LONDON GETS NO VOTES IN 2 PRECINCTS

ALL AMENDMENTS BUT LIQUOR PLAN IS APPROVED

Gray county voted better than 10 to 1 in favor of President Roosevelt in his runaway race with Gov. Alf Landon of Kansas yesterday.

The total vote in the county was 4,844. Of these votes Roosevelt took 4,347 and Landon was given 464. William Lemke, the Union party candidate, ran a back seat third with only 23 votes.

Three Gray county voters thought Earl Browder, Communist candidate, should be President of the United States. Four votes were tossed in for Norman Thomas, the Socialist, and Leigh Colvon, Prohibition candidate, received three.

The Republicans fared worse in Gray county yesterday than they did in 1932 when they turned in 500 votes for Hoover. The Democratic total four years ago was 3,446.

The voting in Pampa was heavier than expected. Election officials had predicted that between 4,000 and 4,500 votes would be cast. Their highest estimate was topped by nearly 450 votes in the actual count.

Gray county's complete vote was not known until a few minutes after noon today, when the last straggling precinct, Box 2 in Pampa, reported. Delay in receiving returns from this box came when the election workers there quit counting for the night at 10 p. m. yesterday.

Only 11 of the county's 17 precincts were complete at midnight Tuesday. The others, with the exception of No. 2, reported early this morning.

Pampa, like the rest of Texas, voted in favor of five of the six proposed state amendments, turning thumbs down only on the one which sought to create a State liquor monopoly.

The county favored Teacher retirement, 2103 to 1331; women's compensation, 2402 to 896; limiting the governor's pardoning power, 2857 to 720; salary increase for state officers, 2103 to 1289, and limiting representation in the state legislature, 2469 to 742. Gray county voters rejected the state liquor monopoly amendment, 1802 to 1692.

Democratic nominees for district, county, and precinct offices, whose election was assured in the second primary last August, had no opposition, although their names appeared on the ballot given to voters yesterday.

The heaviest vote in Gray county yesterday was cast in Box 10 in the Gray county court house where Roosevelt received 606 and Landon, 81. In two gray precincts, Hopkins and Farrington and single vote, William Lemke polled nine of his 23 votes in Box 2, Pampa.

Two of the Communist ballots were cast in No. 10, Pampa, and one in No. 9, Pampa.

FOR	AGAINST
State Liquor Monopoly	1,802
Teachers' Retirement	1,331
Workmen's Compensation	2,402
Limiting Pardoning Power	896
State Salary Increase	720
Limiting Representation	2,469

KNOX TAKES DEFEAT CALMLY BUT KEENLY

CHICAGO, Nov. 4 (AP)—Col. Frank Knox took with apparent calm today the defeat of Gov. Alf M. Landon and himself.

In his comfortable offices in the Chicago newspaper (Daily News) he publishes the Republican candidate for vice president was a jovial but keen observer of the election returns last night.

Throughout the evening Knox declined to make any comment on the ballot trend. Not until he reached his Lake Shore home at nearly 2 a. m. did he give out a statement. He said:

"The American people have clearly indicated their will. I congratulate you on the confidence they have expressed in you."

Local Postoffice Receipts Show October Gains

A gain in postoffice receipts this year, over 1935, is news when it is considered that receipts reached a new all time high last year.

Receipts for the local office for October were \$7,230.47 compared with \$7,206.15 for the same month last year, which is a gain of \$24.32.

Other departments also showed gains in business, according to Postmaster C. H. Walker.

DENY OIL APPLICATION

DALLAS, Nov. 4 (AP)—A three judge federal court denied today the application of F. A. Johnson and others for a temporary injunction restraining state authorities from interfering with movement of approximately 100,000 barrels of untendered crude oil owned by S. G. Gentry in Gregg county. The court's order said the application was denied for lack of equity.

Citizens Invited To Attend Park Meeting Tonight

Association Plan To Be Discussed By BCD

The citizenship at large is invited to attend a meeting in city hall tonight at 7:30 o'clock when plans for the formation of an association to make use of Fairground park, upon its completion, will be discussed.

President John Roby of the Board of City Development and chamber of commerce is calling the meeting at the request of the city commission. The plan is for a permanent committee or organization to be set up to operate a fair, horse races, polo, rodeo, and other activities that can be staged at such a place.

The park project, being constructed through WPA funds with the cooperation of the city, can be further developed. Persons with ideas for development of other activities are urged to attend the meeting tonight, and express their views.

N. HAMPSHIRE FINALLY GOES TO PRESIDENT

AS MAINE VOTES, THE NATION DOESN'T EXCEPT VERMONT

(By The Associated Press)

A Roosevelt landslide that shook the nation today left but two states, clinging to Republicanism.

Maine and Vermont alone clutched the beaten banner of Alfred M. Landon. New Hampshire, after marching with him all night, finally turned into the victorious columns of Roosevelt in the morning returns to give the President a narrow margin.

All the other states already had given the Democratic presidential ticket shouting majorities in the electoral college and sent new recruits to the top-heavy list of Democratic Senate and House members.

The apparent election vote stood at 523 for Roosevelt, 8 for Landon.

The final thinning of the Republican ranks left them with the smallest electoral vote the party has had since the Taft debate in 1912. Taft had just 8 votes; 88 had gone to the Bullmoosers of Theodore Roosevelt and the rest to Woodrow Wilson. Not since 1820, when James Monroe was re-elected with just one dissenting vote in the electoral college, has there been so close an approach to unanimity of electors.

The New Deal plurality of popular votes seemed likely to approach 9,000,000.

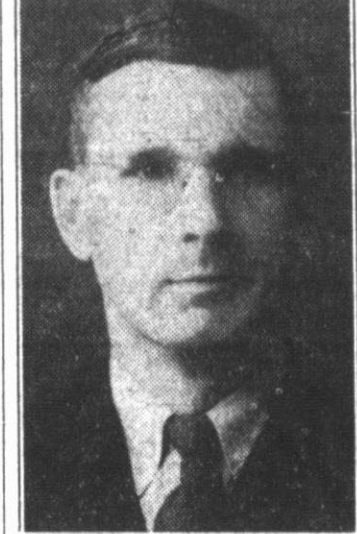

Of the prize packages, heavily stuffed with electoral votes, California came to Roosevelt by half a million; Illinois by 600,000; Michigan by 100,000; New York by more than a million; Ohio by 300,000; Pennsylvania, the strong fortress of Republicanism, by 500,000.

In the Senate, the Democrats bade fair to hold 75 of the 96 seats. Senators Borah of Idaho and Norris of Nebraska, independent Republicans, appeared to be escaping the landslide. Senator McNary of Oregon, the Republican leader, was having a hot fight and the veterans Hastings of Delaware and Metcalf of Rhode Island were beaten.

More Democratic House members instead of fewer seemed in prospect. In many states the issue was in doubt, however. The veteran representative, Florence P. Kahn of California, was beaten.

Of the governorships at stake, the

HERBERT P. LUSBY, The new commander of the Pampa chapter, Veterans of Foreign Wars, installed last night, is Herbert P. Lusby a resident of Pampa for 10 years. He has been an active worker in veteran organizations for several years. He is manager of the International Supply Co. store here. Mr. Lusby is a native Texan, born in Beaumont in 1896. Part of his early life was spent in San Diego, state of Luis Potosi, Mexico, where he attended school. He graduated from high school in California and attended Texas A. & M. college from where he was graduated in 1916 with the gold medal emblematic of the best drilled man that year. He worked in the oil fields until joining the army in 1918. He was with battery "F", 45th C. A. C., in France, and was discharged as a corporal in 1919.

SCOUT TROOPS ASKED TO HELP AT DEDICATION

Boy Scouts of the Adobe Walls council, particularly those of Pampa, McLean, LeFors and other Gray county communities, today were invited to attend and participate in the dedication ceremony of the Indian battleground monument on McClelland creek to be held on the 62nd anniversary of the battle Sunday afternoon at 2:30 o'clock.

The monument marks the site of the battleground on which Lieutenant Frank Baldwin's wagon train and cavalry routed Chief Gray Beard's Indians on North McClelland creek, Nov. 7, 1874, and at the same time rescued the famed German sisters who had been kidnaped by the Indians and held captive since the previous September when their parents, a brother and two sisters were killed while moving from Alabama to Colorado to establish their home.

People You Know

By ARCHER FULLINGIM

The amazing, heart-rending story of seven persons, all women and girls, all members of one family was told today. The youngest is a 4-month old baby, and it weighs only 12 pounds and looks like a skeleton, because it has not had sufficient food. Until yesterday, it had had no food for 24 hours. The family arrived here Sunday. They hitch-hiked from a small town in East Texas. They heard there was plenty of work in Pampa. The father died a year ago before the baby was born. In Dallas, their clothes were stolen when left on a corner. They have never been on relief. They did not apply for relief here. A kind woman who reported their condition, who herself battles the wolf at the door, first gave the baby food, then the others. There are two grown girls and they want work of any kind. The other two should be in school. Would you send them back? They left the East Texas hamlet to keep from starving to death. Right now, they need food, then shelter, they are staying at several places, then clothes.

Will Pampans please come quickly to their aid? If so go to the relief office on the third floor of the courthouse.

VIOLENCE AT PORTS IS SEEN IN PREDICTION

PICKETS ARE ORDERED OFF STREETS IN NEW ORLEANS

SAN FRANCISCO, Nov. 4 (AP)—Danger of violence hovered over the strike-bound waterfront today, as paralysis of shipping continued to spread over the country's seaboard.

One peace move made last night was considered a hopeful sign, the joint maritime strike committee agreed to unload all perishable foodstuffs from vessels tied up here. Union labor will do the work.

But a deadlock still was in force on the question of furnishing skeleton "safety crews" for west coast ships at dock.

Assistant Secretary of Labor Edward F. McGrady urged these crews be supplied by the unions, to avert possibility of violence should shipowners attempt to put non-union personnel aboard.

At Los Angeles harbor five maritime workers were being questioned concerning the asserted assaulting, kidnapping and robbery of two oil workers who declared their assailants were strikers "flying squadron" arm bands.

In New York, International Seaman's Union officers proped up to put crews on vessels deserted by sailors who walked out in a sympathy strike.

Joseph Curran, head of the striking seamen, met the announcement with the terse comment, "I foresee violence and plenty of it."

NEW ORLEANS, Nov. 4 (AP)

George Reyer, superintendent of police, today ordered pickets off the street in the limited marine strike here. Shortly afterward his forces raided a meeting hall and arrested approximately 45 men and carried them to a police headquarters for questioning.

Reyer said that he was informed by Holt Ross, southern representative of the American Federation of labor, "there is no strike on the waterfront" here and that his drive was directed against "communists."

A limited number of longshoremen and seamen struck here in sympathy with the Pacific coast maritime strike and have tied up four ships which engage in shipping between New Orleans and the Pacific coast. Other lines were not affected.

VFW INSTALLS HERBERT LUSBY AS COMMANDER

All Enterprises of Community To Be Supported

Herbert P. Lusby was installed as commander of the Pampa chapter of the Veterans of Foreign Wars last night at a ceremony in the American Legion hut. O. K. Gaylor of Pampa, commander of the ninth district, installed the officers. D. A. Bartlett was the retiring commander.

A limited number of the chapter include: senior vice commander, Charles Maisel; junior vice commander, Paul Blankenburg; quartermaster, C. H. Robinson; adjutant, L. L. McCoolm; chaplain, P. D. Hill; officer of the day, J. L. Sturgeon; guard, Luther Wilson; trustee, J. W. Orsler.

The new commander, in outlining the chapter's program for the year, stressed the fact that the organization would support all community enterprises for the good of Pampa. He also said that the Americanization and youth activities program would be major activity.

Committee members will be named at the next regular meeting. Commander Lusby said. He urged everyone to cooperate in Buddy Poppy Day Saturday and in the Armistice Day celebration.

Member of the Auxiliary surprised the veterans with a "feed" following the installation ceremonies.

BULL MARKET ROARS

NEW YORK, Nov. 4 (AP)—A roaring bull market in industrial shares soon overshadowed an early setback in utility stocks as Wall Street absorbed the election results today. A number of industrial stocks spurted from 50 cents to \$4 a share, several to new highs for the recovery, as trading swelled to such proportions that the ticker fell a few minutes behind dealings on the floor of the exchange.

TEX'S TOPICS

We have just been reading in an out-of-state exchange that an inquiring reporter who restlessly prowls the streets in quest of news, checks in with the pleasing report that the schoolman of today is a great deal prettier and snappier than she was in the days when dad went to school.

What set the reporter off on his observation was the fact that he had just returned from a state teachers' convention. There he had mingled with a crowd of stylish and attractive young women who looked more like moving picture extras than schoolma'ams, and the fact went at once to his head.

The contrast is probably unfair. Yesterday's schoolma'am lives on in the memory of the restless lads who sat at her feet a generation ago, and it was always an article of faith with them that the schoolma'am could not be anything but a battle-ax.

They conceived of an eternal antagonism between teacher and pupil, and to have admitted that teacher was a charming young woman would have been to lose half the battle right at the start.

So the memory of today's grown men probably does yesterday's schoolma'am less than justice. But whatever they think of her appearance, most men in looking back will undoubtedly admit that the lady had a pretty tough and thankless job and handled it remarkably well, all things considered.

Any schoolma'am starts her job with two strikes on her. She has a roomful of restless youngsters, many of whom would rather be anywhere on earth than in a schoolroom.

She has to keep their attention, arouse their interest, make them behave, quell that red Indian spirit that periodically takes possession of health youth—and, those things done, give them an education, prepare them for citizenship and instruct them in manners and hygiene.

It's a job big enough to make a strong man quail. But the slip of a girl who hires out as a schoolma'am tackles it without turning a hair.

Looking back, who can't remember a host of things he owes to the overworked misses of his grammar school and high school days? This one, by some chance phrase or other, snapped him out of a tendency toward self pity.

That one took a few extra pains and showed him that the mysteries of mathematics were not necessarily insoluble, after all. Another revealed to him the beauties of English poetry.

A fourth somehow showed him that there can be a deep satisfaction in talking up a difficult job and doing it well. And for reward—what do we give them? We picture them to ourselves as frumps and old maids. We look at today's crop of schoolma'ams and good-looking and stylish.

We may actually have the crust to feel a little bit sorry for ourselves for having grown up in the era of unattractive schoolma'ams. And today's youngsters will probably feel exactly the same, 30 years from now.

Spanish version: "Mother, may I go out and shoot an insurgent?"

"Home, home on the range."

Decorative Football Custom

Though the fashion for wearing chrysanthemums at football games is as old as the game itself, there is a new fad this fall, which is shown in the illustration. To bring your autumn sports costume right up to the minute you must wear to the game a huge chrysanthemum bearing the initial and colors of the team you are backing.

BPW Convention Plans Are Made As Board Meets

Plans for representation at the state convention in Dallas this month were discussed at a board meeting of Business and Professional Women's club yesterday. Mary Lou Downs has been named the club delegate, and several other members also plan a trip to the Centennial city during the convention.

The board met for a luncheon at the Eagle buffet. Various matters were passed upon, to be referred to the club at its next business session.

Members present were Mabel Gee, Gladys Robinson, Ruba McConnell, Christine Cecil, Mildred Overall, Lillian Jordan, Hazel Bechtelheimer, Gertie Arnold, Ruth Walstead and Frances Stark.

Guests Present Chapel Program

Guests from other schools of the city presented entertainment at the chapel program at Sam Houston this morning. Other guests were Frank Hill, M. P. Downs, and J. B. Massa of the Kiwanis club, who appeared in interest of a safety campaign.

Mr. Hill introduced the clubmen, and Mr. Downs spoke of safety, emphasizing care to avoid traffic accidents and accidents in the home. Marilyn Keok from Woodrow Wilson school played clarinet solos, accompanied by Mrs. W. L. Brummett. Louise Meador represented high school, playing accordion and piano solos. From Horace Mann school, Vada Lee Alden danced, Tracy Gary gave readings, and both played accordion duets. Miss LaTrice Quatlebaum accompanied.

The number from B. M. Baker school was a safety play from Ira Pearson's room, introduced by Principal J. A. Meek.

Double Program Is Presented in Methodist Circle

Two leaders were in charge of the double program with which circle one of First Baptist Methodist Missionary society observed a week of prayer Monday afternoon in the home of Mrs. S. A. Hurst. Mrs. O. L. Qualls was assisting hostess.

Mrs. H. H. Boynton led the study of home missions, which opened with a song, Sweet Hour of Prayer. Topics were Joys of Country Life, by Mrs. B. S. Via; Alone With God, Mrs. Qualls; and the home special topic, Extending Our Rural Work, by Mrs. John Platt. A duet, Open My Eyes, by Mrs. Bob McCoy and Mrs. F. L. Stallings, preceded the meditation, Workers With God, by Mrs. John Hodge. Silent prayer closed with reading of a poem by the leader.

For the foreign mission program, Mrs. Fred Cullum was leader. She gave the call to worship, and Mrs. Roy Tinsley the response. The meditation, Hearing God's Voice, was presented by Mrs. H. L. Wilder. Mrs. McCoy read a poem and sang a solo, Tell Me the Story. The foreign special, Herishoma School for Girls in Japan, was discussed by Mrs. George Walstead. Mrs. John Hodge gave the benediction after silent prayer and a poem by Mrs. Cullum.

Late autumn pears — Bartletts, Seckels, Anjou and Clapps — no home is complete without them. Ginger pears, cool and not too sweet, will bring almost any dinner to a mellow close.

Ginger Pears

Use 12 firm cooking pears. Pare, quarter and core. In a large enamel, earthenware or glass saucepan, boil together for 3 minutes 2 cups water, 1 1-4 cups sugar and 1-8 teaspoon salt. Into this syrup place the quartered pears. Simmer gently until the pears are tender, but still keep their shape. Five minutes before removing from fire add 3 slices of lemon, and 1-2 cup preserved ginger chopped into small pieces. Chill in refrigerator before serving.

JESSE JONES TO BE GIVEN AGGIE DEGREE

WILL BE HONOR GUEST AT COLLEGE ON THURSDAY

COLLEGE STATION, Nov. 4 (AP)—The second honorary LL. D. degree ever to be conferred by Texas A. & M. College will be awarded Jesse Holman Jones, of Houston, chairman of the Reconstruction Finance Corp., in ceremonies tomorrow afternoon. Nomination of Jones for the degree was made by the college faculty and approved by the board of directors.

The degree will be conferred by President T. O. Walton, of the college, under authority of the board. Jones will be introduced by F. M. Law, president of the college board of directors, president of the First National Bank of Houston, and the first man to be awarded an honorary degree by the college. Law, a former student of the institution, was awarded LL. D. degree during commencement exercises in the spring of 1934.

In addition to receiving the degree, Jones will be honor guest at luncheon and will be honored by a review of the college cadet corps after the degree ceremonies.

The processional for the ceremonies will include Jones, President Walton, Law, Dr. W. H. Andrew, pastor of the First Baptist church, Bryan; members of the board, members of the college teaching staff and staff members of the Texas agricultural experiment station, the Texas forestry service and the Texas extension service. Col. Converse R. Lewis, United States army, will be processional marshal.

DEEP INTO THE BIG WOODS on a hunting trip. No luxuries here, as "Herb" Welch—famous Maine Guide—makes noon camp and serves up beans, johnny-cake, and coffee hot from the camp-fire coals, winding up with Camels all around. Hearty outdoor appetites welcome the sense of digestive well-being that smoking Camels encourages. "Herb" says: "Anything that goes into the woods with me has to earn its way. Camels more than earn theirs. Camels are a swell thing to have on the trail... a pleasure and a necessity. I've lived on one meal a day—just dried meat and water at that—and I've dined on the best that the state of Maine offers—but no matter what I'm eating, it always tastes better and digests better when I smoke Camels. And I like Camel's cheery "lift!"

WHEREVER...WHATEVER... WHENEVER YOU EAT— For Digestion's Sake— Smoke Camels!

YOU eat over a thousand meals a year! Many kinds of foods. At all times and places. Sometimes you are free of care—at others, worried and nervous. Yet, thanks to Camels, you can help digestion meet these conditions easily. Smoking Camels speeds up the flow of fluids that start digestion off well and keep it running smoothly. Tension eases. Alkalinity increases. You enjoy your food more—and have a feeling of greater ease and contentment after eating. Mealtime or any time—make it Camels! To millions of men and women, Camels are the last word in cigarette enjoyment. Camels are so mild, they do not get on your nerves—or tire your taste—facts that steady smokers especially appreciate.

Camels are made from finer, MORE EXPENSIVE TOBACCOS... Turkish and Domestic... than any other popular brand.

ANOTHER CHAMPION SMOKES CAMELS. Dorothy Holloman set a glider record for both men and women. "Imagine how gliding affects digestion!" she says. "But a few Camels at mealtime bring my digestion right back."

EVERYBODY'S RED CROSS

Safety workers talk more about the fatalities that take place on our highways than they do about the physical injuries. In addition to the thirty odd thousands killed, however, a million and a quarter persons were hurt...

It is to help the many injured that the American Red Cross has been setting up highway first-aid stations. There are now 2,000 of these, fully equipped and manned...

When the Pampa chapter of the Red Cross has its annual roll call for membership next week it should meet with more generous response than ever before. Much of its service is performed in time of war or great natural disasters—floods, earthquakes, hurricanes, and so on...

Here is some social doctrine that may be unpleasant, but is probably sound. A prominent clergyman tells his people: "It will probably not be as easy to get rich quickly in the future. But men do not have to get rich quickly..."

"Opportunity to follow the bent of their best interests and talents, and a chance to earn a respectable living, with no unmerited want darkening their lives, are all to which free men are entitled."

"If these opportunities and chances are wrapped up with a lot of hard work and struggle, so much the better. The grandfathers of this generation had no easy time..."

"There will be plenty of opportunity for advancement in the future. But these opportunities will come to those willing to earn them by hard work, by devoted industry and by habits of diligence and perseverance..."

A distinction must be made here. The opportunities referred to are apparently those for making money. Opportunities for useful service and honor will probably be greater than they have been.

CANADA ARMS

Americans are interested in the news that the Canadian government proposes to undertake some new measures of national defense. Premier MacKenzie King proposes spending 10,000,000 or more for naval destroyers and bombing planes.

The destroyers, of course, are not intended for Canada's southern water boundary, the Great Lakes, which will continue free from war vessels as they have been for a century and a quarter.

The sum mentioned looks small to Americans, but represents a dollar for every person in Canada. When relative wealth of the two countries is considered, it might mean as much to Canada as a quarter-billion to us.

The North American Continent, and therefore justifiable in the present state of the world.

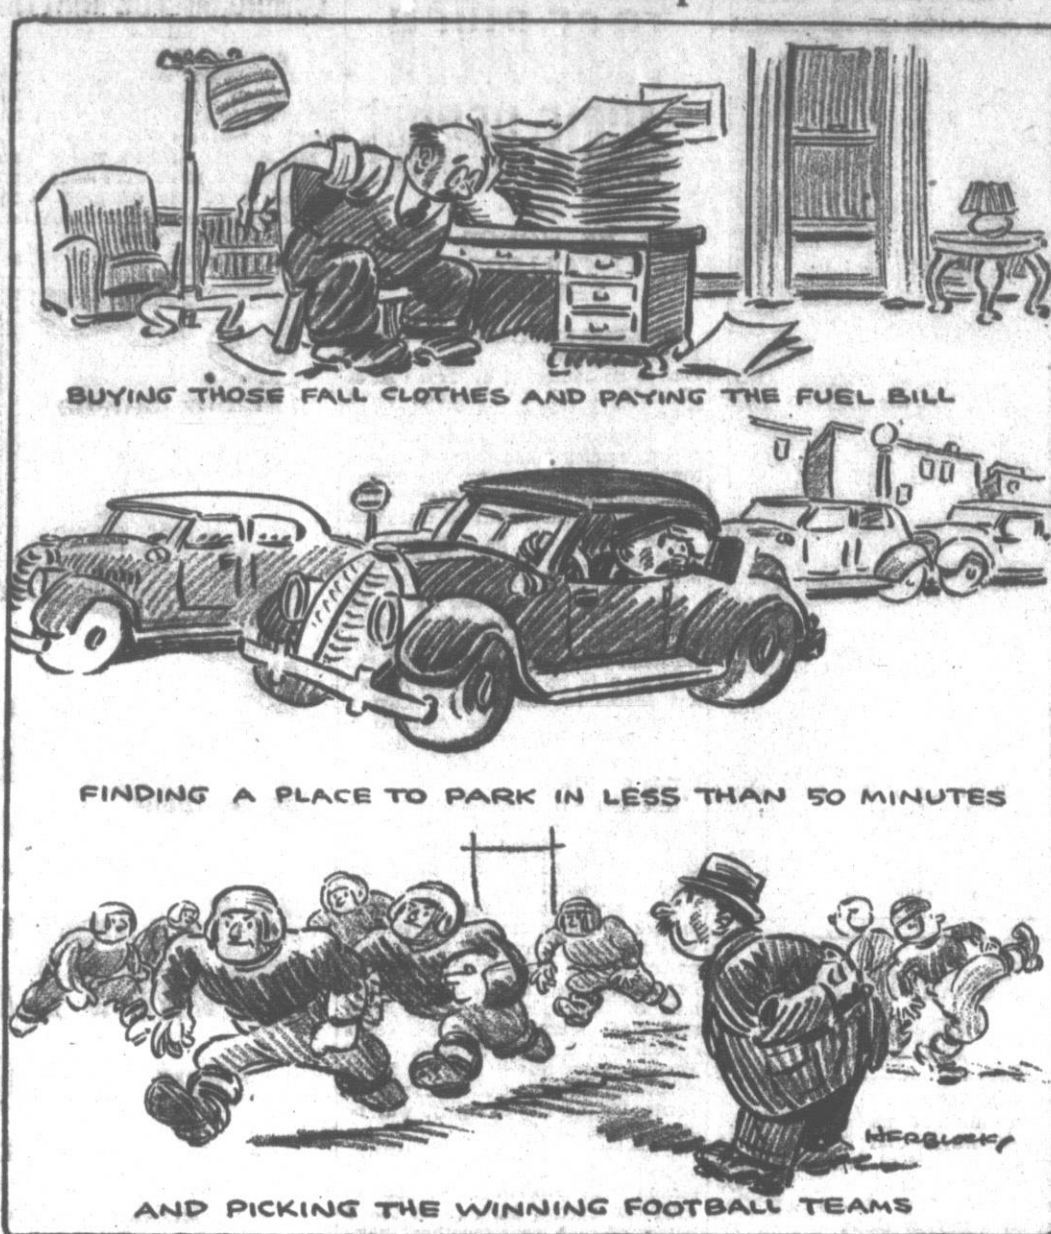

DAILY WASHINGTON LETTER

By Rodney Dutcher
WASHINGTON.—It's an ironic note that the social security "payroll tax," of which Republican campaigners and many manufacturers made such an important issue in the last days of the presidential battle, was the handiwork of Gerald Swope, chairman of the board of the huge General Electric Company.

Principle of equal employer and employee contributions to the old age benefit system was chosen as the alternative to taking the money for a national old age pension system from the proceeds of income taxes.

This section of the social security act was modeled after the General Electric pensions plan, partly because the only American precedent the innumerable advisers and experts called in by Roosevelt had to go on was the experience of certain big corporation pension funds and because Roosevelt took the advice of Swope and other conservatives rather than that of Progressive New Dealers who argued that old age pensions should be paid out of profits.

Now We Can Get Back to the Important Problems

MAN ABOUT MANHATTAN

NEW YORK.—In other years, before recovery encouraged them to throw away their horror masks, theatrical producers shared with football coaches the distinction of being the world's gloomiest clairvoyants.

Broadway was filled with lugubrious predictions, and in essence they were as pessimistic as the means of such dismal prognosticators as Gil Debie and Alonzo Staggs.

Happy, that's done away with, and the football mentors again have a monopoly on crocodile tears. It was a tragicomic sight, in the old days, to see our better producers, huddled in with unread manuscripts, attempting to pluck from them the number one that would gladden the customers and entice a few shekels into the till.

Ergo, today they're in a Maypole dance. The new season has swept arrogantly in and there's not a theatrical man along the rialto who isn't exuding optimism and confidence. This fact merits analysis when one considers that the reviews have been uniformly bad. As a matter of cold turkey, the only new play that can be called a real hit is "Hamlet." Most of the others have been dismissed with little if any praise.

That's why, honey chile, the producers haven't time to weep. They're too busy counting their shekels, to arrive in undiminished numbers. Sometimes the reason for this may be explained by the personal magnetism of an individual star. Everybody, for instance, agrees that Tallulah Bankhead is a grand actress, and everybody is anxious to have a glimpse of her, but the opinion is general that Tallulah has drawn another bad play.

Meanwhile the producers continue to laugh heartily and plan other lavishly mounted productions. It is probably true that a part of their jubilation may be attributed to this ironic circumstance: much of the backing supplied by Hollywood last season has been withdrawn, leaving Broadway with the alternative of investing its own pitances or recruiting new "angels" from Wall Street, society, or other heavens.

Too, studio "names" have shown increasing inclination to come to New York and appear on the boards. Of 25 plays now being advertised, at least a dozen flaunt players whose reputations were made or strengthened on the lots of Hollywood.

The World Series helped. Another happy factor is indicated by the mobs at football games. All of which means that much currency is on the move. That's why, honey chile, the producers haven't time to weep. They're too busy counting their shekels.

The Wrong Murderer

Chapter 14 BETRAYAL. When they had driven a short distance in the direction of the Little's house Lawson tapped on the glass in front of him and signaled to the driver to stop. "You must excuse me for a moment," he said, "I want some cigarettes." The taxi stopped, and Lawson got out and entered a small tobacconist's. Mahony noticed outside the shop a sign which said: Public Telephone. He frowned. Lawson, he knew, smoked Balkan Sobranies. It was unlikely that he would be able to get them in that small, shabby shop. In that case he had probably entered the shop in order to use the telephone. But what for? What the devil was Lawson up to now, he wondered. Was he planning to have the taxi intercepted before it reached the Little's house? He slipped his hand into his pocket; his fingers closed on the butt of his automatic. The feel of it comforted him. Lawson was planning to put over a fast one he was ready for it. He felt fine. But nothing happened to interfere with the taxi. It drew up safely outside the Little's house and Lawson paid the driver and rang the front doorbell. A trim maid admitted them and showed them into a drawing room where Elsa, a short, fair woman, and a tall, dark-haired man of thirty-three or four were sitting. The dark man was Inspector Kennedy. "Good morning, Elsa," said Lawson. "I've brought Mr. Mahony along to see you. Well, Kennedy, how are you?" "Where did you meet Mr. Lawson?" asked Elsa. Her lovely face was pale and her eyes showed signs of recent weeping. As she asked Mahony that simple question there was an air of suppressed but intense excitement about her that was not easy to account for. It affected the others in the room; both Lawson and Kennedy were listening in attitudes of expectant attention. "I met him at the end of Dulverton Street, near his house," Mahony answered. "But he wondered a little anxiously, what the Inspector was getting at. 'A most creditable sentiment,' said the Inspector blandly. 'And when you returned to England you went at once to stay with your friend Mr. Ross.' 'Yes,' agreed Mahony. 'He is a particular friend of yours, I take it?' persisted the Inspector. 'Yes,' agreed Mahony again. 'We were at school together.' 'Has it ever been suggested to you that Mr. Ross is a dope addict?' asked the Inspector. 'Mahony had been waiting for something like that. He was ready for it. 'Billy Ross a dope addict? Don't be silly,' he said contemptuously. The Inspector had not said: 'Ross is a dope addict,' in the manner of one stating a fact; he had said, 'Has it ever been suggested to you that Ross is a dope addict,' in the manner of one seeking information or admissions. Someone, quite evidently, had put this dope idea into the Inspector's mind, and he was merely engaged on exploring its possibilities. (Copyright, 1936, Hugh Clevley)

Q. How many football games have been played in the Rose Bowl on New Year's Day? Who gets the money? C. T. A. The first game was played in 1902. There was a lapse until 1916. Since then there has been a game each year, making a total of 21 games. The net proceeds are split three ways, one-third to each competing college, and one-third to the mutual machines.

Q. How much money is bet through mutuels? D. R. A. The new magazine, Coronet, says that reports filed as tax returns by thoroughbred racing associations in 15 states in 1934 show a total of \$170,111,746 was bet legally on horses at tracks through the mutual machines.

Q. Can milk be kept successfully by freezing? H. G. A. The United States Bureau of Dairy Industry has developed a method of freezing milk which keeps it fresh and sweet.

Q. What relation to the former Kaiser Wilhelm of Germany was the late Czarina, Russia's M. L. A. She was his first cousin. Their mothers were sisters, daughters of Queen Victoria of England.

Q. When was William Winter a dramatic critic on the New York Tribune? K. W. A. He was dramatic editor of that paper from 1885 to 1909.

Q. Are Chinese talking pictures showing in this country? V. S. D. A. Two picture houses in New York are now showing Chinese talkies.

Q. What is the Zon Libre? E. R. A. Zon Libre or Free Zone is a name formerly applied to a strip of territory extending across the northern boundary of Mexico. Its purpose was to meet the competition of the American towns across the border by remitting all federal duties and reducing tariff rates for certain classes of goods consumed within the territory.

AROUND HOLLYWOOD

HOLLYWOOD.—Watching the wheels go round: Hardest worker in town (second only to the perspiring Ritz brothers) is Eleanor Powell. I haven't decided whether she's dancing all the time because she likes to or because she thinks she must.

The last day of "Born to Dance" which winds up a number led by Eleanor aboard a modernistic battleship found her as enthusiastic as did the first day. Sid Silvers admitted that he was beginning to sag, after 15 weeks of dancing, but the Powell girl kept right on tapping (as if in training for a marathon) even when the cameras weren't turning.

Keep On Dancing: "I keep telling her to quiet down and rest, but she won't," beams Eleanor's pertly mother. "Even though she dances here all day on the set, she goes home and insists on practicing ballet steps for at least a half hour. I get tired keeping up with her."

Spencer Tracy, "cutting bait" for hours and hours for one of the scenes in "Captains Courageous," revamps an old one: "This is really fish, in case you hadn't noticed the odor," he says. "Well, I say 'I've lost my sense of smell' and you ask, 'well, how do you smell?' and I say, 'Terrible.' 'I can't go home at night in these clothes. Neither can Lionel Barrymore.'"

The mackerel Tracy and Barrymore are cutting up is kept in salt water tanks, but along toward late afternoon the cut up fish makes stage "B" as obvious as a fishing barge. They hope to get out on the open sea to catch fresh fish—which they will promptly toss back—before they lose caste in Hollywood.

Mothers Want to Help: Eighteen children are attending a birthday party—a party for Bobby Breen, who is the star of "Rainbow on the River." The mothers have been invited, too, but because the party isn't a real one, the mothers can only look on from a long distance away. If little Willie needs correcting, mother doesn't do it. An assistant director does that.

Longhorns Planning Rough Treatment For Sam Baugh

Rice Injury List Is Lowest of This Season

(By The Associated Press)
The University of Texas Longhorns, trimmed in three consecutive conference starts, worked today on plans to break into the win column against Texas Christian at Fort Worth Saturday.

Players who impersonated Sam Baugh, the Christians' passing ace, came in for rough treatment as the Longhorns concentrated on perfecting their pass defense.

Coach Dutch Meyer carded against Texas formations today to test a varied running and aerial attack he had mapped for the Christians. Windy weather prevented an outdoor workout yesterday.

The Texas Aggies settled down to their hardest practice of the season in preparation for their contest with Southern Methodist. Coach Homer Norton stressed both offense and defense.

The Southern Methodist Mustangs took advantage of yesterday's inclement weather to study Aggie plays in detail, with Coach Matty Bell and his assistants at the blackboard.

At Houston Coach Jimmy Kitts was a wide grin as his Rice Owls prepared for Saturday's tilt with the Arkansas Razorbacks. His squad's injury list was the lowest of the season.

The Razorbacks scrimmaged against a freshman team using Rice players. The squad was in top condition with the exception of Larry J. center, who has a broken finger.

Coach Morley Jennings, expecting an aerial attack in the Oklahoma City University encounter Saturday, drilled his Baylor Bears on a pass defense.

Sport Sparks

By Felix R. McKnight

DALLAS, Nov. 4 (AP)—Two Texas teams take over the Pacific coast on Armistice day . . . at Los Angeles, Texas Tech's Red Raiders will have their annual battle with Loyola . . . up the coast at San Francisco, the Texas Aggies, only three days of rest behind them after the Southern Methodist game, meet the San Francisco University Dons . . . The Aggies must hurry from the football stadium to the train after the Methodist game and move on to Frisco for the hardest grind of the year.

The passing Porters of Arkansas, claimants to the forward passing championship of the nation, have now hurled 200 passes and completed 85 for 1,053 yards. Their 42.5 per cent aerial average has netted 78 points . . . each completed pass has averaged 12.5 yards despite muddy fields encountered in half of their games.

If Arkansas runs true to its dope, it will fall before Rice's Owls in the Fayetteville homecoming day Saturday . . . It has followed each victory this season with a defeat the following week-end . . . on the other hand, Rice dropped successive games to Louisiana State, Duquesne and Texas A. & M. and then boomeranged with three straight wins over Georgia, Texas and George Washington.

Waxahachie's two football teams, the Trinity University Tigers and the local high school club, have broken the jinx . . . until last week end neither team had scored . . . Trinity cut loose with 10 points against Daniel Baker, leaders of the Texas conference, while the school-boys made a determined 69-yard drive that netted a touchdown against Corsicans high.

Woodrow Wilson, the West Point halfback now recovering after a serious case of influenza, is a Texan who once played at Stanton high, near Big Spring, and then starred at El Paso's School of Mines . . . and Bolton S. Rankin, the mighty mite of Navy's backfield, was once the fleetest member of the Paris high backfield.

Inclement weather and the starting upset of Texas A. and M. by Arkansas last week probably will

keep Southern Methodist from shattering its all-time attendance record at the Aggie game in Dallas Saturday . . . at that the crowd should reach 25,000 . . . Each week Bill rides his bicycle 40 miles across the mountains to Boone to see Appalachian play . . . Bill rates a tie for No. 1 fan honors with Lieut. J. P. On the football spot: Slip Madigan of St. Mary's, Vic Hanson of Syracuse and Francis Schmidt of the Ohio State . . . Also, Bill Alexander has talked himself hoarse trying to explain what happened to Georgia Tech.

As the Oklahoma Sooners passed through Kansas City after being tied 7-7 by Iowa State, C. E. McBride, sports editor of the Star, asked Coach Cliff Jones if army regulations will permit him to continue at Oklahoma . . . Major Bliff said he didn't know, but guessed George Venker (Iowa State coach) certainly hopes so . . . Max Baer will get \$22,500 and a free trip to London . . . Blimey, but that's a bit of oil right, aren't it?

GAME MOVED UP.
AUSTIN, Nov. 4 (AP)—St. Edward's university officials today announced the homecoming football game with Howard Payne college had been moved up from Saturday to Friday of this week. The Texas conference title between the undefeated though tied Howard Payne Yellowjackets at Brownwood and the twice-defeated Tigers will be played at House park at 8 o'clock.

GRID PRACTICE IS CALLED OFF FOR 2ND DAY

TO DEVELOP OFFENSE FOR ARMISTICE DAY

Yesterday's cold wave kept the Harvesters away from the practice field, coaches agreeing that it was no use taking a chance of the boys catching colds or being injured because of cold joints. Practice in preparation for the invasion of Borger one week from today, was scheduled to be resumed this afternoon.

A brand new offense, one with a scoring punch, will be developed between now and Armistice Day. What it will consist of, no one but the coaches know.

"We're tired of seeing goose eggs run up on our side of the ledger," Coaches Odus Mitchell and J. C. Frejane remarked following a lengthy huddle yesterday afternoon in which a blackboard played an important part. "Borger will not be a setip. Any team that had just lost its sparkling and could hold the Lubbock Westerners to 20 points while that team was pointing toward Amarillo has to be taken mighty seriously," they declared.

With Allen and White doing most of the ball carrying, and Allen flipping passes to a couple of good ends, the Harvesters are scheduled to have their hands full in Borger. The Borger team is light, but no lighter than the Harvesters. Although comparative figures will not be available until tomorrow or the next day, it is believed the Bulldogs will outweigh the Harvesters a few pounds.

Many fans plan to accompany the Harvesters to Borger. A block of tickets will be received here soon and will be placed on sale.

PANHANDLE AND GROOM WILL PLAY ON FRIDAY

(Special to Pampa News)
PANHANDLE, Nov. 4.—On Friday afternoon the Panhandle Panhandle Panthers will be hosts to their ancient rivals, the Groom Tigers, in a conference game. Originally the game was scheduled for Friday night, but due to the cold weather, the game will be in the afternoon.

The dope bucket (which is often upset) points to a Panther victory, but anything can happen in a game between these two rivals. The Panthers, undefeated and untied this season, rung up their seventh victory last Friday when they invaded Perryton and came back with an 18 to 0 victory. In billing up these victories, the Panthers have rolled up 227 points to their opponents' 14. The game with Groom will be their fourth conference game of the season.

GORILLAS WILL PLAY AT PANHANDLE TODAY

Rather than take a chance of setting their youngsters injured in a cold wind, yesterday, coaches of the Gorillas and Panhandle Panther second string agreed to call off the game scheduled for yesterday afternoon in Panhandle.

Two weeks ago the Gorillas went to Miami and played in a cold wind. One of the players suffered a broken leg and several others received injuries.

The game with the Panther seconds will be played this afternoon in Panhandle. Coach Bob Curry will field his revamped lineup again.

JOKE ON LEGISLATORS

AUSTIN, Nov. 4 (AP)—Incomplete returns in this county gave Homer Brooks, Communist candidate for governor, two votes of a total of \$700. A legislative committee at the recent special session investigated rumors that faculty members at the University of Texas, situated here, advocated Communism.

Favorites Appear In Texas Interscholastic Grid Race

Amarillo Described As Principal Threat

By Harold V. Ratliff
DALLAS, Nov. 4 (AP)—Favorites appeared today in the sixteen districts of Texas Interscholastic league football.

The turn into November placed Amarillo's state champion Golden Sandstorm against a field including a majority of newcomers to power, and while there is many a slip down the trail to Thanksgiving Day the dope says these teams are most likely to come through.

District 1—Amarillo, with Lubbock the chief opposition.
District 2—Childress, Wichita Falls the principal threat.

District 3—San Angelo, facing a hard battle with Abilene.
District 4—Austin (El Paso), El Paso high the strongest competition.

District 5—Gainesville.
District 6—Greenville, having trouble with McKinney.
District 7—North Side (Fort Worth), with Poly (Fort Worth) a district threat.

District 8—Dallas Tech, facing a real battle with North Dallas Sun-set (Dallas) cannot be counted out.
District 10—Lufkin.
District 11—Hillsboro. Must hurdle tough Cleburne team.

District 12—Kerrville. Chief opposition from Thomas Jefferson (San Antonio).
District 13—Battle between Sam Houston (Houston) and John Reagan (Houston).
District 14—Port Arthur and Beaumont to tie. Do not meet.

District 15—Corpus Christi with hardest battle from Robstown.
District 16—Edinburg.

The state's unbeaten, untied list remained at eight over the weekend. Amarillo plastering Plainview 66-0, North Side downing Mineral

Wells 33-7, Dallas Tech taking Adamson (Dallas) 16-6, North Dallas beating Cleburne 25-8, Hillsboro downing Temple 13-0, Kerrville smashing Austin 38-0, Corpus Christi trampling Brownsville 47-0 and Edinburg noosing out San Benito 12-7.

Last chance to get your name in the new 'phone book

TOMORROW typists will finish "writing" the new telephone directory, and send it to the printer.

Will your name be there?

If you want your name in the new telephone directory, there is no time to be lost.

Tomorrow the directory goes to press. It will be your last chance to order telephone service and get your name in the new book.

The new directory will be the telephone "Who's Who" of the city for months.

Your friends will look for your name there.

New acquaintances may search its columns for you.

Business acquaintances, customers, prospective employers, will turn to it when they want to get in touch with you.

To be in this book may mean much to you in pleasure, comfort and the general satisfaction of living.

Act now! Call or come to the telephone business office. Say, "I want a telephone."

men's Union," Reyser said, "is under contract and I have been further informed from representatives of the International Seamen's Union that they also have no strike as they, too, are under contract until the year 1937.

"There is a movement by a number of communists who are trying to picket lines to entice these men to break their contracts along the front section of the city. "I want it strictly understood that there is no room in this city for communists, so get busy," he told the police, "at once and clean them out."

HOUSTON, Nov. 4. (AP)—Striking rank and file seamen, claiming 400 registered pickets on the Houston waterfront, announced plans this morning to tie up three "and possibly four" more ships in the channel here.

The strikers claimed the crews of two ships last night, bringing the total tied up here, according to the strikers, to six.

The strikers claimed only 250 registered pickets yesterday but added another 150 last night.

Meantime, George A. Wilson of E. Duncan, chairman of the Gray county Centennial advisory board, to have his troops there by 2 o'clock. The boys will be asked to handle traffic, carry the colors and assist in the program. The moment of the unveiling will be 3 p. m., the hour that Baldwin's charge began.

To reach the monument, motorists may travel 14 miles due south on high 88, then two miles east, one mile south to a cattleguard then about seven-tenths of a mile south over a zigzag road. Unless rain or snow falls, the road will be good, it was said.

the Houston Labor and Trades Council, local branch of the A. F. of L., said the strike had not been sanctioned by the labor federation. He made public the following telegram from Frank Morrison, secretary-treasurer of the A. F. of L. "The Atlantic and Gulf districts of the International Seamen's Union of America have working agreements with employers which do not expire until December, 1937. The secretary-treasurer, Ivan Hunter, of the International Seamen's Union of America has not issued any strike call on the Atlantic and Gulf coasts. The present strike is being made up by an insurgent and dual group. This wire is sent for the information of yourself and trade unionists of your city and vicinity."

Wilbur Dickey, union business agent here, had taken the same stand from the start, but despite his efforts to curb the walkout, the strikers gained strength almost hourly. Dickey apparently had abandoned his headquarters near the waterfront today. He could not be located by police or newsmen. Dickey said his group, small in comparison with the number of strikers, had outlawed the strikers and the maritime federation, which best available sources said was not affiliated with the A. F. of L.

The government crop estimate to be announced next Monday caused some hesitation on the buying side. A private estimate today gave a total of 1,000 bushels, but this figure was much below the average trade expectation.

Older wheat and snow in the northern part of the belt was believed to have written an end to the crop there.

CHICAGO GRAIN CHICAGO, Nov. 4. (AP)—Big export business in Canadian wheat helped give a lift to wheat prices here, and so too did crop damage reports from Argentina.

Estimates were current that as much as 2,000,000 bushels of wheat had been bought today for export from Canada. Trade forecasts were also circulated raising wheat's probable import requirements of wheat this season 25,000,000 bushels.

Wheat rose firm, 1/2 to 1 cent above Monday's close, Dec. 1 1/4-1/2, May 1 1/4-1/2, Corn unchanged to 1/4 higher. Dec. 95 1/2-1/2, May new 90 1/2, oats 1/2-1/2 up, and provisions showing a 20 cent advance.

Democrats had captured twelve, were leading for 14 others; the Republicans took two, were leading for three more.

The third party threat of Rep. William Lemke, Union party stand-

ard bearer, faded completely out of the picture from the time the earliest returns trickled in. His vote proved comparatively negligible and he fell leagues short of carrying any state. Lemke, backed by Dr. F. E. Townsend and others, had predicted in advance that the election would be thrown into the house of representatives because he would garner enough electoral votes to prevent either of the major party nominees from collecting a majority.

Foes' Fight Unravelling. The arduous fight which such anti-New Deal Democrats as Alfred E. Smith, John W. Davis, James A. Reed and Bainbridge Colby put up against the Roosevelt tide proved unavailing. Nor did the efforts of Charles E. Coughlin, one of the most vehement critics of New Deal policy, stay the victory march.

Happy scenes were enacted at Hyde Park, N. Y., where President Roosevelt sat at an oval table in the old manor and checked the returns with a pencil. At 11 o'clock last night, a jubilant procession of torch-bearing neighbors with a band playing "Happy Days Are Here Again" called him out of the front porch. Smiling, he said he couldn't make any "official remarks" but that he looked to him like one of the largest sweeps ever heard of in the history of the United States.

If the returns fell like a solar plexus blow to Governor Landon, he took it with a grin. Joking, he was host to friends at a coffee and doughnut supper in Topeka. Previously he had taken a brief nap before the flood tide of the ballots began.

Gibes Reporters. When reporters gathered round him, he gibed at them for "fattening up on our good Kansas rations," during the months that Topeka has been a center of news activity. Photographers asked him to pose against a huge sunflower. Merrily he called to his wife: "Theo, better have our picture taken while we've got a chance."

A Landon victory cake, with red, white and blue frosting stood uncut on the Landon sideboard.

Landon's running mate, Colonel Frank Knox, whose 24,000-mile tour and countless speeches constituted one of the most back breaking campaign tasks in history, puffed away at his pipe in Chicago, smiling as he followed the returns. Vice-President Garner, declaring he was "highly enthusiastic," telegraphed his congratulations to the President.

In the last house of representatives, the Democratic strength was 32 and the Republican only 104, with 10 seats held by minor parties.

NEW ORLEANS COTTON NEW ORLEANS, Nov. 4. (AP)—The gains averaging a dollar a bale were maintained today like during the morning. Speculative support was an important factor in the dealings.

Only month on the board for next year's crop, advanced to 11.44, compared with its previous close of 11.19 bid. The trade was almost unanimous in the assumption that President Roosevelt's reelection would mean an extension of the reduced rate of the government and this was interpreted bullish.

Dec. moved up to 11.82, Jan. to 11.77, May to 11.83 and July to 11.80. The government crop estimate to be announced next Monday caused some hesitation on the buying side. A private estimate today gave a total of 1,000 bushels, but this figure was much below the average trade expectation.

5 AMENDMENTS APPROVED BY TEXAS VOTERS

PROPOSED LIQUOR PLAN IS DEFEATED IN ELECTION

DALLAS, Nov. 4. (AP)—President and other Democratic candidates delivered a crushing defeat to opponents today as voters in this traditionally Democratic state once again demonstrated their adherence to the party.

The latest tabulation of votes cast in yesterday's general election gave Roosevelt and his Texas running mate, Vice President John N. Garner, 368,405 votes, while Gov. Alfred M. Landon of Kansas, the Republican candidate, trailed feebly with 50,339.

William Lemke, the Union party nominee and the Socialist, Norman Thomas, were practically ignored, the former receiving but 1,260 votes and Thomas only 444.

These figures represented returns from 189 out of 254 counties, including nine complete.

Gov. James V. Alfred was re-elected by a wide majority. He was credited with 307,487 votes while his nearest opponent had only 21,631.

Voting was favorable on five of the six proposed amendments to the state constitution.

In the governor's race the Republican candidate, C. O. Harris, picked up only 21,631 votes, while minor party nominees scarcely registered.

Carl Brannin, Socialist, had a meager total of 430 and Homer Brooks, Communist, only 139.

In only one race of national importance was there anything resembling competition—Rep. Maury Maverick's campaign for re-election against Ernest W. Clemens, in the San Antonio district.

San Antonio newspaper observers today were convinced Maverick had won, as he was leading four to one on the basis of returns from 64 precincts out of 163.

Senator Morris Sheppard and other Texas congressmen had only to go through the motions of running to achieve re-election. They were strongly supported and most

GARNER TURNS DOWN FRIENDS' FISHING TRIP

TO STAY IN UVALDE UNTIL CONGRESS CONVENES

BY HOWARD C. MARSHALL UVALDE, Nov. 4. (AP)—Vice President John N. Garner said today he would remain in Uvalde until congress convenes in January, unless President Roosevelt wants him to go to Washington sooner.

"Should the President need me, I will, of course, do what he wants," Garner said. He has been in Uvalde since the last sessions of congress, except for a brief visit to the national capital. The rest of the time he has been looking after his private business, resting and conserving his health, which friends say has never been better.

Friends arranged a fishing trip for the vice president, by way of celebrating his re-election, but Garner decided not to go until the weather becomes warm. With Mrs. Garner, he voted yesterday in outdoor polling booths at a schoolhouse while a "blue norther" whistled through town. They walked to the voting place several blocks from their home.

"I told the boys to go fishing if they wanted to, but I would wait a day or so," Garner said. "They are young and foolish. I am getting old and wise."

FIFTY-YEAR OLD MAN SUCCUMBS AT BORGER

BORGER, Nov. 4.—Harry Hugh Lane, 50, died in a hospital here at 1:30 yesterday afternoon, and the funeral is scheduled for 4:30 this afternoon at the Carver-Powell chapel. The body will be sent overland to Fremont, Neb., for burial.

Mr. Lane is survived by five sons, Rex, Dale, Hugh, Keith, and Wade Lane, all of Borger.

The body of Marvin Dolen was sent yesterday to Waco for burial. Discovered in a gas-filled room of his apartment Sunday evening, Dolen was adjudged a suicide at a coroner's inquest.

LANDON PLANS TO GO DUCK HUNTING SOON TOPEKA, Kas., Nov. 4. (AP)—Gov. Alf M. Landon outlined his program of state business, rest and duck hunting today on the morning after his crushing defeat at the polls by President Roosevelt.

Puffing a cigar, the 1936 republican choice smiled a welcome to reporters in his capital office. He was standing at his desk, thumbing over a stack of telegrams when newsmen entered.

"Anything in the election on which you wished to comment?" he was asked. "Not this morning," he replied. Landon had telegraphed Mr. Roosevelt a message of congratulations shortly after midnight, saying that "every American will accept the verdict and work for the common cause of the good of our country."

"Do you have any vacation plans, governor?" he was asked. "I expect to go duck hunting in a few days." "Where?" "Oh, right here in Kansas."

SEDAN RECOVERED. The Chevrolet sedan stolen from J. C. Lewis Monday night was found yesterday afternoon, police were notified. The car was located south of the city with a flat tire. The car was jacked up ready to change the tire. When stolen, the machine was parked on East Thut street. Mr. Lewis was unable to tell how far it had been driven.

GOVERNORSHIPS. WASHINGTON, Nov. 4. (AP)—Democrats captured at least 12 of the 33 governorships at stake and were leading for 149 more today as the election returns rapidly neared completion. Republicans were victorious in Vermont and New Hampshire and were leading in Iowa, North Dakota and South Dakota.

SOME FIELDS RAISE PRICE OF CRUDE OIL

ALLOWABLE CUT BACK 100,000 BARRELS IN STATE

AUSTIN, Nov. 4 (AP)—Texas oil fields started producing less petroleum and paying more taxes this week but the feelings of some of them were appeased by price raises of five cents per barrel on crude.

Major purchasers boosted prices in several Southwest Texas areas and the Talco field in Northeast Texas. Producers were hopeful these might be the forerunners of other increases.

Allowable Texas production was cut back approximately 100,000 barrels daily to 1,109,260 barrels, effective November 1.

R. U. X. Gives Him Rheumatic Relief

Prominent Windthorst Farmer Tells of Remarkable Results From Williams R. U. X. Compound

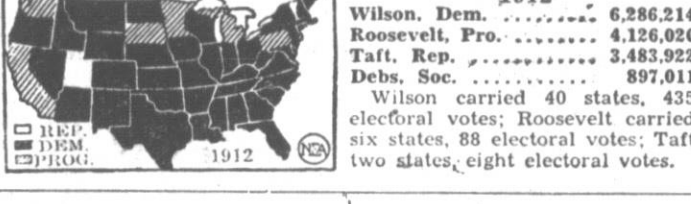

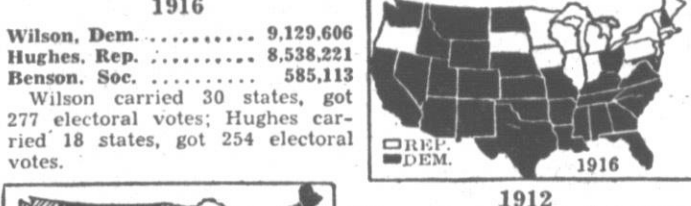

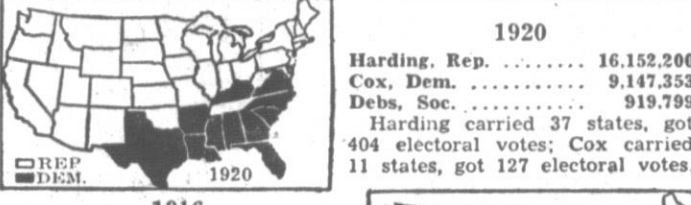

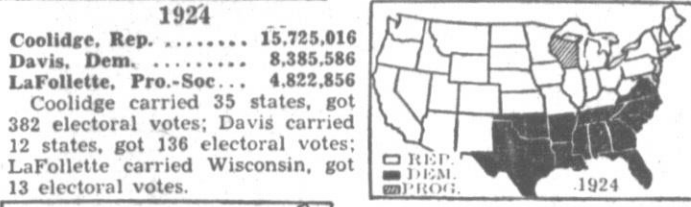

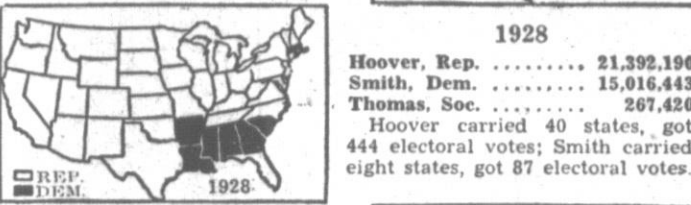

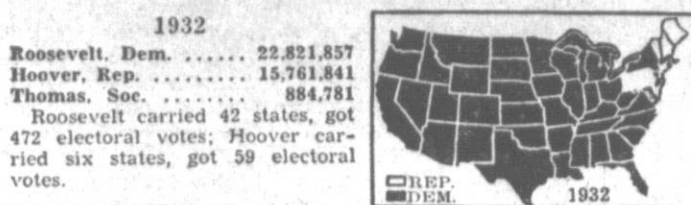

To those suffering the torments of rheumatism the hope of life's happiness grows more remote with each succeeding day. The constant suffering—the long sleepless nights gradually wear down the bravest and life becomes something to be endured rather than enjoyed. Such was the case with Mr. John F. Hoeft when he got his first bottle of R. U. X. and just see what he has to say:

"I have been bothered with rheumatic pain in my knees for the past ten years and could scarcely get around at times. The pain in my knees and joints no longer bothers me, and I can highly recommend WILLIAMS R. U. X. COMPOUND to all who suffer as I did. In conjunction with this remarkable medicine have also taken S.L.K. FORMULA, and my stomach is now getting in good shape again. Am now able to reduce dosage, sleep well, and feel entirely better." MR. JOHN F. HOEFT, Windthorst, Texas.

Remarkable Offer
This is only one of many similar statements received about the use of WILLIAMS R. U. X. COMPOUND. Get a bottle today from the Gretny Drug Store. It is offered on the positive guarantee of money back if results are not entirely satisfactory. You owe it to yourself to give this remarkable prescription of a former army doctor a trial.

Vote In Former Years

Mr. Garner received election returns alone in a study, reading a book and occasionally voicing satisfaction as reports indicated the Democrats had won.

Jesse Jones of Houston telephoned and he told the chairman of the Reconstruction Finance corporation it looked "like a landslide."

In another room, Mrs. Garner entertained a few close friends of the family, who not only listened to the returns but played games to pass the time.

Mrs. Garner, too, expressed satisfaction, saying she was "thankful that the President will have four more years to carry on his work."

"I am personally happy to live in Uvalde," she said, "but I am proud of the victory and glad that our party won."

MAJOR LAMBRECHT TO BE PRINCIPAL SPEAKER AT LEGION'S MEETING

In connection with the Salvation Army program at the American Legion it is announced that Major Lambrecht will be the principal speaker for the Army. The major has been connected with the Salvation Army since 1900. He first became connected with the organization in Australia and has seen the Army at work under many different flags all around the world.

The major will be accompanied by his wife who has been a Salvationist since 1890. Mrs. Lambrecht has seen the Army grow from a small group in the south to its present size. Together they have had charge of the Army's largest and most difficult posts in the south.

In the major's party will also be Envoy M. A. Koehler the assisting officer from Amarillo and Miss Thelma Colton, evangelist from High Point, N. C., who is at present conducting a revival for the Salvation Army at Amarillo. If weather conditions permit it is planned to have an open air service on Foster avenue preceding the Army program at the Legion hut.

CRUDE OIL PRODUCTION DROPS 39,550 BARRELS

TULSA, Okla., Nov. 4 (AP)—Daily average gross crude oil production in the United States decreased 39,550 barrels in the week ended Oct. 31, 1936, totaling 3,043,500 barrels, the American Petroleum Institute's weekly summary indicates. Daily average production east of California decreased 23,650 barrels to 2,475,900 barrels.

Imports of crude and refined oils at principal United States ports totaled 824,000 barrels, a daily average of 117,714 barrels, against 1,406,000 barrels, a daily average of 200,857 barrels for the previous week. Daily average receipts in bond, as reported by the U. S. Bureau of Mines, partly for re-export and partly as supplies to ships' bunkers for the six months ended August, 1936, amounted to 58,800 barrels, while the daily average imports for domestic demand the last six months of 1932 were 98,000 barrels.

Due to the delay in receiving reports because of the election day holiday, the refinery section of this report will not be available until Wednesday.

NEW SIGHT SAVING LAMP makes Seeing Safe in the Dining Room

Does your dining room become the workshop after dinner? Is it used for studying, writing, sewing and other tasks that tax eyesight? Then you'll be delighted with the new three-light dining room feature that employs the newly developed MAZDA 3-Lite bulb (100-200-300 watts).

PLEASANT LIGHT FOR DINING
Turn on the low level and you have soft, pleasant light for dining—agreeable to the eyes—stimulating to conversation.

SAFE LIGHT FOR SEEING
When you play games, the medium level provides good lighting for every player. For sewing, writing, figuring and other close work, turn it up to the high level and you get a quantity and quality of lighting that insures "eye-comfort" and seeing safety.

The new sight-saving dining room lamp can easily be installed in place of your present fixture. Come in and see this sight-saving fixture tomorrow. Easy terms may be arranged.

GARNER TALKS TO PRESIDENT FROM UVALDE

VICE-PRESIDENT READS BOOK ALONE IN HIS STUDY

By HAROLD C. MARSHALL
UVALDE, Nov. 4 (AP)—This Southwest Texas town rejoiced today because its "own John Garner" had been re-elected to the second highest political office in the nation.

While the vice-president took the sweeping victory of the Democratic national ticket with his usual calm, old friends streamed to his big brick mansion and messages of congratulations poured in from all over the country.

One of the last acts of the vice-president before retiring last night, long after his usual hour for sleep, was to dispatch telegrams of congratulations to President Roosevelt and Chairman James Farley of the Democratic national committee and express his own satisfaction over the results.

"Of course I am highly enthusiastic," he said, "it was a greater victory than I had expected."

Mr. Garner talked briefly with President Roosevelt over the telephone on election day and then sat up until 10:20 p. m. awaiting another call which Mr. Roosevelt said he would make, but finally went to bed leaving word to awaken him if the call came.

He did not sleep soon, however, for as soon as the election apparently had been decided a group of friends came to his home with an orchestra and serenaded him until far into the night.

Saved From Fall Off Cliff Ledge

Prisoner for eight hours on a narrow ledge at the brink of a 1000-foot cliff, with one leg broken, Lloyd Rawson, 21, Sandy, Utah, radio service man, is shown as he was rescued, lowered with ropes from his perilous trap. Rawson was struck by a falling boulder while hunting deer and was hurled down the mountainside. He attracted attention to his plight by building a fire of twigs.

PAUL WHITMAN WILL LIVE IN FORT WORTH

FORT WORTH, Nov. 4 (AP)—Paul Whiteman announced here today that he will make Fort Worth his permanent home and that he plans to return here from the East as soon as possible to build his home, the site for which likely will be on the shores of Eagle Mountain lake. The home probably will be of the Mexican hacienda type, Whiteman said. He came here in the summer to

JAMES FARLEY, DUE TO QUIT CABINET POST

POSTMASTER GENERAL DESIRES TO BE GOVERNOR

NEW YORK, Nov. 4 (AP)—The reelection of President Roosevelt, which placed James A. Farley at the peak of his political prestige, may shortly be followed by the permanent retirement of the democratic chairman from the Roosevelt cabinet.

Farley, who was given a leave of absence as postmaster general last August to devote his full time to the campaign, desires to return to the active direction of his building supply business.

However, it is known he will retain his chairmanship of the national committee and, in all likelihood, the chairmanship of the New York state committee.

Whether or not he would return to the postmaster generalship for the remainder of Mr. Roosevelt's first term was not known.

The chairman has maintained a silence on all of the speculation as to whether he would seek the governorship of New York two years hence.

According to his friends—his closest friends, for "Jim" probably calls more people by their first name than anyone else in political life—the desire closest to his heart is to be governor. If he decides to seek the governorship, he maintains a commanding position in retaining his party chairmanships.

In leaving the cabinet, Farley would not leave the circle of presidential advisers. As the national chairman, he would continue to be the party's political man in the administration.

JURORS SLOWLY SWORN IN FOR WOMAN'S TRIAL

EASTLAND, Nov. 4 (AP)—Three jurors remained to be selected when court convened today in the trial of Mrs. Della Henry for the "hanging skeleton" slaying of her former husband, H. L. McBee.

McBee disappeared in May, 1933, and his skeleton was found hanging from a tree near Rising Star 19 months later.

Six jurors were accepted yesterday and three Monday.

Raymond Henry, the defendant's present husband, was given a 90-year sentence for the slaying.

Lee Tires - On Easy Payments

INSTANT STARTING on Coldest Days

When tires crunch on new-fallen snow . . . and sudden eddies of wind whirl the flakes in graceful spirals . . . and your good little car has brought you to the perfect spot where no one ever comes . . . and youthful heads are full of hopes and dreams—that's not the time to worry about whether your motor will start when you are ready to tip-toe the starter.

You won't need to, if the tank is filled with Phillips 66 Poly Gas.

FOR extra fast cold-weather starting, your motor must have a gasoline that is extra high test. Phillips 66 Poly Gas meets this specification right down to the last "T".

Because it is made by the WORLD'S LARGEST PRODUCER of natural high test gasoline . . . because it is 100% custom-tailored to the constant changes in your climate . . . because we always aim to give greater value—the high test (gravity) rating of Phillips 66 Poly Gas is right now being pushed up and up!

You know this gasoline is different, the first time you touch the starter. And every mile you drive piles up more evidence of the benefits given by extra high test plus the added energy units supplied by the patented POLYMERIZATION process.

Say "Fill it up" to the man at the Orange and Black 66 pump and you say "Good-by" to the nuisance and damage of slow, hard, winter-starting. You get faster warm-up and smoother running. You reduce battery drain. Cut crankcase dilution. And save the miles usually wasted by overtime use of the choke.

Why wait? Today or tomorrow, the first time your gas gauge looks low, try this sensational winter gasoline. It doesn't cost a penny more than ordinary motor fuels.

PHILLIPS 66 MOTOR OIL
Phillips 66 Motor Oil is famous for instant starting, which helps save your money and your motor with this finer, longer-lasting lubricant.

THE FINANCIAL WHIRLIGIG

BY LOUS SCHNEIDER

RAIL BONDS. Sluggish action of railroad bonds is attributed to several reasons. They are: 1. traders accepted profits; 2. fear that the emergency freight rates will not be continued; and 3. fear that the Supreme Court will uphold the Railroad Retirement Act.

Bond traders say that even though selling did take place, prices do hold rather well. They attribute this to savings banks and insurance companies. These institutions are said to be taking on scale-down orders. They are buying because rail earnings continue to improve and because the yields obtained are attractive.

U. S. RUBBER. Today's United States Rubber board meeting results are awaited with interest. Insiders say that a refunding operation will be announced. The outstanding \$51,000,000 first and refunding mortgage bonds and sixes of 1947 are expected to be replaced by fours. It isn't expected that the \$8 preferred shares will be refunded. But it is expected that directors will say something about resuming dividend payments on the issue.

SPECIAL. It is privately estimated that Eastman Kodak's second half income will reach as high as \$11,000,000. That would bring the full year's earnings up to \$19,000,000 or about \$8.50 a share. On regulars plus extra dividends the current rate is \$6 per share. But since the company's directors are liberal, shareholders may expect an extra distribution before the close of the year. Insiders intimate the possibility of a special \$2 per share payment next month.

LIQUORS. Professional traders are doing their best to interest a public following in the liquor shares. The dope is that these securities have been acting well precisely: that the price structure of the industry is strong; that the sales outlook is favorable because of the coming holiday season; and that earnings are high with prospects of such continuing.

For the present the stated facts are true according to the trade. But since the industry knows that liquor supplies are constantly increasing there is every probability of prices falling early next year. That is why it is the opinion of the trade that commitments made in such issues should be for trading purposes only.

CERTAIN. Norfolk & Western Railroad directors didn't vote an extra dividend as Wall Streeters had expected. Only the \$2 quarterly rate was announced. The payment—in December—will make a total of \$10 a share for the year. Since insiders expect the carrier to report a net of \$22 a share

REPORTS ARE THAT: Professional traders are worried because market isn't responding to favorable dividend action. Campbell, Wyant & Cannon's full year net estimated at \$3 a share. U. S. Industrial Alcohol strength attributed to trading squeeze of shorts.

On reported earnings Dome Mines amply priced—company has \$2,500,000 dividend fund set aside. Nelsner Brothers' 1936 net will better 1929 all time high of \$4.18 a share. Risk speculative positions in City Ice & Fuel preferred held because of attractive yield. Twentieth Century Fox Film 1936 net estimated at \$3.50 a share. Rail circles say that removal of emergency surcharges will lower rates so that freight will move back from trucks to carriers.

White Rock will cover dividend requirements this year. Printing 1936 net estimate reduced from \$2 to \$1.50 a share. Of machine tool group Ex-Cell-O Aircraft gets trading preference. Ritter Dental's German subsidiary finds the going pretty rough. Youngstown Sheet & Tube favorite of steel group. A New York crowd likes Omnibus' prospects. A Chicago crowd likes market potentialities of Marshall Field and so telling the world. And, that North American's previous private estimate net for full twelve months of 1936 has been increased from \$1.25 a share to \$1.40—for 12-month period ended September 30 company reported a net of \$1.60 a share.

Blames Parents

Her affection for her parents was lost, said Mary Gloria Perry, 18, above, when she was "dated," attend parties or use powder and lipstick. That, she said, is why she asked an Oakland, Calif., court to name a guardian to support her parents. She claimed she was threatened with a "midnight curse" that would cause her hair to fall out if she used lipstick.

Up And Down The Air Waves

By RAY D. O. KPDN has added another person to the staff, John Rivers, formerly with L. T. Hill Co., Pampa. Mr. Rivers is in the advertising department. We trust the connection will be both pleasant and profitable to all.

Another new program for KPDN is to be heard from the Berger studio each Tuesday and Thursday at 1:45 p. m. This is to be "The Man on the Street." We hope that Mel Marshall will put this program over in a big way. We think it makes an exceptionally good program, and we think Mel will see that it does go over with a bang. Incidentally Mel has handled programs of this kind, quite successfully, on five different stations, previously, so he should know how it is done--well, we'll be listening.

Queer things do happen, among them being the "All Request" program heard on KPDN last Sunday. The announcer seemed to have a big time, and we believe the listeners enjoyed it too. Bill repeated some two or three numbers some two or three times, but we believe all this added to the entertainment qualities of the program. What do you think?

The Big Uncle Bud Barn Dance, (that "big" goes with the barn dance and not Uncle Bud), scheduled for Nov. 21st, in Berger at the American Legion Hall just keeps creating interest daily. At 8 o'clock a big floor show will be staged, and it will be worth the money, too, as Elmer Gooftus Hoskins will be on program. The dance proper is scheduled to start at 9 o'clock. If you like real entertainment and a real old time dance, be sure you arrange to attend this classic program.

The life of the man who wrote the tree seed to grow the tree that bore the apple that William Tell used to shoot from his son's head will be dramatized by the incorrigible Grace Allen in her broadcast with George Burns this evening at 7:30.

The "March of Time" will be heard on CBS tomorrow evening at 9:30. This is a very interesting and educational program.

We missed Mrs. Reeder's program yesterday afternoon. We were informed that she was substituting for someone on the teaching staff in our school and will be back to fill her schedule in the near future.

Bill--Is it true that Eve accused Adam of infidelity? Slim -- Yes. There is a rumor going the rounds now that she used to count his ribs every night to see if he was being true to her.--Miles of Smiles--12:30--KPDN.

COLD WEATHER AHEAD INDIANAPOLIS (AP)--The burglars who broke into Mrs. Mark Wihart's garage apparently thought only of the winter ahead. They loaded a half ton of coal into her car and drove away. Later the car was returned--empty. African mudfish bury themselves in the earth whenever the pond in which they live dries up, and await the rainy season.

LONDON SENDS CONGRATS TO HIS OPPONENT

WILL WORK TOGETHER FOR COMMON GOOD

TOPEKA, Nov. 4 (AP)—Gov. Alf M. Landon congratulated President Roosevelt today upon his reelection. "The nation has spoken," the republican nominee said in a telegram addressed to "The President, Hyde Park, N. Y."

"Every American will accept the verdict and work for the common cause of the good of our country. That is the spirit of democracy. You have my sincere congratulations."

Landon's own message was announced after he had retired and it was even later that his aides received the President's reply that "All of us Americans will now pull together for the common good."

It was left for him to read when he arose today. Earlier when asked at what hour he would appear at his office, the governor had smiled and said "I don't know when I'll be around."

About 9 o'clock last night, newsmen and photographers who had transformed the big garage behind the executive mansion into a pulsing press room were invited to the informal reception.

Mrs. Landon shook hands with each of the long line of guests that streamed through the back entrance into the high-ceilinged kitchen. There Peggy Anne, the governor's 19-year old daughter, was listening to a small radio.

There was little talk of politics or the election.

3 CHILDREN BURN TO DEATH IN TENT HOME

BROWNFIELD, Nov. 4 (AP)—Flames which destroyed the tent home of Mr. and Mrs. Charlie Lindsey near here yesterday left three of their children dead today.

Wayland, 3, and Loyd, 19 months, were found dead in the ruins of the tent and Maxine, 5, died in a hospital. Another child, Jo Anne, 4, suffered slight burns.

The parents were picking cotton and did not take the children because of the cold weather. Investigators were told Wayland started the fire with a match.

RIGHT EYE IS GOUGED OUT IN SANTONE FIGHT

SAN ANTONIO, Nov. 4 (AP)—With his right eye gouged out and suffering from knife wounds in the back of his head, M. B. Beacham, 19, company No. 1801, CCC camp Stanley, was in a critical condition when he was admitted to the station hospital at Fort Sam Houston Monday night.

Military police said Beacham was wounded in a fight at Camp Stanley and that they had arrested a Sherman youth in connection with the affair and booked him at police headquarters here to be held for the department of justice.

SECONDARY MATTER
KANSAS CITY (AP)—Norman Greenberg, 13, his right leg broken when an automobile struck him and his new bicycle, told his mother at the hospital: "Only the handbars were bent."

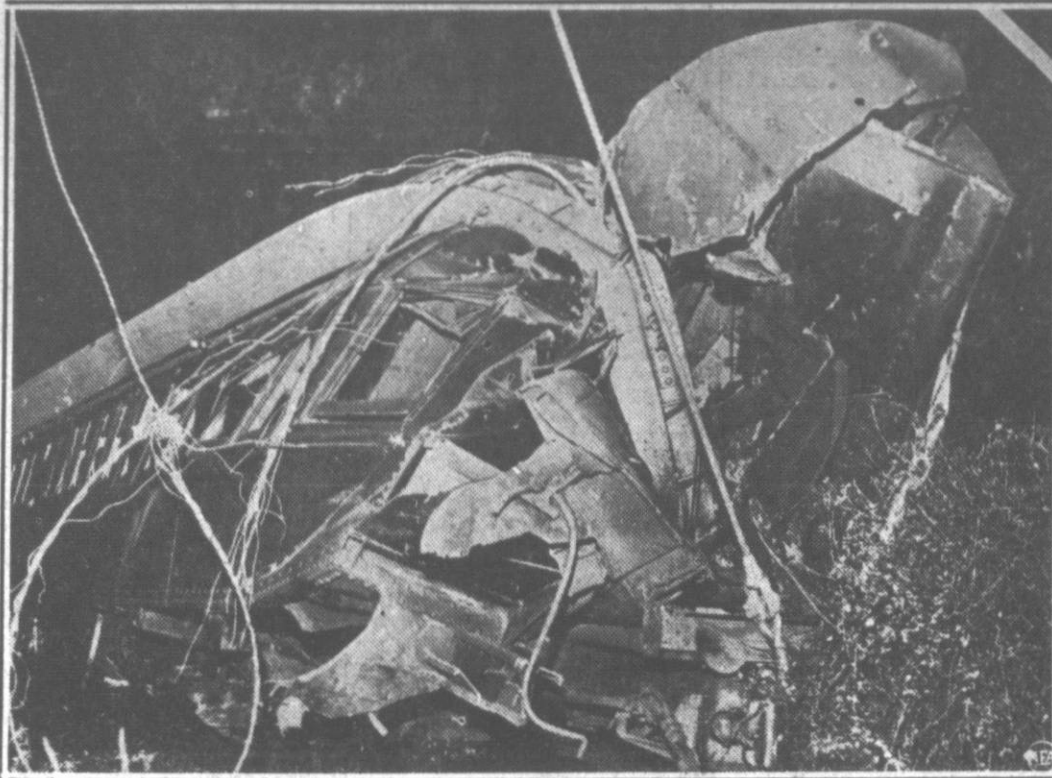

"But you have a broken leg," she reminded.

"My leg isn't broken," the boy objected. "It's just fractured, and it doesn't hurt at all."

Trial as Slayer of Baby Delayed

Facing trial on a charge similar to that of which Elizabeth Smith was convicted recently—killing an illegitimate baby by dropping it to its death—Rose Lucka, New York typist, leaves court in Bronx, N. Y., after refusal of judge to try her at once instead of on November 16.

Train Wreck That Killed 1, Injured 19

Hurting along the main line of the Pennsylvania Railroad near Princeton, N. J., at 64 miles an hour, a wheel flew off one of the cars of the crack "Cleveland" train. The damaged car toppled over and broke free of the forward half of the train, but not before it upset the car ahead, piling up those behind, and creating wreckage pictured above. When the speeding engine came to a halt a half mile on, one passenger was found decapitated, 19 injured.

Musical Sprites Run Scale

"Whirligigs," musical extravaganza now playing two shows nightly at the Texas Centennial Exposition in Dallas, specializes in peppy girls like this, dizzy dance steps, hilarious situations, and music of past and present which is why it's known as "Whirligigs."

CAPITOL JIGSAW

By HOWARD C. MARSHALL

AUSTIN, Nov. 4 (AP)—At least one member of the legislature was in doubt whether to go home after the old age assistance law was deliberated.

Just before the special session was adjourned, Rep. B. E. Quinn invited a press correspondent to ride to Beaumont with him.

"I'll have plenty of room," Quinn said.

A representative from North Texas interjected: "I've a good mind to go with you."

"But you don't live in that direction," said Quinn.

"No," replied the other, "but I want to get as far from home as possible."

Rep. W. E. Pope of Corpus Christi was about to make a motion to recess.

Since such motions have precedence over most other business, Pope's speech was delayed until a vote was taken. The proposal to recess was defeated overwhelmingly.

"Gentlemen," said Pope, rolling up his sleeves, "that's the biggest compliment you ever paid me."

Sometimes political enemies are willing to make overtures to each other.

In the closing hours of the special session, Rep. Joe Caldwell of Ashterton, admitted political antagonist of Gov. Allred, denounced the governor for "betraying" the old folks of Texas. He referred to Allred's advocacy of deliberalization.

Nevertheless, he said he wanted to be fair to the governor and had "even applauded him when I thought he was right."

"I don't remember when it was," he said amid laughter, "but I know I did."

On the final night, Gov. Allred served coffee and sandwiches in his public reception room to the

legislators. Someone remarked that all the members were present except Caldwell.

The governor overheard the comment and immediately buttonholed a representative.

"Listen," he said, "you're a friend of Caldwell. Go bring him in. I'm not sore at him."

Whether Caldwell came was not known.

Many peculiar alignments among representatives were noted in the controversy over pension deliberalization.

Until one of the final votes, Rep. Herman Jones of Decatur, one of Allred's closest friends fought against deliberalization. Yet immediately after adjournment Allred and Jones department together for New Mexico to campaign for Roosevelt and Garner.

Rep. Bob Calvert of Hillsboro, endorsed by the governor for the next speakership, also opposed deliberalization.

Rep. Sam Hanna of Dallas, generally classed as an anti-administration man, was active for the revision.

The uproar over revising the pension law was so great one night someone, in a spirit of fun or self defense, cut the wire connecting the loud-speaker microphone. That diminished the din at least one-half.

The microphone disconnected was at the end of the press table. A second in front of the speaker's rostrum was not cut off. Members frequently shouted at each other through the instruments so that ordinary conversation in the chamber could hardly be carried on.

A representative suggested that a switch be installed at one microphone so the member there could cut off his opponent when argument became too heated.

HERE TO VOTE.
Abe Davis, of Vaughn, N. M., special officer for the Santa Fe railroad, returned to Pampa Tuesday to cast his ballot in the presidential election. Mr. Davis formerly was stationed with the Santa Fe here for seven years.

JAYCEES ENJOY TAP DANCES BY STUDENTS

Senior pupils of the Vincent School of Dancing gave exhibitions of the new swing rhythm at the Junior chamber of commerce luncheon at noon Tuesday. The new dances were difficult but performed with almost professional technique.

Dances were presented by Frankie Lou Keehn; Keeton and Pat Rhoades; June Marie Amick and Frankie Lou Keehn. Mrs. Frank Keehn accompanied at the piano.

Jaycees will not hold their regular meeting next Tuesday but will attend the membership luncheon of the chamber of commerce and Board of City Development.

Charlie Malsel, on behalf of the Pampa Veterans organizations, invited the Jaycees to participate in the Armistice Day parade and service. He announced that efforts were being made to have all stores in Pampa close for the day.

Santa Day was discussed by Skeet Johnson, chairman.

B. H. "Doc" Kirby was a visitor.

FASCISTS TAKE NEW TOWNS NEAR MADRID

NAVALCARNO, Spain, Nov. 4 (AP)—Storming towards Madrid, Fascists planted their guns along a new 10-mile front, 10 miles from the capital, today.

The Fascist high command stated that Madrid government militia again fled carefully constructed trenches as insurgent forces swept on through the newly captured towns of Mostales, 10 miles south of Madrid, and Villaviciosa.

Insurgent commanders predicted one more thrust would place the red and yellow flag of Fascism at Getafe, eight miles from Madrid.

From the position the capital could easily be shelled.

Insurgent tanks and armored cars patrolled the strategic crossroads from Villaviciosa through Mostoles and Fuenlabrada to Pinto, approximately nine miles due south of Madrid.

Lambs Held Under Bonds at Stinnett

BORGER, Nov. 4—Charged with burglary of the Ostrom store at Whittenburg, R. L. Lamb and Mrs. Lorene Lamb were placed under \$2,000 bond each yesterday evening in a hearing in justice court, and are in the Hutchinson county jail at Stinnett today with bail unmade.

They were returned from Arkansas by Sheriff Hardee, who also brought \$200 worth of merchandise which was taken from the Ostrom store and was recovered when the pair were arrested in Arkansas. Sonny Lamb, brother of R. L. Lamb, was returned to Vernon by officers to face a charge there.

L. B. Wilkerson is in a hospital here to receive medical treatment.

Air Journey With Variations
OMAHA, Neb. (AP)—Four airplane passengers enroute from Chicago to the west reached their destinations only after traveling on land and water as well as in the air.

Pilot Earl Lockwood of the United Air Lines landed his plane on an island in the Missouri River near Fort Calhoun, Neb., because of fog. He, his co-pilot, the stewardess, and passengers reached the mainland in a row boat. An automobile took them to Omaha where they boarded another plane.

FORDHAM TO FACE GREATEST TEST AGAINST BOILERMAKERS

NEW YORK, Nov. 4 (AP)—Giving the football expert one break for all the dizzy headaches he's been suffering, this dizzy campaign appears considerably less complicated than usual in the matter of weeding out the Rose and Sugar Bowl hopefuls.

Ordinarily, a considerable number of possibilities would still be rated. At the moment, five favorites appear in the "highly regarded" class. To three of these five, Saturday's program means the make-or-break point for their ambitions. Two of them—Tulane and Alabama, each unbeaten but once tied—meet in a decisive battle to post season hopes.

A third, Fordham's sturdily defensive Rams, take on the "touch-

down crazy" Boiler-makers of Purdue. If the Ram line can hold out long enough to win, an undefeated season will be virtually assured, for only Georgia and New York U. remain, neither of which should be particularly tough. A tie with Pitt's powerhouse is the only spot on an otherwise perfect Ram record.

The other two leading candidates, Marquette's undefeated, untied Golden Avalanche, and Louisiana State's once tied Tigers, take on Creighton and Mississippi State, respectively, neither of which should cause any trouble.

Calotabs Help Nature To Throw Off a Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fourth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs are one of the most thorough and dependable of all intestinal eliminators, thus cleansing the intestinal track of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the blood. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Ady.)
