It's all right to have dollar-a-year men who can afford it, but to expect governors—who can't usually afford it—to spend several times more than their salary is downright ridiculous of us Texans.

Not the "lost laws" but the lost willingness to observe all laws should cause apprehension in this state.

Seen in one night recently: Several dozen pedestrians in developed areas of intoxication which, scientists have shown, make motoring dangerous. The legally "drunk" person probably can't drive a car; the "intoxicated" driver must be judged by a far more harsh and scientific standard.

A writer says men and women are now on the same standard which we doubt, and one of the other sex is due for a change in viewpoint. It appears to us that we're still not far from the Adam-and-Eve pattern.

There is a theory of some educators that children from infancy to maturity repeat, emotionally at least, the history of the race. And the West is grinch believes that many persons have been arrested in their development and are still emotionally "average."

Musing of this moment. Accidents took 97,000 lives last year, but unemployment continues. The local Red Cross is considering establishment of emergency first aid stations, with trained volunteers in charge. Seems funny not have the legislature running down to Austin for special session about something.

Brevitorials
IN THE DEATH OF Wilbur C. Hawk the Panhandle has lost one of its outstanding citizens. As important as he was to Amarillo, Mr. Hawk was primarily a citizen of the Panhandle. Through the Tri-State fair and associated enterprises, with the West Texas chamber of commerce, and in matters affecting this section, his was the work of a man at the peak of his powers. His organizing ability was as well known as was his capacity for work, and in part explained his success. But coupled with his diligence was a personality housed in a towering frame. But doubtless that capacity for work was his undoing—the mightiest man has only so much vital energy. Mr. Hawk gave his time and talents so unstintingly that his physicians had warned him to "slow down." He did not know the meaning of the words, although he doubtless hoped to push through certain pending projects and take a rest. Plains residents are genuinely shocked by the loss of such a leader.

Modern life is so filled with meetings, projects, problems that those who served the public risk for more than the public realizes. Hearty as he was, Mr. Hawk, in many instances, for being public-spirited. Physicians know that many public men are shortening their lives by many years. Of course, not every man who dies prematurely "works himself to death." Not work alone, but the absence of relaxation can be blamed for heart diseases, along with hasty and irregular eating.

IT IS OFTEN said that the way to live long is to contract an incurable disease in early life and "favor" it throughout the life span. Tuberculosis, instead of carrying its "victims" to an early death is now so well understood that it often points the way to health and long life. John Garner had a b involvement when a young man. To this day he never forgets that sleep is the best cure for most bodily ailments. He lives on, while many associates boasting better "health" will be in their graves before him. There is in each man a fairly measurable amount of that vital spark. It can be exhausted prematurely or nurtured to a "ripe old age." Not everyone, of course, chooses to live calmly and long. Many, like the late "Teddy" Roosevelt, preferred to live life at full speed.

Death is not a finale, but it abruptly ends earthly observation of the highly interesting panoramas in which we live. WORDS sincerely hopes that he may have 20 more years. It would be tragic to be unable to see the fruition of the new deal, the beginning and end of the next (if and when) war, the full flower of modern science.

GOP CHAIRMAN THROWS BAIT TO DEMOCRATS

'HEARS TALK' OF COALITION CABINET IF FDR LOSES

WASHINGTON, Feb. 13. (P)—Henry P. Fletcher, republican national chairman, said today he had "heard talk" about a coalition cabinet if the new deal is defeated in November. He declined to discuss the subject.

While political oratory in honor of Abraham Lincoln subsided Fletcher met with reporters in press conference. Questions about cabinet plans were induced by a welcome extended last night by Senator Vandenberg of Michigan in New York to cooperation from "Jeffersonian democrats"—not alone in the campaign, he said "but in the country's history for next November's victory is won."

In the democratic fold, plans to enter Roosevelt delegates in important primaries appeared to be expanding. Pennsylvania, Illinois, Wisconsin and New Jersey were named among the states where these tactics will be pursued.

The aim apparently would be twofold. Rolling up of goodly numbers behind administration delegates might be counted on to have some psychological effects, and at the same time preclude possible difficulties if the question of new deal support were left out of pre-convention considerations.

Charles West, undersecretary of the interior, had already told Ohio democrats "we intended to see that Roosevelt delegates are selected if credentials contests develop at Philadelphia."

Fletcher told reporters "Jim Farley and those fellows will have to start it, if there is to be a 'dirty campaign'."

"How is the money coming in?" the G. O. P. chairman was asked. "Pretty well," he replied. "The committee intends to raise just as big a campaign fund as we can get."

"No matter how large it is, it won't be as big as the other fellows will have."

Determined Group Begins Drive For Chamber Program

\$10,000 to Build up Pampa Sought by Solicitors

Enthusiastically "put Pampa over" in the Centennial, and out-of-depression year. Pampa today launched a \$10,000 drive for funds to carry out an aggressive program under auspices of the new chamber of commerce. B. C. D-affiliated with a city-wide membership.

Each day a list of contributors will be added to the list previously published in THE NEWS. Names of businesses, professions, and industries have been divided and given to the solicitors. Any firm not seen may call the chairman or his classifies for may call the B. C. D. office. The drive is planned to last one week.

Numerous talks made this morning emphasized that Pampa has a great future if its place, assets, and regional importance can be increased upon the territory and state. New industries and payrolls must be sought, but at the same time, legislative protection for industries already here must be provided as far as possible. The funds to be raised will be used for all purposes, under the direction of the city-wide group, which will meet periodically to decide policies and have open discussions.

The current drive is aimed primarily as solicitation of firms, but individuals are contributing \$10 or more out of their interest in the city's future. Firms are giving \$25 and more. It was stressed that 1936 is so important that donors should give at least twice as much as they ordinarily would to such a cause. The quota is regarded as small compared with sums being spent in other cities for such work. If the

ROAST CROW IS BECOMING CHOICE MEAT

Tulsans Cultivating Taste For Corn Patch Robbers; Physician Started It.

TULSA, Okla., Feb. 13. (P)—Fascidious Tulsa diners have developed a taste for roast crow—and it may mean the end for the black robber of the corn rows.

Because—believes Dr. T. W. Stallings, a crow-hater—as a table delicacy the field pest will rise to the dignity of a game bird. As a game bird unprotected he will become extinct.

And Tulsa suddenly is enthusiastic over crow meat. Hospitals and schools are experimenting in crow cookery, housewives have procured the bird a choice morsel and there is a market price on his head.

Butchers have small boys out scouring the fields for crows at \$1.50 a dozen.

The whole idea belongs to Dr. Stallings, former county health superintendent.

Years ago he watched the farmer losing war against the crop-raiding crows. Finally he decided the best way out was to eat the birds.

He experimented first on newspapermen. Served them an abnegated, heard them say they liked it, then told them they had dined on crow. He followed with another trial, and then sent his idea up against his supreme test.

Housewives, a domestic science teacher, a dean of hospital nurses and Mayor T. A. Penney's wife ate crow. They were enthusiastic.

Exhibit To Be Talked Friday
The Centennial display of the oil counties of the Panhandle will take more definite form here tomorrow when a drafting committee meets at the B. C. D. office at 2 p. m.

Present will be C. R. Stahl of Borger, C. O. Greene of McLean, Geo. Briggs, J. W. Knorrp of Groom, and L. G. Daugherty of Dumas.

Representatives of Borger, Panhandle, and Pampa will meet after this session to talk over the Pampa-Borger road situation.

'MOST GRAVE' VIEW IS TAKEN BY JAPANESE

ENCOUNTER IS CALLED MOST SERIOUS OF YEAR

By GLENN BABB
(Copyright, 1936, by The Associated Press.)
TOKYO, Feb. 13.—The Manchukuoan government took a most grave view of the latest border clash with Soviet-influenced outer Mongolia, a Domei (Japanese) news agency dispatch said today, especially since the enemy allegedly used bombing planes.

The dispatch from Hsinking, capital of the Japanese-advisee state of Manchukuo, quoting a spokesman for the Manchukuoan foreign office, said, the encounter yesterday at Olkhodka was the most serious thus far of the last year's frontier incidents.

Military reports from the border confirmed reports that planes attempted to bomb the Japanese-Manchukuoan column involved, but failed to inflict casualties, the dispatch said.

Accounts differed as to whether two or three planes took part in the engagement, and as to whether they were Russian or outer Mongolian.

War Minister Yoshiyuki Kawashima proclaimed Japanese concern over a vast alleged concentration of Soviet military power in far eastern Siberia, close to the frontier of Manchukuo.

General Kawashima disavowed any intention by the Japanese army to take a military initiative against Russia, after the most serious in a long series of Manchukuo-outer Mongolia border incidents was reported, he said.

"If events move in such a way as to compel us to change this attitude, we must do what we can to cope with the situation."

In a view of the situation in Manchukuo and north China, the war minister told the Associated Press, "some reinforcement of Japanese forces seems necessary" in the regions involved in international tension.

Dust Again Fogs Panhandle Skies

AMARILLO, Feb. 13. (P)—Memories of last spring's choking dust storms were revived today as dust fogs Panhandle skies.

Borne by a 45-mile-an-hour southwest wind the fine dust reduced visibility to half a mile at one time. Visibility increased to one mile as the wind velocity dropped to 32 miles an hour. A low pressure area near Canadian was blamed for the strong wind. Tucuman, N. M., reported wind velocity of 48 miles an hour at 11 o'clock.

Weather Observer H. T. Collman promised no relief from the high wind today. He predicted it would continue from the southwest until tomorrow, when it would change to the northwest. His forecast for Amarillo tonight was fair and colder with a low temperature reading of 26 degrees.

GERMAN SAILORS ARRESTED COPENHAGEN

HELMOLD said today 50 members of the German navy, including one officer, were arrested at Flensburg, a city in Schleswig, Prussia, in connection with an espionage plot. The newspaper said a waiter, who was once a member of the French secret service, was named as the leader of the plot, obtaining naval secret from Schleswig bases.

Uncle Sam Gets Taste of Record Winter, Too

As if to make up for neglecting the nation's capital in the succession of blizzards and sub-zero waves that have swept most of the United States since before the holidays, King Winter gave Washington, D. C., a fifteen-inch snowfall to set a 14-year record. The brightly illumined dome of the Capitol building rising above snow blanketed shrubbery and lawns makes a scene that symbolizes the severe weather which has beset most of the nation this winter.

2 Hi-Jackers Take \$200 In Cash From Firm's Manager

Masked Pair Hold up Starkey; Ransack Office

"Go and sit down and keep your mouth shut" were the only words spoken by two cool hi-jackers who ransacked the Pampa Finance company offices at 109 1/2 South Cuyler street last night about 7:30 o'clock.

The men, dressed in dark overcoats and light fedora hats and with dark masks over their faces, entered the office and thrust automatic pistols in the face of J. S. Starkey, manager, who was seated at his desk.

While one of the men forced Mr. Starkey to a couch in the waiting room the other locked the outer office door and then proceeded to ransack the office. The safe was emptied. Filing cabinets searched and desk drawers taken out and contents dumped on the floor.

Mr. Starkey estimated that the men got \$200 in cash. Despite their thorough search, a small amount of money was overlooked. The money was taken from the safe and from a cash drawer in one of the desks.

The men were unharmed but thorough in their work. Before leaving they turned all the lights out and locked the office door. They left no warning for Mr. Starkey to remain where he was. He called the police department as soon as the men left the office. Officers questioned many persons but none of them noticed any suspicious characters or anything to arouse their suspicion.

DEATH TOLL OF HOTEL FIRE IS RAISED TO 15

Eight Persons Still Missing Believed To Be Dead

LAKEWOOD, N. J., Feb. 13. (P)—The death toll of the Victoria Mansion hotel fire was fixed officially at 15 today as city and county authorities began an inquiry into the holiday multiple tragedy.

As search into the ruins was resumed for the bodies of the eight persons still missing, Ernest Burdge, chief of ocean county detectives and local police questioned survivors of the Lincoln birthday blaze which roused 37 sleeping guests.

Many died from windows of the three-story, 65-room structure, to the street, receiving fractures which in three cases proved fatal. Other pushed in the flames.

A score were injured, eight seriously, as they strove to escape the inferno.

Police Chief Walter Curtis said a check of other hotels and private homes convinced him the eight missing died in the fire.

Three of the dead, all from New York City, were identified as Mrs. Ruth Sherman, 28, Mildred Fisher, 22, a bookkeeper, and Harry Ehrlich, 29, a furrier.

Four children's bodies were found in the ruins last night. One was identified by the father as Runya Feldman, 5, of Rockaway Beach, N. Y.

Two others were tentatively identified as Charles Abramowitz, 5, of Brooklyn, and Robert Eller, 5, whose father's business address was given as 118 Madison Ave., New York.

22 Cities Given Good Ratings in Milk Sanitation

AUSTIN, Feb. 13. (AP)—Twenty-two Texas cities today had places on the United States public health service honor roll for good ratings in milk sanitation.

The cities included Abilene, Amarillo, Austin, Big Spring, Brenham, Corsicana, Dallas, El Paso, Fort Worth, Gainesville, Houston, Laredo, Lubbock, San Antonio, Sherman, Texarkana, Tyler and Waco.

Ratings of 90 per cent or more for both raw and pasteurized milk were awarded the cities after a survey conducted by the Texas health department.

The percentage of compliance with requirements of the public health service milk ordinance for grade A milk by individual dairymen and pasteurization plants formed the basis of the ratings.

A. N. Dille was a business visitor in Amarillo yesterday.

Hawk Funeral To Be Held Friday

AMARILLO, Feb. 13. (P)—Funeral services for Wilbur C. Hawk, prominent newspaper publisher and civic leader, will be held here tomorrow.

Hawk, partner of Gene Howe in the newspaper business at Atchison, Kan., Falls City, Neb., and Amarillo, Lubbock, Dalhart, Shamrock, Childress, and Midland, Texas, died yesterday after a stroke of apoplexy.

He was one of the southwest's leading republicans and had planned to attend a Lincoln day rally here yesterday. R. B. Creager of Brownsville, republican national committeeman for Texas, paid tribute to the memory of Hawk at a republican meeting last night.

McQuerry Freed In Morse Slaying

A verdict of "not guilty" in the murder trial of R. W. McQuerry, charged with the pistol slaying of E. W. (Dutch) Morse of Panhandle last March 6, was returned in 31st district court today at 1:45 p. m.

The jury took the case about 4 p. m. yesterday. It requested transcripts of certain testimony several times, and was reported standing 7 to 5 early today, presumably for acquittal.

In the previous trial of the case, the jury failed to agree.

McQuerry pleaded not guilty and self-defense. He and Morse had trouble over a long period prior to the shooting.

BORGER NOSES OUT WHEELER BY 2 POINTS

PANHANDLE, PERRYTON WIN FIRST ROUND GAMES

Coach Odus Mitchell's tall Harvesters received a notable scare this afternoon from Hedley's Owls, Donley county champions and the dark horse quintet of the district tournament, but managed to hang up a 42 to 36 victory in a free-scoring melee. The Hedley cagers were decidedly "hot." They hit the basket with remarkable ease, especially long-distance shots.

Moose Hartman, Harvesters forward, fouled out at the beginning of the third quarter. Stokes Green, the other Pampa forward, got going good in the second half after a shaky first half. He scored 17 points, Junior Strickland 10, and the rest were divided up between Jones, Ayers, and Bailey.

The eyes of ten Panhandle counties in this territory were on Pampa as the district basketball tournament brought hundreds of visitors, including 150 players, their coaches and supporters, to this city for the three-day competition on the maple boards at the high school gym.

The favorites won this morning in three games, but one team, the Borger Bulldogs, was forced to come from behind to nose out the Wheeler Mustangs 26 to 24 in the game that began at 11 o'clock. Previously, Panhandle had trounced Canadian and Perryton had swamped Alnreed, the winner of the Spearman-Miami game will play Higgins in the first game tonight. In the second game, starting at 9 o'clock, Borger and Pampa will renew their rivalry.

'Lindy May Be President in Twenty Years'

NEW YORK, Feb. 13. (P)—Perhaps twenty years from now," Col. Charles A. Lindbergh may be president of the United States, in the opinion of Dr. Alexis Carrel, of the Rockefeller Institute.

The Nobel prize winner who, with Col. Lindbergh, recently built a mechanism for studying the human heart, is so quoted in a magazine interview to be published tomorrow by the American Magazine.

CONCERT TO PRESENT SOME OF BEST SCHOOL MUSICIANS

BAND CLUB TO BACK PROGRAM AT CITY HALL

GUEST PLAYERS WILL INCLUDE PRIZE WINNERS

Young musicians who have won honors in Texas and the nation will be featured on the concert which Woodrow Wilson Band Parents club will sponsor at the city hall auditorium Friday evening. The public is invited, and the Wilson band uniform fund will benefit.

Most of the program will be given by the Panhandle school band, which includes in its personnel three all-American band musicians and a trombone duet which won first place in the state and third in the nation last year.

Each ward school in Pampa will also contribute a number to the program, and a soloist has been invited from LeFors.

The Panhandle band, directed by C. W. Beene, will present the following numbers: Chorals, by the band.

March, Trombone Blues, band.

Old Kentucky Home, Castles in the Air, cornet solos by C. W. Beene.

Old Black Joe, band.

The Wanderer, trombone solo, Cyril Pingleton.

Duet from "Norma" by Cyril Pingleton and H. C. Hudson, winning trombone duet.

Willow Echoes, cornet solo by Rex Beene, member of the all-American band, three times winner of first place in the state and third in the nation as cornet soloist.

Honeysuckle Polka, Rex Beene.

Swanee River, band.

Flight of the Bumblebee, clarinet solo by Rayford Ward, member of the all-American band.

Prairie Moon, cornet trio by C. W. Beene, Rex Beene, Winton Mitchell.

Corinthian Polka, trombone solo

by H. C. Hudson, member of the all-American band.

The Joker, Just a Trifle, by H. C. Hudson.

Slidin' Some, trombone novelty, band.

La Golondrina, cornet duet, C. W. and Rex Beene.

A Rose in Her Hair, bass solo, James Harrison.

Carry Me Back to Old Virginia, James Harrison.

Numbers by musicians from Pampa ward schools include a chorus from Sam Houston school, chorus from Horace Mann school, an accordion solo by B. M. Baker school, and the following from Woodrow Wilson school:

Saxophone solo, Doyle Lane.

Saxophone duet, Doyle Lane and Gene Barber.

Cornet solo, Carroll Newsome.

Clarinet solo, Marilyn Keck.

Saxophone solo, John Tom McCoy.

Doll show, directed by Miss Mabel Minnis.

Former Teacher

Is Class Guest

At Recent Party

Mrs. J. F. Reynolds of Amarillo, a former teacher was a special guest yesterday when the 3-H Bible class of First Baptist church entertained a Bedtime class with a George Washington party at the home of Mrs. L. A. Baxter.

After an informal hour and an interesting talk by the department superintendent, Mrs. R. W. Tucker, refreshments of sandwiches, cake and coffee were served.

Members present were Mmes. Tom Duval, T. B. Rogers, J. C. Browning, R. K. Douglas, A. A. Neal, J. W. Munn, W. D. Slaton, A. A. Steele, H. M. Cone, A. B. Kitchens, J. B. Pafford, J. O. McKee, H. L. Watt, John McKamey, H. C. Wilkie, D. A. Patterson, L. Ritterhouse, T. W. Jamison, T. B. Solomon.

Visitors were Mmes. Reynolds, W. V. Harris, H. K. Beard, J. T. Boyd, L. S. Hall, and L. V. Hollar.

Shower Is Given To Recent Bride At Class Party

A shower for Mrs. T. L. Smith, who until her recent marriage was Miss Lucile Hutchens, was given when Loyal Women's class of First Christian church met at the church yesterday. Mmes. C. L. Shearer, John Tate, Kyle Cobb, and Tom Eckard were hostesses.

The shower followed a short business meeting and a lesson led by Mrs. C. F. Bastian. In addition to class members, numerous friends sent gifts for the bride.

Present were Mmes. T. E. Johnson, H. A. Barker, John S. Mullen; Misses Ruby Dezer and Madge Tiemann, class guests; and the members, Mmes. Louella Howell, Cora Rhodes, A. A. Tiemann, W. E. Taylor, N. A. Purdy, Harvey Hill, J. L. Eberly, Paul Hill.

Mmes. W. R. Lynn, George Dezer, Spurlock, A. E. Twentier, J. M. Garrett, W. E. Riggins, L. L. Alam, W. E. Speed, J. S. Martin, P. E. Elkins, and the hostesses.

Shower Given at Home of Honoree

A surprise shower was given for Mrs. Earl Cloud at her home on the Davis lease Wednesday. Games were enjoyed and gifts presented. Fruit salad, cookies, and coffee were served.

Guests were Mmes. Ira Wilson, Wheeler Carter, E. M. Heard, Enloe, Love, Chester Williams, E. M. Hope, Coverhouse, Cecil Chism, Berry, J. L. Becker. Gifts were sent by Mrs. J. James Mercer, Tom Alford, C. A. Husted, C. E. Fry.

COMMUNITY PARTY

Hopkins Home Demonstration club will sponsor a party for residents of the community Friday evening. Recreation games and forty-two will be included in the entertainment. The Valentine motif will be used, and everyone in the community is invited.

Dr. W. A. Seydler has returned to his office after being ill of a severe cold the first of the week.

BRIDGE-TEA IS COURTESY FOR BRIDE-ELECT

RED AND SILVER ARE USED IN VICARS HOME

Bridge and tea at Mrs. DeLea Vicars' home was yesterday's compliment for Miss Frances Finley, whose marriage to Marion Lee Ferguson is to be solemnized at 12 P. M. at the Presbyterian church tomorrow at 12 o'clock.

Mrs. J. S. Wynne and Mrs. C. L. Thomas were hostesses with Mrs. Finley a dozen of Miss Finley's intimates. Decorations for the party were in red and silver. Red carnations and showers of red hearts from lamp shades were used in the living room where three tables were arranged for bridge.

The dinner was laid with a lace cloth over red satin and centered with a bowl of red poppies. Mrs. Wynne poured tea from a silver service. Silver dishes held sandwiches, white cakes topped with red hearts, olives, and red heart minis. Biscuits were served on silver candleholders. Each table was laid with white madras and centered with a red candle at the tea hour.

From a red Valentine box, guests drew silver ribbons, each with a comic Valentine on the end. When Miss Finley drew her ribbon the Valentine was missing, and the hostesses sent her to find it. The search revealed instead three packages beautifully wrapped in red and silver, containing had-made minis, their gift to her.

Guests were Misses Finley, Mary Sneed, Fred Hughes, Esther Stark; Mmes. B. E. Finley, William T. Finley, Russell Kennedy, Walter Biery, John Corrigan, Harvey Todd, Bill McCarty, Bob Mullen, and H. L. Ledrick.

Miss Sneed received the red and silver package given as high score award.

STUDY GROUPS OF P-TA CLOSE LESSON SERIES

Graduates Will Get Certificates in Spring

Courses in parent education were completed by two groups of Parent-Teacher association members here yesterday and the women finishing the study became eligible for certificates to be awarded at the District Parent-Teacher conference here in April.

Mrs. W. B. Murphy, study leader for Woodrow Wilson association, entertained the eight "graduates" of her course at her home yesterday with a Valentine party. The members turned in papers which completed their work.

Those who finished the course were Mmes. J. R. Spearman, E. A. Shackleton, Bill Morehead, R. L. Moseley, W. A. Breining, T. F. Morton, John R. Beacom, and Floyd Yeager.

Y. M. Baker study group graduated nine members, Mmes. Homer Simmons, Mackie, Symmonds, Joe Spoonmore, Ralph Ruthman; H. C. Hutchinson, Ralph Stine, L. H. Anderson, and Jack Ross. In addition, Mrs. B. Hunter, Hummel and G. R. Riggs are taking the course at home.

The final meeting yesterday was in the home of Mrs. Roy Holt, who has been leader for the series.

YARD CONTEST ANNOUNCED BY GARDEN CLUB

Prizes Are Offered In Half Dozen Divisions

A yard contest is announced by the Garden club, open to every Pampa resident and planned to include every type of yard. The club voted last fall to conduct the contest this year, and at its first meeting of 1936 the executive board made further plans yesterday morning.

Prizes will be offered in six divisions. The two general groups will be yards with no previous improvements and yards already improved. Each group will have three divisions: Yards in which the owner does all the work of improving, those improved with some hired labor, and those where all labor is hired.

Mrs. Charles Thut is chairman of the contest committee. More definite plans are to be announced after the club's general meeting Friday morning.

Beautification of back yards will be stressed in the contest, and extra points will be awarded in the judging for work done in improving them.

CLASS BOX SUPPER

Harvest class of First Christian church was entertained with a Valentine box supper Monday evening. Games were played by the guests, Messrs. and Mmes. Louis Kinkade, R. L. Allston, John Johnson, Hart, Auda Johnson, Jimmie Reed.

STUDY COURSE FRIDAY

The High School P-T. A. study group will meet in room 205 of the school building at 3 o'clock, for a lesson on the Adolescent. Mrs. W. C. Hutchinson will be leader.

CENTENNIAL IS EL PROGRESSO CLUB SUBJECT

PROGRAM SERIES ON TEXAS STARTED BY MEMBERS

El Progresso heard the first of a series of Texas Centennial programs when it met Tuesday at city club room, with Mrs. William M. Craven as hostess. Mrs. James Todd was program leader and Mrs. George Walstad assisted her.

Important events in Texas in 1836 were outlined by Mrs. Todd, who spoke of the first constitutional convention, the siege of the Alamo by Santa Anna, and the battle of San Jacinto which won Texas her freedom.

Mrs. Walstad told of early missions, the home life of early Texans, and trail driving. Cattlemen often had to blaze their own trails to the cattle markets, she said, and told of the Chisholm trail from San Antonio to Abilene, Kan. Over it passed hundreds of thousands of cattle, symbolic of a passing civilization. Mrs. Walstad told how the first train came into Dodge City, Kan., marking an end to the cattle trail era.

At the close of the program the hostess served refreshments carrying out a Valentine motif.

Those present were Mmes. Charles Thut, S. C. Surratt, W. Furviance, J. M. McDonald, C. T. Hunkapiller, Lee Ledrick, P. C. Ledrick, T. D. Hobart, W. K. Ewing, J. M. Dodson, C. P. Buckler, John Andrews, Walstad, and Todd.

Mrs. J. L. Burba Is Hostess for The Merten Club

"To sleep well at night one must be supported by a slat under every row of coils in the bed springs," Miss Ruby Adams, county home demonstration agent, told Merten club women when they met with Mrs. J. L. Burba, bedroom demonstration yesterday.

"If your bed has metal slats, use a wooden slat at the head and another at the foot where the springs extend beyond the metal slats," Miss Adams continued. "This gives the springs strength and keeps them from sagging where the body weight is heaviest."

In the business session a report was given on the county council meeting and the Ball fruit jar canning contest was announced. Members were asked to bring meat and cheese entries for the Amarillo stock show to the next meeting.

From roll call answers, it was learned that nine members have canned 24 chickens since Jan. 1.

Two visitors, Mrs. L. G. Bruce and Mrs. C. O. Gilbert, attended with the following members: Mmes. C. B. Haney, Frank Bailey, M. Rake, C. O. Bridges, Alva Phillips, Fred C. Fischer, Frank Jewell, W. O. Kelley, T. L. Sirman, R. W. Taylor, H. B. Knapp, W. A. Pickering, J. F. Meers, and the hostess.

The club planned a Valentine party at the home of Mrs. Taylor Friday evening.

MARRIAGES OF TWO COUPLES ARE ANNOUNCED AT McLEAN

McLEAN, Feb. 13. — Miss Nova Fern Pierson, daughter of Mrs. Maude Struble, and Frank Price, both of McLean, were married Friday at Sayre, Okla. Elder Austin, pastor of the Sayre Christian church, performed the ceremony.

They were accompanied by Miss Dorothy Nichols and Miss Marie Green. The couple will live in McLean.

Snider-Steger

Miss Mary Fannie Steger, daughter of Mr. and Mrs. Arnold Steger of Alameda, was married to R. A. Snider of Alameda last Friday evening. The young couple was married in Memphis.

They will live in Alameda. The bride has attended high school at both Alameda and McLean.

BITTER COLD BRINGS DEATH AND PRIVATION

24 NATION TO DEATH AS BURNING SHIVERS BEFORE BLASTS

(By The Associated Press)

Continents of the northern hemisphere were wracked by the elements today as bitter cold, drifting snow, fire and winds of gale or tornado proportions brought death, destruction and privation.

North America counted 24 burned to death in fires at Lakewood, N. J., Jackson, Minn., New York and Montreal. In southern California tornadoes twisted through four cities, injuring six persons, while floods and fires added to property damage estimated at \$100,000.

Iowa highways, already blocked by snow and with more forecast, were unavailable for coal deliveries and the fuel shortage was so serious Gov. Clyde L. Herring advised mayors of Iowa cities to confiscate coal if necessary to conserve supplies.

Nine workers and a government engineer, marooned aboard a workboat locked by the fumes in the Ohio river 35 miles north of Paducah, Ky., faced possible death from an ice gorge upriver which stored up a tremendous head of water.

Snow ranging up to three feet in depth threatened death by starvation to Montana cattle herds. Snow or rain fell or was forecast in most states west of the Mississippi river, in the middle west and along the Atlantic coast.

Europe was lashed by blizzards and gales. Scores of fishermen were killed and others lost along the Italian coast of the Adriatic, nine persons were known dead and many were missing in Asia Minor. Floods swept Smyrna plains villages.

In the wake of a 24-hour blizzard at least 20 were dead in Bulgaria, many others in Hungary and Greece. Macedonia had 25 known dead.

As far south as Alexandria, Egypt, where a flying boat station was destroyed, high seas worked havoc.

In Great Britain the toll of the past three days stood at 27. Paris faced a food shortage as roads became glazed with ice and only 20 per cent of normal supplies reached markets.

Milady Takes to Red Flannels in Old-Time Winter

NEW YORK, Feb. 13. (AP)—This "old fashioned" winter is making warm friends among underwear manufacturers and furriers, and has altered milady's fashion tastes in a grand-motherly way.

Re-fill orders for winter underwear and furs beyond normal season expectations were generally reported today by manufacturers while womenfolk snuggled comfortably in heavy knitwear, undergarments, muffs and fur-trimmed overshoes.

Menfolk may be digging hats and ear-muffs out of storage but the trade has yet to feel much demand for these.

In Handen, Ohio, where Leon Stanton uncovered some red flannels in his general store, the opinion was advanced that they must date back to the turn of the century, and perhaps to 1876.

"You can't buy them anymore, I know that," his daughter, Mary, said.

"I can't remember his buying them, and he can't either, so we just suppose that grandfather must have put them in stock, and he started this store back in 1876. They've probably been here almost ever since."

Many fashionable men's overcoats, however, have grown fur collars and one manufacturer saw new life affluter in the men's raccoon coat line.

Perhaps the most noteworthy trend is the upswing in demand for stream-lined feminine knitwear which, one manufacturer said, "got its new lease of life when short skirts went out."

Milady, forgetting the sliken scandles of the "flapper age," may now consider herself well-dressed in heavy underwear that lacks the tell-tale bulges of the red-flannel era. Popularity of winter sports, aside from the cold, is another factor in the demand.

DECLINES TO RULE

AUSTIN, Feb. 13. (AP)—The Supreme Court today declined to review a court of civil appeals ruling that trapping fugitive oil was a legitimate business and the crude was entitled to tender.

It dismissed for want of jurisdiction an application by Attorney General William McCraw for a writ of error from the lower court's ruling.

C. A. Davenport and H. W. McCurley instituted the suit against the railroad commission last July after the tender board refused to act on application for a permit to move 19,253 barrels of oil trapped along creeks adjacent to the Sabine river in Gregg county.

The district court sustained a general demurrer and dismissed the suit but the appellate court reversed the decision and remanded it to trial.

Holding the business of picking up waste oil was legal, the civil appeals court said that "to require the operators of pick-up stations to show the well from which their oil was produced would necessarily require the impossible and would deprive them of the right to pursue this lawful enterprise."

Alfred Commutes Death Sentence

AUSTIN, Feb. 13. (AP)—Governor Alfred today commuted to life imprisonment the death sentence of Ramiro Galvan alias Raul Galvan, assessed for the murder of a border patrolman in El Paso county.

Galvan was scheduled to be electrocuted tomorrow. He was convicted in the death of Ivan Scotten, patrolman shot to death in a gun battle July 20, 1929, at Los Pompos, crossing on the Rio Grande with alleged liquor smugglers.

Governor Alfred said he believed Galvan was guilty but the evidence "is not entirely satisfactory in certain respects, and frankly, the most dramatic evidence, in my judgment, is circumstantial."

He said he was not impressed with last-minute pleas of newly discovered evidence.

The governor pointed to the "unfortunate state of the record" in which the court of criminal appeals divided in affirming the sentence and the board of pardons split similarly in recommending clemency.

Galvan, one-time head of San Ysidro municipal guards, was a citizen of Mexico. The proclamation said "his rights should be jealously guarded as a citizen of this country."

The Mexican government interceded through official channels, the governor said, and officially requested a commutation of the sentence.

"The Mexican government's appeal stressed disagreement of the court of criminal appeals, not as to the man's guilt but as to whether certain evidence should have been admitted, which they contend would have thrown light upon the question. They likewise point to the divided opinion of the board of pardon advisers."

DEFENSE WEEK

AUSTIN, Feb. 13. (AP)—Governor Alfred today proclaimed February 12-22 as National Defense week in Texas.

"The maintenance of adequate system of national defense is a duty of the American people so that lasting peace and security will be for those people who neither provoke nor fear other nations."

Cotton Taxes To Be Kept Until Act Is Held Invalid

WASHINGTON, Feb. 13. (AP)—Government lawyers said today cotton taxes paid by farmers under the recently-repealed Bankhead cotton act would be kept by the government "until the tax is declared invalid."

Frank J. Wideman, assistant attorney general in charge of tax cases, said repeal of the Bankhead act did not invalidate taxes already paid. The act was repealed while a suit testing its validity was pending in the Supreme Court.

Coincidentally treasury officials said they "presumed" the status of taxes already accrued and due had not been changed by repeal of the Bankhead act. They said they were not yet entirely familiar with the language of the repeal bill, but expressed belief that it repealed taxes only as of the date of passage.

Both statements came after Rep. Chandler (D. Tenn.) had advised the Memphis cotton exchange that "the government is not prepared to agree" that any tax liability of growers on government cotton was voided by the repeal of the Bankhead act.

Leibowitz Is Expected To Visit Bruno

TRENTON, N. J., Feb. 13. (AP)—The chief of Bruno Richard Hauptmann's defense staff, C. Lloyd Fisher, welcomed today the entrance of Samuel S. Leibowitz, New York criminal lawyer, into the celebrated case but expressed doubts of Leibowitz's usefulness.

Fisher, who was associated with the defense of the Bronx carpenter through his Flemington trial for the kidnap-murder of Col. Charles A. Lindbergh's first son, said he doubted the condemned man would change his plea of innocence.

"Hauptmann has only one story to tell," said Fisher, "and that is the story he told me the day of his arrest, at his trial at Flemington, and has told me 50 times since. That is the story I believe to be true."

"If Mr. Leibowitz can't depend on the story as told by Hauptmann, I don't see how he can be of much help."

Leibowitz, widely known for his participation in many famous court room battles, including the defense of the "Scottsboro boys," consented yesterday to enter the Hauptmann defense, apparently at the behest of Hauptmann's wife, Anna.

Leibowitz announced he was ready to visit Hauptmann in the death house "if Hauptmann would tell the truth." He challenged the state's theory that the crime was a "one-man job."

"Any person with the least bit of discernment," he said, "can place little credence in the fish stories told in Bruno's behalf from the witness stand in the Flemington courtroom."

LEIBOWITZ IS EXPECTED TO VISIT BRUNO

NEW ATTORNEY HOPES HAUPTMANN WILL TELL TRUTH

Many Die as Icy Storms Hit Asia Minor, Europe

LONDON, Feb. 13. (AP)—General icy storms sweeping Europe and Asia Minor have killed at least 133 persons in the last three days.

With communications disrupted at many points and, consequently, an even greater report of deaths feared, the following list was compiled:

Bulgaria, 68 dead; Macedonia, 25 dead; Thrace and Anatolia, 12 frozen to death;

Gulf of Salonika, 10 drowned; Adriatic sea, 18 drowned. The snowstorm which hit Thrace and Anatolia was the most severe in 25 years.

Three hundred five small ships were wrecked at sea and 20 minaret tops, including the famous minaret of Santa Sophia, were blown off at Istanbul.

GRAY COUNTY INTERSCHOLASTIC LEAGUE MEET TO BE IN McLEAN

The Gray County Interscholastic League meet will be held in McLean on April 3 and 4, it was decided at a meeting of directors yesterday afternoon in LeFors. Supt. C. A. Cryer of McLean, county chairman, presided.

Instead of the meet city defraying expenses of the event, it was decided to make an assessment of 6 cents per capita on each of the participating schools, assessment to be on the 1935 school census. The amount is to be in the hands of the secretary by February 25.

Schools planning to enter tennis and volley ball teams have been instructed to notify Bill Allen of McLean immediately. Competing schools will be McLean, LeFors, Alanreed, Hopkins and rural schools. Pampa will not participate in the meet but will send a full team direct to the regional meet in Canyon.

Three new directors were added by Supt. Cryer. They are Ida Bell Newman of McLean, story telling; Jack Foster of LeFors, one-act play; Robert Brown of Hopkins No. 1, Three R contests.

League Pins Oil Sanctions Hopes On United States

GENEVA, Feb. 13. (AP)—Advices from Washington that congressional legislation to authorize an oil embargo seemed improbable strengthened today a general Geneva belief that application of a League of Nations oil sanction against Italy appeared unlikely.

The league committee of experts in its report on the possibilities of enforcement of an oil sanction, had ruled that unless the United States participated, the proposed extension of penalties upon Italy for its war in Ethiopia would fail.

Some league officials pointed out that if the league applied an oil sanction, which was deemed hopeless in advance, this action might bring an attack upon existing financial and economic sanctions by sanctionist nations which are now suffering losses through their operation of the war penalties.

FALLS TO DEATH

SAN BERNARDO, Calif., Feb. 13 (AP)—Soldiers and foresters prepared today to bring the body of Lieut. John T. Helms out of the San Bernardino national forest where the flier apparently fell over a cliff to his death after a plane crash. Lieut. Helms, 27-year-old son of Col. Geo. H. Helms, Fort Omaha, Neb., disappeared on a routine, 400-mile flight from San Francisco to his post at the army base near here.

NEW DEAL HAS CAUSED FEAR SAYS HOOVER

PORTLAND, Ore., Feb. 13. (AP)—A "confusion of dictatorship with democracy" was Herbert Hoover's indictment today against the new deal administration of his successor in the White House.

SPEAKS ON CONFUSED STATE OF THE UNION

The former president, become vigorous campaigner against the administration of his successor, told Lincoln day banquets a "fountain of fear" has sprung from the current "confusion in government."

Before the applause of 1,000 listeners died out he announced he would return to Colorado March 7 to speak to that state's young republicans at Colorado Springs.

Mr. Hoover styled last night's address a speech on "the confused state of the union," and under the title attacked President Roosevelt's recent message to congress.

"The president stated a month ago that the issue before us is the 'right of the average man and woman to lead a finer, better and happier life,'" he declared.

"That is an objective to which we all agree. That is the ideal of Americans since it was first mentioned in the declaration of independence. That is not the issue.

"The issue is the new deal methods and objectives which are destroying this very thing.

Again referring to the message to congress, Mr. Hoover quoted President Roosevelt as saying, "the only thing we have to fear is fear."

"The new deal has been a veritable fountain of fear," he declared. "The day after the new deal was given life at the election of 1932 began the great fear which created the bank panic of March 4. The stock boom today is not from fear of inflation; it is partly from fear of inflation.

"The unemployment of millions of men in the capital goods industries is due to fear of new deal currency policies. It was the Supreme Court decisions crashing through new deal tyrannies which brought a gleam of confidence from the fears that had retarded recovery."

Like other republican speakers, Mr. Hoover shot at administration spending and said "the explosive forces of inflation are already being generated."

"A balanced budget and a stable currency would put more men to work than the whole WPA," he declared.

OIL NEWS AND NOTES

INJUNCTION NO GOOD OKLAHOMA CITY, Feb. 13. (AP)

—Randell S. Cobb, assistant attorney general, advised Governor Marland today that drainage of oil from beneath state land cannot be stopped by injunction until the state itself attempts to drill.

"A lease contract can be let," Cobb said, "and then a well can be started east of the governor's mansion. If the city brings suit to enjoin the drilling, the state will have exhausted its resources in attempting to get a permit for a drilling location.

"A suit then may be brought against any oil company drilling on the adjoining tracts to enjoin the drilling, the state will have to pay the state for its share of the location.

The board of affairs, in announcing the drilling regulations to accompany advertising notices that the state is offering oil leases on 31 tracts of land, made no mention of hedge-lined slash pits and removal of derricks after completion of the wells.

One exception was made—a requirement for electrical drilling on land near the University of Oklahoma hospital units.

Steep drilling will be permitted on tracts surrounding the capital, governor's mansion, and historical society building.

"The other two members of the board of affairs backed up on me," said Paul Colvert, republican member who first announced plans for the most beautiful oil field, rimmed with petunias and ornamented with hedges.

DISCOVERY WELL

BEAUMONT, Feb. 13. (AP)—The Humble Oil & Refining company was reported today to have a discovery well on the College Street system road near Amarillo superior to the first well drilled in the Stowell-Anahuac field.

Oil men estimated the new well, if allowed to run wild, would flow between 12,000 and 15,000 barrels per day. Under a half-inch choke it would be 400 barrels a day.

John R. Suman, vice president of the Humble company, spent the day here awaiting the washing of the well, started this morning. The first of the oil will be pumped into tanks before night, officials said.

The Anahuac discovery well flowed 248 barrels through a half-inch choke, oil men said.

WELL CEMENTED

MOUNT PLEASANT, Feb. 13. (AP)—Pipe and casing were set and cemented in the Peveo wildcat test well today at a depth of 4,166 feet, with 50 feet of bottom. Tankage was being constructed and drillers planned to plug in the well some time Saturday.

Leasing activities continued to thrive in the new oil prospecting area, with prices increasing and the leased area spreading into Morris county on the east and Red River north. Franklin, Hopkins and Hunt on the west.

Leases as far as 10 miles from the Peveo test were bringing around \$35 per acre. One operator was reported to have had an offer of \$40 per acre refused on a small tract one mile northwest of the well. C. M. Joiner of Dallas, owner of a large tract, came here yesterday.

Mexican Labor Trouble Caused By Calles, Claim

MEXICO CITY, Feb. 13. (AP)—The permanent congressional commission, charging former President Plutarco Elias Calles and "his spiteful gang" with creating labor disturbances, decided today to send federal senators and deputies to their home states to explain the labor policies of President Lázaro Cardenas.

Senator Pedro Torres Ortiz, addressing the permanent commission, declared recent disorders in Monterrey and Tampico were the result of "the insolent attitude and anti-patriotic activities of Calles and his gang."

He asserted the former president and his followers were using sections of a foreign press to "accuse President Cardenas of communistic activities, which is a lie since our government is socialist."

Calles, one-time strong man of Mexico who lost his political power last June after opposing Cardenas' policies, has declared in recent statements that "a state of anarchy exists in Mexico."

The permanent commission, after voting unanimously in support of Cardenas' policies, called a special session of congress to begin Saturday, at which the federal labor law will be revised to make payment of salaries for a seven-day week compulsory.

Paul Cunningham of Kermit was a Pampa visitor over the week-end.

Mrs. John K. Sweet is wintering in California.

Norway Replaces Germany At Top In Team Standings

United States Is in Sixth Position at Garmisch

GARMISCH - PARTENKIRCHEN, Germany, Feb. 13 (AP)—Norway moved to the top of the team standings in the fourth Olympic games today as Charles Mathisen captured the 1,500 meter speed skating crown and Odd-Erik Haugen led the way to a virtual Norwegian sweep of the combined ski cross country-jumping championship.

Norway picked up 35 points in these two events and displaced Germany from first place in the unofficial team rankings with 105 points, Germany's total of 97 remained unchanged.

A fourth place for Leo Freisinger, 19-year-old Chicago youngster, in the 1,000-meter test enabled the United States to pick up three points and gain sixth position in the team standing with 19 1/2 points.

Mathisen skated to a new Olympic record in earning Norway's third successive speed skating championship. He was clocked in 2:19.2, clipping 1.9 seconds off Clas Tunberg's former Olympic standard.

Ivar Ballangrud, who equalled one Olympic record and broke another in capturing the 500-meter and 5,000-meter titles, earned second place for Norway. Birger Saeremund of Finland took third place.

Hagen earned 430.3 points in the combined slitting event, based on performances at the 18-kilometer cross country race yesterday and the jumping today. Norway also won second, third, and sixth places in this event for a total of 20 of the maximum of 25 points. United States entries trailed far behind.

In hockey, Great Britain made certain of a place in the final round by whipping Hungary, 5-1. Czechoslovakia defeated Austria, 2-1.

Perfect weather brought out big crowds for the day's competition. Reichsfuehrer Hitler was among the spectators for the first time since the opening ceremonies last Thursday.

Al Threadgill Jumps Six and Half Feet High

PHILADELPHIA, Feb. 13 (AP)—Although Al Threadgill's campaign for a new world's high jump mark is still short of its goal, the lanky Temple University ace took partial satisfaction today from the knowledge that he had bested the junior national A. A. U. indoor record to better than six and a half feet.

Threadgill, who wants to do 6-feet-9 before he's through, smashed the previous junior indoor mark by almost three inches last night as he and five other athletes set up new records in the annual competition.

His performance of 6 feet, 6 1/8 inches took precedence as the outstanding showing of the meet, but pushing him "high" for the honors were the other record-crackers—Ed Siegel, New York flash, with a 5.9-second dash in the 60-meter sprint; Walt Nachoney of Temple with a 9 minutes, 34 seconds run in the 3,000-meter steeplechase; Bob Schuemenman, Penn's range football end, with a 21-foot, 4 3/4 inch leap in the broad jump; Joe Robinson of the Newark A. C. with a 7.3 timber-topping trip in the 80-meter hurdles, and Larry Cohen, another Temple man, with a 47-foot, 2-inch heave in the 16-pound shot.

IT'S A SWIFT AGE
NEW YORK (AP)—And now, with considerable fanfare, the monument makers of America have exposed to public view—the streamlined grave-stones of the fall, graceful and slightly curved shafts on display at the first national exhibit of memorial markers here, C. G. Austin, an official, said: "Many might with some justice be referred to as streamlined."

Eastern basketball fans who have the notion that they have been watching big court performers have a big surprise in store for them when the champion and runner-up from the National A. A. U. tournament at Denver in March travel east to fight it out for the Olympic berth.

College teams of the East will be dwarfed when they stack up alongside the teams of giants like the Santa Fe Trails of Kansas City, 1935 A. A. U. title holders, Coach 6-foot-7-inch center, Ed Weir; the McPherson (Kas.) Globe Refiners, with Willard Schmidt and Joe Fortenberry, towering 6-foot-9 and 6-foot-8, respectively.

ENTIRE GRID SQUAD GIVEN 'P' SWEATERS

28 MEMBERS ON CLUB ARE HONORED IN ASSEMBLY

Twenty-eight members of the Harvesters football squad received sweaters during the high school chapel program yesterday. The entire squad received sweaters with stripes with no designation of letterman.

One member of the squad, Chubby Stewart, will receive a sweater if his work in an Oklahoma school where he transferred, is favorable. Presentation was made by Coach Odus Mitchell.

Only seven of the boys receiving sweaters will return this fall, the others being ineligible through graduation, age, or the eight-semester rule.

Sweaters were awarded to: W. J. Brown, Arthur Bowsher, Bob Drake, Garvin Elkins, Red Fanning, Leo Fletcher, William Gillis, Steve Goodwin, J. R. Green, Stokes Green, Holt Hamlett, Fred Hartman, Roy Lee Jones, Travis Lively, Cleo Maxey, Sherman Morgan, George Nix, Ivan Noblitt, Leon Noblitt, Philip Noland, Albert Reynolds, Roy Showers, C. W. Smith, Denzie Sparlin, Jack Walstead, Woody Woodriddle.

Returning this fall will be Stokes Green, Roy Lee Jones, Glen Maxey, Sherman Morgan, Ivan Noblitt, Roy Showers and Woody Woodriddle.

pose of the normal tax of 10 percent of the amount of the earned net income but not in excess of 10 percent of the amount of the net income. The personal exemption and credit for dependents are also allowable as credits against the net income for the purpose of the surtax, the resulting net income being designated "surtax net income." The surtax is imposed on surtax net incomes in excess of \$4,000. The rate increases in accordance with the amount of surtax net income included in varying so-called surtax brackets. On a surtax net income of \$4,000 or less there is no surtax. On a surtax net income in excess of \$4,000 and not in excess of \$6,000 there is a 4 percent surtax. The surtax on a surtax net income of \$6,000 is \$240 and upon a surtax net income in excess of \$6,000 and not in excess of \$8,000 the rate is 5 percent. The maximum surtax on such excess is \$400. On a surtax net income of \$8,000 or more the surtax is \$800 plus 5 percent of the excess over \$8,000. Many taxpayers make the error of applying the maximum rate instead of the rate provided for in the bracket in which their surtax net income is included.

Following is an example of how to compute the tax on a net income of \$8,500, all of which represents earned net income, the taxpayer being single and without dependents:

Net income	\$8,500
Less personal exemption	1,000
Balance (surtax net income)	7,500
Earned income credit	850
Net income subject to normal tax	6,650

Surtax at 4 percent on amount of surtax net income in excess of \$4,000 but not over \$6,000, 4 percent on \$2,000 80

Surtax at 5 percent on amount of surtax net income in excess of \$6,000, 5 percent on \$1,500 75

Total surtax 155

Normal tax, 4 percent on \$6,650 266

Total normal tax and surtax 421

Tax payers are advised to read carefully the instructions on form 1040 relating to the earned-income credit and surtax, as well as all other instructions thereon, before preparing their returns.

2 Missionaries Are Released by Ethiopian Chief
ADDIS ABABA, Feb. 13 (AP)—The Rev. Harold Street of Paxton, Ill., and the Rev. John Trewin of Toronto have been released from custody in southern Gamo province and permitted to renew their missionary work in northern Gamo.

The government was informed of these developments today following an investigation into the arrest of the two missionaries last month. Authorities considered southern Gamo unsafe in view of the war and the missionaries were taken from Shama, where their mission was established, to Godu, a safer village.

Mrs. Street and the Streets' four children went with the two missionaries to Godu with a military escort. The escort left after receiving assurances that the missionaries would not attempt to leave Godu.

Cornelius Van H. Engert, United States minister, approved Godu as a safer place for the concentration of missionaries remaining in Gamo province.

STEERS BEAT OWLS TO THE PORKER FIVE

CAGE BATTLE IS WON IN LAST MINUTE BY TEXAS U.

(By The Associated Press)
A last-minute rally gave the University of Texas Longhorns a 37 to 33 victory over the Rice Owls at Houston last night and elevated them to a tie with Arkansas for first place in the Southwest conference basketball race.

The Longhorns, playing without their brilliant forward, Capt. Jack Taylor, had plenty of competition. Eight minutes before the game ended the Owls worked into a 31-28 advantage. Field goals by Clifton and Collins put the Longhorns ahead, but the Owls jumped into the lead again on Kelly's two free tosses. Then Baxter dropped in two field goals for the Longhorns, the last one going through as the game ended.

Jack Collins, Longhorn center, led scoring with 15 points.

The standings: W L Pct Team Arkansas 11 1 1.833 Texas 10 1 1.833 Rice 8 3 1.625 Baylor 7 4 1.429 S. M. U. 6 2 1.333 T. C. U. 5 1 1.200 A. & M. 4 1 1.167

Remaining games of the week: Friday—Arkansas and Baylor at Waco, Rice and Texas A. & M. at College Station.

Saturday—Arkansas and Baylor at Waco, Texas and Southern Methodist at Dallas.

'Dad' Joiner Is Ready to Make Second Fortune

DALLAS, Feb. 13 (AP)—The sort of "hunch" C. M. Joiner played in discovering the world's largest oil field may bring the colorful wildcatter a second fortune.

Several years ago the operator drilled two wells in East Texas. They were dry. Disregarding advice of other operators, Joiner sank another hole and oil gushed to the top of the tall pipes in East Texas.

Today the veteran wildcatter, as keen for a "strike" as he was when he drilled the third hole in East Texas, surveyed his big acreage near the R. L. Peveto, C. N. Housh and E. G. Thompson No. 1 Carr, which is creating intense excitement in Texas county.

Joiner said he played a "hunch" in East Texas and again several years later when he leased and bought in fee huge blocks in Titus and neighboring counties. He stayed with his holdings in the wildest territory about 70 miles from a producer, despite two dry holes near the present prospect. His holdings amount to about 40,000 acres, more than all major companies hold in the area.

Although leases have skyrocketed in Titus county, Joiner has sold only four acres. He received \$350 an acre cash for the isolated acreage.

Operators have predicted a good producer of the Carr well. It tested 700 feet of oil in 23 minutes on a drill stem test last week. Operators plan to bring it in tomorrow.

Joiner took to the field as soon as the strike was reported with the view of drilling at least one well in the area.

Bobby Wilson Is Now Indian Chief

HENDERSON, Feb. 13 (AP)—Bobby Wilson, All-American S. M. U. Mustang halfback, has joined Texas' only Indian tribe with the rank of chief.

Three chiefs of the Alabama-Coushatta tribe adopted Wilson at a Boy Scout banquet here last night and named him Scout Little Horse.

Injuries, the jinx that kept big Harry Shuford out of some important games last fall, continued to make life miserable for the Mustang star. He wasn't able to attend the banquet and receive his feathers, but he was adopted by proxy and given the name of Scout Running Bear.

MISSOURI LASSIE TIES WORLD MARK IN 50-METER RUN
ST. LOUIS, Feb. 13 (AP)—A lady of lightning from Missouri, who first brought the name of Helen Stephens into the headlines just a year ago, looked today toward the Olympic games as the final step to the top of the track world.

The Fulton, Mo., farm girl celebrated the first anniversary of her track stadium last night by tying the world record of 6.4 seconds in the 50-meter run of the national A. A. U. women's indoor track and field meet and setting a new American mark in the 8-round shot put.

In hogging the limelight the 18-year-old "Fulton Flash"—now a freshman in William Woods college—also improved her last year's winning mark in the starting broad jump, making complete her defense of the three national laurels she won in her debut.

Miss Stephens tossed the shot 41 feet, 7 inches, bettering the previous American woman's record of 40 feet, 11 inches, and stood and broad jumped 8 feet, 4 1/2 inches.

NEW YORK, Feb. 13 (AP)—A blocky, cheerful little Sealyham terrier, known as if he'd be more at home chewing and shaking an old shoe than lording over the show ring, held the throne of dogdom today as the best of nearly 3,000 canine blue bloods which were entered in the 60th annual Westminster Kennel club dog show.

The deep chested Sealyham, St. Margaret Magnificent of Clairdeau, owned by Mr. and Mrs. W. O. Pennington of Clarendon, N. Phillips 66 Cagers Defeat Gibson Second Time 32-23

Slim Windom Leads Scoring With 18 Points

With Slim Windom on a scoring spree, the Phillips 66 Oilers took the Gibson Pipers to task on the floor of the LeFors high school gymnasium and proceeded to win a 32 to 23 tussle to make it two in a row over the Pipers.

The elongated Phillips center switched the basket nine times for 18 points. His teammates worked the ball in nicely and then passed to the scoring ace. Brother Trip Windom was also in a scoring mood as he looped seven points for second high scoring honors.

The Phillips defense controlled the Pipers scoring and most of their points were made from a distance although at times the Borger five worked the ball smoothly under the basket for crisp shots. Beams, forward, Trent, center, and Barnett, guard, divided scoring honors with five points each.

Other Phillips players on the floor with their scores were Laycock 3, Baccus 3, Christian, Weston 1, Winkler 1, Dewey, Gibson and Jones. The Pipers also used Swartford 3, Dunaway 4, Chody, Martin, Dale and Dodge.

The Oilers go to Borger tonight for a game with the fast Gulf quintet.

ROCHESTER, N. Y., Feb. 13 (AP)—Walter J. (Rabbit) Maranville, veteran of 24 years of major league baseball, welcomed today what most ball players consider the beginning of the end—a step-down to the minor leagues.

"I consider it a stepping stone to the majors," Maranville said. "It's a chance for me to prove what I can do as a pilot and should pay the way for my return to the big show as a manager."

The doughty Rabbit predicted he would be in 100 games with the Elmira club. Last year, after a season's layoff because of his leg injury, he signed a player's contract with the Braves but appeared in only a few games.

The Elmira job will be Maranville's second experience as a manager. In 1926, in his stormy petrel days, he managed the Chicago Cubs for a brief period.

He was sent to Rochester the following year, but later returned to the major leagues with the St. Louis Cardinals, where he played some of the best baseball of his career.

The Cards later sold him to Boston where, in the palmy days of George Stallings' leadership, he got the most of his early experience. He also played with Pittsburgh before going to Chicago as manager.

Secrecy Screens Nazi Activities In New Campaign

BERLIN, Feb. 13 (AP)—The grim, silent struggle by the Nazi regime to exterminate all alleged anti-government tendencies in social, religious, athletic, commercial and student organization of the Reich persisted today with renewed vigor.

The chief characteristic of the under-cover movement on a nation-wide front was a widespread screen of secrecy, illuminated fit-

fully here and there by brief flashes of information.

Informed sources said that perhaps the most significant among the recent disclosures was yesterday's announcement that district governors henceforth would take orders from the Gestapo, the secret state police.

This was interpreted as an indication of an immediate carrying out of promises by Nazi leaders for more ruthless, more determined action against enemies within the Reich.

Prisoners were systematically silent after the recent raids against Catholics.

The campaign went on, nevertheless, with prison sentences for a number of communists, allegedly camouflaging their organization as an athletic association, dissolution of such minor organizations as women's coffee clubs, and a warning to students at Hanover that attempts to resume their old fraternal affiliations would be punished by a closing of avenues of post-graduate employment.

DRIVE

quota is exceeded, any surplus will be carried over for later work.

The drive has grown out of suggestions of citizens that Pampans should unite as a single, strong body, with coordinated programs in which everyone can have a part.

The movement has gone forward harmoniously, and the new year finds Pampa pushing forward as a civic unit.

The meeting which launched the drive was in charge of C. H. Walker, C. P. Buckler, and J. S. Wynne.

Among the other present, and the classification assigned them for soliciting, were:

E. J. Dunigan—Oil well supplies. Al Lawson—House and sign painters.

Burton and Maisei—Auto and service stations. O. L. Boyington—Building contractors.

J. C. Cobb—Garages, repairing, battery, radiator shops. Irvin Cole—Hatcheries.

Tom Clayton—Floral shops, mortuaries. Ivy Duncan—Lawyers.

M. A. Graham—Wholesale oil concerns. Dick Hughes—Food stores, wholesale and retail, and packing houses.

M. W. Jones—Motor supplies, machine shops, editing shops. F. H. Oden—Abstractors, accountants, insurance men.

Tom Rose—Automobile dealers. J. S. Wynne—First National bank, lending agencies.

C. H. Walker—News agencies, publishing houses. R. G. Allen—Supply houses, carbon black plants.

Priest Hailed As Hero of Fire In Gotham Cafe

NEW YORK, Feb. 13 (AP)—A priest who shouted directions to panicky men and women and rescued the injured until he collapsed was hailed today as hero of the fire which swept through Lum's Chinese restaurant last night.

Survivors of the fire, in which five persons were killed and thirty-nine injured, told how Father George Rosso tried to check the panic by throwing himself in front of the rush for the exits.

The priest, assistant pastor of the church of Our Lady of Solace, was knocked to the floor and tramped in the stampede, Regaining his feet he helped others carry several injured persons down to the street.

The din of screaming drowned his words when he pleaded with the men to be calm and help women to safety.

The priest finally collapsed on the sidewalk, overcome by smoke and burns. He was in a hospital today, his condition described as improving.

Mrs. Annette Dobson, 28, who operated the hat-check booth in the restaurant, said she was trampled by frantic men when she tried to flee down the stairway.

"They looked crazy," she said. "They were shouting, 'get out of my way and let me out of here.' I took one step and then I was pushed down. I couldn't get up."

FLETCHER

The committee has about \$200,000, and plans a "pay-as-you-go" campaign, Fletcher explained.

He indicated the committee would continue its attempts to obtain such radio time as it wanted.

"Freedom of the air is going to be as important as freedom of speech," he said.

Safety Session Of Magnolia Is Well Attended

The regular safety meeting of the natural gas and gasoline division of the Magnolia Petroleum company last night in the city auditorium was given over to discussion of and showing of pictures of traffic accidents.

After the high school male quartet, under direction of Harry Kelley had presented several numbers, Franklyn Montgomery of Skellytown outlined the reasons for the passing of the drivers license law discussed its provisions.

R. H. Routh, state highway officer stationed here, told of the instructions sent him from Austin on the method of enforcing the new law.

A picture, "Saving Seconds" was shown through courtesy of the Aetna Life Insurance company.

C. V. Edwards, superintendent of the carbon black department of the company, explained the reports made out by company employes who become involved in traffic accidents.

Guests at the meeting were employes and wives from other departments and 30 members of the sales division in Amarillo, W. S. Norman, sales manager, and H. L. Jacobs, assistant sales manager, of Amarillo, were other guest speakers.

More than 160 attended the meeting and saw the pipe line field crew receive the award for the past three-month safety record.

Irvin Higgs Is Victim of Illness

Ervin J. Higgs, 38, died last night at the home of a sister, Mrs. R. E. Thornburg, at the Shamrock Gasoline plant eight miles southeast of LeFors. He had been in failing health for more than a year.

Mr. Higgs, a barber by trade, had been a resident of this section for 2 1/2 years, coming here from Okla-

Bruno Will Not Change His Tale, Lawyer Reports

TRENTON, N. J., Feb. 13 (AP)—Lloyd Fisher, one of Bruno Richard Hauptmann's attorneys, saw Hauptmann in the death house today and afterwards quoted Hauptmann as saying Samuel S. Leibowitz, New York criminal lawyer, will have to believe his story because he will not change it.

Leibowitz has offered to join the defense staff, "if Hauptmann would tell the truth."

He was on his way to Trenton this afternoon after receipt of a telegram from Col. Mark A. Kimberling, warden of the state prison, granting him permission to see Hauptmann.

"I have told the truth and the whole truth and there will be no change in my story even to the dotting of an 'i' or the crossing of a 't'." Fisher quoted Hauptmann as saying.

"I have only one story to tell and he (Leibowitz) will have to believe it."

Fisher said: "We have gone down the line on the story as told. There will be no alterations to meet any request. The story told is one I believe to be true. It is inconceivable that any other will be told."

"His view of Leibowitz's statement I think the interview will end his activities. Hauptmann will not change his story."

Connally Favors Debenture Plan

WASHINGTON, Feb. 13 (AP)—The expert debenture plan of farm aid was proposed as an amendment to the soil conservation-subsidy bill in the senate today by Senator Connally (D., Texas), who said it was essential to give "reversed" tariff benefits to exporters of surplus crops.

Connally took the floor shortly after Attorney General Cummings said the justice department had studied the constitutional powers of congress over the courts—an issue raised by some after AAA's invalidation—but insisted the survey was "a mere matter of routine."

"The farmer doesn't receive the benefit of the tariff," the Texan said, "and on the other hand he pays a tariff on that which he buys. This particular plan is simply a reversal of the tariff—it gives the farmer a bounty on his exports whereas the manufacturer gets a tariff on imports."

A vote on the amendment was not expected before tomorrow. Leaders had agreed to defer final action on all controversial substitutes and additions until tomorrow when a debate-limitation may lead to a vote on the AAA replacement bill itself.

NIMROD'S NEMESIS

ST. PETERSBURG, Fla.—A special policeman spotted Alfie Kreiberg's fun last night.

Alfie, who cost his papa \$28.50 recently in city court by popping a "bubble" dancer's balloon with an argun, was caught entering a Sally Rand performance with the gun and a slingshot, too.

"Aren't you sorry you tried to do this?" asked Miss Rand. "Yes'm," mumbled Alfie, and added, "but I wouldn't have been caught if I'd gone down that other aisle!"

TYPICAL DAY IN ETHIOPIAN WAR PICTURED

DEATH OF PILOT GIVES WRITER GLIMPSE OF STRUGGLE

(Editor's Note: Mark Barron, Associated Press staff writer and the only American correspondent with the southern Italian army in Ethiopia, finds the life of a war correspondent difficult, but not monotonous. In the following dispatch, written in Italian Somaliland and forwarded by courier and air mail, he pictures a typical day with the army).

By MARK BARRON
Associated Press Foreign Staff
LUGH FERRANDI, Italian Somaliland, Feb. 13.—(By courier and airmail)—(AP)—There is a melancholy beauty about African nights, but the war correspondents, who must begin their day early, do most of their admiring of the full moon and jungle shadows in the morning hours.

On a typical day I was awakened at 3 a. m., with the moon shining so brightly into my tent there was no need to light a lantern. The moon was full golden, but before we had gone to bed our camp watched it go into an eclipse that ended with a red smear across its center like dripping blood.

"In Africa that means a great chief is about to die," my native Askari guard told me. The Askari cannot quite understand the profession of a newspaperman, so after puzzling over the matter for some time he finally gave me the title of "Signor, the Professor of Paper."

Our small truck ploughed thru the desert sand to Dolo where a forced halt was made at a field hospital for a bit of repair work needed on this lone American correspondent on the southern front. A sympathetic doctor shook me a little, took my pulse, asked me how many days I had been on the march and then diagnosed it as too much sun, and sand, an ailment to which you soon get accustomed here.

Death, sudden and unexpected, is practically stepping on your heels every second in war. I discovered a few minutes later while resting in a hospital chair beneath the fringe of a grass hut.

There came the roar of an airplane overhead, its engine faltering with spasmodic bursts of speed that quickly died. The pilot seemed to be desperately trying for altitude. Through the tops of the high palm trees I saw the flutter of wide silver wings, the huge bomber little more than skimming the topmost leaves.

There came two last spurts from the engine, then a quick "ch-ka-ka" sharp as the brief cry of a breaking harp string. Stretcher bearers and ambulances appeared instantly, but they were not needed. It was an instant and merciful death for the pilot. The crash was about 200 yards from my chair.

There was barely a halt in the war parade. Tanks and cars, soldiers and ammunition continued to march forward along the adjacent road.

At 10 a. m., we passed from Dolo across the border into Ethiopia, passing camel trains and native troops. The road to the front is a busy one, but it is all one-way traffic.

Deeper and deeper into Ethiopia we plunged until we came to the last outpost of the Italians. The Italian colonel in command of the native garrison and his officers offered us lunch in his grass hut and our party returned the hospitality by contributing the luxuries (at the front) of bottled mineral water and cigarettes.

It was a happy day for the post

as the white officers had just received their Christmas mail, four weeks late. The colonel proudly offered candy from a box sent him by his three small children in Italy.

Just as lunch was finished the camp broke into an uproar. Two dubat scouts were bringing in an Ethiopian prisoner they had captured only a few minutes before.

They also reported that sharpshooters on a hill further up had seen numerous enemy roving in the valley ahead of them.

The colonel invited us to come along to the sharpshooters' posts and for the next half hour we sped over the road that to the naked eye seemed barely to exist.

But, the Ethiopians had retired into the jungle and there was no fighting that day.

Back we started, returning to our camp at 10 p. m., dead tired and covered with dirt, sand and sunburn. I began to write a dispatch to give the courier starting back for Mogadiscio that night. The Askari called at the door of my tent.

"Signor, the Professor of Paper," he said, "we are to move up again at four o'clock in the morning."

BONUS A BENEFIT, BUT A COST

The mis-named bonus for world war soldiers (adjusted compensation) will be a benefit to nearly all communities of the nation, but the fact does not disguise the truth that the bonus is an expense and an addition to the cost of the war.

The adjusted compensation is justified in law and equity but as an economic stroke it is no more inspired than any other form of governmental spending in local communities. Adjusted compensation must be considered in talking of future wars, although the subject may be complicated by reason of the widespread spectator participation. The air fleets will render definite battle lines meaningless.

And while the adjusted compensation idea is rather new, there probably will be no abandonment of an older idea—pensions. This subject, too, is complicated—by old age pensions and such schemes as the Townsend plan. Future progress, like those in the past will doubtless view pension lobbies, the biggest in history, and for the first time the veterans will have well mobilized competition. It is to be expected, without censure, that the world war veterans will follow in the footsteps of veterans of the civil war, Mexican War, Spanish-American war, and Indian wars.

Jingoists never remind us that pensions, bonuses, subsidization of "big business" and repudiated war debts are not-to-be hidden costs of warfare. Indeed, the bonus cost is small compared with the foreign debt fiasco. Once war is declared, the costs last through generations.

The administration at Washington estimates that the American government to date—not including adjusted compensation—has spent \$7,000,000 on its world war veterans. The bonus will add two billions more. What the later pensions will mean can be judged only by the past. The Spanish-American war cost is said to be repeated every decade by the pensions which have followed. In other words, the first cost of a war is not the greatest cost.

The cost of the war to veterans who were not injured is confused in the troubled years which have followed the conflict. Many of the men returned to find jobs gone. Many to this day, because of that mal-adjustment and the depression years, have never established themselves economically. At the same time, millions of stay-at-homes have had a similar fate, and the college graduate of today faces conditions similar to those to which the veterans returned. And it may be assumed that the bonuses, while helpful, will not establish the veterans in permanent security; for many the money will not even "make ends meet." And if the depression may be considered as partly caused by the war, the cost of that conflict is beyond human comprehension.

The moral: Avoid wars.

Payment of the bonus brings up two pictures. One is payment of the huge cost. The manner of payment is still obscure, but it will be painful as are all war costs. The brighter picture is in the momentary business spurt which distribution of two billions will entail.

Texas has, of record, 148,771 certificate holders, who are scheduled to receive a total of \$8,035,096.92. Gray county veterans will receive, it is estimated by Congressman Wright Patman, a total of \$326,446.02.

Other counties will receive: Carson \$114,455.61, Collingsworth \$213,704.66, Dallam \$115,711.74, Donley \$151,651.84, Hall \$250,723.55, Hansford \$52,432.35, Hemphill \$68,525.59, Hutchinson \$219,423.75, Lubbock \$578,878.92, Moore \$22,979.79, Ochiltree \$77,200.28, Potter \$689,970.24, Randall \$104,495.24, Roberts \$21,531.55, Wheeler \$229,871.79, Wichita \$1,099,719.65.

BEHIND THE SCENES IN WASHINGTON

BY RODNEY DUTCHER

NEA Service, Staff Correspondent

WASHINGTON—John L. Lewis and the United Mine Workers have been making labor history and political history at their convention here. They will make quite a lot more in the next few months.

When Lewis flung his final defiance in the face of President William Green of the American Federation of Labor on the platform at Constitution Hall, the question was left whether the crafts union executives who dominate the A. F. of L.'s executive council would move to expel Lewis and his allies on the Committee for Industrial Organization before Lewis himself decided to march his group out of the federation.

For the present, at least, strategy of the insurgents will be to let the council try to do its worst. They cannot be expelled before the federation's national convention in September, though the council may move to suspend their charters.

The Lewis group—which includes Sidney Hillman and the Amalgamated Clothing Workers, Tom McMahon and Francis Gorman and the United Textile Workers, David Dubinsky and the Ladies' Garment Workers, Charles P. Howard and the Typographical Union, and others—believes that the cause of industrial unionism will be stronger at the next federation convention than it was in Atlantic City last year, when its side polled more than a third of the votes.

It believes that the conservative crafts union leaders will be unable to get the required two-thirds vote to expel the defiant unions.

Such failure, observers think, would mean the beginning of the end of craft union domination and the assurance of ascendancy for industrial unionism.

In the meantime, Lewis and his allies will undertake to convert other unions.

Not only will they defy the council's order to disband the committee, but they will widen the breach still further by aiding organization of a militant industrial union in the automobile industry, according to present unannounced plans.

Members of the United Automobile Workers are expected to unseat the officers forced on them by the A. F. of L., seek the Lewis committee's support, and merge with other unions now in the automobile field. The U. A. W. has been forbidden by the executive council to take in craft workers.

There is no longer any possible doubt that Lewis is out to capture leadership of the American labor movement. He has established himself as the most effective and forceful of labor leaders, though Green is still the A. F. of L. president.

Because a large proportion of labor's brains and vigor, as well as the logic of labor history, are on Lewis' side, his achievement of undisputed command probably will be only a matter of time.

Texas Banker Is Sure 'Spending Is Now Over'

DALLAS, Feb. 13 (AP)—Fred F. Florence told members of the Texas Bankers association today he was confident the "era of federal spending is over" and that the trend in both the administrative and legislative branches of the government is definitely conservative now.

Florence, state president of the bankers' organization, recently returned from a Washington conference with President Roosevelt and many who heard him interpreted his remarks as influenced by the presidential talk.

Approximately 700 North Texas bankers were registered here for the fifth district meeting of the bankers' association. Gus S. Blankenship of Jacksonville, president of the First National bank there and member of the state oil tender board, told the bankers that since permanent monuments, markers and buildings as well as temporary exposition structures. The legislation was intended to permit the federal United States Centennial commission to build, among others, a \$1,000,000 monument one of the largest in the country, on the San Jacinto battleground near Houston.

The 900,000,000 barrels of oil produced in East Texas, he said, had brought \$800,000,000 and the 3,400,000,000 barrels still in the ground will bring around \$4,000,000,000.

Blankenship said the state has collected \$122,000,000 in taxes and can expect \$28,000,000 more in the next decade, exclusive of gasoline taxes.

SIGN'S CENTENNIAL ACT

WASHINGTON, Feb. 13 (AP)—President Roosevelt signed yesterday a bill authorizing use of any part of a \$3,000,000 Texas Centennial appropriation for permanent monuments, markers and buildings as well as temporary exposition structures. The legislation was intended to permit the federal United States Centennial commission to build, among others, a \$1,000,000 monument one of the largest in the country, on the San Jacinto battleground near Houston.

BISHOP APPOINTED

HOOVER LEADS GOP'S ATTACK ON ROOSEVELT

WALLACE AND NORRIS DEFEND NEW DEAL IN SPEECHES

WASHINGTON, Feb. 13 (AP)—In the aftermath of political fires kindled on Lincoln day by both major parties, the new dealers and their foes warmed up today for impending primary and election struggles.

While republicans led by former President Hoover assailed the administration, the new deal leadership moved quietly about the business of crystallizing plans for the June convention at Philadelphia. It was said that Senator Robinson (D-Ark) might be selected as the "keynote" speaker.

With an early preview of G. O. P. sentiment giving for April showing with both Colonel Frank Knox and Senator Borah entered in the Illinois primary, there was evidence of further broadening of activity on the part of the veteran Idaho senator.

His forces were girding for action in Oregon, Wisconsin and Nebraska. They previously had made definite plans to enter Ohio.

Knox, Chicago publisher who has been making almost daily anti-new deal speeches, declined yesterday to say in what states besides his own he would seek presidential convention delegates.

Lincoln day for the most part was given over to public speeches in honor of the 127th birthday of the civil war president, in which there was a general assault on the administration and frequent references to the constitution.

Such words as "tyranny," "despotism," and "dictatorships" were used in reference to the new deal. In Indianapolis, however, Secretary Wallace defended the administration. He, too, referred to the constitution declaring that "most of us" thought the agriculture adjustment act valid and "some of us" including three justices of the Supreme Court, think so still.

Hoover, addressing a banquet audience at Portland, Ore., struck one of his sharpest anti-administration notes.

"The outstanding state of the union at this hour," he declared, "is a state of confusion—confusion in thought, confusion in government, confusion in economic life and confusion in ideals."

The former president accused the administration of having "the worst

Build Bridge From Midair to Ends

More than 200 feet above the water, here is a 540-foot section of the decks of the San Francisco-Oakland Bay bridge, the tiny figures of workers giving a vivid idea of its immensity. The first span ever known to be hung out in the middle of suspension cables, it was hoisted in nine parts to the steel cable wires and there suspended from ropes looped over the main cables. Slack lines of hoisting cables are seen in the picture, the upper horizontal beam of the truss marking the level of the upper deck and the lower horizontal the lower deck.

TEXAS IN WASHINGTON

BY DONALD A. YOUNG

WASHINGTON, Feb. 13 (AP)—Texas democrats renewed their efforts here today to chart a smooth course for a Roosevelt-Garner state convention May 26.

While conversations among heads of the state and national organizations centered primarily around consideration of delegates to the state meeting who would lay aside factional differences to support the party's candidates, a host of other matters appeared to be of equal importance.

Among them was determination of the chairmanship of the Texas delegation to the Philadelphia national convention, how far Texas delegates would be able to carry their campaign for "states' rights" as opposed to what some termed "Washington bureaucracy" and whether campaign activities would be directed by the state organization or national leaders, such as Vice President Garner, Texas national committeeman.

Garner and Myron Blalock of Marshall, chairman of the state democratic executive committee, discussed these problems today but declined to say whether they had arrived at any decisions.

"I came here primarily to help Garner fashion a winning organization," Blalock said, "provided it

unbalanced" budget in history, asserting that "a balanced budget and a stable currency would put more men to work than the whole WPA."

"A fountain of fear" was his description of the new deal. "The stock boom today is not from confidence in the future," he declared, "it is partly from fear of inflation."

The Supreme Court Hoover praised for "decisions crashing through new deal tyrannies which brought a gleam of confidence from the fears that had retarded recovery."

Senator Vandenberg (R-Mich) struck a similar note in New York. He declared "we are now ready for restoratives, rather than narcotics."

"Business is better because the inevitable cycle has long since reached the apexing," he declared. "The forces of recovery are straining at the leash."

Vandenberg urged "Jeffersonian" cooperation with the G. O. P. "in the battle line" and "in the council chamber after next November's victory is won." He referred to Al Smith's Liberty League speech against the new deal.

A unanimous Supreme Court, he declared, "vindicated the constitution" in the case of NRA, and "business commenced to boom."

But Senator Norris (R-Neb) assailed the court's decision scraggling AAA, saying "it cannot stand if our country is to live and prosper." He urged congress to curb the court's power.

Colonel Knox, speaking in Boston for the first time since he officially entered the race for the nomination, referred to his many speeches as an indication of what his platform will be.

Like Hoover, he attacked administration spending. He demanded that the budget be balanced.

"To have the new deal essentially a Tory movement and Mr. Roosevelt seeking encroachment upon the liberties of the people behind a smoke screen of false liberalism, is the arch-foe of them all," he said.

Democratic leaders went ahead with preparations for the June convention.

The veteran campaigner, Senator Robinson, was expected to be either the "keynote" or the permanent chairman of the convention, informed sources said.

PWA Project to Determine How Money Is Spent

WASHINGTON, Feb. 13 (AP)—The government set out today to find out what people do with money. It hopes to accomplish this by the end of the fiscal year, June 30, through a coordinated survey by the bureau of labor statistics and the bureau of home economics. Authorized as a PWA "white collar" project, the survey will be carried out with a peak enrollment of 4,000 persons from the relief rolls. They will draw an average annual salary of \$1,000. They will try to find out what

COURT BATTLE OVER BEQUEST NEARING END

WILL LEFT BY WOMAN CONTESTED BY RELATIVES

CARTHAGE, Mo., Feb. 13 (AP)—The court battle over Elva Stalter Davidson's will which left her \$560,000 estate to her husband of less than two months, moved rapidly today toward a conclusion.

Counsel for Mrs. Davidson's foster relatives, seeking to prove that she was unduly influenced to make the bequest, indicated they would rest after offering a few more witnesses.

Counsel for the beneficiary under the will, 40-year-old H. Bradley Davidson Jr. of Washington, meanwhile declined to say whether they would offer rebuttal testimony, but promised that only a short time would be required if they did.

The caveators contend that Davidson with the aid of Barton Leach, Harvard law professor who drafted the will, coerced the young heiress into leaving her share of the E. M. Stalter hotel millions to her husband.

After bringing into the hearing the mysterious circumstances of Mrs.

Davidson's death at Pinehurst a few weeks after her marriage to Davidson, the caveators offered testimony yesterday designed to show the 21-year-old heiress was more than normally susceptible to influence.

Dr. Richard P. Stetson of Boston said in a deposition he treated Mrs. Davidson in 1933 for a speech impediment which he attributed to an emotional shock and sent her to see a psychiatrist, Dr. Kirby Lunt, of Concord, Mass.

The latter, in a deposition, described her as "highly emotional" when she came to him, and said she appeared "unhappy but not moody or depressed."

Relatives of Boy Killed in Mexico Are Sought Here

Relatives of Fred Kenzie, 22, were sought here today by W. M. Ross of Kansas City, who said that the young man had been killed near Magdalena, Sonora, Mexico.

Kenzie was a member of a small party which went into Old Mexico from Tucson, Ariz. Ross declined to give details of the death but said he would tell relatives of the boy if they would write him, care general delivery, at Kansas City.

Kenzie mentioned several times that he was "from Pampa," and that his father was in the lumber business somewhere. How recently he was here he did not state. Ross said "Dutch" Shelmors of Amarillo knew Kenzie. He failed to locate Shelmors at Amarillo and could find no trace of Kenzie's relatives in several days' search here.

NORRIS BEGS NEW DEALERS TO HELP HIM

IMPLORES CONCERNED ATTACK ON HIGH COURT

WASHINGTON, Feb. 13 (AP)—Leading the vanguard of those who would curb the Supreme Court, Senator Norris (R., Neb.) virtually is imploring all new dealers to follow him in a concerted attack.

But there was no indication today that the administration forces would rally with him in united array to seek action this session.

Democratic councils are divided on the question. Some, like Senator Pope (D., Ind.), are not converting into immediate action the dissatisfaction with Supreme Court decisions, left in high administration circles. Pope has introduced a bill to require a vote of at least 7 of the 9 justices before a law can be invalidated.

Others advise action, at least immediately. One close adviser to the president, although declining to be quoted by name, said recently the administration would seek to accomplish new deal purposes "within

the language of the majority opinion" of the court.

Norris, in his senate speech yesterday attacking the court's AAA decision, said pointedly that congress could "remedy the situation if it has the courage to do so." He has said that the constitution "clearly gives congress the right to say what the Supreme Court shall and shall not pass upon." He holds that a constitutional amendment thus is not necessary to curb the tribunal.

Norris defended the new administration farm bill, projected as a substitute for AAA. (The new measure provides for federal subsidies to farmers who control crop production through transfer of acreage from commercial crops to soil-building growths.)

The bill was still in the debate stage in the senate today, with leaders hoping for a vote before tomorrow night. Another farm bill, the Smith measure authorizing \$50,000,000 for 1936 seed and feed loans, completed its journey through congress late yesterday and went to the White House.

LABOR TROUBLE SETTLED MONTERREY, Mexico, Feb. 13 (AP)—President Lazaro Cardenas says labor troubles in Monterrey, which preceded his arrival here last week, have been settled and all workmen are back on their jobs. The president said he would visit Matamoras, across the Rio Grande from Brownsville, Texas, within the next two or three days. He said he wanted to inspect the Matamoras port, establish a weather bureau and start promotion of an irrigation project in that area.

When Bladder Weakness WAKES YOU UP?

Make this 25c test. Remove the cause. Use buchu leaves, juniper oil, etc., to flush out excess acids and impurities which cause irritation. That results in restless nights, burning, scanty flow, frequent desire, or backache. Ask for little green tablets called Bukets, the bladder lax. They work on the bladder similar to castor oil on the bowels. In four days if not pleased any druggist will refund your 25c. City Drug Store, Fathers Drug Company. (Adv.)
