Norway Isolates Trotzky

TRIAL OPENING POSTPONED UNTIL TUESDAY

OSLO, Norway, Aug. 31 (AP)—The cabinet decided tonight to keep Leon Trotzky, the Russian exile, in isolation under special guard. Without disclosing where Trotzky and his wife will be interned, the government officials announced passage of an order-in-council, establishing special rules "regulating Trotzky's movements and his intercourse with other persons."

SILENCE STRIKE UNBROKEN HERE; WOMAN EATING

Special Food Eaten In Small Amounts at Hospital

Gray county's non-talking woman prisoner ended the eighth day of her "silence strike" today. The woman, 25-year-old McLean, resident, a week ago began a hunger strike, which was broken Saturday when the county physician ordered her taken to a hospital for forcible feeding.

People You Know

By ARCHER FULLINGIM We drove all day and far into the night until we reached the top of a mountain pass and we pitched tents by a gurgling stream and it was brilliantly cold and we thought perhaps we were freezing. Next day we camped in a grove of quaking aspen by another bubbling stream, and we stayed there (but for the boys each place was the most beautiful and they were reluctant to leave) until the white trunks of the aspen shining in the moonlight and looking like the bodies of nude ghosts, got on my nerves, and we left, the boys protesting, hoping the next place would be prettier. It was and they climbed 6 more mountains, one 14,000 feet high. Two days and it began to rain, and we couldn't build a fire, and they wouldn't let us wash our dishes in the creek and we went south. The boys discovered at Eagle Nest lake that there is so much technique to fishing that they will be so old when they learn they will not enjoy it but only brag. As for me, that Saturday night dance at Eagle Nest was a pain in the neck. The new orchestra could not even play Rancho Grande—they played it six times in 1934 and 1935. And nobody seemed to have any gaiety—probably because Mrs. Lewright and her brother were absent.

DESTROYER IS TARGET OF SIX AERIAL BOMBS

GUNS HURL SHELLS AT PLANE OFF COAST OF SPAIN

BY ROBERT B. PARKER (Copyright, 1936, By The Associated Press) IRUN, Spain, Aug. 31.—The government defenders of Irun brought 300 rebel prisoners into the bombed city tonight and announced they would be exposed at the most dangerous points to insurgent air bombs. The prisoners were brought by truck from Fort Guadalupe after a dozen projectiles had burst in the city, evacuated except for government fighters and their hostages. Two women were blown to bits.

WASHINGTON, Aug. 31

Naval officers, scanning reports of the attempted bombing of the destroyer, indicated a belief today that American war vessels in Spanish waters would answer with renewed gunfire any further attacks which might endanger them. Whether such action would be necessary remained to be seen. The American government, startled by yesterday's attempt to sink the destroyer off the Spanish coast, already has made swift and emphatic protest to the Madrid regime and the rebels, calling on them to prevent another such incident.

Ten Boys, Girls Pass Life-Saving Courses At Pool

Six of Seven Juniors Are From Troop Eighty

Water lovers were doing their swan dives, literally and figuratively, at the swimming pool today. Mrs. Lillian A. Elythe, operator, opened the place this morning to enable boys who returned from a vacation trip yesterday to pass life saving tests. John Skelly, Red Cross life saving examiner, passed Ray Boyle's, Keaton Rhodes, Doyle Auds and J. Frisby, the latter of McAllen, in junior life saving. Previously he had passed Jack Crout, Junior Green, and Jack Smith in junior life saving, and Betty Blythe, Mage Keyser, Jim Arndt and Melvin Qualls in senior life saving. Instruction was given the junior applicants by the seniors. All the boys, except Frisby, who passed the junior tests were members of Boy Scout troop 80, which was the only troop in town which had members passing life saving. The six members of troop 80 qualified for merit badges in both life saving and swimming. Mr. Skelly was appointed examiner by Harold Davies, Red Cross examiner, who visited here ten days ago. Mr. Skelly passed all tests given by Mr. Davies at the pool.

REBELS BEATEN IN GORY FIGHTS, MINISTRY SAYS

Planes Blast Great Holes in Streets of Irun

BY RAMON BLARDONEY. Associated Press Foreign Staff. MADRID, Aug. 31 (AP)—Spain's government, proclaiming a series of victories, today announced a determined campaign on two fronts to block a rebel effort to surround Madrid. Reinforcements were ordered for the Toledo area to the southwest and the Guadalupe sector, 32 miles to the northeast, coincident with new precautions against repetition of last Friday night's air raid on the city. Powerful searchlights and airplane detectors were installed and officers in command of the two Madrid airdromes were shifted. Modern pursuit planes maintained a vigilant patrol. Paintings in the well known Prado museum were taken to a place of safety. Authorities announced victories at Lozoya, about 43 miles north of Madrid, in the Guadarrama mountains; at Talavera, in Toledo province and at Sigüenza, 70 miles northeast of Madrid. The government denied that rebel planes had bombed railway stations in Madrid province Sunday.

SOONER IS ARRESTED ON DRUNK DRIVING CHARGE

W. C. Cofer, a resident of Oklahoma, was arrested by state highway patrolmen on the Amarillo road Sunday afternoon and charged with driving an automobile on the public highway while intoxicated. Cofer was given an examining trial before Justice of the Peace E. F. Young this forenoon and held under \$1,000 bond for action of the September grand jury.

PISTOL FOUND ON HIS CHEST BY GARDENER

'UNQUESTIONABLY IT IS SUICIDE,' SAY POLICE

CHICAGO, Aug. 31 (AP)—Wilmarth Ickes, 37-year old foster son of Secretary of the Interior Harold L. Ickes, was found shot to death today in his stepfather's suburban Winnetka home on the first anniversary of the death of his mother, Mrs. Anna Wilmarth Ickes. Police Sergeant Harold Lewis of the suburb said "unquestionably it is suicide." The officer said a .38 automatic pistol was on Ickes' chest. Young Ickes recently learned he had tuberculosis, interior department officials said in Washington. Winnetka police also thought he might have brooded over the death of his mother near Valdosta, N. M., when an automobile in which she was riding was overturned. Secretary Ickes immediately boarded a plane at Washington for Chicago. Wilmarth Ickes' wife, the former Elizabeth Dahlman of Milwaukee, was notified of the tragedy and returned to Chicago from a lake cruise. With her were their children, Donald, 12, Anna, 10, and Barbara, 6. The body was found by Eric Magnusson, gardener and caretaker of the elder Ickes' estate. The cabinet member formally adopted Wilmarth after his marriage to Mrs. Ickes. Wilmarth's father, Prof. James Westphal Thompson, then in the department of English at the University of Chicago, was divorced in 1929. Magnusson said Ickes was stretched out on his back, a pistol on his chest and a powder-burned bullet hole through the right temple. Capt. Harry C. Enault of the Winnetka police said his investigation would be confined to questioning Mrs. Ickes and Dr. Frank Blatchford, the victim's physician. An inquest will be held at 8:30 a. m. (C. S. T.) tomorrow. While a statement issued at Secretary Ickes' office in Washington said Wilmarth had notified his wife he was suffering from tuberculosis, Dr. Frank Blatchford, the victim's physician, said he had no knowledge of his patient had that ailment. "He had suffered for 30 years from migraines (severe headaches),"

BOAT CAPSIZES ON LAKE AT FT. WORTH; 2 DROWN

FORT WORTH, Aug. 31 (AP)—The capsizing of a small outboard motor boat on Eagle mountain lake, near here, yesterday cost the lives of Mr. and Mrs. Ivan W. Anderson of Fort Worth. Another Fort Worth couple, Mr. and Mrs. P. T. Ayres, saved themselves by clinging to the overturned craft until rescued two hours after the accident. Anderson, a World War veteran, drowned while making a vain effort to reach the boat. Mrs. Anderson was believed to have died from a heart attack. Her body was floating when rescuers arrived. The Ayres were picked up by four Dallas sailors, Philip Froucker, Cyril Goding, Joe Thomas and Hamilton Adams, who were in a sailboat.

KING EDWARD'S YACHT HITS BRIDGE; DAMAGE IS SLIGHT

ATHENS, Greece, Aug. 31 (AP)—With King Edward on deck, the yacht Nablin smashed into a bridge today in the straits off Shalkis, on the Aegean Island of Euboea. The yacht, carrying the monarch on a care-free holiday in the Adriatic and Aegean seas, apparently was not seriously damaged. It proceeded on its way after a brief inspection. The king was not perturbed. He waved to a cheering crowd on the Shalkis bank after the collision, in which a motorboat on the yacht was crushed and the bridge was slightly damaged. Reports reaching here indicated the bridge already had swung open to permit the Nablin's passage, in choppy waters, when the crash occurred.

Farm Food Need Outlined in Talk

"If farm families are to have an adequate food supply, much greater acreage must be devoted to home gardens, orchards, and sweet potato patches," Mrs. C. O. Bridges quoted from a talk by Miss Bess Edwards.

Mrs. Bridges was reporting on her trip to the state short course at College Station, to members of Meritt Home Demonstration club in the home of Mrs. Joe Ford last Wednesday.

She said Miss Edwards stressed that Texas farm families need 1,800 more acres in garden, 3,000 more acres in orchards, 5,000 more acres in potatoes, 2,000,000 more quarts of milk, 1,000,000 more chickens, and 2,000 more hogs to supply the food they should have.

After a short business session, Mmes. J. C. Browning, E.M. Heard, C. B. Haney, and Bridges told of their trips to the Dallas Centennial in potatoes, 2,000,000 more quarts of milk, 1,000,000 more chickens, and 2,000 more hogs to supply the food they should have.

FOR TRAVELS TO UTAH FOR DERN FUNERAL

PRESIDENT CONCERNED OVER BOMBING OF DESTROYER

BY D. HAROLD OLIVER
Associated Press Staff Writer
ABOARD ROOSEVELT TRAIN EN ROUTE TO SALT LAKE CITY, Utah, Aug. 31. (P)—Concerned over the attempted bombing of the American destroyer Kane off the Spanish coast, President Roosevelt kept in constant communication with Washington today as he traveled toward Salt Lake City to attend the funeral tomorrow of Secretary of War George H. Dern.

His drouth conferences will be interrupted until Thursday, when he meets with Gov. Alf M. Landon, Republican presidential nominee, and the governors and senators of six other states at Des Moines, Iowa. Minnesota and Wisconsin governors, who originally were to have conferred separately with the president, were invited to the Des Moines meeting.

Two stops for motor tours of drouth areas—two hours at Sidney, Neb., where the train was due this morning, and two hours at Julesburg, Colo., late Wednesday—were added to the presidential schedule.

The president received word of the attempted bombing of the destroyer in a telephone conversation with Secretary Hull last night at Rapid City, S. D., shortly after he had attended the unveiling high up on Mount Rushmore in the Black Hills of Gutzon Borglum's image of Thomas Jefferson.

McIntyre also announced the resignation of Mrs. Ruth Bryan Owen Rhode, American minister to Denmark, and its acceptance to permit the daughter of the late William Jennings Bryan to campaign for the reelection of Mr. Roosevelt as a "private citizen."

The train is due in Salt Lake early tomorrow. Following the funeral, the president will leave late in the day for Des Moines via Julesburg, Colo.

Fascists Blow Women to Bits In Bomb Raids

BY ROBERT E. PARKER.

(Copyright, 1936, by The Associated Press)
IRUN, Spain. (P)—Fascist rebels launched a vicious aerial bombardment against Irun today, scattering bombs throughout the city and blowing two women to bits.

The air raiders appeared over the city shortly after 9 a. m. as mass evacuation of the war-scared area was being hastened by government commanders.

Circling low, the planes rained bombs into the street. The deadly missiles tore great holes in the pavements and shattered windows and buildings throughout Irun.

Three persons were injured by flying stones as the attacking ships soared overhead. Government militiamen, who earlier had defied a rebel ultimatum to surrender, massed their forces for an expected attack by insurgent infantry and warships.

The beginning of the attack, which the Fascists threatened would "reduce Irun to ashes," was signalled by the shrieking of sirens and tolling of churchbells.

As the heavily-laden tri-motored plane appeared over the city, thousands of refugees were still fleeing toward France and safety.

More than 4,000 of the city's residents had crossed the international bridge leading to Hendaye, France, before the attack began.

SCOUT NEWS

BOY SCOUTS TO HOLD NATIONAL JAMBOREE

Scouts and Scout leaders in all parts of the United States are now planning their participation in the National Scout Jamboree to be held in Washington, D. C., from June 30 to July 9, 1937. The Jamboree will replace the one scheduled for last summer which was cancelled because of influenza pandemic that developed near the nation's capital.

Each of the 544 local councils administering the Boy Scout program in the United States will be given opportunities to recruit one or more troops as its official delegation. Each troop will have 32 Scouts, a senior patrol leader and three adult leaders. The Jamboree will be financed by the Scouts and leaders themselves, each paying his registration fee to meet the costs of the 480-acre encampment which will be a city in itself, with all necessary facilities. The fee will also cover the food and other essentials of all participants while the Jamboree is in progress. Because hundreds of troops will bring their own tents the Jamboree will show the types of camping equip-

10,000 Hear Landon Blast 'New Deal Propaganda'

After dutting handkerchiefs in the famed Chautauqua salute, this audience of 10,000, assembled in the amphitheater where President Roosevelt spoke recently, heard Gov. Alfred M. Landon assail the administration for its "propaganda," denounce the "teacher's oath," and declare that schools should be kept free from federal control. The familiar Landon grin, which the Republican presidential nominee is pictured flashing in the closeup at right, greeted occasional bursts of applause.

ARMY OF MEN WITHOUT COUNTRY GETS PASSPORTS FROM LEAGUE

BY JOSEPH E. SHARKEY.
GENEVA. (P)—A million men without a country... a continuing world economic crisis which retards effective help for this great horde of refugees.

That is the problem confronting the Nansen International Office for Refugees, and the League of Nations. This problem of refugees became acute when, following the Soviet revolution in Russia, about a million "white" Russians fled from the civil strife.

International relief organizations jumped into the picture with the resultant creation by the League of Nations of an international office for refugees and the appointment as high commissioner of the Scandinavian explorer, now deceased, Dr. Fridtjof Nansen.

Passport System Worked Out.
Nansen evolved as a solution for the refugee problem the now famous "Nansen passport."

Nansen soon had another assignment when some 350,000 Armenians had fled from Asia Minor.

Nansen is dead, but his work is being carried on by a Norwegian judge, Michael Hansson, president of the Nansen International Office for Refugees. In addition to Russians and Armenians, the Nansen office takes care of Assyrians, Assyro-Chaldeans, a few Turks, and the refugees from the Saar Basin, who fled when a plebiscite decided that the Saar should return to Germany.

Nansen passports are issued or recognized by governments generally to refugees asylet within their territory.

Judge Hansson, in his annual report to the League of Nations, estimates the number of Russian refugees at 700,000, Armenian refugees at 250,000, Assyrians and Assyro-Chaldeans at 15,000 and the Saar refugees at 4,000.

Officials estimate that the total of Nansen passports issued at probably 150,000.

In other words, not all refugees ask for the Nansen passport, which are only needed when the refugees intend to travel from one country to another. If they stay in the country in which they have taken refuge, their only need is a "permit of residence."

Geneva estimates France alone has given asylum to some 200,000 Russian refugees.

Jail Threatens Many.
Despite efforts of the Nansen office to induce countries where refugees are located to give them naturalization rights, some governments expel refugees on the slightest pretext.

A refugee found penniless in a public park is ejected. He is imprisoned by the country to which he is ejected. Fleeing back to the land that expelled him, he is sent to jail for violating the order of expulsion.

Hence human beings, men without ment used in all sections of the country.

In addition to being a panorama of the best in camping methods, the Jamboree will have several great national events in which each Scout will take part, such as the Grand Opening Review by the President of the United States, the Grand Convocation and the National Grand Closing. Invitations have been sent to all foreign Scout associations to be represented. A resolution passed by Congress and approved by the President will make possible the temporary entry into the United States of visiting foreign Scouts under prescribed conditions.

LEGIONNAIRES MIX BUSINESS AND PLEASURE

STATE CONVENTION IS BEING HELD AT BEAUMONT

BEAUMONT, Aug. 31. (P)—Texas Legionnaires and their ladies mixed pleasure and business today as they went into the second day of the annual state American Legion convention.

Business sessions and committee reports held their attention during the morning, after which they were to either participate in or witness a spectacular street parade, a feature of the convention. A drum and bugle corp contest was on the night program.

Yesterday the visitors were welcomed to Beaumont by Mayor P. D. Renfro.

Charles A. Osborn of Dallas, First Division commander and chairman of the rules committee, gave his report and urged that delegates bring to a stop all dice games in hotel lobbies.

Rowan Howard of Austin reported on junior baseball activities, and presented L. A. Gilmore of Houston, in behalf of Houston's Junior Legion baseball champions, a silver loving cup.

Dr. Thomas J. McIlhenry of Austin, state child welfare chairman, outlined the objectives of the Legion in this work for the coming year.

General Claude V. Birkhead of San Antonio delivered an address. W. S. Green of Pampa was elected grand chef d'cure of the Forty and Eight organization.

MATOCHA WILL CONTINUE AS SECRETARY OF STATE

AUSTIN, Aug. 31. (P)—Governor Allred announced today that B. P. Matocha of Cameron would continue as secretary of state until January. Matocha, a lawyer, became acting secretary when R. B. Stanford resigned to accept a district judgeship at Waco.

The governor announced he would make a statement about a special session of the legislature immediately after the Democratic state convention in Fort Worth Sept. 8. He said he was continuing to study the need.

He planned to leave tonight for Beaumont, where he will address the state convention of the American Legion. He will address a meeting of Democrats at Medicine Park, Okla., Sept. 5, and in his absence from the state Lieut.-Gov. Walter F. Woodul will be acting governor.

They Dance in 'I Won't Dance'

Title of the newest Astaire-Rogers vehicle is "I Won't Dance," but you'd never know it. On the set at Hollywood, Fred's nimble legs and Ginger's shapely ones whirl, and their flying feet tap, to the strains of "Pick Yourself Up," in this scene from their latest musical.

CRUDE OUTPUT HITS NEW HIGH DURING AUGUST

DAILY PRODUCTION FOR WEEK 3,068,364 BARRELS

AUSTIN, Aug. 31.—An all-time high record was established in production of crude oil in the United States during the week ending Aug. 15, 1936, when daily production averaged 3,068,364 barrels, according to Elmer H. Johnson, regional economist for the University of Texas Bureau of Business Research. During the week ending August 15 output of crude oil increased over that of the previous week in all the major producing states except Louisiana, he added.

"Since January 1, 1936, Texas production of crude oil has averaged around 39 per cent of the national output," Mr. Johnson said. "Texas has been furnishing during 1936 almost the amount of California production and considerably more than double the output of Oklahoma, the third ranking producing state. These three states currently are furnishing almost 78 per cent of the national output."

"Oil production is also highly concentrated in a few localized fields or areas. The Oklahoma City and Seminole fields account for more than half of the total output of Oklahoma. The Gulf Coast fields and East Texas contained over approximately 60 per cent of the output of Texas; the Gulf Coast, East Texas and the West Texas fields account for 70 per cent of the State's total. In Louisiana the Gulf Coast field furnished nearly 70 per cent of the total of that state.

"It is of interest also to note that the output of the Gulf Coast field in Texas and Louisiana during the first half of 1936 was 39 per cent higher than for the corresponding period of 1935. Much smaller increases are registered for this period in the states of California, Oklahoma, and Texas. Production for the United States as a whole increased during the first half of 1936 nearly 13 per cent over that for the like period of 1935.

CHOIR BOY CONFESSES SLAYING CRIPPLED WIDOW FOR JEWELRY

CHICAGO, Aug. 31. (P)—Roland Munroe, 15-year old choir boy, maintained an unruffled calm today as officials studied his confession to the hammer slaying of a crippled widow in a robbery that yielded \$8 worth of jewelry.

Assistant State's Attorney Richard Devine said the red-haired prisoner confessed last night he beat Mrs. Agnes Roffels, 65, to death Saturday night at her home.

The prosecutor quoted the youth as observing without remorse: "I don't think they'll convict me, though. I'm too young."

Devine said the boy apparently held the belief he had committed a "perfect crime" but after hours of questioning declared:

"Well, I'll tell you. She died partly by accident and I killed her because I didn't want her to suffer."

Munroe related how he went to Mrs. Roffels' apartment to collect for newspapers he had delivered.

She brought out a box containing an old watch, several rings and a cross and sought his advice about selling them. She suddenly rose from a sofa and, attempting to walk without her cane, fell to the floor.

The prosecutor quoted him as saying: "While she lay there the thought entered my mind that if I knocked her out I could get all the jewelry."

In '33.. Out in '36

Back in 1933 hundreds of these hogsheads packed full of mild, ripe tobacco were rolled into our warehouses to age. Everybody knows how ageing improves fine wine. Well, ageing improves tobaccos the same way — adds aroma and flavor. Now three years later, these same mild ripe tobaccos are being made into Chesterfield Cigarettes. Mild, ripe tobaccos make a milder better-tasting cigarette. When you smoke a Chesterfield you'll notice they have a different aroma... a more pleasing taste... they're better!

MILD RIPE TOBACCO...AGED 3 YEARS... that's what makes Chesterfields milder and better tasting

LET'S KNOW TEXAS AND TEXANS

By WILL H. MAYES

Q How many dams are under construction on the Colorado river above Austin? E. T. R. Temple.
 A. Two; Buchanan Dam, formerly called Hamilton Dam, and Roy Inks Dam, three miles down the river from Buchanan Dam. A third, to be known as the Marshall Ford Dam, will soon be under construction, 34 miles up the river from Austin.

Q Where was the Deer Creek battle fought between Texans and Comanche Indians and when? F. D. Groesbeck.
 A. About 3 or 4 miles east of Johnson City, near Lone Mountain and what is now Highway 20, in August, 1873.

Q In what town in Texas did the people have "Sunday houses," and for what were they used? E. L. Shelbyville.
 A. In Fredericksburg, and built and used by people of surrounding country who came into town at week-ends and occupied them over Sunday instead of staying with the people of the town. Some of these are still standing.

CENTENNIAL SCRAP BOOK

Get the Scrap Book habit. Encourage the children to do so. The newspapers are full of pictures and items relating to Texas that should be kept for convenient reference. Especially will it be helpful to preserve Texas history in this form during Centennial year.

This scrap book is artistically designed, indexed and classified under appropriate headings and can be expanded as needed. Cover in heavy paper with large picture of Texas capital surrounded by Six Flags of Texas. Inside covers contain much information about Texas.

Marion Talley, who makes her movie debut as a singing star this fall, was one of the first singers to be recorded in sound film.

YOUTH TO DOMINATE LOCARNO; GERMAN FACES EDEN, GRANDI

By DEWITT MACKENZIE
 NEW YORK (AP)—Hitler's appointment of his right-hand diplomat, brilliant young Joachim von Ribbentrop, as ambassador to Great Britain is a move of great strategic importance in view of the meetings this fall among the five Locarno powers — England, France, Germany, Italy and Belgium—to try to settle European problems.

Many delicate points must be cleared up in private preliminary talks before another "Peace of Locarno" can be signed. Neither the exact date nor the place of conference has been settled. Germany, which has tossed overboard many agreements of pre-Nazi days, is on the carpet as the bad lad of the aggregation.

Upon the shoulders of the suave and astute von Ribbentrop, whose princely bearing and distinguished appearance make him stand out in any gathering, will rest much of the burden of giving satisfactory explanations and guarantees. At the same time he must safeguard the interests of his fatherland.

Ribbentrop Hitler's Aide
 So highly does Hitler regard the advice of von Ribbentrop, who not only is the dictator's aide but his close friend, that the diplomat has been acting as ambassador-at-large in many important negotiations, especially with England and France.

"Tiny," smallest pony in the world and of football heritage, is the mascot of the All Southwestern Stars football team who tangle with the Chicago Bears, at the Texas Centennial Exposition in Dallas on Labor Day. Tiny, 21 pounds, is shown at her christening with "King," 2400-pound Clydesdale owned by Thomas E. Wilson, Chicago, pecker, acting as godfather. Ann and Jane Combs act as godmothers. Ann named the half-pint pony.
