

Manchester's Book and Johnson's Version Offer Sharp Contrast

AUSTIN, Tex. (UPI) — President Johnson's own version of his postassassination flight home from Dallas on Nov. 22, 1963, offers sharp contrast with rumored descriptions of him as an inconsiderate boor in William Manchester's "The Death of a President."

Johnson's comments, in testimony for the Warren Commission on July 10, 1964, are his own known public remarks on the issue. Somehow, they have become obscured in a welter of

rumor and speculation about Manchester's opus.

"We were ushered into the private quarters of the President's plane," Johnson told the Warren Commission. "It didn't seem right for John Kennedy not to be there. I told someone that we preferred for Mrs. Kennedy to use these quarters."

Those remarks hardly conform with reports that Manchester's book would portray the Kennedy party as having been shocked to find that Johnson

had taken over his predecessor's airplane cabin and was giving short shrift to Kennedy's family and staff.

The Texas White House said Monday that Johnson had refused to grant interviews to any publications about "the entire matter" of the Manchester book and had ordered his staff to remain silent, as well.

Press Secretary George Christian was asked why Johnson had never put himself on record about events recorded in the

Manchester book. Christian said Johnson had, for the Warren Commission, and "as far as we know, that is all he has ever done."

Johnson, according to advance speculation about what Manchester was saying in his book and in a serialization by Look magazine, was inconsiderate toward Mrs. Kennedy, the Kennedy staff, and the slain President's brother, Robert F. Kennedy.

All of this, supposedly, took

place aboard the presidential airplane, Air Force One, which carried Johnson and his party home along with Kennedy's body and the Kennedy party.

Johnson told the Warren Commission that Secret Service agents had taken him from the Parkland General Hospital in Dallas to Love Field, where the plane was waiting, and that the following ensued:

"When we got to the airport, we proceeded to drive to the ramp leading into the plane,

and we entered the plane.

"We were ushered into the private quarters of the President's plane. It didn't seem right for John Kennedy not to be there. I told someone that we preferred for Mrs. Kennedy to use these quarters."

"Shortly after we boarded the plane, I called Robert Kennedy, the President's brother and the attorney general. I knew how griefstricken he was, and I wanted to say something that would comfort him.

"Despite his shock, he discussed the practical problems at hand—problems of special urgency because we did not at that time have any information as to the motivation of the assassination or its possible implications.

"The attorney general said that he would like to look into the matter of whether the oath of office as president should be administered to me immediately or after we returned to (See JOHNSON, Page 3)

ANYTHING FOR A COFFEE BREAK — Mrs. Stanley Stein, 2306 Mary Ellen, braves the elements as they fall in white flakes to gather with her friends for their morning coffee break. At press time approximately two inches of snow covered the Pampa area.

Texas' Traffic Death Watch Saves Only One

By United Press International

Numerous holiday travelers and poor driving conditions helped send Texas' violent death toll rising to a point just shy of the level predicted by the Department of Public Safety.

A United Press International count for the period from 6 p.m. Friday to Monday midnight showed at least 61 persons died violently in the state. Of these, 46 died on Texas streets and highways.

The DPS had forecast 47 persons would die in traffic accidents during the 78-hour holiday.

The worst wreck of the holiday season claimed five lives early Saturday near Crandall, Tex. A car and a pickup truck collided on a slight hill, demolishing both vehicles.

The victims were Ada Baltrip 73; Charles Lewis Davis, 27; James Edward Perry, 15, and Mary Joe Perry, 12, all of Leggett, and Tommy Webb, 16, of Seagoville.

An auto trying to pass another collided with a third on a wet highway near Alvin Monday, killing four persons. The area had been foggy during much of the day.

Killed were Joan Daniel Schultze, 25, of Lake Jackson; Donald Wayne Miller, 26, his wife Margaret Fonon Miller, 20; and William Russell Clark, 66, all of Liberty.

Other violent deaths Monday (See TRAFFIC, Page 3)

dents in Texas during the 78-hour holiday.

Holiday Death Toll on Roads Fairly Low

By United Press International

The 1966 Christmas holiday weekend traffic toll today appeared to be one of the safest for drivers in recent years.

The toll at the end of the period running from Friday night to Monday midnight, approached 600. It would rise with the receipt of late reports and deaths occurring hours after accidents.

Last year's Christmas toll mounted to 720, the third consecutive record. Safety experts hoped this year's final tally would fall near 100 fatalities below that mark.

Before the start of the period, the National Safety Council had predicted possibly 650 to 750 persons would die on the roads during the 78-hour period.

At 8 a.m. C.S.T., with reports still being received, United Press International counted 572 persons dead in traffic accidents with fires, drownings and other accidents raising the grand holiday toll to at least 762. The breakdown:

Traffic	582
Fires	99

Gray County Food Bill for Year Reaches \$13-Million Grand Total

How much is spent in Gray County per month for food? For the average local family, to what extent have food bills gone up in the last two years?

Rising food prices, locally and in other parts of the country, have captured the headlines. They have led to consumer revolts and, in many areas, to boycotts.

In Gray County, according to the latest figures, the annual food bill has climbed an estimated \$96 per family in a period of two years.

Elsewhere in the United States there has been an average rise of \$97 per family and, in the State of Texas, \$95.

The findings are based on the average price changes, as reported by the Department of Agriculture and others, for the nation as a whole. The two-year rise in the cost of food was approximately 8.5 percent.

Gray County's total food bill last year, according to the annual survey by the Standard Rate and Data Service, came to \$12,857,000.

Apportioned equally among the local population, this was equivalent to \$95 per month per family.

The same amount of food, of like quality, would have cost only \$87 per month two years previously.

As examples of the average price changes that have taken place in the last two years, the Department of Labor lists bread at 22 cents for a one-pound loaf, as compared with 20.8 cents formerly, hamburger meat at 54.7 cents a pound instead of 50.6 cents and milk at 51.4 cents per half gallon as against 47.7 cents in 1964.

And, as for the near future,

Near-Blizzard Conditions Sweep Across Panhandle

Pampans Slip and Slide on Ice, Snow

By Ron Cross

Hazardous driving warnings for Pampa and Panhandle area towns were to continue through Wednesday after snow was expected to reach near blizzard conditions over the area.

By 11:30 a.m. approximately two inches of snow had fallen in Pampa and more was expected by nightfall.

As of noon today, there had been no word that the Pampa Harvester-Perryton basketball clash here tonight was called off.

The weather bureau in Amarillo said Pampa and the Panhandle could expect locally heavy snow accompanied by increasing northerly winds, which would result in near blizzard conditions by nightfall.

Snow accumulations of up to four inches or more may be expected by Wednesday morning when the winds and snow are expected to diminish. Skies are expected to be only partly cloudy by Wednesday afternoon with a high Wednesday in the low 30s and the overnight-low tonight near 10.

Icy sleet fell in Pampa overnight and early this morning causing motorists to drive extra carefully and pedestrians to watch their steps.

Snow began falling about 8:50 a.m. in Pampa.

North of Pampa, Perryton reported heavy snow while Canadian had only freezing mist at mid-morning. To the east, Miami had light snow reported while Wheeler and Shamrock reported only an icy mist as did (See SNOW, Page 3)

Heavy Snow Hits Midland States; Warnings Issued

By United Press International

Near blizzard conditions struck the nation's Midlands today. Heavy snow warnings were issued as far southwest as New Mexico.

Five inches of snow in northern Arizona and up to seven inches in northern New Mexico stalled traffic in both states. A state policeman reported a tornado-like gust of wind in New Mexico, resulting in extensive damage.

The wintry warnings were posted in Texas, Colorado, Oklahoma, Kansas, Nebraska and Missouri. Snow fell as far west as Utah, as well as the south and central Rockies.

On the fringe of the blizzard-like system, Montana received a spread of light snow. Hitting the warmer air to the East of the center from Eastern Texas to Louisiana and eastern Oklahoma, the snow changed to rain.

Snow flurries also were reported in the Great Lakes region and over the northern Appalachians, including an inch fall at Binghamton, N.Y.

Elsewhere, however, skies were partly cloudy to clear.

WEATHER

PAMPA AND VICINITY — Snow ending Wednesday morning with decreasing cloudiness Wednesday afternoon and a little warmer. High Wednesday in low 30s and low tonight near 10.

Cavalry Stops Attack; V.C. Threaten Thailand; Saigon's Port in Knots

SAIGON (UPI) — Communist troops charging against 105 millimeter cannon firing at point blank range broke into an American artillery position today and blasted two of the guns with grenades and satchel charges before being hurled back in savage hand to hand fighting.

The American force of several hundred men of the 1st Air Cavalry Division suffered "heavy casualties" in the battle fought in the Bong San area on the northeast coast of South Vietnam. It was the first time of the war the Communists attacked and briefly overran such a strong position.

The U.S. defenders reported finding 44 Communist bodies and expressed belief air strikes, artillery and naval bombardment had killed others. Exact size of the U.S. force was not disclosed; a spokesman called it "multi-company" and a company usually has 200 men. The Red force which attacked in screaming human wave assaults was put at 1,200 men.

The battle was the bloodiest thus far in the five-day hostility period between holiday truces. The Communists were driven back when the Cavalrymen

received reinforcements and air support.

The U.S. and South Vietnamese governments meanwhile found themselves faced with other serious problems in the war.

The strike of Vietnamese dockworkers in Saigon already a crimp in the movement of vital military cargo — today threatened to blossom into a nationwide walkout. The threat was made by Vietnamese labor leaders when U.S. troops arrived at the docks to unload cargo from American ships idled since Monday's walkout.

Another threat arose that caused mounting concern over the stability of the U.S. military position in Thailand. The South Vietnamese Liberation Front (Viet Cong) today warned the U.S. ally that it would retaliate against Thailand if it continued to support the American war effort in Vietnam. There are now 33,000 U.S. troops and several airbases in Thailand — parts of which are less than 100 miles from North Vietnam.

There also was a new threat to the political stability of the government in South Vietnam. Dr. Phan Quang Dan, a leading member of the constituent

Assembly, was wounded today by an assassin's bomb that shattered his car. One Vietnamese bystander was killed and five others wounded by the explosion. Dan was a leader of the assembly bloc writing a new South Vietnamese constitution. Only three weeks ago, another assembly leader, Tran Van Fan, was shot to death by two Viet Cong assassins. Van was an opponent of military rule in the nation and was considered a possible candidate for president in elections next year.

Meanwhile, U.S. officials in Washington conceded that American bombing raids on North Vietnam have inevitably caused damage to civilian areas. The Defense Department issued a statement in response to a query from the New York Times which succeeded in sending a correspondent to Hanoi.

The correspondent, assistant Managing Editor Harrison Salisbury, reported Sunday that U.S. raids caused extensive civilian damage to two towns in the Hanoi area.

The Pentagon said that "it is impossible to avoid all damage to civilian areas, especially when the North Vietnamese deliberately replace their air defense sites, their dispersed POL (petroleum) sites, their radar, and other military (See CAVALRY, Page 3)

Man Charged In 'Sex Killings' of Three Teenagers

BIRMINGHAM, Ala. (UPI) — A 25-year-old man was accused today of the "sex killings" of three teenagers whose bludgeoned and mutilated bodies were found in the woods near here.

At the same time, police renewed their investigation into the sex slayings of two young brothers near Mobile last Thanksgiving Day and the recent deaths of two Shelbyville, Tenn., girls whose molested bodies were found face down in the mud.

However, authorities said no information had been uncovered to show a connection between the deaths of the three boys and the four earlier killings.

David McCarter Jr., 25, of suburban Homewood, was arrested at his home Monday and later charged with murder in the deaths of Vaughn Murphy, 15, his 13-year-old brother, Stephen, and Will Binzel, 14, a companion. The victims also lived in Homewood.

Shelby County Sheriff C.P. (Red) Walker said the deaths were "definitely sex killings."

The bespectacled McCarter recently was arrested for a morals offense involving a small boy but the charge was reduced to assault and battery and he was fined \$250.

The deaths brought to five the number of sex slayings in Alabama this month. Earlier two Mobile brothers—Michael and Randall Evans—were found murdered in Baldwin County near the coast. Authorities are searching for three known sex deviates in connection with the slayings.

Commission Approves City Paving Program

Pampa's \$718,716 paving program calling for the improvement of approximately 140 city blocks received formal authorization of city commissioners today.

An ordinance accepting the bid of Lewis Construction Co., Inc., of Dumas, was unanimously passed by the city commission. The Dumas firm was low among four contractors who submitted bids Dec. 13.

The project approved today was broken down as follows:

Construction costs	\$553,600;
fiscal agent's fee	\$97,433.60;
engineering fee	\$53,238.60

\$14,445 for drainage structures and miscellaneous costs.

Property owners' share of the project cost will total \$482,357 and the city's share will be 33 per cent amounting to \$236,359.89.

It was explained property owners may pay their assessments in cash or in three yearly installments at 7 1/2 per cent interest on the unpaid balance.

Based on experience in paving just three or four blocks at a time over the past several years, City Manager Jim White said the overall project now contemplated will affect savings of approximately 14 per cent of front foot property owners and 25 per cent on side street footage.

Work on the project is scheduled to begin early next spring.

In a session that lasted only 11 minutes, commissioners today gave first reading to an ordinance authorizing the re-opening of Thut St. from Somerville St. east to the east right-of-way line of the Fort Worth & Denver Railway Co. property. The matter had been at issue between the City and property owners for nearly two years.

Kennedy Lawyers Seeking More Time for Negotiations on Book

NEW YORK (UPI) — Lawyers for both sides in Mrs. John F. Kennedy's effort to suppress parts of "The Death of a President" today sought more time to negotiate an out-of-court settlement.

Their talks, recessed over the Christmas holiday, had been scheduled to resume Monday but were cancelled because of the illness of William Manchester, author of the book on the Kennedy assassination.

State Supreme Court Justice Saul S. Streit was expected to be asked today to set a new hearing date on Mrs. Kennedy's application to enjoin Harper & Row from publishing the Manchester book.

"Very depressed" as a result of the controversy, Manchester was down with a slight case of pneumonia but reported to be responding to treatment at Middlesex Memorial Hospital in Middletown, Conn.

As a precaution, the 44-year-old writer remained on the critical list and was expected to be hospitalized about a week barring complications in his recovery. While researching the book early last year, Manchester was hospitalized one month from nervous exhaustion.

Dr. F. Erwin Tracy, the family physician, said Manchester's resistance to illness had been impaired recently, probably because of worrying about Mrs. Kennedy's lawsuit.

"The pressure lowers his resistance so he catches things more easily," the doctor said. "He has been very depressed."

Tracy called an ambulance for Manchester early Monday morning when the author's temperature rose to 104 degrees. The illness was later diagnosed as pneumonia of the lower left lung. Under antibiotic treatment, his temperature returned to normal during the day.

"Being on critical helps keep him isolated," the doctor explained. He said Manchester should be able to do some work next week.

IRS Sends Out
New Test Form
For Income Tax

WASHINGTON, D. C. (Sp) Commissioner of Internal Revenue Sheldon S. Cohan today sent special messages to approximately 16,000 Texas taxpayers, asking their help in testing a new type of income tax return, Form 1040Q, a questionnaire.

Recipients of the letter will learn for the first time that they were included in the representative sample of 60,000 individual filers from the IRS Southwest Region, selected to test the experimental tax form during the 1967 income tax filing period.

The Southwest Region is composed of the States of Arkansas, Colorado, Kansas, Louisiana, New Mexico, Oklahoma, Texas, Wyoming, and is under supervision of Regional Commissioner B. Frank White, of Dallas, Texas.

Taxpayers in the test will receive their new Form 1040Q packages about a week after receiving Commissioner Cohan's letter. They are requested to use the experimental Form 1040Q, instead of their regular tax form, as their official return for reporting 1966 income.

In the letter mailed today to random-selected taxpayers, Cohan wrote: "We are constantly looking for ways to simplify income tax returns and make them easier to understand and to fill out within the limits set by the tax laws, which are admittedly complex."

"The reason for this letter is to ask your help and that of other representative taxpayers in testing a new type of form which many people think is clearer and simpler to prepare than one of the regular forms."

The letter requests taxpayers selected for the test not to pass 1040Q on to anyone else to use, since that would impair test results.

Cohan's letter also states: "Of course you do not have to use the new form if you do not want to. In that case, I am sure you realize you must use one of the regular forms — Form 1040 or Form 1040A — but I hope you will still fill out the checksheet (Opinion Checksheet) and attach it to whatever form you do use."

In the questionnaire From 10-40Q, wording has been simplified, instruction woven throughout the form for convenience, and more space provided for entries.

IRS says the experimental questionnaire is the latest of many attempts to simplify tax forms. Although the Form 1040Q is longer (7 pages) than the Form 1040 or Form 1040A, taxpayers may find it easier to fill out.

IRS says it is not pre-judging the new form. Evaluation of its usefulness must await tabulation of results which are expected some time in the fall of 1967.

GERMANS TO ISRAEL
JERUSALEM (UPI) — The first group of West German students formally invited to Israel arrived here Monday to begin a two-week study tour.

The eight-member group, representing the National Federation of German-Israeli study groups in Germany, was invited by the Hebrew University students' organization.

Naomi Class Members Meet for Yule Party

SKELLYTOWN (Spl) — Naomi Sunday School Class of First Baptist Church met recently in the home of Mrs. Adolph Novotny for a Christmas party. Mrs. Bill Houghton, class teacher, opened the meeting with a prayer. Mrs. Bill Price gave the devotional on "The Christmas Story" and also told of other Christmases in other lands. Each member attending brought fruits, nuts and candies for sunshine boxes. Twelve boxes were filled by the members. A gift exchange held from a lighted Christmas tree was enjoyed by all attending. The serving table, covered with a lace table cloth over red, was centered with an arrangement of red poinsettias. Mrs. Adolph Novotny served the cake and Mrs. Ralph Gilpin presided at the punch bowl. Members attending were Mmes. Edna Dunlavin, Bill Price, Clyde Horner, Ed Pannell, Don Carter, Robert Germany, Irvin Brown, E. W. Meadows, Howard Moore, A. R. Baker, Ralph Gilpin, K. S. McCabe, Bill Houghton, Paul Thurmond, Melvin Norris, Clifford Coleman, Susie Roberts and Adolph Novotny.

'Physical' Exercise Program Enjoyed by Alpha Delta Pi Ass'n.

A program on "Physical Exercises" with all those present participating, was enjoyed by Alpha Delta Pi Alumnae Association members recently. Mrs. Ronald Graves conducted the program in her dance studio. During the business session, presided over by Mrs. Hugh D. Barton, president, plans for a holiday coffee to be held at 9:30 a.m. Wednesday in the home. Mrs. Fred Neslage were completed. Miss Judy Neslage will serve as co-hostess at the event which will honor college actives and Alpha Delta Pi mothers. All Alpha Delta PIs visiting in Pampa for the holiday season are invited to attend the event. Those present included Mmes. Glen Larsen, Tommy Neugen, Bruce Pratt, Fred Neslage, Ronald Graves and Hugh J. Barton and Miss Sheila Conlin. A teaspoon of lemon juice in the water in which rice is cooked helps to whiten and fluff the rice.

Scouting Scoops

By MRS. G. J. BOYD
One of the special Christmas activities this year for Troop 21 was their journey to Pampa to handle children's Home to deliver the stuffed toys the troop had made earlier this year. Also included was a small doll with a complete wardrobe of some 50 garments to be shared by the older girls at the Children's Home. There are 29 school age boys and 16 school age girls with 8 pre-school boys. The 12 troop members took refreshments of Christmas cookies and punch to be served their guests during the party. They toured the home for elderly people while there with some of the older children of the Children's Home as acting hosts. A 2.424 Jupiter. The first meeting of the year will be discussed from Sister Mary Valentina. Also attending were Mrs. H. M. Hutchinson, Mrs. Bob Yost and Mary Ellen and troop leader, Mrs. J. R. Newman and Heidi. This is certainly one of the most active Girl Scout troops in Pampa. Many troops helped with filling Christmas baskets; a much needed service. The girls benefit from their experience of giving, knowing they help make someone else's holiday brighter. The new year will be here shortly and with it comes the plans for many Scouting activities. January neighborhood meetings are Sunrise, Jan. 6 9:30 a.m., 407 Red Deer, Highland, 9:30 a.m., Jan. 12, Little House, Sunset, 1:10 p.m., Jan. 19, 424 Jupiter. The first meeting of the year will be discussed from Sister Mary Valentina. Also attending were Mrs. H. M. leaders should attend.

SHORTS Laundry To Crisp Parkin

Dear Abby... Friend's 'Business' Is None of Yours

DEAR ABBY: What is your opinion of a young mother who would rather go to work than stay home and take care of her 4-year-old son? I think it's terrible the way she drops the child off at a nursery every morning, just like you would put a dog in a kennel. She does not have to work as her husband makes good money.

And do you think a husband who really loves his wife would let her go out to work? Your opinion of such people will be appreciated. Don't reveal the town this letter is from. And please sign it.

for a long time and would like an answer. When a girl bends her leg at the knee while being kissed, what meaning is she trying to put across?

You see it in the movies and on TV quite often. We have heard many different versions and would like your opinion.

WONDERING
DEAR WONDERING: I don't know that the girl being kissed is trying to "put across" a particular idea, but from an observer's point of view, I would say that the time she should keep both her feet on the ground.

"A FRIEND"
DEAR "FRIEND:" My opinion of "a friend" who appears to be inordinately concerned with somebody else's business is what comes to my mind at the moment. Would you like it?

CONFIDENTIAL TO "IN TROUBLE" IN EUGENE, ORE.: Tell your parents at once. They are your best friends in time of trouble. The alternatives you mention are foolish and extremely dangerous. I promise you your parents will be "on your side."

DEAR ABBY: A little over 5 months ago my wife passed away after 42 years of married life. It was a very happy marriage. I only mention this so you will know that what follows indicates no lack of love or respect for her.

Troubled? Write to Abby, Box 69700, Los Angeles, Calif. 90069. For a personal reply, enclose a stamped, self-addressed envelope.

Recently I have been seeing a neighbor. I have taken her out for dinner a few times. She is single, and I have known her for many years. She is 60 and I am 64, but we could both pass for much younger as we are young in heart and mind. She has gone with me reluctantly because she is sensitive about what people might say. She thinks it is too soon for me to be taking anyone out.

To be honest, we are in love. Naturally, I wouldn't consider marriage until a full year has passed, but is there anything wrong with our seeing each other and making plans?

FOR ABBY'S BOOKLET, "How to Have a Lovely Wedding," send \$1.00 to Abby, Box 69700, Los Angeles, Calif. 90069.

DEAR MR. X: No. Providing you aren't silly about it and go out kicking up your heels in the bright lights.

Mr. X
DEAR MR. X: No. Providing you aren't silly about it and go out kicking up your heels in the bright lights.

DEAR ABBY: You might think this is a stupid question, but we have been discussing it.

TAURUS: (Apr. 20 to May 20) — Give support to ideas of associates as well as make during day, but evening is ideal for enjoying yourself with friends. Get into something of a cultural or educational nature. Do not upset plans that are now in the making.

Salad Supper And Yule Event Held By Rebekah Lodge

SKELLYTOWN (Sp) — Skellytown Rebekah Lodge 58 met recently in IOOF Hall for a regular meeting with Mrs. Clifford Coleman, pro-tem in the noble grand's chair.

The meeting opened with the flag ceremony and the pledge of allegiance to the flag, followed by the reading of the minutes from the last meeting by the secretary, Mrs. Bob Heaton.

LEO: (July 22 to Aug. 23) — Plan during day just how you are going to get rid of the obsolete, old that may your progress, but do not take action until tonight. Some problem vexes in the a.m., but you get the right answer later. Be patient.

Four cards were reported sent and announcement was made that Everett Crawford's father died at S. Frances, Kan.

LIBRA: (Sept. 23 to Oct. 23) — Analyze your credit and career affairs during a.m. but don't make any changes until the p.m. after lunch if you want best results. Influential person is busy in the morning. Approach him later in the day.

A letter was read from Mrs. Goldia Rule, who lives in Tulsa, Okla.

SCORPIO: (Oct. 23 to Nov. 23) — Study brochures, paper, other media in a.m. will bring the data you sorely need at this time. Use it wisely. A new contact will not be physically helpful but advice is forthcoming. Await better time for financial arrangements.

Mrs. Floyd McCoy and Mrs. Gertrude Huckins were presented certificates of perfection from the lodge deputy, Mrs. John Simmons.

SAGITTARIUS: (Nov. 23 to Dec. 23) — Don't rely on hunches that are neither in m. or p.m. later you know exactly how to handle others. Get that obligation out of the way as soon as you can in the morning. Evening is fine for romance.

Mrs. Thelma Gage, president of the Rebekah Assembly of Texas will make her official visit to the Borger Rebekah Lodge Jan. 2.

CAPRICORN: (Dec. 22 to Jan. 20) — After lunch is best time to get your ticks in with associates, the trade, etc., but the morning will get you very poor results. Even crop advice take a little time to mature. Await the late evening.

Mrs. Floyd McCoy was elected to serve as representative for the Skellytown Rebekah Lodge at Grand Lodge which will be held in Amarillo in March, and Mrs. Bob Heaton was elected to serve as alternate.

AQUARIUS: (Jan. 21 to Feb. 19) — Plan to do important work during the early part of the day so that you can get out for personal advancement in p.m. Ask for some snowdrift to have that discussion in p.m. Say you are too busy during day, you have a creative nature during morning. Then get busy and have fun. Come to quick agreement with congenial.

After the closing of the lodge, the members enjoyed a Christmas party and salad supper. The group enjoyed an exchange of gifts from a silver Christmas tree.

PISCES: (Feb. 20 to Mar. 20) — Recreational plans should await the afternoon, so that you can get busy at certain plans you have of a creative nature during morning. Then get busy and have fun. Come to quick agreement with congenial.

Attending were Mmes. Bob Heaton, Floyd McCoy, Kenneth Fanning, John Simmons, Gertrude Huckins, W. S. Berry, Miles Pearson, Clifford Coleman, and one guest, Susie Robinson.

IF YOUR CHILD IS BORN TODAY... he, or she, will be one of those almost pathetic little children who will feel unsure of himself, or herself and not quite fit in with others, but though it may take a little longer to become oriented, when this is accomplished, the manner will be a very positive one and once a course is decided upon, nothing can budger your progeny from following it to its ultimate end. Ideal chart for the sales person of high caliber.

Yule Programs Presented by Piano Students

Piano students of Mrs. Lois Fagan were presented in two Christmas programs recently. Opening the first program was the singing of "Joy to the World" accompanied by Terri Baker and Mrs. Fagan.

Appearing on the program were Marvin Ward, Deanna Davis, Douglas Mark Eubanks, Kelley Bob Baker, Terri Baker, Gale Stout, Brenda Winters, Vanessa Chisum, Janae Harris, Winona Chisum, Ronald Chisum, Judy Lankford, Rory Manning, Gary Davis, Carla Combs, Reniel Tigrett, and Debbie Green.

Las Pampas DAR Chapter Members Hear Program Given by Mrs. Bray

Mrs. Thelma Bray was guest speaker at a meeting of the Las Pampas Chapter DAR which was held in the Jackson Cafeteria recently.

Mrs. Bray told of the plans the Pampa Garden Club has for developing the Red Deer Trail along Red Deer Creek which runs through much of Pampa. She said "Although the creek is dry most of the time there is still beauty there. Few cities in this area are built along a creek and there are great possibilities for a development of a trail along its banks. Plans call for benches, foot bridges, lights, trail signs, drinking fountains and mass plantings of flowering shrubs and spring bulbs." Mrs. Bray pointed out that projects of this sort are a long term investment in the future and are a good business investment. It could become a tourist attraction.

Students appearing were Bobby Sanders, Becky Sanders, Barbara Floyd, Cindy Holloway, Janelle Bevel, Elizabeth Holloway, Natalie Reeve, Lynn Hoyler and Nancy Kelly.

Parents present included Mmes. Jack Lankford, V. Dean Davis, J. R. Manning, O. A. Kelley, R. M. Baker, Amos Harris, David Green, Bobby L. Stout, Joel R. Combs and Bill, R. C. Chisum and Mr. and Mrs. R. L. Eubanks.

The second program was also opened with the singing of "Joy to the World", accompanied by Brenda Wilson and Jeannie Goff.

Students appearing were Bobby Sanders, Becky Sanders, Barbara Floyd, Cindy Holloway, Janelle Bevel, Elizabeth Holloway, Natalie Reeve, Lynn Hoyler and Nancy Kelly.

Parents present included Mmes. T. R. Kelly and Jimmy, C. A. Goff, Lindon Sanders, Roy G. Floyd, V. H. Holloway, J. R. Reeve and Cleo Hoyler.

Following each program gifts were exchanged and refreshments were served from a table appointed in a Christmas motif.

In closing she said, "Red Deer Trail is planned to provide for young and old a place to stroll through pleasant surroundings, watch birds, walk their dogs, gather with friends for conversation, to sit and read or simply to sit and enjoy the great outdoors, thus getting a new perspective on life!"

Children Entertained by Halliburton Ladies Club at Yule Party

Children of Halliburton employees were entertained at a Christmas party recently, hosted by the Halliburton Ladies Club.

Mrs. E. D. Fischer was chairman for the event. Games were led by Mrs. J. B. Briscoe and Mrs. Gene Winegeart led those present in the singing of Christmas carols.

Highlighting the evening was a visit from Santa Claus who presented each child present with a sack filled with candy, nuts and fruit.

Refreshments were served from tables covered with white cloths sequined with Christmas motifs and centered with a replica of Santa Claus. Miniature Santa Claus replicas were given as favors to the 25 children attending.

THE PAMPA DAILY NEWS TUESDAY, DECEMBER 27, 1966

al would bring down its entire structure. This is particularly true in the field of criminal law. It is the only protection we have against despotism and tyranny."

"The long centuries over which the jury system was slowly and laboriously being developed saw many cruelties and even some cruelties imposed. But men, determined to be free, clung stubbornly to the jury, refusing to place their lives in the hands of judge or king, and there developed the jury system of today.

"But the social planners, insensitive to the elegance of the structure they seek to tear down contend that a judge is better equipped to try a case, find the facts, and impose the sentence. This is not true. Many honest and sincere people are impressed by the same idea. It will be a sad and tragic day for our Country when the administration of justice is left exclusively to a man in a black robe."

From Sublime TO RIDICULOUS

is how the subject matter runs in prize-winning efforts of photographers during 1966. Exactly what makes a great photograph is hard to define. But these examples, all award winners selected for inclusion in "Photography Annual 1967," show that at least one thing is certain—anything goes when it comes to suitable subjects.

◀ A fluttering study in sharply contrasting black and white was captured by the camera of Walter Vogel at the Spanish National Circus.

▶ A gag shot but still a prize-winner, this well-armed gentleman is the creation of Alfred Gscheider, who achieved his effect by double-printing the arms.

"View in Peking, 1965" is photographer Marc Riboud's title for his fragmented—by the windows of a shop—Chinese street scene. Another face of China today is seen in Riboud's rhythmic, motion-filled picture, right, of students building a road from Nanning to Hanoi.

Income Tax Information

EDITOR'S NOTE — This column of questions and answers on federal tax matters is provided by the Pampa office of the U. S. Internal Revenue Service and is published by the Pampa News as a public service to taxpayers. The column answers questions most frequently asked.

DALLAS — File a Schedule B with your Form 1040 if you had retirement income in 1966. This was the advice given today to taxpayers in northern Texas by IRS District Director Ellis Campbell, Jr.

Mr. Campbell pointed out that instructions you need to file Schedule B are on the schedule itself. Schedule B is also used to report income from rents, roy-

alties, partnerships, estates and trusts.

Taxpayers should not count on receiving all the federal tax forms they need in the mailing they receive in January. It is impossible for IRS to know in advance which forms and schedules a taxpayer may need. If you find you need a form you do not have, check with your local bank, post office or nearest IRS office.

Unlike most other fish, the tarpon can breathe air as well as water, says the Miami Aquarium.

Goldfish have been cultivated as food and pets by the Chinese for centuries.

It's The Law In Texas

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

Seven attractive sisters, each with long and luxuriant hair, opened a shop for the sale of hair tonic. Every day they took turns sitting in the show window, combing and brushing their tresses. The performance was such a sensational success that the sidewalk was jammed all day long.

But when a neighboring merchant complained in court, the judge ordered the show halted. He said it was improper to crum up business in a way that shut off the public sidewalk and blocked access to adjacent stores.

Of course, catching the public eye is a lawful and proper activity. But the methods used must not infringe unduly on other legitimate interests in the community.

Thus, just as a too-sensational window display may be curbed, so may a too insistent sound.

For example: A music shop placed a phonograph in the doorway, played it relentlessly from morning to night. The volume was so loud that clerks in a nearby store developed headaches, grew jittery, and lost interest in their work.

A court held that this, too, was an abuse of the right to advertise — and ordered the volume turned down.

Safety, also, may justify limits on the ways and means of advertising. A court held unlawful a sign in front of a barbershop, so low-hung that it menaced the heads of passing pedestrians.

On the other hand, regulation must be reasonable. An arbitrary ban on a particular type of advertising, not reasonably related to a valid community purpose, may be held unconstitutional.

One city passed a law aimed at getting rid of the sign-carrying "sandwich man." But the law was promptly challenged in court.

Was it justified as a means of keeping the sidewalks clear? Yet it still allowed signs carried by pickets — presumably, just as much an obstruction of the sidewalks.

Was it justified as a means of keeping the city beautiful? Yet it still allowed signs carried on street cars and busses — presumably, no more attractive.

Result: the law was held unconstitutional. The court said the city could not, in such an unfair and arbitrary manner, "at one stroke wipe out a long standing form of cheap advertising."

ACHES AND PAINS seem to prompt the poses of these two youngsters in Oslo, Norway, but actually they are performing one of the latest dances, in which such contortions as these are an integral part.

Red Cross News

By LIBBY SHOTWELL
Karon Gikas and Libby Shotwell went to the Amarillo Air Force Base Hospital Thursday morning and took Christmas to the patients in the hospital from our chapter. The 50 stockings were nice and the field director stated that the servicemen who would not be released from the hospital would be assured of a good Christmas. The bedside favors from Robert E. F. Lee school were small red Santa Claus holding candy canes for each serviceman. The boys also made miniature figures from pecans which will bring many a smile from the servicemen. The day room was decorated with angels made by Lee school last year and Christmas trees from the year before. Our thanks to the art dept. of Robert E. Lee and to Mrs. Eugene Olds for the many clever favors made for the hospital.

Our thanks for the cooperation of Pampa High School with the "White Christmas" and to Boy Scout Troop 34 from the First Christian Church for their contributions for cans for the small Christmas baskets for our elderly friends. Contributions of money and food articles have been given to this project. The Red Cross has been glad to work with the Welfare Index in trying to see that all families here in Pampa have a Merry

New Perryton Hospital Dedicated

PERRYTON — The new \$1,400,000 Ochiltree General Hospital was dedicated in ceremonies held yesterday.

The Red Cross volunteers had a lovely party in the City Clubroom Tuesday, Dec. 20. Miss Gernell Meador and Mrs. Jack Foster were present for the meeting. Miss Meador urged all volunteers to meet with the new dietitian at Highland General Hospital after Christmas. The group decided to meet Jan. 4 in Highland Hospital at 4 p.m. Mark this date on your calendar, girls, and plan to be present at this important meeting. Gift exchange and refreshments was enjoyed by the group.

Merry Christmas and a happy new year to each of you. May the new year find peace and prosperity for each one. This is the Christmas wish of your American Red Cross.

Mrs. Audie Conley, widow of one of the five original members of the hospital board, unveiled the dedication plaque. Mrs. Ray Huston unveiled a portrait of Dr. G. L. Kengle, in whose honor the hospital lobby is dedicated.

Dr. Robert Stephenson, Ochiltree Hospital district board president, gave the dedicatory address following invocation by the Rev. James E. Tidwell, First Methodist Church pastor. Greetings were extended by Spencer P. Whipple, Perryton mayor, and Clarence Morris, Ochiltree county judge.

Public tours were conducted through the new facilities throughout the afternoon.

The 41,000 square foot structure is designed to serve Ochiltree County as well as nearby Texas, Oklahoma, and Kansas counties.

First patients are due to be accepted in the hospital by mid-January.

Harvesters Host Perryton Cagers, Eye Hobbs Meet

By RON CROSS
Sports Editor

Pampa's offense-happy Harvesters play host to dangerous Perryton tonight in a non-conference basketball game, beginning at 8 p.m. in Harvesters Fieldhouse.

The Pampa Shockers, 12- and riding a six-game winning streak host the Perryton B in a game that will get underway at 6:30 p.m.

Both the Harvesters and Shockers were victorious at Perryton earlier in the season, the varsity winning 76-58.

Coach Terry Culley's host-shooters are in the midst of a

two-game winning streak and have lost but once in 13 outings, 52-48 to Monterey.

Pampa is 4-1 in league play, good for a tie with Amarillo's Sandies. Tascosa is the league leader in the first half of play with a perfect 5-0 mark.

All Amarillo and Lubbock teams are in tournaments this week and Pampa will journey to Hobbs, N.M. early Wednesday morning where they meet Lovington, M.M. in an 8:15 p.m. Wednesday game in the first round of the Hobbs tournament.

Perryton has lost but four times in 11 outings and has two tournament victories to their

credit, winning the Quannah and Perryton meets.

The Rangers have scored over 60 points in every game, save one, their initial outing against the Harvesters.

The Rangers have three players averaging in double figures in 5'11 guard Mike Hargrove, who is averaging 20.6 points per game and Charles McLarty, with a 13.7 average and Bob Gobin with a 11.3 average.

In the first game between these two old rivals McLarty scored five, Gobin 16 and Hargrove 14.

The Harvesters reached their peak, offensively last week against Caprock when they downed the Horns, 90-75.

Pampa has the best offensive average in district 3-4A, 64.4 points per game and one of the worst defensive marks, 56.2 per game. For the season Pampa has averaged 69.6 points per contest and has given up 54.1 per contest.

Four Harvesters are averaging in double figures with George Bailey setting the pace with a 19.7 average followed by Bo Lang at 17.4, Steve Williams at 13.5 and Rick Foster, 12.1.

In conference play Bailey is third with a 17.4 average, followed by Lang at 17.2, Williams at 14.1 and Foster, 11.4.

Pampa swings back into conference action Jan. 3 when they host unbeaten Tascosa in a game that will probably decide how many teams tie for first place in the first half of the race or if Tascosa wins it outright.

The two teams meet in Harvesters fieldhouse.

The Rebels still have to play the top three clubs in the district, Pampa, Amarillo and Monterey.

The Harvesters travel to Lubbock, Jan. 6 to play the West-erners.

Aussies Favored To Take Games

MELBOURNE (UPI) — Australia remained an overwhelming favorite to beat India in at least one of the final two singles matches Wednesday and retain the Davis Cup for another year despite one of the great upsets in tennis history by the Indians.

Ramanathan Krishnan and Jaidip Mukerjea, run ragged by Australian aces Ired Stoll and Roy Emerson in Monday's singles, came back Tuesday to beat John Newcombe and Tony Roche, rated the world's best doubles team, 4-6, 7-5, 6-4, 6-4.

The startling reversal still left the Indians at the short end of a 2-1 score and with the unenviable task of having to win both remaining singles to bring home the prized tennis Cup for the first time ever.

Emerson, the reigning Australian champion and a former Wimbledon and Forest Hills, gets first chance to put the Cup away Wednesday when he plays Krishnan. The final match of the Challenge Round sends Stolle, the current U.S. National champion who is at the peak of his career, against the inexperienced Mukerjea.

Harry Hopman, manager of the Australian team, predicted today that Emerson would wrap it up and the Australians would win 4-1.

"But it won't be the walkover everyone expects," said Hopman. "Krishnan is playing damned well but Roy should beat him. I was surprised at the Indian team's grand showing following their beating in the singles."

Hopman said there was no complacency on the part of Roche and Newcombe.

"They wanted to win because of their own reputation and not live on the reputation of Emerson and Stolle," he explained.

NEW FIELD, NEW UNIFORM for Ensign Roger Staubach, Navy's All-America quarterback and Heisman Trophy winner, who's now a supply officer at a naval base at Da Nang, South Vietnam. He still finds time to toss a football occasionally, and here he shows South Vietnamese guards how to hold the pigskin properly.

Pass Thefts Are Key in Shrine Star Contest

MIAMI (UPI) — Interceptions were the hallmark of the 1966 Shrine North-South All-Star game, and two of them knocked the Rebels out of a chance to rattle-dazzle from behind the way they like to in this series.

The Yankee team, full of stars from Notre Dame, Michigan State, Ohio and Illinois, won it 27-14 Monday night before 28,589 fans in the Orange Bowl.

The South has made coming from behind nearly a tradition in the annual charity game but a last-quarter interception by Army's Dean Hansen cut off the last slim hope of the, this time.

This was the first of the major post-Christmas bowl games which will be followed by:

Dec. 31, Tennessee vs. Syracuse in the Gator Bowl at Jacksonville, Fla.; Georgia vs. Southern Methodist in the Cotton Bowl at Dallas; East-West Shrine game at San Francisco; Jan. 2, Alabama vs. Nebraska in the Sugar Bowl at New Orleans; Purdue vs. Southern California in the Rose Bowl and Georgia Tech vs. Florida in the Orange Bowl.

It was a defensive battle all the way. The heroes were spread around but, significantly, the most valuable players were Pete Duranko of Notre Dame for the North and Gene Trosch of Miami, Fla., for the South — a couple of defensive linemen.

Trosch, Miami teammate Tom Beir and their reserve defensive band kept the Yankees out of the end zone in the first quarter, but Tom Crockroft of Adams State kicked two field goals — of 31 and 35 yards. He also converted after each of the three North touchdowns.

Meanwhile, at Stanford where the West is practicing for the game which will be the Shrine Crippled Children's Hospital, Lloyd Phillips, the big defensive end from Arkansas, checked in to bring the squad up to its 26-man limit.

Head coach John Ralston put Phillips, delayed because of illness in his family, to work right away. Ralston also had Ray McDonald, the big runner back from Idaho, operating defensive end again in place of the injured Tom Greenlee of Washington. Greenlee has a pulled leg muscle.

ORANGE BOWL

Spurrer Has Lots of Help

GAINESVILLE, Fla. (UPI) — Heisman Trophy winner Steve Spurrer may be the nation's most exciting college football player but he isn't the whole show for the Florida Gators, as Georgia Tech will find out Jan. 2 in the Orange Bowl at Miami.

While Spurrer was dominating the headlines with his heroics at quarterback, sophomore tailback Larry Smith was pounding his way almost unnoticed to the Southeastern Conference rushing title with 742 yards gained.

Spurrer and Smith were joined in the All-SEC backfield by Gator flankerback Richard Trapp, a slender junior who set conference records for passes caught (63) and yards gained on receptions (72).

Florida also placed guard Jim Benson and center Bill Carr on the All-Conference — offensive team, to claim five of the 11 positions.

Can Be Stopped

Despite this awesome offense and a pretty good defense, it has been demonstrated that the Gators could be stopped by big, hard-nosed teams like Georgia and Miami.

Georgia defeated the Gators 27-10, and Miami manhandled them for nearly three periods to win 21-16 despite a late Florida surge.

The best way of stopping Spurrer from completing passes is to catch him before he throws the ball or to force him to throw before his receivers are open.

Even a hard rush isn't foolproof, however. Spurrer had his "worst" day of the year against Georgia — and even then he completed 16 of 29 passes for 133 yards.

The 203-pound senior quarterback from Johnson City, Tenn. was the nation's most accurate passer this season, completing 179 of 291 passes for a .616 average. The completions were good for 2,012 yards and 16 touchdowns.

—Interceptions

He gave up only eight interceptions, five of them coming in the Georgia and Miami Games.

Passing is just one of Spurrer's accomplishments, however. He did all of his team's punting and finished with a 40.8 yard average. He also kicked three field goals, good for 25, 40 and 41 yards. While running is not his

strong point, he is a good scrambler and managed to finish the season with a net 66 yards rushing despite having been caught for losses a number of times while trying to pass.

In compiling an 8-2 record this season, Florida beat Northwestern, Mississippi State, Vanderbilt, Florida State, North Carolina State, Louisiana State, Auburn and Tulane.

St. John Falls In ECAC Tourney

By United Press International

There may be no place like home for the holidays but it didn't turn out to be a very cheerful place for St. John's.

The unbeaten Redmen, ranked 11th in the nation and pre-tourney favorites to win the prestige-laden ECAC Holiday Festival Basketball Tournament, were the first victims in their own backyard Monday as the first of 10 college holiday tournaments around the nation started.

St. John's took a short trek from its Queens, N.Y., campus to Madison Square Garden but was dumped by a Northwestern team that came halfway across the country to take a 62-60 verdict on Dan Davis' three-point play with one second remaining.

Northwestern, rated Michigan State's top contender for the Big 10 crown this season, now moves into Wednesday's semifinals of the tourney along with Providence, St. Joseph's and Rhode Island. It'll be St. Joseph's vs. Rhode Island and Northwestern vs. Providence.

St. Joseph's of Philadelphia pulled another stunning upset as it beat defending NIT champion Brigham Young 67-61. Providence ripped Duquesne 82-55 as Jimmy Walker put on a sensational one-man show, and Rhode Island ran up a new tourney scoring record while routing St. Bonaventure 109-79.

Tournament

Action will pick up tonight around the nation with many of the teams in the 70 tournaments swinging into action.

Besides the ECAC tourney, the spotlight will be on the Los Angeles Classic, the Quaker City Festival and the Sugar Bowl tourney.

Labor Trouble Ends, Races Go On

ARCADIA, Calif. (UPI) — Santa Anita's winter race meeting, given a last-minute reprieve through settlement of a threatened strike, looked forward to a good season today with no labor trouble after Monday's opening that almost failed to materialize.

With the strike threat ended less than 10 hours before the start of racing, the opening day's attendance fell from an anticipated 70,000 to 50,264 and the parimutuel handle was slightly below expectations at \$3,066,455.

Liangollen Farm's Pretense raced to a half length victory in the \$29,200 Palos Verdes Handicap, traditional opening day feature, under a strong ride by jockey Willie Shoemaker who gave a hint of things to come by winning three races on the first day's program.

Pretense, a lightly-campaigned 3-year-old, outgamed a field of nine sprinters in the fast six furlong time of 1:09.15 as a lukewarm favorite. Hoist Bar finished second and Aurelius II was third while Time Tested, a stablemate of Horse of the Year Buckpasser, was fourth under top impost of 122 pounds.

"I can't really remember the last time I got off so good as start as today," declared the usually laconic Shoemaker after his third win.

feature, under a strong ride by jockey Willie Shoemaker who gave a hint of things to come by winning three races on the first day's program.

"I can't really remember the last time I got off so good as start as today," declared the usually laconic Shoemaker after his third win.

UCLA STILL NO. 1

Cards in Second Spot

NEW YORK (UPI) — The state of Kentucky is as big as ever in the college basketball picture, but this year the action has shifted some 75 miles northwest of where it usually happens.

This season it's the University of Louisville, not Kentucky, that is keeping the basketball tradition strong in the Bluegrass State and while UCLA seems to be in the class of the hardcourts thus far, the Cardinals don't appear to be too far behind.

Louisville continued its brilliant play this past week by boosting its record to 8-0 and in so doing became the leading challenger to UCLA in the weekly United Press International Board of Coaches major college ratings. Only games through Saturday, Dec. 24, count in the ratings.

Louisville, which hasn't had this kind of start since the 1960-61 squad won 13 in a row at the beginning of the season, by-passed North Carolina in the

majority of the 35-man UPI board named the Cardinals as the nation's No. 2 team.

The coaches, however, were nearly unanimous in their choice of UCLA as the No. 1 team for the fourth straight week. The Bruins were named first on 34 of the 35 ballots cast with one coach still stubbornly maintaining Texas Western's supremacy.

7 Straight

The Miners, despite the loyalty of one coach, could not move from the No. 4 position they occupied last week as North Carolina continued along the unbeaten path with seven in a row to hold the third spot.

There was very little change among the top 10 this week with only Michigan State and Kansas suffering major setbacks. The Spartans suffered their first loss of the season to Loyola (La.) and dropped from fifth to eleventh while the Jayhawkers were beaten by St. John's and fell from ninth to 12th.

New Mexico, which has won seven of eight contests, moved up one notch to fifth after beating North Dakota and Creighton; Cincinnati, undefeated in seven games, advanced one place to sixth after beating Colorado and Texas Christian, and Vanderbilt vaulted from 11th to ninth after whipping Florida and Northwestern.

UPI Picks Landry As Coach of Year

NEW YORK (UPI) — Tom Landry, who nursed the Dallas Cowboys from birth to the full-fledged adulthood of an Eastern Division championship, today was honored as the 1966 National Football League's Coach of the Year by United Press International.

Landry, a balding 42-year-old graduate of the New York Giants coaching school which also produced Vince Lombardi of the Green Bay Packers and Bill Austin of the Pittsburgh Steelers, was selected on 18 of the 47 ballots cast by experts in each league city.

Lombardi, whose Packers will meet the Cowboys in the NFL's championship game on Jan. 1 at Dallas, was runnerup with 10 votes while George Allen, rookie mentor of the Los Angeles Rams, drew eight.

Landry, then a defensive backfield coach for the Giants, was fingered by owner Clint Murchison Jr. and general manager Tex Schramm from the Dallas job on Dec. 28, 1959, a full month before the organiza-

tion actually landed an NFL franchise.

The astute Texas native suffered through the birth pangs of an 0-11-1 season in 1960, the first year of play for the Cowboys. The Cowboys' progress was slow but steady, finally resulting in a second place finish and a trip to the playoff bowl last year and ultimately to the Eastern Division title.

Of the 36 players selected from the NFL expansion player pool prior to the opening season, Landry has retained only two players — linebacker Jerry Tubbs and end Frank Clarke — on his current roster. He built the present team through a succession of trades and remarkable success in signing draft choices and especially free agents.

A Dallas resident since 1957, Landry was a halfback at the University of Texas and was a star of the All-America conference in his rookie season with the New York Yankees. When the NFL absorbed the AAC the following year.

Sooner State Quail Hunting Still Good

By RON CROSS

"These old bones aren't made for walkin'..."

This is the title to a new song we are thinking of writing after going quail hunting for the first time this season Christmas Day.

We did find out, though, that Western Oklahoma is still the "Quail hunting capitol of the world."

The birds are still there and if your dog can stand the grass burrs there is no limit to the quail you can bring home. Providing, of course, you don't run into a game warden.

After being shoved out of bed early Monday morning and groaning for a full hour with the shoulder and leg miseries we have decided the ideal thing to take quail hunting is a golf cart.

Sound silly? Stop and think a minute. No more walking, no more charley horses.

The quail weren't running as much this year as they did in '65; they held tight for our dog, Suzie, owned by Jim Cross, an Elk City, Okla. fireman, and I nearly stepped on a covey two different times.

The birds didn't seem to be flying as fast as usual or the

gun I was using was better than average.

If you miss a shot you always blame it on the gun or shells, never on yourself.

But the birds were getting up so close and so slow it was almost impossible to miss, for me at least.

Now the fellow I was hunting with got only one bird and must have shot 50 times. I think it

must have been doing something besides hunting a couple of weeks ago.

The birds were plentiful and old Suzie worked well when she wasn't having to bite the grass burrs out of her feet.

We had just barely gotten out of the car when she pointed one covey.

We walked a couple of 100 yards and had gotten up two

When we were returning to the car the covey we had gotten up the first time got up again and it appeared they flew over a hill.

The old redhead decided he'd walk up a canyon just in case the birds had doubled back. We were at the end of the canyon and at the bottom of the canyon wall saw what appeared to be cow chips.

But it was that covey again and up they flew in a big gob. They didn't spread and one shot brought down three birds, which made our limit.

The Eakins are some of the nicest people in the world, we have been hunting on their place for a 100 years and there seem to be more quail every year.

We were offered a turkey dinner for Christmas and for that we are grateful. The people of this area couldn't be more friendly.

We saw two coveys of birds crossing the road while driving to the ranch and three more coveys crossing while returning to town but couldn't shoot any of 'em.

Oklahoma has a new law that states you can't shoot quail from the side of the road anymore.

This takes care of some of the people that pot shoot quail, but they aren't sports anyway.

The people in this area have a very unique way of having their newspaper delivered.

The daily paper is dropped, almost on their front porch by airplane every morning.

We start on our vacation today and you guessed it, its back to Oklahoma quail hunting.
