Dear Abby

By Abigail Van Buren

DEAR ABBY: I never cared much for wigs on men, but lately I have been changing my mind. Although my husband is only in his early forties, he's been bald for some time. Not only that, but his head comes to a decided point on top. Lately his head has taken on a "polished look" which makes the point on top all the more conspicuous.

I am so tired of people asking me, "What happened to your husband's head?"

Wouldn't it be less conspicuous? If I say to get one, he says he'll get one.

Another question: If my husband does decide to get a wig, will he have to have new passport pictures taken in the wig? And where it says "HAIR" should he put down "BALD" or the color of the wig? Thank you kindly.

MRS. F. IN LAS VEGAS
DEAR MRS. F.: If your husband would be happier with a "wig," he should certainly get one. And since the hairpiece will change his appearance considerably, if he plans to wear it constantly, he should update his passport pictures. And where it says "HAIR" he should put down the color of the "wig." (P.S. I hope your husband does not "flip his wig" abroad or he may have trouble getting back in the country.)

DEAR ABBY: I am a widow of less than a year. My income

has dropped from \$1,900 a month to \$1,500 a month, so I have to watch my pennies now. I have one son. He is married and goes to college. He and his wife have been coming to my home for Sunday dinner regularly and they bring their laundry to do in my washing machine. About a month ago, I told them that due to my reduced circumstances I was going to charge them 25 cents a load for the use of my facilities. My son said, "Thank you, Mother, but we will do our laundry elsewhere."

Abby, where can they get their laundry done as cheap as here? And as long as they pay to get it done, why not give me the money? I am very hurt. In fact, I am sick over it because we had a wonderful relationship before this happened. They still come home for Sunday dinners, but they refuse to bring their laundry. Was I right or wrong in asking for 25 cents a load?

HURT
DEAR HURT: Unless the few dollars involved would have worked a hardship on you, you would have been wiser to have skipped it. Apologize for pinching pennies and hope that everything comes out in the wash. Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Calif. 90069 and enclose a stamped, self-addressed envelope.

Religion in America

By LOUIS CASSELS
UPI Religion Editor

Neither concern for the poor nor high interest rates, it appears, can overcome the "edifice complex" of America's churches.

Latest figures from the U.S. Department of Commerce show that churches are continuing to construct new buildings at a rate of about \$1 billion a year. That's the same level of expenditure that has prevailed since the early 1960's.

More than \$20 billion has been invested in religious construction since the church building boom started at the end of World War II. U.S. religious bodies now own an estimated \$80 billion worth of real estate.

Some church leaders are having pangs of conscience.

The Rt. Rev. Horace W.B. Donegan, Episcopal bishop of New York, halted work on the massive Cathedral of St. John the Divine to free funds for programs serving the poor people of the inner city.

This week, Patrick Cardinal O'Boyle, Roman Catholic archbishop of Washington, D.C., ordered a moratorium on church and school construction to release upwards of \$3 million a year for church-financed low income housing developments, day care centers for children of working mothers, and other projects intended to help people out of the capital's black ghetto.

The high priority which American congregations give to bricks and mortar is vividly illustrated by two figures from a recent statistical report from the Southern Baptist Convention.

Although Southern Baptists are the most mission-minded of the big denominations, they spent more last year on buildings (\$162 million) than they did on missions (\$120 million).

Ecumenical note: The Episcopal Church has accepted an invitation to hold its next general convention, in the summer of 1969, on the campus of Notre Dame University, a Roman Catholic institution.

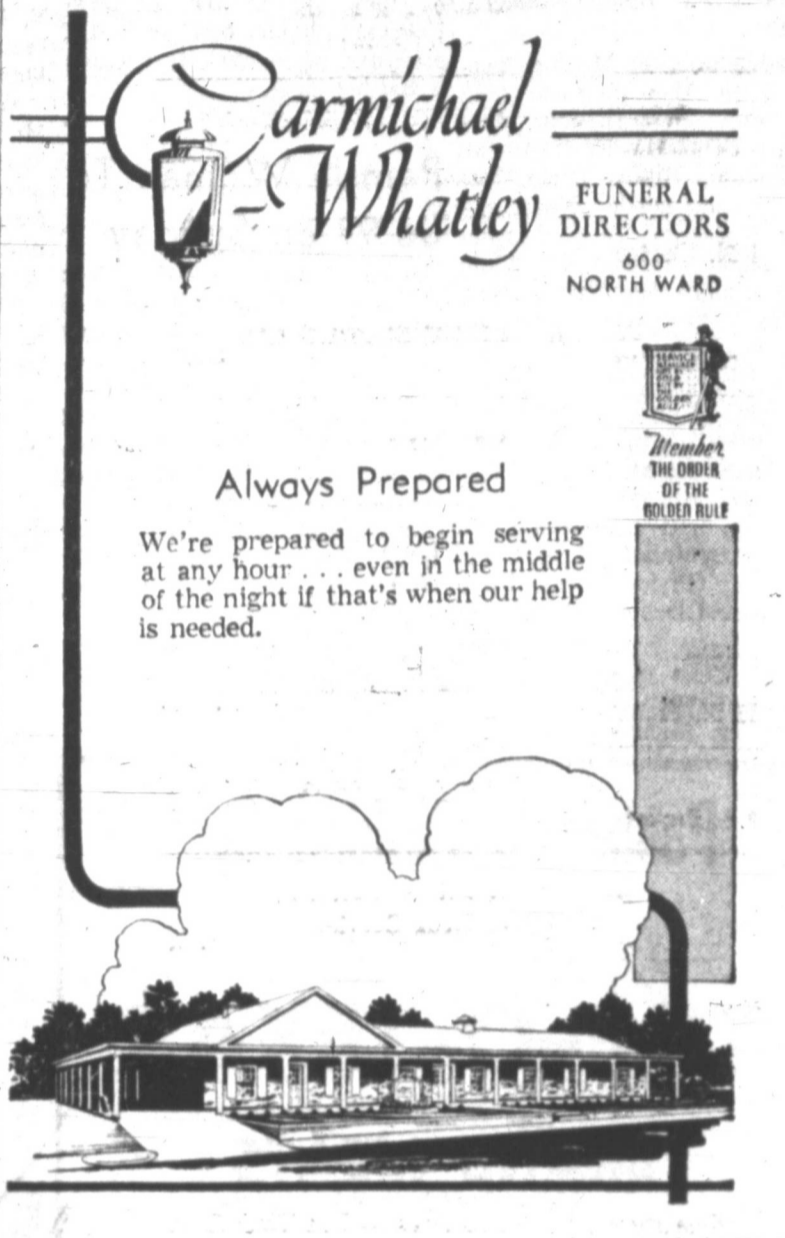

The National Conference of Christians and Jews has formally recognized Eastern Orthodoxy as a fourth major faith in America.

The nation's 6 million Orthodox Christians are offended by the popular practice of referring to the "three-fourths" — Protestant, Catholic and Jewish — since they do not fit historically into any of those categories. Their split with Rome antedated the Protestant reformation by nearly 500 years.

The NCCJ will amend its bylaws to provide for selection of a fourth national co-chairman, an Eastern Orthodox layman. Since the interfaith body was founded 40 years ago, it has had three co-chairmen—a Protestant, a Catholic and a Jew.

The first parking meter system was begun in Oklahoma City in 1935.

Modern American bicycles are built strong enough to carry 10 times their own weight.

Attend The Church Of Your Choice

The Weekly Message Of Inspiration

REV. B. DAVIS
Progressive Baptist Church

Sub. Christ and The City Scripture. "He beheld the city and wept over it, Luke 19:41.

Here is a strange thing. The great Ambassador from heaven is here making public entry into Jerusalem, not to be respected there, but to be rejected; he knew what a nest of vipers he was throwing himself into, and yet see here two instances of his love to that place and his concern for it. 1. The tears he shed for the approaching ruin of the city. When he was come near he beheld the city. Coming down from the mount of Oliver, he had a full view of the city, the large extent of it, he could see the many stately structures in it, and his eyes affected his heart, and his heart his eyes again.

What a tender spirit Christ was of; we never read that he laughed, but we often find him in tears. Truly He was the man of sorrow, and acquainted in grief.

In this very city his father David wept, and those with him. There are cases in which it is no disparagement to the stoutest of men to melt into tears. Jesus wept in the midst of his triumphs, wept when all about him were rejoicing, wept when people were breaking palm branches, and lining the street of Jerusalem for his honor.

The city that we find him weeping over now is the city of Jerusalem. There are cities to be wept over today, as it were in the days of Christ. But why did Christ weep at the sight of Jerusalem? Jerusalem has not improved her opportunities. He wept, and said, "If thou hadst known, even thou at least in this thy day, if thou wouldst but yet know, while the Gospel is preached to thee, and salvation offered thee by it; if thou wouldst at length bethink myself, and understand the things that belong to thy peace the making of thy peace with God, and the securing of thine own spiritual and eternal welfare, but thou dost not know the day of thy visitation.

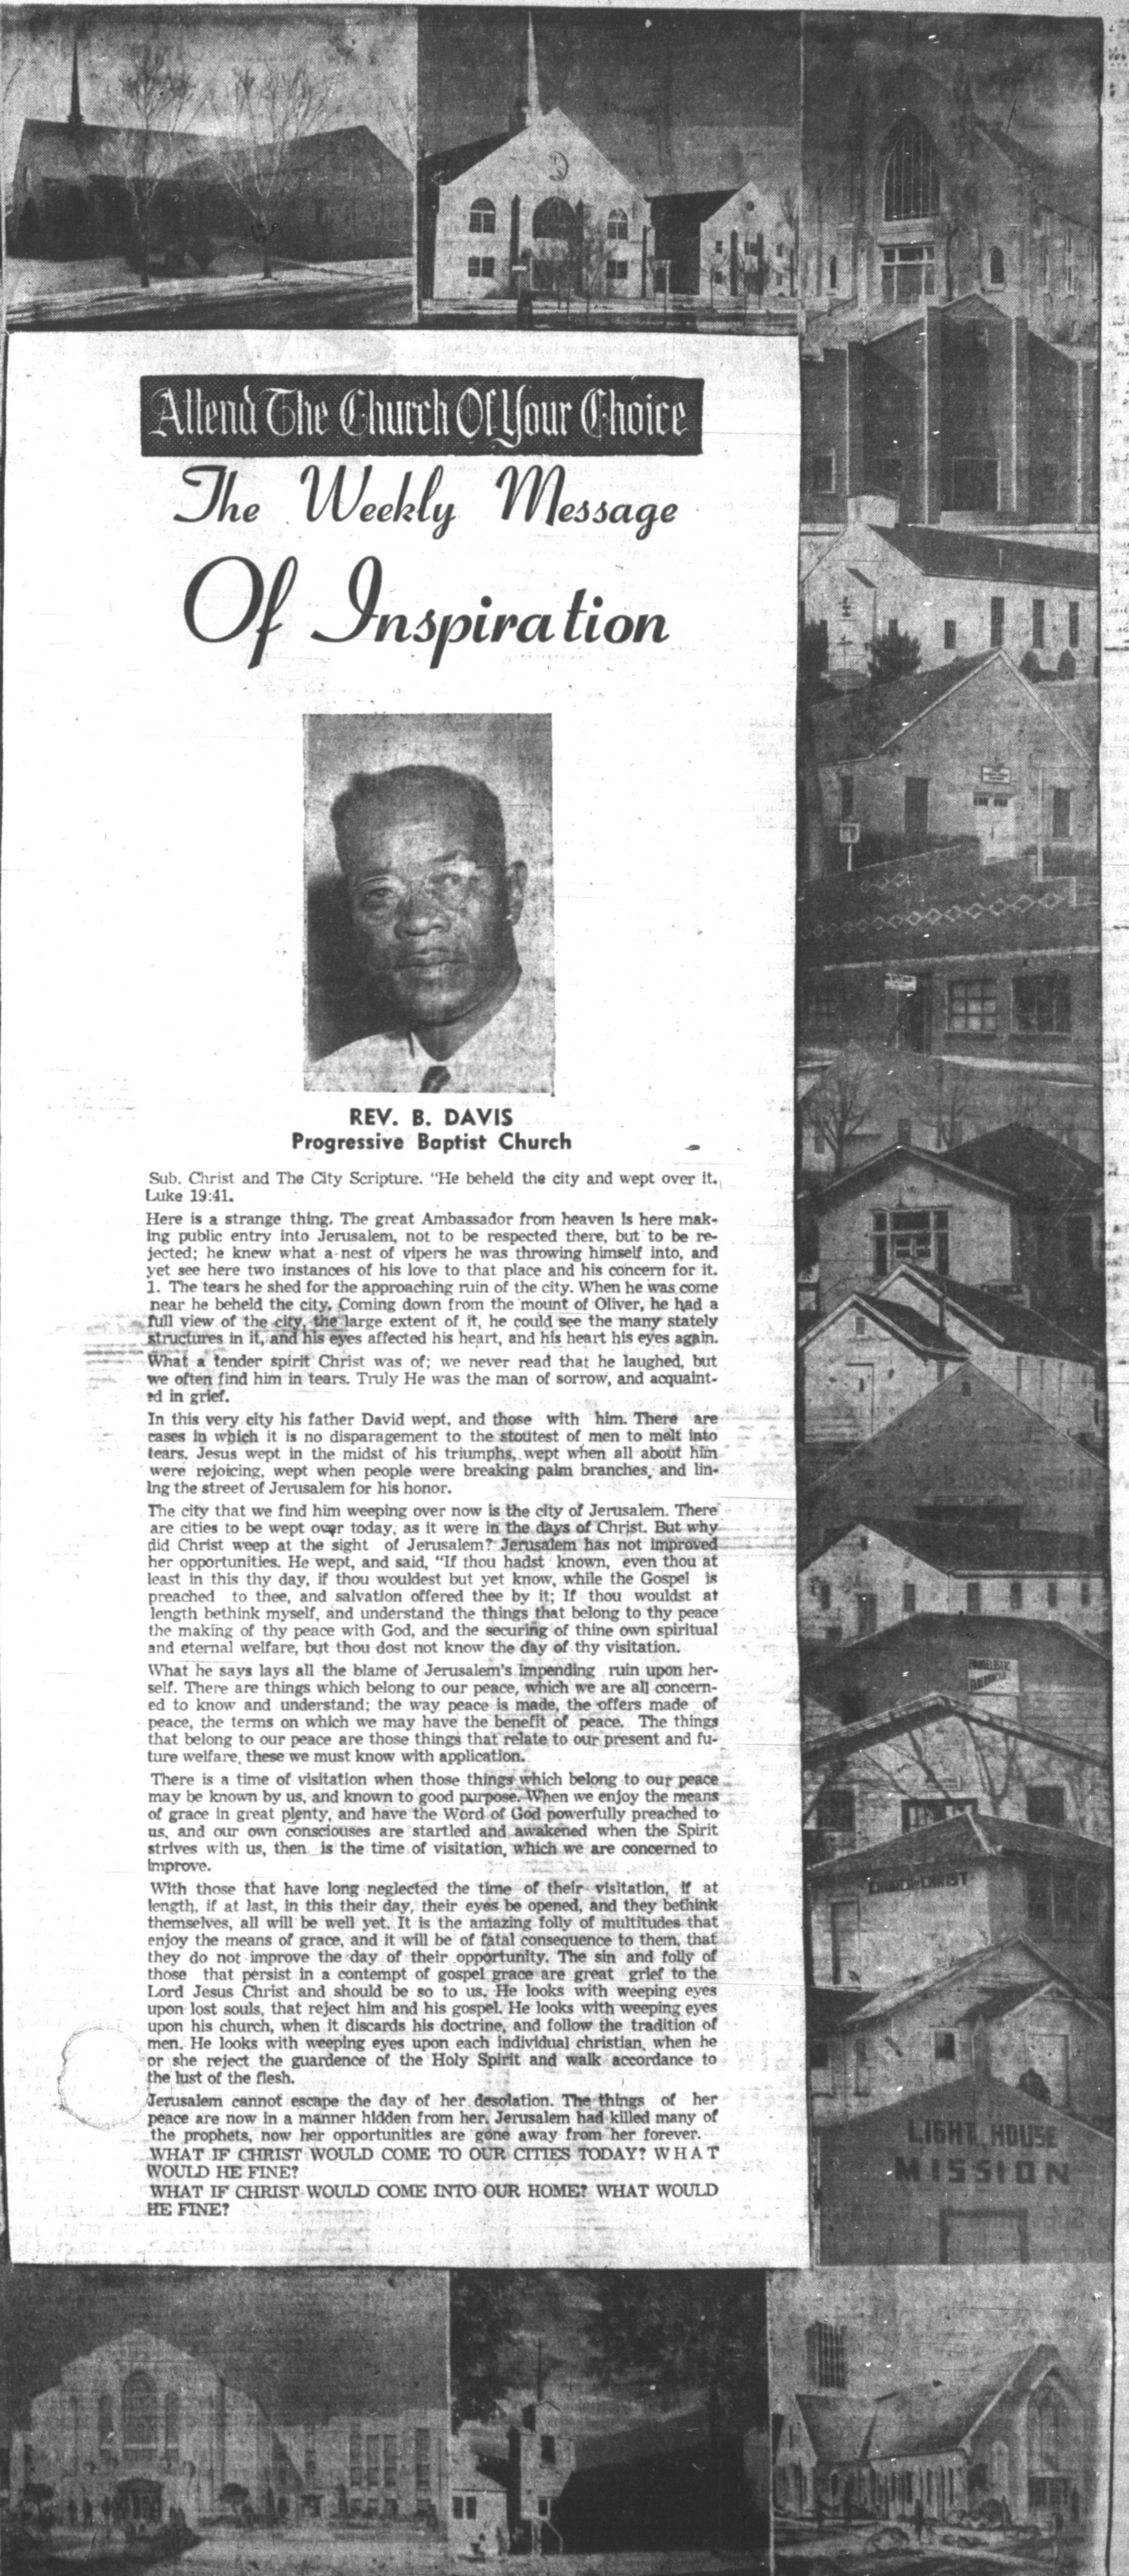

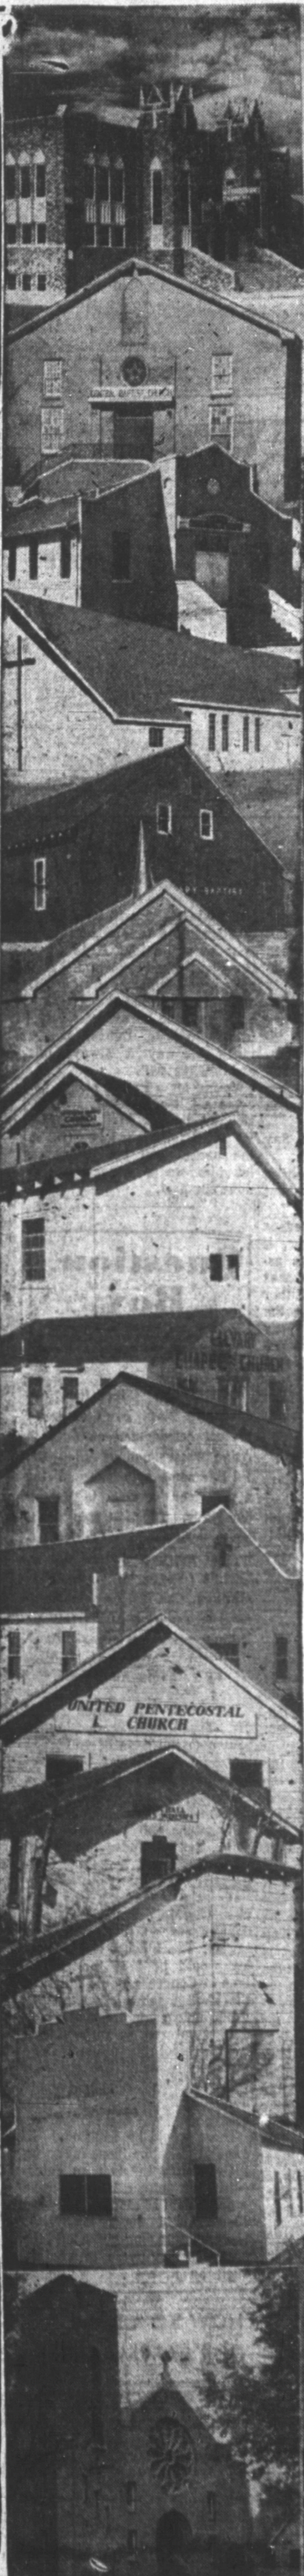

What he says lays all the blame of Jerusalem's impending ruin upon herself. There are things which belong to our peace, which we are all concerned to know and understand; the way peace is made, the offers made of peace, the terms on which we may have the benefit of peace. The things that belong to our peace are those things that relate to our present and future welfare, these we must know with application.

There is a time of visitation when those things which belong to our peace may be known by us, and known to good purpose. When we enjoy the means of grace in great plenty, and have the Word of God powerfully preached to us, and our own consciences are startled and awakened when the Spirit strives with us, then is the time of visitation, which we are concerned to improve.

With those that have long neglected the time of their visitation, if at length, if at last, in this their day, their eyes be opened, and they bethink themselves, all will be well yet. It is the amazing folly of multitudes that enjoy the means of grace, and it will be of fatal consequence to them, that they do not improve the day of their opportunity. The sin and folly of those that persist in a contempt of gospel grace are great grief to the Lord Jesus Christ and should be so to us. He looks with weeping eyes upon lost souls, that reject him and his gospel. He looks with weeping eyes upon his church, when it discards his doctrine, and follow the tradition of men. He looks with weeping eyes upon each individual christian, when he or she reject the guardianship of the Holy Spirit and walk accordance to the lust of the flesh.

Jerusalem cannot escape the day of her desolation. The things of her peace are now in a manner hidden from her, Jerusalem had killed many of the prophets, now her opportunities are gone away from her forever.

WHAT IF CHRIST WOULD COME TO OUR CITIES TODAY? WHAT WOULD HE FINE?
WHAT IF CHRIST WOULD COME INTO OUR HOME? WHAT WOULD HE FINE?

FOUNDATION GIFT — Mrs. Fred Thompson presented a \$500 check yesterday from the M. K. Brown Foundation to the Community Day Nursery. She is shown at left presenting the check to Harold Comer, center, and the Rev. Monroe Woods Jr., both directors of the nursery. The nursery, located at 401 Oklahoma, was incorporated under the name Community Day Nursery but is called the Bertha Redd Nursery in honor of Mrs. Bertha Redd who donated the land and building to the organization. The nursery was founded by a group of public-spirited Pampans to serve as a nursery for children of working mothers. It replaced the defunct Carver Negro Day Nursery.

Need To Teach Equality Cited For Schools

AUSTIN (UPI) — U.S. Commissioner of Education Harold Howe II says that schools will not succeed with teaching Mexican-American children until positive steps are taken to correct the image of superiority given white, English speaking people. Howe, speaking to the national conference on educational opportunities for Mexican-Americans, advocated bi-lingual programs as a major step toward scholastic improvement in the performance of Mexican-Americans.

He said the present system of requiring a child to learn English before allowing him to progress in other academic work leaves the student six years behind his Anglo contemporary by the time he is a teenager.

Wider cultural exposure, teaching several languages to all students, "will help our international relations," Howe said. "The entire history of discrimination is based on the prejudice that because someone else is different, he is somehow worse," Howe said.

He said "people who ultimately control the schools have never really given our schools the resources they need to succeed with minority children."

More Convicts Released From Prison In '67 Than Imprisoned

By ANN WATSON
AUSTIN (UPI) — More convicts were released than put in prison last year, the Board of Pardons and Paroles reports. New inmates numbered 5,081 in 1967, while 5,384 were released from the Texas Department of Corrections.

Armadillos Found Over Wide Area

By United Press International
The waddling armadillo has not changed much since it came into this world 55 million years ago, but it has spread rapidly from its home near the Mexican border north to Oklahoma and as far east as Mississippi, a wild life specialist said today.

"The armadillo is not a major problem, but it is a nuisance," Dr. Dillard Carter, an assistant professor in the Wildlife Department at Texas A&M University, said.

The pokey, hard-shelled animal burrows under flower gardens and gets in the way of highway traffic.

Big Population
Yet armadillos are numerous as ever.

"It just doesn't have any enemies and is pretty well ignored by everything," Dr. Carter said. The long-nosed mammal often burrows under suburban gardens to find grub worms and other food, and ruins flower beds in the process.

The armadillo is shy, but easy to catch, and lives in dens. P.B. Uzzell of the State Parks and Wildlife Department in Austin recommends two ways to get rid of pesky and uncatchable ones.

He suggests poisoning the den with potassium cyanide powder or carbon disulfide.

The armadillo has plenty of conflicts with the human world.

rate, in Texas and the nation, continued to spiral upward," the board said. The board pointed out that all the inmates paroled have credit for more than the minimum time required by law. And they said 68 per cent of Texas prison inmates serve all their sentence without parole.

Major League Roundup

White Sox Lose Tenth

By JOE GERGEN, UPI Sports Writer
The American League already in a 9-0 knockout punch by the Cleveland Indians in the opener, the White Sox lost their 10th straight game to the Minnesota Twins and the Chicago White Sox. It was the Minnesota Twins who administered the final, Stanky's proud Sox, a genuine humiliating blow with a 3-2 pennant contender before the triumph, decking the White Sox bell rang on April 10, landed with the only good punches flat on their backs Thursday in thrown in the game, a three-hit 10th game of the season, an barrage in the third inning, embarrassing position they had Chicago, however, went down as

Los Angeles Lakers Test Boston's Celtics Tonight

INGLEWOOD, Calif. (UPI) — The upstart Los Angeles Lakers will test the aging legs of the Boston Celtics again tonight as the teams meet for game No. 3 in their best of seven National Basketball Association championship series at the forum.
The Lakers beat the Celtics at their own game—speed, defense and outstanding board play—123-113 Wednesday night in Boston to deadlock the series at one win apiece.
Jerry West, coming off a poor game Sunday when Los Angeles lost the opening game 107-101 after leading by 15 points, poured in 35 to lead the way in the second contest. But the excellent rebounding of Darrall Imhoff, Mel Counts, Tom Hawkins and Erwin Mueller were big factors, too.
The Celtics, who have never lost a playoff series after winning the opening game, were paced by John Havlicek's 24 points.

Los Angeles has something going for it also. The Lakers are 26-5 since moving to their new home from the Sports Arena. They are undefeated in five playoff games there.
Boston lost its home advantage when it dropped the second game, but could regain it by winning tonight. The fifth game will be played in Boston, the sixth, if necessary, in Los Angeles, and the seventh, if necessary, in Boston.

Pee Wee Track Meet In Lefors

LEFORS (Sp) — The Lefors Optimist Club will stage its annual Pee Wee Track Meet here Saturday, with over 500 entries scheduled to participate.

Ben White, club president, said the meet, actually consisting of 10 track meets, would get underway at 9 a.m. at Shaw Field in Lefors.

There will be a track meet for each grade, third through 6th, for boys; and also for grades three through eight for girls.

Some 16 teams were invited, including Perryton, Shamrock, Panhandle, Groom, Lefors, Allison, Samnorwood, Erick, Okla., Grandview, Spring Creek, Plemons, Mobettie and McLean.

Harvesters Host Caprock Today

Caprock High School of Lubbock will provide the competition today as the Pampa Harvester baseball team goes into a two-game weekend.

The Green and Gold, in last place in the district standings, will take the field against Coronado at 4 p.m. at Optimist Park.

Saturday, the home team will play host to the Estacado High School team, also from Lubbock, in an afternoon fray.

Gary Player Leads Nelson Golf Classic

DALLAS (UPI)—A tap-in putt that didn't come off proved the big difference for Gary Player between the undisputed lead and a four-way tie for first place in the \$100,000 Byron Nelson Golf Classic today.
Player's "fantastic" putting and a bit of luck carried him to a four-under-par 33-33 — 66 Thursday and a one-stroke edge over Miller Barber, Harold Henning and Jack Montgomery in the wind-buffed opening round at Preston Trail Golf Club's 7,086-yard layout.
Player had 4 birdies and 14 pars, but it was his par on No. 9 that may have been the big one for the little South African. He

hit a short putt at the cup and the ball hit the rim and rolled around.
Player, standing almost atop the hole, raised his club and started to tap it in when the ball toppled into the cup for his par. If he had touched it with his club, it would have been a bogey.
Player shook his head, raised his arms in a big shrug and muttered loud enough for the gallery to hear, "There must be a better way to earn a living."
His birdies came on a pair of 6-foot putts, a 20-footer and one of only six inches, but he salvaged pars with two of more than 10 feet.

Pampa Bowlers Rated In Tourney

Two Pampa bowling teams, Epperson Camper Sales and Bell Pontiac, competed in the Great Southwest Bowling Tourney in Wichita, Kans., last month, both coming in in the top 22.

Carroll Pettit of Epperson tied for the singles championship and the team finished in 22nd place.

Bell Pontiac placed 19th. Members of the Epperson team are George Thut, currently leading the chase for the class C singles title in the Texas Men's Bowling Championships, Pettit, Roscoe Mounts, Epperson, Lou Donghi and Jim Cantrell. The team is planning on competing in the ABC tourney next year in Madison, Wis.

EXCHANGE TWO

PHILADELPHIA (UPI) — Shortstop Don Money and outfielder Larry Hise, both rookies, have been sent by Philadelphia to the San Diego Padres of the Pacific Coast League for further seasoning.

In exchange, the Phillies recalled pitcher Larry Colton and bought shortstop Robert Pena from San Diego. The 20-year-old Money was the key figure in the Philadelphia trade which sent pitcher Jim Bunning to Pittsburgh.

London and Australia will receive the transmission in black and white while it will be sent in color to Japan.

Ellis, Quarry To Hit Scales Today For Official Weigh-In

OAKLAND, Calif. (UPI)—Jimmy Ellis and Jerry Quarry hit the scales today at their official weigh-in some 33 hours before they start hitting each other for the WBA's version of the world heavyweight title.

A spokesman for the state athletic commission said that today's weights would go into the books as official although a second visit to the scales was required Saturday in accordance with California law.

"No one has to make any weight; otherwise the official weighing would have been on Saturday, the day of the fight," the spokesman said.

An element of ballyhoo seemed to figure in the early confrontation. A final blurb from promoter Don Chargon's office read: "This will be the last chance for pictures and interviews; the Tigers are getting mean and now are tough to handle."
The bout will be beamed worldwide Saturday, by ABC-TV Sports Action starting at 9:55 p.m. EST. Each boxer is guaranteed \$125,000 for 15

rounds of fighting or less. Quarry, a 7-5 favorite in local and Nevada maris, held a press conference Thursday and described how he planned to "cut the ring in two" if Ellis got on his bicycle. The latter didn't show up, preferring to spend his time on a putting green.

"If we both stand there it will be a pretty dull fight," Quarry said. "But this is for the heavyweight title. If Jimmy runs, I'll go after him. I won't chase him but I'll cut the ring in half."

EXTRA PRIZES

INDIANAPOLIS (UPI)—Drivers in the Indianapolis 500-mile auto race May 30 once again will earn bonus money for being either first or second after each lap.
A total of \$40,000 will be awarded in lap prizes with the leader of each lap earning \$150 and the runnerup \$50.

Television In Review Telephone Hour Swings Tonight

HOLLYWOOD (UPI)—NBC-TV's "Telephone Hour"—goes out swinging tonight, with a program about jazz—the final broadcast in the noteworthy musical documentary series.

The theme of the program is that jazz, "perhaps more than any other musical form, is a direct expression of the performer."

Royal, Va., despite orders to take him alive.
 In 1964 a nationwide test of the Salk anti-polio vaccine began in 45 states.
 A thought for the day: French scientist Blaise Pascal said, "Man is but a reed, the weakest in nature, but he is a thinking reed."

HAZARDOUS MISSION
LOS ANGELES (UPI)—During four years as a missionary in the jungles of New Guinea, the Rev. Jeremiah Murphy never locked the door of his cottage.
 Vacating in Los Angeles, Murphy was sleeping early Thursday in the well-locked parish house of St. Anthony's Church, when a knife-wielding prowler broke in and robbed him of \$300. He left the priest tied up on the floor.

WISDOM
LANSING, Mich. (UPI)—George Northrup, driver of a chartered tour bus, says the best passengers are "the ladies."
 "As long as you go along with what they want to do, they're really considerate," he said.

GOING TOO FAR
FAYETTE, Iowa (UPI)—Sen. Jack Miller, R-Iowa, Thursday specified what groups he was appealing to. He said he wanted support from "young voters, older voters, farmers, those in the ranks of labor, businessmen, educators, government employees and Democrats."
