PAMPA, GRAY COUNTY, TEXAS, FRIDAY EVENING, JULY 22, 1927.

PRICE FIVE CENTS.

FIGHT RECEIPTS OVER MILLION

Gray County Premium and Gravity Schedule Posted

HIGH QUALITY OF LOCAL OIL IS BIG FACTOR

Freedom from Sulphur Important For Lubrication

DEMAND MORE THAN SUPPLY

Seminole Flood Looks Even Larger Than Expected

Paralleling the recent crude oil price hike in the Smackover field of Arkansas, the high grade Gray county product now commands a 10-cent premium and buyers are anxious to obtain it.

A gravity schedule, ranging from 30 cents to \$1.12 a barrel, prevails for Gray county. The Toronto Pipeline company, a Wichita Falls firm, has advised buyers in this area that the premium will be paid henceforth. The gravity schedule is as follows:

28-29.9	80	37-37.9	.98
29-29.9	82	38-38.9	1.00
30-30.9	84	39-39.9	1.02
31-31.9	86	40-40.9	1.04
32-32.9	88	41-41.9	1.06
33-33.9	90	42-42.9	1.08
34-34.9	92	43-43.9	1.00
35-35.9	94	44 and up	1.12
36-36.9	96		

It is said the demand for Gray county crude is greater than the supply. The oil is free from sulphur and other chemicals and is peculiarly adapted to the manufacture of lubricating oil. The production of about 9,600 barrels a day may be increased by the price offered, since it is known that there has been no attempt to reach maximum figures.

The posting of this schedule is looked upon as being of especial good fortune in the pools south of Pampa, where the most active wild-cattling of the entire Panhandle is under way. The Toronto company has a loading rack here and a gathering line in the Wilcox pool. Hutchinson and Carson county crude still sells for 95 cents a barrel, flat.

Since gravity of the Saunders extension averages about 41, the price ranges from \$1.04 to \$1.06—an appreciable advance over other county production in the Panhandle field.

This situation may be contrasted with the general production problem, much complicated by still further threats at the Seminole field. With production in Seminole looking capable of making 700,000 barrels daily, the state corporation commission of Oklahoma last night issued temporary restraining orders prohibiting operators in the area from drilling in wells in certain sections of the field. The commission will review the situation August 5 at a public hearing.

A contract to curtail production is being considered by Seminole operators, and unless it goes into effect the state may intervene.

Scout Fund Now Reaches \$1,335—Drive To Continue

Committees working on the Boy Scout fund drive have turned into committee headquarters \$1,335, which is more than half the Pampa quota.

Many supporters of the Boy Scout movement are out of the city on vacations and the drive for funds cannot be completed until they return.

The various committees are meeting and working out their part of the organization of troops in Pampa. They will be ready to commence the forming of troops soon.

Coolidge Hears Hot Words At Picnic

President Coolidge, with no warning, bumped into a little political jamboree when he attended the farmers' picnic at Ardmore, S. D. Governor Bulow is shown above tossing a few verbal bombs into the tariff and the "fixing of artificial prices for the things the farmer has to buy," while Coolidge, straw-hatted, sits listening. After the crowd had cheered Bulow, Senator Norbeck, shown to the left of Coolidge, tried to even up things with words to the effect that "the only thing worse than a Republican tariff was a Democratic one." Then Ray Magnuson (right) made sweet music on his banjo and everybody was happy again.

CAROL WISHES THRONE SEAT

Bequest of \$400,000 Stirs Ambition of Prodigal

(By The Associated Press.)

BUCHAREST, July 22.—In a single golden oak casket covered with flowers from Queen Marie and his daughter, the body of King Ferdinand rested today in the Golden Hall at Cotroceni Palace while thousands of Rumanians passed his bier to do honor to their beloved king.

The body will lie in state until Sunday, when burial will take place at the royal mausoleum at Curtea de Agres.

PARIS, July 22. (AP)—Richer by his father's bequest of \$400,000, the former Crown Prince Carol of Rumania appears to cherish the idea of mounting the throne he repeatedly renounced, judging by statements to the press in which he refers to himself as King Carol.

Meanwhile his application for permission to return to Bucharest to attend the funeral of Ferdinand has not been answered, according to his own announcement.

BERLIN, July 22.—Dispatches to Nachat Aguabe from its special correspondent at Bucharest says that a demonstration in favor of Prince Carol occurred at Pogaras. The demonstrators are said to have been dispersed by cavalry and several in the crowd are reported to have been killed.

HAMEED BUYS MUCH NEW FALL GOODS

S. F. Hameed, proprietor of the Hameed Dry Goods company, has returned from Dallas and Fort Worth where he has been buying new Fall merchandises for his store here. Mr. Hameed says that he is preparing for an immense business this fall after making a survey of the conditions around Pampa.

"I can't lose faith in Pampa after seeing other communities," says Mr. Hameed.

Buffalo Wallow Site Given To Historical Society, Which Will Erect Monument to Engagement

Motorists Quickly Following Pampa's Traffic Signals

Workmen are installing the new traffic signals on Cuyler street and Foster avenue today. The plates just arrived yesterday and motorists are already becoming used to the new traffic laws of Pampa.

Stop signs will be placed at all intersections of Cuyler street and Foster avenue as far as the pavement extends. These signs read "stop" on the side facing the main thoroughfares and "keep to the right" on the side driving off main streets. Officers say they are having very little trouble with motorists.

Turning signals will be placed at every intersection where there is paving and all motorists must go around these signals when driving out of a side street or when making a turn in a street. It is thought that these rules will help prevent accidents caused by cutting corners.

Mexicans Who Shot Consul Are Believed Caught

(By The Associated Press.)

VERA CRUZ, July 22.—Reports received from Puerto, Mexico state that military authorities have arrested Aurelio Calparro and Generoso Castro, believing them to have been implicated in the recent shooting of William Chapman, United States Consul at Puerto.

Chapman's condition is said to be improved.

Negro Dies on Gallows

JACKSON, Miss., July 22. (AP)—Walter Burley, negro who killed two white women here a month ago, died on the gallows today after asking the husband and brother of the victims to forgive him.

Man Held Here On Chicken Theft Charges Confesses

A man giving his name as T. C. Williams, with no residing place in particular, was brought back from Borger yesterday by officers of the sheriff's department on charges of theft and burglary. He is in the jail here.

The man was arrested in Borger yesterday morning with the fowls stolen from the farm of John McKamey the night before. Officers declared a confederate escaped. The man had a crate built between the two seats of a Ford touring car for the purpose of delivering their stolen property.

Williams is said to have admitted to officers having been in the business for the last three months, and it is thought this arrest will stop numerous chicken thefts both here and near Amarillo.

The last haul netted the men 35 choice Buff. Orpington hens weighing about seven pounds, and five pullets.

Roxana Well Is Making 335 Bbls. Through Cavings

Although standing with 100 feet of cave-in, the Roxana Petroleum Corporation's No. 3 Mrs. Phoebe Worley, in section 39, block 3, is flowing 335 barrels a day, according to the latest report received from the well.

Work of cleaning out the well commenced today and when finished a large flow is expected. The well was shot from 2,980 to 3,080 feet with 240 quarts of nitro, which caused the cave-in.

The Atlantic Oil company's No. 1 Coombs-Worley in section 39, block 3, is drilling deeper and may be shot within the next few days.

There are approximately 22,000,000 barrels of storage tankage in the Panhandle oil field. Exact figures on July 1 totaled 22,904,000 barrels, a gain of 174,000 barrels over the statistics of June 1. The big tanks held 18,199,464 barrels of oil on July 1 compared with 18,330,090 barrels on June 1.

Receipts of crude oil in June averaged 131,334 barrels a day, or a total of 4,315,158 barrels, a gain of 167,606 barrels over May's total of 4,147,552 barrels, and which averaged 123,792 barrels a day.

Deliveries of crude in June totaled 4,025,784 barrels, against 2,713,827 barrels in June, revealing a gain of 1,311,957 barrels.

On July 1 there was unfilled room left of 4,284,536 barrels, against a total of 4,399,910 barrels of unfilled storage room on June 1.

It is estimated that the pipe lines moved 7,975,000 barrels of crude, and 4,603 tank cars rolled, each car holding an average of 240 barrels, or 1,104,720 barrels, while Amarillo and Borger refineries handling around 250,000 barrels.

Indictments Are Expected As Grand Jury Probes Attack

(Special to The News.)

BORGER, July 22.—The Hutchinson county grand jury is taking testimony today in connection with the arrest yesterday of Ranger Jack De Graftenreid, who is held under \$5,000 bond on a charge of assaulting Deputy Sheriff W. H. Bates.

Indictments involving two other Rangers are expected to be returned.

The affray is said to have started over the release of W. L. Christian, city commissioner of Stinnett, by county officers. Christian was arrested by the Rangers on a charge of drunkenness.

Gertrude Gruen, 31, will be married to her employer, 58, millionaire real estate operator, in New York today.

MOVIE SHOWS DEMPSEY'S HIT FAIRLY DONE

Ringside Judge Will Report Foul To Commission

HUNDREDS AT FIGHT PARTY

Dempsey's Share Is \$252,759—Sharkey's \$206,803

(By The Associated Press.)

NEW YORK, July 22.—The motion picture operators and laboratory men who developed the official motion pictures in the Dempsey-Sharkey fight today announced that the films show the disputed blow which contributed to the Dempsey victory was apparently fair.

The pictures, later shown to newspaper men, attended by Tex Rickard, who said in his opinion the blow was a fair one, showed Sharkey wearing his trunks pulled higher than Dempsey was wearing his, which led newspaper men to assert that this fact had probably contributed much to the confusion of the witnesses of the battle.

NEW YORK, July 22. (AP)—Charles Mathison, one of the judges at the Sharkey-Dempsey fight, declared he would make the following report to the state athletic commission:

"Jack Sharkey was hit below the waist line immediately before the knockout punch, and Dempsey should have been disqualified."

Referee Jack O'Sullivan said the blow which preceded the knockout punch was a fairly delivered one.

NEW YORK, July 22. (AP)—Last night's Dempsey-Sharkey battle drew a gate of \$1,075,000 and the attendance was 32,000, according to Tex Rickard's estimate here. They are the promoter's figures.

Dempsey's share is \$252,759 and Sharkey's share \$206,803. The federal tax was \$53,750. Rickard gets \$454,188.

Many at Fight Party
More than 500 people heard the returns of the big fight last night as the blow-by-blow account was received on the Radio News Stand's big Kolster set and megaphoned by the Daily News staff. Despite terrific static discharges and a stormy evening, the results were obtained ahead of the telegraph report, which was later megaphoned to fans who wished to hear again how the fight was won.

The fight results by telegraph from the Associated Press head sports editor at the ringside in Yankee stadium, over which the Daily News has absolute control by virtue of its membership in the world's largest news gathering association, were given in courtesy to each of the local theatres.

This was the first of the fight parties which will distinguish the Pampa Daily News service to Pampa people.

Governor Fuller Visits Italians

(By The Associated Press.)

BOSTON, July 22.—Governor Fuller, in whose hands lies pardoning powers, visited the state prison today and interviewed Nicola Sacco and Bartolomeo Vanzetti under sentence of death for murder.

The governor talked to the men separately for a little more than an hour, when he left the prison he told newspaper men that he had nothing to say about the interview.

SPORT TALK

Well, one of the Jacks won, and the Jack who did was Dempsey himself. He is the first ex-champion to stage a come-back, though of course he hasn't beaten Tunney. But that should be next. Sharkey was by no means discredited. He took blows last night that the giant Firpo couldn't stand up under and he landed blows harder than Dempsey ever took before.

The largest crowd that ever gathered in front of the Pampa Daily News was out to hear the Dempsey-Sharkey fight. The first results came through a large radio supplied by the Radio News Stand, substantiated by the Associated Press telegraph report.

The Pampa Grays had their first practice with their entire tournament team last night and looked good. The veteran Buffalo Hines was on third, and filled the hot corner nicely.

The Pittsburgh Pirates dropped a double bill yesterday when the Braves went on a little rampage and the Cardinals took one away from the Giants in a hard battle.

The home-run kings were idle yesterday; that is, they didn't get any home runs.

America's mightiest ship, the Leviathan, proud bearer homeward of five trans-Atlantic aviators, yesterday took its first marine salute of the voyage on behalf of the fliers.

Thirty-eight of the 203 graduates of West Point have asked for commissions in the air service. These commissions are given only after the graduates have taken additional air training.

Texans Lose Again To Indians—Won Single Series Game

OKLAHOMA CITY, July 22.—The Indians took the last game of the four-game series with the Amarillo Texans here yesterday, making it three out of four.

Darrow, besides pitching the winning ball, knocked a home run in the sixth inning. Moore was ahead of him.

The score was 7 to 3. F. Newton of Amarillo allowed twelve hits.

The box score:

Amarillo	AB	R	H	PO	A	E
Gonzales, ss	4	0	0	1	0	0
Swanboro, 1b	5	1	1	7	0	0

Grays Are Nearly Ready for Play In Amarillo Meet

The Pampa Grays baseball team, with eyes fixed on the big money in the Amarillo tournament, are practicing every afternoon and Manager Ed Guber is well pleased. They are going through snappy fielding practices and are hitting the ball hard, especially Red Gaitner, who is rattling the boards in the left field fence every afternoon.

Behind the bat the Grays have "Hook" Shaw, who will easily cop the prize for the best catcher in the tournament. On the mound will be the ever reliable Bob Clark. Lefty Fuller has arrived from Borger and says he is all set to win games for the Grays. Allred, Breckenridge pitching ace, has been here for several days and feels great. Ketchum is due today with the kid, Powers, from Eric.

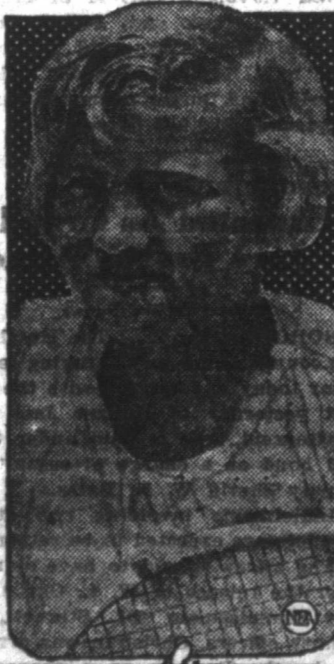

First base is well looked after by the Guber brothers, Jack and Manager Ed. Second base has the veteran Johnnie Weeks covering it in great style, while the youngest member of the team, "Babe" Ruth, is on short. Buffalo Hines steps around the hot corner like a kid and can hit anytime.

"Rusty" Cahill and Ed Guber can play any position and will be ready to step in wherever needed. The outfield is patrolled by a bunch of slugging fly chasers led by Red Gaitner. From Borger comes the heavy hitter, Narrein and his partner, McAllister. Lefty Reynolds and a couple of other promising youngsters are ready for outfield duty.

The Pampa Grays should go a long way in the Amarillo tournament, and keep Pampa on the baseball map.

Gotham Gives Shower to Byrd-men

Amid a shower of ticker tape and bits of paper, Commander R. E. Byrd and his men and Clarence A. Chamberlin rode in triumph on their return from hazardous flights across the Atlantic. New York gave the flyers a tremendous reception wherever they went, in spite of rain. Here they are, passing through crowds along lower Broadway.

Class D League Sends Up Many Class A Stars

(By The Associated Press.)

DALLAS, July 22.—Among the pitchers taking their regular turns on Texas League slabs, six were graduated a year ago from the now defunct Class D. Texas association. It is believed that this is the first time that a Class D outfit ever contributed as many as six hurlers to a Class A league in a single season. The twirlers who made the jump successfully are Gene Walker of Dallas, Walter Newman of San Antonio, Bill Shores and Earle Caldwell of Waco, and Tex Carleton and Dick Whitworth of Houston.

Last year Whitworth and Carleton hurled for Austin, Walter was with Palestine, Shores was with Mexia, Newman was with Terrell, and Caldwell was with Temple.

Walter Newman has made the most sensational record this year in the Texas league of the six former association pitchers. He has won 12 games for the Bears, and has been pitched frequently out of turn as a relief hurler. Newman joined Terrell in 1926, coming from Allen Academy of Bryan. He is just a kid and experts agree that he is one of the best major league prospects in the league.

Fifteen months ago Earle Caldwell was teaching school at Rogers, and in the summer of 1926 he decided to take a chance at professional baseball. With Temple he worked with only fair success, frequently getting his bumps. This spring he tried out with Waco, but few thought he would make the grade. By hard, conscientious work, he has developed an excellent curve ball, and pitches with coolness and confidence. He has twirled a number of spectacular games this season and he is also considered a big league prospect.

Dick Whitworth, who had a trial

with Houston back in 1921, has had a most unusual career. He first attracted attention in 1919 in a series between Taylor and Lockhart when he bested Falk of the Chicago White Sox, 5 to 0. He later joined Nick Lins' city league team in Austin, and his work there enabled him to be offered a trial with Houston. He did not make good with Houston, and came back to Austin.

Since that time he has pitched for Austin in the Texas association until this year, and always was a big winner. Last fall he was purchased by

the St. Louis Cardinals but refused to report because it would result in his losing his seniority with a railroad, for which he works in the winter months. He recently pitched one of the best games seen in the Texas league this year when he limited Wichita Falls to three hits.

Tex Carleton, who broke into professional baseball last year, did not win many games for Austin in 1926. But had all of the earmarks of a real boxman. He has done exceptional good work for Houston, and has improved as the season advanced.

Bill Shores was sold by Mexia last summer to Wichita Falls, and from that club was drafted during the winter by the Philadelphia Athletics. The Mackmen loaned him to Waco this spring. He is a big fellow with lots of stuff and is expected to make good with the Athletics in a year or two. He has been a consistent winner for Waco.

Gene Walker wis with the pennant winning Palestine team last season and one of the chief winners of the circuit. His work was rather overshadowed by the brilliance of young Leslie Cox of the University of Texas, who was sold by Palestine to the

Chicago White Sox. But Walker won many more games than Cox, and was almost as invincible during the latter part of the season. An operation for appendicitis delayed his start with Dallas this year, but now he appears to work regularly and is used as a starting pitcher.

ARTIST FINDS GIRLS OF LONDON "ARTIFICIAL"

LONDON (AP)—After an absence of some years, Professor John Phillip, German portrait painter, has returned to London and would like to put the clock back.

In an interview the professor urged London girls to throw away cigarettes, hide their knees, cease bobbing and shingling their hair. He laments that the present ways are making the "real English girl type" disappear.

Professor Phillip was full of praise for city men in tall coats and big hats. He feels that only the upperclass women look aristocratic in evening dress.

At Kona Station in Letcher County, Ky., Thomas L. Mason, 22, was married to Miss Grace Mullins, 12.

**LOCAL MAN ADVISES
ATTENTION TO TIRES**

Many motorists now realize that just putting a tire on a car and not paying any further attention to it is much the same as operating an auto without a thought for grease or oil until serious trouble develops.

According to R. C. Blackburn of the Pampa Service Station, Inc., Firestone dealers in Pampa, the best way to get the most mileage from tires is to have them looked over regularly and frequently.

Like the old adage about a stitch in time, a little care will often prevent serious loss of tire mileage.

The treads should be inspected for cuts and bruises and any small repairs needed should be made promptly.

It is important to have the wheels aligned and the proper air pressure maintained, if the motorist is to get all the service he is entitled to from his tires.

Always use valve caps. Screw each one down tightly by hand. This will prevent air leakage and underinflation difficulties.

A reward of \$500 has been offered for the return of Douglas Fairbanks Holmes, 6-year-old son of an electrical appliance dealer in Elk Rapids Mich.

Prof. Earl Stanley Alden, a direct descendant of John and Priscilla Alden and a well-known book-reviewer, was drowned at North Pomnal, Vt.

OUT OUR WAY

—By Williams

SAY COOKY, IF YOU'D PUNCH A HOLE IN TH' SHELL O' THESE - A UH - BISCUITS - WE COULD DRINK 'EM EASIER. OR IS THESE CREAM PUFFS?

I'M AGOIN' T' BUST MY UPPER PLATE WITH 'EM. I'M MUNCHIN' AWAY ON A MOUTHFUL O' PEBBLES AN' ALL OF A SUDDIN' I COME ONTO A BEAN - AN' OOH!

EXCUSE ME BOYS, FER BEIN' SO FUSSY - BUT I LIKE MY MEAT COOKED A LITTLE.

DOUGH BALLS WITH A SHELLON, RARE AN' WHISKERED PORK, POTATERS WITH TH' HIDES ON 'EM, BEANS TH' BEND A FORK.

THEY SAY THER'S ART IN COOKIN' EVERY MEAL THER SKILL INCREASES, BUT ALL TH' ART WE EVER GIT UN FINISHED MASTERPIECES.

CHURCHES

Methodist Church
A great program has been arranged at the Methodist church for next Sunday. The twelve-piece orchestra under the direction of Prof. Schick will be present to render several selections. Special singing will be enjoyed at the morning hour. No better music could be heard in any city. Mrs. Jones will be with us, and will sing at the 11 o'clock service. The pastor will speak at both hours Sunday.

The morning theme will be "What Then Will You Do With Jesus?" It is still being asked. What is Pampa, Texas going to do with His teachings, with His life, with His church? Every Christian is invited to be present. Every member of the Methodist church is urged to be present and should be. What are we Methodists going to do with Christ?

Sunday night the subject will be "How the World Is to Be Saved?" By laws and the making of new laws? by education, reformation, or political changes? Hear the answer Sunday night at the Methodist church.

Do you want rest, strength, a cure for care, help to carry the load, something worth while to think about and live for?

Come and join in the songs and worship at the Methodist church Sunday morning and night. You will carry a song away.

TOM W. BRABHAM, Pastor.

Presbyterian Church

Location: At the northwest corner of the high school campus. The services for Sunday will be conducted by the Rev. D. D. McSkimming.

Sunday school is held at 10 a. m. and preaching at 11 a. m. and 8:30 p. m. The morning theme is "Compelling Power" and for the evening, "Life's Trials."

At the evening hour the orchestra conducted by Prof. Otto Schick will have charge of the following program:

Prelude, by the orchestra.
Hymn, "Day is Dawning in the West."
Scripture reading, responsively.
Hymn, "Savior Like a Shepherd Lead Us."
Offertory, "Eleanor," by the orchestra.

"Bowls of Pansies," by the orchestra.
Benediction, the Rev. D. D. McSkimming.

A cordial welcome awaits you.

REVIVAL MEETING TO BE HELD BY METHODISTS HERE

A revival meeting, to begin on the third Sunday in August, has been announced by the Rev. Tom W. Brabham, pastor of the First Methodist church.

Rev. Brabham will be assisted by the male quartet from the Moody Bible Institute of Chicago. This is one of the best known quartets and is much sought for religious services.

FIRST BAPTIST CHURCH

Notwithstanding the hot weather, we had a large attendance at the First Baptist church Sunday morning and evening, there were 215 on time

FEATURES FROM OTHER LANDS

NEW LONDON STREET TO COST \$20,000,000
LONDON (AP)—A stretch of road through the heart of London to the dock district is to be built at a cost of \$20,000,000.

The new road will be known as the Victoria Dockroad. It will be carried for a considerable distance on arches, thus doing away with traffic delay now caused by swing bridges and grade crossings. Nearly 700 houses must be torn down to make way for the road. The Government will pay 75 per cent of the cost, and the London County Council 25 per cent.

QUEEN WILL DISPENSE WITH MAIDS OF HONOR

LONDON (AP)—The ancient position of Maids of Honor to the Queen will soon be abolished.

When Miss Ursula Lawley, daughter of Sir Arthur Lawley, marries Colonel George Gibbs, Treasurer of the King's household, in a few weeks, the Queen will allow the appointment to lapse, it is understood. Miss Lawley is the last Maid of Honor.

During the last few years the Queen has allowed the number of Maids of Honor to decline from eight, the number in the days of Queen Victoria, to one. As vacancies have arisen she has not made new appointments.

MURAL HISTORY SHOWN IN WESTMINSTER HALL

LONDON (AP)—A mural history of England, on the walls of Westminster Hall, painted in spaces left when the new Houses of Parliament were built in 1834, has been unveiled by Prime Minister Baldwin.

The history is in eight panels which have occupied artists for three years.

Each painting was paid for by a Peer. The Duke of Devonshire, Viscount Devonport, Viscount Burnham, the Duke of Portland, Viscount Fitzalan of Derwent, the Earl of Derby, the Duke of Bedford and Viscount Younger of Leckie contributed.

The panels show the following scenes: King Alfred's long-ships attack supply vessels of the Danish invaders in Swanage Bay, 887; King Richard I leaves England with an expeditionary force to join the Crusade in Palestine, 1189; English people reading aloud Wycliffe's English version of the Bible; Sir Thomas

in the Sunday school. Several came in late. Our aim Sunday is 400 on time.

We have made arrangements for another building that will accommodate two large Sunday school classes, and if you are not in Sunday school somewhere we invite you to come with us, and we will do thee good. We have a class for every age, and a good teacher for every class. There were six additions to the church last Sunday.

Sunday school, 9:45 a. m.
Sermon, 11 a. m.
Subject, Salvation is of the Lord. B. Y. P. U.'s, 7:15 p. m.
Sermon, 8:15 p. m.
Subject, Going Deeper with God. Baptismal service following the sermon Sunday evening.

D. H. TRUITTE, Pastor.

More, as speaker of the Commons, refusing to grant King Henry VIII a subsidy without due debate, 1523; Queen Elizabeth commissions Sir Walter Raleigh to sail for America and discover new countries, 1584; Sir Thomas Roe at Court of Ajmir laying foundation of British influence in India, 1614; and English and Scottish commissioners presenting to Queen Anne at St. James Palace the articles of agreement for the union of the two countries, 1707.

LONDON TYPIST GOES HOME BY WAY OF WALES

LONDON (AP)—A girl employed in London and living at Ealing, a London suburb, went home recently by way of Wales, a journey of 500 miles.

She boarded the wrong train at Paddington station, London, which unfortunately was a non-stop train going to Criccieth, Wales. The train conductor decided he could not stop the train for one passenger. He threw out a message at High Wycombe, and the girl's parents were notified as to her whereabouts. She reached her home the next day.

SOHO IS CENTER FOR COMMERCIAL "ANTIQUES"

LONDON (AP)—There is a new industry making "big money" in Soho which is London's Latin quarter. Its business is to make "old" things out of new, and sell them to American visitors.

From the shipping department of the Soho firm issue "antique" copper warming pans, door-knockers, toasting forks, jardiniere, fire dogs, brass kettles, tea-trays, tea sets, wine-coolers, salvers and fish-heaters. They are distributed to certain tea-shops which resell them to tourists.

Scott Barcus and M. A. Turner were dinner guests of Rev. and Mrs. James Todd, Jr., Thursday evening.

Poor Wheat Yields, Reflected In Harvest Completion, Are Not To Affect Fall Plowing and Planting

Old T-Anchor Ranch Headquarters Being Improved At Canyon

CANYON, July 22.—The dairy barn of the West Texas State Teachers College department of agriculture is being moved today to the T-Anchor headquarters which were recently purchased by the state for the use of the college.

This is one of the largest barns in this part of the state. It is being carried across the campus whole, a special bridge having been built for moving it. This is considered one of the greatest feats of house moving in this section.

The dairy barn will be in the center of improvements to be begun on the T-anchor.

From 200 to 500 chickens and quite a number of brood sows will be kept on this college farm.

Auto Polo Called Game of Thrills

Auto polo, that thrilling, dangerous and enticing game, will be seen in Pampa for the first time tomorrow and Sunday afternoons at the Pampa baseball park. The games will commence at 3:30 o'clock each afternoon. The teams are playing under the auspices of the Pampa Grays baseball club and proceeds are to go to the fund for entering the Grays in the Amarillo tournament.

Eight Ford cars fully equipped arrived in the city yesterday and the drivers will arrive tomorrow to get them tuned up for the afternoon's game. A representative from California will be here to sign up the team to play on the Pacific coast.

Auto polo is one of the most dangerous but interesting games played today. To prove the statement, pictures of the game played in Berger may be seen in the Pampa Daily News office window. The player are veterans at the game and are in it for the thrills as well as the glory of winning.

All roads will lead to the baseball park tomorrow and Sunday afternoons to see the auto polo games by the same teams that thrilled thousands in Amarillo July 4.

C. of C. Chooses 3 New Directors

Three new directors were elected to the board of the Chamber of Commerce yesterday afternoon at a called meeting to fill the vacancies made by members moving to other cities.

Those elected to fill the vacancies are J. H. Lavender, B. E. Finley, and W. A. Bratton, and they will take up their duties immediately.

A proposition was heard by the directors to make a city directory. It was considered that a city size of Pampa should have a directory. But until such a time as the streets are named and the houses numbered it is thought not wise to commence.

City Engineer A. H. Doucette has the matter of numbering the houses under consideration, and some action likely will be taken in the near future.

William Goodwin, 32, one of the youngest soldiers in the Union army from Illinois during the Civil war was buried at Makand, Ill., recently.

(By The Associated Press.)
DALLAS, July 22.—Wheat harvesting in Texas and Oklahoma was practically completed by July 15, with the yield in Oklahoma falling short, R. C. Andrews, district manager of the American Railway association, here announced today in his report of grain conditions in the southwest territory of the first half of July.

A decided decline in wheat received and exported at Galveston and Houston in comparison with the same period in 1926 was noted in the report.

"Harvesting operations have been practically concluded in Texas and Oklahoma and are being followed closely with plowing in preparation for fall seeding," Mr. Andrews reported. "The poor outturn this year in those sections of Texas and Oklahoma where moisture was greatly deficient will have no discouraging effect on fall planting and if anything there will be greater acreage and more careful soil planting preparations than last year.

"Yields in Oklahoma have caused still further disappointment and the total production for the state is not expected to exceed 3 million bushels. The Texas yield will be close to 18 million bushels as forecast. The New Mexico production, as a result of drought conditions, is estimated at 150,000 bushels, compared to five million bushels last year. The government's latest estimate gives Kansas' yield 123,339,000 bushels; Nebraska, 74,740,000 and Colorado 19,665,000. The total United States winter wheat crop is estimated at 579,416,000 bushels, as compared with 626,929,000 bushels last year."

An increase of about 69,000,000 bushels is estimated for the spring crops, according to the report, and 20 foreign countries of the northern hemisphere report a slight decrease in acreage.

"Exports during the first half of July through Gulf ports did not come up to expectations but a greater volume is expected during the last half," the report said. "Farmers and dealers continue to refuse foreign bids at prices offered, although these have been at substantial premiums over market quotations.

Boats are plentiful and ocean rates are at extremely low levels. "The corn crop in Texas points to a production closely approximating that of last year. Oklahoma about 20 per cent less, Arkansas 30 per cent less, Louisiana 15 per cent less and the total United States production, 15 per cent less than a year ago.

"The United States oat production is estimated to be about seven per cent less than the production of 1926."

While helping to hitch a team of horses to a wagon yesterday, Mrs. Ed Cannon, 35, farm woman of Logansport, Ind., lost one half of her right ear when they became frightened and one of them bit her.
