**CHRISTIAN PROTESTERS** — Youth members of the First Baptist Church "demonstrate" near the church in favor of Christ, love and Christianity. The demonstration, held Sunday morning, advertised a youth rally to be held Wednesday through Sunday, sponsored and conducted by youth members of the church. Services are slated for 7:15 p.m. Wednesday and 8 p.m. Thursday and Friday at the church. A special service will be held at Lake McClellan Saturday. Regular services will be observed at the church Sunday.

## Gray County Studying Curfew Violators Pay Raise, Retirement Are Arrested In Chicago Suburb

The Gray County commission today postponed a decision on the retirement plan and a possible \$30 monthly raise for all county employees, both elected and appointed.

The decision could be made at a special meeting Aug. 21 or in the regular meeting Sept. 1, County Judge S. R. Lenning Jr., said.

The retirement plan would cost Gray County \$21,600 a year for its 90 employees. This is based on payment of five per cent of the first \$4,800 of each employee's salary.

If the plan goes into effect, it would cost each employee \$240 a year, and the county would pay a like amount, Judge Lenning said.

Employees eligible would be those with 12 years of service and 60 years of age. If one retires at 55 and leaves his money in the retirement plan, he could still draw full benefits at age 60.

If a person has 12 years' service now and is 65, he would draw full benefits after one year.

"This is because we need time to put money into the retirement fund," Judge Lenning explained.

The commission also discussed either a \$25 or \$30 across the board monthly raise for all county employees and elected officials, but made no decision today.

The raise was discussed because of the four per cent raise in the cost of living index since last year, and because Social Security deductions will be 4.8 per cent after Jan. 1, 1969. Another reason for the raise is the 10 per cent surtax on income tax.

"If we don't do this, there would be less take home pay

next year," Judge Lenning said. The commission also authorized payment of \$57,365.12 for monthly bills; authorized partial payment of \$4,980 for work completed on July 31 for the county airport runway; and authorized Gene Barber, representative of Merriman and Barber consulting engineers, to complete soil tests, plans and specifications on a bridge located east of Pampa near the Pampa Country Club.

Barber suggested commissioners consider a \$30,000 cost to replace the bridge.

Judge Lenning said bids on the bridge would possibly be ready by Oct. 1.

The commissioners had a hearing with George Arrington and Russ Brown, Cabot representatives, to discuss laying a 10-inch gas line from the Sun-Boston plant to be built on the Boston Ranch, two miles east of Lake- town, south to the Cities Service plant.

## Curfew Violators Are Arrested In Chicago Suburb

CHICAGO (UPI) — Five youths were arrested for curfew violation Sunday night as police patrolled suburban Chicago Heights and East Chicago Heights.

Police also picked up two youths suspected of arson in six fires which broke out early Sunday in both suburbs, one of which destroyed a \$100,000 warehouse containing \$300,000 in goods, much of it Christmas decorations.

A policeman, shot in earlier trouble, was in good condition. Police blamed teenagers for shootings, arson and beatings.

"It was all planned," said East Chicago Heights Police Chief Robert Stone. "We knew about it a week ago. There was nothing racial about it. Someone had a grudge against certain members of the police department."

The fires broke out in 20 minutes. Two started almost simultaneously at a drive-in restaurant and a nearby liquor store, started by kerosene thrown against them. When police arrived, some sniper fire came from a school roof across the street. Volunteer firemen were delayed because ignition wires on two fire trucks had been disconnected.

A short time later, East Chicago Heights Police Sgt. Theodore Franz Jr., a Negro, was injured in the shoulder and chest by a shotgun blast as he talked to his father on the porch of his home. He was taken to St. James hospital in fair condition.

In Chicago Heights, a car containing two white youths was forced to the side of the road by four autos and 15 young Negroes beat the white youths.

## Maddox Might Run To 'Save' The Demo Party

ATLANTA (UPI) — Gov. Lester Maddox said Sunday night he may have to "save" the national Democratic Party by running for president.

Maddox admitted in an exclusive interview with UPI that his chances of winning the Democratic presidential nomination were "not much, but you never can tell what might happen in Chicago," site of the 1968 convention.

"There's a wave of patriotism and conservatism sweeping the country," Maddox said. "I've said this for years."

He said he would wait several days to gauge the public's reaction to his possible candidacy before actually seeking the nomination.

Maddox's statement stunned southern Democratic officials, even in his own state.

Could Create Split

"I'm as shocked as anybody," said Georgia Democratic Party Secretary Joe Sports. He said Georgia Chairman James Gray was out of state and "knows nothing about" Maddox's plans. Sports said Maddox's candidacy could "split up" the Georgia delegation to the national convention "about even."

South Carolina's Democratic National committeeman, Edgar A. Brown, said in Columbia, S.C. (See MADDOX, Page 3)

## Break In Heat Continues In Local Area

Area residents continued to enjoy the break in the heat today, although a warming trend is forecast for Tuesday. Showers fell on the city before noon today, and a 30 per cent chance for showers exists for tonight.

Low Sunday morning was a cool 52, with last night's low being 58. Sunday's high was 73. Temperatures tomorrow, however, are expected to reach into the lower 90s, with isolated thundershowers forecast.

Cool air which invaded North Texas Sunday will begin to move out of the state today, but not until after it touches off a

## LBJ Is Given X-Ray Tests

SAN ANTONIO, Tex. (UPI) — President Johnson underwent further hospital tests today for his chronic intestinal ailment. The White House said the results would be sent to the Bethesda Naval Hospital in Washington and to the Mayo Clinic.

The President flew by helicopter from his ranch to the Brooke Army Medical Center in San Antonio where he completed X-ray tests to determine the extent of his diverticulosis, a series of protrusions in the wall of his lower intestine.

Johnson arrived at the hospital at 9:05 a.m. and departed at 10:19 a.m. CDT.

Immediately after the X-ray examination the White House announced that the results would be sent to Adm. George Burkley, the President's personal physician at the Bethesda Naval Hospital near Washington and to Dr. James Cain at the Mayo Clinic in Rochester, Minn., for comparison with X-rays taken during previous years.

"The President returned this morning to Brooke Army Hospital to complete X-ray procedures, as previously

planned. The President is feeling fine and is carrying on an active schedule.

"As announced last week, the X-rays this morning followed a liquid diet. The radiograph taken today will be sent to Bethesda and Dr. James Cain at the Mayo Clinic for comparison with films taken during previous years.

"Outside of this, there is (See LBJ, Page 3)

## New Phone Books To Be Delivered

Telephone customers in Pampa will receive new directories this week.

Mailing of the new directories will begin Wednesday according to George Newberry, local manager for Southwestern Bell Telephone Co.

Approximately 15,800 books will be distributed.

Newberry said the directory will have 65 pages of alphabetical listings and 148 pages of Yellow Pages advertising.

This year's directory has added the names of more than 300 telephone subscribers. Most of them, Newberry stated, are residential customers.

## East Germany's Walter Ulbricht Visiting Czechs

KARLOVY VARY, Czechoslovakia (UPI) — Czech Communist leader Alexander Dubcek welcomes his severest critic today to try to assure him the Czech liberal brand of Communism will not undermine the rest of the Soviet bloc.

Dubcek met East German Communist leader Walter Ulbricht when he arrived at the resort of Karlovy Vary (Karlsbad) today, the Czech news agency CTK said.

Czechoslovak sources said the talks at the Hotel Bristol were expected to last until noon Tuesday.

It was the third in a series of talks in which the Czechs are trying to establish a new position in East Europe.

Karlovy Vary is 75 miles northwest of Prague and 15 miles from the East German border.

In the first in the series of confrontations, the Czechs conferred for three days with the Soviet Union's politburo at Cierna Nad Tisou, Czechoslovakia. At that meeting the Czechs were permitted to go ahead with their reforms without interference.

The second was a meeting at Bratislava, Czechoslovakia with Poland, East Germany, Hungary and Bulgaria.

## North Vietnam Is Hit Sunday, Early Today

SAIGON (UPI) — The United States today struck North Vietnam's invasion bases with its heaviest bombers in what American sources said could be a prelude to a complete bombing pause against the Communist nation.

Military spokesmen said at least 15 of the B52 Stratofortresses pounded the targets Sunday night and early today despite North Vietnamese missile fire.

In Saigon, the U.S. military command declined to comment on speculation the B52 raiding was a final thrust in anticipation of an order halting all bombing of North Vietnam. But U.S. State Department mission sources said the White House is under considerable "pressure" to halt the air raids in return for what some observers call a relative lull in Communist ground fighting in South Vietnam.

President Johnson on March 31 limited U.S. bombing of the North to the southern panhandle of North Vietnam. A halt to all bombing of the North has been a key North Vietnam demand in Paris talks with the United States on cooling down the war.

There was no comment on a bombing pause from U.S. military spokesmen.

None of the Stratofortresses was hit by the missiles and they dropped almost a million pounds of explosives on invasion bases, troop centers, supply dumps and gun positions just above the Demilitarized Zone (DMZ) dividing North and South Vietnam.

The B52 strikes followed 110 missions by smaller Air Force and Navy jets Sunday against North Vietnam's southern panhandle military supply lines. Pilots said they destroyed 17 boats including a 150-foot craft; 42 trucks, two bridges and other targets.

The B52 bombardment also struck North Vietnamese shore batteries that fired more than 200 shells Sunday at the U.S. 7th (See BOMBING, Page 3)

## Top News In Brief

PARIS (UPI) — North Vietnam today condemned Republican presidential candidate Richard M. Nixon's Vietnam policy and accused him of "impudence."

Hanoi spokesman Nguyen Than Le also told a news conference that Vice President Hubert H. Humphrey's recent statement that peace in Vietnam was closer than ever was "inexact."

SAN ANTONIO (UPI) — Several policemen were shoved and six youths arrested Sunday when nearly 100 teenagers shouted and taunted police for half an hour near a federal housing project on San Antonio's west side.

DUMAS, Tex. (UPI) — A 28-year-old Dumas man was killed Sunday when his hand-made aircraft crashed in an open field one mile west of the Dumas airport.

Joe E. Slagle was killed. Witnesses said the Benson B8M gyrocopter apparently developed engine trouble about 250 feet in the air.

Slagle had ordered the one-passenger craft and assembled it himself.

MOSCOW (UPI) — The Soviets announced today the end of major military maneuvers along the Czech border but hinted the Red Army is ready to roll if anti-Communism rises in the former satellite.

NEW YORK (UPI) — Jackie Robinson, the first Negro to crack the "color line" in major league baseball, said he will resign from Gov. Nelson A. Rockefeller's staff to support the Democrats in November because he says Richard M. Nixon has "sold himself out to the bigots in the south."

NEW YORK (UPI) — An independent poll indicated Sunday that Richard M. Nixon's popularity has soared since he won the Republican nomination for president and he now has a commanding lead over any likely Democratic nominee.

LUBBOCK, Tex. (UPI) — Several Lubbock school board members said Sunday they want to file suit over the constitutionality of the Lubbock Public School District desegregation program if it is rejected by a Department of Health, Education and Welfare review.

The El Fatah Arab guerrilla organization said it destroyed a section of the Israeli pipeline near Ras Elhamra in the Negev Desert. The pipeline connects the Port of Elath on the Gulf of Arabia with the Mediterranean Port of Haifa.

The Israelis built the pipeline to bypass the Suez Canal, closed since the 1967 Middle East war. Israel did not comment on the Arab claim. The Israelis occupy the east bank of the canal.

The U.N. meeting was the fifth called since the Security Council met in urgent session last Monday after Israel raided Arab guerrilla bases in Jordanian territory.

## 'Surprise' From Her Husband Was To Have Been Death For Bride

OAKLAND, Calif. (UPI) — "He told me he had a surprise for me."

The pretty brunette newlywed, lying bruised in her hospital bed, said the surprise her husband promised was to have been death.

Barbara Carmack, 29, said her husband of one month, Billy Ray, 26, drove her early Saturday morning to a lovers' lane above the San Leandro reservoir.

Once there, she said, he beat her and set fire to their late model automobile and sent it over a 50-foot cliff with her inside. She said he did it to collect \$25,000 in life insurance.

The couple had driven to the lonely place after leaving a bar where they worked, he as a bartender, she as a cocktail waitress.

"I asked what it (the surprise) was but he wouldn't tell me," she said. "I kept asking him, but he told me to wait a while and I'd see what it was. That I'd really like it."

"When we got up there, he told me to hide my eyes and lie down in the seat. I thought that was strange and said, 'You're

not going to hurt me, are you,' she said.

The comment angered her husband, she said, so she agreed to lie down. It was then she was hit with a club and blacked out. When she recovered, she was hit again after seeing her husband and one of two other unidentified men pouring something on the rear of the car.

"When the car started going over the cliff, I sort of came to. I hurt so bad. God I hurt. I was sure I was dying, but I didn't want to be burned to a crisp," she said.

She managed to struggle out of the burning auto and work her way up the cliff where she stemmed a bleeding head wound with an undergarment.

Three unidentified youths passing in the area found her and took her to the hospital.

Her husband was arrested a few hours later and taken to Alameda County jail for investigation of assault to commit murder and arson.

Deputies said a second suspect, identified as Thomas Santos, had arranged through his attorney to surrender in Alameda County Court.

## Police Battle Snipers Two Die In Watts Disturbance

LOS ANGELES (UPI) — Police battled snipers in Watts for two hours early today during a major disturbance that left two persons dead and more than 40 injured on the third anniversary of the bloody 1965 riot.

Police chief Tom Reddin said at 6 a.m. CDT that "things are very quiet on the street."

The racial violence apparently was triggered by the arrest of a woman at the third annual Watts Summer Festival at Will Rogers Park.

"We were fighting for our lives and we thought we were going to lose the whole thing," said Lt. Lou Ritter of the Los

angeles Police Department. "Fired On Substation"

During the violence, the police substation in Watts came under fire. Patrol cars were shot at. There were 25 gunshot victims, four of them policemen. None of the officers was considered in serious condition.

Reddin said the police department was placed on a tactical alert and more than 2,000 officers were on duty around the city. The National Guard was alerted but was not activated.

At 4 a.m., there were 200 policemen patrolling the area extending a mile in each

direction of the park, the focal point of the trouble.

There was scattered looting and city firemen responded to four small fires. But no curfew was put into effect.

A helicopter with search lights hovered over the area as police and snipers exchanged shots.

Reddin said, "there was a massive response by police. They (the police) were fired upon. There will be those who were overreacted, but it's better to overreact and control it. In this case, we did react toward them. At about this point, the police substation started about 12:30 a.m. CDT Sunday after officers arrested a Negro woman, who was not identified, on a charge of being drunk and placed her in a patrol car."

"People gathered around the car. Then more came out of the park and started throwing rocks and bottles at us," he said. "We came under gunfire. We decided to make a sweep of the park."

As about 100 officers began going into the park, Ritter said some 1,000 people charged toward them. At about this point, the police substation

## Two Syrian Jets 'Accompanied' To Israeli Airfield

By United Press International

Two Syrian Air Force jets were "accompanied" to a northern Israeli airfield today, the Israeli government said.

The announcement in Tel Aviv said the Soviet-built MIG17s were intact and their pilots were in good health. No further details were given.

Arab guerrillas said today they had blown up and set fire to an oil pipeline Israel built to bypass the Suez Canal.

The United Nations security council was to meet again today on week-old complaints by Jordan and Israel. Each nation asked U.N. sanctions against the other.

The El Fatah Arab guerrilla organization said it destroyed a section of the Israeli pipeline near Ras Elhamra in the Negev Desert. The pipeline connects the Port of Elath on the Gulf of Arabia with the Mediterranean Port of Haifa.

The Israelis built the pipeline to bypass the Suez Canal, closed since the 1967 Middle East war. Israel did not comment on the Arab claim. The Israelis occupy the east bank of the canal.

The U.N. meeting was the fifth called since the Security Council met in urgent session last Monday after Israel raided Arab guerrilla bases in Jordanian territory.

## Males Seeking Female Roommates At Texas U. Are Running Ads Now

By ANN WATSON  
AUSTIN, Tex. (UPI) — "Free sex" has come out into the open.

Campus bulletin boards and an underground newspaper at the University of Texas at Austin now carry advertisements for males or females looking for temporary or permanent partners.

"Good looking, reliable young man wants young woman for sex, companionship and possible marriage. Sincere only call..." reads one such ad in the most recent issue of The Rag, an off-campus newspaper published in Austin.

"Like to travel. Single, nice looking 24-year-old white male seeks a swinging blond to relocate with same to Honolulu, Hawaii. Departure Sept. 1st," reads another.

The official college newspaper does not accept such ads, but students are free to post notices on bulletin boards across the campuses.

"Personally I don't agree with them, but the only kinds of things we don't approve are regular business commercial ads," said Miss Betty Burdett, secretary in the student union building office.

And while the rooming advertisements are frank, they are not regular business.

"I think most of them are sincere about it," said Miss Burdett. "They're not exactly the coolest looking types, but they're not bad," she said of the "three or four" who have come in to have their ads okayed.

No one knows how many students may be living in such arrangements, but regardless of how many are involved, it's obvious that more boys and girls are doing it openly.

"Students sleeping together is no longer a topic for gossip. It remains a private matter even though everybody knows about it," said one student counselor at a private co-educational dormitory.

Boys and girls usually are assigned to different wings of co-ed dorms, and some have elaborate precautions to prevent

But for those who are inclined otherwise there are numerous alternatives.

The university does not attempt to regulate students' living arrangements, but supervised housing is available for students who want it or whose parents demand it.

"Our people have the opportunity to make decisions for themselves," said Dr. Margaret Berry, associate dean of women.

Last year 15 to 20 hippie types, some of the students, maintained a house where all lived together. They were not only co-educational, they were communal.

Partner changing is fairly frequent in these arrangements, according to a boy who has friends living in such circumstances.

"Sometimes it lasts a week, sometimes a semester," he said.

Some might last longer if it weren't for parents.

"Most of these kids are pretty straight at home. It's pretty hard to keep a partner for any length of time without your parents finding out," said one liberal arts major who has been living for six months with a coed majoring in art.

But some parents do know, and probably others suspect. A few even approve.

One boy and girl announced their plans in advance and found the girl's parents thought it was a fine idea because "they'd get to know each other so well," but the boy's parents disowned him.

That couple plans to be married this month.

The parents of a girl from a small town in the Panhandle suggested that she and her boyfriend get an apartment together to save on expenses.

While there are several who do not hide their living arrangements and even list their addresses together on school records, most seem to prefer to maintain separate apartments.

One university secretary who has been living with a male student for more than a year explained to a friend, "It's nice

to have someplace to go when you feel like you want to be alone."

For others, the separate apartments are the answer to everything from parents' objections to crowded bathrooms.

One girl paid rent for an apartment with three other girls just to have a place to shower and change clothes in the mornings. She normally slept at her boyfriend's apartment, but explained to her roommates that her boyfriend's bathroom was too crowded in the pre-climax bustle because he had three roommates.

Obituaries

ROGER S. McCONNELL

Roger S. McConnell, 76, 1909 Dogwood, was found dead Sunday about 10:30 a.m. at a Hobart Street car wash.

Mr. McConnell was found in his car in the stall of the car wash by James Hallum, an employee there.

Mr. McConnell was born Oct. 18, 1891, in Lamar County, and moved to Gray County in 1917.

He was a member of the First Methodist Church, Masonic Lodge No. 966, Klappa Temple of Amarillo, Texas Scottish Rites Consistory of El Paso.

He was a member of American National Cattleman's Association, Colorado Cattleman's Association, Texas and Southwestern Cattleman's Association and Texas Farm Bureau.

Funeral services will be held at 4 p.m. Tuesday in First Methodist Church with Rev. H. DeWitt Seago, pastor, and Rev. Dan Cameron, pastor of First Baptist Church, officiating.

Palbearers will be Calvin McConnell, David Holt, Jimmy Little, Kirk Duncan, Travis Lively Jr., Dr. Jim Bailey, Don Lane and R. J. Saylor.

The family requested memorials be sent to a favorite charity. The body will lie in state at the funeral home and the casket will not be open at the service.

Survivors are his wife, Willie of the home; three sons, Glen Roger McConnell, Pampa; J. G. McConnell, LaJunta, Colo.; John Edwin McConnell, San Francisco, Calif.; one brother, Lee McConnell, Santa Anna, Calif.; two sisters, Mrs. Mae Boone and Mrs. Ava Bell, both of Pampa, and six grandchildren.

CECIL SMITH Funeral services are pending with Minton Mortuary of Borger for Cecil L. Smith, 61, a former Borger resident who died Saturday in Houston.

Mr. Smith lived in the Borger area from 1935 until 1962, when he moved to Houston. He was a member of the Calvary Baptist Church in Borger. He was a member of the Borger Evening Lions Club, the Isom Lodge and the Sanford Kiwanis Club.

Survivors include his wife, Virginia; two sons, James of Houston and Donald of Lincoln, Neb.; a daughter, Mrs. J. W. Snider of Borger; a brother, Bill of Pampa; a sister, Mrs. W. A. Murry of Bastrop, La.; and eight grandchildren.

L.M. BRYANT Funeral services for L. M. (Chief) Bryant, 51, of 401 Jupiter, were held at 2 p.m. today at Barrett Baptist Church with burial in Fairview Cemetery directed by Carmichael-Whitley Funeral Directors.

Rev. Derrel D. Lewis, pastor of Barrett Baptist Church, Rev. A. E. Burns, pastor of Trinity Baptist Church, Watonga, Okla., and Rev. David Miller, Happy Union Baptist Church pastor, Plainview, will officiate. Palbearers will be Harry Ray Jennings, Harvie Furrh,

Bert Queen, T. C. Tosh, Dillon Ferguson and Ernest Smith. Honorary palbearers will be employees of Pioneer Gas Co., Compressor Plant, south of Pampa.

STANLEY BRAKE

Stanley Brake, 61, 1831 N. Faulkner, died Sunday morning at Highland General Hospital. Born March 3, 1907, at Hereford, he attended schools at Sapulpa, Okla., and moved to Pampa in 1926.

He worked 16 years for Humble Oil and Refining Co. and was employed with Cabot Corp. He received his 25 year pin from Cabot last week.

He was a member of the First Baptist Church and Everyman's Bible Sunday School Class. He had been secretary of the Pampa Men's Bowling Association 18 years.

Survivors are his wife, Betty; one daughter, Mrs. Clyde Hollingsworth, Dover, Del.; three sisters, Mrs. F. H. Caton, Port Orange, Fla.; Mrs. R. G. Andrew, Sapulpa, Okla.; and Mrs. Mildred Cook, Pampa; and three grandchildren.

Funeral services will be held at 10 a.m. Tuesday at First Baptist Church with Rev. Dan Cameron, pastor, officiating. Burial will be in the Mausoleum at Memory Gardens Cemetery.

Palbearers will be Bert Woolney, Henry Fuller, Ray Woolridge, George Dillman, Raymond Maddox and John Kuntz. Honorary palbearers will be the Men's Bowling Association and Everyman's Bible Sunday School Class.

Wallace To Be On The Texas Ballot

AUSTIN, Tex. (UPI) — George Wallace's name will be on the November presidential ballot in Texas, Secretary of State Roy Barrera said Sunday.

Wallace, the former governor of Alabama who is running for president on the American Party ticket, needed 14,259 signatures to get on the ballot. The American Party in Texas handed in petitions with more than 90,000 signatures.

Barrera said enough of the signatures had been checked with registrations in county clerks' offices across the state to assure Wallace a spot on the ballot.

Artificial Hearts SYDNEY, Australia (UPI) — Surgeons may replace human hearts with artificial hearts within the next 10 years, Dr. Christiaan Barnard said today.

The South African pioneer heart transplant specialist is attending the 3rd Australian Medical Congress.

Fued at Festival SAN MARTINO VALIE CAUDINA, Italy (UPI) — Gunfire broke out at a religious festival Sunday between two feuding groups and nine persons were wounded. More than 3,000 religious celebrants fled in panic.

ENNIS, Tex. (UPI) — A 65-year-old motel manager was shot and killed in a robbery early today and a man matching the description of the murderer was momentarily detained in Greenville, Tex., a few hours later.

Clarence H. Lyons, manager of the Geneva Motel, was shot in the back of the head with a .45 caliber pistol. Lyons was robbed for \$50.

Four Pampa students will attend the Lambda Chi Alpha fraternity international convention Aug. 25-28 in Dallas. They are Earl K. Scott, 110 N. Russell, West Texas State University; Schuyler Stuckey, 2328 Christine, North Texas State University; George E. Henderson, 419 E. Foster, Texas Christian University; and Richard McCloskey, 1064 N. Wells, Texas A&M University.

Heat (Continued From Page 1) few scattered thundershowers during its exit. A cold front stretching from Mississippi to Austin, Del Rio and El Paso and northward to New Mexico was expected to head northward, touching off widely scattered showers in parts of northwestern Texas.

The attack of cool air on North Texas Sunday shoved temperatures to record lows in the South Plains. The temperature rose only 77 degrees at Lubbock, the lowest maximum ever recorded on that date. The mercury shrank to a chilly 57 degrees early Sunday morning, matching the record low for the date.

Readings hovered in the 70s throughout the Panhandle and South Plains, giving Amarillo a high of 76 while Dalhart recorded a 77 and Midland a 79 degree reading.

Wichita Falls residents could not believe their frostities when the temperature rose only to 83 degrees after the city suffered under above 100-degree readings every day this month. At one point Sunday, the temperature was 30 degrees cooler than it had been 24 hours earlier.

South of the frontal zone temperature readings were normal — in the 90s. Cotulla had the high Sunday temperature with 103 and it was 101 at Laredo.

Where the temperatures dropped, light rain fell. Henderson got nearly an inch of rain in a 30 minute period, while Wink recorded .95 inches. Lubbock and El Paso steamed under .09 and .07 rainfalls.

Cured of Measles WELLESBOURNE, England (UPI) — Queen Victoria and Prince Albert have finally been cured of the measles, the Wellesbourne Agricultural Research Station said Sunday.

Abilene Man Heads Liquor Control Board

AUSTIN (UPI) — Gov. John Connally today named Abilene attorney Tom Gordon to the three member Texas Liquor Control Board, and designated Gordon as chairman of the group.

Gordon will succeed W. D. Noel, of Odessa, whose term expired Sept. 15, 1967. Noel has said he would not accept reappointment to the board, but has served until his successor was named.

Appointment of the new board member was expected to open the way for appointment of a permanent TLCB administrator. O. N. Humphreys Jr. has been acting as administrator of the agency since Coke Stevenson Jr. resigned during the height of charges of irregularities in TLCB operations.

Noel said he did not want the board to name a new administrator until his replacement on the board was appointed by Connally.

The governor appointed Gordon to a term which will expire Nov. 15, 1973. Gordon, a native of Palestine, is a partner in the Abilene law firm of Brooks, Jones and Gordon. He also has oil interests in Abilene, and is a member of the State Democratic Executive Committee and of the State School Land Board.

Other members of the board are O. R. Crawford of Jasper and Alfred W. Negley of San Antonio.

Sturgeon Will Speak Before Optimist Club

Ben Sturgeon, local attorney, will speak to the members of the Pampa Optimist Club Monday, Aug. 12, at 6:30 p.m. at the Black Gold Restaurant on the subject of "You, Youth, and Respect of Laws."

Sturgeon will analyze the current trends in the American society in regard to law enforcement and will review the position of citizens toward influencing Congress and the courts in demanding a return to law and order.

Current outbursts of violence in major U.S. cities and subsequent results of the violence and destruction of citizens' property will also be covered by Sturgeon.

Warner Slates Kiwanis Address

Pampa Municipal Court Judge John W. Warner will speak before the Top O' Texas Kiwanis Club tonight at 7 at the club's meeting in Furr's Cafeteria.

Warner will speak on the topic, "Our Youth... the Challenge of Our Times." He plans to give examples of some youth who have gotten into trouble in Gray County, discuss how their problems began and give some practical solutions for the club members to use in combating the problem of "youth in trouble."

Richard White is club president and the program is directed by Earl Davis and Ab Conway.

LBJ (Continued From Page 1) nothing else to report.

Dr. Cain has served the President on and off since Johnson suffered a major heart attack in mid-1950's.

Cain has also served as a member of the presidential surgery team when the president had required surgery since.

Adm. Burkley revealed last week, after the President's annual physical examination at the medical center here, that diverticula has been present in Johnson's lower intestines for the past eight years. The disclosure last Thursday, however, was the first time this condition was revealed publicly.

Weather Satellite In Space Tumble

CAPE KENNEDY (UPI) — Ground controllers tinkered by radio with a pathfinder for advanced weather satellites today, trying to adjust the attitude of the \$15 million satellite which tumbled end-over-end through space in the wrong orbit.

Technicians were still hoping to salvage some of the \$18 million mission. The Applications Technology Satellite (ATS) was flipping about once every 40 seconds in its egg-shaped orbit with its faulty Centaur rocket still attached. It was expected to remain aloft about 60 days.

Project officials met at the ATS control center at Greenbelt, Md., today and decided to turn on the satellite's experimental communications equipment to determine its exact altitude. Then they will fire a small control jet in an attempt to slow its tumble rate.

Controllers hoped to send a radio command later this week that will deploy the satellite's four 123-foot long gravity control booms in a desperate attempt to stabilize the spacecraft.

Underwriters Slate Meet Tomorrow

Jim Pate, assistant district inspector for the Equitable Life Assurance Society, will speak before the Top O' Texas Association of Life Underwriters at Jim's Steak House Tuesday at noon.

After three years in teaching and coaching in Michigan, Pate began his career with the insurance firm in 1952.

He entered the teaching field after graduating with a BS degree from Adrian College in 1949.

He was active in varsity football and basketball at college and coached a football team in Detroit.

He is a veteran of both the Atlantic and Pacific theatres in World War II.

His family includes his wife Jean, and their four young daughters, Theresa, Barbara, Mary and Jane.

Bombing (Continued From Page 1)

Fleet cruiser Boston and destroyer Maddox, cruising off the Northern coast. Neither ship was hit.

The bombing in the northern sector supported U.S. troops battling Communists in two strategic valleys, the A. Shau and the An Hoa.

Dug In American spokesmen said at least 29 North Vietnamese troops were killed. U.S. losses included nine men killed and 17 wounded. Jet planes aided the leatherneck strike against the North Vietnamese, about 200 in number, who had dug into the jungle in the valley, threatening the approaches to Da Nang.

To the north, American spokesmen blamed a cloud of mist over the A. Shau valley for the death of eight U.S. troops and the wounding of 30 Saturday. The mist shrouded the ground the Americans were occupying from the eyes of a U.S. Air force Pilot. The pilot's F100 Supercraft jet poured 20mm cannon fire into the area.

SPECIAL HARNESS device helps astronaut Joe H. Engle simulate descent in a parachute during a training exercise in Texas. This training is in preparation for parachute ejection from aircraft.

Greenbelt Lake Claims First Victim

Joseph Marvin Shadle, 34, of Clarendon, became the first person to drown at Greenbelt Lake, five miles northwest of Clarendon. Mr. Shadle drowned following a boating accident Sunday.

According to investigating officers, the accident occurred about 5:30 p.m. Sunday when Shadle and his father, Tom Shadle, were thrown out of the boat about 30 feet from the shore.

Mr. Shadle, his father and his father-in-law, Dick Vallance, were fishing. Mr. Shadle was standing in the boat to start the motor. When it started, Mr. Shadle and his father were thrown into the lake. Mr. Shadle was wearing his life jacket, but it apparently came off when he hit the water, officers said. His father made it safely to the shore.

The body was recovered about 6:30 p.m. in 12 feet of water. Services were pending late this morning with Murphy Funeral Home in Clarendon.

Mr. Shadle, who lived three miles west of Clarendon, was born in Clarendon and was a member of the First Methodist Church.

Survivors include his wife, Cherry; two daughters, Barbara and Cheryl, and two sons, James and Joe Neal, all of the home; parents, Mr. and Mrs. Tom Shadle, Clarendon; and a sister, Mrs. Ray Pittman, Amarillo.

Texas Labor Expected To Endorse HHH

SAN ANTONIO (UPI) — Texas labor was expected to release a report today endorsing Vice President Hubert Humphrey for the presidency.

Hank Brown, president of the Texas AFL-CIO, said a report of a weekend meeting between Humphrey and state labor leaders was to be released, and that it was expected to endorse the Minnesota man.

Brown said labor will not follow the lead of U.S. Sen. Ralph Yarborough in endorsing Minnesota Sen. Eugene McCarthy for president.

Yarborough announced his endorsement of McCarthy Friday during a McCarthy campaign swing in Texas.

Brown said his support of Humphrey does not mean a split with Yarborough on other issues. He said the AFL-CIO "is not supporting John Connally, either."

Reward Is Offered Following Attack On Town Landmark

White Deer reported yesterday that a person or persons unknown had removed the head and horns of the white deer statue serving as the town's landmark.

A \$50 reward has been offered for information leading to the arrest and conviction of the person or persons responsible.

Stock Market Quotations

The following quotations show the range within which these securities could have been traded at the time of completion.

Bailey To Start Pre-Convention Work Wednesday

CHICAGO (UPI) — Democratic National Chairman John M. Bailey, who was to arrive today, now says he will come to Chicago Wednesday to take charge of planning for the Aug. 26 opening of the Democratic National Convention.

In an interview Sunday night with a West Hartford, Conn., radio station (WWUH), Bailey said he was not going to Chicago today, as previously planned. He did not give a reason for the change in plans.

"I am going up Wednesday, and I am meeting with the arrangements committee on Friday, and I've got a meeting of the platform committee in Washington Sunday night, and then a credentials committee meeting Monday morning in Chicago, and I'll be there the rest of the week," Bailey said.

Convention aides say arrangements for the convention are running ahead of schedule. But there are problems waiting for Bailey, among them housing complications caused by the presidential candidacy of Sen. George S. McGovern of South Dakota, who announced only Saturday.

Requests Hotel Rooms A spokesman for the Democratic National Committee said McGovern had asked for space at the convention hotel, the Conrad Hilton, but he would not say how many rooms. He said they were "negotiating" McGovern's request.

Friday, Sen. Eugene J. McCarthy's top aide, Stephen Mitchell, charged that Vice President Hubert H. Humphrey was being given preferential treatment in hotel rooms, telephones and convention passes. Mitchell said McCarthy requested 300 rooms in the hotel headquarters, the Conrad Hilton, but had received only 130 rooms.

Convention aides said Humphrey received only 112 rooms and, like McCarthy, 10 telephones on the floor of the international amphitheatre.

Among other problems that probably won't be solved by the time Bailey arrives in Chicago are:

A possible strike of 5,000 yellow and checker cab drivers and mechanics Aug. 16-10 days before the convention opens.

A possible strike by Negro bus drivers which could halt much of the city's bus and subway service.

Communications problems caused by a strike of telephone installers of the Illinois Bell Telephone Co.

A sincerely promised invasion of the city by up to 100,000 hippies, yippies, anti-Vietnam War demonstrators and civil rights advocates to impress upon the Democrats the strength of dissent.

Brown To Speak Before Jaycees

Dick Brown of Hartley, the Democratic Party's candidate for U.S. Congressman from the 18th Congressional District, will speak at tomorrow's meeting of the Pampa Jaycees. The meeting will be held at noon in the basement of the First Methodist Church.

Brown will be introduced by John Warner, municipal court judge and local attorney who is a candidate for County Attorney.

Curfew (Continued From Page 1)

Shortly after Franz was shot, a fire began at the square-block Lawn-Tex Chicago warehouse complex in Chicago Heights. The giant building burned down, a \$400,000 loss. Fires also broke out in a store-front church, a drug store and tavern.

East Chicago Heights has 4,300 residents, almost entirely Negro. Chicago Heights has 40,000, about 7,000 of them Negro. A 9 p.m. to 6 a.m. curfew was put on East Chicago Heights.

Maddox (Continued From Page 1)

S.C., that he figured Maddox as a close political ally of third party presidential candidate George Wallace of Alabama.

"I'm sort of amazed because they're pretty well down the same alley," Brown said. "My thinking is that if Governor Maddox splits anybody's vote, it would be the Wallace vote."

Brown said there was little possibility of the south rallying behind Maddox.

Tries for Endorsement

The Democratic Party chairman of six southeastern states met in Atlanta Wednesday and there is speculation that Maddox may try and get an endorsement from them, using it as a springboard to an open candidacy.

"The present candidates do not offer the conservative delegates or the majority of the achievers in this country a chance."

Maddox said the present announced candidates could keep him from seeking the nomination simply by voicing more conservative views.

Germany (Continued From Page 1)

left Prague Sunday to the cheers of thousands of Czechoslovaks grateful for his support in the Soviet-Czech crisis. Romania's Nicolae Ceausescu will come to Prague soon for talks with the Dubcek regime, Czech sources said. Both Communist leaders have backed the Czech stand against Moscow.

Civil Case Is Underway Here

The 31st Judicial District Court convened this morning for jury trial of several civil and criminal cases. District Judge Grainger McIlhenny is presiding over the trials.

The first case, with trial starting today, is a civil suit by Donald J. and Marion George against Rena F. and F. B. van Shoubrouck. Mr. and Mrs. George are seeking \$1,000 for damages allegedly sustained by Mrs. George in a car accident Oct. 30, 1967.

The suit alleges Mrs. George was injured when her car collided with a car driven by Mrs. Van Shoubrouck.

The case was tried earlier in June but was declared a mistrial. U.S. stocks of corn in all storage positions as of July 1 totaled 2,149 million bushels, 23 per cent more than a year earlier and 1 per cent above average.

# Tension Marks Nicklaus Victory

By ROBERT GRIMM  
UPI Sport Writer  
AKRON, Ohio (UPI)—When that cold cash is on the line, there's nobody the peer of Jack Nicklaus, who added another \$25,000 to his already fat bank account with a dramatic playoff in the American Golf Classic.

In probably the most tension-packed tournament in several years, Nicklaus won his second first place in as many weeks the hard way Sunday, coming from behind to land in a three-way tie with Negro rookie Lee Elder and Frank Beard. The playoff was a test of nerves and skill as Nicklaus and Elder battled head to head for five holes over the torturous final three holes of the Firestone Country Club course.

Beard was the first to drop out when he parred the monstrous 625-yard 16th hole and Nicklaus and Elder grabbed birdies. On the 17th green, Elder was within five feet of the cup and Nicklaus was in a bunker, but a 20-foot putt kept the burly golden bear from Columbus, Ohio, alive.

**Break in 17th**  
With the tournament hanging on every shot, the two players the rich and famous Nicklaus and the little known rookie, played head-to-head. The break came on the second time around at the 17th.

Both players put their second shots on the green of the par-four hole, Elder 15 feet away and Nicklaus about eight feet. Elder's putt grazed the lip of the cup and rolled a few inches past the hole.

"I played the best I knew how," said the 33-year-old Elder who only three years ago was a caddy for Billy Maxwell.

**Ward Tournament**  
It was a weird tournament from start to finish. The fourth round began Sunday with a

## Car Trouble Halts Defending Champ

WEST ALLEN, Wis. (UPI)—Car trouble Sunday plagued defending champion A. J. Foyt of Houston as the 1967 Indianapolis 500 winner failed in his attempt to post three consecutive victories in a 150-mile late model stock car race.

Jack Bowsher of Springfield, Ohio, coasted to victory when Foyt was forced to make a pit stop on the 77th lap.

Parnell Jones of Torrance, Calif., who set a qualifying record of 103.68 miles per hour led the first six laps but blew his engine. Bowsher took the lead and held it until Foyt moved past him in a Ford Torino on the 22nd lap.

Foyt held the lead for 55 laps on the one-mile paved oval until forced to make his pit stop. He got back on the track but had to come off again on the 91st lap.

Foyt took over Whitey Gerken's car and shared a fourth-place purse of \$1,323 with Gerken.

## Matson Wins In Shot Put

WALNUT, Calif. (UPI)—World record holder Randy Matson had little trouble Saturday night in winning a pre-Olympic meet shot put title with a toss of 67 feet 11 1/2 inches, while Kansas miler Jim Ryan returned from a bout with mononucleosis to win the mile run in 3:55.9.

**BEER**

record number of players under par on this long and tough 7,180-yard course. A record 64 was shot by Seattle club pro Don Bies in the third round, and amateur Bill Campbell was still in contention after leading the

## Ex-Twin Coach Likes New Job As Manager

By MILTON RICHMAN  
UPI Sports Writer

NEW YORK (UPI)—Some of Billy Martin's buddies, guys like Joe DiMaggio, Mickey Mantle and Hank Bauer, wanted to know how he felt now that he was up in the world as a manager with Denver.

"The same," said Billy Martin, who still has that bright boyish quality about him even though he's 40.

"I'm not doing anything a whole lot different than I did the last four years coaching with Minnesota. I used to have to turn around to get the signs; now I'm giving 'em. That's about the only difference I can see. That plus the title they gave me. M-g-r."

**Old Timers Return**  
Billy Martin spelled out the three letters exactly that way in the Yankees' clubhouse where he, DiMaggio and Bauer returned Saturday to put on their old Yankee uniforms in conjunction with an old timers' affair.

Mantle joined them later when he also began putting on his for the regular game with the Twins that was to follow the old timers' contest.

"How do you like managing?" Mickey Mantle asked his old buddy, Billy Martin.

"Great," came the answer. "My players are really going after the opposition. They were 7-23 when I joined them and now they're 51-62. I love working with 'em, and my pitching coach, Art Fowler—remember him—has been a tremendous help."

Billy Martin talked about how he stressed such basic fundamentals as bunting, base running and fielding as a manager and someone then asked him if it was true that he made out his lineup for a recent ball game by picking his players' names out of a hat.

**Works Out**  
"That's right," he laughed. "It was before a game with Tacoma three weeks ago. We had gotten only one hit in the game the night before. I told my players that by rights, I should put the guy who got the hit in the cleanup spot. They said they had a better idea.

They wanted me to put the names of my nine regular players in a hat and then make out the lineup in the same order I pulled them out. 'C'mon, Billy, who don't you give it a try?'

They urged me. I felt if they were that enthusiastic about the idea it was worth a shot. I could always change it if I didn't like the way it worked out.

"One of my pitchers, Danny Morris, made out the slips and

## Downing Recalled

NEW YORK (UPI)—The New York Yankees have recalled lefthanded pitcher Al Downing from Binghamton of the Eastern League and sent righthander Thad Tillotson to Syracuse of the International League on 24-hour recall.

Downing, who suffered from a sore arm earlier this season, is expected to join the Yankees in Oakland on Thursday.

## ALOU INJURED

HOUSTON (UPI)—Pittsburgh outfielder Matty Alou cut his face under his left eye when he was struck by a foul tip while batting in the fourth inning of Sunday's game with Houston.

Alou was carried off the field on a stretcher and required stitches.

## SCOTCHES RUMORS

GRADO, Italy (UPI)—World middleweight champion Nino Benvenuti has scotched reports that he wants to move up in class and challenge Bob Foster of Washington, D.C., for the light heavyweight crown.

pack at the half-way mark. For Elder, the second place payoff, which he shared with Beard was \$12,187, nearly matching what he had won on the tour previously this year.

## Pinch Hitter Homers As Detroit Wins Two

By STEVE SCHWARTZ  
UPI Sports Writer

Gates Brown doesn't mind the hard wood of the Detroit Tiger's bench as long as the good wood of his bat helps bring the Bengals a pennant.

Brown, hitting a sizzling 593 as a pinch hitter, smacked a pinch homer in the 14th inning to give Detroit a 5-4 opening game victory over the Boston Red Sox Sunday and then, in a starting role, singled with one out in the ninth inning of the nightcap to cap the Tigers 6-5 come-from-behind victory and increase their American League lead to seven games.

Brown is fairly well adjusted to pinch-hitting. "I'm square as a ice cube," he maintains, "and twice as cool."

Brown who homered as a pinch hitter in a Friday night loss, tagged Lee Stange for the game winning homer in the opener.

**Nothing New**  
Hitting Red Sox pitching is nothing new for Brown. He blasted a home run against Boston as a pinch hitter in his first major league at bat in 1963.

Pinch hitting earlier this year he homered in the ninth inning off John Wyatt, then with Boston, to give the Tigers a 4-3 win-over the Sox.

In the second game Brown came to bat in the ninth inning with runners on first and third, one man out and the score tied at 5-5. He hit reliever Sparky Lyle's second pitch past first baseman George Scott's outstretched glove for the game winning single.

"I like hitting in situations like that," Brown explained, "with the infield drawn in and less than two out the pressure is on the pitcher. He's got to get the ball over."

In other A.L. action Cleveland swept a double header from Chicago 6-1 and 2-1, Oakland drubbed Washington 8-3, California mauled Baltimore 11-1 and

## Rockets Post 20-10 Victory

LITTLE ROCK, Ark. (UPI)—The Dallas Rockets of the Texas Football League scored a field goal and a touchdown in the final four minutes Sunday to post a 20-10 exhibition victory over the Arkansas Diamonds.

Johnny Antonisse booted a 25-yard field goal to give the Rockets a 13-10 margin and then Ruce Land followed a pass interception with a four yard plunge to wrap up the decision.

Antonisse kicked another 25-yard field goal earlier in the game, and Ray Toole went over from two yards away for the other Dallas score.

Land was Dallas' leading rusher with 65 yards on 14 carries.

# Dallas Edges Frisco On Late Field Goals

SAN FRANCISCO (UPI)—If it's any consolation, it could be said the San Francisco Forty Niner defense, subject of criticism the last few seasons, held wanted Dallas to only one touchdown.

The Cowboys, defending champion in the National Football League's Eastern Division, won Sunday's exhibition, 16-14, but it took a pair of fourth quarter field goals by Mike Clark to pull off the

Clark, whose final period boots went for 28 and 26 yards, accounted for 10 of Dallas' total points as he kicked a 33-yard three-pointer in the first quarter and added the extra point after the Cowboys' only touchdown of the game, a one-yard plunge by Les Shy.

San Francisco, now 0-2 in exhibition play, held a 14-10 lead going into the final 15 minutes thanks to a pair of TDs by Doug Cunningham and Sonny Randle.

Cunningham skirted left end for a 24-yard scoring jaunt in the second quarter and George Mira, who took over the quarterbacking chores in the second half, passed five yards to Randle in the third period to culminate a 63-yard drive.

Cunningham, however, fumbled the Dallas kickoff after Clark's second field goal of the game and thereby set up the winning score which came with 6:30 left in the final quarter.

# Pinch Hitter Homers As Detroit Wins Two

By STEVE SCHWARTZ  
UPI Sports Writer

Gates Brown doesn't mind the hard wood of the Detroit Tiger's bench as long as the good wood of his bat helps bring the Bengals a pennant.

Brown, hitting a sizzling 593 as a pinch hitter, smacked a pinch homer in the 14th inning to give Detroit a 5-4 opening game victory over the Boston Red Sox Sunday and then, in a starting role, singled with one out in the ninth inning of the nightcap to cap the Tigers 6-5 come-from-behind victory and increase their American League lead to seven games.

Brown is fairly well adjusted to pinch-hitting. "I'm square as a ice cube," he maintains, "and twice as cool."

Brown who homered as a pinch hitter in a Friday night loss, tagged Lee Stange for the game winning homer in the opener.

**Nothing New**  
Hitting Red Sox pitching is nothing new for Brown. He blasted a home run against Boston as a pinch hitter in his first major league at bat in 1963.

Pinch hitting earlier this year he homered in the ninth inning off John Wyatt, then with Boston, to give the Tigers a 4-3 win-over the Sox.

In the second game Brown came to bat in the ninth inning with runners on first and third, one man out and the score tied at 5-5. He hit reliever Sparky Lyle's second pitch past first baseman George Scott's outstretched glove for the game winning single.

"I like hitting in situations like that," Brown explained, "with the infield drawn in and less than two out the pressure is on the pitcher. He's got to get the ball over."

In other A.L. action Cleveland swept a double header from Chicago 6-1 and 2-1, Oakland drubbed Washington 8-3, California mauled Baltimore 11-1 and

## Astros Play All-Stars In Rubber Game

ARLINGTON, Tex. (UPI)—The Houston Astros and the Texas League All-Stars meet tonight to break a tie in the series which has seen each of the teams win three games.

Although the Astros and the Stars have each won an equal number of games, the minor leaguers have not won since the series was moved permanently to Turnpike Stadium in 1965.

El Paso manager Chuck Tanner will field seven .300 hitters and a bevy of good pitchers against the Astros.

On the mound for the All-Stars will be Paul Doyle of Dallas-Fort Worth and Dick Armstrong of Albuquerque. Both men have pitched no-hitters this season.

Other pitchers are George Gerberman, Dallas-Fort Worth; Rich Folkers, Memphis; Carl Morton, Shreveport; Bill Boehlert, El Paso and Dave Lemmonds, San Antonio.

Albuquerque's Ike Bud boasts the highest batting average with a .320 mark. Other 300-plus hitters are Amarillo's Bob Taylor, Shreveport's Walt Hrinaki, Albuquerque's Bill Sudakis, El Paso's Jim Spencer, Albuquerque's Jim Barfield and Memphis' Rod Gaspar.

# The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license, nor anarchy. It is control and sovereignty of oneself. No more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

## Washington Just A Mirror

Often we have heard that citizens decry the socialism that emanates from Washington, D.C. "Oh how much better things would be," they say, "if it were not for all those new socialistic laws passed at the federal level!"

Yet the socialism evident in Washington is just a reflection of the socialism that exists in each community. Were local communities predominately unsocialistic, socialism at the federal level wouldn't exist.

It exists because so many local communities practice municipal and county ownership of private services. The lust for power by man in government over private citizens knows no bounds nor is it peculiar to any political party.

Men in government regardless of party affiliation naturally seek more and more and more power over private citizens. They wouldn't be human if they didn't. It is a human characteristic for those in any job to try to expand the influence of that job. The only way to prevent men with power over others from expanding that power is never to let them have this power in the first place.

When local communities turn to socialistic solutions to local problems, it is inevitable that Washington will do so. Socialism starts in local communities and spreads to Washington more often than being imposed by Washington upon local communities.

## Space Age Goes To Sea

Britain no longer rules the waves, but neither is Columbia exactly the gem of the ocean.

Since the end of World War II, the U. S. share of the world commercial shipbuilding market has shrunk to 3 per cent. Of 2,034 ships a-building or on order at the beginning of 1968, only 64 of them were being built in the United States.

Instead of building ships piece by piece the old-fashioned way like building a house, at the shipyards have shut down and mostly Navy orders keep the remaining 11 in operation today.

This country now ranks eighth among commercial shipbuilding nations. Ahead of us are Japan, with 43 per cent of the market; the United Kingdom, Germany, Italy, France, Sweden and Spain. High labor costs four times as high as in Japan and twice as high as in Sweden are principally blamed for the poor U. S. showing.

Labor costs aren't going to come down, so technological know-how is going up—all the way into space.

One place where it's happening is in Quincy, Mass., where General Dynamics, which built the first supersonic bomber and first intercontinental ballistic missile, is applying the lessons of aerospace to the problems of aquaspace.

Instead of building ships piece by piece the old-fashioned way like building a house, at the shipyards have shut down and mostly Navy orders keep the remaining 11 in operation today.

This is one instance where automation, far from eliminating jobs, is creating them. Five years ago, the famous shipyard had no orders and was on the verge of closing. Today it employs 9,000 people and has a work load of 14 naval ships worth \$500 million.

Next goal: Assembly-line merchant ships.

## Prices And Taxes

We often hear of something being as certain as "death and taxes." It is important never to lose sight of the relationship between taxes and the prices of everything we eat, wear or use.

When you drive into a service station to buy gasoline, a good share of the price of that gas is tax. Specifically, the average retail price of gasoline in the U.S. — excluding taxes — increased only two percent in the past 10 years, according to the publication, Oil Facts.

In the same period, the federal government's consumer price index for all items rose 15.5 percent, while state and federal taxes on gasoline increased 20 percent.

These taxes now average 10.72 cents a gallon.

Nowhere is the relationship between taxes and prices more evident than on the gasoline pump of every service station where prices and taxes are clearly posted. The oil industry in reality is a huge tax collection agency for government, and what is true of the oil industry is true to a greater or lesser extent elsewhere.

When critics lambast an industry for high prices, they often refrain from mentioning the part that taxes play. This is something to remember—particularly in the case of an industry, like oil whose prices, due to fierce competition, have lagged far behind the inflationary trend.

## Slow Motion Government

More than nine years after it first began considering the weighty matter, three years after it began public hearings and 7,800 pages of testimony later, the Federal Drug Administration has finally decreed.

A one-pound jar of peanut butter must contain at least 90 per cent peanuts and no more than 10 per cent other stuff, like multigrains and stabilizers.

If that doesn't stick to the roof of your mouth, try another example of your federal men in inaction:

In 1965, a Florida trucking company applied to the Interstate Commerce Commission for permission to establish a route between Jacksonville and Miami.

After 38 months of legal negotiations, 13 months of commission hearings, testimony from 297 witnesses, 545 exhibits and the piling up of a transcript of 16,000 pages, the ICC has granted approval.

As Jefferson might have said: That government governs least that governs most.

## Miniskirts: A Tax Dodge

If you have ever wondered why merrie but conservative old England, of all places, gave birth to the miniskirt, of all things, a theory being advanced is that it is because of a peculiarity in that country's tax laws.

Skirts shorter than 24 inches from waist to hemline are officially classified as children's clothing and are exempt from a 12 1/2 per cent purchase tax. Your average adult miniskirt

over there doesn't even come close to that length.

It is doubtful of course, that taxes were in the minds of designers when they first came out with miniskirts, but it does seem like a possible explanation of why the fad has lasted this long.

The real fashion crunch will come when the government gets around to changing the law, as it has promised to do,

## PINE TREE FEATURES

by Robert LeFevre

## THE DOUBLE STANDARD OF VIOLENCE

Parade Magazine has come up with an interesting observation. The editors noted that among big businessmen in Wall Street there is a surprisingly strong sentiment in favor of peace in Vietnam.

Normally, it is anticipated that big business will favor war because of the huge defense spending contracts with government. Here's the way the magazine put it: "Some of the most surprising Doves are the Wall Street stockbrokers and corporate interests. Their influence upon Republicans may change the balance on Capitol Hill in favor of a Vietnamese settlement."

The reasons for the dovish attitude of the big money people are that peace has simply turned out to be more profitable than war. The feeling that an end for the war may bring a decline in defense spending is offset by the feeling that government spending will continue to be necessary for the war on poverty and to improve conditions in the ghettos.

Of course, so long as businessmen run to government for contracts, whether those contracts are for peace or wartime expenditures, so long will we be moving in the direction of that particular type of socialism called "Facism."

That the war in Vietnam is unpopular and wasteful is borne out by a recent comment made by Senator Stephen M. Young, a Democrat from Ohio. He has figured that between 1964 and 1968 more money was spent for war purposes than was collected in taxes from individual Americans.

And the individual income tax is the largest source of federal revenue. Senator Young says: "In other words, every cent paid in individual taxes during this Vietnam War period has been devoted to fighting the war and otherwise maintaining the military establishment. These military expenditures over the five years amount to more than \$308 billion, but don't include the interest paid on the national debt, which is caused primarily by previous war spending. In 1967, interest payments on the national debt were over \$12.5 billion; more than \$13.5 billion in 1968; and will exceed \$14.4 billion in 1969."

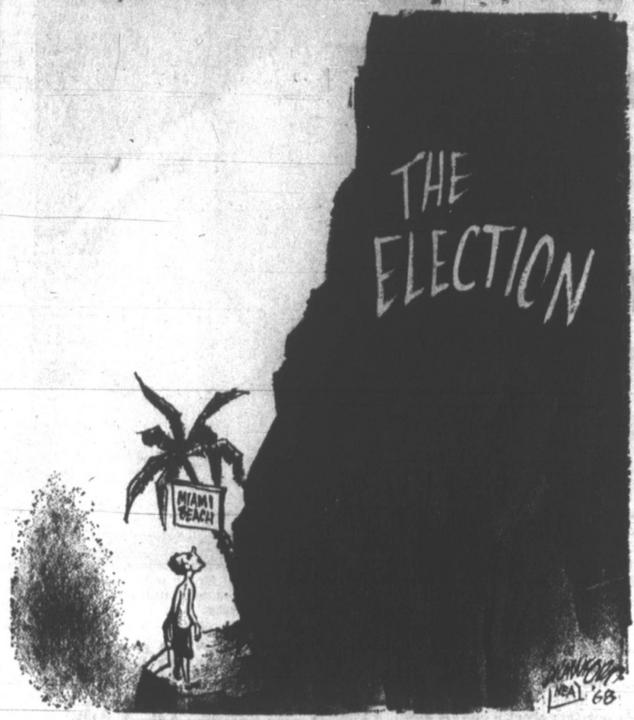

The \$308 billion also doesn't include money spent for veterans' benefits and services which cost taxpayers another \$7 billion every year. If taxpayers are informed that all of their personal income taxes are earmarked for national defense purposes," says Young, "They should certainly insist on policies designed to seek peace and avoid involvement in civil war in countries such as South Vietnam, which is of no strategic or economic importance to the defense of the United States — never was and never will be."

The complete contradiction of the government's stance in wartime is becoming so obvious that even opposition members are becoming aware of it. The government maintains a sanctimonious air and leaders speak up sharply whenever individual violence mars the landscape. But they blandly marshal the young men of the nation, move them into the jungles and swamps of Southeast Asia, and pin medals on them for performing the same type of behavior that can bring a man a jolt from an electric chair in this country.

This ambivalence is undoubtedly one of the major reasons for all the local violence we are seeing and have been seeing in the last few years. To simple minds, inconsistencies are often more apparent than to the more complex mentalities. Many of America's simple and uncomplicated people fail to detect any basic difference between the war on poverty at home and the war on the Viet Cong in the Far East. If it is good to kill in the latter, it is quite reasonable for them to assume that it is good to kill in the former. And, from the standpoint of logical comparison, who is to say they are wrong?

But if governments ever abandon their position of backing their political way by the ability to legalize murder through war as well as other means, governments will have to be abandoned. Governments are always instruments of blood and terror. And at the moment their internal contradictions are becoming so conspicuous that men of good will everywhere are beginning to check their basic premises. Perhaps, in spite of the mental effort involved, we may have to figure out a better way to live than under the control of political despots.

## And Now for the Tough Part!

## Inside Washington

GOP Supreme Court Pick Seen As Compromise: Fight Against Fortas Confirmation To Go On

ROBERT ALLEN

JOHN GOLDSMITH

WASHINGTON — There is a great deal more than is apparent on the surface in that brief and generally unnoticed plank on the Supreme Court in the Republican platform.

What is really behind it is a sensationally explosive new phase in the torrid fight against justice Abe Fortas' elevation to chief justice.

Outwardly there is no hint of that, as follows: "We advocate application of the highest standards in making appointments to the courts. And we pledge a determined effort to rebuild and enhance public respect for the Supreme Court."

This carefully generalized declaration was a compromise reached after a sharp backstage clash between Senator Everett Dirksen, Ill., platform committee chairman, who favors Fortas' appointment and Speaker Robert Griffin, Mich., and others spearheading the bi-partisan battle against it.

They wanted a clear-cut pronouncement against President Johnson's "crony." Dirksen and Rockefeller partisans balked. To avoid a disruptive furor, the Griffin group finally agreed to the compromise that was adopted.

But their options remain untouched and wide open to raise the dynamite loaded new issue against Fortas. It is highly personal and involves not only Fortas, but his cigar smoking lawyer, wife, Carol.

Nothing has been said about this matter in the still-pending proceedings of the senate judiciary committee which is considering Fortas' controversial appointment. Senators opposing him have discussed this bombshell, privately, but shied away from it publicly.

But on the basis of their attitude at the just-concluded Republican national convention, they now appear ready to bring it out into the open in a last-ditch drive to keep Fortas from becoming Chief Justice.

a half history of the Supreme Court, Mrs. Fortas is the only while her husband was a justice while her husband was a justice of the tribunal.

During and since the judiciary committee's hearings, the opposition has received additional information that is being looked into. In substance it consists of the following allegations: 1— Mrs. Fortas is now actually the senior partner of the law firm having taken over his interest. Also, that while the name Fortas no longer appears in the formal title of the firm, Mrs. Fortas reportedly draws an estimated \$200,000 a year as her share of the firm's very lucrative practice.

2 A serious conflict of interest may exist due to the fact that Mrs. Fortas specializes in tax law which involve the Internal Revenue Service—a federal agency. From time to time the Supreme Court passes on its cases, and as a member of the tribunal Fortas could conceivably participate in a verdict that, indirectly of course, would effect clients of his wife. 3. Fortas has been giving a course in constitutional law at American University in Washington. It is claimed he is paid for this teaching by a foundation established by him and one of his former law partners.

Both Republican and Democratic opponents of Fortas say privately they are under heavy pressure from home state elements to "ease up on him."

So far there is no indication this undercover arm twisting is making any headway.

In fact, at least two liberal Democrats are now definitely aligned against him. They are Senators Ernest Gruening, Alaska, and Ralph Yarborough, Tex. Both have let opposition leaders know they can be counted on to vote against cloture. This support from an unexpected source is highly important as the only way Fortas can be confirmed as Chief Justice is by the imposition of cloture; that is, shutting off debate.

That requires a two-thirds vote, and as of now the White House does not have it by a margin of four and possibly six.

Also significantly, senate deputy Democratic Leader Robert Byrd, W. Va., is openly urging the withdrawal of Fortas' appointment. Byrd voted for Fortas when he was named to the Supreme Court in 1965. But the plain-talking West Virginian is drawing the line on elevating him to Chief Justice.

"I do not agree with the so-called lame duck argument," says Byrd, "or do I find any fault whatever with his jurisdictional qualifications. My objections to Mr. Fortas go entirely to his record on the Supreme Court. His votes

## Question Box

(We invite questions on economic and the proper functions of government which will not injure anyone.)

QUESTION: I am a native Alabamian and for Wallace for President. However, my friends tell me he is hypocritical for two reasons: 1. He talks about state and local control and yet Alabama is among the top recipients of federal aid. 2. He talks about law and order and yet Alabama has the nation's highest crime rate.

ANSWER: We doubt if Mr. Wallace is any more hypocritical than other politicians. However, on the question of federal aid, Mr. Wallace's statements seem to indicate he is not opposed to federal aid but that he is opposed to the federal controls which go with the federal aid. There is no question that Alabama is one of the states which has been on the receiving end of a great amount of federal tax money.

Mr. Wallace is naive if he believes the federal bureaucracy is going to pass out tax money without exercising some sort of control over how the money is spent. Yet he seems willing to have Alabama accept all the money from tax payers of other states to help that state finance its schools and welfare programs, while insisting there should be no dictation from Washington.

We find no record indicating Alabama has a greater crime rate than other states. The latest FBI report on crime in our files showed the southern states had a 14 per cent increase in all crime, compared with 15 per cent in north central states and 19 per cent in north-eastern states. No breakdown by states was reported.

constitute the best light by which a senator may be guided as to his philosophy as Chief Justice.

"Mr. Fortas voted to protect the employment of Communists in defense plants; he voted to overturn a state statute requiring teacher loyalty oaths; he voted to strike down welfare regulations on the so-called man in the house rule, thus opening the door for increased welfare spending; and his was the deciding vote in the S-4 decision in the Miranda case, which applies additional restrictions to the police in the questioning of persons suspected of having committed a crime.

"I do not think it makes much sense for me to go out and make fire and brimstone speeches supporting law and order, and then turn right around and vote for a Supreme Court Justice whose decisions have hurt law and order.

"I hope the President will see the wisdom of withdrawing the Fortas nomination so as to avoid a long and drawn out battle when Congress reconvenes early next month. There is much important legislation to be disposed of, and it won't be if the Fortas appointment persists."

## PAUL HARVEY NEWS

## What Makes 'Tiny Tim' Such a Crowd Pleaser?

By PAUL HARVEY

Tiny Tim, the entertainer currently performing before packed houses across the United States, looks like a skid row reject.

Gawdy, disproportioned, disheveled, with an almost grotesquely exaggerated profile, he appears at first repulsive, disgusting.

With multiple voice inflections including an upper octave falsetto, he sounds effeminate. Throwing kisses to the audience helps affirm that image.

Yet, in spite of a distasteful appearance and almost no apparent talent, Tiny Tim has made himself a star attraction. How come?

I had to sit through one of those hour-long concerts before I could comprehend the enigma: Tiny Tim really is something else!

In a time of sophistication approaching cynicism, when the young are expected to "keep their cool" no matter what, Tiny Tim has "blown his cool" and his contemporaries can make themselves comfortable again.

Let me say it another way. The "cool" generation was expected to remain imperturbable; that is a difficult and uncomfortable pose.

Their popular songs—those not screaming defiance—were weighted down with a surrealism of broken promises, shattered dreams, disillusion — but so what? Who cares? What else is new?

Now along comes an image in their unretouched likeness—neither handsome nor conventional—talking happy talk and singing happy songs resurrected from comparatively innocent vaudeville days: "Fill Your Heart With Love," "On the Old Front Porch," "Tip-toe Through the Tulips."

"Welcome to My Dream" sings this absurd appearing yet curiously gentle man. "Livin' in the Sunlight, Lovin' in the Moonlight"—lifting, frothy, fun-music.

Each phrase of the song may be interrupted with one of those fingertip kisses or with an

aside, "God bless you all," or with some equally square and probably contrived compliment, "I love to sing for you in this beautiful city."

Yet you watch the cosmopolitan audience respond with eager warmth and it becomes apparent that a generation of Americans went to "pot" when what they were really starved for was a chocolate soda with two straws.

Escape we sometimes must from the grim realities of winless wars abroad and endless strife at home from the pressure for grades — academic, social or economic — from the demand for more dollars with less, from the staggering acceleration of the inevitable cancer of time.

From the specter of so many things sinister, this newest diversion is the least objectionable in a long, long while. Indeed, what bouncy, bug-eyed, joy-filled Eddie Cantor was to a generation that was economically depressed, Tiny Tim is to a generation that is psychologically depressed.

Tiny Tim, the antithesis of everything "cool," is what his contemporaries would themselves truly prefer to be. He's "what's next" after an era of rock music and ribald lyrics and everybody conspicuously denying any tender emotions and thumbing his nose at cornball sentimentality.

God willing, after Tiny Tim will come a further evolution, a logical renaissance of unashamedly romantic music and musicians.

Seven months ago 7 lawyers gathered together in Dea Rusk's inner-sanctum at a shery-in to discuss an extradition case. They were arguing that the U.S. should surrender Harold Banks, former boss of the Canadian Seafarer's union.

Banks had jumped \$25,000 bail to avoid serving a 5-yr. jail term. He hid out on the yacht of the pres. of the Seafarer's union, Paul Hall. Canadian lawyers sought the return of Banks and the U.S. commissioner and Rusk's legal adviser both agreed he should be shipped back.

But Rusk rejected their advice and let Banks go free. He also rejected a Canadian appeal for international arbitration of the dispute.

Now the plot thickens in fact it gets downright pummy. In April checks totaling \$100,000 gets began to flow into Democratic party campaign tills.

The Seafarer's union headquarters in Brooklyn sent two packets of 10 checks each — each one of the 20 checks was for \$5000.

Half was earmarked for 'The Humph,' the rest went to groups for 'Eibee Jay.' The reason the checks was in 5000 geet chunks is because fed. law won't let them send bigger amounts to a single committee supporting candidates.

Naturally, Rusk says he didn't make any 'deal' with the union. Mebbe we have got a lack of communication—but we ain't got any lack of connivers.

## WORLD ALMANAC FACTS

Millions of people owe the convenience of bifocals to the inconvenience suffered by Benjamin Franklin, The World Almanac says. Annoyed at having to carry two pairs of glasses, one for reading, another for distance, Franklin constructed a single pair with lenses capable of two focusing powers. He wrote in 1785, "I have only to move my eyes up and down as I want to see distinctly far or near."

## PHS Journalism Students Return From Workshop

Seven Pampa High School journalism students returned home Friday after attending the Southwestern Council of Student Publications Summer Workshop at Texas Technological College in Lubbock Aug. 4-9.

Debbie Veale, who will work on the Harvester yearbook this year, placed third for the best opening yearbook spread and third for the best spots spread in the yearbook section of the workshop.

Pampa placed third for the best dummy layouts for yearbooks for high schools over 750 students.

David Webster, who will be managing editor of the Little Harvester newspaper, served as editor on the workshop section of the Texas Tech University Daily newspaper. Webster also attended a workshop for photographers at Tech July 29-Aug. 2.

Other students attending the workshop were Sherrel L. and Randy Maness and Robert Moultrie, photographers; Steve and Mary Bearden, yearbook section.

Sherrel and Mary will serve as co-editors of the Harvester yearbook. McGuire will be associate editor of the yearbook.

The students were accompanied to the workshop by Bill Haynes, PHS English teacher.

Miss Elizabeth Hurley, PHS Journalism teacher, attended a workshop, sponsored by the New Mexico Interscholastic Press Association, at the University of New Mexico in Albuquerque July 29-Aug. 8. She conducted a newspaper seminar for high school students from six states. Earlier in the summer she attended the Journalism Education Association convention in Dallas.

## Legal Publication

### NOTICE TO CREDITORS

ESTATE OF ARTHUR M. TEED, DECEASED. Notice is hereby given that the undersigned has been appointed Independent Executor of the Estate of Arthur M. Teed, deceased, on August 5, 1968, by the County Court of Gray County, Texas, and qualified as such on August 12, 1968.

All Persons having claims against said estate are hereby required to present the same to me within the time prescribed by law. My address is 322 Charles Street, Pampa, Texas 79602.

DOROTHY S. TEED, Independent Executor of the Estate of Arthur M. Teed, Deceased. August 12, 1968, H-4

### CITATION BY PUBLICATION

THE STATE OF TEXAS, County of Gray. In the District Court of Gray County, Texas, at the Court House thereof, in the City of Pampa, Texas. On the 11th day of August, 1968, at 10:00 A.M., on the first Monday next after the expiration of thirty (30) days from the date of issuance of this citation, same being the 23rd day of September, 1968, the Petitioner's Petition filed in the said Court on the 8th day of August, 1968, in this cause, entitled as above, and in which all persons interested therein are notified to appear and file their answers thereto, and in which all persons interested therein are notified to appear and file their answers thereto, and in which all persons interested therein are notified to appear and file their answers thereto.

DEWEYNE KINSLOR BURTON, Petitioner, and JERRY E. MATHIS as more fully shown in the Petitioner's Petition on file in this cause, vs. JERRY E. MATHIS, Respondent.

If this citation is not served within ninety (90) days from the date of its issuance, it shall be returned unserved.

Notary Public for Gray County, Texas. My Commission Expires August 12, 1968, H-4

### NOTICE OF BUDGET HEARING

Notice is hereby given that the Trustees of the Pampa Independent School District will hold a hearing at 7:30 P.M. Thursday, August 29, 1968, in the Superintendent's Office at Pampa, Texas, to hear from all persons interested in discussing the 1968-69 budget with the Board may do so at that time.

Home L. Craig, Business Manager. August 12, 1968, H-4
