

Probe Results In Removing Woman From Local Jail

Candidate

John Studer, above, local attorney, is a candidate for county attorney, subject to the action of the democratic primary Saturday.

Officials Seek Plan To Have Woman Cared For

County and state authorities today were pushing an investigation of the case of a 77-year-old Pampa woman, held in county jail here because of crowded conditions in the state hospital at Wichita Falls.

The woman was ordered committed to the state institution about two weeks ago following a hearing in Gray county court.

Singer Marries Siamese Twin

Five thousand people, assembled in the Cotton Bowl Stadium at the Texas Centennial exposition, viewed this unique wedding ceremony, in which Violet Hillon, who was united in marriage to James Moore, singer, of San Antonio, The Brighton, Eng., Siamese twins.

Violet, in a charming wedding gown, and her sister, in street clothes, are pictured with the bridegroom, as the Rev. Henry, Methodist minister shown in foreground, performed the ceremony.

Spanish Rebels Advancing On Madrid Are Driven Back; British Warship Opens Fire

TEXAS HIGHWAY COMMISSION WILL TRANSPORT GRAY COUNTY WORKERS TO BORGER ROAD JOB

25 WPA LABORERS TO BE SENT FROM COUNTY

Gray county will not have to stand the expense of transporting 25 WPA laborers to Carson county where they will work on the Pampa-Borger highway, it was announced today at a meeting of the Gray County Planning Board.

The Texas Highway commission will transport the Gray county men to and from their work. Construction of grade and drainage on part of the "Pete Reid Highway," also known as Oil Field Highway No. 41, will begin in Carson county on August 1.

Gets New Job

J. O. GILLHAM, Resignation of J. O. Gillham as assistant cashier of the First National Bank here was announced yesterday afternoon.

Gray county labor was advocated to give the project more power. The offer was accepted by WPA and the Highway commission.

Alleged Naval Spy Indicted for Selling Secrets

WASHINGTON, July 23 (AP)—Assistant District Attorney Samuel P. Beach said today the District of Columbia federal grand jury had indicted John S. Farnsworth, former navy lieutenant commander, on a charge of communicating confidential information concerning national defense to a Japanese agent.

COMETS MIGHT HAVE STRUCK EARTH 3 TIMES

BOSTON, July 23 (AP)—One of the two comets currently visible retreated into space today, but the question of what might happen should the earth collide with the head of one of these celestial wanderers claimed the interest of astronomers and amateur star-gazers.

KILLED BY TRAIN

WACO, July 23 (AP)—Andrew Wesson, 25, of Round Rock, was killed early today by a freight train as he sat on the track eating a lunch.

CURTISS DOUGLASS RAPS RECORD OF OPPONENT IN ADDRESS HERE

In one of his final campaign appearances this week, Curtis Douglass, Panhandle attorney and candidate for the state senate from the 31st senatorial district, addressed an audience in Pampa last night.

Scars in Siberia, In Arizona, Carolina Described

Editor's Note: This is the third of four stories on the nature and paths of comets, two of which are visible now.

American Ambassador Cut off From Office

(By The Associated Press) A British destroyer routed with gunfire today a rebel Spanish plane which had bombed a British steamer carrying fuel oil to loyal Spanish cruisers in Tangier harbor.

Fascists reported to be 100,000 strong were expected to come to grips momentarily with some 36,000 loyal militiamen north of Madrid.

The American battleship Oklahoma sailed from Cherbourg harbor, France, for Vigo, Spain, to evacuate American women and children from the Spanish north coast.

WASHINGTON, July 23 (AP)—On Farmer J. W. Hughes' place everything is now electrified except the hired man.

MARKET BRIEFS

NO. 1 - (Continued From Page 1)

Newspapers joined in a chorus of praise for the visiting flier and described his character as symbolizing the heroic qualities which Reichsfuehrer Adolf Hitler is seeking to impress upon German youth.

NO. 2 - (Continued From Page 1)

made when the earth collided with the head of a "small comet." These scars, elliptical, shallow craters, some of them two miles long, also might have been made by wind and water erosion, or by the reactions of some types of soil with the weather.

Dr. F. A. Melton and Dr. William Schriver of the University of Oklahoma, who hold they resulted from collision with a little comet, estimate there were probably 3,000 "hits" each by a chunk of stone or iron composing the comet's heat.

The Siberian meteor struck in a forest in 1908. Its size has not been learned, nor has it been discovered where it presumably lies buried under a marsh.

It laid down tall forest trees like grass for several miles around, except where ravines protected them. They appeared to have been scorched but were not burned.

The nearest human beings were within 50 miles. They heard an explosion, and one said it force almost blew him over his doorstep.

The Arizona spot is a crater more than a half mile in diameter. It is believed to record the largest meteor ever known to have struck the earth.

Great quantities of pulverized rock and many fragments of meteoric iron have been picked up around the crater and attributed to the impact, but no meteor has been found.

Even if a comet approached the earth for a head-on collision, some astronomers have calculated it never would make the impact. Gravitational forces, they figure, would break it up before it could strike. It might become nothing more than a meteor shower.

near released his hold on the throttle. Aluminum is the most abundant metal in the earth's crust, but not until 1886 was it inexpensive enough to be used for commercial purposes.

The "Big Dipper" is an American constellation. Across the Atlantic, it is known by other names. Snowy owls are black when young.

Five-Year Old Boy Falls From Second Floor

Young Bill Gribbon, 5-year old son of Mr. and Mrs. Dan Gribbon, pulled a "man on the flying trapeze" stunt yesterday afternoon, when he fell from a second story window at Worley hospital where he was visiting his brother, Joe Gribbon, who underwent an appendectomy Monday.

Young Bill and his mother were paying Joe a visit. Bill climbed on the window sill, opened the screen, and started waving at friends below. Suddenly, without a sound, he disappeared.

Mrs. Gribbon and nurses rushed out of the building and found Bill sitting in a flower bed trying to get his wind. He was given an immediate examination but not a cut or broken bone could be found.

"Eh, did I drop?" Bill told his dad last night. Mr. Gribbon doubted Bill's story until it was verified by Mrs. Gribbon.

Joe weathered the shock like a veteran and spent an excellent night. He was not satisfied, however, until Bill made his reappearance in the sick room to report that he was "all right."

One Slain, 17 Wounded During Savage Rioting

TALLADEGA, Ala., July 23 (AP)—Nineteen men were arrested today by national guardsmen patrolling streets where a police officer was slain and 17 persons wounded last night in the savage climax of a labor dispute at the Samost cotton mill. More than 150 troops with fixed bayonets restored order but the soldiers were directed to prevent crowds gathering.

Names of those arrested were not announced by guard officers. No charges have been placed against them.

Col. John T. Moore, assistant adjutant general who ordered troops out, said reports that friends of the slain deputy sheriff, John J. Bryant, would seek revenge for his death failed to materialize.

Bryant was killed in an exchange of about 50 shots between pickets, officers and others shortly after 10 o'clock last night.

Joe Hayes, who accompanied officers to the mill, was shot in the stomach and was reported in critical condition early today. Fifteen others, including two women, were less seriously wounded.

The violence climaxed troubles growing out of the closing down of the Samost mills June 5 virtually at the same time a local of the Textile union was organized here. Company officials said the shutdown resulted from lack of orders. Some workers sources termed the closing a "lockout."

Mr. and Mrs. R. B. Shepherd were Panhandle visitors Sunday.

Alred Decries Slander Sheets

HEMPSTEAD, July 23 (AP)—Gov. James V. Alred said here today that "slander sheets born of election-eve desperation" were being printed and circulated in an attempt to defeat his re-election.

"Saturday's ballots will bring in a resounding verdict against such tactics," he said. " Texans believe in fair play—we all like a good open fight, but last-minute abuse isn't fair by any rules. The resort to eleventh hour distortions, half-truths and deliberate falsehoods goes against the grain of every true Texan."

"I don't know who's responsible, but in the last two days the towns I've visited have been littered with his slanderous type of campaign literature."

In defending himself, Gov. Alred said his official records and accounts had been carefully checked by an "unfriendly state auditor appointed by the preceding administration and by legislative investigating committees, yet there hasn't been a single report adverse to my administration."

SCHOOL MAN DIES GALVESTON, July 23 (AP)—John W. Hopkins, 74, secretary treasurer of the Security Trust company, and superintendent of public schools here from 1896 to 1924, died today. He had been in ill health for several months. Hopkins was credited with being largely instrumental in rebuilding this city's public school system after the disastrous storm in 1900.

Miss Nadine Moore of Claude was a Pampa visitor for the past week.

NEW YORK, July 23 (AP)—Steel stocks came to the aid of a wavering market and selected issues pushed up fractions to 2 or more points.

July received to 12.70 during the morning on a few scattered transactions. Oct. continued its early gain by advancing to 12.30. Other crop months were up around 25 cents a bale.

Oldest Family Scion Held in Cincinnati Jail

CINCINNATI, July 23 (AP)—A 30-year-old business leader and scion of one of the oldest families in Harrison, O., today blamed stock market losses and pending debts as he was accused of attempting to rob the bank of his home town.

NO. 3 - (Continued From Page 1)

harbor for Vigo, Spain, to evacuate American women and children on the northern coast of the revolution-ridden republic.

The British destroyer Whitehall fired on the rebel airplane in Tanager harbor after the plane had bombed a British steamer bringing fuel oil to loyal Spanish cruisers.

Earlier, the British destroyer Wild Swan, off Tarifa, Spain, had fired a "warning" after a rebel plane had dropped bombs uncomfortably close to the Wild Swan's bows.

Government bombs plummeted to rebel targets from airplanes swooping over army barracks at Zaragoza, Spain, today in a fresh assault. Intended to help break the back of a revolution now in its seventh day.

Running a gamut of anti-aircraft fire at this, a rebel stronghold in northeastern Spain, the planes augmented a column of militiamen organized to reinforce 4,000 loyalists determined to take Zaragoza by storm.

On a wide battlefield of the civil war, which some sources estimated had taken a toll of 25,000 dead and wounded, loyal forces of Spain's liberal government forces marched out of Madrid to meet the threat of two Fascist columns converging on the capital.

Word received in Hendaye, France, said the Madrid-bound Fascist columns faced a firm defense by a trained army of 36,000 civil guards. The most bitter fighting seemed to center around Zaragoza and

Seville, in southwestern Spain, and that in itself was interpreted by observers as an indication of how widespread the rebellion remained.

But, the government announced, "the situation is improving from hour to hour."

Other battles were reported at Albacete, Guadalajara and other points. The government announced rebels at Cordoba, in the south, had surrendered.

British naval guns boomed a "warning" to Spanish rebel air bombs off Tarifa, Spain, and British and French warnings were sent to the Leftist government at Madrid to keep its fleet out of the international harbor at Tanager. Moreover, Britain warned the rebels to keep their bombs clear of His Majesty's ships.

At Barcelona, Provincial President Luis Companys appealed to his people to support the loyal militia. "To arms against Fascism!" he shouted.

MADRID, July 23 (AP)—Fascist rebels, the liberal government of Spain announced tonight, have been driven back from the road to Madrid with heavy losses.

Advices from Somo Sierra, near Burgos, said the insurgents advancing from the north had been pushed back 14 kilometers (about nine miles) by loyal troops.

General Emilio Mola, rebel commander, was reported to have retired in confusion, cutting telephone and telegraph wires.

Many of his troops were said to have slain their officers in order to join the loyal forces.

The loyal hordes of liberalist forces had marched out of Madrid, to clash with Fascist revolutionaries

COURT RECORD

Marriage licenses issued: Esker Gahaagans, of Shamrock, and Aubrey Lewis, of Pampa; E. A. McKercher and Beatrice Day, both of Pampa.

LONDON CLAIMS CREDIT TOPEKA, Kan., July 23 (AP)—Gov. Ayl M. Landon, on the threshold of a campaign to oust the New Deal, said today that President Roosevelt's order extending the merit system to the post office department "shows the advantages of competition."

MRS. RICKARD TO WED CHICAGO, July 23 (AP)—The Chicago American said today Mrs. Maxine Rickard, widow of George L. "Tex" Rickard, sports promoter, would be married Saturday to Thomas A. Gill, Chicago broker.

On a wide battlefield of the civil war, which some sources estimated had taken a toll of 25,000 dead and wounded, loyal forces of Spain's liberal government forces marched out of Madrid to meet the threat of two Fascist columns converging on the capital.

Word received in Hendaye, France, said the Madrid-bound Fascist columns faced a firm defense by a trained army of 36,000 civil guards. The most bitter fighting seemed to center around Zaragoza and

Vatican 'Pained' By 'Liar' Speech Of Radio Priest

VATICAN CITY, July 23. (AP)—A high American prelate said today Father Charles E. Coughlin's political activities and a recent speech in which he called President Roosevelt "a liar" had caused "a painful impression" at the Vatican.

Pope Pius, nevertheless, will await the report of Bishop Michael Gallagher of Detroit before taking any action. Bishop Gallagher is Father Coughlin's ecclesiastical superior, and now is en route to the Vatican.

The holy father is very loath to act in an American or any other diocese unless it is in conjunction with the bishop of that diocese, the prelate said.

Much, therefore, will depend on what Bishop Gallagher has to say to the Pope, this source added.

The prelate said the subject of Father Coughlin's political activities undoubtedly would be discussed, and conceded it was quite likely the bishop had been summoned to the Vatican to talk over the matter.

TEXAS SPORT NOTES

By FELIX R. MCKNIGHT
Associated Press Sports Writer

DALLAS, July 23. (AP)—Return of Don Ross, snappy third sacker, to the Beaumont Exporters after skipping around between three clubs since spring, marks the first change in the Beaumont line-up since opening day. . . not only unique, but something no other club can talk about.

Ross appeared headed for a regular third basing job when he joined the Detroit Tigers in spring training but Marvin Owens, experienced and looking better than ever, successfully defended his post. . . Ross spent the spring with Detroit, and then went to Toledo, re-optioned to Buffalo and now has been re-optioned to Beaumont! All of which makes Beaumont more dangerous than ever.

Peruna, Southern Methodist university's noted pony football mascot, has a new sister. . . She was born in the Centennial livestock building to Silver Midget, Peruna's mother. . . She weighed 21 pounds and is 21 inches tall. . . Peruna, one year old, does 144 pounds and stands 30 inches. . . Henry Bauer, that noted quarterback from Nebraska, now plays second base with the Phillips '66' semi-pro nine in the Panhandle.

Watch W. R. (Shorty) Long, the youthful Austin Banker, in the Texas cup matches this week-end at Houston. . . The sticky shot-maker is returning to form displayed in 1933 and '34, when he ranked with the state's best amateur golfers. . . After snaring medal honors in the recent state tourney, he came back last week to post 69-72-141, or even par, and bag the qualifying prize in the Austin city tournament. . . It will be Long's third year on the amateur team.

Three Texas teams, Huber Carbons of Borger, Humble Oilers of Overton and Daniger Road Runners of Pampa, are expected to compete in the annual Denver Post baseball tourney starting July 30 and continuing eleven day. . . Overton

When Gov. Landon Carried Ball for Alma Mater

Memories of another campaign—one of the gridiron variety—in the long ago came to Gov. Alfred M. Landon when he glanced over this photograph of the Marietta (O.) Academy team of 1902, on which he was right-halfback. The picture was just sent to Gov. Landon by a New Yorker who played with him on this team. Though the presidential candidate then was a mere stripling of 15 who weighed about 114 pounds, you should have no trouble spotting him. Yes, he's the young stalwart in the back row, at left, behind the noseguard.

AMERICAN:

Batting — Appling, White Sox, .380; Radcliff, White Sox 379.

Runs — Gehrig, Yankees 110; Gehring, Tigers 96.

Runs batted in — Goslin, Tigers, and Fox, Red Sox 91.

Hits — Gehring, Tigers 133; Averill, Indians 129.

Doubles — Dimaggio, Yankees 33; Gehring, Tigers, 32.

Triples — Gehring, Tigers and Clift, Browns 10.

Home runs — Gehrig, Yankees 28; Fox, Red Sox 26.

Stolen bases — Powell, Yankees, and Lary, Browns 16.

Pitching — Hadley, Yankees 8-1; Kennedy, White Sox 12-4.

School Office Is Moved Again

Offices were "swapped" this morning in city hall with City Manager C. L. Stine getting the worst of the exchange.

Tomorrow, the office of the Pampa Independent district will be on the west side of the building, across the hall from where it has been located. That office was formerly set aside for the city engineer, who is Mr. Stine.

Since the city engineer's office is not in use regularly, the exchange was made to give the school officials a cooler place. Although on the west side of the building, the new school headquarters was cooler at 5 o'clock yesterday afternoon than the office on the "shady side."

Roy McMillen and his staff will be "at home" across the hall from their former location tomorrow morning.

Sports Roundup

By EDDIE BRIEZE
Associated Press Sports Writer

NEW YORK, July 23. (AP)—Coach George (Patsy) Clark of the Detroit football Lions has ordered his athletes to start going barefoot pronto to toughen up their dogs. . . Idea is to dodge blisters when the boys begin drilling August 10 for the all-star game. . . Also, Clark wants 'em to be able to run a mile in 100-degree heat when they report. . . Most of the Lions have been spending

Century-Old Weaving Reproduced

Elizabeth Manning, seated, shows Naomi Bigum, left, and Peggy Dawson how cloth was made on a 100-year-old loom. The loom is part of the upholstery section of the Ford Exhibit at the Texas Centennial Exposition in Dallas, a \$25,000, 000 World's Fair.

the summer toiling in auto foundries at Detroit, Flint and Pontiac.

Eddie (O. K.) Mitchell reports from down in North Carolina that Wallace Wade, Duke coach, is putting in a pleasant summer raising water-melons in his back yard at Durham and licking the tar out of the other North Carolina coaches at golf. Mitchell says another sweet football team is coming up at Duke and if the eastern fans go too strong on Colgate they may have to hitch-

Light Standards In City Painted

Pampa's downtown streets are beginning to take on a "big town" appearance.

The change is not great but it certainly is noticeable and it adds to the attractiveness of the streets.

Employees of the Southwestern Public Service company are painting the White Way standards with aluminum paint. The change not only makes them look 100 per cent better, but from a safety standpoint the change is remarkable. The posts can be seen both day and night from a greater distance and "cockeyed" drivers are not so likely to run into them.

Several standards have been knocked down, damaged or lights broken by cars in recent years.

hike back home. . . Hal Schumacher, who rushed back east ahead of the Giants to find out what all his salary whip is celebrating. . . The best M. D.'s in town told him his trouble was exactly nothing.

Old Jim Bottomley is the type of ball player most managers would give their right eye for. . . He'd play for nothing if he didn't get paid for it. . . Here he is, with \$100,000 in the bank and arthritis in the back and he's going to stay right in there until they cut the uniform off him. . . Jimmy Braddock, who has been doing light work at Loch Sheldrake, is so far along he'll be able to box 15 rounds in two weeks. . . Biggest surprise of the season to date: The Yankees. . . nobody but Joe McCarthy gave them a tumble in the spring.

Old Acquaintances of Douglass and All Ministers of Panhandle Vouch For His Character

WE, The undersigned citizens of Carson County, certify that Curtis Douglass has lived among us during the past eleven years and that he is a citizen of good morals and good repute, capable and well qualified to serve as State Senator. We present him to the people of this district as one of our most active civic workers who has the support and confidence of the citizenship of this section.

Any citizen is requested to communicate with us at our expense if such citizen desires intimate information concerning the character and habits of Mr. Douglass.

"No Man Can Serve Two Masters"

CAN A STATE SENATOR PROPERLY REPRESENT THE MASSES OF OUR CITIZENSHIP AND BE THE ATTORNEY FOR THE FOLLOWING CORPORATIONS?

1. Great Southern Life Insurance Company.
2. Shell Petroleum Corporation.
3. Columbia Fuel Company.
4. Humble Oil and Refining Company.
5. Phillips Petroleum Company.
6. Continental Oil Company.
7. The Cargray Corporation (Hagy, Harrington & Marsh).
8. Safety Casualty Company.
9. Smith Brothers Refining Company.
10. Post Dated Oil Company.
11. Associated Natural Gas Corporation.
12. The Mert Oil Corporation.
13. Buckeye Gasoline Company.
14. Aeroline Gasoline Company.
15. Piney Oil and Gas Company.
16. Magic City Oil and Gas Company.
17. Pioneer Oil and Gas Company.
18. Shemrock Oil and Gas Company.

These 18 corporations listed above may be authenticated from newspaper dispatches, state railroad commission hearings and court records. And yet the Senator says he has not collected \$500 from corporations in 25 years of practice. These names listed are documented, and there is a reason to believe there are many more corporations the senator represented.

PANHANDLE FARMERS

What would you have done if you had not received your wheat, cotton and other checks under the AAA? Did you know that Senator Small was one of the co-authors of Senate Concurrent Resolution No. 4 which petitioned the Congress of the U. S. not to pass the Agricultural Act for the farmer (See Senate Journal page 42, Regular Session 43rd Legislature 1933).

SENATOR SMALL WAS ABSENT WHEN IMPORTANT LEGISLATION WAS VOTED UPON FOR EITHER PASSAGE OR DEFEAT AT THE FOLLOWING SESSIONS OF THE LEGISLATURE AS FOLLOWS:

5th Called Session, 41st Legislature 1930, ABSENT 85 times. Regular Session, 43rd Legislature, 1933 ABSENT 275 times. Regular Session 44th Legislature, 1935 ABSENT 265 times. 1st Called Session, 44th Legislature, 1935 ABSENT 54 times. 2nd Called Session, 44th Legislature, 1935 ABSENT 81 times.

In connection with the above absences, Senator Small and his supporters say that he was never absent when important legislation affecting this section was voted upon. The voters attention is called to pages 29, 30 and 31, Senate Journal 2nd called session 44th legislature wherein Senator Small was absent five times when the Senate was voting upon amendments to Senate Bill No. One, which was a bill on the question of old age pensions.

Senator Small has accused the friends of Curtis Douglass of attacking Small's record instead of dwelling on the virtues of their candidate; we admit that we are waging a campaign on Small's record, for that is the MAJOR reason we want to replace him.

A VOTE FOR CURTIS DOUGLASS JULY 25 IS A VOTE FOR THE FARMER, THE LABORER, THE INDEPENDENT MERCHANT AND FOR THE PEOPLE.

WHEN ALL'S SAID AND DONE

Amateur and professional statisticians and economists are getting gray hair trying to decide how much recovery prevails.

Learned and bewilderingly these knights of the pencil and adding machine dive into old records, search for a year that can safely be taken as normal and then start making comparisons with today's conditions.

Not content with comparing today's position in all those lines with the chosen norm—as far as information is available—the conscientious statistician will weigh his figures for growth in population and try to make allowance for the normal rise in plane of living over a period of years.

At any given moment it might be impossible to determine how far the country has traveled along the recovery road. Yet seriously it can be suggested there is a time—if it ever arrives—at which we may assert that full recovery has been attained.

THE NAME IS SMITH

Two Smiths made themselves conspicuous at the Townsend convention—Gomer, who seems to be on his way out of the organization, and Gerald, who appears to be on his way into its inner circles.

Gerald Smith, who deserted a fashionable Shreveport, La., pulpit to enter politics under the sponsorship of the late Huey Long, is interested in going places.

The Rev. Smith is large, good looking and aggressive. He has a strong voice, a strong constitution and a strong will. He is young, smart and a good mixer.

Down south, where Gerald Smith is a man to be reckoned with, the fact he came close to stealing the show in Cleveland caused no surprise. Up north, where he is a stranger, the former Shreveport pastor quickly became a marked man—a fellow to be remembered.

DAILY WASHINGTON LETTER

By Rodney Dutcher

WASHINGTON.—Although Congressman Lindsey Warren of North Carolina seems to have the inside track now in competition for the post of comptroller general, following expiration of John R. McCarl's 15-year term, there is a strong movement within the administration for appointment of Secretary Harold L. Ickes.

The PWA administrator is not known to have displayed any interest, but it is believed that he would take the job if it were offered. The chances also are that he could have it if he asked for it, as he will be used so much in the Roosevelt campaign for re-election that he would be in excellent position to get what he wanted.

Progressives who want Ickes to succeed McCarl are arguing for him that he is not a member of any party machine, that his party affiliation has always been Republican until this year, and that he has a widespread reputation as an honest man who gets things done.

Careful checks by New Dealers have shown that "Honest Harold" comes closer to 100 per cent popularity over the country than any other cabinet member or major administrator—much closer, incidentally, than most of them.

His friends admit that Ickes could be depended on not to interfere with many progressive-minded New Deal projects, as they accuse McCarl of doing. But they insist his record shows that the government would get every last nickel's worth out of its dollar spent.

Heavy backstage pulling and tugging is also preceding appointment of the five-man Maritime Authority (new shipping board).

An especially hard drive has been launched from the merchant marine industry against selection of Karl Crowley, solicitor in the Postoffice Department.

Crowley drafted most of the new merchant marine act, with its many safeguards against exploitation and failure to build ships in return for government funds. He knows all about the industry and its ocean mail contracts.

Hence, it would be more or less logical to appoint him to the board and Roosevelt has had his name under consideration. The most important thing about any new administration is installation of personnel which will understand its functions under the act and will build up an organization in the interest of the public rather than for the benefit of any special group.

A whispering campaign has been started against the solicitor. One item charged against him is that he bungled the celebrated affair of the airmail contract cancellations, although Crowley's friends insist that he merely took the rap on that like a good soldier, the real fancy bungling having been done, they say, by the Department of Justice.

Some of the shipping lobbyists openly assert that the kind of men needed for chairman is a lawyer who will know how to get around the law.

Roosevelt is above all anxious that the merchant marine be built up because he knows as well as anyone that it's needed as an auxiliary to the navy. One side assures him that the best way to get no merchant marine is to appoint Crowley; the other side vice versa.

University of California is insuring its athletes. It would look rather mercenary if they began to seek a game with the Minnesota giants.

One midwestern farm wife saves some of her tallest corn stalks by pressing them between book leaves.

ANSWERS TO QUESTIONS

Frederic J. Haskin. A reader can get the answer to any question of fact by writing The Pampa Daily News Information Bureau, Frederic J. Haskin, director, Washington, D. C. Please enclose three (3) cents for reply.

Q. Who is the national marble champion? F. G.

A. Leonard Tyler, a 13-year-old Chicago colored orphan, won the title at the fourteenth annual National Marble Tournament at Ocean City, N. J.

Q. Was Vice President Garner ever a newspaper man? J. H. R.

A. Mr. Garner at one time was editor of the Uvalde (Texas) Leader.

Q. What kind of a certificate can a man get who was made an American citizen as a child through the naturalization of his father? S. H. A.

A. A Certificate of Derivative Citizenship.

Q. How much does the population of the world increase each year? J. B.

A. According to the figures of the League of Nations, the average annual increase in population in the world is 30,000,000. Other estimates are 20,000,000 a year.

Q. Who is called the Lady Edison? M. E. W.

A. Miss Beulah Louise Henry who has 42 inventions to her credit is so called.

Q. How much is spent on petroleum research? C. J.

A. From \$10,000,000 to \$12,000,000 is spent annually by the American petroleum industry on research and experimental work designed to improve the quality and to increase the yield of its products.

Q. Are the bonus bonds for the World War veterans printed on the same paper as currency? B. S. A.

A. The government printing office says that it is not the same type of paper that is used by the Bureau of Engraving and Printing in the making of paper money. The quality of paper used for currency is much better.

Q. For whom is Fort Frededica on St. Simon Island, Ga., named? F. L. C.

A. Fort Frededica was named by Colonel James Oglethorpe in honor of Frederick, Prince of Wales, son of George I. It was built on St. Simon Island in 1735.

Q. How many American debutantes will be presented at the Court of St. James this summer? M. L. C.

A. Because of the mourning for King George none will be presented. Invitations to the receptions being given only to members of the diplomatic corps.

Q. Is the number of people who dwell on Manhattan Island increasing or decreasing? T. R.

A. It is decreasing. The peak population of this center of New York City was reached in 1919 when it was 2,330,000. There are now about 1,830,000 people actually living there, while the other boroughs comprising the city have gained enormously in population.

Q. Is a meter more or less than a yard? W. A.

A. A meter is 39.37 inches, or a yard and three inches plus.

Q. Where was the first linotype installed? E. G.

A. On July 3, 1886, Ottmar Mergenthaler installed in the composing room of the New York Tribune the first of his typetting machines. Whitelaw Reid, the editor, gave it the name linotype.

Q. Is it true that Chinese dentists can pull teeth without forceps? M. N.

A. Until recently Chinese dentists were trained to extract any tooth from a patient's mouth without using instruments but solely by the strength in their fingers. They were trained for this by repeated extraction of wooden pegs driven into a board. The muscles of their hands and fingers were so developed that this was possible. Modern dentistry is now making its appearance in China.

Q. How many acres in the United States are devoted to wild duck and geese refuges? F. R.

A. There are now 2,100,000 acres of refuges.

Q. Where are the largest talc mines in the United States? C. G.

A. They are located in St. Lawrence county, N. Y.

Q. How long has it been since you looked at a good map of this world you live in? P.

A. Is the Atlantic Ocean larger than the Pacific? What country is directly west of Alaska? If you traveled directly east from Labrador where would you land?

When it is 12 noon in Washington, D. C., what time is it in Moscow? Paris? Shanghai?

A large five-color Map of the World available through the Pampa Daily News Washington Information Bureau, answers these and many more questions. It carries complete statistical data on agriculture, commerce, industry, religions, monetary systems, merchant marine, and military establishments. It is a complete world atlas in handy reference form—indispensable to the student, business man, and club woman.

A copy awaits you at our Washington Information Bureau. Enclose ten cents to cover cost, handling, and postage.

THIS CURIOUS WORLD By William Ferguson

JOHN ADAMS, SECOND PRESIDENT OF THE UNITED STATES, LIVED TO SEE HIS SON, JOHN QUINCY ADAMS, BECOME THE SIXTH PRESIDENT.

GENERATES ABOUT 640,000 HORSE POWER ON EACH SQUARE MILE OF THE EARTH! IF WE COULD HARNESS THE SUN, NO OTHER SOURCE OF ENERGY WOULD BE NEEDED.

SEA LIONS WERE TRAINED TO TRACK SUBMARINES DURING THE EARLY DAYS OF THE WORLD WAR.

JOHN ADAMS and John Q. Adams are the only father and son ever to become president of the United States.

NEXT: Who was the inspiration for Dante's poems?

MAN ABOUT MANHATTAN

NEW YORK — Happenstance there were visitors to that Park avenue restaurant the other night, they will go home and add to the legend of Manhattan's dementia.

A young man garbed only in dark green silk pajamas came in and calmly selected a center table. When the waiters arrived a living wedge he arrested them with one up-held hand.

"I find this an extremely pleasant place," he declared, "but when you serve my dinner, please omit the soup. Go directly from the shrimp cocktail into the main course."

"But, Monsieur" (for he was French), "it is forbidden to enter this restaurant in such a state of undress."

"By whom?" demanded the young man. "By the management, of course." "Does the manager own this restaurant?" the youth inquired.

"Well, I do," the pajamaed one asserted. "And perhaps you are right in not wanting undesired people in here—in fact, I know you are absolutely right. Nevertheless, you hurry up with that dinner, and don't forget what I said about the soup."

It was on his last tour of Europe that Hal Kemp plunged himself into this situation. Elated over the reception accorded his music, he was engaging in pleasant talk one night when a convivial fellow murmured a name and congratulated the leader on his orchestra.

"I'd like to bring my brother to the cafe some night to hear you," the visitor said. Kemp slapped the fellow on the back when a pleasant fellow murmured a name and congratulated the leader on his orchestra.

Later that evening, at a reception in Lady Milbank's manor, they were formally introduced, and when he heard the name, Kemp nearly fainted. His unknown admirer was the Duke of Kent!

Continuing in our Royalist vein, that march known as "Mallorca" which Mark Warnow occasionally broadcasts, was composed by the present King of England when he was the Prince of Wales. His Majesty personally gave Warnow permission to play it. The only trouble the director encountered in mastering the proper etiquette in phrasing the request.

He eventually learned that communications to the king should be addressed "To the King's Most Excellent Majesty."

PAMPA OF YESTERYEAR

FIVE YEARS AGO TODAY. July 23—Pampans who were students in school here when W. R. Silvey was superintendent mourned his death at Dallas and several went to Clarendon, his former home, for the funeral of the pioneer schoolman.

ONE YEAR AGO TODAY. July 23—Mr. and Mrs. C. H. Walker returned to Pampa after starting to Fort Worth to take the Lions club special train to Mexico City. An automobile accident near Vernon delayed them, and they barely missed the train which was held 45 minutes for them.

HOW'S YOUR HEALTH

The Most Common Disabling Illnesses. Studies of the most common disabling illnesses show that colds and bronchial conditions stand first, influenza and grip rank second, and diseases of the digestive system third in order of frequency.

Toothache and dental diseases, measles, whooping cough, diseases of the eyes and ears, skin diseases, rheumatism and lumbago, and diseases of the heart and circulatory system compete for the next seven places on the list.

Digestive diseases and disorders are largely subject to control, and colds and influenza, though they cannot as yet be prevented, can be controlled, so that their disabling effects are reduced to a minimum.

Despite a great deal of preachment, the average cold sufferer can seldom be persuaded to go to bed at the onset of his cold. He much prefers to dose himself with medicines and fight it out "standing up."

thousand cloth-and-paper blossoms are tied individually to the branches. These table flowers you see in movie homes and banquet halls nearly always are phonies.

And it's been a long time since we've heard a bouquet, pressed to a heroine's eager nose, crackle and whistle and scream its paper origin.

Imitations Wear Longer. Greenhouses can provide flowering plants in and out of season if the director insists. But an orchid wiles swiftly, and an artificial orchid costing \$1.50 looks better and wears longer. A gardenia used in close-ups usually is a real flower, but in the long shots, snowy satin creations are better because they never turn brown.

TRAVELING FIRE. AUGUSTA, Ga.—Fire was brought to water when the Augusta fire department couldn't get water to the fire. The firemen found a freight car loaded with 56 bales of cotton linters ablaze on the Augusta belt line outside the city limits and beyond reach of the department's hose.

Talks to parents

Fear Of The Dark. By BROOKE PETERS CHURCH. "I'm afraid."

"Afraid of what? The dark? The dark can't hurt you, and you know there's nothing in the room."

"But I'm afraid." Sometimes the child will go so far as to specify that he is afraid of bears or lions or some definite though utterly absurd thing.

To force him to go into a dark room in spite of his fear, only intensifies the horror; to laugh at him is useless. His imagination goes right on working, and it is his imagination which is to blame.

To overcome these nameless fears requires infinite tact and patience. He will probably fear the dark to some extent all his life. If grown-ups were always quite honest, many of them would still confess to this senseless terror.

The child must be taught to accept it and pay no attention to it. Fear of the dark is very much like near-sightedness or the color of one's hair. It is a personal peculiarity which one may never outgrow, but must learn to control.

Light the light, show the child that his fears are idle, explain to him again and again that they are creatures of his imagination. In time he will come to understand and adjust himself to the unavoidable.

Senator Small's Sour Gas Bill Wastes Panhandle's Natural Gas

Senator Small's Sour Gas law caused to be popped into the air approximately one trillion, seven hundred billion cubic feet of our State's natural gas. The market price of this gas at the mouth of the well is four cents per thousand cubic feet. This figures a loss of sixty-eight million dollars; in addition, this waste caused a gas pressure loss on adjoining oil fields, leaving millions of barrels of oil non-recoverable in the ground. It take gas pressure behind the oil in order that oil may be produced.

For instance, one of the forty-three gas stripping plants near Pampa caused to be ruined two thousand acres of valuable oil land which will never be drilled. Before the stripping plants started, oil wells in this vicinity came in, averaging four hundred barrels per day.

The lease-holder now states the last few wells drilled on this tract came in on an average of from twenty to thirty barrels per well, the result of which prohibited the additional drilling for oil on any of this two-thousand acre tract.

This means that two hundred oil wells on which labor would have received five thousand dollars per well, totalling one million, two hundred thousand dollars which has been lost by labor.

This loss, bear in mind, is only one individual case. Therefore, just think what the other forty-two stripping plants operating over the entire Panhandle have done to our natural resources. Aside from the loss of our gas and oil, consider the loss that labor has suffered, which will run into millions of dollars.

What does this mean to the schools, the tax-payer, the land owner and the public generally? Can Senator Small, who has been in the Senate EIGHT YEARS, call this TRUE Conservation? Let the people rule, and

VOTE JULY 25 FOR Curtiss Douglass FOR STATE SENATOR, A REAL CONSERVATIONIST. M. B. WELSH, For Committee (Political Advertisement)

FDR ORDERS POSTMASTERSHIPS REMOVED FROM PATRONAGE

MERIT SYSTEM TO DISPLACE PRESENT PLAN

13,370 POSTMASTERS TO BE AFFECTED BY ORDER

WASHINGTON, July 23 (AP)—An executive order by President Roosevelt today extended to all postmasterships a merit system displacing one which made such appointments a matter of congressional patronage.

Affecting 13,370 postmasters of the first, second and third classes when their four-year terms expire, the order would provide a new system of civil service tests for candidates for those offices. The bottom grade of postmasters, fourth class, already are under the civil service.

Three methods for appointing postmasters of the three top classes were provided in the order.

(1) Incumbents could be reappointed after passing a non-competitive civil service examination to demonstrate their qualifications.

(2) Subordinate civil service employees of the postoffice department could be appointed to such offices upon passing a civil service examination, likewise non-competitive.

(3) Appointment could be made of the person making the highest grade in an open competitive examination, conducted by the civil service commission.

At present that commission examines candidates for first, second and third, as well as fourth class postmasters but certifies to the postmaster general the top three.

Any one of those can be named and the prevailing practice has been to choose the one recommended to the postoffice head by the political patronage dispenser for the district usually a representative or senator.

The civil service commission said the order was "distinctly in the interests of the merit system."

"One feature," the commission said in a statement, is that only one examination may be held for an office unless no eligibles are secured from the first examination or the eligible or eligibles resulting from the examination are found by the civil service commission to be deficient either as to character or as to residence.

"Under preceding orders as far back as the administration of President Coolidge, the postmaster general was given final decision with respect to the residence of eligibles certified by the civil service commission, and the executive order of May 1, 1929, issued by President Hoover also placed final decision as to matter of character in the postmaster general.

JOHNNY LISLE OF WESTERN LEAGUE TO JOIN DANCIGER ON DENVER JAUNT

IS BROTHER OF FLOYD LISLE, BIRD CATCHER

ROAD RUNNERS HAVE 3 WEEK-END GAMES SCHEDULED

Johnny Lisle of Cedar Rapids, Iowa, arrived in Pampa yesterday to join the Pampa-Danciger Road Runners in their jaunt to Denver, Colo., where they hope to take first money in the little world series to be played in that city July 30 to August 10.

The newcomer is a shortstop who will assist Ben McLary at that position at Denver. He will probably remain with the Road Runners the rest of the season. Lisle is a younger brother of Floyd Lisle, Road Runner catcher. He played professional ball in the Western league in 1933, 1934 and 1935, but decided to quit professional ball this season.

Another outfielder and three hurlers are on the "contact" list to round out the necessary power to take to Denver. It is still doubtful if they will be here for the week-end games. However, efforts are being made to have them come to Pampa instead of going direct to Denver, which is much closer to their homes.

Only lack of hurling power on the ground keeps the Road Runners from accepting Amarillo-Phillips challenge for a game Tuesday night in Amarillo.

Sunday's Denver Post carried a "banner" about the Road Runners entering the tournament. More than half of the first sports page was taken up with pictures of Road Runner players who were sensations in the tournament last year and of Manager Sam Hale.

The kind of teams that have entered the Denver tournament will be presented to Pampa and Panhandle baseball fans on Saturday night, and Sunday afternoon when the Blackwell Oilers of Stillwater, Okla., play here and on Monday night when the Eason Oilers of Enid, Okla., are here for a single game. The night games will be called at 8:30 o'clock with the Sunday afternoon game set for 3 o'clock.

Admission will be 40 cents for men and women on Saturday and Sunday and 40 cents for men and 25 cents for women on Monday night.

The Pampa Junior Chamber of Commerce is staging the first two games in an effort to raise enough money to send the Road Runners to Denver. The Jaycees need loads of support.

In order to keep baseball fans informed about the election, returns will be broadcast at regular intervals at 8:30 o'clock. This will allow Pampans to enjoy a ball game and learn the election results at the same time.

Manager Ucal Clanton of the Shawnee team sent his line-up and probable batting order today.

The leadoff man will be Allen, second baseman. They will come Truscuss, third base; Oisen, right field; Kregel, left field; Baer, center field; Clanton, first base; House, shortstop; Coleman, catcher; Jackson and Wales, pitchers.

BEE BARRAGE. MILLERSBURG, Ohio (AP)—When Sheriff Harry L. Weiss arrived to arrest Edward F. Prinz, a farmer, on a charge of evading a court evasion order, Prinz opened four bee hives. The sheriff kept his distance but planned some strategy. He called Prinz to his car "to talk things

Pete Sarron Wins Decisive Victory Over Baby Manuel

Cuban Mauled About For Fifteen Rounds

BY FELIX R. MCKNIGHT, Associated Press Sports Writer.

DALLAS, July 23 (AP)—Aging Pete Sarron, tireless bundle of energy who was a ring star 13 years ago, had the first defense of his National Boxing Association featherweight title behind him today—a decisive 15-victory over Baby Manuel, left-handed Cuban youth.

The Birmingham Syrian, who admits to at least 29 years, slapped, cuffed, danced and actually punched his way last night to the unanimous decision of two judges, a referee and 4,600 fans witnessing Texas' first title fight.

Ten weeks ago he won the title from Freddie Miller at Washington, D. C., and immediately announced the front door was open to all challengers. Manuel was the first and he took him in stride.

Known as a wicked southpaw puncher, Manuel gave a practical demonstration ten seconds after the opening bell. He brought a left uppercut up from his shoetops and planted it on Sarron's chin. The champion crashed to the floor but bounced up before Referee Bennie Bickers could start a count.

Manuel came in for a quick kill but, instead, a volley of wild rights that had him reeling in backward flight. They threw Sunday punches in the wild first round that left both fighters slightly dazed.

The lanky Cuban shot at Carron's bleeding mouth again in the second but Sarron, back on his usual busy-body style, recovered quickly and handled the southpaw almost as he pleased the remainder of the way. Action crept into every round as Sarron, forcing the fight, swarmed all over the challenger.

Smacked on the jaw in the seventh heat by Sarron's newly-found right hand cross, Manuel stumbled backwards across the ring and was taking an assortment of lefts and rights to the body as the bell rang. He answered the eighth round with new life, however, and threw the title-holder on the defensive again with a potent left that shook the Syrian from top to bottom. He followed quickly with a right to the jaw but missed his biggest opportunity when a hastily delivered left smash just grazed Sarron's face as he sagged to the ropes.

The champion came out in the ninth and delivered two quick rights to the head that halted Manuel's advances for the evening.

In perfect condition, Sarron grew stronger in the last five rounds and was bobbing about in first round fashion as the fight ended. Manuel, his eyes beaten together and leg weary, was still making a fight of it.

Tony Herrera of El Paso, veteran welterweight, labbed his way to an easy six-round decision over tiny Kline of Los Angeles. Herrera weighed 140, Kline 141.

Al Elizondo of San Antonio, 123, won an unpopular five-round decision from Pat Flowers, 126½, of Little Rock.

George Thomas of Shreveport, 161, whipped Paul Ladd, 160, of Little Rock in five rounds.

Al Trulman of Dallas, 161, outpointed Dick O'Connor, 163, of Fort Worth, and Billy Davis, 131, Fort Worth, put Joe Craig, 132, of Dallas, to sleep in the first round.

over," then arrested him for contempt of court. Released on \$600 bond, Prinz returned home to round up his bees.

DONALD LASH

AMERICA'S OUTSTANDING OLYMPIC HOPE IN DISTANCE RACES... THE IRON-LEGGED INDIANA BOY BROKE INDIANA'S OWN RECORD, SETTING A NEW MARK OF 2:05.3 IN PRINCETON INVITATIONAL... THE HOOSIER WAS THE FIRST TRACK MAN TO SAVOR AN OLYMPIC BIRTH, WHEN HE WON THE A.U. COCCOIS EST.

HE WENT BACK IN THE FINAL 5000-METER FINALS OUT TO COACH HIS HOOSIER TEAMMATE, TOM DEKARD, WHO PROFITED SUFFICIENTLY TO FINISH THIRD AND MAKE THE TEAM.

Skelly Trounces Phillips 10 To 2

The Skelly Oilers from the Schaefer plant west of Pampa broke Phillips winning streak last night with a 10-2 victory. On Friday night the teams battled to a 1 to 1 tie for five innings when rain halted the game. Maye hurled great ball for the Skelly Oilers. His fast ball had lots of zip which had Catcher Ray puzzled, as well as the Phillips batters. LaBrade, who has been a puzzle to all opponents the last three weeks, was unable to get by and Chism took up the hurling assignment for Phillips. Dewey was behind the plate.

LARRY SNYDER IS COACH OF JESSE OWENS FOR OLYMPICS

By ALAN GOULD, Associated Press Sports Editor. BOARD S. S. MANHATTAN, EN ROUTE TO BERLIN, July 23 (AP)—Among the questions that have been settled with the approach of the American athletic forces to their base of Olympic operations is "Who's handling Jesse Owens?" Officially, Head Coach Lawson Robertson, himself an old time sprinter, was designated to take charge of the dash men. First, an exception was made for Frank Wykoff, whose old coach, Dean Cromwell, is on the staff. And now it is established that Owens

is to take advice and directions solely from Larry Snyder, Ohio State sprinter. The situation was brought to a head when Robertson asked Owens his preferences and the negro promptly replied he wanted to work out only under Snyder's guidance.

This brought into the spotlight an anomalous situation. Snyder is aboard, paying his own expenses and is recognized only as an "associate coach," and denied the privileges of Olympic identity cards, uniforms and of the Olympic village, except as a visitor. In the same situation are Fred Totell, who coaches the hammer throwers, and Olsen, traveling with John Woodruff, the Pittsburgh 800 meter star; and Francis Welch, who is with Archie San Roman, the Emporia, Kan., miler.

"I am willing to cooperate as far as possible and surely will handle Owens," Dave Albright and any other. I'm requested to coach, but I dislike being classified as a knot hole," said Snyder. "I have been given an official run-around, but the important thing to me is to get Owens into the best condition to capture the triple Olympic honors, which he is sure to do."

The athletes were gratified by the statement made yesterday by Chairman Average Brundage which clarifies the American Olympic committee's position in regard to their conduct of triple ship and removes the suspicion of general misbehavior.

A masquerade party last night was climaxed by Brundage's presentation of cups to the winners in the athletes' poll. It was a general surprise that Mrs. Eleanor Holm Jarrett, who was once sought for the Follies, failed to finish 1-2-3 in the beauty contest, won by Mrs. Joanna de Tuscan, the fencing champion from Detroit. Betty Robinson of Chicago and Alice Arden of New York, both track stars, came in second and third.

Glenn Hardin of Louisiana, who was voted the handsomest, arrived too late to get the cup, which meanwhile was awarded to the second choice, Glenn Morris, the Fort Collins, Colo., decathlon ace.

STRIKE MAY END. MEXICO CITY, July 23 (AP)—President Cardenas' secretary Luis Rodriguez, announced today terms of an agreement by which central Mexico's week long electric power strike may end before sunrise. The Mexican Light and Power Co. and its 3,000 striking employes reached an agreement proposing to President Cardenas that he attach the company's five plants for temporary government operation.

STEERS IDLE AS BUFFALOES WALLOP CATS

DALLAS IS ONLY GAME AND HALF AHEAD OF HOUSTON

By The Associated Press. Today's games: Tulsa at Dallas. Galveston at San Antonio. Beaumont at Houston. Oklahoma City at Fort Worth. (All night games).

If they cared to glance back over their shoulders today, the league-leading Dallas Steers could plainly see the whites of the eyes of the up-and-coming Houston Buffaloes, who are only a game and a half behind.

Threatening weather last night held the Steers idle while the Buffs were blanking Fort Worth, 8 to 0. The Houston Challengers for the league leadership counted Leslie Munns, big right-hander obtained from the St. Louis Cardinals, a valuable addition to their mound staff when he turned in a five-hit performance against the Cats.

Munns, making his league debut, let no man get to third. San Antonio again counted another of its many one-run margin victories, nosing out Oklahoma City 9 to 8. Prolific scoring in the early innings was capped by Gryski's homer with a runner on base in the sixth.

Beaumont's George Archie slapped a homer over the fence in the third inning, scoring two runs, to defeat Tulsa 2 to 1. George Gill rung up his twelfth victory of the season.

Amarillo Beats LeFors 11-3 in Opening Inning

The Amarillo-Phillips 66 Parrots went on a first inning batting spree to score enough runs to defeat Phillips of LeFors last night in Amarillo. The final score was 11 to 3. Lefty Dilbeck was met by a barrage of base hits in the opening stanza and before three batters

OLYMPIC SWIM STAR OF 1920 WAS ONCE PARALYSIS VICTIM

(Note: This is fourth in a series dealing with old time Olympic stars and what they are doing now.)

By SCOTT RESTON, Associated Press Sports Writer. NEW YORK, July 23. (AP)—In 1916, Ethelda Bleibtrey, a fair haired paralytic, spent her summer days trying to swim in a crowded pool on New York's sweltering East Side.

Four years later, cured by the swimming, she went to the 1920 Olympics at Antwerp and won the 100 meter and 300 meters free style events.

Today Ethelda Bleibtrey is devoting her time to the study of paralysis and its cure through swimming. She is a professional instructor in a New York hotel (Shelton) pool.

Since her victories in the Olympics, Miss Bleibtrey probably has

OLYMPIC SWIM STAR OF 1920 WAS ONCE PARALYSIS VICTIM

(Note: This is fourth in a series dealing with old time Olympic stars and what they are doing now.)

By SCOTT RESTON, Associated Press Sports Writer. NEW YORK, July 23. (AP)—In 1916, Ethelda Bleibtrey, a fair haired paralytic, spent her summer days trying to swim in a crowded pool on New York's sweltering East Side.

Four years later, cured by the swimming, she went to the 1920 Olympics at Antwerp and won the 100 meter and 300 meters free style events.

Today Ethelda Bleibtrey is devoting her time to the study of paralysis and its cure through swimming. She is a professional instructor in a New York hotel (Shelton) pool.

Since her victories in the Olympics, Miss Bleibtrey probably has

made more money out of her swimming ability than any other woman in the game today. As soon as she finished competing for the U. S. at Antwerp, she toured New Zealand, Australia, Panama, the United States and Canada, meeting all comers and retired in 1922 undefeated.

As swimming instructor she earns enough to live well and support her seven year old daughter Leilah, who, incidentally, gives promise of developing into quite a swimmer herself.

Mrs. A. C. Houchin and children, accompanied by her niece, Mrs. Bell and son of Berger, left Tuesday for a month's vacation trip to East Texas.

Mr. and Mrs. L. C. Lockhart has as week-end guests, Mr. and Mrs. J. D. Peel and family of Rotan, Tex.

Lewis M. Goodrich

District Attorney

I wish to take this opportunity to thank the citizens of this district for the splendid support which you have given me in the performance of my duties and the commendable attitude now existing toward law enforcement.

I refer to my record of accomplishments on the basis of which I solicit your continued support, not only in this election, but also in law enforcement.

My record of cases tried is as follows:

Year	No. Cases	Hun.	Jury Not Guilty	Convictions
1933	82	3	34	45
1934	65	1	16	48
1935	83	4	9	70
1936	57	2	4	51

(To date)

I WILL APPRECIATE Your Vote and Support for Re-Election

J. M. DODSON

VOTE FOR JOHN R. MILLER

DEMOCRAT FOR CONGRESS

18TH CONGRESSIONAL DISTRICT

- I favor the Townsend Old Age Revolving Pension Plan.
- I favor a program which will make possible a farm for every farmer and a home for every family.
 - By long term loans at low interest rates for purchasing or refinancing homes, either city, suburban or rural.
 - By "grubstaking" families who want to buy small acreage or farm homes.
- I favor federal aid for education in the poorer communities.
- I favor an "honest dollar," stabilized at the 100 cent level.
- I favor extending the civil service merit system.
- I favor increasing business through increasing the people's buying power by:
 - Give the farmer cost of production plus a reasonable profit.
 - Give the wage earner more than a bare existence wage.
 - Protect small independent business from unfair competition.
 - Give old people an adequate pension without a pauper's oath. When all of these have an income, they will buy.
- This program means simply to increase prosperity by getting money into the hands of the little fellow to "get the grease where the squeak is."
- Prevent concentration of wealth by means on incomes, inheritances, gifts, luxuries and tax exempt bonds.
- Prevent war by conscripting money and materials as well as men, in time of war.

BALL PARK IS BEING BUILT AT LUBBOCK

HUB CITY WILL HAVE PARK FIRST TIME IN 4 YEARS

LUBBOCK, July 23.—Gasoline and main power, civic pride and faith in baseball, combined yesterday to start hauling the national pastime out of the Lubbock wilderness.

Construction of a ball park, at approximately the scene of unenclosed baseball which has weathered the tide of adversity when none other kind was available, got under way yesterday morning, and by nightfall, one could tell the difference.

Lubbock, without a ball park for four years, is at long last getting one. It won't be an elaborate, pretentious structure, but it will be a solid board wall around several acres of land, enclosing a roofed grandstand of moderate and modest—but adequate—dimensions.

And it'll be finished, barring bad breaks in the weather or a strike of laborers, when the umpire shouts "play ball" next Sunday afternoon for the first game of a double header inaugurating the sixth annual Lubbock Avalanche-Journal tournament.

Trucks, men, tractors, graders, provided through the generosity and beneficence of City Hall, Texas Utilities company, Texas Tech and of personal interest, hauled posts, dug holes, laid the foundation. The work continues today and tomorrow and every day until it's finished, and submitted, free of indebtedness, to the fans of Lubbock, the South Plains and West Texas.

Appropriate Opening
Work will be rushed in time to have practically every thing complete by Sunday. Several touches here and there will, through shortage of time, be carried over into another week, but there'll be a place to play ball, and a place for customers to sit, under a shade, next Sunday.

And what could be more fitting, as an opening occasion, than the tournament?

Eight strong teams, made stronger this week as managers hustle for new and extra talent, will be "teeing off" next week for eight days of spirited competition in a tournament that survived the depression and the non-park days just as baseball everywhere has survived its most nerve-racking and toughest tests.

SENATOR MURRAY LEADS
HELENA, Mont., July 23. (AP)—United States Senator James E. Murray held a 3,366 vote lead today over his closest opponent, Congressman Joseph P. Monaghan, in the race for the Democratic senatorial nomination with returns from Montana's primary election virtually complete. Murray, incumbent, polled 42,047 votes to Monaghan's 39,681 on the basis of returns from 1,073 of the state's 1,237 precincts.

Mrs. E. L. Keith underwent an operation at Pampa-Jarratt hospital this morning.

Danciger Will Try For 4th Win Over Peewees Friday

Phillips Juniors Are Losers in Close Games

A hitting slump which could prove disastrous to Peewees hopes Friday afternoon in the crucial game with the Little Road Runners, continued yesterday when the Peewees defeated Phillips 66 Juniors 7 to 2 in a practice game that was close indeed until the seventh inning.

Until recently the Peewees had no peers in the Junior league when it came to rapping the horsehide, but the punch was noticeably lacking from their bats Sunday when they rapped Phillips 5 to 4 in 10 innings. Yesterday, they collected only five hits, and the three Phillips pitchers struck out ten. Melvin Turner fanned eight of the 10 Phillips also garnered five hits, but they lost the game because they committed eight errors. Four of the Peewee runs were unearned. Phillips' bats also seem drained of power.

Captain Amos Reed pitched one-

hit ball for the Peewees for five innings. He allowed only two more hits before he decided to let Richard Kilgore try his hand at flinging. Richard struck out two in three innings and faced only 10 men, but Sharp got a single and Vanderberg clouted a home run off him in the last of the eighth.

Harold Nicholson, Little Road Runner third baseman played at first for the Peewees in the absence of Claude Heiskell who was working. Grover Lee Heiskell scooped them up at shortstop without a bobble in the absence of Billy Morrow who was also employed for the afternoon. Harold, one of the best hitters on the Danciger club got a triple first time up and after that couldn't connect effectively, striking out five hits. He played a flawless game at first base.

Other hits were made as follows: Grover Lee Heiskell 2 singles; Dull, single; Reed, single; Sharp, single; Turner, single; Haughwout, double; Vanderberg, home run. Reed struck five Juniors and faced only 12 men in the first four innings. Turner were made as follows: Dale Mills, 1;

Reed, 3; G. Heiskell, 1; Buckingham, 1; Dull, 1; Haughwout, 1; Vanderberg, 1. The Peewees made four errors.

The lineups:
Peewees—Heiskell ss, Buckingham 2b, Mills 3b, Nicholson 1b, Kilgore lf and p, Dull cf, Aulds c, Rafferty rf, Reed p.
Phillips—S. Cox 1b, Turner p, N. Cox ss, Kiel rf, Dewey c, Haughwout 3b, Hall lf and p, Vanderberg 2b.

The Peewee-Danciger game will begin tomorrow afternoon at 4 o'clock at Road Runner park. Rafferty or Reed will be on the mound for the Peewees, and Montgomery or A. C. Miller will do the hurling for the Little Road Runners. If the birds win, the Peewees with three defeats will be almost solidly entrenched in third place. The Peewees have not beaten the Danciger boys this year in the three games the two teams have played.

The Phillips-Borger game scheduled for Sunday has been postponed on account of a vacation trip to clock at Road Runner park. The game will be taken by the Phillips club.

Yanks Lose Third Straight As Giants Beat Cardinals

Cubs' Lead Stretched To Three Full Games

BY SID FEDER
Associated Press Sports Writer

Bill Terry and Rogers Hornsby, a couple of McGraw boys who learned their lessons well under the "old man", are carving "miracle man" reputations for themselves out of the hides of such pennant favorites as the St. Louis Cardinals and New York Yankees.

For instance, there's Terry, whose New York Giants were expected to collapse and sink definitely out of the picture along about mid-season. They collapsed, all right, but Terry brought them right back, and now they're in third place again, hot after the creaky Cardinals.

And Hornsby, with the St. Louis Browns, has become the only man in the American league to defeat the slugging dynamite of the Yanks. "Feed 'em slow balls," he told his pitchers. They did, and the Browns became the only club to hang three straight losses on "murderers' row" this season.

When Carl Hubbell and Mel Ott are right, Terry's Giants go places. At the moment, both "the Hub" and the "Kid Veteran" are red hot, so the Giants have taken two straight over the Cards. Hubbell's pitching won Tuesday's game, and Ott, Gus Mancuso and young hurler Bobby Gabler, making his first start of the season, combined to take an 8-2 decision yesterday.

With the Pirates losing a 16-4 slugfest to the Phillies, in which Johnny Moore belted three homers, the Giants shot into third place and the Bucs slipped to fifth. The Cincinnati Reds, who won their second straight over the Boston Bees, 7-4, took over fourth place.

The league lead of the Cubs was stretched to three full games by the Cardinals' defeat, as the Chicago champions nosed out the Dodgers 3-2 with Larry French posting his tenth pitching win.

The Browns, who came out of the American league cellar by downing the Yankees Sunday and Tuesday, stretched the New Yorkers' losing streak to three—their longest of the season—yesterday with a 6-4 win, chiefly on the

ALLISON WILL RETIRE, TEXAN SAYS AT DOCK

WILL QUIT AT END OF YEAR, HE CLAIMS IN INTERVIEW

NEW YORK, July 23 (AP)—Wilmer Allison, American singles tennis champion, returned from an unsuccessful invasion of England today and announced he will retire from competition at the end of the year.

"I am 31 now," said the Austin, Texas, veteran as he walked down the gangplank of the liner Washington, "and I have been in competition for 10 years. I think that is long enough to spend chasing balls around a court."

Allison said he would go to Washington, D. C., tonight to have an examination of his right leg which he said he injured during the North American zone final against Australia in Philadelphia last month.

If the leg is all right, Allison hitting of aging and ailing Jim Bittomley and the hurling of Ivy Andrews.

By the defeat, the Yankees' American league lead was cut to seven games, smallest it has been in weeks, for the second place Cleveland again slugged the Red Sox, winning 8-3, with Earl Averill leading a 19-hit attack to drop the gold plated Boston to fifth place.

The Chicago White Sox took over fourth place, just beating the Senators in a 12-inning pitching thriller that saw Johnny Whitehead best Earl Whitehill 3-2. The Tigers found Rookie Herman Pink in particular and the Athletics in general too tough and suffered a 7-5 setback but managed to hang onto third place.

said he would defend the singles title at Forest Hills in September.

"At any rate," he said, "as long as I can walk I will play in the national doubles championship with John Van Ryn."

Allison made a similar threat to retire from single competition a year ago when he returned from England. A few weeks later he puzzled critics by defeating England's peerless Fred Perry on the way to winning the national title.

The Texan said he planned to devote all his time to the brokerage business after this year. Returning with him were Van Ryn of Philadelphia; Hal Surface of Kansas City, and three members of America's winning Wightman cup team—Mrs. Sarah Palfrey Payson of Brookline, Mass.; Mrs. Van Ryn, and Carolyn Babcock of Los Angeles.

All-Star Texas League Game Be on Saturday

DALLAS, July 23 (AP)—Only three starting players on the two Texas league all-star teams which meet here Saturday night in the circuit's first "dream game," were hitting below .300 today—just two days from the game.

The northern division team, boasting a crew of sluggers, had two men below the mark in Cobb, bespectacled Tulsa first baseman, and husky George Rensa, Dallas catcher. Cobb, however, was only one point below .300.

Blinder, clever Galveston third baseman, was the only southpaw below the .300 line, but his fielding more than makes up for his .264 hitting.

Through Wednesday night the hitters looked like this: Mosolf (Dallas) .331; Tauby (Dallas) .329; Howell (Tulsa) .319; Peel (Fort Worth) .314; Easterling (Oklahoma City) .313; infielders, Mallon (Dallas) .354; English (Fort Worth) .315; Cobb (Tulsa) .299; Stroner (Dallas)

"On farm matters, Representative Marvin Jones of Texas, chairman of the powerful house agriculture committee, speaks in Congress for the Administration with an authority possessed by no other member."
—From Associated Press Article

"Marvin Jones is one of the most powerful floor fighters in the House of Representatives."
—From Washington Herald article

"The farmer is no longer suffering from 15-cent corn, 3-cent hogs, 2 1-2 cent beef, 30-cent wheat and 5-cent cotton. . . He has been returned to the road to freedom and prosperity. We will keep him on that road."
—Democratic Platform

The farm program, handled by Mr. Jones, has brought many millions in benefit payments to this section. It has increased farm prices, restored purchasing power and saved thousands of homes at a low rate of interest. Not only has it benefited farmers and livestock men. It has saved business as well.

M'LEAN GIRL AND LOUISIANA MAN MARRIED

RUTH HESS AND MAGEE WED AT RANCH RESIDENCE

Ferns and cut flowers lent their loveliness to the scene Sunday morning, July 19, when Miss Ruth Hess, daughter of Mr. and Mrs. J. L. Hess, and granddaughter of Mr. and Mrs. G. W. Sitter of McLean, became the bride of Clyde Magee, son of Mrs. J. N. Magee of Baton Rouge, La., at 9:15 at the ranch home of the bride's parents.

The simple ring ceremony was read by the Rev. W. A. Erwin, pastor of the First Presbyterian church of McLean, in the presence of the immediate family of the bride and a few close friends.

Mendelssohn's wedding march was played by a sister of the bride, Miss Margaret Hess, who also played "I Love You Truly" during the ceremony.

The bride's gown with a full-length train was of coral pink tulle with blue velvet trimmings and she carried a point lace handkerchief made by Mrs. Ruth Horton of Dallas, a longtime friend of the family for whom the bride was named. Her bouquet was of white carnations.

After the wedding all assembled in the dining room where the table was centered with a miniature wedding party. The bride cut the three-tier wedding cake of pink and white and Miss Margaret Hess and Mrs. L. M. Jones served punch.

Following the reception Mr. and Mrs. Magee left for a motor trip to various Colorado points. The bride traveled in a blue chiffon ensemble with white accessories.

The bride is a graduate of McLean high school, being valedictorian of the class of '33. She attended Texas Technological college two years and West Texas State Teachers college one summer. She taught last year in Collinsworth. The groom is a graduate of Franklin high school in Louisiana, and received his B. S. degree from Louisiana state university. For the past year he has been the vocational agriculture teacher in the McLean high school, a position which he still holds. They will be at home in the Upham apartments after July 27.

Present for the wedding were Dr. and Mrs. Lear M. Jones and children, Albert Earl and Patsy, of Lubbock; Miss Helen Hudson, of Wellington, and Mr. and Mrs. C. A. Watkins of McLean. Mrs. George W. Sitter, Mr. and Mrs. J. L. Hess, Margaret, Mary and Paris Hess.

Wedding Revealed by Honeymoon

Departure on a honeymoon cruise revealed the marriage of Floyd Odium (below), head of the \$100,000,000 Atlas Corporation, who emerged from the depression one of the world's richest men, and Jacqueline Cochran (top), one of the world's most daring fliers. Odium was divorced from his first wife last year.

SELISSIE IS 45
WORTHING, Eng., July 23. (AP)—Halle Selissie, toying with the idea of going to the United States to enlist popular sympathy for Ethiopia, celebrated his 45th birthday today. Disillusioned and sad, he spent a quiet day in contrast to the last formal observance of his anniversary in Addis Ababa with its great raw meat feast for his chiefs and warriors.

PARTY AT LAKE IS ENJOYED BY WHEELER GROUP

Treasure Hunt Held On Wednesday Night

The Baptist young people had a swimming party out at Silver lake. They returned to the Stanley Grove and played games and ate refreshments. Those present were Jack Tate, Orvia Puett, Irene Hunt, W. J. Ford, Mazie Beam, Lannie Mac Tullman, O. D. Conner, Bill Noah, J. R. Burke, Walter Flynt, A. B. Turner, and Mrs. Bill Pirrin.

Rev. Taft Holloway and Miss Anna Mae Puett planned a treasure hunt last Wednesday night. Those present were: Jack Tate, Theodore Conner, Orveta Puett, Helen Gilmore, Eula Puett, Joe Meek, Lindsay McCasland, Mae Puett, Louise Burton, Lavan Cole, Walter Adams, M. L. Gunter, Bonnie Adams, Ferrol Picke, Wayland Merriman, Lois Picke, Helen Flynt, Edgar Flynt, Max Wiley, Geoffrey McCrohon, Texas Miller, Mae Green, Eric Creekmore, A. B. Turner, J. C. Turner, O. D. Conner, W. J. Ford, Mary Eunice Nash, Noah Bryant, Marilyn Wiley, Martha Alice Wiley, Willie Dee Lawrence, Mazell Beasley, Walter Flynt, Alvis Jolly, Elmer and Claude Pillars, Juanel Perryman, Irene Hunt, Bessie Mae Picke, J. B. Crowder, Grainger McIlhany, Aubert Gunter, Carroll Adams, Ruth Faye Garrison, Rev. Taft Holloway, and Rev. Kirby.

Personals.
Mrs. Bessie Kenedy and Mr. and Mrs. Floyd Pennington and son, W. E., visited in Skellytown Sunday.

Harold Nicholson and Bill Miller, were in Shamrock Sunday afternoon.

Mrs. J. M. Picke and Miss Helen Gilmore shopped in Shamrock Saturday.

Betty Finsterwald, who has been going to school in Lubbock, returned home last week.

W. W. Adams made a business trip to Mobeetie Sunday afternoon.

John and Earl Wilson, of Canadian, were in Wheeler Sunday.

Mrs. Inez Ringar and children of Oklahoma City visited friends and relatives in Wheeler Tuesday.

Bonnie Adams, Ferrol Picke, and Ruth Faye Garrison were in Shamrock Sunday.

Mr. and Mrs. Lee McCasline are driving a new Chevrolet coach.

Centennarian

Born in the Chama, N. M., section in 1824, Jeirudis Argueyo (above) is Clovis oldest citizen, according to a recent census in connection with Brown & Lee directory. She resides at 711 West First street. Her daughter, Beatrice Montoya, Mrs. Argueyo is remarkably preserved despite her twelve years beyond the century mark.

The Social CALENDAR

FRIDAY.
Mrs. O. E. Palmer will entertain New Deal club.

SATURDAY.
Junior G. A. will meet at Central Baptist church, 3 p. m.

Mr. and Mrs. H. S. Coffey and son Arden and Mrs. Winford McKeel and daughter Katherine of Ada, Okla., are visitors in the home of Mr. and Mrs. D. H. Coffey.

Mrs. Hancock Is Hostess to Club

The Chatterbox Sewing club met Friday afternoon at the home of Mrs. George Hancock. Sewing, exchange of "Rosebud" gifts and interesting conversation were enjoyed.

Delicious refreshments of sandwiches, olives, angel food cake and iced punch were served to a guest, Miss Nadine Moore and Mrs. A. Hefflin, Mrs. Paul Clifford, Mrs. Curtis Graham, Mrs. R. B. Shepard and Mrs. L. C. Lockhart.

The next meeting will be held in the home of Mrs. Lockhart on July 31.

Churchmen Enjoy Iced Watermelon

Iced watermelon, cooled at the Pampa Ice company's plant, was enjoyed by 50 men at a joint meeting of the Men's Brotherhood of the First Baptist and Central Baptist churches in the basement of First Baptist church Tuesday night.

The Rev. Jno. O. Scott, pastor of Central church, was the speaker. Music was by the Central quartet and by Gerald Brown, accordionist.

WHEAT \$1.01 BUSHEL

With only two or three farms in this section still cutting wheat, the market here today was \$1.01 a bushel. Elevator men were pessimistic about the price going much higher. Top paid this year was \$1.04 and that figure was for part of a day.

MISS JAMESON WILL BE BRIDE OF N. WOODLEY

SHAMROCK GIRL GIVEN BREAKFAST AT EAGLE

Miss Elizabeth Jameson of Shamrock, who will become the bride of Noel Woodley of Littlefield, was honored here this week by Marjorie Tucker, who is to be one of the bridesmaids, with a lovely breakfast at the Eagle Buffet.

The tables were beautifully decorated in the brides favorite colors pink, blue, green and yellow. In the center was a large bowl of beautiful flowers. Yellow tapers, tied with ribbons and wedding bells, were around the bowl of flowers. Favars were corsages of yellow gladiolas.

Following a toast to the bride, a two course breakfast was served. Then the bride was presented with many beautiful personal gifts.

Miss Jameson has been honored with a number of showers and parties. The wedding will take place at 9 o'clock, August 9, in the Methodist church at Shamrock.

Attending the breakfast were: Mrs. R. W. Tucker, Mrs. W. L. Brummitt, Mrs. John Hodge, Misses

Clotilde McCallister, Ann Clayton, Esther Plank, Alene Hodge, and the hostess, all of Pampa. Out of town guests were the bride-elect's mother, Mrs. C. E. Jameson, her sister, Miss Elleen Jameson, and the honoree, all of Pampa.

Mrs. Bromley Is Hostess to Club

Mrs. Raymond Bromley was hostess for the High-Low Bridge club yesterday. Mrs. Albert Stevens, a sister of Mrs. Bromley from Corpus Christi, and Mrs. George Nix were guests. For club members, Mrs. Tom Morris won high and Mrs. McGon low, for the guests Mrs. Stevens won high. Mrs. Brady Sloucum won the traveling prize.

Color scheme was pink and white; refreshments were peppermint ice cream, angel food cake, and grape punch.

Those present were: Mmes. Al-

bert Stevens, George Nix, Tom Morris, McGon, John Sturgeon, Homer Lively, Brady Sloucum, and the hostess.

Mrs. Frank Peyton, 449 North Yager street, received word this morning of the death of her aunt, Mrs. T. E. Durham of Longview. Mrs. Durham was a pioneer resident of Longview and Gregg county.

ATTACK AIMED AT GOVERNOR IN CAMPAIGN

CANDIDATES CENTER ATTENTION ON ALLRED

(By The Associated Press)

Where gubernatorial candidates speak today:
F. W. Fischer: San Antonio, 8 p. m.
Tom F. Hunter: Dallas, 8 p. m.
Roy Sanderford: Hempstead, 2:30 p. m., Houston, 8 p. m.
James V. Allred: Navasota, 10 a. m., Bryan 2:30 p. m., Corsicana, 4:30 p. m., Waco 8 p. m.
Pierce Brooks: Denton 11 a. m., Gainesville 1 p. m., Denison 3 p. m., McKinney 4:30 p. m.

The four Democratic candidates seeking to defeat Gov. James V. Allred, turned most of their criticisms on the Allred administration in campaign speeches last night.

At Beaumont F. W. Fischer of Tyler declared the prime issue of the Democratic primary campaign was whether Texans agreed with Gov. Allred's administration and interpretation of the old age pension amendment.

He said: "I do not believe the citizens of this state intended that this pension should be paid to only a small percentage of 300,000 aged in Texas, and that the small sums these receive should come from liquor taxation. I am giving the people an opportunity to decide whether they approve the present governor's policy on this question."

Tom F. Hunter, who twice before has sought the governorship, attacked Gov. Allred as "the destroyer of the Texas anti-trust law." He told a Fort Worth audience the Governor not only had struck down the anti-monopoly law but had deliberately neglected to submit legislation for its restoration.

"An attorney general," Hunter said, "he sang loud and loud for an anti-trust law with, as he said, teeth in it. He was then palpitating for the job of Governor and posing as the arch-foe of trusts and monopolies." Despite this, he said, the incumbent has proposed no legislation against monopoly.

Roy Sanderford told a Dallas audience that only through a three per cent sales tax could enough money be raised to pay the \$43,000,000 needed yearly to provide for old age pensions. Such a tax, he

Youthful 'Old-Timer' Returns

The same energetic youth that entranced movie fans only a few years back still brightens the features of Miss Betty Compton, above, famous movie star who dates her success from the late days of silent pictures. Today, as beautiful as ever, she returns to participate in a new film with 30 old-time favorites, among them Francis X. Bushman, Bryant Washburn, and Maurice Costello.

said, also would bring relief to property owners.

"I propose," he said, "that two thirds of the tax should apply to the payment of pensions, and one third as a replacement tax to care for the state levy on farms, homes, business and other property."

He also charged Gov. Allred had "violated the will and wishes of the people in his continued refusal to reconvene the legislature and adequately provide for our aged."

At Houston Gov. Allred said that for the first time in the state's history a helping hand was being extended officially to paroled convicts. This was being accomplished, he said, through the county volun-

teer parole board system created under his administration.

"That is an investment in humanity that pays guaranteed dividends," the governor said. "It has been recognized as such throughout the nation."

Pierce Brooks, speaking at San Antonio, again explained his old age pension plans. He said he would, if elected, immediately start a movement for a referendum to include in the pension lists all men and women over 60 years of age.

He charged the present age limit of 65 was unfair to thousands of Texas who have served useful lives in their communities.

Life of Cowboy Shown in Seven Fete Paintings

DALLAS, July 23.—The dramatic story of a day in the life of a Texas cowboy of the 80's is portrayed in a series of seven paintings by Frank Reaugh, eminent Dallas artist, which are now on exhibition at the Texas Centennial exposition. "Twenty-Four Hours With the Herd" may be seen in a specially constructed gallery in the northwest entrance of the agricultural building at six showings daily beginning with "Guarding the Herd" in 1895 and ending with "The Herd Moves On" in 1932. When the picture was composed Mr. Reaugh had no thought of the series as it stands now and this particular scene is fourth in the sequence. All the studies and sketches which he used later were made years before (in the 80's) and on the ground so that each is done with the greatest authenticity. All the pictures are pastels.

The seven paintings have been developed over a period of years beginning with "Guarding the Herd" in 1895 and ending with "The Herd Moves On" in 1932. When the picture was composed Mr. Reaugh had no thought of the series as it stands now and this particular scene is fourth in the sequence. All the studies and sketches which he used later were made years before (in the 80's) and on the ground so that each is done with the greatest authenticity. All the pictures are pastels.

In order the pictures are as follows: "Driving the Herd," mid-afternoon; "Watering the Herd," midday; "Bedding the Herd," sunset; "Guarding the Herd" and "The Stampede in the Canyon," night; "Milling Cattle," early morning; and "The Herd Moves On," middle of the day.

CAPITOL JIGSAW

By HOWARD C. MARSHALL

AUSTIN, July 23. (AP)—Demand for copies of the Texas Constitution continues. Requests come from every section of the state and persons representing virtually every station in life.

About 3,500 copies have been distributed by the state library. Five thousand were printed under a Senate resolution which said the Centennial year would be a good time for Texans to familiarize themselves with their state's fundamental law.

Attaches of the department of public safety have suggested a modernized version of the three monkeys of oriental origin, the ones which hear nothing, see nothing, and know nothing.

They would change that story to show the first simian with hands cupped behind ear, the second with hands forming binoculars and the third with hands forming a megaphone.

They explain this would signify the interpretation hundreds of Texans have given the department, as based on countless quests for all sorts of information.

For example, an East Texan recently asked information pertaining to his marriage in 1900.

A woman motorist wrote: "I am to be a June bride, as you know, and therefore will change my name. Please send me a new license with my new name on it."

She failed to say what her name would be and the department had not heard of the nuptials.

Then this one: "Uncle Bill left home in a huff and has my driver's license. Please see him and have him return it as I do not want to spend a quarter for a substitute for nothing."

Passage of tourists through the capital, stimulated possibly by Centennial interest, has become distinctly noticeable. They crowd the elevators, troop up and down the stairs, hang at perilous angles over the balconies of the rotunda and otherwise give the big statehouse a thorough once-over.

Ernest Boyett, House of Representatives sergeant-at-arms and custodian of the chamber, estimated several hundred visitors were passing through daily.

The custodian in the Senate chamber noted many visitors from other states, chiefly southern, although most were Texans. Of the out-of-state tourists the largest number appeared to be from Tennessee, whose sons gave names to 24 of Texas' 254 counties.

A portrait of former United District Judge Duval West, retired, will be hung in the courtroom of the new federal building near completion here.

It will join the portraits of four other federal judges who presided in the district, Thomas H. Duval, grandfather of Judge West, Ezekial B. Turner, Thomas S. Maxey, and R. L. Battle.

R. S. V. P.

HOUSTON, Texas (AP)—A postman unceremoniously laid a letter on the desk of Grady C. Fuller and when Fuller opened it he found an invitation given by a friend of his in Sugarland. But he couldn't go. The party had been over for some time. Uncle Sam's ordinarily swift mails had taken 10 years to deliver the invitation, postmarked May 10, 1926. Sugarland is 20 miles away.

Filling War Chest for Townsend

With both fists full of money, a sergeant-at-arms reaches for additional contributions offered by delegates to the Old Age Pension convention in Cleveland in re-

sponse to the exhortations of Rev. Gerald L. K. Smith, "Share-the-Wealth" ally of Dr. Francis Townsend. They poured \$3,000 cash and \$10,000 of pledges into the special

fund to combat receivership suit instituted by ousted organization officials to break Townsend's control.

FASCINATING LIFE OF BEES IS SHOWN IN DETAIL AT CENTENNIAL

DALLAS, July 23.—You get the low down on bees at the Texas Beekeepers' Association exhibit at the Hall of Agriculture at the Texas Centennial exposition.

A queen is never selected after being born. Her Majesty is chosen while she is still an egg. When the bees elect a queen they pick out an egg and surround it with the sweet-

est of sweets to appease the royal baby's appetite.

A queen bee only mates once in a life time. She spends the remainder of her days laying eggs.

The honeymoon is over when the queen quits the embrace of her drone mate. He dies instantly.

Ladies in waiting push food into

Her Majesty's mouth while Her Queenship deposits eggs.

The digestive machinery of a queen is so highly geared that food is almost instantly converted into eggs.

Bees have a keen sense of selecting the choicest of sweets for the queen's menu. The workers are content with coarser stuff.

The queen has a corps of servants as extensive as a dowager.

A queen's daily egg production is bigger in size than the queen herself.

She will produce between 2,000 and 3,000 eggs every 24 hours.

In Texas a queen spends ten

Snake Slaying Case Near Jury

LOS ANGELES, July 23. (AP)—The bizarre case of Robert S. Jans, master hair-cutter charged with murdering his seventh wife, Mary, by rattlesnake-torture and drowning, neared the jury today.

Ten men and two women sworn to administer justice were expected to begin deliberations before nightfall following a final plea of the prosecution and the judge's charge. Yesterday's session ended with a defense attorney chanting threats against an investigator from the district attorney's office—latest of several extra-judicial episodes that may have made the trial almost as fantastic as the state's story of how Mary Jans died.

William J. Clark had just finished the defense summation in which he accused Jack Southard, the investigator, of prevaricating when Southard testified that Jans was not mistreated and coerced into signing a confession that he killed his wife.

"If you were younger, I'd call you outside in the hallway," Southard said to Clark.

Clark started after Southard. Others stepped between them.

FOURTH PARTY.

KANSAS CITY, Kas. (AP)—Mrs. Martha Meyers, 106, resident of the county home, came to town for the first time in 17 years to register for the primary. Said she: "A woman should be President of the United States because a woman has what it takes—good common sense."

months laying eggs and takes her vacation during the two coldest months.

A working bee always commits suicide, works herself to death. Her normal span of life is eight weeks. There are more than 200 practical uses for bee products.

You need all these modern features to get complete motoring satisfaction

You need NEW PERFECTED HYDRAULIC BRAKES for your own safety and the safety of others, under today's driving conditions. These brakes are always equalized—always dependable; they are maximum stopping power; they are the safest and smoothest-acting brakes ever built. Get this feature . . . get a Chevrolet!

You need SOLID STEEL one-piece TURRET TOP for complete overhead protection, for modern car styling, for all-season comfort. It puts the safety of solid seamless steel over your head; beautifies and identifies the modern car; keeps passengers cooler in summer and warmer in winter. Get this feature . . . get a Chevrolet!

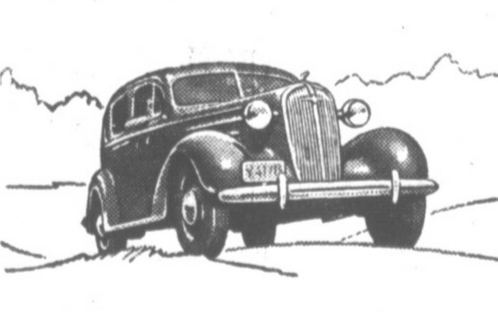

You need KNEE-ACTION WHEELS* for maximum safety as well as maximum riding comfort. They "step over" bumps and holes—eliminate car pitching and tossing—give all passengers a smooth, steady, level ride over all types of roads and at all engine speeds. Get this feature . . . get a Chevrolet!

Chevrolet is the only low-priced car that has them all

You need GENUINE FISHER NO DRAFT VENTILATION for correct air conditioning in all weather. It "accops in" refreshing breezes on hot days—prevents drafts—eliminates clouding of the windshield—and gives each passenger individually controlled ventilation at a touch of the regulator. Get this feature . . . get a Chevrolet!

You need a HIGH-COMPRESSION VALVE-IN-HEAD ENGINE for the finest combination of performance and economy. This sturdy Chevrolet valve-in-head engine excels in all-round action and gives economy without equal in a full-size car. Get this feature . . . get a Chevrolet!

You need SHOCKPROOF STEERING* for real driving ease on those long trips you are planning this summer. It eliminates steering wheel vibration—protects your hands and arms from constant shock—makes driving more nearly effortless than you ever thought it could be. Get this feature . . . get a Chevrolet!

VOTE FOR J. I. DOWNS FOR SHERIFF OF GRAY COUNTY

He will close the Gambling houses and run the Gamblers out of Gray County. The working man will not lose his pay check to the crooked dice dealers. Gray County will then be a safer place to raise your children.

J. I. Downs record is clean, as an officer in Gray County, there were no slot machines running in Pampa while he was Chief of Police and no open gambling games, and there will be none if your voters of Gray County cast your ballots for J. I. Downs for sheriff on July 25th.

A vote for J. I. Downs, means a vote for Law Enforcement in Gray County.

J. I. Downs is honest and is obligated to no clique. He is running on his own record and there is not a black mark against his record.

If you voters of Gray County will elect J. I. Downs your Sheriff, it will not be necessary for respectable citizens to have to petition the Grand Jury to "close up" Dance Halls when they become Public Nuisances.

J. I. Downs will cut the cost of the Sheriff's department and save the Tax Payers several thousand dollars annually.

Vote for J. I. Downs Saturday

the man she loved, married another and almost at once was left a widow. The war came, and with it devastation. Scarlett set her mind on one definite thing—survival. She was less than scrupulous about method, and with the help of Rhett Butler in divers ways she was successful. But only up to a point.

Scarlett is one of the great creations of American literature; so is Rhett. So is Scarlett's Mammy, for that matter. But that is dangerous ground, for the truth is that, even after some weeks of a book a day, this reader can recall Mrs. Mitchell's characters as readily as if they faced him across the table.

"Storm Over the Constitution," by Irving Brant (Bobbs Merrill): A sharp and generally successful effort to ferret out the true attitude of the men who wrote that famous document. Mr. Brant thinks that, properly interpreted, the Constitution can be made to sponsor the better society we search for.

"Waterloo," by Manuel Komros (Coward-McCann): Excellent recreation of the "Hundred Days," using some amusing characters as the eyes of the reader.

"People Are Fascinating," by Sally Benson (Covici-Frede): Bright little glimpses of people, New York style.

"Europe and Europeans," by Count Carlo Storza (Bobbs-Merrill): Europe must eventually unite, the Count thinks, because the mass of people will force it; he is not convinced that this same mass can be made to fight again, either.

York State

"Listen For a Lonesome Drum," by Carl Carmer (Farrar & Rinehart): New York State through

Booked simply "for questioning," Mark Wolner (above), German radio violinist, was reported held for questioning at Asheville, N. C., in connection with the mysterious murder of Helen Clevenger, New York university co-ed.

the eyes of the man who wrote "Stars Fell on Alabama," excellent material cleverly reported, with occasional indications of bias.

"The Scholes Music Handbook," by Percy A. Scholes (Witmark): Short, brightly written definitions of about 900 musical terms; exact by what a radio or phonograph listener needs to understand what the announcers are talking about.

Miller To Give Radio Talks And Will Speak Here

Driving on to a finish in his race for Congress from the 18th Congressional District, the Hon. John R. Miller will speak over two radio broadcasts on Friday July 24, from 6:25 to 7:15 p. m.

Miller will give his address over stations KPDM, Pampa, and KGNC, Amarillo, in order that the voters may hear him in his district-wide broadcast.

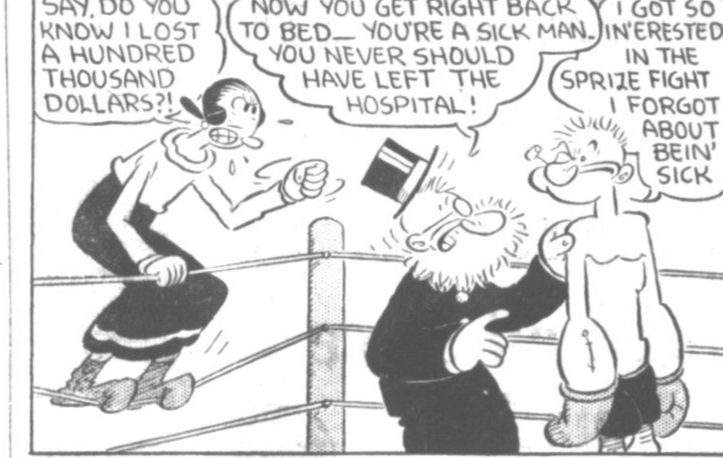

The week before his broadcast, Miller will speak in various places over the district.

Miller will end his final drive with an address in the Pampa city park tomorrow evening at 7:30 o'clock, following the radio broadcast, and a final speech in his home town, Borger, that same night at 9:30 o'clock.

Scanning New Books

Publication of Margaret Mitchell's "Gone With the Wind" (Macmillan) has revived the fuss about the mythical great American novel.

There is little doubt that Mrs. Mitchell's titanic novel is great. It has pace and pace and pace and shrewd characterization. It is a story of Georgia during and after the War Between the States, and yet it neither reeks with magnolia scent, nor is hung with spanish moss.

The people are people, not stalking horses, and there is no factitious overlay of sociological nonsense such as afflicts so many good novels of late. Mrs. Mitchell does not insert "great forces" into her fabric; she writes her story, and the forces emerge in due order and naturally. Her people work through an important period of taut stresses, and they are not lost in their journey.

One Scarlett O'Hara, daughter of a rough Irishman and an aristocrat of French descent, is the center of the book. Scarlett lost

HOUSE OF SHADOWS

CLAIRE looked at Nick earnestly. "I wasn't hiding from you," she assured him. "I just wanted a chance to think things out, get my equilibrium and—"

and once more lighted a wooden flare. His muscles felt increasingly stiff and sore. If he ever expected to dig his way out of this infernal place, he'd better be at it—

Yet there had been that tapping noise which had led him in this direction. He hadn't heard the sound for some time now. Experimentally he tapped the wall at regular intervals, as nearly as possible like the noise he had heard.

Speculations raced through Pat's mind as he put every ounce of his strength into the task before him. Again and again, mechanically, he swung the pick, though each time it was with lessening effort.

At that very moment Claire was standing outside the root cellar, wondering what she should do next. Susie had not reappeared after her interview with Nick Baum, although it was now near supper time.

When Claire had rushed to Hannah with her breathless story of finding the broken arrow mark in the book, Hannah had listened rather skeptically. Since by that time the sign was no longer visible, the older woman was inclined to dismiss the whole thing as another fantastic whim of Lyman Fosdick's.

But the report about Nick Baum and Susie enlisted her liveliest interest. "So," Hannah snorted. "Maybe you'll see now what kind of a rattlesnake that woman is. I always said she'd do anything. But where in time could she have met up with Nick Baum?"

"I can't imagine," Claire answered. "He told me he'd only been here once before."

"You don't think for one minute that Susie is stationary, do you? That gal's a scammer, and don't you ever forget it! If Eb didn't hold her down, no tellin' where she'd end up. She—"

BETTER USED CARS. New Buicks cost more. That's why buyers trade in better Used Cars and why we have BETTER used cars to sell you.

As she passed a small window half-way up the stairway, she glanced in, then stopped abruptly and looked again. Down the sloping hillside behind a big bush she could see Nick Baum talking to Susie.

Both women rushed to his side. For an instant his eyelids fluttered open and his lips moved. Claire leaned nearer, then after a minute looked up. "Hannah, I do believe he's sleeping more naturally. He seemed quite rational when he opened his eyes. I think he wanted to speak to me."

There could be no doubt about it now. Someone or something was digging back of that wall. Was that the tapping she had heard in Lyman Fosdick's library and in the bedroom directly above? This part of the cellar was almost underneath the roots of the pane tree outside the library window.

A cold sweat broke out on the girl's forehead. Could it be the white miner, or the white digger, or the white digger? The lamp in her hand suddenly dimmed. She looked down at it in terror, and saw that it was empty. She simply could not stay there, listening to those horrible sounds in the dark. In panic she rushed up the cellar steps.

There were the usual boxes and barrels standing in orderly rows. Susie might be flitting about, could deny that she was a good housekeeper. Claire moved toward the shadowy end of the room and suddenly stopped. Regularly, evenly, came sounds of something beating against the side of the wall. She went over and laid her ear against it.

THE ASSOCIATED PRESS PATROLS THE WORLD FOR PAMPA DAILY NEWS

Dallas Staff Covers Texas Swiftly, Accurately

The great newsgathering organization of The Associated Press patrols the whole world day after day just as it does Texas to bring to this newspaper, the 73 other member papers of this state and more than 1,300 others elsewhere swift, accurate accounts of the news of the day.

In this state, 38 full-time news, photo and technical men divided among three separate bureaus are on the job day and night expediting the news—politics, oil, agriculture, weather or whatever it may be—to the 74 member newspapers as fast as modern communication will carry the words. Three newspapers in Louisiana and one in New Mexico are also served by the Texas staff.

Further coverage is assured by hundreds of part-time correspondents who blanket this huge state, speeding dispatches to the nearest bureau where they are checked and put on the wires.

This Paper Contributes News.

Because of the cooperative nature of The Associated Press, The Pampa Daily NEWS, too, has had a hand in the coverage. This paper—and every other member paper—gives its own local news in exchange for that of the others. In fact, it is this system of cooperation carried out on a national scale by the members which makes possible The Associated Press.

The role of the AP, with its 7,500 full and part-time correspondents in the United States and Canada, and hundreds of others in 252 principal foreign cities, is that of a great clearing house for news. The association uses 200,000 miles of leased wire on this continent and thousands of miles more of wireless and cable in linking the member newspapers and bringing the news.

Special Service in Washington.

In Washington, D. C., Texas news interests are looked after by a large regional staff maintained solely to report news of special interest to this and other special sections of the country. Texas' congressional delegation is contacted daily and thorough reporting is given all events affecting this state.

The history and expansion of The Associated Press in Texas spans 25 years. As late as 1911, member papers now receiving 24-hour triple trunk wire delivery, full financial and racing services, were then getting their news in condensed form by telegraph from Denver, and many cities with prosperous daily newspapers now supplied by high-speed automatic electric typewriters, were non-existent.

In 1920, no paper between Dallas and Amarillo, an up-grade haul of 400 miles, received leased wire news delivery excepting Wichita Falls, and none between Beaumont and Brownsville, another stretch measured in hundreds of miles.

Population that increased more than 1,000,000 between each decennial census from 1910, tells the story. There was an increased demand for news which the publishers were alert to gratify.

In 1911 publishers of evening papers in north, central and Texas Gulf coast cities arranged for a leased wire. A group of morning newspapers had the leased wire service from about 1880.

Today, 53 daily newspapers, including one in Louisiana and one in New Mexico, are linked to the vast Associated Press network by direct wire and automatic electric typewriters, called printers, click off the news in their offices at 60 words a minute. Twenty-five others, including two in Louisiana, receive special telegraph and telephone service from Dallas. Approximately 6,000 miles of leased wire are required for the Texas area.

Dallas Is Focal Point.

The three state bureaus are at Dallas, Austin and Houston.

The Dallas bureau, established in 1912, is state headquarters. In and out of it flow thousands of words daily. Staff writers and editors are on the job 24 hours a day, working with the member papers in the exchange of news which is the keystone of The Associated Press. In addition to handling daily spot news matter, they feature stories with particular appeal to Texas residents.

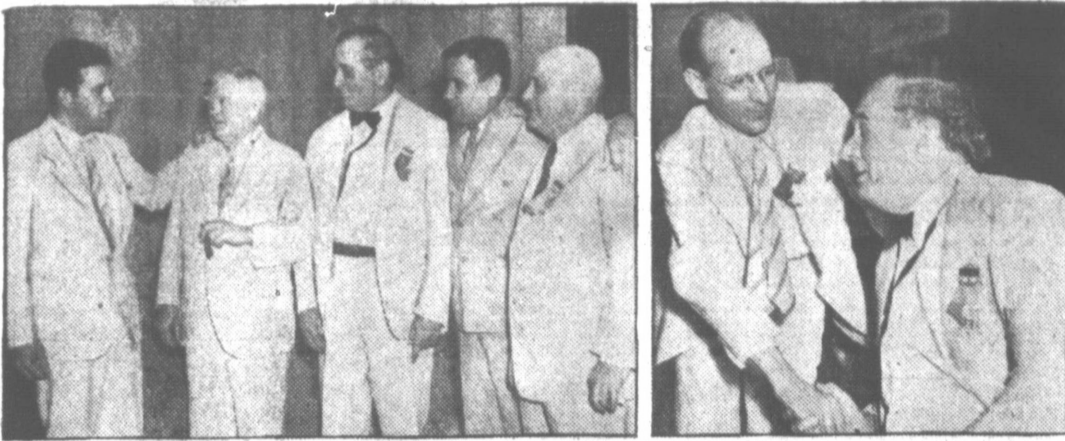

At Austin, trained staff men watch the activities of the legislature when it is in session and report the facts as they see and hear them—objectively, fairly. They also cover the state and federal courts and the numerous governmental offices.

At Houston, an experienced reporter is constantly on the alert for assignments in south Texas and the Rio Grande valley.

Important stories from outside Texas are sent directly to Dallas where the editors redispach them to the member papers.

Foreign news is received by cable and wireless in New York and San Francisco and reaches Texas members from those cities via Dallas.

A new news photo bureau was opened in Dallas recently and part of the staff devotes itself entirely to picture reporting of the news. Pictures are received and dispatched at Dallas by Associated Press Wirephoto, a system of transmitting pictures by wire. Airmail and other fast delivery methods are also used

The day's news in the making. Part of the Texas staff of The Associated Press is shown at work in Dallas, state headquarters, (bottom) writing, editing and dispatching the news to The Pampa Daily NEWS and 73 other mem-

ber papers in this state. Left, top: Donald Young, who reports Texas affairs in Washington, D. C., interviews Vice President Garner on the floor of the Democratic national convention while Senator Tom Connally, Gov. James V. All-

Exile Demanded by Townsend

Bitter discora rocked the Townsend convention in Cleveland when Dr. Francis E. Townsend demanded expulsion of Vice President Garner Smith, above, Oklahoma Democrat. Smith delivered a sizzling denunciation of Father Charles E. Coughlin and the Rev. Gerald L. K. Smith for their speeches attacking President Roosevelt.

in getting pictures to the members. Pictures of important state figures and news events are now provided, also, through a new state mat service.

Collecting news in Texas, a state of "magnificent distances," brews many difficulties. Some areas are well nigh inaccessible. But thru the close-knit cooperation of the member newspapers, the regular staff and the correspondents, the Texas AP has surmounted all obstacles and contributed largely to the news of the nation.

Among the high spot stories of recent years are the Rio Grande valley hurricane of September, 1933; the capture of the Utrchel kidnapers and Harvey Bailey's subsequent jailbreak; the activities of the Barrow brothers and the killing of Clyde and Bonnie Parker; Raymond Hamilton's bank robberies, prison breaks and execution; disastrous Rio Grande floods; the recent exile of Calles from Mexico covered by AP staff men flown from Houston to Brownsville; development of vast east Texas and other Texas oil fields; legalization of horse racing and repeal of state prohibition; passing of Ferguson political regime; Southern Methodist university chase for Rose Bowl football game; John N. Garner elected vice president.

So well organized is the complex Associated Press system that this newspaper is only minutes away from the most distant foreign city. And so stringently does the AP guard against bias and prejudice that its name has become synonymous with integrity and reliability in news.

ARLINE JUDGE 'RIDES BICYCLE AROUND CEILING' FOR FIGURE

HOLLYWOOD, Calif., July 23 (AP)—An hour a day "riding a bicycle around on the ceiling" has given Arline Judge, pretty film actress, what a professional conditioner calls "the most beautiful feminine figure in the world."

The trainer, Edwin Marriott, whose references show he was employed by numerous international beauties and members of royalty, said the actress' figure is "a model of physical perfection."

Miss Judge disclosed a simple exercise routine keeps her in trim. "Lie down on the edge of the bed so that your head bends backward.

Put your feet as high in the air as possible, and imagine you're riding a bicycle around the ceiling. Rotate your legs in a circle, as though pedaling.

"Alternate that with a rigid leg-motion as though walking." She said that she has been exercising thus during the five years she has been in the movies. The only time she stopped was when she had her baby several years ago.

She plays a great deal of tennis and swims several times a week. But she doesn't diet. Just now she's wearing a leather brace to hold two ribs in place which she fractured in

ERNEST O. THOMPSON
for
Railroad Commissioner
PROTECT THE FUTURE OF TEXAS' SCHOOL CHILDREN!

THE men who founded Texas made wise provision for the education of Texas children by dedicating large tracts of public lands to free Public Schools.

These lands had but little value and brought but little income until discovery of oil and gas made them extremely valuable.

School funds receive the income. The Common School Permanent Fund now is \$6,466,703.71 and that of the University of Texas and Texas A. & M. College is now \$18,490,411.71. This is chiefly due to oil and gas leases and royalties.

This income varies directly with the price of oil. When the East Texas oil field was wastefully "wide open," oil dropped to 10 and 15 cents a barrel.

The income of the Permanent School Funds during the year September 1, 1932, to August 31, 1933, totaled \$1,569,266.22.

Then the Railroad Commission of Texas, under the able leadership of Ernest O. Thompson, chairman, enforced the present legislative policy of conservation.

Immediately, the price of oil went to \$1.00 a barrel.

In the year September 1, 1934, to August 31, 1935, the income of the two Permanent School funds rose to \$3,797,562.27. This was a clear dividend to the school children of Texas of \$2,228,296.05 per year over the chaotic period of wasteful oil production.

SAFEGUARD THE FUTURE OF YOUR CHILDREN! VOTE TO RE-ELECT ERNEST O. THOMPSON RAILROAD COMMISSIONER!

LANDON TALK TO BE BRIEF-- AIDS REPORT

TOPEKA DRESSED UP FOR ACCEPTANCE CEREMONY

TOPEKA, Kan., July 23. (AP)—Alf M. Landon, the 48-year old governor, stepped forward formally as the republican candidate today to open a "fighting campaign" for the presidency in a sitting of political pageantry unprecedented in Kansas.

For Landon it was a day of days comparable to the one six weeks ago when his party chose him in national convention.

He left his office door ajar for a morning of hankshaking with a few of the thousands streaming into this bunting-striped capital on the plains—a prelude to the elaborate evening ceremonies for his carefully drafted speech accepting the nomination.

More than 12 hours before the 8 p. m. (Central Standard time) start of the nationally broadcast addresses, Robert M. Outhwaite, chamber of commerce president, estimated the city's guests exceeded 30,000.

Through streets splashed with sunflowers and hung with banners, the crowds milled toward the south steps of the buff sandstone capitol building selected for Representative Bertrand Snell of New York to notify Landon of his nomination.

For the afternoon a triple-columned parade, trimmed with 100 bands, was organized in a pioneer motif.

Outwardly calm, restricting his remarks to the weather and to greeting friends, Landon sought several hours of rest during the day. His only engagements were a luncheon with members of the Republican national and notification committees and an early dinner with his family.

He laughingly told well wishers he would be satisfied if a drouth relieving rain developed during his address. The weather forecast of "fair and warmer" pointed toward the 100-degree temperatures in the afternoon.

Both within and without party ranks, Landon's address was waited eagerly. Its brief paragraphs, said a fall while dancing with Clifton Webb.

"I eat anything I want, and ride it off on the 'bicycle,'" she concluded.

Her measurements approach the classic dimensions of the Venus De Milo—Height, 5 feet, two; weight 100 pounds; neck, 12 1/2 inches; bust 21 1/2; waist 24 1/2; hips 35; thigh, 18; wrist 6; ankle 7 1/2; calf 12 1/2; foot 6 1/2.

EX-CHAMPIONS DEFEATED IN GOLF TOURNEY

CO-MEDALIST IS FAVORED TO REACH FINALS

FARMINGDALE, N. Y., July 23. (AP)—It was anybody's title today as clerks, steelworkers, salesmen, oil station attendants, an actor and a cab driver who rode the last former titleholder out of the picture, drove toward the quarter-finals of the National Public Links golf championship.

Four former champions started, but not one was in the field of sixteen survivors from scattered sections of the nation and Hawaii.

If there were any favorites in the cross-section field of men and boys they probably were Claude Rippey of Washington, co-medalist, and Pat Abbott, the movie extra from Pasadena, Calif. The two were listed in opposite brackets, and most of the players figured they were the two most likely to reach the 36-hole final Saturday.

Rippey, who shattered all records for national tournament play Tuesday by shooting a great 30 on the front nine of the Beth Page Blue course, faced Honolulu's sole representative, Kammy Lau, in the third round.

Abbott, winner of the Southern California open against an all-star professional field last winter, was challenged by Donald Socoli, New Britain, Conn., gasoline station man.

The hero of yesterday's rounds was George Studinger, a cab driver by aids to total less than 4,000 words, were guarded closely.

But perhaps foreshadowing the republican candidate's own interpretation of party policies was the Cleveland platform which said the accepting nominees should "be true to the principles and program here in set forth"—an undertaking accepted "unqualifiedly" by Landon.

This declaration of resolutions promised maintenance of "the American system of constitutional and local self government" and favored business encouragement.

"The necessities of life" were pledged the needy; a "pay-as-you-go" policy of social security was proposed and farm benefit payments were viewed with favor.

With his acceptance address behind, Landon planned to go over with his advisers, John Hamilton, campaign strategy in consultation national chairman, arranged to stay over in Topeka tomorrow to talk with the nominee. Itineraries for campaign swings provided a major subject for discussion.

7 INCHES RAIN FALLS BROWN WOOD, July 23 (AP)—Farmers of Brown county today surveyed damaged cotton crops in the wake of a torrential rainfall estimated as much as seven inches in the Bangs section. Strips of road were washed out and water stood deep in Bangs' streets during the downpour last night.

Why Gulf is the Gas for July

"IS IT COOL OUT THERE, GIRLS?"
Well, it's hot most of the time on shore. July requires a gasoline that's made to a special hot-weather formula. Otherwise, you don't get the mileage you pay for... part of the fuel escapes out the exhaust unburned, wasted. Ask for *That Good Gulf* in July—its formula fits the weather. And because it's "Kept in Step with the Calendar," all of it goes to work, none of it goes to waste. Try a tankful.

"Kept in Step with the Calendar" THAT GOOD GULF GASOLINE
