

Pampa Daily News

VOL. 1. NO. 5.

PAMPA, GRAY COUNTY, TEXAS TUESDAY, EVENING, MARCH 15th, 1927

PRICE FIVE CENTS.

CITY CARRIER SERVICE ASSURED

DIRECTORS OF ATHLETIC CLUB ARE ELECTED

Temporary Officers To Draw Up Plans At Once

BASEBALL NOW UNDER WAY

Committee Named To Select a Playing Field

Temporary directors of the Pampa Athletic association were chosen yesterday afternoon at a meeting of sport fans, and committees were appointed to carry out preliminary work incident to organization.

The temporary board is composed of M. K. Brown, Otto Studer, F. P. Reid, J. E. Rice, and M. A. Turner.

Baseball, one of the divisions of the work demanding immediate attention, was delegated to a committee composed of Ed Gober, Jessie "Lefty" Martin, and Harry Hoare. These men are directors of the baseball activities of the club. Mr. Gober was placed in complete charge as manager of the local team.

M. Brown, Mr. Hoare, and Laverne Lavender were appointed to find a playing field for baseball, track, and football.

Mr. Brown, now on his vacation, will return within the next few days and will call the directors together to consider a building, membership plans, and the final organization of the club.

Interest in the project has reached a point which encourages the belief that the Pampa association will be one of the largest in the state. In addition to the individual members, it is said that several large companies have indicated their intention of taking out memberships for their employes.

Moody Expected To Sign Repeal Of Amnesty

(By The Associated Press.) AUSTIN, March 15.—Much speculation is going on about the capitol today as to what action Governor Moody will take on the repealed Ferguson amnesty measure passed last night by the House, 78 to 25, and which has been sent to the governor.

When he was attorney-general Moody held the amnesty bill was illegal, and it is said he may consider repeal unnecessary on that ground. His friends believe this would be the only grounds for any possible failure to sign it.

Council Appoints Committee To Draw Sidewalk Plans

City councilmen in last night's session appointed a committee composed of A. H. Doucette, Ike Lewis, and C. H. Fisher to draw up a paving ordinance for presentation at the next meeting.

The committee's report likely will include recommendations for a summer walk building program, and the ordinance, based upon a state law, will give the council authority to order construction work.

MOTION OVERRULED

WASHINGTON, March 15.—(AP)—The motion of the defense for an instructed verdict of "not guilty" in the contempt trial of Harry Sinclair was overruled today by Justice Hite of the District of Columbia Supreme Court.

BRIEF NEWS

LIQUOR—
AMENDMENT—
BABY DIES—
DOESN'T DIE—

Britisher Carries Booze
CHARLESTON, S. C., March 15.—(AP)—Her bulwark pierced by a shot from a coast guard cutter following her refusal to stop, the British schooner Vinces, laden with liquor, was brought into port here today.

Would Abolish Fees
AUSTIN, March 15.—(AP)—The House today adopted and sent to the Senate a resolution calling for a constitutional amendment to abolish the peace officer fee system in Texas and to provide salaries instead.

Baby Burns to Death
BRYAN, March 15.—(AP)—Falling into an open fireplace, Artie Brocksmith, 6-months-old daughter of Mr. and Mrs. Charles Brocksmith, was fatally burned at the home near here last night.

City Manager Improves
AUSTIN, March 15.—(AP)—City Manager Adam Goddard, wounded yesterday at his office by Dr. C. W. Goddard, city physician, who later took his own life, is doing well today, his physicians said.

Important Facts On Railways And Highways Loom

What is expected to be one of the most important meetings of Chamber of Commerce committees will be held at 8 o'clock this evening.

The highway and railroad committees will hold a joint session at the Chamber of Commerce rooms to discuss the traffic problems relating to Pampa as an oil field center. Other interested citizens will be welcomed at the meeting.

It is believed by the members of the committees that highways and railroads have a great bearing upon the trend of development in this vicinity, and that any delays in taking action may be costly to the city.

Two Children Die In Oregon Storm

(By The Associated Press.) LAKEVIEW, Ore., March 15.—Leaving their mountain home in search of food during a blizzard brought death to two children of Mrs. D. W. Amburger.

The mother and another small child were found last night beside the two frozen bodies of the other children.

The woman's husband has been absent from home several days.

One Is Killed, Three Hurt In Bomb Explosion

(By The Associated Press.) SAN ANTONIO, March 15.—One person was killed and three others were injured when a bomb exploded beneath their home early today.

Ignacio Urias, 3 years old, was fatally injured and his brother and sister received serious injuries. Their mother was knocked unconscious by the blast.

Police are working on clues furnished by the family.

PETIT JURY DISMISSED UNTIL NEXT THURSDAY

The petit jurors for this week of the 84th district court at Lefors were dismissed today until Thursday, according to local attorneys returning from the county seat.

The Latest In Banditry

Dynamite "planted" in a country road by payroll bandits wrecked these two cars. It happened near Pittsburgh. The bandits got off with \$102,000. The robbers waited for the cars to come along, then set off the "plant" by electricity, batteries being hidden in a nearby tree. Five men in the payroll party were injured.

Retail Merchants Elect Officers And Directors—Committee Named To Investigate Night-Watch System

Election of officers and the beginning of extensive activities marked the first general meeting last night of the Pampa Retail Merchants association.

The officers are Tom Rose, president; J. P. York, vice-president; and J. M. Dodson, treasurer. The directors, who represent a number of lines of business, are J. P. York, Tom Rose, Carson Loftus, J. M. Dodson, Pat Murfee, C. S. Barrett, and Walter Coffee.

The first official business of the new organization was transacted when J. P. York, Charles Thut, and A. Gordon were named on a committee to investigate the night-watch kept on the city. Members expressed a desire to know that the business district is patrolled adequately by intervals and to have some way of checking the service. The committee will report its findings at the next meeting.

The group favored immediate perfection of a strong working organization, and appointed Mr. York, Mr. Loftus, and Mr. Coffee to find proper quarters and purchase equipment. A full-time secretary will be used from the start. Mrs. J. M. McDonald, who has been assisting in obtaining a membership—now numbering more than 50—will continue with the organization as secretary and will prepare the first records. She has had wide experience in this work. It is expected that the roll will be increased to 75 within the next ten days.

The board of directors will meet each Monday evening to discuss matters of interest to the retail merchants of the city. M. A. Turner was instructed to sent in the state membership dues and to wire for all necessary supplies.

Curry Takes Over Walker's Place In Electric Company

Ray M. Walker of the local branch of the Southwestern Public Service company has been transferred to Panhandle, where he is to take charge of that office.

W. H. Curry, 3 years manager of the South Georgia Power company at Americus, Ga., is taking Mr. Walker's place with the company.

The company just completed a 60-mile high tension line from Amarillo, which from a newly constructed steam plant there assures Pampa of an unlimited supply of electric power.

OLDTIMER IS NOT SURPRISED AT THE GROWTH OF PAMPA

Instead of noting a great change in Pampa as many "old timers" do upon returning, P. G. Omohundro noted that there is a PAMPA, a thriving little city instead of the barren plains that he witnessed in the '80's when he surveyed land for the White Deer company.

Mr. Omohundro spent the week-end visiting T. D. Hobart, A. H. Doucette and J. S. Wynne, whom he knew as boys before Pampa was founded. He came here immediately after he graduated from college, soon after 1880. The White Deer company, which now has many holdings in this community, employed him to survey their land.

He makes his home in Beaumont, Texas. A. H. Doucette was employed by Mr. Omohundro in the early days of his engineering career. He came to Pampa to work for Omohundro and has remained here since.

Mr. Omohundro went to Amarillo yesterday to transact business. He plans to come to Pampa again before returning to his home in Beaumont.

NEW PLAN TO BEGIN WITHIN NEXT 10 DAYS

Will Include Part Of Residential Section

PLANS BEING DRAWN HERE

Promise Comes From Assistant Postmaster General

City carrier service for Pampa within the next two weeks was predicted today by W. A. Crawford, local postmaster, on the basis of a letter just received from John H. Bartlett, first assistant postmaster general of the United States.

According to Mr. Crawford, the postoffice department has taken favorable action on a request presented last September.

No details of the service are yet available, since the plan to be adopted will depend upon the national department's action upon maps to be prepared by A. H. Doucette, city engineer, and Mr. Crawford. These plans are now being drawn, showing the zones which can now be included under the "village delivery" classification of the postal regulations.

It is not known how many carriers will be placed here. The "city" delivery system cannot be put into use until sidewalks, lights and street markers are up to postal standards, but the carrier plan known as "village" will relieve congestion in the local postoffice and be of much value to the city.

The carrier zones may include Cuyler from the old corporate limits on the south to Ballard street or further, on the north, and four blocks east and west of this line.

The service at the start will not be as extensive as the postal authorities wish, but will include all of the territory which measures even remotely up to standard regulations. It is being assumed that the city will make the necessary public improvements.

First action on the sidewalk program was taken last night by the city council, which requested an ordinance drawn to authorize giving of construction orders.

Carrier service will be one more step in the program of the postoffice here, which is showing steadily mounting receipts and is adding new clerks at frequent intervals.

U. S. VESSEL IS FIRED UPON IN CHINA BAY

Americans Return The Shots—No Deaths Reported

INVESTIGATION IS UNDER WAY

Destroyer Is Attacked While Towing Oil Ship

(By The Associated Press.) PEKING, March 15.—The American destroyer Preble was fired upon by Chinese troops near Wuhu Sunday while escorting a Standard oil launch with which the Chinese had previously interfered, it was learned today.

The bridge of the Preble was struck twice, but there were no casualties on board. The Americans replied to the Chinese fire with machine guns.

The American minister has instructed the consul general at Hankow to investigate, and if it is proved that Nationalists were responsible, to lodge a protest with Cantonese authorities.

AN \$8,000 BUSINESS BUILDING IS ANNOUNCED

R. E. Johnson, proprietor of the Pampa hotel, has begun construction of a brick and tile business building on his lot west of the hotel, and has taken out an \$8,000 building permit for the work.

A plate glass front with large show windows will be provided. The Cross Dry Goods company will occupy the building when completed.

New York Youth Confesses Killing Girl In Her Home

(By The Associated Press.) NEW YORK, March 15.—Walter Goldberg, 18, today confessed he had accidentally shot and killed Anna Harris, 16, a Brooklyn high school student, at her home last night.

Goldberg, who lives next door, was arrested last night after he had told conflicting stories of his movements.

MARKING THE STREETS

People in the city may now know the names of the streets. Workmen are busy erecting signs at the street corners.

Sapiro's Suit Opens Today

(By The Associated Press.) DETROIT, March 15.—Selection of a jury in the million-dollar libel suit of Aaron Sapiro against Henry Ford started today in the United States district court.

Ford was not in court when the selection of the jury began.

Attempt To Steal Dry Goods From Box Car Foiled

A daring attempt to burglarize several box cars on a Santa Fe freight train last night was halted at Panhandle when officers arrested two men after receiving a message from brakemen.

Dry goods had been stacked near the doors of the cars, preparatory to throwing from the train to waiting confederates.

The two men arrested, who are now confined in the Carson county jail, boarded the train here and aroused the suspicions of train men.

DOING THINGS

There is no better evidence that Pampa is taking on real city ways than that of the organization of bodies which are typical of city life. Moreover, in the last few weeks many activities and public improvements vital to future city development have been started.

A paving program of about 11 blocks has gotten under way, and indications are that many additional blocks will be paved before the work stops.

A Pampa unit of the Panhandle Auto club has been formed with a strong membership.

A Rotary club has been organized and has held enthusiastic meetings for several weeks.

Retail merchants have organized and taken up problems affecting local trade.

Residents in the Pampa independent school district have voted a \$150,000 bond issue, thus assuring the children of adequate housing facilities, good equipment and competent instruction.

Water and sewer extensions have been outlined and warrants issued for current use.

An athletic club is being formed, with baseball already under way, directed by experienced men, having a list of former professional and semi-pro material available and eager to start practice.

An official city orchestra is attaining concert proficiency and an official band is being organized.

Pampa talent has cast four plays as part of a Little theatre movement and will furnish high class amateur entertainment during coming months.

The city has contracted for a 74-standard white way and for intersection lights in the residential sections.

Businesses have come to the city to offer service such as usually is found in the larger cities. Hotels are adequate, with a fine five-story structure soon to be completed.

A \$6,000 chartered hospital, financed by local capital, will soon open to serve the entire Panhandle section.

Realizing Pampa's central location as the REAL oil capital in the Panhandle field, many district offices of big oil and supply companies are coming here.

A beautifully situated town-site offers ideal living sites, and dozens of additions to the city have been opened. Residences of substantial, costly construction are among the many new buildings. Business structures of the most modern type have been built. Others are being announced almost daily.

Postal receipts are mounting to a total which will bring the local office to first class rating within the year.

Among the new projects which must be put through this summer are carrier mail service, paved county roads, an adequate water supply from the abundant strata underlying the city, a good fire department with extensions of the mains to every part of the city, and additional railroad service.

This means that the road bond issue of March 30 must carry by a two-thirds majority—that local people must invest wisely the revenue from the millions of dollars of new valuations; that business men of ability and influence must give some of their time and

The Man Who Married a Widow

WASHINGTON LETTER

BY RODNEY DUTCHER
NEA Service Writer.

WASHINGTON.—Now that the Senate generally admits that it is suffering from an organic ailment, sometimes called a filibuster, it will have to decide whether to take treatment from Dr. Dawes or Dr. Norris.

Following the adjournment of Congress, sine die, after the patient's infirmity had been plainly exposed to the public gaze and after even the patient himself had admitted that something apparently was wrong, the loudest recommendations were for the Dawes treatment.

Outside experts seem to be in more or less accord that Dr. Dawes will get the case and that he will prescribe rigorous treatment, which the patient will follow religiously, even though it kills him.

But your correspondent, being acquainted with the patient, begs to suggest that the case is more likely to go to Dr. Norris, the old family doctor. Of course there is no ques-

tion about the diagnosis. The trouble is that the poor fellow, on the most embarrassing occasions, sometimes completely loses control of his tongue. He jabbars of this, that and the other thing, all day and all night, and for the painful duration of this malady—the medical term for which is filibuster—he is unable to move hand or foot. And by the time he gets over it, he frequently finds that he has let his business affairs go all to pot and that people are laughing at him.

Now the objection to Dr. Charles G. Dawes is that he favors a "kill or cure" method. The patient would be forcibly gagged.

Dr. Dawes is one of these smart, dapper young city fellows, and has been in town only a couple of years. Recently quite a few folks have come to the conclusion that he has a distinct edge on the old-fashioned general practitioner, Dr. George W. Norris.

But some of the old-timers are suspicious of his new-fangled ways. They say the patient was gagged with three or four cloutures this spring and now look at him. Worse than ever!

What Dr. Norris says is that if the patient were taught to realize that nothing was to be gained by his incessant tongue-clacking, he wouldn't have any more of those spells. He has proposed, in a constitutional amendment passed three times by the Senate, to abolish the short session and bring in a new Congress on the January after its election. He points out that a case of filibuster is quite harmless to the patient except during a short session.

By passing the Norris measure, the Senate has indicated that it knows what is good for it and that it prefers the Norris medicine. The trouble is that the chief pharmacists of the House of Representatives drugstore have refused thus far to mix the dose, although most congressmen favor it. Nevertheless, the patient is

hardly likely just now to desert the old family doctor just so that he can be gagged or have his tongue amputated.

A HOLD UP

—on all buying of Men's and Women's wearing apparel for a few days will add many thousands of dollars to the saving of the people of Pampa and Grey county.

MORE TOMORROW

Results of 1926 State Garden Contests Announced—Gray County Club Third In Panhandle Area

COLLEGE STATION, March 15.—Results of the 1926 state wide garden contest, just announced by Miss Mildred Horton, state home demonstration agent of the extension service, A & M College of Texas, show the Enterprise Home Demonstration club of Houston county, as winner of the first prize of \$35 awarded by the H. G. Hastings company, of Atlanta, Ga., for the community having the best all round club gardens.

The garden contest was participated in by 1,562 home demonstration club women in 42 counties of Texas under the supervision of county home demonstration agents of the extension service, A & M college. The Enterprise club, winner of the first prize awarded by the Hastings company, is composed of thirteen members. Miss Agnes Roberts is of Houston county, home of this county home demonstration agent club.

The next six clubs to participate in the cash awards of the Hastings company are, in the respective order of their records, as follows: McCarty club, Dawson county; East Tempe club, Polk county; Union Grove club, Van Zandt county; Ratcliff club, Houston county; Springhill club, Lamar county; Sowders club, Jackson county. The Enterprise club of Houston county has also been awarded a cooking stove offered by the Detroit Vapor Stove company, of Detroit, Mich., to the winner of the Texas contest.

Used Nitrate of Soda

In a special contest sponsored by the educational bureau, Chilean Nitrate of Soda company, Atlanta, Ga., for women demonstrating Chilean nitrate in their gardens, Mrs. W. E. Miller, of the Sand Hill club of Floyd county, won the grand championship of the state for herself and her club, the prize in each case being \$25. Miss Blanche Bass is the Floyd County home demonstration agent.

The Chilean Nitrate contest was arranged by extension service districts, first, second and third prizes of \$12.50, \$7.50 and \$5 being awarded in each of the nine districts to each of the home demonstration

clubs of which the individual winners were members. The Chilean nitrate awards, by districts, are as follows:

Wayside Club Wins

Upper Panhandle district: first, Mrs. M. S. Fogle, Bowie club, Wichita county; second, Mrs. G. J. Davidson, Ramsdell club, Wheeler county; third, Mrs. T. M. Osorne, Wayside club, Gray county.

Lower Panhandle district: first, Mrs. W. E. Miller, Sand Hill club, Floyd county; second, Mrs. W. C. Parkey, Harmony club, Floyd county; third, Mrs. Claude Gowen, McCarty club, Dawson county.

Central West Texas district: first, Mrs. S. A. Dunahoo, Valley View club, Mitchell county; second, Mrs. J. R. Deen, Blanket club, Brown county; third, Mrs. Lizzie Rambolt, Coon creek club, Bosque county.

Hill County district: first, Mrs. Sidney Klingman, Pleasant Hill club, Travis county; second, Mrs. R. L. Smith, Dessau club, Travis county; third, Mrs. C. E. Farris, Berdina club, Bexar county.

South Texas district: first, Mrs. J. F. Kuntzger, Vattman club, Kleberg county; second, Mrs. Tom Stanch, Normanna club, Bee county; third, Mrs. T. M. Hudgens, Mineral club, Bee county.

South Central Texas district: first, Mrs. D. W. Hill, Sowder club, Jackson county.

Southeast Texas district: first, Mrs. Sam Rice, Enterprise club, Houston county; second, Mrs. H. I. Pitman, East Tempe club, Polk county; third, Mrs. Mollie Stott, Peach Tree club, Jasper county.

Northeast Texas district: first, Mrs. R. L. McDougal, Spring Hill club, Lamar county; second, Mrs. Sam Long, Port Caddo club, Van Zandt county.

North Texas district: first, Mrs. S. R. Wheatley, Howard club, Ellis county; second, Mrs. Claude Carder, Sardis club, Ellis county; third, Mrs. John Slater, Lake club, Denton county.

"Tell It To The Marines."

PILOT BALLOONS—SUPPLY UPPER-AIR WIND DATA

The work of the Weather Bureau of the United States Department of Agriculture in studying upper-air conditions by means of pilot balloons has recently been compiled in the form of an aerological survey of the United States for benefit of aviators. The direction and velocity of the winds at different flying levels have been carefully studied and tabulated in such form that any given region can be studied separately. In general, it has been found that surface velocities differ little with season latitude, or wind direction. From the surface to about 500 meters elevation winds of all directions usually veer and increase in velocity, these tendencies being most pronounced with southerly winds. The terms southerly, westerly, easterly, and northerly are understood to mean coming from those directions. At high levels velocities continue to increase above westerly winds, but they often decrease slightly above easterly winds. These changes are accompanied by continued veering above southerly winds, but by a backing or reversing above northerly winds, the result being a fairly close approach to a westerly direction, except that the winds above northeast to east surface winds are very irregular. The changes with season and latitude, small at the surface, increase decidedly with altitude. In general, the highest velocities and the nearest approach

Emergency Aid for Pampa Schools Believed Provided In Bill Passed Yesterday by State Legislature

(By The Associated Press.) AUSTIN, March 15.—Additional funds for the school district at Borger were approved by the Senate yesterday.

The bill, which has already passed the House, provides that a reapportionment may be made for that county, which will give the common school district there an additional \$30,000 to complete the school year.

While the above story mentions Borger as the only beneficiary of the bill, the measure applies to other counties as well and it is believed

here that the Pampa Independent School district will receive emergency aid. Under the terms of the original bill, which was sent to C. P. Buckler, secretary of the school board, the district would receive approximately \$14,000 under the reapportionment, or the usual \$14 per capita for the 1,000 new students which have enrolled here since the last scholastic census.

Dr. John Herman Randall, preaching in the Community Church, New York City, said that the moral teachings of Jesus are inadequate for the modern world.

Mr. and Mrs. Will Abbe, of Ida Grove, Ia., call their 32-year-old mule Geewhizit, but the name should be Cupid. Recently Geewhizit helped them celebrate their 25th wedding anniversary. Geewhizit pulled them to the quiet places when they were courting.

Mr. and Mrs. Jack Gatton made a business trip to Amarillo yesterday.

Bonds For Two McClellan Bridges May Be Voted

Two bridges over McClellan creek were assured Precinct 4, of Gray county yesterday if that precinct calls and passes a bond election to provide the funds.

The county commissioners in yesterday's regular meeting made this proposition to delegations asking for the bridges. The structures would be placed at important fords at points on the highway eight miles north of McLean, and five miles north of Alareed.

Agitation for the bridges has centered around McLean, which considers the bridging of the treacherous stream as vital in its oil development and highway system.

Each of the commissioners was present excepting Clarence Ballard of Precinct 1, who was detained at his home by illness.

Oil Belt League May Be Formed

Ed Gober, manager of the local ball club, believes he has one of the snappiest aggregations in the Panhandle. With such former professional stars as "Lefty" Martin, Bob Clark, "Os" Eckardt, Johnnie Weeks, Johnnie Rowe and T. H. Clayton, a good team is certain.

With this line-up to build a team around, Gober says he is going to spring a few surprises in baseball circles.

Arrangements are being made to purchase grounds suitable for baseball, football and track. Infield and batting practice will commence about the first of next week. A definite time for practice will be published as soon as an infield is leveled.

Several new names have been received by the management. Among these are: "Red" McLendon, portside and utility man, a former Western and Gulf coast star, L. Swamer, pitcher, and A. Middleton, catcher, a college star, as well as several local boys of promise.

Gober expects to arrange a game with either Borger or Amarillo for Sunday, March 27, to get his stalwarts in trim for the season. It is likely that an oil belt league will be formed. The teams may be Borger, Amarillo, Dalhart, Shamrock, Pampa, and other teams not yet formed.

Mr. and Mrs. P. O. Sanders, Hugh Breeding, and Archie Lee Walstad motored to Ft. Worth last Wednesday and returned yesterday. They attended the stock show while there.

Miss Louise Miller and George Thut motored to Amarillo Sunday where they visited friends.

R. B. Haynes, editor of the Miami Chief, visited the Pampa Daily News this afternoon to greet the new daily and have his name listed with the subscribers.

First Jap Pro

Introducing the first and perhaps the only Japanese golf professional in the United States in Charles Chung, pro of the Redlands Country Club near Los Angeles. Chung has been in America only two years. He is 23.

This Co-ed's An Ingenious Liar

BUT 'T WAS "G. E. S." WHO SAID IT—SO SHE ISN'T ANGRY

By NEA Service.

APPLETON, Wis., March 12.—An "ingenious young liar" is Miss Miriam Stephenson, 19, sophomore at Lawrence college here, according to George Bernard Shaw, the English critic and novelist.

Miss Stephenson recently wrote a thesis on Shaw's philosophy, and, thinking he might be interested in it, sent a copy of it to Shaw in London.

Shaw replied: "You are quite an ingenious young liar. How many marks did they give you? A career as a journalist is indicated. Good luck to you!"

WANT ADS
