CHAMBERLIN IN NEW ROLE AS GOOD AVIATOR

First to Leave Deck Of Passenger Ship With Plane

TAKES OFF ON BIG LEVIATHAN

Regular Vessel To Shore Flights Are Contemplated

(By The Associated Press.)
NEW YORK, Aug. 1.—United States lines reported today that Clarence Chamberlin had taken off from the deck of the liner Leviathan off Fire Island.
The trial flight was announced successful. It was made while the steamer was 120 miles at sea.
Chamberlin's flight marked the first time an airplane had taken off from a passenger liner. It inaugurated what will probably develop into regular ship-to-shore service to expedite ocean mails.

Baptist Young People Have Big Meeting In City

With 75 visitors present and many local people attending, the meeting here Saturday and Sunday of the Canadian association was declared a great success.
More than 175 attended the social Saturday evening, at which games were played and refreshments enjoyed.
The climax of the meeting was at Sunday afternoon's session, when more than 50 young people pledged themselves to the high service outlined by the Rev. D. H. Trahette of Pampa, who spoke on temptations of modern youth. Judge Sewell of LaFollette made an excellent address in the afternoon session on the necessity of training for Christian service. Visiting pastors gave enjoyable sermons.
The next meeting of the association will be held at the fall encampment at Anvil Rock Lake, near Canadian.

Indian Jim Rushes Paving On Russell

Indian Jim commenced his brick throwing this morning on Russell street at Foster avenue and at noon had more than half the block finished. The asphalt is being placed as the bricks are laid and inspected and the street will be open for traffic tomorrow.
The delayed order of brick for the Stuckey Construction company has arrived in the city and the work will continue on Frost street, commencing at Atchison avenue.
Grading is being done on east Kingsmill avenue from the end of the present paving to the hospital, which will be next in line for laying the base.

VALUABLE!
Lost a pin or a ring? People are finding their valuables every day by running an ad in the Classified Columns.

Seven of Nineteen Escaped Prisoners Captured Today

(By The Associated Press.)
HOUSTON, Aug. 1.—Seven of nineteen white convicts who escaped from the Imperial state prison farm near Sugarland, 25 miles from Houston Sunday, have been recaptured today.
The prisoners cut their way to freedom through the floor of the barracks. It is thought a roll call prevented the escape of 75 others confined in the same building.
Most of the prisoners who escaped are short termers, the maximum sentence being ten years.

Court Amendment Would Not Create Any New Offices

(By The Associated Press.)
AUSTIN, Aug. 1.—If the people adopt today the proposed judiciary amendment which probably has been discussed and advocated by more than any of the other amendments the state will have a full nine-member supreme court, instead of the present court of three and two commissioners of three each and several other changes will be made in the state's judicial system.
The criminal appeals court of three would be increased to a full fledged court of five, by raising the two commissioners to full membership. In neither case would new positions be created.
The amendment authorizes appeals direct from district courts of the supreme court in cases where the district court holds a law void or unconstitutional. It abolishes the three-month enforced vacation of the supreme court, and allows the court to be open for business throughout the year.
Number of courts of civil appeals would be limited to 12. The constitution does not limit them now. The supreme court, under such regulations as the legislature might make, would be authorized to equalize the work of district courts on crowded dockets.
Commission members of the supreme court and criminal appeals courts now can only recommend disposition of cases. The present constitution judges must as on the opinions, which do not establish precedents.

World Consumption Of Cotton Greatest Of All History

(By The Associated Press.)
NEW ORLEANS, Aug. 1.—The world's consumption of American cotton during the season which ended with the close of July was fixed at 17,428 bales in the annual report of Secretary Henry Hestery of the New Orleans cotton exchange today. The world's consumption revealed by figures was stated to be the greatest ever recorded.

Boll Weevils Are Growing Menace, Report Divulges

(By The Associated Press.)
WASHINGTON, Aug. 1.—Increasing weevil infestation in most of the cotton belt was indicated in the department of agriculture report today, covering the period to July 15.
College Station, Texas reported that at 50 points 16 per cent of the squares were punctured.

Kills Wife, Then Commits Suicide

WOLFE CITY, Aug. 1.—Carter Crow, 45, and his wife about 40, were found dead with their throats slashed here this morning.
After police investigated, the coroner returned a verdict that Crow killed his wife and then committed suicide.

Rumor Picks Successors to Gary As Steel Head

News from Wall street that the Du Pont interests had been buying heavily of United States Steel has given rise to the rumor that an affiliation between the three great corporations, Du Pont de Nemours, U. S. Steel and General Motors—is imminent. The Du Ponts already dominate General Motors. Pierre S. Du Pont (right), chairman of the General Motors board, is mentioned as a probable director on the United States Steel board, and may be elected the steel board's chairman upon the retirement of Elbert H. Gary (center). Other rumors say Alfred P. Sloan (left) may leave his position as president of General Motors to understudy as a possible successor to Judge Gary.

Leads Strike

When the gas company in Wichita, Kas., decided to raise its rates, the city's Federation of Women's clubs, headed by Mrs. John Maltbie (above) called a gas strike. A day was set aside to keep the ranges idle, and a survey showed that 75 per cent of Wichita's 20,000 homes burned no gas for 24 hours. Now housewives have decided to make every Tuesday this summer a gasless day.

Japanese Working To Bring Results In Naval Conference

GENEVA, Aug. 1.—The deadlock in the naval conference was the subject of a long talk today between Viscount Ishii of Japan and W. C. Bridgeman of England, but so far as known nothing has taken place which reduces the risk of the conference's falling.
Activity of the Japanese is creating the impression that either they are seeking to suggest some compromise or they are getting ready to suggest adjournment of the conference without holding the public session which has been definitely fixed for Thursday.

Confessions Made In Lebouef Murder Trial, Sheriff Says

FRANKLIN, Aug. 1.—James Beadle one of the three defendants in the Lebouef murder trial, today made confessions to Sheriff Charles Pecot, the sheriff announced.
The officer said Beadle admitted being present when James Lebouef is alleged to have been slain. Pecot declined to give any more details, explaining that they would be related when he took the witness stand.

Wood Alcohol Fatal to Four Convicts In Oklahoma Prison

(By The Associated Press.)
MCALISTER, Okla., Aug. 1.—A small bottle of wood alcohol taken Saturday from the prison workshop today had resulted in the deaths of four convicts and the serious illness of eight others in the state penitentiary here.
Early yesterday the guards heard cries of distress from a cell, and upon investigation found two men apparently dying. Additional cases of illness soon were discovered.

Garage Men Asked To Tell Motorists Of Light Faults

(By The Associated Press.)
AUSTIN, Aug. 1.—The garage man would be made the ultimate guardian of the public's automobile headlights under a safety plan announced here today by W. B. Schultz, engineer of the state headlight division.
Schultz appealed to garage and filling station operators over the state to notify their motorist customers immediately of any defect in the latter's auto lights.
He suggested that the operators "ask the driver of the car which stops at your place of business to switch the light on a moment. Tell him immediately if any of the three lights does not burn. Most persons will thank you for this courtesy and will be the best way to get in touch with them—when they come for battery service or gasoline."
"This plan will save many lives if we can get your co-operation."
Schultz disclaimed any desire to "make arrests" and said "intelligent people" if told of lighting defects "can see the safety in displaying the proper lights."
He suggested that those who observe a faulty light should report it to the headlight division where "the cases will receive attention."

J. W. Rose Dies Following Operation

The death occurred Sunday morning at his home in Lubbock of J. W. Rose, following two operations during the past few weeks. A relapse followed the last operation, which proved fatal.
Besides his wife, he leaves to mourn his loss five sons, Tom E. Bonnie W., Bob, and O. V., all of Pampa, and J. B. at Lubbock. One sister, Mrs. B. S. Williams, lives at Lubbock.
Funeral services will be held tomorrow after noon at 3 o'clock from the Baptist church. Burial will be in Fairview cemetery.

South Pampa Woman Dies Here Sunday

Mrs. D. N. Walker, residing in South Pampa, died at her home yesterday after a short illness. Besides her husband she leaves her parents, Mr. and Mrs. C. T. Miller, one brother, and two sisters.
Arrangements for the funeral have not been completed.

Garner Believes Republicans Not To Change Tariffs

SAN ANTONIO, Aug. 1.—Predictions that the Republican party will permit no changes in the tariff at the coming session of congress are made by Congressman John N. Garner in an article in the October number of the The Argus, a monthly magazine published here.
"In the first place," the article says, "the Seventieth Congress will be controlled by the Republicans both in the house and senate, and of course there will be a Republican president, Mr. Coolidge, holding office until March 4, 1929. For this reason it is quite improbable that any tariff tax legislation will be considered—especially as a presidential election will be held in 1928, and the Republican party would not want to hazard its chances on a new tariff bill."
"If I had my way, with the little knowledge I now have of each schedule, I would materially increase the tariff on agricultural products, especially those of the vegetable variety. In our immediate territory tomatatoes, onions and cabbages should have very careful consideration with a view to preserving the American market for American products—and I would at the same time consider the reduction of the schedule on steel, aluminum and other highly developed manufactured articles that are being exported in large volume."
"I would give special thought to a reduction on those products that are controlled by monopoly and those whose prices are already fixed at the maximum the public can pay."
Congressman Garner expects to be in Washington from the latter part of October until about next July.

Small Fire Put Out Before Truck Arrives at Scene

The fire department received a call this morning about 10 o'clock to the home of Mrs. Ruby Pennington on South Summerville street, but neighbors had the fire out when the truck arrived.
Fire started in a small room over the bathroom and was caused by mice gnawing at matches in the pocket of a coat. Very little damage was done.

Coal Miners Clash With Non-Union Workmen Today

(By The Associated Press.)
DOVER, Ohio, Aug. 1.—One non-union miner was shot and wounded and fourteen others beaten when 200 union sympathizers attacked the non-union men on their way to the Maple Leaf coal mine at Newport, near here today.
In a visit through the south field yesterday the officers confiscated and destroyed about 1,000 gallons of home brew and mash. Some of the brew was being made in the yards of homes or on the porches at the rear.
Officers said in some cases the makers said they did not know it was against the law to make home brew.
Three complete bottling and capping outfits were found in the raid.

Big Paris Business Starts With Necktie

PARIS—Mlle. Ginette Gontier decided that the busy business men who frequent the cafes around the Paris stock exchange ought to wear better neckties. She found the best way to convert them to her belief was to bring the goods to them in their leisure moments under the awnings at the little tables.
Thus began a new flourishing necktie business. Mlle. Gontier has two sewing women working all day long day long under her direction making into cravats the bits of silk which Ginette buys at bargain rates in the cafes around the Bourse.

104 VOTES HAD BEEN CAST AT PRESS TIME

Little Interest Over State Despite Dan Moody's Work

EVERY VOTE IS HELD IMPORTANT

Tax Amendment Will Cause Many To Vote Today

At press time 104 votes had been cast at the Chamber of Commerce, where voting is in charge of W. C. Montgomery, Henry Thut and Emmett Osborne.
In view of the lightness of the vote over the state, every ballot cast against the menacing tax amendment may be important, and voters are being urged to act before the polls close at 6 o'clock.

DALLAS, Aug. 1. (AP)—Through the state ballots are being cast today on the four proposed constitutional amendments, one of which provides for a raise in the salary of the governor.

A light vote is being cast, as very little enthusiasm has been aroused among the masses of voters, despite the fact that Governor Moody has actively campaigned on the stump for the proposed amendment designed to obtain a more efficient judicial system.
Tabulation of votes is being done by the Associated Press.

Coal Miners Clash With Non-Union Workmen Today

(By The Associated Press.)
DOVER, Ohio, Aug. 1.—One non-union miner was shot and wounded and fourteen others beaten when 200 union sympathizers attacked the non-union men on their way to the Maple Leaf coal mine at Newport, near here today.

More Than Thousand Gallons of Brew and Mash Are Destroyed

In a visit through the south field yesterday the officers confiscated and destroyed about 1,000 gallons of home brew and mash. Some of the brew was being made in the yards of homes or on the porches at the rear.
Officers said in some cases the makers said they did not know it was against the law to make home brew.
Three complete bottling and capping outfits were found in the raid.

Big Paris Business Starts With Necktie

PARIS—Mlle. Ginette Gontier decided that the busy business men who frequent the cafes around the Paris stock exchange ought to wear better neckties. She found the best way to convert them to her belief was to bring the goods to them in their leisure moments under the awnings at the little tables.

Thus began a new flourishing necktie business. Mlle. Gontier has two sewing women working all day long day long under her direction making into cravats the bits of silk which Ginette buys at bargain rates in the cafes around the Bourse.

Directors To Meet

The directors of the Chamber of Commerce will meet tomorrow afternoon at 2:30 o'clock at the Chamber of Commerce rooms instead of this afternoon as scheduled.

Pampa Daily News

Published every evening except Saturdays, and on Sunday morning by the Stump-Warren Publishing Company, Inc., at 125 West Foster street.

The only newspaper adequately covering Pampa and Gray county events and the Pampa oil field.

PHILIP R. POND, Manager; OLIN F. HINKLE, Editor.

Entered as second-class matter March 26, 1922 at the post office at Pampa, Texas, under the Act of March 3, 1879.

MEMBER OF THE ASSOCIATED PRESS. The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited in this paper, and also the local news published herein.

All rights of republication of special dispatches herein are also reserved.

SUBSCRIPTION RATES

Table with subscription rates for Pampa, Texas, including one year, six months, and three months options, with and without carrier.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing, or reputation of any individual, firm, concern, or corporation that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor.

Telephone 100, all departments

Anyone acquainted with the facts of Pampa possibilities and has contact with the interests contemplating activities here cannot be anything but an effective booster.

"Pardon me," quoth he. "I don't know the deceased, but if you don't mind I'll say a few words about Pampa."

Yet facts are elusive things; one hardly ever reads a long comment on the Gray county railroad or county seat situations without noting errors.

Panhandle journalism is improving. Pampa, Borger and Childress have growing dailies. And in today's mail is a fine anniversary supplement to our friend Deskins Wells' Wellington Leader.

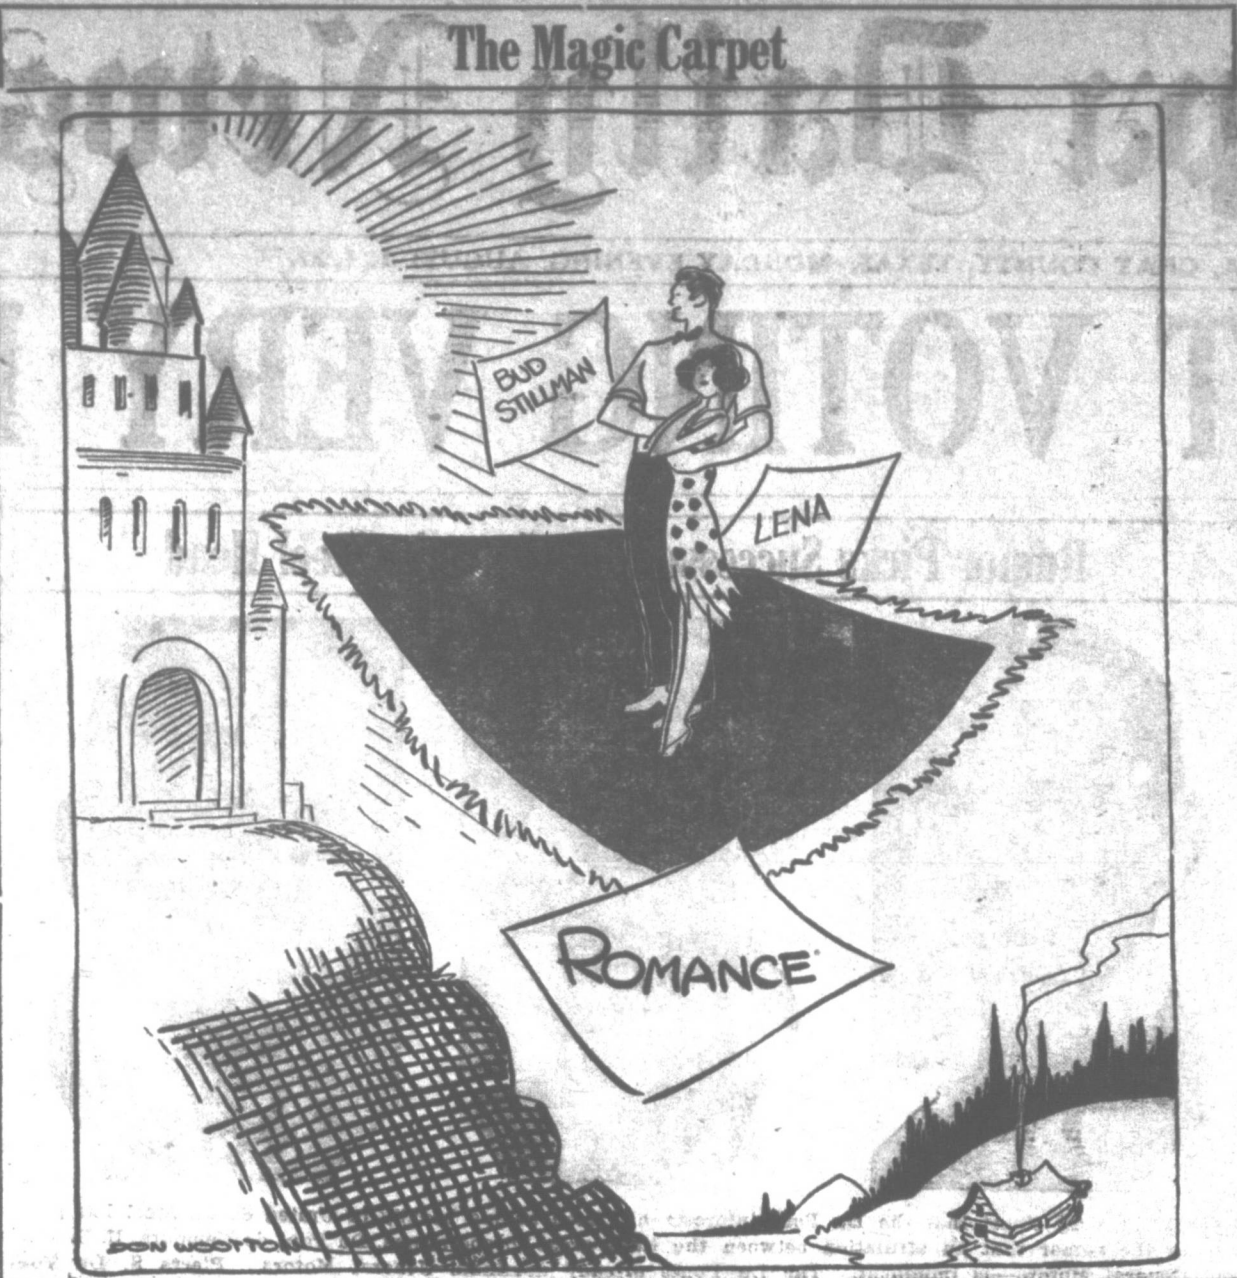

AMERICANS EARNING BIG PORTION OF WEALTH

The war created many American millionaires, and many others have accumulated their wealth in investments or speculation since that conflict.

Who are amassing the most wealth, those who live off rents, interest, royalties and other "unearned" increment, or those whose incomes are largely confined to salaries?

An analysis of income tax returns shows that nearly half of the total of \$21,894,576,403 in net income for 1925 came from personal effort.

Incomes from business, most of which perhaps should be classed with personal effort, totaled \$4,688,804,463 in 1925.

ands of employes who profit through the wide sale of stocks in corporations. Coupon clippers profited in the sum of \$3,464,624,648, and holders of \$18,000,000,000 worth of securities had the tax-exempt varieties upon which the United States treasury has no claim.

The United States is very prosperous. Only Delaware failed in 1925 to show more income than in 1916, when things were on the upward trend.

For example, the Panhandle is doubling the value of property holdings through improved site values and related business worth.

Perhaps it is for prominent contrast that the summer "white" house is to be in the "Black" Hills.—The Savannah Morning News.

While we are talking of junking our battleships China is talking of making battleships of its junks.—The Atlanta Constitution.

Many wets in this country must be shedding tears at the thought of all the champagne that Lindbergh declined to drink.—The Indianapolis Star.

A Los Angeles man has discovered the ark near Jerusalem. Better move it to the Mississippi Valley.—The San Francisco Bulletin.

Far-seeing men have long since suggested the wisdom of an Anglo-American understanding as a potent factor for world peace and international happiness.

WASHINGTON LETTER

BY RODNEY DUTCHER, NEA Service Writer.

WASHINGTON.—Regardless of any temporary bitterness engendered by disagreements at the Geneva arms limitation conference, it is more than possible that the ultimate outcome will be an understanding between the English-speaking peoples which will head off a new and unprecedented race for naval supremacy.

At any rate, there are many persons in the United States and Great Britain who are bright enough to suspect that such a solution would be more desirable than a building contest involving frightful expense and perhaps eventually terminating in war.

If the Geneva meeting fails and causes an Anglo-American rift, the need for agreement will be all the greater. There is good reason to suppose that a program which would establish the two nations on a basis of friendship and co-operation would not be frowned upon by this government.

It is rather to be assumed that the people of this country and of the British Empire would welcome an agreement designed to eliminate the possibility of war between the world's two greatest powers. Such a war is often declared "unthinkable," but history reveals that power moves westward along with civilization and that up to the present time war has accompanied the process.

Now, with the demonstration at Geneva that from a purely strategic standpoint based on geographical limitations and dissimilarities of interest the United States and Britain find it hard to agree on standardized shapes and sizes for their respective navies, the world echoes more than ever before with pleas for measures of safety such as some once felt would be achieved through the League of Nations.

Ambassador Houghton apparently had an Anglo-American agreement in mind recently when he proposed, without mentioning names, reciprocal pledges in which contracting nations should agree not to attack each other for 100 years.

He tied up this suggestion with a plan to limit wars to those declared by popular vote.

your rooting machinery for the Harvesters? Art and machinery do not mix very well, but it does seem as if very modulated speakers would be better than yelling on the stage to reach the back seat.

Our sponge squad is getting so adept at liquor finding that it might try wiping up a few muddy spots after these rains. But perhaps the sponge does not react to water.

Sometimes it looks like these days people will starve for a bad cause rather than a good one. Much advice is given to young people contemplating marriage, but unfortunately many of them get married without any contemplating.—The Muncie Morning Star.

Fortunate we are that we don't have to read the names of the 100,000 Chinese disaster victims; or 100, for that matter. Mt. Vesuvius may not be a good pleasure resort, but if it is the Chamber of Commerce over there probably pokes up the fire when interest runs low. August 1; better enjoy your vacation well, you school lads and lassies. And the pigskin will be flying soon. How's

Hospital Notes

Sam Sullivan underwent an operation at Pampa hospital this morning, and is doing nicely.
 Little Pauline Leverett of Magic City is in the local hospital with typhoid fever.
 Rev. James Todd, pastor of the Christian church, entered the hospital today and will be operated on tomorrow morning.
 M. A. Turner, secretary of the Pampa hospital, who has been ill for the past few days is able to be at his desk again.

Eight Pairs Of Sisters Enrolled At Teachers College

CANYON, Aug. 1.—Cousins Hall one of the girls' dormitories of the West Texas State Teachers College, boasts eight pairs of sisters during the present summer term. Among them are Misses Tennessee and Fannie Malone. Miss Tennessee Malone is librarian of the College and matron on the third floor at Cousins. Miss Fannie Malone was here last summer and taught Spanish in the College. She is back visiting this summer.

Other pairs of sisters are: Misses Willie Mae and Carlisle Card, both of whom are teachers in the Denver Avenue school, Fort Worth; Ruth and Letha Handley of Childress; Madge and Agnes Childre of Hereford; Ruby and Orville McCasland from Wheeler; Getrude and Phyllis Short of DeLeon are here for the second summer; Ouida and Mary Kate Campbell, of Merkel; and Jennie and Ines Osborne of White Deer. Miss Carlisle Card and Miss Agnes Childre will receive degrees this summer.

Mr. and Mrs. Nat Wilks and daughter, Evangeline, of Denton, and Mrs. Ethel West and daughter of Wellington were guests of W. A. Taylor and family several days last week. They visited Borger, Panhandle and other nearby towns.

SOCIAL NEWS
 By MRS. J. M. SMITH, Jr. PHONE 72

MY WORK
 Let me but do my work from day to day,
 In field or forest, desk or loofh,
 In roaring market place or tranquil room;
 Let me but find it in my heart to say,
 When vagrant wishes beckon me astray:
 This is my work, my blessing, not my doom;
 Of all who live, and the one by whom
 This work can best be done in my own way.
 To suit my spirit and to prove my powers.
 Then shall I cheerfully greet the laboring hours,
 And cheerful turn when the long shadows fall
 At eventide to play and love and rest,
 Because I know for me my work is best.—Henry Van Dyke.

Japanese Daughters Ask Property Rights

(By The Associated Press.)
 TOKYO —The Women's Suffrage League of Japan, while not expecting that the ballot will be granted to women in the near future, is waging a campaign for their equal recognition under the laws of the Empire.
 Heretofore the eldest son has been the legal successor to estates and women do not succeed to property.
 The government has under consideration a law which will permit all the sons of a man to succeed to estates in fixed ratio. The suffrage league has petitioned for an amendment of the law which will permit daughters to succeed to estates the same as sons.

Woman Originates New School Study

(By The Associated Press.)
 VIRGINIA, Minn.—A high school course in photography, originated eight years ago as an experiment by Miss Gertrude Mann, has proven so successful that nearly 100 pupils annually take the work.
 Virginia vocational high school is the only public school in the country where such a subject is taught, asserts Miss Mann.
 The aim of the department is to train children for business and to give a means for art expression to those so gifted.
 Here in the iron range mining country, with its large foreign population, photography in the class room has a special appeal. The camera picture often travels to relatives over the seas, carrying stories that could not be told in a letter.
 Miss Mann has won medals for her photographic work exhibited at Vienna, Budapest and Turin.

Paris Society Women Have Big Shoe Bills

(By The Associated Press.)
 PARIS —The vogue of hand-made specially designed shoes is costing Paris society dearly. The made-to-order shoes, in which half a dozen exclusive boot-makers specialize, average about \$25 a pair, though some of them run much higher.
 According to a shoe fashion news service published here, a certain French princess pays \$4,000 a year for her shoes. She is supposed to have ordered 30 pair of special design for the Deauville season alone.

Old Scout's Relics Left To University

(By The Associated Press.)
 FAYETTEVILLE, Ark. — Nine years after his death, the University of Arkansas has just learned it is to receive the valuable collection of Indian relics of Captain Carlos L. Von Berg, famous government scout.
 When Von Berg died in 1918, he left most of his property to his wife and also specified his collection was to remain in her possession until her death. For this reason contents of the paper were not made public, but recently the executor decided to file the will.
 Among the autographed pictures of notables is one of Theodore Roosevelt, still resting where the "Old Scout" placed it among those of Indian chieftains.

Despite Cost, Motors Increase In Japan

(By The Associated Press.)
 TOKYO — Taxes on motor cars and the high cost of gasoline apparently have had little effect on the importation of automobiles in Japan.
 Government figures show that approximately 50,000 motor vehicles are in use in this country, of which Tokyo possesses 12,500. In 1912 there were only about 500 motor cars in the empire, the increase during the past 15 years having been about 30 or 40 per cent per year.

Mrs. Griffin Honors Amarillo Visitors

Mrs. Bradford Griffin was hostess to a few friends with a morning bridge party Saturday at her home in East Pampa, honoring Mrs. Robert Wilson of Amarillo.
 Mrs. W. L. Woodward won high score prize and Mrs. Marion Howard consolation. Mrs. Wilson was presented the guest prize.
 Orange punch was served during the games, and later an enjoyable salad course was served to Mrs. J. M. Dodson, Mrs. C. T. Hunkapillar, Mrs. W. L. Woodward, Mrs. Marion Howard, Mrs. M. C. Carlock, Mrs. G. Walters, and the honoree, Mrs. Robert Wilson.

Bert Chapman of Little Rock, Ark., was the week-end guest of Dr. and Mrs. W. Purviance and family.

Mr. and Mrs. Charles Thomas and children and Elbert Thomas returned Sunday from a vacation trip to Medicine Park, Okla.

Mr. and Mrs. Sid Stone and children returned to their home in Amarillo Monday after spending a few days with Mr. and Mrs. Will Stone and family.

Miss Marie Lowe of Tahoka is the guest of Mrs. Weldon Wilson of this city. Miss Lowe is a former teacher of the local schools, and has many friends in Pampa.

Otis Talkington of Dallas, is visiting his brother, D. B. Talkington, and wife of this city.

Bob Rose left Sunday for Lubbock where he was called by the death of his father, J. B. Rose. Mr. Rose visited his sons in Pampa a short time ago, and has many friends here who will regret to learn of his death.

Miss Mary Jo Harman departed Monday for a vacation trip to Colorado, New Mexico, and other points.

Miss Lillian Newton left Sunday for Eric, Okla., to visit relatives. Miss Newton is associated with Mitchell's store.

W. Thorpe, Miss Rose Blunt and Marvin C. Smith of Panhandle were guests of Mrs. Frankie Shugart, Sunday.

Mrs. C. M. Stone of Amarillo is visiting her son Will Stone and family.

W. L. Woodward left Saturday for Stamford on business.

Mr. and Mrs. C. C. Cook and children returned Saturday evening from an outing trip to Colo.

Mr. and Mrs. A. H. Doucette and children, Mr. and Mrs. L. C. McMurry and son, Mr. and Mrs. Joe M. Smith and daughter, A. B. Doucette, Mrs. Emma LeFors, and J. M. Smith, Sr., enjoyed an outing at Palisades and Harding's ranch Sunday.

Mrs. Maude Hall and her aunt, Mrs. R. L. Stubbs, left Monday for Springfield, Ill. Mrs. Hall will teach in Illinois this winter.

Miss Eloise Van Kirk returned Sunday from a visit with relatives and friends at Mountain View, Okla.

Holy Mackerel!

Here's what you might call a fish! This 157-pound tarpon, 6 feet 11 inches long, was landed inside the city limits of Tampa, Fla. "Lady" Solomon, Tampa sportsman, is shown with his catch, said to be the biggest fish caught in Florida this year.

Recent Good Will Tour Not First One From Texas

(By The Associated Press.)
 AUSTIN, Aug. 1.—A "good will" tour of the North 29 years ago by Governor Charles A. Culberson, his military staff, two former governors, the official military staff, and others well known in Texas at that time is recalled here by William F. Wolf, of Austin, one of the party, apropos of the recent Northern-Eastern tour led by Governor Dan Moody.
 The party went to the Omaha, Neb., exposition on a special train of two Pullmans, two baggage cars, and two dining cars, and the private cars of Col. Polk, division superintendent of the Santa Fe at Galveston and Col. Quinlan, division superintendent of the Southern Pacific at Houston.
 Governor Culberson was accompanied by Former Governors Hubbard and Lubbock, all now dead.
 "We had champagne and beer and other pre-Volstead drinks on the train, and our food cost us nothing," Wolf said.
 The train moved from Austin to Fort Worth by the way of Giddings over the Rock Island to Omaha. Stops were made at Fort Worth, Wellington, McFarland, Kans., and Lincoln. Governor Culberson making speeches from the rear platform at most of the halts. Brass bands and demon-

strations greeted the party en route and on arrival.

Among those still living who made the trip are Col. R. W. Finley, director of the Austin National Bank, former state comptroller; Judge R. B. Batts, Austin, former federal judge for the western district of Texas; Col. S. E. Moss, Dallas, member of the city commission; Frank Bushick, San Antonio city official and Bob Culberson, Houston business man, brother of the late former governor.

Members of the party now deceased include Dr. Worsham, former superintendent of the insane asylum here; Col. William Greene Sterrett, prominent Texas newspaperman; Frank Wozencraft, then adjutant general of Texas, and father of Former Mayor Frank W. Wozencraft, then adjutant general of Texas, and Judge James Robertson, law partner of the late Governor James Stephen Hogg; Col. Frank Knight of the Southwestern Telephone company, and Col. George Pendexter of Austin.

Cows in good condition and producing less than one pound of butterfat daily will usually not require grain if the pasture is good.

The MAYTAG is Easily Adjusted to Your Height

Deferred Payments You'll Never Miss

For homes without electricity, the Maytag is available with in-built gasoline motor.

THROUGH adjustable legs the Maytag is easily raised or lowered to suit your height. This is but one of many Maytag features that makes washday easier and more comfortable.

The Maytag washes big tubfuls in 3 to 7 minutes—washed collars, cuffs and neckbands without hand-rubbing—washes the finest lingerie as gently as by hand—washes grimy play-clothes and greasy work-clothes clean as new in 10 minutes.

The Maytag won World Leadership in less than 600 days through its easier, faster, cleaner washing. It is the washer that has changed the long tiring washday into the short and easy "Maytag wash-hour" in hundreds of thousands of homes.

PHONE-99

Use a Maytag next washday. Do a whole washing in your own home without obligation or expense. Then you will appreciate the Maytag's unusual features—learn its real helpfulness on washday. Remember, if the Maytag doesn't sell itself, don't keep it.
