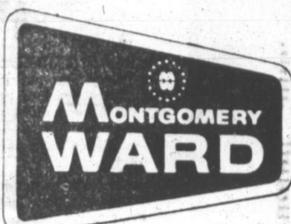

ST. JOHNS, Newfoundland — Premier John Smallwood has announced that a newly formed subsidiary of Newfoundland & Labrador Corp. will spend \$120 million to build a cellulose chipping mill and a linerboard in the province.

WASHINGTON — Phillips Petroleum Corp. and National Distillers have agreed to dissolve their joint venture in the polyolefin plastics business, the Federal Trade Commission announced. The FTC has criticized the venture as being in restraint of trade.

NEW YORK — A decline in mutual fund sales this summer has the industry somewhat concerned. Sales in June and July fell below the previous year's pace for the first time in three years. The general decline in the stock market is being blamed.

AMERICAN WINNERS
TURKU, Finland (UPI) — John Pennell won the pole vault and Bill Toomey the 400 meters Sunday in an international track meet. Pennell vaulted 16-9 while Toomey, a decathlon star, was clocked in 46.8 seconds. Another American, Ron Morris, finished second in the pole vault at 16-4.

RACER KILLER
ENNA, Sicily (UPI) — The City of Enna sports car race Sunday claimed the life of Italy's Franco Luc Dico. The event, won by Italian Marcellio Panetti in a Ferrari Dino, was marred when Luc Dico's Alfa Romeo veered out of control on the sixth lap and rolled end-over-end five times.

50TH YEAR

Dear Abby....

Don't Guess and Always Be 100 Percent Right

DEAR ABBY: You advised a woman not to worry because her husband was seen riding down the main street with another woman in broad daylight. Your reasoning: "A man who is playing games with another woman is not about to parade her around in broad daylight."

Boy, are you ever dumb! People have been getting away with murder on that theory for years.

When I see a married man with a chick who is not his wife—unless she is his sister, I guess the worst. And 99 per cent of the time I'll be right.

makes sure his ship is in first class condition before he takes off. And he never takes chances in bad weather.

Problems: Write to Abby, Box 69700, Los Angeles, Calif., 90069. For a personal reply, enclose a stamped, self-addressed envelope.

Hate to write letters! Send \$1 to Abby, Box 69700, Los Angeles, Calif., 90069 for Abby's booklet, "How to Write Letters for All Occasions."

Astrological Forecast

By CARROLL RIGHTER

FOR WEDNESDAY, AUGUST 10
GENERAL TENDENCIES: The day seems to start off for those who are up very early but the tide and current of events changes quite rapidly and you find that world conditions seem to have a rather sinister influence which can be reduced in your own life so that a steady state is what you want in the end.

ARIES (Mar. 21 to Apr. 19)—You are feeling fussy and want to run hither and yon but it is best to first clear up all small matters that are pending. Your patience is to be quite determined. Avoid temptations to go off on tangents.

Taurus (Apr. 20 to May 20)—Find a greater benefit and increase in luck. Avoid that gives you a feeling you are succeeding. Stay in the office or at work. Stay along orthodox lines. Be happy.

GEMINI (May 21 to June 21)—Although you may feel that it is better to first see things in their perspective, be complete what you want, be wise.

LEO (July 22 to Aug. 21)—You can get confused trying to please both friends and business allies if you do not plan your time and activities early. Attend social matters. These may be very exciting matters. These may not be very exciting, but they will be to your welfare.

VIRGO (Aug. 22 to Sept. 22)—You are, however, or higher up will certainly help you. Avoid losing respect and esteem of others. (Sept. 23 to Oct. 23)—That new outfit looks even more promising at this time, but you must prepare more than usually before getting into operations. Results will be better. Complete work promised before going out of town.

SCORPIO (Oct. 23 to Nov. 21)—While you may wish to consult with one you think is an authority. It is better to go to a good friend for any favors you need. Complete important duties, the dull so-called "household" type of things.

SAGITTARIUS (Nov. 22 to Dec. 21)—Realizing that the planets may not be favorable will best explain why you find a mood of friction when dealing with others. Stop being resentful toward others. Patience see you winning in long run.

CAPRICORN (Dec. 22 to Jan. 20)—Keep busy at your work and postpone seeing that individual who drives you like a mad dog. Give support to those individuals who have by your side. More thought to plan, and your "welfare" is vital tonight.

AQUARIUS (Jan. 21 to Feb. 19)—You can get into new interests provided you do not haggle about finances and are interested more in the accomplishment. Adding to assets becomes quite easy. Collections can be made later, too.

PISCES (Feb. 20 to Mar. 20)—Trouble between kin and one in the outside world is possible if you bring them together, since neither know all the facts. Come to some agreement orally. This is not the day to sign anything.

IF YOUR CHILD IS BORN TODAY...
You are a "fool." Be an "idiot" and "idiot" working at something or other that you are afraid nothing is being completed, but this is not the case. Teach early to never look his or her word. Do. A wonderful future here in whatever is a combination of selling and working with the hand. Earning early in life and increasing methods, early and in quite considerable leaps and bounds.

The diamond, symbol of love, is worn on the fourth finger of the left hand because it was once believed that the "vena amoris," or vein of love, ran from this finger directly to the heart. The English Prayer Book of 1549 specified that the marriage ring also be placed on the left hand.

AUGUST BIRTHDAY HONOREES — Honored for having birthdays in August at last Thursday afternoon's meeting of Senior Citizens Center were, front row left to right, Mrs. Myrtle Kidwell, Mrs. Stella Wagner and Mrs. Cora Lawrence; back row, left to right, S. A. Barnard, J. E. Adair and C. W. Lawrence. Altrusa Club of Pampa sponsors the Center in cooperation with other women's organization each week in Lovett Memorial Library. The sponsoring group honors those having birthdays each month with a gift.

Senior Center Corner

By MRS. O. A. WAGNER

Hello folks! Arrived home the first of the week from my trip to Canada for a visit with my son, Errol R. Wagner and wife at White Court, Alberta, Canada. Was surprised to find the plane was not nearly full. Found the weather up there very cool; wore a sweater most of the time, and it rained almost every day. Canada is beautiful in the summer. The new addition where they live is located on a hill among the pines. We went out just beyond the back yard and picked wild strawberries. The blueberries were not ripe yet, and grow on a small bush close to the ground.

Stopped over in Denver to visit an old friend, Mrs. Zebe Simpson, former Pampa resident, and in Casper, Wyo., where I was a guest of former day friends in Midwest and Casper. Attended a picnic of the retired men and their wives of the old Midwest, Standard and Pan American Oil Companies and enjoyed a reunion with old friends which I had not seen since coming to Pampa 32 years ago.

Want to thank Mrs. C. G. Miller for the wonderful job she did with this column while I was absent.

Mrs. P. H. Gates was back with us after a three month absence visiting with her sisters in Raleigh, N. C. S. E. Barnard was back, and looks well after his stay in an Amarillo hospital a while back. A new member was added while I was away, Mrs. Gertie Shaw, who has retired from the business world.

Mrs. George Smith of Houston and three sons of Africa visited their mother-in-law and grandmother, Mrs. Lula Bell Smith, last week.

Mrs. Linnie Chandler visited Mrs. Stella Purcell in Bovina last weekend.

SM-Sgt. and Mrs. Robert D. Smith and daughters, Robin and Tina, have returned home after visiting in the home of his mother, Mrs. E. B. Smith and sister-Corinne Bell. Sgt. Smith is stationed at Langley AIF Force, Va.

Was good to see Jack Lasher, custodian at the library, back and looking well.

A house guest of Mrs. Lona Webster last week was her son and wife, Mr. and Mrs. P. Webster.

Mr. and Mrs. Marvin Bowman and family have been visiting Mrs. Bowman's mother, Mrs. Elma Bailey. The Bownmans are moving back to Pampa after living five years in Amarillo and will be teaching in the Pampa school system this fall.

Mr. and Mrs. Frank Henry Cullum from Richardson visited last week with his parents, Mr. and Mrs. Fred Cullum. Also visited his sister and husband, the B. Mitchells.

Mrs. Henry Atchison, Jimmy and Art of Dallas, visited last week with their grandparents, Mr. and Mrs. Fred Cullum.

Mr. and Mrs. Robert Baister and son George from McDonald, Kans., visited in the B. Mitchell and Fred Cullum homes over the weekend. The Baisters are grandparents of the Atchison children.

Mrs. D. H. Porter and daughter Ruth of Shamrock visited their mother and grandmother, Mrs. G. C. Miller and son Bill Wednesday.

Mrs. Bill Runyon underwent surgery Tuesday at Worley Hospital and is doing nicely. Mrs. Runyon is the daughter of Mr. and Mrs. Jay Evans.

Mrs. R. E. Warren, G. C. Stark and C. G. Miller visited Mrs. Lillian Brunelle, Bessie Fields, Mary Harris and Bernard Carter and Mr. E. F. Young recently at Pampa Convalescent Home.

Miss Gay Lynn Arndt of Odessa, arrived Tuesday for a few days visit with her grandmother, Mrs. E. E. Garland and many other old friends.

Mrs. E. E. Garland will leave Friday for Odessa to spend two weeks with her son-in-law and daughter, Mr. and Mrs. Jim Arndt, and daughters Gay Lynn and Janis.

The Altrusa Club of Pampa was hostess group at the Center Thursday for the regular monthly birthday meeting. Those present having birthdays in August were Mmes. Cora Lawrence, O. A. Wagner, J. V. Kidwell and Messrs. S. E. Barnard, J. E. Adair and C. W. Lawrence. Each received a nice gift from the club, and their pictures were taken to appear in the Pampa Daily News.

Cake, ice cream and coffee was served to 65 Seniors by Mmes. Lena Pearl Hobbs, chairman, Louise Sewell, Mabel Hukill and Lillian Snow. Gray Ladies helped with the serving and furnished transportation for those needing assistance. Mrs. Ann Kay furnished the table centerpiece and Mrs. Emily Coston provided the birthday cake. Center members extend sympathy to Mrs. Mollie Hethcock and sons on the loss of her daughter, Mrs. Berta Osborn of Wichita Falls who was buried Friday in Fairview Cemetery.

Ruth Millett

Some Sound Advice Given for Husbands

By RUTH MILLETT
Newspaper Enterprise Assn.

Women's magazines are forever telling women how to help their husbands get ahead. There have even been books written on the subject.

But nobody seems to think husbands need any hints on how to help their wives get ahead as home-makers. Judging from my mail, husbands could use a little advice on the subject—whether or not they can be counted on to take it. So here it is:

Nothing is so discouraging to a housekeeper as a disorganized, messy man who clutters up the house faster than she can straighten it. So if you want to lighten your wife's load, have a place for all of your belongings—and keep them there.

Few women enjoy the side of housekeeping that is routine drudgery, such as dish-washing, bed-making, scrubbing, ironing and so on. The satisfaction in the job comes from its creative side. So

show some enthusiasm when your wife proudly shows you the sofa she slip-covered herself or the curtains she made or the sweater she knitted. (She needs that as much as you need her approval for a promotion or a raise.)

Keep an eye out for the small repairs that need to be made around the house and do them promptly and cheerfully. If you don't do them promptly your wife will have to nag you into doing them and no housewife really wants to feel like a nag.

And if you can't do a simple job without losing your temper your wife will dread having you fix anything.

Make meal planning and cooking a pleasure for your wife by complimenting the food she serves you—and being considerate enough to come to the table when a meal is ready.

If you work a five-day week and your wife works a seven-day week (as most housewives do) pitch in and help on your days off so that those days won't be even harder for her than the other five.

Center members extend sympathy to Mrs. Mollie Hethcock and sons on the loss of her daughter, Mrs. Berta Osborn of Wichita Falls who was buried Friday in Fairview Cemetery.

Raiders Sign Two Holdouts

SANTA ROSA (UPI) — They reported to camp shortly after training opened but staged a walkout when they failed to reach a satisfactory contract settlement. For that, the Raiders suspended the pair on July 30.

Terms of the new contract were not disclosed but both are believed to have received hefty raises.

The two men were the main cogs in the Oakland offensive machinery last season, accounting for 24 of the team's 35 touchdowns. They finished first and second in pass receptions with Powell snagging 52 aeriels for 800 yards and Daniels 36 for 568 yards.

Daniels was the team's leading rusher, picking up 284 yards in 219 attempts.

Two Pro Soccer US Groups Merge

NEW YORK (UPI) — Soccer, the most popular sport throughout the world, got a boost in the United States Monday when two professional groups merged to form a league in nine cities.

The merger, announced by acting President Robert Hermann of St. Louis, incorporated the two groups into the National Professional Soccer League, which will be in operation next year.

Participating cities include St. Louis, New York, Boston, Chicago, Atlanta, Los Angeles, Toronto, San Diego and Hartford, Conn. In its next meeting, the league will act on franchise applications from Philadelphia, Detroit, Cleveland and San Francisco.

The league already has started making plans for next year. A delegation has been sent to Europe to negotiate with coaches and players; a commissioner of "National prominence" is being sought and the league is looking for stadiums.

Although the league is starting operations independent of the U.S. Soccer Football Association, which is affiliated with the world governing body of Football Association (FIFA), it hopes to work in the future with the USSFA.

Services Today For Wrestler

TULSA, Okla. (UPI) — Private funeral services were scheduled today for Ed (Strangler) Lewis, 76, former holder of the world's heavyweight wrestling title.

Lewis died Sunday at a Muskogee, Okla., hospital after a brief illness. His real name was Robert H. Friedrich.

Lewis gained wrestling fame in the 1920s, when professional wrestling was a test of endurance and strength—not showmanship. Crucial matches often lasted hours before one man could gain an advantage.

Friends said Lewis earned about \$3 million during his 44-year mat career. He lost only 33 of 6,200 matches, and was champion from 1920-32.

Lewis became devoutly religious when he temporarily lost his eyesight because of tachoma during the height of his wrestling career. Later, he never failed to credit the return of his vision to Divine intervention. He again lost his eyesight 40 years later.

Par Round Gives Fresno Gal Lead

SEWICKLEY, Pa. (UPI) — With all the canard that only a 17-year-old can possess, Shelley Hamlin allowed how she had played a good round but admitted she had done better.

Miss Hamlin, a high school junior from Fresno, Calif., won the hearts of the gallery Monday when she carded an even par 73 to lead the field of qualifiers for the 66th U.S. Women's Amateur golf championship.

The original cast of 113 will be cut to the 32 low scorers after today's 18 holes for five rounds of match play ending with a 36-hole test Saturday between the two survivors. The cutoff score is expected to be 162.

Miss Hamlin, a vivacious brunette who began playing golf four years ago, carded nines of 37 and 36 over the 6,130-yard par 73 Sewickley Heights Golf Club for a one-stroke lead over Mrs. Carol Sorenson Flenniken of Denver, Colo., American junior girls and British Women's Amateur champion. Mrs. Flenniken was even par after 16 holes but had a double bogey 7 on 17. She rallied for a bird on 18 and finished with a 35-30.

Mrs. J. Douglas Streit of Willowdale, Ont., former American, British and Canadian champion, was two strokes off the pace with a 75.

Another stroke back were Mrs. Judy Street of Chattanooga, seven-time Tennessee state champ, and Roberta Albers of Tampa, Fla., Trans-Mississippi and intercollegiate champion.

Barbara McIntire of Colorado Springs, Colo., who won this event in 1959 and 1964, was tied at 77 with Mrs. Barbara White Boddie of Shreveport, La.

Mahan Closing In on Oliver

DENVER (UPI) — If three-time All-Around Cowboy Champion Dean Oliver wants to keep his title this year, he will have to weather a rush by Larry Mahan, 22, of Brooks, Ore., who has won \$8,900 since mid-July.

Mahan, who competes in saddle bronc, bareback bronc and bull riding, has won \$22,077 so far this season to \$23,983 for the veteran Oliver, with rodeo's busiest weeks ahead, the Rodeo Cowboys Association reported Monday.

In individual events, the leaders are Marty Wood of Bonanza, Alta., in saddle bronc; Paul Mayo of Grinnell, Iowa, in bareback bronc; Bob Wegner of Auburn, Wash., in bull riding; Oliver of Boise, Idaho, in calf roping; and Jack Roddy of San Jose, Calif., in steer wrestling.

The leaders: All-Around—1, Oliver, \$23,983; 2, Mahan, \$22,077; 3, Mayo, \$20,510.

Saddle bronc—1, Wood, \$13,374; 2, Bill Smith, Cody, Wyo., \$11,647; 3, Winston Bruce, Cochran, Alta., \$10,307.

Bareback bronc—1, Mayo, \$17,226; 2, Jim Houston, Omaha, Neb., \$12,057; 3, John Edwards, Cheyenne, Wyo., \$11,672.

Bull riding—1, Wegner, \$12,585; 2, Ron Rossen, Broadus, Mont., \$11,803; 3, Freckles Brown, Soper, Okla., \$11,511.

Sonics Lose Ground in TL

By United Press International

Arkansas Travelers gained another half-game in their Texas League lead Monday night without even taking the field.

The Travs were rained out in their scheduled game with Dallas - Fort Worth in Little Rock but their pursuers, Amarillo's Sonics, lost to Albuquerque, 7-2.

In other action El Paso edged Austin 5-4.

Willie Crawford of the Dodgers and J. C. Hartman of Amarillo both slugged homers with the bases empty and both in the first inning.

Par Round Gives Fresno Gal Lead

SEWICKLEY, Pa. (UPI) — With all the canard that only a 17-year-old can possess, Shelley Hamlin allowed how she had played a good round but admitted she had done better.

Miss Hamlin, a high school junior from Fresno, Calif., won the hearts of the gallery Monday when she carded an even par 73 to lead the field of qualifiers for the 66th U.S. Women's Amateur golf championship.

The original cast of 113 will be cut to the 32 low scorers after today's 18 holes for five rounds of match play ending with a 36-hole test Saturday between the two survivors. The cutoff score is expected to be 162.

Miss Hamlin, a vivacious brunette who began playing golf four years ago, carded nines of 37 and 36 over the 6,130-yard par 73 Sewickley Heights Golf Club for a one-stroke lead over Mrs. Carol Sorenson Flenniken of Denver, Colo., American junior girls and British Women's Amateur champion. Mrs. Flenniken was even par after 16 holes but had a double bogey 7 on 17. She rallied for a bird on 18 and finished with a 35-30.

Mrs. J. Douglas Streit of Willowdale, Ont., former American, British and Canadian champion, was two strokes off the pace with a 75.

Another stroke back were Mrs. Judy Street of Chattanooga, seven-time Tennessee state champ, and Roberta Albers of Tampa, Fla., Trans-Mississippi and intercollegiate champion.

Barbara McIntire of Colorado Springs, Colo., who won this event in 1959 and 1964, was tied at 77 with Mrs. Barbara White Boddie of Shreveport, La.

Services Today For Wrestler

TULSA, Okla. (UPI) — Private funeral services were scheduled today for Ed (Strangler) Lewis, 76, former holder of the world's heavyweight wrestling title.

Lewis died Sunday at a Muskogee, Okla., hospital after a brief illness. His real name was Robert H. Friedrich.

Lewis gained wrestling fame in the 1920s, when professional wrestling was a test of endurance and strength—not showmanship. Crucial matches often lasted hours before one man could gain an advantage.

Friends said Lewis earned about \$3 million during his 44-year mat career. He lost only 33 of 6,200 matches, and was champion from 1920-32.

Lewis became devoutly religious when he temporarily lost his eyesight because of tachoma during the height of his wrestling career. Later, he never failed to credit the return of his vision to Divine intervention. He again lost his eyesight 40 years later.

Idle Buc's Sneak Past Dodgers, SF To National Lead

By United Press International

Playing baseball is easier than making big speeches for Dennis Menke, so he let's his bat do the talking in front of important people—like pennant contenders.

Menke saves his most eloquent addresses for the league-leaders and has been delivering it in the final inning to win the game for Atlanta.

The Braves' second baseman, a four-year National League veteran who signed a reported \$120,000 bonus contract in 1958, personally knocked San Francisco out of first place two weeks ago with clutch hits.

Against the Giants on July 29, Menke rified a two-out, run-scoring single in the ninth inning to give the Braves a 7-6 triumph and followed that performance a day later with an 11th-inning run-producing single to povide Atlanta with a 6-5 victory over San Francisco.

Dodgers Drop Back

Continuing his assault on the No. 1 team, Menke bounced Los Angeles off their one-day perch atop the standings by singing home pinch runner Gary Geiger Monday night to snap a 9-9 tie with two out in the ninth Monday night to snap a 9-9 tie and send the Braves to a 10-9 victory over the Dodgers.

"The big leagues are tough," Menke once said. "But having to make important talks is tougher."

Menke only lacks confidence in the speech department. As a major leaguer, he is sure he has arrived and will stay for a long, long time.

"I think I'll play up here for ten or 15 years," the 26-year-old Iowan said. "I think I belong here. Someday I'm going to win the batting title."

Other NL Results

Elsewhere, San Francisco whipped Cincinnati 7-5 after losing the first game of a doubleheader 10-6.

In the American League, Detroit shaded Washington 5-3 in 12 innings, Kansas City stopped Minnesota 6-1 and Boston beat Cleveland 3-1.

The Dodgers' loss enabled Pittsburgh to regain first place by four percentage points over both San Francisco and Los Angeles. Although the Dodgers and Giants have the same percentage (.578), Los Angeles trails the Pirates by one-half game.

The Braves and Dodgers were tied 6-6 going into the ninth. But Los Angeles erupted for three runs and had its top reliever—Phil Regan—in to protect the lead.

Pinch hitter Ty Cline ignited the rally with a single, went to third on an error by leftfielder Lou Johnson and scored on Mack Jones' single. Consecutive singles by Felipe Alou, Joe Torre and Rico Carly tied the game and Menke followed by his game-winning blow.

Ron Fairly slamed two homers and Jim Lefebvre one for the Dodgers, while Jones connected for the Braves.

Willie McCovey collected four hits in the nightcap including his 23rd home run of the season for the Giants. McCovey's clout broke a 5-5 tie in the seventh and handed Jack Baldschun his fifth loss in six decisions.

The Giants exploded for four runs in the first inning off Cincinnati starter Sammy Ellis on five straight singles and a walk—with two out. Tom Haler accounted for two of San Francisco's 12 hits and Lindy McDaniel gained the victory, his seven against four losses.

In the opener, the Reds scored five runs in the fifth inning, three coming home on Leo Cardenas' 14th homer of the campaign. Tony Perez drove in three Cincinnati runs with a homer and a single and Deron Johnson collected three hits.

Willie Mays, McCovey, Len Gabrielson and Jim Ray Hart homered for the Giants and Tommy Helms also connected for Cincinnati. Jim Maoney, working the first five innings, raised his record to 12-4.

GIANTS CUT THREE

FAIRFIELD, Conn. (UPI) — Three tackles, Lucian Venezuela of C. W. Post College, Bob Meeke of Notre Dame and Dick Herring of Drake, were dropped from the New York Giants' roster Monday, cutting the squad to 50 players.

Athletics Rookie Hurler Puts A's in Tie for 6th

By United Press International

For big Jim Nash the hardest part about pitching in the major leagues is living down his nickname.

It isn't often that a 21-year-old rookie can continually turn the bats of big leaguers to stone, particularly if he pitches for the nondescript Kansas City Athletics.

But Nash has proven himself a master of the mound in the five weeks since he was brought up from the minors, and he feels he'll continue along his winning ways as long as he keep in mind his nickname—Cabeza Grande (Big Head).

The monicker was tagged on Nash by a Venezuelan attempter in deference to his large hat size, but it has a double meaning to the 6-foot-5, 225-pound hurler.

"I try never to think about records, how many hits I've given up or other things like my ERA when I'm on the mound," Nash said Monday night after turning back the Minnesota Twins 6-0 for his sixth straight victory.

"If I get to thinking about these things, or how well I'm doing, I just go to hell."

A look at Nash's credentials would inflate his hat size even further. Since he was brought up from Mobile July 1, he has yielded only 42 hits in 50 innings, with an earned run average of 2.40. Nash has struck out 49 batters in compiling his 6-0 record.

In other American League

games, the Detroit Tigers beat the Washington Senators 5-3 in 12 innings and the Boston Red Sox tripped the Cleveland Indians 3-1.

In the National League, Atlanta nipped Los Angeles 10-9 and the San Francisco Giants split a doubleheader with Cincinnati, dropping the first game 10-6 but taking the nightcap 7-5.

Kansas City provided Nash with all the runs he needed by scoring three times in the second inning. Dick Green singled, Ed Charles tripled, Joe Nassek-doubled and Nash, who has been taking hitting lessons

from coach Al Vincent, drove in the third run with a single. Oliva hits triple.

Nash lost his shutout in the sixth on a triple by Tony Oliva—whom he praises as "one of the greatest hitters in the game's history"—and a single by Russ Nixon.

The impact of Nash's latest victory had team officials trying to recall if any other A's pitcher ever had won six in a row since the franchise was moved to Kansas City in 1955.

Willie Horton drove home the winning runs for Detroit with a singled, Ed Charles tripled, Joe Nassek-doubled and Nash, who has been taking hitting lessons

TO GET AWARD

PITTSBURGH (UPI) — Pittsburgh outfielder Roberto Clemente will be presented the Silver Bat Award, symbolic of the National League batting championship, by Warren Giles, league president, in ceremonies prior to tonight's game against New York.

Clemente led the league with a .329 batting average in 1965.

BACK IN THE BIG LEAGUES

Terry Glad To Be With Mets, He Thinks

NEW YORK (UPI) — Ralph Terry barely set foot in the Mets' dugout for the first time when a sudden roar nearly broke one of his ear drums.

Terry stopped dead still in his tracks. He knew the ovation from the 49,137 at Shea Stadium wasn't meant for him.

They don't greet a pitcher like that coming from Kansas City. Not when he has a 1-5 record anyway.

The roar Terry heard was for Met left fielder Ron Swoboda, who had just made a spectacular back-hand catch of a line drive during the nightcap of a doubleheader with the Cardinals last Sunday.

"It was one of the best catches I saw all year," Terry said later.

"And the size of the crowd! It was the most people I ever saw this year by far. Nothing even close."

Terry won 23 games for the Yankees in 1962 plus two more in the World Series that enabled them to beat the Giants for the world championship. He was on top of the world at the time, but it has been mostly downhill since with brief stopovers at Cleveland and Kansas City.

He was happy when KC General Manager Ed Lopat notified him he had been sold to the Mets last Saturday.

Terry wasn't even upset that he had to leave Kansas City, 7 o'clock Sunday morning and change planes at Memphis and New Orleans to get to New York.

Nor did he mind being assigned No. 38, Dave Eilers' old uniform, when he finally arrived at Shea Stadium during the doubleheader.

"It's good to be back in the big leagues," he laughed, unmindful of the fact he had just left one eighth place club to join another one.

"I wasn't getting much work where I was, they tell me I'll get plenty here."

Terry sat on the bench only a few moments after reporting, then was instructed to go down to the bullpen because you never can tell with the Mets. A new pitcher can report to them at 3 o'clock and become a veteran by 4.

When the doubleheader with the Cardinals was over, Terry trudged back to the clubhouse with the rest of the bullpen crew. A photographer said he wanted a picture of Terry,

Manager Wes Westrum and Coach Yogi Berra, who was Ralph's manager with the yankees, so the 30-year-old right-hander started walking toward Westrum's office.

"Hey, Ralph," called out one of his new teammates. "Where are you going, to get your golf clubs?"

"No," Terry laughed. "I've given it up for the baseball season."

Westrum said later Terry would be used as a long reliever and a spot starter whenever the opportunity arose.

"One way or another, it didn't matter to the former Yankee star.

"I'm here to do whatever I can to help," he said. "If I can help more in relief, fine. And if they want to start me, that's okay, too. I'm just tickled to be here. It's like being back in the big leagues again."

Terry never would have dreamed that, much less said it, only four years ago.

BUCK A CAR NITE! JAMES STEWART "TAKE HER SHE'S MINE" SANDRA DEE IN COLOR

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Another Leap Back

The Pekingologists would like very much to know just what's going on in Red China. It's doubtful if even the Chinese themselves will know what really happened until the current "cultural revolution" has run its course and the long-range effects begin to come home.

What's been going on in China is far more than an ordinary, run-of-the-mill purge of the Communist hierarchy. The entire "educational" system of the country is being reorganized.

Scholarship is out and utter dedication to the "truths" of communism and the teachings of Mao Tse-tung are in. The purpose of education is no longer to be the disciplining of the mind or even the teaching of skills, but the fighting of the class struggle.

Entrance examinations for all colleges and universities have been postponed for six months because the schools have become "citadels of bourgeois thought and reactions."

It is all being done at the demand of the masses, so claims "The People's Daily," the official organ of the regime.

How's Your Daily Grind?

If you had an old buster of a day on the job, it might soothe things if you compared our system with the way the Russians handle employment.

Propagandists claim there's no unemployment, of course, and also boast that for the past 10 years workers have had the freedom of quitting by giving two-weeks' notice.

Under the surface, these claims prove not quite true. UNEMPLOYMENT — Many workers — nobody knows how many, obviously — are getting by without working for various periods of time, supported illegally by relatives.

This came to light with a new regulation which makes it difficult to alter the labor cards every worker must have. It would appear that a petty racket had sprung up involving these cards, which carry a complete record of jobs held, employer com-

The Gauge of Progress

Looking over the "sylvan slums" of our summer campsites, R. B. Cowles, a UCLA scientist, has come to the conclusion that what we need most of all right now is a new definition of the word progress.

"Today we measure economic progress by the increases in the gross national product, the sacred GNP," he explains. "That is the same thing as measuring progress by the rate we are consuming our limited, irreplaceable natural resources. Gross national production is really gross national depletion."

The Grand Hoax

Inflation is a phenomena and is responsible for the vast good share of their lives, and yet, few know what causes it or have been interested in learning. It has undermined every dollar of savings in the country and is responsible for the vicious contest between wages and the cost of living.

An Arizona Farm Bureau Federation news release has something to say about inflation and farmers that should be of interest to anyone who has a dollar in his pocket. "Inflation can be generated only by government. Business firms, labor unions or consumers with excessive market power can do many objectionable things that are contrary to the public interest.

"But, they cannot cause inflation. Only government with its power to tax and to mint and print money, with its dominant position as a consumer of goods and services in both domestic

According to a petition supposedly presented to the government by high school students in Peking, the present educational system "induces many young people to bury themselves in books in preparation for going to college, instead of studying for the revolution."

Apparently all students who would have entered college in the interim are now to bury themselves in "volunteer" labor in factories or in the country to "eradicate the difference between physical and mental labor" and thus hasten the day of absolute equality among all of China's citizens.

To help achieve this equality, a revival of the discredited commune system is also being undertaken.

China seems deliberately to have launched another "great leap backward" into a new dark age of the mind.

You'd think, with Red China about to commit internal suicide, that our own masters, who say we're fighting communism in Viet Nam, would just sit back and let it collapse. But no, our government "needs" an enemy to facilitate its grab for total power at home. So what does bureaucracy do but offer Red China American tax subsidized wheat paid for in the sweat of the American taxpayers' brow!

When a worker quit, the date was noted on his card, using the year, month and day in numerical. The change of a numeral would put everything back in order when the worker wanted to end his loafing and check in on another job.

EMPLOYERS — The labor card stays in possession of the bureaucrat-boss as long as the worker retains his job. There are cases of employers refusing to surrender the card when the worker wants to quit, protests to the local party headquarters revealed.

PENALTIES — A jobless worker can be arrested as a "parasite" and be exiled to remote areas such as Siberia for two to five years if he holds no job, lives on unearned income or engages in a forbidden business. Feel better?

hand, view progress as bringing about and maintaining a balance between human needs and the regenerative powers of nature, he points out. He cites the American Indians, who could have lived on the continent forever without leaving a scar, without the extinction of a species of plant or animal and with no thought of conservation. Progress in his mind is keyed to population control. He feels it is the only way to escape a future of continued world political and economic instability, crowding, war and starvation.

This housing provision of the Johnson administration's "Civil Rights" legislation could be enforced only through the exercise of injustice. Why is that? Because federal inspectors or appraisers of sale and rental transactions would have to read a motive into every refusal to sell or rent. The federal bureaucracy is powerful all right, but it has no competence in searching the hearts of people. No official in truth can determine whether Mr. X declined to rent or sell to Mr. Y because of this or that reason.

It is time for the country to again recognize that property rights are human rights. If a man can't decide what he wants to do with his home, he hasn't any significant freedom. The Great Society's home sale and rental proposal simply doesn't belong in a free society.

On this day in history: In 1831, the first train in the United States to be powered by steam made a run between Albany and Schenectady, N.Y.

Sensing The News

By THURMAN SENSING

Threat to the Home

For centuries, law in the Anglo-Saxon world has regarded a man's home as his castle. Long experience with tyrannical rulers taught English-speaking people that a home is deserving of special protection in the eyes of the law. It is at the threshold of one's home that tyranny must be resisted. This has been the reasonable conclusion of millions of freedom-loving people over many generations.

But if the Johnson administration has its way, a man's home will be just another unit of housing subject to federal supervision and regulation. To be sure, to some Americans it may sound right to have a law that bans discrimination in the sale or rental of private homes. Filled with the synthetic idealism created by the "civil rights" movement, they may conclude that government can and must make the ultimate decisions governing private property. But people who have this idea, in effect are proposing that cherished ideals of personal freedom be abandoned in an effort to conduct a social crusade.

Americans have a right to conduct personal crusades for causes, no matter how unwise they may be. But it is wrong for the public to countenance the sacrifice of fundamental freedoms in the advancement of these fashionable political causes.

The sale or rental of a home is a very personal decision. For most people, their home is a cherished possession. They may have spent many years building and improving it. They don't, therefore, want to sell or rent to just anyone. In seeking a buyer or a tenant, the home owner may have one of a hundred different ideas as to who is the ideal person to rent to or sell their property.

The owner of a piece of residential property may feel that he has an obligation to his neighbors. Many neighborhoods are close-knit affairs. People living near each other on a street may have developed friendships over the years. They may be united in an effort to improve their neighborhood, to keep it free of undesirable citizens who lack a sense of responsibility. When these owners rent or sell, they want to be sure that the people who occupy their home will fit into the neighborhood and contribute to the happiness and well-being of old friends.

But the Johnson administration shows no concern for these legitimate desires and real concerns of American homeowners. The Great Society cares not a whit for the feelings of people in such a situation. A home is just a unit of housing to the federal planners. And the homeowner's interests are to be treated with the contempt that is customary in the handling of the ordinary citizen by the entrenched bureaucrat and social planner.

The Johnson administration plan for regulating the sale and rental of private property is more than thoughtless and inconsiderate, however. It is a fundamental invasion of historic rights. Sen. Everett Dirksen (R-Ill.) has termed the plan unconstitutional. So it is. Certainly, the American design of government makes no allowance for a system of federal inspectors charged with ruling on a homeowner's action in selling or renting his property.

This housing provision of the Johnson administration's "Civil Rights" legislation could be enforced only through the exercise of injustice. Why is that? Because federal inspectors or appraisers of sale and rental transactions would have to read a motive into every refusal to sell or rent. The federal bureaucracy is powerful all right, but it has no competence in searching the hearts of people. No official in truth can determine whether Mr. X declined to rent or sell to Mr. Y because of this or that reason.

It is time for the country to again recognize that property rights are human rights. If a man can't decide what he wants to do with his home, he hasn't any significant freedom. The Great Society's home sale and rental proposal simply doesn't belong in a free society.

On this day in history: In 1831, the first train in the United States to be powered by steam made a run between Albany and Schenectady, N.Y.

'I Have a Feeling I'm Being Shadowed'

Mao Never Swam that Swim, CIA Concludes—But His Double May Have Gone Bathing; Details on Mao

ROBERT ALLEN

WASHINGTON — Mao Tse-tung's world-publicized nine-mile swim in the Yangtze River was pure and simple a piece of Oriental trickery. The fanfare stunt was either a complete phony or was made by Mao's double.

Those are the conclusions of the Central Intelligence Agency on the basis of a comprehensive analysis of the physical condition of the Chinese Communist ruler.

Based on information from a wide range of sources — British and other foreign diplomats, Chinese defectors, recent African visitors in Peiping — the CIA study stresses the following points: — No Western diplomats, newsmen or any others were permitted to witness Mao's extraordinary swimming feat.

—Accounts and photographs, as released by the official New China News Agency, gave no indication of the time and place of Mao's swim. The sole explicit detail was that it was in the Yangtze River.

—Definite information is known about Mao's illnesses in the past several years to support a medical conclusion that he is too ill to swim the claimed nine-mile, to say nothing about his alleged record speed.

Citing an interview by a former member of Mao's bodyguard who defected earlier this year, the CIA analysis points out that his physical activities have been severely restricted since he suffered a second series of strokes in July, 1965.

Mao's first stroke occurred in 1958. That resulted in his going into semi-retirement, with few public appearances and little traveling throughout China. In addition to this major physical handicap, Mao is portrayed in the CIA study as suffering from advanced Parkinson's disease and high blood pressure.

A foreign visitor, who was able to get a close-up look at the Chinese Red leader in the past four months, described him as thin, drawn and lacking in vitality.

In direct contrast Mao appeared plump and vigorous in the official swimming photographs.

Pull Up A Chair

New York's Broadway theatres have been undergoing a massive face-lifting. Without the fanfare usually connected with matters theatrical, the theater-owners have been working to make theater-going a more pleasurable experience for their patrons.

FRANK JAY MARKEY

When the Germans learned of Montgomery's presence in North Africa, they hastily moved troops to southern Europe. NO ORDINARY SWIM — The reason Peiping "staged" the Mao swimming spectacular is still as much a mystery as the circumstances surrounding it.

—One authority, who participated in preparing the CIA study, suggested in an accompanying memorandum that the stunt was a propaganda buildup to keep Mao's image as a superman before both the world and the Chinese masses.

Another expert speculated that the affair was "arranged" to demonstrate that Mao's health is not a problem, and that his leadership is not being affected by the purges sweeping the Communist regime.

Other details of Mao's life cited in the CIA analysis are: He and a number of Red leaders live in a secluded enclave 25 miles northwest of Peiping called "New Peiping."

"New Peiping," also called the "Forbidden City," covers about eight square miles and is surrounded by a 80 foot thick belt of trees to screen it from travelers on the nearby Techno highway. The area is heavily guarded with pillboxes, anti-aircraft guns and missiles, and a 15-foot moat.

RED CAPITAL — Mao lives and works in a sprawling H-shaped building of red and gray brick. His five-room living quarters, which occupy one side of the structure, consist of a dining room, large reception area, study and two bedrooms, one for Mao and the other for his wife.

The Communist ruler's offices are on the other side of the building. They are staffed by four secretaries, and include a communication center, living quarters for Mao's double, and a large private office for Mao.

Mao's fourth wife, Chiang Ching, former film actress, runs the movie section of the propaganda department. Presumably she was in charge of the films taken of the big swim. Mao's two daughters, who live and work elsewhere, are occasional visitors at the "Forbidden City."

Security measures at Mao's headquarters are so stringent that high officials are sometimes kept waiting days before being admitted.

The Nation's Press

SHATTERING IMPACT (Church & State)

For years Glenn L. Archer, executive director of Americans United, has asserted that government grants to church-related colleges violate the First Amendment. Now the Maryland Court of Appeals, the state's highest tribunal, has ruled that this is indeed the case. Its decision in the case of Horace Mann vs. Tawes represents a tremendous victory for separation of church and state.

The four to three decision of the Maryland court is bound to have a shattering impact. The creeping trend in both Federal and state legislation toward government financing of church institutions now comes under searching challenge.

One immediate effect of the decision is to cast a shroud of unconstitutionality over all public grants to church-related colleges. Since the decision was based squarely on the First and Fourteenth Amendments one would have to say that as of now such grants must be considered unconstitutional.

More than that, serious doubts are raised as to the constitutionality of sectarian features of the Elementary and Secondary Education Act of 1965. This act is being used to channel Federal funds into church schools. If this is unconstitutional for colleges is it not also unconstitutional for lower schools? Certain provisions of the Defense Education Act and the Economic Opportunity Act now also are in doubt.

Surely church college administrators would be well advised to hold their requests for Federal aid in abeyance until this issue has received adjudication in the United States Supreme Court. They would hardly want to be in the position of violating the First Amendment to the Constitution.

(Ill.) DAILY NEWS reported in a story: "The scope of negligence included performing in adequate physical examinations, bundling on to order X-rays and lumbing footpops." Anyone guilty of fumbling footpops during an adequate physical examination should be shot at sunrise.

Country Editor speaking: "We wonder what the North Vietnamese would do if we ever pulled out and let them take over the problems of the South Vietnamese?"

Dangerous Lawlessness Is Creeping Across Our Land

By BRUCE BOSSAT Washington Correspondent (NEA)

WASHINGTON (NEA) — A good proportion of the American people is hiding from some very unpleasant truths about itself.

Far too often, public behavior of Americans is appalling. Many are openly and aggressively lawless. Others are basically lawless in spirit and, though they would not acknowledge it, have developed an incredibly high tolerance of crime and violence. Evidently they can feel neither shame nor shock.

Short of the grosser offenses against their fellow Americans, many have made trespass and other invasions of privacy virtually a way of life. They are arrogantly ill-mannered on the highway and in every public place. They are uncaring and indifferent toward the rights and needs of other human beings.

The courts of this country are currently embarked on a process of reinforcing shaky individual freedoms. But while they are about it, countless Americans are turning freedom into license.

They exhibit a contempt for authority which is destructive of freedom. They really do not think that any kind of hampering, uncomfortably, disagreeable law ought to apply to them personally.

In an age that is probing deep into the mysteries of human conduct, they have begun to convert explanations of misbehavior into excuses for it — as Chicago's scholarly police chief, O. W. Wilson, points out.

In a nation whose political system is founded on the will of the electorate, some Americans are pretty close to saying that there is no individual will and no personal responsibility. The offender is always the creature of forces.

"He came from a broken home... He was a deprived person... He was unloved... He blacked out."

Some probes into conduct seem to stop just short of arguing that crime is human and, hence, democratic. Indeed, the ennobling cloak of

Hunt for Truth

BY H. L. MANN

EIGHTEEN IS OLD ENOUGH Ron McCoy, 18-year old son of the old-time cowboy star, Tim McCoy, has chosen a vacation different from show business. In continued eloquence he likens to Demosthenes will be studied.

When Ron was about 15 he tried public speaking as a cure for "the stutter." He entered a contest but did not win in his high school. The next year he was second in the contest in Arizona and in 1966 a dual winner of the \$4,000 First Place National Award of the American Legion. Ron has fun playing football and is a constructive influence in society. He enjoys life and is the epitome of a that is implied by the term "All-American Boy."

Ron advises, "Nothing is impossible if you put your mind to it," adding that teenagers are responsible citizens and proceeds to prove his point with his activities.

Youth shall be served. Youths who will speak up are on their way to fame! In "Youth Speakers For Freedom," volunteers are invited to make 500-word addresses or one-minute "Liberty-Libs" to create an atmosphere where atheism, communism and other crimes can no longer thrive. Clergy and congregations can feel safer.

The brief, 3 1/2 minute speeches are properly timed for convenient use by TV and radio stations anxious to present the fresh viewpoint of youth to an awaiting public sick of demonstrations, riots, crime and massacres. Speakers may talk on dozens of constructive and timely subjects, such as: "Should We Disarm or Not?", "Do Supreme Court Decisions Hamper Public Officials?", and "Freedom of the Press." Other youths and the adult world will listen and act one way or another. Anything is better than apathy, indifference and ignorance while freedom is fading.

FOURTH IN A SERIES

Like to Keep a Good Credit Rating? Here's the Secret

EDITOR'S NOTE: in belief that credit — springboard to material wealth not heretofore known in the world — has facets which its grantors and users fail to consider. The News here publishes the fourth in a weekly series of articles prepared by Wynn Veale, manager of the Credit Bureau of Pampa.

By WYNN VEALE

The type of credit you are applying for has a lot to do with whether or not you will get it. The average consumer thinks of his credit obligations generally in the following order: Rent or home payment, Insurance, Utilities, Food, Furniture, Petroleum accounts, Automobile, and Doctor and Dentists.

The worst thing you can do is not respond to a "past due notice" or a reminder that your bill is over due. The best thing you can do is go in and talk it over.

Credit men also take into account the circumstances causing your payment to lapse. Isolated cases of slow pay are discounted if your general record is good. You can always get back in good standing if you take care of your old obligations and make a practice of meeting your new ones promptly.

Authorities agree that you can keep your credit rating good this way:

1. Pay promptly. This is even more important than a big income.
2. Don't buy more than you can afford with charge accounts and time payments.
3. Leave some of your income for emergencies.
4. Balance your use of cash and credit.
5. Never try to dodge your debt.

6. Explain matters to the credit manager anytime you are in difficulty.

7. Arrange to make some payment, however small it may be. Most stores will not encourage the consumer to buy or borrow more than his financial situation indicates he can handle. The consumer should be ready to work out any new payment plan that will help meet an obligation during an emergency.

Credit is not a case of no down payment and a lifetime to pay. Credit used wisely is a far cry from the days not too long ago when charge accounts were a privilege of the very well to do and the rest of the people regarded credit as either imprudent or imprudent.

Credit is a way to enjoy a better life. It is an irrevocable part of our way of life today. Without it, our standard of living and our vast industrial machinery would grind to a halt. But the huge consumer market that makes for prosperity and jobs will not exist if credit is abused.

RECORD STRIKERS

WASHINGTON (UPI) — The Labor Department reported Monday that nearly 992,000 workers were idled by strikes during the first half of 1966, the largest number for a comparable period since 1955.

It said, however, that the amount of working time lost by strikes was less than on the first six months of last year. The report did not cover the current airlines strike which started July 8.

First Union victory in the War Between the States was the battle of Philippi, June 3, 1861.

Wall Street In Review

NEW YORK (UPI) — Spear & Staff Inc. says it would prefer to hold resurgent stocks for the time being but that clients should be aware that the speculative enthusiasm could expire any time. The firm says the recent frothy activity should not be interpreted as evidence of a primary bull uptrend.

Investors Research Co. says a market return that hinges on spot news to trigger a change in trader sentiment is always highly suspect and points out that trader activity alone is quite incapable of sustaining a market upswing for long.

The Alexander Hamilton Institute says that while a substantial commitment of funds would be premature at this time, it feels selected purchases on a limited scale are in order. The firm says investors would be wise to use a mechanical system such as buying on a scale-down or dollar-cost averaging, to avoid assuming undue risks.

FREE RIDES

WASHINGTON (UPI) — The Civil Aeronautics Board Monday gave airlines permission to provide free transportation for Medal of Honor winners and their wives to a reunion Oct. 13-16 in Los Angeles. The CAB said the free rides could be given between Oct. 9 and Oct. 29.

ESCAPEE RETURNS

PLAINVIEW, Tex. (UPI) — Jimmy Rae, 27, who escaped two months ago from the Hale County jail, returned Saturday with a lawyer and surrendered. Rae is a carpenter charged with receiving and concealing stolen property.

RED CHINA'S MAO TSE-TUNG, right, appeared in good health and spirits in welcoming Crown Prince Birendra Bir Bikram Shah Deva of Nepal, to Peking. The photo is one of a number released after rumors again circulated that Mao was in failing health and no longer in control of affairs in Peking. The heir to the throne of the Himalayan country wedged between Chinese-occupied Tibet and India was in the Communist Chinese capital with a delegation for official talks.

Picture-Taking Satellite To Be Orbiting Tuesday

CAPE KENNEDY (UPI) — A picture-taking satellite was to be launched toward an orbit around the moon by an Atlas-Agena rocket today, ending a three-week lapse in space probes.

The shot, first here since Gemini 10 astronauts John Young and Michael Collins were orbited July 18, will mark another step in America's effort to clear the way for manned landings on the moon by 1969.

The 850-pound photographic laboratory is designed to swoop within 26 miles of the lunar surface, every 3 1/2 hours to snap close-up pictures of potential Apollo astronaut landing sites. It also will attempt to get a

bird's eye view of the Surveyor 1 spacecraft resting on the moon's Sea of Storms.

The Lunaz' Orbiter, first of five camera-carrying moon satellites, will take up to 353 pictures of nine different areas of the moon. Half of its photographs should be able to detect objects on the lunar surface as small as a card table.

Scientists hope to compare the Orbiter's pictures with some of the 11,237 ground views taken by Surveyor to broaden their knowledge of the lunar landscape and to select suitable landing sites for Apollo's lunar module.

The Orbiter is scheduled to begin its 240,000-mile voyage to the moon with a launch at 12:07 p.m., EDT Tuesday.

YOUNG MAN DROWNS

GALVESTON (UPI) — Francisco Suenes, 15, apparently went too far off Galveston's East Beach Sunday and slipped from a float. He was drowned.

CAR HITS BRIDGE

BENAVIDES, Tex. (UPI) — An automobile skidded from State Highway 359 early Sunday and hit a bridge railing, fatally injuring Jose Adan Canales, 21. He died shortly after the accident in a Corpus Christi hospital.

Eight Guardsmen Killed in Crash

CHUCKEY, Tenn. (UPI) — Eight Army National Guardsmen were killed and eight more were injured Sunday when a truck in which they were riding apparently lost its brakes, collided with a car and tumbled down a 10-foot embankment. Authorities said the canvas-topped "six-by" truck threw some of the victims out and pinned others when it flipped over and rested in a ditch after rounding a curve near the Chuckey elementary school on U.S. 11. The highway patrol said the truck's brakes apparently failed.
