

Things are looking up a bit for the farmers.

American farmers' cash income from milk during July increased \$16,000,000 over July, 1935, according to the latest figures.

This 14.1 per cent rise in July over the same month a year ago brings the 1936 total farm income from milk to \$812,000,000 for the seven months' period, topping the 1935 seven months' period by \$44,000,000.

Part of the unusually large July increase was due to farmers receiving substantially larger unit prices for their milk as a result of the drought. The higher prices have helped farmers offset higher feed costs resulting from the drought.

Since feed prices are expected to remain quite high for the remainder of the year and until the pasture season early in 1937, dairy farm milk income should continue to show increases.

July figures made a new high since 1929. The seventh month's total for 1936 is \$192,000,000 greater than the same period for 1932, a striking example of the rise in farm cash from milk since depression lows.

Among straw votes showing shift of political affiliations, there has been no mention of the St. Louis zoo frog reported changing its color.

Since Norway has interned Trotsky on a small farm, his Soviet enemies will have to be content with grapevine reports on him.

The Chicago woman who hit her husband on the head with a violin apparently was not fiddling.

Three-fourths of the world's fairy tales came from Germany, Nazis claim. If they add Hitler's speeches, it comes to one and three-fourths.

A Detroit woman was fined for breaking bottles on the pavement in front of her home, proof that people who live in stone houses should not throw glass.

A Canada mother expecting her tenth baby reports threatening letters. As yet, no suspicion has attached to the people upstairs.

California expects its best hunting season in years for doves, the peace birds. This is due to the big migration from Italy.

A peasant in Europe was operated on for removal of a fork he swallowed a year ago—and was not arrested for hoarding metals.

After seeing all the dust created by the midwest drought, professional mudslingers are praying for a big rain before election.

Brook trout lose 2.6 per cent of their length in death science says, which refutes the belief that fishermen always stretch them.

The zoetrope, a toy revolving cylinder with slits through which a series of pictures were seen in apparent motion, was invented 30 years before the motion picture.

Louis XII of France coined the phrase "Let George do it." Whenever he wished to evade a distasteful duty, he permitted his faithful and obliging minister, Cardinal George of Ambrise, to do it.

A general in the Union army and the president of the Confederacy, enemies during the Civil War, both bore the name of Jefferson C. Davis.

Louis XIV of France was embarrassed by baldness at a time when fashion decreed that men should wear long curls; so he had his courtiers adopted the fashion of wearing wigs so that the king might not be self-conscious.

The first company to work out what was held to be a safe, reliable basis of insurance was the "Old Equitable" of London, in 1762, according to statisticians.

"Survivor describes experience in gas-filled mine." It will be odd stuff to anyone who has found himself at a political harangue.

News of the rebels' "big push" should let Hitler and Mussolini, each of whom thinks he is the big push.

Among articles left behind in New York subway cars was the radio set, which is an idea.

The Illinois manufacturer who is trying to sell snowflakes in Hawaii probably warmed up by trying to market umbrellas in the midwest.

It turns out that Wrestler Zybako is safe after being reported in a couple of times, maybe from the Texas league, will be imported for the series, Sept. 17 and 18. Satchell Paige will lead the All Stars to Pampa. Harold Miller, P. O. Box 1662, Pampa, has the ducats.

It rumored that if advance sale of tickets to the ball games between the Pampa-Dancer Road Runners and the Negro National league All Stars is sufficient to warrant it, a couple of hurles, maybe from the Texas league, will be imported for the series, Sept. 17 and 18. Satchell Paige will lead the All Stars to Pampa. Harold Miller, P. O. Box 1662, Pampa, has the ducats.

Coughlin Kisses Bishop's Ring

"Nothing has been done to restrain Father Coughlin from his broadcasts," insists Bishop Michael J. Gallagher, of the Detroit diocese, dismissing as unimportant criticism of the priest by the Vatican newspaper, Father Coughlin is seen kneeling to kiss the Bishop Gallagher's ring when they met aboard ship at New York on the priest's return from a Vatican visit.

Landon Will End Maine's Campaign With GOP Speech

Georgia Voting for Talmadge or Russell

TOPEKA, Kas., Sept. 9 (AP)—Gov. Alf M. Landon listed nine reform appearances in four New England states today as part of his personal campaign dash to Portland, Me., for a speech Saturday night. Greeting newsmen in his office on the morning of his 49th birthday, the republican candidate said that when his special train swings north from New York City Saturday morning, it will stop at: Connecticut—Stamford, Bridgeport, New Haven and New London, Massachusetts—Worcester, Lowell and Lawrence; Maine—Kennebunk. The presidential nominee's speech in Portland Saturday night will close the Republican campaign in that state. Maine voters go to the polls Monday.

TOPEKA, Kas., Sept. 9 (AP)—Gov. Alf M. Landon rushed north for a dash to Portland, Maine, where he said an address Saturday night will mark his participation "in the first fighting repudiation" at the policies of President Roosevelt. "I am going to Maine," the Republican nominee said in an unexpected one sentence announcement last night, "to help dedicate that state to the good government for which it has always stood and to participate in the first fighting repudiation at the polls of the kind of government this country has had for the last three years." Landon's address will close the Republican state campaign in Maine. The election, first in the land this year, falls on Monday, Sept. 14. Leaving Topeka tomorrow night on the regular Santa Fe train at 8:25 p. m. (CST), Landon was scheduled to arrive in Chicago Friday morning, continue via the New York Central to New York City, and there board a special train for his New England campaign. Landon observed his birthday anniversary at the office. A big three-tier cake, decorated with a sunflower was presented by 26 state "Landon Business Women's leagues."

ATLANTA, Sept. 9 (AP)—Governor Eugene Talmadge's bitter opposition to new deal policies, intensified in his campaign to unseat Senator Richard B. Russell, Jr., staunch administrationist, met a test at the polls today in Georgia's Democratic primary. Clear skies and a record registration of more than 515,000 indicated

SCHOOL BUSES ARE DOUBLING UP ON ROUTES

Seventeen Vehicles Transporting 840 Students

A system of doubling up routes has been inaugurated by Pampa schools to eliminate over-crowded school buses. It was announced today by Roy McMillen, business manager of the independent school district.

McMillen says that there are now 840 pupils being transported to and from school each day in 17 buses. Because of crowded conditions on the buses one bus now is making two trips morning and evening. On one of the trips it picks up rural pupils and on the second trip in the morning goes to the Talley and Lavender additions to carry pupils from those sections.

In the afternoon a bus takes first, second and third grade pupils home at 3:30 o'clock and returns at 4:15 to make its regular trip to the rural district. McMillen stated that 110 pupils are taken on the first trip in the afternoon to the Talley and Lavender additions.

LAWSUIT TO COLLECT ROYALTIES IS FILED

A lawsuit to collect gas royalties and money allegedly due for loss of farm crops in Gray county here today by Mrs. E. J. Case, and others. Defendant named in the action is W. W. Edwards, of Oklahoma. Mrs. Case charges that 15 acres of land was leased to the defendant in 1927 under certain provisions set up in an agreement to pay royalties for gas and oil production and to pay for water sold to adjoining lessees. She further claims \$1,200 loss in farm crops that could have been produced on the land, \$1,000 for water sold to nearby leases, and \$700 as a one-eighth royalty on gas produced and sold from the lease.

ICE THREATENS SHIP. BARROW, Alaska, Sept. 9 (AP)—Arctic ocean ice, moved by winds from the Siberian coast, closed leads of open water today and threatened to lock the Indian Bureau motor-ship, North Star, in the ice pack for the winter. A shift of wind to west within the next few days appeared to be the only chance the North Star, laden with supplies for starving Eskimos, had of escaping a winter in the ice.

CHILD LABOR ACT WINS Traffic Safety Test To Begin Here Tomorrow

INSPECTION OF ALL VEHICLES BEING URGED

TEST NOT COMPULSORY AND COOPERATION IS NEEDED

Texas highway patrolmen will take over Pampa tomorrow, beginning at 8 o'clock, when they will make a free inspection of all automobiles in the city. They will be here two days under direction of Captain M. L. Berry.

Since the test is not compulsory, the highway patrolmen, city officials and civic clubs who are taking an active interest in safety work, urge every car owner to take advantage of the opportunity to have the safety devices on their cars inspected free.

Tomorrow the officers will concentrate on the 400 block on West Kingsmill avenue. Friday the officers will move to lanes in the 100 block on East Tying street. Two cars will be accommodated at a time. Eight state officers will be assisted by county and city police.

The officers will check brakes, steering gear, lights, horn, windshield wiper and license on every car. If the parts pass inspection a blue sticker will be placed on the windshield. Faulty mechanism will be carded and when repaired, and the car re-inspected, the pink slip given for cars not up to standard will be replaced with a blue one.

Drivers will be asked to start their cars at a mark and speed up to 20 miles an hour before applying brakes. It is estimated that at that rate of speed it takes a driver 22 feet to make up his mind to stop and that his car should stop within 21 feet after the brake test, officers at the end of the lane will check other parts.

There will be no fines assessed unless cars carry wrong license plates or are otherwise operated in violation of state laws.

Sgt. George Schauer of Austin, state safety first director, is already in Pampa. Last night he spoke to city police officers and firemen. Today he was scheduled to speak at the high school and junior high school. Tomorrow his program will be addressed at grade schools. On Friday, Sgt. Schauer will be guest speaker at the Kiwanis club luncheon.

CONCEDES DEFEAT PHOENIX, Ariz., Sept. 9 (AP)—Gov. M. B. Mower conceded defeat at hands of R. C. Stanford, 57-year-old pioneer of Arizona, West Texas born, for the democratic gubernatorial nomination today when tabulations of the vote cast in Tuesday's primary increased Stanford's lead to 8,817. Returns from 238 precincts complete and 123 incomplete of the state's 446. Stanford's vote was 33,956 against 25,139 for Mower.

Stray .22 Bullet Hits Pampan In Right Shoulder

Man Sitting in Yard When Blood Spurts

L. A. Houston, 411 East Malone street, was sitting in front of his house yesterday evening about 7 o'clock. Without warning he felt something strike his right shoulder. He looked down and to his horror saw blood spreading across his shirt. Friends rushed him to Worley hospital where it was found he had been shot with a bullet from a .22 caliber rifle. Physicians agreed not to operate since the bullet was not in position where it would be harmful. It lodged under the collar bone in the muscle. Mr. Houston was able to be taken to his home after receiving treatment. Police officers, notified of the shooting, started an immediate investigation. They found no one in the vicinity who had been firing a rifle.

This morning two youths who had been shooting at "Dodd lake" east of the city limits reported to Police Chief Art Hirst that they were practicing about that time but that they were not shooting toward the city and that a bullet would not carry to the Houston home. Police planned to check the distance and location of the spot where the youths were shooting.

Amarillo Placed On Milk Honor Roll by State

AUSTIN, Sept. 9 (AP)—Texas today stood first among states in union on the federal health service honor roll for milk sanitation.

The State Health department yesterday announced 40 cities had been named to the honor roll. Second was North Carolina with 34. The cities are: Abilene, Amarillo, Austin, Ballinger, Beaumont, Big Spring, Brownwood, Comstock, Dallas, Denton, El Paso, Fort Worth, Gainesville, Galveston, Houston, Kerrville, Laredo, Livingston, Lubbock, Midland, Port Arthur, San Angelo, San Antonio, Seguin, Sherman, Sweetwater, Texarkana, Tyler, Victoria, Waco and Wichita Falls as cities in which both pasteurized and raw milk are sold.

YOUTH SLAIN IN ATTEMPTING TO SAVE EMPLOYER

Hijackers Shoot Boy To Death at El Reno

EL RENO, Okla., Sept. 9 (AP)—James Shroul, 19, a cafe employee, was shot to death early today when he attempted to save his employer, Harvey Reynolds, 45, from a beating by two young men who robbed the cafe of \$15.

The assailants fled through a volley of pistol shots after grappling with two policemen. Reynolds said one of them was a friend he had seen often in El Reno recently. He said the pair took \$15, after slugging him.

Reynolds said the two entered the cafe shortly after midnight and ordered sandwiches. He said he was suspicious of them and walked around the counter toward them and a struggle began.

Sheriff John Harrison said Reynolds told him Shroul attempted to aid Reynolds and was shot by the smaller of the two men. He said he believed Shroul died instantly.

CITY RESIDENT FILES SUIT FOR POSSESSION

Recovery of title and possession of property in the East End-Addn. is sought today in a suit filed today in district court by Mary E. Walberg and others against the Central Savings Bank & Trust Co. of Monroe, La.

The plaintiff alleges that on January 1, 1936, the defendant ejected her from her property here. She asks \$1,000 damages and recovery of title to the property, lot 4, block 4 in the East End-Addn.

JAPAN WOULD VIOLATE PACT SAYS SWANSON

LONDON NAVAL TREATY WOULD BE IGNORED HE CLAIMS

WASHINGTON, Sept. 9 (AP)—Secretary Swanson asserted today that Japanese plans to retain 15,598 tons of over-age submarines would involve "a violation" of the London naval treaty.

In the first official comment on Japanese proposals to invoke the "escalator" clause for submarines partly to compensate for destroyers retained by Great Britain, the navy chief said nothing would be done by the United States "until we know definitely that they are going to do it."

At the same time, Swanson announced that the fleet would hold its maneuvers in the North Pacific and Hawaiian waters during May and early June, 1937.

Maneuvers last year were held off the western end of the Panama canal, and the year before, in the neighborhood of the Aleutian islands. Swanson, who returned to his office yesterday after a long illness, also said that plans for two proposed new battleships were ready and that construction could start "at a moment's notice."

Admiral William H. Standley, chief of operations and acting secretary during Swanson's illness, joined in to say that if the Japanese did not agree to 14-inch guns by April 1, 1937, "the sky is the limit" for the warships' heavy armament.

100 ATTEND OPENING MEETING OF OIL BODY

More than 100 persons attended the opening meeting of the 11th series of the American Petroleum Institute last night in the city auditorium when Glen Radcliff of the Wico Electric company talked on ignition and internal combustion engines and state highway patrolmen gave safety information.

Mr. Radcliff, local agent for the Wico company, gave an interesting talk on the manufacture and care of magnetos on oilfield engines, used extensively in this field.

City Manager C. L. Stine of Pampa, after telling the members about safety tests on cars here tomorrow and Friday, introduced Captain M. L. Berry of the state patrol. Captain Berry in turn presented Sgt. George Schauer, state safety engineer, who talked on safe driving and operating of large vehicles, such as oilfield trucks. He urged everyone to pass their cars through the safety lanes.

President Max Mahaffey presided.

WEATHER ARKANSAS, OKLAHOMA AND TEXAS: Partly cloudy tonight and Thursday. Light to moderate southerly winds on Texas coast.

People You Know By ARCHER FULLINGEM

At the outskirts of Pampa and beyond Kingsmill and White Deer and bunched all along the highway last Saturday afternoon were Pampa boys in their early teens, boys well known to me, boys liked by me, who were thumbing rides to the Panhandle horse races, on a lark and happy.

"If I had a couple of bucks I'd show them smart guys how to rake in the dough on horse races." The eyes of the 14-year old boy regarded the man at the pari-mutuel window with contempt. "Beating on the wrong horse!" The boy who lived at Panhandle said derisively to his pals surrounding him. "I've picked the winning horse, the last three races, and haven't got a buck to my name to put on his nose!"

"Then dope sheets'll break you, I pick my horse before he leaves the paddock. Tell you what I'll do mister. I'll bet this quarter against 75 cents that your horse does not even show and the one I pick wins. Then I can buy a ticket on the next race..." After the race: "Did you lose your quarter?" "No, he wouldn't bet me. Guess I'm glad because they held my horse back and wouldn't let him go ahead."

Going home that afternoon one of the boys in the car said: "Gosh, I'll be glad when we have horse races in Pampa!"

Mrs. P. B. Leland underwent a tonsillectomy yesterday.

900 Harvester Field Seats to Go on Sale Here

Sale of reserve seat tickets for home games at Harvester field will be placed on sale at 8 o'clock Saturday morning in the office of Roy McMillen in the city hall. Only 900 of the ducats will be placed at the disposal of fans.

Tickets will be for the five home games. General admission to each game will be extra. The reserve seat ducats will cost \$1.25. Seats to be reserved are in the center of the west stand.

Numbering of the stands has been changed this year. Instead of having sections, numbers are consecutive from 1 to 175 on the west stand and from 1 to 211 on the east stand, numbers beginning at the south end of the stadium.

Home games will be: Sept. 18—Central of Oklahoma City (night). Sept. 25—Childress (night). Oct. 2—Norman, Okla. (night). Oct. 24—Lubbock (day, conference). Nov. 20—Plainview (day, conference).

PAMPA WOMAN BURNED; HOUSE CATCHES FIRE

Gasoline in Washing Machine Ignited At Residence

Mrs. Harry Anderson received burns about the arm and face when gasoline in a washing machine at the C. & O. Home laundry, 109 S. Gillespie street, ignited this morning. Damage to the building was confined to the doorway, window frames and a small section of the roof when firemen used chemicals and water from the booster tank.

The washing machine was outside of the door which saved the house from being engulfed in flames. When the firemen arrived, the fire had crept to the roof and doorway and windows were blazing fiercely. Chemicals held the blaze in check until water could be poured on the building.

Fire chief Ben White said the gasoline in the washer probably started from electric wiring on the machine or from friction.

The laundry is operated by Mrs. Ethel Olsen. She was not at home at the time of the fire.

LIONS ENJOY ANNUAL PICNIC NEAR LEFORS

Tables craked and groaned under the huge cottonwood trees at the Texas company base on the Saunders ranch east of Lefors last night as Pampa Lions and guests feasted at their annual picnic. Six different kinds of meat, cheese, three kinds of bread, pickles, salad, onions and all the trimmings greeted the hungry men.

Hunger was brought on by softball games and horse shoe pitching contests. Two ball games went nine innings each with one battle undecided because the teams couldn't agree which won.

J. S. Wynne led his team to victory in another contest. The pioneer Panhandle resident smacked out a double in the last inning to win his game, 47 to 46, or something like that.

Old and young enjoyed the games and then proceeded to demolish untold quantities of food. No meeting of the club will be held tomorrow noon.

8 LICENSES TO MARRY ARE ISSUED BY CLERK

Cupid's fall business is picking up, according to records in the office of County Clerk Charlie Whit. The building was a three-story structure, with a 100-foot front. Less than two years ago it was damaged badly in another fire.

POSTMASTERS APPOINTED WASHINGTON, Sept. 9 (AP)—The post office department announced today the appointment of postmasters: Werner Raz, Multnomah, Ore.; Forest W. Taylor, Clarendon, Texas; Sallie V. McAdams, Stratford, Texas.

TEXAS SOLONS INSTRUCTED TO VOTE FOR LAW

CENSORING NEWSPAPER IS FAVORED BY DEMOCRATS

FORT WORTH, Sept. 9 (AP)—Texas Democrats adjourned their state convention last midnight after an uproarious session in which the national administration was endorsed without dissent but delegates wrangled for hours over the child labor amendment to the federal constitution and censorship of the University of Texas student newspaper.

"They pledged themselves with cheers to get out 'the biggest vote in Texas history,' for President Roosevelt and Vice President Garner, then called on the legislature to ratify the child labor amendment and refused to ask the University regents to lift the censorship.

"Our democratic leadership has supplied the dictatorship of privilege and greed under republican rule by restoring the government of the United States to the people themselves," the preamble to the platform said.

Fights over the amendment and censorship began in committee and were decided officially only after a long roll call on the convention floor with waving delegates applauding and booing.

Opponents of the child labor amendment, led by state Senator T. J. Holbrook of Galveston, charged the American home was threatened with destruction and the powers of government would be extended dangerously. Holbrook charged the legislature would reject ratification for the fifth time.

Proponents shouted in reply the amendment was necessary to destroy the "sweat-shops" and protect children from exploitation by unscrupulous industries.

A minority report of the resolutions committee opposing indorsement was rejected 790 to 2,260. Speakers alternately criticized the university regents for placing a faculty supervisor over the Daily News, and for publishing the "kill" objectionable editorial matter, and decided interference with management of the school's internal affairs.

Losses On Floor Rep. Edgar S. Keefe of Palestine said in publishing was student-owned and "because the young folks will be the leaders of tomorrow they should have their say in politics today."

The resolution opposing censorship won in committee, 11 to 10, but lost on the floor, 520 to 333. Former Senator Thomas Pollard

\$1,500 BOND IS FIXED IN THEFT OF \$75 BELT

Jim Knott, arrested yesterday afternoon by sheriff's deputies, was bound over to the grand jury under a \$1,500 bond to give a preliminary hearing before Judge E. L. Young in justice court.

Knott is charged with theft of a \$75 belt, property of the Moran Drilling Co.

40 AND 8 WILL HOLD AN IMPORTANT MEETING

The regular meeting of Voiture 953 40 and 8 will be held Thursday night, Sept. 10, at the Legion hut at 8 o'clock.

All members are urged to be present as a full report will be made on the activities of the promenade at Beaumont also the program as laid out for the coming year by the Grand Voiture.

I Saw...

About 50 dead turkeys, killed in one night by a police dog, on a farm on the outskirts of the city. The dog left about 15, and the next night came back, presumably to kill the others. The farm people shot at him but he eluded the bullets. The next night he came back and ate poison they put out for him. They found him dead the next day.

Coach Bob Curry's Gorillas and they were so steamed up with energy and enthusiasm that the determined manner of the Harvester seemed shallow in comparison. They are talking seriously about beating the Harvester. "We're as big as they are, aren't we?" they asked.

Mr. and Mrs. C. W. Robinson and family left Sunday for their home in Wichita Falls after a visit with her mother, Mrs. Sarah Herring, and other relatives.

Miss Virginia Wilbur is recovering from a recent appendectomy.

A number of guests enjoyed a dance sponsored by the Young Democrats Monday evening at the city hall.

Thomas Hooker, born in 1886, founded the town of Hartford and the colony of Connecticut.

YEAR OF TRAVEL STUDY FOR EL PROGRESSO CLUB STARTS WITH LUNCH IN SHIP MOTIF

'Change of Crew' Is Made for Club's Voyage

Another voyage of the good ship El Progresso was launched yesterday, when a maritime luncheon at the home of Mrs. C. P. Buckler ushered in a travel course which will be followed this season.

A ship model formed the centerpiece for the table, and small ships marked places. Mrs. J. M. Dodson was introduced as the guide who had been chosen by the steamship company to lecture on the itinerary of the voyage.

In a clever talk she presented each member with a passport in order for the journey. She pictured the trip, touching on all the countries which will be studied in the club this year.

Mrs. C. T. Hunkapillar, retiring president, acted as toastmaster and charged the new 'crew' with their duties. The S. S. El Progresso will be manned by the following officers:

Captain, Mrs. W. R. Ewing; chief officer, Mrs. S. G. Surratt; purser, Mrs. Lee Ledrick; chief engineer, Mrs. John V. Andrews; chief surgeon, Mrs. James Todd; radio operator, Mrs. Claude Ledrick; wireless operator, Mrs. Charles Thut.

Mrs. Ewing responded to the installation talk and sketched briefly some of her plans for the year. She stated that basic ideals of club activities were friendship, loyalty, cooperation, and service.

A solo, "Ah, Sweet Mystery of Life," was sung by Mrs. Andrews. Mrs. W. Purviance gave the invocation before the elaborate five-course luncheon was served.

The club agreed to continue its project of gathering magazine and newspaper clippings for the library during the season.

Resignations of Mrs. Carson Loftus and Mrs. John K. Sweet were accepted, and Mrs. Lenora McMurtry, who has been an honorary member, was placed on the active list.

Members present in addition to officers and those on program, were Misses William M. Craven, J. H. Kelley, J. M. McDonald, Dave Pope, and George Walstad.

Members present in addition to officers and those on program, were Misses William M. Craven, J. H. Kelley, J. M. McDonald, Dave Pope, and George Walstad.

SUBMITS LOW BID.

AUSTIN, Sept. 9 (AP)—W. G. McMillan of Lubbock today submitted the low bid on a general contract for construction of a museum building at Texas Technological college at Lubbock. Bids were opened by John V. Singleton, chairman of the Centennial division of the board of control, who said the contract would be awarded later in the day. McMillan's bid was \$20,927.

DO YOU HAVE A CHILD IN SCHOOL? Your child in school is just beginning to use his eyes for close, concentrated seeing. If you fail to provide him with good light for studying at home, he may do his eyes permanent harm. Give Your Child This SIGHT-SAVING LAMP. Here is good news for parents: This entirely new scientifically designed lamp is called the I.E.S. Better Sight Lamp. Revolutionary in principle, this new lamp gives six to ten times as much useful light as an ordinary lamp. There is no glare—because the bulb is hidden in an opal glass bowl. The shade has a special inside finish to reflect the maximum light. Its open top adds the indirect light so necessary in preventing eyestrain. Get your child one. Sold at all better lamp stores in table and floor models. Southwestern PUBLIC SERVICE Company

# CARITHERS WHIFFS 15 ROAD RUNNERS AS HUBER BLACKFACES WIN 6-3

## BEARDED BOYS TO PLAY HERE ON SATURDAY

### NEGRO TEAMS WILL BE NEXT ON LOCAL SCHEDULE

Lefty Carithers had complete control of the situation excepting in the eighth inning as he led the Huber Blackfaces of Berger to a 6 to 3 victory over the Pampa-Daniger Road Runners last night. Carithers fanned 15 batters which included the side in the second and seventh stanzas.

Inability to collect base hits and poor base running when they got on the paths kept the birds from getting several more runners. Three of them died between sacks.

For four innings Carithers and Lee Daney, Road Runner ace, hurled two hit ball. Then Daney, who had pitched only one game in more than a month because of a side injury, weakened and threw a home run ball to Warren. Polvogt scored ahead of him, having singled. Consecutive doubles by Huffman and Ross registered another tally for the Blackfaces. The score was assisted by an error by Hale.

Carithers' single and Spencer's fence breaking triple gave Huber what proved to be the winning run in the seventh. Two in the eighth clinched the deal when Ross singled and Polvogt doubled and Brown was safe on an error which accounted for two runs.

It was not until the eighth that the Road Runners showed signs of life. Daney opened the inning by going out. McNabb collected his third hit, a double, Bailey was an infield out, McNabb going to third. Seltz propelled a double against the fence and Hale followed with a triple. Cox singled but the rally ended when Lisle flied out. Two men ahead in the ninth gave the birds another chance but the power to score was lacking. Stewart went the last inning for the birds.

McNabb led the Road Runner stick wielders with two doubles and a single on four times at bat. Seltz collected a single and double and Hale pulled out a triple.

Huffman, Ross and Manager Polvogt each bagged a single and double for the Blackfaces. Warren's lone hit was a homer over the left field fence.

Bailey, playing second in the absence of Al Summers, and McLarry, short stop, had big nights in the field for the birds.

On Saturday night the bearded House of David nine will be here for a single game, at 8:15 o'clock. The famous pepper game will be given with Sam Sealing, former Pampa player, one of the participants.

Next week the Road Runners will play host and opponent to the Kansas City Monarchs and the National All League All Stars, two of the greatest negro teams in the nation.

The Monarchs will be here for night games on Sept. 15 and 16. On the night of the 17th and the afternoon of the 18th the All Stars will be in Pampa. Advance sale of adult tickets for the last two games are going fast. Ducaats may be secured by mailing 40 cents for each adult ticket to Harold Miller, Box 1662, Pampa.

Box score of last night's game:

AB	R	O	A	E
Spencer, ss	5	0	1	1

## Tyler and Longview Hold League Leads

(By The Associated Press)

The Tyler Trojans and the Longview Cannibals held one-game leads today in the opening round of the Shaugnessy playoff for the East Texas league championship.

Tyler defeated the Jacksonville Jax 4 to 3 last night and Longview trounced the Gladewater Bears, 8 to 2.

Warren Bridgens held the Jax in check while his mates pounded Daney Shuffner and Jim Craven for 10 safeties.

Mervin Connors accounted for six of the eight runs scored against Gladewater. The Longview third sacker got a homer, two doubles and a single in four trips to the plate.

Tonight Jacksonville plays at Tyler and Longview at Gladewater.

The News' Want-Ads bring results.

## Smaller Harvesters Defeat Big Panhandle Team 7-0

### Both Teams Take to Air and Stay There

Harvester prospects got down to the serious business of football in a long scrimmage session with the big Panhandle Panthers of Coach Pat Gerald and his new assistant, "Lefty" Fowler yesterday afternoon here. Although coaches were on the field and no time was kept, only a single touchdown could be made as the teams battled up and down the field.

The lone play march went to the Harvesters early in the scrimmage when Graham sneaked off tackle, cut to the sidelines and raced nearly 40 yards to the 15-yard line. Showers then took a hand and cut off tackle for the necessary yardage. Showers also added the extra point.

Line worries, especially tackles, face the coaches. When the call brought prospects to the field, not a single tackle of any experience, other than Gorilla play, was available. Several of the boys offered to "give it a try" and they have been doing a mighty fine job at the difficult position. Rice, Jones, and Johnson are leading prospects.

However, the particular spots are still weak. Practice may overcome the difficulty and if it does, the Harvesters will take the field with a fair team.

The end, guard and center positions are fairly capably handled. All that is needed is for the boys to continue to show fight and determination. In the past, size has dominated Harvester football teams. This year size will be replaced by fight and speed.

Backfield worries should be at a minimum. Although as in the line, size is lacking, speed and ability shine. When coaches develop their open game a little more, a sparkling aggregation is predicted. The line, however, must function better before the open play can be effective.

**End Prospects Good**

In Roy Lee Jones and Maxey, Coach Odus Mitchell and J. C. Prejean, have a couple of good end prospects. The two, however, can't sit back and let up with such prospects as Cox, Reynolds and McMahan on the bench. Morgan and Mathews also have the inside track for guard positions, but like the ends, they have still opposition from Smith, Stiles and one or two more little fellows. Ivan Noblitt looks like the center.

Backfield difficulties will arise in selecting quarters. There are at least two crack sets of backs in the making. Of course the boys have a lot to learn, but the material is definitely there.

Here is the list; you pick the lineup: Woodridge, Graham, Ayer and Clements. Coach Mitchell started Woodridge at quarter, Graham at half, Enloe at right half and Showers at full. Ayer and Clements were the only backfield substitutes able to get in the game.

## TEXAS OLYMPIC ACE BLAMES AAU FOR DISMISSING OWENS

By ALTON TERRY  
Member U. S. Olympic Team  
(Written for the A-P)

ABLENE, Texas, Sept. 9 (AP)—On July 15, the S. S. Manhattan sailed from New York with 350 of the happiest girls and boys I have ever seen on board.

To most of us this was our first trip abroad and we were very anxious to see what it was going to be like. Everything was swell for the first three or four days, then we began to wish for the sight of land. When we landed at Ireland—after five days at sea—everyone was up and looking for land despite the fact that it was only shortly after three o'clock in the morning.

Much criticism has been given our team on the conduct of one of our members, Eleanor Holm Jarrett. I have talked with a few people since my return and they seem to think the committee did the wrong thing by kicking her off the team.

I personally think they did the only thing possible in such a case. After all this was not a pleasure trip, and it's not the correct way to represent the United States by drinking and pulling such parties. I think most of the athletes on the team feel as I do. Of course, she would have won her event in the Olympics, but she should have given more thought to this than to the parties.

## Sports Roundup

BY EDDIE BRIETZ

NEW YORK, Sept. 9 (AP)—Here's a little football dope for the fans who just can't wait: There will be 26 former high school captains on the Notre Dame squad which starts work tomorrow... and Elmer Layden is moaning louder than any other coach in the country.

Sports Editor Roger Phippen comes right out in the Baltimore News and suggests it would be a lot better if the colleges would openly hire their graders, announce the salaries paid them and quit trying to kid the public.

Same old Dodgers. Van Mungo whiffs 14, but the Dodgers lose, 4-1. Did you ever see such a ball nine? Red Cagle, the old Army football star, is selling insurance here. He is ambitious to become a big time referee... Harry Balsamo, the middleweight threat, likes to shoot craps next to knocking some cove's head off.

Clark Griffith says North Carolina ball players are hardest of all to handle and wonders why so many of the good ones have to come from there... It's true some of our best kickers uppers come from North Carolina, including Griffith's own Ollie Bolton, Wes Ferrell of the Red Sox and Johnny Allen of the Indians... South Carolina can claim a couple, too, in Van Lingle Mungo of the Dodgers and Buck Newsum of the Senators.

## TULSA TAKES 3RD PLACE IN TEXAS LEAGUE

FORT WORTH IS NOSED OUT IN 5-4 GAME

(By The Associated Press)

Today's Games  
Dallas at Oklahoma City, night.  
Fort Worth at Tulsa, night.  
Houston at San Antonio, night.  
(doubleheader)

The Texas League race virtually was a four-team event today with only a bare possibility of a change in the first division clubs that will meet in the title playoff.

The Fort Worth Cats, still with a mathematical chance to climb out of the lower half, dimmed their chances last night when they lost to the Tulsa Oilers, 5 to 4. The Oilers took advantage of the breaks to make their three hits sufficient. The victory gave Tulsa possession of third place, breaking a tie with Oklahoma City. Another win will clinch a playoff berth for the Oilers.

Steve Ruchnuck gave up but three hits as the Beaumont Exporters blanked the Galveston Bus 3 to 0.

Howard Mills pitched the San Antonio Missions to a 3 to 0 victory over the second place Houston Buffs. He limited the Buffs to four bingles while his mates touched Stevenson for nine. Two extra base blows in the first inning accounted for all of the Mission runs.

The Dallas Steers and the Oklahoma City Indians enjoyed an off day.

## MAJOR LEAGUE LEADERS

(By The Associated Press)

National League.  
Batting: P. Waner, Pirates, .365; Medwick, Cardinals, .363.  
Runs: J. Martin, Cardinals, 111; Ott, Giants, 107.

Hits: Medwick, Cardinals, 200; Demaree, Cubs, 188.  
Doubles: Medwick, Cardinals, 55; Herman, Cubs, 50.  
Triples: Medwick, Cardinals, and Goodman, Reds, 13.  
Home runs: Ott, Giants, 30; Bergeron, White Sox, 27.  
Stolen bases: J. Martin, Cardinals, 21; S. Martin, Cardinals, 17.  
Pitching: Hubbell, Giants, 22-6; Lucas, Pirates, 12-4.

American League.  
Batting—Averill, Indians, .374; Appling, White Sox, .373.  
Hits—Gehrig, Yankees, 150; Gehring, Tigers, 139.  
Runs batted in—Trosky, Indians, 132; Gehrig, Yankees, and Fox, Red Sox, 129.  
Hits—Averill, Indians, 204; Gehring, Tigers, 201.  
Inger, Tigers, 200.  
Doubles: Walker, Tigers, 50; Gehring, Tigers, 47.  
Triples: Di Maggio, Yankees, and Averill, Indians, 15.  
Home runs: Gehrig, Yankees, 43; Fox, Red Sox, 37.  
Stolen bases: Lary, Browns, 30; Powell, Yankees, 22.  
Pitching: Hadley, Yankees, 12-4; Pearson, Yankees, 17-6.

## REDS PURCHASE BASEBALL IVORY

CINCINNATI, Sept. 9 (AP)—The Cincinnati Reds announced today the purchase of \$55,000 worth of baseball "ivory" from Nashville of the Southern Association, and the acquisition for \$25,000 of Eddie Joost, 19, third baseman of the San Francisco Missions.

President Powell Crosley Jr. of the Reds said the Joost deal also involved cash and five players, as yet not designated.

The Nashville players involved in the deal were John Van De Weyer, strikeout pitching artist; Joe Dwyer, outfielder and leading hitter of the Southern Association with a .389 average; James P. Outlaw, third baseman; and John Peacock, catcher, all of Nashville.

## CHICAGO BEARS BEAT OKLAHOMA ALL-STARS

OKLAHOMA CITY, Sept. 9 (AP)—The Chicago Bears, professional football team, pushed over touchdowns in the first and second periods, then fought off a stubborn attack by a team of Oklahoma Stars to win 14-0 before 9,000 fans here last night.

The Bears gained 210 yards rushing to 111 for their opponents and scored 13 touchdowns to five for the collegians.

George Grosvenor scored first for the Bears when he took a lateral on the 7-yard line and eluded two tacklers. Jack Manders converted. Bronko Nagurski flipped across from the 4-yard line in the second quarter after a drive on straight football.

ARE YOU AN "UNCONSCIOUS ARSONIST?"

Bad news comes from the National Board of Fire Underwriters. The fire loss for the first seven months of 1936 is over \$20,000,000 in excess of the same period in 1935.

It is possible that higher property values are to an extent responsible for the increase. But human carelessness, human indifference, and human ignorance are an infinitely more important factor.

No other country in the world suffers a fire loss as great as this country. In many European countries the person responsible for fire must pay for any damage the blaze does to his neighbor's property.

It would send our fire loss into a tail-spin if our citizens adopted the attitude of mind that the European law represents. Every citizen should realize that it is a crime against society—even though it is not listed in the law books—to permit fire hazards to go uncorrected and to take the chances that lead to fire.

Don't be an "unconscious arsonist"—a term that can be justly applied to anyone who neglects fire hazards on his property, or doesn't trouble to unearth them.

RECORD ROUT OF CRIME. It is with justifiable satisfaction that J. Edgar Hoover reports that the Federal Bureau of Investigation "has solved every kidnaping case on which it performed investigative work since enactment of the Linbergh kidnaping law in June, 1932."

Moreover, says the chief of the "G-men," for every dollar spent in operating his department during the last fiscal year, approximately \$7 in stolen property was recovered.

The Bureau of Investigation in the same period obtained 3905 convictions. Sentences imposed totaled 11,067 years. Included in these cases were those of Alvin Karpis, Harry Campbell, William Mahan, and Thomas H. Robinson, jr.

Here is a record that is America's best insurance against crime. It is adequate proof that we can control racketeering, gangsterism, and wholesale lawlessness. And it is one that state and local law enforcement agencies might well emulate.

DAILY WASHINGTON LETTER

By Rodney Dutcher. NEW YORK.—Since federal relief expenditures, policies and administration have become the outstanding issue of the presidential campaign, it is interesting to recall that only four and a half years ago the Senate voted down the LaFollette-Costigan relief bill, 48 to 35.

Sixteen Republican senators of the 30 who voted or paired against the LaFollette-Costigan bill and seven of the 21 Democrats who did so have since been retired, in nearly all cases by the voters.

Eight of the 30 came up for re-election this year—Barbour of New Jersey, Capper of Kansas, Carey of Wyoming, Dickinson of Iowa, Hastings of Delaware, who has withdrawn; Keyes of New Hampshire, opposed for renomination by Moses; McNary of Oregon and White of Maine.

Of the 21 Democrats, those whose terms expire in January are Bailey of North Carolina, Bankhead of Alabama, Byrnes of South Carolina, Coolidge of Massachusetts, withdrawn; Glass of Virginia, Harrison of Mississippi and Robinson of Arkansas.

A substantial majority of these men are sure to be returned to the Senate. Votes against the first important federal relief measure, it appears, did not mean sure political death. But it may be worth pointing out that only one of the 38 senators paired for or against the bill has since been repudiated by the voters at a primary or an election.

Two of the latest "whispering campaign" rumors to be reported in Washington: Roosevelt and Secretary of Labor Frances Perkins are "plotting to overthrow the government."

Roosevelt intends to proclaim his son Jimmy as "Crown Prince."

The one thing conceded by all politicians in both parties is that the next new senator from Minnesota will be a Republican.

Few matters could be more unimportant to the nation at large, but Mr. Guy V. Howard of 2112 Emerson Avenue, South, Minneapolis, is dead certain to be a United States senator from Nov. 3 to Jan. 3, succeeding Senator Elmer Benson.

Benson was appointed to fill the vacancy caused by Senator Schall's death. Schall's six-year term would have expired Jan. 3. Law required that someone be chosen at the regular election to fill the last two months of that term.

Benson withdrew to run for governor on the Farmer-Labor ticket. The only man in either party who filed for the two-month term was Howard, a Republican, who won the nomination as he will now win the election—automatically and without opposition.

Howard will then be entitled to draw \$1,666.66 in pay, to move into quarters in the Senate office building with his name plated on the door, to hire a secretary and clerks at public expense, to send letters without paying postage, and to enjoy various other privileges—for two months, until the man elected to the six-year term takes the oath in January, when Congress convenes.

Caddies carry guns on a Madrid, Spain, golf course. The informed loyalist golfer will specify the number of his shooting iron.

The way of a man with a maid may henceforth be a cautious one, if she is a dairy maid.

THIS CURIOUS WORLD By William Ferguson. THROUGH OBSERVATIONS OF THE MOONS OF JUPITER, IT FIRST WAS LEARNED THAT THE PASSAGE OF LIGHT THROUGH SPACE IS NOT INSTANTANEOUS. TWO ENGLISH WORDS, FACETIOUS AND ABSTEMIOUS, CONTAIN ALL OF THE VOWELS IN THEIR RIGHT ORDER!

THE TAP ROOT OF THE GIANT SEQUOIA TREE DISAPPEARS AFTER THE EIGHTH YEAR! THE eclipses of Jupiter's moons, which occur daily, are computed and recorded in the Nautical Almanac, and it is through the observations of them, that chronometers are corrected at sea.

MAN ABOUT MANHATTAN

NEW YORK.—Sitting in a restaurant in the Thirties a noted raconteur and bon vivant of the sporting circles was lecturing an author against the evils of excessive worry.

"What if you have lost your money," he demanded. "You are young and the sheriff didn't take your typewriter. Make another wad."

The author agreed and then fell to discussing his companion's expert accomplishments on the polo field. "Time seems to make no impression on you," he ventured. "You seem to be getting better each season."

"The athlete thought this over," he replied. "I'm slipping. My eyes aren't what they used to be. They are playing out on me."

"Ah," murmured the bankrupt novelist, "somehow it is a comfort to know that in this world there are other things besides money that give out."

It is rare that one gets the "uplift" of New York at any season except early fall. This modern metropolis becomes an animated thing when autumn stirs away the summer lethargy and Show Street begins to shimmer and bubble.

You can talk shop and discuss the theater, and reminisce all through the spring and summer—but only that celery-like crispness of approaching October ecstasies the spirit and sends a pean through the blood.

It is like this now. You see fall topcoats and seasonal tweeds in most of the smart windows, and new lights begin to wink from the marqueses after each sundown.

HOW'S YOUR HEALTH

Ringworm of the toes, called by a variety of other names, and notably athlete's foot, is a very widespread affliction. It is estimated that approximately half the people of post-adolescent age in the United States harbor ringworm in their toes.

Ringworm of the toes may vary in degree and severity from the very mild condition which is discovered only during routine examination by the physician, to the very crippling degree when the patient becomes bedridden.

In the mild case, the only objective symptom may be a slight scaling between one or more of the toes, most commonly between the little toe and the one next to it. In the more serious cases small blisters, some intact and some broken, as well as crust formations may be found. In the very severe conditions, we find thickened, inflamed, cracked skin and the evidence of secondary bacterial infections.

The disease is contagious. Its causative agent belonging to the fungi (cellular vegetable organisms feeding on organic matter) is very resistant to antiseptic treatment. Since the organism lodges in and under

their parents' youth and exploits until a moral lesson creeps into the legend. At the first sign of an ulterior meaning, they shy off.

How can they, from their limited knowledge, explain that times were different, conditions quite unlike what they are facing? They might point out that they themselves were not like either parent and therefore could not be expected to react to the same stimuli or behave the same way.

Only the person who has been through an experience can profit by it. He cannot pass the lesson on. Mr. Jones can see to it that he does not make the mistakes in rearing his children that his parents made in rearing him. But he cannot make his children follow the path which he has found best.

Nothing exasperates a boy or girl more than a lesson drawn from his parents' past. Short of being rude, and hurting his parents, he has no

Talks to parents LESSON FROM THE PAST By Brooke Peters Church. "Now when I was your age, son—Why do fathers continue to make this same time-worn mistake? Why don't they remember instead how angry they used to get when their fathers said, 'In my day, my boy—' The same old mistakes are repeated from father to son, and even grown people are unable to learn from experience."

ANSWERS TO QUESTIONS Frederic J. Haskin

A reader can get the answer to any question of fact by writing The Pampa Daily News' Information Bureau, Frederic J. Haskin, director, Washington, D. C. Please enclose three (3) cents for reply.

Q. How extensive a political poll will the Literary Digest make this fall? J. H. A. The Literary Digest says that it is filling about ten million questionnaires.

Q. In the survey made by the government, what cities have the highest and lowest rents? W. R. A. There does not seem to be any intelligible pattern to the American living costs. Rent that costs \$100 a month in Washington, D. C. can be had in Portland, Oregon, for \$46.30. Food that costs \$102.30 in Bridgeport, Connecticut, can be purchased in Cedar Rapids, Iowa, for \$87.70. Clothing that costs \$119.70 in Butte, Montana, can be obtained for \$90.40 in Dallas, Texas. Electric current that costs \$136.50 in Sioux Falls, South Dakota, can be purchased in Houston, Texas, for \$77.00.

Q. What is the price of gasoline in Paris? K. G. A. It is seventy cents a gallon.

Q. How many American soldiers are buried in Europe? F. L. A. As of June 30, 1935, interments in permanent American cemeteries in Europe numbered 30,885, including 1,639 unknown.

Q. Did The House that Jack Built originate in Mother Goose or is it older? H. R. A. The Kaifing of South Africa have a story very much like it in form and substance. Its parallel is also found in an ancient Hebrew parable called The Two Zuzim.

Q. Were the parents of Edgar Allan Poe actors? J. G. David Poe, while a law student in Baltimore, married Elizabeth Arnold, a beautiful English actress, and went on the stage himself.

Q. Will the glaciers in Glacier National Park eventually disappear? J. W. Dr. F. E. Matthes of the United States Geological Survey estimates that at the present rate of regression the glaciers will vanish within 25 years.

Q. In estimating a soldier's adjusted compensation, why does the time state 60 days after the close of the World War? H. G. O. A. At the close of the World War those individuals who had served in one of the branches of the military service during that period were paid \$300 bonus for each year of their discharge. In computing the adjusted compensation now, no allowance is made for the first 60 days of service because of the amount of money given each soldier or sailor at the time of his discharge.

Q. How do automobile registrations compare last year with automobile fatalities? J. R. A. The total number of automobile registrations in the United States in 1935 was 26,000,000. The total number of motor vehicle fatalities was approximately 37,000.

Q. How much have the railroads spent on air-conditioning? J. H. A. From 1932 to 1935 the railroads spent more than 50 million dollars to air-condition and service approximately 6,000 passenger cars.

Q. How far below sea level is the Salt Sea? H. J. A. The Saltion Sea in California is 250 feet below sea level.

Q. How much of the brain is gray matter? H. G. A. The gray substance represents 37 to 38 per cent of the total weight of the brain.

Q. What does the almond flower symbolize? C. T. A. The approval of God.

Q. What are the opening and closing dates of the Canadian National exposition? A. J. The exhibition opened on Aug. 28 and will close Sept. 12.

Q. What is the length of the smallest arrowhead in the Museum at Washington, D. C.? F. C. A. The Smithsonian Institution says that the length of the smallest Indian arrowhead on exhibition at that institution is about 1/4 of an inch. This arrowhead was obtained from the vicinity of The Dalles, Ore.

Q. How much of the brain is gray matter? H. G. A. The gray substance represents 37 to 38 per cent of the total weight of the brain.

Q. What does the almond flower symbolize? C. T. A. The approval of God.

Q. What are the opening and closing dates of the Canadian National exposition? A. J. The exhibition opened on Aug. 28 and will close Sept. 12.

Q. What is the length of the smallest arrowhead in the Museum at Washington, D. C.? F. C. A. The Smithsonian Institution says that the length of the smallest Indian arrowhead on exhibition at that institution is about 1/4 of an inch. This arrowhead was obtained from the vicinity of The Dalles, Ore.

So Much for Love

"T-then you think it's all right?" Helena faltered.

Peter faced her humorously. "Darling, if we're to be married you must refer to me as Mr. Henderson. It's Peter. And after we've been married a while you can call me Pete."

Helena reddened, praying that he wouldn't go further before Sandra Leigh. But Peter was too delighted to be discreet. "Helena and I are marrying," he said.

The Leigh girl came down from the veranda, searching Peter's face. "You're serious, Peter?" Then she turned to Helena. "And why shouldn't he be? You know, last night at dinner I had a fleeting thought that it would be no surprise if you two hit it off in a serious way. I'm psychic about those things."

"T-then you think it's all right?" Helena faltered. "All right?" repeated Sandra. "The Leigh girl's enthusiasm warmed Helena's heart. Somehow she had feared that Sandra might not quote approve, that she would resent Helena's coming with the 'gang' as a stranger, as a girl out of Helena's interest so quickly. Now she realized how absurd this feeling was. Sandra Leigh was too genuine, too interested in people as human beings rather than as representatives of cliques to show resentment. Her delight at the news was instantly apparent, obviously sincere."

When does it happen? Sandra wanted to know. Peter grinned and reached for Helena's hand. "Right away, doesn't it?"

"Why haven't you thought—?" She looked at Sandra helplessly. "Peter," said the other girl, "I want to make a suggestion. It's that you very literally go and jump into the lake. I'll help Helena make her plans."

"Very well, Miss Leigh..." He bowed low, dropped his beach robe, and sped toward the lake. At its edge he leaped an amazing distance and struck the water neatly.

"And that," said Sandra smiling, "is the way he does everything. I'm not surprised he's going into matrimony the same way."

Sandra put her arm around Helena Derrick's shoulders. "A woman's different, darling. Nobody should be surprised when a woman jumps into marriage at five minutes' notice. I think every girl carries around subconsciously the image of the kind of man she'd fall for. Of course it's an image that's changed a little, maybe as one grows older—or perhaps forgotten altogether. But—"

She stopped suddenly. "You're really in love with him, aren't you?" "I wouldn't be marrying him if I weren't."

"I thought so," Sandra smiled. "That sticks out all over you, Helena. Do you want me to help you with the wedding? I'd love it. The whole idea of a—a wedding sort of frightens me."

Sandra thought a moment. "Peter seems all set. What would you say to doing it now? The gang would pitch in and give you a great send-off, and it would avoid an expensive church wedding."

Thoughts had never raced so swiftly through Helena's brain as they did in that moment. Why should she wait, after all? Peter Henderson was in love with her, and she with him. Why should they waste one precious moment of two lives that were all too short at best?

"I could telephone your mother," Sandra said. "She wouldn't stand the trip, and I'd hate not seeing her first."

"I'll explain everything to her," the Leigh girl said. "I might even fib a little and tell her you've known Peter longer than you have. One thing's sure—when she sees Peter she'll agree with you. No woman can resist that charm."

Helena looked out toward the lake, saw Peter thrashing powerfully toward the shore. Yes, her mother would approve of him. She might be a little shocked at the sudden marriage—but she had always wanted Helena to marry when the right man came along.

"Sandra, I'll never be able to repay you..." "Repay me?" said Sandra, amazed. "I'm a romantic woman, darling. And there's nothing snaps up a weekend like a wedding." She faced

Helena, her eyes serious. "You mean this, don't you, baby? Don't let me rush you into something you're not sure of."

Helena nodded. "I mean it. I never meant anything more in my life, and I never will."

"I'm not recommending Peter Henderson, you understand. I know him just as a charming young man who sometimes appears at parties and week-ends. But if you're sure—and that means you're in love with him—I'll go the limit."

"I'm in love with him," said Helena slowly. "Then," answered Sandra, "nobody can stop you, and I may as well have my fun and help you." She called down to Peter, "It's all arranged. The wedding is to be at Crest Mountain Lodge—today!"

AROUND HOLLYWOOD

By ROBBIN COONS. HOLLYWOOD—Death—in the movies—has practically lost its sting. The big ones and the little ones among actors no longer shy away from a cinematic demise. Nor does death (the usual movie synonym for an unhappy ending) necessarily spell box-office poison. Some actors, in fact, revel in dying.

Garbo must be one of them. She is at it again in "Camille." She has died more violent deaths in other films. "A Woman of Affairs," "The Green Hat" saw her Iris March deliberately crashing a car into a tree. In "Mati Hari" she faced a firing squad. In "Anna Karenina" she leaped under a train.

"Romeo in Class by Himself" is a mortician's delight. Leslie Howard, fresh from death in "The Petrified Forest," goes again by poison. Basil Rathbone and John Barrymore are that in duels. Barrymore has died in "Tribby," in "Dr. Jekyll and Mr. Hyde," in "Dinner at Eight" and "Grand Hotel." In "Rhapsody and the Emperor" John died his brother Lionel, who himself is to die at movie passings—witness "Peter Grimm" and "Free Soul" among other pictures.

Ronald Coleman has given his life for "Beau Geste" and "A Tale of Two Cities" while Gary Cooper died heroically in "Lives of a Bengal Lancer" to win new fans. Joseph Calleia practically lives to die in pictures—his character usually meeting the gangster's fate.

Wallace Beery has "died" at least five times, and been resurrected. Death was permanent in "The Big House," in "The Camp," in "Viva Villa," and in "China Seas"—but in "Hell Divers" he was given half a life; the picture had two endings, one of them "happy."

Death where it affects stars is definitely of the typed variety according to the character. If it's a villain, death can be heroic but usually isn't.

PAMPA OF YESTERYEAR

FIVE YEARS AGO TODAY. Enrollment in Pampa schools totaled 2,176 in preliminary reports. A few pupils were yet to be registered in both high school and ward schools.

The Red Cross board met to plan welfare work of the winter, with Chairman W. A. Bratton presiding.

ONE YEAR AGO TODAY. The city was excited over the shooting of Huey Long, who was lingering near death through the day. Press bureaus were releasing articles on proper pronunciation of Ethiopian names as a help in reading the day's main news.

Locally, the police department was busy tracing ownership of stolen cars which had been recovered and trying to find who was responsible for poisoning numerous dogs over the city. DeLea Vicars celebrated his birthday.

OKLAHOMA CITY.—Persons passing St. Luke's Methodist church the other afternoon were startled to hear the peppy strains of "Some of These Days" rolling from the majestic pipe organ inside. It seems they had a man working on the organ, and he got carried away with himself and just started singing it.

BIBLE PLEASED WITH LINEUP AT NEBRASKA

BELIEVE BACKFIELD IS TROUBLE - PROOF; LINE STRONGER

BY ED YINGER. Associated Press Sports Writer. LINCOLN, Neb., Sept. 9 (AP) - Prospects for a trouble-proof backfield and a stronger line than last year's have charged University of Nebraska football fans with high voltage enthusiasm.

Sam Francis, Nebraska's Olympic shot put performer; Lloyd Cardwell, last year's "Crimson Limited"; and Johnny Howell are certain starters in the backfield. Jack Dodd, half-back, was barred from play because of difficulties with the faculty, and his mantle probably will fall on the shoulders of Harris Andrews, best long passer on the squad.

Other backfield prospects are Bill Anderson of Plainville, Kan., a spring drill standout; Don Douglas, a veteran; Bill Callahan, a big boy; and Art Ball, handy utility man. Hugo Hoffman has possibilities as a first rate blocker.

Cornhusker coaches expect little trouble at ends, with two seniors, Les McDonald and Virgil Yelkin, and a junior, Elmer Dohrmann, on hand. The tackle outlook is not so rosy,

although Fred Shirey, Jack Ellis, Ted Doyle, and Sam Schwartzkopf, all 200-pounders, will pay dividends. Kenneth McGinnis and Lowell English, a pair of heavyweights, look like the first string guards.

Ten lettermen were clipped off last year's Big Six conference championship squad by graduation, and Coach Dana X. Bible sees his main difficulty from the reserve angle.

But, says Coach Bible: "Both Minnesota and Pitt were our superior between the tackle positions last season, but we should be better able to take care of ourselves this fall.

"I am looking forward to a fine season."

The schedule: Oct. 3, Iowa State at Lincoln; Oct. 10, Nebraska at Minnesota; Oct. 17, Indiana at Lincoln; Oct. 24, Nebraska at Oklahoma; Oct. 31, Missouri at Lincoln; Nov. 7, Nebraska at Kansas; Nov. 14, Pittsburgh at Lincoln; Nov. 21, Kansas State at Lincoln; Nov. 28, Nebraska at Oregon State.

HALLIBURTON NINE IN HOUSTON MEET BEATEN

HOUSTON, Sept. 9 (AP)—Halliburton Cementers of Duncan, Okla., national semi-pro champions, were eliminated last night from the Houston Post semi-pro tournament by Thompson's Gulf Oilers, 6 to 5.

The Cementers went into the eighth frame with a one-run lead but the Oilers got to Harry White, Halliburton's star twirler, for three runs in the inning.

Psychologists say part of a child's training should be directed toward encouraging powers of adaptability.

PROS VANQUISH COLLEGE AGES IN NEW YORK

DANOWSKI STARS FOR GIANTS IN PASS DEPARTMENT

NEW YORK, Sept. 9 (AP)—Dale Burnett, former pride of the Kansas prairies, and big Ed Danowski, who used to carry the mail for Fordham, have taken care of at least part of the college-professional football argument.

With their New York Giant mates opening the door for them, the two flashy backfield hands applied the clincher for the pro side of the argument before 30,555 fans at the Polo Grounds last night by defeating the college all-stars 12 to 2, the largest margin of triumph since the college-pro series started two years ago.

Danowski twice threw unerring passes to Burnett for the winning touchdowns.

In the second period he dropped back to the 10-yard stripe in enemy territory and threw a bullet-like peg to Burnett for the first touchdown of the game. Midway in the fourth period, he tossed another perfect pass to his star receiver that was good for 32 yards and the clinching touchdown.

The all-stars easily outplayed the professionals but fumbles, mental

HARVESTERS (Continued from page 3)

lapses and a superior Giant line spelled defeat.

Last night's victory gave the professionals a clear edge over the all-stars in five games played, two of which have been won by the pros as against one loss and two ties.

After the Harvesters scored their first touchdown and added the extra point, both teams settled down to a grueling affair which saw bucks, passes and punts all over the field. Panhandle took the ball to the Harvester 15-yard line but lost it when the Harvesters pass defense clicked. Showers intercepted. A fumble, however, gave Panhandle the ball on the seven. On the five, Panhandle fumbled and the Harvesters recovered.

Showing daring, which pleased the many fans in the stands, Woodridge called for Showers to pass. He gave to Jones was for 10 yards. Jones started up the field with Noblitt trailing. When boxed, Jones lateraled to Noblitt for a total gain of 40 yards, just at the rest period.

Showers' punt in the last portion of the scrimmage failed to pass. He gave to Jones was for 10 yards. Jones started up the field with Noblitt trailing. When boxed, Jones lateraled to Noblitt for a total gain of 40 yards, just at the rest period.

Both coaches sent several substitutes into the fray after nearly an hour and a half of scrimmaging.

The Lineup On Friday afternoon Coaches Mitchell and Prejean will take their Harvesters to McLean for a scrimmage with the Tigers of Coach Bill Allen.

The boys lined up for the scrimmage with: Pampa: Left end—R. Jones. Left tackle—L. Jones. Left guard—Morgan. Center—Noblitt. Right guard—Rice. Right end—Maxey. Quarter—Woodridge. Left half—Graham. Right half—Enloe. Full—Showers.

Substitutes—Ayer, Johnson, Harding, Stiles, McKay, Clements, Cox, Reynolds. Panhandle: Left end—Paul. Left tackle—Barriett. Left guard—Anderson. Center—Mecasey. Right guard—Howe. Right tackle—Stevens. Right end—E. Watts. Quarter—C. Sparks. Left half—A. Watts. Right half—Smith. Full—N. Sparks.

DONALD BUDGE SEEMS TO BE CRACKING UP

PERRY ASSURES FOLKS YOUTH WILL WIN SOME DAY

By BOB CAVAGNARO FOREST HILLS, N. Y., Sept. 9 (AP)—The old American theory that you've got to be a champion to be at all important threatens to end Donald Budge's hopes of succeeding Wilmer Allison as American singles tennis ruler.

The 22-year old California sky-scraper, fighting for a patriotic cause to keep Fred Perry of England from becoming the first foreigner to win the title three times—appears to be wilting from the pressure of the task.

On what he's shown to date in the U. S. singles championship, Budge seems to have lost much of the sting and accuracy in his ordinarily scorching drives. His all around court generalship appears wanting as he carelessly has been caught flatfooted frequently on what critics call needless sorties to the net.

"Don's a swell kid and I don't know why the public seems to feel he's got to win this time," said Perry. "It's silly to become alarmed. Take it from me, Don is going to win the title, maybe not this year and perhaps not next year, but the not distant future is going to see him win."

Budge seems to have forgotten a great deal of his technique, if his unspectacular 6-2, 6-3, 3-6, 6-3 victory over Gene Smith yesterday is any criterion.

The Californian today drew a breathing spell today while Perry, the top heavy favorite, went into action in a quarter-final contest against tall Henry Guiley. The featured women's quarter-final match pitting the southern Kay Stammers of England, against Carolin Babcock of Los Angeles, Wightman cup heroine.

CHISOX TAKE SECOND PLACE IN AMERICAN

YANKS NEED TO WIN ONE GAME FOR TITLE

By SID FEDER Associated Press Sports Writer Although the American league is ready to take the pennant out of its winter wrappings, dust it off and award it to the Yankees, more attention is being paid to the White Sox these days.

The Yanks may settle the matter of winning the flag before nightfall as they need only one more victory to clinch and can accomplish that as they open their final western tour at Cleveland against the Indians, one of their two surviving rivals.

With all due respect to the Yankee power, however, and the astonishing climb of the New York Giants, Jimmy Dykes' Chicagoans have made the experts look sick by climbing into the first division and staying there.

The Sox made good their stab at second place by bowling over the Tigers, 7-5, in the only game scheduled on the major league front. That gave them sole possession of the runner-up spot and preserved their one chance in ten thousand to win the flag.

The defeat wiped out that possibility for the Tigers and their last mathematical chance of catching up to the Yanks, dropping them into a three-way tie for third place with the idle Indians and Senators.

DEMPEY CAMPAIGNS BIDDEFORD, Me., Sept. 9 (AP)—Jack Dempsey, former heavyweight flistic champion, joined the list of speakers in the Maine Democratic campaign today. Accompanied by Governor Louis J. Brann, the party's nominee for U. S. Senator, and Democratic leaders, Dempsey swung into a two-day itinerary from Kittery to Bangor, calling for appearances in 17 different Maine communities.

EVANGELINE LEAGUE TEAMS ARE TIED UP

ALEXANDRIA, La., Sept. 9 (AP)—Opelousas and Alexandria renew their Evangeline league championship playoff at scratch here today following the Indians 6-3 victory at Opelousas last night.

Alexandria won the first two games of the playoff but Opelousas came back to win the next two.

The team winning the first four games will be declared league champions. Alexandria . . . 000 010 110-3 8 3 Opelousas . . . 000 013 208-4 7 3

KIWANIS CONVENTION TO BE IN FORT WORTH

MUSKOGEE, Okla., Sept. 9 (AP)—The 1937 convention of Texas-Oklahoma Kiwanis clubs will be held in Fort Worth, Texas.

Tom Archer of Dallas, was elected district governor of the group at the close of the nineteenth annual convention here last night.

Lieutenant governors named included: C. D. Malloy, Jacksonville, Texas, division 1; Robbin Faste Brownville, Texas, division 2; Dr. James G. Gee, Huntsville, Texas, division 3; J. Edward Johnson, Brownwood, Texas, division 4; and C. Q. Silveghorn, Plainview, Texas, division 5.

GORILLAS' OPENING GAME TO BE AGAINST GROOM'S TIGERS

Forty howling little chunks of dynamite, every one of them determined to be a Harvester some day, reported to Coach Bob Curry Monday afternoon for uniforms and yesterday afternoon at Harvester Field for practice.

Most of them don't know anything about football. Others were Gorillas last year or played on the junior high team. Conditioning, getting used to handling the ball, tackling the dummy, and punting and passing were the first assignments set by the new Gorilla coach who comes here from Miami.

It will be days and days before Coach Curry will be able to determine "what he has." The little fellows, with a few big ones mixed in, ran wild in their joy at getting to play football yesterday. When the enthusiasm dims down to a reality, Coach Curry will start ground work.

The Gorillas' first game will be at Groom September 18. No schedule has been arranged for the future Harvesters. That will come when the coach has decided

IS BRUNDAGE TRYING TO TAKE AAU MEETING FROM HOUSTON?

HOUSTON, Sept. 9 (AP)—Jack Rafferty, vice president of the A. A. U., and outspoken critic of the management of American Olympic teams, moved today to curb what he said was an attempt to transfer the 1936 convention from Houston to Chicago.

He said Avery Brundage, national president, was fostering the proposed transfer and that Chicago headquarters office had mailed ballots asking various associations to vote on the proposal.

"I will carry the fight to other associations with the hope of voting down the proposal," said Rafferty, who is president of the Gulf Association of the A. A. U. "The 1935 board of governors awarded Houston the convention in last year's meeting at New York and nobody has the power to shift the convention elsewhere."

"The Gulf Association was not even accorded the courtesy of consultation on this matter and received the first news of the affair from a ballot asking us to vote on the question. Such discourteous treatment

of a host city and state has never before happened in the annals of sports. It shows clearly that Brundage and his administration lack fair play and sportsmanship he has so frequently mouthed at public banquets and gatherings of athletes."

The first break between Rafferty and Brundage came at last year's convention when the Gulf Association voted against Brundage as head of the Olympic committee.

The 1936 convention was set for Dec. 4, 5 and 6. YESTERDAY'S STARS (By The Associated Press) Zeke Bonura, White Sox—His double and single drove in three runs in 7-5 win over Tigers. Read the Classified Ads today.

Special Sale of USED CARS

We have a large assortment of Good Used Cars for your complete selection. We have a car to suit you, from a small, low priced car to recent models that look and run like new. Come in and make us a reasonable offer on any car you would like in our Used Car stock and see the bargain you can buy and the money you can save.

1936 PLYMOUTH DeLuxe 4-door Sedan that you can't tell from a new car. Has been used by a responsible party a very few miles. Can be bought at an attractive saving.

1935 OLDSMOBILE 6-cylinder Coupe. This car is in condition for immediate service without any expense to purchaser. Motor is good, new front tires, other tires good. See this car for the big value it is.

1934 DODGE 2-door Sedan. Has been driven by original purchaser about 20,000 miles and has had excellent care. It is a car worth owning especially at the price it can be bought for.

1935 FORD DeLuxe 2-door Sedan, radio and heater equipped. Very low mileage. Must be seen to appreciate its condition.

Following is a list of good Low Priced Cars that can be bought worth the money with lots of good miles and service for a small investment.

1934 PONTIAC COUPE 6-wheel, motor has been reconditioned, paint, tires, upholstery all good. If you like a Pontiac see this car for a nice automobile that can be purchased at a bargain.

1934 FORD TRUCK 1 1/2-Ton, long wheelbase. Motor reconditioned, good cab, platform body, good tires on front and dual rear.

1934 STUDEBAKER Dictator 4-door Sedan, 6-wheel, radio equipped. The condition will meet your approval throughout. If interested in this type of car you can well afford to spend the time in inspecting and driving it.

1934 BUICK Series 50, standard 5-wheel coupe. In condition in every respect for immediate service that you would require of an automobile. This car sold new 14 months ago for \$1556. See the value left in it and at the price it can be bought.

304 LIVES TAKEN IN LABOR DAY ACCIDENTS

(By The Associated Press)

Accidents over the Labor day week-end took a toll of at least 304 lives over the nation, of which 257 were attributed to mishaps on the

### COUNTY SEAT OF IRION COUNTY ORDERED MOVED

SHERWOOD, Sept. 9 (AP)—The 31st district court and the Irion county commissioners court were in session here today—or were they—while a bevy of lawyers looked into the statutes to see what the status of the county seat of Irion county was following Saturday's election which transferred the government headquarters to Merton.

The grand jury was "holding its hands" while attorneys and Judge F. Sutton of San Angelo looked into the question of whether it could be in session in the abandoned courthouse and county seat. The commissioners court took no action to declare the seat transferred because they didn't know it it were properly situated itself.

Meanwhile Sherwood supporters had employed W. A. Wright, San Angelo attorney, to protect its rights and seek to prevent transfer of the courthouse. For Sherwood it is termed a case of "life and death."

Morton years ago got the Santa Fe railroad, then the main highway, and now Sherwood stands to lose the courthouse, too.

### FRANCE WILL REBUILD HER WAR MACHINE

PARIS, Sept. 9 (AP)—France went into the war equipment market today to buy \$910,000,000 worth of fighting planes, guns, tanks and armored cars.

Premier Leon Blum's cabinet approved the gigantic increase in regular army expenses to bolster the mighty French military machine in answer to Germany's increase in fighting personnel.

The money is to be used, the cabinet decided, to increase the army's efficiency. Of the first allotment, \$78,000,000 was earmarked for the purchase of new planes and modern aviation equipment.

Part of the huge general army fund for the next four years was ordered used for adding to the army technical personnel and increasing the proportion of professional soldiers by granting higher wages to conscripts who re-enlist.

The tense situation, meanwhile, which arose as a result of communist demands for French aid to the Spanish socialist government, eased off after a brief strike of metal workers in the Paris district.

### COMMUNISM IS WORLD ENEMY NO. 1 TO NAZIS

NURNBERG, Germany, Sept. 9 (AP)—Adolf Hitler told a joyous throng of Nazis yesterday he had restored full arms sovereignty to the German nation.

Der Fuhrer, here for the fourth annual convention of the national socialist party which he founded in the setting of obscure Munich beer halls more than a decade ago, spoke at city hall, after accepting priceless, four-century-old drawings of Nurnberg.

In a three-minute speech, he told the assembled thousands:

"This gift, with its plans for the city's ramparts and defenses, reminds me of this most difficult period in my life—when, in the past year, I restored full arms sovereignty to the nation."

In that period the Reichschancellor remilitarized the Rhineland, defying post-war treaties, and further increased Germany's armed forces.

He came to this city of 800,000 Nazis during the afternoon, entering through thronged streets like a Caesar of old. He found Nurnberg plastered with posters proclaiming Bolshevism "world enemy No. 1."

NURNBERG, Germany, Sept. 9 (AP)—Through a city placarded with posters proclaiming "world enemy No. 1—Bolshevism," some 800,000 Nazis surged yesterday to open their fourth annual convention.

That was the theme of the whole first day.

A portable anti-Bolshevist exhibition of 12 moving vans also placarded with the "world enemy No. 1" posters and containing stacks of anti-communist propaganda, rolled along the streets and finally settled down in Horse Market square for the duration of the session.

Marching columns swung through the medieval city.

Traffic was prohibited in the thoroughfares as police, their numbers reinforced by 47,000 black-shirted bodyguards, kept order during the first of a week's demonstrations.

State and party officials journeyed to the party shrine to review accomplishments of the last year and receive orders from Der Fuhrer for the coming 12 months.

None knew what those orders might be except the Reich-Chancellor who will deliver the final exhortation and command at the close of the convention next Monday.

At the same time, contrary to some predictions, Dr. Ernest Hanfstaengl, Harvard-educated chief of the foreign press section of the propaganda ministry, arrived promptly for the convention's first reception and was greeted warmly by other prominent Nazis.

In well-informed party circles it was stated that the Fuhrer's temperamental friends, although here for the convention sessions, will not play a prominent role.

This tended to confirm what had been an open secret for more than a year—that Hanfstaengl no longer stands as high with Hitler as he once did.

### HEIR TO DUTCH THRONE TO WED GERMAN PRINCE

THE HAGUE, The Netherlands, Sept. 9.—A holiday romance in Switzerland was climaxed today by the royal court announcement that plump and jolly Juliana, heir to the Netherlands throne, will wed a German prince.

He is Bernhard Zu Lippe-Biesterfeld, a smart dresser, an expert linguist and an ardent devotee of sports.

Juliana, too, loves the athletic life. Tennis is her forte.

The date for the wedding was not announced.

Juliana, who is 27 years old, two years older than the nobleman who is to become her prince consort, frequently has been the object of solicitude for Dutch matchmakers.

The linked her name romantically—for a time—with that of King Edward VIII of England as one of the five princesses "eligible" to wed the British monarch.

But Prince Bernhard and Princess Juliana met and fell in love during the winter Olympics early this year in Garmisch-Partenkirchen. Going to Switzerland with Queen Wilhelmina recently, Juliana saw the German nobleman again.

He proposed; she accepted.

Some court sources believed the wedding could be in the spring.

Prince Bernhard is well known in Berlin and Paris society. He finished school at the University of Berlin last year and became affiliated with the dye trust, serving in Paris as a sort of apprentice, without salary.

### THOMAS FEARS LEMKE'S AND CATHOLICS' POWER

NEW YORK, Sept. 9 (AP)—Norman Thomas, the socialist presidential candidate, said "The Lemke's strength is greater than I would like to believe" in an interview today to preliminary to a seven weeks' stump tour of the country.

Thomas, who has challenged Rep. William Lemke to a debate, said he thought the union party candidate might win Minnesota, the Dakotas and Oregon on his own strength but that east of the Mississippi river will be dependent upon the Rev. Charles E. Coughlin and Dr. Francis Townsend.

"If Coughlin and Townsend have strength in the east, Lemke may deliver in the election," said the tall, white haired candidate for the presidency.

Gutin (Big Boy) Williams is the son of a former United States congressman from Texas. Gutin was born in Decatur, Texas.

### HEIR TO DUTCH THRONE TO WED GERMAN PRINCE

THE HAGUE, The Netherlands, Sept. 9.—A holiday romance in Switzerland was climaxed today by the royal court announcement that plump and jolly Juliana, heir to the Netherlands throne, will wed a German prince.

He is Bernhard Zu Lippe-Biesterfeld, a smart dresser, an expert linguist and an ardent devotee of sports.

Juliana, too, loves the athletic life. Tennis is her forte.

The date for the wedding was not announced.

Juliana, who is 27 years old, two years older than the nobleman who is to become her prince consort, frequently has been the object of solicitude for Dutch matchmakers.

The linked her name romantically—for a time—with that of King Edward VIII of England as one of the five princesses "eligible" to wed the British monarch.

But Prince Bernhard and Princess Juliana met and fell in love during the winter Olympics early this year in Garmisch-Partenkirchen. Going to Switzerland with Queen Wilhelmina recently, Juliana saw the German nobleman again.

He proposed; she accepted.

Some court sources believed the wedding could be in the spring.

Prince Bernhard is well known in Berlin and Paris society. He finished school at the University of Berlin last year and became affiliated with the dye trust, serving in Paris as a sort of apprentice, without salary.

### FRANCE WILL REBUILD HER WAR MACHINE

PARIS, Sept. 9 (AP)—France went into the war equipment market today to buy \$910,000,000 worth of fighting planes, guns, tanks and armored cars.

Premier Leon Blum's cabinet approved the gigantic increase in regular army expenses to bolster the mighty French military machine in answer to Germany's increase in fighting personnel.

The money is to be used,

# JAYGEES WILL EAT WITH BGD NEXT TUESDAY

CONVENTION WILL BE HELD IN CORPUS CHRISTI

Pampa Junior chamber of commerce members will meet in regular session in the Schneider hotel next Tuesday and will attend the chamber of commerce and Board of City Development luncheon in the basement of the First Methodist church that noon.

The members, turned softball minded, decided at yesterday's meeting to challenge the Gray County Creamery team for a game next Tuesday evening on the Diamond south of Harvester field.

Guests included R. Johnson of Skellytown, Dr. H. E. Howard and Calvin Whitley, Pampa.

Several members of the Pampa club will attend the convention in Corpus Christi, Sept. 18 and 19. Directors will meet next Monday night when delegates will be nominated.

MINERAL WELLS, Texas, Sept. 9.—Speakers from two nations and three states will address delegates to the eighth annual convention of the Texas Junior chamber of commerce at Corpus Christi on September 18 and 19, it was announced at state headquarters here today.

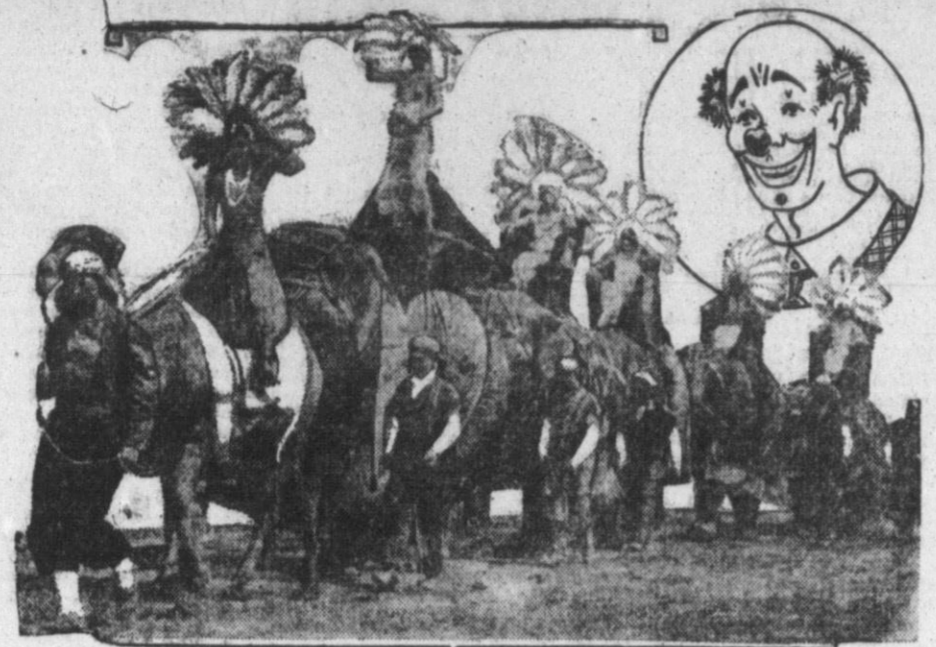

The international aspect will be furnished by Senator R. Gantu Lara, undersecretary of the department of exterior relations of the Republic of Mexico. Senator Lara will speak at the opening luncheon on Sept. 18.

Out of state speakers include Walter Holman, Portland, Oregon, president of the United States Junior chamber of commerce, and Sherman C. Humason, St. Louis, Mo., executive secretary of the national organization.

Texas speakers include Gov. James V. Allred, a charter member of the Wichita Falls Junior chamber of commerce; Attorney General William McCray, and State Tax Commissioner R. B. Anderson.

The fostering of closer business and social relations between the people of Texas and the people of

# Circus Comes to Town Tomorrow

The above picture is a scene taken from the gorgeous spectacle, "Prince of India," which is the pageant and tournament which precedes the performance of the Famous Robbins Big 3-Ring Wild Animal Circus which comes to Pampa Thursday, Sept. 10 for afternoon and night performances on the circus grounds opposite the Road Runner baseball park.

Mexico, which is one of the objects of the state junior organization, will be the theme of the opening luncheon addresses by Senator Lara and Governor Allred. "The Young Man in the Affairs of Today" will be the theme of the convention.

Officers of the organization are Victor W. Bouldin, Assistant Attorney General, Austin, president; J. Byron Saunders, Tyler, Charles A. Cowser, Lufkin, Murray McCoy, Port Arthur, Boyd T. Russell, Waco, and Jack Bailey, Vernon, vice-presidents; and John C. Doss, Mineral Wells, secretary-treasurer.

The invitation to the Mexican government was extended in behalf of the organization by Attorney General McCraw on a recent trip to Mexico City. Senator Lara was designated by the minister of exterior relations as the government's envoy.

Another feature on the convention program is the first-of-its-kind football game between Rice Institute and Texas A. and I., the site of which was transferred to Corpus Christi at the request of the junior chamber officials. The game will be played on Saturday afternoon, September 19.

# ALCAZAR AND 1700 REBELS TAKEN, CLAIM

BOMBARDMENT FINALLY WRECKS WALLS OF FORTRESS

By RAMON BLARDONEY (Copyright, 1936, by The Associated Press)

MADRID, Sept. 9.—Unofficial reports reaching the Spanish capital today said government militiamen had entered the subterranean passages of the Toledo Alcazar, in which 1700 fascist rebels have defied siege for nearly eight weeks.

Rebel guns within the Alcazar, for the first time since July 20, were mute last night and authorities believed daily pounding by six and 10-inch shells had driven the fascists, including men, women and children, from the upper parts of the ancient and crumbling fortress.

Machine gun detachments and hundreds of militiamen with hand grenades were ready to storm the building, the walls of which have been torn apart by the long artillery bombardment.

Today's reports indicated advance scouting parties had gone ahead into the lower tunnels of the fortress.

Some advisers, which could not be confirmed, even stated the rebels had been taken apart by the long artillery bombardment.

Today's reports indicated advance scouting parties had gone ahead into the lower tunnels of the fortress.

Some advisers, which could not be confirmed, even stated the rebels had been taken apart by the long artillery bombardment.

From opera to the circus is perhaps a step that few operatic stars have ever considered elevating to their status in the field of "art" but to Lorna Jackson, prima donna of the white top, who for many seasons has been one of the featured members of the Chicago Civic Opera company, the change was just the "tohic" for this diva of the opera and her performance as one of the principals in the gorgeous spectacle "Prince of India," twice daily with the Famous Robbins Big 3-Ring Wild Animal Circus, which comes to Pampa Thursday, Sept. 10 for afternoon and night performances on the circus grounds opposite Road Runner baseball park, is the signal for riotous applause from her admirers and fans who have heard her either on the stage of the Insull memorial opera in Chicago or over the air at the broadcasting of the Civic Opera's productions.

"I have found much can be acquired from a tour with a circus and though many opera artists might consider the circus by no means an elevating medium of making new friends and fans, I have found this a wonderful method of getting acquainted with the general public and let us serve you, Pampa News Stand and Shine parlor. Across the street east of the City Hall, 26p-151

# BLAZE IN MOUNTAINS IS FINALLY CHECKED

LOS ANGELES, Sept. 9 (AP)—A 20-mile circle of flames in the Malibu mountains was checked at least temporarily today after destroying 3,500 acres of watershed valued at more than \$200,000.

As the three-day old blaze slowly devoured fog-dampened brush, 750 CCC enrollees and forestry workers fought to save several hundred mountain cabins and homes in Topanga canyon a mile distant.

A dying wind and a heavy mist billowing in from the Pacific halted the flames on two crucial fronts, but the northwestern, the halting of the rebel column near Santa Ojalta, about 30 miles from Toledo, and with the scolding of many industries "owned by suspected enemies of democracy."

# COLONEL KNOX FLAYS FOR'S DAIRY POLICY

COKATO, Minn., Sept. 9 (AP)—Col. Frank Knox, Republican vice-presidential nominee, declared today the dairy industry "has been kicked about like a football for three and a half years."

In an address prepared for delivery at Cokato, the first point in his swing through the northwest, he said farmers throughout the nation were forced to find a new use for land left idle by the AAA.

"They decided the dairy business was a pretty good business to go into," he added. "The effect of the AAA was to force upon established industries like yours a new and subsidized competition."

"On top of that came the drought. At this point the present administration decided to make it a little harder for you by going into the reciprocal treaty business and encouraging the importation of products that compete directly with yours."

Col. Knox appeared here on the first leg of a trip planned to take him to Minnesota, South Dakota, Wyoming, Montana, Idaho, Washington and Oregon.

# JAP SLAYING IN CHINA BRINGS 2 DESTROYERS

Nippon Is Ready to Go to War Over Killing

By GLENN BARR  
Associated Press Foreign Staff

TOKYO, Sept. 9 (AP)—Two Japanese destroyers steamed at full speed into southern Chinese waters today as an official investigation of the reported killing of a Japanese at Pakhoi was begun.

The destroyer Wakatake was ordered to Pakhoi with instructions to protect the Japanese mission charged with investigating the death of Junzo Nakano, drug store proprietor who died under mysterious circumstances last week.

The Pakhoi incident was characterized "a gravely unfortunate affair for both China and Japan" by a foreign office spokesman in Tokyo.

At the same time a spokesman for the navy office declared the imperial Japanese sea forces were determined anti-Japanese agitation in China "must be entirely eradicated."

The foreign office spokesman declared the Japan would seek settlement of the slaying on the same basis Japan has demanded an explanation from China for the killing of two Japanese at Chengtu.

HONG KONG, Sept. 9 (AP)—A party of Chinese, which interrupted the evening meal of Junzo Nakano last Thursday, was responsible for the death of the Japanese who had lived in Pakhoi for 20 years, Chinese reports said today.

Nakano was stabbed eight times by the intruders, it was reported.

The Chinese version denied Nakano was the victim of a mob attack and added his death must be laid to private grievances.

# HUCK FINN PORTRAYER TURNS OUT TO BE GIRL

HOLLYWOOD, Calif., Sept. 9 (AP)—A 13-year-old youngster selected by studio scouts in nearby Glendale to take a screen test for the role of Huckleberry Finn, admitted today "he" was in reality "she."

"I didn't mean to fool them," smiled Patricia Van Burgh, who appeared at the talent search in khaki shirt and blue trousers.

"You see, I've dreamed and dreamed of some day playing the part of Huck Finn. So I dressed in my boy's work clothes and tried out."

She gave her name simply as "Pat" when she registered with the scouts. Experienced in amateur theatricals, she has taken boyish roles on several occasions.

# DETROYAT PLANE WAS SUBSIDIZED, CHARGE

LOS ANGELES, Sept. 9 (AP)—American speed fliers, with the 1936 National Air Races a matter of history, looked ahead today for another way of classifying contestants in speed trophy events.

Smashing victory of Lieut. Michel Detroyat of France in the Charles E. Thompson trophy race, annual high spot of the air show, and the accompanying charge by Col. Roscoe Turner of America that the French

BOY'S DISAPPEARANCE STILL PUZZLES POLICE

After questioning several local boys and girls, Justice of the Peace James Todd and county officers are still puzzled over the mysterious disappearance early Sunday morning of the 17-year-old son of Mr. and Mrs. W. H. Arp, South Cuyler street.

No. 1 (Continued From Page 1)

A lead that the youth had gone to Hobbs, N. M., has been checked but so far he has not been found there.

No. 2 (Continued From Page 1)

of Tyler signed the resolution but without his name "because of the feeling aroused."

In other business, the convention worked harmoniously. Blalock was re-elected chairman of the executive committee and nine new members were chosen by districts as follows:

(2) E. J. McLeary of Center; (10) Dr. W. S. Dickens of Greenville; (13) Scott Reed of Groesbeck; (14) Henry A. Bush of Franklin; (17) R. H. Hancock, Sr., El Campo; (19) Judge W. B. Green of Gonzales; (21) Charles E. Dancy of Valley Mills; (23) Jas. H. Goodman of Midland; (24) J. W. King of Memphis.

The party platform included a plank calling for a "substantial" increase in the tax on natural resources.

The party reiterated its opposition to the general sales tax.

Platform planks included: Strengthening the chain store tax; strengthening anti-lobbying laws; immediate repeal of law permitting horse race betting; development of well-rounded social security program to care adequately for aged, orphaned, crippled and blind; adequate hospitalization for insane; increased tax on brewers and beer dealers.

Limiting old age pensions to those in need; state participation in federal unemployment insurance program; "reasonable" franchise tax on gross assets of oil and gas pipeline companies; "reasonable" increase in inheritance taxes; empowering supreme court to fix rules of civil court procedure; empowering state tax board to aid counties in determining values of properties of oil, sulphur and insurance companies and other large businesses.

Reduction of public utility rates and enactment of laws making it practical for any city to operate its own public utilities; reduced hours of labor without reduction of salaries; maximum co-operation between the legislative and executive branches.

Mr. and Mrs. W. A. Meyers are the parents of a daughter, born at 1:30 o'clock this afternoon at Worley hospital. Mr. Meyers is with the Southwestern Investment company.

SEIBER FUNERAL WILL BE IN MIAMI THURSDAY

Funeral services for J. L. Seiber, 65, longtime Panhandle resident who died suddenly yesterday at his home in Miami, will be conducted at 2:30 o'clock tomorrow afternoon in the First Methodist church at Miami.

Mr. Seiber moved to Mobeetie in 1882. In 1893 he settled in the Miami community. His early life was spent as a cowboy. Until three years ago he operated a clothing store in Miami.

Survivors are his wife and one daughter, Mrs. J. H. Dickerson, St. Louis, Mo.

LARGE CROWD ATTENDS FUNERAL OF JOHNSON

The body of Virgil Franklin "Jack" Johnson, 22, was sent to Childress for burial following services in the chapel at Pampa Mortuary last night at 8:30 o'clock, read by the Rev. John Mullen, pastor of First Christian church, and the Rev. C. E. Lancaster, pastor of First Baptist church. An overflowing crowd attended the funeral.

Burial will be in Childress cemetery following services at 4 o'clock tomorrow afternoon in the First Baptist church, with the Rev. Joe H. Hawkins, pastor, officiating.

SHAMROCK COLLISION FATAL TO 3 PERSONS

SHAMROCK, Sept. 9 — Three persons were dead today as the result of an automobile collision four miles west of here Monday night and the driver of one of the automobiles was charged with driving while drunk.

The party platform included a plank calling for a "substantial" increase in the tax on natural resources.

Humor Provided in Talks by Rotarians

Explaining why they would not like to be in the other fellow's business, provided humorous entertainment for members of the Rotary club and guests today when members talked about the business or profession of a fellow worker.

Visitors were the Rev. R. J. Snell, Herman Whatley, Charlie Malsal, Bill Neff of Dallas, John Bradley and Rotarians John Hill of Amarillo and W. E. Reardon of Monroe, La.

New members introduced at the meeting were Clarence Green and Lloyd Laird.

INFANT'S FUNERAL HELD. Funeral services were conducted at 10 o'clock this morning in the chapel at Pampa Mortuary for the infant daughter of Mr. and Mrs. C. H. Nolen, who died in a local hospital yesterday morning.

Services were read by the Rev. Jno. O. Scott, pastor of Central Baptist church. Burial was in the baby garden at Fairview cemetery. Surviving the child are the parents, four sisters, Mollie, Margaret, Virginia Lee, Billie, Joe and Louann, and three brothers, Carl Seidel, Coy Warner, and a twin.

MARKET BRIEFS

CHICAGO GRAIN. CHICAGO, Sept. 9. (AP)—Reports that Ohio points were offering corn to the east at 5 cents under a Chicago parity did much today to drag grain prices down.

NEW YORK, Sept. 9. (AP)—Efforts to stimulate a further return in the stock market met with resistance today and profit takers clipped substantial chunks off some of the recent advances.

CHICAGO, Sept. 9. (AP)—Cotton added a few points to yesterday's big gains in early trading today.

NEW ORLEANS, Sept. 9. (AP)—Cotton added a few points to yesterday's big gains in early trading today.

KANSAS CITY LIVESTOCK. KANSAS CITY, Sept. 9. (AP)—(U. S. Dept. Agr.)—Hogs 3,000; steady to 10 lower, mostly steady; top 11.00; desirable 10.20-10.40; low 9.75-10.00.

(AP)—Poultry, live, 2 cars, 47 trucks; steady to firm; hens 4 1/2 lb. 19 1/2; broilers 16 1/2; white rock 15 1/2; leghorn 14 1/2; Plymouth rock springs 4 lb. up 19 1/2; white rock 19 1/2; Plymouth rock springs less than 4 lb. 18; white rock 17; Plymouth rock broilers 16; white rock 15 1/2; leghorn 14 1/2; leghorn roosters 13; hgn turkeys 18; toms 17; No. 2 turkeys 15; young white ducks 5 lb. up 17; small white ducks 13, colored 11, young geese 14.

FLOW SLASH URGED. BY ALFRED WALL. Associated Press Staff Writer. TULSA, Okla., Sept. 9 (AP)—Their eyes on the crude oil production chart, petroleum executives noted with only slight complacency today a drop of 20,000 barrels daily in the past week and agreed the flow would have to be curtailed still further.

There were two distinct views of the situation. Those pessimistically inclined forecast the huge production, despite the nation's unprecedented consumption of refined products, would bring about a drop in crude oil prices before the snow flies.

The other school, noting curtailment already under way in response to recommendations of interstate oil compact members, saw nothing to fear in the future price structure of crude oil or gasoline.

The end of the labor holiday was expected to bring a decided slump in demand. On the other hand surveys indicated an extraordinarily late tourist season, with many a family putting off its yearly tour until cooler weather.

Two big producers were completed in the Moore field of Cleveland county, Okla., extending the limits of the field north and south to include about a mile of new producing territory.

Northern Louisiana was being scanned for producing possibilities after the discovery of oil by the Ohio Oil Co. in the Travis Peak formation; just below 5,500 feet in the Cotton Valley field.

Roy Lane was taken home from the Pampa-Jarrat hospital. Mrs. Ted Marsh was dismissed from Pampa-Jarrat hospital today.

FATHEREE ELECTED BY DRUGGISTS AT MEETING

Clyde Fatheree, Pampa druggist, was re-elected a member of the district legislative committee at a meeting of the West Texas Druggists' Assn in Amarillo yesterday.

At a luncheon of the delegates in the Amarillo hotel at noon, Mr. Fatheree gave a response to the address of welcome given by Roy Pool, of Amarillo, past president of the group.

At the one-day session members of the organization launched a determined fight for state legislation in behalf of fair trade practices, patterned after the Robinson-Patman federal law. This will be the group's major objective in the coming year, members decided.

Others from this area who were named on the legislative committee include Witt Springer, McLean; J. W. C. Tooley, Panhandle; B.H. Sheals, Spearman; Lucian Maxwell, Borger; Clyde J. Douglas, Claremore; N. E. McIntyre, Canyon; Sandy Persons, Wellington; Mrs. C. Bonar, Stratford; J. R. Roden, Friona; W. C. Crawford, Tulsa; Earl Swanner, Amarillo; W. A. Wolfe, Dalhart; Reid B. Scott, Childress, and N. W. Durham, Memphis.

Miss Austa Parker of Lipscomb county is visiting her brother, Bruce L. Parker.

MRS. HEATH WINS PRIZE. Ten Pampa women took part in the Ladies' day program at the Pampa County club this morning. The day prize went to Mrs. Mark Heath. Other players were Mrs. Art Swanson, Mrs. H. H. Hicks, Mrs. Charlie Thut, Mrs. Carl Smith, Mrs. W. M. Murphy, Mrs. R. K. Eason, Mrs. W. M. Miskimmins, Mrs. Larry Padden and Mrs. Del Love.

INJURED LEG. V. Bennett, employe of the Pampa ice company, was taken to Worley hospital for treatment of an injured leg received yesterday evening when he fell from a stand while removing a light-bulb. He was taken to the hospital in a Pampa Mortuary ambulance.

F. D. Burrows and Henry Loter of McLean were Pampa visitors yesterday. Mr. and Mrs. Joe R. Foster are leaving today for a vacation trip to Denver and La Junta, Colo.

FOR DIGESTION'S SAKE... SMOKE CAMELS. A CASHIER has to be alert-accurate-pleasant. Miss T. Lander, shown at the ticket window of a New York movie, says: "Camels help my digestion - cheer me up. They have a marvelous taste." LAWSON LITTLE won both British and American Amateur Titles for two years in a row. "Camels set me right," he says. "And at mealtimes, Camels make food taste better - help my digestion - give me a cheery 'lift.'"

AT HARVEY'S famous restaurant in Washington, D. C., you enjoy the same dishes that delighted Mark Twain, Emerson, Booth, Taft, and other famous men. What cigarette is preferred here? Most emphatically, Camels. Julius Lulley, host at Harvey's, says: "Our diners agree on Camels. Those who prefer quality food appreciate Camel's costlier tobaccos." Camels add zest to meals - aid digestion - increase alkalinity RUSH and mental strain impede digestion by slowing down the flow of the digestive fluids so necessary to proper, smooth digestion. Smoking Camels assists digestion by increasing the flow of the alkaline digestive fluids in a pleasant and natural way. It is thus that Science explains the sense of well-being that you experience after you dine and smoke Camels. Make Camel your cigarette. They set you right. Costlier Tobaccos Camels are made from finer. MORE EXPENSIVE TOBACCOS - Turkish and Domestic - than any other popular brand. NEW FULL HOUR RADIO DIRECT FROM HOLLYWOOD. Camel cigarettes bring you a new Camel Caravan with Benny Goodman...Nar Shikret... Rupert Hughes, Master of Ceremonies...Hollywood Guest Stars. Tuesday - 8:30 p.m. E.S.T. (9:30 p.m. E. D. S. T.), 7:30 p.m. C. S. T. 6:30 p.m. M. S. T. 5:30 p.m. P. S. T. W.A.R.C. - Columbia Network.
