PAMPA, GRAY COUNTY, TEXAS, FRIDAY EVENING, APRIL 1, 1927.

PRICE FIVE CENTS.

WHITEY WALKER IS CAPTURED

SEWER TO BE REPAIRED SOON MAYOR SAYS

Water Superintendent Is Ordered To Take Action

"IS NOT FIRST OF REQUESTS"

Dr. V. Brunow Says Incinerator Would Be Cheap

Promises of immediate action to better the operation of the sewer system is made by Mayor F. P. Heid today in a message to Dr. F. Von Brunow, county health officer.

The reply follows: "In respect to your article of March 30, addressed to me, I will say that I will take as quick action as possible. I have ordered the water superintendent to take action to repair the disposal plant so that it will work."

"I had given these orders before, and I am glad that you have taken this action, as it helps to bring results."

"As to the incinerator, I will have to take that up with the city council so as to prepare for funds to install same. Warrants will have to be provided to cover the expense."

"The dump grounds are giving us lots of trouble, and we are going to clean up some of the matters. I thank you for your interest."

F. P. HEID, Mayor of Pampa.

An incinerator suitable for local use would not cost more than \$500, according to Dr. Brunow. With gas for fuel, the cost and trouble of operation would be small. Under present conditions, dead animals are being allowed to decay upon the ground.

Forty-and-Eight Returns With Charter

The eighteen members of the Pampa Legion forty-and-eight returned from Amarillo where they attended their first meeting and received the charter.

The local Forty-and-Eight is just organizing in Pampa and it is expected that the local body will have a large membership.

Mexican Is Injured At Dump Grounds During An Altercation

Joe Gonzalez, Mexican driver of one of the city refuse wagons, received severe cuts on the head when he and Jack DeGraffenreid, owner of hogs now feeding at the city dump yard, had an argument yesterday afternoon.

DeGraffenreid objected to the Mexican's dumping some refuse on a certain part of the grounds. The affair was reported to the sheriff's department, and DeGraffenreid paid a fine.

Write Articles On Pampa Now

The Pampa Daily News writes content for proposals on the city's growth up to December 31, 1927 will be extended until April 1 in order to enable several entrants to finish manuscripts upon which they are now working.

Prizes of \$5, \$3 and \$2 will be given for the best three manuscripts of not more than 1,500 words. The articles may include a resume of Pampa's needs and opportunities. They will be published in the Daily News.

Boost Pampa by giving your best thought to an article. Turn it in to the News during the coming week.

Riots Feared In Hankow, Capital of Chinese Armies

(By The Associated Press.)

WASHINGTON, April 1.—Conditions in Chungking, where an American consulate flag was destroyed yesterday by the Chinese, are growing worse, Admiral Williams reported today to the Navy department.

He said advice received by him indicated possibility of serious disturbance shortly in Hankow, the present political capital of the Cantonese Nationalist armies.

SHANGHAI, April 1.—It is reported that Chang Kiashek has been dismissed as generalissimo of the Cantonese armies.

Indications are that Chang is concentrating his resources to defy dismissal.

WASHINGTON, April 1.—Orders have been prepared for the dispatch of two more battalions of Marines to San Diego to be held in readiness for service in China.

Two Automobiles Stolen Here In Last 24 Hours

Two cars were stolen from here within the last 24 hours. Last night a Rickenbacker coupe, with the right side dented, was taken from in front of a residence in the west end of town. The car was owned by Gale C. Chang.

This afternoon about 2:30 o'clock a Dodge coupe, owned by Joe Patterson, was taken from in front of the Gray-Pampa hotel. The license number began with 393 and the balance is not known. The car was a new 1927 coupe, engine number C-453,474.

The descriptions have been telephoned to outside points.

Largest Earthen Dam Makes Range Blossom

More than 400 people saw the Pampa high school athletic association play "The Dear Departed" at the auditorium last night. It was well played and very humorous.

The play, a comedy, centered around the supposed death of Grandfather Merriweather, well played by Vernon Culverhouse, and the arrival of some of his relatives.

The cast was composed of: Bob Mullen, Catherine Vincent, Donald Zimmerman, Marjorie Parker, Vernon Culverhouse, and Melba Graham.

The play was under the direction of Miss Velora Reed.

During intermissions songs were sung by Miffie Ina and Thelda Mickey and were greatly enjoyed. An added attraction that was very pleasing was a group of songs by Dr. H. P. Maddy formerly of Littlefield.

The final act was a negro minstrel act, featuring witty stories and old time melodies, by boys of the high school. It was under the direction of Oscar Dial and Verdé Dick-ey.

Moody Signs 17 Bills—One Kills Court of Appeals

(By The Associated Press.)

AUSTIN, April 1.—Governor Dan Moody today signed seventeen bills, among them the Civil Appeals court re-districting measure eliminating the Twelfth Court of Civil Appeals at Wichita Falls, and another providing for the regulation of automobile insurance by the commissioner of insurance.

Girls in Cleveland, O., have formed the "Cleveland Anti-Peeling Society," whose members sign a pledge not to eat, drink, or smoke.

THOUSANDS OF MINERS OUT IN COAL FIELDS

Not Real Strike, But Wage Truce Expired

FEW MEN TO CONTINUE WORK

No Early Solution Of Problem Is Seen

CHICAGO, April 1. (AP)—The coal mining industry in the central competitive field entered a curious phase which is not really a strike of a lockout, but which forced thousands of miners into idleness as the Jacksonville wage agreement expired.

Many temporary agreements have been made throughout the mining area to continue work, but it was apparent that a large percentage of the nearly 200,000 men employed had laid aside picks and shovels, pending a solution of the problem.

FACTS ABOUT STRIKE

Within ten years there have been six strikes in the coal fields.

The present battleground includes Illinois, Indiana, Ohio and Western Pennsylvania fields where there are 150,000 bituminous miners.

In nineteen other states and two Canadian provinces 200,000 more miners are employed in bituminous fields, making a total of 350,000 soft coal miners.

Anthracite miners, unaffected by the present strike, number 153,000.

The most widespread of vicious strikes was in 1922-23 when both Anthracite and bituminous miners were called out. President John L. Lewis insisted on "no backward step" at a time when many industries were adjusting wages, and the miners held out on this ground for many months, until they won.

Seniors Kidnap Teacher and Take A Half-Holiday

Instead of attending the class of Prof. Oscar Dial early this afternoon, the senior class of Pampa high school abducted the teacher, taking him for a drive, and they unofficially and informally took a half-holiday in celebration of April 1.

The event was not taken seriously by the faculty, and the entire school was dismissed at 2:30 p. m.

Injunction Suit Expires As Case Is Not Prosecuted

After making two attempts to hold a hearing on the injunction petition asking Judge Newton P. Willis to restrain the county commissioners from paying the deputy sheriffs, the case was automatically dropped through failure of the plaintiffs to appear.

The petition alleged that the county was using funds to pay deputy sheriffs instead of "deputy highway officers" as authorized by law.

Dallas Firemen to Demonstrate Trucks for Local Group

At a meeting of the fire truck committee yesterday afternoon in the Chamber of Commerce rooms, further means to raise the balance of the money for a new fire truck were devised and the merits of the different trucks were demonstrated.

Ben White, J. M. Dolson, and the Lewis are going to Dallas Saturday and will return Monday.

Ransomed

After being gone for five days, Virginia Josephine Frazier, little daughter of Mr. and Mrs. Fred B. Frazier of Chattanooga, Tenn., was returned on payment of a ransom of \$3325. When the money was paid, the child was left on the front porch of a neighbor who was a friend of the Fraziers.

Fine Is Assessed On Assault Charge

At the Justice of the Peace Court this morning, J. M. Carlisle, who has the contract to collect the city garbage, was charged with assaulting J. H. Phipps.

After hearing the evidence, the jury found the defendant guilty of common assault and fined him \$5 and costs. The defendant's lawyer, Judge Ben S. Baldwin, is appealing the case to the county court on the allegation that no blows were struck.

C. of C. Soon to Entertain Oil Men In Local Banquet

The Chamber of Commerce met for a business meeting last night at the committee rooms. Current business was gone over and a decision was made to hold a banquet for oil men in the near future.

A committee of three, Lynn Boyd, R. R. Jones, and W. T. Woodward, were chosen to complete arrangements for the holding of the banquet and to decide the date and place.

Magnolia Company Has Big Banquet

In the first banquet to be held in the dining room of the new Adams hotel, about 40 employees and officials of the Magnolia Petroleum company had an enjoyable social evening Wednesday.

Visitors included F. V. Faulkner, James Kilbenstein, William Ray, F. S. Lane, and M. J. McLaughlin of Dallas and Earl Vandale of Amarillo.

The Magnolia officials visited the extensive company properties while here, including the new carbon black plant under construction. Further projects are under consideration.

A "social service bureau" in Houston, designed to furnish escorts or female companions to the lonely, located only 14 hours after its existence was known to the general public.

SHOTGUN SQUADS ARE SCOURING BORGER COUNTRY FOR TRACE OF PAIR OF PAMPA BANK ROBBERS

HEARING ON IN STINNETT TO PLACE CHARGES IN MURDER OF BORGER DEPUTIES AND TO IDENTIFY LOOTERS OF LOCAL BANK

"Whitey" Walker of Borger, alleged to have been the bandit who guarded the front door during the robbery of the First National bank at noon yesterday, was captured at 11:30 a. m. today in Borger at the home of Hugh Walker, his brother. He offered no resistance when brought out of hiding.

Earlier in the day Hugh Walker and Ed Bailey were arrested in Borger in connection with the killing at 3:15 a. m. this morning of Pat Kenyon and A. L. Terry, veteran Borger deputies, a short distance north of the city. One of the pair was wearing Terry's automatic when arrested, according to dispatches from Borger.

The three men late this afternoon were taken to Stinnett, the county seat, for a hearing and to determine whether DeLea Vickers and A. V. Hendrick local bank employes, can identify any of them as robbers of the Pampa institution.

Meanwhile, dozens of shotgun squads of officers and angry civilians are scouring Hutchinson county in search of Matthew Kimes and Ray Terrell, Oklahoma gunmen identified by their pictures as having looted the Pampa bank of \$32,452. They are believed to have been implicated this morning in the shooting of the deputies, and also evidently have the money taken here.

After holding up the bank the trio spent the afternoon in a farm house north of this city, then drove away after locking their host and hostess in a clothes closet.

Many false rumors were circulating this afternoon, including one that a Gray county deputy had been killed.

Rangers to Investigate

AUSTIN, April 1.—Rangers today were ordered to begin an investigation of the robbery of the Pampa First National Bank yesterday. Whether Rangers other than those already in the Pampa handle will work on the case has not been decided. (Special to The News.)

BORGER, April 1.—Pat Kenyon and A. L. Terry, members of the Borger deputy sheriff's department, were shot and killed early this morning on the Phillips road north of here.

Their bodies were found lying on the road and their car was standing crosswise in the middle of the highway. Two pistols lay on the ground. Kenyon was shot once through the chest and once from the back of the head; Terry was shot once through the left cheek bone.

Hugh Walker and Ed Bailey, out on bond in connection with the killing of Coke Buchanan, Borger policeman, two weeks ago were arrested this morning and taken to the jail at Stinnett. "Whitey" Walker, a brother of Hugh, was immediately sought by officers.

The slain officers apparently were shot as they stopped their car to halt an approaching vehicle. Only three shots were fired according to residents nearby, and each took effect.

BANK ROBBERS SPENT AFTERNOON NEAR PAMPA

Tales of the bandits who robbed the Pampa First National Bank of \$32,452, scaped toward Borger, and stopped at the W. B. Archer farm, 3 miles north of this city, while they placed their car in a garage, and stayed under cover until dark.

The trio entered the house upon the guise of wishing to use the garage because of "big trouble," and before reaching the telephone drew guns, ordering Archer and a sister to sit in chairs. Then the bandits calmly made themselves "at

home," told about the robbery, looked at some of the loot, and expressed regret for having to inconvenience their host and hostess.

Suddenly, as they sat in the living room, the telephone rang. At first it was decided not to answer it, but this idea was abandoned and Miss Archer was permitted to take down the receiver. A bandit stood beside her while she told a sister of the robbery, but did not dare divulge the unique source of information, or tell of the presence of the men.

About 7 p. m. the robbers placed a ball of drinking water in a clothes closet and locked the door. They were telling them that an hour and a half was needed to make a good getaway, but that when the trio reached Amarillo they would phone local police of the plight of the prisoners. Mr. Archer cut through a heavy door in about an hour and came to Pampa to report. Two Texas Rangers who had arrived here heard the story and left at once for Borger.

A Very Big Haul

A final check of the loot, which has been approved by an insurance examiner, found \$32,452 missing. Bills ranged from \$1 to \$100 in denomination, and it was learned this morning that \$1,700 in coin was taken. The bank had received a shipment of \$15,000 Wednesday, the day before the robbery. A ring and a watch chain containing a \$10 gold piece belonging to directors of the bank, struck the fancy of the bandits, who showed them to the Archers yesterday afternoon.

Some doubt is felt here that there were more than three in the party, although two men who were outside were taken as robbers by spectators. One of the three made a trip outside to see about the large cadavres while the robbery was in progress. If there were other bandits, they left in a different manner from

SOCIAL NEWS *Phone 72 Mornings*

Mrs. DeLea Vicars Is Entertainer

Mrs. DeLea Vicars was hostess to six tables of bridge at her home Thursday afternoon, high score being won by Mrs. Hicks Allen.

Delicious refreshments consisting of two courses was served to the following: Meadames Charles Thomas, W. L. Woodward, C. E. Kingsbery, Barnett, A. H. Doucet, G. C. Waldstad, H. Thut, Neal McCullough, Hicks Allen, Twiford, John Lewis, John Willis, P. B. Carlson, H. W. Johns, Bob Gilchrist, Wilkerson, Jones, Jamison, W. W. Merten, Mack Graham, J. S. Wynne, Siler Faulkner, Clyde Fathenes, Jim White, P. O. Saunders, and Miss Sally Jackson and the hostess Mrs. DeLea Vicars.

Mrs. Ina Holloway of Roxana was in the city Thursday shopping.

Miss Grace Counts of Miami spent Thursday in town shopping.

B. E. Finley was in Amarillo Thursday on business.

Mrs. F. S. Gray of Parkersburg, W. Va., is here visiting her sister Mrs. W. Cram.

Blaine Robinson has returned from a visit with relatives in Wichita Falls. Mr. Robinson is connected with J. E. Marfee's store.

Mrs. B. H. Blood, matron of the Hillcrest hospital, has left for her home in Del Norte, Colorado, where she will spend a few weeks.

Mr. and Mrs. J. L. Noel will move into their home in about a week. Mr. Noel purchased the beautiful home of George Courtwright on the corner of Gray and Francis streets.

Miss Ruth Ann Mitchell returned Thursday to the University of Oklahoma, after a few days visit here with her parents. Miss Mitchell will graduate from the University in June, after which she will make her home in Pampa.

CHURCHES

CHRISTIAN CHURCH

At the monthly Biblical lecture Sunday evening at 7:45, we will discuss the question of the continuity of life in the light of Scripture.

Recently three young men, students in the department of philosophy in three of our leading educational institutions, committed suicide in an effort to know definitely regarding the continuity of life. Science has its own idea. Philosophy has attempted to answer the question for the seeking soul of mankind.

Only the revealed word of God can answer this question of the ages. Such questions as the condition of the souls of men after death, and many kindred questions will be answered.

Large audiences and intense interest are marking these Sunday evening services. You will want to come Sunday evening. Come early and bring a friend with you, also to the morning service at 11:00 o'clock. Bible School at 10, with all departments with classes for the entire family. Three young people's meetings at 6:30.

James Todd, Jr., Minister.

CHRISTIAN ENDEAVOR PROGRAM

Place—First Christian church. Date—April 3. Time—6:30 P. M. Leader—Leona Wears. Program—Leader talks; First question, Eva Clemens; fourth question, Elizabeth Proctor; Duell, and Retha Lester. Closing remarks, Mrs. Shelton; Prayer, Mr. Johnson.

Cordially invite you to join us in our Young People's Society and extend a welcome invitation to you. Be there on time.

York judge, lenient to a eighteen children who guilty to selling a skittle of financed her to only one

of Ireland, bothered an surrounding life that hereafter men confined to his exhibiting hunger unless men.

Pre-Easter Style Show Is Success

The first Pre-Easter style revue of the season was presented by Mitchell's, the ladies' store; at the Rex theatre Wednesday evening in a real blossom time festival. The old fashioned garden scene of flowers and sweetly singing canary birds made a beautiful setting.

A large audience greeted the following groups of ladies, who modeled each garment in her own charming and individual manner: Meadames Doyle, Jones, Schumaker, and Thom, and Misses Gladys Carter, Lucille Mooney, Kate Archer, and Edna Baird, assisted by Baby Bruce Thom and little Frankie Lu Keinh, who were chaperoned by Bobby Mills and Lorena Doyle.

The models presented the newest styles in home, street, afternoon and evening frocks along with chic chapeaux and real Easter bonnets.

The different lines of clothing modeled were the Dorothy, Le Vine, and Royal frocks for ladies, Fisk and Edco Hats, Gotham Gold Stripes

Hosiery, Madame Grace Corsets, Little Miss Muffet and Little Beauty Hats, Louise Alcott and Jack Tar dresses for children.

The special features of the program were, "The Children at Play", "Breezing Along", and "How to Lose Your Husband" by wearing up-becoming lingerie and hair dress. The closing feature was a song with Miss Lucille Mooney as An Old Fashioned Girl in an Old Fashioned Garden, assisted by Miss Gladys Carter, George Heinbacher, and "Skeet" Green, with Mrs. Keinh as accompanist.

The Chamber of Commerce band played throughout the evening.

Mild evenings are regaining popularity for Central Park and increased earnings for taxicab drivers. The park drive is coming to the fore as a popular place for taxicab spooning parties.

Three times in three weeks the papers here have recounted the return of valuable lost articles by persons to whom the find meant a possible lifetime of hitherto unexperienced comfort.

Miss Annabel Matthews, an attorney, was appointed to represent the United States at the international conference in double taxation in London.

Skyscrapers to Hide Chicago Rail Tracks

(By The Associated Press.)

CHICAGO, April 1.—Chicago is beginning to use the air rights over her railroad tracks.

The Chicago Daily News is the first business concern to plan a building over a railroad right of way but many similar projects are under discussion. Downtown Chicago is virtually encircled by railroad tracks but realtors say it will be only a matter of time until all tracks are hidden under skyscrapers.

The Daily News building will be just west of the Chicago River over tracks leading into the new Union Station. Pending electrification of the terminal, shafts through the building will provide for outlet of locomotive smoke. The river front will become a broad plaza. The Union Station Company has several more blocks of track available for similar development.

Just north of the river where it bends to turn into Lake Michigan, the Chicago and Northwestern road has a large freight yard which some day will be beautified. The north bank of the river will be skirted by a double decked street like Walker Drive on the opposite bank, opening the railroad yards to development of

air rights. Probably the most valuable of all is the Illinois Central right of way along the lake front. The terminal is now being electrified and above the nine yards city planners envision a new wilderness of sky scrapers.

Santa Fe Official Is Visitor Here—to Return Again Soon

F. J. MacKie, superintendent of the Panhandle division of the Santa Fe railway, was a caller at the Mayor's office while on his way through Pampa this morning. In an interview with a News representative, Mr. MacKie stated that the Santa Fe would have the double line of track laid to Pampa in record time. The work is progressing favorably and grading is nearing Pampa.

Mr. MacKie further stated that he would make a longer visit to Pampa in the near future.

People in charge of soda fountains are no longer to be called "soda jerkers" according to Gordon Ruth of Cleveland O., who is at the head of a movement for a more dignified title and proposes one such as "soda sales managers."

SEEN About New York

NEW YORK, April 1.—This isn't the first time; for it happens every year on April Fool day. "Smith", says Smith's friend, "Miss Fish wants you to phone her at Whitehall 1560." Smith doesn't know Miss Fish but he is much pleased by her attention and calls for the number. When he ask for Miss Fish a bored voice, long wearied with past anger, replies "You're the 798th today. This is the aquarium."

There seems to be some connection between water and music halls. The New York Aquarium was once Castle Garden, where Jenny Lind made her famous debut.

New York apparently got its tip from Berlin, for Philharmonic Hall, the center of the German capitol's musical activities, was once a skating rink, but apparently the frozen water made little appeal to the Germans of 50 years ago, for it soon became the home of an Italian Opera company.

APRIL MENUS

Dinner
Macaroni, Cheese, Ostrad, Baked Potatoes, Creamed Cans, Cabbage Salad with Raisins—Carrots grated on top, Bread, Butter, Lemon Ice, Nut Cookies, Tea, Cues.
Stuffed Round Stea, Creamed Potatoes, Buttered String Beans, Lettuce Salad with Thousand Island Dressing, Current Jelly, Bread Butter, Date Pudding, Cffee.
Boiled Ham with Milk Gravy, Mashed Potatoes, Spinach, Buttered Beets, Corn Meal—Dumplings, Butter, Lemon Cream, Tea, Cffee.

RECEIPTS
Nut Cookies

1-3 c. butter.
1-2 c. sugar.
2 eggs.
1 c. flour.
1 level tsp. Baking powder.
3/4 c. chopped nuts.
1 tsp. lemon juice.
Cream butter and sugar and eggs well beaten together. Add first mixture; then add nuts and lemon juice. Drop from a spoon in an un-buttered baking sheet, leaving an inch space between them. Sprinkle with chopped nuts and bake in a hot oven (225 degrees). This will make two dozen cookies. These cookies will not be shaped like Rocks or Hermits. Add one flour if so desired.

MACARONI CHEESE CUSTARD

3c. cooked macaroni.
2 1-2 c. milk.
1-2 level tsp. salt.
1-8 tsp. pepper.
1 tsp. melted butter.
2 eggs.
1 cup chopped cheese.
Heat the milk, add the butter, cheese and seasoning and pour onto the eggs, which should be slightly beaten. Put the macaroni in a baking dish, pour over the milk mixture, stand in a pan of hot water, and bake gently till set, or firm, in the middle. This will take about 30 minutes.

DATE PUDDING

1 c. molasses.
1 c. milk.
1-3 c. butter.
3 c. flour.
3 level tsp. Baking powder.
1-2 level tsp. salt.
1-2 tsp. cloves.
1-2 tsp. all-spice.
1-2 tsp. nutmeg.
3-4 pound dates, cut in pieces.
Melt the butter and add to the molasses and milk. Sift together flour, baking powder, salt and spices, and add with dates. Put into a buttered mold and steam two and one-half hours. Serve with hard or creamy sauce.

SIMPLE CAKES FOR EVERYDAY

Cakes for everyday in the week! Well, who would not be pleased to know that this was to become a part of the daily menu planning.

Too many homemakers appear to consider that the meal proper consists of the savory dishes, the meats and vegetables, looking upon the desserts more or less as an extra—a food adjunct. A pleasing finish to top off a substantial meal—not fully reckoning as a part of the meal the calories contained in the slice of cake, the cookies, or the tart. If we stop to think of the food elements which go into these good things, especially the fats and carbohydrates, we shall realize at once that there is a very distinct food value in this last course, and if a cake with its butter and sugar and eggs and flour is served, these must be taken into consideration and counted definitely as a part of the nutriment of the meal; or if that dessert be a starchy one, cut down a little on the starchy vegetables; if it is a pie with a rich crust, that in turn presupposes a proportionate reduction of the fat in the meat course.

Good homemade cakes are not difficult to make; having once mastered general proportions and methods of manipulation, it is easy to have all the variety we desire, for this variety is attained very much more by the varying of frostings and fillings, than by the differences in the cake itself.

Cake making has been defined as the art of combining flour, sugar, butter, eggs, milk, etc., in such a way as to produce a palatable, delicious, yet nourishing article of food. A lack of knowledge of the "art of combining" has been the cause of many cake failures, even when the proper ingredients have been used.

Some pointers to remember when making a cake are:

1. Sift your flour first then measure it and sift it at least three times with the baking powder and salt.
2. Cream your butter thoroughly, and then add sugar gradually, creaming the mixture meanwhile.
3. Add the sifted dry ingredients and the liquid gradually. Beat the batter hard after each addition.
4. Add the stiffly beaten egg whites last, and be sure that your cake is thoroughly mixed before they are added. The egg whites should be folded in very carefully.

HINTS FOR WOMEN

Apples cooked in a syrup colored with red cinnamon candies are pleasing in appearance and flavor.

Do not add water when roasting beef or lamb. Sear the meat at a high temperature, then reduce the heat and cook 15 or 20 minutes to the pound.

Fried pineapple is easily prepared. Simply drain the slices of canned pineapple, dip in flour and brown slowly in butter in a frying pan.

Chopped nuts are good in almost any kind of sandwich. Combine them with raisins, dates, figs or prunes. They are good with olives, with cottage or cream cheese and with maple or brown sugar.

Codliver oil is not a medicine—it is a food, rich in vitamins. There are many children and grown folks too, who need codliver oil to build up their general health and help prevent colds and other infections.

Ham for baking may be boiled a day or two beforehand, left standing in a cold place in the liquor in which it was cooked, reheated in this, then skinned covered with bread crumbs and sugar, stuck with cloves and put in the oven for final browning just before dinner.

To prevent jelly from oozing out of the glass and spoiling the paraffin seal, run a knife around the edge

1 c. corn meal.
1 c. flour.
2 level tsp. Baking powder.
1 level tsp. salt.
1-4 c. molasses.
1 c. milk.
1 egg, well beaten.
1 tsp. melted butter.
Sift together thoroughly cornmeal, flour baking powder and salt.

of the jelly glass after the hot paraffin is poured on and let it run up the sides of the glass and form a tight seal.

The red color sometimes admired in Carl's food cake is due to the use of more soda than is necessary to neutralize the acid in the sour milk and chocolate. This results in taking into the body more soda, or free alkali than is desirable. As one does when serving hot biscuits made yellow with an excess of soda. Too red a devil's food cake therefore, is not good.

Clay Pigeon Shooting Introduced In France

(By The Associated Press.)
MONTE CARLO, April 1.—For years humane societies have protested in vain against the pigeon shoots held in Monte Carlo, under the auspices of the Casino. Thousands of birds are slaughtered to provide amusement for the sportsmen who congregate are the gaming center of Europe.

Now a group of American, British, French and Italian marksmen have decided to do more than protest. They have formed a rival shooting club, with headquarters at Capneg-sur-Mer, halfway between Nice and Cannes. It is announced that the American clay pigeon will be used exclusively. This is the first time that a definite step has been taken to rival any of the sporting activities of Monte Carlo.

"INSIDE" INFORMATION
Cauliflower should be cooked in an uncovered vessel and only until it is tender. This keeps it white and attractive.

Peanuts make good sandwich filling if you put the roast shelled nuts through a coarse meat grinder and then stir in enough cream to make

the mixture easy to spread. Be sure to add salt. This filling will not be pasty.

Rolls can be rewarmed satisfactorily if they are brushed over with milk and put in a covered pan to steam through. After the rolls are heated through, take the cover off the pan so the outside will get crisp again.

If you are planning and equipping a kitchen, think first, last and all the time of the work to be done in it. Don't make the room too big. Make a kitchen oblong so that work centers can be grouped to a better advantage.

There are valuable mineral salts dissolved in the liquid that surrounds canned vegetables, and it should not be thrown away. Use it in a sauce served with the vegetable, or in soup or gravy. Boil canned vegetables for at least 5 minutes before using.

Moldy bread may be due to wrapping the bread up before it is thoroughly cool, or lack of care of the bread box. In addition to airing the bread box frequently, sometimes scald it out thoroughly, and dry it in a warm oven or on the back of the stove, or directly in the sun. Molds do not like dry hot air or sunshine.

Sew up the buttonholes before you wash a sweater, so they won't stretch. Measure it before washing, and afterwards lay it out, back down, on several thicknesses of soft clean materials bagged 514 bears last season.

and shape it to the original dimensions. Pin it in place if it seems inclined to shrink. Of course you would only wash a sweater in lukewarm water and neutral soap, rinsing it in several waters of the same temperature and squeezing the dirt out, rather than rubbing it.

Bears Play the Game In Eluding Hunters

(By The Associated Press.)
PHILADELPHIA, April 1.—The black bear of Pennsylvania is among the cleverest animals in eluding the hunter.

In summer, protected by game laws, Bruin rambles carelessly about the state, looking things over and picking up delicacies here and there in orchards, berry patches and dairies. Now and then he pauses to watch farm hands at work.

When fall comes and Bruin is legally "in season" he is actually "out" seeking refuge in remote ravines, away from the sound of hunter's shots. It was only with the greatest perseverance that Pennsylvania hun-

Lady Ossory Plants Her Famous Flowers

KILKENNY, Ireland—Even an Irish soldier will give up a fight for a flower, according to Lady Ossory of Kilkenny Castle, who is once more laying out beds of azaleas on the grounds of her home overlooking the River Nore. During the Irish troubles the castle was once in the direct line of attack. Lady Ossory attributes her escape from grave danger to the fact that soldiers of the Free State and Republican forces coming from opposite directions were distracted by the gay colors of her famous azaleas.

Instead of carrying on their fight they stopped to pick flowers. The struggle is now locally known as the "battle of the flowers."

Lord and Lady Ossory were besieged by the rebels during much of the trouble. Lord Ossory inherited the property from his uncle, Lord Ormonde.

Higher Quality at Lower Prices
because of increasing Volume Production!

January, 1925—There was introduced a new Chevrolet which scored a tremendous success. Among its many new features were: a new and rugged rear axle, an improved unit power plant, a new single-plate disc-clutch, a much stronger frame, semi-elliptic chrome vanadium steel springs, cowls and dash-lamps, and new Fisher bodies finished in Duco. The price of the \$735 Chevrolet Coach was reduced to \$695.

August, 1925—Chevrolet announced a new measure of value based on many new quality features—such as motor-driven Klaxon horn, improved sheet metal construction in the bodies, corrugated steering wheel with walnut finish, new headlamp rim construction and a more convenient gear-shift lever. Yet, despite all the additions, the price of the \$695 Chevrolet Coach was reduced to \$645.

January, 1926—Another spectacular increase in Chevrolet value—a model offering many mechanical improvements, such as a smoother, quieter motor with three-point suspension, a silent V-belt generator drive, new oil pump, more efficient cooling, an air cleaner, larger brakes, etc. Notwithstanding these improvements, the price of the \$645 Chevrolet Coach was reduced to \$595.

and now—

The Most Beautiful Coach In Chevrolet History!

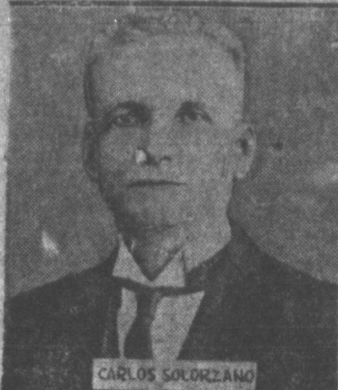

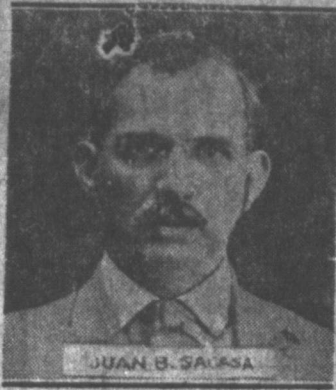

Climaxing all of Chevrolet's previous value triumphs, the Chevrolet Coach of today is acclaimed as the outstanding closed car value of all time. Beautiful new Fisher bodies—paneled and beaded, rationally low and finished in new colors of genuine Duco... full-crown, one-piece fenders... bullet-type headlamps... AC oil filter and AC air cleaner... finer performance, greater riding comfort and remarkable steering ease! A car so marvelously beautiful that you must see it to appreciate it—Yet the price has been reduced to \$595.

5 Men Who Are Prominent in Nicaraguan Activities

(By The Associated Press.)

MANAGUA, Nicaragua, April 1.—Five men played the principal roles in the Nicaraguan affair.

Bartolome Martinez, as president of Nicaragua in 1925, made the first request that the United States marines be recalled from the country which they had kept peaceful since 1912, when they were assigned here.

Sacasa as Vice-President Carlos Solorzano, a conservative, was elected president and with Juan B. Sacasa, a liberal, as vice president, took office on a coalition ticket on January 1, 1925.

Chamorro as Dictator From the Loma, Chamorro announced himself as dictator and in-

been agreed upon in Washington, he extended. This was done and when apparently everything was quiet, the marines departed from Nicaragua, on August 3, 1925.

On August 29, in the International Club, Managua, at a dinner at which 700 guests were present, including the American Minister Charles C. Eberhardt, an armed band of conservatives entered, began shooting and forcefully took away to the Loma, a government fortress overlooking Managua, the majority of the liberal members of the congress and the president's cabinet.

Hardly had this incident become history when Emiliano Chamorro, who previously had been president of Nicaragua, injected himself as a political and military figure and by various means won over the force at the government's fortress Loma, where the nation's munitions were stored.

Chamorro resigned early in November and Sebastian Uriza was designated

formed Solorzano his resignation would be accepted. This move was made on October 25 and early in January of 1926, Solorzano tendered his resignation, giving as his reason ill health. In March he left the country.

Dr. Juan R. Sacasa in the meantime also had departed from Nicaragua and thus the country was left without either president or vice president duly elected. Upon these grounds Chamorro had himself installed by the conservative congress as legal president.

Chamorro, however, had not counted the influence of the United States which nation had informed him almost before the fruition of his plans that he would not be recognized as president if he took office by force or coup d'etat, such being in violation of the Washington pact which Chamorro himself had signed for Nicaragua when he was president.

Realizing the futility of his efforts to gain recognition by the United States and other major foreign powers and in view of a revolutionary movement started in Bluefields on the East coast in May, Chamorro resigned early in November and Sebastian Uriza was designated

by Congress to assume the presidency, there having been no vice president under Chamorro. Uriza served but ten days for congress soon was to reconvene.

Adolfo Diaz, who twice before had served as president of Nicaragua, was elected by the reconvened congress on November 3 to succeed Uriza. In this congress, in order to comply with the Washington pact, the expelled liberal members were reinstated and asked to vote but again due to either real or fancied fear for their safety, the liberal party representatives were conspicuous by their absence for the most part.

Meanwhile, Dr. Sacasa had made his home for a period in Guatemala, Salvador, and then in Washington, D. C., where he protested to the state department against the Chamorro coup d'etat claiming in the absence of the legal president, Solorzano, he was the constitutional head of the government in Nicaragua and should be recognized as such. He attempted to establish his government on

the soil of the Nicaraguan legation in Washington but was told that the legation had no status because of the coup of Chamorro and the absence of a legally elected executive from Nicaragua.

Sarcasa in Danger Being informed that he must return to Nicaragua before he could be recognized, Sarcasa delayed because of continued fear of his life at the hands of the conservatives, claiming dire threats had been made against him. Finally after visiting Mexico and Guatemala and after learning of the recognition of Diaz, Dr. Sarcasa returned to Nicaragua on November 30, 1926 to lead the Liberal movement against the Diaz government on the grounds that he was the constitutional president.

On December 1 at Puerto Cabezas, Dr. Sarcasa, before a gathering of and with a cabinet and guard of honor, went through the formality of taking the oath of office as "constitutional president of Nicaragua," and thereafter made Puerto Cabezas his capitol and seat of government. He gained immediate recognition by Mexico.

THREE-FOOT SPON TREASURED GIFT

NEW HAVEN, April 1.—A three-foot wooden spoon is the treasured and traditional gift to the leader of the annual "Junior prom", one of the most neat and gorgeous social affairs in America.

The custom dates back to pre-Civil War days originally the spoon was given to the junior who was most glib of tongue in oratorical contests. In 1854 the novelty had worn off, and the following year the affair was turned into a dance at which a spoon was given to the most popular junior present.

The presentation, accompanied by all the prankish college students could devise, was abandoned in 1871 and revived a few years ago. Charles T. Bingham, chairman of the Yale Commencement Committee, and son of United States Senator Bingham of Connecticut, received it this year.

One of Bank Robbers Caught In Berger Today

(CONTINUED FROM FIRST PAGE)

that of the main trio.

Sheriff Graves, DeLea Vicars, and A. V. Hendrick, accompanied by a Daily News reporter, went to Wheeler last night, where three young men were held on suspicion. They were released.

Officers in this section early today began work on the theory that "Whitey" Walker, Matthew Kimes and Ray Terrell, the latter two wanted in Oklahoma on robbery charges, looted the local bank. Terrell escaped from the Oklahoma penitentiary last January. Walker was being sought in connection with the killing of Buchanan at Berger.

Sheriff Graves and four deputies, heavily armed, went to Berger shortly before noon to assist in the hunt for Kimes and Terrell, who apparently had the loot with them. Bank officials left to identify "Whitey" Walker, news of whose capture was received here.

Among those locked in the vault were: Mrs. McMurry, J. E. Murfee, Morris Seliger, C. H. Shoop, Wm. Huley, W. H. Harrah, Troy Mannes, Bruce Cobb, Floradine Finley, Frank Hopkins, Earl McFall, Roy McFall, Bill Jensen, Evan Shull, Roy Sellers, Rob. Watson, A. E. Pfeiffer and Ernest Fox. There were several others whose names are unknown.

The staff locked in the vault were Helen Baird, Annette Hussey, A. V. Hendricks and Delea Vicars. Miss Lorene Blanton was in an adjoining office and knew nothing about it till the people were liberated from the vault.

Farmer Is Burned As Oil Explodes

DALLAS, April 1. (AP)—E. V. Irving, 45-years-old, was fatally burned and his wife and 13-year-old son were seriously injured at their farm home near here today when Irving's clothing caught fire following the explosion of a can of kerosene.

The wife and son were burned when they attempted to rescue Irving from the flames.

FORD OUT OF HOSPITAL

DETROIT, April 1. (AP)—Henry Ford, who was injured in an automobile accident Sunday, was taken back to his Dearborn estate from the Henry Ford Hospital last night, it is reported today.

No action as to his condition was made today.

School Trustees To Be Elected On Saturday, April 2

Saturday, April 2, is the day school trustees are to be elected. Up to this time C. T. Hunkapillar and J. M. Dougherty are the only men to submit their names.

Voting will take place at the Chamber of Commerce rooms from 8 a. m. to 6 p. m. Hunkapillar and Dougherty are on the school board, and are out for re-election.

Cold Hens Stubborn, Now Have Bungalows

MOUNTAIN HOME, ARK., April 1.—A cold hen is reluctant in laying a nice warm egg. But a comfortable hen will do her full duty.

So 100 new chicken bungalows are being built in the White River division. John Stinson, agricultural agent, who rides herd on a million and a half hens in 10 counties, expects his fowls to soon begin earning more than their keep and stretch toward the high egg laying record which Iowa hens are now crowing over.

Complaint came to Stinson that his hens were holding back, producing only an average of 103 eggs annually each in comparison with 200 by the Iowa champions.

"I know what's the matter," said Stinson. "Too many of them have to roost in trees or are crowded in chicken tenements. When they go to bed their intentions are good. But when they wake up they are so cold they conclude they had better conserve the egg and convert it into fat to keep them warm."

Hence, the chicken bungalow movement.

Japan Is Shaken By An Earthquake

LONDON, April 1. (AP)—An Exchange telegram from Tokyo today says that a heavy earthquake was reported today throughout western Japan.

Districts which suffered disaster last month are panic-stricken. There appear, however, to have been no casualties.

FERDINAND IS WORSE BUCHAREST, April 1.—(AP)—King Ferdinand's condition has taken a serious turn for the worse.
