10 PAGES TODAY

**HELPING THE UNITED WAY** - Girl Scouts of Troop 77 are shown helping the needy out as they stuff envelopes in the United Fund office. It is one of many projects performed by both Boy and Girl Scouts as they help in shipping the "United Way." Shown in the picture are Elaine Adams, left, and Teresa Hayes.

## President Signs Into Law \$70 Billion Defense Bill

### Johnson Warns It May Not be Enough

**JOHNSON CITY, N.Y. (AP)** - President Johnson signed Saturday the National Defense spending bill, a \$70 billion bill that he said is not enough to meet the needs of the United States.

Johnson said the bill is not enough to meet the needs of the United States. He said the bill is not enough to meet the needs of the United States. He said the bill is not enough to meet the needs of the United States.

### Petition Is Filed Asking Action on Property Cleanup

A petition was filed Saturday asking the state to take action on property cleanup. The petition was filed by a group of citizens who are concerned about the state's property cleanup program.

### Business Up in State

Business is up in the state, according to a report from the state's economic development department. The report shows that the state's economy is growing and that there is a strong demand for goods and services.

## Appeal Sounded For Help in Flooded Areas

An appeal was sounded Saturday for help in flooded areas. The appeal was made by the state's emergency management agency, which is working to coordinate relief efforts for the thousands of people who have been displaced by the floods.

### Hussein, Nasser Huddle on Mideast

King Hussein of Jordan and Egyptian President Gamal Abdel Nasser are huddling on the Middle East situation. The two leaders are expected to discuss the current tensions in the region and to seek a way to resolve the conflict.

### Maó Reported In Full Control Again

Maó is reported to be in full control again. The report comes from a source who has been in contact with Maó's forces and who says that they have successfully re-established their control over the area.

## Commie Gunners Resume Heavy Fire Near DMZ

Communist gunners resumed heavy fire near the Demilitarized Zone (DMZ) on Saturday. The fire was directed at South Korean positions and caused some damage. The incident is part of the ongoing tensions between North and South Korea.

## Soviet Cosmo Looks to Space

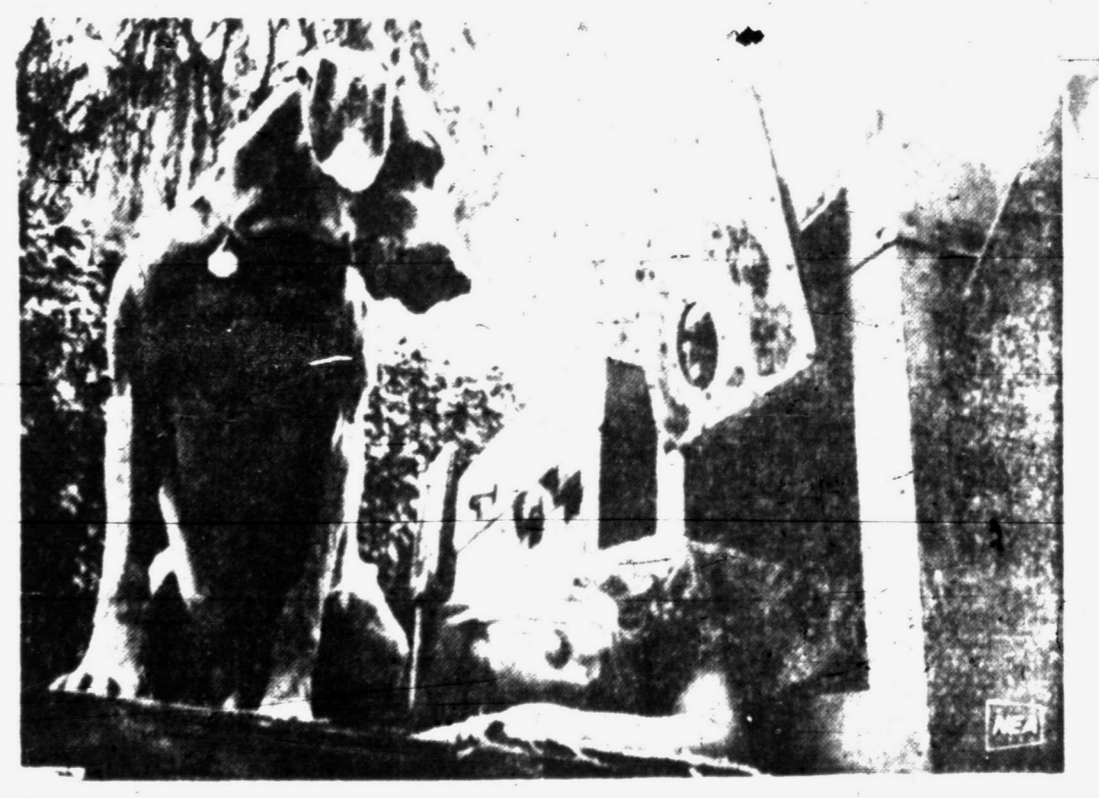

MOSCOW (UPI) - Soviet cosmonaut Alexei Leonov is set to make a space walk in 1968. Leonov is one of the most experienced cosmonauts in the world and his mission is expected to be a major milestone in the Soviet space program.

## Pampa Jaycees, Phillips Donate House to Girls Town

Homeless girls at the Burger Annex of Girlstown, U.S.A. are now housed in a new house donated by the Pampa Jaycees and the Phillips Petroleum Company. The house is a two-story building and will provide a safe and comfortable living environment for the girls.

# Children Not Turning Their Backs on Religion

BY LOUIS CASSELL  
A child is a miracle to be treasured and protected. I will not let the agencies of the United Church of Christ, Episcopal Church, Roman Catholic Church, and others, who may be competitors of my own, but who are not competitors of my own, to turn their backs on the Jews. The child is a miracle to be treasured and protected. I will not let the agencies of the United Church of Christ, Episcopal Church, and others, who may be competitors of my own, to turn their backs on the Jews.

Assuming that He really exists and affects me, I will not let the agencies of the United Church of Christ, Episcopal Church, and others, who may be competitors of my own, to turn their backs on the Jews. The child is a miracle to be treasured and protected. I will not let the agencies of the United Church of Christ, Episcopal Church, and others, who may be competitors of my own, to turn their backs on the Jews.

Talk to me inwardly, I will not let the agencies of the United Church of Christ, Episcopal Church, and others, who may be competitors of my own, to turn their backs on the Jews. The child is a miracle to be treasured and protected. I will not let the agencies of the United Church of Christ, Episcopal Church, and others, who may be competitors of my own, to turn their backs on the Jews.

# Jews Leaving Morocco Land

By PETER A. GASKELL  
RABAT (UPI)—The native Jewish population of the North African kingdom of Morocco is shrinking rapidly as a result of the June war in the Middle East.

Confidence of Moroccan Jews in their future in this country was shattered by the effects of the Israeli-Arab war. The attitude of the mass of the Moslem population since June has made life difficult for our people, explained one Jewish leader. A particularly effective tactic employed by many of Morocco's 13 million Moslems, he said, has been the boycott of Jewish shops, businesses and professional men.

# Castro Brags on Cubs Arms Might

HAVANA (UPI)—Fidel Castro, blasting the recent strengthening of a hemispheric boycott against Cuba, said today the combined forces of America wouldn't last 24 hours if they tried to invade his Communist-controlled island.

Castro saved his strongest words in the three hours and 17 minute speech which lasted past midnight Thursday to denounce the recent decision of the Organization of American States (OAS) to apply more pressure against Cuba for its subversive activities throughout Latin America. MISSILE SHIP DOCKS PORTSMOUTH, England (UPI)—The guided missile cruiser U.S.S. Springfield docked Friday for a one week visit to Portsmouth, where a program of dances and receptions has been scheduled for her 1,300-man crew.

# US, Soviets Are Working on Mideast

NEW YORK (UPI)—The United States and the Soviet Union are quietly working for a permanent Mideast settlement along similar lines, U.S. State Department officials said.

However, they stressed neither country is in a position to dictate a solution for Arab-Israeli tensions. Although much patient and quiet diplomacy is going on, U.S. officials stressed a resolution to the Mideast conflict is still a long way off.

# FAA May Get More Authority

WASHINGTON (UPI)—The Federal Aviation Administration may get more authority to regulate airlines and airports, according to a report by a Senate subcommittee. The report says the FAA has been ineffective in its efforts to regulate the industry and that more authority is needed to ensure safety and efficiency.

Parents often complain of their inability to communicate with their teenagers. In real life, it's not that simple. I've missed a bus. But one day, I was in a car accident. Even now, I miss that. The student tells his parents that he arrived at school with certain convictions and ideas about life, but these have been shaken and by now, he's completed to reconsider all of his most basic beliefs.

Here are some passages from the letter home which poignantly express the fierce honesty and the questing spirit of today's youth. I have started for the first time in my life to examine just what I believe, and now I realize that I never had a strong, deep faith in God. I am not going heaven. I am not giving up. I am not lost. I am only looking. I have certain questions which I must find answers to, and some can provide them for me. I must find them for myself. I must question, I must accept nothing and reject nothing, and accept nothing and reject everything.

More than once, I've missed a bus. But one day, I was in a car accident. Even now, I miss that. The student tells his parents that he arrived at school with certain convictions and ideas about life, but these have been shaken and by now, he's completed to reconsider all of his most basic beliefs.

# Romney Meets With Boston Negro Leaders

BOSTON (UPI)—Michigan Gov. George Romney met today with Negro community leaders to discuss means of averting the threat of widespread guerrilla warfare in our cities.

Romney flew to Boston Thursday night from Philadelphia on the last leg of a 20-day tour of urban centers and ghettos. He flew to Pittsburgh early Saturday. In 1955, President Dwight D. Eisenhower suffered a heart attack while vacationing in the country since the Middle Ages.

### TREAT THE FAMILY

October 2<sup>nd</sup> THRU 7<sup>th</sup>

All of the Pampa Jaycee's proceeds taken during this time, goes to Girl's Town Annex between Pampa and Borger. These funds will be used to remodel the house given to the girl's plus many hours of labor donated to this worthy cause from each Jaycee. Support this fund raising project, take the family and enjoy yourself at the Sonny Stafford Shows October 2 through the 7th.

# "Ever had a Newspaper Route?"

When a young man applies for a job he really wants—a job with "a future"—he is very apt to be asked, "Have you ever had a newspaper route?" His answer to that question may well decide whether or not he'll get the job.

Why? Because more and more employers are realizing that former newspaperboys already have a solid business background.

They've bought newspapers at wholesale—sold them at retail—and operated a business of their own. They've already learned that the only way to conduct a successful business is to give service... to keep present customers satisfied... and to get new customers.

Many of today's executives were yesterday's newspaperboys. They know that a newspaper route is the one part-time job open to a Young American that teaches initiative, the value of money and the importance of getting along with people.

Yes sir... there's no doubt about it. For jobs with "a future", employers prefer former newspaperboys.

If you have a son that you think might be interested in a newspaper route, why not write or phone us.

# Night Courses To Be Offered At High School

Enrollment for the Pampa Vocational and Industrial Institute will begin tomorrow at the main office of Pampa High School. Enrollment will also be held Oct. 9. Hours for both registrations will be 6:30 p.m. to 8:30 p.m.

Courses offered will be for job placement, aid in securing employment, or for pleasure, according to a school official. No high school diploma is necessary for enrollment. It was emphasized, but credits in the night school may be applied toward a high school diploma if desired.

Courses are slated to start Oct. 16. Offerings will depend on the number of persons who sign up for each course. A minimum of 18 persons must register for a course before it will be offered, a school official said. In the event a course does not materialize, persons who have enrolled will be notified and their tuition fee will be refunded.

Courses will last 15 weeks, and tuition charges for each semester will be \$24. Classes have been tentatively set for Monday nights from 6:30 to 9:30. Further information on the program may be obtained by calling the Pampa High School office at MO 4-6883.

Courses to be offered are: basic English, vocabulary building, business mathematics, typing I, typing II, beginning shorthand I, shorthand II, medical stenography, data processing, general accounting, conversational Spanish, machine shop, welding, auto mechanics, drafting and blue print reading, electronic trades, and physical education for girls.

# Pampa Physician Transferred To New Reserve Post

Dr. Marvin A. Eery of Pampa, who joined the Air Force Medical Flight Reserve at Carswell AFB in Texas last year, is being transferred to the 477th Medical Service Flight at Reese AFB in Lubbock.

Maj. Don L. Renner, commander of the 477th at Reese AFB, also announced Saturday an immediate need for qualified physicians and registered nurses to fill vacancies in the unit.

Some openings, he added, are available for professional personnel. Qualified, interested personnel should contact the Reserve personnel Section, or the 477th Medical Service Flight, Reese AFB, Lubbock, Texas.

# Two Promotions Announced At Cabot Machinery Plant

H. P. Donohue, general manager of Cabot Corp. Machinery Division today announced the promotions, effective today, of W. D. Forsha from manager of manufacturing to assistant general manager of the Machinery Division, and Robert W. Macbeth from assistant manager of general accounting in Boston to controller of the Machinery Division.

Forsha graduated from Indiana State Teachers College in 1939 with a B.S. degree in mathematics and science. Before coming to the Machinery Division as chief chemist in 1943, he worked for Braeburn Alloy Steel Co. and A.M. Byers Steel Co. He held positions of metallurgist, chief metallurgist, and factory control and office manager before his promotion to manager of manufacturing in 1960.

Forsha, his wife Gladys, and their daughter Jo, a Pampa High School student, reside at 2111 Chestnut. Another daughter, Mrs. Sherrill Miller, resides in Orrsville, Ohio.

Macbeth, a native of Yonkers, N.Y., received a E.S. degree in business administration from New York University in 1956. He worked in New York City in the International Division of General Electric Co. for four years and later for Lily-Tulip Cup Corp., where he had been manager of general accounting before coming to Cabot last November.

Macbeth is an elder in the Presbyterian Church. He and his wife Ann will move to Pampa around Nov. 1.

# Business

(Continued From Page 1) be felt in Texas business," he said.

Most indicators of Texas business rose in August. Crude oil production was up 2 per cent, industrial power use up 3 per cent, life insurance sales up 10 per cent, and freight loadings up 5 per cent.

There were declines of 3 per cent in crude oil runs to stills, 2 per cent in total power use, 1 per cent in manufacturing employment and 1 per cent in average weekly hours worked in manufacturing.

Most cities registered gains. From July to August business increased in Austin 12 per cent, Beaumont 8 per cent, Dallas 18 per cent, El Paso 7 per cent, Fort Worth 11 per cent, Galveston 4 per cent, Houston 3 per cent, San Antonio 1 per cent, Texarkana 8 per cent, Waco 7 per cent and Wichita Falls 14 per cent.

Declines were Abilene 5 per cent, Amarillo 4 per cent, Corsicana 2 per cent, San Angelo 7 per cent, and Tyler 8 per cent.

**The Old Timer's Club meets** at noon Oct. 6 in Lovett Memorial Library. All who have lived in the Pamhandle area 50 years or more are asked to attend and to bring a covered dish to the luncheon. Pictures of the Indian Creek area will be shown by Mrs. Joe Tolbert of Miami. Opal Fitzgerald will also bring photos for a program, according to Edna Vincent, chairman.

**Siamese kittens, MO 4-6569. Garage Sale, 612 Powell, all week. Stamps accepted. Garage Sale, furniture and miscellaneous 2537 Duncan, Saturday and Sunday.**

# U.S. Denounces Sentencing Of American by E. Germans

BERLIN (UPI)—The United States Saturday denounced as a "travesty of justice" the East German sentencing of an American spy to 15 years in a prison camp.

An East Berlin court Friday convicted Peter Feinauer, 27-year-old West Berlin resident, formerly of Providence, R.I., of being an agent of the central Intelligence Agency and helping refugees flee to the West. He was arrested Oct. 7, 1966.

An American spokesman here said the sometime taxi driver, photographer and art student had been held almost a year without learning the charges against himself and had been tried in secret.

In a strong statement the spokesman said the United States took a very serious view of the arrest.

Feinauer's German-born mother who lived here with him expressed disbelief her son was a spy and western officials suspected a frameup. They said the whole case looked peculiar.

The trial Friday was closed and American officials could not attend.

But an examination of the report on the trial carried by the official East German news service ADN led to the view that there did not appear to be much substance to the case cited against Feinauer.

The prosecution case as reported by ADN presented no specific evidence to back up the charges that he looked for East Germans who could be blackmailed into spying, and gave the CIA information on the East German school system, research organizations and "progressive forces" in West Berlin.

He also was accused of "posing as a progressive American citizen" to gain contacts with East German social and government organizations.

Feinauer graduated from the Classical High School in Providence in 1957 and came to Berlin with his mother in 1959 after his father died. Both his parents were born in Germany.

**CLOSE VILLA**  
ROME (UPI)—The Raphael-designed villa on Rome's Monte Mario Hill, used by the government for receptions for state guests, is being closed down as unsafe.

The villa was built by Antonio da Sangallo in the 16th Century from designs prepared by Raphael. The building will be closed pending the replacement of thousands of feet of wiring, a task which must be accomplished without damaging ornate wall paintings and stuccos.

**GREER HONORED**  
AUSTIN (UPI)—Dignitaries honored the Texas Highway Department Tuesday night on its 50th anniversary, but the evening turned into a testimonial for retiring State Highway Engineer D. C. Greer, called a "champion public servant" by former U.S. Rep. Joe Gilmore of Austin. The department has built highways from a few hundred miles in 1917 to some 68,000 today, and Greer's career began in 1927 as a construction engineer for the department. A \$50,000 endowment fund was opened at Texas A&M University in Greer's honor.

**DUTIFUL SON**  
HOF, Germany (UPI)—Authorities said Saturday a young Bavarian twice this week crossed Communist East German minefields, dodged border patrols, and spent three days visiting his mother.

The man, a 21-year-old construction worker, returned to the West Friday.

# Obituaries

**J. W. Wells**  
J. W. Wells, 87, a resident of White Deer, died at 8 a.m. Saturday in a Kerrville Hospital. Among his survivors are John Wells of Comfort and one daughter, Mrs. Lois Covington of Lynn.

Funeral arrangements are pending with Duénel Funeral Home here.

**Charles Owen Slavens**  
Funeral services for Charles Owen Slavens, 816 N. Nelson, were held at 2 p.m. Saturday in Duénel Funeral Home Chapel with Rev. M. B. Smith, Baptist minister, officiating.

The body will lie in state at the funeral home until 1:30 p.m. Monday. Military services by the Amarillo Air Force Base will be held at Fairview Cemetery Monday.

Survivors include five sisters: Mrs. Lela Pearl Reed, Pampa; Mrs. Marie Green, Riverside, Calif.; Mrs. Laura Haynes and Mrs. Annie McClume, both of Anchorage, Alaska; Mrs. Marie Alsop, Fort Worth; two brothers, Forrest Bowers, Pecos and Hugh Bowers, Lamar, Ark.; one niece, Mrs. Fern Burns and a nephew, Isaac Doom, both of Pampa.

Funeral services will be held at 2 p.m. Monday from the gravesite at Fairview Cemetery with Rev. A. G. Purvis, pastor of Hobart Baptist Church, officiating. Carmichael-Whitley Funeral Home Directors will direct services.

**Mark David Moxley**  
Mark David Moxley, 10 days old, died Thursday at Crippled Children's Hospital, Phoenix, Ariz. He is survived by his parents, Mr. and Mrs. Roy Moxley, of Phoenix and former residents of Pampa, a brother, Gregory Moxley of the home; grandparents, Mr. and Mrs. E. J. Moxley of Chandler, Okla., and Mr. and Mrs. E. A. Morse, Las Vegas, Nev.

Funeral services will be held at 2 p.m. Monday from the gravesite at Fairview Cemetery with Rev. A. G. Purvis, pastor of Hobart Baptist Church, officiating. Carmichael-Whitley Funeral Home Directors will direct services.

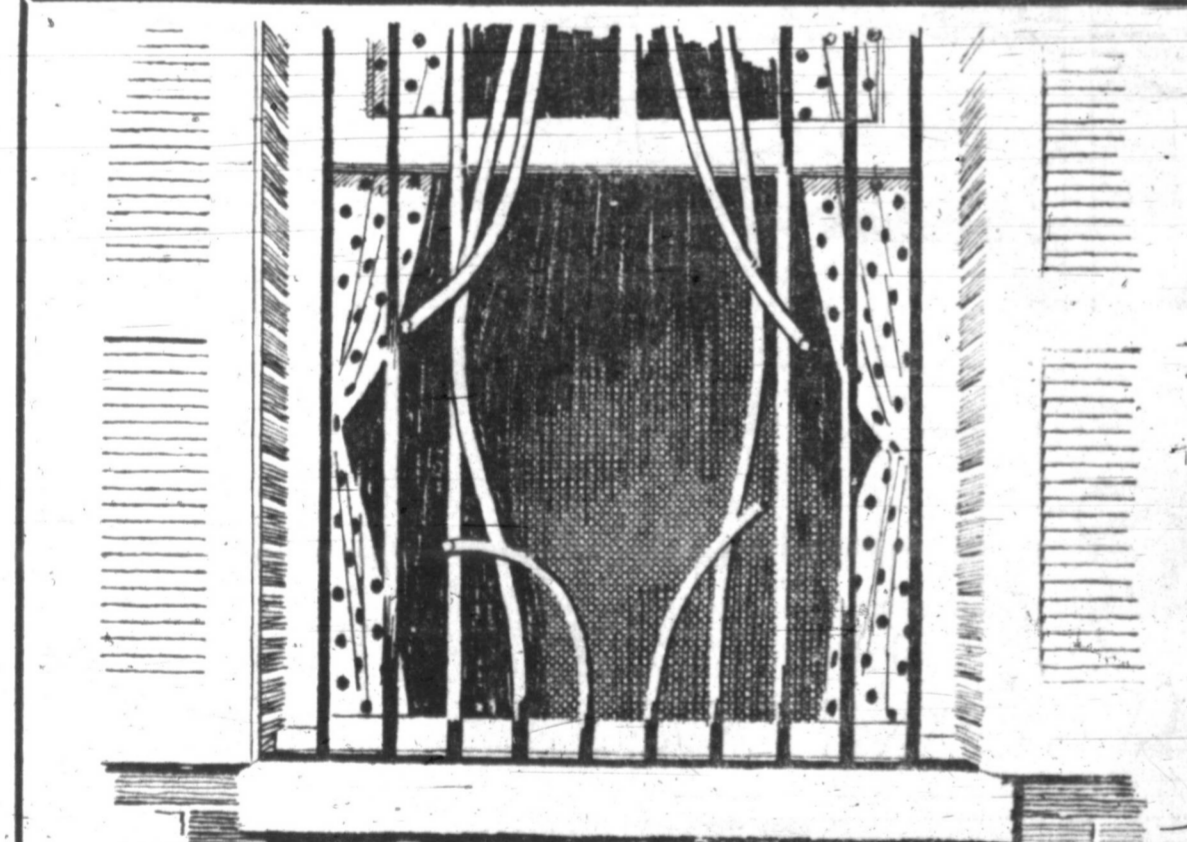

**Isaac Bowers**  
Isaac (Ike) Bowers died at 8:10 p.m. Friday at Highland General Hospital after an extended illness. A resident of 421 N. Hazel, he was born March 21, 1911, in Mobeetie. His father, Newton Bowers was the second sheriff of Wheeler County and also donated a plot of ground for the Mobeetie cemetery.

Funeral services will be held at 2 p.m. Monday in Duénel Fu-

NEW YORK (UPI)—Hornblower & Weeks Hemphill, Noyes says investors should derive reassurance from the "orderly fashion" in which the stock market has moved ahead—brisk advances followed by periods of consolidation. The analyst says such behavior encourages expectation of a further gradual recovery, possibly foreshadowing an attempt to surpass the early 1966 highs.

E.F. Hutton & Co. notes that declines are short-lived on the stock market despite the weakening technical background. Still, the analyst says, this weakness cannot be disregarded, so it recommends a less aggressive market approach with some increase in buying reserves.

Goodbody & Co. says much of the present strength of the market can be attributed to a relatively few investment-grade

# New Book Out About Former President JFK

By MERRIMAN SMITH, UPI White House Reporter  
WASHINGTON (UPI)—Back stairs at the White House, the "third annual John F. Kennedy memorial international field hockey tournament" will be held here Oct. 21-22 with participating teams from Canada, Germany, Mexico and the United States.

This has to be something of a pacemaker in naming objects and events for the late president. It comes at a time when some historians — not many as yet, but still a few —

are beginning to wonder about what one called the "instant canonization" of Kennedy.

Not that Logan tries to tarnish Kennedy. As a contemporary historian, the writer would view the late president with something approaching pragmatism which he cannot find in most of the posthumous best-sellers.

The current volume of "American Heritage" contains an intriguing article, "JFK: The Stained-Glass Image," by Andy Logan, a New York contemporary. "American Heritage" contains henceforth will not seem particularly worshipping of the Kennedy legend by authors or some 200 ardently admiring books about the late president—amazing bibliography which appeared on the nation's bookshelves within 36 months after his death.

There must be millions of Americans who, if they read Logan, will not like him, for many Kennedy remains an untarnishable, spiritual and inspirational figure whose memory must be held forever in a reverently golden glow.

Logan's point is that in many immediately posthumous works on Kennedy, authors, particularly tell-and-sell associates and friends of the late president, carefully avoided anecdotes and details that might have presented J.F.K. in anything but the best light. And if less-than-favorable details were included in some manuscripts, they were sponged out by various inspectors assigned by the Kennedy family, particularly by Mrs. Jacqueline Kennedy.

In the case of at least two major members of the Kennedy era, the manuscript inspector

was J. Kenneth Galbraith, former ambassador to India and one of Mrs. Kennedy's closer friends.

Galbraith Censor Galbraith, under authority of Mrs. Kennedy, excised or excised some passages in book manuscripts by Pierre Salinger, Kennedy's press secretary, and Paul Fay, one of Kennedy's White House intimates and Undersecretary of the Navy in the New Frontier administration.

Logan quotes Galbraith, a historian, as having pointed out recently that his deletions "involved the elimination of language or anecdotes, which, out of context, cast reflection on the dignity of the office of the president or which might, without purpose, have injured the feelings of personal friends of President Kennedy."

## Red Cross News

By LIBBY SHOTWELL, Executive Secretary ARC

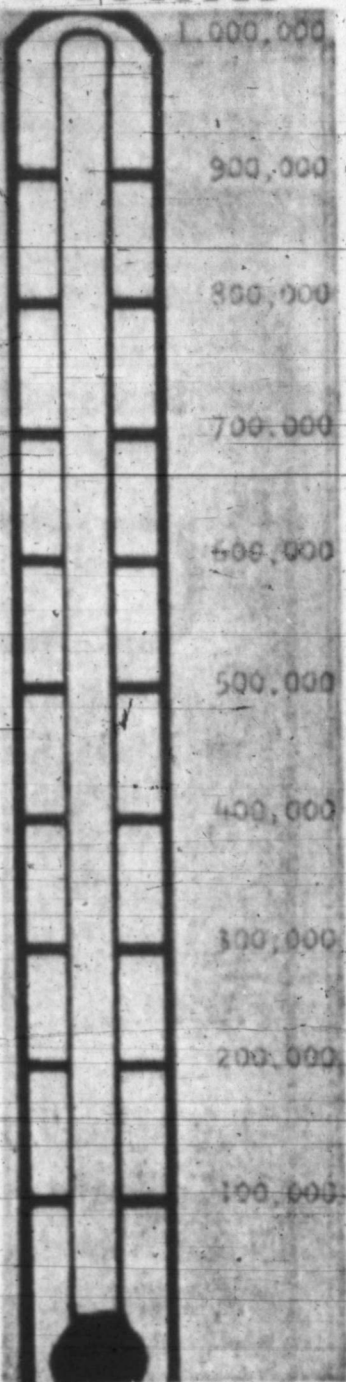

How grateful we are to our community — just let our people know what is needed, and they come through with things, for the victims of Hurricane Beulah with our ditty bags, working on our Panpa United Fund and with so many other projects of the American Red Cross. The Red Cross has an agreement with the Seventh Day Adventist Church to transport clothing to any disaster area. When we received the wire from National Red Cross that good used clothing was needed by the victims of Hurricane Beulah, we were amazed at the response. Thanks to the ladies of the Rebecca Lodge, who packed 1323 garments from the Welfare Index Store room to be sent to the disaster area by the "Seventh Day" Adventist Church, to the Golden Eagle, run by the Junior Service League, to our many friends who have given so generously of their clothing. There is a continuing need for good used clothing and if you did not get your garments into the Van that was sent to Amarillo, won't you please take the clothing to the Welfare Index Store room on the Amarillo highway at the Plainsman Motel. The clothing will be stored until the van is ready to take the articles to Amarillo to be sent to the south coast of Texas.

Time is growing short to complete our ditty bags. Thanks to Mrs. Dean Monday who made so many of them for us, to the B&PW Club who made and packed 20 bags for the boys in Vietnam; to the Golden Charity Breakfast Club who filled 20 bags to the Methodist Circles; to Patsy Morris, Mrs. Gene Barber, Wanda Watson, Mrs. J. J. Rance, Noel Thompson, J. W. Wilson, and Lewis Galland Ruby Cracker, the Southwestern's Club who will pack the bags, to so many others who have worked to make this program a success. The bags must be mailed October 10 to reach San Francisco by October 15th.

The Principal Teacher Sponsor breakfast was held Wednesday morning at the Fellowship Hall in the First Methodist Church with 26 members present. Invocation was given by Mr. Sam Begett, principal of Hillside Mann Elementary School with Mr. Dan Johnson, principal of Travis School presiding. A financial report was given by Mrs. Libby Shotwell for the enrollment drive for JHC and High School Red Cross in our schools. Magazines for each room in the school are purchased with the funds and a service program is carried on in the schools. Miss Sylvia Gilder, president of Panpa High Red Cross in 1966 was present and spoke to the group of her trip to Greece this summer. An exchange program with the Greek schools has been carried on in Panpa schools for the last several years. Miss Gilder said the people are very poor, but they work hard and are very thrifty. She enjoyed her visit to this country very much.

Have you decided which night you will take the Standard First Aid course? Classes will begin Monday evening at 7 p.m. in the cafeteria of the Panpa Junior High School — entrance by the north door, please, with films of Part 1 and Part 2 showing First Aid that will be studied. There will not be a lesson on Friday October 6th as the Community Concert will have their first program at the Panpa Junior High School, so please remember only 4 nights the 1st week with 5 nights all of the other lessons. Mr. Ray Fisher with Mr. Manny Holden will be the instructors for Monday night. Frank Stallings, Frank Converse and John Gikas will be the FAI for Tuesday evening. Mrs. Laura Converse, J. W. Wilson, and Lewis Galland Ruby Cracker will be the FAI for Wednesday evening. Mrs. B. D. Jamison, with Wilson Puryear will be the FAI for Thursday evening and Ted Gikas, Jim King and Fred Martin will be the FAI for Friday evenings (Other than the 1st Friday).

## One Million In A Month

**Hospitals Are No Longer Feared**

About fifty years ago, because surgery mortality in hospitals was one out of every four, it took courage to go to a hospital. Now for example, one hospital performed 2,856 "interval" appendectomies without a single death. But, if the appendix was perforated before the operation, mortality is higher.

The important moral from this is that all operations are less dangerous, if the diagnosis is early, and the operation performed before danger of a terminal condition begins. If your physicians say "operate now," it is usually wise to follow their advice.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby — we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

'CHARGE IT' ON WARD'S CHARG-ALL PLAN

# Oklahoma Sooners Hammer Maryland, 35-0

NORMAN, Okla. (UPI) — Young Oklahoma came of age Saturday as confident quarterback Bob Warmack piloted the Sooners past Maryland 35-0 in a non-conference football game played before 45,600 fans and regional television cameras.

The poised Warmack mixed running with passing as he astutely engineered scoring drives of 79, 96, 60 and 83 yards. The other drive, a 65-yarder, was directed by alternate quarterback Jim Burgar.

The shutout by Oklahoma broke a 65-game scoring streak by Maryland. The Terps were last blanked 34-0 by Texas in 1960.

Except for a flashing but scoreless passing barrage by Maryland quarterback Chuck Drimal in the second half, Oklahoma completely dominated the game.

Oklahoma rushed for 336 yards to Maryland's 62, but the Terps out-passed the Sooners 116 to 82.

Warmack, who played only

scarcely in the second half, completed seven of nine aerials for 76 yards and added 40 yards on nine rushes.

Tailback Ron Shott, scored on a 56-yard run, and Steven Owens on a five-yard plunge, and wingback Eddie Hinton belted over from five yards out as Oklahoma exploded for three touchdowns in the second quarter.

Oklahoma opened the scoring in the first quarter when end Joe Killingsworth recovered an Oklahoma goal-line fumble by Shotts in the end zone. Mike Yachon added his first of five extra points. He missed two fourth quarter field goal attempts.

A pass from Warmack to

end Steve Zabel for 19 yards added a fifth Sooners touchdown in the third quarter.

Oklahoma seemed to do no wrong, and capitalized on usual disastrous mistakes.

Near the end of the first quarter, Sooner Gordon Wheeler's punt was blocked by John Dill and Wheeler recovered on Oklahoma's 3.

The Big Red's stubborn defense held Maryland four consecutive plays and the Sooners took over on their own 1 where a 92-yard, 12-play scoring drive began.

Oklahoma, undefeated in two games, meets Texas in the Cotton Bowl at Dallas in the Sooners' next appearance Oct. 14. The loss was Maryland's season opener.

Oklahoma made 25 first downs, tying an all-time school record set in 1942 and tied in 1956.

Owens and Shotts each gained 129 yards to pace Oklahoma's ground attack.

Fullback Bill Lovett led Maryland's ground game with

33 yards on 14 carries.

Philadelphia (L. Jackson 13-14) at San Francisco (McCormick 21-10)

## South Carolina

### Downs Duke, 21-17

DURHAM, N. C. (UPI) — Fullback Warren Muir, whose marriage bounced him out of West Point and into South Carolina, plunged over from a yard out in the final minute Saturday to give the Gamecocks a 21-17 victory over Duke.

Muir set up another South Carolina touchdown with a long run capped by an eight-yard plunge by quarterback Mike Fair. Defensive end Dave Lucas shocked Duke with a touchdown on an end zone fumble recovery for the other Gamecock score.

Duke's Jay Calabrese scored the 22nd and 23rd touchdowns of his college career, a Duke record, and soccer style kicker Bob Riesenfeld booted a 37-yard field goal for the Blue Devils.

## GOVAN SIGNED

NEW ORLEANS (UPI) — The New Orleans Buccaneers of the American Basketball Association have signed Gerald Govan, 6-foot-10, former St. Mary's of Kansas star.

He led the AIA in rebounds in 1963 and was drafted by the St. Louis Hawks of the National Basketball Association. He played amateur basketball in Italy last year.

## Rice Sinks Navy, 21-7

HOUSTON (UPI) — Quarterback Robert Halley threw two touchdown passes and tailback L. V. Benningfield dashed 60 yards for another to give Rice a 21-7 victory over Navy Saturday night.

Halley, filling in for the injured Robby Shelton, hit Benningfield on a 24-yard scoring pass in the first quarter and then threw 33 yards to reserve end Dickie Phillips to put Rice ahead permanently early in the fourth quarter.

Then Benningfield, who had cost Rice a touchdown earlier by fumbling to Navy in the Middles' end zone, slashed off tackle at his own 40, cut back and outpaced the Navy secondary untouched for the clinching touchdown.

The run came on the first play after Rice had stopped a Navy drive which carried from the Middles 21 to the Rice 40. Navy scored in the second quarter on reserve halfback Jeri Balsly's seven-yard run. It was Navy's only effective drive of the night.

The Middles almost scored in the first quarter after recovering Benningfield's second fumble on the Rice 34. But Rice defensive back Hugo Hollis intercepted a pass in the end zone.

Although the Rice defensive unit, led by Gene Audridge and George Schulgen, was able to contain Navy's offense, ranked tops in the nation, it was Halley who provided the spark for the victory.

The senior signal caller, forced into full-time duty with the injury suffered to Robby Shelton, the Owls other quarterback completed 13 of 23 passes for 207 yards.

He also ran for 45 yards for a total offense of 252 yards. John Cartwright, the Navy quarterback, completed only 7 of 21 passes for 65 yards. His favorite receiver, end Rob Taylor, was shut out until late in the fourth quarter when he caught two for 36 yards.

## SURGERY FOR SNELL

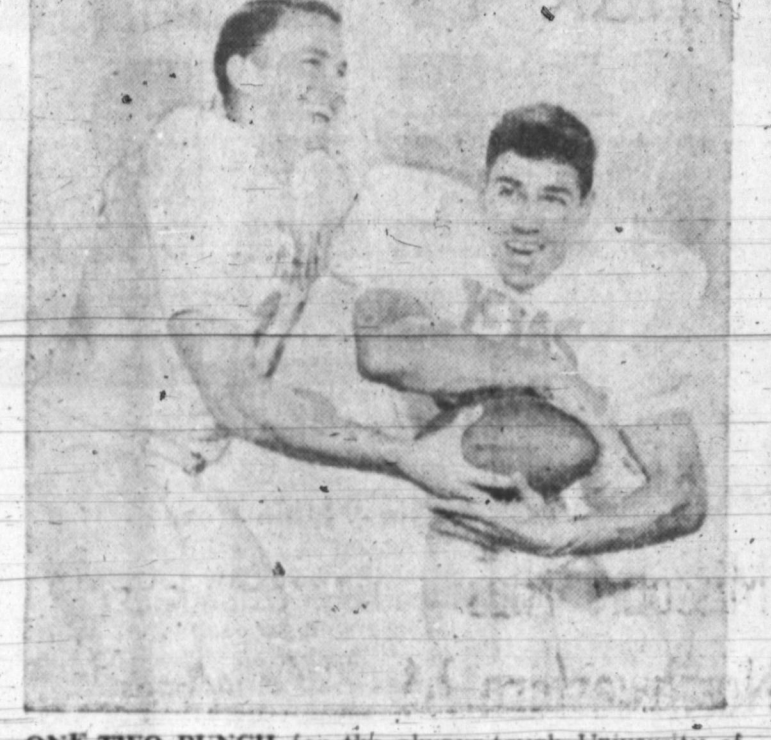

NEW YORK (UPI) — Fullback Matt Snell of the New York Jets will undergo surgery today for a torn cartilage in his left knee, forcing him out of American Football League action from six to eight weeks.

Snell averaged five yards a carry in two games this season. Billy Joe will be activated from the Jets' taxi squad to back up Mark Smolinski, who has taken over the starting fullback berth.

## JOINS REDS

CINCINNATI (UPI) — J. Rex Bowen, former director of scouting for the Pittsburgh Pirates, Tuesday was named to a similar position with the Cincinnati Reds.

Bowen, 56, previously was a scout for the St. Louis Cardinals and the Brooklyn Dodgers before joining the Pittsburgh organization in 1950.

ONE-TWO PUNCH for the always-tough University of Texas football team is quarterback Bill Bradley, left, considered one of the best in the nation, and running back Chris Gilbert.

## Notre Dame Upset By Purdue, 28-21

LAFAYETTE, Ind. (UPI) — Purdue's underdogs scored first and last Saturday on brilliant offensive performances by sophomore quarterback Mike Phipps and utility man Leroy Keyes to upset No. 1-ranked Notre Dame, 28-21.

Notre Dame, a 14-point favorite, led by 1 point only through the second period and twice the Irish had to come from behind to tie. Each time Notre Dame coach Ara Parseghian spurred a chance to go ahead by trying a 2-point conversion. Instead he settled for score-tying placements.

It was Purdue's seventh victory in the last 10 games against Notre Dame and their third victory in the last four years for the traditional spoiler of the Irish.

But it could not have come about without Phipps and Keyes.

Phipps completed 14 of 34 passes for 238 yards, completing two for touchdowns of 11 yards to Keyes and the game-winning score with 10 minutes to play on a 31-yard pitch to Bob Baltzell.

Both of the other Purdue touchdowns went to fullback Perry Williams on runs of 10 and three yards.

The pressure went on the Irish when Purdue coach Jack Mollenkopf ordered a pass on fourth down and seven on the Notre Dame 37 with the Boilermakers trailing by a 7-6 count.

Phillips slipped and almost was tackled behind the line before he rolled out and hit his halfback Bob Hurst for a 34-yard gain setting up Williams' go-ahead score.

Then Mollenkopf ordered a two-point conversion attempt, and Phipps passed to Jim Beirne for a 14-7 lead.

Notre Dame came back with

## Fight Results

NEW YORK (UPI) — Emilio Griffith, 154, New York, outpointed Nino Benvenuti, 159 1/2, Italy (15) — (regains world middleweight title)

## LSU Stops Aggies 17-6

BATON ROUGE, La. (UPI) — Louisiana State scored two touchdowns in the second quarter and then rested on its young defense to defeat Texas A&M 17-6 Saturday night.

LSU scored early in the second period on a one-yard plunge by fullback Eddie Ray, and added its second touchdown

## Buffs Slaughter Pacific, 34-6

WEST TEXAS STATE — Halfback Eugene Morris inspired the West Texas State Buffaloes to a 34-6 win over scrappy Pacific, as the Pittsburgh, Pa. junior blistered the Tigers for 264 yards rushing.

Averaging over nine yards per carry Morris eclipsed the old school rushing standard of 228 yards set by Pete Pedro against Texas Western in 1961. He entered the game as the nation's 11th ranked rusher.

The Buffs, who roared to 550 yards total offense, opened the scoring on a 17-yard pass to carry Morris over the goal line.

Late in the first quarter Winters found Dave on a 63-yard bomb for a score, after an exchange of field goals.

Szymakowski drew double coverage and only caught three passes in the game, but broke loose for 110 yards and two touchdowns.

A 56-yard run by Morris set up a five-yard touchdown run by Curley Waters to make the halftime score 24-3 for West Texas.

Waters, the nation's second ranked kickoff returner, ran back three for 70.

After another exchange of field goals, Morris chalked up the final score of the night on a four yard run. His 24-yard gain set it up. Tommy Fambrough kicked the extra point and ran his string to 12 of 12 for the year.

## So. Cal. Edges M-State 21-17

EAST LANSING, Mich. (UPI) — Speedster O. J. Simpson ran for two touchdowns and passed for a third Saturday to lead third-ranked Southern California to a 21-17 win over Michigan State.

Simpson, the workhorse of the Trojans, scored on an eight-yard run in the first quarter, plunged for another touchdown in the second period and hit halfback Jim Lawrence with a seven-yard scoring pass in the third quarter.

The win was Southern California's third straight and was the second straight loss of the season for Michigan State, the nation's second-ranked team last year.

Michigan State did all its scoring in the second period, capitalizing on two Trojan errors. A safety and a two-point conversion provided the Spartans with a surprising 17-14 halftime lead.

Halfback Dwight Lee scored MSU's first touchdown following a fumble by Mike Battle on the USC one-yard line. The next touchdown came when MSU quarterback Jim M. Raye tossed a 49-yard scoring pass to Al Bremner in the end zone.

It was the Aggies' third straight loss and LSU was 2-0. LSU ground out 194 yards on the ground while holding A&M to 121 yards. The Tigers picked up another 92 in the air while Hargett and Riggs combined for 104.

A&M quarterback Edd Hargett, who has thrown more passes than any Aggie in history, was limited to 46 yards in the air.

Hargett, who had completed 29 of 59 passes for 436 yards in the Aggies previous two games, completed only 4 of 14 passes, including two that were repeatedly rushed through the Aggie line and threw him for long losses.

Before Riggs came off the bench and engineered the Aggies touchdown drive, the deepest the Aggies had penetrated into Tiger territory was to the Tiger 17.

## Tulane Romps Past North Carolina

CHAPEL HILL, N. C. (UPI) — Southpaw quarterback Bobby Duhon, passing and running at will through the porous North Carolina defense, led Tulane to a 35-11 romp over the Tar Heels Saturday.

The senior quarterback passed for two touchdowns and gained 50 yards on the ground before retiring in the third period with the Greenies holding a commanding 30-3 lead before 32,000 fans.

Duhon passed 6 yards to end Sid Jones and 20 yards to halfback Chuck Loftin for scores. Wingback Jimmy Trahan ran 15 yards for a second period touchdown. Defensive back Bruce Guidry raced 37 yards with a blocked punt and reserve back Jim Barnley took a 13-yard pass from backup quarterback Warren Bankston for Tulane scores. Uwe Pontius kicked a 28 yard field goal for the winners and added three extra points.

## LSU Stops Aggies 17-6

It was the Aggies' third straight loss and LSU was 2-0. LSU ground out 194 yards on the ground while holding A&M to 121 yards. The Tigers picked up another 92 in the air while Hargett and Riggs combined for 104.

A&M quarterback Edd Hargett, who has thrown more passes than any Aggie in history, was limited to 46 yards in the air.

Hargett, who had completed 29 of 59 passes for 436 yards in the Aggies previous two games, completed only 4 of 14 passes, including two that were repeatedly rushed through the Aggie line and threw him for long losses.

Before Riggs came off the bench and engineered the Aggies touchdown drive, the deepest the Aggies had penetrated into Tiger territory was to the Tiger 17.

## I-State Pops New Mexico

AMES, Iowa (UPI) — Quarterback John Warner and halfback Les Webster scored one touchdown each Saturday while carrying Iowa State to a 17-13 win over New Mexico.

Warner ripped off runs of 22, 48, 28 and 24 yards as he accumulated a total 147 yards on 29 carries. Webster picked up 96 yards as he carried 21 times.

The Cyclone defense kept New Mexico in check almost the entire afternoon. The Lobos entered Cyclone territory only once in the first half and were stopped when Jeff Simonds intercepted a Terry Stone pass on the Iowa State 6.

Iowa State marched back 94 yards in five plays to score its first touchdown, as Warner sneaked the final two yards with 6:45 left in the half. Earnl in the second quarter. Vern Skripsky kicked a 43-yard field goal to open the scoring.

The Cyclone defensive line spent much of the afternoon in the New Mexico backfield. Stone, who last week completed 26 of 50 passes for 376 yards, managed to hit on 18 of 44 attempts against ISU, mostly in the second half. His passing gained a total of 212 yards, with all but five yards of this coming in the second half.

In the first half, New Mexico netted only one yard in total offense.

# Georgia Tech Rips TCU 24-7

ATLANTA (UPI) — Georgia Tech, showing no trace of the illness which has beset the team for a week, handily defeated Texas Christian 24-7 Saturday in the first football contest between the schools.

Although neither team showed an effective offense early in the game, Tech left no doubt as to the outcome in the second period when they forged ahead with a 32-yard touchdown pass from quarterback Jim King to end Johnny Sias.

The Yellow Jackets relied more on a running game in the second half, but scored twice again on a 5-yard touchdown run by Lenny Snow and a 15-yard dash into the end zone by quarterback Larry Good.

TCU was unable to score until only 10 seconds before the end of the game when Ross Montgomery plunged one yard for a touchdown following a 66-yard advance led by sophomore quarterback Ted Fay.

home crowd of 55,299 fans, Tech picked up its second victory of the season while dealing TCU its second defeat. Tech went into the game a two-touchdown favorite despite difficulties caused by a virus which sidelined King's prime pass receiver, Steve Almond, and left Sias' starting assignment in doubt until a day before the contest.

Rather than showing signs of illness, Tech flanker Sias became the leading pass receiver of the game. His 80-yard TD completion from

King was the longest in the Yellow Jackets' modern history.

In the opening quarter, both teams faltered in hostile territory and failed in subsequent field goal attempts.

Tech's Tommy Carmichael made good on his second attempt in the second period, and put the Yellow Jackets ahead 3-0. Carmichael also kicked all three extra points for Tech.

King, who completed 6 of 12 pass attempts for 174 yards, hit Sias with his long

touchdown pass on the first play from the scrimmage following a TCU punt into the end zone. Sias took the aerial near the TCU 40-yard line after jumping and then galloped untouched to the end zone.

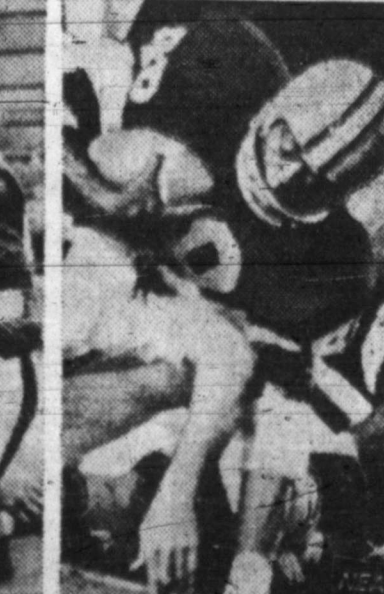

Snow's touch down run came at the end of an 86-yard march on 10 plays. Good then took over the quarterbacking duties for Tech and, on the next offensive drive, ran over from 15 yards out after advancing the ball 51 yards in nine plays.

RUN FOR YOUR LIFE could very well be a television epic about football now that the season is with us again. At left, John Hadd of the San Diego Chargers seeks running room against the Los Angeles Rams.

while Spider Lockhart of the Vikings, center, tries to escape the clutches of the Minnesota Vikings, Cleveland's Ernie Green, right, is all out of places to run, thanks to the Atlanta Falcons.

# Red Sox Pound Twins

## Tulsa Upsets Arkansas

BOSTON (UPI)—George Scott and Carl Yastrzemski triggered this city's greatest pennant excitement in 21 years Saturday with a pair of titanic homers which beat the Minnesota Twins 6-4 and boosted the battling Boston Red Sox to within one percentage point of the American League lead.

The Red Sox' victory, credited to righthander Jose Santiago, not only staved off mathematical elimination for them but also left the fantastic American League pennant race still undecided going into the final day.

By winning, Boston brought its season's record to 91 victories against 70 losses for a 56.5 percentage, the same as Minnesota.

Detroit won the opening game of its doubleheader with California, providing it with a 90-69 record and a 56.6 percentage.

FAYETTEVILLE, Ark. (UPI)—Reserve Tulsa quarterback Mike Stripling ran for two third quarter touchdowns within two minutes and the Hurricane defense held off the Arkansas Razorbacks for a 14-12 upset win Saturday afternoon.

Stripling came off the bench in the third quarter to score on runs of eight and two yards. The second Tulsa touchdown was set up by a 40-yard pass intercepted by halfback Ken Wiginton who returned it to the Razorback 2-yard line. Doug Wyatt kicked the winning extra points.

back and scored on a one-yard plunge by David Dickey, but a pass try for the tying two-point conversion failed.

Tulsa linebacker Bob Junke stopped the final Arkansas pass and assured coach Glenn Dobbs' first victory over the Razorbacks with a midfield interception with less than a minute remaining.

## Huskers Edge Minnesota

LINCOLN, Neb. (UPI)—Rookie halfback Joe Orduna capped a 96-yard second half drive with a 25-yard touchdown gallop to pace Nebraska to a rugged 7-0 victory over Minnesota in a non-conference football match Saturday.

Minnesota was held to a net of only three yards gained on the ground.

The contest, played before a record Memorial Stadium crowd of 65,341, featured outstanding defensive play by both teams.

Nebraska, of the Big Eight, is now 2-0. Minnesota, of the Big Ten, dropped to 1-1.

Orduna's scoring effort came with 4:45 left in the third quarter. He twisted away from a host of Gopher tacklers in the trudging to the end zone.

But it almost didn't happen. The Golden Gophers had recovered a Nebraska fumble in the near mid-field seconds earlier. However, an offside penalty gave the ball back to the Cornhuskers.

The Golden Gophers had recovered a Nebraska fumble in the near mid-field seconds earlier. However, an offside penalty gave the ball back to the Cornhuskers.

It was the second loss in a row for Arkansas, generally one of the nation's high ranking teams. Oklahoma State beat them last Saturday 7-6.

Arkansas scored in the first quarter on a one-yard run by tailback Russell Cody. Ronnie South missed the extra point when the kick sailed wide.

Stripling guided Tulsa 80 yards in eight plays for its first touchdown. He completed four passes in the drive, the longest being 27 yards to Brent Conley.

The Hurricane scored again just over a minute later following Wiginton's interception. The lanky quarterback dropped back to pass and seeing his receivers covered, ran for the score.

## Missouri Nips Northwestern, 7-6

EVANSTON, Ill. (UPI)—Gary Kombrink, a reputed good-run, no-pass quarterback, showed Northwestern Saturday he shines in both departments in leading Missouri to a 13-6 victory over the Big Ten's Wildcats.

## Syracuse Bops W. Virginia, 23-6

SYRACUSE, N.Y. (UPI)—Quarterback Rick Cassa threw for two touchdowns and fullback Larry Csonka became the fourth player in Syracuse history to gain over 2,000 career yards as Syracuse won its second game of the year Saturday, defeating West Virginia 23-6.

West Virginia suffered five injuries. Cassa hit right end Jack Jones for a 13-yard touchdown pass in the first quarter. Csonka, who gained 117 yards in the fourth quarter and the extra point was good giving the home team a 16-0 lead.

## Cubs 9, Reds 4

CINCINNATI (UPI)—The Chicago Cubs, exploding for eight runs in the first inning, clinched third place in the National League with a 9-4 victory over the Cincinnati Reds Saturday as Ken Holtzman pitched his ninth straight victory.

## Celtics Meet 76ers

NEW YORK (UPI)—Metropolitan New York Jets fullback, who has been plagued by knee problems for several weeks, was successfully operated on Friday for the removal of a cartilage from his left knee.

## Hebert Runs, Kicks Cougars by Deacons

HOUSTON (UPI)—The Houston Cougars, in the opinion of Wake Forest coach Bill Tate, may be the best team in the nation.

## Birds 5, Tribe 2

CLEVELAND (UPI)—Run-scoring singles by Mark Belanger and Curt Blefary highlighted a four-run eighth inning Saturday as the Baltimore Orioles came from behind to beat the Cleveland Indians 5-2.

## Tigers, Cal Split

DETROIT (UPI)—Jim Fragosi's two-out, two-run single climaxed a six-run rally in the eighth inning Saturday and carried the California Angels to an 8-6 victory over Detroit in the second game of a doubleheader, knocking the Tigers one-half game out of first place in the American League pennant race.

## Yanks 5, A's 4

DOOLEY Womack's two-run single capped a three-run eighth inning Saturday and paced the New York Yankees to a 5-4 victory over the Kansas City Athletics.

CONCENTRATION seems to be the mood of George Sauer Jr. of the New York Jets. It also seems to be the mood in professional football as the 1967 season begins.

## Bills Ill Without Jack

By United Press International  
As quarterback Jack Kemp goes, so goes Buffalo and it looks like a downhill slide for the Bills this season.

Kemp has had more than his fair share of problems this season and he may be watching from the sidelines on Sunday when the Bills meet the San Diego Chargers, who are making a habit of beating Eastern Division teams in the American Football League.

Buffalo has managed only a 1-2 record this season after winning the Eastern division title for the third consecutive time last year, and San Diego is 2-0 with victories over Houston and Boston.

On Bench  
In Boston's 23-0 shutout of Buffalo last week, Kemp was on the bench at the start of the game because of his previous poor showing. However, when quarterback Tom Flores faltered, Kemp was called into action and promptly jammed his thumb. The injury is likely to sideline him this week.

The Chargers also have been plagued by injuries this season; but they have managed to hold their offense together for 327 yards per game.

Lance Alworth, who saw only limited action in preseason games, is back at flanker, but halfback Paul Lowe may be out with a knee injury. Fullbacks Gene Foster and Jim Allison have been injured, but they are expected to be back in stride to assist quarterback John Hadl.

The Kansas City running attack, led by Mike Garrett and Curtis McClain, is the best in the league, averaging 196 yards per game. Garrett gained 131 yards in 20 carries and McClain added 66 in eight tries as the Chiefs beat Miami 24-0 last week.

Quarterback Daryle Lamonica completed 15 of 23 passes for 251 yards and three touchdowns in the Raiders' last game against Boston two weeks ago. Gene Daniels, who rushed for 9 yards in 20 carries, gives Lamonica a big boost.

Grisee To Start  
Rookie quarterback Bob Griese is expected to be back in action for Miami against the Jets. Griese, who was a sub for injured John Stofa, was shaken up after completing 11 of 22 against the Chiefs for 101 yards.

The Jets, who staged a 38-24 comeback victory against Denver last week, depend on Joe Namath who had a personal high of 399 yards by completing 22 of 37 passes against the Broncos.

Steve Tenet, who finally seemed to be finding the range by completing 14 of 30 passes for 256 yards against the Jets, leads the Broncos against Houston.

Don Trull and Jacky Lee alternated at quarterback, combining for 112 yards in Houston's 13-3 loss to San Diego last week. Houston split end Charlie Frazier has caught 13 passes this season.

## Hebert Runs, Kicks Cougars by Deacons

HOUSTON (UPI)—The Houston Cougars, in the opinion of Wake Forest coach Bill Tate, may be the best team in the nation.

Tate formed his opinions during his Deacons by the Cougars in the Astro dome and he spoke freely of his feelings in the game's aftermath.

The Cougars, ranked fourth nationally, got a 26-point performance from end Ken Hebert and some great passing from Dick Woodall to chalk up their third top-sided victory of the season and prove that their 37-7 defeat of Michigan State a week earlier was no fluke.

"Houston has one heck of a football team," Tate said. "I haven't seen very many any better. It can do everything—offensively, defensively, you name it."

"It's speed and quickness is just tremendous. It is a great 'up front' club."

Tate also described Cougar Cougars to 695 yards total of setback Warren McVea as "great" and commented that

he "must be the best back in the country."

But, McVea gained only 25 yards rushing in four plays although he did snag a 70-yard pass from Woodall for one touchdown.

McVea and Hebert got into a shoving match in the Cougar huddle in the second quarter and McVea sat out all the second half except for the kickoff.

After the game, Hebert—who caught touchdown passes of 53, 13 and 8 yards from Woodall, kicked six extra points and ran for two points when Woodall fumbled a snapback—refused to talk about the incident.

McVea said it was a misunderstanding and that he and Hebert had shaken hands on it later. It looked as if Hebert pushed McVea after McVea had blown a play. McVea appeared to push back.

Houston coach Ell Yeoman merely said, "Nothing happened."

Woodall hit four touchdowns in all and engineered the comeback Warren McVea as "great" and commented that

# Dumas Express Untracked 33-14

By United Press International  
The Dumas Demon express, picking up steam after a late start this season, was derailed Friday night by Amarillo in the biggest upset on a slate of Texas high school football games generally noted for being one-sided.

Amarillo picked up its fourth straight victory in downing Dumas, which was making a bid for the top spot in the Class AAAA rankings. Amarillo won 33-14.

Most other high-ranking clubs had little trouble in picking up victories Friday night, although Class AAAA's top-ranked club, Port Arthur, was pushed in

pick-up a 30-22 victory over Corpus Christi King 26-18.

Abilene Cooper, Spring Branch Spring Woods, Odessa Permian and Abilene, all members of the Class AAAA top-ten, drew open dates.

Others Breeze On  
In another big AAAA contest featuring two undefeated clubs, Texas City stunned Nederland 37-12.

Although Dumas had its troubles, other leading Class AAA clubs breezed along.

Second-ranked Rockdale slaughtered Lampasas 62-0. Odessa Ector (No. 5) squashed El Paso Bowie 33-0, seventh-ranked Richardson Lake Highlands scored an impressive 13-0 win

over AAAA South Garland and Andrews (No. 8) whipped Hobbs, N. M. 12-10. Top-ranked Ennis, along with Carthage (No. 5), McKinney (No. 9) and Brownwood (No. 10) had an off week.

Play Today  
Wichita Falls Hirsch, ranked fourth in Class AAA, met Wichita Falls Saturday.

Over in Class AAA the top four clubs railed upbig wins.

Aside from Del Valle's victory, top-ranked Jackboro smashed Bridgeport 49-0. Daingerfield (No. 2) smashed Hughesfield 33-0, seventh-ranked Colorado City club 36-6.

In a near upset, eighth-ranked

Plano held on to edge Greenville 16-15.

Warren Falls  
In Class A, ninth-ranked Warren fell from the ranks of the undefeated by dropping a 6-0 decision to Hardin, but everything else remained normal.

Seagraves whipped Sudan 22-15, Archer City shut out Notre Dyme 20-0, Troup blitzed Lindale 42-0 and Clifton edged Hamilton 13-6.

For the second straight week, tenth-ranked George West was not able to get on the field because of floodwaters left over from Hurricane Beulah's rains. George West's game with Three Rivers was cancelled.

# Miss Katherine Gibson, Gregory Jensen Exchange Wedding Vows in Dallas Church

Miss Katherine Ann Gibson, daughter of Mr. and Mrs. Guy Morton Gibson, was united in marriage in August with Gregory Eric Jensen, son of Mr. and Mrs. Howard Jensen of Dallas. The bridegroom's grandmother, Mrs. S. C. Jensen, 501 N. Ward St. Pampa, attended the ceremony in White Rock Methodist Church in Dallas.

Rev. Charles Peters and Rev. Herbert Minga performed the double-ring nuptial rites before an altar banked with greenery and white carnations. Tiers of candles adorned the altar.

### BRIDE

The bride, given in marriage by her father, was attired in a full-length white bridal gown. The reinforced, silk organza cage was fashioned over a fitted peau de soie dress. Seed pearls and chantilly lace decorated the dress and its long bridal train.

Her shoulder-length veil was caught by a tiara of seed pearls. She carried a bouquet of white roses, stephanotis, and white orchids trimmed with ivy and white ribbons.

### ATTENDANTS

Mrs. Donald Neblett attended the bride as matron of honor. Bridesmaids were Miss Margaret Jensen of Dallas, the bridegroom's sister; Mrs. Patrick Gibson of Cape Kennedy, Fla.; and Miss Barbara Newman and

### RECEPTION

For the reception in the church Fellowship Hall, coral carnations decorated the serving table. Karen Pope and Debra Pope of Dallas, served the three-tiered white wedding cake. Miss Claudine Schwetke of Dallas and Miss Rita McAfee of Houston, Mike Gibson, brother of the bride; LeRoy Brown, and Frederick E. Hansen, all of Dallas.

Assisting with seating wedding guests were John Davis, Russell Lyday and Hagen Smith, all of Dallas; Patrick Gibson, brother of the bride, of Cape Kennedy, Fla.; and William Johnson of Fort Worth.

Candlelighters were Roger Kahle of Houston and LeRoy Brown of Dallas.

Organist was Miss Patricia Ellis and vocalist, Mrs. Frederick E. Hansen, who sang "The Lord's Prayer."

attended the university two years and is now in the Bracke School of Nursing.

### PRE-NUPTIAL EVENTS

Pre-nuptial courtesies included a brunch given by Mrs. Tom Rucker, a shower tea hosted by Mrs. George Pope and a miscellaneous shower given by Misses Douglas Blackwell, Donald Neblett and James McClure. The bridegroom's parents sponsored a rehearsal dinner and a bridesmaids' lunch was given in the bride's home.

Out-of-town guests included Mr. and Mrs. E. R. Harris, Three Rivers; grandparents of the bridegroom; Mr. and Mrs. V. W. Wells, son Vern, and daughter Valerie of Wilmington, Del.; Mr. and Mrs. Dan K. Sartain and daughters, Julie Laura and Jan, of Lafayette, La.; Mr. and Mrs. Richard Bradley of Virginia; and Michael Mueller of Baltimore, Md.

The couple plan to live at 1137 Gunter Rd., in Austin, where the bridegroom is attending the Graduate School of Law at the University of Texas. He has attended the university for his undergraduate study. The bride

Miss Cheryl Sue Staples, granddaughter of Mr. and Mrs. C. D. Anderson Sr., 210 N. Wells, repeated nuptial vows with Dean Keith of Perry Okla., in August. Wedding vows were solemnized in an evening ceremony in First Methodist Church, Blackwell, Okla., with Rev. W. Jene Miller officiating for the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Clarence Staples of Blackwell, Okla. The bridegroom's parents are Mr. and Mrs. Lloyd Keith of Perry, Okla.

The couple exchanged vows before an altar framed with ferns, baskets of white gladioli tied with white ribbon and candles in seven-branched candelabra. A bridal arch decked with white pom pom chrysanthemums, huckleberry and a prie dieu completed the nuptial setting. White satin bows, marked pews.

Mrs. Merle Angle, organist, played the prelude and traditional wedding music and accompanied Steve Braly who sang "Wedding Prayer," and "Whither Thou Goest."

# Miss Cheryl Staples, Dean Keith Repeat Double-Ring Wedding Vows

Each wore powder blue street-length crepe dresses designed with scooped necklines, gathered yokes and scalloped, kabuki sleeves. Flat, deep-bow covered with circles of blue moire formed their headpieces. Each attendant carried a long-stemmed white pom pom chrysanthemum nestled in white-satin and tied with white-satin streamers.

The flower girl, Debbie Anderson of Pampa, a cousin of the bride, carried a lace-basket of white rose petals. She wore a

Other attendants were Wilbur Keith of Perry, brother of the bridegroom; and best man, Lenny Sadler of Perry, and Gary Staples, the bride's brother as groomsmen.

Ushers were Jim Keith, the bridegroom's brother, and Roy LeForce, both of Perry. The bride's mother chose a white rose petals. She wore a

# FTA Club Installs Officers, Honors Sociology Teacher

Future Teachers of America installed new officers and named Mrs. Marvin Bowman, teacher of the month for September in a recent meeting.

Officers installed were: Pam Thomas, president; Norman Sublett, vice president; Betty Supina, secretary; Lodema Cole, program chairman; Jackie Coombs, parliamentarian; and Sherry Kouri, historian.

Mrs. Bowman is sociology and health teacher at Pampa High School.

Members decided to sell mums for the homecoming game Nov. 3 and also initiated new members during the meeting.

# Area OES Honors Mrs. Frank Exum

CANADIAN (Sp) Members of the Order of the Eastern Star of Shamrock honored Mrs. Frank Exum of Canadian at their friendship night recently.

Mrs. Exum is the only living charter member of the Shamrock organization. She was presented with a corsage. Mrs. Exum is the mother of Mrs. E. S. F. Brainard.

MRS. GREGORY ERIC JENSEN nee Katherine Ann Gibson

# Beta Sigma Phi Chapter Attends Program on Homes

XI Beta Chi chapter of Beta Sigma Phi held their regular meeting recently in Citizen's Bank Hospitality Room.

Mrs. Ernest Fletcher, president, presided over the business meeting. "The Home We Make" was the program theme presented by Misses Wayne Dollar and Cletis Mitchell.

Mrs. Dollar gave an outline on Interior Design and displayed several samples of upholstery fabric depicting various colors used in decorating Mrs. Mitchell gave a summary of art in our homes and displayed some of the art work done by herself and her family.

Hostesses for the evening were Misses Norman Ross and James Trusty.

Members present were Misses Robert Adams, Bill Baten, Don Carpenter, Vernon Cawthon, DeWey Cudney, Wayne Darrow, Wayne Dollar, Ernest Fletcher, T. L. Garner, Jack Gillpatrick, Jim Holcomb, Charles Martin, George Massie, Doug McBride, Cletis Mitchell, Billy Parker, Bill Price, Norman Ross, James Schaffer, Don Stafford, James Trusty, Ralph Tyler, Jack Vaughn, Stanley White, Miss Norma Briden and guest, Mrs. Ada McKinney.

# Study Group Reviews International Theme

Mrs. Kermit Lawson was guest speaker for the Varietas Study Club recently in Mrs. W. E. Abernathy's home. The club president, Mrs. Abernathy, presided at the business meeting; Committee reports were given and project plans were announced.

Theme of the meeting was "International Affairs," with the sub-title, "Am I united with my friend, in heart, what matters if our place be wide apart?" Mrs. F. A. Cary, program chairman, introduced Mrs. Lawson, vice-president of the Top of Texas District of Texas Federated Women's Clubs, who spoke on "Federation Friends Around the World."

She gave a short history of world federation of women's clubs, beginning with the first club in Bombay, India and traced progress of the movement to its present membership of 11 million, of which 10 million are outside the United States. She stressed club work gives women of the world continuity in an era of change—and that every club's aim is "Unity Through Diversity"

Mrs. Lawson distributed material on club work around the world and invited members to discuss it. Mrs. Aubrey Sprawls spoke on Canada; Mrs. Otis Nace, Columbia; Mrs. /Price Dossier, Mexico; Mrs. F. A. Cary, Egypt; Mrs. Sherman White, Germany; Mrs. S. C.

# Baptist Minister Solemnizes Vows For Miss Smiley, Dale Neal Smith

Rev. J. R. Manning solemnized wedding vows of Miss Barbara Louise Smiley, daughter of Mr. and Mrs. C. H. Smiley, south of Pampa, and Dale Neal Smith-son of Mrs. Reba James of Amarillo at 7 p.m. Sept. 30 in the First Baptist Church.

The wedding was performed before an archway of lemon leaves, Urns filled with white gladioli and red carnations flanked the wedding party. The choir rail was decorated with lemon leaves and a center row of candles.

### BRIDE

Given in marriage by her father with the "her mother and I" avowal, the bride was attired in a satin gown with empire waist

line. The bodice, petal point sleeves and scalloped neckline were of a floral lace design. A chapel train was attached to the empire waist band and complimented by a large hand-tailored rose. Appliques of floral lace, enhanced by seed pearls and rhinestones accented the gown. Her finger-tip veil of French Illusion was fashioned of clusters of satin bows and accented with a row of seed pearls. She carried a bouquet of gardenias and stephanotis.

### ATTENDANTS

Mrs. Richard L. Spence of Sundown served her sister as matron-of-honor. Miss Mary Francis Ford of Borger a cousin of the bride, served as maid-of-honor. Feminine attendants wore red crepe, street-length dresses. Their gowns were of empire styling terminating in the back with white satin bands and hand tailored roses. They carried nose-gays of white-carnations.

Miss Linda Carol Dean of Pampa, cousin of the bride, was flower girl. She was attired identically to the bride attendants. Robert Spence, of Sundown, nephew of the bride, was ring bearer.

Joe Dumas of Amarillo attended the bridegroom as best man. George Zepp of Amarillo was groomsmen.

Seating the wedding guests were Henry Wayne Neff and Mr. Richard Spence, both of Sundown.

MRS. DALE NEAL SMITH nee Barbara Louise Smiley

# Pampans' Daughter Enrolls in Nursing School of Amarillo

Miss Melody Geyer, daughter of Mr. and Mrs. D. D. Geyer of Pampa, has enrolled in Northwest Texas Institute School of Nursing in Amarillo.

She completed 36 weeks of prerequisite academic courses at Amarillo College, Amarillo, before enrolling in the nursing school.

After graduation, June, 1969, Miss Geyer will be eligible to write the State Board examinations to become a professional registered nurse. She is one of 137 students who enrolled in September in the nursing school.

Miss Melody Geyer

WEDDING ANNOUNCED

Miss Janiece McCain

Miss Janiece McCain, daughter of Mrs. Lois Rachelle and Robert McCain, both of Pampa, will be married Oct. 3 to Raymond M. Haralson, son of Mrs. Ernest Haralson, also of Pampa. The wedding will be performed at 7 p.m. in Hobart Baptist Church in Pampa.

Skellytown Woman Feted with Dinner

SKELLYTOWN (Sp) — Mrs. Larry Brown, Skellytown, was honored recently with a birthday dinner by her husband's parents, Mr. and Mrs. Irvin Brown of the Cabot Camp.

Guests attending were the honoree, her husband Larry and son Will, Calvin Duncan, Miss Vicki Mercer and Mr. and Mrs. Irvin Brown and son Kelly.

To determine if baking powder is still active, mix 1 teaspoon with one-third cup of water. If the mixture bubbles well, the powder is still good.

Use a cotton swab dipped in ammonia to clean under the telephone dial.

Quivira Girl Scout Council Starts New Training Program for Leaders

Mrs. Flora Ezzell, director of the program, will conduct a new approach here to training Girl Scout leaders — a plan considered the most innovative in the 55-year history of Girl Scouts.

She will carry out the plan here in an all-day program Oct. 23 in the Girl Scout Little House, according to Mrs. John Porter, Quivira Girl Scout Council president.

The program will be conducted from 9:30 a.m. to 2:30 p.m. and is a result of a three-year study authorized by Girl Scouts of the U.S.A. to stimulate and modernize leader training in 468 Girl Scout councils across the nation. The study, with Dr. Malcolm S. Knowles, professor of education at Boston University, serving as senior consultant, used knowledge, skills, and latest concepts of social scientists and specialists in adult education.

The Design for Learning was given a trial run in six representative councils in 1965 and 1966. Now the national organization has invited all other councils to use the design, and is recommending they give it a trial before moving into council-wide application.

In the Quivira Girl Scout Council, the pilot project will involve about 60 leaders from Pampa, Borger, and other area towns within the council's jurisdiction, Mrs. Porter said.

The training design's process has three major steps: self-diagnosis of strengths and needs, learning, and sharing.

Because troop leaders come from every cultural, geographic, economic and educational background, are different ages and have different experiences, the Design for Learning is devised to bring the individual leader what she needs, when she needs it, without wasting time on things she already knows, Mrs. Porter explained.

A unique feature of the training design is that it makes the student her own "teacher." The leader is responsible for her own learning—accepting help from others, but must dig out for herself what she feels she needs to know.

The program can be carried out in large groups, under the guidance of a trainer; by pairs or small groups of leaders working together or by individual leaders working alone.

The self-direction which is basic for the leaders in the Design for Learning is similar to the self-direction that Girl Scouts are encouraged to practice in their troops.

As Girl Scouts practice skills of personal relations by working together in patrols and troops, so does the leader work with other leaders to exchange knowledge.

As Girl Scouts measure individual and troop progress under the Design for Learning, adults will also.

As Girl Scouts are encouraged to become increasingly self-reliant, leaders are being inspired to develop themselves through their own initiative and resourcefulness.

Gamma Conclave of Kappa Kappa Iota Attends First Fall Meeting of Year

The Gamma Conclave of Kappa Kappa Iota had its first meeting of the Fall season recently in Lovett Memorial Library.

A short business session was held with Mrs. Roy Sparkman, president, presiding as plans for the new year were made.

Mrs. Homer Bowers was honored for working on the scrapbook which won a superior rating at the national conclave in Hot Springs, Ark. Mrs. Theresa Humphries was selected as the delegate to the Council of Clubs.

For the social hour members and guests played a game to test themselves on United States geography, vocabulary and quotations.

Hostesses were Mrs. Jarys Johnson, Mrs. Roy McMullan and Miss Alma Wilson assisted by Mrs. Austin Ruddick and Mrs. Roy Sparkman.

A Fall floral arrangement decorated the serving table.

The next meeting will be the

Community Club Installs Officers

Wayside Community Club met recently in the Reg School House Community Center to install officers. New leaders are Mrs. H. B. Taylor Sr., president; Mrs. Jim Greene, vice president; Mrs. J. T. Rogers, secretary-treasurer. Mrs. J. S. Fuqua was the installing officer.

Members decided to adopt a project to aid the new Girlstown, U.S.A. annex in Borger during the coming year. Plans were also made to serve Senior Citizens.

Those attending were Mes. Dwayne Blakemore, A. B. Caruth, Paul Caylor, J. S. Fuqua, Gus Greene, Bill Greene, R. E. Montgomery, Doyle Osborne, Jack Sloan, Andy Smith, H. B. Taylor Sr., Bill Taylor, Norman Walberg and the hostesses.

Hostesses for the covered dish luncheon were Mes. H. B. Taylor Sr., Mrs. Jim Greene and Mrs. J. T. Rogers.

Members next meeting will be at 9:30 a.m.; Oct. 17 in the Southwestern Public Service Bldg. to see a demonstration on holiday foods.

Miss Staples (Continued From Page 13)

three-piece marigold linen suit. The bridegroom's mother was dressed in a lime green knit dress with a white lace overlay. Both wore corsages of white phalaenopsis orchids.

Miss Nancy Gile of Wichita, Okla., kept the guest book at the church.

Phi Epsilon Beta Members Attend Area Convention

Members of Phi Epsilon Beta attended a recent meeting in Southwestern Public Service Bldg. to hear reports and announce several members planned to attend the area convention in Amarillo yesterday and today.

Mrs. Bill Caswell presented the program on "What Would I Like to Change in Myself?" Others participating in the meeting were Mrs. Ted Givens, president, and Mrs. Max Patton, who gave the treasurer's report.

Hostesses were Miss Vicki Taylor and Mrs. Donald Maul. Those attending were Mes. Ronnie Atkins, Jim Brashears, Bill Caswell, Gary Clark, David Duffy, Ted Givens, S. A. H. Holden, Charles Hoskins, Don Hufstetter, Dale Largent, John Lytle, Donald Maul, Calvin McConnell, Max Patton, Carroll Russell, Jim Simpson, and Misses Pam Noel and Vicki Taylor. Also present was Mrs. D. B. Jameson, chapter sponsor.

Hang mirrors flat against a wall to avoid distorted reflections. Place them so that the light falls on the person or object to be reflected, rather than on the mirror itself.

To remove crayon marks from a vinyl table top, rub with cotton saturated in alcohol.

Store dates, raisins, nuts and such in cleaned metal shortening or coffee cans and seal the lids with cellophane tape.

To keep macaroni and spaghetti products fresh, store in a lightly closed glass jar containing a bay leaf.

ALTRUSA CLUB HEARS SPEAKER — Lora Dunn, left, president of Altrusa Club, is pictured with Mrs. Louise Evans the club's guest speaker recently, and Vermell Meador, right, chairman of the club's vocational services. Mrs. Evans is director of public affairs for an Amarillo television station.

### Amarillo Woman Speaks To Pampa Altrusa Club

Mrs. Louise Evans, director of public affairs for an Amarillo television station, was guest speaker recently during an Altrusa Club meeting at the Coronado Inn. In her discussion on "Let Candles Be Brought," Mrs. Evans said, "Individuality is a precious ingredient. The trademark of Americans is their ability to operate at top capacity as individuals. Women have the ability to bring our nation back to the ideal of emphasizing the individual instead of the masses." Commenting that "women of today must kill the germ of Communism and Totalitarianism," Mrs. Evans said, "it is still true the hand that rocks the cradles rules the nation."

Vermell Meador, chairman of vocational services, introduced the speaker and directed the candle ceremony, in which Mary McDaniel sang "Three Candles." Fidelia Yoder was accompanist. Guests were Meses. Wilmetta Alexander and Mrs. Lois Vaughn, members of Altrusa Club of Borger. Other guests were Miss Phyllis Conners, Mmes. Russell Kennedy, R.A. Johnson, Mark Arrington, Thelma Shirley and Doris Wilson. Out-of-town guests were Mrs. Arrington of Miami and Mrs. Shirley of Bryan.

### Study Group

(Continued From Page 13) for representation at the HemisFair in San Antonio.

The meeting closed with the thought for the day by Mrs. Lee Harrah: Following the meeting, the hostess served refreshments from a table centered with an arrangement of Fall flowers. Besides the speaker, one guest, Mrs. DeWitt Seago of Pampa, attended.

### ESA Sorority Sponsors Rush Dinner

Members of Kappa Alpha Chapter of Epsilon Sigma Alpha Sorority sponsored a progressive dinner recently for rushes.

A salad course was served in the home of Mrs. Bill Pendleton, 2536 Aspen, with Mrs. Frank Maher, co-hostess. The main course was served in Mrs. Irvin Hungerford's home, 2105 N. Christy with Mrs. Phillip McCauley and Mrs. Ira Brewley assisting. The desert course was served in Mrs. O. R. Johnson's home, 800 N. Dwight, with Mrs. Dale Haynes assisting.

Guests attending were Mrs. Hirschell Cantwell, Harold DeVone, Jessie Dugan, Joel Plunk and Charles Scott.

Members present were Mmes. Ira Brewley, John Damron, James Frazier, Irvin Hungerford, Dale Haynes, R. O. Johnson, Frank Maher, Bill Pendleton, Claude Taylor, Phillip McCauley, and Robert Yost.

A travel theme was carried out in the decorations, in keeping with the year's theme, "It's a Woman's World." A second rush party and styling

### P-T-A, Red Cross Starts 5-Week First Aid Course

City Council Parent-Teacher Association and the Pampa Chapter of American Red Cross are co-sponsoring a five-week first aid course in Pampa Junior High School Monday through Nov. 3.

Classes will start at 7 p.m. daily. The first lesson next week will teach treatment of wounds and infection and bandaging skills.

The second lesson, Oct. 23, will teach treatment for shock, asphyxia and artificial respiration methods.

Lesson three, Oct. 16-20, will be on poisoning, fractures, dislocations and board splinting.

The fourth lesson, Oct. 23-27, is on thermal burns, heat exhaustion and common emergencies. The fifth lesson, Oct. 30-Nov. 3 will give instruction in transportation of injured, standard first-aid theory and a

review of skills. To receive the P-TA first-aid certificate, a student must attend two hours a week for 4 weeks. To receive the American Red Cross first aid certificate, he must attend two hours a week for all five weeks.

Each person taking the course is required to buy the 60-cent study book, but there is no other charge for the class. The course, a demonstration and (See P-TA; Page 19)

### History Rules Furniture Taste

CHICAGO (UPI) — American furniture-buyers continue to choose styles their ancestors designed in preference to all other styles in wood furniture; the Fine Hardwoods Association reports.

Furniture with a Colonial heritage—Early American, Colonial and Federal—accounts for one-third of the wooden furniture in showrooms today, reports E. Howard Gatewood, executive vice president of the hardwoods group.

It is followed in popularity by modern, Italian, Spanish, French and English designs, with English showing a slow but steady growth in sales. Upholstered furniture reverses the top two categories, with modern designs leading, he said.

Walnut, widely used in modern and English furniture, continues to be the leading wood and wood veneer sold, followed by maple, the mainstay of Colonial furniture. The next most popular woods are cherry, pecan, oak and mahogany.

WORLD ALMANAC FACTS

Sir Thomas More (1478-1535) was a humanist, jurist, author of "Utopia," friend of Erasmus and Holbein, and chancellor of England under Henry VIII, says The World Almanac. More refused to give public approval to Henry's divorce of Queen Catherine or to recognize his usurpation of the Pope's position as head of the Church in England. In reprisal, More was executed.

### Rho Eta Chapter Rush Party Has Circus Theme

Balloons and crepe paper streamers carried out the circus theme at Beta Sigma Phi Chapter's Rho Eta rush party Thursday in Mrs. Charles Snyder's home, 1501 Grape.

Members attending not previously mentioned were Misses Warren Clinton, Randy Giesler, Don Huffaker, Charles Thompson and Jackie Taylor.

Well, for the cat who prefers privacy, there's a decorated screen to hide the litter box. The three-panel screen is 20 inches high, folds compactly for easy storage, is washable and comes in a gold, black and white design to complement any room decor.

For the home cellar, there's a wine thermometer that lets at a glance when every type of the beverage is at the proper serving temperature. It fits into the bottle and has a built-in cork stopper. The thermometer is packaged with a wine chart.

A new glass top is designed to fit almost any coffee percolator on the market, both electric and non-electric types, the maker says.

Miss Vickie Joe Curtis of Denver, Colo., exchanged double-ring wedding vows with Manfred Hans Neugebauer of Boulder, Colo. The ceremony was performed Sept. 29 by John Chapel, Boulder, Colo. The bride is the daughter of Mr. and Mrs. Joe B. Curtis of 1928 Grape. The bridegroom's parents are Mr. and Mrs. Hans Neugebauer of Munich, Germany. Given in marriage by her father, the bride wore a white wedding gown for the afternoon ceremony.

### Tokyo Stores Offer Social Life for All

TOKYO (UPI)—Come visit the same section there are crabs for dinner changing and for cups.

The stores sell everything from toothpicks to automobiles. Store owners give floor space to flower arrangements and art displays and these provide a view of the tastes and interests of the Japanese.

Clothes provide the bulk of the sales. A woman shopper selects a dress that is displayed on a mannequin and it is tailor-made for her. The store dummies, almost invariably, are blonde-wigged and have Western features.

The top floor of a department store usually is jammed with dozens of restaurants and coffee shops. A shopper can dine on soda and seaweed for 82 yen (22 cents) or a kobe beefsteak dinner for 1,000 yen (\$2.78).

At the end of World War II, Japanese department stores sent employees to study the merchandising methods of the famous stores in Europe and the United States. They learned their lessons well. One innovation is self-service.

But despite self-service, Americans are surprised by the number of employees in the stores. There are girls who stand by escalators and with little to do but route merchandise on particular floors. Elevator girls keep up a running sales talk as the jammed elevators move between floors.

Japanese customers adapt readily to new merchandising methods. At first they stood around and watched automatic vending machines curiously but soon they began plunking their yen pieces into them with gusto.

### Food Buying Guide

The following guide to the nation's food buys for the weekend was prepared by the Departments of Agriculture and Interior for United Press International.

WASHINGTON (UPI)—Week-end food shoppers will find an attractive array of meat and fruits and vegetables.

At fresh produce counters, plentiful supplies of cabbage, celery, onions, and potatoes will be found. In some areas, lettuce, peppers, and tomatoes will also be plentiful.

Plentiful fruits include apples and grapes, with honeysuckle, plums, and fresh prunes in that category in some areas.

Broiler-fryer chickens are in excellent supply in most areas and so are beef roasts and steaks. Pork plentifully include bacon and roasts. Frozen fish fillets and steaks are in good supply in most areas.

### Central Baptist Church WMU Installs Officers in Dinner

The Women's Missionary Union of Central Baptist Church began its 37th year of service Sept. 28 with a birthday banquet and installation of officers for the coming year.

The Fellowship Hall was decorated to carry out the birthday theme with the traditional birthday cake and tables decorated for each month of the year.

Mrs. R.C. Brown gave the welcoming address and Mrs. Charles Terrell the prayer calendar of missionaries' birthdays. Mrs. Laven Greer led the invocation.

Mrs. Carol Ray installed new officers, building an "Altar of Service" as each officer was challenged to do her best during the year.

Women serving as new officers are Misses R.C. Brown, president; J. B. Minyard, vice-

president, Ed Wells, secretary; Mrs. Tony Maples, Y.W.A. director; Bill Fulcher, G.A. director; Mrs. George Wing, Sunbeam director and David Johnson, pianist.

Chairman are Misses: David Hawkins, Misses: Charles Hawkins, Misses: Dean Davis, Misses: T.O. Upshaw, Misses: Richard James, prayer; Ralph Brock, Bible study; Laven Greer, social; Dale Roth, publicity and D. Johnson, stewardship.

After the installation and prayer of dedication the new circle chairmen, Misses: Merle Terrell, J. H. McGuire, Virgil Holloway, T. O. Upshaw, and Don Rosenbach, drew names of members for the coming year.

Refreshments were served to guests. Mrs. Carol Ray, Mrs. Dale Stinger, Linda Newman, and Mrs. Bill Minyard and members Misses: Maggie Deal, L. A. Baxter, T.O. Upshaw, G. C. Stark, B. J. Spradlin, Ralph Loy, David Hawkins, Charles Terrell, Merle Terrell, David Johnson, J. B. Minyard, Joel Dear, Clark LaPrade, Frank Conner, Bill Fulcher, Don Rosenbach, B. J. Chance, Virgil Holloway, Glen Fleming, Don Barker, N. R. Lowe, Dean Davis, Charles Dykes, R. E. Warren, W.G. Gooding, Richard James, Corky Godfrey, Tony Maples, Don Turner, Al Williams, J. B. Hilburn, C. G. Miller, Laven Greer, Ed die Levick, T. O. Rosenfeldt, Ralph Brock, Sam Batease, R. C. Brown, Ed Wells, J. H. McGuire, Dale Roth, Wayne Cobb, Claude Turner, and John Wood.

A gift was presented to last year's president, Mrs. R. C. Brown, and the meeting was closed with prayer by Mrs. Upshaw.

### Rebekah Lodge Attends Supper, Circle Meeting

Pampa Rebekah Lodge No. 255 were hostesses recently for Senior Citizens and also attended a lodge salad supper and circle meeting.

In a recent lodge meeting in the IOOF Hall, 606 E. Foster, Mrs. Alta May McElrath presided. Mrs. Alice Hays was vice grand, and Lodge Deputy Mrs. Eunice Maddox gave the speech of inspiration.

Those who were reported ill were Mrs. Hazel Franklin and Cecil Lunsford.

Hostesses in the meeting were Mrs. Helen Rittenhouse, Mrs. Peggy Rogers, Mrs. Johnnie Alexander and Mrs. Hazel Callan. A visitor was Mrs. Fertha Bird of Okla.

Members reported 19 visits were made and 24 members were present.

### Skellytown Slimmers TOP's Club Crowns 2 Queens for Weight Loss

SKELLYTOWN (Sp)—Skellytown Slimmers TOP's Club met in the IOOF Hall recently with Mrs. Sadie Lane, pro-tem as leader. Songs were led by Mrs. Fredda Brown. Mrs. Opal Gray assisted in weighing in members and recording their weights.

Mrs. Odell Hassler was crowned weekly queen and received the club gift. Mrs. Gladys Simmons took the pig home. Mrs. Sadie Lane was crowned queen for August for losing the most weight. Mrs. Fredda Brown received the gift for staying the closest to her KIW goal for the month of August.

Mrs. Zelma Wood's name was drawn for the gift of the week. Next Tuesday will be game night. Each member is asked to bring one gift.

Mrs. Ethel May Thurmond, demonstrator for cosmetic products, will be a special guest on Oct. 10 and will give the queen for that week a free facial.

Eleven members attended the meeting.

New for the hospital room is a cubicle curtain which the maker says will not burn, melt, char, or create toxic fumes. In event of a fire, it can be used as a protective covering for the patient. The manufacturer says that because the curtain is fiberglass, is non-flammable it should go far in alleviating worries about oxygen combustion, which always is a danger even in the most safety conscious medical facilities. The curtain is washable and needs no ironing.

Members attending not previously mentioned were Misses Warren Clinton, Randy Giesler, Don Huffaker, Charles Thompson and Jackie Taylor.

Well, for the cat who prefers privacy, there's a decorated screen to hide the litter box. The three-panel screen is 20 inches high, folds compactly for easy storage, is washable and comes in a gold, black and white design to complement any room decor.

**TOPS Club Plans to Attend Rally Day Oct. 21**

LEFORS (Sp) — Members of the TOPS Club met in the home of Mrs. Margaret Beck for their regular session. Miss Norma Lantz presided over the meeting and called it to order with a roll call given by Thelma Roberts secretary.

Miss Lantz read correspondence which the club discussed. Members decided to attend the Rally Day for TOPS at Phillips Oct. 21.

The amendment to change the meeting time was passed. Members will meet at 7 p.m. each Monday for business discussion.

Marilyn Lewis was queen for the week with a four pound loss. She wore the crown for the meeting and received the fruit basket.

The mystery gift, brought by Vada Smith, was guessed by Margaret Beck. A sing song was the program.

The anniversary meeting will be held Oct. 9 in the home of Mrs. Thelma Roberts. Awards will be given; Kops will graduate and a salad supper will be held. The yearly queen, Audie Howe, will be honored.

**Cosmetic Discoveries Add Youth Attractiveness to Mature Women**

MIAMI, Fla. (Sp) — How mothers have changed! Less than a century ago a woman was considered middle-aged at 30. Today, "life begins at 40" and with all the medical developments and scientific cosmetic discoveries, it is possible for a mature woman to be astonishingly attractive all her life.

Presenting a youthful appearance is a matter of figure, facial care and make-up. Most mature women fight a constant battle with the bulge due to over-eating and lack of exercise. At 40, a woman needs approximately half of the calories required in her teens. It takes sheer will-power to cut down on one's intake of food, yet this is the only way to lose unwanted inches.

Cosmetically, the mature woman should review every aspect of her make-up and select cosmetics from the lighter and softer color ranges. In fact, a woman's cosmetic choice should in many ways correspond with the make-up that the

**El Progresso Club Hears Program On Automobiles' Invention, Effects**

El Progresso club met in direct relation to the automobile industry. Ninety per cent of all carbon black goes to the tire industry and about 50 per cent of the oil and gas industry is devoted to care usage. Motels, hotels, supermarkets, dr. stores, supply houses and farmers are all directly effected by truck and car transportation.

After distributing paper and pencils, Mrs. Bray gave a short driving test to those attending. Questions were taken from the standard written driving test.

The hostess, Mrs. Perkins, served refreshment to Mrs. John Damron, V. J. Drew, Elmer Fisher, John Gill, Veri Hagaman, Ben Hamilton, Charles Lanehart, Kermit Lawson, J.G. Morrison, Leon Patterson, Glen Radcliff and George Walden, in addition to those previously mentioned.

How many of us actually walked to club today. Most of us could but we didn't. Because of the automobile we are able to take advantage of more things; a play in Amarillo, shopping in Dallas or a football game in Oklahoma. Another effect is on our incomes. Many of us are dependent upon income

**TO HONOR HENDRYX PROJECT GETS GRANT**

MONAHANS, Tex. (UPI) — A grant of \$75,700 for survey and planning of the 278-acre Buffalo Valley North Urban Renewal Project, Schertz, Tex., was announced Thursday by the U.S. Department of Housing and Urban Development.

Speaker Ben Barnes will speak.

Members attending were Mrs. Wayne Neff, Berger, Charles Smiley, south of Pampa; George Hamlin, Earl O'Neal, Forrest Cloyd, O. r. v. al

**Astrological Forecast**

By CARROL R. RIGHTER

**FOR SUNDAY, OCT. 1**

**GENERAL TRENDS:** A day and evening to make sure that you do nothing whatever that can "put up" arguments or controversy and to let everyone about you see the one who is willing to go out of your way to do the little kindnesses and favors for others that are in an upper range of good.

**ARIES (Mar. 21 to Apr. 19) —** Be sure you dig right into all the tasks ahead of you and be cooperative with coworkers or those in touch with you in a significant way. Avoid the "I'm sorry" and "I'm not" attitude. Be cool, confident, and comfortable.

**Taurus (Apr. 20 to May 20) —** Get the pleasure out of your work. Do not let the pressure of others or the pressure of your own high spirits, be very encouraging to you. Keep your feet on the ground. Avoid the "I'm sorry" and "I'm not" attitude. Be cool, confident, and comfortable.

**GEMINI (May 21 to June 21) —** Be firm and stand up for what you have made. Even though a close tie and a business associate do not see eye to eye on some business proposition, you can't let anything that deters your progress.

**MOON CHILDREN (June 22 to July 21) —** Be sensible and exact an associate who is having a difficult time instead of turning off on some tangent or other. Drive or walk with care. Do not be too generous with your money.

**LEO (July 22 to Aug. 21) —** Be most careful with some proposition you get of a business nature or you could literally lose your shirt. Add greater mobility to

**the Drama of DRUGS**

By Joe Tooley

Science is making more and more studies which seem to bear out the close relationship of physical health to mental attitudes. These new discoveries are at sharp variance with previously held concepts of mental illness, which held that the mind existed and functioned completely independently of the body. Along these discoveries, for example, is the fact recently brought to light that a condition similar to schizophrenia... the mental disease of the so-called personality... can be brought about in a normal person by the administering of a new drug. Still other studies have brought out the apparent relationship between the hormones of the thyroid gland and mental illness.

**Variety Member Fights Own War**  
By United Press International ST. LOUIS (UPI) — Edwin D. Dorsey fights a personal war to provide transportation for crippled children around the world.

Dorsey is a prominent Variety club member who has helped raise funds for "Sunshine Coaches," big special vehicles made with hydraulic lifts for wheelchairs.

The buses are used to transport crippled children to parks and picnics, to camps and circuses, to museums and zoos.

Dorsey is chief barker of Variety Club Tent No. 4 in St. Louis, one of 37 Variety Club tents in the United States. He said last year the 37 tents raised \$14.5 million for projects involving children. Variety Club members have built 210 "Sunshine Coaches" for crippled children, and by next year the goal is 300.

More than 50 million persons are injured to some extent every year, according to a survey by the U. S. Public Health Service. Nearly half the injuries require only medical attention, with no restriction of the person's usual activities. One injury in five confines the victim to bed.

**DAMAGE FANTASTIC.**  
AUSTIN (UPI) — Damage to South Texas croplands from Hurricane Beulah will be hundreds of millions of dollars, Texas Agriculture Commissioner John White predicted Tuesday, because of the vast amount of soil displaced. He called it "fantastic" and "unbelievable" and said his earlier estimate of \$50 million damage to the citrus crops and trees would probably be close to the actual figure. He said he toured the Rio Grande Valley and saw few crop fields that did not have some damage.

# 'All-American Boy' Swingers Take Corduroy for Fall, Winter Fashions

By ROBERT COCHRAN  
NEW YORK (NEA) — Swingers who remember Lamont Cranston, Alger, Hiss, Taft-Hartley, Huntz Hall and Jack Armstrong, all-American boys, will also recall those heavy corduroy knickers that sang as they rustled home from school.

Those knickers (and long pants for kids with Avant-garde parents) were fashioned of sturdy stuff and very seldom, if ever, suffered sandlot rips. Forgiving garments, they were.

Corduroy has always been known as a forgiving fabric, much like denim. Anybody who wore out cord slacks was regarded as incorrigible and generally not worth a popsicle or even a Johnny Mize baseball card.

Tattoos were big then, too. You know: the Mickey Mouse or Bugs Bunny or Captain Midnight decals that were slipped onto arms and chests.

Well, tattoos are with us again as a superfashion detail for tennysoppers and teeny-noms. And so is corduroy which, while never having really left us, has returned as just about the strongest men's fashion note for the fall and winter.

Corduroy has always been utilitarian but until recently the fabric was never formed into fashionable merchandise. Now the floodgates have been opened. This season you can expect almost everything short of socks and underwear to be made of corduroy.

Why the designers took so long

to stumble upon corduroy is a question to be mulled over by fashion historians. All we can say is "it's about time." Now such toney designers as Oleg Cassini, John Weitz, Stu Nelson and others have discovered the wales and fashion-oriented men can be grateful.

Cassini, for example, has created for Andrew Pollack a six-button, double-breasted, brown, wide-wale suit with deep center vent shaped in the European manner. Weitz has a very wide-wale beige coat with leather framed button-holes and side-slash pockets.

Corduroy is also fashioned in a twill-like effect. The material is cut on the diagonal for a whole new look.

But we feel duty-bound to throw up the red flag. For all its flexibility, corduroy by its nature is simply not appropriate for daily go-to-business or job hunting wear. It's just too casual.

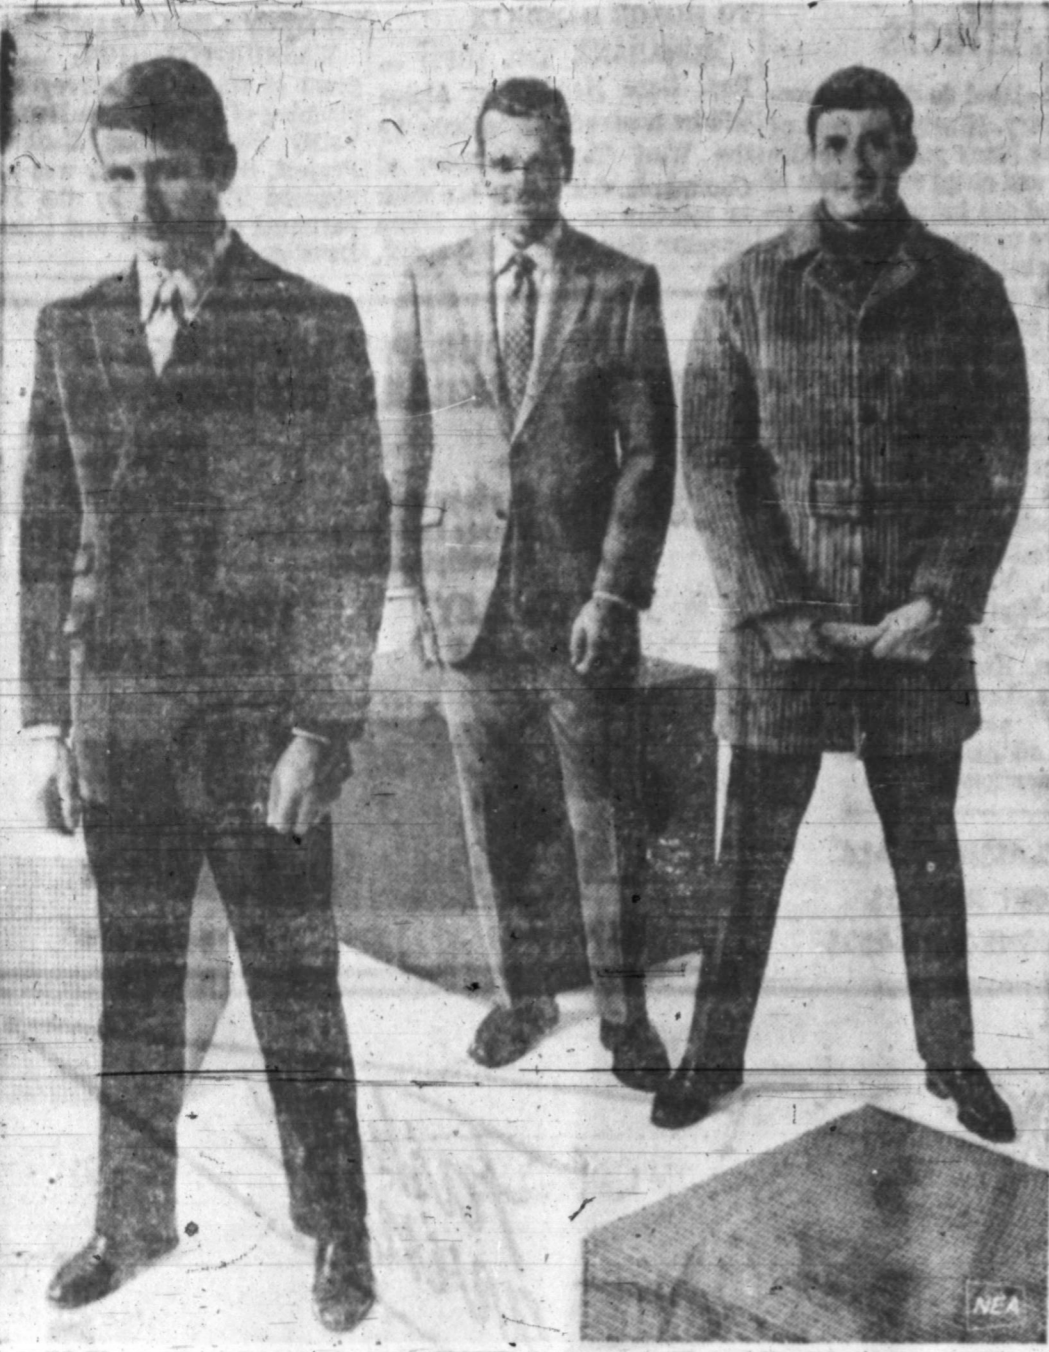

This occurs to me because I happened to attend a black-tie premier recently and spied a dapper gent decked out in a lavender corduroy tuxedo. I'm not by any means a fashion conservative yet I thought this outfit was in bad taste.

The "country" or casual suit has its place — but not in the office. We'd make an exception on Fridays for those fellows who are dashing off for a country weekend.

There's hardly any point to attempt to make corduroy what it is not. Corduroy is ideal for sports and outerwear, for odd trousers with a husky wool jacket, for country suits.

In fashion parlance, corduroy menswear can be "dressed down" (made more casual) but it can't be dressed up to compete with an elegant, worsted double-breasted or, for heaven's sake, a classy mohair formal suit.

These guidelines are very general. Within them, you can do a lot with the wale. So do it.

THIS TRIO OF CORDUROY CREATIONS gives you an idea of the fabric's versatility. From left, Oleg Cassini's double-breasted suit with shaped jacket and deep center vent; long-line sports coat in heather tweed by Cassini with wide lapels, deep waist suppression and side vents is teamed with wide-wale tan trousers by Gordon Ford; hefty wide-and-narrow wale belted coat is in a rich camel color, trousers are wool Glen plaid.

## Glassware Range Makes Buying Fun

Shopping for new glassware? You are fortunate that machine-made products improve in color and design each year.

When you shop for glassware begin with its ultimate use in mind. Your glassware, to shine in your home, needs to be compatible with your tableware. It also needs to be free of flaws, giving you good service before breaking.

In the latter case do check glasses for bubbling and lack of uniformity of edges (unless part of the design). It is possible the bubble will be the spot where a glass will crack and break.

The trend in glassware use is to select pieces that serve more than one purpose. This cuts down on storage space taken up by a sea of little-used glasses. An all-purpose, six-ounce wine glass serves for liquids and desserts, for example. Cold glass goblets are water glasses one time and hold a petite bouquet another.

Here are some points to consider when buying glassware.

Is it overdecorated or extravagantly colored? This design approach may hide flaws and also make the glasses difficult to use with other tableware.

Can the glasses be stored easily? Most glasses should be stored upright rather than on their rims. New designs are stackable.

Are the stems in proportion to the bowl and base? Too tall and too thin stems often are key marks of award-winning designs but do not balance properly for daily use.

## Betty Canary

### Plastic Plants Possible?

By BETTY CANARY  
Newspaper Enterprise Assn.  
I bought a rubber plant at the dime store last night and brought it home, to die. Oh, I don't mean it was ailing and I felt sorry for it. Actually, I am the executioner.

The rubber plant, which was shiny green and strong and healthy as it sat on the counter, dropped its first leaf on the floor of my car. I almost marched it back to exchange it for a plastic orange tree but, instead, I brought it home to join my other plants. At present I have a geranium, two ferns and two philodendrons, all in various stages of death throes.

I suppose I should give up and go plastic, but I keep hoping for a miracle that I am sure someday will happen. My sore thumb will turn to green. I'm not asking for anything too spectacular. I mean, like turning into one of those people at whom other people point and say things like, "Honestly, she could shove a stick into the ground and it would blossom with roses!" No, all I want is to plant a petunia and have it blossom into a petunia.

Actually, I did get some petunias to bloom this summer, but only because I tricked them. I placed them on the back seat of the car and talked loud and clear all the way home about how they really belonged to the children and I was only the delivery agent. I stood back carefully while the children planted them and you should see how these five little plants have grown! Of course, I don't go too near when I am watching — I just peek out the window occasionally.

Anyway, this experience has encouraged me to keep trying. After all, I have a friend who could never grow anything, either. Then one day Marty brought home a pot of ivy and it happened!

She has had this plant for three years now and she has a long green vine that simply will not quit. I was invited over the other day to look at it and I am so happy for her!

The little pot sits proudly upon the mantelpiece and the vine twines all over the living room. It is looped across the doorway, cunningly curled around several pictures, draped over the curtains and is now invading the bookcase.

Marty is hoping she might even parlay the vine into an invitation to the garden club but, frankly, I don't think she has a chance for this. Now, if she could just get the vine to grow leaves, . . .

**CHARGE IT! Shop Downtown for Greater Selections**

by Abigail Van Buren

DEAR ABBY: My husband drives a cab and he works nights off and on. We are happily married with three children of school age. My problem is my sister, Ethel. She calls me up at all hours of the morning when one of her kids is late in getting home. It scares the living daylights out of me to get a call at that hour. I always think something terrible has happened to my husband. Well, Ethel called me this morning at 4 a.m. to tell me that her 14-year-old daughter had not come home from a movie date yet. Ethel's husband, is a night watchman so he doesn't know about this problem daughter of theirs.

Ethel cried and carried on so terrible that I located my husband and we went looking for this juvenile delinquent in all the places we thought she'd be. We couldn't find her, so we went to Ethel's at 6:30 a.m. to calm her down, and the little darling was there! (Flat tire, O, sure!) What can I do with that hysterical sister of mine? My own kids don't get any rest with her calling all the time.

SHOT NERVES

DEAR SHOT: Tell your sister to call her own husband when she has a problem at odd hours. If she doesn't know that it's unfair to disturb you and your family, TELL her! But don't expect her to be more considerate of you just because you complained to ME.

DEAR ABBY: I proposed to a girl and she has accepted. My problem is this: Although she will accept an engagement ring, she told me that she doesn't like diamonds. I would like to know if there are any other kinds of stones used for an engagement?

GOING SHOPPING

DEAR GOING: ANY other kind of ring you wish to buy her may be appropriately symbolic of your engagement. How about her birthstone? (If she was born in April, forget it.)

DEAR ABBY: My brother married about 10 years ago and

moved to the west coast. That marriage ended in divorce, which was unfortunate for his three children. Soon afterwards, another marriage, and another batch of children. Then another divorce. This news came when my husband was quite ill, so I decided not to tell him anything about it.

That was a year ago. Today I received a letter from my brother — bubbling with enthusiasm. He's coming to visit us with his new "girl friend." He knew we had only one spare room, but could we get one of our neighbors to accommodate his friend? What do I do now? Insofar as my husband is concerned, my brother is still married to Number Two.

My brother says in his letter that his latest is a living doll, 25 years younger than he, but misunderstood by her husband! My brother is now 63, has had a lot of unhappiness in his life and I hesitate to contribute to it, but I can't leave him here with a lady who's married to someone else. What should I do?

PERPLEXED

DEAR PERPLEXED: Write to your brother and tell him your position. And I suggest that you put your husband up to date on brother's latest caper. You may have unexpected company.

CONFIDENTIAL TO "In Love With A Liar" IN MIDLAND: A liar suffers more than you know. Believing no one, he is ever confused, suspicious, and doubting. It's the sickness of the coward.

Troubled? Write to Abby, Box 69700, Los Angeles, Calif. 90069. For a personal reply, enclose a stamped, self-addressed envelope.

Try brushing the top crust of a pie with thick cream just before placing in the oven. The cream gives a flaky, brown crust.

## Schoolrooms Sparkle With Durable Clothes

By HELEN HENNESSY NEA Women's Editor

NEW YORK (NEA)—Durability is still a prime requisite for school clothes. But the drab serviceable look will be gone this fall.

Permanent press, new knits and easy-care fabrics will make it possible for classrooms to sparkle with bright color, prints, checks and stripes that mom can wash in minutes. And the ironing board need seldom rear its ugly head.

Back-to-school colors include earthy brown, red, orange and gold in the desert family. Borrowed from the Far East are fuchsia, hot pink and bright purple. In the blue-green group there are teal, emerald, moss and forest green.

The new interest in the military look also gives impetus to navy, khaki and olive. And these are often combined with the bright oranges, golds, and reds.

Old reliable corduroy in various wale widths now makes news in stripes and prints.

The men's wear look in glen plaid, chalk stripes, pin stripes and district checks will be big favorites also.

Permanent press, the process that eliminates ironing and is every mother's dream story, has more to offer than ever before. Polyester and cotton blends in gay prints, bright solids and plaid allow an even greater sel-

ction than last season of good-looking school clothes.

Every silhouette available to mom for fall is on hand for her offspring's return to the halls of ivy.

First there is the return of the belt-high up, low down or right at the waist. There is the free-flowing tent as well as the body fit and flare line. AND the trim, slim shape still remains strong on the scene.

Pantdresses are found in a bevy of fabrics. Some have matching shortie pants. Others, all in one, zip down the front for easy wearability.

All told, this fall will usher a fresh new look into schoolrooms everywhere. If the kids aren't any brighter than last semester's group, at least they will look bright.

Greenish discolorations in hard-cooked or scrambled eggs occur when the iron in the yolk and white combine to form iron-sulfide. The defect is not harmful. But to avoid, cook eggs at moderate temperatures. Hard-cooked eggs should be simmered starting with cold water. Strring scrambled eggs frequently to distribute heat helps eliminate the discolor.

Send The News Classified Ads

COLOR AND FASHION WILL CROWD the schoolrooms this season. Jumper teamed with zingy striped mindress in bonded orlon knit (left) is machine washable. Charming Stewart clear-plaid dress (right) is perfect for opening day at kindergarten. The cowl collar and long sleeves end in creamy linen. These designs are from Cinderella's fall collection.

P-TA

(Continued From Page 15)

participation study, is open to anyone 15 years or older." Mrs. Gene Barber, chairman of the P-TA course committee, said.

Ted Gikas, chairman of first aid course of the Red Cross, is securing 16 instructors to teach the daily two-hour class.

SAMPLE WATER

PLAINS, Tex. (UPI)—Health officials studied samples of Plains' water today to try to find a cause for the infectious hepatitis outbreak that has struck eight youngsters in the past week. Plains is 60 miles southwest of Lubbock.

# Gospel Meeting

You Are Invited To Hear The Gospel of Christ at the CENTRAL CHURCH of CHRIST

500 N. Somerville Pampa, Texas

October 2 thru 8 7 PM DAILY

Evangelist - BOB CRAIG of Port Arthur, Texas

CONGREGATIONAL SINGING

# The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS

TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license, nor anarchy. It is control and sovereignty of oneself. No more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

## Social Security Swindlers

Swindlers are out to bilk those and the "trust funds" amount who are receiving monthly Social Security checks. That is the warning of Donald W. Lewis in a recent issue of *This Week* Magazine.

Future payments will depend on whether Congress votes for a Social Security "trust funds" amount. Ma. Lewis in "The Social Security Swindlers" performs a service in warning older persons to beware of those who represent themselves as from the Social Security Administration and who seek to obtain money or other valuable property.

But he overlooks one fact: Purporting to be insurance provided by the Federal government to guarantee that older persons will have income in their declining years, it is anything but insurance. It is a welfare program financed by taxes, and there is no guarantee that those now paying Social Security taxes will ever receive anything from them.

The truth is that Social Security is bankrupt. Just this year Secretary of the Treasury Fowler told a congressional committee that unless the federal debt limit were increased, the U.S. government might not be able to make its monthly Social Security payments. This came as something of a shock to those who had relied on claims by the governmental officials that the taxes they paid for Social Security had been placed in trust funds which earn interest and are available to make the payments.

As a matter of fact, Social Security payments are being made from current receipts of Social Security taxes. It is estimated that there is something like \$23 billion in bookkeeping entries in the "trust funds." The money has gone into the general fund and been spent.

## The Function of Gold

Nothing, it is safe to say, is as little understood as the commodity we call money nor the importance of some "intrinsic value" base, such as gold and silver, to insure its value.

"Money," it is said—and the fallacy is parroted by economists who should know better—"is merely a medium of exchange"; therefore anything that is handy and people will accept will serve."

This dangerous economic legend, taught in the educational institutions of this country for decades now, is at the root of our imminent economic collapse; for the government, eagerly accepting the false theory as a means of evading the restraints against inflation and prodigious spending imposed by gold and silver has virtually removed those metals as backing for our currency and substituted, instead, fiat "money" run off on its own printing presses.

Admittedly, as the charlatans claim, this counterfeit "medium" is handy; and the people do accept it, simply because, under governmental decrees, they have little, if any, choice. But significantly, as attested by relentlessly rising prices, they are accepting it at less and less value as they slowly learn what the government has done to them.

Ed, as should now be abundantly clear, the overriding function of gold, and to a lesser degree, of silver, in a monetary system under government control is to prevent that government from debasing the money supply via the inflationary route and, thus, to prevent it from gaining the dictatorial powers accruing to it as a result of having virtually unlimited spending capacity at its disposal and, consequently, the ability to corrupt the people.

Dr. J. E. Holloway, former South African secretary of finance, drove these points home in a recent address in Portland, Ore. Excerpts from his speech were reproduced in the Sept. 1 issue of "Monetary Notes," published by the Economists'

## Pull Up A Chair

By FRANK JAY MARKEY

Sometimes movie producers are faced with seemingly impossible demands to give authenticity to their productions. That was the case of Rots Hunter, producer of "Thoroughly Modern Millie," a spoof on the fabulous Twenties, who needed 50 antique automobiles of that period. Hollywood has many antique auto fans, but it took considerable digging to find 50 models that were new no later than 1925. Eventually he succeeded. Among the gems he recruited were: a 1923 Pierce-Arrow roadster, complete with rumble seat, a Stutz sedan, a 1917 Overland roadster, a model-T Ford panel truck, an air-cooled Franklin and a 1920 Essex. Hunter's next problem was to provide instruction in how to drive the old-time cars, which had a different transmission than today's models.

Today's smile: A witness in a lawsuit declined to testify on the grounds that her testimony might incriminate her. Her attorney and the defense attorney immediately sought a reason and she replied: "I learned a whole lot watching TV."

Most residents of San Francisco resent having their hometown called "Frisco." They say it lacks dignity as well as distinctiveness and point out there are towns in Colorado, Louisiana, Texas and Utah named Frisco. Back when Teddy Roosevelt was President, the feeling about it was so great the California legislature petitioned the Post Office Department to quit designating the Golden Gate City as "Frisco" in addressing mail.

Thoughts while shaving: The French are said to be the greatest of today's gold hoarders. It is estimated that French citizens have secreted as much as \$4 million of the \$15 million in gold that is held by private individuals throughout the world. Rubies are now becoming the most valuable of all precious stones because the supply from Burma and Ceylon has been gradually diminishing. A jeweler told us recently a good ruby now brings a higher price than an emerald, diamond or sapphire. . . . The Vatican at Rome is the world's largest page. It is not the work of any single architect. It contains more than 1,000 rooms that were added through many centuries. Incidentally, the Pope's residence takes its name from an area of ancient Rome known as "Ager Vaticanus" or Vatican Field, an Etruscan settlement that vanished before Rome history began. . . . In colonial days physicians tried to cure a headache by having the patient remove his shoes and stockings and place his bare feet on the cold floor. Maybe it worked, but we can be grateful for the discovery of aspirin. . . . Bayonets are so called because they were first manufactured at Bayonne, France, in the 15th century. . . . Haven't heard them in years, but two silly expressions of the day 20's were: "So's your old man" and "It ain't gonna rain no more." Neither meant anything in particular and either might be the rejoinder if you casually remarked to a person "It's a nice day today." . . . The Boston (Mass.) HERALD-TRAVELER reported in a story: "Benefits will also be provided for impatient dental care when the presence of a non-dental condition certified by a physician or dentist requires that the member be hospitalized as an inpatient for these services." How's that again?

Country Editor speaking: "It's okay to disagree with your boss, but don't let him know it."

## Clearing House

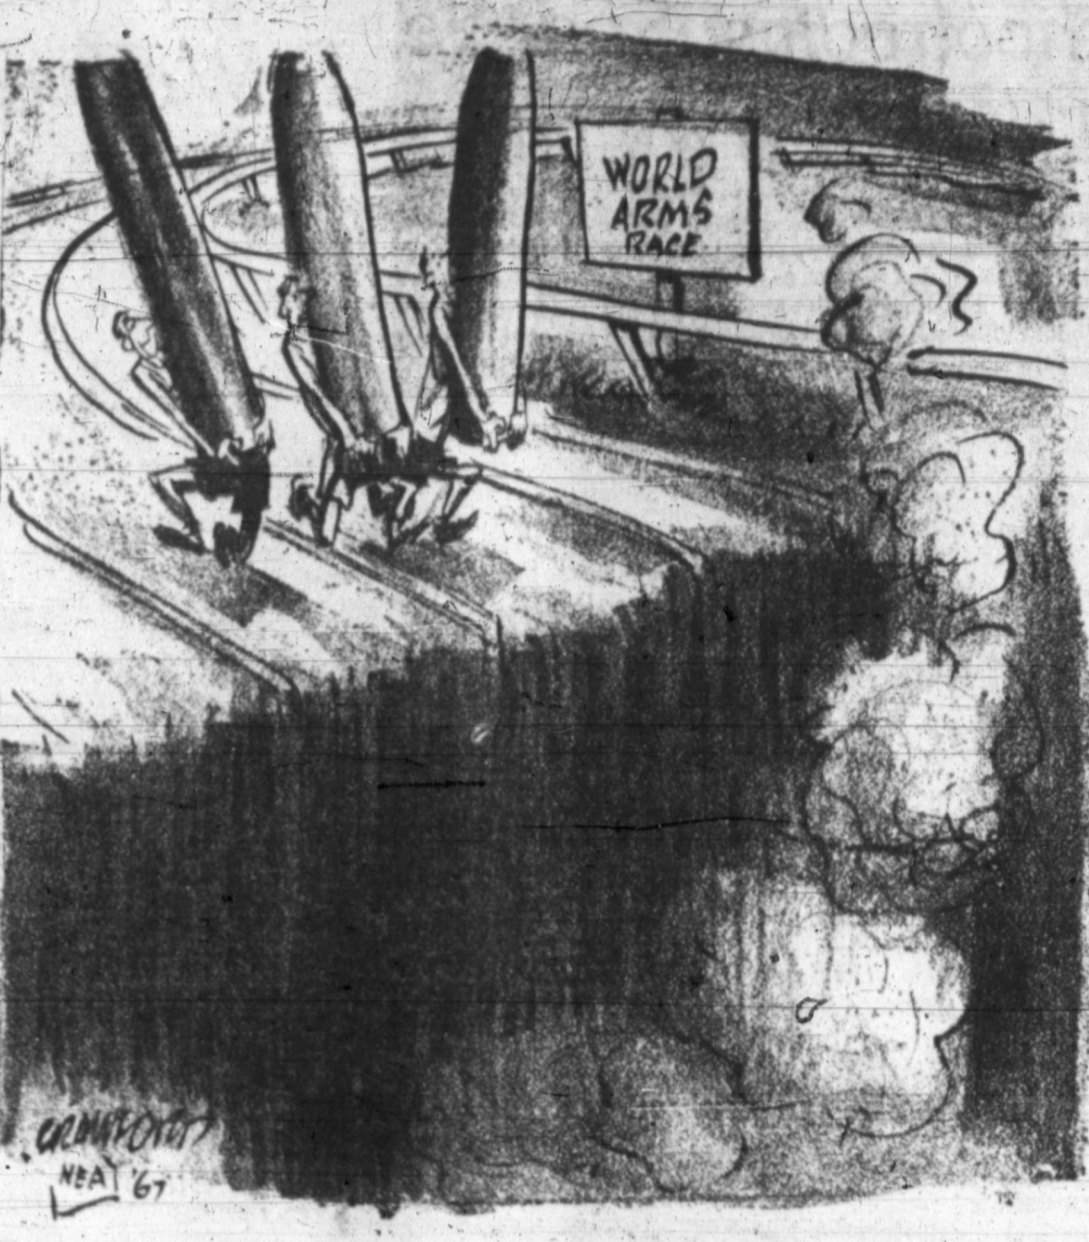

Articles for this column are preferred to be 800 words or less in length. However, longer articles may be printed. All letters must be signed.

Editor: If Vince Lombardi ran the Green Bay Packers the same way LBJ runs his private war in Vietnam, imagine what would happen.

The Packers would not be allowed to ever go beyond their own 46-yard line, the first string would have one arm and one leg made useless; the best plays would be forbidden, and—above all—no touchdowns could be scored!

While feeding and equipping his opponents, Vince would also let them call the plays. Vietnam is no game. Why not?

## Approaching The Finish Line

## Cannel At Bay

By Ward Cannel

Choose Career for Kicks, \$ \$ NEW YORK (NEA) — This is the start of the academic year. And so, in the great vocational guidance offices on the national campus, young Americans are mapping out the 'careers they will follow down the road of life.

Unbeknownst to these youngsters, of course, their road of life is still under construction. And it may well stay that way for the duration — as anybody knows who started his career driving a stage coach or working for a New York City newspaper.

Not that we find any fault with vocational planning. Quite the contrary. It's just that you have to be very careful to choose a durable trade in these temporary times. Or, as we always say, career today—gone tomorrow.

Under these circumstances, and as a public service, we have surveyed the current job market to find the more productive and stable careers for today's dedicated youngsters.

In most cases, all you need to qualify is a high school diploma and a willingness to persevere. PRESIDENTIAL HOPEFUL: Good working conditions, worldwide fringe benefits, guaranteed tenure regardless of defeat at polls. A family enterprise to pass on to the kids.

GUEST CELEBRITY: No talent needed. Earn big money in a few hours each week just by talking about yourself, your dog, your hobbies, your relatives, your recipes, your ex-mate.

EX-MATE: Thousands of openings yearly for both men and women. Excellent base pay with additional opportunities on stage, screen, cocktail parties and country club dances.

SMOKING AND DRINKING INSTRUCTOR: A never-ending challenge. Teach youngsters in better communities how to handle the basic necessities. Give advanced instructions to adults on how to quit.

PUBLIC GROOMER: Have a ringside seat at history. Groom candidates for public office. Keep notes and memos, and have a tax-free income for life.

FORMER ATHLETE: Train now for a long career in marketing hair spray, tobacco, alcoholic beverages. REVERED CONSUMER: Make plenty bucks by simply recounting your observations on washday bleach, deodorant, instant coffee, etc. Immediate advancement for Lifetime Teenagers.

PROFESSIONAL MAN-IN-THE-STREET: Learn when to tell the pollsters that you "do not know," and earn a handsome fee. Extra money for recounting your experience with washday bleach and deodorant.

let our team throw off its shackles and WIN! NOW! Mrs. MacDonald Hays 2819 Bonham Amarillo, Texas

## The Aftermath

(Industrial News Review)

Blame for the tragic riots of the past summer was attributed at least in part to the frustrations of the unemployed. All kinds of make-work schemes were tried, and some no doubt helped but at heavy cost to taxpayers: Ironically, jobs for many people who need help the most were legislated out of existence. Even as artificial jobs were created at taxpayer expense the federal wage and hour laws were amended to increase the minimum wage. Lost jobs have been the result.

A federal minimum wage increase to \$1.60 an hour will go into effect Feb. 1, 1968. The escalatory effect of this increase will be felt all through industry and especially in the retail distribution field. It will spur inflation and mean more lost jobs for the marginal and unskilled workers. Moreover, as the federal minimum wage rises, individual states establish their own minimum wages, often higher than the federal level.

In California, the State Industrial Welfare Commission has proposed a state minimum wage of \$1.65 an hour — up from \$1.50. To determine the probable consequences of this increase, the California State Chamber of Commerce conducted a survey of 125 firms employing nearly 60,000 persons, over 36,000 of which are women and more than 2,000 are minors.

Managements of the firms indicated there will be a cutback averaging 21 per cent. This is a good example of how an excessively high minimum wage wipes out jobs.

A spokesman for a retail organization, commenting on Advance quickly to Spokesman for Your Generation, or Veteran an Observer of the Passing Scene.

SPEED-READING TEACHER: Show people how to listen to Beethoven in half the time and in no pain.

MILITANT PACIFIST: A world of security, prestige and career avenues opens in the civil service. Be a Stern Critic, Loyal Follower, Beloved Nonconformist, Guilt Ridden Liberal, White House Intellectual, Vicious Reactionary or Popular Georgetown Zany.

TREND-SETTER: Learn to recognize the shape of the future and build the first one on your block for profit and satisfaction. Qualified trend-setters and opinion leaders are in constant demand by business, industry and magazine writers.

RETIRED GENERAL: Enlist now in the national program that guarantees you a corporation of your very own.

You may wish to write your senators and representatives in Washington and Austin. Here are their addresses: (FEDERAL) Rep. Bob Price, 1233 Longworth Bldg., Washington 25, D.C. Sen. Ralph Yarborough, Senate Bldg., Washington 25, D.C. (STATE) Sen. John Tower, Senate Office Bldg., Washington 25, D.C. Rep. Maingot Anshahn, Canadian, Texas Sen. Grady Hazelwood, Canyon Hwy., Amarillo, Texas

## The Doctor Says:

By DR. WAYNE BRANDSTADT

Nails Are Reinforced By Fingernail Polish

Q—My nails are flexible and chip and peel easily. What can I use to make them strong?

A—This condition is sometimes caused by nail polish remover or detergents. Since nail polish reinforces your nails you should apply one or more coats without removing the polish already on your nails. Nail hardeners are available but they usually contain formaldehyde and may cause severe irritation of the adjacent cuticle and skin. For this reason they must be used with caution.

Q—What would cause the nails on both my big toes to rot away? What can be done for this?

A—The most likely causes are ringworm and other infections, exposure to harmful chemicals and diabetes. The treatment would depend on the cause.

Q—What causes numerous white spots on the fingernails? Why do they clear up as you grow older?

A—These white spots are due to a small amount of air between the nail bed and the nail. The air gets there by means of chemical changes in the nail bed that are not well understood. Why they should be more prevalent at one age than another is anybody's guess.

Q—Around my cuticle the skin is red and swollen. I have discovered that this is caused by the cleansing powder with chlorine bleach I have been using. Nothing I have tried has cleared up the infection. What would you suggest?

A—Wear cotton-lined rubber gloves when you scour. Your doctor may want to try an antibiotic, such as nystatin or amphotericin, to clear up the infection.

Q—I have been advised to get an electronic air filter for my home. Do you advise it?

A—Electrostatic plate filters are effective in removing dust and pollen from the air but, because they generate toxic amounts of ozone, they should be equipped with activated charcoal. The latter will absorb the ozone which should not be allowed to reach a concentration of more than 0.1 parts per million in the air.

I do not advise such a filter unless there is a specific medical reason for it, such as an allergy to dust, molds or pollen.

## Prospect For Peace Rises In Mid-East

By LEON DENNEN

Foreign News Analyst UNITED NATIONS, N.Y. (NEA) — For the first time since the creation of the State of Israel in 1948 there are some prospects for peace in the Middle East.

To be sure, the prospects are still dim and a great deal will depend on the United Nations. The U. N. members will have to forget for a moment their petty nationalistic squabbles and agree on a rational political solution for the Arab-Israeli conflict.

There is no doubt, as Richard H. Nolte, former U. S. ambassador to Egypt, has underscored again, that the Russian leaders "had connived in triggering" President Nasser's challenge to Israel which led to the war in June. But there is evidence of a growing desire on the part of the Soviet Union to extricate itself from the debacle of the Arab states.

By degrees, Moscow's facade of total aid for the Arab side—thrown up hurriedly at the last U. N. General Assembly—is crumbling as the Russians take stock of their position.

This appears to be the underlying message of an article printed in Pravda by Victor Mayevski who usually serves as the Kremlin's spokesman.

Mayevski hinted, among other things, that Moscow would like a bargain that might leave Egypt in control of the Suez Canal provided Israel's right to use the international waterway is recognized by Nasser.

No one can as yet guess what Russia's new position in the Middle East will be. But in the view of some U. N. diplomats from East Europe, it is unlikely the Kremlin will continue to endorse the extremist arms of Syria and Algeria.

The reason for Russia's changed policy is not difficult to conjecture when one looks at the precarious state of the Egyptian economy since Israel's victory.

Having committed themselves to help Vietnam and Cuba, the Soviet leaders are understandably reluctant to shoulder yet another economic burden where the chances of self-sufficiency are even dimmer. The extent of Russia's economic and military aid to Vietnam is, of course, shrouded in mystery. But total Soviet aid to Cuba is estimated at around \$400 million a year.

The Suez Canal was Egypt's largest single earner of hard currency. Net receipts in 1966 amounted to some \$200 million. What the Russians fear is that Israel and some Western nations are now taking measures to escape dependence on the canal altogether.

They obviously are alarmed by the possibility that Israel might establish on its territory a land link between the port of Eilat, and the Mediterranean for the conveyance of freight.

Moscow has still another reason for wanting to reopen the Suez Canal as quickly as possible. If Western shipowners are having to meet greater freight bills for operating around the Cape of Good Hope, so, too, must the Soviet Ministry of Merchant Marine.

It is already clear that the Russians are being ruthlessly practical in their dealings with Nasser. They are fully aware of the fact that it would be neither desirable nor feasible for Russia alone to underwrite Egypt's bankrupt economy.

As a Communist nation, Russia must, of course continue to castigate American "imperialism" and support publicly extremist Arab demands. But in view of the East European diplomats, Russia now is ready to co-operate with the United States in finding a political solution for the troubled Middle East.

## H. L. Hunt Writes

CALLING NAMES

It. Gen. Lewis B. Hershey, director of the Selective Service System, recently was called "chief procurer for the Army" by a member of a New York City-based group protesting the draft. Demonstrators against the U.S. effort against communism in South Vietnam have hurled the charge of "child murderer" against President Johnson. Newspapers frequently publish pictures of pickets carrying placards that bear insulting messages directed at some individual of whom the pickets disapprove.

Such invidious name-calling is used as a substitute for thought and reason. It is the same kind of illogic that moves adherents of the Farleft to smear persons upholding traditional American ideas as "super" or "ultra" patriots.

Freedomsists may at times be tempted to reply in kind, but it is a temptation that must be resisted. They simply cannot spare the time and effort for mindless name-calling.

Those who understand the threat to freedom today should not even waste precious moments telling one another how great the danger is. Instead of this, they must invest their time in spreading the freedom message — by writing a letter to the editor on a patriotic subject, encouraging young people to participate in such movements as Youth Freedom Speakers, commending the editor whose writings show that he knows what freedom is about, encouraging the businessman who lets his patriotism show in his advertising.

Such affirmative activities require only a small amount of effort. They will prove far more effective than all the name-calling indulged in by those who want to change America into something far different from the land of the free.

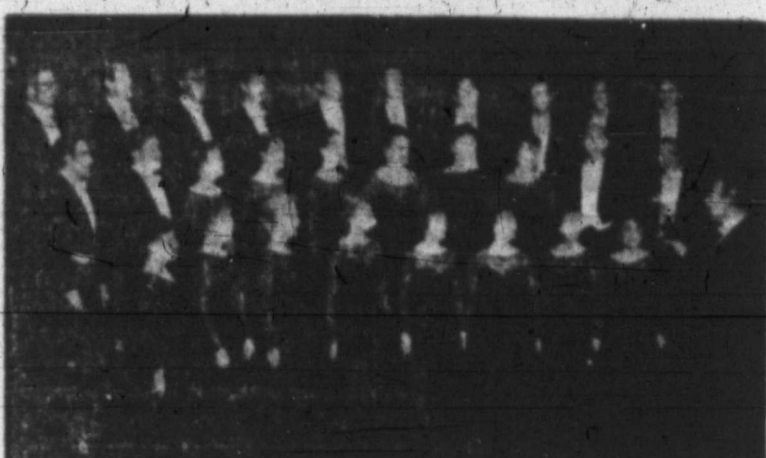

## CASUALTIES LISTED

(WASHINGTON UPI) — The Defense Department identified two Texas Tuesday among the latest casualties of the Vietnam War. They were Army Cpl. James A. Swancy, son of Mr. and Mrs. Monroe E. Swancy of (3009 Hills Drive), Mesquite, Tex.; and Marine Lance Cpl. Juan A. Rodriguez, son of Mr. and Mrs. Mercedes L. Rodriguez of (122 Pueblo) Corps Christi.

TONITE THRU TUESDAY TOP OF TEXAS A Wild, Wacky Chasel. Wait Disneys THAT DARN CAT

TV PROGRAMS FOR THE WEEK ENDING OCTOBER 7

Table listing TV programs for the week ending October 7, organized by channel and day (Sunday, Monday, Tuesday, Wednesday, Thursday, Friday, Saturday).

# National 4-H Week Runs Through Oct. 7

"A World of Opportunity Through 4-H" is the theme for National 4-H Club Week, September 30 through Oct. 7.

During this week 4-H members all over America are reviewing their goals in 4-H. They are inviting friends and neighbors to help "make the best better."

4-H is a national youth program for everyone age 9 to 19. Members are found in urban, suburban, and rural areas.

The purpose of 4-H is to help boys and girls take part in group activities, discover new ideas, and skills, and become well-developed individuals through wise guidance. Leadership and citizenship development are two of the greatest benefits of 4-H club membership.

A 4-H club is an organized group of boys and girls who are interested in new experiences. Members take projects and participate in a variety of activities. Members run their own club, elect officers, help plan and hold meetings, and develop their own program.

Men and women of the community volunteer their services as 4-H club leaders. They help the members run their club and they teach projects.

Over forty projects are available in Texas. Of special interest are those in electricity, clothing, photography, dog care, automotive care and safety, wood-working, money management, and science.

4-H is a family affair. The 4-H member selects and works on a project with leaders and parents guidance. Parents encourage sons and daughters to get the job done.

The 4-H program is directed by the Cooperative Extension Service, a division of the state land grant university. Financing of extension activities is through county, state and federal funds.

County Agents and Home Demonstration Agents provide the educational direction for extension work. They have training

meetings for leaders to help them prepare for leading a project group. They also help organize and conduct a large variety of special activities.

One special activity, the Awards Banquet, will be held in November. Recognition pins and ribbons will be awarded to members for accomplishments this past year. 4-H leaders will also be honored for their contributions to the program.

A county-wide activity held recently was the Annual 4-H Picnic. Approximately 150 attended the picnic held in August.

Club members participate in a variety of county, district, and state contests. County contests include a Dress Revue, 4-H Food Show, Better Lake Show, Elimination Contest, and Pampa Stock Show. District contests are the Dress Revue, Elimination Contest, Better Bake Show, Horse Show and Stock Shows.

Mignon Nickel, daughter of Mr. and Mrs. Loran Nickel of Lefors, and Judy Cox, daughter of Mr. and Mrs. Billy Cox of Pampa, won at the district Elimination Contest and were then eligible to enter the State Contest. The two girls won third at Roundup with their Civil Defense Team Demonstration.

Phyllis Atwood, the daughter of Mr. and Mrs. Ted Atwood, was a district winner in Dress Revue. She will enter the State Dress Revue to be held October 7 in Dallas.

Four Gray County club girls won in the District Horse Show. Brenda Winters, daughter of Mr. and Mrs. John Winters; Denise Roach, daughter of Mr. and Mrs. Frank Roach; Janice Price, daughter of Mr. and Mrs. Eudde Price; and Janelle Johnson, daughter of Mr. and Mrs. Bill Johnson, all entered the State Horse Show in Odessa.

All people 9-19 years of age and living in Gray County are invited to join a 4-H club. Call or come by the Extension Office in the Agricultural Office building.

72 Jeff Holladay, Farm Editor  
SUNDAY, OCTOBER 1, 1967 60TH YEAR

### Expanded Services In The Spotlight At TSCRA Meet

Expanded services to the cattle industry were the spotlight in discussions at the quarterly meeting of the Texas and Southwestern Cattle Raisers Association in McAllen, recently.

TSCRA inspectors developed 35 theft cases during the previous quarter, 17 of which had been tried. These cases resulted in 37 years prison sentences, and 7½ years probation sentences. Four cases were dismissed due to charges being dropped, one case was no-billed by the Grand Jury, and one fine of \$10 plus court costs was assessed on a misdemeanor offense.

The field inspectors also investigated the ownership of 416 head of cattle, eight sheep, and four horses, or the proceeds from them had been returned to their rightful owners.

A reported 343 cattlemen had applied for membership in the Association during the quarter and membership now stands at 10,902.

The cattlemen toured the Screwworm Eradication Plant at Mission, Friday, and were told that recent rains in much of South Texas make ideal conditions for a screwworm outbreak.

At present approximately 120 million sterile screwworm flies are being released each week along the barrier zone in the U. S. and Mexico. The 200th case of screwworms in Texas was reported to the laboratory during the meeting and this is about the same number reported in the state during the same period of 1966. Other states have had far fewer cases reported.

Dr. Michael Schuster of the Westlaco Experiment Station brought cattlemen up-to-date on latest control methods for Rhodes Grass Scale, a parasite which originated in Japan and has damaged thousands of acres of Rhodes Grass and other

### USDA Considers Milk Marketing Change for Area

The U. S. Department of Agriculture is considering suspending a provision in the Texas Panhandle federal milk marketing order, and has invited comments.

USDA's Consumer and Marketing Service officials said the proposed action would suspend for September and October 1967 all limitations on diversion of producer milk to nonpool outlets. The order now limits such diversions to 15 days a month.

Texas State health regulations recently were changed to require an inspection by Texas health authorities of farms outside the State supplying milk to Texas consumers. Until the inspection is completed, milk from producers' farms outside of Texas, received at pool plants under the Texas Panhandle order, must be moved off the market. The suspension would permit the milk to continue to be pooled and priced under the order during this interim, officials said.

Midwest Opinions - The Nebraska County Agents were our host agent and they were red coats to be distinguished in the group. At breaks and social hours, I tried to meet as many of them as I could. I interviewed just about all of the Nebraska agents. The first question I would ask them, "How are your crops?" "Very good but very late..." "Very good but very late..." Many of them would say, "We got twenty inches of rain in June that delayed our planting."

We did observe thousands of acres of corn and milo that appeared to need a minimum of 30 more days before frost. My understanding they got this unwanted frost the early part of the week.

Cattle Feeding - Our next question to these Nebraska county agents was, "Are farmers in your county placing quite a few cattle in the feedlot?" The reply most of the time was, "No." When I ask why, the answer was "Re-

## Agriculturally Speaking

By FOSTER WHALEY  
One of the interesting and educational parts of our trip to the National County Agents Convention was a tour of the Omaha stockyards.

The Omaha market is the largest in the world. They sell almost twice as many cattle as Chicago, St. Paul, Sioux City, or Kansas City. In 1966 the Omaha market received over two million head of cattle, mostly finished cattle from Nebraska and Iowa feedlots. Nineteen major packers buy from the Omaha yards on a closely supervised secret bid basis.

Stronger Markets - The head of Union Stockyards Company made a short talk to our group. He said they were expecting a steady to stronger market throughout the rest of this year and on into 1968. He didn't elaborate on his reasons for this opinion.

Government Report - This is in sharp contrast to the September 13 six-state cattle-on-feed report for August when the Government report showed fifteen percent more cattle were placed on feed in Nebraska in August 1967, as compared to August 1966. Iowa showed forty-three percent more cattle placed in feedlots in Aug. 1967 than Aug. 1966. The six-state report showed an average of nineteen percent more cattle placed on feed in August 1967 than August 1966.

Here are the plus factors as we see them in the outlook for cattle prices:  
-There is a tremendous demand for beef with personal income levels at an all time high.  
-Beef is the favorite meat.  
-Human population increase each year will consume three percent more beef than the previous year.  
-The live beef cattle future's market does not encourage placements of hedged cattle. It's a discouragement to placements. The speculators are of the opinion that prices will be two dollars worse four to ten months from now than today. Thirty-four dollar choice cattle in Chicago will come like a thief in the night. It most assuredly will not come after they have been bidding this much on distant future's contracts for a one-year period before the price gets this high.

Here are the negative factors:  
-An anticipated large feed crop.  
-The recent break in price of replacement cattle will encourage placements of more cattle.  
-Over-expansion of large commercial feedlots in all cattle feeding areas.  
-Competition from competing meats.

PLANE MISSES RUNWAY - ROME (UPI)—A Comet 4 passenger jet of the Sudanese Airways missed the runway at dense fog Friday at Rome's Fiumicino Airport, and skidded to a halt with one wing on the ground and its right landing gear torn away. There were no injuries among the 58 passengers and eight crew members on the plane, which was arriving from Cairo.

Schuster reported that work at the Westlaco Experiment Station had resulted in finding a small wasp-like insect that preys upon the scale and that it is now economically feasible to control this pest by this method.

### Panhandle Water Conservation News

By FELIX W. RYALS  
This column, last week, carried the second of a series of articles covering the tour, made by a group of West Texans, to the water projects under construction in the State of California. These West Texans have a deep and abiding interest in the continued prosperity and growth of the entire West Texas area.

The group went to California looking for answers to the water shortage facing West Texas by 1980. West Texas had been looking to the Texas 2020 plan to provide the needed water. When the plan was finally unveiled there was not much in it for West Texas and the Texas Panhandle.

Water, Inc. - Being left but then brought on the formation of WATER, Inc., an organization which immediately set its sights on bringing in the needed water from outside the State of Texas. A number of proposals have been studied. The one that looks best is the proposal to import water from two different locations on the Mississippi River. The amount of water needed by West Texas is available from the 565 million acre feet of excess water that flows down the Mississippi and on into the Gulf of Mexico and lost forever.

Largest Project Ever - Bringing water to West Texas, Eastern New Mexico and Western Oklahoma is the largest project, of its kind, ever attempted in the United States or the entire world. There are a number of problems that must be solved. Some involve engineering and some involve politics. We have been told by the Texas Board of Water Development that there must be an agency or agencies ready to receive the water when it arrives and to route the water to the farmers, cities and industries that will be needing it.

The West Texas group, while touring Water Projects in California that were getting ready to receive water through the billion dollar California Water Project, visited a number of key

people and agencies involved. To get an overall picture of the California Project, currently the largest one in the world, we quote William E. Warne, Director of the California Water Project. "The California State Water Project has recorded so many unprecedented feats during the first half of its decade of construction that the use of that adjective has become almost commonplace."

While making the above statement Warne was participating in the ground-breaking ceremonies for the "Big Lift" over the Tehachapi Mountains North of Los Angeles. The "Big Lift" facility, the biggest water lift in the world, in the south end of the San Joaquin Valley, was marking its beginning October 6, 1966.

Warne continued, "Raising the flow of almost 1,800,000 gallons of water a minute through a height of nearly 2,000 feet from the floor of the San Joaquin Valley to the summit of the Tehachapi Mountains is truly an unprecedented undertaking. Never has man moved such a great volume of water so high. We are combining the skill and experience of European pump designers and the manufacturing talents and production know-how of American companies to accomplish a tremendous engineering feat."

"Undreamed-of Progress" - During the 1966 ground-breaking of the "Big Lift" Warne read a telegram from then-Governor Pat Brown. "It brings forcibly to the attention of all our people the fact that we are leading the nation to undreamed-of progress in the field of water development."

## Selective Service Answers

EDITOR'S NOTE - Below are questions now being asked at draft boards. The answers by the State Selective Service director, are published by The Pampa News as a public service.

Q - In order to qualify for a II-S student deferment, must I enter college in the first class commencing after graduation from high school?  
A - No. If you are not reached for induction on account of your age before you enter college, you may receive the deferment even though a period has passed when you were not in school, provided you are not yet 24 years old. Once enrolled, you must request deferment from your draft board in writing, then remain a full-time, satisfactory student.

Q - How can I become a member of the local draft board?  
A - If you are a citizen, at least 30 years of age, reside in the area over which the board has jurisdiction, and are not a member of the armed forces or its reserves, you are eligible. Contact the present members of the board, or write the State Selective Service director, or the governor, indicating your interest. Members are recommended by the governor and appointed by the President of the United States.

Q - I am a graduate student. Will I be eligible for a I-S (C) classification?  
A - Yes, if you were deferred by your board in Class II-S prior to June 30, 1967. Otherwise, you are not eligible.

Bravo Smokes Keep Producing  
AMARILLO, Texas (UPI)—Bravo Smokes, Inc., which makes cigarettes from lettuce leaves, should be allowed to continue operations until the firm's president can reorganize and pay off the firm's creditors, a federal bankruptcy referee ruled Thursday.

Bankruptcy referee Frank Murray of Lubbock gave Bravo Smokes president Puzant Toriglian until Dec. 4 to draw up a plan of reorganization, and his creditors until Dec. 20 to approve or reject the reorganization plan. The firm's headquarters is at Hereford, Tex.

FIRE ON DEMONSTRATORS  
NEW DELHI (UPI)—Police and soldiers opened fire on demonstrators Thursday and wounded four students who were squatting on railroad tracks demanding that a train take them to a town beyond the end of its scheduled run. Other students burned down a nearby market place in retaliation.
