

TEX'S TOPICS

They say there's nothing much to worry about in Tomball, Texas, except the warm weather. That's because local taxes are nil.

In Tomball they have free gas and water piped into their homes, says an AP correspondent, and they have NO municipal taxes to pay, nor any bonded indebtedness.

Reason for this is that oil wells take care of the town's treasury. The town entered into contracts with the Humble Oil and Refining Co. in which the company agreed to furnish gas and water for the right to drill a maximum of 19 oil wells in the incorporated townsite. Five wells have been completed and the sixth has started drilling.

Tomball, situated 30 miles north of Houston, is 39 years old. Once upon a time it was called Peck in honor of a railroad official. The name, however, was changed to Tomball in honor of Tom Ball of Houston who handled legal business for the real estate concern which established the town.

There's not much oil excitement in Tomball, although the field is a major one in the coastal area. You don't hear much oil talk there, now. About the only time the oil situation is discussed is when two landowners meet and talk about the size of their royalty checks.

Tomball is quite a farming community, too. Pampanas, by virtue of their location near the heart of the oil fields, will be interested in this unique story of Tomball which kills the old saying that nothing is certain but death and taxes. In Tomball the oil company has removed the taxes but hasn't been able to do anything about death, as yet.

C. H. Walker, Pampa's next postmaster, is guest editor of the Pampa NEWS today. We suggest that you turn to the editorial page and read his "guest editorial." His is the first in a series of these guest editorials which prominent residents of Pampa, Gray county and the northeastern Panhandle will be invited to write.

As stated before, guest editors will pick their own topics and discuss them as they see fit. And, of course, their views may or may not coincide with those of the NEWS. Purpose of the guest editorials is to foster better community understanding and to aid, perhaps, in solving community problems.

County Auditor Ray Wilson is one of the best verbal fullbacks we have met since coming to the Panhandle. Only recently he played a great game for Pampa in the last Pampa-Amarillo high school football game.

Wilson, learning that we like football, held an office scrimmage for our benefit in order that we might have some low-down on the inside of this most important event in the Panhandle year.

We enjoyed every minute of play from the side-lines and—so far as we've gone—want to enter this nomination before the convention closes: Auditor Wilson for No. 1 ardent football fan in June.

Today's Trivial Topic: Wild sheep grow hair instead of wool. . . . And that's a bit of startling information to us, believe it or not.

Story of the season's first wheat being brought to Pampa recalls long-gone days when we used to go down on grandpop's farm for "thrashin'", mostly to edge around the groaning dinner table and fish for chicken gizards, our favorite dish.

Ordinarily there were only one or two gizards to a meal, but when thrashin' day came along, you could bank on 20 or 30 of 'em being hidden away somewhere in the gray.

Things have changed a lot, too, since those days when there was some sort of fascination about watching the old steam thrashing engine, puffing down the country lane with the great separator trailing along behind.

In these days of combines and tractors all that glamour, at least we called it glamour, has gone the way of most other antiquated farming methods.

But just the same we'll wager a bushel of wheat to a jugful of thrashin' day water that, as a kid, we had more wheat field fun 'back when' than they do today.

There's some good news in today's Pampa NEWS for boys and girls who wish to get a chance to break into sound movies. Details of a two-reel thriller that's to be filmed soon with local juveniles

FDR BLASTS AT 'ECONOMIC ROYALTY'

End Of Local Water Shortage In Sight; Lines Outside City Closed

NEW PUMPING EQUIPMENT TO ARRIVE TODAY

WATER SYSTEM TO BE BUILT UP SAYS STINE

The week-old water shortage situation took a turn for the worse here yesterday morning at 10:30 o'clock when the city closed all water lines extending beyond the corporate limits of Pampa, including the Talley addition.

But relief was in sight last night. City Manager C. L. Stine announced that three tons of parts for well No. 1 which has been out of order for a week were due to arrive in Pampa today. The new 1,000-gallon-a-minute booster pump, a 100-horse power motor and shafting should arrive here today. Installation will be begun immediately. City officials believe the new parts will be installed by Monday night. They were shipped by rail from Pomona, Calif., and were to arrive in Pampa between 1 and 2 a. m. today, according to local Santa Fe officials.

Closing of all water lines outside the corporate limits followed an appeal over Radio Station KPND by Mr. Stine urging citizens to slash their use of water in irrigating and in watering lawns. The reserve tanks, the city manager said later, have plenty of water in them until about 6 o'clock in the evening when residents start spraying lawns, gardens and flowers. Then, he declared, they drain the tanks dry.

The water shortage also affected the city swimming pool. The water was not changed Friday night. Fresh water will be turned into the pool Monday night, Mr. Stine said. City Health Officer T. J. Worell tested the pool water yesterday and declared that it was made as sanitary as fresh water by the free use of chemicals.

Residents each evening last week found water flowing slowly or trickling from their faucets or hoses. Andy Crocker, water superintendent, and Chief of Police Art Hurst made a tour of the city yesterday, urging the biggest irrigators to cut down on the use of water until the new pump is installed. Numerous residents of the Talley addition complained that they were not notified that the water was going to be shut off, and that they were left without a drop in the house. Mr. Stine explained that he notified

Old Fire Truck To See Service On Runs Again

Like the wonderful one-hoss shay, Pampa's oldest fire truck goes on for long time. Yesterday, the 1921 Reo truck, oldest bit of equipment of the Pampa fire department was put in good condition, equipped with a 200 gallon booster tank, and is all set to make runs along with the two big American-LaFrance trucks.

No fires were reported during the day Saturday and Fire Chief Ben White expressed the hope that fire losses, if any, would be kept to the minimum during the next month.

Mr. White has been checking on fire extinguishers owned by individuals and firms in Pampa and has discovered some that have not been charged since 1930. Fire extinguishers should be charged at least once a year, or they are worthless, Mr. White says, and he has asked that all owners of fire extinguishers see that their extinguishers are in proper condition.

French Workers Operate Closed Munitions Plant

PARIS, June 27. (AP)—French workers took over a munitions plant with the consent of its owners today amid sporadic political and strike disorders and signs of disension from one faction of the reigning popular front—the radical Socialists.

Near Amiens, a munitions factory which the proprietors were forced to close because of their inability to pay taxes, will be run by the workers. Newspapers said the government had promised to advance them money.

A striker was put in jail at St. Nazaire after stabbing two inspectors in the occupied naval shipyards there. Conservative radical Socialists openly accused their communist

CAN'T THIS BE SETTLED SOME WAY?

Building Permits For Week Total \$85,972.83 In Spurt

TORNADO BLOWS ITSELF OUT IN CORPUS SECTION

No Lives Lost And Property Damage Is Small

CORPUS CHRISTI, June 27 (AP)—A fast-moving tropical hurricane struck the South Texas coast between Corpus Christi and Matagorda today, rapidly spending its force as it passed inland.

There were no casualties reported, despite the fact that many summer vacationists were at lowlying beach resorts, and it was believed that property damage was relatively small.

The disturbance formed in the gulf off Corpus Christi and, accompanied by torrential rains, stirred up winds with a velocity between 60 and 70 miles an hour as it raged inland. Its center apparently crossed the coastline somewhere between Rockport and Seadrift, two small resort towns.

Rainfall at Corpus Christi amounted to 2.26 inches and other cities and towns in the affected area were drenched by similar

Permit Is Taken Out For High School Auditorium

Indications of Pampa's growth are reflected in figures released Saturday by J. R. McKinley, city building inspector, which show that city building permits in the first six months of 1936 are the highest since the crash year of 1929.

Permits issued last week amounted to \$85,972.83 and boosted the year's total in the city to \$250,812.83. Many new residences were included in the new permits issued. Remodeling of houses moved to the city, remodeling of homes and construction of store buildings, service stations, etc., hiked the amount.

Oscar L. Boyington, local contractor, took out a building permit for the new high school auditorium yesterday morning. Work on the WPA project was started Friday morning with digging for the foundation progressing rapidly. The building will cost \$68,172.83. It will be 105 by 106 feet.

Other building and remodeling permits issued last week by Mr. McKinley were:

D. J. Cottrell, 35 x 53 residence on lot 10, block 1, Cook addition, at a cost of \$4,500. W. Mullinan is the contractor.

V. E. Fatheree, remodeling residence on Kingsmill avenue, \$500. Magnolia Petroleum company, enlarging service station at Cuyler and Atkinson streets, \$3,000. L. C. Graham is the contractor.

Clyde Fatheree, remodeling residence in Cook addition, \$1,000. John B. Hessey, remodeling residence moved to the West End addition, \$2,000.

By Ross, new residence in the Buckler-Wilks addition, \$3,000. Ollie White is the contractor.

Cox Brothers, remodeling grocery store on Brown street, \$3,000. Clyde Ridgeway, remodeling home in Finley Banks addition, \$800.

W. A. Davis will move a house from Panhandle and locate it on Russell street, out of the city limits.

Scouts Will Be Advanced Monday

Scouts, their parents and friends and all Scouters were reminded today that the regular Court of Honor will be held at 7:30 o'clock tomorrow night in the district courtroom in the courthouse. Scoutmasters will meet briefly in a business session afterward, it was announced.

FOURTH TO BE LAZY BUT NOISY DAY IN PAMPA

Many Residents Will Go To Canadian And Berger

Fourth of July, according to all indications, will be a lazy day in Pampa. With no official celebration scheduled for Saturday, the day is expected to pass quietly and sanely, with the exception of a constant din of exploding fireworks.

With Pampa just recovering from the excitement attendant to its recent centennial celebration, local residents are expected to enjoy the day sanely.

Many Pampa homes will have holiday guests. Other residents will hike off to the swimming pool, mountain spots, fishing places or to parks where dinner can be served picnic-fashion in some shady corner.

(See NO. 4, Page 2)

People You Know

George Christopher, the flying fireman, is first a man and being that, he is natural. At the Centennial air show, many pilots hurried importantly about, romantically clad in shiny boots, helmets, and goggles; then George climbed into his plane, wearing his fireman's cap, feeling anew the beauty of soaring like a bird toward the blue dome of the sky, and the bright eyes of the boys were not on the consciously clad pilots who roared away, covering the crowd with their dust, but on George's fireman's cap, and his waving hand as his plane shot eastward.

In 1945, perhaps, those boys (half of whom now want to be pilots when they grow up) whether they are wearing army or civilian helmets, will smile a salute to their boyhood hero and his fireman's cap.

TO INVESTIGATE PENSIONS

TO INTERVIEW APPLICANTS OF GRAY COUNTY

FIRST CHECKS WILL BE RECEIVED HERE JULY 1

Investigators will begin work in Gray county tomorrow checking applications for old-age pension grants, it was announced Saturday night by John B. Hessey, district investigator.

Mr. Hessey and two assistants will check with applicants in Pampa and surrounding communities in an endeavor to speed the work of issuing checks to local recipients.

Investigators in Gray county, according to Mr. Hessey, are expected to be completed this week.

First checks will be delivered through the mails on July 1, he said. Many others will not receive checks until investigations are completed and the grants authorized by the old-age assistance commission.

Mr. Hessey, field worker in the Amarillo office of District 16, which comprises 20 northern counties of the state, stated last night that payments will run as high as \$30 a month, but the average in this district will be \$18.50.

That average is the second highest in the state, he said, due to the fact that subsistence costs here are higher than in other sections. Ninety per cent approvals are being made on

(See NO. 5, Page 2)

E. C. Puryear Is Candidate for Post at Austin

E. C. Puryear has authorized the announcement of his candidacy for the office of representative of the 122nd district subject to the action of the Democratic primary.

Mr. Puryear says that he is asking for the vote of the people on the following basis:

1. I promise economy in government in so far as it does not curtail worthwhile functions such as schools, etc., and I will make an earnest effort to try to balance the budget in order that the state may not be constantly paying out more than it takes in thereby piling up more indebtedness for the next generation.

2. I favor the payment of the Old Age Pension as voted by the people, and I believe it should be paid to all people who are eligible under the constitution and not to certain classes.

3. I promise that I will be your representative and that, if elected, that I will go to Austin with both hands and feet free, and that I will remember at all times that I am working for the people of my district and not for monied interests or powerful lobbies.

In all other matters I will do my best to try to represent you with the interest of this section of Texas as constantly in mind. I will appreciate your vote and your support and will do my best to justify your confidence.

Announces

E. C. Puryear of Collingsworth, above, today announced his candidacy for state representative, 122nd district. Mr. Puryear has visited here frequently. He addressed the local Truckers association two weeks ago. He is the son of a former representative of this district.

6TH DRIVER IS ARRESTED FOR A COURT TRIAL

Drunken Driving Indictments Are Returned

The sixth arrest made on indictments returned by the county grand jury this week on drunken driving counts was made yesterday by the sheriff's office.

H. D. Strathers, charged with driving an automobile upon public roads and highways while intoxicated, was the sixth person to be cited in three days.

Five other drivers, accused on similar charges, were taken into custody by officers Thursday and Friday, following the grand jury report.

State Highway patrolmen and sheriff's deputies have been conducting a stiff campaign against drunken drivers during the last week.

Apparently the centered attack upon what authorities term a high-speed menace is having its effect in Gray county. Deputy Sheriff T. O. Lindsey said Saturday that no violations were reported during the week-end.

Officers indicated there would be no let-up in the drive.

SEEK CONVICTS CAMERON, June 27. (AP)—A posse of Milam county officers, aided by four Rangers, combed this area of East Central Texas tonight as the hunt for two escaped Texas convicts grew warmer. Forrest Gibson and Luke Trammell, who escaped Retrieve prison farm eight days ago in a burst of gunfire which killed a guard, were believed but minutes ahead of the pursuers who picked up the trail of the pair yesterday evening.

WEATHER

Oklahoma and West Texas: Generally fair Sunday and Monday.

'THEY SEEK TO HIDE BEHIND CONSTITUTION'

ACCEPTS NOMINATION BY DENOUNCING 'TYRANNY'

PHILADELPHIA, June 27. (AP)—President Roosevelt tonight accepted the renomination of the democratic party and opened his campaign for reelection with a scathing assault upon "economic royalists" who, he charged, fear a loss of their power through the new deal.

"The economic royalists complain that we seek to overthrow the institutions of America," he told a gigantic throng at Franklin field.

"What they really complain of is that we seek to take away their power. Our allegiance to American institutions requires the overthrow of this kind of power."

"In vain they seek to hide behind the flag and the constitution. In their blindness they forget what the flag and the constitution stand for. Now as always, the flag and the constitution stand for a democracy, not tyranny; for freedom, not subjection; and against a dictatorship by mob rule and the overprivileged alike."

Mr. Roosevelt's brief address was confined to a general discussion of the issue of economic oppression as contrasted with new deal objectives of guarding the people against insecurity, "protection of the family and home, the establishment of a democracy of opportunity and aid to those overtaken" by disaster.

"But the resolution within our gates is ever ready to beat down our words unless in greater courage we will fight for them," he said. "For more than three years we have fought for them. This convention in every word and deed has pledged that that fight will go on."

After thanking the party and the people for sympathy, help and confidence in the three years of the new deal, asserting that fear has

A Perfect Story For Summer

"Runaway Bride," the first story in Pampa Daily NEWS' series of short summer serials, begins Tuesday.

Written by Helen Weishimer, young NEA Service writer, also known for her poems and editorials, the story concerns itself with Marcia Cunningham, a girl who overhears her husband-to-be tell a bridesmaid he is marrying Marcia for money.

Marcia decides to forget the wedding, goes to Paris. There an attractive girl friend, a young engineer from South America, a scheming gigolo all contribute to make this surprising story a swift moving romance with just the lightness that hot weather reading demands.

100 Kids To Be In Movie Sponsored By The NEWS

Pampa boys and girls, between the ages of three and six years, are going to get their chance to break into the movies.

In addition to appearing in the local picture, Pampa children will have the opportunity of displaying their talents to Mr. Barker, the film scout, with the possibility that one among the cast may be chosen for a Hollywood tryout.

Children between the ages of three and twelve who wish to try out for one of the parts in the Pampa movie, which will be a kidnap story, may register at the office of the Daily News, or at the La Nora or Rex theaters. There is no registration fee.

When the casting director arrives in Pampa on Wednesday, July 1, he will get in touch with registrants and arrange preliminary tryouts.

Following the filming of the Pampa two-reeler, the movie will be shown on the screen at both the La Nora and Rex theaters.

such as is used on the Hollywood sound stages, will be used in making the local picture.

The Pampa Daily News Saturday completed arrangements with C. F. Benefield, manager of the La Nora theater, to make a two-reel kid comedy, similar to "Our Gang Comedies," in which there will be a cast of 100 Pampa boys and girls.

Milton Barker, of Hollywood, will arrive in Pampa soon to produce the comedy. Barker belongs to the distinction of having discovered Spanky McPartland, now a boy star in Hal Roach's Our Gang productions.

All scenes for the local movie will be taken in Pampa. The outdoor shots will be made in Central park, at the municipal swimming pool, and other beauty spots throughout the city. Interior scenes will be filmed on the stage of the La Nora theater. Regulation equipment,

# 'Bitsy' Grant Whips Anzac In Wimbledon Net Tourney

### To Meet Fred Perry In Attraction Monday

WIMBLEDON, Eng. June 27 (AP)—Bryant (Bitsy) Grant, the Atlanta Atom, who stands barely over five feet, shelled Vivian McGrath of Australia to cover 6-3, 6-4, 6-0 in the fourth round of the All-England tennis championship today.

Grant found himself in the quarter-final round where he will meet Fred Perry, twice champion, Monday in the star attraction.

Grant, Perry, and the Australians, Jack Crawford and Adrian Quist, all gained the round of eight today. Perry breezed past Camille Maltroy, former Wimbledon finalist, 6-2, 6-2, 6-4. Crawford topped Harry Lee, ex-British Davis cupster, 7-5, 6-4, 9-7, and Quist defeated Donald Butler, 6-3, 7-5, 9-7.

The other quarter-final brackets were filled yesterday by Red-head Don Budge, Wilmer Allison, the American champion, Gottfried von Cramm, German ace, and H. W. (Bunny) Austin, Perry's Davis cup teammate.

## NO. 1 —

(Continued From Page 1)

users of city water outside the city limits in his radio talk that the lines would be closed.

In his talk he said:

"All water heretofore used by customers outside the city has been or will be by 10 o'clock this morning suspended to allow storage accumulation. Therefore on account of the danger from fire if one should occur at this particular time, the city commission has asked me to request the people from using water on lawns trees and gardens within the city until such time as our water well is repaired and the system placed in full operation."

Mr. Stine previously stated that water would be available for all domestic and business purposes within the city. The local Santa Fe office was notified about 6:30 o'clock last night that the parts would arrive here early today.

Previously, the company had made arrangement to transport the pump and equipment to Pampa by truck if rail connections could not be made to get the parts here today.

Mr. Stine emphasized last night that the city would undoubtedly go ahead with plans to build up the water system, drill a new well and make repairs necessary to keep the system in first class condition all the time.

## Fairground Park Dam Being Built

Construction of the dam at Fairground park, which will give Pampa its first lake, was started last week. The dam will be located at the north end of the park property. It will be 1,000 feet long and will have a 50-foot driveway on top.

When completed, the dam will flood water approximately 15 feet deep over an area 600 feet wide and 2,000 feet long.

A new caiche pit is being uncovered by the city. Top soil will be used to construct the dam with the caiche used for roads through the park.

Work on the race track is progressing. The fence is also being graded. Construction of stables will be started upon arrival of material expected soon.

## MARKET BRIEFS

NEW YORK, June 27 (AP)—Steels and motors assumed leadership of the stock market today and pulled the list out of an irregular trend into a small but definite gain at the close.

As has been usual in recent Saturday sessions, the interest in trading was small with professionals providing the bulk of activity. Transactions amounted to 366,350 shares compared with 317,190 shares the week before with more than half of the buying and selling in the last hour.

U. S. Steel, which gained 3/4 of a point at 61 1/2, pointed the general trend. Its lows for the day was 60 1/2, and the close was only 1/4 under the highest.

## CHICAGO GRAIN

CHICAGO, June 27 (AP)—Indications of record-breaking big receipts of newly harvested domestic winter wheat Monday at all southwestern markets gave a downward swing to prices late today.

What closed weak, 1/2 cent off yesterday's finish, July 93 1/2-1, Sept. 68 1/2-1, Dec. 95 1/2-1, corn 1/2 cent off to 10 1/2, July 65 1/2-1, Sept. 65 1/2-1, Dec. 61 1/2-1, oats 1/2 cent higher, Sept. 30 1/2-1, and rye 1/2 cent advanced, Sept. 63 1/2. The outcome in provision markets was unchanged to 15 cents bid.

## KANSAS CITY LIVESTOCK

KANSAS CITY, June 27 (AP)—An improved tone was in evidence at eastern beef consuming centers, especially on better grades steers and yearlings. The trend was steady to 50 lower. Fed heifers and mixed yearlings sold at mostly fully steady prices. While cows were unevenly steady to 50 off in Chicago, highly finished 1,223 lb western Nebraska fed steers scored 10.00. Yearling feeders at the above market and all at St. Louis cashed at \$8.85.

Choice native lambs in Chicago scored 12.10. A few choice yearlings at the same point made 9.00, while around the circuit the outside price on handy weight ewes was 4.00. The week's hog high mark of 10.85 was paid Friday in St. Louis.

## NEW ORLEANS COTTON

NEW ORLEANS, June 27 (AP)—Absorbing the customary week-end profit taking, cotton prices gained from 4 to 5 points in today's short session.

The demand came mostly from truck sources with offerings supplied by speculative interests who

## R. A. Irvin Is New Speed Cop

R. A. Irvin became Pampa's new traffic officer yesterday, succeeding A. B. Johnson who has resigned to take a position with an oil company in this section.

The new officer is not new, however. In 1929 he was traffic officer for several months. Before coming to Pampa, Irvin was a member of the Hutchinson, Kan., police force.

Officer Johnson joined the force in April, 1935, coming here from Kansas City, where for three years he was a member of the riot squad.

Officer Irvin is asking Pampa motorists for the same cooperation that has helped make Pampa one of the safest cities in the nation.

Workers Paid  
The ghost was walking in county court house Friday for approximately 250 road workers, including teamsters, truck drivers and laborers.

## 2ND WOMEN'S TITLE WON BY MARION MILEY

DEFEATS MINNEAPOLIS GIRL ON 34TH GREEN

DENVER, June 27 (AP)—Dexterous shots in tight places earned Marion Miley, stoical brunette from Lexington, Ky., her second successive women's trans-Mississippi golf championship today.

She beat her close friend and tournament roommate, 19-year-old Beatrice Barrett of Minneapolis on the 34th green of the testing Denver Country club course, 3 and 2.

Miss Barrett, a "rookies" in tournament strife, fought stubbornly and frequently displayed enough expert golf to threaten an upset. Her final hope died, however, on the 31st-34th, where her three-foot downhill putt grazed the cup and gave Miss Miley her victory.

downpour. Skies cleared at Corpus Christi and the wind dropped to 20 miles an hour during the afternoon.

The barometer was rising at Matagorda, on the eastern border of the endangered sector, standing at 29.89. The wind there switched from northeast to southwest and maintained a velocity of 40 miles an hour for some time.

All warnings were lowered along the Texas coast at 2 p. m., after the hurricane passed inland at noon, attended by what the weather bureau said were "winds of about hurricane force over a very small area near center." Storm winds were reported as far north as Houston.

The weather bureau advised the disturbance was diminishing rapidly in intensity.

The tide at Corpus Christi rose three and a half feet and there was slight inundation near the Nueces Bay causeway at the height of the storm. One or two summer camps on the lowest ground washed out but residents had moved to safer ground and there were no deaths.

Telephone lines were blown down and communications disrupted during the hurricane's landward movement.

[[QUESTIONS THAT ARE ASKED ABOUT BANKING]]

"How do Banks figure checking account charges?"

EXTENSIVE studies by banking experts over a period of years, especially by the Bank Management Commission of the American Bankers Association, have shown what it costs the average bank—for overhead, stationery, checkbooks, salaries, safekeeping of funds, etc.—to handle each check and deposit item. These studies have also revealed how much interest is earned by an average bank on each dollar of its loanable funds when invested at current rates.

With such information as this at hand banks are able to ascertain which of their accounts earn enough to pay their cost of handling. On accounts, whose earnings do not cover their handling costs, a moderate service charge is ordinarily made. Consequently, these accounts pay their own way and are welcome at the bank because they conform to sound banking principles.

applications in this district, according to Mr. Hessey.

Notice that official grants have been made are sent in advance of the pension payment, and pensioners who are delayed through necessary investigations will receive checks as of July 1 when final approval is made.

Each check represents equal contributions of federal and state money. The amount listed in notices being sent out will be reviewed at frequent intervals, and some may be increased and others reduced in future months. Pension checks will be mailed out monthly.

Mr. Hessey stated that there is none of the complicated registered mail and lengthy procedure through which world war veterans have gone in the payment of their bonus funds. Pension checks will be mailed directly to the eligibles in ordinary first class mail, to the address given in the applications.

The checks are not subject to any discount, and are cashable immediately at par anywhere in the state. All the recipient has to do is to endorse the check and cash it.

Check-writing machines in Austin were going full speed all last week to issue the 50,000 to 60,000 old age pension checks which Texas will begin its old-age pension payments next Wednesday.

## NO. 6 —

(Continued From Page 1)

been "conquered," Mr. Roosevelt added that he could not, with candor report that "all is well" with the world.

"Clouds of suspicion, tides of ill-will and intolerance gather darkly in many places," he said. "In our own land we enjoy indeed a fullness of life greater than that of most nations. But the rush of modern civilization itself has raised for us new difficulties, new problems which must be solved if we are to preserve to the United States the political and economic freedom for which Washington and Jefferson planned and fought."

"The age of machinery, of railroads, of steam and electricity; the telegraph and the radio; mass production, mass distribution—all these combined to bring forward a new civilization and with it a new problem for those who would remain free."

"For out of this modern civilization economic royalists carved new dynasties. New kingdoms were built upon concentration of control over material things. Through new uses of corporations, banks and securi-

## NO. 4 —

(Continued From Page 1)

ties, new machinery of industry, and agriculture, of labor and capital, —all undreamed of by the fathers—the whole structure of modern life was impressed into this royal service.

No Place For Royalty  
"There was no place among this royalty for our many thousands of small businessmen and merchants who sought to make a worthy use of the American system of initiative and profit. They were no more free than the worker or the farmer. Even honest and progressive-minded men of wealth, aware of their obligations to their generation, could never know just where they fitted into this dynastic scheme of things.

The "privileged princes, he continued "reached out for control" of the government itself.

"They created a new despotism and wrapped it in the robes of legal sanction," he said. "In its service new mercenaries sought to regiment the people, their labor and their properties. And as a result the average man once more confronts the problem that faced the minute men."

"The hours men and women worked, the wages they received, the conditions of their labor—these had passed beyond the control of the people, and were imposed by this new industrial dictatorship. The savings of the average family, the capital of the small business, the investments set aside for old age—other people's money—these were the tools which the new economic royalty used to dignify itself in.

Limited By Monopoly  
Those who tilled the soil no longer reaped the rewards which were their right. The small measure on their gains was decreed by men in distant cities.

"Throughout the nation, opportunity was limited by monopoly. Individual initiative was crushed in the cogs of a great machine. The field open for free business was more and more restricted. Private enterprise became too private. It became privileged enterprise, not free enterprise.

"Against economic tyranny such as this, the citizen could only appeal to the organized power of the government. The election of 1929 showed up the despotism for what it was. The election of 1932 was the people's mandate to end it. Under that mandate it is being ended."

Mr. Roosevelt told the gathering that he "heartily subscribed" to "the brave and clear platform" that had been adopted and concluded with:

"I accept the commission you have tendered me. I join with you. I am enlisted for the duration of the war."

## COMMUNISTS PLAN

NEW YORK, June 27 (AP)—The communist party issued a board appeal to the farmers of America today for unity in a people's front farmer-labor party looking to an ultimate Soviet United States.

## ROAD RUNNERS GO TO DUNCAN FOR TWIN BILL

TEAM SEES BEAUMONT AND INDIANS AT CAPITAL

The Pampa-Daniger Road Runners left yesterday afternoon for Duncan, Okla., where they will play a doubleheader with the Halliburton Cementers of that city, this afternoon. The players planned to drive to Oklahoma City and see the Beaumont Exporters and Oklahoma City Indians play last night.

It was not known when the team left whether big Gene Ledford would be with the team in Duncan. The big lefthanded pitcher was called home Friday afternoon because of illness in his family. Sam Gray also left Friday but was to join the club in Duncan.

Phillips of LeFors, the surprise team of the Panhandle, will be in Berger this afternoon for a game with the Huber Blackfaces. The Phillips nine almost defeated Amarillo in recent games after taking a 2 to 1 game from Amarillo earlier in the month.

Amarillo will entertain Tucumcari, N. M., in a doubleheader this afternoon.

# PEEWEEES TO PLAY UNDEFEATED ROAD RUNNER BOYS HERE THIS AFTERNOON

## PHILLIPS AND PIRATES WILL TAKE TO ROAD

**MAGS WILL MAKE 3RD ATTEMPT TO BEAT FLEDGLINGS**

The Phillips Peewee-Little Road Runner game this afternoon at 2 o'clock at Road Runner park because it will be the only Junior baseball game to be played in Pampa and because it will be the third attempt of the Peewees to take the measure of the overgrown Dancer boys.

There will be two other league games played, one at Borger and the other at LeFors. Phillips boys will try to avenge a recent defeat dealt them by the Borger Christian at the 66 diamond, and the Hoover lads will try to show how much they have improved in the last two weeks by attempting to give the rather boastful Pirates as good a licking as the LeFors youths took at the hands of the Little Road Runner last Sunday.

There is no valid reason why the Dancer nine should not again engulf the Peewees who are indeed peewees when they line up in front of the fledglings. The latter have won two previous meetings by big scores. The only indication that they might develop into a battle is that the Peewees are smoldering with a passion to whip the bird's nest sights off their rivals. They have been practicing diligently this week but so have the feathered flock.

On the mound for the Little Road Runners will undoubtedly be Paul Montgomery, whose fast ball has been too much for any batsmen in the league. Borger got closer to him than any other team. The Christians held the Little Road Runners to a 5 to 3 victory. Borger will come to Pampa next Tuesday evening for another game, and this time they hope to throw a nice big monkey wrench into the fledglings' smoothly running machine. Manager C. M. Spurlock of Borger blames the lights for the flock of errors his boys made in the first inning for their defeat. The Christians are fairly pining to carry home bird feathers Tuesday.

The Peewee battery will be Amos Reed and Doyle Audis who tamed the best in their class last season. Coach Roy Marshall believes that if his boys can attain the perfection they reached last season, they can crack their foes' winning streak this afternoon. Certain it is, the Peewees will not go into the game with an inferiority complex as they did the last two times. They are not afraid of the Little Road Runners any more and that frame of mind may lead them to play above their heads.

An admission of 10 cents per person will be charged at the Road Runner park game, the proceeds to be used for purchase equipment.

Baseball fans are urged to support the teams in the league by attending their games. The league is the only one of its kind in Texas.

## Road Runners Are Finally Beaten By Amarillo Team

### Pampa Club Cracks In Losing 7-6 Battle

The Pampa Road Runners cracked as wide open as the Grand canyon Friday night in Amarillo and lost a 7 to 6 battle to the Phillips Parrots of that city. Lee Daney, Road Runner ace, was batted from the mound in the fourth inning. It marked the first time in three years that an Amarillo team has been able to bombard the Indian from the mound.

Carl Stewart relieved and held the Amarilloans in the big middle of his sweeping curve balls. Stewart allowed the Parrots only one hit, a single by Strickland in the eighth.

Luke Coburn received no better treatment than Daney and had to live up to the ship, "Wild Man" Hadley, he of the freak delivery, had to bid batters watching him undid instead of looking at the ball and held them in check after the first inning. He fanned 10 batters, free in the ninth with the tying run on third and the winning run in first. Poindexter, pinch hitting for Stewart, Seitz and Hale were victims in the fatal ninth.

**Bailey Hits Single**

Reliable Don Bailey did his best to pull the Birds out of their tiring slump with three singles, two of them infield hits which he got out by sheer speed. Grover Seitz also continued his hitting, angling out a pair of singles which drove in three runs. Seitz has hit safely in the last 11 games. Cox and McLarry continued in their batting jump, with the former hitting a home run. Summers was the other Road Runner to go hitless. He also made three errors.

Littrell was the big noise of the Amarillo attack. He banged out a double on his first time at bat and followed with a triple. Stewart held him helpless the rest of the way. Joe Surface, after walking twice, gathered in a triple. Foster hit a pair of timely singles.

The Road Runners scored in the first inning on a hit by McNabb who stole second, went to third on an out, and scored on another. Again in the second the Birds put across a run. Bailey beat out an infield hit, went to second on an error, passed ball, and scored on an error. One more in the third came when Seitz singled through short and scored on Hale's double. Thomas made a great play on Seitz' drive but was unable to hold the ball.

**Bases Walked Full**

Daney walked the bases full in the fourth after Thomas had singled and Littrell hit his triple. Clark followed the last walk with a single and Hart hit a double off Cox' shins. The ball rolled against the grandstand, allowing two runs and will undoubtedly be a worthy contribution to the game. Besides that the boys play good ball.

Hoover will be host to Mc's Pirates "down by the railroad track" on the Hoover diamond.

## McLEAN POLO TEAM TO PLAY ROUGH RIDERS IN AFTERNOON

McLean's newly organized polo team will make its appearance on the local field north of the city at 5 o'clock this afternoon when they meet the Pampa Rough Riders.

Amarillo scored another pair in the fourth on an error by Summers, a single by Foster, and Surface's triple. Daney was relieved by Stewart with two out and from then on Amarillo batters got only one hit.

Manager Sam Hale's Birds tried to pull the game away in the fifth with a three-run barrage. Two walks and singles by Stewart, Seitz and Bailey accounted for the runs. The Road Runners had chances to tie the score in the eighth and ninth but failed to register when Hadley threw strikeout balls.

The Road Runners left yesterday afternoon for Duncan, Okla., where they will play a doubleheader with the Halliburton Cementers this afternoon. Ledford and Gray will be the probable pitchers although Stewart may be given a chance to start where he left off Friday night in Amarillo.

The box score:

Road Runners—	AB	R	H	O	A	E
McNabb, rf	3	2	1	0	0	0
Summers, 2b	3	1	0	3	2	3
Seitz, c	5	1	2	0	0	0

to cross the plate before Cox could get to it. The big fellow continued in the game despite the bruised ankle.

Amarillo scored another pair in the fourth on an error by Summers, a single by Foster, and Surface's triple. Daney was relieved by Stewart with two out and from then on Amarillo batters got only one hit.

Members of the McLean team are well known to Pampa rodeo fans who have seen them perform here for many years. Dwyer's assistants will be Ed Clifton, George Saye, Turner Kirby, Carl Hefner and Edwin Howard.

Lack of experience is expected to be overcome by hard riding and ability to control mounts. Dwyer believes, he is confident his boys can give the Pampans a real battle. The Rough Riders will be weakened by the loss of Captain M. C. Overton, No. 2, who received a fractured shoulder in a game last Sunday. A shake-up in the lineup will place Bill Harwell at No. 1, Joe Bowers at No. 2, Hub Burrow at No. 3, and Acting-Captain Jack Cooper at No. 4. Otto Studer and George Garrett will be replacements.

The later hour of play has proven popular. The largest crowd of the season saw last Sunday's game at the later time.

## BONTHRON IS WINNER OVER GENE VENZKE

### OLYMPIC TRYOUTS ARE HELD IN EASTERN SECTION

By ALAN GOULD  
Associated Press Sports Editor

CAMBRIDGE, Mass., June 27. (AP)—Bill Bonthron, Princeton university runner, dashed down the Harvard stadium stretch today with an old-time burst of speed to lick his Pennsylvania rival, Gene Venzke, and fortify his chances of making the American Olympic team.

Bonthron bounded off the last turn to close an eight-yard gap quickly, overtake Venzke some distance from the tape and won by a foot in the 1500 meter final of the eastern sectional Olympic tryouts.

The former Princeton captain's time of 3:55.2 was not so startling, compared to his own world record of 3:48.8. Ernest Federfer, dark horse entry of the Millrose A. A. U. New York, was third.

Bonthron's victory was the high spot of the tryouts which served as the semi-final test for some of the south's outstanding athletes, as well as the eastern group. First and second place men in each of the 17 events contested today under raly conditions automatically qualified for the final American tryouts July 11-12 at Randall's Island stadium, New York City.

There were comparatively few upsets.

Eddie Gordon of Iowa City, 1932 Olympic broad jump champion, did no better than 23 feet, 6 inches, to finish third in Henry (Monk) Little of William and Mary, and thus missed the final tryouts.

Syracuse's Eddie O'Brien, national champion and sensation of the last winter season, qualified in the 400 meters but he ran a disappointing second to his Dartmouth rival, Jack Hoffstetter.

The winner registered 47.7 seconds.

David Weicher of Rice Institute, Texas, achieved the most startling performance of the field events when he cleared 14 feet, 3 inches to surpass the Olympic pole vault record in the meet's closing event. Inspired by the best performance of his career, Weicher then tried the bar at the world record height of 14-5 1/2 but failed in two attempts.

The only other Olympic mark to be bettered was in the hammer throw. On his last attempt Henry Dreyer of Providence, E. I., and the New York A. C., got off a mighty throw of 180 feet 9 inches to overtake his Maine rival, Donald favor, who had achieved 177 feet, 4 inches. Dreyer surpassed the Olympic record of 179 feet, 8 1/2 inches, made by Matt McGrath, New York police officer, in the 1912 games.

## King And Coltexo To Play For Second Place In Loop

### Skelly Oilers Will Meet Winner of Series

One game remains to be played in the first half of the Pampa Play-ground league. While the Skelly Oilers sit on top of the heap, King Oil and Coltexo will play Monday evening at 5 o'clock at LeFors to determine whether King will meet Skelly in the playoff or whether King and Coltexo will have to play a series to decide which will play Skelly.

A win for the King boys tomorrow will give them undisputed hold of second place. A loss would tie them with Coltexo. Coltexo lost a forfeit to Phillips Thursday afternoon when the carbon black team walked from the field.

King Oil had to stage a great comeback to overcome the Baptists and win, 10 to 9, Friday afternoon. Error almost ruined the game for Poe, King pitcher. Glazebrook and Bennett worked for the churchmen.

Skelly took a 9 to 4 game from the Texas company team to hold first place. Mayo and Hays, Skelly aces, were opposed by Staniel and McBride. The left-handed McBride hurled great ball after relieving Staniel.

The Christians, underdogs all season, took a 14 to 12 game from Cities Service. The churchmen chased 9 runs across the plate in the fourth inning and then staved off Cities Service rally. Errors marred the game. Campbell, Halbig and Pratt tried unsuccessfully to stop the Christians. Geppelt went the distance for the churchmen.

Voss Cleaners won by default from

## OLYMPIC RECORDS IN DISCUS AND HIGH JUMP ARE BETTERED

MILWAUKEE, June 27 (AP)—Olympic mark Harold Osborn made in 1934, the negro lad failed by more than two inches of the stadium record set in the A. A. U. games here in 1934.

NEW YORK June 27—The Giants snapped the Chicago Cubs' current winning streak at four straight today and killed the Cubs' chance of going into the National lead by pounding out an 11 to 2 victory to even the present series. Chicago ..... 001 000 100-2 8 2  
New York ..... 300 002 06x-11 10 0

PHILADELPHIA, June 27 (AP)—A pair of home runs by Ival Goodman, and one each by Billy Myers and Babe Herman, gave the Cincinnati Reds a 10 to 9 victory over the Phillies in a free-hitting battle today. Mr. and Mrs. Roy N. Jones and son Roy Lee returned Friday from a two-week trip to Corsicana, Dallas and vicinity. While at Dallas, they visited the Centennial exposition which they declared was superlatively interesting and beautiful, and that they heard many persons say it far exceeded the Century of Progress.

Antonio Stradivari, of Cremona, Italy, is said to have been the master violin maker of all time. He was born in 1644 and died in 1737.

championship and wound up only one stroke behind.

His nervousness on the greens cost him the title. He three-putted the second and the fifth.

## Flying Wykoff Runs 100 Meters In 10.5 Seconds

MEMORIAL COLISEUM, LOS ANGELES, June 27. (AP)—Outstanding performances by coast performers headed by flying Frank Wykoff, Jimmy Luvall, Ben Eastman and Mach Robinson featured the finals of the Far Western tryouts for the American Olympic track and field team today.

Nearly 8,000 fans gathered under a blistering sun for the meet.

Winners of first and second places were assured a chance to compete in the final American trials in New York July 11-12.

Wykoff electrified the crowd with a smashing win in the 100 meters, running the distance in 10:05 seconds.

Robinson, dusky Pasadena junior college sprinter, ran second to Wykoff in the 100 and won the 200 meter dash in 21.1 seconds, bettering the existing Olympic record of 21 1/2 seconds held by Eddie Tolan.

"Blazing" Ben Eastman came thru with an easy win in the 500 meters in the time of 1 minute 50.1 seconds, and Jimmy Luvall, coffee-colored ex-Bruin of the University of California at Los Angeles, had little trouble winning the 400 meters in 46.3 seconds.

## Dawson, Matson Go to Finals of 'Trans' Tourney

WICHITA, Kan., June 27. (AP)—A tall, husky, Wichita dark horse, George Matson, and the youthful Chicago veteran, Johnny Dawson, today advanced to the finals of the 36th annual Trans-Mississippi golf tournament at the Wichita Country club.

Matson weathered a sensational sub-par rally to defeat defending champion Johnny Goodman of Omaha, 3 and 1 in the 36-hole semi-finals today. Dawson eliminated tall, nonchalant Walter Emery of Oklahoma City, 4 and 3.

Matson, twice Kansas amateur champion, shot a blazing 68, four under par, for the morning round to take a three up lead on the chunky Omahan, who carded a 71.

Goodman was out in 33, four under par, this afternoon, as Matson carded a 35. Matson, however, was seven under par for the match and Goodman only four under.

Dawson played only run-of-the-mill golf in defeating the carefree Oklahoman, whose short irons were too short and whose puts looked in the cup and refused to drop. Dawson shot a par 72 to take a one up lead on the morning round as Emery took 73 strokes.

**SUTTER TO FINALS**

CHICAGO, June 27. (AP)—Ernest Sutter, the Tulane university ace from New Orleans, marched into the final round of the national intercollegiate tennis championships at Northwestern university today with a victory over Ramsay of North Carolina, 6-4, 6-3, 6-2.

**"OUTPERFORMS MY \$1200 CAR"**

SAYS R. P. S.\* OKLAHOMA CITY

... and remember, the big beautiful Pontiac costs but a few dollars more than the lowest-priced cars!

Owner after owner writes in to express delight and amazement at Pontiac's special combination of very low price with all the qualities formerly found only in costly cars. There's no mystery about it—Pontiac gives fine-car results because every Pontiac feature is the finest money can buy. We left out nothing when we built this Silver-Straked beauty. You miss out on nothing when you drive it. Prove it with a ride.

\*One of 11,000 Pontiac owners who recently have written voluntary letters of praise about their cars. No paid testimonials.

## Padgham Takes British Open

HOYLAKE, England, June 27 (AP)—All Padgham, who broke into the professional's shop shortly after daylight to get his golf clubs, burgled the British open championship right under the eyes of Henry Cotton, Gene Sarazen and an assorted body of golfing stars from two continents today.

Padgham calmly speared himself a pair of 71's and then withdrew to the clubhouse veranda and watched the others vainly try to equal his total of 287.

Sarazen blazed around this morning's round in 70 and went out in 35, one under par, this afternoon. He finished in 38 for a 73, a total of 291, and a tie for fifth place.

Cotton finished with a 74 for 289 and a tie with Marcel Dallemagne of France for third place.

The honor of pushing the new champion hardest went to Jim Adams, the Scottish open champion, who was knocking at the door all the way through this

# 'Bitsy' Grant Whips Anzac In Wimbledon Net Tourney

### To Meet Fred Perry In Attraction Monday

WIMBLEDON, Eng., June 27 (AP)—Bryan (Bitsy) Grant, the Atlanta Atom, who stands barely over five feet, shelled Vivian McGrath of Australia to cover, 6-3, 6-4, 6-1 in the fourth round of the All-England tennis championship today.

Grant found himself in the quarter-final round where he will meet Fred Perry, twice champion, Monday in the star attraction.

Grant, Perry, and the Australians, Jack Crawford and Adrian Quist, all gained the round of eight today. Perry breezed past Camille Malroy, former Cambridge player, 6-2, 6-2, 6-4; Crawford topped Harry Lee, ex-British Davis cupster, 7-5, 6-4, 9-7; and Quist defeated Donald Butler, 6-3, 7-5, 9-7.

The other quarter-final brackets were filled yesterday by Red-head Don Budge, Wilmer Allison, the American champion, Gottfried von Cramm, German ace, and H. W. (Bunny) Austin, Perry's Davis cup teammate.

## MARKET BRIEFS

**NEW YORK, June 27 (AP)—**Steels and motors assumed leadership of the stock market today and pulled the list out of an irregular trend into a small but definite gain at the close.

As has been usual in recent Saturday sessions, the interest in trading was small with professionals providing the bulk of activity. Transactions amounted to 366,350 shares compared with 317,180 shares the week before with more than half of the buying and selling in the last hour.

U. S. Steel, which gained 1/4 of a point at 61 1/2, pointed the general trend. Its loss for the day was 60 1/2, and the close was only 1/4 under the highest.

**CHICAGO GRAIN**  
 CHICAGO, June 27 (AP)—Indications of record-breaking big receipts of newly harvested domestic winter wheat Monday at all southwestern markets gave a downward swing to prices late today.

What closed weak, 1/4-1/2 under yesterday's finish, July 93 1/2-1, Sept. 69 1/2-1, Dec. 95 1/2-1, corn 5/8 off to 3/4 up, July 65 1/2-1, Sept. 65-65 1/2, Dec. 61 1/2-1, oats 1/4-1/2 higher, Sept. 30 1/2-1, and rye 1/4-1/2 advanced, Sept. 63 1/2. The outcome in provisions was unchanged to 15 cents lift.

**KANSAS CITY LIVESTOCK**  
 KANSAS CITY, June 27 (AP)—An improved tone was in evidence at eastern beef consuming centers, especially on better grades steers and yearlings. The trend was steady to 50 lower. Fed heifers and mixed yearlings sold at mostly fully steady prices. While cows were unevenly steady to 50 off. In Chicago, highly finished 1,223 lb. western Nebraska fed steers scored 10.00. Yearling heifers at the above market and also at St. Louis cashed at 8.65.

Choice native lambs in Chicago scored 12.10. A few choice yearlings at the same point made 9.00, while around the circuit the outside price on handy weight ewes was 4.00. The week's hog high mark of 10.85 was paid Friday in St. Louis.

**NEW ORLEANS COTTON**  
 NEW ORLEANS, June 27 (AP)—Absorbing the customary week-end profit taking, cotton prices gained from 4 to 5 points in today's short session.

The demand came mostly from trade sources, with offerings supplied by speculative interests who

**R. A. Irvin Is New Speed Cop**

R. A. Irvin became Pampa's new traffic officer yesterday, succeeding A. B. Johnson who has resigned to take a position with an oil company in this section.

The new officer is not new, however. In 1929 he was traffic officer for several months. Before coming to Pampa, Irvin was a member of the Hutchinson, Kan., police force.

Officer Johnson joined the force in April, 1935, coming here from Kansas City where for three years he was a member of the riot squad.

Officer Irvin is asking Pampa motorists for the same cooperation that has helped make Pampa one of the safest cities in the nation.

**Workers Paid**  
 The ghost was walking in county court house Friday for approximately 250 road workers, including teamsters, truck drivers and laborers.

County Auditor Ray Wilson said that the payroll, authorized at a special session of commissioners' court yesterday afternoon, amounted to \$3,400.

had purchased new crop positions earlier in the week.

It was a thin market throughout, with the price range holding around 25 cents a bale during the two hours of dealings.

Final prices were within a point or so of the best for the day. Oct. closed at 11.66, Dec. and Jan. at 11.63 and Mar. at 11.65 bid. There was but one transaction in July, at a price of 12.32, compared with its previous close of 12.25 bid. Midling gained 25 cents a bale to 12.65 at New Orleans.

Main stimulus for the firm tone was derived from the continued dryness in the west, a scarcity of contracts and the persistent trade demand.

**NO. 2 —**  
 (Continued From Page 1)

downpours. Skies cleared at Corpus Christi and the wind dropped to 20 miles an hour during the afternoon.

The barometer was rising at Matagorda, on the eastern border of the endangered sector, standing at 29.89. The wind there switched from northeast to southwest and maintained a velocity of 40 miles an hour for some time.

All warnings were lowered along the Texas coast at 2 p. m., after the hurricane passed inland at noon, attended by what the weather bureau said were "winds of about hurricane force over a very small area near center." Storm winds were reported as far north as Houston.

The weather bureau advised the disturbance was diminishing rapidly in intensity.

The tide at Corpus Christi rose there three and a half feet and there was slight inundation near the Nueces Bay causeway at the height of the storm. One or two summer camps on the lowest ground washed out but residents had moved to safer ground and there were no deaths.

Telephone lines were blown down and communications disrupted during the hurricane's landward movement.

**NO. 3 —**  
 (Continued From Page 1)

their plants but promised to continue supplying the city with power and gas.

Military authorities furnished bread in Avignon, where bakers refused to return to their jobs. Cafe and restaurant employes struck at Saint Etienne.

Roving bands of Nationalists and Leftists fought each other and police in a series of battles in the streets of Rouen. Mobile guardsmen ended the disorders after three police and a dozen civilians were injured.

A crowd of 2,500 Nationalists clashed with police in bus which was blocking their line of march.

**WAR PLANS STUDIED**  
 WASHINGTON, June 27 (AP)—A special war plans committee of the army general staff has launched a study to determine whether modern warfare conditions necessitate re-organization of the size of combat divisions.

## 2ND WOMEN'S TITLE WON BY MARION MILEY

### DEFEATS MINNEAPOLIS GIRL ON 34TH GREEN

DENVER, June 27 (AP)—Dexterous shots in tight places earned Marion Miley, stoical brunette from Lexington, Ky., her second successive women's trans-Mississippi golf championship today.

She beat her close friend and tournament roommate, 19-year-old Beatrice Barrett of Minneapolis on the 34th green of the testing Denver Country club course, 3 and 2.

Miss Barrett, a "rookies" in tournament strife, fought stubbornly and frequently displayed enough expert golf to threaten an upset. Her final hope died, however, on the 33rd-34th, where her three-foot downhill putt grazed the cup and gave Miss Miley her victory.

**NO. 4 —**  
 (Continued From Page 1)

Because it falls on Saturday this year, Independence Day provides double holiday for celebrants who wish to take advantage of the opportunity offered to make a longer trip than usually is afforded when the holiday falls in the middle of the week.

Many will turn to sports. Golf and swimming will occupy the day for followers of these two outdoor attractions.

**Tuesday Is Last Day for Making Tax Payments**

Warning was sounded again Saturday from the county tax collector's office that next Tuesday is the deadline for the second split tax payment of 1936.

Penalty for failure to observe the deadline, according to F. E. Leech, tax collector, is eight per cent of the tax plus interest at six per cent per annum.

Mr. Leech stated that Gray county tax payments have been made in good shape during the past week.

**Residents Must Pay for Crude to Oil Dusty Streets**

Pampans residing on unpaved streets can have them oiled if they will band together and purchase the oil. The city will pay for the hauling of the oil from the refinery and placing it on the street.

City Manager C. L. Stine said yesterday that the oil can be bought for 75 cents a barrel at the refinery. He estimated that 40 barrels would be required to oil a block 40 feet wide and 300 feet long, which would amount to \$30 a block.

One good oiling should last throughout the summer months, the city manager said. Sloan street, leading to the swimming pool, was oiled last week.

## NO. 5 —

(Continued From Page 1)

applications in this district, according to Mr. Hessey.

Notice that official grants have been made are sent in advance of the pension payment, and pensioners who are delayed through necessary investigations will receive checks as of July 1 when final approval is made.

Each check represents equal contributions of federal and state money. The amount listed in notices being sent out will be reviewed at frequent intervals, and some may be increased and others reduced in future months. Pension checks will be mailed out monthly.

Mr. Hessey stated that there is none of the complicated registered and signing procedure through which world war veterans have gone in the payment of their bonus bonds. Pension checks will be mailed directly to the eligibles in ordinary first class mail, to the address given in the applications.

Those who are not subject to any discount, and are cashable immediately at par anywhere in the state. All the recipient has to do is to endorse the check and cash it.

Check-writing machines in Austin were going full speed all last week to issue the 500,000 old pension checks by which Texas will begin its old-age pension payments next Wednesday.

**NO. 6 —**  
 (Continued From Page 1)

been "conquered," Mr. Roosevelt added that he could not, with candor, report that "all is well" with the world.

"Clouds of suspicion, ties of ill-will and intolerance gather darkly in many places," he said. "In our own land we enjoy indeed a fullness of life greater than that of most nations. But the rush of modern civilization itself has raised for us new difficulties, new problems which must be solved if we are to preserve to the United States the political and economic freedom for which Washington and Jefferson planned and fought."

He continued: "The age of machinery, of railroads, of steam and electricity; the telegraph and the radio; mass production, mass distribution—all these combined to bring forward a new civilization and with it a new problem for those who would remain free."

"For out of this modern civilization economic royalists carved new dynasties. New kingdoms were built upon concentration of control over material things. Through new uses of corporations, banks and securi-

## ROAD RUNNERS GO TO DUNCAN FOR TWIN BILL

The Pampa-Danciger Road Runners left yesterday afternoon for Duncan, Okla., where they will play a doubleheader with the Halliburton Cementers of that city, this afternoon. The players planned to drive to Oklahoma City and see the Beaumont Exporters and Oklahoma City Indians play last night.

It was not known when the team left whether big Gene Ledford would be with the team in Duncan. The big lefthanded pitcher was called home Friday afternoon because of illness in his family. Sam Gray also left Friday but was to join the club in Duncan.

Phillips of LeFors, the surprise team of the Panhandle, will be in Berger this afternoon for a game with the Huber Blackfaces. The Phillips nine almost defeated Amarillo in Pampa in recent games after taking a 2 to 1 game from Amarillo earlier in the month.

Amarillo will entertain Tucumcari, N. M., in a doubleheader this afternoon.

**TEAM SEES BEAUMONT AND INDIANS AT CAPITAL**

The hours men and women worked, the wages they received, the conditions of their labor—these had passed beyond the control of the people, and were imposed by this new industrial dictatorship. The savings of the average family, the capital of the small business, the rights of the old and the other people's money—these were the tools which the new economic royalty used to dignify itself in.

**Limited By Monopoly**  
 Those who tilled the soil no longer reaped the rewards which were their right. The small measure on their gains was decreed by men in distant cities.

"Throughout the nation, opportunity was limited by monopoly. Individual initiative was crushed in the cogs of a great machine. The field open for free business was more and more restricted. Private enterprise became too private. It became privileged enterprise, not free enterprise.

"Against economic tyranny such as this, the citizen could only appeal to the organized power of the government. The collapse of 1929 showed up the despotism for what it was. The election of 1932 was the people's mandate to end it. Under that mandate it is being ended."

Mr. Roosevelt told the gathering that he "heartily subscribed" to "the brave and clear platform" that had been adopted and concluded with:

"I accept the commission you have tendered me. I join with you. I am enlisted for the duration of the war."

**COMMUNISTS PLAN**  
 NEW YORK, June 27 (AP)—The communist party issued a board appeal to the farmers of America today for unity in a people's front farmer-labor party looking to an ultimate Soviet United States.

users of city water outside the city limits in his radio talk that the lines would be closed.

"All water heretofore used by customers outside the city has been or will be by 10 o'clock this morning suspended to allow storage accumulation. Therefore on account of the danger from fire, if one should occur at this particular time, the city commission has asked me to request the people from using water on lawns trees and gardens within the city until such time as our water well is repaired and the system placed in full operation."

Mr. Stine previously stated that water would be available for all domestic and business purposes within the city. The local Santa Fe office was notified about 6:30 o'clock last night that the parts would arrive here early today.

Previously, the railway company had made arrangements to transport the pump and equipment to Pampa by truck if rail connections could not be made to get the parts here today.

Mr. Stine emphasized last night that the city would undoubtedly go ahead with plans to build up the water system, until it is possible to make repairs necessary to keep the system in first class condition all the time.

## Fairground Park Dam Being Built

Construction of the dam at Fairground park, which will give Pampa its first lake, was started last week. The dam will be located at the north end of the park property. It will be 1,000 feet long and will have a 50-foot driveway on top.

When completed, the dam will flood water approximately 15 feet deep over an area 600 feet wide and 2,000 feet long.

A new catche pit is being uncovered by the city. Top soil will be used to construct the dam with the catche used for roads through the park.

Work on the race track is progressing. The fence also being placed. Construction of stables will be started upon arrival of material, expected soon.

# PEEWEEES TO PLAY UNDEFEATED ROAD RUNNER BOYS HERE THIS AFTERNOON

## PHILLIPS AND PIRATES WILL TAKE TO ROAD

### MAGS WILL MAKE 3RD ATTEMPT TO BEAT FLEDGLINGS

The spotlight will be on the Magnolia Pee-wee-Little Road Runner game this afternoon at 2 o'clock at Road Runner park because it will be the only Junior baseball league game to be played in Pampa and because it will be the third attempt of the Pee-wees to take the measure of the overgrown Danciger boys.

There will be two other league games played, one at Berger and the other at LeFors. Phillips boys will try to avenge a recent defeat dealt them by the Berger Christian at the 66 diamond, and the Havelads will try to show how much they have improved in the last two weeks by attempting to give the rather boastful Pirates as good a licking as the LeFors youths took at the hands of the Little Road Runner last Sunday.

There is no valid reason why the Danciger nine should not again engulf the Pee-wees who are indeed pee-wees when they line up in front of the fledglings. The latter have won two previous meetings by big scores. The only indication that this game might develop into a battle is that the Pee-wees are smouldering with a passion to whip the blind sights off their rivals. They have been practicing diligently this week so to have the feathered flock.

On the mound for the Little Road Runners will undoubtedly be Paul Montgomery whose fast ball has been too much for any batsmen in the league. Berger got closer to him than any other team. The Christians held the Little Road Runners to a 5 to 3 victory. Berger will come to Pampa next Tuesday evening for another game, and this time they hope to throw a nice big monkey wrench into the fledglings' smoothly running machine. Manager C. M. Spurlock of Berger blames the lights for the flock of errors his boys made in the first inning for their defeat. The Christians are fairly pining to carry home bird feathers Tuesday.

The Pee-wee battery will be Amos Reed and Doyle Auld who tamed the best in their class last season. Coach Roy Marshall believes that if his boys can attain the perfection they reached last season, they can crack their foes' winning streak this afternoon. Certain it is, the Pee-wees will not go into the game with an inferiority complex as they did the last two times. They are not afraid of the Little Road Runners any more and that frame of mind may lead them to play above their heads.

An admission of 10 cents per person will be charged at the Road Runner park game, the proceeds to be used to purchase equipment.

Baseball fans are urged to support the teams in the league by attending their games. The league is the only one of its kind in Texas.

## Road Runners Are Finally Beaten By Amarillo Team

### Pampa Club Cracks In Losing 7-6 Battle

The Pampa Road Runners cracked as wide open as the Grand canyon Friday night in Amarillo and lost a 7 to 6 battle to the Phillips Parrots of that city. Lee Daney, Road Runner ace, was batted from the mound in the fourth inning. It marked the first time in three years that an Amarillo team has been able to bombard the Indian from the mound.

Carl Stewart relieved and held the Amarilloans in the big middle of his sweeping curve balls. Stewart allowed the Parrots only one hit, a single by Strickland in the eighth.

Luke Coburn received no better treatment than Daney and had to live up the ship. "Wild Man" Hadley, he of the freak delivery, had to bid batters watching him unduly instead of looking at the ball and held them in check after the fifth inning. He fanned 10 batters, one on third and the winning run in first. Poindexter, pinch hitting for Stewart, Seitz and Hale were victims in the fatal ninth.

**Bailey Hits Single**  
Reliable Don Bailey did his best to pull the Birds out of their hitting slump with three singles, two of them infield hits which he ate out by sheer speed. Grover Seitz also continued his hitting, angling out a pair of singles which drove in three runs. Seitz has hit safely in the last 11 games. Cox and Daney continued their hitting jump, neither getting a base. Sumners was the other Road Runner to go hitless. He also made three errors.

Littrell was the big noise of the Amarillo attack. He banged out a double on his first time at bat and followed with a triple. Stewart held him helpless the rest of the way. Joe Surface, after walking twice, gathered in a triple. Foster hit a pair of timely singles.

The Road Runners scored in the first inning on a hit by McNabb who stole second, went to third on an out and scored on another. Again in the second the Birds put across a run. Bailey beat out an infield hit, went to second on an passed ball, and scored on an error. One more in the third came when Seitz singled through short and scored on Hale's double. Thomas made a great play on Seitz' drive but was unable to hold the ball.

**Bases Walked Full**  
Daney walked the bases full in the fourth after Thomas had singled and Littrell hit his triple. Clark followed the last walk with a single and Hart hit a double off Cox' shins. The ball rolled against the grandstand, allowing two runs and will undoubtedly be a worthy contribution to the game. Besides that the boys play good ball.

Hoover will be host to Mc's Pirates "down by the railroad track" on the Hoover diamond.

## M'LEAN POLO TEAM TO PLAY ROUGH RIDERS IN AFTERNOON

McLean's newly organized polo team will make its appearance on the local field north of the city at 5 o'clock this afternoon when they meet the Pampa Rough Riders.

The McLean team has been organized by Arthur Dwyer, the Harvard stadium speed today with an old-time burst of speed to lick his Pennsylvania rival, Gene Venzke, and fortify his chances of making the American Olympic team.

Bontron bounded off the last turn to close an eight-yard gap quickly, overtake Venzke some distance from the tape and won by a foot in the 1500 meter final of the eastern sectional Olympic tryouts.

The former Princeton captain's time of 3:55.2 was not so startling, compared to his own world record of 3:48.8. Ernest Federoff, dark horse entry of the Millrose A. A. U. New York, was third.

Bontron's victory was the high spot of the tryouts which served as the semi-final test for some of the south's outstanding athletes, as well as the eastern group. First and second place men in each of the 17 events contested today under rainy conditions automatically qualified for the final American tryouts July 11-12 at Randall's Island stadium, New York City.

There were comparatively few upsets.

Eddie Gordon of Iowa City, 1932 Olympic broad jump champion, did no better than 23 feet, 6 inches, to finish third to Henry (Monk) Little of William and Mary, and thus missed the final tryouts.

Byron's Eddie O'Brien, national champion and sensation of the last winter season, qualified in the 400 meters but he ran a disappointing second to his Dartmouth rival, Jack Hoffstetter.

The winner registered 47.7 seconds.

David Weicher of Rice Institute, Texas, achieved the most startling performance of the field events when he cleared 14 feet, 3 inches to surpass the Olympic pole vault record in the meet's closing event. Inspired by the best performance of his career, Weichert then tried the bar at the world record height of 14-5 1/2, but failed in two attempts.

The only other Olympic mark to be bettered was in the hammer throw. On his last attempt Henry Dreyer of Providence, R. I., and the New York A. C., got off a mighty toss of 180 feet, 3 inches to overtake his Maine rival, Donald favor, who had achieved 177 feet, 4 inches. Dreyer surpassed the Olympic record of 179 feet, 8 1/2 inches, made by Matt McGrath, New York police officer, in the 1912 games.

to cross the plate before Cox could get to it. The big fellow continued in the game despite the bruised ankle.

Amarillo scored another pair in the fourth on an error by Sumners, a single by Foster, and Surface's triple. Daney was relieved by Stewart with two out and from then on Amarillo batters got only one hit.

Manager Sam Hale's Birds tried to pull the game away in the fifth with a three-run barrage. Two walks and singles by Stewart, Seitz and Bailey accounted for the runs. The Road Runners had chances to tie the score in the eighth and ninth but failed to register when Hadley threw strikeout balls.

The Road Runners left yesterday afternoon for Duncan, Okla., where they will play a doubleheader with the Halliburton Cementers this afternoon. Ledford and Gray will be the probable pitchers although Stewart may be given a chance to start where he left off Friday night in Amarillo.

Lack of experience is expected to be overcome by hard riding and ability to control mounts, Dwyer believes. He is confident his boys can give the Pampans a real battle.

The Rough Riders will be weakened by the loss of Captain M. C. Overton, No. 2, who received a fractured shoulder in a game last Sunday. A shake-up in the lineup will place Bill Harwell at No. 1. Joe Bowers at No. 2, Fub Burrow at No. 3, and Acting-Captain Jack Cooper at No. 4. Otto Studer and George Garret will be replacements.

The later hour of play has proven popular. The largest crowd of the season saw last Sunday's game at the later time.

**Flying Wykoff Runs 100 Meters In 10.5 Seconds**  
MEMORIAL COLISEUM, LOS ANGELES, June 27. (AP)—Outstanding performances by coast performers headed by flying Frank Wykoff, Jimmy Luvaille, Ben Eastman and Mach Robinson, featured the final of the Far Western tryouts for the American Olympic track and field team today.

Nearly 8,000 fans gathered under a blistering sun for the meet.

Winners of first and second places were assured a chance to compete in the final American trials in New York July 11-12.

Wykoff electrified the crowd with a smashing win in the 100 meters, running the distance in 10:05 seconds.

Robinson, dusky Pasadena junior college sprinter, ran second to Wykoff in the 100 and won the 200 meter dash in 21.1 seconds, bettering the existing Olympic record of 21 1/2 seconds held by Eddie Tolan.

"Blazing" Ben Eastman came thru with an easy win in the 800 meters in the time of 1 minute 50.1 seconds, and Jimmy Luvaille, coffee-colored ex-Brain of the University of California at Los Angeles, had little trouble winning the 400 meters in 48.3 seconds.

**Split Doubleheader**  
CHICAGO, June 27 (AP)—Washington and the White Sox broke even in a doubleheader this afternoon, the Senators winning the first game, 2 to 1, and the Comiskey team taking the nightcap 7 to 3.

**Mr. and Mrs. Roy N. Jones and son Roy Lee returned Friday from a two-week trip to Corsicana, Dallas and vicinity. While at Dallas, they visited the Centennial exposition which they declared was superlatively interesting and beautiful, and that they heard many persons say it far exceeded the Century of Progress.**

Antonio Stradivari, of Cremona, Italy, is said to have been the master violin maker of all time. He was born in 1644 and died in 1737.

championship and wound up only one stroke behind.

His nervousness on the greens cost him the title. He three-putted the second and the fifth.

**Padgham Takes British Open**  
HOYLAK, England, June 27 (AP)—Alf Padgham, who broke into the professional's shop shortly after daylight to get his golf clubs, burgled the British open championship right under the eyes of Henry Cotton, Gene Sarazen and an assorted body of golfing stars from two continents today.

Padgham calmly speared himself a pair of 71's and then withdrew to the clubhouse veranda and watched the others vainly try to equal his total of 287.

Sarazen blazed around this morning's round in 70 and went out in 35, one under par, this afternoon. He finished in 38 for a 73, a total of 291, and a tie for fifth place.

Cotton finished with a 74 for 289 and a tie with Marcel Dallemagne of France for third place.

The honor of pushing the new champion hardest went to Jim Adams, the Scottish open champion, who was knocking at the door all the way through this

## BONTRON IS WINNER OVER GENE VENZKE

### OLYMPIC TRYOUTS ARE HELD IN EASTERN SECTION

By ALAN GOULD  
Associated Press Sports Editor  
CAMBRIDGE, Mass., June 27. (AP)—Bill Bontron, Princeton university runner, dashed down the Harvard stadium stretch today with an old-time burst of speed to lick his Pennsylvania rival, Gene Venzke, and fortify his chances of making the American Olympic team.

Bontron bounded off the last turn to close an eight-yard gap quickly, overtake Venzke some distance from the tape and won by a foot in the 1500 meter final of the eastern sectional Olympic tryouts.

The former Princeton captain's time of 3:55.2 was not so startling, compared to his own world record of 3:48.8. Ernest Federoff, dark horse entry of the Millrose A. A. U. New York, was third.

Bontron's victory was the high spot of the tryouts which served as the semi-final test for some of the south's outstanding athletes, as well as the eastern group. First and second place men in each of the 17 events contested today under rainy conditions automatically qualified for the final American tryouts July 11-12 at Randall's Island stadium, New York City.

There were comparatively few upsets.

Eddie Gordon of Iowa City, 1932 Olympic broad jump champion, did no better than 23 feet, 6 inches, to finish third to Henry (Monk) Little of William and Mary, and thus missed the final tryouts.

Byron's Eddie O'Brien, national champion and sensation of the last winter season, qualified in the 400 meters but he ran a disappointing second to his Dartmouth rival, Jack Hoffstetter.

The winner registered 47.7 seconds.

David Weicher of Rice Institute, Texas, achieved the most startling performance of the field events when he cleared 14 feet, 3 inches to surpass the Olympic pole vault record in the meet's closing event. Inspired by the best performance of his career, Weichert then tried the bar at the world record height of 14-5 1/2, but failed in two attempts.

The only other Olympic mark to be bettered was in the hammer throw. On his last attempt Henry Dreyer of Providence, R. I., and the New York A. Dreyer surpassed the Olympic record of 179 feet, 8 1/2 inches, made by Matt McGrath, New York police officer, in the 1912 games.

**Dawson, Matson Go to Finals of 'Trans' Tourney**  
WICHITA, Kan., June 27. (AP)—A tall, husky, Wichita dark horse, George Matson, and the youthful Chicago veteran, Johnny Dawson, today advanced to the finals of the 36th annual Trans-Mississippi golf tournament at the Wichita Country club.

Matson weathered a sensational sub-par rally to defeat defending champion Johnny Goodman of Omaha, 3 and 1, in the 36-hole semi-finals today. Dawson eliminated tall, nonchalance Walter Emery of Oklahoma City, 4 and 3.

Matson, twice Kansas amateur champion, shot a blazing 68, four under par, for the morning round to take a three up lead on the chunky Omahan, who carded a 71.

Goodman was out in 33, four under par, this afternoon, as Matson carded a 35. Matson, however, was seven under par for the match and Goodman only four under.

Dawson played only-run-of-the-mill golf in defeating the carefree Oklahoman, whose short irons were too short and whose puts looked in the cup and refused to drop. Dawson shot a par 72 to take a one up lead on the morning round as Emery took 73 strokes.

**SUTTER TO FINALS**  
CHICAGO, June 27. (AP)—Ernest Sutter, the Tulane university ace from New Orleans, marched into the final round of the national Intercollegiate tennis championships at Northwestern university today with a victory over Ramsay O'Pitts of North Carolina, 6-4, 6-3, 6-2.

## King And Coltexo To Play For Second Place In Loop

### Skelly Oilers Will Meet Winner of Series

One game remains to be played in the first half of the Pampa Play-ground league. While the Skelly Oilers sit on top of the heap, King Oil and Coltexo will play Monday evening at 5 o'clock at LeFors to determine whether King will meet Skelly in the playoff or whether King and Coltexo will have to play a series to decide which will play Skelly.

A win for the King boys tomorrow will give them undisputed hold of second place. A loss would tie them with Coltexo. Coltexo lost a forfeit to Phillips Thursday afternoon when the carbon black team walked from the field.

King Oil has to stage a great comeback to overcome the Baptists and win, 10 to 9, Friday afternoon. Error almost ruined the game for Poe, King pitcher. Glazebrook and Bennett worked for the churchmen. Skelly took a 9 to 4 game from the Texas company team to hold first place. Mayo and Hays, Skelly ace, were opposed by Staniel and McBride. The lefthanded McBride hurled great ball after relieving Staniel.

The Christians, underdogs all season, took a 14 to 12 game from Cities Service. The churchmen chased 9 runs across the plate in the fourth inning and then stayed off Cities Service rally. Errors marred the game. Campbell, Halbig and Pratt tried unsuccessfully to stop the Christians. Geppert went the distance for the churchmen.

Voss Cleaners won by default from

## OLYMPIC RECORDS IN DISCUS AND HIGH JUMP ARE BETTERED

MILWAUKEE, June 27 (AP)—Kenneth Carpenter of the University of Southern California and Edward Burke, Marquette University freshman, let a field of 36 athletes into the United States Olympic finals by bettering Olympic marks in the discus and high jump in the central Olympic track and field semi-finals here today.

Sam Allen of Oklahoma Baptist University, who equalled the Olympic 110 meter hurdles time in qualifying last night, failed to repeat in the finals and bowed to Fritz Pollard, son of the former negro football star at Brown university.

Other laurels went to Ralph Metcalfe, Marquette University sprinter who won the 100 and 200 meters and put in his bid for a berth on his second Olympic team, and Glenn Cunningham, the 1500 meters in 3 minutes, 53.2 seconds.

Carpenter, who bettered the world record with a discus throw of 173 feet a week ago, exceeded the Olympic mark with a toss of 170 feet, 2.8 inches. The Olympic record of 162 feet, 4 7-8 inches was set by John Anderson in 1932.

While Burke's high jump of 6 feet, 6 7-16 inches was seven-sixteenth of an inch better than the

Olympic mark Harold Osborn made in 1934, the negro lad failed by more than two inches of the stadium record set in the A. A. U. games here in 1934.

## IN THE NATIONAL

NEW YORK, June 27—The Giants snapped the Chicago Cubs' current winning streak at four straight today and killed the Cubs' chance of going into the National lead by pounding out an 11 to 2 victory to even the present series. Chicago ..... 001 000 100-2 8 2  
New York ... 300 002 06x-11 10 0

PHILADELPHIA, June 27 (AP)—A pair of home runs by Ival Gooden, and one each by Billy Myers and Babe Herman, gave the Cincinnati Reds a 10 to 9 victory over the Phillies in a free-hitting battle today. Leo Norrie, Phils shortstop, was spiked in the leg in the first half of the ninth and had to retire from the game.

TODAY'S GUEST EDITORIAL

By

C. H. WALKER, Chairman of the Gray County Parole Board

EDITOR'S NOTE:—This introduces the first in a series of "guest editorials", by prominent residents of Pampa and the northeastern Panhandle. Guest editors will select their own subjects which may or may not agree with views of this newspaper. The Daily NEWS will invite and publish each Sunday a guest editorial by some practical man or woman of the community.

RETURN TO RELIGION

Recently I read a most interesting article that carried the title, "The Return to Religion." It was written by a distinguished psychologist who early wandered away from his church and later returned, as he says, "by the road of Science."

This psychologist examined and advised some 4,000 individuals during the past 15 years—youth and old, men and women, rich and poor—who were dissatisfied with their mode of living, their married life or their vocations. In his advice he found himself more and more recommending a more active church life to his clients. He discovered that a large majority of them were introverts or selfish, self-centered individuals. The remedy, he found, was in forcing one's self to do more for others and less for self. Such an opportunity was found in such activities and in the practice of the philosophy of the Great Founder of the Church. His advice to Protestants was to be better Protestants, and to Catholics to be more active Catholics.

Naturally such advice to his clients led him to examine himself and thus he returned to the church of his childhood after 20 years of non-attendance.

It requires effort to convert one's self from an introvert to an extrovert, to force one's self into the open community, and to place service above self. It is difficult to learn to love everybody, even our enemies, but the great Psychologist said we should do it if we want to bring happiness into our own lives. It is much easier to shut ourselves up in our own shell, but we are happier when we force ourselves out.

Now, the Orthodox Churchman may question the motive of the psychologist in advising his clients to interest themselves in church work, and in his own decision to return to religion. To be sure, it was not an emotional contrivance, the contrary it was for scientific reasons. But look the world would be better if others would

ANSWERS TO QUESTIONS

Frederic J. Haskin. A reader can get the answer to any question of fact by writing The Pampa Daily News' Information Bureau, Frederic J. Haskin, director, Washington, D. C. Please enclose three (3) cents for reply.

Q. Are there many parks in Milwaukee, Wisconsin? E. F.

A. The park system of Milwaukee covers about 1,000 acres. Among its 19 units are Juneau and Lake Parks, situated on the lake shore; Mitchell park, noted for its floral displays; Washington park, containing a fine zoological garden; and Lincoln park, the largest of all, with an area of 205 acres.

Q. When was the County Chairman, now playing in New York, first produced? G. L.

A. The play, by George Ade, was given its first production in November, 1907, at Wallack's theatre, New York City.

Q. Who was the first psychologist? R. L.

A. The history of psychology may be said to begin with Plato, who was the first influential scientist to draw a clear distinction between the mind and the body. Aristotle went further than Plato in distinguishing different faculties of the mind and attempted to solve the relation of the mind and the body. His acute analysis of the human organism, De Anima, remained the standard work of psychology for nearly 2,000 years.

Q. Who is called the father of syndicates? H. H. J.

A. Samuel McClure, who founded the newspaper syndicate business on November 16, 1884, is so called.

Q. What year was the Bell Witch supposed to appear? G. R. M.

A. The story runs that the fury of the Bell Witch abated somewhat after the death of John Bell in 1820 and it finally left in the spring of 1821 only to return in 1828 for a short period. It was last seen by John Bell, Jr. in that year, and the prophecy was made to him that the witch would return in 107 years, which would have been in 1935.

Q. How does Jupiter compare with the other planets in size? T. O.

A. Its mass is nearly three times that of all the other planets combined. Its mean diameter is about 85,500 miles.

Q. What was the chief factory for ordnance within the Confederacy? S. M.

A. The Tredegar Iron Works of Richmond, Virginia.

Q. How long was St. Petersburg called Petrograd? R. V.

A. For ten years from 1914 to 1924, when it was renamed Leningrad.

Q. In stock market parlance, what are cats and dogs? H. T.

A. Miscellaneous securities of doubtful speculative value are so called.

Q. What kind of a violet is it which is cultivated and sold by florists? F. F.

A. It is a European variety, Viola odorata. It has been cultivated in Europe for hundreds of years.

Q. Is there a country in Europe which has never been involved in a war? T. H.

A. The little Republic of Andorra, located in the valley of the Pyrenees between France and Spain has never been involved. It was declared independent by Charlemagne about 800 A. D. and has been unmolested since that time.

Q. What has become of the boy who discovered Pluto? R. L.

A. Clyde Tombaugh was graduated this June from the University of Kansas.

Q. Is Elsie Robinson, syndicate feature writer, married? E. J. E.

A. She is the wife of Benton Fremont.

Q. What proportion of an Irish Hospital Sweepstakes ticket is given to the hospitals? M. R. W.

A. The ticket costs \$2.30 and \$1 of this goes to the hospital fund and operating expenses.

Q. What is the age and height of A. Johnnie, the bellhop on the Philip Morris program? K. G.

A. Johnnie is twenty-five years old. He is three feet seven inches in height and weighs 54 pounds.

Q. What are some of the perfumes obtained from animals? E. R.

A. The principal perfumes obtained from animals are musk, ambergris, civet, and castor.

Science Centers Your Life

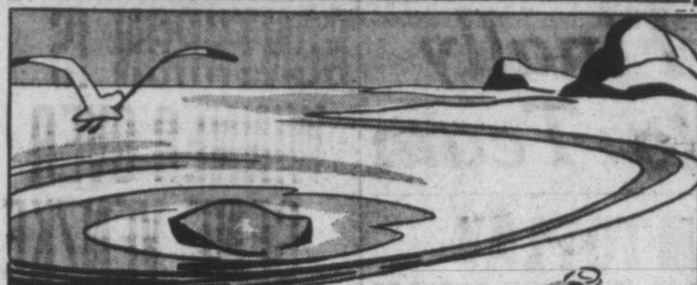

Science is remaking the world. Before have so many men been engaged in research, and never before discoveries contributed to the ordinary affairs of life.

Science is a booklet in a clear, straight, and simple way how many of our scientific principles are being applied.

Science is of interest to plants and animals, and to the chemist and the physicist.

Science is a booklet in a clear, straight, and simple way how many of our scientific principles are being applied.

NEXT: How soon could you be a millionaire if you went to work for one cent a day and doubled your pay every day?

MAN ABOUT MANHATTAN

By GEORGE TUCKER NEW YORK—Bouncing around the sidewalk cafes for an evening yields enough information to fill six columns. . . . For instance, an hour stroll brings out:

That Lee Wiley, the actress, is part Cherokee Indian and owns a citrus farm in Arizona, five miles out of Phoenix. Also that Mildred Bailey, who used to be with Paul Whiteman's orchestra, is Indian too and owns a large apple orchard in Iowa.

That Ray Sinatra speaks Hebrew better than most Jews, although he is of Italian descent.

That Gertrude Stein wears steel-rimmed glasses when she reads her speeches.

That Ernest Thesiger not only is a good actor and talented artist, but also sells his paintings.

That a century ago the Jew's harp was considered a high-brow instrument, although today the mayor of one middle western town had prohibited its use because it is considered low-brow.

That there are now three types of Spanish dancing in New York—the Fandangulla, a favorite in the Andalusian region around Granada; the Valenciana, combining the grace of the minuet with the languor of the Orient; and the Tu Ley (Gypsy Law), which is probably of Moorish origin and is always a spectacle of melancholic yet haunting loveliness.

That Igor Gorin appeared in 30 operas in Europe before being summoned to portray operatic roles in Hollywood.

That two of New York's leading fashion shops have open house each Tuesday and Thursday evening—because Deane Janus, who formerly modeled for both places, now sings on those evenings over a national hook-up.

That Sigmund Romberg is writing his 71st operetta, which he has named "Forbidden Melody."

That Edward McNamara, the actor who invariably plays cop roles, was really a cop before he went on the stage.

That Ernest Hemingway has become a Florida recluse, never leaving his home on the trip to the peninsula except to go fishing.

That a hawk is to be seen nearly every afternoon perched on one of the huge gargoyles that mark the crest of the Chrysler tower. . . . From there he pounces on hapless pigeons.

That Margaret Sullivan underwent a slight operation on her arm while she was in New York.

That Norman Bel Geddes, the Broadway producer, is a Michigan boy and went back there for a visit recently—his first in 30 years.

That hundreds of people in Grand Central station inquire the time of day hourly—although there are huge clocks in sight that may be read in any direction.

And, finally, that most of the stars who appeared on Broadway this season will take fliers in stock in the summer theaters throughout New England. There are at least 100 theaters where name players will try out new plays and revive others.

HOW'S your HEALTH

Edited by DR. IAGO GILDSTON for the New York Academy of Medicine

Beware of Measles Not measles, but its complication need to be guarded against. Measles is an epidemic disease which, in the more densely populated sections, appears biennially and in the less populated sections usually triennially.

The disease itself varies in severity from epidemic to epidemic. Most frequently the disease is comparatively mild. Occasionally, however, it assumes the form of "hemorrhagic measles," producing a dusty, velvety eruption which indicates bleeding under the skin. In this form there may also be bleeding from the mucous membranes. This type of measles is dangerous, often fatal.

Measles should never be regarded as a mild disease. Even though mild itself, it may lead to serious complications or after-effects. The younger the child, the more hazardous the disease. The child that is malnourished and that suffers from rickets is especially liable to the most serious complication—bronchopneumonia.

As yet there is no way of deliberately protecting the child against

measles, as it can be protected against smallpox or diphtheria. However, the young child can be protected partially by not exposing it deliberately to known or suspected cases of measles. Also, when the child has been exposed, it may be given a measure of protection by injecting it with what are known as convalescent serum, adult immune serum and placental extract.

Convalescent serum is the liquid portion of the blood withdrawn from a person recovering from measles. Adult serum is the liquid portion of the blood taken from adults who presumably have "through" measles some time in their life.

Placental extract, made from the after-birth, can endow the child with a certain amount of resistance to measles.

These protective agents are employed mainly to help the child meet the infection, not primarily to escape it. The immunity so gained is only temporary.

Twin Daughters Of New Mexico Family Succumb

Twin daughters of Mr. and Mrs. Douglas B. Stone, Portales, N. Mex., died a few hours after birth Saturday morning in a local hospital.

The mother was formerly Miss Vera Locke, daughter of Mrs. Patricia Locke of Miami, member of pioneer Panhandle family. Mr. Stone is a member of a pioneer farm at Portales where he is connected with a bank. Mrs. Stone was head English department of Panhandle high school in the 1924-25 season.

Services were held in Miami yesterday with the Rev. Boyd, Methodist minister of the church in charge. Arrangements in charge of Pampa mortuary.

AROUND HOLLYWOOD

HOLLYWOOD—There is nothing quite like a stretch of idleness to dash the spirits of most of our movie players. They may beg and cry for a vacation, storm at their bosses that they are not machines to work month in and month out without rest and even walk out in rebellion when the tenth picture in as many months is handed them.

But when vacations become prolonged—ah, that's different! Free-lance players who have to work to draw pay are generally more leery of vacation time than contract people who eat wedding or not. But even these, when held under contract and not used, find their smiles a bit forced, their gaiety crumbling and their confidence insidiously weakened.

Unhappy Idleness: They probably don't admit it even to themselves, but they wonder what's wrong. Of course they realize that it's just as the bosses say: They are being saved for the right vehicle. And yet . . . ?

So they wait, in the unhappy role of movie stars without roles. Julie Hayden was not perceptibly unhappy when the weeks after her success in "The Scoundrel" and a resultant contract because months of idleness, but she could scarcely believe it when finally she was cast for "A Son Comes Home." An "important" as well as beautiful actress, she wanted to work.

But anyone who met Marjorie Talley in the midst of her year or more of waiting should see the girl now. She had gone through months of it at Metro, which finally released her to Republic. Even after she signed there, there were delays. The story selected for her did not develop immediately, and that meant more waiting. But "Follow Your Heart" eventually got under way, and now—!

Work Works a Change: The mouse-like Talley girl, so self-effacing and almost diffident, is fairly radiant. In the midst of a big "production number"—representing a scene from an outdoor operetta staged by the hero, Michael Bartlett—Miss Talley in filmy blue hoop-skirt and white slippers prouettes with Bartlett, and very gracefully for a girl who had never danced until she came to Hollywood. Her eyes are all animation, even when Dance Director Larry Ceballos is engaged with the large chorus on the "lawn" behind the principals. She is as interested as a visitor on her own set.

Ask her about everything, and she exclaims, eyes sparkling: "Of course I feel different! I'm working! I'm happy! And everyone is so nice to me here!"

All of which she chatters with more vivacity than she exhibited in fully two hours of a previous interview. Working does make a difference.

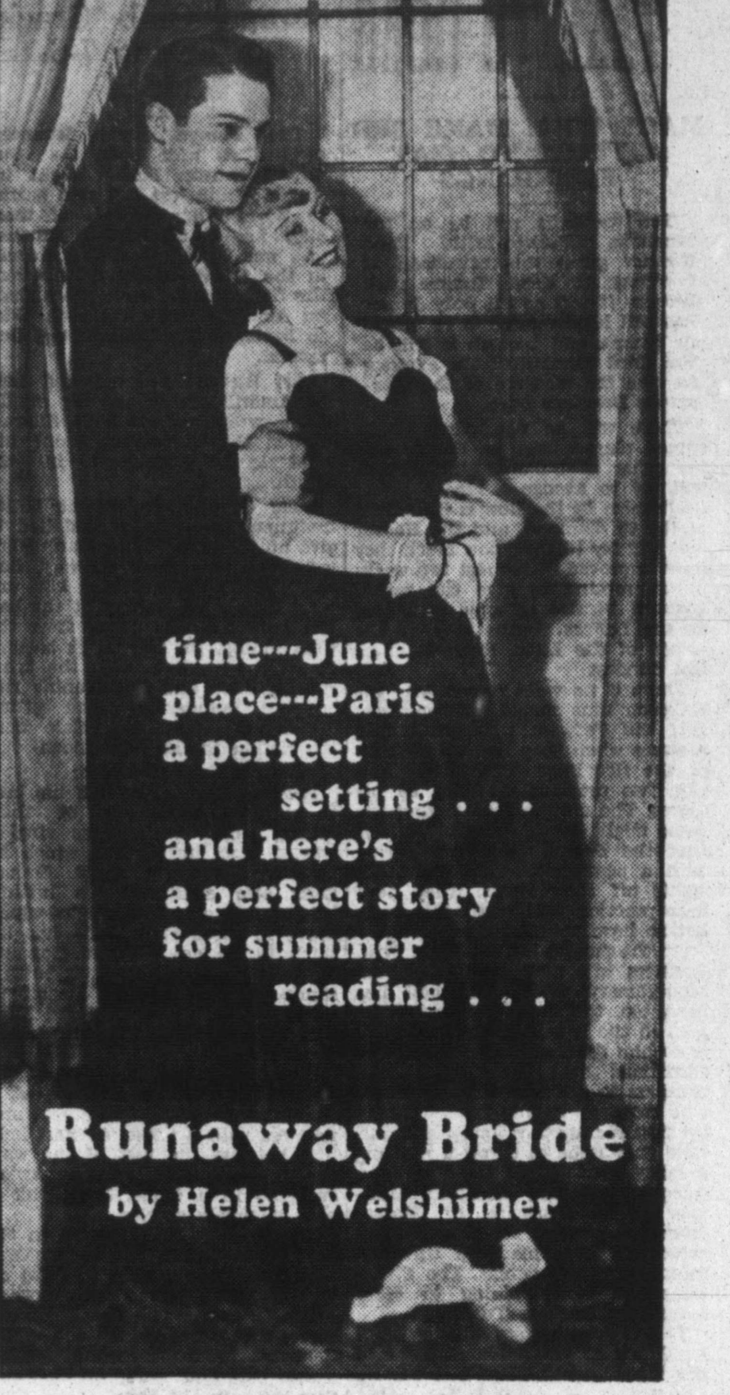

Mr. and Mrs. Floyd Hoffman left yesterday afternoon for Oklahoma City where they will spend the week-end.

Many Business Places Will Be Closed July 4th

The Pampa Credit association is making a survey of Pampa stores and offices to determine what lines

of business will be closed on Saturday, July 4. The office of the credit association will be closed on the holiday. Included in list of business and offices to be closed on the holiday are dry goods stores, garages, utility companies, bank and postoffice. Grocery stores voted not to close.

The chief function of the adrenal glands is to regulate use of sugar in the body.

## COURT RECORD

This week in district court here will be devoted exclusively to the trial of civil jury cases, it was announced Saturday by Clerk Frank Hill.

First case on the week's docket is that of Larry Ray versus The Panhandle Stages, Inc., damage action for personal injuries, given preferential setting for Monday.

The plaintiff will be represented by Judge S. D. Stennis, of Pampa, and counsel for the defendant will be Atty. William R. Saunders, of Amarillo.

The jury returned a verdict Saturday forenoon for the plaintiff in the compensation case of J. P. Perkins versus the Texas Indemnity Co. Partial judgment was recommended, amounting to approximately 25 per cent of the amount sought on the plaintiff's disability claim.

Jury list for the week includes the following names: E. L. Norman, Pampa; C. L. Carruth, Pampa; J. W. Butler, McLean; Gene Fatheree, Pampa; M. Burdine, Alanreed; Ewing Williams, Pampa; B. E. Robinson, Pampa; Rex McKay, Pampa; A. B. Christian, McLean.

T. W. Sweatman, Pampa; D. C. Houck, Pampa; O. G. Stokely, McLean; F. M. Ballard, McLean; George Skinner, McLean; A. B. Zahn, Pampa; A. Swanson, Pampa; W. R. Barrett, Pampa; D. M. Davis, McLean.

W. B. Jackson, LeFors; H. C. Little, LeFors; Ernest Baird, Pampa; S. A. Cousins, McLean; C. F. Cooper, LeFors; Roy Huff, LeFors; E. G. Barrett, Pampa; J. M. Tate, Pampa; B. L. Litchfield, McLean; O. H. Ingram, Pampa; N. W. Foster, McLean; E. B. Roby, McLean; H. D. Balthrope, Pampa; Ray J. Everett, LeFors; Oad Gatlin, LeFors; E. S. Vicars, Pampa; A. J. Hill, LeFors.

John B. Rice, McLean; Lee McConnell, Pampa; W. S. Wise, Pampa; J. D. Froye, Pampa; Allen Willson, McLean; C. E. Kennedy, Pampa; Roy Campbell, McLean; Harold Glick, LeFors; C. A. Cotten, Pampa; G. T. Cole, Pampa.

New car registrations: P. C. Ledrick, Pampa, 1936 Ford sedan; J. M. Ham, Pampa, 1936 Ford sedan; Dane Campbell, 1936 Chrysler coupe; R. E. Smith, Pampa, 1936 Chevrolet coach; Clinton Henry, Pampa, Chevrolet truck, and Thompson Hardware Co., Pampa, Dodge commercial.

Marriage licenses issued in Gray county since June 20: William N. Stevens and Ethel Marie Hamilton, both of Pampa. Clarence Parks and Garnet Gray, both of Pampa. E. M. Hunter and Mary Neil Harris, both of Pampa. C. E. McCarty and Ada Claxton, both of Pampa. Horace A. Beaks and Frances E. Rontcap, both of Pampa. E. J. Guthridge and Ruth E. Hopper, both of Pampa.

## Judgments Granted in District Court

Two judgments, approximating \$4,200, were granted Saturday in district court by Judge W. R. Ewing. One was in the case of the Hindler Tool Co., against J. M. McDonald, doing business as the Brownie Oil Co., in the sum of \$2,200.41.

The other, also granted against the Brownie Oil Co., was for \$1,984.50, in favor of the New Mexico Glycerin Co.

# MARION DAVIES TO APPEAR IN LA NORA FILM

## HISTORICAL ROMANCE CALLED ONE OF BEST

Never has the beautiful star, Marion Davies, appeared in a more entertaining and gripping romance than in her latest Cosmopolitan production, "Hearts Divided," which will be shown at the La Nora theater today for the first time locally as a First National release.

This story of the wooing and winning of the brilliant and beautiful Betsy Patterson of Baltimore by Captain Jerome Bonaparte, brother of the French emperor, is a real heart throbbing drama.

While the romance is predominant, the picture has a historical background, with Jerome Bonaparte in America as the agent of his brother to negotiate the sale of the Louisiana Territory. It brings in many noted characters of the period, including Napoleon himself, President Thomas Jefferson, James Madison, James Monroe, John Marshall, Aaron Burr and Alexander Hamilton.

The picture is a lavish one, with mammoth sets and colorful backgrounds, while the women are costumed in the gorgeous Empire gowns of the period. Picturesque scenes take place in the Patterson mansion and estate and in the palace of the emperor of France.

The picture is enlivened by catchy songs written by the famous team of Harry Warren and Al Dubin, and sung by Dick Powell, who has the leading masculine role opposite Miss Davies. Other delightful music is furnished by the Hall Johnson Choir who sing the spirituals of the negro slaves quartered on the Patterson estate.

There is plenty of thrilling action in addition to the somewhat tangled up romance in which Jerome woos his lady love incognito and against the wishes of the emperor. But this madcap adventurer huris his thundering defiance at his powerful brother and brings

his wooing to a climax in whirlwind fashion.

Never has Miss Davies been more pleasing, nor more charming than as the beautiful belle of Baltimore who loses her heart to Jerome whom she knows only as her tutor in French and music. She carries off the lighter portion of the romance with a delightful whimsy and rises to the more emotional scenes with the artistry of an experienced and polished performer.

Powell, who also played opposite Miss Davies in "Page Miss Glory," is highly amusing as well as romantic in his role of the carefree Jerome, who goes about making love in disguise. He not only does some capable acting, but his voice seems more pleasing than ever in the catchy songs that he sings in English and French.

Claude Rains does some exceptionally fine acting in the role of Napoleon Bonaparte. Never does he overemphasize the traditional mannerisms of the Little Corporal, nor resort to the trite gestures with which the emperor was credited. Rains' lack of posing makes the character seem natural and human.

Charlie Ruggles, Edward Everett Horton and Arthur Treacher add some fine comedy touches in their roles of three indefatigable suitors of the beautiful Betsy, who mocks them—and laughs at them and loves them as the kindly blundering, elderly men that they are. Others who do fine work in a comedy vein are Walter Kingsford and Etienne Girardot, as the aides of Captain Bonaparte, and Hobart Cavanaugh as an innkeeper.

Still others in the talented cast who deserve special mention are Henry Stevenson, Clara Blandick, John Larkin, Halliwell Hobbes, George Irving and Hattie McDaniel.

Frank Borzage made an exceptionally fine production of "Hearts Divided." His fine directorial touch can be seen throughout the picture. The screen play is by Laird Doyle and Casey Robinson, based on the story by Rida Johnson Young.

### Heat Even Melts Down Evil-Doers

Weekend heat apparently had stemmed any tide of law violations in Gray county.

Sheriff's office attaches said last night that the sum total of day and night activities Saturday resulted in only two arrests for driving while intoxicated.

Alexander Graham Bell invented the telephone in 1876.

## Teachers Will Talk Politics At Convention

PORTLAND, Ore., June 27. (AP)—The nation's teachers moved into Portland tonight prepared to thresh out the issue of instructing public school students on controversial political theories.

Delegates arriving early for the 74th convention of the National Education association indicated much attention would be given to the congressional restrictions against teaching the facts about communism and certain other political philosophies in the District of Columbia schools.

A questionnaire advocated by Representative Thomas L. Blanton, (D. Tex.), designed to reveal the religious leanings, politics and intellectual inclinations of public school instructors also was suggested for discussion.

Belmont Farley, public relations director of the association, predicted "decisive action" would be taken on such questions.

The assembled teachers also will listen to a three-sided political debate Thursday night, Governor Paul V. McNutt of Indiana will speak for the democrats; former Representative Burton L. French of Idaho, for the republicans, and Norman Thomas for the socialists.

## OLD HUTCHINSON COUNTY OIL WELL DEEPENED; PAY HIKE

Hutchinson county held the spotlight in oil development last week when an old well was deepened and increased its daily output 375 barrels from a lower dolomite pay.

The well was the old Timms-Robinson test in section 21, block M-21, T. C. & R. R. survey, a northeast extension to the southeast Hutchinson county pool. The Timms-Robinson interests were purchased by Jack Nichols of Amarillo, who deepened the test.

For the last four years the well had been making 11 barrels a day from a total depth of 3,000 feet. Nichols deepened the hole to 3,127 feet and got a pay of 385 barrels, according to railroad commission test.

Elevation at the well is 3,087 feet. No water encroachment has been reported.

PARTIES ARE CENTERED IN MORNINGS DURING LAZY WEEK

MISS GILL AND MR. KARN ARE WED RECENTLY

COUPLE LIVE HERE; BRIDE HONORED AT MIAMI

Announcement is made of the marriage on June 16 of Miss Thelma Gill and W. L. Karn, who are now at home at 405 N. Russell. The ceremony was held by the Rev. Mr. Mooreland, Methodist minister, at Sayre, Okla. Mr. and Mrs. Ben Lockhart were witnesses.

The bride, daughter of Mr. and Mrs. A. W. Gill of Miami, recently came to Pampa from that city, where she was one of the most popular young residents. She was graduated from Miami high school and attended Texas Technological college at Lubbock a year. After being employed at Miami several years, she came to Pampa early this year as bookkeeper at the Eagle buffet.

Those registering were: Mmes. Gertrude Dial, Landrum, Saxon, Dan Kivlehen, Campbell, Dale Low, Jim Johnson, J. A. and E. E. Mead, Walker, Joe Cunningham, H. E. Weckesser, Joe L. Coffee, Dan Graham, Sides, Hollenbeck, A. W. Gill, Everett Hodges, R. B. Haynes, Ben Lockhart, Muncy, Schaffer, Carmichael, Kent Pilpott, W. H. Dial, Barber, A. C. Wilkinson, Montgomery, C. B. Locke Jr., C. C. Carr; Misses Esther Morrison, Eiling Cunningham, Zell Stewart, Lucile Saxon and Juanita Haynes.

Cake Variations Demonstrated at Kingsmill Club

Sponge cake may be served in many interesting varieties, Miss Ruby M. Adams, county home demonstration agent, reminded members of Kingsmill club at an all-day meeting Thursday in the home of Mrs. Carl Baer.

Farewell Gift Is Presented Couple

Friends of Mr. and Mrs. Orval Walls surprised them Friday afternoon with a visit and presented them with a set of dishes, a farewell gift. Mr. Walls, who has been employed by the Wilcox company, is to move to Borger with his family soon.

Newcomers to Pampa

Mrs. D. F. "Tex" DeWeese and her small son, Tex D., are here introduced to Pampa. Recent arrivals from Santa Ana, Calif., their smiles in this photograph indicate a liking for their new home. They formerly lived in Lima, Ohio, where young Tex was born six months ago.

'ALWAYS PROUD OF HIM', IS ANSWER OF THE PRESIDENT'S MOTHER TO CUSTOMARY QUERY

By CHARLES NORMAN NEW YORK, June 27, (AP)—Mrs. James Roosevelt, mother of the president, finds it a simple matter to reply when asked if she is proud of her son, Franklin.

Many Guests See Room Which Won Place in County

Mrs. J. M. Daugherty and her daughter, Lois, and the Priscilla Home Demonstration club joined to act as hostesses for an open house recently when the bedroom improved by Lois in a 4-H club contest was shown to about 60 visitors.

June Bride Is Shower Honoree

Mrs. Leon Cook and Miss Helen McConnell entertained Thursday afternoon at Mrs. Cook's home commencing Mrs. George McConnell, who was married June 15. She was Mrs. Blanch Evans of Little Rock, Ark. before the wedding.

MISS PATRICK OF CLARENDON TO WED TODAY

WEDDINGS LAST WEEK WERE NUMEROUS IN NEARBY CITIES

CLARENDON, June 27.—The marriage of Miss Lorraine Bugbee Patrick, daughter of Mr. and Mrs. W. H. Patrick, and Victor Burton Marsh of Chandler, Okla., is to be solemnized Sunday evening, June 28, at the Episcopal church here.

SHAMROCK, June 27.—Miss Allie Gill and Bryce Magin were married at the home of the bride here last Sunday morning. They will be at home in Shamrock after a trip.

GROOM, June 27.—Miss Alleene Cornett, daughter of Mr. and Mrs. Guss Cornett, and Bernard Ragsdale, son of Mr. and Mrs. K. D. Ragsdale of Dexter, were married last Saturday evening at the Baptist parsonage here.

WHEELER, June 27.—Mrs. C. N. Wofford was hostess with a luncheon Monday honoring her house guest, Mrs. O. B. Wofford of Atlanta, Ga.

McLEAN, June 27.—Miss Addie B. Mantooth and J. D. Tedder were married June 15 at Clovis. It was announced this week.

MIAMI, June 27.—Mrs. Charles T. Lyon, who before her recent marriage was Miss Frances Ramsey, was the honoree at a shower given by Mrs. Claude McLaughlin and Mrs. W. F. Locke, at the former's home.

LeFORS, June 27.—Mrs. Bill Flynn, who was the former Miss Peggy Strong, was complimented with a bridal shower by Mrs. Jimmy Davis, Cap Griggs, and Dave Winters Wednesday.

BORGER, June 27.—Several weddings have been announced here in the past week. Miss Judy Lipscomb and Roll West were married on May 27. Miss Josephine Eyrann, Maude, Okla., and Raymond Taylor of Borger on June 14; Miss Frankie Ayler of Oklahoma City and Glen Ayler of Whittensburg on June 20; Miss Virginia Merchant and Lee Freeman, son of Mr. and Mrs. W. J. Freeman of Pampa, the first of this week. All these couples are at home in Borger or nearby camps.

CANADIAN, June 27.—Mrs. George Tubb and Mrs. H. H. Marks entertained with a breakfast and bridge Wednesday afternoon honoring Miss Wallace Johnson of Amarillo, a visitor here.

Miss Virginia Wilbur is attending the national Phi Beta Phi convention in Chicago this week. The trip was a graduation gift from her parents, Mr. and Mrs. H. S. Wilbur.

Mr. and Mrs. Sam Harrelson, Mrs. E. E. Franks, and Jo Alice Franks visited relatives in Tucumcari, N. M., last Sunday.

Mr. and Mrs. J. M. Kirby left Tuesday for Dallas.

Mr. and Mrs. G. B. Lamb and son and Mrs. Howard Williams visited relatives in Shamrock over the week-end.

Troy West of McLean was a visitor here Monday.

FOUR CHURCH GROUPS MEET ON WEDNESDAY

WOMEN'S AUXILIARIES ANNOUNCE SUMMER MEETINGS

Church societies, among the few women's organizations which have survived the summer heat with continued meetings, will fill one day next week with meetings.

First Christian Church will have group meetings: Group one at the church at 10 a. m. for a program and covered dish luncheon; group two with Mrs. A. D. Aldkens, 623 N. Somerville, at 2:30; group three with Mrs. R. C. Wilson, 815 N. Frost, at 2; group four with Mrs. Hurley Sickles, 101 N. West, at 2:30.

REVIVAL IS TO BEGIN SOON ON CHURCH LAWN

Outdoor Services at Harrah Chapel to Start Tuesday

An outdoor revival will start at Harrah Methodist chapel Tuesday evening, with daily sermons by the Rev. W. E. Peterson of Shallowater. It is announced by the Rev. Lance Webb, pastor.

Seats are being installed for a large number on the church lawn on South Barnes street. Meetings will begin Tuesday at 8:15 with song periods when favorite hymns will be sung by the congregation.

Young Party Is Entertained at A Treasure Hunt

WHEELER, June 27.—A treasure hunt Tuesday evening entertained the Senior League of the Methodist church. Groups of four left on the hunt after games at the church. They returned later for refreshments of ice cream and cookies.

Present were Anna Mae Green, Marguerite Ficke, Anna Mae Puetz, Louie Yeale, Mary Eunice Noah, Martha Jane Shipman, Aline Buchanan, Martha Alice Wiley, Ruth Faye Garrison, Orveta Puetz, Ferrol Ficke, Bonnie Adams, Carlisle Robinson, Grainger McIlhenny, Max Wiley, Joe Meek, Wayland Merriman, Kilborne Bowens, H. E. Young, O. D. Conner, the Rev. Taft Holloway, the Rev. J. E. Kirby, and Mrs. Kirby.

Mr. and Mrs. W. Wiley and daughter, Alice, were in Amarillo on business Tuesday.

Miss Helen Gilmore was in Amarillo Sunday.

Mrs. Sherman Johnson and daughter, Elsie Jo, of Fort Worth visited in the Floyd Pennington home Wednesday.

Mr. and Mrs. T. L. Allison and children of Skellytown visited in Mrs. Bessie Kennedy's home Tuesday.

Outfits That Are Fun to Wear

These are the days of bathing and beach wear sales. If you didn't go out and complete your vacation wardrobe a month or two ago, you can have the fun doing it now.

Meals cooked in cool hours most enjoyed. Lighter foods are refreshing for summer.

Department of Home Economics Texas State College for Women.

DENTON, June 27.—In summer meal preparation is most satisfactorily accomplished by doing the greater part of the preparation during the cooler hours.

Menues: BREAKFAST: Shredded wheat with bananas and cream, puffy omelet, toast, milk, coffee.

LUNCH: Pressed chicken, raw spinach salad, buttered fresh corn, date nut bars, iced tea.

DINNER: Veal a la shapleigh, potatoes with parsley, creamed carrots, bread, calovos on the half shell, dressing, apricot whip.

PICNIC SUPPER (Box lunch): Crab salad, crackers, potato chips, iced orange juice with gingerale, ice box cookies.

DATE NUT BARS: Beat two whole eggs until light. Add one cup of powdered sugar and beat well. Add one cup of chopped pecans, one cup of dates, cut small, one-fourth teaspoon full of salt, three-fourths cup of bread flour, one tablespoon full of vanilla extract.

VEAL A LA SHAPLEIGH: Slice cold veal. Garnish the platter with sliced olives, pickle, relish, shredded lettuce, and over all pour French dressing.

PEACH TAPIOCA PUDDING: 4 large fresh peaches or 8 halves of canned peaches, one-half cup minute tapioca, one-half cup sugar, one-fourth teaspoon salt, one quart milk scalded, one egg yolk, one tablespoon butter, one teaspoon vanilla, one egg white stiffly beaten. Slice peaches into a bowl and sweeten to taste. Add sugar, salt and tapioca to the milk and cook until the tapioca thickens. Add butter and vanilla, fold in the beaten egg white, pour over the fruit and chill. Garnish with whipped cream or peaches.

MEETINGS ARE HELD AT COOL TIMES OF DAY

FAREWELL IS BIDDEN WHILE VISITORS ARE FETED

Pampa society took literally the calendar edict that summer began last Sunday, and spent the warm days of the past week lastly. Few formal organizations are left after vacation disbandings, and those few are escaping the heat with morning meetings or outdoor activities for the most part.

Morning bridge parties have included that of Mrs. Newton P. Willis, and several for clubs: Mrs. H. E. Carlson was hostess to Tuesday club, Mrs. Dick Rhodes to Jolly Nine, Mrs. LeRoy Miller for Mayfair.

The monthly business meeting of First Methodist Missionary society was conducted in the morning last Monday, on the beautiful lawn at Mrs. W. Purviance's home.

Queen of Clubs: Mrs. L. N. McCullough will be hostess to Queen of Clubs with a breakfast at Schneider hotel Wednesday at 9 o'clock, followed by bridge games.

Mr. and Mrs. V. L. Boyles and three sons returned yesterday from a stay of several days in Mineral Wells.

Advertisement for HARPERS LILLIPUTIAN SHOP featuring Gordon hosiery. Includes a diagram of a leg with measurements (34, 31, 28 inches) and text: 'ORIGINATORS OF PROPORTIONED HOSE IN 3 LENGTHS', 'FASHIONED IN WIDTH AND LENGTH', 'Ask for your correct length'. The shop is located at 107 N. Frost, Phone 144.

and placed a respected family in danger of disgrace. He said that Roddie should come home where he belonged; and, since I had not sent for him, he went away.

"Roddie came in when everything was quiet. Fortunately, Mary had left her door shut that night—Rupert's door. Roddie said that Father was right; that we must go away, that we had no right to bring this into your house, that he had never wanted to. He would find a place for us, and we would change our names—Oh, Dirk, that changing of names—if you knew what it does to you! . . . I had a little money left, I told him to go ahead.

"And then next day . . . You remember? When I was showing you the yellow gown. . . you came into the room and talked with me, and I saw that you loved me. I saw that you had been trying to protect me from you didn't know what, even though I would not confide in you; that you wanted to help me, no matter what I was.

"Do you think it was harder to go when I knew that? When I knew that I loved you, too? It was easier, I could kiss you and go, happy—actually happy—that I hadn't harmed you, and wasn't going to harm you."

Dirk's arm tightened about her. "But if you loved me, and knew I loved you. . . why wouldn't you confide in me, even then?"

"Because you would have made me stay. You would have insisted on sharing it. This was all I could do to repay your love and trust. You may not understand, Dirk, dear. Never mind.

"The trouble with passports was not going to be so bad. I had my

own, and I could swear to Roddie's citizenship. Surely they weren't after Roddie—not yet—or Father would have known. Perhaps Torrobin had learned that it was Chow who told. I hoped for the best, but I was certain of nothing.

"Roddie found us that little place, and we waited for the passports. Pipolo and Olga sailed, to expect us later. I went over to Jersey and tried to buy Bowie, but the man wanted more than I had. I was hoping he'd come down, and just waiting with Roddie, when you came and found me, and told me about Rupert's wanting to see me.

"Rupert, it seems, had had a sort of revelation while he was in—a realization, you might say, that I was in trouble, had been in trouble when I married him. He wanted to come home, and do what he could for me. When he told me this I explained that I had needed money and shelter, that was all; but now I was actually thinking of telling him; and asking him to help Roddie and me—asking him to have the marriage annulled, and help us get away—when this—this other happened.

"Often I say to myself, if I hadn't listened to you when you told me Rupert was asking for me! But oftener I say, 'If only Roddie hadn't come that night!'"

Dirk and Hope see, tomorrow, happy New Year come in.

Chapter 44  
**BOY IN HIDING**

"I told Pipolo everything," Hope went on, "and asked him to take Roddie and me to Finland with him. I told him about Torrobin, and how Roddie wasn't to blame, and how he had kept straight as long as I was near him—sober, too. And he knew how Roddie and I could ride. I said he would bring Bowie, too; that Bowie was being boarded at a stable in Jersey, and he would go over and get him.

"Pipolo said he would talk it over with Olga. But Torrobin had sold Bowie, didn't I know? He had sold Bowie to the people in Jersey. I cried. Funny I should cry over Bowie, when worried as I had been over Roddie, I had not cried.

"Then someone knocked on the door. It was a telegraph boy with a message. It was not for Pipolo or any one in the house. Pipolo asked me if I could have been followed, and wanted to go home with me. But I wouldn't let him leave Olga, who was not well. He told me to put in an application for passports. He could see difficulty there for Roddie and so could I.

"Roddie stayed close by me, for he saw I was ill. Sometimes I'd lock the door, and he'd come into the room, and stretch out in one of the chairs, or take a bath, or smoke. You remember about that? How you asked Mary about the cigars I smoked. . . and I had to smoke one?

"This didn't last long, for Father came. You sent for Father—why, I didn't know. It might have been because I was ill, but always the thought of Roddie was uppermost in my mind. I had kept in touch with Mother. She knew I was with Roddie in New York, knew about the circus. She wrote me always the same thing—if I loved them, to come back and bring Roddie. She knew the influence I had over Roddie when I was with him. She couldn't understand why I didn't use it. Finally Father wrote a sort of ultimatum. I was to come home, or else. . .

"In my next letter I told them I had married. Mother wrote once more, and that was all. I knew Father wouldn't have come unless you had wired him. I knew you had talked with him down stairs. I thought you knew what Roddie had done, and had told Father.

"Roddie was in the passage right
