TEX'S TOPICS

Burden of the column is somewhat lightened today by a couple of contri- butors, one who signs himself, "Reader," and another who styles himself "Jeems."

Contributors to this space are as welcome as a Panhandle rain... an which there is nothing "welcome."

"Jeems" writes as follows: "Fast and foremost, I'd like to say—since I have an eye for art—the 'Tex's Topics' is very artistic, indeed, and I vision this column is more than one man's job."

"I am taking advantage of your offer of Aug. 14 and will try to make my comments brief. I's dangerous to invite knecks these hot days—why don't you wait until December?"

"Not only is your column a puzzle to me, but the paper keeps me guessing. I wonder if R. W. Lane could be 'Ray'—No one went by initials in the early days except M. K., and he usually was called 'the Englishman' until Maurice and Cecil came. That was about the time Charlie Will, Pat and others dug up main street, trying to find some old wine supposed to have been buried there."

"When we craved fruit, we met a late train and bought bananas off it. Well, there were prunes and dried fruit in the stores. We looked forward to round-up and shipping times. Everybody came to town."

"Talk about hard times—one winter (about 1890) a heavy snow caused a few hundred head of cattle to drift and pile up in the canyon AND—well, everybody turned out to be a cow peeper for a few days."

"You must be a newcomer. Where in Texas would you find a flower in the Panhandle? Excuse me, he ain't a 'er newcomer and hadn't ought 'er talked about the weather—you know, I said it would rain that day, and I'm 'it. I reckon."

"Here comes the gripe, my lad. Never suggest anything you wouldn't have happen. To get our minds out of the rut is what these U. S. of A. (in fact the whole world) needs. We aren't living right. We don't expect the best—looking for something to happen. It seems."

"I you have a Vincon on your staff, you'll get the job done. Fullingim's fenced off lines are 'allers' good. (I'll bet he's an old ranch boy from Panhandle). Anyway, he reserves a trip to the city, I'll bet he spent a week each day he was there. All power to the Pampa Daily."

"Yours Truly, JEEMS."

"Thank you, Jeems. Those are kind words, for the most part. Glad to know this column has the appearance of being more than a one-man job... That's some compensation for our efforts, anyway."

"Fullingim is out from the city and the centennials... Dallas and Fort Worth... He's going to hide away in the mountains next week—this time to rest up from the rigors of the city and Sally Rand's nude ranch."

"A Reader" thinks times haven't changed much in 76 years. He submits the following reprint from Harper's Weekly, Vol. 1, Page 642, of the issue Oct. 10, 1867: "It is a gloomy moment in history. The nation is in the lifetime of most men who read this paper—has there been so much grave and deep apprehension; never has the future seemed so incalculable as at this time. In our own country there is universal commercial prostration and panic, and thousands of our poorest fellow-citizens are turned out against the approaching winter without employment, and without the prospect of it."

"In France the political cauldron seethes with bubbles with uncertainty; Russia hangs, as usual, like a cloud, dark and silent, upon the horizon of Europe; while all the energies, resources and influences of the British Empire are sorely tried, and are yet to be tried more sorely, in coping with the vast and deadly Indian insurrection, and with its disturbed relations in China."

"It is a solemn thought, and no man can feel an indifference (which, happily, no man pretends to feel) in the issue of events."

"Of our own troubles no man can see COLUMN, Page 3"

Pampans in several sections of the city up in arms over being disturbed so early this morning. The cause was an airplane flying wide open about 100 feet above the city. This corner learned that the plane belonged to the Halliburton Oil Well Cementing Company of Duncan, Okla. It was a low-wing Northrup monoplane, powered with a 750 h.p. motor capable of developing a speed of about 250 miles an hour. The pilot landed here for a brief visit.

RUBBER HOSE BEATING GIVEN NEGRO, CLAIM

JUDGE DELAYS READING OF MOORE'S CONFESSION

ASHEVILLE, N. C., Aug. 20 (AP)—Martin Moore told Judge Don Phillips today he was beaten with a rubber hose before he confessed the killing of Helen Cleveger at the time of his arrest.

J. F. Cleveger, of Great Kills, Staten Island, N. Y., father of Helen Cleveger, fainted as Moore approached the stand and had to be carried from the courtroom.

Moore said the hose was wielded by a "fat man" who also used his fist in seeking to obtain the negro's story.

The tall negro said the beating was administered in the presence of Deputy Sheriff Tom Brown.

Moore's attorneys were countering a determined prosecution effort to enter in evidence the signed confession, which said the negro admitted Miss Cleveger's hotel room at 1 a. m. July 16 to rob it, but killed her in panic lest he be discovered when she screamed.

Judge Don Phillips refused at least temporarily, to allow Sheriff Lawrence E. Brown to testify concerning the confession, he said Moore made to slaying the 18-year-old girl.

With the jury out of the room, Brown denied from the stand that duress or inducements were used to get Moore to confess, but he did tell the jury that if he would tell the truth, the judge at his trial would be apprised of that.

Bankhead Will Aid Tenants to Purchase Land

JASPER, Ala., Aug. 20 (AP)—Speaker William B. Bankhead today promised a renewed drive in Congress for federal tenant farm legislation to help sharecroppers purchase their own land.

The presiding officer of the national house expressed deep interest in the proposal of Governor J. M. Fittrell of Arkansas for a south-wide conference of the share-cropper and general farm tenancy problems.

The speaker referred to the measure in the proposal of Governor J. M. Fittrell of Arkansas for a south-wide conference of the share-cropper and general farm tenancy problems.

City Water Is Cut Off In 300 Homes

Residents Unable to Raise Sum in Three Days

Because of a new water system policy, the city was richer today by some \$300 which otherwise would not have been collected. City Manager C. L. Stine estimated that of the scores of water users who were cut off because they had not paid delinquent bills, about 300 were connected again—after they had paid \$1 each. The water department has been busy stacking up money which customers showed over the counter in payment for delinquent bills which ranged from \$2.50 up to \$40 and more. Some patrons were several months behind, and the city's sudden demand to pay up or go without water found them unable to raise fairly large sums in three days.

Trippers Invade City; Concert Given By Band

Perryton informed Pampa with music and talks that she is having her 17th birthday anniversary Saturday when a cavalcade from the north plains city swooped down on Pampa at 3:30 o'clock yesterday afternoon.

The trippers were met east of Pampa by a delegation representing the city and chambers of commerce. The cars were escorted to the 100 block on North Cuyler street which was blocked off by police. There, Perryton's 35-piece band gave a concert. Postmaster C. H. Walker welcomed the visitors, telling them that Pampa would have a delegation at their celebration.

Jack Allen, chairman of the Perryton Centennial committee, and Addison C. Custer, secretary of the chamber of commerce, briefly outlined the program which will include horse races, band concerts, walking marathon, baseball, dances etc.

Among the trippers here were Jack Allen, chairman Perryton Centennial celebration; Addison C. Custer, secretary of the chamber of commerce; W. I. Byron, band director of high school band and 35 members; W. E. McMillan, Luther Wade, F. P. Campbell, E. W. LeMaster, Sam Hergert, Charley Whippo, Sibley Jones, Luella McMillan, Winnie Mae Isom, Margaret Suppicht, Esther McLarty, Walter Allen, Paul Bowen.

Spain Notifies Great Britain of Coastal Blockade

LONDON, Aug. 20 (AP)—The Spanish government, it was learned today, has notified Great Britain of the declaration of a blockade on certain coastal areas held by the Spanish rebels.

The British and Spanish governments, it was said, were in conference today to discuss the precise meaning of the Spanish decree, and Great Britain has not recognized the blockade.

In normal practice of international law, it was authoritatively pointed out, two conditions are attached to a blockade: 1. Before a blockade can be recognized it must be effective. That is to say the country declaring a blockade must have the naval or other force necessary to carry it out. It cannot dummy a blockade.

2. In principle recognition of a blockade follows recognition of the belligerency of both sides. Britain has not recognized either side as a belligerent and so far has taken no steps to do so.

Men Threaten to Rescue 4 Miners

MOBERLY, Mo., Aug. 20 (AP)—Their patience frayed by two days of fruitless rescue efforts, a grim company of coal miners today threatened to defy officials and force their way down a water-logged, gas-filled shaft in an attempt to reach four fellow workers, entombed in a collapsed mine tunnel.

Arnold Griffith, chief state mine inspector directing rescue operations at the mine shaft, posted a special guard at the abandoned air duct to keep friends of the entombed men from entering.

Attempts to reach the imprisoned miners through the air shaft were abandoned yesterday by Griffith, who said the narrow way was filled with deadly black damp.

GERMAN ISSUE ULTIMATUM

3,000-GAIN IN POPULATION OF PAMPA SHOWN

FIGURE GIVES GROWTH IN LAST SIX YEARS

A gain of 3,000 city population since 1930 is shown by figures contained in Pampa's new city directory which was being distributed today by representatives of the Hudspeth Directory Co. of El Paso.

The new directory contains 7,949 names of persons, corporations and business concerns in Pampa and its industrial area.

Drawing a comparison with last year's bank deposits, the directory shows the total for 1936 at \$2,947,965. For the first six months of this year bank deposits total \$2,887,664.

There were 1,815 telephones in use here at the end of 1935. Today there are 1,988 telephone subscribers. According to the directory, George Washington lives at 830 W. Foster. You know of Rosie O'Grady, of song fame, well she doesn't live here, but Rosalie O'Grady does—at 624 N. Nelson.

Darling Love is a Pampa resident at 1018 Barnes. James Cook really is a cook and lives at 323 S. Russell. The Smiths and the Jones families, as usual, lead the list of names in the directory. There are 53 Joneses and 65 Smiths in Pampa.

Building permits in Pampa totaled \$213,912 last year. According to the directory figures, the total for the first six months of 1936 is \$261,325.

The directory carries a complete statistical review of Pampa and its surrounding community. The 1936 federal census gave Pampa a population of 10,470, an increase of 960 per cent over the 987 inhabitants of 1920. Pampa ranked third in the United States in percentage of population gain over the ten-year period. The 1936 population is estimated at 13,000 with a total of 20,000 in a ten mile radius of the city.

LATE NEWS

LONDON, Aug. 20 (AP)—The Reuters (British) news agency today reported from Madrid that the Ponta Vedra radio station announced Paulino Uscudun, the Spanish prize fighter, had been killed with a number of others by a government firing squad.

PARIS, Aug. 20 (AP)—France and Great Britain, informed Paris sources said today, may undertake mediation in an attempt to prevent the reported Spanish government search of a German merchant ship from having serious repercussions.

FORT WORTH, Aug. 20 (AP)—Daniel Rubio, 22, a patient at Elmwood tubercular sanatorium, plunged to his death from the twentieth floor of the Fort Worth National Bank building here at 9:50 a. m. today. His body fell to the roof of a two-story building. Justice of the Peace Beatty called it suicide. Letters and clippings found in the young man's pocket indicated he had long contemplated taking his own life.

VERA CRUZ, Mexico, Aug. 20 (AP)—Unconfirmed reports today said several sailors aboard the Spanish steamer Magallanes were wounded in a political clash aboard the ship, lying in dock here last night.

GIN DESTROYED DENISON, Aug. 20 (AP)—Fire destroyed Denison's only operating cotton gin today with a loss estimated by Owner M. J. Hill at between \$12,000 and \$14,000. He said the property was insured.

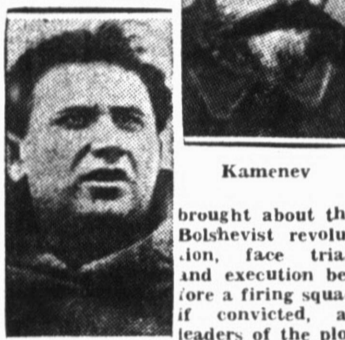

Mr. and Mrs. E. C. Sidwell are vacationing in the mountains this week.

People You Know

Consider the harried, hectic life of a softball umpire. Last night at the park, the life of one (there were four in all officiating in one game) appeared in danger. An ump, the rules say, has a right to change his decision, but when he changed it last night there was the very difficulty to pay, and for once there was at least one in the crowd who was sorry for the umpire. An ump, when about twenty softball players and as many more fans crowded around him, gesturing and shouting, their eyes flashing. That's another reason why softball appears to be the coming game.

CARRIERS ENJOY COLORADO TRIP; BOYS ARE HOME

Thirteen Pampa Daily NEWS carriers were back home today talking over a five-day, 1,200-mile trip through Texas, Colorado and New Mexico, featured by a climb to the dizzy heights of Pike's Peak.

The carriers were taken on the tour as a reward for their efforts in a summer circulation campaign.

The party left here last Saturday morning in four automobiles and arrived in Colorado Springs Saturday evening. Early Sunday they made the trip up Pike's Peak.

On Monday the caravan took a trip through Corley mountain and the Phantom canyon, visiting also Royal Gorge and Canyon City gold mine.

The Garden of the Gods, Colorado Springs pottery plant and a visit to the cliff dwellers occupied the greater part of the day on Tuesday and the night was spent at Raton.

Wednesday the group headed into New Mexico where members of the party went to the top of Mt. Capitan, 9,000 feet high. They arrived in Pampa at 7 o'clock last night.

Tom Rose, of the Tom Rose Ford agency, furnished one car, the Scotty Ford, to carry a group of the carriers. All oil and gasoline used during the five-day trip was donated by Paul Katsiske, of the Skelly Oil Co.

Special guests of the newspaper on the tour were: Kelton Miller, Adolph Duckworth, Robert Bowerman, J. C. Dollard, L. D. Hartwell, Ed Harris, W. C. Stalcup, Grover Foster and the Amateur Athletic Union. Durwood Bland, Shamrock, Royal Hermelinde, L. Fors, Troy Lee Carver, Wheeler, and Donald Kite, Canadian.

The trip was in charge of Frank Chapman, circulation director of the NEWS. Others who accompanied the carriers were Mrs. Chapman, Miss Joyce Martin, of Borger; Mr. and Mrs. James E. Lyons and son, Jimmy, of Pampa.

Eleanor Jarrett To Keep Silent

NEW YORK, Aug. 20 (AP)—Declaring "There's no sense in keeping the name of Americans," Eleanor Jarrett, New York swimmer, said today she does not plan any legal action against Avery Brundage, president of the American Olympic committee, who expelled her from the Olympic team on charges of drinking and training rules infractions.

Mrs. Jarrett, accompanied by her husband, band leader Art Jarrett, returned today on the S. S. Bremen. She declined to discuss her personal feelings toward Brundage.

"I called him up on the telephone before I left Berlin and he hung up," she said.

The swimmer was not permitted to defend the Olympic 100-meter back stroke title she won at Los Angeles four years ago, said she will apply to the Amateur Athletic Union registration committee for reinstatement following her suspension from amateur competition in Europe.

FASCISM WAS AIM OF PLOT OF ZIONIEFF

OLD BOLSHEVIST TAKES FULL CREDIT FOR CONSPIRACY

By CHARLES P. NUTTER (Copyright, 1936, By The Associated Press) MOSCOW, Aug. 20.—Gregory Zinoviev, accused maker of a bloody plot against the Soviet regime of Joseph Stalin, testified today at his trial the terrorist conspiracy, if successful, would have put Russia on the road to Fascism.

Accepting the full guilt for the conspiracy, alleged to have included the intended assassination of Stalin and other high Soviet figures, the famous old Bolshevik declared:

"I went all the way from opposition party power to counter-revolution and terrorism and actually Fascism."

Testimony that a 1934 plot to kill Stalin because the secretary to Zinoviev committed suicide rather than carry out his chief's orders was presented today in a dramatic moment at the conspiracy trial of Zinoviev and 15 other Russians.

T. Reingold, one of the defendants, suddenly jumped up and faced Leon Kameney, who was Zinoviev's secretary, and accused the conspiracy to overthrow the Soviet government with the support of Trotsky, famous exile.

"Shaking his fist, Reingold screamed: 'You are responsible for the death of Bogden (A. Bogden, Zinoviev's secretary).'"

Kameney, who had been on the stand all day, calmly denied the accusation and said he was not a party to a reported conspiracy to murder the Soviet leader.

According to the testimony, Bogden was to have killed Stalin at the time the dictator's chief aide, Sergei M. Kiroff, was assassinated at Leningrad.

Earlier, in a dramatic moment of the trial of Zinoviev and 15 others, testimony was brought out that an attempt to kill Stalin in 1934 failed because Zinoviev's secretary committed suicide rather than carry out the death orders.

Zinoviev's admission he had abandoned the principles of Karl Marx in resorting to individual terrorism was made as an explanation of how and why he plotted to kill Stalin and unsat the government.

However, Zinoviev defended his actions by saying "the evolution of our struggle against the party naturally and inevitably led to terrorism."

Neither Zinoviev nor Leon Kameney, who preceded him to the stand, made any attempt to deny they were fully responsible for the conspiracy. In fact, Zinoviev confessed he had lied and deceived others for many years, but now, having no further "illusions" had resolved to tell the "pure truth."

CRUISERS TO SPAIN

PARIS, Aug. 20 (AP)—The commanders of the United States battleship Oklahoma and the heavy cruiser Quincy reported by radio to the Paris embassy today they had arrived off Palma, Mallorca, to evacuate Americans, Malaga, in the Balearic Islands, has been the scene of recent Spanish civil fighting.

Mr. and Mrs. W. M. Castleberry, Misses Odessa Winkler and Wayne Winkler returned yesterday from a vacation trip to points of interest in Colorado.

SATURDAY VOTE IMPORTANT

An Editorial—The fact that there is only a handful of races on the ballot that will be handed to Gray county voters when they go to the polls in the run-off primary Saturday, is no reason why there should be only a handful of voters.

There will be on the ballot two state races, one district and two county contests on the county-wide ballot. Elections of constables also are scheduled in precincts 1, 2, and 4.

Stardom Bound?

JANICE JARRATT

Texas bade goodbye to its "Sweetheart of the Texas Centennial" this week when Janice Jarratt, lovely San Antonio girl who found fame in New York as America's most photographed girl before returning to Texas as official state hostess for Centennial celebrations, signed a long-term movie contract and departed for Hollywood.

Released from her duties by Centennial officials, the Texas beauty signed her contract in executive offices in Austin in the presence of Governor James V. Allred, J. Cheever Coward, chairman of the board of directors of Universal Pictures, and Harry Evans, Universal casting director, to follow to Texas from New York to present the contract.

NYA FUNDS FOR STUDENTS MAY BE AVAILABLE

Additional federal funds may be available this year to aid needy Gray county high school pupils in continuing their education, it was announced today by W. B. Weathered, county school superintendent.

A letter from officials of the National Youth Administration in Washington informed Weathered this week that, due to drought conditions in many Texas counties, it is believed additional funds will be made available this year.

Last year the NYA supplied \$126 a month to aid 21 Gray county high school pupils. Six dollars per month for each pupil was allotted to enable them to buy lunches and school supplies.

In return for this \$6, the needy pupils are assigned to small jobs around the school buildings and grounds, the superintendent explained.

Weathered said today he has supplied the NYA with information relative to anticipated needs of Gray county this year.

FLASH!

The Skelly-Schafer-Voss Cleaner softball game which ended in a 3-2 decision for Voss last night was thrown out by the state softball commissioner today, and will be played over again tonight at Road Runner park, according to a telegram received this afternoon. It was held that the umpire should have called time out or else allowed the Skelly run which would have tied up the ball game. The runner was called back to third.

HITLER WILL STOP SEARCH OF HIS SHIPS

200,000 TROOPS ARE ORDERED TO CAMP BY MUSSOLINI

By WADE WERNER (Copyright, 1936, By The Associated Press) BERLIN, Aug. 20.—German warships in Spanish waters were ordered tonight to meet all "unjustifiable acts" with force.

The stringent orders followed a curt Nazi ultimatum in which Madrid was warned the German warships would take "all means" to prevent repetition of such incidents as the reported search of the German steamer Kameron on the high seas.

German naval reinforcements in the shape of seven warships now are en route to Spain.

Admiral Carl, commander of the Nazi warships, wireless the command to the Spanish government fleet and advised the fleet had been given the order to reply to untoward incidents forcibly.

By WADE WERNER (Copyright, 1936, By The Associated Press) BERLIN, Aug. 20.—Nazi Germany has announced to Socialist Spain, warned Madrid, today that German warship commanders had been commanded to take "all means" to prevent any repetition of such incidents as the reported search of the Reich's liner Kameron on the high seas.

Today's brusque instructions, telegraphed by the Hitler government to the German charge d'affaires in Madrid, ordered him to warn the Spanish government that Germany will hold it responsible for "all consequences" growing out of any similar incident in the future.

A communique issued by the foreign office state: "The German government, soon after receipt of news of the incident created by the Spanish government in connection with the steamer Kameron, telegraphically instructed the charge d'affaires at Madrid to protest in the sharpest form against the action of Spanish warships in violation of international law and, their intent, to give notice the German government will hold the Spanish government responsible for all consequences growing out of repetitions or a similar incident."

Germany issued a flat ultimatum today to the Spanish socialist government that German warship commanders would take "all means" to prevent the illegal search of vessels flying the Nazi Swastika.

The warning resulted from the reported search revealed yesterday of the Reich's Kameron outside Spanish territorial waters off Cadiz.

In Rome it was reliably reported Italy was delaying demobilization of the class of 1914 recruits and 200,000 troops were ordered into war games at Avellino.

Such steps, it was said, resulted from Italy's determination to preserve a strong front against the possibility of non-intervention in the Spanish civil war, in which the new aspects of both German and Italian attitudes toward a general European neutrality caused France to regard with pessimism the chances of completing her proposed pact of non-intervention in the Spanish civil war, in which the proposed Fascist seek to overthrow the present Madrid socialist government.

Conclusive answers still were awaited in Paris from Berlin and Rome after two and a half weeks of negotiations led by France and joined by Great Britain.

A new line of thought was injected in high quarters to be intending to ask France and Great Britain in

Rebel forces were brought within 100 miles of Madrid in a southwest in an advance on the capital from Badajoz. Both sides claimed victory at Navalmaral.

Government troops said they pushed rebels back from the besieged city of Irun on the Bay of Biscay.

**MADRID, Aug. 20 (AP)—**Spanish rebels, in a 100-mile advance from Badajoz toward Madrid, engaged in bitter battle today with the loyalist troops of Col. Julio Managada.

The city of Navalmaral, where the battle occurred, was reported in flames. The government asserted it had dispersed the fascist rebels.

But from the Portuguese border came reports that Mangada's column had been routed after a violent battle. The crew of a loyalist airplane, it was said, was executed when the war craft was forced down after bombing the rebels.

The advance from Badajoz brought the rebel forces to within 100 miles of the Spanish capital.

Reliable reports from Gibraltar stated that the rebel commander, Gen. Emilio Mola, had advised his colleague, General de Llano at Seville to send no new troops northward.

Mola asserted he had sufficient strength with which to crush Madrid in less than a week. Radio Madrid reports said the fascists had captured Albuquerque and Olivenda and shot down two loyalist airplanes near Badajoz.

**MADRID, Aug. 20.**—Government forces, in hot engagements with fascist rebels, today established a new line of defense about 100 miles southwest of Madrid.

Navalmaral de la Mata was reported in flames with rebels in headlong flight before victorious government troops.

Rebel sources reported from the Portuguese border, however, that Col. Julio Managada's government army had been defeated in the attack on Navalmaral.

The march, from rebel strongholds outside of Badajoz to the present battle line, represented a fascist forward movement against Madrid of approximately 100 miles, on the basis of their last previously reported positions.

# Queen of Clubs Entertained by Mrs. Felix Smith

Mrs. Felix Smith entertained the Queen of Clubs with a breakfast at the Schneider hotel Wednesday morning. A delicate color scheme of blue and gold was carried out in the table appointments. Seated at the two tables were Mmes. H. D. Keys, Carl Boston, A. B. Goldston, M. A. Mahaffey, Raymond Harrah, Bill Jarratt, Joe Burrows, and I. B. Huges.

# Pioneer Driller Of Field Is Dead

John Caldwell, 60, one of the first drillers to arrive in the Panhandle field after the discovery of oil, died this morning in Worley hospital, 10 days after he received severe burns and other injuries in a boiler explosion.

The accident happened east of LeFors. Mr. Caldwell was working for the Delaney Drilling company at the time.

Mr. Caldwell had resided in Pampa for the last eight years, returning after an absence of two years in other oil fields.

Survivors are a brother and sister who are being contacted by Pampa Mortuary where the body lies at rest. Funeral arrangements will be made later.

# At the end of the contribution, "A Reader" says in his own words: "Because of the above article, I have also tended to destroy the moral forces with which we are to resist and subdue calamity."

Well, it does seem as if it might have been written yesterday instead of nearly four score years ago.

**OIL ESTIMATES GIVEN.**  
WASHINGTON, Aug. 20 (AP)—The Bureau of Mines recommended today at 2,864,000 daily average crude oil production for September to meet estimated demands and provide usual changes in stocks.

This figure will be 72,900 barrels below August but 251,000 barrels above the September, 1935, total.

The Bureau estimated the domestic demand for motor fuel at 42,910,000 barrels for September, compared with 46,850,000 barrels this month, and exports at 2,600,000 barrels, the same as for August.

Crude oil requirements for September were estimated as follows: Refinery crude 85,120,000 barrels; imports 2,900,000; exports 4,300,000; fuel and losses, 2,100,000; total demand for domestic crude, 88,620,000; recommended decrease in stocks 2,700,000; required production 85,920,000; daily average 2,864,000.

The Bureau's August and September production estimates by states: Texas, 1,157,700 and 1,123,000 barrels; Oklahoma, 787,500 and 563,000; California 550,000 and 535,200; Louisiana 188,500 and 186,200; Kansas, 166,500 and 160,000; New Mexico, 70,100 and 71,600; Wyoming, 38,900 and 37,200; Arkansas, 31,200 and 30,700; Montana, 13,900 and 13,500; Colorado, 4,700 and 4,500.

# MARKET BRIEFS

**NEW YORK, Aug. 20 (AP)—**While a few specialties tipped the stock market seas today for modest gains, the list as a whole lost its balance under quiet profit taking pressure.

Leading the downward drift for losses of fractions to a point or more were the steel, rails and coppers. The close was easy. Transfers were around 350,000 shares.

# 6 JOIN FIRST CHRISTIAN IN REVIVAL PLEA

**'BAPTISM' IS SUBJECT OF SERMON LAST EVENING**

Six more united with the First Christian church last night, in the revival meeting which is being conducted nightly by P. H. Elliott, evangelist, Powell Smith, song leader, and Howard House, pianist and artist, assisted by Mrs. J. B. Townsend at the second piano.

"Baptism" was the subject of the sermon last night. "Often we hear people ask the question, 'Why does the Christian church emphasize baptism?'" said the evangelist in beginning his sermon. "I want tonight to tell you why we believe in and practice immersion, and certainly you are entitled to know why."

"First, we practice it because the New Testament commands it. Jesus said in Matthew 28:19-20, 'Go ye therefore and make disciples of every nation, baptizing them into the name of the Father, and of the Son and of the Holy Spirit,' etc. Some people speak very lightly of baptism, but I am sure they don't fully realize that it is a command of the Son of God. Surely no one would knowingly make light of any commands of the Son of God."

"Baptism is the only thing in the Bible that we are commanded to perform in the name of the Father, Son and Holy Spirit, so we cannot afford to make light of it."

"Jesus came all the way from Nazareth to be baptized of John in the Jordan. He went down into the water the recognized son of Mary. He came out, the recognized Son of God. As He came out of the water, the very voice of God himself proclaimed Him as His Son. 'Baptism represents a burial and resurrection, as we will find if we study carefully Romans 6:4. All scholars in all churches agree that the word itself means to dip or immerse, but some take the position that the wa yin which it is done doesn't matter. Friends it matters a lot to me in my own case. When I read in my Bible that Philip and the eunuch both went down into the water, I want the one who baptizes me to go down into the water with me. When I read that we are baptized in the likeness of His burial and raised in the likeness of His resurrection, I want to be buried in the watery grave that I may rise to walk in newness of life."

"There will be services tonight at 8 o'clock and every night this week except Saturday. The meeting will close on Sunday night."

# A'S SINK RED SOX TO SIXTH PLACE IN LOOP

## MILLION-DOLLAR CLUB LOSES TWIN BILL TO MACKMEN

BY SID FEDER, Associated Press Sports Writer.  
Add major league mysteries: How can all the 30-year-old owners Tom Yawkey threw into his collapsible Red Sox have failed to come home with more than one or two worthwhile pitching arms?  
Except for Lefty Grove and Wes Ferrell—and Wes isn't doing so well himself these last few weeks—the Yawkey bankroll seems to have produced a set of pitchers that have failed so completely that the Red Sox are playing exactly 500 ball to day—and have sunk to sixth place.  
The payoff came yesterday when Connie Mack's Philadelphia Athletics, who, according to the standings, have nothing on the ball but the cover, belted of the million-dollar Beantown outfit in both ends of a doubleheader, 5-4 and 7-2.  
At the same time, the suddenly slugging St. Louis Browns, who have their eye on Boston's sixth place, although they're still 14 games off it, picked up a full game and a half by landing on a quartet of Detroit pitchers for a 13-8 victory.  
With the National League's pace-setters, the Cardinals, idle, the Giants continued their mad rush toward the lead by chalking up their ninth straight win, 3-2 decision over their Brooklyn "cousins," with Carl Hubbell turning in a five-hitter for his eighteenth triumph.  
The American league edge of the Yankees was increased to twelve full games. Murderer's Row and its heavy-hitting pitcher, Charley Ruffing, snipped out of their slump together, and trounced the Senators, 7-4.  
The second-place Cleveland Indians and the Chicago White Sox were idle.  
The Pirates pushed over a run in the last of the ninth to down the slipping Cubs 5-4, while the Bees ended a four-game losing streak with a 9-1 win over the Phillies. The Cards and Reds took a scheduled day off.

## Bill Hughes and Deike Lead in Tennis Tourney

ST. LOUIS, Aug. 19 (AP)—Big Bill Hughes of Memphis and defending champion Elizabeth Deike of Los Angeles led public park tennis stars into quarter-final rounds of the national singles championship today with decisive victories that ruled their favorites in their divisions.  
Hughes was impressive in a victory over Herbert Shenkin, Washington, D. C., left M. C. Hooper, Tulsa, Okla., high school athlete, best out Chinn Sunn, Honolulu champion, to continue the third he started by upsetting former champion Arnold Simons of Louisville in the first round.  
Little Edna Smith, 4 ft. 11 in. Cleveland physical education instructor, threatened Miss Deike's crown by winning 11 straight games from Bernice Surville, Chicago champ.  
Hughes and Cecil Metz, perennial singles champion of Memphis, and Robert Norton of St. Louis, Harold Barthel and Walter Smigel of Cleveland, and Joe Turski and Edward Nowak of Buffalo, were favorites among the eight teams remaining in men's doubles play.

## Levin Claims He Won and Lopez Shouts 'Foul'

LOS ANGELES, Aug. 20 (AP)—Another feud split the wrestling clans today as Dave Levin, Brooklyn brawler, claimed the "undisputed" heavyweight championship, and Vincent Lopez, Idaho Mexican, cried "foul."  
Sharpshooters from both camps fired arguments over what did and did not happen before the gaze of 20,000 fans when Levin trounced Lopez in two out of three falls last night at Wrigley Field.  
"I'm going to protest to the State Athletic Commission," roared Lopez. "I may even quit wrestling. I don't mind losing, but it was the way I lost that hurts."  
Lopez asserted that Referee Verne McCullough of Salt Lake City should have awarded him the deciding fall on a foul. Levin struck him in the groin, the Mexican said.

# CLEANING UP IN SOAP BOX DERBY

Whizzing down a 1100-foot strip of concrete at a speed of nearly 40 miles an hour, Herbert Muench, of St. Louis, won the National Soap Box Derby in Akron, O. The 14-year-old St. Louis Star-Times entry defeated a field of 118 from all parts of the nation before a crowd of more than 30,000. Above is a view of the midget speedsters, powered by nothing more than gravity, whizzing down the course. At left is the triumphant, grinning winner.

## Levin Claims He Won and Lopez Shouts 'Foul'

LOS ANGELES, Aug. 20 (AP)—Another feud split the wrestling clans today as Dave Levin, Brooklyn brawler, claimed the "undisputed" heavyweight championship, and Vincent Lopez, Idaho Mexican, cried "foul."  
Sharpshooters from both camps fired arguments over what did and did not happen before the gaze of 20,000 fans when Levin trounced Lopez in two out of three falls last night at Wrigley Field.  
"I'm going to protest to the State Athletic Commission," roared Lopez. "I may even quit wrestling. I don't mind losing, but it was the way I lost that hurts."  
Lopez asserted that Referee Verne McCullough of Salt Lake City should have awarded him the deciding fall on a foul. Levin struck him in the groin, the Mexican said.

## Franco Lived in Texas Back in '18

EDINBURG, Texas, Aug. 20 (AP)—Francisco Franco, commander of the military forces of the revolt in Spain, was employed here during the world war by Judge J. F. Carl, a lawyer.  
Carl, then secretary and general manager of the Texas state council of defense, says he employed Franco for \$100 a month and expenses to tour the southern part of the state and address Latin-Americans, urging them to maintain loyalty to the nation.  
He says Franco was a subject of Spain, but sympathized with the allies and wore a French uniform. Judge Carl remembers Franco as a tall, aristocratic Spaniard of strong personality.

## OLSON SERIOUSLY ILL

ROCHESTER, Minn., Aug. 20 (AP)—Governor Floyd E. Olson, the nation's only Farmer-Labor chief executive, was in "very serious" condition today. This was announced by Dr. William J. Mayo, at whose clinic Governor Olson has been undergoing treatment for a chronic stomach ailment. It was the first official statement that his condition was serious.

## Germany Would Force Spain to Respect Vessels

PARIS, Aug. 20 (AP)—Germany was reported in official Paris quarters today to be on the verge of asking France and Great Britain to join in making Spain "respect the freedom of the seas."  
A government spokesman, although stating the information was unofficial, added that Berlin "quite possibly" would raise the question in negotiations for a neutrality agreement.  
The German liner Kamerun was reported yesterday to have been stopped and searched outside Spanish territorial waters by government forces off Cadiz.  
The spokesman declined to discuss what form of protection might be proposed to guard merchant ships from such incidents as the stopping of the Kamerun.  
As for France's attitude in such an event, the spokesman said, "We must wait and see."  
French sources doubted Germany would mass her fleet off the Spanish coast in a warning to the Spanish government as reported possible in Berlin dispatches.  
The tomb of General Ulysses S. Grant, which overlooks the Hudson river in New York city, was built by popular subscription.

## PANTHERS WIN FROM HOUSTON IN ELEVENTH

### DALLAS' WIDE LEAGUE LEAD INCREASED BY VICTORY

(By The Associated Press)  
Today's Games  
Tulsa at Beaumont, day  
Oklahoma City at San Antonio, night  
Fort Worth at Galveston, night  
Dallas at Houston, night.

Fort Worth's prowling Panthers upheld the dignity of the second division last night. The other three teams in the unfruitful section of the Texas league ratings forgot to duck.

The Cats, striving mightily to lift themselves to the first division, took advantage of a wild throw in the eleventh inning and beat out the second-place Houston Buffs, 7 to 5.  
Curt Fullerton widened Dallas' wide league lead in besting Jack Jakubski of Galveston, 5 to 2. Jakubski, whose sale to the St. Louis Browns for delivery Aug. 28 was announced yesterday, pitched ably but his mates let him down at vital moments.

Tulsa tightened its hold on fourth place by nosing out the faltering Beaumont club, 6 to 5. San Antonio met a similar fate at the hands of Oklahoma City. The Indians slapped across five runs in the seventh inning. The Missions couldn't do much about it and the score was 9 to 7.

DON'T RISK LIVES OF SCHOOL CHILDREN

In two weeks, the schools will open. For the fall term. And this places one vast responsibility upon the shoulders of school board trustees and members: To make our institutions of learning safe from fire.

Some of the worst conflagrations in our history have occurred in schools, blotting out the lives of scores and even hundreds of children at one time. And the old-fashioned school building is not the only kind with great hazards.

In many schools that are thought of as modern there are too few exits, stairways are badly constructed, doors open inward (in spite of the fact that this is one of the worst of all hazards), heating equipment is faulty.

Parents should make their voices felt, and insist that the lives of their children be given the utmost protection while at school.

IT'S UP TO YOU

There has been a great deal of concern over the safety of about a hundred and fifty American citizens in Madrid. The fear was felt that in the event of a battle between rebels and loyalists in the city some of these Americans would be killed or injured.

It is natural and proper that the public interest be aroused by such a situation. But it is rather a strange anomaly that the public is vitally interested in the safety of a handful of people—and pays little attention to the massacre of thousands of others.

The reference is to our automobile death toll. It takes less than two days for auto accidents to account for a greater number of lives than those hazarded in Madrid.

No problem more vitally affects us all than the automobile accident problem. And none is more completely within the control of the people. Every individual can drive safely if he only wills it—and the force of public opinion, unified and aggressive, could make the highways a very uncomfortable place for the reckless.

AAA officials are working on plans for crop insurance covering all possible risks to wheat. Regardless of whether a New Deal or a Republican administration decides that a federal system of insurance is a good thing, the records of the AAA will prove invaluable in determining the extent to which the system would be feasible.

These records cover individual farmers for six years and although they cover only farmers who participated in AAA programs and the period is about the worst that American agriculture has ever had, there was no prior data on which an actuarial study might be made.

Even in 1928, Secretary of Agriculture William M. Jardine was reporting that every year thousands of beginners in farming and farmers with heavy interest charges to meet "are economically ruined or seriously crippled in their future production programs by reason of unexpected failure or destruction of their growing crops."

At the same time, Jardine pointed out some difficulties in the way of a crop insurance system. A uniform-rate plan, or even an approach to it, he said, would result in discrimination against the better farming sections in behalf of less-favored sections and would unduly encourage bringing more submarginal land into production.

Complaints from localities where insurance premiums were high because of severe crop hazards would be likely to lead to dangerous political pressure for rate revision. It would also be difficult to make sure that policy holders lived up to requisite conditions.

One proposal suggested at AAA would insure the farmer for up to 75 per cent of his crop. Ideas about how to fix the premium rate seem rather hazy thus far. One plan would determine the average annual crop deficiency over a six-year period and then work out a similar average for the individual farmer.

A rate would be worked out on the basis of each average and then the two rates would be averaged together to compute the premium rate to the acre.

Officials seem to favor collecting premiums in the form of grain rather than in cash and collecting them only in years of excess production. This would both draw off surplus from the market and build up the "evernormal granary," which would be simply a system of holding grain in storage against lean years.

ANSWERS TO QUESTIONS

Frederic J. Haskin

A reader can get the answer to any question of fact by writing The Pampa Daily News' Information Bureau, Frederic J. Haskin, director, Washington, D. C. Please enclose three (3) cents for reply.

Q. How old is the Better Business organization?

A. The National Better Business Bureau, Inc., was organized in 1912 as the National Vigilance Committee of the Associated Advertising Clubs of the World to promote honesty, truthfulness, and reliability in the sale of merchandise, securities, and services, discourage fraudulent and deceptive methods in business and thereby to increase public confidence in advertising, salesmanship, and business generally.

Q. How long has England had national health insurance? R. T. E.

A. The scheme of national health insurance in Great Britain was founded on the National Insurance Act of 1911, which was brought into operation on July 15, 1912.

Q. Is Sir James Barrie left-handed? J. E. T.

A. He was naturally right-handed but lost the use of his left hand through neuritis. He learned the use of his left hand and wrote a 60,000-word autobiography.

Q. Whose portraits appeared on the stamps of the Confederate States? N. M.

A. The portraits used were those of George Washington and Jefferson Davis.

Q. Is Richard Le Gallienne French? K. M.

A. The poet is English, having been born in Liverpool.

Q. What does lemon juice contain in addition to citric acid? G. L.

A. Besides citric acid, lemon juice contains 3 to 4 per cent of gum and sugar, albuminoid matters, malic acid, and 2.28 per cent of inorganic salts.

Q. How old is the University of Naples? F. B. C.

A. This university was founded by Frederick II in 1224.

Q. In what opera did Jeriza make her American debut? J. L.

A. Her American debut was made at the Metropolitan Opera House in 1921 as Marietta in Die tote Stadt by Erich Korngold.

Q. Where is Chief Justice Marshall's shrine? L. B. D.

A. The former home of Chief Justice John Marshall, 5 East Marshall Street, Richmond, Va., is preserved as a shrine in which are kept many of Justice Marshall's belongings—books, letters, etc. It is also the headquarters of the Society for the Preservation of Virginia Antiquities, and is open to the public during visiting hours. There is a small charge for admission.

Q. How was it decided to abandon the English system of coinage in America? O. P. B.

A. The Morris report, made in 1822, proposed to abolish the English system of pounds, shillings and pence then prevailing in the several states, and instead establish a coinage on the decimal system with a unit that would agree without a fraction with all the numerous valuations of the Spanish milled dollar in the different states. This small unit would be 1/1440 of a dollar. Mr. Jefferson, as a member of the committee to which the report was referred, in a searching review of its proposals endorsed some of the important features, but rejected the proposed unit as too small and inconvenient. He proposed instead that the dollar be approximately the value of the Spanish milled dollar then generally used in the country, both because it was well known and of convenient size and value.

Q. How many cemeteries are there in the United States? M. N.

A. The exact number is not known, but it is somewhere about one hundred thousand.

Q. What city has an avenue known as the street of Christmas trees? E. G.

A. In Pasadena, California, an avenue of cedars is so called.

MAN ABOUT MANHATTAN

By GEORGE TUCKER

Aside from dissipating the kidnap craze, the most notable achievement of G-men to date is the way they have torn down the illusion of galantry in crime.

Broadway used to be alive with legends of underworld characters who wore the robes of a fantastic game. They were Robin Hoods at heart who became autocratic dictators of the vice and narcotic rings.

But since the G-men exposed them as a species of very yellow rats, most people have gotten away from regarding them as anything but what they are.

A noticeable example in the trend away from such nonsense is New York's apathy toward criminals today as compared to the halo of sentiment that once surrounded them.

Even so, "Legs" and Rothstein had plenty of luck—they lived before G-men got around to changing public opinion about hoodlums and bums. But Dillinger, "Lucky" Luciano, "Dutch" Schultz and the others of that ilk came too late.

All the letters on Fannie Hurst's typewriter are the same size—there aren't any capitals. "You'd be surprised how much time is saved when you don't have to keep banging the keys," she explains.

She brightened lips up to a vulgar vivacity, spread a crimson flush on her cheeks, and applied powder to her forehead and chin.

Rich and Reckless By Mary Raymond

Chapter IX Back in the library, Brent turned the pages of the newspaper with shaking fingers. The report of Molly's death had almost crowded the story of the bank robber from the front page.

Brent studied the photograph of the young man the police had slain. There wasn't a doubt of it. He was the same man who had danced with Molly that night at "The Red Poppy."

He read it all—the story of Handson Harry Whitman, known to his cronies as Neise Ferguson, gambler, alleged gunman, jewel robbery suspect, who had contrived, through iron-clad alibis and skilful lawyers, to live in a swank apartment instead of a penitentiary cell.

The account hinted that the gangster had been betrayed into the hands of the police by former friends. Acting on a tip, officers had gone to "Frenchy's," an eating place across the river. A girl had been with Whitman, but when the lights were switched off she had disappeared.

Brent was breathing hard. The lights had gone off. . . . just as they had that night. . . . the same man. . . . the girl who had looked like Molly.

"Make sense. It's a complete patter," Brent found himself saying aloud. "It's got to make sense!"

After a short interval he heard Donna's voice. "Brent, you poor unhappy man."

"Donna, may I come out for a moment? It's something urgent or I wouldn't ask you to see me now."

Fifteen minutes he was saying, "Donna, please humor me. I know I sound insane, but I want you to try to remember. Was there anything unusual about Molly? After death."

"I don't understand, Brent." "Anything different. Anything at all you may have noticed," Brent urged gently.

"It's so hard to talk about. It doesn't seem as though it could be true. Donna's voice was choked with emotion."

"Yes," Brent said in a low tone, "but try to remember." "I noticed one thing particularly. We—they," she shuddered. "Her shoes were so tight. It was a little difficult."

"Yes, I—why do you ask?" "Donna, please! Was there anything else?"

"Yes, Molly always like the very best of everything. Naturally, you know, the silk slip she had on was different. Trimmed with lots of lace and the material was inexpensive. But of course, she may have had an inexpensive slip."

"That was all?" "Yes," Donna replied slowly. "No, there was something else. She didn't like to have her finger nail polish. But Molly always preferred a natural shade. Her nails were deep red. She must have decided to change. I told you about the mood she was in. I led up with the same old things, she said. It must have been that Molly said she lost her mind."

"No," Brent said. "Molly's perfectly sane." "Donna did not notice that he used the present tense. She said, 'You loved her, Brent.'"

"Deeply, Donna. Ever since she was in high school. But I never told her. It didn't seem fair until after her debut. I wanted her to have her fun, and not to be swept into marriage because of an early romance. Now," his voice was tense with suppressed emotion, "I wish I had. Maybe she would be married, and she would be safe and happy."

Donna watched him drive away. Brent was taking this awfully hard. What a strange state of mind he was in—asking all those morbid questions. She had humored him because he seemed so desperately eager.

There was something that Molly had to do. She shuddered a little as she took out the compact and lipstick that had belonged to the dead girl.

HOLLYWOOD—Teddy Hart, five-foot-two comedian, thinks out loud on his first day before camera and microphone.

"These lights are terrible. Can't see anything. What is that thing over the state. Few counties are without these high grade breeding horses. There are more than 2,000 applications for these animals in our files."

WHAT! NO MANICURES? KINSTON, N. C.—A paper of Nov. 1895, discovered here, contained this barber shop advertisement: "Ornithological abscission and cranio-logical tripsis, phenological hair-cutters and hydrophysical shavers of cutters. Work physiognomically executed."

The Cathedral of St. John the Divine in New York city, now under construction, is expected to be the largest Gothic cathedral in the world.

Horses, Mules Are Coming Back In Texas, Claim

AUSTIN, Aug. 20 (AP)—Horses and mules are coming back to Texas. So, at least, believes Charles E. Baughman, chief clerk in the state department of agriculture.

Baughman said there were approximately 12,000 well-bred colts worth \$1,250,000, ranging Texas pastureslands today where two and a half years ago there were scarcely 1,000. They were bred from 296 stallions and jacks of the finest blood strains in the country.

The registered and high grade studs, including Belgian, percheron, and others, are being bred in Texas.

# FDR'S DROUGHT COMMITTEE IS IN NEBRASKA

## NORRIS DOOR BELL IS RUNG; SENATOR IS PRAISED

By ROBERT E. GEIGER  
Associate Staff Writer  
McCOCKE, Neb., Aug. 20 (AP)—The President's committee seeking a long range plan to end drought damage swung northward today after paying a compliment to Senator George Norris, Nebraska republican.

Chairman Morris L. Cooke and his associates rang the door bell at the Norris home here last night. They were disappointed when they found he was on vacation in Wisconsin but sent him a telegram to "express our appreciation of the standard of public service which you have set and of the idealism which has been your guiding star."

The committee headed toward Chadron, Neb., today on a 300-mile jaunt.

The temperature was near 100 as the committee members left Kansas yesterday. They traveled back roads through western Kansas and visited several farm homes on sun-seared prairies.

Meanwhile, Governor Clyde L. Herring of Iowa said President Roosevelt had informed him he would hold his drought conference with governors of arid states at Des Moines on Sept. 1. Herring said Mr. Roosevelt had invited the governors of Iowa, Nebraska, Missouri, Kansas and Oklahoma to the party.

# Absentee Vote Indicates Slack Voting Interest

(By The Associated Press)  
Absentee voters in Texas' run-off primary showed a varied interest in the outcome of Saturday's election.

In Dallas and Travis counties the away-from-home voting fell far short of first primary totals. In Dallas county the tabulation shortly before the deadline last night showed 340 votes, considerably below the July 25 number. Travis county (Austin) reported 357, more than a thousand under the first primary's vote.

Amarillo likewise showed a slackening interest, the vote being 440, or about 60 under the last second primary, while Beaumont reported 450 ballots.

Navarro county reported a greater vote than in the first primary, 369 compared to 329 in July. In other sections interest apparently flagged. Longview reported 418 absentees to 600 in the first primary, Brownsville 181 to 278, Corpus Christi 118 to 168, Sherman 96 to 354, Denison eight and 58.

# Pro to Travel 25,000 Miles

CHICAGO, Aug. 20 (AP)—The prohibition party laid claim today to the most traveled candidate for president in the 1936 campaign.

Edward E. Blake, national campaign manager for Dr. D. Leigh Colvin of New York, the presidential nominee, said the candidate would travel at least 25,000 miles and make about 400 speeches in 35 states before the election.

Dr. Colvin, now on a 10-day tour of California, began his campaign June 7. He has been hitting the trail alone ever since.

The schedule of major appearances for Dr. Colvin, beginning Sept. 1, includes:

Sept. 1, Phoenix, Ariz.; Sept. 4, Dallas, Tex.; Sept. 5, Enid and Tulsa, Okla.; Sept. 6, Oklahoma City; Sept. 7, McAlester, Okla.

**TRIAL POSTPONED**  
LOS ANGELES, Aug. 20 (AP)—Trial of James Henderson of Alpine, Texas, cattleman, on a charge of first-degree murder, has been postponed until Sept. 21. It was announced in court today. Henderson is charged with killing James Leroy Patton, 50-year old beer parlor proprietor. Postponement of the trial was due to congested court calendars and the desire of the defense for more time to prepare its case.

# Armed Senoritas Seize Empress Eugenia's Bedroom

Flourishing the pistols with which they cowed servants and retainers in the capture of the Duke of Alba's palace in Madrid, two girls sit on the bed once occupied by the Empress Eugenia and hold their prisoners at bay. A comrade uses the palace phone to report to headquarters on the seizure. Early reports indicated that the art treasures of the palace had not been molested.

# VICE COMMANDANT OF OLYMPIC VILLAGE AT BERLIN SUICIDES

BERLIN, Aug. 20 (AP)—The Reich propaganda ministry said today Captain Wolfstant Fuerstmer, vice commandant of the Olympic village, had committed suicide.

At the same time it was learned another popular figure in the Olympic organization, Gustav Kuhne, had died suddenly, with the cause as yet undetermined.

Kuhne, inspecting chief of the North German-Lloyd steamship lines, had been chosen for an executive post on the village commissary staff because of his experience.

Fuerstmer, the propaganda ministry said, had killed himself, "presumably because of nervous strain and overwork."

A spokesman, confronted with reports the village vice-commander had committed suicide because of his demotion from the post of commandant, expressed skepticism.

The spokesman said Fuerstmer had been supplanted as village commandant by Lieut.-Col. Werner von Gilsa purely because the latter outranked him in the army.

Before the propaganda ministry's statement, Olympic press headquarters had announced Fuerstmer "dropped dead" yesterday, "probably from a heart attack, the aftermath of overwork."

Both Fuerstmer and Kuhne had worked hard for the success of the Olympics, had succeeded in making thousands of athletes comfortable in the model village constructed for them, and had become popular among members of the American and other teams.

The war ministry, publishing an obituary notice of Fuerstmer's death, said he "died unexpectedly" and was mourned by the ministry as "a loyal and efficient officer, a helpful and lovable comrade, whose memory we honor."

# Confession of Negro Will Be Denied in Court

ASHEVILLE, N. C., Aug. 20 (AP)—Court-appointed attorneys for Martin Moore disclosed today they would contest the 22-year old negro's reputed confession that he killed Helen Cleveland, New York University coed, in her hotel room here.

The prosecution was expected to try to get the document into the record when Sheriff Laurence E. Brown, the chief investigator of the murder mystery, takes the witness stand at Moore's trial.

J. Scroop Styles, a defense attorney, said he would challenge the document on the ground it was obtained under duress, and that leniency was promised.

Sheriff Brown and other officers, who arrested the negro ten days ago, said he confessed he sneaked into the girl's room to loot it and shot her when she screamed.

Connecticut, one of the 13 original states, has an area of 4,965 square miles and a population of 1,606,903.

# Ired Prosecutor To Fight Hewitt Case in Appeal

SAN FRANCISCO, Aug. 20 (AP)—An ired prosecutor, who heard a judge dismiss mayhem conspiracy charges against two doctors in the sterilization of Ann Hewitt, considered appealing the ruling today and said he would fight to try the young woman's mother on the same counts.

Terming the ruling "bad precedent," Assistant District Attorney August Fournier said he would appeal the decision on the grounds of error.

He added he will continue efforts to extricate Mrs. Maryon Cooper Hewitt from New Jersey, despite the dismissal of charges against Drs. E. Tillman and Samuel G. Boyd.

"It is a terrible blow to the youth of California," declared Fournier. "Now, any parent can have any child unsexed for any reason."

Defense attorneys I. M. Golden and Harry McKenzie, jubilant at their victory, said further prosecution of the doctors was precluded unless a higher court ruled in favor of Fournier's threatened appeal.

Fournier said the action of Superior Judge Raglan Tuttle did not affect a \$500,000 damage suit Miss Hewitt has pending against the doctors and her mother.

ALBUQUERQUE, N. M., Aug. 20 (AP)—Delegates to the New Mexico Republican state convention which endorsed "old age revolving pension plan principles" in its platform then defeated two Townsend plan pledges aspirants for high offices scattered to their homes today while leaders made plans for an early start in the fall campaign.

The convention adjourned late last night after naming Jaffa Miller of Roswell, unsuccessful in the 1934 gubernatorial race, as candidate for governor. Previously Judge M. A. Otero Jr., son of one of New Mexico's territorial governors, was named the short term senatorial candidate, and Ernest Everly, Albuquerque, the nominee for the long term senate seat. M. Ralph Brown of Albuquerque, former state legislator, was nominated for Congress.

CHEYENNE, Wyo., Aug. 20 (AP)—Senator Robert D. Carey led his Townsend-endorsed opponent almost three to one today in the Republican senatorial race on the face of returns from 418 out of 676 precincts in the Wyoming primary election. Senator Carey polled 16,597 votes to 6,260 for A. F. Brubaker, Glenrock rancher, a Townsend candidate.

# Nine-Year Old Is 3,000,001st Visitor at Fete

DALLAS, Aug. 20 (AP)—The 3,000,000th visitor to the Texas Centennial exposition passed through exhibition gates shortly after noon yesterday.

It was Mary Twitty, 9, daughter of Bryce Twitty, superintendent of Baylor hospital. Her mother walked in behind her to become the 3,000,001st visitor.

Fred P. Florence, president of the exposition corporation, met the pair, gave them a pass good for

everything on the grounds. Mary talked into a radio microphone from the back of "Texas," the horse of Capt. Leonard Pack, chief of the centennial rangers.

# Tammany Chiefs In Fist Fight

NEW YORK, Aug. 20 (AP)—The bitterness existing among Tammany Hall leaders flared into the open today when William F. Kenneally, chairman of Tammany's executive committee, engaged in a fist fight with Christopher D. Sullivan, district leader.

Sullivan was named yesterday by James J. Dooling, Tammany chief,

as one of a triumvirate to assist in the administration of the Hall's affairs during Dooling's illness.

The fight started in the office of Bert Strand, secretary of the Hall, as Kenneally and Sullivan gathered with other Tammany leaders in response to Kenneally's call for an informal conference today.

Kenneally suddenly struck at Sullivan and the two men, both past middle age, exchanged blows before other leaders parted them. The cause of the trouble was not disclosed.

Kenneally yesterday expressed opposition to the naming of the triumvirate of Sullivan, Charles H. Hussey and Stephen A. Ruddy, and at first threatened to call a meeting of the executive committee. Later, however, he called the informal meeting for today.

CAPITOL JIGSAW

By HOWARD C. MARSHALL

AUSTIN, Aug. 20 (AP)—Treasury department employees claimed to be delighted when they learned their boss, diminutive Charley Lockhart, was having a good time in New York. With subscriptions which spokesmen said were not solicited, they financed a boat trip for Lockhart from Galveston to New York. Press dispatches said Lockhart, because of his three feet nine inches stature beneath a 10-gallon hat, was an object of much interest in New York bright spots. Making a motion picture is a bigger proposition than Gov. Allred thought. He invited Miss Janice Jarratt of San Antonio, known as "Sweetheart of the Texas Centennial," to sign a movie contract in his public reception room, thinking it would take only a few moments from his schedule. Instead, after two hours, the cast, including the governor, still was rehearsing lines, posing and taking shots. It was the first time the reception room was used after refurbishing. Lieut.-Gov. Walter F. Woodul and perhaps many other good democrats, will join with republicans in one thing—approval of the constitutional amendment which would increase the salaries of the governor and several other state officials. Woodul long has advocated the

Charity Wards Will Be Guests At Centennial

DALLAS, Aug. 20 (AP)—The Centennial exposition opened its gates today to more than 4,000 Dallas county charity wards and promised them tickets to the Harlem WPA negro presentation of "Macheth." Luling and Leon and Grayson counties were to be special guests during the day. Tomorrow a 17-gun salute will greet Senator Morris Sheppard when he visits the Centennial grounds. He will unveil a Texas Ranger statue presented by King Vidor, motion picture director, who will be present. A midjet-auto race also is scheduled tomorrow, with performers from midway night spots driving. All will race in their working clothes, except performers who have attracted attention in their roles of the diving Venus, apple dancer and Lady Godiva. Their habiliments will be augmented. Attendance yesterday brought the admission figures to 3,021,300, the day's total being 34,133.

# VOSS NOSES OUT SKELLY-SCHAFFER IN 3-2 THRILLER AS PHILLIPS LOSES

## UMP'S RULING IN 7TH CAUSES WILD FUROR

BORGER'S GULF SENDS 66 TEAM HOME 3 TO 2

Two favorites in the Panhandle softball tournament met defeat last night, one of them in an elimination game. Voss Cleaners, one of the strong teams in the Pampa league, nosed out Skelly-Schafer, league leaders, in a 3 to 2 thriller at Road Runner park. Gulf of Borger pulled the other surprise in eliminating Phillips, 3 to 2.

The Killarney All Stars of Canadian sent Whittenburg home with a 5 to 0 defeat. The Pampa-Norge Sluggers won the right to represent the Panhandle in Fort Worth with an 11 to 7 victory over the youthful Phillips Flyers.

Before the tournament, the Skelly-Schafer team requested that it not be matched on its home diamond. As a result, a change in tonight's schedule has been made which will throw two games at Road Runner park instead of at Skelly.

The schedule for tonight follows: At Road Runner Park—8:00—Killarney All Stars of Canadian vs. Gulf of Borger (elimination).

9:15—Skelly-Schafer vs. Cities Service (elimination). At Skelly-Schafer—8:00—Coltco of LeFors vs. Cockrell-Lokey (elimination).

Only two games will be played tomorrow night with the four remaining entrants in action. Both will be staged at Road Runner park.

Pairings for tomorrow night's games are: 8:00—Voss Cleaners vs. winner of the Coltco-Cockrell-Lokey game tonight.

9:15—Winner of the Killarney All Star-Gulf game vs. winner of the Skelly-Schafer-Cities Service game tonight.

Voss Downs Skelly. Voss Cleaners took advantage of two walks and an error with one of their two hits to score three runs in the first inning to defeat Skelly-Schafer, 3 to 2. The Oilmen tried to even the count in the ninth inning but after lengthy umpiring difficulties, the Cleaners were able to retire the side and take the game.

Mayo took the mound for Skelly but walked the first two batters. Then Sheridan came through with a blistering hit that scored a run. The next two batters were out but an error in left field gave Voss two more runners.

Pitcher Mayo put his team in the running in the fourth with a fluke home run down the left field foul line which was missed by both the third baseman and the left fielder. Skelly threatened again in the ninth with two base hits and a Voss error which netted a run and put the batter on third base. A play was made for him at the hot corner and he was tagged out. Voss players started leaving the field and Skelly's boys came on when the umpire changed his decision when Weathered dropped the ball.

In the end, Skelly runner went home. After more arguing he was sent back to third base where he died when the next batter went out.

Mayo and Hays, who relieved in the fifth, held the Voss hitters to two blows while Patrick was being nicked for five. Each team made three errors.

Score by innings: VOSS CLEANERS 300 000 0-3 2 3 SKELLY-SCHAFFER 000 100 1-2 5 3 Batteries: Voss—Patrick and Sheridan. Skelly—Mayo, Hays, and Ray. Wilson Ineligible.

Lefty Wilson, pride of the Killarney All Stars of Canadian, held Whittenburg to two hits last night while his teammates banged out seven safeties for five runs in a 5 to 0 rout of the Hutchinson county team, which went home. The Canadian ten played sensationally all the way, scoring their runs in the second and third innings.

Score by innings: CANADIAN 000 000 0-5 7 2 WHITTENBURG 000 000 0-0 2 4 Batteries: Killarney—Wilson and Smith. Whittenburg, Cewning and Smith.

Sluggers to Fort Worth. Led by the Heiskell sisters, De Ann and Avis, the Pampa-Norge Sluggers won the right to represent the Panhandle in the state softball tournament at Fort Worth next month with an 11 to 7 victory over the Phillips Flyers last night.

De Ann Heiskell, besides holding the Flyers to nine hits, collected a home run, double and single, in four times at bat. Avis Heiskell hit three for three.

Batson and Smith, pitchers, led the Flyer attack with three hits each. The youthful stars from Phillips camp played one of their best games of the season but were unable to hold the slugging Sluggers. SLUGGERS 111 112 4-11 12 3 FLYERS 001 000 0-0 2 4 Batteries: Sluggers—D. Heiskell and Gee. Flyers—Smith and Fisher. Errors Lose Game.

Six errors lost Phillips a ball game and the right to go farther in the Panhandle tournament last night when they fell before Gulf of Borger, 3 to 2. Chisum allowed the Borgerans only four hits while the best Phillips could do with Williams' hurling was five bingles. Gibson of Phillips was the only player on the field to collect two hits.

GULF 011 010 0-3 4 3 PHILLIPS 001 001 0-2 9 4 Batteries: Gulf—Williams and Jordan. Phillips—Chisum and Dewey.

### Golf Tourney at Dalhart Announced

An invitation golf tournament will be staged at the Dalhart Country club Sunday and Monday. One hundred dollars in prizes will be given winners of the various flights.

Qualifying may be over entrants' home courses. Scores must be in the hands of the tournament secretary by Saturday afternoon.

A dance on Saturday night will open the tournament which will draw players from Texas, Oklahoma, Colorado and New Mexico. Entry fee, including dance, and green fees, is \$2.

SEASONS WINS ANOTHER. WICHITA, Kas., Aug. 20 (AP)—The Eastons of Enid, Okla., defeated the national champion Bismarck, N. D., club 8 to 2 in a third round game of the national semi-pro tournament here last night.

It was the first defeat for the champions in two years of tournament play.

### Squad Will Leave on Sunday For Camp In Colorado

Thirty high school pupils, each determined to make a place on the 1936 All-Overstate football team, will meet at 8 o'clock Friday night at the high school gymnasium to receive last minute instructions of needs for camp from Coaches Odus Mitchell and J. C. Prejean.

The two coaches and 30 boys will be accompanied to Monument Lake, Colo., by Bob Curry, new Gorilla coach, Tom Herod, junior high coach, Bill Anderson, business manager, and Barnard, who will drive a Pampa Hardware and Implement company truck with the equipment. The coaches and boys will make the trip by bus.

The camp site is situated 30 miles west of Trinidad, Colo., and is the property of the City of Trinidad which is donating the camp site, cabins, mess hall, boating and fishing privileges to the Pampans.

The Harvesters lost through graduation, or the 19-year-old rule, the entire starting lineup from last season and 16 reserves, leaving only six reserve lettermen around which to build the 1936 team.

Although no positions have been definitely assigned, prospects are for a light, fast team, but a green one. The line is expected to average at least 15 pounds to the man less than last seasons forward wall. The backfield will also be lighter, probably 10 pounds to the man.

To replace Leon Noblett at center coaches will have his young brother, Ivan Noblett, who substituted at both center and tackle last year. The youngster has gained weight and is about as heavy as his brother was last season, 180 pounds. Junior McKay, a midget, and Arthur Harding will understudy at the center position.

Guards available are midgets to the big fellows who scowled across a foot of space at opponents in 1935. Leading the pack for starting honors during spring training were Sherman Morgan, 165, a substitute halfback last season, and J. P. Mathews, 163, up from Gorilla ranks. An upset might result with Don Smith, Lafolia Watts, Bill Sikes or Erudus Edman getting the call.

Both tackles will have to be developed. One giant is available and he may get the nod. The biggest boy on the squad, Lewis Jones, 200, showed much promise in spring training as did Earl Rice, 160, who was a squadman in 1934. The tackles will have to replace the giant Moose Hartman, 215, and Stokes Green, 200. Also out for tackle are Raymond Johnson, John Henry Nelson, Buck Haggard and Harry McMahan.

A pair of reserve ends will be available in Roy Lee Jones, 170, and Glenn Maxey, 155. They are doped to replace J. E. Green, 200, and George Nix, 175. Other end prospects include Topsy Reynolds, Norman Cox and Melvin Turner.

Ten boys will be out for the four backfield jobs. It is in that department that the biggest battle is expected. Roy Showers, pass throwing substitute, is in line for the fullback job with Woody Clements giving him a battle. Showers has added weight during the summer and will pock 175 pounds on his charges into the line. Clements is about 10 pounds lighter.

The battle for the signal barking assignment is doped to be a bitter one with Woody Woolridge, 155, substitute from last year, and W. J. Graham, 140, sensation on the Gorillas, the chief contenders. Because of his all around ability, Graham might be made into a halfback despite his size.

The other six backs will go to bat for the ball totting jobs. None of them have had previous experience excepting with the Gorillas.

When Sam Fenberg makes pars, he makes them the hard way. Yesterday while playing with B. J. Behrman and J. M. Dodson, Sam pulled one of his freak par shots, which are few at the most. It all happened on No. 17, a 125-yard hole across a draw.

Sam took his stance, waggled all over, and then swung his trusty little white ball remained on its tee laughing at Sam. Mad. Sam took another swing and the ball headed for the airport. But the hole marked onto the edge of the green. Nonchalantly Sam stepped up and tapped it into the hole for a par.

## 'RED' PETTY OF TEXAS AGGIE FOOTBALL FAME DIES OF HEAT

COMMERCE, Aug. 20 (AP)—S. J. (Red) Petty, Jr., whom Texas A. and M. College remembers as one of its football greats, died late yesterday of a heat-induced cerebral hemorrhage.

Petty, football line coach and head basketball coach at East Texas State Teachers' college here, was stricken while a played a round of golf on the Commerce athletic club course.

Petty was one of a brilliant triumvirate which led the Aggies in riding roughshod over conference opposition to the 1927 championship. Many that year marveled at the thrilling execution of plays by Petty, Siki Sikes, an end, and A. and M.'s backfield hero, Joel Hunt. Petty's talents won him all-conference end ratings in 1927 and 1928.

He was a star basketball player and captained the Aggie cagers in his final year there.

He worked in New York after graduation but returned to Texas in 1932 to coach football at Eastland high school. He then took a

similar job at Mineral Wells high school. In 1935 he assumed his coaching duties at the teachers' college.

Survivors are: his widow; a brother, Jim Tom (Red) Petty, football coach at N-cona high school; three sisters, and his parents, Dr. and Mrs. S. J. Petty of Decatur.

The body was taken to Decatur.

Haddock to Hurl Against Pampans

In an effort to win from the Pampa-Dancier Road Runners tomorrow night at Metro park in Amarillo, Manager Frank Mulrooney

of the Phillips Parrots will send Poy Haddock to the mound. Game time will be 8:15 o'clock.

Haddock has been having great success on the mound the last two months. On Sunday he held the Oklahoma City All Stars to three scattered hits. Previously he defeated Borger, Phillips of Oklahoma City and several other teams.

Pampa's one mound staff, Carl Stewart, is scheduled to go back to work against Phillips. The right-handed curve-ball artist humiliated Amarillo last week, 25 to 4, holding the slugging Parrots to seven scattered bingles.

A couple of new players may be in Road Runner uniforms for the game but yesterday Manager Sam Hale would not put out any information.
