LINDBERGH IS ABLE TO HAVE LITTLE SLEEP

But Continues Rounds Of Receptions And Parties

FLIES TO GET HIS AIRPLANE

Trip To Washington Requires Only 5 Hours

(By The Associated Press.)

MITCHELL FIELD, N. Y., June 16. — Colonel Charles Lindbergh, who flew to Washington for his Spirit of St. Louis in the wee small hours of the morning, returned here at 8 o'clock this morning.

One round trip was made in less than five hours. He hopped off from here in a borrowed army pursuit plane.

The flight again demonstrated the amazing ability of the flier to do without sleep. He had slept until noon yesterday, but from then on the day was one continual whirl of luncheons, receptions, theatre parties and similar events.

Today he planned to take a short nap before beginning another crowded program of activities.

Prospective Baptist Pastor Here, And Will Speak Sunday

The Rev. and Mrs. D. H. Truhitte of Oilton, Okla., are in the city today in regard to the call to the pulpit of the First Baptist church.

Rev. Truhitte met with a large number of members of the church last night. He has not accepted the call, but will meet soon with the board of deacons to discuss details.

The Oklahoma man today expressed the opinion that he will accept the local pastorate, pointing out that he held a meeting here a few weeks ago, became acquainted with local people and learned of local needs and opportunities.

He also expressed satisfaction that Panhandle Baptists are cooperating in denominational work, and have well defined programs.

Rev. Truhitte will preach at the local church next Sunday.

Pampa Mutual Life Association Formed By Local Citizens

The Pampa Mutual Life association has been organized here, with W. A. Taylor as president.

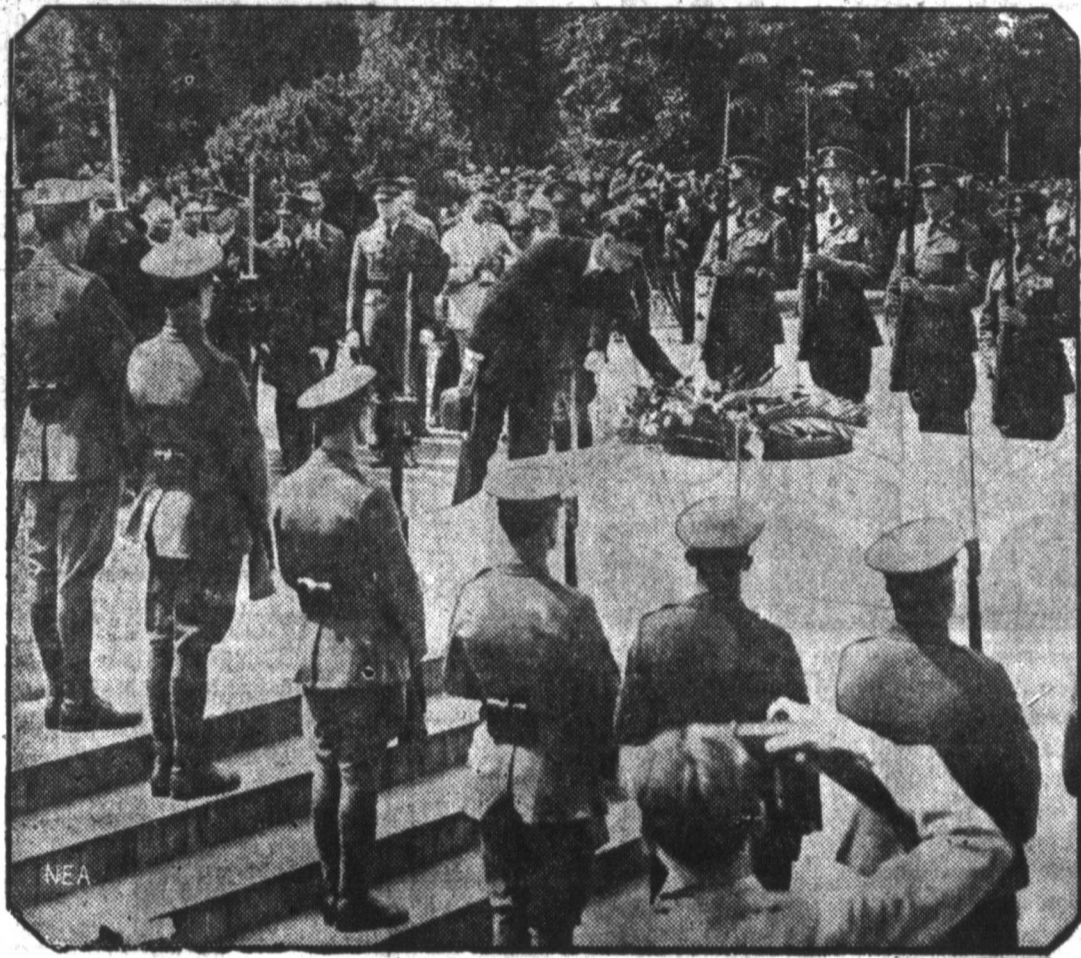

Other officers are: vice-president, E. S. Graves; D. C. Moore, secretary-treasurer; and W. M. Moore, assistant secretary. Directors are DeLea Vicars, S. L. Anderson and C. McKnight.

The constitution and by-laws conform to the state laws of Texas governing local mutual associations. Bond has been arranged to cover all monies to be deposited.

According to D. C. Moore, the secretary, all deposits, as far as possible, will be kept in local banks. He believes the organization will quickly become a community asset. It is locally financed and controlled, and intended to enable neighbors to help each other through cooperation. Low membership fees and death claims are features of the plan.

LUBBOCK (AP)—Posing as an officer, a man here did a land office business preying upon petting parties, until the sheriff framed a petting party. Couples have been asked to identify the prisoner.

HERO PAYS HOMAGE TO A HERO

Charles Lindbergh, youthful idol of the nation, paid his own tribute to the symbol that stands for America's reverence for its wartime heroes when he laid a wreath on the tomb of the Unknown Soldier at Arlington the day after he landed in Washington. Soldiers stood at present arms as the young flyer bent before the tomb.

Councilmen And C. of C. Directors Discuss Bond Issue

The coming bond election for the extension of water and sewer mains and refunding outstanding warrants was the chief topic discussed at the get-together luncheon of the directors of the Chamber of Commerce and members of the city council last night at the new Schneider hotel.

All present were highly in favor of the issue.

Each member of the two bodies present gave a short talk and the two departments will work together for the improvement of the city. C. C. Cook, president of the Chamber of Commerce, was chairman.

Man Kills His Mother-in-Law And Shoots Self

(By The Associated Press.)

HENDERSON, June 16.—After shooting and fatally wounding Mrs. James English, his mother-in-law, George Everett, 30 years old, a farmer living near here, turned a rifle upon himself, ending his own life.

Everett, according to W. C. McMurray, sheriff of Rusk county, went to the English home where Mrs. Everett and their child were. A quarrel began and Mrs. Everett suddenly left the room. Everett, according to the sheriff, fired upon Mrs. English and turned to overtake his wife and child. Falling in this, he turned the rifle upon himself.

The body of Mrs. English is being held at Henderson, and Everett's body has been taken to Longview for burial.

MORE DANGEROUS

DALLAS (AP)—A Dallas woman hurled a broken sugar bowl out of the window. A few minutes later her husband was being treated in the emergency hospital for severe cuts about the head. He now declares remaining at home is more dangerous than hopping on and off freight cars. He is a brakeman.

Rain Falls North And West of City

Enough rain fell north and west of Pampa early this morning to make wheat cutting impossible today. Several combines were ready to commence cutting this morning but will be held up for a day.

Roxana reported a heavy rain out of a clear sky early this morning. The rain was just in those sections and did not extend more than 10 miles in either direction.

Pampa Lions Hear Three Addresses

Addresses by the Rev. James Todd Jr., Mrs. Cora Burberry of Amarillo and Curtis Douglas, district attorney, were on the program of the Lions club at the Adams coffee shop today.

Rev. Todd spoke on world fellowship, pointing out how the United States, through allowing China to devote the Boxer uprising indemnity to sending Chinese students to this country, built good will which will always be of much value.

Mrs. Burberry's subject was "Food," which she said determines success or failure of many individuals. Proper food, she emphasized, gives health and an optimistic spirit.

Mrs. Burberry often sings over W.D.A.G. at the Globe-News hour, and will do so again Saturday night.

Mr. Douglas spoke particularly of the task of the prosecuting attorney in selecting and impressing juries. A vigorous, vindictive attorney, efficient officers and capable judge cannot get results, he pointed out, without the help of intelligent juries.

The Rev. Tom Brabham, new pastor of the Methodist church, was a visitor.

The piano playing of Lion Bob Perry enlivened the meeting.

PRESIDENT NOW AT NEW HOME

Will Live In Hills Of South Dakota Two Months

(By The Associated Press.)

RAPID CITY, S. D., June 16.—Far from centers of population, President Coolidge turned to new life today in the Black Hills of South Dakota, where pine covered mountains full of wild, game almost hedged him from the outside world.

In the center of 36-square miles of forest he has set up his summer White House in the state game lodge, where for the next two months he will live in the region skirting the great farming regions of the northwest.

The president rested today from his two-day journey from Washington and acclimated himself to his new surroundings. He first tried his luck in a mountain stream filled with trout and was equipped with hip boots, rod and reel.

Huge Gasser Is Tamed In Wheeler County Today

Approximately 210,000,000 feet of gas broke loose yesterday in the Watchorn Oil and Refining company No. 1 Sheldon, in section 19, block 24, Wheeler county, but this morning was reported to have been again shut off. This gasser is one of the largest in the Panhandle.

The first gas was reached at 1,893 feet, and it increased to 50,000,000 at 1,952 feet. The maximum flow was at 2,007 feet. The company successfully shut off this flow and commenced drilling, but the break-out came at 2,050 feet.

The Riley-Heck No. 1 Mrs. J. M. Hopkins, in section 66, block B2, has ceased to flow since the shot was used to loosen the old casing, and the company is setting more casing and drilling near by. The oil, which went over the top of the derrick, is believed to have come from below the old casing and to have been forced out by the shot.

Soviet Tribunal Sentences Citizen Of Russia To Death

MOSCOW, June 16.—The military and naval tribunal at Kronstadt has sentenced to death Commander Kelpkoff, who formerly commanded a ship in the Baltic fleet, on charges of espionage for Great Britain.

Miss Melite Bird Ritchie spent Tuesday in Borger.

Rev. Brabham Takes Boys On Outing

Eighteen boys of the Methodist church, all of Boy Scout age, are with the Rev. Tom W. Brabham for the night on a camping trip to LeFors.

Rev. Brabham had a fine troop of Boy Scouts at Cross Plains before coming here recently, and is much interested in boys' work.

Fur Strikers Are Arrested Enmasse

(By The Associated Press.)

NEW YORK, June 16.—For the third consecutive day, police today made mass arrests of the left wing of the fur strikers, taking 103 men and women into custody for congregating on the streets of the fur district.

More than 200 arrests were made Tuesday and Wednesday.

Bankers Return From Meeting Of Eleventh District

B. E. Finley and DeLea Vicars of the First National bank and J. M. Dodson of the Gray County State bank have returned from Dallas, where they attended a membership meeting of the Federal Reserve banks, of which the two Pampa institutions are members.

At the meeting 520 banks were represented out of the 832 members in the eleventh district, which includes all of Texas and parts of Louisiana, Oklahoma, New Mexico and Arizona. This is the first meeting of this district and it was decided to make it an annual affair. There are just three districts in the country which meet annually.

The reserve funds in the eleventh district amount to about \$60,000,000.

Cars Damaged In Crash Here

None was injured when a Buick sedan and the Vogue Tailor shop delivery truck crashed at the corner of Foster avenue and West street yesterday evening about 6:30 o'clock.

The truck was being driven east on Foster avenue when the sedan, driven by a woman, turned off West street, east upon Foster avenue.

The Buick was not badly damaged, but the delivery wagon had both front wheels broken, front axle bent, right front side crushed in, and the lights and windshield broken.

Douglas Fairbanks Jr. Is Reported Engaged

LOS ANGELES, June 16.—The Examiner today announced the engagement of Douglas Fairbanks Jr., to Helene Costello.

Helene Costello is a star with the Warner Brothers Production company and sister of Dolores Costello, also a star with the same company. Douglas Fairbanks Jr. has played with Miss Costello in Warner Brothers pictures.

ROME, June 16.—Commander De Pinedo, Italian aviator, arrived in Oatis on the coast near Rome today, completing his sensational four-continent flight and was greeted by an immense crowd and officially welcomed by Premier Mussolini.

FARM GIRLS PREFER WORK IN PROFESSIONS

WASHINGTON, June 16. (AP)—Even the girls won't stay "down on the farm."

In a report to the Federal Bureau of Agricultural Economics, only four per cent of the girls who said they liked farm life expressed a preference for farming as a livelihood.

Teaching is preferred by 55 per cent, seven per cent prefer nursing or social work, 15 per cent choose business, two per cent choose the arts and nine per cent express a wish for other miscellaneous occupations.

CITY COUNCIL TO SUPERVISE DEPARTMENT

Experienced Oklahomans Begin Work On Traffic

ANDREWS WON'T ACCEPT SALARY

Marshall Leaves Word With Mayor—Now At Meeting

Taking further steps to bring local law enforcement under the supervision of the city government, the council has employed two police officers answerable only to this body.

The new officers are J. E. Downs of Elk City, Okla., former Borger policeman, and H. C. Cottrell of Oklahoma City. Cottrell was an officer from 1904 to 1917, and is a brother of Bob Cottrell of Pampa.

The men are now on duty, and Cottrell today is directing traffic at the corner of Cuyler and Foster, where a "no 'U' turn" sign has been placed. Both went to work yesterday morning, and have the official city badges.

The officers are under the supervision of the council, and specifically Baker Salsbury, alderman in charge of the police department.

They will cooperate with the city marshal, but the police department is separate and apart from the marshal's office.

City Marshal John Andrews has been in the city's pay since last fall, drawing \$115 per month in addition to his fees. The council has now made the proposition of offering him \$165 per month, with the provision that all fees, except those on the pound, revert to the city treasury.

Mr. Andrews, who is away attending the state firemen's convention, left word with Mayor Reid that he is unwilling to accept the arrangement. Mr. Reid reported this statement to the council, which decided to await Mr. Andrews return before taking action.

The city marshal, an elected officer, if he does not accept the city's proposition, will likely resume his status under the general law, retaining his legal fees but not getting a salary from the city.

He is expected to return late this week.

DRY SPRING MEANS LITTLE TO A HOG

Parts of the Panhandle will make 6 to 8 bushels of wheat to the acre on two inches of rain from the time of planting — a remarkable example of Plains fertility, but not an argument for the one-crop system.

Dry springs determine a wheat crop, but they mean little in terms of diversified methods. The hog, chicken and cow, for which feed may be raised for use at any time of the year, are sources of frequent cash profits, regardless of the rainfall.

It is a poor year, indeed, in the Panhandle when a good feed crop cannot be raised. Panhandle soil is very fertile, but it can be abused or misapplied. Like many other sections, this one is destined to undergo wide changes in the next decade, with many betterments.

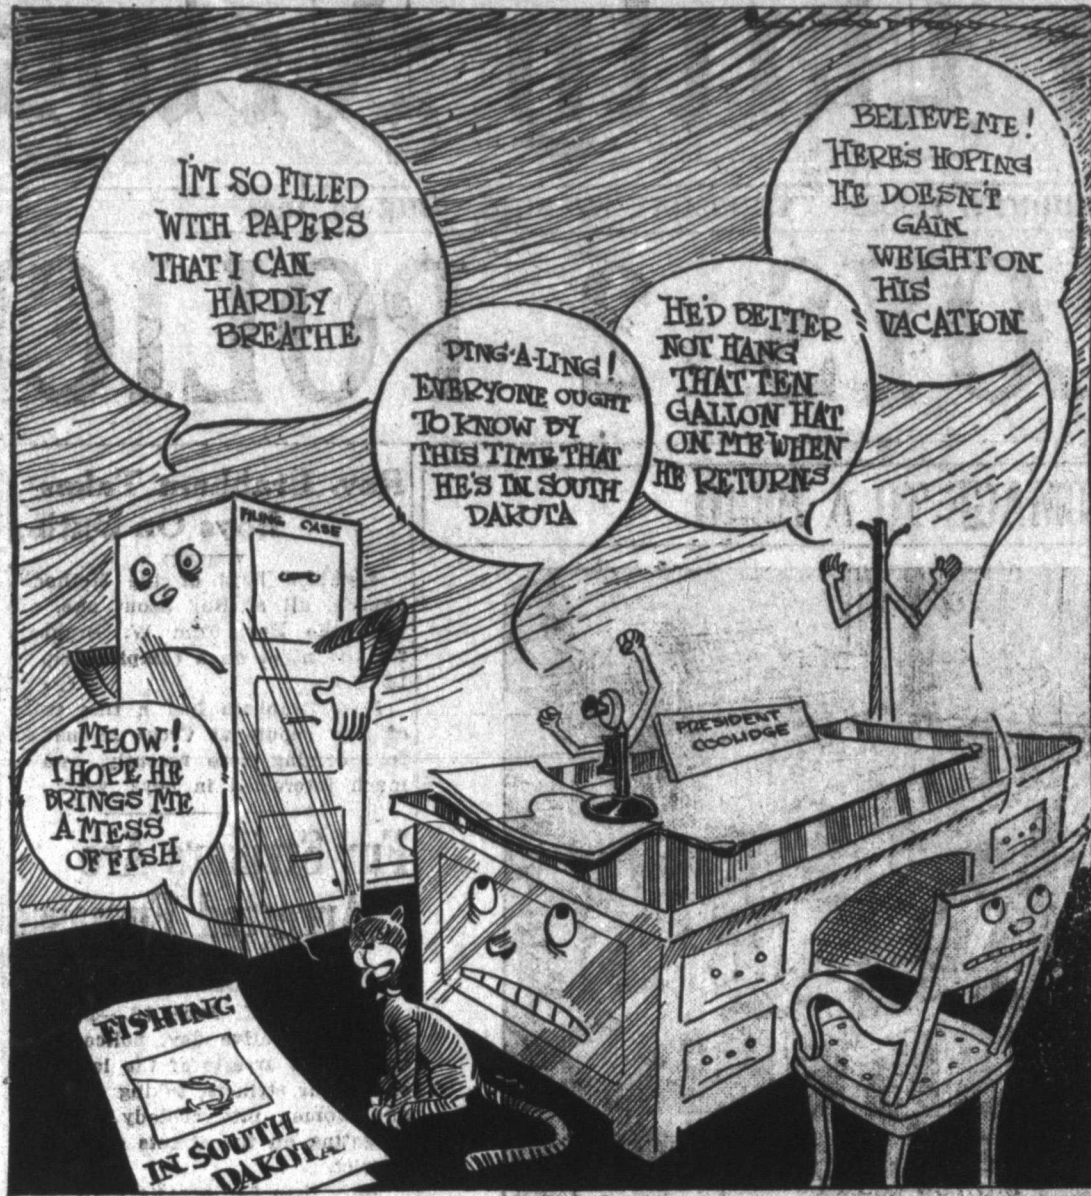

The principal trouble with agriculture in Texas has been that it was built upon a faulty foundation. There were three corners to the structure; one of these was built on cotton, one on wheat, and the other on beef cattle.

A good agricultural structure would appear to be one with livestock as one corner, and the dairy cow the principal figure; with poultry the second; with fruit and vegetables being given more recognition; and better farming and economic methods the last corner of the platform.

Of the 500,000 farms in Texas, 200,000 do not have a good milch cow. The whole state has little more than a million cows, and half of these are "boarders" — not paying for their upkeep.

A husband-calling contest was the feature of an Iowa fair recently. We thought from the headline that there had been some trouble somewhere over a bridge game.

Lonesome Days At The White House

WASHINGTON LETTER

BY RODNEY DUTCHER, NEA Service Writer.

WASHINGTON. — Senator J. Boomboom McWhorter is sorely miffed over the failure of the cigaret companies to approach him for permission to use his name and comment in their ads.

Not that Senator McWhorter is a grasping person, you understand. The money the cigaret people might pay him means nothing to him. Nor is the senator so anxious to get his topography into the newspapers that he must sink to such means as that.

But it is just a bit humiliating to see the pictures of other senators in the papers, alongside their assertions that Mucky Bites cigarets help them in public speaking and that they are bringing up their families on Mucky Bites.

Just as soon as he saw the first of these ads, Senator McWhorter dictated an elaborate encomium to these cigarets and had it all ready to send upon request. But although such senators as Wadsworth, Curtis and Watson made their bows to the public and contributed each his praise to this brand, there was no call for McWhorter.

The culminating blow came when a cigaret ad appeared quoting "Senator" Ralph Cameron of Arizona, who is no longer a senator. Surely the tobacco trust had no idea what an enthusiastic and loyal customer it had in McWhorter.

"Why, I might even have given the \$1,000 to charity," said Senator McWhorter to your correspondent, with what sounded suspiciously like a snaffle.

Your correspondent held the senator's hand, patted him on the shoulder and asked if he couldn't read the tribute to the senator's favorite cigaret. "Yes," replied McWhorter, reaching toward his desk, "I'll read it to you."

And the senator began: "When I was but a lad, I had a helluva time learning to smoke. From the age of three to the age of nine years and seven months, life was constant agony for me through stomach sickness brought on by trying to join the other boys and girls in this diversion and through the shame of my weakness. The other children would laugh heartily at me and finally I was too embarrassed to join them in their play.

PRESS FORUM

From the Newark News: Mrs. Edward W. Bok's munificent gift of \$12,500,000 to endow the Curtis Musical Institute in Philadelphia and the gifts of Thomas D. Jones, and his niece, Miss Gwethalyn Jones, of Chicago for scientific research at Princeton do more than reflect the whim of these benefactors. They show the readiness of men and women of wealth to provide the facilities to satisfy a demand. Mrs. Bok's gift is not the only indication of a musical awakening throughout the

"Then, one glorious day, I discovered Mucky Bites. From that day to this a cigaret has never made me ill, but I shudder to contemplate what might happen were I to try another brand.

"Every night I retire with a package under my pillow. Supreme happiness for my children is to have their daddy return home from a trip with a cartoon of Mucky Bites."

Over in Germany you can charter a special train for \$25; in this country you can just about pay for a flivver for an outing at that price.

MISSOURI BOXING REVIVES
KANSAS CITY (AP)—Banished "forever" in 1916, Stiana is preparing for a come-back here by virtue of the new law permitting professional fights in Missouri.

While the emasculated form the sport allowed by the bill—no decision, ten-round limit—may make old timers sigh for the knock-down and drag-out classics that featured fight bills 20 years ago, plans have already been made for a number of bouts.

At one time Convention Hall here was the scene of historic battles. The last match between Bob Roper and Hughey Walker, heavyweights, brought out the biggest fight crowd in the history of the city. Jack Britton, Benny Leonard, Battling Levinsky, Ever Hammer, Carl Morris, Benny Chavez and many others flipped the padded gloves before opponents here before the lid was clamped down.

SPORT TALK

The Oilers are all set for the Claude team Sunday and expect to win another game. They are out to practice every night and will spring a surprise on Claude.

And the Texans lost two more yesterday. If they keep on losing they will be in the same place as Fort Worth in the Texas league. Guess the Amarillo team will have to use Bob Clarke again to win another ball game.

Chicago Cubs won their eleventh game in a row yesterday and Charles Root, Cub pitcher, won his eleventh game. At the present time the cubs look like pennant contenders.

The Giants have hit a slump that cannot be understood by baseball followers. The giants have the pitching, hitting and fielding to win ball games but they are still losing. When the break does come watch out for the Giants. It is rumored that Rogers Hornsby will pilot the Giants in 1928. Maybe he will, but old Jawn McGraw will have to be out of the limelight if he does.

The Grays will go to Borger for a game Sunday and expect to show the Pace crowd that Pampa has a winning ball club. A pitcher has been secured for the game and Manager Gober is all set for game and Manager Gober is all set for a win from the Borger nine. It is likely that there will be a change at short and a shake-up in the outfield that will considerably strengthen the team.

Texans Drop Two Games To Demons

DES MOINES, June 16.—A double-header earned off the Amarillo Texans yesterday boosted the stock of the locals, who needed the shove.

In the first game Newton of Amarillo went well to the seventh, but crumbled in offensive power to give way to Swartz, who finished the game. The score was 12 to 3.

Lyons gave the locals a world of trouble in the second game, but in the sixth he cracked and Fred Newton was sent to the mound. Newton, chased in the first game, tried a piece of strategy but got a home run for his trouble, and the game was lost.

FREDERICK DREW

ITAGA, N. Y., June 16. (AP)—The Cornell crew leader this season has the distinction of being the tallest oarsman in the boat, with the longest name—Frederick Albert Charles Drew II, and of having served under three coaches during his four years in the Red and White shells.

Drew is six feet four and weighs 178 pounds. He is 22 years old and was born in California. Last year he was No. 3 in Cornell's starboard stroked varsity. This year he rows No. 2.

A. & M. Prof. Is Subbing for Coach Disch of Texas

(By The Associated Press.)

AUSTIN, June 16.—While Coach Billy Disch is taking a much needed vacation in the North, Professor John R. Bender of A. and M. college, is "pitch hitting" for him as preceptor of the University of Texas summer course for football coaches.

The course will include instruction on the conditioning and training of athletes.

Professor Bender, who recently resigned from A. and M. as professor of physical education and coach of freshman athletics, was a star athlete at the University of Nebraska, and was chosen one year by Walter Camp as all-American full-back.

He played baseball in the Western league with Omaha and Lincoln, in the Northwestern league with Spokane and Seattle and in the Pacific Coast league with Portland. He has coached championship baseball teams with Washington State college, St. Louis University and Tennessee University. He has conducted summer schools for coaches at the University of Tennessee, Kansas State Agricultural college and Washington State college.

During the war, Professor Bender was recreational and athletic division officer and is now a major in the reserves.

"THREE HOURS"

Hollywood's "million dollar" baby has a new mother.

Mary Louise Miller, the pet of the motion picture colony, who at three years of age can look at a "career" before the camera extending over two and a half years, is now the child—screenologically, of course—of Corinne Griffith, in "Three Hours," the current First National attraction to be at the Rex theatre tomorrow.

Little Mary Louise can claim film relationship to more famous people than any other child alive. Since she first appeared in the movies as a child in arms, at six months of age, she has been mothered and "alistered" by almost every screen celebrity in Hollywood. In short, she is the first choice of the casting director when a pretty and capable baby actress is needed.

The title of "million dollar baby" was bestowed on Mary Louise when Mary Pickford, following the making of "Sparrows," in which the youthful actress played "The Baby," the famous star wanted to adopt the child, but her parents stated that they wouldn't part with Mary Louise for "a million dollars."

Mary Louise was "The Bandit's Baby" in the Fred Thompson picture of that title; was sister to Colleen Moore in "The Desert Flower," daughter of Theda Bara in "The Unchastened Woman" and in more recent films played baby roles in "The Fire Brigade," and "Into Her Kingdom," "The Greater Glory," "Drussilla With a Million," and "Satan in Sables."

Although she cannot read yet, Baby Miller receives "fan" mail and gifts from every corner of the world.

W. D. Howren of Amarillo was a visitor here Wednesday.

Theo Post, who underwent an operation at the Pampa Hospital several days ago, is able to be at home.

Mr. and Mrs. W. P. Masters are expected home today from Colorado Springs, where they have been enjoying a vacation.

Mrs. W. A. Adams Is Hostess

Mrs. W. A. Adams made a charming hostess when she entertained with a 1 o'clock bridge luncheon at the Adams Coffee shop Tuesday, honoring Miss Marguerite McDonald and Mrs. Lester Chiles of Ft. Smith, Ark., the house guests of Mrs. Morris Finney.

Mrs. Robert Gilchrist won the high score prize, which was a lovely embroidered guest towel, and Miss McDonald was presented with a beautiful embroidered towel as guest prize while Mrs. Chiles received a lovely leather telephone book. Miss Belman was awarded consolation prize, a hand-painted powder puff.

A most enjoyable luncheon, consisting of fruit cocktail, cream of tomato soup, fried chicken, whipped potatoes, English peas, hot rolls, salad, sherbet, and coffee, was served to the following guests: Miss Marguerite McDonald, Miss Belman of Wichita Falls, and Mesdames Morris Finney, Lester Chiles, Arthur Holloway, Robert Gilchrist, Jack Gatton, James Ensign, Don Davis, Charles Goings, and the hostess, W. A. Adams.

Women's Auxiliary To Raise Funds

The Women's Auxiliary of the Presbyterian church met Wednesday afternoon with Mrs. J. M. McDonald at the Walberg apartments. Mrs. W. W. Merten presided.

The ladies voted to take a dollar, which they will turn as many times as they can for a month. This method of raising money is for all the ladies of the church, as well as the Auxiliary. The program on Porto Rico and Spain was led by Mrs. Horace Oakley.

At the close of the meeting enjoyable refreshments were served.

COPS TO HAVE RODEO

NOTICE

An Ordinance repealing Ordinance No. 40, and Ordinance No. 39 and re-enacting both with amendments and regulating traffic during fires, and prohibiting the drivers of automobiles, wagons, motor vehicles, etc., from driving over the fire hose while same is in use and directing the parking before fire plugs or hydrants and providing a penalty.

Be it ordained by the City Council of the City of Pampa:

1. That hereafter, after the fire alarm is sounded, and at any time during the progress of a fire within the corporate limits of the City of Pampa, Texas, which the fire department is attempting to extinguish, all drivers or operators of automobiles, motor vehicles, carriages, wagons or any other kind of vehicle shall immediately upon hearing said fire alarm, or upon hearing of or discovering said fire, drive their automobiles, motor vehicles, carriages, wagons or any other kind of vehicle they may be operating at the time, to the curb or edge of the street, where they are then situated, turning to the right, and remain stationary at said place until the fire engine or fire fighting apparatus has passed on said public street.
2. That it shall be unlawful for any person operating or driving an automobile, motorcycle or motor vehicle of any character, or any wagon, carriage, buggy or other kind of vehicle whatsoever, to pass over or drive over the fire hose belonging to the City of Pampa, Texas, at any time when the same fire plug or hydrant, within the corporate limits of the City of Pampa, Texas:
3. That it shall be unlawful for any person or operator of any automobile or motor vehicle of any kind whatsoever, or any wagon, carriage, buggy or any other conveyance or vehicle whatsoever to park the same before or within ten feet on either side of any fire plug or hydrant, within the corporate limits of the City of Pampa, Texas:
4. Any person violating any provision of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine not to exceed \$100.00.

Passed and approved this 15th day of June, A. D. 1927.

Strangler Escapes, But Is Recaptured

(By The Associated Press.)
WINNIPEG, Man., June 16.—The man who escaped from the Killarney jail last night, 15 minutes after being lodged in a double-locked cell on suspicion of being the "Gorilla Man," slayer of a score of women and children in the United States and Canada was re-captured today by a posse of citizens and police.

Chief of Detectives George Smith of Winnipeg declared he was certain that the prisoner was the man who strangled to death Mrs. Emily Patterson, 27, and Iowa Cowan, 14, here several days ago.

Road from Borger To Panhandle Will Be Ready Soon

(Special to The News.)
PANHANDLE, June 16. — The bridge on West Dixon creek will be ready for use July 2, and the road from Panhandle to Borger will then be open at all points, according to Larry Cox, county engineer.

The detour around this bridge is the last obstacle in the new road. The highway already has a heavy traffic, but the roughness of the detour on West Dixon creek is preventing it from being used extensively by trucks.

DRANK TOO MUCH

DALLAS (AP)—To bolster up her nerve to give "the other woman" a beating for stealing the affections of her husband, a Fort Worth woman took several nips of white lightning. Before heaving the place where the alleged home wrecker is employed the wife fell. She was fined \$15 on charge of drunkenness.

Will Ask Merger Of Texas Railways

FORT WORTH, June 16.—Application for a merger of the Wichita Falls, Ranger and Fort Worth railroad and Wichita Falls and Southern will be approved within 90 days, J. W. Mitchell, vice-president of the former road said here today. The application is now before the interstate commerce commission.

WICHITA FALLS (AP)—Cupid's darts were blunted in June here as shown by court records. Only 33 marriages were issued as compared with 43 in the same time last year. Divorces granted for the same time totaled 29, a considerable increase over last year.

NO GLAD HAND

WACO (AP)—The "glad hand" of Waco is, temporarily at least, held in check by the city fathers. Plans to erect a large "Welcome to Waco" sign were given a setback when the city commission refused to issue a permit for it. The city held there is a law against such signs.

Cattle and Hogs Still Higher On K. C. Markets

KANSAS CITY, Stock Yards, June 16.—Following last week's 25- to 40-cent advance, cattle are now quoted up an additional 10 to 15 cents, in some spots more. Trade was active early this week. Demand was larger than supply. Butcher cattle shared the additional advance with the steers. Stockers and feeders quoted strong. Hog prices were 15 to 25 cents higher. The offerings were cleaned up in the first two hours of the trading under an active demand from shippers. The top reached \$9. Sheep and lambs were 25 to 50 cents lower. Western lambs made the top at \$16.85.

Receipts Monday were 9,000 cattle, 8,600 hogs and 9,000 sheep compared with 11,000 cattle, 10,000 hogs and 6,000 sheep a week ago and 12,200 cattle, 12,350 hogs and 9,750 sheep a year ago.

Choice yearling steers at \$12, steers and heifers mixed up to \$11 and short fed steers at \$10 to \$11 were the best classes of killing cattle offered today. They were quoted 15 to 25 cents higher than last week's close and 40 to 65 cents above a week ago. Grass fat steers at \$7.75 to \$8.75 were 15 cents higher. Killers were in the competition early and the supply of fat steers was short of their needs. Indications are that only moderate runs will be available for the next two weeks. Cows and heifers were back to the high point of the past two weeks and in limited supply. Choice heifers are quoted up to \$10.75 and choice heavy cows up to \$9.25. Canner and cutter cows are bringing \$4.50 to \$5.75. Bulls are selling at \$5.75 to \$7.25 and veal calves \$7.50 to \$11.50.

Demand for stockers and feeders remained active. Receipts were light and prices had a strong trend. The trade would have shown large volume had offerings been available.

Hog prices were up 15 to 25 cents today and 50 to 60 cents above the low point of the year, recorded on Wednesday of last week. The general market gives the appearance of being in a strong position and a further advance is expected. Today 140 to 240 pound grades brought: \$8.75 to \$9.00; 240 to 260 pounds \$8.65 to \$8.85; 260 to 325 pounds \$8.50 to \$8.75; packing sows \$7.25 to \$8; stags \$7 to \$7.85; stock pigs and hogs \$8.50 to \$9.

The sheep market is in declining position. Today quotations were off 50 cents to \$1, compared with the high point of last week and 25 to 50 cents under last week's close. Western lambs sold today at \$16.50 to \$16.85. Native lambs \$15.75 to \$16.25; yearlings \$12 to \$12.75; wethers \$7.75 to \$8.50 and ewes \$5.50 to \$6.50.

Trade in horses and mules is quiet and will continue so for some time to come.

STAMFORD, June 16. (AP)—The itinerary of the West Texas Chamber of Commerce motorcade to resort sections of the Davis mountains in West Texas and to the scenery of Eastern New Mexico has been arranged.

The trip as planned provides stops at the most picturesque spots of two states and embraces elaborate social functions at the larger cities and towns to be visited.

Fast Events To Feature Rodeo In Canadian Soon

CANADIAN, June 16.—Preparations are going along very nicely for the fifth annual Rodeo and Cowboys reunion that will be held here at Anvil Park Lake, July 2, 4 and 5. The grandstands are being doubled in size and all horses and steers are being ridden out before the show in order to determine their fitness and to keep them in training.

An extra added attraction this year that will be of much interest to the crowds will be the Roman Charriot races, Roman standing riding, High School horse work and the Guideless Wonder that paces a mile in 2:06.

The Old Mexico cattle assembled for the steer-riding and wrestling will be an attraction for the crowd, because of their varied colors, long horns, and their similarity to the old Texas Longhorn.

There will be lady exhibition bronc and steer riding; as well as trick riding. The Shamrock C. of C. band will play each day.

Everything points to the largest crowd that has ever assembled at this rodeo. M. F. McLain of Sun City, Kansas, a producer of many years experience, is manager and he promises a speedy program.

Scented Liquor But Barrel Had Swarm of Bees

(By The Associated Press.)
DALLAS, June 16.—Prohibition law violators of Dallas may go in for bee keeping as a side line industry, not that they expect to profit by the sale of honey or beeswax, but as a matter of protection from dry raiders.

And thereby hangs a tale proving the old adage that prudence is the better part of valor even though it does contribute to the chagrin of two of Dallas' most fearless minions of the law.

Patrolmen P. O. Davis and C. D. Smith scented beer. They were in the midst of what they believed to be a most profitable search. A large barrel excited suspicion. Both peered in. A second later both patrolmen were seen running from the yard.

"Whew. What was it?" Smith gasped when he and his partner reached a place of safety.

"Bees," exclaimed Davis. Emergency hospital doctors administered soothing ointment to the places on their anatomy where the angry bees had landed.

Irregular feeding hours seem to affect cows more than irregular milking hours.

OFFICER JOINS GANG, RECLAIMS BAD BOYS

MINNEAPOLIS, June 16.—(AP)—The old adage: "If you can't beat 'em, join 'em," has been turned to account by Frank Stromberg, patrolman, in the reclamation of the Camden Corkers. Stromberg tried in vain to quell by threats and force a troublesome gang of boys in his suburb. They ran away from him up the alleys and were back at their mischief.

So he threw away his club and resorted to arbitration. Today the boys of the gang constitute the Camden Corkers, a club organized by Stromberg, and they are playing games under his patronage.

He roots on the sidelines when Corker teams compete in municipal baseball and basketball leagues, and he is counsellor of their club, the members of which range from 11 to 18 years of age. Instead of revolting against police rule, they now make quick converts of any youngsters who flout it.

Economy Necessary To Aid Flood Work, Warns Coolidge

(By The Associated Press.)

WASHINGTON, June 16.—While declaring that the administration is serving as always to pave the way for further lowering of the public debt and of taxes, President Coolidge warned that hope of further tax reduction was futile unless federal expenditures were held approximately to their present level.

Speaking before the semi-annual budget meeting of heads of government departments, the President said that a surplus of \$599,000,000 was certain for the present fiscal year ending June 30, and estimated that the surplus for next year would reach \$338,000,000.

As a guide to the future, he said, however, that this year's surplus was of doubtful value, because it included a number of extraordinary receipts that could not be counted on for more than a limited period. He cited among these extraordinary items delayed income tax payments, railroad receipts, the capital stock tax and collections from farm loan bonds.

"In considering the possibility of tax reduction," he said, "we must keep in mind that our revenue laws cannot be written from the standpoint of a single year, but must be expected to yield adequate revenue over a period of years. It is essential therefore to discount temporary and non-recurring items and to base the estimated revenue on those resources which can be looked upon as essentially permanent in character."

"We have no fear our present revenue laws will not produce ample income to carry on the business of the government. But this does not justify an enlargement of our expenditure program. Rather does it dictate and demand that we make renewed effort to keep within our present expenditures. One thing is certain. Unless we succeed in holding expenditures at about their present level, hope of further tax reduction will be gone."

"In the face of each of the three reductions in taxes since the fiscal year 1921 we have continued to accumulate surpluses at the end of each year. We should not overlook, however, the great influence these surpluses have had in making tax reduction possible. Their application to the further reduction of the public debt has permanently reduced our interest charges. It has been an investment for the people of their own money. It is the business of government, as in private business, the time to liquidate indebtedness is in the time of prosperity. The reduction of fixed charges serves a two-fold purpose. It materially assists in maintaining prosperity and would be particularly helpful in adversity."

Discussing the benefits of the budget system the President said that "elimination of non-essentials and direct savings have about reached their limit."

Referring to the Mississippi Valley flood, Mr. Coolidge said that "all that possibly can be done to alleviate distress and suffering is being done."

"As it develops that additional funds are required for this purpose I am confident they will be provided," he declared. "Control measures that were considered by all as ample to full protection have proven inadequate. Such a disaster must never happen again. A survey is now being made to determine what it needed. That survey will be laid before the Congress."

"From a business standpoint we must anticipate from this disaster a reduction in our prospective revenue and an increase in our prospective expenditures. I am confident this will be an added incentive to effect savings elsewhere."

On Ocean Trail

Captain E. L. Janney, Canadian flying ace, will follow Lindbergh's transatlantic air trail. The flyer will leave Ottawa June 30 on a 3,000-mile non-stop flight to London. The stunt is part of Canada's jubilee celebration, the flyer planning to be in London July 1, Dominion Day, marking the 60th anniversary of the Dominion treaty with England.

"INSIDE" INFORMATION

Under ordinary use a floor needs rewaxing only two or three times a year. Applying too much wax is a common mistake. Oil never should be used on a wax floor as it softens the wax.

The secret of juicy fruit pies with a crisp undercrust lies in prebaking the undercrust until it is delicately browned before putting in the fruit, thickening the fruit mixture slightly with flour or cornstarch, and having the fruit mixture hot when it is poured into the prebaked crust.

Ginghams come in so many attractive patterns that there is a wide variety to choose from, from the plainer, thicker kinds for aprons or morning house dresses, to the thin, dainty tissue ginghams for afternoon dresses. Plain ginghams are coming back in many pleasing designs.

Don't leave any cereals about when closing the house for summer vacations. Weevil will breed in them, and will migrate from one cereal food to another, and get in the crevices of cupboard shelves and various receptacles so that it is hard to get rid of them. Buy in small quantities just before going away and leave all cereal containers empty and get rid of all cartons in which cereals were bought.

Dress the children this summer so that they will get the full value of the sunshine. Short sleeves, or no sleeves, low necks, and half hose or no hose, and few other garments will assure the beneficial effect of the sun's rays.

To make some unusual cookies, roll out the dough very thin, cut out round cookies and then on half of them make three holes with a thimble, arranged like a clover leaf. When the cookies are baked spread the plain ones with jelly and put the others on top so the jelly shows through.

To make old-fashioned creamy rice pudding put a tablespoon of washed rice in a baking dish with 1 quart of milk, 1/3 cup of sugar, 1/8 teaspoon of nutmeg or cinnamon and 1/2 teaspoon salt. Cook very slowly in the oven for 2 or three hours, stirring often. A cup of raisins may be added.

Bus Lines Battle, Patrons Ride Cheap

(By The Associated Press.)

CHICAGO, June 16.—Price wars have made travel cheap for thousands of motor coach line patrons in the middle west.

Bus lines from Chicago and Detroit have become so numerous that many have resorted to rate-slashing in which fares have fallen to \$2.50 for the Detroit-Chicago trip—less than a cent per mile for the 10-hour journey and only a quarter of the rail fare.

Long haul rates have been cut proportionately, with bus travel between Chicago and Los Angeles as low as \$35. Competition for Detroit-Toledo travel reduced the \$1.50 rate for a one-way trip finally to 45 cents.

Officials regard price-cutting as temporary, and some say profit can be made even at the low rates if buses are filled to capacity of about 25 persons. Regulatory laws add to the expense, however, an example being a Michigan rule requiring each bus to have two licensed drivers on duty at the same time.

MAKE BOTH BRICKS AND BRICKLAYERS IN PRISON

LANSING, Kans., June 16. (AP)—When Warden W. H. Mackey of the Kansas state penitentiary here decides to build a new building all he needs is the ground to put it on.

The new "C" cell house at the institution, a modern, well-lighted, five tier building, was erected by bricklayers who were "made" on the grounds, the bricks were manufactured in the prison kilns and most of the lumber was sawed and trimmed by the convicts. The building, finished, cost only \$95,000 and most of that sum was spent for plumbing fixtures, steel doors and a modern cell locking system.

The J. & J. Vaudeville company is scheduled to play at the Crescent theatre Thursday and Friday. The company includes an acrobat and comedian, as well as musicians. The program consists of several native Hawaiian selection on the steel guitar, singing, and acrobatic stunts.

Inaugural Dress

NASHVILLE, Tenn., June 15. (AP)—The elaborate gown of pale rose, brocaded satin worn by Mrs. James K. Polk at the inaugural ball in honor of her husband in 1845 is preserved in the Tennessee War Memorial building here.

The dress, on a wax figure and encased within glass, is the center of feminine attraction. An old family clock and other White House relics of the Polk days are in the section of the building devoted to the Polk Museum.

Milling and baking investigations are being made by the Federal Bureau of Agricultural Economics with a view to the development and production of superior wheat.

New Prices For Panhandle Crude Oil Expected Soon

The Panhandle field has passed the low point of depression in crude oil prices and field operations, and is definitely on the upgrade, in the opinion of Paul Hedrick, oil writer of the Amarillo News, who was in Pampa while making a tour of the field early this week.

While he expects crude prices to rise gradually, the posting of a new schedule for the Panhandle area is looked for soon. Although storage facilities and pipelines are overtaxed at this time, the field shows stability and wildcat operations are going forward unchecked.

Mr. Hedrick believes overproduction is limited to a few fields, of which Seminole is the chief offender, but that this situation is already correcting itself as the demand meets the production. Less oil than usual is being run to storage over the country.

The oil scribe is much interested in the Morton well in northeastern

Moore county, which is regarded as an extension of the Panhandle horizon. This test is making about 100 barrels a day in three headflows from a total depth of 3,379 feet. It has been deepened twice. Storage is being erected for a thorough test of the well's possibilities. Two 250-barrel tanks are full.

Dumas, county seat of Moore county, has a population of 250 persons and modern facilities; but is expecting the oil strike to bring a rapid growth. Oil leases are selling high and townsite developments are under way.

AFRAID OF HUSBAND

BEAUMONT (AP)—A negroess afraid to go home because of an irate husband called police and requested them to get her trunk for her. They did. They also moved the trunk to the woman's new address.

ANIMALS SLAUGHTERED

HOUSTON (AP)—More than 600 dogs and 236 stray cats have been killed in Houston during a rabies scare. Twenty-three dogs showed symptoms of rabies and one rabbit also was mad.

TURKISH GIRLS WOULD

SAVE OLD CALLIGRAPHY

CONSTANTINOPLE (AP)—Turkish women are trying to revive calligraphy, the purest form of Turkish art, and within the last two years the Stamboul School of Calligraphy has admitted five Turkish girl students.

Moslem women calligraphists have been rare. The only famous one until modern days lived in the time of Haroun-al-Raschid and wrote and emblazoned 15 Korans with her own hand.

Derle Hanoum, one of the pioneer five, has adapted Turkish writing to designs for embroidery, thus creating a new commercial value for calligraphy and opening up a new field to her countrywomen who must earn a living. She is a clerk in a government office and attends school after office hours.

BUTTERFLY HORDE

BROWNSVILLE (AP)—Great hordes of butterflies, mottled brown in color, producers of the cotton leaf worm, recently swarmed the highways and all parts of the Valley after a hard rain.
